---

WITH GRAEME RENDALL  
& CHRISSY NEWTON

1  
00:00:00,650 --> 00:00:09,190

[Music]

2  
00:00:13,860 --> 00:00:12,070

this is somewhere in the skies with ryan

3  
00:00:33,110 --> 00:00:13,870

spread

4  
00:00:37,190 --> 00:00:35,190

hey guys ryan sprague here from

5  
00:00:39,350 --> 00:00:37,200

somewhere in the skies and welcome to a

6  
00:00:42,310 --> 00:00:39,360

special live stream version of the

7  
00:00:45,670 --> 00:00:42,320

podcast this week we are going to be

8  
00:00:47,830 --> 00:00:45,680

talking to graeme rendell who for some

9  
00:00:49,990 --> 00:00:47,840

reason has not been on the show yet

10  
00:00:52,709 --> 00:00:50,000

which is insane and we i definitely had

11  
00:00:53,910 --> 00:00:52,719

to rectify that as soon as possible uh

12  
00:00:56,549 --> 00:00:53,920

we're gonna be talking about all the

13  
00:00:59,110 --> 00:00:56,559

latest news in the ufo world uh we're

14

00:01:01,029 --> 00:00:59,120

gonna dig deep into the calvin ufo

15

00:01:03,430 --> 00:01:01,039

incident which is one of my favorite

16

00:01:06,070 --> 00:01:03,440

things to talk about and graham knows

17

00:01:07,270 --> 00:01:06,080

more than a lot of people about this so

18

00:01:09,109 --> 00:01:07,280

we're gonna get his thoughts and

19

00:01:11,910 --> 00:01:09,119

opinions on that his thoughts and

20

00:01:15,350 --> 00:01:11,920

opinions on all the latest ufo news

21

00:01:16,630 --> 00:01:15,360

including some file releases um some

22

00:01:19,429 --> 00:01:16,640

litigious

23

00:01:22,469 --> 00:01:19,439

goings on in the ufo world uh what else

24

00:01:24,630 --> 00:01:22,479

is new and uh a whole lot more and we

25

00:01:26,870 --> 00:01:24,640

also have with us of course my co-pilot

26

00:01:30,149 --> 00:01:26,880

for the episode chrissy newton joining

27

00:01:32,870 --> 00:01:30,159

us as well um but before we do that we

28

00:01:35,190 --> 00:01:32,880

were supposed to have andy from that ufo

29

00:01:37,590 --> 00:01:35,200

podcast joining us tonight unfortunately

30

00:01:40,550 --> 00:01:37,600

he is under the weather so we do want to

31

00:01:43,030 --> 00:01:40,560

send him our very best to get well soon

32

00:01:44,630 --> 00:01:43,040

uh he was very you know bummed that he

33

00:01:46,389 --> 00:01:44,640

couldn't make it tonight but we'll make

34

00:01:49,350 --> 00:01:46,399

up for it soon with a somewhere in the

35

00:01:51,749 --> 00:01:49,360

skies that ufo podcast crossover but

36

00:01:54,149 --> 00:01:51,759

without further ado let's bring them in

37

00:01:56,709 --> 00:01:54,159

we have with us chrissy newton and

38

00:01:59,109 --> 00:01:56,719

graham welcome to the show guys

39

00:02:01,109 --> 00:01:59,119

hello hello

40

00:02:02,789 --> 00:02:01,119

this is going to be fun i mean we kind

41

00:02:04,230 --> 00:02:02,799

of just threw this together we got some

42

00:02:06,709 --> 00:02:04,240

stuff to talk about it's going to be

43

00:02:09,029 --> 00:02:06,719

super laid back um anyone in the chat

44

00:02:10,869 --> 00:02:09,039

feel free uh super chat's open if you

45

00:02:12,790 --> 00:02:10,879

want to ask graham some questions

46

00:02:14,869 --> 00:02:12,800

tonight or me or chrissy please feel

47

00:02:17,350 --> 00:02:14,879

free um you can help support the show

48

00:02:20,790 --> 00:02:17,360

through the super sad super chat super

49

00:02:24,229 --> 00:02:20,800

stickers and everything in between um

50

00:02:27,190 --> 00:02:24,239

but yeah grim before we even get to ufo

51  
00:02:29,510 --> 00:02:27,200  
stuff you just had a mini reunion i'll

52  
00:02:32,710 --> 00:02:29,520  
bait for about 30 seconds with some of

53  
00:02:35,110 --> 00:02:32,720  
your friends over there at uap media

54  
00:02:37,589 --> 00:02:35,120  
you gotta tell me man what was that all

55  
00:02:39,110 --> 00:02:37,599  
about i caught it on twitter um tell us

56  
00:02:40,790 --> 00:02:39,120  
a little about this little reunion you

57  
00:02:42,710 --> 00:02:40,800  
had well it's a stupid thing really

58  
00:02:44,949 --> 00:02:42,720  
because we were talking about this on uh

59  
00:02:47,110 --> 00:02:44,959  
priscilla stone's show on saturday night

60  
00:02:48,150 --> 00:02:47,120  
on the uap book club and it just so

61  
00:02:50,150 --> 00:02:48,160  
happened that where i live in

62  
00:02:52,550 --> 00:02:50,160  
northumberland in northern england it's

63  
00:02:55,430 --> 00:02:52,560

on the main railway line from

64

00:02:56,470 --> 00:02:55,440

down london up into scotland and vinnie

65

00:02:58,550 --> 00:02:56,480

and dan

66

00:03:00,229 --> 00:02:58,560

who are part of uap media were going to

67

00:03:02,550 --> 00:03:00,239

be part of a documentary of putting

68

00:03:04,309 --> 00:03:02,560

together a documentary in scotland and

69

00:03:05,509 --> 00:03:04,319

they were traveling effectively past

70

00:03:07,430 --> 00:03:05,519

where i live

71

00:03:09,830 --> 00:03:07,440

and the train happened to stop at one of

72

00:03:11,589 --> 00:03:09,840

the stations near where i live and i

73

00:03:14,149 --> 00:03:11,599

knew what time of day it was i was in

74

00:03:15,830 --> 00:03:14,159

the area and i said look guys i'll be

75

00:03:18,710 --> 00:03:15,840

there if you want to get off the train

76

00:03:20,149 --> 00:03:18,720

say hello for 30 seconds how long it is

77

00:03:21,990 --> 00:03:20,159

because that's how long the train stops

78

00:03:24,070 --> 00:03:22,000

for sort of thing maybe a minute you

79

00:03:25,910 --> 00:03:24,080

sort of thing um we'll have a quick you

80

00:03:27,509 --> 00:03:25,920

know and then he said yeah we'll take

81

00:03:29,030 --> 00:03:27,519

we'll take some pictures because it's

82

00:03:30,869 --> 00:03:29,040

all part of the experience and they're

83

00:03:33,270 --> 00:03:30,879

up for you know a daft thing like that

84

00:03:35,110 --> 00:03:33,280

and i i'm quite spontaneous occasionally

85

00:03:36,949 --> 00:03:35,120

with these kind of crazy little notions

86

00:03:39,030 --> 00:03:36,959

so we'll put it together uh over the

87

00:03:40,390 --> 00:03:39,040

course of the morning and um

88

00:03:41,990 --> 00:03:40,400

on my outback i'd work out when the

89

00:03:43,830 --> 00:03:42,000

train was coming in so i happened to be

90

00:03:45,270 --> 00:03:43,840

right at the time um they told me the

91

00:03:46,550 --> 00:03:45,280

coach they were in so i knew where to

92

00:03:48,070 --> 00:03:46,560

stand on the platform

93

00:03:49,350 --> 00:03:48,080

except the train company had swept they

94

00:03:50,949 --> 00:03:49,360

swapped the coaches around for some

95

00:03:52,470 --> 00:03:50,959

reason so i was in complete the wrong

96

00:03:54,149 --> 00:03:52,480

place that's why i was running down the

97

00:03:55,910 --> 00:03:54,159

platform to make sure i was at the right

98

00:03:57,830 --> 00:03:55,920

place it was all crazy it was all kind

99

00:04:01,030 --> 00:03:57,840

of spur-of-the-moment thing it was you

100

00:04:03,429 --> 00:04:01,040

know just a kind of daft carry-on um

101  
00:04:05,509 --> 00:04:03,439  
and we're all crazy anyway so yeah it

102  
00:04:09,030 --> 00:04:05,519  
but it it played well on social media so

103  
00:04:10,710 --> 00:04:09,040  
you know it gave people a bit of a laugh

104  
00:04:12,550 --> 00:04:10,720  
and when people think when i say things

105  
00:04:17,590 --> 00:04:12,560  
like this off the cuff people just think

106  
00:04:21,270 --> 00:04:19,110  
you actually great

107  
00:04:23,430 --> 00:04:21,280  
i know it's so cool that you guys were

108  
00:04:26,230 --> 00:04:23,440  
able to like synchronize that and make

109  
00:04:28,390 --> 00:04:26,240  
it happen because it you know it's and

110  
00:04:30,390 --> 00:04:28,400  
i've met you in person which was an

111  
00:04:32,310 --> 00:04:30,400  
amazing experience but the fact of the

112  
00:04:33,990 --> 00:04:32,320  
matter is like between you me and

113  
00:04:36,230 --> 00:04:34,000

chrissy we all live in different

114

00:04:39,510 --> 00:04:36,240

countries literally different countries

115

00:04:43,670 --> 00:04:39,520

and um and rarely get to meet so getting

116

00:04:46,310 --> 00:04:43,680

that kind of like you know inside um

117

00:04:49,110 --> 00:04:46,320

you know inside i guess perspective of

118

00:04:50,550 --> 00:04:49,120

seeing you guys meet up and hug and like

119

00:04:52,310 --> 00:04:50,560

you know do those little things it

120

00:04:54,870 --> 00:04:52,320

really makes me feel like i'm there with

121

00:04:56,710 --> 00:04:54,880

you so i love stuff like that because

122

00:04:58,550 --> 00:04:56,720

covid has like

123

00:05:00,629 --> 00:04:58,560

made people a part and they can't work

124

00:05:01,749 --> 00:05:00,639

together now you know well back then and

125

00:05:03,270 --> 00:05:01,759

you couldn't live together and you

126

00:05:05,110 --> 00:05:03,280

couldn't see friends and so that

127

00:05:06,550 --> 00:05:05,120

everything was done virtually and it was

128

00:05:08,790 --> 00:05:06,560

great being able to see the guys from

129

00:05:10,870 --> 00:05:08,800

uap media last october and then meeting

130

00:05:13,670 --> 00:05:10,880

you and meeting lou because those were

131

00:05:16,390 --> 00:05:13,680

things we couldn't do beforehand so it

132

00:05:17,830 --> 00:05:16,400

was wonderful um but it actually that

133

00:05:19,029 --> 00:05:17,840

doesn't seem like it almost seems like

134

00:05:20,469 --> 00:05:19,039

five minutes ago though you know i was

135

00:05:21,749 --> 00:05:20,479

sitting around the bar table with you

136

00:05:23,270 --> 00:05:21,759

ryan you know

137

00:05:24,550 --> 00:05:23,280

stories and all the rest of it it was it

138

00:05:26,550 --> 00:05:24,560

was a fun night

139

00:05:28,150 --> 00:05:26,560

it was a fun it was a little too fun of

140

00:05:30,629 --> 00:05:28,160

a night i'm not gonna lie i think i had

141

00:05:32,790 --> 00:05:30,639

a misty time experience after a few of

142

00:05:35,590 --> 00:05:32,800

those uh a few of those whiskies with

143

00:05:37,270 --> 00:05:35,600

you guys but um no that was and i was

144

00:05:39,670 --> 00:05:37,280

nervous about that i'm like i'm meeting

145

00:05:41,749 --> 00:05:39,680

up with a bunch of these british people

146

00:05:43,430 --> 00:05:41,759

um i don't know what's gonna happen i

147

00:05:47,029 --> 00:05:43,440

honestly don't know what's gonna happen

148

00:05:48,870 --> 00:05:47,039

but you guys were so hospitable and um

149

00:05:51,270 --> 00:05:48,880

made me feel at home and we had a great

150

00:05:53,350 --> 00:05:51,280

time we really really did um and one of

151  
00:05:56,150 --> 00:05:53,360  
the things you and i talked about around

152  
00:05:58,309 --> 00:05:56,160  
the uh the bar there was the calvin ufo

153  
00:06:00,790 --> 00:05:58,319  
incident yeah um i'm just teasing that

154  
00:06:03,350 --> 00:06:00,800  
now we'll get into it in a little bit um

155  
00:06:05,189 --> 00:06:03,360  
but that was a lot of fun um christopher

156  
00:06:07,270 --> 00:06:05,199  
plane is here i do want to give some of

157  
00:06:10,550 --> 00:06:07,280  
these guys a shout out

158  
00:06:12,230 --> 00:06:10,560  
jason sdk jesse aaron desario is here

159  
00:06:13,350 --> 00:06:12,240  
good day good day

160  
00:06:15,909 --> 00:06:13,360  
um

161  
00:06:17,350 --> 00:06:15,919  
let's see jason faye i said esmerelda

162  
00:06:19,670 --> 00:06:17,360  
thank you guys thank you everyone for

163  
00:06:21,270 --> 00:06:19,680

being here um again if you want to ask

164

00:06:23,270 --> 00:06:21,280

any questions feel free to put them in

165

00:06:25,270 --> 00:06:23,280

the chat there we'll get to them later

166

00:06:26,629 --> 00:06:25,280

in the show

167

00:06:28,309 --> 00:06:26,639

i'm going to meet christopher plane and

168

00:06:30,629 --> 00:06:28,319

i'm going to bop him on the nose for

169

00:06:31,990 --> 00:06:30,639

some things he said about me before

170

00:06:33,830 --> 00:06:32,000

no

171

00:06:35,909 --> 00:06:33,840

i've actually chris and i have hung out

172

00:06:38,550 --> 00:06:35,919

together too and uh

173

00:06:40,950 --> 00:06:38,560

chris is in uh in california so the

174

00:06:43,430 --> 00:06:40,960

first time i met chris i was like you

175

00:06:45,029 --> 00:06:43,440

are exactly the person that i would

176

00:06:47,110 --> 00:06:45,039

imagine on social media and then i've

177

00:06:49,110 --> 00:06:47,120

met through the debrief and it was yeah

178

00:06:51,589 --> 00:06:49,120

he's a special character he knows that

179

00:06:54,070 --> 00:06:51,599

yeah he's again he's a good guy yeah he

180

00:06:55,749 --> 00:06:54,080

really is i love him so is space

181

00:06:57,670 --> 00:06:55,759

oddties thank you for the super chat

182

00:07:00,390 --> 00:06:57,680

there man good morning brother this is

183

00:07:02,309 --> 00:07:00,400

gary hello gary thank you my man thank

184

00:07:05,990 --> 00:07:02,319

you so much for the the super chat there

185

00:07:08,710 --> 00:07:06,000

we appreciate that um well let's i guess

186

00:07:11,749 --> 00:07:08,720

guys dive into some of the news um yeah

187

00:07:14,309 --> 00:07:11,759

and i use the term current a little uh

188

00:07:16,469 --> 00:07:14,319

a little liberally here um some of them

189

00:07:19,270 --> 00:07:16,479

are very current but i do want to talk

190

00:07:21,510 --> 00:07:19,280

about because he's been a busy guy i

191

00:07:23,270 --> 00:07:21,520

haven't been able to get him on the show

192

00:07:27,029 --> 00:07:23,280

but that's john greenwald over at the

193

00:07:30,230 --> 00:07:27,039

black vault and um he recently um

194

00:07:33,589 --> 00:07:30,240

somewhat recently was able to obtain

195

00:07:34,950 --> 00:07:33,599

parts of the classified uap report which

196

00:07:38,150 --> 00:07:34,960

was very

197

00:07:40,950 --> 00:07:38,160

exciting and um very telling when we

198

00:07:43,350 --> 00:07:40,960

actually saw the pages it was exactly

199

00:07:45,830 --> 00:07:43,360

like stanton friedman has always said in

200

00:07:47,430 --> 00:07:45,840

his lectures like it's redacted beyond

201  
00:07:50,070 --> 00:07:47,440  
comprehension and there are literally

202  
00:07:52,469 --> 00:07:50,080  
pages completely blacked out but there

203  
00:07:55,909 --> 00:07:52,479  
were some small gems in that classified

204  
00:07:57,830 --> 00:07:55,919  
report that john kind of dug up um so i

205  
00:07:59,510 --> 00:07:57,840  
want to get your guys thoughts on that

206  
00:08:01,830 --> 00:07:59,520  
but before we do that

207  
00:08:03,909 --> 00:08:01,840  
i do have a brief video that john

208  
00:08:05,749 --> 00:08:03,919  
actually did with the hill here in the

209  
00:08:07,110 --> 00:08:05,759  
united states about this so if you don't

210  
00:08:08,469 --> 00:08:07,120  
mind i'm going to play that and then

211  
00:08:10,950 --> 00:08:08,479  
we'll get your guys comments on the

212  
00:08:13,110 --> 00:08:10,960  
other side is that cool sounds good

213  
00:08:14,629 --> 00:08:13,120

awesome all right give me one sec here

214

00:08:16,390 --> 00:08:14,639

we go what's interesting is with the

215

00:08:18,070 --> 00:08:16,400

resources of the u.s military they

216

00:08:20,950 --> 00:08:18,080

couldn't they couldn't put them in those

217

00:08:23,189 --> 00:08:20,960

categories so you you you have those

218

00:08:26,469 --> 00:08:23,199

possible explanations but the military

219

00:08:30,869 --> 00:08:26,479

wasn't able to definitively say these

220

00:08:33,269 --> 00:08:30,879

fit into a classified platform or

221

00:08:35,350 --> 00:08:33,279

foreign adversary drone technology

222

00:08:37,670 --> 00:08:35,360

because you can admit that without

223

00:08:39,829 --> 00:08:37,680

blowing any classified secrets yet they

224

00:08:41,750 --> 00:08:39,839

weren't able to do it so it's a short

225

00:08:44,470 --> 00:08:41,760

list of what's left i mean the general

226

00:08:45,670 --> 00:08:44,480

public wants to know hey is this alien

227

00:08:47,990 --> 00:08:45,680

well of course you're not going to see

228

00:08:49,590 --> 00:08:48,000

that in the report nor do you uh but

229

00:08:51,350 --> 00:08:49,600

they didn't rule it out and they said

230

00:08:53,350 --> 00:08:51,360

that last year and this report

231

00:08:55,190 --> 00:08:53,360

solidifies that that you know that's

232

00:08:57,430 --> 00:08:55,200

that's on the short list of possible

233

00:08:59,829 --> 00:08:57,440

explanations in this document although

234

00:09:03,110 --> 00:08:59,839

discouraging that it is heavily redacted

235

00:09:06,150 --> 00:09:03,120

absolutely solidifies the secrecy around

236

00:09:08,550 --> 00:09:06,160

this phenomena whatever it is it likely

237

00:09:10,470 --> 00:09:08,560

has multiple explanations and ironically

238

00:09:13,110 --> 00:09:10,480

the report reflects that as well but it

239

00:09:15,110 --> 00:09:13,120

likely has multiple explanations but the

240

00:09:17,509 --> 00:09:15,120

bottom line is is is the military in the

241

00:09:19,030 --> 00:09:17,519

u.s government has a secret here and

242

00:09:20,790 --> 00:09:19,040

they don't want to tell the general

243

00:09:22,389 --> 00:09:20,800

public about it and you look at all

244

00:09:25,430 --> 00:09:22,399

these redactions and again although

245

00:09:28,389 --> 00:09:25,440

discouraging that in itself tells a

246

00:09:30,710 --> 00:09:28,399

story and when you really sit down and

247

00:09:32,790 --> 00:09:30,720

and digest the document

248

00:09:35,190 --> 00:09:32,800

some may theorize oh this is just about

249

00:09:37,990 --> 00:09:35,200

our classified system platforms that

250

00:09:40,310 --> 00:09:38,000

that detected whatever these craft are

251  
00:09:41,910 --> 00:09:40,320  
and you can see in certain areas yes

252  
00:09:44,150 --> 00:09:41,920  
that is likely the explanation for the

253  
00:09:46,150 --> 00:09:44,160  
redactions but when you really look at

254  
00:09:48,230 --> 00:09:46,160  
some of the other areas they don't want

255  
00:09:51,030 --> 00:09:48,240  
to tell you the capabilities of what

256  
00:09:54,790 --> 00:09:51,040  
they these uap are these mysterious

257  
00:09:56,790 --> 00:09:54,800  
unknown craft and the explanation to to

258  
00:09:59,269 --> 00:09:56,800  
that would not be classified in my

259  
00:10:03,110 --> 00:09:59,279  
opinion uh we know our systems can

260  
00:10:05,190 --> 00:10:03,120  
detect speeds can detect altitudes uh so

261  
00:10:07,590 --> 00:10:05,200  
that's that's not classified they won't

262  
00:10:09,590 --> 00:10:07,600  
tell you where uaps are flying or how

263  
00:10:12,150 --> 00:10:09,600

fast i don't think that that should be

264

00:10:15,030 --> 00:10:12,160

classified yet it is another key section

265

00:10:17,590 --> 00:10:15,040

is what they look like uh they they they

266

00:10:20,630 --> 00:10:17,600

label it common shapes and then another

267

00:10:23,030 --> 00:10:20,640

area is uncommon shapes that's entirely

268

00:10:26,150 --> 00:10:23,040

redacted as well they won't even tell

269

00:10:28,150 --> 00:10:26,160

you the visual representation of what

270

00:10:29,910 --> 00:10:28,160

these craft look like so let's say we

271

00:10:32,230 --> 00:10:29,920

are dealing with a drone type of

272

00:10:34,790 --> 00:10:32,240

technology well there's only so many

273

00:10:36,870 --> 00:10:34,800

shapes a drone can be and is that in

274

00:10:39,030 --> 00:10:36,880

itself without any identifying

275

00:10:39,990 --> 00:10:39,040

information on a on a diagram or a

276

00:10:41,990 --> 00:10:40,000

picture

277

00:10:44,790 --> 00:10:42,000

without any identifying information is

278

00:10:47,509 --> 00:10:44,800

that classified my answer would be no

279

00:10:50,550 --> 00:10:47,519

yet they won't tell you a single

280

00:10:53,350 --> 00:10:50,560

visual observation on what shape these

281

00:10:58,710 --> 00:10:53,360

are so again it really solidifies the

282

00:11:02,949 --> 00:11:00,470

right so

283

00:11:04,550 --> 00:11:02,959

i mean i think the shape thing is what

284

00:11:07,190 --> 00:11:04,560

people were really

285

00:11:08,870 --> 00:11:07,200

kind of um theorizing over and whatnot

286

00:11:11,190 --> 00:11:08,880

out of this new

287

00:11:12,470 --> 00:11:11,200

highly redacted thing but um yeah what

288

00:11:14,870 --> 00:11:12,480

did you guys think what were your

289

00:11:17,110 --> 00:11:14,880

initial thoughts when john said guess

290

00:11:19,990 --> 00:11:17,120

what guys i've got the classified report

291

00:11:21,750 --> 00:11:20,000

um and then when we actually see it it's

292

00:11:23,829 --> 00:11:21,760

like oh okay

293

00:11:26,230 --> 00:11:23,839

like some people were again excited some

294

00:11:28,870 --> 00:11:26,240

were deflated um but welcome to the

295

00:11:30,230 --> 00:11:28,880

world of ufos so yeah yeah graham what

296

00:11:31,829 --> 00:11:30,240

did you think when you first saw that

297

00:11:33,590 --> 00:11:31,839

the classified report had been made

298

00:11:34,790 --> 00:11:33,600

public well i noticed it took nine

299

00:11:36,389 --> 00:11:34,800

months for the information to come

300

00:11:38,630 --> 00:11:36,399

through because john i believe had put

301  
00:11:40,630 --> 00:11:38,640  
the request through at the end of june

302  
00:11:43,110 --> 00:11:40,640  
the 28th of june last year so that was

303  
00:11:44,790 --> 00:11:43,120  
just after the after the initial report

304  
00:11:47,509 --> 00:11:44,800  
the preliminary report came out so he

305  
00:11:49,750 --> 00:11:47,519  
was quick off the mark with that um

306  
00:11:51,350 --> 00:11:49,760  
seeing the redactions that's no real

307  
00:11:53,110 --> 00:11:51,360  
surprise i think to people who have been

308  
00:11:55,269 --> 00:11:53,120  
in this game for a long time

309  
00:11:57,110 --> 00:11:55,279  
you know the information comes out in

310  
00:11:59,269 --> 00:11:57,120  
drips and drabs and you're lucky if you

311  
00:12:01,430 --> 00:11:59,279  
get just that kind of breadcrumb if you

312  
00:12:03,670 --> 00:12:01,440  
like you know there's that little extra

313  
00:12:04,949 --> 00:12:03,680

information that inches you towards

314

00:12:07,030 --> 00:12:04,959

where you want to be but you're not

315

00:12:08,389 --> 00:12:07,040

getting there still so

316

00:12:09,990 --> 00:12:08,399

it's interesting the amount of

317

00:12:12,150 --> 00:12:10,000

information has come up but yes i agree

318

00:12:13,509 --> 00:12:12,160

with john about what he said why can't

319

00:12:15,269 --> 00:12:13,519

the release information about the

320

00:12:17,750 --> 00:12:15,279

altitudes why can't they release

321

00:12:19,750 --> 00:12:17,760

information about the shapes why is that

322

00:12:22,389 --> 00:12:19,760

still considered secret

323

00:12:24,230 --> 00:12:22,399

that that's you know quite puzzling i

324

00:12:25,590 --> 00:12:24,240

get why they're saying that they still

325

00:12:27,190 --> 00:12:25,600

can't release the information about the

326

00:12:29,030 --> 00:12:27,200

sensor platforms they're using to

327

00:12:30,870 --> 00:12:29,040

determine you know the information that

328

00:12:33,430 --> 00:12:30,880

they've got in the report but the rest

329

00:12:34,790 --> 00:12:33,440

of it just seems a bit weird um

330

00:12:36,230 --> 00:12:34,800

you know maybe somebody who knows much

331

00:12:38,550 --> 00:12:36,240

more about this can explain it because

332

00:12:40,550 --> 00:12:38,560

i'm a bit of a loss to work out like

333

00:12:42,790 --> 00:12:40,560

here's why they're still keeping that

334

00:12:44,790 --> 00:12:42,800

information under wraps to say that you

335

00:12:45,990 --> 00:12:44,800

know they're seeing you ap from well you

336

00:12:48,069 --> 00:12:46,000

can fill in the blanks and you can try

337

00:12:49,350 --> 00:12:48,079

and work out what would be there and it

338

00:12:52,310 --> 00:12:49,360

looks from the altitudes that it could

339

00:12:53,829 --> 00:12:52,320

be as little as 100 feet up to several

340

00:12:55,829 --> 00:12:53,839

thousand you know tens of thousands of

341

00:12:57,750 --> 00:12:55,839

feet why aren't they

342

00:13:00,710 --> 00:12:57,760

why does that need to be secret still i

343

00:13:03,509 --> 00:13:00,720

i really don't understand

344

00:13:05,750 --> 00:13:03,519

right right and i i agree with you like

345

00:13:07,430 --> 00:13:05,760

there there are certain things that if

346

00:13:10,470 --> 00:13:07,440

they put it out there it could be very

347

00:13:13,030 --> 00:13:10,480

telling about um advanced aircraft of

348

00:13:14,870 --> 00:13:13,040

our own here in the united states and

349

00:13:16,710 --> 00:13:14,880

again the

350

00:13:18,069 --> 00:13:16,720

and this is what has always kind of hurt

351

00:13:21,670 --> 00:13:18,079

me and chrissy i love your thoughts on

352

00:13:24,310 --> 00:13:21,680

this too um ever since people like

353

00:13:26,230 --> 00:13:24,320

elizondo and even the new york times

354

00:13:28,710 --> 00:13:26,240

were saying these things like well it's

355

00:13:31,030 --> 00:13:28,720

definitely not russia or china the

356

00:13:35,990 --> 00:13:31,040

things that we're seeing i've always had

357

00:13:37,990 --> 00:13:36,000

a very hard time uh accepting that um

358

00:13:41,590 --> 00:13:38,000

i also have had a hard time accepting

359

00:13:43,350 --> 00:13:41,600

that it's not ours and a part of me

360

00:13:45,829 --> 00:13:43,360

wants to think the reason they're saying

361

00:13:48,069 --> 00:13:45,839

it's not russia it's not china it's also

362

00:13:50,470 --> 00:13:48,079

not ours in the united states that they

363

00:13:51,350 --> 00:13:50,480

want russia that they want china to

364

00:13:54,230 --> 00:13:51,360

think

365

00:13:56,069 --> 00:13:54,240

oh it's definitely the united states

366

00:13:59,110 --> 00:13:56,079

they're just not saying it is so we

367

00:14:00,949 --> 00:13:59,120

better be careful um what we do and you

368

00:14:03,509 --> 00:14:00,959

know where we poke and prod with these

369

00:14:05,590 --> 00:14:03,519

sorts of black budget things or

370

00:14:07,670 --> 00:14:05,600

surveillance drones or whatnot um again

371

00:14:10,230 --> 00:14:07,680

maybe i'm way off the mark on that but

372

00:14:11,509 --> 00:14:10,240

um i do think there is a

373

00:14:12,790 --> 00:14:11,519

very

374

00:14:14,829 --> 00:14:12,800

uh

375

00:14:17,910 --> 00:14:14,839

i don't even know how to put it a very

376

00:14:20,069 --> 00:14:17,920

um shadowy intelligence game going on

377

00:14:23,030 --> 00:14:20,079

here with with the way that the united

378

00:14:25,269 --> 00:14:23,040

states is portraying the ufo question in

379

00:14:27,670 --> 00:14:25,279

the media right now and how it goes to

380

00:14:29,509 --> 00:14:27,680

rival nations and whatnot so i don't

381

00:14:31,430 --> 00:14:29,519

know am i way off on this what do you

382

00:14:34,069 --> 00:14:31,440

guys think christine what do you think i

383

00:14:35,990 --> 00:14:34,079

agree with you i've had questions if

384

00:14:37,990 --> 00:14:36,000

you know we can't just believe that it's

385

00:14:39,670 --> 00:14:38,000

not foreign adversaries even though they

386

00:14:41,590 --> 00:14:39,680

keep telling us that they're not we've

387

00:14:43,350 --> 00:14:41,600

known disinformation campaigns

388

00:14:45,350 --> 00:14:43,360

misinformation campaigns all of it has

389

00:14:47,670 --> 00:14:45,360

happened for so long

390

00:14:50,150 --> 00:14:47,680

why can't this be part of that you know

391

00:14:52,069 --> 00:14:50,160

and i'm still mindful for it too and we

392

00:14:53,509 --> 00:14:52,079

just keep looking at chinese technology

393

00:14:56,069 --> 00:14:53,519

that keeps increasing which is

394

00:14:59,110 --> 00:14:56,079

unbelievable the drone supremacy

395

00:15:01,590 --> 00:14:59,120

everything so i i'm i'm still on the

396

00:15:04,710 --> 00:15:01,600

same same wavelength as you ryan i'm not

397

00:15:06,389 --> 00:15:04,720

100 sure that it's not ours uh and also

398

00:15:08,550 --> 00:15:06,399

why can't it be both you know that

399

00:15:10,710 --> 00:15:08,560

conversation isn't having had right now

400

00:15:12,550 --> 00:15:10,720

like why can't it be ufos and why can't

401  
00:15:14,629 --> 00:15:12,560  
it be foreign adversaries and then

402  
00:15:16,389 --> 00:15:14,639  
there'll be blurring of lines i can see

403  
00:15:19,269 --> 00:15:16,399  
that would make sense and when you're

404  
00:15:21,670 --> 00:15:19,279  
using media or you know the ufo

405  
00:15:23,670 --> 00:15:21,680  
community to help push information that

406  
00:15:24,949 --> 00:15:23,680  
might be that would be protecting let's

407  
00:15:27,030 --> 00:15:24,959  
say our own

408  
00:15:28,069 --> 00:15:27,040  
you know advanced technologies it it

409  
00:15:29,670 --> 00:15:28,079  
would make sense even though you know

410  
00:15:32,470 --> 00:15:29,680  
you can't do that

411  
00:15:34,629 --> 00:15:32,480  
but i wouldn't be surprised so i think

412  
00:15:36,230 --> 00:15:34,639  
we still have to be mindful and be

413  
00:15:38,150 --> 00:15:36,240

you know and keep looking to see if

414

00:15:39,990 --> 00:15:38,160

that's what the case is and you know who

415

00:15:42,230 --> 00:15:40,000

knows we might find out maybe 10 to 20

416

00:15:44,389 --> 00:15:42,240

years from down the road that maybe some

417

00:15:46,230 --> 00:15:44,399

of that was our technology or foreign

418

00:15:48,230 --> 00:15:46,240

adversaries we're in a very interesting

419

00:15:50,629 --> 00:15:48,240

time right now when it comes to yeah

420

00:15:53,269 --> 00:15:50,639

anything defense so yeah graham what do

421

00:15:54,949 --> 00:15:53,279

you think i i i think the um the us have

422

00:15:56,949 --> 00:15:54,959

a history of fielding advanced

423

00:15:59,110 --> 00:15:56,959

technology in in conflicts i mean

424

00:16:01,749 --> 00:15:59,120

certainly the stealth fighter was

425

00:16:04,710 --> 00:16:01,759

employed in panama in 1989 and then in

426

00:16:05,910 --> 00:16:04,720

