

A man with short dark hair and blue eyes is shown from the chest up, wearing a black t-shirt. The background is a vibrant, surreal landscape with a rainbow-like path leading towards a dark, saucer-shaped UFO in a blue sky. The overall aesthetic is digital and colorful.

 patreon

1
00:00:10,150 --> 00:00:07,990
hey what's up guys ryan here it's a new

2
00:00:12,150 --> 00:00:10,160
year and that means new goals for

3
00:00:15,110 --> 00:00:12,160
somewhere in the skies we want to bring

4
00:00:18,070 --> 00:00:15,120
you bigger and better interviews and

5
00:00:20,790 --> 00:00:18,080
much much more content our patreon

6
00:00:22,710 --> 00:00:20,800
campaign is the most efficient and

7
00:00:25,589 --> 00:00:22,720
effective way of helping the show

8
00:00:27,910 --> 00:00:25,599
continue and grow and in return you get

9
00:00:31,189 --> 00:00:27,920
early editions of main episodes bonus

10
00:00:33,030 --> 00:00:31,199
episodes and exclusive content i wanted

11
00:00:35,590 --> 00:00:33,040
to give those of you who aren't a part

12
00:00:38,069 --> 00:00:35,600
of our patreon campaign a sneak peek of

13
00:00:41,030 --> 00:00:38,079

some of our bonus episodes that patreon

14

00:00:42,950 --> 00:00:41,040

subscribers get at our second tier and

15

00:00:45,830 --> 00:00:42,960

if you've ever wanted to help the show

16

00:00:48,709 --> 00:00:45,840

now is the perfect time so i hope you

17

00:00:50,709 --> 00:00:48,719

enjoyed this glimpse inside our patreon

18

00:00:53,110 --> 00:00:50,719

rewards and i hope you'll consider

19

00:00:57,350 --> 00:00:53,120

becoming a patreon subscriber today to

20

00:01:00,470 --> 00:00:58,709

summer patreon.com

21

00:01:02,790 --> 00:01:00,480

i hope you enjoyed this episode and

22

00:01:05,670 --> 00:01:02,800

remember keep your feet on the ground

23

00:01:06,789 --> 00:01:05,680

but never stop supporting somewhere in

24

00:01:09,210 --> 00:01:06,799

the skies

25

00:01:14,149 --> 00:01:09,220

sorry i had to enjoy

26
00:01:19,270 --> 00:01:17,030
welcome to all patreon subscribers you

27
00:01:21,830 --> 00:01:19,280
have been granted top secret majestic

28
00:01:24,469 --> 00:01:21,840
clearance to the following content it is

29
00:01:26,280 --> 00:01:24,479
for your eyes and ears only thank you

30
00:01:32,550 --> 00:01:26,290
for your cooperation

31
00:01:37,510 --> 00:01:32,560
[Music]

