00:00:33,950 --> 00:00:03,890
foreign

2
00:00:38,690 --> 00:00:35,930
hi Ryan and summer in the skies

3
00:00:42,229 --> 00:00:38,700
listeners thanks Ryan for giving me this

4
00:00:44,330 --> 00:00:42,239
opportunity to tell my story

5
00:00:47,569 --> 00:00:44,340
um my name's Jamie and I live on the

6
00:00:51,410 --> 00:00:47,579
Gold Coast Australia my sighting took

7
00:00:55,430 --> 00:00:51,420
place on the 14th of July 2021 at around

8
00:00:58,069 --> 00:00:55,440
5 10 p.m I just want to preface this by

9
00:00:59,389 --> 00:00:58,079
saying I've always believed in UFOs and

10
00:01:03,229 --> 00:00:59,399
aliens

11
00:01:06,230 --> 00:01:03,239
um and was fascinated by the topic but

12
00:01:08,149 --> 00:01:06,240
um I've never looked much into it so if

13
00:01:09,469 --> 00:01:08,159

someone said to me oh do you believe in

14

00:01:13,010 --> 00:01:09,479

aliens

15

00:01:15,050 --> 00:01:13,020

um I'd be like yeah for sure but I yeah

16

00:01:16,810 --> 00:01:15,060

never really looked much into the topic

17

00:01:19,730 --> 00:01:16,820

I thought that there was only ever

18

00:01:21,609 --> 00:01:19,740

saucer shaped craft I didn't realize

19

00:01:26,090 --> 00:01:21,619

that there was other shapes

20

00:01:29,270 --> 00:01:26,100

and yeah as a kid I grew up in a small

21

00:01:32,090 --> 00:01:29,280

country town in Australia like somewhat

22

00:01:35,690 --> 00:01:32,100

in the outback so there wasn't much to

23

00:01:38,390 --> 00:01:35,700

do apart from you know go camping

24

00:01:40,130 --> 00:01:38,400

um or you know if you're at a sleepover

25

00:01:42,710 --> 00:01:40,140

we'd just be out on the trampoline

26

00:01:46,370 --> 00:01:42,720

looking at the stars

27

00:01:49,910 --> 00:01:46,380

um so I've looked at the skies most of

28

00:01:52,910 --> 00:01:49,920

my life and I've never seen anything uh

29

00:01:57,530 --> 00:01:52,920

apart from your normal satellite going

30

00:02:00,410 --> 00:01:57,540

across until this day so it was a normal

31

00:02:04,789 --> 00:02:00,420

work day for me I work from home

32

00:02:06,410 --> 00:02:04,799

um and I finish at five o'clock so I was

33

00:02:10,850 --> 00:02:06,420

on my way

34

00:02:11,990 --> 00:02:10,860

to the supermarket to pick up some

35

00:02:14,390 --> 00:02:12,000

things

36

00:02:17,270 --> 00:02:14,400

as I left my driveway I was traveling

37

00:02:19,970 --> 00:02:17,280

Southeast and I seen something in the

38

00:02:21,830 --> 00:02:19,980

sky and I thought it was a blimp I was

39

00:02:24,650 --> 00:02:21,840

so excited when I seen this blimp

40

00:02:27,470 --> 00:02:24,660

because I hadn't seen a blimp since I

41

00:02:28,910 --> 00:02:27,480

was six years old and I just wanted to

42

00:02:32,030 --> 00:02:28,920

see

43

00:02:34,130 --> 00:02:32,040

um what company was advertising on the

44

00:02:36,290 --> 00:02:34,140

blimp I was thinking like oh my God like

45

00:02:39,290 --> 00:02:36,300

I haven't seen that for so long what a

46

00:02:42,410 --> 00:02:39,300

cool idea and in Australia at the time

47

00:02:45,170 --> 00:02:42,420

there was such a hard lockdown like we

48

00:02:47,170 --> 00:02:45,180

couldn't cross States so I live 10

49

00:02:51,110 --> 00:02:47,180

minutes from the New South Wales border

50

00:02:54,110 --> 00:02:51,120

and my family or anyone couldn't cross

51
00:02:57,470 --> 00:02:54,120
so at that time there was almost no

52
00:02:59,809 --> 00:02:57,480
flights into Queensland it was like

53
00:03:02,869 --> 00:02:59,819
I think to the airport closest to my

54
00:03:05,150 --> 00:03:02,879
house that on one day there might be

55
00:03:06,830 --> 00:03:05,160
like two flights a day or three flights

56
00:03:09,770 --> 00:03:06,840
a day or something like

57
00:03:11,930 --> 00:03:09,780
it was a hard lockdown so when I seen

58
00:03:14,089 --> 00:03:11,940
something in the sky it was so exciting

59
00:03:16,070 --> 00:03:14,099
and I was like yeah oh my God it's a

60
00:03:16,910 --> 00:03:16,080
blimp how cool

61
00:03:19,309 --> 00:03:16,920
um

62
00:03:21,130 --> 00:03:19,319
so I was traveling

63
00:03:24,170 --> 00:03:21,140

um yeah Southeast and I'm driving

64

00:03:27,830 --> 00:03:24,180

towards a highway

65

00:03:31,970 --> 00:03:27,840

um and I'm noticing the blimp in the sky

66

00:03:35,330 --> 00:03:31,980

is getting lower it's not moving in a

67

00:03:38,509 --> 00:03:35,340

forward or left right trajectory it's

68

00:03:40,250 --> 00:03:38,519

just descending from the sky so I don't

69

00:03:42,170 --> 00:03:40,260

actually know how blimps move I don't

70

00:03:44,210 --> 00:03:42,180

even know if that is possible but that's

71

00:03:46,309 --> 00:03:44,220

what I was seeing so I didn't really

72

00:03:48,890 --> 00:03:46,319

think too much of it as I'm getting

73

00:03:53,690 --> 00:03:48,900

closer to the highway I'm almost

74

00:03:55,850 --> 00:03:53,700

directly underneath this blimp now but I

75

00:03:57,289 --> 00:03:55,860

realize it's not a blimp and it's a

76

00:04:00,350 --> 00:03:57,299

triangular shape

77

00:04:01,550 --> 00:04:00,360

is no distinct wings or anything like

78

00:04:05,089 --> 00:04:01,560

that it's

79

00:04:07,550 --> 00:04:05,099

I would say probably 10 stories up in my

80

00:04:09,649 --> 00:04:07,560

mind I'm thinking it's actually a lot

81

00:04:13,550 --> 00:04:09,659

lower than that but I know that

82

00:04:15,649 --> 00:04:13,560

potentially I'm over exaggerating the

83

00:04:17,870 --> 00:04:15,659

height in my head thinking oh my God it

84

00:04:20,449 --> 00:04:17,880

was so close but it was maybe about 10

85

00:04:23,270 --> 00:04:20,459

stories high and

86

00:04:26,990 --> 00:04:23,280

um it was quite large I would say it was

87

00:04:28,969 --> 00:04:27,000

the size easy of like a 747 or something

88

00:04:33,590 --> 00:04:28,979

like that

89

00:04:36,590 --> 00:04:33,600

um so it was this triangular black

90

00:04:39,710 --> 00:04:36,600

craft and it had

91

00:04:42,230 --> 00:04:39,720

three lights on each

92

00:04:45,710 --> 00:04:42,240

um Point uh and the lights were round

93

00:04:49,070 --> 00:04:45,720

and they were like a bluish white color

94

00:04:52,430 --> 00:04:49,080

I was freaking out my mind was going a

95

00:04:54,830 --> 00:04:52,440

million miles an hour because to me I'm

96

00:04:56,510 --> 00:04:54,840

just thinking like what is this this

97

00:05:00,350 --> 00:04:56,520

isn't a plane I work in the tourism

98

00:05:04,010 --> 00:05:00,360

industry I've traveled a lot I kind of

99

00:05:06,710 --> 00:05:04,020

have a rough idea of what planes are and

100

00:05:10,610 --> 00:05:06,720

kind of what they look like so I was

101
00:05:13,969 --> 00:05:10,620
like this is not a plane what is this

102
00:05:16,969 --> 00:05:13,979
and I'm still driving at this stage and

103
00:05:18,830 --> 00:05:16,979
this thing's traveling well it's not

104
00:05:21,170 --> 00:05:18,840
traveling it's at a complete standstill

105
00:05:25,010 --> 00:05:21,180
above the highway

106
00:05:28,670 --> 00:05:25,020
um pointing South towards Byron Bay and

107
00:05:31,010 --> 00:05:28,680
at 5 10 in the afternoon it on this

108
00:05:33,590 --> 00:05:31,020
particular Highway it is bumper to

109
00:05:36,170 --> 00:05:33,600
bumper it is packed

110
00:05:38,689 --> 00:05:36,180
um so I was thinking oh my God

111
00:05:41,510 --> 00:05:38,699
everyone's seeing this like what is this

112
00:05:43,550 --> 00:05:41,520
thing I was trying to call I couldn't

113
00:05:45,290 --> 00:05:43,560

get to my phone

114

00:05:46,909 --> 00:05:45,300

um I was driving like I didn't have my

115

00:05:48,529 --> 00:05:46,919

phone in my hand but through the

116

00:05:49,730 --> 00:05:48,539

Bluetooth in my car I was trying to call

117

00:05:52,070 --> 00:05:49,740

my

118

00:05:54,590 --> 00:05:52,080

partner and

119

00:05:57,770 --> 00:05:54,600

um I knew that this thing was too low

120

00:05:59,749 --> 00:05:57,780

for him to see from our house but I was

121

00:06:01,610 --> 00:05:59,759

still trying to call him telling him to

122

00:06:05,029 --> 00:06:01,620

get outside get outside and look up like

123

00:06:07,790 --> 00:06:05,039

you might be able to see what I'm seeing

124

00:06:10,909 --> 00:06:07,800

um so I get over the this thing also

125

00:06:12,529 --> 00:06:10,919

might I add no sound this is the other

126
00:06:14,450 --> 00:06:12,539
thing that was freaking me out because I

127
00:06:16,909 --> 00:06:14,460
was like one I was like a plane can't

128
00:06:21,469 --> 00:06:16,919
fly this low

129
00:06:24,170 --> 00:06:21,479
over the highway it can't if this thing

130
00:06:27,050 --> 00:06:24,180
isn't making any sound and

131
00:06:29,450 --> 00:06:27,060
it's not moving a plane can't it would

132
00:06:31,129 --> 00:06:29,460
fall out of the sky it can't just stay

133
00:06:32,510 --> 00:06:31,139
there like that so

134
00:06:36,290 --> 00:06:32,520
anyways

135
00:06:39,529 --> 00:06:36,300
I drive I take my exit 87 and I

136
00:06:41,510 --> 00:06:39,539
um cross over the highway and I look

137
00:06:45,469 --> 00:06:41,520
back in my review mirror and this

138
00:06:47,510 --> 00:06:45,479

thing's gone like there was no it was

139

00:06:50,090 --> 00:06:47,520

just completely gone I didn't see it

140

00:06:52,850 --> 00:06:50,100

take off and then I was thinking like

141

00:06:56,390 --> 00:06:52,860

how did that thing disappear like

142

00:06:58,670 --> 00:06:56,400

surely I would have heard a boom or

143

00:06:59,990 --> 00:06:58,680

something for it just to shoot off like

144

00:07:03,890 --> 00:07:00,000

that but

145

00:07:09,230 --> 00:07:03,900

um I heard absolutely nothing

146

00:07:11,749 --> 00:07:09,240

so following that I got to the

147

00:07:14,570 --> 00:07:11,759

supermarket and I caught I tried calling

148

00:07:16,790 --> 00:07:14,580

my sister who I knew she's had an

149

00:07:18,710 --> 00:07:16,800

experience before

150

00:07:22,430 --> 00:07:18,720

and I was thinking like if this thing

151
00:07:24,650 --> 00:07:22,440
was a UFO thinking in my head can can a

152
