

A person stands on a wooden pier extending into a dark, starry night sky. A bright, vertical beam of light shines down from the top center of the frame, illuminating the person and the pier. The background is a dark, starry sky with a few visible stars. The overall mood is mysterious and ethereal.

THE UNTOLD STORIES

1  
00:00:40,150 --> 00:00:20,710  
foreign

2  
00:00:46,729 --> 00:00:42,310  
got over the village

3  
00:00:51,590 --> 00:00:49,670  
it was a disc shaped craft that came

4  
00:00:58,130 --> 00:00:51,600  
very close to us flying very very

5  
00:01:01,369 --> 00:00:59,209  
yeah

6  
00:01:03,830 --> 00:01:01,379  
it appeared to be of a pyramid or

7  
00:01:08,469 --> 00:01:03,840  
tetrahedral shape and it was observed by

8  
00:01:25,990 --> 00:01:12,860  
I seen it I know what I've seen

9  
00:01:37,569 --> 00:01:32,649  
thank you

10  
00:01:45,730 --> 00:01:39,890  
oh look it's right there just drop

11  
00:01:51,490 --> 00:01:49,569  
yeah he'll climb

12  
00:01:54,530 --> 00:01:51,500  
Autumn

13  
00:01:56,929 --> 00:01:54,540

hi I'm Willem heister I made this

14

00:01:59,210 --> 00:01:56,939

recording I'm the owner of the camera

15

00:02:02,830 --> 00:01:59,220

I'm a left-hand call in the Dutch Army

16

00:02:05,389 --> 00:02:02,840

also a military psychologist

17

00:02:08,029 --> 00:02:05,399

unidentified flying objects are usually

18

00:02:09,770 --> 00:02:08,039

dismissed as fantasy but sightings are

19

00:02:12,470 --> 00:02:09,780

often reported by highly credible

20

00:02:14,630 --> 00:02:12,480

Witnesses they have even been seen by

21

00:02:17,750 --> 00:02:14,640

two British policemen

22

00:02:21,350 --> 00:02:17,760

control car Delta 9 with PC Roger Willy

23

00:02:24,110 --> 00:02:21,360

and PC Clifford base at Oak Hampton were

24

00:02:26,690 --> 00:02:24,120

out on night Duty patrolling the a3072

25

00:02:29,150 --> 00:02:26,700

Heatherly the holsworthy road

26  
00:02:31,910 --> 00:02:29,160  
precisely one minute past four o'clock

27  
00:02:34,850 --> 00:02:31,920  
this morning they cited an object 400

28  
00:02:35,750 --> 00:02:34,860  
yards away from them and at Treetop

29  
00:02:38,030 --> 00:02:35,760  
level

30  
00:02:40,610 --> 00:02:38,040  
they reported immediately to okhampton

31  
00:02:43,970 --> 00:02:40,620  
police station where further men were

32  
00:02:49,610 --> 00:02:47,630  
there was no question whatsoever that um

33  
00:02:50,690 --> 00:02:49,620  
this was a pigment in the imagination it

34  
00:02:54,710 --> 00:02:50,700  
was it was

35  
00:02:57,350 --> 00:02:54,720  
it was definitely either manned by some

36  
00:02:59,990 --> 00:02:57,360  
sort of being or remotely controlled it

37  
00:03:02,509 --> 00:03:00,000  
was definitely being controlled to view

38  
00:03:04,990 --> 00:03:02,519

our car or you had the feeling it was

39

00:03:08,030 --> 00:03:05,000

watching you definitely yes

40

00:03:09,949 --> 00:03:08,040

Pilots astronauts even the first round

41

00:03:12,649 --> 00:03:09,959

the world yachtsman Francis Chichester

42

00:03:15,710 --> 00:03:12,659

have reported seeing things which seemed

43

00:03:17,630 --> 00:03:15,720

to defy rational explanation it is a

44

00:03:19,790 --> 00:03:17,640

perfect shape it was it was shaped it

45

00:03:23,449 --> 00:03:19,800

was sort of well like a pearl with a

46

00:03:27,170 --> 00:03:23,459

with a tail uh you know just a blimp of

47

00:03:30,670 --> 00:03:27,180

pure blimps shape and I watched this

48

00:03:35,030 --> 00:03:30,680

thing and and suddenly it disappeared

49

00:03:37,610 --> 00:03:35,040

and I was I thought well am I

50

00:03:39,830 --> 00:03:37,620

um seeing things

51  
00:03:42,649 --> 00:03:39,840  
reports of sightings can always be

52  
00:03:45,170 --> 00:03:42,659  
questioned but film of UFOs is harder to

53  
00:03:48,589 --> 00:03:45,180  
refute these images were taken over Utah

54  
00:03:50,449 --> 00:03:48,599  
in 1952 the film was minutely

55  
00:03:53,210 --> 00:03:50,459  
scrutinized by the U.S Navy's

56  
00:03:55,550 --> 00:03:53,220  
photographic interpretation lab they

57  
00:03:57,710 --> 00:03:55,560  
concluded that the objects weren't birds

58  
00:04:00,890 --> 00:03:57,720  
or balloons but self-luminous

59  
00:04:03,289 --> 00:04:00,900  
unidentified flying objects but in spite

60  
00:04:05,509 --> 00:04:03,299  
of such evidence scientists have always

61  
00:04:06,890 --> 00:04:05,519  
been skeptical so Richard what do you

62  
00:04:08,930 --> 00:04:06,900  
think of this flying source of business

63  
00:04:10,789 --> 00:04:08,940

well it's impossible to say what people

64

00:04:13,789 --> 00:04:10,799

actually see it as you're there at the

65

00:04:16,009 --> 00:04:13,799

time and you do get all sorts of reports

66

00:04:18,229 --> 00:04:16,019

if you didn't see it once up I can't say

67

00:04:21,710 --> 00:04:18,239

what it is they actually saw you've

68

00:04:25,909 --> 00:04:21,720

never seen anything yourself no never

69

00:04:27,909 --> 00:04:25,919

between 1948 and 1969 the U.S Air Force

70

00:04:32,330 --> 00:04:27,919

investigated 12

71

00:04:34,610 --> 00:04:32,340

618 reported sightings over 11 000 were

72

00:04:38,510 --> 00:04:34,620

identified as material objects weather

73

00:04:41,870 --> 00:04:38,520

conditions or hoaxes but 700 cases

74

00:04:44,510 --> 00:04:41,880

remained unexplained

75

00:04:49,850 --> 00:04:44,520

as the number of sightings grew UFO

76  
00:04:54,530 --> 00:04:52,249  
for Charles Bowen editor of flying

77  
00:04:57,110 --> 00:04:54,540  
saucer review the debate wasn't so much

78  
00:05:00,750 --> 00:04:57,120  
about whether UFOs were real but where

79  
00:05:06,890 --> 00:05:05,510  
[Music]

