to bring on the guy who's been out on

19

00:01:34,789 --> 00:01:32,479

these expeditions with expedition

20

00:01:36,789 --> 00:01:34,799

bigfoot for the past three seasons of

21

00:01:39,190 --> 00:01:36,799

the show and will there be a fourth we

22

00:01:41,350 --> 00:01:39,200

will talk about that um but before we do

23

00:01:43,670 --> 00:01:41,360

that i do want to welcome everyone in

24

00:01:45,910 --> 00:01:43,680

the live chat here i see darcy

25

00:01:49,670 --> 00:01:45,920

skinwalker wrench dressing bigfoot

26

00:01:51,590 --> 00:01:49,680

society is here uh wiseguy4 thank you

27

00:01:53,910 --> 00:01:51,600

thank you everyone for being here we are

28

00:01:56,630 --> 00:01:53,920

gonna take some listener questions maybe

29

00:01:58,789 --> 00:01:56,640

throughout maybe at the end we'll see um

30

00:02:00,950 --> 00:01:58,799

this guy is a busy guy so we'll see what

31

00:02:02,950 --> 00:02:00,960

we can do tonight guys so i guess

32

00:02:05,270 --> 00:02:02,960

without further ado let's bring him in

33

00:02:07,830 --> 00:02:05,280

to talk all about season three of

34

00:02:10,389 --> 00:02:07,840

expedition bigfoot the finale and all

35

00:02:12,550 --> 00:02:10,399

the amazing discoveries they made this

36

00:02:14,550 --> 00:02:12,560

season so

37

00:02:16,949 --> 00:02:14,560

welcome back to the show mr bryce

38

00:02:18,150 --> 00:02:16,959

johnson what's up man hey ryan how's it

39

00:02:20,790 --> 00:02:18,160

going

40

00:02:22,470 --> 00:02:20,800

good very good so i i have to show you

41

00:02:24,630 --> 00:02:22,480

this before we do anything

42

00:02:26,309 --> 00:02:24,640

um oh yeah we got this just for you

43

00:02:29,110 --> 00:02:26,319

brother

44

00:02:31,190 --> 00:02:29,120

we are celebrating nice oh that's great

45

00:02:33,430 --> 00:02:31,200

as as my bigfoot collectors club

46

00:02:35,670 --> 00:02:33,440

listeners know i i don't drink but i'm a

47

00:02:38,390 --> 00:02:35,680

connoisseur of non-alcoholic drinks so

48

00:02:40,309 --> 00:02:38,400

i've prepared my own little uh something

49

00:02:42,949 --> 00:02:40,319

to go along with the show but it's great

50

00:02:45,750 --> 00:02:42,959

to be here i'm a big fan of somewhere in

51
00:02:48,309 --> 00:02:45,760
the skies so hello to all your listeners

52
00:02:49,990 --> 00:02:48,319
and uh thanks for having me back on man

53
00:02:51,589 --> 00:02:50,000
my pleasure my pleasure yeah i think we

54
00:02:53,750 --> 00:02:51,599
had you and ronnie on to talk about

55
00:02:55,750 --> 00:02:53,760
season one when the fir when the show

56
00:02:57,190 --> 00:02:55,760
first appeared um so it's been a little

57
00:02:59,830 --> 00:02:57,200
while and uh

58
00:03:02,830 --> 00:02:59,840
oh man you guys have had a lot of

59
00:03:06,309 --> 00:03:02,840
incredible stuff happen uh since

60
00:03:09,030 --> 00:03:06,319
yeah yeah i would say seas season three

61
00:03:11,910 --> 00:03:09,040
or or last year was was probably the

62
00:03:14,710 --> 00:03:11,920
most active we've experienced uh ever

63
00:03:16,790 --> 00:03:14,720

since the show began i know um

64

00:03:18,309 --> 00:03:16,800

at least personally and i know the other

65

00:03:21,190 --> 00:03:18,319

teammates would feel this way this was

66

00:03:23,589 --> 00:03:21,200

by far and above the most active uh

67

00:03:25,750 --> 00:03:23,599

expedition so far

68

00:03:28,550 --> 00:03:25,760

it has been and you know we're going to

69

00:03:30,229 --> 00:03:28,560

go over i think tonight some of the um

70

00:03:32,149 --> 00:03:30,239

the evidence that you guys collected

71

00:03:33,589 --> 00:03:32,159

because you know like a lot of these

72

00:03:36,630 --> 00:03:33,599

these shows out there these

73

00:03:37,990 --> 00:03:36,640

investigative shows um there's just a

74

00:03:40,229 --> 00:03:38,000

lot of

75

00:03:43,670 --> 00:03:40,239

very you know what was that back from

76

00:03:45,589 --> 00:03:43,680

commercial nothing and um it's just i

77

00:03:46,949 --> 00:03:45,599

think people are kind of tired of it

78

00:03:48,309 --> 00:03:46,959

they're sick of it you know being

79

00:03:50,070 --> 00:03:48,319

dragged along

80

00:03:52,070 --> 00:03:50,080

season after season but the one thing

81

00:03:54,070 --> 00:03:52,080

that expedition bigfoot has done from

82

00:03:56,710 --> 00:03:54,080

the very start is say you know if we

83

00:03:59,589 --> 00:03:56,720

don't find evidence we're not we're not

84

00:04:01,670 --> 00:03:59,599

gonna do this and you guys you you've

85

00:04:04,309 --> 00:04:01,680

just you've pulled out all the stops and

86

00:04:07,429 --> 00:04:04,319

i think three seasons in um you've gone

87

00:04:09,110 --> 00:04:07,439

further than most shows would ever ever

88

00:04:10,630 --> 00:04:09,120

try to do with this sort of stuff you

89

00:04:12,789 --> 00:04:10,640

know when it when it comes to like

90

00:04:14,630 --> 00:04:12,799

technology that you're using to try to

91

00:04:16,949 --> 00:04:14,640

uncover bigfoot um

92

00:04:19,110 --> 00:04:16,959

and the scientists you speak to the

93

00:04:21,749 --> 00:04:19,120

government people uh it's just

94

00:04:23,749 --> 00:04:21,759

incredible um so i guess

95

00:04:25,590 --> 00:04:23,759

i guess kind of to start could you tell

96

00:04:27,590 --> 00:04:25,600

us a little about the team for those of

97

00:04:28,870 --> 00:04:27,600

us um for those of

98

00:04:31,189 --> 00:04:28,880

the people in the audience who don't

99

00:04:33,270 --> 00:04:31,199

know about expedition bigfoot let's give

100

00:04:35,189 --> 00:04:33,280

them kind of the crash course on who's

101

00:04:37,189 --> 00:04:35,199

on your expedition team how this all

102

00:04:38,790 --> 00:04:37,199

came about and yeah give us the origin

103

00:04:41,189 --> 00:04:38,800

story if you don't mind

104

00:04:44,310 --> 00:04:41,199

yeah no absolutely well the whole i mean

105

00:04:46,310 --> 00:04:44,320

the whole premise was from the get-go is

106

00:04:48,710 --> 00:04:46,320

um you know we're at it we're at a time

107

00:04:51,030 --> 00:04:48,720

and place where we have some of the most

108

00:04:54,870 --> 00:04:51,040

cutting-edge technology and it's and

109

00:04:57,030 --> 00:04:54,880

it's improving and um every every day so

110

00:04:59,430 --> 00:04:57,040

you know we just wanted to bring some of

111

00:05:01,270 --> 00:04:59,440

that technology to bear on what i call

112

00:05:03,590 --> 00:05:01,280

the bigfoot phenomenon and see if we

113

00:05:06,550 --> 00:05:03,600

could sort of crack this egg a little

114

00:05:09,590 --> 00:05:06,560

bit or at least move the ball forward um

115

00:05:11,909 --> 00:05:09,600

so it was always about using um the most

116

00:05:14,390 --> 00:05:11,919

cutting-edge latest technology equipped

117

00:05:16,950 --> 00:05:14,400

with an algorithm where we could dump in

118

00:05:19,749 --> 00:05:16,960

all kinds of material like you know

119

00:05:21,830 --> 00:05:19,759

everything from moon phases to date and

120

00:05:23,990 --> 00:05:21,840

times of sightings reportings what type

121

00:05:25,430 --> 00:05:24,000

of reportings did something did they see

122

00:05:27,909 --> 00:05:25,440

something did they hear something you

123

00:05:30,310 --> 00:05:27,919

know so all that fed in

124

00:05:32,710 --> 00:05:30,320

um which would spit out a hot spot where

125

00:05:35,830 --> 00:05:32,720

we could go and bring a team of

126

00:05:37,670 --> 00:05:35,840

researchers and actual scientists uh

127

00:05:40,550 --> 00:05:37,680

with sort of a boots on the ground

128

00:05:43,909 --> 00:05:40,560

mentality keeping one foot always

129

00:05:45,830 --> 00:05:43,919

grounded in science and and yeah so

130

00:05:47,909 --> 00:05:45,840

you know bigfoot evidence in the past as

131

00:05:49,670 --> 00:05:47,919

you spoke on a little bit has always

132

00:05:51,510 --> 00:05:49,680

come with a little bit of controversy

133

00:05:54,629 --> 00:05:51,520

and so you know we just want to make

134

00:05:57,510 --> 00:05:54,639

sure that we dot our t's uh i mean dot

135

00:06:00,469 --> 00:05:57,520

our eyes cross our t's and uh you know

136

00:06:02,870 --> 00:06:00,479

do a great job using accredited labs and

137

00:06:05,110 --> 00:06:02,880

and and getting that evidence analyzed

138

00:06:06,710 --> 00:06:05,120

and and man i gotta tell you you know in

139

00:06:08,469 --> 00:06:06,720

the in the three years we've been doing

140

00:06:11,029 --> 00:06:08,479

this some of the experts i've been able

141

00:06:12,629 --> 00:06:11,039

to speak to has just it's been an

142

00:06:16,550 --> 00:06:12,639

incredible experience and it's really

143

00:06:19,590 --> 00:06:16,560

expanded my perspective and opinion on

144

00:06:21,350 --> 00:06:19,600

on what the bigfoot phenomenon is

145

00:06:24,790 --> 00:06:21,360

right and i mean

146

00:06:26,469 --> 00:06:24,800

we all know uh that you know you had an

147

00:06:28,390 --> 00:06:26,479

interest in bigfoot before the show came

148

00:06:29,909 --> 00:06:28,400

about it wasn't just like it fell in

149

00:06:33,189 --> 00:06:29,919

your lap like you'd been working your

150

00:06:35,590 --> 00:06:33,199

ass off for years uh looking into

151
00:06:38,710 --> 00:06:35,600
this scripted i mean you were in a

152
00:06:41,430 --> 00:06:38,720
bigfoot movie you have a bigfoot themed

153
00:06:44,710 --> 00:06:41,440
podcast so um yeah i guess

154
00:06:47,350 --> 00:06:44,720
how how does it feel you know finally

155
00:06:49,510 --> 00:06:47,360
being vindicated finally being like this

156
00:06:52,390 --> 00:06:49,520
this is something that true science can

157
00:06:54,469 --> 00:06:52,400
look at and um there's something to it

158
00:06:57,029 --> 00:06:54,479
not only that but people are letting you

159
00:06:59,510 --> 00:06:57,039
go out in the field and actually like do

160
00:07:01,270 --> 00:06:59,520
this on their dying crazy it's like it's

161
00:07:03,589 --> 00:07:01,280
crazy it's crazy and you know what i

162
00:07:05,909 --> 00:07:03,599
gotta i gotta i gotta admit you know if

163
00:07:07,430 --> 00:07:05,919

you were to ask me 10 15 years ago what

164

00:07:08,710 --> 00:07:07,440

i would have been doing and and you

165

00:07:10,870 --> 00:07:08,720

would have told me i would have been you

166

00:07:12,230 --> 00:07:10,880

know looking for bigfoot on a travel

167

00:07:14,309 --> 00:07:12,240

channel show i probably would have

168

00:07:15,830 --> 00:07:14,319

laughed in your face but you know the

169

00:07:18,309 --> 00:07:15,840

universe is funny when you have a

170

00:07:20,390 --> 00:07:18,319

passion it moves things towards that

171

00:07:22,309 --> 00:07:20,400

passion to make it a reality and you

172

00:07:24,629 --> 00:07:22,319

know i know i you know to answer your

173

00:07:27,510 --> 00:07:24,639

previous question uh just to sort of

174

00:07:29,189 --> 00:07:27,520

give the the team intros a real quick

175

00:07:30,550 --> 00:07:29,199

shot just to let you know who's on the

176

00:07:32,710 --> 00:07:30,560

show i mean

177

00:07:34,710 --> 00:07:32,720

we have you know one of the greatest

178

00:07:36,469 --> 00:07:34,720

primatologists around her her name is dr

179

00:07:38,950 --> 00:07:36,479

moran mayer and she's a fulbright

180

00:07:42,070 --> 00:07:38,960

scholar she co-discovered the world's

181

00:07:44,469 --> 00:07:42,080

smallest primate uh in madagascar and

182

00:07:47,589 --> 00:07:44,479

she's a legitimate anthropologist

183

00:07:50,070 --> 00:07:47,599

primatologist and she's incredible she's

184

00:07:51,589 --> 00:07:50,080

incredibly courageous and brave and you

185

00:07:54,550 --> 00:07:51,599

know they call her the female indiana

186

00:07:56,950 --> 00:07:54,560

jones but she just kicks ass and then

187

00:07:59,110 --> 00:07:56,960

russell acord who is a

188

00:08:02,710 --> 00:07:59,120

former military sergeant in the army and

189

00:08:04,869 --> 00:08:02,720

he has an extensive career uh do doing

190

00:08:06,469 --> 00:08:04,879

that and hunting and survival skills

191

00:08:08,790 --> 00:08:06,479

he's been hunting all of his life

192

00:08:10,230 --> 00:08:08,800

tracking so i mean

193

00:08:12,150 --> 00:08:10,240

not only that but he's he's been

194

00:08:14,309 --> 00:08:12,160

researching bigfoot as well for the

195

00:08:15,270 --> 00:08:14,319

better part of two decades so

196

00:08:17,510 --> 00:08:15,280

i mean

197

00:08:19,749 --> 00:08:17,520

it's russell that's gets out there where

198

00:08:21,830 --> 00:08:19,759

no one else wants to go and gets always

199

00:08:23,909 --> 00:08:21,840

gets those most incredible videos

200

00:08:26,309 --> 00:08:23,919

because you know and and to his point

201
00:08:28,230 --> 00:08:26,319
like he always says i want to go where

202
00:08:30,230 --> 00:08:28,240
people don't and bigfoot does you know

203
00:08:31,670 --> 00:08:30,240
and that's why i think he's always

204
00:08:33,670 --> 00:08:31,680
struck with a lot of those great

205
00:08:35,190 --> 00:08:33,680
opportunities to film these creatures in

206
00:08:37,909 --> 00:08:35,200
their environment

207
00:08:41,509 --> 00:08:37,919
and ronnie leblanc of course as we know

208
00:08:43,430 --> 00:08:41,519
i mean here's a guy who is really an

209
00:08:45,430 --> 00:08:43,440
all-around paranormal researcher i'd

210
00:08:48,470 --> 00:08:45,440
like to say with a special interest in

211
00:08:50,310 --> 00:08:48,480
bigfoot um you know help for cast some

212
00:08:52,389 --> 00:08:50,320
of the first trackways that came out of

213
00:08:54,870 --> 00:08:52,399

leemster park down there on the east

214

00:08:57,509 --> 00:08:54,880

coast and uh so he's been involved in

215

00:08:59,910 --> 00:08:57,519

bigfoot and and the paranormal for

216

00:09:02,310 --> 00:08:59,920

um for quite a long time and so we often

217

00:09:04,630 --> 00:09:02,320

have great conversations about

218

00:09:07,590 --> 00:09:04,640

um what this creature is what's taking

219

00:09:09,350 --> 00:09:07,600

place out here and you know and moray

220

00:09:12,070 --> 00:09:09,360

and i'll have great conversations about

221

00:09:14,550 --> 00:09:12,080

the legitimacy of of eyewitness reports

222

00:09:15,750 --> 00:09:14,560

and the science behind it and russell

223

00:09:18,070 --> 00:09:15,760

man you just

224

00:09:19,750 --> 00:09:18,080

point and tell him where to go

225

00:09:22,550 --> 00:09:19,760

and he and he could go anywhere and get

226

00:09:23,990 --> 00:09:22,560

a job done so it's a great team and you

227

00:09:27,269 --> 00:09:24,000

know i just i i'm just there to

228

00:09:29,110 --> 00:09:27,279

facilitate uh using contacts that i have

229

00:09:30,710 --> 00:09:29,120

and you know being able to reach out to

230

00:09:33,030 --> 00:09:30,720

technology companies and defense

231

00:09:35,670 --> 00:09:33,040

contractors and you know i i speak with

232

00:09:37,829 --> 00:09:35,680

a lot of the witnesses and try and put

233

00:09:39,829 --> 00:09:37,839

together a game plan to you know bring

234

00:09:41,430 --> 00:09:39,839

about the most success

235

00:09:43,350 --> 00:09:41,440

yeah well and i think that's what you

236

00:09:45,269 --> 00:09:43,360

guys do so well is you have people out

237

00:09:47,269 --> 00:09:45,279

in the field and you're kind of at the

238

00:09:48,870 --> 00:09:47,279

command center making sure everything's

239

00:09:50,870 --> 00:09:48,880

going according to plan and one of the

240

00:09:52,710 --> 00:09:50,880

things i really liked about this season

241

00:09:55,030 --> 00:09:52,720

and you have done this in the past as

242

00:09:57,590 --> 00:09:55,040

well is you know if they

243

00:10:00,389 --> 00:09:57,600

find some sort of noise out there in the

244

00:10:02,550 --> 00:10:00,399

field record it they can shoot it to you

245

00:10:03,509 --> 00:10:02,560

you can clean that thing up send it back

246

00:10:06,230 --> 00:10:03,519

it's like

247

00:10:09,269 --> 00:10:06,240

how it again like this is not what we've

248

00:10:11,829 --> 00:10:09,279

seen in expeditions like this before or

249

00:10:14,949 --> 00:10:11,839

or even investigative shows like you

250

00:10:17,430 --> 00:10:14,959

guys have the technology to finally try

251
00:10:19,910 --> 00:10:17,440
to uncover this mystery and it seems

252
00:10:22,230 --> 00:10:19,920
like you know you're getting closer and

253
00:10:23,750 --> 00:10:22,240
closer every step of the way it's just

254
00:10:25,750 --> 00:10:23,760
and we're going to go over a lot of that

255
00:10:27,990 --> 00:10:25,760
evidence price but all right

256
00:10:30,550 --> 00:10:28,000
yeah yeah i'm excited i do want to say

257
00:10:32,630 --> 00:10:30,560
we have um bigfoot society here saying

258
00:10:34,790 --> 00:10:32,640
the yes the skull

259
00:10:36,389 --> 00:10:34,800
we'll get to that yeah yeah but

260
00:10:38,870 --> 00:10:36,399
definitely a fan definitely a fad

261
00:10:41,110 --> 00:10:38,880
bigfoot society um coolest thing they've

262
00:10:43,590 --> 00:10:41,120
done in a long time i have to agree um

263
00:10:45,670 --> 00:10:43,600

tate here says hello bryce we got a lot

264

00:10:47,750 --> 00:10:45,680

of expedition fans oh that's great man

265

00:10:50,069 --> 00:10:47,760

shout out to tate shout out to bigfoot

266

00:10:52,790 --> 00:10:50,079

society love those guys man that's great

267

00:10:54,870 --> 00:10:52,800

awesome um well let's talk about

268

00:10:57,190 --> 00:10:54,880

evidence bryce no um

269

00:11:00,389 --> 00:10:57,200

this expedition this season actually

270

00:11:01,910 --> 00:11:00,399

brought us to two different areas um

271

00:11:03,910 --> 00:11:01,920

which i do want to talk to you about

272

00:11:06,069 --> 00:11:03,920

like why that happened um well why don't

273

00:11:08,550 --> 00:11:06,079

we start there first actually you know

274

00:11:10,550 --> 00:11:08,560

we started in one place at the beginning

275

00:11:11,670 --> 00:11:10,560

of the season and ended up in another

276

00:11:14,230 --> 00:11:11,680

and this kind of had to do with

277

00:11:15,670 --> 00:11:14,240

something that you you came across so

278

00:11:17,110 --> 00:11:15,680

would you mind telling our audience a

279

00:11:19,190 --> 00:11:17,120

little about what brought you from

280

00:11:21,590 --> 00:11:19,200

washington to california

281

00:11:24,710 --> 00:11:21,600

sure well the season the season really

282

00:11:26,949 --> 00:11:24,720

starts in in washington which i think

283

00:11:28,710 --> 00:11:26,959

you know uh out of all the states in the

284

00:11:30,949 --> 00:11:28,720

united states gets more bigfoot

285

00:11:33,350 --> 00:11:30,959

sightings uh per capita than anywhere

286

00:11:34,150 --> 00:11:33,360

else so you know the first half of the

287

00:11:36,470 --> 00:11:34,160

show

288

00:11:39,590 --> 00:11:36,480

focuses our search uh on that olympic

289

00:11:43,030 --> 00:11:39,600

peninsula and then of course uh halfway

290

00:11:45,910 --> 00:11:43,040

through you know um we want to you know

291

00:11:47,750 --> 00:11:45,920

change gears and go right to the uh

292

00:11:49,670 --> 00:11:47,760

epicenter of where the whole sort of

293

00:11:51,990 --> 00:11:49,680

bigfoot phenomenon got started and

294

00:11:53,910 --> 00:11:52,000

that's in northern california and i

295

00:11:56,629 --> 00:11:53,920

guess in the back of my mind i always

296

00:11:59,110 --> 00:11:56,639

knew we wanted to go there because

297

00:12:01,750 --> 00:11:59,120

