

# **GERALD ANDERSON**

## **INTERVIEW**

## **ROSWELL UFO CRASH**

1  
00:00:16,310 --> 00:00:12,890

what do you have

2  
00:00:17,870 --> 00:00:16,320

you know no this is Stan Friedman I'm a

3  
00:00:21,349 --> 00:00:17,880

nuclear physicist with a very strong

4  
00:00:25,609 --> 00:00:21,359

interest in flying saucers I'm in Kansas

5  
00:00:28,670 --> 00:00:25,619

City Missouri on July 24th 19

6  
00:00:31,790 --> 00:00:28,680

91. I'm here to do an interview with

7  
00:00:34,069 --> 00:00:31,800

Gerald Anderson a very important witness

8  
00:00:36,709 --> 00:00:34,079

with regard to the recovery of a crashed

9  
00:00:37,910 --> 00:00:36,719

Flying Saucer in New Mexico in July 19

10  
00:00:39,950 --> 00:00:37,920

seven

11  
00:00:41,750 --> 00:00:39,960

we have just had a visit with a

12  
00:00:44,270 --> 00:00:41,760

polygraph examiner

13  
00:00:46,310 --> 00:00:44,280

who says he has seen no evidence of

14

00:00:48,770 --> 00:00:46,320

deceptions after spending several hours

15

00:00:49,850 --> 00:00:48,780

with myself and Gerald mostly with

16

00:00:52,310 --> 00:00:49,860

Gerald

17

00:00:54,830 --> 00:00:52,320

a full report will be forthcoming

18

00:01:06,350 --> 00:00:54,840

so with that we will talk to Gerald

19

00:01:10,670 --> 00:01:08,570

news take your name please my name is

20

00:01:15,230 --> 00:01:10,680

Gerald Anderson where were you born and

21

00:01:17,810 --> 00:01:15,240

when I was born October 4th 1941 in F

22

00:01:20,210 --> 00:01:17,820

okay and

23

00:01:23,270 --> 00:01:20,220

Give me a summary of what happened in

24

00:01:25,249 --> 00:01:23,280

1947 with regard to a crashed Flying

25

00:01:28,130 --> 00:01:25,259

Saucer in New Mexico well we had just

26

00:01:31,969 --> 00:01:28,140

moved to Albuquerque New Mexico

27

00:01:35,090 --> 00:01:31,979

on July 4th 1947. this was uh

28

00:01:38,390 --> 00:01:35,100

approximately the it was the day before

29

00:01:43,429 --> 00:01:40,370

we wanted the my uncle Ted

30

00:01:46,429 --> 00:01:43,439

my cousin Victor my father my brother

31

00:01:49,010 --> 00:01:46,439

Glenn and myself we drove down to the

32

00:01:51,710 --> 00:01:49,020

plains of San Augustine which is west of

33

00:01:53,270 --> 00:01:51,720

Socorro New Mexico and the Magnolia

34

00:01:55,969 --> 00:01:53,280

Dazzle

35

00:01:58,670 --> 00:01:55,979

down there looking for banded in Moss

36

00:02:01,310 --> 00:01:58,680

Agate which according to my uncle Ted

37

00:02:03,289 --> 00:02:01,320

and my cousin Victor was

38

00:02:04,490 --> 00:02:03,299

prevalent in the area and my brother

39

00:02:06,709 --> 00:02:04,500

being a

40

00:02:08,270 --> 00:02:06,719

an amateur rockhound and wanted to get

41

00:02:10,609 --> 00:02:08,280

some of this and it was a way of showing

42

00:02:11,930 --> 00:02:10,619

us around the area they had relatives

43

00:02:14,990 --> 00:02:11,940

down in

44

00:02:19,550 --> 00:02:15,000

Magdalena they wanted to introduce us to

45

00:02:21,530 --> 00:02:19,560

so we had gone down there and uh

46

00:02:25,490 --> 00:02:21,540

we got down in the horse Springs area

47

00:02:29,089 --> 00:02:25,500

and had driven off onto the plains down

48

00:02:36,530 --> 00:02:33,470

oh a mile or so and uh seemed like a

49

00:02:38,390 --> 00:02:36,540

long ways we parked the car got out of

50

00:02:40,729 --> 00:02:38,400

the car and walked down the Hillside and

51

00:02:42,410 --> 00:02:40,739

the semi

52

00:02:44,330 --> 00:02:42,420

forested I guess you could say it had

53

00:02:46,729 --> 00:02:44,340

pinion trees and scrub Oak and stuff

54

00:02:49,490 --> 00:02:46,739

like that and we'd walk to All That

55

00:02:53,449 --> 00:02:49,500

scrub over the Cedar and walk down the

56

00:02:55,850 --> 00:02:53,459

hillside into an Arroyo or dry wash and

57

00:02:58,250 --> 00:02:55,860

then walked South down to dry wash

58

00:02:59,210 --> 00:02:58,260

toward where the agates were supposed to

59

00:03:02,390 --> 00:02:59,220

be at

60

00:03:03,589 --> 00:03:02,400

and as we came around abandon the Arroyo

61

00:03:06,830 --> 00:03:03,599

that had

62

00:03:09,050 --> 00:03:06,840

an opinion and cedar trees growing on

63

00:03:12,110 --> 00:03:09,060

we were able to see farther ahead down

64

00:03:14,869 --> 00:03:12,120

the Arroyo and on the next Ridge line

65

00:03:16,309 --> 00:03:14,879

there was a large silver disc shape

66

00:03:18,470 --> 00:03:16,319

object

67

00:03:20,149 --> 00:03:18,480

was embedded in the side of the ridge

68

00:03:23,149 --> 00:03:20,159

line

69

00:03:25,729 --> 00:03:23,159

and Bree and wreckage and stuff strain

70

00:03:27,710 --> 00:03:25,739

about the area but mainly this thing was

71

00:03:30,290 --> 00:03:27,720

intact

72

00:03:32,869 --> 00:03:30,300

I would estimate in size from an adult

73

00:03:35,570 --> 00:03:32,879

perspective to be something 35 feet in

74

00:03:38,149 --> 00:03:35,580

diameter I've heard other other people

75

00:03:40,789 --> 00:03:38,159

who were there say they thought it was

76

00:03:43,970 --> 00:03:40,799

like 50 feet but as an adult I would say

77

00:03:46,430 --> 00:03:43,980

about 35 feet in diameter quite large

78

00:03:50,149 --> 00:03:46,440

when we got up to it

79

00:03:51,530 --> 00:03:50,159

there were four bodies there

80

00:03:54,410 --> 00:03:51,540

not human

81

00:03:55,369 --> 00:03:54,420

there was two of them who were obviously

82

00:03:58,250 --> 00:03:55,379

dead

83

00:04:00,830 --> 00:03:58,260

one of them was obviously very badly

84

00:04:03,289 --> 00:04:00,840

injured and one of them apparently a

85

00:04:04,910 --> 00:04:03,299

separate no ill effects or it didn't

86

00:04:08,809 --> 00:04:04,920

appear to be injured

87

00:04:12,050 --> 00:04:08,819

and was was ambulatory was mobile I was

88

00:04:14,570 --> 00:04:12,060

just sitting next to the one that uh was

89

00:04:16,250 --> 00:04:14,580

still alive were they right next to the

90

00:04:19,490 --> 00:04:16,260

vehicle right next to it right under the

91

00:04:22,129 --> 00:04:19,500

edge of it and this craft had apparently

92

00:04:23,270 --> 00:04:22,139

come in from the East bounced off one

93

00:04:26,689 --> 00:04:23,280

Ridge line

94

00:04:29,510 --> 00:04:26,699

went plowing through this Royal area and

95

00:04:32,689 --> 00:04:29,520

then crashed into the Ridgeline and

96

00:04:34,249 --> 00:04:32,699

embedded itself and they were sitting

97

00:04:35,629 --> 00:04:34,259

back under the edge it was kind of

98

00:04:39,230 --> 00:04:35,639

tilted up like this and they were

99

00:04:41,330 --> 00:04:39,240

sitting back under the edge here and I'm

100

00:04:44,090 --> 00:04:41,340

assuming that this one creature that was

101  
00:04:46,969 --> 00:04:44,100  
all right had laid this material on the

102  
00:04:49,189 --> 00:04:46,979  
ground but it looked like unrolled tin

103  
00:04:51,950 --> 00:04:49,199  
foil that these other three creatures

104  
00:04:54,230 --> 00:04:51,960  
were laying on like I was trying to

105  
00:04:56,689 --> 00:04:54,240  
like you do a person in shotgun put them

106  
00:04:59,030 --> 00:04:56,699  
on a blanket kind of a thing and

107  
00:05:00,590 --> 00:04:59,040  
apparently it had some boxes that are

108  
00:05:03,530 --> 00:05:00,600  
around it

109  
00:05:05,390 --> 00:05:03,540  
and had apparently been trying to give

110  
00:05:08,090 --> 00:05:05,400  
first aid or help these other creatures

111  
00:05:10,010 --> 00:05:08,100  
when we first got there and as we

112  
00:05:12,469 --> 00:05:10,020  
approached

113  
00:05:14,150 --> 00:05:12,479

the creature Drew back like this like it

114

00:05:16,249 --> 00:05:14,160

was in fear of us like we were going to

115

00:05:18,110 --> 00:05:16,259

hurt it

116

00:05:19,670 --> 00:05:18,120

wasn't very long you know I'm trying to

117

00:05:23,210 --> 00:05:19,680

communicate with what the adults were

118

00:05:24,650 --> 00:05:23,220

and it seemed to calm down and just sat

119

00:05:26,990 --> 00:05:24,660

there and kind of looked back and forth

120

00:05:27,830 --> 00:05:27,000

watching him apparently trying to figure

121

00:05:29,930 --> 00:05:27,840

out

122

00:05:32,689 --> 00:05:29,940

what was going on like what did it look

123

00:05:35,150 --> 00:05:32,699

like a little bit more these creatures

124

00:05:38,150 --> 00:05:35,160

all of them were all about four foot

125

00:05:39,890 --> 00:05:38,160

tall or four and a half feet tall they

126  
00:05:41,930 --> 00:05:39,900  
had very large heads that were shaped

127  
00:05:44,270 --> 00:05:41,940  
larger on the top and they kind of

128  
00:05:45,890 --> 00:05:44,280  
tapered down not to a real sharp point

129  
00:05:49,310 --> 00:05:45,900  
but just tapered down to where they were

130  
00:05:52,670 --> 00:05:49,320  
thin and they had very large

131  
00:05:55,670 --> 00:05:52,680  
very large oval shape or almond shaped I

132  
00:05:57,710 --> 00:05:55,680  
guess you could say black eyes that had

133  
00:05:59,689 --> 00:05:57,720  
they were so shiny they had almost a

134  
00:06:01,189 --> 00:05:59,699  
bluish tint to them when the light

135  
00:06:04,909 --> 00:06:01,199  
reflected off of

136  
00:06:10,909 --> 00:06:07,129  
the best way I could describe that is

137  
00:06:13,189 --> 00:06:10,919  