32
00:01:41,190 --> 00:01:37,520
it was 2 30 p.m october 31st 1963 when

33
00:01:44,069 --> 00:01:41,200
the saucer fell

34
00:01:47,270 --> 00:01:44,079
ruth souza nine-year-old daughter of

35
00:01:50,230 --> 00:01:47,280
sonora souza was playing near the bank

36
00:01:52,789 --> 00:01:50,240
of the parapava river when a loud roar

37
00:01:55,830 --> 00:01:52,799
frightened her and caused her to look up

38
00:01:58,310 --> 00:01:55,840

into the sky what she saw coming at her

39

00:02:01,270 --> 00:01:58,320

was even more startling

40

00:02:03,830 --> 00:02:01,280

a shiny disc shaped object moved slowly

41

00:02:06,310 --> 00:02:03,840

just above the treetop level as it moved

42

00:02:08,469 --> 00:02:06,320

towards their house it lost altitude and

43

00:02:11,110 --> 00:02:08,479

collided with a palm tree

44

00:02:13,350 --> 00:02:11,120

growing between the house and the river

45

00:02:15,830 --> 00:02:13,360

unable to move the little girl watched

46

00:02:18,630 --> 00:02:15,840

awestruck as the shiny craft seemed to

47

00:02:21,110 --> 00:02:18,640

try to gain altitude as it moved over

48

00:02:24,070 --> 00:02:21,120

the water of the river it rocked

49

00:02:27,190 --> 00:02:24,080

violently and maneuvered awkwardly as if

50

00:02:29,510 --> 00:02:27,200

trying to regain stability then it

51
00:02:32,630 --> 00:02:29,520
suddenly dropped directly into the water

52
00:02:34,070 --> 00:02:32,640
of the river ruth ran to her mother who

53
00:02:36,869 --> 00:02:34,080
would come out at the sound of the

54
00:02:39,589 --> 00:02:36,879
tremendous roar had there been no other

55
00:02:41,670 --> 00:02:39,599
effects besides the roar the disc-shaped

56
00:02:43,350 --> 00:02:41,680
object that the little girl described

57
00:02:46,229 --> 00:02:43,360
might have been written off as the

58
00:02:48,869 --> 00:02:46,239
construction of a child's imagination

59
00:02:50,550 --> 00:02:48,879
but when mrs souza reached the river

60
00:02:54,229 --> 00:02:50,560
the water where her daughter said the

61
00:02:56,550 --> 00:02:54,239
object had fallen was boiling violently

62
00:02:59,830 --> 00:02:56,560
churning up mud and other debris from

63
00:03:01,589 --> 00:02:59,840

the bottom raul souza ruth's uncle who

64

00:03:03,830 --> 00:03:01,599

was working about a hundred yards away

65

00:03:05,670 --> 00:03:03,840

from the spot came running to the house

66

00:03:08,149 --> 00:03:05,680

at the sound of the roar

67

00:03:10,710 --> 00:03:08,159

as he looked out over the river he too

68

00:03:13,509 --> 00:03:10,720

witnessed the strange boiling churning

69

00:03:16,309 --> 00:03:13,519

water but even with these witnesses

70

00:03:18,869 --> 00:03:16,319

ruth's story might have gone unbelieved

71

00:03:20,149 --> 00:03:18,879

had not verification come from across

72

00:03:22,149 --> 00:03:20,159

the river

73

00:03:24,070 --> 00:03:22,159

fishermen working the opposite bank of

74

00:03:27,030 --> 00:03:24,080

the river described exactly the same

75

00:03:29,350 --> 00:03:27,040

phenomena that ruth had they all heard

76

00:03:31,830 --> 00:03:29,360

the roar and saw the craft as it moved

77

00:03:34,630 --> 00:03:31,840

from the river then plunged into it

78

00:03:37,030 --> 00:03:34,640

sonora de souza's home is located in the

79

00:03:39,270 --> 00:03:37,040

sao paulo providence of brazil and a

80

00:03:41,509 --> 00:03:39,280

report of the sighting and of the fall

81

00:03:43,589 --> 00:03:41,519

of the object immediately went to the

82

00:03:46,470 --> 00:03:43,599

city of sao paulo police from the

83

00:03:48,789 --> 00:03:46,480

nearest town aguape went to the scene at

84

00:03:50,949 --> 00:03:48,799

once and questioned the witnesses while

85

00:03:52,070 --> 00:03:50,959

the incident was still fresh in their

86

00:03:54,149 --> 00:03:52,080

minds

87

00:03:56,789 --> 00:03:54,159

the story they pieced together described

88

00:03:59,589 --> 00:03:56,799

a disc of small thickness about one

89

00:04:02,149 --> 00:03:59,599

meter but about five meters in diameter

90

00:04:05,190 --> 00:04:02,159

by all accounts it had resembled an

91

00:04:07,110 --> 00:04:05,200

aluminum basin it had been very bright

92

00:04:09,910 --> 00:04:07,120

and in broad daylight it had looked

93

00:04:12,949 --> 00:04:09,920

almost luminous when first sighted the

94

00:04:14,949 --> 00:04:12,959

craft was moving very slowly and at no

95

00:04:17,749 --> 00:04:14,959

time did it show any ability to

96

00:04:19,670 --> 00:04:17,759

accelerate at any great rate the roar

97

00:04:21,430 --> 00:04:19,680

that announced its coming was almost

98

00:04:23,909 --> 00:04:21,440

deafening and seemed to indicate that

99

00:04:25,909 --> 00:04:23,919

the craft possessed great power as it

100

00:04:28,150 --> 00:04:25,919

moved toward the souza house it appeared

101

00:04:31,430 --> 00:04:28,160

to be having difficulty maintaining its

102

00:04:33,990 --> 00:04:31,440

altitude after several erratic movements

103

00:04:36,629 --> 00:04:34,000

the power had seemed to give out and the

104

00:04:38,790 --> 00:04:36,639

disc had plunged toward the river

105

00:04:41,270 --> 00:04:38,800

all the witnesses agreed that the river

106

00:04:44,310 --> 00:04:41,280

had erupted violently and the water had

107

00:04:46,870 --> 00:04:44,320

begun to boil the craft did not stay on

108

00:04:48,870 --> 00:04:46,880

top of the water for any time at all

109

00:04:51,030 --> 00:04:48,880

but settled immediately beneath the

110

00:04:53,990 --> 00:04:51,040

surface indicating that it was of

111

00:04:56,390 --> 00:04:54,000

greater average density than water the

112

00:04:58,950 --> 00:04:56,400

depth of the water at the spot is 12

113

00:05:01,270 --> 00:04:58,960

feet but where the water stops the silt

114

00:05:03,909 --> 00:05:01,280

begins and the mud layer on the bottom

115

00:05:06,790 --> 00:05:03,919

is about 15 feet thick and is mixed with

116

00:05:09,670 --> 00:05:06,800

clay the disc gets stuck to the top of a

117

00:05:11,830 --> 00:05:09,680

palm tree next to mrs d'souza's house

118

00:05:13,430 --> 00:05:11,840

before it had moved over the river the

119

00:05:15,909 --> 00:05:13,440

police observed that something had

120

00:05:18,790 --> 00:05:15,919

freshly gouged a chunk out of the tree

121

00:05:21,350 --> 00:05:18,800

about 15 feet above the ground whatever

122

00:05:24,629 --> 00:05:21,360

the object's identity it had been very

123

00:05:27,270 --> 00:05:24,639

substantial heavier than water and in

124

00:05:29,029 --> 00:05:27,280

trouble before it plunged into the river

125

00:05:32,070 --> 00:05:29,039

the incident caused an immediate

126

00:05:34,230 --> 00:05:32,080

sensation in brazil ufo investigators

127

00:05:37,350 --> 00:05:34,240

had waited for years for a saucer to

128

00:05:39,550 --> 00:05:37,360

land or crash in order to establish

129

00:05:42,070 --> 00:05:39,560

their claims to the existence of

130

00:05:45,189 --> 00:05:42,080

extraterrestrial intelligence this

131

00:05:47,990 --> 00:05:45,199

seemed to be the perfect opportunity

132

00:05:51,029 --> 00:05:48,000

the craft had sunk in a river but it had

133

00:05:53,189 --> 00:05:51,039

not fallen on military property it

134

00:05:55,510 --> 00:05:53,199

seemed to be just a matter of recovering

135

00:05:57,350 --> 00:05:55,520

it where it had fallen

136

00:06:00,390 --> 00:05:57,360

the first attempt to retrieve the disc

137

00:06:04,469 --> 00:06:00,400

was made by a diving instructor cuatano

138

00:06:07,830 --> 00:06:04,479

