

**SOMEWHERE
IN THE
SKIES**

WITNESS ACCOUNTS

VOLUME NINETEEN

1
00:00:00,000 --> 00:00:09,589

[Music]

2
00:00:14,920 --> 00:00:12,470

this is somewhere in the skies with ryan

3
00:00:35,970 --> 00:00:14,930

sprague

4
00:00:35,980 --> 00:00:40,950

[Music]

5
00:00:44,630 --> 00:00:42,150

hi ryan

6
00:00:46,229 --> 00:00:44,640

this is paul from the uk i'll tell you

7
00:00:49,990 --> 00:00:46,239

about two of my experiences that i've

8
00:00:51,510 --> 00:00:50,000

had um with what i think is uap as far

9
00:00:55,110 --> 00:00:51,520

as i can tell

10
00:00:56,389 --> 00:00:55,120

uh last year in june i was at work um

11
00:00:58,630 --> 00:00:56,399

out in the yard

12
00:01:01,270 --> 00:00:58,640

loading the lorry that's why i do my job

13
00:01:03,910 --> 00:01:01,280

just forklift driver that exciting

14

00:01:05,270 --> 00:01:03,920

um there's a clear blue sky it's june

15

00:01:07,350 --> 00:01:05,280

it's lovely

16

00:01:09,910 --> 00:01:07,360

and i'm looking at the sky quite a bit

17

00:01:12,710 --> 00:01:09,920

because what's been going on in the past

18

00:01:14,149 --> 00:01:12,720

um with all the uap activity you always

19

00:01:16,390 --> 00:01:14,159

looking up trying to find something

20

00:01:18,870 --> 00:01:16,400

maybe see something

21

00:01:21,670 --> 00:01:18,880

and they're going across the sky nice

22

00:01:23,510 --> 00:01:21,680

steady pace is this

23

00:01:25,109 --> 00:01:23,520

well i'd say tic tac but that's

24

00:01:27,429 --> 00:01:25,119

obviously i'm going to reference that

25

00:01:28,310 --> 00:01:27,439

because of the shape but it was that

26

00:01:30,950 --> 00:01:28,320

shape

27

00:01:32,230 --> 00:01:30,960

and it was moving slowly it had no wings

28

00:01:35,510 --> 00:01:32,240

had no tail

29

00:01:37,030 --> 00:01:35,520

it was just moving slowly across the sky

30

00:01:38,830 --> 00:01:37,040

so i took a couple of photographs with

31

00:01:42,069 --> 00:01:38,840

the iphone

32

00:01:43,030 --> 00:01:42,079

um and thought afterwards the wind was

33

00:01:45,190 --> 00:01:43,040

blowing

34

00:01:46,950 --> 00:01:45,200

behind me which in our yard it either

35

00:01:48,870 --> 00:01:46,960

blows up the yard or down the yard

36

00:01:50,950 --> 00:01:48,880

because we we load empty boxes and the

37

00:01:53,429 --> 00:01:50,960

wind's a real pain in the ass

38

00:01:55,190 --> 00:01:53,439

so it either drives goes up the yard or

39

00:01:56,069 --> 00:01:55,200

down the yard which is north

40

00:02:02,469 --> 00:01:56,079

west

41

00:02:05,030 --> 00:02:02,479

this thing was going

42

00:02:07,510 --> 00:02:05,040

across across the yard so the wind was

43

00:02:10,309 --> 00:02:07,520

blowing at it it wasn't blowing with it

44

00:02:11,750 --> 00:02:10,319

so yeah that that was a weird thing the

45

00:02:12,949 --> 00:02:11,760

pictures obviously with an iphone

46

00:02:14,150 --> 00:02:12,959

weren't great

47

00:02:15,750 --> 00:02:14,160

um

48

00:02:17,350 --> 00:02:15,760

small but

49

00:02:19,270 --> 00:02:17,360

you zoomed in like

50

00:02:20,869 --> 00:02:19,280

you could see it's not playing

51
00:02:22,790 --> 00:02:20,879
mick west did make a comment about it

52
00:02:24,869 --> 00:02:22,800
being a plane a slow moving plane but

53
00:02:27,350 --> 00:02:24,879
god you can see there's no wings there's

54
00:02:29,750 --> 00:02:27,360
there's nothing it's just it was just

55
00:02:31,030 --> 00:02:29,760
a shape and it was going across the sky

56
00:02:33,030 --> 00:02:31,040
anyway

57
00:02:35,830 --> 00:02:33,040
that's what the first one was then a few

58
00:02:37,990 --> 00:02:35,840
weeks back um i was in the garden at

59
00:02:39,990 --> 00:02:38,000
home um

60
00:02:41,430 --> 00:02:40,000
just putting out some washing and i live

61
00:02:42,869 --> 00:02:41,440
in the countryside we live

62
00:02:45,670 --> 00:02:42,879
quite rural

63
00:02:47,830 --> 00:02:45,680

and i heard a big jet come in now it was

64

00:02:49,670 --> 00:02:47,840

quite low but i couldn't see it but i

65

00:02:51,430 --> 00:02:49,680

heard it it was coming across that so

66

00:02:54,790 --> 00:02:51,440

have a look see what it is and then

67

00:02:56,550 --> 00:02:54,800

there was this reverberating

68

00:02:58,149 --> 00:02:56,560

hard to describe it like a

69

00:02:59,910 --> 00:02:58,159

like that sort of thing

70

00:03:01,990 --> 00:02:59,920

almost like you get if you're a shield

71

00:03:04,229 --> 00:03:02,000

helicopter is going past that's kind of

72

00:03:05,750 --> 00:03:04,239

reverberation through the air he felt it

73

00:03:08,869 --> 00:03:05,760

in the air

74

00:03:11,990 --> 00:03:08,879

and i looked up this jet came over and

75

00:03:13,509 --> 00:03:12,000

flew across the garden across my house

76
00:03:14,790 --> 00:03:13,519
not really low but it was below the

77
00:03:16,470 --> 00:03:14,800
cloud

78
00:03:19,670 --> 00:03:16,480
and right behind it

79
00:03:22,470 --> 00:03:19,680
was a sphere and this sphere was

80
00:03:24,789 --> 00:03:22,480
maybe 15 20 feet behind this jet now

81
00:03:26,869 --> 00:03:24,799
this jet was like a 737 it was it was it

82
00:03:28,070 --> 00:03:26,879
was a fairly large jet

83
00:03:30,149 --> 00:03:28,080
all white

84
00:03:31,190 --> 00:03:30,159
plain white jet with a yellow insignia

85
00:03:33,190 --> 00:03:31,200
on the tail that's all i remember is

86
00:03:34,550 --> 00:03:33,200
this yellow insignia on the tail

87
00:03:36,070 --> 00:03:34,560
but this thing flew across and this

88
00:03:37,830 --> 00:03:36,080

thing had a sphere following behind it

89

00:03:41,509 --> 00:03:37,840

it was following it

90

00:03:44,070 --> 00:03:41,519

if if you just look at it what's that

91

00:03:45,430 --> 00:03:44,080

and the jet did a bank to the right as

92

00:03:47,509 --> 00:03:45,440

it came over the house it banged to the

93

00:03:49,750 --> 00:03:47,519

right and then straightened up and when

94

00:03:51,830 --> 00:03:49,760

it straightened up this sphere went off

95

00:03:53,750 --> 00:03:51,840

to the right away from it

96

00:03:55,670 --> 00:03:53,760

and both the plane and the sphere ended

97

00:04:00,309 --> 00:03:55,680

up going through into the clouds

98

00:04:01,589 --> 00:04:00,319

it was a sphere man i can't i can't

99

00:04:04,229 --> 00:04:01,599

for for

100

00:04:06,550 --> 00:04:04,239

the last month all i've been thinking is

101
00:04:08,949 --> 00:04:06,560
what caused that vibration what was that

102
00:04:10,550 --> 00:04:08,959
reverb that sort of

103
00:04:13,429 --> 00:04:10,560
feeling in the air that throbbing in the

104
00:04:16,390 --> 00:04:14,630
and then this plane came over and then

105
00:04:17,830 --> 00:04:16,400
there's this this this spheres follow

106
00:04:20,069 --> 00:04:17,840
it's a sphere

107
00:04:21,990 --> 00:04:20,079
and the sphere must have been 10 15 foot

108
00:04:23,510 --> 00:04:22,000
across must have been because it was

109
00:04:25,510 --> 00:04:23,520
behind this jet

110
00:04:26,230 --> 00:04:25,520
and it wasn't tiny it was it was big

111
00:04:30,870 --> 00:04:26,240
this

112
00:04:32,710 --> 00:04:30,880
you could see it crazy crazy crazy thing

113
00:04:35,030 --> 00:04:32,720

um

114

00:04:36,870 --> 00:04:35,040

my first last year the the tic tac type

115

00:04:38,469 --> 00:04:36,880

thing is i mean i've got the pictures on

116

00:04:40,230 --> 00:04:38,479

the phone i've got this the small videos

117

00:04:41,909 --> 00:04:40,240

from the live setting on the phone i've

118

00:04:44,550 --> 00:04:41,919

always got that i keep looking at that

119

00:04:46,070 --> 00:04:44,560

and thinking is it could it be really

120

00:04:47,830 --> 00:04:46,080

but it wasn't doing anything fantastic

121

00:04:50,469 --> 00:04:47,840

it was just moving slowly across the sky

122

00:04:53,830 --> 00:04:50,479

and i've seen other videos on

123

00:04:56,950 --> 00:04:53,840

um instagram and various other

124

00:04:58,870 --> 00:04:56,960

platforms of the same type of thing

125

00:04:59,830 --> 00:04:58,880

um so other people have seen the same

126
00:05:00,950 --> 00:04:59,840

thing

127
00:05:02,710 --> 00:05:00,960

but

128
00:05:04,070 --> 00:05:02,720

this that that so that was cool you know

129
00:05:05,510 --> 00:05:04,080

i saw that last well it might have been

130
00:05:06,710 --> 00:05:05,520

a tic-tac-man but i saw it maybe i saw

131
00:05:09,510 --> 00:05:06,720

you ap

132
00:05:11,430 --> 00:05:09,520

but this thing flying that this plane

133
00:05:12,710 --> 00:05:11,440

the planes don't fly that low over my

134
00:05:14,150 --> 00:05:12,720

house

135
00:05:17,430 --> 00:05:14,160

we have fighter jets over here

136
00:05:20,390 --> 00:05:17,440

occasionally but this thing was

137
00:05:22,629 --> 00:05:20,400

like a 737 it was it was a big jet

138
00:05:25,029 --> 00:05:22,639

and it came across from the sort of

139

00:05:26,790 --> 00:05:25,039

across from it's i live in the in the

140

00:05:28,469 --> 00:05:26,800

midlands so from the malvern hills

141

00:05:31,430 --> 00:05:28,479

across to my place

142

00:05:33,029 --> 00:05:31,440

and then it flew away towards hereford

143

00:05:34,629 --> 00:05:33,039

and this thing was following it this was

144

00:05:37,189 --> 00:05:34,639

this was a sphere

145

00:05:39,189 --> 00:05:37,199

it wasn't a plane it wasn't a bird it

146

00:05:41,990 --> 00:05:39,199

was following this jet and then it

147

00:05:45,909 --> 00:05:44,070

i've tried to find flight details or

148

00:05:48,150 --> 00:05:45,919

flight records of trying to find ways of

149

00:05:50,070 --> 00:05:48,160

finding out if this plane was there a

150

00:05:51,830 --> 00:05:50,080

flight flying over this that's i can't

151
00:05:54,950 --> 00:05:51,840
find anything i can't even remember the

152
00:05:56,550 --> 00:05:54,960
exact date it's just

153
00:05:58,309 --> 00:05:56,560
i wish i could have done

154
00:06:00,150 --> 00:05:58,319
because something was following that jet

155
00:06:02,309 --> 00:06:00,160
and that jet flying low for a reason and

156
00:06:03,749 --> 00:06:02,319
they don't usually fly that low so

157
00:06:06,790 --> 00:06:03,759
that's really cool but it's the

158
00:06:07,909 --> 00:06:06,800
reverberation in the air i was that is

159
00:06:09,430 --> 00:06:07,919
that common

160
00:06:11,189 --> 00:06:09,440
when something enters the atmosphere

161
00:06:12,629 --> 00:06:11,199
when something happens like that is it

162
00:06:13,990 --> 00:06:12,639
could it have been caused by the plane

163
00:06:15,510 --> 00:06:14,000

or could it have been something to do

164

00:06:17,189 --> 00:06:15,520

