

**THE CURIOUS CASE OF
PROJECT BLUE BOOK
"INCIDENT 88"**

FEATURING

JAZZ SHAW

1
00:00:01,260 --> 00:00:16,580
foreign

2
00:00:16,590 --> 00:00:25,609
[Music]

3
00:00:45,490 --> 00:00:27,850
spread

4
00:00:45,500 --> 00:00:49,610
thank you

5
00:00:54,650 --> 00:00:52,069
hey guys Ryan Sprague here from

6
00:00:57,410 --> 00:00:54,660
somewhere in the skies and welcome to a

7
00:00:58,850 --> 00:00:57,420
live stream tonight of somewhere in the

8
00:01:00,709 --> 00:00:58,860
skies and you know what happens when you

9
00:01:03,049 --> 00:01:00,719
go live there's always technical issues

10
00:01:04,969 --> 00:01:03,059
so thanks for sticking around thanks for

11
00:01:07,670 --> 00:01:04,979
your patience guys um unfortunately

12
00:01:09,710 --> 00:01:07,680
Jazz's camera is not working I think

13
00:01:12,469 --> 00:01:09,720

it's the Men in Black Will get his

14

00:01:14,690 --> 00:01:12,479

opinion on that in just a sec but um

15

00:01:17,330 --> 00:01:14,700

we've got him by Audio so we're still

16

00:01:19,910 --> 00:01:17,340

gonna have the the amazing conversation

17

00:01:21,590 --> 00:01:19,920

we're gonna have even without video I've

18

00:01:23,390 --> 00:01:21,600

got an image of them so we'll pop that

19

00:01:25,609 --> 00:01:23,400

up every now and again so you get to see

20

00:01:29,030 --> 00:01:25,619

that lovely lovely face that a lot of

21

00:01:30,530 --> 00:01:29,040

you haven't seen in a while I'm I I

22

00:01:32,810 --> 00:01:30,540

honestly think this is the first time

23

00:01:35,330 --> 00:01:32,820

Jazz has been a solo guest on the show

24

00:01:37,609 --> 00:01:35,340

he has contributed to a couple of my top

25

00:01:39,530 --> 00:01:37,619

10 lists and um you know special

26

00:01:41,690 --> 00:01:39,540

episodes we've done but I think this

27

00:01:44,149 --> 00:01:41,700

might be and he'll correct me if I'm

28

00:01:45,830 --> 00:01:44,159

wrong the first time he's officially Our

29

00:01:48,170 --> 00:01:45,840

Guest on the show and we're going to be

30

00:01:51,590 --> 00:01:48,180

talking about really to

31

00:01:53,630 --> 00:01:51,600

um really to UFO cases that I don't

32

00:01:55,609 --> 00:01:53,640

honestly know that much about

33

00:01:57,530 --> 00:01:55,619

um but are super interesting and caught

34

00:02:00,469 --> 00:01:57,540

my attention and these came in the form

35

00:02:03,289 --> 00:02:00,479

of two debrief articles that jazz wrote

36

00:02:04,429 --> 00:02:03,299

over at the debrief.org uh so we're

37

00:02:08,089 --> 00:02:04,439

going to be talking about the mysterious

38

00:02:11,150 --> 00:02:08,099

incident 88 tonight and also the 1994

39

00:02:13,430 --> 00:02:11,160

Lakeshore Michigan UFO event which I'm

40

00:02:15,350 --> 00:02:13,440

sure some of you are familiar with after

41

00:02:17,690 --> 00:02:15,360

unsold Mysteries covered this but we're

42

00:02:22,250 --> 00:02:17,700

gonna get Jazz's take on both of these

43

00:02:25,250 --> 00:02:22,260

things and uh talk everything UFOs so

44

00:02:28,130 --> 00:02:25,260

without further Ado let's bring him in

45

00:02:30,350 --> 00:02:28,140

by Audio Jazz Shaw welcome back to

46

00:02:32,510 --> 00:02:30,360

somewhere in the skies my man

47

00:02:33,949 --> 00:02:32,520

Ryan thank you for having me and you are

48

00:02:38,089 --> 00:02:33,959

correct this is the first time we ever

49

00:02:39,949 --> 00:02:38,099

sat down one to one you came and did a

50

00:02:41,449 --> 00:02:39,959

one-on-one interview with me for our

51
00:02:44,210 --> 00:02:41,459
Network before but I haven't been on

52
00:02:46,610 --> 00:02:44,220
your show by myself that's right yeah

53
00:02:47,990 --> 00:02:46,620
it's been it's been a while I I do

54
00:02:50,750 --> 00:02:48,000
remember that that's when the new

55
00:02:52,369 --> 00:02:50,760
edition of my book had just dropped so I

56
00:02:53,089 --> 00:02:52,379
have to thank you for that as well my

57
00:02:55,910 --> 00:02:53,099
friend

58
00:02:58,550 --> 00:02:55,920
um well let's you know before we get to

59
00:03:00,170 --> 00:02:58,560
the two kind of major stories that I

60
00:03:01,790 --> 00:03:00,180
want to talk to you about these awesome

61
00:03:04,309 --> 00:03:01,800
articles that you dropped over at the

62
00:03:06,050 --> 00:03:04,319
debrief I do want to get your your

63
00:03:07,430 --> 00:03:06,060

thoughts since you and I haven't spoken

64

00:03:09,770 --> 00:03:07,440

in a while

65

00:03:13,210 --> 00:03:09,780

um A lot's happened in the UFO world

66

00:03:16,369 --> 00:03:13,220

including the UAP report finally

67

00:03:18,710 --> 00:03:16,379

releasing update a few months late but

68

00:03:21,110 --> 00:03:18,720

um what were your thoughts on this drop

69

00:03:24,050 --> 00:03:21,120

was it everything you expected or

70

00:03:25,910 --> 00:03:24,060

nothing you expected what what do you

71

00:03:27,170 --> 00:03:25,920

have for us jazz in terms of the UAP

72

00:03:30,170 --> 00:03:27,180

report release

73

00:03:32,330 --> 00:03:30,180

I wasn't really all that disappointed

74

00:03:34,729 --> 00:03:32,340

I've listened to you and Micah and a

75

00:03:35,690 --> 00:03:34,739

bunch of other people reviewing it and

76

00:03:38,149 --> 00:03:35,700

uh

77

00:03:40,130 --> 00:03:38,159

you know I didn't find it that

78

00:03:42,289 --> 00:03:40,140

disappointing like I said because my

79

00:03:44,930 --> 00:03:42,299

expectations were so low

80

00:03:46,610 --> 00:03:44,940

um I would I would like to see what went

81

00:03:48,530 --> 00:03:46,620

into the classified version once again I

82

00:03:50,330 --> 00:03:48,540

know our mutual friend John greenwald's

83

00:03:52,009 --> 00:03:50,340

working on that right now

84

00:03:53,330 --> 00:03:52,019

um maybe he'll get a redacted version or

85

00:03:55,850 --> 00:03:53,340

something but

86

00:03:57,770 --> 00:03:55,860

um yeah they made it as Anodyne and

87

00:04:00,170 --> 00:03:57,780

watered down as they possibly could it

88

00:04:02,690 --> 00:04:00,180

was even less

89

00:04:05,149 --> 00:04:02,700

open to speculation maybe that's what

90

00:04:06,229 --> 00:04:05,159

they were shooting for then the 2021

91

00:04:09,890 --> 00:04:06,239

report

92

00:04:12,050 --> 00:04:09,900

but uh you know they went through and

93

00:04:14,210 --> 00:04:12,060

gave a status update I realized it was

94

00:04:15,770 --> 00:04:14,220

very bureaucratic but that's required

95

00:04:16,670 --> 00:04:15,780

you know they have to tell the senate

96

00:04:18,110 --> 00:04:16,680

what they're doing because they're

97

00:04:22,250 --> 00:04:18,120

following instructions that they receive

98

00:04:26,150 --> 00:04:22,260

from the from the two past two ndas

99

00:04:28,909 --> 00:04:26,160

and they did get into an update it was

100

00:04:32,629 --> 00:04:28,919

mostly just numbers you know but the

101
00:04:34,730 --> 00:04:32,639
number of new reports I thought was

102
00:04:38,090 --> 00:04:34,740
encouraging

103
00:04:41,150 --> 00:04:38,100
um because it was a big number and

104
00:04:43,010 --> 00:04:41,160
they didn't say they definitively solved

105
00:04:44,570 --> 00:04:43,020
some of them but they had good leads on

106
00:04:47,330 --> 00:04:44,580
a little more than half but still more

107
00:04:50,150 --> 00:04:47,340
than 170 less than half uh are still

108
00:04:51,770 --> 00:04:50,160
just unidentified you know they're

109
00:04:54,530 --> 00:04:51,780
they're still working on it

110
00:04:56,270 --> 00:04:54,540
so I think they're digging in it it

111
00:04:58,129 --> 00:04:56,280
seems to show some good faith that they

112
00:04:59,749 --> 00:04:58,139
are accepting reports you know and

113
00:05:01,070 --> 00:04:59,759

they've added some more people but that

114

00:05:03,890 --> 00:05:01,080

was very recent

115

00:05:06,890 --> 00:05:03,900

so I I don't know if it was really

116

00:05:08,510 --> 00:05:06,900

holding back or you know oh they're

117

00:05:09,469 --> 00:05:08,520

they're trying to whitewash us and

118

00:05:11,689 --> 00:05:09,479

they're they're trying to brush it under

119

00:05:13,730 --> 00:05:11,699

the rug you know they only just they're

120

00:05:15,530 --> 00:05:13,740

they're still not they're full Staffing

121

00:05:16,730 --> 00:05:15,540

they anticipated right we were we were

122

00:05:18,830 --> 00:05:16,740

being told in the background they've

123

00:05:20,870 --> 00:05:18,840

only had they've added a few more people

124

00:05:23,390 --> 00:05:20,880

but they still need more people and they

125

00:05:25,610 --> 00:05:23,400

haven't had that much time so I I think

126

00:05:27,890 --> 00:05:25,620

next year's report hopefully

127

00:05:29,810 --> 00:05:27,900

we'll have the room to have a lot more

128

00:05:32,810 --> 00:05:29,820

and maybe they'll figure some stuff out

129

00:05:34,909 --> 00:05:32,820

so that'll be interesting also waiting

130

00:05:37,490 --> 00:05:34,919

to see and

131

00:05:40,850 --> 00:05:37,500

maybe we will maybe we won't we've also

132

00:05:42,409 --> 00:05:40,860

heard in the background that uh there

133

00:05:45,170 --> 00:05:42,419

have already been people coming and

134

00:05:49,730 --> 00:05:45,180

giving whistleblower testimony uh to

135

00:05:51,409 --> 00:05:49,740

arrow and there's been private reports

136

00:05:54,650 --> 00:05:51,419

that they've given to the applicable

137

00:05:58,189 --> 00:05:54,660

committees where allegedly they've

138

00:05:59,870 --> 00:05:58,199

covered some pretty intriguing stuff uh

139

00:06:01,430 --> 00:05:59,880

I still have not heard that they've ever

140

00:06:03,529 --> 00:06:01,440

said the word aliens or anything like

141

00:06:07,249 --> 00:06:03,539

that but yeah they're they're working on

142

00:06:08,689 --> 00:06:07,259

it and uh I would advise anybody that

143

00:06:10,430 --> 00:06:08,699

really wants a deep dive you guys

144

00:06:11,510 --> 00:06:10,440

already you covered it right here on

145

00:06:13,390 --> 00:06:11,520

your show

146

00:06:16,670 --> 00:06:13,400

um Micah Hanks our other mutual friend

147

00:06:21,110 --> 00:06:16,680

just I think not this week but the week

148

00:06:22,969 --> 00:06:21,120

before uh also did a big breakdown of

149

00:06:24,490 --> 00:06:22,979

the report and his speculations of

150

00:06:26,870 --> 00:06:24,500

things he's reading between the lines

151
00:06:30,170 --> 00:06:26,880
and he had some very interesting ideas

152
00:06:31,550 --> 00:06:30,180
that I thought made a lot of sense and

153
00:06:34,330 --> 00:06:31,560
that's worth your time too if you're

154
00:06:38,749 --> 00:06:34,340
interested you want to go check that out

155
00:06:40,790 --> 00:06:38,759
absolutely yeah I know I um I let me see

156
00:06:47,090 --> 00:06:40,800
if I can get myself back in here sorry

157
00:06:52,550 --> 00:06:49,309
yep there you are sorry can you hear me

158
00:06:56,029 --> 00:06:52,560
yep cool sorry guys

159
00:06:58,490 --> 00:06:56,039
um I I can highly recommend Micah's take

160
00:07:01,070 --> 00:06:58,500
on all this he did a great bonus episode

161
00:07:03,050 --> 00:07:01,080
as well over there

162
00:07:05,150 --> 00:07:03,060
um about you know these range follower

163
00:07:07,670 --> 00:07:05,160

reports that we heard about in the

164

00:07:10,129 --> 00:07:07,680

appendix of the UAP report so that's a

165

00:07:12,350 --> 00:07:10,139

whole Avenue no one's even touched yet

166

00:07:15,110 --> 00:07:12,360

so um I'm looking forward to that I want

167

00:07:17,749 --> 00:07:15,120

to know Jazz I'm um you know kind of in

168

00:07:20,450 --> 00:07:17,759

tandem with this the National Defense

169

00:07:22,610 --> 00:07:20,460

authorization act the wording that was

170

00:07:24,350 --> 00:07:22,620

in this recent bill

171

00:07:26,510 --> 00:07:24,360

um in terms of you know giving

172

00:07:29,270 --> 00:07:26,520

whistleblowers and whatnot an

173

00:07:32,450 --> 00:07:29,280

opportunity to break non-disclosure

174

00:07:34,249 --> 00:07:32,460

agreements or you know stuff like that

175

00:07:36,890 --> 00:07:34,259

um that's one thing but the other big

176

00:07:39,050 --> 00:07:36,900

thing in that wording of the new bill

177

00:07:42,529 --> 00:07:39,060

was that they're going to be going back

178

00:07:45,170 --> 00:07:42,539

to 1945 and kind of retroactively

179

00:07:47,330 --> 00:07:45,180

looking at a lot of this stuff now I

180

00:07:49,309 --> 00:07:47,340

asked this on Twitter the other day and

181

00:07:52,249 --> 00:07:49,319

I'd like to get your thoughts on this um

182

00:07:55,969 --> 00:07:52,259

you know obviously we wanted them to go

183

00:07:58,550 --> 00:07:55,979

to at least 47 because of Roswell

184

00:08:00,770 --> 00:07:58,560

um you know that that Golden Nugget that

185

00:08:03,050 --> 00:08:00,780

we all always are searching for but

186

00:08:05,029 --> 00:08:03,060

we're going back to 1945 and a lot of

187

00:08:07,670 --> 00:08:05,039

people think that's because of the the

188

00:08:09,710 --> 00:08:07,680

Trinity case but what are your thoughts

189

00:08:12,350 --> 00:08:09,720

why do you think is that the sole reason

190

00:08:15,650 --> 00:08:12,360

we're specifically going back to 1945 of

191

00:08:18,050 --> 00:08:15,660

this well I I had two thoughts on that

192

00:08:19,610 --> 00:08:18,060

one my first was Trinity because if you

193

00:08:22,490 --> 00:08:19,620

go to 45 you're going to capture Trinity

194

00:08:24,950 --> 00:08:22,500

and because you know a relatively recent

195

00:08:26,809 --> 00:08:24,960

book came out on that that was quite a

196

00:08:28,189 --> 00:08:26,819

big seller at least in the ufology

197

00:08:29,990 --> 00:08:28,199

community

198

00:08:32,510 --> 00:08:30,000

um there's a lot of interest I'm sure

199

00:08:33,769 --> 00:08:32,520

the people in Arrow and the people in

200

00:08:35,690 --> 00:08:33,779

the congressional committees are hearing

201
00:08:37,670 --> 00:08:35,700
about it because they do want to study

202
00:08:40,430 --> 00:08:37,680
you know get information on the classic

203
00:08:43,490 --> 00:08:40,440
cases that's one thing the other

204
00:08:45,829 --> 00:08:43,500
possibility which and this is just

205
00:08:48,170 --> 00:08:45,839
speculation I don't have any specifics

206
00:08:51,350 --> 00:08:48,180
that anybody has mentioned to me

207
00:08:53,449 --> 00:08:51,360
um we don't know about every case

208
00:08:55,070 --> 00:08:53,459
that the government knows about that's

209
00:08:56,930 --> 00:08:55,080
it as far as I'm concerned that's a

210
00:08:58,550 --> 00:08:56,940
given there's lots of famous cases

211
00:09:00,290 --> 00:08:58,560
there's some lesser well-known ones like

212
00:09:03,470 --> 00:09:00,300
we're going to discuss today

213
00:09:06,170 --> 00:09:03,480

but it's it's almost a given there was

214

00:09:07,790 --> 00:09:06,180

stuff going on that the public never

215

00:09:09,470 --> 00:09:07,800

heard about they haven't made it into

216

00:09:11,810 --> 00:09:09,480

any of the shows on Discovery they

217

00:09:13,670 --> 00:09:11,820

haven't made it into you know any of the

218

00:09:16,670 --> 00:09:13,680

podcasts or anything you know all the

219

00:09:18,170 --> 00:09:16,680

literature over the years and perhaps

220

00:09:19,670 --> 00:09:18,180

there's something back in that era when

221

00:09:21,710 --> 00:09:19,680

everything was really just kicking into

222

00:09:24,350 --> 00:09:21,720

gear that they want to look at that too

223

00:09:25,850 --> 00:09:24,360

and maybe it's something that we don't

224

00:09:28,790 --> 00:09:25,860

even know they're looking at

225

00:09:31,310 --> 00:09:28,800

yeah that's a really good point yeah and

226

00:09:32,930 --> 00:09:31,320

you did mention too you didn't realize

227

00:09:35,269 --> 00:09:32,940

by the way not not to interrupt you that

228

00:09:38,810 --> 00:09:35,279

you you're not showing up on the screen

229

00:09:40,250 --> 00:09:38,820

yes at all there I am hey there we go I

230

00:09:42,710 --> 00:09:40,260

just figured it out

231

00:09:43,970 --> 00:09:42,720

um I'm trying to navigate stream yard in

232

00:09:46,610 --> 00:09:43,980

this new way we're trying tonight

233

00:09:48,829 --> 00:09:46,620

because of the the tech issues but there

234

00:09:50,210 --> 00:09:48,839

I am I not people want to see you yes

235

00:09:51,170 --> 00:09:50,220

they don't want to see me they're sick

236

00:09:54,170 --> 00:09:51,180

of me

237

00:09:56,870 --> 00:09:54,180

um but uh I was gonna ask

238

00:09:59,690 --> 00:09:56,880

um you know we like you mentioned there

239

00:10:02,690 --> 00:09:59,700

apparently people like Robert Salas

240

00:10:05,210 --> 00:10:02,700

um is going to testify in front of Arrow

241

00:10:08,110 --> 00:10:05,220

uh Mario would another gentleman I had

242

00:10:10,670 --> 00:10:08,120

on the show recently who had a crazy

243

00:10:11,750 --> 00:10:10,680

missing time event at a nuclear

244

00:10:14,030 --> 00:10:11,760

installation

245

00:10:17,810 --> 00:10:14,040

um is also going to be going and giving

246

00:10:19,490 --> 00:10:17,820

testimony to Arrow as well so uh I I

247

00:10:21,769 --> 00:10:19,500

think this is great man I don't know

248

00:10:24,050 --> 00:10:21,779

about you why they're doing it I I you

249

00:10:27,949 --> 00:10:24,060

know their motives will remain unclear

250

00:10:31,250 --> 00:10:27,959

uh but it's proactive that there and

251

00:10:32,509 --> 00:10:31,260

like I said earlier almost retroactive

252

00:10:34,490 --> 00:10:32,519

um they want to hear from these guys

253

00:10:36,949 --> 00:10:34,500

who've been like shouting from the

254

00:10:39,530 --> 00:10:36,959

rooftops for so long and they're finally

255

00:10:40,670 --> 00:10:39,540

getting that opportunity so yeah what do

256

00:10:42,949 --> 00:10:40,680

you think do you think anything will

257

00:10:45,050 --> 00:10:42,959

come of these testimony by these

258

00:10:47,810 --> 00:10:45,060

individuals involved with nuclear

259

00:10:50,269 --> 00:10:47,820

installation UFO encryptions I I think

260

00:10:51,650 --> 00:10:50,279

they'll gather a lot more information or

261

00:10:54,050 --> 00:10:51,660

confirmation of stuff that's already

262

00:10:56,150 --> 00:10:54,060

been out there in the wild

263

00:10:58,550 --> 00:10:56,160

um I also

264

00:11:01,550 --> 00:10:58,560

um 99.9 sure we're not going to hear

265

00:11:03,350 --> 00:11:01,560

about it nothing that's nothing no

266

00:11:05,810 --> 00:11:03,360

testimony given by whistleblowers that's

267

00:11:07,130 --> 00:11:05,820

being given in Skiffs is going to

268

00:11:09,470 --> 00:11:07,140

suddenly show up in a press release from

269

00:11:10,750 --> 00:11:09,480

Kirsten gillibrand you know it's not

270

00:11:12,769 --> 00:11:10,760

going to be in the next public report

271

00:11:14,090 --> 00:11:12,779

that stuff they're they're going to keep

272

00:11:16,310 --> 00:11:14,100

a lot of stuff under wraps which is

273

00:11:20,030 --> 00:11:16,320

extremely frustrating for the public uh

274

00:11:21,949 --> 00:11:20,040

and you know me personally as well but I

275

00:11:24,230 --> 00:11:21,959

I just hope they give us generalizations

276
00:11:25,610 --> 00:11:24,240
like yes we're Gathering more data we've

277
00:11:27,590 --> 00:11:25,620
had this many more encounters we've

278
00:11:29,750 --> 00:11:27,600
talked to people just let us know that

279
00:11:31,670 --> 00:11:29,760
you're working on it and what's going on

280
00:11:34,430 --> 00:11:31,680
and if and when the day comes when they

281
00:11:36,290 --> 00:11:34,440
can uh hopefully pick out some bits and

282
00:11:38,750 --> 00:11:36,300
pieces and go okay well this stuff we've

283
00:11:40,730 --> 00:11:38,760
pretty much cleared that it's going to

284
00:11:42,350 --> 00:11:40,740
be okay and now we can show you a couple

285
00:11:44,449 --> 00:11:42,360