80  
00:05:08,450 --> 00:05:06,900  
you don't think it's possible that they

81  
00:05:10,969 --> 00:05:08,460  
could come from another planet within

82  
00:05:13,189 --> 00:05:10,979  
our solar system it is possible but

83  
00:05:14,570 --> 00:05:13,199  
things seem to prove Earth Point

84  
00:05:16,189 --> 00:05:14,580  
otherwise

85  
00:05:18,770 --> 00:05:16,199  
this means they come a very long way

86  
00:05:20,510 --> 00:05:18,780  
indeed

87  
00:05:22,249 --> 00:05:20,520  
you think this is still quite possible

88  
00:05:23,749 --> 00:05:22,259

this is several light years isn't it

89

00:05:26,390 --> 00:05:23,759

from the nearest well we must we must

90

00:05:29,930 --> 00:05:26,400

get around to the way of thinking in

91

00:05:32,390 --> 00:05:29,940

terms of non-man-made machines something

92

00:05:34,189 --> 00:05:32,400

more sophisticated than we have ever

93

00:05:36,170 --> 00:05:34,199

produced

94

00:05:37,330 --> 00:05:36,180

this film was shot in the United States

95

00:05:39,890 --> 00:05:37,340

in

96

00:05:43,189 --> 00:05:39,900

1965. the image became world famous

97

00:05:45,650 --> 00:05:43,199

overnight but was it genuine or a hoax

98

00:05:48,310 --> 00:05:45,660

like so much of the Visual Evidence it's

99

00:05:51,230 --> 00:05:48,320

hard to prove one way or the other

100

00:05:53,510 --> 00:05:51,240

most people like Joseph who have come to

101  
00:05:55,670 --> 00:05:53,520  
believe in flying sources seem to be in

102  
00:05:58,670 --> 00:05:55,680  
a sense uncritical in that they say

103  
00:06:01,010 --> 00:05:58,680  
right we accept all the sighting reports

104  
00:06:03,350 --> 00:06:01,020  
we've seen we accept the films we've

105  
00:06:05,290 --> 00:06:03,360  
been shown but they haven't on the whole

106  
00:06:07,670 --> 00:06:05,300  
got their own first-hand experiences

107  
00:06:11,270 --> 00:06:07,680  
have you

108  
00:06:14,450 --> 00:06:11,280  
uh have I actually seen one

109  
00:06:17,450 --> 00:06:14,460  
um yes I have seen one I saw one in 1963

110  
00:06:19,249 --> 00:06:17,460  
uh in London from my flat

111  
00:06:24,170 --> 00:06:19,259  
one that satisfied you beyond all

112  
00:06:26,270 --> 00:06:24,180  
Reasonable Doubt yes uh to to uh to my

113  
00:06:28,490 --> 00:06:26,280

the best of my knowledge it was nothing

114

00:06:36,010 --> 00:06:28,500

that could be rational or rationally

115

00:06:40,969 --> 00:06:38,330

South America seems to be the most

116

00:06:43,490 --> 00:06:40,979

active area for flying saucers ufologists

117

00:06:45,409 --> 00:06:43,500

believe the Spacemen may even have bases

118

00:06:47,390 --> 00:06:45,419

there in the Mato Grosso and the Andes

119

00:06:49,370 --> 00:06:47,400

and even underwater along the Atlantic

120

00:06:51,409 --> 00:06:49,380

coast of Patagonia

121

00:06:53,029 --> 00:06:51,419

in France an investigator discovered

122

00:06:56,029 --> 00:06:53,039

that reported sightings for one

123

00:06:58,070 --> 00:06:56,039

September night in 1963 fell in an

124

00:07:00,350 --> 00:06:58,080

absolutely straight line from Bayonne to

125

00:07:02,150 --> 00:07:00,360

Vichy ufologists have since used that

126

00:07:04,070 --> 00:07:02,160

method to work out two lines of orbit

127

00:07:11,870 --> 00:07:04,080

which they reckon linked the areas of

128

00:07:16,610 --> 00:07:13,790

Gordon kraki from the British foreign

129

00:07:18,890 --> 00:07:16,620

office had his own theories

130

00:07:20,270 --> 00:07:18,900

I think that there is more than one type

131

00:07:22,850 --> 00:07:20,280

visiting us

132

00:07:24,950 --> 00:07:22,860

I think at least five I'm talking of

133

00:07:27,350 --> 00:07:24,960

types of beings some types of craft

134

00:07:29,870 --> 00:07:27,360

there are about 30 types of craft

135

00:07:32,390 --> 00:07:29,880

uh I think a minimum of five types of

136

00:07:34,010 --> 00:07:32,400

beings are coming in possibly eight and

137

00:07:36,520 --> 00:07:34,020

I think that some other may be friendly

138

00:07:40,629 --> 00:07:36,530

and some may not be

139

00:07:47,330 --> 00:07:44,089

there have been many actual shapes the

140

00:07:49,270 --> 00:07:47,340

cigar shape which are usually the parent

141

00:07:52,070 --> 00:07:49,280

craft

142

00:07:55,790 --> 00:07:52,080

that have been disc shaped many disc

143

00:07:56,450 --> 00:07:55,800

shaped uh tadpole

144

00:08:00,770 --> 00:07:56,460

um

145

00:08:03,409 --> 00:08:00,780

heal like that in a man's shoe bubble

146

00:08:05,570 --> 00:08:03,419

a triangular

147

00:08:07,909 --> 00:08:05,580

and so on

148

00:08:09,830 --> 00:08:07,919

the most disturbing theory of all is

149

00:08:12,050 --> 00:08:09,840

that the men in the flying sources are

150

00:08:14,089 --> 00:08:12,060

our own descendants perhaps centuries in

151  
00:08:16,070 --> 00:08:14,099  
the future who found a way of breaking

152  
00:08:20,029 --> 00:08:16,080  
through the time barrier to visit their

153  
00:08:21,469 --> 00:08:20,039  
own past which is our present it is part

154  
00:08:23,510 --> 00:08:21,479  
of modern astronomy isn't it it's

155  
00:08:26,089 --> 00:08:23,520  
accepted by modern astronomers that it's

156  
00:08:28,189 --> 00:08:26,099  
possible that there are many planets in

157  
00:08:30,589 --> 00:08:28,199  
our galaxy that could sustain our kind

158  
00:08:32,449 --> 00:08:30,599  
of life or life similar to ours oh yes

159  
00:08:33,949 --> 00:08:32,459  
in our galaxy we're not in the solar

160  
00:08:36,769 --> 00:08:33,959  
system this makes an enormous difference

161  
00:08:39,050 --> 00:08:36,779  
about the travel time the if the thing

162  
00:08:40,969 --> 00:08:39,060  
is uh many thousand light years away

163  
00:08:43,909 --> 00:08:40,979

from here or many million light years

164

00:08:46,070 --> 00:08:43,919

away from here uh you even if you move

165

00:08:48,949 --> 00:08:46,080

with the speed of light you've got to be

166

00:08:51,350 --> 00:08:48,959

many million years old to get here

167

00:08:53,329 --> 00:08:51,360

friendly or not in the United States the

168

00:08:55,490 --> 00:08:53,339

military faced growing criticism from

169

00:08:59,210 --> 00:08:55,500

the public and the media for not taking

170

00:09:01,370 --> 00:08:59,220

the subject seriously in 1966 the U.S

171

00:09:04,430 --> 00:09:01,380

Air Force tried to silence its critics

172

00:09:06,530 --> 00:09:04,440

by asking the University of Colorado to

173

00:09:10,009 --> 00:09:06,540

conduct the most exhaustive scientific

174

00:09:12,829 --> 00:09:10,019

study of the UFO's ever undertaken their

175

00:09:15,410 --> 00:09:12,839

aim was to put an end to speculation and

176

00:09:20,930 --> 00:09:15,420

clear the air of flying sources once and

177

00:09:27,710 --> 00:09:24,170

author and UFO expert Timothy good has

178

00:09:30,070 --> 00:09:27,720

closely studied the Air Force report

179

00:09:33,190 --> 00:09:30,080

if you actually read the scientific

180

00:09:37,250 --> 00:09:33,200

study which is a very very long book

181

00:09:40,490 --> 00:09:37,260

it's quite clear that a relatively large

182

00:09:43,730 --> 00:09:40,500

percentage of the cases investigated by

183

00:09:46,550 --> 00:09:43,740

Specialists by scientists in specific

184

00:09:50,210 --> 00:09:46,560

disciplines were unexplainable I think

185

00:09:53,810 --> 00:09:50,220

something like 30 percent of the 117

186

00:09:56,509 --> 00:09:53,820

cases examined by the Colorado

187

00:09:59,870 --> 00:09:56,519

University commissioned commission were

188

00:10:04,130 --> 00:10:01,550

the report satisfied the military

189

00:10:09,670 --> 00:10:04,140

establishment but it didn't stop the

