

SOMEWHERE IN THE SKIES

I WORKED AT AREA 51 AND
SKINWALKER RANCH

1
00:00:05,349 --> 00:00:02,389
today on the somewhere in the skies

2
00:00:08,549 --> 00:00:05,359
podcast united states air force veteran

3
00:00:20,630 --> 00:00:08,559
and former employee at both area 51 and

4
00:00:25,690 --> 00:00:23,509
this is somewhere in the skies with ryan

5
00:00:42,790 --> 00:00:25,700
spread

6
00:00:46,709 --> 00:00:44,630
chris welcome for the very first time

7
00:00:48,069 --> 00:00:46,719
just somewhere in the skies

8
00:00:50,069 --> 00:00:48,079
i appreciate it man thanks for having me

9
00:00:52,389 --> 00:00:50,079
having me on i appreciate it

10
00:00:54,709 --> 00:00:52,399
my pleasure now you know a lot of us

11
00:00:57,590 --> 00:00:54,719
have been keeping up with everything

12
00:00:59,510 --> 00:00:57,600
going on at skinwalker ranch as of late

13
00:01:01,990 --> 00:00:59,520

uh you know we've got the television

14

00:01:04,869 --> 00:01:02,000

show the new owner has come out in the

15

00:01:07,030 --> 00:01:04,879

past few years um to tell us about

16

00:01:09,270 --> 00:01:07,040

what's been going on and we even learned

17

00:01:12,230 --> 00:01:09,280

that a government program

18

00:01:13,590 --> 00:01:12,240

funded the ranch for an amount of time

19

00:01:16,550 --> 00:01:13,600

which i know you're going to have some

20

00:01:17,749 --> 00:01:16,560

stuff to say about uh as we get into it

21

00:01:20,230 --> 00:01:17,759

but um

22

00:01:22,070 --> 00:01:20,240

let's tell our viewers and listeners if

23

00:01:24,469 --> 00:01:22,080

you don't mind maybe a little about who

24

00:01:27,990 --> 00:01:24,479

you are and your connection to both

25

00:01:31,429 --> 00:01:28,000

skinwalker ranch and also uh the nevada

26

00:01:33,830 --> 00:01:31,439

testing site and and area 51. this is

27

00:01:36,149 --> 00:01:33,840

crazy when i heard that not only had you

28

00:01:38,469 --> 00:01:36,159

worked out at groom lake but you also

29

00:01:41,830 --> 00:01:38,479

worked at this mysterious ranch in utah

30

00:01:44,389 --> 00:01:41,840

you're like a ufo podcast's dream guest

31

00:01:45,670 --> 00:01:44,399

so yeah man give us the origin story if

32

00:01:47,190 --> 00:01:45,680

you don't mind

33

00:01:48,149 --> 00:01:47,200

the right place right time i guess but

34

00:01:51,109 --> 00:01:48,159

no i

35

00:01:52,310 --> 00:01:51,119

um i was born and raised in a small town

36

00:01:54,230 --> 00:01:52,320

in kansas

37

00:01:56,389 --> 00:01:54,240

and uh basically when i got out of high

38

00:01:57,749 --> 00:01:56,399

school in 97 i joined the united states

39

00:02:00,230 --> 00:01:57,759

air force

40

00:02:01,429 --> 00:02:00,240

um to be a security forces police

41

00:02:03,830 --> 00:02:01,439

officer

42

00:02:05,670 --> 00:02:03,840

and that led me down to

43

00:02:07,830 --> 00:02:05,680

being stationed at nellis air force base

44

00:02:10,710 --> 00:02:07,840

in las vegas in 1998

45

00:02:12,070 --> 00:02:10,720

as a man based police officer there

46

00:02:15,589 --> 00:02:12,080

and i worked there

47

00:02:18,390 --> 00:02:15,599

from 2000 from from 1998 to 2006 active

48

00:02:21,030 --> 00:02:18,400

duty and during that time i was also

49

00:02:23,430 --> 00:02:21,040

a cadre instructor for gcts ground

50

00:02:24,630 --> 00:02:23,440

combat training squadron up in crete air

51

00:02:28,630 --> 00:02:24,640

force base

52

00:02:30,550 --> 00:02:28,640

uh nevada and then in 2006 to 2009 i

53

00:02:31,509 --> 00:02:30,560

went to the ima reserves for the air

54

00:02:34,150 --> 00:02:31,519

force

55

00:02:36,550 --> 00:02:34,160

and then in 2006 is when i actually got

56

00:02:39,509 --> 00:02:36,560

hired with a department of energy for

57

00:02:43,750 --> 00:02:41,509

and that kind of led me on the path

58

00:02:45,430 --> 00:02:43,760

my reputation in the air force

59

00:02:46,949 --> 00:02:45,440

it's you know nellis air force base is a

60

00:02:48,949 --> 00:02:46,959

very unique uh

61

00:02:51,589 --> 00:02:48,959

base because obviously nevada's got a

62

00:02:53,509 --> 00:02:51,599

lot of black world projects and stuff

63

00:02:55,509 --> 00:02:53,519

going on so if you're working security

64

00:02:57,110 --> 00:02:55,519

or law enforcement out there you kind of

65

00:02:59,030 --> 00:02:57,120

just kind of fall in line there's other

66

00:03:00,790 --> 00:02:59,040

options you know you can work metro las

67

00:03:02,949 --> 00:03:00,800

vegas or north town

68

00:03:05,830 --> 00:03:02,959

pd or you know there's tons of different

69

00:03:07,270 --> 00:03:05,840

jobs but i went down the d.o.e site

70

00:03:08,869 --> 00:03:07,280

because i had a lot of friends there and

71

00:03:10,390 --> 00:03:08,879

that's who that's who kind of got you in

72

00:03:11,509 --> 00:03:10,400

the doors you kind of get vouched in

73

00:03:12,710 --> 00:03:11,519

like your friends like hey you should

74

00:03:14,229 --> 00:03:12,720

apply and

75

00:03:16,550 --> 00:03:14,239

and so i started working there at the

76

00:03:18,390 --> 00:03:16,560

nevada test site for several years

77

00:03:19,589 --> 00:03:18,400

and then my wife who i met in the air

78

00:03:22,390 --> 00:03:19,599

force

79

00:03:24,710 --> 00:03:22,400

she was also a police officer at nellis

80

00:03:26,149 --> 00:03:24,720

and uh she got orders to maostrom air

81

00:03:30,070 --> 00:03:26,159

force base

82

00:03:30,949 --> 00:03:30,080

and so this is back in 2009 late 2009 so

83

00:03:32,710 --> 00:03:30,959

we

84

00:03:34,710 --> 00:03:32,720

go to mouse from air force base because

85

00:03:36,309 --> 00:03:34,720

she's from uh montana originally so we

86

00:03:37,670 --> 00:03:36,319

thought this was a good move

87

00:03:38,630 --> 00:03:37,680

and then we get to mouse from air force

88

00:03:40,070 --> 00:03:38,640

base and i don't know if you've ever

89

00:03:42,869 --> 00:03:40,080

been out there in great falls montana

90

00:03:45,110 --> 00:03:42,879

but it's it's almost as flat as kansas

91

00:03:46,149 --> 00:03:45,120

yeah but pretty bad yeah

92

00:03:48,149 --> 00:03:46,159

yeah

93

00:03:50,070 --> 00:03:48,159

still some good folks out there and we

94

00:03:51,830 --> 00:03:50,080

we enjoyed our time out there but she

95

00:03:53,670 --> 00:03:51,840

got pregnant with her first son

96

00:03:55,830 --> 00:03:53,680

and the air force was kind of downsizing

97

00:03:57,429 --> 00:03:55,840

at that time so they gave her the option

98

00:03:59,110 --> 00:03:57,439

to get out and she was like hey i don't

99

00:04:00,869 --> 00:03:59,120

want to be a military mom always

100

00:04:02,390 --> 00:04:00,879

deployed and never see my kid and i'm

101
00:04:03,910 --> 00:04:02,400
like hey i get that because there's a

102
00:04:05,350 --> 00:04:03,920
cop in the air force you're gone all the

103
00:04:06,949 --> 00:04:05,360
time

104
00:04:08,390 --> 00:04:06,959
so i'm like well that means i can better

105
00:04:09,670 --> 00:04:08,400
roll the dice back to vegas because

106
00:04:11,910 --> 00:04:09,680
that's where all my connections are at

107
00:04:14,550 --> 00:04:11,920
you know i i had a job lined up with the

108
00:04:17,110 --> 00:04:14,560
federal air mark for the federal

109
00:04:19,749 --> 00:04:17,120
marshals service in montana but this is

110
00:04:20,710 --> 00:04:19,759
in 2009 2010 there was a federal hiring

111
00:04:22,710 --> 00:04:20,720
freeze

112
00:04:25,749 --> 00:04:22,720
so then i started making phone calls

113
00:04:27,350 --> 00:04:25,759

back to las vegas and

114

00:04:29,670 --> 00:04:27,360

the first person i called was my air

115

00:04:31,110 --> 00:04:29,680

force supervisor i said you have any

116

00:04:33,510 --> 00:04:31,120

leads you know naturally i was trying to

117

00:04:35,749 --> 00:04:33,520

go back to the nevada test site and he

118

00:04:36,870 --> 00:04:35,759

was like well no everything's on hiring

119

00:04:38,150 --> 00:04:36,880

freeze but he said you might want to

120

00:04:41,430 --> 00:04:38,160

call this other guy who was another

121

00:04:44,150 --> 00:04:41,440

ex-air force advisor who worked for csc

122

00:04:46,150 --> 00:04:44,160

which had the contract for f51 so i call

123

00:04:47,749 --> 00:04:46,160

him up and as i'm driving to vegas i get

124

00:04:49,909 --> 00:04:47,759

hired pretty much

125

00:04:51,189 --> 00:04:49,919

in route to las vegas with csc for

126

00:04:53,830 --> 00:04:51,199

part-time work

127

00:04:55,270 --> 00:04:53,840

um until a full-time job opened up

128

00:04:57,670 --> 00:04:55,280

because i still had an active q

129

00:04:59,430 --> 00:04:57,680

clearance so that was a big positive so

130

00:05:01,270 --> 00:04:59,440

when i got to las vegas

131

00:05:02,870 --> 00:05:01,280

i ended up making some more phone calls

132

00:05:04,070 --> 00:05:02,880

and i reached another old air force

133

00:05:07,510 --> 00:05:04,080

buddy of mine

134

00:05:09,189 --> 00:05:07,520

who had this gig in utah or for bass and

135

00:05:11,350 --> 00:05:09,199

i applied and i

136

00:05:12,469 --> 00:05:11,360

got the job did the interview and i was

137

00:05:14,070 --> 00:05:12,479

working

138

00:05:16,950 --> 00:05:14,080

both places at the same time i was

139

00:05:19,350 --> 00:05:16,960

working for 51 part time

140

00:05:20,790 --> 00:05:19,360

and then full time for for bass i needed

141

00:05:21,830 --> 00:05:20,800

a full-time job because i had a kid on

142

00:05:23,990 --> 00:05:21,840

the way so

143

00:05:25,029 --> 00:05:24,000

that's kind of a long roundabout way and

144

00:05:27,909 --> 00:05:25,039

then

145

00:05:29,510 --> 00:05:27,919

um a full-time getting open with csc for

146

00:05:31,670 --> 00:05:29,520

the janet detail and i worked out for a

147

00:05:34,310 --> 00:05:31,680

while and actually quit bass

148

00:05:35,909 --> 00:05:34,320

or i quit bass went to csc full-time to

149

00:05:38,550 --> 00:05:35,919

work the janet detail

150

00:05:40,150 --> 00:05:38,560

and then some pay issues came up and i

151

00:05:42,550 --> 00:05:40,160

was forced to kind of go back to my

152

00:05:43,749 --> 00:05:42,560

previous job at bass that big aerospace

153

00:05:44,550 --> 00:05:43,759

and that's where i ended up and i stayed

154

00:05:46,710 --> 00:05:44,560

there

155

00:05:48,629 --> 00:05:46,720

until i left in 2018

156

00:05:50,310 --> 00:05:48,639

and then i came here to kansas and i'm

157

00:05:51,430 --> 00:05:50,320

still currently a federal police officer

158

00:05:53,430 --> 00:05:51,440

out here

159

00:05:55,909 --> 00:05:53,440

so that's kind of long

160

00:05:56,629 --> 00:05:55,919

long long drawn-out question but that's

161

00:05:58,309 --> 00:05:56,639

the

162

00:06:01,909 --> 00:05:58,319

my career in a nutshell

163

00:06:04,230 --> 00:06:01,919

it well it shows a dedication to um

164

00:06:07,270 --> 00:06:04,240

something you're clearly very good at to

165

00:06:09,029 --> 00:06:07,280

be hired by by places like this um two

166

00:06:11,909 --> 00:06:09,039

questions to kind of piggyback off of

167

00:06:14,230 --> 00:06:11,919

that if you don't mind um now for any of

168

00:06:15,670 --> 00:06:14,240

our listeners myself included um who

169

00:06:17,430 --> 00:06:15,680

aren't familiar with what a cue

170

00:06:19,749 --> 00:06:17,440

clearance is now we know there are

171

00:06:21,510 --> 00:06:19,759

different levels of classification um

172

00:06:23,670 --> 00:06:21,520

what exactly is

173

00:06:26,070 --> 00:06:23,680

a queue clearance or what can you tell

174

00:06:28,710 --> 00:06:26,080

us i guess of what acute clearance is

175

00:06:31,029 --> 00:06:28,720

and um well what was like a day-to-day

176

00:06:33,029 --> 00:06:31,039

working security out at area 51 with

177

00:06:34,629 --> 00:06:33,039

janet and everything

178

00:06:36,309 --> 00:06:34,639

well the acute first your first question

179

00:06:37,990 --> 00:06:36,319

if you're carrying the q clearance is

180

00:06:39,590 --> 00:06:38,000

kind of like just a does version of a

181

00:06:40,469 --> 00:06:39,600

top secret clearance it's got a little

182

00:06:44,150 --> 00:06:40,479

more

183

00:06:46,790 --> 00:06:44,160

clearance i guess because you go through

184

00:06:48,230 --> 00:06:46,800

a very very extensive background check

185

00:06:49,909 --> 00:06:48,240

and you go through a very extensive

186

00:06:51,749 --> 00:06:49,919

academy to be a police officer out there

187

00:06:54,150 --> 00:06:51,759

security police officer out there

188

00:06:55,670 --> 00:06:54,160

um so the washout rate's pretty high so

189

00:06:57,670 --> 00:06:55,680

when you get a queue it's like a golden

190

00:06:59,189 --> 00:06:57,680

ticket you can pretty much go anywhere

191

00:07:01,189 --> 00:06:59,199

and a lot of people once to get their

192

00:07:02,710 --> 00:07:01,199

queue they go right to the pentagon

193

00:07:04,469 --> 00:07:02,720

it's a pretty easy transition because

194

00:07:06,390 --> 00:07:04,479

it's a very it's like twenty thousand

195

00:07:08,629 --> 00:07:06,400

dollars to get a q clearance

196

00:07:10,550 --> 00:07:08,639

so if you have one it's it's beneficial

197

00:07:12,790 --> 00:07:10,560

hire people who already have a clearance

198

00:07:15,670 --> 00:07:12,800

or can get one so it's

199

00:07:18,390 --> 00:07:15,680

so q is just a version of the does

200

00:07:19,589 --> 00:07:18,400

top secret um basically

201

00:07:22,870 --> 00:07:19,599

um

202

00:07:24,870 --> 00:07:22,880

the gen detail was basically

203

00:07:26,629 --> 00:07:24,880

you report down to the mccarran airport

204

00:07:29,430 --> 00:07:26,639

and you work the the site there with

205

00:07:31,270 --> 00:07:29,440

some other guys and

206

00:07:33,189 --> 00:07:31,280

do it normally what you do at a security

207

00:07:34,950 --> 00:07:33,199

airport like tsa and that's kind of all

208

00:07:37,270 --> 00:07:34,960

i can really say about that but

209

00:07:39,189 --> 00:07:37,280

um yeah so you know the nevada test site

210

00:07:40,390 --> 00:07:39,199

is the sister site to 51 they're right

211

00:07:41,670 --> 00:07:40,400

next to each other they're like right

212

00:07:43,990 --> 00:07:41,680

next to each other

213

00:07:46,869 --> 00:07:44,000

so 51 is in a very strategic location

214

00:07:48,070 --> 00:07:46,879

because you have nevada test site

215

00:07:50,150 --> 00:07:48,080

and then you have

216

00:07:52,550 --> 00:07:50,160

creech air force base totem paw test

217

00:07:54,390 --> 00:07:52,560

range nellis air force base you know the

218

00:07:56,629 --> 00:07:54,400

natural surrounding mountains it's a

219

00:07:59,350 --> 00:07:56,639

perfect location to have a facility like

220

00:08:01,430 --> 00:07:59,360

that you know and it's all overlapping

221

00:08:03,029 --> 00:08:01,440

layers of security for basically one

222

00:08:04,869 --> 00:08:03,039

site and

223

00:08:06,390 --> 00:08:04,879

the nevada test site itself is the size

224

00:08:07,909 --> 00:08:06,400

of rhode island that's how much area of

225

00:08:08,790 --> 00:08:07,919

responsibility you have out there it's

226

00:08:10,830 --> 00:08:08,800

huge

227

00:08:13,430 --> 00:08:10,840

a lot a lot of stuff out there

228

00:08:15,510 --> 00:08:13,440

so um with the test site the nevada test

229

00:08:17,029 --> 00:08:15,520

site you sign lots of ndas going in and

230

00:08:18,869 --> 00:08:17,039

leaving that job so there's not much

231

00:08:20,629 --> 00:08:18,879

really i can say about working for the

232

00:08:22,790 --> 00:08:20,639

department of energy and

233

00:08:25,029 --> 00:08:22,800

working out there at the nts but i

234

00:08:26,710 --> 00:08:25,039

really enjoyed my time out there i have

235

00:08:28,469 --> 00:08:26,720

a lot of friends out there and had a lot

236

00:08:29,510 --> 00:08:28,479

of great experiences and was a part of a

237

00:08:31,589 --> 00:08:29,520

lot of

238

00:08:34,070 --> 00:08:31,599

special access programs out there and

239

00:08:36,550 --> 00:08:34,080

and a lot of projects and it was a

240

00:08:37,990 --> 00:08:36,560

really eye-opener experience you know

241

00:08:40,230 --> 00:08:38,000

and you know you think you do a lot of

242

00:08:41,909 --> 00:08:40,240

stuff for the dod for the military and

243

00:08:44,149 --> 00:08:41,919

then you go into other organizations

244

00:08:46,230 --> 00:08:44,159

like doe and it's like a whole different

245

00:08:49,110 --> 00:08:46,240

ball game basically

246

00:08:50,389 --> 00:08:49,120

right yeah and i mean the doe is kind of

247

00:08:52,550 --> 00:08:50,399

that um

248

00:08:54,710 --> 00:08:52,560

that that carrot that's always dangling

249

00:08:56,710 --> 00:08:54,720

in front of the ufo people because we're

250

00:08:59,110 --> 00:08:56,720

like they're the only ones that don't

251

00:09:01,190 --> 00:08:59,120

answer you know for like what they're

252

00:09:04,790 --> 00:09:01,200

doing and and it's understandable to an

253

00:09:08,230 --> 00:09:04,800

extent we we understand but um

254

00:09:09,670 --> 00:09:08,240

yeah yeah please oh i think what pete

255

00:09:11,509 --> 00:09:09,680

and i get a little flag for this but

256

00:09:13,190 --> 00:09:11,519

this is the reality the situation here

257

00:09:15,430 --> 00:09:13,200

it's like um

258

00:09:17,910 --> 00:09:15,440

you know we want disclosure and i'm for

259

00:09:19,350 --> 00:09:17,920

disclosure as well but

260

00:09:22,230 --> 00:09:19,360

when you have a certain faction of

261

00:09:24,870 --> 00:09:22,240

people asking like for the government to

262

00:09:26,949 --> 00:09:24,880

release all the data or maybe expose

263

00:09:29,190 --> 00:09:26,959

technology that we have and maybe it is

264

00:09:30,790 --> 00:09:29,200

alien i don't know i can't confirm that

265

00:09:32,630 --> 00:09:30,800

but what you're really doing is you're

266

00:09:34,550 --> 00:09:32,640

jeopardizing national security to a

267

00:09:36,389 --> 00:09:34,560

point because

268

00:09:38,150 --> 00:09:36,399

the overall objective for the united

269

00:09:40,070 --> 00:09:38,160

states air force and for the military

270

00:09:42,470 --> 00:09:40,080

industrial complex is air power global

271

00:09:44,949 --> 00:09:42,480

dominance that's the that's the overall

272

00:09:47,350 --> 00:09:44,959

objective and that's how the united

273

00:09:50,630 --> 00:09:47,360

states keeps control and keeps ahead of

274

00:09:53,030 --> 00:09:50,640

our enemies because it boils down to war

275

00:09:54,949 --> 00:09:53,040

you know this stuff boils down to war

276

00:09:56,150 --> 00:09:54,959

and with that loss of lives and

277

00:09:57,509 --> 00:09:56,160

everything else that comes with war all

278

00:09:59,990 --> 00:09:57,519

the ugly stuff

279

00:10:01,750 --> 00:10:00,000

so the united states wants to be on the

280

00:10:04,310 --> 00:10:01,760

top edge of the

281

00:10:06,550 --> 00:10:04,320

the war fighting platform basically and

282

00:10:08,069 --> 00:10:06,560

so some of these locations like 51 or

283

00:10:09,829 --> 00:10:08,079

test site you know obviously this

284

00:10:12,389 --> 00:10:09,839

technology new technology is tested

285

00:10:15,509 --> 00:10:12,399

there so we can keep that edge

286

00:10:16,790 --> 00:10:15,519

so i'm all about having disclosure

287

00:10:19,110 --> 00:10:16,800

but also

288

00:10:20,310 --> 00:10:19,120

i think it's funny that people are still

289

00:10:21,590 --> 00:10:20,320

waiting for the government to give

290

00:10:23,670 --> 00:10:21,600

disclosure when it's the government

291

00:10:26,230 --> 00:10:23,680

that's been hiding disclosure for the

292

00:10:29,269 --> 00:10:26,240

last 70 years so who do we trust here

293

00:10:30,790 --> 00:10:29,279

this hand or this hand it's just like if

294

00:10:32,389 --> 00:10:30,800

you're waiting for the government to to

295

00:10:34,550 --> 00:10:32,399

release stuff

296

00:10:36,630 --> 00:10:34,560

good luck and then if they do release it

297

00:10:38,470 --> 00:10:36,640

is it going to be true data or is it

298

00:10:41,670 --> 00:10:38,480

going to be just a a whitewashed

299

00:10:43,750 --> 00:10:41,680

narrative to drown out the truth

300

00:10:45,750 --> 00:10:43,760

so if you're if you're like you know

301
00:10:47,269 --> 00:10:45,760
somewhere in the skies you're the name

302
00:10:49,269 --> 00:10:47,279
if you want to look for truth just go

303
00:10:51,509 --> 00:10:49,279
outside and observe the skies yourself

304
00:10:53,509 --> 00:10:51,519
and collect your own data you know yeah

305
00:10:55,430 --> 00:10:53,519
quote your own data and then don't wait

306
00:10:57,670 --> 00:10:55,440
for the government to to to tell you

307
00:10:58,870 --> 00:10:57,680
something i mean yeah i get to a point

308
00:11:01,110 --> 00:10:58,880
where people are like you know i pay

309
00:11:03,350 --> 00:11:01,120
taxpayer money and i want to learn about

310
00:11:04,949 --> 00:11:03,360
this and i totally understand that but

311
00:11:06,389 --> 00:11:04,959
there's a different game being played

312
00:11:08,550 --> 00:11:06,399
here that people don't really fully

313
00:11:10,870 --> 00:11:08,560

understand you need to take a step back

314

00:11:12,949 --> 00:11:10,880

and be like okay

315

00:11:15,670 --> 00:11:12,959

who are the people that are talking most

316

00:11:17,990 --> 00:11:15,680

about uaps being threats and stuff have

317

00:11:20,230 --> 00:11:18,000

any of them served have any of them hold

318

00:11:22,230 --> 00:11:20,240

this hell hold a top secret clearance or

319

00:11:25,190 --> 00:11:22,240

work for a three-letter agency

320

00:11:27,110 --> 00:11:25,200

i don't really see many of them that do

321

00:11:28,150 --> 00:11:27,120

so it's kind of like at the end of the

322

00:11:29,829 --> 00:11:28,160

day where do you want to get your

323

00:11:31,350 --> 00:11:29,839

information from

324

00:11:32,710 --> 00:11:31,360

it's better to go online and start

325

00:11:35,110 --> 00:11:32,720

making connections like with people like

326

00:11:36,550 --> 00:11:35,120

you and other investigators and and and

327

00:11:38,710 --> 00:11:36,560

putting the pieces together you know

328

00:11:40,790 --> 00:11:38,720

independently versus

329

00:11:42,550 --> 00:11:40,800

waiting for the government to hand out a

330

00:11:44,230 --> 00:11:42,560

silver platter uh

331

00:11:49,030 --> 00:11:44,240

i'm not

332

00:11:50,470 --> 00:11:49,040

yeah i'm kind of you're kind of jaded a

333

00:11:51,829 --> 00:11:50,480

little bit because of where i used to

334

00:11:54,389 --> 00:11:51,839

work at so when it comes to the whole

335

00:11:56,550 --> 00:11:54,399

uap topic i'm a little bit jaded and

336

00:11:58,870 --> 00:11:56,560

that it's just how it is i can't con i

337

00:12:00,949 --> 00:11:58,880

can't control what's up in the skies

338

00:12:02,550 --> 00:12:00,959

as an investigator but i can't control

339

00:12:03,590 --> 00:12:02,560

what's on my on the feet on the ground

340

00:12:05,670 --> 00:12:03,600

and that's what i focused on at

341

00:12:07,750 --> 00:12:05,680

skinwalker ranch when i got out there

342

00:12:09,829 --> 00:12:07,760

was the focus on what i can what do i

343

00:12:11,910 --> 00:12:09,839

have direct access and control of i

344

00:12:13,750 --> 00:12:11,920

can't control what's in the skies i can

345

00:12:15,509 --> 00:12:13,760

observe it but do i really know what's

346

00:12:16,710 --> 00:12:15,519

out there do i have the proper equipment

347

00:12:19,509 --> 00:12:16,720

or backing or

348

