thank you [Music]

19
00:02:16,560 --> 00:02:20,160
hey Ryan this is jazz um you and the listeners
mate already know me because well I've been

20
00:02:20,160 --> 00:02:29,000
on the show and from UFO Twitter and and whatnot
and I had promised you I would call in and

21
00:02:29,000 --> 00:02:37,560
uh do one of the witness accountant stories

from my own experiences so this is it I should

22

00:02:37,560 --> 00:02:44,460

start by saying I'm well into my 60s now and I've always been interested in the topic of

23

00:02:44,460 --> 00:02:49,880

UFOs but mostly like from a science fiction thing or just you know speculation I never

24

00:02:49,880 --> 00:02:54,650

saw anything for more than 60 years except for you know every once in a while maybe some

25

00:02:54,650 --> 00:03:03,360

weird lights in the sky but who knows what those are and that was until November of 2020.

26

00:03:03,360 --> 00:03:11,660

when everything changed um it was uh pretty late in the evening for me anyway it was it

27

00:03:11,660 --> 00:03:19,091

was like nine o'clock it was well after dark and I had gone out of my front porch and I

28

00:03:19,091 --> 00:03:24,330

just happened to I wasn't looking for anything in particular I just happened to look to these

29

00:03:24,330 --> 00:03:32,750

because my house faces East and above the ridge to the east of our house I saw a thing

30

00:03:32,750 --> 00:03:38,360

it wasn't a DOT of later satellite I mean it was a it was around it was round like a

31

00:03:38,360 --> 00:03:43,890

like a globe or a orb or whatever you're going

to call it and depending how far away it is

32

00:03:43,890 --> 00:03:52,730

it had been fairly good size I guess but it was up there above the Ridge and it had all

33

00:03:52,730 --> 00:03:59,790

these different lights I mean it wasn't like regular FAA lights on on a plane or a helicopter

34

00:03:59,790 --> 00:04:06,000

or anything um lots of different colors and they and they seem to keep shifting I immediately

35

00:04:06,000 --> 00:04:11,150

yelled for my wife she came out and looked at it and she was pretty amazed but also had

36

00:04:11,150 --> 00:04:19,940

no clue what it might be um and after I called her out I ran across the street to get away

37

00:04:19,940 --> 00:04:24,230

from the street lights and I started filming it because it was moving it but it was moving

38

00:04:24,230 --> 00:04:31,060

really slowly it was going like from left to right that would be north to south um but

39

00:04:31,060 --> 00:04:36,949

back and forth slowly and it would go up and down and it just kept doing that I filmed

40

00:04:36,949 --> 00:04:43,620

that thing for more than five minutes it's on it's on my YouTube channel uh but really

41

00:04:43,620 --> 00:04:48,610

that's that's the whole account it never came

close it never did anything dramatic it didn't

42
00:04:48,610 --> 00:04:54,850
explain it you know exhibit any versus speed
or anything like that it was just sort of

43
00:04:54,850 --> 00:05:01,350
going back and forth and I eventually gave
up and I went inside and went to bed um so

44
00:05:01,350 --> 00:05:10,750
that was that and it was nothing really definitive
it was barely a week later that the second

45
00:05:10,750 --> 00:05:15,850
one happened I was out on the back deck behind
my house and my wife was walking the dog on

46
00:05:15,850 --> 00:05:22,780
the side street next to us and I suddenly
saw her looking up and she was pointing and

47
00:05:22,780 --> 00:05:28,090
she was taken out of camera and so I looked
up and I should say this was again it was

48
00:05:28,090 --> 00:05:33,410
pretty late about the same time of night and
it was but it was a dark night it had been

49
00:05:33,410 --> 00:05:40,759
raining on and off and it was mostly overcast
and go in right over our neighborhood part

50
00:05:40,759 --> 00:05:47,539
of it right over our house there was a black
triangle um that's the term everybody uses

51
00:05:47,539 --> 00:05:54,660
and is familiar with and it it was big I don't

know how big because I don't know how high

52
00:05:54,660 --> 00:05:59,420
up it was but there were rain clouds and they
get down pretty low and it was lower than

53
00:05:59,420 --> 00:06:02,539
that so it wasn't super high up

54
00:06:02,539 --> 00:06:09,940
um it didn't have the typical lights that
you see like in a lot of the artwork or in

55
00:06:09,940 --> 00:06:17,250
the UFO documentaries and stuff it didn't
have the um like the three a light at Each

56
00:06:17,250 --> 00:06:23,479
corner or a bright light in the center what
it did have was a whole bunch of these little

57
00:06:23,479 --> 00:06:30,509
tiny sparkly lights of different colors and
they seem to shift and they moved in relation

58
00:06:30,509 --> 00:06:38,130
to each other like they weren't really attached
to whatever it was and it was just kind of

59
00:06:38,130 --> 00:06:45,259
mystifying and I was just awestruck just kind
of watching because it's just this huge thing

60
00:06:45,259 --> 00:06:51,919
like I I like I said I I got the impression
depending how high up it was that it it should

61
00:06:51,919 --> 00:07:00,280
have been like the size of a football field
I mean it was big and it didn't make any noise

62

00:07:00,280 --> 00:07:05,820

and it just was going over and it just kept going and much like the last one it never

63

00:07:05,820 --> 00:07:10,620

did anything extraordinary it didn't suddenly speed away or should it just kept going and

64

00:07:10,620 --> 00:07:16,819

it was an overcast night until it just faded out of sight and I was checking local news