hermano iavane with two companions peter

139

00:06:10,550 --> 00:06:07,840

runger in manuel batista andrade they

140

00:06:12,950 --> 00:06:10,560

spent four hours searching the bottom in

141

00:06:15,590 --> 00:06:12,960

several efforts but they were hampered

142

00:06:17,749 --> 00:06:15,600

by the mud although the exact spot of

143

00:06:19,590 --> 00:06:17,759

descent into the river was marked

144

00:06:21,749 --> 00:06:19,600

exactly what had happened to the disc

145

00:06:24,790 --> 00:06:21,759

shaped object once it had passed under

146

00:06:27,350 --> 00:06:24,800

the surface was a matter of speculation

147

00:06:29,749 --> 00:06:27,360

one possibility is that it had sunk

148

00:06:31,350 --> 00:06:29,759

straight down into the mud and silt

149

00:06:33,590 --> 00:06:31,360

layers on the bottom

150

00:06:34,390 --> 00:06:33,600

yet if it had not moved immediately into

151
00:06:36,390 --> 00:06:34,400
the mud

152
00:06:37,830 --> 00:06:36,400
the current might have pushed the object

153
00:06:39,909 --> 00:06:37,840
toward the ocean

154
00:06:42,309 --> 00:06:39,919
it also could have been moved under its

155
00:06:44,870 --> 00:06:42,319
own power underwater before finally

156
00:06:46,710 --> 00:06:44,880
coming to rest on the river bottom

157
00:06:49,350 --> 00:06:46,720
another attempt to recover the disc was

158
00:06:53,029 --> 00:06:49,360
made by a second team of divers led by a

159
00:06:54,870 --> 00:06:53,039
man named gigi del mosco although much

160
00:06:56,870 --> 00:06:54,880
special equipment was brought in by the

161
00:06:59,510 --> 00:06:56,880
determined group of men they had as

162
00:07:01,430 --> 00:06:59,520
little luck as the first team

163
00:07:04,309 --> 00:07:01,440

once again the mud on the river bottom

164

00:07:05,510 --> 00:07:04,319

was the biggest obstacle to successful

165

00:07:07,029 --> 00:07:05,520

diving

166

00:07:08,870 --> 00:07:07,039

several theories concerning what

167

00:07:11,350 --> 00:07:08,880

happened to the disc have been advanced

168

00:07:13,589 --> 00:07:11,360

by the residents of aguape and by the

169

00:07:16,629 --> 00:07:13,599

divers who have gone in search of the

170

00:07:19,189 --> 00:07:16,639

object the most immediate possibility is

171

00:07:21,749 --> 00:07:19,199

that it may have been washed downstream

172

00:07:24,469 --> 00:07:21,759

most of the witnesses to the crash think

173

00:07:26,629 --> 00:07:24,479

that this is highly unlikely

174

00:07:29,749 --> 00:07:26,639

the way the disc plunged into the river

175

00:07:31,430 --> 00:07:29,759

it was probably a very heavy object

176
00:07:33,830 --> 00:07:31,440
those believing that the disc had come

177
00:07:35,830 --> 00:07:33,840
from some point in outer space have

178
00:07:37,749 --> 00:07:35,840
suggested that it may have been secretly

179
00:07:39,270 --> 00:07:37,759
retrieved some night immediately

180
00:07:41,270 --> 00:07:39,280
following the crash

181
00:07:43,430 --> 00:07:41,280
but eyewitnesses to the crash contest

182
00:07:44,710 --> 00:07:43,440
this position pointing out that

183
00:07:47,110 --> 00:07:44,720
immediately after the craft hit the

184
00:07:49,430 --> 00:07:47,120
water mud was spewed up which would

185
00:07:51,909 --> 00:07:49,440
indicate that it had probably buried

186
00:07:55,110 --> 00:07:51,919
itself deep in the silt making such an

187
00:07:57,670 --> 00:07:55,120
operation extremely difficult

188
00:08:00,469 --> 00:07:57,680

furthermore any mysterious activity in

189

00:08:02,790 --> 00:08:00,479

the alerted aguape area surely would

190

00:08:04,869 --> 00:08:02,800

have been observed by the residents

191

00:08:06,710 --> 00:08:04,879

the remaining possibility and the one

192

00:08:09,589 --> 00:08:06,720

which many people consider to be the

193

00:08:10,710 --> 00:08:09,599

most likely is that the disc is still

194

00:08:12,469 --> 00:08:10,720

there

195

00:08:15,589 --> 00:08:12,479

perhaps it moved with the current

196

00:08:17,589 --> 00:08:15,599

underwater or even under its own power

197

00:08:20,070 --> 00:08:17,599

but it is probably buried somewhere

198

00:08:21,909 --> 00:08:20,080

between the banks of the peripheral

199

00:08:24,830 --> 00:08:21,919

still settling to the bottom of the

200

00:08:26,710 --> 00:08:24,840

15-foot layer of enveloping almost

201
00:08:28,629 --> 00:08:26,720
impenetrable mud

202
00:08:31,430 --> 00:08:28,639
with the reports of the witnesses and

203
00:08:33,110 --> 00:08:31,440
the evidence of a notched palm tree the

204
00:08:35,509 --> 00:08:33,120
facts seemed to indicate that an

205
00:08:38,310 --> 00:08:35,519
unidentified flying disc had had

206
00:08:41,589 --> 00:08:38,320
navigational trouble over brazil and had

207
00:08:43,829 --> 00:08:41,599
been forced down in the parapava river

208
00:08:46,389 --> 00:08:43,839
whether it was manned or operated by

209
00:08:48,389 --> 00:08:46,399
remote control is unknown but the

210
00:08:50,310 --> 00:08:48,399
witnesses agree that it seemed to be

211
00:08:52,389 --> 00:08:50,320
moving under its own power when it

212
00:08:54,470 --> 00:08:52,399
plunged into the water

213
00:08:56,610 --> 00:08:54,480

it forms another mystery

214

00:09:11,590 --> 00:08:56,620

yet to be unraveled

215

00:09:18,150 --> 00:09:15,829

it was on the morning of january 18 1978

216

00:09:21,110 --> 00:09:18,160

when new jersey state police requested

217

00:09:24,389 --> 00:09:21,120

entry onto mcguire air force base along

218

00:09:27,030 --> 00:09:24,399

with the adjacent fort dix base ufos had

219

00:09:28,389 --> 00:09:27,040

been reported earlier in the evening but

220

00:09:31,910 --> 00:09:28,399

what the police said they were looking

221

00:09:32,949 --> 00:09:31,920

for was far stranger than just lights in

222

00:09:35,030 --> 00:09:32,959

the sky

223

00:09:37,430 --> 00:09:35,040

when asked just exactly why the state

224

00:09:40,389 --> 00:09:37,440

troopers needed access to the base they

225

00:09:43,190 --> 00:09:40,399

explained that an mp at fort dix had

226

00:09:44,470 --> 00:09:43,200

seen a low-flying object that had passed

227

00:09:46,710 --> 00:09:44,480

over his car

228

00:09:49,269 --> 00:09:46,720

as he looked back to the road below he

229

00:09:51,350 --> 00:09:49,279

hit the brakes in a panic

230

00:09:54,230 --> 00:09:51,360

standing in front of his vehicle in the

231

00:09:57,910 --> 00:09:54,240

headlights was a small being with a

232

00:09:58,870 --> 00:09:57,920

large head black eyes and a very slender

233

00:10:01,590 --> 00:09:58,880

body

234

00:10:05,030 --> 00:10:01,600

the mp panicked getting out of the car

235

00:10:07,509 --> 00:10:05,040

and pulling his 45 automatic he demanded

236

00:10:11,269 --> 00:10:07,519

that the being lay on the ground and

237

00:10:13,430 --> 00:10:11,279

when it didn't comply he began to shoot

238

00:10:15,269 --> 00:10:13,440

wounded the being fled the scene

239

00:10:18,069 --> 00:10:15,279

supposedly hopping the fence between the

240

00:10:20,630 --> 00:10:18,079

bases it then ran down a deserted

241

00:10:23,670 --> 00:10:20,640

airfield runway at maguire and

242

00:10:25,829 --> 00:10:23,680

eventually fell to the ground dying

243

00:10:27,750 --> 00:10:25,839

the guard on duty at this point one

244

00:10:29,829 --> 00:10:27,760

sergeant jeff morse

245

00:10:32,310 --> 00:10:29,839

allowed the police onto the runway to

246

00:10:35,190 --> 00:10:32,320

search for the being there they found

247

00:10:38,790 --> 00:10:35,200

the body crouched in a fetal position

248