kind of a bluish tinted milky white

138  
00:06:14,210 --> 00:06:13,199

it was uh it looked like someone in

139

00:06:16,490 --> 00:06:14,220

shock

140

00:06:19,370 --> 00:06:16,500

and the ones that were laying on the

141

00:06:22,070 --> 00:06:19,380

ground were really really looked more

142

00:06:24,350 --> 00:06:22,080

that way more blue

143

00:06:27,290 --> 00:06:24,360

how about ears nose man no there was

144

00:06:29,210 --> 00:06:27,300

there was no visible ears on the

145

00:06:31,309 --> 00:06:29,220

creatures except like if you was just to

146

00:06:34,249 --> 00:06:31,319

cover your ear like this to whether it

147

00:06:37,129 --> 00:06:34,259

was just a riser and then a hole without

148

00:06:39,710 --> 00:06:37,139

you know your earlobe and the rest of

149

00:06:42,850 --> 00:06:39,720

the year there how about nose

150

00:06:46,010 --> 00:06:42,860

it was the nose was very very small

151  
00:06:49,070 --> 00:06:46,020  
almost imperceptible

152  
00:06:50,870 --> 00:06:49,080  
like two holes straight in and the lips

153  
00:06:52,309 --> 00:06:50,880  
were

154  
00:06:54,890 --> 00:06:52,319  
straight line

155  
00:06:56,809 --> 00:06:54,900  
it was like a cut and you couldn't see

156  
00:07:00,129 --> 00:06:56,819  
any visible lips like we had it was just

157  
00:07:02,870 --> 00:07:00,139  
a slit and whatever

158  
00:07:05,870 --> 00:07:02,880  
hair color there were there was no hair

159  
00:07:08,029 --> 00:07:05,880  
they were completely bald and no sound I

160  
00:07:09,469 --> 00:07:08,039  
never heard a sound one not out of any

161  
00:07:12,710 --> 00:07:09,479  
of the creatures including the one that

162  
00:07:14,450 --> 00:07:12,720  
was did you see fingers yeah they had

163  
00:07:16,309 --> 00:07:14,460

they had fingers like this they didn't

164

00:07:19,490 --> 00:07:16,319

have a little finger they just had the

165

00:07:21,589 --> 00:07:19,500

thumb had three extra digits except the

166

00:07:23,390 --> 00:07:21,599

center digit was longer and the other

167

00:07:26,029 --> 00:07:23,400

two were about the same size they were

168

00:07:27,950 --> 00:07:26,039

very long and slender I looked very

169

00:07:29,870 --> 00:07:27,960

delicate and I've made the statement

170

00:07:31,309 --> 00:07:29,880

before and I'll make it again I think it

171

00:07:34,189 --> 00:07:31,319

would have made an excellent violence

172

00:07:37,969 --> 00:07:34,199

because of the the structure of their

173

00:07:39,770 --> 00:07:37,979

hands they were wearing one piece suits

174

00:07:42,230 --> 00:07:39,780

all of them were dressed exactly the

175

00:07:45,230 --> 00:07:42,240

same and it was sort of a real shiny

176

00:07:49,670 --> 00:07:45,240

silverish gray color no zippers buttons

177

00:07:51,830 --> 00:07:49,680

no I saw no zippers no buttons insignia

178

00:07:53,570 --> 00:07:51,840

no that's sickness the only thing that

179

00:07:54,950 --> 00:07:53,580

was different you know you know they all

180

00:07:57,650 --> 00:07:54,960

had this but the only thing that was

181

00:07:58,490 --> 00:07:57,660

different from the the Silvery gray

182

00:08:01,909 --> 00:07:58,500

thing

183

00:08:03,650 --> 00:08:01,919

suit was it down like the seam on it

184

00:08:05,570 --> 00:08:03,660

like it was a seam on the shoulder and

185

00:08:10,010 --> 00:08:05,580

around the car it was trimmed in what

186

00:08:12,830 --> 00:08:10,020

appeared to be maroon like Cordy uh

187

00:08:15,650 --> 00:08:12,840

then the suits for continuous for their

188

00:08:18,230 --> 00:08:15,660

foot gear you could see right about this

189

00:08:19,730 --> 00:08:18,240

area down it seemed to be less pliable

190

00:08:22,909 --> 00:08:19,740

than it was up here like this was a

191

00:08:24,890 --> 00:08:22,919

stiffer area like they were boots

192

00:08:28,550 --> 00:08:24,900

but they were all dressed exactly the

193

00:08:30,710 --> 00:08:28,560

same okay so you and your family are

194

00:08:32,449 --> 00:08:30,720

talking back and forth

195

00:08:34,370 --> 00:08:32,459

wondering what was going on what did

196

00:08:36,409 --> 00:08:34,380

your family say I mean well I don't say

197

00:08:39,170 --> 00:08:36,419

anything yeah my brother one of the

198

00:08:41,209 --> 00:08:39,180

first remarks I heard made was uh that's

199

00:08:43,790 --> 00:08:41,219

a goddamn spaceship

200

00:08:45,949 --> 00:08:43,800

uh you know there was bodies up there

201  
00:08:49,190 --> 00:08:45,959  
and you know I was told not to go up

202  
00:08:51,050 --> 00:08:49,200  
there which I did and uh how old was

203  
00:08:54,410 --> 00:08:51,060  
your brother at the time he was in his

204  
00:08:56,630 --> 00:08:54,420  
early 20s I think 20 21. he was a lot

205  
00:08:58,250 --> 00:08:56,640  
older than you were oh yes considerably

206  
00:09:00,350 --> 00:08:58,260  
uh

207  
00:09:03,829 --> 00:09:00,360  
we

208  
00:09:06,170 --> 00:09:03,839  
meandered off to one side this thing was

209  
00:09:08,210 --> 00:09:06,180  
cocked up and I was standing here the

210  
00:09:09,769 --> 00:09:08,220  
bodies were here and everybody else was

211  
00:09:11,329 --> 00:09:09,779  
kind of down here except my cousin

212  
00:09:13,370 --> 00:09:11,339  
Victor wasn't over here playing looking

213  
00:09:16,070 --> 00:09:13,380

in his gaping all along the side of this

214

00:09:19,070 --> 00:09:16,080

this disc and it shaped just like a

215

00:09:20,930 --> 00:09:19,080

discus except for a round Dome was up on

216

00:09:22,670 --> 00:09:20,940

top and it was this big Gibbon gash and

217

00:09:26,150 --> 00:09:22,680

everybody could see inside it looked

218

00:09:29,990 --> 00:09:26,160

like a double Hall how big a length

219

00:09:34,910 --> 00:09:33,110

it covered the greater majority from the

220

00:09:38,150 --> 00:09:34,920

center of the crap out it was just like

221

00:09:40,070 --> 00:09:38,160

a gaping hole in there and I'm

222

00:09:42,230 --> 00:09:40,080

thinking you know it's like about 30

223

00:09:45,530 --> 00:09:42,240

feet 35 feet in diameter so we're

224

00:09:47,329 --> 00:09:45,540

talking about 17 feet maybe and most of

225

00:09:49,610 --> 00:09:47,339

most of that one side was ripped open

226

00:09:54,050 --> 00:09:49,620

like that and you can see inside

227

00:09:56,090 --> 00:09:54,060

and you can see another double Hull like

228

00:09:57,350 --> 00:09:56,100

in there and there was this rows of

229

00:09:59,509 --> 00:09:57,360

components

230

00:10:01,190 --> 00:09:59,519

that was on there and there was lights

231

00:10:02,930 --> 00:10:01,200

that flashed

232

00:10:05,210 --> 00:10:02,940

on off some of them were steady some

233

00:10:08,090 --> 00:10:05,220

were flashing there was a lot of debris

234

00:10:10,190 --> 00:10:08,100

and stuff hanging out of the hole

235

00:10:11,570 --> 00:10:10,200

there was evidence that there had

236

00:10:14,750 --> 00:10:11,580

apparently been fire it looked like it

237

00:10:16,970 --> 00:10:14,760

had been burnt along the edge there

238

00:10:18,350 --> 00:10:16,980

are the gas now this wasn't a gas that

239

00:10:20,030 --> 00:10:18,360

could have been caused by the thing

240

00:10:21,829 --> 00:10:20,040

coming into the ground

241

00:10:25,190 --> 00:10:21,839

it wasn't at the Leading Edge of the

242

00:10:27,110 --> 00:10:25,200

vehicle no no this was in the side like

243

00:10:29,570 --> 00:10:27,120

it almost appeared it was elliptical

244

00:10:31,970 --> 00:10:29,580

that it almost appeared as if something

245

00:10:34,250 --> 00:10:31,980

the same shape as

246

00:10:36,350 --> 00:10:34,260

the disc we were looking at had hit that

247

00:10:38,030 --> 00:10:36,360

that same you know it hit the disk and

248

00:10:40,009 --> 00:10:38,040

left an imprinted

249

00:10:42,110 --> 00:10:40,019

pretty closely approximated the outside

250

00:10:45,829 --> 00:10:42,120

diameter of the disc itself

251  
00:10:49,250 --> 00:10:45,839  
and it appeared to be caged inward

252  
00:10:51,650 --> 00:10:49,260  
okay and and kind of like you'd hit it

253  
00:10:53,990 --> 00:10:51,660  
like I said just crumpled and caved in

254  
00:10:56,509 --> 00:10:54,000  
and ripped it open

255  
00:10:58,490 --> 00:10:56,519  
um okay so you're you're there you you

256  
00:11:01,069 --> 00:10:58,500  
take all this and everybody's mystified

257  
00:11:04,370 --> 00:11:01,079  
what were the circumstances outside hot

258  
00:11:06,650 --> 00:11:04,380  
cold very very hot incredible to me

259  
00:11:09,290 --> 00:11:06,660  
being the first time in New Mexico and

260  
00:11:11,269 --> 00:11:09,300  
coming from Back East that dry heat was

261  
00:11:14,150 --> 00:11:11,279  
just like being outside

262  
00:11:16,130 --> 00:11:14,160  
of it it was unbelievable to me and

263  
00:11:17,690 --> 00:11:16,140

indeed that was the odd part about this

264

00:11:19,550 --> 00:11:17,700

thing the closer you got to it the

265

00:11:22,370 --> 00:11:19,560

cooler it was

266

00:11:25,370 --> 00:11:22,380

and standing under it in the shade there

267

00:11:26,750 --> 00:11:25,380

next to these creatures bodies it was

268

00:11:30,050 --> 00:11:26,760

like

269

00:11:32,210 --> 00:11:30,060

a refrigerated air conditioning and did

270

00:11:35,030 --> 00:11:32,220