190

00:10:14,870 --> 00:10:12,410

UFOs continue to be seen around the

191

00:10:17,570 --> 00:10:14,880

world no more so than over the small

192

00:10:20,389 --> 00:10:17,580

English town of Warminster during the

193

00:10:21,500 --> 00:10:20,399

60s it became the UFO capital of the

194

00:10:26,650 --> 00:10:21,510

world

195

00:10:31,250 --> 00:10:29,030

a lot of people reported these strange

196

00:10:33,350 --> 00:10:31,260

clatterings on roofs which as I say is

197

00:10:34,850 --> 00:10:33,360

often the onset of poltergeist activity

198

00:10:36,590 --> 00:10:34,860

in in other situations it would be

199

00:10:40,070 --> 00:10:36,600

looked at in that way and there were

200

00:10:41,509 --> 00:10:40,080

many sightings of people down on outside

201  
00:10:43,910 --> 00:10:41,519  
the towns people would be sort of

202  
00:10:45,710 --> 00:10:43,920  
walking in the in the fields and they'd

203  
00:10:48,290 --> 00:10:45,720  
see someone who would just fade away or

204  
00:10:50,090 --> 00:10:48,300  
disappear very ghostly a worried Town

205  
00:10:51,889 --> 00:10:50,100  
came together at a public meeting

206  
00:10:53,269 --> 00:10:51,899  
firstly let me thank you all for coming

207  
00:10:54,710 --> 00:10:53,279  
along this evening

208  
00:10:56,509 --> 00:10:54,720  
and I hope what will prove a

209  
00:10:59,329 --> 00:10:56,519  
constructive meeting

210  
00:11:01,430 --> 00:10:59,339  
it is perhaps appropriate if I first

211  
00:11:03,710 --> 00:11:01,440  
give some background information to

212  
00:11:06,170 --> 00:11:03,720  
clarify the aims of this meeting I

213  
00:11:08,150 --> 00:11:06,180

called the meeting because some people

214

00:11:10,250 --> 00:11:08,160

said they've seen things

215

00:11:11,269 --> 00:11:10,260

and in the local paper they'd written a

216

00:11:13,870 --> 00:11:11,279

letter

217

00:11:16,550 --> 00:11:13,880

and then some other

218

00:11:18,050 --> 00:11:16,560

individuals ridiculed these good people

219

00:11:19,910 --> 00:11:18,060

saying

220

00:11:22,250 --> 00:11:19,920

they ought to take more water with a

221

00:11:27,590 --> 00:11:23,569

many of our

222

00:11:30,410 --> 00:11:29,030

you couldn't get into the

223

00:11:33,170 --> 00:11:30,420

interval

224

00:11:35,150 --> 00:11:33,180

the main street was

225

00:11:37,009 --> 00:11:35,160

festooned with people

226

00:11:38,269 --> 00:11:37,019

personally I had to have a police escort

227

00:11:40,009 --> 00:11:38,279

to get in

228

00:11:42,050 --> 00:11:40,019

one night back in the summer it could

229

00:11:44,210 --> 00:11:42,060

have been the 11th of August

230

00:11:45,889 --> 00:11:44,220

I heard a sound that was really horrible

231

00:11:48,050 --> 00:11:45,899

but I would have said was a Commodore

232

00:11:49,670 --> 00:11:48,060

Garden helicopter sitting only a few

233

00:11:53,329 --> 00:11:49,680

feet up above the house how many people

234

00:11:55,180 --> 00:11:53,339

are here tonight are afraid of the thing

235

00:11:58,550 --> 00:11:55,190

how many of you

236

00:12:04,069 --> 00:12:01,430

was this the thing it was photographed

237

00:12:07,190 --> 00:12:04,079

over Warminster by a local boy Gordon

238

00:12:12,470 --> 00:12:09,829

from what he told me at the time he was

239

00:12:14,210 --> 00:12:12,480

coming out from his house to take his

240

00:12:15,590 --> 00:12:14,220

camera which was a rather nice one a

241

00:12:17,449 --> 00:12:15,600

Japanese one

242

00:12:18,949 --> 00:12:17,459

um that time

243

00:12:22,670 --> 00:12:18,959

um much better than the one my daughter

244

00:12:25,250 --> 00:12:22,680

had and he was bringing it down to loan

245

00:12:28,550 --> 00:12:25,260

it to her and he was just coming out of

246

00:12:30,949 --> 00:12:28,560

his garden door and and he looked up and

247

00:12:33,230 --> 00:12:30,959

saw this thing across the skyline above

248

00:12:34,910 --> 00:12:33,240

the houses and he thought that's

249

00:12:37,790 --> 00:12:34,920

something odd and he had to hand his

250

00:12:39,230 --> 00:12:37,800

camera so he just snapped it didn't

251  
00:12:40,910 --> 00:12:39,240  
really think any more about it thought

252  
00:12:42,889 --> 00:12:40,920  
well it was odd but when it was

253  
00:12:45,590 --> 00:12:42,899  
developed of course that was the the

254  
00:12:49,449 --> 00:12:45,600  
photograph that was sort of accepted all

255  
00:12:55,069 --> 00:12:52,970  
foreign the events that so terrified the

256  
00:12:58,009 --> 00:12:55,079  
inhabitants of Warminster sparked the

257  
00:13:00,470 --> 00:12:58,019  
imagination of John Spencer then only 11

258  
00:13:02,930 --> 00:13:00,480  
years old

259  
00:13:04,910 --> 00:13:02,940  
now Vice President of the British UFO

260  
00:13:10,129 --> 00:13:04,920  
research Association he is still

261  
00:13:13,370 --> 00:13:11,509  
it's awesome pictures it's about as good

262  
00:13:14,690 --> 00:13:13,380  
as they come which is which is to say

263  
00:13:16,790 --> 00:13:14,700

pretty bad

264

00:13:17,990 --> 00:13:16,800

um there's a general rule in flying

265

00:13:19,610 --> 00:13:18,000

saucers at the most clear pictures

266

00:13:21,170 --> 00:13:19,620

usually eventually that you can find the

267

00:13:22,970 --> 00:13:21,180

strings that hold them up the real ones

268

00:13:24,710 --> 00:13:22,980

do tend to be sort of pretty grainy

269

00:13:26,449 --> 00:13:24,720

pretty blood because by their nature

270

00:13:28,190 --> 00:13:26,459

these things are reported as moving at

271

00:13:30,650 --> 00:13:28,200

high speed and often sounds you know

272

00:13:32,449 --> 00:13:30,660

unsurprisingly so you know Gordon's

273

00:13:35,629 --> 00:13:32,459

account is pretty well a standard one

274

00:13:37,850 --> 00:13:35,639

and the picture is not not surprisingly

275

00:13:39,170 --> 00:13:37,860

very blurred I have to say it's a it's a

276

00:13:40,670 --> 00:13:39,180

very limited picture because there's

277

00:13:42,470 --> 00:13:40,680

nothing else in the picture at all to

278

00:13:44,870 --> 00:13:42,480

give it perspective or size or distance

279

00:13:46,250 --> 00:13:44,880

as you know every almost every dimension

280

00:13:49,730 --> 00:13:46,260

of the thing is

281

00:13:54,590 --> 00:13:51,829

armed to the teeth with sophisticated

282

00:13:58,790 --> 00:13:54,600

devices the world's UFO enthusiasts

283

00:14:04,129 --> 00:14:01,610

[Music]

284

00:14:06,350 --> 00:14:04,139

every night sky Watchers crowded onto

285

00:14:08,760 --> 00:14:06,360

the hills determined to catch a glimpse

286

00:14:11,750 --> 00:14:08,770

of an extraterrestrial

287

00:14:22,310 --> 00:14:11,760

[Music]

288

00:14:24,889 --> 00:14:22,320

ER Molly Carey got caught up in UFO

289

00:14:27,170 --> 00:14:24,899

Mania she took pity on Frozen Sky

290

00:14:30,590 --> 00:14:27,180

Watchers and her home often became an

291

00:14:41,710 --> 00:14:32,930

some nights she'd have up to 20 people

292

00:14:50,509 --> 00:14:46,370

people used to come from all over

293

00:14:54,410 --> 00:14:52,310

there could have been one or two aliens

294

00:14:55,310 --> 00:14:54,420

came but that was just what they used to

295

00:14:59,210 --> 00:14:55,320

say

296

00:15:02,269 --> 00:14:59,220

they came from oh and they were all ages

297

00:15:08,740 --> 00:15:02,279

from the very young to the very old

298

00:15:08,750 --> 00:15:13,670

[Music]

299

00:15:18,829 --> 00:15:17,210

I remember the UFO flap down in

300

00:15:21,710 --> 00:15:18,839

Warminster

301

00:15:26,389 --> 00:15:21,720

back in late 1964 I think it started and

302

00:15:28,370 --> 00:15:26,399

it went on in through 1965 through 1967.

