

1

00:00:00,000 --> 00:00:02,000

1

2

00:00:30,000 --> 00:00:46,520

I've there that a 20 million light years of space and that's just what we know about so far

3

00:00:46,520 --> 00:00:52,200

in fact what we don't know makes all the knowledge mankind has accumulated over the centuries and up

4

00:00:52,200 --> 00:00:57,160

to very little perhaps they'll always be more mysteries than answers but then we all love a

5

00:00:57,160 --> 00:01:03,240

mystery we have two more stories for you tonight stories of ordinary people but what they describe

6

00:01:03,240 --> 00:01:09,840

is anything but ordinary the evidence is compelling but is it convincing the woman in one of our

7

00:01:09,840 --> 00:01:14,920

stories try to convince a jury when she took her psychic powers to court we'll bring you their

8

00:01:14,920 --> 00:01:21,320

verdict later first though we've launched satellites and space stations hundreds of

9

00:01:21,480 --> 00:01:27,840

thousands of miles into orbit space probes have got more than 500 million miles away now if we've

10

00:01:27,840 --> 00:01:34,520

got all that some ask what might another civilization have figures show that a UFO an

11

00:01:34,520 --> 00:01:41,320

unidentified flying object is spotted by someone somewhere in this world every three minutes
certain

12

00:01:41,320 --> 00:01:46,040

areas report many more sightings than others there have been concentrations of sightings from the

13

00:01:46,040 --> 00:01:51,760

Australian bush to the Brazilian rainforests but in the past few years nowhere has had more

14

00:01:51,760 --> 00:02:01,920

UFO reports than a certain part of Scotland in the skies around the town of Falkirk over the last

15

00:02:01,920 --> 00:02:10,520

couple of years around 800 UFOs have been sighted it's a phenomenon which has reached such proportions

16

00:02:10,520 --> 00:02:16,120

that anxious locals have called a public meeting they want to know the truth what's behind the

17

00:02:16,120 --> 00:02:24,120

sudden upsurge there's a cloud in the sky take the low down and a large revolver lights tended to

18

00:02:24,120 --> 00:02:30,120

sort of flare up and then dull down again as if a light was turning towards me and then turning

19

00:02:30,120 --> 00:02:36,400

away again suddenly it started to move away not very quickly and then suddenly collapsed in on

20

00:02:36,400 --> 00:02:43,880

itself and disappeared the fact remains however that UFOs are real of that there is no question but

21

00:02:43,880 --> 00:02:51,960

it is what they are or represent that is the question hundreds of people have informed me regarding

22

00:02:51,960 --> 00:02:57,320

strange sightings in the sky I know these people personally I mean they're not going to make stories

23

00:02:57,320 --> 00:03:01,320

out like this I mean they've actually faced a lot of ridicule and they've showed a lot of great

24

00:03:01,320 --> 00:03:05,920

courage coming forward and stating that they've seen something which nobody can define and nobody

25

00:03:05,920 --> 00:03:12,920

can give an answer for most sightings have been close by Falkirk in Bonnie Bridge once occupied

26

00:03:12,920 --> 00:03:19,120

by Romans later known for its iron foundries Bonnie Bridge now has a bizarre new claim to fame it's

27

00:03:19,120 --> 00:03:30,160

been blitzed by UFOs Ray and Kathy Prosek were driving along the motorway nearby as they approached

28

00:03:30,200 --> 00:03:36,600

a viaduct spanning the road they say they saw an object the size of a jumbo jet hovering above it

29

00:03:36,600 --> 00:03:42,840

I could see it was triangular in shape there was a light at each corner we passed underneath the

30

00:03:42,840 --> 00:03:51,000

viaduct looking back there sitting on the other side was another craft and it looked like a mirror

31

00:03:51,000 --> 00:03:55,560

image the way they were pointing towards each other it didn't look like anything I'd ever seen

32

00:03:55,560 --> 00:04:02,960

before so of course you automatically think you know UFO driving home to neighbouring Loughbert

