

SOMEWHERE IN THE LIVESTREAM

EP 04

FEATURING

VINNIE ADAMS

1
00:00:00,179 --> 00:00:05,000
foreign

2
00:01:12,710 --> 00:00:14,060
[Music]

3
00:01:12,720 --> 00:01:20,100
foreign

4
00:02:00,770 --> 00:01:58,130
[Music]

5
00:02:02,690 --> 00:02:00,780
so I can confirm that the Department of

6
00:02:04,670 --> 00:02:02,700
Defense was tracking a high altitude

7
00:02:06,050 --> 00:02:04,680
object over Alaska airspace in the last

8
00:02:08,870 --> 00:02:06,060
24 hours

9
00:02:10,550 --> 00:02:08,880
and posed a reasonable threat to the

10
00:02:12,170 --> 00:02:10,560
safety of Civilian flight

11
00:02:14,990 --> 00:02:12,180
out of an abundance of caution after

12
00:02:17,150 --> 00:02:15,000
recommendation of the Pentagon President

13
00:02:18,110 --> 00:02:17,160

Biden ordered the military to down the

14

00:02:19,729 --> 00:02:18,120
object

15

00:02:23,150 --> 00:02:19,739
and they did

16

00:02:25,550 --> 00:02:23,160
recovery operations are now underway and

17

00:02:28,790 --> 00:02:25,560
will be supported by the Canadian Armed

18

00:02:31,670 --> 00:02:28,800
Forces in conjunction with the RCMP

19

00:02:34,550 --> 00:02:31,680
this coordinated operation will allow a

20

00:02:37,430 --> 00:02:34,560
further investigation into this object

21

00:02:40,729 --> 00:02:37,440
we have no further details about the

22

00:02:44,930 --> 00:02:40,739
object at this time other than it

23

00:02:47,089 --> 00:02:44,940
appears to be a small cylindrical object

24

00:02:48,589 --> 00:02:47,099
those Pilots we have learned have given

25

00:02:50,390 --> 00:02:48,599
very conflicting accounts of what they

26
00:02:52,610 --> 00:02:50,400
actually experience with some pilot

27
00:02:54,890 --> 00:02:52,620
saying that the object interfered with

28
00:02:56,270 --> 00:02:54,900
the plane sensors other Pilots saying

29
00:02:57,890 --> 00:02:56,280
that they didn't really experience that

30
00:02:59,509 --> 00:02:57,900
other Pilots saying that when they

31
00:03:02,330 --> 00:02:59,519
looked at the object they could identify

32
00:03:04,190 --> 00:03:02,340
no identifiable identifiable propulsion

33
00:03:06,470 --> 00:03:04,200
system and they did not know how it was

34
00:03:08,150 --> 00:03:06,480
actually staying in the air cruising at

35
00:03:10,250 --> 00:03:08,160
that altitude of about forty thousand

36
00:03:12,890 --> 00:03:10,260
feet so this is all added to the

37
00:03:14,690 --> 00:03:12,900
pentagon's wariness of describing in

38
00:03:16,729 --> 00:03:14,700

more detail what this object actually is

39

00:03:19,190 --> 00:03:16,739

until they can get more information

40

00:03:20,750 --> 00:03:19,200

through the debris that they are

41

00:03:22,790 --> 00:03:20,760

recovering right now

42

00:03:24,589 --> 00:03:22,800

we have no further details about the

43

00:03:26,570 --> 00:03:24,599

object at this time including any

44

00:03:28,729 --> 00:03:26,580

description of its capabilities purpose

45

00:03:29,750 --> 00:03:28,739

or origin I want to stress again we

46

00:03:33,350 --> 00:03:29,760

don't know

47

00:03:36,110 --> 00:03:33,360

What entity owns this object again we

48

00:03:38,210 --> 00:03:36,120

don't know the point of origin of this

49

00:03:43,309 --> 00:03:38,220

object we don't really understand what

50

00:03:57,250 --> 00:03:44,449

what the [h__\h]

51
00:03:57,260 --> 00:04:01,009
[Music]

52
00:04:01,019 --> 00:04:05,150
foreign

53
00:04:35,170 --> 00:04:17,069
[Music]