65

00:07:16,819 --> 00:07:21,229

and you know for a few days see if anybody who had else had seen this or reported it

66

00:07:21,229 --> 00:07:28,220

and nobody had but uh if if you hadn't have been out there on a somewhat rainy night and

67

00:07:28,220 --> 00:07:34,129

staring up at the clouds you wouldn't have seen it so I guess that kind of makes sense

68

00:07:34,129 --> 00:07:40,360

so that was the second one and there was two within one week and then we didn't see anything

69

00:07:40,360 --> 00:07:48,020

until uh late spring of the next year in 2021 and it was the middle of the afternoon I was

70

00:07:48,020 --> 00:07:52,870

out of my back deck by that time I was following your advice and I was always whenever I had

71

00:07:52,870 --> 00:08:01,150

time like looking up at the sky and then something came by that I'd never seen before and it

72
00:08:01,150 --> 00:08:09,080
came from the East heading west or no from
the West heading east from my left to my right

73
00:08:09,080 --> 00:08:16,760
not too far away from our house and it was
for lack of a better term what everybody calls

74
00:08:16,760 --> 00:08:24,610
today a Tic Tac there's just no other way
to put it it was much longer than it was around

75
00:08:24,610 --> 00:08:30,150
it was white I guesstimated it was probably
like the size of a bus might have been like

76
00:08:30,150 --> 00:08:36,400
40 50 feet but again it depends how high it
was it's hard to say no sound and it took

77
00:08:36,400 --> 00:08:42,250
me a moment to realize that that's what I
was looking at that it wasn't a plane or something

78
00:08:42,250 --> 00:08:47,839
and I reached for my phone and realized it
wasn't in my pocket it was charging inside

79
00:08:47,839 --> 00:08:51,209
and I just went crashing into my house I went
crashing through the house and yelling for

80
00:08:51,209 --> 00:08:57,210
my wife get out front get your phone and I
went and yanked mine off the charger and went

81
00:08:57,210 --> 00:09:01,360
out front and my wife got out in front of
me and when I got out there there was nothing

82
00:09:01,360 --> 00:09:09,350
there and she said she saw something white
but just for a second and then she lost it

83
00:09:09,350 --> 00:09:13,860
so we weren't sure what happened but I had
gotten a good look at it while it was moving

84
00:09:13,860 --> 00:09:21,459
it was not really going that fast and again
totally quiet and everything and that was

85
00:09:21,459 --> 00:09:26,320
the end of that encounter that was the first
of three that were all the same type of vehicle

86
00:09:26,320 --> 00:09:31,820
or the same one maybe I'd live on a Inner
Space hyper pass or something the next one

87
00:09:31,820 --> 00:09:37,610
came during the summer uh it was again in
broad daylight it was in the morning late

88
00:09:37,610 --> 00:09:47,519
morning and it was pretty much a repeat it
was another white Tic Tac thing no windows

89
00:09:47,519 --> 00:09:54,580
no tail no wings no it was just I mean it
could have been a huge long skinny propane

90
00:09:54,580 --> 00:10:00,779
cylinder or something you know for for whatever
that that's worth but this time I had my phone

91
00:10:00,779 --> 00:10:08,220
with me and once I realized once again what
it was I brought up my camera and started

92
00:10:08,220 --> 00:10:20,070
filming trying to and this time it came by
and it got just about even with my house and

93
00:10:20,070 --> 00:10:26,600
at that point it stopped and I to my memory
and what little there is on the video because

94
00:10:26,600 --> 00:10:30,130
the camera refused to focus on the damn thing
it was trying to focus on everything else

95
00:10:30,130 --> 00:10:35,850
with the phone lines and whatnot um it was
going and then it just wasn't going and it

96
00:10:35,850 --> 00:10:40,440
was just hang in there and again no sound
or anything pretty much same as the last one

97
00:10:40,440 --> 00:10:46,140
but it stopped and it started to turn it started
to rotate a little bit so one end of the nose

98
00:10:46,140 --> 00:10:52,560
or the tail whichever it might be was pointing
a little more towards me instead of being

99
00:10:52,560 --> 00:11:00,810
like parallel and it was there just for a
second or two and it vanished and and when

100
00:11:00,810 --> 00:11:04,880
I say it vanished I told you this before I
don't mean it didn't fly away it didn't land

101
00:11:04,880 --> 00:11:10,899
it didn't crash um it was just there and then
if you look at the video and a friend of mine

102

00:11:10,899 --> 00:11:16,010

who's a videographer did some enhancements
on it and color corrections to make make things

103

00:11:16,010 --> 00:11:20,220

pop out a little more it was there and then
on the next frame it just wasn't there anymore

104

00:11:20,220 --> 00:11:30,149

it just disappeared so there was that one
and then um later that year and I didn't get

105

00:11:30,149 --> 00:11:36,279

that one on film and it happened faster it
was again a repeat this one was in the afternoon

106

00:11:36,279 --> 00:11:42,850

again and another one of them came by but
it just kept on going and so it didn't do

107

00:11:42,850 --> 00:11:51,070

anything as spectacular although that's my
memory is not good for that one and I wish

108

00:11:51,070 --> 00:11:56,959

I'd gotten it on film it feels like it flew
away but it was there and then I couldn't

109

00:11:56,959 --> 00:12:02,000

see it anymore but I'm not sure what that
one did so the second of the two was really

110

00:12:02,000 --> 00:12:08,020

the most Spectacular One for me and there's
been nothing since then we haven't seen anything