you feel air coming out of this thing no

271

00:11:36,290 --> 00:11:35,040

it was just like it was ambedia and I

272

00:11:38,389 --> 00:11:36,300

remember

273

00:11:39,949 --> 00:11:38,399

reaching up and putting my hand on the

274

00:11:41,750 --> 00:11:39,959

side of this and I think I was afraid it

275

00:11:43,610 --> 00:11:41,760

was going to hit my head because there

276  
00:11:45,110 --> 00:11:43,620  
was enough room for me as a small child

277  
00:11:46,850 --> 00:11:45,120  
you know

278  
00:11:48,710 --> 00:11:46,860  
I was approximately the same size as

279  
00:11:50,990 --> 00:11:48,720  
these creatures to to walk up under

280  
00:11:52,670 --> 00:11:51,000  
there and stand there but I I kind of

281  
00:11:54,530 --> 00:11:52,680  
did like that put my hand up against

282  
00:11:56,690 --> 00:11:54,540  
this thing what did it feeling it was

283  
00:11:59,870 --> 00:11:56,700  
ice cold it felt like it just came out

284  
00:12:02,569 --> 00:11:59,880  
of her freezer was it smooth was it

285  
00:12:04,850 --> 00:12:02,579  
was very smooth it had a very smooth

286  
00:12:08,030 --> 00:12:04,860  
texture to it was obviously made out of

287  
00:12:09,889 --> 00:12:08,040  
metal it was very solid and it was very

288  
00:12:12,650 --> 00:12:09,899

cold ice cold

289

00:12:14,870 --> 00:12:12,660

and there was a smell in the area it

290

00:12:17,389 --> 00:12:14,880

smelled volatile

291

00:12:22,730 --> 00:12:17,399

acreage like

292

00:12:26,389 --> 00:12:24,650

but the closer you got to this thing the

293

00:12:28,370 --> 00:12:26,399

cooler it was so like you know I kind of

294

00:12:31,430 --> 00:12:28,380

remained there and I guess the wall they

295

00:12:34,970 --> 00:12:31,440

were over here my father and uh

296

00:12:36,590 --> 00:12:34,980

Ted and my brother and uncle Ted was

297

00:12:39,290 --> 00:12:36,600

trying to talk to this thing in Spanish

298

00:12:42,110 --> 00:12:39,300

and of course it didn't understand what

299

00:12:43,730 --> 00:12:42,120

he said and Dad tried to talk to him and

300

00:12:46,370 --> 00:12:43,740

they tried you know sign language and

301  
00:12:50,870 --> 00:12:46,380  
that didn't work and uh I don't know for

302  
00:12:53,150 --> 00:12:50,880  
some reason I just uh I reached out and

303  
00:12:55,670 --> 00:12:53,160  
touched it this one that was laying next

304  
00:12:58,670 --> 00:12:57,410  
next to touch that I realized you know

305  
00:13:00,590 --> 00:12:58,680  
jump back

306  
00:13:02,569 --> 00:13:00,600  
scared me and startled me because I

307  
00:13:05,269 --> 00:13:02,579  
suddenly realized that these weren't

308  
00:13:07,129 --> 00:13:05,279  
dolls I thought they were plastic dolls

309  
00:13:10,009 --> 00:13:07,139  
and I you know I was still in my mind

310  
00:13:12,110 --> 00:13:10,019  
these are moving dolls

311  
00:13:14,629 --> 00:13:12,120  
until I touched it and I realized you

312  
00:13:17,150 --> 00:13:14,639  
know this was a dead thing I'd been I'd

313  
00:13:19,069 --> 00:13:17,160

seen dead relatives before I

314

00:13:21,110 --> 00:13:19,079

unfortunately it made a mistake one time

315

00:13:22,790 --> 00:13:21,120

touching him relative it was in a casket

316

00:13:26,509 --> 00:13:22,800

and I just knew

317

00:13:31,730 --> 00:13:26,519

this is a dead thing and it scared me

318

00:13:34,910 --> 00:13:33,170

this thing was sitting there on the

319

00:13:36,710 --> 00:13:34,920

ground and it kept look back and forth

320

00:13:39,290 --> 00:13:36,720

and it just had its hands like it says

321

00:13:42,110 --> 00:13:40,370

just between

322

00:13:45,110 --> 00:13:42,120

three of them and

323

00:13:46,790 --> 00:13:45,120

like it was trying to understand and all

324

00:13:49,129 --> 00:13:46,800

of a sudden it just turned and looked

325

00:13:52,550 --> 00:13:49,139

right straight at me but between my

326

00:13:56,210 --> 00:13:54,170

this is when

327

00:13:58,550 --> 00:13:56,220

it was just like an explosion of things

328

00:14:01,670 --> 00:13:58,560

in my hits things I started you know

329

00:14:05,210 --> 00:14:01,680

feeling just terrible depression and

330

00:14:10,009 --> 00:14:08,150

you know awful awful feelings it just

331

00:14:10,790 --> 00:14:10,019

suddenly burst into my mind and I don't

332

00:14:13,430 --> 00:14:10,800

know

333

00:14:14,990 --> 00:14:13,440

if that meant that it was communicating

334

00:14:16,670 --> 00:14:15,000

with me and I was the only one there I

335

00:14:20,269 --> 00:14:16,680

could communicate with because I was a

336

00:14:22,670 --> 00:14:20,279

kid I I don't know I turned and ran and

337

00:14:24,949 --> 00:14:22,680

I ran across the arroya and up on the

338

00:14:25,970 --> 00:14:24,959

area that had bounced off of during the

339

00:14:28,129 --> 00:14:25,980

crash

340

00:14:30,710 --> 00:14:28,139

and we're just standing or looking down

341

00:14:32,329 --> 00:14:30,720

at the scene you know

342

00:14:34,730 --> 00:14:32,339

you know family and

343

00:14:37,069 --> 00:14:34,740

off in a distance I could see cattle

344

00:14:40,189 --> 00:14:37,079

grazing I could see a wind

345

00:14:43,370 --> 00:14:40,199

you can see dust Trails out on the

346

00:14:45,829 --> 00:14:43,380

apply it out on the planes out there

347

00:14:47,870 --> 00:14:45,839

and uh oh I was there for a little while

348

00:14:50,150 --> 00:14:47,880

and then I it came back down and I guess

349

00:14:52,790 --> 00:14:50,160

we were there you know

350

00:14:55,250 --> 00:14:52,800

Victor was in when I got back down there

351

00:14:56,629 --> 00:14:55,260

Victor was up in the crack and Ted

352

00:14:58,069 --> 00:14:56,639

yelled at him to get out of there and

353

00:14:59,509 --> 00:14:58,079

Glenn went over and grabbed him by the

354

00:15:02,090 --> 00:14:59,519

belt and jury team that's your brother

355

00:15:03,410 --> 00:15:02,100

yeah and jerked him off and said get out

356

00:15:05,090 --> 00:15:03,420

of there you could cause this thing to

357

00:15:07,509 --> 00:15:05,100

explode and kill us all you know and of

358

00:15:10,310 --> 00:15:07,519

course he went prowling around

359

00:15:11,629 --> 00:15:10,320

uh I was kind of standing off to one

360

00:15:13,790 --> 00:15:11,639

side looking that's why I knew that

361

00:15:15,470 --> 00:15:13,800

there was I could look off these rocks

362

00:15:17,449 --> 00:15:15,480

that I was standing right into this

363

00:15:19,550 --> 00:15:17,459

thing that's why I knew you know about

364

00:15:21,650 --> 00:15:19,560

the lights and the components and stuff

365

00:15:23,389 --> 00:15:21,660

and then uh I know I heard other people

366

00:15:26,930 --> 00:15:23,399

talking I turned and there was a group

367

00:15:28,310 --> 00:15:26,940

of people coming up the arroya from out

368

00:15:29,930 --> 00:15:28,320

on the planes

369

00:15:31,430 --> 00:15:29,940

from the south they had come up there

370

00:15:35,210 --> 00:15:31,440

and of course they walked up and was

371

00:15:39,110 --> 00:15:35,220

talking and how many uh there was an

372

00:15:41,889 --> 00:15:39,120

older man and five younger students boys

373

00:15:44,810 --> 00:15:41,899

girls there's three boys and two girls

374

00:15:48,889 --> 00:15:44,820

and they were all you know introducing

375

00:15:50,990 --> 00:15:48,899

talking to my father and my uncle and my

376  
00:15:58,069 --> 00:15:51,000  
brother what'd the older one looked like

377  
00:16:01,310 --> 00:15:59,990  
he was wearing a pith helmet when he

378  
00:16:02,629 --> 00:16:01,320  
first came up one of those one of those

379  
00:16:04,850 --> 00:16:02,639  
four rounds

380  
00:16:06,530 --> 00:16:04,860  
helmets and uh he was bald and I know

381  
00:16:07,850 --> 00:16:06,540  
that because he had taken it off and he

382  
00:16:09,590 --> 00:16:07,860  
had done this you know a couple times

383  
00:16:11,030 --> 00:16:09,600  
with handkerchief and put it back on he

384  
00:16:13,910 --> 00:16:11,040  
was involving man

385  
00:16:15,470 --> 00:16:13,920  
and he had a round face he was very

386  
00:16:16,790 --> 00:16:15,480  
ready complected

387  
00:16:18,590 --> 00:16:16,800  
he's a big man

388  
00:16:21,410 --> 00:16:18,600

uh

389

00:16:23,990 --> 00:16:21,420

and he apparently was a doctor because

390

00:16:25,550 --> 00:16:24,000

they kept calling him doctor as I

391

00:16:26,629 --> 00:16:25,560

understand it was an archaeological

392

00:16:28,550 --> 00:16:26,639

group

393

00:16:29,449 --> 00:16:28,560

it was out there on some kind of Summer

394

00:16:31,730 --> 00:16:29,459

thing

395

00:16:34,550 --> 00:16:31,740

and uh

396

00:16:37,550 --> 00:16:34,560

they they talked and he apparently was

397

00:16:40,009 --> 00:16:37,560

able to speak several foreign languages

398

00:16:41,870 --> 00:16:40,019

and he tried to talk to this creature

399

00:16:43,550 --> 00:16:41,880

several times in different languages and

400

00:16:45,290 --> 00:16:43,560

again to no avail

401  
00:16:46,850 --> 00:16:45,300  
how did that happen to be there had he

402  
00:16:48,829 --> 00:16:46,860  
seen the thing Well they claimed that

403  
00:16:51,470 --> 00:16:48,839  
they saw they said they saw this thing

404  
00:16:54,050 --> 00:16:51,480  
come down the night before a plane you

405  
