UFOS *AND THE*
BEST-KEPT SECRET

1
00:00:12,470 --> 00:00:09,589

[Music]

2
00:00:14,600 --> 00:00:12,480

this is somewhere in the skies with ryan

3
00:00:31,669 --> 00:00:14,610

spread

4
00:00:37,430 --> 00:00:34,630

welcome everyone to what i believe is

5
00:00:40,549 --> 00:00:37,440

going to be a historical episode here at

6
00:00:42,150 --> 00:00:40,559

somewhere in the skies i'm very honored

7
00:00:45,350 --> 00:00:42,160

to have today's guest i'm going to go

8
00:00:48,549 --> 00:00:45,360

through a an intro for him yet he needs

9
00:00:50,709 --> 00:00:48,559

no introduction but here we go anyways

10
00:00:53,670 --> 00:00:50,719

jacques valet is an internet pioneer

11
00:00:56,310 --> 00:00:53,680

computer scientist venture capitalist

12
00:00:59,029 --> 00:00:56,320

author ufologist and astronomer he's

13
00:01:01,029 --> 00:00:59,039

written over two dozen books on ufos and

14

00:01:03,750 --> 00:01:01,039

he was the inspiration for the french

15

00:01:06,710 --> 00:01:03,760

ufo researcher in steven spielberg's

16

00:01:09,190 --> 00:01:06,720

close encounters of the third kind movie

17

00:01:10,789 --> 00:01:09,200

he has investigated reports of ufos all

18

00:01:14,630 --> 00:01:10,799

over the world and has worked on related

19

00:01:16,070 --> 00:01:14,640

us and french government ufo projects he

20

00:01:18,630 --> 00:01:16,080

is currently working on a project to

21

00:01:21,030 --> 00:01:18,640

analyze ufo materials in highly

22

00:01:22,710 --> 00:01:21,040

credentialed laboratories and has

23

00:01:25,190 --> 00:01:22,720

recently come out with a new edition of

24

00:01:27,590 --> 00:01:25,200

his latest book trinity the best kept

25

00:01:30,630 --> 00:01:27,600

secret which covers a ufo crash that

26
00:01:33,030 --> 00:01:30,640
occurred prior to the roswell ufo crash

27
00:01:36,149 --> 00:01:33,040
so i'm really excited to talk to him all

28
00:01:39,510 --> 00:01:36,159
about that incident his new book and

29
00:01:42,390 --> 00:01:39,520
everything ufos so let's not waste any

30
00:01:45,830 --> 00:01:42,400
more time let's bring him in jacques

31
00:01:48,710 --> 00:01:45,840
valet welcome to somewhere in the skies

32
00:01:51,190 --> 00:01:48,720
good morning ryan and good morning or

33
00:01:53,510 --> 00:01:51,200
good evening i understand you're

34
00:01:57,749 --> 00:01:53,520
on the other side of the world

35
00:01:59,670 --> 00:01:57,759
um yes yes i'd like to speak with you

36
00:02:02,550 --> 00:01:59,680
thank you thank you and like i said jock

37
00:02:05,109 --> 00:02:02,560
um this is a dream come true for me um

38
00:02:07,510 --> 00:02:05,119

as both a podcaster and a ufo researcher

39

00:02:09,990 --> 00:02:07,520

so i appreciate you taking the time to

40

00:02:11,910 --> 00:02:10,000

do this uh we're going to cover a lot in

41

00:02:15,430 --> 00:02:11,920

the time that we do have with you here

42

00:02:18,229 --> 00:02:15,440

shock um but i guess before we even get

43

00:02:20,150 --> 00:02:18,239

you know to kind of the the main focus

44

00:02:22,949 --> 00:02:20,160

of this conversation which is the

45

00:02:25,190 --> 00:02:22,959

trinity ufo crash um

46

00:02:27,589 --> 00:02:25,200

i'd love to know uh

47

00:02:30,470 --> 00:02:27,599

what do you what are you thinking and

48

00:02:32,390 --> 00:02:30,480

feeling in today's landscape of the ufo

49

00:02:34,470 --> 00:02:32,400

conversation i mean you've been doing

50

00:02:36,949 --> 00:02:34,480

this for a while and we've seen a lot

51
00:02:39,190 --> 00:02:36,959
change in the past few years do you

52
00:02:41,430 --> 00:02:39,200
think we're headed in a good direction

53
00:02:44,949 --> 00:02:41,440
what do you think of ufology today in

54
00:02:46,869 --> 00:02:44,959
2022 there are several questions but

55
00:02:49,190 --> 00:02:46,879
what i know

56
00:02:51,670 --> 00:02:49,200
but the main thing

57
00:02:53,110 --> 00:02:51,680
if i had to describe really my my

58
00:02:54,470 --> 00:02:53,120
feelings is

59
00:02:57,030 --> 00:02:54,480
a

60
00:02:58,869 --> 00:02:57,040
feeling of

61
00:02:59,750 --> 00:02:58,879
relief

62
00:03:04,470 --> 00:02:59,760
and

63
00:03:10,550 --> 00:03:07,750

humbled by what has happened with the

64

00:03:11,990 --> 00:03:10,560

the official recognition of the

65

00:03:14,710 --> 00:03:12,000

phenomenon

66

00:03:16,790 --> 00:03:14,720

this is uh something i've

67

00:03:19,589 --> 00:03:16,800

you know i've been

68

00:03:20,550 --> 00:03:19,599

lucky to live long enough to see this

69

00:03:21,990 --> 00:03:20,560

uh

70

00:03:24,550 --> 00:03:22,000

many of my

71

00:03:25,670 --> 00:03:24,560

mentors and and friends over the years

72

00:03:28,710 --> 00:03:25,680

are not

73

00:03:31,110 --> 00:03:28,720

have not seen that including dr heineck

74

00:03:33,830 --> 00:03:31,120

or i may michelle and so on who were

75

00:03:35,990 --> 00:03:33,840

hoping for the day when the government

76
00:03:36,949 --> 00:03:36,000
you know especially the u.s government

77
00:03:40,149 --> 00:03:36,959
of course

78
00:03:42,710 --> 00:03:40,159
would come out and recognize the

79
00:03:44,229 --> 00:03:42,720
reality of the problem

80
00:03:47,910 --> 00:03:44,239
as a

81
00:03:51,750 --> 00:03:47,920
problem

82
00:03:53,270 --> 00:03:51,760
so now um you know that day has come

83
00:03:55,110 --> 00:03:53,280
and it is

84
00:04:00,470 --> 00:03:55,120
irreversible

85
00:04:02,949 --> 00:04:00,480
have been waiting for that day including

86
00:04:04,949 --> 00:04:02,959
so many witnesses who were

87
00:04:07,589 --> 00:04:04,959
ridiculed were

88
00:04:09,190 --> 00:04:07,599

uh were attacked were you know in the

89

00:04:10,550 --> 00:04:09,200

press and

90

00:04:12,149 --> 00:04:10,560

everywhere

91

00:04:14,070 --> 00:04:12,159

and now

92

00:04:16,150 --> 00:04:14,080

we have to recognize that these people

93

00:04:17,990 --> 00:04:16,160

were telling the truth

94

00:04:20,550 --> 00:04:18,000

now the question is

95

00:04:22,550 --> 00:04:20,560

you know what what is the truth i mean

96

00:04:26,790 --> 00:04:22,560

it's up to us now to

97

00:04:29,189 --> 00:04:26,800

to to expand the research and it's again

98

00:04:33,189 --> 00:04:29,199

a humbling

99

00:04:34,870 --> 00:04:33,199

because they

100

00:04:37,270 --> 00:04:34,880

we don't have

101

00:04:40,830 --> 00:04:37,280

we have a lot of data

102

00:04:43,990 --> 00:04:40,840

very

103

00:04:46,870 --> 00:04:44,000

complex and we we need to bring in

104

00:04:49,590 --> 00:04:46,880

people and train them very quickly

105

00:04:51,430 --> 00:04:49,600

to help us so far the work that has been

106

00:04:54,230 --> 00:04:51,440

done has been done

107

00:04:56,950 --> 00:04:54,240

you know pretty much on a personal basis

108

00:04:59,270 --> 00:04:56,960

uh i would say on

109

00:05:01,590 --> 00:04:59,280

not exactly on an amateurish basis

110

00:05:04,629 --> 00:05:01,600

because a lot of resources have been

111

00:05:07,909 --> 00:05:04,639

brought into into the study but now we

112

00:05:11,430 --> 00:05:07,919

have to do it as a real science the the

113

00:05:12,629 --> 00:05:11,440

way uh you know harvard university is

114

00:05:16,870 --> 00:05:12,639

doing it

115

00:05:18,390 --> 00:05:16,880

uh with dr abhinav uh dr evil has

116

00:05:20,469 --> 00:05:18,400

as you know has

117

00:05:23,430 --> 00:05:20,479

deployed a

118

00:05:24,550 --> 00:05:23,440

project which is privately funded

119

00:05:26,710 --> 00:05:24,560

to

120

00:05:28,710 --> 00:05:26,720

analyze signals from

121

00:05:31,510 --> 00:05:28,720

a new space

122

00:05:34,070 --> 00:05:31,520

that can teach us something about you

123

00:05:35,670 --> 00:05:34,080

know what else is there that we haven't

124

00:05:38,550 --> 00:05:35,680

recognized before

125

00:05:42,150 --> 00:05:38,560

including objects like um

126
00:05:45,990 --> 00:05:42,160
that was passed by the earth a couple of

127
00:05:48,629 --> 00:05:46,000
years ago and was detected and now um

128
00:05:49,749 --> 00:05:48,639
his team has found that there were other

129
00:05:52,629 --> 00:05:49,759
cases

130
00:05:53,590 --> 00:05:52,639
like umuah that could be that could be

131
00:05:56,150 --> 00:05:53,600
study

132
00:05:59,350 --> 00:05:56,160
so that's that's a big

133
00:06:00,150 --> 00:05:59,360
big breakthrough it's a big step forward

134
00:06:05,270 --> 00:06:00,160
the

135
00:06:08,550 --> 00:06:05,280
look at materials

136
00:06:11,029 --> 00:06:08,560
and uh contrary to what people think

137
00:06:13,430 --> 00:06:11,039
that research has been going on

138
00:06:15,830 --> 00:06:13,440

for a long time starting with professor

139

00:06:19,590 --> 00:06:15,840

sturock at stanford

140

00:06:22,390 --> 00:06:19,600

who was also my my mentor in physics

141

00:06:24,629 --> 00:06:22,400

in uh solar physics

142

00:06:27,350 --> 00:06:24,639

and in astrophysics uh

143

00:06:31,510 --> 00:06:27,360

when when i was at stanford and we

144

00:06:33,350 --> 00:06:31,520

worked together on a few of those cases

145

00:06:36,550 --> 00:06:33,360

the

146

00:06:39,590 --> 00:06:36,560

professor stuart is still alive and

147

00:06:41,189 --> 00:06:39,600

active but he has somewhat retired from

148

00:06:43,909 --> 00:06:41,199

that and has

149

00:06:46,629 --> 00:06:43,919

given me has left with me a number of

150

00:06:49,430 --> 00:06:46,639

the samples he had collected including

151
00:06:50,790 --> 00:06:49,440
the famous ubertuba samples

152
00:06:52,150 --> 00:06:50,800
from brazil

153
00:06:54,870 --> 00:06:52,160
so

154
00:06:57,830 --> 00:06:54,880
dr gary nolan and i are

155
00:07:00,950 --> 00:06:57,840
picking up that research and we just

156
00:07:06,870 --> 00:07:03,749
uh refereed article in a major

157
00:07:09,909 --> 00:07:06,880
scientific journal about the the study

158
00:07:13,110 --> 00:07:09,919
of of one case in the in the american

159
00:07:14,950 --> 00:07:13,120
midwest yes so what you're saying uh

160
00:07:17,670 --> 00:07:14,960
showing is uh

161
00:07:18,710 --> 00:07:17,680
uh professor nolan and i uh

162
00:07:23,749 --> 00:07:18,720
taking

163
00:07:26,469 --> 00:07:23,759

sophisticated instrument that he and his

164

00:07:27,830 --> 00:07:26,479

team has invented at stanford so

165

00:07:29,990 --> 00:07:27,840

we the

166

00:07:31,830 --> 00:07:30,000

what is nice there is that we have the

167

00:07:34,710 --> 00:07:31,840

instrument and we have

168

00:07:36,469 --> 00:07:34,720

the the engineering team

169

00:07:38,950 --> 00:07:36,479

that has uh

170

00:07:39,990 --> 00:07:38,960

done the research and actually built the

171

00:07:43,110 --> 00:07:40,000

instrument

172

00:07:46,230 --> 00:07:43,120

so we're in a in a very uh

173

00:07:47,990 --> 00:07:46,240

lucky in a very fortunate situation

174

00:07:49,350 --> 00:07:48,000

thanks to his work and the work of this

175

00:07:50,550 --> 00:07:49,360

team in

176

00:07:54,629 --> 00:07:50,560

the

177

00:07:57,189 --> 00:07:54,639

designed for biology

178

00:07:59,350 --> 00:07:57,199

so the the benefit is that we can work

179

00:08:01,749 --> 00:07:59,360

with very very small

180

00:08:05,589 --> 00:08:01,759

amounts of material somebody was showing

181

00:08:08,390 --> 00:08:05,599

me a sample they had that

182

00:08:10,790 --> 00:08:08,400

that they would like analyzed by us and

183

00:08:13,510 --> 00:08:10,800

i said don't send me the sample keep it

184

00:08:16,230 --> 00:08:13,520

you know it's a potentially a treasure

185

00:08:18,070 --> 00:08:16,240

but we we just need a few grabs of

186

00:08:19,029 --> 00:08:18,080

material to

187

00:08:21,990 --> 00:08:19,039

to do

188

00:08:24,469 --> 00:08:22,000

an isotope analysis

189

00:08:27,110 --> 00:08:24,479

so jacques in terms of this current work

190

00:08:28,550 --> 00:08:27,120

you're doing with dr gary nolan uh what

191

00:08:30,710 --> 00:08:28,560

have been some of the most compelling

192

00:08:33,430 --> 00:08:30,720

findings with these materials that you

193

00:08:35,269 --> 00:08:33,440

both have looked at has anything really

194

00:08:38,389 --> 00:08:35,279

screamed to you that we're not dealing

195

00:08:41,190 --> 00:08:38,399

with something that was

196

00:08:42,630 --> 00:08:41,200

you know manufactured here on earth or

197

00:08:44,949 --> 00:08:42,640

what are we talking about with some of

198

00:08:47,190 --> 00:08:44,959

these if you don't mind sharing i think

199

00:08:49,110 --> 00:08:47,200

at the first level

200

00:08:52,470 --> 00:08:49,120

the main thing that

201
00:08:56,150 --> 00:08:52,480
scientific analysis can do is validate

202
00:08:57,910 --> 00:08:56,160
the testimony of the human witnesses who

203
00:09:00,070 --> 00:08:57,920
bring this to us

204
00:09:01,910 --> 00:09:00,080
because if

205
00:09:04,310 --> 00:09:01,920
you know chemical

206
00:09:05,670 --> 00:09:04,320
a chemical even a complex chemical can

207
00:09:08,710 --> 00:09:05,680
be faked

208
00:09:09,750 --> 00:09:08,720
uh people have done that

209
00:09:12,310 --> 00:09:09,760
and

210
00:09:13,910 --> 00:09:12,320
so there is always a hesitation

211
00:09:16,870 --> 00:09:13,920
you know about

212
00:09:23,269 --> 00:09:16,880
about what you can what you can do with

213
00:09:41,590 --> 00:09:24,550

the

214

00:09:44,310 --> 00:09:41,600

we have now instruments that allow us to

215

00:09:47,269 --> 00:09:44,320

uh to validate what the witness is

216

00:09:48,470 --> 00:09:47,279

telling us in a way that cannot be

217

00:09:51,509 --> 00:09:48,480

faked

218

00:09:53,269 --> 00:09:51,519

now suppose that we do that and we find

219

00:09:54,070 --> 00:09:53,279

a difference in

220

00:09:57,350 --> 00:09:54,080

uh

221

00:09:59,110 --> 00:09:57,360

you know in isotope ratios

222

00:10:01,829 --> 00:09:59,120

uh people immediately jump to the

223

00:10:04,790 --> 00:10:01,839

conclusion that would mean that we have

224

00:10:06,790 --> 00:10:04,800

an extraterrestrial material well that's

225

00:10:08,070 --> 00:10:06,800

not true

226

00:10:12,150 --> 00:10:08,080

that

227

00:10:14,230 --> 00:10:12,160

more questions

228

00:10:16,310 --> 00:10:14,240

you know there's always a problem with

229

00:10:18,710 --> 00:10:16,320

science you you go to a scientist you

230

00:10:20,949 --> 00:10:18,720

expect to have a question the scientist

231

00:10:22,710 --> 00:10:20,959

does you know the best

232

00:10:25,190 --> 00:10:22,720

analysis he can do

233

00:10:27,910 --> 00:10:25,200

and he answers one question and then he

234

00:10:31,030 --> 00:10:27,920

raises five more so i think we have

235

00:10:33,829 --> 00:10:31,040

people have to be to get used to that

236

00:10:37,110 --> 00:10:33,839

the the problem is that

237

00:10:38,870 --> 00:10:37,120

of course uh isotope ratios are going to

238

00:10:40,470 --> 00:10:38,880

be the same

239

00:10:41,829 --> 00:10:40,480

pretty much throughout the known

240

00:10:44,550 --> 00:10:41,839

universe

241

00:10:45,829 --> 00:10:44,560

so if you bring me a stone from the moon

242

00:10:48,470 --> 00:10:45,839

which we have

243

00:10:50,870 --> 00:10:48,480

are a stone from mouse

244

00:10:54,150 --> 00:10:50,880

which we also have because there are

245

00:10:55,030 --> 00:10:54,160

some meteorites that were the product of

246

00:10:57,190 --> 00:10:55,040

uh

247

00:10:59,190 --> 00:10:57,200

you know a meteor hitting mars and

248

00:11:02,550 --> 00:10:59,200

ejecting materials so

249

00:11:05,269 --> 00:11:02,560

on earth we find a few pieces of

250

00:11:07,269 --> 00:11:05,279

you know mineral that come have been

251
00:11:08,949 --> 00:11:07,279
ejected from mars

252
00:11:11,110 --> 00:11:08,959
you're going to do

253
00:11:13,670 --> 00:11:11,120
the the isotopic analysis you're going

254
00:11:15,750 --> 00:11:13,680
to find pretty much the same ratios

255
00:11:18,230 --> 00:11:15,760
as you would find if you picked up a

256
00:11:20,710 --> 00:11:18,240
stone from your garment so

257
00:11:23,990 --> 00:11:20,720
so that doesn't solve the problem

258
00:11:26,949 --> 00:11:24,000
the the problem is

259
00:11:31,190 --> 00:11:26,959
becomes interesting when you can see

260
00:11:36,389 --> 00:11:33,430
significantly altered

261
00:11:40,630 --> 00:11:36,399
for a reason for purpose

262
00:11:42,870 --> 00:11:40,640
uh of course here on earth we do that

263
00:11:45,829 --> 00:11:42,880

with uh uranium

264

00:11:46,790 --> 00:11:45,839

to make atomic bombs so we started doing

265

00:11:49,509 --> 00:11:46,800

that

266

00:11:51,829 --> 00:11:49,519

on pretty much an industrial scale at

267

00:11:54,710 --> 00:11:51,839

the end of world war ii that's how the

268

00:11:57,750 --> 00:11:54,720

atomic bomb was created and that's how

269

00:12:01,269 --> 00:11:57,760

you know that the nuclear physics has

270

00:12:03,509 --> 00:12:01,279

developed in nuclear energy and so on so

271

00:12:06,069 --> 00:12:03,519

we we know how to do that

272

00:12:09,269 --> 00:12:06,079

it's extraordinarily expensive

273

00:12:12,710 --> 00:12:09,279

and you would not expect to find a

274

00:12:14,870 --> 00:12:12,720

sample after a ufo case

275

00:12:18,230 --> 00:12:14,880

you know in in your field if you're a

276
00:12:19,269 --> 00:12:18,240
farmer that would show abnormal isotope

277
00:12:21,509 --> 00:12:19,279
ratios

278
00:12:24,629 --> 00:12:21,519
so if that happens

279
00:12:26,629 --> 00:12:24,639
it means that somebody has a very

280
00:12:29,670 --> 00:12:26,639
advanced technology

281
00:12:33,269 --> 00:12:29,680
that they have mastered that produces

282
00:12:36,310 --> 00:12:33,279
altered isotope ratios for a

283
00:12:39,430 --> 00:12:36,320
reason for a purpose that's that's a you

284
00:12:41,509 --> 00:12:39,440
know a technical or a scientific reason

285
00:12:43,750 --> 00:12:41,519
so that would be very interesting that

286
00:12:46,069 --> 00:12:43,760
would be a breakthrough now we thought

287
00:12:47,509 --> 00:12:46,079
we had gotten close to that with the

288
00:12:49,750 --> 00:12:47,519

ubatuba

289

00:12:52,389 --> 00:12:49,760

uh brazil case

290

00:12:55,670 --> 00:12:52,399

uh there is some question about that and

291

00:12:58,870 --> 00:12:55,680

we have a number of samples yet to be

292

00:13:02,069 --> 00:12:58,880

analyzed and that's part of our research

293

00:13:03,990 --> 00:13:02,079

program other other teams have also

294

00:13:06,710 --> 00:13:04,000

done analysis

295

00:13:10,389 --> 00:13:06,720

and they replicated the analysis by dr

296

00:13:11,509 --> 00:13:10,399

sterop and we we expect to do that uh as

297

00:13:12,629 --> 00:13:11,519

well

298