00:10:41,190 --> 00:10:38,800

not breathing it was indeed dead

249

00:10:43,829 --> 00:10:41,200

shocked but keeping with protocol they

250

00:10:46,550 --> 00:10:43,839

began to rope off the area

251
00:10:49,829 --> 00:10:46,560
suddenly a group of military officers in

252
00:10:51,190 --> 00:10:49,839
blue berets arrived distancing morse

253
00:10:54,230 --> 00:10:51,200
from the area

254
00:10:57,030 --> 00:10:54,240
morse watched on from afar as this new

255
00:10:59,590 --> 00:10:57,040
group clad in blue berets whom he'd

256
00:11:01,350 --> 00:10:59,600
never seen before seemed to take charge

257
00:11:04,630 --> 00:11:01,360
of the situation

258
00:11:07,670 --> 00:11:04,640
ufo researcher leonard stringfield once

259
00:11:09,670 --> 00:11:07,680
interviewed morse about the being itself

260
00:11:11,509 --> 00:11:09,680
stringfield stated the following about

261
00:11:13,829 --> 00:11:11,519
how morris described it

262
00:11:16,389 --> 00:11:13,839
quote never close enough to observe

263
00:11:19,350 --> 00:11:16,399

details such as facial features or its

264

00:11:22,150 --> 00:11:19,360

hands and feet he did recall that under

265

00:11:25,110 --> 00:11:22,160

the glare of truck headlights the skin

266

00:11:28,069 --> 00:11:25,120

of the unclad hairless body was wet

267

00:11:30,310 --> 00:11:28,079

shiny and snake-like the entity was

268

00:11:34,069 --> 00:11:30,320

about four feet in height with a large

269

00:11:37,269 --> 00:11:34,079

head slender torso thin arms and legs

270

00:11:38,550 --> 00:11:37,279

and overall a grayish brown coloration

271

00:11:40,470 --> 00:11:38,560

end quote

272

00:11:43,190 --> 00:11:40,480

springfield also inquired about the

273

00:11:45,829 --> 00:11:43,200

retrieval operation itself as these blue

274

00:11:46,790 --> 00:11:45,839

beret officers worked their secretive

275

00:11:49,110 --> 00:11:46,800

magic

276

00:11:51,350 --> 00:11:49,120

stringfelt stated that quote while on

277

00:11:53,990 --> 00:11:51,360

patrol morse watched the blue beret

278

00:11:56,470 --> 00:11:54,000

specialists spray the corpse from a

279

00:11:58,629 --> 00:11:56,480

portable tank and cover it with a white

280

00:12:00,629 --> 00:11:58,639

sheet before the body was carefully

281

00:12:03,110 --> 00:12:00,639

placed onto a platform and a wooden

282

00:12:05,350 --> 00:12:03,120

frame built around it

283

00:12:08,470 --> 00:12:05,360

this was finally placed into a large

284

00:12:11,590 --> 00:12:08,480

square silver metal container about 10

285

00:12:13,750 --> 00:12:11,600

by 10 feet with indistinguishable blue

286

00:12:17,509 --> 00:12:13,760

markings end quote

287

00:12:20,470 --> 00:12:17,519

after this a c-141 cargo aircraft landed

288

00:12:22,470 --> 00:12:20,480

on the site the beam was loaded on board

289

00:12:24,790 --> 00:12:22,480

and it has been suspected that it took

290

00:12:28,310 --> 00:12:24,800

off towards wright-patterson air force

291

00:12:30,790 --> 00:12:28,320

base supposedly the same base the 1947

292

00:12:31,910 --> 00:12:30,800

roswell crash bodies were shipped off to

293

00:12:33,670 --> 00:12:31,920

as well

294

00:12:35,509 --> 00:12:33,680

morse and the police officer were

295

00:12:37,590 --> 00:12:35,519

separated and both were told that if

296

00:12:39,829 --> 00:12:37,600

they ever spoke of what they'd seen that

297

00:12:42,710 --> 00:12:39,839

day they would immediately be stripped

298

00:12:45,110 --> 00:12:42,720

of their duties in their respective jobs

299

00:12:47,190 --> 00:12:45,120

it was two days later when morse and a

300

00:12:49,590 --> 00:12:47,200

few other witnesses were shipped off to

301
00:12:51,509 --> 00:12:49,600
wright patterson and received intense

302
00:12:54,230 --> 00:12:51,519
interrogations

303
00:12:57,190 --> 00:12:54,240
statements by morse many years later he

304
00:13:00,230 --> 00:12:57,200
said quote they told me about my duty to

305
00:13:03,430 --> 00:13:00,240
keep my mouth shut i signed a form and

306
00:13:05,350 --> 00:13:03,440
it's supposed to bind me for life

307
00:13:08,069 --> 00:13:05,360
morse was brought back to maguire air

308
00:13:10,550 --> 00:13:08,079
force base debriefed by his superiors

309
00:13:11,509 --> 00:13:10,560
and the incident was never spoken of

310
00:13:13,350 --> 00:13:11,519
again

311
00:13:15,590 --> 00:13:13,360
it didn't take long for morse to start

312
00:13:18,470 --> 00:13:15,600
asking around about just exactly what

313
00:13:19,829 --> 00:13:18,480

he'd seen that night by other witnesses

314

00:13:22,389 --> 00:13:19,839

when word of this got out to his

315

00:13:26,069 --> 00:13:22,399

superiors many of the witnesses were

316

00:13:29,110 --> 00:13:26,079

shipped overseas including morse who

317

00:13:30,949 --> 00:13:29,120

soon found himself stationed at okinawa

318

00:13:33,350 --> 00:13:30,959

on desk duty

319

00:13:35,750 --> 00:13:33,360

to this day he admits that he's been

320

00:13:38,150 --> 00:13:35,760

constantly threatened not to speak of

321

00:13:41,030 --> 00:13:38,160

the event and that the military has gone

322

00:13:43,750 --> 00:13:41,040

to great lengths to keep him quiet

323

00:13:46,230 --> 00:13:43,760

including personality and professional

324

00:13:49,509 --> 00:13:46,240

attacks making it difficult for morse to

325

00:13:51,910 --> 00:13:49,519

find employment in law enforcement

326

00:13:54,710 --> 00:13:51,920

if this wasn't extraordinary or

327

00:13:56,870 --> 00:13:54,720

incredible enough another key witness

328

00:14:00,470 --> 00:13:56,880

did come forward to corroborate this

329

00:14:02,949 --> 00:14:00,480

event major george filer now retired was

330

00:14:05,829 --> 00:14:02,959

stationed at maguire at the same time as

331

00:14:07,910 --> 00:14:05,839

an intelligence officer while not being

332

00:14:10,949 --> 00:14:07,920

present at the actual incident he heard

333

00:14:13,509 --> 00:14:10,959

firsthand about it the following morning

334

00:14:15,509 --> 00:14:13,519

in an interview with abc news filer

335

00:14:18,310 --> 00:14:15,519

stated that quote our security police

336

00:14:21,430 --> 00:14:18,320

went out there and found him the alien

337

00:14:24,470 --> 00:14:21,440

at the end of the runway dead

338

00:14:27,030 --> 00:14:24,480

they asked me to brief the general staff

339

00:14:29,509 --> 00:14:27,040

while this briefing was later cancelled

340

00:14:32,389 --> 00:14:29,519

filer remained convinced that this event

341

00:14:34,310 --> 00:14:32,399

was truly bizarre and the joint bases

342

00:14:37,350 --> 00:14:34,320

were doing everything in their power to

343

00:14:39,189 --> 00:14:37,360

contain it and keep everyone silent

344

00:14:41,910 --> 00:14:39,199

while he couldn't prove that this alien

345

00:14:44,310 --> 00:14:41,920

being was of extraterrestrial origin

346

00:14:46,790 --> 00:14:44,320

word around the base continued to spread

347

00:14:49,829 --> 00:14:46,800

and all were convinced that this was a

348

00:14:53,350 --> 00:14:49,839

genuine ufo landing and the subsequent

349

00:14:54,150 --> 00:14:53,360

death of its extraterrestrial occupant

350

00:14:56,550 --> 00:14:54,160

so

351
00:14:59,350 --> 00:14:56,560
did a panicked trigger happy mp actually

352
00:15:01,829 --> 00:14:59,360
shoot and kill an alien that night

353
00:15:03,750 --> 00:15:01,839
the truth may never be known the lid on

354
00:15:05,990 --> 00:15:03,760
this and so many other apparent

355
00:15:08,790 --> 00:15:06,000
incidents of the silk have been so

356
00:15:11,350 --> 00:15:08,800