i mean i always wanted to look at that

298

00:12:05,030 --> 00:12:01,760

patterson gimlin film site one more time

299

00:12:07,030 --> 00:12:05,040

and we were able to do that uh in this

300

00:12:09,269 --> 00:12:07,040

in this year which was a really a real

301
00:12:11,110 --> 00:12:09,279
highlight for me and i'd love to love to

302
00:12:13,750 --> 00:12:11,120
talk about that a little bit more later

303
00:12:15,430 --> 00:12:13,760
on but um yeah so we made the move to

304
00:12:16,629 --> 00:12:15,440
california and look we're always trying

305
00:12:19,990 --> 00:12:16,639
to follow

306
00:12:21,670 --> 00:12:20,000
uh a lead whether it's whether it's a a

307
00:12:25,350 --> 00:12:21,680
hair that's telling us maybe we should

308
00:12:27,670 --> 00:12:25,360
go here or or a recent eyewitness report

309
00:12:29,430 --> 00:12:27,680
um so you know we're always trying to

310
00:12:31,509 --> 00:12:29,440
keep an open mind but that being said

311
00:12:34,310 --> 00:12:31,519
it's it's a it's a real logistical

312
00:12:37,670 --> 00:12:34,320
challenge to up and and and switch gears

313
00:12:40,629 --> 00:12:37,680

like that but i think it paid off man

314

00:12:42,949 --> 00:12:40,639

yeah yeah it definitely did again it's

315

00:12:45,430 --> 00:12:42,959

amazing like the two types of evidence

316

00:12:47,430 --> 00:12:45,440

you're finding in both places which

317

00:12:49,670 --> 00:12:47,440

obviously begs the question you know

318

00:12:52,310 --> 00:12:49,680

we're not dealing with one

319

00:12:53,350 --> 00:12:52,320

possible cryptid in one area like these

320

00:12:55,990 --> 00:12:53,360

could be

321

00:12:58,150 --> 00:12:56,000

different places where these things

322

00:13:00,949 --> 00:12:58,160

plural actually

323

00:13:01,829 --> 00:13:00,959

hide out in um and that even brings us

324

00:13:03,670 --> 00:13:01,839

up to

325

00:13:05,350 --> 00:13:03,680

you know future expeditions as well

326

00:13:07,670 --> 00:13:05,360

which yeah

327

00:13:09,829 --> 00:13:07,680

yeah i know i mean it big it begs so

328

00:13:12,710 --> 00:13:09,839

many questions too right like i mean if

329

00:13:13,590 --> 00:13:12,720

these creatures sort of exist in groups

330

00:13:15,269 --> 00:13:13,600

uh

331

00:13:17,350 --> 00:13:15,279

you know are are they separate from

332

00:13:19,110 --> 00:13:17,360

other groups and i guess one thing i

333

00:13:21,430 --> 00:13:19,120

find always so fascinating is all the

334

00:13:23,590 --> 00:13:21,440

different types of these creatures that

335

00:13:25,829 --> 00:13:23,600

are reported from from the west coast

336

00:13:27,590 --> 00:13:25,839

all the way to the east coast so keep

337

00:13:29,350 --> 00:13:27,600

that in mind when you're trying to like

338

00:13:31,269 --> 00:13:29,360

figure out what's really taking place

339

00:13:33,990 --> 00:13:31,279

here because could there really be that

340

00:13:36,230 --> 00:13:34,000

many different types of subspecies of

341

00:13:38,470 --> 00:13:36,240

sasquatch or bigfoot i don't know it's

342

00:13:40,230 --> 00:13:38,480

possible could they be that well adapted

343

00:13:43,030 --> 00:13:40,240

to their environment that they're

344

00:13:45,350 --> 00:13:43,040

actually uh you know

345

00:13:47,829 --> 00:13:45,360

growing along in that environment

346

00:13:49,829 --> 00:13:47,839

different from like how you would at the

347

00:13:51,910 --> 00:13:49,839

in the pacific northwest you know i'm

348

00:13:53,590 --> 00:13:51,920

thinking of the differences of like you

349

00:13:56,069 --> 00:13:53,600

know you get a lot of reports of the the

350

00:13:57,590 --> 00:13:56,079

skunk ape down in florida which is very

351

00:13:59,910 --> 00:13:57,600

different from the type of bigfoot

352

00:14:00,829 --> 00:13:59,920

reports you get in the pacific northwest

353

00:14:05,110 --> 00:14:00,839

so

354

00:14:07,350 --> 00:14:05,120

very interested in too because i mean

355

00:14:09,110 --> 00:14:07,360

can there can there be that many bigfoot

356

00:14:10,790 --> 00:14:09,120

species what's really what's really

357

00:14:12,870 --> 00:14:10,800

going on here

358

00:14:15,350 --> 00:14:12,880

yeah very good question yeah we're going

359

00:14:17,990 --> 00:14:15,360

to talk about one in pennsylvania a

360

00:14:18,790 --> 00:14:18,000

little later that really intrigues me um

361

00:14:21,110 --> 00:14:18,800

but

362

00:14:23,189 --> 00:14:21,120

let's i guess let's dive into the

363

00:14:24,949 --> 00:14:23,199

evidence this season great wherever you

364

00:14:26,629 --> 00:14:24,959

want to start bryce there are a lot of

365

00:14:29,189 --> 00:14:26,639

compelling things throughout the entire

366

00:14:31,990 --> 00:14:29,199

season um but if there's anywhere you

367

00:14:33,910 --> 00:14:32,000

really want to start where this was like

368

00:14:36,389 --> 00:14:33,920

you know the moment where you're like oh

369

00:14:39,189 --> 00:14:36,399

man we're really up in the ante this

370

00:14:41,030 --> 00:14:39,199

season and we're really onto something

371

00:14:43,030 --> 00:14:41,040

did anything really stand out to you

372

00:14:45,670 --> 00:14:43,040

from maybe the earlier part of the

373

00:14:47,269 --> 00:14:45,680

season um you know i'm kind of i'm

374

00:14:48,870 --> 00:14:47,279

actually pulling up some of my notes

375

00:14:50,790 --> 00:14:48,880

right now but you know the first thing

376

00:14:52,790 --> 00:14:50,800

the first thing off of my the top of my

377

00:14:55,030 --> 00:14:52,800

head is just that

378

00:14:57,269 --> 00:14:55,040

you know i i that shadow creature that

379

00:15:00,470 --> 00:14:57,279

was captured that shadow whatever that

380

00:15:03,269 --> 00:15:00,480

was captured in washington um it really

381

00:15:05,750 --> 00:15:03,279

had all of our heads spinning and uh

382

00:15:08,069 --> 00:15:05,760

and so i'd really like to to know what

383

00:15:11,189 --> 00:15:08,079

that was all about because there are

384

00:15:13,590 --> 00:15:11,199

you know native legends that do sort of

385

00:15:16,389 --> 00:15:13,600

ascribe these qualities to

386

00:15:18,470 --> 00:15:16,399

to the stick man or bigfoot like type

387

00:15:20,550 --> 00:15:18,480

creatures so that was we weren't

388

00:15:21,670 --> 00:15:20,560

expecting to capture something like that

389

00:15:24,069 --> 00:15:21,680

and then

390

00:15:26,150 --> 00:15:24,079

you know of of course for me

391

00:15:28,230 --> 00:15:26,160

my favorite evidence is always russell's

392

00:15:30,150 --> 00:15:28,240

videos it's always you know i always

393

00:15:32,710 --> 00:15:30,160

think it's going to be the vocalizations

394

00:15:34,629 --> 00:15:32,720

because i really get a kick out out of

395

00:15:35,670 --> 00:15:34,639

those because like you said we try to

396

00:15:37,910 --> 00:15:35,680

source

397

00:15:40,629 --> 00:15:37,920

uh sounds that come from that area so

398

00:15:42,230 --> 00:15:40,639

that we can play them back and uh

399

00:15:44,949 --> 00:15:42,240

that it seemed to have worked in the

400

00:15:47,430 --> 00:15:44,959

past but uh man that that that video

401
00:15:49,509 --> 00:15:47,440
that russell captured in in california

402
00:15:51,590 --> 00:15:49,519
of whatever that was standing up i mean

403
00:15:54,230 --> 00:15:51,600
i'm still sort of yeah you're going

404
00:15:56,470 --> 00:15:54,240
through some of this stuff right here um

405
00:15:58,870 --> 00:15:56,480
this video for anyone yeah and you can

406
00:15:59,990 --> 00:15:58,880
watch the whole season now on amazon

407
00:16:02,389 --> 00:16:00,000
range

408
00:16:04,230 --> 00:16:02,399
it was the weirdest thing ever like at

409
00:16:05,350 --> 00:16:04,240
first you're like okay maybe it's a bear

410
00:16:07,990 --> 00:16:05,360
or something

411
00:16:09,990 --> 00:16:08,000
and then the thing stands up on two feet

412
00:16:12,550 --> 00:16:10,000
and starts walking up the mountain it

413
00:16:14,230 --> 00:16:12,560

was crazy and it still could be a bear

414

00:16:16,710 --> 00:16:14,240

bears are known to like walk on their

415

00:16:18,550 --> 00:16:16,720

hind legs but this this one just felt

416

00:16:21,189 --> 00:16:18,560

different to me something about my gut

417

00:16:23,749 --> 00:16:21,199

was like it just felt like this creature

418

00:16:26,389 --> 00:16:23,759

was possibly observing russell which is

419

00:16:28,150 --> 00:16:26,399

amazing because he's so far away and if

420

00:16:29,829 --> 00:16:28,160

you'll see in the show russell always

421

00:16:31,749 --> 00:16:29,839

has some great toys that he brings on

422

00:16:33,590 --> 00:16:31,759

his own i try and provide him as much

423

00:16:35,590 --> 00:16:33,600

tech as possible but let me tell you

424

00:16:38,710 --> 00:16:35,600

something his truck is usually filled to

425

00:16:41,110 --> 00:16:38,720

the brim with the coolest gear anyway so

426
00:16:43,189 --> 00:16:41,120
he's got this little this powerful scope

427
00:16:45,350 --> 00:16:43,199
where he could record off of his his

428
00:16:47,430 --> 00:16:45,360
iphone and man you see it right here

429
00:16:49,509 --> 00:16:47,440
when i first saw this and i still watch

430
00:16:51,590 --> 00:16:49,519
this video and i just kind of go

431
00:16:53,430 --> 00:16:51,600
that's got to be a bigfoot right i mean

432
00:16:56,150 --> 00:16:53,440
unless it's just

433
00:16:57,990 --> 00:16:56,160
a bear or or something else but to me

434
00:17:00,069 --> 00:16:58,000
that's that's what we're hunting man

435
00:17:01,430 --> 00:17:00,079
it's right there and russell captured it

436
00:17:04,069 --> 00:17:01,440
on his video

437
00:17:06,069 --> 00:17:04,079
yep yeah i mean again russ is willing to

438
00:17:08,069 --> 00:17:06,079

sort of go anywhere

439

00:17:10,069 --> 00:17:08,079

he can even places you probably don't

440

00:17:13,189 --> 00:17:10,079

want him to go there was another moment

441

00:17:15,909 --> 00:17:13,199

this season where we almost lost him i

442

00:17:18,309 --> 00:17:15,919

mean that was terrifying man yeah well

443

00:17:20,069 --> 00:17:18,319

this is a tunnel and then boom that's

444

00:17:22,949 --> 00:17:20,079

right this is sort of your area of

445

00:17:25,669 --> 00:17:22,959

expertise uh covering the ufo and uap

446

00:17:27,110 --> 00:17:25,679

phenomenon so uh for your listeners who

447

00:17:30,390 --> 00:17:27,120

don't know we've been doing this the

448

00:17:33,270 --> 00:17:30,400

last three years and and we've sort of

449

00:17:36,230 --> 00:17:33,280

encountered these balls of light in just

450

00:17:38,390 --> 00:17:36,240

about every place we've went and uh and

451
00:17:40,310 --> 00:17:38,400
it's very strange and i for one am

452
00:17:42,549 --> 00:17:40,320
starting to feel that these

453
00:17:44,549 --> 00:17:42,559
balls of light are somehow some way

454
00:17:46,310 --> 00:17:44,559
connected with the bigfoot phenomenon

455
00:17:47,909 --> 00:17:46,320
and i i know i'm probably not the only

456
00:17:50,549 --> 00:17:47,919
one to think that but

457
00:17:52,549 --> 00:17:50,559
you know there has to be a connection uh

458
00:17:54,310 --> 00:17:52,559
yeah to to reference what you were

459
00:17:57,830 --> 00:17:54,320
talking about yeah russell sees this

460
00:18:00,470 --> 00:17:57,840
strange ball of light just sort of

461
00:18:02,230 --> 00:18:00,480
you know sentiently floating along

462
00:18:03,830 --> 00:18:02,240
in the distance and it and it seems to

463
00:18:05,350 --> 00:18:03,840

be leading his way because if you're out

464

00:18:07,270 --> 00:18:05,360

there in the field you're gonna look for

465

00:18:09,190 --> 00:18:07,280

whatever pops and so if you see a

466

00:18:11,029 --> 00:18:09,200

strange meandering ball of light you're

467

00:18:12,150 --> 00:18:11,039

gonna follow that you know

468

00:18:14,549 --> 00:18:12,160

and uh

469

00:18:16,950 --> 00:18:14,559

russell did and it almost let him off of

470

00:18:18,710 --> 00:18:16,960

a hundred foot cliff so i mean he's

471

00:18:20,230 --> 00:18:18,720

going right through this steel it must

472

00:18:22,950 --> 00:18:20,240

have been a drain pipe or something he

473

00:18:26,070 --> 00:18:22,960

can see the light at the end and man he

474

00:18:28,789 --> 00:18:26,080

just comes to a dead end uh sheer drop

475

00:18:31,190 --> 00:18:28,799

on a on a face cliff so

476
00:18:32,070 --> 00:18:31,200
you know i've spoken with witnesses who

477
00:18:34,070 --> 00:18:32,080
say

478
00:18:36,390 --> 00:18:34,080
you know when you hear a bigfoot scream

479
00:18:38,549 --> 00:18:36,400
or or sound like a woman scream or a

480
00:18:40,470 --> 00:18:38,559
baby screaming or you see a strange

481
00:18:43,270 --> 00:18:40,480
light you know these things are trying

482
00:18:45,830 --> 00:18:43,280
to lure you into the woods into the

483
00:18:47,669 --> 00:18:45,840
forest and it and it does seem to be

484
00:18:48,950 --> 00:18:47,679
like that like that might be what

485
00:18:52,870 --> 00:18:48,960
happening here

486
00:18:54,470 --> 00:18:52,880
and it brings up a lot of questions to

487
00:18:56,549 --> 00:18:54,480
me you know for your listeners who

488
00:18:58,950 --> 00:18:56,559

aren't following all the the bigfoot

489

00:19:01,270 --> 00:18:58,960

stuff there's a whole bigfoot topic on

490

00:19:03,510 --> 00:19:01,280

the bookshelf that discusses sort of

491

00:19:05,350 --> 00:19:03,520

missing persons cases and how they might

492

00:19:07,029 --> 00:19:05,360

be related to

493

00:19:08,789 --> 00:19:07,039

let's say a creature like bigfoot

494

00:19:10,789 --> 00:19:08,799

missing people that

495

00:19:12,950 --> 00:19:10,799

that go missing in national parks and

496

00:19:14,950 --> 00:19:12,960

have very odd circumstances surrounding

497

00:19:17,510 --> 00:19:14,960

those disappearances is there a

498

00:19:19,669 --> 00:19:17,520

connection to bigfoot i i don't know but

499

00:19:22,070 --> 00:19:19,679

it's certainly worth investigating and

500

00:19:24,549 --> 00:19:22,080

uh but yeah so there's something about

501
00:19:26,310 --> 00:19:24,559
these things luring you into the woods

502
00:19:28,630 --> 00:19:26,320
and uh yeah

503
00:19:30,710 --> 00:19:28,640
pretty interesting yeah yeah i i think

504
00:19:33,430 --> 00:19:30,720
you know and we have to keep in mind too

505
00:19:35,909 --> 00:19:33,440
like while you are hunting this uh

506
00:19:37,990 --> 00:19:35,919
mysterious creature there are many

507
00:19:38,789 --> 00:19:38,000
creatures out there that could be just

508
00:19:40,470 --> 00:19:38,799
as

509
00:19:43,430 --> 00:19:40,480
dangerous and we do see that in this

510
00:19:45,430 --> 00:19:43,440
season as well you guys aren't like

511
00:19:48,070 --> 00:19:45,440
it's not like you're telling all the

512
00:19:50,710 --> 00:19:48,080
wildlife step back we're hunting bigfoot

513
00:19:53,430 --> 00:19:50,720

like you are in their playground right

514

00:19:56,470 --> 00:19:53,440

listen bears are on my mind i don't know

515

00:19:57,750 --> 00:19:56,480

for me it's bears i i guess uh i think

516

00:19:59,990 --> 00:19:57,760

maybe russell has the thing about

517

00:20:02,310 --> 00:20:00,000

mountain lion something quietly stalking

518

00:20:04,549 --> 00:20:02,320

from behind but yeah we're out there and

519

00:20:06,549 --> 00:20:04,559

look at we're pushing into places in the

520

00:20:09,590 --> 00:20:06,559

woods where a lot of people really don't

521

00:20:12,710 --> 00:20:09,600

go so we're we're we're butting up right

522

00:20:14,549 --> 00:20:12,720

against uh wildlife territory and and

523

00:20:16,549 --> 00:20:14,559

paths and so

524

00:20:19,029 --> 00:20:16,559

of course we're gonna you know that's

525

00:20:20,549 --> 00:20:19,039

always on my mind i'm not as you know i

526

00:20:23,029 --> 00:20:20,559

don't have as much experience in the

527

00:20:24,549 --> 00:20:23,039

field as these guys but i'll tell you

528

00:20:26,149 --> 00:20:24,559

one thing when when you have a camera

529

00:20:28,070 --> 00:20:26,159

behind you it gives me a sense of

530

00:20:30,230 --> 00:20:28,080

courage i'm like well i'm not gonna back

531

00:20:31,750 --> 00:20:30,240

out now i gotta i gotta keep going

532

00:20:33,430 --> 00:20:31,760

forward you know but there's been some

533

00:20:34,630 --> 00:20:33,440

pretty hairy moments on the show that's

534

00:20:36,630 --> 00:20:34,640

for sure

535

00:20:39,350 --> 00:20:36,640

yeah yeah and even your cameramen have

536

00:20:40,870 --> 00:20:39,360

become part of the story a lot of times

537

00:20:43,590 --> 00:20:40,880

where you know usually these people

538

00:20:46,070 --> 00:20:43,600

blend back in into the uh the background

539

00:20:48,310 --> 00:20:46,080

but they are there with you guys doing

540

00:20:50,149 --> 00:20:48,320

this and i i give them all the credit in

541

00:20:52,710 --> 00:20:50,159

the world i know there's many on your

542

00:20:55,110 --> 00:20:52,720

camera crew and production and

543

00:20:57,430 --> 00:20:55,120

i i there's so many people involved with

544

00:20:59,830 --> 00:20:57,440

these types of things and they become a

545

00:21:02,549 --> 00:20:59,840

part of it as well i think we we should

546

00:21:03,990 --> 00:21:02,559

keep that in mind like nobody's safe

547

00:21:06,230 --> 00:21:04,000

just because there's a camera there

548

00:21:08,870 --> 00:21:06,240

doesn't mean oh yeah you know that that

549

00:21:11,029 --> 00:21:08,880

something bad can't happen so oh yeah

550

00:21:12,789 --> 00:21:11,039

listen to your entire crew

551
00:21:14,950 --> 00:21:12,799
and not all of them are believers and

552
00:21:16,549 --> 00:21:14,960
rightfully so they shouldn't be but so

553
00:21:18,070 --> 00:21:16,559
there's this like thing that happens

554
00:21:19,909 --> 00:21:18,080
like when we're you know when when

555
00:21:21,990 --> 00:21:19,919
something occurs we kind of look to our

556
00:21:23,830 --> 00:21:22,000
like did you see that what's that what

557
00:21:25,590 --> 00:21:23,840
do you think that is huh

558
00:21:27,270 --> 00:21:25,600
and a lot of the times they're like man

559
00:21:29,430 --> 00:21:27,280
i don't know man let me just

560
00:21:30,789 --> 00:21:29,440
give it a shot but uh yeah no they've

561
00:21:32,070 --> 00:21:30,799
really become a part of the show and

562
00:21:33,990 --> 00:21:32,080
they're they're listen they're on this

563
00:21:36,230 --> 00:21:34,000

journey with us and they're experiencing

564

00:21:38,070 --> 00:21:36,240

a lot of these things that we are so

565

00:21:40,310 --> 00:21:38,080

um they are a heart let me tell you

566

00:21:42,310 --> 00:21:40,320

something they are a hard-working

567

00:21:44,070 --> 00:21:42,320

talented bunch uh

568

00:21:46,230 --> 00:21:44,080

shout out to this expedition bigfoot

569

00:21:48,630 --> 00:21:46,240

crew because they work their asses off

570

00:21:50,870 --> 00:21:48,640

and they're just so damn talented the

571

00:21:52,950 --> 00:21:50,880

the show looks that way because of these

572

00:21:54,470 --> 00:21:52,960

guys so i

573

00:21:56,310 --> 00:21:54,480

it's important to have a visual

574

00:21:58,549 --> 00:21:56,320

experience i want you to be on your

575

00:22:00,789 --> 00:21:58,559

couch and feeling like we're dragging

576
00:22:02,230 --> 00:22:00,799
you into the middle of the woods with us

577
00:22:03,750 --> 00:22:02,240
and all you have to do is sit there and

578
00:22:06,230 --> 00:22:03,760
eat your popcorn

579
00:22:08,390 --> 00:22:06,240