111

00:12:08,020 --> 00:12:14,880

else that might qualify as a craft um I know
you like people that talk about how it made

112

00:12:14,880 --> 00:12:19,320

them feel and whatnot um

113

00:12:19,320 --> 00:12:25,820

that's kind of hard to say the first one the glowing orb thing above the ridge I really

114

00:12:25,820 --> 00:12:31,160

only just felt confused I think and I was questioning myself immediately there after

115

00:12:31,160 --> 00:12:39,889

like well maybe could it have been a helicopter with some really not legal FAA lighting for

116

00:12:39,889 --> 00:12:46,330

some bizarre light show I I still don't know to this day maybe uh I think the triangle

117

00:12:46,330 --> 00:12:51,470

is the one that really changed everything for both me and my wife uh because that was

118

00:12:51,470 --> 00:12:58,680

I just just nothing that explains that and it was shocking I I felt a sense of awe I

119

00:12:58,680 --> 00:13:09,889

don't recall feeling anything like being frightened but I it was more just being amazed and the

120

00:13:09,889 --> 00:13:14,220

the Tic Tacs were a totally different thing particularly the the second one that that

121

00:13:14,220 --> 00:13:23,800

disappeared I I felt in some ways again kind of just awestruck like my view of the world

122

00:13:23,800 --> 00:13:28,250

had changed something that should have been fictional or hypothetical or something that

123

00:13:28,250 --> 00:13:32,930

happened to other people and then it's right there in broad daylight in front of your eyes

124

00:13:32,930 --> 00:13:41,500

I like unlike some people I I never considered it like a religious experience it just made

125

00:13:41,500 --> 00:13:48,600

me more confident that we don't know everything that's going on if if what that particularly

126

00:13:48,600 --> 00:13:54,670

the Tic Tacs if what those things can do if that's human Tech then I'm going to be really

127

00:13:54,670 --> 00:13:57,959

annoyed who hasn't shared that Tech with the rest of the world because I don't see any

128

00:13:57,959 --> 00:14:02,060

other explanations of that except anti-gravity and if somebody's figured that out not told

129

00:14:02,060 --> 00:14:09,100

us they got some explaining to do as I've said to many people um it's left me more open

130

00:14:09,100 --> 00:14:18,050

to other things I I think the experiences made me more ready to listen to other people

131

00:14:18,050 --> 00:14:27,199

whereas in the past I would have been like really um okay maybe but you know it's I guess

132

00:14:27,199 --> 00:14:35,361

in confusions another word that I would use
um I remain confused about it as far as whether

133

00:14:35,361 --> 00:14:40,440

or not I have any theories of what it is I
I already started to run down that um I think

134

00:14:40,440 --> 00:14:44,949

the first one it's it's possible that might
have been something like a helicopter with

135

00:14:44,949 --> 00:14:54,509

something really weird the other ones no um
I've never seen a being or anything like that

136

00:14:54,509 --> 00:15:02,670

just things that show up in the sky um I tend
to think to stay still the most likely explanation

137

00:15:02,670 --> 00:15:10,269

is that it's something non-human I I hope
we in a way we don't have that attacking and

138

00:15:10,269 --> 00:15:18,540

it's being hidden from us but if something
is coming from I don't know another solar

139

00:15:18,540 --> 00:15:25,060

system or some people say Time Travelers I
guess you know or interdimensional which I

140

00:15:25,060 --> 00:15:29,320

don't really understand multi-dimensional
stuff I guess that's all possible and I'm

141

00:15:29,320 --> 00:15:39,639

not smart enough to figure that out but it's
real and I experienced it five times and it's

142

00:15:39,639 --> 00:15:43,920

really changed things for both me and my wife
you know we we look at the world in different

143

00:15:43,920 --> 00:15:48,610

way we talk things about things more seriously
that we might maybe laughed off it at some

144

00:15:48,610 --> 00:15:55,459

point but uh yeah that's about it if anybody
wants to get a hold of me I'm Jack Shaw on

145

00:15:55,459 --> 00:16:01,819

Twitter uh you I'll send you a link to our
videos they're they're really not very good

146

00:16:01,819 --> 00:16:07,860

um but yeah that's it and nothing since then
kind of disappointing I I keep watching keep

147

00:16:07,860 --> 00:16:13,770

hoping so thanks for letting everybody share
their stories thanks for sharing mine and

148

00:16:13,770 --> 00:16:18,540

it would be archived somewhere and uh everybody
keep enjoying the show

149

00:16:18,540 --> 00:16:29,000

[Music] hey Ryan thanks for having me my name
is Maxwell Stoner and today I'm going to be

150

00:16:29,000 --> 00:16:35,250

telling you guys about me and Chris's UFO
experience some of you guys might know us

151

00:16:35,250 --> 00:16:41,690

from the monthly booth that we've set up at
our local Art Walk where we just kind of educate

152

00:16:41,690 --> 00:16:52,279

and inform the public about the post 2017
UFO UAP Revolution or whatever and um not

153

00:16:52,279 --> 00:17:00,260

a lot of you guys might know how we got into
this and why we do this and I'm going to be

154

00:17:00,260 --> 00:17:05,360

sharing me and Chris's human-initiated contact
experience

155

00:17:05,360 --> 00:17:16,140

um me and Chris had gotten slowly interested
in UFOs 2020 like a lot of other people we

156

00:17:16,140 --> 00:17:22,270

started watching interviews we started watching
documentaries um we lived together roommates