with this thing that was following i

165

00:06:18,870 --> 00:06:17,199

don't know

166

00:06:25,430 --> 00:06:18,880

okay rome that's all i've got to give

167

00:06:31,670 --> 00:06:28,629

hey ryan um my name is james

168

00:06:34,790 --> 00:06:31,680

i'm 35 years old i live

169

00:06:36,070 --> 00:06:34,800

in ontario canada a few hours north of

170

00:06:39,749 --> 00:06:36,080

toronto

171

00:06:41,590 --> 00:06:39,759

um okay so i have two sightings to share

172

00:06:43,510 --> 00:06:41,600

my first sighting

173

00:06:44,629 --> 00:06:43,520

i shared with two friends um and it's

174

00:06:46,710 --> 00:06:44,639

sort of what

175

00:06:48,710 --> 00:06:46,720

got me into

176

00:06:51,270 --> 00:06:48,720

sort of sky watching i guess and uh

177

00:06:52,790 --> 00:06:51,280

stargazing and stuff um

178

00:06:54,870 --> 00:06:52,800

and that leads into my second sighting

179

00:06:57,749 --> 00:06:54,880

which is a little bit

180

00:06:59,670 --> 00:06:57,759

more exciting than my first one but uh

181

00:07:02,629 --> 00:06:59,680

i'll tell you them both

182

00:07:05,189 --> 00:07:02,639

so the first sighting um happened in the

183

00:07:07,189 --> 00:07:05,199

spring of 2020

184

00:07:10,550 --> 00:07:07,199

in my hometown here

185

00:07:14,309 --> 00:07:10,560

um i was hanging out with two friends um

186

00:07:16,870 --> 00:07:14,319

both same age as me um roughly

187

00:07:19,270 --> 00:07:16,880

and we were having like a band practice

188

00:07:22,230 --> 00:07:19,280

kind of thing a little jam session went

189

00:07:24,469 --> 00:07:22,240

until maybe 12 30 or one in the morning

190

00:07:27,189 --> 00:07:24,479

and then we started walking home

191

00:07:29,510 --> 00:07:27,199

um we live in like a small town

192

00:07:32,150 --> 00:07:29,520

population of like i don't know 15 10 to

193

00:07:33,430 --> 00:07:32,160

15 000 people and this was during sort

194

00:07:37,110 --> 00:07:33,440

of the

195

00:07:39,909 --> 00:07:37,120

deserted

196

00:07:42,150 --> 00:07:39,919

outside anyways so yeah we were walking

197

00:07:43,589 --> 00:07:42,160

home and we stopped in a parking lot

198

00:07:46,070 --> 00:07:43,599

kind of field

199

00:07:48,070 --> 00:07:46,080

thing on the outskirts of town

200

00:07:49,189 --> 00:07:48,080

um just to have a beer and sort of chit

201
00:07:50,790 --> 00:07:49,199
chat

202
00:07:51,589 --> 00:07:50,800
yeah and we were just sitting there i

203
00:07:54,869 --> 00:07:51,599
was

204
00:07:55,990 --> 00:07:54,879
facing sort of north west and my two

205
00:07:57,670 --> 00:07:56,000
friends were in front of me we were kind

206
00:07:59,909 --> 00:07:57,680
of in like a little circle

207
00:08:02,150 --> 00:07:59,919
and i just heard like a noise coming

208
00:08:03,670 --> 00:08:02,160
from behind me um the noise is sort of

209
00:08:06,869 --> 00:08:03,680
hard to describe

210
00:08:08,629 --> 00:08:06,879
at first i thought it was an owl um sort

211
00:08:11,110 --> 00:08:08,639
of diving down

212
00:08:13,270 --> 00:08:11,120
uh to get like a mouse or something

213
00:08:15,270 --> 00:08:13,280

um just i heard something like sort of

214

00:08:17,350 --> 00:08:15,280

go cutting through the air

215

00:08:19,350 --> 00:08:17,360

so yeah i thought it was an owl at first

216

00:08:21,589 --> 00:08:19,360

this is all sort of happening like

217

00:08:23,430 --> 00:08:21,599

really really quickly um but yeah at

218

00:08:27,029 --> 00:08:23,440

first i thought it was an owl but the

219

00:08:29,510 --> 00:08:27,039

sound was was too steady um it was too

220

00:08:30,869 --> 00:08:29,520

like pure i guess if that makes any

221

00:08:32,310 --> 00:08:30,879

sense

222

00:08:33,509 --> 00:08:32,320

um it just sort of sounded like

223

00:08:38,389 --> 00:08:33,519

something

224

00:08:39,829 --> 00:08:38,399

changing in shape like a bird or a ball

225

00:08:41,190 --> 00:08:39,839

or something like that

226

00:08:42,709 --> 00:08:41,200

just cutting through the air and it

227

00:08:44,149 --> 00:08:42,719

sounded like it was coming

228

00:08:45,670 --> 00:08:44,159

it was getting louder and louder it

229

00:08:47,829 --> 00:08:45,680

sounded like it was coming right towards

230

00:08:50,070 --> 00:08:47,839

us so i just looked up to see what it

231

00:08:52,870 --> 00:08:50,080

was and there were two

232

00:08:54,470 --> 00:08:52,880

lights above us two white lights um not

233

00:08:56,949 --> 00:08:54,480

blinking not

234

00:08:58,870 --> 00:08:56,959

flashing or anything like that both

235

00:09:01,350 --> 00:08:58,880

uniform with a jet like both the exact

236

00:09:03,430 --> 00:09:01,360

same um about i would say they were

237

00:09:05,430 --> 00:09:03,440

about two inches apart from each other

238

00:09:07,190 --> 00:09:05,440

if you were to hold

239

00:09:09,430 --> 00:09:07,200

like an arm's length away if you were to

240

00:09:11,350 --> 00:09:09,440

hold two inches that's about how

241

00:09:13,829 --> 00:09:11,360

far the lights were away from each other

242

00:09:16,710 --> 00:09:13,839

um and yeah they just went no noise

243

00:09:18,630 --> 00:09:16,720

other than that sort of noise i heard

244

00:09:20,710 --> 00:09:18,640

um both neither of my friends heard the

245

00:09:22,470 --> 00:09:20,720

noise but as soon as i looked up i saw

246

00:09:25,350 --> 00:09:22,480

these lights

247

00:09:26,470 --> 00:09:25,360

and they were moving west so from east

248

00:09:28,070 --> 00:09:26,480

to west

249

00:09:30,310 --> 00:09:28,080

at just a high rate of speed so i just

250

00:09:33,430 --> 00:09:30,320

said yo yo yo and my friends looked

251
00:09:34,389 --> 00:09:33,440
up my one friend responded what the f is

252
00:09:35,990 --> 00:09:34,399
that

253
00:09:38,389 --> 00:09:36,000
and within about five seconds it had

254
00:09:40,310 --> 00:09:38,399
covered from straight above us to the

255
00:09:41,110 --> 00:09:40,320
horizon and disappeared

256
00:09:42,949 --> 00:09:41,120
so

257
00:09:46,550 --> 00:09:42,959
a lot faster than

258
00:09:47,430 --> 00:09:46,560
a plane or satellites or anything like

259
00:09:48,790 --> 00:09:47,440
that

260
00:09:50,870 --> 00:09:48,800
so yeah we've

261
00:09:53,110 --> 00:09:50,880
all kind of freaked out and

262
00:09:56,550 --> 00:09:53,120
chatted about it for for a while longer

263
00:09:59,190 --> 00:09:56,560

and then we went home um my one friend

264

00:10:00,389 --> 00:09:59,200

saw it on his walk home he saw two more

265

00:10:01,509 --> 00:10:00,399

lights um

266

00:10:02,870 --> 00:10:01,519

one uh

267

00:10:04,470 --> 00:10:02,880

just like it was coming like right at

268

00:10:06,470 --> 00:10:04,480

him getting bigger and bigger and bigger

269

00:10:08,630 --> 00:10:06,480

and then it just disappeared um and i

270

00:10:10,630 --> 00:10:08,640

can't remember what but his second thing

271

00:10:13,430 --> 00:10:10,640

he saw was something similar to that

272

00:10:16,870 --> 00:10:13,440

anyways so that was like the impetus to

273

00:10:19,430 --> 00:10:16,880

me getting into ufos and coming to um

274

00:10:21,829 --> 00:10:19,440

our slash ufos on reddit that's where

275

00:10:24,949 --> 00:10:21,839

ryan i connected with you

276

00:10:27,030 --> 00:10:24,959

yeah so that was my first sighting

277

00:10:28,069 --> 00:10:27,040

so after my first setting i was

278

00:10:30,630 --> 00:10:28,079

you know

279

00:10:32,870 --> 00:10:30,640

pretty shocked like it was pretty weird

280

00:10:34,470 --> 00:10:32,880

i have no idea what it was um so i spent

281

00:10:36,949 --> 00:10:34,480

a lot of time

282

00:10:38,550 --> 00:10:36,959

a lot of nights just star watching in my

283

00:10:40,069 --> 00:10:38,560

backyard um

284

00:10:41,590 --> 00:10:40,079

watching for satellites you know blah

285

00:10:42,870 --> 00:10:41,600

blah seeing if i could just see anything

286

00:10:44,630 --> 00:10:42,880

like that again

287

00:10:46,389 --> 00:10:44,640

so last summer

288

00:10:49,829 --> 00:10:46,399

my second my second sighting was last

289

00:10:52,949 --> 00:10:49,839

summer um year of 2021. i was just in my

290

00:10:55,430 --> 00:10:52,959

backyard um stargazing you know it's

291

00:10:57,910 --> 00:10:55,440

probably midnight i was looking

292

00:11:00,150 --> 00:10:57,920

sort of south east in the sky

293

00:11:04,150 --> 00:11:00,160

and uh something caught my attention to

294

00:11:05,030 --> 00:11:04,160

the north of me so i turned and i saw

295

00:11:11,590 --> 00:11:05,040

two

296

00:11:12,710 --> 00:11:11,600

a like bright white pure white and the

297

00:11:14,710 --> 00:11:12,720

other was

298

00:11:16,949 --> 00:11:14,720

an orange orb

299

00:11:19,030 --> 00:11:16,959

the white orb was like they're both

300

00:11:20,949 --> 00:11:19,040

really high up in the sky the white orb

301
00:11:23,269 --> 00:11:20,959
was above the orange orb

302
00:11:24,150 --> 00:11:23,279
quite a bit above it and they would sort

303
00:11:27,030 --> 00:11:24,160
of

304
00:11:28,870 --> 00:11:27,040
illuminate for maybe three seconds go

305
00:11:30,949 --> 00:11:28,880
out for three seconds

306
00:11:32,069 --> 00:11:30,959
illuminate for three seconds go out for

307
00:11:34,150 --> 00:11:32,079
three seconds

308
00:11:36,550 --> 00:11:34,160
and they were ascending so they were

309
00:11:38,790 --> 00:11:36,560
moving up in the sky in sort of like a

310
00:11:40,870 --> 00:11:38,800
corkscrew fashion

311
00:11:43,110 --> 00:11:40,880
it kind of looked like the white one was

312
00:11:45,509 --> 00:11:43,120
spinning one way and the orange one was

313
00:11:46,949 --> 00:11:45,519

doing the mirror opposite of that um

314

00:11:47,990 --> 00:11:46,959

they both would light up at the same

315

00:11:49,990 --> 00:11:48,000

time

316

00:11:53,829 --> 00:11:50,000

and yeah they're just sort of spiraling

317

00:11:56,949 --> 00:11:53,839

up as they light up and the orange orb

318

00:11:59,350 --> 00:11:56,959

was ascending faster than the white orb

319

00:12:01,829 --> 00:11:59,360

so it was it was cl the gap between them

320

00:12:03,509 --> 00:12:01,839

was closing this sighting maybe lasted

321

00:12:06,470 --> 00:12:03,519

maybe 30 seconds

322

00:12:09,590 --> 00:12:06,480

so yeah these orbs are sort of spiraling

323

00:12:11,829 --> 00:12:09,600

and illuminating and going out

324

00:12:14,629 --> 00:12:11,839

the orange orb is slowly closing in on

325

00:12:17,110 --> 00:12:14,639

the white orb after maybe they

326

00:12:20,949 --> 00:12:17,120

did this four times like illuminated and

327

00:12:23,190 --> 00:12:20,959

went out the orange arm orb had merged