00:16:56,930 --> 00:16:54,060  
know and they thought it was a meteorite

406  
00:16:58,370 --> 00:16:56,940  
and they had talked about well in the

407  
00:17:00,050 --> 00:16:58,380  
morning you know well we'll go over

408  
00:17:01,069 --> 00:17:00,060  
there and see this where this meteor

409  
00:17:02,210 --> 00:17:01,079  
came down because that's what they

410  
00:17:04,370 --> 00:17:02,220  
thought it was

411  
00:17:05,870 --> 00:17:04,380  
and when his son came up the next

412  
00:17:07,970 --> 00:17:05,880  
morning you know and they got about

413  
00:17:09,949 --> 00:17:07,980

their business and got up and somebody

414

00:17:12,590 --> 00:17:09,959

looked over and said you know they saw

415

00:17:14,030 --> 00:17:12,600

the shiny metal and stuff across the

416

00:17:15,590 --> 00:17:14,040

plains there and they realized it wasn't

417

00:17:17,990 --> 00:17:15,600

the meteorites it may have been an

418

00:17:19,549 --> 00:17:18,000

airplane and that Christ so they all

419

00:17:21,530 --> 00:17:19,559

decided to go over there and see if

420

00:17:23,270 --> 00:17:21,540

there was anybody who was alive you know

421

00:17:24,829 --> 00:17:23,280

it was hurt that needed help they had

422

00:17:26,030 --> 00:17:24,839

driven on it no they walked over

423

00:17:28,510 --> 00:17:26,040

apparently

424

00:17:32,390 --> 00:17:28,520

the way I understand it

425

00:17:35,450 --> 00:17:32,400

uh and it's quite a ways across that

426

00:17:37,850 --> 00:17:35,460

plane so it had to take a very long time

427

00:17:39,289 --> 00:17:37,860

to do this or they may have had a

428

00:17:42,230 --> 00:17:39,299

vehicle I don't know that's an

429

00:17:44,450 --> 00:17:42,240

assumption I think on my part ner okay

430

00:17:46,909 --> 00:17:44,460

so they're around but they came across

431

00:17:48,650 --> 00:17:46,919

the the plains nonetheless I'm not sure

432

00:17:50,450 --> 00:17:48,660

if they drove or not I didn't hear any

433

00:17:51,230 --> 00:17:50,460

comments and then somebody else showed

434

00:17:54,529 --> 00:17:51,240

them

435

00:17:57,470 --> 00:17:54,539

yeah they were down there just oh 15

436

00:17:59,210 --> 00:17:57,480

maybe 20 minutes the tops you know and

437

00:18:02,690 --> 00:17:59,220

they were picking up things some of the

438

00:18:05,510 --> 00:18:02,700

students and this doctor Buskirk that

439

00:18:08,630 --> 00:18:05,520

they called in this one girl went up and

440

00:18:10,190 --> 00:18:08,640

said look doctor wouldn't this make a

441

00:18:13,310 --> 00:18:10,200

beautiful ring and she was holding what

442

00:18:15,529 --> 00:18:13,320

it looked like a red rod

443

00:18:16,750 --> 00:18:15,539

read too it's some kind of kind of a

444

00:18:19,730 --> 00:18:16,760

silvery red

445

00:18:21,470 --> 00:18:19,740

and he kind of snapped at her you know

446

00:18:22,789 --> 00:18:21,480

you know I put that down Agnes you don't

447

00:18:25,190 --> 00:18:22,799

know what that is I think it hurts you

448

00:18:27,590 --> 00:18:25,200

just don't pick this stuff up and she

449

00:18:29,150 --> 00:18:27,600

kind of said well yeah okay doctor and

450

00:18:30,529 --> 00:18:29,160

then he went back to what he was doing

451  
00:18:31,490 --> 00:18:30,539  
and she walked away and put it in her

452  
00:18:33,529 --> 00:18:31,500  
pocket

453  
00:18:35,330 --> 00:18:33,539  
and a lot of them were doing this we're

454  
00:18:37,190 --> 00:18:35,340  
picking up things and feeling things I

455  
00:18:38,390 --> 00:18:37,200  
was picking up things and feeling things

456  
00:18:40,970 --> 00:18:38,400  
it was

457  
00:18:42,409 --> 00:18:40,980  
all kinds of material metal and stuff

458  
00:18:44,570 --> 00:18:42,419  
laying around then we heard it I heard

459  
00:18:46,190 --> 00:18:44,580  
it well we all heard a sound of a motor

460  
00:18:48,710 --> 00:18:46,200  
coming on your truck

461  
00:18:51,110 --> 00:18:48,720  
and I went back up the the incline there

462  
00:18:52,610 --> 00:18:51,120  
to the to the Ridgeline and I could see

463  
00:18:55,190 --> 00:18:52,620

out there and there was a truck coming

464

00:18:58,130 --> 00:18:55,200

up it was an old pickup truck

465

00:18:59,990 --> 00:18:58,140

it was sort of a beige color or a tan

466

00:19:02,450 --> 00:19:00,000

colored thing it had a whip antenna on

467

00:19:05,150 --> 00:19:02,460

it and it stopped and this guy got out

468

00:19:07,850 --> 00:19:05,160

and he's wearing brown clothes he's got

469

00:19:10,130 --> 00:19:07,860

boots on and he's wearing a straw hat

470

00:19:13,549 --> 00:19:10,140

just like the kind Harry Truman wore

471

00:19:15,710 --> 00:19:13,559

and had wire rim glasses he was a big

472

00:19:17,510 --> 00:19:15,720

man and he looked exactly like Harry

473

00:19:19,909 --> 00:19:17,520

Truman to me and now you know I'd seen

474

00:19:22,190 --> 00:19:19,919

in the movie tone news that he was

475

00:19:23,930 --> 00:19:22,200

President's then yeah I was well aware

476  
00:19:26,330 --> 00:19:23,940  
who Harry Truman was so everybody was

477  
00:19:28,130 --> 00:19:26,340  
he's a kind of a hero you know and it's

478  
00:19:29,930 --> 00:19:28,140  
kind of looked like him except bigger

479  
00:19:31,630 --> 00:19:29,940  
bigger and I don't think he and he

480  
00:19:35,930 --> 00:19:31,640  
didn't look as old either

481  
00:19:39,110 --> 00:19:35,940  
his hair was uh kind of light gray

482  
00:19:41,029 --> 00:19:39,120  
and uh he walked over there and they got

483  
00:19:43,730 --> 00:19:41,039  
to talking you know he with everybody

484  
00:19:45,289 --> 00:19:43,740  
and he told them that he worked out on

485  
00:19:47,810 --> 00:19:45,299  
the planes out there and that he made

486  
00:19:50,330 --> 00:19:47,820  
masks and that he had seen

487  
00:19:52,010 --> 00:19:50,340  
the the wreckage from out there on the

488  
00:19:53,570 --> 00:19:52,020

planes and he saw the people and he

489

00:19:55,310 --> 00:19:53,580

thought it was a plane wreck and you

490

00:19:56,750 --> 00:19:55,320

know just something was going on he came

491

00:19:59,510 --> 00:19:56,760

over there to see

492

00:20:02,750 --> 00:19:59,520

and he hadn't been there but just a very

493

00:20:05,990 --> 00:20:02,760

very few minutes when when he heard all

494

00:20:09,890 --> 00:20:06,000

kinds of motors and engine strain and

495

00:20:12,110 --> 00:20:09,900

stuff and uh here comes uh

496

00:20:14,150 --> 00:20:12,120

a military car with a big white star on

497

00:20:18,710 --> 00:20:14,160

the side of it followed by a six by

498

00:20:20,529 --> 00:20:18,720

which is a military truck with a canvas

499

00:20:22,730 --> 00:20:20,539

wagon

500

00:20:24,650 --> 00:20:22,740

canvas thing over and it's full of

501  
00:20:26,990 --> 00:20:24,660  
soldiers they've got guns

502  
00:20:30,770 --> 00:20:27,000  
and right behind that was what we call

503  
00:20:33,529 --> 00:20:30,780  
four by which is like a medium-sized

504  
00:20:35,930 --> 00:20:33,539  
Jeep truck situation and it had two big

505  
00:20:37,610 --> 00:20:35,940  
high whip antennas all kinds of radio

506  
00:20:39,529 --> 00:20:37,620  
gear in the back and a guy back there

507  
00:20:41,870 --> 00:20:39,539  
with earphones and stuff on it and he's

508  
00:20:45,169 --> 00:20:41,880  
you know working these radios and they

509  
00:20:46,970 --> 00:20:45,179  
all pulled up and stopped and which

510  
00:20:49,430 --> 00:20:46,980  
direction have they come from you they

511  
00:20:51,590 --> 00:20:49,440  
came from from the north from the horse

512  
00:20:53,330 --> 00:20:51,600  
Springs area right so they could have

513  
00:20:54,830 --> 00:20:53,340

come off the highway there oh yeah I'm

514

00:20:56,090 --> 00:20:54,840

sure that's exactly how they got there

515

00:20:59,390 --> 00:20:56,100

they come off the highway the same way

516

00:21:03,049 --> 00:20:59,400

we did well in the meantime that when it

517

00:21:05,090 --> 00:21:03,059

stopped the this black soldier the

518

00:21:08,029 --> 00:21:05,100

sergeant and the reason I know he was a

519

00:21:10,970 --> 00:21:08,039

sergeant my brother told me he was and

520

00:21:13,730 --> 00:21:10,980

he got out of this uh this car

521

00:21:16,970 --> 00:21:13,740

and then a guy got out on the other side

522

00:21:18,529 --> 00:21:16,980

and he was Glenn said he was a it was a

523

00:21:19,549 --> 00:21:18,539

captain he told me later he was a

524

00:21:23,029 --> 00:21:19,559

captain

525

00:21:25,190 --> 00:21:23,039

and this guy had orange red hair

526  
00:21:27,230 --> 00:21:25,200  
and uh

527  
00:21:29,210 --> 00:21:27,240  
all the soldiers of them came running

528  
00:21:31,190 --> 00:21:29,220  
over there pointing guns at people and

529  
00:21:34,970 --> 00:21:31,200  
tell them get away get away get away you

530  
00:21:35,930 --> 00:21:34,980  
know and when this creature saw these

531  
00:21:37,669 --> 00:21:35,940  
people

532  
00:21:40,730 --> 00:21:37,679  
the military

533  
00:21:42,770 --> 00:21:40,740  
he went nuts he went into an absolute

534  
00:21:43,690 --> 00:21:42,780  
Panic worse than what he did when he saw

535  
00:21:51,890 --> 00:21:43,700  
us

536  
00:21:53,510 --> 00:21:51,900  
was like he was looking for him yeah

537  
00:21:54,890 --> 00:21:53,520  
