this is somewhere in the skies with Ryan

4  
00:00:35,690 --> 00:00:32,520  
spread

5  
00:00:52,630 --> 00:00:35,700  
[Music]

6  
00:00:58,330 --> 00:00:55,430  
Sprague here from somewhere in the skies

7  
00:01:01,310 --> 00:00:58,340  
and I am coming to you from a

8  
00:01:04,490 --> 00:01:01,320  
undisclosed location uh for top secret

9  
00:01:06,050 --> 00:01:04,500  
rickersons uh but I am making this

10  
00:01:07,969 --> 00:01:06,060  
interview happen tonight because I've

11  
00:01:10,429 --> 00:01:07,979  
been waiting for a while to talk to this

12  
00:01:13,730 --> 00:01:10,439  
gentleman now I first heard about him

13  
00:01:15,830 --> 00:01:13,740

through the television show unidentified

14

00:01:19,190 --> 00:01:15,840

which aired in the U.S on the History

15

00:01:22,910 --> 00:01:19,200

Channel it aired here in the UK on Sky

16

00:01:26,390 --> 00:01:22,920

TV as well and it was part of one of the

17

00:01:29,030 --> 00:01:26,400

I would say uh most explosive uh two

18

00:01:30,850 --> 00:01:29,040

episodes of unidentified actually this

19

00:01:33,670 --> 00:01:30,860

gentleman was in two different episodes

20

00:01:36,950 --> 00:01:33,680

about uh UFO events that happened over

21

00:01:39,770 --> 00:01:36,960

nuclear installations a topic that we

22

00:01:43,490 --> 00:01:39,780

have covered here in the past but uh not

23

00:01:45,170 --> 00:01:43,500

as in-depth as we will tonight uh I as

24

00:01:49,190 --> 00:01:45,180

you guys know I'm All About The Human

25

00:01:50,929 --> 00:01:49,200

Side of UFO experiences and ever since I

26

00:01:53,389 --> 00:01:50,939

saw this gentleman on the television

27

00:01:55,550 --> 00:01:53,399

show and uh have seen him in past

28

00:01:57,889 --> 00:01:55,560

interviews it's very clear that this

29

00:02:00,530 --> 00:01:57,899

event has affected him greatly like it

30

00:02:02,749 --> 00:02:00,540

has many other military personnel and

31

00:02:04,609 --> 00:02:02,759

civilians as well so we're going to talk

32

00:02:09,290 --> 00:02:04,619

all about the event that happened to him

33

00:02:11,270 --> 00:02:09,300

at Ellsworth Air Force Base in 1977 in

34

00:02:13,550 --> 00:02:11,280

just a little bit but I do want to thank

35

00:02:16,369 --> 00:02:13,560

everyone for being here I know we've got

36

00:02:19,190 --> 00:02:16,379

a bunch of people in the chat already uh

37

00:02:21,589 --> 00:02:19,200

to welcome we've got James we've got

38

00:02:23,330 --> 00:02:21,599

Donovan and we're going to be taking

39

00:02:25,490 --> 00:02:23,340

listener questions tonight as well guys

40

00:02:27,589 --> 00:02:25,500

so if you have questions for our guests

41

00:02:30,290 --> 00:02:27,599

you can put them in the Super Chat which

42

00:02:33,470 --> 00:02:30,300

helps the show out tremendously we will

43

00:02:36,170 --> 00:02:33,480

ask those towards the end of the show uh

44

00:02:38,449 --> 00:02:36,180

but without further Ado let's bring him

45

00:02:40,790 --> 00:02:38,459

in to talk all about the event that

46

00:02:43,990 --> 00:02:40,800

happened to him at Ellsworth Air Force

47

00:02:46,670 --> 00:02:44,000

Base and that is none other than Mario

48

00:02:49,270 --> 00:02:46,680

Woods Mario welcome to somewhere in the

49

00:02:51,350 --> 00:02:49,280

skies hello Ryan thank you for having me

50

00:02:53,809 --> 00:02:51,360

absolutely you know we have been trying

51  
00:02:56,030 --> 00:02:53,819  
to make this happen for a while now

52  
00:02:58,430 --> 00:02:56,040  
we've been emailing back and forth I'd

53  
00:03:00,770 --> 00:02:58,440  
say a little under a year now yeah and

54  
00:03:02,390 --> 00:03:00,780  
uh we finally made it happen so we're

55  
00:03:04,250 --> 00:03:02,400  
gonna make it worth it tonight for sure

56  
00:03:06,949 --> 00:03:04,260  
we're good I'm looking forward to it

57  
00:03:09,410 --> 00:03:06,959  
yeah yeah well you know for those who

58  
00:03:11,809 --> 00:03:09,420  
may not uh be familiar with the show

59  
00:03:14,630 --> 00:03:11,819  
unidentified uh I know you did another

60  
00:03:16,550 --> 00:03:14,640  
special on Discovery plus sort of

61  
00:03:18,170 --> 00:03:16,560  
recently as well

62  
00:03:20,570 --> 00:03:18,180  
um can you tell us a little about who

63  
00:03:22,790 --> 00:03:20,580

you are uh you know we'll get to the

64

00:03:23,869 --> 00:03:22,800

military career aspect but

65

00:03:25,729 --> 00:03:23,879

um yeah why don't you go ahead and

66

00:03:27,110 --> 00:03:25,739

introduce yourself to our audience who

67

00:03:28,970 --> 00:03:27,120

may not be familiar with you if you

68

00:03:31,970 --> 00:03:28,980

don't mind okay well my name is Mario

69

00:03:34,250 --> 00:03:31,980

Woods I'm 67 years old I live in

70

00:03:36,770 --> 00:03:34,260

Brunswick Georgia

71

00:03:39,949 --> 00:03:36,780

um I work for a paper company now

72

00:03:43,070 --> 00:03:39,959

Georgia Pacific uh my hobbies are radio

73

00:03:44,330 --> 00:03:43,080

control car racing tactical shooting

74

00:03:46,309 --> 00:03:44,340

uh

75

00:03:46,970 --> 00:03:46,319

physical fitness

76

00:03:49,729 --> 00:03:46,980

um

77

00:03:52,309 --> 00:03:49,739

just taking care of my property and just

78

00:03:55,970 --> 00:03:52,319

doing everything I can to uh continue

79

00:03:58,610 --> 00:03:55,980

onward in this journey right that's

80

00:03:59,750 --> 00:03:58,620

right well I don't know if how far you

81

00:04:02,210 --> 00:03:59,760

want me to expound on that or anything

82

00:04:05,509 --> 00:04:02,220

or just is that good enough oh no no no

83

00:04:07,190 --> 00:04:05,519

that's that's perfect man the journey is

84

00:04:08,990 --> 00:04:07,200

um is definitely what we're going to be

85

00:04:11,089 --> 00:04:09,000

talking about tonight

86

00:04:13,369 --> 00:04:11,099

um well let's start with uh your journey

87

00:04:15,649 --> 00:04:13,379

into the military what made you what

88

00:04:17,390 --> 00:04:15,659

compelled you to want to join the Air

89

00:04:21,229 --> 00:04:17,400

Force if you don't mind

90

00:04:23,390 --> 00:04:21,239

uh well honestly I I uh I just always

91

00:04:25,909 --> 00:04:23,400

had a thing about aircraft and airplanes

92

00:04:27,469 --> 00:04:25,919

but uh living in Tampa Florida for as

93

00:04:29,510 --> 00:04:27,479

long as we did you used to always see

94

00:04:31,129 --> 00:04:29,520

the launches from NASA across the state

95

00:04:32,990 --> 00:04:31,139

you know in Cocoa Beach

96

00:04:34,550 --> 00:04:33,000

and um

97

00:04:36,710 --> 00:04:34,560

you just always

98

00:04:39,409 --> 00:04:36,720

you know it just always enthused me you

99

00:04:41,450 --> 00:04:39,419

know Ariel's you know superiority that

100

00:04:45,170 --> 00:04:41,460

kind of thing and Rockets and missiles

101  
00:04:48,409 --> 00:04:45,180  
and stuff like that but um my father was

102  
00:04:50,749 --> 00:04:48,419  
a merchant Seaman and lost him my first

103  
00:04:53,689 --> 00:04:50,759  
day of my senior high school year so

104  
00:04:55,969 --> 00:04:53,699  
I should have probably gone Navy and uh

105  
00:04:58,010 --> 00:04:55,979  
instead I just didn't want anything to

106  
00:05:00,350 --> 00:04:58,020  
have have to do with the sea any longer

107  
00:05:03,110 --> 00:05:00,360  
so uh even though I used to go to see

108  
00:05:04,670 --> 00:05:03,120  
with him sometimes I so I decided to go

109  
00:05:05,990 --> 00:05:04,680  
in the Air Force and I went into

110  
00:05:08,570 --> 00:05:06,000  
Security Police

111  
00:05:10,310 --> 00:05:08,580  
and uh went on the security side of it

112  
00:05:13,070 --> 00:05:10,320  
which was kind of like the security

113  
00:05:15,469 --> 00:05:13,080

forces as if as is today

114

00:05:17,270 --> 00:05:15,479

and uh went through all the training we

115

00:05:19,189 --> 00:05:17,280

did even did some ranger training down

116

00:05:21,950 --> 00:05:19,199

in the Philippines and so forth that

117

00:05:23,270 --> 00:05:21,960

that was like 79.