328

00:12:25,590 --> 00:12:23,200

with the white orb and they just went

329

00:12:27,030 --> 00:12:25,600

out like then just went totally out and

330

00:12:28,389 --> 00:12:27,040

they were probably out for about 10

331

00:12:34,069 --> 00:12:28,399

seconds

332

00:12:35,430 --> 00:12:34,079

acceleration i've never seen anything

333

00:12:37,030 --> 00:12:35,440

accelerate that

334

00:12:41,110 --> 00:12:37,040

like this

335

00:12:44,150 --> 00:12:41,120

in my life um just instantaneously shot

336

00:12:46,470 --> 00:12:44,160

like a bullet um straight up and it left

337

00:12:48,710 --> 00:12:46,480

like a perfect streak

338

00:12:50,949 --> 00:12:48,720

white streak it looked like a perfectly

339

00:12:53,190 --> 00:12:50,959

straight lightning bolt that's the best

340

00:12:54,870 --> 00:12:53,200

way i can describe it and then after a

341

00:12:56,069 --> 00:12:54,880

few more seconds

342

00:12:57,990 --> 00:12:56,079

one shot

343

00:13:00,389 --> 00:12:58,000

the same thing happened but shot to the

344

00:13:02,310 --> 00:13:00,399

left so 90 degrees

345

00:13:04,230 --> 00:13:02,320

just and it went along the horizon and

346

00:13:07,910 --> 00:13:04,240

same thing just left this

347

00:13:09,430 --> 00:13:07,920

streak like a perfect bolt of lightning

348

00:13:10,949 --> 00:13:09,440

no noise

349

00:13:13,430 --> 00:13:10,959

or anything like that no one else saw

350

00:13:15,430 --> 00:13:13,440

the second one with me i instantly came

351

00:13:17,750 --> 00:13:15,440

inside and told my girlfriend and was

352

00:13:19,750 --> 00:13:17,760

kind of freaking out um but that's it

353

00:13:22,389 --> 00:13:19,760

that was exciting

354

00:13:24,710 --> 00:13:22,399

it was just so shocking it

355

00:13:26,710 --> 00:13:24,720

it felt like i was seeing something that

356

00:13:29,190 --> 00:13:26,720

not that i'm not supposed to be seeing

357

00:13:31,590 --> 00:13:29,200

but that isn't supposed to exist

358

00:13:33,509 --> 00:13:31,600

you know like i'm seeing this thing that

359

00:13:35,190 --> 00:13:33,519

i knew instantly when i tell my friends

360

00:13:36,870 --> 00:13:35,200

or anyone about it

361

00:13:39,030 --> 00:13:36,880

they're gonna look at me like i'm a

362

00:13:40,389 --> 00:13:39,040

weirdo or like i'm crazy or something

363

00:13:41,509 --> 00:13:40,399

but yeah that's how it made me feel it's

364

00:13:43,430 --> 00:13:41,519

just sort of

365

00:13:44,230 --> 00:13:43,440

surreal

366

00:13:45,829 --> 00:13:44,240

and

367

00:13:47,509 --> 00:13:45,839

i don't know it was awesome too like

368

00:13:50,389 --> 00:13:47,519

i've never seen anything like that i'm

369

00:13:52,069 --> 00:13:50,399

familiar with fireworks and

370

00:13:53,750 --> 00:13:52,079

stuff like that

371

00:13:55,509 --> 00:13:53,760

and i don't think it was it definitely

372

00:13:57,350 --> 00:13:55,519

was not fireworks

373

00:13:59,189 --> 00:13:57,360

i've been researching maybe ball

374

00:13:59,910 --> 00:13:59,199

lightning maybe it was ball lightning

375

00:14:02,470 --> 00:13:59,920

but

376

00:14:03,750 --> 00:14:02,480

there doesn't seem to be even any

377

00:14:06,790 --> 00:14:03,760

definitive

378

00:14:09,030 --> 00:14:06,800

answer that ball lightning is even real

379

00:14:11,670 --> 00:14:09,040

just sort of witness accounts and i

380

00:14:13,189 --> 00:14:11,680

found a study from 2014 where they were

381

00:14:14,870 --> 00:14:13,199

able to make a

382

00:14:16,629 --> 00:14:14,880

what they think is ball lightning in

383

00:14:17,990 --> 00:14:16,639

like a lab i guess they made like a

384

00:14:19,990 --> 00:14:18,000

plasma ball

385

00:14:21,910 --> 00:14:20,000

but yeah so i don't know

386

00:14:22,949 --> 00:14:21,920

i don't know what it was

387

00:14:24,949 --> 00:14:22,959

but it was

388

00:14:26,389 --> 00:14:24,959

interesting it was cool i've never seen

389

00:14:27,990 --> 00:14:26,399

anything like that i hope to see

390

00:14:30,150 --> 00:14:28,000

something like that again

391

00:14:31,990 --> 00:14:30,160

and i've also been sort of chatting with

392

00:14:34,470 --> 00:14:32,000

people on reddit who have had similar

393

00:14:36,629 --> 00:14:34,480

stories and there's lots of people out

394

00:14:39,269 --> 00:14:36,639

there seeing these orbs that

395

00:14:41,509 --> 00:14:39,279

instantaneously accelerate and

396

00:14:43,590 --> 00:14:41,519

leave these you know this perfect streak

397

00:14:45,990 --> 00:14:43,600

of lightning anyway yeah that's my

398

00:14:47,590 --> 00:14:46,000

sighting yeah i hope uh someone finds it

399

00:14:50,550 --> 00:14:47,600

interesting and maybe someone has a

400

00:14:52,870 --> 00:14:50,560

similar experience i'm curious to see

401
00:14:54,710 --> 00:14:52,880
so yeah that's it thanks ryan um i

402
00:14:56,710 --> 00:14:54,720
appreciate what you're doing getting

403
00:14:58,870 --> 00:14:56,720
these stories out there and you know

404
00:15:00,550 --> 00:14:58,880
also connecting sort of people who have

405
00:15:03,030 --> 00:15:00,560
had similar sightings because it is nice

406
00:15:04,870 --> 00:15:03,040
to talk to people about it you know it's

407
00:15:06,629 --> 00:15:04,880
not something i can i talk to my friends

408
00:15:07,750 --> 00:15:06,639
and stuff about it but

409
00:15:09,509 --> 00:15:07,760
you know

410
00:15:11,189 --> 00:15:09,519
there's that part of me that thinks that

411
00:15:16,550 --> 00:15:11,199
they just think i'm crazy

412
00:15:22,550 --> 00:15:20,550
hello this is ryan horn today's date is

413
00:15:24,829 --> 00:15:22,560

monday april 4th

414

00:15:27,430 --> 00:15:24,839
2022.

415

00:15:30,310 --> 00:15:27,440
i have been on here before this is my

416

00:15:31,990 --> 00:15:30,320
11th sighting in fact the other 10 are

417

00:15:34,310 --> 00:15:32,000
on an episode

418

00:15:37,590 --> 00:15:34,320
uh on ryan's channel called the lifetime

419

00:15:40,470 --> 00:15:37,600
of ufos in british columbia

420

00:15:42,550 --> 00:15:40,480
which uh document the first ten

421

00:15:46,790 --> 00:15:42,560
so anyway this eleventh one

422

00:15:50,069 --> 00:15:46,800
i had just made a report on uh

423

00:15:52,870 --> 00:15:50,079
i think uh wednesday to move on

424

00:15:56,150 --> 00:15:52,880
reporting one of the sightings and then

425

00:15:58,310 --> 00:15:56,160
filling in the comment section with uh

426
00:16:00,790 --> 00:15:58,320
the other nine

427
00:16:02,470 --> 00:16:00,800
and then uh the next afternoon thursday

428
00:16:04,389 --> 00:16:02,480
i was sitting outside wondering and i

429
00:16:07,110 --> 00:16:04,399
wonder if i'll ever see these again and

430
00:16:09,030 --> 00:16:07,120
sure enough that night i did

431
00:16:10,629 --> 00:16:09,040
so the i was sitting on the back deck

432
00:16:11,590 --> 00:16:10,639
around

433
00:16:14,550 --> 00:16:11,600
um

434
00:16:16,870 --> 00:16:14,560
well near 11 30 there was uh

435
00:16:19,350 --> 00:16:16,880
two white cigars

436
00:16:21,189 --> 00:16:19,360
about a half inch

437
00:16:23,110 --> 00:16:21,199
in length each

438
00:16:24,790 --> 00:16:23,120

and with about a half inch space in

439

00:16:28,389 --> 00:16:24,800

between them i thought it was one at

440

00:16:30,629 --> 00:16:28,399

first when i first saw it to the uh

441

00:16:33,590 --> 00:16:30,639

kind of south east

442

00:16:35,590 --> 00:16:33,600

and it traveled directly overhead

443

00:16:38,550 --> 00:16:35,600

or they traveled directly overhead to

444

00:16:40,870 --> 00:16:38,560

the uh kind of northwest

445

00:16:42,870 --> 00:16:40,880

and there was roughly a half inch gap in

446

00:16:44,949 --> 00:16:42,880

between them i would say

447

00:16:45,910 --> 00:16:44,959

and they traveled edgeways not end to

448

00:16:48,550 --> 00:16:45,920

end

449

00:16:52,230 --> 00:16:48,560

and that lasted about uh

450

00:16:53,110 --> 00:16:52,240

five you know five to six seconds

451
00:17:01,350 --> 00:16:53,120
and

452
00:17:03,990 --> 00:17:01,360
said 11 24 so

453
00:17:08,710 --> 00:17:04,000
p.m so i guess that would have been

454
00:17:12,390 --> 00:17:08,720
round 11 22 or 23 would actually happen

455
00:17:15,189 --> 00:17:12,400
so i turned my camera on i went back out

456
00:17:17,510 --> 00:17:15,199
and a couple minutes later there was

457
00:17:20,549 --> 00:17:17,520
what i recognized as a

458
00:17:23,029 --> 00:17:20,559
cloud guy which you'll remember from the

459
00:17:24,549 --> 00:17:23,039
other video if you've listened to it

460
00:17:28,069 --> 00:17:24,559
basically just a

461
00:17:30,710 --> 00:17:28,079
roundish cloud with no shape traveling

462
00:17:33,350 --> 00:17:30,720
across the sky holding its shape no tail

463
00:17:35,510 --> 00:17:33,360

no sound no lights

464

00:17:36,470 --> 00:17:35,520

and i only saw it for about two seconds

465

00:17:39,909 --> 00:17:36,480

when i

466

00:17:41,590 --> 00:17:39,919

looked down and tried to get my camera

467

00:17:43,350 --> 00:17:41,600

ready to take a picture of something and

468

00:17:45,510 --> 00:17:43,360

then knocked it out of camera mode of

469

00:17:47,590 --> 00:17:45,520

course and fiddled with it and

470

00:17:49,750 --> 00:17:47,600

by the time i got back up it was gone i

471

00:17:51,590 --> 00:17:49,760

couldn't spot it with my eyes

472

00:17:54,310 --> 00:17:51,600

so nothing to film

473

00:17:55,990 --> 00:17:54,320

so i went downstairs and uh the time

474

00:17:58,470 --> 00:17:56,000

actually the time of that one i know

475

00:18:00,070 --> 00:17:58,480

noted was 11 30.

476

00:18:01,510 --> 00:18:00,080

so then i went downstairs and got my

477

00:18:03,590 --> 00:18:01,520

daughter to come hang out on the back

478

00:18:05,350 --> 00:18:03,600

deck with me and we sat on these uh

479

00:18:07,669 --> 00:18:05,360

chairs in front of the barbecues look at

480

00:18:10,870 --> 00:18:07,679

the starters and chatting

481

00:18:12,390 --> 00:18:10,880

and then she spotted it first i guess

482

00:18:14,710 --> 00:18:12,400

because when i said do you see that she

483

00:18:17,510 --> 00:18:14,720

goes yeah i'm looking right at it and

484

00:18:19,350 --> 00:18:17,520

so there's from behind us kind of the

485

00:18:21,510 --> 00:18:19,360

north west

486

00:18:23,909 --> 00:18:21,520

traveling back the same direction as the

487

00:18:26,710 --> 00:18:23,919

other two the first two i'd seen but

488

00:18:30,230 --> 00:18:26,720

slightly to the south but still sort of

489

00:18:31,080 --> 00:18:30,240

a straight line east ish

490

00:18:32,470 --> 00:18:31,090

and um

491

00:18:35,510 --> 00:18:32,480

[Music]

