1  
00:00:03,030 --> 00:00:01,510  
i'll share with you very quickly

2  
00:00:05,030 --> 00:00:03,040  
something that's frustrating for chris

3  
00:00:07,030 --> 00:00:05,040  
and i um there was there was an

4  
00:00:08,150 --> 00:00:07,040  
individual an officer i won't say who or

5  
00:00:10,230 --> 00:00:08,160  
the rank

6  
00:00:13,509 --> 00:00:10,240  
that was reporting information to the to

7  
00:00:15,669 --> 00:00:13,519  
the task force and then was uh what was

8  
00:00:17,269 --> 00:00:15,679  
very quickly shut down by his uh chain

9  
00:00:19,429 --> 00:00:17,279  
of command saying you will not report

10  
00:00:20,870 --> 00:00:19,439  
this information and he was admonished

11  
00:00:22,790 --> 00:00:20,880  
and you will not report this information

12  
00:00:24,630 --> 00:00:22,800  
to the chain of command you you through

13  
00:00:25,750 --> 00:00:24,640

the the task force chain of command

14

00:00:27,670 --> 00:00:25,760

you're going to keep this within air

15

00:00:29,429 --> 00:00:27,680

force channels and that's problematic

16

00:00:31,669 --> 00:00:29,439

because it really flies in the face of

17

00:00:32,870 --> 00:00:31,679

the intent of congress in my opinion

18

00:00:34,709 --> 00:00:32,880

chris can probably elaborate a little

19

00:00:37,030 --> 00:00:34,719

bit more on that but that's not what

20

00:00:40,150 --> 00:00:37,040

congress wants congress wants a a single

21

00:00:41,270 --> 00:00:40,160

reporting belly button so to speak that

22

00:00:43,350 --> 00:00:41,280

all the information from all the

23

00:00:46,549 --> 00:00:43,360

services can can get looked at and

24

00:00:49,110 --> 00:00:46,559

triaged and and analyzed um

25

00:00:51,270 --> 00:00:49,120

when the services don't work together

26

00:00:53,670 --> 00:00:51,280

things things fail this is why we had a

27

00:00:55,830 --> 00:00:53,680

911 commission report because certain

28

00:00:57,430 --> 00:00:55,840

elements in the intelligence community

29

00:00:58,709 --> 00:00:57,440

simply were not sharing information that

30

00:01:01,110 --> 00:00:58,719

they should have

31

00:01:03,750 --> 00:01:01,120

one of probably my favorite quotes that

32

00:01:05,910 --> 00:01:03,760

chris has is talking about

33

00:01:07,830 --> 00:01:05,920

comparing the us and russia we won the

34

00:01:10,710 --> 00:01:07,840

cold war not because we kept better

35

00:01:13,590 --> 00:01:10,720

secrets but because we learned how to

36

00:01:16,310 --> 00:01:13,600

move information more efficiently

37

00:01:18,469 --> 00:01:16,320

and think about that for a moment

38

00:01:19,830 --> 00:01:18,479

this is probably a perfect case in point

39

00:01:21,510 --> 00:01:19,840

on this topic

40

00:01:23,510 --> 00:01:21,520

if we can figure out a way to move

41

00:01:26,070 --> 00:01:23,520

information more efficiently

42

00:01:28,149 --> 00:01:26,080

uh and and not keep this you know within

43

00:01:29,429 --> 00:01:28,159

the super uber highly classified

44

00:01:31,030 --> 00:01:29,439

channels that

45

00:01:32,390 --> 00:01:31,040

it once was