303

00:15:30,230 --> 00:15:28,380

at the height of it I went down there

304

00:15:33,829 --> 00:15:30,240

and I can remember

305

00:15:37,910 --> 00:15:33,839

traipsing around very cold hilltops

306

00:15:41,990 --> 00:15:37,920

together with teams of uh

307

00:15:44,750 --> 00:15:42,000

other enthusiasts I never saw anything

308

00:15:46,790 --> 00:15:44,760

other than satellites and aircraft I

309

00:15:48,710 --> 00:15:46,800

have to say even though others disagreed

310

00:15:50,930 --> 00:15:48,720

with me what was always interesting with

311

00:15:53,210 --> 00:15:50,940

the skywatches is that we had you could

312

00:15:54,889 --> 00:15:53,220

you could see the sociology of UFOs as

313

00:15:56,449 --> 00:15:54,899

well as what was in the sky you could

314

00:15:58,670 --> 00:15:56,459

see different people and you could stand

315

00:16:01,069 --> 00:15:58,680

in a group of people and in six people

316

00:16:02,689 --> 00:16:01,079

three of them could see lights in the

317

00:16:04,310 --> 00:16:02,699

sky two of them could see nothing

318

00:16:06,290 --> 00:16:04,320

whatsoever and another person could see

319

00:16:07,670 --> 00:16:06,300

portholes on a spaceship from Venus and

320

00:16:09,650 --> 00:16:07,680

that was always fascinating that

321

00:16:12,110 --> 00:16:09,660

different people could interpret things

322

00:16:14,449 --> 00:16:12,120

so obviously genuinely and passionately

323

00:16:16,910 --> 00:16:14,459

but it it talked I think all UFO

324

00:16:18,490 --> 00:16:16,920

researchers a lot about we have to study

325

00:16:21,110 --> 00:16:18,500

people as much as we have to study

326

00:16:23,329 --> 00:16:21,120

photographs thirty years after the

327

00:16:25,069 --> 00:16:23,339

famous photo of the thing appeared John

328

00:16:27,530 --> 00:16:25,079

Spencer had a call from a friend of

329

00:16:28,569 --> 00:16:27,540

Gordon Faulkner claiming the photo was a

330

00:16:32,990 --> 00:16:28,579

fake

331

00:16:36,350 --> 00:16:33,000

and I did some experiments with uh

332

00:16:40,189 --> 00:16:36,360

little models made out of little bowl

333

00:16:42,410 --> 00:16:40,199

tops and buttons and it's a

334

00:16:44,629 --> 00:16:42,420

I can't do it I can't remember exactly

335

00:16:46,490 --> 00:16:44,639

exactly whatever but they're all they're

336

00:16:48,230 --> 00:16:46,500

all small

337

00:16:50,689 --> 00:16:48,240

um never tried throwing them in the air

338

00:16:54,290 --> 00:16:50,699

taking a photograph try and get a rough

339

00:16:56,509 --> 00:16:54,300

idea as to how small you could get

340

00:16:57,290 --> 00:16:56,519

the throne being developed by summary

341

00:17:01,490 --> 00:16:57,300

local

342

00:17:03,710 --> 00:17:01,500

according to Roger Gordon and he and

343

00:17:06,169 --> 00:17:03,720

others involved indeed he thought people

344

00:17:08,030 --> 00:17:06,179

working here in the Warminster Journal

345

00:17:09,770 --> 00:17:08,040

at the time got together to play a

346

00:17:12,590 --> 00:17:09,780

practical joke on the then owner Charlie

347

00:17:14,449 --> 00:17:12,600

Mills Roger makes the point that

348

00:17:16,909 --> 00:17:14,459

considering the fuss that had been going

349

00:17:18,409 --> 00:17:16,919

on in Warminster he believes that

350

00:17:20,809 --> 00:17:18,419

Charlie Mills knew this was a joke

351

00:17:23,870 --> 00:17:20,819

because here it is it's a tiny little

352

00:17:26,390 --> 00:17:23,880

paragraph here and it's right next to

353

00:17:28,250 --> 00:17:26,400

Mrs May Butterworth advertising for

354

00:17:30,169 --> 00:17:28,260

someone to take over the job of counting

355

00:17:32,090 --> 00:17:30,179

wildfowl on sheer water in the winter

356

00:17:33,650 --> 00:17:32,100

months in other words there's been no

357

00:17:36,470 --> 00:17:33,660

fuss made about it considering the

358

00:17:38,210 --> 00:17:36,480

apparent value of this and considering

359

00:17:39,890 --> 00:17:38,220

the extraordinary spread that came in

360

00:17:41,570 --> 00:17:39,900

the Daily Mirror when Martin shuttlewood

361

00:17:43,720 --> 00:17:41,580

took it to the Daily Mirror within the

362

00:17:47,450 --> 00:17:43,730

next day or so

363

00:17:51,350 --> 00:17:49,610

Gordon has always said that it was a

364

00:17:53,810 --> 00:17:51,360

genuine photograph and I've never sort

365

00:17:55,490 --> 00:17:53,820

of disbelieved him because he's um he's

366

00:17:57,350 --> 00:17:55,500

very keen photographer it has a great

367

00:17:59,210 --> 00:17:57,360

deal of Photography but I have never

368

00:18:00,770 --> 00:17:59,220

doubted him for one moment that he took

369

00:18:03,169 --> 00:18:00,780

a genuine photograph of something that

370

00:18:05,810 --> 00:18:03,179

was very odd at the time

371

00:18:07,310 --> 00:18:05,820

if I or if anyone can prove that Gordon

372

00:18:08,930 --> 00:18:07,320

Faulkner is telling the truth or lying

373

00:18:10,250 --> 00:18:08,940

or that Roger is telling the truth or

374

00:18:12,230 --> 00:18:10,260

lying it won't make any difference to

375

00:18:14,870 --> 00:18:12,240

the impact this Photograph had whether

376

00:18:17,990 --> 00:18:14,880

it was milk bottle tops and and buttons

377

00:18:35,690 --> 00:18:18,000

or whether it was a genuine UFO the

378

00:18:41,150 --> 00:18:39,529

I believe that the the UFO phenomena and

379

00:18:43,430 --> 00:18:41,160

the crop circles are totally connected

380

00:18:45,710 --> 00:18:43,440

and it's to uh

381

00:18:50,840 --> 00:18:45,720

reawaken an ancient knowledge that we've

382

00:19:03,169 --> 00:19:00,890

[Music]