things or tell you a couple of things

286
00:11:46,610 --> 00:11:44,459
that happened and if it's anything that

287
00:11:48,530 --> 00:11:46,620
really they can make legitimate case

288
00:11:50,930 --> 00:11:48,540

that it would impact National Security

289

00:11:53,389 --> 00:11:50,940

or reveal sources and methods store

290

00:11:54,650 --> 00:11:53,399

adversaries Etc et cetera et cetera then

291

00:11:56,210 --> 00:11:54,660

yeah you're not going to hear about that

292

00:11:58,449 --> 00:11:56,220

or if you do it'll be 70 years from now

293

00:12:01,370 --> 00:11:58,459

and everybody's dead

294

00:12:02,150 --> 00:12:01,380

yep seems to be the way it always goes I

295

00:12:05,090 --> 00:12:02,160

know

296

00:12:07,130 --> 00:12:05,100

um well let's let's move to one of those

297

00:12:08,870 --> 00:12:07,140

cases that you said uh they might be

298

00:12:11,090 --> 00:12:08,880

looking at that the public doesn't

299

00:12:13,009 --> 00:12:11,100

really know about and maybe that's for a

300

00:12:15,290 --> 00:12:13,019

reason um for those watching the video

301

00:12:18,050 --> 00:12:15,300

version of this you can see my my

302

00:12:19,009 --> 00:12:18,060

Project Blue Book file in the background

303

00:12:20,930 --> 00:12:19,019

there

304

00:12:23,569 --> 00:12:20,940

um that's what I want to talk about with

305

00:12:25,490 --> 00:12:23,579

you next Jazz is this article that you

306

00:12:29,329 --> 00:12:25,500

wrote that was called The Curious Case

307

00:12:31,670 --> 00:12:29,339

of Project Blue Book incident 88. now

308

00:12:35,090 --> 00:12:31,680

this was something I had never heard of

309

00:12:36,889 --> 00:12:35,100

before so um why don't you kind of if

310

00:12:38,750 --> 00:12:36,899

you don't mind kind of just break this

311

00:12:41,750 --> 00:12:38,760

down for us first of all how did you

312

00:12:44,269 --> 00:12:41,760

hear about it and um what were you able

313

00:12:46,730 --> 00:12:44,279

to sort of uncover lay the groundwork

314

00:12:48,290 --> 00:12:46,740

for us if you don't mind well parts of

315

00:12:51,410 --> 00:12:48,300

it took place pretty close to where I

316

00:12:52,970 --> 00:12:51,420

was living at the time so and I I was

317

00:12:54,590 --> 00:12:52,980

unaware for a long time that there was a

318

00:12:56,269 --> 00:12:54,600

that there was a Project Blue Book case

319

00:12:58,190 --> 00:12:56,279

about it when I when I came across it of

320

00:13:00,949 --> 00:12:58,200

course it caught my interest

321

00:13:04,310 --> 00:13:00,959

and when I started going through the

322

00:13:06,829 --> 00:13:04,320

files inside of Project Blue Book

323

00:13:08,629 --> 00:13:06,839

it it became one of the more weird ones

324

00:13:10,550 --> 00:13:08,639

that's in there for for those who have

325

00:13:13,009 --> 00:13:10,560

never gone browsing I mean I have an

326

00:13:14,690 --> 00:13:13,019

obsession with Project Blue Book and my

327

00:13:17,750 --> 00:13:14,700

wife thinks it's like OCD or something

328

00:13:19,550 --> 00:13:17,760

but there's tons of files some of them

329

00:13:21,769 --> 00:13:19,560

are really not very interesting at all

330

00:13:24,470 --> 00:13:21,779

there are a couple of pages and and

331

00:13:28,190 --> 00:13:24,480

they're they tend to be ranked uh fairly

332

00:13:30,230 --> 00:13:28,200

low uh on on the list of how much like

333

00:13:32,210 --> 00:13:30,240

jail and heineck analyzed all of them

334

00:13:34,009 --> 00:13:32,220

you can find his notes for each one and

335

00:13:36,410 --> 00:13:34,019

he classifies them of how interesting or

336

00:13:39,470 --> 00:13:36,420

uninteresting or you know could it be

337

00:13:41,090 --> 00:13:39,480

explained or everything like that and

338

00:13:42,889 --> 00:13:41,100

some of them are ranked really low and

339

00:13:47,509 --> 00:13:42,899

there's no information

340

00:13:48,949 --> 00:13:47,519

project 88 had has um 19 records inside

341

00:13:50,090 --> 00:13:48,959

of it some of them only have like two or

342

00:13:53,329 --> 00:13:50,100

three

343

00:13:56,090 --> 00:13:53,339

and it's also known as the um the

344

00:13:57,710 --> 00:13:56,100

Hackensack event because the main part

345

00:13:59,509 --> 00:13:57,720

of it that's referenced

346

00:14:01,730 --> 00:13:59,519

in the Blue Book files right at the

347

00:14:04,430 --> 00:14:01,740

beginning took place in Hackensack New

348

00:14:07,069 --> 00:14:04,440

Jersey and it took place a long time ago

349

00:14:08,150 --> 00:14:07,079

um 1947. so it might fall into what

350

00:14:10,069 --> 00:14:08,160

we're just talking about what they're

351

00:14:12,230 --> 00:14:10,079

going to look at but it was basically

352

00:14:14,210 --> 00:14:12,240

just two guys one got one was army

353

00:14:16,370 --> 00:14:14,220

Sergeant one of them was civilian buddy

354

00:14:19,150 --> 00:14:16,380

up in Hackensack which is in northern

355

00:14:22,370 --> 00:14:19,160

New Jersey for those who don't know and

356

00:14:24,650 --> 00:14:22,380

uh the sergeant had the day off he was

357

00:14:26,530 --> 00:14:24,660

on leave and he and his buddy were just

358

00:14:29,090 --> 00:14:26,540

out walking around having a good time

359

00:14:30,470 --> 00:14:29,100

and they were down by the shore and all

360

00:14:34,370 --> 00:14:30,480

of a sudden out of nowhere

361

00:14:37,069 --> 00:14:34,380

they claimed to have seen a large

362

00:14:38,750 --> 00:14:37,079

hovering disc about 200 yards away from

363

00:14:40,129 --> 00:14:38,760

them which that's two football fields

364

00:14:42,350 --> 00:14:40,139

that's pretty close

365

00:14:44,150 --> 00:14:42,360

and they dutifully went and called the

366

00:14:45,829 --> 00:14:44,160

police and reported it and that got

367

00:14:48,470 --> 00:14:45,839

passed along to other people

368

00:14:49,610 --> 00:14:48,480

and it wound up going to the Blue Book

369

00:14:51,949 --> 00:14:49,620

people

370

00:14:53,210 --> 00:14:51,959

but unfortunately that was pretty much

371

00:14:55,550 --> 00:14:53,220

the whole story

372

00:14:57,889 --> 00:14:55,560

hey we saw a disc what happened then

373

00:15:00,590 --> 00:14:57,899

well it just sort of flew away and and

374

00:15:03,170 --> 00:15:00,600

then they were okay nothing else to do

375

00:15:05,750 --> 00:15:03,180

and they went home and there was no more

376

00:15:07,189 --> 00:15:05,760

material so there was a handful of files

377

00:15:09,290 --> 00:15:07,199

and

378

00:15:12,470 --> 00:15:09,300

that's about all they said

379

00:15:15,170 --> 00:15:12,480

now also attacked on and that that only

380

00:15:17,689 --> 00:15:15,180

accounts for four or five of the 19

381

00:15:18,769 --> 00:15:17,699

files that are in there in this file in

382

00:15:22,009 --> 00:15:18,779

this case

383

00:15:25,370 --> 00:15:22,019

there's two more at the very end

384

00:15:28,009 --> 00:15:25,380

which are completely unrelated to

385

00:15:31,490 --> 00:15:28,019

anything to do with Hackensack

386

00:15:33,590 --> 00:15:31,500

but uh there was a couple of them from

387

00:15:34,370 --> 00:15:33,600

an event that took place uh the same

388

00:15:36,110 --> 00:15:34,380

year

389

00:15:40,490 --> 00:15:36,120
in Illinois

390

00:15:44,269 --> 00:15:40,500
and it involved somebody submitting

391

00:15:46,970 --> 00:15:44,279
a whole bunch of debris for lack of a

392

00:15:48,910 --> 00:15:46,980
better word that they suspected was

393

00:15:51,850 --> 00:15:48,920
involved with the UFO event out there

394

00:15:54,710 --> 00:15:51,860
and uh the folks at Ray Patterson

395

00:15:56,269 --> 00:15:54,720
examined all of it meticulously and were

396

00:15:57,650 --> 00:15:56,279
able to identify every piece of it as

397

00:15:59,569 --> 00:15:57,660
mundane things and they sent a report

398

00:16:03,230 --> 00:15:59,579
back although it did have the

399

00:16:05,210 --> 00:16:03,240
interesting caveat on the end which uh I

400

00:16:06,889 --> 00:16:05,220
don't have the exact sentence in front

401
00:16:07,790 --> 00:16:06,899
of me but said

402
00:16:10,490 --> 00:16:07,800
um

403
00:16:12,949 --> 00:16:10,500
this uh these materials had no

404
00:16:14,930 --> 00:16:12,959
connection whatsoever uh to do with

405
00:16:18,769 --> 00:16:14,940
Mogul project that's what they called it

406
00:16:22,009 --> 00:16:18,779
but project Mogul was what uh blue was

407
00:16:25,069 --> 00:16:22,019
what uh Roswell was later attributed to

408
00:16:28,430 --> 00:16:25,079
um possibly falsely so totally unrelated

409
00:16:30,530 --> 00:16:28,440
but then the bulk of the rest like 15

410
00:16:34,090 --> 00:16:30,540
other files had nothing to do with

411
00:16:37,670 --> 00:16:34,100
either of those things and it took place

412
00:16:39,889 --> 00:16:37,680
uh it was a series of incidents that

413
00:16:43,310 --> 00:16:39,899

took place at the other end of New

414

00:16:44,930 --> 00:16:43,320

Jersey down south in Wildwood and it was

415

00:16:46,670 --> 00:16:44,940

a whole bunch of Correspondence between

416

00:16:50,329 --> 00:16:46,680

this one woman who was only referred to

417

00:16:52,610 --> 00:16:50,339

as Mrs Evans and she had seen and

418

00:16:54,949 --> 00:16:52,620

according to her photographed repeatedly

419

00:16:57,110 --> 00:16:54,959

a whole bunch of saucers a couple of

420

00:17:01,009 --> 00:16:57,120

times along with her son and they were

421

00:17:02,150 --> 00:17:01,019

flying around uh over Wildwood and for

422

00:17:04,130 --> 00:17:02,160

those you don't know that's like a

423

00:17:06,770 --> 00:17:04,140

little Island community down on the

424

00:17:08,390 --> 00:17:06,780

Southeastern portion of New Jersey and

425

00:17:09,949 --> 00:17:08,400

she had correspondence with

426

00:17:11,329 --> 00:17:09,959

Wright-Patterson she had correspondence

427

00:17:14,150 --> 00:17:11,339

with the FBI

428

00:17:16,010 --> 00:17:14,160

uh they were encouraging her and writing

429

00:17:18,409 --> 00:17:16,020

back and thanking her for all the

430

00:17:20,750 --> 00:17:18,419

information she was providing she never

431

00:17:22,370 --> 00:17:20,760

did get the photos back by the way as

432

00:17:24,949 --> 00:17:22,380

usual

433

00:17:27,230 --> 00:17:24,959

um but I know

434

00:17:29,030 --> 00:17:27,240

but anyway that rattles my curiosity

435

00:17:30,590 --> 00:17:29,040

because I was operating under the

436

00:17:31,970 --> 00:17:30,600

assumption well they're all put in this

437

00:17:35,450 --> 00:17:31,980

one

438

00:17:39,950 --> 00:17:35,460

case File 88. so how are they related

439

00:17:42,710 --> 00:17:39,960

and that started me on this long search

440

00:17:44,890 --> 00:17:42,720

and yeah I went Way Beyond Blue Book and

441

00:17:47,029 --> 00:17:44,900

it took months and I was constantly

442

00:17:49,310 --> 00:17:47,039

researching and trying to find the

443

00:17:51,650 --> 00:17:49,320

background of all these people how were

444

00:17:53,690 --> 00:17:51,660

they related somehow maybe maybe they

445

00:17:55,190 --> 00:17:53,700

were family religions or some

446

00:17:57,710 --> 00:17:55,200

interaction with each other why was it

447

00:17:59,390 --> 00:17:57,720

all lumped together and man I I went

448

00:18:01,610 --> 00:17:59,400

down the rabbit hole on that one for so

449

00:18:03,909 --> 00:18:01,620

long I know I I started with the

450

00:18:07,669 --> 00:18:03,919

connections yeah

451

00:18:09,710 --> 00:18:07,679

I was trying to hook Mrs Evans up with

452

00:18:12,169 --> 00:18:09,720

the two guys in Hackensack in any way

453

00:18:13,490 --> 00:18:12,179

possible and so first you got to find

454

00:18:16,669 --> 00:18:13,500

out who she is

455

00:18:19,250 --> 00:18:16,679

and I went and learned that her name

456

00:18:21,049 --> 00:18:19,260

wasn't really Mrs Evans that's how she

457

00:18:21,830 --> 00:18:21,059

was addressed and how it was signed all

458

00:18:25,370 --> 00:18:21,840

the time

459

00:18:28,669 --> 00:18:25,380

but uh let's see we had her for yeah Mrs

460

00:18:30,230 --> 00:18:28,679

f11s but it turns out making it very

461

00:18:31,970 --> 00:18:30,240

hard to find her initially that wasn't

462

00:18:33,590 --> 00:18:31,980

her real name she was an author and that

463

00:18:35,330 --> 00:18:33,600

was her pen name but it was also the

464

00:18:37,370 --> 00:18:35,340

name she used when corresponding with

465

00:18:38,450 --> 00:18:37,380

the FBI and with Ray Patterson which is

466

00:18:41,450 --> 00:18:38,460

weird

467

00:18:43,250 --> 00:18:41,460

but uh her real name was Ethel Rodman

468

00:18:46,549 --> 00:18:43,260

and uh

469

00:18:49,430 --> 00:18:46,559

that was her and her married name yeah

470

00:18:51,409 --> 00:18:49,440

was Ethel Rodman and her maiden name was

471

00:18:53,810 --> 00:18:51,419

Getz g-o-e-t-z I'm not sure how it's

472

00:18:55,789 --> 00:18:53,820

pronounced but uh she was a minor

473

00:18:56,630 --> 00:18:55,799

celebrity in New Jersey and so I tracked

474

00:18:58,490 --> 00:18:56,640

her down

475

00:19:01,130 --> 00:18:58,500

and I won't bore everybody with all the

476

00:19:03,830 --> 00:19:01,140

details but man I I found her her one

477

00:19:06,049 --> 00:19:03,840

child who curiously they named Rodman so

478

00:19:10,190 --> 00:19:06,059

his name was Rodman Rodman

479

00:19:11,870 --> 00:19:10,200

um yeah I know I I I'm not judging but

480

00:19:14,090 --> 00:19:11,880

yeah and I found her parents her

481

00:19:14,930 --> 00:19:14,100

grandparents just trying to make a

482

00:19:17,150 --> 00:19:14,940

connection

483

00:19:19,130 --> 00:19:17,160

and I never could and I finally came to

484

00:19:21,110 --> 00:19:19,140

the conclusion there was no connection

485

00:19:23,390 --> 00:19:21,120

but um

486

00:19:25,490 --> 00:19:23,400

but she did have a very interesting

487

00:19:28,430 --> 00:19:25,500

story and her correspondence anybody

488

00:19:29,990 --> 00:19:28,440

that goes reads the article and I um I

489

00:19:31,730 --> 00:19:30,000

linked to copies of all the Blue Book

490

00:19:35,210 --> 00:19:31,740

files you can go read them yourself

491

00:19:37,430 --> 00:19:35,220

and during that time period She was just

492

00:19:40,250 --> 00:19:37,440

seeing flying saucers and photographing

493

00:19:41,990 --> 00:19:40,260

flying saucers and the government was

494

00:19:44,330 --> 00:19:42,000

unless they were faking it they were

495

00:19:46,070 --> 00:19:44,340

taking her very seriously and like I

496

00:19:49,130 --> 00:19:46,080

said they helped arrange a meeting uh

497

00:19:50,810 --> 00:19:49,140

with the FBI in Philadelphia you know so

498

00:19:53,150 --> 00:19:50,820

everybody was looking into this and she

499

00:19:56,150 --> 00:19:53,160

seemed to be a very credible figure but

500

00:19:59,390 --> 00:19:56,160

then a year later she died

501
00:20:01,370 --> 00:19:59,400
um allegedly of natural causes and so

502
00:20:03,590 --> 00:20:01,380
that trail went entirely cold

503
00:20:05,570 --> 00:20:03,600
um I tried to track down her surviving

504
00:20:06,890 --> 00:20:05,580
family members and was never able to get

505
00:20:08,690 --> 00:20:06,900
in contact with any of them that wanted

506
00:20:11,510 --> 00:20:08,700
to talk just to see if they had any old

507
00:20:13,130 --> 00:20:11,520
records ever like I said I really chased

508
00:20:13,909 --> 00:20:13,140
that and beat that dead horse into the

509
00:20:16,610 --> 00:20:13,919
ground

510
00:20:17,930 --> 00:20:16,620
but that that's the in a nutshell that's

511
00:20:20,150 --> 00:20:17,940
most of

512
00:20:21,169 --> 00:20:20,160
um entry 88 in the Blue Book files it

513
00:20:23,810 --> 00:20:21,179

was actually

514

00:20:26,570 --> 00:20:23,820

three different entry entry um entries I

515

00:20:27,710 --> 00:20:26,580

apologize that I think maybe just for

516

00:20:29,270 --> 00:20:27,720

lack of a better place to put them they

517

00:20:31,370 --> 00:20:29,280

just all slimed them into that one you

518

00:20:33,890 --> 00:20:31,380

know uh folder somewhere in somebody's

519

00:20:35,390 --> 00:20:33,900

uh basement when I went to the National

520

00:20:37,010 --> 00:20:35,400

Archives

521

00:20:39,830 --> 00:20:37,020

to ask them

522

00:20:41,570 --> 00:20:39,840

you know if they had anybody who would

523

00:20:43,730 --> 00:20:41,580

comment even if there was nothing that

524

00:20:45,289 --> 00:20:43,740

you could do a foia on and I did get a

525

00:20:49,070 --> 00:20:45,299

comment back they were actually being

526

00:20:50,750 --> 00:20:49,080

very helpful but the woman's uh helpful

527

00:20:52,210 --> 00:20:50,760

attitude did not translate to helpful

528

00:20:54,590 --> 00:20:52,220

information because she basically

529

00:20:57,470 --> 00:20:54,600

responded to me emailed me and told me

530

00:20:59,390 --> 00:20:57,480

we have no idea we had to go look at it

531

00:21:00,710 --> 00:20:59,400

to know what you were talking about and

532

00:21:03,169 --> 00:21:00,720

the people who filed all those things

533

00:21:05,570 --> 00:21:03,179

are all dead we have no way of figuring

534

00:21:06,169 --> 00:21:05,580

this out for you and I was like

535

00:21:09,110 --> 00:21:06,179

um

536

00:21:11,450 --> 00:21:09,120

okay then you know so that that's where

537

00:21:12,590 --> 00:21:11,460

the trail went cold Ryan so is that a

538

00:21:14,390 --> 00:21:12,600

good enough summary of the whole thing

539

00:21:16,090 --> 00:21:14,400

or absolutely

540

00:21:19,370 --> 00:21:16,100

um really the the

541

00:21:21,710 --> 00:21:19,380

there's like two sides to this coin um

542

00:21:23,750 --> 00:21:21,720

you mentioned you know they kind of just

543

00:21:25,970 --> 00:21:23,760

stuff this in with other

544

00:21:28,430 --> 00:21:25,980

files and in the article you did mention

545

00:21:31,730 --> 00:21:28,440

you know was it just location because

546

00:21:34,370 --> 00:21:31,740

they both took place in New Jersey

547

00:21:35,690 --> 00:21:34,380

um or could there have been some sort of

548

00:21:37,430 --> 00:21:35,700

connection

549

00:21:39,409 --> 00:21:37,440

um and there was another part of the

550

00:21:42,049 --> 00:21:39,419

article I found pretty interesting there

551
00:21:45,230 --> 00:21:42,059
was this uh I think you said it was an

552
00:21:47,750 --> 00:21:45,240
interrogation with the FBI now was this

553
00:21:49,430 --> 00:21:47,760
with one of the other Witnesses or was

554
00:21:53,149 --> 00:21:49,440
this with the woman

555
00:21:55,850 --> 00:21:53,159
no this was with Ethel Rodman

556
00:21:58,730 --> 00:21:55,860
um oh wait oh no the other woman I

557
00:22:01,190 --> 00:21:58,740
apologize I never could get her name and

558
00:22:02,149 --> 00:22:01,200
boy I was trying like heck and and I

559
00:22:03,830 --> 00:22:02,159
just couldn't

560
00:22:06,649 --> 00:22:03,840
another one of the another one of the

561
00:22:08,870 --> 00:22:06,659
people who had been contacted by the

562
00:22:11,690 --> 00:22:08,880
government and who had also seen the

563
00:22:14,149 --> 00:22:11,700

flying saucers was her unnamed friend

564

00:22:17,450 --> 00:22:14,159

and and I'm I'm doing this strictly from

565

00:22:19,549 --> 00:22:17,460

memory so but the unnamed friend had

566

00:22:22,070 --> 00:22:19,559

been called by someone if it was either

567

00:22:24,710 --> 00:22:22,080

the CIA some one of the Intel agencies

568

00:22:26,690 --> 00:22:24,720

and she had been very alarmed by the

569

00:22:28,909 --> 00:22:26,700

fact that she had called when you read

570

00:22:30,169 --> 00:22:28,919

all the details so she dropped out of

571

00:22:32,210 --> 00:22:30,179

the picture pretty much as much as she

572

00:22:33,649 --> 00:22:32,220

could but it was Ethel Rodman who kept

573

00:22:36,590 --> 00:22:33,659

pursuing it the whole time

574

