FEATURING

BRYCE ZABEL

1
00:01:58,350 --> 00:00:43,129

[Music]

2
00:01:58,350 --> 00:02:05,320

you are one of the most trusted former intelligence
officials in the U.S defense and intelligence

3
00:02:05,320 --> 00:02:13,069

establishment yes I was you were trusted with
the most Intimate Secrets yes what conclusion

4
00:02:13,069 --> 00:02:19,530

did you come to at the end of your time on
the UAP task force the UAP task force was

5
00:02:19,530 --> 00:02:26,900

refuse access to a broad crash retrieval program
when you say crash retrieval what do you mean

6
00:02:26,900 --> 00:02:33,030

these are retrieving non-human origin technical
Vehicles you know call it spacecraft if you

7
00:02:33,030 --> 00:02:40,230

will non-human exotic origin vehicles that
have either landed or crashed we have spacecraft

8
00:02:40,230 --> 00:02:42,370

from another species we do yeah

9
00:02:42,370 --> 00:02:52,150

[Music] [Applause] [Music]

10
00:02:52,150 --> 00:02:55,409

[Music]

11
00:02:55,409 --> 00:03:01,930

thank you

12

00:03:01,930 --> 00:03:37,790

there's nothing to hack there's nothing to
hide at all foreign

13

00:03:37,790 --> 00:03:49,690

what's up guys Ryan Sprague here from somewhere
in the live stream uh sorry for the technical

14

00:03:49,690 --> 00:03:56,390

difficulties you got a little backstage preview
of me there during our theme music um so yeah

15

00:03:56,390 --> 00:04:01,460

um let me preface this with some stuff my
audio probably isn't amazing right now and

16

00:04:01,460 --> 00:04:07,629

I know that I am in central London right now
on assignment so I do not have my microphone

17

00:04:07,629 --> 00:04:13,750

or my good camera with me so I do apologize
in advance for the quality of my audio and

18

00:04:13,750 --> 00:04:20,859

visual but um we're gonna make do tonight
I I wasn't going to uh be doing anything UFO

19

00:04:20,859 --> 00:04:27,810

related this weekend as I'm traveling and
sort of on holiday uh but this story broke

20

00:04:27,810 --> 00:04:34,700

and we're a UFO podcast we have to cover it
so um first off I might not be completely

21

00:04:34,700 --> 00:04:41,740

up to date with all the developments in this
story however we do have one of the people

22
00:04:41,740 --> 00:04:46,560
involved with this joining us tonight in just
a little while you should be joining us around

23
00:04:46,560 --> 00:04:53,710
uh 4 30 p.m Eastern Standard Time to talk
all about this break it down with us his involvement

24
00:04:53,710 --> 00:05:00,720
with this how everything came to be and where
we're headed next with this entire David grush

25
00:05:00,720 --> 00:05:05,560
story so what I'm going to do first for those
of you who may not be too familiar with what

26
00:05:05,560 --> 00:05:10,820
is going on in the UFO world I don't know
how you couldn't be um this story broke on

27
00:05:10,820 --> 00:05:17,550
the debrief recently and then also over at
news Nation as well and um that was with Ross

28
00:05:17,550 --> 00:05:22,270
kulthart and we will be talking to Ross culthart's
co-host of the need to know podcast in just

29
00:05:22,270 --> 00:05:27,009
a little bit I'm just going to say it Bryce
zabel is here I'm so excited I'm so nervous

30
00:05:27,009 --> 00:05:30,430
we have more people watching live right now
than I think I've ever had on a live stream

31
00:05:30,430 --> 00:05:36,120
so um way to go with those technical difficulties
Ryan uh but if this is your first time being

32
00:05:36,120 --> 00:05:40,960
here thank you so much this is a live stream
we do every Sunday at somewhere in the skies

33
00:05:40,960 --> 00:05:45,710
um our Super Chat is open if you want to help
out the show it's a great way to support our

34
00:05:45,710 --> 00:05:50,350
Channel and the podcast and get your questions
and comments up here on the screen for our

35
00:05:50,350 --> 00:05:56,300
guests and for me if I can try to answer questions
I will um so that's awesome thank you to all

36
00:05:56,300 --> 00:06:01,291
our patreon subscribers our YouTube members
our Apple premium subscribers these are all

37
00:06:01,291 --> 00:06:07,520
great ways you can help out this summer in
the skies podcast and get rewards in return

38
00:06:07,520 --> 00:06:12,740
that includes Early Access to our episodes
bonus episodes and stuff like that so enough

39
00:06:12,740 --> 00:06:17,560
of the Shameless plugs let's get to this big
story um there's so many comments coming in

40
00:06:17,560 --> 00:06:22,919
guys so I will try I will try to get to some
of these tonight I promise best way is the

41
00:06:22,919 --> 00:06:27,390
Super Chat as I see we already have one here
from one of our regulars and that is James

42
00:06:27,390 --> 00:06:33,319
Craig thank you James any news about your
Calvin field trip uh developing I'll talk

43
00:06:33,319 --> 00:06:38,820
about that at the end of the show tonight
um really exciting impromptu journey to Calvin

44
00:06:38,820 --> 00:06:44,900
in Scotland where the famous 1990 calvine
UFO photograph was taken I had the amazing

45
00:06:44,900 --> 00:06:51,199
opportunity to travel up there with uh James
Fox the documentary filmmaker um very last

46
00:06:51,199 --> 00:06:55,720
minute thing it was awesome so uh yeah I'll
talk about that later um but we're here to

47
00:06:55,720 --> 00:07:00,620
talk about the story everyone is here to hear
about and that is this whistleblower that

48
00:07:00,620 --> 00:07:05,720
came out Dave Crush recently so let me go
ahead and I've got a little clip from the

49
00:07:05,720 --> 00:07:12,419
now Infamous news Nation uh segment that uh
Dave gross did with Ross goldthard so we're

50
00:07:12,419 --> 00:07:17,530
gonna play that and then I'm gonna break down
you know kind of the the essentials of the

51
00:07:17,530 --> 00:07:22,819
story and we're gonna go from there and invite
Bryce abelin when he gets here so um yeah

52

00:07:22,819 --> 00:07:28,490

let me go ahead and play that clip for you
guys and I will see you on the other side

53

00:07:28,490 --> 00:07:36,180

for that one of the most trusted former intelligence
officials in the U.S defense and intelligence

54

00:07:36,180 --> 00:07:43,930

establishment yes I was you were trusted with
the most Intimate Secrets yes what conclusion

55

00:07:43,930 --> 00:07:50,069

did you come to at the end of your time on
the UAP task course uh the UAP task force

56

00:07:50,069 --> 00:07:56,539

was refuse access to a broad crash retrieval
program when you say crash retrieval what

57

00:07:56,539 --> 00:08:03,099

do you mean these are retrieving non-human
origin technical Vehicles you know call it

58

00:08:03,099 --> 00:08:09,240

spacecraft if you will non-human exotic origin
vehicles that have either landed or crashed

59

00:08:09,240 --> 00:08:17,639

we have spacecraft from another species we
do yeah how many quite a number you're kidding

60

00:08:17,639 --> 00:08:23,879

no I thought it was totally nuts and I thought
at first I was being deceived it was a ruse

61

00:08:23,879 --> 00:08:29,159

people started confiding in me they approached
me I have plenty of current former senior

62
00:08:29,159 --> 00:08:34,460
Intelligence Officers that came to me many
which I knew almost my whole career that confided

63
00:08:34,460 --> 00:08:40,950
to me they were a part of a program they named
the program I've never heard of it and they

64
00:08:40,950 --> 00:08:46,300
they told me based on the oral testimony and
they provided me documents and other other

65
00:08:46,300 --> 00:08:53,150
proof that there was in fact a program that
the UAP task force was not read into do we

66
00:08:53,150 --> 00:09:00,410
have bodies do we have species both well naturally
when you recover something that's either landed

67
00:09:00,410 --> 00:09:08,240
or crashed um sometimes you encounter dead
pilots and believe it or not as fan as Fantastical

68
00:09:08,240 --> 00:09:16,940
as that sounds it's true

69
00:09:16,940 --> 00:09:22,430
all right guys so what do you make what do
you make of these claims um let's kind of

70
00:09:22,430 --> 00:09:28,740
start from the beginning I guess so this story
broke on the debrief uh and we should mention

71
00:09:28,740 --> 00:09:36,800
this this story was written by the authors
of the original 2017 New York Times article

72

00:09:36,800 --> 00:09:46,870

Ralph Blumenthal and Leslie Kane um let me pull this out here and let's get our Infamous

73

00:09:46,870 --> 00:09:51,740

slides show up that we have here every week not Infamous it's famous what am I talking

74

00:09:51,740 --> 00:10:02,040

about um intelligence officials say U.S in possession of craft of unknown Origins so

75

00:10:02,040 --> 00:10:09,410

let me go through the quick breakdown here a summary David Charles grush a veteran and

76

00:10:09,410 --> 00:10:16,160

former member of the National geospatial Intelligence Agency and National reconnaissance office

77

00:10:16,160 --> 00:10:21,690

has blown the whistle in an official Complaint to the Inspector General claiming that the

78

00:10:21,690 --> 00:10:29,420

U.S has retrieved programs to collect non-human origin uh technical vehicles that have either

79

00:10:29,420 --> 00:10:36,350

landed or crashed during his time on the UAP task force gresh says he was refused access

80

00:10:36,350 --> 00:10:42,990

to a materials recovery program that included physical evidence of crafts he's prepared

81

00:10:42,990 --> 00:10:48,800

many briefs on UFOs for congress but last year decided to provide hours of classified

82

00:10:48,800 --> 00:10:55,660

information and data about the material recovery
program Crush claims the material recovery

83

00:10:55,660 --> 00:11:02,350

program was shielded from proper Congressional
oversight according to the complaint in July

84

00:11:02,350 --> 00:11:08,740

2021 grush confidentially provided classified
information to the Department of Defense Inspector

85

00:11:08,740 --> 00:11:15,790

General about the withheld information but
Crush believes his identity was disclosed

86

00:11:15,790 --> 00:11:22,670

now crush is filling filing a whistleblower
complaint alleging that he suffered retaliation

87

00:11:22,670 --> 00:11:28,500

for disclosing the confidential information
the intelligence Community Inspector General

88

00:11:28,500 --> 00:11:36,339

found Mr grush his complaint to be credible
and Urgent in July 2022 and a summary was

89

00:11:36,339 --> 00:11:42,339

given to the Director of National Intelligence
Senate select committee on intelligence and

90

00:11:42,339 --> 00:11:49,290

the house permanent select committee on intelligence
so there's a lot to break down there guys

91

00:11:49,290 --> 00:11:55,959

um what do you think let's go to the chat
first um because we're gonna have Bryce kind

92

00:11:55,959 --> 00:12:01,430

of break this down when he gets here um how
again how it all came to be and all that but

93

00:12:01,430 --> 00:12:10,800

uh very divisive right now um probably the
key thing being that grush did not actually

94

00:12:10,800 --> 00:12:18,950

touch these craft he did not see these craft
allegedly um he was told these things by highly

95

00:12:18,950 --> 00:12:24,870

credible people who worked Within These programs
um so that is probably one of the biggest

96

00:12:24,870 --> 00:12:31,779

things working against this case right now
uh there's no you know direct evidence any

97

00:12:31,779 --> 00:12:39,170

of these documents he handed over to Congress
uh to the Inspector General uh are classified

98

00:12:39,170 --> 00:12:44,149

things we will probably never see some things
that I'm sure even Congress members were not

99

00:12:44,149 --> 00:12:50,290

able to see uh so so yeah that that's kind
of where we're at right now we have this one

100

00:12:50,290 --> 00:12:57,199

man and a few people very high I must mention
uh sort of vouching for him that this is real

101

00:12:57,199 --> 00:13:01,810

these crash retrieval programs are hitting
deep within you know private sectors or black

102

00:13:01,810 --> 00:13:08,570

budget programs and um and there is no oversight
for that sort of stuff um however there is

103

00:13:08,570 --> 00:13:14,290

documentation and testimony that Rush was
given um that he puts a lot of validity in

104

00:13:14,290 --> 00:13:21,070

and thought that it was time to tell the American
public about this so um yeah yeah very very

105

00:13:21,070 --> 00:13:27,329

interesting let's go up to the chat I did
scroll past another Super Chat here that I

106

00:13:27,329 --> 00:13:31,780

did not want to forget thank you so much to
Bobby mcdude for the 499 Super Chat really

107

00:13:31,780 --> 00:13:40,670

do appreciate that uh Neil says that dude
will go missing next week I hope not I I really

108

00:13:40,670 --> 00:13:47,160

hope not man the story is just beginning so
I really hope that's not the case um we also

109

00:13:47,160 --> 00:13:52,790

had another Super Chat that I think I missed
here from the Bigfoot Society disclosure time

110

00:13:52,790 --> 00:13:57,880

bigfoot Society is on board thank you buddy
really do appreciate you being here please

111

00:13:57,880 --> 00:14:03,230

guys check out the Bigfoot Society podcast
if you haven't already Cryptids or the special

112

00:14:03,230 --> 00:14:08,570
place in my heart especially Nessie living
in Scotland but um always love me some Bigfoot

113
00:14:08,570 --> 00:14:14,709
as well so thanks man um let's see here

114
00:14:14,709 --> 00:14:21,930
James says there are crash retrieval programs
what they are for foreign aircraft um that

115
00:14:21,930 --> 00:14:25,750
is something I'm going to bring up later James
because I think there's some validity to what

116
00:14:25,750 --> 00:14:30,949
you're saying there in terms of what some
of these crash retrieval programs might be

117
00:14:30,949 --> 00:14:36,470
and that we may have possibly already have
heard of some of them um but clearly not all

118
00:14:36,470 --> 00:14:43,769
of them so so yeah um let's see Jeffrey says
Joe Rogan has already said he wants him on

119
00:14:43,769 --> 00:14:48,949
there you go Joe gets all the guests so hey
if we can get them on there you know Joe will

120
00:14:48,949 --> 00:14:54,101
Grill him like he did Bob Lazar um so we'll
see we'll see what happens with that

121
00:14:54,101 --> 00:15:01,870
Bobby mcdew says his lawyers were handling
a harassment Case by DOD against him apparently

122
00:15:01,870 --> 00:15:06,100

they finished that part of his case and cut
ties I guess his lawyers don't want to be

123

00:15:06,100 --> 00:15:10,970

close to this we will bring that up I do want
to get Bryce's thoughts on that as well because

124

00:15:10,970 --> 00:15:18,769

another story broke in in the debrief um that
yeah the lawyers representing grush um like

125

00:15:18,769 --> 00:15:24,829

the next day said um that they were done they
were done with him um but there's there's

126

00:15:24,829 --> 00:15:31,740

more to that uh basically they said and I'm
kind of just you know Cliff note version right