383

00:19:05,630 --> 00:19:03,179

Colin Andrews has been collecting and

384

00:19:11,750 --> 00:19:05,640

processing crop circle statistics in an

385

00:19:18,350 --> 00:19:14,990

this is indeed a mystery I've dealt with

386

00:19:20,510 --> 00:19:18,360

worked with at least 50 scientists and

387

00:19:23,390 --> 00:19:20,520

Engineers on this over the last nearly

388

00:19:25,130 --> 00:19:23,400

10 years and there's nobody in the world

389

00:19:27,830 --> 00:19:25,140

that's anywhere near an answer to

390

00:19:36,169 --> 00:19:27,840

account for this I believe we're looking

391

00:19:41,870 --> 00:19:39,650

in September 1991 Doug Bauer and Dave

392

00:19:47,029 --> 00:19:41,880

Chorley owned up to creating at least

393

00:19:51,169 --> 00:19:49,250

we wanted to make the UFO Society sink

394

00:19:53,870 --> 00:19:51,179

that a UVO had landed you see

395

00:19:55,789 --> 00:19:53,880

and after a few years they they didn't

396

00:19:59,210 --> 00:19:55,799

know whether to believe it or not

397

00:20:02,029 --> 00:19:59,220

and as the years rolled by we started

398

00:20:04,010 --> 00:20:02,039

doing certain patterns and as you see

399

00:20:06,169 --> 00:20:04,020

today we've got quite complicated in

400

00:20:07,669 --> 00:20:06,179

them at certain times of your life you

401  
00:20:09,830 --> 00:20:07,679  
love to take somebody for a ride don't

402  
00:20:11,210 --> 00:20:09,840  
you if it's not doing any harm and I

403  
00:20:13,370 --> 00:20:11,220  
didn't see her doing any harm a

404  
00:20:16,070 --> 00:20:13,380  
relationship was originally perceived

405  
00:20:18,770 --> 00:20:16,080  
between UFOs and crop circles it was

406  
00:20:20,630 --> 00:20:18,780  
thought that the crop circles were UFO

407  
00:20:23,210 --> 00:20:20,640  
landing sites only at the very beginning

408  
00:20:24,650 --> 00:20:23,220  
when the first sighting was was of a

409  
00:20:26,090 --> 00:20:24,660  
crop circle was found it was circular

410  
00:20:28,190 --> 00:20:26,100  
and it was UFO researchers that

411  
00:20:29,630 --> 00:20:28,200  
investigated it if we believe the claims

412  
00:20:31,610 --> 00:20:29,640  
of Doug and Dave who say that they

413  
00:20:33,529 --> 00:20:31,620

actually manufactured crop circles the

414

00:20:36,529 --> 00:20:33,539

first elaborate pattern that they went

415

00:20:38,029 --> 00:20:36,539

for was a sort of a one major Circle in

416

00:20:39,169 --> 00:20:38,039

the middle and four outriders at the

417

00:20:40,730 --> 00:20:39,179

edge and they said that they

418

00:20:42,110 --> 00:20:40,740

deliberately created that in the shape

419

00:20:43,549 --> 00:20:42,120

of the lunar module to make it look like

420

00:20:46,190 --> 00:20:43,559

something had landed

421

00:20:48,230 --> 00:20:46,200

the experts weren't so easily fooled

422

00:20:49,250 --> 00:20:48,240

it's an obvious I mean it's absolutely

423

00:20:52,070 --> 00:20:49,260

obvious

424

00:20:56,390 --> 00:20:52,080

this here you see it's not consistent at

425

00:21:01,250 --> 00:20:58,789

to this day the crop circle controversy

426  
00:21:03,890 --> 00:21:01,260  
continues an amateur cameraman captured

427  
00:21:05,930 --> 00:21:03,900  
on film this shiny object flying up from

428  
00:21:07,850 --> 00:21:05,940  
the corn could this be an

429  
00:21:18,950 --> 00:21:07,860  
extraterrestrial explanation for the

430  
00:21:23,270 --> 00:21:21,409  
Now where's that piece of paper

431  
00:21:30,409 --> 00:21:23,280  
it's a bird

432  
00:21:30,419 --> 00:21:36,110  
how's it going

433  
00:21:41,029 --> 00:21:38,630  
to stop

434  
00:21:58,310 --> 00:21:41,039  
the farmer too reported seeing a silver

435  
00:22:03,289 --> 00:22:01,070  
in the late 1980s the ufologist's

436  
00:22:05,510 --> 00:22:03,299  
attention switched to Florida and the

437  
00:22:10,430 --> 00:22:05,520  
town of Gulf Breeze

438  
00:22:17,270 --> 00:22:12,529

there she is

439

00:22:20,149 --> 00:22:17,280

oh my God

440

00:22:23,630 --> 00:22:20,159

in 1987 this small coastal town in

441

00:22:26,450 --> 00:22:23,640

America was overtaken by UFO fever like

442

00:22:29,450 --> 00:22:26,460

Warminster the UFO sighting put Gulf

443

00:22:32,630 --> 00:22:29,460

Breeze firmly on the map

444

00:22:34,310 --> 00:22:32,640

kind of solid in the sky right there

445

00:22:37,430 --> 00:22:34,320

that's the

446

00:22:39,890 --> 00:22:37,440

Tower way back Beyond local property

447

00:22:42,770 --> 00:22:39,900

developer Ed Walters took this video in

448

00:22:46,070 --> 00:22:42,780

1993 while walking along the Pensacola

449

00:22:46,080 --> 00:22:50,330

oh my God just hovering right there

450

00:22:54,830 --> 00:22:52,549

Bob uschler an aerospace technologist

451  
00:22:56,870 --> 00:22:54,840  
was intrigued by the stories coming out

452  
00:22:58,909 --> 00:22:56,880  
of Gulf Breeze and went to look for

453  
00:23:01,549 --> 00:22:58,919  
himself

454  
00:23:03,350 --> 00:23:01,559  
it was at night the first time Ed and I

455  
00:23:06,649 --> 00:23:03,360  
were driving in his truck just across

456  
00:23:08,570 --> 00:23:06,659  
the bridge here to Pensacola and as I'm

457  
00:23:10,610 --> 00:23:08,580  
sitting in the passenger seat looking

458  
00:23:12,789 --> 00:23:10,620  
across it head I noticed just out

459  
00:23:15,289 --> 00:23:12,799  
through the window this extraordinary

460  
00:23:17,270 --> 00:23:15,299  
object really that was just above the

461  
00:23:18,770 --> 00:23:17,280  
water you could even see the glow of the

462  
00:23:20,930 --> 00:23:18,780  
light on the bottom of the craft

463  
00:23:24,230 --> 00:23:20,940

reflecting off of the water surface

464

00:23:26,390 --> 00:23:24,240

which was kind of ripply and it was such

465

00:23:28,430 --> 00:23:26,400

a shock really to see

466

00:23:30,470 --> 00:23:28,440

exactly what was in the photographs that

467

00:23:33,590 --> 00:23:30,480

I had been analyzing for the past year

468

00:23:35,149 --> 00:23:33,600

and I'm asking Ed what what is that and

469

00:23:37,430 --> 00:23:35,159

he's looking out the window and he's

470

00:23:39,049 --> 00:23:37,440

excited as I am because this is the

471

00:23:41,090 --> 00:23:39,059

first time anyone else has been with him

472

00:23:43,250 --> 00:23:41,100

when he actually saw much less

473

00:23:44,990 --> 00:23:43,260

photographed one of these objects so

474

00:23:46,490 --> 00:23:45,000

he's asking me what I'm seeing and we're

475

00:23:47,570 --> 00:23:46,500

describing to each other exactly what

476  
00:23:49,490 --> 00:23:47,580  
we're seeing and this thing is just

477  
00:23:51,770 --> 00:23:49,500  
pacing along with us for about a minute

478  
00:23:53,990 --> 00:23:51,780  
and a half as we crossed the the bridge

479  
00:23:56,029 --> 00:23:54,000  
here and approach this hump and then it

480  
00:24:01,490 --> 00:23:56,039  
just kind of glided over towards the

481  
00:24:06,350 --> 00:24:03,950  
Ursula had studied dozens of pictures of

482  
00:24:08,810 --> 00:24:06,360  
Gulf Breeze sightings seeing one for

483  
00:24:13,010 --> 00:24:08,820  
himself dispelled any remaining dots

484  
00:24:18,890 --> 00:24:15,890  
it was no longer an issue of was it real

485  
00:24:23,049 --> 00:24:18,900  
it was indeed real it was a real solid

486  
00:24:25,669 --> 00:24:23,059  
object that could perform physical

487  
00:24:28,310 --> 00:24:25,679  
characteristics of aerodynamics that was

488  
00:24:32,390 --> 00:24:28,320

absolutely foreign to Aerospace

489

00:24:36,409 --> 00:24:34,430

Ed Walters took some spectacular

490

00:24:38,510 --> 00:24:36,419

pictures of what he saw above his home

491

00:24:44,990 --> 00:24:38,520

to many people they were convincing

492

00:24:49,850 --> 00:24:47,270

some months later Ed took this video

493

00:24:51,649 --> 00:24:49,860

footage from his back Garden it appears

494

00:25:02,830 --> 00:24:51,659

to show three similar objects

495

00:25:07,909 --> 00:25:05,330

some of his neighbors also captured

496

00:25:17,049 --> 00:25:07,919

extraordinary images these were taken by

497

00:25:21,590 --> 00:25:19,310

look it's right there just drop

498

00:25:23,029 --> 00:25:21,600

something out Gary

499

00:25:25,370 --> 00:25:23,039

again

500

00:25:27,049 --> 00:25:25,380

it's still coming down pictures like

501  
00:25:30,169 --> 00:25:27,059  
these were reinforced by physical

502  
00:25:34,370 --> 00:25:30,179  
evidence of inexplicable goings-on one

503  
00:25:40,010 --> 00:25:38,090  
December 17th of 1987 uh marked a

504  
00:25:41,810 --> 00:25:40,020  
threshold in the evolution of the

505  
00:25:44,390 --> 00:25:41,820  
investigation here of the UFO phenomenon

506  
00:25:47,269 --> 00:25:44,400  
and Gulf Breeze on that night Ed Walters

507  
00:25:49,370 --> 00:25:47,279  
from his house just down here got the

508  
00:25:52,190 --> 00:25:49,380  
familiar buzzing he'd been accustomed to

509  
00:25:54,110 --> 00:25:52,200  
hearing with the the craft showing up

510  
00:25:56,870 --> 00:25:54,120  
and he looked out and saw this craft

511  
00:25:59,210 --> 00:25:56,880  
right out here above the field just a a

512  
00:26:00,769 --> 00:25:59,220  
few feet above the ground and what was

513  
00:26:03,230 --> 00:26:00,779

remarkable about that in the photograph

514

00:26:04,909 --> 00:26:03,240

that followed was in the days and weeks

515

00:26:07,310 --> 00:26:04,919

of the investigation that followed we

516

00:26:09,950 --> 00:26:07,320

had a physical phenomenon the craft had

517

00:26:11,930 --> 00:26:09,960

affected the the grass here and the soil

518

00:26:13,730 --> 00:26:11,940

in such a way that first all of the

519

00:26:16,730 --> 00:26:13,740

grass had turned white and the ground

520

00:26:18,049 --> 00:26:16,740

itself had undergone some sort of energy

521

00:26:20,570 --> 00:26:18,059

exposure

522

00:26:22,549 --> 00:26:20,580

for two years you could clearly see the

523

00:26:24,950 --> 00:26:22,559

mark where this craft had been hovering

524

00:26:26,810 --> 00:26:24,960

the local grounds crew here at the

525

00:26:28,850 --> 00:26:26,820

school had come out and put fertilizer

526  
00:26:30,409 --> 00:26:28,860  
down and seeded it and watered it and

527  
00:26:32,149 --> 00:26:30,419  
couldn't get anything to grow as you can

528  
00:26:34,310 --> 00:26:32,159  
see they even recently brought in a

529  
00:26:36,529 --> 00:26:34,320  
brown type of topsoil which is different

530  
00:26:37,789 --> 00:26:36,539  
than the white surrounding sand here and

531  
00:26:38,990 --> 00:26:37,799  
you can see they've still not been

532  
00:26:43,549 --> 00:26:39,000  
successful in getting something to grow

533  
00:26:47,870 --> 00:26:46,010  
across the world in Moscow a group of

534  
00:26:50,210 --> 00:26:47,880  
scientists have observed similar

535  
00:27:08,910 --> 00:26:50,220  
phenomena

536  
00:27:14,149 --> 00:27:11,750  
[Music]

537  
00:27:16,430 --> 00:27:14,159  
he studied dozens of sites where UFOs

538  
00:27:19,669 --> 00:27:16,440

are said to have landed one he's looked

539

00:27:36,110 --> 00:27:19,679

at in detail is just outside Moscow

540

00:27:36,120 --> 00:27:51,169

foreign

541

00:27:57,909 --> 00:27:53,930

he has also conducted experiments using

542

00:27:57,919 --> 00:28:56,750

on the crucial symptoms

543

00:29:01,970 --> 00:28:59,450

many UFO sightings take place near

544

00:29:04,070 --> 00:29:01,980

military installations one of the best

545

00:29:07,430 --> 00:29:04,080

documented was at a U.S Air Force Base

546

00:29:09,769 --> 00:29:07,440

in Suffolk England in 1980. guards

547

00:29:12,710 --> 00:29:09,779

reported seeing a strange object in the

548

00:29:14,510 --> 00:29:12,720

forest a patrol was sent out the

549

00:29:24,810 --> 00:29:14,520

following extracts are taken from a

[Music]

553  
00:29:57,000 --> 00:30:05,060  
this way this is weird

00:30:16,870 --> 00:30:07,070  
[Music]

555  
00:30:16,880 --> 00:30:27,350  
he's coming toward us now

556  
00:30:31,850 --> 00:30:29,389  
the patrol was led by Deputy base

557  
00:30:34,070 --> 00:30:31,860  
commander Colonel Charles Holt who sent

558  
00:30:36,649 --> 00:30:34,080  
an official memo about the incident to

559  
00:30:38,990 --> 00:30:36,659  
the ministry of Defense he received no

560  
00:30:43,310 --> 00:30:39,000  
response and no explanation for what

561  
00:30:51,010 --> 00:30:47,149  
in March 1990 the two f-16s returned to

562  
00:30:51,020 --> 00:30:58,970  
[Music]

