

1

00:00:00,000 --> 00:00:11,760

Music

2

00:00:11,760 --> 00:00:17,440

Hidden away high above the University of London is a library that few ever get to see.

3

00:00:17,440 --> 00:00:23,520

Its books explore stories so strange they make even the most skeptical. At least wonder.

4

00:00:24,480 --> 00:00:32,480

There are stories that we can't explain. We can merely present the evidence and leave you to make up your own minds.

5

00:00:32,480 --> 00:00:38,480

There is no doubt at all however in the minds of the people who claim to have gone through these experiences

6

00:00:38,480 --> 00:00:46,480

they are ordinary people, they come from ordinary places. Their stories are certainly strange. But are they true?

7

00:00:46,480 --> 00:01:07,440

Music

8

00:01:08,400 --> 00:01:16,400

He spent a lifetime collecting all these books in his quest to explain the unexplained.

9

00:01:16,400 --> 00:01:22,400

When he died he left them to the University where they've continued to baffle the keenest brains around.

10

00:01:22,400 --> 00:01:30,400

Tonight we have two extraordinary stories for you told through drama reconstruction and interviews with those involved.

11

00:01:31,360 --> 00:01:39,360

One is about an Irish family separated in childhood and now reunited by a woman who says she's the reincarnation of their mother.

12

00:01:39,360 --> 00:01:49,360

But first the naked eye can see stars hundreds of light years away. The most powerful telescopes can see hundreds of millions of light years away.

13

00:01:49,360 --> 00:01:56,360

In all that space is there even the remotest chance that there are life forms elsewhere in the universe which can reach us?

14

00:01:57,320 --> 00:02:03,320

And if there are why would they choose to descend on one small town more than anywhere else?

15

00:02:03,320 --> 00:02:13,320

Toddmudden buried deep between windswept Pennine moorlands. Obscure, isolated and the epicentre of UFO activity in the British Isles.

16

00:02:13,320 --> 00:02:23,320

A tenth of sightings are around this town alone. Our story begins with the discovery in a coal yard which even now more than ten years on remains a mystery.

17

00:02:24,280 --> 00:02:32,280

Alan Godfrey at the time of Constable in the Toddmudden police force was called to the scene.

18

00:02:32,280 --> 00:02:36,280

Lying on top of a pile of coal was a man, dead.

19

00:02:36,280 --> 00:02:42,280

He had this terrifying expression. I can only describe it as whatever he'd last saw really terrified him.

20

00:02:42,280 --> 00:02:52,280

There was no footprints belonging to him, disturbance on the coal. So how did he get up there? I can't work out.

21

00:02:53,240 --> 00:03:01,240

I could see that on the top of his head there were individual burn marks, not the back of the neck.

22

00:03:01,240 --> 00:03:07,240

There was a rather large weeping type of burn and there'd been like an ointment smeared on it.

23

00:03:07,240 --> 00:03:15,240

The dead man was Zygmunt Adamski, a retired miner who disappeared five days earlier from a town twenty miles away.

24

00:03:15,240 --> 00:03:21,240

The coroner had to record an open verdict. He's still baffled by the questions surrounding the case.

25

00:03:22,200 --> 00:03:26,200

Like what was the substance on the dead man's neck?

26

00:03:26,200 --> 00:03:32,200

This is one of the most puzzling cases that I've come across in 25 years.

27

00:03:32,200 --> 00:03:41,200

If somebody proved to me that UFOs exist and that there was one around there at that time and that in some way we could associate it with this case,

28

00:03:41,200 --> 00:03:45,200

then perhaps I might say I'd only raise half an eyebrow.

29

00:03:46,160 --> 00:03:53,160

The first UFOs above, Tobmeden, next to what's said to be the highest bus stop in Britain, is the Deer Play Inn.

30

00:03:53,160 --> 00:03:57,160

One night in 1989 the landlady awoke to see an amazing sight.

31

00:03:57,160 --> 00:04:05,160

Well I never took UFOs seriously at all. So one night my husband came into the bedroom and I was asleep and he came in and said,

32

00:04:06,120 --> 00:04:15,120

I came into the lounge and I saw this light behind that cottage there. It went right across the moor.

33

00:04:15,120 --> 00:04:22,120

It went about fifty miles an hour, came on the car park and lit the car park up like it was daylight.

34

00:04:22,120 --> 00:04:27,120

Absolutely like daylight. I can't believe it. I just don't know.