33

00:04:02,960 --> 00:04:10,640

Neil Malcolm says he was followed by a ball of light I've got the fright of my life really I knew

34

00:04:10,640 --> 00:04:17,000

it wasn't a anybody's headlights or anything because it just let up the full interior of the car he

35

00:04:17,000 --> 00:04:21,840

rushed in to tell the rest of the family as they went to look Neil's wife Lorraine grabbed her

36

00:04:21,840 --> 00:04:29,900

video camera I zoomed in I wasn't sure what I could see when you know what a helicopter

37

00:04:29,900 --> 00:04:37,760

my plane was like it definitely wasn't anything like that and I had to stop because it disappeared

38

00:04:37,760 --> 00:04:44,680

behind the building studies of the video have been unable to explain what it shows even experts

39

00:04:44,680 --> 00:04:50,400

like Malcolm Robinson whose analyzed reports of UFOs for 25 years are baffled by the wave of

40

00:04:50,440 --> 00:04:55,480

sightings we check with the airports we also check with the local police and then you also check

41

00:04:55,480 --> 00:05:03,040

with meteorological stations to see any flights of weather balloons etc some reports are misidentifications

42

00:05:03,040 --> 00:05:08,800

obviously of aircraft and the like but this leaves us with a small residue which is highly unusual

43

00:05:08,800 --> 00:05:14,560

and which demand investigation but the most puzzling UFO case in the area must be the one

44

00:05:14,560 --> 00:05:19,560

which happened in these woods near Livingston it's a case that the police came to treat officially

45

00:05:19,720 --> 00:05:26,280

as assault by person or persons unknown it happened to a forestry worker Bob Taylor who was out on

46

00:05:26,280 --> 00:05:31,880

patrol checking for stray sheep in the forest it was a routine task when he'd done countless times

47

00:05:31,880 --> 00:05:37,560

over the years he'd worked there as usual there were no sheep but as he rounded a corner he discovered

48

00:05:37,640 --> 00:05:38,360

something else

49

00:05:43,480 --> 00:05:44,120

what the

50

00:05:48,600 --> 00:06:00,040

a huge thing with a big round dome a very dark gray color and it had a big flange going all the way

51

00:06:00,040 --> 00:06:08,840

around I could see arms sticking out of this flange with what I took to be blades on the top

52

00:06:09,400 --> 00:06:16,360

two balls came out two balls I think they'd be about three feet in diameter with about six

53

00:06:16,360 --> 00:06:22,920

spikes they came right up beside me I remember feeling a tug at that time

54

00:06:23,000 --> 00:06:31,480

Bob Taylor can't remember exactly what followed the next thing he does remember is lying on the

55

00:06:31,480 --> 00:06:42,360

ground dazed and bleeding unable to walk and in no condition to drive he set off for help

56

00:06:42,360 --> 00:06:50,280

on his hands and knees by the time he arrived home he was in a state of near total collapse

57

00:06:53,880 --> 00:06:56,360

Bob what happened to you

58

00:07:00,200 --> 00:07:06,680

he looked quite short and he was drained he was right white and his face was dirty

59

00:07:06,680 --> 00:07:12,040

was it the lorry did you have a clash it was an attack he was attacked and he said I've been

60

00:07:12,040 --> 00:07:19,720

attacked and I said what with and he said a spaceship and I said oh goodness me there's no such a thing

61

00:07:19,800 --> 00:07:25,640

as a spaceship I'm going to phone the doctor you must have failed and hurt your head

62

00:07:26,360 --> 00:07:31,560

Bob's wife called his boss Malcolm Drummond he went to the forest and he found Bob's abandoned

63

00:07:31,560 --> 00:07:37,480

truck and that wasn't all in the clearing he found impressions have been made in the ground

64

00:07:40,520 --> 00:07:46,840

there is no doubt in my mind that these maps were made by a perfectly solid heavier than air object