118

00:05:25,610 --> 00:05:23,280

um when they were trying to integrate

119

00:05:28,129 --> 00:05:25,620

Air Force into into better modes and

120

00:05:31,490 --> 00:05:28,139

more secure

121

00:05:34,270 --> 00:05:31,500

modules of training so it gave us a

122

00:05:37,129 --> 00:05:34,280

better better leg to stand on

123

00:05:38,689 --> 00:05:37,139

it's you know I I don't regret the

124

00:05:41,629 --> 00:05:38,699

journey it was really really great and

125

00:05:45,890 --> 00:05:41,639

I'd do it again today if they'd have me

126  
00:05:48,590 --> 00:05:45,900  
gotcha well I guess what what was was

127  
00:05:51,070 --> 00:05:48,600  
was your first station stationing at

128  
00:05:53,450 --> 00:05:51,080  
Ellsworth Air Force Base oh yeah

129  
00:05:56,029 --> 00:05:53,460  
after Basics training in technical

130  
00:05:57,830 --> 00:05:56,039  
school right um Air Base ground defense

131  
00:06:00,770 --> 00:05:57,840  
training yeah that was my first base was

132  
00:06:02,450 --> 00:06:00,780  
Ellsworth Air Force Base and uh it was

133  
00:06:04,010 --> 00:06:02,460  
really different you know here you know

134  
00:06:06,290 --> 00:06:04,020  
here I am a

135  
00:06:09,170 --> 00:06:06,300  
you know 18 year old from Tampa Florida

136  
00:06:11,029 --> 00:06:09,180  
and um all of a sudden I'm in a missile

137  
00:06:13,610 --> 00:06:11,039  
complex in the middle of nowhere in

138  
00:06:15,590 --> 00:06:13,620

South Dakota so it was really different

139

00:06:18,650 --> 00:06:15,600

but really eye-opening not really

140

00:06:21,290 --> 00:06:18,660

knowing what the global threat was only

141

00:06:22,909 --> 00:06:21,300

you know as a student hearing about it

142

00:06:24,710 --> 00:06:22,919

you know the cold war or what have you

143

00:06:26,809 --> 00:06:24,720

and then all of a sudden you're thrust

144

00:06:29,270 --> 00:06:26,819

into the middle of it where you you know

145

00:06:31,730 --> 00:06:29,280

there were times where I got to actually

146

00:06:33,650 --> 00:06:31,740

go down inside of a silo and put my

147

00:06:35,689 --> 00:06:33,660

hands on on a missile you know and just

148

00:06:38,029 --> 00:06:35,699

think wow I wanted to write something on

149

00:06:42,050 --> 00:06:38,039

it but that's a federal offense so you

150

00:06:45,050 --> 00:06:42,060

can't do it you know but but uh I I uh I

151  
00:06:48,010 --> 00:06:45,060  
learned a great deal there wow I can't

152  
00:06:52,010 --> 00:06:48,020  
even imagine you know the the pressure

153  
00:06:54,409 --> 00:06:52,020  
that you and so many of the people on

154  
00:06:55,670 --> 00:06:54,419  
base had to deal with day to day and

155  
00:06:58,070 --> 00:06:55,680  
first of all thank you for your service

156  
00:07:00,830 --> 00:06:58,080  
before we go any further

157  
00:07:03,230 --> 00:07:00,840  
um my first question would be what does

158  
00:07:04,909 --> 00:07:03,240  
the typical day of a security police

159  
00:07:06,890 --> 00:07:04,919  
officer look like at a base like

160  
00:07:08,390 --> 00:07:06,900  
Ellsworth I'm sure it would change day

161  
00:07:11,090 --> 00:07:08,400  
to day but yeah what was kind of the

162  
00:07:13,010 --> 00:07:11,100  
protocol of a day-to-day there first of

163  
00:07:14,870 --> 00:07:13,020

all you know even though Ellsworth was

164

00:07:17,330 --> 00:07:14,880

where you're assigned that's just your

165

00:07:20,890 --> 00:07:17,340

support base and these missile sites

166

00:07:24,170 --> 00:07:20,900

were you know are spread throughout they

167

00:07:28,189 --> 00:07:24,180

Northwestern side of South Dakota as in

168

00:07:30,469 --> 00:07:28,199

Montana as in Wyoming as as in North

169

00:07:33,469 --> 00:07:30,479

Dakota and uh

170

00:07:36,650 --> 00:07:33,479

anyway our base had 150 missiles as the

171

00:07:38,809 --> 00:07:36,660

other bases did also and then you live

172

00:07:40,490 --> 00:07:38,819

on these launch control facilities for

173

00:07:41,629 --> 00:07:40,500

three days at a time then you're off for

174

00:07:44,029 --> 00:07:41,639

three days

175

00:07:47,150 --> 00:07:44,039

and uh that you live there and you your

176

00:07:49,129 --> 00:07:47,160

hours rotate per shift or per Tour of

177

00:07:52,189 --> 00:07:49,139

Duty we used to call it we're like 6 a.m

178

00:07:53,990 --> 00:07:52,199

to 6 p.m and they're you know Staffing

179

00:07:56,749 --> 00:07:54,000

wise on a launch control facility you

180

00:07:59,089 --> 00:07:56,759

have six security police officers uh

181

00:08:01,370 --> 00:07:59,099

four which are response Personnel two

182

00:08:03,890 --> 00:08:01,380

are flight security controllers you have

183

00:08:05,689 --> 00:08:03,900

a facility manager a cook and you have

184

00:08:08,150 --> 00:08:05,699

four officers there and two of which are

185

00:08:10,909 --> 00:08:08,160

underground at all times you Manning the

186

00:08:13,010 --> 00:08:10,919

capsule the launch control capsule so

187

00:08:16,730 --> 00:08:13,020

and then you monitor based on their on

188

00:08:19,309 --> 00:08:16,740

their dispatches uh you know and you do

189

00:08:21,290 --> 00:08:19,319

LF checks launch facility checks to uh

190

00:08:23,689 --> 00:08:21,300

any and all missile sites and of course

191

00:08:28,210 --> 00:08:23,699

address any and all uh security related

192

00:08:32,029 --> 00:08:28,220

uh alarms that go off and they do go off

193

00:08:34,250 --> 00:08:32,039

so in terms of going off now we're going

194

00:08:36,649 --> 00:08:34,260

to get to the main event that we will be

195

00:08:39,290 --> 00:08:36,659

the Crux of the conversation tonight but

196

00:08:42,070 --> 00:08:39,300

um had you enter had you ever had any

197

00:08:44,930 --> 00:08:42,080

other incidents occur um

198

00:08:48,470 --> 00:08:44,940

non-ufo related on the base during your

199

00:08:50,090 --> 00:08:48,480

time there uh not on the base no um I

200

00:08:52,630 --> 00:08:50,100

mean of course you hear you're hearsay

201  
00:08:55,790 --> 00:08:52,640  
my first experience of anything that

202  
00:08:57,590 --> 00:08:55,800  
flying which was uh my with my mother

203  
00:08:59,990 --> 00:08:57,600  
and my sister

204  
00:09:01,690 --> 00:09:00,000  
was in Port Arthur Texas being taken to

205  
00:09:04,310 --> 00:09:01,700  
my elementary school to Queen Elementary

206  
00:09:06,829 --> 00:09:04,320  
where my mother pointed out along with

207  
00:09:09,470 --> 00:09:06,839  
about 1500 other people I'd say well

208  
00:09:11,210 --> 00:09:09,480  
maybe not that many maybe 800 all the

209  
00:09:13,389 --> 00:09:11,220  
kids in the playground all the teachers

210  
00:09:16,430 --> 00:09:13,399  
hanging out out of Windows it was a one

211  
00:09:18,350 --> 00:09:16,440  
uh it was a it was a building where you

212  
00:09:19,009 --> 00:09:18,360  
went to school from kindergarten to 12th

213  
00:09:21,710 --> 00:09:19,019

grade

214

00:09:26,690 --> 00:09:21,720

and uh I'd say that was probably right

215

00:09:28,790 --> 00:09:26,700

around 61 66 yeah 61 62. I was just that

216

00:09:30,350 --> 00:09:28,800

was my first year and or going to school

217

00:09:32,030 --> 00:09:30,360

and kindergarten in first grade I can't

218

00:09:33,650 --> 00:09:32,040

quite remember but there were three

219

00:09:35,570 --> 00:09:33,660

objects sitting over top of a church

220

00:09:38,690 --> 00:09:35,580

only about 50 feet in the air and they

221

00:09:42,410 --> 00:09:38,700

were you know white silver and had a

222

00:09:44,210 --> 00:09:42,420

lower uh circular circulating light and

223

00:09:46,130 --> 00:09:44,220

my mother pointed him out she said look

224

00:09:47,150 --> 00:09:46,140

Anthony there's flying saucers that's my

225

00:09:50,030 --> 00:09:47,160

middle name

226  
00:09:51,530 --> 00:09:50,040  
and we were just so astonished all the

227  
00:09:53,990 --> 00:09:51,540  
cars in front of us were stopped which

228  
00:09:56,030 --> 00:09:54,000  
was probably six or eight cars and then

229  
00:09:58,370 --> 00:09:56,040  
the playground area which was directly

230  
00:10:00,710 --> 00:09:58,380  
across the street from the school itself

231  
00:10:02,810 --> 00:10:00,720  
was fenced off so it was an entire

232  
00:10:07,070 --> 00:10:02,820  
playground area still there today I saw

233  
00:10:08,269 --> 00:10:07,080  
it just in back in 08 and um I just sit

234  
00:10:09,829 --> 00:10:08,279  
there and thought about that the church

235  
00:10:12,530 --> 00:10:09,839  
is no longer there and the school's been

236  
00:10:14,509 --> 00:10:12,540  
redesigned but that morning was really

237  
00:10:16,310 --> 00:10:14,519  
really unbelievable because we just

238  
00:10:18,290 --> 00:10:16,320

couldn't believe what we saw and how

239

00:10:21,230 --> 00:10:18,300

fast they vanished straight up all three

240

00:10:24,050 --> 00:10:21,240

same time you know they were probably

241

00:10:26,930 --> 00:10:24,060

75 80 foot in diameter on this is a five

242

00:10:28,910 --> 00:10:26,940

six year old kid telling you this so

243

00:10:30,290 --> 00:10:28,920

I don't know if it leaves much room for

244

00:10:31,850 --> 00:10:30,300

imagination when you've never seen

245

00:10:34,370 --> 00:10:31,860

something like that before so it's

246

00:10:37,550 --> 00:10:34,380

pretty much I was pretty factual exactly

247

00:10:39,170 --> 00:10:37,560

what we saw and you know and once they

248

00:10:41,449 --> 00:10:39,180

were gone this is the weirdest thing

249

00:10:44,269 --> 00:10:41,459

Robert Hastings even said this to me

250

00:10:45,949 --> 00:10:44,279

that a lot of times you know people

251  
00:10:47,569 --> 00:10:45,959  
witness something and as soon as it's

252  
00:10:49,910 --> 00:10:47,579  
gone it's like okay it's all normal it's

253  
00:10:52,329 --> 00:10:49,920  
okay and that's the way that day went

254  
00:10:55,190 --> 00:10:52,339  
exactly the way it went

255  
00:10:57,530 --> 00:10:55,200  
interesting you do hear that a lot you

256  
00:11:00,650 --> 00:10:57,540  
know particularly uh I did a

257  
00:11:02,750 --> 00:11:00,660  
investigation recently for a TV show on

258  
00:11:04,670 --> 00:11:02,760  
the Phoenix Lights incident oh yeah and

259  
00:11:07,190 --> 00:11:04,680  
uh a lot of those Witnesses claim the

260  
00:11:08,690 --> 00:11:07,200  
same thing after what they saw they it

261  
00:11:11,210 --> 00:11:08,700  
was like something in their brain just

262  
00:11:13,310 --> 00:11:11,220  
yeah shut down and they didn't want to

263  
00:11:15,769 --> 00:11:13,320

talk about it or they had some sort of

264

00:11:18,050 --> 00:11:15,779

like instant Amnesia or there was

265

00:11:20,990 --> 00:11:18,060

something that just compelled them to uh

266

00:11:24,050 --> 00:11:21,000

move on and not react to What it just

267

00:11:28,009 --> 00:11:24,060

occurred um it's fascinating I I do

268

00:11:30,829 --> 00:11:28,019

wonder often you know is that some sort

269

00:11:33,350 --> 00:11:30,839

of as Jacques valet would say a control

270

00:11:36,230 --> 00:11:33,360

mechanism of The Craft you're actually

271

00:11:39,889 --> 00:11:36,240

seeing or what yeah yeah I really I

272

00:11:41,930 --> 00:11:39,899

really think so I do I spoke with one uh

273

00:11:43,550 --> 00:11:41,940

guy out there and I I don't they don't

274

00:11:45,949 --> 00:11:43,560

want his name mentioned or anything but

275

00:11:47,449 --> 00:11:45,959

by email and he said you know he

276

00:11:48,889 --> 00:11:47,459

witnessed that and he was there and he

277

00:11:50,569 --> 00:11:48,899

had some pictures I tried to get him to

278

00:11:51,769 --> 00:11:50,579

send me the pictures but he didn't want

279

00:11:53,990 --> 00:11:51,779

to send me pictures over the internet

280

00:11:55,550 --> 00:11:54,000

you know how people are concerned about

281

00:11:57,949 --> 00:11:55,560

that but anyway

282

00:12:00,949 --> 00:11:57,959

he said they were having a party in his

283

00:12:02,690 --> 00:12:00,959

backyard and um I don't know birthday

284

00:12:05,930 --> 00:12:02,700

party or something for his daughter and

285

00:12:07,610 --> 00:12:05,940

then and that happened and while he

286

00:12:09,530 --> 00:12:07,620

elected to tell me about that I don't

287

00:12:12,470 --> 00:12:09,540

know he had seen one of the one of the

288

00:12:13,970 --> 00:12:12,480

podcasts I think with someone in um he

289

00:12:15,290 --> 00:12:13,980

just started and my email was there and

290

00:12:17,750 --> 00:12:15,300

he thought he would get in touch with me

291

00:12:19,130 --> 00:12:17,760

and he did but he said it was as if okay

292

00:12:21,110 --> 00:12:19,140

it's over everybody goes back to the

293

00:12:23,990 --> 00:12:21,120

party nobody even discussed it which I

294

00:12:26,810 --> 00:12:24,000

found extremely strange but that's the

295

00:12:29,210 --> 00:12:26,820

way it is yeah right I know I've come

296

00:12:30,949 --> 00:12:29,220

across hundreds of those at this point

297

00:12:32,449 --> 00:12:30,959

and uh speaking of emails you're

298

00:12:34,970 --> 00:12:32,459

probably going to get a bunch after this

299

00:12:37,430 --> 00:12:34,980

interview I'm already warning you I try

300

00:12:40,430 --> 00:12:37,440

to answer everybody I can you know I I

301  
00:12:41,870 --> 00:12:40,440  
have nothing to hide I have um I'm too

302  
00:12:43,490 --> 00:12:41,880  
old to worry about any of this other

303  
00:12:45,650 --> 00:12:43,500  
mess I don't have any clearances any

304  
00:12:48,290 --> 00:12:45,660  
longer so you know if you can ask

305  
00:12:50,750 --> 00:12:48,300  
anything you want well we appreciate

306  
00:12:52,790 --> 00:12:50,760  
that yeah you know

307  
00:12:55,490 --> 00:12:52,800  
um the more military personnel that come

308  
00:12:57,889 --> 00:12:55,500  
forward I think it really

309  
00:12:59,210 --> 00:12:57,899  
um elevates the conversation it does

310  
00:13:01,730 --> 00:12:59,220  
make people

311  
00:13:03,949 --> 00:13:01,740  
stop and listen you know you are trained

312  
00:13:05,690 --> 00:13:03,959  
observers your your jobs are literally

313  
00:13:08,269 --> 00:13:05,700

to look for threats at these

314

00:13:10,610 --> 00:13:08,279

installations and they're happening at

315

00:13:12,949 --> 00:13:10,620

an alarming rate and yeah and they

316

00:13:15,650 --> 00:13:12,959

cannot be explained so

317

00:13:17,329 --> 00:13:15,660

um let's I I guess let's just dive into

318

00:13:18,170 --> 00:13:17,339

it you know let's rip the Band-Aid off

319

00:13:21,050 --> 00:13:18,180

Mario

320

00:13:22,670 --> 00:13:21,060

um this event that happened to you um

321

00:13:25,069 --> 00:13:22,680

1977

322

00:13:28,129 --> 00:13:25,079

Ellsworth Air Force Base I want to give

323

00:13:29,750 --> 00:13:28,139

you the time to just tell it as you'd

324

00:13:32,329 --> 00:13:29,760

like you know I know you've done it

325

00:13:34,790 --> 00:13:32,339

before but um this is your time to kind

326

00:13:37,730 --> 00:13:34,800

of just uh run us through it you know

327

00:13:41,210 --> 00:13:37,740

from I guess start to finish uh there's

328

00:13:43,730 --> 00:13:41,220

kind of a tangential aspect to your

329

00:13:45,949 --> 00:13:43,740

story uh in terms of the missing time

330

00:13:47,629 --> 00:13:45,959

which I'd like to cover separately if

331

00:13:49,610 --> 00:13:47,639

that's okay with you sure

332

00:13:53,569 --> 00:13:49,620

um but yeah maybe just run us through

333

00:13:55,790 --> 00:13:53,579

what happened in 1977 at the base okay

334

00:13:58,009 --> 00:13:55,800

um well first of all it was our first

335

00:13:59,990 --> 00:13:58,019

day out uh being taken from the main

336

00:14:02,509 --> 00:14:00,000

base of Ellsworth out to November 1

337

00:14:04,250 --> 00:14:02,519

which is where I was assigned at the

338

00:14:06,050 --> 00:14:04,260

time and um

339

00:14:08,090 --> 00:14:06,060

I was working with a new partner named

340

00:14:11,030 --> 00:14:08,100

Michael Johnson and he was working

341

00:14:13,250 --> 00:14:11,040

vacation relief for my normal partner

342

00:14:16,190 --> 00:14:13,260

and being that he outranked me he was a

343

00:14:18,530 --> 00:14:16,200

team leader by like two months so anyway

344

00:14:21,769 --> 00:14:18,540

it was nice to meet him and a real nice

345

00:14:23,990 --> 00:14:21,779

fellow and uh I believe he said he said

346

00:14:26,569 --> 00:14:24,000

he was from uh

347

00:14:29,329 --> 00:14:26,579

Chicago Illinois but I I'm not positive

348

00:14:30,889 --> 00:14:29,339

hopefully um

349

00:14:33,350 --> 00:14:30,899

we'll make contact with him in the

350

00:14:37,310 --> 00:14:33,360

future and we've been trying for years

351  
00:14:40,370 --> 00:14:37,320  
uh anyhow it was uh maybe 9 15 9 20 at

352  
00:14:42,050 --> 00:14:40,380  
night I just stepped outside uh you know

353  
00:14:44,090 --> 00:14:42,060  
this this site is in the middle of a

354  
00:14:46,430 --> 00:14:44,100  
prairie the closest town is Newell South

355  
00:14:49,550 --> 00:14:46,440  
Dakota and it's about eight and a half

356  
00:14:52,730 --> 00:14:49,560  
miles away to the South and more south

357  
00:14:55,430 --> 00:14:52,740  
of that is uh Sturgis which many people

358  
00:14:56,689 --> 00:14:55,440  
are familiar with and that's a that's a

359  
00:14:58,490 --> 00:14:56,699  
launch control facility right there

360  
00:15:00,590 --> 00:14:58,500  
where we lived that looks like November

361  
00:15:02,269 --> 00:15:00,600  
one of course they all look alike I hope

362  
00:15:04,430 --> 00:15:02,279  
it is the number one I believe it is

363  
00:15:06,590 --> 00:15:04,440

yeah

364

00:15:08,930 --> 00:15:06,600

and I was out there last year in

365

00:15:12,050 --> 00:15:08,940

September which was or no July which was

366

00:15:12,829 --> 00:15:12,060

really cool maybe before that but anyway

367

00:15:14,689 --> 00:15:12,839

um

368

00:15:16,970 --> 00:15:14,699

so I walked out on the front of this

369

00:15:19,490 --> 00:15:16,980

this building and uh which is just

370

00:15:21,769 --> 00:15:19,500

standing outside and the only town north

371

00:15:23,030 --> 00:15:21,779

of that is Belle Fourche about 29 miles

372

00:15:24,710 --> 00:15:23,040

to the north

373

00:15:27,710 --> 00:15:24,720

and then you have the North Dakota state

374

00:15:29,449 --> 00:15:27,720

border on beyond that but uh anyway over

375

00:15:31,250 --> 00:15:29,459

to the east which would be to the right

376

00:15:33,290 --> 00:15:31,260

side of this picture

377

00:15:34,610 --> 00:15:33,300

I stepped out in the parking lot to

378

00:15:35,990 --> 00:15:34,620

smoke a cigarette and just to stretch my

379

00:15:38,949 --> 00:15:36,000

legs I smoked then

380

00:15:41,329 --> 00:15:38,959

and I saw an object at about a 30 degree

381

00:15:44,750 --> 00:15:41,339

elevation in the sky

382

00:15:47,030 --> 00:15:44,760

and I was kind of uh confused by it

383

00:15:49,670 --> 00:15:47,040

because it was so large and it was so

384

00:15:51,710 --> 00:15:49,680

bright but it was a different intensity

385

00:15:54,290 --> 00:15:51,720

of light that I've ever seen before I

386

00:15:57,290 --> 00:15:54,300

honestly thought it was two B-52 bombers

387

00:15:59,329 --> 00:15:57,300

which we supported a strategic bomber

388

00:16:01,430 --> 00:15:59,339

squadron at Ellsworth Air Force Base

389

00:16:02,569 --> 00:16:01,440

they're already ready to go I mean

390

00:16:04,730 --> 00:16:02,579

that's what they do and that's what

391

00:16:06,650 --> 00:16:04,740

Ellsworth was that in missiles

392

00:16:08,509 --> 00:16:06,660

and I honestly thought that's what they

393

00:16:11,269 --> 00:16:08,519

were because sometimes they'll fly these

394

00:16:13,129 --> 00:16:11,279

sorties you know where their their

395

00:16:15,410 --> 00:16:13,139

training flights but they get really

396

00:16:17,090 --> 00:16:15,420

really low like three four hundred feet

397

00:16:19,490 --> 00:16:17,100

off the ground and they're just ripping

398

00:16:20,990 --> 00:16:19,500

and you know I mean they have some

399

00:16:23,569 --> 00:16:21,000

really big lights on

400

00:16:24,889 --> 00:16:23,579

I've never seen that kind of light but

401  
00:16:26,689 --> 00:16:24,899  
that's what I thought they were maybe

402  
00:16:29,030 --> 00:16:26,699  
they were in tandem behind each other or

403  
00:16:31,250 --> 00:16:29,040  
something it was so strange that it kept

404  
00:16:32,389 --> 00:16:31,260  
my attention the other thing was I

405  
00:16:34,490 --> 00:16:32,399  
didn't know if it was coming directly

406  
00:16:35,990 --> 00:16:34,500  
toward me or moving it wasn't moving

407  
00:16:37,730 --> 00:16:36,000  
away from me so I didn't I really

408  
00:16:38,930 --> 00:16:37,740  
couldn't see or that it wasn't

409  
00:16:40,550 --> 00:16:38,940  
stationary

410  
00:16:42,110 --> 00:16:40,560  
even that's why I thought it was coming

411  
00:16:43,790 --> 00:16:42,120  
toward me and I couldn't really detect

412  
00:16:46,249 --> 00:16:43,800  
that you know visually

413  
00:16:49,009 --> 00:16:46,259

and I'd say it was probably you know

414

00:16:53,090 --> 00:16:49,019

seven eight miles away maybe more

415

00:16:58,430 --> 00:16:56,449

in relationship to large I'd say uh

416

00:17:00,530 --> 00:16:58,440

it's like looking at a quarter of a moon

417

00:17:02,629 --> 00:17:00,540

a diameter of a moon or something you

418

00:17:05,390 --> 00:17:02,639

know but yeah it was bright like that

419

00:17:07,130 --> 00:17:05,400

and um

420

00:17:09,289 --> 00:17:07,140

anyway I don't even know what came over

421

00:17:11,630 --> 00:17:09,299

me it was up there for such a period of

422

00:17:13,730 --> 00:17:11,640

time I thought well I'll just try what

423

00:17:15,530 --> 00:17:13,740

they do at sea but you know my father

424

00:17:18,770 --> 00:17:15,540

taught me and showed me how they used to

425

00:17:20,929 --> 00:17:18,780

use the ship's lights to you know to

426

00:17:22,030 --> 00:17:20,939

flash other lights to other ships for

427

00:17:25,250 --> 00:17:22,040

communication

428

00:17:26,569 --> 00:17:25,260

so I ran inside my buddy Bill Holloman

429

00:17:28,069 --> 00:17:26,579

he was on the phone he was talking to

430

00:17:30,650 --> 00:17:28,079

his wife and um

431

00:17:31,850 --> 00:17:30,660

uh back at Ellsworth and uh I said bill

432

00:17:34,070 --> 00:17:31,860

there's something out here I would like

433

00:17:37,430 --> 00:17:34,080

wish you'd take a look at and he just

434

00:17:38,990 --> 00:17:37,440

kind of weighed me off and uh so I just

435

00:17:41,270 --> 00:17:39,000

walked up to the panel and it was just

436

00:17:42,770 --> 00:17:41,280

one switch control 12 to 14 lights

437

00:17:45,470 --> 00:17:42,780

around the facility and they were all

438

00:17:48,049 --> 00:17:45,480

these two foot diameter can lights you

439

00:17:49,190 --> 00:17:48,059

know that illuminate the perimeter and

440

00:17:51,230 --> 00:17:49,200

the building

441

00:17:53,750 --> 00:17:51,240

and I flipped them off with them all no

442

00:17:56,750 --> 00:17:53,760

no sequence no SOS or anything like that

443

00:17:59,690 --> 00:17:56,760

just for fun just Flip Flip Flip Flip

444

00:18:01,850 --> 00:17:59,700

I went back outside

445

00:18:04,010 --> 00:18:01,860

and it flipped it so it flipped off and

446

00:18:07,789 --> 00:18:04,020

flipped back on

447

00:18:08,630 --> 00:18:07,799

now wow yeah and I went well that's

448

00:18:10,310 --> 00:18:08,640

different

449

00:18:11,930 --> 00:18:10,320

you know immediately then I thought

450

00:18:13,490 --> 00:18:11,940

helicopters you know because there's a

451  
00:18:15,169 --> 00:18:13,500  
lot of times you know we had helicopters

452  
00:18:18,950 --> 00:18:15,179  
doing trips that come out to the sites

453  
00:18:20,630 --> 00:18:18,960  
or to to LCS or to the Is dropping off

454  
00:18:22,850 --> 00:18:20,640  
people or bringing a maintenance team or

455  
00:18:25,490 --> 00:18:22,860  
something emergency configuration or

456  
00:18:27,710 --> 00:18:25,500  
anything but anyway so I ran back inside

457  
00:18:30,529 --> 00:18:27,720  
excited and as I went back in I told

458  
00:18:32,270 --> 00:18:30,539  
Michael Johnson my my team leader at the

459  
00:18:33,950 --> 00:18:32,280  
time I said hey Michael come on here and

460  
00:18:36,830 --> 00:18:33,960  
check this out man I said I flipped

461  
00:18:38,330 --> 00:18:36,840  
lights at this object at this thing and

462  
00:18:40,370 --> 00:18:38,340  
it flipped the lights back

463  
00:18:42,710 --> 00:18:40,380

he didn't even really pay any mind to me

464

00:18:44,390 --> 00:18:42,720

and he was watching the TV on our three

465

00:18:47,270 --> 00:18:44,400

channels that we had there

466

00:18:50,029 --> 00:18:47,280

in 77 so you can imagine with them how

467

00:18:51,430 --> 00:18:50,039

much TV but so I did it again and went

468

00:18:53,570 --> 00:18:51,440

back outside

469

00:18:57,529 --> 00:18:53,580

and uh

470

00:18:59,750 --> 00:18:57,539

it went off and came back on

471

00:19:02,870 --> 00:18:59,760

and I thought

472

00:19:05,090 --> 00:19:02,880

what what is this you know and when it

473

00:19:06,590 --> 00:19:05,100

went back off it moved and I and I

474

00:19:09,049 --> 00:19:06,600

couldn't I didn't know that at the time

475

00:19:11,029 --> 00:19:09,059

so I got I got Michael Johnson I said

476  
00:19:13,850 --> 00:19:11,039  
you got to come out here and see this so

477  
00:19:17,270 --> 00:19:13,860  
he came outside and he sees the light or

478  
00:19:18,950 --> 00:19:17,280  
he sees it the object the light

479  
00:19:20,990 --> 00:19:18,960  
and it had moved a little bit further

480  
00:19:24,770 --> 00:19:21,000  
north but I think it had gotten a little

481  
00:19:27,110 --> 00:19:24,780  
bit closer compared to where it was and

482  
00:19:28,850 --> 00:19:27,120  
uh so I went back inside again I said

483  
00:19:29,510 --> 00:19:28,860  
hold on a minute I flashed the lights at

484  
00:19:32,570 --> 00:19:29,520  
it

485  
00:19:34,370 --> 00:19:32,580  
again same sequence ran back outside

486  
00:19:36,710 --> 00:19:34,380  
nothing happened

487  
00:19:39,230 --> 00:19:36,720  
all of a sudden it went off and it

488  
00:19:40,909 --> 00:19:39,240

didn't come back on so that was three

489

00:19:44,210 --> 00:19:40,919

times and now it was about five minutes

490

00:19:45,890 --> 00:19:44,220

or so to ten and he just said you know

491

00:19:47,450 --> 00:19:45,900

like whatever you know he didn't really

492

00:19:49,490 --> 00:19:47,460

make a comment or anything

493

00:19:50,870 --> 00:19:49,500

and as I said we didn't really know each

494

00:19:53,210 --> 00:19:50,880

other so

495

00:19:55,070 --> 00:19:53,220

you know I'm I'm inquisitive anyway and

496

00:19:57,830 --> 00:19:55,080

uh it just it just seemed that really

497

00:19:58,789 --> 00:19:57,840

sparked my interest for some reason and

498

00:20:00,710 --> 00:19:58,799

uh

499

00:20:02,270 --> 00:20:00,720

anyway I like flying on helicopters and

500

00:20:03,529 --> 00:20:02,280

I thought that's really a new Ploy there

501  
00:20:05,810 --> 00:20:03,539  
with these helicopters they're doing

502  
00:20:08,450 --> 00:20:05,820  
that right so uh

503  
00:20:11,750 --> 00:20:08,460  
anyway go back inside and I said well I

504  
00:20:13,850 --> 00:20:11,760  
guess the show's over and uh went back

505  
00:20:15,190 --> 00:20:13,860  
inside sat down picked up a book or

506  
00:20:17,630 --> 00:20:15,200  
something started reading it and

507  
00:20:20,270 --> 00:20:17,640  
watching some TV remember it used to go

508  
00:20:22,070 --> 00:20:20,280  
off at midnight and you'd get those

509  
00:20:24,529 --> 00:20:22,080  
really strange characters and everything

510  
00:20:27,710 --> 00:20:24,539  
on your TV and uh

511  
00:20:29,870 --> 00:20:27,720  
so I guess it was about 12 30 somewhere

512  
00:20:33,650 --> 00:20:29,880  
right in that time and the uh

513  
00:20:35,150 --> 00:20:33,660

MCC phone or LCC phone went off in the

514

00:20:37,250 --> 00:20:35,160

flight Security controller's office and

515

00:20:38,930 --> 00:20:37,260

that's a direct line between the flight

516

00:20:40,909 --> 00:20:38,940

security controller and the missile

517

00:20:44,210 --> 00:20:40,919

combat group down below

518

00:20:45,890 --> 00:20:44,220

and uh when it went off it just it's

519

00:20:48,890 --> 00:20:45,900

a phone that you it doesn't ring like a

520

00:20:50,510 --> 00:20:48,900

normal phone it just says answer me now

521

00:20:53,630 --> 00:20:50,520

you can't it won't stop until you pick

522

00:20:56,150 --> 00:20:53,640

it up so you have to pick it up and uh

523

00:20:58,730 --> 00:20:56,160

anyway I heard um

524

00:21:01,250 --> 00:20:58,740

the officer there telling um

525

00:21:02,930 --> 00:21:01,260

Bill Holloman he's assistant four at

526  
00:21:05,750 --> 00:21:02,940  
November five and I thought well that's

527  
00:21:09,049 --> 00:21:05,760  
weird we hardly ever got those that was

528  
00:21:10,789 --> 00:21:09,059  
an outer and inner Zone alarm and uh

529  
00:21:12,529 --> 00:21:10,799  
they're they're different you know than

530  
00:21:14,210 --> 00:21:12,539  
than the standard thing we go out when

531  
00:21:15,650 --> 00:21:14,220  
there's a bird or something flying

532  
00:21:16,909 --> 00:21:15,660  
through the antenna array or something

533  
00:21:18,710 --> 00:21:16,919  
like that

534  
00:21:20,330 --> 00:21:18,720  
so

535  
00:21:22,549 --> 00:21:20,340  
anyway we got our briefing and

536  
00:21:26,950 --> 00:21:22,559  
everything from the capsule crew and

537  
00:21:30,970 --> 00:21:26,960  
whenever it's that level of alarm uh

538  
00:21:33,350 --> 00:21:30,980

back at Ellsworth uh you you have the

539

00:21:35,149 --> 00:21:33,360

Communication Center there that that

540

00:21:37,549 --> 00:21:35,159

really oversees

541

00:21:39,110 --> 00:21:37,559

it's WSC Wing security control they're

542

00:21:41,149 --> 00:21:39,120

like they like monitor any and all

543

00:21:43,250 --> 00:21:41,159

alarms going on or anything on base two

544

00:21:45,230 --> 00:21:43,260

so they have a dual purpose

545

00:21:46,789 --> 00:21:45,240

but anyway they were aware of it and

546

00:21:48,529 --> 00:21:46,799

they they of course gave us a safety

547

00:21:50,930 --> 00:21:48,539

briefing as well so

548

00:21:53,990 --> 00:21:50,940

we uh got all of our stuff together and

549

00:21:56,029 --> 00:21:54,000

our codes and our weapons and loaded up

550

00:22:00,350 --> 00:21:56,039

everything and it was about 9 to 13

551  
00:22:01,730 --> 00:22:00,360  
degrees outside and uh yeah we had f-154

552  
00:22:04,549 --> 00:22:01,740  
pickup trucks and they were just two

553  
00:22:05,990 --> 00:22:04,559  
wheel drive trucks and uh we had of

554  
00:22:07,789 --> 00:22:06,000  
course we had a front end loader a

555  
00:22:09,710 --> 00:22:07,799  
caterpillar front end loader on the site

556  
00:22:11,510 --> 00:22:09,720  
in case you know we needed to dig out of

557  
00:22:14,270 --> 00:22:11,520  
there which did happen a few times but

558  
00:22:16,970 --> 00:22:14,280  
uh not all the time but anyway

559  
00:22:18,710 --> 00:22:16,980  
um so we responded uh after our safety

560  
00:22:21,169 --> 00:22:18,720  
briefing and our and everything our

561  
00:22:24,830 --> 00:22:21,179  
travel time was probably about 12 or 14

562  
00:22:27,289 --> 00:22:24,840  
minutes from November 1 to November 5.

563  
00:22:28,610 --> 00:22:27,299

and uh

564

00:22:30,710 --> 00:22:28,620

so we got in the vehicle and he's

565

00:22:32,570 --> 00:22:30,720

operating the vehicle he's a driver and

566

00:22:34,250 --> 00:22:32,580

we pull out of the gate go down to the

567

00:22:36,230 --> 00:22:34,260

first intersection which all these are

568

00:22:38,330 --> 00:22:36,240

clay roads out there that

569

00:22:40,430 --> 00:22:38,340

that um

570

00:22:42,350 --> 00:22:40,440

are just as they're some better than

571

00:22:44,570 --> 00:22:42,360

Highway roads you know I mean they they

572

00:22:47,270 --> 00:22:44,580

really maintain the roads and uh these

573

00:22:48,890 --> 00:22:47,280

clay roads so we take a take a left go

574

00:22:50,810 --> 00:22:48,900

to the next intersectional left and go

575

00:22:52,430 --> 00:22:50,820

off the highway 79 which is about four

576

00:22:54,830 --> 00:22:52,440

and a half miles away

577

00:22:56,510 --> 00:22:54,840

and as you're traveling 70 as you're

578

00:22:58,850 --> 00:22:56,520

traveling the dirt road or the Clay Road

579

00:23:01,490 --> 00:22:58,860

up to Highway 79 the road beds are

580

00:23:04,610 --> 00:23:01,500

elevated for snow runoff and water and

581

00:23:06,169 --> 00:23:04,620

what have you and uh and mind you you

582

00:23:08,149 --> 00:23:06,179

know you're at a mile high this is this

583

00:23:09,890 --> 00:23:08,159

is nothing but pure Prairie Land there

584

00:23:12,890 --> 00:23:09,900

and uh

585

00:23:14,510 --> 00:23:12,900

so as we rolled up to 79 I just looked

586

00:23:16,130 --> 00:23:14,520

over to my right and which would have

587

00:23:18,710 --> 00:23:16,140

been about the four o'clock position now

588

00:23:21,470 --> 00:23:18,720

as we rolled up on the highway and as I

589

00:23:26,450 --> 00:23:21,480

as we did I looked to my right and I see

590

00:23:29,330 --> 00:23:26,460

this really strange glow miles away but

591

00:23:30,230 --> 00:23:29,340

from that area of November 5 and I

592

00:23:32,090 --> 00:23:30,240

thought

593

00:23:34,010 --> 00:23:32,100

you got to be kidding me how strange is

594

00:23:36,649 --> 00:23:34,020

that you know you you know what's going

595

00:23:38,450 --> 00:23:36,659

on out in these by these missile sites

596

00:23:41,270 --> 00:23:38,460

normally because you you traversed them

597

00:23:43,310 --> 00:23:41,280

so much you check them so often and as

598

00:23:45,110 --> 00:23:43,320

soon as we made that that right turn on

599

00:23:47,690 --> 00:23:45,120

the Highway 79 which goes downhill

600

00:23:50,330 --> 00:23:47,700

toward Newell I told Michael I said dude

601  
00:23:53,149 --> 00:23:50,340  
I said just like that I said that's that

602  
00:23:55,730 --> 00:23:53,159  
object sitting on November 5. and he

603  
00:23:57,409 --> 00:23:55,740  
just says oh whatever man he didn't he

604  
00:23:59,149 --> 00:23:57,419  
just it just went right over him he

605  
00:24:00,710 --> 00:23:59,159  
didn't believe me so from that four

606  
00:24:02,870 --> 00:24:00,720  
o'clock position it now moved to about

607  
00:24:04,789 --> 00:24:02,880  
the two o'clock position visually

608  
00:24:06,529 --> 00:24:04,799  
and it was just pulsating well at the

609  
00:24:08,870 --> 00:24:06,539  
further we went down toward Newell it

610  
00:24:10,549 --> 00:24:08,880  
was downhill so I lost the side of that

611  
00:24:13,730 --> 00:24:10,559  
pulsation

612  
00:24:16,789 --> 00:24:13,740  
and we came to the stop sign in Newell

613  
00:24:19,070 --> 00:24:16,799

on Ormond Road still there today and

614

00:24:21,049 --> 00:24:19,080

there's one stop sign and there's one

615

00:24:22,730 --> 00:24:21,059

stoplight in Newell and the stop lights

616

00:24:25,190 --> 00:24:22,740

straight ahead you take a right on

617

00:24:28,210 --> 00:24:25,200

Ormond Road toward November 5.

618

00:24:30,770 --> 00:24:28,220

and um population today

619

00:24:32,330 --> 00:24:30,780

624 or something population then was

620

00:24:35,330 --> 00:24:32,340

234.