00:07:27,650 --> 00:07:24,660
UFO be a triangle shape

153
00:07:29,570 --> 00:07:27,660
um I wasn't quite sure but I I knew that

154
00:07:32,510 --> 00:07:29,580
this thing wasn't a plane and I couldn't

155
00:07:34,969 --> 00:07:32,520
I didn't know what it was but in my head

156
00:07:37,610 --> 00:07:34,979
I was like I think that was the UFO

157
00:07:40,790 --> 00:07:37,620
so yeah I tried calling my sister she

158
00:07:42,950 --> 00:07:40,800
didn't answer so I text her and

159
00:07:45,409 --> 00:07:42,960
um then when I got home I told my

160
00:07:47,330 --> 00:07:45,419
partner and for so long those were the

161
00:07:49,670 --> 00:07:47,340
only two people that I ever told because

162
00:07:51,890 --> 00:07:49,680
I was thinking no one is going to

163
00:07:54,469 --> 00:07:51,900

believe

164

00:07:56,029 --> 00:07:54,479

um me that I seen the UFO

165

00:07:59,330 --> 00:07:56,039

um but since then I've been able to

166

00:08:01,610 --> 00:07:59,340

share my story with work friends and

167

00:08:03,529 --> 00:08:01,620

um yeah some other close friends and

168

00:08:04,670 --> 00:08:03,539

everyone actually believed me whether

169

00:08:07,730 --> 00:08:04,680

they've

170

00:08:09,230 --> 00:08:07,740

seen it seen the UFO or not they're all

171

00:08:12,230 --> 00:08:09,240

just like kind of intrigued with my

172

00:08:15,409 --> 00:08:12,240

story so for months after that almost

173

00:08:18,650 --> 00:08:15,419

every day I was searching

174

00:08:20,710 --> 00:08:18,660

um the news and like Facebook thinking

175

00:08:23,869 --> 00:08:20,720

someone would have reported this someone

176
00:08:26,150 --> 00:08:23,879
would have seen exactly what I seen it's

177
00:08:29,570 --> 00:08:26,160
a busy day over the highway this thing

178
00:08:31,550 --> 00:08:29,580
is so low but never I've never heard

179
00:08:36,290 --> 00:08:31,560
anyone report it

180
00:08:38,870 --> 00:08:36,300
um I've never yeah seen anything of it

181
00:08:40,969 --> 00:08:38,880
and yeah so after that it kind of

182
00:08:42,170 --> 00:08:40,979
sparked my interest in UFOs and then I

183
00:08:43,610 --> 00:08:42,180
seen that

184
00:08:47,050 --> 00:08:43,620
through documentaries and different

185
00:08:51,050 --> 00:08:47,060
things that are triangular crafts and

186
00:08:53,389 --> 00:08:51,060
listening to Ryan's podcasts recently

187
00:08:55,550 --> 00:08:53,399
the triangles episode I was like yes

188
00:08:57,170 --> 00:08:55,560

that's what I saw I never saw the red

189

00:08:59,269 --> 00:08:57,180

light in the middle

190

00:09:02,110 --> 00:08:59,279

um the one that I saw it wasn't

191

00:09:06,290 --> 00:09:02,120

illuminated or I just didn't have one

192

00:09:10,790 --> 00:09:06,300

but yeah it was an absolutely crazy

193

00:09:14,930 --> 00:09:10,800

experience yeah so I guess how it's

194

00:09:17,810 --> 00:09:14,940

changed my life is that now I fully am

195

00:09:20,030 --> 00:09:17,820

involved in the topic like I love

196

00:09:22,910 --> 00:09:20,040

listening to the podcast and reading

197

00:09:23,990 --> 00:09:22,920

books and watching docos and all those

198

00:09:27,470 --> 00:09:24,000

different things

199

00:09:30,050 --> 00:09:27,480

yeah so I guess I'll constantly be

200

00:09:31,790 --> 00:09:30,060

looking up now to

201
00:09:34,070 --> 00:09:31,800
you know in the hopes to see the next

202
00:09:38,509 --> 00:09:34,080
one but thank you Ryan for letting me

203
00:09:43,070 --> 00:09:41,269
hi Ryan and uh somewhere in this guy's

204
00:09:45,590 --> 00:09:43,080
podcast listeners

205
00:09:48,470 --> 00:09:45,600
um my name's Jeff and uh I'm originally

206
00:09:49,970 --> 00:09:48,480
from Massachusetts but I live in Ireland

207
00:09:53,290 --> 00:09:49,980
on the East Coast

208
00:09:55,670 --> 00:09:53,300
I've always been interested in

209
00:09:58,430 --> 00:09:55,680
UFOs you know

210
00:10:00,410 --> 00:09:58,440
alien science fiction you know what

211
00:10:03,530 --> 00:10:00,420
since I was a kid

212
00:10:05,810 --> 00:10:03,540
but I never never really

213
00:10:07,130 --> 00:10:05,820

um I never saw anything in the sky or

214

00:10:10,190 --> 00:10:07,140

anything that couldn't be explained away

215

00:10:11,990 --> 00:10:10,200

as you know a plane or a helicopter

216

00:10:15,470 --> 00:10:12,000

something that was you know

217

00:10:16,329 --> 00:10:15,480

easily explained away that was until

218

00:10:18,170 --> 00:10:16,339

um

219

00:10:21,170 --> 00:10:18,180

2011

220

00:10:23,590 --> 00:10:21,180

um we were was a summer time and we are

221

00:10:26,690 --> 00:10:23,600

walking home in the evening

222

00:10:29,930 --> 00:10:26,700

uh from the playground just probably

223

00:10:33,730 --> 00:10:29,940

around seven o'clock I would guess

224

00:10:36,650 --> 00:10:33,740

between 6 30 7 30 and um

225

00:10:39,470 --> 00:10:36,660

we were walking on the road that you

226

00:10:41,570 --> 00:10:39,480

overlooking the Irish sea so yeah we're

227

00:10:43,790 --> 00:10:41,580

walking along and it was myself my wife

228

00:10:45,590 --> 00:10:43,800

our daughter who was two at the time and

229

00:10:48,170 --> 00:10:45,600

our neighbors and their kids and I

230

00:10:52,009 --> 00:10:48,180

remember I just looked up at the sky and

231

00:10:56,090 --> 00:10:52,019

I saw this orange ball

232

00:10:58,009 --> 00:10:56,100

and um it looked like it was emanating

233

00:11:00,769 --> 00:10:58,019

from you could see that there was like a

234

00:11:03,650 --> 00:11:00,779

black shape almost like I'll describe

235

00:11:05,870 --> 00:11:03,660

like like the top of a bell

236

00:11:07,670 --> 00:11:05,880

or just some kind of there was some kind

237

00:11:09,230 --> 00:11:07,680

of structure on top of it that it seemed

238

00:11:10,550 --> 00:11:09,240

to be emanating from but it was like an

239

00:11:13,610 --> 00:11:10,560

orange ball

240

00:11:15,590 --> 00:11:13,620

and when you're looking at it

241

00:11:17,630 --> 00:11:15,600

it was shimmering as if you were looking

242

00:11:18,889 --> 00:11:17,640

at it through Heat

243

00:11:22,069 --> 00:11:18,899

you know like when you're looking down

244

00:11:23,930 --> 00:11:22,079

the highway like long road and it's hot

245

00:11:26,150 --> 00:11:23,940

out and you can see the heat shimmering

246

00:11:28,610 --> 00:11:26,160

off the road it like was like that but

247

00:11:29,990 --> 00:11:28,620

looking at it and it was shimmering like

248

00:11:32,930 --> 00:11:30,000

I was looking at it through heat sorry

249

00:11:35,150 --> 00:11:32,940

if I repeat myself but um I couldn't

250

00:11:38,990 --> 00:11:35,160

tell you what altitude it was

251

00:11:41,630 --> 00:11:39,000

um it was high but it wasn't it wasn't

252

00:11:45,230 --> 00:11:41,640

super high I don't know maybe a thousand

253

00:11:46,850 --> 00:11:45,240

feet it's it's hard to know but it was I

254

00:11:48,710 --> 00:11:46,860

just remember seeing it and just the

255

00:11:51,350 --> 00:11:48,720

first time I thought that's that's

256

00:11:54,170 --> 00:11:51,360

that's something strange that's what is

257

00:11:56,269 --> 00:11:54,180

that and I remember I tapped my friend

258

00:11:57,769 --> 00:11:56,279

and I said look at that what's up I'm

259

00:11:59,810 --> 00:11:57,779

this guy and I remember history I'm

260

00:12:02,150 --> 00:11:59,820

noting his reaction was weird he kind of

261

00:12:04,250 --> 00:12:02,160

got freaked out and was like oh it's

262

00:12:05,930 --> 00:12:04,260

it's nothing it's a helicopter and like

263

00:12:08,630 --> 00:12:05,940

Turned they didn't want to look at it

264

00:12:11,509 --> 00:12:08,640

which was I thought was a weird weird

265

00:12:13,610 --> 00:12:11,519

um reaction and uh

266

00:12:15,410 --> 00:12:13,620

the wives were having a conversation and

267

00:12:17,090 --> 00:12:15,420

tending to the kids so they really

268

00:12:19,670 --> 00:12:17,100

weren't looking at it so but I kept

269

00:12:21,889 --> 00:12:19,680

looking at it up in the sky and uh just

270

00:12:24,290 --> 00:12:21,899

thinking that's that's that's not

271

00:12:26,930 --> 00:12:24,300

something that's not a helicopter it's

272

00:12:28,550 --> 00:12:26,940

it's and then all of a sudden the the

273

00:12:31,430 --> 00:12:28,560

the

274

00:12:35,269 --> 00:12:31,440

as if somebody turned a light switch it

275

00:12:37,850 --> 00:12:35,279

it disappeared like it was just gone it

276

00:12:40,430 --> 00:12:37,860

was there was no trace of it at all and

277

00:12:42,170 --> 00:12:40,440

I just thought that was really weird it

278

00:12:43,670 --> 00:12:42,180

was I've never quite seen anything like

279

00:12:44,810 --> 00:12:43,680

that before in my life

280

00:12:45,410 --> 00:12:44,820

so

281

00:12:48,050 --> 00:12:45,420

um

282

00:12:52,250 --> 00:12:48,060

but then I saw it again uh two days

283

00:12:55,550 --> 00:12:52,260

later I was driving this time it was the

284

00:12:57,949 --> 00:12:55,560

afternoon evening Sorry probably around

285

00:12:59,509 --> 00:12:57,959

I'd say maybe 6 30 or something I just

286

00:13:01,670 --> 00:12:59,519

collected my daughter from Child Care

287

00:13:03,370 --> 00:13:01,680

daycare and I was driving back and I was

288

00:13:07,430 --> 00:13:03,380

about to turn into our housing estate

289

00:13:09,170 --> 00:13:07,440

when uh above the road again there was

290

00:13:12,290 --> 00:13:09,180

the same thing from a different angle

291

00:13:15,350 --> 00:13:12,300

but the same thing it was an orange ball

292

00:13:17,210 --> 00:13:15,360

at glowing orange ball of light would

293

00:13:19,310 --> 00:13:17,220

like which looked like it was emanating

294

00:13:21,889 --> 00:13:19,320

from the bottom of something which like

295

00:13:24,769 --> 00:13:21,899

black almost it's like again like I'd

296

00:13:27,170 --> 00:13:24,779

say like a bell and um

297

00:13:32,569 --> 00:13:27,180

so I stopped my car and I pulled over

298

00:13:34,490 --> 00:13:32,579

and I was looking at it and same thing

299

00:13:36,949 --> 00:13:34,500

within I don't know could have been