65

00:07:47,560 --> 00:07:53,240

they had been made by some machine which had come vertically downwards I think there's no

66

00:07:53,240 --> 00:07:59,720

doubt about that the area was fenced off and police began an intensive search they found nothing

67

00:07:59,720 --> 00:08:05,160

it was one of the most puzzling cases detective inspector Ian walk has ever come across I couldn't

68

00:08:05,160 --> 00:08:11,400

believe it at first the ground was soft and there were no signs of the tracks having come from

69

00:08:11,400 --> 00:08:16,920

somewhere or having went anywhere they just seemed to have arrived near the caterpillar type

70

00:08:16,920 --> 00:08:22,840

tracks were holes in the ground three inches deep 40 holes in all at first I thought they're

71

00:08:22,840 --> 00:08:29,640

possibly made by equipment that would be used by the forestry commission but we went to their

72

00:08:29,640 --> 00:08:37,560

premises later that day examined all the vehicles and nothing at all matched so what else could

73

00:08:37,560 --> 00:08:43,160

have caused the marks one theory begins with the laying of water pipes in the forest and goes on to

74

00:08:43,160 --> 00:08:49,000

explain what bob taylor saw a theory developed by science writer steward cambell he thought he

75

00:08:49,000 --> 00:08:54,120

saw a spacecraft because that was the only logical explanation to him sitting in a clearing but it

76

00:08:54,120 --> 00:09:02,920

was a magnified image in my opinion of a planet millions of miles away but what about bob's injuries

77

00:09:03,000 --> 00:09:08,120

the theory continues that the site of the mirage triggered an epileptic fit it caused him to be

78

00:09:08,120 --> 00:09:13,240

paralyzed he couldn't speak and of course he was unable to walk these are symptoms of that

79

00:09:13,240 --> 00:09:18,520

was it in the forest but bob hadn't suffered from epilepsy before and those who know him have no

80

00:09:18,520 --> 00:09:25,560

reason to doubt him bob taylor was straightforward a forester who had worked here for many years

81

00:09:25,560 --> 00:09:32,120

he had no illusions of any kind and he's not the sort of chap who would have invented a story

82

00:09:32,120 --> 00:09:38,680

like this then there were the rips in the trousers bob taylor was wearing rips he claims were made

83

00:09:38,680 --> 00:09:45,320

by probes from the ufo the trousers were sent to the police laboratories to be put under the

84

00:09:45,320 --> 00:09:53,480

scrutiny of forensic expert lester nip there was two sets of damage predominantly close enough to be

85

00:09:53,480 --> 00:10:01,160

considered symmetrical it's obviously been caused by a lifting action it's not the sort of action

86

00:10:01,160 --> 00:10:07,880

that's caused by a fall the tear would normally be down the trousers certainly the story could fit

87

00:10:07,880 --> 00:10:13,880

the bill that some object or objects had moved across a clearing towards him attempted to lift

88

00:10:13,880 --> 00:10:21,800

him up and and carry him off even to this day we're completely baffled of one who assaulted

89

00:10:21,800 --> 00:10:29,960

mr taylor and two what made these marks on the ground this is only one of the many local ufo cases

90

00:10:29,960 --> 00:10:35,240

which remain unsolved some witnesses say they're left with profound after effects desperate to

91

00:10:35,240 --> 00:10:40,840

find a way of coming to terms with seeing something that defies belief one of the most recent cases

92

00:10:40,840 --> 00:10:45,720

has left two local men with an obsession to find out what it was they encountered on a lonely stretch

93

00:10:45,720 --> 00:10:53,560

of road through the pentland hills we come back here quite often looking at our camera and that

94

00:10:54,280 --> 00:11:01,320

i'm just interested to find out to see if we can maybe see this again the craft was bigger than

95

00:11:01,320 --> 00:11:07,240

the road me and colin reckon that the craft was about 30 foot wide we're both very frightened

96

00:11:08,520 --> 00:11:13,560

it has sort of affected my life seeing something like this i've never seen nothing ever like it before