00:12:20,230 --> 00:12:19,519

or experts around to say yes or no it's

349

00:12:21,829 --> 00:12:20,240

just

350

00:12:23,269 --> 00:12:21,839

you have to really

351
00:12:24,710 --> 00:12:23,279
control what you can

352
00:12:26,629 --> 00:12:24,720
get your hands on

353
00:12:27,430 --> 00:12:26,639
yeah right and

354
00:12:31,030 --> 00:12:27,440
you're

355
00:12:32,949 --> 00:12:31,040
what i think the bulk of this

356
00:12:35,030 --> 00:12:32,959
conversation is going to be and that is

357
00:12:37,030 --> 00:12:35,040
skinwalker ranch i know a lot of our

358
00:12:39,110 --> 00:12:37,040
viewers and listeners are really excited

359
00:12:40,629 --> 00:12:39,120
to hear you talk about your experiences

360
00:12:42,230 --> 00:12:40,639
there which we'll get to we'll get there

361
00:12:44,389 --> 00:12:42,240
guys uh but

362
00:12:47,190 --> 00:12:44,399
before we move on from that chris i love

363
00:12:49,910 --> 00:12:47,200

you know with that i guess

364

00:12:51,990 --> 00:12:49,920

non-transparency or classification and

365

00:12:55,509 --> 00:12:52,000

national security that comes with things

366

00:12:57,110 --> 00:12:55,519

like uh nevada testing site and um area

367

00:12:59,269 --> 00:12:57,120

51

368

00:13:00,949 --> 00:12:59,279

when there's no transparency that's when

369

00:13:02,389 --> 00:13:00,959

people start

370

00:13:05,269 --> 00:13:02,399

making things up that's when people

371

00:13:07,430 --> 00:13:05,279

start creating rumors and a mythology is

372

00:13:09,990 --> 00:13:07,440

born out of these places that you've

373

00:13:11,910 --> 00:13:10,000

worked at so i mean

374

00:13:14,629 --> 00:13:11,920

what did you know about

375

00:13:16,550 --> 00:13:14,639

area 51 when you finally made it over

376

00:13:20,870 --> 00:13:16,560

there did you know about all the stuff

377

00:13:22,949 --> 00:13:20,880

bob lazar was talking about and the ufos

378

00:13:24,550 --> 00:13:22,959

yeah what can you tell us

379

00:13:25,910 --> 00:13:24,560

that is hilarious that you bring it up

380

00:13:28,710 --> 00:13:25,920

because i was going through my stuff

381

00:13:30,629 --> 00:13:28,720

today i'm i'm trying to set my office up

382

00:13:32,790 --> 00:13:30,639

here in in my new office where i can

383

00:13:34,629 --> 00:13:32,800

display my photography and i was going

384

00:13:37,509 --> 00:13:34,639

through some old books and i actually

385

00:13:39,750 --> 00:13:37,519

found this book that i bought back in 97

386

00:13:41,910 --> 00:13:39,760

which was the area 51 book this is

387

00:13:44,310 --> 00:13:41,920

before i joined the air force

388

00:13:46,230 --> 00:13:44,320

i read this book and i was like wow

389

00:13:48,710 --> 00:13:46,240

that's pretty cool and then i joined the

390

00:13:52,230 --> 00:13:48,720

air force and then i ended up working

391

00:13:54,230 --> 00:13:52,240

at these locations and i was like wow

392

00:13:55,350 --> 00:13:54,240

talk about like projecting you know your

393

00:13:56,310 --> 00:13:55,360

future

394

00:13:58,870 --> 00:13:56,320

um

395

00:14:01,509 --> 00:13:58,880

it was very strange now

396

00:14:04,150 --> 00:14:01,519

i'm honestly curious you know i love the

397

00:14:05,910 --> 00:14:04,160

ufo stuff and i like the paranormal

398

00:14:07,430 --> 00:14:05,920

research i like all that stuff i've

399

00:14:09,110 --> 00:14:07,440

always been into it

400

00:14:12,069 --> 00:14:09,120

so

401
00:14:13,829 --> 00:14:12,079
before

402
00:14:15,269 --> 00:14:13,839
when i first got to nellis air force

403
00:14:17,430 --> 00:14:15,279
base

404
00:14:19,990 --> 00:14:17,440
my first supervisor

405
00:14:22,389 --> 00:14:20,000
actually worked at 51 and this was back

406
00:14:24,629 --> 00:14:22,399
in 98 now i'll never forget he had a

407
00:14:27,269 --> 00:14:24,639
nokia cell phone on the flip the old

408
00:14:29,509 --> 00:14:27,279
school flip phones one and i'd be on i'd

409
00:14:31,110 --> 00:14:29,519
be on patrol with him and he would get a

410
00:14:32,629 --> 00:14:31,120
call on that cell phone and he would be

411
00:14:34,230 --> 00:14:32,639
gone for weeks

412
00:14:35,750 --> 00:14:34,240
and then he would call me up and say hey

413
00:14:36,790 --> 00:14:35,760

pick me up at mccarran airport and go

414

00:14:39,670 --> 00:14:36,800

pick him up

415

00:14:41,110 --> 00:14:39,680

and i would say hey you know um

416

00:14:44,069 --> 00:14:41,120

you know what what happened where were

417

00:14:47,350 --> 00:14:44,079

we at he wouldn't say nothing so uh i

418

00:14:49,670 --> 00:14:47,360

won't say his name but uh long story

419

00:14:51,590 --> 00:14:49,680

short we he had he got orders to korea

420

00:14:54,150 --> 00:14:51,600

air force base and this is back in

421

00:14:56,230 --> 00:14:54,160

1998.99

422

00:14:57,990 --> 00:14:56,240

so we had this big going away party for

423

00:14:59,829 --> 00:14:58,000

him at the deuce five which is across

424

00:15:02,230 --> 00:14:59,839

from ellis air force base it's like a

425

00:15:03,350 --> 00:15:02,240

local military hangout

426
00:15:04,870 --> 00:15:03,360
and uh

427
00:15:06,710 --> 00:15:04,880
we get him pretty liquored up or

428
00:15:08,230 --> 00:15:06,720
whatever and found there's a bunch of us

429
00:15:09,910 --> 00:15:08,240
young airmen that are around him you

430
00:15:11,269 --> 00:15:09,920
know and we all kind of knew he worked

431
00:15:12,949 --> 00:15:11,279
at 51

432
00:15:15,430 --> 00:15:12,959
and finally i asked him i said you know

433
00:15:16,629 --> 00:15:15,440
can you tell us anything about your time

434
00:15:17,910 --> 00:15:16,639
out there

435
00:15:22,710 --> 00:15:17,920
and

436
00:15:24,470 --> 00:15:22,720
the things i've seen out there we won't

437
00:15:27,110 --> 00:15:24,480
lose an air-to-air war in a thousand

438
00:15:29,670 --> 00:15:27,120

years and that's all he said

439

00:15:31,670 --> 00:15:29,680

and i was just like what

440

00:15:33,590 --> 00:15:31,680

and then that was it

441

00:15:35,509 --> 00:15:33,600

and i was just like wow

442

00:15:37,430 --> 00:15:35,519

but he was like dead set when he said

443

00:15:38,470 --> 00:15:37,440

when he said that and this is a 98

444

00:15:40,470 --> 00:15:38,480

remind you

445

00:15:43,030 --> 00:15:40,480

he was dead

446

00:15:44,790 --> 00:15:43,040

serious when he said that

447

00:15:46,310 --> 00:15:44,800

so it makes you wonder kind of like okay

448

00:15:47,749 --> 00:15:46,320

if there's technology that's out there

449

00:15:50,470 --> 00:15:47,759

let's say the tic tac is some of that

450

00:15:52,790 --> 00:15:50,480

technology or whatever

451
00:15:54,870 --> 00:15:52,800
you're looking at a situation where we

452
00:15:58,310 --> 00:15:54,880
might have technology that could replace

453
00:16:01,030 --> 00:15:58,320
the entire military fleet of aircraft

454
00:16:02,949 --> 00:16:01,040
we're talking trillions of dollars of

455
00:16:04,150 --> 00:16:02,959
money that would be

456
00:16:06,069 --> 00:16:04,160
just

457
00:16:08,069 --> 00:16:06,079
gone like maybe outdated aircraft

458
00:16:10,310 --> 00:16:08,079
replaced by some type of superior

459
00:16:11,749 --> 00:16:10,320
technology you know

460
00:16:13,509 --> 00:16:11,759
um not saying that

461
00:16:14,870 --> 00:16:13,519
is that but it just it makes me wonder

462
00:16:16,949 --> 00:16:14,880
like what if what if that is our

463
00:16:19,749 --> 00:16:16,959

technology you know but i also like to

464

00:16:21,430 --> 00:16:19,759

play on the fact that with the oceans

465

00:16:23,430 --> 00:16:21,440

you know what what do we know about our

466

00:16:26,389 --> 00:16:23,440

own oceans here you know what if this

467

00:16:27,910 --> 00:16:26,399

technology comes deep from a different

468

00:16:30,710 --> 00:16:27,920

species within our earth's crust or

469

00:16:33,910 --> 00:16:30,720

whatever and it's evolved into this

470

00:16:35,430 --> 00:16:33,920

uh hybrid uh humanoid where it has to

471

00:16:37,110 --> 00:16:35,440

come surface to refuel i don't i don't

472

00:16:38,710 --> 00:16:37,120

know but it makes me wonder our own

473

00:16:40,230 --> 00:16:38,720

oceans would be a good starting point to

474

00:16:41,269 --> 00:16:40,240

look at as well you know

475

00:16:42,949 --> 00:16:41,279

i don't know something that's always

476

00:16:45,030 --> 00:16:42,959

i've always kind of been curious myself

477

00:16:47,030 --> 00:16:45,040

about what's really down in those ocean

478

00:16:48,870 --> 00:16:47,040

and in the deep ocean you know what's

479

00:16:52,069 --> 00:16:48,880

what's our own birth the secrets of our

480

00:16:54,470 --> 00:16:52,079

own earth you know yep yeah i i tend to

481

00:16:57,030 --> 00:16:54,480

always uh keep that in mind that you

482

00:16:58,790 --> 00:16:57,040

know we're so trained on the skies and

483

00:17:00,949 --> 00:16:58,800

we could be out in the outer reaches of

484

00:17:02,550 --> 00:17:00,959

space when when we know so little about

485

00:17:05,909 --> 00:17:02,560

our very own planet and i think you're

486

00:17:07,270 --> 00:17:05,919

right there has to be some sort of um

487

00:17:09,590 --> 00:17:07,280

reason

488

00:17:12,069 --> 00:17:09,600

um logistically and mathematically

489

00:17:14,710 --> 00:17:12,079

statistically i guess that so many ufo

490

00:17:16,549 --> 00:17:14,720

sightings occur over bodies of water or

491

00:17:19,110 --> 00:17:16,559

are at least reported that way even in

492

00:17:21,029 --> 00:17:19,120

the military um and then you have places

493

00:17:23,990 --> 00:17:21,039

like uh i remember

494

00:17:26,870 --> 00:17:24,000

researching a place called uh otech like

495

00:17:29,110 --> 00:17:26,880

this underground or excuse me underwater

496

00:17:31,909 --> 00:17:29,120

military installation that had like a

497

00:17:35,029 --> 00:17:31,919

restricted air space that reaches like

498

00:17:37,190 --> 00:17:35,039

the outer atmosphere which is crazy to

499

00:17:39,669 --> 00:17:37,200

think like what could they be doing from

500

00:17:42,390 --> 00:17:39,679

underwater to the outer reaches of space

501
00:17:44,630 --> 00:17:42,400
what's being tested there flown there um

502
00:17:46,549 --> 00:17:44,640
it blows my mind man it really does but

503
00:17:49,750 --> 00:17:46,559
i knew a little bit about bob lazar

504
00:17:51,909 --> 00:17:49,760
obviously i saw all the when i was uh

505
00:17:54,150 --> 00:17:51,919
being working at nellis listening to the

506
00:17:56,070 --> 00:17:54,160
normal news i would see george knapp's

507
00:17:58,150 --> 00:17:56,080
uh broadcast sometimes when he'd recap

508
00:18:00,310 --> 00:17:58,160
bob lazar story and i was very intrigued

509
00:18:01,830 --> 00:18:00,320
this is all before even working at these

510
00:18:03,510 --> 00:18:01,840
locations you know

511
00:18:06,549 --> 00:18:03,520
my kind of plan when i was in the air

512
00:18:08,630 --> 00:18:06,559
force was to either stay in for 20

513
00:18:10,310 --> 00:18:08,640

or get out and move back to kansas or

514

00:18:11,909 --> 00:18:10,320

something but i ended up staying in las

515

00:18:14,150 --> 00:18:11,919

vegas for 20 years and working some of

516

00:18:15,590 --> 00:18:14,160

these sites that led me down this rabbit

517

00:18:17,990 --> 00:18:15,600

hole basically

518

00:18:19,750 --> 00:18:18,000

and um but yeah i was intrigued by his

519

00:18:21,190 --> 00:18:19,760

story as well and it made me and

520

00:18:23,750 --> 00:18:21,200

actually working there some things that

521

00:18:25,430 --> 00:18:23,760

bob says makes total sense i don't deny

522

00:18:27,590 --> 00:18:25,440

one bit that he's probably worth there

523

00:18:29,350 --> 00:18:27,600

you know but what projects and where

524

00:18:31,110 --> 00:18:29,360

only he would know that that's how the

525

00:18:33,270 --> 00:18:31,120

that's kind of how that area works it's

526

00:18:35,430 --> 00:18:33,280

overlapping layers of

527

00:18:37,430 --> 00:18:35,440

of secrecy where me and you can work in

528

00:18:39,029 --> 00:18:37,440

the same location for 20 years but we

529

00:18:41,270 --> 00:18:39,039

would neither none of us would know what

530

00:18:42,549 --> 00:18:41,280

we're working on it's just yeah it's a

531

00:18:44,230 --> 00:18:42,559

that's how it's set up to keep the

532

00:18:45,909 --> 00:18:44,240

secrecy you know

533

00:18:47,990 --> 00:18:45,919

um

534

00:18:49,830 --> 00:18:48,000

so yeah there's definitely some truth to

535

00:18:51,270 --> 00:18:49,840

his stories i i would definitely believe

536

00:18:52,789 --> 00:18:51,280

you know i guess when it boils down

537

00:18:54,470 --> 00:18:52,799

because i always get people online to

538

00:18:55,669 --> 00:18:54,480

ask me questions you know what do you

539

00:18:56,950 --> 00:18:55,679

think of this person what do you think

540

00:18:58,789 --> 00:18:56,960

of that person

541

00:19:00,710 --> 00:18:58,799

and unless i meet them in person i

542

00:19:01,750 --> 00:19:00,720

really don't know what to say because

543

00:19:03,190 --> 00:19:01,760

it's like

544

00:19:05,669 --> 00:19:03,200

if you want to judge somebody's

545

00:19:07,669 --> 00:19:05,679

credibility judge the person's character

546

00:19:10,150 --> 00:19:07,679

if their character is flawed

547

00:19:12,710 --> 00:19:10,160

and you're working in these type of

548

00:19:14,310 --> 00:19:12,720

these areas there might be some

549

00:19:16,150 --> 00:19:14,320

some questions that would arise like are

550

00:19:17,669 --> 00:19:16,160

they being truthful you know what's yeah

551

00:19:19,590 --> 00:19:17,679

what's the real objective here what's

552

00:19:20,950 --> 00:19:19,600

the narrative they're trying to push

553

00:19:23,590 --> 00:19:20,960

i mean bob's story's been pretty much

554

00:19:25,110 --> 00:19:23,600

the same the whole the whole time so

555

00:19:28,150 --> 00:19:25,120

yeah i would like to do a face to face

556

00:19:29,110 --> 00:19:28,160

with him maybe one day and just talk

557

00:19:32,390 --> 00:19:29,120

yeah

558

00:19:33,830 --> 00:19:32,400

cool you know but

559

00:19:36,830 --> 00:19:33,840

i mean i don't know

560

00:19:40,710 --> 00:19:36,840

it definitely has uh

561

00:19:42,470 --> 00:19:40,720

yeah well i mean kind of i guess playing

562

00:19:44,390 --> 00:19:42,480

off of that you know

563

00:19:46,710 --> 00:19:44,400

people people uh

564

00:19:48,310 --> 00:19:46,720

a lot of questions online when people

565

00:19:49,510 --> 00:19:48,320

saw that you were coming on the show

566

00:19:51,029 --> 00:19:49,520

they wanted to know what you thought

567

00:19:53,270 --> 00:19:51,039

about bob lazar they wanted to know what

568

00:19:55,510 --> 00:19:53,280

you think of uh robert bigelow and this

569

00:19:57,510 --> 00:19:55,520

that this that and um we're slowly

570

00:19:58,870 --> 00:19:57,520

inching towards skinwalker ranch guys i

571

00:20:01,669 --> 00:19:58,880

promise we're getting there we're

572

00:20:04,390 --> 00:20:01,679

getting there um so

573

00:20:07,029 --> 00:20:04,400

i guess something you told me offline

574

00:20:10,630 --> 00:20:07,039

which i found really interesting is you

575

00:20:12,950 --> 00:20:10,640

actually learned about skinwalker um the

576
00:20:14,630 --> 00:20:12,960
phenomenon and possibly the wrench

577
00:20:17,190 --> 00:20:14,640
correct me if i'm wrong um while you

578
00:20:19,270 --> 00:20:17,200
were still employed at area 51 before

579
00:20:21,430 --> 00:20:19,280
you even got over there is that true

580
00:20:22,549 --> 00:20:21,440
that you you learned about it there can

581
00:20:25,270 --> 00:20:22,559
you tell us a little bit about that

582
00:20:27,350 --> 00:20:25,280
story i never knew what skin water skin

583
00:20:29,190 --> 00:20:27,360
walker ranch was at all but

584
00:20:30,950 --> 00:20:29,200
i learned about skin walkers at the

585
00:20:32,549 --> 00:20:30,960
nevada test site that's where i learned

586
00:20:33,590 --> 00:20:32,559
about skinwalkers

587
00:20:34,710 --> 00:20:33,600
um

588
00:20:35,990 --> 00:20:34,720

kind of like when you go through the

589

00:20:37,830 --> 00:20:36,000

academy there

590

00:20:39,909 --> 00:20:37,840

and you start working in these areas you

591

00:20:42,230 --> 00:20:39,919

have some down time so you start asking

592

00:20:43,669 --> 00:20:42,240

some of the older guard you know stories

593

00:20:45,909 --> 00:20:43,679

hey have you seen things out here in the

594

00:20:48,310 --> 00:20:45,919

sky have you have you seen this have you

595

00:20:52,390 --> 00:20:48,320

seen that for the most part people are

596

00:20:53,830 --> 00:20:52,400

pretty quiet about it you know um but

597

00:20:55,430 --> 00:20:53,840

there was a couple guys who were like no

598

00:20:57,590 --> 00:20:55,440

we have seen some pretty stuff and we

599

00:20:59,190 --> 00:20:57,600

have documented it i'm like what

600

00:21:01,110 --> 00:20:59,200

and one of the guys said that they

601
00:21:03,029 --> 00:21:01,120
documented like a deer

602
00:21:04,149 --> 00:21:03,039
standing up on two legs and walking

603
00:21:06,390 --> 00:21:04,159
around

604
00:21:08,950 --> 00:21:06,400
and the term that he said was oh yeah i

605
00:21:10,950 --> 00:21:08,960
was a skinwalker i'm like what and so

606
00:21:13,190 --> 00:21:10,960
that kind of led me down why would there

607
00:21:15,750 --> 00:21:13,200
be skinwalkers out here and then he was

608
00:21:17,909 --> 00:21:15,760
like well it's because there's a lot of

609
00:21:19,430 --> 00:21:17,919
native history out here i'm like where

610
00:21:21,430 --> 00:21:19,440
and so sure enough he showed me on a

611
00:21:23,510 --> 00:21:21,440
sunday we drove out there there's an

612
00:21:25,029 --> 00:21:23,520
area with petroglyphs that go back 10

613
00:21:26,470 --> 00:21:25,039

000 years ago

614

00:21:28,830 --> 00:21:26,480

oh wow so

615

00:21:31,270 --> 00:21:28,840

and so it kind of puts

616

00:21:33,350 --> 00:21:31,280

uh like puts you back like what was

617

00:21:36,230 --> 00:21:33,360

going on out here ten thousand years ago

618

00:21:38,149 --> 00:21:36,240

i know in the 1800s um the paiute and

619

00:21:40,470 --> 00:21:38,159

the western shoshone were documented and

620

00:21:43,110 --> 00:21:40,480

that in the nevada test site before uh

621

00:21:44,870 --> 00:21:43,120

it was taken over but um ten thousand

622

00:21:46,230 --> 00:21:44,880

year old petroglyphs out there so it

623

00:21:47,750 --> 00:21:46,240

makes you wonder

624

00:21:49,110 --> 00:21:47,760

you know what what was going on out

625

00:21:50,549 --> 00:21:49,120

there so obviously something because

626

00:21:52,310 --> 00:21:50,559

they had some weird weird things

627

00:21:54,710 --> 00:21:52,320

happening so i find it interesting that

628

00:21:56,549 --> 00:21:54,720

a lot of these places like skinwalker

629

00:21:58,710 --> 00:21:56,559

test site a lot of other places have a

630

00:22:01,029 --> 00:21:58,720

lot of native american history uh

631

00:22:03,350 --> 00:22:01,039

aligned with it

632

00:22:05,669 --> 00:22:03,360

right and that's um a big part of what i

633

00:22:07,110 --> 00:22:05,679

want to ask you about um your time at

634

00:22:09,430 --> 00:22:07,120

the ranch uh

635

00:22:11,590 --> 00:22:09,440

when we when we get there so let's set

636

00:22:12,870 --> 00:22:11,600

it up um you know like you said you kind

637

00:22:15,270 --> 00:22:12,880

of flip-flop back and forth from

638

00:22:16,470 --> 00:22:15,280

skinwalker back to nellis that skin walk

639

00:22:18,789 --> 00:22:16,480

out um

640

00:22:21,270 --> 00:22:18,799

how did you

641

00:22:23,190 --> 00:22:21,280

find out about the job with bigelow did

642

00:22:25,750 --> 00:22:23,200

he reach out to you did you reach out to

643

00:22:27,190 --> 00:22:25,760

him um how did that all go down and

644

00:22:29,190 --> 00:22:27,200

what'd you think when you first learned

645

00:22:31,510 --> 00:22:29,200

about what you'd be doing there

646

00:22:33,190 --> 00:22:31,520

well it was uh i

647

00:22:35,029 --> 00:22:33,200

i just called the old buddy of mine who

648

00:22:36,630 --> 00:22:35,039

i knew in the air force and i said hey i

649

00:22:38,710 --> 00:22:36,640

heard you got some project going on for

650

00:22:41,430 --> 00:22:38,720

an aerospace company

651
00:22:43,669 --> 00:22:41,440
and he said well yeah kinda and and then

652
00:22:45,430 --> 00:22:43,679
we started talking and then we met face

653
00:22:47,990 --> 00:22:45,440
to face we met face to face actually

654
00:22:50,710 --> 00:22:48,000
where they broke ground at the new va uh

655
00:22:52,710 --> 00:22:50,720
medical center in las vegas we met we

656
00:22:54,710 --> 00:22:52,720
met in an old parking lot out there and

657
00:22:56,230 --> 00:22:54,720
on the dirt it was like a movie or

658
00:22:57,750 --> 00:22:56,240
whatever like you know and we're talking

659
00:23:00,149 --> 00:22:57,760
about this and it kind of gave me the

660
00:23:01,990 --> 00:23:00,159
skinny of what the job entailed but he

661
00:23:03,990 --> 00:23:02,000
didn't go too much in depth because i

662
00:23:05,990 --> 00:23:04,000
still had to do an interview with column

663
00:23:08,789 --> 00:23:06,000

and and other people

664

00:23:10,390 --> 00:23:08,799

eric and so that's i applied and uh he

665

00:23:11,830 --> 00:23:10,400

kind of vouched for me and then i had a

666

00:23:14,149 --> 00:23:11,840

meeting with callum

667

00:23:16,149 --> 00:23:14,159

and colin asked me you know typical

668

00:23:19,029 --> 00:23:16,159

security questions

669

00:23:20,310 --> 00:23:19,039

and then he asked me um if i was open to

670

00:23:24,149 --> 00:23:20,320

the paranormal

671

00:23:25,830 --> 00:23:24,159

and at first i was like what do i say

672

00:23:30,789 --> 00:23:25,840

because

673

00:23:31,909 --> 00:23:30,799

into the paranormal right and i yeah i

674

00:23:33,669 --> 00:23:31,919

think they asked me you know have i had

675

00:23:34,950 --> 00:23:33,679

any experiences and i said yeah actually

676
00:23:37,270 --> 00:23:34,960
i've had

677
00:23:39,029 --> 00:23:37,280
and um coming from the nevada test site

678
00:23:41,750 --> 00:23:39,039
we have acute clearance you you don't

679
00:23:43,029 --> 00:23:41,760
talk about seeing ufos or

680
00:23:44,710 --> 00:23:43,039
ghosts or anything like that because

681
00:23:46,390 --> 00:23:44,720
they can pull your clearance because

682
00:23:48,230 --> 00:23:46,400
you're dealing with nuclear security so

683
00:23:50,470 --> 00:23:48,240
they take that very seriously

684
00:23:52,230 --> 00:23:50,480
you have to walk a line there and that's

685
00:23:54,549 --> 00:23:52,240
i can't i don't even want to i can't

686
00:23:56,230 --> 00:23:54,559
explain it to you but

687
00:23:58,070 --> 00:23:56,240
it's very stressful

688
00:24:00,070 --> 00:23:58,080

but so i i say no i'm going to ask

689

00:24:01,029 --> 00:24:00,080

honestly and i said yeah i i'm very open

690

00:24:02,390 --> 00:24:01,039

to that

691

00:24:04,549 --> 00:24:02,400

and i shared with him some of my

692

00:24:06,549 --> 00:24:04,559

experiences in kansas and even a couple

693

00:24:08,070 --> 00:24:06,559

of my experiences at in

694

00:24:11,430 --> 00:24:08,080

nellis air force base there's a hangar

695

00:24:13,110 --> 00:24:11,440

called uh 858 propulsion building and it

696

00:24:14,950 --> 00:24:13,120

has some ghost paranormal stuff

697

00:24:16,230 --> 00:24:14,960

happening there and sure enough we went

698

00:24:18,470 --> 00:24:16,240

there with some other airmen this is

699

00:24:20,230 --> 00:24:18,480

back in 2000.

