15

00:00:56,630 --> 00:00:55,120

they're going to be co-hosts um and

16

00:01:00,389 --> 00:00:56,640

we're going to be talking all about the

17

00:01:01,750 --> 00:01:00,399

ufo story of 2021 our favorites what we

18

00:01:04,630 --> 00:01:01,760

thought were some of the best stories

19

00:01:07,590 --> 00:01:04,640

about ufos to hit us this past year and

20

00:01:10,789 --> 00:01:07,600

then what comes next in 2022 what do we

21

00:01:14,550 --> 00:01:10,799

hope comes next in terms of ufos uh but

22

00:01:16,710 --> 00:01:14,560

before we bring in our co-hosts um one

23

00:01:18,789 --> 00:01:16,720

of them was unfortunately not able to

24

00:01:21,350 --> 00:01:18,799

join us tonight chrissy newton she did

25

00:01:23,910 --> 00:01:21,360

have an emergency but she sends her best

26
00:01:26,469 --> 00:01:23,920
to everyone we send our best thoughts

27
00:01:28,550 --> 00:01:26,479
and prayers and love to her as well but

28
00:01:30,789 --> 00:01:28,560
we got someone who came in from the

29
00:01:32,789 --> 00:01:30,799
dugout and is going to be uh replacing

30
00:01:35,670 --> 00:01:32,799
chrissy tonight and i'm really excited

31
00:01:38,149 --> 00:01:35,680
about that um but before we do that just

32
00:01:40,630 --> 00:01:38,159
a little talk shop the super chat is

33
00:01:42,789 --> 00:01:40,640

34
00:01:45,350 --> 00:01:42,799
to help out the show you can do so by

35
00:01:47,590 --> 00:01:45,360
doing a super chat a super sticker we'll

36
00:01:49,749 --> 00:01:47,600
put your comments up we'll answer your

37
00:01:53,350 --> 00:01:49,759
questions i want to know what your

38
00:01:54,950 --> 00:01:53,360

favorite ufo story from 2021 was and uh

39

00:01:58,469 --> 00:01:54,960

what you hope comes next what do you

40

00:02:00,389 --> 00:01:58,479

41

00:02:02,630 --> 00:02:00,399

chat's open thank you thank you everyone

42

00:02:04,950 --> 00:02:02,640

43

00:02:08,070 --> 00:02:04,960

45

00:02:13,430 --> 00:02:11,120

bust that i just had made this thing is

46

00:02:16,550 --> 00:02:13,440

incredible and a little terrifying i'm

47

00:02:20,309 --> 00:02:16,560

not gonna lie i had this made um by

48

00:02:22,869 --> 00:02:20,319

steve neal he is a artist in los angeles

49

00:02:25,510 --> 00:02:22,879

and um this thing is just incredible it

50

00:02:28,070 --> 00:02:25,520

is as lifelike as it comes it's got an

51
00:02:30,790 --> 00:02:28,080
amazing little pedestal here so he's

52
00:02:33,350 --> 00:02:30,800
gonna be joining us mr communion on the

53
00:02:35,589 --> 00:02:33,360
show every week now so yes thank you to

54
00:02:37,830 --> 00:02:35,599
steve neal you can check out his studio

55
00:02:40,470 --> 00:02:37,840
where he makes all different types of

56
00:02:43,190 --> 00:02:40,480
movie memorabilia and alien busts and

57
00:02:46,630 --> 00:02:43,200
stuff like that um his link is in the

58
00:02:49,589 --> 00:02:46,640
show notes below um so yeah that's all i

59
00:02:51,670 --> 00:02:49,599
got guys so without further ado let's

60
00:02:53,830 --> 00:02:51,680
bring in our two co-hosts for tonight

61
00:02:55,990 --> 00:02:53,840
first we have journalist at

62
00:02:59,190 --> 00:02:56,000
texasufosightings.com

63
00:03:01,270 --> 00:02:59,200

host of the weird ufo show on youtube

64

00:03:04,149 --> 00:03:01,280

and co-host of the unidentified

65

00:03:06,390 --> 00:03:04,159

celebrity review so first and foremost

66

00:03:07,509 --> 00:03:06,400

ufo jane welcome to somewhere in the

67

00:03:10,470 --> 00:03:07,519

skies

68

00:03:12,550 --> 00:03:10,480

hey that communion

69

00:03:15,589 --> 00:03:12,560

alien is

70

00:03:16,630 --> 00:03:15,599

awesome and so creepy i don't know if i

71

00:03:19,270 --> 00:03:16,640

could

72

00:03:21,589 --> 00:03:19,280

have it in yeah

73

00:03:23,830 --> 00:03:21,599

in this space i think i'd have to put it

74

00:03:26,550 --> 00:03:23,840

in a different part of the house

75

00:03:28,630 --> 00:03:26,560

it's gonna go away after the broadcast

76
00:03:30,550 --> 00:03:28,640
for sure because i cannot be coming in

77
00:03:32,869 --> 00:03:30,560
the room in the dark and that's right

78
00:03:34,149 --> 00:03:32,879
staring at me but yeah while researching

79
00:03:35,990 --> 00:03:34,159
ufos

80
00:03:37,509 --> 00:03:36,000
they're watching too much

81
00:03:39,830 --> 00:03:37,519
it's too much that's awesome that's

82
00:03:41,830 --> 00:03:39,840
amazing well thank you for joining me

83
00:03:44,229 --> 00:03:41,840
tonight this is going to be pretty fun

84
00:03:46,070 --> 00:03:44,239

85
00:03:48,309 --> 00:03:46,080
let's um let's bring in our second

86
00:03:50,630 --> 00:03:48,319
co-host like i mentioned unfortunately

87
00:03:53,190 --> 00:03:50,640
chrissy won't be here but taking her

88
00:03:55,910 --> 00:03:53,200

place is none other than the mouth from

89

00:03:58,149 --> 00:03:55,920

the south let me do his other little

90

00:04:00,949 --> 00:03:58,159

intro i did here as well we've got

91

00:04:04,390 --> 00:04:00,959

debrief and host of many podcasts

94

00:04:12,309 --> 00:04:10,000

including the titular micah hanks

95

00:04:14,390 --> 00:04:12,319

program joining us tonight

96

00:04:16,469 --> 00:04:14,400

is micah hanks what's up my man good to

97

00:04:17,909 --> 00:04:16,479

be here as always extraordinary to be

98

00:04:19,509 --> 00:04:17,919

here with both of you and of course to

99

00:04:22,069 --> 00:04:19,519

finally grace the presence of the lovely

100

00:04:23,430 --> 00:04:22,079

lady jane so i'm extremely excited to be

101
00:04:25,110 --> 00:04:23,440
here for this conversation tonight and

102
00:04:27,909 --> 00:04:25,120
by the way knowing it would be a

103
00:04:29,270 --> 00:04:27,919
historic conversation i i put on my um

104
00:04:31,350 --> 00:04:29,280
my little like

105
00:04:33,749 --> 00:04:31,360
indian elephants

106
00:04:35,430 --> 00:04:33,759
i love it this thing in so now i feel

107
00:04:37,030 --> 00:04:35,440
like i'm ready to travel you know the

108
00:04:38,870 --> 00:04:37,040
seven seas maybe go all the way around

109
00:04:40,070 --> 00:04:38,880
the world and perhaps in fact tonight we

110
00:04:42,550 --> 00:04:40,080
shall

111
00:04:45,110 --> 00:04:42,560
oh we will we will and to celebrate i've

112
00:04:46,950 --> 00:04:45,120
got a guinness here so cheers to both of

113
00:04:48,150 --> 00:04:46,960

you cheers to everyone watching what do

114

00:04:50,469 --> 00:04:48,160

you got jane

115

00:04:52,790 --> 00:04:50,479

this is crawford bach

116

00:04:54,070 --> 00:04:52,800

beer i'm not a beer expert it's beer

117

00:04:56,950 --> 00:04:54,080

it's good beer

118

00:04:59,270 --> 00:04:56,960

it's from a brewery that's in houston

119

00:05:01,189 --> 00:04:59,280

in here in texas so but yeah it's super

120

00:05:02,950 --> 00:05:01,199

yummy excellent i should have known

121

00:05:04,150 --> 00:05:02,960

you'd have a texas beer yeah yeah what

122

00:05:06,150 --> 00:05:04,160

do you got there

123

00:05:07,990 --> 00:05:06,160

well i don't have guinness tonight uh

124

00:05:09,830 --> 00:05:08,000

strangely uh you know actually this is a

125

00:05:11,510 --> 00:05:09,840

beer when i was young man i used to love

126

00:05:13,110 --> 00:05:11,520

the old hiney

127

00:05:15,189 --> 00:05:13,120

and uh you know

128

00:05:17,590 --> 00:05:15,199

first for whatever reason i revisited

129

00:05:18,950 --> 00:05:17,600

this uh this this famous beverage right

130

00:05:20,629 --> 00:05:18,960

here and indeed

131

00:05:23,029 --> 00:05:20,639

um she doesn't let me down but i'll tell

132

00:05:24,550 --> 00:05:23,039

you as you know my long time

133

00:05:26,550 --> 00:05:24,560

and i think really

134

00:05:27,830 --> 00:05:26,560

ultimate favorite is the guinness what

135

00:05:29,749 --> 00:05:27,840

you have in the glass there and i see

136

00:05:33,590 --> 00:05:29,759

apparently your your friend with a

137

00:05:35,189 --> 00:05:33,600

rather large um eyes behind you

138

00:05:37,270 --> 00:05:35,199

who's drinking it

139

00:05:39,909 --> 00:05:37,280

he's gonna be drinking partaking tonight

140

00:05:41,909 --> 00:05:39,919

as well i know i'm uh guys this is gonna

141

00:05:44,150 --> 00:05:41,919

be so much fun we're gonna this is gonna

142

00:05:46,950 --> 00:05:44,160

be super laid back everyone in the chat

143

00:05:49,909 --> 00:05:46,960

please feel free to join in um tell us

144

00:05:52,150 --> 00:05:49,919

what your favorite stories of 2021 were

145

00:05:54,629 --> 00:05:52,160

but i came to you jane and chrissy

146

00:05:57,350 --> 00:05:54,639

originally uh with what stories you guys

147

00:05:59,830 --> 00:05:57,360

wanted to talk about um in 2021 that

148

00:06:02,070 --> 00:05:59,840

happened with ufos and of course mike is

149

00:06:05,270 --> 00:06:02,080

gonna hit us with his favorites later on

150

00:06:07,029 --> 00:06:05,280

in the program um but the first one i

151
00:06:09,990 --> 00:06:07,039
really want to talk about that i believe

152
00:06:12,309 --> 00:06:10,000
you brought to us jane was skin walkers

153
00:06:15,990 --> 00:06:12,319
at the pentagon this book crazy brought

154
00:06:17,590 --> 00:06:16,000
this up but oh she did okay we can it's

155
00:06:19,510 --> 00:06:17,600
it's of course i mean who doesn't want

156
00:06:20,710 --> 00:06:19,520
to talk about skinwalker i'm fairly well

157
00:06:22,390 --> 00:06:20,720
equipped to be able to talk about

158
00:06:24,390 --> 00:06:22,400
anything that chrissy

159
00:06:25,830 --> 00:06:24,400
was going to talk about you know

160
00:06:27,590 --> 00:06:25,840
when you when you sent the last minute

161
00:06:29,189 --> 00:06:27,600
invite she messaged me right afterward

162
00:06:30,469 --> 00:06:29,199
and explained her situation said thank

163
00:06:32,629 --> 00:06:30,479

you for covering for me and i'll just

164

00:06:33,990 --> 00:06:32,639

say whether it's the debris family or

165

00:06:35,909 --> 00:06:34,000

whether it's our extended family of

166

00:06:38,309 --> 00:06:35,919

which both of you are apart we all look

167

00:06:39,430 --> 00:06:38,319

out for each other so i got her back

168

00:06:41,749 --> 00:06:39,440

169

00:06:44,150 --> 00:06:41,759

do a little synopsis here with the book

185

00:07:21,189 --> 00:07:19,520

skinwalkers at the pentagon uh was

186

00:07:23,270 --> 00:07:21,199

written by

187

00:07:26,070 --> 00:07:23,280

george knapp tell me if i'm wrong george

188

00:07:28,309 --> 00:07:26,080

knapp combe kelleher and um oh my gosh

189

00:07:30,150 --> 00:07:28,319

what was the main guy james key

190

00:07:32,309 --> 00:07:30,160

thank you thank you micah and what was

191

00:07:34,790 --> 00:07:32,319

his position do you remember yes so

192

00:07:37,110 --> 00:07:34,800

james lakatsky essentially was the

193

00:07:39,270 --> 00:07:37,120

essentially the program manager for this

194

00:07:40,950 --> 00:07:39,280

project of course all sap that was run

195

00:07:42,950 --> 00:07:40,960

out of the defense intelligence agency

196

00:07:46,390 --> 00:07:42,960

which is a combat support agency of the

197

00:07:49,189 --> 00:07:46,400

dod and uh as lakatsky and his

198

00:07:51,430 --> 00:07:49,199

co-authors uh the the again the

199

00:07:53,110 --> 00:07:51,440

legendary reporter george knapp

200

00:07:54,869 --> 00:07:53,120

and and also colin kelleher who had been

201
00:07:56,230 --> 00:07:54,879
involved with the national institute for

202
00:07:57,589 --> 00:07:56,240
discovery science going back to the

203
00:07:58,950 --> 00:07:57,599
early days of bigelow's ufo

204
00:08:01,029 --> 00:07:58,960
investigations

205
00:08:02,309 --> 00:08:01,039
these three guys basically explain you

206
00:08:04,070 --> 00:08:02,319
know what the scope of the all-sap

207
00:08:07,189 --> 00:08:04,080
program was and where the confusion

208
00:08:08,869 --> 00:08:07,199
arised from the idea of atip and how it

209
00:08:10,150 --> 00:08:08,879
related to osap which we can get into a

210
00:08:13,830 --> 00:08:10,160
little later

211
00:08:15,510 --> 00:08:13,840
absolutely yep and we missed mr scio

212
00:08:17,909 --> 00:08:15,520
apocalypse here so we're gonna have to

213
00:08:20,230 --> 00:08:17,919

say hi to him as well micah thank you

214

00:08:22,309 --> 00:08:20,240

thanks for catching up us up on that um

215

00:08:24,390 --> 00:08:22,319

what i'm gonna do jane before i get your

216

00:08:27,270 --> 00:08:24,400

thoughts on this book and what you made

217

00:08:30,550 --> 00:08:27,280

of that entire entire um

218

00:08:33,350 --> 00:08:30,560

confusion i guess between atip ossep and

219

00:08:34,949 --> 00:08:33,360

and what was in the book um i do have a

220

00:08:37,350 --> 00:08:34,959

portion of the interview that george

221

00:08:38,709 --> 00:08:37,360

knapp actually did with his co-authors

222

00:08:40,389 --> 00:08:38,719

so if you guys don't mind i'm gonna go

223

00:08:41,909 --> 00:08:40,399

ahead and play that now and we'll get

224

00:08:43,430 --> 00:08:41,919

your thoughts on the other side all

225

00:08:50,310 --> 00:08:43,440

right

226

00:08:52,310 --> 00:08:51,190

in a song

227

00:08:54,389 --> 00:08:52,320

[Music]