621

00:24:38,630 --> 00:24:35,340

in 1977 yeah so it's a real small town

622

00:24:41,630 --> 00:24:38,640

but it's really nice people there and uh

623

00:24:43,490 --> 00:24:41,640

so we turn right and as we went out it

624

00:24:45,230 --> 00:24:43,500

was paved Road and about a mile and a

625

00:24:48,110 --> 00:24:45,240

half into it it drops back off on the

626

00:24:49,909 --> 00:24:48,120

plate but it dog legs to the left which

627

00:24:53,450 --> 00:24:49,919

is important I really couldn't see it

628

00:24:55,430 --> 00:24:53,460

until then but we dropped off of that

629

00:24:56,750 --> 00:24:55,440

pavement and on back onto the dirt and

630

00:24:59,029 --> 00:24:56,760

went to the left

631

00:25:02,750 --> 00:24:59,039

and their set this object on top of

632

00:25:06,169 --> 00:25:02,760

November 5. that dwarfed the site

633

00:25:10,330 --> 00:25:06,179

ten feet in the air no noise

634

00:25:12,970 --> 00:25:10,340

no hard edges no protrusions no engines

635

00:25:15,230 --> 00:25:12,980

nothing that I can even explain

636

00:25:16,730 --> 00:25:15,240

aeronautically how it could be doing

637

00:25:18,770 --> 00:25:16,740

what it's doing

638

00:25:22,430 --> 00:25:18,780

and we pulled up directly in front of

639

00:25:25,610 --> 00:25:22,440

that site in that object

640

00:25:28,070 --> 00:25:25,620

probably uh I guess the cattle gate

641

00:25:30,529 --> 00:25:28,080

which Ranchers have to keep their cows

642

00:25:31,610 --> 00:25:30,539

from from coming out onto the highway to

643

00:25:33,710 --> 00:25:31,620

the roads

644

00:25:35,450 --> 00:25:33,720

uh that's where we stopped at a 45

645

00:25:38,269 --> 00:25:35,460

degree angle which was a tactical

646

00:25:41,330 --> 00:25:38,279

position for the pickup truck so

647

00:25:43,850 --> 00:25:41,340

I was laughable today but uh that's what

648

00:25:47,210 --> 00:25:43,860

we did then but uh

649

00:25:49,250 --> 00:25:47,220

this object was so large that if you can

650

00:25:51,890 --> 00:25:49,260

picture a ball

651  
00:25:55,130 --> 00:25:51,900  
over a square area

652  
00:25:56,630 --> 00:25:55,140  
the diameter was so large really that

653  
00:26:00,890 --> 00:25:56,640  
the

654  
00:26:04,250 --> 00:26:00,900  
covered by it but

655  
00:26:05,870 --> 00:26:04,260  
the edges of the edges of that diameter

656  
00:26:09,470 --> 00:26:05,880  
were

657  
00:26:11,090 --> 00:26:09,480  
just not far away at all just 50 so feet

658  
00:26:12,350 --> 00:26:11,100  
I guess I don't know I mean it was just

659  
00:26:15,110 --> 00:26:12,360  
so large you couldn't see the top

660  
00:26:16,190 --> 00:26:15,120  
obviously you know if I'm far away you

661  
00:26:17,630 --> 00:26:16,200  
can see the top or the full

662  
00:26:18,769 --> 00:26:17,640  
circumference of it but underneath it

663  
00:26:20,810 --> 00:26:18,779

you couldn't

664

00:26:24,169 --> 00:26:20,820

and um

665

00:26:25,850 --> 00:26:24,179

I don't know what came over me but it

666

00:26:27,830 --> 00:26:25,860

seemed as if

667

00:26:28,909 --> 00:26:27,840

I looked at Michael Johnson and he was

668

00:26:32,149 --> 00:26:28,919

like

669

00:26:34,190 --> 00:26:32,159

in some kind of a he was bathed in some

670

00:26:37,370 --> 00:26:34,200

kind of a light like a bluish glow

671

00:26:39,049 --> 00:26:37,380

bluish white glow behind him and he was

672

00:26:41,210 --> 00:26:39,059

on the steering wheel just like this

673

00:26:43,789 --> 00:26:41,220

just stuck to that steering wheel and I

674

00:26:49,250 --> 00:26:43,799

for some reason I knew

675

00:26:55,130 --> 00:26:50,990

and uh

676

00:26:57,710 --> 00:26:55,140

you know we're in full parkas flat pants

677

00:27:01,789 --> 00:26:57,720

mittens I had my had my mittens on I had

678

00:27:04,010 --> 00:27:01,799

one on and the other one off and uh

679

00:27:05,990 --> 00:27:04,020

anyway the only thing I knew to do I had

680

00:27:07,190 --> 00:27:06,000

to ask for Relief we couldn't breathe it

681

00:27:09,289 --> 00:27:07,200

was as if

682

00:27:15,470 --> 00:27:09,299

the interior of that vehicle is being

683

00:27:19,490 --> 00:27:18,049

I can smell the air every time I talk

684

00:27:21,830 --> 00:27:19,500

about this thing I can smell the air

685

00:27:22,730 --> 00:27:21,840

right now someone is like electrified or

686

00:27:24,110 --> 00:27:22,740

something

687

00:27:29,930 --> 00:27:24,120

uh

688

00:27:31,730 --> 00:27:29,940

to say about that but anyway I we had

689

00:27:33,110 --> 00:27:31,740

those old western mirrors on this on

690

00:27:35,210 --> 00:27:33,120

these vehicles those big aluminum

691

00:27:37,909 --> 00:27:35,220

mirrors and so I with my Mitten off on

692

00:27:40,070 --> 00:27:37,919

my right hand I pull myself out up onto

693

00:27:41,990 --> 00:27:40,080

the windowsill now you know I'm 22 years

694

00:27:43,070 --> 00:27:42,000

old and I'm in some of the best shape of

695

00:27:45,830 --> 00:27:43,080

my life

696

00:27:47,390 --> 00:27:45,840

and why I didn't get out I was literally

697

00:27:48,350 --> 00:27:47,400

afraid and my partner wouldn't say

698

00:27:50,390 --> 00:27:48,360

anything

699

00:27:52,909 --> 00:27:50,400

and I pulled myself out onto that

700

00:27:54,230 --> 00:27:52,919

windowsill and I took my Maglite and I

701  
00:27:56,870 --> 00:27:54,240  
held onto the bubble with my right

702  
00:27:59,390 --> 00:27:56,880  
knitting my left Mitten and I flashed

703  
00:28:01,909 --> 00:27:59,400  
this thing I just flashed my Maglite at

704  
00:28:04,549 --> 00:28:01,919  
it just now what what difference or what

705  
00:28:08,330 --> 00:28:04,559  
really did that mean that little that D

706  
00:28:10,970 --> 00:28:08,340  
cell Maglite to this object that's

707  
00:28:14,750 --> 00:28:10,980  
size of a Walmart building

708  
00:28:15,649 --> 00:28:14,760  
uh I flashed that light in no sequence

709  
00:28:17,450 --> 00:28:15,659  
again

710  
00:28:20,269 --> 00:28:17,460  
three or four times

711  
00:28:22,070 --> 00:28:20,279  
and it in a Slither Slither back down in

712  
00:28:23,450 --> 00:28:22,080  
that seat and I put my M16 between my

713  
00:28:24,470 --> 00:28:23,460

legs and I just remember putting my head

714

00:28:25,909 --> 00:28:24,480

down

715

00:28:27,230 --> 00:28:25,919

and all of a sudden I could breathe

716

00:28:34,070 --> 00:28:27,240

again

717

00:28:36,769 --> 00:28:34,080

but it was labored but I could breathe

718

00:28:39,409 --> 00:28:36,779

and it seemed as if tunnel vision Came

719

00:28:41,390 --> 00:28:39,419

Upon me and I was just I was just going

720

00:28:44,149 --> 00:28:41,400

in like this

721

00:28:46,370 --> 00:28:44,159

and as I did I turned him a ride I felt

722

00:28:48,950 --> 00:28:46,380

such fear to my right because all you

723

00:28:51,289 --> 00:28:48,960

have is a piece of glass right

724

00:28:54,590 --> 00:28:51,299

I roll the window up

725

00:28:57,409 --> 00:28:54,600

and as I did I see these shadowy figures

726

00:28:59,090 --> 00:28:57,419

on my right side

727

00:29:01,789 --> 00:28:59,100

approaching me

728

00:29:04,070 --> 00:29:01,799

and what got my attention was

729

00:29:05,930 --> 00:29:04,080

um in the midsection of the one of the

730

00:29:08,690 --> 00:29:05,940

one being and they're not creatures

731

00:29:10,789 --> 00:29:08,700

they're beings and they're these these

732

00:29:12,649 --> 00:29:10,799

are beings this is no they're that

733

00:29:15,350 --> 00:29:12,659

they're a beings

734

00:29:17,630 --> 00:29:15,360

there was something in the waistband or

735

00:29:20,090 --> 00:29:17,640

some kind of a band that had a a

736

00:29:22,010 --> 00:29:20,100

yellowish glowing tip on it

737

00:29:24,110 --> 00:29:22,020

and then the taught there was a tall one

738

00:29:26,570 --> 00:29:24,120

it was four total

739

00:29:28,370 --> 00:29:26,580

the tall one in the back was

740

00:29:31,010 --> 00:29:28,380

substantially taller

741

00:29:33,409 --> 00:29:31,020

and had a different feature now I

742

00:29:35,870 --> 00:29:33,419

couldn't see it real clear

743

00:29:38,090 --> 00:29:35,880

I mean I I don't know how to describe

744

00:29:39,950 --> 00:29:38,100

this kind of vision but

745

00:29:41,630 --> 00:29:39,960

the three in the front looked identical

746

00:29:43,370 --> 00:29:41,640

or their Shadows weren't the same

747

00:29:45,950 --> 00:29:43,380

they're they're

748

00:29:48,409 --> 00:29:45,960

the way they look were the same but the

749

00:29:50,149 --> 00:29:48,419

one in the back he had this thing right

750

00:29:53,510 --> 00:29:50,159

here on his chest but it was at a really

751  
00:29:57,649 --> 00:29:53,520  
strange shape and it glowed and it stuck

752  
00:29:59,810 --> 00:29:57,659  
out it wasn't just in him it stuck out

753  
00:30:04,310 --> 00:29:59,820  
and then I close my eyes

754  
00:30:07,430 --> 00:30:06,169  
um

755  
00:30:09,169 --> 00:30:07,440  
I don't know what happened to Michael

756  
00:30:10,549 --> 00:30:09,179  
Johnson I don't know if anything was on

757  
00:30:13,250 --> 00:30:10,559  
that side of the vehicle or he saw

758  
00:30:15,409 --> 00:30:13,260  
anything he never indicated that he did

759  
00:30:17,570 --> 00:30:15,419  
he never he never spoke the last time

760  
00:30:19,610 --> 00:30:17,580  
that he spoke during all this up to this

761  
00:30:22,070 --> 00:30:19,620  
point was when he said whatever man up

762  
00:30:24,110 --> 00:30:22,080  
on Highway 79 when we first arrived on

763  
00:30:25,909 --> 00:30:24,120

79

764

00:30:27,350 --> 00:30:25,919

I don't remember the radio going off or

765

00:30:31,789 --> 00:30:27,360

anything like that

766

00:30:36,409 --> 00:30:34,610

I opened my eyes and I'm in total

767

00:30:39,409 --> 00:30:36,419

blackness

768

00:30:45,230 --> 00:30:42,110

you walk into a um I don't know I I

769

00:30:47,810 --> 00:30:45,240

don't know just total blackness

770

00:30:50,029 --> 00:30:47,820

and uh

771

00:30:51,830 --> 00:30:50,039

I was trying to gather myself as to

772

00:30:54,649 --> 00:30:51,840

really what happened and where I was I

773

00:30:58,549 --> 00:30:54,659

and just everything about me and

774

00:31:01,010 --> 00:30:58,559

just being I guess and uh I reached down

775

00:31:04,130 --> 00:31:01,020

and I popped the door open

776

00:31:07,669 --> 00:31:04,140

and I stepped out and when I stepped out

777

00:31:10,610 --> 00:31:07,679

he said my vision started to come to me

778

00:31:13,490 --> 00:31:10,620

and uh I had on bunny boots which are an

779

00:31:15,049 --> 00:31:13,500

inflatable uh boot that you use in

780

00:31:17,570 --> 00:31:15,059

winter time to keep your feet warm

781

00:31:19,070 --> 00:31:17,580

especially in temperatures you know well

782

00:31:22,669 --> 00:31:19,080

below zero and use them on aircraft

783

00:31:25,190 --> 00:31:22,679

carriers that's a that's a issued item

784

00:31:26,510 --> 00:31:25,200

anyway I stepped out in mud and I

785

00:31:29,269 --> 00:31:26,520

couldn't figure out well the ground's

786

00:31:31,010 --> 00:31:29,279

frozen it's been you know below freezing

787

00:31:32,930 --> 00:31:31,020

for what a week and a half or something

788

00:31:35,990 --> 00:31:32,940

two weeks I don't really know

789

00:31:38,510 --> 00:31:36,000

and uh it was just very strange to step

790

00:31:40,490 --> 00:31:38,520

out in mud and now look as I looked all

791

00:31:42,289 --> 00:31:40,500

of a sudden this white wall comes into

792

00:31:44,149 --> 00:31:42,299

Focus

793

00:31:45,710 --> 00:31:44,159

it wasn't a wall like straight up and

794

00:31:49,070 --> 00:31:45,720

down you know like the ground and then

795

00:31:52,010 --> 00:31:49,080

straight up and down it was at an angle

796

00:31:53,330 --> 00:31:52,020

and as I as I looked to my right which

797

00:31:54,470 --> 00:31:53,340

would have been I would have been

798

00:31:56,930 --> 00:31:54,480

looking North

799

00:31:59,510 --> 00:31:56,940

it was as far as I could see when I

800

00:32:01,730 --> 00:31:59,520

looked the opposite direction to the

801  
00:32:05,630 --> 00:32:01,740  
South it was as far as I could see

802  
00:32:07,669 --> 00:32:05,640  
I still didn't know where that was and

803  
00:32:09,049 --> 00:32:07,679  
all of a sudden the radio cracked to

804  
00:32:11,029 --> 00:32:09,059  
life

805  
00:32:13,490 --> 00:32:11,039  
and I just kind of looked over just

806  
00:32:15,889 --> 00:32:13,500  
shaking my head I said where's November

807  
00:32:17,450 --> 00:32:15,899  
5 and then I said Michael you're going

808  
00:32:19,310 --> 00:32:17,460  
to get that

809  
00:32:21,350 --> 00:32:19,320  
he didn't answer me

810  
00:32:23,930 --> 00:32:21,360  
he was locked onto that steering wheel

811  
00:32:26,090 --> 00:32:23,940  
like he was paralyzed on that steering

812  
00:32:28,130 --> 00:32:26,100  
wheel and his eyes were just huge his

813  
00:32:31,970 --> 00:32:28,140

eye he was breathing

814

00:32:34,430 --> 00:32:31,980

uh but he had nothing coming out of him

815

00:32:36,529 --> 00:32:34,440

as far as talking he just he wouldn't

816

00:32:38,630 --> 00:32:36,539

even he wouldn't even

817

00:32:40,490 --> 00:32:38,640

utter I mean he would nothing I couldn't

818

00:32:42,230 --> 00:32:40,500

get anything out of him I moved him I

819

00:32:44,570 --> 00:32:42,240

pushed him I did everything I could do

820

00:32:47,690 --> 00:32:44,580

to try to hey man what's wrong with you

821

00:32:50,149 --> 00:32:47,700

what's wrong with you and uh

822

00:32:52,430 --> 00:32:50,159

I couldn't get anything out of him I

823

00:32:54,529 --> 00:32:52,440

answered the radio and I and uh I was a

824

00:32:57,409 --> 00:32:54,539

senior Airman at the time you know uh

825

00:32:59,870 --> 00:32:57,419

called WSC was calling us and

826

00:33:02,029 --> 00:32:59,880

I said um senior in the woods I said

827

00:33:04,610 --> 00:33:02,039

it's November 1 I said uh

828

00:33:06,470 --> 00:33:04,620

go ahead CSC like that and uh they said

829

00:33:07,610 --> 00:33:06,480

what's your location and I just said sir

830

00:33:10,669 --> 00:33:07,620

I don't know

831

00:33:13,130 --> 00:33:10,679

and um I said my team leader I said he

832

00:33:14,570 --> 00:33:13,140

he is not responding he likes to ask me

833

00:33:15,769 --> 00:33:14,580

if he's conscious and I said yes eyes

834

00:33:18,289 --> 00:33:15,779

are wide open

835

00:33:19,850 --> 00:33:18,299

and um you know we went through that for

836

00:33:22,370 --> 00:33:19,860

a second because I need you to do one

837

00:33:24,529 --> 00:33:22,380

minute Security checks with me until we

838

00:33:27,470 --> 00:33:24,539

find you we're triangulating

839

00:33:29,090 --> 00:33:27,480

uh you know your location and uh of

840

00:33:31,490 --> 00:33:29,100

course I I wasn't familiar with that I'd

841

00:33:33,889 --> 00:33:31,500

heard about it and and you know in in

842

00:33:36,049 --> 00:33:33,899

training you know uh in security police

843

00:33:38,509 --> 00:33:36,059

but I'd never done it before him like I

844

00:33:40,370 --> 00:33:38,519

said I was just 22 years old but

845

00:33:42,230 --> 00:33:40,380

anyway

846

00:33:43,730 --> 00:33:42,240

so they were looking for us

847

00:33:45,470 --> 00:33:43,740

so I did just what he said in the

848

00:33:46,850 --> 00:33:45,480

meantime I tried to wake up Michael

849

00:33:48,889 --> 00:33:46,860

Johnson is still trying to figure out

850

00:33:51,049 --> 00:33:48,899

where we were why I wasn't standing in

851  
00:33:52,610 --> 00:33:51,059  
this mud which I'd gone around the

852  
00:33:56,509 --> 00:33:52,620  
vehicle now and

853  
00:33:59,330 --> 00:33:56,519  
the vehicle was pointing uh to the South

854  
00:34:01,789 --> 00:33:59,340  
and what was strange was that just

855  
00:34:04,730 --> 00:34:01,799  
outside that driver's side door maybe

856  
00:34:07,310 --> 00:34:04,740  
four feet directly away from it was a

857  
00:34:08,810 --> 00:34:07,320  
great big downhill into another lake or

858  
00:34:10,849 --> 00:34:08,820  
something I didn't know where we were to

859  
00:34:12,470 --> 00:34:10,859  
start with but it was a big huge Lake

860  
00:34:14,149 --> 00:34:12,480  
but it was frozen

861  
00:34:16,550 --> 00:34:14,159  
and I thought what do we how do we get

862  
00:34:20,210 --> 00:34:16,560  
here what are we doing here

863  
00:34:25,730 --> 00:34:22,730

so I kept doing the security checks and

864

00:34:27,770 --> 00:34:25,740

finally um I I see these lights come

865

00:34:29,030 --> 00:34:27,780

over the horizon how they found us I

866

00:34:32,329 --> 00:34:29,040

still don't know how to do all that

867

00:34:34,010 --> 00:34:32,339

today but uh there was a sergeant Garza

868

00:34:35,629 --> 00:34:34,020

that approached me and uh that

869

00:34:38,030 --> 00:34:35,639

approached us first and there were two

870

00:34:39,889 --> 00:34:38,040

other vehicles so they had three backup

871

00:34:42,470 --> 00:34:39,899

alert teams looking for us

872

00:34:44,210 --> 00:34:42,480

and so that's six security policemen

873

00:34:47,450 --> 00:34:44,220

and um

874

00:34:49,550 --> 00:34:47,460

anyway as he is he pulled up he pulled

875

00:34:50,750 --> 00:34:49,560

maybe 20 yards from where we were

876

00:34:52,329 --> 00:34:50,760

located and he got out and he walked

877

00:34:54,290 --> 00:34:52,339

through the lights and I saw him coming

878

00:34:56,389 --> 00:34:54,300

and uh

879

00:34:59,089 --> 00:34:56,399

our our lights I couldn't even our

880

00:35:01,310 --> 00:34:59,099

lights were off I mean I my our vehicle

881

00:35:02,210 --> 00:35:01,320

was off and

882

00:35:04,190 --> 00:35:02,220

um

883

00:35:06,589 --> 00:35:04,200

I said hey Sergeant guards I said what's

884

00:35:07,550 --> 00:35:06,599

going on you know I mean you almost make

885

00:35:09,770 --> 00:35:07,560

you feel like you've done something

886

00:35:11,810 --> 00:35:09,780

wrong that's that's that's what they

887

00:35:13,910 --> 00:35:11,820

always try to do to make you you did

888

00:35:15,170 --> 00:35:13,920

something wrong well I knew something

889

00:35:16,849 --> 00:35:15,180

was wrong because I think I'm sure

890

00:35:18,410 --> 00:35:16,859

didn't go I didn't strike that site as I

891

00:35:20,690 --> 00:35:18,420

was supposed to and it was a set four

892

00:35:22,910 --> 00:35:20,700

which was a serious alarm

893

00:35:24,109 --> 00:35:22,920

strike means respond and find out what

894

00:35:25,910 --> 00:35:24,119

the cause was

895

00:35:27,410 --> 00:35:25,920

I never got to go on the site I never

896

00:35:28,849 --> 00:35:27,420

left the vehicle

897

00:35:31,550 --> 00:35:28,859

and um

898

00:35:32,870 --> 00:35:31,560

my job was to go on to the facility do

899

00:35:35,510 --> 00:35:32,880

an internal

900

00:35:37,490 --> 00:35:35,520

you know patrol around the inside of the

901  
00:35:39,230 --> 00:35:37,500  
fence go go down below ground on a soft

902  
00:35:41,630 --> 00:35:39,240  
support building and see if anybody's

903  
00:35:43,430 --> 00:35:41,640  
there or what happened but the alarm was

904  
00:35:46,310 --> 00:35:43,440  
in another plug that goes down to the

905  
00:35:48,170 --> 00:35:46,320  
missile uh which we don't have we have

906  
00:35:50,270 --> 00:35:48,180  
access to just one part of it you can

907  
00:35:51,650 --> 00:35:50,280  
nobody has access to all of it

908  
00:35:53,750 --> 00:35:51,660  
but anyway he approached me he said

909  
00:35:55,250 --> 00:35:53,760  
Mario he says I'm he goes he just sit

910  
00:35:57,170 --> 00:35:55,260  
there he said I can't talk to you about

911  
00:35:58,790 --> 00:35:57,180  
it we're here to take you back November

912  
00:36:01,609 --> 00:35:58,800  
1.