492

00:18:36,390 --> 00:18:35,520

but i re i saw them as kind of like two

493

00:18:38,630 --> 00:18:36,400

dim

494

00:18:40,870 --> 00:18:38,640

sort of satellites

495

00:18:42,549 --> 00:18:40,880

not twinkling no tails

496

00:18:44,470 --> 00:18:42,559

and uh

497

00:18:46,070 --> 00:18:44,480

one on the left was slightly brighter so

498

00:18:48,390 --> 00:18:46,080

i was keeping my eye on that but i did

499

00:18:50,390 --> 00:18:48,400

notice that there was a pair of them

500

00:18:53,830 --> 00:18:50,400

and they were traveling straight and

501
00:18:56,150 --> 00:18:53,840
then took a curve about 30 degrees both

502
00:18:57,350 --> 00:18:56,160
of them toward the south like further to

503
00:18:58,710 --> 00:18:57,360
the south

504
00:19:01,350 --> 00:18:58,720
so that's the first time i've seen them

505
00:19:03,270 --> 00:19:01,360
change direction and my co-witness there

506
00:19:05,190 --> 00:19:03,280
she stated the same thing that she had

507
00:19:07,830 --> 00:19:05,200
seen them curve

508
00:19:09,909 --> 00:19:07,840
the next day i had drawn a picture from

509
00:19:12,390 --> 00:19:09,919
my wife before she'd gone out to dinner

510
00:19:14,630 --> 00:19:12,400
with some friends of the first ones that

511
00:19:17,669 --> 00:19:14,640
i'd seen these cigars

512
00:19:20,470 --> 00:19:17,679
and then later on my daughter kept

513
00:19:22,710 --> 00:19:20,480

referring to them as lines

514

00:19:24,789 --> 00:19:22,720

so i asked her to draw what she was

515

00:19:26,950 --> 00:19:24,799

talking about and what she drew was

516

00:19:29,350 --> 00:19:26,960

exactly what i had drawn from my wife

517

00:19:30,630 --> 00:19:29,360

these two little cigar white things side

518

00:19:32,630 --> 00:19:30,640

by side

519

00:19:36,070 --> 00:19:32,640

except that she said

520

00:19:37,669 --> 00:19:36,080

she saw them traveling end to end

521

00:19:39,350 --> 00:19:37,679

so i mean she's

522

00:19:41,909 --> 00:19:39,360

younger better eyeballs and she was

523

00:19:43,190 --> 00:19:41,919

wearing her glasses so i will trust her

524

00:19:45,430 --> 00:19:43,200

vision on that

525

00:19:47,830 --> 00:19:45,440

especially since they were exactly what

526

00:19:49,590 --> 00:19:47,840

i had drawn from my wife a few minutes

527

00:19:51,430 --> 00:19:49,600

before that

528

00:19:55,270 --> 00:19:51,440

anyway i thought that was kind of cool

529

00:19:57,830 --> 00:19:55,280

and um we noted the time was 11 55 so it

530

00:19:58,710 --> 00:19:57,840

would have happened at around 11 53 we

531

00:20:00,390 --> 00:19:58,720

figured

532

00:20:01,909 --> 00:20:00,400

p.m

533

00:20:04,470 --> 00:20:01,919

so that's uh

534

00:20:06,549 --> 00:20:04,480

it those are the three and uh i guess

535

00:20:08,950 --> 00:20:06,559

i'll keep you posted

536

00:20:13,990 --> 00:20:08,960

i'm sure it will continue

537

00:20:19,110 --> 00:20:16,149

i'm gonna talk about a

538

00:20:21,270 --> 00:20:19,120

a thing i saw in the sky

539

00:20:24,630 --> 00:20:21,280

on the way to my boyfriend's house i

540

00:20:27,190 --> 00:20:24,640

take route 70 um going west

541

00:20:29,590 --> 00:20:27,200

uh towards maple shade

542

00:20:31,350 --> 00:20:29,600

which i would have again on 73 as we all

543

00:20:33,190 --> 00:20:31,360

know if you are from

544

00:20:34,549 --> 00:20:33,200

new jersey or whatever

545

00:20:36,390 --> 00:20:34,559

so

546

00:20:39,350 --> 00:20:36,400

right at the cross

547

00:20:42,950 --> 00:20:39,360

section of where my town starts

548

00:20:45,190 --> 00:20:42,960

and route 70 like can um

549

00:20:47,029 --> 00:20:45,200

intersects with it i'm supposed to make

550

00:20:48,630 --> 00:20:47,039

a left i mean uh

551
00:20:50,950 --> 00:20:48,640
all right

552
00:20:53,510 --> 00:20:50,960
wow this is so hard to explain to make a

553
00:20:56,549 --> 00:20:53,520
right and there's this cornfield to my

554
00:20:57,590 --> 00:20:56,559
left and i saw this thing in the sky it

555
00:20:58,870 --> 00:20:57,600
looked like

556
00:21:00,789 --> 00:20:58,880
um

557
00:21:04,070 --> 00:21:00,799
it looked like the north star like

558
00:21:05,110 --> 00:21:04,080
literally it did and um

559
00:21:10,470 --> 00:21:05,120
it was

560
00:21:12,870 --> 00:21:10,480
but the sun was gradually going down

561
00:21:14,390 --> 00:21:12,880
and um i was just staring at it i was at

562
00:21:15,430 --> 00:21:14,400
the stoplight

563
00:21:17,029 --> 00:21:15,440

and

564

00:21:17,990 --> 00:21:17,039

it kept getting

565

00:21:26,230 --> 00:21:18,000

dimmer

566

00:21:27,350 --> 00:21:26,240

like um at the bottom of it like go

567

00:21:30,070 --> 00:21:27,360

around

568

00:21:32,789 --> 00:21:30,080

it was really spooky and it had three

569

00:21:35,029 --> 00:21:32,799

lights and they were all the same color

570

00:21:38,070 --> 00:21:35,039

so i'm like

571

00:21:41,590 --> 00:21:38,080

what is this and i was staring out

572

00:21:44,070 --> 00:21:41,600

and this light seemed like it lasted

573

00:21:46,149 --> 00:21:44,080

um two minutes but i know these lights

574

00:21:47,590 --> 00:21:46,159

only last like a minute a minute and a

575

00:21:49,510 --> 00:21:47,600

half

576

00:21:51,590 --> 00:21:49,520

and everyone else is staring at me in

577

00:21:53,350 --> 00:21:51,600

their car like what is this girl staring

578

00:21:54,870 --> 00:21:53,360

at i'm like

579

00:21:56,549 --> 00:21:54,880

oh no so

580

00:21:58,390 --> 00:21:56,559

i look over to see if the light changed

581

00:21:59,590 --> 00:21:58,400

the light changed i looked back

582

00:22:01,270 --> 00:21:59,600

it was gone

583

00:22:03,590 --> 00:22:01,280

nowhere to be found

584

00:22:04,870 --> 00:22:03,600

so i got on my phone and i called my dad

585

00:22:07,029 --> 00:22:04,880

and i'm like dad oh my god i think i

586

00:22:09,350 --> 00:22:07,039

just saw ufo he's like what do you mean

587

00:22:11,190 --> 00:22:09,360

i'm like i think i just saw ufo. he's

588

00:22:13,830 --> 00:22:11,200

like well describe it so i described it

589

00:22:15,270 --> 00:22:13,840

he's like that sounds weird

590

00:22:17,510 --> 00:22:15,280

um

591

00:22:19,110 --> 00:22:17,520

are you okay i'm like yeah i'm fine i

592

00:22:22,470 --> 00:22:19,120

just don't know what the heck just

593

00:22:25,350 --> 00:22:22,480

happened and so on my way to my

594

00:22:28,230 --> 00:22:25,360

boyfriend's house again like

595

00:22:30,549 --> 00:22:28,240

um since i saw it in the sky

596

00:22:31,830 --> 00:22:30,559

it's uh

597

00:22:35,110 --> 00:22:31,840

east

598

00:22:37,110 --> 00:22:35,120

okay

599

00:22:40,149 --> 00:22:37,120

um

600

00:22:43,669 --> 00:22:40,159

so i started going towards 73.