35

00:04:27,120 --> 00:04:31,120

My husband said to me, well explain that and I can't explain it.

36

00:04:32,080 --> 00:04:40,080

A few miles away, at about seven o'clock one evening last August, Joanne Ellige, Sarah Wolffenden and Amy Connolly were out with friends.

37

00:04:40,080 --> 00:04:46,080

We were just walking up the road along the road and one of our friends said, what's that over there?

38

00:04:46,080 --> 00:04:52,080

We jumped on the wall so we just got on the wall and had a look and it was just like behind us, just above the forest.

39

00:04:52,080 --> 00:04:55,080

It seemed to be hovering and watched it for about ten minutes.

40

00:04:56,040 --> 00:05:01,040

I can't believe that there was something there that weren't an airplane or a helicopter or anything like that.

41

00:05:01,040 --> 00:05:05,040

We knew it wasn't a normal aircraft or anything.

42

00:05:05,040 --> 00:05:08,040

We just couldn't say anything, just kept watching that.

43

00:05:09,040 --> 00:05:15,040

But the most extraordinary story must be that of Alan Godfrey, the policeman who made the find on the coal heap.

44

00:05:15,040 --> 00:05:21,040

Five months later he was on duty early one morning when there were reports of cows loose on a council estate.

45

00:05:22,000 --> 00:05:27,000

I've been sent to investigate this herd of cows so I was driving up the road here

46

00:05:27,000 --> 00:05:31,000

and I was going to turn right up Fernaly Road there to the council estate

47

00:05:31,000 --> 00:05:37,000

when I could see in front of me up here this object, it looked to be completely blocking the road.

48

00:05:39,000 --> 00:05:45,000

As I get nearer and nearer towards this object I could see that it wasn't quite what I was expecting to meet

49

00:05:45,000 --> 00:05:50,000

at five o'clock or whatever on a November morning in Tomahydyn.

50

00:05:50,960 --> 00:05:55,960

It was diamond shaped, the bottom half of the object was spinning.

51

00:05:55,960 --> 00:05:59,960

It was hovering about five foot off the ground, I could see on the map.

52

00:05:59,960 --> 00:06:04,960

It was about twenty feet wide, fourteen feet high.

53

00:06:07,960 --> 00:06:13,960

I'll try that several times, it just didn't work. I just couldn't contact anybody.

54

00:06:13,960 --> 00:06:17,960

So I picked my clipboard up and I started drawing a sketch of it.

55

00:06:20,960 --> 00:06:25,960

And then suddenly I was at the other side of the object and it had gone.

56

00:06:25,960 --> 00:06:30,960

It had, what do I know, 50 hundred yards of folk road driving.

57

00:06:41,960 --> 00:06:43,960

What's up? You're not going to believe what I've just seen.

58

00:06:43,960 --> 00:06:45,960

Oh, get in.

59

00:06:45,960 --> 00:06:47,960

OK.

60

00:06:50,960 --> 00:06:57,960

So we got out of the car and we examined the road surface which was like a whirlpool dry.

61

00:07:00,960 --> 00:07:03,960

Something really hot had been hovering above that.

62

00:07:03,960 --> 00:07:07,960

We could see all these loose leaves and broken branches there.

63

00:07:07,960 --> 00:07:10,960

So he was convinced something had been there.

64

00:07:10,960 --> 00:07:13,960

We thought it might have gone in this object, wherever it had gone,

65

00:07:13,960 --> 00:07:15,960

that might have gone into the adjoining part.

66

00:07:16,920 --> 00:07:20,920

When we got in there we could see these early cows right in the middle of the rugby pitch.

67

00:07:20,920 --> 00:07:23,920

They'd been raining all night but there's no hoof prints belonging to them.

68

00:07:23,920 --> 00:07:25,920

How have they got that?

69

00:07:25,920 --> 00:07:27,920

They just looked as though somebody dropped them there, you know.

70

00:07:27,920 --> 00:07:31,920

It sounds incredible but Alan Godfrey isn't the only one who saw something

71

00:07:31,920 --> 00:07:33,920

in the same area on the same night.

72

00:07:33,920 --> 00:07:36,920

Another witness was school caretaker Leonard Smith.

73

00:07:36,920 --> 00:07:40,920

When I came round the corner to check the grounds,

74

00:07:40,920 --> 00:07:45,920

I looked up in the sky and this UFO was up in the sky.