157

00:17:22,270 --> 00:17:30,110

sort of watching all these documentaries and
one day we ended up watching kind of an Infamous

158

00:17:30,110 --> 00:17:36,340

documentary and some of you guys might know
where I'm going with this but we watched a

159

00:17:36,340 --> 00:17:46,860

documentary that puts forth an idea that humans
can initiate contact with non-human intelligences

160

00:17:46,860 --> 00:17:53,190

whatever aliens and UFOs

161

00:17:53,190 --> 00:17:59,900

so me and Chris watched this documentary we
both think and it's kind of so far out there

162

00:17:59,900 --> 00:18:09,020

and so unbelievable like so many UFO documentaries
are it seemed like they made up a ton of stuff

163

00:18:09,020 --> 00:18:17,809

and anyways we within the week I think we
had decided that we would go on our back balcony

164

00:18:17,809 --> 00:18:24,130

we're going to set a 10 minute timer and we
were going to meditate for aliens for a peaceful

165

00:18:24,130 --> 00:18:35,270

contact Close Encounters of the fifth kind
whatever um we set a 10 minute timer meditate

166

00:18:35,270 --> 00:18:42,610

timer goes off Within two seconds of us turning
off the timer and looking in the sky Chris

167

00:18:42,610 --> 00:18:55,220

says what is that and we look and it's it
looks like a big shining star is kind of floating

168

00:18:55,220 --> 00:19:02,110

around in the sky and we both didn't know
what we were looking at we're trying to figure

169

00:19:02,110 --> 00:19:09,539

out you know what it was and it honestly it
looked somewhat like a Chinese lantern would

170

00:19:09,539 --> 00:19:15,620

and that's what I think some of you guys might
be thinking but um we watched this thing for

171

00:19:15,620 --> 00:19:23,460

a second and that's when it was kind of moving
behind the clouds and whenever it went behind

172

00:19:23,460 --> 00:19:31,250

the clouds we could tell that it was something
really strange not something we were used

173

00:19:31,250 --> 00:19:38,570

to seeing and we had started Sky watching
a lot and um when we saw this thing go behind

174

00:19:38,570 --> 00:19:50,350

the clouds it lost all of its kind of shining
rays so it looked like a perfect hot white

175

00:19:50,350 --> 00:19:59,460

hot sphere that was behind the clouds shining
very very brightly and then it stops we're

176

00:19:59,460 --> 00:20:05,530

just seeing this white hot kind of orangey

177

00:20:05,530 --> 00:20:12,750

orb and it starts to shrink shrink and it
just shrinks out of existence right as we're

178

00:20:12,750 --> 00:20:23,240

watching it and honestly that night we didn't
think much of it it was it wasn't super impactful

179

00:20:23,240 --> 00:20:32,309

this the second that it happened um it wasn't
until you know weeks later that we would really

180

00:20:32,309 --> 00:20:41,210

um you know kind of digest what we were seeing
and how we came to see that how we we really

181

00:20:41,210 --> 00:20:46,370

set a 10 minute timer timer goes off we look
up and there it is and that's really what

182

00:20:46,370 --> 00:20:55,100

happened um even to this day it continues
to kind of set in on you know what this means

183

00:20:55,100 --> 00:21:03,710

if if we really made contact with a non-human
intelligence then you know that's that's pretty

184

00:21:03,710 --> 00:21:09,631

awesome it's pretty cool but we didn't know
we don't know we don't know what it was to

185

00:21:09,631 --> 00:21:16,580

this day we don't know you know some people
say that we just manifested it or whatever

186

00:21:16,580 --> 00:21:23,950

and I can't argue with that necessarily because
you know we went out to go see a UFO and we

187

00:21:23,950 --> 00:21:32,470

just saw one and it definitely has impacted
us um in a handful of ways obviously we do

188

00:21:32,470 --> 00:21:41,330

this booth now where we just kind of [Music]
um tell the public about the most recent UAP

189

00:21:41,330 --> 00:21:47,799

UFO happenings in the government and we stayed
I mean we say conspiracy through free on our

190

00:21:47,799 --> 00:21:57,720

booth um but honestly our our contact experience
was

191

00:21:57,720 --> 00:22:06,390

very strange and it has impacted us and I
think I can speak for both of us when I say

192

00:22:06,390 --> 00:22:12,669

it's impacted us spiritually as well and it's been I think a lot of I think a lot of people

193

00:22:12,669 --> 00:22:21,260

could have interpreted this as you know a real religious experience or you know I think

194

00:22:21,260 --> 00:22:27,280

in the past people would have said you know it was an angel in the sky um but we don't

195

00:22:27,280 --> 00:22:35,620

know and we still don't know but um thanks for listening and that's pretty much it

196

00:22:35,620 --> 00:22:49,840

foreign [Music] here when I'm not making the somewhere in the skies podcast I am listening

197

00:22:49,840 --> 00:22:56,260

to podcasts and one of my favorites since the very beginning has and continues to be

198

00:22:56,260 --> 00:23:03,500

the Paranormal podcast with Jim Harold do you like conversations about UFOs ghosts Cryptids

199

00:23:03,500 --> 00:23:10,240

and The Unexplained the Paranormal podcast which launched in 2005 is the longest running

200

00:23:10,240 --> 00:23:16,020

podcast of its type on the internet the show Harkens back to the best of paranormal media

201

00:23:16,020 --> 00:23:22,200

over the years shows like in search of and Unsolved Mysteries my favorite aspect of the

202

00:23:22,200 --> 00:23:28,169

show is that every week it's something completely different which for someone who lives breathes