601
00:22:46,390 --> 00:22:43,679
and i saw it again and this time i was

602
00:22:49,909 --> 00:22:46,400
in like heavy traffic it was stop go

603
00:22:51,029 --> 00:22:49,919
stop go so i'm staring at it

604
00:22:51,909 --> 00:22:51,039
and

605
00:22:54,470 --> 00:22:51,919
um

606
00:22:56,470 --> 00:22:54,480
traffic starts moving again so i keep

607
00:22:58,390 --> 00:22:56,480
staring at it looking up looking up

608
00:23:00,950 --> 00:22:58,400
and it's doing the same thing over and

609
00:23:03,909 --> 00:23:00,960
over again i'm like oh my god so i

610
00:23:06,310 --> 00:23:03,919
looked up finally and it disappeared

611
00:23:09,430 --> 00:23:06,320
it was so freaky i saw it twice in one

612
00:23:11,750 --> 00:23:09,440
night and my dad i called my dad again

613
00:23:13,430 --> 00:23:11,760

saying i saw it again and he's like well

614

00:23:14,230 --> 00:23:13,440

maybe they're after you i'm like i doubt

615

00:23:16,630 --> 00:23:14,240

that

616

00:23:18,230 --> 00:23:16,640

and he's like well go outside tomorrow

617

00:23:19,990 --> 00:23:18,240

and see if you see it and then they're

618

00:23:21,990 --> 00:23:20,000

definitely after you i'm like that's not

619

00:23:24,950 --> 00:23:22,000

a joke like seriously i don't know what

620

00:23:26,710 --> 00:23:24,960

the heck that is it was freaking me out

621

00:23:28,710 --> 00:23:26,720

so um

622

00:23:29,750 --> 00:23:28,720

apparently i'm not the only one who has

623

00:23:31,350 --> 00:23:29,760

seen

624

00:23:32,470 --> 00:23:31,360

these things

625

00:23:34,149 --> 00:23:32,480

um

626
00:23:35,430 --> 00:23:34,159
people in pennsylvania have seen the

627
00:23:38,149 --> 00:23:35,440
same thing

628
00:23:40,950 --> 00:23:38,159
and people in

629
00:23:43,510 --> 00:23:40,960
north jersey have seen the same thing so

630
00:23:45,269 --> 00:23:43,520
i'm thinking what the heck is going on

631
00:23:48,310 --> 00:23:45,279
i really want to know i don't want to be

632
00:23:51,669 --> 00:23:48,320
the only one who has this insane story

633
00:23:57,510 --> 00:23:51,679
which no one believes so um

634
00:24:00,470 --> 00:23:58,950
hi ryan

635
00:24:03,350 --> 00:24:00,480
thanks for giving me this

636
00:24:06,070 --> 00:24:03,360
opportunity to tell this story i've had

637
00:24:08,390 --> 00:24:06,080
a few few experiences but i'll

638
00:24:09,990 --> 00:24:08,400

tell the one of most significance i'd

639

00:24:11,430 --> 00:24:10,000

say

640

00:24:14,789 --> 00:24:11,440

my name's josh

641

00:24:17,269 --> 00:24:14,799

i'm 33 years old and i'm from glencoe

642

00:24:18,470 --> 00:24:17,279

west coast of scotland in the highlands

643

00:24:19,909 --> 00:24:18,480

it was a

644

00:24:21,070 --> 00:24:19,919

november night

645

00:24:24,230 --> 00:24:21,080

back in

646

00:24:27,190 --> 00:24:24,240

2007 or eight i can't quite remember the

647

00:24:29,750 --> 00:24:27,200

exact year but about that time

648

00:24:32,070 --> 00:24:29,760

uh my buddy had not long passed this

649

00:24:34,470 --> 00:24:32,080

test not much else to do so we used to

650

00:24:36,789 --> 00:24:34,480

just cruise around in there's a

651
00:24:39,750 --> 00:24:36,799
voxel astra estate

652
00:24:41,430 --> 00:24:39,760
and listen to the loud music sort of

653
00:24:44,310 --> 00:24:41,440
talk nonsense

654
00:24:45,510 --> 00:24:44,320
so this is a night at night similar to

655
00:24:48,149 --> 00:24:45,520
many others

656
00:24:50,470 --> 00:24:48,159
anyway we're we're driving i must add

657
00:24:51,909 --> 00:24:50,480
sorry and where i am in the west coast

658
00:24:54,549 --> 00:24:51,919
there's not a huge amount of light

659
00:24:56,149 --> 00:24:54,559
pollution so on a clear night

660
00:24:57,830 --> 00:24:56,159
you know away from any

661
00:24:59,269 --> 00:24:57,840
lights from the village

662
00:25:01,590 --> 00:24:59,279
you can see

663
00:25:03,590 --> 00:25:01,600

all the stars it's beautiful you can

664

00:25:05,750 --> 00:25:03,600

also see the

665

00:25:07,430 --> 00:25:05,760

sort of haze of the milky way with the

666

00:25:09,909 --> 00:25:07,440

naked eye when you go up the glen you

667

00:25:12,549 --> 00:25:09,919

know so uh quite fascinating just we

668

00:25:14,470 --> 00:25:12,559

used to sit and smoke cigarettes and

669

00:25:17,110 --> 00:25:14,480

watch the watch the night sky often

670

00:25:20,149 --> 00:25:17,120

always seeing things like darting about

671

00:25:22,070 --> 00:25:20,159

most likely satellites you know um

672

00:25:23,750 --> 00:25:22,080

anyway this night in particular we were

673

00:25:25,029 --> 00:25:23,760

we were driving along this street it was

674

00:25:27,510 --> 00:25:25,039

probably like a

675

00:25:29,350 --> 00:25:27,520

10 mile stretch of road that's

676

00:25:31,750 --> 00:25:29,360

in the middle of a glen

677

00:25:33,190 --> 00:25:31,760

not too close to either of the mountain

678

00:25:35,990 --> 00:25:33,200

even the mountain ranges either side of

679

00:25:36,870 --> 00:25:36,000

you so a fairly open bit

680

00:25:40,390 --> 00:25:36,880

um

681

00:25:42,470 --> 00:25:40,400

this particular night was quite cloudy

682

00:25:44,630 --> 00:25:42,480

after the odd patch of stars would shine

683

00:25:47,269 --> 00:25:44,640

through you know you could see through

684

00:25:49,669 --> 00:25:47,279

anyway we're we're driving along and i

685

00:25:51,750 --> 00:25:49,679

saw this sort of i guess peach would be

686

00:25:55,110 --> 00:25:51,760

the best way to describe the color it's

687

00:25:57,110 --> 00:25:55,120

just pinky orange light coming from one

688

00:25:59,990 --> 00:25:57,120

of the mountains they initially were

689

00:26:01,269 --> 00:26:00,000

like oh there's a flare uh what do we do

690

00:26:02,470 --> 00:26:01,279

with that there's obviously people

691

00:26:04,630 --> 00:26:02,480

trapped stuck up there and they're

692

00:26:06,549 --> 00:26:04,640

needing assistance

693

00:26:08,950 --> 00:26:06,559

uh who do we call do you call police

694

00:26:11,909 --> 00:26:08,960

what's the number from rescue blah blah

695

00:26:13,430 --> 00:26:11,919

decided to go to the pub that was you

696

00:26:15,110 --> 00:26:13,440

know as i say about eight miles away

697

00:26:17,110 --> 00:26:15,120

from where we were kind of in the

698

00:26:19,110 --> 00:26:17,120

there's a loop that we would do yeah so

699

00:26:21,990 --> 00:26:19,120

we're heading towards this pub and as

700

00:26:23,430 --> 00:26:22,000

we're driving along music pumping

701

00:26:26,230 --> 00:26:23,440

i kept my eye on this light because it

702

00:26:28,789 --> 00:26:26,240

was it was weird it didn't look you know

703

00:26:29,909 --> 00:26:28,799

flares are all sorts of colors i suppose

704

00:26:32,230 --> 00:26:29,919

but

705

00:26:34,549 --> 00:26:32,240

this looked a bit weird or maybe i

706

00:26:37,110 --> 00:26:34,559

wanted it to look weird

707

00:26:39,269 --> 00:26:37,120

so i was watching it and

708

00:26:41,350 --> 00:26:39,279

as i was watching that it was you know a

709

00:26:44,549 --> 00:26:41,360

good minute or two

710

00:26:46,789 --> 00:26:44,559

it was still lit like bright

711

00:26:48,710 --> 00:26:46,799

and it was almost coming towards us we

712

00:26:50,310 --> 00:26:48,720

were driving towards it and it appeared

713

00:26:53,350 --> 00:26:50,320

to be coming towards us and it got to a

714

00:26:54,950 --> 00:26:53,360

point it was maybe a mile or two away

715

00:26:56,230 --> 00:26:54,960

itself from the mountain it appeared to

716

00:26:58,789 --> 00:26:56,240

have come from

717

00:27:00,549 --> 00:26:58,799

that and our experience of seeing flares

718

00:27:02,390 --> 00:27:00,559

and a lot of people get rescued off the

719

00:27:04,470 --> 00:27:02,400

mountains around here they don't really

720

00:27:06,549 --> 00:27:04,480

hang out like that so i decided to stick

721

00:27:07,990 --> 00:27:06,559

my head out the window yeah because you

722

00:27:09,830 --> 00:27:08,000

know i've got like lights from the dash

723

00:27:11,269 --> 00:27:09,840

and stuff in the car it's kind of hard

724

00:27:13,430 --> 00:27:11,279

to see through the windows so i stuck my

725

00:27:14,950 --> 00:27:13,440

head out to sort of spot you know a

726

00:27:16,710 --> 00:27:14,960

silhouette of a helicopter or something

727

00:27:18,470 --> 00:27:16,720

i couldn't see anything i just saw just

728

00:27:19,669 --> 00:27:18,480

about this light

729

00:27:21,750 --> 00:27:19,679

that's all right

730

00:27:25,110 --> 00:27:21,760

told my body to pull over in the

731

00:27:26,710 --> 00:27:25,120

label i cut the engine music off

732

00:27:29,350 --> 00:27:26,720

we sat there watching this light now by

733

00:27:33,269 --> 00:27:29,360

this point it had come you know almost

734

00:27:34,710 --> 00:27:33,279

parallel to us a good few hundred meters

735

00:27:36,710 --> 00:27:34,720

above the ground

736

00:27:38,549 --> 00:27:36,720

and again maybe four or five hundred

737

00:27:41,750 --> 00:27:38,559

meters away from us in a sort of

738

00:27:44,230 --> 00:27:41,760

horizontal direction you know so

739

00:27:46,149 --> 00:27:44,240

close enough um that you'd if it was a

740

00:27:48,630 --> 00:27:46,159

helicopter you would you would hear the

741

00:27:50,070 --> 00:27:48,640

roars and there's nothing absolutely

742

00:27:52,470 --> 00:27:50,080

nothing at this point it's sort of like

743

00:27:53,990 --> 00:27:52,480

just hanging hanging in the sky

744

00:27:55,430 --> 00:27:54,000

clouds above it

745

00:27:57,669 --> 00:27:55,440

you could see

746

00:27:59,190 --> 00:27:57,679

the light of it reflecting off the

747

00:28:00,310 --> 00:27:59,200

clouds so it's obviously fairly close to

748

00:28:01,990 --> 00:28:00,320

the cloud

749

00:28:04,870 --> 00:28:02,000

and be my body bodybuilder we're joking

750

00:28:07,350 --> 00:28:04,880

like a ufo or whatever and as we're

751

00:28:09,190 --> 00:28:07,360

saying that it shot upwards

752

00:28:11,750 --> 00:28:09,200

very very very quickly through the

753

00:28:13,510 --> 00:28:11,760

clouds um so quick it was almost

754

00:28:15,110 --> 00:28:13,520

unbelievable that it did it

755

00:28:18,070 --> 00:28:15,120

you could see the light go through the

756

00:28:19,830 --> 00:28:18,080

cloud you know as it went up and out

757

00:28:21,269 --> 00:28:19,840

to which my buddy and i got a bit

758

00:28:22,710 --> 00:28:21,279

freaked out

759

00:28:24,310 --> 00:28:22,720

and

760

00:28:25,750 --> 00:28:24,320

jumped in the car

761

00:28:28,549 --> 00:28:25,760

and

762

00:28:32,389 --> 00:28:28,559

proceeded to go

763

00:28:35,669 --> 00:28:32,399

so yeah that was that was that one

764

00:28:39,669 --> 00:28:35,679

another one very quick one was not

765

00:28:41,510 --> 00:28:39,679

too long i believe it was after that

766

00:28:43,110 --> 00:28:41,520

uh a few of my friends and i were sort

767

00:28:45,590 --> 00:28:43,120

of walking up and down the village as we

768

00:28:47,269 --> 00:28:45,600

would do killing time on a weekend not

769

00:28:50,470 --> 00:28:47,279

much to do but drink and stuff like that

770

00:28:53,350 --> 00:28:50,480

and uh it was a corner of my eye and

771

00:28:56,070 --> 00:28:53,360

directly in front of my my other friend

772

00:28:57,909 --> 00:28:56,080

we saw this red

773

00:29:01,190 --> 00:28:57,919

it was like a meteorite you know just

774

00:29:02,950 --> 00:29:01,200

like go flying behind this mountain and

775

00:29:05,350 --> 00:29:02,960

again the light would just like bounce

776

00:29:07,830 --> 00:29:05,360

off all the rocks off the mountain

777

00:29:09,269 --> 00:29:07,840

and disappear and we waited waited and

778

00:29:10,870 --> 00:29:09,279

waited and waited for some sort of like

779

00:29:14,549 --> 00:29:10,880

impact sound

780

00:29:16,789 --> 00:29:14,559

just nothing nothing at all so that was

781

00:29:19,190 --> 00:29:16,799

that was quite bizarre but i don't know

782

00:29:20,950 --> 00:29:19,200

that one's not so not so mysterious

783

00:29:23,110 --> 00:29:20,960

really i guess it could have just easily

784

00:29:27,110 --> 00:29:23,120

been a meteorite

785

00:29:29,110 --> 00:29:27,120

and my third experience would be

786

00:29:31,110 --> 00:29:29,120

a place called cool bay

787

00:29:31,990 --> 00:29:31,120

very beautiful open

788

00:29:34,070 --> 00:29:32,000

part of

789

00:29:37,430 --> 00:29:34,080

a beach you know um

790

00:29:40,389 --> 00:29:37,440

right at the sea right beside the walk

791

00:29:42,789 --> 00:29:40,399

it was about four in the morning i

792

00:29:44,230 --> 00:29:42,799

believe my i was the only one awake at

793

00:29:46,549 --> 00:29:44,240

this point

794

00:29:48,070 --> 00:29:46,559

and i could hear this like

795

00:29:49,590 --> 00:29:48,080

you know

796

00:29:51,110 --> 00:29:49,600

humming noise

797

00:29:54,070 --> 00:29:51,120

drone noise

798

00:29:56,230 --> 00:29:54,080

this was 2003

799

00:29:58,549 --> 00:29:56,240

and to my knowledge i didn't know about

800

00:29:59,669 --> 00:29:58,559

jones of course remote rc planes and

801
00:30:01,029 --> 00:29:59,679
stuff like that

802
00:30:02,230 --> 00:30:01,039
i didn't know anything about a drone

803
00:30:05,590 --> 00:30:02,240
then

804
00:30:09,430 --> 00:30:05,600
um and this object quite small

805
00:30:11,029 --> 00:30:09,440
and flew over over the top of my head

806
00:30:13,669 --> 00:30:11,039
it was

807
00:30:15,350 --> 00:30:13,679
not in the shape of a plane

808
00:30:17,669 --> 00:30:15,360
it was

809
00:30:19,430 --> 00:30:17,679
i don't know how to describe it

810
00:30:21,269 --> 00:30:19,440
semi-circle

811
00:30:23,510 --> 00:30:21,279
made this weird

812
00:30:25,510 --> 00:30:23,520
high-pitched humming noise

813
00:30:28,549 --> 00:30:25,520

and appeared to be quite small maybe the

814

00:30:30,310 --> 00:30:28,559

size of me you know an adult i don't

815

00:30:32,310 --> 00:30:30,320

mean no

816

00:30:34,070 --> 00:30:32,320

sort of flew above my head a few hundred

817

00:30:35,990 --> 00:30:34,080

meters above my head

818

00:30:37,990 --> 00:30:36,000

and i just initially thought oh cool

819

00:30:39,350 --> 00:30:38,000

someone's got an rc plane and then it

820

00:30:42,230 --> 00:30:39,360

just kept going

821

00:30:48,100 --> 00:30:42,240

and going and going until it just like

822

00:30:52,549 --> 00:30:50,389

[Music]

823

00:30:55,750 --> 00:30:52,559

hey guys ryan here the summer in the

824

00:30:57,909 --> 00:30:55,760

skies podcast is a labor of love every

825

00:31:00,389 --> 00:30:57,919

week and with that comes many different

826

00:31:03,110 --> 00:31:00,399

costs to keep the show running that's

827

00:31:05,190 --> 00:31:03,120

where our patreon campaign comes in you

828

00:31:07,590 --> 00:31:05,200

give what you think the show is worth

829

00:31:09,509 --> 00:31:07,600

there's different rewards available all

830

00:31:11,990 --> 00:31:09,519

the time including shout outs on the

831

00:31:14,870 --> 00:31:12,000

show early editions of main episodes

832

00:31:17,350 --> 00:31:14,880

bonus episodes and content and very soon

833

00:31:20,710 --> 00:31:17,360

monthly patron hangouts where we sit

834

00:31:22,389 --> 00:31:20,720

back and chat all things ufos so i hope

835

00:31:24,950 --> 00:31:22,399

you'll consider becoming a patreon

836

00:31:28,230 --> 00:31:24,960

subscriber today to learn more and to

837

00:31:31,029 --> 00:31:28,240

join visit patreon.com

838

00:31:39,200 --> 00:31:31,039

summerskies thank you for your support

839

00:31:43,750 --> 00:31:41,669

[Music]