127

00:15:31,740 --> 00:15:37,839

here is uh they were successful they were
his legal team to get him up to the point

128

00:15:37,839 --> 00:15:43,579

of uh going through the Whistleblower legislation
that was put into law recently to go through

129

00:15:43,579 --> 00:15:49,779

that properly legally and to uh get this article
published and out to the public and make sure

130

00:15:49,779 --> 00:15:55,389

he wasn't breaking any security Oaths or you
know his doctor security Oaths as well that

131

00:15:55,389 --> 00:16:01,810

were um that were done we'll talk about that
with Bryce as well um and yeah yeah so uh

132

00:16:01,810 --> 00:16:05,709

people are very divisive about this whole attorney thing and then you know cutting ties

133

00:16:05,709 --> 00:16:09,810

with him some say that was their job they're done they were successful now he's on his

134

00:16:09,810 --> 00:16:15,160

own um and others say oh this is a sign that they're already jumping ship on all this um

135

00:16:15,160 --> 00:16:21,579

primarily because and I'm sure any attorneys in the chat if there are any could tell us

136

00:16:21,579 --> 00:16:29,620

you know um because you're representing someone it does not mean that the firm quote unquote

137

00:16:29,620 --> 00:16:36,500

um you know lives and dies by the information being brought forward it is their job to get

138

00:16:36,500 --> 00:16:43,230

this process going legally and in the best interest of their client um so they wanted

139

00:16:43,230 --> 00:16:48,500

to make it very clear which may not have been so clear in perhaps the debrief article or

140

00:16:48,500 --> 00:16:55,161

the follow-up by news Nation um that uh they did they do not necessarily agree with the

141

00:16:55,161 --> 00:17:01,290

information kind of like you see you know on documentaries and and podcasts and stuff

142

00:17:01,290 --> 00:17:06,839

where they say like we do not um necessarily
you know promote the information you're about

143

00:17:06,839 --> 00:17:12,770

to see um we're just presenting it so it's
kind of like that um yeah that's my very uh

144

00:17:12,770 --> 00:17:18,600

ignorant way of of saying all that but I think
that's kind of what they're dealing with but

145

00:17:18,600 --> 00:17:24,480

we're getting ahead of ourselves we will definitely
get to that um what I want to do before Bryce

146

00:17:24,480 --> 00:17:30,260

comes in here guys is um I want to cover a
couple clips now after this article came out

147

00:17:30,260 --> 00:17:35,990

by Leslie Kane and and Ralph Blumenthal again
the authors of the now famous 2017 New York

148

00:17:35,990 --> 00:17:44,419

Times article um they went on with our uh
mutual friend and colleague Chrissy Newton

149

00:17:44,419 --> 00:17:48,940

went on her show rebelliously Curious over
at the debrief and talked about you know how

150

00:17:48,940 --> 00:17:54,270

the article came to be and and you know getting
it out there and what that process was like

151

00:17:54,270 --> 00:17:59,270

and she has some really good questions that
I think clarified a lot for us and um two

152

00:17:59,270 --> 00:18:07,110

of those questions that I really wanted to touch on here was um she asked them about

153

00:18:07,110 --> 00:18:14,789

uh why the article did not go to the Washington Post where you know for gosh months and months

154

00:18:14,789 --> 00:18:20,180

now we were told it was going to wapo or New York Times or even Politico and then it came

155

00:18:20,180 --> 00:18:25,500

out in the debrief and a lot of people were like oh God like it couldn't even get to Washington

156

00:18:25,500 --> 00:18:30,970

Post or anything like that like clearly there there's nothing to this however they do clarify

157

00:18:30,970 --> 00:18:36,190

that in this clip so I'm gonna play that for you and this clip also includes them talking

158

00:18:36,190 --> 00:18:42,280

about um you saw in the news Nation segment that grush did say there are bodies that bodies

159

00:18:42,280 --> 00:18:47,380

have been recovered of non-human entities that possibly piloted some of these craft

160

00:18:47,380 --> 00:18:54,390

that have been retrieved um Leslie and Ralph uh had their own honest answer for that as

161

00:18:54,390 --> 00:18:59,190

well so I'm gonna go ahead and play this clip for you guys uh from the rebelliously Curious

162

00:18:59,190 --> 00:19:05,450

podcast with Chrissy Newton with her guests
Leslie cleaning Leslie Kane and Ralph Blumenthal

163

00:19:05,450 --> 00:19:10,620

and we'll talk a little about that on the
other side

164

00:19:10,620 --> 00:19:15,070

about mainstream media not picking this up
yet like slowly picking it up but in the beginning

165

00:19:15,070 --> 00:19:20,539

when you were looking to see that story and
outside of the debrief and we appreciate that

166

00:19:20,539 --> 00:19:25,710

it obviously obviously came to us but we know
the Washington Post didn't pass on this so

167

00:19:25,710 --> 00:19:30,669

let's clarify that but let's talk about you
know why you felt the pressure that you needed

168

00:19:30,669 --> 00:19:34,250

to put it out right away because we see that
tons of people are asking that question and

169

00:19:34,250 --> 00:19:39,140

try to clarify and and not make a conspiracy
theory that you know you were pressured to

170

00:19:39,140 --> 00:19:45,060

do this but instead why did you feel the pressure
individually not by other people to release

171

00:19:45,060 --> 00:19:49,760

this so fast I don't think we can reveal all
the reasons I mean it has to do with a lot

172

00:19:49,760 --> 00:19:54,380

of placement of various media that's going to be coming after and so on but the main

173

00:19:54,380 --> 00:20:00,450

reason was because there were leaks that were developing even his Dave's name came out one

174

00:20:00,450 --> 00:20:03,950

of the other people in our character in our I think it was actually in an interview you

175

00:20:03,950 --> 00:20:07,170

did with Danny Sheehan actually and there were other I mean there were just leaks that

176

00:20:07,170 --> 00:20:10,900

were building and building and building and our our source Dave grocery starting to get

177

00:20:10,900 --> 00:20:15,390

nervous he was starting to get strange phone calls there were you know people were making

178

00:20:15,390 --> 00:20:21,140

weird comments about FBI raids and it was just like the tension was just building for

179

00:20:21,140 --> 00:20:27,150

him you know he'd been waiting for so long that um it just got to a point where we were

180

00:20:27,150 --> 00:20:31,860

the leaking process was we were worried about that somebody might go out and try to do a

181

00:20:31,860 --> 00:20:37,230

story about him that presented him in a negative light for instance or lie about him in the

182

00:20:37,230 --> 00:20:41,920

media I mean people do all kinds of horrible things so he just felt this urgency at a certain

183

00:20:41,920 --> 00:20:46,590

point we just had to get it out and and that's what he wanted as well and you may want to

184

00:20:46,590 --> 00:20:54,380

add to that Ralph I don't know this is well grounded because one of his complaints officially

185

00:20:54,380 --> 00:20:59,140

was that he was retaliated against illegally Under The Whistleblower statute he is not

186

00:20:59,140 --> 00:21:03,280

supposed to have been retaliated against for information he gave through proper channels

187

00:21:03,280 --> 00:21:11,090

but he was he suffered um retaliation details of which we did not go into for his protection

188

00:21:11,090 --> 00:21:16,650

in the story but um so that was another fact that you know as a journalist we know that

189

00:21:16,650 --> 00:21:22,400

the best way to protect a source once he or she gives you you know important information

190

00:21:22,400 --> 00:21:26,960

is is to put that information out there get it on the record because until that happens

191

00:21:26,960 --> 00:21:33,100

the source is really vulnerable to all kinds of pressure and and as Leslie said he was

192

00:21:33,100 --> 00:21:38,990

receiving all kinds of you know threats and
and other things and um we needed to get his

193

00:21:38,990 --> 00:21:44,419

information out there so uh we lost the option
and the internet yeah as you know can be a

194

00:21:44,419 --> 00:21:49,480

Savage place there's a lot of people it's
unpoliced we know that it's good that it's

195

00:21:49,480 --> 00:21:54,520

open to all these different voices it's a
great strength of the internet anyone can

196

00:21:54,520 --> 00:21:59,000

you know be a journalist anyone can publish
anything that's great but of course it's not

197

00:21:59,000 --> 00:22:05,029

always verified and we have been the victim
victims ourselves in previous reporting of

198

00:22:05,029 --> 00:22:09,850

stuff that came out on the internet that undercut
us that embarrassed us that you know look

199

00:22:09,850 --> 00:22:18,039

to preempt us um people have different motives
uh you know Rivals colleagues so it was getting

200

00:22:18,039 --> 00:22:23,490

really untenable we we had to get this information
out and we could not wait for the processes

201

00:22:23,490 --> 00:22:28,720

of some other organizations which were proper
in their you know that's their protocols but

202

00:22:28,720 --> 00:22:36,230

we had a move ahead to protect uh as you know
Dave and uh um that was a really huge Factor

203

00:22:36,230 --> 00:22:44,549

he's making claims of uh non-human craft and
bodies potentially unknown uh pilot bodies

204

00:22:44,549 --> 00:22:51,850

he said those are some extreme claims with
no evidence to date can you speak to then

205

00:22:51,850 --> 00:22:56,610

you know how you came to sourcing that information
from him and then also potentially what it's

206

00:22:56,610 --> 00:23:00,400

going to look like in the future if other
documents will be released because I know

207

00:23:00,400 --> 00:23:06,520

he did give you a few but are any photos or
anything else going to come forward hopefully

208

00:23:06,520 --> 00:23:11,230

and potentially in you know in the coming
weeks or months or maybe years I mean just

209

00:23:11,230 --> 00:23:16,030

to start right off we want to stay away from
bodies I assume you agree Ralph because that's

210

00:23:16,030 --> 00:23:19,750

not something we talked to him about that's
nothing not something we would ever put in

211

00:23:19,750 --> 00:23:24,670

our story um and so if he wants to make that
leap with somebody else which is what he's

212

00:23:24,670 --> 00:23:30,270

done that's I'm not going to be able to comment
on that and I you know it's just not part

213

00:23:30,270 --> 00:23:34,909

of our story I mean our focus on our story
is on the physical craft and that's what he

214

00:23:34,909 --> 00:23:40,940

talked to us about and obviously there can
never be documents released that are specifically

215

00:23:40,940 --> 00:23:45,779

about a specific craft or specific studies
done on a craft that reveal anything about

216

00:23:45,779 --> 00:23:51,660

locations or pictures absolutely not because
they're all classified we know all that data

217

00:23:51,660 --> 00:23:57,930

exists and that's the kind of information
he provided to Congress and to the icig the

218

00:23:57,930 --> 00:24:03,299

inspector the inspector you know the Inspector
General for the intelligence Community um

219

00:24:03,299 --> 00:24:07,600

and under oath by the way he talked to them
so that information is available but not to

220

00:24:07,600 --> 00:24:12,919

us folks who don't have security clearances
will it ever come out we hope it will and

221

00:24:12,919 --> 00:24:17,960

maybe Congress will gradually authorize the
release of some of those documents or whoever

222

00:24:17,960 --> 00:24:23,740

is in charge of them will authorize that but
at this point they're all very very closely

223

00:24:23,740 --> 00:24:29,210

held and highly protected through these who
want to add that the amazing thing is that

224

00:24:29,210 --> 00:24:35,210

we got so much um that we could put into the
article that was not classified and you know

225

00:24:35,210 --> 00:24:42,320

we got Dave's statements um uh approval he
got them approved by the pentagon's office

226

00:24:42,320 --> 00:24:47,720

of you know pre-publication you know release
uh to clear this information with us not they

227

00:24:47,720 --> 00:24:50,760

weren't saying that it was true or not they
were just saying it's okay for you to say

228

00:24:50,760 --> 00:24:57,690

this it's not covered by any you know secrecy
uh restrictions um but we got everything uh

229

00:24:57,690 --> 00:25:04,559

that we put in that story um on the record
and not classified and that's what we regard

230

00:25:04,559 --> 00:25:09,130

as as our real breakthrough that we could
get this stuff out there without breaking

231

00:25:09,130 --> 00:25:17,270

any laws um and through the uh you know restrictions
on classification which are onerous and protect

232

00:25:17,270 --> 00:25:22,090

all this material we I mean so much of this stuff is classified and we don't know about

233

00:25:22,090 --> 00:25:29,110

it but we got a lot of it on the record and usable

234

00:25:29,110 --> 00:25:34,929

on the record and usable um man if we could only see that stuff Ralph if we could only

235

00:25:34,929 --> 00:25:40,510

see that stuff um what do you guys think what do you think um you know again the argument

236

00:25:40,510 --> 00:25:44,290

is that Washington Post had this and then you know things are leaked and they had to

237

00:25:44,290 --> 00:25:48,760

get it out they decided to go with the debrief um there was pressure coming from uh grush

238

00:25:48,760 --> 00:25:55,710

himself to get it out uh because he was getting threats and whatnot um crazy crazy stuff um

239

00:25:55,710 --> 00:26:01,260

I'm gonna go to the chat in just a moment here with you guys um let me see here let's

240

00:26:01,260 --> 00:26:09,230

get our I'm gonna go through this a little bit too um because I I find this pretty interesting

241

00:26:09,230 --> 00:26:15,080

uh but let's go to the chat first so let me pull this up here a lot of people the chat

242

00:26:15,080 --> 00:26:19,980

are asking about the news Nation interview
Ross culthart it will be doing tonight um

243

00:26:19,980 --> 00:26:25,010

we'll have Bryce answer that when he comes
on um because he will have much more specifics

244

00:26:25,010 --> 00:26:32,640

on how you can stream that watch that um and
we will go through that with him um very very

245

00:26:32,640 --> 00:26:36,789

soon I actually think I see him popping up
in the green room so we'll give him a little

246

00:26:36,789 --> 00:26:41,240

moment to get ready and we'll get with you
guys oh he gave me the thumbs up let's do

247

00:26:41,240 --> 00:26:47,520

this guys let's bring in the one and only
Bryce Sable welcome to Somewhere In Disguise

248

00:26:47,520 --> 00:26:51,870

my friend hey it's good to be here you know
it's funny um I'm sure this has happened to

249

00:26:51,870 --> 00:26:57,870

you but I was just about to sign in and in
a flurry of organization I pulled my mic over

250

00:26:57,870 --> 00:27:03,610

here and knocked the entire bottle of water
on myself and the keyboard in my mouse I've

251

00:27:03,610 --> 00:27:09,539

done that so many times oh my god well first
of all I don't even have a microphone so I

252

00:27:09,539 --> 00:27:15,779

want to apologize to you as well I'm in London
right now traveling without my gear um so

253

00:27:15,779 --> 00:27:20,340

I know I don't sound as good as I usually
do I apologize to the chat already but we