00:22:38,330 --> 00:22:36,600

okay can you you can see the share

575

00:22:41,029 --> 00:22:38,340

screen I have here right

576
00:22:42,830 --> 00:22:41,039
well yeah because I also I have a muted

577
00:22:45,049 --> 00:22:42,840
YouTube up so it's lagging a little bit

578
00:22:46,070 --> 00:22:45,059
because oh now I see it on yours on the

579
00:22:51,049 --> 00:22:46,080
uh

580
00:22:53,510 --> 00:22:51,059
document that I'm looking at here with

581
00:22:56,149 --> 00:22:53,520
all these redactions meeting with a

582
00:22:58,970 --> 00:22:56,159
special agent was this

583
00:23:01,070 --> 00:22:58,980
I I I found this in embedded in the

584
00:23:02,330 --> 00:23:01,080
article do you do you see this one I'm

585
00:23:04,669 --> 00:23:02,340
talking about here

586
00:23:05,450 --> 00:23:04,679
yeah yeah and that that's the unnamed

587
00:23:09,529 --> 00:23:05,460
friend

588
00:23:11,630 --> 00:23:09,539

wanted to clarify that for my own sake

589

00:23:14,690 --> 00:23:11,640

okay yeah at the top it says Miss but

590

00:23:16,549 --> 00:23:14,700

they did a good job of wiping out but I

591

00:23:17,990 --> 00:23:16,559

I went through all of them there's a few

592

00:23:19,730 --> 00:23:18,000

spots in those documents because you can

593

00:23:21,529 --> 00:23:19,740

see how old they are they were not

594

00:23:23,450 --> 00:23:21,539

redacted digitally they were redacted

595

00:23:25,549 --> 00:23:23,460

with a marker and there's a few places

596

00:23:26,810 --> 00:23:25,559

where you can read through it in in a

597

00:23:29,330 --> 00:23:26,820

couple of spots or they don't get the

598

00:23:30,890 --> 00:23:29,340

whole word and it gives you hints but no

599

00:23:33,049 --> 00:23:30,900

I never found that she's referred to as

600

00:23:34,549 --> 00:23:33,059

Miss and every everywhere else where

601
00:23:37,789 --> 00:23:34,559
they talk about the the primary witness

602
00:23:39,350 --> 00:23:37,799
they refer to Mrs Evans so okay

603
00:23:41,690 --> 00:23:39,360
gotcha

604
00:23:44,690 --> 00:23:41,700
um it's a really interesting case I do

605
00:23:46,490 --> 00:23:44,700
suggest people go read the article for

606
00:23:49,070 --> 00:23:46,500
the full story and I know it's still

607
00:23:51,950 --> 00:23:49,080
developing I know you're still digging

608
00:23:54,950 --> 00:23:51,960
um oh man I want to see because I saw in

609
00:23:57,289 --> 00:23:54,960
the article you had like a screenshot of

610
00:24:01,130 --> 00:23:57,299
um a screenshot that said

611
00:24:04,690 --> 00:24:01,140
glossy image attached but we don't have

612
00:24:07,070 --> 00:24:04,700
the glossy image of this unit exactly

613
00:24:09,230 --> 00:24:07,080

there was a photo at one point and they

614

00:24:11,510 --> 00:24:09,240

had it but they apparently ditched it

615

00:24:13,669 --> 00:24:11,520

and it was just glossy so you got the

616

00:24:15,470 --> 00:24:13,679

page saying the image is attached and

617

00:24:18,529 --> 00:24:15,480

then the page with the image is not

618

00:24:20,810 --> 00:24:18,539

attached dude I was clicking for like 10

619

00:24:23,450 --> 00:24:20,820

minutes being like I am I missing it or

620

00:24:25,789 --> 00:24:23,460

or okay it's not here yay it's probably

621

00:24:29,029 --> 00:24:25,799

in Paul heineck's garage somewhere

622

00:24:30,669 --> 00:24:29,039

tucked in is yeah his dad's old files um

623

00:24:32,870 --> 00:24:30,679

it

624

00:24:36,110 --> 00:24:32,880

will I know

625

00:24:38,149 --> 00:24:36,120

um well it is it's a fascinating very

626
00:24:40,310 --> 00:24:38,159
small obscure part of Project Blue Book

627
00:24:43,010 --> 00:24:40,320
that not a lot of people had ever heard

628
00:24:44,750 --> 00:24:43,020
of so I gotta thank you for for digging

629
00:24:47,630 --> 00:24:44,760
man that's really interesting any last

630
00:24:50,450 --> 00:24:47,640
words on incident 88 before we move on

631
00:24:53,149 --> 00:24:50,460
to the the Lakeshore Michigan case

632
00:24:54,649 --> 00:24:53,159
more of just a for everybody else who

633
00:24:56,390 --> 00:24:54,659
does take an interest anybody that's

634
00:24:57,710 --> 00:24:56,400
maybe just getting into research and

635
00:24:59,810 --> 00:24:57,720
stuff

636
00:25:01,730 --> 00:24:59,820
um some of the old files are still worth

637
00:25:02,510 --> 00:25:01,740
looking at and if you have the spare

638
00:25:05,330 --> 00:25:02,520

time

639

00:25:08,029 --> 00:25:05,340

uh I'll make sure you you probably I

640

00:25:09,770 --> 00:25:08,039

have the link right yeah yeah and and

641

00:25:12,230 --> 00:25:09,780

it's in that article anyway you can go

642

00:25:14,110 --> 00:25:12,240

and find the main page where all of the

643

00:25:17,870 --> 00:25:14,120

entries are for all the Blue Book stuff

644

00:25:19,970 --> 00:25:17,880

and there there's a ton of them and some

645

00:25:21,789 --> 00:25:19,980

of them that even have a few documents I

646

00:25:24,350 --> 00:25:21,799

haven't been through nearly all of them

647

00:25:25,669 --> 00:25:24,360

and it can be interesting and can be a

648

00:25:28,310 --> 00:25:25,679

lot of fun a lot of them are short like

649

00:25:30,169 --> 00:25:28,320

I said and they can be dead ends but I I

650

00:25:32,510 --> 00:25:30,179

still submit that those old case files

651
00:25:34,010 --> 00:25:32,520
are definitely worth looking at and at

652
00:25:36,470 --> 00:25:34,020
least it gives you a starting point that

653
00:25:39,950 --> 00:25:36,480
you know is real it's not oh I got a

654
00:25:42,529 --> 00:25:39,960
call from my my boyfriend's uh Aunt who

655
00:25:44,210 --> 00:25:42,539
you know saw a two-legged porcupine walk

656
00:25:45,470 --> 00:25:44,220
across the road you know these are

657
00:25:47,570 --> 00:25:45,480
things that were at least taken

658
00:25:50,630 --> 00:25:47,580
seriously Enough by the Blue Book people

659
00:25:54,049 --> 00:25:50,640
that they went and talked to people did

660
00:25:56,690 --> 00:25:54,059
interviews made records and saved them a

661
00:25:58,610 --> 00:25:56,700
lot of them were lost a lot of them were

662
00:26:00,710 --> 00:25:58,620
heavily redacted and the unredacted

663
00:26:01,730 --> 00:26:00,720

versions have been lost but go ahead and

664

00:26:03,950 --> 00:26:01,740

look through there's a lot of stuff

665

00:26:06,289 --> 00:26:03,960

there and and you do just what I did

666

00:26:08,450 --> 00:26:06,299

just pick a number there's hundreds you

667

00:26:10,010 --> 00:26:08,460

know just go open it up and see what's

668

00:26:13,549 --> 00:26:10,020

inside some of them have tons of

669

00:26:15,289 --> 00:26:13,559

documents so yeah right and I mean look

670

00:26:17,269 --> 00:26:15,299

at our our mutual colleague John

671

00:26:19,730 --> 00:26:17,279

Greenwald I mean the minute you start

672

00:26:22,730 --> 00:26:19,740

finding names in these things that's

673

00:26:26,169 --> 00:26:22,740

another lead to start foia or you know

674

00:26:29,750 --> 00:26:26,179

of reference to a certain you know

675

00:26:31,370 --> 00:26:29,760

organization and then it just opens the

676

00:26:33,409 --> 00:26:31,380

floodgates like you could dig through

677

00:26:37,909 --> 00:26:33,419

Project Blue Book probably for the rest

678

00:26:40,070 --> 00:26:37,919

of human existence and still not be able

679

00:26:42,230 --> 00:26:40,080

to like uncover everything

680

00:26:45,169 --> 00:26:42,240

um and it's probably that isn't always

681

00:26:47,210 --> 00:26:45,179

Euphoria isn't always as productive in

682

00:26:50,750 --> 00:26:47,220

those old cages cases from the Blue Book

683

00:26:53,690 --> 00:26:50,760

era I've I've done even on just uh

684

00:26:55,549 --> 00:26:53,700

instant 88 I I filed a number of ways

685

00:26:57,710 --> 00:26:55,559

and in all but one instance they wound

686

00:26:59,149 --> 00:26:57,720

up just being dead ends and they were

687

00:27:01,010 --> 00:26:59,159

like I'm sorry that's too long ago we

688

00:27:02,510 --> 00:27:01,020

don't you know and I took a couple of

689

00:27:05,330 --> 00:27:02,520

names that that showed up in those

690

00:27:07,370 --> 00:27:05,340

documents and asked for uh give me

691

00:27:08,630 --> 00:27:07,380

documents and correspondence from so and

692

00:27:11,690 --> 00:27:08,640

so and there are no records found

693

00:27:13,430 --> 00:27:11,700

because it is you know it's like all

694

00:27:16,310 --> 00:27:13,440

going on almost 80 years for some of

695

00:27:17,870 --> 00:27:16,320

those you know and not everything got

696

00:27:19,909 --> 00:27:17,880

saved and I bet there was a lot of stuff

697

00:27:23,630 --> 00:27:19,919

that intentionally didn't get saved and

698

00:27:26,390 --> 00:27:23,640

disappeared so but at least you have a

699

00:27:28,630 --> 00:27:26,400

starting point with what you find in

700

00:27:31,370 --> 00:27:28,640

those files and

701

00:27:33,049 --> 00:27:31,380

excuse me and again

702

00:27:35,149 --> 00:27:33,059

like I said

703

00:27:36,769 --> 00:27:35,159

um it's worth a look if you got the time

704

00:27:37,909 --> 00:27:36,779

and you're really interested in the

705

00:27:40,490 --> 00:27:37,919

subject and if you're sitting here

706

00:27:43,190 --> 00:27:40,500

watching Ryan's show and listening to me

707

00:27:45,049 --> 00:27:43,200

talk instead of doing something fun then

708

00:27:46,250 --> 00:27:45,059

you're probably that interested so go

709

00:27:51,230 --> 00:27:46,260

check it out

710

00:27:54,470 --> 00:27:51,240

you watch the show guys exactly get that

711

00:27:57,110 --> 00:27:54,480

in there of awesome Jazz well again

712

00:28:00,830 --> 00:27:57,120

um great great work on that one um I do

713

00:28:02,630 --> 00:28:00,840

want to move to Lakeshore Michigan uh

714

00:28:03,649 --> 00:28:02,640

Michigan's a place near and dear to my

715

00:28:05,630 --> 00:28:03,659

heart

716

00:28:09,110 --> 00:28:05,640

um first of all my my father Doug

717

00:28:11,210 --> 00:28:09,120

Sprague is a huge Detroit Lions fan why

718

00:28:13,549 --> 00:28:11,220

I couldn't tell you he always has been

719

00:28:16,430 --> 00:28:13,559

always will be um they're looking pretty

720

00:28:17,870 --> 00:28:16,440

good uh recently so I'll give them that

721

00:28:20,570 --> 00:28:17,880

but um

722

00:28:23,630 --> 00:28:20,580

Michigan I I've investigated a lot of

723

00:28:25,490 --> 00:28:23,640

cases in Michigan personally uh one is a

724

00:28:29,269 --> 00:28:25,500

close encounter slash abduction case

725

00:28:31,370 --> 00:28:29,279

another was a really interesting orb

726
00:28:32,330 --> 00:28:31,380
incident that happened over Lake

727
00:28:35,510 --> 00:28:32,340
Michigan

728
00:28:38,269 --> 00:28:35,520
um but this is probably one of the most

729
00:28:41,450 --> 00:28:38,279
famous cases kind of now made famous

730
00:28:43,190 --> 00:28:41,460
through Unsolved Mysteries but um you

731
00:28:45,590 --> 00:28:43,200
know and besides the swamp gas thing

732
00:28:48,049 --> 00:28:45,600
back there in Project Blue Book the

733
00:28:49,909 --> 00:28:48,059
Lakeshore Michigan case of 1994 is

734
00:28:52,430 --> 00:28:49,919
Pinnacle it's one of the most credible

735
00:28:55,310 --> 00:28:52,440
and well-documented UFO cases out there

736
00:28:58,909 --> 00:28:55,320
and you you highlighted this in a

737
00:29:01,010 --> 00:28:58,919
debrief article and um came up with some

738
00:29:02,450 --> 00:29:01,020

really interesting stuff so again would

739

00:29:04,430 --> 00:29:02,460

you mind kind of um laying the

740

00:29:07,610 --> 00:29:04,440

groundwork for us on what the Lakeshore

741

00:29:09,350 --> 00:29:07,620

Michigan case is and um yeah maybe a

742

00:29:10,909 --> 00:29:09,360

little about the uh the key players

743

00:29:13,970 --> 00:29:10,919

involved

744

00:29:16,549 --> 00:29:13,980

yeah sure uh this is one of several that

745

00:29:19,070 --> 00:29:16,559

I did uh for the debrief and a couple

746

00:29:21,830 --> 00:29:19,080

other places they're not Blue Book files

747

00:29:24,409 --> 00:29:21,840

they're much later than that and as you

748

00:29:26,750 --> 00:29:24,419

you already pointed out this in 1994. so

749

00:29:28,490 --> 00:29:26,760

the information we have to go on is the

750

00:29:30,769 --> 00:29:28,500

stuff that's in the public record things

751
00:29:35,510 --> 00:29:30,779
that other people have dug up whatever's

752
00:29:37,310 --> 00:29:35,520
been saved uh this is you we all we all

753
00:29:39,169 --> 00:29:37,320
get asked on different shows and

754
00:29:41,090 --> 00:29:39,179
interviews you know like what's your

755
00:29:42,409 --> 00:29:41,100
favorite UFO case of all time what do

756
00:29:44,389 --> 00:29:42,419
you think one's the most credible one

757
00:29:45,470 --> 00:29:44,399
that could sell somebody and a lot of

758
00:29:47,570 --> 00:29:45,480
people immediately want to go to the

759
00:29:50,630 --> 00:29:47,580
Phoenix Lights which is a great case and

760
00:29:52,730 --> 00:29:50,640
Barney and Betty Hill but

761
00:29:53,990 --> 00:29:52,740
and at least until the show episode

762
00:29:57,289 --> 00:29:54,000
you're talking about not as many people

763
00:29:58,669 --> 00:29:57,299

talked about the Lake Michigan 1994

764

00:30:01,190 --> 00:29:58,679

event

765

00:30:05,570 --> 00:30:01,200

um I'm trying to remember yeah I'm just

766

00:30:08,870 --> 00:30:07,730

oh Holland yeah it's also known as the

767

00:30:11,510 --> 00:30:08,880

Holland event because a lot of it took

768

00:30:12,529 --> 00:30:11,520

place over over Holland Michigan and out

769

00:30:15,049 --> 00:30:12,539

over the lake

770

00:30:16,789 --> 00:30:15,059

and that was

771

00:30:19,370 --> 00:30:16,799

that what makes it so great is the

772

00:30:21,590 --> 00:30:19,380

number of witnesses large number

773

00:30:24,710 --> 00:30:21,600

the fact that there were many law

774

00:30:26,810 --> 00:30:24,720

enforcement Witnesses multiple ones

775

00:30:28,789 --> 00:30:26,820

um there was a radar operator for the

776

00:30:31,130 --> 00:30:28,799

National Weather Service which we'll get

777

00:30:34,250 --> 00:30:31,140

into in a moment with you I'm sure yeah

778

00:30:37,010 --> 00:30:34,260

and so lots of credible Witnesses but

779

00:30:40,430 --> 00:30:37,020

also it's not just stories it's not just

780

00:30:42,049 --> 00:30:40,440

recollections if you go out and dig like

781

00:30:43,010 --> 00:30:42,059

we did when I was doing this for the

782

00:30:46,909 --> 00:30:43,020

debrief

783

00:30:49,370 --> 00:30:46,919

there are recordings that were saved of

784

00:30:51,409 --> 00:30:49,380

calls with the police officers who are

785

00:30:54,289 --> 00:30:51,419

seeing it radio dispatches that were

786

00:30:55,789 --> 00:30:54,299

saved you can listen to them interviews

787

00:30:57,830 --> 00:30:55,799

that were conducted with some of the

788

00:30:59,810 --> 00:30:57,840

primary Witnesses were done on video

789

00:31:01,490 --> 00:30:59,820

because it was in the 90s and by that

790

00:31:03,350 --> 00:31:01,500

time people were videotaping things you

791

00:31:05,870 --> 00:31:03,360

know and those are out there you can go

792

00:31:09,230 --> 00:31:05,880

find them and when you go through all of

793

00:31:10,789 --> 00:31:09,240

them I would say that the the one you

794

00:31:13,549 --> 00:31:10,799

saw on TV

795

00:31:15,350 --> 00:31:13,559

like many of them probably props it up a

796

00:31:19,130 --> 00:31:15,360

little bit too much in some areas but

797

00:31:21,289 --> 00:31:19,140

mostly it's spot on it's line for line

798

00:31:21,889 --> 00:31:21,299

so it was

799

00:31:24,230 --> 00:31:21,899

um

800

00:31:26,870 --> 00:31:24,240

what was the date of that I don't

801
00:31:30,529 --> 00:31:26,880
remember exactly it was the case oh

802
00:31:31,789 --> 00:31:30,539
March March 8th 1994 yeah yeah and that

803
00:31:33,409 --> 00:31:31,799
evening

804
00:31:36,350 --> 00:31:33,419
I don't remember who the first person

805
00:31:38,630 --> 00:31:36,360
was but somebody saw some very large

806
00:31:40,430 --> 00:31:38,640
things with lights up in the sky kind of

807
00:31:42,289 --> 00:31:40,440
moving around in in a weird way and

808
00:31:45,289 --> 00:31:42,299
they're like well we'll call the cops

809
00:31:47,149 --> 00:31:45,299
and the police at first were just like

810
00:31:47,930 --> 00:31:47,159
oh boy we got somebody that's drunk you

811
00:31:49,789 --> 00:31:47,940
know

812
00:31:52,310 --> 00:31:49,799
but then the cops started going out and

813
00:31:54,350 --> 00:31:52,320

looking and they started seeing them and

814

00:31:57,289 --> 00:31:54,360

they were moving and and they were

815

00:31:58,610 --> 00:31:57,299

heading like Southwest when they went

816

00:32:01,789 --> 00:31:58,620

over the lake they were kind of heading

817

00:32:03,529 --> 00:32:01,799

towards Chicago and by that time you

818

00:32:05,870 --> 00:32:03,539

know there had been multiple police

819

00:32:07,970 --> 00:32:05,880

officers we have their conversations we

820

00:32:10,549 --> 00:32:07,980

have the civilian witnesses that were

821

00:32:11,149 --> 00:32:10,559

interviewed all the descriptions lined

822

00:32:13,970 --> 00:32:11,159

up

823

00:32:16,490 --> 00:32:13,980

it nobody had a really clear sight of

824

00:32:19,850 --> 00:32:16,500

these things but there were many of them

825

00:32:22,970 --> 00:32:19,860

and they were large and in fact the NWS

826

00:32:25,610 --> 00:32:22,980

radar operator described them uh as

827

00:32:27,649 --> 00:32:25,620

appearing on the radar screen larger

828

00:32:30,110 --> 00:32:27,659

than a commercial aircraft liner so they

829

00:32:32,330 --> 00:32:30,120

were pretty big and they had they had

830

00:32:34,250 --> 00:32:32,340

weird lights that did not conform with

831

00:32:34,970 --> 00:32:34,260

normal FAA lighting or anything like

832

00:32:36,710 --> 00:32:34,980

that

833

00:32:38,810 --> 00:32:36,720

and yeah they were moving around and

834

00:32:40,370 --> 00:32:38,820

people were just chasing them and the

835

00:32:42,409 --> 00:32:40,380

the chase was going like from one town

836

00:32:45,230 --> 00:32:42,419

to the next to the next from one police

837

00:32:48,470 --> 00:32:45,240

precinct to the next to the next and

838

00:32:50,269 --> 00:32:48,480

yeah anybody that uh follows the link if

839

00:32:52,490 --> 00:32:50,279

you hadn't seen it before you can go

840

00:32:55,250 --> 00:32:52,500

read the article we have some of the

841

00:32:56,210 --> 00:32:55,260

videos in there uh some of which are

842

00:33:02,090 --> 00:32:56,220

just

843

00:33:05,090 --> 00:33:02,100

sorry James yeah I've got um I've got I

844

00:33:06,950 --> 00:33:05,100

think two of those 9-1-1 calls

845

00:33:08,630 --> 00:33:06,960

um to pay for the audience here do you

846

00:33:10,610 --> 00:33:08,640

think now would be a good time I think

847

00:33:12,710 --> 00:33:10,620

it'd be a great time and and before you

848

00:33:15,889 --> 00:33:12,720

do I would I would just say listen to

849

00:33:18,350 --> 00:33:15,899

the not just the words the tones of the

850

00:33:21,169 --> 00:33:18,360

people's voices both law enforcement and

851
00:33:22,009 --> 00:33:21,179
the people who are calling and you're

852
00:33:23,750 --> 00:33:22,019
gonna

853
00:33:25,190 --> 00:33:23,760
trick will you go ahead just play it

854
00:33:27,830 --> 00:33:25,200
you'll know what I'm talking about after

855
00:33:29,750 --> 00:33:27,840
everybody hears it right right yeah this

856
00:33:31,190 --> 00:33:29,760
is a small one but yeah I think you

857
00:33:36,889 --> 00:33:31,200
they'll definitely get a taste of it

858
00:33:44,049 --> 00:33:38,450
um we were just wondering have you heard

859
00:33:44,059 --> 00:33:57,130
east Southeast area it's like a group

860
00:33:57,140 --> 00:34:07,760
about it

861
00:34:07,770 --> 00:34:18,050
[Music]