228

00:08:58,070 --> 00:08:54,399

i got it i found it well you almost had

229

00:09:00,949 --> 00:08:58,080

to have your vamp i know here we go

230

00:09:03,590 --> 00:09:00,959

can you address whether allsap was first

231

00:09:05,829 --> 00:09:03,600

and foremost an investigation of ufo

232

00:09:07,269 --> 00:09:05,839

phenomena why isn't it made obvious in

233

00:09:10,550 --> 00:09:07,279

any of the documentation that's been

234

00:09:13,509 --> 00:09:10,560

made public so far uh it was completely

235

00:09:16,230 --> 00:09:13,519

ufo related the reason you haven't seen

236

00:09:18,470 --> 00:09:16,240

the documentation is we use the

237

00:09:20,790 --> 00:09:18,480

statement of objectives format for the

238

00:09:22,870 --> 00:09:20,800

request for proposal

239

00:09:25,350 --> 00:09:22,880

that is insufficient for anyone

240

00:09:28,230 --> 00:09:25,360

examining the contents of the contract

241

00:09:29,670 --> 00:09:28,240

they must have the proposal now within

242

00:09:31,990 --> 00:09:29,680

the proposal

243

00:09:34,630 --> 00:09:32,000

and in this case it was

244

00:09:35,829 --> 00:09:34,640

from bigelow aerospace advanced space

245

00:09:37,750 --> 00:09:35,839

studies

246

00:09:40,870 --> 00:09:37,760

it's clearly mentioned

247

00:09:44,150 --> 00:09:40,880

among the topics proposed

248

00:09:47,110 --> 00:09:44,160

a worldwide database of advanced

249

00:09:50,790 --> 00:09:47,120

aerospace vehicles

250

00:09:54,150 --> 00:09:50,800

there can be no ambiguity here this was

251
00:09:56,470 --> 00:09:54,160
being proposed as a ufo project now if

252
00:09:59,269 --> 00:09:56,480
you want to look at the tale and of the

253
00:10:00,470 --> 00:09:59,279
project you'll find over a hundred

254
00:10:02,790 --> 00:10:00,480
documents

255
00:10:04,790 --> 00:10:02,800
required to be reported to the defense

256
00:10:06,230 --> 00:10:04,800
intelligence agency

257
00:10:09,269 --> 00:10:06,240
that

258
00:10:11,030 --> 00:10:09,279
were ufo related in part of course i

259
00:10:12,550 --> 00:10:11,040
mean they were large very large

260
00:10:14,150 --> 00:10:12,560
documents

261
00:10:17,269 --> 00:10:14,160
and

262
00:10:18,550 --> 00:10:17,279
you also have uh you know technical

263
00:10:21,110 --> 00:10:18,560

studies

264

00:10:24,230 --> 00:10:21,120

and you have that database

265

00:10:26,870 --> 00:10:24,240

probably the largest ufo

266

00:10:30,470 --> 00:10:26,880

database that exists in the world and is

267

00:10:35,750 --> 00:10:30,480

currently being used by the us military

268

00:10:36,949 --> 00:10:35,760

so yes it was completely a ufo project

269

00:10:39,430 --> 00:10:36,959

one of the other things that's been

270

00:10:41,590 --> 00:10:39,440

confusing for the public over the last

271

00:10:43,750 --> 00:10:41,600

almost four years the the new york times

272

00:10:45,910 --> 00:10:43,760

and other major media outlets reported

273

00:10:49,030 --> 00:10:45,920

that that 22 million dollars went to

274

00:10:52,069 --> 00:10:49,040

atip not to onset can you clarify the

275

00:10:55,910 --> 00:10:52,079

difference between ossap and atip

276

00:10:59,110 --> 00:10:55,920

yes um the name atip was a nickname for

277

00:11:02,230 --> 00:10:59,120

ossap for certain security reasons that

278

00:11:05,110 --> 00:11:02,240

we've put into the book

279

00:11:08,230 --> 00:11:05,120

but the difference between asap with the

280

00:11:10,710 --> 00:11:08,240

nickname atep at dia

281

00:11:12,150 --> 00:11:10,720

and a tip at the pentagon is quite

282

00:11:16,870 --> 00:11:12,160

distinct

283

00:11:20,870 --> 00:11:16,880

asap had 22 million dollars of funding

284

00:11:24,470 --> 00:11:20,880

it covered military and civilian ufos

285

00:11:27,030 --> 00:11:24,480

yielding a massive database

286

00:11:29,750 --> 00:11:27,040

now a tip in the pentagon

287

00:11:31,430 --> 00:11:29,760

as described in the articles

288

00:11:32,949 --> 00:11:31,440

was basically

289

00:11:36,150 --> 00:11:32,959

zero funded

290

00:11:38,150 --> 00:11:36,160

looked at specific military ufo

291

00:11:40,710 --> 00:11:38,160

encounters and very important ones

292

00:11:43,269 --> 00:11:40,720

because they had film

293

00:11:44,790 --> 00:11:43,279

and it had no contract

294

00:11:48,389 --> 00:11:44,800

so

295

00:11:49,590 --> 00:11:48,399

getting back to how did this mix-up

296

00:11:52,069 --> 00:11:49,600

occur

297

00:11:54,949 --> 00:11:52,079

i think it it's it's not deliberate it's

298

00:11:58,629 --> 00:11:54,959

not due to to to authors

299

00:12:00,470 --> 00:11:58,639

to television personalities etc it's the

300

00:12:04,550 --> 00:12:00,480

fact we were running

301
00:12:06,150 --> 00:12:04,560
not an official sap but a closed program

302
00:12:09,350 --> 00:12:06,160
i can tell you

303
00:12:12,389 --> 00:12:09,360
for a fact that within my own office

304
00:12:17,430 --> 00:12:12,399
they did not know except leadership

305
00:12:22,949 --> 00:12:20,389
yeah so and that is the longest video i

306
00:12:25,590 --> 00:12:22,959
have tonight guys so uh stick with us i

307
00:12:27,829 --> 00:12:25,600
promise that'll be the longest one but i

308
00:12:30,550 --> 00:12:27,839
wanted to really show kind of you know

309
00:12:33,430 --> 00:12:30,560
this this issue that kind of arose you

310
00:12:36,389 --> 00:12:33,440
know we had the new york times in 2017

311
00:12:38,629 --> 00:12:36,399
saying you know atip this huge pentagon

312
00:12:40,790 --> 00:12:38,639
program had 22 million dollars and now

313
00:12:43,430 --> 00:12:40,800

we come to find out through this book

314

00:12:44,870 --> 00:12:43,440

they didn't have a dime of it so what do

315

00:12:46,310 --> 00:12:44,880

you guys think what do you make of all

316

00:12:48,710 --> 00:12:46,320

of this stuff that they brought forward

317

00:12:51,750 --> 00:12:48,720

in the book and um just the book in

318

00:12:54,150 --> 00:12:51,760

general did this help the ufo topic did

319

00:12:55,430 --> 00:12:54,160

it hinder it um yeah yeah what are your

320

00:12:56,790 --> 00:12:55,440

thoughts jane let's start with you if

321

00:12:59,990 --> 00:12:56,800

you don't mind

322

00:13:00,949 --> 00:13:00,000

well i did not excuse me i did not read

323

00:13:03,269 --> 00:13:00,959

the book

324

00:13:06,069 --> 00:13:03,279

so i

325

00:13:08,870 --> 00:13:06,079

was reacting to the reactions of the

326

00:13:11,509 --> 00:13:08,880

book and so in my opinion i don't know

327

00:13:13,590 --> 00:13:11,519

that it helped i don't know if it hurt

328

00:13:15,509 --> 00:13:13,600

the ufo community but i don't know if it

329

00:13:18,389 --> 00:13:15,519

helped i feel like the majority of the

330

00:13:21,829 --> 00:13:18,399

conversation was around the book cover

331

00:13:22,629 --> 00:13:21,839

and uh why did it look so bad

332

00:13:28,389 --> 00:13:22,639

and

333

00:13:32,150 --> 00:13:28,399

listening to this interview now

334

00:13:35,509 --> 00:13:32,160

because what are we talking about today

335

00:13:37,509 --> 00:13:35,519

acronyms again and you know uh future

336

00:13:39,430 --> 00:13:37,519

offices right and

337

00:13:40,949 --> 00:13:39,440

what they can and can't do right so it's

338

00:13:43,110 --> 00:13:40,959

just it

339

00:13:44,230 --> 00:13:43,120
that part feels tired to me i don't

340

00:13:47,590 --> 00:13:44,240
think i

341

00:13:49,750 --> 00:13:47,600
was curious to clarify any of that

342

00:13:51,910 --> 00:13:49,760
where like specifically where the black

343

00:13:53,430 --> 00:13:51,920
budget money went so

344

00:13:56,550 --> 00:13:53,440
i think i guess you could say i'm a

345

00:13:58,949 --> 00:13:56,560
little jaded about

346

00:14:02,150 --> 00:13:58,959
these recent disclosures but skinwalker

347

00:14:02,870 --> 00:14:02,160
ranch is hugely fascinating to me you

348

00:14:05,030 --> 00:14:02,880
know

349

00:14:07,910 --> 00:14:05,040
aside from everything but

350

00:14:09,509 --> 00:14:07,920
that's my uh cursory

351

00:14:11,910 --> 00:14:09,519

uh glance on that

352

00:14:14,310 --> 00:14:11,920

i i will admit i was one of those people

353

00:14:16,310 --> 00:14:14,320

who went really hard on the cover and i

354

00:14:18,470 --> 00:14:16,320

regret it now because when i actually

355

00:14:20,310 --> 00:14:18,480

got the book like in my hands i'm like

356

00:14:23,350 --> 00:14:20,320

this is kind of cool it's got like a

357

00:14:26,230 --> 00:14:23,360

retro very simple feel to it a little

358

00:14:28,470 --> 00:14:26,240

melodramatic which is skin walker ranch

359

00:14:30,150 --> 00:14:28,480

in a nutshell in my opinion so micah

360

00:14:32,710 --> 00:14:30,160

yeah what did you make of everything

361

00:14:34,870 --> 00:14:32,720

they brought forward in the book and uh

362

00:14:37,269 --> 00:14:34,880

yeah yeah kind of this this issue that

363

00:14:39,110 --> 00:14:37,279

we have with the two programs

364

00:14:41,509 --> 00:14:39,120

i should first point out i was the cover

365

00:14:44,230 --> 00:14:41,519

artist you both realize that right

366

00:14:46,629 --> 00:14:44,240

i'm so sorry i'm kidding

367

00:14:48,150 --> 00:14:46,639

goodness oh

368

00:14:49,110 --> 00:14:48,160

no you'll get to know my sense of humor

369

00:14:51,910 --> 00:14:49,120

jane

370

00:14:54,389 --> 00:14:51,920

you know well actually i i did it i

371

00:14:57,430 --> 00:14:54,399

didn't make any critiques of the cover

372

00:14:59,829 --> 00:14:57,440

to to be clear since we have the artist

373

00:15:01,990 --> 00:14:59,839

with us right now

374

00:15:04,310 --> 00:15:02,000

i didn't do the art by the way at all

375

00:15:06,150 --> 00:15:04,320

but i was following people's critiques

376

00:15:07,189 --> 00:15:06,160

of the art you know now again i think

377

00:15:09,269 --> 00:15:07,199

that there was some very important

378

00:15:11,509 --> 00:15:09,279

information in the book

379

00:15:13,590 --> 00:15:11,519

and it definitely clarified a lot of

380

00:15:15,350 --> 00:15:13,600

matters i should also mention my

381

00:15:17,110 --> 00:15:15,360

colleague and co-founder at the debrief

382

00:15:18,949 --> 00:15:17,120

tim mcmillan also clarified a lot of

383

00:15:20,629 --> 00:15:18,959

this for us going all the way back to

384

00:15:22,710 --> 00:15:20,639

last valentine's day in an article he

385

00:15:25,189 --> 00:15:22,720

did for popular mechanics where he

386

00:15:26,870 --> 00:15:25,199

helped us kind of break down some of the

387

00:15:28,389 --> 00:15:26,880

confusion and some of the ins and outs

388

00:15:29,829 --> 00:15:28,399

of you know which program was which

389

00:15:31,670 --> 00:15:29,839

which one got funding what were the

390

00:15:33,110 --> 00:15:31,680

names and why were there different ones

391

00:15:34,550 --> 00:15:33,120

but briefly to kind of recap what we

392

00:15:36,150 --> 00:15:34,560

heard james lukaszki who had been the

393

00:15:37,990 --> 00:15:36,160

program manager there

394

00:15:39,189 --> 00:15:38,000

and of course co-author of this book

395

00:15:41,110 --> 00:15:39,199

describing

396

00:15:43,430 --> 00:15:41,120

what we had was the advanced aerospace

397

00:15:45,509 --> 00:15:43,440

weapons systems application program it

398

00:15:48,230 --> 00:15:45,519

was explicitly according to lakotsky a

399

00:15:50,550 --> 00:15:48,240

ufo program of course uap being the more

400

00:15:52,230 --> 00:15:50,560

popular term that the military prefers

401
00:15:55,509 --> 00:15:52,240
to use these days and apparently

402
00:15:57,749 --> 00:15:55,519
everybody else and this program it only

403
00:15:59,350 --> 00:15:57,759
ran for a couple of years but at some

404
00:16:01,430 --> 00:15:59,360
point you'll men you'll note in that

405
00:16:03,430 --> 00:16:01,440
audio soundbite you played there uh ryan

406
00:16:05,670 --> 00:16:03,440
listeners at home he mentioned at one

407
00:16:07,910 --> 00:16:05,680
point that uh this was not an official

408
00:16:09,990 --> 00:16:07,920
sap is what he said in a sap is

409
00:16:11,990 --> 00:16:10,000
essentially sap or special access

410
00:16:15,509 --> 00:16:12,000
program that's what he's referring to

411
00:16:17,189 --> 00:16:15,519
and at one point lakatsky at al

412
00:16:18,629 --> 00:16:17,199
uh in this of course you know in

413
00:16:20,310 --> 00:16:18,639

reference to all those who were actually

414

00:16:21,670 --> 00:16:20,320

managing this program

415

00:16:23,910 --> 00:16:21,680

one of the program managers actually

416

00:16:25,749 --> 00:16:23,920

with bigelow aerospace advanced

417

00:16:27,829 --> 00:16:25,759

space but uh studies had been coleman

418

00:16:29,670 --> 00:16:27,839

kelleher who also recently did an

419

00:16:32,150 --> 00:16:29,680

interview on the paracast where he spoke

420

00:16:33,430 --> 00:16:32,160

at length about some of what they found

421

00:16:34,949 --> 00:16:33,440

but what they were trying to do was they

422

00:16:37,509 --> 00:16:34,959

were trying to get special access

423

00:16:38,949 --> 00:16:37,519

program status for that program and so

424

00:16:40,550 --> 00:16:38,959

in order to do this they appealed to

425

00:16:42,150 --> 00:16:40,560

harry reid and this is what's described

426
00:16:43,749 --> 00:16:42,160
in the book harry reid essentially wrote

427
00:16:46,629 --> 00:16:43,759
a letter they didn't want to use the

428
00:16:48,069 --> 00:16:46,639
asap name at that time because my

429
00:16:49,670 --> 00:16:48,079
understanding again is that that was

430
00:16:52,389 --> 00:16:49,680
classified at that time so they gave it

431
00:16:54,310 --> 00:16:52,399
an unclassified nickname which was atip

432
00:16:56,230 --> 00:16:54,320
we of course understand that to mean now

433
00:16:59,509 --> 00:16:56,240
advanced aerospace threat identification

434
00:17:01,509 --> 00:16:59,519
program uh but that nickname was later

435
00:17:04,069 --> 00:17:01,519
borrowed by an informal pentagon

436
00:17:05,750 --> 00:17:04,079
initiative that was led by lou elizondo

437
00:17:07,990 --> 00:17:05,760
who we all know and love and of course

438
00:17:09,829 --> 00:17:08,000

the rest is history but it was a little

439

00:17:11,429 --> 00:17:09,839

confusing in 2017 when the new york

440

00:17:13,189 --> 00:17:11,439

times first reported on all this and

441

00:17:15,829 --> 00:17:13,199

they said there was 22 million dollars

442

00:17:18,069 --> 00:17:15,839

appropriated for the a tip program as

443

00:17:20,309 --> 00:17:18,079

lakasky says that's actually not

444

00:17:22,549 --> 00:17:20,319

accurate the 22 million went to all sap

445

00:17:25,270 --> 00:17:22,559

it ran for 20 you know just two years

446

00:17:27,829 --> 00:17:25,280

didn't get the sap status and then you

447

00:17:29,750 --> 00:17:27,839

know it basically ended there but again

448

00:17:32,630 --> 00:17:29,760

the pentagon's a tip program actually

449

00:17:34,549 --> 00:17:32,640

did continue thereafter and again

450

00:17:36,390 --> 00:17:34,559

iterations under different names have

451
00:17:39,430 --> 00:17:36,400
continued since that time known

452
00:17:41,110 --> 00:17:39,440
popularly as the uap task force under

453
00:17:42,710 --> 00:17:41,120
the department of the navy

454
00:17:43,909 --> 00:17:42,720
and of course most recently there was a

455
00:17:46,470 --> 00:17:43,919
proposed

456
00:17:48,470 --> 00:17:46,480
amendment to the defense authorization

457
00:17:50,310 --> 00:17:48,480
act for fiscal year 2022

458
00:17:52,549 --> 00:17:50,320
that proposed a entirely different

459
00:17:54,390 --> 00:17:52,559
organization but the one we got

460
00:17:56,549 --> 00:17:54,400
has the catchiest name of all time the

461
00:17:58,310 --> 00:17:56,559
airborne object identification

462
00:18:01,990 --> 00:17:58,320
management and synchronization office

463
00:18:08,310 --> 00:18:04,710

just what we've always imagined

464

00:18:09,350 --> 00:18:08,320

so so easy and slick and cool sounding

465

00:18:11,510 --> 00:18:09,360

come on

466

00:18:14,230 --> 00:18:11,520

we'll we'll get there we will definitely

467

00:18:16,789 --> 00:18:14,240

get there but

468

00:18:18,230 --> 00:18:16,799

exactly the acronyms just get longer and

469

00:18:20,150 --> 00:18:18,240

longer um

470

00:18:22,870 --> 00:18:20,160

well kind i guess wrapping up the skin

471

00:18:24,630 --> 00:18:22,880

walker sort of thing i mean we have you

472

00:18:26,549 --> 00:18:24,640

know the show going on right now with

473

00:18:28,230 --> 00:18:26,559

the new owner of the ranch we have all

474

00:18:30,789 --> 00:18:28,240

these stories of what happened in the

475

00:18:33,990 --> 00:18:30,799

past we have these really crazy stories

476

00:18:36,150 --> 00:18:34,000

in this book about dino beavers and and

477

00:18:38,630 --> 00:18:36,160

shadow people and things coming in and

478

00:18:40,630 --> 00:18:38,640

out of portals and you know unidentified

479

00:18:43,270 --> 00:18:40,640

celebrity review with our good friends

480

00:18:45,909 --> 00:18:43,280

that jane also co-host the show uh luis

481

00:18:48,630 --> 00:18:45,919

and michael and rather uh they had james

482

00:18:50,549 --> 00:18:48,640

carrion on the former director of mufon

483

00:18:54,150 --> 00:18:50,559

um who worked with bob bigelow for a

484

00:18:58,230 --> 00:18:54,160

little bit um in partnership and uh you

485

00:19:00,549 --> 00:18:58,240

know kind of kind of um i would say

486

00:19:03,190 --> 00:19:00,559

pushed back that anything truly

487

00:19:05,110 --> 00:19:03,200

anomalous ever happened at the ranch so

488

00:19:07,110 --> 00:19:05,120

you have james saying this you have this

489

00:19:09,029 --> 00:19:07,120

stuff in the book saying that a ton of

490

00:19:11,669 --> 00:19:09,039

stuff happened you have stuff going on

491

00:19:14,390 --> 00:19:11,679

right now at the ranch with um the new

492

00:19:16,150 --> 00:19:14,400

owner owner brandon fogle so i don't

493

00:19:18,789 --> 00:19:16,160

know i don't know what to make of where

494

00:19:21,430 --> 00:19:18,799

this whole skinwalker ranch story is

495

00:19:24,150 --> 00:19:21,440

going who's telling the truth who's

496

00:19:27,190 --> 00:19:24,160

telling their own truth um which is

497

00:19:29,510 --> 00:19:27,200

subjective at many points and uh where

498

00:19:31,909 --> 00:19:29,520

that's all going but um yeah i thought

499

00:19:33,669 --> 00:19:31,919

this one was worth bringing up uh for

500

00:19:39,190 --> 00:19:33,679

sure so yeah any last words on

501

00:19:43,430 --> 00:19:41,430

i mean i'm speechless

502

00:19:45,190 --> 00:19:43,440

no i mean skinwalker is just it's it's

503

00:19:47,510 --> 00:19:45,200

like everything happens there but then

504

00:19:49,350 --> 00:19:47,520

nothing happens there it's just such a

505

00:19:50,870 --> 00:19:49,360

conundrum and

506

00:19:51,750 --> 00:19:50,880

yeah i don't really have i i don't think

507

00:19:54,070 --> 00:19:51,760

i can

508

00:19:55,909 --> 00:19:54,080

think of anything else yeah i'll also

509

00:19:57,350 --> 00:19:55,919

know in the book there's some very

510

00:19:58,789 --> 00:19:57,360

interesting references to people who

511

00:20:01,270 --> 00:19:58,799

went out there i mean you know former

512

00:20:02,470 --> 00:20:01,280

navy service men and women uh you know

513

00:20:03,990 --> 00:20:02,480

people who had worked in other branches

514

00:20:05,909 --> 00:20:04,000

of government who had gone out there to

515

00:20:08,630 --> 00:20:05,919

the site and who had worked

516

00:20:10,230 --> 00:20:08,640

describing that they came home and

517

00:20:12,310 --> 00:20:10,240

had this paranormal phenomena happening

518

00:20:13,990 --> 00:20:12,320

around their their house it's difficult

519

00:20:15,590 --> 00:20:14,000

to know what to make of that it really

520

00:20:16,950 --> 00:20:15,600

is and again you know there's this side

521

00:20:19,029 --> 00:20:16,960

of me i try to operate on different

522

00:20:20,950 --> 00:20:19,039

partitions on a single hard drive i've

523

00:20:22,789 --> 00:20:20,960

used that analogy more times than i'm

524

00:20:24,070 --> 00:20:22,799

proud to admit actually but

525

00:20:25,350 --> 00:20:24,080

you know but the thing is is that again

526

00:20:26,630 --> 00:20:25,360

there's that side of my mind that says

527

00:20:28,310 --> 00:20:26,640

you know we all could be children of the

528

00:20:30,070 --> 00:20:28,320

matrix and who knows

529

00:20:32,070 --> 00:20:30,080

what this is really all about and then

530

00:20:33,669 --> 00:20:32,080

there's the side of me that says and in

531

00:20:36,549 --> 00:20:33,679

defense of materialism you know let's

532

00:20:38,310 --> 00:20:36,559

look at the nuts and bolts so again to

533

00:20:40,070 --> 00:20:38,320

summarize lakatsky said the program

534

00:20:41,590 --> 00:20:40,080

looked at uap but that it looked at all

535

00:20:42,710 --> 00:20:41,600

these tangent phenomena and it seems

536

00:20:44,630 --> 00:20:42,720

like there was a whole lot of weird

537

00:20:45,350 --> 00:20:44,640

stuff that they were analyzing and you

538

00:20:48,390 --> 00:20:45,360

know

539

00:20:50,630 --> 00:20:48,400

kind of tangent to ufos and that just

540

00:20:52,390 --> 00:20:50,640

seems to really again raise all the more

541

00:20:53,990 --> 00:20:52,400

questions about really what the nature

542

00:20:55,830 --> 00:20:54,000

of the phenomenon we're dealing with

543

00:20:58,470 --> 00:20:55,840

actually is

544

00:21:00,789 --> 00:20:58,480

exactly ah god it's just so

545

00:21:02,950 --> 00:21:00,799

that area i i don't know what it is

546

00:21:04,630 --> 00:21:02,960

there's just something about it whether

547

00:21:07,190 --> 00:21:04,640

it's in the air under the ground

548

00:21:09,750 --> 00:21:07,200

something truly anomalous is happening

549

00:21:12,950 --> 00:21:09,760

here so hey you know i will follow that

550

00:21:14,789 --> 00:21:12,960

show um into the ground as i'm sure they

551
00:21:18,230 --> 00:21:14,799
will try to get as many seasons as they

552
00:21:20,870 --> 00:21:18,240
can and hey look if a tv network is

553
00:21:24,230 --> 00:21:20,880
gonna pay these guys to go do scientific

554
00:21:26,390 --> 00:21:24,240
investigations i'm all for it so yeah i

555
00:21:28,630 --> 00:21:26,400
look forward to whatever comes next in

556
00:21:32,470 --> 00:21:28,640
the next season of skinwalker ranch but

557
00:21:36,310 --> 00:21:32,480
let's move to our new good friend the

558
00:21:38,870 --> 00:21:36,320
now 14th administrator of nasa mr bill

559
00:21:41,830 --> 00:21:38,880
nelson um he's made some interesting

560
00:21:43,190 --> 00:21:41,840
remarks about ufos recently so i'm going

561
00:21:44,789 --> 00:21:43,200
to go ahead and play one of those really

562
00:21:46,950 --> 00:21:44,799
quick again these videos are gonna get

563
00:21:48,789 --> 00:21:46,960

quicker guys i promise and uh give us

564

00:21:51,510 --> 00:21:48,799

some context about uh

565

00:21:53,990 --> 00:21:51,520

his kind of developments here in 2021

566

00:21:57,190 --> 00:21:54,000

what you've seen is what those navy

567

00:22:00,390 --> 00:21:57,200

pilots saw in 2004 and there have been

568

00:22:03,029 --> 00:22:00,400

some 300 sightings since then

569

00:22:04,630 --> 00:22:03,039

and i've talked to those pilots

570

00:22:07,590 --> 00:22:04,640

and they know they saw something and

571

00:22:10,230 --> 00:22:07,600

their radars locked onto it

572

00:22:11,669 --> 00:22:10,240

and and then all of a sudden it was here

573

00:22:13,750 --> 00:22:11,679

on the surface

574

00:22:15,750 --> 00:22:13,760

and then it's there

575

00:22:17,669 --> 00:22:15,760

uh and they don't know what it is and we

576
00:22:19,909 --> 00:22:17,679
don't know what it is

577
00:22:23,510 --> 00:22:19,919
we hope it's not an adversary here on

578
00:22:24,830 --> 00:22:23,520
earth that has that kind of technology

579
00:22:28,390 --> 00:22:24,840
but it's

580
00:22:31,270 --> 00:22:28,400
something and uh and so this is a

581
00:22:34,870 --> 00:22:31,280
mission that we're constantly looking

582
00:22:37,110 --> 00:22:34,880
what who is out there who are we how did

583
00:22:40,789 --> 00:22:37,120
we get here

584
00:22:42,870 --> 00:22:40,799
how did we become as we are

585
00:22:46,710 --> 00:22:42,880
how did we develop

586
00:22:50,789 --> 00:22:46,720
how did we civilize and are those same

587
00:22:52,470 --> 00:22:50,799
conditions out there in a universe

588
00:22:53,990 --> 00:22:52,480

that has

589

00:22:56,549 --> 00:22:54,000

billions

590

00:23:01,510 --> 00:22:56,559

of other sons

591

00:23:04,710 --> 00:23:01,520

in billions of other galaxies

592

00:23:06,870 --> 00:23:04,720

it's so large i can't conceive it

593

00:23:09,350 --> 00:23:06,880

it was suggested to me by

594

00:23:10,390 --> 00:23:09,360

many different people they did want your

595

00:23:12,630 --> 00:23:10,400

comment

596

00:23:15,110 --> 00:23:12,640

on what you think

597

00:23:17,350 --> 00:23:15,120

the fighter pilot saw i think most

598

00:23:19,830 --> 00:23:17,360

people saw that 60 minutes piece and

599

00:23:22,549 --> 00:23:19,840

there were a lot of newspaper pieces

600

00:23:23,830 --> 00:23:22,559

about whether or not it was russia or

601
00:23:25,669 --> 00:23:23,840
china or

602
00:23:28,149 --> 00:23:25,679
perhaps more likely

603
00:23:29,350 --> 00:23:28,159
uh some extraterrestrial

604
00:23:30,549 --> 00:23:29,360
intelligent

605
00:23:33,190 --> 00:23:30,559
beings

606
00:23:35,510 --> 00:23:33,200
uh what is your theory what you've heard

607
00:23:38,390 --> 00:23:35,520
a lot of options which one do you think

608
00:23:41,029 --> 00:23:38,400
is the most credible if you can choose

609
00:23:43,510 --> 00:23:41,039
my personal opinion is that the universe

610
00:23:45,510 --> 00:23:43,520
is so big and now there are even

611
00:23:48,470 --> 00:23:45,520
theories there there might be other

612
00:23:52,390 --> 00:23:49,430
and

613
00:23:55,430 --> 00:23:52,400

if that's the case

614

00:23:57,990 --> 00:23:55,440

who am i to say

615

00:24:01,830 --> 00:23:58,000

that planet earth

616

00:24:03,350 --> 00:24:01,840

is the only location of a life form that

617

00:24:05,029 --> 00:24:03,360

is

618

00:24:06,870 --> 00:24:05,039

civilized

619

00:24:11,110 --> 00:24:06,880

and organized

620

00:24:15,990 --> 00:24:14,230

so yeah a lot going on there um

621

00:24:18,230 --> 00:24:16,000

interesting interesting interview but

622

00:24:20,870 --> 00:24:18,240

yeah he's been very vocal lately on the

623

00:24:22,310 --> 00:24:20,880