203

00:23:28,169 --> 00:23:34,620

and sleeps UFOs it's so refreshing to learn about other mysterious topics as well but

204

00:23:34,620 --> 00:23:40,690

don't get me wrong Jim's interviews on the UFO topic are also Top Notch whether you're

205

00:23:40,690 --> 00:23:46,940

a veteran UFO researcher or brand new to the topic Jim's interviews always set the standard

206

00:23:46,940 --> 00:23:52,720

for objective and insightful conversations he's going to read everyone from Jacques valet

207

00:23:52,720 --> 00:23:58,690

to the late great Stanton Friedman and that is just the start and for you superstitious

208

00:23:58,690 --> 00:24:04,470

listeners out there I have been honored to be a guest on the Paranormal podcast a whopping

209

00:24:04,470 --> 00:24:12,120

13 times luckily I'll be coming back on soon to change that number so please do me a personal

210

00:24:12,120 --> 00:24:19,290

favor and tune in to the Paranormal podcast on Apple podcasts Spotify or wherever you

211

00:24:19,290 --> 00:24:21,890

listen to somewhere in the skies

212

00:24:21,890 --> 00:24:23,929

thank you

213

00:24:23,929 --> 00:24:36,179

my name is Sally and I am 60 years old I have worked in administration at a global manufacturing

214

00:24:36,179 --> 00:24:42,270

company for 31 years I come from a middle class family where my father was an Air Force

215

00:24:42,270 --> 00:24:49,140

veteran firemen and government official his whole life when I was a teenager I hung out

216

00:24:49,140 --> 00:24:55,231

with my friends quite a bit to listen to music and do what teenagers do what most 16 year

217

00:24:55,231 --> 00:25:02,590

olds did in the late 70s one night I got off of work at dusk from the local KFC and my

218

00:25:02,590 --> 00:25:07,480

friend Cindy met me there we were to be at our friend Tom's house in about a half an

219

00:25:07,480 --> 00:25:13,230

hour neither one of us had a car so we had to walk the mile or so when we were about

220

00:25:13,230 --> 00:25:21,289

two blocks from Tom's house we saw a large Red Orb with two smaller red orbs behind it

221

00:25:21,289 --> 00:25:27,309

they were moving fast right above us and they were descending at a sharp angle just then

222

00:25:27,309 --> 00:25:34,460

they disappeared but the city tornado alarms went off there was no weather threat so we

223

00:25:34,460 --> 00:25:39,320

cannot imagine what had happened while we were rounding the corner to Tom's house we

224

00:25:39,320 --> 00:25:45,340

saw like two people coming towards us at the other end of the block and they look like

225

00:25:45,340 --> 00:25:51,770

they were wearing beekeeper or chemical suits of some kind so we ran to times and pounded

226

00:25:51,770 --> 00:25:57,490

on the door screaming to let us in Cindy and I were too scared to look out the door or

227

00:25:57,490 --> 00:26:03,440

window to see what happened to the strange beekeeper people to this day when we talk

228

00:26:03,440 --> 00:26:09,919

we still wonder what the heck that was all about I do need to add that we had not imbibed

229

00:26:09,919 --> 00:26:17,260

any substances that day we were pretty sober one time my friend Lori was sitting in a car

230

00:26:17,260 --> 00:26:22,080

with our friend Greg on an afternoon eating takeout they were parked facing the river

231

00:26:22,080 --> 00:26:28,770

which was perpendicular to the car all at once a cylinder cylindrical shape like like

232

00:26:28,770 --> 00:26:36,820

the Tic Tac or recent type of thing that's out now it shot past them just above the river

233

00:26:36,820 --> 00:26:44,190

the craft had no wings or means of propulsion
made no sound and had no markings just when

234

00:26:44,190 --> 00:26:49,800

they recover their composure about it it shot
back in the other direction there were too

235

00:26:49,800 --> 00:26:53,910

many trees and bushes around the banks of
the river so they could not see past their

236

00:26:53,910 --> 00:27:00,460

viewpoint to this day she still Ponders that
rare event I wish I could have seen it too

237

00:27:00,460 --> 00:27:06,350

Lori is a very sane sober and bookish person
she's not prone to Fantasy and she's been

238

00:27:06,350 --> 00:27:14,500

my best friend for 45 years so I believe her
a couple years later we had a UFO sighting

239

00:27:14,500 --> 00:27:21,980

on the 4th of July it was about 1993. I took
my daughter with me who was four at the time

240

00:27:21,980 --> 00:27:27,799

and Lori to the local park to watch the fireworks
it was still fairly light out so we spread

241

00:27:27,799 --> 00:27:33,600

out a blanket on the grass to Mark our spot
I was laying down looking up at the sky when

242

00:27:33,600 --> 00:27:38,600

I spotted a craft that was stationary it was
round and silver looking kind of like a ball

243

00:27:38,600 --> 00:27:44,649

bearing just hanging there and not moving
Lori saw it too but she wasn't mystified like

244

00:27:44,649 --> 00:27:52,220

I was I estimated there were about 20 minutes
had elapsed and it was still there it got

245

00:27:52,220 --> 00:27:59,460

dark out so it might have still been there
or could have disappeared but I was just pondering

246

00:27:59,460 --> 00:28:06,659

that perhaps the occupants of the orb were
just there to see the fireworks and I saw

247

00:28:06,659 --> 00:28:12,750

that same orb or a similar one in Mesa Arizona
just a few years ago I did snap a picture