tightly wound shut that those involved

357
00:15:13,350 --> 00:15:11,360
fear the worst for their jobs or perhaps

358
00:15:16,310 --> 00:15:13,360
even their lives

359
00:15:18,470 --> 00:15:16,320
and i have to admit this one is pretty

360
00:15:20,949 --> 00:15:18,480
hard to swallow while we may have

361
00:15:23,590 --> 00:15:20,959
statements we have absolutely no

362
00:15:24,629 --> 00:15:23,600
evidence or documents to back any of

363
00:15:28,550 --> 00:15:24,639

this up

364

00:15:31,350 --> 00:15:28,560

that's ufology at its best and worst

365

00:15:34,389 --> 00:15:31,360

but if this case of an alien termination

366

00:15:36,629 --> 00:15:34,399

is true then we have more to fear than

367

00:15:38,870 --> 00:15:36,639

just military threats

368

00:15:41,590 --> 00:15:38,880

we have an alien race expecting one of

369

00:15:43,590 --> 00:15:41,600

their own to eventually come home

370

00:15:47,040 --> 00:15:43,600

they just probably weren't expecting it

371

00:15:59,749 --> 00:15:47,050

to be in a body bag

372

00:16:06,629 --> 00:16:02,470

an army reserve uh-1 helicopter cut

373

00:16:09,509 --> 00:16:06,639

through the night sky on october 18 1973

374

00:16:11,910 --> 00:16:09,519

the four-man crew captain lawrence coyne

375

00:16:14,949 --> 00:16:11,920

lieutenant arrigo jesse sergeant john

376

00:16:17,430 --> 00:16:14,959

healey and robert yanacek had traveled

377

00:16:19,509 --> 00:16:17,440

from cleveland to columbus earlier that

378

00:16:21,189 --> 00:16:19,519

evening for a regular standard medical

379

00:16:23,030 --> 00:16:21,199

examination

380

00:16:25,829 --> 00:16:23,040

following that they would board their

381

00:16:28,470 --> 00:16:25,839

vehicle at 10 30 pm and leave for their

382

00:16:30,790 --> 00:16:28,480

return journey back to cleveland

383

00:16:34,310 --> 00:16:30,800

it was while they were over mansfield

384

00:16:37,030 --> 00:16:34,320

that the night took a strange turn

385

00:16:39,269 --> 00:16:37,040

they were flying at 2500 feet the

386

00:16:41,749 --> 00:16:39,279

mixture of woods hills and farmland

387

00:16:43,910 --> 00:16:41,759

below them it was healey who first

388

00:16:44,870 --> 00:16:43,920

spotted the strange red light to their

389

00:16:46,710 --> 00:16:44,880

left

390

00:16:48,870 --> 00:16:46,720

it was at some distance but it looked

391

00:16:50,790 --> 00:16:48,880

too bright to be a standard aircraft

392

00:16:53,350 --> 00:16:50,800

light he would keep the sighting to

393

00:16:55,829 --> 00:16:53,360

himself but keep his eye on it

394

00:16:57,430 --> 00:16:55,839

several moments later janasek noticed

395

00:16:59,910 --> 00:16:57,440

the red light also

396

00:17:02,389 --> 00:16:59,920

when it began to close in on their craft

397

00:17:03,990 --> 00:17:02,399

he informed captain coin

398

00:17:06,470 --> 00:17:04,000

believing themselves to be on a

399

00:17:08,870 --> 00:17:06,480

collision course with this object

400

00:17:11,909 --> 00:17:08,880

coin thrust the helicopter down

401

00:17:13,829 --> 00:17:11,919

descending around 500 feet

402

00:17:15,909 --> 00:17:13,839

as he did so he would request

403

00:17:17,350 --> 00:17:15,919

information from the control tower in

404

00:17:19,110 --> 00:17:17,360

mansfield

405

00:17:20,630 --> 00:17:19,120

a few seconds after initial radio

406

00:17:24,150 --> 00:17:20,640

contact with the tower their

407

00:17:26,150 --> 00:17:24,160

communications began to be interrupted

408

00:17:27,990 --> 00:17:26,160

the red object was still heading in

409

00:17:30,470 --> 00:17:28,000

their direction i looked out the window

410

00:17:33,190 --> 00:17:30,480

and observed this light moving at a very

411

00:17:34,789 --> 00:17:33,200

excessive speed in excess of 600 knots

412

00:17:37,350 --> 00:17:34,799

coming at the helicopter it looked like

413

00:17:40,310 --> 00:17:37,360

a lockdown missile the men prepared for

414

00:17:42,390 --> 00:17:40,320

impact just as the object was about to

415

00:17:45,590 --> 00:17:42,400

crash into the helicopter

416

00:17:47,830 --> 00:17:45,600

it came to a complete stop directly in

417

00:17:49,510 --> 00:17:47,840

front and slightly above them the thing

418

00:17:51,750 --> 00:17:49,520

that makes this particular evening a

419

00:17:54,470 --> 00:17:51,760

unique experience was that it was almost

420

00:17:57,110 --> 00:17:54,480

emitter collision with an object that we

421

00:17:59,510 --> 00:17:57,120

you know as a ufo we did not know was

422

00:18:01,669 --> 00:17:59,520

such until it was on top the helicopter

423

00:18:04,470 --> 00:18:01,679

and that took just a matter of minutes

424

00:18:07,590 --> 00:18:04,480

the metallic cigar-shaped object hung in

425

00:18:09,350 --> 00:18:07,600

the air filling the entire windshield

426
00:18:11,430 --> 00:18:09,360
the crew would estimate the object to be

427
00:18:12,549 --> 00:18:11,440
around 60 feet in length and around 20

428
00:18:15,350 --> 00:18:12,559
feet high

429
00:18:18,630 --> 00:18:15,360
all four men looked on in awe of this

430
00:18:20,950 --> 00:18:18,640
huge otherworldly craft

431
00:18:23,510 --> 00:18:20,960
suddenly a green light swung from

432
00:18:24,950 --> 00:18:23,520
underneath and hit the windshield of the

433
00:18:27,909 --> 00:18:24,960
helicopter

434
00:18:30,070 --> 00:18:27,919
according to coin the whole cabin turned

435
00:18:32,549 --> 00:18:30,080
green as the light illuminated

436
00:18:34,630 --> 00:18:32,559
everything in a bright green wash

437
00:18:37,110 --> 00:18:34,640
after a few seconds the light went out

438
00:18:39,270 --> 00:18:37,120

and the object moved up and to the west

439

00:18:41,029 --> 00:18:39,280

at great speed

440

00:18:42,789 --> 00:18:41,039

coin who had the helicopter's height

441

00:18:45,909 --> 00:18:42,799

locked throughout the incident at about

442

00:18:48,789 --> 00:18:45,919

1700 feet realized they were suddenly at

443

00:18:51,830 --> 00:18:48,799

a height of 3 500 feet

444

00:18:55,590 --> 00:18:51,840

they had climbed almost 2 000 feet in a

445

00:18:58,870 --> 00:18:55,600

matter of seconds and never even knew it

446

00:19:00,870 --> 00:18:58,880

suddenly a bump nudged the helicopter

447

00:19:03,350 --> 00:19:00,880

and instinctively coined climbed

448

00:19:04,630 --> 00:19:03,360

slightly the vehicle now back in his

449

00:19:07,510 --> 00:19:04,640

control

450

00:19:09,190 --> 00:19:07,520

the crew still shaken continued on to

451
00:19:11,909 --> 00:19:09,200
cleveland where they would make an

452
00:19:14,470 --> 00:19:11,919
official report of the incident

453
00:19:17,750 --> 00:19:14,480
however unlike many encounters involving

454
00:19:20,150 --> 00:19:17,760
aircraft pilots military or commercial

455
00:19:21,990 --> 00:19:20,160
coin would give his report to the media

456
00:19:25,350 --> 00:19:22,000
upon landing the object that i viewed

457
00:19:28,150 --> 00:19:25,360
that particular evening

458
00:19:30,150 --> 00:19:28,160
had a high degree of technology it was

459
00:19:32,390 --> 00:19:30,160
composed of a structure and a design

460
00:19:33,669 --> 00:19:32,400
that we do not have

461
00:19:35,350 --> 00:19:33,679
the object can move through the

462
00:19:38,549 --> 00:19:35,360
atmosphere without causing any

463
00:19:41,430 --> 00:19:38,559

turbulence it can move at high speeds

464

00:19:43,590 --> 00:19:41,440

below 10 000 feet there are no vertical

465

00:19:45,909 --> 00:19:43,600

or horizontal stabilizers no landing

466

00:19:47,270 --> 00:19:45,919

