AND UFOS**
WITH JOHN GREENEWALD JR.

00:00:04,320 --> 00:00:02,450

[Music]

2
00:00:31,790 --> 00:00:04,330

foreign

3
00:00:38,330 --> 00:00:34,910

where is the UAP report we were promised

4
00:00:40,970 --> 00:00:38,340

a pentagon UFO report the first to come

5
00:00:43,250 --> 00:00:40,980

out of the arrow this new group that is

6
00:00:45,770 --> 00:00:43,260

going to be studying UFOs within the uh

7
00:00:47,810 --> 00:00:45,780

the National Intelligence Agency the

8
00:00:49,490 --> 00:00:47,820

default Department of Defense all these

9
00:00:51,590 --> 00:00:49,500

acronyms that I can't keep them straight

10
00:00:52,310 --> 00:00:51,600

maybe our guests can clear this up for

11
00:00:54,170 --> 00:00:52,320

me

12
00:00:56,209 --> 00:00:54,180

um but you know what let's just do it

13
00:00:58,729 --> 00:00:56,219

let's bring him in he looks ready um

14

00:01:01,130 --> 00:00:58,739

he's getting over over a cold so I

15

00:01:02,450 --> 00:01:01,140

really appreciate him coming in tonight

16

00:01:05,810 --> 00:01:02,460

so

17

00:01:10,550 --> 00:01:05,820

again

18

00:01:14,330 --> 00:01:12,649

I should unmute myself you just said I

19

00:01:17,090 --> 00:01:14,340

was a professional I'm like yeah maybe I

20

00:01:19,490 --> 00:01:17,100

should turn the mic on apparently uh

21

00:01:22,130 --> 00:01:19,500

that's good it's good to see you

22

00:01:24,289 --> 00:01:22,140

you too my man how you feeling

23

00:01:27,109 --> 00:01:24,299

getting over it it's this time of year

24

00:01:30,890 --> 00:01:27,119

man California goes from like shorts

25

00:01:33,170 --> 00:01:30,900

t-shirt weather uh hot go to the beach I

26

00:01:36,350 --> 00:01:33,180

kid you not literally a day later it's

27

00:01:37,910 --> 00:01:36,360

freezing we just got rain here it's that

28

00:01:38,990 --> 00:01:37,920

weather change that kills me every year

29

00:01:41,870 --> 00:01:39,000

so

30

00:01:43,910 --> 00:01:41,880

you know enough whining for me but uh

31

00:01:45,649 --> 00:01:43,920

but yeah it it just it gets me there's

32

00:01:48,350 --> 00:01:45,659

always one every year around this time

33

00:01:50,330 --> 00:01:48,360

that just knocks me out for two weeks so

34

00:01:52,550 --> 00:01:50,340

hopefully I'm on the the tail end of it

35

00:01:55,850 --> 00:01:52,560

but the story today was just kind of too

36

00:01:57,350 --> 00:01:55,860

much to to sit on and and wait until my

37

00:02:00,350 --> 00:01:57,360

voice was better so I thought I'd drop

38

00:02:01,850 --> 00:02:00,360

the video and and do it yeah well yeah

39

00:02:05,569 --> 00:02:01,860

and you dropped this video literally

40

00:02:07,730 --> 00:02:05,579

gosh 10 20 20 minutes ago

41

00:02:11,089 --> 00:02:07,740

um and this is some big news coming out

42

00:02:14,150 --> 00:02:11,099

about a lot of the recent stuff going on

43

00:02:16,250 --> 00:02:14,160

um everyone watching this has seen these

44

00:02:19,250 --> 00:02:16,260

Navy videos that we've been watching

45

00:02:21,229 --> 00:02:19,260

since 2017 that have made the rounds

46

00:02:23,270 --> 00:02:21,239

that were officially released by the

47

00:02:25,250 --> 00:02:23,280

Department of Defense there's so much

48

00:02:29,150 --> 00:02:25,260

you know we're going to be talking about

49

00:02:31,490 --> 00:02:29,160

these three videos forever but um what I

50

00:02:34,250 --> 00:02:31,500

think the UFO Community truly wants is

51
00:02:36,650 --> 00:02:34,260
more videos and we're excited because

52
00:02:38,930 --> 00:02:36,660
we're being told that they're looking at

53
00:02:41,270 --> 00:02:38,940
a lot more reports within the Pentagon

54
00:02:43,850 --> 00:02:41,280
on now than they did previously when

55
00:02:46,369 --> 00:02:43,860
this last assessment came out but the

56
00:02:48,110 --> 00:02:46,379
real question on everyone's mind is are

57
00:02:49,250 --> 00:02:48,120
we going to get more videos are there

58
00:02:51,229 --> 00:02:49,260
going to be things we could talk about

59
00:02:53,690 --> 00:02:51,239
for the next three four years and

60
00:02:56,570 --> 00:02:53,700
analyze so I gotta ask you what was this

61
00:02:58,850 --> 00:02:56,580
story you dropped today and uh hate us

62
00:03:01,070 --> 00:02:58,860
man hit us with the honest brutal truth

63
00:03:03,710 --> 00:03:01,080

about what you learned yeah it well it's

64

00:03:06,830 --> 00:03:03,720

both of those it's honest and brutal uh

65

00:03:08,690 --> 00:03:06,840

just to quickly preface the story if uh

66

00:03:10,430 --> 00:03:08,700

if you or your audience isn't aware a

67

00:03:12,710 --> 00:03:10,440

couple months ago I had published

68

00:03:14,149 --> 00:03:12,720

something and and put a video out as

69

00:03:16,910 --> 00:03:14,159

well they got some International

70

00:03:19,670 --> 00:03:16,920

attention and big headlines that the

71

00:03:21,830 --> 00:03:19,680

Navy was exempting 100 of their UAP

72

00:03:23,270 --> 00:03:21,840

videos now obviously we've seen the

73

00:03:26,149 --> 00:03:23,280

three videos that they have officially

74

00:03:27,949 --> 00:03:26,159

released they claim 100 of everything

75

00:03:30,410 --> 00:03:27,959

else that they have was was exempt from

76

00:03:33,589 --> 00:03:30,420

release due to national security reasons

77

00:03:35,930 --> 00:03:33,599

well after that happened and again there

78

00:03:38,690 --> 00:03:35,940

was quite a bit of media attention I had

79

00:03:40,910 --> 00:03:38,700

submitted a very lengthy appeal it's it

80

00:03:44,270 --> 00:03:40,920

was something that I would consider much

81

00:03:46,729 --> 00:03:44,280

bigger and more detailed than uh than I

82

00:03:48,530 --> 00:03:46,739

would normally submit on an appeal

83

00:03:50,690 --> 00:03:48,540

because I was really fighting for this

84

00:03:52,970 --> 00:03:50,700

but on top of it I really felt I had a

85

00:03:54,110 --> 00:03:52,980

strong case to get the Navy to reverse

86

00:03:56,869 --> 00:03:54,120

the decision

87

00:04:00,770 --> 00:03:56,879

so fast forward to a couple of hours ago

88

00:04:04,910 --> 00:04:00,780

I was about to do a interview in uh

89

00:04:07,610 --> 00:04:04,920

uh uh Denmark I believe they are and

90

00:04:09,289 --> 00:04:07,620

literally minutes before I go on we did

91

00:04:11,630 --> 00:04:09,299

the interview but minutes before I go on

92

00:04:13,369 --> 00:04:11,640

I get this denial letter and I'm like

93

00:04:15,350 --> 00:04:13,379

nah you got to be kidding me is this the

94

00:04:17,750 --> 00:04:15,360

same case and I looked up the case I

95

00:04:20,270 --> 00:04:17,760

went up that's it this is the one that I

96

00:04:20,930 --> 00:04:20,280

profiled that that

97

00:04:24,290 --> 00:04:20,940

um

98

00:04:26,689 --> 00:04:24,300

had denied 100 of the videos and

99

00:04:28,370 --> 00:04:26,699

essentially what happened was was and

100

00:04:30,230 --> 00:04:28,380

I'll pull it up on my end too just to

101
00:04:32,090 --> 00:04:30,240
make sure I'm not misquoting anybody but

102
00:04:33,650 --> 00:04:32,100
yeah the office of the Judge Advocate

103
00:04:35,150 --> 00:04:33,660
General had rendered their decision that

104
00:04:37,670 --> 00:04:35,160
they looked over everything that I put

105
00:04:40,550 --> 00:04:37,680
in the appeal and denied it so

106
00:04:42,650 --> 00:04:40,560
essentially they agreed with the Navy uh

107
00:04:45,170 --> 00:04:42,660
for withholding everything and I lost

108
00:04:47,150 --> 00:04:45,180
now one thing I put in my video that I

109
00:04:48,710 --> 00:04:47,160
want to kind of relay here is why is

110
00:04:50,090 --> 00:04:48,720
this important you know some people may

111
00:04:52,370 --> 00:04:50,100
think well you know they're Secrets

112
00:04:53,450 --> 00:04:52,380
there's there's secrecy all around you

113
00:04:55,610 --> 00:04:53,460

know who cares it's the government

114

00:04:58,070 --> 00:04:55,620

they'll never tell you anything these

115

00:05:01,490 --> 00:04:58,080

types of decisions are what play a role

116

00:05:04,189 --> 00:05:01,500

in future disclosures pardon pardon the

117

00:05:06,830 --> 00:05:04,199

word usage but disclosures in the sense

118

00:05:10,850 --> 00:05:06,840

of releases to the public uh either

119

00:05:13,850 --> 00:05:10,860

through foia or MDR or just them wanting

120

00:05:15,770 --> 00:05:13,860

to be transparent when they review stuff

121

00:05:18,350 --> 00:05:15,780

like this and make a decision at an

122

00:05:20,629 --> 00:05:18,360

appellate level not at a foia level even

123

00:05:23,810 --> 00:05:20,639

though I lost that part second would be

124

00:05:26,450 --> 00:05:23,820

the pellet level now you're getting a

125

00:05:28,370 --> 00:05:26,460

much more serious decision making my

126

00:05:30,710 --> 00:05:28,380

next step is to go into a courtroom and

127

00:05:32,330 --> 00:05:30,720

deplete my case to a judge the problem

128

00:05:34,790 --> 00:05:32,340

with that is we're talking about

129

00:05:37,129 --> 00:05:34,800

National Security so the exact reason

130

00:05:39,350 --> 00:05:37,139

that they they are denying all of this

131

00:05:42,230 --> 00:05:39,360

they won't tell you they'll tell you the

132

00:05:45,290 --> 00:05:42,240

broad stroke language but we don't know

133

00:05:46,909 --> 00:05:45,300

exactly why these videos fit into that

134

00:05:49,850 --> 00:05:46,919

criteria so how do you fight something

135

00:05:52,430 --> 00:05:49,860

you don't know so beyond my appeal which

136

00:05:54,409 --> 00:05:52,440

I which I put a lot of effort into how

137

00:05:57,050 --> 00:05:54,419

do you fight what you are not told on

138

00:05:58,730 --> 00:05:57,060

why they are are denying this so that's

139

00:06:00,950 --> 00:05:58,740

why this is important because now this

140

00:06:03,469 --> 00:06:00,960

can resonate to other military branches

141

00:06:06,290 --> 00:06:03,479

as if it hasn't already that this could

142

00:06:09,590 --> 00:06:06,300

play a role in uh their decision to

143

00:06:12,110 --> 00:06:09,600

release UFO UAP videos for years to come

144

00:06:14,810 --> 00:06:12,120

and the reason I say years is everything

145

00:06:16,670 --> 00:06:14,820

that they reviewed by the letter of the

146

00:06:19,550 --> 00:06:16,680

law they do not have to review it again

147

00:06:21,830 --> 00:06:19,560

for two years they can cite these cases

148

00:06:24,170 --> 00:06:21,840

and go sorry you you know that there's

149

00:06:26,809 --> 00:06:24,180

been a review and they will blanket deny

150

00:06:30,290 --> 00:06:26,819

it for for two more years and then you

151
00:06:31,730 --> 00:06:30,300
can submit a let's say MDR and hopefully

152
00:06:34,010 --> 00:06:31,740
get them to review it again and release

153
00:06:36,529 --> 00:06:34,020
it but we're two years out from that so

154
00:06:37,850 --> 00:06:36,539
it's a big development because uh just

155
00:06:39,710 --> 00:06:37,860
to close the thought you've got people

156
00:06:40,909 --> 00:06:39,720
out there that are using the disclosure

157
00:06:42,290 --> 00:06:40,919
word

158
00:06:44,390 --> 00:06:42,300
um they feel that Congress being

159
00:06:46,969 --> 00:06:44,400
involved will somehow Trump National

160
00:06:49,249 --> 00:06:46,979
Security and I've long warned against

161
00:06:50,930 --> 00:06:49,259
that Congress does not Trump National

162
00:06:53,689 --> 00:06:50,940
Security they don't just say well look

163
00:06:55,730 --> 00:06:53,699

my my constituents want to know so you

164

00:06:57,830 --> 00:06:55,740

have to tell us that's not how that

165

00:06:59,390 --> 00:06:57,840

works uh that's why there's closed door

166

00:07:01,670 --> 00:06:59,400

sessions that's why there's classified

167

00:07:04,490 --> 00:07:01,680

briefings that's why they hold security

168

00:07:07,129 --> 00:07:04,500

uh Oaths it's because they will

169

00:07:10,790 --> 00:07:07,139

represent us in the halls of Congress

170

00:07:12,350 --> 00:07:10,800

asking odni questions or Navy or DOD or

171

00:07:14,930 --> 00:07:12,360

whomever but when it comes to

172

00:07:17,930 --> 00:07:14,940

classification they cannot Trump that

173

00:07:21,650 --> 00:07:17,940

and so what that essentially translates

174

00:07:24,290 --> 00:07:21,660

to is Congress will want to relay to

175

00:07:26,270 --> 00:07:24,300

their constituents they're on it but at

176

00:07:28,249 --> 00:07:26,280

the end of the day that secrecy is even

177

00:07:29,809 --> 00:07:28,259

thicker than it was yesterday which is

178

00:07:32,870 --> 00:07:29,819

pretty frustrating

179

00:07:35,210 --> 00:07:32,880

yeah I remember I think last time we had

180

