31

00:01:44,710 --> 00:01:42,230

in september of 2012 indian troops

32

00:01:47,670 --> 00:01:44,720

guarding the often tense 2100 mile

33

00:01:50,389 --> 00:01:47,680

border between india and china reported

34

00:01:52,630 --> 00:01:50,399

seeing strange objects in the sky

35

00:01:55,350 --> 00:01:52,640

these objects were described as yellow

36

00:01:58,149 --> 00:01:55,360

spheres that appeared to lift off from

37

00:02:01,109 --> 00:01:58,159

the chinese side slowly transversing the

38

00:02:02,789 --> 00:02:01,119

sky for three to five hours before

39

00:02:05,270 --> 00:02:02,799

disappearing

40

00:02:08,630 --> 00:02:05,280

indian military officials reportedly

41

00:02:10,070 --> 00:02:08,640

ruled out chinese drones or low orbit

42

00:02:12,949 --> 00:02:10,080

satellites

43

00:02:16,229 --> 00:02:12,959

the sightings also stumped their defense

44

00:02:18,949 --> 00:02:16,239

and technical research organizations

45

00:02:22,869 --> 00:02:18,959

many news outlets in india even dubbed

46

00:02:24,869 --> 00:02:22,879

the object's ulos or unidentified

47

00:02:27,750 --> 00:02:24,879

luminous objects

48

00:02:30,229 --> 00:02:27,760

in any case the indian army reportedly

49

00:02:33,910 --> 00:02:30,239

deployed a mobile ground-based radar

50

00:02:36,630 --> 00:02:33,920

unit and a spectrum analyzer to assess

51
00:02:38,070 --> 00:02:36,640
what was dancing so liberally over the

52
00:02:40,070 --> 00:02:38,080
border

53
00:02:41,910 --> 00:02:40,080
as the troops watched the light show

54
00:02:44,710 --> 00:02:41,920
however the machines picked up

55
00:02:46,790 --> 00:02:44,720
absolutely nothing surmising that

56
00:02:48,790 --> 00:02:46,800
whatever these objects were they were

57
00:02:51,110 --> 00:02:48,800
non-metallic

58
00:02:54,949 --> 00:02:51,120
the army reportedly aimed one of their

59
00:02:58,710 --> 00:02:54,959
drones in the direction of these ulos

60
00:03:01,430 --> 00:02:58,720
and in an instant they all disappeared

61
00:03:03,750 --> 00:03:01,440
astronomers were also called in

62
00:03:06,309 --> 00:03:03,760
according to local media they saw some

63
00:03:08,869 --> 00:03:06,319

of the same unexplained objects but gave

64

00:03:10,949 --> 00:03:08,879

up after three days concluding that

65

00:03:13,030 --> 00:03:10,959

whatever these objects were they were

66

00:03:15,270 --> 00:03:13,040

non-celestial

67

00:03:18,470 --> 00:03:15,280

indian border troops reported these

68

00:03:20,229 --> 00:03:18,480

objects for over a span of three months

69

00:03:21,509 --> 00:03:20,239

totaling over a hundred different

70

00:03:25,589 --> 00:03:21,519

sightings

71

00:03:28,229 --> 00:03:25,599

been explained

72

00:03:30,390 --> 00:03:28,239

was this some sort of technology game

73

00:03:33,110 --> 00:03:30,400

being played out by china

74

00:03:35,910 --> 00:03:33,120

or could it have been something possibly

75

00:03:38,710 --> 00:03:35,920

otherworldly

76

00:03:41,430 --> 00:03:38,720

india has a long history of unidentified

77

00:03:44,149 --> 00:03:41,440

flying objects and futuristic aerial

78

00:03:46,949 --> 00:03:44,159

vehicles that if the ancient texts are

79

00:03:49,190 --> 00:03:46,959

to be believed stretch back thousands

80

00:03:51,190 --> 00:03:49,200

and thousands of years

81

00:03:53,750 --> 00:03:51,200

what's particularly interesting about

82

00:03:56,550 --> 00:03:53,760

the ancient sanskrit texts is that they

83

00:03:57,830 --> 00:03:56,560

appear to speak openly of beings from

84

00:04:01,750 --> 00:03:57,840

another world

85

00:04:04,550 --> 00:04:01,760

machines that fly on earth and in space

86

00:04:06,309 --> 00:04:04,560

as well as ancient wars with advanced

87

00:04:08,630 --> 00:04:06,319

weapons

88

00:04:11,190 --> 00:04:08,640

what's more many people including

89
00:04:13,350 --> 00:04:11,200
scholars who have studied them take them

90
00:04:15,429 --> 00:04:13,360
as absolute fact

91
00:04:17,830 --> 00:04:15,439
this general widespread belief in the

92
00:04:20,550 --> 00:04:17,840
realities of such texts is perhaps

93
00:04:22,790 --> 00:04:20,560
vindicated in the many instructions on

94
00:04:25,270 --> 00:04:22,800
how to construct and operate these

95
00:04:26,790 --> 00:04:25,280
advanced vehicles contained within their

96
00:04:28,790 --> 00:04:26,800
pages

97
00:04:30,790 --> 00:04:28,800
and just like many other places

98
00:04:34,070 --> 00:04:30,800
throughout the world these sightings of

99
00:04:35,430 --> 00:04:34,080
advanced vehicles continue even up until

100
00:04:37,830 --> 00:04:35,440
today

101
00:04:44,030 --> 00:04:37,840
this is the rich and extraordinary

102
00:04:44,040 --> 00:04:53,590
[Music]