00:13:15,750 --> 00:13:12,639

the

299

00:13:16,710 --> 00:13:15,760

published

300

00:13:18,710 --> 00:13:16,720

there was

301
00:13:22,470 --> 00:13:18,720
you know is a case that happened in the

302
00:13:24,790 --> 00:13:22,480
midwest near omaha nebraska on the iowa

303
00:13:25,990 --> 00:13:24,800
side of nebraska on the other side of

304
00:13:27,750 --> 00:13:26,000
the river

305
00:13:31,110 --> 00:13:27,760
and um

306
00:13:33,990 --> 00:13:31,120
we we found a strange combination of

307
00:13:35,350 --> 00:13:34,000
things that the the sample resembles

308
00:13:37,590 --> 00:13:35,360
steel

309
00:13:39,190 --> 00:13:37,600
and we we know it couldn't be a hoax for

310
00:13:41,829 --> 00:13:39,200
a number of reasons

311
00:13:44,629 --> 00:13:41,839
uh the the great thing about that case

312
00:13:46,069 --> 00:13:44,639
is that we have we we know the names of

313
00:13:48,949 --> 00:13:46,079

all the witnesses

314

00:13:52,230 --> 00:13:48,959

the police was there within 30 minutes

315

00:13:55,190 --> 00:13:52,240

the fire man was there within 30 minutes

316

00:13:58,310 --> 00:13:55,200

we have the polaroid photographs taken

317

00:14:00,949 --> 00:13:58,320

by the police we have the testimony of

318

00:14:03,990 --> 00:14:00,959

the firemen and we know the names of all

319

00:14:06,310 --> 00:14:04,000

the there is about a dozen witnesses

320

00:14:09,189 --> 00:14:06,320

scattered over an area of about 10

321

00:14:11,509 --> 00:14:09,199

square miles and we know where they were

322

00:14:14,550 --> 00:14:11,519

and we know what they saw they saw an

323

00:14:19,590 --> 00:14:14,560

object in the sky with rotating lights

324

00:14:21,430 --> 00:14:19,600

that went away and they found a mass of

325

00:14:24,150 --> 00:14:21,440

molten steel

326

00:14:27,750 --> 00:14:24,160

that essentially was dripping down a

327

00:14:29,750 --> 00:14:27,760

levee in a park outside omaha

328

00:14:32,230 --> 00:14:29,760

there is no explanation for that you

329

00:14:35,910 --> 00:14:32,240

know this was in the middle of december

330

00:14:37,509 --> 00:14:35,920

the temperature was below zero um

331

00:14:39,509 --> 00:14:37,519

in fact the the

332

00:14:40,629 --> 00:14:39,519

the water that was put on it was

333

00:14:41,670 --> 00:14:40,639

freezing

334

00:14:44,069 --> 00:14:41,680

uh

335

00:14:45,189 --> 00:14:44,079

instantly there was no explanation for

336

00:14:47,750 --> 00:14:45,199

how

337

00:14:50,550 --> 00:14:47,760

you could do that as a hoax i mean this

338

00:14:51,350 --> 00:14:50,560

so everything about the case is known

339

00:14:55,990 --> 00:14:51,360

and

340

00:14:57,350 --> 00:14:56,000

what the witnesses have been telling the

341

00:15:00,150 --> 00:14:57,360

police and

342

00:15:03,110 --> 00:15:00,160

and the the fire department

343

00:15:05,110 --> 00:15:03,120

now that's that's uh an extraordinarily

344

00:15:08,550 --> 00:15:05,120

well documented case

345

00:15:12,069 --> 00:15:08,560

you know in in much of ufology you find

346

00:15:14,790 --> 00:15:12,079

stories that somebody saw something that

347

00:15:17,189 --> 00:15:14,800

cannot tell the name of the witness and

348

00:15:19,990 --> 00:15:17,199

that isn't clear about the date and it

349

00:15:22,310 --> 00:15:20,000

may or may not have i know including

350

00:15:23,110 --> 00:15:22,320

roswell i mean roswell look how long it

351
00:15:23,910 --> 00:15:23,120
took

352
00:15:26,629 --> 00:15:23,920
for

353
00:15:28,790 --> 00:15:26,639
you know the names of the real witnesses

354
00:15:30,870 --> 00:15:28,800
come out and there's still some

355
00:15:33,350 --> 00:15:30,880
discrepancy and nobody was there at the

356
00:15:36,870 --> 00:15:33,360
site at the time of roswell you know

357
00:15:38,629 --> 00:15:36,880
that the site was discovered later on

358
00:15:42,310 --> 00:15:38,639
so

359
00:15:44,790 --> 00:15:42,320
where we had

360
00:15:48,550 --> 00:15:44,800
we could document completely the human

361
00:15:51,269 --> 00:15:48,560
testimony and the material uh there is

362
00:15:53,030 --> 00:15:51,279
no way to bring uh you know half a ton

363
00:15:56,150 --> 00:15:53,040

of molten steel

364

00:15:58,710 --> 00:15:56,160

to a place like this on a beautiful

365

00:15:59,590 --> 00:15:58,720

evening in nebraska

366

00:16:01,430 --> 00:15:59,600

you know

367

00:16:03,269 --> 00:16:01,440

with a truck i mean

368

00:16:04,629 --> 00:16:03,279

or drop it over there

369

00:16:06,550 --> 00:16:04,639

that's not

370

00:16:08,870 --> 00:16:06,560

so

371

00:16:11,670 --> 00:16:08,880

the composition is

372

00:16:13,990 --> 00:16:11,680

relatively normal from a chemical point

373

00:16:16,790 --> 00:16:14,000

of view it's not exactly the kind of

374

00:16:19,430 --> 00:16:16,800

steel that you'd expect you know in in

375

00:16:21,829 --> 00:16:19,440

industry but it has the same general

376

00:16:23,990 --> 00:16:21,839

composition of steel and the isotope

377

00:16:28,310 --> 00:16:24,000

ratios are normal

378

00:16:30,389 --> 00:16:28,320

so uh that paper took four years to

379

00:16:33,030 --> 00:16:30,399

to develop i mean the the analysis

380

00:16:35,590 --> 00:16:33,040

itself we've read it several times on

381

00:16:37,590 --> 00:16:35,600

several machines okay including the

382

00:16:41,269 --> 00:16:37,600

machine that you've seen you know

383

00:16:42,230 --> 00:16:41,279

invented by dr nolan's team at stanford

384

00:16:44,310 --> 00:16:42,240

so

385

00:16:45,670 --> 00:16:44,320

we're pretty sure of the ratios we've

386

00:16:47,430 --> 00:16:45,680

published

387

00:16:49,350 --> 00:16:47,440

in fact we're very sure

388

00:16:50,550 --> 00:16:49,360

uh having done it on different

389

00:16:52,949 --> 00:16:50,560

instruments

390

00:16:55,189 --> 00:16:52,959

and uh the

391

00:16:56,949 --> 00:16:55,199

we answered a number of questions from

392

00:16:59,910 --> 00:16:56,959

the meteorologists who

393

00:17:01,829 --> 00:16:59,920

surveyed the paper and you know approved

394

00:17:04,710 --> 00:17:01,839

the paper

395

00:17:06,150 --> 00:17:04,720

it's published in the leading uh journal

396

00:17:09,750 --> 00:17:06,160

of of

397

00:17:11,270 --> 00:17:09,760

uh astronautics uh in the world so

398

00:17:13,189 --> 00:17:11,280

uh it's

399

00:17:14,949 --> 00:17:13,199

the important thing about that article

400

00:17:18,069 --> 00:17:14,959

is that it opens

401
00:17:21,110 --> 00:17:18,079
a boulevard it opens an avenue for other

402
00:17:23,350 --> 00:17:21,120
people to publish now in

403
00:17:25,429 --> 00:17:23,360
recognized scientific journals which

404
00:17:26,710 --> 00:17:25,439
have always been closed as you know i

405
00:17:30,789 --> 00:17:26,720
mean it was

406
00:17:33,430 --> 00:17:30,799
dr heineck trying to publish articles in

407
00:17:35,110 --> 00:17:33,440
science magazine you know and other

408
00:17:38,230 --> 00:17:35,120
people have tried to publish in the

409
00:17:39,350 --> 00:17:38,240
landsat and then you know in nature in

410
00:17:41,909 --> 00:17:39,360
other things

411
00:17:44,310 --> 00:17:41,919
uh but there has never been an article

412
00:17:45,190 --> 00:17:44,320
like ours published in the scientific

413
00:17:47,669 --> 00:17:45,200

press

414

00:17:50,470 --> 00:17:47,679

so this is a first and we're very proud

415

00:17:52,549 --> 00:17:50,480

of it and again we

416

00:17:55,270 --> 00:17:52,559

we think it's a gift to

417

00:17:57,190 --> 00:17:55,280

you know to the research community that

418

00:17:58,230 --> 00:17:57,200

we've we've opened that

419

00:18:00,549 --> 00:17:58,240

precedent

420

00:18:02,549 --> 00:18:00,559

and now people can submit

421

00:18:04,070 --> 00:18:02,559

scientific articles to

422

00:18:06,070 --> 00:18:04,080

top-tier

423

00:18:08,630 --> 00:18:06,080

scientific reviews

424

00:18:11,270 --> 00:18:08,640

and then it's up to them to decide

425

00:18:13,669 --> 00:18:11,280

you know honestly as scientists

426

00:18:16,630 --> 00:18:13,679

are they ready to publish

427

00:18:18,230 --> 00:18:16,640

valid you know scientific analyses on

428

00:18:21,350 --> 00:18:18,240

this subject

429

00:18:23,510 --> 00:18:21,360

and uh you know it's it's up to them

430

00:18:26,470 --> 00:18:23,520

the the burden is on

431

00:18:29,110 --> 00:18:26,480

but the science you know the science is

432

00:18:31,669 --> 00:18:29,120

is catching up

433

00:18:34,150 --> 00:18:31,679

finally yes it's exciting and like you

434

00:18:37,669 --> 00:18:34,160

said i think precedent is the key word

435

00:18:40,070 --> 00:18:37,679

there it sets a standard for both the uh

436

00:18:42,549 --> 00:18:40,080

you know the ufo research field but also

437

00:18:43,990 --> 00:18:42,559

the scientific fields uh hard sciences

438

00:18:45,430 --> 00:18:44,000

soft sciences

439

00:18:47,669 --> 00:18:45,440

that's what i love about this topic

440

00:18:48,789 --> 00:18:47,679

shock is that you know

441

00:18:50,470 --> 00:18:48,799

you can

442

00:18:53,430 --> 00:18:50,480

mix all of the different sciences

443

00:18:56,789 --> 00:18:53,440

together and you can mix academia and

444

00:18:59,750 --> 00:18:56,799

history and religion and in science into

445

00:19:01,830 --> 00:18:59,760

the ufo topic and that's what drew me in

446

00:19:04,390 --> 00:19:01,840

is you have this cross-cultural thing

447

00:19:06,870 --> 00:19:04,400

happening all over the place and people

448

00:19:08,390 --> 00:19:06,880

interpreting it completely differently

449

00:19:10,950 --> 00:19:08,400

which is a lot of the work you've done

450

00:19:12,230 --> 00:19:10,960

in the past as well is uh examining

451
00:19:14,310 --> 00:19:12,240
those things

452
00:19:17,430 --> 00:19:14,320
yes but it's also

453
00:19:20,230 --> 00:19:17,440
you know it's also an obstacle because

454
00:19:22,870 --> 00:19:20,240
you know the the social and sociology

455
00:19:25,270 --> 00:19:22,880
department is at one end of the campus

456
00:19:27,909 --> 00:19:25,280
and the physics department is a mile

457
00:19:29,669 --> 00:19:27,919
away at the other end and they never

458
00:19:31,270 --> 00:19:29,679
really meet you know maybe for a

459
00:19:34,710 --> 00:19:31,280
christmas party but that's the only

460
00:19:36,830 --> 00:19:34,720
thing so here we're bridging with it's

461
00:19:39,669 --> 00:19:36,840
it's the ultimate

462
00:19:42,070 --> 00:19:39,679
cross-disciplinary topic you know in in

463
00:19:43,590 --> 00:19:42,080

research so um

464

00:19:45,750 --> 00:19:43,600

you know the chemists like to do

465

00:19:48,789 --> 00:19:45,760

chemistry and the physicists like to do

466

00:19:52,710 --> 00:19:48,799

physics and occasionally they cross over

467

00:19:54,549 --> 00:19:52,720

but not not very often and here we found

468

00:19:57,270 --> 00:19:54,559

we we thought we had done a really good

469

00:19:59,990 --> 00:19:57,280

job with our article we have all the

470

00:20:01,669 --> 00:20:00,000

analyses for chemical analyses and

471

00:20:03,909 --> 00:20:01,679

isotope analysis

472

00:20:06,630 --> 00:20:03,919

and then we got a lot of

473

00:20:10,070 --> 00:20:06,640

tough questions from meteorologists

474

00:20:13,430 --> 00:20:10,080

now you know dr nolan is a very imminent

475

00:20:15,510 --> 00:20:13,440

biologist uh you know my my work has

476

00:20:18,390 --> 00:20:15,520

been initially you know in the

477

00:20:21,830 --> 00:20:18,400

industrial physics with professor stuart

478

00:20:24,230 --> 00:20:21,840

at stanford and also in texas but then

479

00:20:27,190 --> 00:20:24,240

most of my career has been in computer

480

00:20:30,390 --> 00:20:27,200

science and and then in investing in

481

00:20:31,270 --> 00:20:30,400

technology so i have a fairly wide range

482

00:20:33,350 --> 00:20:31,280

of

483

00:20:34,789 --> 00:20:33,360

you know

484

00:20:38,310 --> 00:20:34,799

information

485

00:20:41,029 --> 00:20:38,320

about the frontiers of technology today

486

00:20:41,990 --> 00:20:41,039

but i really don't know much about the

487

00:20:43,830 --> 00:20:42,000

challenge

488

00:20:46,950 --> 00:20:43,840

it's not a field i've studied

489

00:20:49,669 --> 00:20:46,960

so we had to take

490

00:20:51,270 --> 00:20:49,679

a number of tough questions and go over

491

00:20:54,470 --> 00:20:51,280

them one by one

492

00:20:57,830 --> 00:20:54,480

uh to find people we could consult about

493

00:21:00,310 --> 00:20:57,840

the aspects of this the sample we have

494

00:21:03,430 --> 00:21:00,320

that we had analyzed so that you know

495

00:21:05,990 --> 00:21:03,440

that takes time and it takes uh

496

00:21:09,430 --> 00:21:06,000

good relationships you know across as

497

00:21:12,149 --> 00:21:09,440

you said across disciplines

498

00:21:13,669 --> 00:21:12,159

yeah yeah absolutely and i think again

499

00:21:17,190 --> 00:21:13,679

we're going to see

500

00:21:19,430 --> 00:21:17,200

all different types uh of scientists and

501
00:21:22,070 --> 00:21:19,440
and what not start to bridge those gaps

502
00:21:24,470 --> 00:21:22,080
which is really exciting it really is um

503
00:21:25,830 --> 00:21:24,480
and that kind of you know shocked traces

504
00:21:27,669 --> 00:21:25,840
to uh

505
00:21:30,230 --> 00:21:27,679
another topic i really wanted to talk to

506
00:21:31,190 --> 00:21:30,240
you about when it comes to materials and

507
00:21:34,950 --> 00:21:31,200
um

508
00:21:37,830 --> 00:21:34,960
you know craft in general and that is

509
00:21:39,990 --> 00:21:37,840
the trinity ufo case now for for those

510
00:21:42,950 --> 00:21:40,000
of our our viewers our listeners who

511
00:21:45,590 --> 00:21:42,960
aren't familiar with this case uh would

512
00:21:47,909 --> 00:21:45,600
you mind giving us kind of the overview

513
00:21:50,710 --> 00:21:47,919

of trinity what it is how you got

514

00:21:54,230 --> 00:21:50,720

personally involved with the case

515

00:21:55,430 --> 00:21:54,240

i got involved in it thanks to paula

516

00:21:56,310 --> 00:21:55,440

harris

517

00:22:00,149 --> 00:21:56,320

who

518

00:22:02,070 --> 00:22:00,159

is a long time student of history she

519

00:22:05,190 --> 00:22:02,080

comes from italy

520

00:22:07,909 --> 00:22:05,200

she has taught at the

521

00:22:10,630 --> 00:22:07,919

college level you know both in italy and

522

00:22:13,590 --> 00:22:10,640

in the us

523

00:22:16,549 --> 00:22:13,600

and she's really passionate about

524

00:22:19,830 --> 00:22:16,559

applying that her view of history and

525

00:22:21,669 --> 00:22:19,840

her view of contemporary history to

526
00:22:22,870 --> 00:22:21,679
this topic

527
00:22:24,789 --> 00:22:22,880
and

528
00:22:29,990 --> 00:22:24,799
the

529
00:22:31,270 --> 00:22:30,000
well now simple

530
00:22:34,149 --> 00:22:31,280
uh

531
00:22:37,190 --> 00:22:34,159
is that the witnesses never spoke

532
00:22:39,430 --> 00:22:37,200
now um the witnesses this happened in

533
00:22:42,310 --> 00:22:39,440
1945

534
00:22:45,350 --> 00:22:42,320
um it happened one month

535
00:22:48,390 --> 00:22:45,360
to the day after the explosion of a

536
00:22:50,470 --> 00:22:48,400
first atomic bomb 20 miles away from

537
00:22:53,110 --> 00:22:50,480
where the witnesses were

538
00:22:55,190 --> 00:22:53,120

the witnesses were children

539

00:22:57,430 --> 00:22:55,200

they were taking care of the ranch

540

00:22:59,510 --> 00:22:57,440

remember at that time all the adults

541

00:23:03,270 --> 00:22:59,520

were in uniform

542

00:23:05,190 --> 00:23:03,280

uh all the able-bodied you know men and

543

00:23:06,310 --> 00:23:05,200

women had been deployed in the armed

544

00:23:08,710 --> 00:23:06,320

forces

545

00:23:09,590 --> 00:23:08,720

from the pacific all the way to berlin

546

00:23:10,310 --> 00:23:09,600

okay

547

00:23:11,029 --> 00:23:10,320

and

548

00:23:11,990 --> 00:23:11,039

the

549

00:23:14,950 --> 00:23:12,000

uh

550

00:23:17,669 --> 00:23:14,960

the the task of taking care of farms and

551
00:23:20,070 --> 00:23:17,679
ranches and so on fell through

552
00:23:21,909 --> 00:23:20,080
teenagers and young kids

553
00:23:24,230 --> 00:23:21,919
so those two kids were taking care of

554
00:23:27,430 --> 00:23:24,240
the ranch taking care of the cattle that

555
00:23:29,029 --> 00:23:27,440
was on on their family ranch

556
00:23:30,390 --> 00:23:29,039
and they

557
00:23:31,669 --> 00:23:30,400
saw

558
00:23:33,029 --> 00:23:31,679
an object

559
00:23:36,310 --> 00:23:33,039
arrive

560
00:23:38,149 --> 00:23:36,320
the object hit a communication tower

561
00:23:40,950 --> 00:23:38,159
that was controlling

562
00:23:42,950 --> 00:23:40,960
civilian communication on the north end

563
00:23:46,070 --> 00:23:42,960

of the trinity site

564

00:23:48,950 --> 00:23:46,080

which is of course where the the bulb

565

00:23:52,149 --> 00:23:48,960

the first atom bomb was developed

566

00:23:52,950 --> 00:23:52,159

and vetonated

567

00:23:56,149 --> 00:23:52,960

in

568

00:23:57,830 --> 00:23:56,159

july 1945.

569

00:24:00,310 --> 00:23:57,840

so uh

570

00:24:03,909 --> 00:24:00,320

don't tell me it's not a historical date

571

00:24:06,230 --> 00:24:03,919

i mean the the bomb is detonated

572

00:24:09,430 --> 00:24:06,240

the population had not been evacuated

573

00:24:12,230 --> 00:24:09,440

because of course everything was secret

574

00:24:14,710 --> 00:24:12,240

and a month later this object arrives it

575

00:24:16,549 --> 00:24:14,720

hits this communication tower

576
00:24:20,789 --> 00:24:16,559
takes it out of

577
00:24:23,110 --> 00:24:20,799
communication and that makes a crash

578
00:24:26,149 --> 00:24:23,120
landing

579
00:24:27,669 --> 00:24:26,159
doesn't blow up in pieces like roswell

580
00:24:28,549 --> 00:24:27,679
or others

581
00:24:30,789 --> 00:24:28,559
um

582
00:24:32,390 --> 00:24:30,799
the object is egg shaped

583
00:24:33,990 --> 00:24:32,400
in in the book in

584
00:24:36,310 --> 00:24:34,000
this book trinity

585
00:24:39,110 --> 00:24:36,320
there is no flying salsa the term flying

586
00:24:41,269 --> 00:24:39,120
saucer is going to be invented by can i

587
00:24:44,310 --> 00:24:41,279
found out two years later

588
00:24:49,909 --> 00:24:46,870

there is no air force there is no u.s

589

00:24:52,310 --> 00:24:49,919

air force uh of course the u.s

590

00:24:55,110 --> 00:24:52,320

america has airplanes and pilots but

591

00:24:57,909 --> 00:24:55,120

they are in army uniforms it's the army

592

00:25:00,549 --> 00:24:57,919

air force the air force is going to be

593

00:25:02,710 --> 00:25:00,559

created by president truman two years

594

00:25:05,350 --> 00:25:02,720

later in 1947.