topic and of course people are going to

624

00:24:23,350 --> 00:24:22,320

broach it when they interview him

625

00:24:25,909 --> 00:24:23,360

because

626

00:24:28,630 --> 00:24:25,919

what was it micah the day after the

627

00:24:30,549 --> 00:24:28,640

report came out nasa put something up on

628

00:24:32,710 --> 00:24:30,559

their website i recall you covering this

629

00:24:34,870 --> 00:24:32,720

in an episode of the micah hanks program

630

00:24:37,510 --> 00:24:34,880

would you mind commenting on what role

631

00:24:39,430 --> 00:24:37,520

you think nasa is going to play um

632

00:24:41,190 --> 00:24:39,440

what role they played in 2021 and what

633

00:24:43,590 --> 00:24:41,200

they might play moving forward with the

634

00:24:44,950 --> 00:24:43,600

topic of ufos well certainly yeah you

635

00:24:46,950 --> 00:24:44,960

know first of all

636

00:24:48,149 --> 00:24:46,960

i'm a fan of bill nelson

637

00:25:02,390 --> 00:24:48,159

i

638

00:25:04,310 --> 00:25:02,400

program

639

00:25:06,070 --> 00:25:04,320

for many years uh you know i couldn't

640

00:25:06,950 --> 00:25:06,080

imagine a better person to be appointed

641

00:25:08,549 --> 00:25:06,960

to

642

00:25:10,230 --> 00:25:08,559

the position of uh you know

643

00:25:14,549 --> 00:25:10,240

administrator as he has been now that

644

00:25:16,230 --> 00:25:14,559

said uh it's obvious that he's also um i

645

00:25:18,549 --> 00:25:16,240

i think that the indications we have

646

00:25:21,350 --> 00:25:18,559

seen at least since his appointment um

647

00:25:24,230 --> 00:25:21,360

under the uh the biden administration

648

00:25:27,110 --> 00:25:24,240

uh indicate that he is

649

00:25:29,990 --> 00:25:27,120

very willing to speak out and and be

650

00:25:31,750 --> 00:25:30,000

pretty elaborate in what he says about

651
00:25:33,430 --> 00:25:31,760
topics that traditionally have been

652
00:25:35,830 --> 00:25:33,440
somewhat marginalized and yes we're

653
00:25:37,190 --> 00:25:35,840
talking about ufos or uap

654
00:25:39,830 --> 00:25:37,200
um

655
00:25:41,190 --> 00:25:39,840
under bill nelson we have not only seen

656
00:25:42,950 --> 00:25:41,200
that when they were leading up to the

657
00:25:44,950 --> 00:25:42,960
delivery of the odni report he was

658
00:25:46,310 --> 00:25:44,960
saying you know i've asked nasa to look

659
00:25:48,710 --> 00:25:46,320
into some of this

660
00:25:50,789 --> 00:25:48,720
but on the day of the delivery of the

661
00:25:52,230 --> 00:25:50,799
odni report

662
00:25:54,149 --> 00:25:52,240
again this being the actual report

663
00:25:55,750 --> 00:25:54,159

produced by the uap task force under the

664

00:25:57,110 --> 00:25:55,760

navy but then that of course delivered

665

00:25:59,590 --> 00:25:57,120

by the director of national intelligence

666

00:26:01,430 --> 00:25:59,600

to congress and then the uh a

667

00:26:03,430 --> 00:26:01,440

unclassified public version appeared at

668

00:26:04,549 --> 00:26:03,440

the website of the odni

669

00:26:05,990 --> 00:26:04,559

that's the office of the director of

670

00:26:08,630 --> 00:26:06,000

national intelligence

671

00:26:10,870 --> 00:26:08,640

uh that same afternoon nasa put up a

672

00:26:12,710 --> 00:26:10,880

fact page on uap and although it said in

673

00:26:15,350 --> 00:26:12,720

that fact page while nasa doesn't

674

00:26:17,909 --> 00:26:15,360

actively investigate uap you know we

675

00:26:20,310 --> 00:26:17,919

collect a whole lot of information on a

676

00:26:21,750 --> 00:26:20,320

whole range of different things

677

00:26:23,269 --> 00:26:21,760

and with all that data much of it by the

678

00:26:25,029 --> 00:26:23,279

way i'll mention is available online if

679

00:26:26,029 --> 00:26:25,039

you go to i think it's nasa

680

00:26:28,149 --> 00:26:26,039

or

681

00:26:30,630 --> 00:26:28,159

earthdata.nasa.gov i believe but in

682

00:26:32,870 --> 00:26:30,640

either case the failsafe method is just

683

00:26:34,470 --> 00:26:32,880

google earth data nasa

684

00:26:35,990 --> 00:26:34,480

and you can find some of the kind of

685

00:26:37,909 --> 00:26:36,000

information i'm talking about you know

686

00:26:39,590 --> 00:26:37,919

data that nasa collects via satellite

687

00:26:40,630 --> 00:26:39,600

systems and other kinds of informational

688

00:26:42,230 --> 00:26:40,640

systems

689

00:26:44,230 --> 00:26:42,240

around the globe and which it makes

690

00:26:46,630 --> 00:26:44,240

completely publicly available

691

00:26:48,789 --> 00:26:46,640

and so there are a lot of civilian

692

00:26:51,269 --> 00:26:48,799

researchers and also some nasa employees

693

00:26:53,350 --> 00:26:51,279

i've spoken to ravi kaparapu at i

694

00:26:55,350 --> 00:26:53,360

believe glenn research center i think is

695

00:26:57,350 --> 00:26:55,360

where he is and others that i've spoken

696

00:26:59,590 --> 00:26:57,360

with who are interested in the idea that

697

00:27:01,669 --> 00:26:59,600

maybe some data nasa already has could

698

00:27:03,909 --> 00:27:01,679

yield information we don't know or

699

00:27:06,230 --> 00:27:03,919

didn't think to look for

700

00:27:07,669 --> 00:27:06,240

uh you know in terms of uap and and how

701

00:27:08,710 --> 00:27:07,679

that might actually be uh you know

702

00:27:10,549 --> 00:27:08,720

obtained but

703

00:27:11,990 --> 00:27:10,559

but bill nelson has more explicitly said

704

00:27:13,990 --> 00:27:12,000

in recent days that yeah you know he

705

00:27:16,870 --> 00:27:14,000

wants to task nasa with looking into

706

00:27:19,029 --> 00:27:16,880

this prague program or issue

707

00:27:21,029 --> 00:27:19,039

uh and and furthermore to try and

708

00:27:22,549 --> 00:27:21,039

support the uap task force or any other

709

00:27:25,669 --> 00:27:22,559

kinds of iterations it may take in

710

00:27:28,310 --> 00:27:25,679

government uh as as you know he can now

711

00:27:29,669 --> 00:27:28,320

larry sabato by the way uh who was with

712

00:27:31,510 --> 00:27:29,679

the university of virginia and by the

713

00:27:33,990 --> 00:27:31,520

way again that being bill nelson's alma

714

00:27:35,350 --> 00:27:34,000

mater so i mean you know the portion of

715

00:27:37,110 --> 00:27:35,360

the video that you showed us there that

716

00:27:38,950 --> 00:27:37,120

was kind of like a homecoming

717

00:27:41,110 --> 00:27:38,960

for uh nelson because that's actually

718

00:27:43,029 --> 00:27:41,120

his his colleges i understand it but

719

00:27:44,950 --> 00:27:43,039

larry sabato obviously had been prepared

720

00:27:47,430 --> 00:27:44,960

to ask that question and i think bill

721

00:27:49,590 --> 00:27:47,440

brought up the uap topic and navy pilot

722

00:27:51,909 --> 00:27:49,600

encounters before sabato asked the

723

00:27:54,389 --> 00:27:51,919

question so again to have a nasa

724

00:27:56,389 --> 00:27:54,399

administrator who is as

725

00:27:58,389 --> 00:27:56,399

nelson appears to be

726

00:27:59,669 --> 00:27:58,399

that's great i'm i'm thrilled and the

727

00:28:00,789 --> 00:27:59,679

last thing i'll say by the way even

728

00:28:02,310 --> 00:28:00,799

though he's got a hat on his head right

729

00:28:05,029 --> 00:28:02,320

now is there's a striking resemblance

730

00:28:06,789 --> 00:28:05,039

between bill nelson and the bust on the

731

00:28:09,029 --> 00:28:06,799

and they're behind him

732

00:28:11,029 --> 00:28:09,039

i had to put the mets head on just for a

733

00:28:13,590 --> 00:28:11,039

little bit yeah

734

00:28:15,669 --> 00:28:13,600

all right i'm naming him tommy great

735

00:28:17,750 --> 00:28:15,679

he's going to be named kami for now on

736

00:28:20,549 --> 00:28:17,760

that's for all you russell he's suddenly

737

00:28:23,110 --> 00:28:20,559

so friendly with the hat how does that

738

00:28:25,669 --> 00:28:23,120

name him nelson call him nelson ryan

739

00:28:28,470 --> 00:28:25,679

nelson all right let's go with nelson i

740

00:28:31,110 --> 00:28:28,480

like numbers i like nelson man i think i

741

00:28:33,110 --> 00:28:31,120

think you can keep him around no i gotta

742

00:28:34,549 --> 00:28:33,120

get some poindexter glasses for him if

743

00:28:36,789 --> 00:28:34,559

we're gonna call him yeah

744

00:28:40,630 --> 00:28:36,799

dude i'll work on that but we gotta put

745

00:28:43,750 --> 00:28:40,640

some glasses on those eyeballs exactly

746

00:28:46,149 --> 00:28:43,760

jade all right hit us yeah you've looked

747

00:28:48,389 --> 00:28:46,159

a lot into nasa in the past um oh yeah

748

00:28:49,590 --> 00:28:48,399

on your channel and stuff um what do you

749

00:28:52,389 --> 00:28:49,600

think what do you think of what they've

750

00:28:54,549 --> 00:28:52,399

done this year in terms of the uap topic

751
00:28:57,909 --> 00:28:54,559
and um do you hope they become a bigger

752
00:29:00,630 --> 00:28:57,919
part of this overall conversation

753
00:29:03,350 --> 00:29:00,640
yeah i've been waiting i've been waiting

754
00:29:06,230 --> 00:29:03,360
for a statement like bill nelson's

755
00:29:09,029 --> 00:29:06,240
statement for nasa to just finally

756
00:29:10,710 --> 00:29:09,039
acknowledge that ufos are real when i

757
00:29:12,549 --> 00:29:10,720
first

758
00:29:15,110 --> 00:29:12,559
started discovering this phenomenon and

759
00:29:16,470 --> 00:29:15,120
thinking about it practically i was like

760
00:29:18,149 --> 00:29:16,480
well if ufos are real then the

761
00:29:21,269 --> 00:29:18,159
astronauts know

762
00:29:23,350 --> 00:29:21,279
and so my very early research was act

763
00:29:25,029 --> 00:29:23,360

the astronaut sightings and learning

764

00:29:27,590 --> 00:29:25,039

about edgar mitchell and all his

765

00:29:30,070 --> 00:29:27,600

interesting belief systems

766

00:29:32,389 --> 00:29:30,080

or belief yeah i guess belief systems

767

00:29:33,269 --> 00:29:32,399

uh the late edgar mitchell

768

00:29:37,350 --> 00:29:33,279

and

769

00:29:39,269 --> 00:29:37,360

conferences or things that they would

770

00:29:41,269 --> 00:29:39,279

say and it

771

00:29:43,990 --> 00:29:41,279

i was just waiting you know for this

772

00:29:46,750 --> 00:29:44,000

year so because i i made a note here i

773

00:29:49,430 --> 00:29:46,760

was looking back at it and in february

774

00:29:50,710 --> 00:29:49,440

2017 so interesting this would have been

775

00:29:53,190 --> 00:29:50,720

before

776

00:29:54,630 --> 00:29:53,200

if if my math is right if my dating is

777

00:29:56,630 --> 00:29:54,640

right this would have been before the

778

00:29:58,549 --> 00:29:56,640

big new york times disclosure

779

00:29:59,750 --> 00:29:58,559

um

780

00:30:05,029 --> 00:29:59,760

nasa

781

00:30:07,830 --> 00:30:05,039

time for you know finding e.t life is

782

00:30:10,310 --> 00:30:07,840

now like the the time for the discovery

783

00:30:11,789 --> 00:30:10,320

of extraterrestrial life is now and

784

00:30:13,590 --> 00:30:11,799

there were a lot of

785

00:30:16,149 --> 00:30:13,600

foreboding or

786

00:30:17,830 --> 00:30:16,159

war forewarning you know statements

787

00:30:20,230 --> 00:30:17,840

about how you know if life is out there

788

00:30:23,830 --> 00:30:20,240

it is ubiquitous and we'll find it and

789

00:30:25,110 --> 00:30:23,840

so to me that that said well they know

790

00:30:27,669 --> 00:30:25,120

it's out there

791

00:30:30,070 --> 00:30:27,679

and so they know that eventually they're

792

00:30:32,630 --> 00:30:30,080

going to find it and disclose it to us

793

00:30:34,950 --> 00:30:32,640

and so i do feel that nasa is a big part

794

00:30:36,549 --> 00:30:34,960

of the uap equation i thought it was

795

00:30:39,909 --> 00:30:36,559

suspect that they weren't included in

796

00:30:41,269 --> 00:30:39,919

the june uap report

797

00:30:42,310 --> 00:30:41,279

right and um

798

00:30:43,430 --> 00:30:42,320

but

799

00:30:45,750 --> 00:30:43,440

is it

800

00:30:47,830 --> 00:30:45,760

are all the members of nasa fully in the

801
00:30:50,549 --> 00:30:47,840
know i i think that's definitely a

802
00:30:52,789 --> 00:30:50,559
question i do want to remind people

803
00:30:54,950 --> 00:30:52,799
uh that there's a new york times article

804
00:30:57,909 --> 00:30:54,960
where you guys can go and source this i

805
00:31:00,789 --> 00:30:57,919
can share it later but there was a

806
00:31:04,149 --> 00:31:00,799
essentially a secret astronaut program

807
00:31:07,190 --> 00:31:04,159
that ran from the 60s to the 80s so like

808
00:31:10,549 --> 00:31:07,200
moon landing to the 80s it had over 30

809
00:31:12,310 --> 00:31:10,559
astronauts you know so did they have uap

810
00:31:14,950 --> 00:31:12,320
records you know would nasa have

811
00:31:17,029 --> 00:31:14,960
absorbed those you know so i i think

812
00:31:18,950 --> 00:31:17,039
those questions will start to get some

813
00:31:20,310 --> 00:31:18,960

more answers now that nasa's in the

814

00:31:21,750 --> 00:31:20,320
conversation

815

00:31:23,669 --> 00:31:21,760
for sure

816

00:31:25,509 --> 00:31:23,679
awesome i'm gonna have to look into that

817

00:31:28,149 --> 00:31:25,519
i wasn't aware of that

818

00:31:30,950 --> 00:31:28,159
astronaut program wow really interesting

819

00:31:33,269 --> 00:31:30,960
yeah um everyone in the chat is um

820

00:31:35,029 --> 00:31:33,279
is they're all saying some good stuff i

821

00:31:37,350 --> 00:31:35,039
want to just mention this when aaron

822

00:31:39,509 --> 00:31:37,360
said there was a ufo show on broadway i

823

00:31:41,190 --> 00:31:39,519
heard it was awful that would surprise

824

00:31:41,990 --> 00:31:41,200
me it'd be a joke

825

00:31:43,830 --> 00:31:42,000
so

826

00:31:45,830 --> 00:31:43,840

i'm not sure which one he's talking

827

00:31:47,669 --> 00:31:45,840

about but as for those who don't know

828

00:31:50,870 --> 00:31:47,679

i'm a playwright in new york city when

829

00:31:53,669 --> 00:31:50,880

i'm not ufoing and um that's my goal is

830

00:31:55,110 --> 00:31:53,679

to get the first you know major ufo show

831

00:31:57,750 --> 00:31:55,120

on broadway

832

00:32:00,149 --> 00:31:57,760

broadway is that i i say that with

833

00:32:02,310 --> 00:32:00,159

complete love

834

00:32:05,590 --> 00:32:02,320

because i would know about that musical

835

00:32:09,509 --> 00:32:07,190

there isn't one right

836

00:32:11,909 --> 00:32:09,519

not that i know of unless he's talking

837

00:32:14,149 --> 00:32:11,919

about you know there was the um

838

00:32:15,750 --> 00:32:14,159

you know the uh oh gosh what was it

839

00:32:16,870 --> 00:32:15,760

called starman

840

00:32:23,430 --> 00:32:16,880

um

841

00:32:25,990 --> 00:32:23,440

oh god uh bowie wow his name completely

842

00:32:27,190 --> 00:32:26,000

escaped me oh man what he did yeah man

843

00:32:29,990 --> 00:32:27,200

on mars that's what i was thinking of

844

00:32:31,990 --> 00:32:30,000

star man wasn't that a tv show i am all

845

00:32:35,430 --> 00:32:32,000

over the place tonight wow i'm a member

846

00:32:39,350 --> 00:32:36,389

oh

847

00:32:40,470 --> 00:32:39,360

one's here i love o'nei he's one of our

848

00:32:42,470 --> 00:32:40,480

brothers

849

00:32:44,870 --> 00:32:42,480

yep hello from your favorite bald

850

00:32:46,710 --> 00:32:44,880

scientist great chat thanks man thanks

851

00:32:49,269 --> 00:32:46,720

for being here he was just on peter

852

00:32:50,870 --> 00:32:49,279

robin's show recently yeah well he's one

853

00:32:53,430 --> 00:32:50,880

of our mutual favorite people because

854

00:32:55,990 --> 00:32:53,440

you know only i i think very very highly

855

00:32:57,509 --> 00:32:56,000

of i actually gave him a quote for his

856

00:33:00,070 --> 00:32:57,519

recent book

857

00:33:02,470 --> 00:33:00,080

that just came out yeah yep yes indeed

858

00:33:05,509 --> 00:33:02,480

so and i i think i own i think i own

859

00:33:06,950 --> 00:33:05,519

some form of or some format of copies of

860

00:33:09,430 --> 00:33:06,960

every book he's ever written so again

861

00:33:11,909 --> 00:33:09,440

our bald scientist brethren is

862

00:33:14,230 --> 00:33:11,919

very very well admired here in this

863

00:33:16,870 --> 00:33:14,240

cooperative space and time

864

00:33:19,509 --> 00:33:16,880

absolutely put your book in the link it

865

00:33:20,950 --> 00:33:19,519

in the uh the youtube right there my man

866

00:33:23,430 --> 00:33:20,960

we would love to get the word out about

867

00:33:25,990 --> 00:33:23,440

your brand new book um let's see just

868

00:33:27,830 --> 00:33:26,000

picturing a chorus line of ets deborah

869

00:33:30,789 --> 00:33:27,840

i'm gonna make it happen i'm working at

870

00:33:33,990 --> 00:33:30,799

it i'm working on it um yeah i i love

871

00:33:36,070 --> 00:33:34,000

this i love how big nasa is getting um

872

00:33:38,070 --> 00:33:36,080

they're embracing this finally i think

873

00:33:41,110 --> 00:33:38,080

it's about time i mean look at you could

874

00:33:43,750 --> 00:33:41,120

find nasa merch now at like every

875

00:33:45,269 --> 00:33:43,760

clothing store you can think of um so

876

00:33:47,990 --> 00:33:45,279

they're almost going through like a

877

00:33:49,669 --> 00:33:48,000

rebranding so why not get in on this

878

00:33:51,669 --> 00:33:49,679

whole thing we want them there and they

879

00:33:53,430 --> 00:33:51,679

should be one of the first to be talking

880

00:33:54,310 --> 00:33:53,440

about all this in my opinion in my

881

00:33:56,389 --> 00:33:54,320

opinion

882

00:33:57,669 --> 00:33:56,399

um

883

00:33:59,909 --> 00:33:57,679

real quick

884

00:34:01,990 --> 00:33:59,919

yeah and i also want to um i think it's

885

00:34:04,950 --> 00:34:02,000

2016

886

00:34:07,909 --> 00:34:04,960

nasa came out with all these posters

887

00:34:09,430 --> 00:34:07,919

that were there were mars colonization

888

00:34:11,589 --> 00:34:09,440

posters right right

889

00:34:13,589 --> 00:34:11,599

farming on mars and like all the

890

00:34:16,550 --> 00:34:13,599

different jobs you could think right so

891

00:34:19,430 --> 00:34:16,560

you talk about branding and propaganda i

892

00:34:22,230 --> 00:34:19,440

guess that's building you know up from

893

00:34:24,550 --> 00:34:22,240

nasa you know prior to all of you know

894

00:34:25,669 --> 00:34:24,560

these disclosures yeah it's

895

00:34:27,430 --> 00:34:25,679

it's time

896

00:34:29,109 --> 00:34:27,440

it is proper but man they were beautiful

897

00:34:30,389 --> 00:34:29,119

posters weren't they yeah they're cool

898

00:34:32,149 --> 00:34:30,399

yeah they're really cool

899

00:34:33,829 --> 00:34:32,159

fantastic yeah

900

00:34:35,669 --> 00:34:33,839

maybe next time we uh do one of these

901
00:34:38,389 --> 00:34:35,679
together we three i'll i'll switch out

902
00:34:40,710 --> 00:34:38,399
all the posters on the wall behind me

903
00:34:42,550 --> 00:34:40,720
yeah i should get some yeah

904
00:34:44,230 --> 00:34:42,560
i think jane you know they make them

905
00:34:46,389 --> 00:34:44,240
available in high-res format that you

906
00:34:47,349 --> 00:34:46,399
can download and print if you want and

907
00:34:48,950 --> 00:34:47,359
so

908
00:34:50,550 --> 00:34:48,960
you know for those who yeah and again

909
00:34:52,550 --> 00:34:50,560
they're nasa products so my

910
00:34:55,030 --> 00:34:52,560
understanding is that they are a work in

911
00:34:56,790 --> 00:34:55,040
the public domain thereby and so you can

912
00:34:58,790 --> 00:34:56,800
for personal use there's no restriction

913
00:35:00,069 --> 00:34:58,800

on just printing off those high res take

914

00:35:01,670 --> 00:35:00,079

them to king coast put them on a jump

915

00:35:03,349 --> 00:35:01,680

drive you know or email them now you can

916

00:35:05,030 --> 00:35:03,359

email them and have those printed off

917

00:35:06,710 --> 00:35:05,040

and then frame them put them on the wall

918

00:35:09,109 --> 00:35:06,720

you got a great new nasa look for the

919

00:35:11,750 --> 00:35:09,119

studio ladies and gentlemen

920

00:35:14,230 --> 00:35:11,760

i know i know we all aspire we all

921

00:35:17,510 --> 00:35:14,240

aspire to have that amazing background

922

00:35:19,589 --> 00:35:17,520

at the micah hanks program for sure

923

00:35:21,829 --> 00:35:19,599

let's um let's move on to our third

924

00:35:23,349 --> 00:35:21,839

story for tonight guys this is probably

925

00:35:26,069 --> 00:35:23,359

one of my favorites and i'll tell you

926
00:35:28,630 --> 00:35:26,079
why in just a minute um this was the um

927
00:35:31,030 --> 00:35:28,640
the uap and nuclear weapons press

928
00:35:33,109 --> 00:35:31,040
conference that took place this year um

929
00:35:36,470 --> 00:35:33,119
hosted by robert salas who a lot of

930
00:35:38,630 --> 00:35:36,480
people in the ufo field know he was a he

931
00:35:41,349 --> 00:35:38,640
was part of a a minuteman group that had

932
00:35:42,790 --> 00:35:41,359
a ufo sighting over a nuclear facility

933
00:35:48,230 --> 00:35:42,800
that

934
00:35:50,710 --> 00:35:48,240
the the base at the time and uh

935
00:35:53,510 --> 00:35:50,720
incredible story incredible story and he

936
00:35:56,710 --> 00:35:53,520
has made it his mission to compile a lot

937
00:35:58,950 --> 00:35:56,720
of these ufo and nuke uh incidents and

938
00:36:01,190 --> 00:35:58,960

have people come forward and and tell

939

00:36:04,069 --> 00:36:01,200

their stories and testimony at

940

00:36:05,030 --> 00:36:04,079

national press club events and he put on

941

00:36:07,750 --> 00:36:05,040

one

942

00:36:09,910 --> 00:36:07,760

quite a few years ago and now this past

943

00:36:13,349 --> 00:36:09,920

october october 19th at the national

944

00:36:16,390 --> 00:36:13,359

press club and um i'm gonna play a short

945

00:36:18,950 --> 00:36:16,400

video i promise short video here from a

946

00:36:21,430 --> 00:36:18,960

guy named captain david shindell

947

00:36:23,670 --> 00:36:21,440

a little back story here he was a air

948

00:36:26,470 --> 00:36:23,680

force launch control officer and deputy

949

00:36:28,390 --> 00:36:26,480

deputy commander at minot air force base

950

00:36:31,349 --> 00:36:28,400

in north dakota he was involved in an

951
00:36:34,710 --> 00:36:31,359
incident in 1966 where kind of like

952
00:36:37,990 --> 00:36:34,720
salus a ufo was seen over mana air force

953
00:36:41,910 --> 00:36:38,000
base and um took down the icbm missiles

954
00:36:44,950 --> 00:36:41,920
10 of them and um he what he he says in

955
00:36:46,230 --> 00:36:44,960
this uh press conference um which we're

956
00:36:48,230 --> 00:36:46,240
we're not gonna

957
00:36:49,990 --> 00:36:48,240
hear his testimony but we're gonna hear

958
00:36:52,069 --> 00:36:50,000
a little something he said after his

959
00:36:54,470 --> 00:36:52,079
testimony um because it's what really

960
00:36:56,550 --> 00:36:54,480
tugged at my heartstrings um

961
00:36:58,470 --> 00:36:56,560
he remembers distinctly all of the

962
00:37:00,630 --> 00:36:58,480
officers at the base as this was

963
00:37:02,630 --> 00:37:00,640

happening a lot of them were like

964

00:37:04,870 --> 00:37:02,640

cowering in the corner they were

965

00:37:06,390 --> 00:37:04,880

terrified they didn't know what was

966

00:37:08,870 --> 00:37:06,400

going to happen was this the end of the

967

00:37:11,670 --> 00:37:08,880

world were these aliens were these the

968

00:37:13,990 --> 00:37:11,680

russians what was going on and he had to

969

00:37:15,670 --> 00:37:14,000

keep the you know the mindset of a

970

00:37:19,589 --> 00:37:15,680

captain at the time a launch control

971

00:37:22,470 --> 00:37:19,599

officer um to just figure out assess the

972

00:37:24,790 --> 00:37:22,480

situation and and do what you have to do

973

00:37:27,670 --> 00:37:24,800

to make sure no one gets hurt or the

974

00:37:31,190 --> 00:37:27,680

world blows up and um pretty dramatic

975

00:37:33,190 --> 00:37:31,200

story it really affected him like salus

976

00:37:35,109 --> 00:37:33,200

he was told never to speak about this

977

00:37:37,670 --> 00:37:35,119

and it really ate away at him for

978

00:37:39,910 --> 00:37:37,680

decades and decades and you can tell um

979

00:37:42,069 --> 00:37:39,920

as he's telling the story he seems very

980

00:37:43,670 --> 00:37:42,079

nervous but it was what he did at the

981

00:37:46,630 --> 00:37:43,680

end of his testimony that really caught

982

00:37:47,990 --> 00:37:46,640

my my eye and made it very human so i'm

983

00:37:49,349 --> 00:37:48,000

going to play that really quick for you

984

00:37:51,430 --> 00:37:49,359

guys and then get your thoughts on what

985

00:37:54,069 --> 00:37:51,440

you thought about this conference so let

986

00:37:56,150 --> 00:37:54,079

me just pull this up here let's go it is

987

00:37:58,790 --> 00:37:56,160

time for the truth to be brought out in

988

00:38:00,710 --> 00:37:58,800

open congressional hearings

989

00:38:03,430 --> 00:38:00,720

this was in 1960

990

00:38:05,349 --> 00:38:03,440

behind the scenes high ranking air force

991

00:38:07,030 --> 00:38:05,359

officers are soberly concerned about the

992

00:38:09,589 --> 00:38:07,040

ufos

993

00:38:11,030 --> 00:38:09,599

but through official security security

994

00:38:12,630 --> 00:38:11,040

and ridicule

995

00:38:15,910 --> 00:38:12,640

many citizens are led to believe the

996

00:38:17,670 --> 00:38:15,920

unknown flight objects are nonsense

997

00:38:23,589 --> 00:38:17,680

to hide the facts

998

00:38:28,390 --> 00:38:25,910

that was in 1960

999

00:38:30,550 --> 00:38:28,400

but six years after that statement

1000

00:38:33,990 --> 00:38:30,560

i was one of those that helen cotter was

1001
00:38:36,790 --> 00:38:34,000
referring to as being silenced

1002
00:38:39,589 --> 00:38:36,800
his prophecy

1003
00:38:42,630 --> 00:38:39,599
that has now changed

1004
00:38:45,190 --> 00:38:42,640
i stand here before you today

1005
00:38:48,150 --> 00:38:45,200
i respectfully suggest that odie and i

1006
00:38:50,310 --> 00:38:48,160
take another serious look at its report

1007
00:38:54,630 --> 00:38:50,320
because i am willing to testify on all

1008
00:38:58,829 --> 00:38:55,829
robert

1009
00:39:00,390 --> 00:38:58,839
salas is very special to me

1010
00:39:02,470 --> 00:39:00,400
um

1011
00:39:05,030 --> 00:39:02,480
i wouldn't have come out and started

1012
00:39:06,550 --> 00:39:05,040
talking if it wasn't for him

1013
00:39:08,390 --> 00:39:06,560

um

1014

00:39:09,190 --> 00:39:08,400

i had been searching the internet and

1015

00:39:11,270 --> 00:39:09,200

then

1016

00:39:13,109 --> 00:39:11,280

later 1990s

1017

00:39:15,349 --> 00:39:13,119