75

00:07:46,880 --> 00:07:51,880

Approximately all the way where I later learnt the area where Alan Godfrey had his experience.

76

00:07:51,880 --> 00:07:53,880

I didn't know at the time.

77

00:07:53,880 --> 00:07:58,880

Now the object shot across the valley four times backwards and forwards

78

00:07:58,880 --> 00:08:01,880

and then it vanished over the hills.

79

00:08:01,880 --> 00:08:05,880

Then there's John Porter, one of five other police witnesses that night.

80

00:08:05,880 --> 00:08:09,880

An hour before Alan Godfrey's encounter, he was out searching more land quarries

81

00:08:09,880 --> 00:08:11,880

for stolen motorbikes.

82

00:08:11,880 --> 00:08:15,880

We're walking down the moor from the main road.

83

00:08:16,840 --> 00:08:18,840

Something that told me to turn round.

84

00:08:18,840 --> 00:08:22,840

I turned and the sky was a very cold steel blue light.

85

00:08:22,840 --> 00:08:28,840

It moved in a sweeping arc across the sky about 12 miles I would estimate in one second.

86

00:08:28,840 --> 00:08:34,840

Eventually I went up the road and observed the same cold steel blue light

87

00:08:34,840 --> 00:08:39,840

sweeping away in the low arc towards Toddboarding and that's the last I saw of it.

88

00:08:39,840 --> 00:08:42,840

Despite the support, Alan Godfrey became more and more troubled

89

00:08:43,800 --> 00:08:45,800

by the most puzzling part of his experience.

90

00:08:45,800 --> 00:08:50,800

After it had all happened, I realised that there was half an hour missing

91

00:08:50,800 --> 00:08:54,800

from me drawing the object and me turning up at the other side of where the object had been.

92

00:08:54,800 --> 00:08:59,800

I was really curious, you know, what I wanted to know what had happened in that half hour.

93

00:08:59,800 --> 00:09:04,800

I persuaded him to undergo regression hypnosis and two experiments were set up

94

00:09:04,800 --> 00:09:07,800

with two doctors who specialised in hypnosis.

95

00:09:07,800 --> 00:09:10,800

The video, the hypnotic regression sessions were videotaped

96

00:09:11,760 --> 00:09:15,760

and during them Alan fills in the missing time, the gaps in his memory.

97

00:09:15,760 --> 00:09:18,760

Alan describes getting out of his car, looking at the object,

98

00:09:18,760 --> 00:09:21,760

then he sees a light emanating from underneath it,

99

00:09:21,760 --> 00:09:24,760

so he gets back into his car, finds his car won't go

100

00:09:24,760 --> 00:09:27,760

and then he's engulfed in a bright white light.

101

00:09:35,760 --> 00:09:37,760

He appears to lose consciousness.

102

00:09:37,760 --> 00:09:39,760

He says everything is black.

103

00:09:40,720 --> 00:09:43,720

He then wakes up in a room where he sees a tall man.

104

00:09:43,720 --> 00:09:46,720

He's also surrounded by six small robots.

105

00:09:55,720 --> 00:09:58,720

He's made the subject of some sort of pseudo-medical examination.

106

00:09:58,720 --> 00:10:00,720

In due course he's put back in his car.

107

00:10:00,720 --> 00:10:04,720

After the main initial sighting, I did read quite a few science fiction books

108

00:10:04,720 --> 00:10:08,720

and it is quite possible that that part of the hypnotic regression

109

00:10:08,720 --> 00:10:11,720

has got jumbled up in my mind.

110

00:10:11,720 --> 00:10:15,720

But I must stress that I did see a UFO that night.

111

00:10:15,720 --> 00:10:18,720

No mistake about that, I definitely saw what I saw.

112

00:10:18,720 --> 00:10:21,720

On this earth I would tell many different.

113

00:10:21,720 --> 00:10:25,720

So are the people of Toppenden receiving visits from outer space?

114

00:10:25,720 --> 00:10:30,720

The town now has its own observatory with telescopes trained on the skies.

115

00:10:30,720 --> 00:10:34,720

We recently had reports of lights moving around in the sky

116

00:10:34,720 --> 00:10:37,720

which turned out to be nothing more than a local laser show.

117

00:10:38,720 --> 00:10:42,720

Also we have to be rather cautious because we live under the flight path

118

00:10:42,720 --> 00:10:46,720

of two major airports, Heathrow and Manchester.