913  
00:36:03,890 --> 00:36:01,619

I said oh oh okay I said well man I said

914

00:36:06,190 --> 00:36:03,900

I don't even know what happened he said

915

00:36:09,970 --> 00:36:06,200

he wouldn't he wouldn't say anything

916

00:36:13,010 --> 00:36:09,980

so and at this point this is where

917

00:36:15,410 --> 00:36:13,020

unidentified said they relieved us of

918

00:36:17,990 --> 00:36:15,420

our weapons that never happened they

919

00:36:20,569 --> 00:36:18,000

never took our weapons and I found that

920

00:36:21,710 --> 00:36:20,579

as an insult to be honest with you you

921

00:36:22,310 --> 00:36:21,720

know

922

00:36:24,170 --> 00:36:22,320

um

923

00:36:26,210 --> 00:36:24,180

but I guess that's production of some

924

00:36:28,790 --> 00:36:26,220

kind that I didn't agree with should

925

00:36:31,069 --> 00:36:28,800

have asked me that first but um that's

926  
00:36:33,710 --> 00:36:31,079  
TV unfortunately yeah yeah that's it's

927  
00:36:35,510 --> 00:36:33,720  
full of crap man but I uh and that that

928  
00:36:36,950 --> 00:36:35,520  
never mind I won't say anymore but

929  
00:36:38,990 --> 00:36:36,960  
anyway

930  
00:36:41,150 --> 00:36:39,000  
um

931  
00:36:42,770 --> 00:36:41,160  
I asked him I said I need some help with

932  
00:36:44,450 --> 00:36:42,780  
Michael Johnson I said I don't know he's

933  
00:36:45,950 --> 00:36:44,460  
in a catatonic State and I don't even

934  
00:36:47,450 --> 00:36:45,960  
know what the word truly meant back then

935  
00:36:49,609 --> 00:36:47,460  
but I do now

936  
00:36:51,109 --> 00:36:49,619  
and we unbelted him we didn't have

937  
00:36:53,690 --> 00:36:51,119  
shoulder harnesses we just had seat

938  
00:36:56,450 --> 00:36:53,700

belts at that time in 77 and he's F-150

939

00:36:58,250 --> 00:36:56,460

Fords slid him over to the passenger

940

00:37:00,890 --> 00:36:58,260

side belted him back in got in the

941

00:37:05,089 --> 00:37:00,900

vehicle and I to this day I didn't know

942

00:37:06,730 --> 00:37:05,099

exactly where we were you know and uh

943

00:37:09,770 --> 00:37:06,740

at that time

944

00:37:11,990 --> 00:37:09,780

and about 15 minutes later we pulled up

945

00:37:13,970 --> 00:37:12,000

November 1 and we were driving through

946

00:37:16,130 --> 00:37:13,980

areas that I just I didn't even know

947

00:37:17,690 --> 00:37:16,140

about you know and and that was part of

948

00:37:19,609 --> 00:37:17,700

my area and I've just never been in it

949

00:37:22,190 --> 00:37:19,619

before there's no missile sites where we

950

00:37:23,750 --> 00:37:22,200

were let's put it that way

951  
00:37:26,270 --> 00:37:23,760  
and uh

952  
00:37:27,890 --> 00:37:26,280  
so we get to November 1 and they're the

953  
00:37:29,420 --> 00:37:27,900  
flight Chief the assistant flight Chief

954  
00:37:31,010 --> 00:37:29,430  
and others are there

955  
00:37:32,870 --> 00:37:31,020  
[Music]

956  
00:37:34,510 --> 00:37:32,880  
questioning us and I immediately had to

957  
00:37:36,950 --> 00:37:34,520  
have help with Michael Johnson they

958  
00:37:39,829 --> 00:37:36,960  
immediately separated us

959  
00:37:42,650 --> 00:37:39,839  
and um they off-duty capsule crew they

960  
00:37:43,910 --> 00:37:42,660  
were upstairs and they were assisting in

961  
00:37:45,770 --> 00:37:43,920  
talking trying to talk to Michael

962  
00:37:47,510 --> 00:37:45,780  
Johnson and they took they took me into

963  
00:37:50,750 --> 00:37:47,520

the day room took him in a back bedroom

964

00:37:52,730 --> 00:37:50,760

because he was non-responsive verbally

965

00:37:54,650 --> 00:37:52,740

I mean they just he would walk but they

966

00:37:56,030 --> 00:37:54,660

just led him to where he was going I

967

00:37:58,970 --> 00:37:56,040

remember watching him walk through the

968

00:38:00,890 --> 00:37:58,980

uh uh

969

00:38:03,349 --> 00:38:00,900

kitchen area you know where our dining

970

00:38:05,569 --> 00:38:03,359

area back in the back hallway

971

00:38:07,430 --> 00:38:05,579

and uh so I sat down and they started

972

00:38:10,069 --> 00:38:07,440

asking me questions and I you know and I

973

00:38:12,050 --> 00:38:10,079

said well I said that object that I saw

974

00:38:13,910 --> 00:38:12,060

last night I said that's was that that

975

00:38:15,410 --> 00:38:13,920

was at November 5. I remember saying

976

00:38:16,970 --> 00:38:15,420

that

977

00:38:18,050 --> 00:38:16,980

and um

978

00:38:19,670 --> 00:38:18,060

of course that went right over

979

00:38:22,010 --> 00:38:19,680

everybody's heads you know the only

980

00:38:25,190 --> 00:38:22,020

person I really knew about it was um

981

00:38:27,770 --> 00:38:25,200

was uh Bill Holliman and he was a flight

982

00:38:30,650 --> 00:38:27,780

security controller and he didn't come

983

00:38:31,970 --> 00:38:30,660

out and see it but anyway so they

984

00:38:34,010 --> 00:38:31,980

started asking me questions I answered

985

00:38:35,210 --> 00:38:34,020

questions for probably 20 30 minutes my

986

00:38:37,970 --> 00:38:35,220

flight Chief was there the assistant

987

00:38:39,650 --> 00:38:37,980

flight Chief was back with Michael

988

00:38:41,630 --> 00:38:39,660

and I just told him everything that I

989

00:38:44,210 --> 00:38:41,640

saw and what I experienced and then you

990

00:38:46,250 --> 00:38:44,220

know what I did with the lights and how

991

00:38:47,329 --> 00:38:46,260

I did that and

992

00:38:49,849 --> 00:38:47,339

and

993

00:38:51,950 --> 00:38:49,859

never responded to this never went on to

994

00:38:54,470 --> 00:38:51,960

the site as I was supposed to

995

00:38:57,050 --> 00:38:54,480

which had to create a problem that had

996

00:38:58,970 --> 00:38:57,060

to be that had to be a problem so they

997

00:39:00,710 --> 00:38:58,980

had they had to go find out what caused

998

00:39:02,390 --> 00:39:00,720

that at that facility through somewhere

999

00:39:04,970 --> 00:39:02,400

else and I never found out who did it

1000

00:39:08,089 --> 00:39:04,980

somebody had to go strike that site

1001

00:39:12,410 --> 00:39:11,089

so I just had to get away from I just I

1002

00:39:14,690 --> 00:39:12,420

just said hey I need to go to the

1003

00:39:16,190 --> 00:39:14,700

restroom and I didn't I just I just

1004

00:39:18,109 --> 00:39:16,200

needed to get away from everybody for a

1005

00:39:20,150 --> 00:39:18,119

minute because they were just pounding

1006

00:39:23,030 --> 00:39:20,160

me with questions and and I I couldn't

1007

00:39:25,250 --> 00:39:23,040

think fast enough and I just I was just

1008

00:39:27,109 --> 00:39:25,260

just in disarray I think I I wasn't

1009

00:39:29,329 --> 00:39:27,119

myself and um

1010

00:39:31,990 --> 00:39:29,339

I went into the restroom it's really

1011

00:39:35,270 --> 00:39:32,000

strange because I uh

1012

00:39:36,950 --> 00:39:35,280

I was I went I wanted this one stall it

1013

00:39:37,970 --> 00:39:36,960

was two stalls in this restroom and I

1014

00:39:39,410 --> 00:39:37,980

was just out there and I couldn't

1015

00:39:40,849 --> 00:39:39,420

believe it the first thing I did when I

1016

00:39:42,710 --> 00:39:40,859

got to the site was I went in that stall

1017

00:39:44,089 --> 00:39:42,720

I went well it's all torn up right now

1018

00:39:45,890 --> 00:39:44,099

but

1019

00:39:47,510 --> 00:39:45,900

I just had to walk in that bathroom

1020

00:39:50,150 --> 00:39:47,520

because I mean that was a really strange

1021

00:39:52,430 --> 00:39:50,160

time but I went in there and sat down on

1022

00:39:53,930 --> 00:39:52,440

top of the toilet just sat there fully

1023

00:39:57,950 --> 00:39:53,940

uniformed everything

1024

00:40:00,530 --> 00:39:57,960

and uh just held my head in my hands

1025

00:40:01,790 --> 00:40:00,540

and all of a sudden

1026

00:40:04,430 --> 00:40:01,800

um

1027

00:40:07,190 --> 00:40:04,440

I felt as if I was leaving my body

1028

00:40:09,589 --> 00:40:07,200

and I was leaving it going going I

1029

00:40:11,810 --> 00:40:09,599

thought I was dying I guess and um

1030

00:40:13,730 --> 00:40:11,820

I went I was going out the top of my

1031

00:40:14,750 --> 00:40:13,740

head down through my stomach and out of

1032

00:40:17,089 --> 00:40:14,760

my feet

1033

00:40:19,130 --> 00:40:17,099

literally I mean I knew the path I was

1034

00:40:21,470 --> 00:40:19,140

taking and how I've never heard of

1035

00:40:23,210 --> 00:40:21,480

anything like that before about anything

1036

00:40:25,130 --> 00:40:23,220

like that before

1037

00:40:27,710 --> 00:40:25,140

uh

1038

00:40:30,349 --> 00:40:27,720

I I didn't complete whatever whatever

1039

00:40:33,170 --> 00:40:30,359

was happening to me because I opened my

1040

00:40:36,650 --> 00:40:33,180

eyes and I see these four furry feet

1041

00:40:40,089 --> 00:40:36,660

walking by the stall door it was a

1042

00:40:47,210 --> 00:40:44,390

and uh and I and I said uh I said hey

1043

00:40:50,150 --> 00:40:47,220

man I said hey boy or whatever and then

1044

00:40:51,650 --> 00:40:50,160

the law enforcement guy which is the

1045

00:40:55,370 --> 00:40:51,660

other side of security police is law

1046

00:40:57,530 --> 00:40:55,380

enforcement Ellie Ellie and SPS he goes

1047

00:40:58,970 --> 00:40:57,540

hey Mario I said I said man my bag's out

1048

00:41:00,530 --> 00:40:58,980

there in the day room he said oh we

1049

00:41:01,849 --> 00:41:00,540

already checked it and he said it's all

1050

00:41:03,290 --> 00:41:01,859

good I just want to come check on you

1051  
00:41:04,310 --> 00:41:03,300  
how you doing you know and I said I

1052  
00:41:07,069 --> 00:41:04,320  
don't even know

1053  
00:41:08,750 --> 00:41:07,079  
and I didn't relate to him what you know

1054  
00:41:10,069 --> 00:41:08,760  
I was feeling right then but I was glad

1055  
00:41:12,530 --> 00:41:10,079  
he came in there because I don't know

1056  
00:41:14,750 --> 00:41:12,540  
how far that could have taken me you

1057  
00:41:17,630 --> 00:41:14,760  
know because really I honestly felt as

1058  
00:41:20,030 --> 00:41:17,640  
if I was leaving my body

1059  
00:41:22,430 --> 00:41:20,040  
and um

1060  
00:41:25,130 --> 00:41:22,440  
I mean even my vision changed things got

1061  
00:41:26,510 --> 00:41:25,140  
super super light I mean bright and

1062  
00:41:29,630 --> 00:41:26,520  
light you know

1063  
00:41:31,910 --> 00:41:29,640

but that was a really strange thing but

1064

00:41:33,950 --> 00:41:31,920

um so anyway we were there for probably

1065

00:41:36,410 --> 00:41:33,960

another hour hour and 15 minutes and

1066

00:41:38,030 --> 00:41:36,420

they had they had another arm Response

1067

00:41:40,250 --> 00:41:38,040

Team come out I guess from Ellsworth

1068

00:41:42,230 --> 00:41:40,260

they relieve us because you know it has

1069

00:41:44,810 --> 00:41:42,240

to be staff no matter what mission one

1070

00:41:46,250 --> 00:41:44,820

right so you know you have to have six

1071

00:41:48,230 --> 00:41:46,260

Security Police you can't just send two

1072

00:41:50,870 --> 00:41:48,240

away and um so

1073

00:41:52,970 --> 00:41:50,880

without replacement so our Elite came

1074

00:41:55,609 --> 00:41:52,980

and um

1075

00:41:57,290 --> 00:41:55,619

we were escorted back to the Bay so he

1076

00:41:59,930 --> 00:41:57,300

rode with the assistant flight Chief and

1077

00:42:03,410 --> 00:41:59,940

I wrote with uh Sergeant my sergeant

1078

00:42:05,870 --> 00:42:03,420

Gray back to Ellsworth and uh when we

1079

00:42:06,829 --> 00:42:05,880

got to Ellsworth we went to the uh sataf

1080

00:42:09,950 --> 00:42:06,839

building which was our security

1081

00:42:12,470 --> 00:42:09,960

operations building and CSC worked out

1082

00:42:14,810 --> 00:42:12,480

of that building in a pardon facility

1083

00:42:17,930 --> 00:42:14,820

and directly to Colonel spraker's office

1084

00:42:20,810 --> 00:42:17,940

which he was on uh my squadron commander

1085

00:42:24,230 --> 00:42:20,820

of the time uh base commander was there

1086

00:42:27,230 --> 00:42:24,240

and uh there was a flight Chief there of

1087

00:42:29,870 --> 00:42:27,240

some of another of another flight and uh

1088

00:42:31,370 --> 00:42:29,880

from a different area and uh because it

1089

00:42:33,290 --> 00:42:31,380

wasn't just my incident that there were

1090

00:42:35,870 --> 00:42:33,300

other incidents out there too but uh

1091

00:42:37,190 --> 00:42:35,880

anyway I guess they weren't a full

1092

00:42:39,829 --> 00:42:37,200

debrief on

1093

00:42:43,069 --> 00:42:39,839

on all that was going on but anyway

1094

00:42:47,510 --> 00:42:43,079

um OSI was there and there was also

1095

00:42:49,970 --> 00:42:47,520

another man in a suit with a with a hat

1096

00:42:51,530 --> 00:42:49,980

and uh I didn't I wasn't introduced to

1097

00:42:53,390 --> 00:42:51,540

any of these people I just just the

1098

00:42:57,109 --> 00:42:53,400

military people I knew but there was a

1099

00:42:59,450 --> 00:42:57,119

young OSI trainee there and um named

1100

00:43:01,849 --> 00:42:59,460

Richard Dodie and he's appeared on

1101

00:43:03,470 --> 00:43:01,859

several of these shows and I've been

1102

00:43:06,730 --> 00:43:03,480

trying to contact Richard Doty because

1103

00:43:11,569 --> 00:43:09,410

yeah Not only was he in my interview but

1104

00:43:13,790 --> 00:43:11,579

he also went to the flight surgeon's

1105

00:43:16,790 --> 00:43:13,800

office after I arrived there

1106

00:43:19,550 --> 00:43:16,800

so medically he was there

1107

00:43:23,390 --> 00:43:19,560

and in the very beginning he was there

1108

00:43:25,670 --> 00:43:23,400

just as an observer I guess I don't know

1109

00:43:26,750 --> 00:43:25,680

but he had an officer that was you know

1110

00:43:29,690 --> 00:43:26,760

over him

1111

00:43:31,609 --> 00:43:29,700

and uh so I've tried emailing him I've

1112

00:43:34,010 --> 00:43:31,619

tried texting him I've tried calling

1113

00:43:35,870 --> 00:43:34,020

this guy everything possible I tried to

1114

00:43:37,370 --> 00:43:35,880

go through Linda Moulton Howe I'll try

1115

00:43:38,630 --> 00:43:37,380

to everybody that I've come in contact

1116

00:43:41,210 --> 00:43:38,640

with us said I need to speak with

1117

00:43:44,270 --> 00:43:41,220

Richard Doty I can't get him anywhere

1118

00:43:46,849 --> 00:43:44,280

wow that name is Infamous in the UFO

1119

00:43:49,849 --> 00:43:46,859

world I uh that that really took me by

1120

00:43:54,290 --> 00:43:49,859

surprise Mario I'm sorry I wow

1121

00:43:56,750 --> 00:43:54,300

um the fact that he won't answer me

1122

00:43:58,130 --> 00:43:56,760

and I and I wonder why I never did

1123

00:44:00,950 --> 00:43:58,140

anything to him never really knew him

1124

00:44:02,990 --> 00:44:00,960

but he was there by God he's one person

1125

00:44:04,849 --> 00:44:03,000

that was there and then there was some

1126

00:44:07,010 --> 00:44:04,859

other incidents later which he talked

1127

00:44:10,069 --> 00:44:07,020

about uh but he knows of my incident in

1128

00:44:11,390 --> 00:44:10,079

77. mine in Michael Johnson's and I

1129

00:44:12,829 --> 00:44:11,400

would really like to have that backup

1130

00:44:14,930 --> 00:44:12,839

because we can't find Michael Johnson

1131

00:44:18,349 --> 00:44:14,940

anywhere and there's been substantial

1132

00:44:20,210 --> 00:44:18,359

monies spent investigations trying just

1133

00:44:21,650 --> 00:44:20,220

trying to find him

1134

00:44:24,589 --> 00:44:21,660

now I thought he said he was from

1135

00:44:26,809 --> 00:44:24,599

Chicago Illinois but uh uh we haven't

1136

00:44:30,349 --> 00:44:26,819

had any luck

1137

00:44:32,150 --> 00:44:30,359

locating him no in any in any media you

1138

00:44:34,670 --> 00:44:32,160

know I mean every platform there is I've

1139

00:44:37,130 --> 00:44:34,680

gone I've joined them to get it out

1140

00:44:38,630 --> 00:44:37,140

there even together we served and other

1141

00:44:40,190 --> 00:44:38,640

friends of mine that may have known him

1142

00:44:42,650 --> 00:44:40,200

that I served with

1143

00:44:45,410 --> 00:44:42,660

gotcha uh two questions for you Mario

1144

00:44:46,970 --> 00:44:45,420

before we move on if that's all right uh

1145

00:44:49,790 --> 00:44:46,980

I know

1146

00:44:51,829 --> 00:44:49,800

um so after this debriefing uh which

1147

00:44:54,589 --> 00:44:51,839

that is quite a room of individuals to

1148

00:44:56,510 --> 00:44:54,599

be debriefing too uh anymore there are a

1149

00:45:00,230 --> 00:44:56,520

few more there dude okay

1150

00:45:01,309 --> 00:45:00,240

um my first question for that is uh were

1151  
00:45:03,710 --> 00:45:01,319  
you told

1152  
00:45:06,170 --> 00:45:03,720  
to be quiet about this we always hear

1153  
00:45:08,150 --> 00:45:06,180  
about that in my second question I

1154  
00:45:10,430 --> 00:45:08,160  
believe it was unidentified that said

1155  
00:45:12,650 --> 00:45:10,440  
that you did speak to Mario or excuse me

1156  
00:45:15,290 --> 00:45:12,660  
you spoke to yourself you did speak to

1157  
00:45:17,990 --> 00:45:15,300  
Michael Johnson one time after the event

1158  
00:45:19,790 --> 00:45:18,000  
okay

1159  
00:45:22,370 --> 00:45:19,800  
um so first question were you told to be

1160  
00:45:24,109 --> 00:45:22,380  
silent about this and second what was

1161  
00:45:25,670 --> 00:45:24,119  
said between you and Michael after the

1162  
00:45:27,589 --> 00:45:25,680  
event if you don't mind me asking well

1163  
00:45:30,050 --> 00:45:27,599

that's there's a two-week Span in there

1164

00:45:32,150 --> 00:45:30,060

and uh if I can go from the Commander's

1165

00:45:34,069 --> 00:45:32,160

office when that was finished talking

1166

00:45:36,050 --> 00:45:34,079

about per se

1167

00:45:39,950 --> 00:45:36,060

I had to uh

1168

00:45:42,890 --> 00:45:39,960

write a preliminary report on an air on

1169

00:45:44,630 --> 00:45:42,900

a security police blotter which you know

1170

00:45:46,550 --> 00:45:44,640

Back Then There Was You know we didn't

1171

00:45:48,290 --> 00:45:46,560

have any computers or anything like that

1172

00:45:50,870 --> 00:45:48,300

everything was done by a typewriter but

1173

00:45:53,270 --> 00:45:50,880

I hand wrote on this form

1174

00:45:56,089 --> 00:45:53,280

and it was three pages and of course it

1175

00:45:59,630 --> 00:45:56,099

it it makes three copies so you have to

1176

00:46:01,970 --> 00:45:59,640

use a number two skillcraft pins they

1177

00:46:03,650 --> 00:46:01,980

mandate a number two skillcraft pin of

1178

00:46:05,390 --> 00:46:03,660

course you can take departure M16 with

1179

00:46:07,730 --> 00:46:05,400

it and everything else but that's a

1180

00:46:09,290 --> 00:46:07,740

number two skill craft in Black that I

1181

00:46:12,170 --> 00:46:09,300

had to use for that report so it was

1182

00:46:13,309 --> 00:46:12,180

about three pages and then uh from that

1183

00:46:14,990 --> 00:46:13,319

point then I went to the flight

1184

00:46:17,210 --> 00:46:15,000

surgeon's office and then that

1185

00:46:21,230 --> 00:46:17,220

examination took about an hour hour and

1186

00:46:23,450 --> 00:46:21,240

50 minutes maybe uh

1187

00:46:25,970 --> 00:46:23,460

and Richard Doty was there for that too

1188

00:46:27,290 --> 00:46:25,980

as was the guy in the Hat and the suit

1189

00:46:29,690 --> 00:46:27,300

and um

1190

00:46:31,190 --> 00:46:29,700

a couple of other officers and a nurse

1191

00:46:33,290 --> 00:46:31,200

they were I think there were five people

1192

00:46:36,650 --> 00:46:33,300

there total but Richard Doty was there

1193

00:46:40,490 --> 00:46:36,660

for that also and um during the years of

1194

00:46:42,050 --> 00:46:40,500

nose eyes throat uh you know normal

1195

00:46:43,849 --> 00:46:42,060

stuff check they didn't take blood from

1196

00:46:45,950 --> 00:46:43,859

me which I was which I was kind of

1197

00:46:49,250 --> 00:46:45,960

surprised but I guess it was no reason

1198

00:46:52,490 --> 00:46:49,260

to but um

1199

00:46:54,410 --> 00:46:52,500

they did take the flight surgeon said um

1200

00:46:55,609 --> 00:46:54,420

he goes I need to take a couple of skin

1201  
00:46:59,089 --> 00:46:55,619  
samples

1202  
00:47:00,589 --> 00:46:59,099  
and that just totally took me by you

1203  
00:47:02,690 --> 00:47:00,599  
know by surprise I said what do you mean

1204  
00:47:04,430 --> 00:47:02,700  
skin samples he said well your face is

1205  
00:47:05,930 --> 00:47:04,440  
burned on the right side

1206  
00:47:08,270 --> 00:47:05,940  
well that made sense because you know my

1207  
00:47:11,329 --> 00:47:08,280  
parade comes down in a certain way you

1208  
00:47:13,250 --> 00:47:11,339  
know so but it makes sense

1209  
00:47:15,530 --> 00:47:13,260  
and then my right the back of my right

1210  
00:47:18,530 --> 00:47:15,540  
hand was burned where I didn't have a

1211  
00:47:21,290 --> 00:47:18,540  
mitten on so right above my right eye he

1212  
00:47:22,670 --> 00:47:21,300  
uh he took a skin sample from up here I

1213  
00:47:23,990 --> 00:47:22,680

think he took more than one put a small

1214

00:47:26,450 --> 00:47:24,000

Band-Aid up there

1215

00:47:28,190 --> 00:47:26,460

and then he took some off the back of my

1216

00:47:29,150 --> 00:47:28,200

right hand around these knuckle areas

1217

00:47:31,010 --> 00:47:29,160

right here

1218

00:47:32,210 --> 00:47:31,020

and I don't even know a sunburned now I

1219

00:47:34,250 --> 00:47:32,220

felt that the next day in the next

1220

00:47:36,230 --> 00:47:34,260

couple days but of course being from

1221

00:47:37,730 --> 00:47:36,240

Tampa Florida

1222

00:47:40,130 --> 00:47:37,740

I hadn't been to the beach in a long

1223

00:47:41,809 --> 00:47:40,140

time so you know when you're living in

1224

00:47:44,510 --> 00:47:41,819

South Dakota you just seem to lose that

1225

00:47:46,010 --> 00:47:44,520

resiliency and you will soon burn so

1226

00:47:48,470 --> 00:47:46,020

anyway

1227

00:47:49,730 --> 00:47:48,480

um so they took those skin samples and

1228

00:47:51,829 --> 00:47:49,740

um or he did

1229

00:47:54,050 --> 00:47:51,839

put them in put them into two separate

1230

00:47:56,210 --> 00:47:54,060

vials and then they released me to go

1231

00:47:57,829 --> 00:47:56,220

back to the Commander's office which I

1232

00:47:59,809 --> 00:47:57,839

had a further debrief and then I was

1233

00:48:01,670 --> 00:47:59,819

told you know could not discuss this

1234

00:48:03,230 --> 00:48:01,680

with anybody and at the time I was

1235

00:48:05,569 --> 00:48:03,240

working on November 1 and had been there

1236

00:48:06,410 --> 00:48:05,579

for several years

1237

00:48:09,530 --> 00:48:06,420

um

1238

00:48:12,349 --> 00:48:09,540

the other thing was they moved me from

1239

00:48:14,150 --> 00:48:12,359

November 1 to kilo one which was further

1240

00:48:17,030 --> 00:48:14,160

out to the West toward almost the

1241

00:48:20,690 --> 00:48:17,040

Wyoming border and November was still

1242

00:48:22,069 --> 00:48:20,700

part of that of that uh

1243

00:48:25,370 --> 00:48:22,079

uh

1244

00:48:28,130 --> 00:48:25,380

configuration of course but it was that

1245

00:48:30,650 --> 00:48:28,140

was all the 68th area you had the 68th

1246

00:48:32,510 --> 00:48:30,660

67th and 66 area all the way down to the

1247

00:48:34,550 --> 00:48:32,520

Badlands

1248

00:48:36,410 --> 00:48:34,560

um

1249

00:48:38,450 --> 00:48:36,420

but anyway so I worked there with a guy

1250

00:48:41,690 --> 00:48:38,460

named Mark Wade but um he's a good

1251

00:48:44,809 --> 00:48:41,700

friend of mine but two weeks later I'm

1252

00:48:48,770 --> 00:48:44,819

in an apartment and and uh Rapid City is

1253

00:48:50,690 --> 00:48:48,780

where I lived and um Michael Johnson who

1254

00:48:52,910 --> 00:48:50,700

I as I said I've never known before he

1255

00:48:55,609 --> 00:48:52,920

knocked on my door I didn't I had no

1256

00:48:57,170 --> 00:48:55,619

idea and opened the door I said Michael

1257

00:48:58,490 --> 00:48:57,180

I said man it's good to see you because

1258

00:48:59,990 --> 00:48:58,500

I hadn't seen him since that happened

1259

00:49:02,210 --> 00:49:00,000

and hadn't talked to him and I think he

1260

00:49:03,950 --> 00:49:02,220

lives in the barracks on base

1261

00:49:06,290 --> 00:49:03,960

and he said man I just have to come talk

1262

00:49:10,010 --> 00:49:06,300

to you about what we saw and I said by

1263

00:49:11,930 --> 00:49:10,020

all means come on in so he sat down and

1264

00:49:15,290 --> 00:49:11,940

right away the first thing he did I gave

1265

00:49:17,690 --> 00:49:15,300

him some paper you know just a nine by

1266

00:49:20,390 --> 00:49:17,700

11 or 8 by 11 note sheet and I said

1267

00:49:22,550 --> 00:49:20,400

here's a pencil and a pencil or you want

1268

00:49:23,990 --> 00:49:22,560

a pen I said you sit here and I'm going

1269

00:49:26,630 --> 00:49:24,000

to go sit over there in the dining room

1270

00:49:28,970 --> 00:49:26,640

table and I said let's draw what we saw

1271

00:49:29,870 --> 00:49:28,980

and we both Drew basically the same

1272

00:49:32,030 --> 00:49:29,880

thing

1273

00:49:33,170 --> 00:49:32,040

and he said he didn't know what happened

1274

00:49:35,270 --> 00:49:33,180

to him

1275

00:49:36,010 --> 00:49:35,280

but whatever it was it just took him

1276

00:49:38,930 --> 00:49:36,020

over

1277

00:49:41,270 --> 00:49:38,940

you know he didn't say if he saw anyone

1278

00:49:44,210 --> 00:49:41,280

he didn't say or soybean or anything he

1279

00:49:45,829 --> 00:49:44,220

never said that to me but he said he had

1280

00:49:47,750 --> 00:49:45,839

never seen anything like that and he was

1281

00:49:49,849 --> 00:49:47,760

scared literally to death

1282

00:49:52,069 --> 00:49:49,859

and I said did you hear me talking to

1283

00:49:54,890 --> 00:49:52,079

you he said no

1284

00:49:56,690 --> 00:49:54,900

so you know that's the way that went

1285

00:50:00,410 --> 00:49:56,700

basically and um

1286

00:50:02,569 --> 00:50:00,420

we visited for about an hour and uh and

1287

00:50:04,069 --> 00:50:02,579

then he left and that's the last time I

1288

00:50:07,130 --> 00:50:04,079

ever saw him I heard from him again now

1289

00:50:08,450 --> 00:50:07,140

I did have his address where he was from

1290

00:50:10,970 --> 00:50:08,460

that's why I came up with Chicago

1291

00:50:13,550 --> 00:50:10,980

Illinois and I thought I'd placed it in

1292

00:50:16,609 --> 00:50:13,560

my Bible but I have moved probably

1293

00:50:18,530 --> 00:50:16,619

several hundred times since 1977.