254

00:27:20,340 --> 00:27:25,850

will make do much you know you sound actually
great and you know I have that with uh Ross

255

00:27:25,850 --> 00:27:32,159

Colt art my uh need to know co-host was in
uh Paris France uh last week and we had to

256

00:27:32,159 --> 00:27:36,730

do a show and he didn't have his mic but I
couldn't really tell I mean mics are pretty

257

00:27:36,730 --> 00:27:41,230

great and if you're close to them in your
laptop not a problem not a problem at all

258

00:27:41,230 --> 00:27:46,769

man yeah I know well hey let's not waste any
time I know you've got a busy schedule today

259

00:27:46,769 --> 00:27:52,380

um let's let's let's talk first about this
is one of the biggest questions in the chat

260

00:27:52,380 --> 00:27:57,341

right now when and where can people watch
the news Nation interview tonight do you have

261

00:27:57,341 --> 00:28:04,250

that information I do to the best that I can
provide it um I know that uh it isn't like

262

00:28:04,250 --> 00:28:08,470

you know if you said CNN or fox or Ms people
would know how to get it a lot of people aren't

263

00:28:08,470 --> 00:28:13,820
even aware that news Nation as a news organization
even exists but they do uh and they have a

264

00:28:13,820 --> 00:28:20,490
lot of big names on it um but not everybody
either has it or know how how to get it if

265

00:28:20,490 --> 00:28:25,420
you have cable slash satellite you should
look there first it's probably there and in

266

00:28:25,420 --> 00:28:30,510
fact if you're curious about you know how
to find out if you have it where you are and

267

00:28:30,510 --> 00:28:39,280
you know your ZIP code then you just go to
join.in.com so let me spell that out j-o-i-n

268

00:28:39,280 --> 00:28:47,279
nn.com so just to be absolutely clear because
I got confused that is three ends in a row

269

00:28:47,279 --> 00:28:55,899
j-o-i-n-n-n.com and you go there you put your
um uh ZIP code in it'll tell you where your

270

00:28:55,899 --> 00:29:00,230
service provider is for that now you may say
well I don't have that what am I supposed

271

00:29:00,230 --> 00:29:08,280
to do okay well you can get the app you can
I possibly sign up for a a trial I'm not quite

272

00:29:08,280 --> 00:29:13,620

sure how that works but there is an app news
Nation not Newsmax people keep getting that

273

00:29:13,620 --> 00:29:20,700

confused too it is not Newsmax it is news
nation and they have an app you can get that

274

00:29:20,700 --> 00:29:26,190

also they have a pretty uh effective YouTube
situation at least here in the United States

275

00:29:26,190 --> 00:29:32,050

uh I appeared with uh Chris Como uh a couple
of days ago about five days ago and it was

276

00:29:32,050 --> 00:29:37,600

up in 20 minutes so if they're still on their
game like they were then then tonight whether

277

00:29:37,600 --> 00:29:43,210

you got to see this thing live or not uh at
least in the United States will show up now

278

00:29:43,210 --> 00:29:48,830

we get to the sixty four thousand dollar question
uh which I don't know the answer to what if

279

00:29:48,830 --> 00:29:52,390

you live someplace else you don't live in
the United States how do you act actually

280

00:29:52,390 --> 00:29:59,909

do that I don't know I have spent some time
on it I'm not sure and I just felt like uh

281

00:29:59,909 --> 00:30:03,510

it was better for me to try to get prepared
to be on the air with these people about this

282

00:30:03,510 --> 00:30:09,100

topic than to try to track that down so you've got fair warning though because again here's

283

00:30:09,100 --> 00:30:14,120

what's coming up on the schedule Ryan that I think people might care about um and I'm

284

00:30:14,120 --> 00:30:21,500

going to give you um Pacific Coast times so that would be four o'clock there's some pre-show

285

00:30:21,500 --> 00:30:28,029

stuff five o'clock more pre-show panels and stuff six o'clock is Ross Colt Art's one hour

286

00:30:28,029 --> 00:30:34,029

uh special where he interviews uh Dave Dave crush and then at seven o'clock and again

287

00:30:34,029 --> 00:30:39,230

these are all Pacific time at seven o'clock there will be a one-hour sort of post show

288

00:30:39,230 --> 00:30:44,210

kind of thing so that you know if you if you can figure out how to get on then you're gonna

289

00:30:44,210 --> 00:30:49,890

see a lot of us talk about the the grush situation so that's the best I know at this time I know

290

00:30:49,890 --> 00:30:55,370

it's not a perfect answer for everybody I wish it was I wish I knew better but I don't

291

00:30:55,370 --> 00:31:00,360

no we appreciate it it's a lot more clarity than I think we had we'll figure it out guys

292

00:31:00,360 --> 00:31:05,429

once I get off the live stream here I'll I'll
uh I'll start looking for ways for people

293

00:31:05,429 --> 00:31:10,730

here in Europe to stream that but um now press
will you'll be taking part in any of these

294

00:31:10,730 --> 00:31:16,940

these pre and Pro Show they I I supposedly
uh you know these things get pretty crazy

295

00:31:16,940 --> 00:31:22,370

at the last minute people are bumped and things
happen whatever so yes as I understand it

296

00:31:22,370 --> 00:31:26,309

there's a four o'clock and a five o'clock
panel I'm going to be on one of those and

297

00:31:26,309 --> 00:31:31,960

then after the show uh when there is the uh
there's a a whole hour devoted to sort of

298

00:31:31,960 --> 00:31:36,429

the post show if you will there's at least
one panel I'm on after that so yeah I will

299

00:31:36,429 --> 00:31:40,600

be part of it as I understand it although
it's interesting things happen Ryan I just

300

00:31:40,600 --> 00:31:49,100

have to tell you the other day um I was asked
to be on the Laura Ingram angle okay on Fox

301

00:31:49,100 --> 00:31:53,769

and uh you know normally when people called
ask you to be on TV these days it's sort of

302

00:31:53,769 --> 00:31:58,210

like what you and I are doing you know you
just you put your stream yard Link in or whatever

303

00:31:58,210 --> 00:32:03,809

it is and you're Off to the Races but fox
said okay listen we're sending a car for you

304

00:32:03,809 --> 00:32:07,690

so and by the way they called me while I was
in the movie with my wife and daughter in

305

00:32:07,690 --> 00:32:11,350

the middle of the movie I had to go we're
we have to race out to catch a car so I went

306

00:32:11,350 --> 00:32:16,940

and caught this car I'm being driven down
the 405 freeway to the to make this Laura

307

00:32:16,940 --> 00:32:24,880

Ingram uh interview and Trump gets indicted
so you can only imagine the hula blue going

308

00:32:24,880 --> 00:32:31,090

on at Fox uh with Trump under indictment so
I was in the open block and suddenly I'm in

309

00:32:31,090 --> 00:32:36,429

the 745 block and then it became 750 and I
kept thinking why don't you guys just send

310

00:32:36,429 --> 00:32:41,200

me home you know that you know you don't want
to talk about that as it turns out I got on

311

00:32:41,200 --> 00:32:44,919

at the very end for about two and a half three
minutes it wasn't much and it wasn't at the

312

00:32:44,919 --> 00:32:50,090

beginning but it was so interesting to be
literally at Fox when that went down that

313

00:32:50,090 --> 00:32:55,780

was pretty interesting all hands on deck hey
that's news for you baby well I do want to

314

00:32:55,780 --> 00:33:00,690

let people know you did a wonderful interview
with um Cuomo that I actually I'll probably

315

00:33:00,690 --> 00:33:05,490

Play a clip later on in this live stream once
you've left us Bryce um it was a fantastic

316

00:33:05,490 --> 00:33:09,840

interview uh you clarified a lot for people
out there who may not be familiar with this

317

00:33:09,840 --> 00:33:15,270

developing story um so people in the chat
please check that out if you haven't we'll

318

00:33:15,270 --> 00:33:20,350

preview it later on um but I want to kind
of backtrack Bryce why we have you here um

319

00:33:20,350 --> 00:33:27,690

no this story broke and I think a lot of people
are curious to know uh how did this all come

320

00:33:27,690 --> 00:33:32,529

to be let's kind of go back to the origins
of the crush the grush era I guess we should

321

00:33:32,529 --> 00:33:37,640

call it now um this breaks in the debrief
it breaks on news Nation as well um almost

322

00:33:37,640 --> 00:33:43,950

simultaneously um so I'd love to know how
did you and Ross get involved with this entire

323

00:33:43,950 --> 00:33:49,630

Affair um I guess how if you know how the
debrief got involved at all and how this all

324

00:33:49,630 --> 00:33:55,250

came to be if you don't mind no absolutely
well it is it there has been confusion about

325

00:33:55,250 --> 00:33:59,139

it I don't think I'll clear it all up but
I I'll give it a shot by the way you call

326

00:33:59,139 --> 00:34:03,340

it grush era well you know after I wrote A.D
after disclosure with Dolan I now have to

327

00:34:03,340 --> 00:34:10,649

call it A.G after grush of course but um okay
so I've been uh Ross goldthart's partner on

328

00:34:10,649 --> 00:34:17,970

need to know I guess something like 16 months
now maybe 18 months and I have been talking

329

00:34:17,970 --> 00:34:24,399

to Ross about whistleblowers that he's been
talking to for the better part of that time

330

00:34:24,399 --> 00:34:31,990

not usually by name that's a a preference
that we both have uh for for good reasons

331

00:34:31,990 --> 00:34:38,560

and uh a while ago and I'm not going to put
a Time on it uh for again various reasons

332

00:34:38,560 --> 00:34:43,170

but then it became obvious that we were talking about Dave crush and I learned a little bit

333

00:34:43,170 --> 00:34:50,210

more about that and then it became clear that who crush was and what he wanted to do and

334

00:34:50,210 --> 00:34:55,639

what as I understand it he wanted to do is he wanted it to break in print first and then

335

00:34:55,639 --> 00:35:01,660

Ross would break the first um interview the first on-camera interview which is now what's

336

00:35:01,660 --> 00:35:08,099

happening tonight it is that exclusive interview on news Nation that's going forward so what

337

00:35:08,099 --> 00:35:12,450

originally As I understood it and again I want you to understand although I'm an active

338

00:35:12,450 --> 00:35:18,260

participant by being Ross goldthart's partner I am not the reporter of record and I don't

339

00:35:18,260 --> 00:35:25,450

know every fact about everything either but I do know some and um originally As I understood

340

00:35:25,450 --> 00:35:30,470

it um New York Times was not interested in doing it even though it had Leslie Kane and

341

00:35:30,470 --> 00:35:37,290

Ralph Blumenthal attached and I don't know the reasons why they specifically were not

342

00:35:37,290 --> 00:35:41,760

interested there's a thousand Reasons they could have had so then it went to the Washington

343

00:35:41,760 --> 00:35:47,480

Post and the Washington Post again I don't have my calendar in front of me but my impression

344

00:35:47,480 --> 00:35:52,640

is it was about two weeks maybe more that they had it but everybody was saying okay

345

00:35:52,640 --> 00:35:58,990

the Washington Post is going to publish then a couple days later or whatever Ross's interview

346

00:35:58,990 --> 00:36:05,070

with grush will come out but then Washington Post took their own sweet time and ultimately

347

00:36:05,070 --> 00:36:10,520

said yeah we're not going to do it and as I understand it from from various sources

348

00:36:10,520 --> 00:36:15,290

of my own uh there's two ways to look at that you could say well they passed but then I

349

00:36:15,290 --> 00:36:19,369

don't think that's what Leslie and Ralph think I think they think the Washington Post uh

350

00:36:19,369 --> 00:36:25,280

wanted more time to to make sure that they had done their due diligence on all the names

351

00:36:25,280 --> 00:36:30,349

Etc that were in there so you know congratulations to them for the the journalistic part of that

352

00:36:30,349 --> 00:36:35,530

so now you've got New York Times not doing
it Washington Post not doing it I heard briefly

353

00:36:35,530 --> 00:36:44,099

it went to the hill and they felt like they
also uh weren't prepared to do it in the timeline

354

00:36:44,099 --> 00:36:52,010

that people were pushing for and then it uh
after the hill it went to Politico and Politico

355

00:36:52,010 --> 00:36:59,540

uh as I understand it their take was uh we
we want more time we want to run it past our

356

00:36:59,540 --> 00:37:08,270

own people those people may in indeed be writing
on top of or with uh Kane and Blumenthal and

357

00:37:08,270 --> 00:37:14,099

that fell apart all right so at that point
they went to the debrief and I love the debrief

358

00:37:14,099 --> 00:37:18,780

guys I mean they're all friends of mine I'm
I'm terrifically happy they got it and they

359

00:37:18,780 --> 00:37:25,310

were able to I guess call a war room over
the weekend and vet the sources uh and and

360

00:37:25,310 --> 00:37:31,430

get it out there which is interesting to me
because I'm just guessing here but I bet the

361

00:37:31,430 --> 00:37:37,170

the debrief has fewer reporters on staff than
the Washington Post or New York Times or even

362

00:37:37,170 --> 00:37:43,660

the hill or Politico but they managed to do it and then that sort of triggered the slow

363

00:37:43,660 --> 00:37:48,130

roll out of this interview that people are have seen already clips of but we'll see a

364

00:37:48,130 --> 00:37:54,930

longer more extended version tonight and um I I'm sure you have other questions about

365

00:37:54,930 --> 00:37:59,420

that but that's that that's the way I recall it going down from my point of view sitting

366

00:37:59,420 --> 00:38:05,290

here in my office reading texts and messages and that kind of thing yeah no I'm glad you

367

00:38:05,290 --> 00:38:09,940

clarified that for us it kind of gives us some context as to why this came out when

368

00:38:09,940 --> 00:38:15,660

it did um why it was you know passed up by certain outlets and not and yes I can attest

369

00:38:15,660 --> 00:38:20,180

um you know uh Chrissy Newton is my co-host here at somewhere in the skies from time to

370

00:38:20,180 --> 00:38:25,839

time and she runs the pr over at the debrief and she said it was just all hands on deck

371

00:38:25,839 --> 00:38:34,450

um and they I will say this they did some extremely good sourcing in vetting in a very

372

00:38:34,450 --> 00:38:38,569

short amount of time so kudos to everyone over there yeah and I just thought of one

373

00:38:38,569 --> 00:38:42,589

fact I'd throw out there for you because I think people are trying to string this all

374

00:38:42,589 --> 00:38:48,690

together what I do know a lot about is the recording of the interview with Crush all

375

00:38:48,690 --> 00:38:56,070

right and that occurred um on two days it happened on May 8th and May 9th of of this

376

00:38:56,070 --> 00:39:03,180

year obviously um the big interview of course is the news Nation interview that occurred

377

00:39:03,180 --> 00:39:08,931

on May 9th was recorded in North Hollywood and it was quite an affair I have to say they