00:07:38,749 --> 00:07:35,220

you on uh actually this is when you

181

00:07:41,930 --> 00:07:38,759

brought up these exact points of the

182

00:07:43,610 --> 00:07:41,940

more they get involved the less we're

183

00:07:45,650 --> 00:07:43,620

probably going to know the more they can

184

00:07:47,870 --> 00:07:45,660

put their you know wrap their fingers

185

00:07:49,730 --> 00:07:47,880

around it and and close the door a

186

00:07:52,370 --> 00:07:49,740

little tighter on us with classification

187

00:07:53,990 --> 00:07:52,380

and what not just with a UFO topic like

188

00:07:57,529 --> 00:07:54,000

we're seeing over classification

189

00:08:00,290 --> 00:07:57,539

happening all over the Pentagon for all

190

00:08:02,150 --> 00:08:00,300

so many different reasons so why

191

00:08:04,129 --> 00:08:02,160

wouldn't it involve this topic and why

192

00:08:06,230 --> 00:08:04,139

wouldn't they use the I guess the

193

00:08:08,270 --> 00:08:06,240

blanket statement of National Security

194

00:08:10,790 --> 00:08:08,280

as a reason that we're not getting

195

00:08:14,870 --> 00:08:10,800

things or the reason that they just flat

196

00:08:16,969 --> 00:08:14,880

out lie or you know turn about face when

197

00:08:18,830 --> 00:08:16,979

they're responding to you in your in

198

00:08:21,350 --> 00:08:18,840

your requests and whatnot like I know

199

00:08:24,589 --> 00:08:21,360

for a fact and you've stated like you've

200

00:08:26,570 --> 00:08:24,599

gotten contradicting uh responses from

201

00:08:28,670 --> 00:08:26,580

different people throughout time uh

202

00:08:30,850 --> 00:08:28,680

showing clearly there's some sort of

203

00:08:34,029 --> 00:08:30,860

cover-up or there's some sort sort of um

204

00:08:37,909 --> 00:08:34,039

dishonesty going on uh it's it's it's

205

00:08:40,250 --> 00:08:37,919

sobering it's unfortunate but um I I

206

00:08:41,510 --> 00:08:40,260

guess my question for you John is uh and

207

00:08:43,130 --> 00:08:41,520

I really want people to go over and

208

00:08:45,470 --> 00:08:43,140

watch the video guys so definitely go

209

00:08:48,290 --> 00:08:45,480

watch that where John's gonna go into a

210

00:08:50,750 --> 00:08:48,300

lot more detail about this but um what

211

00:08:53,030 --> 00:08:50,760

do you think this says we're now two

212

00:08:57,290 --> 00:08:53,040

weeks out and we haven't gotten this new

213

00:08:59,810 --> 00:08:57,300

report coming out uh do you think this

214

00:09:02,690 --> 00:08:59,820

story uh this response you got has

215

00:09:05,389 --> 00:09:02,700

anything to do with that I mean are we

216

00:09:07,670 --> 00:09:05,399

seeing like uh I don't know are they all

217

00:09:11,750 --> 00:09:07,680

backtracking now and not giving this new

218

00:09:14,389 --> 00:09:11,760

uh Arrow group their information or what

219

00:09:17,690 --> 00:09:14,399

do you I I guess my big question is

220

00:09:19,130 --> 00:09:17,700

um where do you stand on why we haven't

221

00:09:21,290 --> 00:09:19,140

gotten this report that was supposed to

222

00:09:23,810 --> 00:09:21,300

come out two weeks ago at this point

223

00:09:26,090 --> 00:09:23,820

well my guess is as good as anybody is I

224

00:09:28,430 --> 00:09:26,100

mean I really don't have or claim to

225

00:09:32,750 --> 00:09:28,440

have any Insider information

226

00:09:35,269 --> 00:09:32,760

um I I believe that uh part of this uh

227

00:09:37,970 --> 00:09:35,279

is due to a rewrite I know that that has

228

00:09:39,590 --> 00:09:37,980

been bantered about online I don't think

229

00:09:41,630 --> 00:09:39,600

what has been bantered about on Twitter

230

00:09:42,949 --> 00:09:41,640

is entirely accurate when it comes to a

231

00:09:45,889 --> 00:09:42,959

rewrite but I don't have the answer to

232

00:09:48,110 --> 00:09:45,899

that either I wish I did I aim to find

233

00:09:50,690 --> 00:09:48,120

that out but from what I understand yes

234

00:09:53,750 --> 00:09:50,700

the the the rewrite word came up or a

235

00:09:57,650 --> 00:09:53,760

request came up and they have been uh

236

00:09:59,509 --> 00:09:57,660

essentially reworking the report again I

237

00:10:02,269 --> 00:09:59,519

aim to go after all of this the problem

238

00:10:04,610 --> 00:10:02,279

with doing it now meaning filing cases

239

00:10:07,250 --> 00:10:04,620

to try and answer those questions it's

240

00:10:10,490 --> 00:10:07,260

all still unfolding we don't have an

241

00:10:12,470 --> 00:10:10,500

answer to it as far as I'm aware the

242

00:10:14,630 --> 00:10:12,480

report has not been delivered either at

243

00:10:17,210 --> 00:10:14,640

a classified level or unclassified level

244

00:10:20,150 --> 00:10:17,220

I look forward to anybody making those

245

00:10:21,949 --> 00:10:20,160

claims to show the proof but there's no

246

00:10:24,470 --> 00:10:21,959

proof that that's actually hap and so

247

00:10:26,509 --> 00:10:24,480

what what hurts all of this is all these

248

00:10:28,730 --> 00:10:26,519

claims that are being made online by

249

00:10:31,790 --> 00:10:28,740

various people and we don't really have

250

00:10:33,889 --> 00:10:31,800

any answers yet uh why it is going back

251
00:10:36,470 --> 00:10:33,899
to the root of your question again I

252
00:10:38,990 --> 00:10:36,480
really don't know I'm not sure

253
00:10:40,610 --> 00:10:39,000
um I got a lot of heat big shocker for

254
00:10:43,310 --> 00:10:40,620
putting out the the sentiment that I

255
00:10:45,829 --> 00:10:43,320
think that there's a maybe waning

256
00:10:48,470 --> 00:10:45,839
Congressional interest in this and and

257
00:10:51,170 --> 00:10:48,480
as that interest maybe wanes a little

258
00:10:53,389 --> 00:10:51,180
bit for whatever reason uh you don't

259
00:10:55,970 --> 00:10:53,399
have the motivation for them to be on

260
00:10:58,430 --> 00:10:55,980
time and last year was encouraging

261
00:11:00,829 --> 00:10:58,440
because it was on time and one thing I

262
00:11:03,410 --> 00:11:00,839
pointed out today on my channel was That

263
00:11:05,090 --> 00:11:03,420

and the run-up to that report

264

00:11:07,910 --> 00:11:05,100

you had all these news agencies that

265

00:11:09,710 --> 00:11:07,920

were doing different stories you had TMZ

266

00:11:11,150 --> 00:11:09,720

doing man on the streets running around

267

00:11:13,190 --> 00:11:11,160

with like cell phone camera what do you

268

00:11:14,930 --> 00:11:13,200

think of the UAP stuff and and getting

269

00:11:17,389 --> 00:11:14,940

these sound bites that all of us would

270

00:11:21,050 --> 00:11:17,399

love because these big voices were

271

00:11:23,269 --> 00:11:21,060

talking about UAP on Fox news on CNN on

272

00:11:25,310 --> 00:11:23,279

the street with TMZ you know fill in the

273

00:11:26,810 --> 00:11:25,320

blank it was all over the place this

274

00:11:28,730 --> 00:11:26,820

time around you don't see that as much

275

00:11:31,190 --> 00:11:28,740

of course there's a few videos here and

276

00:11:33,050 --> 00:11:31,200

there but I would I would definitely put

277

00:11:35,630 --> 00:11:33,060

up the argument that the interest there

278

00:11:37,670 --> 00:11:35,640

by the media which then fuels the

279

00:11:39,230 --> 00:11:37,680

motivation by Congress to to get

280

00:11:41,750 --> 00:11:39,240

involved because they love the spotlight

281

00:11:44,030 --> 00:11:41,760

let's let's not forget that aspect to

282

00:11:45,050 --> 00:11:44,040

this it's not all about them wanting to

283

00:11:47,630 --> 00:11:45,060

be

284

00:11:49,730 --> 00:11:47,640

um uh transparent and push for

285

00:11:51,410 --> 00:11:49,740

transparency on UAP I hate to say it but

286

00:11:53,509 --> 00:11:51,420

they're politicians so they're going to

287

00:11:56,150 --> 00:11:53,519

go where that interest is to stay in the

288

00:11:59,210 --> 00:11:56,160

spotlight to make everybody happy and

289

00:12:01,550 --> 00:11:59,220

yeah get the votes I'm sorry uh that's

290

00:12:03,350 --> 00:12:01,560

just the reality to it so this time

291

00:12:04,970 --> 00:12:03,360

around you don't have that and a lot of

292

00:12:06,889 --> 00:12:04,980

of people push back on me saying well

293

00:12:09,769 --> 00:12:06,899

we're in the middle of midterms so they

294

00:12:11,329 --> 00:12:09,779

let it go and I'm a big believer that

295

00:12:13,790 --> 00:12:11,339

you know I harp on the government a lot

296

00:12:15,230 --> 00:12:13,800

but they can walk and chew gum so if

297

00:12:17,690 --> 00:12:15,240

they can't go through that midterm

298

00:12:20,090 --> 00:12:17,700

season and still ask an agency about a

299

00:12:22,190 --> 00:12:20,100

congressionally mandated report that's

300

00:12:25,670 --> 00:12:22,200

an issue you know I mean that's that's a

301
00:12:29,990 --> 00:12:25,680
problem so what what is the answer is it

302
00:12:31,970 --> 00:12:30,000
a a waning interest I hope not did odni

303
00:12:34,009 --> 00:12:31,980
contact Congress you know let's say a

304
00:12:35,930 --> 00:12:34,019
week before the deadline and say hey

305
00:12:38,150 --> 00:12:35,940
we're going to be late that's a

306
00:12:40,910 --> 00:12:38,160
possibility too and and Congress doesn't

307
00:12:43,190 --> 00:12:40,920
have any requirement to tell us about

308
00:12:46,129 --> 00:12:43,200
that or odni

309
00:12:48,290 --> 00:12:46,139
um a little interesting note odni can

310
00:12:49,910 --> 00:12:48,300
rarely if ever put out official

311
00:12:51,829 --> 00:12:49,920
statements about their Congressional

312
00:12:53,750 --> 00:12:51,839
correspondence

313
00:12:55,310 --> 00:12:53,760

um mainly because the public record

314

00:12:56,870 --> 00:12:55,320

accession acts like the Freedom of

315

00:12:59,930 --> 00:12:56,880

Information Act they don't apply to

316

00:13:02,870 --> 00:12:59,940

Congress so you very rarely unless uh

317

00:13:05,449 --> 00:13:02,880

you know it's approved get odni to talk

318

00:13:07,610 --> 00:13:05,459

about or any agency to talk about their

319

00:13:10,250 --> 00:13:07,620

direct communication with Congress

320

00:13:12,769 --> 00:13:10,260

because that's just not how that works

321

00:13:15,769 --> 00:13:12,779

so rather you you need Congress to speak

322

00:13:18,110 --> 00:13:15,779

for Congress and uh if they don't want

323

00:13:19,550 --> 00:13:18,120

to tell you there's there's no it

324

00:13:22,069 --> 00:13:19,560

doesn't matter they don't care to tell

325

00:13:23,990 --> 00:13:22,079

you so we're just kind of left to to

326

00:13:26,389 --> 00:13:24,000

speculate and that's I think where the

327

00:13:28,850 --> 00:13:26,399

damage is coming in because now you have

328

00:13:31,009 --> 00:13:28,860

the speculation you have the the

329

00:13:33,290 --> 00:13:31,019

accusations you have all this stuff

330

00:13:35,329 --> 00:13:33,300

going on even news articles writing

331

00:13:39,829 --> 00:13:35,339

about reports that don't even exist yet

332

00:13:41,389 --> 00:13:39,839

so how did that happen uh that's I in my

333

00:13:43,610 --> 00:13:41,399

opinion may be further supporting that

334

00:13:45,769 --> 00:13:43,620

there was some finished product and then

335

00:13:47,930 --> 00:13:45,779

somebody squawked to the New York Times

336

00:13:51,050 --> 00:13:47,940

in the Daily Mail may have been the same

337

00:13:52,790 --> 00:13:51,060

Source who knows but you know there's a

338

00:13:55,190 --> 00:13:52,800

lot of these weird unanswered questions

339

00:13:57,350 --> 00:13:55,200

floating around but at the end of the

340

00:13:59,990 --> 00:13:57,360

day we just don't know yet and I look

341

00:14:02,269 --> 00:14:00,000

forward to figuring it all out but until

342

00:14:04,850 --> 00:14:02,279

we get the confirmation that the report

343

00:14:07,069 --> 00:14:04,860

either classified unclassified or both

344

00:14:09,290 --> 00:14:07,079

is delivered to Congress that's when I

345

00:14:11,269 --> 00:14:09,300

can act through foia and then put it in

346

00:14:12,710 --> 00:14:11,279

writing but until then they'll likely

347

00:14:14,050 --> 00:14:12,720

reject it because it's still in draft

348

00:14:16,730 --> 00:14:14,060

form

349

00:14:19,069 --> 00:14:16,740

gotcha gotcha yeah and that's all we're

350

00:14:21,889 --> 00:14:19,079

waiting for every time there's a gap or

351

00:14:23,990 --> 00:14:21,899

a void that's when we depend on you to

352

00:14:26,810 --> 00:14:24,000

fill in those gaps and voids with facts

353

00:14:28,970 --> 00:14:26,820

not speculation facts no pressure my man

354

00:14:31,430 --> 00:14:28,980

I gotta ask you this um I don't want to

355

00:14:33,949 --> 00:14:31,440