trying to find information on my

1018

00:39:17,109 --> 00:39:15,359

incident and seeing if there was any

1019

00:39:18,630 --> 00:39:17,119

documents out there for anybody was

1020

00:39:22,390 --> 00:39:18,640

talking

1021

00:39:24,230 --> 00:39:22,400

i didn't find anything and i gave up

1022

00:39:27,510 --> 00:39:24,240

in 2001

1023

00:39:30,790 --> 00:39:27,520

i found an article on the internet

1024

00:39:33,829 --> 00:39:30,800

describing robert salas's incident

1025

00:39:37,430 --> 00:39:33,839

and when i saw that i said oh my god

1026

00:39:42,790 --> 00:39:39,910

the incident that he had was almost

1027

00:39:45,750 --> 00:39:42,800

identical to the one i had

1028

00:39:47,109 --> 00:39:45,760

and i experienced a just a joyful

1029

00:39:49,510 --> 00:39:47,119

freedom

1030

00:39:51,430 --> 00:39:49,520

and i finally was able to tell my wife

1031

00:39:53,430 --> 00:39:51,440

my secret

1032

00:39:54,390 --> 00:39:53,440

and

1033

00:40:04,230 --> 00:39:54,400

so

1034

00:40:06,950 --> 00:40:04,240

playwright as a dramatist really hit me

1035

00:40:08,790 --> 00:40:06,960

i mean you could tell like how much this

1036

00:40:10,470 --> 00:40:08,800

affected this guy for so many years like

1037

00:40:13,030 --> 00:40:10,480

could you imagine it's like i think of

1038

00:40:14,950 --> 00:40:13,040

when all these guys at uh skunk works

1039

00:40:16,630 --> 00:40:14,960

and stuff when they first worked at area

1040

00:40:18,230 --> 00:40:16,640

51 they couldn't tell their family what

1041

00:40:20,309 --> 00:40:18,240

they were doing where they were going

1042

00:40:21,349 --> 00:40:20,319

how long they'd be gone blah blah blah

1043

00:40:23,349 --> 00:40:21,359

um

1044

00:40:25,270 --> 00:40:23,359

you could tell this this event really

1045

00:40:27,190 --> 00:40:25,280

affected this guy as i'm sure it has a

1046

00:40:28,790 --> 00:40:27,200

lot of people and um a lot of people

1047

00:40:30,950 --> 00:40:28,800

didn't know that this conference even

1048

00:40:32,790 --> 00:40:30,960

happened um even in the chat here people

1049

00:40:34,470 --> 00:40:32,800

were like what is this what is this um a

1050

00:40:36,790 --> 00:40:34,480

waiting alien says it's on the robert

1051
00:40:39,829 --> 00:40:36,800
salis youtube channel so you can watch

1052
00:40:42,390 --> 00:40:39,839
the entire uh press conference that took

1053
00:40:43,990 --> 00:40:42,400
place in october online for free and

1054
00:40:46,470 --> 00:40:44,000
then i'm not kidding i think it was a

1055
00:40:48,309 --> 00:40:46,480
week after this is when we got uh the

1056
00:40:50,790 --> 00:40:48,319
gila brand amendment first announced i'm

1057
00:40:53,270 --> 00:40:50,800
not saying they were connected but um i

1058
00:40:54,710 --> 00:40:53,280
think it was really good timing so yeah

1059
00:40:57,430 --> 00:40:54,720
what did you guys think about this

1060
00:40:59,670 --> 00:40:57,440
conference and just the entire ufos and

1061
00:41:00,630 --> 00:40:59,680
nukes topic in general micah let's start

1062
00:41:03,270 --> 00:41:00,640
with you

1063
00:41:04,790 --> 00:41:03,280

well on that not uh note yeah again it

1064

00:41:07,190 --> 00:41:04,800

had been announced that that event was

1065

00:41:09,750 --> 00:41:07,200

going to happen i must again give credit

1066

00:41:11,589 --> 00:41:09,760

to my colleague chrissy newton or agent

1067

00:41:13,349 --> 00:41:11,599

newton as i call her

1068

00:41:14,710 --> 00:41:13,359

who does more than just handle the media

1069

00:41:16,069 --> 00:41:14,720

and the marketing side of what we do at

1070

00:41:17,589 --> 00:41:16,079

the debrief

1071

00:41:19,510 --> 00:41:17,599

chrissy and her own right is as good a

1072

00:41:21,510 --> 00:41:19,520

ufo researcher as any and she's as well

1073

00:41:23,990 --> 00:41:21,520

connected in this community

1074

00:41:25,349 --> 00:41:24,000

um and you know she had actually i think

1075

00:41:26,710 --> 00:41:25,359

been the first that brought to my

1076

00:41:28,230 --> 00:41:26,720

attention that there was going to be

1077

00:41:30,069 --> 00:41:28,240

another press conference and i say

1078

00:41:31,670 --> 00:41:30,079

another because again if you recall

1079

00:41:33,829 --> 00:41:31,680

throughout the early 2000s there were

1080

00:41:35,829 --> 00:41:33,839

several some of which of course we had

1081

00:41:37,990 --> 00:41:35,839

robert salas in attendance there at the

1082

00:41:39,990 --> 00:41:38,000

national press club where they were

1083

00:41:42,550 --> 00:41:40,000

you know talking about

1084

00:41:44,870 --> 00:41:42,560

these experiences that former uh air

1085

00:41:46,790 --> 00:41:44,880

force servicemen had had primarily

1086

00:41:48,710 --> 00:41:46,800

throughout the 1960s and and this

1087

00:41:50,550 --> 00:41:48,720

involving a couple of incidents and i'll

1088

00:41:52,150 --> 00:41:50,560

just mention again you know what salus

1089

00:41:54,710 --> 00:41:52,160

experienced there at um

1090

00:41:56,950 --> 00:41:54,720

maelstrom or malmstrom univ or uh air

1091

00:41:58,390 --> 00:41:56,960

force base there was a similar incident

1092

00:42:00,069 --> 00:41:58,400

similar incidents in fact that occurred

1093

00:42:03,430 --> 00:42:00,079

along many of the northern interior

1094

00:42:05,670 --> 00:42:03,440

bases one had been mino air force base

1095

00:42:07,430 --> 00:42:05,680

and others a great resource for

1096

00:42:09,349 --> 00:42:07,440

information on some of those one of the

1097

00:42:11,750 --> 00:42:09,359

first really that reported you know

1098

00:42:13,270 --> 00:42:11,760

widely on that on at the time what were

1099

00:42:15,349 --> 00:42:13,280

newly obtained

1100

00:42:17,589 --> 00:42:15,359

documents uh via the freedom of

1101

00:42:19,990 --> 00:42:17,599

information act uh request

1102

00:42:21,750 --> 00:42:20,000

uh were the uh or rather was the book

1103

00:42:23,910 --> 00:42:21,760

called clear intent it was republished

1104

00:42:27,030 --> 00:42:23,920

under a different title the ufo cover-up

1105

00:42:29,349 --> 00:42:27,040

but that was by um barry greenwood and

1106

00:42:32,309 --> 00:42:29,359

uh lawrence fossett and that book again

1107

00:42:33,750 --> 00:42:32,319

you know it sources from uh documents

1108

00:42:35,510 --> 00:42:33,760

from the for instance the national

1109

00:42:38,150 --> 00:42:35,520

military command center that describe

1110

00:42:39,750 --> 00:42:38,160

all the uh events that salus and some of

1111

00:42:41,990 --> 00:42:39,760

his uh fellow servicemen former

1112

00:42:43,910 --> 00:42:42,000

servicemen are describing right there

1113

00:42:45,510 --> 00:42:43,920

but when that uh event was brought to my

1114

00:42:46,950 --> 00:42:45,520

attention i reached out to robert salas

1115

00:42:48,870 --> 00:42:46,960

immediately

1116

00:42:50,630 --> 00:42:48,880

and i and i asked him i emailed him and

1117

00:42:53,030 --> 00:42:50,640

i said robert you know is there any way

1118

00:42:54,550 --> 00:42:53,040

that we could talk about this in advance

1119

00:42:56,230 --> 00:42:54,560

of the event

1120

00:42:59,349 --> 00:42:56,240

i'd like to have you on my show the

1121

00:43:01,030 --> 00:42:59,359

micah hanks program but i'd like to also

1122

00:43:03,270 --> 00:43:01,040

write about the event

1123

00:43:04,470 --> 00:43:03,280

uh there at the debrief

1124

00:43:06,150 --> 00:43:04,480

and he said you know i'm not going to do

1125

00:43:08,069 --> 00:43:06,160

a lot of interviews before this because

1126

00:43:10,069 --> 00:43:08,079

the whole idea is to promote this you

1127

00:43:11,829 --> 00:43:10,079

know and and build up to that event but

1128

00:43:13,190 --> 00:43:11,839

he said but i follow what you do and i

1129

00:43:16,230 --> 00:43:13,200

read what you write for the debrief

1130

00:43:17,670 --> 00:43:16,240

which was incredibly humbling for me

1131

00:43:18,630 --> 00:43:17,680

because i have tremendous respect not

1132

00:43:20,950 --> 00:43:18,640

only for

1133

00:43:22,550 --> 00:43:20,960

robert salas and for his

1134

00:43:26,390 --> 00:43:22,560

courageous

1135

00:43:28,069 --> 00:43:26,400

and and frankly i think um i mean just

1136

00:43:29,990 --> 00:43:28,079

unparalleled efforts

1137

00:43:31,670 --> 00:43:30,000

to try and bring awareness to this issue

1138

00:43:33,990 --> 00:43:31,680

but i mean to all of our service women

1139

00:43:35,990 --> 00:43:34,000

and men who have put their lives on the

1140

00:43:37,270 --> 00:43:36,000

line and occasionally experienced things

1141

00:43:39,829 --> 00:43:37,280

that they don't understand this has

1142

00:43:40,870 --> 00:43:39,839

become increasingly apparent in recent

1143

00:43:41,910 --> 00:43:40,880

years

1144

00:43:43,190 --> 00:43:41,920

so

1145

00:43:44,550 --> 00:43:43,200

you know very humbling not only that

1146

00:43:46,309 --> 00:43:44,560

robert would say i read your stuff but

1147

00:43:48,550 --> 00:43:46,319

yeah i'm going to do an interview with

1148

00:43:50,710 --> 00:43:48,560

you can we just stick to certain facts

1149

00:43:53,349 --> 00:43:50,720

but but i would like to do this and so

1150

00:43:55,670 --> 00:43:53,359

not only did i speak with him but then

1151

00:43:57,990 --> 00:43:55,680

the debrief covered the event

1152

00:43:59,829 --> 00:43:58,000

and i was shocked ryan to see only maybe

1153

00:44:02,550 --> 00:43:59,839

two or three other outlets

1154

00:44:04,470 --> 00:44:02,560

yeah mainstream even even approach it

1155

00:44:05,990 --> 00:44:04,480

and to this day people are still saying

1156

00:44:07,510 --> 00:44:06,000

hey well you know what was that when

1157

00:44:08,870 --> 00:44:07,520

when did that happen when did this guy

1158

00:44:10,950 --> 00:44:08,880

get up there and you know tell these

1159

00:44:13,030 --> 00:44:10,960

stories what's this all about folks this

1160

00:44:14,630 --> 00:44:13,040

has been an issue for years and in the

1161

00:44:17,349 --> 00:44:14,640

gila brand amendment you're right ryan

1162

00:44:19,990 --> 00:44:17,359

there was a provision that uh

1163

00:44:21,750 --> 00:44:20,000

explicitly said that uap incidents

1164

00:44:24,309 --> 00:44:21,760

occurring around nuclear facilities need

1165

00:44:25,670 --> 00:44:24,319

to be observed and need to be understood

1166

00:44:26,950 --> 00:44:25,680

if there is

1167

00:44:29,589 --> 00:44:26,960

ever

1168

00:44:31,670 --> 00:44:29,599

an instance within ufo or uap studies

1169

00:44:33,589 --> 00:44:31,680

that indicates a challenge or

1170

00:44:35,510 --> 00:44:33,599

potentially a threat to national

1171

00:44:37,270 --> 00:44:35,520

security i couldn't imagine a better one

1172

00:44:38,470 --> 00:44:37,280

than aerial incursions around nuclear

1173

00:44:41,030 --> 00:44:38,480

bases where they are capable of

1174

00:44:42,309 --> 00:44:41,040

disabling our icbms is what robert salas

1175

00:44:44,390 --> 00:44:42,319

described right there so again i have

1176
00:44:45,910 --> 00:44:44,400
tremendous respect for the man and his

1177
00:44:47,589 --> 00:44:45,920
courageous efforts to bring attention to

1178
00:44:48,950 --> 00:44:47,599
this issue it's just a shame that there

1179
00:44:51,270 --> 00:44:48,960
aren't more outlets that are willing to

1180
00:44:54,390 --> 00:44:51,280
broach that topic thank you i'm good on

1181
00:44:56,390 --> 00:44:54,400
you chrissy newman or chrissy newton

1182
00:44:57,510 --> 00:44:56,400
for bringing attention to it to me to

1183
00:44:58,790 --> 00:44:57,520
you know for putting it on the list

1184
00:45:01,430 --> 00:44:58,800
tonight and again to both of you for

1185
00:45:03,430 --> 00:45:01,440
talking about it here on this program

1186
00:45:05,349 --> 00:45:03,440
absolutely and mark thank you for the

1187
00:45:07,670 --> 00:45:05,359
super sticker really appreciate it

1188
00:45:11,589 --> 00:45:07,680

brother um jane what do you think about

1189

00:45:13,829 --> 00:45:11,599

the entire ufos and nukes and the the um

1190

00:45:16,309 --> 00:45:13,839

yeah do you think this press conference

1191

00:45:18,630 --> 00:45:16,319

made any waves in washington i mean

1192

00:45:20,390 --> 00:45:18,640

that's why they did it there and you

1193

00:45:22,390 --> 00:45:20,400

know

1194

00:45:24,230 --> 00:45:22,400

yeah i mean maybe it affected people who

1195

00:45:25,910 --> 00:45:24,240

are there literally in washington who

1196

00:45:29,030 --> 00:45:25,920

would be drafting an amendment right so

1197

00:45:30,390 --> 00:45:29,040

def i'm sure it had some effects right

1198

00:45:33,030 --> 00:45:30,400

uh but

1199

00:45:36,230 --> 00:45:33,040

i don't know that the general public or

1200

00:45:39,750 --> 00:45:36,240

you know outside washington really

1201

00:45:41,990 --> 00:45:39,760

caught on to that story as far as

1202

00:45:44,230 --> 00:45:42,000

ufos and nukes in general that's kind of

1203

00:45:45,030 --> 00:45:44,240

an interesting thing because here in

1204

00:45:46,950 --> 00:45:45,040

tech

1205

00:45:48,550 --> 00:45:46,960

if you talk about civilian reports or

1206

00:45:50,950 --> 00:45:48,560

day-to-day reporting that's not

1207

00:45:51,990 --> 00:45:50,960

something i've encountered really at all

1208

00:45:54,550 --> 00:45:52,000

and i think

1209

00:45:56,470 --> 00:45:54,560

if there are sightings by nuclear

1210

00:45:58,150 --> 00:45:56,480

facilities you know here in texas

1211

00:46:00,150 --> 00:45:58,160

witnesses aren't

1212

00:46:01,670 --> 00:46:00,160

connecting the dots that they're seeing

1213

00:46:03,430 --> 00:46:01,680

that that's a

1214

00:46:05,190 --> 00:46:03,440

a factor if that makes sense so i

1215

00:46:07,030 --> 00:46:05,200

probably have more work to do

1216

00:46:09,990 --> 00:46:07,040

but my guess is that those types of

1217

00:46:12,710 --> 00:46:10,000

sightings are classified so

1218

00:46:14,870 --> 00:46:12,720

despite all the years of reporting i've

1219

00:46:17,910 --> 00:46:14,880

done you know here in texas and all the

1220

00:46:20,470 --> 00:46:17,920

videos and photos there is

1221

00:46:23,030 --> 00:46:20,480

there is still a lack of that you know

1222

00:46:23,750 --> 00:46:23,040

that compelling evidence that would

1223

00:46:25,990 --> 00:46:23,760

uh

1224

00:46:28,069 --> 00:46:26,000

convince mcquest right and so i do think

1225

00:46:30,150 --> 00:46:28,079

a lot of that is still classified right

1226

00:46:32,950 --> 00:46:30,160

so that that's one part of it

1227

00:46:33,750 --> 00:46:32,960

my observation then the other part of it

1228

00:46:35,190 --> 00:46:33,760

is

1229

00:46:38,950 --> 00:46:35,200

though

1230

00:46:40,230 --> 00:46:38,960

that testimony is the reason that i do

1231

00:46:42,390 --> 00:46:40,240

this it's

1232

00:46:44,309 --> 00:46:42,400

believe it or not it's not actually to

1233

00:46:46,390 --> 00:46:44,319

prove if aliens are visiting or not i

1234

00:46:49,030 --> 00:46:46,400

don't know that i could possibly do that

1235

00:46:51,190 --> 00:46:49,040

even if i tried my best or to convince

1236

00:46:52,390 --> 00:46:51,200

others what to think definitely want to

1237

00:46:54,829 --> 00:46:52,400

educate and

1238

00:46:58,150 --> 00:46:54,839

share as much truth as possible but

1239

00:47:00,390 --> 00:46:58,160

ultimately it's to vindicate all those

1240

00:47:03,109 --> 00:47:00,400

who have been told to lie

1241

00:47:05,349 --> 00:47:03,119

or uh or just not talk about their

1242

00:47:06,950 --> 00:47:05,359

experiences and their truth so that's

1243

00:47:09,990 --> 00:47:06,960

always what

1244

00:47:12,230 --> 00:47:10,000

drove made me the most angry about the

1245

00:47:13,829 --> 00:47:12,240

cover-up and so

1246

00:47:15,829 --> 00:47:13,839

yeah it's just like what you were saying

1247

00:47:18,150 --> 00:47:15,839

ryan it's so poetic it's such a

1248

00:47:20,950 --> 00:47:18,160

beautiful

1249

00:47:23,030 --> 00:47:20,960

way to end the story in some ways for

1250

00:47:25,430 --> 00:47:23,040

some witnesses because yes we're still

1251

00:47:27,270 --> 00:47:25,440

looking our aliens

1252

00:47:30,150 --> 00:47:27,280

visiting we don't know the answer to

1253

00:47:31,829 --> 00:47:30,160

that and there's a lot to come but this

1254

00:47:32,870 --> 00:47:31,839

is a new age

1255

00:47:35,030 --> 00:47:32,880

where

1256

00:47:37,670 --> 00:47:35,040

military members are

1257

00:47:39,990 --> 00:47:37,680

being encouraged at least it seems like

1258

00:47:42,630 --> 00:47:40,000

to actually talk about what what they've

1259

00:47:45,190 --> 00:47:42,640

seen instead of feeling shame or fear

1260

00:47:47,270 --> 00:47:45,200

around it so i think it was beautiful

1261

00:47:49,510 --> 00:47:47,280

that that happened

1262

00:47:51,190 --> 00:47:49,520

yeah that that's i think that again

1263

00:47:53,670 --> 00:47:51,200

that's what stuck with me most exactly

1264

00:47:54,710 --> 00:47:53,680

what you said um you know the fact that

1265

00:47:56,790 --> 00:47:54,720

this guy

1266

00:47:59,750 --> 00:47:56,800

was saying like i now had the courage to

1267

00:48:01,750 --> 00:47:59,760

do it and same with you know after kevin

1268

00:48:03,030 --> 00:48:01,760

day gary voorhees all these guys from

1269

00:48:05,030 --> 00:48:03,040

the um

1270

00:48:07,829 --> 00:48:05,040

from the nimitz event the pilots alex

1271

00:48:10,069 --> 00:48:07,839

dietrich and fravor uh came forward

1272

00:48:11,430 --> 00:48:10,079

it sparked so many more service men and

1273

00:48:14,069 --> 00:48:11,440

women to come forward and tell their

1274

00:48:15,589 --> 00:48:14,079

stories which is again like we couldn't

1275

00:48:17,589 --> 00:48:15,599

ask for more than that i think we are

1276

00:48:19,829 --> 00:48:17,599

seeing a sea change in terms of the

1277

00:48:21,990 --> 00:48:19,839

stigma shedding which is what the uap

1278

00:48:24,870 --> 00:48:22,000

task force and report kind of wanted to

1279

00:48:27,510 --> 00:48:24,880

do um for their own reasons obviously to

1280

00:48:29,270 --> 00:48:27,520

report more uap that could be potential

1281

00:48:31,349 --> 00:48:29,280

threats um we're getting there we're

1282

00:48:35,109 --> 00:48:31,359

getting up to the uh the acronyms guys i

1283

00:48:37,670 --> 00:48:35,119

promise but um before we do that um yeah

1284

00:48:40,069 --> 00:48:37,680

i just think the ufo's in nukes topic is

1285

00:48:42,950 --> 00:48:40,079

always one of my favorites i wish it

1286

00:48:45,990 --> 00:48:42,960

didn't ever happen but it happens and it

1287

00:48:48,230 --> 00:48:46,000

has to be discussed and if i may run i

1288

00:48:49,750 --> 00:48:48,240

i'd like to actually point out one thing

1289

00:48:51,349 --> 00:48:49,760

this is very important again another

1290

00:48:53,270 --> 00:48:51,359

researcher i mean you know we've got to

1291

00:48:54,950 --> 00:48:53,280

recognize robert salas

1292

00:48:55,910 --> 00:48:54,960

i think a lot of researchers from over

1293

00:48:57,270 --> 00:48:55,920

the years who have tried to bring

1294

00:48:59,430 --> 00:48:57,280

attention to this i mentioned larry

1295

00:49:00,790 --> 00:48:59,440

fawcett and barry greenwood and there

1296

00:49:02,470 --> 00:49:00,800

are many others but again another one

1297

00:49:04,549 --> 00:49:02,480

who really should be recognized for the

1298

00:49:07,109 --> 00:49:04,559

work he's done is robert hastings who

1299

00:49:09,829 --> 00:49:07,119

wrote the book ufos and nukes yes um

1300

00:49:12,549 --> 00:49:09,839

some who keep up with lou elizondo

1301

00:49:13,829 --> 00:49:12,559

uh will note that lou elizondo and

1302

00:49:15,430 --> 00:49:13,839

actually during an interview that

1303

00:49:16,950 --> 00:49:15,440

chrissy newton who can't be here tonight

1304

00:49:19,030 --> 00:49:16,960

so i've got to try and prop her up and

1305

00:49:21,190 --> 00:49:19,040

and reference her a good bit but i mean

1306

00:49:23,109 --> 00:49:21,200

chrissy did a great interview there with

1307

00:49:25,109 --> 00:49:23,119

uh louis lozano for our debrief youtube

1308

00:49:27,670 --> 00:49:25,119

channel and in that interview that was

1309

00:49:28,950 --> 00:49:27,680

great she did a fantastic job and lou

1310

00:49:32,309 --> 00:49:28,960

actually mentioned it even during the

1311

00:49:34,150 --> 00:49:32,319

interview but uh you know at one point

1312

00:49:35,910 --> 00:49:34,160

he had mentioned that there was a lot of

1313

00:49:37,750 --> 00:49:35,920

information that we wanted to try and

1314

00:49:39,670 --> 00:49:37,760

find about the nuclear incidents and he

1315

00:49:41,510 --> 00:49:39,680

said thanks to the research that robert

1316

00:49:43,670 --> 00:49:41,520

hastings did we were able to go back and

1317

00:49:45,270 --> 00:49:43,680

corroborate a lot of the data that he

1318

00:49:47,349 --> 00:49:45,280

through the foia process was able to

1319

00:49:48,630 --> 00:49:47,359

bring to our attention now look

1320

00:49:49,829 --> 00:49:48,640

ladies and gents let me just point out

1321

00:49:51,270 --> 00:49:49,839

to you what's going on here we've got

1322

00:49:53,910 --> 00:49:51,280

people in government who are looking at

1323

00:49:55,510 --> 00:49:53,920

ufo investigations okay and incidents

1324

00:49:57,349 --> 00:49:55,520

happening at nuclear bases and where do

1325

00:49:58,870 --> 00:49:57,359

they go to first of course get their

1326

00:50:00,870 --> 00:49:58,880

idea for where they're going to begin

1327

00:50:02,630 --> 00:50:00,880

their research a civilian researcher

1328

00:50:03,430 --> 00:50:02,640

who's used the freedom of information

1329

00:50:05,670 --> 00:50:03,440

act

1330

00:50:07,430 --> 00:50:05,680

and that process to appeal to government

1331

00:50:09,829 --> 00:50:07,440

and to get information and to try and

1332

00:50:12,870 --> 00:50:09,839

comprehensively present that and analyze

1333

00:50:14,470 --> 00:50:12,880

and synthesize that as uh as hastings

1334

00:50:16,390 --> 00:50:14,480

did in his book i think there was a

1335

00:50:17,829 --> 00:50:16,400

follow-up book too maybe but again

1336

00:50:19,349 --> 00:50:17,839

robert hastings is a fantastic

1337

00:50:21,430 --> 00:50:19,359

researcher i interviewed him a number of

1338

00:50:23,430 --> 00:50:21,440

years ago and i'm so glad to see

1339

00:50:25,430 --> 00:50:23,440

that in the current ufo dialogue he's

1340

00:50:26,470 --> 00:50:25,440

getting his doing proper and more people

1341

00:50:27,910 --> 00:50:26,480

should recognize

1342

00:50:30,470 --> 00:50:27,920

hastings for the work he's done with

1343

00:50:31,750 --> 00:50:30,480

this it even helped a tip lou elizondo

1344

00:50:33,750 --> 00:50:31,760

chris bella and some of the folks who

1345

00:50:35,270 --> 00:50:33,760

have continued to look at this

1346

00:50:36,630 --> 00:50:35,280

you know and and

1347

00:50:38,870 --> 00:50:36,640

it's it's all the more important that

1348

00:50:40,069 --> 00:50:38,880

they do so good on you robert hastings

1349

00:50:41,910 --> 00:50:40,079

if you're out there we appreciate the

1350

00:50:43,829 --> 00:50:41,920

work you've done as well my friend

1351
00:50:46,870 --> 00:50:43,839
absolutely i think he was featured on

1352
00:50:48,790 --> 00:50:46,880
unidentified as well so yeah i'm glad to

1353
00:50:50,870 --> 00:50:48,800
see finally he's getting what he

1354
00:50:52,470 --> 00:50:50,880
deserves and that's the gratitude and

1355
00:50:55,109 --> 00:50:52,480
thanks of many researchers like

1356
00:50:57,750 --> 00:50:55,119
ourselves who are just you know building

1357
00:50:59,750 --> 00:50:57,760
off of the shoulders of these giants as

1358
00:51:01,670 --> 00:50:59,760
our good friend luis jimenez would say

1359
00:51:04,750 --> 00:51:01,680
but um you did mention

1360
00:51:06,390 --> 00:51:04,760
um luis elizondo mr

1361
00:51:08,309 --> 00:51:06,400
gq

1362
00:51:10,230 --> 00:51:08,319
this was one i believe chrissy brought

1363
00:51:11,109 --> 00:51:10,240

to us or was no that was me it's okay i

1364

00:51:13,190 --> 00:51:11,119

think it was

1365

00:51:14,549 --> 00:51:13,200

flip dark flip-flop

1366

00:51:16,950 --> 00:51:14,559

it's okay um

1367

00:51:19,589 --> 00:51:16,960

well let's go ahead and uh talk about

1368

00:51:22,309 --> 00:51:19,599

this but i should preface this with um i

1369

00:51:24,549 --> 00:51:22,319

was in london recently and it just

1370

00:51:27,750 --> 00:51:24,559

happened to coincide with a trip that mr

1371

00:51:30,309 --> 00:51:27,760

elizondo had there as well so i finally

1372

00:51:32,309 --> 00:51:30,319

got to meet him in person it was an

1373

00:51:33,829 --> 00:51:32,319

incredible experience we walked all

1374

00:51:37,109 --> 00:51:33,839

around um

1375

00:51:39,589 --> 00:51:37,119

london we went uh to the outside of the

1376

00:51:42,309 --> 00:51:39,599

ministry of defense one of us went

1377

00:51:45,030 --> 00:51:42,319

inside take a wild guess who that was

1378

00:51:47,589 --> 00:51:45,040

who walked right in no questions asked

1379

00:51:50,470 --> 00:51:47,599

so bum bum i won't go any further with

1380

00:51:53,030 --> 00:51:50,480

that but we talked all about

1381

00:51:54,710 --> 00:51:53,040

just everything some amazing stuff um

1382

00:51:57,349 --> 00:51:54,720

some of the conclusions

1383

00:52:00,549 --> 00:51:57,359

or supposed conclusions that atip went

1384

00:52:01,990 --> 00:52:00,559

to um came to i should say uh hopefully

1385

00:52:04,870 --> 00:52:02,000

elizondo will be able to share more

1386

00:52:06,069 --> 00:52:04,880

about that soon but um one of the things

1387

00:52:08,069 --> 00:52:06,079

he told me

1388

00:52:10,790 --> 00:52:08,079

was the reason he was there and it was

1389

00:52:12,790 --> 00:52:10,800

to be interviewed for gq magazine and he

1390

00:52:15,109 --> 00:52:12,800

told me not to tell anyone because he

1391

00:52:17,589 --> 00:52:15,119

knew the [h__h] he was gonna get for it

1392

00:52:18,950 --> 00:52:17,599

and then it dropped and um i thought it

1393

00:52:21,430 --> 00:52:18,960

was a pretty good interview so i'm gonna

1394

00:52:23,030 --> 00:52:21,440

play a small clip from that interview

1395

00:52:25,430 --> 00:52:23,040

and then we're just gonna get your guys

1396

00:52:28,230 --> 00:52:25,440

thoughts on everything elizondo on the

1397

00:52:30,790 --> 00:52:28,240

other side here um in just a moment so

1398

00:52:33,109 --> 00:52:30,800

let me go ahead and play that for you

1399

00:52:35,750 --> 00:52:33,119