yep yep and look at this beautiful

580
00:22:10,830 --> 00:22:08,400
scenery i mean some of the drone shots

581
00:22:13,590 --> 00:22:10,840
you guys do in this thing are just

582
00:22:16,870 --> 00:22:13,600
breathtaking are incredible

583
00:22:18,950 --> 00:22:16,880
let's i want to go back to this for a

584
00:22:21,270 --> 00:22:18,960
moment forgive me i'm still getting used

585
00:22:22,789 --> 00:22:21,280
to this program there we go um so this

586
00:22:24,310 --> 00:22:22,799
was one of the first things that really

587
00:22:27,029 --> 00:22:24,320
caught my attention in the season and

588
00:22:28,950 --> 00:22:27,039

that was these nests and could you maybe

589

00:22:31,350 --> 00:22:28,960

describe what these are what they

590

00:22:33,270 --> 00:22:31,360

represent to us bryce and why they were

591

00:22:34,630 --> 00:22:33,280

so important in terms of the expedition

592

00:22:37,669 --> 00:22:34,640

this season

593

00:22:41,110 --> 00:22:37,679

yeah absolutely so this thing about

594

00:22:43,430 --> 00:22:41,120

bigfoot nests have sort of become a key

595

00:22:45,750 --> 00:22:43,440

piece of what we might consider evidence

596

00:22:47,590 --> 00:22:45,760

and uh you know as we said in the show

597

00:22:50,390 --> 00:22:47,600

it's it's it's a primate behavior

598

00:22:53,750 --> 00:22:50,400

because guerrillas actually will make a

599

00:22:55,669 --> 00:22:53,760

bed of nest a nest much like this only

600

00:22:57,430 --> 00:22:55,679

they make a new one every day which

601
00:22:59,110 --> 00:22:57,440
would which i was surprised by but

602
00:23:02,230 --> 00:22:59,120
anyway

603
00:23:04,230 --> 00:23:02,240
the camera does not do this and this

604
00:23:07,110 --> 00:23:04,240
nest justice it's hard to see but when

605
00:23:10,390 --> 00:23:07,120
you're there it looks almost as if big

606
00:23:12,950 --> 00:23:10,400
bird from sesame street made a nest out

607
00:23:14,950 --> 00:23:12,960
of the forest pine around you and that's

608
00:23:16,470 --> 00:23:14,960
what it looks like with your eyes you

609
00:23:18,789 --> 00:23:16,480
know and when you step on it when i

610
00:23:21,510 --> 00:23:18,799
first stepped on it i almost twisted my

611
00:23:23,510 --> 00:23:21,520
ankle because i went so far down i went

612
00:23:26,310 --> 00:23:23,520
almost like a foot and a half two feet

613
00:23:28,149 --> 00:23:26,320

of just like cushion and i just stepped

614

00:23:31,750 --> 00:23:28,159

right in it and it released this pocket

615

00:23:33,350 --> 00:23:31,760

of air that just let out this stench

616

00:23:36,310 --> 00:23:33,360

and so these are like

617

00:23:38,950 --> 00:23:36,320

this idea that these things are you know

618

00:23:41,350 --> 00:23:38,960

possibly using nests to bed down and

619

00:23:42,630 --> 00:23:41,360

just hang out is not a new idea there's

620

00:23:44,230 --> 00:23:42,640

been um

621

00:23:46,230 --> 00:23:44,240

you know a project based out of

622

00:23:48,950 --> 00:23:46,240

washington that has been looking into

623

00:23:51,029 --> 00:23:48,960

this idea of of bigfoot nesting sites

624

00:23:53,830 --> 00:23:51,039

for quite some time and they've got a

625

00:23:55,909 --> 00:23:53,840

lot of really compelling evidence but um

626

00:23:58,310 --> 00:23:55,919

you know i was it's incredible that we

627

00:24:00,710 --> 00:23:58,320

were able to find these two

628

00:24:03,430 --> 00:24:00,720

um but there's no doubt about it when

629

00:24:05,669 --> 00:24:03,440

you see them and and when and when you

630

00:24:07,269 --> 00:24:05,679

smell them and of course we took edna

631

00:24:09,830 --> 00:24:07,279

samples which also

632

00:24:12,149 --> 00:24:09,840

um released some pretty confounding and

633

00:24:15,350 --> 00:24:12,159

interesting information as well

634

00:24:18,710 --> 00:24:15,360

yeah right we will definitely get to the

635

00:24:20,390 --> 00:24:18,720

dna tests a little bit later um right

636

00:24:22,870 --> 00:24:20,400

and it's up to you how much you want to

637

00:24:24,870 --> 00:24:22,880

reveal bryce we'll we'll see but um

638

00:24:27,110 --> 00:24:24,880

let's move on to

639

00:24:30,710 --> 00:24:27,120

all right this was another one that

640

00:24:33,269 --> 00:24:30,720

really caught my attention yeah um yeah

641

00:24:35,990 --> 00:24:33,279

what what is this what am i looking at

642

00:24:38,710 --> 00:24:36,000

man that is a that looks like a huge

643

00:24:40,789 --> 00:24:38,720

footprint to me and it's about according

644

00:24:42,870 --> 00:24:40,799

to the measurements about 16 and a half

645

00:24:45,510 --> 00:24:42,880

which is right in that wheelhouse of

646

00:24:48,789 --> 00:24:45,520

what a of what a big foot footprint

647

00:24:50,789 --> 00:24:48,799

should be but for your audience lest we

648

00:24:53,750 --> 00:24:50,799

forget this is just a picture of a

649

00:24:55,990 --> 00:24:53,760

footprint but when you put into context

650

00:24:58,470 --> 00:24:56,000

of how this shot came to be you start to

651
00:25:00,390 --> 00:24:58,480
understand the story that's taking place

652
00:25:03,269 --> 00:25:00,400
russell and his cameraman zach were

653
00:25:05,029 --> 00:25:03,279
pushing something up the riverbed uh

654
00:25:06,630 --> 00:25:05,039
choking it out and they were tracking

655
00:25:08,630 --> 00:25:06,640
what they believed was a bigfoot they

656
00:25:11,350 --> 00:25:08,640
could hear the sounds they believed they

657
00:25:13,510 --> 00:25:11,360
were hot on the trail

658
00:25:16,149 --> 00:25:13,520
they were up on a bridge when they heard

659
00:25:18,230 --> 00:25:16,159
something down below zach his russell's

660
00:25:20,789 --> 00:25:18,240
cameraman looks over he thinks he might

661
00:25:23,350 --> 00:25:20,799
have saw the tail end of this hairy

662
00:25:25,909 --> 00:25:23,360
creature going around the riverbed so he

663
00:25:27,029 --> 00:25:25,919

thinks he got eyes on whatever made this

664

00:25:29,350 --> 00:25:27,039

foot track

665

00:25:32,470 --> 00:25:29,360

russell repels down that bridge

666

00:25:34,390 --> 00:25:32,480

which i mean he does in great time but

667

00:25:36,070 --> 00:25:34,400

obviously enough time for something to

668

00:25:38,470 --> 00:25:36,080

get away because you know night

669

00:25:40,070 --> 00:25:38,480

nightfall happened anyway he tracked it

670

00:25:43,590 --> 00:25:40,080

and this is the one of the first things

671

00:25:46,230 --> 00:25:43,600

he came upon and uh yeah it's just it's

672

00:25:48,789 --> 00:25:46,240

a chef's kiss big footprint man and uh

673

00:25:51,510 --> 00:25:48,799

yeah you know we had that analyzed by dr

674

00:25:53,750 --> 00:25:51,520

jeffrey meldrum um who took a pretty

675

00:25:54,830 --> 00:25:53,760

good look at it and and and it passed

676

00:25:57,350 --> 00:25:54,840

his

677

00:25:58,950 --> 00:25:57,360

mustard that's enough for me that is

678

00:26:01,350 --> 00:25:58,960

definitely enough for me

679

00:26:03,830 --> 00:26:01,360

um all right you gotta explain this to

680

00:26:07,590 --> 00:26:03,840

me man this is a discovery you made

681

00:26:09,750 --> 00:26:07,600

under water um what was this all about

682

00:26:11,350 --> 00:26:09,760

this is witchy right i don't like this

683

00:26:13,350 --> 00:26:11,360

this is just uh

684

00:26:16,230 --> 00:26:13,360

you know i was investigating a lake

685

00:26:17,190 --> 00:26:16,240

where there was a lot of activity and

686

00:26:19,029 --> 00:26:17,200

uh

687

00:26:21,190 --> 00:26:19,039

you know of course

688

00:26:23,990 --> 00:26:21,200

you know we know we're always gonna be

689

00:26:26,549 --> 00:26:24,000

near water because if these creatures

690

00:26:28,390 --> 00:26:26,559

and everything you know survives on

691

00:26:30,390 --> 00:26:28,400

water so we have this incredible

692

00:26:32,390 --> 00:26:30,400

submersible drone i was dying to use i

693

00:26:34,789 --> 00:26:32,400

was like we will use this drone in the

694

00:26:36,950 --> 00:26:34,799

lake and we will i don't know

695

00:26:38,549 --> 00:26:36,960

and you know a couple three four hours

696

00:26:40,390 --> 00:26:38,559

later of cruising that thing around and

697

00:26:42,630 --> 00:26:40,400

trying to untangle it and get it out of

698

00:26:44,230 --> 00:26:42,640

you know finally get it moving you just

699

00:26:45,510 --> 00:26:44,240

sort of you find this thing and you're

700

00:26:47,830 --> 00:26:45,520

like

701
00:26:49,029 --> 00:26:47,840
what the heck is that you know i mean it

702
00:26:50,310 --> 00:26:49,039
looks

703
00:26:53,510 --> 00:26:50,320
i don't know it just

704
00:26:55,110 --> 00:26:53,520
looks made like it clears made this was

705
00:26:56,870 --> 00:26:55,120
this is artificial

706
00:26:58,950 --> 00:26:56,880
it looks artificial i never pulled it

707
00:27:01,269 --> 00:26:58,960
out of the lake i never i never did

708
00:27:03,350 --> 00:27:01,279
anything like that which is i sort of

709
00:27:04,630 --> 00:27:03,360
regret because it'd be great to pull see

710
00:27:07,750 --> 00:27:04,640
if i can pull some more evidence off

711
00:27:09,669 --> 00:27:07,760
that but to me it just looked very like

712
00:27:11,029 --> 00:27:09,679
i don't know you know you run across a

713
00:27:12,230 --> 00:27:11,039

lot of these

714

00:27:14,390 --> 00:27:12,240

what what's known in the bigfoot

715

00:27:16,870 --> 00:27:14,400

community is these these structures the

716

00:27:18,389 --> 00:27:16,880

or these ornate tree structures and a

717

00:27:19,430 --> 00:27:18,399

lot of the times

718

00:27:22,789 --> 00:27:19,440

you know

719

00:27:24,470 --> 00:27:22,799

these trees are 14 15 24 inches in

720

00:27:26,789 --> 00:27:24,480

diameter they're huge and they're just

721

00:27:29,269 --> 00:27:26,799

placed way high in

722

00:27:30,870 --> 00:27:29,279

and in these geometric shapes and they

723

00:27:33,669 --> 00:27:30,880

crisscross and

724

00:27:36,310 --> 00:27:33,679

uh to me they represent some sort of

725

00:27:38,549 --> 00:27:36,320

communicative sign i'm not sure what

726

00:27:40,630 --> 00:27:38,559

they are saying but

727

00:27:44,389 --> 00:27:40,640

they seem to be a way of communicating

728

00:27:47,669 --> 00:27:44,399

territory ideas information to other uh

729

00:27:49,990 --> 00:27:47,679

passing bigfoot groups or whatever but

730

00:27:50,870 --> 00:27:50,000

um i don't know i've seen smaller ones

731

00:27:53,110 --> 00:27:50,880

and

732

00:27:54,230 --> 00:27:53,120

could this possibly be

733

00:27:56,070 --> 00:27:54,240

uh

734

00:27:57,669 --> 00:27:56,080

you know something made by a creature

735

00:27:59,110 --> 00:27:57,679

like a bigfoot i mean if they're making

736

00:28:01,510 --> 00:27:59,120

these big structures who's to say

737

00:28:03,750 --> 00:28:01,520

they're not also making you know tiny

738

00:28:04,950 --> 00:28:03,760

doll like structures happens

739

00:28:07,110 --> 00:28:04,960

in um

740

00:28:08,470 --> 00:28:07,120

you know all over the world in in

741

00:28:10,549 --> 00:28:08,480

ancient

742

00:28:12,710 --> 00:28:10,559

you know people they're always making

743

00:28:14,710 --> 00:28:12,720

you know things so i don't know this was

744

00:28:16,710 --> 00:28:14,720

but this to me was very witchy i got a

745

00:28:17,990 --> 00:28:16,720

bad feeling about this whatever the hell

746

00:28:20,149 --> 00:28:18,000

it was so

747

00:28:22,389 --> 00:28:20,159

yeah yeah yeah i'm going to stay clear

748

00:28:23,510 --> 00:28:22,399

of that one um this is all right

749

00:28:25,750 --> 00:28:23,520

but um

750

00:28:27,750 --> 00:28:25,760

underground bunkers was another thing

751

00:28:29,990 --> 00:28:27,760

you guys touched on which i was not

752

00:28:31,669 --> 00:28:30,000

expecting in a bigfoot show would you

753

00:28:35,029 --> 00:28:31,679

mind maybe running us a little through

754

00:28:36,549 --> 00:28:35,039

that price this um sort of weird secret

755

00:28:38,470 --> 00:28:36,559

governmental

756

00:28:39,430 --> 00:28:38,480

stuff that you guys looked at this

757

00:28:41,190 --> 00:28:39,440

season

758

00:28:43,430 --> 00:28:41,200

yeah well we weren't expecting it either

759

00:28:44,710 --> 00:28:43,440

but we talked to a witness who told us

760

00:28:46,389 --> 00:28:44,720

that you know

761

00:28:48,870 --> 00:28:46,399

he was at a christmas party where a

762

00:28:52,630 --> 00:28:48,880

buddy who was working on some secretive

763

00:28:54,630 --> 00:28:52,640

project out west said you know hey man

764

00:28:57,590 --> 00:28:54,640

i check out these he showed him pictures

765

00:28:59,510 --> 00:28:57,600

of these uh bigfoots and trees and these

766

00:29:01,669 --> 00:28:59,520

research bunkers and

767

00:29:02,549 --> 00:29:01,679

this was in the 70s by the way

768

00:29:04,310 --> 00:29:02,559

and

769

00:29:07,029 --> 00:29:04,320

but that was information that basically

770

00:29:09,669 --> 00:29:07,039

said there was obviously some type of

771

00:29:11,590 --> 00:29:09,679

funded program whether it was private or

772

00:29:13,430 --> 00:29:11,600

government i'm not sure but some type of

773

00:29:14,789 --> 00:29:13,440

program invested in

774

00:29:17,190 --> 00:29:14,799

researching

775

00:29:19,350 --> 00:29:17,200

bigfoots in the pacific northwest and

776

00:29:21,430 --> 00:29:19,360

and using hideouts like underground

777

00:29:22,389 --> 00:29:21,440

bunkers as command centers

778

00:29:23,269 --> 00:29:22,399

uh

779

00:29:25,750 --> 00:29:23,279

so

780

00:29:28,549 --> 00:29:25,760

when you have information like that it's

781

00:29:31,510 --> 00:29:28,559

great information because now with

782

00:29:34,710 --> 00:29:31,520

technology today i can fly a drone over

783

00:29:37,269 --> 00:29:34,720

with lidar over a certain area and i can

784

00:29:39,110 --> 00:29:37,279

look for telltale signs of man-made

785

00:29:40,470 --> 00:29:39,120

structures in an area you know so this

786

00:29:43,669 --> 00:29:40,480

is something that you can check and

787

00:29:46,870 --> 00:29:43,679

verify um and that's exactly what we did

788

00:29:48,549 --> 00:29:46,880

and uh we were able to find some

789

00:29:50,549 --> 00:29:48,559

what looked like anomalous structures

790

00:29:52,389 --> 00:29:50,559

that did support that evidence but

791

00:29:55,510 --> 00:29:52,399

unfortunately we weren't able to get

792

00:29:57,510 --> 00:29:55,520

into them so um so again it's this

793

00:29:58,310 --> 00:29:57,520

blurry line which i think we're starting

794

00:29:59,510 --> 00:29:58,320

to

795

00:30:01,110 --> 00:29:59,520

you know

796

00:30:02,870 --> 00:30:01,120

uncover a little bit more and look at

797

00:30:04,549 --> 00:30:02,880

into more is

798

00:30:07,269 --> 00:30:04,559

what does the government know about

799

00:30:09,190 --> 00:30:07,279

bigfoot you know and you know this is a

800

00:30:10,870 --> 00:30:09,200

very interesting field where we start to

801

00:30:13,669 --> 00:30:10,880

cross because we're at a time and a

802

00:30:15,750 --> 00:30:13,679

place for your listeners where we're now

803

00:30:17,750 --> 00:30:15,760

sort of government has had had their

804

00:30:20,230 --> 00:30:17,760

hand forced into

805

00:30:22,470 --> 00:30:20,240

uh revealing what their programs that

806

00:30:24,230 --> 00:30:22,480

they had and their interest in ufo and

807

00:30:26,070 --> 00:30:24,240

now we know well of course the

808

00:30:27,669 --> 00:30:26,080

government is interested in ufos and of

809

00:30:30,710 --> 00:30:27,679

course they're spending money and

810

00:30:31,510 --> 00:30:30,720

earmarking money for these programs and

811

00:30:33,269 --> 00:30:31,520

uh

812

00:30:35,110 --> 00:30:33,279

but the bigfoot cat is not out of the

813

00:30:36,870 --> 00:30:35,120

bag yet we don't know you know they've

814

00:30:40,149 --> 00:30:36,880

nev their hand hasn't been forced like

815

00:30:42,549 --> 00:30:40,159

that new york times article you know uh

816

00:30:44,389 --> 00:30:42,559

the great journalists on that basically

817

00:30:45,830 --> 00:30:44,399

had their evidence at hand to say hey

818

00:30:47,669 --> 00:30:45,840

we're running this story whether you

819

00:30:50,549 --> 00:30:47,679

like it or not you know we don't have

820

00:30:52,230 --> 00:30:50,559

that in the bigfoot community yet but i

821

00:30:54,950 --> 00:30:52,240

don't know i wouldn't be surprised if

822

00:30:56,470 --> 00:30:54,960

you know five ten years down the road uh

823

00:30:58,549 --> 00:30:56,480

you may be seeing the new york times

824

00:31:00,950 --> 00:30:58,559

cover some bigfoot story

825

00:31:02,950 --> 00:31:00,960

yeah yeah that's a good way to put it

826

00:31:04,230 --> 00:31:02,960

man i think like you said it's forcing

827

00:31:07,190 --> 00:31:04,240

the hand of the government they're never

828

00:31:09,830 --> 00:31:07,200

going to disclose anything uh willingly

829

00:31:12,310 --> 00:31:09,840

and it took us decades and decades to

830

00:31:13,990 --> 00:31:12,320

finally make that happen with with ufos

831

00:31:15,669 --> 00:31:14,000

so i have no doubt there's been

832

00:31:17,909 --> 00:31:15,679

government programs we know for a fact

833

00:31:20,710 --> 00:31:17,919

there were some government yeah

834

00:31:23,269 --> 00:31:20,720

involvement with bigfoot and testing uh

835

00:31:24,470 --> 00:31:23,279

hair and whatnot from certain events and

836

00:31:26,630 --> 00:31:24,480

we're going to go over some of those

837

00:31:28,870 --> 00:31:26,640

later that the us air force looked at

838

00:31:31,029 --> 00:31:28,880

during project blue book of all things

839

00:31:32,870 --> 00:31:31,039

but and yeah i mean just think about

840

00:31:35,590 --> 00:31:32,880

what their interests would be i mean a

841

00:31:37,830 --> 00:31:35,600

lot of our greatest military technology

842

00:31:40,310 --> 00:31:37,840

came from nature this the the skin on a

843

00:31:42,149 --> 00:31:40,320

submarine comes from that of a shark so

844

00:31:44,549 --> 00:31:42,159

imagine what you could do if you're

845

00:31:46,389 --> 00:31:44,559

you're hearing rumors about creatures

846

00:31:48,789 --> 00:31:46,399

out west that can camouflage

847

00:31:51,990 --> 00:31:48,799

and cloak and move silently through

848

00:31:53,830 --> 00:31:52,000

areas and you know use things like mind

849

00:31:55,590 --> 00:31:53,840

speak and what type of powers of the

850

00:31:58,789 --> 00:31:55,600

mind do they have we know the government

851
00:32:00,549 --> 00:31:58,799
is very interested in in the mind powers

852
00:32:03,350 --> 00:32:00,559
of the human being and they've studied

853
00:32:05,509 --> 00:32:03,360
that could they be interested in in in

854
00:32:07,750 --> 00:32:05,519
powers that these creatures may have why

855
00:32:09,350 --> 00:32:07,760
not you know if we could if we could

856
00:32:11,350 --> 00:32:09,360
pull that and use it for some type of

857
00:32:12,470 --> 00:32:11,360
military apparatus i think that would be

858
00:32:14,070 --> 00:32:12,480
great but

859
00:32:16,389 --> 00:32:14,080
let's not put the cart before the horse

860
00:32:18,630 --> 00:32:16,399
first thing we got to do is is is prove

861
00:32:21,110 --> 00:32:18,640
that these creatures do in fact exist on

862
00:32:23,029 --> 00:32:21,120
a flesh and blood plane so and i think

863
00:32:25,430 --> 00:32:23,039

that's going to be a pretty a pretty

864

00:32:27,909 --> 00:32:25,440

tough thing to do

865

00:32:30,310 --> 00:32:27,919

it is but you know i mean you guys are