keep you too long I know you're full a

356

00:14:35,930 --> 00:14:33,959

full afternoon uh timberchet recently

357

00:14:38,210 --> 00:14:35,940

saying Congress is compromised sounded

358

00:14:40,670 --> 00:14:38,220

both plausible and dangerous what do you

359

00:14:42,530 --> 00:14:40,680

think John talk about speculation we

360

00:14:46,129 --> 00:14:42,540

have a congress member saying that some

361

00:14:49,370 --> 00:14:46,139

members might be compromised by Arrow by

362

00:14:51,949 --> 00:14:49,380

the Pentagon uh to not

363

00:14:53,870 --> 00:14:51,959

push this topic forward when you know

364

00:14:56,090 --> 00:14:53,880

when these Congressional hearings were

365

00:14:57,650 --> 00:14:56,100

taking place uh they were really pushing

366

00:14:59,509 --> 00:14:57,660

for it uh what do you make of this

367

00:15:02,389 --> 00:14:59,519

theory that yeah maybe they're

368

00:15:04,430 --> 00:15:02,399

compromised I don't know I I just heard

369

00:15:06,530 --> 00:15:04,440

that myself I think term burchett's an

370

00:15:09,350 --> 00:15:06,540

interesting voice in all of this he had

371

00:15:12,230 --> 00:15:09,360

retweeted something that I had posted a

372

00:15:14,389 --> 00:15:12,240

few months back and uh told me to keep

373

00:15:16,129 --> 00:15:14,399

pushing that it was a cover-up and when

374

00:15:18,110 --> 00:15:16,139

you have a sitting Congressman retweet

375

00:15:19,790 --> 00:15:18,120

you and on anything and say it's a

376

00:15:21,829 --> 00:15:19,800

cover-up it's a very interesting

377

00:15:23,930 --> 00:15:21,839

accusation to make and when you fast

378

00:15:26,509 --> 00:15:23,940

forward and see his history with this

379

00:15:28,850 --> 00:15:26,519

and now saying Congress is compromised

380

00:15:30,590 --> 00:15:28,860

I'd love to pick his brain and ask him

381

00:15:33,110 --> 00:15:30,600

why he says that I mean those are big

382

00:15:36,350 --> 00:15:33,120

allegations to make are they you know

383

00:15:39,410 --> 00:15:36,360

political shots across the bow is this

384

00:15:41,329 --> 00:15:39,420

real information that he has I don't

385

00:15:43,490 --> 00:15:41,339

know I mean again it's it's speculation

386

00:15:45,350 --> 00:15:43,500

but it piqued my interest for somebody

387

00:15:47,449 --> 00:15:45,360

who's who's sitting in Congress to make

388

00:15:49,310 --> 00:15:47,459

that accusation and the reason why I

389

00:15:52,069 --> 00:15:49,320

brought up the retweet on my stuff call

390

00:15:56,569 --> 00:15:52,079

calling it a cover-up is that now he's

391

00:15:58,370 --> 00:15:56,579

got a a clear history of essentially

392

00:16:00,410 --> 00:15:58,380

supporting that idea supporting the

393

00:16:02,210 --> 00:16:00,420

notion that the government is lying to

394

00:16:04,550 --> 00:16:02,220

us they're covering something up and

395

00:16:07,730 --> 00:16:04,560

potentially compromised the compromise

396

00:16:10,910 --> 00:16:07,740

is an interesting word choice um again I

397

00:16:13,129 --> 00:16:10,920

that I I don't want to speculate on uh

398

00:16:14,810 --> 00:16:13,139

but but what one thing that I will talk

399

00:16:18,410 --> 00:16:14,820

about more kind of broadly and

400

00:16:20,030 --> 00:16:18,420

generically uh is when Congress people

401
00:16:22,550 --> 00:16:20,040
go through these briefings and they hear

402
00:16:23,210 --> 00:16:22,560
what they're they're going to hear

403
00:16:25,430 --> 00:16:23,220
um

404
00:16:28,490 --> 00:16:25,440
I want to know if that's kind of the

405
00:16:30,410 --> 00:16:28,500
root cause of them with their waning

406
00:16:32,870 --> 00:16:30,420
interest that they start hearing things

407
00:16:35,150 --> 00:16:32,880
uh that doesn't mean they're necessarily

408
00:16:36,949 --> 00:16:35,160
compromised but rather the questions

409
00:16:41,150 --> 00:16:36,959
that they had while they were on that

410
00:16:42,829 --> 00:16:41,160
TMZ show or Fox News or CNN or whomever

411
00:16:45,050 --> 00:16:42,839
um they start to get answers a little

412
00:16:48,290 --> 00:16:45,060
bit but the answers come in a classified

413
00:16:49,990 --> 00:16:48,300

realm and so now you have to back off a

414

00:16:52,730 --> 00:16:50,000

little bit and stop pushing the issue

415

00:16:55,790 --> 00:16:52,740

I've I've long talked about what I call

416

00:16:58,490 --> 00:16:55,800

the counterintelligence value to the UAP

417

00:17:00,829 --> 00:16:58,500

discussion and essentially what I mean

418

00:17:04,250 --> 00:17:00,839

by it is there are so many layers to

419

00:17:05,710 --> 00:17:04,260

this onion that the U.S military the

420

00:17:08,929 --> 00:17:05,720

intelligence agencies and the government

421

00:17:10,850 --> 00:17:08,939

can use it for counterintelligence

422

00:17:14,270 --> 00:17:10,860

purposes that sounds conspiratorial but

423

00:17:17,210 --> 00:17:14,280

it's it's absolutely what they do all

424

00:17:19,309 --> 00:17:17,220

the time and I think that by pleading

425

00:17:21,590 --> 00:17:19,319

ignorance on certain things I quote

426

00:17:24,409 --> 00:17:21,600

unquote identifying things in other

427

00:17:26,090 --> 00:17:24,419

instances you are playing a game not

428

00:17:29,090 --> 00:17:26,100

necessarily with the target of the

429

00:17:31,669 --> 00:17:29,100

American people but rather the worldwide

430

00:17:34,310 --> 00:17:31,679

audience and the worldwide intelligence

431

00:17:35,930 --> 00:17:34,320

agencies that they look now into America

432

00:17:38,570 --> 00:17:35,940

and they think well the crazy Americans

433

00:17:40,190 --> 00:17:38,580

are pushing UFO stuff and then all of a

434

00:17:41,930 --> 00:17:40,200

sudden the government I'll just take one

435

00:17:44,169 --> 00:17:41,940

example that I'm sure will fire up some

436

00:17:46,430 --> 00:17:44,179

people but like the 2004 Nimitz

437

00:17:49,010 --> 00:17:46,440

encounter I don't know if that was

438

00:17:51,350 --> 00:17:49,020

classified Tech or a foreign piece of

439

00:17:54,230 --> 00:17:51,360

classified Tech or whatever it might be

440

00:17:56,150 --> 00:17:54,240

but if they start saying

441

00:17:57,650 --> 00:17:56,160

we don't know what this is and this is a

442

00:17:58,970 --> 00:17:57,660

hypothetical I'm not saying this is true

443

00:18:01,190 --> 00:17:58,980

for anybody who's going to attack me

444

00:18:03,289 --> 00:18:01,200

after but the hypothetical saying they

445

00:18:05,630 --> 00:18:03,299

look at that the military says oh we

446

00:18:08,510 --> 00:18:05,640

have no idea what that Nimitz uh

447

00:18:11,330 --> 00:18:08,520

encounter is and let's just say it was a

448

00:18:14,150 --> 00:18:11,340

Chinese platform that that encroached

449

00:18:17,270 --> 00:18:14,160

onto a naval training exercise

450

00:18:19,130 --> 00:18:17,280

um whatever fill in the blank what are

451
00:18:21,470 --> 00:18:19,140
you doing by saying you don't know what

452
00:18:22,909 --> 00:18:21,480
that is you're confusing the heck out of

453
00:18:24,650 --> 00:18:22,919
the other intelligence agencies going

454
00:18:26,990 --> 00:18:24,660
wait a minute they really didn't know

455
00:18:29,630 --> 00:18:27,000
that was us we thought that they saw

456
00:18:31,190 --> 00:18:29,640
that it was us but you know it's just

457
00:18:34,010 --> 00:18:31,200
kind of those war games that we've

458
00:18:36,650 --> 00:18:34,020
played for decades

459
00:18:39,049 --> 00:18:36,660
um the Russians and even uh formerly the

460
00:18:41,390 --> 00:18:39,059
Soviet Union were doing the exact same

461
00:18:43,250 --> 00:18:41,400
thing not talking about each other in

462
00:18:45,529 --> 00:18:43,260
the same exact Waters that they would

463
00:18:47,870 --> 00:18:45,539

run and there are documented incidents

464

00:18:50,570 --> 00:18:47,880

where submarines would actually scrape

465

00:18:52,430 --> 00:18:50,580

holes going past each other but the

466

00:18:54,169 --> 00:18:52,440

governments wouldn't talk about it right

467

00:18:56,029 --> 00:18:54,179

so it was kind of like this Mutual we

468

00:18:57,830 --> 00:18:56,039

knew you were there but we're not going

469

00:18:59,210 --> 00:18:57,840

to talk about it or acknowledge it and

470

00:19:01,669 --> 00:18:59,220

they would they would do these kind of

471

00:19:03,650 --> 00:19:01,679

War games so again that

472

00:19:07,370 --> 00:19:03,660

counterintelligence value to situations

473

00:19:09,169 --> 00:19:07,380

like that is absolute gold but before

474

00:19:11,630 --> 00:19:09,179

anybody thinks that I'm saying it's all

475

00:19:13,549 --> 00:19:11,640

classified Tech it works on the other

476

00:19:15,890 --> 00:19:13,559

end too when you have a certain

477

00:19:18,890 --> 00:19:15,900

percentage of cases that don't have an

478

00:19:21,470 --> 00:19:18,900

identification that truly don't have an

479

00:19:23,870 --> 00:19:21,480

ID we have no idea what these are and I

480

00:19:25,690 --> 00:19:23,880

think albeit a small percentage I do

481

00:19:28,970 --> 00:19:25,700

think that they're out there

482

00:19:32,270 --> 00:19:28,980

now by kind of just throwing all this

483

00:19:34,909 --> 00:19:32,280

mud out there you kind of hide that in

484

00:19:37,310 --> 00:19:34,919

the process you hide that in the mud so

485

00:19:39,890 --> 00:19:37,320

to speak and so it makes it increasingly

486

00:19:43,190 --> 00:19:39,900

difficult for people like me you your

487

00:19:45,470 --> 00:19:43,200

audience to decipher what in the heck is

488

00:19:47,210 --> 00:19:45,480

going on and and that's where that

489

00:19:49,549 --> 00:19:47,220

counterintelligence value comes in

490

00:19:53,029 --> 00:19:49,559

because now you're having the discussion

491

00:19:55,730 --> 00:19:53,039

so you satisfy the public demand you're

492

00:19:57,230 --> 00:19:55,740

creating reports which you know some are

493

00:19:59,390 --> 00:19:57,240

identified some are not there's a

494

00:20:01,190 --> 00:19:59,400

balloon you're showing progress if the

495

00:20:03,289 --> 00:20:01,200

New York Times is accurate with their

496

00:20:05,450 --> 00:20:03,299

summation even though Julian Barnes had

497

00:20:07,370 --> 00:20:05,460

some silly word choices but let's say

498

00:20:10,190 --> 00:20:07,380

that that's happening you've now

499

00:20:12,830 --> 00:20:10,200

satisfied Congress uh but on the world

500

00:20:16,010 --> 00:20:12,840

stage you're also confusing all of these

501
00:20:18,830 --> 00:20:16,020
world powers and in the process and the

502
00:20:20,810 --> 00:20:18,840
true mystery Behind These phenomena the

503
00:20:24,830 --> 00:20:20,820
stuff that all of us are really kind of

504
00:20:27,770 --> 00:20:24,840
the most drawn to uh you hide it all in

505
00:20:30,770 --> 00:20:27,780
that mud and I and I think in my opinion

506
00:20:33,770 --> 00:20:30,780
that's what's going on right now uh that

507
00:20:37,010 --> 00:20:33,780
that they are using this topic to just

508
00:20:39,049 --> 00:20:37,020
throw mud out there to where people just

509
00:20:42,169 --> 00:20:39,059
give up and you you actually see that

510
00:20:43,850 --> 00:20:42,179
right now with a lot of of voices that

511
00:20:46,430 --> 00:20:43,860
over the last couple of years where big

512
00:20:48,409 --> 00:20:46,440
advocates for transparency

513
00:20:50,870 --> 00:20:48,419

um call them activists if you want

514

00:20:53,690 --> 00:20:50,880

whatever they're doing all of that and

515

00:20:55,070 --> 00:20:53,700

they've gotten so frustrated and it's a

516

00:20:57,470 --> 00:20:55,080

growing list I'm not just talking about

517

00:21:00,110 --> 00:20:57,480

one or two but it's a growing list of

518

00:21:01,669 --> 00:21:00,120

people that just say I'm done I forget

519

00:21:05,570 --> 00:21:01,679

it there's nothing to this because they

520

00:21:07,370 --> 00:21:05,580

get so frustrated with it someone in my

521

00:21:09,470 --> 00:21:07,380

channel while the my video was playing

522

00:21:12,110 --> 00:21:09,480

they were so frustrated they said I've

523

00:21:14,630 --> 00:21:12,120

invested 30 years of my life in this I'm

524

00:21:16,789 --> 00:21:14,640

out I'm like whoa wait that's not my

525

00:21:19,970 --> 00:21:16,799

intent with this video don't get that

526

00:21:22,549 --> 00:21:19,980

don't get that frustrated but that is

527

00:21:25,789 --> 00:21:22,559

part of this Arena and we can't let them

528

00:21:28,669 --> 00:21:25,799

win and we can't let them achieve that

529

00:21:31,190 --> 00:21:28,679

if that really is going on and I I told

530

00:21:32,990 --> 00:21:31,200

myself that 26 years ago when I was 15.