the gulf war in 91 so it's not as if

427

00:16:08,870 --> 00:16:05,920

they you know they keep these things

428

00:16:11,030 --> 00:16:08,880

under wraps forever now i agree to some

429

00:16:12,949 --> 00:16:11,040

extent about you know possibly the us um

430

00:16:14,470 --> 00:16:12,959

intelligence and military communities

431

00:16:16,870 --> 00:16:14,480

keeping things under wraps for various

432

00:16:18,230 --> 00:16:16,880

reasons but also when you look at the

433

00:16:20,389 --> 00:16:18,240

russian drone technology that they're

434

00:16:21,829 --> 00:16:20,399

using in ukraine at the moment um and

435

00:16:23,990 --> 00:16:21,839

you look at some of the things on social

436

00:16:26,550 --> 00:16:24,000

media that the ukrainians have shot down

437

00:16:29,509 --> 00:16:26,560

um in fact today there was uh um some

438

00:16:31,350 --> 00:16:29,519

footage of a of an orlan 10 drone um

439

00:16:33,350 --> 00:16:31,360

that the ukrainians had shot down this

440

00:16:35,590 --> 00:16:33,360

is a russian um a reconnaissance

441

00:16:36,470 --> 00:16:35,600

platform it's effectively a controlled

442

00:16:38,150 --> 00:16:36,480

aircraft

443

00:16:39,350 --> 00:16:38,160

um and it's nothing sophisticated it's

444

00:16:41,269 --> 00:16:39,360

something that you know some hobbyists

445

00:16:43,990 --> 00:16:41,279

in america could build out of carbon

446

00:16:46,949 --> 00:16:44,000

fiber strip put a piston engine on it

447

00:16:47,749 --> 00:16:46,959

and it actually had a canon slr camera

448

00:16:49,749 --> 00:16:47,759

um

449

00:16:51,670 --> 00:16:49,759

with a fixed lens on it and that was

450

00:16:53,990 --> 00:16:51,680

it's basically that was its reconstance

451

00:16:55,990 --> 00:16:54,000

uh capability and it had a it had some

452

00:16:58,389 --> 00:16:56,000

gizmo in the back that it controlled the

453

00:17:01,189 --> 00:16:58,399

shutter mechanism and and the um and the

454

00:17:03,430 --> 00:17:01,199

video feed so it could be and then so it

455

00:17:05,189 --> 00:17:03,440

could be the information back or store

456

00:17:07,110 --> 00:17:05,199

it rather so when it was brought back to

457

00:17:09,510 --> 00:17:07,120

base it could download the information

458

00:17:11,590 --> 00:17:09,520

so it's fairly unsophisticated

459

00:17:13,429 --> 00:17:11,600

technology now you would expect that if

460

00:17:15,829 --> 00:17:13,439

they were trying to win a war they would

461

00:17:17,510 --> 00:17:15,839

feel some of their real latest kit to

462

00:17:18,789 --> 00:17:17,520

get the job done and yet they've got

463

00:17:20,390 --> 00:17:18,799

these kind of things that you know you

464

00:17:22,789 --> 00:17:20,400

can buy in a probably a hobby store

465

00:17:24,309 --> 00:17:22,799

which it seems very very strange um

466

00:17:25,829 --> 00:17:24,319

they've got one called the orlan 30

467

00:17:27,909 --> 00:17:25,839

which is actually twice as heavy it goes

468

00:17:30,630 --> 00:17:27,919

further it's got a 16 hour

469

00:17:31,909 --> 00:17:30,640

endurance i think um it's a bit more com

470

00:17:33,110 --> 00:17:31,919

it's a bit more complicated but

471

00:17:35,430 --> 00:17:33,120

effectively it's still a radio

472

00:17:37,190 --> 00:17:35,440

controlled airplane now they're not

473

00:17:39,830 --> 00:17:37,200

going to be the kind of things that have

474

00:17:41,909 --> 00:17:39,840

you know have been reported in these uap

475

00:17:43,430 --> 00:17:41,919

incidents that the u.s navy been mobbed

476

00:17:44,870 --> 00:17:43,440

by these drones

477

00:17:47,430 --> 00:17:44,880

but there might be something else along

478

00:17:49,510 --> 00:17:47,440

the you know along the the pipeline that

479

00:17:51,350 --> 00:17:49,520

they've come up with but from that

480

00:17:53,990 --> 00:17:51,360

technology i can't see how they've left

481

00:17:55,909 --> 00:17:54,000

to something like that the chinese okay

482

00:17:57,510 --> 00:17:55,919

that's a different story because yes

483

00:17:59,830 --> 00:17:57,520

chris is right you know they've come up

484

00:18:01,590 --> 00:17:59,840

with this amazing technology over the

485

00:18:03,909 --> 00:18:01,600

years but i'm not entirely sure they're

486

00:18:05,510 --> 00:18:03,919

there yet with that either um they can

487

00:18:07,350 --> 00:18:05,520

do i think some of the things that the

488

00:18:09,110 --> 00:18:07,360

drone that they've been reported so

489

00:18:10,630 --> 00:18:09,120

you've got your high speed you've got

490

00:18:12,789 --> 00:18:10,640

lightering you've got this kind of

491

00:18:14,789 --> 00:18:12,799

swarming technology but putting all that

492

00:18:16,390 --> 00:18:14,799

together in one platform

493

00:18:18,150 --> 00:18:16,400

i think that might be

494

00:18:19,830 --> 00:18:18,160

where the kind of you know

495

00:18:21,350 --> 00:18:19,840

that might be where people fall down in

496

00:18:24,070 --> 00:18:21,360

terms of being able to integrate all

497

00:18:25,350 --> 00:18:24,080

this technology into one package to get

498

00:18:27,669 --> 00:18:25,360

it to do everything that's being

499

00:18:29,830 --> 00:18:27,679

reported and i think that might be a

500

00:18:31,909 --> 00:18:29,840

little bit too far for even the best

501  
00:18:34,470 --> 00:18:31,919  
kind of technology at the moment right

502  
00:18:35,510 --> 00:18:34,480  
across the world america included

503  
00:18:40,390 --> 00:18:35,520  
yeah

504  
00:18:42,230 --> 00:18:40,400  
mentioned before about you know these

505  
00:18:44,950 --> 00:18:42,240  
things eventually come out and yes

506  
00:18:47,190 --> 00:18:44,960  
stealth did come out about 15 years

507  
00:18:49,990 --> 00:18:47,200  
after the first half blue prototypes in

508  
00:18:52,150 --> 00:18:50,000  
1975 uh and then senior trend which

509  
00:18:54,870 --> 00:18:52,160  
actually was the f-107 and then it came

510  
00:18:57,350 --> 00:18:54,880  
out in 1988 i think that they brought it

511  
00:18:58,950 --> 00:18:57,360  
out in publicly now things like the the

512  
00:19:01,669 --> 00:18:58,960  
calvin object which we'll talk about

513  
00:19:04,070 --> 00:19:01,679

which probably was us tech and certainly

514

00:19:06,789 --> 00:19:04,080

astra the av-6 that crashed the box

515

00:19:08,470 --> 00:19:06,799

boscom down in 1994 those things have

516

00:19:10,390 --> 00:19:08,480

never been unveiled

517

00:19:12,710 --> 00:19:10,400

so you know and this is what 30 odd

518

00:19:13,909 --> 00:19:12,720

years later so why

519

00:19:16,950 --> 00:19:13,919

are they keeping those things under

520

00:19:19,190 --> 00:19:16,960

wraps um so you know yes okay at one

521

00:19:21,190 --> 00:19:19,200

time there were unveiling these things

522

00:19:23,510 --> 00:19:21,200

some years later but it seems that

523

00:19:25,590 --> 00:19:23,520

stopped and why is that why has that

524

00:19:27,669 --> 00:19:25,600

happened and are we going to see you

525

00:19:29,750 --> 00:19:27,679

know these revelations in future are the

526

00:19:31,110 --> 00:19:29,760

u.s uh military going to come out and

527

00:19:33,029 --> 00:19:31,120

say yeah we've had this thing under

528

00:19:34,470 --> 00:19:33,039

wraps for years and now you can know

529

00:19:37,029 --> 00:19:34,480

about it but that doesn't seem to happen

530

00:19:39,190 --> 00:19:37,039

anymore and why is that

531

00:19:40,470 --> 00:19:39,200

right especially with the

532

00:19:42,710 --> 00:19:40,480

severe

533

00:19:45,029 --> 00:19:42,720

over classification problem here in the

534

00:19:47,669 --> 00:19:45,039

united states too like it's so

535

00:19:51,510 --> 00:19:47,679

frustrating that we're learning now that

536

00:19:52,950 --> 00:19:51,520

this new pentagon group or program or

537

00:19:56,470 --> 00:19:52,960

merge

538

00:19:57,909 --> 00:19:56,480

chimeras of different uh ufo programs

539

00:19:59,270 --> 00:19:57,919

within the government here in the united

540

00:20:00,789 --> 00:19:59,280

states that

541

00:20:03,029 --> 00:20:00,799

they're basically saying a hundred

542

00:20:06,149 --> 00:20:03,039

percent of this stuff is going to be

543

00:20:08,310 --> 00:20:06,159

classified which is so like

544

00:20:10,630 --> 00:20:08,320

disheartening knowing that we've come

545

00:20:14,710 --> 00:20:10,640

this far we've fought this fight and

546

00:20:16,230 --> 00:20:14,720

once again um our good friend susan goff

547

00:20:19,110 --> 00:20:16,240

is going to be getting

548

00:20:21,350 --> 00:20:19,120

all the ufo stuff and going to be in

549

00:20:23,830 --> 00:20:21,360

charge of everything that gets released

550

00:20:26,230 --> 00:20:23,840

to the public for media purposes and and

551

00:20:28,789 --> 00:20:26,240

whatnot and yeah it it's it's

552

00:20:30,549 --> 00:20:28,799

frustrating graham it really is um

553

00:20:32,870 --> 00:20:30,559

chrissy how we doing can you hear me

554

00:20:34,230 --> 00:20:32,880

good yeah my i keep losing that's why i

555

00:20:37,190 --> 00:20:34,240

had to put my different headsets oh no

556

00:20:39,750 --> 00:20:37,200

worries i can hear you guys i can't hear

557

00:20:41,190 --> 00:20:39,760

you at one point so anyway no worries

558

00:20:44,710 --> 00:20:41,200

that's live streaming

559

00:20:48,789 --> 00:20:45,590

um

560

00:20:51,669 --> 00:20:48,799

well you know in terms of i guess

561

00:20:53,750 --> 00:20:51,679

releasing or whatnot let's get to this

562

00:20:56,070 --> 00:20:53,760

other big story that broke recently and

563

00:20:57,430 --> 00:20:56,080

has kind of garnered a lot of really

564

00:21:00,549 --> 00:20:57,440

sensational

565

00:21:02,470 --> 00:21:00,559

headlines and that was um from the sun

566

00:21:04,710 --> 00:21:02,480

and i can't believe i'm saying that like

567

00:21:07,350 --> 00:21:04,720

we're going by a breaking story from the

568

00:21:10,870 --> 00:21:07,360

sun but we are that's where we're at in

569

00:21:13,350 --> 00:21:10,880

2022. um but this headline was 1500

570

00:21:17,270 --> 00:21:13,360

pages released um

571

00:21:18,789 --> 00:21:17,280

on uap related to brain damage burns and

572

00:21:20,950 --> 00:21:18,799

unaccounted for

573

00:21:21,909 --> 00:21:20,960

pregnancies

574

00:21:24,390 --> 00:21:21,919

um

575

00:21:26,710 --> 00:21:24,400

okay so that's where we're at now when

576

00:21:29,029 --> 00:21:26,720

it comes to mainstream media coverage of

577

00:21:31,350 --> 00:21:29,039

the uap topic i'm going to read a brief

578

00:21:33,430 --> 00:21:31,360

paragraph here the pentagon documents

579

00:21:35,909 --> 00:21:33,440

state that people who observed

580

00:21:37,909 --> 00:21:35,919

ufos frequently displayed a cluster of

581

00:21:39,669 --> 00:21:37,919

similar physical symptoms injuries

582

00:21:42,789 --> 00:21:39,679

consistent with exposure to

583

00:21:45,669 --> 00:21:42,799

electromagnetic radiation such as burns

584

00:21:47,190 --> 00:21:45,679

heart ailments and sleep disturbances a

585

00:21:49,110 --> 00:21:47,200

report speculates that these could be

586

00:21:51,350 --> 00:21:49,120

caused by energy related propulsion

587

00:21:53,110 --> 00:21:51,360

systems and warns that the underlying

588

00:21:55,750 --> 00:21:53,120

technology could pose a threat to the

589

00:21:58,149 --> 00:21:55,760

united states interests

590

00:21:59,990 --> 00:21:58,159

let's see here additionally in cases

591

00:22:02,310 --> 00:22:00,000

that would not seem out of place in an

592

00:22:05,110 --> 00:22:02,320

x-files episode there were accounts of

593

00:22:07,750 --> 00:22:05,120

apparent abduction and unaccounted for

594

00:22:08,710 --> 00:22:07,760

pregnancies

595

00:22:11,830 --> 00:22:08,720

okay

596

00:22:14,710 --> 00:22:11,840

so you know we've we've heard these

597

00:22:16,950 --> 00:22:14,720

stories from gary nolan recently um with

598

00:22:19,029 --> 00:22:16,960

vice and whatnot about um

599

00:22:20,870 --> 00:22:19,039

you know the sort of connections and

600

00:22:23,909 --> 00:22:20,880

comparisons that could be made between

601  
00:22:27,830 --> 00:22:23,919  
ufo witnesses and and stuff like that um

602  
00:22:29,750 --> 00:22:27,840  
both physically and psychologically too

603  
00:22:32,789 --> 00:22:29,760  
but um what do you guys think of this

604  
00:22:34,149 --> 00:22:32,799  
1500 page release that i the sun i

605  
00:22:35,830 --> 00:22:34,159  
believe they said they've been working

606  
00:22:37,270 --> 00:22:35,840  
on for almost four

607  
00:22:39,590 --> 00:22:37,280  
years now

608  
00:22:41,590 --> 00:22:39,600  
am i correct in that yeah they fought

609  
00:22:43,990 --> 00:22:41,600  
their the other foia request

610  
00:22:45,590 --> 00:22:44,000  
the question i have on a on a pr exactly

611  
00:22:48,310 --> 00:22:45,600  
like when i first read that when that

612  
00:22:51,270 --> 00:22:48,320  
came out i went hold on so we look at

613  
00:22:53,350 --> 00:22:51,280

like susan goff and everyone else

614

00:22:54,950 --> 00:22:53,360

i would like to know obviously her

615

00:22:57,830 --> 00:22:54,960

thoughts which we'll never know her

616

00:22:59,990 --> 00:22:57,840

exact opinions on that but when you're

617

00:23:01,750 --> 00:23:00,000

leaking something to the sun or you're

618

00:23:03,350 --> 00:23:01,760

sending out of a foil request to the sun

619

00:23:04,950 --> 00:23:03,360

why not there have been other people

620

00:23:06,390 --> 00:23:04,960

that have probably submitted this i

621

00:23:08,549 --> 00:23:06,400

would imagine

622

00:23:09,510 --> 00:23:08,559

so my question is why the sun

623

00:23:10,630 --> 00:23:09,520

um

624

00:23:12,310 --> 00:23:10,640

and

625

00:23:14,230 --> 00:23:12,320

why wasn't there any a larger statement

626

00:23:16,470 --> 00:23:14,240

around that like

627

00:23:17,990 --> 00:23:16,480

it seems very weird to me why release to

628

00:23:22,549 --> 00:23:18,000

a tabloid

629

00:23:25,430 --> 00:23:22,559

when if these stories are that important

630

00:23:26,310 --> 00:23:25,440

why wouldn't another statement follow it

631

00:23:29,990 --> 00:23:26,320

so

632

00:23:31,669 --> 00:23:30,000

been tons of burns and and things that

633

00:23:34,310 --> 00:23:31,679

have happened to people

634

00:23:37,029 --> 00:23:34,320

over the years with ufo connections and

635

00:23:39,270 --> 00:23:37,039

we know that that is we know that that

636

00:23:41,029 --> 00:23:39,280

that's happened and it's in multiple

637

00:23:43,350 --> 00:23:41,039

stories that are connected with ufos and

638

00:23:45,269 --> 00:23:43,360

experiencers but the question is why

639

00:23:46,230 --> 00:23:45,279

just release this like this to the sun

640

00:23:48,870 --> 00:23:46,240

and then just not have another

641

00:23:51,110 --> 00:23:48,880

co-statement to go along with it i just

642

00:23:52,870 --> 00:23:51,120

there there's a lot of like hmm this

643

00:23:55,350 --> 00:23:52,880

doesn't make sense and i would imagine

644

00:23:57,110 --> 00:23:55,360

that susan goff knows what she's doing

645

00:23:58,950 --> 00:23:57,120

there she knew she knows it's going out

646

00:24:01,510 --> 00:23:58,960

that's her job is to watch everything

647

00:24:03,590 --> 00:24:01,520

that we're doing right now so

648

00:24:05,350 --> 00:24:03,600

there's there's a lot of um

649

00:24:06,549 --> 00:24:05,360

i don't know it doesn't mean i it

650

00:24:08,870 --> 00:24:06,559

doesn't mean that some of these things

651  
00:24:10,710 --> 00:24:08,880  
aren't true it's just the dissemination

652  
00:24:12,870 --> 00:24:10,720  
of information is just very weird in my

653  
00:24:14,470 --> 00:24:12,880  
mind yeah is it interesting there's an

654  
00:24:17,029 --> 00:24:14,480  
interesting reason for that and that

655  
00:24:19,110 --> 00:24:17,039  
would be credibility so if you if you

656  
00:24:21,990 --> 00:24:19,120  
release uh information on that line to a

657  
00:24:23,909 --> 00:24:22,000  
tabloid then it's a case of well it's a

658  
00:24:26,470 --> 00:24:23,919  
tabloid isn't it it's not a it's not a

659  
00:24:28,310 --> 00:24:26,480  
broad sheet it's not a well respected

660  
00:24:30,950 --> 00:24:28,320  
organ or as respected as it maybe should

661  
00:24:33,590 --> 00:24:30,960  
be and the sun the mirror of the star in

662  
00:24:35,190 --> 00:24:33,600  
in in england in britain rather you know

663  
00:24:36,470 --> 00:24:35,200

that they're considered laughing stocks

664

00:24:38,149 --> 00:24:36,480

occasionally for the kind of stories

665

00:24:40,870 --> 00:24:38,159

that they they produce

666

00:24:42,149 --> 00:24:40,880

the star especially so you know if you

667

00:24:45,029 --> 00:24:42,159

give them to if you give them to the

668

00:24:47,029 --> 00:24:45,039

times or the telegraph or um your paper

669

00:24:48,950 --> 00:24:47,039

or the guardian in the uk then that

670

00:24:50,870 --> 00:24:48,960

would be different but that's not where

671

00:24:53,510 --> 00:24:50,880

it goes and it went to the sun the

672

00:24:56,149 --> 00:24:53,520

presumably the us version the sun or the

673

00:24:57,590 --> 00:24:56,159

uk version and well that destroys the

674

00:24:59,669 --> 00:24:57,600

credibility straight away because of the

675

00:25:01,110 --> 00:24:59,679

way they'll treat the story i'm not

676

00:25:02,950 --> 00:25:01,120

saying that the journalists at the sun

677

00:25:04,710 --> 00:25:02,960

are are no good they're that they're

678

00:25:07,269 --> 00:25:04,720

fine and in the times of reporting they

679

00:25:08,630 --> 00:25:07,279

do but it's not the same as giving it to

680

00:25:11,830 --> 00:25:08,640

say the bbc

681

00:25:12,710 --> 00:25:11,840

to to run with the story you know so

682

00:25:14,390 --> 00:25:12,720

it's

683

00:25:16,149 --> 00:25:14,400

they're not being you know they're not

684

00:25:18,230 --> 00:25:16,159

being untruthful in giving the

685

00:25:20,390 --> 00:25:18,240

information to them and the sun aren't

686

00:25:22,070 --> 00:25:20,400

being untruthful in reporting it it's

687

00:25:24,950 --> 00:25:22,080

just that the kind of that credibility

688

00:25:27,909 --> 00:25:24,960

level is not as high as it would be if a

689

00:25:30,149 --> 00:25:27,919

much more respected publication or

690

00:25:31,590 --> 00:25:30,159

television you know sort of um

691

00:25:34,070 --> 00:25:31,600

kind of you know the the

692

00:25:35,190 --> 00:25:34,080

fox bbc got a hold of it and said you

693

00:25:38,470 --> 00:25:35,200

know here we're going to run with this

694

00:25:40,870 --> 00:25:38,480

story um but yes chrissy you're right

695

00:25:42,630 --> 00:25:40,880

you know there have been stories of um

696

00:25:44,870 --> 00:25:42,640

you know effects so you've got the

697

00:25:47,750 --> 00:25:44,880

falcon lake incident was that 67 in

698

00:25:49,590 --> 00:25:47,760

canada um where the the the guy had um

699

00:25:51,190 --> 00:25:49,600

that kind of grid mark of burns on his

700

00:25:52,870 --> 00:25:51,200

body because he'd been hit by the

701  
00:25:55,190 --> 00:25:52,880  
exhaust from a craft when it was taking

702  
00:25:56,950 --> 00:25:55,200  
off so and that was a famous story

703  
00:26:00,390 --> 00:25:56,960  
they're the cash landrum incident from

704  
00:26:03,430 --> 00:26:00,400  
1980 um one of them or they had burns

705  
00:26:05,190 --> 00:26:03,440  
which were reminiscent of radiation yes

706  
00:26:07,510 --> 00:26:05,200  
without the kind of death effects if you

707  
00:26:10,390 --> 00:26:07,520  
like um so yeah you've got cases or and

708  
00:26:12,950 --> 00:26:10,400  
i've got a case in my book from 1945

709  
00:26:14,950 --> 00:26:12,960  
of obama crew who not only was there an

710  
00:26:17,190 --> 00:26:14,960  
electrical electromagnetic possible

711  
00:26:19,830 --> 00:26:17,200  
effect on the aircraft

712  
00:26:22,149 --> 00:26:19,840  
mechanics but also the actual the crew

713  
00:26:24,230 --> 00:26:22,159

had effects themselves so you've got a

714

00:26:26,230 --> 00:26:24,240

two-sided thing there so yeah there are

715

00:26:28,470 --> 00:26:26,240

stories um you know from right

716

00:26:31,669 --> 00:26:28,480

throughout the kind of history of ufos

717

00:26:34,070 --> 00:26:31,679

about effects on not just machinery cars

718

00:26:35,669 --> 00:26:34,080

etc but also on people

719

00:26:37,430 --> 00:26:35,679

yeah and i also think that if anybody

720

00:26:39,029 --> 00:26:37,440

who's experienced this and has you know

721

00:26:40,630 --> 00:26:39,039

any type of effect that's happened to

722

00:26:43,029 --> 00:26:40,640

them you know a mark on their body or

723

00:26:45,029 --> 00:26:43,039

any like anything physical when you see

724

00:26:47,110 --> 00:26:45,039

that story released from

725

00:26:49,029 --> 00:26:47,120

from the sun and then comes out you're

726  
00:26:50,390 --> 00:26:49,039  
probably shaking your head going you

727  
00:26:52,549 --> 00:26:50,400  
know they're discrediting it like you

728  
00:26:54,630 --> 00:26:52,559  
said and and that's unfortunate on that

729  
00:26:55,990 --> 00:26:54,640  
on its own as well because

730  
00:26:57,590 --> 00:26:56,000  
you know even when the sun picks it up

731  
00:26:59,350 --> 00:26:57,600  
we still have live science and a lot of

732  
00:27:01,430 --> 00:26:59,360  
other mainstream media

733  
00:27:02,870 --> 00:27:01,440  
take the story and run with it too so it

734  
00:27:04,950 --> 00:27:02,880  
doesn't mean that it's not going to go

735  
00:27:06,390 --> 00:27:04,960  
into the mainstream but i'm curious if

736  
00:27:09,830 --> 00:27:06,400  
even the new york times would run a

737  
00:27:11,350 --> 00:27:09,840  
story like this like you know you need

738  
00:27:12,950 --> 00:27:11,360

a lot of back information and it would

739

00:27:15,029 --> 00:27:12,960

love to like have ralph blumenthal or

740

00:27:16,390 --> 00:27:15,039

leslie on this to to speak to that too

741

00:27:17,510 --> 00:27:16,400

it'd be really interesting to see their

742

00:27:19,029 --> 00:27:17,520

perspective

743

00:27:21,269 --> 00:27:19,039

if that if that was leaked to them

744

00:27:22,789 --> 00:27:21,279

through a foyer um that

745

00:27:24,070 --> 00:27:22,799

the times would even would they even

746

00:27:26,310 --> 00:27:24,080

acknowledge it because sometimes they

747

00:27:28,310 --> 00:27:26,320

don't pick up other stories from

748

00:27:30,070 --> 00:27:28,320

individual like from ralph or leslie

749

00:27:32,310 --> 00:27:30,080

right so i'm curious to see if they

750

00:27:34,710 --> 00:27:32,320

would even consider it yeah or the bbc

751  
00:27:36,789 --> 00:27:34,720  
would yeah yeah and you know with the

752  
00:27:39,750 --> 00:27:36,799  
new york times ralph and leslie both

753  
00:27:42,789 --> 00:27:39,760  
said like how long it took uh to

754  
00:27:44,950 --> 00:27:42,799  
um source everything and vet everything

755  
00:27:47,350 --> 00:27:44,960  
just to get that first article out and

756  
00:27:49,350 --> 00:27:47,360  
then you're right the times wouldn't run

757  
00:27:51,430 --> 00:27:49,360  
um subsequent articles that they had

758  
00:27:53,190 --> 00:27:51,440  
written because they couldn't back it up

759  
00:27:54,950 --> 00:27:53,200  
because they didn't have it um you know

760  
00:27:56,950 --> 00:27:54,960  
what i find interesting too with this

761  
00:27:58,149 --> 00:27:56,960  
this story is um

762  
00:28:02,789 --> 00:27:58,159  
kind of the

763  
00:28:05,029 --> 00:28:02,799

feedback loop i call it phenomenon of um

764

00:28:07,190 --> 00:28:05,039

people like elizondo have gone on record

765

00:28:10,789 --> 00:28:07,200

saying you know where we got a lot of

766

00:28:12,630 --> 00:28:10,799

our information about ufos is from you

767

00:28:15,350 --> 00:28:12,640

guys from

768

00:28:18,789 --> 00:28:15,360

ufologists from the many books written

769

00:28:21,029 --> 00:28:18,799

from mufon case files and like you guys

770

00:28:23,430 --> 00:28:21,039

did the heavy lifting and a lot of the

771

00:28:26,149 --> 00:28:23,440

stuff we looked at we pulled from that

772

00:28:27,590 --> 00:28:26,159

research from those articles from those

773

00:28:29,830 --> 00:28:27,600

books blah blah blah

774

00:28:32,310 --> 00:28:29,840

to try to find answers and see what you

775

00:28:33,909 --> 00:28:32,320

guys came up with um so i find that

776

00:28:36,789 --> 00:28:33,919

really interesting is that what we're

777

00:28:39,190 --> 00:28:36,799

seeing with this 1500 page thing where

778

00:28:41,110 --> 00:28:39,200

did these pages come from what are the

779

00:28:44,149 --> 00:28:41,120

sources for them and i've seen people

780

00:28:46,470 --> 00:28:44,159

say a lot of it came from past mufon

781

00:28:49,190 --> 00:28:46,480

investigations and whatnot so there you

782

00:28:51,830 --> 00:28:49,200

go um you know it's not so much these

783

00:28:53,510 --> 00:28:51,840

are government files on ufos but they're

784

00:28:56,389 --> 00:28:53,520

merely

785

00:28:59,110 --> 00:28:56,399

case files for mufon from nycap from new

786

00:29:01,029 --> 00:28:59,120

fork from qfos from blah blah blah blah

787

00:29:03,029 --> 00:29:01,039

blah every sort of organization you can

788

00:29:04,870 --> 00:29:03,039

think of that they've kind of compiled

789

00:29:05,990 --> 00:29:04,880

and said look here's some files give

790

00:29:08,310 --> 00:29:06,000

them to the public because they're

791

00:29:10,070 --> 00:29:08,320

already out there anyways um

792

00:29:12,149 --> 00:29:10,080

so i it's kind of again this like

793

00:29:14,070 --> 00:29:12,159

constant feedback loop of where we're

794

00:29:17,029 --> 00:29:14,080

reading and hearing the same stories

795

00:29:19,430 --> 00:29:17,039

over and over uh because these have been

796

00:29:21,430 --> 00:29:19,440

made public these are declassified these

797

00:29:24,070 --> 00:29:21,440

are stories of people saying they were

798

00:29:26,870 --> 00:29:24,080

kidnapped by aliens and impregnated by

799

00:29:29,430 --> 00:29:26,880

aliens or you know had strange psychic

800

00:29:30,950 --> 00:29:29,440

abilities after they saw a ufo

801

00:29:33,029 --> 00:29:30,960

it's not so much the government

802

00:29:35,750 --> 00:29:33,039

investigated that it's just that they

803

00:29:38,310 --> 00:29:35,760

said oh cool let's put that in the file

804

00:29:40,470 --> 00:29:38,320

and release it to the sun i i don't know

805

00:29:42,389 --> 00:29:40,480

yeah but i think we'd even see

806

00:29:43,669 --> 00:29:42,399

i would say 20 years ago when a tablet

807

00:29:45,190 --> 00:29:43,679

released that you know they would just

808

00:29:46,470 --> 00:29:45,200

stay like the inquirer would release

809

00:29:48,310 --> 00:29:46,480

something and then it would just stay in

810

00:29:49,990 --> 00:29:48,320

the inquirer right

811

00:29:52,310 --> 00:29:50,000

but mainstream would never pick it up so

812

00:29:54,549 --> 00:29:52,320

this is the first time we're ever seeing

813

00:29:57,909 --> 00:29:54,559

that mainstream is looking at a tabloid

814

00:30:00,310 --> 00:29:57,919

and running their story too like that

815

00:30:02,549 --> 00:30:00,320

like what kind of media world do we live

816

00:30:05,110 --> 00:30:02,559

in now and

817

00:30:09,590 --> 00:30:07,510

the evolution is very interesting so if

818

00:30:10,630 --> 00:30:09,600

the sun has this what else is the sun

819

00:30:12,310 --> 00:30:10,640

going to come out with if they have

820

00:30:13,750 --> 00:30:12,320

other floyd crests that imagine and what

821

00:30:16,149 --> 00:30:13,760

is the government going to give them

822

00:30:19,830 --> 00:30:16,159

yeah right and what what if they are the

823

00:30:21,430 --> 00:30:19,840

ones to break some huge mega ultra story

824

00:30:24,070 --> 00:30:21,440

like are we to

825

00:30:25,430 --> 00:30:24,080

believe it then and is that the plan to

826

00:30:27,669 --> 00:30:25,440

release it through something like that

827

00:30:29,269 --> 00:30:27,679

or the national enquirer here in the

828

00:30:31,510 --> 00:30:29,279

united states i don't know um

829

00:30:32,950 --> 00:30:31,520

christopher plane said did ryan's ufo

830

00:30:36,549 --> 00:30:32,960

sighting get him pregnant because that

831

00:30:40,389 --> 00:30:38,549

i'm sorry i have no comment on that

832

00:30:42,389 --> 00:30:40,399

chris our resident comedian at the

833

00:30:44,230 --> 00:30:42,399

debrief

834

00:30:46,710 --> 00:30:44,240

i have been having a lot of weird

835

00:30:48,789 --> 00:30:46,720

cravings lately of like ice cream and

836

00:30:50,950 --> 00:30:48,799

pickles so there might be something to

837

00:30:53,990 --> 00:30:50,960

that been a little moody but um i don't

838

00:30:55,990 --> 00:30:54,000

want to go too down the the sexist route

839

00:30:58,950 --> 00:30:56,000

there so i'm gonna stop talking about

840

00:31:01,350 --> 00:30:58,960

pregnancy um

841

00:31:04,310 --> 00:31:01,360

do you guys have anything else on this

842

00:31:06,470 --> 00:31:04,320

story before we move on to our third and

843

00:31:08,470 --> 00:31:06,480

possibly most ridiculous news story to

844

00:31:10,310 --> 00:31:08,480

come out

845

00:31:13,190 --> 00:31:10,320

no good let's see

846

00:31:14,789 --> 00:31:13,200

all right let's do it let's do it

847

00:31:18,389 --> 00:31:14,799

showtime

848

00:31:21,269 --> 00:31:18,399

encounters trademark lawsuit over ufo

849

00:31:24,230 --> 00:31:21,279

docu-series um so apparently i can't say

850

00:31:26,950 --> 00:31:24,240

ufo i'm about to get sued um by bill

851  
00:31:29,350 --> 00:31:26,960  
burns but yeah let's read this brief

852  
00:31:31,830 --> 00:31:29,360  
recap of this story ufo magazine is the

853  
00:31:33,750 --> 00:31:31,840  
owner of the trademark for entertainment

854  
00:31:36,070 --> 00:31:33,760  
in the nature of a television series and

855  
00:31:39,990 --> 00:31:36,080  
motion picture film series

856  
00:31:42,230 --> 00:31:40,000  
um let's see for the term ufo uh the

857  
00:31:44,470 --> 00:31:42,240  
trademark was registered in 2007 and

858  
00:31:46,630 --> 00:31:44,480  
renewed in 2017.