so yeah you know it was about an hour

1400

00:52:37,430 --> 00:52:35,760

long you can find it on youtube um a lot

1401
00:52:40,069 --> 00:52:37,440
of people in the chat are very divided

1402
00:52:42,150 --> 00:52:40,079
on mr elizondo and i completely

1403
00:52:44,549 --> 00:52:42,160
understand that's what this topic is all

1404
00:52:46,710 --> 00:52:44,559
about people are very passionate um but

1405
00:52:48,710 --> 00:52:46,720
again um someone mentioned over a

1406
00:52:51,109 --> 00:52:48,720
million views already on that interview

1407
00:52:52,630 --> 00:52:51,119
again just getting the topic out there

1408
00:52:55,990 --> 00:52:52,640
no matter what you think about the

1409
00:52:59,430 --> 00:52:56,000
threat angle or or um elizondo in

1410
00:53:01,190 --> 00:52:59,440
general um hey you know i might take

1411
00:53:02,870 --> 00:53:01,200
what he says about ufos with a grain of

1412
00:53:05,109 --> 00:53:02,880
salt but he did give me some good

1413
00:53:07,349 --> 00:53:05,119

marriage advice so if anything that's

1414

00:53:10,230 --> 00:53:07,359

what i got from mr elizondo but yeah

1415

00:53:13,190 --> 00:53:10,240

what do you guys think of everything um

1416

00:53:15,829 --> 00:53:13,200

i mean there's there's no denying he

1417

00:53:17,430 --> 00:53:15,839

and delong and everyone involved with

1418

00:53:20,630 --> 00:53:17,440

everything that's happened in the past

1419

00:53:24,069 --> 00:53:20,640

few years have changed the conversation

1420

00:53:26,150 --> 00:53:24,079

of this topic forever um so jane let's

1421

00:53:28,870 --> 00:53:26,160

start with you where do you stand i know

1422

00:53:31,670 --> 00:53:28,880

you were very um

1423

00:53:32,870 --> 00:53:31,680

careful when elizondo first came

1424

00:53:34,790 --> 00:53:32,880

i remember

1425

00:53:36,870 --> 00:53:34,800

a lot of your interviews and what you

1426
00:53:39,829 --> 00:53:36,880
thought about it where do you stand now

1427
00:53:42,230 --> 00:53:39,839
on elizondo and everything he's doing

1428
00:53:44,549 --> 00:53:42,240
yeah i mean i wouldn't say like i'm on

1429
00:53:47,190 --> 00:53:44,559
the louis under bandwagon i don't know

1430
00:53:48,870 --> 00:53:47,200
that i ever will be that's i guess my

1431
00:53:51,670 --> 00:53:48,880
protocol

1432
00:53:53,349 --> 00:53:51,680
you know ryan i'd fully trust you but i

1433
00:53:56,150 --> 00:53:53,359
don't know that i'll ever jump on the

1434
00:53:58,470 --> 00:53:56,160
ryan sprague bandwagon i did it and

1435
00:54:01,349 --> 00:53:58,480
that's not it's nothing personal

1436
00:54:04,390 --> 00:54:01,359
so i think i'm still cautious

1437
00:54:06,309 --> 00:54:04,400
uh i guess i feel more optimistic as

1438
00:54:07,589 --> 00:54:06,319

time is going on

1439

00:54:11,190 --> 00:54:07,599

that

1440

00:54:13,750 --> 00:54:11,200

seems like he's louisando continues to

1441

00:54:15,990 --> 00:54:13,760

reference the history of ufology and my

1442

00:54:18,630 --> 00:54:16,000

fear always was that that would get

1443

00:54:20,950 --> 00:54:18,640

ignored and swept under the rug

1444

00:54:24,549 --> 00:54:20,960

and so i i think i'm cautiously

1445

00:54:25,829 --> 00:54:24,559

optimistic i do think that they're i

1446

00:54:28,069 --> 00:54:25,839

don't think that everything is

1447

00:54:29,390 --> 00:54:28,079

completely organic but that also doesn't

1448

00:54:31,190 --> 00:54:29,400

mean it's

1449

00:54:33,990 --> 00:54:31,200

mal-intentioned

1450

00:54:36,789 --> 00:54:34,000

so i i think i think i that that's where

1451

00:54:40,390 --> 00:54:36,799

i sit and then just the gq interview i i

1452

00:54:43,510 --> 00:54:40,400

recall reading the the text article

1453

00:54:46,549 --> 00:54:43,520

and it's just the whole um

1454

00:54:48,390 --> 00:54:46,559

just the fact that he's in gq and

1455

00:54:50,470 --> 00:54:48,400

and everything that's happened it's i

1456

00:54:52,789 --> 00:54:50,480

feel like it's symbolic

1457

00:54:55,670 --> 00:54:52,799

and then there was a lot there was a lot

1458

00:54:56,950 --> 00:54:55,680

in the magazine interview that i think

1459

00:54:58,870 --> 00:54:56,960

is

1460

00:55:01,910 --> 00:54:58,880

we should keep in mind you know because

1461

00:55:03,030 --> 00:55:01,920

you know how little zondo is like he

1462

00:55:05,990 --> 00:55:03,040

you know he

1463

00:55:11,190 --> 00:55:09,349

yeah nuggets or what whatever yeah um

1464

00:55:12,950 --> 00:55:11,200

reese's pieces or whatever

1465

00:55:16,150 --> 00:55:12,960

press yeah that's better i like that

1466

00:55:18,150 --> 00:55:16,160

because to follow so um and so i'll just

1467

00:55:20,069 --> 00:55:18,160

say so real quick cause i i just i had

1468

00:55:22,150 --> 00:55:20,079

notes because i reread it so it'd be

1469

00:55:23,829 --> 00:55:22,160

fresh but just to recall there's nothing

1470

00:55:25,430 --> 00:55:23,839

really new that he's saying but i think

1471

00:55:29,510 --> 00:55:25,440

it's interesting he's saying it now and

1472

00:55:31,430 --> 00:55:29,520

on for gq right so for the masses right

1473

00:55:32,789 --> 00:55:31,440

i'm just reiterating that the ufos are

1474

00:55:35,109 --> 00:55:32,799

not

1475

00:55:37,270 --> 00:55:35,119

from the u.s um

1476

00:55:40,150 --> 00:55:37,280

talking about radiation burns like the

1477

00:55:42,950 --> 00:55:40,160

harm like the injury you know from ufos

1478

00:55:46,390 --> 00:55:42,960

he reminded people about he wouldn't

1479

00:55:49,349 --> 00:55:46,400

talk about his own ufo sighting or if

1480

00:55:50,230 --> 00:55:49,359

we had beings or organic matter but he

1481

00:55:53,109 --> 00:55:50,240

did

1482

00:55:55,430 --> 00:55:53,119

he reiterated that yes i do think we i

1483

00:55:57,190 --> 00:55:55,440

believe personally in my opinion that we

1484

00:55:59,030 --> 00:55:57,200

have recovered craft

1485

00:56:02,069 --> 00:55:59,040

he talked about close encounters of the

1486

00:56:03,270 --> 00:56:02,079

third kind being like a great movie if

1487

00:56:05,030 --> 00:56:03,280

you're gonna

1488

00:56:07,589 --> 00:56:05,040

the most realistic

1489

00:56:09,990 --> 00:56:07,599

ufo movie which i thought was huge and

1490

00:56:12,870 --> 00:56:10,000

then he and then this part

1491

00:56:14,789 --> 00:56:12,880

he talked about the royal family and how

1492

00:56:17,589 --> 00:56:14,799

the royal family needs to be more

1493

00:56:20,789 --> 00:56:17,599

involved in the ufo discussion and and

1494

00:56:22,150 --> 00:56:20,799

they have curiosities about this too so

1495

00:56:24,630 --> 00:56:22,160

i think

1496

00:56:25,750 --> 00:56:24,640

just keeping that in mind you know going

1497

00:56:28,829 --> 00:56:25,760

into

1498

00:56:31,910 --> 00:56:28,839

2022 yeah i mean it's very much the same

1499

00:56:34,789 --> 00:56:31,920

narrative uh but i think i think ending

1500

00:56:36,950 --> 00:56:34,799

on the royal family

1501

00:56:39,030 --> 00:56:36,960

you know and he was in london

1502

00:56:41,270 --> 00:56:39,040

obviously you know makes sense right you

1503

00:56:43,349 --> 00:56:41,280

know that you would talk about that but

1504

00:56:45,510 --> 00:56:43,359

reaching out to the global community you

1505

00:56:47,349 --> 00:56:45,520

know what what does that mean so yeah

1506

00:56:49,829 --> 00:56:47,359

that's that's my uh

1507

00:56:51,190 --> 00:56:49,839

i guess summary summary not really even

1508

00:56:53,430 --> 00:56:51,200

reaction but

1509

00:56:55,510 --> 00:56:53,440

no no and i'm so glad you brought up the

1510

00:56:57,829 --> 00:56:55,520

um the international angle because i

1511

00:57:00,150 --> 00:56:57,839

think that's a lot of what he and mr

1512

00:57:02,870 --> 00:57:00,160

mellon are doing right now is uh

1513

00:57:05,510 --> 00:57:02,880

reaching out to anyone throughout the

1514

00:57:08,069 --> 00:57:05,520

world who wants to get in on this and um

1515

00:57:10,630 --> 00:57:08,079

you know chat ufos try to figure this

1516

00:57:12,309 --> 00:57:10,640

stuff out outside of the government um

1517

00:57:15,109 --> 00:57:12,319

so yeah it makes sense that he's kind of

1518

00:57:17,430 --> 00:57:15,119

globetrotting and and making waves and

1519

00:57:19,750 --> 00:57:17,440

shaking hands and like i said dude

1520

00:57:21,510 --> 00:57:19,760

walked right into the freaking ministry

1521

00:57:23,910 --> 00:57:21,520

of defense like i didn't even see him

1522

00:57:25,589 --> 00:57:23,920

like flash anything they just were like

1523

00:57:28,069 --> 00:57:25,599

hey what's going on man now we know

1524

00:57:31,109 --> 00:57:28,079

which one of you walked in

1525

00:57:34,710 --> 00:57:31,119

oh damn it i gave it away i gave it away

1526

00:57:37,589 --> 00:57:34,720

i'm not double 07. i promise um but yeah

1527

00:57:40,549 --> 00:57:37,599

again the chat's pretty diverse

1528

00:57:41,910 --> 00:57:40,559

mr elizondo but yeah no jane i i think

1529

00:57:43,510 --> 00:57:41,920

that would be cool if the royal family

1530

00:57:46,309 --> 00:57:43,520

got involved like that's kind of what

1531

00:57:48,710 --> 00:57:46,319

they are they're just like a symbol and

1532

00:57:50,710 --> 00:57:48,720

like you know they hold no true

1533

00:57:52,230 --> 00:57:50,720

power per se but

1534

00:57:54,390 --> 00:57:52,240

look at how many people watch those

1535

00:57:56,630 --> 00:57:54,400

freaking weddings and the birth of the

1536

00:57:58,710 --> 00:57:56,640

children and all the weird controversial

1537

00:58:00,950 --> 00:57:58,720

stuff within the royal families you know

1538

00:58:03,670 --> 00:58:00,960

the crown is one of my favorite shows um

1539

00:58:05,990 --> 00:58:03,680

and and i'm working at diana the musical

1540

00:58:08,309 --> 00:58:06,000

right now a musical about princess diana

1541

00:58:10,390 --> 00:58:08,319

here on broadway so come come see me

1542

00:58:13,430 --> 00:58:10,400

guys in new york i'll get you a drink

1543

00:58:15,109 --> 00:58:13,440

but um it's amazing yeah it's i i could

1544

00:58:17,589 --> 00:58:15,119

see it i could see it them being good

1545

00:58:19,270 --> 00:58:17,599

ambassadors for this topic and maybe

1546

00:58:21,430 --> 00:58:19,280

pushing some people in

1547

00:58:23,510 --> 00:58:21,440

in europe to uh take it more seriously

1548

00:58:25,829 --> 00:58:23,520

but i'm done micah what do you think man

1549

00:58:28,069 --> 00:58:25,839

elizondo i know you've spoken to him on

1550

00:58:30,309 --> 00:58:28,079

many occasions and uh have been

1551
00:58:32,950 --> 00:58:30,319
following his entire trajectory since

1552
00:58:34,150 --> 00:58:32,960
the very start so what do you think 2021

1553
00:58:35,510 --> 00:58:34,160
what he's done and what do you hope

1554
00:58:37,910 --> 00:58:35,520
he'll do next

1555
00:58:40,470 --> 00:58:37,920
well you know i've only uh spoken with

1556
00:58:42,630 --> 00:58:40,480
lou one time at length and and

1557
00:58:44,150 --> 00:58:42,640
thereafter the communications we've had

1558
00:58:47,190 --> 00:58:44,160
you know have been mostly electronic

1559
00:58:49,589 --> 00:58:47,200
email or texts and things like that

1560
00:58:51,910 --> 00:58:49,599
he provided a quote for a article that

1561
00:58:53,670 --> 00:58:51,920
i'll be dropping i hope

1562
00:58:55,589 --> 00:58:53,680
tomorrow or early this week at

1563
00:58:57,430 --> 00:58:55,599

thedebrief.org

1564

00:59:00,309 --> 00:58:57,440
and this has to do with the newly

1565

00:59:02,069 --> 00:59:00,319
established office by the dod that's

1566

00:59:03,430 --> 00:59:02,079
going to be looking at uap and again lou

1567

00:59:05,670 --> 00:59:03,440
has been very

1568

00:59:08,230 --> 00:59:05,680
outspoken about that uh i'll tell you a

1569

00:59:11,109 --> 00:59:08,240
few things i like about lou elizondo

1570

00:59:12,950 --> 00:59:11,119
lou elizondo when on on every occasion

1571

00:59:14,789 --> 00:59:12,960
that he and i have ever

1572

00:59:17,430 --> 00:59:14,799
interacted with one another

1573

00:59:19,190 --> 00:59:17,440
he's always been incredibly respectful

1574

00:59:20,630 --> 00:59:19,200
he has always answered every question

1575

00:59:23,270 --> 00:59:20,640
that i have

1576

00:59:24,950 --> 00:59:23,280

and i believe that based on

1577

00:59:26,950 --> 00:59:24,960

the answers he has given in the way that

1578

00:59:28,870 --> 00:59:26,960

he has given them that he has always

1579

00:59:30,789 --> 00:59:28,880

answered me truthfully

1580

00:59:32,309 --> 00:59:30,799

and when he first came on the scene as

1581

00:59:33,829 --> 00:59:32,319

is naturally the case and unfortunately

1582

00:59:35,910 --> 00:59:33,839

there's a lot of historical precedent

1583

00:59:37,670 --> 00:59:35,920

for this which in fact lou himself has

1584

00:59:39,589 --> 00:59:37,680

addressed and you know the unidentified

1585

00:59:41,030 --> 00:59:39,599

program on history also addressed this

1586

00:59:42,230 --> 00:59:41,040

to an extent but there's some precedent

1587

00:59:45,109 --> 00:59:42,240

for why

1588

00:59:47,510 --> 00:59:45,119

people who followed ufo developments are

1589

00:59:49,670 --> 00:59:47,520

hesitant to get on board and again jane

1590

00:59:52,150 --> 00:59:49,680

to your point you know kudos

1591

00:59:54,069 --> 00:59:52,160

i i'm always careful not to start fan

1592

00:59:55,670 --> 00:59:54,079

clubs and i think a lot of people

1593

00:59:57,430 --> 00:59:55,680

consider me just a curmudgeon or a

1594

00:59:59,030 --> 00:59:57,440

skeptic because i kind of stand off to

1595

01:00:01,270 --> 00:59:59,040

the side while everybody else is you

1596

01:00:04,150 --> 01:00:01,280

know carrying you know the new emperor

1597

01:00:06,230 --> 01:00:04,160

into town with his new duds

1598

01:00:07,670 --> 01:00:06,240

right whether anybody can see him or not

1599

01:00:09,349 --> 01:00:07,680

i mean i tend to be that person like

1600

01:00:11,750 --> 01:00:09,359

yourself jane who kind of hangs back

1601
01:00:14,230 --> 01:00:11,760
waits watches and sees how things go

1602
01:00:18,630 --> 01:00:16,549
despite having as most of the ufo

1603
01:00:21,190 --> 01:00:18,640
community does

1604
01:00:23,430 --> 01:00:21,200
those kinds of concerns going into

1605
01:00:25,270 --> 01:00:23,440
things i think louis lozando has proven

1606
01:00:26,150 --> 01:00:25,280
to be a person who

1607
01:00:28,069 --> 01:00:26,160
is

1608
01:00:29,430 --> 01:00:28,079
of noble character and again i don't

1609
01:00:31,270 --> 01:00:29,440
want to just try and like prop him up

1610
01:00:32,150 --> 01:00:31,280
and write his autobiography's biography

1611
01:00:34,390 --> 01:00:32,160
i'm sorry i couldn't write his

1612
01:00:36,870 --> 01:00:34,400
autobiography could i but but again but

1613
01:00:38,710 --> 01:00:36,880

the whole thing is is that i i do want

1614

01:00:40,710 --> 01:00:38,720

to acknowledge a person who i think is a

1615

01:00:41,510 --> 01:00:40,720

good person with good intentions versus

1616

01:00:43,430 --> 01:00:41,520

you know

1617

01:00:45,190 --> 01:00:43,440

being a person who falls into that cult

1618

01:00:48,230 --> 01:00:45,200

of personality you know almost

1619

01:00:49,829 --> 01:00:48,240

worshipfulness and i do think frankly

1620

01:00:50,950 --> 01:00:49,839

that there was a lot of that early on i

1621

01:00:53,109 --> 01:00:50,960

mean there were the people who were like

1622

01:00:55,589 --> 01:00:53,119

this guy's just another you know problem

1623

01:00:56,789 --> 01:00:55,599

this guy's just feeding us this

1624

01:00:58,470 --> 01:00:56,799

the on the other hand there was this

1625

01:01:00,309 --> 01:00:58,480

almost like just

1626

01:01:02,789 --> 01:01:00,319

you know this this kind of just hero

1627

01:01:04,470 --> 01:01:02,799

worship kind of thing going on messiah

1628

01:01:06,549 --> 01:01:04,480

sort of thing yeah and i mean i'm like

1629

01:01:08,069 --> 01:01:06,559

he's a dude he's a person he's a guy who

1630

01:01:09,349 --> 01:01:08,079

wears a ball cap he drinks beer like

1631

01:01:11,670 --> 01:01:09,359

everybody else on sunday nights and

1632

01:01:14,069 --> 01:01:11,680

watches james fox documentaries come on

1633

01:01:15,430 --> 01:01:14,079

you know he's not any different from us

1634

01:01:17,750 --> 01:01:15,440

except for

1635

01:01:18,950 --> 01:01:17,760

he happens to work you know for the

1636

01:01:20,630 --> 01:01:18,960

pentagon

1637

01:01:21,990 --> 01:01:20,640

and he happens to be in charge of a

1638

01:01:23,829 --> 01:01:22,000

portfolio

1639

01:01:25,589 --> 01:01:23,839

that included among other things you

1640

01:01:27,270 --> 01:01:25,599

know aerospace threats with the advanced

1641

01:01:29,910 --> 01:01:27,280

variety and those which the pentagon

1642

01:01:31,910 --> 01:01:29,920

still says it can't identify but again

1643

01:01:33,430 --> 01:01:31,920

i can only tell you from my own personal

1644

01:01:34,630 --> 01:01:33,440

experience and i mean

1645

01:01:36,309 --> 01:01:34,640

i don't think i would say i have

1646

01:01:38,230 --> 01:01:36,319

reservations about louis lazonda but i

1647

01:01:40,150 --> 01:01:38,240

have reservations about the government's

1648

01:01:42,150 --> 01:01:40,160

involvement in all of this which

1649

01:01:44,390 --> 01:01:42,160

again lou has expressed similar

1650

01:01:47,990 --> 01:01:44,400

reservations so i find myself as time

1651
01:01:50,950 --> 01:01:48,000
goes on more and more increasingly

1652
01:01:52,470 --> 01:01:50,960
on low's you know kind of wavelength as

1653
01:01:53,750 --> 01:01:52,480
it relates to all this especially if you

1654
01:01:55,589 --> 01:01:53,760
haven't read his tweets from the other

1655
01:01:58,230 --> 01:01:55,599
day after the announcement of the new

1656
01:02:00,470 --> 01:01:58,240
airborne airborne object identification

1657
01:02:02,230 --> 01:02:00,480
management and synchronization group who

1658
01:02:04,150 --> 01:02:02,240
has some rather strong words to express

1659
01:02:05,510 --> 01:02:04,160
about this i think that everyone should

1660
01:02:07,349 --> 01:02:05,520
take to heart what he says but again as

1661
01:02:09,589 --> 01:02:07,359
time goes on i have seen him to be not

1662
01:02:11,109 --> 01:02:09,599
only a person of character but also a

1663
01:02:13,109 --> 01:02:11,119

person who seems to share the

1664

01:02:15,829 --> 01:02:13,119

convictions of folks like you jane and

1665

01:02:18,950 --> 01:02:15,839

you ryan and me and and i think that he

1666

01:02:20,950 --> 01:02:18,960

is um a person who is as concerned about

1667

01:02:22,630 --> 01:02:20,960

what's happening in this space with

1668

01:02:25,029 --> 01:02:22,640

regard to uap and the military's

1669

01:02:26,870 --> 01:02:25,039

involvement with it as anyone else last

1670

01:02:28,230 --> 01:02:26,880

point i promise i'll shut up

1671

01:02:29,750 --> 01:02:28,240

again if we go back and we look at the

1672

01:02:31,670 --> 01:02:29,760

actual resignation letter when he

1673

01:02:34,470 --> 01:02:31,680

actually left government his resignation

1674

01:02:35,750 --> 01:02:34,480

letter to then general mattis seems to

1675

01:02:37,430 --> 01:02:35,760

spell it out he didn't feel like there

1676

01:02:40,230 --> 01:02:37,440

was enough being done

1677

01:02:42,309 --> 01:02:40,240

and so again i think that you know it's

1678

01:02:44,549 --> 01:02:42,319

important for a person to not jump to

1679

01:02:47,349 --> 01:02:44,559

conclusions but maybe slowly form their

1680

01:02:49,589 --> 01:02:47,359

opinion over time as jane outlined doing

1681

01:02:52,309 --> 01:02:49,599

don't form fan clubs

1682

01:02:54,549 --> 01:02:52,319

form a reasoned response over time

1683

01:02:55,990 --> 01:02:54,559

carefully and cautiously but after doing

1684

01:02:58,230 --> 01:02:56,000

that i'm i'm more and more pressed as

1685

01:03:00,390 --> 01:02:58,240

time goes on more and more impressed as

1686

01:03:01,510 --> 01:03:00,400

time goes on with louis elizondo and the

1687

01:03:02,870 --> 01:03:01,520

work he's done and let's just

1688

01:03:04,630 --> 01:03:02,880

acknowledge i think he's done an awful

1689

01:03:07,349 --> 01:03:04,640

lot for the community

1690

01:03:09,190 --> 01:03:07,359

i'd have to agree and i'll just say this

1691

01:03:11,349 --> 01:03:09,200

dude smells good i don't know what

1692

01:03:12,750 --> 01:03:11,359

cologne he wears but

1693

01:03:15,829 --> 01:03:12,760

but he smells

1694

01:03:17,670 --> 01:03:15,839

fantastic i'm just gonna say that i know

1695

01:03:19,829 --> 01:03:17,680

that's going to be the sound bite that

1696

01:03:21,589 --> 01:03:19,839

people are going to rip but whatever you

1697

01:03:23,349 --> 01:03:21,599

have to keep the marriage advice to

1698

01:03:26,230 --> 01:03:23,359

yourself ryan

1699

01:03:28,950 --> 01:03:26,240

oh he gave me he wrote i want to know

1700

01:03:30,950 --> 01:03:28,960

12 33 i've been married 12 years today

1701

01:03:32,069 --> 01:03:30,960

1702

01:03:34,230 --> 01:03:32,079

doing it right i'm going to have to come

1703

01:03:35,029 --> 01:03:34,240

to you for advice oh no i'll take advice

1704

01:03:36,870 --> 01:03:35,039

still

1705

01:03:38,950 --> 01:03:36,880

trust me

1706

01:03:40,950 --> 01:03:38,960

well we have unidentified celebrity

1707

01:03:43,510 --> 01:03:40,960

1708

01:03:45,990 --> 01:03:43,520

1709

01:03:48,789 --> 01:03:46,000

studios so thanks man thanks for hopping

1710

01:03:50,549 --> 01:03:48,799

in listening to us here um

1711

01:03:52,710 --> 01:03:50,559

yeah we've got a bunch of the ucr crew

1712

01:03:55,349 --> 01:03:52,720

so thank you guys thanks for being here

1713

01:03:57,190 --> 01:03:55,359

let's move on micah i know you have

1714

01:03:59,430 --> 01:03:57,200

limited time tonight my man so you let

1715

01:04:01,270 --> 01:03:59,440

me know i've got one more story before

1716

01:04:03,109 --> 01:04:01,280

we get to gila brand amendment but it's

1717

01:04:04,950 --> 01:04:03,119

up to you we can go fast forward to

1718

01:04:06,950 --> 01:04:04,960

gillibrand now or what do you think well

1719

01:04:09,190 --> 01:04:06,960

you know i'm putting you on the spot let

1720

01:04:12,870 --> 01:04:09,200

me just put it this way sprague when the

1721

01:04:15,190 --> 01:04:12,880

call of duty is on the table before you

1722

01:04:17,910 --> 01:04:15,200

you know well i guess you do what duty

1723

01:04:19,589 --> 01:04:17,920

calls for and so here i am and therefore

1724

01:04:21,510 --> 01:04:19,599

i shall remain so let's just go i'm

1725

01:04:23,349 --> 01:04:21,520

going to press on through tonight

1726

01:04:25,670 --> 01:04:23,359

thank you

1727

01:04:28,069 --> 01:04:25,680

i see i knew if i did this publicly

1728

01:04:28,789 --> 01:04:28,079

you'd have to stay so i'm a manipulative

1729

01:04:30,390 --> 01:04:28,799

guy

1730

01:04:32,069 --> 01:04:30,400

just like that

1731

01:04:34,549 --> 01:04:32,079

jane don't ever let me pull this on you

1732

01:04:39,670 --> 01:04:36,390

watch out for this one he's dangerous

1733

01:04:41,829 --> 01:04:39,680

all right it's it's it's luis's um uh

1734

01:04:43,910 --> 01:04:41,839

anniversary happy anniversary louise

1735

01:04:45,510 --> 01:04:43,920

happy that's so cool indeed that's why

1736

01:04:47,349 --> 01:04:45,520

he's at universal that makes perfect

1737

01:04:50,309 --> 01:04:47,359

sense um

1738

01:04:52,069 --> 01:04:50,319

awesome all right well this one really

1739

01:04:53,589 --> 01:04:52,079

caught my attention not a lot of people

1740

01:04:56,390 --> 01:04:53,599

talked about it but this comes from our

1741

01:05:00,150 --> 01:04:56,400

good friend john greenwald over at the

1742

01:05:03,270 --> 01:05:00,160

black vault an interview he did with um

1743

01:05:05,750 --> 01:05:03,280

the former cia director from 93 to 95

1744

01:05:07,430 --> 01:05:05,760

james woosley and again mike i know

1745

01:05:10,230 --> 01:05:07,440

you've touched on this on your show as

1746

01:05:12,470 --> 01:05:10,240

well but uh james brought up a very

1747

01:05:15,109 --> 01:05:12,480

interesting ufo encounter that a friend

1748

01:05:16,950 --> 01:05:15,119

of his had and all of us kind of stopped

1749

01:05:19,270 --> 01:05:16,960

in our tracks when we heard about this

1750

01:05:21,270 --> 01:05:19,280

so i'm gonna play the clip really quick

1751

01:05:23,430 --> 01:05:21,280

and then we'll talk about this and what

1752

01:05:26,789 --> 01:05:23,440

role it might play moving forward with

1753

01:05:30,390 --> 01:05:26,799

the intelligence agencies and ufos let

1754

01:05:31,430 --> 01:05:30,400

me find that here it is let's go um

1755

01:05:35,190 --> 01:05:31,440

there

1756

01:05:37,190 --> 01:05:35,200

was one case in which a friend of mine

1757

01:05:38,470 --> 01:05:37,200

uh

1758

01:05:41,270 --> 01:05:38,480

was able

1759

01:05:45,270 --> 01:05:41,280

to have his aircraft stop

1760

01:05:46,309 --> 01:05:45,280

at forty thousand feet or so and not

1761

01:05:47,510 --> 01:05:46,319

continue

1762

01:05:52,950 --> 01:05:47,520

uh

1763

01:05:56,390 --> 01:05:52,960

was going on i don't know does anybody

1764

01:05:59,589 --> 01:05:56,400

know we'll have to look into it

1765

01:06:02,710 --> 01:05:59,599

there have just been enough things like

1766

01:06:05,910 --> 01:06:02,720

that that have occurred

1767

01:06:07,109 --> 01:06:05,920

that uh i think uh there will be

1768

01:06:08,870 --> 01:06:07,119

a lot of

1769

01:06:11,670 --> 01:06:08,880

examination

1770

01:06:15,670 --> 01:06:11,680

of what's uh uh going on uh over the

1771

01:06:18,549 --> 01:06:15,680

course of the the several months or

1772

01:06:19,750 --> 01:06:18,559

maybe years but maybe months uh indigo

1773

01:06:21,910 --> 01:06:19,760

and obviously you're talking about the

1774

01:06:24,950 --> 01:06:21,920

secrecy around unidentified aerial

1775

01:06:25,910 --> 01:06:24,960

phenomena and and ufos can i ask you to

1776

01:06:27,589 --> 01:06:25,920

clarify

1777

01:06:29,750 --> 01:06:27,599

were you using an analogy or were you

1778

01:06:31,670 --> 01:06:29,760

being serious that you had a friend that

1779

01:06:33,349 --> 01:06:31,680

had an aircraft of 40 000 feet that

1780

01:06:35,510 --> 01:06:33,359

mysteriously stopped

1781

01:06:37,270 --> 01:06:35,520

i said it was i would

1782

01:06:39,029 --> 01:06:37,280

i had

1783

01:06:39,990 --> 01:06:39,039

i have a friend who

1784

01:06:40,390 --> 01:06:40,000

had

1785

01:06:41,910 --> 01:06:40,400

uh

1786

01:06:44,230 --> 01:06:41,920

[Music]