gear no source of propulsion reflected

467

00:19:48,789 --> 00:19:47,280

on the craft

468

00:19:50,950 --> 00:19:48,799

looks like it

469

00:19:53,669 --> 00:19:50,960

it could go fly in space

470

00:19:55,110 --> 00:19:53,679

a local cleveland reporter ran the story

471

00:19:57,590 --> 00:19:55,120

the following day

472

00:20:00,230 --> 00:19:57,600

shortly after coin appeared on the dick

473

00:20:02,230 --> 00:20:00,240

cavett show and told of the encounter to

474

00:20:04,310 --> 00:20:02,240

a national audience

475

00:20:07,830 --> 00:20:04,320

it's because of his actions that the

476

00:20:10,470 --> 00:20:07,840

account is largely seen as credible

477

00:20:13,350 --> 00:20:10,480

it also gave the military no chance to

478

00:20:15,270 --> 00:20:13,360

cover up or ridicule the incident

479

00:20:17,669 --> 00:20:15,280

and even if they had tried

480

00:20:20,789 --> 00:20:17,679

several people below also witnessed the

481

00:20:22,230 --> 00:20:20,799

bizarre events unfold

482

00:20:24,310 --> 00:20:22,240

there were several witnesses on the

483

00:20:25,270 --> 00:20:24,320

ground who would corroborate the pilot's

484

00:20:27,350 --> 00:20:25,280

accounts

485

00:20:29,430 --> 00:20:27,360

one of them was jim carver and his

486

00:20:32,070 --> 00:20:29,440

family who were driving to the rural

487

00:20:34,070 --> 00:20:32,080

home just outside of mansfield

488

00:20:36,390 --> 00:20:34,080

along with jim were his three siblings

489

00:20:39,190 --> 00:20:36,400

and his mother emma it was shortly after

490

00:20:41,510 --> 00:20:39,200

11 p.m when they noticed a strange red

491

00:20:43,510 --> 00:20:41,520

light in the sky above them it appeared

492

00:20:46,310 --> 00:20:43,520

to be getting closer

493

00:20:48,470 --> 00:20:46,320

emma turned the car onto route 430 as

494

00:20:51,110 --> 00:20:48,480

she did so both she and her four

495

00:20:53,750 --> 00:20:51,120

children could now see two lights above

496

00:20:55,510 --> 00:20:53,760

one was red the other green

497

00:20:57,190 --> 00:20:55,520

as each of them watched the lights in

498

00:20:59,190 --> 00:20:57,200

fascination

499

00:21:00,710 --> 00:20:59,200

they noticed the sound of an approaching

500

00:21:02,230 --> 00:21:00,720

helicopter

501
00:21:04,470 --> 00:21:02,240
emma pulled the car to the side of the

502
00:21:06,870 --> 00:21:04,480
road and she and her children stepped

503
00:21:09,029 --> 00:21:06,880
out to watch the events above

504
00:21:11,990 --> 00:21:09,039
they could see the huge cigar-shaped

505
00:21:13,909 --> 00:21:12,000
object hovering over the helicopter

506
00:21:16,149 --> 00:21:13,919
suddenly they witnessed the bright green

507
00:21:18,630 --> 00:21:16,159
light shoot from the underside and

508
00:21:21,350 --> 00:21:18,640
bathed not only the entire cockpit in

509
00:21:22,549 --> 00:21:21,360
fluorescent green but everything in

510
00:21:25,430 --> 00:21:22,559
sight

511
00:21:27,590 --> 00:21:25,440
as the crew reported after a few seconds

512
00:21:30,149 --> 00:21:27,600
the light went out and the object moved

513
00:21:32,149 --> 00:21:30,159

away casting a brief flash of bright

514

00:21:35,029 --> 00:21:32,159

white light as it did

515

00:21:37,190 --> 00:21:35,039

incidentally there was a spike in ufo

516

00:21:39,510 --> 00:21:37,200

sightings throughout the u.s in october

517

00:21:43,510 --> 00:21:39,520

of 1973

518

00:21:45,350 --> 00:21:43,520

in 1988 almost 15 years later a new

519

00:21:46,710 --> 00:21:45,360

witness came forward with more

520

00:21:48,470 --> 00:21:46,720

information

521

00:21:50,710 --> 00:21:48,480

gianne elias

522

00:21:53,110 --> 00:21:50,720

from the southeast mansfield area

523

00:21:55,830 --> 00:21:53,120

recalled laying in bed watching the 11

524

00:21:58,310 --> 00:21:55,840

pm news when the sound of an extremely

525

00:21:59,990 --> 00:21:58,320

low flying helicopter made her stop

526

00:22:02,390 --> 00:22:00,000

watching the tv

527

00:22:04,390 --> 00:22:02,400

she was used to low-flying aircraft as

528

00:22:07,750 --> 00:22:04,400

their house was only six miles from the

529

00:22:10,149 --> 00:22:07,760

mansfield airport runway however this

530

00:22:13,110 --> 00:22:10,159

aircraft sounded lower than normal and

531

00:22:15,830 --> 00:22:13,120

she feared an imminent crash

532

00:22:18,310 --> 00:22:15,840

as she panicked she hid her head under

533

00:22:21,190 --> 00:22:18,320

the pillow on her bed she could hear her

534

00:22:22,630 --> 00:22:21,200

teenage son john calling to her from his

535

00:22:25,190 --> 00:22:22,640

room next door

536

00:22:26,950 --> 00:22:25,200

the loud rumbling sound had awoken him

537

00:22:29,510 --> 00:22:26,960

and a bright green light filled his

538

00:22:31,430 --> 00:22:29,520

entire room from outside

539

00:22:34,070 --> 00:22:31,440

following an appeal in the mansfield

540

00:22:36,549 --> 00:22:34,080

news journal in 2015

541

00:22:38,710 --> 00:22:36,559

for witnesses to the mansfield incident

542

00:22:42,149 --> 00:22:38,720

many people did come forward with new

543

00:22:43,990 --> 00:22:42,159

information one was brian stevens who at

544

00:22:46,630 --> 00:22:44,000

the time of the incident was 13 years

545

00:22:48,870 --> 00:22:46,640

old he would recall seeing a red orange

546

00:22:52,390 --> 00:22:48,880

ball that he couldn't take his eyes off

547

00:22:55,270 --> 00:22:52,400

of as he walked along ohio 39

548

00:22:57,110 --> 00:22:55,280

another new witness glanced out worked

549

00:22:59,029 --> 00:22:57,120

at mansfield tire

550

00:23:01,110 --> 00:22:59,039

he and several co-workers were on a

551
00:23:03,669 --> 00:23:01,120
break at the back dock when a crazy

552
00:23:05,590 --> 00:23:03,679
looking light sped towards a helicopter

553
00:23:07,909 --> 00:23:05,600
nearly crashing

554
00:23:10,549 --> 00:23:07,919
one particularly bizarre detail offered

555
00:23:12,310 --> 00:23:10,559
by stout was his home electric bill for

556
00:23:14,230 --> 00:23:12,320
the month following the incident was

557
00:23:16,630 --> 00:23:14,240
only four dollars

558
00:23:18,710 --> 00:23:16,640
he wondered if this surprisingly low

559
00:23:20,710 --> 00:23:18,720
bill had a connection to the ufo

560
00:23:23,590 --> 00:23:20,720
overhead that evening

561
00:23:25,350 --> 00:23:23,600
bring on all the ufo encounters here in

562
00:23:28,070 --> 00:23:25,360
new york city please

563
00:23:30,230 --> 00:23:28,080

my electric feels insane

564

00:23:33,510 --> 00:23:30,240

judith ham was yet another person who

565

00:23:35,430 --> 00:23:33,520

witnessed the bizarre events in 1973

566

00:23:37,029 --> 00:23:35,440

she claimed to have almost screamed out

567

00:23:39,909 --> 00:23:37,039

loud as she witnessed what she thought

568

00:23:41,750 --> 00:23:39,919

was two planes about to crash

569

00:23:43,909 --> 00:23:41,760

ham believed it was a military plane

570

00:23:45,110 --> 00:23:43,919

until reading stories of the encounter

571

00:23:47,990 --> 00:23:45,120

afterward

572

00:23:49,990 --> 00:23:48,000

but let's return to where this all began

573

00:23:51,990 --> 00:23:50,000

with captain coin and the rest of the

574

00:23:53,990 --> 00:23:52,000

helicopter crew

575

00:23:56,870 --> 00:23:54,000

just what was it that was seen that

576
00:23:59,350 --> 00:23:56,880
evening in the skies over mansfield ohio

577
00:24:01,110 --> 00:23:59,360
may never be known while it isn't beyond

578
00:24:03,590 --> 00:24:01,120
the realm of possibility that the

579
00:24:04,390 --> 00:24:03,600