859  
00:31:48,789 --> 00:31:46,640  
ufo magazine argues that showtime's

860  
00:31:51,750 --> 00:31:48,799  
docu-series the one by j.j abrams for

861  
00:31:53,909 --> 00:31:51,760  
anyone who hasn't seen it yet um it

862  
00:31:57,190 --> 00:31:53,919  
devalues its plans to release an

863  
00:31:59,750 --> 00:31:57,200

identically titled movie or show as

864

00:32:02,789 --> 00:31:59,760

recently as september of 2020 ufo

865

00:32:04,870 --> 00:32:02,799

magazine is a sponsorship role um has a

866

00:32:07,190 --> 00:32:04,880

sponsorship role with the virtual

867

00:32:09,509 --> 00:32:07,200

international ufo congress

868

00:32:12,230 --> 00:32:09,519

sought collaborators for development of

869

00:32:15,590 --> 00:32:12,240

a movie um

870

00:32:17,990 --> 00:32:15,600

so yeah basically jj abrams and crew

871

00:32:19,509 --> 00:32:18,000

are being sued for calling their

872

00:32:22,549 --> 00:32:19,519

docu-series

873

00:32:24,630 --> 00:32:22,559

ufo um

874

00:32:26,470 --> 00:32:24,640

that's it that's the story what do you

875

00:32:28,549 --> 00:32:26,480

guys think about it i i can't believe

876

00:32:31,029 --> 00:32:28,559

we're having this conversation graham

877

00:32:32,950 --> 00:32:31,039

what do you think man it's bonkers that

878

00:32:36,230 --> 00:32:32,960

that's a good real fashion english word

879

00:32:37,750 --> 00:32:36,240

bonkers it's crazy so how the hell do

880

00:32:39,430 --> 00:32:37,760

you trademark

881

00:32:41,269 --> 00:32:39,440

uh you know

882

00:32:43,909 --> 00:32:41,279

letters that have been in useful what

883

00:32:45,750 --> 00:32:43,919

like 70 years 75 years how do you how do

884

00:32:47,350 --> 00:32:45,760

you manage that how do you turn by the

885

00:32:49,029 --> 00:32:47,360

u.s air force

886

00:32:50,389 --> 00:32:49,039

yeah it does have to persuade a judge or

887

00:32:51,509 --> 00:32:50,399

something to come and say yeah okay i

888

00:32:52,310 --> 00:32:51,519

agree with that how does how does it

889

00:32:53,669 --> 00:32:52,320

work

890

00:32:55,990 --> 00:32:53,679

um

891

00:32:58,310 --> 00:32:56,000

it's it's stupid does that mean now that

892

00:33:00,230 --> 00:32:58,320

someone i could now go out and trademark

893

00:33:01,750 --> 00:33:00,240

lol and then get a lot of people to pay

894

00:33:03,350 --> 00:33:01,760

me because they use it every day on

895

00:33:04,470 --> 00:33:03,360

their phone

896

00:33:06,710 --> 00:33:04,480

does that work

897

00:33:12,870 --> 00:33:06,720

because if not i'm gonna do it because

898

00:33:15,669 --> 00:33:14,470

he might i know he's working on it right

899

00:33:17,190 --> 00:33:15,679

now i was gonna say graham you gotta

900

00:33:19,990 --> 00:33:17,200

move to the u.s man because we are the

901  
00:33:22,549 --> 00:33:20,000  
most litigious place on the planet and

902  
00:33:24,549 --> 00:33:22,559  
look someone tried to trademark the term

903  
00:33:26,230 --> 00:33:24,559  
secret space program a few years back we

904  
00:33:28,470 --> 00:33:26,240  
won't say his name because we don't want

905  
00:33:31,509 --> 00:33:28,480  
to give him publicity um but i thought

906  
00:33:32,630 --> 00:33:31,519  
it was hilarious so i made like a parody

907  
00:33:35,110 --> 00:33:32,640  
commercial

908  
00:33:37,830 --> 00:33:35,120  
saying like hi i'm ryan sprague and i'm

909  
00:33:39,750 --> 00:33:37,840  
trademarking the term ufo so anytime you

910  
00:33:41,669 --> 00:33:39,760  
use it now and i put like the ching

911  
00:33:45,110 --> 00:33:41,679  
sound behind it making money every time

912  
00:33:47,750 --> 00:33:45,120  
anyone says ufo and i did this as a joke

913  
00:33:50,630 --> 00:33:47,760

and now here we are in 2022 and someone

914

00:33:54,230 --> 00:33:50,640

is suing someone for using the term ufo

915

00:33:55,909 --> 00:33:54,240

chrissy you are our resident pr person

916

00:33:58,310 --> 00:33:55,919

what do you make of all that like good

917

00:34:00,070 --> 00:33:58,320

for you for trademarking that and it is

918

00:34:03,110 --> 00:34:00,080

entertainment and you know the business

919

00:34:04,549 --> 00:34:03,120

so good for you for doing it but come on

920

00:34:06,870 --> 00:34:04,559

like you really think you're going to

921

00:34:10,149 --> 00:34:06,880

use it and i think that's

922

00:34:11,589 --> 00:34:10,159

he was he was waiting for this moment

923

00:34:13,190 --> 00:34:11,599

i think that's what was happening it was

924

00:34:14,710 --> 00:34:13,200

waiting it's like somebody for example

925

00:34:16,869 --> 00:34:14,720

when they have a song that comes out and

926

00:34:18,629 --> 00:34:16,879

they use a similar riff and then they

927

00:34:21,109 --> 00:34:18,639

they don't go and sue them right away

928

00:34:23,270 --> 00:34:21,119

they wait like 20 years for the money to

929

00:34:25,430 --> 00:34:23,280

build up and then they sue them because

930

00:34:27,109 --> 00:34:25,440

they know they're going to cash out um i

931

00:34:28,869 --> 00:34:27,119

think like tons of artists have gone

932

00:34:30,470 --> 00:34:28,879

through this but it's the same kind of

933

00:34:32,310 --> 00:34:30,480

idea i think they were just waiting on

934

00:34:33,990 --> 00:34:32,320

it but i also want to know if this

935

00:34:36,790 --> 00:34:34,000

documentary is going to come out so

936

00:34:38,790 --> 00:34:36,800

let's apparently if you are then what is

937

00:34:40,950 --> 00:34:38,800

this you know you've a you've leaked

938

00:34:42,310 --> 00:34:40,960

your new documentary apparently that's

939

00:34:43,589 --> 00:34:42,320

coming out or that you're going to be

940

00:34:45,829 --> 00:34:43,599

doing something that i think that's what

941

00:34:48,310 --> 00:34:45,839

he was saying correct ufo magazine's

942

00:34:50,069 --> 00:34:48,320

working on a dock and taking the name so

943

00:34:51,990 --> 00:34:50,079

okay well you leaked that that's not a

944

00:34:54,389 --> 00:34:52,000

good thing for pr you should have maybe

945

00:34:56,149 --> 00:34:54,399

this wasn't your plan for release

946

00:34:58,710 --> 00:34:56,159

because if you did you would speak more

947

00:35:00,710 --> 00:34:58,720

about your documentary and why it was in

948

00:35:01,829 --> 00:35:00,720

planning the one thing i will say for

949

00:35:04,310 --> 00:35:01,839

them though is that they gave them a

950

00:35:06,310 --> 00:35:04,320

couple chances to respond to j.j abrams

951  
00:35:07,910 --> 00:35:06,320  
team or sorry not jj abrams it was

952  
00:35:09,270 --> 00:35:07,920  
showtime didn't respond to it and

953  
00:35:10,950 --> 00:35:09,280  
ignored it so

954  
00:35:12,710 --> 00:35:10,960  
you know that's they could have made a

955  
00:35:14,630 --> 00:35:12,720  
statement or something else related to

956  
00:35:16,630 --> 00:35:14,640  
it but there's probably legal reasons

957  
00:35:17,910 --> 00:35:16,640  
why they didn't respond i would

958  
00:35:20,310 --> 00:35:17,920  
obviously imagine they know what they're

959  
00:35:23,589 --> 00:35:20,320  
doing but it is ridiculous like it's

960  
00:35:25,589 --> 00:35:23,599  
just it's it is in you know

961  
00:35:27,030 --> 00:35:25,599  
it's trash counting out of it it is

962  
00:35:28,870 --> 00:35:27,040  
paydirt they're just like that's what

963  
00:35:30,790 --> 00:35:28,880

eric do you really care about the topic

964

00:35:32,710 --> 00:35:30,800

you care about the money and that's or

965

00:35:34,710 --> 00:35:32,720

the money yeah and it's a domain

966

00:35:36,870 --> 00:35:34,720

squatter situation aaron says and that's

967

00:35:38,550 --> 00:35:36,880

true people will buy domains for

968

00:35:40,710 --> 00:35:38,560

websites that they know

969

00:35:43,750 --> 00:35:40,720

people will search for um just to make

970

00:35:45,829 --> 00:35:43,760

money and i understand like living we

971

00:35:49,589 --> 00:35:45,839

all live in not all of us but most of us

972

00:35:51,990 --> 00:35:49,599

live in a capitalistic society and um

973

00:35:55,030 --> 00:35:52,000

like if you can get ahead somehow you're

974

00:35:55,829 --> 00:35:55,040

gonna do it and i just i'm going through

975

00:35:58,710 --> 00:35:55,839

um

976

00:36:00,230 --> 00:35:58,720

right now the trademark experience with

977

00:36:02,390 --> 00:36:00,240

somewhere in the skies because i've been

978

00:36:04,069 --> 00:36:02,400

doing a show for almost two years and

979

00:36:06,790 --> 00:36:04,079

everyone was like that's trademarked

980

00:36:09,430 --> 00:36:06,800

right and i'm like yeah totally for sure

981

00:36:11,990 --> 00:36:09,440

yeah um so now anyone watching is gonna

982

00:36:13,990 --> 00:36:12,000

try to go beat me to it um i i should

983

00:36:16,069 --> 00:36:14,000

probably cut this from the the recorded

984

00:36:18,470 --> 00:36:16,079

version of the show um i'm thinking

985

00:36:20,310 --> 00:36:18,480

myself into a corner but i'm just being

986

00:36:21,750 --> 00:36:20,320

honest like i'm dealing with this this

987

00:36:23,910 --> 00:36:21,760

sort of thing right now with somewhere

988

00:36:26,950 --> 00:36:23,920

in the skies and it's true like you have

989

00:36:29,270 --> 00:36:26,960

to get a trademark for a certain um

990

00:36:31,109 --> 00:36:29,280

entertainment purpose or television

991

00:36:33,990 --> 00:36:31,119

chrissy you you and i know this very

992

00:36:36,550 --> 00:36:34,000

well like certain things are

993

00:36:39,510 --> 00:36:36,560

um you know we're legally bound to when

994

00:36:40,950 --> 00:36:39,520

it comes to television or um or this or

995

00:36:43,829 --> 00:36:40,960

that uh

996

00:36:47,109 --> 00:36:43,839

it it's just the way that it is um but

997

00:36:48,470 --> 00:36:47,119

it does make me truly wonder what uh ufo

998

00:36:50,870 --> 00:36:48,480

magazine or

999

00:36:53,190 --> 00:36:50,880

uh by proxy bill burns the owner of ufo

1000

00:36:55,589 --> 00:36:53,200

magazine uh what his end goal is with

1001

00:36:58,230 --> 00:36:55,599

this is it just for publicity is it for

1002

00:37:00,630 --> 00:36:58,240

the money or does he really think like

1003

00:37:02,950 --> 00:37:00,640

he owns the term ufo if that's the case

1004

00:37:05,910 --> 00:37:02,960

like the dudes lost it completely

1005

00:37:07,190 --> 00:37:05,920

completely yeah my thing is just and do

1006

00:37:08,870 --> 00:37:07,200

how much do you really care about the

1007

00:37:11,109 --> 00:37:08,880

topic then

1008

00:37:13,190 --> 00:37:11,119

that's just my you know my thing are you

1009

00:37:14,630 --> 00:37:13,200

here to just cash out and make pay dirt

1010

00:37:16,390 --> 00:37:14,640

make some money and then leave and

1011

00:37:18,069 --> 00:37:16,400

that's kind of what i'm seeing here and

1012

00:37:19,829 --> 00:37:18,079

to be honest as a pr person it's bad

1013

00:37:21,430 --> 00:37:19,839

publicity anyway you're gonna have a

1014

00:37:23,349 --> 00:37:21,440

film if anyone people might watch your

1015

00:37:25,190 --> 00:37:23,359

film after this but they're not maybe

1016

00:37:26,790 --> 00:37:25,200

not going to respect you as much and to

1017

00:37:29,190 --> 00:37:26,800

be honest if you're going to stay in a

1018

00:37:31,430 --> 00:37:29,200

community that is you know is worldly

1019

00:37:34,230 --> 00:37:31,440

and global around this topic then you

1020

00:37:35,829 --> 00:37:34,240

know i would and making money off people

1021

00:37:37,750 --> 00:37:35,839

they they actually might not consume

1022

00:37:39,190 --> 00:37:37,760

thinking that too i know i might not

1023

00:37:40,870 --> 00:37:39,200

watch it if i know that this person is

1024

00:37:42,550 --> 00:37:40,880

just trying to make money and that's it

1025

00:37:44,870 --> 00:37:42,560

like i think people are allowed to make

1026

00:37:46,470 --> 00:37:44,880

money obviously in the ufo community

1027

00:37:48,230 --> 00:37:46,480

because people do have to have a living

1028

00:37:51,589 --> 00:37:48,240

but i don't think that you should be

1029

00:37:53,589 --> 00:37:51,599

using words that everyone uses like ufo

1030

00:37:55,190 --> 00:37:53,599

you know or flying saucer you know like

1031

00:37:57,270 --> 00:37:55,200

you see kenneth arnold trying to you

1032

00:37:59,670 --> 00:37:57,280

know make it

1033

00:38:01,670 --> 00:37:59,680

make a you know trying to copyright that

1034

00:38:03,670 --> 00:38:01,680

so like it just i think it's kind of

1035

00:38:06,630 --> 00:38:03,680

ridiculous to be able to be honest as an

1036

00:38:09,829 --> 00:38:06,640

author i've used the word ufo ufos in my

1037

00:38:11,750 --> 00:38:09,839

book title and i may well use the term

1038

00:38:12,950 --> 00:38:11,760

flying saucer and another book i might

1039

00:38:14,630 --> 00:38:12,960

write in the future but that doesn't

1040

00:38:16,550 --> 00:38:14,640

mean to say i'm going to trademark it

1041

00:38:18,310 --> 00:38:16,560

and i wouldn't expect anybody to sue me

1042

00:38:20,390 --> 00:38:18,320

because i've used it because it's in

1043

00:38:22,630 --> 00:38:20,400

common usage um you know people use it

1044

00:38:23,910 --> 00:38:22,640

all the time in books and magazines and

1045

00:38:25,589 --> 00:38:23,920

websites and all the rest of it and i

1046

00:38:26,950 --> 00:38:25,599

can't see how you could but then again

1047

00:38:29,190 --> 00:38:26,960

that's a that's a british perspective

1048

00:38:32,870 --> 00:38:29,200

we're not as you know litigious as you

1049

00:38:35,510 --> 00:38:32,880

guys across there are so thank god

1050

00:38:38,710 --> 00:38:35,520

we have to tell him too

1051

00:38:40,390 --> 00:38:38,720

it's uap now i'm like come on we're

1052

00:38:41,990 --> 00:38:40,400

moving forward yeah he's probably going

1053

00:38:45,109 --> 00:38:42,000

to start trying to trademark that as

1054

00:38:45,910 --> 00:38:45,119

well right i know don't give him ideas

1055

00:38:50,069 --> 00:38:45,920

no

1056

00:38:52,870 --> 00:38:50,079

many ideas night gazers said be right

1057

00:38:54,710 --> 00:38:52,880

back trademarking aaron said i'm gonna

1058

00:38:57,349 --> 00:38:54,720

go register uap

1059

00:38:59,270 --> 00:38:57,359

it's so true it's so true um so

1060

00:39:01,589 --> 00:38:59,280

christopher plane asked um will graham

1061

00:39:04,230 --> 00:39:01,599

be taking any questions about um world

1062

00:39:05,670 --> 00:39:04,240

war ii and ufos and i'm starring the

1063

00:39:08,550 --> 00:39:05,680

questions chris we'll get to those

1064

00:39:10,069 --> 00:39:08,560

towards the end with graham for sure um

1065

00:39:12,470 --> 00:39:10,079

i definitely do want to talk about your

1066

00:39:13,829 --> 00:39:12,480

book graham and and your upcoming

1067

00:39:17,190 --> 00:39:13,839

project if there's anything you can

1068

00:39:18,630 --> 00:39:17,200

tease with that but um before we do that

1069

00:39:19,829 --> 00:39:18,640

before we do that graham there is

1070

00:39:22,150 --> 00:39:19,839

something i do want to talk to you about

1071

00:39:23,829 --> 00:39:22,160

and it has a little something to do

1072

00:39:26,710 --> 00:39:23,839

with this official somewhere in the

1073

00:39:29,109 --> 00:39:26,720

skies mug that is not trademarked i

1074

00:39:31,910 --> 00:39:29,119

should get on that too um with that

1075

00:39:33,750 --> 00:39:31,920

lovely tic tac there now

1076

00:39:35,750 --> 00:39:33,760

one of the big things i appreciate about

1077

00:39:37,910 --> 00:39:35,760

um what you do on twitter

1078

00:39:40,710 --> 00:39:37,920

and what uh people like witness citizen

1079

00:39:42,630 --> 00:39:40,720

do is dig up all these documents and

1080

00:39:45,270 --> 00:39:42,640

files of cases um

1081

00:39:47,589 --> 00:39:45,280

you know even pre-world war ii but um

1082

00:39:49,990 --> 00:39:47,599

kind of during that time period and kind

1083

00:39:51,670 --> 00:39:50,000

of comparing it to things going on

1084

00:39:53,829 --> 00:39:51,680

now and that's what i find most

1085

00:39:56,790 --> 00:39:53,839

fascinating even as decades and decades

1086

00:39:59,430 --> 00:39:56,800

past there are some similarities between

1087

00:40:02,150 --> 00:39:59,440

uap that are being reported and i know

1088

00:40:04,790 --> 00:40:02,160

that you have come across a few cases um

1089

00:40:06,309 --> 00:40:04,800

you'd mentioned to me back in the uh the

1090

00:40:08,390 --> 00:40:06,319

early 50s

1091

00:40:10,309 --> 00:40:08,400

that might or might not have some

1092

00:40:12,630 --> 00:40:10,319

connections with the tic tac things

1093

00:40:15,109 --> 00:40:12,640

we're seeing or the the nimitz invent on

1094

00:40:17,270 --> 00:40:15,119

a more broad spectrum um

1095

00:40:19,270 --> 00:40:17,280

so yeah is that something you wanna you

1096

00:40:21,829 --> 00:40:19,280

wanna touch on here before we move on to

1097

00:40:23,109 --> 00:40:21,839

the calvin incident one of my favorites

1098

00:40:25,349 --> 00:40:23,119

yeah i can talk about that for a few

1099

00:40:26,870 --> 00:40:25,359

minutes um so if you cast your mind back

1100

00:40:30,309 --> 00:40:26,880

to even before i brought the book on the

1101

00:40:32,710 --> 00:40:30,319

foo fighters out last year in april um i

1102

00:40:35,190 --> 00:40:32,720

uh did an article for the debrief about

1103

00:40:36,309 --> 00:40:35,200

the similarities between the some of the

1104

00:40:38,870 --> 00:40:36,319

fruit or the

1105

00:40:42,150 --> 00:40:38,880

world war ii reporting and the nimitz

1106

00:40:43,990 --> 00:40:42,160

case from 2004 and there was a specific

1107

00:40:46,069 --> 00:40:44,000

incident that happened with two actual

1108

00:40:47,750 --> 00:40:46,079

incidents that happened in 1943 one of

1109

00:40:50,550 --> 00:40:47,760

which i covered in the article which

1110

00:40:52,550 --> 00:40:50,560

were fairly similar but also i found

1111

00:40:53,990 --> 00:40:52,560

since i'm doing another book which you

1112

00:40:55,750 --> 00:40:54,000

mentioned before that i am actually

1113

00:40:58,150 --> 00:40:55,760

writing another book at the moment about

1114

00:40:59,430 --> 00:40:58,160

some cases a bit later on and then this

1115

00:41:01,109 --> 00:40:59,440

is not a foo fighter book this is

1116

00:41:03,270 --> 00:41:01,119

something else but in the course of

1117

00:41:05,589 --> 00:41:03,280

looking through um some of the the

1118

00:41:07,910 --> 00:41:05,599

documents from cyan and from grudge and

1119

00:41:10,150 --> 00:41:07,920

from bluebook i've found some witness

1120

00:41:11,990 --> 00:41:10,160

cases um now

1121

00:41:14,870 --> 00:41:12,000

one of them is fairly well known it's

1122

00:41:17,589 --> 00:41:14,880

the george gorman case from um

1123

00:41:20,630 --> 00:41:17,599

which is from the first of october 1948

1124

00:41:23,270 --> 00:41:20,640

and he was a a north dakota air national

1125

00:41:26,790 --> 00:41:23,280

guard pilot who effectively got into a

1126

00:41:28,470 --> 00:41:26,800

dogfight with a white light over fargo

1127

00:41:31,109 --> 00:41:28,480

um um

1128

00:41:33,270 --> 00:41:31,119

in in north dakota uh one night at who's

1129

00:41:34,710 --> 00:41:33,280

coming back to base and i'll just read a

1130

00:41:36,390 --> 00:41:34,720

little bit out of the report if i can

1131

00:41:38,630 --> 00:41:36,400

and this is from a checklist of

1132

00:41:41,270 --> 00:41:38,640

unidentified flying objects which was

1133

00:41:43,430 --> 00:41:41,280

incident number 172 from the project

1134

00:41:45,910 --> 00:41:43,440

sign files and project sign was the

1135

00:41:48,870 --> 00:41:45,920

first official ufo investigation by the

1136

00:41:50,710 --> 00:41:48,880

us air force and what he mentions is um

1137

00:41:52,710 --> 00:41:50,720

he said this is a quote from from the

1138

00:41:54,390 --> 00:41:52,720

actual um information that was put in

1139

00:41:55,750 --> 00:41:54,400

the report and he says the closest

1140

00:41:57,990 --> 00:41:55,760

government ever got to the object was a

1141

00:42:00,230 --> 00:41:58,000

head-on pass at which time the object

1142

00:42:02,069 --> 00:42:00,240

passed over him at less than 500 feet it

1143

00:42:04,390 --> 00:42:02,079

then appeared to him to be from six to

1144

00:42:06,309 --> 00:42:04,400

eight inches in diameter it was white

1145

00:42:09,109 --> 00:42:06,319

with no apparent glare and a clear-cut

1146

00:42:11,430 --> 00:42:09,119

edge it apparently had depth it did not

1147

00:42:12,870 --> 00:42:11,440

uh it did not seem an exact ball but it

1148

00:42:14,390 --> 00:42:12,880

appeared flat

1149

00:42:16,630 --> 00:42:14,400

realizing that the speed of the object

1150

00:42:19,190 --> 00:42:16,640

was too much for him gorman

1151  
00:42:21,190 --> 00:42:19,200  
attempted to cut it off in turns at this

1152  
00:42:23,349 --> 00:42:21,200  
time his fighter was under full power

1153  
00:42:25,349 --> 00:42:23,359  
speed varying from 300 to 400 miles an

1154  
00:42:27,349 --> 00:42:25,359  
hour the object circled to the left he

1155  
00:42:29,829 --> 00:42:27,359  
cut it back to it for a head-on pass the

1156  
00:42:31,990 --> 00:42:29,839  
pass was made of 5000 feet the object

1157  
00:42:34,309 --> 00:42:32,000  
approaching head-on until a collision

1158  
00:42:36,550 --> 00:42:34,319  
seemed inevitable it then veered and

1159  
00:42:39,030 --> 00:42:36,560  
passed 500 feet or less of both over the

1160  
00:42:40,790 --> 00:42:39,040  
top of him he chandelled which is type

1161  
00:42:43,910 --> 00:42:40,800  
of maneuver that fight the pilot would

1162  