103
00:04:58,300 --> 00:04:56,469
this is somewhere in the skies with ryan

104
00:05:24,310 --> 00:04:58,310
spread

105
00:05:29,550 --> 00:05:27,110
the following ufo event was reported to

106
00:05:34,710 --> 00:05:29,560
the national ufo reporting center in

107
00:05:35,990 --> 00:05:34,720
2002 june 30th 1988 in the madras region

108
00:05:38,710 --> 00:05:36,000
of india

109
00:05:41,029 --> 00:05:38,720
chennai city to be exact

110
00:05:42,870 --> 00:05:41,039
the witness returned to the hostel where

111
00:05:45,510 --> 00:05:42,880
they were staying

112
00:05:47,350 --> 00:05:45,520
as he usually did he shut the door and

113
00:05:49,430 --> 00:05:47,360

went about opening the windows in order

114

00:05:51,670 --> 00:05:49,440

to let in some fresh air

115

00:05:54,469 --> 00:05:51,680

after doing so he went to remove his

116

00:05:56,150 --> 00:05:54,479

shoes it was then that things turned

117

00:05:59,029 --> 00:05:56,160

strange

118

00:06:00,790 --> 00:05:59,039

the witness claimed the following

119

00:06:02,870 --> 00:06:00,800

the window slammed crazily with the

120

00:06:04,790 --> 00:06:02,880

sudden gust of wind and everything

121

00:06:07,189 --> 00:06:04,800

became very dark

122

00:06:09,270 --> 00:06:07,199

i wanted to know what was happening so i

123

00:06:11,189 --> 00:06:09,280

went out under the balcony of my room i

124

00:06:13,270 --> 00:06:11,199

looked up in the sky and i noticed how a

125

00:06:14,629 --> 00:06:13,280

certain part of it had turned into an

126
00:06:16,870 --> 00:06:14,639
inky blue

127
00:06:19,110 --> 00:06:16,880
but only to a limited area then i

128
00:06:20,870 --> 00:06:19,120
noticed a flash of red light coming from

129
00:06:22,629 --> 00:06:20,880
above the clouds

130
00:06:25,029 --> 00:06:22,639
at first i thought maybe it was a

131
00:06:27,189 --> 00:06:25,039
helicopter coming down for a landing

132
00:06:28,710 --> 00:06:27,199
however the closer i looked the more i

133
00:06:30,390 --> 00:06:28,720
realized that the light was not

134
00:06:32,870 --> 00:06:30,400
flickering like a helicopter would it

135
00:06:34,390 --> 00:06:32,880
was just hovering in the same place

136
00:06:36,150 --> 00:06:34,400
the other very strange thing that caught

137
00:06:38,469 --> 00:06:36,160
my attention was that there was

138
00:06:40,150 --> 00:06:38,479

absolutely no sound coming from whatever

139

00:06:42,390 --> 00:06:40,160

this was

140

00:06:45,350 --> 00:06:42,400

the next thing the witness realized the

141

00:06:47,430 --> 00:06:45,360

light had changed from red to orange

142

00:06:48,710 --> 00:06:47,440

and of more concern it was growing

143

00:06:50,950 --> 00:06:48,720

larger

144

00:06:53,990 --> 00:06:50,960

it was at this time that the light took

145

00:06:55,670 --> 00:06:54,000

on a distinct oval shaped appearance

146

00:06:58,950 --> 00:06:55,680

the lights then begin to change color

147

00:07:01,270 --> 00:06:58,960

once more from pink to yellow to orange

148

00:07:03,510 --> 00:07:01,280

and then back to red

149

00:07:04,870 --> 00:07:03,520

as well as changing color it appeared to

150

00:07:06,790 --> 00:07:04,880

grow brighter

151
00:07:08,550 --> 00:07:06,800
the witness then came to another

152
00:07:09,909 --> 00:07:08,560
realization

153
00:07:12,230 --> 00:07:09,919
i was alone

154
00:07:13,670 --> 00:07:12,240
and i feared that if i reported this no

155
00:07:15,589 --> 00:07:13,680
one would believe me

156
00:07:17,670 --> 00:07:15,599
so i ran to another room and grabbed

157
00:07:19,510 --> 00:07:17,680
someone from across the hall i literally

158
00:07:22,469 --> 00:07:19,520
dragged him back to the window and

159
00:07:24,150 --> 00:07:22,479
showed him it was clear he saw it too

160
00:07:26,870 --> 00:07:24,160
the object appeared to head in their

161
00:07:27,990 --> 00:07:26,880
direction before coming to a stop once

162
00:07:30,230 --> 00:07:28,000
more

163
00:07:32,309 --> 00:07:30,240

it remained motionless for several

164

00:07:34,469 --> 00:07:32,319
seconds and then took off at a

165

00:07:36,070 --> 00:07:34,479
relatively fast speed

166

00:07:37,510 --> 00:07:36,080
skimming through the air at a high

167

00:07:39,670 --> 00:07:37,520
altitude

168

00:07:42,309 --> 00:07:39,680
as the pair watched the object then

169

00:07:44,309 --> 00:07:42,319
began to decrease in size becoming no

170

00:07:46,070 --> 00:07:44,319
more than a faint light within a matter

171

00:07:49,110 --> 00:07:46,080
of seconds

172

00:07:51,589 --> 00:07:49,120
and then it disappeared

173

00:07:53,589 --> 00:07:51,599
however this would not be the last time

174

00:07:55,909 --> 00:07:53,599
that this witness would see something

175

00:07:58,309 --> 00:07:55,919
strange in the skies

176

00:07:59,670 --> 00:07:58,319

several nights later he found himself on

177

00:08:01,749 --> 00:07:59,680

the balcony

178

00:08:05,110 --> 00:08:01,759

with several other people who lived at

179

00:08:08,070 --> 00:08:05,120

the hostel it was around 10 pm and the

180

00:08:10,070 --> 00:08:08,080

subject of the bizarre object came up

181

00:08:12,390 --> 00:08:10,080

as the witness began to tell them of the

182

00:08:14,070 --> 00:08:12,400

encounter he had had he realized that

183

00:08:15,510 --> 00:08:14,080

they were not taking his account

184

00:08:17,270 --> 00:08:15,520

seriously

185

00:08:19,670 --> 00:08:17,280

even though he had a corroborating

186

00:08:21,749 --> 00:08:19,680

witness to the event although this

187

00:08:23,830 --> 00:08:21,759

witness remained tight-lipped during the

188

00:08:26,869 --> 00:08:23,840

relaying of the account

189

00:08:29,909 --> 00:08:26,879

the exchange grew slightly heated until

190

00:08:32,630 --> 00:08:29,919

the witness noticed something in the sky

191

00:08:34,389 --> 00:08:32,640

it was the exact same object we all

192

00:08:36,709 --> 00:08:34,399

watched it for a while and nobody could

193

00:08:38,469 --> 00:08:36,719

make sense of it that shut them all up

194

00:08:40,389 --> 00:08:38,479

pretty quickly

195

00:08:42,550 --> 00:08:40,399

over the course of the following months

196

00:08:44,790 --> 00:08:42,560

the witness would see this strange craft

197

00:08:46,790 --> 00:08:44,800

on several other occasions

198

00:08:49,829 --> 00:08:46,800

and the more he witnessed the object the

199

00:08:51,190 --> 00:08:49,839

more detail he began to note about it it

200

00:08:52,790 --> 00:08:51,200

always seemed to appear in the direction

201
00:08:55,590 --> 00:08:52,800
of the airport and head out toward the

202
00:08:57,990 --> 00:08:55,600
sea it also seemed to move with the lazy

203
00:08:59,750 --> 00:08:58,000
feel until it reached the coast

204
00:09:01,829 --> 00:08:59,760
at that point it would increase speed

205
00:09:03,910 --> 00:09:01,839
dramatically there was another time it

206
00:09:05,829 --> 00:09:03,920
approached a fighter jet at great speed

207
00:09:08,230 --> 00:09:05,839
and when it caught up to it it came to a

208
00:09:10,630 --> 00:09:08,240
sudden stop above it and then maintained

209
00:09:12,790 --> 00:09:10,640
a distance but followed it until i

210
00:09:14,630 --> 00:09:12,800
couldn't see it anymore

211
00:09:16,070 --> 00:09:14,640
i don't know what this thing is but it

212
00:09:19,350 --> 00:09:16,080
keeps coming back

213
00:09:22,389 --> 00:09:19,360

and i just keep seeing it

214

00:09:24,870 --> 00:09:22,399

as the 2000s began to unfold more and

215

00:09:26,070 --> 00:09:24,880

more ufos begin to be reported over

216

00:09:28,150 --> 00:09:26,080

india

217

00:09:30,710 --> 00:09:28,160

and while this is likely due to the

218

00:09:33,190 --> 00:09:30,720

advancements in technology such as the

219

00:09:35,910 --> 00:09:33,200

availability of mobile phones to capture

220

00:09:38,150 --> 00:09:35,920

footage as well as the internet which

221

00:09:39,670 --> 00:09:38,160

ensures such sightings are not forgotten

222

00:09:42,710 --> 00:09:39,680

over the course of time

223