531

00:21:34,669 --> 00:21:33,000

if there was a government cover-up they

532

00:21:37,310 --> 00:21:34,679

would frustrate me to no end and they'd

533

00:21:39,950 --> 00:21:37,320

want me to stop and I vowed and this is

534

00:21:41,750 --> 00:21:39,960

not an exaggeration I vowed to myself at

535

00:21:43,970 --> 00:21:41,760

that point

536

00:21:46,310 --> 00:21:43,980

um it was like in the first few months

537

00:21:47,870 --> 00:21:46,320

first six months of using foia I'm like

538

00:21:49,130 --> 00:21:47,880

wow there's really a cover up here this

539

00:21:52,270 --> 00:21:49,140

is what they want me to do because I was

540

00:21:54,590 --> 00:21:52,280

getting frustrated uh even back then now

541

00:21:57,350 --> 00:21:54,600

the stories that's going on now Trump

542

00:21:59,029 --> 00:21:57,360

those but uh I told myself don't do it

543

00:22:01,190 --> 00:21:59,039

that I mean look if there's this massive

544

00:22:03,289 --> 00:22:01,200

cover-up which I believe now is easily

545

00:22:05,990 --> 00:22:03,299

provable uh they want you to go away

546

00:22:07,789 --> 00:22:06,000

don't do it and that's what I kind of

547

00:22:09,649 --> 00:22:07,799

feel is going on now and we're seeing a

548

00:22:11,510 --> 00:22:09,659

growing number of voices that are just

549

00:22:15,230 --> 00:22:11,520

saying forget it I'm done they're out

550

00:22:18,529 --> 00:22:15,240

and uh and it's uh painful to see I I

551

00:22:20,990 --> 00:22:18,539

wish I didn't see that yeah I know you

552

00:22:23,090 --> 00:22:21,000

know and there are specific people we

553

00:22:26,149 --> 00:22:23,100

could point out who you know were big

554

00:22:27,950 --> 00:22:26,159

activists and just kind of moved on kind

555

00:22:31,130 --> 00:22:27,960

of you know took off the rose-colored

556

00:22:34,190 --> 00:22:31,140

glasses and saw the deception that we

557

00:22:36,649 --> 00:22:34,200

deal with in this field uh gosh ever

558

00:22:39,710 --> 00:22:36,659

since the beginning and it's frustrating

559

00:22:42,350 --> 00:22:39,720

John I know you uh me many others in

560

00:22:45,289 --> 00:22:42,360

this chat we all have been in this God

561

00:22:47,210 --> 00:22:45,299

I'm going on like over 20 years now

562

00:22:49,850 --> 00:22:47,220

um I know you're you're comparable to

563

00:22:53,630 --> 00:22:49,860

that as well and it is frustrating

564

00:22:54,830 --> 00:22:53,640

because ever since that 2017 article

565

00:22:57,110 --> 00:22:54,840

came out

566

00:22:58,909 --> 00:22:57,120

so many of the people in this field just

567

00:23:02,210 --> 00:22:58,919

had a funny feeling from the very start

568

00:23:04,610 --> 00:23:02,220

and I had it I I'm sure I don't want to

569

00:23:06,590 --> 00:23:04,620

speak for you but I'm sure you obviously

570

00:23:08,270 --> 00:23:06,600

were very skeptical

571

00:23:10,490 --> 00:23:08,280

um I ruffled some feathers in the

572

00:23:12,710 --> 00:23:10,500

beginning I think yeah as you should

573

00:23:14,270 --> 00:23:12,720

have and as you're still doing and

574

00:23:16,210 --> 00:23:14,280

that's what we need

575

00:23:18,470 --> 00:23:16,220

um it's very

576

00:23:21,770 --> 00:23:18,480

disheartening and it does make like I've

577

00:23:24,649 --> 00:23:21,780

wanted to quit this this to be honest

578

00:23:27,770 --> 00:23:24,659

this for a very long time because

579

00:23:29,930 --> 00:23:27,780

you get you get your heart broken time

580

00:23:32,330 --> 00:23:29,940

and time and time again

581

00:23:35,870 --> 00:23:32,340

um and I guess that has more to do with

582

00:23:38,270 --> 00:23:35,880

the the power you give this mystery uh

583

00:23:39,950 --> 00:23:38,280

at least in my experience you know if

584

00:23:42,110 --> 00:23:39,960

you let it run your life if this is what

585

00:23:45,169 --> 00:23:42,120

you're gonna base every decision on in

586

00:23:48,289 --> 00:23:45,179

your day uh you got a problem like you

587

00:23:50,450 --> 00:23:48,299

have to disassociate from this UFO topic

588

00:23:53,930 --> 00:23:50,460

every now and again and live your life

589

00:23:56,149 --> 00:23:53,940

but at the same time it's hard when like

590

00:23:58,370 --> 00:23:56,159

um these headlines keep coming out you

591

00:23:59,390 --> 00:23:58,380

know every week of government's doing

592

00:24:01,190 --> 00:23:59,400

this government's doing this

593

00:24:02,930 --> 00:24:01,200

government's doing this but then we and

594

00:24:05,570 --> 00:24:02,940

the public never hear about any of it

595

00:24:06,649 --> 00:24:05,580

it's it's frustrating and then now we're

596

00:24:08,690 --> 00:24:06,659

learning

597

00:24:11,149 --> 00:24:08,700

um that mostly everything is going to be

598

00:24:13,490 --> 00:24:11,159

classified or we're not going to see

599

00:24:15,770 --> 00:24:13,500

videos and it makes a lot of these

600

00:24:18,590 --> 00:24:15,780

activists who just got involved be like

601
00:24:20,029 --> 00:24:18,600
oh oh this isn't going to be as easy as

602
00:24:22,310 --> 00:24:20,039
I thought yeah and then you have the

603
00:24:25,070 --> 00:24:22,320
older people being like yeah no

604
00:24:30,590 --> 00:24:27,529
and and that's the problem history keeps

605
00:24:32,330 --> 00:24:30,600
repeating itself I mean I I think a lot

606
00:24:33,890 --> 00:24:32,340
of people I don't want to say the

607
00:24:36,590 --> 00:24:33,900
majority but I think a lot of people

608
00:24:39,649 --> 00:24:36,600
forget why we're in this we're in this

609
00:24:42,529 --> 00:24:39,659
to get the answers right in my opinion

610
00:24:46,190 --> 00:24:42,539
nobody has the answers nobody has a

611
00:24:48,770 --> 00:24:46,200
hundred percent of of the story and I

612
00:24:52,370 --> 00:24:48,780
think that for me anyway it's the draw

613
00:24:53,870 --> 00:24:52,380

of the mystery and the fun behind what

614

00:24:56,330 --> 00:24:53,880

this is all about

615

00:24:58,970 --> 00:24:56,340

in the process I think some people lose

616

00:25:02,450 --> 00:24:58,980

that they may get in for that they'll

617

00:25:05,270 --> 00:25:02,460

see somebody that forgive the word but

618

00:25:07,789 --> 00:25:05,280

but but idolize that they feel that that

619

00:25:10,130 --> 00:25:07,799

they are the truth the way the light I

620

00:25:11,390 --> 00:25:10,140

hate to use that expression but it

621

00:25:14,990 --> 00:25:11,400

becomes

622

00:25:17,029 --> 00:25:15,000

a dangerous way to approach this uh

623

00:25:19,250 --> 00:25:17,039

because then all of a sudden you're not

624

00:25:21,529 --> 00:25:19,260

looking for the truth anymore you're

625

00:25:23,810 --> 00:25:21,539

looking for your truth right you all

626

00:25:25,909 --> 00:25:23,820

you're looking for is the confirmation

627

00:25:28,130 --> 00:25:25,919

of what you want to believe in I call it

628

00:25:30,350 --> 00:25:28,140

the I want to believe syndrome and you

629

00:25:31,970 --> 00:25:30,360

sacrifice the reasons that you got into

630

00:25:34,310 --> 00:25:31,980

this you sacrifice common sense you

631

00:25:38,269 --> 00:25:34,320

sacrifice logic you sacrifice all of

632

00:25:39,769 --> 00:25:38,279

that for the belief that you want and

633

00:25:42,830 --> 00:25:39,779

that's where it becomes dangerous it

634

00:25:44,510 --> 00:25:42,840

becomes frustrating it becomes toxic and

635

00:25:47,090 --> 00:25:44,520

that's what's what's frustrating we

636

00:25:49,070 --> 00:25:47,100

can't lose the root of why we all got in

637

00:25:52,070 --> 00:25:49,080

this and I truly feel that that that

638

00:25:55,669 --> 00:25:52,080

that that root is the same for all of us

639

00:25:58,730 --> 00:25:55,679

now whether or not we sprout a weed from

640

00:26:01,070 --> 00:25:58,740

that root or a plant that grows is all

641

00:26:03,529 --> 00:26:01,080

up to the person uh but just to stick

642

00:26:06,169 --> 00:26:03,539

with that analogy but that's what that's

643

00:26:08,570 --> 00:26:06,179

what I think we're we're now seeing we

644

00:26:11,269 --> 00:26:08,580

have to take a step back and we have to

645

00:26:13,250 --> 00:26:11,279

question the last five years and we have

646

00:26:16,730 --> 00:26:13,260

to question what is really going on

647

00:26:19,610 --> 00:26:16,740

right this isn't personal with anybody

648

00:26:22,490 --> 00:26:19,620

uh this isn't making silly baseless

649

00:26:25,070 --> 00:26:22,500

accusations against anybody but rather

650

00:26:28,850 --> 00:26:25,080

this is taking the stories that we've

651
00:26:30,289 --> 00:26:28,860
been told since December of 2017. on

652
00:26:33,169 --> 00:26:30,299
both sides of this debate government

653
00:26:35,870 --> 00:26:33,179
spokespeople through foia documentation

654
00:26:37,730 --> 00:26:35,880
uh in Congressional hearings and those

655
00:26:40,010 --> 00:26:37,740
that have come out of the government or

656
00:26:41,930 --> 00:26:40,020
those advocating that that they want

657
00:26:44,149 --> 00:26:41,940
transparency and they used to work for

658
00:26:46,730 --> 00:26:44,159
the government we have to question what

659
00:26:50,390 --> 00:26:46,740
is it that they really want to achieve

660
00:26:53,029 --> 00:26:50,400
here why are we getting this mud from

661
00:26:55,669 --> 00:26:53,039
both angles right the government and

662
00:26:59,390 --> 00:26:55,679
those that were government at one time

663
00:27:01,430 --> 00:26:59,400

thrown into this that's not a bad

664

00:27:03,230 --> 00:27:01,440

approach to take but I think again going

665

00:27:06,590 --> 00:27:03,240

back to what I was saying that people

666

00:27:09,230 --> 00:27:06,600

are looking for their truth it then

667

00:27:10,730 --> 00:27:09,240

becomes a war this isn't research

668

00:27:13,669 --> 00:27:10,740

anymore it's not a conversation anymore

669

00:27:16,730 --> 00:27:13,679

it's not even a debate it is it is a

670

00:27:17,810 --> 00:27:16,740

downright war between those that want to

671

00:27:19,909 --> 00:27:17,820

believe something

672

00:27:22,250 --> 00:27:19,919

and then those that are just trying to

673

00:27:25,310 --> 00:27:22,260

figure it out you know and and those

674

00:27:27,350 --> 00:27:25,320

that really just want the answers and

675

00:27:29,810 --> 00:27:27,360

you know not to I don't want to go off

676
00:27:31,310 --> 00:27:29,820
on a tangent I apologize but I think

677
00:27:33,409 --> 00:27:31,320
that that going back to what you were

678
00:27:35,870 --> 00:27:33,419
saying this is what I think people have

679
00:27:39,169 --> 00:27:35,880