54
00:04:42,110 --> 00:04:39,409
so we have a lot to talk about welcome

55
00:04:44,990 --> 00:04:42,120
everyone to somewhere in the live stream

56
00:04:48,469 --> 00:04:45,000
episode 4 a live stream we do every

57
00:04:52,850 --> 00:04:48,479
Sunday now at 4 P.M Eastern Standard 9

58
00:04:54,770 --> 00:04:52,860
p.m UK time uh this is I don't even know

59
00:04:56,090 --> 00:04:54,780
where to begin we have so much to talk

60
00:04:58,310 --> 00:04:56,100
about tonight

61
00:05:02,890 --> 00:04:58,320
um and you know we had a lot to talk

62
00:05:05,390 --> 00:05:02,900
about a few days ago but now it's just

63
00:05:08,210 --> 00:05:05,400

exploded and I knew this is gonna happen

64

00:05:09,950 --> 00:05:08,220

I told my guests tonight that uh you

65

00:05:12,230 --> 00:05:09,960

know something might happen between now

66

00:05:14,810 --> 00:05:12,240

and Sunday so just be prepared for that

67

00:05:17,510 --> 00:05:14,820

and something happened so we're gonna

68

00:05:19,730 --> 00:05:17,520

talk about that with him tonight welcome

69

00:05:22,189 --> 00:05:19,740

to everyone in the chat thank you so

70

00:05:24,770 --> 00:05:22,199

much for being here tonight uh for what

71

00:05:27,050 --> 00:05:24,780

is going to be a very eventful episode

72

00:05:29,629 --> 00:05:27,060

of somewhere in the live stream so let's

73

00:05:31,430 --> 00:05:29,639

not waste any more time

74

00:05:33,170 --> 00:05:31,440

um let me double check and make sure

75

00:05:36,110 --> 00:05:33,180

I've got everything here before I bring

76

00:05:38,770 --> 00:05:36,120

him in our special guest for tonight um

77

00:05:41,510 --> 00:05:38,780

if you are listening to this episode

78

00:05:43,550 --> 00:05:41,520

this will go out on podcast feeds after

79

00:05:46,249 --> 00:05:43,560

the live stream uh make sure to check

80

00:05:48,050 --> 00:05:46,259

out UFO video of the week which is in

81

00:05:49,850 --> 00:05:48,060

the show notes uh to follow our

82

00:05:52,370 --> 00:05:49,860

conversation on that we will be showing

83

00:05:55,010 --> 00:05:52,380

a UFO video later in the show and break

84

00:05:57,230 --> 00:05:55,020

that down so if you're just listening on

85

00:06:00,110 --> 00:05:57,240

the podcast uh go to the show notes and

86

00:06:02,629 --> 00:06:00,120

you can watch the UFO video and then you

87

00:06:04,730 --> 00:06:02,639

can discuss with us uh in your mind

88

00:06:06,529 --> 00:06:04,740

because you will be listening after this

89

00:06:08,570 --> 00:06:06,539

is live streamed

90

00:06:10,129 --> 00:06:08,580

um or just watch it on YouTube it'll be

91

00:06:11,629 --> 00:06:10,139

archived when we're done

92

00:06:13,310 --> 00:06:11,639

um Super Chat and super stickers are

93

00:06:15,590 --> 00:06:13,320

open if you want to help the show out

94

00:06:17,510 --> 00:06:15,600

tonight guys truly your support means

95

00:06:19,610 --> 00:06:17,520

everything over here at somewhere in the

96

00:06:21,409 --> 00:06:19,620

skies you make the show continue and

97

00:06:23,809 --> 00:06:21,419

grow we'll put your questions and

98

00:06:25,189 --> 00:06:23,819

comments up and uh yeah really helps out

99

00:06:27,050 --> 00:06:25,199

the show

100

00:06:29,090 --> 00:06:27,060

um what else do I have here a special

101
00:06:31,610 --> 00:06:29,100
thanks to our YouTube member subscribers

102
00:06:34,969 --> 00:06:31,620
our patreon subscribers and our Apple

103
00:06:37,309 --> 00:06:34,979
premium subscribers again just a few

104
00:06:39,050 --> 00:06:37,319
ways you can help out the show so thank

105
00:06:41,510 --> 00:06:39,060
you to all of you who support someone

106
00:06:44,870 --> 00:06:41,520
disguise in any way if you can't help

107
00:06:47,390 --> 00:06:44,880
financially totally fine uh just a share

108
00:06:49,249 --> 00:06:47,400
a like a comment that's all we could

109
00:06:51,469 --> 00:06:49,259
ever ask of you so thank you thank you

110
00:06:55,189 --> 00:06:51,479
and last but not least before I bring

111
00:06:57,710 --> 00:06:55,199
him in uh tonight is the Super Bowl in

112
00:07:00,409 --> 00:06:57,720
the U.S we got the Philly Eagles and the

113
00:07:03,290 --> 00:07:00,419

Kansas City Chiefs playing so for all of

114

00:07:05,029 --> 00:07:03,300

my U.S audience

115

00:07:07,010 --> 00:07:05,039

um we will be done before the Super Bowl

116

00:07:09,350 --> 00:07:07,020

starts I promise you

117

00:07:11,210 --> 00:07:09,360

um so you'll get all of your UFO talk in

118

00:07:14,629 --> 00:07:11,220

and then you can go watch some football

119

00:07:16,670 --> 00:07:14,639

so good luck to both teams tonight

120

00:07:18,770 --> 00:07:16,680

um who do I got I'm gonna go with the

121

00:07:20,390 --> 00:07:18,780

Eagles I think let me know in the

122

00:07:22,550 --> 00:07:20,400

comments and then the chat who you guys

123

00:07:24,650 --> 00:07:22,560

got when in the Super Bowl

124

00:07:27,710 --> 00:07:24,660

um and uh yeah we'll see what happens

125

00:07:29,749 --> 00:07:27,720

tomorrow tonight I should say all right

126

00:07:31,490 --> 00:07:29,759

guys without further Ado we have so much

127

00:07:34,969 --> 00:07:31,500

to talk about can't waste any more time

128

00:07:37,790 --> 00:07:34,979

I know I'm I'm uh too excited I'm

129

00:07:39,589 --> 00:07:37,800

nervous I'm jacked up on Cafe thing and

130

00:07:43,490 --> 00:07:39,599

I know he's only going to make me more

131

00:07:45,350 --> 00:07:43,500

excited there he is Vinnie welcome to

132

00:07:47,029 --> 00:07:45,360

someone in the live stream brother good

133

00:07:48,830 --> 00:07:47,039

to be here Ryan thank you for the invite

134

00:07:50,450 --> 00:07:48,840

uh it's like you said last week when you

135

00:07:52,249 --> 00:07:50,460

invited me to just be prepared for

136

00:07:55,249 --> 00:07:52,259

something to come up and

137

00:07:57,950 --> 00:07:55,259

boy boy oh boy did it and it's still

138

00:08:01,490 --> 00:07:57,960

ongoing I know it's almost like I knew

139

00:08:03,230 --> 00:08:01,500

this is gonna happen what no no I know

140

00:08:05,629 --> 00:08:03,240

man it's still going people in the chat

141

00:08:08,809 --> 00:08:05,639

are saying like yup uh you know Lake

142

00:08:11,089 --> 00:08:08,819

Michigan just had like a no-fly zone

143

00:08:12,589 --> 00:08:11,099

um you know we're hearing word that this

144

00:08:15,710 --> 00:08:12,599

is happening in other parts of the world

145

00:08:19,550 --> 00:08:15,720

now uh we'll get into it it's just like

146

00:08:23,450 --> 00:08:19,560

the dam has broken on whatever the hell

147

00:08:26,210 --> 00:08:23,460

is going on so I mean let's go there um

148

00:08:29,570 --> 00:08:26,220

first of all I want to thank we've got

149

00:08:31,010 --> 00:08:29,580

um John with a super chat and paranormal

150

00:08:33,409 --> 00:08:31,020

pixie thank you to both of you guys

151

00:08:35,149 --> 00:08:33,419

truly truly appreciate that

152

00:08:37,130 --> 00:08:35,159

um Vinnie

153

00:08:40,370 --> 00:08:37,140

the first story of the night biggest

154

00:08:42,589 --> 00:08:40,380

story most current let's do it let me

155

00:08:44,750 --> 00:08:42,599

get this in here

156

00:08:48,889 --> 00:08:44,760

Saturday's takedown of an unidentified

157

00:08:51,829 --> 00:08:48,899

object is the third such incident in one

158

00:08:53,990 --> 00:08:51,839

week uh let me run I'll do a brief run

159

00:08:55,430 --> 00:08:54,000

down here and then we'll uh we'll really

160

00:08:57,290 --> 00:08:55,440

dive into it

161

00:08:59,810 --> 00:08:57,300

um the unidentified object that was shot

162

00:09:02,030 --> 00:08:59,820

down in Canadian airspace have been

163

00:09:03,769 --> 00:09:02,040

tracked since Friday evening according

164

00:09:06,410 --> 00:09:03,779

to a statement from Pentagon spokesman

165

00:09:07,970 --> 00:09:06,420

Brigadier General Patrick Ryder the

166

00:09:10,790 --> 00:09:07,980

object was detected by North American

167

00:09:12,949 --> 00:09:10,800

Aerospace Defense command NORAD and two

168

00:09:16,130 --> 00:09:12,959

F-22 fighter jets are signed up to

169

00:09:19,190 --> 00:09:16,140

monitor the object object appears these

170

00:09:20,930 --> 00:09:19,200

objects appear to be cylindrical and

171

00:09:24,470 --> 00:09:20,940

smaller than the Chinese surveillance

172

00:09:26,570 --> 00:09:24,480

balloon that was shot down previously uh

173

00:09:29,509 --> 00:09:26,580

Joe Biden and prime minister Justin

174

00:09:31,009 --> 00:09:29,519

Trudeau both approved the shoot down on

175

00:09:32,930 --> 00:09:31,019

Saturday according to a statement from

176
00:09:35,449 --> 00:09:32,940
the White House

177
00:09:37,130 --> 00:09:35,459
um let's see here the objects were

178
00:09:39,710 --> 00:09:37,140
flying at an altitude of approximately

179
00:09:41,630 --> 00:09:39,720
forty thousand feet had unlawfully

180
00:09:43,610 --> 00:09:41,640
entered Canadian airspace and post a

181
00:09:45,889 --> 00:09:43,620
reasonable threat to safety D for

182
00:09:48,110 --> 00:09:45,899
civilian flight the objects were shot

183
00:09:50,449 --> 00:09:48,120
down approximately 100 miles the object

184
00:09:53,690 --> 00:09:50,459
excuse me a hundred miles from the

185
00:09:55,790 --> 00:09:53,700
Canada United States border and uh on

186
00:09:59,329 --> 00:09:55,800
Friday an unidentified object was shot

187
00:10:01,970 --> 00:09:59,339
down over Alaska airspace as well

188
00:10:04,150 --> 00:10:01,980

and um this is interesting Vinnie the

189

00:10:07,070 --> 00:10:04,160

pilots are kind of giving differing

190

00:10:08,870 --> 00:10:07,080

accounts of what they saw

191

00:10:11,570 --> 00:10:08,880

um which is making things extremely

192

00:10:14,150 --> 00:10:11,580

difficult right now to kind of um

193

00:10:17,210 --> 00:10:14,160

understand what we may be dealing with

194

00:10:18,710 --> 00:10:17,220

and probably why they're not just coming

195

00:10:19,910 --> 00:10:18,720

out and saying these are balloons or

196

00:10:21,350 --> 00:10:19,920

whatnot

197

00:10:24,949 --> 00:10:21,360

um let me see if I have anything else

198

00:10:27,710 --> 00:10:24,959

here before we move on U.S military is

199

00:10:31,130 --> 00:10:27,720

still working to recover debris from the

200

00:10:33,530 --> 00:10:31,140

ocean floor in Alaska and also in the

201
00:10:35,630 --> 00:10:33,540
Yukon and uh

202
00:10:38,350 --> 00:10:35,640
yeah man

203
00:10:41,210 --> 00:10:38,360
that's kind of I that's the very

204
00:10:43,610 --> 00:10:41,220
bastardized rundown of what's going on

205
00:10:46,009 --> 00:10:43,620
but um initial thoughts you know we had

206
00:10:48,050 --> 00:10:46,019
the China balloon which was last week

207
00:10:51,530 --> 00:10:48,060
you know everyone got up in arms about

208
00:10:54,110 --> 00:10:51,540
that but now it's just one after another

209
00:10:55,370 --> 00:10:54,120
after another so yeah what did you think

210
00:10:56,630 --> 00:10:55,380
when you first heard about the Alaska

211
00:10:58,850 --> 00:10:56,640
one

212
00:11:00,410 --> 00:10:58,860
I was impressed with the instant media

213
00:11:01,490 --> 00:11:00,420

attention to the thing you know I think

214

00:11:03,170 --> 00:11:01,500

that's something we've all been crying

215

00:11:05,389 --> 00:11:03,180

out for on anything that's unidentified

216

00:11:08,030 --> 00:11:05,399

in this subject is seeing coverage

217

00:11:10,550 --> 00:11:08,040

seeing it being taken seriously but the

218

00:11:13,370 --> 00:11:10,560

more I saw it coming and coming there

219

00:11:15,410 --> 00:11:13,380

was very different clickbait headlines

220

00:11:18,290 --> 00:11:15,420

there was conflicting information there

221

00:11:22,430 --> 00:11:18,300

was exaggeration and there are so many

222

00:11:24,470 --> 00:11:22,440

gaps so many gaps and then alternatively

223

00:11:25,730 --> 00:11:24,480

on you know I went to my social medias

224

00:11:27,829 --> 00:11:25,740

and saw

225

00:11:30,050 --> 00:11:27,839

a lot of speculation and a lot of

226

00:11:32,329 --> 00:11:30,060

assumptions and I was like whoa we need

227

00:11:33,470 --> 00:11:32,339

to Reign it right back in and and deal

228

00:11:36,050 --> 00:11:33,480

with this you know slowly and

229

00:11:39,470 --> 00:11:36,060

responsibly so it all came very big

230

00:11:41,269 --> 00:11:39,480

quick and hard and and so yeah it was uh

231

00:11:44,090 --> 00:11:41,279

very unexpected

232

00:11:46,910 --> 00:11:44,100

yeah I mean again if you had told me

233

00:11:50,090 --> 00:11:46,920

just two weeks ago that this is where

234

00:11:52,069 --> 00:11:50,100

your photos we're heading in 2023 uh I I

235

00:11:54,290 --> 00:11:52,079

didn't see it coming you know I I

236

00:11:57,650 --> 00:11:54,300

recently did a interview over at den of

237

00:11:59,870 --> 00:11:57,660

geek a uh kind of geek culture website

238

00:12:02,810 --> 00:11:59,880

in the US and I said this is the year of

239

00:12:06,550 --> 00:12:02,820

science maybe like and you know it still

240

00:12:10,730 --> 00:12:06,560

could be but of course like right now

241

00:12:13,670 --> 00:12:10,740

UFO or UAP is getting lumped into this

242

00:12:16,310 --> 00:12:13,680

huge mainstream story which it may still

243

00:12:18,670 --> 00:12:16,320

be a part of we cannot just discount

244

00:12:22,430 --> 00:12:18,680

that that this could be something still

245

00:12:25,730 --> 00:12:22,440

uh not made by human hands of some kind

246

00:12:28,069 --> 00:12:25,740

some of them look I mean there's these

247

00:12:30,410 --> 00:12:28,079

differing accounts it's clearly not just

248

00:12:33,410 --> 00:12:30,420

the Chinese balloon that we saw last

249

00:12:35,509 --> 00:12:33,420

week uh these objects are different uh

250

00:12:39,290 --> 00:12:35,519

they could be from different Origins and

251

00:12:40,790 --> 00:12:39,300

uh yeah man um it's just we're in

252

00:12:43,370 --> 00:12:40,800

everyone in the chat is saying like

253

00:12:45,949 --> 00:12:43,380

we're hearing that there's possibly

254

00:12:49,009 --> 00:12:45,959

going to be more shootouts in in the

255

00:12:50,930 --> 00:12:49,019

coming hours day week I don't know maybe

256

00:12:54,230 --> 00:12:50,940

one old play over the Super Bowl tonight

257

00:12:55,790 --> 00:12:54,240

I would not doubt it at this point so

258

00:12:58,430 --> 00:12:55,800

yeah

259

00:13:00,889 --> 00:12:58,440

um well I guess you know

260

00:13:02,690 --> 00:13:00,899

my first question for you is

261

00:13:05,210 --> 00:13:02,700

um

262

00:13:07,850 --> 00:13:05,220

and it's the biggest question what do

263

00:13:09,470 --> 00:13:07,860

you think we're dealing with I mean do

264

00:13:11,150 --> 00:13:09,480

you think all of these are connected are

265

00:13:13,850 --> 00:13:11,160

we dealing with one

266

00:13:16,730 --> 00:13:13,860

Place surveilling the United States or

267

00:13:19,190 --> 00:13:16,740

or what do you think is going on here I

268

00:13:23,269 --> 00:13:19,200

do think it is surveillance I do think

269

00:13:25,069 --> 00:13:23,279

it is prosaic and I say this because I

270

00:13:26,750 --> 00:13:25,079

like I said I took a step back when it

271

00:13:29,090 --> 00:13:26,760

all hit really hard and so I reached out

272

00:13:30,829 --> 00:13:29,100

to a few friends who have worked you

273

00:13:33,470 --> 00:13:30,839

know in intelligence Former Intelligence

274

00:13:35,030 --> 00:13:33,480

analysts who work on sensor systems and

275

00:13:37,009 --> 00:13:35,040

things like that and I said you know you

276

00:13:39,050 --> 00:13:37,019

know that I look into UAP that's my

277

00:13:41,269 --> 00:13:39,060

thing you know should I be pursuing this

278

00:13:43,069 --> 00:13:41,279

and my my answer was really no nothing

279

00:13:44,030 --> 00:13:43,079

to see here

280

00:13:46,190 --> 00:13:44,040

um

281

00:13:48,110 --> 00:13:46,200

and looking again doing more research we

282

00:13:50,750 --> 00:13:48,120

there's been this domain awareness Gap

283

00:13:53,449 --> 00:13:50,760

in in the U.S for for in Prior

284

00:13:55,490 --> 00:13:53,459

administrations you know and only

285

00:13:58,009 --> 00:13:55,500

recently NORAD have changed the way that

286

00:13:59,449 --> 00:13:58,019

they used utilize these sensors by you

287

00:14:01,850 --> 00:13:59,459

know opening the filters up and the

288

00:14:03,829 --> 00:14:01,860

parameters let's say to

289

00:14:05,389 --> 00:14:03,839

to focus and look at more objects

290

00:14:07,730 --> 00:14:05,399

they've been focusing a lot on looking

291

00:14:09,470 --> 00:14:07,740

for the hypersonics the advanced high

292

00:14:11,290 --> 00:14:09,480

technology but I think what they might

293

00:14:14,990 --> 00:14:11,300

have missed is this low technology

294

00:14:17,269 --> 00:14:15,000

balloons you know so they've gone so far

295

00:14:19,430 --> 00:14:17,279

looking to the the big Tech that they're

296

00:14:22,250 --> 00:14:19,440

just completely been missing this this

297

00:14:23,449 --> 00:14:22,260

low-tech so in my opinion and I know

298

00:14:25,490 --> 00:14:23,459

it's not going to go down well with

299

00:14:27,350 --> 00:14:25,500

everyone I just think this is fairly uh

300

00:14:30,650 --> 00:14:27,360

prosaic and it's just

301
00:14:32,629 --> 00:14:30,660
uh I said it could be more than just one

302
00:14:33,889 --> 00:14:32,639
country one

303
00:14:36,769 --> 00:14:33,899
it could be Russia it could be China

304
00:14:38,449 --> 00:14:36,779
could be a number of people that's my

305
00:14:40,129 --> 00:14:38,459
initial thought at this stage and I'd

306
00:14:42,350 --> 00:14:40,139
love it to be a lot more than that of

307
00:14:44,810 --> 00:14:42,360
course I would but that's where I would

308
00:14:47,629 --> 00:14:44,820
love I would love for you to be wrong my

309
00:14:50,389 --> 00:14:47,639
friend I know uh well and here's the

310
00:14:52,910 --> 00:14:50,399
problem it it

311
00:14:54,530 --> 00:14:52,920
just muddies the waters because right

312
00:14:57,530 --> 00:14:54,540
now all we're seeing is unidentified

313
00:15:00,769 --> 00:14:57,540

unidentified which is a buzzword that

314

00:15:03,170 --> 00:15:00,779

literally I know you and me we see that

315

00:15:04,910 --> 00:15:03,180

word in our sleep we see it in the

316

00:15:08,629 --> 00:15:04,920

mirror when we wake up and brush our

317

00:15:11,870 --> 00:15:08,639

teeth we see it every moment of our

318

00:15:13,430 --> 00:15:11,880

lives and now it's the word being touted

319

00:15:15,949 --> 00:15:13,440

everywhere in the mainstream media

320

00:15:18,889 --> 00:15:15,959

unidentified object unidentified object

321

00:15:22,790 --> 00:15:18,899

so what do you think this is going to do

322

00:15:26,030 --> 00:15:22,800

for the UFO research Community I mean

323

00:15:28,970 --> 00:15:26,040

everyone's debating in the chat right

324

00:15:31,490 --> 00:15:28,980

now and all across Twitter and and just

325

00:15:32,990 --> 00:15:31,500

all everywhere everyone's you know got

326

00:15:34,730 --> 00:15:33,000

their own thoughts and opinions on all

327

00:15:37,610 --> 00:15:34,740

this but the one thing that keeps coming

328

00:15:41,930 --> 00:15:37,620

up is the term unidentified which we

329

00:15:45,290 --> 00:15:41,940

always kind of attach to UFOs uh until

330

00:15:48,530 --> 00:15:45,300

we know what they are do you think this

331

00:15:51,230 --> 00:15:48,540

was done purposefully whether you know

332

00:15:53,449 --> 00:15:51,240

the mainstream media was told keep

333

00:15:55,850 --> 00:15:53,459

saying UFO keep saying unidentified

334

00:15:58,250 --> 00:15:55,860

because that'll you know make people

335

00:16:00,829 --> 00:15:58,260

start talking about aliens meanwhile

336

00:16:03,829 --> 00:16:00,839

they're not going to know the ridiculous

337

00:16:06,110 --> 00:16:03,839

Gap in in you know National Security

338

00:16:07,910 --> 00:16:06,120

that we have here in the US

339

00:16:09,650 --> 00:16:07,920

um is that too conspiratorial what do

340

00:16:11,329 --> 00:16:09,660

you think not necessarily but I think

341

00:16:13,189 --> 00:16:11,339

one thing that if that is the case then

342

00:16:15,290 --> 00:16:13,199

what they might not realize is that by

343

00:16:17,329 --> 00:16:15,300

by attaching these kind of incidents to

344

00:16:20,090 --> 00:16:17,339

the UFO subject effect when it all dies

345

00:16:21,590 --> 00:16:20,100

down and goes away anything slightly

346

00:16:23,750 --> 00:16:21,600

similar to this is always going to be

347

00:16:26,150 --> 00:16:23,760

connected and I think we heard today the

348

00:16:28,430 --> 00:16:26,160

arrow office mentioned in one of these

349

00:16:30,170 --> 00:16:28,440

news broadcasts and so they really are

350

00:16:31,670 --> 00:16:30,180

you know intertwining the two subjects

351

00:16:33,829 --> 00:16:31,680

so I think in the long run that could

352

00:16:36,290 --> 00:16:33,839

actually be beneficial it means that

353

00:16:38,810 --> 00:16:36,300

maybe it's talked about in a more

354

00:16:40,550 --> 00:16:38,820

serious manner the the and they're using

355

00:16:42,290 --> 00:16:40,560

the term like you said unidentified an

356

00:16:43,490 --> 00:16:42,300

object in these headlines of these

357

00:16:45,590 --> 00:16:43,500

stories so

358

00:16:47,689 --> 00:16:45,600

I I don't see it as necessarily a bad

359

00:16:49,069 --> 00:16:47,699

thing but what I what I would say to

360

00:16:50,810 --> 00:16:49,079

people is be careful that when you do

361

00:16:55,449 --> 00:16:50,820

see those words together that you don't

362

00:16:58,550 --> 00:16:55,459

assume UFO and it's something completely

363

00:17:01,009 --> 00:16:58,560

alien or whatever you know I think it

364

00:17:02,689 --> 00:17:01,019

very easily we can jump you know when

365

00:17:05,390 --> 00:17:02,699

they mention the cylindrical shape and

366

00:17:07,189 --> 00:17:05,400

it's the certain size the Tic-Tac phrase

367

00:17:09,289 --> 00:17:07,199

started flying around social media and

368

00:17:11,630 --> 00:17:09,299

it's like well slow down you know a Tic

369

00:17:14,090 --> 00:17:11,640

Tac was a lot bigger than a VW bug or

370

00:17:16,850 --> 00:17:14,100

whatever the the size comparison was but

371

00:17:17,569 --> 00:17:16,860

of course once it gets connected and you

372

00:17:20,449 --> 00:17:17,579

know

373

00:17:23,390 --> 00:17:20,459

word spreads very quickly and things get

374

00:17:25,669 --> 00:17:23,400

blown out of proportions so yeah I think

375

00:17:29,090 --> 00:17:25,679

that's what's happened in certain areas

376

00:17:32,030 --> 00:17:29,100

let's say yeah well and then that's what

377

00:17:33,950 --> 00:17:32,040

happens when we're not told anything and

378

00:17:35,990 --> 00:17:33,960

when you have the pilots like we saw in

379

00:17:38,510 --> 00:17:36,000

that intro clip uh kind of had

380

00:17:39,950 --> 00:17:38,520