military has more information about the

580
00:24:06,950 --> 00:24:04,400
case

581
00:24:09,510 --> 00:24:06,960
the fact that coin bypass potential

582
00:24:12,310 --> 00:24:09,520
sensor heavy channels by speaking

583
00:24:15,430 --> 00:24:12,320
directly with the media suggests the

584
00:24:17,190 --> 00:24:15,440
incident is mostly intact

585
00:24:19,669 --> 00:24:17,200
whether or not there was some

586
00:24:21,909 --> 00:24:19,679
clandestine military involvement

587
00:24:23,990 --> 00:24:21,919
somewhere in the timeline of the episode

588
00:24:26,950 --> 00:24:24,000

is open to debate

589

00:24:30,230 --> 00:24:26,960

and just like many other ufo cases it

590

00:24:33,269 --> 00:24:30,240

also remains unexplained i would like to

591

00:24:36,230 --> 00:24:33,279

stress one important fact and that is

592

00:24:39,029 --> 00:24:36,240

there is approximately 20 years of army

593

00:24:41,430 --> 00:24:39,039

aviation experience between the four men

594

00:24:43,430 --> 00:24:41,440

on board the helicopter that night we

595

00:24:46,310 --> 00:24:43,440

have been trained to follow procedures

596

00:24:48,789 --> 00:24:46,320

and regulations in reporting incidents

597

00:24:51,190 --> 00:24:48,799

regardless of how they're accepted and

598

00:24:54,070 --> 00:24:51,200

we tried to follow those procedures and

599

00:24:56,149 --> 00:24:54,080

we reported the incident as it occurred

600

00:24:57,160 --> 00:24:56,159

and have avoided any speculation on the

601
00:25:07,269 --> 00:24:57,170
subject

602
00:25:11,789 --> 00:25:10,070
sometime before 7pm on the evening of

603
00:25:15,750 --> 00:25:11,799
february 23rd

604
00:25:18,870 --> 00:25:15,760
1975 two seven-year-old boys masato

605
00:25:21,350 --> 00:25:18,880
kawano and katashiro yamahata were

606
00:25:24,710 --> 00:25:21,360
roller skating near the hinode housing

607
00:25:28,070 --> 00:25:24,720
estate in kamemachi kofu city when they

608
00:25:31,029 --> 00:25:28,080
noticed a pair of glittering orange ufos

609
00:25:34,230 --> 00:25:31,039
cavorting in the sky above them the

610
00:25:36,390 --> 00:25:34,240
enthralled boys stared in astonishment

611
00:25:39,510 --> 00:25:36,400
as the larger of the two objects broke

612
00:25:42,310 --> 00:25:39,520
off and flew northwest toward mount

613
00:25:44,390 --> 00:25:42,320

otago while the smaller craft slowly

614

00:25:46,549 --> 00:25:44,400

descended to the ground

615

00:25:48,789 --> 00:25:46,559

landing amongst the props of a vineyard

616

00:25:51,029 --> 00:25:48,799

located behind the estate

617

00:25:52,950 --> 00:25:51,039

the boys later confirmed that despite

618

00:25:55,830 --> 00:25:52,960

the distance the descending aerial

619

00:25:59,430 --> 00:25:55,840

anomaly could be heard emitting an odd

620

00:26:02,310 --> 00:25:59,440

series of crackling or ticking sounds

621

00:26:04,390 --> 00:26:02,320

not unlike that of a geiger counter

622

00:26:06,789 --> 00:26:04,400

it goes without saying that the curious

623

00:26:09,029 --> 00:26:06,799

youngsters wasted no time in removing

624

00:26:10,630 --> 00:26:09,039

their skates and charging into the

625

00:26:13,350 --> 00:26:10,640

vineyard in order to get a better look

626
00:26:15,190 --> 00:26:13,360
at this now earthbound object

627
00:26:18,230 --> 00:26:15,200
as the second graders approached the

628
00:26:20,789 --> 00:26:18,240
formerly orange spacecraft they noted

629
00:26:23,669 --> 00:26:20,799
that it now resembled a dome atop a

630
00:26:26,950 --> 00:26:23,679
silver disk which stood approximately

631
00:26:28,470 --> 00:26:26,960
seven feet high and was roughly 15 feet

632
00:26:30,470 --> 00:26:28,480
in diameter

633
00:26:33,430 --> 00:26:30,480
this now classically shaped flying

634
00:26:35,990 --> 00:26:33,440
saucer was perched on three ball shaped

635
00:26:38,390 --> 00:26:36,000
legs and had what the children described

636
00:26:40,630 --> 00:26:38,400
as strange characters

637
00:26:41,510 --> 00:26:40,640
embossed on the metallic surface of its

638
00:26:44,230 --> 00:26:41,520

hull

639

00:26:47,350 --> 00:26:44,240

while inspecting the craft both kiwano

640

00:26:49,909 --> 00:26:47,360

and yamahata were astounded to see a

641

00:26:52,710 --> 00:26:49,919

hatch open on the side of the craft and

642

00:26:55,669 --> 00:26:52,720

a ladder automatically extending down to

643

00:26:58,710 --> 00:26:55,679

the ground below the boys stared in

644

00:27:01,669 --> 00:26:58,720

stunned silence as a peculiar long-armed

645

00:27:02,870 --> 00:27:01,679

humanoid began to disembark from the

646

00:27:04,870 --> 00:27:02,880

ship

647

00:27:07,350 --> 00:27:04,880

it was at that moment that the boys

648

00:27:10,310 --> 00:27:07,360

noticed another slightly smaller though

649

00:27:11,990 --> 00:27:10,320

virtually identical entity that remained

650

00:27:14,710 --> 00:27:12,000

inside what was apparently the object's

651
00:27:17,110 --> 00:27:14,720
button and lever filled controlled room

652
00:27:18,789 --> 00:27:17,120
kawano and yamahata later reported that

653
00:27:21,350 --> 00:27:18,799
the creatures were both approximately

654
00:27:24,870 --> 00:27:21,360
four feet tall and were clad in a

655
00:27:26,789 --> 00:27:24,880
glowing or reflective silver uniform

656
00:27:29,830 --> 00:27:26,799
they also depicted the entities as

657
00:27:32,830 --> 00:27:29,840
having large pointed ears and uncovered

658
00:27:35,110 --> 00:27:32,840
feet ending in two toe-like

659
00:27:37,110 --> 00:27:35,120
protuberances the creatures were also

660
00:27:39,510 --> 00:27:37,120
described as being dark brown and

661
00:27:42,549 --> 00:27:39,520
smothered in wrinkles so dense they

662
00:27:45,590 --> 00:27:42,559
obscured any noticeable facial features

663
00:27:47,669 --> 00:27:45,600

save three distinct nearly two inch long

664

00:27:52,070 --> 00:27:47,679

metal fangs

665

00:27:53,909 --> 00:27:52,080

the wrinkly skin might ring a bell for

666

00:27:55,830 --> 00:27:53,919

those who've studied the pascagoula

667

00:27:58,149 --> 00:27:55,840

alien abduction

668

00:28:00,470 --> 00:27:58,159

the boys also claimed that the being had

669

00:28:03,430 --> 00:28:00,480

emerged from the craft had been carrying

670

00:28:07,190 --> 00:28:03,440

a long object slung over its shoulder

671

00:28:09,430 --> 00:28:07,200

which they stated resembled a rifle

672

00:28:11,590 --> 00:28:09,440

this strange visitor from out of this

673

00:28:14,950 --> 00:28:11,600

world surveyed the terrain outside the

674

00:28:17,590 --> 00:28:14,960

saucer oblivious to the spellbound duo

675

00:28:19,909 --> 00:28:17,600

openly occluding at it

676
00:28:22,710 --> 00:28:19,919
oblivious that was until it sharply

677
00:28:25,750 --> 00:28:22,720
turned and placed one of its claws onto

678
00:28:28,789 --> 00:28:25,760
yamaha's shoulder padding him twice and

679
00:28:31,909 --> 00:28:28,799
uttering a series of sounds that sounded

680
00:28:33,510 --> 00:28:31,919
to the boys like a tape recorder running

681
00:28:35,990 --> 00:28:33,520
backwards

682
00:28:38,950 --> 00:28:36,000
at this point yamaha collapsed to the

683
00:28:41,350 --> 00:28:38,960
ground paralyzed by terror

684
00:28:44,310 --> 00:28:41,360
as soon as yamahata fell to the ground

685
00:28:47,269 --> 00:28:44,320
kawano exhibiting a commendable degree

686
00:28:49,269 --> 00:28:47,279
of courage for one so young rapidly

687
00:28:51,029 --> 00:28:49,279
pulled his friend up into his shoulders

688
00:28:55,350 --> 00:28:51,039

and carried him away from these

689

00:28:57,830 --> 00:28:55,360