1294

00:50:20,030 --> 00:50:18,540

and gone overseas and everything else

1295

00:50:21,349 --> 00:50:20,040

and I took my Bible with me so I don't

1296

00:50:24,170 --> 00:50:21,359

know where I could have lost it at you

1297

00:50:26,750 --> 00:50:24,180

know but uh I sure wish I could contact

1298

00:50:30,349 --> 00:50:26,760

him today because it would I would feel

1299

00:50:32,630 --> 00:50:30,359

complete if uh you know right now I just

1300

00:50:35,089 --> 00:50:32,640

feel as if I'm out here and

1301  
00:50:37,250 --> 00:50:35,099  
you know I mean it's it's incredible

1302  
00:50:40,370 --> 00:50:37,260  
what happened and there's a lot more to

1303  
00:50:42,829 --> 00:50:40,380  
it uh

1304  
00:50:45,109 --> 00:50:42,839  
I don't even know what else to say but I

1305  
00:50:47,650 --> 00:50:45,119  
I wish that we were sitting side by side

1306  
00:50:49,970 --> 00:50:47,660  
discussing it in front of anybody yeah

1307  
00:50:52,549 --> 00:50:49,980  
right I know it would give you a clear

1308  
00:50:55,549 --> 00:50:52,559  
picture and you know I know

1309  
00:50:57,770 --> 00:50:55,559  
these fractured sort of memories here

1310  
00:51:01,309 --> 00:50:57,780  
you're searching for answers you're

1311  
00:51:03,589 --> 00:51:01,319  
trying to find closure on this very uh

1312  
00:51:05,630 --> 00:51:03,599  
traumatic event that happened to you you

1313  
00:51:07,549 --> 00:51:05,640

know if I can just say this you know

1314

00:51:09,170 --> 00:51:07,559

going back to

1315

00:51:11,170 --> 00:51:09,180

you know when they just when they

1316

00:51:13,250 --> 00:51:11,180

discovered us where we were

1317

00:51:17,329 --> 00:51:13,260

unbeknownst to me we were on the back

1318

00:51:20,030 --> 00:51:17,339

side of the Newell Lake Reservoir Dam

1319

00:51:22,910 --> 00:51:20,040

completely opposite where November 5 was

1320

00:51:24,950 --> 00:51:22,920

and when I plotted that on the entire

1321

00:51:28,670 --> 00:51:24,960

Journey on a map

1322

00:51:30,470 --> 00:51:28,680

from November 1 November 5 to to Newell

1323

00:51:32,750 --> 00:51:30,480

Lake Reservoir Dam and back November 1

1324

00:51:35,630 --> 00:51:32,760

it's a Pythagorean triangle

1325

00:51:37,790 --> 00:51:35,640

it's really amazing it really is and

1326  
00:51:39,410 --> 00:51:37,800  
you're you know you from from November 5

1327  
00:51:42,710 --> 00:51:39,420  
to where you were

1328  
00:51:44,630 --> 00:51:42,720  
was about 11 miles from November from

1329  
00:51:47,150 --> 00:51:44,640  
November 5 to Newell Lake Reservoir was

1330  
00:51:49,130 --> 00:51:47,160  
about 11 miles and then from November

1331  
00:51:52,549 --> 00:51:49,140  
from the old Lake Reservoir to November

1332  
00:51:54,170 --> 00:51:52,559  
1 was about eight miles and so it was

1333  
00:51:55,849 --> 00:51:54,180  
it's really really a strange

1334  
00:51:58,069 --> 00:51:55,859  
configuration but

1335  
00:51:59,690 --> 00:51:58,079  
what is it with water and I originally

1336  
00:52:03,170 --> 00:51:59,700  
think standing out in that parking lot

1337  
00:52:05,690 --> 00:52:03,180  
when I went back with uh Discovery Plus

1338  
00:52:08,510 --> 00:52:05,700

knowing what I know now

1339

00:52:11,390 --> 00:52:08,520

that craft or that object was over top

1340

00:52:14,569 --> 00:52:11,400

of that Reservoir

1341

00:52:15,650 --> 00:52:14,579

so we're talking you know originally

1342

00:52:17,870 --> 00:52:15,660

over

1343

00:52:19,609 --> 00:52:17,880

the nuclear installation and then and

1344

00:52:22,130 --> 00:52:19,619

then over water

1345

00:52:24,530 --> 00:52:22,140

um we saw it over water then a nuclear

1346

00:52:26,510 --> 00:52:24,540

then a nuclear site and then and then

1347

00:52:29,089 --> 00:52:26,520

dropped me off where the water was we're

1348

00:52:31,910 --> 00:52:29,099

still right Mario I mean so many of

1349

00:52:35,390 --> 00:52:31,920

these cases happen over bodies of water

1350

00:52:38,390 --> 00:52:35,400

I've got hundreds of them reports in my

1351  
00:52:41,870 --> 00:52:38,400  
files and um my own personal UFO

1352  
00:52:45,290 --> 00:52:41,880  
sighting happened over a lake so I can

1353  
00:52:47,870 --> 00:52:45,300  
definitely relate yeah many aspects um

1354  
00:52:50,150 --> 00:52:47,880  
well okay wow

1355  
00:52:54,470 --> 00:52:50,160  
um there's so much to unpack but I do

1356  
00:52:57,829 --> 00:52:54,480  
want to move to the missing time aspect

1357  
00:53:00,109 --> 00:52:57,839  
now you're talking 11 mile distance

1358  
00:53:01,670 --> 00:53:00,119  
hours of missing time now we're not

1359  
00:53:03,950 --> 00:53:01,680  
talking a couple minutes like some

1360  
00:53:05,510 --> 00:53:03,960  
people have cleaned five hours five

1361  
00:53:07,370 --> 00:53:05,520  
hours incredible

1362  
00:53:10,250 --> 00:53:07,380  
um you know we we should have arrived

1363  
00:53:12,549 --> 00:53:10,260

there right around 1am okay our travel

1364

00:53:17,089 --> 00:53:12,559

time wasn't but 15 minutes from 12 30

1365

00:53:19,609 --> 00:53:17,099

you know and so yeah when when Sergeant

1366

00:53:21,589 --> 00:53:19,619

Garza got to me the I just looked to the

1367

00:53:24,049 --> 00:53:21,599

East and the sun was Rising I mean it

1368

00:53:27,010 --> 00:53:24,059

was getting light and I was like where

1369

00:53:31,069 --> 00:53:27,020

where am I what happened

1370

00:53:34,849 --> 00:53:31,079

let's talk about that what happened no

1371

00:53:37,370 --> 00:53:34,859

many years passed and I know you really

1372

00:53:40,030 --> 00:53:37,380

wanted to know what happened in that gap

1373

00:53:42,829 --> 00:53:40,040

of time and like many who have had UFO

1374

00:53:45,890 --> 00:53:42,839

experiences uh you know there's

1375

00:53:48,950 --> 00:53:45,900

different ways to try to retrieve those

1376

00:53:51,650 --> 00:53:48,960

memories but a very popular approach is

1377

00:53:53,870 --> 00:53:51,660

hypnosis some people believe in it some

1378

00:53:57,349 --> 00:53:53,880

think it's complete bunk

1379

00:53:59,750 --> 00:53:57,359

um but this is what you decided to do I

1380

00:54:02,930 --> 00:53:59,760

would love to know what compelled you to

1381

00:54:05,690 --> 00:54:02,940

finally want to retrieve these memories

1382

00:54:07,970 --> 00:54:05,700

and uh who was the one to put you under

1383

00:54:09,230 --> 00:54:07,980

hypnosis if if unless that's

1384

00:54:10,569 --> 00:54:09,240

confidential

1385

00:54:12,829 --> 00:54:10,579

um yeah

1386

00:54:14,210 --> 00:54:12,839

I mean I'd be happy to give it to you

1387

00:54:17,770 --> 00:54:14,220

but I

1388

00:54:21,890 --> 00:54:17,780

I prefer him tell me that would be okay

1389

00:54:23,270 --> 00:54:21,900

he's a mufon investigator and uh very

1390

00:54:25,549 --> 00:54:23,280

well known but um

1391

00:54:28,250 --> 00:54:25,559

actually Robert Hastings put you know

1392

00:54:31,130 --> 00:54:28,260

suggested him and uh he came to my home

1393

00:54:32,630 --> 00:54:31,140

okay and we did this and uh I'd never

1394

00:54:33,950 --> 00:54:32,640

been hypnotized before and I'm thinking

1395

00:54:38,390 --> 00:54:33,960

I even could be

1396

00:54:41,150 --> 00:54:38,400

but somehow he he uh he got me there and

1397

00:54:42,950 --> 00:54:41,160

uh it was really a strange experience

1398

00:54:47,210 --> 00:54:42,960

because some things did come to light

1399

00:54:49,490 --> 00:54:47,220

that um that I had no idea of and maybe

1400

00:54:51,770 --> 00:54:49,500

it Harbors some of the feelings that

1401  
00:54:56,150 --> 00:54:51,780  
I've had ever since then about certain

1402  
00:54:58,430 --> 00:54:56,160  
things such as lights in my room or

1403  
00:54:59,450 --> 00:54:58,440  
lights that I can see at night I can't I

1404  
00:55:00,829 --> 00:54:59,460  
can't

1405  
00:55:03,230 --> 00:55:00,839  
I don't know what it is but if there's

1406  
00:55:05,809 --> 00:55:03,240  
some a little LED light or some kind of

1407  
00:55:07,970 --> 00:55:05,819  
small light coming off of something I

1408  
00:55:11,630 --> 00:55:07,980  
got to cover it I can't I don't like any

1409  
00:55:14,750 --> 00:55:11,640  
any small lights at all I don't know

1410  
00:55:16,849 --> 00:55:14,760  
where that comes from but um

1411  
00:55:20,809 --> 00:55:16,859  
yeah it uh I had to deal with a few

1412  
00:55:24,109 --> 00:55:20,819  
things things that I saw this is where I

1413  
00:55:26,930 --> 00:55:24,119

really uh got a good look at what these

1414

00:55:27,470 --> 00:55:26,940

beings were and how they looked

1415

00:55:30,710 --> 00:55:27,480

um

1416

00:55:33,470 --> 00:55:30,720

and also a couple of areas either in the

1417

00:55:34,190 --> 00:55:33,480

craft or wherever I was that I was taken

1418

00:55:35,809 --> 00:55:34,200

to

1419

00:55:39,170 --> 00:55:35,819

and um

1420

00:55:42,950 --> 00:55:39,180

some of the stuff that was done and the

1421

00:55:44,589 --> 00:55:42,960

most uh the I don't say scariest but the

1422

00:55:47,089 --> 00:55:44,599

most

1423

00:55:49,849 --> 00:55:47,099

misunderstanding that I have is about

1424

00:55:51,589 --> 00:55:49,859

being in something not knowing if I'm

1425

00:55:52,910 --> 00:55:51,599

clothed or not and that's a real strange

1426

00:55:55,609 --> 00:55:52,920

feeling to not know if you got your

1427

00:56:00,109 --> 00:55:55,619

clothes on or not but I was in a like a

1428

00:56:02,630 --> 00:56:00,119

like a a gel of some kind that was black

1429

00:56:04,069 --> 00:56:02,640

or to my to me it was black maybe it was

1430

00:56:05,270 --> 00:56:04,079

just because I was in the dark I don't

1431

00:56:06,349 --> 00:56:05,280

know

1432

00:56:09,770 --> 00:56:06,359

um

1433

00:56:12,290 --> 00:56:09,780

but it was super thick kind of gelatin

1434

00:56:14,809 --> 00:56:12,300

that was everywhere I I don't know if I

1435

00:56:16,910 --> 00:56:14,819

was eat my head was under it or what but

1436

00:56:20,809 --> 00:56:16,920

my body was submerged in it

1437

00:56:24,109 --> 00:56:20,819

and uh I just had a feeling of complete

1438

00:56:27,230 --> 00:56:24,119

uh aloneness and Dread and I've never

1439

00:56:29,510 --> 00:56:27,240

experienced that in my life and uh it

1440

00:56:31,849 --> 00:56:29,520

bothers me about it it bothers me

1441

00:56:33,349 --> 00:56:31,859

thinking about that today the only other

1442

00:56:35,210 --> 00:56:33,359

time it happened I was on top of a

1443

00:56:37,069 --> 00:56:35,220

mountain in in Mexico on a motorcycle

1444

00:56:38,569 --> 00:56:37,079

one time and I was all by myself and I

1445

00:56:40,250 --> 00:56:38,579

was above the clouds and all of a sudden

1446

00:56:42,349 --> 00:56:40,260

there's I think there's some kind of

1447

00:56:44,450 --> 00:56:42,359

phobia about being completely alone with

1448

00:56:47,510 --> 00:56:44,460

no other human contact so I probably

1449

00:56:49,430 --> 00:56:47,520

wouldn't be a good astronaut

1450

00:56:52,130 --> 00:56:49,440

I'd like to try it but I don't think I

1451

00:56:54,410 --> 00:56:52,140

could but um yeah yeah but that that

1452

00:56:56,690 --> 00:56:54,420

fear made me think about that because it

1453

00:56:58,250 --> 00:56:56,700

was uh and I felt a lot of pain in my

1454

00:57:01,309 --> 00:56:58,260

right wrist something was being done to

1455

00:57:05,809 --> 00:57:01,319

my right wrist but I think the most uh

1456

00:57:10,490 --> 00:57:08,270

uh feeling

1457

00:57:12,470 --> 00:57:10,500

was that uh I don't know if I was

1458

00:57:15,410 --> 00:57:12,480

freaking out I don't know if I don't

1459

00:57:17,990 --> 00:57:15,420

really know exactly what my actions were

1460

00:57:21,710 --> 00:57:18,000

but one of these beings laid their hand

1461

00:57:23,150 --> 00:57:21,720

on my shoulder right here and it came I

1462

00:57:25,069 --> 00:57:23,160

don't know how long the fingers were but

1463

00:57:27,410 --> 00:57:25,079

it came out it came down about right

1464

00:57:29,750 --> 00:57:27,420

here on me I just felt this hand that

1465

00:57:32,150 --> 00:57:29,760

was super light

1466

00:57:35,569 --> 00:57:32,160

it was it didn't feel like a human hand

1467

00:57:39,650 --> 00:57:35,579

you know how that feels as I do but it

1468

00:57:42,290 --> 00:57:39,660

felt completely different and uh

1469

00:57:43,910 --> 00:57:42,300

it's I can feel that I can put my hand

1470

00:57:47,270 --> 00:57:43,920

on there sometimes and I can I swear I

1471

00:57:49,069 --> 00:57:47,280

think I can feel it you know and I was

1472

00:57:50,270 --> 00:57:49,079

going away from my vehicle and I was on

1473

00:57:52,730 --> 00:57:50,280

my back

1474

00:57:54,530 --> 00:57:52,740

and I when when the door was the door

1475

00:57:56,809 --> 00:57:54,540

was closed on the passenger side of our

1476  
00:57:59,030 --> 00:57:56,819  
vehicle

1477  
00:58:01,849 --> 00:57:59,040  
and I felt as if I was about four foot

1478  
00:58:05,089 --> 00:58:01,859  
in the air but I poked my head up and I

1479  
00:58:07,069 --> 00:58:05,099  
see U.S security U.S Air Force on the

1480  
00:58:08,809 --> 00:58:07,079  
side of of our vehicle and these are

1481  
00:58:10,069 --> 00:58:08,819  
dark blue Vehicles the gold letters on

1482  
00:58:13,069 --> 00:58:10,079  
the side of them

1483  
00:58:15,470 --> 00:58:13,079  
and uh when I did that's when his hand

1484  
00:58:17,690 --> 00:58:15,480  
touched me here

1485  
00:58:20,450 --> 00:58:17,700  
and I laid my head back down

1486  
00:58:24,109 --> 00:58:20,460  
and I and I kept I kept hearing inside

1487  
00:58:25,190 --> 00:58:24,119  
of me not verbally do not fear do not

1488  
00:58:27,410 --> 00:58:25,200

fear

1489

00:58:29,630 --> 00:58:27,420

and that was uh that was something that

1490

00:58:32,089 --> 00:58:29,640

was said throughout

1491

00:58:33,950 --> 00:58:32,099

the entire experience I don't know what

1492

00:58:36,849 --> 00:58:33,960

else was said but I'm but I remember

1493

00:58:38,630 --> 00:58:36,859

that quite well do not fear

1494

00:58:41,930 --> 00:58:38,640

well

1495

00:58:43,970 --> 00:58:41,940

and you know I I'm gonna be honest Mario

1496

00:58:47,630 --> 00:58:43,980

in the past

1497

00:58:51,349 --> 00:58:47,640

I don't know maybe eight ten years

1498

00:58:54,410 --> 00:58:51,359

um the idea of hypnosis has been

1499

00:58:56,569 --> 00:58:54,420

something that I have struggled with

1500

00:58:58,730 --> 00:58:56,579

when it comes to retrieving memories on

1501  
00:59:04,130 --> 00:58:58,740  
these types of experiences however

1502  
00:59:06,589 --> 00:59:04,140  
uh I have watched the available video of

1503  
00:59:08,990 --> 00:59:06,599  
your hypnosis session uh what what what

1504  
00:59:13,309 --> 00:59:09,000  
has been made available whether it's in

1505  
00:59:18,170 --> 00:59:13,319  
documentary or whatnot and um

1506  
00:59:20,329 --> 00:59:18,180  
it is clear a by the the person

1507  
00:59:25,190 --> 00:59:20,339  
conducting the hypnosis uh they were not

1508  
00:59:28,609 --> 00:59:25,200  
leading uh they were extremely uh what's

1509  
00:59:32,390 --> 00:59:28,619  
the word uh caring of the state you are

1510  
00:59:35,329 --> 00:59:32,400  
in which was clearly uh traumatic

1511  
00:59:38,089 --> 00:59:35,339  
um you can tell in the hypnosis and they

1512  
00:59:41,390 --> 00:59:38,099  
weren't leading you at all and

1513  
00:59:43,730 --> 00:59:41,400

to me my gut reaction is you were

1514

00:59:47,750 --> 00:59:43,740

completely genuine in in what you were

1515

00:59:50,990 --> 00:59:47,760

remembering and feeling uh so that being

1516

00:59:53,030 --> 00:59:51,000

said I mean the fact that these are the

1517

00:59:56,329 --> 00:59:53,040

memories that came forward of these

1518

00:59:58,910 --> 00:59:56,339

beings of these uh sort of telepathic

1519

01:00:00,950 --> 00:59:58,920

messages you were given

1520

01:00:07,430 --> 01:00:00,960

how do you

1521

01:00:09,349 --> 01:00:07,440

wrestle with the notion that within that

1522

01:00:12,289 --> 01:00:09,359

missing time at this military

1523

01:00:14,210 --> 01:00:12,299

installation and this event that this

1524

01:00:16,670 --> 01:00:14,220

what we're staring at right now these

1525

01:00:19,130 --> 01:00:16,680

images of these beings might have been

1526

01:00:21,230 --> 01:00:19,140

the cause of all of this how do you cope

1527

01:00:23,510 --> 01:00:21,240

with that every day

1528

01:00:24,890 --> 01:00:23,520

it never goes away I'll tell you that

1529

01:00:27,049 --> 01:00:24,900

right now I

1530

01:00:29,990 --> 01:00:27,059

there's no time when I'm not looking up

1531

01:00:33,230 --> 01:00:30,000

I I get up really early for work

1532

01:00:35,089 --> 01:00:33,240

uh and I I just watched the skies and

1533

01:00:36,530 --> 01:00:35,099

and uh living right here on the East

1534

01:00:40,190 --> 01:00:36,540

Coast you know you see a few things

1535

01:00:48,730 --> 01:00:44,270

it just never goes away uh that feeling

1536

01:00:52,010 --> 01:00:48,740

my shoulder the uh do not fear

1537

01:00:54,109 --> 01:00:52,020

I mean I literally I when I stood on

1538

01:00:56,690 --> 01:00:54,119

November and stood at November 5 when I

1539

01:00:59,630 --> 01:00:56,700

was there with the discovery

1540

01:01:02,750 --> 01:00:59,640

um it broke me completely down man I I I

1541

01:01:04,849 --> 01:01:02,760

was I was under the impression that at

1542

01:01:06,710 --> 01:01:04,859

any moment all of a sudden they could

1543

01:01:08,630 --> 01:01:06,720

just materialize right there on top of

1544

01:01:10,430 --> 01:01:08,640

that site again and now there's a cattle

1545

01:01:12,890 --> 01:01:10,440

processing facility built on top of

1546

01:01:14,329 --> 01:01:12,900

November 5. when the government when

1547

01:01:16,849 --> 01:01:14,339

they mothball the whole area they left

1548

01:01:18,530 --> 01:01:16,859

the fences up and which is the the sites

1549

01:01:20,690 --> 01:01:18,540

were built upward so no water or

1550

01:01:22,609 --> 01:01:20,700

anything would collect on them and so

1551  
01:01:24,589 --> 01:01:22,619  
the ranchers used that property because

1552  
01:01:26,210 --> 01:01:24,599  
the property was leased you know where

1553  
01:01:29,750 --> 01:01:26,220  
these missile sites are located for 99

1554  
01:01:32,270 --> 01:01:29,760  
years and um so I guess they gave it to

1555  
01:01:35,390 --> 01:01:32,280  
the ranchers at that time but they this

1556  
01:01:38,270 --> 01:01:35,400  
guy chose to build on top of it and uh

1557  
01:01:40,730 --> 01:01:38,280  
it but that I I could I have no words

1558  
01:01:42,650 --> 01:01:40,740  
for that it's uh

1559  
01:01:44,690 --> 01:01:42,660  
there's two we just don't we just can't

1560  
01:01:46,370 --> 01:01:44,700  
comprehend that yet I don't care you

1561  
01:01:49,190 --> 01:01:46,380  
know what the military is doing or what

1562  
01:01:52,010 --> 01:01:49,200  
we may have in Crash retrievals or any

1563  
01:01:55,490 --> 01:01:52,020

kind of Technology we have the normal

1564

01:01:58,250 --> 01:01:55,500

the normal human being

1565

01:02:01,309 --> 01:01:58,260

to confront something like this

1566

01:02:03,770 --> 01:02:01,319

and I had a weapon on you I had no

1567

01:02:04,910 --> 01:02:03,780

intention of of bearing that weapon I

1568

01:02:06,950 --> 01:02:04,920

don't even think I could I don't even

1569

01:02:09,530 --> 01:02:06,960

think I could pull a trigger that's how

1570

01:02:12,349 --> 01:02:09,540

incapacitated you literally are for your

1571

01:02:14,569 --> 01:02:12,359

very being your very survival

1572

01:02:17,030 --> 01:02:14,579

uh of what's happening to you because

1573

01:02:19,309 --> 01:02:17,040

it's completely out of your realm of all

1574

01:02:21,230 --> 01:02:19,319

possibilities something that you people

1575

01:02:22,670 --> 01:02:21,240

we can say oh I'd go right up and I'd

1576

01:02:25,069 --> 01:02:22,680

knock on the door

1577

01:02:27,109 --> 01:02:25,079

yeah you probably crawl out of your skin

1578

01:02:29,089 --> 01:02:27,119

and go the other way like a jellyfish

1579

01:02:31,910 --> 01:02:29,099

right yeah I mean there's just no way

1580

01:02:34,190 --> 01:02:31,920

around it you know the technology Gap is

1581

01:02:35,750 --> 01:02:34,200

just something that we're not even

1582

01:02:37,730 --> 01:02:35,760

prepared for yet

1583

01:02:41,510 --> 01:02:37,740

and uh

1584

01:02:43,970 --> 01:02:41,520

that I I uh I I do wrestle with it quite

1585

01:02:47,030 --> 01:02:43,980

a bit and it and you know it's been 44

1586

01:02:48,710 --> 01:02:47,040

years ago 43 44 years ago now and it

1587

01:02:50,990 --> 01:02:48,720

never goes away it's as clear today as

1588

01:02:52,789 --> 01:02:51,000

it was then when it occurred I just wish

1589

01:02:55,670 --> 01:02:52,799

I could find Michael Johnson you know

1590

01:02:57,530 --> 01:02:55,680

yeah hey we're going to keep trying you

1591

01:03:00,470 --> 01:02:57,540

know the more interviews you do the more

1592

01:03:02,270 --> 01:03:00,480

this gets out there hopefully he like

1593

01:03:03,950 --> 01:03:02,280

many others will feel compelled to come

1594

01:03:07,130 --> 01:03:03,960

forward I can't tell you how many

1595

01:03:09,230 --> 01:03:07,140

military Pilots uh yeah around Personnel

1596

01:03:12,230 --> 01:03:09,240

Intelligence Officers have come forward

1597

01:03:13,970 --> 01:03:12,240

to me you know just a civilian uh to

1598

01:03:17,630 --> 01:03:13,980

tell their stories after hearing stories

1599

01:03:20,210 --> 01:03:17,640

like yours or we had Jeremy McGowan or

1600

01:03:23,510 --> 01:03:20,220

the Tic Tac witness oh yeah it's crazy

1601  
01:03:25,849 --> 01:03:23,520  
sorry go ahead yeah no we had uh when I

1602  
01:03:27,890 --> 01:03:25,859  
first arrived out there you know people

1603  
01:03:29,690 --> 01:03:27,900  
even say you know the other other

1604  
01:03:31,010 --> 01:03:29,700  
security policemen say yeah missile

1605  
01:03:32,809 --> 01:03:31,020  
feels really strange you know because

1606  
01:03:34,970 --> 01:03:32,819  
you have missile sites sitting right

1607  
01:03:37,430 --> 01:03:34,980  
outside the Badlands down to our Wall

1608  
01:03:39,770 --> 01:03:37,440  
South Dakota so as I said again these

1609  
01:03:40,910 --> 01:03:39,780  
sites you know are strung from the

1610  
01:03:43,910 --> 01:03:40,920  
Badlands

1611  
01:03:45,890 --> 01:03:43,920  
it will involve all the way up to the

1612  
01:03:47,930 --> 01:03:45,900  
Wyoming border and then the other other

1613  
01:03:49,970 --> 01:03:47,940

sites take over from that point you know

1614

01:03:51,770 --> 01:03:49,980

and um

1615

01:03:54,170 --> 01:03:51,780

I was told of an incident that happened

1616

01:03:55,910 --> 01:03:54,180

with the two security policemen that

1617

01:03:58,970 --> 01:03:55,920

were located something like three miles

1618

01:04:02,390 --> 01:03:58,980

apart they were missing overnight their

1619

01:04:04,069 --> 01:04:02,400

vehicle was one in one place them in

1620

01:04:07,309 --> 01:04:04,079

their clothing were completely separated

1621

01:04:09,349 --> 01:04:07,319

they were sitting in in a field in out

1622

01:04:10,490 --> 01:04:09,359

on a prairie completely separate from

1623

01:04:12,349 --> 01:04:10,500

each other and their weapons and

1624

01:04:14,450 --> 01:04:12,359

everything else completely separated

1625

01:04:16,730 --> 01:04:14,460

from each other and just Strone about

1626

01:04:17,990 --> 01:04:16,740

and that's how they were recovered I

1627

01:04:19,809 --> 01:04:18,000

don't know what happened to them but I

1628

01:04:23,210 --> 01:04:19,819

know they neither of them ever came back

1629

01:04:25,490 --> 01:04:23,220

to the missile field again so they have

1630

01:04:27,829 --> 01:04:25,500

a strange strange thing you know and if

1631

01:04:30,300 --> 01:04:27,839

I may further when I got that assignment

1632

01:04:31,069 --> 01:04:30,310

well I should back up a little bit

1633

01:04:32,170 --> 01:04:31,079

[Music]