conflicting testimony on on what

381

00:17:42,529 --> 00:17:39,960

happened but you do make a good point

382

00:17:44,570 --> 00:17:42,539

that like this is clearly not the same

383

00:17:46,630 --> 00:17:44,580

object as the Tic Tac this thing wasn't

384

00:17:49,730 --> 00:17:46,640

dropping to the surface of the ocean

385

00:17:51,890 --> 00:17:49,740

going up to 80 000 feet within like half

386

00:17:54,650 --> 00:17:51,900

a second these things were just kind of

387

00:17:56,990 --> 00:17:54,660

there not moving

388

00:17:58,310 --> 00:17:57,000

um nothing has nothing to say as well

389

00:17:59,870 --> 00:17:58,320

sorry things rub there's nothing to say

390

00:18:01,549 --> 00:17:59,880

that they didn't have some kind of you

391

00:18:03,710 --> 00:18:01,559

know payload that included some kind of

392

00:18:05,450 --> 00:18:03,720

radar jammer on it you know we don't

393

00:18:06,409 --> 00:18:05,460

know what the payloads contain it might

394

00:18:09,350 --> 00:18:06,419

have been

395

00:18:11,029 --> 00:18:09,360

quite basic but who knows this is the

396

00:18:12,890 --> 00:18:11,039

thing these are the real big gaps that

397

00:18:14,690 --> 00:18:12,900

we need filling in before we can really

398

00:18:16,370 --> 00:18:14,700

go any further with this and assume that

399

00:18:18,770 --> 00:18:16,380

it's if it's jamming it has to be a

400

00:18:21,230 --> 00:18:18,780

Tic-Tac because that jammed you know

401
00:18:24,049 --> 00:18:21,240
yeah well right and you know I think

402
00:18:26,870 --> 00:18:24,059
even I fell victim to this I'm like

403
00:18:28,730 --> 00:18:26,880
well why haven't they gotten the stuff

404
00:18:30,830 --> 00:18:28,740
yet recovered the debris why are they

405
00:18:32,570 --> 00:18:30,840
not like telling us what's going on and

406
00:18:34,730 --> 00:18:32,580
I I guess I didn't really take into

407
00:18:36,830 --> 00:18:34,740
consideration like the harsh climate in

408
00:18:38,990 --> 00:18:36,840
which both of these things probably

409
00:18:42,830 --> 00:18:39,000
landed

410
00:18:45,890 --> 00:18:42,840
um and some of it was probably literally

411
00:18:48,830 --> 00:18:45,900
exploded so I mean it's tough it

412
00:18:52,010 --> 00:18:48,840
recovering this stuff is is not as easy

413
00:18:53,930 --> 00:18:52,020

as shooting it down per se so um

414

00:18:56,390 --> 00:18:53,940

hopefully within the next couple days

415

00:18:58,490 --> 00:18:56,400

we'll have some more clear and concise

416

00:19:00,049 --> 00:18:58,500

answers on what these are and I'm sure

417

00:19:03,650 --> 00:19:00,059

we're going to get more shoot Downs I

418

00:19:06,710 --> 00:19:03,660

just it's like uh it's like a contagious

419

00:19:09,350 --> 00:19:06,720

thing uh we're seeing like even China

420

00:19:12,529 --> 00:19:09,360

which we'll get to in a moment is saying

421

00:19:15,890 --> 00:19:12,539

that they're about to shoot one down so

422

00:19:16,909 --> 00:19:15,900

um let me just go there quickly I put a

423

00:19:19,909 --> 00:19:16,919

um

424

00:19:22,130 --> 00:19:19,919

I put a tweet up earlier today saying

425

00:19:24,110 --> 00:19:22,140

taking bets on where the next

426

00:19:26,450 --> 00:19:24,120

unidentified object will be shot down

427

00:19:28,850 --> 00:19:26,460

winner receives a shout out on next

428

00:19:31,130 --> 00:19:28,860

week's live stream because I wasn't

429

00:19:34,970 --> 00:19:31,140

expecting it to happen so quickly uh

430

00:19:38,150 --> 00:19:34,980

poster location below I got about 120

431

00:19:41,029 --> 00:19:38,160

comments or guesses that was about at

432

00:19:43,669 --> 00:19:41,039

this point about 10 11 hours ago

433

00:19:45,529 --> 00:19:43,679

um but Casey Hammond coming in with the

434

00:19:48,350 --> 00:19:45,539

win about three out apparently

435

00:19:50,270 --> 00:19:48,360

apparently I I should say that

436

00:19:52,970 --> 00:19:50,280

um about three hours before this story

437

00:19:55,250 --> 00:19:52,980

broke um you'll you'll see their uh

438

00:19:58,370 --> 00:19:55,260

Chinese State media said that local

439

00:20:01,490 --> 00:19:58,380

Maritime authorities in East uh East

440

00:20:02,990 --> 00:20:01,500

China's shandong Province announced on

441

00:20:04,970 --> 00:20:03,000

Sunday that they had spotted an

442

00:20:08,270 --> 00:20:04,980

unidentified flying object in waters

443

00:20:10,310 --> 00:20:08,280

near the coastal city of Rhys how in the

444

00:20:13,610 --> 00:20:10,320

province and we're preparing to shoot it

445

00:20:16,610 --> 00:20:13,620

down uh Rim what does that say reminding

446

00:20:18,230 --> 00:20:16,620

fishermen to be safe via messages yeah

447

00:20:20,270 --> 00:20:18,240

yeah out of there fishermen we're about

448

00:20:23,150 --> 00:20:20,280

to blow up a UAP

449

00:20:26,390 --> 00:20:23,160

um so allegedly

450

00:20:27,130 --> 00:20:26,400

one of these has been cited in China

451
00:20:29,750 --> 00:20:27,140
um

452
00:20:31,610 --> 00:20:29,760
uh I don't know what do you think do you

453
00:20:34,250 --> 00:20:31,620
think there's any Credence to this story

454
00:20:36,830 --> 00:20:34,260
uh again I reached out to some friends

455
00:20:38,750 --> 00:20:36,840
let's say and I said could this be a

456
00:20:40,370 --> 00:20:38,760
diversion tactic by China just to say

457
00:20:41,990 --> 00:20:40,380
well look it's not us doing that in the

458
00:20:43,490 --> 00:20:42,000
US because it's happening to us as well

459
00:20:44,870 --> 00:20:43,500
you know could that potentially be

460
00:20:47,409 --> 00:20:44,880
something that they're trying to do and

461
00:20:51,529 --> 00:20:47,419
and my response was it's a possibility

462
00:20:53,570 --> 00:20:51,539
so maybe maybe not maybe this is

463
00:20:55,310 --> 00:20:53,580

something a lot more complicated and

464

00:20:56,930 --> 00:20:55,320

than what we think but

465

00:21:01,730 --> 00:20:56,940

again I Gotta Wait For more information

466

00:21:03,950 --> 00:21:01,740

and more data yep as always well you

467

00:21:06,049 --> 00:21:03,960

know let me um before we go any further

468

00:21:07,310 --> 00:21:06,059

Vinnie we got a few more Super chats I

469

00:21:09,650 --> 00:21:07,320

just want to shout out here really

470

00:21:13,549 --> 00:21:09,660

appreciate it guys uh Christian as

471

00:21:14,450 --> 00:21:13,559

always over at uadb UAP DB excuse me

472

00:21:16,370 --> 00:21:14,460

brother

473

00:21:18,110 --> 00:21:16,380

um doing amazing work over there with a

474

00:21:21,110 --> 00:21:18,120

super chat thank you my friend thank you

475

00:21:23,510 --> 00:21:21,120

to Fabian thank you to John thank you to

476

00:21:26,870 --> 00:21:23,520

Paranormal pixie and thank you to Jazz

477

00:21:29,029 --> 00:21:26,880

Shaw it's not aliens Jess says if they

478

00:21:30,830 --> 00:21:29,039

came across the vas Gulf of space we

479

00:21:35,029 --> 00:21:30,840

wouldn't be shooting them down like clay

480

00:21:37,850 --> 00:21:35,039

pigeons great to see Vinnie on uh yes it

481

00:21:39,529 --> 00:21:37,860

is thank you Jazz thank you thank you I

482

00:21:41,750 --> 00:21:39,539

appreciate that as always

483

00:21:43,310 --> 00:21:41,760

um yeah I mean that is kind of the

484

00:21:45,710 --> 00:21:43,320

argument right now if any of these were

485

00:21:47,270 --> 00:21:45,720

actual extraterrestrial craft I don't

486

00:21:49,010 --> 00:21:47,280

think it would be this easy to shoot it

487

00:21:51,409 --> 00:21:49,020

down and I also don't think

488

00:21:53,210 --> 00:21:51,419

uh I was gonna say I don't think the U.S

489

00:21:55,970 --> 00:21:53,220

would shoot first test questions later

490

00:21:57,350 --> 00:21:55,980

but I had to stop myself because

491

00:21:59,390 --> 00:21:57,360

actually

492

00:22:01,669 --> 00:21:59,400

I wouldn't put it past him to be

493

00:22:04,010 --> 00:22:01,679

completely obvious that's true yeah

494

00:22:06,169 --> 00:22:04,020

unfortunately

495

00:22:07,610 --> 00:22:06,179

um it seems like well it seems like

496

00:22:09,289 --> 00:22:07,620

we've had confirmation in the chat from

497

00:22:11,930 --> 00:22:09,299

someone saying on CNN they've confirmed

498

00:22:15,110 --> 00:22:11,940

the next shoot down oh no where's that

499

00:22:17,690 --> 00:22:15,120

scene I knew it like Huron

500

00:22:20,750 --> 00:22:17,700

is that I think is the um

501
00:22:23,270 --> 00:22:20,760
oh what was it was it Lake Michigan

502
00:22:25,430 --> 00:22:23,280
or near Michigan I think so yeah I think

503
00:22:28,010 --> 00:22:25,440
that's the one yeah I think you're right

504
00:22:30,049 --> 00:22:28,020
okay there we go guys while we're live

505
00:22:33,409 --> 00:22:30,059
on air it is possible another one of

506
00:22:35,029 --> 00:22:33,419
these UAP is going to be shot down uh

507
00:22:36,710 --> 00:22:35,039
if you don't mind I think one good point

508
00:22:39,049 --> 00:22:36,720
that I would like to raise is back in

509
00:22:41,210 --> 00:22:39,059
2020 the reports of objects hovering

510
00:22:43,370 --> 00:22:41,220
over nuclear plants it was the Palo

511
00:22:46,010 --> 00:22:43,380
Verde there was the Colorado Nebraska

512
00:22:48,409 --> 00:22:46,020
case and I think they fall into line

513
00:22:50,510 --> 00:22:48,419

with these kind of stories as well

514

00:22:53,450 --> 00:22:50,520

um and this was again

515

00:22:55,549 --> 00:22:53,460

just after this domain awareness Gap was

516

00:22:57,529 --> 00:22:55,559

really kind of first noticed so I think

517

00:22:58,970 --> 00:22:57,539

this isn't just a new thing I think it

518

00:23:00,649 --> 00:22:58,980

has been happening for a few years now

519

00:23:02,390 --> 00:23:00,659

and it's only now that we're really sort

520

00:23:04,789 --> 00:23:02,400

of it's being pushed into the mainstream

521

00:23:06,350 --> 00:23:04,799

media and that so it's definitely not

522

00:23:08,810 --> 00:23:06,360

new in my opinion and I think a lot of

523

00:23:11,990 --> 00:23:08,820

other people will agree with that yeah

524

00:23:15,710 --> 00:23:12,000

well in this kind of plays into this

525

00:23:17,690 --> 00:23:15,720

whole idea of um the stigma in ridicule

526

00:23:19,850 --> 00:23:17,700

I think that comes with reporting these

527

00:23:22,930 --> 00:23:19,860

things I think we're kind of seeing this

528

00:23:26,390 --> 00:23:22,940

play out as the days go on that um

529

00:23:30,169 --> 00:23:26,400

stigma is probably our biggest enemy not

530

00:23:33,049 --> 00:23:30,179

even the uh UAP itself it's the not

531

00:23:35,409 --> 00:23:33,059

reporting it and and now we are

532

00:23:38,570 --> 00:23:35,419

literally seeing that play out because

533

00:23:40,610 --> 00:23:38,580

we are now seeing these things and

534

00:23:43,250 --> 00:23:40,620

they're being reported we're gonna start

535

00:23:45,110 --> 00:23:43,260

shooting them down it is possible that

536

00:23:47,210 --> 00:23:45,120

some of these balloons if we want to

537

00:23:49,970 --> 00:23:47,220

call them that or unknown aircraft have

538

00:23:51,590 --> 00:23:49,980

been there have been cited but they kind

539

00:23:54,049 --> 00:23:51,600

of said it's just a weather balloon

540

00:23:56,029 --> 00:23:54,059

let's let's not like I don't want to

541

00:23:59,090 --> 00:23:56,039

fill out the paperwork on there come on

542

00:24:01,250 --> 00:23:59,100

guys absolutely and I also don't want to

543

00:24:04,610 --> 00:24:01,260

report it as a UFO and that goes for

544

00:24:06,289 --> 00:24:04,620

NORAD too we're now seeing the faults in

545

00:24:07,730 --> 00:24:06,299

their sensor systems and what they're

546

00:24:10,610 --> 00:24:07,740

doing

547

00:24:12,590 --> 00:24:10,620

um and it is possible that in upgrade to

548

00:24:15,230 --> 00:24:12,600

their sensor systems was all that was

549

00:24:17,870 --> 00:24:15,240

needed to finally discover all these

550

00:24:19,909 --> 00:24:17,880

things so um yeah I think there's

551
00:24:24,529 --> 00:24:19,919
something to that too the whole sensor

552
00:24:26,510 --> 00:24:24,539
system thing and finally it's okay to

553
00:24:30,890 --> 00:24:26,520
report these things even if they are

554
00:24:32,810 --> 00:24:30,900
China or Russia or or Origins unknown

555
00:24:34,850 --> 00:24:32,820
um it's important this whole story is

556
00:24:36,649 --> 00:24:34,860
important no matter what

557
00:24:39,049 --> 00:24:36,659
I agree completely I think that's why we

558
00:24:41,330 --> 00:24:39,059
saw in the UFO report last month with

559
00:24:42,890 --> 00:24:41,340
the with arrow mentioning balloons seem

560
00:24:45,649 --> 00:24:42,900
to be coming up a lot in the report as

561
00:24:48,169 --> 00:24:45,659
well and so it makes sense that these

562
00:24:49,610 --> 00:24:48,179
things are detected analyzed and put to

563
00:24:51,230 --> 00:24:49,620

one side and then you can really focus

564

00:24:53,870 --> 00:24:51,240

on these other reports that come in of

565

00:24:56,570 --> 00:24:53,880

objects that don't fit within those

566

00:24:59,630 --> 00:24:56,580

parameters you know so it I think it all

567

00:25:01,310 --> 00:24:59,640

together we're working towards uh a good

568

00:25:04,250 --> 00:25:01,320

direction let's say but I think again

569

00:25:05,870 --> 00:25:04,260

it's going to take time and we're going

570

00:25:08,090 --> 00:25:05,880

to have bumps in the road like I think

571

00:25:10,010 --> 00:25:08,100

what this week has shown there are bumps

572

00:25:11,930 --> 00:25:10,020

in the road that really need ironing out

573

00:25:13,730 --> 00:25:11,940

and hopefully we'll get there and we'll

574

00:25:17,210 --> 00:25:13,740

be able to narrow it down and really

575

00:25:19,270 --> 00:25:17,220

focus on these genuine anomalies that do

576

00:25:20,990 --> 00:25:19,280

crop up every now and again

577

00:25:22,789 --> 00:25:21,000

exactly

578

00:25:26,750 --> 00:25:22,799

um well I know you reached out to an

579

00:25:29,810 --> 00:25:26,760

individual earlier uh today to get their

580

00:25:30,950 --> 00:25:29,820

thoughts on some of this and um they

581

00:25:32,510 --> 00:25:30,960

knew that you were going to be on here

582

00:25:34,370 --> 00:25:32,520

tonight and they knew you'd probably be

583

00:25:37,250 --> 00:25:34,380

making the interview rounds about this

584

00:25:40,549 --> 00:25:37,260

story as most UFO researchers are doing

585

00:25:41,930 --> 00:25:40,559

right now and uh they gave you their

586

00:25:43,269 --> 00:25:41,940

thoughts is that something that you

587

00:25:45,830 --> 00:25:43,279

might be willing to share with us

588

00:25:48,649 --> 00:25:45,840

absolutely yeah

589

00:25:51,049 --> 00:25:48,659

do you want me to read it yeah

590

00:25:52,669 --> 00:25:51,059

let me get it up here we go I'll just

591

00:25:55,070 --> 00:25:52,679

read off the screen yeah so I reached

592

00:25:56,450 --> 00:25:55,080

out spoke to Lou we've been having quite

593

00:25:59,330 --> 00:25:56,460

a lot of conversations the last few days

594

00:26:00,590 --> 00:25:59,340

with various people and Lou Lou made

595

00:26:02,090 --> 00:26:00,600

this statement and he was happy for me

596

00:26:03,409 --> 00:26:02,100

to share it so he says that you know

597

00:26:05,870 --> 00:26:03,419

there should be no surprise that our

598

00:26:08,570 --> 00:26:05,880

adversaries are constantly deploying new

599

00:26:10,730 --> 00:26:08,580

and old capabilities against us in this

600

00:26:13,070 --> 00:26:10,740

case the cause is likely a conventional

601
00:26:14,750 --> 00:26:13,080
technology we must remain calm and allow

602
00:26:17,029 --> 00:26:14,760
our experts at NORAD to do their job

603
00:26:19,010 --> 00:26:17,039
however it is for this precise reason

604
00:26:21,169 --> 00:26:19,020
that the new legislation differentiates

605
00:26:24,350 --> 00:26:21,179
between balloons air clutter and

606
00:26:25,850 --> 00:26:24,360
Bonafide UAP I left DOD five years ago

607
00:26:27,470 --> 00:26:25,860
because our government was not doing

608
00:26:29,750 --> 00:26:27,480
enough to take seriously these

609
00:26:32,450 --> 00:26:29,760
incursions into controlled and sensitive

610
00:26:33,970 --> 00:26:32,460
U.S airspace we now see the results of

611
00:26:36,289 --> 00:26:33,980
not taking this issue seriously

612
00:26:37,549 --> 00:26:36,299
fortunately some are now paying

613
00:26:39,409 --> 00:26:37,559

attention

614

00:26:42,409 --> 00:26:39,419

so yeah I was kind of late to allow me

615

00:26:44,390 --> 00:26:42,419

to use that that's awesome Lou if you're

616

00:26:47,090 --> 00:26:44,400

watching or listening thank you we do

617

00:26:49,850 --> 00:26:47,100

appreciate getting your insights I know

618

00:26:51,470 --> 00:26:49,860

he's he's working behind the scenes on a

619

00:26:53,930 --> 00:26:51,480

lot of stuff you know so there are

620

00:26:55,909 --> 00:26:53,940

people like Christopher melon

621

00:26:57,649 --> 00:26:55,919

um and and journalists around the world

622

00:27:00,230 --> 00:26:57,659

are kind of working in the background

623

00:27:02,330 --> 00:27:00,240

and getting these things actually moving

624

00:27:05,330 --> 00:27:02,340

whether it's in Congress in the U.S or

625

00:27:08,930 --> 00:27:05,340

even in other countries uh so a lot of

626

00:27:11,269 --> 00:27:08,940

this pressure to finally look into this

627

00:27:14,090 --> 00:27:11,279

stuff uh whether it's extraterrestrial

628

00:27:16,010 --> 00:27:14,100

or an adversarial

629

00:27:18,529 --> 00:27:16,020

um highly Advanced surveillance

630

00:27:21,710 --> 00:27:18,539

technology uh we need to know about it

631

00:27:24,289 --> 00:27:21,720

and we need to uh get ahead of it so

632

00:27:26,870 --> 00:27:24,299

yeah again that's that's awesome I'm so

633

00:27:28,070 --> 00:27:26,880

glad he uh he gave us his insights on

634

00:27:28,669 --> 00:27:28,080

that

635

00:27:31,669 --> 00:27:28,679

um

636

00:27:35,750 --> 00:27:31,679

one other thing I want to ask you

637

00:27:38,210 --> 00:27:35,760

Vinnie before we kind of move on here is

638

00:27:40,909 --> 00:27:38,220

a lot of people are kind of conflating

639

00:27:42,789 --> 00:27:40,919

what's going on now with this stuff that

640

00:27:45,830 --> 00:27:42,799

was brought out in the past few years

641

00:27:49,610 --> 00:27:45,840

through the work of George Knapp Jeremy

642

00:27:52,190 --> 00:27:49,620

Corbell uh Dave Beatty even of these

643

00:27:54,110 --> 00:27:52,200

drone swarms as they quote unquote

644

00:27:56,690 --> 00:27:54,120

called them um some of the more

645

00:27:58,909 --> 00:27:56,700

skeptical journalists call them that and

646

00:28:01,730 --> 00:27:58,919

some of them probably are let's be

647

00:28:04,610 --> 00:28:01,740

honest but some don't seem to be either

648

00:28:07,310 --> 00:28:04,620

but uh do you think what we're seeing

649

00:28:09,890 --> 00:28:07,320

play out right now has anything to do

650

00:28:12,890 --> 00:28:09,900

with these things that we're seeing over

651
00:28:15,769 --> 00:28:12,900
these Navy carriers in the past you know

652
00:28:19,070 --> 00:28:15,779
five six ten years

653
00:28:20,630 --> 00:28:19,080
I think what differences I see uh first

654
00:28:22,490 --> 00:28:20,640
of all these objects this last week I

655
00:28:25,909 --> 00:28:22,500
think if not all of them three of them

656
00:28:28,070 --> 00:28:25,919
have been you know 40 000 feet moving at

657
00:28:30,470 --> 00:28:28,080
fairly slow speeds

658
00:28:32,450 --> 00:28:30,480
um we've heard a couple of things about

659
00:28:34,549 --> 00:28:32,460
possibly strange propulsion and that but

660
00:28:36,409 --> 00:28:34,559
I I don't buy that straight away

661
00:28:37,970 --> 00:28:36,419
um whereas if you look at the 2019 drone

662
00:28:41,510 --> 00:28:37,980
swarms these swings were low altitude

663
00:28:43,070 --> 00:28:41,520

they were coming in uh from the West

664

00:28:45,769 --> 00:28:43,080

I believe yeah they were coming from the

665

00:28:47,930 --> 00:28:45,779

west and then dispersing over various

666

00:28:50,690 --> 00:28:47,940

directions I think there's still a lot

667

00:28:52,730 --> 00:28:50,700

of mystery surrounding that case

668

00:28:55,370 --> 00:28:52,740

um it's still a bit muddy I think as

669

00:28:57,289 --> 00:28:55,380

well I mean for me it's kind of just sit

670

00:28:59,810 --> 00:28:57,299

and wait and see what else comes from it

671

00:29:01,789 --> 00:28:59,820

I try my hardest not to draw too many

672

00:29:03,590 --> 00:29:01,799

conclusions on very limited data and

673

00:29:05,090 --> 00:29:03,600

information because if you look across

674

00:29:07,250 --> 00:29:05,100

UFO Twitter and everything everyone's

675

00:29:08,330 --> 00:29:07,260

got an opinion everyone's trying to

676
00:29:09,769 --> 00:29:08,340
think they're on the right path to

677
00:29:12,590 --> 00:29:09,779
working it out but

678
00:29:14,570 --> 00:29:12,600
I just think it's too difficult I think

679
00:29:17,029 --> 00:29:14,580
it's take a take us you know take a seat

680
00:29:19,909 --> 00:29:17,039
take on board all the information

681
00:29:22,130 --> 00:29:19,919
but we you know we hear John Gutierrez

682
00:29:24,710 --> 00:29:22,140
on weaponized podcasts with Jeremy and

683
00:29:26,630 --> 00:29:24,720
George episode two that was a new voice

684
00:29:28,310 --> 00:29:26,640
from that incident who had spoken to

685
00:29:30,289 --> 00:29:28,320
multiple people involved in so we're

686
00:29:32,570 --> 00:29:30,299
gonna keep hearing things so to form a

687
00:29:34,070 --> 00:29:32,580
conclusion now just seems wrong because

688
00:29:35,930 --> 00:29:34,080

further down the line and we hear more

689

00:29:38,210 --> 00:29:35,940

evidence it's just gonna change that and

690

00:29:40,190 --> 00:29:38,220

change that so I'm just cautious about

691

00:29:41,990 --> 00:29:40,200

trying to uh

692

00:29:43,970 --> 00:29:42,000

assume anything and so back to your

693

00:29:46,730 --> 00:29:43,980

question with are these related

694

00:29:48,490 --> 00:29:46,740

I don't see much of a relation between

695

00:29:51,289 --> 00:29:48,500

them to be honest

696

00:29:52,789 --> 00:29:51,299

yeah I would have to agree

697

00:29:55,310 --> 00:29:52,799

um I think we were dealing with

698

00:29:58,970 --> 00:29:55,320

something much more aggressive when it

699

00:30:03,169 --> 00:29:58,980

came to uh the the Swarms yeah I I think

700

00:30:06,529 --> 00:30:03,179

that was literally like a show of uh

701
00:30:08,450 --> 00:30:06,539
Power and superiority whereas these were

702
00:30:11,510 --> 00:30:08,460
literally built these supposed balloons

703
00:30:15,049 --> 00:30:11,520
to go under the radar or off the radar

704
00:30:17,990 --> 00:30:15,059
and not be caught so it makes sense yeah

705
00:30:20,389 --> 00:30:18,000
um I am getting word I feel like I'm on

706
00:30:22,970 --> 00:30:20,399
like the breaking CNN news I'm getting

707
00:30:25,730 --> 00:30:22,980