300

00:13:40,310 --> 00:13:36,959

seconds not very long as if someone

301
00:13:42,230 --> 00:13:40,320
turned a light switch it just vanished

302
00:13:44,110 --> 00:13:42,240
and there was nothing there

303
00:13:46,910 --> 00:13:44,120
and uh

304
00:13:49,850 --> 00:13:46,920
yeah it was just my daughter was only

305
00:13:52,069 --> 00:13:49,860
two so she really doesn't remember it at

306
00:13:55,430 --> 00:13:54,290
but I just I just was left with the

307
00:13:57,910 --> 00:13:55,440
feeling like there's something that

308
00:14:00,410 --> 00:13:57,920
that's something more that was something

309
00:14:01,310 --> 00:14:00,420
different that I saw on this guy it was

310
00:14:03,710 --> 00:14:01,320
something

311
00:14:06,590 --> 00:14:03,720
not of this world I I don't know I'd

312
00:14:09,350 --> 00:14:06,600
like to think it it was but like I I am

313
00:14:11,990 --> 00:14:09,360

very I I want to believe but I'm very

314

00:14:13,910 --> 00:14:12,000

skeptical about things and but this one

315

00:14:16,550 --> 00:14:13,920

was just this one's hard to shake that

316

00:14:18,949 --> 00:14:16,560

was that I saw it twice and it just and

317

00:14:21,230 --> 00:14:18,959

the way it just vanished now I've seen

318

00:14:23,329 --> 00:14:21,240

you know things like you know Chinese

319

00:14:25,910 --> 00:14:23,339

lanterns in the sky and stuff like that

320

00:14:27,110 --> 00:14:25,920

and I was in Porto and Portugal and they

321

00:14:28,550 --> 00:14:27,120

did this whole thing where they lit

322

00:14:30,769 --> 00:14:28,560

lanterns like that and put them in the

323

00:14:33,470 --> 00:14:30,779

sky and this didn't look like any

324

00:14:35,509 --> 00:14:33,480

Chinese lantern this was just like a

325

00:14:37,790 --> 00:14:35,519

glowing orange ball

326

00:14:39,230 --> 00:14:37,800

and like I said and it was shimmering

327

00:14:42,650 --> 00:14:39,240

like you're looking at from through heat

328

00:14:44,810 --> 00:14:42,660

and in I don't need like a year ago I

329

00:14:47,810 --> 00:14:44,820

remember I was talking to a friend here

330

00:14:49,250 --> 00:14:47,820

who was into UFOs as well but he was

331

00:14:50,990 --> 00:14:49,260

telling me that

332

00:14:53,210 --> 00:14:51,000

because I described it to him and he

333

00:14:54,350 --> 00:14:53,220

said that you he he said like oh the

334

00:14:55,910 --> 00:14:54,360

shimmering thing that sounds like

335

00:14:58,790 --> 00:14:55,920

something he had read on Reddit or

336

00:15:00,650 --> 00:14:58,800

something where some theory that at a

337

00:15:01,850 --> 00:15:00,660

certain time in a day maybe they have

338

00:15:04,069 --> 00:15:01,860

some kind of

339

00:15:05,810 --> 00:15:04,079

they have a cloaking device and and at

340

00:15:07,610 --> 00:15:05,820

the certain time in a day when the light

341

00:15:09,769 --> 00:15:07,620

is changing or something like that that

342

00:15:12,170 --> 00:15:09,779

they they can't adjust or something like

343

00:15:13,430 --> 00:15:12,180

that so like you kind of get a glimpse

344

00:15:15,410 --> 00:15:13,440

of them and the shimmering as you're

345

00:15:17,569 --> 00:15:15,420

looking through the cloaking device

346

00:15:19,069 --> 00:15:17,579

I don't know like that's just what he

347

00:15:20,389 --> 00:15:19,079

said he had read but that was

348

00:15:22,129 --> 00:15:20,399

interesting that he said that to me

349

00:15:24,769 --> 00:15:22,139

after when I because I just thought it

350

00:15:27,350 --> 00:15:24,779

was just that she that it was didn't

351
00:15:30,949 --> 00:15:27,360
know that it was shimmering sorry and um

352
00:15:33,710 --> 00:15:30,959
I actually went on YouTube and Googled

353
00:15:35,810 --> 00:15:33,720
like UFOs in Ireland and I found one

354
00:15:37,850 --> 00:15:35,820
video which sadly I don't know where

355
00:15:40,069 --> 00:15:37,860
it's gone it's no longer there but

356
00:15:42,050 --> 00:15:40,079
somebody in a in a house in the country

357
00:15:43,910 --> 00:15:42,060
in Ireland had went out at the went out

358
00:15:45,590 --> 00:15:43,920
their front door and filmed and it was

359
00:15:48,650 --> 00:15:45,600
exactly with their phone and

360
00:15:51,230 --> 00:15:48,660
unfortunately this is 2011 so it was not

361
00:15:54,170 --> 00:15:51,240
a great footage but it was definitely

362
00:15:56,569 --> 00:15:54,180
the thing I saw in the sky anyway so the

363
00:15:59,449 --> 00:15:56,579

orange same orange ball looking like

364

00:16:01,310 --> 00:15:59,459

emanating from a black structure and um

365

00:16:03,290 --> 00:16:01,320

it's hard to see if it was shimmering on

366

00:16:05,030 --> 00:16:03,300

the phone but it was without a doubt

367

00:16:06,530 --> 00:16:05,040

what I saw and like I said when I saw

368

00:16:08,509 --> 00:16:06,540

this thing it wasn't moving through the

369

00:16:13,069 --> 00:16:08,519

sky it wasn't flying it was just like

370

00:16:16,790 --> 00:16:13,079

there no sound nothing and then just

371

00:16:19,610 --> 00:16:16,800

like a light gun so it's just like I

372

00:16:21,290 --> 00:16:19,620

said I'm left with wanting more I guess

373

00:16:24,350 --> 00:16:21,300

you know because I know I saw something

374

00:16:26,569 --> 00:16:24,360

that is hard to uh it's hard to explain

375

00:16:28,490 --> 00:16:26,579

away it can't be explained away it was

376

00:16:30,710 --> 00:16:28,500

not there was no sound it was wasn't

377

00:16:33,230 --> 00:16:30,720

anything human you know it wasn't

378

00:16:34,730 --> 00:16:33,240

anything aircraft of any kind that I

379

00:16:37,850 --> 00:16:34,740

that I know of

380

00:16:40,009 --> 00:16:37,860

so it's just uh yeah just left me

381

00:16:40,790 --> 00:16:40,019

feeling that there is something more out

382

00:16:44,449 --> 00:16:40,800

there

383

00:16:46,550 --> 00:16:44,459

but um I don't quite know don't have any

384

00:16:49,129 --> 00:16:46,560

confirmation what it was but anyway

385

00:16:51,350 --> 00:16:49,139

that's my story I hope that's good and

386

00:16:53,449 --> 00:16:51,360

uh thank you for giving me a chance to

387

00:16:58,490 --> 00:16:53,459

428

00:18:59,270 --> 00:18:56,870

hi Ryan thanks for having me on some

429

00:19:01,190 --> 00:18:59,280

Skies my name is Ben I'm from Ireland

430

00:19:02,930 --> 00:19:01,200

I've had a number of weird encounters

431

00:19:05,150 --> 00:19:02,940

and sightings since I was a kid reading

432

00:19:07,610 --> 00:19:05,160

about it they already started back up

433

00:19:09,590 --> 00:19:07,620

again since early last year

434

00:19:11,990 --> 00:19:09,600

and I don't really know what to make of

435

00:19:14,270 --> 00:19:12,000

any but it's all very strange but I just

436

00:19:17,210 --> 00:19:14,280

wanted to start talking about it so I

437

00:19:19,370 --> 00:19:17,220

live at the foot of Montpelier Hill in

438

00:19:21,289 --> 00:19:19,380

Dublin where you can look up the hill

439

00:19:22,850 --> 00:19:21,299

and you can see the old hellfire club

440

00:19:25,909 --> 00:19:22,860

room at the top of it

441

00:19:28,370 --> 00:19:25,919

and to my North is the Irish Air Force

442

00:19:29,930 --> 00:19:28,380

is based the case with air drone

443

00:19:31,909 --> 00:19:29,940

and we're kind of in a flight path

444

00:19:33,710 --> 00:19:31,919

essentially we get the Irish Air Forces

445

00:19:36,529 --> 00:19:33,720

pc9s flying over we got all the

446

00:19:39,289 --> 00:19:36,539

passenger Jets and helicopters and

447

00:19:41,930 --> 00:19:39,299

the the Coast Guard as well they go over

448

00:19:43,669 --> 00:19:41,940

so my first reason sighting is in April

449

00:19:46,430 --> 00:19:43,679

2021

450

00:19:48,529 --> 00:19:46,440

it's the family's all in the house where

451
00:19:50,990 --> 00:19:48,539
we've got a family event though and I

452
00:19:53,090 --> 00:19:51,000
end up volunteered to go to the shelf so

453
00:19:55,250 --> 00:19:53,100
I get my right my stuff ready put my

454
00:19:57,169 --> 00:19:55,260
headphones in then I start walking

455
00:19:58,490 --> 00:19:57,179
and I'm coming through the estate I'm

456
00:20:00,470 --> 00:19:58,500
kind of in the middle

457
00:20:02,029 --> 00:20:00,480
and I look open there's this plane and I

458
00:20:04,610 --> 00:20:02,039
can hear it through my headphones so I

459
00:20:07,010 --> 00:20:04,620
kind of Pop the headphones out

460
00:20:08,510 --> 00:20:07,020
um this plane is really low over the

461
00:20:10,490 --> 00:20:08,520
estate like too low for what it should

462
00:20:13,010 --> 00:20:10,500
be really

463
00:20:14,990 --> 00:20:13,020

um and it's it's turning

464

00:20:16,730 --> 00:20:15,000

um it's not banged it's just kind of

465

00:20:17,810 --> 00:20:16,740

it's like it's a full y'all trying to

466

00:20:20,630 --> 00:20:17,820

turn

467

00:20:24,590 --> 00:20:22,669

um so I'm watching her I'm watching it

468

00:20:27,590 --> 00:20:24,600

coming out of the estate fly over and

469

00:20:28,669 --> 00:20:27,600

fly off and just find that weird but if

470

00:20:30,590 --> 00:20:28,679

it doesn't watch it I can see the flight

471

00:20:32,450 --> 00:20:30,600

path it's designed to take is going

472

00:20:34,850 --> 00:20:32,460

towards this red star off at the

473

00:20:38,810 --> 00:20:34,860

distance this is really bright red star

474

00:20:40,130 --> 00:20:38,820

it's quite low down on the horizon and I

475

00:20:43,010 --> 00:20:40,140

just keep watching I'm walking through

476

00:20:45,590 --> 00:20:43,020

the estate and it's just weird to me

477

00:20:47,690 --> 00:20:45,600

so it's it's just for reference this guy

478

00:20:50,330 --> 00:20:47,700

is fairly Bright Like It's Not Dark Yet

479

00:20:52,370 --> 00:20:50,340

it's gonna be but it's like this is a

480

00:20:53,870 --> 00:20:52,380

bright star for what it's

481

00:20:55,430 --> 00:20:53,880

so I keep watching that I keep watching

482

00:20:57,750 --> 00:20:55,440

this playing flying further and further

483

00:20:58,970 --> 00:20:57,760

further I'm sort of thought

484

00:21:02,150 --> 00:20:58,980

[Music]