840

00:31:46,710 --> 00:31:43,760

hey ryan hope you're doing well my name

841

00:31:48,710 --> 00:31:46,720

is jesse brock and i witnessed something

842

00:31:50,070 --> 00:31:48,720

that i cannot explain when i was in high

843

00:31:51,909 --> 00:31:50,080

school with my younger brother and i'm

844

00:31:52,789 --> 00:31:51,919

here to tell that story

845

00:31:55,909 --> 00:31:52,799

so

846

00:31:57,110 --> 00:31:55,919

when i was i believe i was in the 10th

847

00:31:59,669 --> 00:31:57,120

grade

848

00:32:02,070 --> 00:31:59,679

and my brother was in the

849

00:32:05,909 --> 00:32:02,080

seventh or sixth grade

850

00:32:06,710 --> 00:32:05,919

um we lived in an area

851
00:32:09,110 --> 00:32:06,720
that

852
00:32:11,590 --> 00:32:09,120
is not super rural

853
00:32:14,389 --> 00:32:11,600
tennessee but it's definitely off the

854
00:32:15,909 --> 00:32:14,399
beaten path and uh

855
00:32:18,710 --> 00:32:15,919
it was a little bit of a nicer community

856
00:32:20,389 --> 00:32:18,720
but we were surrounded by a lot of trees

857
00:32:22,310 --> 00:32:20,399
i think our

858
00:32:23,990 --> 00:32:22,320
the plot of land that my parents and i

859
00:32:25,990 --> 00:32:24,000
lived on was

860
00:32:28,070 --> 00:32:26,000
10 acres or so

861
00:32:30,789 --> 00:32:28,080
and um

862
00:32:32,310 --> 00:32:30,799
there was a house maybe 100 200 yards

863
00:32:34,230 --> 00:32:32,320

away

864

00:32:36,389 --> 00:32:34,240

we couldn't hear the interstate

865

00:32:38,230 --> 00:32:36,399

rarely heard any cars

866

00:32:40,870 --> 00:32:38,240

outside of like delivery trucks for like

867

00:32:42,710 --> 00:32:40,880

ups and fedex and occasionally a dump

868

00:32:44,549 --> 00:32:42,720

truck would come through the area but

869

00:32:46,470 --> 00:32:44,559

there was not much else

870

00:32:48,230 --> 00:32:46,480

going on out there

871

00:32:50,070 --> 00:32:48,240

uh that was

872

00:32:52,230 --> 00:32:50,080

unusual very quiet

873

00:32:53,509 --> 00:32:52,240

uh nothing crazy

874

00:32:55,029 --> 00:32:53,519

so

875

00:32:56,870 --> 00:32:55,039

one night

876

00:32:59,269 --> 00:32:56,880

uh my brother

877

00:33:02,149 --> 00:32:59,279

comes and knocks on my door

878

00:33:03,830 --> 00:33:02,159

probably shortly after midnight

879

00:33:04,950 --> 00:33:03,840

and i remember

880

00:33:06,870 --> 00:33:04,960

he would do this thing where he would

881

00:33:08,310 --> 00:33:06,880

just knock and

882

00:33:11,110 --> 00:33:08,320

wouldn't say who was there and it would

883

00:33:13,269 --> 00:33:11,120

always freak me out so i was like hello

884

00:33:15,669 --> 00:33:13,279

and then he was like hey it's me and so

885

00:33:18,950 --> 00:33:15,679

i walk out and i meet him

886

00:33:20,070 --> 00:33:18,960

and i'm like what's up and he says to me

887

00:33:21,909 --> 00:33:20,080

he says

888

00:33:23,029 --> 00:33:21,919

there's something outside

889

00:33:25,029 --> 00:33:23,039

and

890

00:33:28,070 --> 00:33:25,039

he's like it's just like a triangle in

891

00:33:30,389 --> 00:33:28,080

the sky and i was like okay whatever you

892

00:33:31,830 --> 00:33:30,399

know we'll see so we walked to his

893

00:33:34,389 --> 00:33:31,840

bedroom window

894

00:33:37,269 --> 00:33:34,399

a little bit of information about

895

00:33:39,029 --> 00:33:37,279

our yard so there's a stretch of yard

896

00:33:40,149 --> 00:33:39,039

outside of his window that was probably

897

00:33:42,549 --> 00:33:40,159

about

898

00:33:44,310 --> 00:33:42,559

20 yards or so

899

00:33:46,389 --> 00:33:44,320

before the tree line started and then

900

00:33:48,230 --> 00:33:46,399

it's solid woods for

901
00:33:51,110 --> 00:33:48,240
acres and acres

902
00:33:53,110 --> 00:33:51,120
and i don't see the triangle

903
00:33:55,190 --> 00:33:53,120
that he saw but he told me

904
00:33:56,310 --> 00:33:55,200
but before he came and got me he saw a

905
00:33:57,990 --> 00:33:56,320
triangle

906
00:34:00,389 --> 00:33:58,000
hovering over

907
00:34:02,470 --> 00:34:00,399
that area of yard

908
00:34:05,029 --> 00:34:02,480
up above the tree line

909
00:34:07,990 --> 00:34:05,039
with three orange lights

910
00:34:10,149 --> 00:34:08,000
on each of the corners and then one

911
00:34:11,190 --> 00:34:10,159
large orange light that was kind of

912
00:34:13,349 --> 00:34:11,200
glowing

913
00:34:15,669 --> 00:34:13,359

in the middle

914

00:34:18,310 --> 00:34:15,679

and he said it was huge

915

00:34:20,550 --> 00:34:18,320

and completely silent

916

00:34:23,430 --> 00:34:20,560

so he came and got me at that point at

917

00:34:25,270 --> 00:34:23,440

this point we come back to his room

918

00:34:26,310 --> 00:34:25,280

and i don't see anything for a moment he

919

00:34:28,230 --> 00:34:26,320

says

920

00:34:30,149 --> 00:34:28,240

i know it'll come back

921

00:34:31,430 --> 00:34:30,159

and then

922

00:34:35,349 --> 00:34:31,440

sure enough

923

00:34:38,389 --> 00:34:35,359

a very large bright orange light

924

00:34:40,230 --> 00:34:38,399

kind of appears above the tree line kind

925

00:34:41,909 --> 00:34:40,240

of to our right

926

00:34:44,149 --> 00:34:41,919

i can see it through the trees and it

927

00:34:45,990 --> 00:34:44,159

kind of comes above

928

00:34:48,310 --> 00:34:46,000

very slowly moving

929

00:34:50,389 --> 00:34:48,320

moves back over kind of in front of us

930

00:34:52,470 --> 00:34:50,399

looking directly out the window

931

00:34:54,230 --> 00:34:52,480

kind of goes over to the left and then

932

00:34:56,149 --> 00:34:54,240

disappears over the tree line near where

933

00:34:58,550 --> 00:34:56,159

there's a large ridge

934

00:35:00,470 --> 00:34:58,560

uh completely quiet i could tell it was

935

00:35:02,950 --> 00:35:00,480

a large shape i couldn't see the three

936

00:35:05,030 --> 00:35:02,960

corners that he described

937

00:35:06,790 --> 00:35:05,040

but i could tell it was a large

938

00:35:08,550 --> 00:35:06,800

shape of some sort

939

00:35:10,470 --> 00:35:08,560

and he was

940

00:35:12,630 --> 00:35:10,480

when we saw it he said that's it

941

00:35:14,470 --> 00:35:12,640

that's it right there and it came back

942

00:35:16,550 --> 00:35:14,480

uh crossed in front of us and then

943

00:35:17,349 --> 00:35:16,560

disappeared to our left over the tree

944

00:35:19,349 --> 00:35:17,359

line

945

00:35:21,430 --> 00:35:19,359

completely silent

946

00:35:22,950 --> 00:35:21,440

uh much like other

947

00:35:25,430 --> 00:35:22,960

other ufo

948

00:35:27,030 --> 00:35:25,440

encounters dead quiet

949

00:35:29,990 --> 00:35:27,040

and uh

950

00:35:31,750 --> 00:35:30,000

and no noise at all and that was that

951
00:35:34,630 --> 00:35:31,760
was the extent of it

952
00:35:37,589 --> 00:35:34,640
i would describe myself as

953
00:35:39,670 --> 00:35:37,599
an avid ufo believer

954
00:35:40,790 --> 00:35:39,680
i had always kind of been interested in

955
00:35:42,790 --> 00:35:40,800
the topic

956
00:35:44,790 --> 00:35:42,800
in high school i was very into

957
00:35:46,069 --> 00:35:44,800
conspiracy theories and things i would

958
00:35:48,150 --> 00:35:46,079
read online

959
00:35:49,750 --> 00:35:48,160
and ufos i always thought ufos are

960
00:35:51,190 --> 00:35:49,760
really interesting and interested in

961
00:35:53,109 --> 00:35:51,200
aliens and

962
00:35:55,589 --> 00:35:53,119
prospect of life

963
00:35:59,190 --> 00:35:55,599

from somewhere else in the universe

964

00:36:01,030 --> 00:35:59,200

or even from another place on our planet

965

00:36:02,710 --> 00:36:01,040

when i when i had that experience with

966

00:36:03,990 --> 00:36:02,720

my brother

967

00:36:05,510 --> 00:36:04,000

i was

968

00:36:06,630 --> 00:36:05,520

blown away

969

00:36:08,630 --> 00:36:06,640

and it

970

00:36:12,950 --> 00:36:08,640

really just solidified

971

00:36:16,550 --> 00:36:12,960

my belief and i have uh i have never had

972

00:36:19,670 --> 00:36:16,560

i've never wavered from it uh since then

973

00:36:22,310 --> 00:36:19,680

uh my brother and i don't share

974

00:36:23,990 --> 00:36:22,320

uh the same beliefs he's very skeptical

975

00:36:25,109 --> 00:36:24,000

very open to

976

00:36:27,910 --> 00:36:25,119

uh

977

00:36:29,670 --> 00:36:27,920

alternate interpretations um he's just a

978

00:36:32,550 --> 00:36:29,680

bigger skeptic than i am

979

00:36:33,910 --> 00:36:32,560

um but the the important thing about our

980

00:36:37,670 --> 00:36:33,920

sighting is we've always told the same

981

00:36:39,589 --> 00:36:37,680

story um he was unwilling to be a part

982

00:36:42,069 --> 00:36:39,599

of this but he did

983

00:36:43,829 --> 00:36:42,079

he still tells the same story that i

984

00:36:46,150 --> 00:36:43,839

tell albeit he doesn't like to talk

985

00:36:48,310 --> 00:36:46,160

about it a ton

986

00:36:51,349 --> 00:36:48,320

um as for how

987

00:36:53,190 --> 00:36:51,359

this experience made me feel

988

00:36:54,950 --> 00:36:53,200

um i didn't think

989

00:36:56,950 --> 00:36:54,960

a ton of it other than it just being

990

00:36:58,150 --> 00:36:56,960

kind of a weird thing

991

00:37:00,630 --> 00:36:58,160

at the time

992

00:37:02,950 --> 00:37:00,640

um i definitely knew that it was strange

993

00:37:04,550 --> 00:37:02,960

but as as things

994

00:37:05,910 --> 00:37:04,560

you know as tech as we've seen

995

00:37:08,550 --> 00:37:05,920

technological

996

00:37:09,990 --> 00:37:08,560

progress over the years

997

00:37:11,990 --> 00:37:10,000

the event just seemed stranger and

998

00:37:14,069 --> 00:37:12,000

stranger to me for example

999

00:37:16,710 --> 00:37:14,079

there were no commercially available

1000

00:37:19,030 --> 00:37:16,720

drones in 2007

1001

00:37:21,109 --> 00:37:19,040

2008 when this happened

1002

00:37:23,349 --> 00:37:21,119

the fact that there was no noise you

1003

00:37:25,670 --> 00:37:23,359

know you can hear a helicopter from

1004

00:37:28,310 --> 00:37:25,680

very far away before you even see it and

1005

00:37:30,710 --> 00:37:28,320

i could see whatever this object was

1006

00:37:34,470 --> 00:37:30,720

and there was no noise but probably

1007

00:37:38,310 --> 00:37:34,480

personally the most alarming thing to me

1008

00:37:41,190 --> 00:37:38,320

i'm very interested in alien abductions

1009

00:37:42,790 --> 00:37:41,200

i i've read many accounts of

1010

00:37:45,190 --> 00:37:42,800

you know that of course there's very

1011

00:37:47,109 --> 00:37:45,200

famous alien abductions to

1012

00:37:48,870 --> 00:37:47,119

people's anecdotal stories on you know

1013

00:37:50,790 --> 00:37:48,880

reddit or whatever

1014

00:37:53,430 --> 00:37:50,800

um but

1015

00:37:54,060 --> 00:37:53,440

i learned about the terry lovelace

1016

00:37:55,270 --> 00:37:54,070

abduction

1017

00:37:57,910 --> 00:37:55,280

[Music]

1018

00:37:59,670 --> 00:37:57,920

uh sometime in the past six years or so

1019

00:38:01,270 --> 00:37:59,680

five or six years

1020

00:38:05,430 --> 00:38:01,280

and uh

1021

00:38:07,510 --> 00:38:05,440

the way that he described his craft

1022

00:38:09,190 --> 00:38:07,520

especially when he when they first saw

1023

00:38:11,829 --> 00:38:09,200

it

1024

00:38:13,910 --> 00:38:11,839

is strikingly similar to what

1025

00:38:15,829 --> 00:38:13,920

my brother described seeing

1026

00:38:19,670 --> 00:38:15,839

and strikingly similar

1027

00:38:21,670 --> 00:38:19,680

to kind of what i saw and

1028

00:38:23,270 --> 00:38:21,680

i don't know i remember i read that

1029

00:38:25,109 --> 00:38:23,280

account and i sent that to my brother

1030

00:38:27,030 --> 00:38:25,119

and i said read this

1031

00:38:28,870 --> 00:38:27,040

and think about what we saw

1032

00:38:30,390 --> 00:38:28,880

and he was he definitely had an

1033

00:38:32,550 --> 00:38:30,400

interesting response to it you know it's

1034

00:38:33,990 --> 00:38:32,560

a really crazy story albeit we don't

1035

00:38:36,310 --> 00:38:34,000

have a ton of

1036

00:38:38,310 --> 00:38:36,320

evidence outside of you know the the

1037

00:38:40,630 --> 00:38:38,320

weird bone growth and the implants

1038

00:38:43,750 --> 00:38:40,640

inside his bodies you know and and

1039

00:38:46,470 --> 00:38:43,760

that's you know another topic but

1040

00:38:49,430 --> 00:38:46,480

i don't know the the proximity of

1041

00:38:51,109 --> 00:38:49,440

the craft to our home

1042

00:38:52,950 --> 00:38:51,119

and thinking about what happened to

1043

00:38:55,349 --> 00:38:52,960

terry and also the things that he

1044

00:38:56,630 --> 00:38:55,359

described you know recalling in his

1045

00:38:59,030 --> 00:38:56,640

dreams

1046

00:39:00,950 --> 00:38:59,040

was alarming to me and

1047

00:39:04,790 --> 00:39:00,960

my thought was were we about to be

1048

00:39:06,630 --> 00:39:04,800

visited by beings or was this just

1049

00:39:08,310 --> 00:39:06,640

a military craft that was just hanging

1050

00:39:11,430 --> 00:39:08,320

out but i don't know that story has

1051
00:39:13,270 --> 00:39:11,440
always seemed interesting to me

1052
00:39:14,630 --> 00:39:13,280
uh within the scope of

1053
00:39:16,069 --> 00:39:14,640
my sighting

1054
00:39:19,430 --> 00:39:16,079
i'm still a

1055
00:39:21,829 --> 00:39:20,390
in

1056
00:39:23,430 --> 00:39:21,839
ufos

1057
00:39:25,109 --> 00:39:23,440
and

1058
00:39:27,190 --> 00:39:25,119
i believe that

1059
00:39:29,109 --> 00:39:27,200
whatever the phenomenon is

1060
00:39:31,270 --> 00:39:29,119
is much larger

1061
00:39:32,870 --> 00:39:31,280
than we could possibly understand

1062
00:39:34,710 --> 00:39:32,880
without you know having insider

1063
00:39:36,710 --> 00:39:34,720

information as

1064

00:39:38,790 --> 00:39:36,720

it seems there are organizations that

1065

00:39:40,310 --> 00:39:38,800

have insider information but i think

1066

00:39:42,069 --> 00:39:40,320

that we're

1067

00:39:44,230 --> 00:39:42,079

experiencing something real and

1068

00:39:46,310 --> 00:39:44,240

especially with the events that have

1069

00:39:49,430 --> 00:39:46,320

taken place over the past year

1070

00:39:51,349 --> 00:39:49,440

uh with commander fravor's

1071

00:39:54,790 --> 00:39:51,359

account becoming public

1072

00:39:56,630 --> 00:39:54,800

um the military report

1073

00:39:58,550 --> 00:39:56,640

or the report from the

1074

00:40:00,950 --> 00:39:58,560

department of defense

1075

00:40:02,630 --> 00:40:00,960

it's it's all very uh

1076

00:40:04,630 --> 00:40:02,640

i don't know it's nice to have this

1077

00:40:06,150 --> 00:40:04,640

affirmation coming from

1078

00:40:08,790 --> 00:40:06,160

our government

1079

00:40:10,150 --> 00:40:08,800

and highly qualified pilots

1080

00:40:12,069 --> 00:40:10,160

talking about these sightings and

1081

00:40:13,430 --> 00:40:12,079

talking about these unexplained events

1082

00:40:15,270 --> 00:40:13,440

and

1083

00:40:18,390 --> 00:40:15,280

it makes me feel a lot better about what

1084

00:40:19,430 --> 00:40:18,400

i saw and how consistent the sightings

1085

00:40:20,470 --> 00:40:19,440

are

1086

00:40:23,829 --> 00:40:20,480

over

1087

00:40:25,030 --> 00:40:23,839

many different societies and cultures

1088

00:40:27,300 --> 00:40:25,040

and uh

1089

00:40:30,309 --> 00:40:27,310

it's comforting to think of that

1090

00:40:31,750 --> 00:40:30,319

[Music]