word from our reporters on the ground uh

708
00:30:27,230 --> 00:30:25,740
that the object in Michigan is going to

709
00:30:27,850 --> 00:30:27,240
be shot down

710
00:30:30,769 --> 00:30:27,860
um

711
00:30:33,190 --> 00:30:30,779
yeah I I don't think I think they're in

712
00:30:37,190 --> 00:30:33,200
the process uh so

713
00:30:40,970 --> 00:30:37,200

uap4 going down in Michigan love it love

714

00:30:43,310 --> 00:30:40,980

it what up to uh Detroit I hope uh hope

715

00:30:46,490 --> 00:30:43,320

you enjoy your your little moment in the

716

00:30:48,590 --> 00:30:46,500

spotlight with UAP no Lake Michigan has

717

00:30:49,970 --> 00:30:48,600

a lot of UFO activity to be completely

718

00:30:52,130 --> 00:30:49,980

honest

719

00:30:55,669 --> 00:30:52,140

um where did I see

720

00:30:58,190 --> 00:30:55,679

uh jashaw said Lake Haron one of the is

721

00:31:00,110 --> 00:30:58,200

octagon shape that's interesting that's

722

00:31:02,269 --> 00:31:00,120

one we haven't heard before

723

00:31:05,090 --> 00:31:02,279

um Jazz where did you hear that I'd be

724

00:31:07,789 --> 00:31:05,100

really curious to know how quickly we

725

00:31:10,610 --> 00:31:07,799

found out that was octagon shaped I'd be

726

00:31:12,289 --> 00:31:10,620

uh really curious and Grant actually has

727

00:31:14,330 --> 00:31:12,299

a question for you Vinnie before we move

728

00:31:17,269 --> 00:31:14,340

on uh what do you think are the

729

00:31:19,549 --> 00:31:17,279

implications for the UK in Australia do

730

00:31:21,529 --> 00:31:19,559

you think the mod will now change its

731

00:31:23,810 --> 00:31:21,539

tune publicly or is it going to take one

732

00:31:25,789 --> 00:31:23,820

of these things to go over Big Ben it is

733

00:31:27,590 --> 00:31:25,799

unfortunately in my opinion it's a great

734

00:31:29,389 --> 00:31:27,600

question Grant honestly and it's nice to

735

00:31:31,370 --> 00:31:29,399

see that you know in Australia you've

736

00:31:33,830 --> 00:31:31,380

got Senator wish Wilson talking and

737

00:31:35,870 --> 00:31:33,840

putting his pressure on on the

738

00:31:37,549 --> 00:31:35,880

government out there we need someone

739

00:31:40,730 --> 00:31:37,559

like that here in the UK we don't have

740

00:31:43,610 --> 00:31:40,740

anybody you know um

741

00:31:45,049 --> 00:31:43,620

myself or the guys at UAP media UK in

742

00:31:46,789 --> 00:31:45,059

the past we've tried to push this

743

00:31:50,990 --> 00:31:46,799

subject through the government through

744

00:31:54,169 --> 00:31:51,000

MPS local and you know elsewhere but

745

00:31:55,789 --> 00:31:54,179

we're still whenever we get any kind of

746

00:31:57,950 --> 00:31:55,799

Correspondence back from them it's still

747

00:32:00,049 --> 00:31:57,960

the same boilerplate responses they just

748

00:32:03,889 --> 00:32:00,059

will not budge on this conversation at

749

00:32:06,110 --> 00:32:03,899

this time so we'll keep trying but Grant

750

00:32:08,389 --> 00:32:06,120

if you've got anything you can advise us

751
00:32:10,250 --> 00:32:08,399
to do please you know and anybody but it

752
00:32:13,370 --> 00:32:10,260
they just will not budge

753
00:32:15,350 --> 00:32:13,380
yeah you guys have your hands full yeah

754
00:32:17,810 --> 00:32:15,360
I want to say you guys over there in the

755
00:32:20,750 --> 00:32:17,820
UK I I still am not getting used to it

756
00:32:23,630 --> 00:32:20,760
man uh Ryan you are not in the United

757
00:32:25,970 --> 00:32:23,640
States stop it God I gotta do this in

758
00:32:27,830 --> 00:32:25,980
front of almost 300 people you're not in

759
00:32:30,409 --> 00:32:27,840
the United States right

760
00:32:32,710 --> 00:32:30,419
um wow 300 people dude I should have

761
00:32:35,750 --> 00:32:32,720
known this is gonna happen

762
00:32:37,250 --> 00:32:35,760
we're we're live streaming as these

763
00:32:39,710 --> 00:32:37,260

things are being shut down I feel like

764

00:32:42,110 --> 00:32:39,720

that how how interesting would have this

765

00:32:44,090 --> 00:32:42,120

have been if like it was an actual Alien

766

00:32:47,149 --> 00:32:44,100

Invasion and you and I was just like

767

00:32:49,370 --> 00:32:47,159

sitting here drinking and feeling like

768

00:32:51,169 --> 00:32:49,380

the world's ending Vinnie cheers hey

769

00:32:52,669 --> 00:32:51,179

that's probably a good way of doing it

770

00:32:54,710 --> 00:32:52,679

to be honest so I'd be like oh yeah

771

00:32:58,549 --> 00:32:54,720

let's let's go now in style brother

772

00:33:00,470 --> 00:32:58,559

let's do it Let's Do It um let me see

773

00:33:02,750 --> 00:33:00,480

here yeah someone said in the chat it

774

00:33:05,269 --> 00:33:02,760

has been shot down so

775

00:33:07,310 --> 00:33:05,279

um yep and the octagon shape came from

776

00:33:09,110 --> 00:33:07,320

the Wall Street Journal so there you go

777

00:33:09,830 --> 00:33:09,120

there you go

778

00:33:12,110 --> 00:33:09,840

um

779

00:33:14,630 --> 00:33:12,120

awesome am I forgetting anything Vinnie

780

00:33:17,389 --> 00:33:14,640

before we move on to our next story I

781

00:33:19,370 --> 00:33:17,399

think that's probably it man that's been

782

00:33:20,990 --> 00:33:19,380

so much sad I think we've covered the

783

00:33:22,310 --> 00:33:21,000

bases and I think we're just gonna have

784

00:33:23,870 --> 00:33:22,320

to wait and see it play out over the

785

00:33:25,490 --> 00:33:23,880

coming days and weeks depending how long

786

00:33:27,529 --> 00:33:25,500

it continues you know

787

00:33:29,630 --> 00:33:27,539

absolutely it's a developing story

788

00:33:31,549 --> 00:33:29,640

literally by the second yeah that's

789

00:33:33,049 --> 00:33:31,559

where as we're talking

790

00:33:36,169 --> 00:33:33,059

um we'll let you know if another one

791

00:33:39,169 --> 00:33:36,179

gets shut down while we're still talking

792

00:33:40,909 --> 00:33:39,179

um or you let us know uh yes

793

00:33:42,889 --> 00:33:40,919

constellation that is a Guinness I'm

794

00:33:45,590 --> 00:33:42,899

drinking cheers cheers

795

00:33:47,509 --> 00:33:45,600

Andreas that's the same thing wow the

796

00:33:48,889 --> 00:33:47,519

burning question tonight what are you

797

00:33:50,630 --> 00:33:48,899

drinking

798

00:33:53,630 --> 00:33:50,640

Vinnie you brought this story to me

799

00:33:56,149 --> 00:33:53,640

almost two hours ago which uh completely

800

00:33:58,070 --> 00:33:56,159

forgive the pun went under my radar I

801
00:34:00,350 --> 00:33:58,080
had no idea this had come out

802
00:34:02,750 --> 00:34:00,360
um this comes from our good friend and

803
00:34:06,289 --> 00:34:02,760
colleague Christopher Mellon and a

804
00:34:12,290 --> 00:34:06,299
gentleman named uh named Tim Tim I want

805
00:34:16,669 --> 00:34:14,930
um yeah let's go with that the ocean

806
00:34:19,849 --> 00:34:16,679
science Community must put science

807
00:34:23,450 --> 00:34:19,859
before stigma with anomalous phenomena

808
00:34:24,909 --> 00:34:23,460
this is a wonderful story I'm so happy

809
00:34:26,690 --> 00:34:24,919
you brought it to my attention because

810
00:34:29,450 --> 00:34:26,700
we have

811
00:34:33,349 --> 00:34:29,460
um Arrow looking at sort of a lot of the

812
00:34:36,530 --> 00:34:33,359
stuff going on in our skies uh inklings

813
00:34:39,409 --> 00:34:36,540

of you know trans medium being being

814

00:34:42,169 --> 00:34:39,419

spoken with them but not really

815

00:34:46,490 --> 00:34:42,179

saying anything about like what the

816

00:34:49,369 --> 00:34:46,500

oceanic sort of slant or angle is to all

817

00:34:50,690 --> 00:34:49,379

this so um I was just so happy to see

818

00:34:52,129 --> 00:34:50,700

this story

819

00:34:55,669 --> 00:34:52,139

um I'll go through a little brief run

820

00:34:59,210 --> 00:34:55,679

down here a real rear Admiral Tim

821

00:35:01,430 --> 00:34:59,220

gallaudot's PhD is the CEO of ocean STL

822

00:35:04,490 --> 00:35:01,440

Consulting and a research affiliate with

823

00:35:06,410 --> 00:35:04,500

Harvard's uh Galileo project he is the

824

00:35:08,329 --> 00:35:06,420

former acting and Deputy Administrator

825

00:35:10,910 --> 00:35:08,339

at the National Oceanic and Atmospheric

826

00:35:12,650 --> 00:35:10,920

Administration Noah and acting under

827

00:35:16,550 --> 00:35:12,660

secretary and assistant Secretary of

828

00:35:18,950 --> 00:35:16,560

Commerce and oceanographer in the Navy

829

00:35:20,390 --> 00:35:18,960

um and he basically this is a opinion

830

00:35:24,230 --> 00:35:20,400

piece where he's

831

00:35:26,750 --> 00:35:24,240

kind of saying all this you know that um

832

00:35:28,250 --> 00:35:26,760

that we're looking at everything in the

833

00:35:30,530 --> 00:35:28,260

skies these potential threats in our

834

00:35:32,569 --> 00:35:30,540

skies but what are all these Oceanic

835

00:35:34,670 --> 00:35:32,579

things doing Noah particularly I think

836

00:35:38,170 --> 00:35:34,680

would be a really good one to look into

837

00:35:41,870 --> 00:35:38,180

this um and and yeah it's kind of going

838

00:35:43,790 --> 00:35:41,880

going unseen unheard so he's kind of

839

00:35:46,250 --> 00:35:43,800

taking the reins to be like look we

840

00:35:48,410 --> 00:35:46,260

gotta we gotta look into this and he

841

00:35:50,810 --> 00:35:48,420

kind of proposes these three immediate

842

00:35:54,349 --> 00:35:50,820

actions that would remedy scientific

843

00:35:56,270 --> 00:35:54,359

neglect or of similar anomalies

844

00:35:59,030 --> 00:35:56,280

um I'm not going to go through them

845

00:36:01,069 --> 00:35:59,040

entirely uh do you have this pulled up

846

00:36:03,470 --> 00:36:01,079

on your end Vinnie I have the three

847

00:36:05,390 --> 00:36:03,480

major points pulled up yeah cool would

848

00:36:07,430 --> 00:36:05,400

you mind maybe running through those for

849

00:36:08,750 --> 00:36:07,440

us if you don't mind yeah sure

850

00:36:10,310 --> 00:36:08,760

definitely I mean these are three

851

00:36:13,010 --> 00:36:10,320

immediate actions that they believe

852

00:36:14,750 --> 00:36:13,020

would remedy the scientific neglect of

853

00:36:16,670 --> 00:36:14,760

basically anomalies in the maritime

854

00:36:19,490 --> 00:36:16,680

domain so the first is the white

855

00:36:20,750 --> 00:36:19,500

house-led ocean policy committee and and

856

00:36:22,370 --> 00:36:20,760

he's saying that they should amend their

857

00:36:25,670 --> 00:36:22,380

opportunities and actions for ocean

858

00:36:27,890 --> 00:36:25,680

science and technology to add uup which

859

00:36:31,250 --> 00:36:27,900

I think is unidentified undersea

860

00:36:33,109 --> 00:36:31,260

phenomena is right yes yeah

861

00:36:35,870 --> 00:36:33,119

um as a seventh area for a media

862

00:36:38,450 --> 00:36:35,880

opportunity so uh it sets in motion

863

00:36:40,670 --> 00:36:38,460

science priorities of executive branch

864

00:36:43,250 --> 00:36:40,680

departments as well as government-funded

865

00:36:46,550 --> 00:36:43,260

academic and science institutions so it

866

00:36:48,670 --> 00:36:46,560

will instantly create interest in uup

867

00:36:50,690 --> 00:36:48,680

by the ocean science community in the US

868

00:36:52,849 --> 00:36:50,700

uh so that you know that's really

869

00:36:54,829 --> 00:36:52,859

important I think number two he goes on

870

00:36:56,870 --> 00:36:54,839

to say the naval studies Board of the

871

00:36:58,490 --> 00:36:56,880

national academies should conduct a

872

00:37:00,349 --> 00:36:58,500

survey of anomalous undersea

873

00:37:02,870 --> 00:37:00,359

observations and make recommendations

874

00:37:04,370 --> 00:37:02,880

for a national research program and

875

00:37:05,930 --> 00:37:04,380

again he's talking about the stigma here

876

00:37:08,089 --> 00:37:05,940

that Ryan Graves the Navy pilot

877

00:37:11,030 --> 00:37:08,099

identified as a cause for suppressing

878

00:37:13,069 --> 00:37:11,040

reports of UAP by other pilots pilots is

879

00:37:15,710 --> 00:37:13,079

likely having the same effect for uup

880

00:37:18,470 --> 00:37:15,720

evidence in classified and unclassified

881

00:37:20,329 --> 00:37:18,480

ocean sensor data a survey across

882

00:37:22,849 --> 00:37:20,339

Federal States private and public ocean

883

00:37:25,490 --> 00:37:22,859

research institutions will provide a

884

00:37:28,010 --> 00:37:25,500

baseline for uup occurrence support the

885

00:37:29,329 --> 00:37:28,020

undersea aspect of Arrow's Mission and

886

00:37:31,430 --> 00:37:29,339

serve to shape the elements of a

887

00:37:34,370 --> 00:37:31,440

national research effort regarding them

888

00:37:36,589 --> 00:37:34,380

and then finally 0.3 the United Nations

889

00:37:38,690 --> 00:37:36,599

decade of ocean science for sustainable

890

00:37:40,849 --> 00:37:38,700

development should endorse an ocean

891

00:37:44,089 --> 00:37:40,859

decade action to create an international

892

00:37:46,010 --> 00:37:44,099

effort to research ups this Flagship

893

00:37:48,770 --> 00:37:46,020

International collaboration program for

894

00:37:50,990 --> 00:37:48,780

ocean science is driven by the un's 17

895

00:37:52,790 --> 00:37:51,000

sustainable development goals many of

896

00:37:55,990 --> 00:37:52,800

which benefit from technology advances

897

00:37:59,870 --> 00:37:56,000

resulting from such research

898

00:38:01,609 --> 00:37:59,880

love it again this is the kind of stuff

899

00:38:04,310 --> 00:38:01,619

that people like Chris Mellon are doing

900

00:38:07,609 --> 00:38:04,320

behind the scenes they're not vocal

901
00:38:09,490 --> 00:38:07,619
until they've actually made progress and

902
00:38:13,069 --> 00:38:09,500
I think that's why we've sort of seen

903
00:38:15,349 --> 00:38:13,079
melon or Elizondo or or individuals like

904
00:38:17,690 --> 00:38:15,359
that kind of blend back into the

905
00:38:20,510 --> 00:38:17,700
background because they're doing work

906
00:38:22,670 --> 00:38:20,520
they're not out saying I'm going to do

907
00:38:25,370 --> 00:38:22,680
this which is something I used to fall

908
00:38:27,890 --> 00:38:25,380
victim to all the time as like a

909
00:38:30,290 --> 00:38:27,900
creative person like hey I'm working on

910
00:38:32,329 --> 00:38:30,300
a new script it's going to get made next

911
00:38:34,250 --> 00:38:32,339
year and then it doesn't happen and like

912
00:38:38,210 --> 00:38:34,260
look everyone's guilty of stuff like

913
00:38:39,589 --> 00:38:38,220

that yeah um or you know I I'd say other

914

00:38:41,630 --> 00:38:39,599

examples

915

00:38:43,310 --> 00:38:41,640

um but I think the projects are are

916

00:38:45,230 --> 00:38:43,320

still going to happen so I don't want to

917

00:38:47,690 --> 00:38:45,240

uh to jinx that

918

00:38:50,990 --> 00:38:47,700

um but yeah I I think this is a prime

919

00:38:53,630 --> 00:38:51,000

example of organizations that will

920

00:38:55,490 --> 00:38:53,640

eventually become a part of all this and

921

00:38:57,109 --> 00:38:55,500

might even start working with arrow I

922

00:39:00,290 --> 00:38:57,119

mean that's the goal goal right to kind

923

00:39:03,530 --> 00:39:00,300

of get everyone on the same page no more

924

00:39:05,750 --> 00:39:03,540

stove piping with all this stuff so uh

925

00:39:07,130 --> 00:39:05,760

yeah yeah I think this is super cool

926

00:39:10,250 --> 00:39:07,140

super exciting

927

00:39:13,490 --> 00:39:10,260

um and to see someone like Tim uh kind

928

00:39:15,470 --> 00:39:13,500

of putting his butt out there in

929

00:39:17,690 --> 00:39:15,480

and kind of becoming a part of this

930

00:39:20,030 --> 00:39:17,700

because stigma's shedding but it's not

931

00:39:21,710 --> 00:39:20,040

completely gone right absolutely and to

932

00:39:23,390 --> 00:39:21,720

see someone of his stature come out and

933

00:39:25,430 --> 00:39:23,400

talk about it you know

934

00:39:27,710 --> 00:39:25,440

will only send a good message you know

935

00:39:29,390 --> 00:39:27,720

down the chain to anybody in these

936

00:39:31,370 --> 00:39:29,400

institutions dealing with the you know

937

00:39:34,010 --> 00:39:31,380

the ocean and stuff too

938

00:39:35,510 --> 00:39:34,020

talk maybe if they have seen something

939

00:39:37,730 --> 00:39:35,520

whether it be

940

00:39:38,930 --> 00:39:37,740

anomalous readouts or data rather than

941

00:39:41,089 --> 00:39:38,940

an object because you know you haven't

942

00:39:42,650 --> 00:39:41,099

always got eyes underwater but you know

943

00:39:44,690 --> 00:39:42,660

with the sensor systems that they have

944

00:39:46,910 --> 00:39:44,700

then maybe there has been stuff picked

945

00:39:48,589 --> 00:39:46,920

up so maybe people will come forward

946

00:39:50,750 --> 00:39:48,599

when they see people like him you know

947

00:39:53,990 --> 00:39:50,760

putting his neck on the line

948

00:39:56,329 --> 00:39:54,000

I hope so I hope so man David says

949

00:39:58,370 --> 00:39:56,339

Pentagon press conference soon awesome

950

00:40:00,530 --> 00:39:58,380

so we've got this live stream we've got

951
00:40:01,910 --> 00:40:00,540
the Super Bowl and we've got a pentagon

952
00:40:03,950 --> 00:40:01,920
press conference look at what we're

953
00:40:06,710 --> 00:40:03,960
working against Vinnie Let's uh let's

954
00:40:08,030 --> 00:40:06,720
move on so we don't uh bleed into either

955
00:40:09,829 --> 00:40:08,040
of those

956
00:40:13,370 --> 00:40:09,839
um and also I do want to give a shout

957
00:40:15,589 --> 00:40:13,380
out to James for the Super Chat sadly no

958
00:40:19,130 --> 00:40:15,599
balloon uaps in Brazil the last few

959
00:40:21,650 --> 00:40:19,140
weeks James give it some time man it's

960
00:40:23,930 --> 00:40:21,660
only a matter of time I just did a whole

961
00:40:26,870 --> 00:40:23,940
episode on Brazil what a strange place

962
00:40:29,450 --> 00:40:26,880
when it comes to the NP if any crazy so

963
00:40:31,730 --> 00:40:29,460

I have no doubt there'll be uh creeping

964

00:40:34,010 --> 00:40:31,740

up next with all this for sure

965

00:40:36,650 --> 00:40:34,020

um oh press conference Monday Daniel

966

00:40:39,410 --> 00:40:36,660

says okay oh cool a bit of breathing

967

00:40:44,390 --> 00:40:39,420

space yeah it gives them time to uh

968

00:40:49,849 --> 00:40:47,030

um let's move on to someone who's not

969

00:40:53,210 --> 00:40:49,859

our friend Vinnie who's not our

970

00:40:55,130 --> 00:40:53,220

colleague that is Mr Vladimir Putin um

971

00:40:57,950 --> 00:40:55,140

this story came out about a week or so

972

00:41:01,130 --> 00:40:57,960

ago but I did want to cover it uh Putin

973

00:41:03,230 --> 00:41:01,140

is buzzed by color changing UFO spotted

974

00:41:06,730 --> 00:41:03,240

by Russian planes as he makes speech

975

00:41:09,950 --> 00:41:06,740

threatening nuclear war against the West

976

00:41:13,910 --> 00:41:09,960

so pilots and multiple Russian planes

977

00:41:16,370 --> 00:41:13,920

reporting a UFO buzzing vulgar grad am I

978

00:41:19,490 --> 00:41:16,380

saying that right when Putin visited the

979

00:41:22,630 --> 00:41:19,500

city okay a UFO change color and height

980

00:41:25,730 --> 00:41:22,640

in the sky a report by telegram Channel

981

00:41:27,349 --> 00:41:25,740

by a telegram Channel said the UFO was

982

00:41:29,690 --> 00:41:27,359

seen and reported to the aviation

983

00:41:32,630 --> 00:41:29,700

authorities by the crews of four

984

00:41:35,450 --> 00:41:32,640

separate passenger plates uh Putin had

985

00:41:37,609 --> 00:41:35,460

flown to vulgar vulgar grad excuse me

986

00:41:39,230 --> 00:41:37,619

guys under close security to attend

987

00:41:41,690 --> 00:41:39,240

ceremonies linked to the 80th

988

00:41:44,329 --> 00:41:41,700

anniversary of the Battle of Stalingrad

989

00:41:46,849 --> 00:41:44,339

in the second world war and

990

00:41:49,010 --> 00:41:46,859

um let's see here

991

00:41:52,190 --> 00:41:49,020

uh the incidents came as the dictator

992

00:41:53,870 --> 00:41:52,200

hinted at the conflict in Ukraine uh how

993

00:41:56,450 --> 00:41:53,880

it could turn nuclear following the

994

00:41:58,670 --> 00:41:56,460

West's moves to supply Kiev with major

995

00:42:00,829 --> 00:41:58,680

supplies of Tanks

996

00:42:04,670 --> 00:42:00,839

um the crew of the one of these

997

00:42:07,550 --> 00:42:04,680

airplanes said that uh 12 minutes before

998

00:42:10,130 --> 00:42:07,560

reaching the city where Putin was going

999

00:42:13,130 --> 00:42:10,140

to be speaking at an altitude of 10 000

1000

00:42:15,829 --> 00:42:13,140

meters they reported uh observing a UFO

1001
00:42:18,050 --> 00:42:15,839
at right angles to the plane and on the

1002
00:42:19,069 --> 00:42:18,060
left side it changed color height and

1003
00:42:20,690 --> 00:42:19,079
direction

1004
00:42:22,550 --> 00:42:20,700
the sightings were reported to air

1005
00:42:24,710 --> 00:42:22,560
traffic control and civil and Military

1006
00:42:27,290 --> 00:42:24,720
authorities the first sighting was

1007
00:42:29,690 --> 00:42:27,300
around three hours before uh excuse me

1008
00:42:32,329 --> 00:42:29,700
after Putin's arrival the Russian

1009
00:42:34,130 --> 00:42:32,339
authorities have not commented on the

1010
00:42:38,829 --> 00:42:34,140
reports of course they haven't why would

1011
00:42:41,630 --> 00:42:38,839
they yeah but dude I mean this is crazy

1012
00:42:44,930 --> 00:42:41,640
if we want to kind of play the Marvel

1013
00:42:47,510 --> 00:42:44,940

MCU everything's connected right we had

1014

00:42:50,630 --> 00:42:47,520

uh actually Russia having these things

1015

00:42:53,150 --> 00:42:50,640

happen before us and

1016

00:42:54,170 --> 00:42:53,160

um possibly China next what do you think

1017

00:42:56,210 --> 00:42:54,180

what do you think do you think there's

1018

00:42:57,950 --> 00:42:56,220

anything to this story you never know

1019

00:43:00,290 --> 00:42:57,960

what to believe when it comes to Russian

1020

00:43:02,569 --> 00:43:00,300

media you don't and that's the thing and

1021

00:43:05,690 --> 00:43:02,579

I you know I've seen this uh story in a

1022

00:43:09,230 --> 00:43:05,700

couple of uh different media outlets and

1023

00:43:10,730 --> 00:43:09,240

I it's very sparse on the data again but

1024

00:43:12,770 --> 00:43:10,740

I was reading through and I thought okay

1025

00:43:15,050 --> 00:43:12,780

a color changing that sounds interesting

1026

00:43:16,309 --> 00:43:15,060

and I'm scrolling down the article and

1027

00:43:19,010 --> 00:43:16,319

right at the bottom it showed the

1028

00:43:21,349 --> 00:43:19,020

stadium or the arena where here boom was

1029

00:43:23,150 --> 00:43:21,359

speaking and it had all these bright

1030

00:43:24,710 --> 00:43:23,160

colored lasers shining off of it and it

1031

00:43:26,210 --> 00:43:24,720

was like this is the laser show from

1032

00:43:27,970 --> 00:43:26,220

that event and I'm thinking well let's

1033

00:43:31,010 --> 00:43:27,980