00:42:46,309 --> 00:42:43,920  
do and then initiated a pass at gorman

1163  
00:42:50,309 --> 00:42:46,319

so it was actually you know reacting to

1164

00:42:52,950 --> 00:42:50,319

him um if you like and and and

1165

00:42:54,390 --> 00:42:52,960

almost in the same kind of vein as the

1166

00:42:56,950 --> 00:42:54,400

nimitz encounter where they were going

1167

00:42:59,270 --> 00:42:56,960

around in circles and fravo was trying

1168

00:43:01,270 --> 00:42:59,280

to cut the corner if you like on the tic

1169

00:43:03,990 --> 00:43:01,280

tac now this is a kind of similar thing

1170

00:43:05,990 --> 00:43:04,000

there that in the report he mentions

1171

00:43:07,670 --> 00:43:06,000

that gorman tries to cut the corner

1172

00:43:09,829 --> 00:43:07,680

to get behind this whatever this thing

1173

00:43:11,349 --> 00:43:09,839

was um and there was a series of and

1174

00:43:13,270 --> 00:43:11,359

this thing was making head-on passes in

1175

00:43:15,990 --> 00:43:13,280

him now that's not the only one and you

1176

00:43:18,550 --> 00:43:16,000

can look then to 1952

1177

00:43:20,710 --> 00:43:18,560

and over oak ridge tennessee which is

1178

00:43:23,349 --> 00:43:20,720

where the uh atomic energy commission

1179

00:43:25,030 --> 00:43:23,359

facility was that actually managed to

1180

00:43:27,030 --> 00:43:25,040

manufacture the material for the atom

1181

00:43:29,109 --> 00:43:27,040

bombs during world war ii there and it

1182

00:43:32,230 --> 00:43:29,119

was a fairly sensitive aerial so it was

1183

00:43:35,190 --> 00:43:32,240

in an atomic facility so there anything

1184

00:43:37,190 --> 00:43:35,200

that was reported strange over that area

1185

00:43:38,710 --> 00:43:37,200

fighter pilots responded to it they were

1186

00:43:40,870 --> 00:43:38,720

you know they were scrambled from nearby

1187

00:43:42,550 --> 00:43:40,880

bases and this

1188

00:43:44,150 --> 00:43:42,560

this one is another air national guard

1189

00:43:46,390 --> 00:43:44,160

he's a tennessean air national guard

1190

00:43:49,270 --> 00:43:46,400

pilot this is from

1191

00:43:51,430 --> 00:43:49,280

june 1952 and he's flying an f47

1192

00:43:53,589 --> 00:43:51,440

thunderbolt and again it's a blinking

1193

00:43:56,069 --> 00:43:53,599

white light flying around making passes

1194

00:43:58,150 --> 00:43:56,079

at him he turns to meet the pass and

1195

00:44:00,470 --> 00:43:58,160

this thing pulled up to 4000 to 500 feet

1196

00:44:01,750 --> 00:44:00,480

above him no silhouette visible only a

1197

00:44:03,829 --> 00:44:01,760

white light

1198

00:44:06,309 --> 00:44:03,839

and so there's another report of a

1199

00:44:09,030 --> 00:44:06,319

dogfight happening between an aircraft

1200

00:44:11,030 --> 00:44:09,040

and an unidentified flying object again

1201  
00:44:13,270 --> 00:44:11,040  
that's called from the official report

1202  
00:44:15,910 --> 00:44:13,280  
that ended up in in the investigation

1203  
00:44:17,910 --> 00:44:15,920  
files and one final one if i can this

1204  
00:44:21,109 --> 00:44:17,920  
one's from um

1205  
00:44:23,589 --> 00:44:21,119  
from much later and this involves 1954

1206  
00:44:25,589 --> 00:44:23,599  
this is june 1954 and the lieutenant

1207  
00:44:28,790 --> 00:44:25,599  
rowe who was from the ohio national air

1208  
00:44:31,349 --> 00:44:28,800  
national guard again flying a mustang

1209  
00:44:34,390 --> 00:44:31,359  
such as the george gorman case from 1948

1210  
00:44:36,630 --> 00:44:34,400  
and this is over dayton ohio where again

1211  
00:44:38,390 --> 00:44:36,640  
a strange object follows them back from

1212  
00:44:40,870 --> 00:44:38,400  
a flight from columbus

1213  
00:44:42,390 --> 00:44:40,880

and then they get into a dogfight and

1214

00:44:45,589 --> 00:44:42,400

this is just a little quick quote from

1215

00:44:47,750 --> 00:44:45,599

the from the report again um he mentions

1216

00:44:49,589 --> 00:44:47,760

that he made a regular fighter turns

1217

00:44:51,990 --> 00:44:49,599

into the object but all times it turned

1218

00:44:54,390 --> 00:44:52,000

with him um and so that's one of the

1219

00:44:56,069 --> 00:44:54,400

quotes it seemed to be slightly above me

1220

00:44:58,390 --> 00:44:56,079

at all times that's another one he

1221

00:45:00,230 --> 00:44:58,400

thinks it's a jet but it it does things

1222

00:45:03,589 --> 00:45:00,240

that jet can't do so these are all

1223

00:45:05,670 --> 00:45:03,599

official reports and it's rather strange

1224

00:45:07,829 --> 00:45:05,680

how these things just keep cropping up

1225

00:45:09,910 --> 00:45:07,839

time after time and time again

1226

00:45:12,150 --> 00:45:09,920

in the official reporting now i know

1227

00:45:14,150 --> 00:45:12,160

that likes of sign grudge and blue book

1228

00:45:16,550 --> 00:45:14,160

got a slating and have had continuous

1229

00:45:18,790 --> 00:45:16,560

slating from ufo enthusiasts over the

1230

00:45:21,430 --> 00:45:18,800

years because of the way they tread uh

1231

00:45:23,670 --> 00:45:21,440

witnesses etc um you know

1232

00:45:25,270 --> 00:45:23,680

well bloop especially later on

1233

00:45:28,470 --> 00:45:25,280

in its existence but actually the

1234

00:45:30,230 --> 00:45:28,480

information itself is is is gold dust

1235

00:45:32,069 --> 00:45:30,240

you know in terms of the detail it's got

1236

00:45:34,150 --> 00:45:32,079

in it and i think a lot of people have

1237

00:45:36,069 --> 00:45:34,160

written off these these reports because

1238

00:45:38,069 --> 00:45:36,079

of the association with the the

1239

00:45:39,750 --> 00:45:38,079

mechanisms that were used to try and

1240

00:45:41,910 --> 00:45:39,760

write them off for mundane you know

1241

00:45:43,589 --> 00:45:41,920

reasons such as venus and meteors and

1242

00:45:45,510 --> 00:45:43,599

all the rest of it but the information

1243

00:45:47,430 --> 00:45:45,520

solid it comes from the pilots

1244

00:45:49,829 --> 00:45:47,440

themselves and it all builds up to make

1245

00:45:51,670 --> 00:45:49,839

a pic to build a picture up of all these

1246

00:45:55,109 --> 00:45:51,680

things that going on which were oddly

1247

00:45:56,790 --> 00:45:55,119

reminiscent of the 2005 incident albeit

1248

00:45:58,630 --> 00:45:56,800

the aircraft are different and the you

1249

00:46:00,470 --> 00:45:58,640

know the the capabilities are slightly

1250

00:46:03,109 --> 00:46:00,480

different but the actual

1251  
00:46:05,109 --> 00:46:03,119  
mechanics of the situation are quite are

1252  
00:46:07,349 --> 00:46:05,119  
quite similar in terms of the dogfight

1253  
00:46:09,829 --> 00:46:07,359  
and the inability of the pilots to be

1254  
00:46:11,910 --> 00:46:09,839  
able to recognize or get or actually get

1255  
00:46:12,829 --> 00:46:11,920  
the better of or intercept what these

1256  
00:46:15,910 --> 00:46:12,839  
things

1257  
00:46:17,750 --> 00:46:15,920  
were wow wow it's so interesting yeah

1258  
00:46:19,910 --> 00:46:17,760  
and you know you bring up you know

1259  
00:46:22,069 --> 00:46:19,920  
that's just the us i mean

1260  
00:46:24,710 --> 00:46:22,079  
uh chrissy and i spoke to daniel otis

1261  
00:46:25,430 --> 00:46:24,720  
over um at vice recently about

1262  
00:46:28,710 --> 00:46:25,440  
the

1263  
00:46:30,550 --> 00:46:28,720

hundreds of files he got from transport

1264

00:46:33,349 --> 00:46:30,560

canada and the canadian government where

1265

00:46:35,670 --> 00:46:33,359

there were cases as well of you know

1266

00:46:38,790 --> 00:46:35,680

these ufos having quote unquote like

1267

00:46:41,190 --> 00:46:38,800

games or dog fights in so many words

1268

00:46:43,589 --> 00:46:41,200

with uap and the only reason he was able

1269

00:46:45,430 --> 00:46:43,599

to get those files is uh some of them

1270

00:46:48,550 --> 00:46:45,440

were through norad and you're able to

1271

00:46:51,349 --> 00:46:48,560

get those as a canadian in canada where

1272

00:46:53,589 --> 00:46:51,359

we can't in the united states still um

1273

00:46:56,470 --> 00:46:53,599

so yeah i i think it's fascinating that

1274

00:46:58,230 --> 00:46:56,480

we can even cross this against different

1275

00:47:00,150 --> 00:46:58,240

governments and countries where these

1276

00:47:03,670 --> 00:47:00,160

dogfight things are happening with

1277

00:47:05,990 --> 00:47:03,680

similar white lighted ufos or white

1278

00:47:07,910 --> 00:47:06,000

oblong shaped craft and the fact that

1279

00:47:10,630 --> 00:47:07,920

they're seeing them in the 50s and now

1280

00:47:13,109 --> 00:47:10,640

we're seeing them in the the you know

1281

00:47:15,829 --> 00:47:13,119

the later arts and like what does that

1282

00:47:17,430 --> 00:47:15,839

tell us are we seeing the same craft why

1283

00:47:20,630 --> 00:47:17,440

are we seeing the same technology

1284

00:47:23,109 --> 00:47:20,640

displayed in 50 and now in 2022 like

1285

00:47:25,589 --> 00:47:23,119

have they not updated their craft or

1286

00:47:27,829 --> 00:47:25,599

what's the deal here or is it just um

1287

00:47:30,950 --> 00:47:27,839

pilot not pilot error but pilot

1288

00:47:32,150 --> 00:47:30,960

perception or witness perception um i

1289

00:47:34,390 --> 00:47:32,160

don't know i don't know we can make

1290

00:47:36,230 --> 00:47:34,400

patterns of anything yeah i would well

1291

00:47:38,390 --> 00:47:36,240

it also goes back to cultural feedback

1292

00:47:41,190 --> 00:47:38,400

loops i'm like fascinated by them to be

1293

00:47:43,270 --> 00:47:41,200

honest like the psychology around how we

1294

00:47:44,710 --> 00:47:43,280

you know different different centuries

1295

00:47:47,270 --> 00:47:44,720

or different times seeing you know every

1296

00:47:48,710 --> 00:47:47,280

decade we see a ufo and it looks a

1297

00:47:51,030 --> 00:47:48,720

certain way and they say that it might

1298

00:47:53,190 --> 00:47:51,040

be a projection right of what we how

1299

00:47:55,270 --> 00:47:53,200

we've evolved as a society and so we're

1300

00:47:57,190 --> 00:47:55,280

projecting these ufos or these images

1301  
00:47:59,270 --> 00:47:57,200  
because then pop culture takes it and

1302  
00:48:00,790 --> 00:47:59,280  
then pop culture blows it up and then we

1303  
00:48:02,390 --> 00:48:00,800  
can people see their sightings and then

1304  
00:48:04,549 --> 00:48:02,400  
it gets reconfirmed and then it happens

1305  
00:48:06,390 --> 00:48:04,559  
again so but what happens is we're

1306  
00:48:09,109 --> 00:48:06,400  
seeing in culture feedback loops is that

1307  
00:48:10,950 --> 00:48:09,119  
you're looking at 30s 40s 50s 60s 70s

1308  
00:48:12,390 --> 00:48:10,960  
you know we keep going those crafts have

1309  
00:48:14,549 --> 00:48:12,400  
changed but now we're seeing that

1310  
00:48:16,710 --> 00:48:14,559  
they're staying the same so it really

1311  
00:48:19,190 --> 00:48:16,720  
does change the definition of a culture

1312  
00:48:20,630 --> 00:48:19,200  
feedback loop because

1313  
00:48:23,109 --> 00:48:20,640

the culture feedback loop would say that

1314

00:48:25,270 --> 00:48:23,119

well it's just as we evolve as humans

1315

00:48:27,510 --> 00:48:25,280

and as we have evolved the image and the

1316

00:48:29,589 --> 00:48:27,520

projection is evolving as well

1317

00:48:30,870 --> 00:48:29,599

but we're not it's kind of not seeing

1318

00:48:32,829 --> 00:48:30,880

that if we're seeing tic tacs from the

1319

00:48:37,190 --> 00:48:32,839

50s and they're coming back now

1320

00:48:38,549 --> 00:48:37,200

so yeah and i i just i this just dawned

1321

00:48:41,750 --> 00:48:38,559

on me which i can't believe it took me

1322

00:48:44,470 --> 00:48:41,760

this long but like graham's entire book

1323

00:48:46,470 --> 00:48:44,480

ufos before roswell like covering the

1324

00:48:48,390 --> 00:48:46,480

early inception of the foo fighter

1325

00:48:51,430 --> 00:48:48,400

phenomenon that's like the most

1326  
00:48:53,349 --> 00:48:51,440  
prevalent type of ufo today so we have

1327  
00:48:54,150 --> 00:48:53,359  
kind of come full circle where we went

1328  
00:48:55,270 --> 00:48:54,160  
from

1329  
00:48:57,510 --> 00:48:55,280  
lights

1330  
00:49:00,069 --> 00:48:57,520  
dog fighting with these planes no one

1331  
00:49:02,950 --> 00:49:00,079  
knows who they belong to or what they

1332  
00:49:05,349 --> 00:49:02,960  
were doing there um and like

1333  
00:49:07,589 --> 00:49:05,359  
then we went to solid craft of saucers

1334  
00:49:10,230 --> 00:49:07,599  
and triangles and this and that and now

1335  
00:49:13,270 --> 00:49:10,240  
the most reported ufos seem to be these

1336  
00:49:15,750 --> 00:49:13,280  
plasma-like orbs or foo fighter-esque

1337  
00:49:17,750 --> 00:49:15,760  
phenomena happening which is it's crazy

1338  
00:49:19,510 --> 00:49:17,760

it's crazy i i can't think of a more

1339

00:49:20,309 --> 00:49:19,520

ample time for your book to have come

1340

00:49:22,470 --> 00:49:20,319

out

1341

00:49:25,030 --> 00:49:22,480

and to be completely honest because

1342

00:49:26,950 --> 00:49:25,040

again foo fighters are making a comeback

1343

00:49:28,549 --> 00:49:26,960

apparently apparently i don't think they

1344

00:49:30,390 --> 00:49:28,559

ever went away i think if you look at

1345

00:49:32,549 --> 00:49:30,400

the reporting from right through the

1346

00:49:33,990 --> 00:49:32,559

years i think every so often you'll see

1347

00:49:36,150 --> 00:49:34,000

these reports

1348

00:49:39,190 --> 00:49:36,160

of lights orbs whatever you want to call

1349

00:49:41,510 --> 00:49:39,200

them um from you know the early 1940s

1350

00:49:43,510 --> 00:49:41,520

all the way through the present but also

1351  
00:49:45,270 --> 00:49:43,520  
you still get reports of what used to be

1352  
00:49:46,470 --> 00:49:45,280  
called cigar-shaped objects that's the

1353  
00:49:48,390 --> 00:49:46,480  
thing you know i remember from when i

1354  
00:49:50,069 --> 00:49:48,400  
was growing up reading ufo books now

1355  
00:49:52,230 --> 00:49:50,079  
they're called tic tacs but they're

1356  
00:49:54,710 --> 00:49:52,240  
essentially the same kind of thing to a

1357  
00:49:56,630 --> 00:49:54,720  
degree and even in during world war ii

1358  
00:49:58,630 --> 00:49:56,640  
i've got reports in the book of oblong

1359  
00:49:59,990 --> 00:49:58,640  
oblong-shaped objects i mean bear in

1360  
00:50:02,630 --> 00:50:00,000  
mind some of these were quite large they

1361  
00:50:04,549 --> 00:50:02,640  
were reported as 50 feet 100 feet 200

1362  
00:50:06,630 --> 00:50:04,559  
feet sometimes but you know the

1363  
00:50:08,790 --> 00:50:06,640

efficiency the dimensions might change

1364

00:50:10,870 --> 00:50:08,800

but the actual shape is still

1365

00:50:12,549 --> 00:50:10,880

effectively a tic-tac

1366

00:50:14,710 --> 00:50:12,559

although they reported zeppelin looking

1367

00:50:16,870 --> 00:50:14,720

like zeppelins back then but a zeppelin

1368

00:50:19,670 --> 00:50:16,880

was a tic tac really isn't it so you

1369

00:50:23,109 --> 00:50:19,680

know the things can change in magnitude

1370

00:50:25,270 --> 00:50:23,119

in terms of dimensions and maybe speeds

1371

00:50:26,790 --> 00:50:25,280

but overall they still look fairly

1372

00:50:28,870 --> 00:50:26,800

similar and you still can boil them down

1373

00:50:30,549 --> 00:50:28,880

into a certain number of shapes you know

1374

00:50:32,230 --> 00:50:30,559

you've seen those charts or ufos where

1375

00:50:34,950 --> 00:50:32,240

they have all the different shapes and i

1376

00:50:37,190 --> 00:50:34,960

bet that redacted report when it come

1377

00:50:38,710 --> 00:50:37,200

when people get to see it when it says

1378

00:50:40,390 --> 00:50:38,720

about the different shapes it'll boil it

1379

00:50:41,750 --> 00:50:40,400

down into about half a dozen or a dozen

1380

00:50:43,750 --> 00:50:41,760

different types and they'll all be

1381

00:50:45,270 --> 00:50:43,760

things that we're fairly familiar with

1382

00:50:48,069 --> 00:50:45,280

maybe not the cuban sphere but you know

1383

00:50:50,069 --> 00:50:48,079

the other things will be fairly failing

1384

00:50:52,069 --> 00:50:50,079

yeah yeah we know what those are ah that

1385

00:50:54,630 --> 00:50:52,079

damn cubanosphere that thing will

1386

00:50:56,549 --> 00:50:54,640

mystify me till the end of time

1387

00:50:58,549 --> 00:50:56,559

oh for real um well you know while we're

1388

00:51:00,150 --> 00:50:58,559

on the subject uh christopher plane

1389

00:51:01,990 --> 00:51:00,160

asked a pretty interesting question that

1390

00:51:04,390 --> 00:51:02,000

i want to throw up there before we

1391

00:51:05,990 --> 00:51:04,400

finally get to calvin sorry to cover

1392

00:51:07,510 --> 00:51:06,000

your mouth there chrissy

1393

00:51:09,990 --> 00:51:07,520

graham some have theorized that the

1394

00:51:11,990 --> 00:51:10,000

hesterlin lights may be an artifact um

1395

00:51:13,589 --> 00:51:12,000

you know high power radio waves is there

1396

00:51:16,069 --> 00:51:13,599

any indication that foo fighters may

1397

00:51:18,150 --> 00:51:16,079

have also been atmospheric phenomena did

1398

00:51:19,750 --> 00:51:18,160

that come across in any of your um

1399

00:51:21,829 --> 00:51:19,760

explanations for what the foo fighters

1400

00:51:23,589 --> 00:51:21,839

could have been it's been postulated

1401  
00:51:25,750 --> 00:51:23,599  
post-war when people have looked at it

1402  
00:51:27,030 --> 00:51:25,760  
you know in the last sort of 20 20 30

1403  
00:51:28,790 --> 00:51:27,040  
years people have come up with that as

1404  
00:51:30,549 --> 00:51:28,800  
an explanation more lightning being you

1405  
00:51:33,190 --> 00:51:30,559  
know another one but in terms of

1406  
00:51:34,870 --> 00:51:33,200  
evidence no there's nothing like that as

1407  
00:51:36,470 --> 00:51:34,880  
far as i'm aware certainly not for the

1408  
00:51:39,270 --> 00:51:36,480  
wartime stuff i mean bearing in mind

1409  
00:51:40,630 --> 00:51:39,280  
that their um kind of examination of the

1410  
00:51:43,190 --> 00:51:40,640  
phenomena we can get at this later if

1411  
00:51:44,230 --> 00:51:43,200  
you like was fairly sparse in terms of

1412  
00:51:46,150 --> 00:51:44,240  
you know trying to work out what the

1413  
00:51:48,150 --> 00:51:46,160

hell it was they went down one

1414

00:51:50,309 --> 00:51:48,160

particular road which we can speak to

1415

00:51:52,309 --> 00:51:50,319

later on but that's all that they looked

1416

00:51:54,549 --> 00:51:52,319

at and when that what that didn't appear

1417

00:51:57,109 --> 00:51:54,559

to be the case they didn't they couldn't

1418

00:51:59,109 --> 00:51:57,119

go anywhere else because all avenues of

1419

00:52:01,430 --> 00:51:59,119

exploration to them

1420

00:52:03,589 --> 00:52:01,440

were meaningless so but i can talk about

1421

00:52:05,589 --> 00:52:03,599

that later on but no you know they

1422

00:52:07,109 --> 00:52:05,599

haven't really looked at it earth lights

1423

00:52:09,270 --> 00:52:07,119

as being any kind of

1424

00:52:10,870 --> 00:52:09,280

um explanation for this but it could

1425

00:52:13,510 --> 00:52:10,880

well be you know it's one of those

1426

00:52:15,190 --> 00:52:13,520

things that yeah it's possible but

1427

00:52:16,950 --> 00:52:15,200

nobody's really been able to work it out

1428

00:52:19,430 --> 00:52:16,960

and say yeah there you go that's that's

1429

00:52:22,069 --> 00:52:19,440

what it is but equally you can't rule it

1430

00:52:24,549 --> 00:52:22,079

out and i don't rule anything out uh

1431

00:52:25,750 --> 00:52:24,559

there are things i don't rule in because

1432

00:52:27,829 --> 00:52:25,760

they're so preposterous that they're

1433

00:52:29,829 --> 00:52:27,839

laughable but that's again in the book

1434

00:52:31,430 --> 00:52:29,839

but yes that's one of the things yeah

1435

00:52:33,750 --> 00:52:31,440

could be could be

1436

00:52:35,670 --> 00:52:33,760

could be yeah um this is an interesting

1437

00:52:37,829 --> 00:52:35,680

comment lord ludacris says my

1438

00:52:40,069 --> 00:52:37,839

grandfather was a p-38 pilot and was

1439

00:52:41,589 --> 00:52:40,079

also part of the berlin airlift he never

1440

00:52:43,670 --> 00:52:41,599

saw a foo fighter but i remember him

1441

00:52:45,829 --> 00:52:43,680

saying the pilots did talk about them

1442

00:52:48,710 --> 00:52:45,839

that is really interesting and we hear

1443

00:52:51,030 --> 00:52:48,720

that more and more you know that um you

1444

00:52:53,510 --> 00:52:51,040

know after they do leave the air force

1445

00:52:55,910 --> 00:52:53,520

or the navy that a lot of these pilots

1446

00:52:57,589 --> 00:52:55,920

uh then go on to say yeah i did see that

1447

00:53:00,630 --> 00:52:57,599

yes i did see that i had a pilot

1448

00:53:03,109 --> 00:53:00,640

actually reach out to me um last month

1449

00:53:04,630 --> 00:53:03,119

that was um over in the persian gulf and

1450

00:53:06,549 --> 00:53:04,640

had a really

1451

00:53:09,030 --> 00:53:06,559

fascinating ufo setting i'm hoping to

1452

00:53:11,510 --> 00:53:09,040

get her yes her

1453

00:53:14,950 --> 00:53:11,520

on the show hopefully soon to talk about

1454

00:53:15,910 --> 00:53:14,960

that um but yeah yeah yeah um anything

1455

00:53:19,030 --> 00:53:15,920

else

1456

00:53:20,390 --> 00:53:19,040

on um those connections between then and

1457

00:53:23,270 --> 00:53:20,400

now that you guys want to touch on

1458

00:53:26,309 --> 00:53:23,280

before we move to calvin

1459

00:53:27,270 --> 00:53:26,319

there's two in the book uh from 1943.