1091

00:40:33,990 --> 00:40:31,760

hello ryan and somewhere in the sky

1092

00:40:35,750 --> 00:40:34,000

spell listeners my name is reggie from

1093

00:40:37,190 --> 00:40:35,760

san antonio texas

1094

00:40:39,030 --> 00:40:37,200

a little background

1095

00:40:40,309 --> 00:40:39,040

about me before going to my strange

1096

00:40:42,309 --> 00:40:40,319

sightings including being a science

1097

00:40:44,710 --> 00:40:42,319

teacher and having a background in

1098

00:40:46,870 --> 00:40:44,720

sciences like biology and physics this

1099

00:40:48,950 --> 00:40:46,880

being said i never thought deeply into

1100

00:40:51,510 --> 00:40:48,960

the ufo or eup stories as they were

1101
00:40:53,910 --> 00:40:51,520
always considered blue in my opinion and

1102
00:40:55,510 --> 00:40:53,920
even in the science community abductions

1103
00:40:58,630 --> 00:40:55,520
being the whole thing where you

1104
00:41:02,150 --> 00:40:58,640
immediately think tin foil hat

1105
00:41:04,230 --> 00:41:02,160
skip or not so much

1106
00:41:06,230 --> 00:41:04,240
i guess conspiracy theory but maybe a

1107
00:41:07,990 --> 00:41:06,240
little of that however in these past few

1108
00:41:10,390 --> 00:41:08,000
years i kind of changed my whole

1109
00:41:12,950 --> 00:41:10,400
perspective after experiencing some

1110
00:41:14,150 --> 00:41:12,960
weird sightings and even hearing some

1111
00:41:15,430 --> 00:41:14,160
weird sightings especially for my

1112
00:41:17,829 --> 00:41:15,440
parents

1113
00:41:20,790 --> 00:41:17,839

so i thought i'd share some that changed

1114

00:41:22,390 --> 00:41:20,800

my whole perspective like i said

1115

00:41:24,230 --> 00:41:22,400

especially

1116

00:41:26,069 --> 00:41:24,240

you know considering that this world's a

1117

00:41:28,470 --> 00:41:26,079

big place the sky is a big place we

1118

00:41:29,589 --> 00:41:28,480

don't always look up right and so who

1119

00:41:31,910 --> 00:41:29,599

knows

1120

00:41:34,150 --> 00:41:31,920

what these things can be but

1121

00:41:36,309 --> 00:41:34,160

my first sighting i like to share was

1122

00:41:37,750 --> 00:41:36,319

when i was on my way to work so there

1123

00:41:39,910 --> 00:41:37,760

was something that caught my attention

1124

00:41:42,309 --> 00:41:39,920

maybe a few miles away

1125

00:41:44,470 --> 00:41:42,319

a couple hundred feet in the air

1126
00:41:46,630 --> 00:41:44,480
about i guess the size of a small

1127
00:41:48,630 --> 00:41:46,640
building that far up

1128
00:41:50,470 --> 00:41:48,640
this object was silver metallic and

1129
00:41:52,309 --> 00:41:50,480
since the sun

1130
00:41:53,990 --> 00:41:52,319
shine on it gave a little glare i could

1131
00:41:55,589 --> 00:41:54,000
make up the shape

1132
00:41:57,910 --> 00:41:55,599
spherical

1133
00:41:58,870 --> 00:41:57,920
but it looked like it was spinning a

1134
00:42:02,470 --> 00:41:58,880
little bit

1135
00:42:04,630 --> 00:42:02,480
and so while i thought maybe balloon but

1136
00:42:06,790 --> 00:42:04,640
until it started moving then it really

1137
00:42:09,430 --> 00:42:06,800
made me question what it was

1138
00:42:11,910 --> 00:42:09,440

and so what happened was that it

1139

00:42:13,990 --> 00:42:11,920

started moving left and right

1140

00:42:15,670 --> 00:42:14,000

and then it went up vertically and it

1141

00:42:16,950 --> 00:42:15,680

just seemed to vanish as if somebody

1142

00:42:19,910 --> 00:42:16,960

just snapped their fingers and made it

1143

00:42:21,589 --> 00:42:19,920

vanish or just vanish into thin air

1144

00:42:24,309 --> 00:42:21,599

so eventually when i had time i reported

1145

00:42:27,030 --> 00:42:24,319

this to move on and i was

1146

00:42:29,030 --> 00:42:27,040

emailed back by a representative there

1147

00:42:31,270 --> 00:42:29,040

who was looking into

1148

00:42:32,230 --> 00:42:31,280

my siding a little bit more to get more

1149

00:42:35,270 --> 00:42:32,240

detail

1150

00:42:37,589 --> 00:42:35,280

what i remember

1151

00:42:38,470 --> 00:42:37,599

and so they kind of shared a little bit

1152

00:42:40,230 --> 00:42:38,480

about

1153

00:42:41,990 --> 00:42:40,240

my sighting they said that it was kind

1154

00:42:44,069 --> 00:42:42,000

of seen before

1155

00:42:47,349 --> 00:42:44,079

maybe something a little bit different

1156

00:42:51,030 --> 00:42:47,359

but similar in my area maybe

1157

00:42:52,790 --> 00:42:51,040

20 30 miles away more or less and

1158

00:42:55,270 --> 00:42:52,800

it was something similar right that

1159

00:42:58,150 --> 00:42:55,280

other people saw and they thought maybe

1160

00:43:00,230 --> 00:42:58,160

drone or something drone-like but with

1161

00:43:02,390 --> 00:43:00,240

the way it moved it didn't really follow

1162

00:43:04,390 --> 00:43:02,400

any drones that we have nowadays

1163

00:43:06,870 --> 00:43:04,400

especially with its speed and just how

1164

00:43:09,510 --> 00:43:06,880

it vanished is just perplexing

1165

00:43:12,230 --> 00:43:09,520

and so my other siding

1166

00:43:14,870 --> 00:43:12,240

being one where i was actually sitting

1167

00:43:16,870 --> 00:43:14,880

outside one evening and

1168

00:43:19,589 --> 00:43:16,880

something caught my attention it was

1169

00:43:23,109 --> 00:43:19,599

a bright light so i thought oh maybe

1170

00:43:25,670 --> 00:43:23,119

satellites meteor something else a plane

1171

00:43:28,390 --> 00:43:25,680

but since the light was really bright i

1172

00:43:30,150 --> 00:43:28,400

could not pinpoint what exactly it was

1173

00:43:33,750 --> 00:43:30,160

it didn't move like a satellite it

1174

00:43:35,109 --> 00:43:33,760

didn't look like space debris the way it

1175

00:43:36,870 --> 00:43:35,119

just shined

1176

00:43:39,589 --> 00:43:36,880

or typical space debris where it has a

1177

00:43:42,950 --> 00:43:39,599

different hues and whatnot but

1178

00:43:44,950 --> 00:43:42,960

again you know it seemed like

1179

00:43:46,150 --> 00:43:44,960

something unlike i saw

1180

00:43:46,950 --> 00:43:46,160

before

1181

00:43:48,230 --> 00:43:46,960

right

1182

00:43:50,309 --> 00:43:48,240

and

1183

00:43:52,550 --> 00:43:50,319

i don't know if it was three objects

1184

00:43:55,030 --> 00:43:52,560

because i saw three lights just

1185

00:43:58,230 --> 00:43:55,040

blinking very slowly

1186

00:43:59,910 --> 00:43:58,240

is it pulsating but really really slow

1187

00:44:01,990 --> 00:43:59,920

and so these three lights were in three

1188

00:44:04,550 --> 00:44:02,000

different locations so i don't know if

1189

00:44:06,230 --> 00:44:04,560

the object moved if it was one object or

1190

00:44:09,589 --> 00:44:06,240

three different objects

1191

00:44:11,829 --> 00:44:09,599

but the way it was as far as its

1192

00:44:13,589 --> 00:44:11,839

intensity of its brightness

1193

00:44:15,030 --> 00:44:13,599

i just don't know

1194

00:44:16,950 --> 00:44:15,040

and so

1195

00:44:18,710 --> 00:44:16,960

again like i said being someone who has

1196

00:44:20,710 --> 00:44:18,720

a science background i always dismiss

1197

00:44:23,190 --> 00:44:20,720

these things as mistaken objects and

1198

00:44:24,150 --> 00:44:23,200

many are and while i still kind of think

1199

00:44:27,829 --> 00:44:24,160

maybe

1200

00:44:29,829 --> 00:44:27,839

could be something we

1201

00:44:31,349 --> 00:44:29,839

have and made or

1202

00:44:32,630 --> 00:44:31,359

not i don't know

1203

00:44:34,470 --> 00:44:32,640

but

1204

00:44:36,630 --> 00:44:34,480

at least my first lighting the way it

1205

00:44:38,150 --> 00:44:36,640

kind of to fight physics makes me really

1206

00:44:40,710 --> 00:44:38,160

question

1207

00:44:43,510 --> 00:44:40,720

what exactly i saw

1208

00:44:45,670 --> 00:44:43,520

and so hearing others

1209

00:44:48,150 --> 00:44:45,680

stories of what they saw as well made me

1210

00:44:49,990 --> 00:44:48,160

really kind of have an open mind because

1211

00:44:51,670 --> 00:44:50,000

i know they believed what they saw and

1212

00:44:53,750 --> 00:44:51,680

it could be very much

1213

00:44:55,910 --> 00:44:53,760

real something tangible

1214

00:44:57,829 --> 00:44:55,920

but again you know without having data

1215

00:45:00,470 --> 00:44:57,839

it's hard to kind of make sense of it

1216

00:45:02,230 --> 00:45:00,480

and so an interesting uh

1217

00:45:04,470 --> 00:45:02,240

story

1218

00:45:08,470 --> 00:45:04,480

from my parents though i'd like to share

1219

00:45:10,309 --> 00:45:08,480

is the first one from my dad and so

1220

00:45:11,829 --> 00:45:10,319

again you know being skeptical always

1221

00:45:13,990 --> 00:45:11,839

kind of dismissed their stories i didn't

1222

00:45:15,190 --> 00:45:14,000

really think much of it like oh it's a

1223

00:45:17,990 --> 00:45:15,200

story right

1224

00:45:20,309 --> 00:45:18,000

but until recently when you had these

1225

00:45:22,309 --> 00:45:20,319

navy pilots come forward and share their

1226

00:45:24,230 --> 00:45:22,319

sightings and they had data they had

1227

00:45:25,349 --> 00:45:24,240

radar data they had different types of

1228

00:45:27,510 --> 00:45:25,359

something

1229

00:45:29,270 --> 00:45:27,520

right that they can gather right as far

1230

00:45:31,589 --> 00:45:29,280

as something

1231

00:45:33,990 --> 00:45:31,599

that we can share right data we can

1232

00:45:36,309 --> 00:45:34,000

share and something we can make sense of

1233

00:45:37,270 --> 00:45:36,319

uh with our current technology

1234

00:45:40,710 --> 00:45:37,280

but

1235

00:45:42,150 --> 00:45:40,720

even so when my dad was in the navy

1236

00:45:43,190 --> 00:45:42,160

he

1237

00:45:45,430 --> 00:45:43,200

saw

1238

00:45:46,790 --> 00:45:45,440

different types of lights and he was on

1239

00:45:49,829 --> 00:45:46,800

the navy ship

1240

00:45:52,390 --> 00:45:49,839

and so this was back in the 70s he would

1241

00:45:54,470 --> 00:45:52,400

be on the ship right his navel

1242

00:45:56,390 --> 00:45:54,480

uh craft there out in the middle of the

1243

00:45:59,349 --> 00:45:56,400

ocean sometimes it would be during the

1244

00:46:02,790 --> 00:45:59,359

day or at night he would see these big

1245

00:46:05,109 --> 00:46:02,800

bright orbs of life they had different

1246

00:46:07,670 --> 00:46:05,119

colors or different hues such as blue or

1247

00:46:08,790 --> 00:46:07,680

orange but the way they moved was

1248

00:46:09,829 --> 00:46:08,800

strange

1249

00:46:12,790 --> 00:46:09,839

and so

1250

00:46:14,950 --> 00:46:12,800

one story he had was during the day

1251

00:46:17,750 --> 00:46:14,960

in the middle of the day he saw this

1252

00:46:19,990 --> 00:46:17,760

bright light move really quick

1253

00:46:22,870 --> 00:46:20,000

and it just stopped

1254

00:46:25,030 --> 00:46:22,880

as if just all of a sudden and then drop

1255

00:46:26,630 --> 00:46:25,040

vertically down into the ocean

1256

00:46:30,230 --> 00:46:26,640

and this kind of matches one of those

1257

00:46:31,829 --> 00:46:30,240

stories that the navy caught on their

1258

00:46:33,270 --> 00:46:31,839

camera i believe

1259

00:46:35,349 --> 00:46:33,280

and

1260

00:46:37,750 --> 00:46:35,359

you know it just fell in the water

1261

00:46:39,670 --> 00:46:37,760

so it went into a different medium

1262

00:46:41,990 --> 00:46:39,680

and so my dad also worked on radar

1263

00:46:44,550 --> 00:46:42,000

systems and he didn't mention

1264

00:46:46,950 --> 00:46:44,560

that he

1265

00:46:49,270 --> 00:46:46,960

looked at the the radar and yes it did

1266

00:46:51,510 --> 00:46:49,280

move fast but he tried to report it and

1267

00:46:52,870 --> 00:46:51,520

of course he was easily

1268

00:46:55,750 --> 00:46:52,880

shot down

1269

00:46:58,309 --> 00:46:55,760

so to speak where he said hey you didn't

1270

00:47:01,030 --> 00:46:58,319

oh actually he reported to his

1271

00:47:02,790 --> 00:47:01,040

superiors and they said nope you didn't

1272

00:47:05,030 --> 00:47:02,800

see anything you're not going to report

1273

00:47:07,430 --> 00:47:05,040

it if you report it you want to take it

1274

00:47:08,870 --> 00:47:07,440

up to someone higher

1275

00:47:10,390 --> 00:47:08,880

then you're just going to be

1276

00:47:11,510 --> 00:47:10,400

court-martialed kicked out of the

1277

00:47:13,990 --> 00:47:11,520

military you're not going to have any

1278

00:47:16,230 --> 00:47:14,000

benefits and that's that your whole

1279

00:47:18,390 --> 00:47:16,240

military career is over

1280

00:47:20,710 --> 00:47:18,400

and so he didn't really want to mention

1281

00:47:22,309 --> 00:47:20,720

it for that reason right

1282

00:47:24,150 --> 00:47:22,319

and so i guess until recently he wanted

1283

00:47:26,230 --> 00:47:24,160

to share it because they said well

1284

00:47:27,430 --> 00:47:26,240

others are sure in it they're not

1285

00:47:28,710 --> 00:47:27,440

you know having a

1286

00:47:30,470 --> 00:47:28,720

you know get court-martialed since

1287

00:47:32,150 --> 00:47:30,480

they're out of military so

1288

00:47:33,430 --> 00:47:32,160

you know it's just one of those strange

1289

00:47:34,870 --> 00:47:33,440

stories

1290

00:47:37,510 --> 00:47:34,880

and so

1291

00:47:40,710 --> 00:47:37,520

my other story i'd like to share

1292

00:47:42,470 --> 00:47:40,720

is from my mom and so she said that she

1293

00:47:44,790 --> 00:47:42,480

saw a few sightings

1294

00:47:47,030 --> 00:47:44,800

and so there's

1295

00:47:49,510 --> 00:47:47,040

really just two

1296

00:47:50,470 --> 00:47:49,520

that she said they were just baffling