97

00:11:14,360 --> 00:11:18,120

since i've i've suffered from bad depression which i never used to do

98

00:11:18,920 --> 00:11:23,800

and it's just always on my mind i just want to know what happened that night

99

00:11:26,040 --> 00:11:30,600

i didn't really believe in it ufo's but this experience has sort of changed my mind

100

00:11:34,520 --> 00:11:39,960

the scottish ufo's are affecting local people in another way they're becoming a tourist attraction

101

00:11:39,960 --> 00:11:44,280

a plaque has been put up where bob taylor claimed his close encounter in the forest

102

00:11:44,280 --> 00:11:47,240

bringing visitors from near and possibly very far

103

00:11:55,000 --> 00:12:00,520

medicine has learned many ways to deal with human pain consciousness can be wiped out in an instant

104

00:12:00,520 --> 00:12:06,280

by powerful anesthetics for centuries chinese acupuncturists have inserted tiny needles into

105

00:12:06,280 --> 00:12:12,520

their patient's skin nobody knows how a needle in the ear can prevent back pain but many western

106

00:12:12,520 --> 00:12:18,520

doctors have come to accept that it can and hypnosis can be used to paralyze the nerves which

107

00:12:18,520 --> 00:12:25,720

carry pain signals without painkillers most modern surgery will be unthinkable so imagine the reaction

108

00:12:25,720 --> 00:12:31,320

of an american doctor whose patient said she wanted him to operate without anything to stop the pain

109

00:12:35,320 --> 00:12:42,280

i'm fine in almost 35 years as a physician i have never seen it like that before

110

00:12:42,280 --> 00:12:45,640

she said she didn't need anesthesia it just sure you want to go through with this

111

00:12:49,400 --> 00:12:57,720

at about age seven i discovered that i was psychic as i grew older my abilities grew not

112

00:12:57,720 --> 00:13:05,880

only stronger but as i grew they grew about 10 years ago i discovered that i was able to be pain

113

00:13:05,880 --> 00:13:13,800

and medication free never taking any kind of pain pill for anything i didn't have any pain i didn't

114

00:13:13,800 --> 00:13:21,320

have any swelling i didn't have any bleeding plus the ability that i had helped me to heal faster

115

00:13:21,320 --> 00:13:28,680

than the average person penny pelito calls it her pipeline doctors in florida where she lives

116

00:13:28,680 --> 00:13:33,800

were skeptical to say the least about her claims but she was so convincing that they agreed to

117

00:13:33,800 --> 00:13:42,120

operate to remove a cyst from her arm with anesthetic standing by when i put the knife on

118

00:13:42,120 --> 00:13:48,440

her skin i thought that she would rebel and possibly scream a bit because it was going to be painful

119

00:13:49,480 --> 00:13:55,480

and she didn't the few minutes that it took was enough for him to have his shirt ringing wet because

120

00:13:55,480 --> 00:14:02,280

he was a nervous wreck why he said penny it's logical nobody can have surgery without anesthetic

121

00:14:03,800 --> 00:14:09,080

i'm just looking forward to my vacation and it's going to be such fun we go the anesthetic standing

122

00:14:09,080 --> 00:14:16,040

by was never used to the doctor's amazement penny didn't feel a thing and she went on to have six

123

00:14:16,040 --> 00:14:25,320

more operations operations potentially even more painful you have three significant sized cysts all

124

00:14:25,320 --> 00:14:32,520

located in a very very sensitive part of the breast i can't see any reason in the world why anyone
in

125

00:14:32,520 --> 00:14:38,440

their right mind would want to do this surgery without anesthesia i can do it i can't i've done

126

00:14:38,440 --> 00:14:44,920

it before i've seen many phenomenal things nothing compares to this i imagine the pain will be

127

00:14:44,920 --> 00:14:52,280

described as excruciating in another operation penny had to have a toe amputated i didn't sleep

128

00:14:52,280 --> 00:14:59,160

for a week before we did this because i didn't believe it could be done and i was very nervous