1634

01:04:35,030 --> 01:04:32,180

um

1635

01:04:36,589 --> 01:04:35,040

after it was all said and done and a

1636

01:04:40,250 --> 01:04:36,599

little bit of time passed I got promoted

1637

01:04:42,530 --> 01:04:40,260

to an NCO uh

1638

01:04:44,450 --> 01:04:42,540

I got orders about nine months later

1639

01:04:47,870 --> 01:04:44,460

eight and a half nine months later to go

1640

01:04:49,910 --> 01:04:47,880

to Korea Osan Air Base and

1641

01:04:52,190 --> 01:04:49,920

um I was married at the time

1642

01:04:55,430 --> 01:04:52,200

and uh anyway

1643

01:04:59,569 --> 01:04:57,530

I went to my went to my commander of

1644

01:05:02,329 --> 01:04:59,579

course reckon I said uh Colonel I said

1645

01:05:03,950 --> 01:05:02,339

you know I'm married and um I said

1646

01:05:05,450 --> 01:05:03,960

there's any way you know can I go ahead

1647

01:05:07,130 --> 01:05:05,460

and volunteer for two years and I could

1648

01:05:09,109 --> 01:05:07,140

take my wife with me

1649

01:05:11,329 --> 01:05:09,119

would let me do that

1650

01:05:13,010 --> 01:05:11,339

and uh and that was

1651  
01:05:15,470 --> 01:05:13,020  
that should have been allowed that was

1652  
01:05:17,510 --> 01:05:15,480  
not asking anything out of place or

1653  
01:05:19,309 --> 01:05:17,520  
anything like that that was a normal

1654  
01:05:21,289 --> 01:05:19,319  
thing if you received a remote and there

1655  
01:05:23,569 --> 01:05:21,299  
was you could take your spouse with you

1656  
01:05:25,490 --> 01:05:23,579  
or your family with you but you extended

1657  
01:05:26,870 --> 01:05:25,500  
for an additional year well I was told I

1658  
01:05:29,450 --> 01:05:26,880  
couldn't do that

1659  
01:05:32,569 --> 01:05:29,460  
and um so I ended up having to go alone

1660  
01:05:37,130 --> 01:05:32,579  
which which is okay I had a great time

1661  
01:05:40,010 --> 01:05:37,140  
there it was really good but just that

1662  
01:05:41,990 --> 01:05:40,020  
it's funny how they just they can change

1663  
01:05:44,390 --> 01:05:42,000

or they can do

1664

01:05:45,710 --> 01:05:44,400

whatever it takes to separate two people

1665

01:05:49,849 --> 01:05:45,720

that have

1666

01:05:52,069 --> 01:05:49,859

like this together and that's what

1667

01:05:53,870 --> 01:05:52,079

happened Michael Johnson and can't find

1668

01:05:56,089 --> 01:05:53,880

him to this day it was something else I

1669

01:06:00,470 --> 01:05:56,099

wanted to tell you too that um

1670

01:06:03,349 --> 01:06:00,480

that is I'm missing right now but uh

1671

01:06:05,930 --> 01:06:03,359

no worries maybe something I'll strike

1672

01:06:07,910 --> 01:06:05,940

your memory here yeah yeah I've got

1673

01:06:09,109 --> 01:06:07,920

Mario two last questions for you

1674

01:06:10,849 --> 01:06:09,119

personally and then I've got some

1675

01:06:13,490 --> 01:06:10,859

listener questions if that's okay with

1676

01:06:17,270 --> 01:06:13,500

you you've been here let me I just can't

1677

01:06:19,430 --> 01:06:17,280

when I got hypnotized yeah

1678

01:06:20,750 --> 01:06:19,440

you know talking about you know I know

1679

01:06:22,250 --> 01:06:20,760

your beliefs what you were talking about

1680

01:06:24,589 --> 01:06:22,260

how you had problems with some of them

1681

01:06:27,410 --> 01:06:24,599

and and not with others but

1682

01:06:30,529 --> 01:06:27,420

put me in AFib

1683

01:06:32,089 --> 01:06:30,539

really yeah and I'd never had any kind

1684

01:06:34,370 --> 01:06:32,099

of problems whatsoever before and I've

1685

01:06:36,950 --> 01:06:34,380

been in it twice since that time well

1686

01:06:37,849 --> 01:06:36,960

one other time since that time but I

1687

01:06:40,130 --> 01:06:37,859

knew

1688

01:06:42,770 --> 01:06:40,140

for some reason there's a barrier

1689

01:06:44,690 --> 01:06:42,780

that you have to break and I and that's

1690

01:06:47,230 --> 01:06:44,700

the only way I can describe it there's

1691

01:06:50,690 --> 01:06:47,240

something about

1692

01:06:52,670 --> 01:06:50,700

telling these things

1693

01:06:54,410 --> 01:06:52,680

and especially under hypnosis because

1694

01:06:56,690 --> 01:06:54,420

you're not you're not completely asleep

1695

01:06:58,370 --> 01:06:56,700

but you're not awake either it's that

1696

01:06:59,870 --> 01:06:58,380

area in between

1697

01:07:03,289 --> 01:06:59,880

to where

1698

01:07:05,930 --> 01:07:03,299

dreams make sense I guess uh I don't

1699

01:07:08,510 --> 01:07:05,940

know that's the way to say it but

1700

01:07:11,089 --> 01:07:08,520

I knew

1701

01:07:13,010 --> 01:07:11,099

divulging or talking about it it upset

1702

01:07:14,750 --> 01:07:13,020

me so much internally

1703

01:07:16,730 --> 01:07:14,760

I didn't even know at the time but a

1704

01:07:19,250 --> 01:07:16,740

week later I was in a cardiologist's

1705

01:07:21,410 --> 01:07:19,260

office and I was in afib and I felt it

1706

01:07:23,210 --> 01:07:21,420

then because I was just on I couldn't I

1707

01:07:24,470 --> 01:07:23,220

wanted to talk and I couldn't talk I

1708

01:07:26,450 --> 01:07:24,480

wanted to talk and I couldn't talk

1709

01:07:29,029 --> 01:07:26,460

wanted to talk couldn't talk and then I

1710

01:07:31,430 --> 01:07:29,039

did talk and then when I did it I kind

1711

01:07:35,510 --> 01:07:31,440

of I guess I released whatever

1712

01:07:39,470 --> 01:07:35,520

and then it it it bothered my heart

1713

01:07:42,170 --> 01:07:39,480

wow yeah clearly clearly there is

1714

01:07:43,370 --> 01:07:42,180

something connected to here and

1715

01:07:47,150 --> 01:07:43,380

physically

1716

01:07:50,589 --> 01:07:47,160

um that this event just oh man talk

1717

01:07:53,750 --> 01:07:50,599

about physiological effects uh it's it's

1718

01:07:55,670 --> 01:07:53,760

troubling to say the least I I

1719

01:07:58,250 --> 01:07:55,680

well I hope everything is okay I hope

1720

01:07:59,150 --> 01:07:58,260

yeah yeah okay

1721

01:08:02,390 --> 01:07:59,160

um

1722

01:08:04,069 --> 01:08:02,400

well oh man that's pretty heavy

1723

01:08:06,549 --> 01:08:04,079

um well

1724

01:08:09,289 --> 01:08:06,559

to kind of I guess wrap up my personal

1725

01:08:10,430 --> 01:08:09,299

questions on this event Mario

1726

01:08:13,730 --> 01:08:10,440

um

1727

01:08:16,490 --> 01:08:13,740

why that's always my question for people

1728

01:08:19,010 --> 01:08:16,500

why do you think this event happened I

1729

01:08:21,530 --> 01:08:19,020

mean it seemed to start as happenstance

1730

01:08:26,150 --> 01:08:21,540

you know this alarm is set off at the

1731

01:08:28,610 --> 01:08:26,160

base uh and you see this object over the

1732

01:08:30,349 --> 01:08:28,620

the nuclear site

1733

01:08:32,390 --> 01:08:30,359

um and then you have these retrieved

1734

01:08:35,689 --> 01:08:32,400

memories of what possibly may have

1735

01:08:37,910 --> 01:08:35,699

happened during the missing time uh why

1736

01:08:40,789 --> 01:08:37,920

what was the motivation behind this

1737

01:08:43,570 --> 01:08:40,799

entire event if you had to venture I

1738

01:08:46,610 --> 01:08:43,580

guess I know I know there's never

1739

01:08:48,829 --> 01:08:46,620

concrete answers with any of this but oh

1740

01:08:49,729 --> 01:08:48,839

yeah I think this happened to you

1741

01:08:52,490 --> 01:08:49,739

thank you

1742

01:08:54,950 --> 01:08:52,500

I honestly believe that uh Robert

1743

01:08:57,349 --> 01:08:54,960

Hastings said it the best he said

1744

01:09:00,229 --> 01:08:57,359

they didn't contact you you contacted

1745

01:09:03,590 --> 01:09:00,239

them and they followed up on that

1746

01:09:05,329 --> 01:09:03,600

I see they knew what missile site they

1747

01:09:06,530 --> 01:09:05,339

knew that missile site was there and it

1748

01:09:08,809 --> 01:09:06,540

was connected to that launch control

1749

01:09:09,950 --> 01:09:08,819

facility I thoroughly thoroughly believe

1750

01:09:11,390 --> 01:09:09,960

that

1751

01:09:13,249 --> 01:09:11,400

so they went out there and set it off

1752

01:09:16,610 --> 01:09:13,259

and I dang on sure how to respond to it

1753

01:09:19,430 --> 01:09:16,620

and they knew I was there I mean I just

1754

01:09:21,590 --> 01:09:19,440

I felt that and how else can I say it

1755

01:09:23,809 --> 01:09:21,600

but I I sincerely felt that when I put

1756

01:09:26,090 --> 01:09:23,819

that flashlight over the top of that

1757

01:09:29,209 --> 01:09:26,100

truck and Flash the same sequence of of

1758

01:09:31,729 --> 01:09:29,219

lights out of them or a Maglite to that

1759

01:09:33,470 --> 01:09:31,739

bright object that just looked like the

1760

01:09:36,110 --> 01:09:33,480

sun sitting there

1761

01:09:38,030 --> 01:09:36,120

uh one thing further I must add that

1762

01:09:39,709 --> 01:09:38,040

when I went out there for Discovery

1763

01:09:42,169 --> 01:09:39,719

again

1764

01:09:44,510 --> 01:09:42,179

as we were filming you know people are

1765

01:09:46,789 --> 01:09:44,520

curious there and they ride by you know

1766

01:09:48,590 --> 01:09:46,799

on this dirt road Ormond Road looked

1767

01:09:51,110 --> 01:09:48,600

like an interstate that day it was about

1768

01:09:54,350 --> 01:09:51,120

20 of us there doing the filming

1769

01:09:56,030 --> 01:09:54,360

and um these two guys showed up and one

1770

01:09:57,530 --> 01:09:56,040

was on a four-wheeler and the other was

1771

01:10:00,709 --> 01:09:57,540

in a uh

1772

01:10:02,890 --> 01:10:00,719

uh an enclosed kind of four-wheeler

1773

01:10:05,750 --> 01:10:02,900

and they were landowners and one of them

1774

01:10:08,630 --> 01:10:05,760

his father I've got I've got their names

1775

01:10:12,650 --> 01:10:08,640

his father was a State Trooper at the

1776

01:10:14,390 --> 01:10:12,660

time when this happened in 77. and he he

1777

01:10:16,669 --> 01:10:14,400

came up because they stayed over when we

1778

01:10:17,630 --> 01:10:16,679

completed he stayed over as did the

1779

01:10:19,370 --> 01:10:17,640

other guy

1780

01:10:20,990 --> 01:10:19,380

and said uh

1781

01:10:24,229 --> 01:10:21,000

you were the guy that that happened to

1782

01:10:26,630 --> 01:10:24,239

him 77 I said yes sir and he goes up my

1783

01:10:28,370 --> 01:10:26,640

father was a State Trooper he said and I

1784

01:10:29,870 --> 01:10:28,380

remember the call at two o'clock in the

1785

01:10:32,450 --> 01:10:29,880

morning to come look for you guys and I

1786

01:10:34,850 --> 01:10:32,460

said what I mean it's totally blindsided

1787

01:10:36,470 --> 01:10:34,860

me and the people that were Rich

1788

01:10:38,750 --> 01:10:36,480

emberling that was with me he was my

1789

01:10:41,990 --> 01:10:38,760

host and he's really a good guy at this

1790

01:10:45,169 --> 01:10:42,000

he he just knows the questions to ask

1791

01:10:48,890 --> 01:10:45,179

and how to get him out and uh

1792

01:10:52,370 --> 01:10:48,900

anyway uh this fella I think his name is

1793

01:10:54,590 --> 01:10:52,380

Earl and uh not laughing at it because I

1794

01:10:56,330 --> 01:10:54,600

mean this this guy is a Rancher probably

1795

01:10:58,250 --> 01:10:56,340

80 000 Acres out there or something like

1796

01:10:58,850 --> 01:10:58,260

that but

1797

01:11:01,250 --> 01:10:58,860

um

1798

01:11:04,490 --> 01:11:01,260

anyway he said he was quite young in his

1799

01:11:05,870 --> 01:11:04,500

uh and his dad his day Trooper received

1800

01:11:07,430 --> 01:11:05,880

a call at two o'clock in the morning to

1801  
01:11:09,530 --> 01:11:07,440  
come look for two security policemen

1802  
01:11:11,750 --> 01:11:09,540  
that have gone missing at November 5

1803  
01:11:15,229 --> 01:11:11,760  
missile site on Ormond Road

1804  
01:11:16,970 --> 01:11:15,239  
and uh and his reply that he remembered

1805  
01:11:19,130 --> 01:11:16,980  
was his father said well why are you

1806  
01:11:20,930 --> 01:11:19,140  
asking me to go look for him those guys

1807  
01:11:22,070 --> 01:11:20,940  
are equipped way better than I am which

1808  
01:11:24,950 --> 01:11:22,080  
we were

1809  
01:11:27,530 --> 01:11:24,960  
uh but he did follow up on that and he

1810  
01:11:30,649 --> 01:11:27,540  
did come out to look for us to no avail

1811  
01:11:33,890 --> 01:11:30,659  
and then the other fellow that was there

1812  
01:11:34,970 --> 01:11:33,900  
he was a deputy sheriff in Sturgis and

1813  
01:11:38,149 --> 01:11:34,980

they sent

1814

01:11:39,770 --> 01:11:38,159

two patrols now all this was on uh

1815

01:11:42,290 --> 01:11:39,780

requests from Central Security Control

1816

01:11:43,430 --> 01:11:42,300

back at Ellsworth Air Force Base to send

1817

01:11:45,110 --> 01:11:43,440

state

1818

01:11:48,709 --> 01:11:45,120

law enforcement looking for us as well

1819

01:11:51,770 --> 01:11:48,719

as our own people so that's another you

1820

01:11:54,649 --> 01:11:51,780

know I had three backup alert teams to

1821

01:11:55,729 --> 01:11:54,659

locate us which which finally did made

1822

01:11:57,530 --> 01:11:55,739

contact

1823

01:12:00,770 --> 01:11:57,540

and then I didn't know this but there

1824

01:12:02,570 --> 01:12:00,780

were three uh law enforcement teams you

1825

01:12:06,110 --> 01:12:02,580

know two from Sturgis and one state

1826

01:12:09,050 --> 01:12:06,120

trooper looking for us

1827

01:12:11,570 --> 01:12:09,060

that night now the state trooper

1828

01:12:12,770 --> 01:12:11,580

he said his dad said he saw something in

1829

01:12:15,709 --> 01:12:12,780

the air

1830

01:12:17,330 --> 01:12:15,719

and he didn't say what it was he said

1831

01:12:18,470 --> 01:12:17,340

his dad just said he saw something large

1832

01:12:20,990 --> 01:12:18,480

in the air

1833

01:12:23,450 --> 01:12:21,000

large in here so that was completely

1834

01:12:26,090 --> 01:12:23,460

unknown to me all these years that there

1835

01:12:27,890 --> 01:12:26,100

was anybody else even looking for us so

1836

01:12:31,070 --> 01:12:27,900

a couple times I've gone on like there's

1837

01:12:32,689 --> 01:12:31,080

a Newell South Dakota site you know for

1838

01:12:36,169 --> 01:12:32,699

the city and I've asked if anybody

1839

01:12:37,370 --> 01:12:36,179

remembers 1977 if anything was seen in

1840

01:12:39,229 --> 01:12:37,380

the month of November because I don't

1841

01:12:40,910 --> 01:12:39,239

know the exact day but I know it's just

1842

01:12:43,010 --> 01:12:40,920

two weeks before Thanksgiving that's why

1843

01:12:45,050 --> 01:12:43,020

I know it was November in November

1844

01:12:46,729 --> 01:12:45,060

and um but I hadn't really got any

1845

01:12:49,669 --> 01:12:46,739

replies back I've got several people who

1846

01:12:51,770 --> 01:12:49,679

watch the programs and said wow you know

1847

01:12:54,590 --> 01:12:51,780

I've heard of this out here but never

1848

01:12:58,010 --> 01:12:54,600

never knew it but anyway I just found

1849

01:13:01,010 --> 01:12:58,020

that to be uh really kind of cool that

1850

01:13:02,750 --> 01:13:01,020

yeah these guys came forward so we do we

1851

01:13:04,070 --> 01:13:02,760

do have their names so I don't know if

1852

01:13:05,689 --> 01:13:04,080

we ever gonna go back out there and then

1853

01:13:07,130 --> 01:13:05,699

maybe do a round table or something like

1854

01:13:09,350 --> 01:13:07,140

that with them but I would sure like to

1855

01:13:11,570 --> 01:13:09,360

I'd like to find out you know what they

1856

01:13:13,790 --> 01:13:11,580

knew or what they were told because what

1857

01:13:17,390 --> 01:13:13,800

Illusions is back during all this time

1858

01:13:19,010 --> 01:13:17,400

is that being an Airman or an NCO you

1859

01:13:20,390 --> 01:13:19,020

know you're not like the guys that were

1860

01:13:22,970 --> 01:13:20,400

Underground

1861

01:13:25,550 --> 01:13:22,980

and a launch control facility which are

1862

01:13:26,990 --> 01:13:25,560

watching you know the alarm panels you

1863

01:13:28,430 --> 01:13:27,000

know you're 70 feet under the ground

1864

01:13:30,950 --> 01:13:28,440

we're the guys that are actually out

1865

01:13:34,270 --> 01:13:30,960

there responding to what you sent us to

1866

01:13:38,630 --> 01:13:34,280

based on the alarm at that facility

1867

01:13:41,930 --> 01:13:38,640

so you know we don't have the same

1868

01:13:43,550 --> 01:13:41,940

I should say the uh we don't get the

1869

01:13:46,669 --> 01:13:43,560

same recognition

1870

01:13:48,830 --> 01:13:46,679

or the follow-up of paperwork that you

1871

01:13:50,990 --> 01:13:48,840

can gather from individuals who saw any

1872

01:13:53,990 --> 01:13:51,000

of this because they get it all

1873

01:13:56,450 --> 01:13:54,000

I got nothing nothing

1874

01:13:58,430 --> 01:13:56,460

back nothing my medical records don't

1875

01:14:00,649 --> 01:13:58,440

show anything I mean it's just amazing

1876

01:14:02,570 --> 01:14:00,659

to how little and how much they can

1877

01:14:03,410 --> 01:14:02,580

literally do away with if they so want

1878

01:14:06,229 --> 01:14:03,420

to

1879

01:14:08,630 --> 01:14:06,239

and and you know I'm not a conspiracy

1880

01:14:11,209 --> 01:14:08,640

theorist or anything but in this

1881

01:14:12,590 --> 01:14:11,219

instance you know I really see how my

1882

01:14:15,350 --> 01:14:12,600

buddy was shipped off somewhere else

1883

01:14:16,910 --> 01:14:15,360

never saw him again I get sent to a base

1884

01:14:19,070 --> 01:14:16,920

I'm not allowed to take the two-year

1885

01:14:20,930 --> 01:14:19,080

option you know completely separated

1886

01:14:22,250 --> 01:14:20,940

from everything that I know and care for

1887

01:14:25,490 --> 01:14:22,260

gone

1888

01:14:27,410 --> 01:14:25,500

and that's the way they do you and um

1889

01:14:29,570 --> 01:14:27,420

and and you got to stay quiet if you

1890

01:14:31,550 --> 01:14:29,580

want to keep a clearance you you come

1891

01:14:33,709 --> 01:14:31,560

forward in any of this and during this

1892

01:14:38,209 --> 01:14:33,719

time in 77 Linda molten Howell was

1893

01:14:40,250 --> 01:14:38,219

working for that uh uh uh channel in

1894

01:14:42,530 --> 01:14:40,260

Denver Colorado and she was

1895

01:14:45,169 --> 01:14:42,540

investigating cattle mutilations

1896

01:14:46,850 --> 01:14:45,179

at which my partner and I microwave Mark

1897

01:14:49,070 --> 01:14:46,860

Wade and I we saw two

1898

01:14:50,510 --> 01:14:49,080

and my vet in Rapid City said he had

1899

01:14:52,070 --> 01:14:50,520

been to one and did an examination

1900

01:14:54,410 --> 01:14:52,080

couldn't believe it and we just started

1901

01:14:57,649 --> 01:14:54,420

talking about it one day in Rapid City

1902

01:14:59,630 --> 01:14:57,659

so something's going on out there but

1903

01:15:01,370 --> 01:14:59,640

yet so much of it is hushed up now these

1904

01:15:02,209 --> 01:15:01,380

officers you know they have a paper

1905