378

00:39:08,931 --> 00:39:15,680

took it very seriously it was a sort of a warehouse turn studio in North Hollywood they

379

00:39:15,680 --> 00:39:20,349

had by my Reckoning at something like five cameras the lighting crew took a couple hours

380

00:39:20,349 --> 00:39:26,080

to light it perfectly and there were I think seven or so people there that were running

381

00:39:26,080 --> 00:39:30,069

it and it was a lovely set I mean when you people have seen those clips and you'll see

382

00:39:30,069 --> 00:39:35,841

even more today it was the Great well thought
out location uh because I felt I think that

383

00:39:35,841 --> 00:39:39,490

they thought well we're doing this for the
historical record let's get it right and they

384

00:39:39,490 --> 00:39:45,650

did a great job of it now here's where it
gets a little confusing the day before and

385

00:39:45,650 --> 00:39:51,540

I was there by the way I was there for that
news Nation recording I wasn't I didn't have

386

00:39:51,540 --> 00:39:57,140

my anything to do with it other than did I
just lose you guys uh no okay so I didn't

387

00:39:57,140 --> 00:40:02,839

have anything to do frankly with um the the
journalism of the day I mean Ross had that

388

00:40:02,839 --> 00:40:08,180

handled six ways to Sunday he's a brilliant
investigative reporter and frankly he has

389

00:40:08,180 --> 00:40:12,960

a wonderful interviewer so I hope people can
really appreciate that when they see um this

390

00:40:12,960 --> 00:40:21,230

more of it cut all together they'll realize
how how terrific he is but um there was concern

391

00:40:21,230 --> 00:40:27,970

that uh things could go wrong that Dave brush
might potentially decide he he changed his

392

00:40:27,970 --> 00:40:33,950

mind maybe he didn't want to do it or there
you know you got to be a little paranoid given

393

00:40:33,950 --> 00:40:38,890

the topic uh the thought was well maybe we'll
show up where we're supposed to and there'll

394

00:40:38,890 --> 00:40:43,040

be federal agents there saying it's matter
National Security you can't record anything

395

00:40:43,040 --> 00:40:48,530

we didn't know so what happened is the day
before which was May 8th we recorded what

396

00:40:48,530 --> 00:40:55,000

I refer to as a safety interview with um with
grush and by safety I just mean uh it was

397

00:40:55,000 --> 00:41:00,010

important to Ross and myself that we at least
get this guy on the record so that if anything

398

00:41:00,010 --> 00:41:05,720

bad did happen the next day there'd still
be a record of what he said so we recorded

399

00:41:05,720 --> 00:41:13,339

um an interview on May 8th um you know here
in the Los Angeles area at a private house

400

00:41:13,339 --> 00:41:19,849

okay so now there are these two there's the
May 8th and the May 9th the May 8th one um

401

00:41:19,849 --> 00:41:24,710

is not the one of record really it was just
like I said a safety copy they're very overlapping

402

00:41:24,710 --> 00:41:30,170

they're almost the same thing and in fact
even within both of them you know the camera

403

00:41:30,170 --> 00:41:35,280

was rolling a very long time but it doesn't
mean that everything uh on you know during

404

00:41:35,280 --> 00:41:42,230

that role was a vital importance so anyway
May 8th uh the safety interview May 9th the

405

00:41:42,230 --> 00:41:49,760

news Nation interview um and and that was
done several weeks uh before it was published

406

00:41:49,760 --> 00:41:57,410

by the debrief wow okay interesting so I mean
he still even had time to not go forward with

407

00:41:57,410 --> 00:42:02,800

some of this if he wanted to First well you
know it's it's I think that's interesting

408

00:42:02,800 --> 00:42:07,040

that you say that Ryan yeah I mean I've I
thought about that what would have happened

409

00:42:07,040 --> 00:42:13,200

once you had the tape uh yeah right once he's
done the interview and he says you know guys

410

00:42:13,200 --> 00:42:18,099

I've thought about it I'm I'm concerned or
whatever whatever reasons he might have and

411

00:42:18,099 --> 00:42:23,670

he says I don't want you to use it well I
I can't speak for news Nation but I'm pretty

412

00:42:23,670 --> 00:42:28,900

sure that they would have said tough luck
yeah man I mean I'm signing your your name

413

00:42:28,900 --> 00:42:35,480

on there and I'm kind of aging and what what
would we have done if news Nation had bailed

414

00:42:35,480 --> 00:42:41,210

out or the um or the feds had showed up and
we had our safety interview what would we

415

00:42:41,210 --> 00:42:47,020

have done with that I yeah I don't know I'm
not sure I mean these are alternative history

416

00:42:47,020 --> 00:42:52,510

stories and you know I'm kind of a alternative
but I I would have to sit down for a few days

417

00:42:52,510 --> 00:42:56,990

and think about that one as to what really
would have happened I'm not entirely certain

418

00:42:56,990 --> 00:43:03,099

right there's an ethics class for you oh sure
oh yeah um well let's while you're here Bryce

419

00:43:03,099 --> 00:43:11,200

yeah what were your key takeaways from this
entire thing I mean there were some big claims

420

00:43:11,200 --> 00:43:16,849

made you we can't deny that even people in
the UFO field are like Whoa man like this

421

00:43:16,849 --> 00:43:22,130

is this is what we've always wanted I mean
it's crazy this is what we've dreamed of this

422

00:43:22,130 --> 00:43:27,180

is what you know a lot of us envisioned and now it's happening and now everyone's kind

423

00:43:27,180 --> 00:43:35,510

of it's dizzying to hear such big claims coming from such a credible individual we can't there's

424

00:43:35,510 --> 00:43:40,780

no up from down left from right so I guess from your perspective on this entire story

425

00:43:40,780 --> 00:43:45,230

you've met with the man you've shook his hand you've listened to him for a gosh seven plus

426

00:43:45,230 --> 00:43:50,970

hours with this testimony um what are your key takeaways and what should we really focus

427

00:43:50,970 --> 00:43:55,790

on with this developing story it's a great question I spent actually a couple of days

428

00:43:55,790 --> 00:44:02,490

with them May 8th and May 9th had lunch and things like that very personable person um

429

00:44:02,490 --> 00:44:10,420

I liked him as a person I thought he struck me as a patriotic individual I didn't I didn't

430

00:44:10,420 --> 00:44:14,620

get a you know I've been a journalist my life I've talked to thousands and thousands of

431

00:44:14,620 --> 00:44:19,030

people and I've been lied to by experts as I like to say I didn't think he was lying

432

00:44:19,030 --> 00:44:25,751

about anything I mean he you know just from demeanor I would have said yes and um I agree

433

00:44:25,751 --> 00:44:30,490

I had been hearing the Rumbblings of what he was about to say for a while and I found them

434

00:44:30,490 --> 00:44:36,339

exceptional and shocking um not that I'd never heard of certain things before I mean listen

435

00:44:36,339 --> 00:44:41,520

everyone who's listening to your your podcast right now has heard of Crash retrievals crash

436

00:44:41,520 --> 00:44:48,450

wreckage intact craft uh reverse engineering possible body recovery and we've all heard

437

00:44:48,450 --> 00:44:55,410

these stories right but they actually jump from governmental interest saying yeah look

438

00:44:55,410 --> 00:45:00,329

there's uh some things in the sky that we don't really know what they are to crash wreckage

439

00:45:00,329 --> 00:45:07,350

and bodies that's that's as you point out that's a whole different world so what what

440

00:45:07,350 --> 00:45:13,940

I I while there are a lot of intricacies in it and I'm going to let the special that news

441

00:45:13,940 --> 00:45:18,309

nation and Ross have put together speak for itself so I'm not commenting on that I think

442

00:45:18,309 --> 00:45:23,840

even everyone who's been following the story
right now if they've read the uh the debrief

443

00:45:23,840 --> 00:45:29,530

coverage and seen some of the clips you know
that basically crush is saying that this has

444

00:45:29,530 --> 00:45:35,349

been going on for a long long time minimum
of 80 years and possibly 10 longer than that

445

00:45:35,349 --> 00:45:43,230

more on that later um we know that he's talking
about there have been crashes and recovery

446

00:45:43,230 --> 00:45:50,319

but also that intact craft have been recovered
and and clearly that a reverse engineering

447

00:45:50,319 --> 00:45:56,980

program has been going on and um much of it
is directed not by the government by but by

448

00:45:56,980 --> 00:46:03,560

um you know private companies in Aerospace
primarily and also there are bodies now he

449

00:46:03,560 --> 00:46:10,829

hasn't been very uh detailed about that but
he doesn't mince words in terms of stating

450

00:46:10,829 --> 00:46:15,020

that they they have found them and they have
them and uh something that sticks out with

451

00:46:15,020 --> 00:46:20,750

me you know he you've seen the clips by now
where he said that there have been um crashes

452

00:46:20,750 --> 00:46:25,900

and I believe Ross says um how many and and
I think he says more than a few or something

453

00:46:25,900 --> 00:46:33,599

like that my sense was and I hope I'm quoting
him from what he said on camera as opposed

454

00:46:33,599 --> 00:46:40,350

to some other way that I heard it but I think
he said uh double double digits yeah for the

455

00:46:40,350 --> 00:46:46,640

number so yeah you know that's the essence
of of what I know but again I will say this

456

00:46:46,640 --> 00:46:52,770

I don't believe him because he's a nice guy
I don't believe him because he tells a good

457

00:46:52,770 --> 00:46:59,660

story uh I lean toward believing what he is
saying specifically because of two things

458

00:46:59,660 --> 00:47:07,610

um the uh Inspector General for the intelligence
Community met with him over his uh whistleblower

459

00:47:07,610 --> 00:47:12,480

complaint he's the first guy ever to file
one under the new legislation and they called

460

00:47:12,480 --> 00:47:18,329

what he stated urgent and credible so the
the matter is urgent and he's credible and

461

00:47:18,329 --> 00:47:25,650

his his sources are credible and they forwarded
that along with as I understand it some of

462

00:47:25,650 --> 00:47:28,930

the evidence that people are saying well why didn't he why doesn't he have this evidence

463

00:47:28,930 --> 00:47:33,099

well because Ryan they wouldn't let you and me walk out of the Pentagon with a piece of

464

00:47:33,099 --> 00:47:38,900

a spacecraft or a photo of an alien any more than they're going to let him do it it's classified

465

00:47:38,900 --> 00:47:45,960

right but he was able to talk to the house intelligence committee the Senate intelligence

466

00:47:45,960 --> 00:47:53,119

committee as I understand it for over 11 hours of testimony and tell them about these details

467

00:47:53,119 --> 00:48:02,980

and the details are locations dates uh names you know those kind of associated details

468

00:48:02,980 --> 00:48:08,780

that are pretty powerful and uh you know let's face it uh that's what makes Incredible now

469

00:48:08,780 --> 00:48:15,650

uh yeah it would be great if he said and here's my picture of an alien we call Frodo and we

470

00:48:15,650 --> 00:48:20,410

keep him in Maryland and I mean that would be lovely that's not going to happen because

471

00:48:20,410 --> 00:48:25,390

it's not your job or my job or ability to do that right now but I'll tell you who could

472

00:48:25,390 --> 00:48:31,460

do it and it's the the Senate and House you
know they they can direct these investigations

473

00:48:31,460 --> 00:48:37,690

and let's not also forget the Inspector General
for the intelligence Community is as we speak

474

00:48:37,690 --> 00:48:42,079

conducting its own independent investigation
and I think Dave grush would probably tell

475

00:48:42,079 --> 00:48:46,849

you if he was on your show right now that's
all he'd hoped for right you know he knows

476

00:48:46,849 --> 00:48:53,140

it's a sensational story uh he knows it in
his mind to be true and I think he would be

477

00:48:53,140 --> 00:48:58,799

saying to people you know let the games begin
you know let let this system work the way

478

00:48:58,799 --> 00:49:04,630

it's supposed to let people check me out let
people check out what I say uh let the Senate

479

00:49:04,630 --> 00:49:09,960

and the house go after these names and dates
and locations and you know turn over these

480

00:49:09,960 --> 00:49:16,490

rocks and find out what's underneath so that's
my take on Dave Crush awesome well and you

481

00:49:16,490 --> 00:49:21,740

know you bring up so many good points that
he wants people to challenge this story I

482

00:49:21,740 --> 00:49:27,060

mean I know Ross has even said you know he wants people to poke holes in this he wants

483

00:49:27,060 --> 00:49:32,630

people to investigate and people are you know there's many in the UFO Community specifically

484

00:49:32,630 --> 00:49:40,079

who are immediately skeptical of this I I understand the skepticism I do um but I and

485

00:49:40,079 --> 00:49:46,240

I had some of those initial knee-jerk reactions come on um but the more I looked into it the

486

00:49:46,240 --> 00:49:54,550

more I saw how the process evolved and how it was done as carefully as it was done um

487

00:49:54,550 --> 00:49:59,210

there's a lot riding on this I mean like you mentioned this guy swore this stuff under

488

00:49:59,210 --> 00:50:05,160

oath yes I mean there are ramifications for this right that's Ryan you just filled in

489

00:50:05,160 --> 00:50:11,250

the part that I forgot that is exactly true my friend the guy told these stories not just

490

00:50:11,250 --> 00:50:17,710

to Ross coltard or to Leslie Kane and Ralph blooming or to me you know he told these stories

491

00:50:17,710 --> 00:50:24,140

under oath to the to the Inspector General of the intelligence community and to the House

492

00:50:24,140 --> 00:50:31,610

and Senate uh intelligence committee so if
you lie under oath to those people they wouldn't

493

00:50:31,610 --> 00:50:36,880

have a problem you know tossing you into a
jail cell someplace and throwing away the

494

00:50:36,880 --> 00:50:45,250

key that would not be a problem so Dave grush
absolutely knows the risk that he has taken

495

00:50:45,250 --> 00:50:49,990

by doing this and um I might I wouldn't the
only thing I would take issue with I don't

496

00:50:49,990 --> 00:50:54,520

think he thinks he's asking people to poke
holes into it he's saying look I've done my

497

00:50:54,520 --> 00:50:59,240

due diligence you do yours you don't believe
me entirely go look into it but I don't think

498

00:50:59,240 --> 00:51:07,110

Dave thinks he said anything that he can't
back up he seems like a man who I don't know

499

00:51:07,110 --> 00:51:14,400

uh the way it struck me is just a man of essential
Integrity who got to the point in his career

500

00:51:14,400 --> 00:51:21,440

in life where it was clear from his point
of view that this should not be hidden from

501

00:51:21,440 --> 00:51:27,520

anybody in the world the actual confirmation
um and so he's done something about it and

502

00:51:27,520 --> 00:51:33,079

I I do think that is an essential distinction
here what grush seems to be arguing is I sort

503

00:51:33,079 --> 00:51:38,230
of break down what he said and what he said
to me is listen on one level we cannot we