862
00:34:22,010 --> 00:34:20,210
um yeah this is a non-emergency so feel

863
00:34:23,869 --> 00:34:22,020

free to cut me off if something comes in

864

00:34:26,990 --> 00:34:23,879

and I feel kind of silly calling but my

865

00:34:29,030 --> 00:34:27,000

son and sister that I call is there any

866

00:34:31,550 --> 00:34:29,040

Air Force airplanes or helicopters

867

00:34:34,129 --> 00:34:31,560

flying around in alligator Ottawa County

868

00:34:35,869 --> 00:34:34,139

tonight hold on we've had reports about

869

00:34:38,030 --> 00:34:35,879

Stratford Way in that area of life and

870

00:34:40,250 --> 00:34:38,040

they're checking it out Stratford way

871

00:34:42,649 --> 00:34:40,260

now where would that be we're right on

872

00:34:44,290 --> 00:34:42,659

Aragon on the county line yeah it's down

873

00:34:47,389 --> 00:34:44,300

in that area

874

00:34:50,770 --> 00:34:47,399

pardon right down it's by Holland city

875

00:34:53,649 --> 00:34:50,780

okay because he saw them heading

876
00:34:55,490 --> 00:34:53,659
southeast of the county line of Ottawa

877
00:34:57,950 --> 00:34:55,500
Allegan probably right on the Kent

878
00:34:59,390 --> 00:34:57,960
County Line I would imagine okay yeah

879
00:35:01,070 --> 00:34:59,400
we've got them checking out they say

880
00:35:04,070 --> 00:35:01,080
it's something to do with uh radio

881
00:35:07,849 --> 00:35:04,080
towers down in the area they're in the

882
00:35:13,790 --> 00:35:10,490
time of that real high hill and

883
00:35:16,730 --> 00:35:13,800
the county line there and it was like at

884
00:35:18,290 --> 00:35:16,740
a 45 degree angle to the ground there's

885
00:35:19,670 --> 00:35:18,300
like probably four or five lights and

886
00:35:20,990 --> 00:35:19,680
they were all flashing right in a row

887
00:35:24,050 --> 00:35:21,000
from the top all the way down to the

888
00:35:26,270 --> 00:35:24,060

bottom and it was sitting there for a

889

00:35:28,970 --> 00:35:26,280

while and then it leveled off and then

890

00:35:30,950 --> 00:35:28,980

it then it moved Southeast it was up in

891

00:35:32,510 --> 00:35:30,960

the air quite a bit okay yeah we got an

892

00:35:35,990 --> 00:35:32,520

officer down here checking on it right

893

00:35:38,030 --> 00:35:36,000

now okay okay that took off real fast

894

00:35:43,150 --> 00:35:38,040

okay yeah we'll let him know all right

895

00:35:48,109 --> 00:35:46,370

man I mean you could hear how excited

896

00:35:50,750 --> 00:35:48,119

and scared these people are

897

00:35:53,990 --> 00:35:50,760

yeah and they mentioned the radio tower

898

00:35:55,430 --> 00:35:54,000

that's worth pointing out because I I

899

00:35:56,630 --> 00:35:55,440

know we're not going to take up your

900

00:35:59,750 --> 00:35:56,640

whole show play in every one of the

901
00:36:01,490 --> 00:35:59,760
clips from this but if you when you go

902
00:36:04,010 --> 00:36:01,500
and listen to the conversation between

903
00:36:06,650 --> 00:36:04,020
the one police officer and the National

904
00:36:07,990 --> 00:36:06,660
Weather Service radar operator in the

905
00:36:11,450 --> 00:36:08,000
beginning when they're first talking

906
00:36:13,130 --> 00:36:11,460
before anything's been confirmed they're

907
00:36:14,510 --> 00:36:13,140
both they're they start they're joking

908
00:36:16,790 --> 00:36:14,520
like maybe there's some drunk people out

909
00:36:18,109 --> 00:36:16,800
tonight and then they go well they just

910
00:36:20,150 --> 00:36:18,119
put those new

911
00:36:21,109 --> 00:36:20,160
um Towers up and they got some pretty

912
00:36:22,430 --> 00:36:21,119
bright lights on them that's probably

913
00:36:24,230 --> 00:36:22,440

what everybody's seeing and they're both

914

00:36:25,609 --> 00:36:24,240

agreeing with that they're both agreeing

915

00:36:27,530 --> 00:36:25,619

with that until they see it themselves

916

00:36:30,829 --> 00:36:27,540

and then it shows up on the radar and

917

00:36:33,950 --> 00:36:30,839

then the whole conversation changes

918

00:36:36,890 --> 00:36:33,960

and the The Weather Service operator the

919

00:36:39,530 --> 00:36:36,900

radar operator reported them he used the

920

00:36:41,390 --> 00:36:39,540

word blinking they would change altitude

921

00:36:44,210 --> 00:36:41,400

and he was watching it and tracking it

922

00:36:46,310 --> 00:36:44,220

and actually hand rotating the direction

923

00:36:48,349 --> 00:36:46,320

of the radar dish to be able to track

924

00:36:52,069 --> 00:36:48,359

them and find them and some of them

925

00:36:53,810 --> 00:36:52,079

blinked at thousands of feet like in one

926

00:36:56,210 --> 00:36:53,820

second does that sound familiar to

927

00:36:59,089 --> 00:36:56,220

anybody sounds like the Tic Tac doesn't

928

00:37:01,130 --> 00:36:59,099

it yeah wow

929

00:37:03,710 --> 00:37:01,140

oh interesting oh that just gave me

930

00:37:07,370 --> 00:37:05,569

Um well hey you know what while we're on

931

00:37:09,410 --> 00:37:07,380

it um I've got the audio some of the

932

00:37:10,970 --> 00:37:09,420

audio from the meteorologist

933

00:37:13,730 --> 00:37:10,980

um you know that was dealing with the

934

00:37:15,589 --> 00:37:13,740

radar and uh and why don't we go ahead

935

00:37:17,750 --> 00:37:15,599

and play that I I think some of what you

936

00:37:19,250 --> 00:37:17,760

just said might even be in it um this is

937

00:37:20,930 --> 00:37:19,260

a shorter clip and then we'll come back

938

00:37:23,150 --> 00:37:20,940

on the other side and let's do that

939

00:37:25,069 --> 00:37:23,160

really get into uh give me one second I

940

00:37:27,290 --> 00:37:25,079

just want to go refill my water water

941

00:37:30,170 --> 00:37:27,300

glass absolutely absolutely I'll go

942

00:37:32,390 --> 00:37:30,180

ahead and play it um yep and we'll be

943

00:37:35,210 --> 00:37:32,400

back guys listen to this this is the

944

00:37:39,370 --> 00:37:35,220

this is Jack Bouchon the meteorologist

945

00:37:42,170 --> 00:37:39,380

and um one of the police officers

946

00:37:46,130 --> 00:37:42,180

about between seven and twelve thousand

947

00:37:47,589 --> 00:37:46,140

feet oh this is strange this is probably

948

00:37:49,490 --> 00:37:47,599

weird yeah

949

00:37:53,990 --> 00:37:49,500

you know I don't know if it's some kind

950

00:37:56,690 --> 00:37:54,000

of energy or um it's the radar is is

951

00:37:58,490 --> 00:37:56,700

picking up something that's a union I

952

00:37:59,290 --> 00:37:58,500

wish I could I wish we had a picture of

953

00:38:03,829 --> 00:37:59,300

this

954

00:38:08,150 --> 00:38:05,750

that could be that one by Benton Harbor

955

00:38:11,150 --> 00:38:08,160

if it's not that high this is really

956

00:38:18,530 --> 00:38:14,230

um now I'm getting I was getting four

957

00:38:20,990 --> 00:38:18,540

okay now they've moved position again

958

00:38:23,030 --> 00:38:21,000

um and I'm sweeping it back and forth

959

00:38:25,310 --> 00:38:23,040

and kind of like a triangle just back

960

00:38:27,349 --> 00:38:25,320

and forth from where the beam is uh

961

00:38:30,650 --> 00:38:27,359

spotted towards Chicago then I sweep it

962

00:38:33,530 --> 00:38:30,660

back toward uh maybe Fort Wayne and it

963

00:38:35,450 --> 00:38:33,540

sweaped they um they'll be in the same

964

00:38:38,170 --> 00:38:35,460

position and then uh all of a sudden

965

00:38:40,130 --> 00:38:38,180

they'll pop up somewhere else so like

966

00:38:41,290 --> 00:38:40,140

instantaneously moving and I'm getting

967

00:38:44,349 --> 00:38:41,300

about

968

00:38:48,109 --> 00:38:44,359

uh between

969

00:38:50,329 --> 00:38:48,119

three and four returns and they look

970

00:38:56,349 --> 00:38:50,339

like uh sleeping in the vertical they

971

00:39:01,910 --> 00:38:58,069

I'm getting

972

00:39:01,920 --> 00:39:07,190

it's really weird

973

00:39:14,089 --> 00:39:10,849

yeah so I mean yeah the phrase really

974

00:39:20,210 --> 00:39:17,870

not only that um you can tell how uneasy

975

00:39:22,910 --> 00:39:20,220

he is I mean like he mentioned this

976
00:39:26,750 --> 00:39:22,920
thing he was sweeping it you know from

977
00:39:29,569 --> 00:39:26,760
like one almost from the state border

978
00:39:31,670 --> 00:39:29,579
um you know throughout Michigan and it

979
00:39:35,390 --> 00:39:31,680
was just appearing in different

980
00:39:37,730 --> 00:39:35,400
locations like instantaneously so I mean

981
00:39:39,530 --> 00:39:37,740
are we dealing with one massive craft

982
00:39:41,569 --> 00:39:39,540
moving all over the place

983
00:39:43,849 --> 00:39:41,579
instantaneously are we dealing with like

984
00:39:46,670 --> 00:39:43,859
a full-on invasion of different craft

985
00:39:48,530 --> 00:39:46,680
it's it's so ah God I can't even imagine

986
00:39:50,510 --> 00:39:48,540
what was going through their heads

987
00:39:53,270 --> 00:39:50,520
yeah when you when you get towards the

988
00:39:56,329 --> 00:39:53,280

end that it sounded like I don't recall

989

00:39:58,970 --> 00:39:56,339

anyone actually using the word invasion

990

00:40:00,109 --> 00:39:58,980

but there was it wasn't one thing there

991

00:40:02,050 --> 00:40:00,119

was a bunch of them and people were

992

00:40:05,450 --> 00:40:02,060

seeing the middle from a lot of places

993

00:40:07,550 --> 00:40:05,460

and yeah there was definite concern it

994

00:40:09,890 --> 00:40:07,560

went from joking about drunks and things

995

00:40:13,790 --> 00:40:09,900

like that to what the hell are we

996

00:40:15,589 --> 00:40:13,800

dealing with you know and it became very

997

00:40:18,170 --> 00:40:15,599

frantic and like I said that that's one

998

00:40:21,650 --> 00:40:18,180

of the reasons I just think it's that

999

00:40:24,170 --> 00:40:21,660

that saved testimony particularly when

1000

00:40:26,390 --> 00:40:24,180

you have audio recordings and you have a

1001
00:40:29,390 --> 00:40:26,400
radar operator that's why I think this

1002
00:40:32,750 --> 00:40:29,400
this is if it's not the best for me it's

1003
00:40:34,490 --> 00:40:32,760
at least in the the top five best most

1004
00:40:37,310 --> 00:40:34,500
plausible

1005
00:40:38,870 --> 00:40:37,320
examples of UFO encoders that if you if

1006
00:40:40,069 --> 00:40:38,880
you know somebody that's just hearing

1007
00:40:41,870 --> 00:40:40,079
about this now and they're like oh none

1008
00:40:43,430 --> 00:40:41,880
of that's real Point them to this one

1009
00:40:44,750 --> 00:40:43,440
they have them sit down and go through

1010
00:40:46,250 --> 00:40:44,760
all that material and when they're done

1011
00:40:47,569 --> 00:40:46,260
they're probably going to be like oh

1012
00:40:50,210 --> 00:40:47,579
maybe I should be watching with this

1013
00:40:51,950 --> 00:40:50,220

Congressional offices are doing

1014

00:40:55,370 --> 00:40:51,960

right

1015

00:40:57,410 --> 00:40:55,380

um and you know sort of for this this

1016

00:40:59,690 --> 00:40:57,420

guy uh this weather

1017

00:41:01,849 --> 00:40:59,700

whether meteorologist Jack pushong like

1018

00:41:03,109 --> 00:41:01,859

he didn't talk about this after it

1019

00:41:05,089 --> 00:41:03,119

happened

1020

00:41:11,290 --> 00:41:05,099

um because he was afraid of the ridicule

1021

00:41:15,170 --> 00:41:13,490

yep I'm sorry I missed that last part

1022

00:41:15,950 --> 00:41:15,180

could you say that again yeah of course

1023

00:41:17,329 --> 00:41:15,960

Jess

1024

00:41:18,950 --> 00:41:17,339

um Jack Bouchon the weather

1025

00:41:22,250 --> 00:41:18,960

meteorologist you know the guy's voice

1026
00:41:24,829 --> 00:41:22,260
we just heard after all of this happened

1027
00:41:27,829 --> 00:41:24,839
um he did not you know quote unquote

1028
00:41:29,630 --> 00:41:27,839
report this because of the stigma and

1029
00:41:31,130 --> 00:41:29,640
ridicule he thought he would face am I

1030
00:41:34,670 --> 00:41:31,140
correct in that

1031
00:41:36,650 --> 00:41:34,680
oh yeah and it that's why this story

1032
00:41:39,109 --> 00:41:36,660
actually stretches on a long time until

1033
00:41:42,650 --> 00:41:39,119
very recently as a matter of fact

1034
00:41:46,190 --> 00:41:42,660
um Bouchon was asked and he told friends

1035
00:41:50,329 --> 00:41:46,200
we learned later that uh he talked about

1036
00:41:52,250 --> 00:41:50,339
it once and he got a lot of blowback and

1037
00:41:54,109 --> 00:41:52,260
reporters tried contact him he wouldn't

1038
00:41:55,790 --> 00:41:54,119

talk to anybody else and one of the

1039

00:41:58,970 --> 00:41:55,800

things he said was

1040

00:41:59,870 --> 00:41:58,980

he I have a pretty good idea of what

1041

00:42:02,329 --> 00:41:59,880

this was

1042

00:42:04,730 --> 00:42:02,339

but he never said what that idea was and

1043

00:42:06,170 --> 00:42:04,740

he said maybe after I retire from the

1044

00:42:10,010 --> 00:42:06,180

National Weather Service I'll talk about

1045

00:42:12,349 --> 00:42:10,020

it and he went on and this was only a

1046

00:42:14,450 --> 00:42:12,359

few years ago he did retire and he did

1047

00:42:16,250 --> 00:42:14,460

talk about it again and he still didn't

1048

00:42:18,670 --> 00:42:16,260

say what he thought it was

1049

00:42:25,130 --> 00:42:21,290

yeah I know I know I feel like he only

1050

00:42:26,870 --> 00:42:25,140

really once retired and also once all of

1051

00:42:29,630 --> 00:42:26,880

the Pentagon stuff started coming out

1052

00:42:31,430 --> 00:42:29,640

that's when he was kind of okay you know

1053

00:42:33,589 --> 00:42:31,440

with telling the public about his

1054

00:42:35,569 --> 00:42:33,599

involvement with this and then you know

1055

00:42:37,910 --> 00:42:35,579

how that goes when anyone with any sort

1056

00:42:40,010 --> 00:42:37,920

of credibility comes forward especially

1057

00:42:42,470 --> 00:42:40,020

in a case like this everyone's going to

1058

00:42:45,470 --> 00:42:42,480

be all over them and Unsolved Mysteries

1059

00:42:47,569 --> 00:42:45,480

was all over this one man did you see

1060

00:42:50,750 --> 00:42:47,579

their special on it

1061

00:42:54,470 --> 00:42:50,760

oh yeah I did I I thought it was good

1062

00:42:57,650 --> 00:42:54,480

but again they do tend to really

1063

00:43:00,349 --> 00:42:57,660

lean heavily towards reporting the stuff

1064

00:43:01,370 --> 00:43:00,359

that's the most excitable and the most

1065

00:43:03,589 --> 00:43:01,380

believable

1066

00:43:05,450 --> 00:43:03,599

and they tend to ignore

1067

00:43:08,150 --> 00:43:05,460

or at least downplay some of the stuff

1068

00:43:09,829 --> 00:43:08,160

that might cause some of their the

1069

00:43:10,849 --> 00:43:09,839

incidents they cover into question I

1070

00:43:12,650 --> 00:43:10,859

don't know if you agree with that

1071

00:43:14,450 --> 00:43:12,660

assessment but that's kind of the

1072

00:43:15,530 --> 00:43:14,460

impression that I get

1073

00:43:16,970 --> 00:43:15,540

um I was just going back through my

1074

00:43:19,550 --> 00:43:16,980

notes for a second and I don't want to

1075

00:43:23,150 --> 00:43:19,560

backtrack too much but when you're

1076
00:43:25,730 --> 00:43:23,160
you're talking about Bouchon and feeling

1077
00:43:26,870 --> 00:43:25,740
intimidated and whatnot

1078
00:43:29,530 --> 00:43:26,880
um I

1079
00:43:32,870 --> 00:43:29,540
totally forgot the Chicago Tribune

1080
00:43:34,190 --> 00:43:32,880
interviewed Leo grineer the director of

1081
00:43:36,710 --> 00:43:34,200
the National Weather Service over where

1082
00:43:38,569 --> 00:43:36,720
he worked and he was the person and I

1083
00:43:39,890 --> 00:43:38,579
apologize for mixing this up who came

1084
00:43:41,390 --> 00:43:39,900
out and said and I have the quote right

1085
00:43:43,130 --> 00:43:41,400
here I don't believe for a minute that

1086
00:43:44,390 --> 00:43:43,140
it was any kind of alien structure I

1087
00:43:46,130 --> 00:43:44,400
think there's a fairly strong Earthly

1088
00:43:47,930 --> 00:43:46,140

explanation for what occurred

1089

00:43:49,730 --> 00:43:47,940

and of course he didn't say what he

1090

00:43:52,250 --> 00:43:49,740

thought it was either but I think

1091

00:43:53,210 --> 00:43:52,260

Bouchon was was much more inclined to

1092

00:43:55,730 --> 00:43:53,220

believe

1093

00:43:57,349 --> 00:43:55,740

that it was something significant but

1094

00:43:59,990 --> 00:43:57,359

getting back to the thing about how

1095

00:44:01,790 --> 00:44:00,000

those shows handle that

1096

00:44:05,030 --> 00:44:01,800

um in that article of mine that you're

1097

00:44:07,069 --> 00:44:05,040

referencing I made a uh a reference to

1098

00:44:09,170 --> 00:44:07,079

another article I wrote another

1099

00:44:13,309 --> 00:44:09,180

investigation that we did for the

1100

00:44:14,210 --> 00:44:13,319

debrief and that was of the one really

1101

00:44:18,250 --> 00:44:14,220

big

1102

00:44:20,089 --> 00:44:18,260

um the Japan Airlines incident flight

1103

00:44:22,069 --> 00:44:20,099

yeah yeah

1104

00:44:24,470 --> 00:44:22,079

and that's one of those ones where I

1105

00:44:27,109 --> 00:44:24,480

went in and that also has a ton of old

1106

00:44:28,130 --> 00:44:27,119

data but when I went and looked at that

1107

00:44:29,809 --> 00:44:28,140

data

1108

00:44:31,190 --> 00:44:29,819

in my and I'm going to make a lot of

1109

00:44:33,170 --> 00:44:31,200

people angry I'm sorry because I know

1110

00:44:35,329 --> 00:44:33,180

that's a big favorite incident for a lot

1111

00:44:38,150 --> 00:44:35,339

of people that one doesn't really stand

1112

00:44:40,309 --> 00:44:38,160

up very well under scrutiny really wow

1113

00:44:44,569 --> 00:44:40,319

that's why it's that's why it's good to

1114

00:44:47,630 --> 00:44:44,579

have all the old data and yeah I'll find