01:15:03,950 --> 01:15:02,219

trail

1906

01:15:06,110 --> 01:15:03,960

because when you shut down a missile

1907

01:15:08,390 --> 01:15:06,120

site or the other thing is they're not

1908

01:15:10,490 --> 01:15:08,400

always shut down either we were

1909

01:15:13,910 --> 01:15:10,500

dispatched several times not just in

1910

01:15:17,630 --> 01:15:13,920

November but other facilities Echo Oscar

1911

01:15:20,330 --> 01:15:17,640

Hotel other sites that we I worked at to

1912

01:15:23,870 --> 01:15:20,340

where a site would just arbitrarily

1913

01:15:26,090 --> 01:15:23,880

start a sequence to Launch so the

1914

01:15:28,070 --> 01:15:26,100

procedure there was to drive your F-150

1915

01:15:30,229 --> 01:15:28,080

Ford truck out there with your partner

1916

01:15:33,169 --> 01:15:30,239

put it up on top of the blast door

1917

01:15:35,030 --> 01:15:33,179

facing the same direction as the as the

1918

01:15:37,430 --> 01:15:35,040

cow Trail or the or the cattle rails

1919

01:15:40,010 --> 01:15:37,440

where it's going to blow off put it in

1920

01:15:43,310 --> 01:15:40,020

neutral and get off the site by one mile

1921

01:15:44,870 --> 01:15:43,320

and if it launches the hopes are the

1922

01:15:47,030 --> 01:15:44,880

blast door blows out from underneath it

1923

01:15:48,830 --> 01:15:47,040

the vehicle falls down on the rocket and

1924

01:15:50,810 --> 01:15:48,840

it upsets a gyro and it just goes off

1925

01:15:54,590 --> 01:15:50,820

and crashes

1926

01:15:56,030 --> 01:15:54,600

wow that's not always a sequence of

1927

01:15:58,430 --> 01:15:56,040

events that's going to lie not always

1928

01:16:01,010 --> 01:15:58,440

that right shut down sometimes it

1929

01:16:03,770 --> 01:16:01,020

sequences to launch also and then it

1930

01:16:07,669 --> 01:16:03,780

stopped some ways somehow

1931

01:16:09,590 --> 01:16:07,679

external will stop yeah which is so much

1932

01:16:11,930 --> 01:16:09,600

more alarming when you yeah so they're

1933

01:16:13,910 --> 01:16:11,940

literally playing they're playing with

1934

01:16:15,290 --> 01:16:13,920

us you know and the whole thing I got to

1935

01:16:17,209 --> 01:16:15,300

ask a question about somebody on Netflix

1936

01:16:19,669 --> 01:16:17,219

here just a few weeks ago what did I

1937

01:16:21,050 --> 01:16:19,679

think what were they looking for why do

1938

01:16:22,189 --> 01:16:21,060

they come to these missile sites you

1939

01:16:25,910 --> 01:16:22,199

know

1940

01:16:27,229 --> 01:16:25,920

electricity we're just coming to grips

1941

01:16:29,090 --> 01:16:27,239

with today there's a lot more about

1942

01:16:30,830 --> 01:16:29,100

electricity that we don't know

1943

01:16:32,870 --> 01:16:30,840

especially on the big generator we're

1944

01:16:34,610 --> 01:16:32,880

sitting on right now under our feet all

1945

01:16:36,350 --> 01:16:34,620

of us

1946

01:16:38,030 --> 01:16:36,360

there are certain ways I guess that you

1947

01:16:39,770 --> 01:16:38,040

can split an atom and maybe there's more

1948

01:16:43,370 --> 01:16:39,780

ways than what we know of or have ever

1949

01:16:45,709 --> 01:16:43,380

learned and I think they perhaps

1950

01:16:47,750 --> 01:16:45,719

sequence or c

1951

01:16:50,990 --> 01:16:47,760

our abilities to do that even though

1952

01:16:53,450 --> 01:16:51,000

even though it's weaponized there are

1953

01:16:57,169 --> 01:16:53,460

other ways that they're waiting for us

1954

01:17:00,290 --> 01:16:57,179

or either monitoring us that we don't

1955

01:17:02,630 --> 01:17:00,300

find different ways to split that or new

1956

01:17:04,430 --> 01:17:02,640

elements to add with it or whatever I

1957

01:17:07,090 --> 01:17:04,440

don't want to be incorrect speaking

1958

01:17:10,370 --> 01:17:07,100

about it but that's what I feel

1959

01:17:14,090 --> 01:17:10,380

yeah and you know we're we're getting

1960

01:17:16,970 --> 01:17:14,100

closer to uh you know nuclear fusion

1961

01:17:18,890 --> 01:17:16,980

yeah I think it was just a few weeks ago

1962

01:17:22,070 --> 01:17:18,900

that they discovered that they're able

1963

01:17:24,169 --> 01:17:22,080

to finally do it very very small amounts

1964

01:17:26,450 --> 01:17:24,179

but we're getting there so you know

1965

01:17:28,669 --> 01:17:26,460

while these things these ideas of free

1966

01:17:31,610 --> 01:17:28,679

energy are hopefully going to benefit

1967

01:17:34,010 --> 01:17:31,620

mankind there's always the antithesis as

1968

01:17:36,350 --> 01:17:34,020

of that as well and yeah

1969

01:17:39,350 --> 01:17:36,360

um you know again like these nuclear

1970

01:17:42,110 --> 01:17:39,360

sites what you were doing out there is a

1971

01:17:45,590 --> 01:17:42,120

necessary line of defense but it can

1972

01:17:49,130 --> 01:17:45,600

easily be flipped on the offense as well

1973

01:17:51,950 --> 01:17:49,140

yes it can so it's it's troubling when

1974

01:17:54,169 --> 01:17:51,960

these when these instances these

1975

01:17:56,390 --> 01:17:54,179

incidents I should say are happening

1976

01:17:58,550 --> 01:17:56,400

um at a rapid Pace all over I mean we

1977

01:18:00,110 --> 01:17:58,560

just had um and this is kind of my last

1978

01:18:01,669 --> 01:18:00,120

question for you Mario

1979

01:18:02,510 --> 01:18:01,679

um before these couple listener

1980

01:18:05,209 --> 01:18:02,520

questions

1981

01:18:07,250 --> 01:18:05,219

um Robert Salas another gentleman who

1982

01:18:08,450 --> 01:18:07,260

worked at a nuclear site had a now

1983

01:18:10,130 --> 01:18:08,460

famous

1984

01:18:13,189 --> 01:18:10,140

incident occur

1985

01:18:16,370 --> 01:18:13,199

um just announced yes at Maelstrom yes

1986

01:18:18,110 --> 01:18:16,380

um is going to be speaking to Arrow this

1987

01:18:19,669 --> 01:18:18,120

new office within the Department of

1988

01:18:22,070 --> 01:18:19,679

Defense he's going to be giving

1989

01:18:24,590 --> 01:18:22,080

testimony about his event that took

1990

01:18:26,810 --> 01:18:24,600

place which he's been waiting for for

1991

01:18:29,870 --> 01:18:26,820

decades for someone to come to him and

1992

01:18:31,729 --> 01:18:29,880

be like what happened and you know

1993

01:18:35,209 --> 01:18:31,739

recently at these Congressional hearings

1994

01:18:38,390 --> 01:18:35,219

on UFOs Congress people asked the head

1995

01:18:40,610 --> 01:18:38,400

of the UFO office this new office have

1996

01:18:42,890 --> 01:18:40,620

you ever heard of the Maelstrom UFO

1997

01:18:46,430 --> 01:18:42,900

event and they had absolutely no idea

1998

01:18:49,070 --> 01:18:46,440

what he was talking about which was just

1999

01:18:51,169 --> 01:18:49,080

you know that dumbfounded me and many

2000

01:18:52,669 --> 01:18:51,179

people out there but now look they're

2001

01:18:54,050 --> 01:18:52,679

taking a proactive stance they've

2002

01:18:55,850 --> 01:18:54,060

reached out to Robert sellers they're

2003

01:18:59,330 --> 01:18:55,860

going to talk to him so my question for

2004

01:19:01,070 --> 01:18:59,340

you is if given this opportunity would

2005

01:19:04,550 --> 01:19:01,080

you talk about your event in front of

2006

01:19:07,430 --> 01:19:04,560

Congress or even testify with arrow this

2007

01:19:09,110 --> 01:19:07,440

new UFO office in the the Pentagon if

2008

01:19:10,610 --> 01:19:09,120

given that opportunity

2009

01:19:12,890 --> 01:19:10,620

um yeah would you take it and what would

2010

01:19:15,110 --> 01:19:12,900

you tell them uh yeah I'm one of the

2011

01:19:15,570 --> 01:19:15,120

eight that was asked to do that really

2012

01:19:17,110 --> 01:19:15,580

okay

2013

01:19:20,270 --> 01:19:17,120

[Music]

2014

01:19:22,430 --> 01:19:20,280

I uh I'm looking forward to it

2015

01:19:24,169 --> 01:19:22,440

and I'll answer anything anything they

2016

01:19:25,370 --> 01:19:24,179

ask anything that to the best of my

2017

01:19:27,470 --> 01:19:25,380

ability

2018

01:19:29,270 --> 01:19:27,480

wow that's exciting I did not know that

2019

01:19:31,430 --> 01:19:29,280

uh they've reached out to you so that's

2020

01:19:33,649 --> 01:19:31,440

going to be happening yes

2021

01:19:36,050 --> 01:19:33,659

okay I don't know exactly the date but I

2022

01:19:38,570 --> 01:19:36,060

mean I guess it's a when they want to

2023

01:19:40,550 --> 01:19:38,580

contact you yeah you're on their

2024

01:19:42,470 --> 01:19:40,560

schedule right

2025

01:19:44,510 --> 01:19:42,480

um well that's very exciting I I did not

2026

01:19:47,750 --> 01:19:44,520

know that um it's good to hear they're

2027

01:19:49,430 --> 01:19:47,760

finally reaching out to to folks like

2028

01:19:52,250 --> 01:19:49,440

you who have had these incidents and

2029

01:19:54,290 --> 01:19:52,260

were told to keep quiet about them I

2030

01:19:55,970 --> 01:19:54,300

mean there's even new language in the

2031

01:19:58,570 --> 01:19:55,980

National Defense authorization or

2032

01:20:01,130 --> 01:19:58,580

everything if you have had an experience

2033

01:20:02,990 --> 01:20:01,140

come forward you know there's no

2034

01:20:04,729 --> 01:20:03,000

repercussion we know you had cute

2035

01:20:07,370 --> 01:20:04,739

clearances we know you were told to be

2036

01:20:10,310 --> 01:20:07,380

silent but we want to know what happened

2037

01:20:12,649 --> 01:20:10,320

so uh oh man I am wishing you all the

2038

01:20:14,630 --> 01:20:12,659

best with that I I hope something and

2039

01:20:16,610 --> 01:20:14,640

maybe you'll even get some answers you

2040

01:20:18,229 --> 01:20:16,620

know I hope so I don't know they're

2041

01:20:20,149 --> 01:20:18,239

pretty stingy about that they want to

2042

01:20:22,610 --> 01:20:20,159

know but they don't want to give yeah

2043

01:20:24,410 --> 01:20:22,620

you know that's about right you know in

2044

01:20:26,990 --> 01:20:24,420

50 years you know all this will go away

2045

01:20:28,850 --> 01:20:27,000

because whatever is that whoever's out

2046

01:20:30,709 --> 01:20:28,860

there they'll make themselves known when

2047

01:20:33,169 --> 01:20:30,719

they feel it you know or if they come

2048

01:20:35,570 --> 01:20:33,179

from our planet within however it all

2049

01:20:38,450 --> 01:20:35,580

works I don't know

2050

01:20:40,010 --> 01:20:38,460

but it but they'll we will know about

2051  
01:20:41,149 --> 01:20:40,020  
them then it'll be completely different

2052  
01:20:43,370 --> 01:20:41,159  
so

2053  
01:20:43,380 --> 01:20:47,990  
yeah we're on their timetable yes

2054  
01:20:51,110 --> 01:20:49,610  
um awesome well I've got just a couple

2055  
01:20:54,110 --> 01:20:51,120  
listener questions if you're willing to

2056  
01:20:56,750 --> 01:20:54,120  
stick around yeah sure sure great great

2057  
01:20:57,950 --> 01:20:56,760  
thanks Mario um well Casey on Twitter

2058  
01:20:59,990 --> 01:20:57,960  
asks

2059  
01:21:03,350 --> 01:21:00,000  
does Mario believe the government has

2060  
01:21:05,750 --> 01:21:03,360  
any further or previous information on

2061  
01:21:07,790 --> 01:21:05,760  
your incident do you do you think

2062  
01:21:11,030 --> 01:21:07,800  
someone truly knows what happened there

2063  
01:21:13,430 --> 01:21:11,040

or at least yeah it's fully written and

2064

01:21:15,290 --> 01:21:13,440

documented I thoroughly believe that and

2065

01:21:17,090 --> 01:21:15,300

what I meant earlier by saying you know

2066

01:21:20,570 --> 01:21:17,100

officers are different than ncos or

2067

01:21:23,209 --> 01:21:20,580

Airmen is that uh

2068

01:21:26,090 --> 01:21:23,219

for some reason they're more privy to

2069

01:21:29,570 --> 01:21:26,100

documentation to be able to set up a

2070

01:21:33,350 --> 01:21:29,580

line of of not progression but a a line

2071

01:21:36,229 --> 01:21:33,360

of um informative information that they

2072

01:21:40,070 --> 01:21:36,239

can get or gather or can get from their

2073

01:21:42,290 --> 01:21:40,080

partners and so forth whereas we simply

2074

01:21:45,310 --> 01:21:42,300

submitted our information or underwent

2075

01:21:48,229 --> 01:21:45,320

an interrogation really an interrogation

2076

01:21:50,810 --> 01:21:48,239

and then told never to speak of it again

2077

01:21:53,209 --> 01:21:50,820

and sign an indie and non-disclosure

2078

01:21:55,970 --> 01:21:53,219

agreement you know or something similar

2079

01:21:57,830 --> 01:21:55,980

to to do that because I mean you know

2080

01:21:59,630 --> 01:21:57,840

when they threaten you you know we we

2081

01:22:01,910 --> 01:21:59,640

you know we can take your rank away you

2082

01:22:03,649 --> 01:22:01,920

can't divulge any secrets you can't talk

2083

01:22:05,209 --> 01:22:03,659

about it you know nobody in your family

2084

01:22:07,669 --> 01:22:05,219

can know about this

2085

01:22:09,890 --> 01:22:07,679

it it's really quite scary

2086

01:22:11,510 --> 01:22:09,900

I mean it really is I mean it you know

2087

01:22:13,970 --> 01:22:11,520

especially if you're a young Airman

2088

01:22:15,709 --> 01:22:13,980

young NCO and you've got a family and

2089

01:22:17,510 --> 01:22:15,719

you'll say well what's my livelihood if

2090

01:22:19,850 --> 01:22:17,520

I leave this you know I'll be you can't

2091

01:22:22,610 --> 01:22:19,860

you can't discuss it you can't do

2092

01:22:24,229 --> 01:22:22,620

anything about it and it's very hard to

2093

01:22:26,030 --> 01:22:24,239

gather they've worked that's that's been

2094

01:22:27,290 --> 01:22:26,040

something that's really really bothered

2095

01:22:29,330 --> 01:22:27,300

me I mean

2096

01:22:31,490 --> 01:22:29,340

from the very beginning of being able to

2097

01:22:33,169 --> 01:22:31,500

run these people down and say can you

2098

01:22:35,030 --> 01:22:33,179

write me something can you do this well

2099

01:22:39,110 --> 01:22:35,040

they won't do that

2100

01:22:41,390 --> 01:22:39,120

right right I I get it yeah even and you

2101  
01:22:44,209 --> 01:22:41,400  
know even doe when I when I first went

2102  
01:22:44,990 --> 01:22:44,219  
to work for doe in 83

2103  
01:22:46,729 --> 01:22:45,000  
um

2104  
01:22:49,189 --> 01:22:46,739  
well I guess it was 84 because it took

2105  
01:22:52,070 --> 01:22:49,199  
eight months from my clearance now I had

2106  
01:22:54,229 --> 01:22:52,080  
never had any any infraction whatsoever

2107  
01:22:57,050 --> 01:22:54,239  
in with law enforcement or anything like

2108  
01:22:59,390 --> 01:22:57,060  
that ever still don't

2109  
01:23:01,669 --> 01:22:59,400  
um but it still took eight months for my

2110  
01:23:04,130 --> 01:23:01,679  
clearance and I sat in front of a board

2111  
01:23:06,890 --> 01:23:04,140  
three times

2112  
01:23:08,270 --> 01:23:06,900  
they didn't specifically say this but

2113  
01:23:10,790 --> 01:23:08,280

whatever happened to you in the Air

2114

01:23:13,070 --> 01:23:10,800

Force when this this took place or that

2115

01:23:15,050 --> 01:23:13,080

took place because I mean they literally

2116

01:23:16,610 --> 01:23:15,060

if I'd started talking about it then I'd

2117

01:23:17,630 --> 01:23:16,620

have divulge something through doe I

2118

01:23:19,790 --> 01:23:17,640

shouldn't have

2119

01:23:22,790 --> 01:23:19,800

because I was still still under under

2120

01:23:25,010 --> 01:23:22,800

that oath you know as as compared to

2121

01:23:26,630 --> 01:23:25,020

what department of energy does even

2122

01:23:28,970 --> 01:23:26,640

though I was a subcontractor

2123

01:23:30,470 --> 01:23:28,980

still you can't to keep your clearance

2124

01:23:32,270 --> 01:23:30,480

you just couldn't talk about that

2125

01:23:36,350 --> 01:23:32,280

because I mean I've been in Los Alamos

2126

01:23:37,790 --> 01:23:36,360

Sandia Oak Ridge uh I've been to quite a

2127

01:23:43,810 --> 01:23:37,800

few places I saw one of those cold

2128

01:23:50,570 --> 01:23:48,709

87 I think oh wow 87.88 yeah I was at S4

2129

01:23:53,510 --> 01:23:50,580

there in Los Alamos he Advanced nuclear

2130

01:23:57,530 --> 01:23:53,520

Research Center and saw mayor senium

2131

01:23:59,750 --> 01:23:57,540

well said element 114 115. burst in

2132

01:24:00,970 --> 01:23:59,760

Akiva unbelievable

2133

01:24:04,430 --> 01:24:00,980

yep

2134

01:24:07,490 --> 01:24:04,440

yeah we could go down a long road with

2135

01:24:10,370 --> 01:24:07,500

Bob Lazar in Area 51 but we'll save that

2136

01:24:12,350 --> 01:24:10,380

for our next yeah

2137

01:24:14,330 --> 01:24:12,360

um well this question came in actually

2138

01:24:16,910 --> 01:24:14,340

this was a super chat by our good friend

2139

01:24:19,070 --> 01:24:16,920

James Craig thank you so much James for

2140

01:24:21,169 --> 01:24:19,080

the Super Chat here he asks does Mario

2141

01:24:23,750 --> 01:24:21,179

think the nature of this event was nuts

2142

01:24:26,810 --> 01:24:23,760

and bolts atmospheric phenomenon or

2143

01:24:29,149 --> 01:24:26,820

paranormal psychological uh yeah what do

2144

01:24:30,830 --> 01:24:29,159

you make of the the whole event do you

2145

01:24:33,410 --> 01:24:30,840

believe all of this physically happened

2146

01:24:36,350 --> 01:24:33,420

to you in the reality as we know it

2147

01:24:38,570 --> 01:24:36,360

Mario or um yeah however you want to

2148

01:24:40,370 --> 01:24:38,580

dissect that question yeah just like

2149

01:24:42,950 --> 01:24:40,380

you're going to the store and on the way

2150

01:24:44,330 --> 01:24:42,960

to the store something happens and then

2151  
01:24:45,950 --> 01:24:44,340  
all of a sudden you're not at the store

2152  
01:24:48,229 --> 01:24:45,960  
you're somewhere you didn't even intend

2153  
01:24:50,030 --> 01:24:48,239  
on being and then you you just got to

2154  
01:24:52,550 --> 01:24:50,040  
come to grips with what's left

2155  
01:24:55,669 --> 01:24:52,560  
yeah that's a that's a good way to put

2156  
01:24:57,470 --> 01:24:55,679  
it I I couldn't put it better myself

2157  
01:25:00,610 --> 01:24:57,480  
um here's one Christopher on Facebook

2158  
01:25:04,370 --> 01:25:00,620  
asks did you have any synchronicities

2159  
01:25:07,189 --> 01:25:04,380  
occur before or after this event I mean

2160  
01:25:09,590 --> 01:25:07,199  
there's a couple you brought up I mean

2161  
01:25:11,750 --> 01:25:09,600  
just there knowing you went back to the

2162  
01:25:14,630 --> 01:25:11,760  
site for the TV show and you found

2163  
01:25:16,910 --> 01:25:14,640

people who had actually responded to

2164

01:25:18,649 --> 01:25:16,920

your emergency call to come look for you

2165

01:25:20,990 --> 01:25:18,659

guys that's a synchronicity if I've ever

2166

01:25:22,910 --> 01:25:21,000

heard one but uh yeah anything else

2167

01:25:23,810 --> 01:25:22,920

really sticky

2168

01:25:26,350 --> 01:25:23,820

um

2169

01:25:27,810 --> 01:25:26,360

ah

2170

01:25:30,350 --> 01:25:27,820

the uh

2171

01:25:34,090 --> 01:25:30,360

[Music]