119

00:10:46,720 --> 00:10:52,720

And locally Manchester is a problem in as much as we have lights coming in

120

00:10:52,720 --> 00:10:56,720

on incoming aircraft which give the impression of UFOs in the sky.

121

00:10:56,720 --> 00:10:58,720

It was not an aircraft.

122

00:10:58,720 --> 00:11:03,720

I got into my van and made radio enquiries regarding this.

123

00:11:03,720 --> 00:11:05,720

I still saw the blue light in the sky.

124

00:11:05,720 --> 00:11:10,720

I made enquiries with the Army, the RAF, the Civil Aviation Authority

125

00:11:10,720 --> 00:11:13,720

and nothing was in the sky at that time.

126

00:11:13,720 --> 00:11:18,720

A less conventional theory is that the geology of the area can produce strange sights.

127

00:11:18,720 --> 00:11:21,720

There are many reservoirs and quarries in the Toppenden area

128

00:11:21,720 --> 00:11:24,720

and the local rock has a high concentration of quartz crystals.

129

00:11:24,720 --> 00:11:28,720

Scientists have found that this can produce an electrical signal

130

00:11:28,720 --> 00:11:32,720

and on a grand scale this might turn out to be glowing masses of energy

131

00:11:32,720 --> 00:11:34,720

which can be seen as UFOs.

132

00:11:34,720 --> 00:11:37,720

That's what I saw. That object was real.

133

00:11:37,720 --> 00:11:40,720

If I got out of the car and thrown a brick at it, it would have gone bang.

134

00:11:40,720 --> 00:11:43,720

Strangely enough, even the scientists are now coming round to the view

135

00:11:43,720 --> 00:11:46,720

that the people of Toppenden are seeing something.

136

00:11:46,720 --> 00:11:53,720

Two friends and I were observing and saw an object which had classic flying saucer shape.

137

00:11:53,720 --> 00:11:56,720

We checked to make sure that at the scope we were originally using

138

00:11:56,720 --> 00:12:01,720

didn't have optical defects and there was no problem there.

139

00:12:01,720 --> 00:12:06,720

As much as it's difficult to believe that it was of extraterrestrial origin

140

00:12:06,720 --> 00:12:11,720

to this date we have no rational scientific explanation for what it was.

141

00:12:11,720 --> 00:12:15,720

Before his close encounter, PC Alan Godfrey had been injured on duty.

142

00:12:15,720 --> 00:12:19,720

A hospital consultant said he'd be unable to have any more children.

143

00:12:19,720 --> 00:12:24,720

After his experience the effects were reversed and Alan Godfrey had a son.

144

00:12:32,720 --> 00:12:37,720

Can the human personality survive death and be born again in another body?

145

00:12:37,720 --> 00:12:40,720

Not a prospect that all of us would relish but surprising though it may seem

146

00:12:40,720 --> 00:12:46,720

across the globe those who believe in reincarnation probably outnumber those who don't.

147

00:12:46,720 --> 00:12:51,720

Reincarnation is one of the oldest beliefs dating back to 1000 BC in India.

148

00:12:51,720 --> 00:12:55,720

When they're close to death some people in Alaska believe so strongly

149

00:12:55,720 --> 00:12:58,720

that they even choose their next set of parents.

150

00:12:58,720 --> 00:13:03,720

A woman whose story we're about to tell believes reincarnation explains the dream she's had

151

00:13:03,720 --> 00:13:06,720

ever since she can remember.

152

00:13:08,720 --> 00:13:11,720

Jenny Cockale looks like any ordinary mother.

153

00:13:11,720 --> 00:13:15,720

Happily married with two children she lives in the Northamptonshire town of Toaster.

154

00:13:15,720 --> 00:13:21,720

But Jenny has always believed that she is also the mother of another family.

155

00:13:21,720 --> 00:13:28,720

For as long as I can remember I've had dreams of being married in Ireland

156

00:13:28,720 --> 00:13:34,720

and dying while the children were still young not grown in the 1930s.

157

00:13:34,720 --> 00:13:39,720

Terrible dreams of being alone in a room in pain.

158

00:13:39,720 --> 00:13:45,720

Not at home and knowing that there's nothing I could do

159

00:13:45,720 --> 00:13:50,720

to ensure the safety of the children's futures.

160

00:13:52,720 --> 00:13:58,720

During waking hours I remember happier memories from the life as Mary.