129

00:15:00,040 --> 00:15:06,440

but in spite of dr willens's fears penny still refused anesthetic i asked her did she feel pain

130

00:15:06,440 --> 00:15:12,840

she always told me no i feel nothing we cut the skin we cut deeper into tissue and we cut the bone

131

00:15:12,840 --> 00:15:21,720

and remove it after i got the bone out she says i want to see what other people feel like she says

132

00:15:21,720 --> 00:15:27,800

i'm going to pipe out for a minute and she says oh my god that's terrible so could penny palito really

133

00:15:27,800 --> 00:15:34,600

have been using psychic power to block her pain a leading psychiatrist who examined her thinks not

134

00:15:35,880 --> 00:15:41,720

when i examined her i discovered very quickly that this lady was very gifted and she was using

135

00:15:41,720 --> 00:15:48,600

self hypnosis she would go into a trance or hypnotic state quickly and spontaneously as a result

136

00:15:48,600 --> 00:15:55,160

turned off sensation to that part of her body but those who've operated on her disagree most people

137

00:15:55,160 --> 00:16:01,000

in a hypnotic state are quieter they lay back and they don't ask too many questions but she was

138

00:16:01,000 --> 00:16:06,040

lively she was wide awake she was trying to sit up she was joking with the staff she was joking

139

00:16:06,040 --> 00:16:14,600

with me she was telling stories if not hypnosis could she have taken something she showed absolutely

140

00:16:14,600 --> 00:16:20,200

no signs of clinical use of any kind of drug or could she have a medical condition which made

141

00:16:20,440 --> 00:16:27,960

unable to feel pain i don't know of any medical condition that blocks out pain and it's my

142

00:16:27,960 --> 00:16:32,360

understanding that she has the ability to block it out and if she didn't do that she'd feel pain

143

00:16:33,320 --> 00:16:39,000

penny palito claims to have other psychic powers too to thank dr willens for agreeing to operate

144

00:16:39,000 --> 00:16:45,800

she decided to make him a gift i told him that i would make him a winner at last vegas at the

145

00:16:45,800 --> 00:16:54,520

gaming tables and i would share the knowledge that i had with him telepathically it's like the

146

00:16:54,520 --> 00:17:01,480

bets were placed for me and whatever i did was absolutely correct if i needed an eight the next

147

00:17:01,480 --> 00:17:09,000

card was an eight it was like magic hey blackjack blackjack dr willens won several thousand dollars

148

00:17:09,000 --> 00:17:14,120

but surely it was just luck and i figured i finally figured out how to win money so the following week

149

00:17:14,120 --> 00:17:20,440

i went over the bahamas and tried the same thing but just i didn't win give me one more here if penny

150

00:17:20,440 --> 00:17:26,840

had such powers though surely they had much greater potential it would have benefited all mankind if

151

00:17:26,840 --> 00:17:34,520

we could have found out the how and the why then burn victims and cancer patients could have been

152

00:17:34,520 --> 00:17:41,720

pain-free just like me would have been my gift to mankind but that wasn't to be one day she was

153

00:17:41,720 --> 00:17:51,880

shopping in a do-it-yourself store three boards came down and struck me on the head are you okay
are

154

00:17:51,880 --> 00:17:57,560

you all right penny palito says she felt pain for the first time in years it was a shock but she

155

00:17:57,560 --> 00:18:03,880

seemed to recover she forgot about the accident and went ahead with another operation but this time

156

00:18:03,880 --> 00:18:11,400

her powers were to fail her towards the end of the surgery i began to experience feelings i
shouldn't

157

00:18:11,400 --> 00:18:19,480

have and that was the first indication to me something was wrong by this time i realized

158

00:18:19,480 --> 00:18:28,600

that the ability was lost and it never came back it was then that penny took a step which would

159

00:18:28,600 --> 00:18:35,000

make legal history she took the diy store to court claiming damages not just for physical injury