00:09:45,269 --> 00:09:42,720

the fact is it's most likely that these

224

00:09:46,790 --> 00:09:45,279

sightings are a continuation of events

225

00:09:49,750 --> 00:09:46,800

that have occurred here for a

226

00:09:51,430 --> 00:09:49,760

considerably long time

227

00:09:53,590 --> 00:09:51,440

now some of these sightings are more

228

00:09:55,670 --> 00:09:53,600

intriguing than others

229

00:09:56,790 --> 00:09:55,680

and many of them share very similar

230

00:09:58,710 --> 00:09:56,800

details

231

00:10:00,949 --> 00:09:58,720

perhaps lending them a little more

232

00:10:03,190 --> 00:10:00,959

credibility

233

00:10:07,030 --> 00:10:03,200

the following sighting would receive

234

00:10:10,230 --> 00:10:07,040

coverage in local newspapers

235

00:10:14,710 --> 00:10:10,240

it was april 10th 2001 when this event

236

00:10:17,030 --> 00:10:14,720

took place over darwat in karnataka

237

00:10:19,190 --> 00:10:17,040

the main witness a student at the time

238

00:10:20,550 --> 00:10:19,200

was sitting outside the room with two

239

00:10:22,069 --> 00:10:20,560

friends

240

00:10:24,389 --> 00:10:22,079

we were having a discussion when i

241

00:10:26,470 --> 00:10:24,399

happened to look up i noticed something

242

00:10:28,310 --> 00:10:26,480

strange in the dark sky above

243

00:10:30,790 --> 00:10:28,320

at first i thought maybe it was just a

244

00:10:32,550 --> 00:10:30,800

very big airplane but the more i focused

245

00:10:35,430 --> 00:10:32,560

on it that's when i realized it was a

246

00:10:37,829 --> 00:10:35,440

distinct triangle it had a white light

247

00:10:40,550 --> 00:10:37,839

on each corner on the underside it was

248

00:10:42,389 --> 00:10:40,560

descending and came very low if i was on

249

00:10:44,630 --> 00:10:42,399

the third or fourth floor of a building

250

00:10:46,710 --> 00:10:44,640

i probably could have touched it

251
00:10:49,430 --> 00:10:46,720
the triangular craft headed toward the

252
00:10:50,630 --> 00:10:49,440
mountains nearby the students began to

253
00:10:52,630 --> 00:10:50,640
follow it

254
00:10:54,870 --> 00:10:52,640
doing so for around five minutes

255
00:10:57,190 --> 00:10:54,880
estimating that it was moving between 20

256
00:10:59,269 --> 00:10:57,200
to 25 miles per hour

257
00:11:01,509 --> 00:10:59,279
the triangle disappeared over the side

258
00:11:03,670 --> 00:11:01,519
of a hill by the time they had made it

259
00:11:07,670 --> 00:11:03,680
to the top of the hill the witnesses

260
00:11:10,389 --> 00:11:07,680
reported that the object had vanished

261
00:11:12,790 --> 00:11:10,399
interestingly the following day a local

262
00:11:14,949 --> 00:11:12,800
newspaper ran an article claiming that

263
00:11:17,590 --> 00:11:14,959

several other people had witnessed the

264

00:11:21,030 --> 00:11:17,600

triangle a similar sighting unfolded

265

00:11:25,990 --> 00:11:21,040

around 18 months later over navi mumbai

266

00:11:27,990 --> 00:11:26,000

at just after 7 pm on december 20th 2003

267

00:11:29,990 --> 00:11:28,000

the witness who was on their way to a

268

00:11:33,990 --> 00:11:30,000

night class at the time noticed a

269

00:11:35,750 --> 00:11:34,000

glowing object in the early evening sky

270

00:11:37,990 --> 00:11:35,760

like many people who first noticed a

271

00:11:39,910 --> 00:11:38,000

glowing object overhead the witness at

272

00:11:42,710 --> 00:11:39,920

first believed what they were seeing was

273

00:11:44,949 --> 00:11:42,720

an airplane or a helicopter

274

00:11:46,949 --> 00:11:44,959

however as they looked at the object

275

00:11:49,430 --> 00:11:46,959

again they noticed that there was

276

00:11:51,590 --> 00:11:49,440

something strange about it

277

00:11:54,150 --> 00:11:51,600

as i focused more on the object i

278

00:11:56,870 --> 00:11:54,160

realized it had a triangular shape to it

279

00:11:59,509 --> 00:11:56,880

the light was actually three lights one

280

00:12:01,110 --> 00:11:59,519

on each corner of the triangular shape i

281

00:12:02,949 --> 00:12:01,120

would estimate that each side of the

282

00:12:04,710 --> 00:12:02,959

triangle was around three thousand feet

283

00:12:06,550 --> 00:12:04,720

in length and appeared to be flying at

284

00:12:09,110 --> 00:12:06,560

an altitude of around a thousand to

285

00:12:12,389 --> 00:12:09,120

fifteen hundred feet what really caught

286

00:12:15,590 --> 00:12:12,399

my attention was the lack of noise this

287

00:12:17,670 --> 00:12:15,600

craft was completely silent

288

00:12:21,910 --> 00:12:17,680

the object remained in sight for around

289

00:12:27,590 --> 00:12:24,470

on may 28 2006

290

00:12:29,269 --> 00:12:27,600

over karwar karnataka a witness was

291

00:12:31,430 --> 00:12:29,279

sitting on their balcony watching the

292

00:12:33,509 --> 00:12:31,440

sky overhead after dinner

293

00:12:35,990 --> 00:12:33,519

although it was dark the white clouds

294

00:12:38,310 --> 00:12:36,000

were still visible overhead which had

295

00:12:41,430 --> 00:12:38,320

captivated the witness's attention

296

00:12:43,990 --> 00:12:41,440

suddenly a huge bright strange thing

297

00:12:45,829 --> 00:12:44,000

appeared out of the clouds oscillating

298

00:12:48,069 --> 00:12:45,839

as it did so

299

00:12:51,030 --> 00:12:48,079

he watched the object for around 20

300

00:12:54,310 --> 00:12:51,040

minutes even noticing how a passenger

301
00:12:56,710 --> 00:12:54,320
jet passed by at one stage reinforcing

302
00:12:59,030 --> 00:12:56,720
the fact that he was viewing something

303
00:13:01,030 --> 00:12:59,040
truly extraordinary

304
00:13:03,509 --> 00:13:01,040
eventually the witness rushed downstairs

305
00:13:05,750 --> 00:13:03,519
to get his sister so that she could

306
00:13:08,150 --> 00:13:05,760
corroborate what he was seeing

307
00:13:10,949 --> 00:13:08,160
upon leading her up to the balcony she

308
00:13:12,629 --> 00:13:10,959
too witnessed the glowing craft

309
00:13:14,310 --> 00:13:12,639
each of them remained where they were

310
00:13:17,509 --> 00:13:14,320
for several minutes before the craft

311
00:13:19,190 --> 00:13:17,519
began to move into the distance

312
00:13:20,790 --> 00:13:19,200
although he believed that he and his

313
00:13:22,710 --> 00:13:20,800

sister had been the only people who had

314

00:13:26,069 --> 00:13:22,720

witnessed this event he would discover

315

00:13:28,389 --> 00:13:26,079

an article in the daily tanti newspaper

316

00:13:31,750 --> 00:13:28,399

several days later which described the

317

00:13:33,990 --> 00:13:31,760

same object that they'd seen

318

00:13:36,629 --> 00:13:34,000

another rotating disc shaped object was

319

00:13:40,470 --> 00:13:36,639

witnessed at around 11 15 pm

320

00:13:41,670 --> 00:13:40,480

on the evening of january 22nd over nda

321

00:13:44,150 --> 00:13:41,680

hill

322

00:13:46,470 --> 00:13:44,160

the witness a local man witnessed the

323

00:13:47,269 --> 00:13:46,480

strange object overhead as he parked his

324

00:13:49,430 --> 00:13:47,279

car

325

00:13:51,750 --> 00:13:49,440

he immediately called his wife informing

326

00:13:53,910 --> 00:13:51,760

her of what he was looking at

327

00:13:56,230 --> 00:13:53,920

after speaking with him she ran to grab

328

00:13:59,030 --> 00:13:56,240

her binoculars and attempted to locate

329

00:14:01,990 --> 00:13:59,040

the object her husband was describing

330

00:14:04,389 --> 00:14:02,000

amazingly she had it in her sights

331

00:14:06,470 --> 00:14:04,399

almost immediately

332

00:14:08,870 --> 00:14:06,480

she would recall how it was definitely

333

00:14:10,710 --> 00:14:08,880

disc shaped with stable lights on its

334

00:14:13,509 --> 00:14:10,720

circumference

335

00:14:15,189 --> 00:14:13,519

once more it was clearly rotating on its

336

00:14:17,509 --> 00:14:15,199

own axis

337

00:14:20,389 --> 00:14:17,519

it remained in this position for around

338

00:14:23,350 --> 00:14:20,399

30 seconds before it began to descend to

339