1115

00:44:49,069 --> 00:44:47,640

you a uh a link matter of fact I can I

1116

00:44:51,170 --> 00:44:49,079

just realized I'm not on camera I can

1117

00:44:52,670 --> 00:44:51,180

just DM it to you right now if you want

1118

00:44:55,430 --> 00:44:52,680

to stick it in the show notes later

1119

00:44:59,270 --> 00:44:55,440

later sure or in the chat

1120

00:45:01,130 --> 00:44:59,280

um yeah that that got played up and

1121

00:45:05,089 --> 00:45:01,140

there's been a lot of tv specials that

1122

00:45:07,370 --> 00:45:05,099

were that were done about that one and

1123

00:45:10,849 --> 00:45:07,380

um it like I said it it really just kind

1124

00:45:12,950 --> 00:45:10,859

of doesn't hold up because they have the

1125

00:45:18,410 --> 00:45:12,960

records are available of the transcripts

1126

00:45:22,730 --> 00:45:20,690

the the transcripts of the interviews

1127

00:45:25,130 --> 00:45:22,740

that were done got to remember that that

1128

00:45:26,450 --> 00:45:25,140

Japan Airlines flight that was a cargo

1129

00:45:28,490 --> 00:45:26,460

flight there were only three people on

1130

00:45:31,550 --> 00:45:28,500

board the pilot the co-pilot and the

1131

00:45:34,069 --> 00:45:31,560

Navigator okay the pilot was the one who

1132

00:45:36,050 --> 00:45:34,079

reported everything that's talked about

1133

00:45:37,490 --> 00:45:36,060

when they interviewed and one of them

1134

00:45:40,849 --> 00:45:37,500

was done in Japanese but we have an

1135

00:45:43,130 --> 00:45:40,859

English language Trend translation of it

1136

00:45:45,410 --> 00:45:43,140

the other two the co-pilot of the

1137

00:45:47,390 --> 00:45:45,420

Navigator they never saw anything like

1138

00:45:49,430 --> 00:45:47,400

what he was talking about one of them

1139

00:45:50,630 --> 00:45:49,440

said they saw some lights but they were

1140

00:45:52,309 --> 00:45:50,640

down closer to the ground and they

1141

00:45:53,809 --> 00:45:52,319

looked like City Lights was the phrase

1142

00:45:55,430 --> 00:45:53,819

he used

1143

00:45:58,430 --> 00:45:55,440

um like they were seeing lights on the

1144

00:46:00,950 --> 00:45:58,440

ground uh the radar data

1145

00:46:03,890 --> 00:46:00,960

that gets overlaid in the TV shows

1146

00:46:05,450 --> 00:46:03,900

quite a bit you can listen to the radar

1147

00:46:08,569 --> 00:46:05,460

operators

1148

00:46:10,550 --> 00:46:08,579

um and I and I have those uh audios

1149

00:46:14,089 --> 00:46:10,560

LinkedIn in that article I did in the

1150

00:46:16,490 --> 00:46:14,099

Japan Air1 and you know they did see

1151

00:46:17,990 --> 00:46:16,500

something sporadically

1152

00:46:19,849 --> 00:46:18,000

but it very well could have been

1153

00:46:21,290 --> 00:46:19,859

scattered and if you don't work in radar

1154

00:46:22,609 --> 00:46:21,300

you might not know what that means but

1155

00:46:24,530 --> 00:46:22,619

if there's a lightning storm in the area

1156

00:46:26,150 --> 00:46:24,540

lightning produces these broad bands

1157

00:46:28,970 --> 00:46:26,160

across the entire Spectrum when it when

1158

00:46:31,010 --> 00:46:28,980

it flashes and they showed up on the

1159

00:46:33,109 --> 00:46:31,020

older Radars that didn't have

1160

00:46:35,630 --> 00:46:33,119

excuse me um filter is quite as good

1161

00:46:37,250 --> 00:46:35,640

and they never had anything big behind

1162

00:46:39,530 --> 00:46:37,260

them like the mothership that the pilot

1163

00:46:41,510 --> 00:46:39,540

was describing only thing they had

1164

00:46:44,930 --> 00:46:41,520

behind them was like five miles away and

1165

00:46:46,190 --> 00:46:44,940

it was another airliner you know and I I

1166

00:46:48,349 --> 00:46:46,200

walked through all those details in the

1167

00:46:51,050 --> 00:46:48,359

article and yeah the TV shows make the

1168

00:46:52,670 --> 00:46:51,060

Japan air one look like another one of

1169

00:46:54,470 --> 00:46:52,680

the most solid great cases because they

1170

00:46:56,750 --> 00:46:54,480

have a lot of data and that's all true

1171

00:46:59,569 --> 00:46:56,760

but the data doesn't really support it

1172

00:47:02,089 --> 00:46:59,579

in a lot of cases in in most of what was

1173

00:47:03,170 --> 00:47:02,099

said in my opinion but so if you want an

1174

00:47:05,329 --> 00:47:03,180

example of one that might have been

1175

00:47:08,829 --> 00:47:05,339

overplayed go take a look at that

1176

00:47:10,730 --> 00:47:08,839

article and uh you know

1177

00:47:12,829 --> 00:47:10,740

determine for yourself what you think

1178

00:47:15,170 --> 00:47:12,839

but there's not a lot of support in the

1179

00:47:18,050 --> 00:47:15,180

Japan air one in my opinion you're

1180

00:47:19,790 --> 00:47:18,060

breaking my arches I covered that one on

1181

00:47:21,710 --> 00:47:19,800

Mysteries at the Museum on the Travel

1182

00:47:24,349 --> 00:47:21,720

Channel so

1183

00:47:27,050 --> 00:47:24,359

um don't go watch that guys because it's

1184

00:47:29,390 --> 00:47:27,060

actually a massive waste of time

1185

00:47:31,730 --> 00:47:29,400

um no I'm not saying entirely but just

1186

00:47:34,190 --> 00:47:31,740

you know I'm just asking go look at what

1187

00:47:35,690 --> 00:47:34,200

I wrote look at the data check it out

1188

00:47:37,430 --> 00:47:35,700

for yourself make up your own mind

1189

00:47:39,109 --> 00:47:37,440

something weird definitely could have

1190

00:47:42,770 --> 00:47:39,119

happened you know there's no question

1191

00:47:44,990 --> 00:47:42,780

about that in my mind but it it wasn't

1192

00:47:48,770 --> 00:47:45,000

as clear-cut as

1193

00:47:51,530 --> 00:47:48,780

some other people have made it sound so

1194

00:47:55,250 --> 00:47:51,540

fair enough well okay the title of your

1195

00:47:58,130 --> 00:47:55,260

Lakeshore piece what really was seeing

1196

00:47:59,870 --> 00:47:58,140

what was seen during this uh what are

1197

00:48:01,250 --> 00:47:59,880

your thoughts what do you think these

1198

00:48:04,790 --> 00:48:01,260

people could have seen in Michigan in

1199

00:48:09,230 --> 00:48:06,589

well

1200

00:48:11,750 --> 00:48:09,240

the size doesn't seem to match

1201

00:48:13,550 --> 00:48:11,760

otherwise I I already said this

1202

00:48:16,069 --> 00:48:13,560

particularly with the jumping in

1203

00:48:17,750 --> 00:48:16,079

altitude so fast and all that I was

1204

00:48:20,870 --> 00:48:17,760

thinking maybe we already had Tech Decks

1205

00:48:24,890 --> 00:48:20,880

back then but we don't generally hear

1206

00:48:27,589 --> 00:48:24,900

descriptions of tic tacs being that big

1207

00:48:29,569 --> 00:48:27,599

like considerably bigger than a

1208

00:48:33,770 --> 00:48:29,579

commercial jetliner

1209

00:48:35,510 --> 00:48:33,780

um I don't know if I did your

1210

00:48:37,970 --> 00:48:35,520

episode with

1211

00:48:39,890 --> 00:48:37,980

people's witness things but I think

1212

00:48:41,450 --> 00:48:39,900

you've already talked to me and seen my

1213

00:48:43,849 --> 00:48:41,460

YouTube channel I've seen three Tic Tacs

1214

00:48:45,770 --> 00:48:43,859

my wife has two and

1215

00:48:47,270 --> 00:48:45,780

they weren't anywhere near that big I

1216

00:48:49,490 --> 00:48:47,280

described them as being the size of a

1217

00:48:51,230 --> 00:48:49,500

city bus basically

1218

00:48:53,569 --> 00:48:51,240

um

1219

00:48:55,550 --> 00:48:53,579

would you mind maybe telling us a little

1220

00:48:56,990 --> 00:48:55,560

more about that Jess I haven't had a

1221

00:48:58,910 --> 00:48:57,000

chance to speak to you about that yet

1222

00:49:00,770 --> 00:48:58,920

actually oh I would have sworn we did

1223

00:49:04,130 --> 00:49:00,780

God I I talked to a few people about it

1224

00:49:05,630 --> 00:49:04,140

yeah I even wrote it I knew they haven't

1225

00:49:08,030 --> 00:49:05,640

um I don't think I've had you on witness

1226

00:49:10,730 --> 00:49:08,040

accounts yet but um here's your chance

1227

00:49:12,890 --> 00:49:10,740

oh really I don't mind at my age I I

1228

00:49:15,470 --> 00:49:12,900

tell you I'm losing so many digits when

1229

00:49:17,390 --> 00:49:15,480

you put out a call I I had to sit there

1230

00:49:19,010 --> 00:49:17,400

and scratch my head and go did I already

1231

00:49:24,550 --> 00:49:19,020

call in and leave a witness account

1232

00:49:30,230 --> 00:49:26,630

let me know when you're doing the next

1233

00:49:33,770 --> 00:49:30,240

collection and I'll call in that's right

1234

00:49:36,650 --> 00:49:33,780

um yeah I I went uh 60 I went more than

1235

00:49:38,630 --> 00:49:36,660

60 years without ever seeing anything

1236

00:49:40,490 --> 00:49:38,640

the UFO I mean you see some weird lights

1237

00:49:42,290 --> 00:49:40,500

in the sky you know everybody does and

1238

00:49:43,490 --> 00:49:42,300

it might be a satellite or you know

1239

00:49:47,510 --> 00:49:43,500

whatever who knows

1240

00:49:49,430 --> 00:49:47,520

never saw anything and then in November

1241

00:49:52,910 --> 00:49:49,440

of 2020

1242

00:49:54,589 --> 00:49:52,920

uh my wife and I saw two UFOs in one

1243

00:49:58,430 --> 00:49:54,599

week one week apart

1244

00:49:59,870 --> 00:49:58,440

uh the first one was a bizarre orb for

1245

00:50:02,569 --> 00:49:59,880

lack of a better word like a big round

1246

00:50:04,790 --> 00:50:02,579

ball that was just dozens of different

1247

00:50:06,589 --> 00:50:04,800

lights that melded and and it just I

1248

00:50:09,170 --> 00:50:06,599

filmed that one for more than five

1249

00:50:10,430 --> 00:50:09,180

minutes it was just above the ridge the

1250

00:50:13,069 --> 00:50:10,440

east of my house and it was just going

1251
00:50:14,450 --> 00:50:13,079
to the left and then slowly to the right

1252
00:50:16,250 --> 00:50:14,460
and up and down

1253
00:50:18,890 --> 00:50:16,260
and it never did anything else and I

1254
00:50:21,349 --> 00:50:18,900
eventually gave up and went to bed

1255
00:50:25,010 --> 00:50:21,359
um one week later she was out walking

1256
00:50:28,069 --> 00:50:25,020
the dog my wife I mean and a uh

1257
00:50:29,210 --> 00:50:28,079
she looked up and I was we lived near

1258
00:50:31,190 --> 00:50:29,220
the corner and she was on the street

1259
00:50:33,050 --> 00:50:31,200
walking our dog about

1260
00:50:34,849 --> 00:50:33,060
20 yards away and I could see her from

1261
00:50:36,770 --> 00:50:34,859
there and suddenly she's looking up and

1262
00:50:38,630 --> 00:50:36,780
she's got her camera out and she's

1263
00:50:41,930 --> 00:50:38,640

pointing she's going look look

1264

00:50:43,970 --> 00:50:41,940

and right over our house

1265

00:50:45,770 --> 00:50:43,980

it was a cloudy night so it couldn't

1266

00:50:49,010 --> 00:50:45,780

have been all that high up in the air it

1267

00:50:52,670 --> 00:50:49,020

was overcast a humongous black triangle

1268

00:50:55,370 --> 00:50:52,680

went over very slowly very silently had

1269

00:50:57,170 --> 00:50:55,380

a bunch of little twinkly

1270

00:50:58,549 --> 00:50:57,180

looked like Christmas lights except they

1271

00:50:59,870 --> 00:50:58,559

kind of moved in relation to each other

1272

00:51:01,490 --> 00:50:59,880

like they weren't really attached to it

1273

00:51:04,010 --> 00:51:01,500

or whatever it was

1274

00:51:05,089 --> 00:51:04,020

and so she filmed that one the film's

1275

00:51:07,190 --> 00:51:05,099

terrible it's not even worth watching

1276

00:51:09,290 --> 00:51:07,200

but it's on my YouTube channel

1277

00:51:11,630 --> 00:51:09,300

um so that was two didn't see anything

1278

00:51:12,470 --> 00:51:11,640

else until the spring and then in the

1279

00:51:16,190 --> 00:51:12,480

spring

1280

00:51:17,690 --> 00:51:16,200

we and then again in August

1281

00:51:19,790 --> 00:51:17,700

I have to look at the dates on the

1282

00:51:22,849 --> 00:51:19,800

videos because I I tried filming all but

1283

00:51:25,370 --> 00:51:22,859

the first one and then another one in

1284

00:51:27,470 --> 00:51:25,380

late September uh we had three Tic Tacs

1285

00:51:29,870 --> 00:51:27,480

come over in daylight broad daylight and

1286

00:51:31,490 --> 00:51:29,880

they they were visible from my back deck

1287

00:51:34,190 --> 00:51:31,500

and the first one I didn't have my

1288

00:51:36,770 --> 00:51:34,200

camera in my pocket and I I first I

1289

00:51:39,650 --> 00:51:36,780

assumed it was a plane until it became

1290

00:51:42,290 --> 00:51:39,660

more became more clear and there's

1291

00:51:45,410 --> 00:51:42,300

there's no wings there's no windows

1292

00:51:47,630 --> 00:51:45,420

there's no jet it's just this tube thing

1293

00:51:49,609 --> 00:51:47,640

and it's going by and by the time I

1294

00:51:51,349 --> 00:51:49,619

realized that my wife was in the den I

1295

00:51:52,970 --> 00:51:51,359

reached for my camera which is not there

1296

00:51:54,170 --> 00:51:52,980

because it's recharging I went crashing

1297

00:51:56,270 --> 00:51:54,180

through the house

1298

00:51:59,450 --> 00:51:56,280

and I'm just and I was screaming on my

1299

00:52:00,829 --> 00:51:59,460

way in get your camera get out front I

1300

00:52:02,150 --> 00:52:00,839

felt horrible because later she told me

1301

00:52:03,770 --> 00:52:02,160

she thought the house was on fire

1302

00:52:06,230 --> 00:52:03,780

because she had no idea what was going

1303

00:52:07,430 --> 00:52:06,240

on no but she grabbed her camera and ran

1304

00:52:08,809 --> 00:52:07,440

out front and I went and grabbed mine

1305

00:52:10,069 --> 00:52:08,819

and yanked it off the charger and I came

1306

00:52:12,829 --> 00:52:10,079

out front

1307

00:52:15,290 --> 00:52:12,839

and there's nothing there I didn't see

1308

00:52:17,450 --> 00:52:15,300

it she said I saw something white for a

1309

00:52:20,569 --> 00:52:17,460

second but it's gone

1310

00:52:23,270 --> 00:52:20,579

the second one things worked out and and

1311

00:52:25,250 --> 00:52:23,280

I I should point out at the speed it was

1312

00:52:27,230 --> 00:52:25,260

traveling and the height it was

1313

00:52:29,450 --> 00:52:27,240

on a very clear day

1314

00:52:30,950 --> 00:52:29,460

from the front of my house it should if

1315

00:52:31,970 --> 00:52:30,960

it was continuing in a straight line I

1316

00:52:33,230 --> 00:52:31,980

should have been able to see it for

1317

00:52:35,630 --> 00:52:33,240

quite a while heading off till it went

1318

00:52:37,309 --> 00:52:35,640

over the horizon it was just gone

1319

00:52:38,630 --> 00:52:37,319

I got a better idea what happened the

1320

00:52:40,190 --> 00:52:38,640

second one because the second one I was

1321

00:52:41,390 --> 00:52:40,200

out of my deck and this time I had my

1322

00:52:44,390 --> 00:52:41,400

camera

1323

00:52:46,190 --> 00:52:44,400

and the exact same thing happened it

1324

00:52:48,770 --> 00:52:46,200

came from the same direction it came

1325

00:52:51,530 --> 00:52:48,780

from the West heading towards the east

1326

00:52:53,809 --> 00:52:51,540

a little bit lower than the previous one

1327

00:52:55,670 --> 00:52:53,819

and it came up about even with my house

1328

00:52:57,410 --> 00:52:55,680

and it stopped

1329

00:52:59,390 --> 00:52:57,420

I don't mean it slowed down I mean it

1330

00:53:01,130 --> 00:52:59,400

was moving and then it was stop it just

1331

00:53:03,890 --> 00:53:01,140

hung there and it started to turn

1332

00:53:05,329 --> 00:53:03,900

slightly so the nose was pointing a

1333

00:53:07,549 --> 00:53:05,339

little more towards our house or maybe

1334

00:53:09,470 --> 00:53:07,559

the tail I don't know how it works

1335

00:53:12,470 --> 00:53:09,480

um and it was just hanging there while I

1336

00:53:14,329 --> 00:53:12,480

was filming it and it vanished it didn't

1337

00:53:16,910 --> 00:53:14,339

land it didn't crash it didn't fly away

1338

00:53:19,670 --> 00:53:16,920

it freaking disappeared

1339

00:53:21,829 --> 00:53:19,680

and it was gone and that freaked me out

1340

00:53:23,089 --> 00:53:21,839

because at that point I was just like if

1341

00:53:25,790 --> 00:53:23,099

our government's got something like that

1342

00:53:27,470 --> 00:53:25,800

we've really been kept in the dark

1343

00:53:29,150 --> 00:53:27,480

and then we saw another one in the fall

1344

00:53:31,329 --> 00:53:29,160

that did basically the same thing except

1345

00:53:34,730 --> 00:53:31,339

didn't disappear just kept going

1346

00:53:37,549 --> 00:53:34,740

and went on its merry way

1347

00:53:40,130 --> 00:53:37,559

I never saw any aliens I never saw it

1348

00:53:41,690 --> 00:53:40,140

was just things in the sky you know I I

1349

00:53:44,030 --> 00:53:41,700

never some people talk about getting

1350

00:53:46,190 --> 00:53:44,040

downloads or telepathy or nothing like

1351
00:53:47,569 --> 00:53:46,200
that no it was just things I saw that

1352
00:53:49,730 --> 00:53:47,579
were up in the sky

1353
00:53:51,290 --> 00:53:49,740
so there's the short version those are

1354
00:53:52,930 --> 00:53:51,300
the five I've seen and my wife saw them

1355
00:53:57,349 --> 00:53:52,940
too

1356
00:53:58,670 --> 00:53:57,359
wow man I had no idea it was that many

1357
00:54:01,549 --> 00:53:58,680
um yeah I'm gonna have to have your

1358
00:54:04,190 --> 00:54:01,559
unwitness accounts to uh to retail those

1359
00:54:06,410 --> 00:54:04,200
in further detail no thank you thank you

1360
00:54:10,670 --> 00:54:06,420
for sharing that with us um

1361
00:54:13,970 --> 00:54:10,680
so I mean I guess to kind of wrap things

1362
00:54:15,650 --> 00:54:13,980
up here Jazz we'll take listener and uh

1363
00:54:17,870 --> 00:54:15,660

viewer questions too guys if you want

1364

00:54:20,569 --> 00:54:17,880