700

00:24:21,269 --> 00:24:20,240

four or five maybe

701
00:24:22,630 --> 00:24:21,279
anyways

702
00:24:25,350 --> 00:24:22,640
and we had an experience there and there

703
00:24:27,350 --> 00:24:25,360
was like 10 witnesses that all saw it it

704
00:24:29,350 --> 00:24:27,360
was it was crazy but so i was very open

705
00:24:32,710 --> 00:24:29,360
to the interview and i told him yeah i'm

706
00:24:34,789 --> 00:24:32,720
open and he kind of nodded his head and

707
00:24:36,470 --> 00:24:34,799
i left and my buddy came out says hey

708
00:24:38,470 --> 00:24:36,480
you got the job and i'm like okay cool

709
00:24:40,950 --> 00:24:38,480
when do i start and that was it

710
00:24:42,789 --> 00:24:40,960
so i started at that first you know in

711
00:24:45,990 --> 00:24:42,799
in vegas and then

712
00:24:47,909 --> 00:24:46,000
um back at the ranch uh it was two

713
00:24:49,750 --> 00:24:47,919

people out there at the time so you'd

714

00:24:51,750 --> 00:24:49,760

have two officers out there

715

00:24:53,110 --> 00:24:51,760

so one guy would drive up to to release

716

00:24:54,230 --> 00:24:53,120

the other guy another guy would go back

717

00:24:56,230 --> 00:24:54,240

so every week there was somebody

718

00:24:58,470 --> 00:24:56,240

different basically okay

719

00:25:01,269 --> 00:24:58,480

so in october of 2010 was when i first

720

00:25:02,870 --> 00:25:01,279

drove up there from vegas

721

00:25:03,830 --> 00:25:02,880

to the ranch

722

00:25:07,590 --> 00:25:03,840

and

723

00:25:09,669 --> 00:25:07,600

who hired me was kind of the guy who

724

00:25:11,110 --> 00:25:09,679

kind of trained me up a little bit

725

00:25:13,190 --> 00:25:11,120

and we it was

726

00:25:14,870 --> 00:25:13,200

that we didn't really have an sop or

727

00:25:16,630 --> 00:25:14,880

standard operating procedure of what to

728

00:25:18,390 --> 00:25:16,640

do it was kind of like

729

00:25:20,470 --> 00:25:18,400

okay our job is to protect the property

730

00:25:22,870 --> 00:25:20,480

i get that secure the site

731

00:25:24,470 --> 00:25:22,880

i get it i've also collect data report

732

00:25:27,590 --> 00:25:24,480

anything unusual i'm like okay what do

733

00:25:29,909 --> 00:25:27,600

you mean unusual you know and this is

734

00:25:31,590 --> 00:25:29,919

back in 2010 i haven't i didn't read the

735

00:25:32,950 --> 00:25:31,600

uh hunt for the skinwalker book until a

736

00:25:34,630 --> 00:25:32,960

couple months after i've been working

737

00:25:37,110 --> 00:25:34,640

there because i didn't want to have any

738

00:25:39,510 --> 00:25:37,120

pre-notion in my mind of something that

739

00:25:42,149 --> 00:25:39,520

i could possibly experience smart yeah

740

00:25:43,909 --> 00:25:42,159

so i remember when i applied for the job

741

00:25:45,350 --> 00:25:43,919

and i found out if that i was going to

742

00:25:46,710 --> 00:25:45,360

this ranch in utah i tried to look

743

00:25:48,789 --> 00:25:46,720

online for something i couldn't find

744

00:25:50,789 --> 00:25:48,799

anything really about skin walker ranch

745

00:25:52,230 --> 00:25:50,799

because back in 2010

746

00:25:54,390 --> 00:25:52,240

there was only there was like one

747

00:25:56,310 --> 00:25:54,400

website and

748

00:25:57,350 --> 00:25:56,320

like one or two maybe youtube videos

749

00:26:00,070 --> 00:25:57,360

that was it

750

00:26:02,710 --> 00:26:00,080

yeah and so i'm like oh what the hell

751

00:26:04,230 --> 00:26:02,720

i'll never forget this my dad

752

00:26:06,310 --> 00:26:04,240

who's kind of full he followed my whole

753

00:26:07,269 --> 00:26:06,320

career in the air force and the test

754

00:26:09,350 --> 00:26:07,279

site

755

00:26:11,350 --> 00:26:09,360

and then 51 and then you know finally at

756

00:26:12,950 --> 00:26:11,360

skinwalker i sent him a copy of the hunt

757

00:26:14,470 --> 00:26:12,960

for the skinwalker book

758

00:26:16,230 --> 00:26:14,480

and i remember him calling me up one day

759

00:26:18,950 --> 00:26:16,240

and he goes and this is the only time i

760

00:26:22,789 --> 00:26:18,960

get concerned in his voice he goes son

761

00:26:25,990 --> 00:26:24,630

and i was like well dad i don't know i

762

00:26:28,070 --> 00:26:26,000

just want to go down the rabbit hole and

763

00:26:30,870 --> 00:26:28,080

see how far it goes down and

764

00:26:32,470 --> 00:26:30,880

he was like just be careful and uh

765

00:26:34,950 --> 00:26:32,480

i just remember he the sound of his

766

00:26:37,029 --> 00:26:34,960

voice he seemed like he was nervous

767

00:26:38,630 --> 00:26:37,039

i'm like i've deployed overseas you know

768

00:26:39,669 --> 00:26:38,640

and this is the time he sounds nervous

769

00:26:41,029 --> 00:26:39,679

you know

770

00:26:43,590 --> 00:26:41,039

everybody

771

00:26:45,669 --> 00:26:43,600

for everything you've gone through

772

00:26:47,669 --> 00:26:45,679

that's when he's nervous yeah yeah so

773

00:26:49,510 --> 00:26:47,679

then and and then that's kind of what

774

00:26:51,590 --> 00:26:49,520

started my time at skinwalker was in

775

00:26:54,390 --> 00:26:51,600

october of 2010

776

00:26:56,710 --> 00:26:54,400

and uh yeah that's where it all started

777

00:26:58,310 --> 00:26:56,720

okay so um

778

00:27:00,950 --> 00:26:58,320

well let's talk about that time at the

779

00:27:02,470 --> 00:27:00,960

ranch then um are there what were some

780

00:27:04,230 --> 00:27:02,480

of the um

781

00:27:06,630 --> 00:27:04,240

the most compelling things you came

782

00:27:09,350 --> 00:27:06,640

across there obviously people want to

783

00:27:11,190 --> 00:27:09,360

hear the stories of what occurs on this

784

00:27:13,909 --> 00:27:11,200

ranch what is someone like you who spent

785

00:27:15,750 --> 00:27:13,919

weeks on end there uh i'm sure there's

786

00:27:18,389 --> 00:27:15,760

days where absolutely nothing happens

787

00:27:20,710 --> 00:27:18,399

you're bored out of your mind doing your

788

00:27:23,190 --> 00:27:20,720

rounds and everything but i know you've

789

00:27:25,269 --> 00:27:23,200

had some pretty crazy stuff happen there

790

00:27:26,549 --> 00:27:25,279

too so yeah anything you want to share

791

00:27:27,430 --> 00:27:26,559

with us chris

792

00:27:28,950 --> 00:27:27,440

sure

793

00:27:30,389 --> 00:27:28,960

you know i've been

794

00:27:32,630 --> 00:27:30,399

kind of hesitant about some of my

795

00:27:33,750 --> 00:27:32,640

experiences um

796

00:27:35,350 --> 00:27:33,760

because i don't like to say things

797

00:27:36,950 --> 00:27:35,360

unless i can back them up with either a

798

00:27:38,870 --> 00:27:36,960

second witness or

799

00:27:41,350 --> 00:27:38,880

photographic evidence

800

00:27:43,590 --> 00:27:41,360

or some type of physical evidence so

801
00:27:46,230 --> 00:27:43,600
i would say personally the the

802
00:27:48,470 --> 00:27:46,240
experience that stands out the most is a

803
00:27:50,710 --> 00:27:48,480
large wolf or k-9 experience i had in

804
00:27:51,990 --> 00:27:50,720
october it was actually my second week

805
00:27:53,029 --> 00:27:52,000
in october

806
00:27:54,470 --> 00:27:53,039
um

807
00:27:56,549 --> 00:27:54,480
out there on the property when myself

808
00:27:58,630 --> 00:27:56,559
and another officer

809
00:28:00,870 --> 00:27:58,640
we had this routine down

810
00:28:01,750 --> 00:28:00,880
where one guy would go out for a morning

811
00:28:03,510 --> 00:28:01,760
run

812
00:28:06,230 --> 00:28:03,520
around the property and kind of get the

813
00:28:07,909 --> 00:28:06,240

eyes on of the environment kind of get a

814

00:28:09,669 --> 00:28:07,919

a judge of how the day is going to go

815

00:28:11,190 --> 00:28:09,679

where we're going to go check out and

816

00:28:14,070 --> 00:28:11,200

the other guy would do the report from

817

00:28:16,470 --> 00:28:14,080

the night before and get that sent up

818

00:28:18,470 --> 00:28:16,480

and then you know around 11 noon we'd

819

00:28:20,710 --> 00:28:18,480

pack up our gear and hike out and go

820

00:28:22,230 --> 00:28:20,720

explore and look for stuff and

821

00:28:23,750 --> 00:28:22,240

do evp sessions with some of the

822

00:28:25,750 --> 00:28:23,760

homesteads and

823

00:28:28,149 --> 00:28:25,760

uh take pictures and that's what kind of

824

00:28:29,590 --> 00:28:28,159

got my photography going was at the time

825

00:28:31,750 --> 00:28:29,600

there there was some questionable

826

00:28:33,909 --> 00:28:31,760

pictures being taken at homestead too

827

00:28:35,269 --> 00:28:33,919

that for me was was backstage back this

828

00:28:37,750 --> 00:28:35,279

whole backscatter which is flat

829

00:28:39,750 --> 00:28:37,760

photography in a dusty environment

830

00:28:41,830 --> 00:28:39,760

and uh i was like that's not orbs those

831

00:28:43,590 --> 00:28:41,840

are dust particles and i i kind of just

832

00:28:45,669 --> 00:28:43,600

i kind of debunked it with my own camera

833

00:28:47,510 --> 00:28:45,679

because at the time i had a more uh more

834

00:28:49,350 --> 00:28:47,520

high def camera and then i kind of

835

00:28:51,669 --> 00:28:49,360

carried my camera my own personal camera

836

00:28:53,830 --> 00:28:51,679

is a secondary ways to document the

837

00:28:56,230 --> 00:28:53,840

phenomena as best i could

838

00:28:58,549 --> 00:28:56,240

and um anyways so back to the wolf story

839

00:29:00,549 --> 00:28:58,559

on this particular day the other officer

840

00:29:02,710 --> 00:29:00,559

came back from the run

841

00:29:05,110 --> 00:29:02,720

and he was like hey i found some weird

842

00:29:06,549 --> 00:29:05,120

prince some large canine prints on top

843

00:29:08,230 --> 00:29:06,559

of the mesa

844

00:29:09,830 --> 00:29:08,240

and i'm like okay let's go check it out

845

00:29:11,750 --> 00:29:09,840

and i'm from kansas and grew up on a

846

00:29:14,310 --> 00:29:11,760

farm where we had horses and all you

847

00:29:16,710 --> 00:29:14,320

know all kinds of animals you can think

848

00:29:18,549 --> 00:29:16,720

of we've done middle nowhere

849

00:29:20,310 --> 00:29:18,559

and so we go out there and we see these

850

00:29:22,230 --> 00:29:20,320

large looks like

851
00:29:24,070 --> 00:29:22,240
it looks like a wolf print big big size

852
00:29:25,510 --> 00:29:24,080
wolf print but what made it weird is

853
00:29:27,350 --> 00:29:25,520
that there was like a section where it

854
00:29:28,389 --> 00:29:27,360
looked like this animal was walking on

855
00:29:30,789 --> 00:29:28,399
two feet

856
00:29:33,590 --> 00:29:30,799
they had like this three foot stride

857
00:29:35,430 --> 00:29:33,600
and it would go to four feet two feet it

858
00:29:38,070 --> 00:29:35,440
was it was weird it didn't make any

859
00:29:41,669 --> 00:29:38,080
sense and at the time we had two black

860
00:29:43,510 --> 00:29:41,679
labs and a border collie doll we have

861
00:29:45,909 --> 00:29:43,520
three dogs with us

862
00:29:47,830 --> 00:29:45,919
and the labs prints and these are

863
00:29:50,149 --> 00:29:47,840

full-grown labs the lab's prints and

864

00:29:53,190 --> 00:29:50,159

some of the pictures i posted before

865

00:29:55,590 --> 00:29:53,200

um this these wolf prints dwarfed the

866

00:29:57,909 --> 00:29:55,600

lab prince and you can see the the the

867

00:29:59,750 --> 00:29:57,919

three foot strikes i threw a ruler down

868

00:30:00,710 --> 00:29:59,760

to kind of measure it

869

00:30:05,430 --> 00:30:00,720

so

870

00:30:06,950 --> 00:30:05,440

them and say hey we've got

871

00:30:08,789 --> 00:30:06,960

a possible weird animal out here or

872

00:30:10,950 --> 00:30:08,799

something his advice is you know be be

873

00:30:13,029 --> 00:30:10,960

careful but document the best you can

874

00:30:15,430 --> 00:30:13,039

i'm like okay roger that so

875

00:30:16,789 --> 00:30:15,440

me and my a colleague we're like no we

876

00:30:18,470 --> 00:30:16,799

have this stupid mindset like we're

877

00:30:19,430 --> 00:30:18,480

gonna go capture this

878

00:30:20,710 --> 00:30:19,440

animal

879

00:30:22,470 --> 00:30:20,720

not knowing what we're really dealing

880

00:30:25,110 --> 00:30:22,480

with you know

881

00:30:27,029 --> 00:30:25,120

this is in 2010. so that night we'd go

882

00:30:29,430 --> 00:30:27,039

out i think it was the next night we go

883

00:30:30,470 --> 00:30:29,440

out and we have all of our gear with us

884

00:30:31,990 --> 00:30:30,480

you know

885

00:30:33,750 --> 00:30:32,000

and we're out

886

00:30:34,950 --> 00:30:33,760

until like three o'clock in the morning

887

00:30:37,110 --> 00:30:34,960

we're setting up little makeshift

888

00:30:39,350 --> 00:30:37,120

campfires everywhere trying to draw this

889

00:30:41,590 --> 00:30:39,360

animal in and we felt like the whole

890

00:30:43,430 --> 00:30:41,600

night something was watching us and the

891

00:30:45,110 --> 00:30:43,440

dogs were acting very suspicious they

892

00:30:46,470 --> 00:30:45,120

were like clinging to us

893

00:30:48,070 --> 00:30:46,480

and normally the dogs are up running

894

00:30:50,070 --> 00:30:48,080

around trying to catch rabbits and stuff

895

00:30:52,630 --> 00:30:50,080

but this night they were very on edge so

896

00:30:54,470 --> 00:30:52,640

we knew something was up

897

00:30:55,510 --> 00:30:54,480

so anyways it starts raining a little

898

00:30:57,269 --> 00:30:55,520

bit

899

00:30:58,870 --> 00:30:57,279

and we start we're like oh we've been

900

00:31:00,630 --> 00:30:58,880

out all night let's let's call it a

901
00:31:02,230 --> 00:31:00,640
night it's like 3 30 3 o'clock in the

902
00:31:04,310 --> 00:31:02,240
morning maybe i can't remember exactly

903
00:31:06,310 --> 00:31:04,320
but i remember it was a full moon night

904
00:31:07,190 --> 00:31:06,320
and we started walking back to homestead

905
00:31:09,590 --> 00:31:07,200
one

906
00:31:11,909 --> 00:31:09,600
but we start backtracking our original

907
00:31:13,509 --> 00:31:11,919
our original tracks for that night to

908
00:31:16,070 --> 00:31:13,519
see if we missed anything

909
00:31:17,110 --> 00:31:16,080
and we find behind our prince wolf

910
00:31:18,630 --> 00:31:17,120
prince

911
00:31:19,909 --> 00:31:18,640
this thing had been following us the

912
00:31:21,590 --> 00:31:19,919
whole night

913
00:31:23,190 --> 00:31:21,600

and the dogs never picked up on it and

914

00:31:25,110 --> 00:31:23,200

we never saw it

915

00:31:27,590 --> 00:31:25,120

so it was just that it was just far

916

00:31:31,269 --> 00:31:27,600

enough away to keep a visual on us but

917

00:31:33,669 --> 00:31:31,279

not not close enough for us to see it

918

00:31:35,350 --> 00:31:33,679

so now we're like holy [\h__\h] we need to

919

00:31:36,789 --> 00:31:35,360

get back to the homestead

920

00:31:39,029 --> 00:31:36,799

um

921

00:31:39,990 --> 00:31:39,039

because this thing's tracking us now

922

00:31:41,750 --> 00:31:40,000

so

923

00:31:43,750 --> 00:31:41,760

we're walking on the main dirt road that

924

00:31:45,669 --> 00:31:43,760

you see on the tv show and we're going

925

00:31:47,830 --> 00:31:45,679

around the curve actually it's all

926
00:31:50,389 --> 00:31:47,840
happening at the triangle area so we're

927
00:31:51,909 --> 00:31:50,399
going around the triangle area of the

928
00:31:54,310 --> 00:31:51,919
ranch

929
00:31:55,909 --> 00:31:54,320
uh and i'm about 50 60 feet ahead of my

930
00:31:58,549 --> 00:31:55,919
partner and i'll never forget this

931
00:32:00,389 --> 00:31:58,559
because this replays in my brain every

932
00:32:03,909 --> 00:32:00,399
single night

933
00:32:04,710 --> 00:32:03,919
the the moon is full and there's clouds

934
00:32:06,870 --> 00:32:04,720
and

935
00:32:09,110 --> 00:32:06,880
my partner says stop i hear something

936
00:32:11,350 --> 00:32:09,120
and his he's like he's like his back is

937
00:32:14,230 --> 00:32:11,360
facing the ditch there and i'm ahead of

938
00:32:17,029 --> 00:32:14,240

him and i turn around to say what and as

939

00:32:19,350 --> 00:32:17,039

i'm turning around it feels like time is

940

00:32:20,710 --> 00:32:19,360

compressing like like everything slows

941

00:32:23,590 --> 00:32:20,720

down

942

00:32:25,830 --> 00:32:23,600

and the clouds go over the moon and

943

00:32:27,909 --> 00:32:25,840

everything got really dark and i felt

944

00:32:30,230 --> 00:32:27,919

like the whole frequency and vibration

945

00:32:32,630 --> 00:32:30,240

of the environment just dropped like

946

00:32:35,269 --> 00:32:32,640

you're walking in water

947

00:32:37,909 --> 00:32:35,279

and out of the ditch

948

00:32:40,230 --> 00:32:37,919

we both hear this guttural growl come

949

00:32:42,630 --> 00:32:40,240

out of the ditch and something large is

950

00:32:43,669 --> 00:32:42,640

like a size of a donkey or deer black

951
00:32:46,389 --> 00:32:43,679
wolf

952
00:32:49,669 --> 00:32:46,399
jumps out lands on the dirt road

953
00:32:50,870 --> 00:32:49,679
takes off west the dogs go after the

954
00:32:52,310 --> 00:32:50,880
animal

955
00:32:54,230 --> 00:32:52,320
we go after the dogs because we're

956
00:32:55,269 --> 00:32:54,240
worried about the dogs fighting this big

957
00:32:58,310 --> 00:32:55,279
animal

958
00:32:59,830 --> 00:32:58,320
it's like

959
00:33:01,750 --> 00:32:59,840
we blink and it's gone and like

960
00:33:03,269 --> 00:33:01,760
disappeared in the darkness

961
00:33:04,950 --> 00:33:03,279
and we're like what the hell was that

962
00:33:06,310 --> 00:33:04,960
and the dogs stopped dead in the tracks

963
00:33:07,669 --> 00:33:06,320

and looked at us like what the hell was

964

00:33:09,590 --> 00:33:07,679

that

965

00:33:11,190 --> 00:33:09,600

and so we took some pictures and then we

966

00:33:13,029 --> 00:33:11,200

got the hell out of there and got back

967

00:33:14,710 --> 00:33:13,039

to homestead one

968

00:33:16,630 --> 00:33:14,720

and did the report and i think in the

969

00:33:18,630 --> 00:33:16,640

initial report i thought i'd even see

970

00:33:20,549 --> 00:33:18,640

the animal because i was so freaked out

971

00:33:22,789 --> 00:33:20,559

about losing my clearance my my q

972

00:33:25,029 --> 00:33:22,799

clearance that an initial report i said

973

00:33:26,470 --> 00:33:25,039

i didn't see it because i was

974

00:33:28,230 --> 00:33:26,480

i had planned to go back to nevada test

975

00:33:30,070 --> 00:33:28,240

side eventually just because all my

976

00:33:31,909 --> 00:33:30,080

friends were there and i paid better and

977

00:33:33,430 --> 00:33:31,919

there was better benefits and stuff but

978

00:33:35,430 --> 00:33:33,440

i was like i'm not going to say put this

979

00:33:38,710 --> 00:33:35,440

on the report because my my brain cannot

980

00:33:39,430 --> 00:33:38,720

process what i had just experienced wow

981

00:33:41,509 --> 00:33:39,440

it

982

00:33:42,549 --> 00:33:41,519

really took me back but here's the crazy

983

00:33:44,389 --> 00:33:42,559

part

984

00:33:47,509 --> 00:33:44,399

not that that wasn't crazy enough

985

00:33:49,509 --> 00:33:47,519

but fast forward to 2015

986

00:33:51,990 --> 00:33:49,519

i'm out there by myself now because in

987

00:33:55,110 --> 00:33:52,000

2011 we went to one person on the

988

00:33:57,190 --> 00:33:55,120

property now can you imagine securing a

989

00:33:59,750 --> 00:33:57,200

ranch and at the time we had almost a

990

00:34:01,990 --> 00:33:59,760

thousand acres yeah

991

00:34:03,669 --> 00:34:02,000

we leased the land around us we leased

992

00:34:05,669 --> 00:34:03,679

the land on top of the mesa so we had

993

00:34:07,669 --> 00:34:05,679

more acres to cover

994

00:34:10,470 --> 00:34:07,679

but imagine you're supposed to secure

995

00:34:12,550 --> 00:34:10,480

the property by yourself at night it's

996

00:34:15,109 --> 00:34:12,560

a total no-go you don't do that but we

997

00:34:17,510 --> 00:34:15,119

did but in 2015 i'm sitting in a lawn

998

00:34:19,349 --> 00:34:17,520

chair at the eastgate

999

00:34:21,589 --> 00:34:19,359

with the dogs at the time we have three

1000

00:34:23,430 --> 00:34:21,599

three labs now because bella had passed

1001
00:34:24,550 --> 00:34:23,440
away

1002
00:34:26,710 --> 00:34:24,560
and uh

1003
00:34:28,550 --> 00:34:26,720
it was a nice quiet night

1004
00:34:29,909 --> 00:34:28,560
i think it was in the fall again

1005
00:34:31,669 --> 00:34:29,919
and i was kind of on my phone a little

1006
00:34:34,149 --> 00:34:31,679
bit looking at the road not paying

1007
00:34:35,829 --> 00:34:34,159
attention because by 2015 the ranch was

1008
00:34:36,790 --> 00:34:35,839
like a second home to me i felt normal

1009
00:34:38,389 --> 00:34:36,800
out there

1010
00:34:40,470 --> 00:34:38,399
everything was just you know i knew

1011
00:34:42,950 --> 00:34:40,480
weird stuff happened but you kind of i

1012
00:34:44,629 --> 00:34:42,960
kind of um compare it to being deployed

1013
00:34:46,550 --> 00:34:44,639

overseas for the first time

1014

00:34:47,750 --> 00:34:46,560

in a combat zone like you know you're on

1015

00:34:49,270 --> 00:34:47,760

edge or your everything's a big

1016

00:34:50,149 --> 00:34:49,280

experience everything's like tunnel

1017

00:34:53,270 --> 00:34:50,159

vision

1018

00:34:54,389 --> 00:34:53,280

by year by you know month nine month ten

1019

00:34:56,470 --> 00:34:54,399

year one you're ready to get the hell

1020

00:34:58,230 --> 00:34:56,480

out of there and go home by year five

1021

00:34:59,990 --> 00:34:58,240

you're just like whatever it's the ranch

1022

00:35:01,109 --> 00:35:00,000

i don't care it's just whatever so

1023

00:35:03,349 --> 00:35:01,119

you're kind of getting numb to the

1024

00:35:05,030 --> 00:35:03,359

environment and sometimes that's good

1025

00:35:07,430 --> 00:35:05,040

sometimes that's bad you get kind of

1026
00:35:09,990 --> 00:35:07,440
complacent which is not good but also

1027
00:35:11,270 --> 00:35:10,000
you're you're i feel like your vibration

1028
00:35:13,030 --> 00:35:11,280
uh kind of

1029
00:35:14,069 --> 00:35:13,040
tunes in with the environment if that

1030
00:35:16,550 --> 00:35:14,079
makes sense

1031
00:35:17,430 --> 00:35:16,560
anyway so i'm sitting on this lawn chair

1032
00:35:19,430 --> 00:35:17,440
and

1033
00:35:21,349 --> 00:35:19,440
my back's turned against the it's called

1034
00:35:23,990 --> 00:35:21,359
the eastern valley

1035
00:35:26,550 --> 00:35:24,000
and out of the out of this bushes of

1036
00:35:30,550 --> 00:35:26,560
sage i hear that same

1037
00:35:33,349 --> 00:35:30,560
how growl that i heard in 2010

1038
00:35:34,710 --> 00:35:33,359

or yeah 2010 i come off the chair

1039

00:35:35,910 --> 00:35:34,720

gun out

1040

00:35:37,270 --> 00:35:35,920

spinning

1041

00:35:38,390 --> 00:35:37,280

because i thought this thing was going

1042

00:35:40,310 --> 00:35:38,400

to attack

1043

00:35:42,630 --> 00:35:40,320

and i can see the shrubs move and the

1044

00:35:45,109 --> 00:35:42,640

dogs go after it and almost come right

1045

00:35:47,270 --> 00:35:45,119

back like confused so i go out with you

1046

00:35:48,710 --> 00:35:47,280

know flashlight i don't see anything

1047

00:35:50,390 --> 00:35:48,720

but something was there like letting me

1048

00:35:52,710 --> 00:35:50,400

know hey i'm still here

1049

00:35:54,230 --> 00:35:52,720

and i was like oh great now i gotta walk

1050

00:35:55,750 --> 00:35:54,240

back to the trailer which is like a

1051

00:35:57,670 --> 00:35:55,760

quarter mile away

1052

00:35:59,990 --> 00:35:57,680

and on this dirt road there's tons of

1053

00:36:02,630 --> 00:36:00,000

blind spots on this dirt road i'm going

1054

00:36:04,550 --> 00:36:02,640