00:14:25,189 --> 00:14:23,360

the ground in a drifting motion

340

00:14:27,350 --> 00:14:25,199

it would ultimately disappear out of

341

00:14:30,230 --> 00:14:27,360

sight behind a nearby hill

342

00:14:32,389 --> 00:14:30,240

the witnesses ran to the hill to see

343

00:14:36,069 --> 00:14:32,399

what was on the other side and when they

344

00:14:38,949 --> 00:14:36,079

arrived there was nothing

345

00:14:40,870 --> 00:14:38,959

let's rewind a little ways back to the

346

00:14:44,230 --> 00:14:40,880

year 1927

347

00:14:47,350 --> 00:14:44,240

in the bordering region of nepal

348

00:14:50,069 --> 00:14:47,360

according to a 1964 nightcap report by

349

00:14:53,829 --> 00:14:50,079

richard hall a strange encounter with a

350

00:14:57,670 --> 00:14:53,839

ufo unfolded a little after 9 30 a.m on

351
00:15:01,350 --> 00:14:57,680
august 5th over the himalayan mountains

352
00:15:03,670 --> 00:15:01,360
the witness explorer nicholas rorick was

353
00:15:06,470 --> 00:15:03,680
by his caravan along with several other

354
00:15:09,670 --> 00:15:06,480
members of his team when they noticed a

355
00:15:11,590 --> 00:15:09,680
big black eagle flying overhead

356
00:15:13,990 --> 00:15:11,600
as they were watching the bird one of

357
00:15:16,310 --> 00:15:14,000
the group noticed a shiny oval-shaped

358
00:15:17,670 --> 00:15:16,320
object moving through the bright morning

359
00:15:19,430 --> 00:15:17,680
sky

360
00:15:22,629 --> 00:15:19,440
the rest of the group then noticed as

361
00:15:25,590 --> 00:15:22,639
well watching as a disc-shaped object

362
00:15:27,509 --> 00:15:25,600
reflected the sun brilliantly

363
00:15:30,550 --> 00:15:27,519

it was moving with great speed and

364

00:15:32,629 --> 00:15:30,560

changed direction several times

365

00:15:34,389 --> 00:15:32,639

despite the speed of the craft it was

366

00:15:36,949 --> 00:15:34,399

visible long enough for the witnesses to

367

00:15:39,350 --> 00:15:36,959

view it through their binoculars

368

00:15:42,230 --> 00:15:39,360

rorick would recall that they could see

369

00:15:44,230 --> 00:15:42,240

quite distinctly the oval form with a

370

00:15:47,990 --> 00:15:44,240

shiny surface

371

00:15:49,590 --> 00:15:48,000

the object would eventually disappear

372

00:15:51,590 --> 00:15:49,600

what the object might have been is

373

00:15:53,829 --> 00:15:51,600

clearly up for debate

374

00:15:55,509 --> 00:15:53,839

there has been though plenty of theories

375

00:15:58,389 --> 00:15:55,519

put forward to explain the bizarre

376

00:16:01,990 --> 00:15:58,399

sightings in nepal that morning

377

00:16:04,389 --> 00:16:02,000

ufo researcher leon davidson for example

378

00:16:06,710 --> 00:16:04,399

would claim that what the group saw was

379

00:16:10,310 --> 00:16:06,720

nothing but a weather balloon that was

380

00:16:13,189 --> 00:16:10,320

released by another expedition nearby

381

00:16:15,110 --> 00:16:13,199

however as richard hall points out given

382

00:16:16,790 --> 00:16:15,120

that weather balloons of the time would

383

00:16:19,030 --> 00:16:16,800

have been between two and four feet in

384

00:16:21,749 --> 00:16:19,040

length for it to have been visible to

385

00:16:24,069 --> 00:16:21,759

rauric and its team it would have meant

386

00:16:26,710 --> 00:16:24,079

that the swedish expedition would have

387

00:16:28,310 --> 00:16:26,720

to have been only a mile away

388

00:16:30,790 --> 00:16:28,320

essentially they would have almost

389

00:16:32,710 --> 00:16:30,800

literally bumped into one another at

390

00:16:34,629 --> 00:16:32,720

such short ranges

391

00:16:38,230 --> 00:16:34,639

what's more warwick would have been able

392

00:16:40,550 --> 00:16:38,240

to see the launch as well as hear it

393

00:16:43,990 --> 00:16:40,560

we know however that this wasn't the

394

00:16:47,189 --> 00:16:44,000

case the two parties were around 400

395

00:16:49,350 --> 00:16:47,199

miles from one another at their closest

396

00:16:51,389 --> 00:16:49,360

meeting point meaning the chances of it

397

00:16:53,189 --> 00:16:51,399

being a weather balloon are almost

398

00:16:55,189 --> 00:16:53,199

non-existent

399

00:16:56,790 --> 00:16:55,199

what's more rorick and his team claim

400

00:16:59,350 --> 00:16:56,800

that they viewed the object with their

401
00:17:02,069 --> 00:16:59,360
binoculars for several moments and could

402
00:17:03,990 --> 00:17:02,079
clearly see the detailed shape of it

403
00:17:05,829 --> 00:17:04,000
each would have been more than familiar

404
00:17:07,590 --> 00:17:05,839
with weather balloons and we might

405
00:17:10,549 --> 00:17:07,600
expect that they would have easily

406
00:17:13,750 --> 00:17:10,559
recognized the object

407
00:17:16,150 --> 00:17:13,760
moving back to the 1990s we visit a

408
00:17:19,990 --> 00:17:16,160
curious incident that occurred on april

409
00:17:21,990 --> 00:17:20,000
19 1990 when a saucer-shaped object was

410
00:17:25,029 --> 00:17:22,000
witnessed by several crew members of a

411
00:17:28,710 --> 00:17:25,039
tanker vessel the kim sang

412
00:17:32,390 --> 00:17:28,720
this bizarre object ascended from the

413
00:17:35,110 --> 00:17:32,400

ocean and started circling the ship

414

00:17:38,789 --> 00:17:35,120

the incident unfolded around 200 miles

415

00:17:42,549 --> 00:17:38,799

south of matara in the indian ocean

416

00:17:45,590 --> 00:17:42,559

rasika mawatha the 47 year old captain

417

00:17:49,110 --> 00:17:45,600

of the ship claimed the following it was

418

00:17:50,870 --> 00:17:49,120

at least five times the size of our ship

419

00:17:53,510 --> 00:17:50,880

i was so shocked that i nearly fainted

420

00:17:56,070 --> 00:17:53,520

from fright the entire crew all fell to

421

00:17:58,310 --> 00:17:56,080

the deck covering their heads from this

422

00:17:59,669 --> 00:17:58,320

massive craft that had just suddenly

423

00:18:03,430 --> 00:17:59,679

appeared

424

00:18:05,190 --> 00:18:03,440

the craft glowed and pulsated with light

425

00:18:07,590 --> 00:18:05,200

and there was also a thick beam of light

426

00:18:10,310 --> 00:18:07,600

that shined from the underside of it

427

00:18:12,630 --> 00:18:10,320

i had the feeling that whoever or

428

00:18:14,789 --> 00:18:12,640

whatever was inside it was

429

00:18:16,950 --> 00:18:14,799

scanning our vessel

430

00:18:19,590 --> 00:18:16,960

but it didn't end there

431

00:18:22,150 --> 00:18:19,600

not only was this strange craft possibly

432

00:18:23,510 --> 00:18:22,160

scanning the vessel but rendering it

433

00:18:25,270 --> 00:18:23,520

inoperable

434

00:18:27,430 --> 00:18:25,280

all of our ship's instruments went

435

00:18:30,230 --> 00:18:27,440

haywire our radio was completely dead

436

00:18:34,230 --> 00:18:30,240

and the needles on all of our compasses

437

00:18:36,150 --> 00:18:34,240

kept spinning around and around

438

00:18:38,310 --> 00:18:36,160

incidentally the moment the object

439

00:18:40,950 --> 00:18:38,320

vanished back beneath the waves the

440

00:18:43,430 --> 00:18:40,960

instruments radio and compasses all

441

00:18:45,350 --> 00:18:43,440

returned to normal

442

00:18:47,669 --> 00:18:45,360

although no one was injured during the

443

00:18:51,029 --> 00:18:47,679

incident the tanker itself suffered

444

00:18:53,350 --> 00:18:51,039

structural damage due to towering waves

445

00:18:55,190 --> 00:18:53,360

that hit when the craft first arose from

446

00:18:57,270 --> 00:18:55,200

the depths of the ocean

447

00:18:59,350 --> 00:18:57,280

following mawata's report of the

448

00:19:02,070 --> 00:18:59,360

incident authorities would search the

449

00:19:05,110 --> 00:19:02,080

area for several days in an attempt to

450

00:19:09,110 --> 00:19:05,120

locate the strange object however no

451
00:19:11,510 --> 00:19:09,120
signs of it were ever found

452
00:19:14,789 --> 00:19:11,520
according to an account in the may 10

453
00:19:17,590 --> 00:19:14,799
1998 edition of the sri lankan sunday

454