like like he's looking for a place to

538  
00:21:57,289 --> 00:21:54,900

run and hide

539

00:21:59,930 --> 00:21:57,299

but he never got up never got up he

540

00:22:04,669 --> 00:21:59,940

never left the one injured one next to

541

00:22:08,510 --> 00:22:04,679

him and uh this red-headed officer

542

00:22:11,090 --> 00:22:08,520

this guy was a real asshole uh he made

543

00:22:12,730 --> 00:22:11,100

all the threats he threatened to have

544

00:22:16,730 --> 00:22:12,740

people shot

545

00:22:18,770 --> 00:22:16,740

to everybody get away get away you know

546

00:22:20,510 --> 00:22:18,780

well get away from there this is a

547

00:22:22,970 --> 00:22:20,520

military secret you know just screaming

548

00:22:25,430 --> 00:22:22,980

and hollering and he told my my uncle

549

00:22:26,630 --> 00:22:25,440

and my father that if they didn't want

550

00:22:29,510 --> 00:22:26,640

to spend the rest of their life in

551  
00:22:31,370 --> 00:22:29,520  
prison they would never say anything

552  
00:22:33,169 --> 00:22:31,380  
about what they saw there if they ever

553  
00:22:34,610 --> 00:22:33,179  
wanted to see us kids again they'd take

554  
00:22:35,990 --> 00:22:34,620  
the kids away and you'd never see the

555  
00:22:38,810 --> 00:22:36,000  
kids you know

556  
00:22:41,149 --> 00:22:38,820  
and Victor that we'd better keep our

557  
00:22:42,890 --> 00:22:41,159  
mouth shut if we did not this is what

558  
00:22:45,049 --> 00:22:42,900  
was going to happen they were

559  
00:22:47,110 --> 00:22:45,059  
threatening people and pushing people

560  
00:22:50,210 --> 00:22:47,120  
and the students as well

561  
00:22:51,770 --> 00:22:50,220  
they were hustling everybody and one of

562  
00:22:55,070 --> 00:22:51,780  
the soldiers

563  
00:22:56,450 --> 00:22:55,080

uh pushed my my uncle he had a rifle I

564

00:22:57,770 --> 00:22:56,460

guess he showed me back like that well

565

00:23:01,490 --> 00:22:57,780

that was something you don't do to my

566

00:23:02,990 --> 00:23:01,500

uncle Ted a Ted had a violent temper and

567

00:23:05,210 --> 00:23:03,000

he grabbed the rifle and reached over

568

00:23:06,289 --> 00:23:05,220

top and smacked this guy and dropped him

569

00:23:08,570 --> 00:23:06,299

right there

570

00:23:10,789 --> 00:23:08,580

Teddy drop if I didn't drop the Hat this

571

00:23:13,789 --> 00:23:10,799

guy's a cowboy he'll hit you in a minute

572

00:23:17,090 --> 00:23:13,799

and of course when he did that

573

00:23:19,130 --> 00:23:17,100

his bolts opened and I guess cocking you

574

00:23:21,950 --> 00:23:19,140

know they're cocking your rifles and

575

00:23:24,830 --> 00:23:21,960

they're pointing guns at people and

576

00:23:27,409 --> 00:23:24,840

everybody Buskirk and Glenn and Dad

577

00:23:28,789 --> 00:23:27,419

grabbing you know pulling back and got

578

00:23:30,049 --> 00:23:28,799

him away don't tell him man they're

579

00:23:31,310 --> 00:23:30,059

gonna shoot don't do that you know

580

00:23:33,409 --> 00:23:31,320

trying to

581

00:23:34,789 --> 00:23:33,419

I think we came very close to having

582

00:23:36,350 --> 00:23:34,799

someone shot

583

00:23:38,390 --> 00:23:36,360

uh

584

00:23:40,130 --> 00:23:38,400

then it really started threatening you

585

00:23:41,630 --> 00:23:40,140

know and maybe interviewed did the

586

00:23:44,029 --> 00:23:41,640

redhead do all the Talking pretty much

587

00:23:46,190 --> 00:23:44,039

too pretty much except once in a while

588

00:23:48,950 --> 00:23:46,200

the sergeant would would you know would

589

00:23:50,630 --> 00:23:48,960

chime in and make statements like that

590

00:23:53,270 --> 00:23:50,640

to other people in response to the

591

00:23:56,450 --> 00:23:53,280

Reddit mainly it was the redhead was

592

00:23:58,730 --> 00:23:56,460

there a name tag yes there was and uh

593

00:24:02,210 --> 00:23:58,740

his name was Armstrong

594

00:24:05,690 --> 00:24:02,220

I'm not sure if I know that from having

595

00:24:08,090 --> 00:24:05,700

read it or know that from remembering it

596

00:24:10,310 --> 00:24:08,100

now being able to read it

597

00:24:12,409 --> 00:24:10,320

in my memory or if someone said that to

598

00:24:14,149 --> 00:24:12,419

me but his name was Armstrong was right

599

00:24:16,730 --> 00:24:14,159

here on his uniform now they chased you

600

00:24:19,490 --> 00:24:16,740

guys away pretty quick

601  
00:24:22,310 --> 00:24:19,500  
yeah they did and uh they heard it as

602  
00:24:23,930 --> 00:24:22,320  
stuff like cattle and it moved us up the

603  
00:24:26,750 --> 00:24:23,940  
Aurora back in the direction we come

604  
00:24:29,210 --> 00:24:26,760  
from Over the protest of this Dr Buskirk

605  
00:24:31,130 --> 00:24:29,220  
who said no no we've got to go the other

606  
00:24:34,270 --> 00:24:31,140  
way we came from I don't care where you

607  
00:24:38,450 --> 00:24:34,280  
came from get your ass up the the Arroyo

608  
00:24:40,250 --> 00:24:38,460  
and they ran us up to your oil and uh so

609  
00:24:42,289 --> 00:24:40,260  
you'll get to your car then right now

610  
00:24:44,210 --> 00:24:42,299  
they take us up to Arroyo and just below

611  
00:24:46,909 --> 00:24:44,220  
the hill that we came down they broke us

612  
00:24:49,370 --> 00:24:46,919  
off and moved us up the hill now this

613  
00:24:51,169 --> 00:24:49,380

whole time no one has ever frisked us

614

00:24:52,549 --> 00:24:51,179

down no one has ever checked our pockets

615

00:24:56,330 --> 00:24:52,559

to see if we picked up any of this

616

00:24:57,890 --> 00:24:56,340

material and this girl Agnes still has

617

00:24:59,870 --> 00:24:57,900

that stuff in her pocket and some of the

618

00:25:03,289 --> 00:24:59,880

other students had stuff

619

00:25:05,390 --> 00:25:03,299

uh to my knowledge up to that point they

620

00:25:07,370 --> 00:25:05,400

had not been searched whether they did

621

00:25:10,070 --> 00:25:07,380

so afterward I don't know they never

622

00:25:11,289 --> 00:25:10,080

searched us ever they run us back up the

623

00:25:14,750 --> 00:25:11,299

hill

624

00:25:16,490 --> 00:25:14,760

and when we got to where the car was

625

00:25:18,830 --> 00:25:16,500

parked where daddy parked the car up

626

00:25:20,450 --> 00:25:18,840

there there's a Jeep with a guy sitting

627

00:25:22,490 --> 00:25:20,460

in the back and there's a mounted

628

00:25:25,190 --> 00:25:22,500

machine gun in the back of this Jeep and

629

00:25:27,649 --> 00:25:25,200

all these soldiers the Jeep pulls out

630

00:25:30,950 --> 00:25:27,659

we're told to get in the car we follow

631

00:25:32,630 --> 00:25:30,960

the Jeep and the soldiers go with us all

632

00:25:35,570 --> 00:25:32,640

the way back out to the highway

633

00:25:37,130 --> 00:25:35,580

when we get back out to the highway they

634

00:25:38,510 --> 00:25:37,140

set us right there they wouldn't let us

635

00:25:39,890 --> 00:25:38,520

out of the car they wouldn't let us move

636

00:25:41,450 --> 00:25:39,900

forward I don't know where they're

637

00:25:42,890 --> 00:25:41,460

making the decision or what when we got

638

00:25:46,190 --> 00:25:42,900

out the highway this place was

639

00:25:48,710 --> 00:25:46,200

absolutely full of military personnel

640

00:25:50,269 --> 00:25:48,720

military equipment there was airplanes

641

00:25:52,370 --> 00:25:50,279

sitting out there that they had landed

642

00:25:54,049 --> 00:25:52,380

on the highway did you see any airplanes

643

00:25:54,890 --> 00:25:54,059

when you were back at the sun yeah there

644

00:25:57,169 --> 00:25:54,900

was Earth

645

00:25:58,610 --> 00:25:57,179

sky but nobody thought much about it you

646

00:26:00,230 --> 00:25:58,620

know I didn't think anything about it I

647

00:26:01,909 --> 00:26:00,240

was used to airplanes being in the sky

648

00:26:03,590 --> 00:26:01,919

having you know been raised in

649

00:26:05,330 --> 00:26:03,600

Indianapolis Indiana the home of the

650

00:26:07,130 --> 00:26:05,340

northern bomb site you know this guy was

651  
00:26:09,409 --> 00:26:07,140  
always full of military aircraft I never

652  
00:26:10,789 --> 00:26:09,419  
thought nothing about it and when we get

653  
00:26:12,890 --> 00:26:10,799  
back onto the highway there's

654  
00:26:15,529 --> 00:26:12,900  
observation aircraft you know high wind

655  
00:26:18,230 --> 00:26:15,539  
aircraft and there's one what I know now

656  
00:26:20,870 --> 00:26:18,240  
to be a c-47 center and how we didn't

657  
00:26:22,370 --> 00:26:20,880  
hear that lens Beyond me and how he land

658  
00:26:25,909 --> 00:26:22,380  
well of course I guess you could land if

659  
00:26:31,610 --> 00:26:28,730  
and it was they had tore the fence down

660  
00:26:33,649 --> 00:26:31,620  
on the north side of that Highway and

661  
00:26:34,970 --> 00:26:33,659  
all this equipment was setting back up

662  
00:26:36,470 --> 00:26:34,980  
there and that plane was up there and

663  
00:26:39,529 --> 00:26:36,480

they were taking stuff out of the plane

664

00:26:41,750 --> 00:26:39,539

there was military ambulances and there

665

00:26:46,370 --> 00:26:41,760

was trucks with uh like uh

666

00:26:49,190 --> 00:26:46,380

Wreckers cranes on it and there was

667

00:26:51,169 --> 00:26:49,200

tankers like maybe had fuel or water in

668

00:26:53,330 --> 00:26:51,179