2172

01:25:36,649 --> 01:25:34,100

I became so interested

2173

01:25:38,689 --> 01:25:36,659

uh in

2174

01:25:40,430 --> 01:25:38,699

pyramids and Archeology that I can't

2175

01:25:42,830 --> 01:25:40,440

even describe that

2176  
01:25:44,750 --> 01:25:42,840  
anything at the pyramid structure I had

2177  
01:25:45,770 --> 01:25:44,760  
to find out about it its measurements

2178  
01:25:49,910 --> 01:25:45,780  
it's

2179  
01:25:53,450 --> 01:25:49,920  
don't know why and I don't know how that

2180  
01:25:58,990 --> 01:25:56,870  
uh I I went to uh the movie um Close

2181  
01:26:02,990 --> 01:25:59,000  
Encounters a third kind with my life

2182  
01:26:04,550 --> 01:26:03,000  
excuse me and uh that part where Roy

2183  
01:26:06,290 --> 01:26:04,560  
neri's sitting in front of the mailboxes

2184  
01:26:09,530 --> 01:26:06,300  
with a flashlight in his mouth

2185  
01:26:11,689 --> 01:26:09,540  
and the object is comes I guess stops

2186  
01:26:13,729 --> 01:26:11,699  
directly above his vehicle and shines a

2187  
01:26:17,090 --> 01:26:13,739  
light down and illuminates the whole

2188  
01:26:18,470 --> 01:26:17,100

thing and it that whole scene when I saw

2189

01:26:20,689 --> 01:26:18,480

that

2190

01:26:22,729 --> 01:26:20,699

I literally got up and had to leave the

2191

01:26:26,209 --> 01:26:22,739

theater I couldn't take it I mean that

2192

01:26:28,430 --> 01:26:26,219

had just happened to me literally had

2193

01:26:32,330 --> 01:26:28,440

just happened almost the same thing but

2194

01:26:34,250 --> 01:26:32,340

I was with a partner and armed and uh

2195

01:26:36,490 --> 01:26:34,260

yeah so I'd say those synchronicities

2196

01:26:38,510 --> 01:26:36,500

you know are one is

2197

01:26:40,070 --> 01:26:38,520

pyramids I don't know what it is even

2198

01:26:42,530 --> 01:26:40,080

today but

2199

01:26:44,510 --> 01:26:42,540

really I'm just kind of like a uh an

2200

01:26:46,850 --> 01:26:44,520

amateur archaeologist but I have learned

2201

01:26:49,850 --> 01:26:46,860

so much about these structures

2202

01:26:51,350 --> 01:26:49,860

and they weren't they're not what we've

2203

01:26:54,890 --> 01:26:51,360

been told they are

2204

01:26:57,649 --> 01:26:54,900

and um I don't know what else to say

2205

01:27:00,649 --> 01:26:57,659

about that but yeah there are definite

2206

01:27:02,990 --> 01:27:00,659

things that that influence my mind in a

2207

01:27:05,090 --> 01:27:03,000

in a certain way but uh

2208

01:27:08,090 --> 01:27:05,100

these these pyramid structures have

2209

01:27:09,970 --> 01:27:08,100

really changed me in a lot of ways just

2210

01:27:14,330 --> 01:27:09,980

learning about them

2211

01:27:16,490 --> 01:27:14,340

interesting yeah yeah I that's a whole a

2212

01:27:18,890 --> 01:27:16,500

whole Avenue you can go down

2213

01:27:21,709 --> 01:27:18,900

um uh last listener question here for

2214

01:27:23,510 --> 01:27:21,719

you Mario Stephen on Twitter asks have

2215

01:27:26,090 --> 01:27:23,520

you had any other encounters or

2216

01:27:28,610 --> 01:27:26,100

Communications with whatever you think

2217

01:27:30,649 --> 01:27:28,620

you encountered that night if so

2218

01:27:33,890 --> 01:27:30,659

how and what

2219

01:27:35,629 --> 01:27:33,900

no other than dreams uh I keep a dream

2220

01:27:38,270 --> 01:27:35,639

log but uh

2221

01:27:40,610 --> 01:27:38,280

a dream in color I can smell in my

2222

01:27:43,910 --> 01:27:40,620

dreams and uh

2223

01:27:50,390 --> 01:27:48,110

I've had uh some very strange and and

2224

01:27:52,910 --> 01:27:50,400

and and sometimes unnerving Dreams

2225

01:27:55,010 --> 01:27:52,920

they're not nightmares I mean where it

2226

01:27:56,330 --> 01:27:55,020

makes me wake up it's just uh just

2227

01:28:00,709 --> 01:27:56,340

something that I see and I don't quite

2228

01:28:04,850 --> 01:28:02,930

I guess dreams mean something I don't

2229

01:28:07,970 --> 01:28:04,860

know what but uh

2230

01:28:09,830 --> 01:28:07,980

yeah I I as far as I guess dreams would

2231

01:28:11,330 --> 01:28:09,840

be the right answer for that just really

2232

01:28:15,110 --> 01:28:11,340

really

2233

01:28:16,430 --> 01:28:15,120

unbelievable dreams interesting hey you

2234

01:28:18,830 --> 01:28:16,440

know and a lot of this people believe

2235

01:28:21,229 --> 01:28:18,840

happens in the the realm of the

2236

01:28:24,530 --> 01:28:21,239

subconscious as well so subconscious

2237

01:28:26,750 --> 01:28:24,540

excuse me so uh yeah who knows it could

2238

01:28:29,570 --> 01:28:26,760

be another way for them to communicate

2239

01:28:32,930 --> 01:28:29,580

even I I will I will expand on one thing

2240

01:28:35,629 --> 01:28:32,940

in a 20 if I can on in 2017.

2241

01:28:37,669 --> 01:28:35,639

because in December uh

2242

01:28:40,850 --> 01:28:37,679

I think it was December 19th or

2243

01:28:42,290 --> 01:28:40,860

something like that in 2017.

2244

01:28:44,689 --> 01:28:42,300

uh

2245

01:28:46,610 --> 01:28:44,699

I work shift work at the time and I was

2246

01:28:49,850 --> 01:28:46,620

I have a back room back here that I keep

2247

01:28:52,490 --> 01:28:49,860

so anyway I can I can sleep there not in

2248

01:28:54,350 --> 01:28:52,500

not not interfere or bother anybody else

2249

01:28:56,629 --> 01:28:54,360

in the house but um

2250

01:28:59,330 --> 01:28:56,639

anyway it was about uh ten after four I

2251  
01:29:01,070 --> 01:28:59,340  
wake up at these certain times uh 111

2252  
01:29:04,910 --> 01:29:01,080  
313

2253  
01:29:07,250 --> 01:29:04,920  
4 10 4 11 just really I try to keep a

2254  
01:29:11,209 --> 01:29:07,260  
little running tab on that but

2255  
01:29:12,290 --> 01:29:11,219  
anyway I uh I woke up at uh ten after

2256  
01:29:14,870 --> 01:29:12,300  
four

2257  
01:29:16,610 --> 01:29:14,880  
on this morning with all these alarms

2258  
01:29:17,990 --> 01:29:16,620  
going off but I didn't just wake up and

2259  
01:29:20,629 --> 01:29:18,000  
sit up in my bed

2260  
01:29:23,149 --> 01:29:20,639  
I uh opened my eyes and I was standing

2261  
01:29:26,270 --> 01:29:23,159  
next to the foot of my bed

2262  
01:29:27,709 --> 01:29:26,280  
and I was looking at the north wall in

2263  
01:29:29,930 --> 01:29:27,719

this bedroom

2264

01:29:31,729 --> 01:29:29,940

and there was a big black hole in the

2265

01:29:33,709 --> 01:29:31,739

middle of that in that wall about six or

2266

01:29:35,810 --> 01:29:33,719

seven feet in diameter

2267

01:29:37,189 --> 01:29:35,820

and as I woke up to it of course it was

2268

01:29:38,570 --> 01:29:37,199

gone so I don't know if I was dreaming

2269

01:29:40,250 --> 01:29:38,580

it or what happened but all of a sudden

2270

01:29:41,570 --> 01:29:40,260

I hear all these alarms going off and it

2271

01:29:44,629 --> 01:29:41,580

was in my home

2272

01:29:47,810 --> 01:29:44,639

and it was low voltage alarms like with

2273

01:29:50,090 --> 01:29:47,820

your stove your oven your refrigerator I

2274

01:29:52,189 --> 01:29:50,100

did a microwaves got one anything's

2275

01:29:54,050 --> 01:29:52,199

that's electronic has a low voltage

2276

01:29:55,610 --> 01:29:54,060

alarm and I didn't I didn't even know

2277

01:29:57,950 --> 01:29:55,620

this existed

2278

01:30:00,830 --> 01:29:57,960

and the lights were flickering and they

2279

01:30:03,590 --> 01:30:00,840

were my son was home and he and he gets

2280

01:30:05,750 --> 01:30:03,600

up and he goes Dad what's going on and I

2281

01:30:06,830 --> 01:30:05,760

was in kind of shock I said I don't I

2282

01:30:08,750 --> 01:30:06,840

don't know son

2283

01:30:11,390 --> 01:30:08,760

what's happened I said the lights won't

2284

01:30:13,669 --> 01:30:11,400

work I mean they were working but they

2285

01:30:15,530 --> 01:30:13,679

were extremely low just like they were

2286

01:30:16,669 --> 01:30:15,540

being powered by a six-fold battery or

2287

01:30:18,830 --> 01:30:16,679

something

2288

01:30:20,390 --> 01:30:18,840

and I said the only thing I knew to do I

2289

01:30:21,649 --> 01:30:20,400

said well I'll just have to wait eight

2290

01:30:23,270 --> 01:30:21,659

o'clock this morning I'll call George

2291

01:30:25,250 --> 01:30:23,280

power

2292

01:30:26,990 --> 01:30:25,260

so I just went back to bed and thought

2293

01:30:29,510 --> 01:30:27,000

how strange all that was and I don't

2294

01:30:31,970 --> 01:30:29,520

know what that hole was in my wall

2295

01:30:34,430 --> 01:30:31,980

and uh

2296

01:30:36,649 --> 01:30:34,440

so I wake up my son's already up and he

2297

01:30:38,750 --> 01:30:36,659

goes dad he said Georgia power's out

2298

01:30:40,610 --> 01:30:38,760

here and I said what

2299

01:30:42,470 --> 01:30:40,620

he said yeah Georgia power's out here

2300

01:30:44,689 --> 01:30:42,480

and I said you're kidding me I said I

2301

01:30:46,430 --> 01:30:44,699

didn't call him so I threw on some

2302

01:30:48,050 --> 01:30:46,440

clothes real quick and out the door I

2303

01:30:49,729 --> 01:30:48,060

went I went out of my front yard and I

2304

01:30:50,629 --> 01:30:49,739

live on a little bit more than an acre

2305

01:30:53,030 --> 01:30:50,639

here

2306

01:30:54,050 --> 01:30:53,040

and they were out next to the street and

2307

01:30:56,030 --> 01:30:54,060

uh

2308

01:30:58,070 --> 01:30:56,040

I introduced myself and and the

2309

01:31:00,290 --> 01:30:58,080

supervisor he goes it's your home I said

2310

01:31:01,610 --> 01:31:00,300

yes sir he goes well we can't figure out

2311

01:31:04,189 --> 01:31:01,620

what happened I said what do you mean

2312

01:31:07,070 --> 01:31:04,199

Kim I said I I said he goes hey you know

2313

01:31:08,750 --> 01:31:07,080

you lost a leg of power to your house

2314

01:31:10,070 --> 01:31:08,760

and I didn't really know what that meant

2315

01:31:11,689 --> 01:31:10,080

and I said well how many other I said

2316

01:31:15,050 --> 01:31:11,699

the whole neighborhood God he goes oh no

2317

01:31:18,169 --> 01:31:15,060

just you and I said what

2318

01:31:20,990 --> 01:31:18,179

and uh he said yeah he says it lit up

2319

01:31:23,990 --> 01:31:21,000

our board downtown as a power surge

2320

01:31:26,030 --> 01:31:24,000

and then nothing and then we see you

2321

01:31:28,729 --> 01:31:26,040

lost a leg I said

2322

01:31:31,010 --> 01:31:28,739

what what does that even mean you know

2323

01:31:33,350 --> 01:31:31,020

and um

2324

01:31:35,270 --> 01:31:33,360

so he goes come on I'll show you so he

2325

01:31:37,490 --> 01:31:35,280

takes me to where the meter is and and

2326

01:31:40,310 --> 01:31:37,500

outside of my garage on a little deck

2327

01:31:43,729 --> 01:31:40,320

there and they had this uh this battery

2328

01:31:44,689 --> 01:31:43,739

type Transformer thing set up on a on a

2329

01:31:46,610 --> 01:31:44,699

cart

2330

01:31:49,729 --> 01:31:46,620

and they had it plugged had it wired

2331

01:31:52,189 --> 01:31:49,739

into my uh to my meter so I would have

2332

01:31:54,470 --> 01:31:52,199

three legs of power you know restoring

2333

01:31:55,669 --> 01:31:54,480

power to the house fully and he goes

2334

01:31:58,010 --> 01:31:55,679

yeah we'll come out here and put a new

2335

01:31:59,390 --> 01:31:58,020

line in next week or so it took a bit

2336

01:32:01,310 --> 01:31:59,400

longer than that but I got pictures and

2337

01:32:02,689 --> 01:32:01,320

so forth of it and I said well what

2338

01:32:04,550 --> 01:32:02,699

makes this happen he says we don't know

2339

01:32:05,870 --> 01:32:04,560

he says it's a strange thing it's never

2340

01:32:08,450 --> 01:32:05,880

happened here before

2341

01:32:10,370 --> 01:32:08,460

and I said yeah I can't I don't know

2342

01:32:12,770 --> 01:32:10,380

either and uh

2343

01:32:15,110 --> 01:32:12,780

anyway I went on about my business and

2344

01:32:17,209 --> 01:32:15,120

didn't think much more about it and then

2345

01:32:18,770 --> 01:32:17,219

about uh two weeks later

2346

01:32:20,750 --> 01:32:18,780

I was at my front yard I think I was

2347

01:32:23,750 --> 01:32:20,760

cutting the grass and one of the boys

2348

01:32:25,610 --> 01:32:23,760

from up the street he came by and goes

2349

01:32:27,470 --> 01:32:25,620

hey Mr Woods how you doing and I pulled

2350

01:32:30,410 --> 01:32:27,480

off my respirator and I said man I'm all

2351

01:32:32,629 --> 01:32:30,420

right how about you and uh he goes what

2352

01:32:34,970 --> 01:32:32,639

was he goes what was that light in your

2353

01:32:36,590 --> 01:32:34,980

backyard a few weeks ago Mr Woods I said

2354

01:32:38,090 --> 01:32:36,600

what are you talking about he goes well

2355

01:32:39,410 --> 01:32:38,100

I left for work at four o'clock in the

2356

01:32:41,930 --> 01:32:39,420

morning he said it was lit up like it

2357

01:32:44,330 --> 01:32:41,940

was a sun in your backyard and I said

2358

01:32:46,790 --> 01:32:44,340

what I said there's two there's two

2359

01:32:49,129 --> 01:32:46,800

outdoor lights above the the roof line

2360

01:32:52,129 --> 01:32:49,139

uh in that room and that's that's all

2361

01:32:54,229 --> 01:32:52,139

there are just there's two uh lights

2362

01:32:57,410 --> 01:32:54,239

floodlights

2363

01:33:00,110 --> 01:32:57,420

and he goes oh no he goes it looked like

2364

01:33:01,970 --> 01:33:00,120

it looked like a stadium back there and

2365

01:33:03,950 --> 01:33:01,980

I was because I live I bought 200 trees

2366

01:33:05,870 --> 01:33:03,960

in the backyard he goes and it looked

2367

01:33:07,910 --> 01:33:05,880

like a stadium in your backyard and I

2368

01:33:09,770 --> 01:33:07,920

said you got to be kidding me

2369

01:33:11,390 --> 01:33:09,780

I said I said come on man I'll say

2370

01:33:12,350 --> 01:33:11,400

you're gonna be joking he says no I'm

2371

01:33:14,149 --> 01:33:12,360

serious

2372

01:33:16,550 --> 01:33:14,159

and that's all we really said about it

2373

01:33:19,250 --> 01:33:16,560

and um it made me wonder the entire you

2374

01:33:21,590 --> 01:33:19,260

know other than that and um

2375

01:33:24,229 --> 01:33:21,600

but anyway we lost a leg of power to the

2376

01:33:26,629 --> 01:33:24,239

house and it's highly unusual and then

2377

01:33:28,610 --> 01:33:26,639

that happened and he came by and said

2378

01:33:30,950 --> 01:33:28,620

that and the guy George power said this

2379

01:33:34,910 --> 01:33:30,960

never happens we don't even know how it

2380

01:33:36,649 --> 01:33:34,920

happened here so anyway that was in 2017

2381

01:33:39,350 --> 01:33:36,659

and I let Robert Hastings know about

2382

01:33:41,570 --> 01:33:39,360

that and immediately you know I mean I I

2383

01:33:44,510 --> 01:33:41,580

don't know you just never know these

2384

01:33:46,070 --> 01:33:44,520

these uh these beings can once they've

2385

01:33:48,530 --> 01:33:46,080

they can identify you they know

2386

01:33:50,290 --> 01:33:48,540

everybody I think there's nobody they

2387

01:33:55,010 --> 01:33:50,300

can get away from them

2388

01:33:56,990 --> 01:33:55,020

but they monitor you know right and you

2389

01:33:59,390 --> 01:33:57,000

know again it's like when you have that

2390

01:34:01,850 --> 01:33:59,400

kind of what a lot of people call the

2391

01:34:03,770 --> 01:34:01,860

initiation experience which you know I

2392

01:34:06,530 --> 01:34:03,780

know you had a sighting as a child as

2393

01:34:08,870 --> 01:34:06,540

well but a lot of the time once a lot of

2394

01:34:11,450 --> 01:34:08,880

the times once you have these encounters

2395

01:34:14,750 --> 01:34:11,460

you know it does open a door and invites

2396

01:34:16,910 --> 01:34:14,760

a lot more weirdness into your life what

2397

01:34:18,530 --> 01:34:16,920

kind of door is that is it yeah wait

2398

01:34:20,629 --> 01:34:18,540

what what is that

2399

01:34:22,729 --> 01:34:20,639

I I there's a lot of people that haven't

2400

01:34:24,830 --> 01:34:22,739

seen anything ever so I totally

2401

01:34:27,649 --> 01:34:24,840

understand the questioning you know and

2402

01:34:29,390 --> 01:34:27,659

I I I don't know how else to address

2403

01:34:31,070 --> 01:34:29,400

that other than that will perhaps you

2404

01:34:32,990 --> 01:34:31,080

will when it's your time you're supposed

2405

01:34:36,290 --> 01:34:33,000

to see it I guess you know until it's

2406

01:34:38,390 --> 01:34:36,300

you yeah absolutely absolutely well

2407

01:34:39,470 --> 01:34:38,400

Mario you've been very generous with

2408

01:34:41,570 --> 01:34:39,480

your time

2409

01:34:44,209 --> 01:34:41,580

um I'm going to I'm going to let you go

2410

01:34:46,490 --> 01:34:44,219

here in just a moment but you know again

2411

01:34:48,290 --> 01:34:46,500

a lot of people I'm sure

2412

01:34:50,209 --> 01:34:48,300

are going to feel empowered after

2413

01:34:53,570 --> 01:34:50,219

hearing you tell this story especially

2414

01:34:55,850 --> 01:34:53,580

military personnel to come forward so my

2415

01:34:58,070 --> 01:34:55,860

last question for you of course is there

2416

01:35:00,169 --> 01:34:58,080

anywhere people can reach out to you if

2417

01:35:02,330 --> 01:35:00,179

they'd like uh would you like them to do

2418

01:35:03,649 --> 01:35:02,340

it through me or is there some sort of

2419

01:35:04,970 --> 01:35:03,659

email

2420

01:35:07,310 --> 01:35:04,980

um if there's anything you're willing to

2421

01:35:11,510 --> 01:35:07,320

see usually you know you uh you can you

2422

01:35:13,850 --> 01:35:11,520

can email me it's m woods175 gmail.com

2423

01:35:15,290 --> 01:35:13,860

okay I don't mind I'll answer it if I

2424

01:35:17,930 --> 01:35:15,300

can and you know I try to get to

2425

01:35:20,149 --> 01:35:17,940

everybody you know the best I can uh

2426

01:35:22,070 --> 01:35:20,159

sometimes there's too many but uh that I

2427

01:35:24,110 --> 01:35:22,080

still I still try to answer them you

2428

01:35:25,669 --> 01:35:24,120

know and a lot of people comment on the

2429

01:35:27,350 --> 01:35:25,679

YouTube portion I don't know about all

2430

01:35:29,810 --> 01:35:27,360

this yet on all these platforms and I

2431

01:35:31,669 --> 01:35:29,820

guess I should do better than what I'm

2432

01:35:33,830 --> 01:35:31,679

doing and and maybe I could use your

2433

01:35:35,390 --> 01:35:33,840

helper I wish I knew somebody that would

2434

01:35:38,810 --> 01:35:35,400

sit down and help me because I honestly

2435

01:35:40,610 --> 01:35:38,820

don't know at all you know I mean I go

2436

01:35:43,070 --> 01:35:40,620

on YouTube I subscribe to your channel

2437

01:35:44,689 --> 01:35:43,080

and you know I don't know how else how I

2438

01:35:46,610 --> 01:35:44,699

can do that on my own I don't know if I

2439

01:35:48,290 --> 01:35:46,620

want to but

2440

01:35:50,209 --> 01:35:48,300

um you know any comments they that they

2441

01:35:52,910 --> 01:35:50,219

put a place on you know after this

2442

01:35:55,189 --> 01:35:52,920

interview I'll be happy to answer uh in

2443

01:35:56,689 --> 01:35:55,199

any way the best of my ability so just

2444

01:35:58,209 --> 01:35:56,699

throw that out there or they can email

2445

01:36:00,410 --> 01:35:58,219

me you know I don't mind that a bit

2446

01:36:02,689 --> 01:36:00,420

great thank you and I'll go ahead and

2447

01:36:04,970 --> 01:36:02,699

put your email address through the show

2448

01:36:07,430 --> 01:36:04,980

notes here as well and I'd be more than

2449

01:36:09,470 --> 01:36:07,440

happy to help you out too getting yeah

2450

01:36:11,629 --> 01:36:09,480

anything that's great I've got the

2451

01:36:13,010 --> 01:36:11,639

equipment you know it's pretty much you

2452

01:36:14,410 --> 01:36:13,020

know I don't have a lot of but I got I

2453

01:36:16,610 --> 01:36:14,420

got good enough stuff you know

2454

01:36:19,030 --> 01:36:16,620

absolutely we're working off the same

2455

01:36:22,010 --> 01:36:19,040

cameras as

2456

01:36:24,110 --> 01:36:22,020

well Mario this is thank you thank you

2457

01:36:25,370 --> 01:36:24,120

for sharing this thank you for your

2458

01:36:27,950 --> 01:36:25,380

service

2459

01:36:31,189 --> 01:36:27,960

um I know your search for answers only

2460

01:36:33,530 --> 01:36:31,199

just begun but I think it's very telling

2461

01:36:35,890 --> 01:36:33,540

that you're going to be speaking in

2462

01:36:38,930 --> 01:36:35,900

front of the Pentagon UFO office

2463

01:36:41,450 --> 01:36:38,940

hopefully soon about your event and

2464

01:36:44,149 --> 01:36:41,460

maybe that'll put one more puzzle piece

2465

01:36:47,149 --> 01:36:44,159

into place so um I'm gonna wish you the

2466

01:36:49,070 --> 01:36:47,159

best with that and um I'm Gonna Let You

2467

01:36:52,310 --> 01:36:49,080

Go here and debrief with our audience

2468

01:36:54,770 --> 01:36:52,320

for just a little bit sure uh so yeah

2469

01:36:56,450 --> 01:36:54,780

that's I'll say good night here and once

2470

01:36:58,850 --> 01:36:56,460

again thank you so much for joining me

2471

01:37:00,729 --> 01:36:58,860

2472

01:37:03,290 --> 01:37:00,739

thank you very much for having me again

2473

01:37:05,030 --> 01:37:03,300

and there it is guys I have been waiting

2476

01:37:16,490 --> 01:37:14,159

a long time to have this conversation so

2477

01:37:19,790 --> 01:37:16,500

I truly do have to thank Mario for

2478

01:37:21,110 --> 01:37:19,800

giving us his time uh you'll notice my

2479

01:37:23,830 --> 01:37:21,120

background's a little different than

2480

01:37:26,689 --> 01:37:23,840

usual I am in an undisclosed location

2481

01:37:29,629 --> 01:37:26,699

here in Scotland uh working on some top

2482

01:37:33,050 --> 01:37:29,639

secret projects and whatnot so um I'm

2483

01:37:34,550 --> 01:37:33,060

just happy that the Wi-Fi uh held out

2484

01:37:36,890 --> 01:37:34,560

and we were able to have this amazing

2485

01:37:39,350 --> 01:37:36,900

conversation with Mario again I will put

2486

01:37:41,030 --> 01:37:39,360

his email address in the show notes for

2487

01:37:44,629 --> 01:37:41,040

you guys if you want to reach out to him

2488

01:37:46,970 --> 01:37:44,639

and uh the the conversations Only Just

2489

01:37:50,930 --> 01:37:46,980

Begun I can't wait to have him back on

2490

01:37:53,570 --> 01:37:50,940

to hear how his talk with arrow goes uh

2491

01:37:56,330 --> 01:37:53,580

that's incredible and again if you are a

2492

01:37:57,830 --> 01:37:56,340

military former military or active and

2493

01:38:00,470 --> 01:37:57,840

you want to come forward with the UFO

2494

01:38:03,350 --> 01:38:00,480

event I'm here Mario's here uh just to

2495

01:38:05,450 --> 01:38:03,360

hear you out uh sometimes that's all all

2496

01:38:08,169 --> 01:38:05,460

a lot of people need is to just get this

2497

01:38:11,209 --> 01:38:08,179

stuff off their chest and and I know

2498

01:38:13,669 --> 01:38:11,219

Mario's uh I commend him for doing this

2499

01:38:15,110 --> 01:38:13,679

uh for you know risking everything to

2500

01:38:17,270 --> 01:38:15,120

come forward and tell a story because

2501

01:38:20,149 --> 01:38:17,280

it's not easy uh but it's just going to

2502

01:38:22,669 --> 01:38:20,159

empower more people to do so so my

2503

01:38:23,990 --> 01:38:22,679
