

Richard Dolan on why UFO
Disclosure is impossible...

... or is it?

1
00:00:05,450 --> 00:00:02,990
never ever expect honesty or good faith

2
00:00:06,769 --> 00:00:05,460
from the United States government on

3
00:00:09,410 --> 00:00:06,779
anything having to do with the matter of

4
00:00:11,509 --> 00:00:09,420
UFOs you may from time to time get a

5
00:00:13,430 --> 00:00:11,519
member of Congress who gets worked up

6
00:00:14,390 --> 00:00:13,440
and interested about this that can

7
00:00:16,490 --> 00:00:14,400
happen

8
00:00:20,870 --> 00:00:16,500
that is certainly possible but that's a

9
00:00:22,910 --> 00:00:20,880
that's a whole bit different from the

10
00:00:25,550 --> 00:00:22,920
institutional apparatus of the military

11
00:00:29,269 --> 00:00:25,560
the National Security State

12
00:00:31,009 --> 00:00:29,279
to do anything honest about this subject

13
00:00:32,930 --> 00:00:31,019

in terms of actually

14

00:00:34,670 --> 00:00:32,940
reporting to the public they're just

15

00:00:36,650 --> 00:00:34,680
they're never going to do it they'll

16

00:00:38,630 --> 00:00:36,660
never do this honestly I don't think you

17

00:00:41,869 --> 00:00:38,640
should ever expect anything out of them

18

00:00:44,930 --> 00:00:41,879
unless they are pushed to the wall

19

00:00:46,250 --> 00:00:44,940
by either a leak or some kind of

20

00:00:49,190 --> 00:00:46,260
information that comes out that's

21

00:00:51,290 --> 00:00:49,200
unexpected that forces a statement from

22

00:00:53,029 --> 00:00:51,300
them in which case

23

00:00:55,850 --> 00:00:53,039
the pattern has always been that they

24

00:00:57,650 --> 00:00:55,860
will give as absolutely little as they

25

00:00:59,630 --> 00:00:57,660
have to before they can just run away