563  
00:31:08,870 --> 00:31:03,169

but since the 1940s over 3500 Pilots

564

00:31:13,370 --> 00:31:11,149

now retired former British Airways

565

00:31:16,610 --> 00:31:13,380

Captain Graham Shepard can finally talk

566

00:31:18,250 --> 00:31:16,620

openly about his UFO experiences on the

567

00:31:21,409 --> 00:31:18,260

22nd of March

568

00:31:24,830 --> 00:31:21,419

1967 we are returning from Gibraltar to

569

00:31:29,930 --> 00:31:28,010

quite suddenly we were aware that ahead

570

00:31:31,850 --> 00:31:29,940

of us was a star which was at least

571

00:31:34,549 --> 00:31:31,860

twice as bright as the best of Syria

572

00:31:36,830 --> 00:31:34,559

Soul Venus all the while it was changing

573

00:31:38,630 --> 00:31:36,840

color it was it was very very bright

574

00:31:40,430 --> 00:31:38,640

iridescent colors

575

00:31:42,769 --> 00:31:40,440

there were greens and blues beautiful

576  
00:31:44,810 --> 00:31:42,779  
Reds

577  
00:31:46,310 --> 00:31:44,820  
um and suddenly again suddenly

578  
00:31:50,029 --> 00:31:46,320  
everything happens

579  
00:31:51,889 --> 00:31:50,039  
it it started air batting

580  
00:31:54,889 --> 00:31:51,899  
it was moving around the sky doing

581  
00:31:58,090 --> 00:31:54,899  
figures of eight it was doing Loops it's

582  
00:32:00,230 --> 00:31:58,100  
it was maneuvering at a rate which is

583  
00:32:02,750 --> 00:32:00,240  
impossible in my view

584  
00:32:05,029 --> 00:32:02,760  
for known

585  
00:32:08,029 --> 00:32:05,039  
aerodynamic laws

586  
00:32:10,029 --> 00:32:08,039  
and we asked border radar if they had

587  
00:32:13,190 --> 00:32:10,039  
any unidentified traffic and they did

588  
00:32:22,970 --> 00:32:13,200

confirm they had unidentified traffic 10

589

00:32:26,930 --> 00:32:25,010

Pilots better than anybody else know

590

00:32:39,169 --> 00:32:26,940

there is often a rational explanation

591

00:32:42,230 --> 00:32:40,669

you see a number of things from the

592

00:32:45,169 --> 00:32:42,240

flight deck

593

00:32:46,190 --> 00:32:45,179

other airplanes we see Reflections from

594

00:32:48,649 --> 00:32:46,200

the ground

595

00:32:51,830 --> 00:32:48,659

this is day and night time

596

00:32:54,110 --> 00:32:51,840

and within minutes the Preston radar

597

00:32:55,490 --> 00:32:54,120

controller alerted us

598

00:32:57,830 --> 00:32:55,500

he told us we have opposite direction

599

00:33:01,669 --> 00:32:57,840

traffic in the airway very fast moving

600

00:33:05,330 --> 00:33:03,289

immediately of course we looked out of

601  
00:33:07,070 --> 00:33:05,340  
the flight deck straight ahead of us to

602  
00:33:09,230 --> 00:33:07,080  
the 12 o'clock position

603  
00:33:12,110 --> 00:33:09,240  
an interview came

604  
00:33:13,490 --> 00:33:12,120  
a disc shaped craft it was shaped like a

605  
00:33:16,909 --> 00:33:13,500  
discus

606  
00:33:20,990 --> 00:33:19,190  
a more accurate description would be

607  
00:33:24,169 --> 00:33:21,000  
like a hubcap

608  
00:33:26,630 --> 00:33:24,179  
of American car

609  
00:33:29,690 --> 00:33:26,640  
a cup holder on the top diameter about

610  
00:33:31,970 --> 00:33:29,700  
30 feet in my view

611  
00:33:34,730 --> 00:33:31,980  
I was looking down on the craft the

612  
00:33:36,350 --> 00:33:34,740  
machine as it came past flying at very

613  
00:33:38,090 --> 00:33:36,360

very high speed

614

00:33:40,549 --> 00:33:38,100

it came to within about a quarter of a

615

00:33:46,370 --> 00:33:40,559

mile of us I was looking down on it

616

00:33:46,380 --> 00:33:52,070

foreign

617

00:33:56,870 --> 00:33:54,830

two very curious things

618

00:34:00,529 --> 00:33:56,880

first of all there was no Shockwave from

619

00:34:02,930 --> 00:34:00,539

this machine it was close enough

620

00:34:06,409 --> 00:34:02,940

in my experience it was close enough to

621

00:34:10,250 --> 00:34:06,419

give us quite a bump a noise and a bang

622

00:34:13,010 --> 00:34:10,260

as the Shockwave passed us

623

00:34:14,930 --> 00:34:13,020

secondly we made no attempt

624

00:34:17,510 --> 00:34:14,940

to report an air mist

625

00:34:19,369 --> 00:34:17,520

a near Collision or file an air safety

626  
00:34:22,369 --> 00:34:19,379  
report

627  
00:34:25,070 --> 00:34:22,379  
so that not only us as a crew that the

628  
00:34:26,510 --> 00:34:25,080  
Preston radar controller were aware that

629  
00:34:28,430 --> 00:34:26,520  
its strangeness

630  
00:34:35,869 --> 00:34:28,440  
didn't qualify

631  
00:34:40,490 --> 00:34:38,389  
25 years on I feel I've got a long and

632  
00:34:43,430 --> 00:34:40,500  
happy career behind me

633  
00:34:45,470 --> 00:34:43,440  
and I feel so strongly that the whole

634  
00:34:47,089 --> 00:34:45,480  
subject is

635  
00:34:48,950 --> 00:34:47,099  
and should be

636  
00:34:51,109 --> 00:34:48,960  
in the public domain

637  
00:34:52,849 --> 00:34:51,119  
so I broke ranks if you like and broke

638  
00:34:56,210 --> 00:34:52,859

ranks and

639

00:34:59,329 --> 00:34:56,220

decided to talk about it openly

640

00:35:01,250 --> 00:34:59,339

to the media British Airways were

641

00:35:03,470 --> 00:35:01,260

apoplectic

642

00:35:05,690 --> 00:35:03,480

it's the only word I can use

643

00:35:07,370 --> 00:35:05,700

they gave me lengthy interviews and they

644

00:35:09,290 --> 00:35:07,380

followed up the interviews

645

00:35:13,910 --> 00:35:09,300

with a letter

646

00:35:15,650 --> 00:35:13,920

which in all fairness does describe the

647

00:35:19,190 --> 00:35:15,660

conflict that does exist

648

00:35:20,930 --> 00:35:19,200

between a subject UFOs

649

00:35:23,690 --> 00:35:20,940

which is on the The Fringe of

650

00:35:26,510 --> 00:35:23,700

believability and The credibility

651  
00:35:29,690 --> 00:35:26,520  
of British Airways captains British

652  
00:35:32,270 --> 00:35:29,700  
Airways want the least possible

653  
00:35:34,370 --> 00:35:32,280  
controversy they don't want wacky

654  
00:35:37,970 --> 00:35:34,380  
Captain they don't want wacky Crews they

655  
00:35:39,530 --> 00:35:37,980  
don't want any of the air crew involved

656  
00:35:41,230 --> 00:35:39,540  
with any subjects which have the

657  
00:35:48,349 --> 00:35:41,240  
slightest

658  
00:35:53,089 --> 00:35:50,750  
since modern UFO sightings began

659  
00:35:56,450 --> 00:35:53,099  
Believers have accused politicians and

660  
00:35:57,950 --> 00:35:56,460  
the military of a cover-up

661  
00:36:00,050 --> 00:35:57,960  
how much do you think governments have

662  
00:36:03,190 --> 00:36:00,060  
suppressed what they have seen or what

663  
00:36:05,870 --> 00:36:03,200

the organs like the air forces have seen

664

00:36:08,270 --> 00:36:05,880

it is something that I can't quite

665

00:36:09,950 --> 00:36:08,280

frankly prove you think that the

666

00:36:12,349 --> 00:36:09,960

authorities really are suppressing the

667

00:36:14,089 --> 00:36:12,359

information not Supreme yeah suppressive

668

00:36:15,589 --> 00:36:14,099

that's true and not allowing their

669

00:36:17,890 --> 00:36:15,599

junior officials to know anything so

670

00:36:22,810 --> 00:36:17,900

they can't tell lies anyway

671

00:36:29,930 --> 00:36:22,820

five four three two one

672

00:36:59,380 --> 00:36:33,890

s

673

00:37:05,210 --> 00:36:59,390

people out there

674

00:37:08,270 --> 00:37:05,220

[Music]