504

00:51:38,230 --> 00:51:45,079
should not be denying confirmation of a reality
okay the essential reality of our universe

505

00:51:45,079 --> 00:51:50,349
should not be denied that should be confirmed
when it comes to the details which is what

506

00:51:50,349 --> 00:51:58,660
disclosure gets into Then There are rules
and um you know it doesn't undermine uh our

507

00:51:58,660 --> 00:52:03,880
ability to reverse engineer something to Simply
confirm that there are other life forms out

508

00:52:03,880 --> 00:52:09,270
there besides us and I think that's what crush
is most uh all about saying um that's the

509

00:52:09,270 --> 00:52:15,290
information he has and uh the the people of
the United States the people of the world

510

00:52:15,290 --> 00:52:20,869
uh all need to take this seriously and look
into it and if they find out that what he's

511

00:52:20,869 --> 00:52:29,619
saying is the truth then they will know what
to do and they'll start doing it absolutely

512

00:52:29,619 --> 00:52:36,329

ask this question sure because I know it's
on a lot of people's minds sure is it possible

513

00:52:36,329 --> 00:52:43,570

in your opinion and with your insights that
this could all be disinformation that that

514

00:52:43,570 --> 00:52:49,460

brush is being played that this is just yet
another extreme version of Something Richard

515

00:52:49,460 --> 00:52:56,420

Doty or someone like that would do um or are
we just too deep in for something you know

516

00:52:56,420 --> 00:53:05,839

I don't think so but let me spot you the premise
for a moment um to be played it's easy for

517

00:53:05,839 --> 00:53:11,720

one person to play you right but this man's
talked to many many people right are they

518

00:53:11,720 --> 00:53:19,200

all playing him is it some vast conspiracy
to play Dave grush to tell us this for what

519

00:53:19,200 --> 00:53:27,150

reason would that take place I'm not sure
um but it doesn't seem likely to me um and

520

00:53:27,150 --> 00:53:33,250

there's just no part of that for me that Rings
true having met the guy and talked to him

521

00:53:33,250 --> 00:53:40,329

um I I suppose it is possible that somebody
is showing him documents that were fabricated

522

00:53:40,329 --> 00:53:46,780

I guess that's possible um but he is a very very bright guy and and I I I think what he

523

00:53:46,780 --> 00:53:53,109

did is he read a lot of documents he he talked to a lot of people he cross-referenced he

524

00:53:53,109 --> 00:53:59,490

he's very thoughtful I don't think he was being played uh but I but again it's not wrong

525

00:53:59,490 --> 00:54:04,940

to ask the question Ryan given given all the people in the UFO business who have been played

526

00:54:04,940 --> 00:54:09,920

over time because remember if this goes back 80 years or even 90 years then there's been

527

00:54:09,920 --> 00:54:19,430

a lot of time and a lot of money spent that is unaccounted for right so um it's possible

528

00:54:19,430 --> 00:54:26,680

uh if if you have a trillion dollar budget or or more on engineering and and so forth

529

00:54:26,680 --> 00:54:31,220

and and nobody really has come to believe the truth of things then you must be doing

530

00:54:31,220 --> 00:54:37,010

something with some other money to to help undermine you know our our attempt at knowing

531

00:54:37,010 --> 00:54:43,540

our own reality so um I I think the guys who have the secrets have had better toys than

532

00:54:43,540 --> 00:54:48,829

most of us for the longest time and that may change in the in the near future um but I

533

00:54:48,829 --> 00:54:52,730

I see a momentum here and I I you know even if people are challenging him I say that's

534

00:54:52,730 --> 00:54:59,180

fine I mean of course go challenge him but support the investigation and if I can cycle

535

00:54:59,180 --> 00:55:03,410

back to when we started talking at the very beginning and we mentioned two of the interviews

536

00:55:03,410 --> 00:55:07,670

that I had done in the last week one with Laura Ingram and the other with Chris Cuomo

537

00:55:07,670 --> 00:55:12,670

I noticed one thing that that you have in common and you know they're hardly political

538

00:55:12,670 --> 00:55:16,390

you know mates in this whole thing they're on you know I don't know I'm not even going

539

00:55:16,390 --> 00:55:20,670

to try to describe where they fall on any political Spectrum let's just say they probably

540

00:55:20,670 --> 00:55:27,109

have differences but they both said to me in the interview a kind of an aggressive posture

541

00:55:27,109 --> 00:55:31,300

toward well you know what the government needs to come clean about this and I was kind of

542

00:55:31,300 --> 00:55:38,010

surprised um their their first take was not
um well I'm just so deeply skeptical and cue

543

00:55:38,010 --> 00:55:42,990

The X-Files music and let me talk about tin
foil hats and green Little Green Men none

544

00:55:42,990 --> 00:55:48,810

of that instead it was like this is this seems
like a serious charge and given the way it's

545

00:55:48,810 --> 00:55:55,210

come forward uh the government has an obligation
to tell us what they do know and if if

546

00:55:55,210 --> 00:56:00,380

this guy has got it wrong and there aren't
you know non-human intelligences out there

547

00:56:00,380 --> 00:56:05,520

well then tell us what is out there because
uh and both of them said words to this effect

548

00:56:05,520 --> 00:56:10,890

tell us what is out there if it's something
else then let's stop this charade and let's

549

00:56:10,890 --> 00:56:17,630

get to the bottom of what we're dealing with
and I you know what I can get behind that

550

00:56:17,630 --> 00:56:23,260

absolutely and you know I think the stories
really just beginning um to kind of wrap things

551

00:56:23,260 --> 00:56:28,640

up first I know you've got other interviews
to do and whatnot uh what does come next do

552

00:56:28,640 --> 00:56:35,030

you think we're now going to see some of these actual individuals involved with the programs

553

00:56:35,030 --> 00:56:41,150

themselves that touched the craft have analyzed the technology have reverse engineered it

554

00:56:41,150 --> 00:56:46,150

do you see that happening that they'll feel so empowered to now do this through the proper

555

00:56:46,150 --> 00:56:51,970

channels uh and where do we go from here I mean I'm so excited to see the interview tonight

556

00:56:51,970 --> 00:56:56,870

to see where this is all heading maybe more information will come out of other individuals

557

00:56:56,870 --> 00:57:02,480

involved someone in the chat said you know Dave even mentioned you know he spoke specifically

558

00:57:02,480 --> 00:57:09,039

to four individuals who worked on the programs so I mean there's names there's names and

559

00:57:09,039 --> 00:57:13,830

programs there's names of individuals you can't just unring that Bell any longer now

560

00:57:13,830 --> 00:57:18,050

we need to see if we're going to hear from those individuals so again long winded way

561

00:57:18,050 --> 00:57:23,339

of asking what comes next do you think more whistleblowers will come forward and where

562

00:57:23,339 --> 00:57:31,980

is this all heading I I came to believe that
um they're well not to believe I I was told

563

00:57:31,980 --> 00:57:37,480

there are multiple other whistleblowers who
have already started into the process or gone

564

00:57:37,480 --> 00:57:45,250

through the process and who have testified
uh and and supported what Dave grush has said

565

00:57:45,250 --> 00:57:51,240

uh and they've set it to Senate committees
and house committees and to inspector generals

566

00:57:51,240 --> 00:57:56,480

and that some of them uh candidly were waiting
to see how grush fared before they wanted

567

00:57:56,480 --> 00:58:03,000

to come forward themselves uh in a in a public
way and um I don't know what those people

568

00:58:03,000 --> 00:58:08,589

people that were sort of you know seeing what
the where the wind was blowing I don't know

569

00:58:08,589 --> 00:58:14,319

uh what they would think right now because
you know grush has had kind of a rough road

570

00:58:14,319 --> 00:58:19,630

of it and who knows I mean maybe maybe that
makes them want to hold back but I really

571

00:58:19,630 --> 00:58:24,180

think this is sort of the little boy with
this finger in the daycare I mean there's

572

00:58:24,180 --> 00:58:29,290

just too much out there it's not going to
be easy I'm not not saying it's going to happen

573

00:58:29,290 --> 00:58:35,500

tomorrow or even in 2023 in the way that some
people would would like it but it does seem

574

00:58:35,500 --> 00:58:44,089

like the if the if the underlying reality
is that there are multiple non-human intelligences

575

00:58:44,089 --> 00:58:51,520

uh interacting with humanity and that there
are physical craft and have been for decades

576

00:58:51,520 --> 00:58:56,910

and decades and that there have even been
bodies recovered I think we're to the place

577

00:58:56,910 --> 00:59:03,859

where this the sheer incredible reality of
that isn't going to be easily put back in

578

00:59:03,859 --> 00:59:09,740

the box it doesn't mean that there aren't
people uh who are in positions of power and

579

00:59:09,740 --> 00:59:14,290

authority who wouldn't like to put it all
back in a box uh but I'm not sure that they'll

580

00:59:14,290 --> 00:59:20,210

be able to and because partly it's very clear
now that there is at least a group if not

581

00:59:20,210 --> 00:59:26,309

a large and growing group of people who are
willing to say right now come on let's just

582

00:59:26,309 --> 00:59:32,270

get it out and that doesn't mean that they're
Pollyanna any more than I am I look I think

583

00:59:32,270 --> 00:59:37,049

it's going to be a mixed bag uh some of it
will be good and some of it won't be good

584

00:59:37,049 --> 00:59:42,140

and uh it's going to raise a lot of incredible
questions but I have to say I watched Whitley

585

00:59:42,140 --> 00:59:47,510

strieber talk uh on his show the other day
a couple days ago and I was brought to Tears

586

00:59:47,510 --> 00:59:52,710

by the end of it when he was like you know
it just I kind of choked up a little bit because

587

00:59:52,710 --> 01:00:00,079

if what he if what grush is saying is accurate
um then people like Whitley have every reason

588

01:00:00,079 --> 01:00:06,609

in the the world now to believe they're likely
not crazy and yet there's been an attempt

589

01:00:06,609 --> 01:00:14,140

to malign them as as people who make things
up or to make fun of them because of what

590

01:00:14,140 --> 01:00:18,640

they've described being done to them well
you know what there's so many things we're

591

01:00:18,640 --> 01:00:24,170

going to have to deal with in the future and
it it exceeds crash retrieval it goes into

592

01:00:24,170 --> 01:00:29,740

some of those issues like uh you know like
abductions and what about crop circles what

593

01:00:29,740 --> 01:00:34,130

about any of that there's just a whole bunch
of stuff that it's time for us to get some

594

01:00:34,130 --> 01:00:40,980

information about and it and I think uh history
is going to record that uh Dave grush uh has

595

01:00:40,980 --> 01:00:48,381

an important part in that in the same way
that the December 17 2017 article in the New

596

01:00:48,381 --> 01:00:53,880

York Times had a part to play in that and
um you know I don't think we're at the uh

597

01:00:53,880 --> 01:00:58,559

the end of this process we're really kind
of at the beginning right I mean you look

598

01:00:58,559 --> 01:01:04,430

at the 2017 article and look at the ripple
effect after that and everything that occurred

599

01:01:04,430 --> 01:01:13,339

from there Arrow aimsog um follow-up stories
just so much happened that again I think this

600

01:01:13,339 --> 01:01:19,619

is again another pin that we're putting into
ephology that will now um go in so many different

601

01:01:19,619 --> 01:01:25,200

directions I can't wait to sort of see how
that all plays out but um Rex before we let

602

01:01:25,200 --> 01:01:30,339

you go any anything any last things we didn't cover that you want to share about uh what

603

01:01:30,339 --> 01:01:35,839

to expect tonight or moving forward would need I would just encourage people of to try

604

01:01:35,839 --> 01:01:42,349

to see if they can find how to watch it and if not um please go to need to know where

605

01:01:42,349 --> 01:01:49,080

we're trying to curate some of the best video of the whole thing we have a YouTube site

606

01:01:49,080 --> 01:01:54,190

so that's need to know we also have a URL need to know dot today so we'll try to keep

607

01:01:54,190 --> 01:02:00,490

those updated so people can find it uh I would just ask people who do watch it you know keep

608

01:02:00,490 --> 01:02:06,410

um keep an open mind listen to what the man says and I know people have tried to look

609

01:02:06,410 --> 01:02:12,170

at these clips and go hmm I think his eye is Shifting there and I believe he's you know

610

01:02:12,170 --> 01:02:19,339

yeah that's all true but I would ask everybody to apply the quality of empathy which is imagining

611

01:02:19,339 --> 01:02:25,799

yourself in that situation here is a man who had a very successful career marked out for

612

01:02:25,799 --> 01:02:31,260

him and he ended up getting this assignment
and he did it well and he learned things that

613

01:02:31,260 --> 01:02:37,210

shocked him and and and also appalled them
because his own government who he supports

614

01:02:37,210 --> 01:02:41,990

who he has worked for who he's put his life
on the line for appears to have been part

615

01:02:41,990 --> 01:02:50,250

of an extensive disinformation campaign and
he's decided to put that career now behind

616

01:02:50,250 --> 01:02:56,710

him firmly he can't go back right so his future
is completely Unwritten right now it's not

617

01:02:56,710 --> 01:03:00,470

clear what's going to happen to Dave crush
he's got everything and and he's not going

618

01:03:00,470 --> 01:03:04,420

to make a lot of money okay I know people
go well he wants to get on the UFO circuit

619

01:03:04,420 --> 01:03:10,030

well Ryan you and I can both attest that nobody
on the UFO circuit that I'm aware of is making

620

01:03:10,030 --> 01:03:14,779

untold amounts of money and I don't think
that's going to be true for Dave grosh I would

621

01:03:14,779 --> 01:03:20,319

just ask people in the empathy point of view
to say if I had walked in his shoes if I'd

622

01:03:20,319 --> 01:03:28,339

had his job and his experience and I took
the risk to myself my spouse my family to

623

01:03:28,339 --> 01:03:33,950

tell this truth to people what I'd be a little
nervous on camera too wouldn't I be measuring

624

01:03:33,950 --> 01:03:38,250

my words as carefully as possible because
the government has written him a document

625

01:03:38,250 --> 01:03:44,119

that says Dave you said you wanted to talk
about these things well okay here is the red

626

01:03:44,119 --> 01:03:51,570

line don't go over that red liner we might
just throw your ass in jail okay that would

627

01:03:51,570 --> 01:03:57,210

make me pause if if I knew that was happening
and just talking to you I would have been

628

01:03:57,210 --> 01:04:01,490

a lot cageier you know I don't think I'm going
to go to jail for what you and I have talked

629

01:04:01,490 --> 01:04:07,030

about so I'm a you know more willing to be
a little more open about it I'm just I just

630

01:04:07,030 --> 01:04:15,250

think listen to what the guy says um and be
ready for further uh information to come out