lost and and you see that come out in

680
00:27:42,590 --> 00:27:39,179
passion and frustration and it is so

681
00:27:46,610 --> 00:27:42,600
painful to see because it makes you

682
00:27:48,710 --> 00:27:46,620
wonder is there an an intent to achieve

683
00:27:50,990 --> 00:27:48,720
part of that because you do have these

684
00:27:53,269 --> 00:27:51,000
voices that two years ago were were

685
00:27:55,190 --> 00:27:53,279
really on board with advocating for

686
00:27:56,690 --> 00:27:55,200
transparency there was something to

687
00:27:58,850 --> 00:27:56,700
these phenomena they didn't claim to

688
00:28:00,769 --> 00:27:58,860

have answers themselves and then two

689

00:28:04,190 --> 00:28:00,779

years later they're like this is a sham

690

00:28:06,769 --> 00:28:04,200

we're getting used they get used

691

00:28:08,390 --> 00:28:06,779

um you you s you see that transition and

692

00:28:11,269 --> 00:28:08,400

again if anybody thinks I'm talking

693

00:28:14,690 --> 00:28:11,279

about one or two people trust me I'm not

694

00:28:17,510 --> 00:28:14,700

it is a growing list of people that I

695

00:28:20,630 --> 00:28:17,520

see in my timeline uh that are going

696

00:28:23,210 --> 00:28:20,640

through this and it is painful to see it

697

00:28:25,789 --> 00:28:23,220

really is because at the end of the day

698

00:28:27,890 --> 00:28:25,799

this secrecy has gone on for well more

699

00:28:30,830 --> 00:28:27,900

than a half a century the cover-up is

700

00:28:32,690 --> 00:28:30,840

provable with ample evidence that no one

701

00:28:34,730 --> 00:28:32,700

can deny that doesn't automatically

702

00:28:37,430 --> 00:28:34,740

equate to aliens but where I'm going

703

00:28:39,470 --> 00:28:37,440

with this is a build up to don't lose

704

00:28:41,630 --> 00:28:39,480

the passion of why you're here because

705

00:28:45,169 --> 00:28:41,640

the evidence to support why you're here

706

00:28:47,769 --> 00:28:45,179

is easily found the unanswered question

707

00:28:51,110 --> 00:28:47,779

of is it alien that we all want to know

708

00:28:53,570 --> 00:28:51,120

uh is is something that should still

709

00:28:56,029 --> 00:28:53,580

linger and not something we should take

710

00:28:58,669 --> 00:28:56,039

up arms over and sadly in the last

711

00:29:02,029 --> 00:28:58,679

couple of years there has been a growing

712

00:29:04,870 --> 00:29:02,039

sect of people that have taken up arms

713

00:29:07,190 --> 00:29:04,880

over it and that's where I get really

714

00:29:07,909 --> 00:29:07,200

concerned and and

715

00:29:11,690 --> 00:29:07,919

um

716

00:29:14,450 --> 00:29:11,700

kind of upset to see because we've lost

717

00:29:16,789 --> 00:29:14,460

good voices we've lost strong voices and

718

00:29:18,769 --> 00:29:16,799

look what's happening there is a in my

719

00:29:20,630 --> 00:29:18,779

opinion dwindling interest within

720

00:29:22,310 --> 00:29:20,640

Congress which is then going to make

721

00:29:24,529 --> 00:29:22,320

these government agencies not care about

722

00:29:26,210 --> 00:29:24,539

putting more money to it I mean I hope

723

00:29:31,630 --> 00:29:26,220

I'm wrong I'm just saying

724

00:29:37,070 --> 00:29:33,889

there's somewhere in the skies podcast

725

00:29:38,750 --> 00:29:37,080

is free to listen to every week but if

726

00:29:42,169 --> 00:29:38,760

you would like to help support the show

727

foreign

736

00:30:16,010 --> 00:30:13,620

let's prove them wrong no man that would

737

00:30:17,690 --> 00:30:16,020

that that's very inspirational and even

738

00:30:20,330 --> 00:30:17,700

someone like myself has to hear that

739

00:30:23,930 --> 00:30:20,340

especially from someone like you who who

740

00:30:26,029 --> 00:30:23,940

is dealt with every kind of um you know

741

00:30:27,590 --> 00:30:26,039

I don't like using the word drama but

742

00:30:30,590 --> 00:30:27,600

you get caught up in a lot of things

743

00:30:33,350 --> 00:30:30,600

because of your honesty and because of

744

00:30:36,409 --> 00:30:33,360

the fact by fact basis so to hear you

745

00:30:38,570 --> 00:30:36,419

say this is still worth pursuing they're

746

00:30:41,510 --> 00:30:38,580

remember why we're here

747

00:30:43,430 --> 00:30:41,520

um we all need to do that and I try to

748

00:30:46,190 --> 00:30:43,440

do that on a daily basis and for some

749

00:30:48,169 --> 00:30:46,200

reason I'm still here I'm still here I'm

750

00:30:51,169 --> 00:30:48,179

still fighting the good fight and I know

751
00:30:52,730 --> 00:30:51,179
you are too um on a more positive note

752
00:30:55,370 --> 00:30:52,740
um because I've kept you way longer than

753
00:30:57,590 --> 00:30:55,380
I do you're good um okay cool thanks man

754
00:31:00,590 --> 00:30:57,600
I appreciate your time um there's one

755
00:31:03,289 --> 00:31:00,600
more story that you you covered uh that

756
00:31:05,269 --> 00:31:03,299
is hopeful and that's from the uapx

757
00:31:09,169 --> 00:31:05,279
group now a lot of you may know this

758
00:31:12,950 --> 00:31:09,179
group uh Gary Voorhees and um who else

759
00:31:14,930 --> 00:31:12,960
Jeremy McGowan a bunch of scientists are

760
00:31:16,430 --> 00:31:14,940
involved in this group and they are

761
00:31:20,389 --> 00:31:16,440
doing expeditions to go out and

762
00:31:21,830 --> 00:31:20,399
investigate uh UAP uh primarily near

763
00:31:24,230 --> 00:31:21,840

Catalina Island where the original

764

00:31:27,110 --> 00:31:24,240

Nimitz encounter occurred but they have

765

00:31:30,769 --> 00:31:27,120

other plans as well but um this is

766

00:31:32,630 --> 00:31:30,779

interesting this group who you know is

767

00:31:35,230 --> 00:31:32,640

kind of new on the scene but has been

768

00:31:40,370 --> 00:31:35,240

doing incredible work data-driven work

769

00:31:43,490 --> 00:31:40,380

uh was contacted by the intelligence

770

00:31:45,169 --> 00:31:43,500

agencies by the uh Pentagon uh more

771

00:31:48,230 --> 00:31:45,179

specifically I believe it was the armed

772

00:31:51,110 --> 00:31:48,240

services Committee in Congress right in

773

00:31:53,690 --> 00:31:51,120

Congress okay uh to brief them on the

774

00:31:55,789 --> 00:31:53,700

UAP issue and what they have found

775

00:31:58,130 --> 00:31:55,799

um so yeah is there anything you can

776

00:32:00,950 --> 00:31:58,140

kind of break down for us John in terms

777

00:32:02,269 --> 00:32:00,960

of this story I find this very um uh

778

00:32:05,389 --> 00:32:02,279

this is the kind of stuff that gets me

779

00:32:07,490 --> 00:32:05,399

excited and that um there's hope there's

780

00:32:09,350 --> 00:32:07,500

hope for this yeah and I'm pulling up

781

00:32:11,690 --> 00:32:09,360

the article just because uh for the

782

00:32:13,549 --> 00:32:11,700

record I don't speak for uapx and I I

783

00:32:15,529 --> 00:32:13,559

don't want to uh oh good you got the

784

00:32:16,490 --> 00:32:15,539

graphic you're all prepared

785

00:32:19,010 --> 00:32:16,500

um

786

00:32:20,990 --> 00:32:19,020

that's right yeah and so I just want to

787

00:32:24,710 --> 00:32:21,000

stress I just I had learned about this

788

00:32:27,529 --> 00:32:24,720

and wanted to cover it simply because uh

789

00:32:31,430 --> 00:32:27,539

it was intriguing uh and it was a

790

00:32:33,649 --> 00:32:31,440

briefing to specifically a subcommittee

791

00:32:35,090 --> 00:32:33,659

of the house armed services committee

792

00:32:38,750 --> 00:32:35,100

specifically the intelligence and

793

00:32:41,269 --> 00:32:38,760

special operations subcommittee and from

794

00:32:42,889 --> 00:32:41,279

what I understand uh

795

00:32:46,730 --> 00:32:42,899

they were asked to come in and

796

00:32:48,710 --> 00:32:46,740

essentially give an overview of uapx uh

797

00:32:50,149 --> 00:32:48,720

and their findings uh and and I urge

798

00:32:52,549 --> 00:32:50,159

everybody to read the article because

799

00:32:54,470 --> 00:32:52,559

again I don't speak for them so I don't

800

00:32:57,049 --> 00:32:54,480

want to like misquote or misrepresent

801
00:32:59,930 --> 00:32:57,059
anything but essentially why I found

802
00:33:03,470 --> 00:32:59,940
this uh encouraging was as we are all

803
00:33:05,930 --> 00:33:03,480
waiting for the UAP report and waiting

804
00:33:07,970 --> 00:33:05,940
for odni to either finish it or do

805
00:33:11,029 --> 00:33:07,980
whatever the heck that they're doing and

806
00:33:12,769 --> 00:33:11,039
get it over to Congress the reason why I

807
00:33:15,470 --> 00:33:12,779
wanted to write this story was to show

808
00:33:18,350 --> 00:33:15,480
does Congress really need that for their

809
00:33:20,810 --> 00:33:18,360
answers when you talk about class in the

810
00:33:22,669 --> 00:33:20,820
classified realm sure you're obviously

811
00:33:25,310 --> 00:33:22,679
dealing with military technology and so

812
00:33:29,149 --> 00:33:25,320
on but if there's a true concern over

813
00:33:31,730 --> 00:33:29,159

what UAP are the root of them and it

814

00:33:33,830 --> 00:33:31,740

doesn't encroach into a classified Arena

815

00:33:36,830 --> 00:33:33,840

then why do they need car why do they

816

00:33:38,690 --> 00:33:36,840

need odni to to give them a report that

817

00:33:40,009 --> 00:33:38,700

they can extend into the private sector

818

00:33:41,930 --> 00:33:40,019

where they're getting funding from

819

00:33:44,630 --> 00:33:41,940

elsewhere that it's not Uncle Sam's

820

00:33:46,370 --> 00:33:44,640

coffers that are funding them and

821

00:33:48,409 --> 00:33:46,380

getting some answers there or at least

822

00:33:50,870 --> 00:33:48,419

some clarity or at least some idea or

823

00:33:52,430 --> 00:33:50,880

something from the private sector and

824

00:33:55,490 --> 00:33:52,440

that's why I wanted to kind of write the

825

00:33:57,009 --> 00:33:55,500

story was because it showed that again

826

00:33:59,630 --> 00:33:57,019

as we're all waiting for the report

827

00:34:01,610 --> 00:33:59,640

Congress is actually out talking to

828

00:34:03,169 --> 00:34:01,620

other people and and that was

829

00:34:05,690 --> 00:34:03,179

encouraging to me that they were

830

00:34:08,089 --> 00:34:05,700

reaching out to the private sector uh

831

00:34:11,570 --> 00:34:08,099

and were able to hear information from

832

00:34:13,849 --> 00:34:11,580

uapx and uapx was gracious enough to

833

00:34:15,349 --> 00:34:13,859

allow me to publish two previously

834

00:34:17,089 --> 00:34:15,359

unpublished slides you're showing the

835

00:34:18,950 --> 00:34:17,099

one with data the other one was the

836

00:34:20,810 --> 00:34:18,960