1460

00:53:30,069 --> 00:53:27,280

so

1461

00:53:32,950 --> 00:53:30,079

you've got um connections between 1943

1462

00:53:34,390 --> 00:53:32,960

and 2004 so there were two different

1463

00:53:36,150 --> 00:53:34,400

fighter pilots

1464

00:53:38,790 --> 00:53:36,160

one was over north africa

1465

00:53:41,670 --> 00:53:38,800

um he was a new zealander 73 squadron

1466

00:53:44,390 --> 00:53:41,680

and he wrote to the new zealand um like

1467

00:53:47,190 --> 00:53:44,400

aviation minister after a particular

1468

00:53:49,990 --> 00:53:47,200

famous sighting in 1955 saying look i

1469

00:53:52,230 --> 00:53:50,000

saw this in 1943 a light that basically

1470

00:53:54,230 --> 00:53:52,240

followed him sat on his wingtip over

1471

00:53:55,589 --> 00:53:54,240

north africa um

1472

00:53:56,790 --> 00:53:55,599

he was trying everything he could to get

1473

00:53:59,270 --> 00:53:56,800

this thing off his wingtip and it

1474

00:54:00,470 --> 00:53:59,280

wouldn't move it just sat there uh it

1475

00:54:02,230 --> 00:54:00,480

got the point where he could actually

1476

00:54:04,150 --> 00:54:02,240

turn the aircraft and there was a bit of

1477

00:54:06,630 --> 00:54:04,160

a delay in it responding so he managed

1478

00:54:08,870 --> 00:54:06,640

to get behind it at one stage and he was

1479

00:54:10,150 --> 00:54:08,880

firing 20 millimeter cannon at it and

1480

00:54:11,990 --> 00:54:10,160

the cannon shells were going into the

1481

00:54:14,069 --> 00:54:12,000

light and nothing was happening so you

1482

00:54:16,710 --> 00:54:14,079

know that's one story and then there's

1483

00:54:19,430 --> 00:54:16,720

another story over um southern italy in

1484

00:54:21,829 --> 00:54:19,440

in december 1943 of a beaufighter crew a

1485

00:54:23,990 --> 00:54:21,839

night fighter crew again with a light

1486

00:54:25,829 --> 00:54:24,000

and them going in a spiraling engagement

1487

00:54:29,030 --> 00:54:25,839

the two of them going round and round in

1488

00:54:31,349 --> 00:54:29,040

circles upwards uh to about 12 000 feet

1489

00:54:32,950 --> 00:54:31,359

and this light just getting away from

1490

00:54:35,510 --> 00:54:32,960

the bow fighter which was actually quite

1491

00:54:37,270 --> 00:54:35,520

a powerful aircraft um and just

1492

00:54:39,109 --> 00:54:37,280

disappearing so there's all these kind

1493

00:54:40,630 --> 00:54:39,119

of stories that you know that having

1494

00:54:42,710 --> 00:54:40,640

these involve these kind of foo fighter

1495

00:54:45,270 --> 00:54:42,720

type lights even before the term was

1496

00:54:47,270 --> 00:54:45,280

invented by the americans these things

1497

00:54:49,990 --> 00:54:47,280

were still happening and affecting rf

1498

00:54:52,150 --> 00:54:50,000

pilots long before the foo fighters

1499

00:54:54,549 --> 00:54:52,160

became a thing

1500

00:54:57,990 --> 00:54:54,559

wow interesting last question on that

1501  
00:55:00,870 --> 00:54:58,000  
gram i promise before we we get to um uh

1502  
00:55:02,309 --> 00:55:00,880  
what i really want to talk about i know

1503  
00:55:06,230 --> 00:55:02,319  
i don't know why

1504  
00:55:08,309 --> 00:55:06,240  
especially after some of the the stuff

1505  
00:55:10,630 --> 00:55:08,319  
you told me about it um that we will get

1506  
00:55:12,230 --> 00:55:10,640  
into um did graham this is from

1507  
00:55:15,589 --> 00:55:12,240  
christopher plane did graham find any

1508  
00:55:18,470 --> 00:55:15,599  
accounts of um pilots colliding with foo

1509  
00:55:20,390 --> 00:55:18,480  
fighters or any like truly near misses

1510  
00:55:22,870 --> 00:55:20,400  
anything like that great question it's

1511  
00:55:24,549 --> 00:55:22,880  
just there's a story of the balkans that

1512  
00:55:26,789 --> 00:55:24,559  
something hit an aircraft hit an raf

1513  
00:55:29,349 --> 00:55:26,799

bomber um over possibly hungary or

1514

00:55:31,910 --> 00:55:29,359

romania somewhere like that in 1944

1515

00:55:34,470 --> 00:55:31,920

there are stories of 1943 of an american

1516

00:55:37,030 --> 00:55:34,480

daylight raid over stuttgart where a

1517

00:55:39,270 --> 00:55:37,040

shoal of little black discs fell from

1518

00:55:41,030 --> 00:55:39,280

the air from the sky and hit and one of

1519

00:55:43,829 --> 00:55:41,040

them hit the wing of an aircraft and

1520

00:55:44,710 --> 00:55:43,839

maybe caught fire um but again there's

1521

00:55:46,309 --> 00:55:44,720

some

1522

00:55:49,030 --> 00:55:46,319

sort of like confusion about that

1523

00:55:51,589 --> 00:55:49,040

particular story um that appeared in a

1524

00:55:53,270 --> 00:55:51,599

in a book in 1960 it's quite an old

1525

00:55:55,190 --> 00:55:53,280

story it's available on the internet

1526

00:55:57,030 --> 00:55:55,200

it's a well-known story

1527

00:55:58,710 --> 00:55:57,040

of of that raid

1528

00:56:01,030 --> 00:55:58,720

so yes there are stories along those

1529

00:56:03,349 --> 00:56:01,040

lines and there are some others as well

1530

00:56:04,789 --> 00:56:03,359

of near misses where things fell through

1531

00:56:06,950 --> 00:56:04,799

bomber formations there's a particular

1532

00:56:09,190 --> 00:56:06,960

story from italy in 1944

1533

00:56:10,549 --> 00:56:09,200

of of that as well so yeah there are

1534

00:56:12,390 --> 00:56:10,559

there are definitely stories and of

1535

00:56:14,870 --> 00:56:12,400

course we don't know about the pilots

1536

00:56:18,710 --> 00:56:14,880

who didn't come back

1537

00:56:20,230 --> 00:56:18,720

right right yeah i oh gosh what are

1538

00:56:24,150 --> 00:56:20,240

what's the one that comes to mind to me

1539

00:56:29,190 --> 00:56:24,160

is the valentich case obviously um

1540

00:56:30,950 --> 00:56:29,200

uh the uh the one in michigan as well uh

1541

00:56:32,789 --> 00:56:30,960

is that the the felix moncler case from

1542

00:56:34,390 --> 00:56:32,799

1953 yeah

1543

00:56:35,750 --> 00:56:34,400

yeah very unfortunate

1544

00:56:39,510 --> 00:56:35,760

like superior

1545

00:56:41,750 --> 00:56:39,520

yep yep very sad um and it's happening

1546

00:56:44,390 --> 00:56:41,760

we have to take that into account um you

1547

00:56:45,910 --> 00:56:44,400

know what happened but yeah fascinating

1548

00:56:48,870 --> 00:56:45,920

all right chrissy

1549

00:56:50,230 --> 00:56:48,880

here we go um and i know you yeah let's

1550

00:56:51,750 --> 00:56:50,240

do it because i know you have limited

1551

00:56:53,190 --> 00:56:51,760

time tonight um

1552

00:56:55,910 --> 00:56:53,200

what do you are you familiar with the

1553

00:56:57,750 --> 00:56:55,920

calvin ufo incident i've only

1554

00:56:58,950 --> 00:56:57,760

yeah i'm only fairly familiar with it i

1555

00:57:01,430 --> 00:56:58,960

know that they said that it can't be

1556

00:57:04,150 --> 00:57:01,440

released until like i think 2075 i

1557

00:57:05,990 --> 00:57:04,160

believe so i know yeah

1558

00:57:07,990 --> 00:57:06,000

um and i know that yeah the there was

1559

00:57:09,829 --> 00:57:08,000

two hikers that went hiking i know the

1560

00:57:10,950 --> 00:57:09,839

the story of it and they took the photos

1561

00:57:13,349 --> 00:57:10,960

and it's supposed to be one of the most

1562

00:57:14,390 --> 00:57:13,359

amazing ufo photos and i believe it's a

1563

00:57:17,670 --> 00:57:14,400

diamond shaped and there's been

1564

00:57:19,349 --> 00:57:17,680

renderings of it but um i don't know

1565

00:57:20,710 --> 00:57:19,359

where we're at there we go i don't know

1566

00:57:21,910 --> 00:57:20,720

where we're at that's a rendering just

1567

00:57:23,510 --> 00:57:21,920

so make sure people don't think it's

1568

00:57:24,309 --> 00:57:23,520

real yes

1569

00:57:26,390 --> 00:57:24,319

let's

1570

00:57:29,990 --> 00:57:26,400

give that precursor this is not in

1571

00:57:31,510 --> 00:57:30,000

everything ufo photo people okay yeah so

1572

00:57:34,309 --> 00:57:31,520

i just know that from the base of the

1573

00:57:36,150 --> 00:57:34,319

story and then i know that as of now um

1574

00:57:37,990 --> 00:57:36,160

the conversation but graham i'd love to

1575

00:57:39,589 --> 00:57:38,000

know where your thoughts are and what

1576  
00:57:41,349 --> 00:57:39,599  
your thoughts on this and what else you

1577  
00:57:43,109 --> 00:57:41,359  
might know that you can talk to us about

1578  
00:57:44,309 --> 00:57:43,119  
let's see yeah so let's kind of if you

1579  
00:57:46,150 --> 00:57:44,319  
don't mind graham start from the

1580  
00:57:46,870 --> 00:57:46,160  
beginning man give us like the skivvie

1581  
00:57:49,190 --> 00:57:46,880  
on

1582  
00:57:51,190 --> 00:57:49,200  
where this image came from uh this

1583  
00:57:53,829 --> 00:57:51,200  
rendering i know there's supposedly an

1584  
00:57:55,910 --> 00:57:53,839  
actual photo but yeah if you don't mind

1585  
00:57:57,670 --> 00:57:55,920  
like chrissy said like uh cliff notes

1586  
00:57:59,589 --> 00:57:57,680  
version of what this event is who

1587  
00:58:01,190 --> 00:57:59,599  
brought it to light you know i did just

1588  
00:58:03,430 --> 00:58:01,200

talk to nick pope on the show not too

1589

00:58:05,910 --> 00:58:03,440

long ago he was in new york so i got to

1590

00:58:08,870 --> 00:58:05,920

sit down with him face to face and um

1591

00:58:10,230 --> 00:58:08,880

he's a controversial person um so take

1592

00:58:12,630 --> 00:58:10,240

what you will for him on this incident

1593

00:58:14,710 --> 00:58:12,640

but he is directly involved apparently

1594

00:58:15,829 --> 00:58:14,720

so um yeah take it from there man i'm

1595

00:58:17,750 --> 00:58:15,839

gonna shut up

1596

00:58:19,190 --> 00:58:17,760

yeah well nick certainly like has an

1597

00:58:20,630 --> 00:58:19,200

interest in the case because i believe

1598

00:58:22,870 --> 00:58:20,640

he said he had a poster on his wall

1599

00:58:25,030 --> 00:58:22,880

which you know had the this you know

1600

00:58:26,630 --> 00:58:25,040

that was taken from the photograph or

1601  
00:58:28,230 --> 00:58:26,640  
one of the photographs and then of

1602  
00:58:30,390 --> 00:58:28,240  
course this representation was taken

1603  
00:58:32,710 --> 00:58:30,400  
from it there's actually a line drawing

1604  
00:58:34,309 --> 00:58:32,720  
in the mod archives which you can find

1605  
00:58:36,230 --> 00:58:34,319  
online um

1606  
00:58:38,069 --> 00:58:36,240  
it is it does show the craft that you've

1607  
00:58:39,910 --> 00:58:38,079  
got there it's just like a kind of

1608  
00:58:41,990 --> 00:58:39,920  
photocopy if you like of a line drawing

1609  
00:58:44,230 --> 00:58:42,000  
that they use to try and do some

1610  
00:58:47,109 --> 00:58:44,240  
analysis on the sizes etc of the of the

1611  
00:58:49,430 --> 00:58:47,119  
object um so it's it's like a very crude

1612  
00:58:51,750 --> 00:58:49,440  
photocopy and it does show that kind of

1613  
00:58:53,349 --> 00:58:51,760

outline shape of the craft and it does

1614

00:58:55,750 --> 00:58:53,359

show an aircraft in roughly that kind of

1615

00:58:57,190 --> 00:58:55,760

position which is a harrier it's you

1616

00:58:59,670 --> 00:58:57,200

know you can tell what type of aircraft

1617

00:59:01,750 --> 00:58:59,680

it is and actually in the original image

1618

00:59:03,750 --> 00:59:01,760

that support they reckon that they found

1619

00:59:05,430 --> 00:59:03,760

evidence of the second aircraft as well

1620

00:59:07,190 --> 00:59:05,440

albeit someone who was much further away

1621

00:59:09,109 --> 00:59:07,200

it doesn't show up on the line drawing

1622

00:59:10,870 --> 00:59:09,119

um the course the photograph itself has

1623

00:59:13,589 --> 00:59:10,880

never been published so you know

1624

00:59:15,270 --> 00:59:13,599

nobody's actually officially seen it

1625

00:59:16,470 --> 00:59:15,280

um but that's all i'll say on that

1626  
00:59:18,069 --> 00:59:16,480  
matter

1627  
00:59:20,470 --> 00:59:18,079  
in terms of setting the scene so we're

1628  
00:59:23,030 --> 00:59:20,480  
looking at the 4th of august 1990 so

1629  
00:59:24,710 --> 00:59:23,040  
it's you know 32 years ago uh and it's

1630  
00:59:27,430 --> 00:59:24,720  
about nine o'clock at night

1631  
00:59:29,349 --> 00:59:27,440  
and this is calvin it's a very

1632  
00:59:31,349 --> 00:59:29,359  
it's a it's a very small place it's a

1633  
00:59:33,750 --> 00:59:31,359  
it's a hamlet effectively

1634  
00:59:36,230 --> 00:59:33,760  
of half a dozen houses a couple of farms

1635  
00:59:37,510 --> 00:59:36,240  
um just off the main highway from perth

1636  
00:59:38,950 --> 00:59:37,520  
to inverness which is in central

1637  
00:59:41,030 --> 00:59:38,960  
scotland so you're going through the

1638  
00:59:43,270 --> 00:59:41,040

mountains effectively in scotland

1639

00:59:45,349 --> 00:59:43,280

in the scottish highlands um

1640

00:59:47,670 --> 00:59:45,359

so it's reasonably you know sparsely

1641

00:59:49,829 --> 00:59:47,680

populated but not entirely uninhabited

1642

00:59:51,349 --> 00:59:49,839

so there are people who live there but

1643

00:59:52,630 --> 00:59:51,359

one night so you're nine o'clock at

1644

00:59:54,309 --> 00:59:52,640

night in the middle of the summer so

1645

00:59:55,829 --> 00:59:54,319

there's still light to be able to see

1646

00:59:57,910 --> 00:59:55,839

and take photographs

1647

01:00:01,190 --> 00:59:57,920

two people now chrissy called them

1648

01:00:05,030 --> 01:00:01,200

hikers were on a hillside nearby

1649

01:00:05,990 --> 01:00:05,040

they weren't hikers they were poachers

1650

01:00:09,349 --> 01:00:06,000

so

1651

01:00:11,270 --> 01:00:09,359

the camera with them and this is an

1652

01:00:12,789 --> 01:00:11,280

extrapolation this is not for certain

1653

01:00:14,710 --> 01:00:12,799

but i'm guessing that the reason why

1654

01:00:16,150 --> 01:00:14,720

they had the camera was because they had

1655

01:00:17,750 --> 01:00:16,160

a kill and they were wanting to take a

1656

01:00:18,789 --> 01:00:17,760

picture of it

1657

01:00:20,470 --> 01:00:18,799

because that's the only reason why

1658

01:00:22,549 --> 01:00:20,480

they'd have a camera out there right

1659

01:00:24,309 --> 01:00:22,559

right okay and that makes sense all

1660

01:00:26,630 --> 01:00:24,319

right so it's one of these one in a

1661

01:00:28,309 --> 01:00:26,640

million opportunities to take a picture

1662

01:00:29,829 --> 01:00:28,319

of a uf at what you know people are

1663

01:00:31,270 --> 01:00:29,839

called the ufo

1664

01:00:33,430 --> 01:00:31,280

you were in the right place at the right

1665

01:00:34,789 --> 01:00:33,440

time with the right equipment

1666

01:00:35,589 --> 01:00:34,799

it wasn't planned or anything like it

1667

01:00:36,870 --> 01:00:35,599

just happened to be you know

1668

01:00:38,870 --> 01:00:36,880

happenstance

1669

01:00:40,549 --> 01:00:38,880

so these two guys

1670

01:00:42,870 --> 01:00:40,559

took this picture or they took six

1671

01:00:44,390 --> 01:00:42,880

pictures rather apparently

1672

01:00:46,470 --> 01:00:44,400

and this is one of them you know the

1673

01:00:48,309 --> 01:00:46,480

representation of it of this diamond

1674

01:00:51,829 --> 01:00:48,319

shaped craft with this little kind of

1675

01:00:53,750 --> 01:00:51,839

empanadas at the one end of it and one

1676

01:00:55,589 --> 01:00:53,760

at least one harrier now they said the

1677

01:00:57,349 --> 01:00:55,599

harry was flying around you know in the

1678

01:00:58,390 --> 01:00:57,359

area

1679

01:01:00,150 --> 01:00:58,400

and

1680

01:01:03,190 --> 01:01:00,160

of course when the analysis of the of

1681

01:01:04,710 --> 01:01:03,200

the image came up much later the the the

1682

01:01:06,150 --> 01:01:04,720

guys at the ministry of defense actually

1683

01:01:07,750 --> 01:01:06,160

realized that there was another aircraft

1684

01:01:10,150 --> 01:01:07,760

in the image but that wasn't apparent

1685

01:01:12,950 --> 01:01:10,160

straight away now this thing this

1686

01:01:15,030 --> 01:01:12,960

diamond-shaped craft was hovering

1687

01:01:16,710 --> 01:01:15,040

and it hovered there they said when they

1688

01:01:19,750 --> 01:01:16,720

reported the incident

1689

01:01:21,430 --> 01:01:19,760

um for about 10 minutes 15 minutes or so

1690

01:01:23,190 --> 01:01:21,440

um i can't remember the exact time scan

1691

01:01:24,950 --> 01:01:23,200

but it was it was a fair amount of time

1692

01:01:26,630 --> 01:01:24,960

and then it shot upwards

1693

01:01:28,390 --> 01:01:26,640

out of sight

1694

01:01:29,750 --> 01:01:28,400

the aircraft was in the reason now it's

1695

01:01:31,510 --> 01:01:29,760

not clear whether the aircraft were

1696

01:01:33,109 --> 01:01:31,520

escorting it or whether they just

1697

01:01:34,630 --> 01:01:33,119

happened to be in the same vicinity you

1698

01:01:35,910 --> 01:01:34,640

know one that again won those million to

1699

01:01:40,069 --> 01:01:35,920

one shots

1700

01:01:42,470 --> 01:01:40,079

it's not entirely clear now the two guys

1701

01:01:44,549 --> 01:01:42,480

actually took the story to the daily

1702

01:01:47,589 --> 01:01:44,559

record which is one of the main

1703

01:01:48,789 --> 01:01:47,599

sort of scottish newspapers

1704

01:01:51,030 --> 01:01:48,799

and

1705

01:01:52,390 --> 01:01:51,040

when they got the pictures

1706

01:01:54,549 --> 01:01:52,400

they didn't know what to do with them

1707

01:01:57,430 --> 01:01:54,559

because i think the if i remember

1708

01:01:59,270 --> 01:01:57,440

rightly the picture editor etc the other

1709

01:02:00,390 --> 01:01:59,280

people who like would deal with it you

1710

01:02:02,390 --> 01:02:00,400

know stuff like this coming into the

1711

01:02:04,710 --> 01:02:02,400

paper he was on holiday

1712

01:02:05,589 --> 01:02:04,720

so there was a relief staff who were on

1713

01:02:06,789 --> 01:02:05,599

and

1714

01:02:08,150 --> 01:02:06,799

rather than

1715

01:02:09,510 --> 01:02:08,160

take the information and publish the

1716

01:02:12,789 --> 01:02:09,520

story which would have been the best

1717

01:02:15,109 --> 01:02:12,799

thing all around and publish the picture

1718

01:02:16,230 --> 01:02:15,119

they they asked the mod

1719

01:02:18,710 --> 01:02:16,240

for comment

1720

01:02:20,549 --> 01:02:18,720

before the story was run and of course

1721

01:02:22,230 --> 01:02:20,559

the mod the ministry of defense said

1722

01:02:23,750 --> 01:02:22,240

well can we have a look at them

1723

01:02:25,670 --> 01:02:23,760

and they went yeah and they passed all

1724

01:02:29,190 --> 01:02:25,680

the information to them

1725

01:02:32,230 --> 01:02:29,200

just give the mod the information

1726

01:02:34,470 --> 01:02:32,240

so mistake one right i thought the

1727

01:02:36,230 --> 01:02:34,480

airport didn't have any of the details

1728

01:02:37,990 --> 01:02:36,240

anymore they passed everything to did i

1729

01:02:39,990 --> 01:02:38,000

do don't even believe the two copies

1730

01:02:43,029 --> 01:02:40,000

they just passed everything to the mod

1731

01:02:46,630 --> 01:02:43,039

um now you can look in the mod uh

1732

01:02:48,150 --> 01:02:46,640

release of files from back then from

1733

01:02:49,270 --> 01:02:48,160

about you know this this time period or

1734

01:02:52,230 --> 01:02:49,280

shortly afterwards rather about

1735

01:02:53,990 --> 01:02:52,240

september time 1990. um they're

1736

01:02:55,910 --> 01:02:54,000

available you know you can see them on

1737

01:02:57,750 --> 01:02:55,920

the internet and

1738

01:03:00,470 --> 01:02:57,760

they do see the kind of backwards and

1739

01:03:02,870 --> 01:03:00,480

forwards of you know the the documents

1740

01:03:04,950 --> 01:03:02,880

to do with this case so

1741

01:03:07,109 --> 01:03:04,960

there is this line drawing because they

1742

01:03:09,510 --> 01:03:07,119

passed it to a branch called di55 which

1743

01:03:11,750 --> 01:03:09,520

is effectively the investigation

1744

01:03:13,990 --> 01:03:11,760

uh arm of the ministry of defense in

1745

01:03:16,470 --> 01:03:14,000

terms of the ufos now you don't see nick

1746

01:03:19,510 --> 01:03:16,480

pope says that he well did does he say

1747

01:03:21,589 --> 01:03:19,520

that he led like the ufo program or he's

1748

01:03:23,589 --> 01:03:21,599

you know he was the major player in it

1749

01:03:25,349 --> 01:03:23,599

i don't necessarily think that's quite

1750

01:03:27,750 --> 01:03:25,359

the case he was certainly there to take

1751

01:03:29,829 --> 01:03:27,760

phone calls and and maybe

1752

01:03:31,670 --> 01:03:29,839

so work on policy and things like that

1753

01:03:33,589 --> 01:03:31,680

but he worked in an office he never went

1754

01:03:35,349 --> 01:03:33,599

as far as i'm aware and i'm not trying

1755

01:03:37,270 --> 01:03:35,359

to denigrate you know nick pope here at

1756

01:03:39,750 --> 01:03:37,280

all but he never went into the field and

1757

01:03:42,150 --> 01:03:39,760

did you know on the spot investigations

1758

01:03:44,470 --> 01:03:42,160

and in terms of technical analysis uh

1759

01:03:45,750 --> 01:03:44,480

this other branch did that kind of stuff

1760

01:03:48,150 --> 01:03:45,760

because there are

1761

01:03:50,230 --> 01:03:48,160

documents to show that they actually did

1762

01:03:52,069 --> 01:03:50,240

a you know some kind of analysis on this

1763

01:03:54,150 --> 01:03:52,079

draw they came up with this drawing to

1764

01:03:56,630 --> 01:03:54,160

try and work out what the size of it was

1765

01:03:58,069 --> 01:03:56,640

compared with a harrier um to see

1766

01:04:00,230 --> 01:03:58,079

whether it was any kind of thing that

1767

01:04:02,069 --> 01:04:00,240

they knew about or just

1768

01:04:03,990 --> 01:04:02,079

what they would do anyway for an unknown

1769

01:04:06,950 --> 01:04:04,000

craft see what size it was see what

1770

01:04:08,630 --> 01:04:06,960

dimensions was all that yadda yadda um

1771

01:04:10,230 --> 01:04:08,640

but that wasn't nick pope he didn't do

1772

01:04:12,870 --> 01:04:10,240

that there was a there was this other

1773

01:04:14,470 --> 01:04:12,880

branch that did it so you can see that

1774

01:04:16,390 --> 01:04:14,480

information you can see also there's

1775

01:04:18,789 --> 01:04:16,400

some information around that line

1776

01:04:20,230 --> 01:04:18,799

drawing that they asked for squadron

1777

01:04:22,470 --> 01:04:20,240

because that's that's four squadron

1778

01:04:24,150 --> 01:04:22,480

operations as mentioned in this specific

1779

01:04:26,710 --> 01:04:24,160

document four squadron was actually a

1780

01:04:27,990 --> 01:04:26,720

unit that flew the harrier back in 1990

1781

01:04:30,069 --> 01:04:28,000

along with one squadron and three

1782

01:04:32,150 --> 01:04:30,079

squadron i've looked through their

1783

01:04:33,829 --> 01:04:32,160

operational records uh for that

1784

01:04:36,789 --> 01:04:33,839

particular month there's no mention of

1785

01:04:37,750 --> 01:04:36,799

this craft whatsoever surprise surprise

1786

01:04:39,510 --> 01:04:37,760

um

1787

01:04:40,630 --> 01:04:39,520

but when you look at some other

1788

01:04:43,190 --> 01:04:40,640

information

1789

01:04:44,710 --> 01:04:43,200

they realized or the mod realized and

1790

01:04:46,150 --> 01:04:44,720

this is not nick pope because i don't

1791

01:04:47,430 --> 01:04:46,160

think he was working for them at that

1792

01:04:50,230 --> 01:04:47,440

time i might be wrong about that i'm

1793

01:04:51,910 --> 01:04:50,240

pretty sure he wasn't in post at the

1794

01:04:55,349 --> 01:04:51,920

time this happened i think that might

1795

01:04:56,710 --> 01:04:55,359

have been afterwards um he

1796

01:04:57,750 --> 01:04:56,720

sorry whoever was dealing with the case

1797

01:04:59,750 --> 01:04:57,760

at the time i believe he was someone

1798

01:05:01,829 --> 01:04:59,760

called owen hartup i might be wrong

1799

01:05:04,470 --> 01:05:01,839

about that as well um but whoever

1800

01:05:06,630 --> 01:05:04,480

actually was dealing with it for the mod

1801

01:05:08,069 --> 01:05:06,640

they had a list of kind of things that

1802

01:05:09,670 --> 01:05:08,079

they would talk to journalists about

1803

01:05:11,510 --> 01:05:09,680

because there's a document in the in the

1804

01:05:14,150 --> 01:05:11,520

files about that as well that says you

1805

01:05:16,069 --> 01:05:14,160

know lines to take it actually says that

1806

01:05:17,109 --> 01:05:16,079

so they've got four or five lines about

1807

01:05:18,950 --> 01:05:17,119

um

1808

01:05:20,309 --> 01:05:18,960

what they should say about this incident

1809

01:05:22,390 --> 01:05:20,319

and then also there's a bit underneath

1810

01:05:23,990 --> 01:05:22,400

where it says if pressed so that means

1811

01:05:26,390 --> 01:05:24,000

if the journalists didn't take you know

1812

01:05:28,309 --> 01:05:26,400

no for an answer and went further this

1813

01:05:29,589 --> 01:05:28,319

is something else that would say

1814

01:05:31,349 --> 01:05:29,599

so you've got all that kind of thing you

1815

01:05:33,029 --> 01:05:31,359

know it's um it's quite weird to see

1816

01:05:35,029 --> 01:05:33,039

this kind of it's a it's effectively

1817

01:05:36,150 --> 01:05:35,039

like a pr exercise for them to come up

1818

01:05:37,270 --> 01:05:36,160

with all this stuff in advance and

1819

01:05:39,109 --> 01:05:37,280

saying you know this is what we're going

1820

01:05:41,029 --> 01:05:39,119

to tell you when you ask about it and if

1821

01:05:43,270 --> 01:05:41,039

you probe a little bit deeper we're

1822

01:05:45,270 --> 01:05:43,280

going to say this if we're pushed

1823

01:05:46,630 --> 01:05:45,280

so that's that's the kind of questioning

1824

01:05:47,829 --> 01:05:46,640

so that's the information that's in the

1825

01:05:49,029 --> 01:05:47,839

archives

1826

01:05:51,430 --> 01:05:49,039

now

1827

01:05:52,710 --> 01:05:51,440

the the witnesses never came forward

1828

01:05:54,630 --> 01:05:52,720

ever

1829

01:05:55,990 --> 01:05:54,640

but there's a reason for that and that's

1830

01:05:57,270 --> 01:05:56,000

probably doubt the fact that they were

1831

01:05:59,270 --> 01:05:57,280

you know poaching

1832

01:06:00,630 --> 01:05:59,280

and they may have been known in the area

1833

01:06:02,309 --> 01:06:00,640

the police might have been involved at

1834

01:06:04,069 --> 01:06:02,319

some stage chances are they just didn't

1835

01:06:05,430 --> 01:06:04,079

want the publicity you know they might

1836

01:06:07,829 --> 01:06:05,440

have thought was a good idea to go to a

1837

01:06:09,750 --> 01:06:07,839

newspaper with a story i'm presupposing

1838

01:06:11,510 --> 01:06:09,760

here of course to get some money for a

1839

01:06:13,670 --> 01:06:11,520

story you know because tabloids pay for

1840

01:06:16,069 --> 01:06:13,680

stories in the uk um they might have

1841

01:06:17,510 --> 01:06:16,079

thought they're on a quick book but it

1842

01:06:19,109 --> 01:06:17,520

might have backfired on them with all

1843

01:06:21,190 --> 01:06:19,119

the press attention that

1844

01:06:23,109 --> 01:06:21,200

you know came after this they probably

1845

01:06:24,870 --> 01:06:23,119

just want to keep quiet because a few

1846

01:06:26,470 --> 01:06:24,880

too many questions might have found out

1847

01:06:27,430 --> 01:06:26,480

why they were actually there for rather

1848

01:06:30,150 --> 01:06:27,440

than right

1849

01:06:31,750 --> 01:06:30,160

now but essentially they're living yeah

1850

01:06:34,230 --> 01:06:31,760

they don't want to risk that every time

1851

01:06:37,029 --> 01:06:34,240

you see this story it's two hikers they

1852

01:06:38,789 --> 01:06:37,039

weren't hikers there were poachers so

1853

01:06:41,349 --> 01:06:38,799

there's there's you there's your bit

1854

01:06:43,829 --> 01:06:41,359

straight away now in terms of the

1855

01:06:45,910 --> 01:06:43,839

locking away the records chris said 2075

1856

01:06:48,870 --> 01:06:45,920

it's actually 2076 they've been locked

1857

01:06:50,870 --> 01:06:48,880

too so damn it chrissy sorry i think

1858

01:06:52,150 --> 01:06:50,880

you're off

1859

01:06:53,589 --> 01:06:52,160

one year

1860

01:06:54,630 --> 01:06:53,599

i'm i'm hopeful that it's going to come

1861

01:06:56,789 --> 01:06:54,640

out a year before

1862

01:06:58,549 --> 01:06:56,799

[Laughter]

1863

01:07:00,230 --> 01:06:58,559

always the she's the optimist on

1864

01:07:02,789 --> 01:07:00,240

something

1865

01:07:05,109 --> 01:07:02,799

yeah it's just a year just one year yeah

1866

01:07:07,029 --> 01:07:05,119

it's not a big don't worry um

1867

01:07:08,470 --> 01:07:07,039

it's a long time and the reason why

1868

01:07:09,990 --> 01:07:08,480

they're doing it until effectively the

1869

01:07:12,309 --> 01:07:10,000

witnesses are dead and anybody who's

1870

01:07:14,710 --> 01:07:12,319

gotten interested now is dead is because

1871

01:07:18,069 --> 01:07:14,720

of gdpr which is the data protection

1872

01:07:20,150 --> 01:07:18,079

regulations in this country um it'll be

1873

01:07:21,589 --> 01:07:20,160

chances are because it's names addresses

1874

01:07:23,589 --> 01:07:21,599

or the name and address of the witness

1875

01:07:26,230 --> 01:07:23,599

who made the statement

1876

01:07:28,789 --> 01:07:26,240

it'll be that information that's being

1877

01:07:30,309 --> 01:07:28,799

kept under wraps because now

1878

01:07:32,870 --> 01:07:30,319

um you know that kind of information is

1879

01:07:34,470 --> 01:07:32,880

considered um you know really secret you

1880

01:07:36,549 --> 01:07:34,480

can't divulge it

1881

01:07:38,630 --> 01:07:36,559

under very specific circumstances and

1882

01:07:39,910 --> 01:07:38,640

this isn't one of them uh it's not

1883

01:07:41,270 --> 01:07:39,920

considered to be under the national

1884

01:07:42,390 --> 01:07:41,280

interest sort of thing so it can't be

1885

01:07:44,549 --> 01:07:42,400

released that way

1886

01:07:46,309 --> 01:07:44,559

uh there's a whole lot of reasons why

1887

01:07:48,230 --> 01:07:46,319

it's kept under wraps i used to work for

1888

01:07:49,270 --> 01:07:48,240

our national health service in the uk

1889

01:07:51,670 --> 01:07:49,280

you know there was stuff that we

1890

01:07:54,230 --> 01:07:51,680

couldn't divulge to people unless under

1891

01:07:56,390 --> 01:07:54,240

specific circumstances so yeah i'm sure

1892

01:07:57,990 --> 01:07:56,400

there's you know similar uh laws

1893

01:07:59,270 --> 01:07:58,000

regarding data operate in the united

1894

01:08:00,309 --> 01:07:59,280

states and in other countries around the

1895

01:08:02,150 --> 01:08:00,319

world for people who are listening to

1896

01:08:04,309 --> 01:08:02,160

this so you know there's reasons why

1897

01:08:06,230 --> 01:08:04,319

that happens it's a mundane explanation

1898

01:08:07,990 --> 01:08:06,240

i know people are thinking oh well it's

1899

01:08:09,589 --> 01:08:08,000

the photographs which are being kept

1900

01:08:11,349 --> 01:08:09,599

under wraps no

1901

01:08:13,510 --> 01:08:11,359

the photographs are probably you know in

1902

01:08:14,950 --> 01:08:13,520

circulation somewhere people have you

1903

01:08:17,990 --> 01:08:14,960

know some people have seen them over the

1904

01:08:20,070 --> 01:08:18,000

years um that much i know but in terms

1905

01:08:21,910 --> 01:08:20,080

of them coming to light there'll be

1906

01:08:24,709 --> 01:08:21,920

reasons why you know they haven't been

1907

01:08:25,990 --> 01:08:24,719

officially released but i guess in terms

1908

01:08:27,990 --> 01:08:26,000

of a legal reason why you'd keep

1909

01:08:30,149 --> 01:08:28,000

something under wraps until 2076 it's

1910

01:08:31,829 --> 01:08:30,159

because of the names and dresses that's

1911

01:08:34,390 --> 01:08:31,839

the only reason unless there's some

1912

01:08:36,550 --> 01:08:34,400

gigantic cover-up but i'm pretty sure

1913

01:08:39,030 --> 01:08:36,560

it's more just a lot it's the fact it's

1914

01:08:40,950 --> 01:08:39,040

it's just the names and addresses so

1915

01:08:43,269 --> 01:08:40,960

unfortunately 32 years later that's

1916

01:08:44,550 --> 01:08:43,279

where we are with this case now in terms

1917

01:08:47,860 --> 01:08:44,560

of what it was

1918

01:08:52,149 --> 01:08:50,149

[Laughter]