485

00:21:05,090 --> 00:21:02,160

it's still not worth the star though but

486

00:21:07,130 --> 00:21:05,100

um I start where I'm walking the house

487

00:21:09,409 --> 00:21:07,140

is stuck in my the way of my view and I

488

00:21:13,370 --> 00:21:09,419

have to go into the shop so if I go in

489

00:21:15,470 --> 00:21:13,380

and I grab my stuff like I would

490

00:21:17,090 --> 00:21:15,480

and as I walk out of the shop and head

491

00:21:19,130 --> 00:21:17,100

to the Estates and get a view again of

492

00:21:22,549 --> 00:21:19,140

where it was I'm looking for that star

493

00:21:24,590 --> 00:21:22,559

and that star is gone that that red star

494

00:21:27,529 --> 00:21:24,600

that was so bright it's now darker again

495

00:21:29,090 --> 00:21:27,539

but the star should be even brighter but

496

00:21:31,549 --> 00:21:29,100

it's just completely gone

497

00:21:33,409 --> 00:21:31,559

so I'm I'm weird there with this and I

498

00:21:35,930 --> 00:21:33,419

just start walking home I'm gonna go

499

00:21:37,370 --> 00:21:35,940

okay no no problem then let's just go

500

00:21:40,190 --> 00:21:37,380

home

501
00:21:41,390 --> 00:21:40,200
I kind of I get to my driveway and I'm

502
00:21:42,770 --> 00:21:41,400
glancing at the mountain and I'm

503
00:21:45,409 --> 00:21:42,780
glancing back at the spot where that

504
00:21:46,730 --> 00:21:45,419
stair was the whole time

505
00:21:49,370 --> 00:21:46,740
and then when I look at the mountain

506
00:21:52,430 --> 00:21:49,380
itself there's these two white lights

507
00:21:53,990 --> 00:21:52,440
over and like

508
00:21:55,789 --> 00:21:54,000
the right amount of it was that what

509
00:21:58,490 --> 00:21:55,799
it's on it's not that common but there's

510
00:22:00,049 --> 00:21:58,500
farms and there's no roads and there's

511
00:22:02,390 --> 00:22:00,059
paths and stuff people sometimes just be

512
00:22:03,890 --> 00:22:02,400
up there with headlights and torches and

513
00:22:05,450 --> 00:22:03,900

stuff

514

00:22:06,890 --> 00:22:05,460

but I'm watching these two little lights

515

00:22:09,529 --> 00:22:06,900

down there they're kind of finding each

516

00:22:11,450 --> 00:22:09,539

other side by side and they go up and

517

00:22:14,210 --> 00:22:11,460

they just kind of move over and back

518

00:22:18,409 --> 00:22:16,070

and they're high enough up over the

519

00:22:19,909 --> 00:22:18,419

trees like they're not in the tree line

520

00:22:23,630 --> 00:22:19,919

anymore I thought they were lights on

521

00:22:28,490 --> 00:22:25,370

and at the time I thought it was drones

522

00:22:30,289 --> 00:22:28,500

like two drones flying together but

523

00:22:31,669 --> 00:22:30,299

it just doesn't really make a ton of

524

00:22:33,830 --> 00:22:31,679

sense to me when I consider the other

525

00:22:36,830 --> 00:22:33,840

things that happen after

526

00:22:38,270 --> 00:22:36,840

and that are including that playing as

527

00:22:42,350 --> 00:22:38,280

well I think that plane's related to

528

00:22:44,750 --> 00:22:42,360

stuff after but um yeah so my second

529

00:22:48,350 --> 00:22:44,760

encounter is in December the start of

530

00:22:49,190 --> 00:22:48,360

December that year

531

00:22:50,750 --> 00:22:49,200

um

532

00:22:53,450 --> 00:22:50,760

I'm coming back home it's really late

533

00:22:55,730 --> 00:22:53,460

like it's like half 11 or 12.