00:19:20,710 --> 00:19:17,600
times on the afternoon of april 30th

455
00:19:22,830 --> 00:19:20,720
1998 an unusual event occurred that

456
00:19:27,590 --> 00:19:22,840
involved school children from the

457
00:19:29,909 --> 00:19:27,600
adikaram primary school in bandara wayla

458
00:19:33,029 --> 00:19:29,919
on the day in question eight-year-old

459
00:19:35,190 --> 00:19:33,039
indica de sanyak arrived at school at

460
00:19:37,029 --> 00:19:35,200
around 6 30 am

461
00:19:39,190 --> 00:19:37,039
he went along to his classroom and

462
00:19:42,470 --> 00:19:39,200
dropped off his back inside when a

463
00:19:44,390 --> 00:19:42,480

sudden sharp noise reached his ears

464

00:19:47,270 --> 00:19:44,400

he would later recall that he thought

465

00:19:49,430 --> 00:19:47,280

the building was collapsing

466

00:19:52,470 --> 00:19:49,440

he rushed outside fully expecting the

467

00:19:54,870 --> 00:19:52,480

building to begin crumbling around him

468

00:19:57,669 --> 00:19:54,880

however as he stepped outside he

469

00:19:59,909 --> 00:19:57,679

witnessed a large disc shaped object

470

00:20:01,990 --> 00:19:59,919

with what appeared to be legs protruding

471

00:20:04,789 --> 00:20:02,000

from the underside resting on the

472

00:20:07,830 --> 00:20:04,799

surface of the playground

473

00:20:10,070 --> 00:20:07,840

he stood rooted to the spot and watched

474

00:20:11,830 --> 00:20:10,080

the object as the lights began to flash

475

00:20:13,909 --> 00:20:11,840

red and yellow

476
00:20:15,750 --> 00:20:13,919
he continued to watch for what seemed

477
00:20:18,070 --> 00:20:15,760
like only a few moments before it

478
00:20:21,990 --> 00:20:18,080
suddenly rose off the ground and took

479
00:20:24,149 --> 00:20:22,000
off into the air with tremendous speed

480
00:20:28,230 --> 00:20:24,159
when the young boy checked the time it

481
00:20:29,990 --> 00:20:28,240
was almost 7 45 am meaning over an hour

482
00:20:32,630 --> 00:20:30,000
had passed

483
00:20:35,270 --> 00:20:32,640
unbeknownst to indica at the time was

484
00:20:37,350 --> 00:20:35,280
that another student at the school also

485
00:20:41,190 --> 00:20:37,360
witnessed the bizarre landing

486
00:20:43,590 --> 00:20:41,200
ten-year-old harsha ella walla jadara

487
00:20:46,070 --> 00:20:43,600
as he was a senior student it was

488
00:20:48,070 --> 00:20:46,080

harsha's responsibility to unlock all of

489

00:20:49,270 --> 00:20:48,080

the classrooms before the school day

490

00:20:51,270 --> 00:20:49,280

started

491

00:20:53,590 --> 00:20:51,280

it was as he was doing this that he

492

00:20:55,350 --> 00:20:53,600

heard the same sudden loud noise that

493

00:20:57,190 --> 00:20:55,360

endica had heard

494

00:20:59,430 --> 00:20:57,200

he turned around and looked out of the

495

00:21:00,630 --> 00:20:59,440

classroom window which overlooked the

496

00:21:03,270 --> 00:21:00,640

playground

497

00:21:05,990 --> 00:21:03,280

there resting on three legs was the

498

00:21:07,430 --> 00:21:06,000

disc-shaped object flashing red and

499

00:21:10,070 --> 00:21:07,440

yellow

500

00:21:12,470 --> 00:21:10,080

you would recall how only a second later

501
00:21:14,789 --> 00:21:12,480
it took off into the sky

502
00:21:17,669 --> 00:21:14,799
it climbed higher and floated off over

503
00:21:19,430 --> 00:21:17,679
the mountains he would further recall to

504
00:21:21,990 --> 00:21:19,440
the newspaper reporters that it was

505
00:21:22,950 --> 00:21:22,000
around eight feet across and seven feet

506
00:21:25,590 --> 00:21:22,960
high

507
00:21:27,830 --> 00:21:25,600
what's more despite a soft buzzing sound

508
00:21:30,470 --> 00:21:27,840
when it left the ground the vehicle

509
00:21:32,950 --> 00:21:30,480
didn't make a single noise

510
00:21:34,870 --> 00:21:32,960
unfortunately due to the lack of adults

511
00:21:36,710 --> 00:21:34,880
at the scene at the time many of the

512
00:21:38,950 --> 00:21:36,720
imprints that had been left in the sandy

513
00:21:41,110 --> 00:21:38,960

playground had been smeared by people

514

00:21:43,669 --> 00:21:41,120

walking over them

515

00:21:45,750 --> 00:21:43,679

even more extraordinary the witnesses

516

00:21:48,390 --> 00:21:45,760

claim that these kinds of objects are

517

00:21:51,110 --> 00:21:48,400

often seen flying overhead

518

00:21:53,350 --> 00:21:51,120

in fact later that evening another

519

00:21:54,230 --> 00:21:53,360

sighting occurred at another nearby

520

00:21:56,070 --> 00:21:54,240

school

521

00:22:01,830 --> 00:21:56,080

and it would come to be known as the

522

00:22:06,630 --> 00:22:04,470

do you like stories of the strange the

523

00:22:09,510 --> 00:22:06,640

weird and the unexplained then we want

524

00:22:12,230 --> 00:22:09,520

you to check out jim harold's campfire

525

00:22:14,950 --> 00:22:12,240

the concept is pretty simple jim talks

526
00:22:17,110 --> 00:22:14,960
to regular people about strange stuff

527
00:22:20,789 --> 00:22:17,120
that happens to them and yes that

528
00:22:23,350 --> 00:22:20,799
includes ufos along with cryptids ghosts

529
00:22:26,470 --> 00:22:23,360
and head scratchers he doesn't

530
00:22:28,549 --> 00:22:26,480
exaggerate or play a lot of spooky music

531
00:22:31,430 --> 00:22:28,559
kinda like i'm doing right now the

532
00:22:34,149 --> 00:22:31,440
stories speak for themselves one's like

533
00:22:36,789 --> 00:22:34,159
a ghost story involving serial killer

534
00:22:40,149 --> 00:22:36,799
ted bundy or the young man who

535
00:22:42,630 --> 00:22:40,159
encountered an eight-legged demon then

536
00:22:45,430 --> 00:22:42,640
there's the story of an alien abduction

537
00:22:48,310 --> 00:22:45,440
by what could be considered a reptilian

538
00:22:50,630 --> 00:22:48,320

now not all the stories are horrifying

539

00:22:53,590 --> 00:22:50,640

some are actually pretty heartwarming

540

00:22:55,909 --> 00:22:53,600

like a visit from a past loved one or a

541

00:22:58,789 --> 00:22:55,919

peaceful near-death experience

542

00:23:01,830 --> 00:22:58,799

regardless these are true and

543

00:23:03,830 --> 00:23:01,840

fascinating stories told by ordinary

544

00:23:05,510 --> 00:23:03,840

people who've had extraordinary

545

00:23:08,070 --> 00:23:05,520

experiences

546

00:23:11,590 --> 00:23:08,080

tune in to jim harold's campfire on

547

00:23:13,909 --> 00:23:11,600

apple podcasts spotify or wherever you

548

00:23:15,190 --> 00:23:13,919

listen to somewhere in the skies

549

00:23:18,950 --> 00:23:15,200

and remember

550

00:23:26,149 --> 00:23:22,710

at 7 45 pm around 12 hours after the ufo

551
00:23:28,070 --> 00:23:26,159
landed at the other primary school a 16

552
00:23:31,190 --> 00:23:28,080
year old student from saint thomas

553
00:23:32,710 --> 00:23:31,200
college sheeran de silva was walking

554
00:23:33,990 --> 00:23:32,720
home after having visited his

555
00:23:35,750 --> 00:23:34,000
grandmother

556
00:23:38,390 --> 00:23:35,760
as he walked near the saint joseph's

557
00:23:40,549 --> 00:23:38,400
grounds he noticed a strange column of

558
00:23:42,870 --> 00:23:40,559
bright light that appeared to reach the

559
00:23:45,350 --> 00:23:42,880
ground from the sky

560
00:23:48,870 --> 00:23:45,360
he looked up and saw the unmistakable

561
00:23:51,430 --> 00:23:48,880
shape of a disc shaped object overhead

562
00:23:54,390 --> 00:23:51,440
before he could move a bright red yellow

563
00:23:55,909 --> 00:23:54,400

light emerged from the craft and hit his

564

00:23:58,149 --> 00:23:55,919

body

565

00:23:59,909 --> 00:23:58,159

although it didn't cause any injury the

566

00:24:02,630 --> 00:23:59,919

episode was enough to make the student

567

00:24:04,789 --> 00:24:02,640

turn and run as fast as he could

568

00:24:07,909 --> 00:24:04,799

he would later state that he knew

569

00:24:10,230 --> 00:24:07,919

instantly that it was a spaceship

570

00:24:13,830 --> 00:24:10,240

there were though even more witnesses to

571

00:24:17,350 --> 00:24:13,840

these strange events of april 1998.