to get flanked by something and and i'm

1055

00:36:06,069 --> 00:36:04,560

not making it back so the whole i

1056

00:36:08,550 --> 00:36:06,079

remember walking back that night like

1057

00:36:09,510 --> 00:36:08,560

just gun out like oh this is it i'm

1058

00:36:13,990 --> 00:36:09,520

going to die

1059

00:36:17,510 --> 00:36:16,230

give me a break you know

1060

00:36:20,150 --> 00:36:17,520

so and then

1061

00:36:22,710 --> 00:36:20,160

other things that's happened out there

1062

00:36:26,550 --> 00:36:24,150

uh

1063

00:36:28,950 --> 00:36:26,560

you know ufo related not too much stuff

1064

00:36:31,750 --> 00:36:28,960

that i would say i can consider uap or

1065

00:36:33,670 --> 00:36:31,760

ufo and but again remind you i didn't

1066

00:36:35,109 --> 00:36:33,680

spend that much time staring like

1067

00:36:37,510 --> 00:36:35,119

looking for that

1068

00:36:39,030 --> 00:36:37,520

uh i focus more on the ground because i

1069

00:36:41,349 --> 00:36:39,040

treat i treat the wrench like a giant

1070

00:36:43,510 --> 00:36:41,359

crime scene i want to collect real hard

1071

00:36:45,270 --> 00:36:43,520

data evidence that i can link

1072

00:36:47,190 --> 00:36:45,280

with the phenomena maybe but anyway i

1073

00:36:49,270 --> 00:36:47,200

had a spot out there on the ranch i

1074

00:36:50,390 --> 00:36:49,280

called meditation rock and i would go

1075

00:36:52,150 --> 00:36:50,400

out there with the dogs at night

1076

00:36:54,310 --> 00:36:52,160

sometimes especially the last couple

1077

00:36:56,150 --> 00:36:54,320

years i lived out there i would go out

1078

00:36:58,630 --> 00:36:56,160

on the rock and sleep on the rocks at

1079

00:37:00,390 --> 00:36:58,640

night with the dogs and and watch the

1080

00:37:02,630 --> 00:37:00,400

stars because i really felt like the

1081

00:37:05,910 --> 00:37:02,640

more time i physically invested in the

1082

00:37:08,150 --> 00:37:05,920

property the more things would open up

1083

00:37:10,230 --> 00:37:08,160

i feel that that is key to understanding

1084

00:37:12,950 --> 00:37:10,240

the ranch you have to really put your

1085

00:37:15,670 --> 00:37:12,960

sweat equity and get your boots dirty

1086

00:37:17,109 --> 00:37:15,680

and you have to really uh invest your

1087

00:37:18,150 --> 00:37:17,119

energy into that environment to

1088

00:37:19,589 --> 00:37:18,160

understand

1089

00:37:21,829 --> 00:37:19,599

that property

1090

00:37:23,589 --> 00:37:21,839

and when you do that i think things open

1091

00:37:25,270 --> 00:37:23,599

up at least it did for me

1092

00:37:26,950 --> 00:37:25,280

and i would go out in this rock and and

1093

00:37:28,630 --> 00:37:26,960

watch the stars

1094

00:37:30,870 --> 00:37:28,640

and with the dogs it was a great time

1095

00:37:33,349 --> 00:37:30,880

because you know looking back now

1096

00:37:35,270 --> 00:37:33,359

you know there's tv shows documentaries

1097

00:37:37,030 --> 00:37:35,280

everything's skin walkers like

1098

00:37:38,390 --> 00:37:37,040

it's on netflix now

1099

00:37:42,069 --> 00:37:38,400

back then

1100

00:37:44,390 --> 00:37:42,079

never going to be a mainstream topic it

1101
00:37:46,630 --> 00:37:44,400
was just the place that i worked at like

1102
00:37:49,190 --> 00:37:46,640
another site that i secured before you

1103
00:37:51,829 --> 00:37:49,200
know the doe and the test site

1104
00:37:53,270 --> 00:37:51,839
and my time in another job assignment

1105
00:37:54,710 --> 00:37:53,280
but it was a place i actually fell in

1106
00:37:57,349 --> 00:37:54,720
love with you know i love being out

1107
00:37:59,190 --> 00:37:57,359
there i hated being away from my family

1108
00:38:01,990 --> 00:37:59,200
but i really enjoyed my time out there

1109
00:38:04,790 --> 00:38:02,000
and i made my time useful so i would do

1110
00:38:07,109 --> 00:38:04,800
my photography to help pass the time and

1111
00:38:08,630 --> 00:38:07,119
explore and look for things and

1112
00:38:10,069 --> 00:38:08,640
i kind of felt pretty connected to the

1113
00:38:12,150 --> 00:38:10,079

place

1114

00:38:13,589 --> 00:38:12,160

that that's great man and i love this

1115

00:38:14,470 --> 00:38:13,599

idea of um

1116

00:38:16,150 --> 00:38:14,480

you know

1117

00:38:18,230 --> 00:38:16,160

investing in

1118

00:38:20,310 --> 00:38:18,240

the environment and the environment will

1119

00:38:23,510 --> 00:38:20,320

invest into you like it is such a give

1120

00:38:26,470 --> 00:38:23,520

and take and um a big part of your time

1121

00:38:28,390 --> 00:38:26,480

there was documenting uh certain things

1122

00:38:30,390 --> 00:38:28,400

a lot of the native american history

1123

00:38:31,910 --> 00:38:30,400

which gets overlooked a lot when it

1124

00:38:33,910 --> 00:38:31,920

comes to skin bucket ranch let's be

1125

00:38:36,150 --> 00:38:33,920

honest it's kind of based around this

1126

00:38:40,150 --> 00:38:36,160

native american uh

1127

00:38:42,069 --> 00:38:40,160

curse or or folklore of the area and um

1128

00:38:45,270 --> 00:38:42,079

that's all we really hear about it and

1129

00:38:47,829 --> 00:38:45,280

then we now move on to the ufo aspect or

1130

00:38:50,470 --> 00:38:47,839

the you know the portals and the the

1131

00:38:53,670 --> 00:38:50,480

wolves and this and that which is like

1132

00:38:56,230 --> 00:38:53,680

of course amazing and um literally

1133

00:38:58,390 --> 00:38:56,240

phenomenal we don't know what it is but

1134

00:39:00,790 --> 00:38:58,400

there's this whole other aspect to all

1135

00:39:03,910 --> 00:39:00,800

of this that gets overlooked and i think

1136

00:39:08,069 --> 00:39:03,920

people like you like james keenan like

1137

00:39:10,790 --> 00:39:08,079

um carl as well carl vibe uh you guys

1138

00:39:13,109 --> 00:39:10,800

are documenting

1139

00:39:14,630 --> 00:39:13,119

very important things that are getting

1140

00:39:15,990 --> 00:39:14,640

overlooked by the mainstream when it

1141

00:39:18,550 --> 00:39:16,000

comes to all this

1142

00:39:19,589 --> 00:39:18,560

so i'd love to ask you um

1143

00:39:22,150 --> 00:39:19,599

what did

1144

00:39:25,030 --> 00:39:22,160

someone like bigelow think about

1145

00:39:27,670 --> 00:39:25,040

your kind of approach to the ranch you

1146

00:39:29,750 --> 00:39:27,680

know i mean he's hiring people there to

1147

00:39:32,790 --> 00:39:29,760

investigate and try to figure out what's

1148

00:39:33,670 --> 00:39:32,800

going on with with all the uh paranormal

1149

00:39:35,750 --> 00:39:33,680

stuff

1150

00:39:38,310 --> 00:39:35,760

but then you've got this

1151

00:39:40,550 --> 00:39:38,320

ancient history there as well did that

1152

00:39:43,430 --> 00:39:40,560

ever come into it when you when you were

1153

00:39:45,270 --> 00:39:43,440

hired or with colm and um what did they

1154

00:39:47,510 --> 00:39:45,280

think of your whole approach to to

1155

00:39:48,390 --> 00:39:47,520

investigating the ranch

1156

00:39:51,670 --> 00:39:48,400

it's

1157

00:39:53,670 --> 00:39:51,680

was a serious lack of communication

1158

00:39:55,910 --> 00:39:53,680

during my time out there on the property

1159

00:39:57,750 --> 00:39:55,920

so i'm not sure what bigelow really

1160

00:40:00,150 --> 00:39:57,760

thought i know that

1161

00:40:04,630 --> 00:40:02,069

i know one of the reasons why i quit the

1162

00:40:06,309 --> 00:40:04,640

first time was because i was documenting

1163

00:40:07,990 --> 00:40:06,319

native american artifacts around the

1164

00:40:10,150 --> 00:40:08,000

whole entire property

1165

00:40:12,470 --> 00:40:10,160

and it was being overlooked and actually

1166

00:40:13,750 --> 00:40:12,480

received an email from somebody wasn't

1167

00:40:16,230 --> 00:40:13,760

calling there was somebody underneath

1168

00:40:19,270 --> 00:40:16,240

him who said stop reporting artifacts is

1169

00:40:21,750 --> 00:40:19,280

not important and i was like it's 100

1170

00:40:24,230 --> 00:40:21,760

important because it's history and for

1171

00:40:26,230 --> 00:40:24,240

the first time ever physical evidence

1172

00:40:28,390 --> 00:40:26,240

and through this evidence we can find

1173

00:40:30,390 --> 00:40:28,400

what was going on because in all native

1174

00:40:32,630 --> 00:40:30,400

americans not all but in the majority of

1175

00:40:34,230 --> 00:40:32,640

the tribes especially in utah talk about

1176

00:40:35,910 --> 00:40:34,240

the star people and their culture so

1177

00:40:38,069 --> 00:40:35,920

we're not going to explore this aspect

1178

00:40:39,990 --> 00:40:38,079

of what tribes were out here it wasn't

1179

00:40:42,470 --> 00:40:40,000

just the utes it goes back to the

1180

00:40:43,589 --> 00:40:42,480

fremont and then even beyond that

1181

00:40:45,750 --> 00:40:43,599

because

1182

00:40:48,069 --> 00:40:45,760

let me show you how important this is in

1183

00:40:50,069 --> 00:40:48,079

one area

1184

00:40:54,309 --> 00:40:50,079

like on the tv show the finale where it

1185

00:40:56,550 --> 00:40:54,319

shows the pillars and the petrogram

1186

00:40:58,550 --> 00:40:56,560

that they capture in the last episode

1187

00:41:01,349 --> 00:40:58,560

that area the eastern valley is where i

1188

00:41:03,270 --> 00:41:01,359

spent 90 of my time because i felt

1189

00:41:05,190 --> 00:41:03,280

naturally drawn there but there was also

1190

00:41:07,750 --> 00:41:05,200

an abundance of artifacts out there in

1191

00:41:09,670 --> 00:41:07,760

history and i documented so my thought

1192

00:41:11,829 --> 00:41:09,680

process was this i had a at a

1193

00:41:13,589 --> 00:41:11,839

topographical topographical map of the

1194

00:41:15,670 --> 00:41:13,599

property and every time i found an

1195

00:41:16,390 --> 00:41:15,680

artifact i would take a picture and gps

1196

00:41:18,069 --> 00:41:16,400

it

1197

00:41:20,150 --> 00:41:18,079

and then some artifacts i'd bring back

1198

00:41:22,150 --> 00:41:20,160

the homestead one to do further analysis

1199

00:41:23,670 --> 00:41:22,160

and and online research as best i could

1200

00:41:25,030 --> 00:41:23,680

some of the artifacts i actually took

1201

00:41:27,670 --> 00:41:25,040

down to vernal utah and had

1202

00:41:29,430 --> 00:41:27,680

professionals look at to get dates

1203

00:41:31,270 --> 00:41:29,440

and i would i would document all this

1204

00:41:33,109 --> 00:41:31,280

stuff because i felt like if i could

1205

00:41:35,270 --> 00:41:33,119

connect people's experiences to maybe an

1206

00:41:37,430 --> 00:41:35,280

abundance of artifacts there was a solid

1207

00:41:38,870 --> 00:41:37,440

connection there for the first time ever

1208

00:41:41,910 --> 00:41:38,880

it wasn't just like

1209

00:41:43,589 --> 00:41:41,920

oh it's this or it's that or you know

1210

00:41:45,589 --> 00:41:43,599

there was no direction when i first got

1211

00:41:47,030 --> 00:41:45,599

hired to what to look for

1212

00:41:48,630 --> 00:41:47,040

there really wasn't

1213

00:41:50,309 --> 00:41:48,640

it was like anything out of the ordinary

1214

00:41:52,150 --> 00:41:50,319

reported like okay

1215

00:41:54,710 --> 00:41:52,160

be more specific there was no like hey

1216

00:41:58,950 --> 00:41:54,720

focus on this or focus on that so when i

1217

00:42:00,950 --> 00:41:58,960

got told to stop reporting it i was like

1218

00:42:03,109 --> 00:42:00,960

what what's the deal here so

1219

00:42:05,750 --> 00:42:03,119

that kind of upset me a lot because i

1220

00:42:06,950 --> 00:42:05,760

invested so much of my time

1221

00:42:08,870 --> 00:42:06,960

doing that and i thought that was

1222

00:42:11,030 --> 00:42:08,880

extremely important and i still do to

1223

00:42:12,630 --> 00:42:11,040

this day so much so that i've gone back

1224

00:42:14,950 --> 00:42:12,640

to the basin on my own

1225

00:42:17,109 --> 00:42:14,960

and documented other locations around

1226

00:42:19,109 --> 00:42:17,119

the entire basin that have the same type

1227

00:42:21,030 --> 00:42:19,119

of connective phenomena which is you

1228

00:42:23,030 --> 00:42:21,040

know reporting screen walkers and ufos

1229

00:42:25,109 --> 00:42:23,040

but there's also a native american

1230

00:42:27,910 --> 00:42:25,119

native native american base there you

1231

00:42:29,670 --> 00:42:27,920

know but an area um in the eastern

1232

00:42:31,670 --> 00:42:29,680

valley

1233

00:42:33,750 --> 00:42:31,680

the artifacts are this important in one

1234

00:42:36,950 --> 00:42:33,760

location i found artifacts that go back

1235

00:42:39,349 --> 00:42:36,960

1500 years ago the arcade arcade period

1236

00:42:42,150 --> 00:42:39,359

in the same location i found paleo

1237

00:42:43,910 --> 00:42:42,160

artifacts that go back 10 000 years ago

1238

00:42:46,710 --> 00:42:43,920

so you have overlapping layers of

1239

00:42:48,790 --> 00:42:46,720

history in one location you know what

1240

00:42:50,470 --> 00:42:48,800

was going on out there

1241

00:42:52,790 --> 00:42:50,480

during that time much like the nevada

1242

00:42:54,870 --> 00:42:52,800

test site where they saw skinwalkers and

1243

00:42:56,309 --> 00:42:54,880

there's petroglyphs that go back 10 000

1244

00:42:57,990 --> 00:42:56,319

years ago

1245

00:42:59,829 --> 00:42:58,000

and skin walker ranch same thing

1246

00:43:01,829 --> 00:42:59,839

mcconkey ranch same thing blind frog

1247

00:43:05,349 --> 00:43:01,839

ranch has stuff right there uh mckees

1248

00:43:07,910 --> 00:43:05,359

springs at nine mile canyon and there's

1249

00:43:09,430 --> 00:43:07,920

it's undeniable you cannot ignore that

1250

00:43:10,870 --> 00:43:09,440

anymore there's

1251
00:43:12,390 --> 00:43:10,880
there's history there and it's worth

1252
00:43:14,390 --> 00:43:12,400
exploring and i'm not the only guy doing

1253
00:43:15,109 --> 00:43:14,400
it there's there's been people before me

1254
00:43:16,950 --> 00:43:15,119
who

1255
00:43:18,790 --> 00:43:16,960
brought up the same type of stuff that

1256
00:43:21,030 --> 00:43:18,800
i'm talking about now i just so happen

1257
00:43:22,390 --> 00:43:21,040
to photograph and document it and you

1258
00:43:24,550 --> 00:43:22,400
know i've linked up with james keane and

1259
00:43:26,470 --> 00:43:24,560
carl vibe and they've helped me as well

1260
00:43:28,390 --> 00:43:26,480
you know james kenyon's got a insane

1261
00:43:30,550 --> 00:43:28,400
amount of knowledge about this stuff

1262
00:43:33,190 --> 00:43:30,560
about especially about petroglyphs and

1263
00:43:34,150 --> 00:43:33,200

carl's got a great eye and he's also

1264

00:43:37,910 --> 00:43:34,160

very

1265

00:43:39,510 --> 00:43:37,920

this stuff so

1266

00:43:41,670 --> 00:43:39,520

um you know linking up with the right

1267

00:43:42,870 --> 00:43:41,680

guys you know the turn the term iron

1268

00:43:44,470 --> 00:43:42,880

sharpens iron you want to surround

1269

00:43:45,910 --> 00:43:44,480

yourself with some of the best guys i'm

1270

00:43:47,829 --> 00:43:45,920

surrounded with some of the best guys i

1271

00:43:49,510 --> 00:43:47,839

believe that are not just looking for a

1272

00:43:50,870 --> 00:43:49,520

payout they're looking for truth

1273

00:43:52,390 --> 00:43:50,880

and that's important when it comes down

1274

00:43:53,430 --> 00:43:52,400

to it because

1275

00:43:54,710 --> 00:43:53,440

i think there's something worth

1276

00:43:56,790 --> 00:43:54,720

exploring more and that's what i'm

1277

00:43:57,750 --> 00:43:56,800

continuing to do on my own

1278

00:43:58,870 --> 00:43:57,760

is that

1279

00:44:01,510 --> 00:43:58,880

yeah

1280

00:44:02,630 --> 00:44:01,520

i know colin was more open to it

1281

00:44:04,069 --> 00:44:02,640

i think

1282

00:44:07,430 --> 00:44:04,079

we had a conversation where he was like

1283

00:44:09,270 --> 00:44:07,440

just keep doing it but don't do it on

1284

00:44:10,790 --> 00:44:09,280

on the daily journal so that's when i

1285

00:44:12,710 --> 00:44:10,800

took it upon myself to keep my own

1286

00:44:13,990 --> 00:44:12,720

personal journal and documenting

1287

00:44:15,829 --> 00:44:14,000

everything myself and that's what i did

1288

00:44:18,150 --> 00:44:15,839

for five six the whole time i was out

1289

00:44:21,270 --> 00:44:18,160

there i have my own personal journal

1290

00:44:23,829 --> 00:44:21,280

of documentation of stuff or not just

1291

00:44:26,150 --> 00:44:23,839

artifacts but also areas of interest

1292

00:44:28,870 --> 00:44:26,160

that are highly important into

1293

00:44:29,910 --> 00:44:28,880

understanding what's going on out there

1294

00:44:31,030 --> 00:44:29,920

and

1295

00:44:33,349 --> 00:44:31,040

when

1296

00:44:34,870 --> 00:44:33,359

like the whole ufc stuff that's out now

1297

00:44:37,430 --> 00:44:34,880

it seems like that's such a mainstream

1298

00:44:38,870 --> 00:44:37,440

topic it almost seems like that's that's

1299

00:44:40,950 --> 00:44:38,880

the new narrative now that has to be

1300

00:44:44,230 --> 00:44:40,960

crowned on everybody's throat is

1301
00:44:47,510 --> 00:44:44,240
everything's uap everything's uap ufo

1302
00:44:49,829 --> 00:44:47,520
ufos are threats uaps are threats

1303
00:44:51,270 --> 00:44:49,839
i just i don't buy it i don't i don't

1304
00:44:53,109 --> 00:44:51,280
buy it man i don't buy it because of

1305
00:44:54,309 --> 00:44:53,119
where i used to work at but also i'm

1306
00:44:55,349 --> 00:44:54,319
having an open mind here if we're

1307
00:44:56,790 --> 00:44:55,359
talking about

1308
00:44:58,309 --> 00:44:56,800
real aliens

1309
00:45:00,630 --> 00:44:58,319
is that what we're talking about okay so

1310
00:45:02,710 --> 00:45:00,640
we're talking about a culture of of

1311
00:45:05,510 --> 00:45:02,720
beings that are so advanced they're

1312
00:45:06,870 --> 00:45:05,520
gonna come here and do what wipe us out

1313
00:45:08,230 --> 00:45:06,880

are we going to be able to stop that i

1314

00:45:09,990 --> 00:45:08,240

don't think so

1315

00:45:11,190 --> 00:45:10,000

i don't think that we're going to but

1316

00:45:12,630 --> 00:45:11,200

why would they wipe us out they're

1317

00:45:13,910 --> 00:45:12,640

probably coming here using this as a

1318

00:45:17,750 --> 00:45:13,920

resource

1319

00:45:18,710 --> 00:45:17,760

they probably view us as nothing but

1320

00:45:20,390 --> 00:45:18,720

cattle

1321

00:45:22,630 --> 00:45:20,400

and they use this as a resource so

1322

00:45:24,630 --> 00:45:22,640

they're not gonna hurt their resource

1323

00:45:26,230 --> 00:45:24,640

they may stop us from hurting ourselves

1324

00:45:28,470 --> 00:45:26,240

because i've said before

1325

00:45:31,510 --> 00:45:28,480

the only threat to humanity is humanity

1326
00:45:33,829 --> 00:45:31,520
itself we are such a destructive species

1327
00:45:35,190 --> 00:45:33,839
we're bound for extinction and we don't

1328
00:45:36,950 --> 00:45:35,200
care we're just like whatever doesn't

1329
00:45:38,390 --> 00:45:36,960
matter we have so many distractions now

1330
00:45:40,470 --> 00:45:38,400
and that's why the native american stuff

1331
00:45:43,030 --> 00:45:40,480
is so important these people didn't have

1332
00:45:45,430 --> 00:45:43,040
distractions so they're taking the time

1333
00:45:47,750 --> 00:45:45,440
to make petroglyphs about portals or

1334
00:45:49,349 --> 00:45:47,760
whatever giants or whatever else in

1335
00:45:52,630 --> 00:45:49,359
their area they're doing that for a

1336
00:45:53,430 --> 00:45:52,640
reason they're not just bored okay we're

1337
00:45:55,589 --> 00:45:53,440
not

1338
00:45:57,430 --> 00:45:55,599

we're talking 8 000 10 000 years ago

1339

00:45:58,710 --> 00:45:57,440

people are foraging and hunting every

1340

00:46:00,470 --> 00:45:58,720

day to live

1341

00:46:01,910 --> 00:46:00,480

they're not going to get bored i'm going

1342

00:46:04,230 --> 00:46:01,920

to go scribble on these rocks because

1343

00:46:05,670 --> 00:46:04,240

i'm bored no they're trying to relay

1344

00:46:08,230 --> 00:46:05,680

information

1345

00:46:10,230 --> 00:46:08,240

and so it's just ignored because

1346

00:46:11,510 --> 00:46:10,240

we're taught in our culture in american

1347

00:46:13,990 --> 00:46:11,520

culture

1348

00:46:15,589 --> 00:46:14,000

to like not focus on that when in

1349

00:46:17,670 --> 00:46:15,599

reality full circle we need to be

1350

00:46:19,270 --> 00:46:17,680

focusing back in the native tribes and

1351

00:46:21,030 --> 00:46:19,280

their cultures and their teachings

1352

00:46:22,630 --> 00:46:21,040

because they have it right

1353

00:46:24,790 --> 00:46:22,640

you know we want all these scientific

1354

00:46:27,270 --> 00:46:24,800

explanations and data and evidence and i

1355

00:46:29,349 --> 00:46:27,280

get that i'm totally for that but maybe

1356

00:46:31,670 --> 00:46:29,359

it's more important if we just sit back

1357

00:46:34,790 --> 00:46:31,680

on a mesa or in a rock or by a river and

1358

00:46:37,750 --> 00:46:34,800

just absorb the moment and learn that's

1359

00:46:38,630 --> 00:46:37,760

the key is absorbing the time

1360

00:46:40,470 --> 00:46:38,640

and

1361

00:46:42,790 --> 00:46:40,480

who cares about documenting the evidence

1362

00:46:45,030 --> 00:46:42,800

i get to a point but it's more important

1363

00:46:47,510 --> 00:46:45,040

to focus on the moment because i've said

1364

00:46:49,030 --> 00:46:47,520

before the ranch is bigger than a tv

1365

00:46:50,790 --> 00:46:49,040

show it's bigger than my photography

1366

00:46:53,109 --> 00:46:50,800

it's bigger than a contract with the

1367

00:46:55,510 --> 00:46:53,119

government it is real native american

1368

00:46:56,550 --> 00:46:55,520

indigenous culture history

1369

00:47:00,309 --> 00:46:56,560

and

1370

00:47:02,870 --> 00:47:00,319

the only way to learn is just sitting

1371

00:47:04,950 --> 00:47:02,880

there and absorbing it you have to be

1372

00:47:06,710 --> 00:47:04,960

there to absorb it you have to go out to

1373

00:47:09,349 --> 00:47:06,720

these places these petroglyphs and see

1374

00:47:11,190 --> 00:47:09,359

them for yourself and think to yourself

1375

00:47:13,190 --> 00:47:11,200

what was going on out here

1376

00:47:15,190 --> 00:47:13,200

you know because in today's society

1377

00:47:16,630 --> 00:47:15,200

we're so distracted with ipads and tv

1378

00:47:19,190 --> 00:47:16,640

shows they didn't have anything like

1379

00:47:21,430 --> 00:47:19,200

that the stars were their ipad the the

1380

00:47:23,030 --> 00:47:21,440

earth was their eye their netflix and

1381

00:47:24,470 --> 00:47:23,040

that's what they watched and they

1382

00:47:27,510 --> 00:47:24,480

learned from that

1383

00:47:29,750 --> 00:47:27,520

i mean let's be real here it's just like

1384

00:47:33,349 --> 00:47:29,760

it it feels like i've been taking crazy

1385

00:47:35,109 --> 00:47:33,359

pills since 2011 because in 2011 is when

1386

00:47:36,870 --> 00:47:35,119

i found my first artifact in the eastern

1387

00:47:40,069 --> 00:47:36,880

valley and that flipped my whole

1388

00:47:42,309 --> 00:47:40,079

perception of everything i was like whoa

1389

00:47:44,309 --> 00:47:42,319

there's something else going on out here

1390

00:47:46,309 --> 00:47:44,319

and then i felt like this may sound

1391

00:47:47,829 --> 00:47:46,319

crazy but it's the honest to god truth

1392

00:47:49,990 --> 00:47:47,839

the whole time i was out there i felt

1393

00:47:51,109 --> 00:47:50,000

like i was being guided by something

1394

00:47:52,790 --> 00:47:51,119

bigger

1395

00:47:54,390 --> 00:47:52,800

something was guiding me to find this

1396

00:47:56,950 --> 00:47:54,400