title slide so obviously you know we

837

00:34:23,149 --> 00:34:20,820

can't really glean a lot from that but

838

00:34:25,909 --> 00:34:23,159

but uh but rather set up you know

839

00:34:28,790 --> 00:34:25,919

visually what Congress had saw and then

840

00:34:31,369 --> 00:34:28,800

uh capabilities of uapx

841

00:34:34,190 --> 00:34:31,379

I had asked about are they looking for

842

00:34:35,450 --> 00:34:34,200

government contracts or or anything like

843

00:34:37,190 --> 00:34:35,460

that because that obviously was a

844

00:34:39,109 --> 00:34:37,200

concern to me

845

00:34:42,290 --> 00:34:39,119

um not in a disrespectful way but

846

00:34:44,690 --> 00:34:42,300

concerned that if uapx truly has a

847

00:34:47,030 --> 00:34:44,700

effort to go out get some answers and so

848

00:34:48,950 --> 00:34:47,040

on if you get a government contract what

849

00:34:51,369 --> 00:34:48,960

happens well take big low Aerospace for

850

00:34:54,710 --> 00:34:51,379

an example they needed a top secret

851
00:34:58,490 --> 00:34:54,720
cleared facility to do the OSAP contract

852
00:34:59,870 --> 00:34:58,500
so again the OSAP UFO debate aside I'm

853
00:35:01,310 --> 00:34:59,880
using that as an example that the

854
00:35:03,470 --> 00:35:01,320
paperwork showed they needed that

855
00:35:06,290 --> 00:35:03,480
clearance with that clearance come

856
00:35:09,170 --> 00:35:06,300
secrecy so are you then kind of

857
00:35:10,970 --> 00:35:09,180
pigeonholing your organization into the

858
00:35:13,569 --> 00:35:10,980
same path that any intelligence agency

859
00:35:16,130 --> 00:35:13,579
military branch or whatever goes down

860
00:35:17,329 --> 00:35:16,140
and and they go into detail that it

861
00:35:18,910 --> 00:35:17,339
wasn't necessarily looking for

862
00:35:21,109 --> 00:35:18,920
government contracts

863
00:35:22,609 --> 00:35:21,119

and again I invite you to read

864

00:35:25,550 --> 00:35:22,619

everything that they had submitted for

865

00:35:27,290 --> 00:35:25,560

the article I do publish 100 of the

866

00:35:29,150 --> 00:35:27,300

answers that they give so I didn't

867

00:35:30,790 --> 00:35:29,160

truncate anything or paraphrase phrase

868

00:35:34,609 --> 00:35:30,800

or anything like that

869

00:35:37,130 --> 00:35:34,619

but they went through the uh the

870

00:35:40,670 --> 00:35:37,140

capabilities and I want to bring up the

871

00:35:43,370 --> 00:35:40,680

quote because it's easily overlooked but

872

00:35:47,030 --> 00:35:43,380

it was one of the more interesting

873

00:35:49,730 --> 00:35:47,040

Revelations from this I had asked if

874

00:35:52,490 --> 00:35:49,740

during the The Briefing did anybody ask

875

00:35:54,650 --> 00:35:52,500

questions from the Congressional side

876

00:35:56,089 --> 00:35:54,660

and what was interesting was this

877

00:35:58,190 --> 00:35:56,099

response most of the questions were

878

00:36:00,890 --> 00:35:58,200

about what we have already recorded or

879

00:36:03,950 --> 00:36:00,900

captured if we had capabilities for

880

00:36:05,810 --> 00:36:03,960

undersea monitoring and then it shifted

881

00:36:09,829 --> 00:36:05,820

mostly to our funding

882

00:36:11,510 --> 00:36:09,839

so undersea monitoring was what piqued

883

00:36:13,970 --> 00:36:11,520

my interest I wanted to see if anybody

884

00:36:15,650 --> 00:36:13,980

would pick that up I I didn't quote

885

00:36:19,370 --> 00:36:15,660

unquote highlight it in the article I

886

00:36:21,589 --> 00:36:19,380

just let uapx speak for themselves but I

887

00:36:25,130 --> 00:36:21,599

mean let's face it this is now coming up

888

00:36:27,170 --> 00:36:25,140

in multiple ways during the UAP hearing

889

00:36:29,750 --> 00:36:27,180

it's they start talking about underwater

890

00:36:32,329 --> 00:36:29,760

monitoring and what happens we can talk

891

00:36:35,150 --> 00:36:32,339

more about that in closed sessions so

892

00:36:37,069 --> 00:36:35,160

whatever these phenomena are obviously

893

00:36:40,609 --> 00:36:37,079

there's an underwater connection to this

894

00:36:43,130 --> 00:36:40,619

and obviously there is a concern for

895

00:36:45,950 --> 00:36:43,140

them to ask now for congress this

896

00:36:48,290 --> 00:36:45,960

subcommittee to then ask uapx about

897

00:36:51,530 --> 00:36:48,300

underwater monitoring

898

00:36:54,050 --> 00:36:51,540

what's going on like how big of an issue

899

00:36:56,150 --> 00:36:54,060

is this is this foreign adversaries is

900

00:36:58,370 --> 00:36:56,160

this you know our enemy encroaching into

901
00:37:02,089 --> 00:36:58,380
our Waters and we really are blind to

902
00:37:05,630 --> 00:37:02,099
that uh sure maybe uh is there another

903
00:37:09,829 --> 00:37:05,640
aspect to what we consider unidentified

904
00:37:12,230 --> 00:37:09,839
aerial phenomena but underwater maybe I

905
00:37:15,950 --> 00:37:12,240
don't know but to me that was incredibly

906
00:37:18,470 --> 00:37:15,960
intriguing for them to ask that and then

907
00:37:20,089 --> 00:37:18,480
you know uapx obviously convey that to

908
00:37:22,370 --> 00:37:20,099
me when I when I wrote the article so

909
00:37:25,010 --> 00:37:22,380
what it means I don't know uh what it

910
00:37:27,290 --> 00:37:25,020
means for uapx I don't know I'm just

911
00:37:29,390 --> 00:37:27,300
stressing I don't speak for them but I'm

912
00:37:32,270 --> 00:37:29,400
going to follow it I I mean I I wish

913
00:37:34,250 --> 00:37:32,280

those guys uh and gals the best and and

914

00:37:36,890 --> 00:37:34,260

what they want to achieve with this I'm

915

00:37:39,410 --> 00:37:36,900

eager to see results obviously people

916

00:37:42,589 --> 00:37:39,420

want to know every little facet of every

917

00:37:46,310 --> 00:37:42,599

little story and I can't or uapx can't

918

00:37:48,170 --> 00:37:46,320

answer that publicly uh at least for now

919

00:37:50,030 --> 00:37:48,180

but um you know when they when they

920

00:37:51,890 --> 00:37:50,040

publish a news story or want to come out

921

00:37:54,230 --> 00:37:51,900

with something else I'll definitely be

922

00:37:55,670 --> 00:37:54,240

following it because again it it was an

923

00:37:58,550 --> 00:37:55,680

interesting Revelation for a

924

00:38:00,829 --> 00:37:58,560

subcommittee to give the time to the

925

00:38:03,829 --> 00:38:00,839

private sector ask the questions that

926

00:38:06,770 --> 00:38:03,839

they did and it really brings up that

927

00:38:08,270 --> 00:38:06,780

that concept that OD and I and the

928

00:38:11,089 --> 00:38:08,280

intelligence Community can do whatever

929

00:38:13,069 --> 00:38:11,099

they want in the classified realm and

930

00:38:15,410 --> 00:38:13,079

Slough Congress off and be delayed with

931

00:38:16,790 --> 00:38:15,420

whatever report but Congress may start

932

00:38:19,010 --> 00:38:16,800

turning to the private sector for

933

00:38:21,950 --> 00:38:19,020

answers I'm speculating there a little

934

00:38:24,349 --> 00:38:21,960

bit but obviously they're interested so

935

00:38:25,370 --> 00:38:24,359

we'll we'll see how that turns out if if

936

00:38:32,510 --> 00:38:25,380

at all

937

00:38:34,849 --> 00:38:32,520

uh non what were they all those missed

938

00:38:36,829 --> 00:38:34,859

phone calls I've had on my phone I think

939

00:38:38,450 --> 00:38:36,839

that's that was definitely the odni

940

00:38:41,390 --> 00:38:38,460

reaching out to me and reaching out to

941

00:38:43,310 --> 00:38:41,400

other UFO researchers I wish I wish John

942

00:38:45,890 --> 00:38:43,320

you know

943

00:38:47,390 --> 00:38:45,900

um that would be too easy it would be

944

00:38:49,430 --> 00:38:47,400

much people who have actually done

945

00:38:51,109 --> 00:38:49,440

investigation rather than hiring people

946

00:38:52,550 --> 00:38:51,119

who don't care to do the investigation

947

00:38:56,089 --> 00:38:52,560

but hey you know I mean that's that's

948

00:38:58,010 --> 00:38:56,099

government work for you exactly exactly

949

00:38:59,990 --> 00:38:58,020

um well I mean to kind of wrap things up

950

00:39:02,870 --> 00:39:00,000

John what else what are you hopeful

951
00:39:05,870 --> 00:39:02,880
about any anything moving forward we've

952
00:39:08,390 --> 00:39:05,880
had a lot of um a lot of sobering news

953
00:39:09,650 --> 00:39:08,400
on the UFO front lately

954
00:39:11,630 --> 00:39:09,660
um you know ever since that New York

955
00:39:12,890 --> 00:39:11,640
Times article came out a few weeks back

956
00:39:14,870 --> 00:39:12,900
now

957
00:39:16,609 --> 00:39:14,880
um kind of deflated a lot of people then

958
00:39:19,430 --> 00:39:16,619
the report

959
00:39:21,890 --> 00:39:19,440
um and unfortunately now this Stark

960
00:39:25,130 --> 00:39:21,900
reality of the story that you came out

961
00:39:27,710 --> 00:39:25,140
with uh no more videos uh what do you

962
00:39:30,170 --> 00:39:27,720
hope hopeful for moving forward with

963
00:39:32,750 --> 00:39:30,180

this topic anything anything any groups

964

00:39:34,849 --> 00:39:32,760

any organizations anything any requests

965

00:39:36,770 --> 00:39:34,859

you've made yeah give it to us yeah tons

966

00:39:39,890 --> 00:39:36,780

of requests are are still out

967

00:39:42,710 --> 00:39:39,900

um for me where I I will leave on a on a

968

00:39:44,930 --> 00:39:42,720

positive note is that even though that

969

00:39:46,550 --> 00:39:44,940

they're denying you know videos and

970

00:39:48,290 --> 00:39:46,560

stuff and that's the eye candy we all

971

00:39:51,230 --> 00:39:48,300

want to see and sure that's frustrating

972

00:39:54,410 --> 00:39:51,240

the amount of Paper Trails that go into

973

00:39:56,750 --> 00:39:54,420

all of this uh is literally astronomical

974

00:39:59,150 --> 00:39:56,760

right from the emails to the letters to

975

00:40:01,550 --> 00:39:59,160

the communications so when I see a late

976

00:40:04,010 --> 00:40:01,560

UAP report all I see are Paper Trails

977

00:40:05,990 --> 00:40:04,020

that's all I see in my head I'm like I

978

00:40:08,089 --> 00:40:06,000

can't wait to go after this because I

979

00:40:13,069 --> 00:40:08,099

want to see what's going on the public

980

00:40:15,170 --> 00:40:13,079

report came out uh in June of of 2021 uh

981

00:40:18,109 --> 00:40:15,180

all I saw was the Paper Trails leading

982

00:40:20,630 --> 00:40:18,119

up to that that report that nine page or

983

00:40:26,329 --> 00:40:20,640

whatever it was report is stemmed over

984

00:40:29,210 --> 00:40:26,339

50 5-0 requests to 13 13 different

985

00:40:31,069 --> 00:40:29,220

agencies I think it was 13 or 14.

