

1
00:00:00,000 --> 00:00:04,710

[Music]

2
00:00:09,270 --> 00:00:07,670

it has some pretty heavy hints about

3
00:00:11,350 --> 00:00:09,280

crash retreats

4
00:00:13,350 --> 00:00:11,360

colin and his colleagues

5
00:00:15,350 --> 00:00:13,360

were hot on the trail of what they

6
00:00:17,189 --> 00:00:15,360

believe was a crash retrieval program

7
00:00:19,029 --> 00:00:17,199

but several of those people

8
00:00:22,150 --> 00:00:19,039

began a series of their own

9
00:00:24,790 --> 00:00:22,160

investigations and did bump up against

10
00:00:27,189 --> 00:00:24,800

uh what you know the so-called

11
00:00:30,470 --> 00:00:27,199

uh keepers of the secrets

12
00:00:33,430 --> 00:00:30,480

um that is a deeply embedded series of

13
00:00:35,670 --> 00:00:33,440

programs with extraordinary levels of

14

00:00:38,229 --> 00:00:35,680

security in the united states government

15

00:00:40,069 --> 00:00:38,239

that has been close hold for decades

16

00:00:42,830 --> 00:00:40,079

well they did bump up against that

17

00:00:46,709 --> 00:00:42,840

program and they were told

18

00:00:49,190 --> 00:00:46,719

unceremoniously to um to get lost and it

19

00:00:53,189 --> 00:00:49,200

was not sort of a polite we can't talk

20

00:00:55,029 --> 00:00:53,199

to you it was a very hostile very rude

21

00:00:57,750 --> 00:00:55,039

in-your-face sort of