stuff because it wasn't just one

1397

00:47:58,549 --> 00:47:56,960

artifact no it was other areas of

1398

00:48:00,870 --> 00:47:58,559

interest some of those errors which i

1399

00:48:02,870 --> 00:48:00,880

showed on the tv show a cave

1400

00:48:04,549 --> 00:48:02,880

that was on the show that's one of many

1401

00:48:07,190 --> 00:48:04,559

areas i know out there personally that

1402

00:48:09,589 --> 00:48:07,200

are very important to the overall aspect

1403

00:48:11,829 --> 00:48:09,599

and view of the ranch

1404

00:48:14,309 --> 00:48:11,839

and i think it's great that utah's

1405

00:48:15,990 --> 00:48:14,319

getting that

1406

00:48:18,150 --> 00:48:16,000

you know attention because it's drawing

1407

00:48:20,470 --> 00:48:18,160

more people out to the basin so they can

1408

00:48:21,910 --> 00:48:20,480

experience themselves and make their own

1409

00:48:24,630 --> 00:48:21,920

assumptions because it's very easy for

1410

00:48:27,270 --> 00:48:24,640

us to be very judgmental at home

1411

00:48:29,190 --> 00:48:27,280

and and you know unclear armchair

1412

00:48:31,270 --> 00:48:29,200

quarterback stuff and you never go out

1413

00:48:33,109 --> 00:48:31,280

there and experience it

1414

00:48:34,630 --> 00:48:33,119

and you don't have to even go to utah

1415

00:48:36,069 --> 00:48:34,640

there's places probably in your local

1416

00:48:38,549 --> 00:48:36,079

areas with native history that you can

1417

00:48:40,870 --> 00:48:38,559

go out and just learn about it you might

1418

00:48:43,430 --> 00:48:40,880

learn something and really for me the

1419

00:48:45,750 --> 00:48:43,440

ranch was about spiritual evolution

1420

00:48:48,950 --> 00:48:45,760

that's how it boiled down to me it was

1421

00:48:50,549 --> 00:48:48,960

just about evolving as a human being

1422

00:48:51,349 --> 00:48:50,559

and that's what i kind of did when i

1423

00:48:53,910 --> 00:48:51,359

kind of showed that through my

1424

00:48:55,750 --> 00:48:53,920

photography like the ranch it's viewed

1425

00:48:57,349 --> 00:48:55,760

as a real scary like you always hear the

1426

00:49:00,069 --> 00:48:57,359

spookiest place in the world the most

1427

00:49:02,630 --> 00:49:00,079

paranormal hot spot and it is

1428

00:49:04,230 --> 00:49:02,640

it the ranch can be as dark as you want

1429

00:49:06,069 --> 00:49:04,240

or as light as you want it's based on

1430

00:49:08,309 --> 00:49:06,079

the individual what you're going to

1431

00:49:10,230 --> 00:49:08,319

focus your attention on and i focused on

1432

00:49:11,270 --> 00:49:10,240

the dark a little bit and then i focused

1433

00:49:13,349 --> 00:49:11,280

on the light

1434

00:49:15,349 --> 00:49:13,359

my primary focus was the light

1435

00:49:17,589 --> 00:49:15,359

and the capture and the beauty the ranch

1436

00:49:20,069 --> 00:49:17,599

of the property that was my focus

1437

00:49:21,430 --> 00:49:20,079

and i kind of felt like

1438

00:49:23,190 --> 00:49:21,440

that opened up the ranch more because i

1439

00:49:24,870 --> 00:49:23,200

was so focused on

1440

00:49:28,069 --> 00:49:24,880

subject matters of like you know

1441

00:49:29,510 --> 00:49:28,079

artifacts rock formations the vegetation

1442

00:49:31,270 --> 00:49:29,520

animals

1443

00:49:33,109 --> 00:49:31,280

and so i kind of that kind of helped me

1444

00:49:35,510 --> 00:49:33,119

understand the ranch more

1445

00:49:36,549 --> 00:49:35,520

i used to do this thing

1446

00:49:38,710 --> 00:49:36,559

um

1447

00:49:40,710 --> 00:49:38,720

to put my mind in the in the kind of

1448

00:49:42,790 --> 00:49:40,720

focus like laser focus

1449

00:49:44,870 --> 00:49:42,800

i would i would imagine that i had just

1450

00:49:47,270 --> 00:49:44,880

landed on a different planet and i was

1451
00:49:49,589 --> 00:49:47,280
and i was an alien or an alien explorer

1452
00:49:52,470 --> 00:49:49,599
and it was my job to find proof of life

1453
00:49:54,549 --> 00:49:52,480
so i would land in utah and it was my

1454
00:49:56,630 --> 00:49:54,559
job to go out and find artifacts to find

1455
00:49:58,390 --> 00:49:56,640
evidence to later go back to report and

1456
00:50:00,710 --> 00:49:58,400
i kind of that kind of helped me focus

1457
00:50:02,390 --> 00:50:00,720
on the minor details of being out there

1458
00:50:03,990 --> 00:50:02,400
and i still kind of use that technique

1459
00:50:05,750 --> 00:50:04,000
today i go out and i say okay i'm

1460
00:50:07,190 --> 00:50:05,760
mailing i just landed

1461
00:50:08,309 --> 00:50:07,200
and it's my job to find the proof of

1462
00:50:09,829 --> 00:50:08,319
life

1463
00:50:10,870 --> 00:50:09,839

it sounds crazy

1464

00:50:12,069 --> 00:50:10,880

that's just

1465

00:50:13,430 --> 00:50:12,079

i don't know maybe i was at the ranch

1466

00:50:14,950 --> 00:50:13,440

for too long had too much time on my

1467

00:50:17,190 --> 00:50:14,960

hands but

1468

00:50:18,950 --> 00:50:17,200

no obviously

1469

00:50:20,630 --> 00:50:18,960

exactly man and that's what we want we

1470

00:50:22,790 --> 00:50:20,640

want you to be real with us because you

1471

00:50:24,790 --> 00:50:22,800

know we get this kind of filtered

1472

00:50:26,950 --> 00:50:24,800

perception of the ranch through the

1473

00:50:28,790 --> 00:50:26,960

books through the tv shows and you know

1474

00:50:30,950 --> 00:50:28,800

i respect the work being done there

1475

00:50:32,950 --> 00:50:30,960

there's no denying like i think people

1476

00:50:35,270 --> 00:50:32,960

like brandon fugle and even bigelow to

1477

00:50:37,109 --> 00:50:35,280

an extent like they wanted answers they

1478

00:50:39,190 --> 00:50:37,119

have a burning curiosity they've had

1479

00:50:41,430 --> 00:50:39,200

experiences they want to know and they

1480

00:50:45,030 --> 00:50:41,440

have the resources to do that that's

1481

00:50:48,870 --> 00:50:46,870

yeah please the people that are asking

1482

00:50:50,630 --> 00:50:48,880

those questions like bigelow

1483

00:50:53,109 --> 00:50:50,640

people not so much fuel goes out there

1484

00:50:55,190 --> 00:50:53,119

but people that ask those questions they

1485

00:50:56,870 --> 00:50:55,200

need to go physically to those locations

1486

00:50:59,430 --> 00:50:56,880

and put that time in right you can't

1487

00:51:01,589 --> 00:50:59,440

just do it third party and expect to get

1488

00:51:03,750 --> 00:51:01,599

the truth because with those people who

1489

00:51:05,270 --> 00:51:03,760

are giving you that information are not

1490

00:51:07,510 --> 00:51:05,280

honorable people they're dishonest and

1491

00:51:09,510 --> 00:51:07,520

they're feeding you a bunch of crap

1492

00:51:11,109 --> 00:51:09,520

you have to be i know if i'm passionate

1493

00:51:12,470 --> 00:51:11,119

about something i'm going to go directly

1494

00:51:14,069 --> 00:51:12,480

to the source

1495

00:51:16,150 --> 00:51:14,079

and figure it out

1496

00:51:17,670 --> 00:51:16,160

or try to try to figure it out and

1497

00:51:19,910 --> 00:51:17,680

that's what kind of carl did recently

1498

00:51:22,150 --> 00:51:19,920

you know carl had this whole magic mesa

1499

00:51:23,349 --> 00:51:22,160

thing and he could have doubled down and

1500

00:51:26,390 --> 00:51:23,359

said it's all

1501
00:51:28,630 --> 00:51:26,400
paranormal or ufos but he didn't he went

1502
00:51:30,549 --> 00:51:28,640
out there and debunked his own thing and

1503
00:51:31,670 --> 00:51:30,559
that's saying something

1504
00:51:33,030 --> 00:51:31,680
and

1505
00:51:34,790 --> 00:51:33,040
i think when it comes to some of these

1506
00:51:37,430 --> 00:51:34,800
locations there's been people who have

1507
00:51:39,589 --> 00:51:37,440
lied i know there has been personally

1508
00:51:41,430 --> 00:51:39,599
who lied to impress people or to get the

1509
00:51:43,589 --> 00:51:41,440
favours of somebody or whatever the

1510
00:51:45,670 --> 00:51:43,599
reason why and it's not uncommon to

1511
00:51:48,470 --> 00:51:45,680
think that it happens every single day

1512
00:51:49,270 --> 00:51:48,480
in society where employees do their best

1513
00:51:51,910 --> 00:51:49,280

to

1514

00:51:53,829 --> 00:51:51,920

you know impress their boss it happens

1515

00:51:55,670 --> 00:51:53,839

everywhere and every single job in

1516

00:51:56,630 --> 00:51:55,680

america and across the world so how is

1517

00:51:58,150 --> 00:51:56,640

it going to be different at these

1518

00:51:59,750 --> 00:51:58,160

locations you want to impress your boss

1519

00:52:01,190 --> 00:51:59,760

you want to produce

1520

00:52:03,670 --> 00:52:01,200

but what are you going to produce

1521

00:52:05,589 --> 00:52:03,680

[h__h] or truth i focused on the truth

1522

00:52:08,870 --> 00:52:05,599

man that's it

1523

00:52:11,750 --> 00:52:08,880

i love it well okay truth is the perfect

1524

00:52:13,910 --> 00:52:11,760

way to kind of tackle um what i think is

1525

00:52:15,910 --> 00:52:13,920

going to be the most controversial part

1526
00:52:18,790 --> 00:52:15,920
of this conversation chris and i have to

1527
00:52:20,549 --> 00:52:18,800
ask because i know a lot of people um

1528
00:52:22,470 --> 00:52:20,559
they're frustrated with the lack of

1529
00:52:24,790 --> 00:52:22,480
transparency that came from the bigelow

1530
00:52:27,349 --> 00:52:24,800
era of the ranch you know a lot of

1531
00:52:29,190 --> 00:52:27,359
people they're they're not excuse their

1532
00:52:31,510 --> 00:52:29,200
explanation for why they're frustrated

1533
00:52:33,510 --> 00:52:31,520
is because taxpayer money did end up

1534
00:52:37,030 --> 00:52:33,520
going to studying skinwalker ranch

1535
00:52:39,589 --> 00:52:37,040
through a pentagon funded program so i

1536
00:52:42,470 --> 00:52:39,599
have to ask you as someone who worked on

1537
00:52:44,549 --> 00:52:42,480
the ranch were you ever aware

1538
00:52:47,510 --> 00:52:44,559

that the us government

1539

00:52:50,069 --> 00:52:47,520

actually was funding some of the

1540

00:52:51,829 --> 00:52:50,079

research going on at the ranch and uh

1541

00:52:54,630 --> 00:52:51,839

what do you make of the whole government

1542

00:52:56,470 --> 00:52:54,640

ties to skinwalker ranch

1543

00:52:58,950 --> 00:52:56,480

well that's a good question because i

1544

00:53:00,470 --> 00:52:58,960

didn't really i knew i've like nobody

1545

00:53:02,069 --> 00:53:00,480

sat me down and said okay here's the

1546

00:53:04,309 --> 00:53:02,079

game plan here's what's going on and

1547

00:53:05,750 --> 00:53:04,319

that's like a communication and that's

1548

00:53:08,790 --> 00:53:05,760

why

1549

00:53:10,790 --> 00:53:08,800

those programs fail like a communication

1550

00:53:11,990 --> 00:53:10,800

and there's some people that say asap

1551
00:53:15,030 --> 00:53:12,000
was a a

1552
00:53:17,270 --> 00:53:15,040
success and in some some areas it was a

1553
00:53:19,670 --> 00:53:17,280
success but it also was a complete

1554
00:53:21,990 --> 00:53:19,680
failure because from the start there was

1555
00:53:25,430 --> 00:53:22,000
a lack of communication there was no set

1556
00:53:29,030 --> 00:53:25,440
objective at all during my time

1557
00:53:30,069 --> 00:53:29,040
so it really kind of boils down to

1558
00:53:31,829 --> 00:53:30,079
the start

1559
00:53:33,829 --> 00:53:31,839
if you're going to talk about asap and

1560
00:53:35,910 --> 00:53:33,839
this all started from jane lakowsky who

1561
00:53:38,790 --> 00:53:35,920
was a dia agent who reached out to

1562
00:53:40,390 --> 00:53:38,800
robert bigelow back in 2007 right and

1563
00:53:43,030 --> 00:53:40,400

says hey i want to come check out your

1564

00:53:44,710 --> 00:53:43,040

ranch and bigelow is like okay

1565

00:53:46,390 --> 00:53:44,720

so right there that's kind of a to me it

1566

00:53:47,430 --> 00:53:46,400

seems like a red flag because anytime

1567

00:53:49,349 --> 00:53:47,440

the government gets involved with the

1568

00:53:50,710 --> 00:53:49,359

private sector who's that really the

1569

00:53:53,990 --> 00:53:50,720

benefit

1570

00:53:55,829 --> 00:53:54,000

the private sector or the government

1571

00:53:57,670 --> 00:53:55,839

so anyways so the council goes down the

1572

00:53:59,030 --> 00:53:57,680

property and in less than two hours has

1573

00:54:00,870 --> 00:53:59,040

an experience

1574

00:54:01,670 --> 00:54:00,880

you know so incredible that he goes back

1575

00:54:03,910 --> 00:54:01,680

to

1576

00:54:06,069 --> 00:54:03,920

the pentagon and gets funding for asap

1577

00:54:08,230 --> 00:54:06,079

with zero evidence

1578

00:54:09,990 --> 00:54:08,240

that's another red flag why

1579

00:54:11,589 --> 00:54:10,000

how how are you going to get money with

1580

00:54:13,109 --> 00:54:11,599

zero evidence just based on somebody's

1581

00:54:14,390 --> 00:54:13,119

experience

1582

00:54:16,870 --> 00:54:14,400

nobody's questioning that are you

1583

00:54:18,790 --> 00:54:16,880

serious it's like and then so that's not

1584

00:54:20,470 --> 00:54:18,800

the part that that strikes me as odd

1585

00:54:23,030 --> 00:54:20,480

because i never knew about the casket at

1586

00:54:24,870 --> 00:54:23,040

all the whole time i worked there

1587

00:54:26,630 --> 00:54:24,880

but if you have a guy who had the

1588

00:54:29,270 --> 00:54:26,640

experience

1589

00:54:31,030 --> 00:54:29,280

and he's just sitting in washington

1590

00:54:33,349 --> 00:54:31,040

not out there on the ranch

1591

00:54:35,589 --> 00:54:33,359

and he obviously had he's tapped on the

1592

00:54:37,270 --> 00:54:35,599

universe's door where he was able to get

1593

00:54:39,109 --> 00:54:37,280

funding for this experiment he's not out

1594

00:54:41,270 --> 00:54:39,119

there boots on the ground with me and

1595

00:54:43,430 --> 00:54:41,280

other guys out there

1596

00:54:45,430 --> 00:54:43,440

what's the point it's it's set up for

1597

00:54:47,589 --> 00:54:45,440

failure from the start because your

1598

00:54:49,109 --> 00:54:47,599

your most important asset resource who

1599

00:54:51,990 --> 00:54:49,119

had the connection

1600

00:54:53,510 --> 00:54:52,000

is gone he's nowhere to be found so now

1601
00:54:55,430 --> 00:54:53,520
it's left to a bunch of prime military

1602
00:54:57,510 --> 00:54:55,440
veterans to go out there and and do what

1603
00:54:59,349 --> 00:54:57,520
figure what out it seems like the whole

1604
00:55:00,470 --> 00:54:59,359
program was a fail to this in the

1605
00:55:02,470 --> 00:55:00,480
beginning because of the lack of

1606
00:55:04,829 --> 00:55:02,480
communication we still were able to

1607
00:55:06,390 --> 00:55:04,839
collect data and and have some

1608
00:55:07,589 --> 00:55:06,400
experiences

1609
00:55:09,430 --> 00:55:07,599
but it makes you wonder you know what

1610
00:55:11,670 --> 00:55:09,440
was what else was going on out there

1611
00:55:13,829 --> 00:55:11,680
that we didn't know about it seemed like

1612
00:55:15,750 --> 00:55:13,839
it seemed like certain people during my

1613
00:55:16,870 --> 00:55:15,760

timeline avoided the ranch like the

1614

00:55:18,230 --> 00:55:16,880

plague

1615

00:55:20,549 --> 00:55:18,240

and it's just like what do you want us

1616

00:55:21,829 --> 00:55:20,559

to do out here there's there's limited

1617

00:55:23,589 --> 00:55:21,839

direction

1618

00:55:25,750 --> 00:55:23,599

so and that's like the military mindset

1619

00:55:27,589 --> 00:55:25,760

is like work more with less

1620

00:55:29,510 --> 00:55:27,599

and so that's what we do you work more

1621

00:55:31,109 --> 00:55:29,520

less you still have a job to do

1622

00:55:32,630 --> 00:55:31,119

but to me you know after learning about

1623

00:55:35,910 --> 00:55:32,640

awesome because i didn't know about osap

1624

00:55:37,270 --> 00:55:35,920

until 2019 but and learn about lakatsuki

1625

00:55:39,109 --> 00:55:37,280

and stuff

1626

00:55:40,950 --> 00:55:39,119

i didn't know that he even came out

1627

00:55:43,030 --> 00:55:40,960

there and had an experience and was

1628

00:55:45,109 --> 00:55:43,040

until later with a new book and stuff

1629

00:55:46,710 --> 00:55:45,119

that he that i found out

1630

00:55:48,710 --> 00:55:46,720

but i thought to myself what a wasted

1631

00:55:50,150 --> 00:55:48,720

opportunity because it had been great

1632

00:55:52,230 --> 00:55:50,160

for him to come out there because he's

1633

00:55:53,829 --> 00:55:52,240

had he has a connection out there and

1634

00:55:55,829 --> 00:55:53,839

that's how the ranch works

1635

00:55:57,990 --> 00:55:55,839

i felt the ranch

1636

00:55:59,670 --> 00:55:58,000

has a connected connectiveness to people

1637

00:56:01,270 --> 00:55:59,680

or whatever

1638

00:56:03,670 --> 00:56:01,280

so why would you want to come back out

1639

00:56:05,270 --> 00:56:03,680

it doesn't make any sense to me you know

1640

00:56:07,670 --> 00:56:05,280

it feels like

1641

00:56:10,710 --> 00:56:07,680

a missed opportunity you know

1642

00:56:12,069 --> 00:56:10,720

and i don't know if if the reason why he

1643

00:56:13,190 --> 00:56:12,079

didn't come out was because he had a bad

1644

00:56:14,630 --> 00:56:13,200

experience

1645

00:56:15,829 --> 00:56:14,640

and i guess according to the book there

1646

00:56:17,589 --> 00:56:15,839

was five other

1647

00:56:19,510 --> 00:56:17,599

guys who came out there and theo hog

1648

00:56:21,910 --> 00:56:19,520

they all had horrible experiences and

1649

00:56:24,789 --> 00:56:21,920

their families were affected

1650

00:56:27,349 --> 00:56:24,799

so if that new book that came out

1651
00:56:29,430 --> 00:56:27,359
was created to set the record straight

1652
00:56:30,549 --> 00:56:29,440
and everything in that book is factual

1653
00:56:32,150 --> 00:56:30,559
or real

1654
00:56:33,990 --> 00:56:32,160
and you're saying that these people had

1655
00:56:36,710 --> 00:56:34,000
all these horrible

1656
00:56:39,430 --> 00:56:36,720
experiences why the hell are we out

1657
00:56:42,150 --> 00:56:39,440
there on the ranch by ourselves

1658
00:56:44,710 --> 00:56:42,160
and definitely running and gunning

1659
00:56:46,710 --> 00:56:44,720
that's okay that's not okay you can't

1660
00:56:48,549 --> 00:56:46,720
keep you can't put people out there and

1661
00:56:50,950 --> 00:56:48,559
not tell them what's going on

1662
00:56:53,510 --> 00:56:50,960
i mean am i wrong here it seems like

1663
00:56:55,109 --> 00:56:53,520

imagine putting yourself in my situation

1664

00:56:57,270 --> 00:56:55,119

right put yourself in my situation for a

1665

00:56:58,870 --> 00:56:57,280

second and your job is to secure the

1666

00:57:01,030 --> 00:56:58,880

property collect data

1667

00:57:02,710 --> 00:57:01,040

and you're doing it as best as you can

1668

00:57:05,670 --> 00:57:02,720

and you do it for years and years and

1669

00:57:07,349 --> 00:57:05,680

years and then to come to find out

1670

00:57:08,549 --> 00:57:07,359

there was another program going on all

1671

00:57:10,390 --> 00:57:08,559

staff

1672

00:57:11,670 --> 00:57:10,400

and there was people that had horrible

1673

00:57:13,589 --> 00:57:11,680

experiences

1674

00:57:15,829 --> 00:57:13,599

that affected their families

1675

00:57:18,390 --> 00:57:15,839

and i had things happen to my family

1676

00:57:20,150 --> 00:57:18,400

horrible things that directly from the

1677

00:57:22,309 --> 00:57:20,160

ranch and i knew other colleagues of

1678

00:57:25,109 --> 00:57:22,319

mine had bad things so my family is

1679

00:57:27,430 --> 00:57:25,119

expendable my health is expendable

1680

00:57:29,430 --> 00:57:27,440

it's unacceptable and there that it's

1681

00:57:31,190 --> 00:57:29,440

it's a point that everybody just kind of

1682

00:57:33,109 --> 00:57:31,200

glazes over

1683

00:57:34,470 --> 00:57:33,119

and it's a point that needs to be at

1684

00:57:36,150 --> 00:57:34,480

some point there needs to be some

1685

00:57:37,190 --> 00:57:36,160

accountability or at least somebody

1686

00:57:38,789 --> 00:57:37,200

needs to call me up and have a

1687

00:57:40,309 --> 00:57:38,799

conversation because that's the right

1688

00:57:42,069 --> 00:57:40,319

thing to do because i feel like we're

1689

00:57:44,630 --> 00:57:42,079

just abandoned out there

1690

00:57:47,829 --> 00:57:44,640

with no there's no real direction

1691

00:57:48,630 --> 00:57:47,839

i'm so happy you brought this up because

1692

00:57:52,390 --> 00:57:48,640

the

1693

00:57:56,470 --> 00:57:52,400

i would say touchy subjects when it

1694

00:57:57,829 --> 00:57:56,480

comes to all of this is this idea

1695

00:58:00,309 --> 00:57:57,839

i'm just going to come out and say it

1696

00:58:02,950 --> 00:58:00,319

some people think that

1697

00:58:05,109 --> 00:58:02,960

people like you or even the current

1698

00:58:06,870 --> 00:58:05,119

people on the ranch

1699

00:58:09,349 --> 00:58:06,880

are being

1700

00:58:12,069 --> 00:58:09,359

i i hate using this word but we're being

1701

00:58:14,789 --> 00:58:12,079

used as like guinea pigs is the term

1702

00:58:17,190 --> 00:58:14,799

people have said you have people like um

1703

00:58:20,069 --> 00:58:17,200

travis taylor who got radiation

1704

00:58:22,470 --> 00:58:20,079

poisoning you had members of um you know

1705

00:58:23,910 --> 00:58:22,480

during your time other people who had

1706

00:58:26,230 --> 00:58:23,920

ailments or brought home these

1707

00:58:28,870 --> 00:58:26,240

hitchhiker effects as they've sort of

1708

00:58:30,710 --> 00:58:28,880

sort of coined it but um you know that's

1709

00:58:34,710 --> 00:58:30,720

the paranormal side then we have the

1710

00:58:36,390 --> 00:58:34,720

actual clinical physiological uh

1711

00:58:39,430 --> 00:58:36,400

ailments that have occurred on this

1712

00:58:41,829 --> 00:58:39,440

ranch so i i guess i'll just flat out

1713

00:58:43,430 --> 00:58:41,839

ask you what are your opinions on those

1714

00:58:46,230 --> 00:58:43,440

who do claim

1715

00:58:48,150 --> 00:58:46,240

that you guys were being used as some

1716

00:58:53,430 --> 00:58:48,160

sort of experiment

1717

00:58:56,950 --> 00:58:55,190

man i'll tell you

1718

00:58:57,990 --> 00:58:56,960

it puts me in a dark place it really

1719

00:58:59,910 --> 00:58:58,000

does

1720

00:59:02,390 --> 00:58:59,920

because i don't want to think that but

1721

00:59:04,950 --> 00:59:02,400

it's hard it's hard not to think that

1722

00:59:06,789 --> 00:59:04,960

when you look back at the timeline and

1723

00:59:09,109 --> 00:59:06,799

there was like a communication like i

1724

00:59:11,109 --> 00:59:09,119

said you know lack of equipment that's

1725

00:59:12,870 --> 00:59:11,119

that's no problem you know

1726

00:59:14,710 --> 00:59:12,880

that's just how it was

1727

00:59:16,470 --> 00:59:14,720

not having one working camera out there

1728

00:59:17,990 --> 00:59:16,480

that's suspect

1729

00:59:19,829 --> 00:59:18,000

your job for security you're supposed to

1730

00:59:21,349 --> 00:59:19,839

have some type of thing but

1731

00:59:22,950 --> 00:59:21,359

there's all these questions me and my

1732

00:59:24,789 --> 00:59:22,960

guys who worked out there we all kind of

1733

00:59:27,270 --> 00:59:24,799

joked around about that we're just lab

1734

00:59:30,470 --> 00:59:27,280

rats out here we joked around about that

1735

00:59:33,670 --> 00:59:30,480

but we never thought it was real

1736

00:59:36,069 --> 00:59:33,680

but i will say in 2019 i met a scientist

1737

00:59:38,390 --> 00:59:36,079

and that you went to basin and the first

1738

00:59:41,750 --> 00:59:38,400

three things he said to me

1739

00:59:44,230 --> 00:59:41,760

and this is in early 2019.