potentially vampiric alien assailants as

690

00:29:00,070 --> 00:28:57,840

swiftly as he could

691

00:29:02,230 --> 00:29:00,080

upon returning to the estate the now

692

00:29:03,830 --> 00:29:02,240

almost hysterical boys immediately

693

00:29:06,389 --> 00:29:03,840

informed their mothers about this

694

00:29:08,470 --> 00:29:06,399

bizarre close encounter

695

00:29:11,029 --> 00:29:08,480

their curious yet almost certainly

696

00:29:13,430 --> 00:29:11,039

incredulous mothers followed their

697

00:29:14,630 --> 00:29:13,440

clearly perturbed sons to the back of

698

00:29:17,510 --> 00:29:14,640

the apartment

699

00:29:19,990 --> 00:29:17,520

where much to their shock confirmed

700

00:29:22,950 --> 00:29:20,000

seeing an orange strobe-like light

701
00:29:24,789 --> 00:29:22,960
pulsating in the vineyard the boys tried

702
00:29:27,590 --> 00:29:24,799
to convince their mothers to investigate

703
00:29:29,750 --> 00:29:27,600
the area but they sagely decided to keep

704
00:29:30,950 --> 00:29:29,760
their distance from the inexplicable

705
00:29:33,029 --> 00:29:30,960
object

706
00:29:35,590 --> 00:29:33,039
the mothers later testified that the

707
00:29:36,950 --> 00:29:35,600
unusual light show continued for another

708
00:29:39,669 --> 00:29:36,960
five minutes

709
00:29:41,830 --> 00:29:39,679
before the ufo rocketed skyward with a

710
00:29:44,149 --> 00:29:41,840
burst of light so brilliant that the

711
00:29:45,590 --> 00:29:44,159
eyewitnesses were compelled to avert

712
00:29:48,549 --> 00:29:45,600
their eyes

713
00:29:50,389 --> 00:29:48,559

it should be noted that while yamaha and

714

00:29:53,750 --> 00:29:50,399

kawano were the only ones to have

715

00:29:56,549 --> 00:29:53,760

actually seen the allegedly et entities

716

00:29:59,590 --> 00:29:56,559

their classmate eight-year-old ichiro

717

00:30:02,149 --> 00:29:59,600

minigishi also reported spying a shining

718

00:30:04,470 --> 00:30:02,159

saucer flying toward the hinode housing

719

00:30:05,430 --> 00:30:04,480

estate while riding in a car with his

720

00:30:08,549 --> 00:30:05,440

parents

721

00:30:10,230 --> 00:30:08,559

near the kofu bypass approximately half

722

00:30:12,549 --> 00:30:10,240

an hour before the boys claimed to have

723

00:30:14,870 --> 00:30:12,559

encountered the ufo

724

00:30:17,430 --> 00:30:14,880

later eyewitnesses also included both a

725

00:30:20,149 --> 00:30:17,440

janitor and a local woman driving in the

726

00:30:22,789 --> 00:30:20,159

area the following day kawano and

727

00:30:25,750 --> 00:30:22,799

yamahata had a captivated audience of

728

00:30:28,630 --> 00:30:25,760

students and teachers at the yamashiro

729

00:30:31,029 --> 00:30:28,640

elementary school as they drew pictures

730

00:30:34,389 --> 00:30:31,039

of the beings and retold the harrowing

731

00:30:37,029 --> 00:30:34,399

tale of their alien encounter it wasn't

732

00:30:39,590 --> 00:30:37,039

long before alien fever had infected the

733

00:30:42,630 --> 00:30:39,600

entire student body and in an effort to

734

00:30:45,350 --> 00:30:42,640

quell the escalating mania school master

735

00:30:48,470 --> 00:30:45,360

naba yoshi kaneko with what appears to

736

00:30:50,470 --> 00:30:48,480

be a surge of open-mindedness decided

737

00:30:52,310 --> 00:30:50,480

that they would inspect the area for

738

00:30:54,470 --> 00:30:52,320

themselves

739

00:30:56,389 --> 00:30:54,480

the school officials armed with whatever

740

00:30:57,750 --> 00:30:56,399

scientific paraphernalia they could get

741

00:31:00,789 --> 00:30:57,760

their hands on

742

00:31:03,110 --> 00:31:00,799

made their way to the scene of the event

743

00:31:05,669 --> 00:31:03,120

upon their arrival they noted that two

744

00:31:08,070 --> 00:31:05,679

solid concrete posts had been pushed

745

00:31:10,149 --> 00:31:08,080

over at the landing site

746

00:31:12,950 --> 00:31:10,159

it was determined that the boys would

747

00:31:16,389 --> 00:31:12,960

have been unable to accomplish this task

748

00:31:19,269 --> 00:31:16,399

of intergalactic vandalism on their own

749

00:31:22,549 --> 00:31:19,279

this investigative team also discovered

750

00:31:24,789 --> 00:31:22,559

what they referred to as landing traces

751
00:31:27,590 --> 00:31:24,799
including soil impressions as well as a

752
00:31:30,070 --> 00:31:27,600
ring pattern in the dirt near the broken

753
00:31:33,509 --> 00:31:30,080
concrete posts where the ufo had

754
00:31:35,990 --> 00:31:33,519
allegedly landed one schoolteacher even

755
00:31:38,630 --> 00:31:36,000
claimed to have discovered radioactivity

756
00:31:40,950 --> 00:31:38,640
within the circular patch

757
00:31:43,430 --> 00:31:40,960
following the event both boys were

758
00:31:46,149 --> 00:31:43,440
questioned in depth by their parents

759
00:31:47,430 --> 00:31:46,159
their schoolmaster as well as noted ufo

760
00:31:50,310 --> 00:31:47,440
investigator

761
00:31:52,870 --> 00:31:50,320
masaru mori their stories remain

762
00:31:54,549 --> 00:31:52,880
disturbingly consistent

763
00:31:55,990 --> 00:31:54,559

not surprisingly when asked what the

764

00:31:58,630 --> 00:31:56,000

orange lights might have been

765

00:32:00,470 --> 00:31:58,640

authorities at civil aviation bureau of

766

00:32:03,029 --> 00:32:00,480

transportation ministry

767

00:32:05,230 --> 00:32:03,039

claimed that the ufos were nothing more

768

00:32:08,470 --> 00:32:05,240

than the lights of

769

00:32:10,470 --> 00:32:08,480

ys-11 propeller planes

770

00:32:12,630 --> 00:32:10,480

which often flew at an altitude of a

771

00:32:15,750 --> 00:32:12,640

thousand meters and was visible to the

772

00:32:17,669 --> 00:32:15,760

naked eye these aviation experts

773

00:32:20,149 --> 00:32:17,679

apparently reserve comment as to whether

774

00:32:23,029 --> 00:32:20,159

or not this conventional aircraft could

775

00:32:25,590 --> 00:32:23,039

transform into a silver dome

776

00:32:29,269 --> 00:32:25,600

as well as assume the form of small

777

00:32:32,310 --> 00:32:29,279

pointy eared fanged humanoids

778

00:32:35,669 --> 00:32:32,320

keynote sci-fi fans and skeptics

779

00:32:37,830 --> 00:32:35,679

including researcher benturo yamaguchi

780

00:32:40,389 --> 00:32:37,840

have noted that an alien appearing in an

781

00:32:42,710 --> 00:32:40,399

episode of japan's ultra seven

782

00:32:45,430 --> 00:32:42,720

a popular live-action special effects

783

00:32:48,310 --> 00:32:45,440

television series bears at least a

784

00:32:49,590 --> 00:32:48,320

superficial resemblance to the kofu

785

00:32:52,149 --> 00:32:49,600

humanoid

786

00:32:55,430 --> 00:32:52,159

minus the metallic fangs

787

00:32:57,990 --> 00:32:55,440

known as alien hook the unusual entity

788

00:33:00,950 --> 00:32:58,000

appeared in 1968

789

00:33:03,350 --> 00:33:00,960

many years before this event occurred

790

00:33:06,549 --> 00:33:03,360

was this all an elaborate prank in the

791

00:33:09,350 --> 00:33:06,559

imagination of two young boys at school

792

00:33:10,789 --> 00:33:09,360

or did they truly encounter alien

793

00:33:13,350 --> 00:33:10,799

vampires

794

00:33:15,990 --> 00:33:13,360

no matter the case this will truly go

795

00:33:18,710 --> 00:33:16,000

down as one of the strangest and

796

00:33:20,789 --> 00:33:18,720

scariest encounters ever to come out of

797

00:33:31,830 --> 00:33:20,799

japan and perhaps

798

00:33:35,830 --> 00:33:33,750

somewhere in the skies is produced by

799

00:33:37,590 --> 00:33:35,840

third kind productions in association