248

00:28:12,750 --> 00:28:26,360

of it from a distance so that's just a couple
of my stories thank you [Music] I'm Ryan and

249

00:28:26,360 --> 00:28:32,160

hi listeners so my name is Persephone Persephone
May Holloway on Instagram if you want to come

250

00:28:32,160 --> 00:28:38,830

find me and I'm an alternative and Indie musician
who who has been an experienter her whole

251

00:28:38,830 --> 00:28:45,890

life but to be honest I avoided even talking
about this stuff and maybe even believing

252

00:28:45,890 --> 00:28:50,940

in it for a very long time I had what you'd
probably call an aversion to it whether that

253

00:28:50,940 --> 00:28:57,029

was planned or by accident who knows but it wasn't until this year when I started having

254

00:28:57,029 --> 00:29:01,519

some really strange dreams and then talking to some people about it that I decided I should

255

00:29:01,519 --> 00:29:08,930

probably go to hypnotherapy and this is the story that I uncovered from that it was an

256

00:29:08,930 --> 00:29:16,330

unseasonably hot day in September 1997 in Bucks County Pennsylvania I lived in a quiet

257

00:29:16,330 --> 00:29:22,659

Suburban neighborhood known for its Rich history with the revolutionarily and Civil War my

258

00:29:22,659 --> 00:29:27,470

neighborhood was not unacquainted with high strangeness but I didn't know that I just

259

00:29:27,470 --> 00:29:33,990

assumed I was the only one as most kids do that day was different normally my bus driver

260

00:29:33,990 --> 00:29:38,350

would drive past the one-way wooded median to the back cul-de-sac where I lived dropped

261

00:29:38,350 --> 00:29:42,850

me off and then drive back out the neighborhood on the other side of the median for whatever

262

00:29:42,850 --> 00:29:48,050

reason today he dropped me off at the Stony sign at the front entrance I looked at him

263

00:29:48,050 --> 00:29:52,900

and probably in that annoying precocious child
way said this isn't my stop he said well it

264

00:29:52,900 --> 00:29:59,810

is today it was a bright blue sky with puffy
white cumulus clouds everywhere it should

265

00:29:59,810 --> 00:30:04,360

have only been a 10 minute walk home when
I crossed over to the median in the wooded

266

00:30:04,360 --> 00:30:09,480

area it was really overgrown back then and
the houses were all set a little bit back

267

00:30:09,480 --> 00:30:15,019

from the street probably to give more privacy
this time was different it was completely

268

00:30:15,019 --> 00:30:21,669

still there was nothing no birds no sounds
of the trees the only thing I could hear was

269

00:30:21,669 --> 00:30:26,450

the sound of my shoes on the asphalt and the
crunch of the fall leaves under my feet there

270

00:30:26,450 --> 00:30:32,870

should be something I thought to myself we
were in a neighborhood full of young families

271

00:30:32,870 --> 00:30:37,940

and other children and it was right after
school there should be other kids playing

272

00:30:37,940 --> 00:30:44,370

almost as soon as the thought crossed my mind
I heard children playing Ring Around the Rosie

273

00:30:44,370 --> 00:30:49,909

but the sound didn't come from any particular direction it was almost as if I just heard

274

00:30:49,909 --> 00:30:55,830

it inside my head and nowhere else I don't know why but the only thought that crossed

275

00:30:55,830 --> 00:31:04,230

my mind was those aren't children those aren't human I began to bolt to run as fast as I

276

00:31:04,230 --> 00:31:10,340

could the way that I used to remember the story I was Suddenly at my front door running

277

00:31:10,340 --> 00:31:15,919

up to it pounding for my mother to let me in when she didn't answer I collapsed down

278

00:31:15,919 --> 00:31:21,559

and the door opened by itself and she came out she looked at me not distressed despite

279

00:31:21,559 --> 00:31:27,030

the disheveled parents that I had and she said where have you been you're 45 minutes

280

00:31:27,030 --> 00:31:31,900

late I told everyone that story for years and I never knew what happened during those

281

00:31:31,900 --> 00:31:36,880

45 minutes or how I had suddenly appeared from one place in my neighborhood to another

282

00:31:36,880 --> 00:31:41,799

and it wasn't until this year when I went to hypnotherapy with a friend and started

283

00:31:41,799 --> 00:31:46,470

to uncover what I couldn't remember that I remembered the missing details in between

284

00:31:46,470 --> 00:31:51,950

as soon as I had the thought they're not human and I began to run for it I had the Sensation

285

00:31:51,950 --> 00:31:58,120

that something was above me bearing down on me I felt paralyzed Frozen like I couldn't

286

00:31:58,120 --> 00:32:03,899

move and next thing I felt like I was up in the air like the moment you go over a roller

287

00:32:03,899 --> 00:32:08,750

coaster but the inertia never hit just one moment I was on the ground and the next I

288

00:32:08,750 --> 00:32:14,200

thought I'm in the air and then I blacked out when I woke I was lying on some kind of

289

00:32:14,200 --> 00:32:19,610

padded table the bright light in my face not unlike what happens when you go to a doctor's

290

00:32:19,610 --> 00:32:24,820

office there were small what I thought at first were children around me moving like

291

00:32:24,820 --> 00:32:31,919

medical assistants doing various tasks but they weren't children they were gray skinned

292

00:32:31,919 --> 00:32:37,630

bald-headed huge black almond-shaped eyes almost no nose and a thin mouth I turned my

293

00:32:37,630 --> 00:32:44,139

head to the left and saw a man in his maybe
40s graying hair and he was naked I was only