572

00:24:20,549 --> 00:24:17,360

a short time later dr rama shandran from

573

00:24:22,149 --> 00:24:20,559

the bandara wayla district hospital also

574

00:24:24,310 --> 00:24:22,159

witnessed something strange while

575

00:24:26,310 --> 00:24:24,320

driving home from work

576

00:24:28,230 --> 00:24:26,320

as he happened to look at the sky he

577

00:24:29,590 --> 00:24:28,240

witnessed a strange light heading

578

00:24:31,590 --> 00:24:29,600

skyward

579

00:24:33,830 --> 00:24:31,600

at first he believed it was merely a

580

00:24:36,310 --> 00:24:33,840

flare from a nearby camp

581

00:24:38,070 --> 00:24:36,320

however as he continued on his journey

582

00:24:39,909 --> 00:24:38,080

he eventually discovered that the light

583

00:24:43,110 --> 00:24:39,919

appeared to be coming from a lonely

584

00:24:45,590 --> 00:24:43,120

field near the amo quarters

585

00:24:47,590 --> 00:24:45,600

dr ramachandran would later claim that

586

00:24:50,630 --> 00:24:47,600

the light was strange because it went

587

00:24:52,630 --> 00:24:50,640

straight into the sky like a laser beam

588

00:24:55,029 --> 00:24:52,640

he and his wife who also saw the

589

00:24:57,750 --> 00:24:55,039

incident would describe the light as a

590

00:24:58,870 --> 00:24:57,760

definite red yellow color and like a

591

00:25:01,830 --> 00:24:58,880

beam

592

00:25:05,830 --> 00:25:01,840

one of dr ramachandran's colleagues dr

593

00:25:07,750 --> 00:25:05,840

kamani pushpa kumara of the diatelawa

594

00:25:10,470 --> 00:25:07,760

hospital had witnessed an almost

595

00:25:12,549 --> 00:25:10,480

identical display several weeks earlier

596

00:25:16,230 --> 00:25:12,559

as she watched the stars with her three

597

00:25:19,110 --> 00:25:16,240

children as they looked up a disc-shaped

598

00:25:21,750 --> 00:25:19,120

object flew overhead with flashing red

599

00:25:24,149 --> 00:25:21,760

yellow and green lights although she

600

00:25:26,789 --> 00:25:24,159

wasn't sure of what they'd seen she was

601
00:25:29,510 --> 00:25:26,799
certain it wasn't a helicopter or a

602
00:25:32,630 --> 00:25:29,520
plane adding that this was different and

603
00:25:34,630 --> 00:25:32,640
unlike anything she'd seen before

604
00:25:37,430 --> 00:25:34,640
although local police were aware of the

605
00:25:40,230 --> 00:25:37,440
sightings they were unable to explain

606
00:25:43,350 --> 00:25:40,240
what they were and these cases remained

607
00:25:50,230 --> 00:25:46,549
on june 8th 2002 a wave of sightings

608
00:25:52,070 --> 00:25:50,240
occurred over polanowara in sri lanka

609
00:25:55,029 --> 00:25:52,080
these sightings were investigated and

610
00:25:57,430 --> 00:25:55,039
well documented by the sri lankan ufo

611
00:26:00,230 --> 00:25:57,440
research association

612
00:26:02,789 --> 00:26:00,240
their files state that over 100 people

613
00:26:04,390 --> 00:26:02,799

reported seeing strange objects flying

614

00:26:06,230 --> 00:26:04,400

overhead

615

00:26:09,110 --> 00:26:06,240

what's more many of these sightings

616

00:26:11,269 --> 00:26:09,120

contained almost identical details in

617

00:26:14,950 --> 00:26:11,279

terms of the general description of the

618

00:26:17,190 --> 00:26:14,960

vehicle itself as well as how they moved

619

00:26:19,830 --> 00:26:17,200

many of the reports stated that strange

620

00:26:22,070 --> 00:26:19,840

craft were glowing spherical objects

621

00:26:25,909 --> 00:26:22,080

that simply hovered in the sky before

622

00:26:27,909 --> 00:26:25,919

disappearing with lightning speed

623

00:26:29,990 --> 00:26:27,919

on many occasions several of these

624

00:26:33,029 --> 00:26:30,000

glowing orbs were seen together in

625

00:26:36,390 --> 00:26:33,039

clusters and they often emitted colored

626
00:26:39,029 --> 00:26:36,400
lights that sometimes reach the ground

627
00:26:41,590 --> 00:26:39,039
a further flurry of ufo sightings was

628
00:26:43,510 --> 00:26:41,600
reported the following month in july

629
00:26:46,710 --> 00:26:43,520
according to an article in the july 4

630
00:26:49,269 --> 00:26:46,720
2002 edition of the daily news of sri

631
00:26:51,590 --> 00:26:49,279
lanka and many of the details of these

632
00:26:52,789 --> 00:26:51,600
sightings were remarkably similar to

633
00:26:54,870 --> 00:26:52,799
each other

634
00:26:57,190 --> 00:26:54,880
one particular witness who wished to

635
00:27:00,230 --> 00:26:57,200
remain anonymous claimed that more than

636
00:27:02,230 --> 00:27:00,240
100 villagers witnessed at least one of

637
00:27:05,830 --> 00:27:02,240
the sightings while he was camping near

638
00:27:07,909 --> 00:27:05,840

the parakrama sumutra on the evening of

639

00:27:10,310 --> 00:27:07,919

june 15th

640

00:27:12,789 --> 00:27:10,320

on the night in question at around 11 30

641

00:27:15,510 --> 00:27:12,799

pm he and many others witnessed a blue

642

00:27:17,830 --> 00:27:15,520

white light beam that was unlike any

643

00:27:20,389 --> 00:27:17,840

light they'd seen before

644

00:27:22,710 --> 00:27:20,399

this beam according to the witness would

645

00:27:24,710 --> 00:27:22,720

rotate before disappearing and then

646

00:27:27,110 --> 00:27:24,720

reappear moments later in a different

647

00:27:29,269 --> 00:27:27,120

location in the sky

648

00:27:31,190 --> 00:27:29,279

the witness would continue to report

649

00:27:33,190 --> 00:27:31,200

that the light beams appeared to emanate

650

00:27:35,590 --> 00:27:33,200

from the dense jungle that surrounded

651
00:27:37,350 --> 00:27:35,600
the area where they were camping

652
00:27:40,470 --> 00:27:37,360
according to a report one of the

653
00:27:42,470 --> 00:27:40,480
witnesses an advanced level student was

654
00:27:44,789 --> 00:27:42,480
familiar with these strange glowing

655
00:27:47,190 --> 00:27:44,799
objects he would claim that when they

656
00:27:48,870 --> 00:27:47,200
moved through the sky they did so with

657
00:27:50,950 --> 00:27:48,880
high velocity

658
00:27:54,310 --> 00:27:50,960
however when they chose to fly at a

659
00:27:55,590 --> 00:27:54,320
lower altitude a faint hum or buzz could

660
00:27:57,830 --> 00:27:55,600
be heard

661
00:27:59,430 --> 00:27:57,840
they could also change direction in a

662
00:28:01,590 --> 00:27:59,440
split second

663
00:28:04,230 --> 00:28:01,600

the objects were witnessed for several

664

00:28:08,549 --> 00:28:04,240

consecutive days before stopping as

665

00:28:14,310 --> 00:28:10,950

to the north of india lies pakistan in

666

00:28:16,470 --> 00:28:14,320

october of 1988 around 7 pm a local

667

00:28:18,789 --> 00:28:16,480

resident was flying his model airplane

668

00:28:20,070 --> 00:28:18,799

from a field in karachi along with a

669

00:28:22,310 --> 00:28:20,080

friend

670

00:28:24,389 --> 00:28:22,320

although the sky was beginning to darken

671

00:28:25,510 --> 00:28:24,399

slightly the sun was still visible in

672

00:28:27,669 --> 00:28:25,520

the sky

673

00:28:29,590 --> 00:28:27,679

as they were watching one of their model

674

00:28:31,750 --> 00:28:29,600

airplanes one of the witnesses noticed

675

00:28:34,230 --> 00:28:31,760

something in front of the plane pass by

676

00:28:36,389 --> 00:28:34,240

that briefly reflected the sun

677

00:28:38,789 --> 00:28:36,399

they focused on the object and realized

678

00:28:40,789 --> 00:28:38,799

that it was a distinct boomerang shape

679

00:28:43,830 --> 00:28:40,799

with a white color to it

680

00:28:45,029 --> 00:28:43,840

what's more it appeared to be spinning

681

00:28:48,389 --> 00:28:45,039

he would estimate that it was

682

00:28:50,870 --> 00:28:48,399

approximately the size of a boeing 737

683

00:28:53,350 --> 00:28:50,880

airplane and didn't appear to be moving

684

00:28:55,830 --> 00:28:53,360

particularly fast before the witnesses

685

00:28:59,269 --> 00:28:55,840

could truly focus on it any further it

686

00:29:01,909 --> 00:28:59,279

disappeared out of sight

687

00:29:04,310 --> 00:29:01,919

it is perhaps also worth mentioning that

688

00:29:06,870 --> 00:29:04,320

several sightings were reported in

689

00:29:09,190 --> 00:29:06,880

thailand as well around the same time

690

00:29:11,269 --> 00:29:09,200

which lies across the bay of bengal to

691

00:29:14,470 --> 00:29:11,279

the east of india

692

00:29:17,269 --> 00:29:14,480

for example in late november of 1968 at

693

00:29:18,950 --> 00:29:17,279

the royal thai air force base the ground

694

00:29:21,269 --> 00:29:18,960

control approach reported two

695

00:29:23,830 --> 00:29:21,279

unidentified objects that were moving

696

00:29:25,750 --> 00:29:23,840

slowly at a low altitude

697

00:29:28,070 --> 00:29:25,760

they continued to track them until they

698

00:29:32,630 --> 00:29:28,080

were within several miles to the base

699

00:29:37,669 --> 00:29:35,430

returning back to india and rewinding

700

00:29:40,470 --> 00:29:37,679

quite a bit let's dig into the ancient

701
00:29:44,149 --> 00:29:40,480
texts that boasted incident of advanced

702
00:29:46,389 --> 00:29:44,159
flying machines or vimanas

703
00:29:48,789 --> 00:29:46,399
not only do these ancient texts speak of

704
00:29:50,470 --> 00:29:48,799
vehicles that could traverse the earth

705
00:29:52,950 --> 00:29:50,480
but they also mentioned vehicles that

706
00:29:55,110 --> 00:29:52,960
could venture into the far reaches of

707
00:29:58,070 --> 00:29:55,120
outer space

708
00:30:00,310 --> 00:29:58,080
some even speak of gods taking humans on

709
00:30:03,430 --> 00:30:00,320
board these spaceships and visiting

710
00:30:05,990 --> 00:30:03,440
other planets this advanced knowledge

711
00:30:09,990 --> 00:30:06,000
though spread much further than just

712
00:30:12,149 --> 00:30:10,000