1740

00:59:46,069 --> 00:59:44,240

he said to me um

1741

00:59:47,349 --> 00:59:46,079

we had a private conversation actually

1742

00:59:49,670 --> 00:59:47,359

it wasn't private there was mother there

1743

00:59:51,990 --> 00:59:49,680

was other witnesses there

1744

00:59:53,750 --> 00:59:52,000

but the first thing he said to me was

1745

00:59:56,630 --> 00:59:53,760

did i know about radiation out here on

1746

00:59:57,829 --> 00:59:56,640

the property in utah in the basin i'm

1747

00:59:59,109 --> 00:59:57,839

like what

1748

01:00:00,390 --> 00:59:59,119

no

1749

01:00:02,470 --> 01:00:00,400

and then he said

1750

01:00:04,390 --> 01:00:02,480

did you know about 22 million dollars

1751

01:00:05,910 --> 01:00:04,400

and i was like no

1752

01:00:08,150 --> 01:00:05,920

and then the last thing he said to me

1753

01:00:09,829 --> 01:00:08,160

and when he said this my heart sunk into

1754

01:00:11,270 --> 01:00:09,839

my stomach he said

1755

01:00:14,150 --> 01:00:11,280

you know how does it feel to know you're

1756

01:00:15,750 --> 01:00:14,160

possibly a guinea pig in all this and i

1757

01:00:17,349 --> 01:00:15,760

remember saying

1758

01:00:18,630 --> 01:00:17,359

if that's true i don't feel very good

1759

01:00:19,589 --> 01:00:18,640

about it

1760

01:00:21,510 --> 01:00:19,599

and then

1761

01:00:22,710 --> 01:00:21,520

at that time my whole mind flipped

1762

01:00:24,710 --> 01:00:22,720

upside down

1763

01:00:26,230 --> 01:00:24,720

i'm like what the

1764

01:00:29,270 --> 01:00:26,240

then like all these memories started

1765

01:00:31,270 --> 01:00:29,280

coming back and um

1766

01:00:32,630 --> 01:00:31,280

i don't know it's i'm still left you

1767

01:00:34,069 --> 01:00:32,640

know from i'll be honest with you ryan

1768

01:00:36,870 --> 01:00:34,079

this whole thing about me even coming

1769

01:00:38,710 --> 01:00:36,880

out publicly in 2019 was probably never

1770

01:00:40,150 --> 01:00:38,720

supposed to happen

1771

01:00:42,950 --> 01:00:40,160

um but

1772

01:00:44,950 --> 01:00:42,960

i have questions that need answering and

1773

01:00:47,829 --> 01:00:44,960

i feel like every single time i open up

1774

01:00:49,990 --> 01:00:47,839

a door to or every time i close the door

1775

01:00:52,789 --> 01:00:50,000

two more open up

1776

01:00:55,109 --> 01:00:52,799

and it just blows my mind it really does

1777

01:00:56,630 --> 01:00:55,119

because i've served honorably for this

1778

01:00:58,950 --> 01:00:56,640

country i've done

1779

01:01:01,030 --> 01:00:58,960

i've sacrificed everything and

1780

01:01:04,230 --> 01:01:01,040

especially for the ranch i have i

1781

01:01:05,430 --> 01:01:04,240

sacrificed but my family has sacrificed

1782

01:01:09,750 --> 01:01:05,440

and

1783

01:01:13,510 --> 01:01:11,349

i don't i don't know what to say really

1784

01:01:15,190 --> 01:01:13,520

it really uh i don't have a lot of words

1785

01:01:16,950 --> 01:01:15,200

to say about it

1786

01:01:19,349 --> 01:01:16,960

i'm still trying to i'm just trying to

1787

01:01:22,069 --> 01:01:19,359

figure it out you know as best i can

1788

01:01:26,230 --> 01:01:23,349

i don't know

1789

01:01:28,630 --> 01:01:26,240

i you know meeting people like uh james

1790

01:01:30,309 --> 01:01:28,640

uh keenan and carl and some of the

1791

01:01:32,470 --> 01:01:30,319

people in the community online have

1792

01:01:33,750 --> 01:01:32,480

really helped me out a lot

1793

01:01:36,230 --> 01:01:33,760

and if it wasn't for them i'd probably

1794

01:01:38,069 --> 01:01:36,240

be in a pretty dark place and then i met

1795

01:01:40,630 --> 01:01:38,079

ross matla obviously with the university

1796

01:01:43,349 --> 01:01:40,640

of maryland and that was a huge

1797

01:01:45,349 --> 01:01:43,359

bonus because i was able to document

1798

01:01:47,270 --> 01:01:45,359

or i was able to donate my entire

1799

01:01:49,430 --> 01:01:47,280

skinwalker archive to the university of

1800

01:01:51,349 --> 01:01:49,440

maryland and for me that was a big

1801

01:01:54,150 --> 01:01:51,359

closure moment for me because i was able

1802

01:01:56,630 --> 01:01:54,160

to kind of lock away that

1803

01:01:57,829 --> 01:01:56,640

those memories and and and some of that

1804

01:01:59,750 --> 01:01:57,839

stuff

1805

01:02:01,510 --> 01:01:59,760

and and uh in a place that will always

1806

01:02:03,589 --> 01:02:01,520

be there forever and my kids can go back

1807

01:02:05,589 --> 01:02:03,599

and view that the photography and it's

1808

01:02:07,510 --> 01:02:05,599

just awesome you know it's ross matlow

1809

01:02:09,430 --> 01:02:07,520

at the university of maryland

1810

01:02:11,349 --> 01:02:09,440

um he really helped me out and it's

1811

01:02:13,589 --> 01:02:11,359

because it's because toros saw something

1812

01:02:15,109 --> 01:02:13,599

online you saw i had an artistic eye

1813

01:02:17,349 --> 01:02:15,119

and he also was like whoa this is skin

1814

01:02:18,870 --> 01:02:17,359

walker ranch nobody has ever posted

1815

01:02:22,150 --> 01:02:18,880

pictures like this before on skinwalker

1816

01:02:23,430 --> 01:02:22,160

ranch and i did it i post those pictures

1817

01:02:25,029 --> 01:02:23,440

online because i want to show people

1818

01:02:27,029 --> 01:02:25,039

that it wasn't all scary it was all

1819

01:02:29,109 --> 01:02:27,039

beautiful it was there was some dark

1820

01:02:31,190 --> 01:02:29,119

times out there but it's also

1821

01:02:32,870 --> 01:02:31,200

some gorgeous times out there but for me

1822

01:02:35,109 --> 01:02:32,880

when i look back at my photography i

1823

01:02:36,710 --> 01:02:35,119

look back at my photography now and it

1824

01:02:39,109 --> 01:02:36,720

puts me in that mind frame of being

1825

01:02:41,109 --> 01:02:39,119

alone out there and using my photography

1826

01:02:42,549 --> 01:02:41,119

to kind of get through the weeks

1827

01:02:43,990 --> 01:02:42,559

and get through some of the sketchy

1828

01:02:45,430 --> 01:02:44,000

because i'll tell you walking from

1829

01:02:46,870 --> 01:02:45,440

homestead one

1830

01:02:48,230 --> 01:02:46,880

all the way down to the west gate at

1831

01:02:49,430 --> 01:02:48,240

night at two o'clock in the morning and

1832

01:02:51,670 --> 01:02:49,440

you're by yourself and you've got a

1833

01:02:53,430 --> 01:02:51,680

couple dogs with you

1834

01:02:55,109 --> 01:02:53,440

there's some nights where you get to

1835

01:02:57,029 --> 01:02:55,119

homestead too and you feel like you know

1836

01:02:58,950 --> 01:02:57,039

what something's telling me not to keep

1837

01:03:00,390 --> 01:02:58,960

going forward i need to go and i would i

1838

01:03:01,750 --> 01:03:00,400

would listen to my gut extent all the

1839

01:03:03,670 --> 01:03:01,760

time because i felt like you're always

1840

01:03:06,630 --> 01:03:03,680

being washed out there

1841

01:03:08,630 --> 01:03:06,640

yeah so i don't know i mean

1842

01:03:10,309 --> 01:03:08,640

i don't have any ill feelings to my

1843

01:03:12,230 --> 01:03:10,319

previous employer that shocks a lot of

1844

01:03:13,589 --> 01:03:12,240

people people think that oh my god you

1845

01:03:16,069 --> 01:03:13,599

should definitely have

1846

01:03:17,750 --> 01:03:16,079

why how's that going to help because if

1847

01:03:19,829 --> 01:03:17,760

you really talk about disclosure and

1848

01:03:21,270 --> 01:03:19,839

discovering the truth

1849

01:03:22,870 --> 01:03:21,280

i hate to say it but it comes with

1850

01:03:24,150 --> 01:03:22,880

sacrifices

1851
01:03:25,910 --> 01:03:24,160
it does

1852
01:03:27,109 --> 01:03:25,920
so in this situation i played my

1853
01:03:29,109 --> 01:03:27,119
position

1854
01:03:31,029 --> 01:03:29,119
of what i was supposed to do

1855
01:03:32,870 --> 01:03:31,039
other people play their position and

1856
01:03:33,670 --> 01:03:32,880
that's how these special access programs

1857
01:03:36,150 --> 01:03:33,680
work

1858
01:03:37,589 --> 01:03:36,160
however in most special access programs

1859
01:03:39,670 --> 01:03:37,599
there's a constant open form of

1860
01:03:41,349 --> 01:03:39,680
communication where everybody's on the

1861
01:03:44,549 --> 01:03:41,359
same playing field and there's

1862
01:03:45,750 --> 01:03:44,559
information spreading very openly

1863
01:03:47,750 --> 01:03:45,760

because in this situation with

1864

01:03:49,589 --> 01:03:47,760

skinwalker because there was a lack of

1865

01:03:51,750 --> 01:03:49,599

communication most the guys including

1866

01:03:53,109 --> 01:03:51,760

myself didn't report half the stuff that

1867

01:03:55,190 --> 01:03:53,119

we experienced because it seemed like

1868

01:03:56,710 --> 01:03:55,200

nobody cared

1869

01:03:58,549 --> 01:03:56,720

that's the truth it seemed like nobody

1870

01:04:00,470 --> 01:03:58,559

cared because

1871

01:04:02,630 --> 01:04:00,480

we would i why why am i spending the

1872

01:04:04,789 --> 01:04:02,640

money there was a time where i would be

1873

01:04:07,430 --> 01:04:04,799

inside homestead 2 sitting in a lawn

1874

01:04:09,589 --> 01:04:07,440

chair at 2 o'clock in the morning by

1875

01:04:11,510 --> 01:04:09,599

myself trying to make contact with

1876

01:04:12,870 --> 01:04:11,520

whatever out there

1877

01:04:15,270 --> 01:04:12,880

and i remember one night thinking to

1878

01:04:16,390 --> 01:04:15,280

myself what the hell am i doing

1879

01:04:25,270 --> 01:04:16,400

i

1880

01:04:27,510 --> 01:04:25,280

not the escape to stop them and they get

1881

01:04:29,349 --> 01:04:27,520

on here and they vandalize or they steal

1882

01:04:31,109 --> 01:04:29,359

something at the time we have the ranch

1883

01:04:32,230 --> 01:04:31,119

managers on there what if somebody gets

1884

01:04:33,829 --> 01:04:32,240

hurt

1885

01:04:35,510 --> 01:04:33,839

and then here's the best part

1886

01:04:36,950 --> 01:04:35,520

so i'm in the homesteads and this is all

1887

01:04:39,349 --> 01:04:36,960

playing the back of my mind i'm

1888

01:04:41,270 --> 01:04:39,359

constantly operating the red zone

1889

01:04:43,430 --> 01:04:41,280

and then it's not like i clock out and i

1890

01:04:45,270 --> 01:04:43,440

go home or i go down to a hotel than to

1891

01:04:47,430 --> 01:04:45,280

go to sleep no i go to sleep at

1892

01:04:49,910 --> 01:04:47,440

homestead one

1893

01:04:52,230 --> 01:04:49,920

at skinwalker ranch and i remember every

1894

01:04:54,230 --> 01:04:52,240

night closing my eyes thinking to myself

1895

01:04:56,069 --> 01:04:54,240

i hope nobody gets on the property and

1896

01:04:58,710 --> 01:04:56,079

puts a bullet in my head

1897

01:05:00,870 --> 01:04:58,720

because during my time during my time we

1898

01:05:02,309 --> 01:05:00,880

had legitimate threats from locals that

1899

01:05:04,309 --> 01:05:02,319

wanted to shoot one of us to prove that

1900

01:05:05,430 --> 01:05:04,319

we were that we were either cursed or a

1901

01:05:07,029 --> 01:05:05,440

hybrid

1902

01:05:09,430 --> 01:05:07,039

so all this is going in the back of your

1903

01:05:11,270 --> 01:05:09,440

mind so psychologically

1904

01:05:13,910 --> 01:05:11,280

you're just pegged out man you're just

1905

01:05:15,750 --> 01:05:13,920

like operating you know

1906

01:05:17,270 --> 01:05:15,760

and all this stuff come all this stuff

1907

01:05:18,710 --> 01:05:17,280

comes out tv shows come out

1908

01:05:21,670 --> 01:05:18,720

documentaries come out and i'm just

1909

01:05:24,069 --> 01:05:21,680

sitting there like are you kidding me

1910

01:05:25,510 --> 01:05:24,079

are you seriously kidding me

1911

01:05:27,829 --> 01:05:25,520

and i'll tell you what man there's been

1912

01:05:30,789 --> 01:05:27,839

about 15 times where i've just about

1913

01:05:32,710 --> 01:05:30,799

almost just packed everything up

1914

01:05:34,710 --> 01:05:32,720

deleting all my accounts and just let

1915

01:05:36,630 --> 01:05:34,720

the narrative play out

1916

01:05:38,150 --> 01:05:36,640

and say

1917

01:05:39,910 --> 01:05:38,160

i guess it'll be like another mk ultra

1918

01:05:41,910 --> 01:05:39,920

deal like when i'm 70 years old i'll

1919

01:05:43,270 --> 01:05:41,920

find out what was going on at skinwalker

1920

01:05:44,870 --> 01:05:43,280

ranch you know

1921

01:05:46,390 --> 01:05:44,880

i don't know i have a lot of unanswered

1922

01:05:47,589 --> 01:05:46,400

questions

1923

01:05:51,029 --> 01:05:47,599

and

1924

01:05:53,109 --> 01:05:51,039

i'm i'm i'm pat my patience is gone now

1925

01:05:54,870 --> 01:05:53,119

it really is

1926

01:05:56,870 --> 01:05:54,880

and i'm just trying to close the door

1927

01:05:59,270 --> 01:05:56,880

for my kids that's it i have three young

1928

01:06:01,270 --> 01:05:59,280

men i'm trying to raise

1929

01:06:02,829 --> 01:06:01,280

and to know that my time on skinwalker

1930

01:06:05,029 --> 01:06:02,839

ranch may have affected my health

1931

01:06:06,230 --> 01:06:05,039

negative where time is not taken away

1932

01:06:07,670 --> 01:06:06,240

from me

1933

01:06:09,589 --> 01:06:07,680

because of my long-term exposure out

1934

01:06:11,430 --> 01:06:09,599

there i will tell you that does not sit

1935

01:06:12,710 --> 01:06:11,440

very well with me

1936

01:06:13,750 --> 01:06:12,720

and i don't think it would for any

1937

01:06:16,549 --> 01:06:13,760

father

1938

01:06:18,789 --> 01:06:16,559

yeah you know absolutely i

1939

01:06:21,270 --> 01:06:18,799

everything you have said um

1940

01:06:23,670 --> 01:06:21,280

i'm sure is resonating with a hell of a

1941

01:06:26,549 --> 01:06:23,680

lot of first of all veterans out there

1942

01:06:29,029 --> 01:06:26,559

and second of all just human beings is

1943

01:06:32,069 --> 01:06:29,039

what you've done in sacrifice for your

1944

01:06:34,309 --> 01:06:32,079

country for um for the scientific

1945

01:06:36,549 --> 01:06:34,319

community supposedly that's what they

1946

01:06:39,750 --> 01:06:36,559

wanted were scientific answers and

1947

01:06:41,349 --> 01:06:39,760

beyond so um you know before i move on

1948

01:06:43,750 --> 01:06:41,359

here uh thank you

1949

01:06:45,829 --> 01:06:43,760

thank you for your service thank you for

1950

01:06:46,710 --> 01:06:45,839

what you did on the ranch thank you for

1951

01:06:48,789 --> 01:06:46,720

um

1952

01:06:51,109 --> 01:06:48,799

for opening yourself up to that and

1953

01:06:53,109 --> 01:06:51,119

making those sacrifices because i think

1954

01:06:55,430 --> 01:06:53,119

we are getting closer to answers and i'm

1955

01:06:57,750 --> 01:06:55,440

happy you didn't pack up and just leave

1956

01:07:00,390 --> 01:06:57,760

because i do honestly feel that your

1957

01:07:03,190 --> 01:07:00,400

contribution to this skinwalker mystery

1958

01:07:05,670 --> 01:07:03,200

uh is essential showing the light i

1959

01:07:07,029 --> 01:07:05,680

think again all we get is the spooky

1960

01:07:10,069 --> 01:07:07,039

[h__\h] and the

1961

01:07:12,470 --> 01:07:10,079

you know the really um sensational stuff

1962

01:07:14,470 --> 01:07:12,480

and then you have like you said with the

1963

01:07:17,630 --> 01:07:14,480

uh the photo exhibition at the

1964

01:07:20,470 --> 01:07:17,640

university uh that shows how

1965

01:07:23,349 --> 01:07:20,480

unbelievably beautiful this ranch and

1966

01:07:25,109 --> 01:07:23,359

this basin in this state are so yeah

1967

01:07:26,069 --> 01:07:25,119

yeah first of all thank you for all of

1968

01:07:33,270 --> 01:07:26,079

that

1969

01:07:35,270 --> 01:07:33,280

um

1970

01:07:36,950 --> 01:07:35,280

you know my my layer of skin walker

1971

01:07:38,630 --> 01:07:36,960

ranch is the right answer with the

1972

01:07:40,470 --> 01:07:38,640

native american stuff i'm just saying to

1973

01:07:43,349 --> 01:07:40,480

me personally it's probably the most

1974

01:07:44,870 --> 01:07:43,359

important layer because i feel like

1975

01:07:46,390 --> 01:07:44,880

it's overlooked

1976

01:07:48,710 --> 01:07:46,400

but all the stuff that the new team's

1977

01:07:51,109 --> 01:07:48,720

doing with all the scientific stuff that

1978

01:07:51,829 --> 01:07:51,119

they've collected it's unbelievable i

1979

01:07:53,109 --> 01:07:51,839

mean

1980

01:07:55,270 --> 01:07:53,119

i've been on there i've been back on

1981

01:07:57,270 --> 01:07:55,280

skinwalker ranch now several times with

1982

01:07:58,950 --> 01:07:57,280

or without the film crew i've gone out

1983

01:08:00,150 --> 01:07:58,960

there on my own with and met with the

1984

01:08:02,470 --> 01:08:00,160

team and helped them with other

1985

01:08:04,549 --> 01:08:02,480

investigations and they've shown me data

1986

01:08:06,309 --> 01:08:04,559

and it blows me away the stuff that

1987

01:08:08,150 --> 01:08:06,319

you've collected you know you've got

1988

01:08:10,710 --> 01:08:08,160

eric bart out there with brandon

1989

01:08:12,789 --> 01:08:10,720

fuegle's team that guy gets it and he's

1990

01:08:14,710 --> 01:08:12,799

invested his energy out there and he's

1991

01:08:16,229 --> 01:08:14,720

out there and he's not messing around he

1992

01:08:18,149 --> 01:08:16,239

doesn't care about no tv show i'll tell

1993

01:08:19,910 --> 01:08:18,159

you that right now he does not care one

1994

01:08:21,910 --> 01:08:19,920

single damn about a tv show he's out

1995

01:08:23,590 --> 01:08:21,920

there really trying to figure out on a

1996

01:08:24,709 --> 01:08:23,600

scientific level what's going on out

1997

01:08:26,550 --> 01:08:24,719

there and i think that's extremely

1998

01:08:28,789 --> 01:08:26,560

important and then you have thomas

1999

01:08:29,990 --> 01:08:28,799

winterton and caleb bench out there that

2000

01:08:31,189 --> 01:08:30,000

are locals and they're out there all the

2001

01:08:33,030 --> 01:08:31,199

time too

2002

01:08:35,030 --> 01:08:33,040

those guys they truly get it you know

2003

01:08:36,950 --> 01:08:35,040

and they put in that equity to

2004

01:08:38,870 --> 01:08:36,960

understand i mean you know there's so

2005

01:08:40,149 --> 01:08:38,880

many overlapping layers with skinwalker

2006

01:08:41,430 --> 01:08:40,159

ranch

2007

01:08:43,189 --> 01:08:41,440

it's just

2008

01:08:45,510 --> 01:08:43,199

if there's magnetic anomalies around

2009

01:08:46,709 --> 01:08:45,520

there and maybe that's what draw maybe

2010

01:08:48,950 --> 01:08:46,719

that's what drew the natives out there

2011

01:08:50,390 --> 01:08:48,960

to begin with it was those anomalies you

2012

01:08:51,590 --> 01:08:50,400

know um

2013

01:08:52,870 --> 01:08:51,600

maybe that's what drew them out there to

2014

01:08:54,470 --> 01:08:52,880

begin with

2015

01:08:56,229 --> 01:08:54,480

and there's all kinds of stuff i mean

2016

01:08:57,910 --> 01:08:56,239

i'm just one piece of the puzzle i'm not

2017

01:08:59,829 --> 01:08:57,920

saying i'm the

2018

01:09:01,669 --> 01:08:59,839

skin walker expert by any means but i

2019

01:09:03,430 --> 01:09:01,679

just feel like i have some very

2020

01:09:05,430 --> 01:09:03,440

important data and i like to i

2021

01:09:06,950 --> 01:09:05,440

appreciate your time for me to allow

2022

01:09:08,229 --> 01:09:06,960

me to share some of that data with other

2023

01:09:11,189 --> 01:09:08,239

people that might have these questions

2024

01:09:15,990 --> 01:09:13,829

do you like stories of the strange the

2025

01:09:18,870 --> 01:09:16,000

weird and the unexplained then we want

2026
01:09:21,590 --> 01:09:18,880
you to check out jim harold's campfire

2027
01:09:24,309 --> 01:09:21,600
the concept is pretty simple jim talks

2028
01:09:26,470 --> 01:09:24,319
to regular people about strange stuff

2029
01:09:30,149 --> 01:09:26,480
that happens to them and yes that

2030
01:09:32,709 --> 01:09:30,159
includes ufos along with cryptids ghosts

2031
01:09:35,829 --> 01:09:32,719
and head scratchers he doesn't

2032
01:09:37,910 --> 01:09:35,839
exaggerate or play a lot of spooky music

2033
01:09:40,789 --> 01:09:37,920
kind of like i'm doing right now the

2034
01:09:43,510 --> 01:09:40,799
stories speak for themselves one's like

2035
01:09:46,149 --> 01:09:43,520
a ghost story involving serial killer

2036
01:09:49,510 --> 01:09:46,159
ted bundy or the young man who

2037
01:09:51,990 --> 01:09:49,520
encountered an eight-legged demon then

2038
01:09:54,790 --> 01:09:52,000

there's the story of an alien abduction

2039

01:09:57,669 --> 01:09:54,800

by what could be considered a reptilian

2040