talk about color changing and there's

1034

00:43:32,569 --> 00:43:31,020

multi-colored lasers being shot off at

1035

00:43:35,930 --> 00:43:32,579

the similar time

1036

00:43:38,089 --> 00:43:35,940

you know I kind of have to put that as a

1037

00:43:40,370 --> 00:43:38,099

the highest possibility now what the

1038

00:43:42,410 --> 00:43:40,380

object is I don't know balloon drone

1039

00:43:44,930 --> 00:43:42,420

reflecting

1040

00:43:47,210 --> 00:43:44,940

laser lights I still think even that's

1041

00:43:50,390 --> 00:43:47,220

more likely than a genuine

1042

00:43:51,890 --> 00:43:50,400

craft I don't know it's it's tough

1043

00:43:55,370 --> 00:43:51,900

it's tough

1044

00:43:57,230 --> 00:43:55,380

it is and again like we've had some

1045

00:43:59,870 --> 00:43:57,240

incredible cases come out of Russia I

1046

00:44:01,550 --> 00:43:59,880

did an episode uh I don't know maybe a

1047

00:44:04,250 --> 00:44:01,560

year and a half ago where I covered the

1048

00:44:07,370 --> 00:44:04,260

whole history of UFOs in Russia but like

1049

00:44:09,349 --> 00:44:07,380

that's what we were given and that's the

1050

00:44:11,510 --> 00:44:09,359

stuff smuggled out from the Iron Curtain

1051
00:44:13,010 --> 00:44:11,520
stuff like yeah what George Knapp was

1052
00:44:16,250 --> 00:44:13,020
able to get out

1053
00:44:18,530 --> 00:44:16,260
um uh you know a wonderful researcher

1054
00:44:21,050 --> 00:44:18,540
named Paul Stonehill who I highly

1055
00:44:23,930 --> 00:44:21,060
recommend people check out his work a

1056
00:44:25,790 --> 00:44:23,940
gentleman uh actually from Russia who uh

1057
00:44:27,589 --> 00:44:25,800
actually I believe he's yeah yeah he's

1058
00:44:30,230 --> 00:44:27,599
from Ukraine actually

1059
00:44:32,829 --> 00:44:30,240
um who brought over

1060
00:44:35,210 --> 00:44:32,839
tons and tons of cases that he'd been

1061
00:44:37,609 --> 00:44:35,220
investigating over there I believe he

1062
00:44:39,230 --> 00:44:37,619
lives in the United States now so um

1063
00:44:40,930 --> 00:44:39,240

there is a plethora of phenomena

1064

00:44:44,150 --> 00:44:40,940

happening in Russia just like there is

1065

00:44:47,990 --> 00:44:44,160

everywhere else it's just a matter of um

1066

00:44:50,690 --> 00:44:48,000

what is real and what is not but um

1067

00:44:52,910 --> 00:44:50,700

hey if they're gonna

1068

00:44:54,650 --> 00:44:52,920

scare Putin from making more nuclear

1069

00:44:56,870 --> 00:44:54,660

threats uh I'm all for that but

1070

00:44:58,550 --> 00:44:56,880

absolutely man I mean as far as that

1071

00:44:59,930 --> 00:44:58,560

story goes if anything else comes out of

1072

00:45:03,050 --> 00:44:59,940

it we need to see

1073

00:45:04,910 --> 00:45:03,060

was it on captured on radar was it any

1074

00:45:06,589 --> 00:45:04,920

straight more strange Maneuvers that we

1075

00:45:08,270 --> 00:45:06,599

can see on the radar speeds and it just

1076
00:45:10,490 --> 00:45:08,280
needs more data like any other case and

1077
00:45:12,710 --> 00:45:10,500
I feel like a broken record saying that

1078
00:45:15,349 --> 00:45:12,720
all the time but you know when you get

1079
00:45:16,790 --> 00:45:15,359
so deep into the research field and you

1080
00:45:18,710 --> 00:45:16,800
just hit brick walls it's because

1081
00:45:20,890 --> 00:45:18,720
there's not enough data and so it always

1082
00:45:25,069 --> 00:45:20,900
comes down to that

1083
00:45:28,250 --> 00:45:25,079
exactly hey data is where we're heading

1084
00:45:30,650 --> 00:45:28,260
next let's move on to a much brighter

1085
00:45:33,170 --> 00:45:30,660
story an exciting story

1086
00:45:37,430 --> 00:45:33,180
um this came from scientific America

1087
00:45:42,410 --> 00:45:37,440
actually uh love love love this one

1088
00:45:44,990 --> 00:45:42,420

um I believe it came out uh maybe a

1089

00:45:46,910 --> 00:45:45,000

little over a week and a half ago

1090

00:45:49,670 --> 00:45:46,920

um scientists tried to get serious about

1091

00:45:52,490 --> 00:45:49,680

studying UFOs good luck with that I love

1092

00:45:56,510 --> 00:45:52,500

these snarky headlines scientific

1093

00:45:58,609 --> 00:45:56,520

America is trying to so be like Vice now

1094

00:46:02,150 --> 00:45:58,619

um it's hilarious

1095

00:46:04,069 --> 00:46:02,160

um but hey they did a brilliant article

1096

00:46:06,530 --> 00:46:04,079

kind of looking at all of these

1097

00:46:09,050 --> 00:46:06,540

organizations independent or

1098

00:46:11,450 --> 00:46:09,060

semi-government funded that are looking

1099

00:46:14,569 --> 00:46:11,460

into UAP

1100

00:46:17,210 --> 00:46:14,579

um such as the Galileo project is one of

1101
00:46:18,890 --> 00:46:17,220
the big ones I know they spoke to Avi

1102
00:46:22,190 --> 00:46:18,900
lobe in the article which was really

1103
00:46:25,250 --> 00:46:22,200
cool they all also spoke to the people

1104
00:46:28,190 --> 00:46:25,260
over at uapx for those of you who don't

1105
00:46:30,829 --> 00:46:28,200
know uapx is a group a non-profit

1106
00:46:33,170 --> 00:46:30,839
organization that includes physicists

1107
00:46:35,270 --> 00:46:33,180
engineers and other Specialists and like

1108
00:46:37,970 --> 00:46:35,280
the Galileo project they deploy

1109
00:46:41,450 --> 00:46:37,980
customized sensor lading gear in their

1110
00:46:43,490 --> 00:46:41,460
quest of git more data uapx's

1111
00:46:46,190 --> 00:46:43,500
instruments include infrared visible and

1112
00:46:49,130 --> 00:46:46,200
UltraViolet cameras and spectrographs

1113
00:46:51,650 --> 00:46:49,140

their solution is to only look at the

1114

00:46:54,770 --> 00:46:51,660

data and we kind of saw that play out in

1115

00:46:56,809 --> 00:46:54,780

the recent documentary a tear in this

1116

00:46:59,270 --> 00:46:56,819

guy I believe it was called yeah yeah

1117

00:47:01,010 --> 00:46:59,280

really good really good documentary

1118

00:47:04,849 --> 00:47:01,020

where they were able to use their

1119

00:47:07,910 --> 00:47:04,859

instruments to find some data um at the

1120

00:47:10,250 --> 00:47:07,920

location where the Tic Tac was seen so

1121

00:47:11,990 --> 00:47:10,260

clearly something's going on there um I

1122

00:47:15,010 --> 00:47:12,000

know there's still you know Getting

1123

00:47:17,510 --> 00:47:15,020

peer-reviewed Papers written about that

1124

00:47:18,589 --> 00:47:17,520

and this article highlighted that so

1125

00:47:22,450 --> 00:47:18,599

that was cool

1126

00:47:25,130 --> 00:47:22,460

um they also highlighted enigma my labs

1127

00:47:27,950 --> 00:47:25,140

Vinnie I need to get your thoughts on

1128

00:47:29,690 --> 00:47:27,960

Enigma Labs they're kind of the um

1129

00:47:32,450 --> 00:47:29,700

I wouldn't even know what to call them

1130

00:47:35,630 --> 00:47:32,460

right now the enigmatic as their name

1131

00:47:38,510 --> 00:47:35,640

States uh black sheep in the UFO World

1132

00:47:40,670 --> 00:47:38,520

nobody really knows who they are or what

1133

00:47:42,530 --> 00:47:40,680

they're doing but they're kind of on

1134

00:47:45,710 --> 00:47:42,540

kind of what would you say rolling out

1135

00:47:48,230 --> 00:47:45,720

this plan to have like an app where you

1136

00:47:51,109 --> 00:47:48,240

report your UFO stuff and they're going

1137

00:47:53,750 --> 00:47:51,119

to start aggregating it all to I don't

1138

00:47:56,390 --> 00:47:53,760

know try to find answers um do you know

1139

00:47:58,010 --> 00:47:56,400

anything about Enigma Labs that I'm

1140

00:48:02,329 --> 00:47:58,020

really

1141

00:48:04,430 --> 00:48:02,339

know much about this group yeah so they

1142

00:48:06,770 --> 00:48:04,440

will be collecting a lot of

1143

00:48:09,589 --> 00:48:06,780

cases from the public to to put into

1144

00:48:12,109 --> 00:48:09,599

this database and they will be rating

1145

00:48:14,450 --> 00:48:12,119

them on a scale I don't quite know how

1146

00:48:16,010 --> 00:48:14,460

they're going to work out that scale

1147

00:48:17,270 --> 00:48:16,020

um but I think what what stood out for

1148

00:48:18,650 --> 00:48:17,280

me in this article and from

1149

00:48:21,349 --> 00:48:18,660

conversations I spoke with Alejandro

1150

00:48:22,910 --> 00:48:21,359

Rojas recently and you know they are

1151

00:48:25,370 --> 00:48:22,920

here to not just

1152

00:48:27,650 --> 00:48:25,380

take on board all these cases but to

1153

00:48:32,089 --> 00:48:27,660

actually teach people about what UAP and

1154

00:48:34,370 --> 00:48:32,099

UFOs UFOs are not so when people are

1155

00:48:35,809 --> 00:48:34,380

capturing anomalous things or what they

1156

00:48:38,630 --> 00:48:35,819

think are anomalous things on camera

1157

00:48:41,329 --> 00:48:38,640

it's a way of showing you know what

1158

00:48:43,670 --> 00:48:41,339

these could be the prosaic explanations

1159

00:48:45,050 --> 00:48:43,680

and that so you know I don't know if you

1160

00:48:46,190 --> 00:48:45,060

get it but I certainly get it a lot

1161

00:48:48,230 --> 00:48:46,200

where people want to send me their

1162

00:48:50,089 --> 00:48:48,240

photographs and videos and you know I

1163

00:48:51,770 --> 00:48:50,099

love that and I try and take time to

1164

00:48:53,690 --> 00:48:51,780

look at them but a lot of the time there

1165

00:48:55,190 --> 00:48:53,700

is a fairly straightforward answer and

1166

00:48:57,109 --> 00:48:55,200

I'm happy to to give that to the the

1167

00:48:58,730 --> 00:48:57,119

individual but I think it would help if

1168

00:49:00,950 --> 00:48:58,740

more individuals were able to do that

1169

00:49:03,109 --> 00:49:00,960

for themselves it just

1170

00:49:04,609 --> 00:49:03,119

would help the process of everybody in

1171

00:49:07,670 --> 00:49:04,619

the long run so I think you know there

1172

00:49:09,230 --> 00:49:07,680

is controversy about the the backers of

1173

00:49:11,809 --> 00:49:09,240

enigma labs and the fact that they're

1174

00:49:13,910 --> 00:49:11,819

keeping some things private and

1175

00:49:15,109 --> 00:49:13,920

there is connection to arrow and the

1176

00:49:16,790 --> 00:49:15,119

government which of course a lot of

1177

00:49:18,650 --> 00:49:16,800

people don't like that but if Arrow does

1178

00:49:20,930 --> 00:49:18,660

its job and Enigma does its job then it

1179

00:49:23,210 --> 00:49:20,940

can only benefit us in in one aspect you

1180

00:49:24,349 --> 00:49:23,220

know maybe I'm being naive but

1181

00:49:27,470 --> 00:49:24,359

you know

1182

00:49:29,569 --> 00:49:27,480

um it's yeah I don't think you are I

1183

00:49:31,670 --> 00:49:29,579

think it's hard you know

1184

00:49:33,710 --> 00:49:31,680

um someone mentioned Alejandra Rojas and

1185

00:49:37,849 --> 00:49:33,720

Ben Hansen who both seem to be working

1186

00:49:40,490 --> 00:49:37,859

with Enigma Labs um I think it's good

1187

00:49:44,390 --> 00:49:40,500

that we have people like them to people

1188

00:49:46,910 --> 00:49:44,400

I trust uh invaluable in this field uh

1189

00:49:49,010 --> 00:49:46,920

you know they will admit when they're

1190

00:49:52,609 --> 00:49:49,020

wrong on stuff and uh they're not

1191

00:49:56,930 --> 00:49:52,619

perfect uh but it's two people on the

1192

00:49:58,370 --> 00:49:56,940

outside who will semi be working with

1193

00:50:00,829 --> 00:49:58,380

government

1194

00:50:03,890 --> 00:50:00,839

um and that's what we want I know

1195

00:50:05,109 --> 00:50:03,900

there's an inherent fear that anyone who

1196

00:50:07,790 --> 00:50:05,119

starts working with the government

1197

00:50:10,910 --> 00:50:07,800

immediately catches the government virus

1198

00:50:13,490 --> 00:50:10,920

and becomes a disinformation agent

1199

00:50:15,530 --> 00:50:13,500

um guys this isn't the X-Files it

1200

00:50:18,710 --> 00:50:15,540

doesn't work like that

1201
00:50:19,910 --> 00:50:18,720
um as much as it's romantic and cool to

1202
00:50:22,430 --> 00:50:19,920
think that way

1203
00:50:23,930 --> 00:50:22,440
um they're just people working for an

1204
00:50:25,670 --> 00:50:23,940
institution they all have their own

1205
00:50:27,470 --> 00:50:25,680
thoughts theories approaches to all this

1206
00:50:29,030 --> 00:50:27,480
and I think it's good that they're

1207
00:50:31,370 --> 00:50:29,040
getting people from the outside they

1208
00:50:33,050 --> 00:50:31,380
easily could have went the opposite way

1209
00:50:37,490 --> 00:50:33,060
and just worked with government people

1210
00:50:39,050 --> 00:50:37,500
again like an arrow 2.0 or a arrows

1211
00:50:41,809 --> 00:50:39,060
cousin I don't know

1212
00:50:43,609 --> 00:50:41,819
um era yeah I don't I don't know man but

1213
00:50:46,609 --> 00:50:43,619

um yeah I think it's pretty cool they're

1214

00:50:49,430 --> 00:50:46,619

also gonna I saw be looking at um

1215

00:50:52,309 --> 00:50:49,440

uh past cases too yeah I think they're

1216

00:50:54,470 --> 00:50:52,319

gonna entwine historical cases in with

1217

00:50:55,670 --> 00:50:54,480

all the new stuff so it just builds and

1218

00:50:56,990 --> 00:50:55,680

builds into you know what could

1219

00:51:00,349 --> 00:50:57,000

eventually turn out to be the largest

1220

00:51:02,030 --> 00:51:00,359

database uh available you know

1221

00:51:04,549 --> 00:51:02,040

um because we know what happened in the

1222

00:51:07,430 --> 00:51:04,559

past with uh

1223

00:51:09,290 --> 00:51:07,440

um orsap the database that kind of never

1224

00:51:11,630 --> 00:51:09,300

was never made public from those days

1225

00:51:13,190 --> 00:51:11,640

with uh with Bigelow and stuff so maybe

1226

00:51:14,750 --> 00:51:13,200

this one is a similar kind of thing and

1227

00:51:16,309 --> 00:51:14,760

that we'll see um

1228

00:51:18,530 --> 00:51:16,319

we'll see it in the public domain this

1229

00:51:21,130 --> 00:51:18,540

time that would be amazing it would

1230

00:51:23,990 --> 00:51:21,140

certainly help uh UFO researchers

1231

00:51:26,089 --> 00:51:24,000

absolutely uh they interviewed Leslie

1232

00:51:27,349 --> 00:51:26,099

Kane in this article as well you know

1233

00:51:30,109 --> 00:51:27,359

she brought up the Congressional

1234

00:51:32,210 --> 00:51:30,119

hearings the establishment of Arrow and

1235

00:51:34,130 --> 00:51:32,220

she also brought up NASA which you see

1236

00:51:36,950 --> 00:51:34,140

there in the image as well uh they're

1237

00:51:38,630 --> 00:51:36,960

doing their own study this year

1238

00:51:41,510 --> 00:51:38,640

um you know they've hired a group I've I

1239

00:51:43,549 --> 00:51:41,520

believe it was 16 uh individuals

1240

00:51:47,030 --> 00:51:43,559

scientists and and everything you could

1241

00:51:50,510 --> 00:51:47,040

think of to look at UFOs uh

1242

00:51:52,849 --> 00:51:50,520

retroactively and proactively and into

1243

00:51:54,470 --> 00:51:52,859

the future uh what do you think what do

1244

00:51:56,450 --> 00:51:54,480

we what do you think about NASA getting

1245

00:51:59,030 --> 00:51:56,460

involved in all of this they should have

1246

00:52:00,770 --> 00:51:59,040

been all along but yeah exactly exactly

1247

00:52:01,670 --> 00:52:00,780

now it's good that they finally come on

1248

00:52:03,349 --> 00:52:01,680

board

1249

00:52:05,630 --> 00:52:03,359

um you know Bill Nelson has been quite

1250

00:52:07,309 --> 00:52:05,640

vocal on UAP for the past well since

1251
00:52:09,410 --> 00:52:07,319
he's been in charge so that was really

1252
00:52:11,210 --> 00:52:09,420
good to see so when this was announced

1253
00:52:13,309 --> 00:52:11,220
it was really exciting I think initially

1254
00:52:15,109 --> 00:52:13,319
there was a lot of confusion because

1255
00:52:16,790 --> 00:52:15,119
it wasn't very clear what they were

1256
00:52:18,349 --> 00:52:16,800
going to do there was this I think it

1257
00:52:20,030 --> 00:52:18,359
was a hundred thousand dollar budget or

1258
00:52:21,589 --> 00:52:20,040
something for a nine month investigation

1259
00:52:23,510 --> 00:52:21,599
and everyone thought how is that going

1260
00:52:25,549 --> 00:52:23,520
to be a good investigation but it's

1261
00:52:28,309 --> 00:52:25,559
actually a nine-month road map

1262
00:52:30,770 --> 00:52:28,319
investigation for potential future NASA

1263
00:52:32,450 --> 00:52:30,780

UAP research so it's it's kind of saying

1264

00:52:34,190 --> 00:52:32,460

you know how would NASA go about

1265

00:52:36,710 --> 00:52:34,200

actually doing a full research project

1266

00:52:38,870 --> 00:52:36,720

on UAP so in that nine months these 16

1267

00:52:40,430 --> 00:52:38,880

individuals will kind of get their heads

1268

00:52:41,990 --> 00:52:40,440

together to see how that could uh

1269

00:52:43,609 --> 00:52:42,000

potentially line up nine months later

1270

00:52:45,650 --> 00:52:43,619

and I think they're well underway it's

1271

00:52:47,690 --> 00:52:45,660

probably you know a good few months now

1272

00:52:49,250 --> 00:52:47,700

so you know fingers crossed later on

1273

00:52:51,890 --> 00:52:49,260

this year we should see some results

1274

00:52:53,569 --> 00:52:51,900

from that and uh hopefully a positive

1275

00:52:55,370 --> 00:52:53,579

announcement that they are going to go

1276
00:52:57,710 --> 00:52:55,380
ahead and do a full-on research project

1277
00:52:59,630 --> 00:52:57,720
so we shall see but I think it's a good

1278
00:53:01,750 --> 00:52:59,640
thing and it's about time

1279
00:53:04,130 --> 00:53:01,760
about damn time

1280
00:53:06,589 --> 00:53:04,140
I know man yeah

1281
00:53:07,849 --> 00:53:06,599
um again any mainstream coverage like

1282
00:53:12,890 --> 00:53:07,859
this in something like Scientific

1283
00:53:16,010 --> 00:53:12,900
American is amazing and I know again

1284
00:53:17,990 --> 00:53:16,020
like there's people on Twitter being

1285
00:53:20,569 --> 00:53:18,000
like all of what's going on now the Spy

1286
00:53:23,870 --> 00:53:20,579
balloons is only going to hurt the UFO

1287
00:53:27,589 --> 00:53:23,880
field I get that I completely do but at

1288
00:53:29,750 --> 00:53:27,599

the same time you know my partner the

1289

00:53:31,010 --> 00:53:29,760

other day was like oh my God UFOs is

1290

00:53:33,230 --> 00:53:31,020

trending and you know it's always

1291

00:53:35,150 --> 00:53:33,240

trending for me with my like individual

1292

00:53:38,270 --> 00:53:35,160

you know how they like kind of aggregate

1293

00:53:39,770 --> 00:53:38,280

your personal uh trending hashtags of

1294

00:53:40,730 --> 00:53:39,780

course UFOs is always going to show up

1295

00:53:42,770 --> 00:53:40,740

for me

1296

00:53:44,569 --> 00:53:42,780

um but even to a person who doesn't

1297

00:53:47,329 --> 00:53:44,579

follow UFO Twitter who doesn't follow

1298

00:53:50,690 --> 00:53:47,339

all the UFO news she's like whoa it's

1299

00:53:53,030 --> 00:53:50,700

trending like what's going on and and

1300

00:53:54,530 --> 00:53:53,040

then it's just like you know it's just

1301
00:53:56,750 --> 00:53:54,540
out of the gate running I'm like well

1302
00:53:59,569 --> 00:53:56,760
let me start with a China balloon two

1303
00:54:01,430 --> 00:53:59,579
weeks ago did I had that the other day I

1304
00:54:02,750 --> 00:54:01,440
I had a school I was dropping my

1305
00:54:03,829 --> 00:54:02,760
five-year-old daughter off at school and

1306
00:54:05,210 --> 00:54:03,839
I was literally studying the school

1307
00:54:06,950 --> 00:54:05,220
playground and one of the other dads was

1308
00:54:11,030 --> 00:54:06,960
like hey did you hear about this balloon

1309
00:54:17,630 --> 00:54:13,970
the real Vinnie took off the dad mask

1310
00:54:19,790 --> 00:54:17,640
and became a disclosure team Vinnie I

1311
00:54:22,490 --> 00:54:19,800
love it it's so good man dude I still

1312
00:54:24,470 --> 00:54:22,500
have those moments I mean I you know for

1313
00:54:26,930 --> 00:54:24,480

anyone who doesn't follow my work and

1314

00:54:28,490 --> 00:54:26,940

just finds out that I'm into UFOs it

1315

00:54:31,430 --> 00:54:28,500

immediately perks their ears and then

1316

00:54:33,530 --> 00:54:31,440

when I tell them like all right like if

1317

00:54:36,530 --> 00:54:33,540

you want to have this conversation

1318

00:54:39,829 --> 00:54:36,540

um grab a stool and and give me two and

1319

00:54:43,730 --> 00:54:42,290

um it's awesome when you have ever you

1320

00:54:46,250 --> 00:54:43,740

know people who have never thought of

1321

00:54:48,589 --> 00:54:46,260

this stuff getting interested I mean

1322

00:54:50,690 --> 00:54:48,599

within the last few days I'm sure you

1323

00:54:53,990 --> 00:54:50,700

noticed it too like my followers on

1324

00:54:56,089 --> 00:54:54,000

Twitter just like exploded and it's cool

1325

00:54:58,069 --> 00:54:56,099

I'm sure half of them are Bots because I

1326

00:54:59,750 --> 00:54:58,079

did get the free check mark

1327

00:55:02,930 --> 00:54:59,760

um that's a whole other conspiracy show

1328

00:55:04,849 --> 00:55:02,940

but um also there are individuals who

1329

00:55:06,230 --> 00:55:04,859

reached out and said hey I found you

1330

00:55:09,290 --> 00:55:06,240

through

1331

00:55:11,690 --> 00:55:09,300

um hashtag like UFOs hashtag UFO Twitter

1332

00:55:13,370 --> 00:55:11,700

and I'm just getting involved off like

1333

00:55:15,950 --> 00:55:13,380

should I be worried about any of this

1334

00:55:18,589 --> 00:55:15,960

and I'm like I don't even know where to

1335

00:55:21,530 --> 00:55:18,599

begin but Welcome to our crazy little

1336

00:55:24,049 --> 00:55:21,540

corner of the internet

1337

00:55:26,809 --> 00:55:24,059

um it's crazy so yeah I think what I'm

1338

00:55:29,270 --> 00:55:26,819

trying to say that long diatribe is um

1339

00:55:32,630 --> 00:55:29,280

uh kind of that old term like any news

1340

00:55:35,870 --> 00:55:32,640

is good news or excuse me um what is it

1341

00:55:38,390 --> 00:55:35,880

good or bad news any news is uh is good

1342

00:55:39,770 --> 00:55:38,400

I'm getting that horribly wrong

1343

00:55:41,390 --> 00:55:39,780

um but you know what I mean everybody

1344

00:55:42,710 --> 00:55:41,400

you know what I mean

1345

00:55:43,970 --> 00:55:42,720

yeah

1346

00:55:47,630 --> 00:55:43,980

um so I think it's pretty cool that

1347

00:55:49,609 --> 00:55:47,640

scientific America covered that uh dude

1348

00:55:52,370 --> 00:55:49,619

I feel like I'm on cocaine tonight I

1349

00:55:54,770 --> 00:55:52,380

don't know what's going on

1350

00:55:55,849 --> 00:55:54,780

cool I feel like I'm talking a million

1351

00:55:58,370 --> 00:55:55,859

miles

1352

00:56:00,230 --> 00:55:58,380

um is that a special kind of Guinness or

1353

00:56:02,510 --> 00:56:00,240

something I I think they put something

1354

00:56:04,849 --> 00:56:02,520

in here I got it from my local like

1355

00:56:06,349 --> 00:56:04,859

corner store I usually go to the grocery

1356

00:56:07,030 --> 00:56:06,359

store to get it maybe they put something

1357

00:56:09,010 --> 00:56:07,040

in here

1358

00:56:11,690 --> 00:56:09,020

[Laughter]