them there was just everywhere you

669

00:26:55,010 --> 00:26:53,340

looked there was military and a major

670

00:26:57,710 --> 00:26:55,020

recovery operation

671

00:26:59,810 --> 00:26:57,720

yeah it looked like an invasion force it

672

00:27:04,250 --> 00:26:59,820

really did and they were all wearing

673

00:27:05,870 --> 00:27:04,260

these these light light khaki uniforms

674

00:27:08,570 --> 00:27:05,880

they didn't look like you know Ollie

675

00:27:10,669 --> 00:27:08,580

dress they were like khaki and they all

676  
00:27:13,250 --> 00:27:10,679  
had the same patch over there that kind

677  
00:27:17,149 --> 00:27:13,260  
of blew funny patch with the the circles

678  
00:27:18,649 --> 00:27:17,159  
on it was was on her shoulder and a lot

679  
00:27:20,390 --> 00:27:18,659  
of any clue as to where they came from

680  
00:27:23,149 --> 00:27:20,400  
did your brother or your

681  
00:27:24,769 --> 00:27:23,159  
I I don't know where they came from

682  
00:27:27,230 --> 00:27:24,779  
no I don't think anybody ever

683  
00:27:30,409 --> 00:27:27,240  
ascertained that

684  
00:27:31,789 --> 00:27:30,419  
there were a lot of them had MP pack

685  
00:27:34,430 --> 00:27:31,799  
and some of them were wearing night

686  
00:27:36,350 --> 00:27:34,440  
sticks off of these uh webbed utility

687  
00:27:39,169 --> 00:27:36,360  
belts they had night sticks and they had

688  
00:27:41,990 --> 00:27:39,179

45s and holsters you know the automatic

689

00:27:43,490 --> 00:27:42,000

set in the full roaster and these were

690

00:27:45,110 --> 00:27:43,500

the people who were given most of the

691

00:27:46,909 --> 00:27:45,120

orders

692

00:27:48,409 --> 00:27:46,919

you had the road barricaded off out

693

00:27:49,610 --> 00:27:48,419

there and we sat there for a very long

694

00:27:51,289 --> 00:27:49,620

time and you know we were getting

695

00:27:52,610 --> 00:27:51,299

thirsty and everything and we asked you

696

00:27:54,590 --> 00:27:52,620

know if we could go back to horse

697

00:27:56,630 --> 00:27:54,600

Springs and get some water oh no no you

698

00:27:58,070 --> 00:27:56,640

can't go through there and right after

699

00:28:00,529 --> 00:27:58,080

that they said no you just turn around

700

00:28:02,990 --> 00:28:00,539

and you head out of here now and you go

701  
00:28:06,169 --> 00:28:03,000  
to Socorro and you and this is a redhead

702  
00:28:09,710 --> 00:28:06,179  
again keep your mouth shut just keep

703  
00:28:12,710 --> 00:28:09,720  
going and don't look back well and so we

704  
00:28:13,909 --> 00:28:12,720  
drove away on deadness and Hell we'll go

705  
00:28:15,350 --> 00:28:13,919  
to Magdalene we'll get a water in

706  
00:28:16,909 --> 00:28:15,360  
Magdalena you know because that's where

707  
00:28:18,169 --> 00:28:16,919  
John Trujillo that they're relative

708  
00:28:20,750 --> 00:28:18,179  
intent

709  
00:28:22,730 --> 00:28:20,760  
and uh

710  
00:28:24,710 --> 00:28:22,740  
so as we drove away I was looking out

711  
00:28:26,090 --> 00:28:24,720  
the back window and I could see Dr

712  
00:28:28,130 --> 00:28:26,100  
buskert

713  
00:28:30,350 --> 00:28:28,140

and these kids

714

00:28:33,710 --> 00:28:30,360

and that guy that got out of the pickup

715

00:28:34,909 --> 00:28:33,720

was standing there and this Dr Busker

716

00:28:37,610 --> 00:28:34,919

was

717

00:28:40,250 --> 00:28:37,620

doing just like this in this red-headed

718

00:28:43,610 --> 00:28:40,260

officer's face and he kept pointing back

719

00:28:45,590 --> 00:28:43,620

behind him and I guess that meant you

720

00:28:46,909 --> 00:28:45,600

know we got to go back that way and he

721

00:28:48,409 --> 00:28:46,919

was fed up with this guy or something

722

00:28:49,669 --> 00:28:48,419

and he was shaking his finger in his

723

00:28:50,450 --> 00:28:49,679

face while they were yelling at each

724

00:28:53,269 --> 00:28:50,460

other

725

00:28:54,710 --> 00:28:53,279

and that's pretty much the last I saw in

726

00:28:56,330 --> 00:28:54,720

the whole situation I don't know what

727

00:28:59,090 --> 00:28:56,340

happened after that because we just kept

728

00:29:01,430 --> 00:28:59,100

going to get home before dark

729

00:29:02,750 --> 00:29:01,440

oh yeah yeah it was before dark of

730

00:29:05,330 --> 00:29:02,760

course it was in the summertime so it

731

00:29:09,289 --> 00:29:05,340

didn't get dark until way late and we

732

00:29:11,750 --> 00:29:09,299

stopped in in Magdalena very briefly and

733

00:29:13,430 --> 00:29:11,760

you know and it's kept

734

00:29:16,010 --> 00:29:13,440

and uh

735

00:29:18,169 --> 00:29:16,020

the adults were really funny you know

736

00:29:20,570 --> 00:29:18,179

they were really scared

737

00:29:21,889 --> 00:29:20,580

I had very rarely you know well of

738

00:29:24,470 --> 00:29:21,899

course I didn't know him that well but

739

00:29:28,310 --> 00:29:24,480

over the years I knew that Ted was not

740

00:29:32,269 --> 00:29:30,350

ipline but he really knocked the fire

741

00:29:33,769 --> 00:29:32,279

out of the World Victory Victor will

742

00:29:35,510 --> 00:29:33,779

want to talk about what we just saw I

743

00:29:37,549 --> 00:29:35,520

just saw him take you a tongue shut up

744

00:29:38,630 --> 00:29:37,559

don't talk about it nobody's talking

745

00:29:40,190 --> 00:29:38,640

about this

746

00:29:42,529 --> 00:29:40,200

finally he just turned around and

747

00:29:45,230 --> 00:29:42,539

knocked the living hell out of uh Victor

748

00:29:48,169 --> 00:29:45,240

for his mouth off did Ted work

749

00:29:49,430 --> 00:29:48,179

at San Diego yes he did he was uh he did

750

00:29:52,310 --> 00:29:49,440

something out there in the technical

751  
00:29:59,090 --> 00:29:52,320  
area out of clearance yes

752  
00:30:03,889 --> 00:30:01,370  
he did he retired and dad had some very

753  
00:30:07,010 --> 00:30:03,899  
high clearances okay um

754  
00:30:11,810 --> 00:30:07,020  
when we got home

755  
00:30:14,210 --> 00:30:11,820  
mom was over at Uncle Ted's house and

756  
00:30:16,190 --> 00:30:14,220  
mom perceived instantly that something

757  
00:30:18,169 --> 00:30:16,200  
was wrong so what's wrong with Glenn

758  
00:30:20,149 --> 00:30:18,179  
Heisman

759  
00:30:22,549 --> 00:30:20,159  
they decided they'd tell him well when

760  
00:30:24,710 --> 00:30:22,559  
he did then of course Isabel oh my God

761  
00:30:27,350 --> 00:30:24,720  
you saw demons you saw the devil because

762  
00:30:30,110 --> 00:30:27,360  
Isabelle was Ted's wife

763  
00:30:33,769 --> 00:30:30,120

without the religious Catholic person

764

00:30:35,330 --> 00:30:33,779

who thinks anything that isn't uh

765

00:30:38,389 --> 00:30:35,340

Virgin Mary

766

00:30:43,190 --> 00:30:38,399

but Jesus is quote unquote demons and

767

00:30:46,669 --> 00:30:43,200

that's we saw and of course Ted you know

768

00:30:48,529 --> 00:30:46,679

put her on and we really never talked

769

00:30:50,690 --> 00:30:48,539

about it much in the family because of

770

00:30:53,950 --> 00:30:50,700

the reaction it got

771

00:30:56,570 --> 00:30:53,960

my dad was really afraid and so was Ted

772

00:30:57,950 --> 00:30:56,580

and Glenn especially because Glenn made

773

00:30:59,630 --> 00:30:57,960

the statement about when he first saw

774

00:31:02,750 --> 00:30:59,640

the military

775

00:31:04,250 --> 00:31:02,760

he told my father he said and Ted and

776  
00:31:06,529 --> 00:31:04,260  
everybody there don't let them some

777  
00:31:09,470 --> 00:31:06,539  
know I'm a marine don't let them

778  
00:31:12,889 --> 00:31:09,480  
know and of course nobody did and he was

779  
00:31:16,130 --> 00:31:12,899  
staying close so you know cat pair of

780  
00:31:17,870 --> 00:31:16,140  
blue jeans either wasn't staying close

781  
00:31:19,909 --> 00:31:17,880  
so you know he didn't look like military

782  
00:31:20,950 --> 00:31:19,919  
or I'm sure his ass has been in real

783  
00:31:24,529 --> 00:31:20,960  
trouble

784  
00:31:25,850 --> 00:31:24,539  
and they never checked they just assumed

785  
00:31:28,070 --> 00:31:25,860  
yeah I guess that we were did they ask

786  
00:31:31,430 --> 00:31:28,080  
your name oh yeah they took our names

787  
00:31:34,010 --> 00:31:31,440  
they got all that from my dad

788  
00:31:37,130 --> 00:31:34,020

and my brother just very

789

00:31:41,990 --> 00:31:37,140  
cursory would you know British hardly

790

00:31:45,889 --> 00:31:44,029  
the circumstances and of course they

791

00:31:48,049 --> 00:31:45,899  
never really asked me any questions at

792

00:31:52,610 --> 00:31:48,059  
all you were just a kid you know just a

793

00:31:55,730 --> 00:31:52,620  
kid and well you first went public with

794

00:31:58,610 --> 00:31:55,740  
this now let's first square away all the

795

00:32:00,529 --> 00:31:58,620  
other four that you were with who did

796

00:32:02,210 --> 00:32:00,539  
and it's been some time yeah my brother

797

00:32:05,930 --> 00:32:02,220  
died of a heart attack in Mexico City

798

00:32:09,769 --> 00:32:05,940  
and my dad died of a heart attack in 78

799

00:32:11,149 --> 00:32:09,779  
and uh Ted and Victor were killed and

800

00:32:14,029 --> 00:32:11,159  
Ronald mobile accident

801

00:32:16,310 --> 00:32:14,039

in the mid 60s and I assumed up to 65.