534

00:22:57,409 --> 00:22:55,740

and I'm walking through the Estates and

535

00:22:58,490 --> 00:22:57,419

as I'm walking I kind of look over at

536

00:23:04,490 --> 00:22:58,500

the mountain

537

00:23:07,730 --> 00:23:04,500

there's those two white lights again

538

00:23:09,169 --> 00:23:07,740

I'm just kind of watching oh there there

539

00:23:12,710 --> 00:23:09,179

again they've come back over in the same

540

00:23:14,750 --> 00:23:12,720

kind of shape and Sciences before

541

00:23:16,669 --> 00:23:14,760

and as I'm watching there's more of them

542

00:23:18,590 --> 00:23:16,679

this time there's like

543

00:23:19,730 --> 00:23:18,600

three different objects distinct pop

544

00:23:21,590 --> 00:23:19,740

charts

545

00:23:23,210 --> 00:23:21,600

with these two pairs of white lights and

546

00:23:24,590 --> 00:23:23,220

one of them has a little flashing red

547

00:23:27,890 --> 00:23:24,600

light in the middle that kind of flashes

548

00:23:29,510 --> 00:23:27,900

a weird intervals

549

00:23:30,890 --> 00:23:29,520

I'm watching this I'm standing in my

550

00:23:35,149 --> 00:23:30,900

driveway like like an idiot just

551

00:23:39,049 --> 00:23:36,649

um these things are kind of flying off

552

00:23:42,289 --> 00:23:39,059

when they're going around and over them

553

00:23:44,029 --> 00:23:42,299

like if something guess like they're

554

00:23:46,070 --> 00:23:44,039

if they're over the mountain where the

555

00:23:48,830 --> 00:23:46,080

the hellfire club itself is these things

556

00:23:51,529 --> 00:23:48,840

are like car sites truck side is nerdy

557

00:23:53,690 --> 00:23:51,539

like they're big enough

558

00:23:55,130 --> 00:23:53,700

so I I doubt they dropped otherwise

559

00:23:57,830 --> 00:23:55,140

they're much closer and they're scanning

560

00:23:59,450 --> 00:23:57,840

a really weird part of the mountain

561

00:24:01,190 --> 00:23:59,460

I keep watching them man they move off

562

00:24:03,169 --> 00:24:01,200

they move together they move around and

563

00:24:06,169 --> 00:24:03,179

they're flying off they're down and as

564

00:24:08,330 --> 00:24:06,179

I'm watching they all kind of come to

565

00:24:10,270 --> 00:24:08,340

the center over like a kind of a random

566

00:24:14,210 --> 00:24:10,280

spot over the forest

567

00:24:15,830 --> 00:24:14,220

and they just kind of slowly drift off

568

00:24:16,850 --> 00:24:15,840

if they all meet up in the middle and

569

00:24:19,190 --> 00:24:16,860

they just kind of pick different

570

00:24:22,610 --> 00:24:19,200

directions to go one of them goes to my

571

00:24:23,990 --> 00:24:22,620

right one goes off to the left

572

00:24:25,730 --> 00:24:24,000

decides to go over the back of the

573

00:24:28,310 --> 00:24:25,740

mountain

574

00:24:30,049 --> 00:24:28,320

and I'm watching them and I just turn

575

00:24:31,850 --> 00:24:30,059

around I just turn around and go into

576

00:24:34,250 --> 00:24:31,860

the house

577

00:24:35,630 --> 00:24:34,260

and I'm I'm confused with this still

578

00:24:38,330 --> 00:24:35,640

because

579

00:24:41,090 --> 00:24:38,340

if you hear this happen for people where

580

00:24:44,210 --> 00:24:41,100

they they're like oh I just you know

581

00:24:46,490 --> 00:24:44,220

turned away and I went to sleep for I I

582

00:24:47,690 --> 00:24:46,500

I kind of didn't expect it to happen

583

00:24:50,990 --> 00:24:47,700

where you

584

00:24:52,370 --> 00:24:51,000

I didn't have the catch myself and just

585

00:24:55,010 --> 00:24:52,380

stop myself and go no I should record

586

00:24:57,529 --> 00:24:55,020

this and turn around

587

00:25:00,110 --> 00:24:57,539

but I'm watching these weird lights move

588

00:25:02,450 --> 00:25:00,120

off and move together and

589

00:25:03,830 --> 00:25:02,460

move away and I don't even watch where

590

00:25:05,750 --> 00:25:03,840

they go

591

00:25:08,029 --> 00:25:05,760

I just go inside and I'm

592

00:25:10,970 --> 00:25:08,039

it took like a day of me thinking about

593

00:25:13,430 --> 00:25:10,980

it for me to go why did I do that

594

00:25:15,470 --> 00:25:13,440

I have my phone moving

595

00:25:17,029 --> 00:25:15,480

that freaks me out I never I never

596

00:25:18,710 --> 00:25:17,039

experienced something like that

597

00:25:20,390 --> 00:25:18,720

my first thought with these was that

598

00:25:23,390 --> 00:25:20,400

they're just problems with some sort

599

00:25:26,450 --> 00:25:23,400

maybe mapping them out but like it's

600

00:25:29,510 --> 00:25:26,460

just the way they move off and meet

601
00:25:32,390 --> 00:25:29,520
together and then move off is so weird

602
00:25:34,310 --> 00:25:32,400
it makes no sense right like why would

603
00:25:35,810 --> 00:25:34,320
even on a practical side why would you

604
00:25:37,070 --> 00:25:35,820
want all three of your drone operators

605
00:25:38,810 --> 00:25:37,080
if they're all going to different places

606
00:25:39,769 --> 00:25:38,820
they have to land somewhere what are you

607
00:25:42,529 --> 00:25:39,779
gonna put

608
00:25:44,450 --> 00:25:42,539
each of your guys like miles away from

609
00:25:46,490 --> 00:25:44,460
each other one in like a reservoir one

610
00:25:49,130 --> 00:25:46,500
of just a random mountain range I wanted

611
00:25:51,590 --> 00:25:49,140
like a housing estate

612
00:25:53,149 --> 00:25:51,600
no it doesn't make any sense to me where

613
00:25:55,370 --> 00:25:53,159

they were moving if they were drones

614

00:25:57,049 --> 00:25:55,380

because they have to go somewhere they

615

00:25:58,490 --> 00:25:57,059

have to have another somewhere where

616

00:26:00,890 --> 00:25:58,500

they launched from and asked me an

617

00:26:02,510 --> 00:26:00,900

operator they'll recovery and

618

00:26:04,850 --> 00:26:02,520

why would you not just put them all on

619

00:26:06,350 --> 00:26:04,860

the mountain together so maybe three

620

00:26:08,570 --> 00:26:06,360

weeks afterwards

621

00:26:10,850 --> 00:26:08,580

yeah me and my friends are trying to

622

00:26:12,289 --> 00:26:10,860

walk through the park nearby us we're

623

00:26:13,490 --> 00:26:12,299

trying to meet up with other friends

624

00:26:14,990 --> 00:26:13,500

before Christmas to give each other

625

00:26:16,310 --> 00:26:15,000

Christmas gifts

626

00:26:18,169 --> 00:26:16,320

and it's kind of late we come up after

627

00:26:19,190 --> 00:26:18,179

too late we're walking through and it's

628

00:26:20,870 --> 00:26:19,200

Pitch Black

629

00:26:22,669 --> 00:26:20,880

so we're going through the prior to the

630

00:26:24,289 --> 00:26:22,679

park has big street lights and stuff in

631

00:26:26,210 --> 00:26:24,299

it so it's not too but

632

00:26:27,830 --> 00:26:26,220

but uh all this stuff is still on my

633

00:26:29,750 --> 00:26:27,840

mind so I'm telling everybody about this

634

00:26:32,510 --> 00:26:29,760

the lights that I saw that I'm

635

00:26:34,250 --> 00:26:32,520

describing them how they moved and I

636

00:26:36,169 --> 00:26:34,260

described in the middle one the one with

637

00:26:38,090 --> 00:26:36,179

the middle red light the flashes in a

638

00:26:40,730 --> 00:26:38,100

strange pattern

639

00:26:43,850 --> 00:26:40,740

and as I'm describing them it

640

00:26:46,490 --> 00:26:43,860

it literally above us like look up and I

641

00:26:48,649 --> 00:26:46,500

point up and I say to them it's that's

642

00:26:50,690 --> 00:26:48,659

it that's what I'm describing and it's

643

00:26:52,310 --> 00:26:50,700

exactly the same it's the the middle red

644

00:26:54,350 --> 00:26:52,320

light that comes on and off in a weird

645

00:26:55,549 --> 00:26:54,360

pattern and the two flanking lights the

646

00:26:58,250 --> 00:26:55,559

white lights

647

00:27:00,350 --> 00:26:58,260

and it's moving and it's moving kind of

648

00:27:02,210 --> 00:27:00,360

gently it's moving side to side and it's

649

00:27:04,789 --> 00:27:02,220

moving away it's kind of just going over

650

00:27:06,110 --> 00:27:04,799

the area and these two white lights look

651
00:27:08,149 --> 00:27:06,120
like they're always facing so it's like

652
00:27:10,850 --> 00:27:08,159
they're always directed towards you

653
00:27:12,289 --> 00:27:10,860
they're not like you're not losing side

654
00:27:13,850 --> 00:27:12,299
of one light as it turns or something

655
00:27:15,590 --> 00:27:13,860
it's just always visible

656
00:27:16,850 --> 00:27:15,600
so I'm weird that I look like this and

657
00:27:18,350 --> 00:27:16,860
I'm pointing off but I'm telling my

658
00:27:20,330 --> 00:27:18,360
friends like that's what it was that's

659
00:27:21,830 --> 00:27:20,340
exactly what was over the mountain and

660
00:27:23,750 --> 00:27:21,840
there's they're kind of glancing up and

661
00:27:26,570 --> 00:27:23,760
they're like yeah yeah it looks like a

662
00:27:28,370 --> 00:27:26,580
drone and then they just move on

663
00:27:29,690 --> 00:27:28,380

these are people who've had experiences

664

00:27:32,090 --> 00:27:29,700

that people have seen their own things

665

00:27:33,049 --> 00:27:32,100

and they have crazy stories to tell and

666

00:27:35,210 --> 00:27:33,059

this is

667

00:27:37,490 --> 00:27:35,220

in front of them and they just lose

668

00:27:40,070 --> 00:27:37,500

interest exactly the same way that I did

669

00:27:41,570 --> 00:27:40,080

when I was at the door in my house it's

670

00:27:44,810 --> 00:27:41,580

just they just turned away and started

671

00:27:47,930 --> 00:27:44,820

talking amongst themselves like

672

00:27:49,610 --> 00:27:47,940

it actually kind of it freaks me out I I

673

00:27:51,230 --> 00:27:49,620

don't like the odds of me talking about

674

00:27:53,029 --> 00:27:51,240

that thing and then it just

675

00:27:56,029 --> 00:27:53,039

spontaneously appearing directly above

676
00:27:58,370 --> 00:27:56,039
me like that's not that's that's a hell

677
00:28:00,350 --> 00:27:58,380
of a coincidence and the very final

678
00:28:03,230 --> 00:28:00,360
thing I've seen recently was only maybe

679
00:28:06,409 --> 00:28:03,240
a few days before I sent you this this

680
00:28:08,990 --> 00:28:06,419
email Ryan was I was in my garden I like

681
00:28:11,510 --> 00:28:09,000
to glance open my sky and as I look up

682
00:28:13,549 --> 00:28:11,520
this red streak just tears through the

683
00:28:15,710 --> 00:28:13,559
sky and it only goes a little distance

684
00:28:18,230 --> 00:28:15,720
before it just disappears

685
00:28:21,890 --> 00:28:18,240
just gone but I thought it was a meteor

686
00:28:23,690 --> 00:28:21,900
but like less than 30 seconds later two

687
00:28:26,570 --> 00:28:23,700
planes two planes come out of nowhere

688
00:28:28,250 --> 00:28:26,580

over the Estates just circling flying

689

00:28:30,049 --> 00:28:28,260

around they fly around for maybe two or

690

00:28:33,049 --> 00:28:30,059

three minutes before both of them head

691

00:28:35,750 --> 00:28:33,059

off north towards the aerodrome and I

692

00:28:38,570 --> 00:28:35,760

have no idea what that was about

693

00:28:40,310 --> 00:28:38,580

so yeah those are my sightings yeah

694

00:28:42,529 --> 00:28:40,320

and I read I don't really know how I

695

00:28:43,789 --> 00:28:42,539

feel about any of them honestly I'm a

696

00:28:45,049 --> 00:28:43,799

little bit freaked out more than I am

697

00:28:45,710 --> 00:28:45,059

anything else

698

00:28:48,110 --> 00:28:45,720

um

699

00:28:50,450 --> 00:28:48,120

those white lights that freaked me out

700

00:28:52,669 --> 00:28:50,460

because let alone that they don't seem

701
00:28:54,230 --> 00:28:52,679
to be drones that they fly off in my

702
00:28:56,570 --> 00:28:54,240
directions

703
00:28:58,490 --> 00:28:56,580
I I've never experienced that feeling of

704
00:29:00,590 --> 00:28:58,500
just quarterly losing interest in

705
00:29:02,450 --> 00:29:00,600
something moving on