1919

01:08:55,189 --> 01:08:52,159

don't don't don't break my heart here

1920

01:08:58,550 --> 01:08:57,269

chances are it's not ufo

1921

01:09:00,070 --> 01:08:58,560

in terms of ufo because it's

1922

01:09:02,950 --> 01:09:00,080

unidentified because nobody really knows

1923

01:09:05,349 --> 01:09:02,960

what it is at the moment yeah okay but

1924

01:09:06,470 --> 01:09:05,359

it is probably some kind of secret u.s

1925

01:09:09,749 --> 01:09:06,480

tech

1926

01:09:11,430 --> 01:09:09,759

the harriers were probably escorting it

1927

01:09:13,910 --> 01:09:11,440

so people who are building their hopes

1928

01:09:17,669 --> 01:09:13,920

up in terms of this being some wonderful

1929

01:09:18,870 --> 01:09:17,679

the best ever ufo case in britain

1930

01:09:20,149 --> 01:09:18,880

probably not

1931

01:09:22,390 --> 01:09:20,159

there's been you know there's some

1932

01:09:24,709 --> 01:09:22,400

information out there too that's already

1933

01:09:27,189 --> 01:09:24,719

out there in depending where you look

1934

01:09:29,110 --> 01:09:27,199

that suggests that the uk got in touch

1935

01:09:31,110 --> 01:09:29,120

with the pentagon straight afterwards to

1936

01:09:33,030 --> 01:09:31,120

find out what was going on and the

1937

01:09:34,709 --> 01:09:33,040

pentagon got in touch with britain to

1938

01:09:36,630 --> 01:09:34,719

find out what was going on and there

1939

01:09:38,950 --> 01:09:36,640

might have been a bit of kind of rgb in

1940

01:09:41,829 --> 01:09:38,960

terms of who was to blame

1941

01:09:44,390 --> 01:09:41,839

and maybe are you operating secret craft

1942

01:09:45,430 --> 01:09:44,400

you know over our space or or have you

1943

01:09:46,870 --> 01:09:45,440

brits got something that you're not

1944

01:09:49,430 --> 01:09:46,880

telling us about this kind of stuff

1945

01:09:51,669 --> 01:09:49,440

going on um so i think there's a you

1946

01:09:54,070 --> 01:09:51,679

know there's a little bit of kind of

1947

01:09:55,430 --> 01:09:54,080

some secrets kind of stuff going where

1948

01:09:56,870 --> 01:09:55,440

if the americans were testing something

1949

01:09:58,870 --> 01:09:56,880

over uk airspace and they weren't

1950

01:10:00,790 --> 01:09:58,880

telling us that would be a big big

1951

01:10:03,110 --> 01:10:00,800

problem you know and if that was found

1952

01:10:04,390 --> 01:10:03,120

out then oh yeah it'd be hell to pay it

1953

01:10:06,390 --> 01:10:04,400

might have caused a bit of a kind of a

1954

01:10:08,709 --> 01:10:06,400

bit of a stink to you know against the

1955

01:10:11,270 --> 01:10:08,719

respective militaries but it's all been

1956

01:10:13,270 --> 01:10:11,280

smoothed out since then but that crafts

1957

01:10:14,870 --> 01:10:13,280

but we're talking before about craft not

1958

01:10:16,790 --> 01:10:14,880

being unveiled after a certain period of

1959

01:10:18,390 --> 01:10:16,800

time nobody's come forward from the

1960

01:10:20,070 --> 01:10:18,400

americans to say we've got this

1961

01:10:23,030 --> 01:10:20,080

technology but there could be reasons

1962

01:10:25,350 --> 01:10:23,040

why they're not doing that for um but in

1963

01:10:27,750 --> 01:10:25,360

terms of you know a more

1964

01:10:30,229 --> 01:10:27,760

otherworldly explanation

1965

01:10:31,110 --> 01:10:30,239

i don't think so not in this particular

1966

01:10:32,790 --> 01:10:31,120

case

1967

01:10:34,470 --> 01:10:32,800

it seems with everything that's gone

1968

01:10:36,310 --> 01:10:34,480

around it and this talk about this kind

1969

01:10:39,110 --> 01:10:36,320

of interplay between the pentagon and

1970

01:10:40,870 --> 01:10:39,120

the in the uh the mod and some other

1971

01:10:43,110 --> 01:10:40,880

things that

1972

01:10:44,790 --> 01:10:43,120

there's probably a more rational

1973

01:10:46,070 --> 01:10:44,800

explanation behind it

1974

01:10:48,310 --> 01:10:46,080

it's just that the fact that they're

1975

01:10:50,149 --> 01:10:48,320

unwilling to actually divulge the

1976

01:10:52,470 --> 01:10:50,159

technology they've got in this

1977

01:10:54,550 --> 01:10:52,480

particular platform and bearing in mind

1978

01:10:56,550 --> 01:10:54,560

that two years later off the west coast

1979

01:10:58,390 --> 01:10:56,560

of america there were reports of this

1980

01:11:00,070 --> 01:10:58,400

thing that using a call sign called gas

1981

01:11:02,390 --> 01:11:00,080

pipe which was coming in from high

1982

01:11:04,390 --> 01:11:02,400

altitude and flying into landings you

1983

01:11:06,870 --> 01:11:04,400

know hundreds of miles away and it was

1984

01:11:08,470 --> 01:11:06,880

dropping down like a stone 5000 feet a

1985

01:11:11,030 --> 01:11:08,480

minute kind of thing it was coming in

1986

01:11:12,790 --> 01:11:11,040

from 80 000 feet but it had a radio call

1987

01:11:15,270 --> 01:11:12,800

sign and then this thing that crashed a

1988

01:11:16,709 --> 01:11:15,280

bus come down in 1994 on the runway

1989

01:11:18,550 --> 01:11:16,719

because it's nose wheel collapse or

1990

01:11:21,669 --> 01:11:18,560

something which may or may not be an

1991

01:11:23,910 --> 01:11:21,679

av-6 aerial vehicle 6 the astra

1992

01:11:26,950 --> 01:11:23,920

prototype which again is a semi-cit a

1993

01:11:28,950 --> 01:11:26,960

very very secret lockheed platform

1994

01:11:31,110 --> 01:11:28,960

who knows what the americans at that

1995

01:11:33,270 --> 01:11:31,120

time were experimenting with and maybe

1996

01:11:35,189 --> 01:11:33,280

still are or maybe have

1997

01:11:36,550 --> 01:11:35,199

you know tried maybe it's failed for

1998

01:11:38,550 --> 01:11:36,560

some reason and they've shelved it and

1999

01:11:40,470 --> 01:11:38,560

moved on the swing even better there's

2000

01:11:42,310 --> 01:11:40,480

reasons why they might keep this stuff

2001  
01:11:44,709 --> 01:11:42,320  
under wraps and of course at the moment

2002  
01:11:45,750 --> 01:11:44,719  
all this stuff going on in ukraine it's

2003  
01:11:47,110 --> 01:11:45,760  
the last thing they're going to do at

2004  
01:11:48,950 --> 01:11:47,120  
the moment is tell people what they've

2005  
01:11:50,630 --> 01:11:48,960  
got because you know why would you in a

2006  
01:11:52,630 --> 01:11:50,640  
situation like this

2007  
01:11:54,390 --> 01:11:52,640  
absolutely well you know what this this

2008  
01:11:56,070 --> 01:11:54,400  
kind of reminds me of two

2009  
01:11:59,189 --> 01:11:56,080  
is um and this kind of relates to a

2010  
01:12:01,350 --> 01:11:59,199  
question christopher plane asked um is

2011  
01:12:03,750 --> 01:12:01,360  
it commonplace for us dod to test tech

2012  
01:12:05,110 --> 01:12:03,760  
in the uk um i just want to piggyback

2013  
01:12:07,590 --> 01:12:05,120

off of that by saying you know during

2014

01:12:10,149 --> 01:12:07,600

the rendelsham forest incident whatever

2015

01:12:12,630 --> 01:12:10,159

that craft was that landed in the forest

2016

01:12:15,430 --> 01:12:12,640

and shot beams down into the you know

2017

01:12:17,750 --> 01:12:15,440

the weapon storage areas um

2018

01:12:19,669 --> 01:12:17,760

the uk was not aware that the us was

2019

01:12:22,229 --> 01:12:19,679

housing nuclear ordinance at the base at

2020

01:12:24,149 --> 01:12:22,239

the time this was a secret we had that

2021

01:12:26,390 --> 01:12:24,159

we put those weapons there you know i'm

2022

01:12:28,070 --> 01:12:26,400

sure they had inklings that yeah of

2023

01:12:30,149 --> 01:12:28,080

course it's the cold war we got to have

2024

01:12:32,870 --> 01:12:30,159

some sort of nuclear protection but they

2025

01:12:33,669 --> 01:12:32,880

had a ton of nuclear ordinance that they

2026

01:12:36,630 --> 01:12:33,679

had

2027

01:12:38,630 --> 01:12:36,640

somehow snuck into the um you know the

2028

01:12:40,870 --> 01:12:38,640

storage areas there and of course those

2029

01:12:43,270 --> 01:12:40,880

were the areas where this ufo supposedly

2030

01:12:45,590 --> 01:12:43,280

was seen hovering over and that seems to

2031

01:12:47,030 --> 01:12:45,600

be a big reason why the rendelsham

2032

01:12:48,790 --> 01:12:47,040

forest case is

2033

01:12:51,189 --> 01:12:48,800

such a big deal and there was such a big

2034

01:12:53,350 --> 01:12:51,199

cover-up is not so much even the ufo per

2035

01:12:55,590 --> 01:12:53,360

se it was the fact that we were

2036

01:12:58,870 --> 01:12:55,600

against treaty at the time the u.s of

2037

01:13:00,709 --> 01:12:58,880

having these weapons there so um i guess

2038

01:13:02,310 --> 01:13:00,719

piggy backing off of that graham why

2039

01:13:04,390 --> 01:13:02,320

would the us be

2040

01:13:06,229 --> 01:13:04,400

testing something over in the uk during

2041

01:13:08,390 --> 01:13:06,239

this time i mean we have such a good

2042

01:13:11,110 --> 01:13:08,400

relationship with you guys there when it

2043

01:13:13,030 --> 01:13:11,120

comes to military and in intelligence

2044

01:13:14,950 --> 01:13:13,040

with the five eyes and everything

2045

01:13:17,350 --> 01:13:14,960

why would we be doing that is it because

2046

01:13:19,189 --> 01:13:17,360

calvin is such a remote area and where

2047

01:13:20,870 --> 01:13:19,199

we wanted to test it out there we got

2048

01:13:22,229 --> 01:13:20,880

millions of remote areas in the u.s we

2049

01:13:24,149 --> 01:13:22,239

could have been doing this it's not

2050

01:13:27,669 --> 01:13:24,159

really remote that's the thing you know

2051  
01:13:29,910 --> 01:13:27,679  
it on its own calvin is semi-remote but

2052  
01:13:31,270 --> 01:13:29,920  
in terms of britain but actually it's

2053  
01:13:34,070 --> 01:13:31,280  
you know there's no way in britain which

2054  
01:13:35,669 --> 01:13:34,080  
is really remote um in terms of airspace

2055  
01:13:37,510 --> 01:13:35,679  
and in terms of population there are

2056  
01:13:39,750 --> 01:13:37,520  
people live all over the place so people

2057  
01:13:41,110 --> 01:13:39,760  
would see it if it flew over they might

2058  
01:13:42,310 --> 01:13:41,120  
not report it but they certainly see

2059  
01:13:44,149 --> 01:13:42,320  
them but they might mistake it for

2060  
01:13:45,669 --> 01:13:44,159  
something else who knows the americans

2061  
01:13:47,750 --> 01:13:45,679  
have certainly tested secret technology

2062  
01:13:50,870 --> 01:13:47,760  
in britain i mean the stories of um the

2063  
01:13:52,550 --> 01:13:50,880

f-117 flying into into bases in scotland

2064

01:13:54,390 --> 01:13:52,560

uh during the 1980s before it was

2065

01:13:56,790 --> 01:13:54,400

unveiled to the public the stories of

2066

01:13:59,270 --> 01:13:56,800

the b-2 being flown over over uh uk

2067

01:14:02,229 --> 01:13:59,280

airspace before it was it was unveiled

2068

01:14:04,870 --> 01:14:02,239

as well so no doubt other things will

2069

01:14:07,830 --> 01:14:04,880

have been used in the uk airspace with

2070

01:14:09,590 --> 01:14:07,840

or without our knowledge uk have

2071

01:14:11,270 --> 01:14:09,600

tested things out of a place called

2072

01:14:12,390 --> 01:14:11,280

wharton which is in lancashire it's a

2073

01:14:14,709 --> 01:14:12,400

british air it used to be a british

2074

01:14:17,030 --> 01:14:14,719

aerospace would be a systems uh base

2075

01:14:19,030 --> 01:14:17,040

where they've tested various craft over

2076

01:14:22,950 --> 01:14:19,040

the years some unmanned someone not you

2077

01:14:24,790 --> 01:14:22,960

know some some um manned so yeah things

2078

01:14:26,550 --> 01:14:24,800

happen now whether the question is

2079

01:14:27,510 --> 01:14:26,560

whether or not your prior notice was

2080

01:14:28,790 --> 01:14:27,520

given

2081

01:14:30,550 --> 01:14:28,800

to who knows

2082

01:14:32,390 --> 01:14:30,560

was the note was given somewhere but it

2083

01:14:34,310 --> 01:14:32,400

got forgotten about or was it did it go

2084

01:14:36,070 --> 01:14:34,320

at the wrong place or did the person who

2085

01:14:37,830 --> 01:14:36,080

got it or the department who get it not

2086

01:14:39,669 --> 01:14:37,840

tell anybody else you know you just

2087

01:14:41,669 --> 01:14:39,679

don't know because all these kind of

2088

01:14:43,910 --> 01:14:41,679

machinations never make you never see

2089

01:14:46,310 --> 01:14:43,920

the light of day do they so we may never

2090

01:14:47,990 --> 01:14:46,320

get to know that part of the story but

2091

01:14:50,070 --> 01:14:48,000

it seems that there was some kind of

2092

01:14:52,709 --> 01:14:50,080

battles and forwards about is this yours

2093

01:14:54,390 --> 01:14:52,719

no is this yours kind of thing um

2094

01:14:56,149 --> 01:14:54,400

neither side seemed to know or whoever

2095

01:14:58,229 --> 01:14:56,159

was doing the questioning seemed to know

2096

01:14:59,830 --> 01:14:58,239

whose it was now maybe the right the

2097

01:15:01,990 --> 01:14:59,840

wrong people were asking the questions

2098

01:15:04,390 --> 01:15:02,000

to the wrong people as well so you know

2099

01:15:07,270 --> 01:15:04,400

it's one of those minefields all we know

2100

01:15:09,830 --> 01:15:07,280

is that aircraft was seen we know the

2101  
01:15:11,430 --> 01:15:09,840  
rough dimensions and shape of it and we

2102  
01:15:13,750 --> 01:15:11,440  
know that there were aircraft involved

2103  
01:15:16,390 --> 01:15:13,760  
with it but beyond that we know very

2104  
01:15:18,390 --> 01:15:16,400  
little um now the only people who are

2105  
01:15:20,390 --> 01:15:18,400  
going to be able to tell that if it is a

2106  
01:15:22,390 --> 01:15:20,400  
us craft are the americans when they

2107  
01:15:23,750 --> 01:15:22,400  
come clean about it but if it turns out

2108  
01:15:25,350 --> 01:15:23,760  
that's not the case then you're all

2109  
01:15:28,310 --> 01:15:25,360  
better off and it could be it could be

2110  
01:15:29,830 --> 01:15:28,320  
something otherworldly but i think

2111  
01:15:32,550 --> 01:15:29,840  
at the time there were all these other

2112  
01:15:34,390 --> 01:15:32,560  
things being seen um both across your

2113  
01:15:36,790 --> 01:15:34,400

side of the pond in hours

2114

01:15:38,709 --> 01:15:36,800

that lead men you know people and other

2115

01:15:40,470 --> 01:15:38,719

people like me to suspect that this was

2116

01:15:42,229 --> 01:15:40,480

probably something that the americans

2117

01:15:43,750 --> 01:15:42,239

just don't want to divulge at this

2118

01:15:45,669 --> 01:15:43,760

particular time

2119

01:15:47,510 --> 01:15:45,679

graham what was the size again can you

2120

01:15:49,270 --> 01:15:47,520

um did we like dimensions because i read

2121

01:15:50,229 --> 01:15:49,280

that it was like a hundred

2122

01:15:52,390 --> 01:15:50,239

feet

2123

01:15:53,990 --> 01:15:52,400

but the reason why i asked that is

2124

01:15:55,910 --> 01:15:54,000

because i'm curious to see what's in the

2125

01:15:58,790 --> 01:15:55,920

data bank then if we look at like this

2126  
01:16:01,990 --> 01:15:58,800  
actually being us tech then the question

2127  
01:16:03,750 --> 01:16:02,000  
is around 90 you know the 90s up to 97

2128  
01:16:05,830 --> 01:16:03,760  
um we look at all different types of

2129  
01:16:06,790 --> 01:16:05,840  
crafts and shapes that we've seen in the

2130  
01:16:08,630 --> 01:16:06,800  
states

2131  
01:16:10,470 --> 01:16:08,640  
if this is american tech then why aren't

2132  
01:16:12,790 --> 01:16:10,480  
some of those then as well within the

2133  
01:16:14,870 --> 01:16:12,800  
same time frame

2134  
01:16:16,790 --> 01:16:14,880  
yeah the there's no there's no hard and

2135  
01:16:17,990 --> 01:16:16,800  
fast estimate on how big it is again

2136  
01:16:19,350 --> 01:16:18,000  
it's one of these things if you don't

2137  
01:16:21,189 --> 01:16:19,360  
know what it is

2138  
01:16:22,790 --> 01:16:21,199

you don't know how far away it is and

2139

01:16:24,709 --> 01:16:22,800

therefore because you don't know how far

2140

01:16:26,390 --> 01:16:24,719

away it is you know how big it is and

2141

01:16:28,950 --> 01:16:26,400

that's something that's plagued ufo

2142

01:16:30,390 --> 01:16:28,960

reporting since the 1940s

2143

01:16:32,790 --> 01:16:30,400

because you know if you've got a light

2144

01:16:35,030 --> 01:16:32,800

or you've got a craft or a disk but you

2145

01:16:37,510 --> 01:16:35,040

don't know how big the disc is it could

2146

01:16:39,830 --> 01:16:37,520

be 10 feet away and be a meter across

2147

01:16:41,189 --> 01:16:39,840

you know i'm mixing up my message that

2148

01:16:43,350 --> 01:16:41,199

you know what i mean or it could be a

2149

01:16:45,270 --> 01:16:43,360

mile away it could be enormous or it

2150

01:16:47,510 --> 01:16:45,280

could be 10 miles away and even bigger

2151  
01:16:50,310 --> 01:16:47,520  
so until you know what something is but

2152  
01:16:51,750 --> 01:16:50,320  
if you were looking at an f-15 you would

2153  
01:16:54,390 --> 01:16:51,760  
know roughly what the dimensions of an

2154  
01:16:56,310 --> 01:16:54,400  
f-15 are therefore wherever you see it

2155  
01:16:58,470 --> 01:16:56,320  
you know how far away it is but with

2156  
01:17:00,709 --> 01:16:58,480  
something you don't know what it is it's

2157  
01:17:03,110 --> 01:17:00,719  
almost impossible to try and work it out

2158  
01:17:04,950 --> 01:17:03,120  
unless it's interacting with something

2159  
01:17:07,030 --> 01:17:04,960  
so unless you can see it directly over a

2160  
01:17:08,790 --> 01:17:07,040  
bridge or in front of a mountain where

2161  
01:17:11,110 --> 01:17:08,800  
you know what the distance is whereas in

2162  
01:17:12,630 --> 01:17:11,120  
this particular case it was in mid-air

2163  
01:17:14,870 --> 01:17:12,640

now it may have been close enough that

2164

01:17:15,990 --> 01:17:14,880

you get some sense of how big it is and

2165

01:17:17,990 --> 01:17:16,000

i think that's where the measurements

2166

01:17:19,750 --> 01:17:18,000

come from but in terms of being able to

2167

01:17:22,470 --> 01:17:19,760

accurately say look it was 100 foot long

2168

01:17:25,030 --> 01:17:22,480

or it was 50 feet long i think that's

2169

01:17:27,270 --> 01:17:25,040

still to be decided

2170

01:17:29,590 --> 01:17:27,280

that's fair man yeah um chrissy's

2171

01:17:31,830 --> 01:17:29,600

reconnecting at the moment i hope she

2172

01:17:34,149 --> 01:17:31,840

caught the end of your answer there um

2173

01:17:35,430 --> 01:17:34,159

there you are i love technology it just

2174

01:17:37,270 --> 01:17:35,440

keeps

2175

01:17:39,430 --> 01:17:37,280

you i cannot hear you but i didn't hear

2176

01:17:41,590 --> 01:17:39,440

the last part of that

2177

01:17:43,110 --> 01:17:41,600

chris plane says was the calvin incident

2178

01:17:45,270 --> 01:17:43,120

more or less right after the belgian

2179

01:17:48,790 --> 01:17:45,280

wave it was actually in the middle of it

2180

01:17:50,709 --> 01:17:48,800

right it was 89 to 91-ish

2181

01:17:53,270 --> 01:17:50,719

um the belgian wave and sort of slap

2182

01:17:55,030 --> 01:17:53,280

bang in the middle of it and chances are

2183

01:17:56,870 --> 01:17:55,040

whatever was in the belgian wave may

2184

01:17:58,550 --> 01:17:56,880

have been the same thing or maybe

2185

01:18:00,470 --> 01:17:58,560

something similar

2186

01:18:02,630 --> 01:18:00,480

right man and i'm you know even looking

2187

01:18:04,950 --> 01:18:02,640

at the rendering again i'll pull it up

2188

01:18:06,790 --> 01:18:04,960

you know that's pretty even if it's just

2189

01:18:08,950 --> 01:18:06,800

surrendering if this is based on an

2190

01:18:10,070 --> 01:18:08,960

actual photo that is pretty damn low to

2191

01:18:12,870 --> 01:18:10,080

the ground

2192

01:18:16,790 --> 01:18:12,880

um so you do have to wonder during

2193

01:18:19,110 --> 01:18:16,800

belgium wave um this is early 90s uh are

2194

01:18:20,390 --> 01:18:19,120

we dealing with stealth technology you

2195

01:18:23,350 --> 01:18:20,400

know low

2196

01:18:25,830 --> 01:18:23,360

and quiet that's what this thing screams

2197

01:18:27,990 --> 01:18:25,840

to me um it was very low and it was

2198

01:18:30,070 --> 01:18:28,000

possibly very quiet um

2199

01:18:31,990 --> 01:18:30,080

stealth blimp technology maybe even i

2200

01:18:33,990 --> 01:18:32,000

don't know i don't know but i do find

2201

01:18:35,990 --> 01:18:34,000

uh chris's question interesting don't

2202

01:18:38,310 --> 01:18:36,000

get me wrong i'm not suggesting for a

2203

01:18:40,709 --> 01:18:38,320

minute it's definitely us tech because

2204

01:18:42,550 --> 01:18:40,719

i'm not aware of anything they've got

2205

01:18:44,310 --> 01:18:42,560

which you can do the things that things

2206

01:18:45,669 --> 01:18:44,320

reportedly do you know hover in place

2207

01:18:46,870 --> 01:18:45,679

for how many minutes and then shoot

2208

01:18:48,550 --> 01:18:46,880

straight upwards

2209

01:18:51,030 --> 01:18:48,560

right yeah i think 10 minutes or

2210

01:18:53,030 --> 01:18:51,040

something but at the same time i can't

2211

01:18:54,630 --> 01:18:53,040

rule it out either because we don't know

2212

01:18:55,669 --> 01:18:54,640

what the capabilities are it's one of

2213

01:18:57,510 --> 01:18:55,679

those things where we're just in the

2214

01:18:59,030 --> 01:18:57,520