675

00:37:09,829 --> 00:37:08,280

oh a number of astronauts in both the

676

00:37:11,930 --> 00:37:09,839

former Soviet Union and the United

677

00:37:14,120 --> 00:37:11,940

States are rumored to have encountered

678

00:37:19,190 --> 00:37:14,130

UFOs

679

00:37:26,810 --> 00:37:24,290

Armstrong is reported to have seen a UFO

680

00:37:29,150 --> 00:37:26,820

or two UFOs on the moon together with

681

00:37:31,010 --> 00:37:29,160

Buzz Aldrin and a number of people from

682

00:37:32,930 --> 00:37:31,020

NASA have come forward with that story

683

00:37:34,250 --> 00:37:32,940

including Maurice chatelaine who is a

684

00:37:36,589 --> 00:37:34,260

Communications

685

00:37:38,870 --> 00:37:36,599

specialist who helped design the Apollo

686

00:37:42,109 --> 00:37:38,880

spacecraft he confirms that both

687

00:37:43,490 --> 00:37:42,119

Armstrong and Aldrin did indeed see UFOs

688

00:37:46,550 --> 00:37:43,500

on the moon

689

00:37:48,890 --> 00:37:46,560

I'm not a conspiracy freak as such but

690

00:37:52,130 --> 00:37:48,900

the fact of the matter is that there is

691

00:37:54,890 --> 00:37:52,140

an officially acknowledged cover-up of

692

00:37:56,810 --> 00:37:54,900

the UFO phenomenon certainly by the

693

00:37:58,849 --> 00:37:56,820

United States authorities this is easily

694

00:38:00,910 --> 00:37:58,859

approvable because

695

00:38:04,670 --> 00:38:00,920

since the 1970s

696

00:38:06,530 --> 00:38:04,680

thousands of documents on UFOs

697

00:38:09,470 --> 00:38:06,540

have now been released by the

698

00:38:12,109 --> 00:38:09,480

intelligence Community I'm talking not

699

00:38:14,329 --> 00:38:12,119

just about the FBI and the CIA with with

700

00:38:16,010 --> 00:38:14,339

which we're we're all familiar but the

701  
00:38:17,810 --> 00:38:16,020  
defense intelligence agency the National

702  
00:38:21,050 --> 00:38:17,820  
Security Agency

703  
00:38:24,170 --> 00:38:21,060  
the state department Bureau of research

704  
00:38:26,810 --> 00:38:24,180  
the atomic energy commission Army Air

705  
00:38:29,930 --> 00:38:26,820  
Force Naval intelligence and several

706  
00:38:32,390 --> 00:38:29,940  
others all of whom with the exception of

707  
00:38:36,230 --> 00:38:32,400  
the Air Force denied any serious

708  
00:38:38,329 --> 00:38:36,240  
involvement in UFOs and denied having

709  
00:38:40,010 --> 00:38:38,339  
any documents but thanks to the Freedom

710  
00:38:41,150 --> 00:38:40,020  
of Information Act we know they've been

711  
00:38:43,490 --> 00:38:41,160  
lying

712  
00:38:45,829 --> 00:38:43,500  
in Washington D.C the Federation of

713  
00:38:47,810 --> 00:38:45,839

American scientists has been campaigning

714

00:38:49,670 --> 00:38:47,820

against what it sees as excessive

715

00:38:51,770 --> 00:38:49,680

government secrecy

716

00:38:53,930 --> 00:38:51,780

one of the peculiar things about the

717

00:38:57,950 --> 00:38:53,940

secrecy problem is that no one really

718

00:39:00,349 --> 00:38:57,960

knows just how many classified documents

719

00:39:04,250 --> 00:39:00,359

there are there is no inventory there's

720

00:39:06,589 --> 00:39:04,260

no catalog or index what we do know are

721

00:39:09,589 --> 00:39:06,599

bits and pieces of the problem and the

722

00:39:12,230 --> 00:39:09,599

bits and pieces are quite sizable

723

00:39:15,470 --> 00:39:12,240

themselves for example the National

724

00:39:18,770 --> 00:39:15,480

Archives reports that it has more than

725

00:39:23,450 --> 00:39:18,780

300 million pages of classified

726

00:39:33,010 --> 00:39:23,460

documents from before 1960 alone that

727

00:39:39,109 --> 00:39:36,530

thank you there is a vast quantity of

728

00:39:42,530 --> 00:39:39,119

government documentation on the

729

00:39:47,450 --> 00:39:42,540

phenomenon of unidentified flying

730

00:39:54,589 --> 00:39:49,250

Timothy Goode has had first-hand

731

00:39:59,450 --> 00:39:56,690

the object that I saw

732

00:40:04,130 --> 00:39:59,460

in the sky here in southeast London

733

00:40:07,370 --> 00:40:04,140

in 1980 first appeared as a bright point

734

00:40:09,710 --> 00:40:07,380

of light just like Venus or a very

735

00:40:12,109 --> 00:40:09,720

bright star and at first I thought maybe

736

00:40:13,490 --> 00:40:12,119

this was an aircraft reflecting the last

737

00:40:15,770 --> 00:40:13,500

rays of the sun because this was at

738

00:40:17,930 --> 00:40:15,780

about seven minutes past four in the

739

00:40:20,329 --> 00:40:17,940

afternoon

740

00:40:22,130 --> 00:40:20,339

um but then I realized that it wasn't

741

00:40:23,690 --> 00:40:22,140

really in the right position for Venus

742

00:40:26,270 --> 00:40:23,700

or any other planet it was much too

743

00:40:28,910 --> 00:40:26,280

bright to be a star somebody got

744

00:40:31,130 --> 00:40:28,920

videotape of it from the Seven Oaks area

745

00:40:32,569 --> 00:40:31,140

and this is I think a 35 to 40 minute

746

00:40:36,109 --> 00:40:32,579

video

747

00:40:37,750 --> 00:40:36,119

and that clearly shows a point of light

748

00:40:40,790 --> 00:40:37,760

in the sky

749

00:40:42,770 --> 00:40:40,800

unfortunately you know without a

750

00:40:44,870 --> 00:40:42,780

powerful Zoom you don't get any idea of

751  
00:40:46,370 --> 00:40:44,880  
the shape of it I mean that could not be

752  
00:40:48,170 --> 00:40:46,380  
a boiler balloon that's impossible

753  
00:40:49,220 --> 00:40:48,180  
because it wouldn't move up and down

754  
00:40:50,810 --> 00:40:49,230  
like that

755  
00:40:52,609 --> 00:40:50,820  
[Music]