595

00:25:08,669 --> 00:25:05,360

there is no cia you know cia is going to

596

00:25:11,190 --> 00:25:08,679

be created two years later so we have an

597

00:25:12,830 --> 00:25:11,200

extraordinary historical

598

00:25:13,909 --> 00:25:12,840

occurrence here

599

00:25:15,510 --> 00:25:13,919

of a

600

00:25:17,830 --> 00:25:15,520

very complex

601
00:25:20,310 --> 00:25:17,840
large object

602
00:25:22,870 --> 00:25:20,320
that we've determined must have weighted

603
00:25:24,470 --> 00:25:22,880
between two and five tons

604
00:25:27,510 --> 00:25:24,480
crash landing

605
00:25:28,870 --> 00:25:27,520
on a ranch in new mexico

606
00:25:32,390 --> 00:25:28,880
now

607
00:25:35,430 --> 00:25:32,400
in in the first edition of the book this

608
00:25:37,510 --> 00:25:35,440
is what you're showing the red edition

609
00:25:39,110 --> 00:25:37,520
is you know the new edition it's a

610
00:25:41,590 --> 00:25:39,120
revised edition

611
00:25:43,110 --> 00:25:41,600
augmented with more more witnesses and

612
00:25:43,909 --> 00:25:43,120
more testimony

613
00:25:46,070 --> 00:25:43,919

but

614

00:25:48,549 --> 00:25:46,080

in the first edition

615

00:25:49,830 --> 00:25:48,559

i i made the mistake of introducing the

616

00:25:51,590 --> 00:25:49,840

story

617

00:25:53,750 --> 00:25:51,600

because i was

618

00:25:55,029 --> 00:25:53,760

you know i was frankly

619

00:25:58,230 --> 00:25:55,039

charmed and

620

00:26:00,789 --> 00:25:58,240

taken by that of the two kids reporting

621

00:26:03,669 --> 00:26:00,799

this event from their point of view and

622

00:26:05,510 --> 00:26:03,679

how it has changed their life

623

00:26:08,630 --> 00:26:05,520

because when they came out

624

00:26:10,310 --> 00:26:08,640

they hadn't spoken for over 60 years

625

00:26:14,149 --> 00:26:10,320

and they came out because they were

626
00:26:17,110 --> 00:26:14,159
reconnected by you know an unrelated

627
00:26:19,190 --> 00:26:17,120
uh search on the internet they were

628
00:26:20,710 --> 00:26:19,200
reconnected and then they spoke about

629
00:26:23,750 --> 00:26:20,720
their experience

630
00:26:26,630 --> 00:26:23,760
for the whole history of the phenomenon

631
00:26:27,909 --> 00:26:26,640
they didn't speak and nobody knew about

632
00:26:29,590 --> 00:26:27,919
the case

633
00:26:31,590 --> 00:26:29,600
for another reason

634
00:26:33,350 --> 00:26:31,600
which is that the people who recovered

635
00:26:35,590 --> 00:26:33,360
the craft

636
00:26:39,190 --> 00:26:35,600
never spoke either

637
00:26:40,149 --> 00:26:39,200
so as you know i've done work uh on

638
00:26:42,310 --> 00:26:40,159

you know

639

00:26:43,669 --> 00:26:42,320

the bigger old projects uh for a number

640

00:26:45,669 --> 00:26:43,679

of years

641

00:26:47,110 --> 00:26:45,679

with with colleagues who had high

642

00:26:49,510 --> 00:26:47,120

clearances

643

00:26:52,070 --> 00:26:49,520

uh they never knew about this case

644

00:26:55,669 --> 00:26:52,080

because it was kept

645

00:26:58,789 --> 00:26:55,679

by the clearances in the atomic sequence

646

00:27:00,390 --> 00:26:58,799

and we know that from other cases from

647

00:27:01,269 --> 00:27:00,400

other things that i described in the

648

00:27:02,630 --> 00:27:01,279

book

649

00:27:06,390 --> 00:27:02,640

that the

650

00:27:09,430 --> 00:27:06,400

the classification system was not secret

651
00:27:12,789 --> 00:27:09,440
top secret sap and all that

652
00:27:15,750 --> 00:27:12,799
that we know from the pentagon type of

653
00:27:19,110 --> 00:27:15,760
classification which is most of the

654
00:27:23,029 --> 00:27:19,120
classification in the united states

655
00:27:25,830 --> 00:27:23,039
but by the atomic secrets there are rp

656
00:27:28,630 --> 00:27:25,840
and q classifications

657
00:27:32,310 --> 00:27:28,640
that relate to the atom bomb and we also

658
00:27:35,750 --> 00:27:32,320
know from good historical sources that

659
00:27:38,549 --> 00:27:35,760
the ufo subject on this side

660
00:27:40,950 --> 00:27:38,559
of the administration

661
00:27:43,830 --> 00:27:40,960
is classified higher

662
00:27:48,549 --> 00:27:43,840
than the atomic bomb

663
00:27:50,470 --> 00:27:48,559

now that explains why number one you

664

00:27:53,029 --> 00:27:50,480

have to have access to

665

00:27:55,190 --> 00:27:53,039

that system of classification which most

666

00:27:57,510 --> 00:27:55,200

people working in the pentagon do not

667

00:27:58,950 --> 00:27:57,520

because they don't deal with nuclear

668

00:28:01,430 --> 00:27:58,960

material

669

00:28:04,230 --> 00:28:01,440

only those that that do

670

00:28:06,950 --> 00:28:04,240

deal with physics development in nuclear

671

00:28:09,590 --> 00:28:06,960

physics would have those clearances so

672

00:28:11,110 --> 00:28:09,600

it's a very small number of people

673

00:28:13,590 --> 00:28:11,120

compared to all the people who have

674

00:28:16,310 --> 00:28:13,600

secret currencies for all kinds of other

675

00:28:17,909 --> 00:28:16,320

projects including computers including

676
00:28:20,310 --> 00:28:17,919
space including

677
00:28:22,710 --> 00:28:20,320
missiles including all of that that has

678
00:28:23,830 --> 00:28:22,720
nothing to do with atomic of nuclear

679
00:28:26,870 --> 00:28:23,840
secrets

680
00:28:28,630 --> 00:28:26,880
so that's why the the case when the case

681
00:28:31,510 --> 00:28:28,640
came out most

682
00:28:34,389 --> 00:28:31,520
of my colleagues in ufology and most of

683
00:28:36,870 --> 00:28:34,399
paula's you know uh colleagues said you

684
00:28:39,909 --> 00:28:36,880
must have made this up you've you've

685
00:28:40,950 --> 00:28:39,919
invented this you know this is not real

686
00:28:43,190 --> 00:28:40,960
you know

687
00:28:46,310 --> 00:28:43,200
talk to us about roswell i mean roswell

688
00:28:48,870 --> 00:28:46,320

is real but this this case you just made

689

00:28:51,269 --> 00:28:48,880

up out of thin air well i think now

690

00:28:52,710 --> 00:28:51,279

people have realized with the the weight

691

00:28:55,510 --> 00:28:52,720

of data

692

00:28:58,630 --> 00:28:55,520

that we've brought so in in this new

693

00:28:59,830 --> 00:28:58,640

version of the book i've corrected that

694

00:29:01,510 --> 00:28:59,840

mistake

695

00:29:04,950 --> 00:29:01,520

the first witness

696

00:29:07,430 --> 00:29:04,960

was a very senior bomber pilot name we

697

00:29:10,070 --> 00:29:07,440

know his name his name is bravi

698

00:29:12,310 --> 00:29:10,080

b-r-o-t-h-y

699

00:29:15,430 --> 00:29:12,320

who was coming in for a landing at

700

00:29:17,909 --> 00:29:15,440

alamogordo alamogordo is the the air

701
00:29:19,590 --> 00:29:17,919
base in the middle of white sands which

702
00:29:22,789 --> 00:29:19,600
is an enormous

703
00:29:24,549 --> 00:29:22,799
desert of you know white desert

704
00:29:28,190 --> 00:29:24,559
where the atomic bomb

705
00:29:29,909 --> 00:29:28,200
uh detonation took place in 19 in july

706
00:29:32,789 --> 00:29:29,919
1945.