631

01:04:15,250 --> 01:04:23,119

from multiple different sources and um let's
just see where this turns out and um you know

632

01:04:23,119 --> 01:04:28,819

I think he's an American hero it's possible
I could be wrong I suppose so I too just like

633

01:04:28,819 --> 01:04:35,549

Dave maybe for different reasons I'm I'm looking
forward to the people in government to look

634

01:04:35,549 --> 01:04:40,910

into this but I'm also looking forward to
people in media to actually you know put some

635

01:04:40,910 --> 01:04:48,240

resources into this I mean Russ coldhart is
a brilliant reporter but he didn't do this

636

01:04:48,240 --> 01:04:53,720

for somebody else he wasn't working for news
Nation when he did this he did this on his

637

01:04:53,720 --> 01:05:01,440

own Ross coltar dug in like any good investigative
journalist and got this information right

638

01:05:01,440 --> 01:05:10,440

it was only after he had it and he wanted
to expose it to a wider volume of people that

639

01:05:10,440 --> 01:05:16,470

he eventually made the deal with news nation
that is culminating with this special tonight

640

01:05:16,470 --> 01:05:24,109

so you know I just think I would I guess my
closing thing is let's not question everybody's

641

01:05:24,109 --> 01:05:30,550

motives immediately let's take a big breath
on that and sort of try it away you know what's

642

01:05:30,550 --> 01:05:39,470

being said who's saying it who has validated them or not validated them and you know let's

643

01:05:39,470 --> 01:05:44,170

let's see where it all falls down and I look forward to doing a follow-up with you at some

644

01:05:44,170 --> 01:05:49,260

point Ryan where we can see how this has turned out I mean let's face it folks whatever Ryan

645

01:05:49,260 --> 01:05:53,960

and I have just said today I guarantee you six months from now it's gonna feel like old

646

01:05:53,960 --> 01:06:00,170

news and if crash wreckage and retrievals and bodies and reverse engineering feels like

647

01:06:00,170 --> 01:06:06,450

old news good God what's coming next I don't know you can't say we haven't made progress

648

01:06:06,450 --> 01:06:11,510

for your price that's it's interesting times we're living in my friend Hey listen I know

649

01:06:11,510 --> 01:06:15,670

you're a busy man thank you I will get you out of here but I have to thank you for doing

650

01:06:15,670 --> 01:06:21,240

this tonight with us I know you're very very busy so we'll have to have you back on all

651

01:06:21,240 --> 01:06:26,010

right good luck tonight with everything and uh yes thank you again for joining me on summary

652

01:06:26,010 --> 01:06:30,329

all right thanks everybody for watching and
your support on all of this love that need

653

01:06:30,329 --> 01:06:34,360

to know dot today in case you want to know
more Ryan thank you for everything best my

654

01:06:34,360 --> 01:06:39,319

pleasure my friend we'll put links in the
show notes okay thanks have a great night

655

01:06:39,319 --> 01:06:40,549

bye

656

01:06:40,549 --> 01:06:47,020

there it is guys the one and only Bryce Sable
giving us some of his very valuable time tonight

657

01:06:47,020 --> 01:06:53,140

which I can only imagine is a very busy night
again that news Nation interview will be premiering

658

01:06:53,140 --> 01:06:59,440

tonight on news Nation we will find a way
for you guys to watch it I know some YouTube

659

01:06:59,440 --> 01:07:04,599

channels are probably going to be live streaming
it I don't know the copyright rules of that

660

01:07:04,599 --> 01:07:10,000

I'll see if I can get something going so stick
around on the Ryan Sprague YouTube channel

661

01:07:10,000 --> 01:07:15,500

here after this and um I'll see what I can
do if I have access to it if I can find access

662

01:07:15,500 --> 01:07:23,520

to it I'm in Europe so I might not be able

to um we'll see we'll see um but other than

663

01:07:23,520 --> 01:07:27,750

that I mean there's there's some other stuff
I do want to I do want to go over with you

664

01:07:27,750 --> 01:07:33,500

guys um you know we did Only Have Bryce for
a short amount of time but it was well worth

665

01:07:33,500 --> 01:07:40,180

it well well worth it um something we didn't
bring up with Bryce is um this recent uh you

666

01:07:40,180 --> 01:07:45,510

know the the things that were said by the
attorneys of Dave Crush um so I do want to

667

01:07:45,510 --> 01:07:49,960

kind of read some of those specifically for
you guys I've got them pulled up on my phone

668

01:07:49,960 --> 01:07:56,010

here because again I don't have all my equipment
with me but compass rose attorneys formerly

669

01:07:56,010 --> 01:08:01,860

end association with UAP whistleblower David
Rush attorneys from the compass rose Legal

670

01:08:01,860 --> 01:08:08,559

Group who represented David grush in his complaint
to the IC Inspector General regarding harassment

671

01:08:08,559 --> 01:08:13,320

he says he received during the investigation
of a supposed UAP crash retrieval program

672

01:08:13,320 --> 01:08:19,000

within the dod have issued a statement saying

they have ended their formal association with

673

01:08:19,000 --> 01:08:27,120

the Former Intelligence officer Compass Road
compass rose Legal Group successfully represented

674

01:08:27,120 --> 01:08:33,299

David grush regarding his whistleblower disclosure
to the intelligence Community Inspector General

675

01:08:33,299 --> 01:08:40,929

about improper concealment of classified information
The Firm has requested corrections to media

676

01:08:40,929 --> 01:08:48,739

misrepresentations and inaccuracies about
the scope and details of their representation

677

01:08:48,739 --> 01:08:53,029

compass rose clarified they took no position
on the specifics of the alleged classified

678

01:08:53,029 --> 01:09:02,150

information disclosed publicly the igic found
gracious claims credible and urgent which

679

01:09:02,150 --> 01:09:07,060

compass rose successfully defended him against
potential retaliation and wishing him well

680

01:09:07,060 --> 01:09:12,799

for the for the mature so again like that
whole story does not mean that they walked

681

01:09:12,799 --> 01:09:18,780

away because this is all [h__h] or anything
like that it simply means they did what they

682

01:09:18,780 --> 01:09:23,800

were hired to do and they did it successfully

and just like Bryce said we'll see where this

683

01:09:23,800 --> 01:09:32,250

all goes from here um so yeah what I want to do right now guys is uh I do want to play

684

01:09:32,250 --> 01:09:41,029

a little Devil's Advocate with our resident skeptic and that is Mick West now he also

685

01:09:41,029 --> 01:09:46,960

joined Cuomo recently as Bryce did to talk about this story and kind of um lay out you

686

01:09:46,960 --> 01:09:52,890

know what what what what what what is going on like why are we not seeing any of the documents

687

01:09:52,890 --> 01:09:55,989

or the actual evidence so I'm going to go ahead and play this clip for you and we'll

688

01:09:55,989 --> 01:10:01,220

talk a little bit about the other side of all of this we'll talk about it on the other

689

01:10:01,220 --> 01:10:06,760

side skeptical about what he says he hasn't actually seen any of these craft he hasn't

690

01:10:06,760 --> 01:10:11,630

actually seen any of these bodies I don't think he's even seen any photos of these craft

691

01:10:11,630 --> 01:10:16,650

or these bodies so we need to take what he says uh it's very interesting it would be

692

01:10:16,650 --> 01:10:22,140

wonderful if it was true I would love to find

evidence of alien visitors uh but ufology

693

01:10:22,140 --> 01:10:27,820

has been a subject that has been filled with promises we're always being promised promised

694

01:10:27,820 --> 01:10:31,550

that disclosure is just around the corner the government is going to tell us what they

695

01:10:31,550 --> 01:10:35,950

know and this just seems like another one of those promises and until we actually get

696

01:10:35,950 --> 01:10:41,150

the goods until someone brings the receipts I think we really need to be skeptical here's

697

01:10:41,150 --> 01:10:48,010

the part I don't get why wouldn't we know like what what would be what would be the

698

01:10:48,010 --> 01:10:54,930

rationale for keeping it quiet of government let alone through 10 or 12 different administrations

699

01:10:54,930 --> 01:10:59,659

that this secret has been kept quiet which is you know certainly in the Modern Age boy

700

01:10:59,659 --> 01:11:04,500

if one party could find a way to expose something in any way that created advantage over the

701

01:11:04,500 --> 01:11:08,920

other side I can't believe that they wouldn't but why would they keep it quiet yeah that's

702

01:11:08,920 --> 01:11:13,679

the thing it would have to be this massive

worldwide conspiracy basically they're claiming

703

01:11:13,679 --> 01:11:18,080

that we've had alien crap for many many decades
and they were being gradually releasing the

704

01:11:18,080 --> 01:11:23,310

technology throughout the world but only the
US has it and they're somehow managed to get

705

01:11:23,310 --> 01:11:28,060

everybody else to go along with this and that
somehow we've managed to keep this going for

706

01:11:28,060 --> 01:11:33,230

around 70 years or so but we don't really
have any evidence of this now everything that

707

01:11:33,230 --> 01:11:39,190

grush said uh to the media was actually cleared
by the Department of Defense that means that

708

01:11:39,190 --> 01:11:44,590

he didn't actually reveal any secrets it doesn't
mean that I agree with what yeah I don't I

709

01:11:44,590 --> 01:11:50,179

didn't get that part either I didn't get that
part either and the Pentagon so first of all

710

01:11:50,179 --> 01:11:57,360

mixed point is that grush isn't saying anything
that the United States government hasn't talked

711

01:11:57,360 --> 01:12:02,610

about already except except that he's talking
about the program and the existence of the

712

01:12:02,610 --> 01:12:05,720

program and what they're looking for the United

States government has never said they found

713

01:12:05,720 --> 01:12:12,010

an alien spacecraft um but people at the Pentagon
have pushed back on this I just I wanted to

714

01:12:12,010 --> 01:12:19,220

get the language right but they the Pentagon
uh has said that has said this uh has not

715

01:12:19,220 --> 01:12:23,830

discovered any verifiable information to substantiate
claims that any programs regarding the possession

716

01:12:23,830 --> 01:12:28,370

or reverse engineering of extraterrestrial
materials may have existed in the past or

717

01:12:28,370 --> 01:12:34,480

exist currently what does that mean in non-government
acronyms speak it means this theory that they

718

01:12:34,480 --> 01:12:39,900

found alien stuff and been using the technology
and releasing it through the world is bunk

719

01:12:39,900 --> 01:12:46,719

um you know so what do you think comes with
grush do you think he has any receipts well

720

01:12:46,719 --> 01:12:51,469

I think we've got to realize that reverse
engineering programs have crashed uh spacecraft

721

01:12:51,469 --> 01:12:55,699

is actually a real thing this is something
that actually happened uh sometimes Russian

722

01:12:55,699 --> 01:13:01,370

spacecraft crash sometimes Chinese spacecraft

craft a crash and we we retrieve the remains

723

01:13:01,370 --> 01:13:06,120

and then we study them and it's top secret
and I think it's possible that some people

724

01:13:06,120 --> 01:13:09,930

in those programs which are very highly compartmentalized
not everyone knows what everybody else is

725

01:13:09,930 --> 01:13:15,030

working on became convinced that they were
working on alien technology and somehow this

726

01:13:15,030 --> 01:13:19,300

kind of story grew within the group and now
you've got a bunch of people who think that

727

01:13:19,300 --> 01:13:23,679

they were working on alien technology when
they were really just working on Chinese technology

728

01:13:23,679 --> 01:13:27,260

so we've really got to see what he actually
tells Congress and what are the people he

729

01:13:27,260 --> 01:13:33,179

brings along to give a testimony to Congress
because right now all we have is he's heard

730

01:13:33,179 --> 01:13:41,690

other people tell him things and that's really
not good enough as evidence

731

01:13:41,690 --> 01:13:47,909

I mean you can't argue I guess you can't argue
but you can't deny that some of this stuff

732

01:13:47,909 --> 01:13:55,620

Mick brought up is true um you know there

have been specific UFO quote-unquote UFO crash

733

01:13:55,620 --> 01:14:02,100

retrieval programs that have been made public
um that we are aware of um I'm gonna actually

734

01:14:02,100 --> 01:14:08,240

pull something up for you guys here uh just
give me one sec here

735

01:14:08,240 --> 01:14:20,151

because I do want to talk about this a little
bit project Moon dust now for anyone in the

736

01:14:20,151 --> 01:14:26,699

chat who's not familiar with this uh this
was a program that we basically know about

737

01:14:26,699 --> 01:14:34,949

now it has been unclassified um where let
me see I've got some information right here

738

01:14:34,949 --> 01:14:41,659

for you I want to make sure I have it project
Moon dust and project bluefly these were covert

739

01:14:41,659 --> 01:14:47,280

projects by the United States Air Force during
the Cold War that existed at the Air Force

740

01:14:47,280 --> 01:14:53,500

missile Development Center at Holloman Air
Force Base and the aim of the project was

741

01:14:53,500 --> 01:14:59,110

to recover objects and debris from spacecraft
that survived re-entry through the atmosphere

742

01:14:59,110 --> 01:15:07,870

back to Earth and to exploit exploit the discovery

of Soviet Hardware when it temporarily fell

743

01:15:07,870 --> 01:15:17,510

into America's hands um this as you can see
right here um this is one of the files on

744

01:15:17,510 --> 01:15:21,900

Project Moon dust and I do want to read a
little bit of this because it's interesting

745

01:15:21,900 --> 01:15:27,389

let's read a little bit from one of these
one of the leading daily newspapers um of

746

01:15:27,389 --> 01:15:35,929

La Paz El diario diario diarrhea oh gosh
please no one clip this uh carried a front

747

01:15:35,929 --> 01:15:43,040

page story on July 19 1979 stating that a
second UFO or unidentified object very similar

748

01:15:43,040 --> 01:15:49,000

to the first one reported had been found in
Santa Cruz Department um blah blah blah new

749

01:15:49,000 --> 01:15:54,370

sphere fell from space in Santa Cruz an unofficial
translation of the article follows a second

750

01:15:54,370 --> 01:15:58,980

Fireball fell from the sky early in the morning
on the same day the first one was found near

751

01:15:58,980 --> 01:16:04,860

katika the second one was found 200 kilometers
north of the city of Santa Cruz on the farm

752

01:16:04,860 --> 01:16:15,440

of Juan severdo by the capaciano Gonzalo manacho

Riveras the place is in the area of buen retiro

753

01:16:15,440 --> 01:16:21,880

near the uh Yara cane River according to the information given uh let's see here a loud

754

01:16:21,880 --> 01:16:28,831

whistling sound and a uh Fireball was seen followed by an explosion so again this is

755

01:16:28,831 --> 01:16:35,870

kind of just an example of some of the stuff that project Moon dust was looking at um however

756

01:16:35,870 --> 01:16:41,540

a lot of this project Moon does stuff was also analyzed at Wright Patterson Air Force