1787

01:06:46,710 --> 01:06:44,240

been in an aircraft

1788

01:06:48,230 --> 01:06:46,720

forty thousand is not crazy i mean and

1789

01:06:50,230 --> 01:06:48,240

that's just

1790

01:06:52,789 --> 01:06:50,240

all your pilots looking at this no

1791

01:06:54,230 --> 01:06:52,799

that's this is that's not a wild and

1792

01:06:55,589 --> 01:06:54,240

crazy idea

1793

01:06:58,829 --> 01:06:55,599

um

1794

01:07:01,109 --> 01:06:58,839

but i've talked to someone whom i

1795

01:07:03,349 --> 01:07:01,119

respect who

1796

01:07:06,470 --> 01:07:03,359

says that there was some event in which

1797

01:07:09,510 --> 01:07:06,480

a an aircraft was paused

1798

01:07:12,150 --> 01:07:09,520

uh and basically that's all

1799

01:07:13,670 --> 01:07:12,160

i know about that wow i mean you're

1800

01:07:15,029 --> 01:07:13,680

you're kind of blowing my mind there i

1801
01:07:18,470 --> 01:07:15,039
really didn't expect that type of a

1802
01:07:24,069 --> 01:07:20,470
um

1803
01:07:27,430 --> 01:07:24,079
paused airplane in midair i mean

1804
01:07:29,430 --> 01:07:27,440
is this dude nuts or like what

1805
01:07:30,950 --> 01:07:29,440
yeah i was told by a friend of a friend

1806
01:07:33,190 --> 01:07:30,960
of a friend of a friend that this hat

1807
01:07:35,109 --> 01:07:33,200
but yeah what did you guys think when uh

1808
01:07:36,870 --> 01:07:35,119
john brought this forward um whoever

1809
01:07:40,069 --> 01:07:36,880
wants to hop in there this is a pretty

1810
01:07:42,549 --> 01:07:40,079
crazy dramatic ufo encounter if true

1811
01:07:45,910 --> 01:07:42,559
jane go ahead please i hadn't i hadn't

1812
01:07:48,309 --> 01:07:45,920
heard this testimony yet so i i'm

1813
01:07:50,150 --> 01:07:48,319

i mean the first thing i think of and

1814

01:07:52,150 --> 01:07:50,160

because i don't have any dates or names

1815

01:07:52,950 --> 01:07:52,160

though because it's so fuzzy but there

1816

01:07:54,390 --> 01:07:52,960

are

1817

01:07:55,589 --> 01:07:54,400

some good

1818

01:07:57,829 --> 01:07:55,599

pilot

1819

01:07:59,910 --> 01:07:57,839

sightings and encounters and those are

1820

01:08:01,109 --> 01:07:59,920

some of the most mind-blowing right

1821

01:08:03,349 --> 01:08:01,119

where you have

1822

01:08:06,390 --> 01:08:03,359

a plane that um

1823

01:08:08,069 --> 01:08:06,400

can't be found afterward right or things

1824

01:08:09,750 --> 01:08:08,079

like this it's what

1825

01:08:11,670 --> 01:08:09,760

i wish i could think of a particu

1826

01:08:13,270 --> 01:08:11,680

there's a particular case

1827

01:08:15,349 --> 01:08:13,280

i can't even i don't want to say it's

1828

01:08:17,430 --> 01:08:15,359

like australia but it's probably china

1829

01:08:20,309 --> 01:08:17,440

or something for all i know and

1830

01:08:21,910 --> 01:08:20,319

um where there was a plane

1831

01:08:23,510 --> 01:08:21,920

and there was

1832

01:08:26,070 --> 01:08:23,520

i guess we could guess that there might

1833

01:08:28,550 --> 01:08:26,080

have been um

1834

01:08:31,269 --> 01:08:28,560

like a i want to say like a flying disc

1835

01:08:33,990 --> 01:08:31,279

or something was like atta sucked up to

1836

01:08:34,870 --> 01:08:34,000

it or like seen attached to it

1837

01:08:37,349 --> 01:08:34,880

um

1838

01:08:39,749 --> 01:08:37,359

by one witness and then there was you

1839

01:08:41,749 --> 01:08:39,759

know the separate um

1840

01:08:44,070 --> 01:08:41,759

but yeah i'm gonna have to that's a

1841

01:08:46,390 --> 01:08:44,080

horrible rendition of that case i'm

1842

01:08:48,870 --> 01:08:46,400

gonna have to look it up but that's what

1843

01:08:50,070 --> 01:08:48,880

it makes me think of you know what would

1844

01:08:53,189 --> 01:08:50,080

what would

1845

01:08:56,709 --> 01:08:53,199

halt a plane um

1846

01:08:59,430 --> 01:08:56,719

something above it or below it that's

1847

01:09:01,749 --> 01:08:59,440

the time warp bubble like louis elizondo

1848

01:09:03,990 --> 01:09:01,759

talks about right where you know objects

1849

01:09:05,669 --> 01:09:04,000

aren't flying necessarily they're moving

1850

01:09:10,390 --> 01:09:05,679

things around them

1851

01:09:14,309 --> 01:09:10,400

so did this plane get caught up in

1852

01:09:15,910 --> 01:09:14,319

some other ufo's trap travel you know uh

1853

01:09:16,950 --> 01:09:15,920

path

1854

01:09:21,269 --> 01:09:16,960

bizarre

1855

01:09:22,149 --> 01:09:21,279

i i'm so glad you mentioned that i i

1856

01:09:24,229 --> 01:09:22,159

don't know

1857

01:09:26,789 --> 01:09:24,239

if it was the second or third episode of

1858

01:09:29,669 --> 01:09:26,799

somewhere in the skies very early uh

1859

01:09:32,550 --> 01:09:29,679

micah you were my guest and um

1860

01:09:35,749 --> 01:09:32,560

the second yes and um we talked in depth

1861

01:09:36,709 --> 01:09:35,759

about the valentich case in australia i

1862

01:09:38,550 --> 01:09:36,719

don't know if that's the one you're

1863

01:09:40,550 --> 01:09:38,560

thinking that's it

1864

01:09:42,630 --> 01:09:40,560

micah actually didn't you speak to the

1865

01:09:44,950 --> 01:09:42,640

girlfriend of the pilot that that

1866

01:09:46,630 --> 01:09:44,960

occurred to i sure did yeah she and i

1867

01:09:48,070 --> 01:09:46,640

remain in touch

1868

01:09:49,669 --> 01:09:48,080

to some extent these days you know

1869

01:09:51,669 --> 01:09:49,679

rhonda rushton i hope i'll always be in

1870

01:09:53,510 --> 01:09:51,679

touch with ronda had been

1871

01:09:56,229 --> 01:09:53,520

uh the girlfriend of the pilot who went

1872

01:09:57,990 --> 01:09:56,239

missing and i suspect i know the the um

1873

01:10:00,630 --> 01:09:58,000

the description that you're offering of

1874

01:10:02,550 --> 01:10:00,640

a tangent observation about that case

1875

01:10:05,189 --> 01:10:02,560

jane because there had been an

1876

01:10:06,630 --> 01:10:05,199

independent siding uh where someone said

1877

01:10:08,390 --> 01:10:06,640

that they saw a flying saucer that

1878

01:10:11,590 --> 01:10:08,400

appeared to have like a plane stuck to

1879

01:10:12,550 --> 01:10:11,600

it yes i think that's yes correct

1880

01:10:14,870 --> 01:10:12,560

okay

1881

01:10:16,709 --> 01:10:14,880

and i think it was that case but it was

1882

01:10:19,830 --> 01:10:16,719

it was like an incident

1883

01:10:23,189 --> 01:10:19,840

it wasn't in all the reports of that

1884

01:10:25,030 --> 01:10:23,199

case i remember i i found that just upon

1885

01:10:28,070 --> 01:10:25,040

digging and i didn't know how verified

1886

01:10:28,790 --> 01:10:28,080

that was trying to look for it now oh

1887

01:10:31,270 --> 01:10:28,800

yeah

1888

01:10:32,870 --> 01:10:31,280

there's this um oh sorry it's playing

1889

01:10:34,229 --> 01:10:32,880

something on my phone

1890

01:10:36,149 --> 01:10:34,239

i was trying to show you there's this

1891

01:10:38,870 --> 01:10:36,159

like kind of crappy

1892

01:10:40,070 --> 01:10:38,880

um i don't know i can't see it on my

1893

01:10:42,229 --> 01:10:40,080

phone

1894

01:10:45,910 --> 01:10:42,239

oh you can't see it it's like an

1895

01:10:47,990 --> 01:10:45,920

artist's rendition of just that yes and

1896

01:10:50,310 --> 01:10:48,000

so i i don't know you have these

1897

01:10:53,350 --> 01:10:50,320

separate accounts and

1898

01:10:56,229 --> 01:10:53,360

wilds just adds confusion into the fire

1899

01:10:57,510 --> 01:10:56,239

i guess certainly yes i mean you know as

1900

01:10:58,870 --> 01:10:57,520

far as the pilot

1901

01:11:00,870 --> 01:10:58,880

angle on all this and what's being

1902

01:11:02,470 --> 01:11:00,880

described you know by the former cia

1903

01:11:04,790 --> 01:11:02,480

director i mean in that interview with

1904

01:11:06,470 --> 01:11:04,800

john greenwald jr again just

1905

01:11:08,149 --> 01:11:06,480

truly an icon in this field in my

1906

01:11:09,750 --> 01:11:08,159

opinion and one of my favorite guys but

1907

01:11:12,310 --> 01:11:09,760

uh john

1908

01:11:14,709 --> 01:11:12,320

i think was as gobsmacked by that

1909

01:11:16,709 --> 01:11:14,719

statement as any of us were

1910

01:11:18,390 --> 01:11:16,719

i don't think he'd expected that now

1911

01:11:20,229 --> 01:11:18,400

i'll just mention that you know many

1912

01:11:23,030 --> 01:11:20,239

years ago i was on coast to coast am

1913

01:11:25,030 --> 01:11:23,040

late one night and this pilot no no i'm

1914

01:11:26,550 --> 01:11:25,040

sorry i wasn't on no no no this was not

1915

01:11:28,790 --> 01:11:26,560

while i was on

1916

01:11:31,030 --> 01:11:28,800

i was listening to the show and leslie

1917

01:11:33,590 --> 01:11:31,040

kane had been the guest yeah

1918

01:11:35,830 --> 01:11:33,600

i was on coast to coast recently uh and

1919

01:11:37,590 --> 01:11:35,840

and it seems that uh in fact actually

1920

01:11:40,149 --> 01:11:37,600

time before last that i was on the show

1921

01:11:41,750 --> 01:11:40,159

john and i were both on that night just

1922

01:11:43,350 --> 01:11:41,760

not together they had john first and

1923

01:11:44,870 --> 01:11:43,360

then me and i got up early so i could

1924

01:11:46,229 --> 01:11:44,880

listen to john

1925

01:11:47,830 --> 01:11:46,239

and then i don't know if john stayed up

1926

01:11:49,350 --> 01:11:47,840

late to listen to me but i mean i was i

1927

01:11:52,950 --> 01:11:49,360

i of course i'm always checking out the

1928

01:11:54,470 --> 01:11:52,960

entire thing but now on this uh incident

1929

01:11:55,430 --> 01:11:54,480

or this instance it was almost an

1930

01:11:57,910 --> 01:11:55,440

incident

1931

01:11:59,750 --> 01:11:57,920

um leslie kane had been a guest on coast

1932

01:12:01,030 --> 01:11:59,760

coast this particular evening and this

1933

01:12:02,550 --> 01:12:01,040

was years ago i think around the time

1934

01:12:04,070 --> 01:12:02,560

that her book you know ufos you know

1935

01:12:05,669 --> 01:12:04,080

pilots generals and government officials

1936

01:12:07,669 --> 01:12:05,679

go on the record and i was really

1937

01:12:09,189 --> 01:12:07,679

interested in hearing what leslie had to

1938

01:12:10,709 --> 01:12:09,199

say and so

1939

01:12:13,590 --> 01:12:10,719

i tuned in and listened and there was

1940

01:12:15,669 --> 01:12:13,600

this pilot who called in from coos bay

1941

01:12:17,110 --> 01:12:15,679

who told this story about how in world

1942

01:12:18,950 --> 01:12:17,120

war ii

1943

01:12:20,950 --> 01:12:18,960

that a pilot uh

1944

01:12:22,470 --> 01:12:20,960

he'd been actually part of a group that

1945

01:12:24,630 --> 01:12:22,480

was flying and this was i guess over

1946

01:12:25,910 --> 01:12:24,640

burma india i believe and he says that

1947

01:12:27,830 --> 01:12:25,920

they all

1948

01:12:29,830 --> 01:12:27,840

there was you know the primary

1949

01:12:31,030 --> 01:12:29,840

aircraft and then the wing pilots and

1950

01:12:32,870 --> 01:12:31,040

everything and that they flew through

1951

01:12:34,390 --> 01:12:32,880

this kind of cloud formation and when

1952

01:12:38,790 --> 01:12:34,400

they came out of the cloud one of their

1953

01:12:44,310 --> 01:12:41,510

yeah and he said that so we returned

1954

01:12:46,229 --> 01:12:44,320

back to base and he said that

1955

01:12:47,910 --> 01:12:46,239

we assumed that there had been a fueling

1956

01:12:51,030 --> 01:12:47,920

problem and that the aircraft must have

1957

01:12:52,390 --> 01:12:51,040

just lost fuel and had turned back

1958

01:12:53,990 --> 01:12:52,400

but we got back to base and that

1959

01:12:55,910 --> 01:12:54,000

aircraft had not gone back and had not

1960

01:12:58,310 --> 01:12:55,920

arrived before us it was genuinely

1961

01:13:00,550 --> 01:12:58,320

missing so at this point they actually

1962

01:13:01,910 --> 01:13:00,560

dispatched a research or a rescue crew

1963

01:13:03,669 --> 01:13:01,920

to go out there and try and find the

1964

01:13:05,030 --> 01:13:03,679

area where the plane would have gone

1965

01:13:06,790 --> 01:13:05,040

down

1966

01:13:09,030 --> 01:13:06,800

never any sign of it

1967

01:13:10,310 --> 01:13:09,040

and uh so this story i mean i still have

1968

01:13:11,830 --> 01:13:10,320

a recording somewhere because i've been

1969

01:13:12,950 --> 01:13:11,840

monitoring the airwaves that night and i

1970

01:13:14,229 --> 01:13:12,960

thought this was so interesting i

1971

01:13:15,590 --> 01:13:14,239

started recording it and everything and

1972

01:13:16,790 --> 01:13:15,600

i actually still have that some place

1973

01:13:18,470 --> 01:13:16,800

and i always thought that was a very

1974

01:13:19,910 --> 01:13:18,480

fascinating story

1975

01:13:21,430 --> 01:13:19,920

um the valentine's case that you

1976

01:13:23,189 --> 01:13:21,440

described there jane you know again you

1977

01:13:25,510 --> 01:13:23,199

know frederick valentich was a pilot he

1978

01:13:27,350 --> 01:13:25,520

was a young pilot only 21 or 22 years

1979

01:13:29,750 --> 01:13:27,360

old and he was logging his hours had a

1980

01:13:32,070 --> 01:13:29,760

had a you know test coming up

1981

01:13:34,630 --> 01:13:32,080

that night he flew south over the bass

1982

01:13:36,870 --> 01:13:34,640

strait toward king island and um never

1983

01:13:38,550 --> 01:13:36,880

came back but while he was flying toward

1984

01:13:40,229 --> 01:13:38,560

king island he was in

1985

01:13:42,070 --> 01:13:40,239

contact with melbourne air traffic

1986

01:13:43,990 --> 01:13:42,080

control and said that there was an

1987

01:13:45,510 --> 01:13:44,000

object flying over him

1988

01:13:47,030 --> 01:13:45,520

and he just said that the object was

1989

01:13:48,149 --> 01:13:47,040

kind of like orbiting him and that he

1990

01:13:49,910 --> 01:13:48,159

was orbiting it but that it was

1991

01:13:51,750 --> 01:13:49,920

producing a green light

1992

01:13:53,350 --> 01:13:51,760

and the last thing that valentich said

1993

01:13:54,870 --> 01:13:53,360

was that you know the object is

1994

01:13:56,630 --> 01:13:54,880

melbourne it's hovering directly above

1995

01:13:58,870 --> 01:13:56,640

me it's hovering in it's not an aircraft

1996

01:14:00,790 --> 01:13:58,880

and then there was about 14 seconds of

1997

01:14:03,910 --> 01:14:00,800

metallic scraping sound and then they

1998

01:14:04,790 --> 01:14:03,920

lost all con uh contact with valentich

1999

01:14:05,990 --> 01:14:04,800

um

2000

01:14:07,750 --> 01:14:06,000

rhonda rushton who had been his

2001

01:14:09,110 --> 01:14:07,760

girlfriend at the time uh

2002

01:14:10,390 --> 01:14:09,120

i was able to get in touch with her

2003

01:14:11,830 --> 01:14:10,400

because the listener of my program

2004

01:14:13,669 --> 01:14:11,840

worked with her and said rhonda would be

2005

01:14:14,950 --> 01:14:13,679

willing to talk to you and talk about a

2006

01:14:16,470 --> 01:14:14,960

dear person

2007

01:14:18,630 --> 01:14:16,480

and she gave me a lot of information

2008

01:14:19,990 --> 01:14:18,640

that had not been published uh i'll

2009

01:14:22,390 --> 01:14:20,000

specifically say in the skeptical

2010

01:14:23,990 --> 01:14:22,400

literature which tries to argue that he

2011

01:14:25,430 --> 01:14:24,000

either just crashed into the ocean or

2012

01:14:27,750 --> 01:14:25,440

that he had a girlfriend on the other

2013

01:14:29,350 --> 01:14:27,760

island and was sneaking out i can assure

2014

01:14:31,110 --> 01:14:29,360

you it wasn't the latter and and as far

2015

01:14:32,790 --> 01:14:31,120

as what an excuse

2016

01:14:34,390 --> 01:14:32,800

well i mean you know and i asked rhonda

2017

01:14:36,709 --> 01:14:34,400

i said did any of the skeptics who made

2018

01:14:37,750 --> 01:14:36,719

these assertions talk to you at all not

2019

01:14:41,910 --> 01:14:37,760

one

2020

01:14:44,070 --> 01:14:41,920

whatever

2021

01:14:47,910 --> 01:14:44,080

now she was uh interviewed by the the

2022

01:14:50,070 --> 01:14:47,920

australian aviation authority and um

2023

01:14:52,310 --> 01:14:50,080

she had a very interesting remembrance

2024

01:14:53,590 --> 01:14:52,320

of what happened during that time but

2025

01:14:55,189 --> 01:14:53,600

again coming back to what woolsey

2026

01:14:57,350 --> 01:14:55,199

describes right there in that audio you

2027

01:14:59,590 --> 01:14:57,360

know i mean an aircraft being paused by

2028

01:15:01,350 --> 01:14:59,600

ufo one more incident comes to mind and

2029

01:15:04,310 --> 01:15:01,360

this is of course is the famous larry

2030

01:15:05,669 --> 01:15:04,320

coin encounter from 1973 where coin

2031

01:15:07,270 --> 01:15:05,679

is co-pilot and then the two other

2032

01:15:08,630 --> 01:15:07,280

servicemen who are coming back from a

2033

01:15:10,790 --> 01:15:08,640

medical exam they're on their way i

2034

01:15:12,390 --> 01:15:10,800

think to mansfield ohio they're flying a

2035

01:15:14,470 --> 01:15:12,400

huey helicopter and they see this red

2036

01:15:16,790 --> 01:15:14,480

light coming in from the uh i believe it

2037

01:15:18,470 --> 01:15:16,800

would have been the east i think

2038

01:15:20,870 --> 01:15:18,480

and as this thing's approaching they

2039

01:15:22,709 --> 01:15:20,880

think there's an aircraft that is on

2040

01:15:23,910 --> 01:15:22,719

course for a head-on collision with them

2041

01:15:25,030 --> 01:15:23,920

and when this thing gets in front of

2042

01:15:26,550 --> 01:15:25,040

them

2043

01:15:28,229 --> 01:15:26,560

i want to be very careful how i describe

2044

01:15:29,669 --> 01:15:28,239

this because it's essentially a tic tac

2045

01:15:32,790 --> 01:15:29,679

but they also said that there was a dome

2046

01:15:34,630 --> 01:15:32,800

like kind of an a protrusion on the top

2047

01:15:36,470 --> 01:15:34,640

so it wasn't like a tic tac quite

2048

01:15:38,310 --> 01:15:36,480

exactly but it was an oblong shaped

2049

01:15:39,830 --> 01:15:38,320

object with some sort of a dome on top

2050

01:15:41,510 --> 01:15:39,840

and that as they're observing this thing

2051

01:15:42,950 --> 01:15:41,520

it hovers

2052

01:15:44,870 --> 01:15:42,960

and then it goes

2053

01:15:47,110 --> 01:15:44,880

and it takes off to the west and it

2054

01:15:48,790 --> 01:15:47,120

vanishes right after kind of past this

2055

01:15:50,470 --> 01:15:48,800

this green light passes through and it

2056

01:15:52,630 --> 01:15:50,480

kind of scans them they say in the

2057

01:15:53,990 --> 01:15:52,640

cockpit at this point they look at their

2058

01:15:55,430 --> 01:15:54,000

altimeter and they realize that their

2059

01:15:57,350 --> 01:15:55,440

altitude is not what it should have been

2060

01:15:59,189 --> 01:15:57,360

it's like they were moved by the object

2061

01:16:02,149 --> 01:15:59,199

like when they were in close proximity

2062

01:16:03,990 --> 01:16:02,159

to this ufo coin and his company's

2063

01:16:06,070 --> 01:16:04,000

perception of the event was that they

2064

01:16:08,870 --> 01:16:06,080

had been moved by it and actually that

2065

01:16:11,189 --> 01:16:08,880

their altitude had raised so

2066

01:16:13,510 --> 01:16:11,199

it is interesting that there are pilots

2067

01:16:15,590 --> 01:16:13,520

who describe these kinds of effects

2068

01:16:16,790 --> 01:16:15,600

far more frequent and far less often

2069

01:16:18,950 --> 01:16:16,800

reported are just general

2070

01:16:20,950 --> 01:16:18,960

electromagnetic effects instrumental

2071

01:16:23,669 --> 01:16:20,960

disturbance even instrumental failure

2072

01:16:25,830 --> 01:16:23,679

coinciding with uh near

2073

01:16:28,229 --> 01:16:25,840

mid-air collisions or close observations

2074

01:16:29,669 --> 01:16:28,239

of uap by pilots and i've got to say

2075

01:16:31,750 --> 01:16:29,679

that ted rowe and the narcap

2076

01:16:33,750 --> 01:16:31,760

organization do an incredible job having

2077

01:16:35,350 --> 01:16:33,760

logged those over the years

2078

01:16:36,630 --> 01:16:35,360

there's a lot of data on that and i

2079

01:16:38,630 --> 01:16:36,640

think that it really deserves more

2080

01:16:40,070 --> 01:16:38,640

attention and i'm glad that right now in

2081

01:16:41,910 --> 01:16:40,080

the preliminary assessment that was

2082

01:16:44,870 --> 01:16:41,920

delivered to the odni back in june one

2083

01:16:46,550 --> 01:16:44,880

of the two main points really as far as

2084

01:16:47,350 --> 01:16:46,560

all the takeaways from that document one

2085

01:16:49,030 --> 01:16:47,360

being

2086

01:16:50,390 --> 01:16:49,040

you know uap represent a challenge to

2087

01:16:51,510 --> 01:16:50,400

national security but the other being

2088

01:16:53,189 --> 01:16:51,520

that they

2089

01:16:54,950 --> 01:16:53,199

whether directly or indirectly they

2090

01:16:56,950 --> 01:16:54,960

represent a threat to aviation both

2091

01:16:59,270 --> 01:16:56,960

military and civilian

2092

01:17:00,790 --> 01:16:59,280

if as you know the former cia director

2093

01:17:03,189 --> 01:17:00,800

told john greenwald

2094

01:17:05,510 --> 01:17:03,199

or if as we observe in the valentich

2095

01:17:07,430 --> 01:17:05,520

incident or if as we deserve observe in

2096

01:17:09,110 --> 01:17:07,440

cases like that from world war ii you

2097

01:17:10,709 --> 01:17:09,120

know in a disappearing flight if these

2098

01:17:11,669 --> 01:17:10,719

have to do with uap

2099

01:17:13,590 --> 01:17:11,679

there's definitely something that

2100

01:17:15,350 --> 01:17:13,600

warrants attention

2101

01:17:17,510 --> 01:17:15,360

and i think the valentine's case i was

2102

01:17:19,350 --> 01:17:17,520

just refreshing my memory it looks like

2103

01:17:22,070 --> 01:17:19,360

the australian government looked into

2104

01:17:25,189 --> 01:17:22,080

that and even and confirmed that he

2105

01:17:28,390 --> 01:17:25,199

wasn't fake it wasn't a fake um

2106

01:17:29,910 --> 01:17:28,400

crash and then to just to reiterate so

2107

01:17:32,550 --> 01:17:29,920

again i don't know how verified it was

2108

01:17:35,350 --> 01:17:32,560

it was an unknown farmer is who

2109

01:17:37,590 --> 01:17:35,360

purportedly saw a flying saucer hovering

2110

01:17:39,350 --> 01:17:37,600

with a cessna aircraft attached to it

2111

01:17:41,189 --> 01:17:39,360

and they even wrote down like the plane

2112

01:17:44,950 --> 01:17:41,199

registration number

2113

01:17:47,030 --> 01:17:44,960

um and apparently it like matched up to

2114

01:17:49,110 --> 01:17:47,040

things now i mean how

2115

01:17:51,430 --> 01:17:49,120

maybe that was after the fact you know

2116

01:17:53,830 --> 01:17:51,440

all of this somehow you know

2117

01:17:55,910 --> 01:17:53,840

worked out but yeah just

2118

01:17:58,070 --> 01:17:55,920

wild that's interesting yeah

2119

01:18:00,149 --> 01:17:58,080

um yeah and you know bringing from

2120

01:18:02,709 --> 01:18:00,159

valentich up until today

2121

01:18:05,910 --> 01:18:02,719

um i did an episode not too long ago

2122

01:18:08,630 --> 01:18:05,920

about the 1952 invasion um you know we

2123

01:18:11,669 --> 01:18:08,640

had the wave in washington um but all

2124

01:18:14,070 --> 01:18:11,679

around uh america primarily in

2125

01:18:16,709 --> 01:18:14,080

california there were ufos like crazy

2126

01:18:18,070 --> 01:18:16,719

and texas yes thanks chain i

2127

01:18:19,830 --> 01:18:18,080

that's why you're here that's why you're

2128

01:18:22,310 --> 01:18:19,840

here um

2129

01:18:24,070 --> 01:18:22,320

that uh pilots were having close

2130

01:18:26,470 --> 01:18:24,080

encounters with these things even like

2131

01:18:29,110 --> 01:18:26,480

mother ships and um

2132

01:18:30,709 --> 01:18:29,120

that brought us up until today and

2133

01:18:33,270 --> 01:18:30,719

something that mike has covered a lot at

2134

01:18:36,709 --> 01:18:33,280

the debrief is this uh conference that

2135

01:18:38,630 --> 01:18:36,719

happened with the faa and um you know

2136

01:18:41,669 --> 01:18:38,640

civilian aviation

2137

01:18:44,310 --> 01:18:41,679

again the report was talking just about

2138

01:18:47,430 --> 01:18:44,320

military ufo encounters with pilots but

2139

01:18:49,270 --> 01:18:47,440

now we're seeing that like the faa is

2140

01:18:51,990 --> 01:18:49,280

getting involved am i right micah in

2141

01:18:54,550 --> 01:18:52,000

that assessment or yeah what are they

2142

01:18:56,390 --> 01:18:54,560

doing now do they have to report now too

2143

01:18:58,310 --> 01:18:56,400

because i know they weren't before yeah

2144

01:19:00,229 --> 01:18:58,320

the faa had uh

2145

01:19:02,790 --> 01:19:00,239

for a long time said that they didn't

2146

01:19:04,470 --> 01:19:02,800

you know investigate ufo sightings and

2147

01:19:06,149 --> 01:19:04,480

didn't log information about those in

2148

01:19:07,510 --> 01:19:06,159

fact actually if you go to their website

2149

01:19:09,830 --> 01:19:07,520

and there was an article i did about

2150

01:19:13,189 --> 01:19:09,840

this earlier this year at the debrief

2151

01:19:16,149 --> 01:19:13,199

uh the uh the faa officially said if you

2152

01:19:18,709 --> 01:19:16,159

see a ufo you should contact bigelow

2153

01:19:19,669 --> 01:19:18,719

advanced aerospace studies right or you

2154

01:19:22,470 --> 01:19:19,679

should

2155

01:19:23,990 --> 01:19:22,480

contact local law enforcement um

2156

01:19:25,830 --> 01:19:24,000

but they say we're not really interested

2157

01:19:27,430 --> 01:19:25,840

in ufo sightings now when the

2158

01:19:29,750 --> 01:19:27,440

preliminary assessment was delivered to

2159

01:19:32,070 --> 01:19:29,760

the odni back in june

2160

01:19:34,070 --> 01:19:32,080

it stated that the faa does supply some

2161

01:19:35,830 --> 01:19:34,080

information to the uap task force and so

2162

01:19:37,510 --> 01:19:35,840

i was very interested in what exactly

2163

01:19:39,510 --> 01:19:37,520

that meant and so i reached out to the

2164

01:19:42,310 --> 01:19:39,520

faa and i followed up with them and i

2165

01:19:43,990 --> 01:19:42,320

and i kept on the faa for many weeks and

2166

01:19:44,709 --> 01:19:44,000

then they finally issued a statement to

2167

01:19:45,669 --> 01:19:44,719

me

2168

01:19:47,910 --> 01:19:45,679

after going through about three

2169

01:19:50,870 --> 01:19:47,920

different uh spokespeople and they said

2170

01:19:53,030 --> 01:19:50,880

yes the faa does collect information on

2171

01:19:55,110 --> 01:19:53,040

and they still use the term unidentified

2172

01:19:57,189 --> 01:19:55,120

flying objects mind you which is not

2173

01:19:59,750 --> 01:19:57,199

unusual because i mean i know that uap

2174

01:20:01,750 --> 01:19:59,760

is more popular these days but really my

2175

01:20:03,310 --> 01:20:01,760

you know sense on all that is that

2176

01:20:05,990 --> 01:20:03,320

they're essentially just trying to

2177

01:20:08,470 --> 01:20:06,000

destigmatize the idea of ufos or little

2178

01:20:10,310 --> 01:20:08,480

green men by saying uap

2179

01:20:12,870 --> 01:20:10,320

there seems to be this notion that that

2180

01:20:13,990 --> 01:20:12,880

somehow legitimizes the conversation and

2181

01:20:16,310 --> 01:20:14,000

that's why i think a lot of people

2182

01:20:18,470 --> 01:20:16,320

prefer to use that but in my opinion as

2183

01:20:20,950 --> 01:20:18,480

far as i'm concerned i have no

2184

01:20:22,550 --> 01:20:20,960

preference ufo's fine the only issue i

2185

01:20:24,070 --> 01:20:22,560

would take with that is that i'm not

2186

01:20:26,550 --> 01:20:24,080

sure these objects are flying in any

2187

01:20:28,310 --> 01:20:26,560

sense of aerodynamic actual flight i

2188

01:20:30,390 --> 01:20:28,320

think that really a better way to

2189

01:20:32,229 --> 01:20:30,400

describe what they do is they move

2190

01:20:33,510 --> 01:20:32,239

through our atmosphere and they may be

2191

01:20:35,110 --> 01:20:33,520

able to move through space and move

2192

01:20:37,669 --> 01:20:35,120

through water just as easily and hence

2193

01:20:39,189 --> 01:20:37,679

that term trans medium that we have seen

2194

01:20:40,149 --> 01:20:39,199

introduced recently and of course which

2195

01:20:41,510 --> 01:20:40,159

i think was

2196

01:20:43,110 --> 01:20:41,520

really brought to a

2197

01:20:44,709 --> 01:20:43,120

large audience by tim mcmillan's

2198

01:20:46,709 --> 01:20:44,719

reporting there at the debrief right on

2199

01:20:47,590 --> 01:20:46,719

the day of our launch but all of that

2200

01:20:50,629 --> 01:20:47,600

said

2201

01:20:52,950 --> 01:20:50,639

again from my own part i think that uh

2202

01:20:54,790 --> 01:20:52,960

you know the faa and them being reticent

2203

01:20:57,110 --> 01:20:54,800

to acknowledge that they

2204

01:20:58,950 --> 01:20:57,120

investigate this phenomena when in fact

2205

01:21:01,910 --> 01:20:58,960

they do it's understandable the air

2206

01:21:03,590 --> 01:21:01,920

force has done the same thing no agency

2207

01:21:05,350 --> 01:21:03,600

in government wants to have to be

2208

01:21:07,030 --> 01:21:05,360

involved in this but the faa certainly

2209

01:21:08,629 --> 01:21:07,040

does look at uap and what they confirmed

2210

01:21:10,149 --> 01:21:08,639

to me was that they not only do but

2211

01:21:11,750 --> 01:21:10,159

again when a pilot observes something

2212

01:21:13,910 --> 01:21:11,760

that can be corroborated by instrumental

2213

01:21:16,149 --> 01:21:13,920

data namely radar and thereby there's

2214

01:21:17,750 --> 01:21:16,159

some sort of a instrumental cooperation

2215

01:21:19,990 --> 01:21:17,760

for us sighting

2216

01:21:21,590 --> 01:21:20,000

that data is supplied to the uap task

2217

01:21:24,550 --> 01:21:21,600

force and presumably will also be

2218

01:21:25,510 --> 01:21:24,560

supplied to its successor the aoi msg or

2219

01:21:31,270 --> 01:21:25,520

the

2220

01:21:35,910 --> 01:21:33,430

great transition my man you have brought

2221

01:21:38,310 --> 01:21:35,920

us up to the most recent news we're

2222

01:21:41,030 --> 01:21:38,320

going to talk about in 2021 before we do

2223

01:21:43,110 --> 01:21:41,040

that aaron disarro with a 20 super chat

2224

01:21:44,709 --> 01:21:43,120

thank you man thanks for the fun sunday

2225

01:21:47,189 --> 01:21:44,719

evening cheaper than going to a movie

2226

01:21:50,550 --> 01:21:47,199

what a deal i couldn't agree more man

2227

01:21:52,390 --> 01:21:50,560

thank you i really appreciate that um

2228

01:21:54,709 --> 01:21:52,400

wow everyone's been so supportive

2229

01:21:56,390 --> 01:21:54,719

tonight i really appreciate all of you

2230

01:21:58,629 --> 01:21:56,400

guys watching on your sunday night and

2231

01:22:00,870 --> 01:21:58,639

to our two amazing co-hosts for joining

2232

01:22:03,510 --> 01:22:00,880

us if you are just joining us we have

2233

01:22:05,750 --> 01:22:03,520

ufo jane and we have micah hanks here

2234

01:22:09,270 --> 01:22:05,760

with us and we are covering our favorite

2235

01:22:11,270 --> 01:22:09,280

stories from 2021 uh in terms of ufos

2236

01:22:13,510 --> 01:22:11,280

and obviously this is going to be one of

2237

01:22:16,470 --> 01:22:13,520

the favorites i think of all three of us

2238

01:22:18,790 --> 01:22:16,480

and many of you out there and that is

2239

01:22:21,350 --> 01:22:18,800

the gillibrand amendment

2240

01:22:23,510 --> 01:22:21,360

and the dod group we've got kind of a

2241

01:22:25,910 --> 01:22:23,520

godzilla verse mothra thing going on

2242

01:22:28,790 --> 01:22:25,920

here um so i'm gonna play another quick

2243

01:22:31,669 --> 01:22:28,800

video our last video i promise and then

2244

01:22:34,550 --> 01:22:31,679

we're gonna dive deep to wrap things up

2245

01:22:35,750 --> 01:22:34,560

here guys give me one sec here we go

2246

01:22:37,830 --> 01:22:35,760

there's certainly something being

2247

01:22:40,310 --> 01:22:37,840

detected on capitol hill where some

2248

01:22:42,790 --> 01:22:40,320

lawmakers are taking uap reports

2249

01:22:44,550 --> 01:22:42,800

seriously a bipartisan amendment

2250

01:22:46,870 --> 01:22:44,560

proposed in the national defense

2251

01:22:48,950 --> 01:22:46,880

authorization act would create a

2252

01:22:51,430 --> 01:22:48,960

permanent office to collect and

2253

01:22:53,750 --> 01:22:51,440

investigate data on the phenomenon

2254

01:22:55,830 --> 01:22:53,760

across the military intelligence and

2255

01:22:58,229 --> 01:22:55,840

civilian communities it would also

2256

01:23:00,709 --> 01:22:58,239

require the pentagon to provide regular

2257

01:23:03,350 --> 01:23:00,719

reports to congress and more importantly

2258

01:23:05,270 --> 01:23:03,360

to the public

2259

01:23:07,990 --> 01:23:05,280

particularly when it comes to sightings

2260

01:23:10,149 --> 01:23:08,000

reported by navy and air force pilots

2261

01:23:12,149 --> 01:23:10,159

new york senator kirsten gillibrand

2262

01:23:13,910 --> 01:23:12,159

co-sponsored that amendment with fellow

2263

01:23:16,709 --> 01:23:13,920

senate intelligence committee member

2264

01:23:19,030 --> 01:23:16,719

marco rubio among others she says this

2265

01:23:22,070 --> 01:23:19,040

is urgent regardless of the origins of

2266

01:23:24,149 --> 01:23:22,080

uap and recently told politico quote if

2267

01:23:26,709 --> 01:23:24,159

it is technologically possessed by

2268

01:23:27,669 --> 01:23:26,719

adversaries or any other entity we need

2269

01:23:29,590 --> 01:23:27,679

to know

2270

01:23:34,229 --> 01:23:29,600

burying our heads in the sand is neither

2271

01:23:36,870 --> 01:23:34,239

a strategy nor an acceptable approach

2272

01:23:38,950 --> 01:23:36,880

so yeah that's kind of just a tease of

2273

01:23:41,430 --> 01:23:38,960

the gillibrand amendment which i think

2274

01:23:43,510 --> 01:23:41,440

is what a lot of us were really excited

2275

01:23:46,390 --> 01:23:43,520

about and then what happens on

2276

01:23:49,350 --> 01:23:46,400

thanksgiving of all days or maybe the

2277

01:23:52,470 --> 01:23:49,360

night before i don't recall um exactly

2278

01:23:54,470 --> 01:23:52,480

but we get this news that and we should

2279

01:23:56,149 --> 01:23:54,480

have been expecting this micah you

2280

01:23:58,950 --> 01:23:56,159

brought this up recently a lot of people

2281

01:24:00,310 --> 01:23:58,960

have and i was one of the first to uh

2282

01:24:03,110 --> 01:24:00,320

jump all over this and be like what is

2283

01:24:05,189 --> 01:24:03,120

this bs the dod is creating something to

2284

01:24:06,629 --> 01:24:05,199

go against a gillibrand amendment i

2285

01:24:08,629 --> 01:24:06,639

can't believe it

2286

01:24:10,310 --> 01:24:08,639

guys they were saying this all along

2287

01:24:13,189 --> 01:24:10,320

that something was going to come after

2288

01:24:15,110 --> 01:24:13,199

the uap task force according to the dod

2289

01:24:17,510 --> 01:24:15,120

so i have to admit that i was one of

2290

01:24:20,070 --> 01:24:17,520

those people who um got a little too

2291

01:24:22,310 --> 01:24:20,080

heated and passionate at first but yeah

2292

01:24:24,790 --> 01:24:22,320

let's go there what is the gillibrand

2293

01:24:27,590 --> 01:24:24,800

amendment why were people so excited

2294

01:24:30,550 --> 01:24:27,600

about it and why did people have such

2295

01:24:33,110 --> 01:24:30,560

vitro for this dod thing after um

2296

01:24:35,430 --> 01:24:33,120

whoever wants to take that first

2297

01:24:38,149 --> 01:24:35,440

uh jane

2298

01:24:40,709 --> 01:24:38,159

yeah no yeah no yeah um please do the