707
00:29:35,990 --> 00:29:32,799
so um he's coming in for a landing with

708
00:29:39,830 --> 00:29:36,000
a b-25 which is uh was a

709
00:29:41,909 --> 00:29:39,840
wonderful you know uh bomber in the

710
00:29:44,549 --> 00:29:41,919
in most of world war ii

711
00:29:46,230 --> 00:29:44,559
and he's he's coming in for a landing

712
00:29:48,789 --> 00:29:46,240
the tower calls him

713
00:29:50,549 --> 00:29:48,799

and says can you as you fly over this

714

00:29:52,310 --> 00:29:50,559

communication tower

715

00:29:54,710 --> 00:29:52,320

can you tell us what's wrong because

716

00:29:56,789 --> 00:29:54,720

we've lost communication with so he

717

00:29:58,310 --> 00:29:56,799

circles the tower he sees that the tower

718

00:30:00,950 --> 00:29:58,320

is being bent

719

00:30:03,669 --> 00:30:00,960

by you know an impact of something it's

720

00:30:05,830 --> 00:30:03,679

not communicating anymore

721

00:30:08,389 --> 00:30:05,840

the tower is one of three towers that

722

00:30:11,110 --> 00:30:08,399

direct airplanes including civilian

723

00:30:12,630 --> 00:30:11,120

airplanes around the atomic

724

00:30:13,909 --> 00:30:12,640

classified

725

00:30:15,350 --> 00:30:13,919

area

726

00:30:16,710 --> 00:30:15,360

so

727

00:30:19,510 --> 00:30:16,720

it's important that they've lost

728

00:30:24,070 --> 00:30:19,520

communication with it of course

729

00:30:25,750 --> 00:30:24,080

and then he sees some smoke in the

730

00:30:27,350 --> 00:30:25,760

uh you know in the bushes in the

731

00:30:30,630 --> 00:30:27,360

vegetation

732

00:30:33,029 --> 00:30:30,640

describes that there is something

733

00:30:36,950 --> 00:30:33,039

that's burning in the

734

00:30:38,630 --> 00:30:36,960

in the grass and in the cactus there

735

00:30:40,870 --> 00:30:38,640

actually it's not burning i mean the

736

00:30:43,510 --> 00:30:40,880

cactus is burning the vegetation is

737

00:30:46,230 --> 00:30:43,520

burning the object is intact

738

00:30:48,789 --> 00:30:46,240

and it's a novel like you showed it's an

739

00:30:51,909 --> 00:30:48,799

egg shaped the kids of course speak

740

00:30:55,669 --> 00:30:51,919

spanish and they call it an avocado

741

00:30:58,310 --> 00:30:55,679

so it has a shape of an of of an avocado

742

00:31:01,669 --> 00:30:58,320

it's a size of two trucks

743

00:31:05,190 --> 00:31:01,679

it's about 15 feet high

744

00:31:07,350 --> 00:31:05,200

the floor is flat now we have

745

00:31:09,350 --> 00:31:07,360

one surviving witness that i've gotten

746

00:31:11,590 --> 00:31:09,360

to know very well

747

00:31:13,669 --> 00:31:11,600

mr padilla who was a

748

00:31:15,909 --> 00:31:13,679

long time

749

00:31:19,909 --> 00:31:15,919

california

750

00:31:22,310 --> 00:31:19,919

highway patrol officer uh after fighting

751
00:31:23,110 --> 00:31:22,320
in korea he has two bullets in his body

752
00:31:26,310 --> 00:31:23,120
and

753
00:31:27,350 --> 00:31:26,320
that the surgeons don't want to remove

754
00:31:28,310 --> 00:31:27,360
the

755
00:31:29,669 --> 00:31:28,320
his

756
00:31:30,470 --> 00:31:29,679
very

757
00:31:34,070 --> 00:31:30,480
uh

758
00:31:34,870 --> 00:31:34,080
a very great observer

759
00:31:36,630 --> 00:31:34,880
uh

760
00:31:37,509 --> 00:31:36,640
and very

761
00:31:39,830 --> 00:31:37,519
you know

762
00:31:42,950 --> 00:31:39,840
profoundly

763
00:31:44,870 --> 00:31:42,960

impacted by what he saw as a kid and

764

00:31:47,830 --> 00:31:44,880

the fact that these people kept that

765

00:31:49,750 --> 00:31:47,840

secret and in those days

766

00:31:52,470 --> 00:31:49,760

you know you you have to go back to the

767

00:31:55,350 --> 00:31:52,480

days of of world war ii when nobody

768

00:31:57,830 --> 00:31:55,360

spoke there are still posters in the

769

00:32:00,149 --> 00:31:57,840

restaurants around that area that say

770

00:32:02,310 --> 00:32:00,159

you know from that time they'd say you

771

00:32:05,029 --> 00:32:02,320

see something you don't talk

772

00:32:06,710 --> 00:32:05,039

okay let let the army deal with it

773

00:32:08,470 --> 00:32:06,720

and that's what they did

774

00:32:12,389 --> 00:32:08,480

you know with this

775

00:32:14,549 --> 00:32:12,399

avocado that fell in on their ranch

776

00:32:18,310 --> 00:32:14,559

there is no way that's a hoax

777

00:32:19,269 --> 00:32:18,320

and uh for you know in the book i've

778

00:32:21,350 --> 00:32:19,279

um

779

00:32:23,509 --> 00:32:21,360

again you know my

780

00:32:26,549 --> 00:32:23,519

my contribution here

781

00:32:29,430 --> 00:32:26,559

is to look for patterns among all the

782

00:32:32,950 --> 00:32:29,440

cases we have

783

00:32:34,389 --> 00:32:32,960

as part of the classified bas you know

784

00:32:37,350 --> 00:32:34,399

a-tip project

785

00:32:38,110 --> 00:32:37,360

i was in charge of designing a database

786

00:32:41,509 --> 00:32:38,120

so

787

00:32:44,470 --> 00:32:41,519

260 000 cases from all over the world

788

00:32:47,350 --> 00:32:44,480

which is a high water mark in terms of

789

00:32:50,070 --> 00:32:47,360

ai being applied to databases in this

790

00:32:53,190 --> 00:32:50,080

field yeah and uh

791

00:32:55,750 --> 00:32:53,200

so i the purpose of building that data

792

00:32:58,549 --> 00:32:55,760

warehouse if you will is to look for

793

00:33:01,750 --> 00:32:58,559

correlations from cases all over the

794

00:33:03,750 --> 00:33:01,760

world well we have two other cases that

795

00:33:05,269 --> 00:33:03,760

are well known that are in the books you

796

00:33:09,669 --> 00:33:05,279

have on your shelf

797

00:33:11,269 --> 00:33:09,679

that also have an oval object also have

798

00:33:14,230 --> 00:33:11,279

small creatures

799

00:33:16,230 --> 00:33:14,240

that breathe our air you know they don't

800

00:33:18,470 --> 00:33:16,240

they don't have a spacesuit

801
00:33:20,230 --> 00:33:18,480
no they they have some sort of overalls

802
00:33:22,389 --> 00:33:20,240
but they breathe air

803
00:33:25,190 --> 00:33:22,399
they are the same size they are about

804
00:33:29,029 --> 00:33:25,200
three feet tall exactly what the kids

805
00:33:32,710 --> 00:33:29,039
are telling us at you know at trinity

806
00:33:35,750 --> 00:33:32,720
the case at valencia in france 19 first

807
00:33:39,350 --> 00:33:35,760
or august 1st 1965

808
00:33:43,350 --> 00:33:39,360
and the case in socorro new mexico

809
00:33:46,389 --> 00:33:43,360
valencia and socorro are in the ufo

810
00:33:48,789 --> 00:33:46,399
files but they were not investigated by

811
00:33:50,470 --> 00:33:48,799
amateurs they were investigated by

812
00:33:54,710 --> 00:33:50,480
government agencies

813
00:33:57,110 --> 00:33:54,720

agencies of the united states

814

00:33:59,269 --> 00:33:57,120

uh in the case of socorro if you

815

00:34:01,190 --> 00:33:59,279

remember there were

816

00:34:04,070 --> 00:34:01,200

there was a week of investigations at

817

00:34:06,389 --> 00:34:04,080

the site there were fbi people who were

818

00:34:08,710 --> 00:34:06,399

there not about the case

819

00:34:12,149 --> 00:34:08,720

because it was a local case not a

820

00:34:15,190 --> 00:34:12,159

general case but they were there helping

821

00:34:18,710 --> 00:34:15,200

protect the traces and so on with the

822

00:34:21,589 --> 00:34:18,720

fbi guidelines and they helped interview

823

00:34:25,190 --> 00:34:21,599

the witness main witness who was a

824

00:34:27,669 --> 00:34:25,200

policeman in uniform who was

825

00:34:29,750 --> 00:34:27,679

intrigued by this the sound and this

826

00:34:31,990 --> 00:34:29,760

object that had disappeared over the

827

00:34:34,869 --> 00:34:32,000

desert and then he confronted it and

828

00:34:38,869 --> 00:34:34,879

confronted two beings who were again

829

00:34:40,950 --> 00:34:38,879

short breathed our air head overalls and

830

00:34:42,069 --> 00:34:40,960

then re-entered the object of the object

831

00:34:45,430 --> 00:34:42,079

took off

832

00:34:48,310 --> 00:34:45,440

that was carried as unidentified

833

00:34:50,710 --> 00:34:48,320

in the air force lives therefore sent

834

00:34:53,510 --> 00:34:50,720

three investigators there including

835

00:34:56,069 --> 00:34:53,520

finally dr heineck

836

00:34:58,550 --> 00:34:56,079

and i worked at the time i was working

837

00:35:01,670 --> 00:34:58,560

with dr heineck so i helped in the

838

00:35:04,870 --> 00:35:01,680

analysis of all the testimony and

839

00:35:06,310 --> 00:35:04,880

the analysis of the case

840

00:35:09,349 --> 00:35:06,320

and then

841

00:35:10,870 --> 00:35:09,359

in france at valencia there were five

842

00:35:13,430 --> 00:35:10,880

different agencies of the french

843

00:35:15,670 --> 00:35:13,440

government became involved for a number

844

00:35:17,510 --> 00:35:15,680

of different reasons including the

845

00:35:19,270 --> 00:35:17,520

potential that this was

846

00:35:20,710 --> 00:35:19,280

some sort of vehicle

847

00:35:22,630 --> 00:35:20,720

transferring

848

00:35:25,750 --> 00:35:22,640

illegal things to switzerland from

849

00:35:27,270 --> 00:35:25,760

france so the customs got involved of

850

00:35:29,109 --> 00:35:27,280

course the air force of course the

851
00:35:31,430 --> 00:35:29,119
gender marine

852
00:35:32,710 --> 00:35:31,440
the police investigators police

853
00:35:36,069 --> 00:35:32,720
intelligence

854
00:35:39,270 --> 00:35:36,079
and uh so we know you know they all

855
00:35:42,230 --> 00:35:39,280
interviewed the witnesses again

856
00:35:44,710 --> 00:35:42,240
at valencia and i've been advancing i've

857
00:35:49,030 --> 00:35:44,720
met with the witness i've met with other

858
00:35:52,710 --> 00:35:50,950
because they didn't want anything to do

859
00:35:56,150 --> 00:35:52,720
with the media

860
00:35:59,510 --> 00:35:56,160
but they you know the media in france is

861
00:36:01,750 --> 00:35:59,520
somewhat of a you know the a lot of

862
00:36:03,910 --> 00:36:01,760
conversations are confidential there you

863
00:36:06,230 --> 00:36:03,920

know they they don't especially want the

864

00:36:07,270 --> 00:36:06,240

big to be on tv and so on that's not the

865

00:36:10,069 --> 00:36:07,280

idea

866

00:36:13,510 --> 00:36:10,079

so the the communities are very closed

867

00:36:15,670 --> 00:36:13,520

and i had the the benefit of being

868

00:36:16,470 --> 00:36:15,680

introduced by someone who had a house

869

00:36:18,230 --> 00:36:16,480

there

870

00:36:20,470 --> 00:36:18,240

the new the

871

00:36:22,150 --> 00:36:20,480

the the infrared people in the in the

872

00:36:25,030 --> 00:36:22,160

village in the town

873

00:36:27,109 --> 00:36:25,040

and so we had access to

874

00:36:28,550 --> 00:36:27,119

the things that were that the police

875

00:36:33,750 --> 00:36:28,560

never heard

876

00:36:35,349 --> 00:36:33,760

including the traces that were there

877

00:36:36,950 --> 00:36:35,359

including other cases in the

878

00:36:39,030 --> 00:36:36,960

neighborhoods

879

00:36:42,630 --> 00:36:39,040

so the case was not unique

880

00:36:44,390 --> 00:36:42,640

but the um

881

00:36:46,950 --> 00:36:44,400

the case was

882

00:36:48,870 --> 00:36:46,960

strong enough that there was absolutely

883

00:36:52,150 --> 00:36:48,880

no question about what was there and the

884

00:36:53,750 --> 00:36:52,160

traces that were left in the field were

885

00:36:56,470 --> 00:36:53,760

incontrovertible

886

00:36:59,829 --> 00:36:56,480

so here we have three cases

887

00:37:00,870 --> 00:36:59,839

forming a pattern across time and across

888

00:37:03,270 --> 00:37:00,880

space

889

00:37:04,790 --> 00:37:03,280

you know two of them in new mexico and

890

00:37:06,630 --> 00:37:04,800

one in france

891

00:37:09,430 --> 00:37:06,640

thoroughly investigated

892

00:37:11,430 --> 00:37:09,440

and with with confirming

893

00:37:13,510 --> 00:37:11,440

data

894

00:37:15,910 --> 00:37:13,520

it's fascinating yeah the the

895

00:37:17,990 --> 00:37:15,920

correlations are just stunning if you

896

00:37:19,910 --> 00:37:18,000

think about it and only years apart too

897

00:37:21,670 --> 00:37:19,920

so you truly have to wonder

898

00:37:24,630 --> 00:37:21,680

you know are we dealing with the same

899

00:37:27,270 --> 00:37:24,640

technology or intelligence behind said

900

00:37:29,589 --> 00:37:27,280

craft uh i don't know there's a million

901
00:37:31,430 --> 00:37:29,599
questions to come after that

902
00:37:33,589 --> 00:37:31,440
take it to the next level we have to

903
00:37:35,829 --> 00:37:33,599
wonder

904
00:37:37,990 --> 00:37:35,839
why is it that i mean we have this

905
00:37:39,030 --> 00:37:38,000
extraordinary weapon which is the atomic

906
00:37:42,069 --> 00:37:39,040
bomb

907
00:37:43,589 --> 00:37:42,079
right why we used it we didn't use it in

908
00:37:46,310 --> 00:37:43,599
korea

909
00:37:49,670 --> 00:37:46,320
we didn't use it in vietnam

910
00:37:51,589 --> 00:37:49,680
russia has never used it in its own

911
00:37:54,390 --> 00:37:51,599
conflicts around the world

912
00:37:56,550 --> 00:37:54,400
france has never used it

913
00:37:59,670 --> 00:37:56,560

why

914

00:38:02,550 --> 00:37:59,680

it's the first time in history that

915

00:38:05,109 --> 00:38:02,560

a a weapon that is extraordinarily

916

00:38:06,310 --> 00:38:05,119

effective

917

00:38:09,990 --> 00:38:06,320

has

918

00:38:13,190 --> 00:38:10,000

not been used for you know uh

919

00:38:17,430 --> 00:38:15,109

really good point yeah

920

00:38:20,310 --> 00:38:17,440

does that have something to do with

921

00:38:22,470 --> 00:38:20,320

was trinity a signal to us from

922

00:38:24,550 --> 00:38:22,480

something else i mean that's

923

00:38:27,829 --> 00:38:24,560

i cannot answer that question but we

924

00:38:30,630 --> 00:38:27,839

have to ask the question

925

00:38:33,030 --> 00:38:30,640

yeah absolutely um well

926
00:38:34,790 --> 00:38:33,040
in terms of that shock another question

927
00:38:37,670 --> 00:38:34,800
for you concerning this case the the

928
00:38:40,230 --> 00:38:37,680
witness of sabrina um i found the

929
00:38:43,030 --> 00:38:40,240
interviews in the book fascinating that

930
00:38:45,589 --> 00:38:43,040
uh paula conducted with her especially

931
00:38:47,430 --> 00:38:45,599
when it came to the

932
00:38:49,910 --> 00:38:47,440
when when i read that

933
00:38:51,910 --> 00:38:49,920
you know these materials that were

934
00:38:53,990 --> 00:38:51,920
supposedly taken from the site by one of

935
00:38:55,030 --> 00:38:54,000
the witnesses uh

936
00:38:57,430 --> 00:38:55,040
acted

937
00:38:59,109 --> 00:38:57,440
just like what we heard the testimony in

938
00:39:02,390 --> 00:38:59,119

roswell you know these

939

00:39:04,390 --> 00:39:02,400

memory metals as it were uh that really

940

00:39:06,550 --> 00:39:04,400

blew me away i mean again this was years

941

00:39:08,630 --> 00:39:06,560

prior to roswell so you have to wonder

942

00:39:09,510 --> 00:39:08,640

again are we dealing with some of the

943

00:39:12,150 --> 00:39:09,520

same

944

00:39:14,870 --> 00:39:12,160

technology or whoever manufactured these

945

00:39:17,510 --> 00:39:14,880

craft uh what are your thoughts on this

946

00:39:21,109 --> 00:39:17,520

memory medal being found at both sides

947

00:39:23,109 --> 00:39:21,119

well uh sabrina is is a treasure you

948

00:39:27,030 --> 00:39:23,119

know um

949

00:39:30,150 --> 00:39:27,040

paola uh you know had

950

00:39:32,790 --> 00:39:30,160

heard that there was you know from

951
00:39:34,230 --> 00:39:32,800
from uh mr padilla

952
00:39:36,790 --> 00:39:34,240
that other

953
00:39:38,790 --> 00:39:36,800
family members had been around

954
00:39:40,230 --> 00:39:38,800
afterwards she's not a witness to the

955
00:39:42,790 --> 00:39:40,240
initial

956
00:39:44,310 --> 00:39:42,800
crash you know the crash landing

957
00:39:45,750 --> 00:39:44,320
but she

958
00:39:47,990 --> 00:39:45,760
was there

959
00:39:49,349 --> 00:39:48,000
during the following years

960
00:39:52,470 --> 00:39:49,359
when

961
00:39:53,349 --> 00:39:52,480
a lot of things were still recoverable

962
00:39:54,790 --> 00:39:53,359
from

963
00:39:56,470 --> 00:39:54,800

the site

964

00:39:57,990 --> 00:39:56,480

and the local people

965

00:39:59,190 --> 00:39:58,000

came up with

966

00:40:02,710 --> 00:39:59,200

things that

967

00:40:04,550 --> 00:40:02,720

you know they were very curious about um

968

00:40:06,870 --> 00:40:04,560

including

969

00:40:08,790 --> 00:40:06,880

a number of things not not just the

970

00:40:11,829 --> 00:40:08,800

memory medal

971

00:40:13,829 --> 00:40:11,839

but also strange fibers

972

00:40:14,950 --> 00:40:13,839

that grow

973

00:40:16,790 --> 00:40:14,960

now

974

00:40:17,750 --> 00:40:16,800

if if you remember

975

00:40:19,910 --> 00:40:17,760

um

976

00:40:21,430 --> 00:40:19,920

you know there are those fibers are

977

00:40:25,030 --> 00:40:21,440

described in

978

00:40:27,750 --> 00:40:25,040

you know in in other places carol corso

979

00:40:30,390 --> 00:40:27,760

who was interviewed also by

980

00:40:32,950 --> 00:40:30,400

paola harris published a book of her

981

00:40:35,109 --> 00:40:32,960

interviews with carmel carlson

982

00:40:38,069 --> 00:40:35,119

especially her interviews in italy where

983

00:40:40,550 --> 00:40:38,079

he was free to talk i mean he was

984

00:40:42,390 --> 00:40:40,560

somewhat cautious in the us because he

985

00:40:44,390 --> 00:40:42,400

had been told that there were some

986

00:40:48,150 --> 00:40:44,400

things he shouldn't talk about

987

00:40:49,349 --> 00:40:48,160

and you know he sort of followed that

988

00:40:50,630 --> 00:40:49,359

you know

989

00:40:54,790 --> 00:40:50,640

that

990

00:40:56,710 --> 00:40:54,800

in europe he felt free to

991

00:40:58,069 --> 00:40:56,720

to talk about more of the details of

992

00:41:00,230 --> 00:40:58,079

what he had seen

993

00:41:01,510 --> 00:41:00,240

so paula's book is very important in

994

00:41:02,390 --> 00:41:01,520

that regard

995

00:41:08,309 --> 00:41:02,400

and

996

00:41:11,349 --> 00:41:08,319

you know under the auspices of the

997

00:41:14,870 --> 00:41:11,359

bigarou project in las vegas we had two

998

00:41:15,829 --> 00:41:14,880

days we brought him to las vegas to talk

999

00:41:21,109 --> 00:41:15,839

to the

1000

00:41:24,230 --> 00:41:21,119

two days

1001
00:41:26,150 --> 00:41:24,240
and i had private conversations with him

1002
00:41:28,069 --> 00:41:26,160
because he wanted to talk about things

1003
00:41:30,309 --> 00:41:28,079
that related to france and things

1004
00:41:33,030 --> 00:41:30,319
related to physics

1005
00:41:34,870 --> 00:41:33,040
that were not part of the you know the

1006
00:41:36,390 --> 00:41:34,880
major conversations

1007
00:41:37,270 --> 00:41:36,400
and

1008
00:41:39,589 --> 00:41:37,280
the

1009
00:41:43,430 --> 00:41:39,599
i asked him you know he was talking

1010
00:41:46,390 --> 00:41:43,440
about those fibers as fiber optics and i

1011
00:41:47,589 --> 00:41:46,400
i had a little argument with him uh i

1012
00:41:49,430 --> 00:41:47,599
said you know

1013
00:41:52,550 --> 00:41:49,440

fiber optics doesn't work like that i

1014

00:41:55,829 --> 00:41:52,560

mean fiber optics doesn't glow you know

1015

00:41:58,470 --> 00:41:55,839

uh along the length of the fiber you put

1016

00:42:00,790 --> 00:41:58,480

a light at one end very very carefully

1017

00:42:02,550 --> 00:42:00,800

at a particular you know

1018

00:42:05,109 --> 00:42:02,560

particular frequency

1019

00:42:05,990 --> 00:42:05,119

it comes out you know 100 kilometers

1020

00:42:08,390 --> 00:42:06,000

later

1021

00:42:10,790 --> 00:42:08,400

in your computer okay but it doesn't

1022

00:42:12,950 --> 00:42:10,800

glow in between that

1023

00:42:14,950 --> 00:42:12,960

and those those fibers that he was

1024

00:42:17,670 --> 00:42:14,960

describing were growing

1025

00:42:19,750 --> 00:42:17,680

in different colors all along their

1026

00:42:22,470 --> 00:42:19,760

length okay and those were

1027

00:42:24,550 --> 00:42:22,480

fibers that he had been given

1028

00:42:26,069 --> 00:42:24,560

by the pentagon you know not by a

1029

00:42:29,190 --> 00:42:26,079

witness somewhere in

1030

00:42:32,550 --> 00:42:29,200

the field but by the pentagon after a

1031

00:42:34,550 --> 00:42:32,560

number of recoveries of ufos by now we

1032

00:42:36,470 --> 00:42:34,560

know that i mean it's not come on it's

1033

00:42:38,309 --> 00:42:36,480

not a secret anymore i mean everybody

1034

00:42:41,349 --> 00:42:38,319

knows right so

1035

00:42:44,309 --> 00:42:41,359

uh he was given a box of of different

1036

00:42:47,109 --> 00:42:44,319

things that he gave to different lands

1037

00:42:49,990 --> 00:42:47,119

and we have a pretty good idea of who

1038

00:42:52,630 --> 00:42:50,000

who would have been given that material

1039

00:42:55,030 --> 00:42:52,640

the the labs were not told that it came

1040

00:42:56,950 --> 00:42:55,040

from a ufo

1041

00:42:59,510 --> 00:42:56,960

i think they were smart enough to guess

1042

00:43:01,349 --> 00:42:59,520

that when once they put it under a

1043

00:43:04,069 --> 00:43:01,359

microscope they could

1044

00:43:06,870 --> 00:43:04,079

they could tell that that technology was

1045

00:43:10,230 --> 00:43:06,880

way ahead of what what they had even

1046

00:43:11,349 --> 00:43:10,240

with ibm you know even at mattel even at

1047

00:43:12,390 --> 00:43:11,359

lockheed

1048

00:43:13,190 --> 00:43:12,400

but

1049

00:43:14,470 --> 00:43:13,200

the

1050

00:43:15,349 --> 00:43:14,480

um

1051

00:43:20,150 --> 00:43:15,359

the

1052

00:43:22,550 --> 00:43:20,160

is

1053

00:43:25,109 --> 00:43:22,560

and as you know we found one more

1054

00:43:27,829 --> 00:43:25,119

witness which is the new witness that's

1055

00:43:31,430 --> 00:43:27,839

in the in the red book in the the new

1056

00:43:32,230 --> 00:43:31,440

edition in the red edition of of trinity

1057

00:43:34,950 --> 00:43:32,240

uh

1058

00:43:38,390 --> 00:43:34,960

who came in much later and did not know

1059

00:43:41,190 --> 00:43:38,400

about the ufo itself

1060

00:43:43,190 --> 00:43:41,200

and because by then nobody you know that

1061

00:43:44,790 --> 00:43:43,200

had passed and the people who knew about

1062

00:43:47,670 --> 00:43:44,800

it when he talked

1063

00:43:49,430 --> 00:43:47,680

but he knew about the fibers and we we

1064

00:43:51,670 --> 00:43:49,440

had that conversation that again

1065

00:43:54,630 --> 00:43:51,680

confirms that the

1066

00:43:57,430 --> 00:43:54,640

the the the succeeding events

1067

00:44:01,030 --> 00:43:57,440

so we have a pretty good idea

1068

00:44:04,390 --> 00:44:01,040

that um now

1069

00:44:07,670 --> 00:44:04,400

the metal that keeps its shape there are

1070

00:44:10,069 --> 00:44:07,680

two different versions of it one version

1071

00:44:11,349 --> 00:44:10,079

was developed in fact and came into

1072

00:44:14,550 --> 00:44:11,359

existence

1073

00:44:16,150 --> 00:44:14,560

in american industry later so i've

1074

00:44:18,710 --> 00:44:16,160

always been

1075

00:44:21,270 --> 00:44:18,720

you know a little bit skeptical

1076
00:44:22,710 --> 00:44:21,280
about one as well because at the time of

1077
00:44:26,069 --> 00:44:22,720
roswell

1078
00:44:30,069 --> 00:44:28,710
experiments in various laboratories

1079
00:44:32,069 --> 00:44:30,079
about

1080
00:44:34,390 --> 00:44:32,079
memory metal

1081
00:44:37,109 --> 00:44:34,400
you know metal that you can bend or you

1082
00:44:41,030 --> 00:44:37,119
can you know you can shuffle and it will

1083
00:44:42,309 --> 00:44:41,040
get back to its you know flat uh state

1084
00:44:43,750 --> 00:44:42,319
um

1085
00:44:46,390 --> 00:44:43,760
that

1086
00:44:50,230 --> 00:44:46,400
at least the principle was was known by

1087
00:44:54,390 --> 00:44:53,109
don't know whether it had been

1088
00:44:57,990 --> 00:44:54,400

actually

1089

00:44:59,349 --> 00:44:58,000

manufactured developed in in the lab in

1090

00:45:02,950 --> 00:44:59,359

in quality

1091

00:45:05,270 --> 00:45:02,960

but certainly the principle was had been

1092

00:45:08,150 --> 00:45:05,280

formulated

1093

00:45:10,150 --> 00:45:08,160

1945 it's hard to

1094

00:45:12,710 --> 00:45:10,160

that that's again one of the benefits of

1095

00:45:15,829 --> 00:45:12,720

this case of the trinity case is that it

1096

00:45:18,550 --> 00:45:15,839

puts us two years before all of that you

1097

00:45:22,230 --> 00:45:18,560

know when we call flying saucers before

1098

00:45:24,790 --> 00:45:22,240

can i follow before the cia before all

1099

00:45:26,309 --> 00:45:24,800

of that you know before the air force

1100

00:45:28,790 --> 00:45:26,319

so

1101
00:45:30,630 --> 00:45:28,800
what was that shape

1102
00:45:33,109 --> 00:45:30,640
keeping material

1103
00:45:33,910 --> 00:45:33,119
doing in the middle of a ranch

1104
00:45:36,390 --> 00:45:33,920
uh

1105
00:45:38,710 --> 00:45:36,400
you know in new mexico mars from the

1106
00:45:41,829 --> 00:45:38,720
nearest town

1107
00:45:42,870 --> 00:45:41,839
uh how did it get there and why was it

1108
00:45:44,950 --> 00:45:42,880
there

1109
00:45:47,270 --> 00:45:44,960
the the fibers again are very

1110
00:45:48,390 --> 00:45:47,280
interesting and then sabrina described

1111
00:45:50,790 --> 00:45:48,400
to us

1112
00:45:53,510 --> 00:45:50,800
a number of other things

1113
00:45:58,150 --> 00:45:53,520

like uh you know metallic

1114

00:45:59,750 --> 00:45:58,160

plates uh you know long long plates

1115

00:46:02,550 --> 00:45:59,760

of you know

1116

00:46:03,589 --> 00:46:02,560

12 or 18 inches long

1117

00:46:06,309 --> 00:46:03,599

that

1118

00:46:08,950 --> 00:46:06,319

have very very interesting properties

1119

00:46:10,470 --> 00:46:08,960

and her grandfather was playing with

1120

00:46:11,510 --> 00:46:10,480

those

1121

00:46:13,589 --> 00:46:11,520

um

1122

00:46:16,710 --> 00:46:13,599

she also said some really interesting

1123

00:46:19,109 --> 00:46:16,720

things about the fibers that

1124

00:46:20,950 --> 00:46:19,119

she said if anybody finds those fibers

1125

00:46:22,470 --> 00:46:20,960

don't play with them

1126
00:46:24,309 --> 00:46:22,480
you know be careful when you play with

1127
00:46:28,150 --> 00:46:24,319
them because they will

1128
00:46:31,190 --> 00:46:28,160
tickle and hurt your fingers

1129
00:46:33,910 --> 00:46:31,200
well why would they tickle and hurt your

1130
00:46:35,030 --> 00:46:33,920
fingers you know

1131
00:46:36,950 --> 00:46:35,040
they

1132
00:46:39,030 --> 00:46:36,960
she said that she played with it as a

1133
00:46:41,589 --> 00:46:39,040
little girl because it was she was

1134
00:46:44,470 --> 00:46:41,599
fascinated with all the colors i mean

1135
00:46:46,470 --> 00:46:44,480
she was in a room with no electricity

1136
00:46:49,030 --> 00:46:46,480
you know and

1137
00:46:50,470 --> 00:46:49,040
they were the kids had been decorating

1138
00:46:53,190 --> 00:46:50,480

christmas trees

1139

00:46:56,470 --> 00:46:53,200

with the fibers they found after the

1140

00:46:59,589 --> 00:46:56,480

impact of the the object on the tower

1141

00:47:01,589 --> 00:46:59,599

you know one panel blew up and it blew

1142

00:47:04,550 --> 00:47:01,599

up in the form of all those fibers and

1143

00:47:05,510 --> 00:47:04,560

they found heaps of fibers on the ground

1144

00:47:07,910 --> 00:47:05,520

so

1145

00:47:10,069 --> 00:47:07,920

they they kept it and it growed in the

1146

00:47:12,069 --> 00:47:10,079

dark so they put it on christmas trees

1147

00:47:14,790 --> 00:47:12,079

you know i mean that's what you do when

1148

00:47:16,870 --> 00:47:14,800

you find you know a crushed ufo

1149

00:47:18,230 --> 00:47:16,880

you take the material you use it on your

1150

00:47:19,349 --> 00:47:18,240

christmas tree

1151

00:47:22,550 --> 00:47:19,359

wow

1152

00:47:25,750 --> 00:47:22,560

that story is is just completely it

1153

00:47:28,069 --> 00:47:25,760

catches you by surprise at so many

1154

00:47:30,470 --> 00:47:28,079

different levels you know

1155

00:47:33,349 --> 00:47:30,480

including some levels

1156

00:47:35,670 --> 00:47:33,359

about the history of the end of the war

1157

00:47:37,109 --> 00:47:35,680

that kept me crying you know i mean for

1158

00:47:39,430 --> 00:47:37,119

a while i couldn't

1159

00:47:40,950 --> 00:47:39,440

talk about that aspect of it of what

1160

00:47:44,710 --> 00:47:40,960

happened to the bomb

1161

00:47:46,790 --> 00:47:44,720

you know when it was in japan you know

1162

00:47:47,990 --> 00:47:46,800

i i couldn't talk about it without

1163

00:47:50,230 --> 00:47:48,000

crying

1164

00:47:52,630 --> 00:47:50,240

and i know other people who you know

1165

00:47:54,630 --> 00:47:52,640

went for the same same experience

1166

00:47:57,910 --> 00:47:54,640

because what i what i learned about

1167

00:48:00,230 --> 00:47:57,920

their history of the end of world war ii

1168

00:48:02,550 --> 00:48:00,240

was devastating

1169

00:48:04,470 --> 00:48:02,560

and it's another history we're teaching

1170

00:48:05,670 --> 00:48:04,480

in school

1171

00:48:08,150 --> 00:48:05,680

right

1172

00:48:10,870 --> 00:48:08,160

yeah and you know again we have to keep

1173

00:48:11,829 --> 00:48:10,880

in mind the time period in which this

1174

00:48:14,349 --> 00:48:11,839

case

1175

00:48:16,950 --> 00:48:14,359

occurred and the the

1176

00:48:19,190 --> 00:48:16,960

unbelievable loss of life that would

1177

00:48:22,230 --> 00:48:19,200

ultimately come from you know these

1178

00:48:24,390 --> 00:48:22,240

tests at trinity and uh like you always

1179

00:48:25,910 --> 00:48:24,400

say jacques like the ufo case is one

1180

00:48:28,950 --> 00:48:25,920

thing but when you put it into the

1181

00:48:30,870 --> 00:48:28,960

historical context of the time uh it

1182

00:48:33,190 --> 00:48:30,880

becomes such a bigger story especially

1183

00:48:35,349 --> 00:48:33,200

with what's going on uh not just in

1184

00:48:37,750 --> 00:48:35,359

america but all over the world you know

1185

00:48:39,510 --> 00:48:37,760

when this was happening too it's

1186

00:48:41,109 --> 00:48:39,520

again i think people sometimes lose

1187

00:48:43,670 --> 00:48:41,119

sight of the historical

1188

00:48:45,430 --> 00:48:43,680

perspective when it comes to these cases

1189

00:48:47,510 --> 00:48:45,440

we're making right now you were asking

1190

00:48:49,030 --> 00:48:47,520

me at the beginning you know what about

1191

00:48:51,430 --> 00:48:49,040

this change

1192

00:48:53,750 --> 00:48:51,440

you know that's this

1193

00:48:54,549 --> 00:48:53,760

in in in history

1194

00:48:57,430 --> 00:48:54,559

uh

1195

00:48:59,829 --> 00:48:57,440

that now the the subject is open and

1196

00:49:02,390 --> 00:48:59,839

it's recognized and it's not you know

1197

00:49:04,470 --> 00:49:02,400

it's not a joke anymore it's not

1198

00:49:07,270 --> 00:49:04,480

but um

1199

00:49:08,870 --> 00:49:07,280

in the u.s we're looking at it strictly

1200

00:49:12,309 --> 00:49:08,880

as an american

1201

00:49:14,549 --> 00:49:12,319

phenomenon you know the nimitz so on

1202

00:49:19,190 --> 00:49:14,559

well you know it isn't an american

1203

00:49:22,950 --> 00:49:19,200

phenomenon you know the the uh

1204

00:49:25,270 --> 00:49:22,960

the land mass that occupied by americans

1205

00:49:27,910 --> 00:49:25,280

is 1.7

1206

00:49:30,110 --> 00:49:27,920

of the planet

1207

00:49:31,309 --> 00:49:30,120

well you know what about the other

1208

00:49:34,710 --> 00:49:31,319

[Music]