throw them in the chat now for jazz as

1365

00:54:24,950 --> 00:54:20,579

we kind of start to wrap things up here

1366

00:54:27,290 --> 00:54:24,960

um everybody I know Ryan's to uh modest

1367

00:54:29,510 --> 00:54:27,300

to say it but uh

1368

00:54:31,910 --> 00:54:29,520

make sure you hit those super chats and

1369

00:54:34,069 --> 00:54:31,920

whatnot so he he does a lot of work for

1370

00:54:35,150 --> 00:54:34,079

you so if you can manage to help please

1371

00:54:38,030 --> 00:54:35,160

do so

1372

00:54:40,190 --> 00:54:38,040

thanks man always appreciated Super Chat

1373

00:54:42,410 --> 00:54:40,200

is open guys if you do want to help the

1374

00:54:43,970 --> 00:54:42,420

show you're right Jess I'm two two mods

1375

00:54:46,370 --> 00:54:43,980

for that stuff help the show out guys

1376

00:54:47,870 --> 00:54:46,380

you want to ask Jazz Shaw a question you

1377

00:54:50,210 --> 00:54:47,880

gotta pay for it

1378

00:54:54,950 --> 00:54:52,549

I know I know that's that's a little too

1379

00:54:56,089 --> 00:54:54,960

much um I gotta just pull it back pull

1380

00:54:58,849 --> 00:54:56,099

it back right

1381

00:55:01,910 --> 00:54:58,859

um let's talk about uh

1382

00:55:03,589 --> 00:55:01,920

for a minute okay Arrow this new group

1383

00:55:05,390 --> 00:55:03,599

you know we kind of talked about it in

1384

00:55:08,809 --> 00:55:05,400

the beginning this is gonna be their

1385

00:55:10,609 --> 00:55:08,819

year to really play catch-up I think and

1386

00:55:13,430 --> 00:55:10,619

really show us what they're capable of

1387

00:55:17,630 --> 00:55:13,440

and uh and they got a lot of work to do

1388

00:55:20,510 --> 00:55:17,640

you know now Decades of work to do

1389

00:55:23,510 --> 00:55:20,520

um and in terms of that you know there

1390

00:55:24,349 --> 00:55:23,520

was even one point I recall late last

1391

00:55:26,890 --> 00:55:24,359

year

1392

00:55:30,290 --> 00:55:26,900

where they were hiring

1393

00:55:32,329 --> 00:55:30,300

and once UFO Twitter got on this

1394

00:55:34,670 --> 00:55:32,339

everyone was like oh my God we could

1395

00:55:37,130 --> 00:55:34,680

work for Arrow we could work for Arrow

1396

00:55:39,589 --> 00:55:37,140

um and now we're learning of people who

1397

00:55:42,230 --> 00:55:39,599

possibly have worked for Arrow or or

1398

00:55:43,970 --> 00:55:42,240

haven't or worked for the UAP task force

1399

00:55:45,890 --> 00:55:43,980

this that this that

1400

00:55:50,329 --> 00:55:45,900

um some of them who are quite famous and

1401
00:55:52,970 --> 00:55:50,339
we've seen on TV a lot yes yes yes as we

1402
00:55:57,970 --> 00:55:52,980
learned yeah that bombshell was pretty

1403
00:56:02,270 --> 00:56:00,230
dude when I heard that I was like are

1404
00:56:04,790 --> 00:56:02,280
you kidding me you were doing that show

1405
00:56:07,309 --> 00:56:04,800
that whole time and you didn't even tell

1406
00:56:10,370 --> 00:56:07,319
the people on the team and I guess in

1407
00:56:12,470 --> 00:56:10,380
Red Dragon man Dragon yes

1408
00:56:14,870 --> 00:56:12,480
Dragon was pissed

1409
00:56:17,870 --> 00:56:14,880
and you know but I I guess I understand

1410
00:56:20,150 --> 00:56:17,880
he must have signed a uh non-disclosure

1411
00:56:22,730 --> 00:56:20,160
agreement or something and it was very

1412
00:56:25,190 --> 00:56:22,740
secret stuff but when it did come out

1413
00:56:28,010 --> 00:56:25,200

yeah I was blown away I was like

1414

00:56:29,450 --> 00:56:28,020

and I wonder what he told them and he

1415

00:56:30,589 --> 00:56:29,460

still can't tell us everything that he

1416

00:56:33,049 --> 00:56:30,599

told them but he was a science

1417

00:56:34,609 --> 00:56:33,059

consultant and he's definitely seen some

1418

00:56:37,370 --> 00:56:34,619

weird things in there in the business of

1419

00:56:40,730 --> 00:56:37,380

looking at weird things so I'm not

1420

00:56:42,829 --> 00:56:40,740

bothered I'm not mad at him I and I

1421

00:56:44,630 --> 00:56:42,839

guess we have to understand that because

1422

00:56:48,230 --> 00:56:44,640

of ndas and whatnot he couldn't tell us

1423

00:56:49,549 --> 00:56:48,240

until it became public knowledge so no

1424

00:56:51,650 --> 00:56:49,559

I'm not angry about it but I will just

1425

00:56:53,690 --> 00:56:51,660

say shocked is the one word I was beyond

1426

00:56:55,549 --> 00:56:53,700

shocked I was blown away when I when I

1427

00:56:57,230 --> 00:56:55,559

learned that and I I later found out

1428

00:56:58,970 --> 00:56:57,240

that other people I knew already knew

1429

00:57:01,849 --> 00:56:58,980

that but they were

1430

00:57:03,109 --> 00:57:01,859

keeping it under wraps so yeah that was

1431

00:57:06,109 --> 00:57:03,119

a shocker

1432

00:57:09,589 --> 00:57:06,119

it was interesting well I know you're

1433

00:57:10,790 --> 00:57:09,599

kind of digging into something related

1434

00:57:13,309 --> 00:57:10,800

to this

1435

00:57:15,230 --> 00:57:13,319

um I know you can't share much but uh

1436

00:57:16,670 --> 00:57:15,240

you're working on a new article we were

1437

00:57:19,329 --> 00:57:16,680

talking about it off air here right

1438

00:57:21,650 --> 00:57:19,339

before we got on you are diligently

1439

00:57:24,049 --> 00:57:21,660

researching and writing away

1440

00:57:25,790 --> 00:57:24,059

um is there anything you can share on

1441

00:57:28,670 --> 00:57:25,800

what might be coming up over there at

1442

00:57:30,049 --> 00:57:28,680

the debrief oh yeah and it's not I don't

1443

00:57:32,750 --> 00:57:30,059

want to give anybody a false impression

1444

00:57:34,849 --> 00:57:32,760

like I'm about to reveal the secrets and

1445

00:57:37,069 --> 00:57:34,859

you know I have the the Bob Lazar sports

1446

00:57:39,290 --> 00:57:37,079

model or something no it's nothing like

1447

00:57:41,750 --> 00:57:39,300

that it's and it might sound a lot more

1448

00:57:43,670 --> 00:57:41,760

mundane and perhaps even boring and I

1449

00:57:45,770 --> 00:57:43,680

apologize in advance but I think it will

1450

00:57:47,329 --> 00:57:45,780

be important going forward we just

1451

00:57:49,730 --> 00:57:47,339

stayed in a new Congress as you know

1452

00:57:53,870 --> 00:57:49,740

Following last year's midterm elections

1453

00:57:55,549 --> 00:57:53,880

and it was a tumultuous process but when

1454

00:57:57,230 --> 00:57:55,559

control of one of the chambers changes

1455

00:58:00,650 --> 00:57:57,240

hands as it did

1456

00:58:03,650 --> 00:58:00,660

then the Staffing levels and the seat

1457

00:58:05,150 --> 00:58:03,660

assignments on almost all of the

1458

00:58:07,849 --> 00:58:05,160

Committees

1459

00:58:09,470 --> 00:58:07,859

shifts not everybody changes but there

1460

00:58:11,329 --> 00:58:09,480

is a shift because particularly in the

1461

00:58:15,250 --> 00:58:11,339

house the majority gets more seats than

1462

00:58:18,170 --> 00:58:15,260

the minority and that means including in

1463

00:58:20,089 --> 00:58:18,180

the uh Senate Intel the house

1464

00:58:21,530 --> 00:58:20,099

intelligence committee more properly the

1465

00:58:23,510 --> 00:58:21,540

permanent select committee on

1466

00:58:26,270 --> 00:58:23,520

intelligence is the actual name

1467

00:58:28,430 --> 00:58:26,280

um which is one of the two committees

1468

00:58:31,490 --> 00:58:28,440

that's doing the heavy lifting with

1469

00:58:35,089 --> 00:58:31,500

arrow and Witnesses and things like that

1470

00:58:37,370 --> 00:58:35,099

and also on the armed services committee

1471

00:58:40,849 --> 00:58:37,380

and Kristen Gilbert in the Senate

1472

00:58:42,710 --> 00:58:40,859

version both both Chambers have uh those

1473

00:58:44,329 --> 00:58:42,720

committees she's in the Senate version

1474

00:58:46,670 --> 00:58:44,339

she's in both of them

1475

00:58:48,109 --> 00:58:46,680

and there have been some members in the

1476

00:58:51,049 --> 00:58:48,119

house in the Senate that have been very

1477

00:58:53,569 --> 00:58:51,059

supportive of efforts uh to push

1478

00:58:55,370 --> 00:58:53,579

disclosure forward and to create the

1479

00:58:56,930 --> 00:58:55,380

arrow office and try to get to the

1480

00:58:59,510 --> 00:58:56,940

bottom of all this there have been

1481

00:59:01,849 --> 00:58:59,520

others who are not so interested or in

1482

00:59:04,970 --> 00:59:01,859

some cases are just frankly dismissive

1483

00:59:06,770 --> 00:59:04,980

and when that shift happened I

1484

00:59:08,569 --> 00:59:06,780

immediately started to wonder

1485

00:59:10,670 --> 00:59:08,579

we're going to be getting a bunch of new

1486

00:59:11,569 --> 00:59:10,680

Republicans on those two committees in

1487

00:59:13,849 --> 00:59:11,579

the house

1488

00:59:16,190 --> 00:59:13,859

and there's going to be a number of

1489

00:59:17,930 --> 00:59:16,200

Democrats who will be bumped because

1490

00:59:20,150 --> 00:59:17,940

there aren't enough seats

1491

00:59:22,670 --> 00:59:20,160

and I thought it would be interesting

1492

00:59:24,349 --> 00:59:22,680

for everyone just in terms of projecting

1493

00:59:28,970 --> 00:59:24,359

things I've been going through

1494

00:59:30,650 --> 00:59:28,980

looking at which people have been added

1495

00:59:32,210 --> 00:59:30,660

to those two committees in the house

1496

00:59:33,710 --> 00:59:32,220

there's not gonna be a big change in the

1497

00:59:35,569 --> 00:59:33,720

Senate just so people know except for a

1498

00:59:37,730 --> 00:59:35,579

couple people that retired

1499

00:59:39,410 --> 00:59:37,740

um in the Intelligence Center

1500

00:59:41,329 --> 00:59:39,420

enforcement committees I was looking at

1501
00:59:43,970 --> 00:59:41,339
the new members who were added

1502
00:59:46,789 --> 00:59:43,980
I've been researching that and the

1503
00:59:49,190 --> 00:59:46,799
Democrats that we lost to see if any of

1504
00:59:50,930 --> 00:59:49,200
them were the ones that were really

1505
00:59:52,789 --> 00:59:50,940
supportive of this work and if we're

1506
00:59:54,589 --> 00:59:52,799
getting any new people who are more like

1507
00:59:56,990 --> 00:59:54,599
I don't want to talk about Little Green

1508
00:59:59,270 --> 00:59:57,000
Men things like that because that could

1509
01:00:01,430 --> 00:59:59,280
shift the balance on any votes in the

1510
01:00:02,630 --> 01:00:01,440
future for the next ndaa so I think

1511
01:00:05,569 --> 01:00:02,640
that's going to be an important topic

1512
01:00:07,609 --> 01:00:05,579
and I'm trying to delve into that and I

1513
01:00:10,430 --> 01:00:07,619

hope people will

1514

01:00:13,970 --> 01:00:10,440

um read that and enjoy it and if any of

1515

01:00:17,270 --> 01:00:13,980

them are our representatives in areas

1516

01:00:19,970 --> 01:00:17,280

where you live I would hope we continue

1517

01:00:21,670 --> 01:00:19,980

to encourage you to support the ones who

1518

01:00:23,990 --> 01:00:21,680

are supporting

1519

01:00:26,510 --> 01:00:24,000

excuse me the work that they're doing

1520

01:00:29,329 --> 01:00:26,520

and the new office and if any of them

1521

01:00:30,589 --> 01:00:29,339

are the really skeptical ones they'll

1522

01:00:32,809 --> 01:00:30,599

probably change their mind if they hear

1523

01:00:34,490 --> 01:00:32,819

from enough of their own constituents so

1524

01:00:36,170 --> 01:00:34,500

that's that's the main purpose I have in

1525

01:00:37,730 --> 01:00:36,180

that but I think it will be important

1526

01:00:40,370 --> 01:00:37,740

for everyone to understand everyone

1527

01:00:42,710 --> 01:00:40,380

interested in ufology interested in this

1528

01:00:44,930 --> 01:00:42,720

whole subject to understand where the

1529

01:00:46,069 --> 01:00:44,940

shifts are happening in the Senate I

1530

01:00:49,309 --> 01:00:46,079

think we're okay we're not going to lose

1531

01:00:53,089 --> 01:00:49,319

Rubio we're not going to lose jailbrand

1532

01:00:56,030 --> 01:00:53,099

um unfortunately we might lose Galeo and

1533

01:00:58,670 --> 01:00:56,040

you heard yeah and because his seniority

1534

01:01:00,289 --> 01:00:58,680

is not that high and the Democrats are

1535

01:01:02,950 --> 01:01:00,299

going to have to give up like five seats

1536

01:01:05,990 --> 01:01:02,960

on that committee and if we lose him

1537

01:01:07,730 --> 01:01:06,000

well then he loses his access to all of

1538

01:01:11,750 --> 01:01:07,740

this and that's an important voice that

1539

01:01:13,609 --> 01:01:11,760

goes away you know so you know just stay

1540

01:01:15,410 --> 01:01:13,619

tuned and keep your eye and for those of

1541

01:01:16,970 --> 01:01:15,420

you who stay engaged and actually do

1542

01:01:18,770 --> 01:01:16,980

contact your representatives and whatnot

1543

01:01:20,150 --> 01:01:18,780

for whatever it's worth you know just

1544

01:01:22,430 --> 01:01:20,160

say hey we need to keep the focus on

1545

01:01:24,710 --> 01:01:22,440

this but yeah I will try to get an

1546

01:01:26,270 --> 01:01:24,720

update to everybody for which seats they

1547

01:01:28,309 --> 01:01:26,280

should probably be looking at and see if

1548

01:01:29,450 --> 01:01:28,319

that affects them directly and how that

1549

01:01:31,309 --> 01:01:29,460

will affect the the conversation

1550

01:01:32,690 --> 01:01:31,319

entirely and that's pretty much what

1551

01:01:35,030 --> 01:01:32,700

it's going to be about so no I'm not

1552

01:01:37,309 --> 01:01:35,040

about to unleash an army of Grays or

1553

01:01:39,829 --> 01:01:37,319

anything you know

1554

01:01:42,650 --> 01:01:39,839

that's fair man well yeah no I agree

1555

01:01:45,950 --> 01:01:42,660

with you I think you know we we had a

1556

01:01:48,109 --> 01:01:45,960

lot of forward momentum you know with a

1557

01:01:49,670 --> 01:01:48,119

lot of the Congress people recently and

1558

01:01:51,530 --> 01:01:49,680

a lot of that came from the UFO

1559

01:01:54,890 --> 01:01:51,540

Community you know kind of pressuring

1560

01:01:57,289 --> 01:01:54,900

them and in turn them pressuring the

1561

01:01:59,329 --> 01:01:57,299

government and um you know someone to

1562

01:02:02,030 --> 01:01:59,339

kind of pick up the reins on that is on

1563

01:02:03,829 --> 01:02:02,040

UFO Twitter Katie Howland I highly

1564

01:02:05,510 --> 01:02:03,839

suggest people go follow her on Twitter

1565

01:02:08,870 --> 01:02:05,520

she's doing a lot of good work with that

1566

01:02:10,730 --> 01:02:08,880

and you know contacting your reps and

1567

01:02:13,609 --> 01:02:10,740

um you know there's still forms out

1568

01:02:15,470 --> 01:02:13,619

there through The Black Vault

1569

01:02:18,049 --> 01:02:15,480

um you know it might even still be up on

1570

01:02:19,789 --> 01:02:18,059

the UCR website if that's not defunct

1571

01:02:22,309 --> 01:02:19,799

I'm not positive

1572

01:02:23,210 --> 01:02:22,319

um where you can get standard like forms

1573

01:02:24,770 --> 01:02:23,220

that you can send to your

1574

01:02:27,349 --> 01:02:24,780

representatives to get them to try to

1575

01:02:29,270 --> 01:02:27,359

look into this topic so definitely I

1576

01:02:31,849 --> 01:02:29,280

haven't checked in a while but I do not

1577

01:02:33,289 --> 01:02:31,859

believe there's two different sites

1578

01:02:37,010 --> 01:02:33,299

there's the YouTube and there's a site

1579

01:02:40,130 --> 01:02:37,020

just uh for UCR but then there was the

1580

01:02:41,630 --> 01:02:40,140

big phone home one two and three that

1581

01:02:44,030 --> 01:02:41,640

had its own site and that's where all

1582

01:02:45,890 --> 01:02:44,040

the forms are and I'll go check again

1583

01:02:48,349 --> 01:02:45,900

after we finish the show

1584

01:02:49,609 --> 01:02:48,359

um I last I and it wasn't that long ago

1585

01:02:51,410 --> 01:02:49,619

I did look because I had a question

1586

01:02:53,030 --> 01:02:51,420

about one of those forms and it was

1587

01:02:55,069 --> 01:02:53,040

still up so I don't

1588

01:02:57,230 --> 01:02:55,079

as far as I know it wasn't taken down so

1589

01:02:58,490 --> 01:02:57,240

yeah that may still be there and maybe

1590

01:03:00,829 --> 01:02:58,500

Ryan can stick something in the show

1591

01:03:02,569 --> 01:03:00,839

notes later yep yeah guys let me know in

1592

01:03:04,970 --> 01:03:02,579

the chat if uh that you see our

1593

01:03:07,789 --> 01:03:04,980

website's still up it is invaluable in

1594

01:03:09,289 --> 01:03:07,799

my opinion I hope it's still there

1595

01:03:12,230 --> 01:03:09,299

um we'll find the forms for you no

1596

01:03:14,150 --> 01:03:12,240

matter what um a couple uh listener

1597

01:03:16,370 --> 01:03:14,160

questions here for you Jazz um if you

1598

01:03:19,549 --> 01:03:16,380

don't mind sticking around cool cool

1599

01:03:22,910 --> 01:03:19,559

um the first one comes from Ian he asks

1600

01:03:25,309 --> 01:03:22,920

why is he he did correct himself he

1601
01:03:27,950 --> 01:03:25,319
meant why is Bigelow Skinwalker Ranch

1602
01:03:30,650 --> 01:03:27,960
files still top secret do you have any

1603
01:03:33,349 --> 01:03:30,660
thoughts on that on why that might be

1604
01:03:34,670 --> 01:03:33,359
I would need a little more context Ian

1605
01:03:35,270 --> 01:03:34,680
because

1606
01:03:39,109 --> 01:03:35,280
um

1607
01:03:41,569 --> 01:03:39,119
the stuff on the civilian side

1608
01:03:43,370 --> 01:03:41,579
there's not much of it that's that's

1609
01:03:45,829 --> 01:03:43,380
being withheld I mean you can follow

1610
01:03:48,170 --> 01:03:45,839
Brandon fugel on Twitter he has tons of

1611
01:03:50,329 --> 01:03:48,180
links they have a website running where

1612
01:03:53,390 --> 01:03:50,339
you can go sit and watch cameras 24 7.