802

00:32:18,769 --> 00:32:16,320

right now there's a strange diary that's

803

00:32:21,590 --> 00:32:18,779

turned up how did that happen

804

00:32:25,610 --> 00:32:21,600

well when I went to my father's funeral

805

00:32:28,190 --> 00:32:25,620

in 1978 a lot of Dad's belongings for

806

00:32:30,049 --> 00:32:28,200

personal belongings were given to us you

807

00:32:32,090 --> 00:32:30,059

didn't live in the area oh no you've

808

00:32:34,250 --> 00:32:32,100

gone off to the military yeah I've been

809

00:32:35,930 --> 00:32:34,260

in the military and subsequently on the

810

00:32:39,230 --> 00:32:35,940

return to the military moved to Colorado

811

00:32:41,389 --> 00:32:39,240

immediately and uh your dad had

812

00:32:44,269 --> 00:32:41,399

remarried a couple of times and

813

00:32:45,529 --> 00:32:44,279

oh yeah this is uh so dad was on his

814

00:32:50,149 --> 00:32:45,539

third wife

815

00:32:51,350 --> 00:32:50,159

and uh he his personal belongings and

816

00:32:53,510 --> 00:32:51,360

stuff you know

817

00:32:55,190 --> 00:32:53,520

you know kind of give it to my brothers

818

00:32:57,529 --> 00:32:55,200

and myself and

819

00:33:09,289 --> 00:32:57,539

my cousin Valley Gene was there at the

820

00:33:14,570 --> 00:33:11,690

yes had this too and she handed me these

821

00:33:16,190 --> 00:33:14,580

photocopies and at first you know I

822

00:33:18,289 --> 00:33:16,200

thought well you know what is the stats

823

00:33:20,810 --> 00:33:18,299

there and she said no

824

00:33:22,970 --> 00:33:20,820

my dad's diary but you were there you

825

00:33:24,350 --> 00:33:22,980

need to have this and then it done what

826

00:33:25,970 --> 00:33:24,360

I was looking at

827

00:33:29,029 --> 00:33:25,980

I read a little bit

828

00:33:30,110 --> 00:33:29,039

and so I said yeah okay you know and I

829

00:33:31,630 --> 00:33:30,120

didn't want to talk about it at the

830

00:33:34,370 --> 00:33:31,640

funeral because

831

00:33:36,529 --> 00:33:34,380

Roz's side of the family God bless your

832

00:33:39,049 --> 00:33:36,539

dad's third and wife God bless her I

833

00:33:41,090 --> 00:33:39,059

loved her but they were very religious

834

00:33:44,389 --> 00:33:41,100

and they would have viewed this exactly

835

00:33:44,399 --> 00:33:50,630

I really didn't want to

836

00:33:55,490 --> 00:33:52,430

see

837

00:33:57,950 --> 00:33:55,500

the eyes were not quite you're active in

838

00:34:00,169 --> 00:33:57,960

religion now oh yes yes you're a deacon

839

00:34:01,730 --> 00:34:00,179

in the Episcopal church right

840

00:34:03,950 --> 00:34:01,740

okay that means you actively

841

00:34:07,549 --> 00:34:03,960

participated well yeah lay Eucharist

842

00:34:10,010 --> 00:34:07,559

administrator okay so I yes I actively

843

00:34:11,629 --> 00:34:10,020

participated I serve on the altar what

844

00:34:12,889 --> 00:34:11,639

do you do for a living man I'm a

845

00:34:14,930 --> 00:34:12,899

security officer in the state of

846

00:34:16,730 --> 00:34:14,940

Missouri and you've been doing police

847

00:34:19,070 --> 00:34:16,740

sort of work for several years oh yes

848

00:34:23,089 --> 00:34:21,349

and you also are going to college to be

849

00:34:24,589 --> 00:34:23,099

a nurse and you've already got a couple

850

00:34:26,210 --> 00:34:24,599

of associate degrees from Community

851  
00:34:28,070 --> 00:34:26,220  
College it's all right

852  
00:34:29,750 --> 00:34:28,080  
the one Associated science and one

853  
00:34:32,530 --> 00:34:29,760  
associated general studies and I'm

854  
00:34:35,690 --> 00:34:32,540  
working toward my Bachelor's of Nursing

855  
00:34:37,970 --> 00:34:35,700  
in roughly two years I will have my

856  
00:34:39,470 --> 00:34:37,980  
bachelor of nursing home now to be a

857  
00:34:41,149 --> 00:34:39,480  
security officer you have to be licensed

858  
00:34:43,010 --> 00:34:41,159  
by the state of Missouri yes you have to

859  
00:34:44,750 --> 00:34:43,020  
be a certified law enforcement officer

860  
00:34:47,089 --> 00:34:44,760  
which means that you have to have gone

861  
00:34:48,290 --> 00:34:47,099  
to the state of

862  
00:34:50,810 --> 00:34:48,300  
Connecticut Department of Public state

863  
00:34:55,190 --> 00:34:50,820

so that's not just a pickup thing oh no

864

00:34:55,200 --> 00:34:59,030

um and you have to

865

00:35:02,690 --> 00:35:00,950

to State under these conditions you have

866

00:35:04,070 --> 00:35:02,700

to not only be certified but you have to

867

00:35:05,990 --> 00:35:04,080

have prior law enforcement experience

868

00:35:07,370 --> 00:35:06,000

now when we get back to the diary for

869

00:35:08,630 --> 00:35:07,380

just a minute

870

00:35:10,370 --> 00:35:08,640

uh

871

00:35:13,370 --> 00:35:10,380

when you are hypnotized by John

872

00:35:15,650 --> 00:35:13,380

Carpenter a psychiatric social worker

873

00:35:17,569 --> 00:35:15,660

and he was asking you questions about

874

00:35:18,890 --> 00:35:17,579

the diary

875

00:35:20,210 --> 00:35:18,900

apparently

876

00:35:22,430 --> 00:35:20,220

you've been told that there were a

877

00:35:25,790 --> 00:35:22,440

number of copies of that around

878

00:35:28,609 --> 00:35:25,800

uh yeah something buried out maybe there

879

00:35:30,890 --> 00:35:28,619

too yeah as I understood well in fact in

880

00:35:32,930 --> 00:35:30,900

conversations with Valley Gene after the

881

00:35:34,790 --> 00:35:32,940

fact after I got

882

00:35:36,370 --> 00:35:34,800

involved in this thing through the

883

00:35:41,930 --> 00:35:36,380

Unsolved Mysteries thing

884

00:35:44,329 --> 00:35:41,940

uh I was told that that wasn't the only

885

00:35:47,810 --> 00:35:44,339

diary that what I had was a was a copy

886

00:35:49,550 --> 00:35:47,820

or it was a photocopy okay and uh that

887

00:35:52,910 --> 00:35:49,560

there were a lot of these copies around

888

00:35:53,930 --> 00:35:52,920

and apparently uncle Ted or someone had

889

00:35:56,089 --> 00:35:53,940

had

890

00:35:59,990 --> 00:35:56,099

put these out through different people

891

00:36:02,210 --> 00:36:00,000

in the family and friends and stuff uh

892

00:36:04,010 --> 00:36:02,220

for reasons I don't know to keep her

893

00:36:06,470 --> 00:36:04,020

from getting lost or something like that

894

00:36:07,870 --> 00:36:06,480

okay now when I asked you for the

895

00:36:10,730 --> 00:36:07,880

original

896

00:36:13,970 --> 00:36:10,740

you contacted

897

00:36:16,849 --> 00:36:13,980

who who yeah Valley Gene that was Valley

898

00:36:19,550 --> 00:36:16,859

Gene okay she was in a Convent right

899

00:36:21,829 --> 00:36:19,560

and she was reluctant to do anything you

900

00:36:23,089 --> 00:36:21,839

had to call a number of times that's

901  
00:36:26,270 --> 00:36:23,099  
correct and you talk to the bishop

902  
00:36:28,130 --> 00:36:26,280  
somebody times yeah I talked to a bishop

903  
00:36:31,130 --> 00:36:28,140  
and he convinced her to send the stuff

904  
00:36:32,930 --> 00:36:31,140  
to me yes apparently okay because I got

905  
00:36:34,670 --> 00:36:32,940  
it directly from Colorado

906  
00:36:36,050 --> 00:36:34,680  
with a cover letter that strongly

907  
00:36:37,670 --> 00:36:36,060  
indicated that she didn't want any more

908  
00:36:38,750 --> 00:36:37,680  
to do with this that was part of the

909  
00:36:40,730 --> 00:36:38,760  
agreement

910  
00:36:43,250 --> 00:36:40,740  
but that she considered this the work of

911  
00:36:46,609 --> 00:36:43,260  
the devil or words to that effect anyway

912  
00:36:51,170 --> 00:36:48,310  
okay

913  
00:36:53,450 --> 00:36:51,180

see all I ever had of this was the was

914

00:36:56,089 --> 00:36:53,460

the photographic copies that I had

915

00:36:58,550 --> 00:36:56,099

showed you originally and as I

916

00:37:00,349 --> 00:36:58,560

understand it you received I received

917

00:37:01,790 --> 00:37:00,359

the original from which those have been

918

00:37:03,290 --> 00:37:01,800

made they were partly burnt she

919

00:37:05,390 --> 00:37:03,300

mentioned she had intended to burn them

920

00:37:07,910 --> 00:37:05,400

but because of your persistence and with

921

00:37:10,310 --> 00:37:07,920

the agreement that I never contacted her

922

00:37:12,109 --> 00:37:10,320

she would send them to me and as you

923

00:37:14,150 --> 00:37:12,119

know when I had forensic analysis done

924

00:37:15,890 --> 00:37:14,160

it showed that the ink dated from the

925

00:37:19,190 --> 00:37:15,900

early 70s the paper could have been

926  
00:37:20,150 --> 00:37:19,200  
available in 47. so it was clearly not

927  
00:37:22,609 --> 00:37:20,160  
an original

928  
00:37:25,190 --> 00:37:22,619  
but it was also done before there was

929  
00:37:27,109 --> 00:37:25,200  
any publicity about this case anyway

930  
00:37:28,970 --> 00:37:27,119  
because I know I was the first one to

931  
00:37:30,290 --> 00:37:28,980  
get involved exactly

932  
00:37:31,130 --> 00:37:30,300  
now

933  
00:37:34,130 --> 00:37:31,140  
um

934  
00:37:37,370 --> 00:37:34,140  
as you know we have discovered

935  
00:37:39,109 --> 00:37:37,380  
not I but you had identa sketches done

936  
00:37:41,450 --> 00:37:39,119  
by a police artist

937  
00:37:44,810 --> 00:37:41,460  
of the various people involved in this

938  
00:37:46,730 --> 00:37:44,820

right and as you know there is a picture

939

00:37:48,410 --> 00:37:46,740

several pictures that seem to indicate

940

00:37:52,730 --> 00:37:48,420

that Dr Buskirk

941

00:37:55,069 --> 00:37:52,740

uh was Dr Winfred Buskirk who received

942

00:37:56,569 --> 00:37:55,079

his PhD at University of New Mexico

943

00:37:58,310 --> 00:37:56,579

and you would describe them as in his

944

00:38:00,890 --> 00:37:58,320

late 30s early 40s it turns out he was

945

00:38:02,750 --> 00:38:00,900

39 in 1940 and 47 he was bald and

946

00:38:05,690 --> 00:38:02,760

involved most of his life even up to

947

00:38:09,290 --> 00:38:05,700

then uh

948

00:38:11,450 --> 00:38:09,300

did was there other contact between you

949

00:38:13,849 --> 00:38:11,460

and he at that time as far as you knew

950

00:38:16,450 --> 00:38:13,859

your family and him or

951  
00:38:19,370 --> 00:38:16,460  
uh I don't know

952  
00:38:21,349 --> 00:38:19,380  
I don't not to my knowledge I don't

953  
00:38:23,450 --> 00:38:21,359  
believe my dad

954  
00:38:28,790 --> 00:38:23,460  
had ever contact him it's just a

955  
00:38:32,510 --> 00:38:31,250  
I think Valley Gene had alluded to the

956  
00:38:35,690 --> 00:38:32,520  
fact

957  
00:38:38,150 --> 00:38:35,700  
that Ted had been in contact with him

958  
00:38:40,849 --> 00:38:38,160  
and uh that they had corresponded in

959  
00:38:42,410 --> 00:38:40,859  
this kind of thing but as far as any

960  
00:38:44,030 --> 00:38:42,420  
personal knowledge

961  
00:38:46,010 --> 00:38:44,040  
okay now you didn't tell your story

962  
00:38:48,829 --> 00:38:46,020  
really until the Unsolved Mysteries

963  
00:38:50,750 --> 00:38:48,839

program was rerun in January of 1990.