1209

00:49:36,150 --> 00:49:34,720

98.3 percent of the planet you know what

1210

00:49:38,630 --> 00:49:36,160

happens there

1211

00:49:40,470 --> 00:49:38,640

you know there's i'm going next week i'm

1212

00:49:43,589 --> 00:49:40,480

going to france

1213

00:49:45,349 --> 00:49:43,599

where there is a a meeting of the french

1214

00:49:47,829 --> 00:49:45,359

space agency

1215

00:49:51,109 --> 00:49:47,839

group that is has been studying ufos

1216

00:49:52,950 --> 00:49:51,119

officially for the last 30 years

1217

00:49:55,670 --> 00:49:52,960

actually four years

1218

00:49:57,030 --> 00:49:55,680

and has its own fives and so on there

1219

00:49:59,910 --> 00:49:57,040

will be

1220

00:50:01,270 --> 00:49:59,920

six countries represented there you know

1221

00:50:06,150 --> 00:50:01,280

uh

1222

00:50:08,150 --> 00:50:06,160

you know me if you count me as an

1223

00:50:09,349 --> 00:50:08,160

american which i am

1224

00:50:12,549 --> 00:50:09,359

and

1225

00:50:15,670 --> 00:50:12,559

a man who has studied uh

1226

00:50:17,589 --> 00:50:15,680

with dr haynes uh you know the pilot

1227

00:50:19,990 --> 00:50:17,599

reports from all over the world again

1228

00:50:22,390 --> 00:50:20,000

not just america but all over the world

1229

00:50:26,069 --> 00:50:22,400

in fact that database was started in

1230

00:50:27,589 --> 00:50:26,079

france and continued uh with dr haynes

1231

00:50:28,390 --> 00:50:27,599

uh at nasa

1232

00:50:30,549 --> 00:50:28,400

so

1233

00:50:31,990 --> 00:50:30,559

uh but

1234

00:50:34,390 --> 00:50:32,000

you know what about all those other

1235

00:50:36,950 --> 00:50:34,400

countries i mean italy will be there

1236

00:50:39,030 --> 00:50:36,960

spain will be there norway will be there

1237

00:50:42,710 --> 00:50:39,040

the uk will be there germany will be

1238

00:50:44,870 --> 00:50:42,720

there making presentations on this topic

1239

00:50:47,750 --> 00:50:44,880

and in the united states

1240

00:50:50,230 --> 00:50:47,760

you know where is it you open your tv

1241

00:50:52,309 --> 00:50:50,240

and they keep running the same pictures

1242

00:50:54,470 --> 00:50:52,319

you know and the same pictures of the

1243

00:50:55,829 --> 00:50:54,480

their hearings where they were

1244

00:50:58,390 --> 00:50:55,839

two

1245

00:51:00,710 --> 00:50:58,400

um you know responsible

1246

00:51:02,309 --> 00:51:00,720

agency

1247

00:51:04,470 --> 00:51:02,319

you know

1248

00:51:07,670 --> 00:51:04,480

leaders

1249

00:51:09,030 --> 00:51:07,680

all they knew were about 200 american

1250

00:51:14,390 --> 00:51:09,040

cases

1251
00:51:16,069 --> 00:51:14,400
was no question no mention of history

1252
00:51:18,150 --> 00:51:16,079
no mention of

1253
00:51:20,710 --> 00:51:18,160
what those other countries have in their

1254
00:51:23,510 --> 00:51:20,720
files that they keep in their files

1255
00:51:27,190 --> 00:51:23,520
because they don't want to be ridiculed

1256
00:51:31,990 --> 00:51:29,349
so

1257
00:51:34,390 --> 00:51:32,000
you know they say if if this was real

1258
00:51:36,390 --> 00:51:34,400
then the americans would be all over

1259
00:51:38,950 --> 00:51:36,400
this you know it would be open

1260
00:51:41,589 --> 00:51:38,960
we could do research we could share the

1261
00:51:43,829 --> 00:51:41,599
our information with the americans

1262
00:51:46,710 --> 00:51:43,839
but the americans are not coming here to

1263
00:51:49,190 --> 00:51:46,720

ask what information we have

1264

00:51:50,790 --> 00:51:49,200

and the subject has been dead in america

1265

00:51:53,349 --> 00:51:50,800

you know forever

1266

00:51:56,150 --> 00:51:53,359

i mean the air falls did a commendable

1267

00:51:58,870 --> 00:51:56,160

job of releasing their flags i think the

1268

00:52:00,870 --> 00:51:58,880

the air falls contrary to what people

1269

00:52:02,230 --> 00:52:00,880

you know think and say

1270

00:52:04,870 --> 00:52:02,240

uh

1271

00:52:06,790 --> 00:52:04,880

as you know i met the officers with dr

1272

00:52:08,069 --> 00:52:06,800

heineck you know the officers in charge

1273

00:52:10,470 --> 00:52:08,079

of blue book

1274

00:52:11,829 --> 00:52:10,480

they were trying to do a good job and

1275

00:52:17,510 --> 00:52:11,839

the data

1276

00:52:19,990 --> 00:52:17,520

and is valuable is scientifically viable

1277

00:52:21,990 --> 00:52:20,000

very valuable and

1278

00:52:24,230 --> 00:52:22,000

you know how many scientists have looked

1279

00:52:27,109 --> 00:52:24,240

at it

1280

00:52:29,109 --> 00:52:27,119

you know you can count them on the the

1281

00:52:31,109 --> 00:52:29,119

fingers of this hand

1282

00:52:35,910 --> 00:52:31,119

american says

1283

00:52:41,270 --> 00:52:38,069

skies thank you for your support and

1299

00:53:27,190 --> 00:53:25,030

do you like stories of the strange the

1300

00:53:30,069 --> 00:53:27,200

weird and the unexplained then we want

1301
00:53:32,790 --> 00:53:30,079
you to check out jim harold's campfire

1302
00:53:35,510 --> 00:53:32,800
the concept is pretty simple jim talks

1303
00:53:37,670 --> 00:53:35,520
to regular people about strange stuff

1304
00:53:41,349 --> 00:53:37,680
that happens to them and yes that

1305
00:53:43,910 --> 00:53:41,359
includes ufos along with cryptids ghosts

1306
00:53:47,030 --> 00:53:43,920
and head scratchers he doesn't

1307
00:53:49,109 --> 00:53:47,040
exaggerate or play a lot of spooky music

1308
00:53:51,990 --> 00:53:49,119
kinda like i'm doing right now the

1309
00:53:54,710 --> 00:53:52,000
stories speak for themselves one's like

1310
00:53:57,430 --> 00:53:54,720
a ghost story involving serial killer

1311
00:54:00,790 --> 00:53:57,440
ted bundy or the young man who

1312
00:54:03,190 --> 00:54:00,800
encountered an eight-legged demon then

1313
00:54:05,990 --> 00:54:03,200

there's the story of an alien abduction

1314

00:54:08,870 --> 00:54:06,000

by what could be considered a reptilian

1315

00:54:11,270 --> 00:54:08,880

now not all the stories are horrifying

1316

00:54:14,150 --> 00:54:11,280

some are actually pretty heartwarming

1317

00:54:16,470 --> 00:54:14,160

like a visit from a past loved one or a

1318

00:54:19,349 --> 00:54:16,480

peaceful near-death experience

1319

00:54:22,390 --> 00:54:19,359

regardless these are true and

1320

00:54:24,390 --> 00:54:22,400

fascinating stories told by ordinary

1321

00:54:26,069 --> 00:54:24,400

people who've had extraordinary

1322

00:54:28,630 --> 00:54:26,079

experiences

1323

00:54:32,230 --> 00:54:28,640

tune in to jim harold's campfire on

1324

00:54:34,630 --> 00:54:32,240

apple podcasts spotify or wherever you

1325

00:54:35,829 --> 00:54:34,640

listen to somewhere in the skies and

1326

00:54:39,349 --> 00:54:35,839

remember

1327

00:54:45,109 --> 00:54:41,910

yeah it does speak to the frustration i

1328

00:54:47,430 --> 00:54:45,119

think a lot of people have with how

1329

00:54:48,950 --> 00:54:47,440

i guess cagey the united states is when

1330

00:54:50,390 --> 00:54:48,960

it comes to this you know there seems to

1331

00:54:51,270 --> 00:54:50,400

be a

1332

00:54:53,589 --> 00:54:51,280

weird

1333

00:54:55,829 --> 00:54:53,599

intelligence game going on when it comes

1334

00:54:58,309 --> 00:54:55,839

to how transparent they're willing to

1335

00:55:00,069 --> 00:54:58,319

with the public and with other countries

1336

00:55:01,190 --> 00:55:00,079

because again if these things are

1337

00:55:03,349 --> 00:55:01,200

crashing

1338

00:55:05,430 --> 00:55:03,359

in the united states and all over the

1339

00:55:07,750 --> 00:55:05,440

world you know you do truly have to

1340

00:55:10,630 --> 00:55:07,760

wonder how much information does that

1341

00:55:13,030 --> 00:55:10,640

nation want to share with another nation

1342

00:55:14,470 --> 00:55:13,040

and what they might possess it's it's a

1343

00:55:15,990 --> 00:55:14,480

you know a question we'll be asking

1344

00:55:18,150 --> 00:55:16,000

forever

1345

00:55:20,630 --> 00:55:18,160

you know you know of course we as

1346

00:55:23,349 --> 00:55:20,640

scientists we like crash cases because

1347

00:55:26,069 --> 00:55:23,359

we get material from them but we also

1348

00:55:28,309 --> 00:55:26,079

get material from cases that are just

1349

00:55:30,549 --> 00:55:28,319

landings and not crashes i mean in

1350

00:55:33,430 --> 00:55:30,559

socorro it didn't crash

1351
00:55:34,470 --> 00:55:33,440
you know so-called is extraordinary and

1352
00:55:36,710 --> 00:55:34,480
in in

1353
00:55:37,829 --> 00:55:36,720
you know in this book i i've i've

1354
00:55:39,990 --> 00:55:37,839
brought back

1355
00:55:42,630 --> 00:55:40,000
some details about socorro that have

1356
00:55:43,990 --> 00:55:42,640
never been published because some of the

1357
00:55:47,109 --> 00:55:44,000
testimony

1358
00:55:50,390 --> 00:55:47,119
remained private i mean it wasn't secret

1359
00:55:53,030 --> 00:55:50,400
it wasn't covered by any any secrecy it

1360
00:55:55,349 --> 00:55:53,040
was just private and it was recorded and

1361
00:55:56,390 --> 00:55:55,359
it went into a file i happened to have

1362
00:55:58,390 --> 00:55:56,400
the fight

1363
00:56:01,349 --> 00:55:58,400

because i was i worked again i worked

1364

00:56:03,750 --> 00:56:01,359

with dr heineck and i was i was

1365

00:56:06,069 --> 00:56:03,760

fascinated with the case we

1366

00:56:07,990 --> 00:56:06,079

brought together a team from people at

1367

00:56:10,789 --> 00:56:08,000

the university of chicago people at

1368

00:56:13,190 --> 00:56:10,799

northwestern university to look at all

1369

00:56:14,230 --> 00:56:13,200

the data from socorro that dr heineck

1370

00:56:17,430 --> 00:56:14,240

brought back

1371

00:56:18,789 --> 00:56:17,440

and uh you know it's it's a case that

1372

00:56:20,950 --> 00:56:18,799

just keeps

1373

00:56:23,190 --> 00:56:20,960

we keep learning new things about it as

1374

00:56:24,069 --> 00:56:23,200

we go along and that's that's in the

1375

00:56:25,270 --> 00:56:24,079

book

1376

00:56:27,990 --> 00:56:25,280

um so

1377

00:56:31,190 --> 00:56:28,000

those cases valencia of course is not a

1378

00:56:33,990 --> 00:56:31,200

crash it's a controlled landing

1379

00:56:35,349 --> 00:56:34,000

and so coral is a controlled landing

1380

00:56:37,670 --> 00:56:35,359

by the way

1381

00:56:39,589 --> 00:56:37,680

when you go to the site which i i've

1382

00:56:41,910 --> 00:56:39,599

i've gone several times and i've gone

1383

00:56:44,789 --> 00:56:41,920

there with the with paul heineck you

1384

00:56:47,750 --> 00:56:44,799

know the dr dr paul heineck was

1385

00:56:50,710 --> 00:56:47,760

the son of of professor heineck

1386

00:56:53,750 --> 00:56:50,720

and uh with i had the pleasure of taking

1387

00:56:54,870 --> 00:56:53,760

him to the site of the socorro uh

1388

00:56:57,510 --> 00:56:54,880

landing

1389

00:57:00,630 --> 00:56:57,520

um the the site is

1390

00:57:03,430 --> 00:57:00,640

you know is completely torn up by

1391

00:57:06,230 --> 00:57:03,440

by little creeks by i mean it's a part

1392

00:57:09,190 --> 00:57:06,240

of the desert that you know it's on the

1393

00:57:11,589 --> 00:57:09,200

side of the hill with big stones and

1394

00:57:13,910 --> 00:57:11,599

everything else it's the last place

1395

00:57:15,430 --> 00:57:13,920

where you would land a prototype of

1396

00:57:19,030 --> 00:57:15,440

something as well

1397

00:57:21,349 --> 00:57:19,040

it turns out that there was an analysis

1398

00:57:22,390 --> 00:57:21,359

from the traces or traces were very well

1399

00:57:24,549 --> 00:57:22,400

preserved

1400

00:57:27,750 --> 00:57:24,559

and from the analysis of the traces and

1401
00:57:30,710 --> 00:57:27,760
their geometry you can reconstruct what

1402
00:57:33,430 --> 00:57:30,720
that landing gear was like

1403
00:57:34,870 --> 00:57:33,440
the blending gear has geometric

1404
00:57:37,109 --> 00:57:34,880
properties

1405
00:57:40,549 --> 00:57:37,119
that we could have used on the moon you

1406
00:57:43,430 --> 00:57:40,559
know if you have to land on on

1407
00:57:45,109 --> 00:57:43,440
you know a place that's uneven

1408
00:57:46,870 --> 00:57:45,119
now you remember

1409
00:57:48,150 --> 00:57:46,880
when they landed the first time on the

1410
00:57:51,990 --> 00:57:48,160
moon they were

1411
00:57:55,510 --> 00:57:52,000
they almost ran out of of power you know

1412
00:57:58,309 --> 00:57:55,520
just a few minutes uh because they were

1413
00:57:59,190 --> 00:57:58,319

looking for a flat place to land

1414

00:58:01,990 --> 00:57:59,200

well

1415

00:58:05,589 --> 00:58:02,000

the thing that landed at socorro which

1416

00:58:07,190 --> 00:58:05,599

was estimated that weighing several tons

1417

00:58:10,870 --> 00:58:07,200

and we still don't understand what the

1418

00:58:17,190 --> 00:58:14,710

landed on completely uneven terrain and

1419

00:58:18,710 --> 00:58:17,200

the pirates didn't care

1420

00:58:21,589 --> 00:58:18,720

they knew they could

1421

00:58:24,549 --> 00:58:21,599

level on they trusted their landing here

1422

00:58:27,109 --> 00:58:24,559

completely and it was you know a complex

1423

00:58:29,510 --> 00:58:27,119

landing gear was a complex machine by

1424

00:58:31,349 --> 00:58:29,520

itself and then the skeptics say oh you

1425

00:58:33,829 --> 00:58:31,359

know it must have been a balloon

1426

00:58:34,710 --> 00:58:33,839

well you know go there and tell me if

1427

00:58:38,390 --> 00:58:34,720

you can

1428

00:58:42,950 --> 00:58:40,470

uh you know a balloon would look for a

1429

00:58:44,230 --> 00:58:42,960

flat you know flat area

1430

00:58:46,230 --> 00:58:44,240

it would

1431

00:58:47,349 --> 00:58:46,240

land in the middle of a bunch of

1432

00:58:48,870 --> 00:58:47,359

boulders

1433

00:58:51,270 --> 00:58:48,880

so

1434

00:58:54,230 --> 00:58:51,280

they um

1435

00:58:55,349 --> 00:58:54,240

you know i've learned so much so much in

1436

00:59:06,549 --> 00:58:55,359

in

1437

00:59:08,230 --> 00:59:06,559

um oh yes

1438

00:59:13,990 --> 00:59:08,240

because

1439

00:59:15,190 --> 00:59:14,000

and maybe you know there are not many

1440

00:59:17,750 --> 00:59:15,200

cases

1441

00:59:20,230 --> 00:59:17,760

in the ufo archives

1442

00:59:22,950 --> 00:59:20,240

where the witness has been followed

1443

00:59:25,510 --> 00:59:22,960

throughout his life

1444

00:59:27,990 --> 00:59:25,520

just that so you know something happens

1445

00:59:30,230 --> 00:59:28,000

you go there you meet a witness

1446

00:59:33,190 --> 00:59:30,240

uh you document you know what he does

1447

00:59:34,950 --> 00:59:33,200

and his family and so on and then you

1448

00:59:37,510 --> 00:59:34,960

interview him about what he saw and then

1449

00:59:40,309 --> 00:59:37,520

you go home and you know you publish an

1450

00:59:41,670 --> 00:59:40,319

article about it if it's interesting

1451

00:59:44,150 --> 00:59:41,680

but

1452

00:59:46,870 --> 00:59:44,160

very rarely do people say

1453

00:59:49,510 --> 00:59:46,880

have you seen something like that before

1454

00:59:52,069 --> 00:59:49,520

or what were you doing you know the week

1455

00:59:54,150 --> 00:59:52,079

previous to your sighting

1456

00:59:56,230 --> 00:59:54,160

uh what happened to you after your

1457

00:59:58,710 --> 00:59:56,240

experience did you have strange dreams

1458

01:00:00,950 --> 00:59:58,720

did you did it change your life in some

1459

01:00:03,109 --> 01:00:00,960

way so

1460

01:00:05,349 --> 01:00:03,119

you know people don't ask those kinds of

1461

01:00:06,950 --> 01:00:05,359

questions or very rarely

1462

01:00:09,349 --> 01:00:06,960

well that's not the way to do an

1463

01:00:10,230 --> 01:00:09,359

investigation you need to know something

1464

01:00:13,030 --> 01:00:10,240

about

1465

01:00:14,470 --> 01:00:13,040

the you know the impact on

1466

01:00:17,589 --> 01:00:14,480

you know in

1467

01:00:20,630 --> 01:00:17,599

so here is juan perez

1468

01:00:22,789 --> 01:00:20,640

uh the the picture

1469

01:00:25,670 --> 01:00:22,799

is i always cringe when i see that

1470

01:00:27,190 --> 01:00:25,680

picture of me in my white shirt you know

1471

01:00:29,349 --> 01:00:27,200

in argentina

1472

01:00:32,870 --> 01:00:29,359

back back in

1473

01:00:36,309 --> 01:00:32,880

in the 60s you know with juan juan was

1474

01:00:38,390 --> 01:00:36,319

14 at the time was 15 at the time

1475

01:00:39,670 --> 01:00:38,400

that was just two years after his

1476

01:00:40,630 --> 01:00:39,680

deciding

1477

01:00:44,309 --> 01:00:40,640

well

1478

01:00:46,950 --> 01:00:44,319

uh now is uh past 50

1479

01:00:49,030 --> 01:00:46,960

and we were reconnected

1480

01:00:51,270 --> 01:00:49,040

by the uh

1481

01:00:53,270 --> 01:00:51,280

you know the people who made the movie

1482

01:00:55,589 --> 01:00:53,280

they wanted to come and interview me in

1483

01:00:58,150 --> 01:00:55,599

san francisco because they knew i had

1484

01:01:00,150 --> 01:00:58,160

been there i've published the

1485

01:01:03,349 --> 01:01:00,160

the case in my books

1486

01:01:04,789 --> 01:01:03,359

and i i told them look you know

1487

01:01:07,030 --> 01:01:04,799

why don't

1488

01:01:10,789 --> 01:01:07,040

instead of the cost of coming to san

1489

01:01:13,109 --> 01:01:10,799

francisco with her with a team why don't

1490

01:01:14,789 --> 01:01:13,119

i fly to argentina

1491

01:01:15,990 --> 01:01:14,799

and you

1492

01:01:19,270 --> 01:01:16,000

let me

1493

01:01:20,150 --> 01:01:19,280

you know let's reinterview him at the

1494

01:01:21,510 --> 01:01:20,160

site

1495

01:01:23,910 --> 01:01:21,520