2299

01:24:41,990 --> 01:24:40,719

gila brand amendment breakdown

2300

01:24:44,709 --> 01:24:42,000

and then i want your take on the other

2301

01:24:46,629 --> 01:24:44,719

side so um wish me luck so the brand

2302

01:24:47,990 --> 01:24:46,639

amendment uh you know is a proposed

2303

01:24:51,350 --> 01:24:48,000

amendment to the national defense

2304

01:24:52,950 --> 01:24:51,360

authorization act for fiscal year 2022

2305

01:24:54,870 --> 01:24:52,960

in the senate version

2306

01:24:56,390 --> 01:24:54,880

now that is currently stalled uh and

2307

01:24:58,550 --> 01:24:56,400

there are a number of reasons why but

2308

01:25:01,110 --> 01:24:58,560

really kind of key if we had to identify

2309

01:25:03,669 --> 01:25:01,120

one primary issue it is that

2310

01:25:06,070 --> 01:25:03,679

florida senator marco rubio

2311

01:25:08,310 --> 01:25:06,080

has basically blocked passage of the

2312

01:25:09,990 --> 01:25:08,320

bill until there is an additional

2313

01:25:12,870 --> 01:25:10,000

amendment provided

2314

01:25:15,110 --> 01:25:12,880

with regard to some controversies

2315

01:25:16,870 --> 01:25:15,120

allegations of human rights uh issues

2316

01:25:18,950 --> 01:25:16,880

and even possible genocide occurring in

2317

01:25:21,350 --> 01:25:18,960

a region in china that's a very very

2318

01:25:23,430 --> 01:25:21,360

very you know short answer for what's

2319

01:25:24,550 --> 01:25:23,440

going on here with this

2320

01:25:26,790 --> 01:25:24,560

now of course that has nothing to do

2321

01:25:29,910 --> 01:25:26,800

with uap but i i mentioned that because

2322

01:25:31,510 --> 01:25:29,920

rubio also co-sponsored another proposed

2323

01:25:32,870 --> 01:25:31,520

amendment and if you go over to the

2324

01:25:35,189 --> 01:25:32,880

senate's website and look at the

2325

01:25:37,350 --> 01:25:35,199

amendment checkers uh spread or the

2326

01:25:39,110 --> 01:25:37,360

amendment tracker i guess actually a

2327

01:25:40,470 --> 01:25:39,120

spreadsheet i mean there are so many

2328

01:25:42,950 --> 01:25:40,480

amendments i understand that there were

2329

01:25:44,870 --> 01:25:42,960

i think 25 that that the

2330

01:25:46,709 --> 01:25:44,880

uh senate had whittled down in their

2331

01:25:48,870 --> 01:25:46,719

version of this bill that they were

2332

01:25:50,070 --> 01:25:48,880

going to try and vote on until rubio had

2333

01:25:51,990 --> 01:25:50,080

said you know we can't move forward

2334

01:25:52,870 --> 01:25:52,000

until we get agreement on this bill as

2335

01:25:54,950 --> 01:25:52,880

well

2336

01:25:57,030 --> 01:25:54,960

and that's been essentially blocked

2337

01:25:58,629 --> 01:25:57,040

both by republicans and democrats not to

2338

01:25:59,990 --> 01:25:58,639

get into politics but i think that's an

2339

01:26:01,430 --> 01:26:00,000

important thing to understand as we look

2340

01:26:02,310 --> 01:26:01,440

at really what we're talking about here

2341

01:26:04,149 --> 01:26:02,320

because

2342

01:26:05,830 --> 01:26:04,159

as far as this gillibrand rubio

2343

01:26:08,470 --> 01:26:05,840

amendment as it has been referred to

2344

01:26:10,629 --> 01:26:08,480

since rubio also co-sponsored it we're

2345

01:26:11,669 --> 01:26:10,639

talking about an amendment a proposed

2346

01:26:13,430 --> 01:26:11,679

amendment

2347

01:26:16,310 --> 01:26:13,440

that would seek to establish or to

2348

01:26:18,390 --> 01:26:16,320

provide uh provisions that if passed

2349

01:26:21,030 --> 01:26:18,400

into law would direct

2350

01:26:23,350 --> 01:26:21,040

the dod to establish an anomaly

2351

01:26:25,669 --> 01:26:23,360

surveillance and resolution office as

2352

01:26:27,110 --> 01:26:25,679

gillibrand's amendment terms it

2353

01:26:29,030 --> 01:26:27,120

as you can imagine this although it

2354

01:26:31,110 --> 01:26:29,040

doesn't say anything about uap it is an

2355

01:26:32,709 --> 01:26:31,120

office that would look at uap a few

2356

01:26:35,350 --> 01:26:32,719

things that specifically are outlined in

2357

01:26:36,550 --> 01:26:35,360

this rather elaborately worded amendment

2358

01:26:39,350 --> 01:26:36,560

proposal

2359

01:26:41,110 --> 01:26:39,360

are the not only uh line organizations

2360

01:26:43,110 --> 01:26:41,120

that it calls for that would be able to

2361

01:26:45,189 --> 01:26:43,120

carry out rapid response uap

2362

01:26:46,470 --> 01:26:45,199

investigations field investigations of

2363

01:26:51,110 --> 01:26:46,480

uap

2364

01:26:53,510 --> 01:26:51,120

incidents occurring around nuclear bases

2365

01:26:55,189 --> 01:26:53,520

something we touched on earlier um there

2366

01:26:57,110 --> 01:26:55,199

is an emphasis on the trans-medium

2367

01:26:59,030 --> 01:26:57,120

aspect of all this not just looking at

2368

01:27:01,270 --> 01:26:59,040

aerial phenomena but i mean the the wide

2369

01:27:05,830 --> 01:27:01,280

range of different unidentified

2370

01:27:06,950 --> 01:27:05,840

phenomena that occur land sea air space

2371

01:27:08,470 --> 01:27:06,960

you know

2372

01:27:10,709 --> 01:27:08,480

and then of course also provisions and

2373

01:27:12,310 --> 01:27:10,719

this is key of importance in terms of

2374

01:27:14,870 --> 01:27:12,320

transparency

2375

01:27:16,629 --> 01:27:14,880

reporting at least in terms of an annual

2376

01:27:19,110 --> 01:27:16,639

report to congress

2377

01:27:19,990 --> 01:27:19,120

semi-annual briefings and then also

2378

01:27:22,390 --> 01:27:20,000

uh

2379

01:27:24,149 --> 01:27:22,400

also provisions for certain unclassified

2380

01:27:27,030 --> 01:27:24,159

information to be provided that thereby

2381

01:27:28,870 --> 01:27:27,040

may also be uh presented to the public

2382

01:27:30,550 --> 01:27:28,880

in unclassified reports similar to what

2383

01:27:33,030 --> 01:27:30,560

we saw in june

2384

01:27:35,510 --> 01:27:33,040

with the report delivered to the odni

2385

01:27:37,350 --> 01:27:35,520

all of that said this was only a

2386

01:27:39,189 --> 01:27:37,360

proposed amendment we wouldn't know if

2387

01:27:41,189 --> 01:27:39,199

this was going to be passed into law or

2388

01:27:43,110 --> 01:27:41,199

not for some time and now we may not

2389

01:27:44,709 --> 01:27:43,120

know until 2022 because the bill has

2390

01:27:46,229 --> 01:27:44,719

been stalled in the senate and my

2391

01:27:47,669 --> 01:27:46,239

understanding is that plan b is

2392

01:27:49,669 --> 01:27:47,679

essentially going to take this bill and

2393

01:27:51,270 --> 01:27:49,679

try and send this back to the house

2394

01:27:53,110 --> 01:27:51,280

and then basically get a house version

2395

01:27:55,510 --> 01:27:53,120

that the senate will vote on now

2396

01:27:57,189 --> 01:27:55,520

fortunately i'll mention also that in

2397

01:27:59,350 --> 01:27:57,199

the house version of the bill there was

2398

01:28:01,510 --> 01:27:59,360

a similar amendment and uh this

2399

01:28:04,070 --> 01:28:01,520

amendment had also proposed this known

2400

01:28:05,669 --> 01:28:04,080

as the galago amendment or this proposed

2401

01:28:08,709 --> 01:28:05,679

by senator from

2402

01:28:10,149 --> 01:28:08,719

um uh arizona i believe galago or was it

2403

01:28:12,390 --> 01:28:10,159

new mexico

2404

01:28:13,830 --> 01:28:12,400

oh shoot i don't remember i can i can

2405

01:28:15,189 --> 01:28:13,840

double check and probably find out here

2406

01:28:17,030 --> 01:28:15,199

it's important to get the facts ladies

2407

01:28:19,189 --> 01:28:17,040

and gentlemen only the facts right but

2408

01:28:20,870 --> 01:28:19,199

but this uh this aspect in the house

2409

01:28:23,350 --> 01:28:20,880

version of the bill

2410

01:28:24,870 --> 01:28:23,360

uh also yes i'm sorry yes uh let's see

2411

01:28:26,870 --> 01:28:24,880

oh no that's not it actually i'll find

2412

01:28:28,390 --> 01:28:26,880

it here in a moment but uh the galago

2413

01:28:30,550 --> 01:28:28,400

version appeared in the house and

2414

01:28:33,669 --> 01:28:30,560

actually had been the first version that

2415

01:28:36,550 --> 01:28:33,679

initially called for a office of uap

2416

01:28:38,550 --> 01:28:36,560

investigations within government uh and

2417

01:28:41,030 --> 01:28:38,560

let me see here

2418

01:28:42,790 --> 01:28:41,040

arizona yep there you go exactly

2419

01:28:44,709 --> 01:28:42,800

reuben's congressman ruben gallagher of

2420

01:28:46,229 --> 01:28:44,719

arizona was the first one to introduce

2421

01:28:49,510 --> 01:28:46,239

this house version

2422

01:28:51,189 --> 01:28:49,520

um so again the point is is that we may

2423

01:28:53,590 --> 01:28:51,199

still see

2424

01:28:55,750 --> 01:28:53,600

the senate pass legislation which has to

2425

01:28:58,070 --> 01:28:55,760

do with the establishment of a

2426

01:28:59,990 --> 01:28:58,080

uap office within government now the

2427

01:29:01,669 --> 01:29:00,000

shake-up occurred on november 23rd as

2428

01:29:04,149 --> 01:29:01,679

everybody in washington was going home

2429

01:29:07,030 --> 01:29:04,159

for the thanksgiving holiday

2430

01:29:09,350 --> 01:29:07,040

the dod quietly made a announcement by a

2431

01:29:12,629 --> 01:29:09,360

release at its website about the

2432

01:29:14,149 --> 01:29:12,639

establishment of the airborne um uh gosh

2433

01:29:14,790 --> 01:29:14,159

okay now even i can't remember it let's

2434

01:29:16,629 --> 01:29:14,800

see

2435

01:29:18,390 --> 01:29:16,639

you did it so perfectly

2436

01:29:20,550 --> 01:29:18,400

right yeah the airborne object

2437

01:29:22,709 --> 01:29:20,560

identification uh management and

2438

01:29:24,550 --> 01:29:22,719

synchronization group

2439

01:29:27,510 --> 01:29:24,560

there we go you got it

2440

01:29:29,990 --> 01:29:27,520

otherwise known as the take a drink yeah

2441

01:29:30,000 --> 01:29:34,229

yeah cheers to that right god

2442

01:29:38,550 --> 01:29:36,709

so anyway uh when they established this

2443

01:29:39,830 --> 01:29:38,560

um

2444

01:29:41,750 --> 01:29:39,840

one thing that was very interesting

2445

01:29:43,669 --> 01:29:41,760

about that now i'll note my colleague

2446

01:29:44,870 --> 01:29:43,679

tim macmillan co-founder the debrief

2447

01:29:47,270 --> 01:29:44,880

with me

2448

01:29:48,550 --> 01:29:47,280

um and really kind of my right hand man

2449

01:29:50,790 --> 01:29:48,560

tim and i

2450

01:29:52,550 --> 01:29:50,800

we we we keep an eye on a lot of things

2451
01:29:54,149 --> 01:29:52,560
happening not just in the world of uap

2452
01:29:57,030 --> 01:29:54,159
and and you couldn't ask for a better

2453
01:29:57,830 --> 01:29:57,040
buddy and teammate in this in this space

2454
01:30:00,709 --> 01:29:57,840
but

2455
01:30:02,870 --> 01:30:00,719
tim privately messaged me and said

2456
01:30:04,310 --> 01:30:02,880
i think it's weird at all that like cnn

2457
01:30:06,229 --> 01:30:04,320
and the new york times and everybody

2458
01:30:07,669 --> 01:30:06,239
covered this but they didn't have much

2459
01:30:09,110 --> 01:30:07,679
to say about the gillibrand amendment

2460
01:30:10,709 --> 01:30:09,120
and i'm like yeah okay that's a very

2461
01:30:12,629 --> 01:30:10,719
good point

2462
01:30:15,430 --> 01:30:12,639
and um and yes it did have the

2463
01:30:18,470 --> 01:30:15,440

appearance of of outwardly being an

2464

01:30:19,910 --> 01:30:18,480

attempt to try and and by the way zin's

2465

01:30:21,430 --> 01:30:19,920

a bill right there saying the longer the

2466

01:30:23,110 --> 01:30:21,440

acronym the more obfuscation and the

2467

01:30:24,470 --> 01:30:23,120

purpose

2468

01:30:26,790 --> 01:30:24,480

yes

2469

01:30:30,070 --> 01:30:26,800

yep stole your thunder but that's so

2470

01:30:32,950 --> 01:30:30,080

true my theory is again

2471

01:30:34,629 --> 01:30:32,960

yeah make it an unmemorable barely

2472

01:30:36,310 --> 01:30:34,639

pronounceable name which is the very

2473

01:30:37,430 --> 01:30:36,320

reason i've committed it to memory you

2474

01:30:38,870 --> 01:30:37,440

know

2475

01:30:40,790 --> 01:30:38,880

they don't want people to remember the

2476

01:30:42,550 --> 01:30:40,800

name they don't want people

2477

01:30:44,310 --> 01:30:42,560

to be able to have a name that rolls off

2478

01:30:45,590 --> 01:30:44,320

the tongue so they can easily reference

2479

01:30:48,390 --> 01:30:45,600

it when they're trying to talk about the

2480

01:30:50,550 --> 01:30:48,400

nuanced aspects of government

2481

01:30:51,430 --> 01:30:50,560

investigating uap that is not what they

2482

01:30:53,590 --> 01:30:51,440

want

2483

01:30:54,629 --> 01:30:53,600

i'm convinced that that's the case

2484

01:30:56,070 --> 01:30:54,639

now

2485

01:30:57,030 --> 01:30:56,080

i'm not the only person who thinks this

2486

01:30:58,790 --> 01:30:57,040

again

2487

01:31:01,030 --> 01:30:58,800

very shortly after this

2488

01:31:03,590 --> 01:31:01,040

release appeared at the dod website of

2489

01:31:05,189 --> 01:31:03,600

course we also had uh louis lozando

2490

01:31:07,189 --> 01:31:05,199

taking to twitter christopher mellon

2491

01:31:09,830 --> 01:31:07,199

taking to twitter a number of people

2492

01:31:13,110 --> 01:31:09,840

taking to twitter and saying look

2493

01:31:14,709 --> 01:31:13,120

what this current office outlines is

2494

01:31:16,390 --> 01:31:14,719

going to contribute to the kind of

2495

01:31:19,110 --> 01:31:16,400

problems we have seen in the past in

2496

01:31:21,510 --> 01:31:19,120

terms of issues of transparency not

2497

01:31:23,270 --> 01:31:21,520

moving us forward

2498

01:31:24,550 --> 01:31:23,280

and in in the spirit of the kind of

2499

01:31:26,470 --> 01:31:24,560

transparency that we've seen a

2500

01:31:28,310 --> 01:31:26,480

glimmering of with the uap task force

2501

01:31:29,830 --> 01:31:28,320

report acknowledging

2502

01:31:31,189 --> 01:31:29,840

i mean for the first time in decades oh

2503

01:31:33,750 --> 01:31:31,199

gosh there are things in the sky that we

2504

01:31:35,350 --> 01:31:33,760

can't identify that's very important now

2505

01:31:37,590 --> 01:31:35,360

again what are the real issues with the

2506

01:31:40,629 --> 01:31:37,600

aoi msg and how does it differ from

2507

01:31:42,390 --> 01:31:40,639

gillibrand and rubio's proposed asro

2508

01:31:44,310 --> 01:31:42,400

well first of all we're not seeing any

2509

01:31:46,229 --> 01:31:44,320

prof uh provisions about any kind of

2510

01:31:48,149 --> 01:31:46,239

trans medium observations they're only

2511

01:31:50,229 --> 01:31:48,159

looking at controlled airspace over

2512

01:31:52,550 --> 01:31:50,239

special access areas or i'm sorry

2513

01:31:53,590 --> 01:31:52,560

special use areas

2514

01:31:55,510 --> 01:31:53,600

basically

2515

01:31:56,709 --> 01:31:55,520

we're talking about military controlled

2516

01:31:58,149 --> 01:31:56,719

airspace

2517

01:32:00,870 --> 01:31:58,159

they don't want to have this open to the

2518

01:32:03,270 --> 01:32:00,880

entire civilian airspace you know i mean

2519

01:32:05,270 --> 01:32:03,280

that would be a lot to have to cover now

2520

01:32:06,870 --> 01:32:05,280

i spoke with dr mark rodiger you know

2521

01:32:08,790 --> 01:32:06,880

again uh director and scientific

2522

01:32:10,470 --> 01:32:08,800

director also for the jail and heineken

2523

01:32:12,790 --> 01:32:10,480

center for ufo studies over the weekend

2524

01:32:14,790 --> 01:32:12,800

and you know dr rodiger kind of shares

2525

01:32:17,750 --> 01:32:14,800

my contention that

2526

01:32:19,830 --> 01:32:17,760

it may not be nefarious the dod's reason

2527

01:32:22,390 --> 01:32:19,840

for wanting to to to you know restrict

2528

01:32:24,149 --> 01:32:22,400

this just to special use aerospace

2529

01:32:26,629 --> 01:32:24,159

it very well may be that as we saw in

2530

01:32:28,550 --> 01:32:26,639

the odni report what they said at that

2531

01:32:31,350 --> 01:32:28,560

time was that most of these aerial

2532

01:32:33,510 --> 01:32:31,360

incursions by uap occurred during

2533

01:32:36,470 --> 01:32:33,520

planned military exercises occurring in

2534

01:32:38,709 --> 01:32:36,480

this in this airspace anyway so the ua

2535

01:32:40,950 --> 01:32:38,719

again the the dod's perspective on all

2536

01:32:42,390 --> 01:32:40,960

this may just be well this is where our

2537

01:32:45,030 --> 01:32:42,400

military service men and women are

2538

01:32:47,590 --> 01:32:45,040

encountering uap so let's restrict our

2539

01:32:49,110 --> 01:32:47,600

our you know investigations to that area

2540

01:32:51,270 --> 01:32:49,120

which rather than a restriction or a

2541

01:32:53,110 --> 01:32:51,280

limitation as many have termed it

2542

01:32:55,830 --> 01:32:53,120

one might view it i'm giving them the

2543

01:32:57,669 --> 01:32:55,840

benefit of the doubt here guys but

2544

01:32:59,990 --> 01:32:57,679

but one may view this as being them

2545

01:33:02,229 --> 01:33:00,000

saying well let's let's narrow our focus

2546

01:33:04,070 --> 01:33:02,239

to the places where we know we're seeing

2547

01:33:05,669 --> 01:33:04,080

uap

2548

01:33:07,590 --> 01:33:05,679

and there may be historical precedent

2549

01:33:09,189 --> 01:33:07,600

for that this comes back to the nuclear

2550

01:33:11,110 --> 01:33:09,199

incidence okay

2551
01:33:14,310 --> 01:33:11,120
there's nothing that we have heard about

2552
01:33:16,149 --> 01:33:14,320
explicitly that says that the aoi msg is

2553
01:33:17,990 --> 01:33:16,159
going to be looking at the nuclear sites

2554
01:33:20,149 --> 01:33:18,000
and uap incidents occurring there like

2555
01:33:21,510 --> 01:33:20,159
the gillibrand amendment called for

2556
01:33:23,430 --> 01:33:21,520
but one would have to guess that if

2557
01:33:25,750 --> 01:33:23,440
we're going to be monitoring in you know

2558
01:33:27,430 --> 01:33:25,760
uap occurrences around controlled

2559
01:33:28,790 --> 01:33:27,440
airspace that this would also include

2560
01:33:31,189 --> 01:33:28,800
military

2561
01:33:33,030 --> 01:33:31,199
sites and nuclear sites nuclear weapons

2562
01:33:35,270 --> 01:33:33,040
sites and what have you

2563
01:33:38,550 --> 01:33:35,280

and in fact there's historical precedent

2564

01:33:40,070 --> 01:33:38,560

for uap occurrences happening there as

2565

01:33:41,990 --> 01:33:40,080

robert salas outlined for us in

2566

01:33:43,510 --> 01:33:42,000

washington earlier this year so giving

2567

01:33:45,270 --> 01:33:43,520

the dod the benefit of the doubt one

2568

01:33:46,550 --> 01:33:45,280

interpretation may be that they're not

2569

01:33:48,950 --> 01:33:46,560

trying to say we're not going to look at

2570

01:33:51,189 --> 01:33:48,960

the sum total of uap occurrences we're

2571

01:33:53,110 --> 01:33:51,199

just going to narrow our focus

2572

01:33:55,030 --> 01:33:53,120

to looking at areas where we know they

2573

01:33:57,590 --> 01:33:55,040

are occurring and for which we have a

2574

01:34:00,310 --> 01:33:57,600

lot of documentation that seems to

2575

01:34:02,870 --> 01:34:00,320

support the occurrences happening there

2576

01:34:04,550 --> 01:34:02,880

but again the problems are also uh you

2577

01:34:07,270 --> 01:34:04,560

know extended to the oversight and the

2578

01:34:09,270 --> 01:34:07,280

transparency side of this too because

2579

01:34:12,550 --> 01:34:09,280

again what we had back i think going all

2580

01:34:15,189 --> 01:34:12,560

the way back to the summer of uh 2020

2581

01:34:16,790 --> 01:34:15,199

was a report from the

2582

01:34:18,709 --> 01:34:16,800

senate select uh committee on

2583

01:34:19,830 --> 01:34:18,719

intelligence which was saying

2584

01:34:21,990 --> 01:34:19,840

you know we support the efforts of the

2585

01:34:23,669 --> 01:34:22,000

uap task force and if this intelligence

2586

01:34:25,830 --> 01:34:23,679

authorization act which ryan you

2587

01:34:27,270 --> 01:34:25,840

reported on there for the debrief that

2588

01:34:29,430 --> 01:34:27,280

was one of your articles that you wrote

2589

01:34:31,189 --> 01:34:29,440

for us if this is passed into law and it

2590

01:34:32,709 --> 01:34:31,199

ended up being passed into law so good

2591

01:34:34,790 --> 01:34:32,719

good work ryan but

2592

01:34:37,830 --> 01:34:34,800

if you said this when once it's passed

2593

01:34:40,870 --> 01:34:37,840

into law uh you know we'll this will

2594

01:34:42,709 --> 01:34:40,880

allow us the senate to direct the uab

2595

01:34:44,629 --> 01:34:42,719

task force to deliver a report to

2596

01:34:46,470 --> 01:34:44,639

congress and that's exactly what we got

2597

01:34:49,189 --> 01:34:46,480

so one of the concerns that we're we

2598

01:34:51,510 --> 01:34:49,199

have about the aoi msg preemptively

2599

01:34:53,750 --> 01:34:51,520

being established prior to the national

2600

01:34:55,750 --> 01:34:53,760

defense authorization act being passed

2601

01:34:57,750 --> 01:34:55,760

into law by the senate is

2602

01:34:59,669 --> 01:34:57,760

will we have those same provisions do we

2603

01:35:02,070 --> 01:34:59,679

have any assurance that the pentagon is

2604

01:35:03,910 --> 01:35:02,080

going to provide data to congress and to

2605

01:35:05,750 --> 01:35:03,920

the people now i reached out to the

2606

01:35:07,910 --> 01:35:05,760

pentagon in recent years and pentagon

2607

01:35:09,350 --> 01:35:07,920

spokesperson susan goff got back with me

2608

01:35:11,590 --> 01:35:09,360

and she said listen

2609

01:35:13,510 --> 01:35:11,600

we have every intention of doing that

2610

01:35:15,669 --> 01:35:13,520

there will be unclassified and

2611

01:35:18,709 --> 01:35:15,679

classified data supplied to congress and

2612

01:35:19,830 --> 01:35:18,719

we are going to be transparent

2613

01:35:21,669 --> 01:35:19,840

but again

2614

01:35:23,750 --> 01:35:21,679

for my own part it's one thing to be

2615

01:35:25,350 --> 01:35:23,760

told that by the dod

2616

01:35:28,470 --> 01:35:25,360

right it's another thing for it to have

2617

01:35:30,149 --> 01:35:28,480

been legislated and guys as is described

2618

01:35:31,910 --> 01:35:30,159

in the preamble of the constitution you

2619

01:35:33,830 --> 01:35:31,920

know where it talks about we the people

2620

01:35:35,750 --> 01:35:33,840

and and you know what we want and what

2621

01:35:38,629 --> 01:35:35,760

our government is supposed to deliver to

2622

01:35:41,270 --> 01:35:38,639

us you know in terms of assurances for

2623

01:35:43,910 --> 01:35:41,280

protection and defense of the nation

2624

01:35:45,350 --> 01:35:43,920

i want those who i elect

2625

01:35:46,709 --> 01:35:45,360

not the ones who are appointed who i

2626

01:35:48,950 --> 01:35:46,719

have nothing to do with whether or not

2627

01:35:51,830 --> 01:35:48,960

they work for me or not the ones who i

2628

01:35:53,910 --> 01:35:51,840

elect in washington i want those people

2629

01:35:56,310 --> 01:35:53,920

to be involved in the process of

2630

01:35:57,109 --> 01:35:56,320

appointing and directing what the dod

2631

01:35:59,030 --> 01:35:57,119

does

2632

01:36:00,310 --> 01:35:59,040

and that's why i support the general

2633

01:36:01,510 --> 01:36:00,320

brand amendment the big difference is

2634

01:36:03,109 --> 01:36:01,520

there's one by appointment there's

2635

01:36:05,189 --> 01:36:03,119

another one through legislation and we

2636

01:36:08,070 --> 01:36:05,199

the people have a right and we have the

2637

01:36:09,510 --> 01:36:08,080

ability to influence lawmakers on that

2638

01:36:11,669 --> 01:36:09,520

point so if you haven't already and if

2639

01:36:13,189 --> 01:36:11,679

you're passionate about this issue too

2640

01:36:15,030 --> 01:36:13,199

contact your senators and your

2641

01:36:16,950 --> 01:36:15,040

representatives and let them know you

2642

01:36:19,350 --> 01:36:16,960

don't want uap investigations by

2643

01:36:21,510 --> 01:36:19,360

appointment with no assurance that there

2644

01:36:23,590 --> 01:36:21,520

will be oversight and transparency you

2645

01:36:25,189 --> 01:36:23,600

want the assurance through lawmakers and

2646

01:36:26,870 --> 01:36:25,199

legislation

2647

01:36:28,790 --> 01:36:26,880

that this information will be made

2648

01:36:31,109 --> 01:36:28,800

available to the congress and that any

2649

01:36:32,950 --> 01:36:31,119

unclassified data will also thereby be

2650

01:36:35,030 --> 01:36:32,960

made available to the people because you

2651
01:36:38,310 --> 01:36:35,040
know what yes in that great tradition of

2652
01:36:40,550 --> 01:36:38,320
jack nicholson we can handle the truth

2653
01:36:43,109 --> 01:36:40,560
absolutely amen man and you know

2654
01:36:45,350 --> 01:36:43,119
seriously

2655
01:36:48,149 --> 01:36:45,360
cheers to that before we get to your

2656
01:36:50,629 --> 01:36:48,159
thoughts chain um we should mention the

2657
01:36:53,109 --> 01:36:50,639
big phone home too that took place this

2658
01:36:55,430 --> 01:36:53,119
year as well over at the unidentified

2659
01:36:57,030 --> 01:36:55,440
celebrity review um this group has

2660
01:36:59,030 --> 01:36:57,040
really uh

2661
01:37:01,750 --> 01:36:59,040
invigorated people to reach out to the

2662
01:37:04,790 --> 01:37:01,760
representatives and you know

2663
01:37:07,430 --> 01:37:04,800

maybe the defeatist in me um of trying

2664

01:37:09,510 --> 01:37:07,440

to do this for many years and trying to

2665

01:37:12,310 --> 01:37:09,520

contact my reps who always gave me the

2666

01:37:14,709 --> 01:37:12,320

cold shoulder uh made me jaded but it

2667

01:37:17,109 --> 01:37:14,719

was these big phone home events that

2668

01:37:19,030 --> 01:37:17,119

really got people passionate um who

2669

01:37:20,709 --> 01:37:19,040

never thought about this topic before

2670

01:37:22,390 --> 01:37:20,719

and it actually

2671

01:37:25,270 --> 01:37:22,400

made a difference we're getting

2672

01:37:27,510 --> 01:37:25,280

responses by all of our reps now about

2673

01:37:29,510 --> 01:37:27,520

this topic because it has been put on

2674

01:37:31,669 --> 01:37:29,520

the house floor it has been put in the

2675

01:37:34,310 --> 01:37:31,679

mainstream media i mean tim burchett

2676

01:37:37,830 --> 01:37:34,320

went on the house floor this past week

2677

01:37:40,229 --> 01:37:37,840

and said hey pentagon your dod thing

2678

01:37:43,189 --> 01:37:40,239

it's [h__h] and we know it so we've

2679

01:37:44,870 --> 01:37:43,199

got that gillard brand amendment

2680

01:37:45,990 --> 01:37:44,880

exactly i don't really interrupt but let

2681

01:37:47,910 --> 01:37:46,000

me just point out something else and

2682

01:37:49,189 --> 01:37:47,920

this is very important also again

2683

01:37:51,189 --> 01:37:49,199

talking about reaching out to the

2684

01:37:53,750 --> 01:37:51,199

offices of senators and congressmen and

2685

01:37:55,350 --> 01:37:53,760

women again you know i've done the same

2686

01:37:57,750 --> 01:37:55,360

thing and in fact you know now granted

2687

01:38:00,149 --> 01:37:57,760

my my uh activity here is a little

2688

01:38:02,149 --> 01:38:00,159

different because not only as a citizen

2689

01:38:03,590 --> 01:38:02,159

appealing to my representatives i'm also

2690

01:38:05,830 --> 01:38:03,600

as a journalist reaching out for

2691

01:38:07,590 --> 01:38:05,840

statements but let me be clear i reached

2692

01:38:08,550 --> 01:38:07,600

out to every single

2693

01:38:10,229 --> 01:38:08,560

uh

2694

01:38:12,390 --> 01:38:10,239

a member of the senate who has

2695

01:38:14,390 --> 01:38:12,400

co-sponsored gillibrand's proposed

2696

01:38:15,990 --> 01:38:14,400

amendment every single one

2697

01:38:17,830 --> 01:38:16,000

i didn't just do it by email i called

2698

01:38:20,070 --> 01:38:17,840

them and i actually spoke to interns at

2699

01:38:22,870 --> 01:38:20,080

their offices in washington

2700

01:38:26,709 --> 01:38:22,880

uh and some of them spoke to me but i

2701

01:38:28,790 --> 01:38:26,719

didn't get responses from any office

2702

01:38:29,910 --> 01:38:28,800

except for one

2703

01:38:31,830 --> 01:38:29,920

and

2704

01:38:33,350 --> 01:38:31,840

the one office that did actually respond

2705

01:38:37,030 --> 01:38:33,360

to me was

2706

01:38:38,390 --> 01:38:37,040

u.s senator out of new york gila brand

2707

01:38:40,070 --> 01:38:38,400

and let me tell you what

2708

01:38:41,910 --> 01:38:40,080

but and this is i think at a very

2709

01:38:44,390 --> 01:38:41,920

important point that should be

2710

01:38:46,390 --> 01:38:44,400

emphasized if you have any doubts about

2711

01:38:47,910 --> 01:38:46,400

what senators think because some may be

2712

01:38:50,070 --> 01:38:47,920

under the impression that you know the

2713

01:38:52,149 --> 01:38:50,080

aoi msg is oh well this is what the

2714

01:38:53,750 --> 01:38:52,159

senators wanted right so this is good

2715

01:38:55,189 --> 01:38:53,760

they don't have to worry about it listen

2716

01:38:57,270 --> 01:38:55,199

to what gillibrand's office said in this

2717

01:38:58,470 --> 01:38:57,280

coming via lizzie landau press secretary

2718

01:38:59,830 --> 01:38:58,480

for her office

2719

01:39:01,750 --> 01:38:59,840

lizzie says and i quote while we

2720

01:39:05,030 --> 01:39:01,760

appreciate dod's attention to the issue

2721

01:39:06,629 --> 01:39:05,040

the aoi msg doesn't go nearly far enough

2722

01:39:08,550 --> 01:39:06,639

to help us better understand the data

2723

01:39:09,830 --> 01:39:08,560

we're gathering on uaps senator

2724

01:39:11,910 --> 01:39:09,840

gillibrand and representative

2725

01:39:14,070 --> 01:39:11,920

gallagher's framework does much more to

2726

01:39:16,229 --> 01:39:14,080

address the uap issue while also

2727

01:39:18,070 --> 01:39:16,239

maintaining public oversight

2728

01:39:19,830 --> 01:39:18,080

she continues the legislation covers

2729

01:39:21,510 --> 01:39:19,840

civilian oversight and establishes an

2730

01:39:23,030 --> 01:39:21,520

advisory committee which would bring in

2731

01:39:24,709 --> 01:39:23,040

experts and academics outside the

2732

01:39:26,709 --> 01:39:24,719

government to participate in ongoing

2733

01:39:28,629 --> 01:39:26,719

investigations so there you have it i

2734

01:39:30,149 --> 01:39:28,639

mean even you know the folks there at

2735

01:39:31,669 --> 01:39:30,159

the office of senator gillibrand are

2736

01:39:33,350 --> 01:39:31,679

laying it all out there for you all the

2737

01:39:35,030 --> 01:39:33,360

more reason i think that yet again we

2738

01:39:36,629 --> 01:39:35,040

the people you need to contact your

2739

01:39:38,950 --> 01:39:36,639

senators your representatives let them

2740

01:39:40,950 --> 01:39:38,960

know what you think because

2741

01:39:42,709 --> 01:39:40,960

they take issue with what's happening in

2742

01:39:43,910 --> 01:39:42,719

washington right now i think we should

2743

01:39:46,310 --> 01:39:43,920

too

2744

01:39:48,149 --> 01:39:46,320

absolutely hear that gillibrand she

2745

01:39:50,629 --> 01:39:48,159

lives next door i forgot that i forgot

2746

01:39:52,950 --> 01:39:50,639

to mention that thank you

2747

01:39:54,790 --> 01:39:52,960

nelson will telepathically communicate

2748

01:39:59,430 --> 01:39:54,800

it

2749

01:40:01,109 --> 01:39:59,440

gonna work on that

2750

01:40:02,950 --> 01:40:01,119

um jane

2751

01:40:05,350 --> 01:40:02,960

give it to us what do you make of all

2752

01:40:07,750 --> 01:40:05,360

this contentious stuff going on and this

2753

01:40:09,189 --> 01:40:07,760

is our last story so um we're going to

2754

01:40:11,270 --> 01:40:09,199

wrap things up after that we want to

2755

01:40:13,430 --> 01:40:11,280

hear what you guys think too so put in

2756

01:40:16,470 --> 01:40:13,440

the chat what you look forward to in

2757

01:40:17,830 --> 01:40:16,480

2022 with ufos but jane give it to us

2758

01:40:19,669 --> 01:40:17,840

what do you make of all of that well i

2759

01:40:21,350 --> 01:40:19,679

definitely i support the jail brand

2760

01:40:23,990 --> 01:40:21,360

amendment i mean that that in the

2761

01:40:26,070 --> 01:40:24,000

simplest way to put it um but there were

2762

01:40:28,870 --> 01:40:26,080

three things in it that really stuck out

2763

01:40:31,030 --> 01:40:28,880

to me i mean everybody was i think

2764

01:40:34,550 --> 01:40:31,040

um surprised pleasantly surprised by the

2765

01:40:37,109 --> 01:40:34,560

trans medium a whole office just to

2766

01:40:39,510 --> 01:40:37,119

investigate trans medium craft i do

2767

01:40:41,510 --> 01:40:39,520

think it's interesting the peop the

2768

01:40:43,590 --> 01:40:41,520

groups that would

2769

01:40:47,030 --> 01:40:43,600

essentially have this new government job

2770

01:40:48,950 --> 01:40:47,040

right looking at ufos may have

2771

01:40:51,350 --> 01:40:48,960

may have helped to lobby for this

2772

01:40:52,709 --> 01:40:51,360

amendment or supported it before i think

2773

01:40:54,070 --> 01:40:52,719

that's interesting people should keep

2774

01:40:55,030 --> 01:40:54,080

that in mind

2775

01:40:56,550 --> 01:40:55,040

um

2776

01:40:58,550 --> 01:40:56,560

and then the other two things that

2777

01:41:00,790 --> 01:40:58,560

really stuck out was the focus on the

2778

01:41:03,270 --> 01:41:00,800

physiological effects of

2779

01:41:05,350 --> 01:41:03,280

of ufo i could definitely see

2780

01:41:07,510 --> 01:41:05,360

disclosure beginning with let's focus on

2781

01:41:09,270 --> 01:41:07,520

the human experience you know things

2782

01:41:11,990 --> 01:41:09,280

like radiation burns like louisiana

2783

01:41:13,270 --> 01:41:12,000

talked about in the gq interview and i

2784

01:41:16,870 --> 01:41:13,280

think about how

2785

01:41:18,950 --> 01:41:16,880

if in you know 2021 um people may be

2786

01:41:21,590 --> 01:41:18,960

familiar with the cash landrum incident

2787

01:41:24,390 --> 01:41:21,600

here in texas where the witnesses you

2788

01:41:27,109 --> 01:41:24,400

know experienced radiation uh

2789

01:41:30,390 --> 01:41:27,119

symptoms and tried to sue the government

2790

01:41:33,270 --> 01:41:30,400

right uh to recuperate the medical bills

2791

01:41:35,590 --> 01:41:33,280

if that were to happen now in 2021 let's

2792

01:41:37,350 --> 01:41:35,600

say or 2022 or this amendment's passed

2793

01:41:38,709 --> 01:41:37,360

right or whatever

2794

01:41:40,790 --> 01:41:38,719

what would that look like would they

2795

01:41:42,390 --> 01:41:40,800

have won that suit so i think that's

2796

01:41:45,270 --> 01:41:42,400

really interesting separately in the

2797

01:41:48,629 --> 01:41:45,280

national defense bill there is another

2798

01:41:50,790 --> 01:41:48,639

section as well about anomalous adverse

2799

01:41:52,790 --> 01:41:50,800

physical effects so they are

2800

01:41:55,189 --> 01:41:52,800

that that's not an amendment that's part

2801

01:41:58,149 --> 01:41:55,199

of the uh foundational bills i think

2802

01:42:01,270 --> 01:41:58,159

there's a focus on that and then lastly

2803

01:42:03,590 --> 01:42:01,280

there was a call to the to task really

2804

01:42:07,189 --> 01:42:03,600

the whole intelligence community with

2805

01:42:09,430 --> 01:42:07,199

the disclosing ufo and data and

2806

01:42:12,390 --> 01:42:09,440

information they have so this is in my

2807

01:42:14,470 --> 01:42:12,400

opinion super sweeping it even defines

2808

01:42:18,310 --> 01:42:14,480

intelligence community as it's defined

2809

01:42:21,350 --> 01:42:18,320

in the national security act of 1947.