1359

00:56:14,030 --> 00:56:11,700

I think I'm just hopped up on adrenaline

1360

00:56:16,190 --> 00:56:14,040

I haven't slept in three days as I'm

1361

00:56:18,230 --> 00:56:16,200

sure you haven't either yeah like keep

1362

00:56:20,630 --> 00:56:18,240

waiting and being like when's the next

1363

00:56:22,010 --> 00:56:20,640

thing gonna get shot down apparently

1364

00:56:25,130 --> 00:56:22,020

right now

1365

00:56:28,069 --> 00:56:25,140

um all right well speaking of shooting

1366

00:56:31,069 --> 00:56:28,079

down this was not shot down but this

1367

00:56:33,410 --> 00:56:31,079

happened in our neck of the woods we're

1368

00:56:36,710 --> 00:56:33,420

moving on to our next story of the night

1369

00:56:38,750 --> 00:56:36,720

guys and then we are slowly but surely

1370

00:56:40,670 --> 00:56:38,760

getting the UFO video of the week not

1371

00:56:43,930 --> 00:56:40,680

slowly we'll get there

1372

00:56:47,390 --> 00:56:43,940

um RAF jet in near miss with UFO over

1373

00:56:50,569 --> 00:56:47,400

Newcastle airspace Newcastle that's

1374

00:56:52,309 --> 00:56:50,579

that's a place I know near and dear at

1375

00:56:55,549 --> 00:56:52,319

this point we have a few friends and

1376

00:56:58,010 --> 00:56:55,559

colleagues who live in that area as well

1377

00:56:59,230 --> 00:56:58,020

um dude I spent a Friday night in

1378

00:57:01,809 --> 00:56:59,240

Newcastle

1379

00:57:06,650 --> 00:57:01,819

oh my God

1380

00:57:08,750 --> 00:57:06,660

that place was crazy have you been there

1381

00:57:11,030 --> 00:57:08,760

have you been there at night I haven't

1382

00:57:12,250 --> 00:57:11,040

at night I've known not to to go there

1383

00:57:15,950 --> 00:57:12,260

at night

1384

00:57:17,930 --> 00:57:15,960

nobody warned me oh my God this is

1385

00:57:20,870 --> 00:57:17,940

something in my early 20s though to be

1386

00:57:23,809 --> 00:57:20,880

honest but yeah I I probably would have

1387

00:57:26,089 --> 00:57:23,819

too but you know I was heading to the um

1388

00:57:28,370 --> 00:57:26,099

the conference that we were going to be

1389

00:57:30,589 --> 00:57:28,380

doing in Manchester yeah yeah so I was

1390

00:57:33,230 --> 00:57:30,599

spending the night in Newcastle and um

1391

00:57:36,290 --> 00:57:33,240

there's like a grocery store attached to

1392

00:57:38,750 --> 00:57:36,300

the train station in Newcastle and you

1393

00:57:40,309 --> 00:57:38,760

know it was like it was when the train

1394

00:57:42,470 --> 00:57:40,319

strikes were I can't believe I'm telling

1395

00:57:45,170 --> 00:57:42,480

the story it was when the train train

1396

00:57:47,750 --> 00:57:45,180

strikes were Happening Here in the UK

1397

00:57:49,430 --> 00:57:47,760

um so I you know from Edinburgh to

1398

00:57:52,910 --> 00:57:49,440

Newcastle it should have taken what

1399

00:57:55,250 --> 00:57:52,920

maybe a few hours couple hours yeah yeah

1400

00:57:57,829 --> 00:57:55,260

um took me about 10 and a half hours to

1401
00:57:59,329 --> 00:57:57,839
get to Newcastle because of delays and

1402
00:58:00,829 --> 00:57:59,339
we had to get on different trains this

1403
00:58:03,710 --> 00:58:00,839
that this that

1404
00:58:05,329 --> 00:58:03,720
um so I get it I get in around 1am I go

1405
00:58:08,990 --> 00:58:05,339
to the grocery store attached to the

1406
00:58:11,150 --> 00:58:09,000
train station and there was like three

1407
00:58:13,609 --> 00:58:11,160
bachelorette parties in this train

1408
00:58:16,670 --> 00:58:13,619
station grocery store there's this there

1409
00:58:18,890 --> 00:58:16,680
was this one drunk he had to be like 16

1410
00:58:20,390 --> 00:58:18,900
years old I don't even know the drinking

1411
00:58:23,390 --> 00:58:20,400
age in the UK

1412
00:58:25,309 --> 00:58:23,400
um who like attached himself to me like

1413
00:58:28,309 --> 00:58:25,319

a parasite and wouldn't leave my side

1414

00:58:32,270 --> 00:58:28,319

for like two hours

1415

00:58:35,630 --> 00:58:32,280

um crazy crazy experience wow talk about

1416

00:58:38,450 --> 00:58:35,640

going off the rails Vinnie um let's get

1417

00:58:41,150 --> 00:58:38,460

back to this story in investigation by

1418

00:58:44,690 --> 00:58:41,160

the UK Air prox Board reported that on

1419

00:58:47,450 --> 00:58:44,700

November 16th of 2022 the crew of an RAF

1420

00:58:49,190 --> 00:58:47,460

military transport aircraft spotted an

1421

00:58:51,349 --> 00:58:49,200

object quickly passing them down the

1422

00:58:52,970 --> 00:58:51,359

right hand side the object initially

1423

00:58:55,370 --> 00:58:52,980

thought to be a drone by the crew

1424

00:58:57,589 --> 00:58:55,380

members then pass level across the

1425

00:59:00,170 --> 00:58:57,599

windows of the flight deck only a few

1426
00:59:01,549 --> 00:59:00,180
feet away from the wing tip of the crew

1427
00:59:04,910 --> 00:59:01,559
who were out on a training exercise

1428
00:59:08,329 --> 00:59:04,920
described the object as circular with a

1429
00:59:10,910 --> 00:59:08,339
hollow center like a donut in dark in

1430
00:59:13,190 --> 00:59:10,920
color the object was only around two or

1431
00:59:13,970 --> 00:59:13,200
three feet in diameter

1432
00:59:17,329 --> 00:59:13,980
um

1433
00:59:19,250 --> 00:59:17,339
let me see here in the report the board

1434
00:59:21,650 --> 00:59:19,260
also concluded that Providence had

1435
00:59:24,589 --> 00:59:21,660
played a major part in the incident and

1436
00:59:26,690 --> 00:59:24,599
or a definite risk of collision that had

1437
00:59:30,950 --> 00:59:26,700
existed apparently this thing came

1438
00:59:32,809 --> 00:59:30,960

within like a few feet of the plane it

1439

00:59:34,490 --> 00:59:32,819

was about to hit it

1440

00:59:36,950 --> 00:59:34,500

um the board warned that the incident

1441

00:59:38,870 --> 00:59:36,960

carried a high risk of collision as

1442

00:59:41,030 --> 00:59:38,880

there was a distance of less than one

1443

00:59:44,210 --> 00:59:41,040

one foot wow I didn't know it was that

1444

00:59:46,370 --> 00:59:44,220

close one foot between so

1445

00:59:47,809 --> 00:59:46,380

um what do you think I mean easily it

1446

00:59:49,910 --> 00:59:47,819

could have been a drone but at the same

1447

00:59:52,370 --> 00:59:49,920

time like we don't hear these stories

1448

00:59:54,710 --> 00:59:52,380

out of the UK that often so I was

1449

00:59:57,410 --> 00:59:54,720

excited to see this uh not excited that

1450

00:59:59,329 --> 00:59:57,420

there was always a collision but that uh

1451
01:00:01,010 --> 00:59:59,339
these things are happening everywhere

1452
01:00:02,870 --> 01:00:01,020
here they are I think the one thing that

1453
01:00:05,270 --> 01:00:02,880
threw me on this story was the The Donut

1454
01:00:07,309 --> 01:00:05,280
shape that doesn't sound like a drone it

1455
01:00:08,990 --> 01:00:07,319
it probably sounds more like a balloon

1456
01:00:10,849 --> 01:00:09,000
but

1457
01:00:13,010 --> 01:00:10,859
I'd have to speak to the pilot were

1458
01:00:15,549 --> 01:00:13,020
these things off the wingtips with a

1459
01:00:18,049 --> 01:00:15,559
moving independently with with a

1460
01:00:19,910 --> 01:00:18,059
reacting to the jet flying past you know

1461
01:00:21,770 --> 01:00:19,920
were they blowing it around I think

1462
01:00:24,410 --> 01:00:21,780
these were flying around I think in the

1463
01:00:26,750 --> 01:00:24,420

article it's FL 75 and FL 90 which I

1464

01:00:28,970 --> 01:00:26,760

believe is flight levels so I think

1465

01:00:30,650 --> 01:00:28,980

that's seven and a half to nine thousand

1466

01:00:31,730 --> 01:00:30,660

feet so not as high as what we've been

1467

01:00:33,170 --> 01:00:31,740

talking about earlier with these

1468

01:00:35,569 --> 01:00:33,180

balloons in the US

1469

01:00:38,450 --> 01:00:35,579

Etc but yeah I mean

1470

01:00:41,930 --> 01:00:38,460

uh speculation isn't it is it a balloon

1471

01:00:43,789 --> 01:00:41,940

is it an anomalous object or is it some

1472

01:00:45,890 --> 01:00:43,799

something else I don't know but it's

1473

01:00:47,450 --> 01:00:45,900

interesting and we we don't get these

1474

01:00:50,030 --> 01:00:47,460

stories that often in the UK where

1475

01:00:52,370 --> 01:00:50,040

they're reported by by the RAF and and

1476

01:00:54,230 --> 01:00:52,380

other sort of mod branches so yeah it's

1477

01:00:56,089 --> 01:00:54,240

a strange one I've said I did try to

1478

01:00:58,549 --> 01:00:56,099

search more on the case and all I could

1479

01:00:59,870 --> 01:00:58,559

find was copy and paste media just

1480

01:01:01,490 --> 01:00:59,880

copied and pasted this all over the

1481

01:01:02,930 --> 01:01:01,500

Internet nowhere else no one had done

1482

01:01:05,030 --> 01:01:02,940

any kind of follow-up or anything so

1483

01:01:09,069 --> 01:01:05,040

couldn't find anything

1484

01:01:11,630 --> 01:01:09,079

yeah welcome to 2023 journalism

1485

01:01:13,789 --> 01:01:11,640

you know what I think I think it was

1486

01:01:17,030 --> 01:01:13,799

probably a bachelorette party who got

1487

01:01:20,270 --> 01:01:17,040

their hands on a a drone at their local

1488

01:01:22,250 --> 01:01:20,280

train station grocery store and uh we're

1489

01:01:24,289 --> 01:01:22,260

having a good time

1490

01:01:26,630 --> 01:01:24,299

um don't donut shaped yeah you don't

1491

01:01:28,910 --> 01:01:26,640

hear that often um the only thing I can

1492

01:01:31,250 --> 01:01:28,920

really think of is uh the Mori island

1493

01:01:33,589 --> 01:01:31,260

incident if we're going really far back

1494

01:01:35,030 --> 01:01:33,599

are you familiar with that one I am

1495

01:01:37,370 --> 01:01:35,040

indeed but I don't think that was a two

1496

01:01:39,530 --> 01:01:37,380

or three foot object was it no those

1497

01:01:42,109 --> 01:01:39,540

things were apparently kind of massive

1498

01:01:45,470 --> 01:01:42,119

but yeah maybe this is the condensed

1499

01:01:47,809 --> 01:01:45,480

iPhone version of of the donut shaped

1500

01:01:51,049 --> 01:01:47,819

Moray Island incident although that

1501

01:01:53,270 --> 01:01:51,059

thing like dropped magma or some some

1502

01:01:55,549 --> 01:01:53,280

molten metal into the uh the ocean

1503

01:01:57,470 --> 01:01:55,559

apparently so we didn't hear that

1504

01:02:00,170 --> 01:01:57,480

happening that would have been dangerous

1505

01:02:03,349 --> 01:02:00,180

over Newcastle for sure

1506

01:02:06,470 --> 01:02:03,359

um but you know this this case kind of

1507

01:02:09,349 --> 01:02:06,480

um exemplifies the need for Aviation

1508

01:02:11,270 --> 01:02:09,359

safety and reports absolutely we're

1509

01:02:13,069 --> 01:02:11,280

we're getting it in the United States

1510

01:02:15,770 --> 01:02:13,079

slowly but surely the stuff that Ryan

1511

01:02:17,150 --> 01:02:15,780

Graves is doing with his committee where

1512

01:02:19,190 --> 01:02:17,160

there is now a place where you can

1513

01:02:22,430 --> 01:02:19,200

report these things as commercial pilots

1514

01:02:24,950 --> 01:02:22,440

uh but I don't know if there's anything

1515

01:02:27,170 --> 01:02:24,960

similar in the UK I mean where do you

1516

01:02:29,809 --> 01:02:27,180

report a UFO when it comes to that in

1517

01:02:33,530 --> 01:02:29,819

the UK I wouldn't know to be honest I

1518

01:02:35,210 --> 01:02:33,540

know that the RAF used to used to take

1519

01:02:38,630 --> 01:02:35,220

reports on these things but there was a

1520

01:02:40,730 --> 01:02:38,640

lot of stigma attached to it RF Pilots

1521

01:02:42,829 --> 01:02:40,740

um David Clark interviewed some Pilots a

1522

01:02:44,390 --> 01:02:42,839

few years back from cases

1523

01:02:45,829 --> 01:02:44,400

a few decades back now and there was

1524

01:02:47,089 --> 01:02:45,839

definitely stigma there but they did

1525

01:02:50,210 --> 01:02:47,099

report these things

1526

01:02:52,250 --> 01:02:50,220

um over the duty of our safety concerns

1527

01:02:53,690 --> 01:02:52,260

but again all that really happened is

1528

01:02:55,549 --> 01:02:53,700

they they

1529

01:02:56,750 --> 01:02:55,559

they go off somewhere these reports and

1530

01:02:59,750 --> 01:02:56,760

they never hear from them again and then

1531

01:03:02,390 --> 01:02:59,760

it's just jibes jibes in there you know

1532

01:03:04,490 --> 01:03:02,400

in on the base and stuff so

1533

01:03:06,230 --> 01:03:04,500

I don't know these days we don't get

1534

01:03:08,270 --> 01:03:06,240

that kind of information there's no one

1535

01:03:10,069 --> 01:03:08,280

really talking about it uh you know and

1536

01:03:12,829 --> 01:03:10,079

I'm lucky to have people that are

1537

01:03:14,809 --> 01:03:12,839

connected to the mod and stuff but you

1538

01:03:17,329 --> 01:03:14,819

still don't hear that much it's just

1539

01:03:19,069 --> 01:03:17,339

it's just like there's this silence over

1540

01:03:21,650 --> 01:03:19,079

here and it's so difficult to break

1541

01:03:24,410 --> 01:03:21,660

through and learn anything at the moment

1542

01:03:28,789 --> 01:03:24,420

so I hope it changes

1543

01:03:31,069 --> 01:03:28,799

frustrating well I mean we're trying you

1544

01:03:34,250 --> 01:03:31,079

know UAP media UK is making absolutely

1545

01:03:36,710 --> 01:03:34,260

some amazing Headway I know you guys are

1546

01:03:38,990 --> 01:03:36,720

working on a lot over there so only time

1547

01:03:42,950 --> 01:03:39,000

will tell and you know article by

1548

01:03:45,470 --> 01:03:42,960

article honestly it took one effing

1549

01:03:48,289 --> 01:03:45,480

article in the United States to change

1550

01:03:49,430 --> 01:03:48,299

the entire conversation on all of this

1551

01:03:50,809 --> 01:03:49,440

so

1552

01:03:53,210 --> 01:03:50,819

um we can only hope we can only

1553

01:03:57,230 --> 01:03:53,220

hopefully yeah yeah

1554

01:03:59,630 --> 01:03:57,240

um well let's move on to a episode of

1555

01:04:02,829 --> 01:03:59,640

the weaponized podcast all right that

1556

01:04:06,410 --> 01:04:02,839

came out this past week Jay Stratton

1557

01:04:10,130 --> 01:04:06,420

Pentagon UFO Hunter comes out of these

1558

01:04:11,750 --> 01:04:10,140

shadows and uh talked to our our friends

1559

01:04:14,690 --> 01:04:11,760

our colleagues whatever you want to call

1560

01:04:17,089 --> 01:04:14,700

them George Knapp and Jeremy Corbell

1561

01:04:18,650 --> 01:04:17,099

um over on their podcast weaponized Jay

1562

01:04:21,410 --> 01:04:18,660

Stratton was a Former Intelligence

1563

01:04:22,670 --> 01:04:21,420

official and worked with the UAP task

1564

01:04:25,130 --> 01:04:22,680

force

1565

01:04:28,309 --> 01:04:25,140

um he is the highest ranking and most

1566

01:04:30,049 --> 01:04:28,319

experienced UFO Hunter during his long

1567

01:04:31,789 --> 01:04:30,059

career working with various intelligence

1568

01:04:34,010 --> 01:04:31,799

agencies

1569

01:04:36,829 --> 01:04:34,020

um Stratton might have seen more of the

1570

01:04:39,049 --> 01:04:36,839

pentagon's Hidden UFO files than anyone

1571

01:04:40,430 --> 01:04:39,059

else he is the only person in the

1572

01:04:43,309 --> 01:04:40,440

federal government to have worked

1573

01:04:45,950 --> 01:04:43,319

directly on all three of the most recent

1574

01:04:47,750 --> 01:04:45,960

UFO programs Stratton worked at the

1575

01:04:49,730 --> 01:04:47,760

highest levels of Naval intelligence

1576

01:04:52,609 --> 01:04:49,740

which loaned him to the defense

1577

01:04:55,430 --> 01:04:52,619

intelligence agency where he excelled at

1578

01:04:58,130 --> 01:04:55,440

reverse engineering ooh that's

1579

01:04:59,750 --> 01:04:58,140

interesting reverse engineering is

1580

01:05:02,569 --> 01:04:59,760

definitely a buzzword in our field

1581

01:05:05,630 --> 01:05:02,579

that's I did not know that

1582

01:05:08,510 --> 01:05:05,640

um let's see here uh so yeah basically

1583

01:05:11,150 --> 01:05:08,520

this was the guy who brought us the uh

1584

01:05:14,870 --> 01:05:11,160

that worked with atip that brought us

1585

01:05:18,170 --> 01:05:14,880

the first UAP task force report as well

1586

01:05:21,530 --> 01:05:18,180

I mean this guy worked hand in hand with

1587

01:05:24,049 --> 01:05:21,540

Luis Elizondo even replacing him at one

1588

01:05:25,329 --> 01:05:24,059

point I believe it was or vice versa am

1589

01:05:28,010 --> 01:05:25,339

I getting that right I don't know

1590

01:05:30,589 --> 01:05:28,020

Stratton was number two to Lou

1591

01:05:32,750 --> 01:05:30,599

um so I think when Lou yeah Lou left

1592

01:05:33,650 --> 01:05:32,760

first I think construct continued I

1593

01:05:36,410 --> 01:05:33,660

believe

1594

01:05:38,990 --> 01:05:36,420

okay I think I can't remember there's

1595

01:05:42,770 --> 01:05:39,000

too many timeline is just so jumping in

1596

01:05:45,230 --> 01:05:42,780

these guys I know I know I yes I can't

1597

01:05:47,750 --> 01:05:45,240

keep it together but um I did put

1598

01:05:50,870 --> 01:05:47,760

together a small clip from the

1599

01:05:52,730 --> 01:05:50,880

weaponized podcast uh where Stratton

1600

01:05:55,430 --> 01:05:52,740

kind of gives us an idea of his

1601
01:05:57,710 --> 01:05:55,440
involvement with this he also talks

1602
01:06:00,410 --> 01:05:57,720
about the um the sort of fanatical

1603
01:06:02,450 --> 01:06:00,420
religious views early in the the working

1604
01:06:05,089 --> 01:06:02,460
group days of this stuff we've we've

1605
01:06:06,829 --> 01:06:05,099
heard that it was a huge deterrent that

1606
01:06:08,690 --> 01:06:06,839
people within the government in the US

1607
01:06:10,789 --> 01:06:08,700
are saying don't look into this stuff

1608
01:06:12,410 --> 01:06:10,799
it's demonic like we're not gonna fund

1609
01:06:15,049 --> 01:06:12,420
this absolutely not

1610
01:06:17,630 --> 01:06:15,059
um and it really hurt the projects

1611
01:06:19,250 --> 01:06:17,640
um and we're also going to hear Stratton

1612
01:06:22,130 --> 01:06:19,260
talk about why

1613
01:06:23,930 --> 01:06:22,140

um he started at 2004 when it came to

1614

01:06:27,049 --> 01:06:23,940

all this why he didn't go back further

1615

01:06:29,450 --> 01:06:27,059

and uh kind of the challenge is to get

1616

01:06:31,430 --> 01:06:29,460

information from all these groups that

1617

01:06:33,589 --> 01:06:31,440

did not want to share information with

1618

01:06:36,650 --> 01:06:33,599

him so um let me go ahead and play that

1619

01:06:38,569 --> 01:06:36,660

at now and we'll talk about it on the

1620

01:06:41,150 --> 01:06:38,579

other side awesome

1621

01:06:45,230 --> 01:06:41,160

every time I've done anything related to

1622

01:06:47,210 --> 01:06:45,240

UAP or UFO has been my job

1623

01:06:49,309 --> 01:06:47,220

and what I mean by that I didn't really

1624

01:06:50,630 --> 01:06:49,319

have a passion growing up I didn't have

1625

01:06:54,770 --> 01:06:50,640

all the books so I didn't watch all the

1626

01:06:57,650 --> 01:06:54,780

TV shows I stepped into a job at the

1627

01:06:58,970 --> 01:06:57,660

defense intelligence agency where some

1628

01:07:00,470 --> 01:06:58,980

things came across the desk again

1629

01:07:02,809 --> 01:07:00,480

thinking Technologies and other things

1630

01:07:05,930 --> 01:07:02,819

where I needed to to really kind of dig

1631

01:07:07,730 --> 01:07:05,940

in and understand potentials and those

1632

01:07:09,770 --> 01:07:07,740

potentials you know I kept an open mind

1633

01:07:12,589 --> 01:07:09,780

a skeptic mind whatever you want to call

1634

01:07:14,690 --> 01:07:12,599

it you know looking for uh

1635

01:07:17,589 --> 01:07:14,700

something that could answer this and all

1636

01:07:20,210 --> 01:07:17,599

the means that I had to to to chase that

1637

01:07:22,309 --> 01:07:20,220

uh but there were definitely some times

1638

01:07:24,890 --> 01:07:22,319

where we really couldn't close the loop

1639

01:07:27,490 --> 01:07:24,900

and with that uh

1640

01:07:30,470 --> 01:07:27,500

we realized that that

1641

01:07:32,210 --> 01:07:30,480

something needed to be done about it was

1642

01:07:35,770 --> 01:07:32,220

there any involvement I've heard these

1643

01:07:38,089 --> 01:07:35,780

stories from people we know about

1644

01:07:41,329 --> 01:07:38,099

fundamentalists religious people high

1645

01:07:45,109 --> 01:07:41,339

UPS who were concerned about its demons

1646

01:07:46,670 --> 01:07:45,119

or we're messing with forces of biblical

1647

01:07:48,230 --> 01:07:46,680

proportions there's absolutely some

1648

01:07:50,329 --> 01:07:48,240

concern there and I did see it in

1649

01:07:52,670 --> 01:07:50,339

writing one time in my career where

1650

01:07:55,190 --> 01:07:52,680

someone was asking me to push back

1651
01:07:56,569 --> 01:07:55,200
because they're religious concerns uh

1652
01:07:57,710 --> 01:07:56,579
and and you should wave off of this

1653
01:07:58,730 --> 01:07:57,720
topic is literally what they were

1654
01:07:59,870 --> 01:07:58,740
telling me

1655
01:08:01,730 --> 01:07:59,880
um you know you should you shouldn't be

1656
01:08:03,069 --> 01:08:01,740
involved in this

1657
01:08:07,490 --> 01:08:03,079
um

1658
01:08:09,650 --> 01:08:07,500
I know it exists I think what my

1659
01:08:14,569 --> 01:08:09,660
professional opinion is after again

1660
01:08:17,510 --> 01:08:14,579
years now of being involved is

1661
01:08:20,809 --> 01:08:17,520
that seems to have died off I think

1662
01:08:22,970 --> 01:08:20,819
one now you know I'm elevated into that

1663
01:08:25,010 --> 01:08:22,980

senior level and a lot of my colleagues

1664

01:08:26,930 --> 01:08:25,020

that were all at the same you know level

1665

01:08:28,550 --> 01:08:26,940

that had grown up with me throughout the

1666

01:08:30,769 --> 01:08:28,560

process we don't really think that way

1667

01:08:32,630 --> 01:08:30,779

right so I think kind of the Old Guard

1668

01:08:36,289 --> 01:08:32,640

was moving out the new guard was moving

1669

01:08:40,030 --> 01:08:36,299

in and it never once after that early

1670

01:08:42,769 --> 01:08:40,040

Dia stuff you know did it ever ever stop

1671

01:08:44,749 --> 01:08:42,779

uh or get in the way it was just early

1672

01:08:47,630 --> 01:08:44,759

on when when kind of that old guard's

1673

01:08:49,550 --> 01:08:47,640

there and protecting their own you know

1674

01:08:51,349 --> 01:08:49,560

what they believe trust is important you

1675

01:08:53,870 --> 01:08:51,359

can't and you know I think it was Colin

1676

01:08:56,209 --> 01:08:53,880

Powell that said you can't surge Trust

1677

01:08:58,070 --> 01:08:56,219

the minute you're you're I mean we're

1678

01:09:00,829 --> 01:08:58,080

already 70 years behind the power curve

1679

01:09:02,450 --> 01:09:00,839

for trust right because everybody says

1680

01:09:04,070 --> 01:09:02,460

the government's lying to us right and

1681

01:09:04,970 --> 01:09:04,080

that the whole Blue Book thing and the

1682

01:09:07,789 --> 01:09:04,980

whole

1683

01:09:08,809 --> 01:09:07,799

um Roswell thing killed killed trust

1684

01:09:11,150 --> 01:09:08,819

right

1685

01:09:12,890 --> 01:09:11,160

um very good reason why not to even go

1686

01:09:14,450 --> 01:09:12,900

there right and and then this whole

1687

01:09:16,070 --> 01:09:14,460

discussion you know the task force and

1688

01:09:18,229 --> 01:09:16,080

everything else we kind of started 2004

1689

01:09:19,970 --> 01:09:18,239

right as Mr Bray said in the in the

1690

01:09:23,050 --> 01:09:19,980

Congressional hearings uh you got to

1691

01:09:25,550 --> 01:09:23,060

start somewhere and uh it might

1692

01:09:26,930 --> 01:09:25,560

recommendation when I created is that

1693

01:09:29,090 --> 01:09:26,940

2004

1694

01:09:31,130 --> 01:09:29,100

start date is important because that was

1695

01:09:32,930 --> 01:09:31,140

the first case in recent history where I

1696

01:09:34,849 --> 01:09:32,940

had pilot reporting and data now I'll

1697

01:09:37,189 --> 01:09:34,859

tell you even as the head of the task

1698

01:09:39,890 --> 01:09:37,199

force I didn't I didn't get into those

1699

01:09:41,390 --> 01:09:39,900

Politics on purpose uh in fact I I went

1700

01:09:42,769 --> 01:09:41,400

back to my old days of Defense

1701

01:09:44,150 --> 01:09:42,779

intelligence agency when I was saying

1702

01:09:45,650 --> 01:09:44,160

you know we're nationally funded and I

1703

01:09:47,570 --> 01:09:45,660

need to make an assessment that isn't

1704

01:09:50,809 --> 01:09:47,580

manipulated by politics which is

1705

01:09:53,749 --> 01:09:50,819

actually the law now following 9 11.