706
00:29:04,850 --> 00:29:02,460
especially especially for it to happen

707
00:29:06,769 --> 00:29:04,860
when I describe them in the park for

708
00:29:09,049 --> 00:29:06,779
that thing the show straight back up and

709
00:29:11,570 --> 00:29:09,059
give my friends the exact same feeling

710
00:29:13,549 --> 00:29:11,580
that that is bizarre to me I really

711
00:29:14,810 --> 00:29:13,559
don't know how to explain it thanks for

712
00:29:16,430 --> 00:29:14,820
having me on I'm going to appreciate the

713
00:29:20,049 --> 00:29:16,440

chance to talk about these things uh

714

00:29:26,450 --> 00:29:23,389

hey Ryan thanks for this opportunity for

715

00:29:30,350 --> 00:29:26,460

me to be able to tell everybody about my

716

00:29:33,830 --> 00:29:30,360

possible UAP experience while serving in

717

00:29:36,590 --> 00:29:33,840

the Australian military in 2009

718

00:29:38,810 --> 00:29:36,600

um a bit about my background I did 15

719

00:29:41,330 --> 00:29:38,820

years in the Australian defense Sports

720

00:29:43,549 --> 00:29:41,340

the first 11 in the Navy as an

721

00:29:45,649 --> 00:29:43,559

Electronics technician for weapons and

722

00:29:47,990 --> 00:29:45,659

radar in the last four years is a

723

00:29:49,970 --> 00:29:48,000

military working dog handler with the

724

00:29:52,010 --> 00:29:49,980

military police because biological is

725

00:29:55,190 --> 00:29:52,020

just the same as electronical combat

726

00:29:58,669 --> 00:29:55,200

systems isn't it so anyway

727

00:30:00,350 --> 00:29:58,679

um I was posted of the letter to work at

728

00:30:03,409 --> 00:30:00,360

a remote base

729

00:30:05,269 --> 00:30:03,419

in the Australian Outback not far from a

730

00:30:08,630 --> 00:30:05,279

town called Catherine in the Northern

731

00:30:11,810 --> 00:30:08,640

Territory and it was around the end of

732

00:30:15,470 --> 00:30:11,820

the dry season in September and we were

733

00:30:18,230 --> 00:30:15,480

hosting International exercises with the

734

00:30:20,990 --> 00:30:18,240

Americans as uh is widely publicized

735

00:30:21,850 --> 00:30:21,000

every single year and this year was no

736

00:30:23,590 --> 00:30:21,860

different

737

00:30:27,649 --> 00:30:23,600

and

738

00:30:30,889 --> 00:30:27,659

I it was weekends

739

00:30:36,169 --> 00:30:30,899

I was on night shift so I started about

740

00:30:38,029 --> 00:30:36,179

Sunset and I usually work with uh one

741

00:30:40,190 --> 00:30:38,039

particular colleague who was on rested

742

00:30:43,389 --> 00:30:40,200

on with me that night uh a general

743

00:30:47,389 --> 00:30:43,399

Judy's police member and my police dog

744

00:30:49,430 --> 00:30:47,399

and we loaded up the truck drove down to

745

00:30:51,769 --> 00:30:49,440

the flight line now in this particular

746

00:30:54,590 --> 00:30:51,779

place the flight line is dispersed in

747

00:30:57,289 --> 00:30:54,600

Bushland which means that they don't the

748

00:30:59,870 --> 00:30:57,299

craft don't sit on a nice concrete pad

749

00:31:01,430 --> 00:30:59,880

all lined up in a row

750

00:31:03,950 --> 00:31:01,440

um with spotlights on it this is

751
00:31:05,590 --> 00:31:03,960
dispersed in the dark with around five

752
00:31:08,930 --> 00:31:05,600
kilometer radius

753
00:31:13,250 --> 00:31:08,940
and in between each

754
00:31:14,690 --> 00:31:13,260
um Olan or old misloading areas where

755
00:31:16,610 --> 00:31:14,700
they sit in

756
00:31:20,330 --> 00:31:16,620
um is heavy thick Bushland they're just

757
00:31:22,669 --> 00:31:20,340
taxiways okay so imagine that you can

758
00:31:25,370 --> 00:31:22,679
see it on Google Maps if you look it up

759
00:31:28,310 --> 00:31:25,380
and to give an idea about this place if

760
00:31:33,169 --> 00:31:28,320
any of you visit Northern Australia

761
00:31:36,230 --> 00:31:33,179
um it's hot wet or hot and dry and this

762
00:31:38,930 --> 00:31:36,240
isn't a drop and dry season

763
00:31:40,730 --> 00:31:38,940

um and the wildlife is quite thick it's

764

00:31:42,289 --> 00:31:40,740

like being on the planet dagger bar and

765

00:31:44,029 --> 00:31:42,299

Yoda's about to jump out you and

766

00:31:47,590 --> 00:31:44,039

pterodactyls and all that kind of stuff

767

00:31:50,570 --> 00:31:47,600

so it's bats kangaroos snakes spiders

768

00:31:53,450 --> 00:31:50,580

and stuff you don't even recognize so

769

00:31:55,430 --> 00:31:53,460

that's just put picture this so anyway

770

00:31:59,330 --> 00:31:55,440

we get out there at about Just Before

771

00:32:01,909 --> 00:31:59,340

Sunset and unpack everything and start

772

00:32:03,590 --> 00:32:01,919

walking the perimeter and chatting to my

773

00:32:06,889 --> 00:32:03,600

colleague because we're good friends as

774

00:32:09,289 --> 00:32:06,899

well outside of work and he started

775

00:32:11,330 --> 00:32:09,299

telling me a story about how in

776

00:32:14,990 --> 00:32:11,340

September the year before he was

777

00:32:17,630 --> 00:32:15,000

patrolling with another Handler and he

778

00:32:20,630 --> 00:32:17,640

had a UFO sighting and with my

779

00:32:22,430 --> 00:32:20,640

background and I love astronomy and I'm

780

00:32:24,470 --> 00:32:22,440

a science fiction nerd and I'm pretty

781

00:32:25,730 --> 00:32:24,480

kooky even though I sound pretty

782

00:32:28,370 --> 00:32:25,740

straight laced

783

00:32:30,169 --> 00:32:28,380

um I was like hell yeah hell tell me all

784

00:32:32,990 --> 00:32:30,179

about it he told me his story about

785

00:32:35,230 --> 00:32:33,000

three stars flying overhead stopping on

786

00:32:37,610 --> 00:32:35,240

a dime and then suddenly

787

00:32:40,130 --> 00:32:37,620

dispersing in a split second in all

788

00:32:42,710 --> 00:32:40,140

different directions and that was it

789

00:32:45,529 --> 00:32:42,720

and I'm like holy like that's

790

00:32:47,590 --> 00:32:45,539

amazing but where we are and what we're

791

00:32:52,909 --> 00:32:47,600

doing right here that could be anything

792

00:32:55,190 --> 00:32:52,919

okay and Catherine is one of the UFO hot

793

00:32:59,510 --> 00:32:55,200

spots of the world especially at that

794

00:33:01,250 --> 00:32:59,520

time of the year right so anyway

795

00:33:05,210 --> 00:33:01,260

um we start walking the sun's starting

796

00:33:07,789 --> 00:33:05,220

to sit and we noticed this place usually

797

00:33:09,769 --> 00:33:07,799

has a lot of bats a job bat colony and

798

00:33:11,930 --> 00:33:09,779

it's full of teeming with life I mean

799

00:33:15,110 --> 00:33:11,940

everything's alive and everything's got

800

00:33:17,149 --> 00:33:15,120

something alive on it so no kangaroos

801

00:33:19,970 --> 00:33:17,159

you name it and there was just like

802

00:33:21,889 --> 00:33:19,980

nothing and I put it down to maybe the

803

00:33:24,590 --> 00:33:21,899

bats had moved on because they were kind

804

00:33:27,049 --> 00:33:24,600

of troublesome and um at the time

805

00:33:29,210 --> 00:33:27,059

interfering with the aircraft and also

806

00:33:30,710 --> 00:33:29,220

we had a recent kangaroo crawl so I

807

00:33:32,509 --> 00:33:30,720

thought that the hunters had gone to

808

00:33:33,710 --> 00:33:32,519

town just erased a lot of them off the

809

00:33:35,810 --> 00:33:33,720

face of the Earth

810

00:33:38,029 --> 00:33:35,820

so that's what I put it down too and I

811

00:33:39,649 --> 00:33:38,039

didn't think anything more of it anyway

812

00:33:41,389 --> 00:33:39,659

so we're walking on the perimeter

813

00:33:44,570 --> 00:33:41,399

walking along

814

00:33:48,830 --> 00:33:44,580

laughing about this story and my dog

815

00:33:50,930 --> 00:33:48,840

suddenly stops dead in his tracks and my

816

00:33:53,450 --> 00:33:50,940

dog wasn't the most best place dog in

817

00:33:56,269 --> 00:33:53,460

the world he was quite friendly quite

818

00:33:58,190 --> 00:33:56,279

soft quite distracted and quite

819

00:34:00,710 --> 00:33:58,200

uninterested in being a police dog he

820

00:34:03,350 --> 00:34:00,720

was just wanting to be a cat on your lap

821

00:34:04,970 --> 00:34:03,360

that was about it so he stops on a dime

822

00:34:08,050 --> 00:34:04,980

and he's looking

823

00:34:11,270 --> 00:34:08,060

at the Horizon up

824

00:34:13,790 --> 00:34:11,280

and I'm thinking maybe someone's gonna

825

00:34:15,649 --> 00:34:13,800

do an exercise with me or something like

826

00:34:17,450 --> 00:34:15,659

that what fun on the weekend when

827

00:34:19,970 --> 00:34:17,460

nobody's doing anything

828

00:34:22,129 --> 00:34:19,980

uh because my dog really needs it and

829

00:34:25,550 --> 00:34:22,139

then he starts growling and my colleague

830

00:34:29,389 --> 00:34:25,560

oh my god look oh my god there they are

831

00:34:32,810 --> 00:34:29,399

and I looked up and no there were

832

00:34:34,190 --> 00:34:32,820

three Starlight objects flying towards

833

00:34:37,250 --> 00:34:34,200

us

834

00:34:39,290 --> 00:34:37,260

in a sort of like a very wide fee

835

00:34:41,869 --> 00:34:39,300

formation so not a straight line in the

836

00:34:43,730 --> 00:34:41,879

middle one slightly forward about the

837

00:34:45,409 --> 00:34:43,740

size of the planet Venus on a good day

838

00:34:47,770 --> 00:34:45,419

you know when it looks big

839

00:34:51,290 --> 00:34:47,780

no flashing lights nothing like that

840

00:34:53,570 --> 00:34:51,300

slowly flying in perfect formation and

841

00:34:55,849 --> 00:34:53,580

just stopped right there they're about

842

00:34:57,349 --> 00:34:55,859

10 degrees apart which is like when you

843

00:35:00,530 --> 00:34:57,359

look up you put your hand up it's about

844

00:35:01,730 --> 00:35:00,540

a hand span and a 45 degree angle line

845

00:35:03,650 --> 00:35:01,740

of sight

846

00:35:06,530 --> 00:35:03,660

and let's just stop there

847

00:35:08,089 --> 00:35:06,540

and I'm like my my mate is this what

848

00:35:10,030 --> 00:35:08,099

you're talking about and he's like yeah

849

00:35:13,190 --> 00:35:10,040

yeah this is it

850

00:35:15,290 --> 00:35:13,200

and he goes they're gonna just like

851
00:35:17,569 --> 00:35:15,300
disappear in a minute and we're looking

852
00:35:19,250 --> 00:35:17,579
looking and nothing's happening and they

853
00:35:20,510 --> 00:35:19,260
just stopped there and it was like this

854
00:35:22,250 --> 00:35:20,520
feeling like

855
00:35:24,950 --> 00:35:22,260
they're looking at us we're looking at

856
00:35:26,630 --> 00:35:24,960
that and it was like this weird feeling

857
00:35:29,150 --> 00:35:26,640
it was like we're just all looking at

858
00:35:31,609 --> 00:35:29,160
each other right now and my dog starts

859
00:35:34,550 --> 00:35:31,619
barking which he never does even when

860
00:35:36,170 --> 00:35:34,560
he's supposed to so I'm like my God my

861
00:35:40,370 --> 00:35:36,180
dog can see this

862
00:35:42,290 --> 00:35:40,380
and just as I was like thinking about a

863
00:35:44,329 --> 00:35:42,300

radio my boss and ask if we've got any

864

00:35:46,609 --> 00:35:44,339

unscheduled scheduled but not really

865

00:35:49,609 --> 00:35:46,619

scheduled flying activity going on and

866

00:35:52,550 --> 00:35:49,619

as I was calling him the outer tooth

867

00:35:55,370 --> 00:35:52,560

objects just add the opposite direction

868

00:35:57,349 --> 00:35:55,380

from each other just went like

869

00:36:00,170 --> 00:35:57,359

flew away I'd never seen anything like

870

00:36:02,150 --> 00:36:00,180

this I've I've been in The Radars it's

871

00:36:03,950 --> 00:36:02,160

all like world I've seen all sorts of

872

00:36:05,930 --> 00:36:03,960

weird crap nothing like the Nimitz or

873

00:36:08,690 --> 00:36:05,940

anything but since lots of weird crap

874

00:36:10,370 --> 00:36:08,700

see nothing that flies this fast and I'm

875

00:36:13,190 --> 00:36:10,380