866

00:32:32,630 --> 00:32:30,320

getting closer and closer to discovering

867

00:32:33,830 --> 00:32:32,640

if this is flesh and blood or if this is

868

00:32:36,870 --> 00:32:33,840

something

869

00:32:39,750 --> 00:32:36,880

supernatural or extra terrestrial you

870

00:32:42,630 --> 00:32:39,760

know you we will go down that road uh

871

00:32:45,029 --> 00:32:42,640

for sure but i think like you said first

872

00:32:48,149 --> 00:32:45,039

is proving that these things actually

873

00:32:50,950 --> 00:32:48,159

exist and um i'd love to know bryce

874

00:32:53,430 --> 00:32:50,960

there were several dna samples that you

875

00:32:56,389 --> 00:32:53,440

guys collected this season from

876

00:32:58,389 --> 00:32:56,399

different areas and in different ways

877

00:33:00,389 --> 00:32:58,399

would you mind maybe running us through

878

00:33:03,509 --> 00:33:00,399

uh there were two key

879

00:33:05,990 --> 00:33:03,519

i think dna results that you guys uh

880

00:33:08,470 --> 00:33:06,000

revealed in your special your post show

881

00:33:10,950 --> 00:33:08,480

special um could you tell us a little

882

00:33:13,350 --> 00:33:10,960

about how these samples were collected

883

00:33:14,789 --> 00:33:13,360

and uh where they went off to be to be

884

00:33:17,669 --> 00:33:14,799

reviewed

885

00:33:19,350 --> 00:33:17,679

yeah absolutely so um

886

00:33:21,830 --> 00:33:19,360

the first hair you're probably talking

887

00:33:25,269 --> 00:33:21,840

about the edna sample is was pulled from

888

00:33:28,149 --> 00:33:25,279

the nesting site and uh the edna that

889

00:33:30,389 --> 00:33:28,159

probably was significant in a strange

890

00:33:32,389 --> 00:33:30,399

way was that hair that russell russell

891

00:33:33,750 --> 00:33:32,399

made this cool tracker that would you

892

00:33:35,590 --> 00:33:33,760

know and he stuck it on a branch

893

00:33:37,350 --> 00:33:35,600

anything passing by it

894

00:33:39,509 --> 00:33:37,360

you know he placed it higher than a bear

895

00:33:41,269 --> 00:33:39,519

would be so at like eight seven foot

896

00:33:42,710 --> 00:33:41,279

anything passing by with hair would grab

897

00:33:45,830 --> 00:33:42,720

this tracker

898

00:33:47,269 --> 00:33:45,840

anyway we pulled uh dna off of that

899

00:33:49,110 --> 00:33:47,279

and uh

900

00:33:50,630 --> 00:33:49,120

you know

901
00:33:53,990 --> 00:33:50,640
the thing about

902
00:33:56,789 --> 00:33:54,000
bigfoot and and and and dna is is is

903
00:33:58,149 --> 00:33:56,799
sort of a long sorted controversial

904
00:34:00,549 --> 00:33:58,159
history so

905
00:34:02,549 --> 00:34:00,559
we're really at at sort of the ground

906
00:34:04,389 --> 00:34:02,559
level with e-dna which stands for

907
00:34:06,549 --> 00:34:04,399
environmental dna

908
00:34:07,909 --> 00:34:06,559
and uh and you know so we're being very

909
00:34:10,710 --> 00:34:07,919
careful with that and what i mean by

910
00:34:13,510 --> 00:34:10,720
that is so when we were out in kentucky

911
00:34:16,149 --> 00:34:13,520
we found this strange tree structure and

912
00:34:18,710 --> 00:34:16,159
of course uh dr mayer took an edna

913
00:34:21,669 --> 00:34:18,720

sample and uh we sent it off to

914

00:34:23,349 --> 00:34:21,679

accredited lab here in l.a and it came

915

00:34:25,909 --> 00:34:23,359

back showing

916

00:34:28,310 --> 00:34:25,919

these pantroglidite indicators

917

00:34:30,470 --> 00:34:28,320

pantroglidite is the species genus name

918

00:34:32,149 --> 00:34:30,480

for the chimpanzee

919

00:34:33,430 --> 00:34:32,159

and so it was

920

00:34:35,589 --> 00:34:33,440

it was one of those moments where we

921

00:34:38,389 --> 00:34:35,599

were like wait a minute what the heck

922

00:34:39,990 --> 00:34:38,399

how is how is there chimpanzee dna at

923

00:34:43,030 --> 00:34:40,000

this tree structure i mean unless

924

00:34:45,030 --> 00:34:43,040

there's an escaped chimpanzee from a zoo

925

00:34:46,069 --> 00:34:45,040

or like what's happening here

926
00:34:48,149 --> 00:34:46,079
um

927
00:34:50,230 --> 00:34:48,159
you know we share most of our dna our

928
00:34:52,389 --> 00:34:50,240
closest living relative is that of the

929
00:34:55,030 --> 00:34:52,399
orangutan and the chimpanzee i mean it's

930
00:34:57,829 --> 00:34:55,040
a miniscule difference uh the

931
00:34:58,790 --> 00:34:57,839
differences between our dna but anyway

932
00:35:01,109 --> 00:34:58,800
um

933
00:35:02,710 --> 00:35:01,119
you know that sent us here's some

934
00:35:04,790 --> 00:35:02,720
evidence that's telling us you know

935
00:35:06,630 --> 00:35:04,800
you're getting some primate hits here

936
00:35:09,510 --> 00:35:06,640
what's going on with that

937
00:35:11,589 --> 00:35:09,520
um we actually sent dr mayer back to

938
00:35:13,910 --> 00:35:11,599

conduct kentucky because science doesn't

939

00:35:15,750 --> 00:35:13,920

work like that it has to be repeatable

940

00:35:17,750 --> 00:35:15,760

she took another sample

941

00:35:19,990 --> 00:35:17,760

again that pantroglydeity did come up

942

00:35:21,670 --> 00:35:20,000

but not nearly in the high numbers that

943

00:35:23,910 --> 00:35:21,680

it did the first time so

944

00:35:25,510 --> 00:35:23,920

that was a little discouraging but i

945

00:35:27,750 --> 00:35:25,520

guess the hair that you might be talking

946

00:35:29,510 --> 00:35:27,760

about was so obviously we pulled eden

947

00:35:31,910 --> 00:35:29,520

i'm sorry dna

948

00:35:33,589 --> 00:35:31,920

uh we pulled edna samples from those

949

00:35:35,670 --> 00:35:33,599

nesting sites

950

00:35:38,630 --> 00:35:35,680

and while we didn't get any we did get

951
00:35:40,470 --> 00:35:38,640
some sort of orang uh indicators which

952
00:35:43,030 --> 00:35:40,480
is another

953
00:35:45,349 --> 00:35:43,040
thing that's like what uh yeah they were

954
00:35:48,150 --> 00:35:45,359
very they were very small

955
00:35:50,150 --> 00:35:48,160
but what we did find uh was a hair at

956
00:35:52,470 --> 00:35:50,160
the nest um

957
00:35:54,470 --> 00:35:52,480
that uh on that chain

958
00:35:57,430 --> 00:35:54,480
uh the chain link fence

959
00:35:59,670 --> 00:35:57,440
and it was that of this species of wolf

960
00:36:04,230 --> 00:35:59,680
that is really only found in the alaskan

961
00:36:05,349 --> 00:36:04,240
panhandle southeastern alaska and so

962
00:36:07,430 --> 00:36:05,359
we're like

963
00:36:08,950 --> 00:36:07,440

how the f does that get here in

964

00:36:10,390 --> 00:36:08,960

california

965

00:36:12,950 --> 00:36:10,400

right it doesn't make any sense

966

00:36:15,349 --> 00:36:12,960

whatsoever because it's a it's a very

967

00:36:16,390 --> 00:36:15,359

small population of these of these

968

00:36:18,069 --> 00:36:16,400

wolves

969

00:36:20,550 --> 00:36:18,079

um i forget the name of it i'm not even

970

00:36:22,870 --> 00:36:20,560

gonna try it but uh

971

00:36:24,069 --> 00:36:22,880

but anyway so

972

00:36:26,790 --> 00:36:24,079

i mean

973

00:36:29,510 --> 00:36:26,800

right there it was kind of like telling

974

00:36:31,190 --> 00:36:29,520

us you know hey maybe there's something

975

00:36:32,870 --> 00:36:31,200

here because

976

00:36:34,550 --> 00:36:32,880

a lot of reports are not a lot of

977

00:36:35,750 --> 00:36:34,560

reports there are a few reports where

978

00:36:39,109 --> 00:36:35,760

people do

979

00:36:41,430 --> 00:36:39,119

describe these creatures wearing furs

980

00:36:43,270 --> 00:36:41,440

whether it's deer pelts whether it's

981

00:36:45,750 --> 00:36:43,280

bear uh

982

00:36:48,550 --> 00:36:45,760

wolf you know so there there are these

983

00:36:52,069 --> 00:36:48,560

reports where people say you know

984

00:36:54,710 --> 00:36:52,079

bigfoot wears its kill wears furs it

985

00:36:55,990 --> 00:36:54,720

uses its environment sometimes

986

00:36:58,150 --> 00:36:56,000

and so

987

00:36:59,990 --> 00:36:58,160

i thought why couldn't you know a

988

00:37:02,390 --> 00:37:00,000

bigfoot with

989

00:37:04,470 --> 00:37:02,400

probably this uh

990

00:37:06,310 --> 00:37:04,480

this strange wolf pill down here and

991

00:37:08,310 --> 00:37:06,320

that's how that hair got there it's the

992

00:37:10,390 --> 00:37:08,320

only thing i could think of dr mario

993

00:37:12,390 --> 00:37:10,400

wasn't too fancy on that's a big stretch

994

00:37:14,550 --> 00:37:12,400

for her but but it gave us what we

995

00:37:16,630 --> 00:37:14,560

needed to kind of you know move the

996

00:37:19,190 --> 00:37:16,640

search north and of course as we

997

00:37:21,030 --> 00:37:19,200

revealed on the show uh that's all we

998

00:37:22,470 --> 00:37:21,040

needed to take it to alaska where

999

00:37:24,870 --> 00:37:22,480

there's so many

1000

00:37:27,750 --> 00:37:24,880

um real interesting reports about about

1001

00:37:30,310 --> 00:37:27,760

bigfoot so it felt very natural

1002

00:37:32,390 --> 00:37:30,320

i can't wait man that's like again

1003

00:37:34,790 --> 00:37:32,400

untapped territory i think one of the

1004

00:37:38,150 --> 00:37:34,800

members of your team mentioned like

1005

00:37:40,069 --> 00:37:38,160

such diverse life lives up in alaska a

1006

00:37:41,910 --> 00:37:40,079

lot of things we probably haven't even

1007

00:37:43,349 --> 00:37:41,920

discovered yet so i can't even imagine

1008

00:37:46,710 --> 00:37:43,359

what you guys will uncover there yeah

1009

00:37:49,349 --> 00:37:46,720

it's crazy yeah imagine imagine just the

1010

00:37:52,310 --> 00:37:49,359

acres where human feet have never even

1011

00:37:54,069 --> 00:37:52,320

tread across there's got to be just

1012

00:37:56,069 --> 00:37:54,079

hundreds of thousands of them there in

1013

00:37:59,190 --> 00:37:56,079

alaska you know um

1014

00:38:01,829 --> 00:37:59,200

it's just the place is huge and

1015

00:38:04,630 --> 00:38:01,839

and the the lore of bigfoot

1016

00:38:06,790 --> 00:38:04,640

in places like that are so steeped in

1017

00:38:09,030 --> 00:38:06,800

the culture that it just you know you

1018

00:38:11,990 --> 00:38:09,040

can walk into a place and people be like

1019

00:38:13,510 --> 00:38:12,000

bigfoot yeah yeah bigfoot of course you

1020

00:38:17,270 --> 00:38:13,520

know and you're like oh wow i didn't

1021

00:38:19,270 --> 00:38:17,280

okay why why why that you know um so

1022

00:38:22,150 --> 00:38:19,280

it's a great place and i think it's it's

1023

00:38:24,470 --> 00:38:22,160

a natural fit for for our team

1024

00:38:27,030 --> 00:38:24,480

i love it well you talked about untapped

1025

00:38:29,430 --> 00:38:27,040

territory um that was another pretty

1026

00:38:32,710 --> 00:38:29,440

cool and i guess sort of controversial

1027

00:38:36,550 --> 00:38:32,720

thing this season was um you guys were

1028

00:38:39,670 --> 00:38:36,560

tracking something and it ended up on

1029

00:38:41,750 --> 00:38:39,680

what we now know as federal land an area

1030

00:38:43,349 --> 00:38:41,760

that you guys are not allowed to go

1031

00:38:45,670 --> 00:38:43,359

investigate and i've actually run into

1032

00:38:47,990 --> 00:38:45,680

that problem with investigating ufo

1033

00:38:50,069 --> 00:38:48,000

cases as well where there were areas

1034

00:38:52,950 --> 00:38:50,079

where i was told that something crashed

1035

00:38:55,589 --> 00:38:52,960

or a creature had been seen it

1036

00:38:58,150 --> 00:38:55,599

might have died been buried or maybe

1037

00:38:59,910 --> 00:38:58,160

debris from a craft was there and i

1038

00:39:01,750 --> 00:38:59,920

wanted to go there and dig and i was

1039

00:39:04,870 --> 00:39:01,760

told no you can't it's federal land

1040

00:39:06,630 --> 00:39:04,880

sorry about that um i even worked with a

1041

00:39:08,310 --> 00:39:06,640

a gentleman who

1042

00:39:10,710 --> 00:39:08,320

thought he found stuff at the roswell

1043

00:39:12,790 --> 00:39:10,720

site and they actually confiscated it

1044

00:39:15,829 --> 00:39:12,800

from him because it is now owned by the

1045

00:39:17,510 --> 00:39:15,839

government so well um i'd love to maybe

1046

00:39:19,510 --> 00:39:17,520

hear a little about what you guys dealt

1047

00:39:21,510 --> 00:39:19,520

with with that if you don't mind

1048

00:39:23,910 --> 00:39:21,520

well sure i mean what think about the

1049

00:39:26,470 --> 00:39:23,920

perfect bureaucratic red tape all you

1050

00:39:29,109 --> 00:39:26,480

would need is own a small parcel land to

1051

00:39:31,589 --> 00:39:29,119

keep anyone off of it and and

1052

00:39:34,069 --> 00:39:31,599

of course obtain anything found

1053

00:39:35,430 --> 00:39:34,079

uh there on you know

1054

00:39:37,589 --> 00:39:35,440

here's the thing and i don't want to be

1055

00:39:40,069 --> 00:39:37,599

very conspiratorial you know because i'm

1056

00:39:40,829 --> 00:39:40,079

not that i'm not that type of guy but

1057

00:39:43,910 --> 00:39:40,839

but

1058

00:39:45,670 --> 00:39:43,920

um here's the thing you know

1059

00:39:48,069 --> 00:39:45,680

it seems like there was a lot of bigfoot

1060

00:39:49,750 --> 00:39:48,079

activity in this area and we got

1061

00:39:51,990 --> 00:39:49,760

information that

1062

00:39:54,150 --> 00:39:52,000

when i talked to that logger who told me

1063

00:39:57,109 --> 00:39:54,160

he had stumbled upon what it could only

1064

00:39:58,950 --> 00:39:57,119

be described as a bigfoot nesting site

1065

00:40:01,190 --> 00:39:58,960

it was something he had never seen

1066

00:40:03,750 --> 00:40:01,200

before he described like almost a dozen

1067

00:40:04,870 --> 00:40:03,760

beds in this you know

1068

00:40:06,550 --> 00:40:04,880

place

1069

00:40:10,630 --> 00:40:06,560

uh that was

1070

00:40:12,870 --> 00:40:10,640

then uh acquired by some federal land

1071

00:40:14,950 --> 00:40:12,880

grab you know and why why was that you

1072

00:40:16,309 --> 00:40:14,960

know we were we were interested in why

1073

00:40:17,750 --> 00:40:16,319

why is

1074

00:40:20,470 --> 00:40:17,760

why the government would be interested

1075

00:40:21,829 --> 00:40:20,480

in a piece of property like that so

1076

00:40:24,230 --> 00:40:21,839

i don't know it just sent off some red

1077

00:40:26,309 --> 00:40:24,240

flags for us that like you know if

1078

00:40:28,069 --> 00:40:26,319

obviously i believe if these creatures

1079

00:40:29,270 --> 00:40:28,079

do in fact exist they're incredibly

1080

00:40:31,750 --> 00:40:29,280

intelligent

1081

00:40:33,430 --> 00:40:31,760

and uh like a lot of places that are

1082

00:40:36,069 --> 00:40:33,440

that are you know cordoned off for

1083

00:40:38,710 --> 00:40:36,079

wildlife to thrive like yellowstone if

1084

00:40:40,950 --> 00:40:38,720

bigfoot knows that no hunters no

1085

00:40:42,309 --> 00:40:40,960

researchers no investigators are going

1086

00:40:45,270 --> 00:40:42,319

to come into this

1087

00:40:46,790 --> 00:40:45,280

huge parcel of land why wouldn't they go

1088

00:40:49,190 --> 00:40:46,800

there uh

1089

00:40:51,270 --> 00:40:49,200

you know for complete protection

1090

00:40:53,270 --> 00:40:51,280

um so i don't know it's interesting and

1091

00:40:55,670 --> 00:40:53,280

yeah like you said they're

1092

00:40:58,230 --> 00:40:55,680

i don't know there are earmarked budgets

1093

00:41:00,309 --> 00:40:58,240

for for land acquisition

1094

00:41:02,309 --> 00:41:00,319

where certain crafts have been said to

1095

00:41:04,790 --> 00:41:02,319

come and land and i don't know it's a

1096

00:41:07,829 --> 00:41:04,800

strange thing uh it is yeah but it's

1097

00:41:10,790 --> 00:41:07,839

something we're interested in you know

1098

00:41:13,030 --> 00:41:10,800

cool cool well yeah i hope i hope we can

1099

00:41:14,470 --> 00:41:13,040

further that conversation when it comes

1100

00:41:17,589 --> 00:41:14,480

to the government's involvement with

1101
00:41:19,589 --> 00:41:17,599
bigfoot for sure um sure well i wanna i

1102
00:41:20,470 --> 00:41:19,599
wanna touch on this image and for those

1103
00:41:22,870 --> 00:41:20,480
of you

1104
00:41:25,030 --> 00:41:22,880
listening to the podcast this is an

1105
00:41:28,230 --> 00:41:25,040
image of bryce with it looks like he

1106
00:41:29,430 --> 00:41:28,240
just got the best christmas present oh

1107
00:41:31,109 --> 00:41:29,440
man

1108
00:41:33,030 --> 00:41:31,119
would you mind describing what we're

1109
00:41:35,270 --> 00:41:33,040
seeing here man and kind of the process

1110
00:41:36,150 --> 00:41:35,280
of uh what's going on in these images

1111
00:41:38,230 --> 00:41:36,160
here

1112
00:41:40,230 --> 00:41:38,240
yeah of course so i you know i spoke

1113
00:41:42,150 --> 00:41:40,240

with a witness who who got a

1114

00:41:44,790 --> 00:41:42,160

face-to-face encounter with a bigfoot

1115

00:41:47,109 --> 00:41:44,800

that lasted quite a long time and with

1116

00:41:49,030 --> 00:41:47,119

that comes a lot of memory detail of

1117

00:41:50,150 --> 00:41:49,040

what this creature looked like so we set

1118

00:41:52,710 --> 00:41:50,160

him down

1119

00:41:55,670 --> 00:41:52,720

uh with an incredible forensic sketch

1120

00:41:57,190 --> 00:41:55,680

artist oh my god his name is uh mike i

1121

00:42:00,470 --> 00:41:57,200

gotta find it because you should follow

1122

00:42:02,710 --> 00:42:00,480

him on ins i mean he does this um his

1123

00:42:05,109 --> 00:42:02,720

passion is you know drawing sketching

1124

00:42:06,630 --> 00:42:05,119

these eyewitness accounts of bigfoot

1125

00:42:08,069 --> 00:42:06,640

reports anyway

1126

00:42:10,150 --> 00:42:08,079

from all that information i was like

1127

00:42:11,910 --> 00:42:10,160

there's so much here why not just get

1128

00:42:14,630 --> 00:42:11,920

the skull made you know and that's

1129

00:42:16,550 --> 00:42:14,640

exactly what we did we sent it off to uh

1130

00:42:18,870 --> 00:42:16,560

to a guy out there and i think it was

1131

00:42:20,950 --> 00:42:18,880

scotland i forget but uh

1132

00:42:22,870 --> 00:42:20,960

his name was tobias uh

1133

00:42:24,870 --> 00:42:22,880

dang i i wish i don't i wish i had those

1134

00:42:28,230 --> 00:42:24,880

names on the tip of my tongue but anyway

1135

00:42:30,790 --> 00:42:28,240

he was able to graft a 3d model of just

1136

00:42:32,550 --> 00:42:30,800

from that sketch what this bigfoot head

1137

00:42:34,710 --> 00:42:32,560

and its proportions would look like and

1138

00:42:37,109 --> 00:42:34,720

when you hold it in your hand

1139

00:42:40,150 --> 00:42:37,119

you feel like you're holding a piece of

1140

00:42:42,950 --> 00:42:40,160

our ancestral history in some way some

1141

00:42:45,349 --> 00:42:42,960

form you're like yes

1142

00:42:48,630 --> 00:42:45,359

this this roamed planet earth or still

1143

00:42:51,190 --> 00:42:48,640

does it's a strange feeling um and it's

1144

00:42:53,270 --> 00:42:51,200

huge and and the and the crazy the

1145

00:42:55,670 --> 00:42:53,280

picture that you're looking at that has

1146

00:42:58,309 --> 00:42:55,680

hair michael montoya thank you bigfoot

1147

00:43:00,630 --> 00:42:58,319

society if you're out there follow

1148

00:43:03,190 --> 00:43:00,640

michael montoya on instagram he has an

1149

00:43:05,030 --> 00:43:03,200

incredible page and uh you'll just get

1150

00:43:07,589 --> 00:43:05,040

to see a whole variety of what these

1151
00:43:09,589 --> 00:43:07,599
bigfoot creatures um have been reported

1152
00:43:12,309 --> 00:43:09,599
to look like but yeah so this one they

1153
00:43:14,230 --> 00:43:12,319
added hair in the face and it's a little

