what they claim was a mystery UFO that

2
00:00:06,650 --> 00:00:05,100
buzzed their car they described the

3
00:00:08,390 --> 00:00:06,660
object for 10 evening news and say

4
00:00:10,549 --> 00:00:08,400
they're still recovering from the Fright

5
00:00:13,249 --> 00:00:10,559
Mel Walden says the family reported

6
00:00:15,709 --> 00:00:13,259
bright lights on the UFO

7
00:00:17,510 --> 00:00:15,719
the drama unfolded around 11 30 last

8
00:00:19,550 --> 00:00:17,520
night while on the final leg of a drive

9
00:00:21,950 --> 00:00:19,560
from Wollongong to Burma on the Murray

10
00:00:23,689 --> 00:00:21,960
River according to Darice kapetko

11
00:00:25,849 --> 00:00:23,699
despite the Dark Knight they suddenly

12
00:00:28,130 --> 00:00:25,859
became well aware of the strange shape

13
00:00:31,070 --> 00:00:28,140

above them you could see the

14

00:00:33,049 --> 00:00:31,080

outline of like a diamond shape they

15

00:00:34,610 --> 00:00:33,059

were how big was it

16

00:00:37,069 --> 00:00:34,620

um four or five times the size of our

17

00:00:39,410 --> 00:00:37,079

car I'm just hovering well it was moving

18

00:00:41,990 --> 00:00:39,420

it was definitely moving across us quite

19

00:00:43,490 --> 00:00:42,000

slowly slowly noise at all no noise at

20

00:00:45,110 --> 00:00:43,500

all today while recovering from the

21

00:00:47,090 --> 00:00:45,120

shock they described not only their

22

00:00:49,250 --> 00:00:47,100

ordeal but went on to illustrate to

23

00:00:51,290 --> 00:00:49,260

graphic artist Jenny Gillies the object

24

00:00:54,529 --> 00:00:51,300

they claimed to have encountered Paul

25

00:00:55,970 --> 00:00:54,539

had um three three big lights a bit

26

00:00:58,130 --> 00:00:55,980

great big light at the front which was

27

00:00:59,569 --> 00:00:58,140

red with its small yellow light next to