1706

01:09:55,550 --> 01:09:53,759

um I stuck to my guns that I I am here

1707

01:09:56,630 --> 01:09:55,560

to you know working on behalf of the

1708

01:09:59,270 --> 01:09:56,640

Intel Community to give the American

1709

01:10:01,250 --> 01:09:59,280

people an answer and on numerous

1710

01:10:03,530 --> 01:10:01,260

occasions anytime someone tried to play

1711

01:10:05,689 --> 01:10:03,540

the rank game I would just stick to my

1712

01:10:08,689 --> 01:10:05,699

guns

1713

01:10:11,510 --> 01:10:08,699

foreign I love hearing that like I can't

1714

01:10:13,790 --> 01:10:11,520

even imagine like what he went through

1715

01:10:16,189 --> 01:10:13,800

trying to bang on doors and get

1716

01:10:18,770 --> 01:10:16,199

information for many of these places

1717

01:10:20,330 --> 01:10:18,780

because again you like to think that a

1718

01:10:23,870 --> 01:10:20,340

government is cohesive and works

1719

01:10:25,689 --> 01:10:23,880

together but that's just sadly not the

1720

01:10:28,370 --> 01:10:25,699

case especially when it comes to

1721

01:10:31,550 --> 01:10:28,380

intelligence agencies like they're kind

1722

01:10:34,250 --> 01:10:31,560

of working against one another in so

1723

01:10:36,950 --> 01:10:34,260

many respects in terms of like trying to

1724

01:10:39,229 --> 01:10:36,960

get it you know bragging rights of what

1725

01:10:42,290 --> 01:10:39,239

they discovered or or what they're doing

1726

01:10:44,750 --> 01:10:42,300

and that's kind of what led I think as

1727

01:10:47,330 --> 01:10:44,760

he kind of mentioned um what happened

1728

01:10:50,510 --> 01:10:47,340

with 9 11 like had all of these

1729

01:10:51,830 --> 01:10:50,520

intelligence agencies worked together it

1730

01:10:54,350 --> 01:10:51,840

is possible that they could have

1731

01:10:56,870 --> 01:10:54,360

deterred what happened that day

1732

01:10:59,270 --> 01:10:56,880

um that we won't even go there that's a

1733

01:11:01,310 --> 01:10:59,280

conversation for another time but when

1734

01:11:03,229 --> 01:11:01,320

you are dealing with something like UFOs

1735

01:11:05,510 --> 01:11:03,239

but could which could potentially be

1736

01:11:08,510 --> 01:11:05,520

either a threat or could also change

1737

01:11:10,850 --> 01:11:08,520

humanity and there's stove piping going

1738

01:11:13,669 --> 01:11:10,860

on like who does that help that helps

1739

01:11:16,010 --> 01:11:13,679

absolutely nobody even these government

1740

01:11:18,290 --> 01:11:16,020

officials so um

1741

01:11:20,090 --> 01:11:18,300

yeah man what do you think uh what do

1742

01:11:22,370 --> 01:11:20,100

you think of Mr J Stratton finally

1743

01:11:25,010 --> 01:11:22,380

coming forward and uh what he had to say

1744

01:11:27,110 --> 01:11:25,020

on weaponized I think it was really a

1745

01:11:28,970 --> 01:11:27,120

huge positive thing I was very aware

1746

01:11:30,770 --> 01:11:28,980

that that interview was recorded last

1747

01:11:32,990 --> 01:11:30,780

summer at the seu conference in

1748

01:11:34,910 --> 01:11:33,000

Huntsville so it would have been

1749

01:11:36,530 --> 01:11:34,920

interesting to see if it was a newer

1750

01:11:39,229 --> 01:11:36,540

interview anything that will have

1751

01:11:41,510 --> 01:11:39,239

changed in the last six months with the

1752

01:11:43,370 --> 01:11:41,520

the latest legislation with the UAP

1753

01:11:45,410 --> 01:11:43,380

report but at the same time you know he

1754

01:11:47,510 --> 01:11:45,420

was talking historically and to hear him

1755

01:11:49,430 --> 01:11:47,520

say things that in in some of the

1756

01:11:52,189 --> 01:11:49,440

investigations they failed to close the

1757

01:11:53,570 --> 01:11:52,199

loop on these things that it demanded

1758

01:11:56,810 --> 01:11:53,580

more action you know they were obviously

1759

01:11:58,550 --> 01:11:56,820

coming across something that was truly

1760

01:12:00,649 --> 01:11:58,560

strange to them you know with all of

1761

01:12:02,050 --> 01:12:00,659

their history with his history and his

1762

01:12:05,870 --> 01:12:02,060

career especially coming out of

1763

01:12:07,790 --> 01:12:05,880

Aerospace uh industry in the early 2000s

1764

01:12:10,370 --> 01:12:07,800

before going into defense intelligence

1765

01:12:11,870 --> 01:12:10,380

agency and then obviously into the the

1766

01:12:13,070 --> 01:12:11,880

groups that we know

1767

01:12:15,950 --> 01:12:13,080

um but if you just have to look at his

1768

01:12:18,290 --> 01:12:15,960

LinkedIn profile to see the exceptional

1769

01:12:21,649 --> 01:12:18,300

uh historical career record that he has

1770

01:12:23,810 --> 01:12:21,659

that he's a very important figure and uh

1771

01:12:25,610 --> 01:12:23,820

I'm told that we're going to hear more

1772

01:12:27,470 --> 01:12:25,620

from him coming up you know I know he's

1773

01:12:29,990 --> 01:12:27,480

speaking at alien Con in Pasadena in

1774

01:12:32,510 --> 01:12:30,000

early March I want to hear him talk a

1775

01:12:34,370 --> 01:12:32,520

lot more than just at a conference um so

1776

01:12:35,990 --> 01:12:34,380

yeah it's good it's great and it helps

1777

01:12:37,430 --> 01:12:36,000

to validate some of the things that Lou

1778

01:12:39,770 --> 01:12:37,440

Alexander has been talking about in the

1779

01:12:41,390 --> 01:12:39,780

past few years so it's it's positive

1780

01:12:44,930 --> 01:12:41,400

that's all I see

1781

01:12:47,510 --> 01:12:44,940

yeah and he doesn't have to do this like

1782

01:12:50,930 --> 01:12:47,520

he did it not to do it Elizondo didn't

1783

01:12:53,450 --> 01:12:50,940

have to do it and people will say

1784

01:12:54,890 --> 01:12:53,460

everything under the sun to say oh

1785

01:12:58,250 --> 01:12:54,900

they're doing it for money or they're

1786

01:13:00,709 --> 01:12:58,260

doing it for this or fame or notoriety

1787

01:13:02,209 --> 01:13:00,719

I can't like I can't pretend to be

1788

01:13:03,830 --> 01:13:02,219

inside their minds and know what they're

1789

01:13:05,930 --> 01:13:03,840

thinking or why they're doing these

1790

01:13:07,130 --> 01:13:05,940

things what their motivations are but

1791

01:13:09,410 --> 01:13:07,140

the fact of the matter is when someone

1792

01:13:11,810 --> 01:13:09,420

like Jay Stratton says I work on behalf

1793

01:13:12,890 --> 01:13:11,820

of the intelligence agencies and for the

1794

01:13:14,750 --> 01:13:12,900

people

1795

01:13:17,090 --> 01:13:14,760

um that gives me hope that he was trying

1796

01:13:19,610 --> 01:13:17,100

to do the right thing and I do believe

1797

01:13:21,110 --> 01:13:19,620

that Elizondo was trying to do the right

1798

01:13:23,630 --> 01:13:21,120

thing that's how why he was so

1799

01:13:25,970 --> 01:13:23,640

frustrated because of what Jay Stratton

1800

01:13:28,610 --> 01:13:25,980

also encountered all of these different

1801
01:13:30,709 --> 01:13:28,620
agencies being like what you're you're

1802
01:13:32,810 --> 01:13:30,719
here for what or you have get like get

1803
01:13:35,570 --> 01:13:32,820
the get the hell out of here we don't

1804
01:13:37,910 --> 01:13:35,580
want to talk to you like no go away or

1805
01:13:42,830 --> 01:13:37,920
just straight up not taking it seriously

1806
01:13:44,930 --> 01:13:42,840
so um yeah I can kind of see why someone

1807
01:13:47,270 --> 01:13:44,940
like Stratton and Elizondo would both be

1808
01:13:50,270 --> 01:13:47,280
in the same position they have similar

1809
01:13:52,310 --> 01:13:50,280
it almost seems like uh uh what would

1810
01:13:55,430 --> 01:13:52,320
you call them values when it comes to

1811
01:13:58,729 --> 01:13:55,440
their responsibility to the public

1812
01:14:01,550 --> 01:13:58,739
um and clearly their frustrations is as

1813
01:14:04,310 --> 01:14:01,560

well so um yeah yeah I thought it was

1814

01:14:06,350 --> 01:14:04,320

pretty cool to hear from him I I hope we

1815

01:14:07,850 --> 01:14:06,360

learn more I'm sure he'll hopefully

1816

01:14:10,010 --> 01:14:07,860

start doing the interview circuit and

1817

01:14:11,870 --> 01:14:10,020

you and I will get him on at some point

1818

01:14:13,910 --> 01:14:11,880

we'll see we'll see I want to speak to

1819

01:14:16,370 --> 01:14:13,920

him about you know the the fact that in

1820

01:14:19,430 --> 01:14:16,380

George Knapp and James lakotsky's book

1821

01:14:22,070 --> 01:14:19,440

skinwalk is at the Pentagon he was the

1822

01:14:24,169 --> 01:14:22,080

anonymous or this he went by the sudany

1823

01:14:25,790 --> 01:14:24,179

Maxwell Rod Jonathan Axelrod that was

1824

01:14:27,770 --> 01:14:25,800

Jay Stratton who had had these

1825

01:14:29,510 --> 01:14:27,780

experiences at Skinwalker Ranch and you

1826

01:14:31,310 --> 01:14:29,520

know I'd love to hear more about that uh

1827

01:14:33,709 --> 01:14:31,320

so there are still a lot a lot of pieces

1828

01:14:36,410 --> 01:14:33,719

of his story that really need to

1829

01:14:38,149 --> 01:14:36,420

be expanded on and I can't wait for that

1830

01:14:41,030 --> 01:14:38,159

conversation to come out wherever it

1831

01:14:43,370 --> 01:14:41,040

happens wow yeah now that you mentioned

1832

01:14:46,010 --> 01:14:43,380

that hearing the experiences that

1833

01:14:48,709 --> 01:14:46,020

Axelrod had in that book I want to learn

1834

01:14:50,990 --> 01:14:48,719

more about that in his personal thoughts

1835

01:14:55,130 --> 01:14:51,000

and opinions that that's so all of these

1836

01:14:57,290 --> 01:14:55,140

people have had experiences and um that

1837

01:14:59,270 --> 01:14:57,300

that can be good that can be bad a lot

1838

01:15:02,890 --> 01:14:59,280

of people will argue well that's going

1839

01:15:06,169 --> 01:15:02,900

to skew their perception of uh you know

1840

01:15:07,550 --> 01:15:06,179

objective research when it comes to all

1841

01:15:09,470 --> 01:15:07,560

this you know when you start bringing

1842

01:15:11,689 --> 01:15:09,480

belief into it

1843

01:15:13,010 --> 01:15:11,699

um that that's what muddies the waters

1844

01:15:16,490 --> 01:15:13,020

but like

1845

01:15:18,470 --> 01:15:16,500

how do you separate an experience from

1846

01:15:21,050 --> 01:15:18,480

from your work I can't pretend to know

1847

01:15:22,790 --> 01:15:21,060

the answer to that but um I know a lot

1848

01:15:25,189 --> 01:15:22,800

of mufon investigators deal with that

1849

01:15:27,350 --> 01:15:25,199

too like there you have to find an

1850

01:15:29,450 --> 01:15:27,360

explanation for something it's usually

1851

01:15:31,209 --> 01:15:29,460

prosaic but then they come up against

1852

01:15:34,189 --> 01:15:31,219

something so

1853

01:15:36,110 --> 01:15:34,199

extraordinary that like how do you even

1854

01:15:38,630 --> 01:15:36,120

go on after that being a grounded

1855

01:15:41,390 --> 01:15:38,640

objective investigator I I can't even

1856

01:15:44,209 --> 01:15:41,400

pretend so I'm sure it's a struggle I I

1857

01:15:45,470 --> 01:15:44,219

don't know yeah I mean it certainly

1858

01:15:47,390 --> 01:15:45,480

wasn't alluded too much in that

1859

01:15:49,729 --> 01:15:47,400

interview if at all so I think you know

1860

01:15:51,530 --> 01:15:49,739

maybe it's kind of he's laying he's his

1861

01:15:52,790 --> 01:15:51,540

cards on the table to sort of say sort

1862

01:15:54,530 --> 01:15:52,800

of give a bit of background on himself

1863

01:15:56,870 --> 01:15:54,540

and then the The Experience aside of

1864

01:15:59,510 --> 01:15:56,880

things might come a bit later you know

1865

01:16:01,610 --> 01:15:59,520

um yeah hitchhiker effect everything by

1866

01:16:04,550 --> 01:16:01,620

the sounds of things you know if we go

1867

01:16:06,229 --> 01:16:04,560

by George Knapp's book so there's a lot

1868

01:16:08,270 --> 01:16:06,239

to come and I hope we get it and I hope

1869

01:16:10,669 --> 01:16:08,280

it's interesting and it gives us

1870

01:16:14,270 --> 01:16:10,679

something to work off of

1871

01:16:17,390 --> 01:16:14,280

yeah absolutely it does I can't wait man

1872

01:16:21,050 --> 01:16:17,400

um well hey we have reached the Finish

1873

01:16:24,830 --> 01:16:21,060

Line tonight we are at UFO video of the

1874

01:16:28,130 --> 01:16:24,840

week a little hey I like to do um if if

1875

01:16:30,470 --> 01:16:28,140

I can dig up a credible uh video every

1876

01:16:33,950 --> 01:16:30,480

week it's very hard to do but I do have

1877

01:16:37,550 --> 01:16:33,960

a um a tweet over on my personal Twitter

1878

01:16:39,229 --> 01:16:37,560

guys at Ryan sprague51 I believe is my

1879

01:16:41,270 --> 01:16:39,239

Twitter handle I don't even know my own

1880

01:16:43,189 --> 01:16:41,280

personal Twitter

1881

01:16:45,169 --> 01:16:43,199

um if you guys know of any credible UFO

1882

01:16:46,250 --> 01:16:45,179

videos you can put them in that pinned

1883

01:16:49,370 --> 01:16:46,260

tweet

1884

01:16:52,550 --> 01:16:49,380

um but this is the one I found uh that

1885

01:16:55,010 --> 01:16:52,560

it happened somewhat recently and

1886

01:16:56,990 --> 01:16:55,020

um let me pull this up here

1887

01:16:59,990 --> 01:16:57,000

how do I get this in there there we go

1888

01:17:03,970 --> 01:17:00,000

uh this was filmed what we're going to

1889

01:17:06,890 --> 01:17:03,980

look at by a pilot who goes by uh Caesar

1890

01:17:08,990 --> 01:17:06,900

inmp on Tick Tock he actually posted

1891

01:17:12,050 --> 01:17:09,000

this on his Tick Tock this happened

1892

01:17:14,270 --> 01:17:12,060

February 2nd 2020

1893

01:17:16,729 --> 01:17:14,280

um he was flying an Airbus 320 on a

1894

01:17:19,910 --> 01:17:16,739

routine flight over Medellin Colombia

1895

01:17:22,189 --> 01:17:19,920

and he looked out the cockpit window and

1896

01:17:23,870 --> 01:17:22,199

among the clouds spotted something he

1897

01:17:26,209 --> 01:17:23,880

quickly grabbed his phone and filmed

1898

01:17:28,130 --> 01:17:26,219

what he was witnessing first pointing

1899

01:17:30,530 --> 01:17:28,140

the camera at his ultimate his uh

1900

01:17:32,930 --> 01:17:30,540

altimeter excuse me which shows he was

1901

01:17:34,490 --> 01:17:32,940

flying at about 30 000 feet and then

1902

01:17:38,330 --> 01:17:34,500

aiming it out the window towards the

1903

01:17:40,850 --> 01:17:38,340

clouds and uh this is what he saw so

1904

01:17:42,410 --> 01:17:40,860

let's go ahead and play the video and we

1905

01:17:44,689 --> 01:17:42,420

will come back on the other side and

1906

01:17:50,430 --> 01:17:44,699

talk about it

1907

01:17:50,440 --> 01:18:22,310

[Music]