on a base with fighter jets and all

876

00:36:14,870 --> 00:36:13,200

sorts of craps so it's like no this is

877

00:36:17,750 --> 00:36:14,880

the fastest I've ever seen But the

878

00:36:19,550 --> 00:36:17,760

middle one state the middle object state

879

00:36:21,890 --> 00:36:19,560

and we're looking at it waiting for it

880

00:36:23,630 --> 00:36:21,900

to do something and I spoke to my boss

881

00:36:25,010 --> 00:36:23,640

is there any unscheduled scheduled but

882

00:36:27,349 --> 00:36:25,020

not really scheduled stuff and he's like

883

00:36:28,790 --> 00:36:27,359

no leaving me alone get on with your job

884

00:36:31,550 --> 00:36:28,800

bye

885

00:36:33,230 --> 00:36:31,560

and I'm like well this is nothing nobody

886

00:36:34,730 --> 00:36:33,240

knows that does know that knows nothing

887

00:36:37,849 --> 00:36:34,740

about

888

00:36:40,550 --> 00:36:37,859

and it just stayed there this thing and

889

00:36:42,230 --> 00:36:40,560

my dog's barking he's going crazy his

890

00:36:46,430 --> 00:36:42,240

hair's sticking up

891

00:36:49,250 --> 00:36:46,440

my dog never does this and then

892

00:36:51,410 --> 00:36:49,260

there was this smell

893

00:36:54,589 --> 00:36:51,420

and the Aussie Bush smells like wet

894

00:36:57,349 --> 00:36:54,599

trees and dust that's what it smells

895

00:36:59,510 --> 00:36:57,359

like sometimes flowers and animal poop

896

00:37:00,890 --> 00:36:59,520

or animal carcasses this was an

897

00:37:03,710 --> 00:37:00,900

electrical smell

898

00:37:06,230 --> 00:37:03,720

kind of like what people say ozone but

899

00:37:07,849 --> 00:37:06,240

to me no not really it was kind of like

900

00:37:10,730 --> 00:37:07,859

you opened up an old radar cabinet and

901
00:37:13,130 --> 00:37:10,740
all that wafter of old people's home and

902
00:37:16,250 --> 00:37:13,140
old rusty metal come flying out at you

903
00:37:18,710 --> 00:37:16,260
that's what it smelled like a special

904
00:37:21,950 --> 00:37:18,720
something and I'm like where the hell is

905
00:37:25,250 --> 00:37:21,960
that smell coming from there's no wind

906
00:37:28,030 --> 00:37:25,260
um nothing like that no animals no

907
00:37:32,690 --> 00:37:28,040
sounds just this

908
00:37:36,170 --> 00:37:32,700
stench this star in the setting sun sky

909
00:37:37,790 --> 00:37:36,180
my dog growling and my colleague and I

910
00:37:40,370 --> 00:37:37,800
are just standing there and I'm getting

911
00:37:44,690 --> 00:37:40,380
Jelly legs you know because you know

912
00:37:47,690 --> 00:37:44,700
Brave Soldier and all that and uh just

913
00:37:50,390 --> 00:37:47,700

as I said that stinks like an old radar

914

00:37:51,950 --> 00:37:50,400

cabinet then the noise started well it

915

00:37:53,450 --> 00:37:51,960

wasn't actually a noise it was more like

916

00:37:56,810 --> 00:37:53,460

a vibration

917

00:38:00,349 --> 00:37:56,820

that I could only feel in my sinus

918

00:38:01,910 --> 00:38:00,359

cavities and my forage and my lips and

919

00:38:05,030 --> 00:38:01,920

kind of a little bit of my chest it was

920

00:38:07,490 --> 00:38:05,040

more of a feeling rather than a sound an

921

00:38:09,650 --> 00:38:07,500

audible hump but I think my dog could

922

00:38:12,410 --> 00:38:09,660

pick it up long before we did because he

923

00:38:16,430 --> 00:38:12,420

was going nuts he was trying to bite off

924

00:38:19,069 --> 00:38:16,440

his uh lead he was growling his Tails

925

00:38:21,589 --> 00:38:19,079

between his legs and I'm like I'm trying

926
00:38:23,390 --> 00:38:21,599
to calm him down thinking holy crap I'm

927
00:38:25,970 --> 00:38:23,400
looking around there's nothing out of

928
00:38:28,310 --> 00:38:25,980
the ordinary around us at all so we're

929
00:38:30,230 --> 00:38:28,320
trying to calm him down and get his toy

930
00:38:31,670 --> 00:38:30,240
out and we've got to do this Patrol and

931
00:38:33,710 --> 00:38:31,680
we're keeping an eye waiting for this

932
00:38:35,569 --> 00:38:33,720
thing to do what my colleague said the

933
00:38:37,370 --> 00:38:35,579
last year it did nothing

934
00:38:40,250 --> 00:38:37,380
but it didn't do it

935
00:38:42,770 --> 00:38:40,260
and then it just started getting

936
00:38:45,349 --> 00:38:42,780
brighter and then dimmer and then

937
00:38:47,569 --> 00:38:45,359
brighter and dimmer again like a beacon

938
00:38:49,329 --> 00:38:47,579

really slowly

939

00:38:52,190 --> 00:38:49,339

and just sitting there

940

00:38:55,130 --> 00:38:52,200

and I'm like I don't know what's oh what

941

00:38:58,490 --> 00:38:55,140

do you what do you say to this uh phone

942

00:39:01,490 --> 00:38:58,500

camera it's 2008 I've got a Samsung I

943

00:39:04,250 --> 00:39:01,500

think it's a Galaxy S2 it wasn't going

944

00:39:07,790 --> 00:39:04,260

to capture that and yeah I'm trying to

945

00:39:10,250 --> 00:39:07,800

control my dog my colleagues

946

00:39:13,490 --> 00:39:10,260

telling me we're having discussions

947

00:39:15,230 --> 00:39:13,500

about independence day and you know Star

948

00:39:17,270 --> 00:39:15,240

Trek the Balkan greetings it's also

949

00:39:19,270 --> 00:39:17,280

didn't happen anyway we have to do this

950

00:39:22,730 --> 00:39:19,280

Patrol we're moving around the perimeter

951
00:39:24,950 --> 00:39:22,740
Sun's below the Horizon this thing is

952
00:39:26,810 --> 00:39:24,960
still stationary in fact it's

953
00:39:28,790 --> 00:39:26,820
geostationary we've figured out because

954
00:39:29,990 --> 00:39:28,800
we watched the Stars over about an hour

955
00:39:33,050 --> 00:39:30,000
or two

956
00:39:35,089 --> 00:39:33,060
move as they do and this thing was still

957
00:39:36,410 --> 00:39:35,099
exactly where it stopped we did a whole

958
00:39:38,990 --> 00:39:36,420
perimeter

959
00:39:41,210 --> 00:39:39,000
of the flight line and this thing was

960
00:39:43,730 --> 00:39:41,220
still exactly where it stopped

961
00:39:45,349 --> 00:39:43,740
and I'm still now doing this slow bright

962
00:39:50,170 --> 00:39:45,359
and dim thing

963
00:39:54,109 --> 00:39:50,180

and we're cutting through going around

964

00:39:55,730 --> 00:39:54,119

my dog's jumping at every everything and

965

00:39:57,530 --> 00:39:55,740

looking over his shoulder and all this

966

00:40:00,770 --> 00:39:57,540

stuff I've got flashlights going we're

967

00:40:04,910 --> 00:40:00,780

all looking with flashlights nothing

968

00:40:06,770 --> 00:40:04,920

it had a break it got to about two or

969

00:40:08,510 --> 00:40:06,780

three in the morning

970

00:40:09,890 --> 00:40:08,520

um we went back to the truck which was

971

00:40:12,849 --> 00:40:09,900

parked in the middle of all this

972

00:40:15,410 --> 00:40:12,859

dispersed stuff at one of the overlays

973

00:40:16,849 --> 00:40:15,420

and was sitting at the front I put my

974

00:40:18,770 --> 00:40:16,859

dog in the truck because he was just

975

00:40:21,170 --> 00:40:18,780

about to lose all his hair at that point

976
00:40:23,270 --> 00:40:21,180
and uh he quietened down when he was

977
00:40:26,230 --> 00:40:23,280
inside and my colleague and I were

978
00:40:29,089 --> 00:40:26,240
laying on the tarmac watching this thing

979
00:40:31,069 --> 00:40:29,099
the whole time and there's smell and

980
00:40:33,349 --> 00:40:31,079
there's humming and coming up with all

981
00:40:34,490 --> 00:40:33,359
the reasons what this could possibly be

982
00:40:37,010 --> 00:40:34,500
and

983
00:40:38,089 --> 00:40:37,020
I'm racking my brains I don't know what

984
00:40:41,810 --> 00:40:38,099
it is

985
00:40:44,630 --> 00:40:41,820
so I get up and my colleague went to go

986
00:40:47,270 --> 00:40:44,640
and relieve himself in in the bush

987
00:40:50,390 --> 00:40:47,280
and I'm standing looking into the

988
00:40:52,609 --> 00:40:50,400

distance and and the most heavily dense

989

00:40:55,609 --> 00:40:52,619

uh bush area

990

00:40:58,970 --> 00:40:55,619

one of the corners of the area we're

991

00:41:01,310 --> 00:40:58,980

patrolling I could see this glow it was

992

00:41:03,410 --> 00:41:01,320

orange in color kind of like a fire it

993

00:41:06,349 --> 00:41:03,420

was flickering like a fire

994

00:41:09,109 --> 00:41:06,359

and scrub fires are not unusual at that

995

00:41:11,750 --> 00:41:09,119

time of year especially in this area so

996

00:41:14,270 --> 00:41:11,760

this these spies do spontaneously happen

997

00:41:16,910 --> 00:41:14,280

because under the bases an underwater

998

00:41:20,630 --> 00:41:16,920

river system and cave system and the

999

00:41:22,430 --> 00:41:20,640

fires do burn I I don't ask me about the

1000

00:41:25,609 --> 00:41:22,440

science of this but it does sort and

1001
00:41:27,109 --> 00:41:25,619
they pop up every now and then so um I

1002
00:41:28,970 --> 00:41:27,119
thought maybe it's something like that

1003
00:41:30,410 --> 00:41:28,980
and the smell is getting heavier and I'm

1004
00:41:32,750 --> 00:41:30,420
like supposed to be where the smell is

1005
00:41:34,730 --> 00:41:32,760
coming from in the hammy so my Macaulay

1006
00:41:36,290 --> 00:41:34,740
comes back and I he goes what the hell

1007
00:41:38,390 --> 00:41:36,300
is that and I said it looks like scrub

1008
00:41:40,730 --> 00:41:38,400
fire so we call the fieries

1009
00:41:42,530 --> 00:41:40,740
and so we've got a possible scrub fire

1010
00:41:43,970 --> 00:41:42,540
could you please come out and they say

1011
00:41:46,250 --> 00:41:43,980
look have a look at it first tell if

1012
00:41:47,930 --> 00:41:46,260
it's a big one if it is become splash of

1013
00:41:51,170 --> 00:41:47,940

water on it if not it will get it will

1014

00:41:53,329 --> 00:41:51,180

go out itself all right so start walking

1015

00:41:55,430 --> 00:41:53,339

towards it I get I didn't want to take

1016

00:41:56,150 --> 00:41:55,440

my dog out but I took dog I took the dog

1017

00:41:58,910 --> 00:41:56,160

out

1018

00:42:00,890 --> 00:41:58,920

and he was virtually skidding backwards

1019

00:42:05,750 --> 00:42:00,900

as we were trying to walk forwards

1020

00:42:08,510 --> 00:42:05,760

towards this light glow of Orange

1021

00:42:10,430 --> 00:42:08,520

and we got to about 15 minute meters

1022

00:42:13,250 --> 00:42:10,440

when my dog was virtually crawling up my

1023

00:42:16,550 --> 00:42:13,260

back of my pants that at that point and

1024

00:42:18,589 --> 00:42:16,560

growling from between my legs and it was

1025

00:42:22,849 --> 00:42:18,599

this glow would have been about it

1026

00:42:26,329 --> 00:42:22,859

looked like a ball of flame but not

1027

00:42:28,370 --> 00:42:26,339

nice smoke now burning smell and it was

1028

00:42:30,910 --> 00:42:28,380

kind of a weird looking flame it was

1029

00:42:34,150 --> 00:42:30,920

kind of everything was Misty in between

1030

00:42:38,270 --> 00:42:34,160

kind of like someone had a smoke machine

1031

00:42:40,609 --> 00:42:38,280

and just made this Haze of a ball thing

1032

00:42:42,890 --> 00:42:40,619

um about three meters wide about the

1033

00:42:45,950 --> 00:42:42,900

same tall in the middle of a very

1034

00:42:47,810 --> 00:42:45,960

heavily densely bushed like stretch of

1035

00:42:49,490 --> 00:42:47,820

area

1036

00:42:51,829 --> 00:42:49,500

um that's what it would look like and I

1037

00:42:54,730 --> 00:42:51,839

was looking at it going what the hell

1038

00:42:58,430 --> 00:42:54,740

and I could see something in it

1039

00:42:59,809 --> 00:42:58,440

uh squinted my eyes and this is where it

1040

00:43:02,089 --> 00:42:59,819

gets weird

1041

00:43:05,450 --> 00:43:02,099

it looked like there was a pair of legs

1042

00:43:09,410 --> 00:43:05,460

in there like not like standing in there

1043

00:43:12,890 --> 00:43:09,420

burning like legs cut out shape of legs

1044

00:43:14,930 --> 00:43:12,900

in this light and there was no body

1045