160

00:18:35,000 --> 00:18:37,800

but also for loss of psychic pain-blocking powers

161

00:18:40,680 --> 00:18:46,360

a few days before the trial the store offered her 17 thousand dollars to drop the case but money

162

00:18:46,360 --> 00:18:52,600

wasn't all penny wanted i wanted to legally prove that something what no matter what anybody

163

00:18:52,600 --> 00:19:01,960

wants to call it did exist court is now in session our reconstruction is based on reports of the court

164

00:19:01,960 --> 00:19:08,040

case which began with the diy store's lawyer making an astonishing request i do not believe

165

00:19:08,040 --> 00:19:15,000

that miss palito has paranormal powers but if indeed she does we would ask that she refrain from using

166

00:19:15,000 --> 00:19:21,240

them to mentally invade the minds of the jury no mr. slok the judge refused but ruled that the jury

167

00:19:21,240 --> 00:19:27,080

should reach a verdict on both the physical and psychic injuries claimed by penny palito's lawyer

168

00:19:27,080 --> 00:19:36,120

on both physical and psychic injuries mr. duvinsky while i understand that what i am asking you to

169

00:19:36,120 --> 00:19:43,800

accept to some of you may even sound crazy we will present evidence that mrs palito does

170

00:19:43,800 --> 00:19:51,880

indeed have abilities that go beyond the comprehension of most of us the doctors who

171

00:19:51,960 --> 00:19:59,640

performed all seven operations backed penny palito's claims this woman has some very strange and

172

00:19:59,640 --> 00:20:08,120

unreal abilities he brought in the sword that was used to cut the bone out of my foot this is a

173

00:20:08,120 --> 00:20:17,400

markup of the human foot this is the left foot which i operated on then using this cut entirely

174

00:20:17,400 --> 00:20:26,040

through the bone and he saw it through the bones to demonstrate what i must have been

175

00:20:26,040 --> 00:20:31,800

feeling and experiencing during the surgery things started to go wrong however when the

176

00:20:31,800 --> 00:20:37,880

diy store's lawyer told the court about her operation a fortnight after the accident as far as

177

00:20:37,880 --> 00:20:44,120

we're concerned if she had that ability she still has it she's simply choosing not to use it in his

178

00:20:44,200 --> 00:20:51,400

closing statement he called her claims bizarre absurd and ridiculous and there is no such thing

179

00:20:52,040 --> 00:21:02,120

as paranormal activity as she describes it and defines it thank you the jury may now retire to

180

00:21:02,120 --> 00:21:10,600

consider the evidence and reach a verdict we have your honor we the jury found that the

181

00:21:10,600 --> 00:21:18,760

plaintiff mrs palito did indeed suffer physical injury as a result of an accident at home depot

182

00:21:18,760 --> 00:21:31,720

however we do not feel that she lost has suffered any loss of her psychic powers

183

00:21:31,720 --> 00:21:48,040

i read that the jurors believed that the power existed i realized that the case wasn't totally

184

00:21:48,040 --> 00:21:55,880

lost that the jurors believe me i myself was truly convinced that she had some amazing abilities

185

00:21:56,840 --> 00:22:02,280

she wasn't awarded damages for the loss of her psychic abilities because she really didn't prove

186

00:22:02,280 --> 00:22:10,360

that she had lost the abilities due to the accident that part for me was a victory because at least

187

00:22:10,360 --> 00:22:20,440

then i knew that jurors were convinced a power was real it happened it existed pain blocking powers

188

00:22:20,520 --> 00:22:26,680

were tested as long ago as 1935 by a group from london university they carried out an experiment

189

00:22:26,680 --> 00:22:33,000

in which an indian man walked across hot coals at a temperature of 800 degrees celsius he should

190

00:22:33,000 --> 00:22:38,280

have suffered agonizing burns but he didn't if we could find out how such things can happen

191

00:22:38,280 --> 00:22:44,120

medical science could be on the verge of a major breakthrough until next week goodbye