because

1496

01:01:26,710 --> 01:01:23,920

you know he remembered me you remember

1497

01:01:29,109 --> 01:01:26,720

the interview we had had uh he he

1498

01:01:31,349 --> 01:01:29,119

remembered the

1499

01:01:33,510 --> 01:01:31,359

you know the the the big lunch we had

1500

01:01:36,390 --> 01:01:33,520

had with his neighbors with the

1501
01:01:38,549 --> 01:01:36,400
investigators with his family his family

1502
01:01:39,750 --> 01:01:38,559
was wonderful

1503
01:01:43,109 --> 01:01:39,760
his mother

1504
01:01:44,950 --> 01:01:43,119
you know was indian

1505
01:01:47,430 --> 01:01:44,960
and

1506
01:01:48,950 --> 01:01:47,440
she had stories to tell that she didn't

1507
01:01:50,870 --> 01:01:48,960
tell at the time

1508
01:01:53,910 --> 01:01:50,880
at the time she stayed in the kitchen

1509
01:01:57,750 --> 01:01:53,920
you know preparing the meal for us

1510
01:01:59,430 --> 01:01:57,760
uh we spoke to her you know my wife was

1511
01:02:03,510 --> 01:01:59,440
with me my wife

1512
01:02:05,829 --> 01:02:03,520
uh whom i lost over 10 years ago but

1513
01:02:07,190 --> 01:02:05,839

my wife was a psychologist was a child

1514

01:02:09,829 --> 01:02:07,200

psychologist

1515

01:02:10,950 --> 01:02:09,839

so it was wonderful to have her

1516

01:02:12,870 --> 01:02:10,960

with me

1517

01:02:14,390 --> 01:02:12,880

you know in interviews that involved

1518

01:02:17,990 --> 01:02:14,400

children

1519

01:02:22,710 --> 01:02:20,390

it was extraordinary to have the

1520

01:02:24,549 --> 01:02:22,720

opportunity to reconnect

1521

01:02:27,510 --> 01:02:24,559

with juan

1522

01:02:30,950 --> 01:02:27,520

and to find out what had happened how he

1523

01:02:34,630 --> 01:02:30,960

had been impacted by what he saw back

1524

01:02:36,710 --> 01:02:34,640

then because he had been

1525

01:02:38,950 --> 01:02:36,720

again in

1526

01:02:40,710 --> 01:02:38,960

some sort of contact with that

1527

01:02:43,910 --> 01:02:40,720

intelligence

1528

01:02:45,109 --> 01:02:43,920

you know again again and again and

1529

01:02:48,630 --> 01:02:45,119

that had

1530

01:02:51,270 --> 01:02:48,640

profoundly affected his his life and i'm

1531

01:02:53,190 --> 01:02:51,280

very proud of what we did you know with

1532

01:02:54,710 --> 01:02:53,200

the team from the movie

1533

01:02:57,990 --> 01:02:54,720

in uh

1534

01:02:59,990 --> 01:02:58,000

reassuring him about what he had seen

1535

01:03:01,349 --> 01:03:00,000

about the fact that many other people

1536

01:03:03,030 --> 01:03:01,359

had had

1537

01:03:05,349 --> 01:03:03,040

that you know

1538

01:03:06,549 --> 01:03:05,359

very very powerful life-changing

1539

01:03:09,270 --> 01:03:06,559

experience

1540

01:03:11,190 --> 01:03:09,280

and i think we we helped him

1541

01:03:13,990 --> 01:03:11,200

you know reconnect with

1542

01:03:15,910 --> 01:03:14,000

his life frankly

1543

01:03:17,589 --> 01:03:15,920

you know you see that in the movie and

1544

01:03:20,230 --> 01:03:17,599

to me that's the most

1545

01:03:23,990 --> 01:03:20,240

uh you know uh

1546

01:03:25,990 --> 01:03:24,000

uh impactful and profound

1547

01:03:27,750 --> 01:03:26,000

part of the experience

1548

01:03:29,029 --> 01:03:27,760

was uh

1549

01:03:31,349 --> 01:03:29,039

i spent

1550

01:03:34,150 --> 01:03:31,359

six months after they agreed to bring me

1551

01:03:36,390 --> 01:03:34,160

back to argentina i used to be fluent in

1552

01:03:38,390 --> 01:03:36,400

spanish when i was a kid

1553

01:03:39,430 --> 01:03:38,400

i learned spanish i love the spanish

1554

01:03:41,829 --> 01:03:39,440

language

1555

01:03:44,069 --> 01:03:41,839

when i was 15 i was fluent in spanish

1556

01:03:45,430 --> 01:03:44,079

i'm not anymore

1557

01:03:46,950 --> 01:03:45,440

so

1558

01:03:49,670 --> 01:03:46,960

i wanted to

1559

01:03:53,990 --> 01:03:49,680

be able to speak with juan again

1560

01:03:56,630 --> 01:03:54,000

one-on-one without an interpreter

1561

01:03:59,910 --> 01:03:56,640

and so i spent six months relearning

1562

01:04:03,829 --> 01:03:59,920

enough spanish he here in san francisco

1563

01:04:05,349 --> 01:04:03,839

to to be able to just be alone with him

1564

01:04:07,349 --> 01:04:05,359

and

1565

01:04:09,589 --> 01:04:07,359

explore his

1566

01:04:11,349 --> 01:04:09,599

you know his recollections

1567

01:04:13,190 --> 01:04:11,359

the reconnections of the time when we

1568

01:04:15,349 --> 01:04:13,200

were together

1569

01:04:16,549 --> 01:04:15,359

as when he was a kid

1570

01:04:19,349 --> 01:04:16,559

and then

1571

01:04:22,309 --> 01:04:19,359

his recollections of you know what his

1572

01:04:25,109 --> 01:04:22,319

life has been since then and how it had

1573

01:04:27,349 --> 01:04:25,119

impacted him because i i didn't want i

1574

01:04:29,029 --> 01:04:27,359

trusted the you know the interpreters we

1575

01:04:31,349 --> 01:04:29,039

had with us of course

1576

01:04:32,950 --> 01:04:31,359

including the man who made the movie who

1577

01:04:35,910 --> 01:04:32,960

is

1578

01:04:37,910 --> 01:04:35,920

very very attentive to to the human side

1579

01:04:40,710 --> 01:04:37,920

of all this but

1580

01:04:41,510 --> 01:04:40,720

i just wanted us to be alone together

1581

01:04:46,390 --> 01:04:41,520

and

1582

01:04:48,789 --> 01:04:46,400

uh

1583

01:04:52,710 --> 01:04:48,799

you know it was probably the the high

1584

01:04:56,230 --> 01:04:52,720

point of of being back at the site

1585

01:05:00,870 --> 01:04:58,230

yeah chuck i mean i i have to thank you

1586

01:05:03,910 --> 01:05:00,880

for doing that because i think the the

1587

01:05:07,109 --> 01:05:03,920

witness or the observer in these cases

1588

01:05:09,589 --> 01:05:07,119

uh often get uh overlooked by you know

1589

01:05:12,150 --> 01:05:09,599

everyone wants data obviously that makes

1590

01:05:13,829 --> 01:05:12,160

perfect sense and we want documents but

1591

01:05:16,630 --> 01:05:13,839

we would be nothing without the

1592

01:05:18,309 --> 01:05:16,640

witnesses to these experiences they

1593

01:05:20,870 --> 01:05:18,319

ultimately become a part of the data

1594

01:05:24,150 --> 01:05:20,880

their testimony is vital in

1595

01:05:26,950 --> 01:05:24,160

trying to craft a case and investigate

1596

01:05:29,670 --> 01:05:26,960

it and with someone like juan i mean

1597

01:05:31,589 --> 01:05:29,680

it's so obvious how much this impacted

1598

01:05:33,829 --> 01:05:31,599

his life and made him a

1599

01:05:36,549 --> 01:05:33,839

you know he felt alone he he felt like

1600

01:05:38,549 --> 01:05:36,559

he had no one to turn to and um i i

1601
01:05:41,750 --> 01:05:38,559
really respect that you were willing to

1602
01:05:44,549 --> 01:05:41,760
again re-learn his language go there

1603
01:05:47,349 --> 01:05:44,559
speak to him in his native language to

1604
01:05:49,349 --> 01:05:47,359
uh show him how much you actually care

1605
01:05:51,510 --> 01:05:49,359
about this case and what this has done

1606
01:05:53,670 --> 01:05:51,520
to him it's it's a powerful film and

1607
01:05:56,470 --> 01:05:53,680
it's a powerful investigation no one

1608
01:05:58,789 --> 01:05:56,480
says you know and to be there to radiate

1609
01:06:00,549 --> 01:05:58,799
the emotions and i mean you can see him

1610
01:06:03,589 --> 01:06:00,559
crying on one of the

1611
01:06:07,190 --> 01:06:05,349
the

1612
01:06:09,430 --> 01:06:07,200
that's you know

1613
01:06:12,789 --> 01:06:09,440

let's go back to what's happening now

1614

01:06:15,750 --> 01:06:12,799

with all the cases that people see on tv

1615

01:06:16,789 --> 01:06:15,760

are military cases american

1616

01:06:19,670 --> 01:06:16,799

cases

1617

01:06:21,990 --> 01:06:19,680

and yes i know there is

1618

01:06:24,470 --> 01:06:22,000

great value in that because

1619

01:06:27,510 --> 01:06:24,480

you know these people are very highly

1620

01:06:31,109 --> 01:06:27,520

trained i have enormous respect for you

1621

01:06:34,230 --> 01:06:31,119

know f-18 pilots like uh some of whom i

1622

01:06:35,829 --> 01:06:34,240

you know i've worked with on the fives

1623

01:06:37,829 --> 01:06:35,839

um

1624

01:06:40,150 --> 01:06:37,839

they they are extraordinary men and

1625

01:06:42,309 --> 01:06:40,160

women extraordinary observers i mean

1626

01:06:46,230 --> 01:06:42,319

their life depends on it and they've

1627

01:06:48,390 --> 01:06:46,240

proven it you know in their career so

1628

01:06:50,710 --> 01:06:48,400

their testimony is precious

1629

01:06:51,589 --> 01:06:50,720

they also have instruments that are have

1630

01:06:52,710 --> 01:06:51,599

been

1631

01:06:55,349 --> 01:06:52,720

you know

1632

01:06:57,349 --> 01:06:55,359

developed for combat that are

1633

01:06:58,470 --> 01:06:57,359

extraordinary instruments so we can

1634

01:07:01,349 --> 01:06:58,480

document

1635

01:07:02,069 --> 01:07:01,359

things that otherwise we would lose okay

1636

01:07:04,470 --> 01:07:02,079

so

1637

01:07:07,029 --> 01:07:04,480

yes it's extraordinary value especially

1638

01:07:09,430 --> 01:07:07,039

it's coordinated with radar and all

1639

01:07:11,670 --> 01:07:09,440

kinds of other things satellites

1640

01:07:12,470 --> 01:07:11,680

so we we have a

1641

01:07:15,670 --> 01:07:12,480

a

1642

01:07:19,190 --> 01:07:15,680

but

1643

01:07:21,270 --> 01:07:19,200

you know a little kid on the farm

1644

01:07:23,349 --> 01:07:21,280

is is a

1645

01:07:25,190 --> 01:07:23,359

formidable

1646

01:07:28,150 --> 01:07:25,200

noticing instrument

1647

01:07:30,069 --> 01:07:28,160

i mean the kids at trinity had

1648

01:07:32,150 --> 01:07:30,079

binoculars with them

1649

01:07:35,270 --> 01:07:32,160

they they had high

1650

01:07:38,789 --> 01:07:35,280

you know high value binoculars not a dry

1651

01:07:40,950 --> 01:07:38,799

binocular because the the ranch is

1652

01:07:43,670 --> 01:07:40,960

you know is very very large

1653

01:07:45,990 --> 01:07:43,680

and they have to read the they have to

1654

01:07:47,910 --> 01:07:46,000

look at the cattle from the distance the

1655

01:07:50,789 --> 01:07:47,920

cattle is going to be scattered over the

1656

01:07:53,349 --> 01:07:50,799

ranch they they have to count the you

1657

01:07:56,069 --> 01:07:53,359

know the cattle and they have to get a

1658

01:07:58,470 --> 01:07:56,079

precise cow because it could be a stray

1659

01:08:00,230 --> 01:07:58,480

animal from another ranch they have to

1660

01:08:03,589 --> 01:08:00,240

recognize the brands

1661

01:08:06,390 --> 01:08:03,599

on the animals and you know you do that

1662

01:08:07,750 --> 01:08:06,400

with a high-powered camera so when when

1663

01:08:10,870 --> 01:08:07,760

this happened

1664

01:08:13,430 --> 01:08:10,880

they were following the the army

1665

01:08:16,870 --> 01:08:13,440

recovery of the

1666

01:08:20,789 --> 01:08:16,880

avocado you know from a distance hidden

1667

01:08:21,829 --> 01:08:20,799

behind the cactus with their binoculars

1668

01:08:24,470 --> 01:08:21,839

they

1669

01:08:25,669 --> 01:08:24,480

these kids grew up i mean i grew up in

1670

01:08:28,309 --> 01:08:25,679

the country

1671

01:08:31,189 --> 01:08:28,319

and you know i i was a pretty good

1672

01:08:33,510 --> 01:08:31,199

observer of of country life

1673

01:08:35,749 --> 01:08:33,520

i mean you know you you grow up in the

1674

01:08:36,470 --> 01:08:35,759

fields you grow up around farms you grow

1675

01:08:38,390 --> 01:08:36,480

up

1676

01:08:41,110 --> 01:08:38,400

around that even you know

1677

01:08:43,430 --> 01:08:41,120

though i lived in the town but i was i

1678

01:08:45,990 --> 01:08:43,440

was off and gone you know in the

1679

01:08:48,149 --> 01:08:46,000

countryside now there are lots of things

1680

01:08:50,390 --> 01:08:48,159

that you know you take a scientist from

1681

01:08:52,229 --> 01:08:50,400

a university and you send him in the

1682

01:08:54,950 --> 01:08:52,239

middle of you know in the middle of

1683

01:08:57,829 --> 01:08:54,960

kansas he's going to miss a lot of

1684

01:08:58,789 --> 01:08:57,839

things that the local farmer is going to

1685

01:09:00,470 --> 01:08:58,799

notice

1686

01:09:02,390 --> 01:09:00,480

you know about the

1687

01:09:05,349 --> 01:09:02,400

you know the color of the vegetation

1688

01:09:08,229 --> 01:09:05,359

about the the rain patterns about the

1689

01:09:10,229 --> 01:09:08,239

clouds about about all of that about the

1690

01:09:12,470 --> 01:09:10,239

behavior of the birds

1691

01:09:14,229 --> 01:09:12,480

that you know a scientist from stanford

1692

01:09:15,189 --> 01:09:14,239

isn't going to know

1693

01:09:18,470 --> 01:09:15,199

so

1694

01:09:20,709 --> 01:09:18,480

those kids and kids especially i mean

1695

01:09:23,349 --> 01:09:20,719

any psychologist will tell you

1696

01:09:24,950 --> 01:09:23,359

that in a in a car accident or an

1697

01:09:27,590 --> 01:09:24,960

aircraft accident

1698

01:09:30,550 --> 01:09:27,600

the kids are likely to give you the best

1699

01:09:31,749 --> 01:09:30,560

testimony because it's not colored by

1700

01:09:34,470 --> 01:09:31,759

their

1701

01:09:36,550 --> 01:09:34,480

adult interpretation of the event

1702

01:09:38,789 --> 01:09:36,560

they'll correct it they will tell you

1703

01:09:41,189 --> 01:09:38,799

exactly what happened

1704

01:09:42,789 --> 01:09:41,199

and it may be covered by emotion and all

1705

01:09:43,990 --> 01:09:42,799

that of course but

1706

01:09:46,950 --> 01:09:44,000

but the

1707

01:09:49,269 --> 01:09:46,960

the testimony has special value

1708

01:09:51,829 --> 01:09:49,279

you know with good

1709

01:09:54,630 --> 01:09:51,839

kids who are good observers and that's

1710

01:09:56,870 --> 01:09:54,640

what we have at trinity you know

1711

01:09:59,270 --> 01:09:56,880

and uh that's what we have in so many

1712

01:10:02,709 --> 01:09:59,280

other cases and that's what we had with

1713

01:10:05,030 --> 01:10:02,719

with juan in argentina when we when you

1714

01:10:07,590 --> 01:10:05,040

see him later in life

1715

01:10:08,790 --> 01:10:07,600

you know in his 50s with his

1716

01:10:11,910 --> 01:10:08,800

dogs

1717

01:10:13,030 --> 01:10:11,920

and you know with his um

1718

01:10:16,149 --> 01:10:13,040

uh

1719

01:10:16,870 --> 01:10:16,159

you know the animals around him you know

1720

01:10:24,229 --> 01:10:16,880

he

1721

01:10:26,709 --> 01:10:24,239

uh you know by

1722

01:10:29,110 --> 01:10:26,719

as a result of the movie he was living

1723

01:10:32,310 --> 01:10:29,120

alone on his own farm

1724

01:10:34,709 --> 01:10:32,320

with with the animals and it's very

1725

01:10:37,590 --> 01:10:34,719

extraordinary when you see the you know

1726

01:10:39,590 --> 01:10:37,600

his relationship it's closeness with

1727

01:10:41,430 --> 01:10:39,600

with the animals there and with with the

1728

01:10:42,310 --> 01:10:41,440

dog

1729

01:10:45,910 --> 01:10:42,320

yeah

1730

01:10:48,550 --> 01:10:45,920

missing

1731

01:10:50,790 --> 01:10:48,560

right exactly jacques and you know the

1732

01:10:53,350 --> 01:10:50,800

fact that he found his tribe finally

1733

01:10:55,189 --> 01:10:53,360

found his people i think is rewarding

1734

01:10:57,669 --> 01:10:55,199

enough even though he may never truly

1735

01:10:59,669 --> 01:10:57,679

know what it was he encountered uh the

1736

01:11:02,950 --> 01:10:59,679

fact that ellen stephen the filmmaker

1737

01:11:05,590 --> 01:11:02,960

and and yourself put so much care into

1738

01:11:07,430 --> 01:11:05,600

just trying to find this guy closure uh

1739

01:11:09,669 --> 01:11:07,440

is rewarding enough and i think it was

1740

01:11:11,669 --> 01:11:09,679

for viewers of the documentary and i

1741

01:11:14,070 --> 01:11:11,679

hope it was for you as an investigator

1742

01:11:16,310 --> 01:11:14,080

on this case as well knowing how much

1743

01:11:18,630 --> 01:11:16,320

you actually helped this individual no

1744

01:11:21,430 --> 01:11:18,640

way that either that that case in

1745

01:11:24,550 --> 01:11:21,440

argentina or the case in trinity uh

1746

01:11:26,790 --> 01:11:24,560

wouldn't change me you know in

1747

01:11:29,030 --> 01:11:26,800

a fairly profound ways

1748

01:11:31,189 --> 01:11:29,040

but

1749

01:11:33,750 --> 01:11:31,199

you know i'll tell you one thing and

1750

01:11:36,310 --> 01:11:33,760

you when you approach a witness

1751

01:11:39,189 --> 01:11:36,320

as as we did recently and we thought we

1752

01:11:41,110 --> 01:11:39,199

were done essentially with the book when

1753

01:11:42,390 --> 01:11:41,120

we published the first edition with

1754

01:11:44,070 --> 01:11:42,400

powell

1755

01:11:46,790 --> 01:11:44,080

and we found

1756

01:11:48,790 --> 01:11:46,800

this additional witness

1757

01:11:51,590 --> 01:11:48,800

told him we wanted to talk about that

1758

01:11:54,950 --> 01:11:51,600

time and what happened after that

1759

01:11:57,590 --> 01:11:54,960

he brings up pictures of the kids that

1760

01:11:59,750 --> 01:11:57,600

have died

1761

01:12:01,350 --> 01:11:59,760

that's what he wants us to see

1762

01:12:03,750 --> 01:12:01,360

you know he doesn't

1763

01:12:06,070 --> 01:12:03,760

you know yeah we can talk about

1764

01:12:08,950 --> 01:12:06,080

you know the materials and so on

1765

01:12:11,990 --> 01:12:08,960

can talk about the case but

1766

01:12:14,470 --> 01:12:12,000

what that family remembers is you know

1767

01:12:16,550 --> 01:12:14,480

the daughter who died at 18 from

1768

01:12:17,750 --> 01:12:16,560

radiation poisoning

1769

01:12:33,590 --> 01:12:17,760