1908

01:18:28,070 --> 01:18:25,070

all right Vinnie what do you think man

1909

01:18:29,810 --> 01:18:28,080

what do you think that is

1910

01:18:32,090 --> 01:18:29,820

um reaction

1911

01:18:34,910 --> 01:18:32,100

I saw this when it first sort of cropped

1912

01:18:36,890 --> 01:18:34,920

up back in 2020 uh I think my first

1913

01:18:38,810 --> 01:18:36,900

initial thought when I first saw it was

1914

01:18:40,729 --> 01:18:38,820

like okay that's strange it's certainly

1915

01:18:43,910 --> 01:18:40,739

not got wings or any kind of visible

1916

01:18:45,229 --> 01:18:43,920

control surfaces so yeah you know and if

1917

01:18:46,669 --> 01:18:45,239

you look at the angle that it's filmed

1918

01:18:48,590 --> 01:18:46,679

out there's a bit of Parallax in there

1919

01:18:50,990 --> 01:18:48,600

you can't tell if it's stationary or

1920

01:18:52,370 --> 01:18:51,000

moving by itself so my initial thoughts

1921

01:18:54,790 --> 01:18:52,380

when I first saw it a couple of years

1922

01:18:57,470 --> 01:18:54,800

ago but okay it's strange but

1923

01:18:59,450 --> 01:18:57,480

better dig in it doesn't take long to

1924

01:19:02,149 --> 01:18:59,460

kind of work out what it most likely is

1925

01:19:04,850 --> 01:19:02,159

and now I believe it to be a balloon

1926

01:19:06,890 --> 01:19:04,860

because this event this this video was

1927

01:19:10,990 --> 01:19:06,900

filmed literally one day after the

1928

01:19:13,149 --> 01:19:11,000

median solar balloon festival so

1929

01:19:16,070 --> 01:19:13,159

yeah

1930

01:19:19,189 --> 01:19:16,080

I'm breaking my heart I did not know

1931

01:19:20,990 --> 01:19:19,199

that yeah wow dude well that's the kind

1932

01:19:23,930 --> 01:19:21,000

of digging we need

1933

01:19:24,950 --> 01:19:23,940

um when this first sort of went public I

1934

01:19:27,169 --> 01:19:24,960

know a lot of people in the chat are

1935

01:19:30,590 --> 01:19:27,179

like this is an older video yes this is

1936

01:19:31,970 --> 01:19:30,600

from 2020 I know it's not new um but I

1937

01:19:33,890 --> 01:19:31,980

thought it was pretty compelling and

1938

01:19:36,350 --> 01:19:33,900

something we could talk about

1939

01:19:38,030 --> 01:19:36,360

um The History Channel their TV show the

1940

01:19:40,490 --> 01:19:38,040

proof is out there examine the footage

1941

01:19:43,610 --> 01:19:40,500

and interviewed analysts such as our

1942

01:19:47,090 --> 01:19:43,620

colleagues Tim McMillan and MJ benais as

1943

01:19:50,149 --> 01:19:47,100

well and a photo video analyst and one

1944

01:19:53,510 --> 01:19:50,159

scientist suggested it is 10 to 15 feet

1945

01:19:56,450 --> 01:19:53,520

in diameter but its structure is unlike

1946

01:19:59,990 --> 01:19:56,460

any Earthly flying object

1947

01:20:02,270 --> 01:20:00,000

um they just stopped after uh 15 feet in

1948

01:20:03,950 --> 01:20:02,280

diameter there was a photograph of a

1949

01:20:06,169 --> 01:20:03,960

bunch of gentlemen holding a balloon of

1950

01:20:08,570 --> 01:20:06,179

that shape that was massive between them

1951

01:20:10,070 --> 01:20:08,580

they were holding this 10 to 15 foot

1952

01:20:12,649 --> 01:20:10,080

solar balloon

1953

01:20:15,830 --> 01:20:12,659

so it is it is huge

1954

01:20:18,050 --> 01:20:15,840

forensic video analyst feels that the

1955

01:20:20,810 --> 01:20:18,060

movement in the video looks authentic

1956

01:20:23,149 --> 01:20:20,820

but questions how the pilot knew to zoom

1957

01:20:24,590 --> 01:20:23,159

in on the object that's one thing people

1958

01:20:26,330 --> 01:20:24,600

don't think of a lot when it comes to

1959

01:20:28,189 --> 01:20:26,340

UFO videos

1960

01:20:30,229 --> 01:20:28,199

um sort of my first obviously the first

1961

01:20:32,570 --> 01:20:30,239

question is always did you physically

1962

01:20:34,790 --> 01:20:32,580

like did you visually witness this

1963

01:20:37,010 --> 01:20:34,800

object or did you notice it in like a

1964

01:20:39,350 --> 01:20:37,020

photo or video after that's the first

1965

01:20:43,430 --> 01:20:39,360

question second question is you know

1966

01:20:45,709 --> 01:20:43,440

what compelled you to uh capture this or

1967

01:20:49,010 --> 01:20:45,719

what were you doing at the time

1968

01:20:53,750 --> 01:20:49,020

um and here you have to wonder you know

1969

01:20:56,930 --> 01:20:53,760

you can't see maybe he did track it uh

1970

01:20:59,570 --> 01:20:56,940

we don't really know prior to this maybe

1971

01:21:02,270 --> 01:20:59,580

he saw it coming and he's like oh [h__h] I

1972

01:21:05,530 --> 01:21:02,280

gotta get my camera out and tape this

1973

01:21:08,990 --> 01:21:05,540

um excuse me record this tape this WOW

1974

01:21:10,250 --> 01:21:09,000

1998 Ryan yeah way to go there showing

1975

01:21:10,970 --> 01:21:10,260

my age

1976

01:21:13,729 --> 01:21:10,980

um

1977

01:21:15,830 --> 01:21:13,739

you have to wonder you know why was he

1978

01:21:19,310 --> 01:21:15,840

filming how did he know it was going to

1979

01:21:20,689 --> 01:21:19,320

be on that side this that this that

1980

01:21:24,709 --> 01:21:20,699

um let's see

1981

01:21:26,750 --> 01:21:24,719

if I'm missing anything here uh

1982

01:21:28,669 --> 01:21:26,760

uh they suggested it could be a solar

1983

01:21:30,830 --> 01:21:28,679

balloon like you said Vinnie but that

1984

01:21:34,310 --> 01:21:30,840

it's highly unlikely since they don't

1985

01:21:36,590 --> 01:21:34,320

really survive at such a high altitude

1986

01:21:37,790 --> 01:21:36,600

um yeah I read something her argument I

1987

01:21:39,890 --> 01:21:37,800

read something that they they actually

1988

01:21:41,630 --> 01:21:39,900

can they can survive with that and this

1989

01:21:43,430 --> 01:21:41,640

is you know I did a good bit of digging

1990

01:21:44,149 --> 01:21:43,440

and and spent a good bit of time on this

1991

01:21:46,729 --> 01:21:44,159

and

1992

01:21:49,310 --> 01:21:46,739

there are people who are in that kind of

1993

01:21:51,110 --> 01:21:49,320

industry who who have seen these things

1994

01:21:52,729 --> 01:21:51,120

at these Heights you know they may not

1995

01:21:55,310 --> 01:21:52,739

last that long so maybe it was just

1996

01:21:57,470 --> 01:21:55,320

right place right time to see this

1997

01:22:00,590 --> 01:21:57,480

within a you know a short time span

1998

01:22:03,410 --> 01:22:00,600

before it didn't survive much longer but

1999

01:22:05,750 --> 01:22:03,420

I mean with with so many things pointing

2000

01:22:07,970 --> 01:22:05,760

towards that to then just say but it

2001

01:22:13,149 --> 01:22:07,980

can't be because of that one point uh it

2002

01:22:20,149 --> 01:22:16,729

that one went right over my semi-drunk

2003

01:22:23,510 --> 01:22:22,189

um there was another video that I

2004

01:22:25,310 --> 01:22:23,520

originally was going to show with this

2005

01:22:28,729 --> 01:22:25,320

one that happened in Medellin Colombia

2006

01:22:32,090 --> 01:22:28,739

as well I think I took it off the roster

2007

01:22:33,709 --> 01:22:32,100

um with you because I I pretty much came

2008

01:22:35,930 --> 01:22:33,719

to the conclusion that it was just a

2009

01:22:38,330 --> 01:22:35,940

balloon hanging in the air

2010

01:22:39,229 --> 01:22:38,340

um but kind of similar it looked like

2011

01:22:41,270 --> 01:22:39,239

this

2012

01:22:42,890 --> 01:22:41,280

um but it was just stationary hovering

2013

01:22:46,970 --> 01:22:42,900

over the city

2014

01:22:50,149 --> 01:22:46,980

um and it happened more recently I

2015

01:22:51,649 --> 01:22:50,159

believe uh than this one did so again it

2016

01:22:54,709 --> 01:22:51,659

could be a balloon

2017

01:22:57,470 --> 01:22:54,719

um it could be anything but uh yeah I I

2018

01:22:59,450 --> 01:22:57,480

think you uh you popped the bubble on

2019

01:23:01,610 --> 01:22:59,460

this one for me brother and I think we

2020

01:23:03,470 --> 01:23:01,620

are looking at a solar balloon

2021

01:23:04,970 --> 01:23:03,480

it seems to be a running theme in the

2022

01:23:06,950 --> 01:23:04,980

show isn't it it's a balloon themed show

2023

01:23:08,330 --> 01:23:06,960

and you know I I'll say this to

2024

01:23:10,370 --> 01:23:08,340

everybody that's watching and listening

2025

01:23:12,649 --> 01:23:10,380

is I wish we were seeing a lot more

2026

01:23:13,970 --> 01:23:12,659

anomalous things and you know this is

2027

01:23:15,530 --> 01:23:13,980

what we've got to do we got to get rid

2028

01:23:17,090 --> 01:23:15,540

of all these kind of things and just

2029

01:23:19,910 --> 01:23:17,100

work our way through them this is just

2030

01:23:23,209 --> 01:23:19,920

part of the process isn't it and uh

2031

01:23:26,030 --> 01:23:23,219

you know we can't always show what we

2032

01:23:28,010 --> 01:23:26,040

want to see as much as we want but hey

2033

01:23:30,050 --> 01:23:28,020

yeah that's the way it goes it's about

2034

01:23:32,930 --> 01:23:30,060

finding the truth you know

2035

01:23:35,630 --> 01:23:32,940

um I I love living in the mystery of

2036

01:23:37,010 --> 01:23:35,640

UFOs I always will because I personally

2037

01:23:39,709 --> 01:23:37,020

don't believe we're ever going to get

2038

01:23:41,390 --> 01:23:39,719

all the answers to any of this but at

2039

01:23:45,110 --> 01:23:41,400

the same time like you just have to know

2040

01:23:48,550 --> 01:23:45,120

when to say this is a conventional

2041

01:23:51,649 --> 01:23:48,560

aircraft or a highly

2042

01:23:53,450 --> 01:23:51,659

extraordinary conventional aircraft

2043

01:23:56,330 --> 01:23:53,460

something we might not even know about

2044

01:23:59,510 --> 01:23:56,340

yet but uh it was built by human hands

2045

01:24:02,270 --> 01:23:59,520

uh and I think this whatever this thing

2046

01:24:05,149 --> 01:24:02,280

was was built by human hands and it was

2047

01:24:07,729 --> 01:24:05,159

part of a Balloon Fest so yes welcome to

2048

01:24:10,070 --> 01:24:07,739

somewhere in the balloon tonight guys uh

2049

01:24:14,209 --> 01:24:10,080

for sure well Vinnie

2050

01:24:16,610 --> 01:24:14,219

speaking of things uh that you're doing

2051
01:24:20,149 --> 01:24:16,620
and things that are coming up and what's

2052
01:24:22,370 --> 01:24:20,159
going on in 2023 I gotta asked brother

2053
01:24:25,130 --> 01:24:22,380
before we wrap things up and let you go

2054
01:24:28,850 --> 01:24:25,140
here uh what is going on over at

2055
01:24:31,310 --> 01:24:28,860
disclosure team UAP media UK I know

2056
01:24:34,550 --> 01:24:31,320
you're going to be traveling a lot in

2057
01:24:37,250 --> 01:24:34,560
the coming months doing your UFO your

2058
01:24:39,350 --> 01:24:37,260
UFO thanks so give it to us brother what

2059
01:24:43,070 --> 01:24:39,360
do you got going on over at everything

2060
01:24:44,930 --> 01:24:43,080
you're doing uh so the podcast the show

2061
01:24:47,090 --> 01:24:44,940
YouTube show continues with myself and

2062
01:24:48,770 --> 01:24:47,100
my co-host Katie Howland we have a lot

2063
01:24:52,729 --> 01:24:48,780

of good guests lined up in the come in

2064

01:24:54,290 --> 01:24:52,739

uh weeks uh and into March a couple

2065

01:24:55,850 --> 01:24:54,300

which I think people should really look

2066

01:24:58,370 --> 01:24:55,860

out for when they're announced I'll say

2067

01:25:00,290 --> 01:24:58,380

that much then I'm speaking at UFO Expo

2068

01:25:01,970 --> 01:25:00,300

virtually that is in Roswell New Mexico

2069

01:25:03,470 --> 01:25:01,980

that is in March I'm doing a virtual

2070

01:25:05,990 --> 01:25:03,480

presentation there

2071

01:25:08,510 --> 01:25:06,000

then in April I fly back out to Colombia

2072

01:25:10,610 --> 01:25:08,520

to continue our investigations into the

2073

01:25:12,530 --> 01:25:10,620

mysterious light phenomena on the

2074

01:25:16,790 --> 01:25:12,540

mountain there for season two of

2075

01:25:19,189 --> 01:25:16,800

phenomenology then I am speaking in

2076

01:25:21,410 --> 01:25:19,199

Roswell again in June at the very end of

2077

01:25:24,050 --> 01:25:21,420

June um but this time in person so

2078

01:25:26,630 --> 01:25:24,060

myself Graham Randall Dan zetterstrom

2079

01:25:28,490 --> 01:25:26,640

will all be in Roswell doing our own

2080

01:25:31,610 --> 01:25:28,500

presentations and stuff for the whole

2081

01:25:34,729 --> 01:25:31,620

three-day event and and more so yeah

2082

01:25:37,189 --> 01:25:34,739

it's a busy first six months of 2023 and

2083

01:25:39,470 --> 01:25:37,199

I'm sure the second half will continue

2084

01:25:42,169 --> 01:25:39,480

to be busy but lots going on really

2085

01:25:45,290 --> 01:25:42,179

excited and can't wait to do it all

2086

01:25:48,350 --> 01:25:45,300

awesome man the British Invasion taking

2087

01:25:50,330 --> 01:25:48,360

over Roswell hey that's all we need we

2088

01:25:52,070 --> 01:25:50,340

need all perspectives and uh that's

2089

01:25:54,530 --> 01:25:52,080

awesome I might just have to make the

2090

01:25:57,790 --> 01:25:54,540

Trek out with you guys I'll uh I'll I'll

2091

01:26:00,110 --> 01:25:57,800

carry your luggage

2092

01:26:03,050 --> 01:26:00,120

that's how it's gonna go that's that's

2093

01:26:06,729 --> 01:26:03,060

my that's that's my contribution to UAP

2094

01:26:09,169 --> 01:26:06,739

media UK I'll take it man I'll take it

2095

01:26:11,390 --> 01:26:09,179

love it love it man

2096

01:26:12,649 --> 01:26:11,400

um well yeah this is pretty exciting you

2097

01:26:14,990 --> 01:26:12,659

know I have a co-host over at the

2098

01:26:17,090 --> 01:26:15,000

channel as well Katie Howland

2099

01:26:19,310 --> 01:26:17,100

um who's actually I just confirmed will

2100

01:26:21,290 --> 01:26:19,320

be joining me next week for somewhere in

2101
01:26:24,350 --> 01:26:21,300
the live stream so oh amazing the whole

2102
01:26:26,570 --> 01:26:24,360
disclosure team is uh is helping me out

2103
01:26:28,490 --> 01:26:26,580
here over at somewhere in the sky so

2104
01:26:30,169 --> 01:26:28,500
that'll be really cool she's doing some

2105
01:26:32,810 --> 01:26:30,179
great work as well

2106
01:26:35,510 --> 01:26:32,820
um and I'm sorry I I did I miss it did

2107
01:26:38,870 --> 01:26:35,520
you when are you heading to um to to

2108
01:26:42,470 --> 01:26:38,880
work on phenomenology I fly out April

2109
01:26:44,209 --> 01:26:42,480
the 5th okay for two weeks yeah that's

2110
01:26:47,149 --> 01:26:44,219
gonna be that'll be season two right

2111
01:26:48,830 --> 01:26:47,159
season two the the investigative team uh

2112
01:26:51,590 --> 01:26:48,840
we've got a few core members from season

2113
01:26:53,149 --> 01:26:51,600

one but then we've got also got a a load

2114

01:26:55,850 --> 01:26:53,159

of new people coming in so some new

2115

01:26:58,910 --> 01:26:55,860

we've got archaeologists we've got uh

2116

01:27:01,010 --> 01:26:58,920

defense experts so uh the team is twice

2117

01:27:03,110 --> 01:27:01,020

the size this time so it's going to be a

2118

01:27:04,550 --> 01:27:03,120

lot different not only are we going to

2119

01:27:06,229 --> 01:27:04,560

be looking at the the same mountain and

2120

01:27:08,149 --> 01:27:06,239

the light phenomena we've got a lot more

2121

01:27:09,590 --> 01:27:08,159

equipment that we're taking out but

2122

01:27:13,790 --> 01:27:09,600

we're also going to be going visiting

2123

01:27:17,209 --> 01:27:13,800

other ancient uh mysterious sites let's

2124

01:27:19,070 --> 01:27:17,219

say and I can't wait to go there and and

2125

01:27:20,510 --> 01:27:19,080

get get stuck in get boots on the ground

2126

01:27:22,970 --> 01:27:20,520

you know

2127

01:27:25,729 --> 01:27:22,980

I love them and that's all we need we

2128

01:27:27,729 --> 01:27:25,739

need more boots on the ground less of

2129

01:27:29,930 --> 01:27:27,739

these live streams right

2130

01:27:32,270 --> 01:27:29,940

I should have say that while we're live

2131

01:27:33,890 --> 01:27:32,280

streaming and probably eight more

2132

01:27:36,410 --> 01:27:33,900

balloons were shot down

2133

01:27:38,330 --> 01:27:36,420

um but many listen brother you've been

2134

01:27:40,310 --> 01:27:38,340

very gracious with your time I'm going

2135

01:27:42,830 --> 01:27:40,320

to say good night to you and debrief

2136

01:27:44,930 --> 01:27:42,840

with the audience here but once again

2137

01:27:47,390 --> 01:27:44,940

please let us know where we can find

2138

01:27:48,709 --> 01:27:47,400

everything you're up to yeah sure I mean

2139

01:27:50,510 --> 01:27:48,719

the best place to go is you can see

2140

01:27:52,729 --> 01:27:50,520

right below me here on YouTube is my

2141

01:27:55,310 --> 01:27:52,739

Twitter handle uh you can go there and

2142

01:27:58,250 --> 01:27:55,320

then in my bio you'll find all my links

2143

01:27:59,689 --> 01:27:58,260

like literally all my links.com go there

2144

01:28:02,090 --> 01:27:59,699

go and check out everything I'm doing

2145

01:28:03,110 --> 01:28:02,100

and uh yeah hit me up if anybody wants

2146

01:28:06,169 --> 01:28:03,120

to talk

2147

01:28:08,090 --> 01:28:06,179

awesome all right man I'm gonna let you

2148

01:28:11,629 --> 01:28:08,100

know it let you go I know it's getting

2149

01:28:13,310 --> 01:28:11,639

late over here in the UK and um hey get

2150

01:28:15,770 --> 01:28:13,320

ready for that press conference on

2151

01:28:17,570 --> 01:28:15,780

Monday I'll be ready we'll have to uh

2152

01:28:19,790 --> 01:28:17,580

take our bets on where the next one is

2153

01:28:22,370 --> 01:28:19,800

gonna be for sure

2154

01:28:23,930 --> 01:28:22,380

all right good night my friend thank you

2155

01:28:27,890 --> 01:28:23,940

very much good night good night chat

2156

01:28:31,790 --> 01:28:27,900

take care goodbye thanks Vinnie

2157

01:28:33,890 --> 01:28:31,800

wow that was a hell of an episode guys

2158

01:28:35,450 --> 01:28:33,900

that was a marathon I don't know what's

2159

01:28:37,550 --> 01:28:35,460

up I feel like I think I had too much

2160

01:28:39,590 --> 01:28:37,560

coffee before this one because I knew

2161

01:28:41,330 --> 01:28:39,600

we'd be covering a lot and there's a lot

2162

01:28:43,669 --> 01:28:41,340

going on clearly

2163

01:28:45,470 --> 01:28:43,679

um this is the highest watched live

2164

01:28:46,850 --> 01:28:45,480

stream we've done yet at somewhere in

2165

01:28:48,530 --> 01:28:46,860

the live stream

2166

01:28:50,750 --> 01:28:48,540

um so thank you thank you to everyone

2167

01:28:53,209 --> 01:28:50,760

who may have just tuned in for the first

2168

01:28:55,550 --> 01:28:53,219

time this is a live stream that I do

2169

01:28:57,890 --> 01:28:55,560

every week here at somewhere in the

2170

01:29:00,169 --> 01:28:57,900

skies if you're not familiar with the

2171

01:29:02,629 --> 01:29:00,179

podcast uh check it out you can

2172

01:29:04,250 --> 01:29:02,639

subscribe anywhere you get podcasts and

2173

01:29:06,530 --> 01:29:04,260

right here on YouTube as well I really

2174

01:29:09,410 --> 01:29:06,540

saw the episodes here

2175

01:29:11,149 --> 01:29:09,420

um and yeah it's every Monday so I'm

2176
01:29:14,510 --> 01:29:11,159
literally releasing an episode in the

2177
01:29:16,790 --> 01:29:14,520
next couple hours UK time so be on the

2178
01:29:19,970 --> 01:29:16,800
lookout for that where we are going to

2179
01:29:23,629 --> 01:29:19,980
be speaking to the one and only Richard

2180
01:29:25,729 --> 01:29:23,639
Dolan uh Richard is a historian and a

2181
01:29:28,550 --> 01:29:25,739
UFO researcher you probably know him

2182
01:29:31,430 --> 01:29:28,560
from uh your television screen screens

2183
01:29:34,010 --> 01:29:31,440
and documentaries or read his books he

2184
01:29:36,410 --> 01:29:34,020
doesn't do many interviews anymore

2185
01:29:38,330 --> 01:29:36,420
um you know he's just busy working but

2186
01:29:40,310 --> 01:29:38,340
he was very gracious and came on the

2187
01:29:42,050 --> 01:29:40,320
show we had an awesome conversation

2188
01:29:45,470 --> 01:29:42,060

about everything going on in the UFO

2189

01:29:48,110 --> 01:29:45,480

world right now and um yeah it was a

2190

01:29:49,850 --> 01:29:48,120

fascinating conversation we talked all

2191

01:29:51,470 --> 01:29:49,860

about his work with the Wilson Davis

2192

01:29:53,209 --> 01:29:51,480

notes

2193

01:29:56,870 --> 01:29:53,219

um which is a very hot button issue in

2194

01:29:59,689 --> 01:29:56,880

the UFO field so we get his new thoughts

2195

01:30:01,729 --> 01:29:59,699

and perspectives on that case

2196

01:30:03,590 --> 01:30:01,739

um and we just covered everything he

2197

01:30:07,250 --> 01:30:03,600

answered your listener questions it was

2198

01:30:09,229 --> 01:30:07,260

basically a listener ask me anything and

2199

01:30:11,629 --> 01:30:09,239

then he was kind enough to head on over

2200

01:30:13,970 --> 01:30:11,639

to patreon and spend an extra half hour

2201
01:30:15,290 --> 01:30:13,980
with me and certain more listener

2202
01:30:17,209 --> 01:30:15,300
questions

2203
01:30:20,090 --> 01:30:17,219
um so be on the lookout for that episode

2204
01:30:22,310 --> 01:30:20,100
which releases in just a few excuse me

2205
01:30:25,669 --> 01:30:22,320
just a few hours on all podcast

2206
01:30:27,410 --> 01:30:25,679
platforms and right here on YouTube

2207
01:30:29,270 --> 01:30:27,420
um and then head on over to patreon and

2208
01:30:32,030 --> 01:30:29,280
listen to us talk for another 30 minutes

2209
01:30:35,870 --> 01:30:32,040
about a lot more of them

2210
01:30:39,050 --> 01:30:35,880
more esoteric and and and thought

2211
01:30:41,450 --> 01:30:39,060
experiment conversation of UFOs it was

2212
01:30:44,149 --> 01:30:41,460
so much fun uh probably one of my

2213
01:30:45,890 --> 01:30:44,159

favorite patreon episodes we've done yet

2214

01:30:49,010 --> 01:30:45,900

um so you can become a patron and help

2215

01:30:50,390 --> 01:30:49,020

the show out at patreon.com somewhere

2216

01:30:52,490 --> 01:30:50,400

Skies

2217

01:30:55,729 --> 01:30:52,500

um that bonus episode is also available

2218

01:30:57,890 --> 01:30:55,739

to Apple premium subscribers so if you

2219

01:30:59,390 --> 01:30:57,900

listen to the podcast on Apple

2220

01:31:02,510 --> 01:30:59,400

um just go right to the top of the feed

2221

01:31:05,030 --> 01:31:02,520

click subscribe at the top there it's uh

2222

01:31:07,490 --> 01:31:05,040

4.99 a month uh just like it is on

2223

01:31:10,610 --> 01:31:07,500

patreon and you can get all of our bonus

2224

01:31:13,010 --> 01:31:10,620

episodes and uh Early Access to all of

2225

01:31:15,169 --> 01:31:13,020

our interviews that come out on Monday

2226

01:31:17,930 --> 01:31:15,179

so you'll get them on like the Friday

2227

01:31:20,330 --> 01:31:17,940

before or Saturday or Sunday a few days

2228

01:31:22,610 --> 01:31:20,340

early and you also get to ask our guests

2229

01:31:24,830 --> 01:31:22,620

your questions so those are the rewards

2230

01:31:27,890 --> 01:31:24,840

to get for becoming a patreon member or

2231

01:31:28,970 --> 01:31:27,900

an apple premium subscriber or a YouTube

2232

01:31:34,070 --> 01:31:28,980

member

2233

01:31:35,570 --> 01:31:34,080

as well and uh same perks so yeah be on

2234

01:31:37,970 --> 01:31:35,580

the lookout those are three ways you can

2235

01:31:41,090 --> 01:31:37,980

help out somewhere in the skies and and

2236

01:31:42,890 --> 01:31:41,100

all that but um guys we covered a lot

2237

01:31:44,810 --> 01:31:42,900

tonight I know the chat was blowing up

2238

01:31:47,270 --> 01:31:44,820

and I was not able to get to a lot of

2239

01:31:49,010 --> 01:31:47,280

stuff so I want to apologize

2240

01:31:52,669 --> 01:31:49,020

um but I hope you guys had a really good

2241

01:31:54,229 --> 01:31:52,679

conversation amongst yourselves uh it's

2242

01:31:56,930 --> 01:31:54,239

crazy right now

2243

01:31:59,330 --> 01:31:56,940

um it's really crazy out there so all

2244

01:32:02,209 --> 01:31:59,340

I'm gonna say is um

2245

01:32:04,450 --> 01:32:02,219

just keep your ear to the ground

2246

01:32:06,950 --> 01:32:04,460

um there's gonna be a lot of uh

2247

01:32:08,330 --> 01:32:06,960

posturing going on in the coming weeks

2248

01:32:10,430 --> 01:32:08,340

when it comes to

2249

01:32:12,590 --> 01:32:10,440

probably China in the United States

2250

01:32:14,030 --> 01:32:12,600

mostly and all of the stuff going on

2251

01:32:15,770 --> 01:32:14,040

there's probably going to be more

2252

01:32:18,590 --> 01:32:15,780

shootdowns of these things whether it's

2253

01:32:21,110 --> 01:32:18,600

in Canada or the us or even other

2254

01:32:22,669 --> 01:32:21,120

countries as well we're hearing that

2255

01:32:25,610 --> 01:32:22,679

China may have shot one of these down as

2256

01:32:27,530 --> 01:32:25,620

well is that just you know kind of their

2257

01:32:30,470 --> 01:32:27,540

way of being like Oh we have them too I

2258

01:32:33,169 --> 01:32:30,480

don't know I I nobody knows right now

2259

01:32:35,450 --> 01:32:33,179

and they can't pretend to know I know uh

2260

01:32:37,370 --> 01:32:35,460

Chuck Schumer in the United States said

2261

01:32:39,709 --> 01:32:37,380

that all three of these shootdowns were

2262

01:32:42,229 --> 01:32:39,719

definitely balloons uh but I have not

2263

01:32:44,090 --> 01:32:42,239

seen that confirmed just yet so I'm not

2264

01:32:45,950 --> 01:32:44,100

willing to go there just yet saying

2265

01:32:49,550 --> 01:32:45,960

they're all Spy balloons

2266

01:32:51,709 --> 01:32:49,560

it's the most likely explanation

2267

01:32:54,350 --> 01:32:51,719

um but I would not take one person's

2268

01:32:56,390 --> 01:32:54,360

word for it just yet

2269

01:32:59,750 --> 01:32:56,400

um so yeah that's all I got guys

2270

01:33:02,510 --> 01:32:59,760

exciting times weird times was not

2271

01:33:05,570 --> 01:33:02,520

expecting this on the old ufology bingo

2272

01:33:08,750 --> 01:33:05,580

card of 2023 but who knows what to

2273

01:33:12,110 --> 01:33:08,760

expect anymore with any of this so

2274

01:33:18,470 --> 01:33:12,120

keeps me young keeps me going and it

2275

01:33:23,390 --> 01:33:21,110

delicious I'm gonna say goodnight guys

2276

01:33:25,610 --> 01:33:23,400

thank you thank you so much to all of

2277

01:33:28,250 --> 01:33:25,620

you for watching tonight if you can

2278

01:33:30,590 --> 01:33:28,260

please click like below please subscribe

2279

01:33:32,450 --> 01:33:30,600

to the channel turn on notifications and

2280

01:33:34,370 --> 01:33:32,460

share the show with someone you think

2281

01:33:36,350 --> 01:33:34,380

might be interested in the UFO topic we

2282

01:33:39,290 --> 01:33:36,360

have a lot of fun here uh we take it

2283

01:33:41,810 --> 01:33:39,300

seriously but not too seriously and um

2284

01:33:43,250 --> 01:33:41,820

we just want to know the truth to all of

2285

01:33:45,590 --> 01:33:43,260

this so hopefully we will get those

2286

01:33:48,709 --> 01:33:45,600

answers and hopefully those answers will

2287

01:33:51,470 --> 01:33:48,719

lay somewhere in the skies so as always

2288

01:33:53,149 --> 01:33:51,480

thank you to everyone who gave the super

2289

01:33:55,970 --> 01:33:53,159

chats thank you to all of you for

2290

01:33:57,890 --> 01:33:55,980

watching for listening

2291

01:34:00,470 --> 01:33:57,900

um I am going to put all of your

2292

01:34:03,649 --> 01:34:00,480

goodbyes up as we say good night here

2293

01:34:06,290 --> 01:34:03,659

and uh leave you with our Mantra as

2294

01:34:08,209 --> 01:34:06,300

always keep your feet on the ground but

2295

01:34:10,729 --> 01:34:08,219

never stop searching somewhere in the

2296

01:34:11,580 --> 01:34:10,739

skies have a great night and go watch

2297

01:34:13,770 --> 01:34:11,590

the Super Bowl

2298

01:34:23,209 --> 01:34:13,780

[Music]

2299

01:34:56,209 --> 01:34:25,190

foreign