1154
00:43:16,069 --> 00:43:14,240
funny at first but when you start

1155
00:43:18,150 --> 00:43:16,079
peering into the eyes

1156
00:43:20,550 --> 00:43:18,160
you sort of then put yourself in the

1157
00:43:22,870 --> 00:43:20,560
position of what would i do

1158
00:43:25,589 --> 00:43:22,880
if i was say hiking with my son or my

1159
00:43:27,510 --> 00:43:25,599
daughter or my wife or my dog and i'm in

1160
00:43:29,349 --> 00:43:27,520
the middle of nowhere i'm on a pretty

1161
00:43:32,710 --> 00:43:29,359
populated trail

1162
00:43:35,589 --> 00:43:32,720
and uh you know it's getting dark and up

1163
00:43:38,150 --> 00:43:35,599

ahead something like this

1164

00:43:41,670 --> 00:43:38,160

walks onto the trail and stops and just

1165

00:43:43,030 --> 00:43:41,680

stares at you you know

1166

00:43:44,550 --> 00:43:43,040

what would you do

1167

00:43:45,670 --> 00:43:44,560

what would your mind

1168

00:43:47,910 --> 00:43:45,680

do

1169

00:43:49,990 --> 00:43:47,920

because

1170

00:43:51,270 --> 00:43:50,000

these reports happen

1171

00:43:53,190 --> 00:43:51,280

all the time

1172

00:43:55,510 --> 00:43:53,200

and the people who reporting them are

1173

00:43:58,150 --> 00:43:55,520

not looking for fame they're not looking

1174

00:43:59,430 --> 00:43:58,160

to make money um as a matter of fact

1175

00:44:00,870 --> 00:43:59,440

they're risking more than they're

1176

00:44:02,230 --> 00:44:00,880

acquiring they're risking their

1177

00:44:04,630 --> 00:44:02,240

reputation

1178

00:44:06,230 --> 00:44:04,640

uh you know they're they're risking you

1179

00:44:08,390 --> 00:44:06,240

know being

1180

00:44:11,030 --> 00:44:08,400

laughed at by their friends family and

1181

00:44:13,910 --> 00:44:11,040

peers for being one of those people who

1182

00:44:17,589 --> 00:44:13,920

saw bigfoot but it happens all the time

1183

00:44:19,510 --> 00:44:17,599

and you know you often hear that

1184

00:44:21,430 --> 00:44:19,520

when somebody sees a creature like this

1185

00:44:23,030 --> 00:44:21,440

if they're a hunter and they see what

1186

00:44:24,710 --> 00:44:23,040

you're looking at through the scope they

1187

00:44:26,470 --> 00:44:24,720

can't pull that trigger

1188

00:44:28,870 --> 00:44:26,480

because they they recognize this

1189

00:44:29,750 --> 00:44:28,880

humanness in these faces and and i guess

1190

00:44:33,910 --> 00:44:29,760

that's

1191

00:44:35,750 --> 00:44:33,920

bigfoot what is this thing is it is it

1192

00:44:38,230 --> 00:44:35,760

part of our story is it something

1193

00:44:40,710 --> 00:44:38,240

completely separate from us does it

1194

00:44:43,109 --> 00:44:40,720

represent our past like the small gray

1195

00:44:45,270 --> 00:44:43,119

alien represents our future

1196

00:44:47,270 --> 00:44:45,280

um because you know there is a very

1197

00:44:49,589 --> 00:44:47,280

psychological dimension to this thing

1198

00:44:51,750 --> 00:44:49,599

here too to this and that's why i do

1199

00:44:54,309 --> 00:44:51,760

house it under the i couch it under the

1200

00:44:55,349 --> 00:44:54,319

term bigfoot phenomenon

1201
00:44:58,069 --> 00:44:55,359
because

1202
00:44:59,990 --> 00:44:58,079
as as very real as these eyewitness

1203
00:45:02,710 --> 00:45:00,000
testimonies are of just a flesh and

1204
00:45:04,790 --> 00:45:02,720
blood creature walking across a trail i

1205
00:45:07,390 --> 00:45:04,800
also talked to very credible witnesses

1206
00:45:09,190 --> 00:45:07,400
who described these creatures

1207
00:45:12,150 --> 00:45:09,200
dematerializing

1208
00:45:14,470 --> 00:45:12,160
communicating them with mind speak

1209
00:45:17,109 --> 00:45:14,480
so i call this type of stuff the

1210
00:45:18,950 --> 00:45:17,119
stranger aspects of big footery and i

1211
00:45:22,390 --> 00:45:18,960
don't want to discount it

1212
00:45:24,069 --> 00:45:22,400
in these small details that i think

1213
00:45:26,630 --> 00:45:24,079

we're going to get to the bottom of what

1214

00:45:28,790 --> 00:45:26,640

this mystery really is and trust me when

1215

00:45:32,630 --> 00:45:28,800

i say this there is a mystery at play

1216

00:45:35,109 --> 00:45:32,640

here on this planet when it comes to

1217

00:45:36,069 --> 00:45:35,119

wild hairy men walking around in the

1218

00:45:38,470 --> 00:45:36,079

woods

1219

00:45:41,109 --> 00:45:38,480

now is this a psychological archetype or

1220

00:45:42,550 --> 00:45:41,119

is there a real unconfirmed

1221

00:45:44,470 --> 00:45:42,560

uh

1222

00:45:46,390 --> 00:45:44,480

relic dominant walking the pacific

1223

00:45:49,030 --> 00:45:46,400

northwest i don't know but something is

1224

00:45:51,589 --> 00:45:49,040

happening people are seeing something

1225

00:45:53,270 --> 00:45:51,599

evidence is being left behind

1226

00:45:55,589 --> 00:45:53,280

and um

1227

00:45:57,910 --> 00:45:55,599

and man to me it's just one of the the

1228

00:46:00,309 --> 00:45:57,920

greatest mysteries at our dinner plate

1229

00:46:02,230 --> 00:46:00,319

and and and to me that's why i just i

1230

00:46:04,069 --> 00:46:02,240

just love this so much

1231

00:46:06,470 --> 00:46:04,079

is because ever since i saw that

1232

00:46:08,870 --> 00:46:06,480

patterson gimlin films film i i've

1233

00:46:10,630 --> 00:46:08,880

always felt like i was looking

1234

00:46:12,710 --> 00:46:10,640

at the monster under my bed that my

1235

00:46:15,030 --> 00:46:12,720

parents told me wasn't supposed to be

1236

00:46:17,430 --> 00:46:15,040

there but yet there it is

1237

00:46:19,349 --> 00:46:17,440

walking off into the woods

1238

00:46:21,829 --> 00:46:19,359

what is that

1239

00:46:24,309 --> 00:46:21,839

i love that man yeah i've had those

1240

00:46:26,470 --> 00:46:24,319

moments too of looking in the sky and

1241

00:46:28,710 --> 00:46:26,480

seeing something i couldn't readily

1242

00:46:31,510 --> 00:46:28,720

explain and being like i was told this

1243

00:46:33,750 --> 00:46:31,520

wasn't a thing this wasn't real and but

1244

00:46:36,550 --> 00:46:33,760

i'm looking at it so like someone's

1245

00:46:38,470 --> 00:46:36,560

either lying to me or uh the world is

1246

00:46:40,309 --> 00:46:38,480

far stranger than i could have ever

1247

00:46:43,190 --> 00:46:40,319

imagined and everyone in the chat here

1248

00:46:44,230 --> 00:46:43,200

saying preach preach bryce this idea of

1249

00:46:46,710 --> 00:46:44,240

um

1250

00:46:48,710 --> 00:46:46,720

the bigfoot being our past and the alien

1251
00:46:50,710 --> 00:46:48,720
being our future and we're somehow

1252
00:46:53,270 --> 00:46:50,720
converging right now

1253
00:46:55,910 --> 00:46:53,280
and maybe try finally understanding that

1254
00:46:58,150 --> 00:46:55,920
timeline um well yeah and that just

1255
00:47:00,150 --> 00:46:58,160
blows my mind to think about that

1256
00:47:01,430 --> 00:47:00,160
sure it's something i'm fascinated with

1257
00:47:02,870 --> 00:47:01,440
because

1258
00:47:04,710 --> 00:47:02,880
you know look there does seem to be a

1259
00:47:06,630 --> 00:47:04,720
psychological dimension to this we do

1260
00:47:09,990 --> 00:47:06,640
seem to be pulling this image we can't

1261
00:47:12,630 --> 00:47:10,000
seem to let go of of where we came from

1262
00:47:14,710 --> 00:47:12,640
you know uh

1263
00:47:17,990 --> 00:47:14,720

traveling around and hunter gathered

1264

00:47:20,630 --> 00:47:18,000

small groups uh stronger bigger taller

1265

00:47:22,470 --> 00:47:20,640

hunter gatherer you know private shy

1266

00:47:24,710 --> 00:47:22,480

intelligent

1267

00:47:26,790 --> 00:47:24,720

not ready to enter the blubbering life

1268

00:47:29,109 --> 00:47:26,800

of a city dweller you know staying in

1269

00:47:31,190 --> 00:47:29,119

the woods you know there is that image

1270

00:47:33,750 --> 00:47:31,200

of us we're fascinated by it it's where

1271

00:47:35,910 --> 00:47:33,760

we come from and then you have the small

1272

00:47:38,309 --> 00:47:35,920

gray alien archetype that's been

1273

00:47:40,470 --> 00:47:38,319

developing in the ufo community what's

1274

00:47:43,030 --> 00:47:40,480

that why the big brain why the small

1275

00:47:45,270 --> 00:47:43,040

mouth why the spindly arms does it not

1276
00:47:47,829 --> 00:47:45,280
need to eat as much does it have more

1277
00:47:49,750 --> 00:47:47,839
brain computing power has it already

1278
00:47:51,910 --> 00:47:49,760
interfaced with a.i

1279
00:47:54,950 --> 00:47:51,920
you know is that our future are we

1280
00:47:55,910 --> 00:47:54,960
pulling that archetype towards us

1281
00:47:56,790 --> 00:47:55,920
you know

1282
00:47:58,150 --> 00:47:56,800
um

1283
00:48:00,150 --> 00:47:58,160
these are questions we all should be

1284
00:48:02,710 --> 00:48:00,160
asking because it's like that great

1285
00:48:04,309 --> 00:48:02,720
moment in star wars when luke skywalker

1286
00:48:05,750 --> 00:48:04,319
when he's training with yoda and he's

1287
00:48:07,510 --> 00:48:05,760
going into the woods and he says you're

1288
00:48:08,470 --> 00:48:07,520

only going to find what you bring with

1289

00:48:13,030 --> 00:48:08,480

you

1290

00:48:15,990 --> 00:48:13,040

in the ufo community and the bigfoot

1291

00:48:17,589 --> 00:48:16,000

community we find what we bring with us

1292

00:48:20,790 --> 00:48:17,599

and the phenomenon

1293

00:48:23,990 --> 00:48:20,800

can morph and change into whatever it

1294

00:48:26,630 --> 00:48:24,000

needs to to represent itself to us

1295

00:48:28,710 --> 00:48:26,640

so uh it's a strange thing

1296

00:48:30,470 --> 00:48:28,720

absolutely i think you know one of the

1297

00:48:32,150 --> 00:48:30,480

words that always

1298

00:48:35,109 --> 00:48:32,160

always stands out to me with these

1299

00:48:37,510 --> 00:48:35,119

phenomena is amorphous it really does

1300

00:48:38,390 --> 00:48:37,520

bend and mold to what we

1301

00:48:41,030 --> 00:48:38,400

either

1302

00:48:44,230 --> 00:48:41,040

want it to be or maybe not want it to be

1303

00:48:46,549 --> 00:48:44,240

and um what you can take uh what your

1304

00:48:47,990 --> 00:48:46,559

perception can manage and it's it's

1305

00:48:49,750 --> 00:48:48,000

fascinating someone in the chat said

1306

00:48:51,589 --> 00:48:49,760

very young stuff

1307

00:48:54,309 --> 00:48:51,599

i hope that's a good thing i hope that's

1308

00:48:57,750 --> 00:48:54,319

it absolutely absolutely

1309

00:48:59,430 --> 00:48:57,760

well i want to touch on bryce um

1310

00:49:00,950 --> 00:48:59,440

there was also a part in this season

1311

00:49:03,270 --> 00:49:00,960

where you guys did go back to the

1312

00:49:05,109 --> 00:49:03,280

patterson gimlin film am i correct in

1313

00:49:06,390 --> 00:49:05,119

that and look at that someone in the

1314

00:49:07,990 --> 00:49:06,400

chat said

1315

00:49:11,109 --> 00:49:08,000

um didn't they

1316

00:49:12,630 --> 00:49:11,119

admit that it was faked uh is that true

1317

00:49:13,910 --> 00:49:12,640

and if not can you tell us a little

1318

00:49:16,069 --> 00:49:13,920

about what you guys looked at this

1319

00:49:18,390 --> 00:49:16,079

season with that sure absolutely look

1320

00:49:20,630 --> 00:49:18,400

there's been a lot of things said about

1321

00:49:22,390 --> 00:49:20,640

the patterson gimlin video and the film

1322

00:49:25,430 --> 00:49:22,400

site but first and foremost i want to

1323

00:49:28,230 --> 00:49:25,440

give my utmost gratitude and shout out

1324

00:49:31,030 --> 00:49:28,240

to what is the bluff creek project and

1325

00:49:32,870 --> 00:49:31,040

guys like rowdy kelly and even tate who

1326
00:49:34,630 --> 00:49:32,880
without them we would have never gotten

1327
00:49:37,910 --> 00:49:34,640
down there to the exact place and been

1328
00:49:40,549 --> 00:49:37,920
able to pinpoint a lot of those uh sort

1329
00:49:42,790 --> 00:49:40,559
of precise markers that we use so

1330
00:49:44,710 --> 00:49:42,800
uh a big shout out to those guys have

1331
00:49:46,630 --> 00:49:44,720
been who have been doing that hard work

1332
00:49:47,750 --> 00:49:46,640
for so so long

1333
00:49:49,109 --> 00:49:47,760
this

1334
00:49:53,990 --> 00:49:49,119
video

1335
00:49:56,150 --> 00:49:54,000
is

1336
00:49:58,230 --> 00:49:56,160
more than just a video and it'll never

1337
00:50:01,030 --> 00:49:58,240
be more than just a film it'll never be

1338
00:50:03,990 --> 00:50:01,040

proved okay and it'll never be validated

1339

00:50:06,630 --> 00:50:04,000

or vindicated and it'll also never be

1340

00:50:09,109 --> 00:50:06,640

um proven to be a hoax it can't

1341

00:50:11,030 --> 00:50:09,119

it's it's done it's lost in time it's

1342

00:50:13,190 --> 00:50:11,040

already been mythologized it's moved

1343

00:50:15,990 --> 00:50:13,200

past that it's on into the world of of

1344

00:50:18,309 --> 00:50:16,000

tulpa now the patterson gimlin film is

1345

00:50:19,750 --> 00:50:18,319

an incredible piece of evidence and

1346

00:50:21,750 --> 00:50:19,760

people have been looking at that film

1347

00:50:23,829 --> 00:50:21,760

for more than 50 years i believe it

1348

00:50:26,390 --> 00:50:23,839

could be the most second analyzed film

1349

00:50:27,829 --> 00:50:26,400

behind the zubruder film uh where jfk

1350

00:50:29,670 --> 00:50:27,839

was shot

1351
00:50:32,470 --> 00:50:29,680
so anyway people have been trying to

1352
00:50:34,630 --> 00:50:32,480
figure out how tall that subject that

1353
00:50:36,630 --> 00:50:34,640
creature was in the film for decades

1354
00:50:39,349 --> 00:50:36,640
because they've always felt if we could

1355
00:50:41,510 --> 00:50:39,359
get a height on that creature we could

1356
00:50:43,430 --> 00:50:41,520
prove once and for all

1357
00:50:45,990 --> 00:50:43,440
that that's a bigfoot

1358
00:50:47,030 --> 00:50:46,000
and you know i sort of thought that too

1359
00:50:50,630 --> 00:50:47,040
but

1360
00:50:52,870 --> 00:50:50,640
when we had the technology to use lidar

1361
00:50:55,430 --> 00:50:52,880
um on a site like that it's an

1362
00:50:59,030 --> 00:50:55,440
incredible opportunity because not only

1363
00:51:00,549 --> 00:50:59,040

be you know can you determine

1364

00:51:03,750 --> 00:51:00,559

the pebbles on the ground up to the

1365

00:51:06,150 --> 00:51:03,760

leaves on the tree you can determine

1366

00:51:09,510 --> 00:51:06,160

anything you need to and

1367

00:51:11,510 --> 00:51:09,520

so it was i'm really proud of the work

1368

00:51:13,829 --> 00:51:11,520

we did there so anyway we were able to

1369

00:51:16,630 --> 00:51:13,839

lidar that site and make a determination

1370

00:51:18,390 --> 00:51:16,640

once and for all uh that anybody can

1371

00:51:20,950 --> 00:51:18,400

check the data how tall that creature

1372

00:51:23,430 --> 00:51:20,960

was her name is patty they call her that

1373

00:51:26,230 --> 00:51:23,440

because uh that was roger patterson's

1374

00:51:27,910 --> 00:51:26,240

name wife's name but also because roger

1375

00:51:30,390 --> 00:51:27,920

patterson they called it patty anyway

1376

00:51:32,630 --> 00:51:30,400

i'm rambling i'm i'm going on and on the

1377

00:51:35,030 --> 00:51:32,640

creature came out to be six foot three

1378

00:51:37,109 --> 00:51:35,040

but that doesn't matter because we also

1379

00:51:38,950 --> 00:51:37,119

know it to be a female and in the

1380

00:51:41,349 --> 00:51:38,960

guerrilla population the males are

1381

00:51:43,510 --> 00:51:41,359

usually on average 20 to 25 percent

1382

00:51:46,309 --> 00:51:43,520

larger than their female counterparts so

1383

00:51:49,030 --> 00:51:46,319

that puts patty right in that that

1384

00:51:50,549 --> 00:51:49,040

perfect zone of what a female bigfoot

1385

00:51:52,710 --> 00:51:50,559

might look like

1386

00:51:54,630 --> 00:51:52,720

and here's another thing what i vote

1387

00:51:56,710 --> 00:51:54,640

i'll just say this about the patterson

1388

00:51:58,870 --> 00:51:56,720

gimlin film i know a lot of people

1389

00:52:00,790 --> 00:51:58,880

uh say yeah but isn't that guy he went

1390

00:52:02,870 --> 00:52:00,800

on that show and he did the lie detector

1391

00:52:04,710 --> 00:52:02,880

test about the about he's the guy that

1392

00:52:06,710 --> 00:52:04,720

wore the suit yeah he may have did that

1393

00:52:09,109 --> 00:52:06,720

and those producer have you ever seen

1394

00:52:11,990 --> 00:52:09,119

anybody win on that said show

1395

00:52:13,589 --> 00:52:12,000

no because it was formulated that way

1396

00:52:15,510 --> 00:52:13,599

and if you look into it you're really

1397

00:52:17,510 --> 00:52:15,520

only knowing half the story roger

1398

00:52:19,910 --> 00:52:17,520

patterson also took a lie detector test

1399

00:52:21,430 --> 00:52:19,920

on his deathbed too and came back that

1400

00:52:24,549 --> 00:52:21,440

he was telling the truth too so they

1401
00:52:26,390 --> 00:52:24,559
can't both be telling the truth anyway

1402
00:52:28,150 --> 00:52:26,400
um it's just an incredible piece of

1403
00:52:30,069 --> 00:52:28,160
evidence because

1404
00:52:31,510 --> 00:52:30,079
you had two witnesses describing the

1405
00:52:33,430 --> 00:52:31,520
same thing they've never changed their

1406
00:52:36,069 --> 00:52:33,440
story over 50 years you have that

1407
00:52:37,990 --> 00:52:36,079
incredible film left behind and you also

1408
00:52:40,390 --> 00:52:38,000
have the trackway cast that they also

1409
00:52:42,069 --> 00:52:40,400
took so they were able to plaster cast

1410
00:52:43,430 --> 00:52:42,079
those tracks that that creature left

1411
00:52:45,270 --> 00:52:43,440
behind and

1412
00:52:48,150 --> 00:52:45,280
and uh i don't know if you if your

1413
00:52:51,589 --> 00:52:48,160

audience had seen uh the show but i

1414

00:52:53,829 --> 00:52:51,599

speak with uh pgf film expert bill muns

1415

00:52:56,470 --> 00:52:53,839

and when you watch him walk you walk you

1416

00:52:58,950 --> 00:52:56,480

through that video and you see the toes

1417

00:53:01,589 --> 00:52:58,960

going up and down like this yeah and the

1418

00:53:03,990 --> 00:53:01,599

calf muscle moving and the hair on the

1419

00:53:06,470 --> 00:53:04,000

back of its neck rising as it turns

1420

00:53:09,190 --> 00:53:06,480

around to catch bob gimlin about to

1421

00:53:10,870 --> 00:53:09,200

point its rifle at her you know

1422

00:53:12,390 --> 00:53:10,880

is then he said it i don't know what

1423

00:53:15,589 --> 00:53:12,400

that is i just know it's a hundred

1424

00:53:19,190 --> 00:53:15,599

percent biological organic that is not a

1425

00:53:21,670 --> 00:53:19,200

suit and i agree with him 100

1426

00:53:24,150 --> 00:53:21,680

that's so cool yeah that is not a suit

1427

00:53:26,390 --> 00:53:24,160

and you know i think that's what's so

1428

00:53:29,030 --> 00:53:26,400

cool bryce about today's world of

1429

00:53:31,589 --> 00:53:29,040

investigation is we have this in the ufo

1430

00:53:34,309 --> 00:53:31,599

field too where we can now go look at

1431

00:53:37,109 --> 00:53:34,319

literally cases from antiquity

1432

00:53:39,190 --> 00:53:37,119

and look at them in a different light

1433

00:53:41,349 --> 00:53:39,200

we have people in the ufo field now who

1434

00:53:45,109 --> 00:53:41,359

are going back to

1435

00:53:48,549 --> 00:53:45,119

cases in the uh you know the 1700s the

1436

00:53:49,430 --> 00:53:48,559

1800s and they're able to geographically

1437

00:53:51,829 --> 00:53:49,440

you know

1438

00:53:53,589 --> 00:53:51,839

find these places on google maps they're

1439

00:53:57,510 --> 00:53:53,599

able to go back and find what the

1440