01:09:59,990 --> 01:09:57,679

now not all the stories are horrifying

2041

01:10:02,390 --> 01:10:00,000

some are actually pretty heartwarming

2042

01:10:05,270 --> 01:10:02,400

like a visit from a past loved one

2043

01:10:08,149 --> 01:10:05,280

or a peaceful near-death experience

2044

01:10:11,189 --> 01:10:08,159

regardless these are true and

2045

01:10:13,189 --> 01:10:11,199

fascinating stories told by ordinary

2046

01:10:14,870 --> 01:10:13,199

people who've had extraordinary

2047

01:10:17,430 --> 01:10:14,880

experiences

2048

01:10:20,950 --> 01:10:17,440

tune in to jim harold's campfire on

2049

01:10:23,270 --> 01:10:20,960

summerskies thank you for your support

2068

01:11:23,430 --> 01:11:21,990

well chris i've got some listener

2069

01:11:25,189 --> 01:11:23,440

questions for you man if you're willing

2070

01:11:27,110 --> 01:11:25,199

to stick around some people really

2071

01:11:29,030 --> 01:11:27,120

wanted to uh ask you some burning

2072

01:11:30,229 --> 01:11:29,040

questions here is that cool

2073

01:11:32,709 --> 01:11:30,239

absolutely

2074

01:11:34,550 --> 01:11:32,719

awesome um i'm gonna start with melanie

2075

01:11:36,470 --> 01:11:34,560

melanie as one of our patreon

2076

01:11:38,070 --> 01:11:36,480

subscribers and our patron members

2077

01:11:40,630 --> 01:11:38,080

actually get priority

2078

01:11:42,709 --> 01:11:40,640

to ask our guests questions um so she's

2079

01:11:44,470 --> 01:11:42,719

got a really good one here she says the

2080

01:11:47,030 --> 01:11:44,480

burning question for me is what does

2081

01:11:49,110 --> 01:11:47,040

chris think is really happening at the

2082

01:11:51,350 --> 01:11:49,120

ranch current research being done seems

2083

01:11:53,189 --> 01:11:51,360

to lean towards portals what does he

2084

01:11:55,270 --> 01:11:53,199

think about that yeah this whole portal

2085

01:11:57,030 --> 01:11:55,280

aspect you know um not only are we

2086

01:11:59,430 --> 01:11:57,040

hearing that like maybe this is where

2087

01:12:01,990 --> 01:11:59,440

the uap are coming in and out of but

2088

01:12:03,750 --> 01:12:02,000

also that the tribes have used these

2089

01:12:05,750 --> 01:12:03,760

portals as well they're part of the

2090

01:12:08,390 --> 01:12:05,760

petroglyphs so what do you make of that

2091

01:12:10,870 --> 01:12:08,400

whole aspect to this the portals right i

2092

01:12:12,470 --> 01:12:10,880

i think that

2093

01:12:14,870 --> 01:12:12,480

the portals is a good possibility

2094

01:12:15,910 --> 01:12:14,880

because not only did

2095

01:12:17,510 --> 01:12:15,920

um

2096

01:12:19,110 --> 01:12:17,520

the the current team out there now has

2097

01:12:21,990 --> 01:12:19,120

documented some pretty rare anomalies in

2098

01:12:23,590 --> 01:12:22,000

the skies and stuff but also nids uh

2099

01:12:24,950 --> 01:12:23,600

said they saw portable stuff activity

2100

01:12:27,030 --> 01:12:24,960

out there as well

2101
01:12:28,709 --> 01:12:27,040
and uh

2102
01:12:30,470 --> 01:12:28,719
being out there myself i never saw

2103
01:12:31,910 --> 01:12:30,480
anything like that but

2104
01:12:33,590 --> 01:12:31,920
going back to some of my old pictures

2105
01:12:35,030 --> 01:12:33,600
you know i've got like 3 000 images of

2106
01:12:36,550 --> 01:12:35,040
the ranch during that time i've tried to

2107
01:12:37,669 --> 01:12:36,560
kind of go back and

2108
01:12:39,030 --> 01:12:37,679
and uh

2109
01:12:40,709 --> 01:12:39,040
see if i missed something that was one

2110
01:12:41,910 --> 01:12:40,719
of the reasons why i donated those uh

2111
01:12:43,830 --> 01:12:41,920
pictures of the archive to the

2112
01:12:45,990 --> 01:12:43,840
university of maryland so more eyes can

2113
01:12:46,950 --> 01:12:46,000

see that that uh those pictures

2114

01:12:48,870 --> 01:12:46,960

but um

2115

01:12:52,390 --> 01:12:48,880

i think everything is native american

2116

01:12:53,910 --> 01:12:52,400

based in my personal opinion um the

2117

01:12:55,110 --> 01:12:53,920

evidence of the you know follow the data

2118

01:12:56,709 --> 01:12:55,120

well the data is all around the whole

2119

01:12:58,310 --> 01:12:56,719

unit the baseline it's not just

2120

01:12:59,350 --> 01:12:58,320

skinwalker ranch it's the whole uintah

2121

01:13:02,310 --> 01:12:59,360

basin

2122

01:13:04,390 --> 01:13:02,320

and uh there's there's petroglyphs uh in

2123

01:13:05,750 --> 01:13:04,400

mckees springs that show portal activity

2124

01:13:08,070 --> 01:13:05,760

or portals

2125

01:13:09,350 --> 01:13:08,080

and things coming out of portals um so

2126
01:13:11,110 --> 01:13:09,360
when you see that you wonder you know

2127
01:13:12,070 --> 01:13:11,120
what the hell is going on

2128
01:13:13,830 --> 01:13:12,080
um

2129
01:13:15,750 --> 01:13:13,840
skin walker ranch it might be another

2130
01:13:17,350 --> 01:13:15,760
location where people were drawn to to

2131
01:13:18,870 --> 01:13:17,360
see these things or have

2132
01:13:20,310 --> 01:13:18,880
experiences they know the fremont

2133
01:13:21,750 --> 01:13:20,320
indians that were there

2134
01:13:23,830 --> 01:13:21,760
they were there for a thousand years and

2135
01:13:25,910 --> 01:13:23,840
like fell off the map but people locals

2136
01:13:27,030 --> 01:13:25,920
say that the fremonts almost appeared

2137
01:13:29,350 --> 01:13:27,040
out of nowhere

2138
01:13:31,270 --> 01:13:29,360

so and also giants

2139

01:13:32,790 --> 01:13:31,280

there's talk about giants coming through

2140

01:13:34,709 --> 01:13:32,800

portals and stuff and

2141

01:13:36,070 --> 01:13:34,719

that's more james king's expertise i

2142

01:13:38,070 --> 01:13:36,080

would highly recommend you have him on

2143

01:13:39,350 --> 01:13:38,080

the show he knows a lot more about that

2144

01:13:41,350 --> 01:13:39,360

stuff

2145

01:13:43,350 --> 01:13:41,360

my primary focus is obviously the native

2146

01:13:46,709 --> 01:13:43,360

american artifacts and the history and

2147

01:13:48,550 --> 01:13:46,719

the photography and that type of stuff

2148

01:13:51,030 --> 01:13:48,560

what uh what were some of those

2149

01:13:52,709 --> 01:13:51,040

artifacts that you came across um would

2150

01:13:55,910 --> 01:13:52,719

you mind sharing maybe a couple of those

2151

01:13:59,590 --> 01:13:57,430

the first artifact i found was in the

2152

01:14:00,390 --> 01:13:59,600

eastern valley it was actually a knife

2153

01:14:02,870 --> 01:14:00,400

blade

2154

01:14:04,310 --> 01:14:02,880

and how i found it was bizarre i had

2155

01:14:05,830 --> 01:14:04,320

this routine that i would go with the

2156

01:14:08,470 --> 01:14:05,840

dogs and we'd walk around the whole

2157

01:14:10,790 --> 01:14:08,480

entire property and we'd end up

2158

01:14:12,550 --> 01:14:10,800

and have lunch in the eastern valley on

2159

01:14:14,550 --> 01:14:12,560

this rock table out there

2160

01:14:16,790 --> 01:14:14,560

and i'd feed the dogs

2161

01:14:18,790 --> 01:14:16,800

food and water and i would kind of sit

2162

01:14:21,110 --> 01:14:18,800

there and just absorb the area

2163

01:14:22,390 --> 01:14:21,120

and i laid my backpack down

2164

01:14:24,790 --> 01:14:22,400

and uh

2165

01:14:26,229 --> 01:14:24,800

i went to pick up my backpack and i must

2166

01:14:28,470 --> 01:14:26,239

have missed it but laying next to my

2167

01:14:30,870 --> 01:14:28,480

backpack was a silver

2168

01:14:31,750 --> 01:14:30,880

um granite arrowhead i'm like what the

2169

01:14:33,830 --> 01:14:31,760

hell

2170

01:14:36,310 --> 01:14:33,840

and i picked it up and i'm like whoa

2171

01:14:37,669 --> 01:14:36,320

and my whole mind kind of shifted and i

2172

01:14:40,950 --> 01:14:37,679

kind of do a grid pattern around the

2173

01:14:42,550 --> 01:14:40,960

property i'd find you know axe heads

2174

01:14:45,669 --> 01:14:42,560

grindstones

2175

01:14:47,430 --> 01:14:45,679

um you agate is very important to the to

2176

01:14:48,950 --> 01:14:47,440

the locals that are out there and the

2177

01:14:51,590 --> 01:14:48,960

indigenous tribes before that because

2178

01:14:53,510 --> 01:14:51,600

you agate is what was used to make tools

2179

01:14:56,229 --> 01:14:53,520

and weapons and stuff like that so when

2180

01:14:58,149 --> 01:14:56,239

you find you agate deposits you're going

2181

01:15:00,229 --> 01:14:58,159

to find flaking and stuff like that and

2182

01:15:01,990 --> 01:15:00,239

bottle hollow has a lot of you again

2183

01:15:03,990 --> 01:15:02,000

around it as well

2184

01:15:05,910 --> 01:15:04,000

and so i found another area

2185

01:15:06,870 --> 01:15:05,920

there's actually a hollow rock

2186

01:15:09,189 --> 01:15:06,880

and

2187

01:15:11,510 --> 01:15:09,199

i found a bunch of sweat stones around

2188

01:15:13,830 --> 01:15:11,520

this rock so that area was used for

2189

01:15:15,430 --> 01:15:13,840

cereal ceremonial purposes

2190

01:15:17,430 --> 01:15:15,440

and that's pretty significant because

2191

01:15:19,510 --> 01:15:17,440

the area kind of showed signs of maybe

2192

01:15:20,870 --> 01:15:19,520

one or two people living there like it

2193

01:15:21,590 --> 01:15:20,880

was nomadic

2194

01:15:24,790 --> 01:15:21,600

so

2195

01:15:26,790 --> 01:15:24,800

maybe a skinwalker i don't know um

2196

01:15:29,350 --> 01:15:26,800

and then i found stuff in the in in

2197

01:15:31,030 --> 01:15:29,360

blind frog ranch i found stuff pretty

2198

01:15:33,270 --> 01:15:31,040

much anywhere and then you went to base

2199

01:15:34,870 --> 01:15:33,280

and if i truck out my eyes are always on

2200

01:15:36,630 --> 01:15:34,880

the ground looking because my

2201

01:15:39,030 --> 01:15:36,640

grandfather back here in kansas when i

2202

01:15:41,110 --> 01:15:39,040

was a kid when i was a young kid

2203

01:15:43,189 --> 01:15:41,120

he would take me out to his local fields

2204

01:15:44,550 --> 01:15:43,199

and rivers and streams and he would get

2205

01:15:45,830 --> 01:15:44,560

permission from all the land owners

2206

01:15:48,630 --> 01:15:45,840

because he used to work for the rock

2207

01:15:50,070 --> 01:15:48,640

quarry so he knew all the local farmers

2208

01:15:51,750 --> 01:15:50,080

and so he would get permission to go

2209

01:15:53,430 --> 01:15:51,760

look for rocks on their property and i

2210

01:15:55,590 --> 01:15:53,440

would go out with them every sunday and

2211

01:15:57,350 --> 01:15:55,600

he would show me what to look for in the

2212

01:15:58,709 --> 01:15:57,360

do's and don't and the do's and don'ts

2213

01:16:00,070 --> 01:15:58,719

you know if there's a burial site you

2214

01:16:01,830 --> 01:16:00,080

don't mess with it

2215

01:16:03,189 --> 01:16:01,840

and other things what to look for areas

2216

01:16:04,790 --> 01:16:03,199

of interest and

2217

01:16:05,910 --> 01:16:04,800

my grandfather really is one who trained

2218

01:16:07,270 --> 01:16:05,920

me to look for that stuff i didn't

2219

01:16:08,709 --> 01:16:07,280

really put it together until i got to

2220

01:16:11,910 --> 01:16:08,719

the ranch

2221

01:16:15,189 --> 01:16:11,920

and uh yeah i found all kinds of stuff

2222

01:16:18,229 --> 01:16:15,199

it all happened for a reason i loved it

2223

01:16:20,149 --> 01:16:18,239

amy amy on patreon also asks uh you know

2224

01:16:23,430 --> 01:16:20,159

a lot of the experiments this this

2225

01:16:24,950 --> 01:16:23,440

season on the show um we had evidence of

2226

01:16:28,229 --> 01:16:24,960

possible like

2227

01:16:30,149 --> 01:16:28,239

uh cloaking almost like invisibility you

2228

01:16:32,870 --> 01:16:30,159

know in the one of the last episodes of

2229

01:16:35,430 --> 01:16:32,880

the tv show um you know they set these

2230

01:16:37,910 --> 01:16:35,440

rockets up to try to gather data and

2231

01:16:39,590 --> 01:16:37,920

it's almost as if like these rockets

2232

01:16:42,070 --> 01:16:39,600

bounced off and went in another

2233

01:16:45,110 --> 01:16:42,080

direction in the triangle this area that

2234

01:16:47,990 --> 01:16:45,120

you're very familiar with right and um

2235

01:16:49,590 --> 01:16:48,000

i i guess amy wants to know uh any

2236

01:16:51,669 --> 01:16:49,600

evidence when you were there or anything

2237

01:16:54,390 --> 01:16:51,679

you heard about with like cloaking

2238

01:16:56,470 --> 01:16:54,400

technology or possible invisibility

2239

01:16:58,630 --> 01:16:56,480
stuff whether in the sky or on the

2240

01:17:00,149 --> 01:16:58,640
ground no

2241

01:17:02,229 --> 01:17:00,159
no but i mean you always get that

2242

01:17:02,950 --> 01:17:02,239
sensation like you're being watched you

2243

01:17:04,950 --> 01:17:02,960
know

2244

01:17:06,550 --> 01:17:04,960
right it always felt like being a watch

2245

01:17:07,830 --> 01:17:06,560
and sometimes it wasn't just while

2246

01:17:08,950 --> 01:17:07,840
you're out walking around there was a

2247

01:17:10,790 --> 01:17:08,960
lot of times

2248

01:17:13,110 --> 01:17:10,800
i'd be at home i would be i'd be at

2249

01:17:14,950 --> 01:17:13,120
homestead one skyping with my wife and

2250

01:17:18,470 --> 01:17:14,960
um i would feel like somebody was

2251

01:17:20,149 --> 01:17:18,480

watching me inside the homestead

2252

01:17:22,070 --> 01:17:20,159

it used to freak me out but then after a

2253

01:17:23,910 --> 01:17:22,080

while you get kind of used to it

2254

01:17:25,510 --> 01:17:23,920

there was one time i'll never forget

2255

01:17:27,990 --> 01:17:25,520

this and i've never i've never mentioned

2256

01:17:29,750 --> 01:17:28,000

this before but there was one time i was

2257

01:17:33,430 --> 01:17:29,760

it was in the daytime and i was walking

2258

01:17:36,790 --> 01:17:33,440

from homestead 2 down to homestead 3

2259

01:17:38,630 --> 01:17:36,800

and uh right in between there

2260

01:17:40,470 --> 01:17:38,640

i felt like something was

2261

01:17:42,149 --> 01:17:40,480

in the southern tree line like

2262

01:17:44,310 --> 01:17:42,159

staring at me stalking at me to the

2263

01:17:47,350 --> 01:17:44,320

point where i actually turned around and

2264

01:17:49,750 --> 01:17:47,360

faced it and was like

2265

01:17:51,669 --> 01:17:49,760

something's in that tree line and i sat

2266

01:17:54,149 --> 01:17:51,679

there for like five ten minutes

2267

01:17:55,750 --> 01:17:54,159

with like this ham like this

2268

01:17:57,350 --> 01:17:55,760

maybe it was my imagination or something

2269

01:17:58,790 --> 01:17:57,360

i don't know but it was weird

2270

01:18:00,550 --> 01:17:58,800

but i felt like something was always

2271

01:18:02,070 --> 01:18:00,560

there i know my some of my previous

2272

01:18:03,750 --> 01:18:02,080

colleagues who worked there

2273

01:18:05,189 --> 01:18:03,760

uh none of them ever reported that stuff

2274

01:18:07,270 --> 01:18:05,199

either so

2275

01:18:09,669 --> 01:18:07,280

but then again we didn't have cameras

2276

01:18:14,470 --> 01:18:09,679

and stuff out there it was just us

2277

01:18:18,709 --> 01:18:16,229

don't get me started and the fact that

2278

01:18:19,910 --> 01:18:18,719

like you had a better camera personally

2279

01:18:21,590 --> 01:18:19,920

then

2280

01:18:23,910 --> 01:18:21,600

we won't go there that's that's another

2281

01:18:26,950 --> 01:18:23,920

conversation um

2282

01:18:28,310 --> 01:18:26,960

uh moving back to uh i guess area 51 for

2283

01:18:31,590 --> 01:18:28,320

a moment um

2284

01:18:33,910 --> 01:18:31,600

i don't ideology on twitter asks chris

2285

01:18:35,830 --> 01:18:33,920

did you ever come into contact with or

2286

01:18:38,070 --> 01:18:35,840

become aware of anything that is

2287

01:18:39,990 --> 01:18:38,080

definitely man-made but would be

2288

01:18:41,590 --> 01:18:40,000

perceived by general populace as

2289

01:18:44,470 --> 01:18:41,600

extraterrestrial

2290

01:18:46,870 --> 01:18:44,480

um anything you could share i understand

2291

01:18:48,390 --> 01:18:46,880

if not but yeah yeah anything like that

2292

01:18:51,270 --> 01:18:48,400

man where it's like

2293

01:18:53,350 --> 01:18:51,280

dude definitely ours but you

2294

01:18:55,590 --> 01:18:53,360

yeah yeah because we always hear that

2295

01:18:57,750 --> 01:18:55,600

idea of like anything going on out there

2296

01:18:59,990 --> 01:18:57,760

with black projects is like

2297

01:19:02,390 --> 01:19:00,000

40 we hear about it the public hears

2298

01:19:03,590 --> 01:19:02,400

about it's 30 40 years later

2299

01:19:05,830 --> 01:19:03,600

yeah i mean

2300

01:19:08,229 --> 01:19:05,840

yeah look at the f-117 project you know

2301

01:19:09,669 --> 01:19:08,239

the f-117 project it was years later

2302

01:19:10,870 --> 01:19:09,679

that the public knew about it so it

2303

01:19:11,830 --> 01:19:10,880

makes you wonder

2304

01:19:13,669 --> 01:19:11,840

you know what do we have in our

2305

01:19:15,270 --> 01:19:13,679

inventory you know

2306

01:19:16,470 --> 01:19:15,280

yeah um

2307

01:19:18,149 --> 01:19:16,480

yeah

2308

01:19:20,790 --> 01:19:18,159

can i confirm or deny

2309

01:19:22,630 --> 01:19:20,800

okay honestly i don't i don't know i

2310

01:19:24,070 --> 01:19:22,640

don't know there

2311

01:19:25,830 --> 01:19:24,080

i don't know

2312

01:19:27,669 --> 01:19:25,840

okay i thought i've seen some pretty

2313

01:19:28,870 --> 01:19:27,679

interesting stuff and i guess i can just

2314

01:19:30,310 --> 01:19:28,880

leave it at that

2315

01:19:32,229 --> 01:19:30,320

i'm just glad we live in the united

2316

01:19:35,110 --> 01:19:32,239

states and we have technology that will

2317

01:19:36,790 --> 01:19:35,120

keep us safe hopefully so

2318

01:19:39,110 --> 01:19:36,800

that's about all i can say

2319

01:19:40,709 --> 01:19:39,120

i'd hey that gives me a little comfort

2320

01:19:41,510 --> 01:19:40,719

knowing that

2321

01:19:44,310 --> 01:19:41,520

um

2322

01:19:47,270 --> 01:19:44,320

emp wrecker on twitter asks was there

2323

01:19:50,709 --> 01:19:47,280

ever any experiment that went wrong

2324

01:19:53,270 --> 01:19:50,719

at skinwalker ranch where like you know

2325

01:19:56,550 --> 01:19:53,280

it was like okay we gotta we gotta not

2326

01:19:59,430 --> 01:19:56,560

mess with this or like abort mission on

2327

01:20:01,990 --> 01:19:59,440

this anything like that

2328

01:20:05,830 --> 01:20:02,000

uh besides myself being the experiment

2329

01:20:08,870 --> 01:20:05,840

kidding joking um no semi joking yeah

2330

01:20:10,950 --> 01:20:08,880

yeah right now we had

2331

01:20:12,790 --> 01:20:10,960

we did a remote viewing experiment once

2332

01:20:15,110 --> 01:20:12,800

and i knew it kind of got some negative

2333

01:20:17,110 --> 01:20:15,120

feedback from another officer

2334

01:20:18,870 --> 01:20:17,120

um

2335

01:20:21,270 --> 01:20:18,880

i never knew i never knew the end result

2336

01:20:22,390 --> 01:20:21,280

from that experiment i wish i did

2337

01:20:24,470 --> 01:20:22,400

um

2338

01:20:25,750 --> 01:20:24,480

other experiments

2339

01:20:27,830 --> 01:20:25,760

i guess if you call them experiment

2340

01:20:29,669 --> 01:20:27,840

we're sitting inside homestead 2

2341

01:20:31,990 --> 01:20:29,679

uh trying to make contact with the

2342

01:20:35,430 --> 01:20:32,000

paranormal or whatever

2343

01:20:37,990 --> 01:20:35,440

um that was pretty dicey i know one guy

2344

01:20:39,910 --> 01:20:38,000

literally drove himself insane

2345

01:20:42,470 --> 01:20:39,920

doing that so that that was a big red

2346

01:20:44,830 --> 01:20:42,480

flag that's about all i can remember

2347

01:20:46,950 --> 01:20:44,840

okay you know

2348

01:20:49,189 --> 01:20:46,960

okay it wasn't i mean we did experiments

2349

01:20:51,669 --> 01:20:49,199

but it wasn't that many

2350

01:20:54,310 --> 01:20:51,679

you know i came in in 2010 kind of the

2351
01:20:55,350 --> 01:20:54,320
very end of the project you know there

2352
01:20:57,110 --> 01:20:55,360
was

2353
01:20:58,629 --> 01:20:57,120
only a small handful of us out there

2354
01:21:01,830 --> 01:20:58,639
operating

2355
01:21:03,830 --> 01:21:01,840
so i know maybe guys before me

2356
01:21:05,110 --> 01:21:03,840
maybe did more stuff i don't know i know

2357
01:21:06,390 --> 01:21:05,120
i've reached out to some of the guys who

2358
01:21:07,110 --> 01:21:06,400
were before they were out there before

2359
01:21:10,390 --> 01:21:07,120
me

2360
01:21:13,189 --> 01:21:10,400
thing so i don't know

2361
01:21:16,149 --> 01:21:13,199
okay yeah that's totally fair um