986

00:40:34,250 --> 00:40:31,079

um so you look for those those those

987

00:40:37,310 --> 00:40:34,260

those trails to go after and just start

988

00:40:39,290 --> 00:40:37,320

sniffing them out and in my opinion

989

00:40:41,750 --> 00:40:39,300

it's those trails that are going to tell

990

00:40:44,329 --> 00:40:41,760

us more and in my opinion have told us

991

00:40:46,550 --> 00:40:44,339

more the NASA I'm not sure if you're

992

00:40:48,650 --> 00:40:46,560

aware of this but I just dropped I think

993

00:40:54,230 --> 00:40:48,660

collectively it's probably over 1500

994

00:40:58,130 --> 00:40:54,240

pages of NASA UAP related emails on UAP

995

00:40:59,569 --> 00:40:58,140

and UFOs and in there were yeah the less

996

00:41:02,810 --> 00:40:59,579

interesting stuff were just media

997

00:41:05,089 --> 00:41:02,820

inquiries and how NASA responds to Media

998

00:41:07,550 --> 00:41:05,099

inquiries but through those cases I

999

00:41:09,410 --> 00:41:07,560

discovered when uh administrator Bill

1000

00:41:11,810 --> 00:41:09,420

Nelson was briefed in a classified

1001
00:41:14,750 --> 00:41:11,820
setting it was the first time I was able

1002
00:41:17,450 --> 00:41:14,760
to prove uh documentation wise that that

1003
00:41:19,130 --> 00:41:17,460
Jay Stratton was the lead of the UAP

1004
00:41:20,990 --> 00:41:19,140
task force now it's more common

1005
00:41:22,970 --> 00:41:21,000
knowledge but when I received that

1006
00:41:25,790 --> 00:41:22,980
document it had not been acknowledged by

1007
00:41:27,890 --> 00:41:25,800
anybody before I had just kind of

1008
00:41:31,250 --> 00:41:27,900
deduced it but was never able to prove

1009
00:41:33,650 --> 00:41:31,260
it that came as part of the NASA

1010
00:41:37,730 --> 00:41:33,660
releases I learned that a classified

1011
00:41:40,910 --> 00:41:37,740
briefing on the UAP report was record it

1012
00:41:41,990 --> 00:41:40,920
on video and I know where to get it now

1013
00:41:45,290 --> 00:41:42,000

that doesn't mean it's going to be

1014

00:41:48,530 --> 00:41:45,300

released but what that proves is from a

1015

00:41:51,349 --> 00:41:48,540

legal standpoint a video exists it is

1016

00:41:55,790 --> 00:41:51,359

something that is foible that I can go

1017

00:41:57,770 --> 00:41:55,800

after and so these types of releases are

1018

00:41:59,210 --> 00:41:57,780

what they don't want you to see you know

1019

00:42:01,190 --> 00:41:59,220

that nine page report sure there was

1020

00:42:03,349 --> 00:42:01,200

interesting tidbits but it's those Paper

1021

00:42:05,329 --> 00:42:03,359

Trails that lead to so much so those

1022

00:42:06,710 --> 00:42:05,339

1500 pages just to kind of close up the

1023

00:42:08,210 --> 00:42:06,720

thought I'm going to take over your show

1024

00:42:11,089 --> 00:42:08,220

Ryan I know you're doing no this is

1025

00:42:12,770 --> 00:42:11,099

incredible man this was an impromptu AMA

1026

00:42:15,050 --> 00:42:12,780

you know how those go I mean not for you

1027

00:42:16,730 --> 00:42:15,060

you people have a million questions for

1028

00:42:19,510 --> 00:42:16,740

you but I'm always terrified that no

1029

00:42:22,609 --> 00:42:19,520

one's going to ask me any questions

1030

00:42:24,050 --> 00:42:22,619

don't worry I have the same same fear

1031

00:42:25,250 --> 00:42:24,060

whenever I live stream like nobody's

1032

00:42:26,810 --> 00:42:25,260

going to show up to this I mean I'm like

1033

00:42:28,730 --> 00:42:26,820

No One's Gonna know people we got over

1034

00:42:31,609 --> 00:42:28,740

80 people watching this and I guarantee

1035

00:42:33,650 --> 00:42:31,619

it's because uh you you retweeted that

1036

00:42:35,089 --> 00:42:33,660

you were that I was doing I just was

1037

00:42:36,589 --> 00:42:35,099

curious who your guest was and then I

1038

00:42:38,630 --> 00:42:36,599

stumbled on the link I was like I'll

1039

00:42:40,849 --> 00:42:38,640

just join this show

1040

00:42:42,349 --> 00:42:40,859

um whoops but but yeah so those NASA

1041

00:42:44,990 --> 00:42:42,359

emails uh and I haven't actually

1042

00:42:48,230 --> 00:42:45,000

advertised this yet so this is new uh

1043

00:42:50,870 --> 00:42:48,240

only go up to about June of last year

1044

00:42:53,450 --> 00:42:50,880

which means then essentially the run-up

1045

00:42:56,089 --> 00:42:53,460

to their UAP effort

1046

00:42:58,670 --> 00:42:56,099

all of those Communications all of those

1047

00:43:01,849 --> 00:42:58,680

those emails all of that were actually

1048

00:43:04,490 --> 00:43:01,859

not in this dump of uh there were six

1049

00:43:07,730 --> 00:43:04,500

total data dumps from NASA to me which

1050

00:43:10,790 --> 00:43:07,740

then I put online uh it that time frame

1051
00:43:13,970 --> 00:43:10,800
is not there of the ramp up up to this

1052
00:43:15,710 --> 00:43:13,980
UAP study so last week when everything

1053
00:43:18,710 --> 00:43:15,720
was completed and I got the sixth

1054
00:43:23,089 --> 00:43:18,720
request I filed a new case with new

1055
00:43:25,190 --> 00:43:23,099
names to NASA and Langley and

1056
00:43:27,829 --> 00:43:25,200
a couple others that I can't think of

1057
00:43:29,390 --> 00:43:27,839
right now uh but all NASA facilities all

1058
00:43:31,609 --> 00:43:29,400
with the new names that I had discovered

1059
00:43:34,849 --> 00:43:31,619
with the last one and refiled

1060
00:43:36,950 --> 00:43:34,859
essentially the same case or cases but

1061
00:43:39,349 --> 00:43:36,960
now getting the time frame of the UAP

1062
00:43:42,050 --> 00:43:39,359
study and for me I think that that's

1063
00:43:45,650 --> 00:43:42,060

going to reveal a ton of material

1064

00:43:48,710 --> 00:43:45,660

because also in that our Communications

1065

00:43:51,170 --> 00:43:48,720

with the Navy the Pentagon and the dod

1066

00:43:54,230 --> 00:43:51,180

and other military branches as they all

1067

00:43:56,450 --> 00:43:54,240

communicate during this whole process so

1068

00:43:59,270 --> 00:43:56,460

when I talk about Paper Trails there's

1069

00:44:02,210 --> 00:43:59,280

12 billion of them to discover because

1070

00:44:03,890 --> 00:44:02,220

those email chains and so on then they

1071

00:44:07,069 --> 00:44:03,900

take the documents that let's say the

1072

00:44:10,490 --> 00:44:07,079

Navy wrote they have to then give it to

1073

00:44:13,670 --> 00:44:10,500

the Navy for review so I may have never

1074

00:44:15,410 --> 00:44:13,680

thought of a specific person at the Navy

1075

00:44:17,030 --> 00:44:15,420

to request their emails because I don't

1076
00:44:19,190 --> 00:44:17,040
know them you know I don't know every

1077
00:44:22,430 --> 00:44:19,200
Naval Personnel that's involved in the

1078
00:44:23,450 --> 00:44:22,440
UAP conversation but with NASA you look

1079
00:44:26,030 --> 00:44:23,460
for those names

1080
00:44:27,290 --> 00:44:26,040
file requests on those names and then it

1081
00:44:29,390 --> 00:44:27,300
doesn't matter if you don't know the

1082
00:44:31,010 --> 00:44:29,400
Navy person all the emails come up

1083
00:44:33,290 --> 00:44:31,020
because you were looking at the NASA

1084
00:44:35,630 --> 00:44:33,300
personnel and so then they transfer that

1085
00:44:37,490 --> 00:44:35,640
over to the Navy the Navy looks it over

1086
00:44:39,890 --> 00:44:37,500
and they release it sometimes with the

1087
00:44:43,370 --> 00:44:39,900
name revealed sometimes not but then

1088
00:44:44,990 --> 00:44:43,380

that creates more Paper Trails so not to

1089

00:44:47,450 --> 00:44:45,000

be long-winded but where I'm going with

1090

00:44:50,030 --> 00:44:47,460

this is that there's still so much to

1091

00:44:51,650 --> 00:44:50,040

discover and there's so much so much to

1092

00:44:54,230 --> 00:44:51,660

be revealed

1093

00:44:56,630 --> 00:44:54,240

um one of the NASA papers that came out

1094

00:44:58,609 --> 00:44:56,640

was David spurgle's paper on UFOs and

1095

00:45:00,890 --> 00:44:58,619

his thoughts about UFOs that was never

1096

00:45:03,650 --> 00:45:00,900

public before that came up in the in the

1097

00:45:05,089 --> 00:45:03,660

NASA foia request so you start seeing

1098

00:45:08,089 --> 00:45:05,099

how people

1099

00:45:10,309 --> 00:45:08,099

feel about this topic so then that UAP

1100

00:45:13,550 --> 00:45:10,319

public report whether it be the 2021

1101

00:45:15,470 --> 00:45:13,560

version or 2022 becomes Irrelevant in a

1102

00:45:18,230 --> 00:45:15,480

sense because that's just what they want

1103

00:45:20,690 --> 00:45:18,240

you to know I want to know what is going

1104

00:45:22,910 --> 00:45:20,700

on internally behind the scenes what

1105

00:45:24,910 --> 00:45:22,920

went into that report who is involved if

1106

00:45:27,410 --> 00:45:24,920

though if they'll release those names

1107

00:45:29,450 --> 00:45:27,420

one other Revelation that came from the

1108

00:45:31,849 --> 00:45:29,460

national reconnaissance office was that

1109

00:45:34,190 --> 00:45:31,859

the UAP task force had a whole Advisory

1110

00:45:36,589 --> 00:45:34,200

board for the task force that was never

1111

00:45:39,349 --> 00:45:36,599

revealed before we could safely assume

1112

00:45:41,870 --> 00:45:39,359

they would we can hope they would but it

1113

00:45:43,490 --> 00:45:41,880

was never in writing before so you see

1114

00:45:45,890 --> 00:45:43,500

all of these things that are going on

1115

00:45:47,630 --> 00:45:45,900

behind the scenes and that wasn't in the

1116

00:45:49,670 --> 00:45:47,640

report that wasn't revealed in some

1117

00:45:51,829 --> 00:45:49,680

press statement so there's a lot there's

1118

00:45:53,750 --> 00:45:51,839

a lot going on there's a lot still

1119

00:45:55,790 --> 00:45:53,760

coming just because they won't give you

1120

00:45:58,730 --> 00:45:55,800

the videos doesn't mean that they won't

1121

00:46:01,069 --> 00:45:58,740

give you the written reports about UAP

1122

00:46:03,290 --> 00:46:01,079

or UFOs will it be a fight absolutely

1123

00:46:05,630 --> 00:46:03,300

but that doesn't mean that those are

1124

00:46:07,790 --> 00:46:05,640

completely lost we've been able to to

1125

00:46:09,349 --> 00:46:07,800

extract some of those and and there's a

1126

00:46:11,750 --> 00:46:09,359

lot of people obviously going for them

1127

00:46:15,770 --> 00:46:11,760

uh the last thought I'll leave you with

1128

00:46:18,770 --> 00:46:15,780

is uh there have been quite a few FAA

1129

00:46:21,410 --> 00:46:18,780

reports that are popping up of UAP being

1130

00:46:24,950 --> 00:46:21,420

seen by pilots obviously Ben Hansen's

1131

00:46:28,130 --> 00:46:24,960

been been uh researching quite a bit uh

1132

00:46:29,870 --> 00:46:28,140

but I have uh filed some requests on

1133

00:46:31,670 --> 00:46:29,880

other cases have nothing to do with

1134

00:46:35,510 --> 00:46:31,680

those racetrack ones but rather they're

1135

00:46:37,309 --> 00:46:35,520

seeing them all over and FAA has taken

1136

00:46:38,930 --> 00:46:37,319

the reports I've got all the flight

1137

00:46:41,270 --> 00:46:38,940

numbers and so on and so forth so I've

1138

00:46:43,670 --> 00:46:41,280

got quite a few cases filed with that as

1139

00:46:45,290 --> 00:46:43,680

well so when they're released I'll I'll

1140

00:46:48,970 --> 00:46:45,300

definitely post them and I've already

1141

00:46:51,829 --> 00:46:48,980

posted some from the past one I think

1142

00:46:53,510 --> 00:46:51,839

ultimately was probably starlink but

1143

00:46:56,210 --> 00:46:53,520

regardless you can start seeing the

1144

00:46:58,970 --> 00:46:56,220

Paper Trails you know come about and and

1145

00:47:01,370 --> 00:46:58,980

and researching UAP when it comes to the

1146

00:47:03,050 --> 00:47:01,380

FAA I'm trying to think of how many

1147

00:47:05,870 --> 00:47:03,060

acronyms I can throw into this answer

1148

00:47:07,250 --> 00:47:05,880

Ryan I just throw throw out a ton of

1149

00:47:10,250 --> 00:47:07,260

them to you but anyway there's a lot

1150

00:47:13,670 --> 00:47:10,260

going on and and I I don't want anybody

1151

00:47:16,250 --> 00:47:13,680

to think hey I'm I'm I'm done with this

1152

00:47:18,530 --> 00:47:16,260

I should go away because I go back to my

1153

00:47:19,670 --> 00:47:18,540

answer before the true reason why we are

1154

00:47:22,069 --> 00:47:19,680

all here

1155

00:47:24,770 --> 00:47:22,079

is still there don't let the government

1156

00:47:27,890 --> 00:47:24,780

deter you from seeking answers don't let

1157

00:47:30,410 --> 00:47:27,900

foia denials deter you from that just

1158

00:47:32,630 --> 00:47:30,420

remember why we're all here and we'll

1159

00:47:35,630 --> 00:47:32,640

all have fun in the process and and try

1160

00:47:37,849 --> 00:47:35,640

and get to whatever truth is going on if

1161

00:47:39,890 --> 00:47:37,859