00:53:59,990 --> 00:53:57,520

weather was at that time and be like huh

1441

00:54:02,470 --> 00:54:00,000

maybe this was a weather phenomenon so

1442

00:54:06,309 --> 00:54:02,480

the fact that now we can actually use

1443

00:54:09,270 --> 00:54:06,319

tools to go back and solve past cases i

1444

00:54:11,030 --> 00:54:09,280

think is uh incredible i mean will we

1445

00:54:13,990 --> 00:54:11,040

ever truly know what patterson giblin

1446

00:54:14,870 --> 00:54:14,000

was maybe not maybe not what roswell was

1447

00:54:17,270 --> 00:54:14,880

or

1448

00:54:19,349 --> 00:54:17,280

you know all these other ufo cases but

1449

00:54:22,150 --> 00:54:19,359

we have a chance we now have better

1450

00:54:24,230 --> 00:54:22,160

chances at unraveling these things which

1451

00:54:26,470 --> 00:54:24,240

i think is so cool and an example of

1452

00:54:28,710 --> 00:54:26,480

that is what you guys did on the show

1453

00:54:30,710 --> 00:54:28,720

well thank you i i completely agree you

1454

00:54:32,710 --> 00:54:30,720

know i also do another podcast it's

1455

00:54:34,390 --> 00:54:32,720

called the bigfoot collectors club and

1456

00:54:36,470 --> 00:54:34,400

and we've been researching stories of

1457

00:54:39,190 --> 00:54:36,480

high strangeness for the last five years

1458

00:54:41,750 --> 00:54:39,200

and and one thing i've come to learn

1459

00:54:44,309 --> 00:54:41,760

is that is to look for that strange

1460

00:54:46,470 --> 00:54:44,319

detail don't discount it because it

1461

00:54:48,549 --> 00:54:46,480

doesn't fit what you think

1462

00:54:51,430 --> 00:54:48,559

it defines a ufo encounter or an

1463

00:54:53,670 --> 00:54:51,440

abduction story or a bigfoot encounter

1464

00:54:55,910 --> 00:54:53,680

look for that strange detail because

1465

00:54:57,750 --> 00:54:55,920

that's going to hold a clue because when

1466

00:54:58,750 --> 00:54:57,760

you start to look at a lot of these

1467

00:55:02,069 --> 00:54:58,760

cases

1468

00:55:03,990 --> 00:55:02,079

cryptozoological ufological ufos

1469

00:55:04,789 --> 00:55:04,000

cryptids whatever you name it

1470

00:55:06,950 --> 00:55:04,799

there's

1471

00:55:08,950 --> 00:55:06,960

just about a strange detail in each and

1472

00:55:11,190 --> 00:55:08,960

every one of those cases and they start

1473

00:55:13,910 --> 00:55:11,200

to form patterns and you can start to

1474

00:55:16,230 --> 00:55:13,920

see an overall picture that there is a

1475

00:55:19,190 --> 00:55:16,240

good chance that perhaps a lot of this

1476

00:55:21,430 --> 00:55:19,200

phenomenon is connected

1477

00:55:23,829 --> 00:55:21,440

i don't know it's a crazy theory but but

1478

00:55:25,190 --> 00:55:23,839

don't discount the strange look for the

1479

00:55:30,789 --> 00:55:25,200

strange

1480

00:55:33,190 --> 00:55:30,799

definitely did that this season for sure

1481

00:55:35,030 --> 00:55:33,200

and um the next image i'm gonna put up

1482

00:55:37,270 --> 00:55:35,040

here is going to show that you

1483

00:55:39,430 --> 00:55:37,280

definitely were willing to look at other

1484

00:55:42,069 --> 00:55:39,440

uh possibilities

1485

00:55:45,349 --> 00:55:42,079

there's my ugly mug

1486

00:55:47,030 --> 00:55:45,359

yes expedition bigfoot i should mention

1487

00:55:49,829 --> 00:55:47,040

you know i'm a little biased when it

1488

00:55:53,030 --> 00:55:49,839

comes to liking the show because i was

1489

00:55:55,349 --> 00:55:53,040

so graciously invited on by you um to

1490

00:55:57,670 --> 00:55:55,359

talk about the connections between

1491

00:56:00,470 --> 00:55:57,680

bigfoot and ufos something people do not

1492

00:56:02,870 --> 00:56:00,480

think about and uh when you came to me

1493

00:56:04,549 --> 00:56:02,880

man i was like racking my brain i'm like

1494

00:56:06,950 --> 00:56:04,559

i know they're out there i know they're

1495

00:56:09,829 --> 00:56:06,960

out there so i started digging

1496

00:56:11,910 --> 00:56:09,839

digging digging and i was able to find

1497

00:56:13,109 --> 00:56:11,920

some pretty compelling stuff to show

1498

00:56:16,230 --> 00:56:13,119

that

1499

00:56:18,309 --> 00:56:16,240

at least bigfoot was being cited with

1500

00:56:20,710 --> 00:56:18,319

ufos now does that necessarily mean

1501
00:56:23,349 --> 00:56:20,720
they're connected we don't know but um

1502
00:56:25,990 --> 00:56:23,359
there were some fascinating cases so i

1503
00:56:28,230 --> 00:56:26,000
guess what did your other teammates

1504
00:56:31,190 --> 00:56:28,240
think when you brought this idea to them

1505
00:56:33,030 --> 00:56:31,200
i know people like um like ronnie had

1506
00:56:35,349 --> 00:56:33,040
seen stuff when he was on the field you

1507
00:56:37,430 --> 00:56:35,359
saw lights all of your team members saw

1508
00:56:38,950 --> 00:56:37,440
weird lights out there um yeah what did

1509
00:56:41,670 --> 00:56:38,960
they think when you said i'm bringing a

1510
00:56:43,510 --> 00:56:41,680
ufologist in to talk about this were

1511
00:56:45,270 --> 00:56:43,520
they like oh god here we go this is

1512
00:56:47,270 --> 00:56:45,280
where the this is where we jump the

1513
00:56:49,190 --> 00:56:47,280

shark

1514

00:56:52,069 --> 00:56:49,200

well and and you know

1515

00:56:53,750 --> 00:56:52,079

this is this is what i i love because

1516

00:56:55,670 --> 00:56:53,760

this is your lane and i'm sure they

1517

00:56:57,589 --> 00:56:55,680

probably thought hey we've got enough to

1518

00:56:59,589 --> 00:56:57,599

chew on with this bigfoot thing but i

1519

00:57:03,750 --> 00:56:59,599

want people to know

1520

00:57:05,430 --> 00:57:03,760

did this so perfectly you just laid the

1521

00:57:08,549 --> 00:57:05,440

groundwork for how

1522

00:57:10,710 --> 00:57:08,559

all this stuff is connected and you know

1523

00:57:14,390 --> 00:57:10,720

we've been interested in in

1524

00:57:16,230 --> 00:57:14,400

in stuff like you know uh

1525

00:57:18,150 --> 00:57:16,240

i'll start here you know we talked a

1526

00:57:20,230 --> 00:57:18,160

little bit about skinwalker ranch on

1527

00:57:22,870 --> 00:57:20,240

your segment and and why that's

1528

00:57:24,630 --> 00:57:22,880

important and uh and what that has to do

1529

00:57:27,030 --> 00:57:24,640

with bigfoot right what does that have

1530

00:57:28,710 --> 00:57:27,040

to do with bigfoot and the truth is the

1531

00:57:31,030 --> 00:57:28,720

truth is is once we

1532

00:57:33,910 --> 00:57:31,040

read books like skinwalkers at the

1533

00:57:36,150 --> 00:57:33,920

pentagon by george knapp and we read

1534

00:57:38,470 --> 00:57:36,160

into where that 22 million dollars of

1535

00:57:40,630 --> 00:57:38,480

the defense budget that was allocated

1536

00:57:42,710 --> 00:57:40,640

for a tip uh

1537

00:57:44,549 --> 00:57:42,720

you know this ufo program where'd all

1538

00:57:45,829 --> 00:57:44,559

that money go well we now know it went

1539

00:57:47,430 --> 00:57:45,839

to a place

1540

00:57:49,990 --> 00:57:47,440

called skinwalker ranch where they were

1541

00:57:54,069 --> 00:57:50,000

looking into all sorts of phenomenons

1542

00:57:56,789 --> 00:57:54,079

like ufos uaps upright walking creatures

1543

00:57:59,270 --> 00:57:56,799

big hairy monsters as john keel used to

1544

00:58:01,510 --> 00:57:59,280

call them so we know that millions of

1545

00:58:03,670 --> 00:58:01,520

dollars were spent at this ranch and

1546

00:58:05,349 --> 00:58:03,680

they were collecting data on all kinds

1547

00:58:05,349 --> 00:58:07,030

of strange

1548

00:58:09,750 --> 00:58:08,390

of my french so

1549

00:58:10,870 --> 00:58:09,760

you know

1550

00:58:11,829 --> 00:58:10,880

when you're

1551

00:58:13,030 --> 00:58:11,839

so

1552

00:58:14,870 --> 00:58:13,040

you know when you're trying to make

1553

00:58:17,670 --> 00:58:14,880

these connections it

1554

00:58:20,069 --> 00:58:17,680

it's it's not hard to do because i mean

1555

00:58:22,789 --> 00:58:20,079

it is hard to do because each field is

1556

00:58:24,870 --> 00:58:22,799

so you know gussied up with controversy

1557

00:58:27,670 --> 00:58:24,880

but but it's easy to point to those

1558

00:58:29,589 --> 00:58:27,680

markers at like places like skinwalkers

1559

00:58:31,750 --> 00:58:29,599

and say you know the government is

1560

00:58:34,630 --> 00:58:31,760

interested in places like this and

1561

00:58:37,430 --> 00:58:34,640

phenomenon like this

1562

00:58:40,470 --> 00:58:37,440

right and you know i this this dates

1563

00:58:42,390 --> 00:58:40,480

back a long time i mean you can look at

1564

00:58:44,150 --> 00:58:42,400

something like um

1565

00:58:47,030 --> 00:58:44,160

one of the cases i brought up with you

1566

00:58:48,630 --> 00:58:47,040

guys out of california not too far from

1567

00:58:51,030 --> 00:58:48,640

where you were actually investigating

1568

00:58:53,430 --> 00:58:51,040

bigfoot um there was a case in humboldt

1569

00:58:54,870 --> 00:58:53,440

county in 1888

1570

00:58:57,030 --> 00:58:54,880

where this

1571

00:58:59,829 --> 00:58:57,040

cattle rancher was approached by native

1572

00:59:01,910 --> 00:58:59,839

americans and they said come with us we

1573

00:59:04,150 --> 00:59:01,920

have to show you something come with us

1574

00:59:06,390 --> 00:59:04,160

white man we have to show you something

1575

00:59:09,349 --> 00:59:06,400

and they bring him to this cave

1576
00:59:11,990 --> 00:59:09,359
and there they have this creature that's

1577
00:59:13,910 --> 00:59:12,000
just in the cave sort of scared doesn't

1578
00:59:15,910 --> 00:59:13,920
know what it's doing and they're like do

1579
00:59:18,870 --> 00:59:15,920
you know what this is because we don't

1580
00:59:21,030 --> 00:59:18,880
um but we saw it come from a moon that

1581
00:59:23,109 --> 00:59:21,040
descended to the ground three of these

1582
00:59:24,870 --> 00:59:23,119
creatures came out and they started

1583
00:59:27,109 --> 00:59:24,880
scampering all over one of them came

1584
00:59:29,430 --> 00:59:27,119
into the cave and it won't leave now and

1585
00:59:32,630 --> 00:59:29,440
they look at this thing it's got black

1586
00:59:34,630 --> 00:59:32,640
hair yellow eyes and it's just it it

1587
00:59:35,510 --> 00:59:34,640
seems terrified it doesn't know what to

1588
00:59:37,990 --> 00:59:35,520

do

1589

00:59:40,390 --> 00:59:38,000

and um this is one of the earliest cases

1590

00:59:43,750 --> 00:59:40,400

i was able to find where we had a moon

1591

00:59:46,069 --> 00:59:43,760

or let's say a ufo descend from the sky

1592

00:59:47,430 --> 00:59:46,079

bring out these creatures and then

1593

00:59:49,829 --> 00:59:47,440

presumably

1594

00:59:52,230 --> 00:59:49,839

pick them back up i don't know but yeah

1595

00:59:54,630 --> 00:59:52,240

what did you think when um when we when

1596

00:59:56,789 --> 00:59:54,640

we saw that this doesn't just you know

1597

00:59:59,190 --> 00:59:56,799

this isn't a modern ufo era thing this

1598

01:00:01,030 --> 00:59:59,200

these things are happening for a while

1599

01:00:03,349 --> 01:00:01,040

you know i'm not too surprised to find

1600

01:00:06,549 --> 01:00:03,359

out there's some old uh you know

1601
01:00:08,390 --> 01:00:06,559
indigenous legends of of of tall hairy

1602
01:00:10,710 --> 01:00:08,400
creatures and strange lights in the sky

1603
01:00:12,549 --> 01:00:10,720
it's hard and your ufo audience must

1604
01:00:14,789 --> 01:00:12,559
know when somebody's describing a small

1605
01:00:16,789 --> 01:00:14,799
descending moon we're talking about a

1606
01:00:19,829 --> 01:00:16,799
ufo here right i mean what are we

1607
01:00:21,910 --> 01:00:19,839
talking about here so so yeah i i love

1608
01:00:23,190 --> 01:00:21,920
that connection and and that's a great

1609
01:00:25,270 --> 01:00:23,200
story and

1610
01:00:27,589 --> 01:00:25,280
and uh yeah i'm not sure what the

1611
01:00:29,270 --> 01:00:27,599
connection is there there does seem to

1612
01:00:32,309 --> 01:00:29,280
be one i i'm not sure what the

1613
01:00:34,710 --> 01:00:32,319

relationship with the ufo uap phenomenon

1614

01:00:36,630 --> 01:00:34,720

and bigfoot is maybe

1615

01:00:39,190 --> 01:00:36,640

maybe if there are intelligent pilots of

1616

01:00:41,510 --> 01:00:39,200

these craft they are aware of all the

1617

01:00:43,430 --> 01:00:41,520

different flora and fauna that exist on

1618

01:00:45,109 --> 01:00:43,440

this planet that might include a

1619

01:00:47,510 --> 01:00:45,119

creature like bigfoot and they're

1620

01:00:48,870 --> 01:00:47,520

interested in checking up on him as well

1621

01:00:50,470 --> 01:00:48,880

i know they're interested in checking up

1622

01:00:51,750 --> 01:00:50,480

on us

1623

01:00:53,829 --> 01:00:51,760

right right

1624

01:00:55,270 --> 01:00:53,839

um well this is these are some people

1625

01:00:56,549 --> 01:00:55,280

who they might have checked up on i

1626

01:00:58,470 --> 01:00:56,559

don't know if i brought this up on the

1627

01:01:00,950 --> 01:00:58,480

show bryce are you familiar with the

1628

01:01:02,710 --> 01:01:00,960

diat love pass incident

1629

01:01:05,270 --> 01:01:02,720

come on man it's bryce johnson you're

1630

01:01:08,390 --> 01:01:05,280

talking to i'm almost uh okay yeah of

1631

01:01:10,150 --> 01:01:08,400

course man i actually i i did a uh i did

1632

01:01:11,990 --> 01:01:10,160

a show that might be coming out soon

1633

01:01:14,150 --> 01:01:12,000

where i'll i'll i'll serve as a talking

1634

01:01:17,430 --> 01:01:14,160

head expert on the diat love pass case

1635

01:01:19,430 --> 01:01:17,440

so i'm like very familiar perfect

1636

01:01:21,510 --> 01:01:19,440

with with the incredible story of these

1637

01:01:23,430 --> 01:01:21,520

nine hikers and and and how they all

1638

01:01:25,349 --> 01:01:23,440

lost their lives and

1639

01:01:27,589 --> 01:01:25,359

that picture right there

1640

01:01:29,589 --> 01:01:27,599

that to me looks like what might be

1641

01:01:31,270 --> 01:01:29,599

considered a russian mink

1642

01:01:33,670 --> 01:01:31,280

or a bigfoot

1643

01:01:36,630 --> 01:01:33,680

russian style so you know i did an

1644

01:01:38,630 --> 01:01:36,640

episode yeah exactly i did an episode a

1645

01:01:40,069 --> 01:01:38,640

while back on diat love and we did go

1646

01:01:42,230 --> 01:01:40,079

over the many theories about what could

1647

01:01:44,789 --> 01:01:42,240

have happened to these to these hikers

1648

01:01:48,549 --> 01:01:44,799

you know everything from obviously

1649

01:01:50,630 --> 01:01:48,559

possible missile tests being done or a

1650

01:01:52,390 --> 01:01:50,640

very unruly um

1651
01:01:56,230 --> 01:01:52,400
native tribe that didn't want these

1652
01:01:58,870 --> 01:01:56,240
people there up to ufos and and possible

1653
01:02:01,510 --> 01:01:58,880
cryptid creatures you know

1654
01:02:03,670 --> 01:02:01,520
i'll say this about the diet love pass

1655
01:02:05,670 --> 01:02:03,680
if if you if you start to research the

1656
01:02:09,109 --> 01:02:05,680
case and go over all the injuries

1657
01:02:11,430 --> 01:02:09,119
sustained uh pre and post death and you

1658
01:02:13,750 --> 01:02:11,440
look at everybody's possible scenarios

1659
01:02:16,230 --> 01:02:13,760
there's really only one candidate in my

1660
01:02:19,109 --> 01:02:16,240
humble opinion that fits the bill that

1661
01:02:22,069 --> 01:02:19,119
could accomplish all these

1662
01:02:23,910 --> 01:02:22,079
you know terrible injuries and that's a

1663
01:02:26,470 --> 01:02:23,920

bigfoot i don't i don't believe in the

1664

01:02:28,549 --> 01:02:26,480

mini avalanche theory i don't believe in

1665

01:02:31,430 --> 01:02:28,559

radiation coming off of a missile test i

1666

01:02:32,870 --> 01:02:31,440

don't believe in in russian military

1667

01:02:34,710 --> 01:02:32,880

getting involved because if somebody's

1668

01:02:36,150 --> 01:02:34,720

gonna point a gun at you you're gonna

1669

01:02:38,309 --> 01:02:36,160

fight for your life right you're not

1670

01:02:40,230 --> 01:02:38,319

gonna let them crush your ribs take out

1671

01:02:43,190 --> 01:02:40,240

your eyes eat your tongue you're gonna

1672

01:02:45,750 --> 01:02:43,200

fight back no bullet shots were fired uh

1673

01:02:48,549 --> 01:02:45,760

these nine hikers were huddled inside

1674

01:02:51,349 --> 01:02:48,559

their tent experts found that a knife

1675

01:02:53,670 --> 01:02:51,359

was cut from inside the tent inside that

1676

01:02:55,029 --> 01:02:53,680

to me that looks like trying to peer out

1677

01:02:57,109 --> 01:02:55,039

from the safety of your tent and then

1678

01:02:59,510 --> 01:02:57,119

everybody just scattered to their own

1679

01:03:03,109 --> 01:02:59,520

death and would die of uh

1680

01:03:04,710 --> 01:03:03,119

uh brutal brutal injuries and uh you

1681

01:03:07,109 --> 01:03:04,720

know i think the coroner described it it

1682

01:03:09,190 --> 01:03:07,119

was almost as if these injuries were

1683

01:03:10,710 --> 01:03:09,200

sustained by like somebody hugging

1684

01:03:12,390 --> 01:03:10,720

someone to death

1685

01:03:14,630 --> 01:03:12,400

you know so uh

1686

01:03:17,109 --> 01:03:14,640

i don't know man it's a strange case but

1687

01:03:20,309 --> 01:03:17,119

i i i do believe people

1688

01:03:21,510 --> 01:03:20,319

dismiss the uh the russian bigfoot a

1689

01:03:23,109 --> 01:03:21,520

little a little early a little

1690

01:03:24,710 --> 01:03:23,119

preemptive i still think it's a good

1691

01:03:26,870 --> 01:03:24,720

candidate for

1692

01:03:27,990 --> 01:03:26,880

what might have happened to those nine

1693

01:03:30,390 --> 01:03:28,000

hikers

1694

01:03:33,029 --> 01:03:30,400

i have to agree and we have to say these

1695

01:03:35,430 --> 01:03:33,039

photos were found on the cameras of some

1696

01:03:38,950 --> 01:03:35,440

of the individuals you've got what could

1697

01:03:40,549 --> 01:03:38,960

be considered a ufo possibly uh or this

1698

01:03:43,029 --> 01:03:40,559

could be an artifact within the camera

1699

01:03:45,510 --> 01:03:43,039

we just don't know there are many very

1700

01:03:47,589 --> 01:03:45,520

mysterious photos that were found and

1701

01:03:49,670 --> 01:03:47,599

this supposed creature that we're

1702

01:03:52,309 --> 01:03:49,680

looking at was one of those as well

1703

01:03:53,589 --> 01:03:52,319

could it be a hiker dressed up maybe

1704

01:03:55,430 --> 01:03:53,599

could it just be

1705

01:03:56,870 --> 01:03:55,440

you know it could be anything but the

1706

01:03:59,589 --> 01:03:56,880

fact of the matter is anything these

1707

01:04:02,069 --> 01:03:59,599

nine people were brutally brutally

1708

01:04:03,750 --> 01:04:02,079

killed and you truly do have to wonder

1709

01:04:06,470 --> 01:04:03,760

what happened there um so i always

1710

01:04:08,630 --> 01:04:06,480

started that one as well yeah yeah me

1711

01:04:10,309 --> 01:04:08,640

too i mean in one of the ladies journals

1712

01:04:12,630 --> 01:04:10,319

she said i believe her name was lude

1713

01:04:14,870 --> 01:04:12,640

mill as she wrote down the snowman

1714

01:04:16,630 --> 01:04:14,880

exists that's what they call the russian

1715

01:04:18,069 --> 01:04:16,640

bigfoot the snowman

1716

01:04:19,910 --> 01:04:18,079

why would she write that

1717

01:04:23,109 --> 01:04:19,920

that gives me chills i was just thinking

1718

01:04:25,510 --> 01:04:23,119

about it um someone in the chat here

1719

01:04:28,230 --> 01:04:25,520

actually brought this up um godly moose

1720

01:04:30,630 --> 01:04:28,240