294

00:32:44,139 --> 00:32:48,260

nine and embarrassed to see it so I turned
away immediately so I wouldn't look at him

295

00:32:48,260 --> 00:32:55,330

anymore a very tall being approached seven
eight feet tall maybe it definitely wasn't

296

00:32:55,330 --> 00:33:01,760

human for years my mind put the image in my
head of someone wearing a boxy astronaut suit

297

00:33:01,760 --> 00:33:06,370

and a mirrored helmet because I don't think
I could handle what I'd seen and again it

298

00:33:06,370 --> 00:33:10,980

wasn't until hypnotherapy that it made it
clear for me this being had a head like that

299

00:33:10,980 --> 00:33:16,929

of an insect of some kind huge eyes not unlike
what some people would call praying mantis

300

00:33:16,929 --> 00:33:22,250

but the coloration was wrong darker not like
the bright green I was used to seeing in my

301

00:33:22,250 --> 00:33:26,770

North American upbringing when it spoke I
didn't use a mouth or anything like that I

302

00:33:26,770 --> 00:33:31,720

just heard the voice in my head it just said
be still it held a metal instrument of some

303

00:33:31,720 --> 00:33:37,159

kind up to my nose and I felt a sharp pain
far up I wanted to cry but I wasn't given

304

00:33:37,159 --> 00:33:42,380

much of a chance to another of the small beings
reached up behind my neck and touched a mole

305

00:33:42,380 --> 00:33:46,610

there it's still there to this day I don't
know what they were checking or looking for

306

00:33:46,610 --> 00:33:53,200

it nodded to the larger being it nodded back
and then said we're in here take her they

307

00:33:53,200 --> 00:33:58,880

shuffled me off the table into another side
of this room this room was huge busy I got

308

00:33:58,880 --> 00:34:03,360

the impression that everyone had a function
or a purpose something was happening everywhere

309

00:34:03,360 --> 00:34:07,159

but there were partitions and I couldn't see
I could sense that there were other people

310

00:34:07,159 --> 00:34:12,129

other than myself I could sense that people
were upset distressed but mostly just out

311

00:34:12,129 --> 00:34:17,270

of it like they were half asleep there were
multiple floors above this room almost like

312

00:34:17,270 --> 00:34:21,169

standing in the mezzanine of an office building
it's because of that I started calling this

313

00:34:21,169 --> 00:34:26,379

room the mezzanine although I don't really know why they led me to dress back at part

314

00:34:26,379 --> 00:34:30,629

of my school uniform although they didn't give me back my shoes backpack or Blazer though

315

00:34:30,629 --> 00:34:35,260

those things would be on me when I ended up back at my house later they took me to the

316

00:34:35,260 --> 00:34:40,540

mouth of the hallway where a man waited for me or at least he looked like a man but I

317

00:34:40,540 --> 00:34:47,200

knew he wasn't human from the minute I saw him I knew he knew everything about me as

318

00:34:47,200 --> 00:34:54,070

if he'd looked inside me and read every moment of my soul my dreams my fears everything he

319

00:34:54,070 --> 00:35:01,540

knew it all he was about six foot two dark short cropped hair bright blue eyes so blue

320

00:35:01,540 --> 00:35:07,040

at the time I compared it to my mother's favorite actor Richard Harris but even then they glowed

321

00:35:07,040 --> 00:35:13,260

with a kind of Luminosity that I can't explain he seemed annoyed at me and he grabbed my

322

00:35:13,260 --> 00:35:20,260

arm with Slender pale hands began to pull me along he wore some kind of molded black

323

00:35:20,260 --> 00:35:25,869

jumpsuit with no seams zippers or buttons
that I could see anyway and something like

324

00:35:25,869 --> 00:35:30,761

maybe a cape or a robe I can't quite remember
but I just got the impression that he was

325

00:35:30,761 --> 00:35:35,869

important he seemed annoyed and I thought
he was annoyed at me but in hindsight and

326

00:35:35,869 --> 00:35:40,480

through again hypnotherapy we think perhaps
he was annoyed at the manhood being behind

327

00:35:40,480 --> 00:35:46,000

us that I started calling the mentor why I
don't know it was just the name I gave it

328

00:35:46,000 --> 00:35:51,940

he took me to an area where there was a sunken
room much like an American style Ranch houses

329

00:35:51,940 --> 00:35:56,730

you have sunken living rooms they're a few
steps down it was padded and there was a huge

330

00:35:56,730 --> 00:36:01,280

bay window in there but it was shuttered closed
so I never saw outside of it in the center

331

00:36:01,280 --> 00:36:06,369

of the room sat five beings with an opening
right at the front as if you're meant to join

332

00:36:06,369 --> 00:36:11,250

the circle they sat Lotus style and while
they were built similarly to the other gray

333

00:36:11,250 --> 00:36:18,859

beings these ones had no face they were following
the track of some sort of object it was like

334

00:36:18,859 --> 00:36:23,930

a thousand tiny metal pieces I keep thinking
of this kinetic metal because it would shift

335

00:36:23,930 --> 00:36:30,020

and change in the air but it was all painted
blue they followed it as one all turning to

336

00:36:30,020 --> 00:36:35,980

watch it they frightened me for some reason
but with one look and in order to be silent

337

00:36:35,980 --> 00:36:42,630

look and pay attention the fear left me the
being tried to explain to me the purpose of

338

00:36:42,630 --> 00:36:48,620

this game but it was almost like he put an
entire zip file inside my head I couldn't