the

1770

01:12:36,470 --> 01:12:33,600

know it collects

1771

01:12:38,550 --> 01:12:36,480

rain water well it connected rain water

1772

01:12:40,950 --> 01:12:38,560

with plutonium

1773

01:12:43,669 --> 01:12:40,960

and they kept on drinking

1774

01:12:45,030 --> 01:12:43,679

that you know the first bomb

1775

01:12:46,310 --> 01:12:45,040

wasn't

1776

01:12:48,229 --> 01:12:46,320

very good

1777

01:12:50,070 --> 01:12:48,239

you know i mean it didn't consume all

1778

01:12:52,229 --> 01:12:50,080

the plutonium

1779

01:12:53,990 --> 01:12:52,239

now that's not something i learned in

1780

01:12:55,669 --> 01:12:54,000

school that's not something in their

1781

01:12:57,990 --> 01:12:55,679

history books

1782

01:12:59,590 --> 01:12:58,000

you you know you you go to new mexico

1783

01:13:02,390 --> 01:12:59,600

you talk to people and you're going to

1784

01:13:05,350 --> 01:13:02,400

learn a lot of things about that bomb

1785

01:13:08,630 --> 01:13:05,360

for one thing it wasn't a test

1786

01:13:12,149 --> 01:13:08,640

there is no way to test an atom

1787

01:13:14,390 --> 01:13:12,159

you know a test in physics is you take a

1788

01:13:16,550 --> 01:13:14,400

a little crucible and you put something

1789

01:13:18,950 --> 01:13:16,560

in it and you drop some chemical and

1790

01:13:21,669 --> 01:13:18,960

then you observe the reaction and if the

1791

01:13:24,550 --> 01:13:21,679

reaction is what you think you can take

1792

01:13:26,790 --> 01:13:24,560

a patent on the process and then you you

1793

01:13:28,870 --> 01:13:26,800

will sell it to an industrial firm that

1794

01:13:31,430 --> 01:13:28,880

will do it in you know in big quality

1795

01:13:33,830 --> 01:13:31,440

days so on that's what the test the

1796

01:13:35,590 --> 01:13:33,840

physics test is from okay it's an

1797

01:13:39,750 --> 01:13:35,600

experiment

1798

01:13:41,990 --> 01:13:39,760

either it works so it doesn't

1799

01:13:44,229 --> 01:13:42,000

you know the atom bomb that trinity was

1800

01:13:47,189 --> 01:13:44,239

fault times with power that they had

1801

01:13:50,470 --> 01:13:47,199

computed enrico fermi was there at the

1802

01:13:53,350 --> 01:13:50,480

site watching the explosion taking notes

1803

01:13:55,990 --> 01:13:53,360

and he quickly computed the total power

1804

01:13:57,750 --> 01:13:56,000

um you know i mean he was nobel prize in

1805

01:14:00,470 --> 01:13:57,760

physics

1806

01:14:03,669 --> 01:14:00,480

and the the power was four times what

1807

01:14:08,070 --> 01:14:05,590

they

1808

01:14:11,110 --> 01:14:08,080

realized that

1809

01:14:13,830 --> 01:14:11,120

some of the plutonium fell back on that

1810

01:14:16,390 --> 01:14:13,840

part of new mexico driven by the wind

1811

01:14:19,189 --> 01:14:16,400

over the places where these witnesses

1812

01:14:21,990 --> 01:14:19,199

lived with their families who had not

1813

01:14:23,750 --> 01:14:22,000

been evacuated

1814

01:14:25,830 --> 01:14:23,760

they were

1815

01:14:28,470 --> 01:14:25,840

you know there were strategic

1816

01:14:31,110 --> 01:14:28,480

excuses for that okay

1817

01:14:33,430 --> 01:14:31,120

but there was no strategic excuse once

1818

01:14:37,590 --> 01:14:33,440

bone was unveiled when the bomb had

1819

01:14:40,149 --> 01:14:37,600

blown up for not telling the people look

1820

01:14:42,950 --> 01:14:40,159

kill the cows don't sell them

1821

01:14:45,510 --> 01:14:42,960

don't put them on the market

1822

01:14:48,870 --> 01:14:45,520

you know we'll buy your cows

1823

01:14:51,590 --> 01:14:48,880

and you'll kill them and bury them

1824

01:14:53,510 --> 01:14:51,600

uh you know that they describe the cows

1825

01:14:56,390 --> 01:14:53,520

what happened to those animals you know

1826

01:14:58,950 --> 01:14:56,400

when they uh all that is in the in in

1827

01:15:02,390 --> 01:14:58,960

the book uh it's not just a book about

1828

01:15:04,630 --> 01:15:02,400

ufos it's a book about human history to

1829

01:15:06,950 --> 01:15:04,640

the credit of

1830

01:15:09,590 --> 01:15:06,960

you know of the army they never blew up

1831

01:15:11,590 --> 01:15:09,600

another atom bomb in new mexico

1832

01:15:13,830 --> 01:15:11,600

you know that everything was moved to

1833

01:15:17,189 --> 01:15:13,840

the nevada test site where there was

1834

01:15:19,350 --> 01:15:17,199

nobody and they could control you know a

1835

01:15:21,350 --> 01:15:19,360

very very large area

1836

01:15:23,110 --> 01:15:21,360

but the

1837

01:15:25,830 --> 01:15:23,120

um

1838

01:15:29,350 --> 01:15:28,390

the other thing was the fact that

1839

01:15:32,950 --> 01:15:29,360

um

1840

01:15:33,990 --> 01:15:32,960

the kids uh grew up in that environment

1841

01:15:35,830 --> 01:15:34,000

and

1842

01:15:38,870 --> 01:15:35,840

you know the kids died when they were

1843

01:15:40,870 --> 01:15:38,880

teenagers and their families were

1844

01:15:42,630 --> 01:15:40,880

lost all their kids

1845

01:15:45,189 --> 01:15:42,640

and the people who survived couldn't

1846

01:15:47,510 --> 01:15:45,199

have kids of their own

1847

01:15:52,709 --> 01:15:49,669

you know that that whole part of the

1848

01:15:55,030 --> 01:15:52,719

history isn't told anywhere

1849

01:15:59,910 --> 01:15:55,040

what happened in japan

1850

01:16:02,870 --> 01:15:59,920

i found in recent history books

1851

01:16:03,910 --> 01:16:02,880

written from a japanese perspective

1852

01:16:08,070 --> 01:16:03,920

that

1853

01:16:09,990 --> 01:16:08,080

just changed the history completely now

1854

01:16:13,270 --> 01:16:10,000

the archives were

1855

01:16:15,270 --> 01:16:13,280

under wraps for 50 years not because of

1856

01:16:17,110 --> 01:16:15,280

secret necessarily

1857

01:16:20,390 --> 01:16:17,120

but because the archives were scattered

1858

01:16:22,390 --> 01:16:20,400

everywhere and it took time for you know

1859

01:16:24,470 --> 01:16:22,400

the documentation to be

1860

01:16:26,870 --> 01:16:24,480

put together in one place

1861

01:16:28,950 --> 01:16:26,880

or in just a few places where historians

1862

01:16:31,750 --> 01:16:28,960

could have access to it and could start

1863

01:16:34,630 --> 01:16:31,760

doing their research so

1864

01:16:37,189 --> 01:16:34,640

50 years after trinity there were books

1865

01:16:38,790 --> 01:16:37,199

that started coming out based on the

1866

01:16:41,669 --> 01:16:38,800

real archives

1867

01:16:44,550 --> 01:16:41,679

and now we can know the real history the

1868

01:16:47,430 --> 01:16:44,560

real history is not what i learned in

1869

01:16:50,550 --> 01:16:47,440

physics and it's not what i learned in

1870

01:16:52,470 --> 01:16:51,350

the

1871

01:16:55,910 --> 01:16:52,480

american

1872

01:16:58,550 --> 01:16:55,920

didn't want to use vietnam in japan

1873

01:17:00,229 --> 01:16:58,560

eisenhower generalizing our

1874

01:17:02,390 --> 01:17:00,239

general marshall

1875

01:17:03,510 --> 01:17:02,400

went to the white house to talk to harry

1876

01:17:05,990 --> 01:17:03,520

truman

1877

01:17:08,790 --> 01:17:06,000

telling him that it would be terrible to

1878

01:17:11,110 --> 01:17:08,800

use remote i mean they by then they knew

1879

01:17:14,310 --> 01:17:11,120

you know what the bomb could do

1880

01:17:18,149 --> 01:17:14,320

um they knew it was proven

1881

01:17:21,030 --> 01:17:18,159

and they they they said we should not

1882

01:17:23,830 --> 01:17:21,040

start using it in war because if we do

1883

01:17:25,590 --> 01:17:23,840

we know the soviet union is close i mean

1884

01:17:26,709 --> 01:17:25,600

they are just as good in physics as we

1885

01:17:28,830 --> 01:17:26,719

are

1886

01:17:31,430 --> 01:17:28,840

we know germany is

1887

01:17:33,350 --> 01:17:31,440

close that those secrets are going to

1888

01:17:35,750 --> 01:17:33,360

come out other countries will have the

1889

01:17:37,430 --> 01:17:35,760

bomb in a few years the same moment we

1890

01:17:41,110 --> 01:17:37,440

do

1891

01:17:45,990 --> 01:17:41,120

and and then you know we'll lose control

1892

01:17:47,430 --> 01:17:46,000

of of um history

1893

01:17:49,510 --> 01:17:47,440

and

1894

01:17:52,070 --> 01:17:49,520

they wanted to go on with a conventional

1895

01:17:53,350 --> 01:17:52,080

war in japan

1896

01:17:59,910 --> 01:17:53,360

the

1897

01:18:03,110 --> 01:17:59,920

pentagon

1898

01:18:09,510 --> 01:18:07,510

500 000 purple hull decorations

1899

01:18:13,990 --> 01:18:09,520

the purple health in the american army

1900

01:18:18,550 --> 01:18:14,950

after

1901

01:18:21,990 --> 01:18:18,560

her husband has been killed in battle

1902

01:18:23,990 --> 01:18:22,000

500 000 is what they expected to lose

1903

01:18:25,510 --> 01:18:24,000

in the offensive against japan at the

1904

01:18:28,550 --> 01:18:25,520

end of world war ii

1905

01:18:30,390 --> 01:18:28,560

if they didn't choose football

1906

01:18:32,709 --> 01:18:30,400

harry truman

1907

01:18:36,470 --> 01:18:32,719

you know a

1908

01:18:38,390 --> 01:18:36,480

small-scale businessman from kansas

1909

01:18:39,750 --> 01:18:38,400

a good politician but

1910

01:18:42,229 --> 01:18:39,760

you know he was essentially a

1911

01:18:45,590 --> 01:18:42,239

businessman from kansas

1912

01:18:48,870 --> 01:18:45,600

but alone made the decision to use

1913

01:18:51,990 --> 01:18:48,880

he said i cannot sacrifice

1914

01:18:56,709 --> 01:18:52,000

you know half a million american kids

1915

01:19:03,110 --> 01:18:58,870

but he did that over

1916

01:19:05,189 --> 01:19:03,120

the request of the american army

1917

01:19:06,070 --> 01:19:05,199

now you're not going to find that then

1918

01:19:08,390 --> 01:19:06,080

people

1919

01:19:10,390 --> 01:19:08,400

in france wouldn't believe that you know

1920

01:19:11,990 --> 01:19:10,400

they believe the americans were a bunch

1921

01:19:14,229 --> 01:19:12,000

of cowboys who

1922

01:19:16,470 --> 01:19:14,239

wanted to use a bomb everywhere but

1923

01:19:19,189 --> 01:19:16,480

that's not true

1924

01:19:22,630 --> 01:19:19,199

the the bomb at trinity

1925

01:19:26,070 --> 01:19:22,640

made a lot of damage because it was they

1926

01:19:27,510 --> 01:19:26,080

realized it was blown up at ground level

1927

01:19:29,750 --> 01:19:27,520

you know you have the pictures of that

1928

01:19:31,750 --> 01:19:29,760

tower that i put in the book okay

1929

01:19:34,310 --> 01:19:31,760

there's a tower that's about 20 feet

1930

01:19:36,390 --> 01:19:34,320

high and there's a bomb on top and the

1931

01:19:38,470 --> 01:19:36,400

bomb blew up and i've i've gone there

1932

01:19:40,390 --> 01:19:38,480

i've gone to the trinity side

1933

01:19:41,189 --> 01:19:40,400

with with power

1934

01:19:48,550 --> 01:19:41,199

the

1935

01:19:51,110 --> 01:19:48,560

still see in new mexico you know i mean

1936

01:19:53,030 --> 01:19:51,120

the stunted growth of the uh of the

1937

01:19:55,510 --> 01:19:53,040

vegetation and so it's still there i

1938

01:19:58,630 --> 01:19:55,520

mean there there are no big there is no

1939

01:20:01,110 --> 01:19:58,640

big cactus in in that area within miles

1940

01:20:02,149 --> 01:20:01,120

and miles of the trinity side

1941

01:20:05,270 --> 01:20:02,159

so

1942

01:20:07,110 --> 01:20:05,280

that that bomb did a lot of damage that

1943

01:20:08,709 --> 01:20:07,120

you didn't need

1944

01:20:10,790 --> 01:20:08,719

in war

1945

01:20:12,630 --> 01:20:10,800

you don't need the radioactivity i mean

1946

01:20:15,350 --> 01:20:12,640

the radioactivity is going to kill a lot

1947

01:20:17,590 --> 01:20:15,360

of people but basically what you want is

1948

01:20:19,110 --> 01:20:17,600

the heat and the

1949

01:20:21,110 --> 01:20:19,120

force of the will

1950

01:20:24,229 --> 01:20:21,120

is going to destroy

1951

01:20:27,110 --> 01:20:24,239

any structure okay that's the purpose

1952

01:20:29,270 --> 01:20:27,120

the purpose isn't necessarily to

1953

01:20:31,189 --> 01:20:29,280

you know expose people to atomic

1954

01:20:33,750 --> 01:20:31,199

radiation

1955

01:20:35,430 --> 01:20:33,760

which is something i hadn't

1956

01:20:37,510 --> 01:20:35,440

you know i knew

1957

01:20:39,750 --> 01:20:37,520

but i really hadn't

1958

01:20:42,870 --> 01:20:39,760

felt deeply about it

1959

01:20:45,510 --> 01:20:42,880

the bomb that they dropped on hiroshima

1960

01:20:49,030 --> 01:20:45,520

had been readjusted

1961

01:20:52,550 --> 01:20:49,040

to blow up 2 000 feet high

1962

01:20:55,270 --> 01:20:52,560

to minimize the radioactivity

1963

01:20:56,870 --> 01:20:55,280

at hero ship i don't think the japanese

1964

01:20:58,390 --> 01:20:56,880

know that

1965

01:21:01,270 --> 01:20:58,400

the same thing

1966

01:21:02,870 --> 01:21:01,280

you know uh at nagasaki

1967

01:21:05,830 --> 01:21:02,880

what they wanted was a physical

1968

01:21:07,590 --> 01:21:05,840

destruction of the town and all the

1969

01:21:09,830 --> 01:21:07,600

military structures

1970

01:21:12,390 --> 01:21:09,840

you know especially at nagasaki

1971

01:21:15,030 --> 01:21:12,400

hiroshima wasn't much of a

1972

01:21:17,189 --> 01:21:15,040

military site but they had a choice of

1973

01:21:19,350 --> 01:21:17,199

about a dozen targets

1974

01:21:21,030 --> 01:21:19,360

and they made the decision

1975

01:21:23,669 --> 01:21:21,040

actually when the bombers were already

1976

01:21:26,870 --> 01:21:25,590

based on the weather

1977

01:21:28,870 --> 01:21:26,880

because they wanted to be able to

1978

01:21:31,189 --> 01:21:28,880

document the effect

1979

01:21:32,149 --> 01:21:31,199

so they wanted a clear sky over the

1980

01:21:39,430 --> 01:21:32,159

target

1981

01:21:42,070 --> 01:21:39,440

because the weather was clear over here

1982

01:21:45,030 --> 01:21:42,080

you know that's those are the

1983

01:21:45,830 --> 01:21:45,040

you know i learned as many things that

1984

01:21:49,669 --> 01:21:45,840

have

1985

01:21:51,270 --> 01:21:49,679

impacted me impacted my you know my life

1986

01:21:55,110 --> 01:21:51,280

at this stage

1987

01:21:56,790 --> 01:21:55,120

of my life uh about the war and about

1988

01:21:58,790 --> 01:21:56,800

the thinking of the pentagon the

1989

01:22:01,910 --> 01:21:58,800

thinking of the scientists

1990

01:22:03,910 --> 01:22:01,920

and and the army at the end of world war

1991

01:22:05,510 --> 01:22:03,920

ii and i i thought i understood where i

1992

01:22:07,669 --> 01:22:05,520

walked too you know

1993

01:22:11,830 --> 01:22:07,679

i was five by the end of world war ii i

1994

01:22:15,510 --> 01:22:11,840

remember the combat you know over

1995

01:22:17,590 --> 01:22:15,520

over my my town my town was bombed 16

1996

01:22:20,149 --> 01:22:17,600

times

1997

01:22:22,229 --> 01:22:20,159

so i you know i remember the war i saw

1998

01:22:23,350 --> 01:22:22,239

the wall

1999

01:22:25,110 --> 01:22:23,360

so

2000

01:22:26,470 --> 01:22:25,120

um

2001

01:22:27,750 --> 01:22:26,480

i think that's

2002

01:22:29,910 --> 01:22:27,760

probably

2003

01:22:33,669 --> 01:22:29,920

part of the contribution of our book

2004

01:22:34,550 --> 01:22:33,679

that paula and i are most proud of

2005

01:22:36,470 --> 01:22:34,560

is

2006

01:22:39,590 --> 01:22:36,480

putting it back in

2007

01:22:43,590 --> 01:22:39,600

you know what we learned about that so

2008

01:22:45,910 --> 01:22:43,600

if if all the ufo cases 10 of them are

2009

01:22:47,910 --> 01:22:45,920

documented by the military

2010

01:22:51,189 --> 01:22:47,920

where's the other 90

2011

01:22:53,669 --> 01:22:51,199

that is unclassified anybody can go

2012

01:22:56,229 --> 01:22:53,679

and talk to mr padilla you know anybody

2013

01:22:59,110 --> 01:22:56,239

can go and talk to juan perez in

2014

01:23:00,629 --> 01:22:59,120

argentina you know he'll

2015

01:23:02,470 --> 01:23:00,639

he'll be glad to

2016

01:23:04,390 --> 01:23:02,480

see you or give you a cup of very good

2017

01:23:05,350 --> 01:23:04,400

coffee you know

2018

01:23:06,470 --> 01:23:05,360

better

2019

01:23:08,709 --> 01:23:06,480

yeah

2020

01:23:09,669 --> 01:23:08,719

you know in san francisco so

2021

01:23:10,709 --> 01:23:09,679

uh

2022

01:23:12,550 --> 01:23:10,719

the

2023

01:23:15,030 --> 01:23:12,560

you don't need that you know a high

2024

01:23:17,510 --> 01:23:15,040

clearance to do this work you just need

2025

01:23:18,390 --> 01:23:17,520

to listen to people

2026

01:23:20,950 --> 01:23:18,400

yeah

2027

01:23:22,550 --> 01:23:20,960

i know i people would just listen more

2028

01:23:25,750 --> 01:23:22,560

shock i think we'd be in a much better

2029

01:23:28,070 --> 01:23:25,760

place in the ufo field and in humanity

2030

01:23:30,149 --> 01:23:28,080

in general um to kind of i guess wrap

2031

01:23:33,110 --> 01:23:30,159

things up shock you've been so gracious

2032

01:23:34,550 --> 01:23:33,120

with your time um and i have a million

2033

01:23:37,189 --> 01:23:34,560

listener questions but we'll have to

2034

01:23:39,510 --> 01:23:37,199

have you back another time for that um

2035

01:23:43,110 --> 01:23:39,520

we covered what i wanted to cover this

2036

01:23:47,110 --> 01:23:43,120

stuff so i do appreciate that

2037

01:23:49,350 --> 01:23:47,120

um but to to wrap things up chuck uh

2038

01:23:52,629 --> 01:23:49,360

uh some of the proceeds for your book

2039

01:23:53,590 --> 01:23:52,639

actually are going to a very special um

2040

01:23:56,149 --> 01:23:53,600

you know

2041

01:23:57,669 --> 01:23:56,159

reason uh or charity would you mind

2042

01:23:59,830 --> 01:23:57,679