says the 73 wave is infamous of ufos and

1721

01:04:33,349 --> 01:04:30,640

bigfoot um so this is another big case

1722

01:04:36,549 --> 01:04:33,359

that i looked into um in fayette county

1723

01:04:38,630 --> 01:04:36,559

pennsylvania where uh

1724

01:04:40,630 --> 01:04:38,640

yeah this is the um

1725

01:04:43,029 --> 01:04:40,640

uh

1726
01:04:45,670 --> 01:04:43,039
yes yes yep stan gordon the famous ufo

1727
01:04:46,549 --> 01:04:45,680
investigator investigated this where um

1728
01:04:48,230 --> 01:04:46,559
george

1729
01:04:49,349 --> 01:04:48,240
cowlissick i want to get his name

1730
01:04:50,150 --> 01:04:49,359
kowalski

1731
01:04:53,029 --> 01:04:50,160
um

1732
01:04:54,390 --> 01:04:53,039
this dude witnesses this red ball come

1733
01:04:57,750 --> 01:04:54,400
out of the sky

1734
01:04:59,670 --> 01:04:57,760
and basically crash land in a field

1735
01:05:02,069 --> 01:04:59,680
and so he pulls over

1736
01:05:03,589 --> 01:05:02,079
george to go look at what this was and

1737
01:05:04,710 --> 01:05:03,599
when he gets out of his car you know

1738
01:05:06,710 --> 01:05:04,720

he's

1739

01:05:09,670 --> 01:05:06,720

gun in hand ready to see what the heck's

1740

01:05:12,789 --> 01:05:09,680

going on and what does he see but these

1741

01:05:16,150 --> 01:05:12,799

hairy hominid creatures come out of the

1742

01:05:18,710 --> 01:05:16,160

light of this ball that landed it there

1743

01:05:21,510 --> 01:05:18,720

deep red eyes as you can see there and

1744

01:05:24,150 --> 01:05:21,520

they start walking towards him and he's

1745

01:05:26,230 --> 01:05:24,160

just not having it he's terrified so he

1746

01:05:29,029 --> 01:05:26,240

he fires at these things dude and the

1747

01:05:31,349 --> 01:05:29,039

bullets supposedly just start you know

1748

01:05:33,270 --> 01:05:31,359

ricocheting off of them it's not

1749

01:05:35,829 --> 01:05:33,280

not affecting them however it does seem

1750

01:05:38,950 --> 01:05:35,839

to scare them and they just turn around

1751

01:05:41,750 --> 01:05:38,960

very slowly and walk back to their craft

1752

01:05:43,829 --> 01:05:41,760

and um again like what the hell is going

1753

01:05:46,230 --> 01:05:43,839

on here so he reports this to the local

1754

01:05:48,470 --> 01:05:46,240

law enforcement and the next day they go

1755

01:05:50,309 --> 01:05:48,480

out there to investigate the area and

1756

01:05:53,270 --> 01:05:50,319

what do they find they find all these

1757

01:05:56,150 --> 01:05:53,280

burnt char marks on the fence posts they

1758

01:05:58,789 --> 01:05:56,160

see this huge indentation in the ground

1759

01:05:59,829 --> 01:05:58,799

where it looks like something landed um

1760

01:06:02,470 --> 01:05:59,839

there were

1761

01:06:04,390 --> 01:06:02,480

there was like a sulfuric smell all

1762

01:06:05,990 --> 01:06:04,400

around the area as well that george said

1763

01:06:07,829 --> 01:06:06,000

he could smell when these creatures came

1764

01:06:10,870 --> 01:06:07,839

out and i know you guys have experienced

1765

01:06:13,029 --> 01:06:10,880

these phantom smells as well of um these

1766

01:06:15,670 --> 01:06:13,039

creatures don't seem to uh shower that

1767

01:06:18,069 --> 01:06:15,680

often and uh something something's going

1768

01:06:20,309 --> 01:06:18,079

on there but this is another striking

1769

01:06:21,670 --> 01:06:20,319

case of ufos in bigfoot what do you make

1770

01:06:23,990 --> 01:06:21,680

of this one

1771

01:06:25,829 --> 01:06:24,000

i would say if those pictures are cool

1772

01:06:27,910 --> 01:06:25,839

anybody who saw that and tried to

1773

01:06:30,549 --> 01:06:27,920

describe it and report it a sheriff

1774

01:06:32,710 --> 01:06:30,559

taking the report say you mean bigfoot

1775

01:06:34,309 --> 01:06:32,720

so yeah i mean yeah that looks like a

1776

01:06:36,789 --> 01:06:34,319

bigfoot to me right maybe not your

1777

01:06:39,349 --> 01:06:36,799

typical bigfoot but what's interesting

1778

01:06:41,510 --> 01:06:39,359

is yeah i'm i i love this case comes out

1779

01:06:44,309 --> 01:06:41,520

of an orange fiery ball strange doesn't

1780

01:06:45,910 --> 01:06:44,319

know where it is acting crazy laser eyes

1781

01:06:48,069 --> 01:06:45,920

who doesn't love a bigfoot with laser

1782

01:06:51,270 --> 01:06:48,079

eyes and uh

1783

01:06:53,910 --> 01:06:51,280

yeah it's strange right you know

1784

01:06:55,910 --> 01:06:53,920

one of my favorite uh sort of i guess

1785

01:06:58,950 --> 01:06:55,920

authors is a guy named john keel he was

1786

01:07:00,710 --> 01:06:58,960

a fortian investigator and uh he wrote

1787

01:07:03,670 --> 01:07:00,720

the mothman prophecies he's sort of

1788

01:07:07,029 --> 01:07:03,680

famous for for that but uh he called all

1789

01:07:10,230 --> 01:07:07,039

these things bhms otherwise known as big

1790

01:07:12,390 --> 01:07:10,240

hairy monsters and uh and he didn't want

1791

01:07:14,150 --> 01:07:12,400

to like you know get specific because

1792

01:07:16,470 --> 01:07:14,160

like this creature that you just pointed

1793

01:07:18,789 --> 01:07:16,480

out to us there were so many different

1794

01:07:20,789 --> 01:07:18,799

colors and variations and sizes and

1795

01:07:23,829 --> 01:07:20,799

looks that he just started labeling them

1796

01:07:25,029 --> 01:07:23,839

all big hairy monsters and you know

1797

01:07:26,789 --> 01:07:25,039

maybe it's

1798

01:07:29,190 --> 01:07:26,799

the same type of phenomenon that people

1799

01:07:31,430 --> 01:07:29,200

are experiencing out in the in the woods

1800

01:07:33,750 --> 01:07:31,440

you know i don't know yeah

1801

01:07:35,750 --> 01:07:33,760

i don't know same um i do want to thank

1802

01:07:39,029 --> 01:07:35,760

mark here for super sticker thanks man

1803

01:07:41,029 --> 01:07:39,039

mark's a big supporter of thanks so much

1804

01:07:43,029 --> 01:07:41,039

we always appreciate that yeah guys if

1805

01:07:44,470 --> 01:07:43,039

you want um throw some questions in the

1806

01:07:46,230 --> 01:07:44,480

super chat if you want to help out the

1807

01:07:47,510 --> 01:07:46,240

show support somewhere in the skies

1808

01:07:50,309 --> 01:07:47,520

we'll have bryce

1809

01:07:52,230 --> 01:07:50,319

hopefully have some answers for you um

1810

01:07:54,230 --> 01:07:52,240

he is a busy guy so we probably won't be

1811

01:07:56,710 --> 01:07:54,240

going for too much longer but bryce i've

1812

01:07:58,470 --> 01:07:56,720

got one more case that i wanted to bring

1813

01:07:59,990 --> 01:07:58,480

up with you if that's cool and this

1814

01:08:00,789 --> 01:08:00,000

actually comes

1815

01:08:04,069 --> 01:08:00,799

from

1816

01:08:05,510 --> 01:08:04,079

uh the actual project blue book files

1817

01:08:07,589 --> 01:08:05,520

and this is one i brought to the show

1818

01:08:10,549 --> 01:08:07,599

because i was like here you go here is

1819

01:08:12,789 --> 01:08:10,559

when the government or the u.s air force

1820

01:08:15,270 --> 01:08:12,799

actually had files on a big foot case

1821

01:08:17,229 --> 01:08:15,280

that involved ufos and this one actually

1822

01:08:21,430 --> 01:08:17,239

happened this was case number

1823

01:08:24,229 --> 01:08:21,440

10798 of the project book files um and

1824

01:08:26,709 --> 01:08:24,239

this happened in july of 1966 in presque

1825

01:08:28,630 --> 01:08:26,719

isle state park in pennsylvania again

1826

01:08:30,149 --> 01:08:28,640

there's something with pennsylvania man

1827

01:08:31,590 --> 01:08:30,159

yeah where all these things are

1828

01:08:34,390 --> 01:08:31,600

happening um

1829

01:08:36,229 --> 01:08:34,400

these these four tourists from new york

1830

01:08:38,149 --> 01:08:36,239

were on vacation and they went to the

1831

01:08:39,349 --> 01:08:38,159

beach and their car actually got stuck

1832

01:08:41,669 --> 01:08:39,359

in the sand

1833

01:08:43,349 --> 01:08:41,679

so it was two women two guys the guys go

1834

01:08:47,030 --> 01:08:43,359

to look for help someone to help them

1835

01:08:49,590 --> 01:08:47,040

get the car out and meanwhile they see

1836

01:08:52,390 --> 01:08:49,600

some weird thing in the sky

1837

01:08:53,990 --> 01:08:52,400

like just zip past the water they

1838

01:08:55,669 --> 01:08:54,000

thought maybe it was a plane coming in

1839

01:08:57,430 --> 01:08:55,679

for like an emergency landing but

1840

01:09:00,149 --> 01:08:57,440

whatever these lights were they went

1841

01:09:01,829 --> 01:09:00,159

into the woods disappeared so the guys

1842

01:09:03,990 --> 01:09:01,839

are like oh crap all right now we have a

1843

01:09:06,309 --> 01:09:04,000

bigger problem we have to go see if this

1844

01:09:07,430 --> 01:09:06,319

is like a crash plane or something so

1845

01:09:09,430 --> 01:09:07,440

they go

1846

01:09:11,669 --> 01:09:09,440

and look in the woods and they can't

1847

01:09:13,749 --> 01:09:11,679

find anything um there's nothing there

1848

01:09:15,189 --> 01:09:13,759

that would say that um you know

1849

01:09:17,110 --> 01:09:15,199

something had crashed

1850

01:09:18,550 --> 01:09:17,120

while this is happening the women are

1851
01:09:21,510 --> 01:09:18,560
still in the car

1852
01:09:24,550 --> 01:09:21,520
and what they claim is that some sort of

1853
01:09:27,110 --> 01:09:24,560
hairy creature at least seven feet tall

1854
01:09:28,070 --> 01:09:27,120
started running towards them on the

1855
01:09:30,470 --> 01:09:28,080
beach

1856
01:09:31,829 --> 01:09:30,480
jumped on the top of their car

1857
01:09:32,789 --> 01:09:31,839
shook the car

1858
01:09:35,030 --> 01:09:32,799
and then

1859
01:09:38,870 --> 01:09:35,040
got off and ran into the woods where

1860
01:09:40,550 --> 01:09:38,880
that ufo supposedly went and then

1861
01:09:42,870 --> 01:09:40,560
they the guys come back and they're like

1862
01:09:44,229 --> 01:09:42,880
we didn't find anything um we're gonna

1863
01:09:46,709 --> 01:09:44,239

go try to find the police and they're

1864

01:09:49,669 --> 01:09:46,719

like we've got bigger problems like uh

1865

01:09:51,910 --> 01:09:49,679

bigfoot or something just attacked us

1866

01:09:54,550 --> 01:09:51,920

sorry all right all right so they go to

1867

01:09:55,830 --> 01:09:54,560

local law enforcement and um they come

1868

01:10:09,350 --> 01:09:55,840

in

1869

01:10:13,350 --> 01:10:09,360

so

1870

01:10:15,750 --> 01:10:13,360

they do they phone air the air force

1871

01:10:17,510 --> 01:10:15,760

they phone project blue book and several

1872

01:10:19,990 --> 01:10:17,520

air force investigators one of which you

1873

01:10:21,750 --> 01:10:20,000

see in this photo here actually showed

1874

01:10:24,390 --> 01:10:21,760

up and took a report he's looking at the

1875

01:10:26,709 --> 01:10:24,400

indentations right there in the beach

1876

01:10:28,390 --> 01:10:26,719

and uh this is the official file and i

1877

01:10:29,510 --> 01:10:28,400

know it's a little small i don't know if

1878

01:10:33,510 --> 01:10:29,520

i can make it

1879

01:10:36,310 --> 01:10:33,520

any bigger but you can see on the um the

1880

01:10:39,910 --> 01:10:36,320

right hand side there the conclusions

1881

01:10:42,830 --> 01:10:39,920

lights unidentified um indentations not

1882

01:10:46,229 --> 01:10:42,840

related to above sighting okay

1883

01:10:49,030 --> 01:10:46,239

maybe monster the last one monster

1884

01:10:50,870 --> 01:10:49,040

probable animal not related so we don't

1885

01:10:53,030 --> 01:10:50,880

know i just think it's hilarious in a

1886

01:10:54,550 --> 01:10:53,040

project file it says yeah they give the

1887

01:10:56,790 --> 01:10:54,560

ufo it's justice they're like

1888

01:10:59,350 --> 01:10:56,800

unidentified and then even the second

1889

01:11:00,790 --> 01:10:59,360

one they're like uh unidentified then

1890

01:11:03,350 --> 01:11:00,800

they're like third one for bigfoot

1891

01:11:05,350 --> 01:11:03,360

probably animal probably animal

1892

01:11:06,630 --> 01:11:05,360

everything else no ufos

1893

01:11:09,189 --> 01:11:06,640

but that was probably an animal like

1894

01:11:11,189 --> 01:11:09,199

come on man

1895

01:11:13,110 --> 01:11:11,199

that's great

1896

01:11:14,630 --> 01:11:13,120

i love that one yeah

1897

01:11:16,950 --> 01:11:14,640

it's great it's great and i know there's

1898

01:11:18,630 --> 01:11:16,960

other cases as well um but those were

1899

01:11:21,990 --> 01:11:18,640

the ones that were i was able to dig up

1900

01:11:23,990 --> 01:11:22,000

for expedition bigfoot so um i highly

1901

01:11:27,270 --> 01:11:24,000

suggest people watch the special you

1902

01:11:29,110 --> 01:11:27,280

guys did called new discoveries um where

1903

01:11:31,990 --> 01:11:29,120

we get the results from the tests that

1904

01:11:34,870 --> 01:11:32,000

you guys did as well and um a lot of

1905

01:11:37,110 --> 01:11:34,880

stuff including one i didn't mention so

1906

01:11:39,430 --> 01:11:37,120

before we go bryce and maybe if there's

1907

01:11:41,270 --> 01:11:39,440

any listener questions uh tell me about

1908

01:11:43,510 --> 01:11:41,280

this remote viewing thing

1909

01:11:45,669 --> 01:11:43,520

oh yes please and we didn't even touch

1910

01:11:47,510 --> 01:11:45,679

on that i totally forgot you guys had a

1911

01:11:48,630 --> 01:11:47,520

remote viewer come in how did this come

1912

01:11:50,310 --> 01:11:48,640

about

1913

01:11:53,669 --> 01:11:50,320

well i'm always trying to think of a

1914

01:11:55,910 --> 01:11:53,679

sort of you know um outside of the box

1915

01:11:58,470 --> 01:11:55,920

ways to hunt bigfoot right and what

1916

01:12:00,950 --> 01:11:58,480

better way than get a remote viewer to

1917

01:12:02,950 --> 01:12:00,960

tell us right where bigfoot's hiding for

1918

01:12:06,229 --> 01:12:02,960

those uh in your show who aren't

1919

01:12:08,630 --> 01:12:06,239

familiar with remote viewing it was uh

1920

01:12:12,310 --> 01:12:08,640

it's this idea that given just a small

1921

01:12:15,830 --> 01:12:12,320

amount of information an individual can

1922

01:12:19,669 --> 01:12:15,840

uh get a picture of in their mind this

1923

01:12:22,470 --> 01:12:19,679

place or a place or an object and they

1924

01:12:24,709 --> 01:12:22,480

can do it and they can draw it out and

1925

01:12:26,790 --> 01:12:24,719

give you that information and the

1926

01:12:29,030 --> 01:12:26,800

government was very interested and still

1927

01:12:31,350 --> 01:12:29,040

are in this in this subject of remote

1928

01:12:34,870 --> 01:12:31,360

viewing and they studied it extensively

1929

01:12:36,470 --> 01:12:34,880

at labs like sri in the 70s there's some

1930

01:12:37,830 --> 01:12:36,480

great research materials on remote

1931

01:12:39,350 --> 01:12:37,840

viewing you should check it out but

1932

01:12:41,189 --> 01:12:39,360

anyway

1933

01:12:43,189 --> 01:12:41,199

so this guy named chris duncan he tells

1934

01:12:45,990 --> 01:12:43,199

us you know he does a reading for ronnie

1935

01:12:48,390 --> 01:12:46,000

and and he gets a lot of things like you

1936

01:12:50,310 --> 01:12:48,400

know this fence he saw a fence and and

1937

01:12:52,630 --> 01:12:50,320

next close to these nests that we found

1938

01:12:54,790 --> 01:12:52,640

was this fence and so you know he's just

1939

01:12:57,030 --> 01:12:54,800

starting to get hit after hit after hit

1940

01:12:58,310 --> 01:12:57,040

so much so they were like holy cow this

1941

01:13:01,430 --> 01:12:58,320

guy is like

1942

01:13:03,350 --> 01:13:01,440

just insane good right like he's hitting

1943

01:13:05,830 --> 01:13:03,360

on everything we had him on the post

1944

01:13:08,070 --> 01:13:05,840

show you saw him but what you didn't see

1945

01:13:10,070 --> 01:13:08,080

was i think maria and rightfully so was

1946

01:13:11,510 --> 01:13:10,080

still a little skeptical about this idea

1947

01:13:13,910 --> 01:13:11,520

of remote viewing and she's like can you

1948

01:13:15,270 --> 01:13:13,920

do one for me now and chris duncan was

1949

01:13:16,870 --> 01:13:15,280

like

1950

01:13:19,110 --> 01:13:16,880

yeah sure sure

1951

01:13:20,709 --> 01:13:19,120

you know i don't have uh my tools they

1952

01:13:23,189 --> 01:13:20,719

really only need a pencil and a piece of

1953

01:13:25,030 --> 01:13:23,199

paper but um

1954

01:13:26,630 --> 01:13:25,040

so he's like yeah and so he did this

1955

01:13:28,709 --> 01:13:26,640

spontaneous

1956

01:13:30,070 --> 01:13:28,719

remote viewing thing for maria he had

1957

01:13:33,350 --> 01:13:30,080

maria sort of

1958

01:13:35,189 --> 01:13:33,360

pick a place in her mind and uh and then

1959

01:13:37,110 --> 01:13:35,199

give him a little bit of information

1960

01:13:39,669 --> 01:13:37,120

about it just like i i forgot how it

1961

01:13:41,910 --> 01:13:39,679

went down um maybe it was like tell me

1962

01:13:43,430 --> 01:13:41,920

one thing about it anyway he start he he

1963

01:13:45,030 --> 01:13:43,440

finally gets it

1964

01:13:47,270 --> 01:13:45,040

and he starts to go into detail okay

1965

01:13:47,990 --> 01:13:47,280

i've got it i'm in a i'm in a tunnel i

1966

01:13:50,550 --> 01:13:48,000

see

1967

01:13:52,950 --> 01:13:50,560

water like a like a waterfall and

1968

01:13:54,870 --> 01:13:52,960

reya's face just goes

1969

01:13:56,630 --> 01:13:54,880

she goes i'm thinking of this place i

1970

01:13:58,550 --> 01:13:56,640

used to go to when i was a kid where i

1971

01:14:01,430 --> 01:13:58,560

had a tunnel and a waterfall behind the

1972

01:14:02,550 --> 01:14:01,440

tunnel she was blown away pardon

1973

01:14:04,790 --> 01:14:02,560

my friend

1974

01:14:05,830 --> 01:14:04,800

there's something to that remote viewing

1975

01:14:06,870 --> 01:14:05,840

um

1976

01:14:08,229 --> 01:14:06,880

so

1977

01:14:09,430 --> 01:14:08,239

uh but i thought that was really

1978

01:14:10,950 --> 01:14:09,440

interesting i wish that would have made

1979

01:14:12,630 --> 01:14:10,960

the cut because that would have even

1980

01:14:15,430 --> 01:14:12,640

turned the most hardened skeptic into

1981

01:14:17,669 --> 01:14:15,440

like oh my god so

1982

01:14:20,229 --> 01:14:17,679

well do me a favor

1983

01:14:23,270 --> 01:14:20,239

go post edit take me out and please put

1984

01:14:24,790 --> 01:14:23,280

that in because i know oh my god

1985

01:14:26,950 --> 01:14:24,800

ryan you were so great and you were

1986

01:14:29,189 --> 01:14:26,960

saying and you know what it was such an

1987

01:14:31,189 --> 01:14:29,199

integral part of this conversation is

1988

01:14:34,310 --> 01:14:31,199

because now we can sort of marry the two

1989

01:14:37,669 --> 01:14:34,320

together and and have a a civilized

1990

01:14:39,830 --> 01:14:37,679

discussion about ufos and this

1991

01:14:41,510 --> 01:14:39,840

wild hairy man of the woods and what's

1992

01:14:43,910 --> 01:14:41,520

their connection to each other

1993

01:14:46,550 --> 01:14:43,920

yeah yeah well i appreciate that man and

1994

01:14:49,590 --> 01:14:46,560

i have to tell you um your audience for

1995

01:14:52,870 --> 01:14:49,600

your show is are so nice i can't tell

1996

01:14:55,030 --> 01:14:52,880

you after that aired i had hundreds of

1997

01:14:57,750 --> 01:14:55,040

people reach out to me whether on

1998

01:14:59,669 --> 01:14:57,760

twitter or that's great email facebook

1999

01:15:01,270 --> 01:14:59,679

um saying hey we saw you on expedition

2000

01:15:04,390 --> 01:15:01,280

bigfoot like we want to learn more about

2001

01:15:05,910 --> 01:15:04,400