339

00:36:48,620 --> 00:36:54,180

comprehend it he seemed frustrated at this
and now actually at me there was a gray being

340

00:36:54,180 --> 00:37:00,920

beside him she stepped up I got the impression
she was a she matronly kind she touched his

341

00:37:00,920 --> 00:37:05,990

arm and said axillia I still don't know what
it means whether it's a title or another part

342

00:37:05,990 --> 00:37:11,760

of his name or something he paused let her
come forward she explained it to me but I

343

00:37:11,760 --> 00:37:17,730

don't remember her ever using words but however she explained it I suddenly understood I sat

344

00:37:17,730 --> 00:37:22,420

down with the others the purpose of this game was to keep the ball as it was a ball in the

345

00:37:22,420 --> 00:37:27,280

shape of a sphere and pass it from one to the other with a slight telepathic what I

346

00:37:27,280 --> 00:37:32,850

call knock you would have to wait for the other person to take it if you let go of the

347

00:37:32,850 --> 00:37:38,700

control too soon it would shatter into a thousand pieces I finally started to get the hang of

348

00:37:38,700 --> 00:37:45,510

it and I got the sense rather than the words that being behind me was very pleased so I

349

00:37:45,510 --> 00:37:53,500

turned to look at him and I saw that he was smiling mouth closed of course but smiling

350

00:37:53,500 --> 00:37:59,069

something about this handsome man proud of me and watching the game made my pre-adolescent

351

00:37:59,069 --> 00:38:05,900

heart skip a beat the moment that that happened as if he sensed it immediately his attention

352

00:38:05,900 --> 00:38:11,280

snapped from the game to me I got the briefest flosch of something like I wasn't supposed

353

00:38:11,280 --> 00:38:17,440

to know something like people don't look at
me like that or humans and also that isn't

354

00:38:17,440 --> 00:38:22,670

my function although I swear it was like he
was telling someone else that not me then

355

00:38:22,670 --> 00:38:27,990

it was like that all went away shuttered closed
much like the window I couldn't read his thoughts

356

00:38:27,990 --> 00:38:35,040

at all silence and I thought he was mad or
that I'd done something wrong and very slowly

357

00:38:35,040 --> 00:38:43,530

calculatingly he asked do you find me attractive
I said yes I dropped the ball behind me unable

358

00:38:43,530 --> 00:38:49,380

to control it anymore and it shattered again
into a thousand pieces someday I will be much

359

00:38:49,380 --> 00:38:57,619

more to you but for now I'm just your friend
he said something about this filled me with

360

00:38:57,619 --> 00:39:04,630

relief I was only nine after all and he was
a adult so it was scary there's bits and pieces

361

00:39:04,630 --> 00:39:09,770

of missing time here that I'm unsure I'll
recover and we ended up on some kind of Flight

362

00:39:09,770 --> 00:39:15,340

Deck there was a chair a leather chair in
the middle black leather with Crystal Half

363

00:39:15,340 --> 00:39:20,700

Moon arms around them or perhaps glass but something told me it was more than glass golden

364

00:39:20,700 --> 00:39:25,609

embossed symbols that I couldn't read just slightly above them he was trying to explain

365

00:39:25,609 --> 00:39:30,109

to me how they worked in the case that I could fly someday and I was telling him that I have

366

00:39:30,109 --> 00:39:35,619

astigmatism I'll never fly and he laughed he laughed he thought that was so funny and

367

00:39:35,619 --> 00:39:40,119

I didn't know why he laughed he seemed like he was about to explain it to me but the door

368

00:39:40,119 --> 00:39:46,099

opened and the insectoid being came back in and said what are you doing we're wasting

369

00:39:46,099 --> 00:39:51,750

time we have to put her back he approached with a syringe full of yellow liquid and I

370

00:39:51,750 --> 00:39:56,589

backed up scared and next thing I knew the needle was in my neck and everything went

371

00:39:56,589 --> 00:40:02,890

black when I woke back up I was running towards my front door again with no memory of everything

372

00:40:02,890 --> 00:40:08,220

that had just happened and there was a reddish Mist filling the sky or a light it's still

373

00:40:08,220 --> 00:40:12,100

strange that my mother never reacted to it
and the only reason I remembered the story

374

00:40:12,100 --> 00:40:15,540

was because for years I would take friends
back to that old neighborhood and say hey

375

00:40:15,540 --> 00:40:19,470

you should hear some of the crazy stories
that happened here there are more details

376

00:40:19,470 --> 00:40:24,350

and a lot more to the story before this and
after and I have reason to believe that the

377

00:40:24,350 --> 00:40:30,780

being is still in touch with me and very lucid
dreams but that's a story for another time

378

00:40:30,780 --> 00:40:38,010

personally I don't feel that I had a really
negative experience here on I don't consider

379

00:40:38,010 --> 00:40:43,030

myself an abductee I don't like that word
because it makes me feel like I'm supposed

380

00:40:43,030 --> 00:40:51,960

to be a victim um I really see myself as more
of an experiencer and I'm someone who this

381

00:40:51,960 --> 00:40:58,540

has changed my life for the better I just
don't know how yet um and it's something that

382

00:40:58,540 --> 00:41:05,310

I meant to talk about and share and that's
just how I feel in the meantime thank you

383

00:41:05,310 --> 00:41:09,640

for listening and just know if you've ever
experienced anything like this you're not

384

00:41:09,640 --> 00:41:11,920

alone there are others like you out there