aerial vehicles the sanskrit texts are

713
00:30:14,789 --> 00:30:12,159

full of detailed writings not only on

714

00:30:17,430 --> 00:30:14,799

technological flying vehicles but

715

00:30:19,750 --> 00:30:17,440

advanced building designs in highly

716

00:30:22,149 --> 00:30:19,760

advanced medical procedures

717

00:30:25,269 --> 00:30:22,159

for example according to researcher

718

00:30:28,549 --> 00:30:25,279

praveen mahan advanced medical knowledge

719

00:30:31,350 --> 00:30:28,559

is contained in sanskrit texts known as

720

00:30:33,590 --> 00:30:31,360

sasrata samhita which was recorded

721

00:30:37,350 --> 00:30:33,600

around a hundred years before similar

722

00:30:39,830 --> 00:30:37,360

writings of hippocrates regarded as the

723

00:30:42,230 --> 00:30:39,840

father of modern medicine

724

00:30:45,510 --> 00:30:42,240

what's more although these texts were

725

00:30:48,830 --> 00:30:45,520

only recorded around 800 bc they had

726

00:30:51,669 --> 00:30:48,840

been passed on orally for thousands of

727

00:30:54,230 --> 00:30:51,679

years much can also be said for many of

728

00:30:57,430 --> 00:30:54,240

the ancient buildings in india

729

00:30:59,669 --> 00:30:57,440

perhaps not least the temple in sirpor

730

00:31:02,310 --> 00:30:59,679

that was recently discovered largely

731

00:31:03,830 --> 00:31:02,320

intact after being buried in the debris

732

00:31:06,950 --> 00:31:03,840

of the surrounding city from an

733

00:31:08,950 --> 00:31:06,960

earthquake in the 11th century

734

00:31:12,230 --> 00:31:08,960

the one-time superintendent of the

735

00:31:15,110 --> 00:31:12,240

archaeological survey of india dr arun

736

00:31:18,149 --> 00:31:15,120

sharma claimed the building is a perfect

737

00:31:21,669 --> 00:31:18,159

example of vedic architecture which used

738

00:31:24,029 --> 00:31:21,679

heavy stones sealed with aerovedic paste

739

00:31:27,509 --> 00:31:24,039

said to be so strong it lasts for over

740

00:31:28,950 --> 00:31:27,519

1500 years compared to only 70 years for

741

00:31:31,110 --> 00:31:28,960

cement

742

00:31:33,509 --> 00:31:31,120

what's more the building was built with

743

00:31:35,590 --> 00:31:33,519

specially designed vertical shafts or

744

00:31:37,990 --> 00:31:35,600

chambers that led straight down and

745

00:31:40,310 --> 00:31:38,000

helped assist against damage from

746

00:31:42,470 --> 00:31:40,320

earthquakes

747

00:31:44,710 --> 00:31:42,480

this not only shows that they were aware

748

00:31:47,269 --> 00:31:44,720

of the possibility of such a natural but

749

00:31:50,230 --> 00:31:47,279

devastating event but they had also

750

00:31:52,070 --> 00:31:50,240

learned to overcome it

751

00:31:54,310 --> 00:31:52,080

if we return to the notion of flying

752

00:31:56,950 --> 00:31:54,320

vehicles in ancient india it's worth

753

00:31:59,269 --> 00:31:56,960

noting the lecture and submitted paper

754

00:32:03,509 --> 00:31:59,279

of a principal at a pilot training

755

00:32:05,990 --> 00:32:03,519

school anand bodus who at the 2015

756

00:32:09,029 --> 00:32:06,000

indian science congress claimed that

757

00:32:11,029 --> 00:32:09,039

ancient indian texts provided blueprints

758

00:32:13,909 --> 00:32:11,039

for flying machines that could be built

759

00:32:16,549 --> 00:32:13,919

and flown today just as they had been in

760

00:32:18,950 --> 00:32:16,559

the ancient world

761

00:32:21,909 --> 00:32:18,960

it is worth noting the experiments of

762

00:32:24,789 --> 00:32:21,919

aerospace engineer travis taylor who

763

00:32:27,669 --> 00:32:24,799

would use a 3d print of a model designed

764

00:32:29,789 --> 00:32:27,679

from instructions in such ancient texts

765

00:32:32,470 --> 00:32:29,799

to prove that it was in fact

766

00:32:34,549 --> 00:32:32,480

aerodynamically sound

767

00:32:37,110 --> 00:32:34,559

what's also interesting is a paper

768

00:32:39,110 --> 00:32:37,120

around the same time as bodacious claims

769

00:32:43,110 --> 00:32:39,120

of an ancient flying machine in the

770

00:32:45,590 --> 00:32:43,120

volume 4 issue 3 2014 paper by the

771

00:32:49,269 --> 00:32:45,600

international journal of engineering and

772

00:32:51,110 --> 00:32:49,279

innovative technology titled vedic eon

773

00:32:56,149 --> 00:32:51,120

engine

774

00:32:58,389 --> 00:32:56,159

ultimately reported that the vimenika

775

00:33:00,549 --> 00:32:58,399

shastra describes in detail the

776

00:33:03,830 --> 00:33:00,559

construction of what is called the

777

00:33:07,590 --> 00:33:03,840

mercury vortex engine the forerunner of

778

00:33:09,990 --> 00:33:07,600

the ion engines being made by nasa

779

00:33:12,789 --> 00:33:10,000

furthermore nasa has since used ion

780

00:33:15,830 --> 00:33:12,799

engines in space in the years since the

781

00:33:18,389 --> 00:33:15,840

paper was published

782

00:33:20,710 --> 00:33:18,399

the more we study the sanskrit texts the

783

00:33:22,070 --> 00:33:20,720

more intriguing and eye-opening they

784

00:33:24,230 --> 00:33:22,080

become

785

00:33:26,710 --> 00:33:24,240

however unlike many other parts of the

786

00:33:29,190 --> 00:33:26,720

world the ancient writings and texts

787

00:33:32,710 --> 00:33:29,200

that speak of these flying machines and

788

00:33:34,310 --> 00:33:32,720

advanced beings or gods are seemingly

789

00:33:36,230 --> 00:33:34,320

written as fact

790

00:33:37,909 --> 00:33:36,240

and for the most part have been well

791

00:33:39,590 --> 00:33:37,919

preserved and remained in the

792

00:33:42,630 --> 00:33:39,600

consciousness of the indigenous

793

00:33:45,110 --> 00:33:42,640

population in india

794

00:33:47,110 --> 00:33:45,120

if we're looking to find absolute proof

795

00:33:49,590 --> 00:33:47,120

of an extraterrestrial presence on earth

796

00:33:52,710 --> 00:33:49,600

thousands of years ago or at the very

797

00:33:55,430 --> 00:33:52,720

least a civilization so advanced it had

798

00:33:57,990 --> 00:33:55,440

flying vehicles some of which could

799

00:34:00,789 --> 00:33:58,000

reach other planets there might be no

800

00:34:03,990 --> 00:34:00,799

better place to find it than in these

801
00:34:05,750 --> 00:34:04,000
ancient sanskrit texts

802
00:34:08,310 --> 00:34:05,760
when we factor in some of the apparent

803
00:34:11,109 --> 00:34:08,320
underwater ruins in the region then the

804
00:34:13,190 --> 00:34:11,119
idea of advanced civilization possibly

805
00:34:14,710 --> 00:34:13,200
with advanced technology existing in

806
00:34:18,629 --> 00:34:14,720
this part of the world thousands of

807
00:34:20,550 --> 00:34:18,639
years ago grows even more curious

808
00:34:23,990 --> 00:34:20,560
and we might also consider the vast

809
00:34:26,470 --> 00:34:24,000
indian ocean to the south of the region

810
00:34:29,190 --> 00:34:26,480
an ocean that could easily allow for

811
00:34:32,470 --> 00:34:29,200
discrete movement or maybe even more

812
00:34:37,349 --> 00:34:32,480
extraordinary a place for these vehicles

813
00:34:42,550 --> 00:34:39,430

looking towards the future of ufo

814

00:34:44,710 --> 00:34:42,560

studies there is almost no argument that

815

00:34:47,030 --> 00:34:44,720

can be made that the united states has

816

00:34:48,950 --> 00:34:47,040

had a major influence on how this topic

817

00:34:51,829 --> 00:34:48,960

is being handled

818

00:34:53,430 --> 00:34:51,839

after a firestorm of revelations

819

00:34:56,149 --> 00:34:53,440

stretching back to the now famous new

820

00:34:58,390 --> 00:34:56,159

york times article of 2017

821

00:35:00,230 --> 00:34:58,400

up to the current landscape of a newly

822

00:35:03,430 --> 00:35:00,240

formed group within the pentagon to

823

00:35:05,430 --> 00:35:03,440

study ufo and uap reports

824

00:35:07,030 --> 00:35:05,440

other countries have begun to follow

825

00:35:10,150 --> 00:35:07,040

suit

826

00:35:13,190 --> 00:35:10,160

china has boasted an ai program to

827

00:35:14,710 --> 00:35:13,200

capture collect and categorize ufo

828

00:35:17,670 --> 00:35:14,720

sightings

829

00:35:20,150 --> 00:35:17,680

japan's defense minister has requested

830

00:35:21,750 --> 00:35:20,160

the self-defense forces follow new

831

00:35:23,829 --> 00:35:21,760

protocols regarding possible

832

00:35:26,790 --> 00:35:23,839

interactions or sightings of

833

00:35:30,390 --> 00:35:26,800

unidentified flying objects

834

00:35:32,390 --> 00:35:30,400

france has gaipen or the group for study

835

00:35:35,270 --> 00:35:32,400

and information on unidentified

836

00:35:38,470 --> 00:35:35,280

aerospace phenomena which actually runs

837

00:35:41,349 --> 00:35:38,480

through the french space agency

838

00:35:45,030 --> 00:35:41,359

all the reports of ufos in uap are

839

00:35:47,670 --> 00:35:45,040
eventually released to the public

840

00:35:51,030 --> 00:35:47,680
and it now appears that india will be

841

00:35:53,510 --> 00:35:51,040
yet another example of studying ufos in

842

00:35:55,910 --> 00:35:53,520
an official capacity

843

00:35:59,510 --> 00:35:55,920
the indian astrobiology research

844

00:36:03,349 --> 00:35:59,520
foundation has launched the iarf

845

00:36:04,990 --> 00:36:03,359
center of excellence for ufos

846

00:36:08,310 --> 00:36:05,000
here is one of the leading

847

00:36:10,829 --> 00:36:08,320
astrobiologists in india and head of the

848

00:36:13,510 --> 00:36:10,839
iarf and

849

00:36:15,190 --> 00:36:13,520
ice pushkar vadya

850

00:36:17,430 --> 00:36:15,200
speaking with indian-based news

851

00:36:20,069 --> 00:36:17,440

organization the week

852

00:36:21,670 --> 00:36:20,079

we set up this center of excellence for

853

00:36:24,069 --> 00:36:21,680