757

01:16:41,540 --> 01:16:47,560

Base and this is a place where grush has said that some of these programs could possibly

758

01:16:47,560 --> 01:16:54,100

exist or wear materials that came from space spacecraft as he called them uh were were

759

01:16:54,100 --> 01:16:59,170

brought to um so make of that what you will we have project Moon dust and things like

760

01:16:59,170 --> 01:17:04,159

this that are out there in the public so could this be one of the programs gresh is referring

761

01:17:04,159 --> 01:17:09,449

to or something completely different um we don't know yet we don't know because we don't

762

01:17:09,449 --> 01:17:13,719

have the names of the programs we don't have

the people who worked on them maybe we will

763

01:17:13,719 --> 01:17:18,910

maybe we'll learn more tonight in this interview
that Ross goldthard is doing um and I see

764

01:17:18,910 --> 01:17:23,550

the chat asking when is it where can I see
it I don't have all that information guys

765

01:17:23,550 --> 01:17:28,380

um hopefully someone in the chat will know
what time it's at and um where you can see

766

01:17:28,380 --> 01:17:33,400

it I'm in Europe so I don't believe I can
but we will figure out a way trust me trust

767

01:17:33,400 --> 01:17:37,510

me keep an eye on the channel after this live
stream and we'll see if we can find it for

768

01:17:37,510 --> 01:17:44,080

you um but yeah yeah so I thought this moon dust
story was definitely worth bringing up as

769

01:17:44,080 --> 01:17:50,429

well um the last other thing I kind of want
to cover with you guys is um you know Bryce

770

01:17:50,429 --> 01:17:55,110

mentioned you know that Dave a lot of people
are kind of looking at how he acted during

771

01:17:55,110 --> 01:18:02,679

the interview and doing like body language
uh stuff and um I actually I think it's interesting

772

01:18:02,679 --> 01:18:08,600

to play a clip from a body language expert

who did look at those clips um I want to get

773

01:18:08,600 --> 01:18:15,320

this right this was Dr John Paul Garrison
he's a forensic psychologist and Body Language

774

01:18:15,320 --> 01:18:22,150

expert and he analyzed the news Nation interview
there should be a full link in the show notes

775

01:18:22,150 --> 01:18:26,719

for the full body language analysis of this
for you guys but I'm going to go ahead and

776

01:18:26,719 --> 01:18:32,429

play a clip from that um and yeah let's just
kind of let's look at it and see if maybe

777

01:18:32,429 --> 01:18:38,679

there is something to it let me grab this
here we go g here I'm a licensed clinical

778

01:18:38,679 --> 01:18:42,300

psychologist and Body Language expert and
today we're going to be analyzing the body

779

01:18:42,300 --> 01:18:47,120

language of the UFO whistleblower David grush
David grush is an Air Force veteran and a

780

01:18:47,120 --> 01:18:54,400

former U.S intelligence officer he claims
that the U.S has intact UFOs as well as discovered

781

01:18:54,400 --> 01:18:59,560

bodies of Pilots of non-human origin the nature
of these claims are very different than many

782

01:18:59,560 --> 01:19:03,560

of the body language analyzes I do but it

seems that a lot of people are interested

783

01:19:03,560 --> 01:19:07,340

in this so let's get started so I can tell
you what I'm observing as far as body language

784

01:19:07,340 --> 01:19:11,500

goes before we get started I do want to remind
you to like And subscribe if you want to see

785

01:19:11,500 --> 01:19:15,270

more content just like this alright let's
go what we're going to watch now as part of

786

01:19:15,270 --> 01:19:18,850

an exclusive interview with news Nation we're
going to look closely at his body language

787

01:19:18,850 --> 01:19:22,949

and I do want you to keep in mind he was part
of the National geospatial Intelligence Agency

788

01:19:22,949 --> 01:19:26,850

so he does have legitimacy so before the interview
even begins something you're going to notice

789

01:19:26,850 --> 01:19:30,880

is that his lips are pursed now what this
can mean is it can mean lack of confidence

790

01:19:30,880 --> 01:19:35,210

it can also mean stress anxiety or concern
now he's getting ready to do an interview

791

01:19:35,210 --> 01:19:39,190

on television he's getting ready to talk about
what he says are government secrets that could

792

01:19:39,190 --> 01:19:43,389

make somebody feel any of those ways but I

just want you to keep in mind how this is

793

01:19:43,389 --> 01:19:50,570

starting people on Secrets he says no one has ever shared publicly before you are one

794

01:19:50,570 --> 01:19:57,290

of the most trusted former intelligence officials in the U.S defense and intelligence establishment

795

01:19:57,290 --> 01:20:01,780

yes I was so we're seeing a slight smile that could be a nervous smile it could be socially

796

01:20:01,780 --> 01:20:06,100

appropriate behavior or it could be that he is preparing to deceive we're gonna have to

797

01:20:06,100 --> 01:20:12,300

see which one it is you were trusted with the most Intimate Secrets yes so right now

798

01:20:12,300 --> 01:20:15,600

he's nodding his head along with yes as he's acknowledging that he's trusted with Secrets

799

01:20:15,600 --> 01:20:19,550

he's U.S intelligence so of course he's been trusted with Secrets I'd be shocked if he

800

01:20:19,550 --> 01:20:23,679

wasn't trusted with secrets so that is true and I want you to keep in mind that he does

801

01:20:23,679 --> 01:20:27,870

nod his head when he's saying yes and sometimes he shakes his head when saying No this can

802

01:20:27,870 --> 01:20:30,929

be very important it sounds like a small point

but it's something that's going to be very

803

01:20:30,929 --> 01:20:35,710

consequential as we continue to watch this interview let's just watch it again sit with

804

01:20:35,710 --> 01:20:42,389

the most Intimate Secrets yes sitting down with the award-winning investigative journalist

805

01:20:42,389 --> 01:20:48,610

Ross coldheart who's reporting for news Nation the end of your time on the UAP task force

806

01:20:48,610 --> 01:20:55,100

the UAP task force was refused access to a broad crash retrieval program so we're seeing

807

01:20:55,100 --> 01:20:59,800

the person of the lips we're seeing the corners of the mouth go back this is oftentimes associated

808

01:20:59,800 --> 01:21:03,389

with anxiety concern things like that now once again he's saying things that he says

809

01:21:03,389 --> 01:21:07,280

are secrets so maybe that's no shock but I just want you to keep track of all the little

810

01:21:07,280 --> 01:21:11,820

body language pieces that we're seeing okay let's watch it again those refuse access to

811

01:21:11,820 --> 01:21:18,370

a broad crash retrieval program when you say crash retrieval what do you mean these are

812

01:21:18,370 --> 01:21:25,679

retrieving non-human origin technical Vehicles

you know call it spacecraft if you will not

813

01:21:25,679 --> 01:21:30,210

now this is where it starts to be questionable
as to whether or not his head shakes are consistent

814

01:21:30,210 --> 01:21:35,090

with what he's saying so watch this again
human origin uh technical view now right now

815

01:21:35,090 --> 01:21:38,770

is his sort of bobbing so you can't really
say it's nodding or shaking at this point

816

01:21:38,770 --> 01:21:43,570

Vehicles you know call it spacecraft if you
will all right so he was shaking his head

817

01:21:43,570 --> 01:21:47,620

called a spacecraft if you will now maybe
he was doing that for emphasis or maybe he

818

01:21:47,620 --> 01:21:54,880

was suggesting no as he's talking about spacecraft
let's keep watching non-human exotic origin

819

01:21:54,880 --> 01:22:00,780

vehicles that have either landed or crashed
we have spacecraft from another species we

820

01:22:00,780 --> 01:22:08,739

do yeah how many quite a number you're kidding
no I thought it was totally nuts and I thought

821

01:22:08,739 --> 01:22:13,929

at first I was being deceived it was a ruse
people started confiding in me they approached

822

01:22:13,929 --> 01:22:20,280

me I have plenty of current former senior

Intelligence Officers that came to me now

823

01:22:20,280 --> 01:22:24,870

we're starting to see head shakes as he's talking about this about current and forward

824

01:22:24,870 --> 01:22:28,860

senior officers coming to him that starts to seem a little bit more like he's not agreeing

825

01:22:28,860 --> 01:22:34,660

with what he's saying let's watch this again me I have plenty of current former senior

826

01:22:34,660 --> 01:22:39,820

Intelligence Officers that came to me many which I knew almost my whole career that invited

827

01:22:39,820 --> 01:22:44,800

to me they were a part of a program they named the program I've never heard of it but when

828

01:22:44,800 --> 01:22:50,010

he says I've never heard of it part of a program they named the program I've never heard him

829

01:22:50,010 --> 01:22:53,000

arching his eyebrows like that it's consistent with him talking about something that did

830

01:22:53,000 --> 01:23:00,720

surprise him bird events and they they told me based on the oral testimony and they provided

831

01:23:00,720 --> 01:23:06,389

me documents and other other proof that there was in fact a program that the UAP task so

832

01:23:06,389 --> 01:23:10,380

after he said that they provided me documents

and her proof he did a heart swallow oftentimes

833

01:23:10,380 --> 01:23:15,110

we associate that with very significant amounts of stress does that necessarily mean he's

834

01:23:15,110 --> 01:23:20,170

lying no but we do oftentimes see with deceitful Behavior because people feel anxious after

835

01:23:20,170 --> 01:23:25,030

saying that maybe he feels anxious for another reason but I can say pretty conclusively that

836

01:23:25,030 --> 01:23:28,750

that hard swallow after saying that would be associated with stress let's watch that

837

01:23:28,750 --> 01:23:35,340

again Tony um and they provided me documents and other other proof that there was in fact

838

01:23:35,340 --> 01:23:43,030

a program that the UAP task force was not read into if you're telling us the truth everyone

839

01:23:43,030 --> 01:23:49,179

the entire American public has been lied to for decades yeah there's a sophisticated

840

01:23:49,179 --> 01:23:57,120

uh disinformation campaign targeting the U.S populace which is extremely unethical and

841

01:23:57,120 --> 01:24:04,040

immoral you are saying intelligence representative at a high level from the US government is

842

01:24:04,040 --> 01:24:11,570

saying publicly we are not alone we're definitely

not alone absolutely the data points all right

843

01:24:11,570 --> 01:24:16,870

now this is from behind but watch this he says absolutely the data points just watch

844

01:24:16,870 --> 01:24:22,210

his head during that we're definitely not alone absolutely the data points absolutely

845

01:24:22,210 --> 01:24:26,489

the data points so that was a pretty clear headshake as he said that empirically that

846

01:24:26,489 --> 01:24:31,830

we're not alone yeah the lit person again once again that goes back to anxiety and stress

847

01:24:31,830 --> 01:24:35,810

does that mean he's lying no not necessarily we oftentimes look for that and lying in deceit

848

01:24:35,810 --> 01:24:39,449

because people are stressed when they lie or when they're being deceptive it could also

849

01:24:39,449 --> 01:24:46,469

be that it's stressful talking about or revealing Secrets do we have species both well naturally

850

01:24:46,469 --> 01:24:52,510

when you recover something that's either landed or crashed um sometimes you encounter dead

851

01:24:52,510 --> 01:24:58,489

pilots and believe it or not as fan as fan so he's closing his eyes as he's saying this

852

01:24:58,489 --> 01:25:01,930

I talk a lot about people closing their eyes

when they're talking we oftentimes do that

853

01:25:01,930 --> 01:25:05,730

when we're thinking about something that we don't like now does that mean that he's lying

854

01:25:05,730 --> 01:25:10,030

not necessarily sometimes it can be used as a way to deceive it could just mean that he's

855

01:25:10,030 --> 01:25:13,429

thinking about something he doesn't want to think about or something he doesn't like but

856

01:25:13,429 --> 01:25:17,460

it's a it's a behavior worth noting let's watch him say this again sometimes you encounter

857

01:25:17,460 --> 01:25:26,190

dead pilots and believe it or not as fan as Fantastical as that sounds it's true and as

858

01:25:26,190 --> 01:25:31,280

we saw there was a pretty vigorous head shake as he said it's true let's watch that again

859

01:25:31,280 --> 01:25:38,650

as fan as Fantastical as that sounds it's true and the corners of his mouth are tight

860

01:25:38,650 --> 01:25:41,350

again which once again suggests stress or anxiety so I've got to be blunt about this

861

01:25:41,350 --> 01:25:46,510

you're not making this up this is not a lie no absolutely not so now you're seeing him

862

01:25:46,510 --> 01:25:50,420

vigorously shake his head no so you might

be asking yourself well if he's answering

863

01:25:50,420 --> 01:25:53,929

this and showing this body language here doesn't
that contradict what you were saying a second

864

01:25:53,929 --> 01:25:58,320

ago well not necessarily because something
that we see and we see this on Trials all

865

01:25:58,320 --> 01:26:02,610

the time because normally I'm analyzing trials
is that when people are asked a question directly

866

01:26:02,610 --> 01:26:07,580

and they want to have a very strong point
about it they can have body language consistent

867

01:26:07,580 --> 01:26:11,440

even if it's not the truth so they can say
no and shake their head very vigorously it's

868

01:26:11,440 --> 01:26:15,679

that it occasionally spills out occasionally
they don't hide it well everybody watching

869

01:26:15,679 --> 01:26:22,381

this right now is looking at your face they're
going is this guy for real I am for real and

870

01:26:22,381 --> 01:26:27,510

I once again there were the eyes closed I
am for real now that could just mean that

871

01:26:27,510 --> 01:26:30,940

he's stressed talking about this it could
also be a sign of deception it'll have to

872

01:26:30,940 --> 01:26:34,989

be up to you to decide what you think it is

so what conclusions can we come to after watching

873

01:26:34,989 --> 01:26:39,440

this interview well he definitely had a lot of stress he definitely showed a lot of concern

874

01:26:39,440 --> 01:26:43,989

there were times where it suggested a lack of confidence does that mean he's being deceptive

875

01:26:43,989 --> 01:26:48,560

or lying not necessarily but what it does mean is that it brings forth a lot of stress

876

01:26:48,560 --> 01:26:52,780

and anxiety something that we oftentimes see when people lie that's not the only reason

877

01:26:52,780 --> 01:26:58,580

people show that what I find harder to get past is him shaking his head no when saying

878

01:26:58,580 --> 01:27:02,270

things in the affirmative so do I believe that he's privy to information that suggests

879

01:27:02,270 --> 01:27:07,310

that we have non-human Pilots that we found I'm not convinced yet I definitely want to

880

01:27:07,310 --> 01:27:11,420

see more what I'm open to seeing and hearing more about this as we continue I'm sure this

881

01:27:11,420 --> 01:27:24,510

isn't the last we've heard of this

882

01:27:24,510 --> 01:27:28,949

so yeah guys I know that was a little lengthy but I did want to really know kind of cover