these possible connections and it was it

2002

01:15:08,470 --> 01:15:05,920

it meant the world to me man because

2003

01:15:09,830 --> 01:15:08,480

again like as a ufo person coming into

2004

01:15:11,910 --> 01:15:09,840

the bigfoot world i'm a little

2005

01:15:13,669 --> 01:15:11,920

intimidated i don't want to muddy the

2006

01:15:17,030 --> 01:15:13,679

waters as they say and make things

2007

01:15:18,950 --> 01:15:17,040

harder um but you can't deny when you

2008

01:15:21,830 --> 01:15:18,960

have a project blue book file say

2009

01:15:24,790 --> 01:15:21,840

monster in that these things were cited

2010

01:15:26,390 --> 01:15:24,800

um you can't just brush that off it's

2011

01:15:28,630 --> 01:15:26,400

part of the data it's part of the

2012

01:15:31,350 --> 01:15:28,640

scientific method to look at everything

2013

01:15:33,510 --> 01:15:31,360

before you get rid of anything so um i

2014

01:15:35,990 --> 01:15:33,520

have to say thank you to your audience

2015

01:15:37,830 --> 01:15:36,000

for being so accepting of these theories

2016

01:15:39,590 --> 01:15:37,840

that might have something to do with it

2017

01:15:41,110 --> 01:15:39,600

but might not but hey let's at least

2018

01:15:43,590 --> 01:15:41,120

take a look at it that's that at least

2019

01:15:45,669 --> 01:15:43,600

that's my opinion hey man appreciate

2020

01:15:47,270 --> 01:15:45,679

that yeah they're really great fans and

2021

01:15:49,350 --> 01:15:47,280

and so are you somewhere in the skies

2022

01:15:51,110 --> 01:15:49,360

listeners and i think our fans all have

2023

01:15:54,149 --> 01:15:51,120

something in common man we just we just

2024

01:15:56,310 --> 01:15:54,159

want some answers and uh and and you

2025

01:15:58,709 --> 01:15:56,320

know we're willing to think outside the

2026

01:16:00,790 --> 01:15:58,719

box and and and put our money where our

2027

01:16:03,430 --> 01:16:00,800

mouth is and and try and get some of

2028

01:16:06,229 --> 01:16:03,440

these answers so we we know what type of

2029

01:16:08,470 --> 01:16:06,239

world we are living in man

2030

01:16:10,149 --> 01:16:08,480

reality is so strange there's got to be

2031

01:16:12,149 --> 01:16:10,159

something to it man

2032

01:16:14,390 --> 01:16:12,159

she's getting weirder and weirder oh

2033

01:16:16,149 --> 01:16:14,400

yeah well bryce i've got just a a couple

2034

01:16:17,510 --> 01:16:16,159

listener questions if you can stick

2035

01:16:19,430 --> 01:16:17,520

around sure

2036

01:16:21,990 --> 01:16:19,440

i totally okay cool yeah see our first

2037

01:16:24,390 --> 01:16:22,000

one sure awesome rick roberts thank you

2038

01:16:26,550 --> 01:16:24,400

so much for the super chat man any plans

2039

01:16:28,709 --> 01:16:26,560

on leaving more trap cameras or live

2040

01:16:31,270 --> 01:16:28,719

cams around you guys got any sort of

2041

01:16:32,709 --> 01:16:31,280

24-hour monitoring going on or yeah

2042

01:16:34,630 --> 01:16:32,719

we've tried that we did some of the

2043

01:16:36,550 --> 01:16:34,640

24-hour monitoring thing we caught

2044

01:16:39,030 --> 01:16:36,560

something really great in our first year

2045

01:16:42,149 --> 01:16:39,040

that was pretty interesting um yeah i

2046

01:16:44,070 --> 01:16:42,159

love i love uh camera traps and uh un

2047

01:16:45,750 --> 01:16:44,080

unfortunately man

2048

01:16:47,910 --> 01:16:45,760

if you go through i mean think about all

2049

01:16:50,310 --> 01:16:47,920

the hunters using camera traps all over

2050

01:16:52,630 --> 01:16:50,320

the world they seem to

2051

01:16:54,550 --> 01:16:52,640

they seem to okay here's my theory on

2052

01:16:57,350 --> 01:16:54,560

camera traps right

2053

01:16:58,709 --> 01:16:57,360

when you're entering into a space where

2054

01:16:59,750 --> 01:16:58,719

where there might potentially be a

2055

01:17:01,350 --> 01:16:59,760

bigfoot

2056

01:17:02,790 --> 01:17:01,360

they know you're in that space before

2057

01:17:04,390 --> 01:17:02,800

you know you're in that space in other

2058

01:17:06,790 --> 01:17:04,400

words they can smell you they hear you

2059

01:17:09,510 --> 01:17:06,800

coming they they're watching you put up

2060

01:17:11,510 --> 01:17:09,520

this trail camera on some tree and maybe

2061

01:17:13,750 --> 01:17:11,520

snickering going yeah dude you know i'm

2062

01:17:15,270 --> 01:17:13,760

not gonna maybe i'll maybe i'll knock

2063

01:17:17,350 --> 01:17:15,280

that tree down maybe i'll take your

2064

01:17:19,510 --> 01:17:17,360

camera but i'm not gonna i don't want my

2065

01:17:22,390 --> 01:17:19,520

selfie taken today there's not a lot of

2066

01:17:24,550 --> 01:17:22,400

great trail camera bigfoot photos and

2067

01:17:27,110 --> 01:17:24,560

there should be right so something's

2068

01:17:29,669 --> 01:17:27,120

going on there there's a couple of them

2069

01:17:31,430 --> 01:17:29,679

and we've even caught a couple of uh

2070

01:17:32,470 --> 01:17:31,440

some pretty strange

2071

01:17:34,390 --> 01:17:32,480

uh

2072

01:17:37,189 --> 01:17:34,400

photos but you know there was an

2073

01:17:40,149 --> 01:17:37,199

interesting study done with primates and

2074

01:17:41,750 --> 01:17:40,159

uh new objects placed into their

2075

01:17:44,390 --> 01:17:41,760

environment and they all became very

2076

01:17:47,590 --> 01:17:44,400

aware and very suspicious of the new

2077

01:17:49,270 --> 01:17:47,600

object uh so perhaps that translates

2078

01:17:51,030 --> 01:17:49,280

into the field like you know when

2079

01:17:53,910 --> 01:17:51,040

something like a trail camera is being

2080

01:17:55,510 --> 01:17:53,920

put on a tree um you know they're gonna

2081

01:17:57,510 --> 01:17:55,520

know about it you know

2082

01:17:59,430 --> 01:17:57,520

yeah they're a lot smarter than i think

2083

01:18:01,990 --> 01:17:59,440

we give them credit for absolutely

2084

01:18:04,709 --> 01:18:02,000

that's a good point um darcy's here she

2085

01:18:06,390 --> 01:18:04,719

asks bryce what way tech experiment do

2086

01:18:07,990 --> 01:18:06,400

you want to still try during an

2087

01:18:11,030 --> 01:18:08,000

investigation that you have not gotten a

2088

01:18:12,550 --> 01:18:11,040

chance to yet any big bucket list things

2089

01:18:14,709 --> 01:18:12,560

you want to do

2090

01:18:17,590 --> 01:18:14,719

oh man i have a lot of crazy ideas

2091

01:18:18,790 --> 01:18:17,600

believe you me i do and uh you know i

2092

01:18:21,270 --> 01:18:18,800

was just going to say one more thing on

2093

01:18:23,270 --> 01:18:21,280

that trail camera thing you you touched

2094

01:18:26,229 --> 01:18:23,280

on this earlier you know think about how

2095

01:18:28,390 --> 01:18:26,239

we as humans take in our environment our

2096

01:18:30,790 --> 01:18:28,400

our spectrum of senses you know we only

2097

01:18:33,430 --> 01:18:30,800

see such a small spectrum on the audio

2098

01:18:35,350 --> 01:18:33,440

and visual spectrum what if

2099

01:18:37,630 --> 01:18:35,360

these bigfoot creatures have the ability

2100

01:18:39,830 --> 01:18:37,640

to sort of sense electromagnetic

2101

01:18:42,550 --> 01:18:39,840

electromagnetic activity coming from a

2102

01:18:44,790 --> 01:18:42,560

device perhaps they see in a spectrum

2103

01:18:48,550 --> 01:18:44,800

that a trail camera sticks out like a

2104

01:18:50,870 --> 01:18:48,560

sore thumb in their trees you know um

2105

01:18:52,390 --> 01:18:50,880

but anyway what type of tech experiment

2106

01:18:55,590 --> 01:18:52,400

do i want to try

2107

01:18:57,030 --> 01:18:55,600

uh that i haven't gotten to to to change

2108

01:18:58,630 --> 01:18:57,040

one that i want i want to summon a

2109

01:19:02,149 --> 01:18:58,640

bigfoot

2110

01:19:04,149 --> 01:19:02,159

using uh uh some type of magical ritual

2111

01:19:06,870 --> 01:19:04,159

maybe i'll get a hold of uh greg and

2112

01:19:08,470 --> 01:19:06,880

dana uh newkirk and have him help me but

2113

01:19:10,470 --> 01:19:08,480

i'm in i want to try

2114

01:19:13,030 --> 01:19:10,480

some crazy stuff you know

2115

01:19:15,189 --> 01:19:13,040

detectives when when they're really

2116

01:19:16,630 --> 01:19:15,199

stymied on a missing person's case

2117

01:19:19,430 --> 01:19:16,640

there's been times where they've looked

2118

01:19:21,189 --> 01:19:19,440

to a psychic to help them for a clue or

2119

01:19:23,110 --> 01:19:21,199

to look in different areas with the

2120

01:19:25,350 --> 01:19:23,120

success that we had with the remote

2121

01:19:28,070 --> 01:19:25,360

viewing i wouldn't be i wouldn't mind

2122

01:19:29,910 --> 01:19:28,080

trying like a a really talented psychic

2123

01:19:32,070 --> 01:19:29,920

and seeing she can point us in the right

2124

01:19:33,350 --> 01:19:32,080

direction or something like that

2125

01:19:35,910 --> 01:19:33,360

um

2126

01:19:38,070 --> 01:19:35,920

but uh yeah i don't know i've got a lot

2127

01:19:40,950 --> 01:19:38,080

of i've got a whole notebook full of

2128

01:19:42,229 --> 01:19:40,960

crazy ways on how to capture evidence of

2129

01:19:44,550 --> 01:19:42,239

bigfoot

2130

01:19:46,390 --> 01:19:44,560

oh my god i would kill to see that

2131

01:19:48,390 --> 01:19:46,400

notebook

2132

01:19:50,470 --> 01:19:48,400

it reads like a comic book sometimes

2133

01:19:53,030 --> 01:19:50,480

yeah

2134

01:19:55,750 --> 01:19:53,040

what your life is slowly becoming it's i

2135

01:19:57,990 --> 01:19:55,760

know it's too weird

2136

01:20:01,189 --> 01:19:58,000

uh logan black says what's your favorite

2137

01:20:04,149 --> 01:20:01,199

ufo hot spot in the world any area that

2138

01:20:06,550 --> 01:20:04,159

you um you'd like to go out as a budding

2139

01:20:08,629 --> 01:20:06,560

ufologist now you're in man you had me

2140

01:20:10,629 --> 01:20:08,639

on the show you're you're making you're

2141

01:20:13,189 --> 01:20:10,639

putting those questions out there yeah

2142

01:20:15,430 --> 01:20:13,199

where do you want to go to look for ufos

2143

01:20:17,270 --> 01:20:15,440

well i'd want to go to a place that

2144

01:20:19,990 --> 01:20:17,280

would give me the best chance of seeing

2145

01:20:22,709 --> 01:20:20,000

one and you know i had a guy named jim

2146

01:20:25,590 --> 01:20:22,719

perry who runs the euphemist podcast uh

2147

01:20:27,189 --> 01:20:25,600

a great guy he was a guest on our our

2148

01:20:29,750 --> 01:20:27,199

podcast and he talked about a place

2149

01:20:33,189 --> 01:20:29,760

called sea city ranch where there seems

2150

01:20:35,350 --> 01:20:33,199

to be a lot of ufo activity and not only

2151
01:20:38,070 --> 01:20:35,360
that he had a bigfooted experience there

2152
01:20:40,790 --> 01:20:38,080
as well so there seems to be a a

2153
01:20:43,030 --> 01:20:40,800
crossover of the two phenomenons taking

2154
01:20:45,189 --> 01:20:43,040
place in this one little place called

2155
01:20:47,270 --> 01:20:45,199
the sea city ranch i believe it's in

2156
01:20:50,149 --> 01:20:47,280
northern california

2157
01:20:51,830 --> 01:20:50,159
somewhere around here but i i might try

2158
01:20:53,910 --> 01:20:51,840
first yeah

2159
01:20:56,070 --> 01:20:53,920
uh but i would go there either that or i

2160
01:20:58,390 --> 01:20:56,080
would go to maybe a place like sedona or

2161
01:21:00,790 --> 01:20:58,400
something and go into an energy portal

2162
01:21:03,189 --> 01:21:00,800
and see what i can love it

2163
01:21:05,590 --> 01:21:03,199

just see bryce meditating he's got the

2164

01:21:08,629 --> 01:21:05,600

crystals on that is

2165

01:21:10,790 --> 01:21:08,639

to a t or joshua tree yeah yeah

2166

01:21:13,510 --> 01:21:10,800

yeah metaphysical place here that's for

2167

01:21:16,629 --> 01:21:13,520

sure um mine would be i don't even think

2168

01:21:19,110 --> 01:21:16,639

this person wants my opinion but um mine

2169

01:21:20,709 --> 01:21:19,120

would be the san luis valley actually oh

2170

01:21:23,350 --> 01:21:20,719

that place is

2171

01:21:24,470 --> 01:21:23,360

crazy cattle mutilation shadow figures

2172

01:21:26,629 --> 01:21:24,480

oh yeah

2173

01:21:28,470 --> 01:21:26,639

it's like this skinwalker ranch i think

2174

01:21:30,950 --> 01:21:28,480

of uh colorado

2175

01:21:33,110 --> 01:21:30,960

um so that's where i would want to go i

2176

01:21:35,510 --> 01:21:33,120

think that's the next big place that

2177

01:21:38,149 --> 01:21:35,520

people are sort of looking at um besides

2178

01:21:40,390 --> 01:21:38,159

skinwalker ranch or you know these other

2179

01:21:42,070 --> 01:21:40,400

sort of what they call window areas that

2180

01:21:44,229 --> 01:21:42,080

we talked about on the special there

2181

01:21:46,310 --> 01:21:44,239

where all of these weird things

2182

01:21:48,310 --> 01:21:46,320

seem to be happening um what do you

2183

01:21:50,390 --> 01:21:48,320

think that is man skinwalker wrench you

2184

01:21:52,709 --> 01:21:50,400

did mention that at the top of the show

2185

01:21:55,830 --> 01:21:52,719

do you think there are actual areas

2186

01:21:57,030 --> 01:21:55,840

where all of this stuff converges or um

2187

01:21:57,910 --> 01:21:57,040

yeah yeah

2188

01:22:12,229 --> 01:21:57,920

2189

01:22:13,669 --> 01:22:12,239

at the pentagon and there he sort of

2190

01:22:17,350 --> 01:22:13,679

lays out

2191

01:22:19,110 --> 01:22:17,360

this idea and concept of the hitchhiker

2192

01:22:21,189 --> 01:22:19,120

which is like when you go to a place

2193

01:22:23,430 --> 01:22:21,199

like skinwalker be careful because you

2194

01:22:25,430 --> 01:22:23,440

could be bringing something back home a

2195

01:22:28,149 --> 01:22:25,440

few of these military analysts and

2196

01:22:29,910 --> 01:22:28,159

experts that visited the ranch early on

2197

01:22:33,350 --> 01:22:29,920

when they went back home do you know

2198

01:22:39,910 --> 01:22:36,950

dogmen that would come in their backyard

2199

01:22:41,110 --> 01:22:39,920

dog men so like these wolf type

2200

01:22:43,430 --> 01:22:41,120

creatures

2201

01:22:45,189 --> 01:22:43,440

uh would end up in their homes in their

2202

01:22:48,149 --> 01:22:45,199

backyard and this didn't happen once

2203

01:22:50,470 --> 01:22:48,159

twice but uh half a dozen or so times to

2204

01:22:52,550 --> 01:22:50,480

different people on that ranch so

2205

01:22:55,270 --> 01:22:52,560

when you start talking about this dog

2206

01:22:57,510 --> 01:22:55,280

man phenomena that is relatively recent

2207

01:22:59,910 --> 01:22:57,520

in the annals of cryptozoolo

2208

01:23:03,189 --> 01:22:59,920

zoology i start to wonder what's going

2209

01:23:05,750 --> 01:23:03,199

on here why is this new and why is is is

2210

01:23:08,950 --> 01:23:05,760

the big man bigfoot archetype changing

2211

01:23:10,950 --> 01:23:08,960

into more like lycan more wolf-like

2212

01:23:13,350 --> 01:23:10,960

because we're getting a lot of credible

2213

01:23:16,310 --> 01:23:13,360

dogmen reports in and around the country

2214

01:23:18,830 --> 01:23:16,320

and i find those very strange especially

2215

01:23:23,030 --> 01:23:18,840

at places like skinwalker

2216

01:23:25,430 --> 01:23:23,040

ranch right and lest we forget you guys

2217

01:23:27,910 --> 01:23:25,440

possibly found hair from some wolf-like

2218

01:23:30,390 --> 01:23:27,920

creature in northern california of all

2219

01:23:32,790 --> 01:23:30,400

places that shouldn't be there so like

2220

01:23:34,550 --> 01:23:32,800

again are we doing what if that's one of

2221

01:23:38,149 --> 01:23:34,560

what

2222

01:23:39,830 --> 01:23:38,159

like on russell's track or it comes back

2223

01:23:42,550 --> 01:23:39,840

human but it's not really human what if

2224

01:23:44,390 --> 01:23:42,560

this hair comes back like alaskan wolf

2225

01:23:45,750 --> 01:23:44,400

but it's not really alaskan wolf maybe

2226

01:23:47,590 --> 01:23:45,760

it's more of a

2227

01:23:49,830 --> 01:23:47,600

this i don't know i don't know my fans

2228

01:23:52,629 --> 01:23:49,840

would be like no stay on bigfoot don't

2229

01:23:55,669 --> 01:23:52,639

don't go to dogman yet all right

2230

01:23:58,149 --> 01:23:55,679

let me just stay on bigfoot right now

2231

01:24:00,950 --> 01:23:58,159

i love it i love it man well hey i've

2232

01:24:02,870 --> 01:24:00,960

kept you much longer than i told you so

2233

01:24:05,350 --> 01:24:02,880

we're gonna wrap things up here my man

2234

01:24:08,310 --> 01:24:05,360

but um before we go

2235

01:24:11,189 --> 01:24:08,320

um please can you tell us a little about

2236

01:24:12,950 --> 01:24:11,199

what comes next for you guys um and then

2237

01:24:15,030 --> 01:24:12,960

yeah tell us about the podcast and

2238

01:24:17,189 --> 01:24:15,040

everything else he got going on um this

2239

01:24:19,510 --> 01:24:17,199

is the time give us all of the bigfoot

2240

01:24:22,070 --> 01:24:19,520

uh bigfoot stuff coming up

2241

01:24:24,310 --> 01:24:22,080

absolutely well as we revealed on on the

2242

01:24:27,189 --> 01:24:24,320

post show that that of course ryan was

2243

01:24:29,669 --> 01:24:27,199

on we follow this new lead from that

2244

01:24:33,030 --> 01:24:29,679

uh from the dna results from this wolf

2245

01:24:35,590 --> 01:24:33,040

hair and it takes us to alaska and we

2246

01:24:37,830 --> 01:24:35,600

had him the most incredible journey in

2247

01:24:40,629 --> 01:24:37,840

alaska i can't wait for our fans to to

2248

01:24:43,030 --> 01:24:40,639

witness and explore that with us and uh

2249

01:24:45,110 --> 01:24:43,040

and you can find every episode of

2250

01:24:46,950 --> 01:24:45,120

expedition ever made on the discovery

2251

01:24:49,350 --> 01:24:46,960

plus app please do it's the home of

2252

01:24:51,430 --> 01:24:49,360

01:25:03,189 --> 01:25:01,120

riley bray it's called the bigfoot

2259

01:25:05,110 --> 01:25:03,199

2263

01:25:13,189 --> 01:25:11,840

about their personal paranormal history

2264

01:25:15,189 --> 01:25:13,199

and then we tell a story of high

2265

01:25:17,270 --> 01:25:15,199

strangeness we don't take ourselves too

2266

01:25:19,510 --> 01:25:17,280

seriously but we take the subject of the

2267

01:25:21,270 --> 01:25:19,520

strange very seriously uh wherever you

2268

01:25:22,550 --> 01:25:21,280

2269

01:25:24,870 --> 01:25:22,560

2273

2274

01:25:35,270 --> 01:25:33,840

called me in from the bullpen and he was

2275

01:25:36,550 --> 01:25:35,280

like

2276

01:25:38,629 --> 01:25:36,560

we gotta talk

2277

01:25:42,470 --> 01:25:38,639

congressional hearings so i got to be

2278

01:25:45,350 --> 01:25:43,830

thanks man and thank you again for

2286

01:25:59,830 --> 01:25:58,239

coming on somewhere in the skies it

2287

01:26:02,070 --> 01:25:59,840

2299

01:26:29,430 --> 01:26:27,840

again i knew having bryce on that this

2300

01:26:30,709 --> 01:26:29,440

conversation would just go into a

2301

01:26:33,669 --> 01:26:30,719

million different

2302

01:26:35,350 --> 01:26:33,679

places and it did it truly did and um i

2303

01:26:37,750 --> 01:26:35,360

loved it so please let us know what you

2304

01:26:40,550 --> 01:26:37,760

think in the comments below um is there

2305

01:26:42,390 --> 01:26:40,560

a connection between bigfoot and ufos i

2306

01:26:45,430 --> 01:26:42,400

seem to think there is i think bryce is

2307

01:26:46,950 --> 01:26:45,440

kind of on his way there as well um but

2308

01:26:49,270 --> 01:26:46,960

we'll see we'll see in future

2309

01:26:51,030 --> 01:26:49,280

expeditions with expedition bigfoot

2310

01:26:53,510 --> 01:26:51,040