756  
00:40:57,290 --> 00:40:52,619  
not going up and then going over

757  
00:41:03,170 --> 00:40:59,930  
40 other people reported citing a

758  
00:41:07,250 --> 00:41:05,210  
subsequently I made a lot of inquiries

759  
00:41:10,910 --> 00:41:07,260  
about this object

760  
00:41:12,829 --> 00:41:10,920  
and I've tried the London weather center

761  
00:41:14,750 --> 00:41:12,839  
they said they'd had no reports of

762  
00:41:18,770 --> 00:41:14,760  
unusual activities

763  
00:41:21,230 --> 00:41:18,780

I contacted civil aviation Authority at

764

00:41:23,450 --> 00:41:21,240

Heathrow they said that no airliners

765

00:41:26,150 --> 00:41:23,460

coming into or leaving Heathrow had

766

00:41:28,609 --> 00:41:26,160

reported citing the object Ministry of

767

00:41:30,950 --> 00:41:28,619

Defense confirmed all that and said that

768

00:41:33,349 --> 00:41:30,960

there had been no radar tracks of

769

00:41:35,349 --> 00:41:33,359

unknown objects at the time in question

770

00:41:38,290 --> 00:41:35,359

now that's quite possible of course

771

00:41:41,510 --> 00:41:38,300

especially if the UFO was able to

772

00:41:44,990 --> 00:41:41,520

disguise itself or to screen itself in

773

00:41:47,510 --> 00:41:45,000

some way from radar but I am surprised

774

00:41:50,510 --> 00:41:47,520

that some Pilots at least

775

00:41:53,329 --> 00:41:50,520

didn't report it because

776

00:41:56,089 --> 00:41:53,339

um it would have been seen from a very

777

00:41:57,890 --> 00:41:56,099

very wide area and I'm sure that that

778

00:41:59,870 --> 00:41:57,900

thousands of people must have seen this

779

00:42:02,510 --> 00:41:59,880

thing I mean it was alternately hovering

780

00:42:05,750 --> 00:42:02,520

and maneuvering in a completely clear

781

00:42:08,510 --> 00:42:05,760

sky for an hour and 10 minutes

782

00:42:10,790 --> 00:42:08,520

yeah

783

00:42:12,410 --> 00:42:10,800

some of the clearest and most frequent

784

00:42:15,230 --> 00:42:12,420

sightings in modern times have happened

785

00:42:17,630 --> 00:42:15,240

in Elmwood Wisconsin they had so many

786

00:42:19,910 --> 00:42:17,640

Close Encounters that the town became

787

00:42:23,569 --> 00:42:19,920

the inspiration for Steven Spielberg's

788

00:42:27,950 --> 00:42:25,609

when the Sun goes down over Elmwood

789

00:42:30,890 --> 00:42:27,960

Wisconsin the people of this Tiny Town

790

00:42:32,930 --> 00:42:30,900

see them I could see the little legs on

791

00:42:35,750 --> 00:42:32,940

it like little pods on the bottom it was

792

00:42:37,310 --> 00:42:35,760

a saucer-shaped deal when he got over

793

00:42:40,010 --> 00:42:37,320

the village

794

00:42:41,109 --> 00:42:40,020

and it was gone out of sight

795

00:42:51,530 --> 00:42:41,119

s

796

00:42:53,390 --> 00:42:51,540

people call it the Forbidden Village in

797

00:42:55,609 --> 00:42:53,400

The Forsaken Valley

798

00:42:58,130 --> 00:42:55,619

but Elmwood decided to go one step

799

00:42:59,809 --> 00:42:58,140

further in making contact

800

00:43:02,690 --> 00:42:59,819

in our opinion this is going to

801  
00:43:04,849 --> 00:43:02,700  
represent man's Grand attempt here to

802  
00:43:07,309 --> 00:43:04,859  
reach out and establish a relationship

803  
00:43:09,710 --> 00:43:07,319  
with this Society they're trying to

804  
00:43:11,870 --> 00:43:09,720  
raise 16 million dollars to build a

805  
00:43:14,329 --> 00:43:11,880  
landing base and entice their alien

806  
00:43:16,130 --> 00:43:14,339  
visitors out of their spacecraft but

807  
00:43:18,349 --> 00:43:16,140  
there are many people who already claim

808  
00:43:21,470 --> 00:43:18,359  
to have met aliens

809  
00:43:25,309 --> 00:43:21,480  
I was here in this room in our bedroom

810  
00:43:26,030 --> 00:43:25,319  
and it was 3 17 a.m audience of the

811  
00:43:29,750 --> 00:43:26,040  
morning

812  
00:43:31,130 --> 00:43:29,760  
I was here alone

813  
00:43:33,109 --> 00:43:31,140

my husband is going to wear in a

814

00:43:34,670 --> 00:43:33,119

training course

815

00:43:36,349 --> 00:43:34,680

I was sleeping on that side of the bed

816

00:43:39,710 --> 00:43:36,359

and my young son was sleeping on this

817

00:43:43,550 --> 00:43:39,720

side it was a lot smaller then

818

00:43:45,109 --> 00:43:43,560

and I was woken up but it was just a

819

00:43:48,069 --> 00:43:45,119

strange feeling really it was like

820

00:43:51,050 --> 00:43:48,079

unseen hands sort of shaking you awake

821

00:43:52,730 --> 00:43:51,060

and I had this urge to get out of bed

822

00:43:54,230 --> 00:43:52,740

and go and look up the window

823

00:43:56,210 --> 00:43:54,240

it was like someone was telling me to go

824

00:43:58,370 --> 00:43:56,220

and look out the window

825

00:44:00,650 --> 00:43:58,380

just very strange

826

00:44:02,510 --> 00:44:00,660

um I did I got out of the bed and I

827

00:44:04,670 --> 00:44:02,520

walked over to those windows and looked

828

00:44:06,829 --> 00:44:04,680

out in the distance

829

00:44:07,910 --> 00:44:06,839

there were lots of little lights moving

830

00:44:09,470 --> 00:44:07,920

around

831

00:44:11,450 --> 00:44:09,480

and I thought at first that they were

832

00:44:13,430 --> 00:44:11,460

just Stars you know moving around in the

833

00:44:15,470 --> 00:44:13,440

distance I remember thinking you know

834

00:44:19,069 --> 00:44:15,480

wow they look pretty and then realizing

835

00:44:23,329 --> 00:44:21,290

I felt myself sort of being lifted up

836

00:44:25,670 --> 00:44:23,339

being pulled upwards

837

00:44:27,170 --> 00:44:25,680

and I was in this light lots of blue

838

00:44:28,910 --> 00:44:27,180

blue white light

839

00:44:30,170 --> 00:44:28,920

and then the light dimmed down and I

840

00:44:32,329 --> 00:44:30,180

could see sort of Shadows moving around

841

00:44:34,790 --> 00:44:32,339

in this light

842

00:44:36,530 --> 00:44:34,800

and then the lights have dimmed down a

843

00:44:38,990 --> 00:44:36,540

bit more and then they're standing in

844

00:44:43,550 --> 00:44:39,000

front of me were

845

00:44:46,130 --> 00:44:43,560

what I would describe as three non-human

846

00:44:47,930 --> 00:44:46,140

beings and they're about three and a

847

00:44:50,089 --> 00:44:47,940

half to four feet tall

848

00:44:53,210 --> 00:44:50,099

brown tan in color

849

00:44:57,050 --> 00:44:53,220

and had large oval heads large oval

850

00:44:59,200 --> 00:44:57,060

black eyes had long skinny arms they

851  
00:45:00,290 --> 00:44:59,210  
look like undeveloped children

852  
00:45:01,670 --> 00:45:00,300  
[Music]

853  
00:45:03,710 --> 00:45:01,680  
um

854  
00:45:06,470 --> 00:45:03,720  
they moved up and stood in front of me

855  
00:45:09,050 --> 00:45:06,480  
and one of them stood directly ahead and

856  
00:45:12,050 --> 00:45:09,060  
one on either side

857  
00:45:14,210 --> 00:45:12,060  
and they had a funny smell to them

858  
00:45:15,589 --> 00:45:14,220  
I think the most traumatic part really

859  
00:45:17,569 --> 00:45:15,599  
was

860  
00:45:20,089 --> 00:45:17,579  
this taller one had come and stood by my

861  
00:45:21,470 --> 00:45:20,099  
head and he wasn't holding me but I felt

862  
00:45:22,910 --> 00:45:21,480  
like he was holding me down he was

863  
00:45:24,890 --> 00:45:22,920

leaning across

864

00:45:26,510 --> 00:45:24,900

the head of this table and staring into

865

00:45:28,309 --> 00:45:26,520

my face

866

00:45:30,170 --> 00:45:28,319

and I couldn't move it was like all I

867

00:45:31,430 --> 00:45:30,180

could do was respond to him looking at

868

00:45:33,410 --> 00:45:31,440

me

869

00:45:35,890 --> 00:45:33,420

and

870

00:45:39,170 --> 00:45:35,900

one of the the other little brown

871

00:45:40,849 --> 00:45:39,180

guys came came over from the right and

872

00:45:42,950 --> 00:45:40,859

he was holding something that looked

873

00:45:46,130 --> 00:45:42,960

like a single strand of fiber optic

874

00:45:47,809 --> 00:45:46,140

cable and it was lit up all along its

875

00:45:50,270 --> 00:45:47,819

length it didn't have a light on it or

876

00:45:53,510 --> 00:45:50,280

anything it was just a light

877

00:45:55,069 --> 00:45:53,520

and the one standing at the head of the

878

00:45:55,970 --> 00:45:55,079

table took my head and sort of turned it

879

00:45:58,609 --> 00:45:55,980

slightly

880

00:46:00,410 --> 00:45:58,619

facing that way

881

00:46:01,730 --> 00:46:00,420

and then I just felt this was tremendous

882

00:46:02,569 --> 00:46:01,740

pain

883

00:46:04,309 --> 00:46:02,579

um

884

00:46:05,930 --> 00:46:04,319

like my head was being sort of split

885

00:46:07,490 --> 00:46:05,940

open on the inside it was just a

886

00:46:10,430 --> 00:46:07,500

tremendous pain

887

00:46:11,750 --> 00:46:10,440

and I knew that whatever this was that

888

00:46:13,250 --> 00:46:11,760

this one was caring that they'd stuck it

889

00:46:15,170 --> 00:46:13,260

into my head

890

00:46:18,410 --> 00:46:15,180

and I felt a sharp pull at the back of

891

00:46:21,290 --> 00:46:18,420

my head like a tug a sudden tug

892

00:46:22,790 --> 00:46:21,300

and I was lying on as a salon on this

893

00:46:25,730 --> 00:46:22,800

table and

894

00:46:28,370 --> 00:46:25,740

I can remember I'm crying and the tears

895

00:46:30,290 --> 00:46:28,380

are running down my nose

896

00:46:32,210 --> 00:46:30,300

instead of dropping onto my lip and I

897

00:46:34,490 --> 00:46:32,220

can taste them I can taste the salty

898

00:46:35,450 --> 00:46:34,500

tears you know and it's not the sort of

899

00:46:39,829 --> 00:46:35,460

thing

900

00:46:42,290 --> 00:46:39,839

Dreams they're against vivid dreams like

901  
00:46:43,609 --> 00:46:42,300  
you know everyone else and they remain

902  
00:46:45,829 --> 00:46:43,619  
with you for a while in fact they're

903  
00:46:47,450 --> 00:46:45,839  
extremely Vivid but I have never ever

904  
00:46:49,670 --> 00:46:47,460  
woken up from such a dream or a

905  
00:46:53,329 --> 00:46:49,680  
nightmare with hair missing from the

906  
00:46:55,309 --> 00:46:53,339  
back of my head a small hole in my navel

907  
00:46:58,490 --> 00:46:55,319  
that was leaking fluid

908  
00:47:00,410 --> 00:46:58,500  
all the bruises where this you know

909  
00:47:03,650 --> 00:47:00,420  
pencil thing had touched me

910  
00:47:06,050 --> 00:47:03,660  
and this overwhelming sort of memory of

911  
00:47:08,329 --> 00:47:06,060  
smells and sounds you know these are

912  
00:47:10,130 --> 00:47:08,339  
these are real as I say sort of since

913  
00:47:11,569 --> 00:47:10,140

this is real sensory they were moving

914

00:47:13,790 --> 00:47:11,579

like a source of wood if you skipped it

915

00:47:15,109 --> 00:47:13,800

across water and the newspaper reporter

916

00:47:17,930 --> 00:47:15,119

then pick that up and use the term

917

00:47:19,849 --> 00:47:17,940

Flying Saucer I've described that term

918

00:47:21,290 --> 00:47:19,859

flying saucerer as the best advertising

919

00:47:22,849 --> 00:47:21,300

slogan in the world because people are

920

00:47:23,990 --> 00:47:22,859

still buying the product 40 years later

921

00:47:27,530 --> 00:47:24,000

even though they don't know what they'd

922

00:47:30,230 --> 00:47:27,540

buy I'm convinced that there is a very

923

00:47:33,470 --> 00:47:30,240

fine line between

924

00:47:35,990 --> 00:47:33,480

fear of ridicule

925

00:47:38,510 --> 00:47:36,000

and official secrecy

926  
00:47:41,809 --> 00:47:38,520  
and I'm sure that one of the reasons the

927  
00:47:43,790 --> 00:47:41,819  
authorities are loathed to get involved

928  
00:47:45,650 --> 00:47:43,800  
in any public discussion

929  
00:47:47,930 --> 00:47:45,660  
of the phenomena is because they're

930  
00:47:50,870 --> 00:47:47,940  
afraid of looking stupid

931  
00:47:54,170 --> 00:47:50,880  
[Music]

932  
00:47:56,210 --> 00:47:54,180  
in 1977 NASA launched the Voyager space

933  
00:47:59,750 --> 00:47:56,220  
probes on a mission to travel into

934  
00:48:02,330 --> 00:47:59,760  
Infinity deep space on board they carry

935  
00:48:13,710 --> 00:48:02,340  
a message from the human race

936  
00:48:23,510 --> 00:48:20,750  
[Music]

937  
00:48:27,290 --> 00:48:23,520  
in years to come they too could become

938  
00:48:28,610 --> 00:48:27,300

mysterious UFOs circling above some Far

939

00:48:30,650 --> 00:48:28,620

distant planet

940

00:48:33,170 --> 00:48:30,660

[Music]

941

00:48:35,390 --> 00:48:33,180

how will its inhabitants react to the

942

00:48:38,240 --> 00:48:35,400

idea that aliens have been exploring

943

00:48:49,530 --> 00:48:38,250

their world investigating them