964

00:38:53,530 --> 00:38:50,760

that's right that's when you contacted

965

00:38:55,550 --> 00:38:53,540

them got my address wrote me yeah

966

00:38:57,349 --> 00:38:55,560

we're a little upset that the program

967

00:38:58,970 --> 00:38:57,359

wasn't quite accurate well yeah that was

968

00:39:00,349 --> 00:38:58,980

the whole thing it started off as a

969

00:39:03,109 --> 00:39:00,359

flute to begin with because everything

970

00:39:06,349 --> 00:39:03,119

that I saw didn't didn't jive with what

971

00:39:07,790 --> 00:39:06,359

I had seen personally I guess I was kind

972

00:39:10,069 --> 00:39:07,800

of missed you know I hear all these

973

00:39:13,550 --> 00:39:10,079

years I had been

974

00:39:16,450 --> 00:39:13,560

primarily Forest you know by not only by

975

00:39:19,609 --> 00:39:16,460

others but by you know my own sense of

976  
00:39:22,370 --> 00:39:19,619  
survival to keep my mouth shut and wow

977  
00:39:26,630 --> 00:39:22,380  
here it is it's on TV and he got it

978  
00:39:28,849 --> 00:39:26,640  
wrong that's just impulsively call the

979  
00:39:31,970 --> 00:39:28,859  
number and told the lady wait a minute

980  
00:39:33,890 --> 00:39:31,980  
thing was wrong why do you know that sir

981  
00:39:36,950 --> 00:39:33,900  
and I said well because I was there

982  
00:39:38,930 --> 00:39:36,960  
that's why and boy I really apparently

983  
00:39:40,670 --> 00:39:38,940  
pulled somebody's strength

984  
00:39:42,050 --> 00:39:40,680  
yeah and the key thing that was wrong of

985  
00:39:43,550 --> 00:39:42,060  
course there were a few mistakes in an

986  
00:39:44,870 --> 00:39:43,560  
otherwise excellent program was that

987  
00:39:47,270 --> 00:39:44,880  
they had that

988  
00:39:50,270 --> 00:39:47,280

the Barney Barnett the civil engineer

989

00:39:52,430 --> 00:39:50,280

story over near Corona and you knew that

990

00:39:54,470 --> 00:39:52,440

it was over in the in the plains right

991

00:39:56,270 --> 00:39:54,480

there's a lot more well yeah and then

992

00:39:59,030 --> 00:39:56,280

the fact that the thing looked like a

993

00:40:00,230 --> 00:39:59,040

tent flat or a tent top hat and it

994

00:40:03,109 --> 00:40:00,240

didn't

995

00:40:05,750 --> 00:40:03,119

this shape and the Barney Barnett or

996

00:40:08,030 --> 00:40:05,760

whoever the guy in the truck was did not

997

00:40:11,390 --> 00:40:08,040

drive right up to it on a road it wasn't

998

00:40:13,670 --> 00:40:11,400

parked conveniently next to a a thorough

999

00:40:16,130 --> 00:40:13,680

Ferry you know and uh there was it was

1000

00:40:17,270 --> 00:40:16,140

just things like that I I don't know I

1001

00:40:19,069 --> 00:40:17,280

just

1002

00:40:20,329 --> 00:40:19,079

for some reason I thought well you know

1003

00:40:22,490 --> 00:40:20,339

gee

1004

00:40:25,250 --> 00:40:22,500

it's already public yeah it's stories

1005

00:40:26,690 --> 00:40:25,260

out and let's get it right you know of

1006

00:40:28,490 --> 00:40:26,700

course I didn't I don't think I realized

1007

00:40:32,050 --> 00:40:28,500

at the time you know how involved this

1008

00:40:34,790 --> 00:40:32,060

was going to be but what kind of reasons

1009

00:40:37,250 --> 00:40:34,800

now I got you together with John

1010

00:40:39,290 --> 00:40:37,260

Carpenter Patrick social worker and you

1011

00:40:44,089 --> 00:40:39,300

guys had several sessions and

1012

00:40:46,430 --> 00:40:44,099

then we flew out to the site uh

1013

00:40:48,170 --> 00:40:46,440

you're reasonably convinced now that the

1014

00:40:50,870 --> 00:40:48,180

second time around out there we did find

1015

00:40:54,530 --> 00:40:50,880

the exact location yeah the first time

1016

00:40:57,290 --> 00:40:54,540

in I you know it was like 43 years and

1017

00:40:58,910 --> 00:40:57,300

we're in a helicopter yeah I was in the

1018

00:41:01,130 --> 00:40:58,920

air this time and yeah last time I was

1019

00:41:03,170 --> 00:41:01,140

underground and so you know the

1020

00:41:05,870 --> 00:41:03,180

landmarks were a little confusing I was

1021

00:41:07,910 --> 00:41:05,880

positive I was in the right place but

1022

00:41:10,130 --> 00:41:07,920

until we actually got on the ground John

1023

00:41:13,810 --> 00:41:10,140

and I and retraced the route in there

1024

00:41:16,490 --> 00:41:13,820

that we had come in in the car uh I was

1025

00:41:18,530 --> 00:41:16,500

absolutely sure there was two ridgelines

1026  
00:41:21,109 --> 00:41:18,540  
there and I wasn't really sure of which

1027  
00:41:23,329 --> 00:41:21,119  
one it was and I had the feeling that

1028  
00:41:25,190 --> 00:41:23,339  
the first one that I had pointed out was

1029  
00:41:27,890 --> 00:41:25,200  
the correct one but once I went in on

1030  
00:41:29,870 --> 00:41:27,900  
the ground on foot with John I knew

1031  
00:41:32,569 --> 00:41:29,880  
instantly that it wasn't that one it was

1032  
00:41:34,190 --> 00:41:32,579  
the other one and I absolutely positive

1033  
00:41:36,109 --> 00:41:34,200  
that that's where I was at and asked a

1034  
00:41:37,730 --> 00:41:36,119  
question in my mind and you will recall

1035  
00:41:40,730 --> 00:41:37,740  
that you described the woman who sold

1036  
00:41:42,410 --> 00:41:40,740  
you the pop on the way in right and we

1037  
00:41:44,290 --> 00:41:42,420  
found the older woman there who said

1038  
00:41:47,510 --> 00:41:44,300

that was exactly what she looked like

1039

00:41:49,550 --> 00:41:47,520

I'll never forget that

1040

00:41:51,710 --> 00:41:49,560

like why it had it with the heat I'm

1041

00:41:54,770 --> 00:41:51,720

telling you back seat of that 40

1042

00:41:56,510 --> 00:41:54,780

Plymouth ah down those dirty old roads

1043

00:41:59,030 --> 00:41:56,520

and stuff

1044

00:42:00,890 --> 00:41:59,040

a mile after Mile and of course my dad

1045

00:42:03,650 --> 00:42:00,900

was one of these kind of people when he

1046

00:42:06,170 --> 00:42:03,660

got in a car it was point A to point B

1047

00:42:08,089 --> 00:42:06,180

non-stop I don't know why he just never

1048

00:42:11,630 --> 00:42:08,099

stopped to smell the roses were hauling

1049

00:42:14,210 --> 00:42:11,640

away and so you know I was pretty sad

1050

00:42:16,250 --> 00:42:14,220

shape and yeah I remember that lady

1051  
00:42:18,589 --> 00:42:16,260  
what kind of response have you had it

1052  
00:42:21,050 --> 00:42:18,599  
went public I mean John talked to a

1053  
00:42:23,089 --> 00:42:21,060  
newsman you both talked he called me in

1054  
00:42:24,589 --> 00:42:23,099  
the Springfield newspaper people paper

1055  
00:42:26,870 --> 00:42:24,599  
paper carried a very straight very large

1056  
00:42:28,910 --> 00:42:26,880  
article and that got spread around by

1057  
00:42:30,589 --> 00:42:28,920  
lots of people so suddenly you're a

1058  
00:42:32,870 --> 00:42:30,599  
celebrity if you will what kind of

1059  
00:42:35,349 --> 00:42:32,880  
reaction from the

1060  
00:42:39,470 --> 00:42:35,359  
on campus where you worked

1061  
00:42:42,050 --> 00:42:39,480  
very very few negativists there there's

1062  
00:42:43,849 --> 00:42:42,060  
the noisy negative

1063  
00:42:46,569 --> 00:42:43,859

we have those

1064

00:42:49,370 --> 00:42:46,579

but in general

1065

00:42:50,510 --> 00:42:49,380

99 of the people were incredibly

1066

00:42:55,010 --> 00:42:50,520

supported

1067

00:42:58,130 --> 00:42:55,020

uh only one professor at the University

1068

00:43:00,410 --> 00:42:58,140

was of the negatives type that was

1069

00:43:02,930 --> 00:43:00,420

everybody else just 100 percent

1070

00:43:05,569 --> 00:43:02,940

supporting the majority of these people

1071

00:43:08,690 --> 00:43:05,579

are absolutely convinced even without

1072

00:43:11,030 --> 00:43:08,700

this story that extraterrestrial life

1073

00:43:13,370 --> 00:43:11,040

forms exist and that the people are

1074

00:43:15,710 --> 00:43:13,380

flying around out there and moving

1075

00:43:18,410 --> 00:43:15,720

between systems and stuff and it was

1076

00:43:20,809 --> 00:43:18,420

just it's just an unbelievable amount of

1077

00:43:22,370 --> 00:43:20,819

support you didn't lose your job oh no

1078

00:43:25,250 --> 00:43:22,380

boss didn't give you a hard time

1079

00:43:28,250 --> 00:43:25,260

absolutely not in fact uh I think it's I

1080

00:43:31,430 --> 00:43:28,260

can I can publicly say that my boss is

1081

00:43:35,150 --> 00:43:31,440

extremely supportive because he is a

1082

00:43:36,710 --> 00:43:35,160

Avid ufologist himself he is fascinated

1083

00:43:38,390 --> 00:43:36,720

by the subject and

1084

00:43:40,490 --> 00:43:38,400

you won't have any problem convincing

1085

00:43:43,010 --> 00:43:40,500

him either and my boss has a master's

1086

00:43:45,410 --> 00:43:43,020

degree he's not someone that's untrained

1087

00:43:47,930 --> 00:43:45,420

Observer that's given to hallucination

1088

00:43:50,210 --> 00:43:47,940

most of the people who are the most

1089

00:43:52,970 --> 00:43:50,220

supportive of me are people who are very

1090

00:43:56,089 --> 00:43:52,980

high education is very very solid

1091

00:43:58,609 --> 00:43:56,099

education solid outstanding

1092

00:44:00,910 --> 00:43:58,619

not given to hallucination you went you

1093

00:44:03,170 --> 00:44:00,920

attended a UFO conference with John

1094

00:44:04,849 --> 00:44:03,180

Carpenter and he gave a paper I guess

1095

00:44:06,470 --> 00:44:04,859

and introduced you

1096

00:44:10,370 --> 00:44:06,480

and you've got a response from that

1097

00:44:11,809 --> 00:44:10,380

audience too yeah a 100 supportive uh

1098

00:44:14,089 --> 00:44:11,819

really

1099

00:44:15,109 --> 00:44:14,099

we're quite relieved and made very very

1100

00:44:16,670 --> 00:44:15,119

welcome

1101  
00:44:19,190 --> 00:44:16,680  
well you've been interviewed by a number

1102  
00:44:21,349 --> 00:44:19,200  
of other people Linda Howe working on a

1103  
00:44:23,390 --> 00:44:21,359  
documentary and so forth seems to have

1104  
00:44:26,990 --> 00:44:23,400  
brought the story now uh how much

1105  
00:44:30,650 --> 00:44:27,000  
contact did you have with Kevin Randall

1106  
00:44:33,230 --> 00:44:30,660  
a very brief telephone call

1107  
00:44:36,109 --> 00:44:33,240  
I came home from work one day and there

1108  
00:44:37,790 --> 00:44:36,119  
was a message on my answering machine

1109  
00:44:40,910 --> 00:44:37,800  
in Tennessee to be hard to get a hold of

1110  
00:44:45,890 --> 00:44:43,309  
he had left his number and of course I

1111  
00:44:48,410 --> 00:44:45,900  
had his address and I and yours and I

1112  
00:44:49,970 --> 00:44:48,420  
had sent cards to both of you and

1113  
00:44:51,050 --> 00:44:49,980

something to the effect if you want to

1114

00:44:54,290 --> 00:44:51,060

know what really happened out there

1115

00:44:55,790 --> 00:44:54,300

called me and uh he had called and I

1116

00:44:58,010 --> 00:44:55,800

wasn't there and he had left his number

1117

00:44:59,569 --> 00:44:58,020

so I returned his call

1118

00:45:01,609 --> 00:44:59,579

now

1119

00:45:03,589 --> 00:45:01,619

I talked to him

1120

00:45:05,210 --> 00:45:03,599

very briefly

1121

00:45:07,250 --> 00:45:05,220

uh

1122

00:45:09,770 --> 00:45:07,260

primarily because

1123

00:45:13,069 --> 00:45:09,780

I didn't like the man's attitude

1124

00:45:15,410 --> 00:45:13,079

I don't feel comfortable with people who

1125

00:45:18,530 --> 00:45:15,420

call other people liars and charlatans

1126  
00:45:20,270 --> 00:45:18,540  
and phonies and say that they rigged

1127  
00:45:21,890 --> 00:45:20,280  
their research to make it come out the

1128  
00:45:24,170 --> 00:45:21,900  
way they want and when someone starts

1129  
00:45:25,730 --> 00:45:24,180  
telling me this kind of thing then the

1130  
00:45:27,770 --> 00:45:25,740  
first thing I want to do is I want to

1131  
00:45:30,410 --> 00:45:27,780  
get away from them and this

1132  
00:45:32,150 --> 00:45:30,420  
did now I understand that this man

1133  
00:45:34,309 --> 00:45:32,160  
claims that I talked to him for two

1134  
00:45:36,650 --> 00:45:34,319  
hours and that he has a two-hour tape of

1135  
00:45:38,990 --> 00:45:36,660  
one contradiction after another and man

1136  
00:45:41,270 --> 00:45:39,000  
that's not quite true okay there's been

1137  
00:45:43,550 --> 00:45:41,280  
no other contact with no other contact I

1138  
00:45:44,569 --> 00:45:43,560

won't give the man at

1139

00:45:46,730 --> 00:45:44,579

it and

1140

00:45:48,710 --> 00:45:46,740

has any other investigator any of the

1141

00:45:51,050 --> 00:45:48,720

noisy negativists approach to direct no

1142

00:45:54,050 --> 00:45:51,060

not at all the only other investigator

1143

00:45:59,890 --> 00:45:54,060

is you yourself or Don Berliner and Bob

1144

00:46:06,530 --> 00:46:04,190

and you agree that on that first trip to

1145

00:46:09,230 --> 00:46:06,540

the plains it was you I Bob Bigelow and

1146

00:46:11,030 --> 00:46:09,240

a pilot in the helicopter yeah uh Joe

1147

00:46:13,069 --> 00:46:11,040

chatting the pilot was in the front seat

1148

00:46:14,630 --> 00:46:13,079

on the left side I was in the front seat

1149

00:46:19,190 --> 00:46:14,640

on her right side

1150

00:46:23,030 --> 00:46:21,050

no

1151  
00:46:24,710 --> 00:46:23,040  
you were directly behind the pilot on

1152  
00:46:27,349 --> 00:46:24,720  
the left side and Bob Bigler was

1153  
00:46:29,630 --> 00:46:27,359  
directly behind me on a passenger side

1154  
00:46:32,030 --> 00:46:29,640  
right and then we met up with eventually

1155  
00:46:33,589 --> 00:46:32,040  
with the Don Berliner Carpenter they

1156  
00:46:35,690 --> 00:46:33,599  
were in the next three days they drove

1157  
00:46:37,309 --> 00:46:35,700  
to dabble they drove the Jeeps and stuff

1158  
00:46:39,470 --> 00:46:37,319  
to dallow and were waiting for us to

1159  
00:46:40,430 --> 00:46:39,480  
dabble when we landed in the highway

1160  
00:46:42,829 --> 00:46:40,440  
Island

1161  
00:46:46,010 --> 00:46:42,839  
and as you recall where did we refuel

1162  
00:46:48,770 --> 00:46:46,020  
the helicopter uh springerdale Arizona

1163  
00:46:50,690 --> 00:46:48,780

because it's not Florida Arizona oh no

1164

00:46:52,970 --> 00:46:50,700

no it was just a matter of a few minutes

1165

00:46:55,370 --> 00:46:52,980

actually 25

1166

00:46:58,790 --> 00:46:55,380

minutes maybe at the max

1167

00:47:01,370 --> 00:46:58,800

uh west of where we were located

1168

00:47:02,990 --> 00:47:01,380

all right I think uh we may pick this up

1169

00:47:05,030 --> 00:47:03,000

another time but I think that'll do us

1170

00:47:06,290 --> 00:47:05,040

for now I really appreciate the time and