dark with it you know it could be either

2215

01:19:01,750 --> 01:18:59,040

it could be something else entirely as

2216

01:19:03,430 --> 01:19:01,760

well so you know who knows but

2217

01:19:04,550 --> 01:19:03,440

i think bear in mind the time and some

2218

01:19:06,630 --> 01:19:04,560

of the things that we've seen at the

2219

01:19:08,149 --> 01:19:06,640

time you know i'm leaning towards it

2220

01:19:10,470 --> 01:19:08,159

being something more mundane and

2221

01:19:12,790 --> 01:19:10,480

something um explainable in terms of uf

2222

01:19:14,470 --> 01:19:12,800

technology but i might be wrong on that

2223

01:19:16,790 --> 01:19:14,480

you know i've been wrong before another

2224

01:19:18,950 --> 01:19:16,800

thing so i could be wrong on this

2225

01:19:21,270 --> 01:19:18,960

how dare you how dare you well

2226

01:19:23,590 --> 01:19:21,280

um kind of closing this part of it then

2227

01:19:25,350 --> 01:19:23,600

guys um what does graham think about the

2228

01:19:28,310 --> 01:19:25,360

prospect of the phoenix lights having

2229

01:19:29,750 --> 01:19:28,320

been a huge v-shaped us-made dirigible i

2230

01:19:31,510 --> 01:19:29,760

mean i've been doing a lot of digging

2231

01:19:33,030 --> 01:19:31,520

lately into phoenix lights which

2232

01:19:35,270 --> 01:19:33,040

hopefully will make it to your

2233

01:19:37,430 --> 01:19:35,280

television screen soon um i'll have more

2234

01:19:39,830 --> 01:19:37,440

news on that but um yeah what do you

2235

01:19:41,350 --> 01:19:39,840

think graham um phoenix likes what are

2236

01:19:42,790 --> 01:19:41,360

your thoughts on that incident again

2237

01:19:44,870 --> 01:19:42,800

it's one of those things that it's it's

2238

01:19:47,030 --> 01:19:44,880

possible and i'm not sure how remotely

2239

01:19:48,390 --> 01:19:47,040

possible it is but just saying that

2240

01:19:50,470 --> 01:19:48,400

thing and how immense it what it's

2241

01:19:52,950 --> 01:19:50,480

supposed to have been how large it was

2242

01:19:56,149 --> 01:19:52,960

and the it was a v wasn't it it wasn't a

2243

01:19:58,310 --> 01:19:56,159

triangle if i'm if i'm right so that

2244

01:19:59,590 --> 01:19:58,320

seems unbelievable in terms of being

2245

01:20:01,270 --> 01:19:59,600

able to construct something like that

2246

01:20:04,310 --> 01:20:01,280

can fly and why would you have a

2247

01:20:07,430 --> 01:20:04,320

dirigible which is l-shaped or v-shaped

2248

01:20:09,030 --> 01:20:07,440

it doesn't make much sense

2249

01:20:10,149 --> 01:20:09,040

fair enough yep

2250

01:20:11,430 --> 01:20:10,159

to me anyway i mean i don't know what

2251  
01:20:13,030 --> 01:20:11,440  
other people i might be completely wrong

2252  
01:20:16,550 --> 01:20:13,040  
again but it just seems that it's very

2253  
01:20:17,750 --> 01:20:16,560  
strange shape of a platform to have but

2254  
01:20:20,310 --> 01:20:17,760  
who knows somebody might have come up

2255  
01:20:22,550 --> 01:20:20,320  
with yeah this is the best configuration

2256  
01:20:24,870 --> 01:20:22,560  
for something that needs to do this job

2257  
01:20:26,709 --> 01:20:24,880  
and here we are but yeah it could be

2258  
01:20:28,149 --> 01:20:26,719  
something completely different

2259  
01:20:29,590 --> 01:20:28,159  
exactly and we've got to keep in mind

2260  
01:20:31,990 --> 01:20:29,600  
there were supposedly two different

2261  
01:20:33,590 --> 01:20:32,000  
events that night so which could have

2262  
01:20:35,510 --> 01:20:33,600  
been the dirigible and which couldn't

2263  
01:20:37,510 --> 01:20:35,520

have or vice versa who

2264

01:20:39,750 --> 01:20:37,520

truly knows um what we're dealing with

2265

01:20:40,790 --> 01:20:39,760

sorry chrissy please no i was just no i

2266

01:20:42,790 --> 01:20:40,800

was just going to say i'm like well

2267

01:20:44,629 --> 01:20:42,800

isn't there a conversation too of a of a

2268

01:20:46,229 --> 01:20:44,639

craft that was supposed to be a tech you

2269

01:20:48,470 --> 01:20:46,239

know we're saying the phoenix lights was

2270

01:20:50,070 --> 01:20:48,480

obviously anomalous but there was

2271

01:20:52,550 --> 01:20:50,080

supposed to be american tech that did

2272

01:20:54,149 --> 01:20:52,560

have a shape similar i think around the

2273

01:20:55,510 --> 01:20:54,159

same time or a little bit before that

2274

01:20:57,030 --> 01:20:55,520

they said that they were testing and

2275

01:20:58,149 --> 01:20:57,040

that was classified at one point in time

2276

01:21:00,470 --> 01:20:58,159

i forget the

2277

01:21:01,750 --> 01:21:00,480

the the craft name though but

2278

01:21:03,350 --> 01:21:01,760

again we don't know that's why i was

2279

01:21:05,030 --> 01:21:03,360

wondering about size and shape because

2280

01:21:07,030 --> 01:21:05,040

the first thing that popped into my mind

2281

01:21:08,709 --> 01:21:07,040

was the phoenix lights too yeah

2282

01:21:11,510 --> 01:21:08,719

interesting yep

2283

01:21:13,830 --> 01:21:11,520

connections to be made always um i've

2284

01:21:16,550 --> 01:21:13,840

got one question here from twitter and

2285

01:21:18,550 --> 01:21:16,560

then one starred um to kind of wrap

2286

01:21:20,470 --> 01:21:18,560

things up guys if if that's okay with

2287

01:21:21,990 --> 01:21:20,480

you let me go back to the live chat i'll

2288

01:21:24,790 --> 01:21:22,000

just i'll just answer chris's last

2289

01:21:26,870 --> 01:21:24,800

question if i can please he says yeah

2290

01:21:28,709 --> 01:21:26,880

um because the us marine corps operated

2291

01:21:30,950 --> 01:21:28,719

harry's back then

2292

01:21:32,870 --> 01:21:30,960

they're 88

2293

01:21:34,390 --> 01:21:32,880

interesting yeah you know that reminds

2294

01:21:36,229 --> 01:21:34,400

me too of like

2295

01:21:37,990 --> 01:21:36,239

you know the tehran ufo incident the

2296

01:21:39,990 --> 01:21:38,000

reason the us was so interested in that

2297

01:21:42,310 --> 01:21:40,000

event is because we were leasing our

2298

01:21:44,229 --> 01:21:42,320

planes to iran so they wanted to know

2299

01:21:47,590 --> 01:21:44,239

what the hell is this thing that like

2300

01:21:50,229 --> 01:21:47,600

jammed our radars and our communications

2301

01:21:53,270 --> 01:21:50,239

right boom boom thank you thank you

2302

01:21:55,430 --> 01:21:53,280

graeme i'm glad you said it

2303

01:21:57,750 --> 01:21:55,440

uh russia is kind of a hot hot button

2304

01:21:58,550 --> 01:21:57,760

issue right now but we could talk about

2305

01:22:00,709 --> 01:21:58,560

that

2306

01:22:01,590 --> 01:22:00,719

on a separate occasion let's go to our

2307

01:22:03,990 --> 01:22:01,600

um

2308

01:22:06,470 --> 01:22:04,000

our start question here to wrap things

2309

01:22:08,149 --> 01:22:06,480

up i like this one eve asks what does

2310

01:22:10,149 --> 01:22:08,159

graham think about the prospect oh nope

2311

01:22:11,669 --> 01:22:10,159

that wasn't the one i apologize um we

2312

01:22:13,830 --> 01:22:11,679

already answered that uh christopher

2313

01:22:16,229 --> 01:22:13,840

plane graham are there records of nazi

2314

01:22:18,629 --> 01:22:16,239

or japanese fighter pilots encountering

2315

01:22:21,189 --> 01:22:18,639

foo fighters or were they all um from

2316

01:22:23,990 --> 01:22:21,199

western aviators anything in your

2317

01:22:25,510 --> 01:22:24,000

research touch on that fair enough so if

2318

01:22:27,669 --> 01:22:25,520

um if i had a pound for every time

2319

01:22:29,110 --> 01:22:27,679

somebody said the germans saw them too

2320

01:22:31,430 --> 01:22:29,120

i'll be rich

2321

01:22:32,629 --> 01:22:31,440

however i thought that too

2322

01:22:35,030 --> 01:22:32,639

was i wrong

2323

01:22:36,950 --> 01:22:35,040

well you're right and you're wrong okay

2324

01:22:40,149 --> 01:22:36,960

so effectively when you look through the

2325

01:22:41,830 --> 01:22:40,159

records you can't find records in terms

2326

01:22:43,590 --> 01:22:41,840

of what you can find out from the

2327

01:22:45,590 --> 01:22:43,600

americans and the british point of view

2328

01:22:47,910 --> 01:22:45,600

so there's not really squadron records

2329

01:22:50,870 --> 01:22:47,920

or pilot testimony there are a few

2330

01:22:53,910 --> 01:22:50,880

isolated cases but the lack of detail

2331

01:22:56,070 --> 01:22:53,920

and they lack context so they're very

2332

01:22:57,910 --> 01:22:56,080

sparse in terms of numbers but even

2333

01:23:00,310 --> 01:22:57,920

sparser in terms of detail when you do

2334

01:23:03,110 --> 01:23:00,320

find them so i do have some of these in

2335

01:23:05,350 --> 01:23:03,120

the book in terms of german pilots and

2336

01:23:06,709 --> 01:23:05,360

and cases from the german civilians on

2337

01:23:08,870 --> 01:23:06,719

the ground seeing things during world

2338

01:23:11,750 --> 01:23:08,880

war ii but the chapter is very brief

2339

01:23:13,430 --> 01:23:11,760

because they simply aren't the cases now

2340

01:23:15,830 --> 01:23:13,440

you have to remember that after the war

2341

01:23:17,430 --> 01:23:15,840

the the the war itself wasn't a you know

2342

01:23:21,430 --> 01:23:17,440

a topic that the germans want to discuss

2343

01:23:23,750 --> 01:23:21,440

much if ever and also ufo um

2344

01:23:25,590 --> 01:23:23,760

ufology has been a bit of a minefield in

2345

01:23:27,430 --> 01:23:25,600

germany over the years there are german

2346

01:23:29,830 --> 01:23:27,440

researchers but it's not something

2347

01:23:32,390 --> 01:23:29,840

that's been taken entirely entirely uh

2348

01:23:33,910 --> 01:23:32,400

seriously across there and from what i'm

2349

01:23:35,590 --> 01:23:33,920

aware and i've asked this question of

2350

01:23:38,149 --> 01:23:35,600

various people and i haven't had much

2351

01:23:40,149 --> 01:23:38,159

response is that i don't see the german

2352

01:23:42,070 --> 01:23:40,159

researchers trying to go through german

2353

01:23:44,790 --> 01:23:42,080

records in the same way i went through

2354

01:23:47,110 --> 01:23:44,800

british and and american ones to dig out

2355

01:23:48,870 --> 01:23:47,120

the information from their own luftwaffe

2356

01:23:50,470 --> 01:23:48,880

records now you have to remember that a

2357

01:23:52,390 --> 01:23:50,480

lot of these records were destroyed and

2358

01:23:54,229 --> 01:23:52,400

then the war by the germans before the

2359

01:23:56,470 --> 01:23:54,239

final surrender so there are complete

2360

01:23:58,470 --> 01:23:56,480

years which are missing but they must

2361

01:24:01,430 --> 01:23:58,480

have records and they certainly do have

2362

01:24:02,870 --> 01:24:01,440

records of losses and operations where

2363

01:24:04,550 --> 01:24:02,880

anything like this probably would have

2364

01:24:06,070 --> 01:24:04,560

been recorded now i don't know what

2365

01:24:06,790 --> 01:24:06,080

level they have and i've seen some of it

2366

01:24:08,470 --> 01:24:06,800

but

2367

01:24:10,629 --> 01:24:08,480

i'm not fluent enough in german to be

2368

01:24:12,229 --> 01:24:10,639

able to understand it so you know the

2369

01:24:14,310 --> 01:24:12,239

answer to that is i haven't come across

2370

01:24:16,629 --> 01:24:14,320

it not many other people as far as i'm

2371

01:24:19,350 --> 01:24:16,639

aware you know have have more than a

2372

01:24:21,270 --> 01:24:19,360

handful of reports and what i could find

2373

01:24:23,110 --> 01:24:21,280

have gone in there uh you can see a

2374

01:24:24,629 --> 01:24:23,120

newspaper sitting behind me over my

2375

01:24:27,270 --> 01:24:24,639

shoulder there that's actually a german

2376

01:24:28,709 --> 01:24:27,280

ufo newsletter from the 1970s and it has

2377

01:24:30,390 --> 01:24:28,719

a case in there that's why i obtained

2378

01:24:32,550 --> 01:24:30,400

that that's the kind of level i had to

2379

01:24:35,270 --> 01:24:32,560

go to to find some of these cases it was

2380

01:24:36,950 --> 01:24:35,280

going some really obscure places um to

2381

01:24:38,550 --> 01:24:36,960

get the stories but they can't be

2382

01:24:40,149 --> 01:24:38,560

necessarily verified because i can't

2383

01:24:41,430 --> 01:24:40,159

cooperate them so i had to put it like a

2384

01:24:43,830 --> 01:24:41,440

caveat in the book saying look you know

2385

01:24:45,910 --> 01:24:43,840

some of these things are fairly vague um

2386

01:24:48,470 --> 01:24:45,920

they're not the same level as the rf or

2387

01:24:50,550 --> 01:24:48,480

the us army air force kind of reporting

2388

01:24:52,550 --> 01:24:50,560

um but yeah as far as the japanese go

2389

01:24:54,709 --> 01:24:52,560

it's exactly the same story you know the

2390

01:24:57,350 --> 01:24:54,719

stories of um and there's photographs

2391

01:24:59,830 --> 01:24:57,360

which may or may not be true which are

2392

01:25:01,990 --> 01:24:59,840

probably fakes uh showing japanese

2393

01:25:03,430 --> 01:25:02,000

aircraft in fairly close proximity to

2394

01:25:05,030 --> 01:25:03,440

things which have been called foo

2395

01:25:08,709 --> 01:25:05,040

fighters which are probably blobs on the

2396

01:25:10,470 --> 01:25:08,719

film in terms of photographic defects

2397

01:25:12,709 --> 01:25:10,480

but there's plenty of stories of

2398

01:25:13,590 --> 01:25:12,719

american involvement with balls of fire

2399

01:25:16,229 --> 01:25:13,600

because that's what they called about in

2400

01:25:17,430 --> 01:25:16,239

the pacific um they'd have that but

2401  
01:25:18,790 --> 01:25:17,440  
that's not something i cover in the book

2402  
01:25:21,510 --> 01:25:18,800  
because the book's just about european

2403  
01:25:23,030 --> 01:25:21,520  
side of things uh i will in the future

2404  
01:25:24,629 --> 01:25:23,040  
hopefully write something about the

2405  
01:25:27,430 --> 01:25:24,639  
pacific side because that's interesting

2406  
01:25:30,229 --> 01:25:27,440  
as well it is yeah no i'm so happy you

2407  
01:25:33,030 --> 01:25:30,239  
wrote the book i mean we we see this

2408  
01:25:34,870 --> 01:25:33,040  
phenomenon through such

2409  
01:25:37,030 --> 01:25:34,880  
western eyes here in the united states

2410  
01:25:39,110 --> 01:25:37,040  
that it's so refreshing for a book like

2411  
01:25:41,510 --> 01:25:39,120  
yours um to cover

2412  
01:25:43,110 --> 01:25:41,520  
other areas and time periods of when

2413  
01:25:45,430 --> 01:25:43,120

these things have happened so we get the

2414

01:25:47,910 --> 01:25:45,440

fuller picture yeah um and i didn't know

2415

01:25:49,990 --> 01:25:47,920

that so i'm glad you told me that um you

2416

01:25:51,830 --> 01:25:50,000

know christopher plane said maybe it's

2417

01:25:56,709 --> 01:25:51,840

the same people who deleted elizondo's

2418

01:25:59,669 --> 01:25:58,070

everybody thought the foo fighters you

2419

01:26:00,790 --> 01:25:59,679

know up until about the mid 1990s

2420

01:26:02,950 --> 01:26:00,800

thought it was just things like half a

2421

01:26:05,110 --> 01:26:02,960

dozen cases uh that appeared in joe

2422

01:26:06,870 --> 01:26:05,120

chamberlain's 1945 um american legion

2423

01:26:08,070 --> 01:26:06,880

magazine article and they've been killed

2424

01:26:10,629 --> 01:26:08,080

from the four one fifth night fighter

2425

01:26:12,390 --> 01:26:10,639

squadron in eastern france so you know

2426

01:26:14,950 --> 01:26:12,400

that's why the ufo books didn't cover it

2427

01:26:16,950 --> 01:26:14,960

in the in the 50s 60s 70s and 80s to any

2428

01:26:19,030 --> 01:26:16,960

great degree because the information

2429

01:26:20,790 --> 01:26:19,040

simply wasn't there and for whatever

2430

01:26:22,790 --> 01:26:20,800

reason maybe just be the lack of

2431

01:26:25,669 --> 01:26:22,800

resources like a time a lack of

2432

01:26:28,149 --> 01:26:25,679

enthusiasm people didn't contact the

2433

01:26:29,830 --> 01:26:28,159

pilots beyond these few cases say look

2434

01:26:31,430 --> 01:26:29,840

have you seen anything you know there

2435

01:26:33,750 --> 01:26:31,440

wasn't that much information coming into

2436

01:26:35,669 --> 01:26:33,760

the into the newsletters and into into

2437

01:26:37,110 --> 01:26:35,679

ufo books there just seemed to be the

2438

01:26:39,110 --> 01:26:37,120

appetite everybody thought oh yeah let's

2439

01:26:40,149 --> 01:26:39,120

start with kent arnold but actually when

2440

01:26:42,950 --> 01:26:40,159

you look at the information there's a

2441

01:26:45,750 --> 01:26:42,960

lot more people have dug into the into

2442

01:26:47,990 --> 01:26:45,760

the foo fight art um you know things

2443

01:26:51,030 --> 01:26:48,000

since the night in the mid 1990s people

2444

01:26:53,110 --> 01:26:51,040

like jean alright from project 1947 from

2445

01:26:55,189 --> 01:26:53,120

jeff linsell he invested he interviewed

2446

01:26:57,990 --> 01:26:55,199

a lot of pilots before they died in the

2447

01:26:59,750 --> 01:26:58,000

late 90s early 2000s uh keith chester

2448

01:27:02,229 --> 01:26:59,760

wrote a book in 2007 called strange

2449

01:27:03,510 --> 01:27:02,239

company which i read and i enjoyed it

2450

01:27:05,590 --> 01:27:03,520

had a few errors in it which i've

2451

01:27:07,990 --> 01:27:05,600  
corrected through this book but

2452

01:27:09,750 --> 01:27:08,000  
ultimately it's still a good read um the

2453

01:27:11,990 --> 01:27:09,760  
book i wrote which

2454

01:27:14,790 --> 01:27:12,000  
plug plug there

2455

01:27:15,830 --> 01:27:14,800  
uh ufos ufos before roswell

2456

01:27:17,510 --> 01:27:15,840  
i dug

2457

01:27:18,950 --> 01:27:17,520  
a couple of hundred cases out of the rf

2458

01:27:20,870 --> 01:27:18,960  
records which have never been in print

2459

01:27:23,910 --> 01:27:20,880  
before which never been known and these

2460

01:27:26,709 --> 01:27:23,920  
happened over the balkans in 1944 so it

2461

01:27:29,350 --> 01:27:26,719  
expands the area um there's cases in the

2462

01:27:30,629 --> 01:27:29,360  
book from before 1944 where the

2463

01:27:33,030 --> 01:27:30,639

americans coined the tournament in

2464

01:27:34,149 --> 01:27:33,040

november 1944 about the foo fighters but

2465

01:27:37,750 --> 01:27:34,159

actually those things were happening

2466

01:27:39,030 --> 01:27:37,760

much earlier as early as 1942 um the the

2467

01:27:40,790 --> 01:27:39,040

picture on the front of the book is a

2468

01:27:42,629 --> 01:27:40,800

case where uh the crew of a wellington

2469

01:27:45,110 --> 01:27:42,639

bomber fired at the light and nothing

2470

01:27:47,350 --> 01:27:45,120

happened you know so all this kind of

2471

01:27:48,629 --> 01:27:47,360

stuff was happening um same kind of

2472

01:27:50,470 --> 01:27:48,639

things that the americans were seeing

2473

01:27:51,990 --> 01:27:50,480

later on the wall uh where the foo

2474

01:27:54,790 --> 01:27:52,000

fighter name comes from

2475

01:27:56,229 --> 01:27:54,800

seen much earlier been seen over france

2476

01:27:57,350 --> 01:27:56,239

germany but they've also been seen in

2477

01:27:59,270 --> 01:27:57,360

the balkans they've been seen over

2478

01:28:01,510 --> 01:27:59,280

northern italy people were seeing them

2479

01:28:03,990 --> 01:28:01,520

over scandinavia um over the russian

2480

01:28:06,709 --> 01:28:04,000

front over the bay of biscay

2481

01:28:08,390 --> 01:28:06,719

so yeah you know you name it over europe

2482

01:28:11,189 --> 01:28:08,400

you were saying them

2483

01:28:13,430 --> 01:28:11,199

awesome and yeah our most recent episode

2484

01:28:15,830 --> 01:28:13,440

is somewhere in the skies covers ufos in

2485

01:28:17,750 --> 01:28:15,840

scandinavia for anyone who um hasn't

2486

01:28:20,390 --> 01:28:17,760

heard it we have a brilliant

2487

01:28:23,669 --> 01:28:20,400

section um narrated by fred fred

2488

01:28:26,390 --> 01:28:23,679

anderson um over in i believe he is in

2489

01:28:28,470 --> 01:28:26,400

sweden um so please check that out in

2490

01:28:30,229 --> 01:28:28,480

the archives please check out graham's

2491

01:28:31,750 --> 01:28:30,239

book but we have one last question that

2492

01:28:33,430 --> 01:28:31,760

i want to ask of both of you if that's

2493

01:28:35,990 --> 01:28:33,440

okay is that all right chrissy i know

2494

01:28:38,870 --> 01:28:36,000

you gotta get you shoot no okay cool um

2495

01:28:42,149 --> 01:28:38,880

i'll ask um i'll ask graham first this

2496

01:28:44,390 --> 01:28:42,159

comes from twitter uh tp on twitter asks

2497

01:28:46,790 --> 01:28:44,400

if you could have witnessed any ufo

2498

01:28:48,629 --> 01:28:46,800

encounter in history which would you

2499

01:28:51,189 --> 01:28:48,639

choose graham what's the one you would

2500

01:28:52,870 --> 01:28:51,199

have been to like to have been a part of

2501

01:28:55,110 --> 01:28:52,880

i think everybody would say roswell

2502

01:28:57,270 --> 01:28:55,120

because it's just so kind of

2503

01:28:58,229 --> 01:28:57,280

out there in terms of all the you know

2504

01:28:59,910 --> 01:28:58,239

all the bits and pieces that are

2505

01:29:01,350 --> 01:28:59,920

associated with it all the people who

2506

01:29:03,270 --> 01:29:01,360

come forward and turned out to be you

2507

01:29:04,950 --> 01:29:03,280

know hoaxers and then all the other

2508

01:29:06,470 --> 01:29:04,960