uh ufos

854

00:36:26,069 --> 00:36:24,079

if we believe it is okay you know if

855

00:36:28,470 --> 00:36:26,079

it's all right to look for aliens for

856

00:36:30,150 --> 00:36:28,480

extraterrestrial life outside of earth

857

00:36:32,470 --> 00:36:30,160

then why the hell do we have a problem

858

00:36:34,710 --> 00:36:32,480

if they are here therefore it is the

859

00:36:36,550 --> 00:36:34,720

exact search we are doing any which ways

860

00:36:38,790 --> 00:36:36,560

the problem is instead of you know we

861

00:36:40,470 --> 00:36:38,800

going and looking for them there is a

862

00:36:42,550 --> 00:36:40,480

phenomenon which is suggesting that they

863

00:36:44,310 --> 00:36:42,560

might just be right here can it be

864

00:36:46,150 --> 00:36:44,320

investigated through that way now that's

865

00:36:47,990 --> 00:36:46,160

a different story but is it a part of

866

00:36:49,670 --> 00:36:48,000

science well absolutely

867

00:36:52,230 --> 00:36:49,680

we need to look at this particular

868

00:36:54,230 --> 00:36:52,240

phenomena not as a

869

00:36:55,910 --> 00:36:54,240

not as an academic issue you know

870

00:36:58,630 --> 00:36:55,920

because it is not anymore

871

00:37:00,150 --> 00:36:58,640

uh it's an uh issue which is global and

872

00:37:01,829 --> 00:37:00,160

it's an issue which is going to affect

873

00:37:03,829 --> 00:37:01,839

the public it's going to affect you and

874

00:37:05,349 --> 00:37:03,839

me you know it has nothing to do with uh

875

00:37:06,870 --> 00:37:05,359

you know something being academic or

876

00:37:08,470 --> 00:37:06,880

research because

877

00:37:10,310 --> 00:37:08,480

they seem to be going everywhere without

878

00:37:12,790 --> 00:37:10,320

any permission so it's a

879

00:37:14,950 --> 00:37:12,800

socio-scientific issue and the public

880

00:37:17,190 --> 00:37:14,960

discourse and debate is extremely

881

00:37:19,030 --> 00:37:17,200

important the involvement that what are

882

00:37:21,430 --> 00:37:19,040

we dealing with and it has to go beyond

883

00:37:23,030 --> 00:37:21,440

this thing of you know i mean what are

884

00:37:25,270 --> 00:37:23,040

they and do we have to hear and all that

885

00:37:27,750 --> 00:37:25,280

stuff because i think it's only a social

886

00:37:29,910 --> 00:37:27,760

scientific issue so the thing is that

887

00:37:32,310 --> 00:37:29,920

who is going to speak to them you know

888

00:37:34,310 --> 00:37:32,320

and what is the cultural

889

00:37:35,829 --> 00:37:34,320

depth you require to you know handle

890

00:37:38,630 --> 00:37:35,839

these conversations

891

00:37:40,390 --> 00:37:38,640

and given the track record of how uh you

892

00:37:42,710 --> 00:37:40,400

know how the academy and research have

893

00:37:44,710 --> 00:37:42,720

been responding to it so far keeping all

894

00:37:47,270 --> 00:37:44,720

this in mind we have issued a position

895

00:37:49,030 --> 00:37:47,280

statement to send an entire manifesto

896

00:37:51,510 --> 00:37:49,040

that how we should be going about the

897

00:37:52,470 --> 00:37:51,520

research and it so happens you know and

898

00:37:58,390 --> 00:37:52,480

that

899

00:38:00,710 --> 00:37:58,400

or rooted rather you know from a very

900

00:38:02,310 --> 00:38:00,720

indian uh you know thought process

901
00:38:04,790 --> 00:38:02,320
because uh

902
00:38:06,950 --> 00:38:04,800
we are the culture is the best equipped

903
00:38:08,870 --> 00:38:06,960
you know to to handle this sort of uh

904
00:38:10,550 --> 00:38:08,880
situation you know and and there is no

905
00:38:12,630 --> 00:38:10,560
reason why you know

906
00:38:14,390 --> 00:38:12,640
we must not attend that so that's what

907
00:38:17,030 --> 00:38:14,400
we intend to do to set up a global

908
00:38:18,790 --> 00:38:17,040
agenda along with of course you know uh

909
00:38:20,230 --> 00:38:18,800
i mean you know along with all the

910
00:38:22,470 --> 00:38:20,240
scientists to to sort of you know

911
00:38:25,109 --> 00:38:22,480
discuss this out this has been you know

912
00:38:26,550 --> 00:38:25,119
happening for a long time so obviously

913
00:38:28,630 --> 00:38:26,560

you know you and i won't necessarily

914

00:38:30,230 --> 00:38:28,640

come to know you know what the the

915

00:38:31,910 --> 00:38:30,240

defense people are doing

916

00:38:33,510 --> 00:38:31,920

but what you and i can't know is that

917

00:38:35,589 --> 00:38:33,520

you know whatever they are doing it's

918

00:38:37,670 --> 00:38:35,599

not working you know because the ufos

919

00:38:40,390 --> 00:38:37,680

are doing whatever they they feel like

920

00:38:41,910 --> 00:38:40,400

we we better you know put up our hand

921

00:38:44,950 --> 00:38:41,920

and offer

922

00:38:47,910 --> 00:38:44,960

to lead this not just to contribute

923

00:38:54,230 --> 00:38:51,670

vagya's hope of the ice becoming a major

924

00:38:57,589 --> 00:38:54,240

player and even leading the ufo

925

00:38:59,670 --> 00:38:57,599

discourse is very inspiring

926
00:39:02,790 --> 00:38:59,680
and so are the more technical plans for

927
00:39:05,670 --> 00:39:02,800
the ice which consist of creating an

928
00:39:08,150 --> 00:39:05,680
authentic searchable database cataloging

929
00:39:11,430 --> 00:39:08,160
all ufo sightings reported in the indian

930
00:39:13,510 --> 00:39:11,440
media and others that were ignored

931
00:39:15,670 --> 00:39:13,520
it will also provide people a credible

932
00:39:17,829 --> 00:39:15,680
platform to submit their own ufo

933
00:39:25,030 --> 00:39:17,839
sightings which would be independently

934
00:39:29,589 --> 00:39:27,270
so while the future looks bright for the

935
00:39:32,870 --> 00:39:29,599
study of ufos in india with the work

936
00:39:35,270 --> 00:39:32,880
being done by pushkar and the ice we

937
00:39:38,550 --> 00:39:35,280
must also look back to the past for

938
00:39:40,870 --> 00:39:38,560

reference to the proliferation of ufo

939

00:39:43,109 --> 00:39:40,880

events throughout the country

940

00:39:46,230 --> 00:39:43,119

and what that might tell us about what

941

00:39:48,470 --> 00:39:46,240

we are dealing with today in modern ufo

942

00:39:50,470 --> 00:39:48,480

accounts

943

00:39:53,190 --> 00:39:50,480

let's say that if there was some sort of

944

00:39:54,390 --> 00:39:53,200

advanced civilization in india thousands

945

00:39:56,470 --> 00:39:54,400

of years ago

946

00:39:57,910 --> 00:39:56,480

one that not only had knowledge of

947

00:40:01,430 --> 00:39:57,920

advanced building techniques and

948

00:40:03,510 --> 00:40:01,440

medicines but also of aerial vehicles

949

00:40:05,670 --> 00:40:03,520

that could even venture into space and

950

00:40:07,829 --> 00:40:05,680

the great beyond

951
00:40:10,230 --> 00:40:07,839
do they share a connection with the many

952
00:40:11,589 --> 00:40:10,240
ufo sightings that persisted in the

953
00:40:14,230 --> 00:40:11,599
modern era

954
00:40:16,870 --> 00:40:14,240
are they the same controllers of these

955
00:40:20,390 --> 00:40:16,880
aerial vehicles or phenomena that

956
00:40:22,390 --> 00:40:20,400
visited our planet in ancient times

957
00:40:24,470 --> 00:40:22,400
if there is a connection between these

958
00:40:26,950 --> 00:40:24,480
apparent advanced aerial vehicles of

959
00:40:29,670 --> 00:40:26,960
ancient india in ufo sightings in the

960
00:40:32,870 --> 00:40:29,680
modern and contemporary era what might

961
00:40:35,430 --> 00:40:32,880
that connection truly be

962
00:40:38,309 --> 00:40:35,440
did these apparent gods simply pull away

963
00:40:41,430 --> 00:40:38,319

from society as many creation legends

964

00:40:42,950 --> 00:40:41,440

state but maintain a discreet presence

965

00:40:45,910 --> 00:40:42,960

here on earth

966

00:40:49,589 --> 00:40:45,920

or are they indeed visiting us from afar

967

00:40:51,750 --> 00:40:49,599

observing humanity's progress or perhaps

968

00:40:54,230 --> 00:40:51,760

if we accept the modern ufo sightings

969

00:40:56,710 --> 00:40:54,240

here are the result of extraterrestrial

970

00:40:59,990 --> 00:40:56,720

visitation might these more recent

971

00:41:02,309 --> 00:41:00,000

cosmic visitors be an entirely different

972

00:41:04,309 --> 00:41:02,319

intelligence with different motives

973

00:41:07,510 --> 00:41:04,319

altogether

974

00:41:09,349 --> 00:41:07,520

there are many possibilities and few

975

00:41:14,870 --> 00:41:09,359

answers

976
00:41:17,030 --> 00:41:14,880
remain enigmatically somewhere in the

977
00:41:20,080 --> 00:41:17,040
skies over india

978
00:41:29,910 --> 00:41:20,090
and beyond

if you haven't already please take just

991

00:42:02,870 --> 00:41:59,440

a moment to rate and review somewhere in

992

00:42:04,870 --> 00:42:02,880

the skies on apple podcasts spotify or

993

00:42:06,950 --> 00:42:04,880

wherever you listen to the show

994

00:42:09,910 --> 00:42:06,960

it helps us find new listeners and gain

995

00:42:12,550 --> 00:42:09,920

visibility speaking of listeners please

996

00:42:15,030 --> 00:42:12,560

also consider sharing the show word of

997

00:42:18,150 --> 00:42:15,040

mouth goes a very long way

998

00:42:20,470 --> 00:42:18,160

thank you for your support

999

00:42:23,190 --> 00:42:20,480

thank you as always to the e1 podcast

1000

00:42:25,349 --> 00:42:23,200

network and of course special thanks to

1001

00:42:27,829 --> 00:42:25,359

you for listening

1002

00:42:30,630 --> 00:42:27,839

remember keep your feet on the ground

1003

00:42:45,670 --> 00:42:30,640

but never stop searching somewhere in

1004

00:42:49,750 --> 00:42:47,670

somewhere in the skies is produced by

1005

00:42:51,589 --> 00:42:49,760

third kind productions in association