sharing that with us

2043

01:24:01,669 --> 01:23:59,840

well as as a result of the latest

2044

01:24:05,830 --> 01:24:01,679

interviews with them

2045

01:24:06,870 --> 01:24:05,840

we've realized that yes people remember

2046

01:24:09,910 --> 01:24:06,880

you know

2047

01:24:11,750 --> 01:24:09,920

the avocado they remember the ufo but

2048

01:24:13,430 --> 01:24:11,760

really what they want to talk about is

2049

01:24:16,390 --> 01:24:13,440

the impact the

2050

01:24:17,990 --> 01:24:16,400

devastating impact on their families

2051

01:24:20,709 --> 01:24:18,000

that is still

2052

01:24:23,110 --> 01:24:20,719

in their heart is you know has defined

2053

01:24:25,910 --> 01:24:23,120

their life and so

2054

01:24:28,709 --> 01:24:25,920

paul and i have have decided to give

2055

01:24:31,510 --> 01:24:28,719

part of the proceeds of of the book to a

2056

01:24:32,390 --> 01:24:31,520

fund to support the witnesses of the

2057

01:24:34,229 --> 01:24:32,400

bomb

2058

01:24:36,310 --> 01:24:34,239

uh you know other

2059

01:24:37,510 --> 01:24:36,320

the bomb in new mexico

2060

01:24:39,750 --> 01:24:37,520

both the

2061

01:24:41,510 --> 01:24:39,760

um you know especially the indian

2062

01:24:43,830 --> 01:24:41,520

witnesses but the

2063

01:24:45,110 --> 01:24:43,840

you know the witnesses who were within

2064

01:24:48,550 --> 01:24:45,120

the range of

2065

01:24:50,310 --> 01:24:48,560

of the the explosion that is is yet to

2066

01:24:53,350 --> 01:24:50,320

be fully

2067

01:24:56,470 --> 01:24:53,360

documented you know and

2068

01:24:57,350 --> 01:24:56,480

and really fully um

2069

01:24:59,430 --> 01:24:57,360

uh

2070

01:25:01,510 --> 01:24:59,440

you know forgiven

2071

01:25:03,030 --> 01:25:01,520

it cannot be forgiven

2072

01:25:05,110 --> 01:25:03,040

but um

2073

01:25:07,590 --> 01:25:05,120

it can be explained

2074

01:25:09,270 --> 01:25:07,600

that there was a higher purpose and at

2075

01:25:11,590 --> 01:25:09,280

the time

2076

01:25:13,750 --> 01:25:11,600

you know project nathan was they knew

2077

01:25:16,790 --> 01:25:13,760

they were surrounded with spies with

2078

01:25:19,270 --> 01:25:16,800

german spies as we know now uh russian

2079

01:25:20,149 --> 01:25:19,280

spies as we know

2080

01:25:22,229 --> 01:25:20,159

um

2081

01:25:24,390 --> 01:25:22,239

and that they

2082

01:25:26,629 --> 01:25:24,400

the secret had to be preserved until the

2083

01:25:29,430 --> 01:25:26,639

bomb was perfected

2084

01:25:33,110 --> 01:25:29,440

because the bomb was going to save so

2085

01:25:35,270 --> 01:25:33,120

many lives and it did

2086

01:25:38,830 --> 01:25:35,280

japanese lives

2087

01:25:41,430 --> 01:25:38,840

russian lives american

2088

01:25:43,590 --> 01:25:41,440

lives you know

2089

01:25:46,390 --> 01:25:43,600

there is a scene

2090

01:25:47,830 --> 01:25:46,400

that i found in one of the history books

2091

01:25:50,470 --> 01:25:47,840

that

2092

01:25:52,470 --> 01:25:50,480

will stay with me forever and if there

2093

01:25:54,950 --> 01:25:52,480

was ever a movie

2094

01:25:58,470 --> 01:25:54,960

uh that scene should be there

2095

01:26:01,110 --> 01:25:58,480

it's a scene after nagasaki so

2096

01:26:02,070 --> 01:26:01,120

hiroshima is a bunch of radioactive

2097

01:26:04,390 --> 01:26:02,080

rubble

2098

01:26:05,350 --> 01:26:04,400

nakasaka is a bunch of radioactive

2099

01:26:07,750 --> 01:26:05,360

rubble

2100

01:26:09,510 --> 01:26:07,760

and there is a meeting

2101

01:26:13,910 --> 01:26:09,520

with the emperor

2102

01:26:15,430 --> 01:26:13,920

in the shelter under the palace in tokyo

2103

01:26:19,669 --> 01:26:15,440

it's in the middle as you know the

2104

01:26:22,470 --> 01:26:19,679

middle of august 1945

2105

01:26:23,830 --> 01:26:22,480

the japanese have lost two of their

2106

01:26:27,030 --> 01:26:23,840

large cities

2107

01:26:29,030 --> 01:26:27,040

to atomic bombs completely new weapon

2108

01:26:31,030 --> 01:26:29,040

for which there is no defense

2109

01:26:33,430 --> 01:26:31,040

at that point the u.s has control of the

2110

01:26:37,750 --> 01:26:33,440

sky complete control of the sky the

2111

01:26:43,270 --> 01:26:40,950

the the emperor calls a meeting of the

2112

01:26:44,790 --> 01:26:43,280

top military

2113

01:26:47,830 --> 01:26:44,800

officers

2114

01:26:50,790 --> 01:26:47,840

the the admirals and the generals are

2115

01:26:53,030 --> 01:26:50,800

in full uniform in that shelter

2116

01:26:56,709 --> 01:26:53,040

waiting for the emperor the emperor

2117

01:26:58,790 --> 01:26:56,719

comes in in a simple black uniform

2118

01:26:59,910 --> 01:26:58,800

sits at the hand of the table

2119

01:27:05,110 --> 01:26:59,920

and they

2120

01:27:07,270 --> 01:27:06,310

remember

2121

01:27:12,709 --> 01:27:07,280

japan

2122

01:27:15,270 --> 01:27:12,719

tradition about dying in combat the

2123

01:27:19,030 --> 01:27:15,280

samurai you know all those things that

2124

01:27:21,430 --> 01:27:19,040

we've seen in hollywood films and so on

2125

01:27:23,430 --> 01:27:21,440

they are still the product of that

2126

01:27:25,669 --> 01:27:23,440

culture which is

2127

01:27:27,990 --> 01:27:25,679

you know an admirable

2128

01:27:31,270 --> 01:27:28,000

culture

2129

01:27:33,270 --> 01:27:31,280

they want to keep fighting

2130

01:27:36,390 --> 01:27:33,280

so the americans have blown up two

2131

01:27:37,910 --> 01:27:36,400

cities with atomic

2132

01:27:39,910 --> 01:27:37,920

so what

2133

01:27:42,149 --> 01:27:39,920

how many more

2134

01:27:46,149 --> 01:27:42,159

do they have

2135

01:27:49,669 --> 01:27:46,159

now that's a question i never thought of

2136

01:27:51,510 --> 01:27:49,679

they tell the emperor you know we

2137

01:27:54,950 --> 01:27:51,520

maybe the americans have enough

2138

01:27:56,629 --> 01:27:54,960

plutonium for one moment

2139

01:27:57,590 --> 01:27:56,639

the battle

2140

01:27:59,430 --> 01:27:57,600

isn't

2141

01:28:02,149 --> 01:27:59,440

going to be at hiroshima i mean

2142

01:28:05,350 --> 01:28:02,159

hiroshima was not a strategic target

2143

01:28:09,270 --> 01:28:07,270

um

2144

01:28:12,229 --> 01:28:09,280

so

2145

01:28:13,910 --> 01:28:12,239

suppose i have one more bomb okay

2146

01:28:16,870 --> 01:28:13,920

the battle is going to be in the north

2147

01:28:19,510 --> 01:28:16,880

of japan that's where the japanese army

2148

01:28:21,750 --> 01:28:19,520

has been building fortifications

2149

01:28:24,310 --> 01:28:21,760

like the germans did in france in

2150

01:28:27,510 --> 01:28:24,320

normandy and i know you know i've seen

2151

01:28:28,709 --> 01:28:27,520

those fortifications right after the war

2152

01:28:30,390 --> 01:28:28,719

they were

2153

01:28:34,229 --> 01:28:30,400

extraordinary

2154

01:28:36,310 --> 01:28:34,239

with guns everywhere big big guns

2155

01:28:38,149 --> 01:28:36,320

and we know we know what happened at the

2156

01:28:40,229 --> 01:28:38,159

landing in normandy

2157

01:28:41,830 --> 01:28:40,239

the japanese have built the same thing

2158

01:28:45,270 --> 01:28:41,840

in the north of japan because they

2159

01:28:47,270 --> 01:28:45,280

expect an attack by the russians from

2160

01:28:50,709 --> 01:28:47,280

the north of japan

2161

01:28:53,510 --> 01:28:50,719

now far away from hiroshima and nagasaki

2162

01:28:54,790 --> 01:28:53,520

they've masked a million men in uniform

2163

01:28:57,110 --> 01:28:54,800

are waiting

2164

01:28:58,470 --> 01:28:57,120

for the russians

2165

01:28:59,830 --> 01:28:58,480

stalin

2166

01:29:02,950 --> 01:28:59,840

has been

2167

01:29:05,910 --> 01:29:02,960

has modernized his army with american

2168

01:29:07,910 --> 01:29:05,920

tanks american jeeps american cannons

2169

01:29:09,270 --> 01:29:07,920

that we gave him

2170

01:29:12,470 --> 01:29:09,280

after

2171

01:29:13,189 --> 01:29:12,480

you know the victory in berlin

2172

01:29:15,910 --> 01:29:13,199

the

2173

01:29:17,830 --> 01:29:15,920

russian army is done with germany and

2174

01:29:18,870 --> 01:29:17,840

there's nothing left in germany but

2175

01:29:21,590 --> 01:29:18,880

rubble

2176

01:29:23,669 --> 01:29:21,600

so the the ameri this the russian army

2177

01:29:27,669 --> 01:29:23,679

has been reorganized

2178

01:29:31,030 --> 01:29:27,679

resupplied by by the you know the west

2179

01:29:32,950 --> 01:29:31,040

and is sweeping through mongolia

2180

01:29:35,110 --> 01:29:32,960

sweeping from china

2181

01:29:36,790 --> 01:29:35,120

pushing the japanese back

2182

01:29:39,350 --> 01:29:36,800

to the island

2183

01:29:42,149 --> 01:29:39,360

ready to attack with a million men

2184

01:29:44,709 --> 01:29:42,159

rearmed resupplied

2185

01:29:47,350 --> 01:29:44,719

ready to attack japan from the north

2186

01:29:50,390 --> 01:29:47,360

then the american fleet of the pacific

2187

01:29:55,350 --> 01:29:51,270

with

2188

01:29:58,629 --> 01:29:56,950

what do you think is going to happen

2189

01:30:01,430 --> 01:29:58,639

where is the battle

2190

01:30:04,830 --> 01:30:01,440

i mean there is no battle at hiroshima

2191

01:30:07,350 --> 01:30:04,840

hiroshima was just just an ordinary

2192

01:30:08,470 --> 01:30:07,360

town the battle is going to be in the

2193

01:30:11,590 --> 01:30:08,480

north

2194

01:30:14,790 --> 01:30:11,600

that's what they tell the emperor

2195

01:30:15,910 --> 01:30:14,800

and yes we may die but we will die with

2196

01:30:19,510 --> 01:30:15,920

pride

2197

01:30:21,270 --> 01:30:19,520

and japan may disappear from the face up

2198

01:30:22,629 --> 01:30:21,280

here

2199

01:30:23,830 --> 01:30:22,639

proudly

2200

01:30:26,070 --> 01:30:23,840

in

2201

01:30:29,990 --> 01:30:26,080

a complete fight

2202

01:30:35,669 --> 01:30:33,030

the emperor says

2203

01:30:37,990 --> 01:30:35,679

gentlemen thank you very much for what

2204

01:30:39,270 --> 01:30:38,000

you've said

2205

01:30:42,390 --> 01:30:39,280

you should know

2206

01:30:45,510 --> 01:30:42,400

that i have sent an emissary to the

2207

01:30:49,990 --> 01:30:47,189

requesting

2208

01:30:52,470 --> 01:30:50,000

the rates of surrender

2209

01:30:56,950 --> 01:30:54,390

japan

2210

01:30:59,910 --> 01:30:56,960

i cannot allow

2211

01:31:06,550 --> 01:30:59,920

so many brave japanese to die

2212

01:31:11,910 --> 01:31:08,629

they there is nothing to say i mean the

2213

01:31:14,790 --> 01:31:11,920

emperor is the son of heaven

2214

01:31:17,590 --> 01:31:14,800

the emperor has spoken

2215

01:31:20,790 --> 01:31:17,600

i i always thought of the japanese

2216

01:31:24,629 --> 01:31:20,800

emperor as sort of a

2217

01:31:26,070 --> 01:31:24,639

you know a historical figure

2218

01:31:29,750 --> 01:31:26,080

that was

2219

01:31:32,229 --> 01:31:29,760

fascinating but was not very important

2220

01:31:35,430 --> 01:31:32,239

i completely missed

2221

01:31:36,470 --> 01:31:35,440

you know the significance of

2222

01:31:39,510 --> 01:31:36,480

uh

2223

01:31:40,950 --> 01:31:39,520

you know and the grand bear of japan as

2224

01:31:43,910 --> 01:31:40,960

an empire

2225

01:31:48,070 --> 01:31:43,920

you know up to that point and

2226

01:31:51,110 --> 01:31:48,080

the bravery and the intelligence and the

2227

01:31:54,070 --> 01:31:51,120

uh you know of of what this man

2228

01:31:56,870 --> 01:31:54,080

did again like truman he was one guy

2229

01:31:59,189 --> 01:31:56,880

okay very similar yeah he's

2230

01:32:00,709 --> 01:31:59,199

a civilian yeah

2231

01:32:03,590 --> 01:32:00,719

and the

2232

01:32:06,390 --> 01:32:03,600

the admiral of the fleet

2233

01:32:07,830 --> 01:32:06,400

gets up bows to the emperor

2234

01:32:10,950 --> 01:32:07,840

deeply

2235

01:32:14,790 --> 01:32:10,960

goes out of a room goes into his office

2236

01:32:17,350 --> 01:32:14,800

knocks the door and commits our caring

2237

01:32:19,830 --> 01:32:17,360

because he has no moral purpose for

2238

01:32:25,270 --> 01:32:21,350

two days later

2239

01:32:28,709 --> 01:32:25,280
on the deck of the uss missouri

2240

01:32:31,590 --> 01:32:28,719
the end voice of japan in in full

2241

01:32:32,709 --> 01:32:31,600
you know suits and so on

2242

01:32:34,709 --> 01:32:32,719
right

2243

01:32:37,430 --> 01:32:34,719
you know signed the document of

2244

01:32:38,390 --> 01:32:37,440
surrender with all the sailors american

2245

01:32:39,669 --> 01:32:38,400
sailors

2246

01:32:43,350 --> 01:32:39,679
in white

2247

01:32:47,350 --> 01:32:45,750
two days later

2248

01:32:49,430 --> 01:32:47,360
two little kids

2249

01:32:50,550 --> 01:32:49,440
in new mexico

2250

01:32:54,070 --> 01:32:50,560
witness

2251
01:32:55,110 --> 01:32:54,080
you know a very large oval

2252
01:32:56,070 --> 01:32:55,120
object

2253
01:32:57,990 --> 01:32:56,080
that

2254
01:33:00,550 --> 01:32:58,000
we still don't understand

2255
01:33:03,669 --> 01:33:00,560
crashing on their range

2256
01:33:05,830 --> 01:33:03,679
with three little creatures inside

2257
01:33:08,149 --> 01:33:05,840
well

2258
01:33:10,550 --> 01:33:08,159
okay i mean the historians have to take

2259
01:33:13,669 --> 01:33:10,560
it from there i mean i'm not a historian

2260
01:33:16,310 --> 01:33:13,679
i can't i i can

2261
01:33:18,390 --> 01:33:16,320
make the connection that i i think there

2262
01:33:21,350 --> 01:33:18,400
is a connection somewhere

2263
01:33:24,390 --> 01:33:21,360

again in the first few times when

2264

01:33:26,310 --> 01:33:24,400

i was called upon to tell that story i i

2265

01:33:28,709 --> 01:33:26,320

couldn't finish with story because i was

2266

01:33:31,350 --> 01:33:28,719

crying

2267

01:33:33,430 --> 01:33:31,360

well i have to thank you for sharing it

2268

01:33:35,830 --> 01:33:33,440

with a shock i mean it was very powerful

2269

01:33:38,310 --> 01:33:35,840

and again it just speaks volumes to

2270

01:33:39,510 --> 01:33:38,320

you know putting these ufo cases into

2271

01:33:41,830 --> 01:33:39,520

historical

2272

01:33:43,510 --> 01:33:41,840

perspective this is bigger than any one

2273

01:33:45,669 --> 01:33:43,520

case

2274

01:33:47,030 --> 01:33:45,679

absolutely yeah i think that's what's

2275

01:33:49,110 --> 01:33:47,040

most important

2276

01:33:51,669 --> 01:33:49,120

jacques listen you have given us way

2277

01:33:53,189 --> 01:33:51,679

more time than uh i could have ever

2278

01:33:56,070 --> 01:33:53,199

asked from you we'll have to have you

2279

01:33:57,750 --> 01:33:56,080

back to talk listener questions but um

2280

01:33:59,830 --> 01:33:57,760

are there any final words you want to

2281

01:34:01,910 --> 01:33:59,840

leave with our listeners and viewers

2282

01:34:04,950 --> 01:34:01,920

when it comes to where we're headed with

2283

01:34:06,390 --> 01:34:04,960

the entire ufo topic is there anything

2284

01:34:09,430 --> 01:34:06,400

you're really looking forward to in the

2285

01:34:11,510 --> 01:34:09,440

future of the study of this topic and uh

2286

01:34:13,750 --> 01:34:11,520

yeah yeah any last words you want to

2287

01:34:16,310 --> 01:34:13,760

leave us with i think we have to get

2288

01:34:20,149 --> 01:34:16,320

scientists involved and scientists are

2289

01:34:22,229 --> 01:34:20,159

getting involved we have to open up the

2290

01:34:25,510 --> 01:34:22,239

cases some

2291

01:34:28,229 --> 01:34:25,520

cases and some projects are legitimately

2292

01:34:30,470 --> 01:34:28,239

classified you know the database we

2293

01:34:32,470 --> 01:34:30,480

developed you know

2294

01:34:36,070 --> 01:34:32,480

under the bas project on the atic

2295

01:34:38,550 --> 01:34:36,080

project is still classified

2296

01:34:40,870 --> 01:34:38,560

i i think the database contains a lot of

2297

01:34:43,750 --> 01:34:40,880

information about medical details of

2298

01:34:46,390 --> 01:34:43,760

witnesses of families and so on that

2299

01:34:48,870 --> 01:34:46,400

should be protected so i have no problem

2300

01:34:51,030 --> 01:34:48,880

with the fact that that the database is

2301
01:34:52,790 --> 01:34:51,040
is is classified

2302
01:34:55,350 --> 01:34:52,800
there are things that

2303
01:34:57,990 --> 01:34:55,360
you know but we don't need that there is

2304
01:35:00,229 --> 01:34:58,000
so much other information that in many

2305
01:35:01,590 --> 01:35:00,239
cases is better than what the pentagon

2306
01:35:03,350 --> 01:35:01,600
has

2307
01:35:04,950 --> 01:35:03,360
so i think we should

2308
01:35:07,189 --> 01:35:04,960
enlist the

2309
01:35:10,070 --> 01:35:07,199
you know the power of science and go

2310
01:35:11,750 --> 01:35:10,080
forward with the data we

2311
01:35:13,110 --> 01:35:11,760
i love that i love that i couldn't think

2312
01:35:14,950 --> 01:35:13,120
of a better way

2313
01:35:17,430 --> 01:35:14,960

to end things shock i have to thank you

2314

01:35:19,510 --> 01:35:17,440

for your time for the invaluable work

2315

01:35:21,669 --> 01:35:19,520

you've contributed to this topic for so

2316

01:35:23,189 --> 01:35:21,679

long and uh i know it's only the

2317

01:35:25,430 --> 01:35:23,199

beginning i i feel like we're on the

2318

01:35:27,590 --> 01:35:25,440

precipice of of something big when it

2319

01:35:29,669 --> 01:35:27,600

comes to all of this and uh you are one

2320

01:35:31,510 --> 01:35:29,679

of the people we truly have to thank for

2321

01:35:33,590 --> 01:35:31,520

that so i want to thank you for coming

2322

01:35:36,690 --> 01:35:33,600

on somewhere in the skies today

2323

01:36:15,930 --> 01:35:36,700

thank you very much thank you

2324

01:36:17,620 --> 01:36:15,940