information that's whether that sort of

2509

01:29:07,830 --> 01:29:06,480

suggests that there's something going on

2510

01:29:09,350 --> 01:29:07,840

but actually that's not the one i'm

2511

01:29:12,390 --> 01:29:09,360

going to mention the one i'm going to

2512

01:29:15,430 --> 01:29:12,400

mention is the thomas mantel incident um

2513

01:29:17,910 --> 01:29:15,440

for from 1948 uh the one where he was

2514

01:29:20,470 --> 01:29:17,920

supposedly chased venus to his death you

2515

01:29:23,189 --> 01:29:20,480

know the one where he is he's led to a

2516

01:29:24,790 --> 01:29:23,199

ran out of oxygen by chasing this object

2517

01:29:26,629 --> 01:29:24,800

that he's these squadron mates turned

2518

01:29:28,470 --> 01:29:26,639

back because that they couldn't fly so

2519

01:29:31,910 --> 01:29:28,480

high and he just kept on going he flew

2520

01:29:34,070 --> 01:29:31,920

to 20 000 feet and maybe more in search

2521

01:29:35,910 --> 01:29:34,080

and chase an object and then died these

2522

01:29:37,510 --> 01:29:35,920

aircraft crashed and he died i would

2523

01:29:39,590 --> 01:29:37,520

love to know not necessarily in the

2524

01:29:41,590 --> 01:29:39,600

aircraft and me die but i'd like to know

2525

01:29:43,510 --> 01:29:41,600

what he was chasing you know i'd like to

2526

01:29:45,270 --> 01:29:43,520

be there on the spot and see what the

2527

01:29:47,189 --> 01:29:45,280

controllers could see from the tower at

2528

01:29:49,270 --> 01:29:47,199

gordon field that they could see

2529

01:29:51,430 --> 01:29:49,280

themselves what the people in the towns

2530

01:29:53,669 --> 01:29:51,440

nearby who had seen this object at

2531

01:29:56,550 --> 01:29:53,679

different points of the day were were

2532

01:29:58,149 --> 01:29:56,560

seeing for themselves as well um and and

2533

01:30:00,310 --> 01:29:58,159

what the astronomer who was down in

2534

01:30:02,390 --> 01:30:00,320

nashville that saw this object fly over

2535

01:30:03,990 --> 01:30:02,400

that he reported as a balloon what what

2536

01:30:05,189 --> 01:30:04,000

they saw as well so

2537

01:30:07,750 --> 01:30:05,199

there's all these different elements of

2538

01:30:09,270 --> 01:30:07,760

this story which was an amazing story um

2539

01:30:10,470 --> 01:30:09,280

but unfortunately you know ended with

2540

01:30:12,229 --> 01:30:10,480

the death of the pilot so that would be

2541

01:30:13,510 --> 01:30:12,239

one i would look at and think i would

2542

01:30:16,709 --> 01:30:13,520

like to have been a fly in the wall

2543

01:30:19,189 --> 01:30:16,719

there and see what actually went on

2544

01:30:20,629 --> 01:30:19,199

i love it i love it yeah and um i do

2545

01:30:22,790 --> 01:30:20,639

want to mention thank you disclosure

2546

01:30:25,350 --> 01:30:22,800

team vinnie for the super sticker he is

2547

01:30:27,430 --> 01:30:25,360

in loch ness right now visiting us um

2548

01:30:30,310 --> 01:30:27,440

taking a little break to come say hi to

2549

01:30:32,390 --> 01:30:30,320

us so hi vinnie hi dan i know you guys

2550

01:30:34,470 --> 01:30:32,400

are doing some awesome work out there so

2551

01:30:37,189 --> 01:30:34,480

um thanks guys thanks for hopping and

2552

01:30:40,629 --> 01:30:37,199

saying hello we certainly appreciate it

2553

01:30:42,390 --> 01:30:40,639

uh chrissy same question which ufo event

2554

01:30:45,590 --> 01:30:42,400

would you like to have witnessed in

2555

01:30:48,310 --> 01:30:45,600

history perspective is i think is the

2556

01:30:49,110 --> 01:30:48,320

any pilot perspective i would love to

2557

01:30:49,990 --> 01:30:49,120

see

2558

01:30:52,149 --> 01:30:50,000

but

2559

01:30:54,229 --> 01:30:52,159

i have i've two i'm like for sure like

2560

01:30:56,580 --> 01:30:54,239

everyone's gonna laugh but phoenix

2561

01:30:57,910 --> 01:30:56,590

lights to me i love motherships

2562

01:30:58,870 --> 01:30:57,920

[Laughter]

2563

01:31:01,350 --> 01:30:58,880

um

2564

01:31:03,270 --> 01:31:01,360

i just find them fascinating so i would

2565

01:31:05,030 --> 01:31:03,280

have loved to be underneath that looking

2566

01:31:06,629 --> 01:31:05,040

up i remember the perspective and i

2567

01:31:08,310 --> 01:31:06,639

think the perspective of

2568

01:31:10,790 --> 01:31:08,320

i was a mother and a daughter driving in

2569

01:31:13,110 --> 01:31:10,800

the highway before the craft went into

2570

01:31:15,430 --> 01:31:13,120

phoenix and they were they were driving

2571

01:31:16,709 --> 01:31:15,440

underneath it and they were looking up

2572

01:31:18,070 --> 01:31:16,719

and they could they were so close that

2573

01:31:19,270 --> 01:31:18,080

they could see them it being like

2574

01:31:22,149 --> 01:31:19,280

metallic

2575

01:31:24,709 --> 01:31:22,159

um so i think for that but my favorite

2576

01:31:27,030 --> 01:31:24,719

story that has a ufo attachment to it is

2577

01:31:28,950 --> 01:31:27,040

the aerial school event the area school

2578

01:31:31,669 --> 01:31:28,960

incident to me is

2579

01:31:34,550 --> 01:31:31,679

i just those children you know a mass

2580

01:31:37,270 --> 01:31:34,560

sighting with a ufo with an

2581

01:31:39,669 --> 01:31:37,280

an experience as well um and contact

2582

01:31:41,990 --> 01:31:39,679

experience i think to me that is

2583

01:31:43,270 --> 01:31:42,000

unbelievable i would like to hear more

2584

01:31:44,870 --> 01:31:43,280

stories coming out of africa and

2585

01:31:46,550 --> 01:31:44,880

different countries there

2586

01:31:49,110 --> 01:31:46,560

we don't hear enough of them and i think

2587

01:31:50,709 --> 01:31:49,120

that at some point we will um you know i

2588

01:31:52,470 --> 01:31:50,719

know randall nickerson is working on

2589

01:31:55,750 --> 01:31:52,480

that now in his movie that's coming out

2590

01:31:57,350 --> 01:31:55,760

shortly so i'm yeah i think aerial

2591

01:31:59,669 --> 01:31:57,360

school for sure is one of my favorites

2592

01:32:01,590 --> 01:31:59,679

it's just it's such an

2593

01:32:03,189 --> 01:32:01,600

uh an amazing story with a group of

2594

01:32:05,350 --> 01:32:03,199

children so

2595

01:32:07,030 --> 01:32:05,360

i i would have to agree with you i think

2596

01:32:07,910 --> 01:32:07,040

that would be the one i would like to

2597

01:32:10,149 --> 01:32:07,920

have been

2598

01:32:12,950 --> 01:32:10,159

involved with as well um

2599

01:32:14,709 --> 01:32:12,960

mainly because there were enough other

2600

01:32:16,470 --> 01:32:14,719

people there that i wouldn't be as

2601  
01:32:19,270 --> 01:32:16,480  
scared i think i would want to be part

2602  
01:32:22,790 --> 01:32:19,280  
of a mass ufo sighting rather than some

2603  
01:32:25,189 --> 01:32:22,800  
mothership experience by myself um my

2604  
01:32:26,790 --> 01:32:25,199  
my rather dramatic ufo sighting with my

2605  
01:32:30,070 --> 01:32:26,800  
father was

2606  
01:32:32,390 --> 01:32:30,080  
was enough for me in one lifetime um so

2607  
01:32:34,470 --> 01:32:32,400  
i'm okay not having a ufo sighting ever

2608  
01:32:36,870 --> 01:32:34,480  
again but if i were to i think it would

2609  
01:32:37,830 --> 01:32:36,880  
be aerial school like you said just so

2610  
01:32:39,590 --> 01:32:37,840  
many

2611  
01:32:41,590 --> 01:32:39,600  
credible witnesses involved some of

2612  
01:32:44,709 --> 01:32:41,600  
which i've interviewed here on the show

2613  
01:32:47,590 --> 01:32:44,719

who some 30 plus years later

2614

01:32:50,310 --> 01:32:47,600

still stick to the story as it was

2615

01:32:52,229 --> 01:32:50,320

that very day and how much the event

2616

01:32:54,070 --> 01:32:52,239

impacted their lives and

2617

01:32:55,669 --> 01:32:54,080

changed their lives again that's what

2618

01:32:59,030 --> 01:32:55,679

i'm about here at somewhere in the skies

2619

01:33:00,390 --> 01:32:59,040

is how these events change people and um

2620

01:33:02,070 --> 01:33:00,400

you know

2621

01:33:03,990 --> 01:33:02,080

the aftermath of an event like how do

2622

01:33:07,110 --> 01:33:04,000

you go on after that after having your

2623

01:33:09,030 --> 01:33:07,120

entire world turned upside down and

2624

01:33:11,030 --> 01:33:09,040

and whatnot it's crazy it's absolutely

2625

01:33:13,350 --> 01:33:11,040

crazy so that's a good choice that's a

2626

01:33:15,669 --> 01:33:13,360

good choice well graham before we let

2627

01:33:17,270 --> 01:33:15,679

you go man um and thank you so much for

2628

01:33:18,790 --> 01:33:17,280

your time we kept you a little over what

2629

01:33:21,669 --> 01:33:18,800

i promised um

2630

01:33:22,390 --> 01:33:21,679

tell us a little if you can about uh the

2631

01:33:25,669 --> 01:33:22,400

new

2632

01:33:27,830 --> 01:33:25,679

project you are working on and um when

2633

01:33:30,629 --> 01:33:27,840

can we expect it i know that's a hard

2634

01:33:32,470 --> 01:33:30,639

question to to answer and uh authors

2635

01:33:34,470 --> 01:33:32,480

hate getting that question but when are

2636

01:33:35,270 --> 01:33:34,480

we getting the new damn book

2637

01:33:37,510 --> 01:33:35,280

well

2638

01:33:38,790 --> 01:33:37,520

you should ask dan and olaf that

2639

01:33:41,189 --> 01:33:38,800

question because they're finishing off

2640

01:33:44,390 --> 01:33:41,199

the artwork for for it as i said really

2641

01:33:57,430 --> 01:33:44,400

okay so when that's done it's out

2642

01:34:01,430 --> 01:33:58,709

i said to the person who's written the

2643

01:34:03,510 --> 01:34:01,440

forward um you know you can get it to me

2644

01:34:05,590 --> 01:34:03,520

when you can and actually they they've

2645

01:34:07,030 --> 01:34:05,600

provided that so that's that out the way

2646

01:34:08,470 --> 01:34:07,040

and the last thing is the artwork but

2647

01:34:10,550 --> 01:34:08,480

obviously dan's been busy with his

2648

01:34:12,390 --> 01:34:10,560

columbia project and he's now just been

2649

01:34:14,070 --> 01:34:12,400

up to balskat house up near loch ness

2650

01:34:15,430 --> 01:34:14,080

for alastair crowley uh doing a

2651  
01:34:17,750 --> 01:34:15,440  
documentary with vinnie and some other

2652  
01:34:19,270 --> 01:34:17,760  
people regarding that so you know that

2653  
01:34:20,550 --> 01:34:19,280  
that's taking his time as well so i

2654  
01:34:22,629 --> 01:34:20,560  
understand why it's taking a little bit

2655  
01:34:24,149 --> 01:34:22,639  
longer uh but they assured me that

2656  
01:34:26,149 --> 01:34:24,159  
they'll have it you know to me shortly

2657  
01:34:28,470 --> 01:34:26,159  
so that's what that's wonderful uh and

2658  
01:34:30,830 --> 01:34:28,480  
as soon as i get it it'll be out um it's

2659  
01:34:32,390 --> 01:34:30,840  
not on the foo fighters that's all i'm

2660  
01:34:34,390 --> 01:34:32,400  
about because i don't want to be called

2661  
01:34:36,550 --> 01:34:34,400  
mr foo fighter

2662  
01:34:38,310 --> 01:34:36,560  
i don't want to be type cast so it's

2663  
01:34:40,229 --> 01:34:38,320

it's got an aviation element to it oh

2664

01:34:42,310 --> 01:34:40,239

that's all i'll say but it's definitely

2665

01:34:44,229 --> 01:34:42,320

more kind of in the style of the foo

2666

01:34:46,149 --> 01:34:44,239

fighter book in terms of how much depth

2667

01:34:48,790 --> 01:34:46,159

i go into and the kind of you know

2668

01:34:50,310 --> 01:34:48,800

resourcing of information that can back

2669

01:34:52,149 --> 01:34:50,320

up what i'm saying because

2670

01:34:53,990 --> 01:34:52,159

i remember books i used to read in the

2671

01:34:55,430 --> 01:34:54,000

70 in the late 70s and early 80s when i

2672

01:34:57,350 --> 01:34:55,440

was growing up when i was first in the

2673

01:34:59,430 --> 01:34:57,360

ufo hobby and a lot of it didn't have

2674

01:35:00,470 --> 01:34:59,440

any adoration whatsoever so it was a

2675

01:35:01,830 --> 01:35:00,480

case of well how do i know where the

2676

01:35:02,870 --> 01:35:01,840

hell you've got this information from

2677

01:35:04,950 --> 01:35:02,880

it's almost like you could have just

2678

01:35:06,629 --> 01:35:04,960

made this up you know and i hated that

2679

01:35:08,390 --> 01:35:06,639

kind of thing and i vowed that have i

2680

01:35:10,310 --> 01:35:08,400

ever which i never thought i would but

2681

01:35:12,070 --> 01:35:10,320

if i ever wrote a book myself i would

2682

01:35:14,470 --> 01:35:12,080

make sure that it was kind of you know

2683

01:35:15,910 --> 01:35:14,480

sort of footnoted to the nth degree so

2684

01:35:16,870 --> 01:35:15,920

people couldn't turn around five years

2685

01:35:19,669 --> 01:35:16,880

later they said graeme i think you've

2686

01:35:21,270 --> 01:35:19,679

just made that up you know so

2687

01:35:24,870 --> 01:35:21,280

so that's how that's why your first book

2688

01:35:27,750 --> 01:35:24,880

is about uh 30 pounds i think yeah

2689

01:35:29,430 --> 01:35:27,760

it's a western weapon oh yeah it's uh

2690

01:35:33,109 --> 01:35:29,440

it's it's thick you know it can do some

2691

01:35:35,189 --> 01:35:33,119

damage with that yeah yeah for sure oh

2692

01:35:37,910 --> 01:35:35,199

man i can't wait i can't wait for that

2693

01:35:40,790 --> 01:35:37,920

um again pressure's on dan and olaf get

2694

01:35:42,629 --> 01:35:40,800

working um but other than that

2695

01:35:43,430 --> 01:35:42,639

where can we find everything you're up

2696

01:35:45,430 --> 01:35:43,440

to

2697

01:35:46,390 --> 01:35:45,440

well just contact me on twitter it's the

2698

01:35:47,910 --> 01:35:46,400

best way because that's where i

2699

01:35:50,229 --> 01:35:47,920

announced everything nowadays i'll live

2700

01:35:52,550 --> 01:35:50,239

on twitter apparently so it's at border

2701  
01:35:55,830 --> 01:35:52,560  
750 um that's how you can get in touch

2702  
01:35:59,350 --> 01:35:55,840  
with me so uh and the last i joined ufc

2703  
01:36:00,790 --> 01:35:59,360  
media uk 12 months ago um and it's been

2704  
01:36:02,709 --> 01:36:00,800  
a bit of a roller coaster ride since

2705  
01:36:04,070 --> 01:36:02,719  
then uh before that you know i was just

2706  
01:36:06,470 --> 01:36:04,080  
somebody sort of shouting into the

2707  
01:36:07,910 --> 01:36:06,480  
wilderness and i was putting a few

2708  
01:36:09,669 --> 01:36:07,920  
things out there but not really getting

2709  
01:36:11,669 --> 01:36:09,679  
anywhere and since i joined that it's

2710  
01:36:14,470 --> 01:36:11,679  
just been a kind of wow you're gonna

2711  
01:36:16,470 --> 01:36:14,480  
ride um i keep getting impostor syndrome

2712  
01:36:18,390 --> 01:36:16,480  
i really do i keep thinking

2713  
01:36:20,229 --> 01:36:18,400

you know i'm i'm one of these days

2714

01:36:21,910 --> 01:36:20,239

people are gonna find me out you know

2715

01:36:24,550 --> 01:36:21,920

sort of thing

2716

01:36:26,149 --> 01:36:24,560

um

2717

01:36:28,629 --> 01:36:26,159

i genuinely have a kind of less kind of

2718

01:36:29,750 --> 01:36:28,639

like fear sometimes with people thinking

2719

01:36:31,750 --> 01:36:29,760

you don't know what you're talking about

2720

01:36:33,109 --> 01:36:31,760

graeme um so every time i release

2721

01:36:35,510 --> 01:36:33,119

something every time i post something i

2722

01:36:37,590 --> 01:36:35,520

thought what's the reaction going to be

2723

01:36:39,189 --> 01:36:37,600

yeah i'm also a bit well i'm i'm really

2724

01:36:40,870 --> 01:36:39,199

kind of this little coward in this kind

2725

01:36:43,270 --> 01:36:40,880

of extrovert

2726

01:36:45,109 --> 01:36:43,280

exterior so but i'm grateful to

2727

01:36:46,790 --> 01:36:45,119

everybody who's who supported me

2728

01:36:48,870 --> 01:36:46,800

everybody who had made time for me

2729

01:36:50,709 --> 01:36:48,880

everybody like yourself who's invited me

2730

01:36:52,310 --> 01:36:50,719

on on their podcast and discussed the

2731

01:36:55,030 --> 01:36:52,320

book and who's bought it and who's

2732

01:36:57,189 --> 01:36:55,040

shared it and who's appreciated it um so

2733

01:36:59,430 --> 01:36:57,199

you know thank you to everybody it's

2734

01:37:01,510 --> 01:36:59,440

it's wonderful and it just inspires me

2735

01:37:03,189 --> 01:37:01,520

to do more and more information and to

2736

01:37:05,430 --> 01:37:03,199

support people like you for the work

2737

01:37:07,270 --> 01:37:05,440

that you two do as well so yeah it's

2738

01:37:09,270 --> 01:37:07,280

it's wonderful it's a great community of

2739

01:37:11,189 --> 01:37:09,280

this and i'm so pleased i'm a little bit

2740

01:37:14,070 --> 01:37:11,199

part a little bit part of it

2741

01:37:16,709 --> 01:37:14,080

i think you're a little bit part of it

2742

01:37:17,830 --> 01:37:16,719

authors are are such a major part such a

2743

01:37:20,550 --> 01:37:17,840

major note

2744

01:37:22,550 --> 01:37:20,560

graham we are beyond honored to have you

2745

01:37:25,189 --> 01:37:22,560

in this field and you are essential and

2746

01:37:27,430 --> 01:37:25,199

you're doing amazing work so we have to

2747

01:37:30,629 --> 01:37:27,440

thank you for coming on somewhere in the

2748

01:37:32,870 --> 01:37:30,639

skies and uh for for dedicating your

2749

01:37:35,189 --> 01:37:32,880

time to this topic that christine and i

2750

01:37:36,550 --> 01:37:35,199

both feel could truly change the world

2751

01:37:38,790 --> 01:37:36,560

if we ever

2752

01:37:42,790 --> 01:37:38,800

fully understood it which we might never

2753

01:37:45,350 --> 01:37:42,800

but um i think the journey is rewarding

2754

01:37:47,510 --> 01:37:45,360

enough and you are you are a big part of

2755

01:37:49,990 --> 01:37:47,520

that so thank you for joining us on

2756

01:37:52,310 --> 01:37:50,000

somewhere in the skies and um

2757

01:37:53,510 --> 01:37:52,320

and we will talk soon man for sure

2758

01:37:58,229 --> 01:37:53,520

thanks guys

2759

01:38:03,590 --> 01:38:00,310

wow chrissy we'll have just a quick

2760

01:38:05,830 --> 01:38:03,600

debrief here um that was amazing again

2761

01:38:07,990 --> 01:38:05,840

we didn't really plan a ton with graham

2762

01:38:09,109 --> 01:38:08,000

because we knew once we got him on like

2763

01:38:11,830 --> 01:38:09,119

he would just have a wealth of

2764

01:38:13,590 --> 01:38:11,840

information so um i gotta thank you for

2765

01:38:17,030 --> 01:38:13,600

also taking the time today i know oh my

2766

01:38:19,189 --> 01:38:17,040

god a little impromptu um andy again is

2767

01:38:20,950 --> 01:38:19,199

under the weather for those tuning in

2768

01:38:23,189 --> 01:38:20,960

andy from that ufo podcast was going to

2769

01:38:25,189 --> 01:38:23,199

be joining us but um he's not feeling

2770

01:38:28,070 --> 01:38:25,199

too good so we are sending him our

2771

01:38:29,910 --> 01:38:28,080

absolute best he's a busy busy dad and

2772

01:38:32,709 --> 01:38:29,920

it doesn't surprise me that his immune

2773

01:38:34,790 --> 01:38:32,719

system finally shut down so andy sending

2774

01:38:38,390 --> 01:38:34,800

you our best my man but chrissy before

2775

01:38:40,070 --> 01:38:38,400

2777  
01:38:44,229 --> 01:38:42,480  
you're doing um and where can we find

2778  
01:38:45,669 --> 01:38:44,239

2779  
01:38:47,750 --> 01:38:45,679

01:38:49,430 --> 01:38:47,760  
releasing a new interview next week so

2781  
01:38:51,590 --> 01:38:49,440  
i'm working on that if it still goes i

2782  
01:38:53,590 --> 01:38:51,600  
won't say fully what it will be about

2783  
01:38:55,510 --> 01:38:53,600  
just booking booking for us booking for

2784

2786  
01:39:01,030 --> 01:38:59,600  
stories i think i'll just say people

2787  
01:39:02,470 --> 01:39:01,040  
hopefully take a

2788  
01:39:04,470 --> 01:39:02,480

just keep watching for the next little

2789

01:39:06,629 --> 01:39:04,480

bit i think we'll have some great ufo

2790

01:39:08,950 --> 01:39:06,639

stories that will be coming out and just

2791

01:39:11,590 --> 01:39:08,960

information tech defense tim is doing an

2792

01:39:13,669 --> 01:39:11,600

amazing job covering the war right now

2793

01:39:15,669 --> 01:39:13,679

so uh if you're interested in that come

2794

2798

01:39:26,950 --> 01:39:23,199

stuff coming out soon as well

2799

01:39:27,910 --> 01:39:26,960

so absolutely and um you were amazing in

2800

01:39:29,990 --> 01:39:27,920

2811

01:39:54,149 --> 01:39:52,800

done over at the debrief and um and

2812

01:39:57,109 --> 01:39:54,159

everything in between you know the

2813

01:40:00,550 --> 01:39:57,119

latest findings from uh what what is it

2814

01:40:02,629 --> 01:40:00,560

the um hubble and also

2815

01:40:04,950 --> 01:40:02,639

james webb telescope

2816

01:40:07,030 --> 01:40:04,960

totally black

2817

01:40:10,149 --> 01:40:07,040

there's so many of them now oh yeah even

2818

01:40:12,229 --> 01:40:10,159

aviolog did a a lip lecture recently and

2819

01:40:14,229 --> 01:40:12,239

did some updates i watched that so we'll

2820

01:40:15,750 --> 01:40:14,239

talk to him about updates on the galileo

2821

01:40:17,990 --> 01:40:15,760

project but he spoke there in the

2822

01:40:20,709 --> 01:40:18,000

lecture so i'm excited for that i love

2823

01:40:22,629 --> 01:40:20,719

avi and i love his work so i'm excited

2824

01:40:24,070 --> 01:40:22,639

to see what's yeah what he has planned

2825