2810

01:42:23,350 --> 01:42:21,360

so it's it's actually it's reaching back

2811

01:42:25,910 --> 01:42:23,360

to roswell and trying to find the

2812

01:42:28,149 --> 01:42:25,920

specific intelligence agencies and

2813

01:42:31,030 --> 01:42:28,159

including them in this so yes does this

2814

01:42:34,310 --> 01:42:31,040

dod report is just shoddy and rush

2815

01:42:36,470 --> 01:42:34,320

comparison in comparison to it so i

2816

01:42:38,470 --> 01:42:36,480

could see how it they were working all

2817

01:42:40,229 --> 01:42:38,480

along then this amendment comes out and

2818

01:42:42,870 --> 01:42:40,239

so they're like well we better say what

2819

01:42:43,990 --> 01:42:42,880

we're doing you know right so i get that

2820

01:42:46,950 --> 01:42:44,000

i'm still

2821

01:42:49,430 --> 01:42:46,960

again cautiously optimistic about luella

2822

01:42:50,910 --> 01:42:49,440

zondo and that narrative and i'm like am

2823

01:42:54,070 --> 01:42:50,920

i watching a

2824

01:42:55,590 --> 01:42:54,080

wwe you know show right now i don't i

2825

01:42:57,270 --> 01:42:55,600

don't really know what i'm looking at

2826

01:43:00,070 --> 01:42:57,280

but i'm definitely a fan of the

2827

01:43:01,590 --> 01:43:00,080

gillibrand amendment so well written so

2828

01:43:03,109 --> 01:43:01,600

detailed

2829

01:43:05,430 --> 01:43:03,119

you know i think we could get to the

2830

01:43:07,669 --> 01:43:05,440

bottom of it you know if if that

2831

01:43:10,149 --> 01:43:07,679

amendment were passed

2832

01:43:11,830 --> 01:43:10,159

true truly and if people are truly

2833

01:43:14,390 --> 01:43:11,840

transparent with the execution of it

2834

01:43:16,229 --> 01:43:14,400

right exactly that's a very good caveat

2835

01:43:18,149 --> 01:43:16,239

well i mean it's just it's crazy that

2836

01:43:21,990 --> 01:43:18,159

we're even having this conversation that

2837

01:43:24,229 --> 01:43:22,000

we have we have two different ufo

2838

01:43:26,709 --> 01:43:24,239

organizations or groups kind of battling

2839

01:43:29,510 --> 01:43:26,719

for supremacy it is it's like raw and

2840

01:43:30,550 --> 01:43:29,520

smackdown at survivor series for all my

2841

01:43:31,990 --> 01:43:30,560

wrestling

2842

01:43:33,910 --> 01:43:32,000

friends out there

2843

01:43:35,990 --> 01:43:33,920

i'm sorry i had to go there micah you

2844

01:43:38,950 --> 01:43:36,000

have to go there i'm re-watching all of

2845

01:43:40,470 --> 01:43:38,960

wwe right now i know she's like

2846

01:43:42,149 --> 01:43:40,480

shut up youtube you can talk about

2847

01:43:45,030 --> 01:43:42,159

broadway again i'll get all those let's

2848

01:43:47,910 --> 01:43:45,040

go let's go back to Broadway

2849

01:43:50,070 --> 01:43:47,920

oh man no you guys bring up so many good

2850

01:43:52,629 --> 01:43:50,080

points i don't even know where to begin

2851

01:43:54,229 --> 01:43:52,639

um let's highlight some of what um the

2852

01:43:56,470 --> 01:43:54,239

chat's bringing up here before we wrap

2853

01:43:58,470 --> 01:43:56,480

things up 2022 really want public

2854

01:44:00,790 --> 01:43:58,480

congressional hearings we might get them

2855

01:44:02,790 --> 01:44:00,800

it could happen um one of my favorites

2856

01:44:04,470 --> 01:44:02,800

actually rodrigo says i want to be

2857

01:44:05,669 --> 01:44:04,480

flying a ufo

2858

01:44:07,910 --> 01:44:05,679

that's

2859

01:44:09,590 --> 01:44:07,920

so true we're getting our flying cars

2860

01:44:13,270 --> 01:44:09,600

first

2861

01:44:15,109 --> 01:44:13,280

yeah exactly um oh galileo project we

2862

01:44:17,910 --> 01:44:15,119

have to mention that before we go here

2863

01:44:20,870 --> 01:44:17,920

guys avi loeb in the galileo project i

2864

01:44:23,990 --> 01:44:20,880

know ucr just interviewed him debrief

2865

01:44:25,270 --> 01:44:24,000

and now has um mr avi loeb writing over

2866

01:44:27,430 --> 01:44:25,280

there as well

2867

01:44:29,990 --> 01:44:27,440

so that i'm going to say right now

2868

01:44:33,030 --> 01:44:30,000

personally that's what i'm most excited

2869

01:44:34,260 --> 01:44:33,040

about moving into 2022 isn't so much

2870

01:44:36,629 --> 01:44:34,270

asro

2871

01:44:39,030 --> 01:44:36,639

[Applause]

2872

01:44:40,470 --> 01:44:39,040

it's it's the galileo project in the

2873

01:44:43,189 --> 01:44:40,480

scientific

2874

01:44:45,750 --> 01:44:43,199

endeavors going on with um whatever

2875

01:44:47,510 --> 01:44:45,760

trying to find uh you know techno

2876

01:44:50,070 --> 01:44:47,520

signatures or all the other amazing

2877

01:44:52,870 --> 01:44:50,080

things the images that galileo project

2878

01:44:55,109 --> 01:44:52,880

hopes to capture um that's what i'm most

2879

01:44:56,550 --> 01:44:55,119

excited about so i'm so happy the chat

2880

01:44:57,669 --> 01:44:56,560

brought that up so what do you guys

2881

01:44:59,669 --> 01:44:57,679

think what do you think about the

2882

01:45:00,870 --> 01:44:59,679

galileo project and what avilope is

2883

01:45:02,950 --> 01:45:00,880

doing and

2884

01:45:05,030 --> 01:45:02,960

can it find a place in everything going

2885

01:45:06,390 --> 01:45:05,040

on in the ufo conversation well i'd like

2886

01:45:08,629 --> 01:45:06,400

to hear what jane has to say about that

2887

01:45:10,870 --> 01:45:08,639

but i'll first just interject a great

2888

01:45:13,510 --> 01:45:10,880

kind of quote worthy statement from avi

2889

01:45:15,669 --> 01:45:13,520

loeb he's made this many times

2890

01:45:18,629 --> 01:45:15,679

um and that is the skies aren't

2891

01:45:20,470 --> 01:45:18,639

classified and and you know scientists

2892

01:45:22,229 --> 01:45:20,480

should be training our telescopes and

2893

01:45:23,750 --> 01:45:22,239

looking now granted

2894

01:45:26,390 --> 01:45:23,760

i've said this

2895

01:45:29,109 --> 01:45:26,400

many times um and i've corresponded i've

2896

01:45:30,470 --> 01:45:29,119

i've interviewed avi twice and of course

2897

01:45:31,990 --> 01:45:30,480

corresponded with him and continue to

2898

01:45:33,669 --> 01:45:32,000

correspond with him and yes he's writing

2899

01:45:35,350 --> 01:45:33,679

for us not to debrief i mean imagine

2900

01:45:37,430 --> 01:45:35,360

that

2901

01:45:39,590 --> 01:45:37,440

like a year ago when we launched this

2902

01:45:41,750 --> 01:45:39,600

publication that you know avi and that

2903

01:45:42,870 --> 01:45:41,760

uh leslie kane and that ralph blumenthal

2904

01:45:45,510 --> 01:45:42,880

would be

2905

01:45:47,830 --> 01:45:45,520

contributors at our website but you know

2906

01:45:50,950 --> 01:45:47,840

i'm i'm thrilled to have them uh but

2907

01:45:52,550 --> 01:45:50,960

that said again uh i think to avi's

2908

01:45:54,629 --> 01:45:52,560

point even if it's gonna be maybe a

2909

01:45:57,189 --> 01:45:54,639

little more difficult i would say

2910

01:45:59,270 --> 01:45:57,199

uh nailing down what uap are then just

2911

01:46:01,350 --> 01:45:59,280

training our telescopes on the skies and

2912

01:46:05,510 --> 01:46:01,360

trying to you know see one

2913

01:46:07,669 --> 01:46:05,520

uh i applaud and i and i fully support a

2914

01:46:09,750 --> 01:46:07,679

harvard astronomer

2915

01:46:10,950 --> 01:46:09,760

getting involved in this because again

2916

01:46:13,430 --> 01:46:10,960

um

2917

01:46:16,149 --> 01:46:13,440

i was talking uh oh gosh who was it that

2918

01:46:17,990 --> 01:46:16,159

i'd spoken to about this uh oh it was it

2919

01:46:19,669 --> 01:46:18,000

was mark rodinge when he and i were

2920

01:46:21,910 --> 01:46:19,679

talking you know from the center for ufo

2921

01:46:22,870 --> 01:46:21,920

studies and he said i just got to ask he

2922

01:46:25,109 --> 01:46:22,880

says you know what do you think about

2923

01:46:26,550 --> 01:46:25,119

avi lo boy he's a firebrand isn't he and

2924

01:46:28,950 --> 01:46:26,560

he says and especially if you think

2925

01:46:31,109 --> 01:46:28,960

about the history of harvard astronomers

2926

01:46:33,350 --> 01:46:31,119

and their attitude toward ufos donald

2927

01:46:35,350 --> 01:46:33,360

menzel he said menzel would be turning

2928

01:46:37,109 --> 01:46:35,360

over in his grave if he saw what meant

2929

01:46:39,990 --> 01:46:37,119

what loeb is doing

2930

01:46:42,310 --> 01:46:40,000

but again i fully support the efforts of

2931

01:46:45,109 --> 01:46:42,320

the galileo project and avi loeb and i

2932

01:46:46,550 --> 01:46:45,119

welcome an a serious american astronomer

2933

01:46:48,870 --> 01:46:46,560

who's willing to

2934

01:46:50,790 --> 01:46:48,880

interact with we the little people who

2935

01:46:53,270 --> 01:46:50,800

have been looking at ufos now for

2936

01:46:55,430 --> 01:46:53,280

decades ourselves i welcome his

2937

01:46:56,629 --> 01:46:55,440

involvement i welcome his enthusiasm and

2938

01:46:57,990 --> 01:46:56,639

i sincerely hope that with his

2939

01:46:59,669 --> 01:46:58,000

telescopes or any other kind of

2940

01:47:01,990 --> 01:46:59,679

methodology he hopes to apply it toward

2941

01:47:03,669 --> 01:47:02,000

this that he finds uap i hope he does

2942

01:47:06,629 --> 01:47:03,679

because you know what then it won't be

2943

01:47:09,109 --> 01:47:06,639

withheld from the public then if avi or

2944

01:47:10,629 --> 01:47:09,119

anybody with galileo project finds it

2945

01:47:12,390 --> 01:47:10,639

presumably that information is going to

2946

01:47:13,430 --> 01:47:12,400

be in the public domain as it should be

2947

01:47:15,189 --> 01:47:13,440

because

2948

01:47:16,390 --> 01:47:15,199

we can handle the truth it's about time

2949

01:47:19,030 --> 01:47:16,400

we do

2950

01:47:21,830 --> 01:47:19,040

yep and the skies are not classified as

2951

01:47:24,070 --> 01:47:21,840

avi lopez said so again that's why i

2952

01:47:26,310 --> 01:47:24,080

think the scientific endeavor is so much

2953

01:47:28,229 --> 01:47:26,320

more important than just the government

2954

01:47:29,910 --> 01:47:28,239

and this national security threat really

2955

01:47:32,709 --> 01:47:29,920

is yeah but i wanted to do what jane had

2956

01:47:34,470 --> 01:47:32,719

to say by the way yes yeah well i love

2957

01:47:37,510 --> 01:47:34,480

a cool character

2958

01:47:41,189 --> 01:47:37,520

it's it's funny though because the umuah

2959

01:47:43,990 --> 01:47:41,199

um that whole saga i loved that that was

2960

01:47:47,030 --> 01:47:44,000

a big news story i guess for me just

2961

01:47:48,870 --> 01:47:47,040

getting people to even imagine that

2962

01:47:50,229 --> 01:47:48,880

that light that they saw that they

2963

01:47:53,830 --> 01:47:50,239

thought was a shooting star could have

2964

01:47:57,109 --> 01:47:53,840

been a spaceship is a big deal people

2965

01:48:00,390 --> 01:47:57,119

it's so abby loves done a really good

2966

01:48:11,030 --> 01:48:00,400

job at awakening everybody's imagination

2967

01:48:15,590 --> 01:48:12,950

plural or what whatever you know in the

2968

01:48:19,030 --> 01:48:15,600

bible and you know in religious texts

2969

01:48:21,910 --> 01:48:19,040

being aliens and nobody booed him so

2970

01:48:25,590 --> 01:48:21,920

he's a very influential person he's able

2971

01:48:27,510 --> 01:48:25,600

to suggest in my opinion some really

2972

01:48:30,070 --> 01:48:27,520

out there

2973

01:48:32,629 --> 01:48:30,080

concepts that you know the evidence is

2974

01:48:34,629 --> 01:48:32,639

kind of murky about so it's but he has a

2975

01:48:36,709 --> 01:48:34,639

lot of credibility when he talks about

2976

01:48:39,189 --> 01:48:36,719

it and so i think

2977

01:48:41,669 --> 01:48:39,199

i think we'll wait and see let's see

2978

01:48:44,709 --> 01:48:41,679

what the galileo project does let's see

2979

01:48:47,750 --> 01:48:44,719

if he's able to escape signing an nda

2980

01:48:49,830 --> 01:48:47,760

like you know like he says uh you know

2981

01:48:51,669 --> 01:48:49,840

how much is it you know here he is

2982

01:48:52,629 --> 01:48:51,679

already part of this government

2983

01:48:54,709 --> 01:48:52,639

amendment

2984

01:48:56,229 --> 01:48:54,719

going into this i'm a public you know

2985

01:48:58,950 --> 01:48:56,239

transparent

2986

01:49:00,950 --> 01:48:58,960

uh investigator right so already it's

2987

01:49:02,629 --> 01:49:00,960

getting murky in my opinion so i think

2988

01:49:03,590 --> 01:49:02,639

he might be tested

2989

01:49:05,590 --> 01:49:03,600

and

2990

01:49:07,910 --> 01:49:05,600

as any of us would be i think in his

2991

01:49:10,629 --> 01:49:07,920

position so i'm i'm very excited about

2992

01:49:12,950 --> 01:49:10,639

it but i'll wait and see

2993

01:49:15,510 --> 01:49:12,960

wait and see what they come up with

2994

01:49:19,589 --> 01:49:15,520

wait and see welcome to ufology the

2995

01:49:22,470 --> 01:49:19,599

drama continues yes it never ends

2996

01:49:25,030 --> 01:49:22,480

it's amazing guys um well i'm just gonna

2997

01:49:27,030 --> 01:49:25,040

end here i'm gonna let you guys go you

2998

01:49:29,109 --> 01:49:27,040

have done way more than i could have

2999

01:49:31,510 --> 01:49:29,119

ever asked for you um but i'm gonna read

3000

01:49:35,669 --> 01:49:31,520

some of what some of our followers over

3001
01:49:37,510 --> 01:49:35,679
on twitter um want in 2022 but i want to

3002
01:49:39,589 --> 01:49:37,520
thank everyone in the chat for coming

3003
01:49:41,430 --> 01:49:39,599
tonight i want to thank micah for coming

3004
01:49:43,030 --> 01:49:41,440
and filling in for chrissy i couldn't

3005
01:49:45,430 --> 01:49:43,040
think of a better person to do so we

3006
01:49:47,669 --> 01:49:45,440
will have her back on soon she really

3007
01:49:50,629 --> 01:49:47,679
wants to do another show jane with you i

3008
01:49:53,109 --> 01:49:50,639
miss chrissy yeah me too we will make it

3009
01:49:55,270 --> 01:49:53,119
happen absolutely oh i

3010
01:49:58,149 --> 01:49:55,280
i do want to let people know so on the

3011
01:50:00,070 --> 01:49:58,159
bill nelson and the washington cathedral

3012
01:50:01,669 --> 01:50:00,080
chat this friday jess rogie will be

3013
01:50:04,070 --> 01:50:01,679

joining me live on youtube we're going

3014

01:50:07,270 --> 01:50:04,080

to be bringing back weird hollywood

3015

01:50:09,030 --> 01:50:07,280

so if people recall bill nelson

3016

01:50:11,030 --> 01:50:09,040

mentioned armageddon the movie

3017

01:50:13,589 --> 01:50:11,040

armageddon because they're sending out a

3018

01:50:15,669 --> 01:50:13,599

craft it's actually in orbit right now

3019

01:50:18,229 --> 01:50:15,679

to do a similar uh

3020

01:50:20,070 --> 01:50:18,239

an art mission yes so we are re-watching

3021

01:50:21,030 --> 01:50:20,080

armageddon but we'll be also breaking

3022

01:50:23,510 --> 01:50:21,040

down

3023

01:50:27,109 --> 01:50:23,520

some of this nasa stuff again this

3024

01:50:29,189 --> 01:50:27,119

friday evening eight eastern six pacific

3025

01:50:30,709 --> 01:50:29,199

seven central well i know where i'll

3026
01:50:32,310 --> 01:50:30,719
take them

3027
01:50:33,910 --> 01:50:32,320
yeah

3028
01:50:35,510 --> 01:50:33,920
okay

3029
01:50:37,189 --> 01:50:35,520
i think that's right but friday friday

3030
01:50:39,270 --> 01:50:37,199
evening live but we just figured that

3031
01:50:41,350 --> 01:50:39,280
out and it's so relevant i had to throw

3032
01:50:43,270 --> 01:50:41,360
that out there for phone yeah of course

3033
01:50:45,189 --> 01:50:43,280
well and i look forward to seeing ben

3034
01:50:47,270 --> 01:50:45,199
affleck putting what was it graham

3035
01:50:49,270 --> 01:50:47,280
crackers on

3036
01:50:52,629 --> 01:50:49,280
what's her name again yeah

3037
01:50:55,350 --> 01:50:52,639
i'm excited to rewatch

3038
01:50:58,310 --> 01:50:55,360

that's amazing well yeah before we go

3039

01:51:00,629 --> 01:50:58,320

guys um please let us know

3040

01:51:03,510 --> 01:51:00,639

everything you're up to i know micah and

3041

01:51:06,390 --> 01:51:03,520

i just did an incredible round table

3042

01:51:08,790 --> 01:51:06,400

over at jim harold show um so that

3043

01:51:11,589 --> 01:51:08,800

should be coming out in the next few

3044

01:51:14,310 --> 01:51:11,599

days maybe week or so a lot of fun peter

3045

01:51:16,470 --> 01:51:14,320

robbins was there chrissy or excuse me

3046

01:51:18,950 --> 01:51:16,480

not chrissy christina gomez was there

3047

01:51:21,589 --> 01:51:18,960

with us as well um kind of like this we

3048

01:51:24,310 --> 01:51:21,599

talked all about 2021 so be on the

3049

01:51:25,910 --> 01:51:24,320

lookout for that but um yeah micah

3050

01:51:27,270 --> 01:51:25,920

before you go man let us know where we

3051

01:51:29,270 --> 01:51:27,280

3055

01:51:35,750 --> 01:51:34,320

lookout for ryan sprague because i

3056

01:51:37,430 --> 01:51:35,760

believe he's going to be joining me for

3057

01:51:39,430 --> 01:51:37,440

3061

01:51:47,830 --> 01:51:46,159

3062

01:51:49,109 --> 01:51:47,840

3067

01:51:57,750 --> 01:51:55,360

has happened so i'm just going to check

3068

01:51:59,430 --> 01:51:57,760

that right off the bucket list okay

3069

01:52:00,870 --> 01:51:59,440

but uh but yeah i hope it won't be the

3070

01:52:02,390 --> 01:52:00,880

that i've named haven't already dropped

3088

01:52:38,470 --> 01:52:37,119

your jaw then that one certainly should

3089

01:52:40,030 --> 01:52:38,480

ryan greg is a pretty regular

3090

01:52:42,070 --> 01:52:40,040

contributor over here at

3091

01:52:44,070 --> 01:52:42,080

thedebrief.org as well

3092

01:52:45,910 --> 01:52:44,080

and uh very glad to have all of the

3093

01:52:47,750 --> 01:52:45,920

aforementioned uh as a part of what we

3094

01:52:49,109 --> 01:52:47,760

do and of course i've got this article

3095

01:52:51,270 --> 01:52:49,119

if you're wondering now what this

3096

01:52:54,390 --> 01:52:51,280

current state on the this gillibrand

3097

01:52:57,030 --> 01:52:54,400

thing is with regard to that versus the

3098

01:52:58,709 --> 01:52:57,040

dod's aoi msg

3099

01:53:01,270 --> 01:52:58,719

i've got an article that's coming out

3100

01:53:03,189 --> 01:53:01,280

this week that uh i'm confident is the

3101
01:53:04,629 --> 01:53:03,199
most comprehensive look probably that we

3102
01:53:05,510 --> 01:53:04,639
have seen

3103
01:53:07,589 --> 01:53:05,520
yet

3104
01:53:09,189 --> 01:53:07,599
on this that has been reported anywhere

3105
01:53:11,030 --> 01:53:09,199
i mean i reached out like i mentioned to

3106
01:53:13,109 --> 01:53:11,040
every office of every senator who is

3107
01:53:16,070 --> 01:53:13,119
co-sponsored the legislation scientific

3108
01:53:19,109 --> 01:53:16,080
organizations universities the dod

3109
01:53:21,270 --> 01:53:19,119
itself uh also former defense officials

3110
01:53:23,430 --> 01:53:21,280
uh louis lozando is chimed in i mean

3111
01:53:25,510 --> 01:53:23,440
there's an awful lot and you'll see it

3112
01:53:27,589 --> 01:53:25,520
all there at the debrief

3113
01:53:29,990 --> 01:53:27,599

thank you micah and thank you to aaron

3114

01:53:32,790 --> 01:53:30,000

voice i hope you will continue to be for

3130

01:54:06,830 --> 01:54:05,840

many decades to come sir or at least as

3131

01:54:11,189 --> 01:54:06,840

long as it

3132

01:54:12,950 --> 01:54:11,199

takes to end the truth embargo

3133

01:54:15,189 --> 01:54:12,960

all right as our good friend would just

3134

01:54:16,790 --> 01:54:15,199

always say good night brother

3135

01:54:18,229 --> 01:54:16,800

i love all you guys out there so you

3136

01:54:22,070 --> 01:54:18,239

guys take care have a wonderful evening

3137

01:54:27,430 --> 01:54:24,310

micah oh that was awesome you're just

3138

01:54:30,390 --> 01:54:27,440

amazing i've followed micah forever it

3139

01:54:32,470 --> 01:54:30,400

and i've never gotten to talk to him so

3140

01:54:33,510 --> 01:54:32,480

that was awesome oh my god that's

3141

01:54:35,830 --> 01:54:33,520

awesome

3142

01:54:38,229 --> 01:54:35,840

just bringing the voices and the minds

3143

01:54:39,430 --> 01:54:38,239

together jane i know micah's one of my

3144

01:54:41,910 --> 01:54:39,440

closest friends we've done money

3145

01:54:44,390 --> 01:54:41,920

conferences together we traveled the the

3146

01:54:46,550 --> 01:54:44,400

world together at this point but i still

3147

01:54:48,830 --> 01:54:46,560

get nervous when he comes on because i

3148

01:54:50,950 --> 01:54:48,840

know that brain of his i just keep the

3149

01:54:52,790 --> 01:54:50,960

recall it's like does he do you have a

3150

01:54:55,430 --> 01:54:52,800

teleprompter

3151

01:54:56,790 --> 01:54:55,440

how did you know what ufo case i was

3152

01:54:58,950 --> 01:54:56,800

talking about

3153

01:55:00,470 --> 01:54:58,960

he's a walking dead it's amazing yeah

3154

01:55:02,470 --> 01:55:00,480

that was incredible

3155

01:55:04,470 --> 01:55:02,480

do you like the ufo trivia

3156

01:55:07,350 --> 01:55:04,480

yeah we will we'll have to start doing

3157

01:55:09,669 --> 01:55:07,360

ufo jeopardy um but jane you mentioned

3158

01:55:11,830 --> 01:55:09,679

um you're bringing back ufos in

3159

01:55:13,430 --> 01:55:11,840

hollywood but tell us all about

3160

01:55:15,910 --> 01:55:13,440

everything else you just

3161

01:55:18,229 --> 01:55:15,920

it's amazing how far you've come in this

3162

01:55:20,790 --> 01:55:18,239

field since i first met you and since i

3163

01:55:23,109 --> 01:55:20,800

had your first interview you're my very

3164

01:55:26,870 --> 01:55:23,119

first interview ever

3165

01:55:29,990 --> 01:55:26,880

so it's it's so crazy to be here

3166

01:55:33,189 --> 01:55:30,000

ufos are officially real and so much has

3167

01:55:36,709 --> 01:55:33,199

changed you know from when we first met

3168

01:55:39,910 --> 01:55:36,719

yeah and so it's exciting it's i'm i'm

3169

01:55:42,629 --> 01:55:39,920

excited for this next year the 23 minute

3170

01:55:46,550 --> 01:55:42,639

video that louis londo keeps teasing the

3171

01:55:48,870 --> 01:55:46,560

galileo project the triangle photo yeah

3172

01:55:51,589 --> 01:55:48,880

all of it i i think it's going to be an

3173

01:55:54,310 --> 01:55:51,599

awesome year and robots too and and all

3174

01:55:57,270 --> 01:55:54,320

the things around it right so it

3175

01:55:58,310 --> 01:55:57,280

you know it's multifaceted so it'll be

3176

01:56:01,189 --> 01:55:58,320

yeah

3177

01:56:03,270 --> 01:56:01,199

this is a great end of the year

3178

01:56:04,950 --> 01:56:03,280

celebration almost i'm sure some things

3179

01:56:07,109 --> 01:56:04,960

will happen before

3180

01:56:09,589 --> 01:56:07,119

i know before we get to

3181

01:56:12,950 --> 01:56:09,599

i know it's not quite our favorite story

3182

01:56:15,030 --> 01:56:12,960

might still of 2021 might still come out

3183

01:56:16,950 --> 01:56:15,040

it always happens in like december it

3184

01:56:19,750 --> 01:56:16,960

really does so we might have to have you

3185

01:56:22,070 --> 01:56:19,760

back soon to do that but um

3186

01:56:23,669 --> 01:56:22,080

of course before you go jane please tell

3187

01:56:25,990 --> 01:56:23,679

us where we can find everything you're

3188

01:56:28,310 --> 01:56:26,000

up to yeah so yeah like i mentioned this

3189

01:56:29,189 --> 01:56:28,320

friday weird hollywood that's where we

3190

01:56:31,910 --> 01:56:29,199

um

3191

01:56:34,870 --> 01:56:31,920

we watch a movie but then we break down

3192

01:56:37,430 --> 01:56:34,880

the real the real behind the scenes the

3193

01:56:39,189 --> 01:56:37,440

real plot points and so with bill

3194

01:56:41,270 --> 01:56:39,199

nelson's telling us to watch uh

3195

01:56:43,990 --> 01:56:41,280

armageddon so we're gonna watch that uh

3196

01:56:45,669 --> 01:56:44,000

but yeah you can search ufo jane um on

3197

01:56:47,910 --> 01:56:45,679

youtube or all the social media and if

3198

01:56:50,030 --> 01:56:47,920

you're in texas and interested in local

3199

01:56:52,629 --> 01:56:50,040

sightings here there's texas ufo

3200

01:56:53,990 --> 01:56:52,639

sightings.com and then the texas ufo's

3201

01:56:57,189 --> 01:56:54,000

facebook page

3202

01:56:59,430 --> 01:56:57,199

go interact over there awesome again i

3203

01:57:01,669 --> 01:56:59,440

have to thank you for doing this such

3204

01:57:03,589 --> 01:57:01,679

short notice we i think we covered a lot

3205

01:57:06,149 --> 01:57:03,599

this is great so much more we could have

3206

01:57:08,149 --> 01:57:06,159

covered but there will be more stories

3207

01:57:09,030 --> 01:57:08,159

to come i'm sure in the coming weeks and

3208

01:57:11,510 --> 01:57:09,040

months

3209

01:57:13,109 --> 01:57:11,520

into 2022. so once again jane thank you

3210

01:57:15,350 --> 01:57:13,119

for joining me on somewhere in the skies

3211

01:57:16,950 --> 01:57:15,360

and happy holidays to you and glurp in

3212

01:57:18,950 --> 01:57:16,960

the whole family

3213

01:57:22,870 --> 01:57:18,960

you too thank you everybody

3214

01:57:28,709 --> 01:57:26,310

amazing guys i this could not have gone

3215

01:57:31,189 --> 01:57:28,719

any better i'm so uh happy that michael

3216

01:57:34,070 --> 01:57:31,199

was able to hop in we will have chrissy

3217

01:57:36,310 --> 01:57:34,080

newton back very soon um to talk all

3218

01:57:38,950 --> 01:57:36,320

about ufos and uh

3219

01:57:41,910 --> 01:57:38,960

some really interesting exciting stuff

3220

01:57:43,750 --> 01:57:41,920

that her and i are uh getting up to in

3221

01:57:45,830 --> 01:57:43,760

2022 we're gonna get ourselves in

3222

01:57:47,830 --> 01:57:45,840

trouble in the ufo field and we can't

3223

01:57:50,310 --> 01:57:47,840

wait to share a lot of that information

3224

01:57:52,629 --> 01:57:50,320

with you hopefully very soon but before

3225

01:57:55,189 --> 01:57:52,639

we go i did want to read some of what

3226

01:57:56,950 --> 01:57:55,199

our twitter followers over at summer

3227

01:57:58,709 --> 01:57:56,960

skies if you're not following us on

3228

01:58:01,669 --> 01:57:58,719

twitter head on over there at somewhere

3229

01:58:03,109 --> 01:58:01,679

skies and uh instagram summer skies pod

3230

01:58:04,950 --> 01:58:03,119

but i wanted to read a couple of these

3231

01:58:07,030 --> 01:58:04,960

for you here shadows of your mind on

3232

01:58:08,310 --> 01:58:07,040

twitter said i'm looking forward to more

3233

01:58:10,709 --> 01:58:08,320

nations getting involved in the

3234

01:58:12,870 --> 01:58:10,719

conversation and starting new projects

3235

01:58:15,030 --> 01:58:12,880

and collaborations and i couldn't agree

3236

01:58:17,109 --> 01:58:15,040

more i think a lot of that is going to

3237

01:58:19,109 --> 01:58:17,119

be seen and this community is just

3238

01:58:21,830 --> 01:58:19,119

growing every day and i think it's

3239

01:58:24,790 --> 01:58:21,840

incredible so um yeah i'm with him on

3240

01:58:27,990 --> 01:58:24,800

that rather besquitting on twitter said

3241

01:58:31,510 --> 01:58:28,000

that he's looking forward um to astro

3242

01:58:33,510 --> 01:58:31,520

and aoi msg um they're great but i don't

3243

01:58:36,310 --> 01:58:33,520

think we'll see anything from them in

3244

01:58:38,790 --> 01:58:36,320

2022 which he's probably right i'm

3245

01:58:41,350 --> 01:58:38,800

hoping for leaks wasn't it rubio who

3246

01:58:43,750 --> 01:58:41,360

suggested we get leaks from the ua ptf

3247

01:58:45,910 --> 01:58:43,760

classified report way back this summer

3248

01:58:48,870 --> 01:58:45,920

i'm still waiting man i'm waiting rather

3249

01:58:50,870 --> 01:58:48,880

for those leaks um so you let me know if

3250

01:58:53,430 --> 01:58:50,880

they send anything your way or over at

3251
01:58:54,790 --> 01:58:53,440
the debrief i'm sure the debrief would

3252
01:58:56,629 --> 01:58:54,800
be one of the places that they would

3253
01:58:59,430 --> 01:58:56,639
leak that they did leak us a lot of the

3254
01:59:01,830 --> 01:58:59,440
um the very early ufo videos to come out

3255
01:59:04,550 --> 01:59:01,840
this past year along with jeremy corbell

3256
01:59:07,830 --> 01:59:04,560
who's done incredible work as well um

3257
01:59:09,669 --> 01:59:07,840
ricky carr carricus on twitter says i

3258
01:59:12,229 --> 01:59:09,679
want public hearings and thoughtful

3259
01:59:14,950 --> 01:59:12,239
questions more lawmakers being exposed

3260
01:59:17,270 --> 01:59:14,960
to the issue and dare i say subpoenas

3261
01:59:20,550 --> 01:59:17,280
that would be really interesting if we

3262
01:59:22,870 --> 01:59:20,560
got subpoenas in congress for ufos and

3263
01:59:25,510 --> 01:59:22,880

last but not least michael g on facebook

3264

01:59:27,430 --> 01:59:25,520

says the necessary and uncomfortable

3265

01:59:30,229 --> 01:59:27,440

shift we are going to have to make from

3266

a reductionist and materialist worldview