883

01:27:28,949 --> 01:27:36,820

this you know I mean it's body language expertise
is not like a definitive science in in any

884

01:27:36,820 --> 01:27:42,300

structure of the imagination but a lot of
people have issue with how he kind of came

885

01:27:42,300 --> 01:27:47,369

across during that only time will tell this
is one body language experts kind of analysis

886

01:27:47,369 --> 01:27:53,010

of it um and he even said you know none of
this means he's lying he's just under you

887

01:27:53,010 --> 01:27:57,679

know stress and and that's kind of where we're
at I would be stressed too if I was coming

888

01:27:57,679 --> 01:28:02,699

forward with this stuff either if it's true
or if I was lying um it would be super stressful

889

01:28:02,699 --> 01:28:07,469

um knowing there's no going back after that
no matter what um and the implication to either

890

01:28:07,469 --> 01:28:16,159

it being a lie or it being true uh being extremely
uh God terrifying either way so so yeah I

891

01:28:16,159 --> 01:28:21,810

I had to show it I don't know um I thought
it was worth showing um what I want to do

892

01:28:21,810 --> 01:28:27,100

now is and I guys I know I have some super
chat questions for Bryce that I was not able

893

01:28:27,100 --> 01:28:33,460

to get to we had such limited time I did not want to interrupt him um I do apologize but

894

01:28:33,460 --> 01:28:39,110

uh I do to I will get those questions to Bryce and hopefully have him answer those for you

895

01:28:39,110 --> 01:28:44,350

either on Twitter um I'll try to get his responses or we'll have him back on we'll have him back

896

01:28:44,350 --> 01:28:49,010

things up so you can get ready for the Ross

918

01:30:44,840 --> 01:30:52,429

colfar interview tonight um let's see I want
to see if I'm missing anything oh my God it's

919

01:30:52,429 --> 01:30:57,369

so hot here guys in London I can't believe
it I'm like I know you can see me sweating

920

01:30:57,369 --> 01:31:04,350

the air conditioning isn't working uh it's
a nightmare um but we will power through um

921

01:31:04,350 --> 01:31:10,320

let's see here oh yeah this is what I wanted
to talk about key takeaways we got to go here

922

01:31:10,320 --> 01:31:16,620

um so Mike over on Twitter uh he posted this
earlier and if you're not following him be

923

01:31:16,620 --> 01:31:25,170

sure to um let me get his Twitter handle for you guys he does these amazing highlight uh

924

01:31:25,170 --> 01:31:30,460

clips of all the interviews and podcasts that are out there um and just does incredible

925

01:31:30,460 --> 01:31:34,440

work I get a lot of my podcast highlights of the week from him but I want to make sure

926

01:31:34,440 --> 01:31:43,900

I get his Twitter handle right um it is at Mike Colangelo so that's at

927

01:31:43,900 --> 01:31:50,210

m-i-k-e-c-o-l-a-n-g-e-l-o he is a wealth of information and I highly suggest following

928

01:31:50,210 --> 01:31:55,121

him um and he came up with these key points from the entire story and kind of what we

929

01:31:55,121 --> 01:31:59,360

could take away from this so I'm going to go ahead and read these quick um us is in

930

01:31:59,360 --> 01:32:04,660

possession of quite a number of non-human craft 12 to 15 crafts some fully intact and

931

01:32:04,660 --> 01:32:10,699

some are not some have landed some we have caught some have crashed there have been 90

932

01:32:10,699 --> 01:32:18,969

plus years of non-human craft retrieval cover-ups 90 plus years that's crazy um if you haven't

933

01:32:18,969 --> 01:32:24,389

go to disclosure team's YouTube channel Vinnie
and check out his latest YouTube video about

934

01:32:24,389 --> 01:32:30,930

the 1933 Italy crash I believe it was uh when
Mussolini was involved it's crazy that could

935

01:32:30,930 --> 01:32:35,770

have been one of these very early ones um
and they talked about it over there um let's

936

01:32:35,770 --> 01:32:44,369

see one non-human craft retrieval took place
in Italy Italy 1933 and the U.S took the craft

937

01:32:44,369 --> 01:32:51,510

in 1944. of course they did U.S takes everything
they supposedly took craft from um the border

938

01:32:51,510 --> 01:32:59,440

of Mexico too um UFO crash I believe it was
we've got a patreon episode on that so uh

939

01:32:59,440 --> 01:33:04,659

join our patreon guys you can hear all about
that case um there were cases where the craft

940

01:33:04,659 --> 01:33:12,250

landed and the occupants left the craft unoccupied
they were like we out we're out of here um

941

01:33:12,250 --> 01:33:18,130

you can have this uh let's see there are occupants
and the US is in the possession of non-human

942

01:33:18,130 --> 01:33:23,530

bodies there have been high level people including
generals who have placed their hands on the

943

01:33:23,530 --> 01:33:28,010

craft One Source has said that there have been three different types of non-human craft

944

01:33:28,010 --> 01:33:33,889

seen that they have seen excuse me three different types everything about these craft retrieval

945

01:33:33,889 --> 01:33:39,610

programs have been illegally withheld from Congress Crush has submitted classified information

946

01:33:39,610 --> 01:33:44,620

to Congress and the IC Inspector General including two whistleblower complaints to the IC Inspector

947

01:33:44,620 --> 01:33:49,960

General one about the hidden programs and one about reprisals including 11 hours of

948

01:33:49,960 --> 01:33:56,660

testimony to Congress all under oath other intelligence officials have provided similar

949

01:33:56,660 --> 01:34:01,969

corroborating information both on and off the Record so again some key takeaways from

950

01:34:01,969 --> 01:34:06,690

all of this um it's really only beginning guys this is exciting I know there's a lot

951

01:34:06,690 --> 01:34:11,739

of arguing going on and a lot of people are just brushing this over I kind of did at first

952

01:34:11,739 --> 01:34:17,020

um but I the more I look into it the more I'm like huh there might be something to this

953

01:34:17,020 --> 01:34:22,500

and there are implications to this story no matter what will It Fade Into Obscurity like

954

01:34:22,500 --> 01:34:28,630

most of this stuff does um and then come back every 10 years like the Bob is our story maybe

955

01:34:28,630 --> 01:34:34,350

maybe who knows um but there's a lot writing on this there really is for Crush personally

956

01:34:34,350 --> 01:34:41,490

um for the debrief for Leslie Kane and Ralph Blumenthal so I'm going with my God on this

957

01:34:41,490 --> 01:34:46,890

one I think there's something to this story how much I don't personally know um but I'm

958

01:34:46,890 --> 01:34:52,560

here with you and I'm just gonna enjoy the ride and see where it all leads I'm sure we'll

959

01:34:52,560 --> 01:34:58,110

have members of all of this on to talk about it in the future um Chrissy will be on to

960

01:34:58,110 --> 01:35:02,550

talk all about her involvement with this over at the debrief so we'll definitely touch on

961

01:35:02,550 --> 01:35:08,110

that um but yeah guys I think that's gonna that's gonna do it for today we've been going

962

01:35:08,110 --> 01:35:14,800

for almost an hour 30. um again my special thanks to Mr Bryce Sable for joining us tonight

963

01:35:14,800 --> 01:35:19,670

he really didn't have to do that on a very busy day for he and Ross so thank you Bryce

964

01:35:19,670 --> 01:35:25,701

thank you for doing that um I want to thank everyone in the chat I know this was uh you

965

01:35:25,701 --> 01:35:31,170

know we we didn't get to all your questions and comments but um it was a this is a very

966

01:35:31,170 --> 01:35:37,380

viewed live stream um more than most so I tried to keep up with it um my apologies if

967

01:35:37,380 --> 01:35:41,360

I didn't get to everything but again we'll have Bryce back on to talk about all of that

968

01:35:41,360 --> 01:35:46,980

um where do you stand on all of this let me know in the comments below not in the live

969

01:35:46,980 --> 01:35:51,670

chat but in the actual comments below so that we will have them there in perpetuity and

970

01:35:51,670 --> 01:35:56,540

you guys can continue the discussion down there um be sure to check out that news Nation

971

01:35:56,540 --> 01:36:02,510

interview tonight if you can if not like come on guys 2023 it's the internet it'll be up

972

01:36:02,510 --> 01:36:08,540

within moments of it ending um so you will see it we'll have a lot more to talk about

973

01:36:08,540 --> 01:36:16,409

probably tomorrow um and speaking of tomorrow
before I let you guys go I do want to tease

974

01:36:16,409 --> 01:36:24,300

um some stuff oh I didn't I didn't talk about
um I didn't talk about this hold on so I went

975

01:36:24,300 --> 01:36:30,239

to Calvin Calvin Scotland uh I had the amazing
opportunity to head to Calvin Scotland with

976

01:36:30,239 --> 01:36:38,139

James Fox the documentary filmmaker and we
went to what we believe was the exact spot

977

01:36:38,139 --> 01:36:43,530

where the Calvin UFO photo was taken so you
will see the original photo that was recently

978

01:36:43,530 --> 01:36:49,949

released um from August 4th 1990 where these
two guys claimed that they on a hike they

979

01:36:49,949 --> 01:36:55,530

saw this craft this diamond ship craft hovering
in the sky and a Harrier jet following it

980

01:36:55,530 --> 01:37:01,960

um they took seven photos either six or seven
photos and they eventually ended up into the

981

01:37:01,960 --> 01:37:08,679

hands of the RAF and the mod and they were
never seen from again um however one of those

982

01:37:08,679 --> 01:37:14,770

photos was tucked in the desk of the original
RAF press officer who interviewed the witnesses

983

01:37:14,770 --> 01:37:19,600

he had this in his possession for some 30 plus years and finally it was released this

984

01:37:19,600 --> 01:37:27,300

past year um so James Fox and I and a few other members of his filming crew uh headed

985

01:37:27,300 --> 01:37:32,030

up to Calvin with a gentleman named Giles I'm not going to give away his last name who

986

01:37:32,030 --> 01:37:40,180

lives literally right below Calvin um and he having um known the area for a very long

987

01:37:40,180 --> 01:37:47,420

time and actually having Craig Lindsay the RAF officer the Press officer with us oh my

988

01:37:47,420 --> 01:37:54,119

God it was a crazy car ride up to Scotland up to calvine um and we learned so much from

989

01:37:54,119 --> 01:38:00,040

Craig Lindsay and he also helped us triangulate where this could have been taken this Photograph

990

01:38:00,040 --> 01:38:05,330

and it was like a hour hike up there it was not easy I thought I was gonna die a couple

991

01:38:05,330 --> 01:38:10,330

times I'm not gonna lie um James Fox made it up there with no problem dude is in amazing

992

01:38:10,330 --> 01:38:19,840

shape unlike me um and we think we found it I mean obviously nothing is for certain um

993

01:38:19,840 --> 01:38:25,060

but we found an area after using the witness
testimony kind of reenacting everything that

994

01:38:25,060 --> 01:38:30,980

happened um according to this witness testimony
um we think we found the fence post we even

995

01:38:30,980 --> 01:38:37,119

think we found the possible shrubs or trees
above it um now granted our photo has a lot

996

01:38:37,119 --> 01:38:44,000

of land in the background um a perfect Blue
Sky uh very clear um this photo was taken

997

01:38:44,000 --> 01:38:50,580

on a very cloudy day um so there's two differentiating
things for you right there um our angle isn't

998

01:38:50,580 --> 01:38:55,890

obviously exactly the same I get that it was
very hard to get that angle that they took

999

01:38:55,890 --> 01:39:00,760

the photo at I'm not gonna lie so make of
that what you will maybe this isn't the area

1000

01:39:00,760 --> 01:39:06,450

but we I'm I'm just gonna say it like James
Fox and I turned to one another and we got

1001

01:39:06,450 --> 01:39:13,219

chills like we really feel like this could
possibly be where the photo was taken if it

1002

01:39:13,219 --> 01:39:21,010

is if it is and I use that word if in big
capital letters I'm not certain but we think

1003

01:39:21,010 --> 01:39:29,200

it's possible um you can immediately put the water reflecting an island and boat you can

1004

01:39:29,200 --> 01:39:35,640

put that theory to bed there's not a single droplet of water anywhere no locks no Lakes

1005

01:39:35,640 --> 01:39:41,810

no Rivers nothing within like a 10 mile radius of where we took this photo again if this

1006

01:39:41,810 --> 01:39:46,960

is the exact area um but according to the witness testimony and everything we we looked

1007

01:39:46,960 --> 01:39:52,170

into James will be bringing forth more information about this in his upcoming new documentary

1008

01:39:52,170 --> 01:39:58,310

um we think we found it so we can at least lay this stupid water boat reflection thing

1009

01:39:58,310 --> 01:40:04,150

to rest um that doesn't mean this was a craft from Zeta reticuli um I personally believe

1010

01:40:04,150 --> 01:40:12,250

it was some sort of top secret U.S technology honestly I do um Craig Lindsay kind of leans

1011

01:40:12,250 --> 01:40:16,070

in that direction I don't want to put words in his mouth but we had some very long conversations

1012

01:40:16,070 --> 01:40:22,740

about that so whatever the case may be guys um we went there we did this it's there for

1013

01:40:22,740 --> 01:40:28,530

you to see on my Instagram right now um there's
somewhere in the sky's Instagram you could

1014

01:40:28,530 --> 01:40:33,500

see more photos we took of the area um and
you'll see a lot more in the upcoming documentary

1015

01:40:33,500 --> 01:40:40,130

by James Fox later uh I think early 2024 that'll
be coming out so yeah stay tuned for that

1016

01:40:40,130 --> 01:40:46,389

as well last but not least stay tuned um next
week for a brand new episode of somewhere

1017

01:40:46,389 --> 01:40:51,469

in the skies where we interview journalist
Mike Demonte he's been on the show quite a

1018

01:40:51,469 --> 01:40:56,960

few times he has a brand new book out called
above the fold and The Fringe and it could

1019

01:40:56,960 --> 01:41:03,810

not have come at a better time than this huge
story breaking in ufology so we talk all about

1020

01:41:03,810 --> 01:41:08,550

um that breaking story with crush and the
cross retrieval programs and how it plays

1021

01:41:08,550 --> 01:41:16,170

in to how UFOs are handled in the mainstream
media and alternative media we break the article

1022

01:41:16,170 --> 01:41:21,610

down we break down all the key players that
have been involved in UFO journalism in the

1023

01:41:21,610 --> 01:41:26,520

past you know a few years since the New York Times broke their story and uh we get a crash

1024

01:41:26,520 --> 01:41:31,909

course in what good journalism is and does a lot of this UFO journalism fall into that

1025

01:41:31,909 --> 01:41:37,639

or not um so please please please check out Mike damonte's brand new book from Beyond

1026

01:41:37,639 --> 01:41:41,800

1027

01:41:41,800 --> 01:41:46,909
