

# UFO CRASH RETRIEVAL PROGRAM

FEATURING

**ROSS COULTHART**

1  
00:00:00,940 --> 00:00:00,289

[Music]

2  
00:00:07,210 --> 00:00:00,950

foreign

3  
00:00:13,190 --> 00:00:10,129

to people you know I wrote to people

4  
00:00:16,609 --> 00:00:13,200

like General Neil mccasland and um I

5  
00:00:18,230 --> 00:00:16,619

sent letters saying you know he I'm a

6  
00:00:20,450 --> 00:00:18,240

journalist I'm investigating this issue

7  
00:00:21,710 --> 00:00:20,460

by the way Neil McCaslin did not respond

8  
00:00:25,490 --> 00:00:21,720

to my letter

9  
00:00:28,250 --> 00:00:25,500

but a lot did and I was amazed because I

10  
00:00:30,470 --> 00:00:28,260

gave my encrypted messaging systems

11  
00:00:32,749 --> 00:00:30,480

signal Telegram

12  
00:00:34,430 --> 00:00:32,759

proton male which by the way you can

13  
00:00:37,729 --> 00:00:34,440

find on my Twitter handle

14

00:00:39,410 --> 00:00:37,739

and uh I invited people to contact me

15

00:00:42,350 --> 00:00:39,420

and

16

00:00:43,910 --> 00:00:42,360

about a month or so after I'd sent off

17

00:00:46,850 --> 00:00:43,920

these letters I started getting really

18

00:00:48,830 --> 00:00:46,860

interesting calls and and messages from

19

00:00:50,330 --> 00:00:48,840

people who were

20

00:00:53,270 --> 00:00:50,340

telling me

21

00:00:56,930 --> 00:00:53,280

eventually that they were involved in

22

00:01:00,049 --> 00:00:56,940

what some called the program and uh

23

00:01:01,510 --> 00:01:00,059

essentially it was an attempt to back

24

00:01:03,070 --> 00:01:01,520

engineer

25

00:01:05,509 --> 00:01:03,080

recovered

26

00:01:07,250 --> 00:01:05,519

non-human technology

27

00:01:09,950 --> 00:01:07,260

craft

28

00:01:11,450 --> 00:01:09,960

and I look I cheerfully admit the first

29

00:01:14,090 --> 00:01:11,460

couple of times that I was told about

30

00:01:16,730 --> 00:01:14,100

this I I treated it as a bit of a joke I

31

00:01:18,649 --> 00:01:16,740

I laughed I thought this is wacky stuff

32

00:01:20,510 --> 00:01:18,659

somebody's deliberately sowing me with

33

00:01:23,570 --> 00:01:20,520

disinformation and then

34

00:01:25,130 --> 00:01:23,580

one day neck cobits literally rang me I

35

00:01:26,929 --> 00:01:25,140

couldn't believe it this guy from the

36

00:01:28,789 --> 00:01:26,939

former head of Navy Science and

37

00:01:32,390 --> 00:01:28,799

Technology development like the chief

38

00:01:35,510 --> 00:01:32,400

boffin for the US Navy for decades rang

39

00:01:38,870 --> 00:01:35,520

me out of the blue and it was in the

40

00:01:40,370 --> 00:01:38,880

middle of the Sydney bushfires and um

41

00:01:41,929 --> 00:01:40,380

you know at the time it looked like the

42

00:01:44,630 --> 00:01:41,939

whole city might get wiped out we had

43

00:01:46,190 --> 00:01:44,640

fires on every front and um I think

44

00:01:48,170 --> 00:01:46,200

because he was seeing this Vision on his

45

00:01:50,690 --> 00:01:48,180

TV Set at home and the poor fellow was

46

00:01:53,569 --> 00:01:50,700

very very very seriously ill he had

47

00:01:56,690 --> 00:01:53,579

cancer very Advanced cancer

48

00:01:58,190 --> 00:01:56,700

he um he rang me and he goes Ross you

49

00:02:00,350 --> 00:01:58,200

need to get you need to get out of your

50

00:02:02,330 --> 00:02:00,360

government and get the the the top

51  
00:02:04,130 --> 00:02:02,340  
Soviet water bomber and he was what he

52  
00:02:06,889 --> 00:02:04,140  
wanted me to get the Russians to send

53  
00:02:08,749 --> 00:02:06,899  
over their big water bomber and um you

54  
00:02:11,510 --> 00:02:08,759  
know he was just this Tech geek who

55  
00:02:13,250 --> 00:02:11,520  
wanted to share information and so for

56  
00:02:15,170 --> 00:02:13,260  
days I just talked to him about what

57  
00:02:16,790 --> 00:02:15,180  
he'd worked on in the Navy and it was

58  
00:02:18,530 --> 00:02:16,800  
just such a privilege to speak to

59  
00:02:20,990 --> 00:02:18,540  
somebody who right through the Cold War

60  
00:02:24,589 --> 00:02:21,000  
had worked on top

61  
00:02:25,970 --> 00:02:24,599  
vehicles and Technologies in the um in

62  
00:02:28,190 --> 00:02:25,980  
the U.S military and it was a real

63  
00:02:31,490 --> 00:02:28,200

insight because it was such a generous

64

00:02:32,809 --> 00:02:31,500

sharing warm guy and I made it clear in

65

00:02:35,330 --> 00:02:32,819

my letter that I was really interested

66

00:02:37,790 --> 00:02:35,340

in talking about the phenomenon you know

67

00:02:40,190 --> 00:02:37,800

UFOs uaps but

68

00:02:42,350 --> 00:02:40,200

after about the third or fourth call he

69

00:02:44,330 --> 00:02:42,360

finally then said to me