1613
01:03:55,490 --> 01:03:53,400

you know uh at Skinwalker Ranch they

1614

01:03:58,849 --> 01:03:55,500

reveal as much as they have time for in

1615

01:04:00,609 --> 01:03:58,859

their in their show when it comes out

1616

01:04:03,950 --> 01:04:00,619

um there were

1617

01:04:07,309 --> 01:04:03,960

bits of things that went on there prior

1618

01:04:09,049 --> 01:04:07,319

to his ownership now all I think he's

1619

01:04:11,990 --> 01:04:09,059

talking about all the stuff from when

1620

01:04:14,690 --> 01:04:12,000

Bigelow owned it that's not even class

1621

01:04:16,549 --> 01:04:14,700

well there probably are and let's be

1622

01:04:18,049 --> 01:04:16,559

clear what's speculating here there

1623

01:04:19,250 --> 01:04:18,059

probably are government files we don't

1624

01:04:21,410 --> 01:04:19,260

know how to get them because we don't

1625

01:04:23,690 --> 01:04:21,420

even know what to ask for

1626

01:04:26,210 --> 01:04:23,700

um from that period nobody knew that was

1627

01:04:28,130 --> 01:04:26,220

going on at the time outside of the

1628

01:04:32,030 --> 01:04:28,140

people that were directly involved and

1629

01:04:34,309 --> 01:04:32,040

Bigelow is the one who refused to turn

1630

01:04:36,710 --> 01:04:34,319

over any of his documents to Brandon

1631

01:04:38,630 --> 01:04:36,720

when he bought the ranch how much of it

1632

01:04:40,670 --> 01:04:38,640

he gave to the government is unknown he

1633

01:04:42,410 --> 01:04:40,680

doesn't talk about it

1634

01:04:45,589 --> 01:04:42,420

um whatever went on during Bigelow's

1635

01:04:46,970 --> 01:04:45,599

tenure so I guess just to address Ian

1636

01:04:48,650 --> 01:04:46,980

correctly

1637

01:04:50,930 --> 01:04:48,660

if there's any of it that's top secret

1638

01:04:53,930 --> 01:04:50,940

that might be things that were

1639

01:04:56,210 --> 01:04:53,940

documented and actually given to the

1640

01:04:58,970 --> 01:04:56,220

government as part of their agreement

1641

01:05:01,250 --> 01:04:58,980

for OSAP and the 22 million dollars uh

1642

01:05:05,690 --> 01:05:01,260

they got to run OSAP

1643

01:05:08,809 --> 01:05:05,700

um shepherded through by Harry Reid so

1644

01:05:11,390 --> 01:05:08,819

if there are any

1645

01:05:12,670 --> 01:05:11,400

quote government documents that are

1646

01:05:16,190 --> 01:05:12,680

quote Top Secret

1647

01:05:18,170 --> 01:05:16,200

I'm not aware of them Ian uh

1648

01:05:20,630 --> 01:05:18,180

I've never been rejected on a request

1649

01:05:22,730 --> 01:05:20,640

because again we I I didn't really know

1650

01:05:25,130 --> 01:05:22,740

what to ask for most of the stuff that's

1651
01:05:28,609 --> 01:05:25,140
secret and I'm using that one now with

1652
01:05:30,530 --> 01:05:28,619
single quotes is just stuff that uh that

1653
01:05:32,329 --> 01:05:30,540
Bigelow has and he's refused to share

1654
01:05:34,190 --> 01:05:32,339
with anyone so in a way that's secret

1655
01:05:36,950 --> 01:05:34,200
but it's not the same as

1656
01:05:38,870 --> 01:05:36,960
top secret secret and government terms

1657
01:05:40,549 --> 01:05:38,880
if that's about the best answer I have

1658
01:05:42,950 --> 01:05:40,559
if that helps I hope

1659
01:05:44,870 --> 01:05:42,960
yeah for sure and I mean you know for

1660
01:05:47,510 --> 01:05:44,880
anyone who wants anything that happened

1661
01:05:49,910 --> 01:05:47,520
during the Bigelow days take it what for

1662
01:05:52,430 --> 01:05:49,920
what you will take check out skinwalkers

1663
01:05:54,829 --> 01:05:52,440

at the Pentagon I mean again anecdotal

1664

01:05:56,990 --> 01:05:54,839

just stories but um you know George

1665

01:05:59,270 --> 01:05:57,000

knepp swears by a comb Kelleher to work

1666

01:06:01,370 --> 01:05:59,280

down the ranch during the Bigelow Days

1667

01:06:03,710 --> 01:06:01,380

swearsed by a lot of these stories and

1668

01:06:06,589 --> 01:06:03,720

and I know that's controversial a lot of

1669

01:06:08,630 --> 01:06:06,599

people don't buy any of it but um end of

1670

01:06:11,089 --> 01:06:08,640

the day it's interesting I'm a guy about

1671

01:06:11,950 --> 01:06:11,099

stories like that's my life so I love

1672

01:06:15,349 --> 01:06:11,960

them

1673

01:06:17,450 --> 01:06:15,359

but at the same time I think there's a

1674

01:06:20,150 --> 01:06:17,460

lot of us who are kind of in the middle

1675

01:06:22,130 --> 01:06:20,160

ground in between John Greenwald I think

1676

01:06:25,490 --> 01:06:22,140

has raised some very valid questions

1677

01:06:27,470 --> 01:06:25,500

about the Bigelow era and about things

1678

01:06:29,690 --> 01:06:27,480

that are in that book skin markers at

1679

01:06:30,950 --> 01:06:29,700

the Pentagon which don't all match up

1680

01:06:32,930 --> 01:06:30,960

with some of the stuff that we've

1681

01:06:37,130 --> 01:06:32,940

learned later from government documents

1682

01:06:39,829 --> 01:06:37,140

or other Witnesses and so yeah I think

1683

01:06:42,410 --> 01:06:39,839

maybe sometimes people remember things

1684

01:06:44,870 --> 01:06:42,420

differently or they they have a

1685

01:06:46,670 --> 01:06:44,880

preferred Narrative of how to tell the

1686

01:06:48,890 --> 01:06:46,680

story even though it's based in fact

1687

01:06:50,870 --> 01:06:48,900

things that actually happened there are

1688

01:06:53,569 --> 01:06:50,880

misinterpretations we're talking almost

1689

01:06:56,390 --> 01:06:53,579

two decades ago now you know and

1690

01:06:58,130 --> 01:06:56,400

people's memories are not perfect so I

1691

01:06:59,930 --> 01:06:58,140

don't know I I agree with you let

1692

01:07:01,490 --> 01:06:59,940

everybody make up their own mind go take

1693

01:07:03,349 --> 01:07:01,500

the information look at what the

1694

01:07:04,970 --> 01:07:03,359

Skeptics are saying look what it says in

1695

01:07:07,309 --> 01:07:04,980

the book and what's being said

1696

01:07:10,549 --> 01:07:07,319

I I have no doubts there are kernels of

1697

01:07:12,770 --> 01:07:10,559

Truth in all of it it may not all be you

1698

01:07:15,289 --> 01:07:12,780

know God's honest kernels you know and

1699

01:07:16,670 --> 01:07:15,299

absolutely unrefutable but it was

1700

01:07:18,349 --> 01:07:16,680

certainly an interesting era I've

1701

01:07:21,890 --> 01:07:18,359

written a number of articles about that

1702

01:07:24,770 --> 01:07:21,900

era and the era in between uh Bigelow

1703

01:07:26,089 --> 01:07:24,780

and the current owner and uh I still

1704

01:07:28,250 --> 01:07:26,099

find the story fascinating and

1705

01:07:29,990 --> 01:07:28,260

definitely definitely worth your time to

1706

01:07:33,349 --> 01:07:30,000

look into if you have any interest in

1707

01:07:35,230 --> 01:07:33,359

this topic that's an interesting alley

1708

01:07:37,370 --> 01:07:35,240

that you can go down

1709

01:07:39,650 --> 01:07:37,380

interesting you're gonna have to fill me

1710

01:07:42,349 --> 01:07:39,660

in on the in between

1711

01:07:44,510 --> 01:07:42,359

times I'm not too familiar with that um

1712

01:07:45,710 --> 01:07:44,520

can you link me to that article when you

1713

01:07:47,089 --> 01:07:45,720

get a chance I'll put it in the show

1714

01:07:48,890 --> 01:07:47,099

notes as well

1715

01:07:50,630 --> 01:07:48,900

um yeah I'll look for it when we're done

1716

01:07:52,670 --> 01:07:50,640

also I need to talk to you afterwards

1717

01:07:54,529 --> 01:07:52,680

because we said that thing earlier about

1718

01:07:55,849 --> 01:07:54,539

Witnesses giving testimony I have

1719

01:07:57,529 --> 01:07:55,859

something I can't talk about on the air

1720

01:07:59,750 --> 01:07:57,539

but I wanted to tell you about it and

1721

01:08:01,309 --> 01:07:59,760

get your feedback uh we should sure

1722

01:08:03,829 --> 01:08:01,319

about that later

1723

01:08:05,510 --> 01:08:03,839

um okay no I I know I know somebody who

1724

01:08:09,710 --> 01:08:05,520

may be going to testify very soon

1725

01:08:10,849 --> 01:08:09,720

personally so okay you heard it here

1726

01:08:12,529 --> 01:08:10,859

first guys

1727

01:08:14,589 --> 01:08:12,539

um and maybe you'll hear about it in the

1728

01:08:17,930 --> 01:08:14,599

future

1729

01:08:20,570 --> 01:08:17,940

we'll know we're gonna know whether the

1730

01:08:22,550 --> 01:08:20,580

he or they like it or not here's our

1731

01:08:23,950 --> 01:08:22,560

next listener question Jess

1732

01:08:26,390 --> 01:08:23,960

um what is your stance on the ET

1733

01:08:27,650 --> 01:08:26,400

hypothesis oh one of my favorite

1734

01:08:29,450 --> 01:08:27,660

questions

1735

01:08:31,249 --> 01:08:29,460

um back when I was doing a lot more

1736

01:08:32,990 --> 01:08:31,259

podcasts which I haven't been doing

1737

01:08:34,970 --> 01:08:33,000

quite as much recently because of a

1738

01:08:35,630 --> 01:08:34,980

change in my job

1739

01:08:37,490 --> 01:08:35,640

um

1740

01:08:39,950 --> 01:08:37,500

you know I got asked that all the time

1741

01:08:41,689 --> 01:08:39,960

and I I probably if you asked me on four

1742

01:08:44,329 --> 01:08:41,699

different shows I would have three

1743

01:08:45,410 --> 01:08:44,339

different answers and one repeat

1744

01:08:49,550 --> 01:08:45,420

um

1745

01:08:52,789 --> 01:08:49,560

as far as who or what if anyone is

1746

01:08:54,769 --> 01:08:52,799

driving the UFOs and no I don't like

1747

01:08:56,030 --> 01:08:54,779

saying UAB I still say UFOs all the time

1748

01:08:59,630 --> 01:08:56,040

sue me

1749

01:09:01,849 --> 01:08:59,640

uh I don't know I I mentioned this uh to

1750

01:09:03,530 --> 01:09:01,859

Ryan while we were covering this I've

1751

01:09:05,749 --> 01:09:03,540

never seen an aliens I've I've never

1752

01:09:07,490 --> 01:09:05,759

seen any beings I've never seen anything

1753

01:09:10,430 --> 01:09:07,500

like that all I just know there's weird

1754

01:09:11,930 --> 01:09:10,440

crap flying around in the sky

1755

01:09:14,390 --> 01:09:11,940

um so

1756

01:09:16,550 --> 01:09:14,400

we all know the standard

1757

01:09:19,430 --> 01:09:16,560

selection of choices to answer that

1758

01:09:21,470 --> 01:09:19,440

question it could be our stuff that's

1759

01:09:24,590 --> 01:09:21,480

being flown secretly and nobody's being

1760

01:09:26,269 --> 01:09:24,600

told about it adversaries uh adversarial

1761

01:09:28,490 --> 01:09:26,279

technology they've leapfrogged Us in

1762

01:09:30,590 --> 01:09:28,500

some massive and I mean incredibly

1763

01:09:34,610 --> 01:09:30,600

massive way which doesn't make a lot of

1764

01:09:36,789 --> 01:09:34,620

sense to me uh beyond that you get into

1765

01:09:39,050 --> 01:09:36,799

um obviously eth is one

1766

01:09:41,689 --> 01:09:39,060

extraterrestrials uh could be

1767

01:09:43,910 --> 01:09:41,699

Underground

1768

01:09:45,829 --> 01:09:43,920

terrestrial things non-human

1769

01:09:47,990 --> 01:09:45,839

terrestrials that that's one Theory Time

1770

01:09:49,490 --> 01:09:48,000

Travelers is a big Theory it's us coming

1771

01:09:51,590 --> 01:09:49,500

back from the future to see where things

1772

01:09:53,990 --> 01:09:51,600

went so wrong and if I wanted to know

1773

01:09:55,850 --> 01:09:54,000

the answer to that question 2020 through

1774

01:09:57,290 --> 01:09:55,860

2023 would probably be a good place to

1775

01:09:59,810 --> 01:09:57,300

look

1776

01:10:01,910 --> 01:09:59,820

um something like that or trans

1777

01:10:03,470 --> 01:10:01,920

dimensional does the universe have more

1778

01:10:05,689 --> 01:10:03,480

than three physical dimensions but we're

1779

01:10:07,610 --> 01:10:05,699

not capable of seeing them there are

1780

01:10:10,189 --> 01:10:07,620

some long established theories that say

1781

01:10:14,150 --> 01:10:10,199

that's true is it is it beings that

1782

01:10:16,010 --> 01:10:14,160

exist in you know these other dimensions

1783

01:10:17,330 --> 01:10:16,020

primarily but occasionally they can slip

1784

01:10:19,189 --> 01:10:17,340

through and that's why they're so hard

1785

01:10:22,250 --> 01:10:19,199

to to find and they can come and go

1786

01:10:24,590 --> 01:10:22,260

things like that I I don't think we know

1787

01:10:28,550 --> 01:10:24,600

enough to rule any of those out entirely

1788

01:10:30,350 --> 01:10:28,560

maybe in a hundred years or 500 years we

1789

01:10:32,270 --> 01:10:30,360

will we're advancing pretty quick

1790

01:10:33,649 --> 01:10:32,280

technologically also

1791

01:10:35,209 --> 01:10:33,659

um stop and think about the fact that

1792

01:10:37,910 --> 01:10:35,219

the first powered flight

1793

01:10:39,229 --> 01:10:37,920

is believed although it's been contrary

1794

01:10:41,390 --> 01:10:39,239

too many times to have happened in the

1795

01:10:44,030 --> 01:10:41,400

very early 1900s less than 60 years

1796

01:10:46,130 --> 01:10:44,040

later we're on the moon you know

1797

01:10:48,410 --> 01:10:46,140

um we're coming along we might figure

1798

01:10:51,649 --> 01:10:48,420

some of this out if there's anybody out

1799

01:10:53,930 --> 01:10:51,659

there choose what out there means as you

1800

01:10:56,030 --> 01:10:53,940

wish that had a thousand or a million

1801
01:10:58,669 --> 01:10:56,040
year head start on us who the hell knows

1802
01:11:01,430 --> 01:10:58,679
but if I have to pick one

1803
01:11:03,709 --> 01:11:01,440
yes I think that extraterrestrials is

1804
01:11:06,709 --> 01:11:03,719
the most likely uh an underground

1805
01:11:09,169 --> 01:11:06,719
civilization like lemuria seems like it

1806
01:11:12,050 --> 01:11:09,179
would be a lot harder to hide

1807
01:11:14,870 --> 01:11:12,060
um for this long without any really good

1808
01:11:17,930 --> 01:11:14,880
documentable physical evidence

1809
01:11:19,729 --> 01:11:17,940
time travel may be possible there are

1810
01:11:22,669 --> 01:11:19,739
scientists who speculate that it is

1811
01:11:24,590 --> 01:11:22,679
reverse time travel much much harder

1812
01:11:26,990 --> 01:11:24,600
than forward time travel if they're to

1813
01:11:28,130 --> 01:11:27,000

be believed I'm not a physicist I don't

1814

01:11:29,570 --> 01:11:28,140

know

1815

01:11:31,430 --> 01:11:29,580

um it may turn out time travel is

1816

01:11:33,950 --> 01:11:31,440

totally doable so that could be a

1817

01:11:34,910 --> 01:11:33,960

possibility but I lean against it until

1818

01:11:37,790 --> 01:11:34,920

we

1819

01:11:40,310 --> 01:11:37,800

can figure out in a better way

1820

01:11:42,290 --> 01:11:40,320

how with our understanding of the laws

1821

01:11:45,770 --> 01:11:42,300

of physics which admittedly may be very

1822

01:11:48,770 --> 01:11:45,780

very wrong how that could be done and

1823

01:11:51,950 --> 01:11:48,780

really for me all that really leaves is

1824

01:11:53,870 --> 01:11:51,960

you know the Russians have anti-gravity

1825

01:11:56,030 --> 01:11:53,880

technology which would be pretty

1826

01:11:58,189 --> 01:11:56,040

shocking because they're getting their

1827

01:12:01,130 --> 01:11:58,199

butts kicked by a third world nation

1828

01:12:03,110 --> 01:12:01,140

Ukraine you know and if they've got any

1829

01:12:07,610 --> 01:12:03,120

gravity I think Ukraine would have been

1830

01:12:09,470 --> 01:12:07,620

gone on day one you know so no I yeah

1831

01:12:11,870 --> 01:12:09,480

I'll go ahead and say it if I have to

1832

01:12:15,709 --> 01:12:11,880

pick I I've seen the things myself like

1833

01:12:17,330 --> 01:12:15,719

I said if I had to pick who made the

1834

01:12:20,930 --> 01:12:17,340

technology that could make something

1835

01:12:22,910 --> 01:12:20,940

like that with no observable technical

1836

01:12:24,950 --> 01:12:22,920

capabilities no wings no lift no

1837

01:12:26,990 --> 01:12:24,960

propulsion no nothing be able to fly

1838

01:12:29,209 --> 01:12:27,000

through the air suddenly stop on a dime

1839

01:12:31,970 --> 01:12:29,219

and disappear from sight

1840

01:12:34,669 --> 01:12:31,980

I'm gonna go with ETS for now yeah it I

1841

01:12:39,229 --> 01:12:34,679

think it's probably the most likely one

1842

01:12:43,310 --> 01:12:39,239

okay well I got it yes but not definite

1843

01:12:45,229 --> 01:12:43,320

not definite okay well how about uh

1844

01:12:47,209 --> 01:12:45,239

how about dolphins

1845

01:12:49,790 --> 01:12:47,219

oh

1846

01:12:51,830 --> 01:12:49,800

you know I I put that in the show or the

1847

01:12:53,890 --> 01:12:51,840

uh thing when I was promoting it

1848

01:12:57,530 --> 01:12:53,900

and said we could talk about dolphins

1849

01:13:00,530 --> 01:12:57,540

yes if nobody's ever read my article on

1850

01:13:03,229 --> 01:13:00,540

the Tic Tacs are created by the Dolphins

1851
01:13:04,970 --> 01:13:03,239
yeah that's still on the table too

1852
01:13:08,030 --> 01:13:04,980
is it unlikely

1853
01:13:11,030 --> 01:13:08,040
well yes but they're all unlikely

1854
01:13:15,590 --> 01:13:11,040
they're all unlikely possibilities you

1855
01:13:17,149 --> 01:13:15,600
know and if the Dolphins uh there's a

1856
01:13:18,770 --> 01:13:17,159
subsection of dolphins that are highly

1857
01:13:21,229 --> 01:13:18,780
technically advanced

1858
01:13:23,750 --> 01:13:21,239
they had a 5 million year ahead start on

1859
01:13:25,189 --> 01:13:23,760
us they were on the land five million

1860
01:13:26,149 --> 01:13:25,199
years before we were and they have huge

1861
01:13:28,850 --> 01:13:26,159
brains

1862
01:13:30,950 --> 01:13:28,860
so yeah I wrote a massive article about

1863
01:13:32,930 --> 01:13:30,960

that a while ago at the debrief and I

1864

01:13:35,030 --> 01:13:32,940

mostly did it as a thought experiment

1865

01:13:36,649 --> 01:13:35,040

so no it's not going to be number one on

1866

01:13:38,169 --> 01:13:36,659

my list but I won't write it off

1867

01:13:40,790 --> 01:13:38,179

entirely because

1868

01:13:42,950 --> 01:13:40,800

intelligent dolphins with telekinetic

1869

01:13:45,530 --> 01:13:42,960

capabilities yeah that sounds pretty

1870

01:13:48,110 --> 01:13:45,540

crazy but alien sounds pretty crazy too

1871

01:13:52,189 --> 01:13:48,120

until we actually find one

1872

01:13:54,470 --> 01:13:52,199

you know so yeah sure Dolphins why not

1873

01:13:57,410 --> 01:13:54,480

why not there's got to be a reason so

1874

01:14:00,530 --> 01:13:57,420

many UAP are seen around water too I I

1875

01:14:03,010 --> 01:14:00,540

honestly exactly buy into that so

1876

01:14:05,750 --> 01:14:03,020

yeah make a video yeah

1877

01:14:07,970 --> 01:14:05,760

you watch the Dolphins uh working with

1878

01:14:09,649 --> 01:14:07,980

researchers in those pools all the time

1879

01:14:12,890 --> 01:14:09,659

they're always trying to hump the girls

1880

01:14:14,990 --> 01:14:12,900

that are researching them so I I bear

1881

01:14:16,850 --> 01:14:15,000

with me here for a moment could that be

1882

01:14:20,390 --> 01:14:16,860

part of their hybrid program

1883

01:14:21,530 --> 01:14:20,400

trying to create hybrids hmm think about

1884

01:14:23,149 --> 01:14:21,540

it

1885

01:14:24,850 --> 01:14:23,159

okay honestly don't think about that for

1886

01:14:27,229 --> 01:14:24,860

too long

1887

01:14:29,750 --> 01:14:27,239

oh God I'm gonna have some weird

1888

01:14:32,630 --> 01:14:29,760

nightmares tonight thanks Chad

1889

01:14:35,330 --> 01:14:32,640

um it's okay it's just dreams guys just

1890

01:14:37,910 --> 01:14:35,340

dreams um all right this is a good

1891

01:14:41,630 --> 01:14:37,920

listener question I think to kind of

1892

01:14:45,229 --> 01:14:41,640

make it as recent as possible Jazz

1893

01:14:46,790 --> 01:14:45,239

um Ryan Baker one of our our staunch

1894

01:14:48,950 --> 01:14:46,800

supporters here at somewhere in the

1895

01:14:51,110 --> 01:14:48,960

skies uh thank you for being here as

1896

01:14:53,930 --> 01:14:51,120

always throwing yes yes any problem

1897

01:14:57,229 --> 01:14:53,940

excuse me preliminary thoughts on the

1898

01:15:00,410 --> 01:14:57,239

recent racetrack uaps or the muscle or

1899

01:15:02,870 --> 01:15:00,420

this Jeremy Corbell George nap drop that

1900

01:15:05,930 --> 01:15:02,880

just happened out of Iraq yeah you got

1901

01:15:07,729 --> 01:15:05,940

any thoughts on either of these cases uh

1902

01:15:09,830 --> 01:15:07,739

both of course I followed all this stuff

1903

01:15:13,070 --> 01:15:09,840

I I have not seen any sufficient

1904

01:15:15,229 --> 01:15:13,080

debunking of the racetrack uaps that

1905

01:15:17,689 --> 01:15:15,239

would explain everything to me

1906

01:15:18,950 --> 01:15:17,699

and there there's too many credible

1907

01:15:21,890 --> 01:15:18,960

people

1908

01:15:25,430 --> 01:15:21,900

who have absolutely no reason to lie and

1909

01:15:27,649 --> 01:15:25,440

who are are very good Observers you know

1910

01:15:31,430 --> 01:15:27,659

um I I don't I have not seen a good

1911

01:15:36,050 --> 01:15:31,440

explanation either terrestrial or exotic

1912

01:15:38,149 --> 01:15:36,060

so as far as I'm concerned still unknown

1913

01:15:39,830 --> 01:15:38,159

um but it's certainly a good candidate

1914

01:15:40,850 --> 01:15:39,840

for this could be one of those weird

1915

01:15:43,189 --> 01:15:40,860

things

1916

01:15:44,750 --> 01:15:43,199

as far as the mosul one goes it's it's

1917

01:15:48,890 --> 01:15:44,760

still pretty fresh

1918

01:15:50,390 --> 01:15:48,900

I've looked at it I've um I've seen a

1919

01:15:52,790 --> 01:15:50,400

couple really good analysis John

1920

01:15:54,470 --> 01:15:52,800

Greenwald had one I won't go down the

1921

01:15:59,570 --> 01:15:54,480

whole list and Ryan you've already

1922

01:16:01,669 --> 01:15:59,580

talked about this I think and it was um

1923

01:16:03,169 --> 01:16:01,679

you know it's it's a four second clip

1924

01:16:05,810 --> 01:16:03,179

and we don't even have the whole four

1925

01:16:09,530 --> 01:16:05,820

seconds and the thing the object of

1926

01:16:11,870 --> 01:16:09,540

interest is there for one second like

1927

01:16:13,970 --> 01:16:11,880

I don't know 28 frames I believe

1928

01:16:17,630 --> 01:16:13,980

how many frames per second is filmed

1929

01:16:20,689 --> 01:16:17,640

right 27 28. that sounds about right

1930

01:16:23,570 --> 01:16:20,699

yeah yeah so we we've got somewhere

1931

01:16:25,970 --> 01:16:23,580

between 25 and 30 frames

1932

01:16:26,930 --> 01:16:25,980

of this thing if you have the entire

1933

01:16:30,610 --> 01:16:26,940

clip

1934

01:16:34,610 --> 01:16:30,620

yeah uh the location has been identified

1935

01:16:36,950 --> 01:16:34,620

and confirmed so that part seems real it

1936

01:16:39,590 --> 01:16:36,960

was taken from one of our spy planes the

1937

01:16:42,649 --> 01:16:39,600

HUD data on the video matches I went and

1938

01:16:45,050 --> 01:16:42,659

checked uh for the type of camera that

1939

01:16:46,669 --> 01:16:45,060

was being used back then

1940

01:16:49,610 --> 01:16:46,679

um

1941

01:16:52,189 --> 01:16:49,620

what is it what are my thoughts

1942

01:16:55,310 --> 01:16:52,199

well it's a big ball

1943

01:16:57,169 --> 01:16:55,320

and it looks metallic and shiny on the

1944

01:16:59,149 --> 01:16:57,179

top and at the time of day if you look

1945

01:17:02,030 --> 01:16:59,159

at the time on the screen that would

1946

01:17:04,370 --> 01:17:02,040

have been when the sun was overhead and

1947

01:17:06,649 --> 01:17:04,380

would have been reflecting and

1948

01:17:07,910 --> 01:17:06,659

could it be a balloon

1949

01:17:10,669 --> 01:17:07,920

um

1950

01:17:12,169 --> 01:17:10,679

if we could get the whole film and if it

1951

01:17:14,030 --> 01:17:12,179

looked like it was moving at the speed

1952

01:17:15,770 --> 01:17:14,040

of the current wind

1953

01:17:19,070 --> 01:17:15,780

sure there are balloons that are

1954

01:17:20,810 --> 01:17:19,080

metallic looking that that's a thing but

1955

01:17:23,030 --> 01:17:20,820

the description that goes along with it

1956

01:17:24,709 --> 01:17:23,040

was that it was passing by and it was

1957

01:17:26,630 --> 01:17:24,719

moving into tremendous rate of speed and

1958

01:17:28,130 --> 01:17:26,640

there was not a hurricane or tornado

1959

01:17:28,990 --> 01:17:28,140

currently blowing through muzzle at that

1960

01:17:33,530 --> 01:17:29,000

time

1961

01:17:35,030 --> 01:17:33,540

so I think it's a really good one

1962

01:17:37,270 --> 01:17:35,040

but

1963

01:17:40,189 --> 01:17:37,280

what was it you know

1964

01:17:41,270 --> 01:17:40,199

if I can because I want everybody to get

1965

01:17:43,250 --> 01:17:41,280

their money's worth when they're asking

1966

01:17:44,689 --> 01:17:43,260

questions I had some thoughts about this

1967

01:17:46,910 --> 01:17:44,699

that I'll share with you Ryan and with

1968

01:17:49,490 --> 01:17:46,920

the audience is that this is a really

1969

01:17:51,350 --> 01:17:49,500

disappointing video once again and a lot

1970

01:17:54,770 --> 01:17:51,360

of them are disappointing to me why is

1971

01:17:57,050 --> 01:17:54,780

it disappointing because we all those of

1972

01:17:59,870 --> 01:17:57,060

us who are older grew up watching all

1973

01:18:01,610 --> 01:17:59,880

these movies you know uh where you know

1974

01:18:03,290 --> 01:18:01,620

Steven Spielberg is doing things and the

1975

01:18:05,510 --> 01:18:03,300

aliens arrive and they have these ships

1976

01:18:07,370 --> 01:18:05,520

and they look like these gigantic things

1977

01:18:09,410 --> 01:18:07,380

that look like birthday cakes or cities

1978

01:18:12,229 --> 01:18:09,420

in the air and the and they turn around

1979

01:18:14,209 --> 01:18:12,239

and turn over or there there's these big

1980

01:18:16,610 --> 01:18:14,219

saucers and they glow and they spin and

1981

01:18:18,290 --> 01:18:16,620