we can absolutely man

1162

00:47:42,109 --> 00:47:39,900

um and to kind of end it here I want to

1163

00:47:44,210 --> 00:47:42,119

play this quick clip that I know you

1164

00:47:47,089 --> 00:47:44,220

appreciate this guy's work as much as I

1165

00:47:48,530 --> 00:47:47,099

do kind of a joke about the UAP report

1166

00:47:50,750 --> 00:47:48,540

being late

1167

00:47:53,630 --> 00:47:50,760

um thank God for this guy otherwise you

1168

00:47:55,430 --> 00:47:53,640

know everyone's all mad and and grumpy

1169

00:47:57,589 --> 00:47:55,440

about it but not this guy so let's go

1170

00:48:00,589 --> 00:47:57,599

ahead and play it before we let you go

1171

00:48:05,630 --> 00:48:00,599

here day number nine and still no UFO

1172

00:48:08,150 --> 00:48:05,640

report nine days really nine days this

1173

00:48:10,250 --> 00:48:08,160

is getting ridiculous do you have any

1174

00:48:12,770 --> 00:48:10,260

idea what can be done in less than nine

1175

00:48:14,990 --> 00:48:12,780

days because if you don't I just so

1176
00:48:16,790 --> 00:48:15,000
happen to have a list ready you could

1177
00:48:19,550 --> 00:48:16,800
walk your foot drag itself from the

1178
00:48:21,650 --> 00:48:19,560
Pentagon to Atlanta you could float your

1179
00:48:24,230 --> 00:48:21,660
boat down the Amazon you could take a

1180
00:48:26,270 --> 00:48:24,240
car for a lap around Australia or you

1181
00:48:28,430 --> 00:48:26,280
could even fly to the moon plant a flag

1182
00:48:31,309 --> 00:48:28,440
on it and fly back to Earth

1183
00:48:34,609 --> 00:48:31,319
so what's taking so long

1184
00:48:37,430 --> 00:48:34,619
that's crazy why did the moon and back

1185
00:48:40,670 --> 00:48:37,440
that was nine days ago he's done more

1186
00:48:43,069 --> 00:48:40,680
since then too yeah I that guy he's so

1187
00:48:44,569 --> 00:48:43,079
entertaining I I love what he does and

1188
00:48:46,609 --> 00:48:44,579

when he was starting to do these videos

1189

00:48:48,530 --> 00:48:46,619

I kept you know prodding him through

1190

00:48:49,910 --> 00:48:48,540

tweets and stuff I was like where's it

1191

00:48:52,309 --> 00:48:49,920

you know where's day three where's day

1192

00:48:53,690 --> 00:48:52,319

four what's going on and there was one

1193

00:48:56,089 --> 00:48:53,700

that he dropped and he had all these

1194

00:48:58,370 --> 00:48:56,099

reactions and he was like the one that

1195

00:49:00,050 --> 00:48:58,380

got me was he was crying in bed and he

1196

00:49:02,870 --> 00:49:00,060

was holding stuffed animals

1197

00:49:05,690 --> 00:49:02,880

and so I said this has to be a reaction

1198

00:49:08,809 --> 00:49:05,700

gift we have to make this and before I

1199

00:49:10,609 --> 00:49:08,819

did that Grant levock from uh from

1200

00:49:11,990 --> 00:49:10,619

Australia if you don't know Grant follow

1201
00:49:14,329 --> 00:49:12,000
him on Twitter he's an awesome guy

1202
00:49:17,450 --> 00:49:14,339
really follows the Australian connection

1203
00:49:19,910 --> 00:49:17,460
to all of this so he is the guy that

1204
00:49:22,670 --> 00:49:19,920
does all the the fun joking deep fake

1205
00:49:25,190 --> 00:49:22,680
videos you know and and so he saw my

1206
00:49:26,990 --> 00:49:25,200
tweet grab the video automatically made

1207
00:49:30,890 --> 00:49:27,000
the animated gif so now we have a full

1208
00:49:32,329 --> 00:49:30,900
set of Dan Warren reaction gifts so I

1209
00:49:35,349 --> 00:49:32,339
keep posting that one where he's crying

1210
00:49:38,809 --> 00:49:35,359
holding his stuffy and I he's just uh

1211
00:49:40,309 --> 00:49:38,819
he's one of the examples of of why I

1212
00:49:43,849 --> 00:49:40,319
love this field right there's a lot of

1213
00:49:46,430 --> 00:49:43,859

examples of why it's no fun but Dan and

1214

00:49:48,710 --> 00:49:46,440

Grant and yourself Ryan everybody who

1215

00:49:51,109 --> 00:49:48,720

has fun with this

1216

00:49:53,870 --> 00:49:51,119

excuse me it remembers like why we're

1217

00:49:55,910 --> 00:49:53,880

here uh that's why I'm still around too

1218

00:49:58,370 --> 00:49:55,920

you know it's it's so motivating to see

1219

00:49:59,690 --> 00:49:58,380

that because it's it's not about arguing

1220

00:50:03,230 --> 00:49:59,700

somebody's point or you better believe

1221

00:50:04,790 --> 00:50:03,240

me or I'm gonna XYZ you uh it's just

1222

00:50:06,410 --> 00:50:04,800

about having fun and asking those

1223

00:50:08,089 --> 00:50:06,420

questions and Dan's a prime example so

1224

00:50:10,130 --> 00:50:08,099

I'm glad you I'm glad you played the

1225

00:50:13,069 --> 00:50:10,140

video because it's it's uh absolutely

1226

00:50:15,890 --> 00:50:13,079

reinforces my point earlier about just

1227

00:50:17,510 --> 00:50:15,900

remembering why we're here yeah and he's

1228

00:50:20,270 --> 00:50:17,520

even getting his whole family involved

1229

00:50:23,089 --> 00:50:20,280

on these I know okay it's amazing yeah

1230

00:50:25,250 --> 00:50:23,099

again you you encapsulate it perfectly

1231

00:50:27,829 --> 00:50:25,260

why we're here and I think that's what's

1232

00:50:29,630 --> 00:50:27,839

driving me to continue even as I Wade

1233

00:50:32,690 --> 00:50:29,640

through all this government stuff as you

1234

00:50:34,670 --> 00:50:32,700

do so um John thanks man thanks for

1235

00:50:37,670 --> 00:50:34,680

hopping in last minute of course for my

1236

00:50:39,650 --> 00:50:37,680

uh for saving my AMA uh this is all

1237

00:50:41,930 --> 00:50:39,660

extreme feel bad take over your show

1238

00:50:45,050 --> 00:50:41,940

Ryan anything oh no I've got a whole

1239

00:50:47,030 --> 00:50:45,060

episode now buddy no no this is great I

1240

00:50:49,250 --> 00:50:47,040

don't have to worry for another week um

1241

00:50:51,349 --> 00:50:49,260

but uh where can we find everything

1242

00:50:53,510 --> 00:50:51,359

subscribe to that wherever you get

1267

00:51:50,630 --> 00:51:48,599

somewhere in the skies as well uh John

1268

00:51:52,609 --> 00:51:50,640

thank you my man have a great rest of

1269

00:51:54,470 --> 00:51:52,619

your afternoon and uh keep fighting the

1270

00:51:56,569 --> 00:51:54,480

good fight my man I appreciate that can

1271

00:52:00,530 --> 00:51:56,579

I ask you one question to start off your

1272

00:52:01,790 --> 00:52:00,540

Ama oh my gosh please do it was asked to

1273

00:52:03,109 --> 00:52:01,800

me in a live stream I thought it was a

1274

00:52:05,150 --> 00:52:03,119

brilliant question

1275

00:52:07,370 --> 00:52:05,160

and I don't remember

1276

00:52:09,109 --> 00:52:07,380

if I Revisited it but I was so on the

1277

00:52:11,089 --> 00:52:09,119

spot I couldn't answer it so my so the

1278

00:52:13,609 --> 00:52:11,099

question is and I forget the person's

1279

00:52:16,549 --> 00:52:13,619

name who asked me if you could meet one

1280

00:52:19,010 --> 00:52:16,559

person in the UFO field that you've

1281

00:52:22,010 --> 00:52:19,020

never uh that you never met before but

1282

00:52:25,490 --> 00:52:22,020

has passed on who would it be and what's

1283

00:52:28,309 --> 00:52:25,500

the question you would ask wow who is

1284

00:52:30,829 --> 00:52:28,319

passed on okay right I did the same

1285

00:52:33,170 --> 00:52:30,839

thing I was like ah I don't know

1286

00:52:37,370 --> 00:52:33,180

is passed on

1287

00:52:42,049 --> 00:52:39,589

that is such a good question that I'm

1288

00:52:44,510 --> 00:52:42,059

I'm drawing a blank right now

1289

00:52:46,250 --> 00:52:44,520

um that's exactly my reaction so I

1290

00:52:48,950 --> 00:52:46,260

wanted to I wanted to see if you if you

1291

00:52:50,450 --> 00:52:48,960

had a i later when I got off I wanted to

1292

00:52:53,270 --> 00:52:50,460

contact the guy

1293

00:52:56,290 --> 00:52:53,280

do you have it oh no no I was just gonna

1294

00:52:58,430 --> 00:52:56,300

I I know that feeling like later on yeah

1295

00:53:01,190 --> 00:52:58,440

it's like two in the morning I woke up

1296

00:53:04,790 --> 00:53:01,200

like I I've got an answer now

1297

00:53:07,549 --> 00:53:04,800

um later I I had thought of uh J Allen

1298

00:53:09,109 --> 00:53:07,559

heineck and and and the reason is I I

1299

00:53:10,130 --> 00:53:09,119

want to ask them because there's a lot

1300

00:53:13,370 --> 00:53:10,140

of speculation I think everybody

1301

00:53:14,750 --> 00:53:13,380

believes sakuro is what turned him uh

1302

00:53:17,210 --> 00:53:14,760

essentially from that again skeptical

1303

00:53:20,510 --> 00:53:17,220

standpoint to the to the believer uh but

1304

00:53:23,510 --> 00:53:20,520

he worked with uh a dear uh friend I

1305

00:53:26,329 --> 00:53:23,520

knew for decades who has passed on uh

1306

00:53:28,790 --> 00:53:26,339

Ted Phillips and and I I did shows with

1307

00:53:32,630 --> 00:53:28,800

Ted spoke at conferences with Ted new

1308

00:53:34,010 --> 00:53:32,640

Ted and that's why then I I was kicking

1309

00:53:37,069 --> 00:53:34,020

myself I didn't think of Jay Alan

1310

00:53:39,290 --> 00:53:37,079

heineck uh at the time because he was

1311

00:53:42,950 --> 00:53:39,300

obviously Ted's Mentor so knowing Ted

1312

00:53:45,230 --> 00:53:42,960

personally for so long I knew that

1313

00:53:48,109 --> 00:53:45,240

uh heineck probably had a much better

1314

00:53:50,270 --> 00:53:48,119

answer than oh yeah it was Socorro like

1315

00:53:52,069 --> 00:53:50,280

I would love to hear what really made

1316

00:53:53,809 --> 00:53:52,079

him go you know what

1317

00:53:56,089 --> 00:53:53,819

there's something to this this is not

1318

00:53:58,670 --> 00:53:56,099

the swamp gas the planet Venus and and

1319

00:54:01,670 --> 00:53:58,680

so on so yeah that was the answer I I

1320

00:54:03,049 --> 00:54:01,680

thought of after but uh I was curious

1321

00:54:05,630 --> 00:54:03,059

your thoughts so put some thought into

1322

00:54:07,250 --> 00:54:05,640

I'm sure at a later show yeah I'm going

1323

00:54:09,349 --> 00:54:07,260

towards I'm leaning towards James

1324

00:54:12,170 --> 00:54:09,359

McDonald just because it was such a

1325

00:54:15,109 --> 00:54:12,180

tragic end yeah to that guy's career and

1326
00:54:17,390 --> 00:54:15,119
life and I wish there was something we

1327
00:54:19,910 --> 00:54:17,400
could have done back then in the field

1328
00:54:23,210 --> 00:54:19,920
to be like dude just keep going because

1329
00:54:26,030 --> 00:54:23,220
we've all been there and he he battled

1330
00:54:28,730 --> 00:54:26,040
his own demons and and mental illness

1331
00:54:31,250 --> 00:54:28,740
and whatnot but um you know I ultimately

1332
00:54:33,650 --> 00:54:31,260
think that a lot of his depression came

1333
00:54:36,170 --> 00:54:33,660
from this topic and it can do that it

1334
00:54:38,270 --> 00:54:36,180
can really really eat away at you so if

1335
00:54:40,910 --> 00:54:38,280
we could have had him listen to you

1336
00:54:42,650 --> 00:54:40,920
talking about keep going like there's

1337
00:54:44,809 --> 00:54:42,660
always there's a core mystery that's why

1338
00:54:47,870 --> 00:54:44,819

we're here I think uh things might have

1339

00:54:49,790 --> 00:54:47,880

uh and that might be really Blasphemous

1340

00:54:50,990 --> 00:54:49,800

to say and controversial but things

1341

00:54:53,329 --> 00:54:51,000

might have been different for Mr

1342

00:54:55,670 --> 00:54:53,339

McDonald if he had did you encourage did

1343

00:54:58,490 --> 00:54:55,680

you ever meet uh Ann druffle

1344

00:54:59,270 --> 00:54:58,500

no that that name did come to mind as

1345

00:55:02,030 --> 00:54:59,280

well

1346

00:55:04,010 --> 00:55:02,040

um Andrew James McDonald and everyone's

1347

00:55:06,109 --> 00:55:04,020

saying Stanton Friedman we've both had

1348

00:55:08,390 --> 00:55:06,119

the unbelievable pleasure to have worked

1349

00:55:11,809 --> 00:55:08,400

with Stan yeah yeah

1350

00:55:14,569 --> 00:55:11,819

a new stand for 20 something 20

1351
00:55:17,210 --> 00:55:14,579
something years yeah you did it it was a

1352
00:55:19,630 --> 00:55:17,220
wonderful um yeah when I did that

1353
00:55:21,829 --> 00:55:19,640
tribute to him that's right

1354
00:55:22,910 --> 00:55:21,839
no that was it was cool that you did

1355
00:55:24,650 --> 00:55:22,920
that

1356
00:55:26,870 --> 00:55:24,660
um yeah he was he was a great one but I

1357
00:55:29,809 --> 00:55:26,880
bring up Ann just sadly who also passed

1358
00:55:32,510 --> 00:55:29,819
on but uh her book on uh James McDonald

1359
00:55:34,849 --> 00:55:32,520
is definitely more detailed than

1360
00:55:37,069 --> 00:55:34,859
anything I'm aware of so anyway I'll let

1361
00:55:39,049 --> 00:55:37,079
you do your AMA I'm happy I got to kick

1362
00:55:41,750 --> 00:55:39,059
it off with something I loved it man

1363
00:55:43,370 --> 00:55:41,760

1364

00:55:44,569 --> 00:55:43,380