2362
01:21:18,470 --> 01:21:16,159
robert on facebook asks are you familiar

2363
01:21:20,709 --> 01:21:18,480

with any teleportation

2364

01:21:22,870 --> 01:21:20,719

technology such as jump rooms portals

2365

01:21:25,189 --> 01:21:22,880

stargates we kind of touched on that

2366

01:21:28,070 --> 01:21:25,199

with the portal thing but um yeah in

2367

01:21:30,709 --> 01:21:28,080

your you know your experience working at

2368

01:21:31,830 --> 01:21:30,719

these top secret locations and stuff was

2369

01:21:34,550 --> 01:21:31,840

that ever

2370

01:21:37,030 --> 01:21:34,560

conversation or are we still nowhere

2371

01:21:39,350 --> 01:21:37,040

near that sort of technology i haven't i

2372

01:21:41,270 --> 01:21:39,360

honestly don't know i mean yeah

2373

01:21:42,390 --> 01:21:41,280

i have no idea i

2374

01:21:44,390 --> 01:21:42,400

there's some very

2375

01:21:47,510 --> 01:21:44,400

smart people that work

2376

01:21:50,229 --> 01:21:47,520

at the test site in 51 that are

2377

01:21:52,390 --> 01:21:50,239

very very smart very intelligent so who

2378

01:21:53,990 --> 01:21:52,400

knows i don't know i can't confirm

2379

01:21:56,550 --> 01:21:54,000

because i i'm only like to say stuff

2380

01:21:58,470 --> 01:21:56,560

that i can prove you know or the second

2381

01:22:00,310 --> 01:21:58,480

second witness or something but i never

2382

01:22:03,669 --> 01:22:00,320

see anything personal like that

2383

01:22:07,270 --> 01:22:03,679

no yeah okay yeah that's totally fair uh

2384

01:22:09,030 --> 01:22:07,280

the one revolution on twitter asks um

2385

01:22:11,910 --> 01:22:09,040

does s4

2386

01:22:14,390 --> 01:22:11,920

exist this supposed

2387

01:22:17,030 --> 01:22:14,400

location in a hangar out there at groom

2388

01:22:19,430 --> 01:22:17,040

lake that bob lazar has talked about um

2389

01:22:22,709 --> 01:22:19,440

i guess to kind of play off of that this

2390

01:22:23,590 --> 01:22:22,719

whole idea of you know area 51 in

2391

01:22:26,229 --> 01:22:23,600

general

2392

01:22:29,030 --> 01:22:26,239

it's such a part of mythology now you

2393

01:22:33,270 --> 01:22:29,040

want to go to the gates get a selfie you

2394

01:22:36,470 --> 01:22:33,280

had this storm area 51 thing so the

2395

01:22:38,790 --> 01:22:36,480

it to me that just screams anything

2396

01:22:40,950 --> 01:22:38,800

really sensitive that was going on there

2397

01:22:42,709 --> 01:22:40,960

was probably moved somewhere else i

2398

01:22:45,350 --> 01:22:42,719

could be completely

2399

01:22:48,629 --> 01:22:45,360

off on that but um yeah what do you make

2400

01:22:52,310 --> 01:22:48,639

of the claims of this s4 location does

2401
01:22:54,709 --> 01:22:52,320
that resonate at all with you and also

2402
01:22:56,550 --> 01:22:54,719
underground facilities i mean i'm sure

2403
01:22:59,030 --> 01:22:56,560
we have tons of those in the united

2404
01:23:02,550 --> 01:22:59,040
states um what is your best guess of

2405
01:23:04,790 --> 01:23:02,560
what area 52 might be i guess so yeah

2406
01:23:08,390 --> 01:23:04,800
two-pronged question there i guess yeah

2407
01:23:10,229 --> 01:23:08,400
i've never seen personally at s4 i

2408
01:23:12,229 --> 01:23:10,239
it wouldn't surprise me if it exists it

2409
01:23:14,790 --> 01:23:12,239
would not have surprised me one bit

2410
01:23:17,030 --> 01:23:14,800
because the the site is so big there's

2411
01:23:19,110 --> 01:23:17,040
so much areas to cover

2412
01:23:20,709 --> 01:23:19,120
um and there's some areas believe it or

2413
01:23:22,790 --> 01:23:20,719

not we're not even allowed access even

2414

01:23:25,510 --> 01:23:22,800

for work security and and police out

2415

01:23:27,590 --> 01:23:25,520

there there's some areas that are so

2416

01:23:30,470 --> 01:23:27,600

so uh secret that you can't even go on

2417

01:23:32,709 --> 01:23:30,480

yourself with acute clearance

2418

01:23:34,550 --> 01:23:32,719

um so yeah i mean there's

2419

01:23:36,470 --> 01:23:34,560

i mean there's so much stuff online you

2420

01:23:39,350 --> 01:23:36,480

can look at for the nevada test site

2421

01:23:42,149 --> 01:23:39,360

there's the una uh hangar that's you

2422

01:23:44,149 --> 01:23:42,159

know nothing a thousand feet underground

2423

01:23:46,070 --> 01:23:44,159

laboratory there's all kinds of stuff

2424

01:23:48,470 --> 01:23:46,080

you know i actually i have a whole bunch

2425

01:23:50,790 --> 01:23:48,480

of uh working there i took a bunch of

2426

01:23:52,950 --> 01:23:50,800

pap there are free pamphlets about the

2427

01:23:54,229 --> 01:23:52,960

history of the nevada test site really

2428

01:23:55,669 --> 01:23:54,239

cool stuff you know i think you can go

2429

01:23:57,669 --> 01:23:55,679

online and find a lot of stuff and it

2430

01:23:58,870 --> 01:23:57,679

probably surprised a lot of people

2431

01:24:00,229 --> 01:23:58,880

some of the stuff that's available

2432

01:24:03,270 --> 01:24:00,239

online about

2433

01:24:04,070 --> 01:24:03,280

nevada test site and air 51 too

2434

01:24:06,149 --> 01:24:04,080

but

2435

01:24:08,149 --> 01:24:06,159

it probably does exist s4 i'm assuming

2436

01:24:09,669 --> 01:24:08,159

it probably does there's a lot of

2437

01:24:11,350 --> 01:24:09,679

a lot of weird stuff out there so who

2438

01:24:12,870 --> 01:24:11,360

knows

2439

01:24:16,390 --> 01:24:12,880

but i've never personally been there

2440

01:24:20,070 --> 01:24:16,400

myself but the next area 52

2441

01:24:25,030 --> 01:24:22,149

wyoming

2442

01:24:29,110 --> 01:24:25,040

okay

2443

01:24:33,510 --> 01:24:31,430

there you go guys everyone start going

2444

01:24:34,790 --> 01:24:33,520

to wyoming and uh start from there

2445

01:24:36,390 --> 01:24:34,800

that's just my guess i mean there's

2446

01:24:38,229 --> 01:24:36,400

other places too i mean i don't know i

2447

01:24:40,870 --> 01:24:38,239

mean yeah of course

2448

01:24:43,110 --> 01:24:40,880

who knows that's totally fair um

2449

01:24:46,950 --> 01:24:43,120

awesome man well hey i want to give you

2450

01:24:49,270 --> 01:24:46,960

um these final moments here to uh one

2451
01:24:50,149 --> 01:24:49,280
one of the best quotes that i pulled

2452
01:24:51,669 --> 01:24:50,159
from

2453
01:24:53,990 --> 01:24:51,679
something you said on the skinwalker

2454
01:24:56,550 --> 01:24:54,000
ranch television show and brandon fugle

2455
01:24:59,270 --> 01:24:56,560
even tweeted this out a quote from you

2456
01:25:00,709 --> 01:24:59,280
because it was it encompasses everything

2457
01:25:03,189 --> 01:25:00,719
and you mentioned it earlier in this

2458
01:25:04,950 --> 01:25:03,199
conversation of this is bigger than a

2459
01:25:07,189 --> 01:25:04,960
scientific experiment bigger than a

2460
01:25:08,310 --> 01:25:07,199
government contract it's bigger than all

2461
01:25:10,390 --> 01:25:08,320
of us so

2462
01:25:12,790 --> 01:25:10,400
i'd love to know what does that truly

2463
01:25:14,070 --> 01:25:12,800

mean to you and what are some of the

2464

01:25:16,470 --> 01:25:14,080

final words you want to leave our

2465

01:25:20,149 --> 01:25:16,480

audience with with all of this whether

2466

01:25:21,750 --> 01:25:20,159

it's the ufo topic skinwalker ranch um

2467

01:25:25,270 --> 01:25:21,760

yeah what do you want to leave people

2468

01:25:27,110 --> 01:25:25,280

with uh before we we wrap things up here

2469

01:25:29,189 --> 01:25:27,120

yeah um

2470

01:25:31,590 --> 01:25:29,199

yeah i do believe the ranch the whole

2471

01:25:33,350 --> 01:25:31,600

uintah basin is bigger than

2472

01:25:35,350 --> 01:25:33,360

what people realize

2473

01:25:37,030 --> 01:25:35,360

you know there's real

2474

01:25:39,189 --> 01:25:37,040

there's real history out there you know

2475

01:25:42,709 --> 01:25:39,199

we called the paranormal the phenomenon

2476
01:25:44,550 --> 01:25:42,719
when in reality it's considered culture

2477
01:25:45,590 --> 01:25:44,560
in indigenous tribes it's part of the

2478
01:25:47,189 --> 01:25:45,600
culture

2479
01:25:49,430 --> 01:25:47,199
like i said we're behind we're behind

2480
01:25:50,790 --> 01:25:49,440
the curve here understanding

2481
01:25:55,110 --> 01:25:50,800
um

2482
01:25:57,189 --> 01:25:55,120
all that stuff so i really believe

2483
01:25:59,830 --> 01:25:57,199
the the native american history is the

2484
01:26:01,430 --> 01:25:59,840
most important aspect in my opinion

2485
01:26:04,229 --> 01:26:01,440
and that's just because how much i've

2486
01:26:05,590 --> 01:26:04,239
invested looking for that type of stuff

2487
01:26:07,110 --> 01:26:05,600
and i think that's what i mean when i

2488
01:26:08,550 --> 01:26:07,120

say it's bigger than all of us because

2489

01:26:10,950 --> 01:26:08,560

there is

2490

01:26:12,149 --> 01:26:10,960

stuff that's out there that's just

2491

01:26:14,149 --> 01:26:12,159

really

2492

01:26:16,229 --> 01:26:14,159

blows your mind like what is going on

2493

01:26:18,870 --> 01:26:16,239

what happened out here there's so many

2494

01:26:20,070 --> 01:26:18,880

overlapping layers of not not just the

2495

01:26:22,390 --> 01:26:20,080

native american astronaut but there was

2496

01:26:24,470 --> 01:26:22,400

like the meteorite strikes the gilsonite

2497

01:26:26,390 --> 01:26:24,480

the magnetic anomalies

2498

01:26:28,790 --> 01:26:26,400

uh it seems like that whole section of

2499

01:26:31,189 --> 01:26:28,800

utah is just like a

2500

01:26:32,709 --> 01:26:31,199

paranormal hotspot of all kinds of stuff

2501

01:26:34,870 --> 01:26:32,719

but a lot of it all relates back to

2502

01:26:36,470 --> 01:26:34,880

native american and there's been people

2503

01:26:37,669 --> 01:26:36,480

who've said well

2504

01:26:39,830 --> 01:26:37,679

how come other

2505

01:26:41,830 --> 01:26:39,840

uh indian reservations aren't haunted or

2506

01:26:42,629 --> 01:26:41,840

report this stuff and the truth is they

2507

01:26:44,229 --> 01:26:42,639

do

2508

01:26:46,390 --> 01:26:44,239

yeah there's several there's stuff on

2509

01:26:47,750 --> 01:26:46,400

the the civil rights reservations that

2510

01:26:50,229 --> 01:26:47,760

report this stuff

2511

01:26:52,310 --> 01:26:50,239

i mean my mom was born and raised on or

2512

01:26:54,550 --> 01:26:52,320

she was raised my mom was actually born

2513

01:26:57,030 --> 01:26:54,560

in roswell air force base my grandfather

2514

01:26:58,229 --> 01:26:57,040

was working at roswell air force base

2515

01:27:00,709 --> 01:26:58,239

back in the day

2516

01:27:03,189 --> 01:27:00,719

but my mom actually was they grew up

2517

01:27:04,870 --> 01:27:03,199

right there yeah i i was thinking about

2518

01:27:06,550 --> 01:27:04,880

that today my grandfather worked at

2519

01:27:09,590 --> 01:27:06,560

roswell he was in the air force and my

2520

01:27:13,030 --> 01:27:09,600

mom was born on roswell air force base

2521

01:27:14,950 --> 01:27:13,040

but my mom uh was also raised around a

2522

01:27:17,510 --> 01:27:14,960

lot of uh reservations because my great

2523

01:27:19,590 --> 01:27:17,520

grandfather used to be the subcontractor

2524

01:27:20,470 --> 01:27:19,600

for building schools and churches and

2525

01:27:22,470 --> 01:27:20,480

stuff

2526

01:27:26,149 --> 01:27:22,480

so she was great he was raised in the

2527

01:27:28,950 --> 01:27:26,159

four corners and all those tribes

2528

01:27:30,709 --> 01:27:28,960

talk about ufos star people

2529

01:27:33,270 --> 01:27:30,719

skin walkers werewolves whatever you

2530

01:27:35,590 --> 01:27:33,280

want to call it and i don't know why

2531

01:27:37,510 --> 01:27:35,600

that's just ignored you know it seems

2532

01:27:39,510 --> 01:27:37,520

like

2533

01:27:41,110 --> 01:27:39,520

um it's it's not

2534

01:27:43,189 --> 01:27:41,120

it's just the more pieces to the puzzle

2535

01:27:45,430 --> 01:27:43,199

i guess you know but for me that's what

2536

01:27:47,030 --> 01:27:45,440

i think is the most important you know

2537

01:27:48,550 --> 01:27:47,040

yeah one of the most important aspects i

2538

01:27:50,390 --> 01:27:48,560

hope people take more time into like

2539

01:27:51,270 --> 01:27:50,400

really diving back into those cultures

2540

01:27:54,470 --> 01:27:51,280

and

2541

01:27:57,830 --> 01:27:54,480

before us

2542

01:28:00,390 --> 01:27:57,840

you know and uh i think that's important

2543

01:28:02,390 --> 01:28:00,400

absolutely i love that and you've

2544

01:28:05,030 --> 01:28:02,400

highlighted that so well with the uh

2545

01:28:07,350 --> 01:28:05,040

photography project that you did so in

2546

01:28:09,910 --> 01:28:07,360

the final moments here chris um can you

2547

01:28:12,229 --> 01:28:09,920

tell us where we can find your portfolio

2548

01:28:13,430 --> 01:28:12,239

of all the incredible

2549

01:28:15,189 --> 01:28:13,440

photos you have because i'm going to

2550

01:28:17,830 --> 01:28:15,199

share some of those in the post edit

2551
01:28:20,629 --> 01:28:17,840
here um with the audience if that's okay

2552
01:28:23,189 --> 01:28:20,639
with you and um tell us a little about i

2553
01:28:24,870 --> 01:28:23,199
know you have a film project that might

2554
01:28:26,709 --> 01:28:24,880
be coming up if there's anything you can

2555
01:28:29,030 --> 01:28:26,719
share um i'd love to give you that

2556
01:28:31,590 --> 01:28:29,040
opportunity um yes let us know where we

2557
01:28:33,350 --> 01:28:31,600
can find all your work if you don't mind

2558
01:28:34,950 --> 01:28:33,360
yeah uh terrace matlab you know he's the

2559
01:28:36,229 --> 01:28:34,960
director for the university of maryland

2560
01:28:37,270 --> 01:28:36,239
you know he reached out to me a couple

2561
01:28:38,629 --> 01:28:37,280
years ago

2562
01:28:40,149 --> 01:28:38,639
and we had a star we started a

2563
01:28:41,350 --> 01:28:40,159

conversation

2564

01:28:43,590 --> 01:28:41,360

and um

2565

01:28:45,590 --> 01:28:43,600

uh he had uh you know he at first he

2566

01:28:47,750 --> 01:28:45,600

asked you know to buy some

2567

01:28:49,110 --> 01:28:47,760

prints and i said no i'll just donate

2568

01:28:50,390 --> 01:28:49,120

all of them to the university because i

2569

01:28:52,870 --> 01:28:50,400

want to get more eyes on to the

2570

01:28:54,149 --> 01:28:52,880

situation you know with my photography

2571

01:28:57,189 --> 01:28:54,159

um but

2572

01:29:00,870 --> 01:28:57,199

that archive is online at um

2573

01:29:02,790 --> 01:29:00,880

uh skinwalker ranch uh portfolio.org is

2574

01:29:04,470 --> 01:29:02,800

where you can find that and there's

2575

01:29:06,070 --> 01:29:04,480

gonna be a mini documentary attached to

2576

01:29:08,709 --> 01:29:06,080

that a short one

2577

01:29:10,629 --> 01:29:08,719

and it's gonna have uh my own story in

2578

01:29:12,870 --> 01:29:10,639

it basically and highlighting some of my

2579

01:29:14,629 --> 01:29:12,880

most favorite pictures in it and some of

2580

01:29:17,270 --> 01:29:14,639

the photography that i do as well where

2581

01:29:20,070 --> 01:29:17,280

i take images and i flip them and create

2582

01:29:22,709 --> 01:29:20,080

like ufos out of mesa rocks and

2583

01:29:24,510 --> 01:29:22,719

um stuff like that and

2584

01:29:26,070 --> 01:29:24,520

so yeah and i have a website too

2585

01:29:27,830 --> 01:29:26,080

chrisbartel.com

2586

01:29:30,070 --> 01:29:27,840

i don't update as much as i used to but

2587

01:29:31,669 --> 01:29:30,080

i probably should do a new re-haul

2588

01:29:33,510 --> 01:29:31,679

and put some more pictures on there and

2589

01:29:35,270 --> 01:29:33,520

stuff but you can find some of my other

2590

01:29:37,830 --> 01:29:35,280

projects i've worked on

2591

01:29:39,669 --> 01:29:37,840

and so my old las vegas portfolio

2592

01:29:43,350 --> 01:29:39,679

because i have a huge las vegas

2593

01:29:46,229 --> 01:29:43,360

portfolio of like 20 000 images i mean

2594

01:29:47,990 --> 01:29:46,239

you know 20 plus years in las vegas

2595

01:29:49,510 --> 01:29:48,000

i kind of treated uh

2596

01:29:51,350 --> 01:29:49,520

like ansel adams is my one of my

2597

01:29:54,550 --> 01:29:51,360

favorite photographers so i wanted to

2598

01:29:56,870 --> 01:29:54,560

create this approach to las vegas like

2599

01:29:59,030 --> 01:29:56,880

if ansel adams came to las vegas how

2600

01:30:01,189 --> 01:29:59,040

would he photograph las vegas so a lot

2601
01:30:02,550 --> 01:30:01,199
of my a lot of my las vegas pictures are

2602
01:30:04,229 --> 01:30:02,560
on black and white which are kind of

2603
01:30:06,790 --> 01:30:04,239
cool or have that you know

2604
01:30:08,550 --> 01:30:06,800
feel to them and so uh yeah much some of

2605
01:30:09,350 --> 01:30:08,560
my vegas pictures are on there as well

2606
01:30:14,070 --> 01:30:09,360
and

2607
01:30:16,550 --> 01:30:14,080
um

2608
01:30:18,470 --> 01:30:16,560
you know places in utah i'm going back

2609
01:30:19,669 --> 01:30:18,480
to las vegas here pretty soon so i can't

2610
01:30:20,870 --> 01:30:19,679
it's been a couple years since i've been

2611
01:30:22,470 --> 01:30:20,880
out there so

2612
01:30:24,149 --> 01:30:22,480
las vegas is one of those unique cities

2613
01:30:27,030 --> 01:30:24,159

that every week the whole landscape

2614

01:30:29,669 --> 01:30:27,040

changes so you know the downtown

2615

01:30:31,030 --> 01:30:29,679

uh the canvas is always changing so i'm

2616

01:30:33,430 --> 01:30:31,040

always going down there finding new

2617

01:30:35,750 --> 01:30:33,440

things to photograph and stuff

2618

01:30:38,229 --> 01:30:35,760

there's i have a whole uh

2619

01:30:40,790 --> 01:30:38,239

graffiti art gallery of las vegas

2620

01:30:42,470 --> 01:30:40,800

spanning 15 20 years i used to go to

2621

01:30:44,950 --> 01:30:42,480

like some of the worst parts of las

2622

01:30:47,270 --> 01:30:44,960

vegas and photograph some amazing

2623

01:30:48,790 --> 01:30:47,280

graffiti pieces down there and i should

2624

01:30:49,990 --> 01:30:48,800

probably share more of that stuff online

2625

01:30:51,350 --> 01:30:50,000

too i think people might like to see

2626

01:31:01,110 --> 01:30:51,360

that

2627

01:31:02,950 --> 01:31:01,120

look at all of this i think because

2628

01:31:04,390 --> 01:31:02,960

we're all growing we're all learning

2629

01:31:05,430 --> 01:31:04,400

we're all um

2630

01:31:08,629 --> 01:31:05,440

we're all

2631

01:31:12,629 --> 01:31:08,639

part of some grand uh performance piece

2632

01:31:15,189 --> 01:31:12,639

or art exhibition that's yet to be fully

2633

01:31:17,110 --> 01:31:15,199

uh realized but i think we're we're

2634

01:31:19,990 --> 01:31:17,120

getting there man and i'm so happy you

2635

01:31:21,510 --> 01:31:20,000

did come forward um this i i i'm gonna

2636

01:31:22,550 --> 01:31:21,520

say this on the record this has been one

2637

01:31:24,470 --> 01:31:22,560

of my

2638

01:31:28,149 --> 01:31:24,480

favorite conversations on summer in the

2639

01:31:30,470 --> 01:31:28,159

skies since the very beginning so

2640

01:31:32,229 --> 01:31:30,480

i gotta thank you man like you shared a

2641

01:31:35,030 --> 01:31:32,239

lot with us tonight that you didn't have

2642

01:31:37,030 --> 01:31:35,040

to so i truly appreciate that yeah you

2643

01:31:38,149 --> 01:31:37,040

know i think i feel like i'm like i said

2644

01:31:41,270 --> 01:31:38,159

i'm just trying to really close a

2645

01:31:43,430 --> 01:31:41,280

chapter and um

2646

01:31:45,669 --> 01:31:43,440

and doing some of these shows helps me

2647

01:31:48,390 --> 01:31:45,679

talk and vent a little bit and i don't

2648

01:31:50,229 --> 01:31:48,400

mean to come across like uh arrogant or

2649

01:31:52,470 --> 01:31:50,239

mr know-it-all and i

2650

01:31:53,750 --> 01:31:52,480

i'm just i'm trying to be genuine in my

2651
01:31:55,990 --> 01:31:53,760
approach

2652
01:31:56,950 --> 01:31:56,000
and uh

2653
01:31:59,189 --> 01:31:56,960
that

2654
01:32:14,790 --> 01:31:59,199
i

2655
01:32:25,910 --> 01:32:14,800
and

2656
01:32:27,830 --> 01:32:25,920
pleasure being able to share time with

2657
01:32:29,830 --> 01:32:27,840
you and i really enjoy my time here so

2658
01:32:31,669 --> 01:32:29,840
thank you for giving me the platform an

2659
01:32:34,390 --> 01:32:31,679
opportunity to talk a little bit about

2660
01:32:36,229 --> 01:32:34,400
uh my past and what i've done

2661
01:32:38,390 --> 01:32:36,239
my absolute pleasure and thank you for

2662
01:32:41,730 --> 01:32:38,400
your service chris thank you appreciate