70

00:02:47,150 --> 00:02:44,340

so Ross why why didn't you ask me the

71

00:02:48,650 --> 00:02:47,160

question and I went what question would

72

00:02:50,150 --> 00:02:48,660

that be now and he went you know

73

00:02:52,790 --> 00:02:50,160

something like you know

74

00:02:55,190 --> 00:02:52,800

and so I did I I asked him about you

75

00:02:57,890 --> 00:02:55,200

know was he ever read into

76  
00:03:00,410 --> 00:02:57,900  
a crash retrieval program you know was

77  
00:03:01,670 --> 00:03:00,420  
he ever security briefed to be briefed

78  
00:03:04,910 --> 00:03:01,680  
on

79  
00:03:08,509 --> 00:03:04,920  
claims the United States has recovered

80  
00:03:10,430 --> 00:03:08,519  
alien craft and I fully expected him to

81  
00:03:12,229 --> 00:03:10,440  
go like come on Rust it's just crazy

82  
00:03:14,449 --> 00:03:12,239  
you know why why are you asking

83  
00:03:16,729 --> 00:03:14,459  
me that question there was this kind of

84  
00:03:18,530 --> 00:03:16,739  
pregnant pause after I asked the first

85  
00:03:20,630 --> 00:03:18,540  
question

86  
00:03:22,250 --> 00:03:20,640  
and I was about to change the subject

87  
00:03:23,270 --> 00:03:22,260  
and move on out of embarrassment and

88  
00:03:24,949 --> 00:03:23,280

then he went

89

00:03:27,770 --> 00:03:24,959

yes

90

00:03:30,110 --> 00:03:27,780

but I wasn't read out of it and for that

91

00:03:32,210 --> 00:03:30,120

reason I can't say much more about it

92

00:03:34,809 --> 00:03:32,220

and I pushed him a little bit and I said

93

00:03:38,210 --> 00:03:34,819

so you were read into a program

94

00:03:40,729 --> 00:03:38,220

involving the retrieval of an alien

95

00:03:42,589 --> 00:03:40,739

spacecraft

96

00:03:44,089 --> 00:03:42,599

yes

97

00:03:46,130 --> 00:03:44,099

and I went

98

00:03:48,589 --> 00:03:46,140

multiple craft or a single craft

99

00:03:51,050 --> 00:03:48,599

multiple

100

00:03:53,449 --> 00:03:51,060

and that blew me away I mean I had a

101  
00:03:56,089 --> 00:03:53,459  
senior American former official of the

102  
00:03:58,070 --> 00:03:56,099  
U.S Navy research and development

103  
00:03:59,630 --> 00:03:58,080  
prepared to go on the record I checked

104  
00:04:00,649 --> 00:03:59,640  
it with him and he was prepared to go on

105  
00:04:02,930 --> 00:04:00,659  
the record

106  
00:04:04,910 --> 00:04:02,940  
as he said to me sadly what are they

107  
00:04:08,089 --> 00:04:04,920  
going to do to me he knew he was going

108  
00:04:10,070 --> 00:04:08,099  
to die and it was really sad because

109  
00:04:12,470 --> 00:04:10,080  
I've had some fairly snide people say to

110  
00:04:14,089 --> 00:04:12,480  
me in the messaging I've received in the

111  
00:04:15,949 --> 00:04:14,099  
last few weeks or how convenient that

112  
00:04:17,509 --> 00:04:15,959  
this guy died you know you can just

113  
00:04:18,830 --> 00:04:17,519

basically put any words you want to his

114

00:04:20,530 --> 00:04:18,840

mouth

115

00:04:22,790 --> 00:04:20,540

and um

116

00:04:24,830 --> 00:04:22,800

there's no way of responding to people

117

00:04:27,590 --> 00:04:24,840

like that I I mean the bottom line is

118

00:04:28,610 --> 00:04:27,600

journals use background sources all the

119

00:04:31,249 --> 00:04:28,620

time

120

00:04:33,770 --> 00:04:31,259

and in my book it takes a special form

121

00:04:35,450 --> 00:04:33,780

of courage for any public official or

122

00:04:37,070 --> 00:04:35,460

former public official to a greater

123

00:04:39,290 --> 00:04:37,080

speak to a journalist it's always the

124

00:04:40,969 --> 00:04:39,300

hardest thing to do and the thing that I

125

00:04:42,950 --> 00:04:40,979

have sleepless nights about is

126

00:04:46,070 --> 00:04:42,960

compromising sources

127

00:04:50,270 --> 00:04:46,080

so take it as read that I took steps to

128

00:04:52,430 --> 00:04:50,280

ensure that Nets position was very very

129

00:04:55,249 --> 00:04:52,440

clear and on the record

130

00:04:56,590 --> 00:04:55,259

and that its provenance cannot be

131

00:04:59,510 --> 00:04:56,600

challenged

132

00:05:01,909 --> 00:04:59,520

I'm not going to describe the details of

133

00:05:03,770 --> 00:05:01,919

how I ensured that but I'm I'm very

134

00:05:05,570 --> 00:05:03,780

confident that he was telling me what he

135

00:05:09,770 --> 00:05:05,580

believed to be the truth

136

00:05:13,310 --> 00:05:09,780

and the the nice thing about it is he

137

00:05:14,390 --> 00:05:13,320

put me on to a series of colleagues of

138

00:05:18,230 --> 00:05:14,400

his

139

00:05:20,390 --> 00:05:18,240

who introduced me to the fact that they

140

00:05:22,780 --> 00:05:20,400

were aware of