1297

00:47:52,630 --> 00:47:50,480

and so

1298

00:47:55,670 --> 00:47:52,640

her first sighting and even the second

1299

00:47:58,470 --> 00:47:55,680

one was in the last several years or so

1300

00:48:01,430 --> 00:47:58,480

and so was similar to mine in a sense

1301

00:48:02,950 --> 00:48:01,440

but it looked like a flying saucer

1302

00:48:05,109 --> 00:48:02,960

and so it looked

1303

00:48:06,950 --> 00:48:05,119

like a typical metallic blind saucer

1304

00:48:09,030 --> 00:48:06,960

spinning but he seemed to hover above

1305

00:48:11,430 --> 00:48:09,040

the tree line and so what happened was

1306

00:48:13,030 --> 00:48:11,440

since she was on her way to work it was

1307

00:48:13,910 --> 00:48:13,040

early morning but bright enough where

1308

00:48:15,109 --> 00:48:13,920

you can

1309

00:48:17,190 --> 00:48:15,119

see

1310

00:48:19,750 --> 00:48:17,200

uh things in the sky

1311

00:48:21,190 --> 00:48:19,760

and so she was at a four-way stop

1312

00:48:22,710 --> 00:48:21,200

she

1313

00:48:24,790 --> 00:48:22,720

saw something caught her attention it

1314

00:48:26,549 --> 00:48:24,800

was rising above the tree line again

1315

00:48:27,510 --> 00:48:26,559

that flying saucer

1316

00:48:30,069 --> 00:48:27,520

and

1317

00:48:31,510 --> 00:48:30,079

it was spinning like i said

1318

00:48:33,270 --> 00:48:31,520

usually like a flying saucer but it

1319

00:48:35,109 --> 00:48:33,280

seemed to rise vertically

1320

00:48:36,549 --> 00:48:35,119

and then quickly shot up in the air and

1321

00:48:38,309 --> 00:48:36,559

just disappeared

1322

00:48:40,950 --> 00:48:38,319

so she couldn't

1323

00:48:42,390 --> 00:48:40,960

get to her phone film it as quickly as

1324

00:48:43,750 --> 00:48:42,400

she wanted to because it just happened

1325

00:48:44,630 --> 00:48:43,760

so quick

1326

00:48:47,270 --> 00:48:44,640

and

1327

00:48:49,109 --> 00:48:47,280

the second one or her second sighting

1328

00:48:51,030 --> 00:48:49,119

was one where she wasn't even trying to

1329

00:48:53,750 --> 00:48:51,040

get it on camera but she just so

1330

00:48:57,510 --> 00:48:53,760

happened to and so this craft

1331

00:48:59,109 --> 00:48:57,520

was really interesting she

1332

00:49:01,030 --> 00:48:59,119

said and even look in the video it

1333

00:49:02,950 --> 00:49:01,040

looked like just a

1334

00:49:05,510 --> 00:49:02,960

somewhat metallic craft and it seemed to

1335

00:49:06,309 --> 00:49:05,520

just be moving in the clouds

1336

00:49:07,990 --> 00:49:06,319

but

1337

00:49:09,829 --> 00:49:08,000

it's hard to make sense of what it was

1338

00:49:11,430 --> 00:49:09,839

since it's so far up in the air and

1339

00:49:12,309 --> 00:49:11,440

again an iphone camera is not going to

1340

00:49:21,829 --> 00:49:12,319

be

1341

00:49:23,430 --> 00:49:21,839

moved was just peculiar

1342

00:49:25,670 --> 00:49:23,440

and so this is

1343

00:49:27,990 --> 00:49:25,680

interesting in that regard that we don't

1344

00:49:30,069 --> 00:49:28,000

know what it is but at least she

1345

00:49:31,750 --> 00:49:30,079

reported it and caught it on camera even

1346

00:49:33,349 --> 00:49:31,760

though she didn't really mean to

1347

00:49:35,030 --> 00:49:33,359

and i guess you know as far as what i

1348

00:49:36,870 --> 00:49:35,040

saw to

1349

00:49:39,030 --> 00:49:36,880

really just uh

1350

00:49:41,109 --> 00:49:39,040

make any sense of it heads or tails of

1351

00:49:43,190 --> 00:49:41,119

what it is i don't know

1352

00:49:44,549 --> 00:49:43,200

it's hard not to make a conclusion when

1353

00:49:47,190 --> 00:49:44,559

there's no

1354

00:49:49,589 --> 00:49:47,200

uh solid data so i don't have radar i

1355

00:49:51,990 --> 00:49:49,599

don't have anything like that that

1356

00:49:53,750 --> 00:49:52,000

we're at my disposable or

1357

00:49:55,910 --> 00:49:53,760

even in my area there's just even the

1358

00:49:58,230 --> 00:49:55,920

military i don't even know they caught

1359

00:49:59,990 --> 00:49:58,240

it on their radar who knows but the

1360

00:50:01,510 --> 00:50:00,000

first sighting with its erratic movement

1361

00:50:02,390 --> 00:50:01,520

made me think drone

1362

00:50:04,309 --> 00:50:02,400

since

1363

00:50:05,670 --> 00:50:04,319

there are drones in my area

1364

00:50:07,589 --> 00:50:05,680

it typically looked like the plane

1365

00:50:09,589 --> 00:50:07,599

looking drone right white in color and

1366

00:50:11,270 --> 00:50:09,599

what not but just the way this object

1367

00:50:14,870 --> 00:50:11,280

looked the way it was spinning

1368

00:50:16,710 --> 00:50:14,880

it was metallic for sure

1369

00:50:18,549 --> 00:50:16,720

and it was spherical so it was unlike

1370

00:50:20,950 --> 00:50:18,559

any drone i've ever seen

1371

00:50:22,870 --> 00:50:20,960

and the fact that it wasn't even near

1372

00:50:26,150 --> 00:50:22,880

the military base just makes me really

1373

00:50:27,510 --> 00:50:26,160

think what the heck it was right but

1374

00:50:29,510 --> 00:50:27,520

even so

1375

00:50:31,670 --> 00:50:29,520

the way it moved quickly

1376
00:50:34,230 --> 00:50:31,680
with its movement and then it vanished

1377
00:50:35,670 --> 00:50:34,240
is just perplexing so i don't know what

1378
00:50:37,190 --> 00:50:35,680
it is and i wish i would have caught it

1379
00:50:39,910 --> 00:50:37,200
on film

1380
00:50:41,829 --> 00:50:39,920
but i mean since again i was driving

1381
00:50:43,670 --> 00:50:41,839
it's just that's kind of frowned upon

1382
00:50:44,549 --> 00:50:43,680
it's not legally

1383
00:50:45,910 --> 00:50:44,559
uh

1384
00:50:47,030 --> 00:50:45,920
an option right

1385
00:50:48,950 --> 00:50:47,040
so

1386
00:50:51,750 --> 00:50:48,960
you know the second sighting i had saw

1387
00:50:54,069 --> 00:50:51,760
the lights just you know i don't know

1388
00:50:56,069 --> 00:50:54,079

and i would think again meteor maybe

1389

00:50:57,510 --> 00:50:56,079

drone i really

1390

00:50:58,710 --> 00:50:57,520

just don't know

1391

00:50:59,829 --> 00:50:58,720

but the way

1392

00:51:02,230 --> 00:50:59,839

that

1393

00:51:03,750 --> 00:51:02,240

the light was as far as its intensity

1394

00:51:04,950 --> 00:51:03,760

was just something

1395

00:51:07,829 --> 00:51:04,960

different

1396

00:51:09,990 --> 00:51:07,839

and even if i had fancy equipment to

1397

00:51:11,430 --> 00:51:10,000

film it to get data

1398

00:51:13,270 --> 00:51:11,440

i don't even know if we would be able to

1399

00:51:14,790 --> 00:51:13,280

make sense of it even at that

1400

00:51:17,829 --> 00:51:14,800

and so

1401
00:51:20,150 --> 00:51:17,839
space debris could be an option but

1402
00:51:23,430 --> 00:51:20,160
as far as how it can be in almost

1403
00:51:25,349 --> 00:51:23,440
triangular shape the way it moved or

1404
00:51:26,710 --> 00:51:25,359
if it was one object or three objects i

1405
00:51:28,390 --> 00:51:26,720
just don't know

1406
00:51:30,549 --> 00:51:28,400
but more than likely

1407
00:51:31,670 --> 00:51:30,559
meteors would emit uh or different

1408
00:51:32,870 --> 00:51:31,680
meteors would have meant different

1409
00:51:36,470 --> 00:51:32,880
colors

1410
00:51:37,670 --> 00:51:36,480
and they wouldn't uh i guess be

1411
00:51:38,870 --> 00:51:37,680
that color

1412
00:51:40,870 --> 00:51:38,880
but

1413
00:51:42,710 --> 00:51:40,880

i don't know it's hard to say it could

1414

00:51:44,309 --> 00:51:42,720

very well be space debris but just the

1415

00:51:45,109 --> 00:51:44,319

way it

1416

00:51:48,790 --> 00:51:45,119

just

1417

00:51:51,109 --> 00:51:48,800

peculiar

1418

00:51:54,150 --> 00:51:51,119

and so it really didn't fall like space

1419

00:51:56,630 --> 00:51:54,160

debris either so it's hard to say

1420

00:51:57,990 --> 00:51:56,640

but look into the accounts and move on i

1421

00:51:59,990 --> 00:51:58,000

mean these lights have been seen before

1422

00:52:00,950 --> 00:52:00,000

at least so still baffling so i don't

1423

00:52:02,950 --> 00:52:00,960

know

1424

00:52:05,750 --> 00:52:02,960

but all in all i mean just seeing these

1425

00:52:07,349 --> 00:52:05,760

sightings change my whole perspective uh

1426

00:52:10,470 --> 00:52:07,359

these

1427

00:52:12,549 --> 00:52:10,480

ufo or uap phenomena that people report

1428

00:52:15,430 --> 00:52:12,559

and again i'm not 100

1429

00:52:17,589 --> 00:52:15,440

100 excuse me 100 convinced that these

1430

00:52:19,030 --> 00:52:17,599

are quote unquote alien

1431

00:52:20,950 --> 00:52:19,040

there could be something else that we

1432

00:52:23,270 --> 00:52:20,960

just don't know and considering we're

1433

00:52:25,109 --> 00:52:23,280

barely scratching the surface of modern

1434

00:52:27,589 --> 00:52:25,119

physics including quantum physics

1435

00:52:29,750 --> 00:52:27,599

strength theory and what have you

1436

00:52:33,030 --> 00:52:29,760

it's just really hard to say so until we

1437

00:52:35,270 --> 00:52:33,040

get more understanding of the universe

1438

00:52:36,790 --> 00:52:35,280

bigger and smaller i guess it's just

1439

00:52:39,990 --> 00:52:36,800

hard to say

1440

00:52:42,069 --> 00:52:40,000

but i'd like to kind of share what one

1441

00:52:44,390 --> 00:52:42,079

notable scientific figure

1442

00:52:45,510 --> 00:52:44,400

has been saying recently too on some

1443

00:52:48,870 --> 00:52:45,520

podcasts

1444

00:52:50,390 --> 00:52:48,880

one being abby lope professor avilo that

1445

00:52:52,710 --> 00:52:50,400

made some interesting points he said

1446

00:52:55,750 --> 00:52:52,720

that we're kind of in the same era that

1447

00:52:57,750 --> 00:52:55,760

galileo was where he shared his accounts

1448

00:52:59,910 --> 00:52:57,760

of what he thought to be true based on

1449

00:53:01,829 --> 00:52:59,920

what he saw in his telescopes but his

1450

00:53:03,510 --> 00:53:01,839

colleagues dismissed his ideas because

1451
00:53:05,990 --> 00:53:03,520
they had their own understanding their

1452
00:53:08,630 --> 00:53:06,000
own bias and they weren't open to

1453
00:53:12,390 --> 00:53:08,640
getting the data they just dismissed it

1454
00:53:13,829 --> 00:53:12,400
and caught him crazy crackpot right but

1455
00:53:15,990 --> 00:53:13,839
whether he was fringe or not doesn't

1456
00:53:17,510 --> 00:53:16,000
matter he got data and so eventually we

1457
00:53:18,630 --> 00:53:17,520
made sense then now we know the world is

1458
00:53:20,230 --> 00:53:18,640
not flat

1459
00:53:21,190 --> 00:53:20,240
it's round right

1460
00:53:23,030 --> 00:53:21,200
so

1461
00:53:24,470 --> 00:53:23,040
just to dismiss these things is silly is

1462
00:53:25,430 --> 00:53:24,480
just absurd

1463
00:53:26,710 --> 00:53:25,440

and so

1464

00:53:28,870 --> 00:53:26,720

not to kind of

1465

00:53:30,390 --> 00:53:28,880

dismiss or

1466

00:53:32,549 --> 00:53:30,400

kind of uh

1467

00:53:34,470 --> 00:53:32,559

shun such notable figures like neil

1468

00:53:36,710 --> 00:53:34,480

degrasse tyson or brian cox which are

1469

00:53:37,990 --> 00:53:36,720

very brilliant individuals

1470

00:53:39,589 --> 00:53:38,000

but i guess

1471

00:53:43,750 --> 00:53:39,599

these

1472

00:53:46,069 --> 00:53:43,760

public because it doesn't go with their

1473

00:53:47,829 --> 00:53:46,079

status quo and so maybe it's their

1474

00:53:49,990 --> 00:53:47,839

public status they want to keep funding

1475

00:53:51,829 --> 00:53:50,000

and whatnot that's important keep your

1476

00:53:54,150 --> 00:53:51,839

funding to do your research but

1477

00:53:56,069 --> 00:53:54,160

it's still not good to dismiss what's

1478

00:53:58,230 --> 00:53:56,079

already out there as far as evidence and

1479

00:53:59,030 --> 00:53:58,240

so since the military is gathering data

1480

00:54:00,870 --> 00:53:59,040

about

1481

00:54:02,549 --> 00:54:00,880

these phenomena

1482

00:54:04,710 --> 00:54:02,559

i think that's a good thing so the more

1483

00:54:06,230 --> 00:54:04,720

we understand the better we can

1484

00:54:07,910 --> 00:54:06,240

wrap our heads around what's going on in

1485

00:54:09,349 --> 00:54:07,920

the world and the universe

1486

00:54:11,030 --> 00:54:09,359

so regardless of what these sightings

1487

00:54:13,670 --> 00:54:11,040

may be

1488

00:54:15,829 --> 00:54:13,680

they alter one's worldview and even the

1489

00:54:18,710 --> 00:54:15,839

universe but

1490

00:54:20,549 --> 00:54:18,720

probably the best option is to keep a

1491

00:54:23,109 --> 00:54:20,559

modest approach to what these are

1492

00:54:25,349 --> 00:54:23,119

instead of making wild conclusions

1493

00:54:27,829 --> 00:54:25,359

but until we get more data

1494

00:54:29,430 --> 00:54:27,839

it's hard to say what these things are

1495

00:54:31,910 --> 00:54:29,440

and so like i said at least the military

1496

00:54:34,230 --> 00:54:31,920

and even the galileo project is making a

1497

00:54:36,069 --> 00:54:34,240

good kind of approach to gathering data

1498

00:54:37,510 --> 00:54:36,079

so we can know what these things are

1499

00:54:38,390 --> 00:54:37,520

possibly

1500

00:54:40,069 --> 00:54:38,400

and so

1501

00:54:41,430 --> 00:54:40,079

again i'm pleased to share my accounts

1502

00:54:44,150 --> 00:54:41,440

with you all and i look forward to

1503

00:54:48,240 --> 00:54:44,160

hearing what everybody else has to share

1504

00:55:02,069 --> 00:54:48,250

so thanks a bunch for letting me share

1505

00:55:06,069 --> 00:55:03,990

somewhere in the skies is produced by

1506

00:55:07,990 --> 00:55:06,079

third kind productions in association