they come down and and they have legs

1982

01:18:19,669 --> 01:18:18,300

that come out and hashes that open and

1983

01:18:21,530 --> 01:18:19,679

beings come out and that's what we all

1984

01:18:23,870 --> 01:18:21,540

think of and then we get some actual

1985

01:18:27,169 --> 01:18:23,880

government footage of an actual freaking

1986

01:18:31,370 --> 01:18:27,179

UFO and it looks like a stainless steel

1987

01:18:33,350 --> 01:18:31,380

beach ball thanks guys you know you

1988

01:18:35,570 --> 01:18:33,360

could have at least put some lights on

1989

01:18:37,010 --> 01:18:35,580

it make it a little interesting make it

1990

01:18:39,709 --> 01:18:37,020

something we can use on the five o'clock

1991

01:18:43,130 --> 01:18:39,719

news that's just my thought I'll share

1992

01:18:45,590 --> 01:18:43,140

so I love it yeah no that's a very good

1993

01:18:47,390 --> 01:18:45,600

point yeah you know in well let me get

1994

01:18:49,310 --> 01:18:47,400

your thoughts on this because this is

1995

01:18:53,870 --> 01:18:49,320

another

1996

01:18:56,750 --> 01:18:53,880

um kind of uh I guess Theory and this is

1997

01:18:59,030 --> 01:18:56,760

just the beginning Jeremy Corbell

1998

01:19:01,970 --> 01:18:59,040

um has stated that he and George Knapp

1999

01:19:04,010 --> 01:19:01,980

their new podcast weaponized uh that

2000

01:19:05,810 --> 01:19:04,020

they will be releasing more images more

2001

01:19:08,810 --> 01:19:05,820

videos that have been given to Jeremy

2002

01:19:10,430 --> 01:19:08,820

and everyone wants to know I know I know

2003

01:19:14,149 --> 01:19:10,440

but everyone wants to know Jazz why

2004

01:19:16,310 --> 01:19:14,159

Jeremy and why why did they give him all

2005

01:19:20,350 --> 01:19:16,320

this stuff and most importantly in my

2006

01:19:23,870 --> 01:19:20,360

opinion uh why

2007

01:19:27,410 --> 01:19:23,880

what reason are we getting the most ill

2008

01:19:30,290 --> 01:19:27,420

Iraq one is this has this been explained

2009

01:19:32,810 --> 01:19:30,300

or is this still truly an unexplained

2010

01:19:35,030 --> 01:19:32,820

now we know whatever Jeremy got was from

2011

01:19:37,729 --> 01:19:35,040

an educational you know presentation

2012

01:19:39,350 --> 01:19:37,739

given that you know are these the

2013

01:19:40,729 --> 01:19:39,360

rejects are these the ones that they

2014

01:19:43,010 --> 01:19:40,739

wanted to test people with and be like

2015

01:19:44,630 --> 01:19:43,020

oh no we know that's a puddle on the

2016

01:19:45,830 --> 01:19:44,640

ground or we know that was a mylar

2017

01:19:49,070 --> 01:19:45,840

balloon

2018

01:19:52,010 --> 01:19:49,080

um but here here UFO Community you can

2019

01:19:55,490 --> 01:19:52,020

have our little table scraps our rejects

2020

01:19:57,770 --> 01:19:55,500

um what do you think of that theory

2021

01:19:58,790 --> 01:19:57,780

why Jeremy is the fundamental question

2022

01:20:01,189 --> 01:19:58,800

right

2023

01:20:05,689 --> 01:20:03,709

okay we're getting into some dicey

2024

01:20:07,130 --> 01:20:05,699

territory but then again I'm an opinion

2025

01:20:11,149 --> 01:20:07,140

journalist I'm not afraid of dicey

2026

01:20:13,550 --> 01:20:11,159

territory we can go ahead I I believe I

2027

01:20:15,350 --> 01:20:13,560

have two sides of an answer to that

2028

01:20:18,169 --> 01:20:15,360

question

2029

01:20:19,130 --> 01:20:18,179

um and for whatever it's worth and you

2030

01:20:22,010 --> 01:20:19,140

know

2031

01:20:23,930 --> 01:20:22,020

place your own value on this

2032

01:20:26,630 --> 01:20:23,940

on the one hand

2033

01:20:29,689 --> 01:20:26,640

Jeremy Corbell and his partner George

2034

01:20:31,970 --> 01:20:29,699

Knapp who have done so much very very

2035

01:20:34,510 --> 01:20:31,980

good valuable work over the years

2036

01:20:36,950 --> 01:20:34,520

they have also

2037

01:20:40,010 --> 01:20:36,960

tended at times

2038

01:20:41,630 --> 01:20:40,020

to go in a very accepting manner towards

2039

01:20:44,149 --> 01:20:41,640

some of the shall we just say more

2040

01:20:47,930 --> 01:20:44,159

controversial uh claims that have been

2041

01:20:49,310 --> 01:20:47,940

made and aspects of ufology and we don't

2042

01:20:51,470 --> 01:20:49,320

even have to say the name to know who

2043

01:20:54,010 --> 01:20:51,480

we're talking about primarily here

2044

01:20:56,630 --> 01:20:54,020

um and so that that raises questions

2045

01:20:59,870 --> 01:20:56,640

immediately for some people and and with

2046

01:21:02,689 --> 01:20:59,880

good reason I will say at the same time

2047

01:21:04,189 --> 01:21:02,699

if you go back and we'll invoke his name

2048

01:21:06,470 --> 01:21:04,199

for probably the third time in this show

2049

01:21:09,350 --> 01:21:06,480

and watch uh

2050

01:21:10,430 --> 01:21:09,360

uh John greenwald's very recent thing on

2051

01:21:13,550 --> 01:21:10,440

the mosul

2052

01:21:16,430 --> 01:21:13,560

citing on this film

2053

01:21:17,689 --> 01:21:16,440

he also he delivers Jeremy Corbell

2054

01:21:19,669 --> 01:21:17,699

delivers

2055

01:21:21,709 --> 01:21:19,679

and he has delivered things in the past

2056

01:21:23,990 --> 01:21:21,719

everybody looked at was like wait what

2057

01:21:26,209 --> 01:21:24,000

and then when you go ask the Pentagon

2058

01:21:29,510 --> 01:21:26,219

they're like yeah that's real okay

2059

01:21:32,930 --> 01:21:29,520

and he gets real stuff so it's not like

2060

01:21:35,750 --> 01:21:32,940

Jeremy Corbell does not have

2061

01:21:37,550 --> 01:21:35,760

sources don't know who they are I don't

2062

01:21:39,470 --> 01:21:37,560

have those kind of sources I'll tell you

2063

01:21:42,169 --> 01:21:39,480

he's been doing it for a long time he's

2064

01:21:46,370 --> 01:21:42,179

been cultivating sources and he has

2065

01:21:48,290 --> 01:21:46,380

meticulously avoided naming any of those

2066

01:21:51,470 --> 01:21:48,300

sources ratting them out getting anybody

2067

01:21:54,770 --> 01:21:51,480

in trouble anything like that

2068

01:21:57,410 --> 01:21:54,780

and I think that builds trust in him so

2069

01:22:00,830 --> 01:21:57,420

he probably gets more sources that way

2070

01:22:02,390 --> 01:22:00,840

so I'm inclined to believe personally

2071

01:22:04,370 --> 01:22:02,400

just my opinion

2072

01:22:06,709 --> 01:22:04,380

that he's not putting out stuff that

2073

01:22:08,330 --> 01:22:06,719

isn't real and when I say real I don't

2074

01:22:11,149 --> 01:22:08,340

mean automatically oh it's definitely

2075

01:22:12,590 --> 01:22:11,159

extra stuff no it's just a thing that

2076

01:22:14,390 --> 01:22:12,600

actually happened

2077

01:22:15,950 --> 01:22:14,400

and people inside the government had

2078

01:22:18,530 --> 01:22:15,960

evidence and they're willing to share it

2079

01:22:21,050 --> 01:22:18,540

with him privately because it was

2080

01:22:22,729 --> 01:22:21,060

classified and it couldn't be shared

2081

01:22:25,910 --> 01:22:22,739

and

2082

01:22:27,590 --> 01:22:25,920

so I I think this is real what was it

2083

01:22:30,169 --> 01:22:27,600

that was filmed Jeremy doesn't even

2084

01:22:32,689 --> 01:22:30,179

claim to say that he knows what it is

2085

01:22:34,250 --> 01:22:32,699

you know it's a thing

2086

01:22:39,229 --> 01:22:34,260

so

2087

01:22:42,050 --> 01:22:39,239

of his conclusions

2088

01:22:44,810 --> 01:22:42,060

but the material that he supplies the

2089

01:22:47,090 --> 01:22:44,820

sources that the unnamed sources that he

2090

01:22:50,450 --> 01:22:47,100

cites they do seem to be completely

2091

01:22:51,709 --> 01:22:50,460

legitimate so as far as I'm concerned I

2092

01:22:55,610 --> 01:22:51,719

think this is going to turn out to be

2093

01:22:58,550 --> 01:22:55,620

completely real it is not outside the

2094

01:23:01,910 --> 01:22:58,560

realm of possibility that and I already

2095

01:23:05,030 --> 01:23:01,920

know three people including me

2096

01:23:07,250 --> 01:23:05,040

um who have wrote written I've sent in

2097

01:23:10,310 --> 01:23:07,260

requests to get the Pentagon to comment

2098

01:23:12,890 --> 01:23:10,320

and say is this legitimate you know it

2099

01:23:14,570 --> 01:23:12,900

did this come from you originally I

2100

01:23:16,370 --> 01:23:14,580

don't know if they'll answer so far we

2101

01:23:18,470 --> 01:23:16,380

haven't gotten any answers but it's

2102

01:23:20,930 --> 01:23:18,480

better than getting a no answer because

2103

01:23:22,729 --> 01:23:20,940

they're still waiting or maybe they just

2104

01:23:25,669 --> 01:23:22,739

don't want to talk about it

2105

01:23:27,110 --> 01:23:25,679

but I I hope that answers uh The

2106

01:23:28,970 --> 01:23:27,120

Listener question

2107

01:23:32,630 --> 01:23:28,980

um I I think

2108

01:23:34,189 --> 01:23:32,640

it's pretty remarkable although it'd be

2109

01:23:36,770 --> 01:23:34,199

cooler if it looked like something from

2110

01:23:38,689 --> 01:23:36,780

Steven Spielberg it's certainly

2111

01:23:40,790 --> 01:23:38,699

unexplainable if it's actually flying in

2112

01:23:43,030 --> 01:23:40,800

a straight line and not falling I don't

2113

01:23:47,209 --> 01:23:43,040

see how it's doing it

2114

01:23:49,490 --> 01:23:47,219

and I would go very very high percentage

2115

01:23:53,090 --> 01:23:49,500

that it's real I think Jeremy has proven

2116

01:23:54,410 --> 01:23:53,100

himself over and over again that he

2117

01:23:55,669 --> 01:23:54,420

doesn't put something out until he's

2118

01:23:58,430 --> 01:23:55,679

ready to put it out he could have been

2119

01:24:00,770 --> 01:23:58,440

sitting on this for years years because

2120

01:24:03,530 --> 01:24:00,780

he sat on stuff for years before until

2121

01:24:05,090 --> 01:24:03,540

the source was okay and until everything

2122

01:24:06,229 --> 01:24:05,100

he thought was cool and it was okay to

2123

01:24:10,270 --> 01:24:06,239

do that

2124

01:24:13,310 --> 01:24:10,280

and I it's it's probably real

2125

01:24:14,750 --> 01:24:13,320

and he'll probably be proven correct yet

2126

01:24:17,630 --> 01:24:14,760

again

2127

01:24:20,390 --> 01:24:17,640

it doesn't mean he's proven quote aliens

2128

01:24:22,550 --> 01:24:20,400

or anything just that it's real it was a

2129

01:24:25,189 --> 01:24:22,560

thing that the military saw

2130

01:24:26,270 --> 01:24:25,199

and that's where I am right now how's

2131

01:24:29,570 --> 01:24:26,280

that

2132

01:24:32,750 --> 01:24:29,580

I love it I love it no um I mean you

2133

01:24:34,669 --> 01:24:32,760

know I I can full disclosure I've worked

2134

01:24:37,910 --> 01:24:34,679

with Jeremy in the past on

2135

01:24:39,830 --> 01:24:37,920

whatever television projects podcasts

2136

01:24:43,970 --> 01:24:39,840

um I consider him a friend a colleague

2137

01:24:47,450 --> 01:24:43,980

and uh I can say like he is good at what

2138

01:24:50,149 --> 01:24:47,460

he does whether you buy into you know

2139

01:24:52,729 --> 01:24:50,159

what he does or the hype he creates or

2140

01:24:54,110 --> 01:24:52,739

the content he produces

2141

01:24:55,729 --> 01:24:54,120

um that's a whole different thing the

2142

01:24:57,530 --> 01:24:55,739

fact of the matter is we're talking

2143

01:24:59,330 --> 01:24:57,540

about it here tonight people are talking

2144

01:25:01,250 --> 01:24:59,340

about it all over mainstream media is

2145

01:25:04,189 --> 01:25:01,260

starting to pick up on it

2146

01:25:06,169 --> 01:25:04,199

um you know you know once Joe Rogan sees

2147

01:25:07,970 --> 01:25:06,179

this it's gonna blow up even more he

2148

01:25:10,370 --> 01:25:07,980

probably already has

2149

01:25:12,950 --> 01:25:10,380

um the fact of the matter is Jeremy is

2150

01:25:15,229 --> 01:25:12,960

always proven right and I think uh uh

2151

01:25:16,850 --> 01:25:15,239

John Greenwald did make a good point you

2152

01:25:18,950 --> 01:25:16,860

know does it take him half a year to do

2153

01:25:21,709 --> 01:25:18,960

it yeah but look these things take time

2154

01:25:24,410 --> 01:25:21,719

and um everything yeah they do brought

2155

01:25:25,970 --> 01:25:24,420

forward uh either the Pentagon has

2156

01:25:29,090 --> 01:25:25,980

confirmed

2157

01:25:30,890 --> 01:25:29,100

um or you know he's delivered and

2158

01:25:33,709 --> 01:25:30,900

they're they're not as quick this time

2159

01:25:36,290 --> 01:25:33,719

to admit yup yup it is

2160

01:25:37,610 --> 01:25:36,300

um hopefully that will change soon oh

2161

01:25:39,110 --> 01:25:37,620

you remember like the Greek the green

2162

01:25:41,810 --> 01:25:39,120

triangle thing that he released right

2163

01:25:44,870 --> 01:25:41,820

yeah right

2164

01:25:48,649 --> 01:25:44,880

it was totally confirmed now does that

2165

01:25:50,930 --> 01:25:48,659

mean that it wasn't maybe some bokeh

2166

01:25:52,669 --> 01:25:50,940

whatever they call that and maybe it was

2167

01:25:54,950 --> 01:25:52,679

something conventional and the sailors

2168

01:25:56,870 --> 01:25:54,960

didn't realize that we don't have those

2169

01:25:59,330 --> 01:25:56,880

answers but it was legitimate it came

2170

01:26:02,090 --> 01:25:59,340

from the military and that also got

2171

01:26:03,770 --> 01:26:02,100

confirmed you know if I I'll go ahead

2172

01:26:04,790 --> 01:26:03,780

and just say the name just get it out of

2173

01:26:08,270 --> 01:26:04,800

the way because we're never going to

2174

01:26:09,410 --> 01:26:08,280

avoid it if it weren't for the fact that

2175

01:26:12,050 --> 01:26:09,420

he and George

2176

01:26:14,510 --> 01:26:12,060

have been so wedded to Bobble Zorro this

2177

01:26:18,410 --> 01:26:14,520

time if you took that picture out of the

2178

01:26:20,629 --> 01:26:18,420

equation I think both Jeremy and Bob uh

2179

01:26:22,250 --> 01:26:20,639

Jeremy Corbell uh

2180

01:26:24,649 --> 01:26:22,260

and George Knapp

2181

01:26:26,990 --> 01:26:24,659

would be and and they already are don't

2182

01:26:29,350 --> 01:26:27,000

don't misrepresent me but they would be

2183

01:26:32,209 --> 01:26:29,360

almost one of the just most pristine

2184

01:26:34,070 --> 01:26:32,219

Crystal examples of when you get

2185

01:26:34,970 --> 01:26:34,080

something from them you can take this to

2186

01:26:37,610 --> 01:26:34,980

the bank

2187

01:26:39,709 --> 01:26:37,620

and it may turn out I I will still say

2188

01:26:41,930 --> 01:26:39,719

this with all honesty although I find it

2189

01:26:44,390 --> 01:26:41,940

so hard to believe they may be proven

2190

01:26:47,510 --> 01:26:44,400

right about Bob Lazar someday they might

2191

01:26:49,629 --> 01:26:47,520

it just it sounds more improbable than

2192

01:26:52,610 --> 01:26:49,639

anything I could imagine but they might

2193

01:26:54,709 --> 01:26:52,620

and and when I see all the other stuff

2194

01:26:56,689 --> 01:26:54,719

they've delivered that turned out to be

2195

01:26:58,310 --> 01:26:56,699

true who who were the first people to

2196

01:27:00,290 --> 01:26:58,320

come up with the stuff about Harry Reid

2197

01:27:02,870 --> 01:27:00,300

being attached to all this happen ate up

2198

01:27:05,629 --> 01:27:02,880

all right you know it it was George damp

2199

01:27:08,930 --> 01:27:05,639

you know so many examples they have

2200

01:27:12,350 --> 01:27:08,940

delivered so often over and over again

2201

01:27:13,610 --> 01:27:12,360

and and I think they kind of carry sort

2202

01:27:15,169 --> 01:27:13,620

of a weight around their shoulders with

2203

01:27:18,169 --> 01:27:15,179

the bobbles our thing which has never

2204

01:27:20,750 --> 01:27:18,179

been proven out yet uh there's nothing

2205

01:27:23,149 --> 01:27:20,760

that that backs up except the fact that

2206

01:27:25,610 --> 01:27:23,159

he was there at for a period at some

2207

01:27:26,990 --> 01:27:25,620

point doing God only knows what but

2208

01:27:29,330 --> 01:27:27,000

nothing with the flying sausage or

2209

01:27:31,610 --> 01:27:29,340

anything that's never come through and I

2210

01:27:34,010 --> 01:27:31,620

I understand the people who are Skeptics

2211

01:27:35,570 --> 01:27:34,020

who say well if you if you're pushing

2212

01:27:37,490 --> 01:27:35,580

the Bible's our story then you must be

2213

01:27:39,890 --> 01:27:37,500

full of crap I don't say that about

2214

01:27:42,890 --> 01:27:39,900

either of them they they deliver they

2215

01:27:44,750 --> 01:27:42,900

deliver on a regular basis and stuff

2216

01:27:47,870 --> 01:27:44,760

that gets proven out admitted by the

2217

01:27:49,610 --> 01:27:47,880

government absolutely so

2218

01:27:50,510 --> 01:27:49,620

I know I've dug a hole for myself right

2219

01:27:52,070 --> 01:27:50,520

now because you're not supposed to say

2220

01:27:54,470 --> 01:27:52,080

bad things about levels are or good

2221

01:27:56,810 --> 01:27:54,480

things about levels are but that's where

2222

01:28:00,169 --> 01:27:56,820

I am I hope that answers the question

2223

01:28:02,930 --> 01:28:00,179

thou Who Shall Not Be Named right well

2224

01:28:05,810 --> 01:28:02,940

I'm I'm one of those just Rebels man I'm

2225

01:28:08,149 --> 01:28:05,820

gonna go ahead and say the words

2226

01:28:10,550 --> 01:28:08,159

I love it man well hey

2227

01:28:12,530 --> 01:28:10,560

say a few more words for us we're going

2228

01:28:14,270 --> 01:28:12,540

to wrap things up here guys that kept

2229

01:28:16,189 --> 01:28:14,280

you longer than I promised Jazz we

2230

01:28:19,669 --> 01:28:16,199

covered a lot

2231

01:28:23,209 --> 01:28:19,679

um again guys the heck out of it this

2232

01:28:25,070 --> 01:28:23,219

was great man um I knew if I had you you

2233

01:28:27,169 --> 01:28:25,080

on we didn't have to prepare too much

2234

01:28:30,590 --> 01:28:27,179

because I knew we could talk forever

2235

01:28:33,590 --> 01:28:30,600

um and we did and um man this is one of

2236

01:28:35,810 --> 01:28:33,600

my most high viewed live streams live in

2237

01:28:37,250 --> 01:28:35,820

a very long time so thank you Jazz thank

2238

01:28:38,990 --> 01:28:37,260

you for that

2239

01:28:40,430 --> 01:28:39,000

um let me ask you again saw me on

2240

01:28:42,649 --> 01:28:40,440

Twitter and tuned in no we really

2241

01:28:44,810 --> 01:28:42,659

appreciate it and we really go ahead and

2242

01:28:46,729 --> 01:28:44,820

say it one more time before Ryan asked

2243

01:28:49,070 --> 01:28:46,739

me to close out if you can pitch in and

2244

01:28:51,290 --> 01:28:49,080

help the show please do I don't have my

2245

01:28:53,270 --> 01:28:51,300

own show so I don't take donations but

2246

01:28:55,129 --> 01:28:53,280

the people that I work with the people

2247

01:28:58,490 --> 01:28:55,139

that I go on and do interviews with

2248

01:28:59,990 --> 01:28:58,500

these people put in an insane amount of

2249

01:29:01,729 --> 01:29:00,000

work and personal expense in the

2250

01:29:04,189 --> 01:29:01,739

background I'm not just talking about

2251

01:29:06,050 --> 01:29:04,199

Ryan a lot of great shows I know you

2252

01:29:08,450 --> 01:29:06,060

follow them all out there I follow

2253

01:29:10,669 --> 01:29:08,460

Ryan's every week I don't endure first

2254

01:29:12,590 --> 01:29:10,679

things that I don't use I have not

2255

01:29:14,450 --> 01:29:12,600

missed an episode somewhere in this guys

2256

01:29:18,290 --> 01:29:14,460

probably in four years

2257

01:29:20,030 --> 01:29:18,300

and you know no every time it's it's in

2258

01:29:21,470 --> 01:29:20,040

my pod feed I don't listen to it the

2259

01:29:24,110 --> 01:29:21,480

same day it comes out depends on my

2260

01:29:26,330 --> 01:29:24,120

schedule but I listen to them all and

2261

01:29:28,550 --> 01:29:26,340

everybody really he puts so much into

2262

01:29:30,050 --> 01:29:28,560

this so if you have it in your heart if

2263

01:29:30,830 --> 01:29:30,060

you have a little extra I know times are

2264

01:29:32,450 --> 01:29:30,840

tough

2265

01:29:34,729 --> 01:29:32,460

kick in help him out a little bit

2266

01:29:36,950 --> 01:29:34,739

because he's doing this all for you and

2267

01:29:38,870 --> 01:29:36,960

for the vast majority of us he does it

2268

01:29:40,430 --> 01:29:38,880

absolutely for free so if you can help

2269

01:29:43,850 --> 01:29:40,440

please do

2270

01:29:46,669 --> 01:29:43,860

thanks buddy um I should mention I just

2271

01:29:48,350 --> 01:29:46,679

got this new microphone today

2272

01:29:51,290 --> 01:29:48,360

um it came in the mail my my old

2273

01:29:53,510 --> 01:29:51,300

microphone finally finally bit the dust

2274

01:29:55,490 --> 01:29:53,520

rest in peace old sure Mike but I got

2275

01:29:57,709 --> 01:29:55,500

the new sure Mike here

2276

01:29:59,930 --> 01:29:57,719

um but yeah you know these things cost

2277

01:30:02,330 --> 01:29:59,940

money so anything you guys can chip in

2278

01:30:04,490 --> 01:30:02,340

does truly help and it all goes right

2279

01:30:07,189 --> 01:30:04,500

back into the show I'm not buying a

2280

01:30:09,950 --> 01:30:07,199

Lamborghini I'm not you know sipping on

2281

01:30:12,110 --> 01:30:09,960

lattes on your dime it goes back into

2282

01:30:14,450 --> 01:30:12,120

doing what we do and let's talk about

2283

01:30:16,250 --> 01:30:14,460

UFOs here on YouTube and on the podcast

2284

01:30:18,350 --> 01:30:16,260

spoiler alert he already has three

2285

01:30:19,790 --> 01:30:18,360

Lamborghinis so I got three Lambos

2286

01:30:21,290 --> 01:30:19,800

parked outside

2287

01:30:23,270 --> 01:30:21,300

um I just have to learn how to drive on

2288

01:30:26,090 --> 01:30:23,280

the other side of the road before I kill

2289

01:30:26,870 --> 01:30:26,100

anybody here in the UK

2290

01:30:29,510 --> 01:30:26,880

um

2291

01:30:31,850 --> 01:30:29,520

uh Jazz this has been awesome brother

2292

01:30:33,950 --> 01:30:31,860

thank you guys all of his articles are

2293

01:30:37,850 --> 01:30:33,960

linked in the show notes below check

2294

01:30:39,350 --> 01:30:37,860

them out but before I let you go Jazz

2295

01:30:42,050 --> 01:30:39,360

um let us know where we can find

2296

01:30:43,669 --> 01:30:42,060

everything else you're up to and any

2297

01:30:46,070 --> 01:30:43,679

lesser words you want to say to the

2298

01:30:50,990 --> 01:30:49,490

um as far as where you can find me I

2299

01:30:52,490 --> 01:30:51,000

don't have a show of my own people

2300

01:30:54,649 --> 01:30:52,500

always ask me and it's like I always see

2301

01:30:56,390 --> 01:30:54,659

you on on YouTube and doing all this UFO

2302

01:30:58,310 --> 01:30:56,400

stuff well yeah that's because other

2303

01:30:59,149 --> 01:30:58,320

people invite me I don't actually have a

2304

01:31:03,350 --> 01:30:59,159

show

2305

01:31:04,790 --> 01:31:03,360

so don't bother um I'll ask I'll send

2306

01:31:08,090 --> 01:31:04,800

Ryan a link to my YouTube channel

2307

01:31:10,910 --> 01:31:08,100

there's like five videos on there uh six

2308

01:31:13,189 --> 01:31:10,920

five of them are UFOs we saw and one of

2309

01:31:15,169 --> 01:31:13,199

them was a pigeon that was acting really

2310

01:31:17,030 --> 01:31:15,179

weird so that's what you get on my

2311

01:31:18,290 --> 01:31:17,040

YouTube channel so don't be expecting a

2312

01:31:20,450 --> 01:31:18,300

lot

2313

01:31:23,990 --> 01:31:20,460

um you can follow me on Twitter at

2314

01:31:27,350 --> 01:31:24,000

Joshua j a z z s h a w uh you can go to

2315

01:31:29,990 --> 01:31:27,360

hotair.com uh any day of the week you'll

2316

01:31:33,530 --> 01:31:30,000

see me writing articles there I do write

2317

01:31:35,030 --> 01:31:33,540

pretty frequently about UFO stuff when

2318

01:31:37,310 --> 01:31:35,040

there's something in the news that

2319

01:31:39,050 --> 01:31:37,320

involves Congress the rest of it's

2320

01:31:41,510 --> 01:31:39,060

mostly politics you may like it you may

2321

01:31:43,370 --> 01:31:41,520

not you can ignore all that stuff

2322

01:31:45,950 --> 01:31:43,380

um but like Ryan said I have another ufr

2323

01:31:49,490 --> 01:31:45,960

coming up shortly so we'll see how that

2324

01:31:50,870 --> 01:31:49,500

goes and aside from that I mean I I

2325

01:31:52,729 --> 01:31:50,880

don't really use Facebook or anything

2326

01:31:55,790 --> 01:31:52,739

else so those are really the places to

2327

01:31:58,129 --> 01:31:55,800

look for me or just look for me popping

2328

01:31:59,090 --> 01:31:58,139

up occasionally on various shows where

2329

01:32:02,169 --> 01:31:59,100

people want me to come out and talk

2330

01:32:06,050 --> 01:32:02,179

about UFOs which I'm always happy to do

2331

01:32:08,149 --> 01:32:06,060

and that's about it really and I

2332

01:32:09,530 --> 01:32:08,159

appreciate Ryan having me on I had a

2333

01:32:10,850 --> 01:32:09,540

great time today and I'm always

2334

01:32:13,310 --> 01:32:10,860

available

2335

01:32:15,350 --> 01:32:13,320

I love it man no it was my pleasure

2336

01:32:17,750 --> 01:32:15,360

truly an honor I'm gonna put you in the

2337

01:32:20,149 --> 01:32:17,760

green room here say good night to the

2338

01:32:22,970 --> 01:32:20,159

audience and uh we'll chat backstage

2339

01:32:24,890 --> 01:32:22,980

after that sound good all right

2340

01:32:27,590 --> 01:32:24,900

all right I'll see you in just a sec

2341

01:32:32,930 --> 01:32:27,600

guys once again Jazz Shaw thanks for

2342

01:32:38,510 --> 01:32:35,870

all right guys that was just Shaw I

2343

01:32:41,390 --> 01:32:38,520

again I I it's been a long time coming

2344

01:32:43,729 --> 01:32:41,400

and he finally made his solo debut here

2345

01:32:45,350 --> 01:32:43,739

on the show so it was a pleasure it was

2346

01:32:47,870 --> 01:32:45,360

an honor I can't wait to see what he's

2347
