

# I SAW THE ORIGINAL TIC TAC VIDEO

FEATURING

**LT. CMDR. ALEX DIETRICH**

1  
00:00:06,349 --> 00:00:03,230  
clear so when they came back we had been

2  
00:00:08,930 --> 00:00:06,359  
debriefing the Intel folks talking to

3  
00:00:12,290 --> 00:00:08,940  
other people in the Squadron and then

4  
00:00:14,570 --> 00:00:12,300  
they plugged in this tape

5  
00:00:18,230 --> 00:00:14,580  
into we call it a stack so it's this

6  
00:00:21,590 --> 00:00:18,240  
video players State players and we all

7  
00:00:25,150 --> 00:00:21,600  
gathered around and we watched several

8  
00:00:29,990 --> 00:00:25,160  
times this black and white

9  
00:00:34,729 --> 00:00:30,000  
Fleer footage it was much clearer the

10  
00:00:36,549 --> 00:00:34,739  
resolution than what you see now if you

11  
00:00:39,709 --> 00:00:36,559  
just Google Tic Tac video

12  
00:00:42,770 --> 00:00:39,719  
because it was the original tape

13  
00:00:45,350 --> 00:00:42,780

you know it was this um

14

00:00:47,209 --> 00:00:45,360

not a copy of a copy of a digital copy

15

00:00:48,229 --> 00:00:47,219

kind of thing

16

00:00:52,029 --> 00:00:48,239

um

17

00:00:54,229 --> 00:00:52,039

so yes we we watched that and

18

00:00:57,010 --> 00:00:54,239

we were confident that what we were