00:43:16,190 --> 00:43:14,940

attached to it there's no feet all I

1046

00:43:19,250 --> 00:43:16,200

could see was

1047

00:43:22,849 --> 00:43:19,260

a pair of skinny little thighs knees

1048

00:43:25,370 --> 00:43:22,859

well I thought were nubby knees and the

1049

00:43:27,670 --> 00:43:25,380

top part calves and then that's obscured

1050

00:43:31,069 --> 00:43:27,680

by this orange

1051

00:43:34,130 --> 00:43:31,079

flamy glowy thing

1052

00:43:37,430 --> 00:43:34,140

and I'm like we've got an intruder

1053

00:43:38,750 --> 00:43:37,440

and call the fieries and qualifiers to

1054

00:43:40,250 --> 00:43:38,760

come out

1055

00:43:42,410 --> 00:43:40,260

and

1056

00:43:43,849 --> 00:43:42,420

they saw it they were as they were

1057

00:43:45,770 --> 00:43:43,859

coming up they could see the light we're

1058

00:43:48,170 --> 00:43:45,780

talking about they came rushing it and

1059

00:43:49,550 --> 00:43:48,180

just as they arrived the light blinks

1060

00:43:52,069 --> 00:43:49,560

out

1061

00:43:54,950 --> 00:43:52,079

like someone turned off a switch

1062

00:43:56,809 --> 00:43:54,960

and we're still like 15 meters away I

1063

00:43:59,809 --> 00:43:56,819

don't know how many feet that is three

1064

00:44:02,030 --> 00:43:59,819

feet of a meter you calculate and

1065

00:44:04,130 --> 00:44:02,040

the driver said what the hell is that

1066

00:44:05,390 --> 00:44:04,140

I'm like I don't know let's have a look

1067

00:44:06,710 --> 00:44:05,400

you have a look

1068

00:44:09,170 --> 00:44:06,720

so

1069

00:44:11,510 --> 00:44:09,180

um they took the truck towards it we're

1070

00:44:14,690 --> 00:44:11,520

walking behind the truck very slowly

1071

00:44:16,670 --> 00:44:14,700

and they've shown spotlights on it and I

1072

00:44:18,890 --> 00:44:16,680

dragged my dog by the Scruff of his neck

1073

00:44:20,210 --> 00:44:18,900

virtually and my colleague

1074

00:44:21,829 --> 00:44:20,220

they get to the corner where this

1075

00:44:24,050 --> 00:44:21,839

Bushland is you can't actually access

1076
00:44:26,930 --> 00:44:24,060
that place you're almost standing at the

1077
00:44:29,930 --> 00:44:26,940
edge of the taxiway and looking in it

1078
00:44:33,170 --> 00:44:29,940
would have been about five ten meters in

1079
00:44:37,390 --> 00:44:33,180
and there was just like this empty patch

1080
00:44:40,609 --> 00:44:37,400
this oval shaped empty patch of gray Ash

1081
00:44:43,069 --> 00:44:40,619
and sand

1082
00:44:45,290 --> 00:44:43,079
and there was no vegetation in this

1083
00:44:47,870 --> 00:44:45,300
where this flight was there was no

1084
00:44:50,630 --> 00:44:47,880
footprints there was absolutely nothing

1085
00:44:52,730 --> 00:44:50,640
but it's heavily pushed right so there

1086
00:44:53,930 --> 00:44:52,740
was trees and stuff hovering overhanging

1087
00:44:55,970 --> 00:44:53,940
it

1088
00:44:58,250 --> 00:44:55,980

and they were untouched there was no

1089

00:45:00,109 --> 00:44:58,260

Scorch mats nothing there was no smoke

1090

00:45:02,210 --> 00:45:00,119

there's no warmth

1091

00:45:03,790 --> 00:45:02,220

nothing to what I would say is in a

1092

00:45:06,829 --> 00:45:03,800

Bushfire

1093

00:45:09,589 --> 00:45:06,839

and the fire was like

1094

00:45:11,750 --> 00:45:09,599

this is weird and they asked me what the

1095

00:45:13,970 --> 00:45:11,760

hell is that smell and I'm like yeah can

1096

00:45:16,010 --> 00:45:13,980

you hear that Harmon and that the driver

1097

00:45:17,809 --> 00:45:16,020

said he couldn't but my colleague and I

1098

00:45:19,309 --> 00:45:17,819

could definitely feel it and I'm pretty

1099

00:45:22,370 --> 00:45:19,319

certain my dog could

1100

00:45:24,470 --> 00:45:22,380

and they sprayed some water on it

1101
00:45:26,510 --> 00:45:24,480
because that solves everything in the

1102
00:45:29,329 --> 00:45:26,520
firing well so call us if it starts up

1103
00:45:31,490 --> 00:45:29,339
again and go away and drive back

1104
00:45:35,569 --> 00:45:31,500
and left myself my colleague and my dog

1105
00:45:38,150 --> 00:45:35,579
standing there and we legged it we

1106
00:45:40,130 --> 00:45:38,160
legged it my dog didn't need to even be

1107
00:45:42,650 --> 00:45:40,140
told where I wanted to go it was like

1108
00:45:45,010 --> 00:45:42,660
hold on to my dog's lead and he was

1109
00:45:47,930 --> 00:45:45,020
straight to the truck

1110
00:45:50,809 --> 00:45:47,940
meanwhile this thing is still flashing

1111
00:45:52,849 --> 00:45:50,819
above us which I in the excitement and

1112
00:45:54,829 --> 00:45:52,859
everything both my colleague and I had

1113
00:45:57,349 --> 00:45:54,839

forgotten to mention to the fires like

1114

00:46:01,609 --> 00:45:57,359

have a look at this

1115

00:46:04,370 --> 00:46:01,619

um they totally didn't I forgot you know

1116

00:46:07,190 --> 00:46:04,380

we went back to that truck faster than

1117

00:46:10,130 --> 00:46:07,200

you could say holy crap I put my dog in

1118

00:46:12,650 --> 00:46:10,140

the enclosure at the back locked it up

1119

00:46:13,730 --> 00:46:12,660

and we're just standing there looking at

1120

00:46:17,329 --> 00:46:13,740

this

1121

00:46:20,390 --> 00:46:17,339

pulsing whatever it was above us and

1122

00:46:22,490 --> 00:46:20,400

looking far in the distance where that

1123

00:46:23,510 --> 00:46:22,500

orange light was waiting for it to come

1124

00:46:25,970 --> 00:46:23,520

back

1125

00:46:27,829 --> 00:46:25,980

or working waiting for et to come and

1126

00:46:31,250 --> 00:46:27,839

you know tap us on the shoulder or

1127

00:46:33,170 --> 00:46:31,260

something like that nothing

1128

00:46:34,670 --> 00:46:33,180

the humming was still there the smell

1129

00:46:36,530 --> 00:46:34,680

was still there

1130

00:46:39,290 --> 00:46:36,540

my dog was calm as soon as he went

1131

00:46:41,390 --> 00:46:39,300

inside his little box he was calm by

1132

00:46:45,589 --> 00:46:41,400

this stage it was about 4am

1133

00:46:47,750 --> 00:46:45,599

it'd be non-stop all evening like and I

1134

00:46:49,329 --> 00:46:47,760

was not gonna report this I was not

1135

00:46:53,450 --> 00:46:49,339

going to because

1136

00:46:55,309 --> 00:46:53,460

everyone knows I'm a bit kooky and I was

1137

00:46:58,069 --> 00:46:55,319

the only female one section at the time

1138

00:47:02,750 --> 00:46:58,079

and it was hard enough and I just didn't

1139

00:47:05,030 --> 00:47:02,760

need extra problems so and it's 2008 you

1140

00:47:07,970 --> 00:47:05,040

know and so

1141

00:47:10,730 --> 00:47:07,980

um about 4am we did a drive-by again

1142

00:47:12,530 --> 00:47:10,740

this thing's still in the sky

1143

00:47:15,710 --> 00:47:12,540

and then I don't know what made me look

1144

00:47:17,569 --> 00:47:15,720

up but I looked up again and it was

1145

00:47:21,050 --> 00:47:17,579

getting smaller it was still flashing

1146

00:47:23,390 --> 00:47:21,060

very slowly but getting smaller

1147

00:47:26,450 --> 00:47:23,400

and smaller and smaller and I'm like to

1148

00:47:30,170 --> 00:47:26,460

my colleague it's going it's leaving

1149

00:47:31,910 --> 00:47:30,180

and he's looking up going it's going to

1150

00:47:33,530 --> 00:47:31,920

Fletch Away really quickly and we're

1151
00:47:36,410 --> 00:47:33,540
waiting for it to do something dramatic

1152
00:47:39,410 --> 00:47:36,420
and it didn't it just slowly raised and

1153
00:47:42,950 --> 00:47:39,420
disappeared into the sky

1154
00:47:45,050 --> 00:47:42,960
and the humming and the smell slowly

1155
00:47:47,809 --> 00:47:45,060
dissipated over the course of the next

1156
00:47:50,210 --> 00:47:47,819
hour until five where I had to get back

1157
00:47:52,250 --> 00:47:50,220
to the section to do a Handover

1158
00:47:53,750 --> 00:47:52,260
and I really don't even know if I wanted

1159
00:47:55,370 --> 00:47:53,760
to go back to the city I wanted to get

1160
00:47:57,410 --> 00:47:55,380
the hell out of there but I wanted to

1161
00:47:59,210 --> 00:47:57,420
stick around you know as well I didn't

1162
00:48:01,250 --> 00:47:59,220
want to leave the place I'm like I want

1163
00:48:04,069 --> 00:48:01,260

to see if something else happens

1164

00:48:05,809 --> 00:48:04,079

but nothing else happened but at Sunrise

1165

00:48:08,270 --> 00:48:05,819

it's usually when the kangaroos come out

1166

00:48:10,069 --> 00:48:08,280

again and the bats do their big thing

1167

00:48:16,910 --> 00:48:10,079

nothing

1168

00:48:19,490 --> 00:48:16,920

there was no birds there was no bats

1169

00:48:21,650 --> 00:48:19,500

there was no kangaroos usually the

1170

00:48:23,089 --> 00:48:21,660

kangaroos like kamikaze pilots jumping

1171

00:48:25,790 --> 00:48:23,099

into the car just as you're passing

1172

00:48:28,190 --> 00:48:25,800

nothing it was to void and it's only

1173

00:48:30,290 --> 00:48:28,200

until we got back to the section that

1174

00:48:35,030 --> 00:48:30,300

started seeing you know the usual

1175

00:48:38,630 --> 00:48:35,040

Sunrise Wildlife uh on the base

1176

00:48:40,730 --> 00:48:38,640

and I spoke to my fiction Commander at

1177

00:48:42,349 --> 00:48:40,740

the shift change over the next day who

1178

00:48:45,170 --> 00:48:42,359

drugged got me drug tested pretty

1179

00:48:46,670 --> 00:48:45,180

quickly and my colleague and told us

1180

00:48:48,470 --> 00:48:46,680

that it was obviously a scrub fire

1181

00:48:49,849 --> 00:48:48,480

underground scrap fire probably hit

1182

00:48:51,470 --> 00:48:49,859

something metal that's what the smell

1183

00:48:53,690 --> 00:48:51,480

was and the rest of it were just making

1184

00:48:55,790 --> 00:48:53,700

it up and don't you dare ride anything

1185

00:48:57,470 --> 00:48:55,800

like that any of the reports because

1186

00:48:59,690 --> 00:48:57,480

you're all liars

1187

00:49:01,790 --> 00:48:59,700

anyway

1188

00:49:04,010 --> 00:49:01,800

from that time on

1189

00:49:06,470 --> 00:49:04,020

I've never ever been able to talk about

1190

00:49:08,450 --> 00:49:06,480

it really I just talk about it with that

1191

00:49:10,069 --> 00:49:08,460

same colleague was still friends I live

1192

00:49:13,370 --> 00:49:10,079

in Germany now and I work with military

1193

00:49:15,170 --> 00:49:13,380

radar systems once more and I still

1194

00:49:18,650 --> 00:49:15,180

haven't heard or haven't seen anything

1195

00:49:21,589 --> 00:49:18,660

or any stories uh anything remotely

1196

00:49:23,809 --> 00:49:21,599

similar to what I've seen and experience

1197

00:49:26,270 --> 00:49:23,819

and I've I've trust me I'm out there all

1198

00:49:28,010 --> 00:49:26,280

the time when I can look in and it

1199

00:49:30,589 --> 00:49:28,020

hasn't I haven't seen anything like that

1200

00:49:32,870 --> 00:49:30,599

ever since and

1201
00:49:34,670 --> 00:49:32,880
um no Men In Black came to me nobody

1202
00:49:37,670 --> 00:49:34,680
wanted to know nobody asked me any

1203
00:49:40,370 --> 00:49:37,680
questions and everybody just thinks it's

1204
00:49:43,010 --> 00:49:40,380
a great old story and I'm spinning it

1205
00:49:44,809 --> 00:49:43,020
but I'm telling you that sort of sore I

1206
00:49:46,849 --> 00:49:44,819
can't explain it

1207
00:49:49,550 --> 00:49:46,859
I sometimes dream about the legs

1208
00:49:53,690 --> 00:49:49,560
sometimes and uh

1209
00:49:55,790 --> 00:49:53,700
yeah that's that's how it went and the

1210
00:49:57,410 --> 00:49:55,800
next time I was out on shift nothing

1211
00:50:00,710 --> 00:49:57,420
ever happened

1212
00:50:02,750 --> 00:50:00,720
and trust me I was looking for it and

1213
00:50:05,870 --> 00:50:02,760

saw nothing heard nothing and my dog

1214

00:50:10,450 --> 00:50:05,880

just continued on as per normal until

1215

00:50:13,580 --> 00:50:10,460

I got out so that's my UAP strange story

1216

00:50:23,210 --> 00:50:13,590

thanks for listening