161

00:13:58,720 --> 00:14:03,720

I remembered the children at mealtimes.

162

00:14:03,720 --> 00:14:07,720

But Jenny also sends trouble in the family.

163

00:14:07,720 --> 00:14:15,720

I didn't know quite why I should feel so uneasy and so concerned

164

00:14:15,720 --> 00:14:19,720

about what it was that I was really afraid of.

165

00:14:19,720 --> 00:14:22,720

Something I was shutting out.

166

00:14:27,720 --> 00:14:31,720

The memories were a little bit like pieces of a jigsaw.

167

00:14:31,720 --> 00:14:35,720

Some parts were very clear, some parts were vague

168

00:14:35,720 --> 00:14:41,720

and there were so many bits that seemed to be missing it was difficult to try to get the whole picture.

169

00:14:42,720 --> 00:14:47,720

As soon as she could pick up a pencil Jenny began drawing maps of the village she saw in her mind

170

00:14:47,720 --> 00:14:50,720

the main roads, the station and her cottage.

171

00:14:50,720 --> 00:14:54,720

And when she got to school atlas she could even locate where it was.

172

00:14:54,720 --> 00:15:01,720

After several attempts just shutting my eyes and allowing myself to be drawn to a place that might feel familiar

173

00:15:01,720 --> 00:15:06,720

I found that Malahide was named just north of Dublin.

174

00:15:07,720 --> 00:15:11,720

For years Jenny kept these strange visions of Ireland to herself

175

00:15:11,720 --> 00:15:14,720

until at last she could hold back no longer.

176

00:15:14,720 --> 00:15:17,720

She had to find out if the memories meant anything.

177

00:15:17,720 --> 00:15:23,720

She began at her local bookshop ordering a map of the Malahide area to confirm her childhood drawings.

178

00:15:23,720 --> 00:15:27,720

The maps matched for Jenny a first glimmer of proof.

179

00:15:27,720 --> 00:15:32,720

Now she needed more and tried hypnosis to plumb her deeper memories.

180

00:15:37,720 --> 00:15:42,720

It sharpened up a great deal of the detail.

181

00:15:42,720 --> 00:15:47,720

There was one of the churches I saw the outside fairly clearly,

182

00:15:47,720 --> 00:15:51,720

clearly enough to make a little drawing afterwards of it.

183

00:15:51,720 --> 00:15:57,720

And standing at the end of a jetty wrapped in a dark shawl,

184

00:15:57,720 --> 00:16:01,720

there was dusk and I remembered waiting for a boat.

185

00:16:01,720 --> 00:16:07,720

But I had no idea who was on the boat or why I was waiting for a boat.

186

00:16:09,720 --> 00:16:14,720

But were these real memories or just an overactive imagination?

187

00:16:14,720 --> 00:16:19,720

It gets difficult to believe that when you see the consistency of the facts

188

00:16:19,720 --> 00:16:23,720

and the findings of the memories between one session and the next.

189

00:16:23,720 --> 00:16:26,720

And Jenny's been through several sessions of this at different times

190

00:16:26,720 --> 00:16:30,720

and each time she's been consistent in what she's been telling me.

191

00:16:31,720 --> 00:16:35,720

It was enough for Jenny to invest in a trip to Malahide.

192

00:16:35,720 --> 00:16:42,720

This was the first time she'd been to Ireland and yet she felt certain she'd been there before.

193

00:16:42,720 --> 00:16:46,720

I didn't need a map, I knew my way around.

194

00:16:51,720 --> 00:16:57,720

I tried to find somebody who might remember the family,

195

00:16:57,720 --> 00:17:00,720

who might remember the children.

196

00:17:00,720 --> 00:17:05,720

Back in England Jenny received a letter from an old man in Malahide.

197

00:17:05,720 --> 00:17:11,720

Relating to the mother who died in the 1930s, she was Mrs. Sutton.

198

00:17:11,720 --> 00:17:16,720

After her death the children were sent to orphanages.

199

00:17:16,720 --> 00:17:20,720

It was the breakthrough Jenny needed.

200

00:17:20,720 --> 00:17:24,720

She was able to get a copy of Mary Sutton's death certificate

201

00:17:24,720 --> 00:17:28,720

and from an orphanage came the first names of her children.

202

00:17:29,720 --> 00:17:35,720

An appeal in an Irish newspaper then produced a telephone number for the oldest boy, Sonny.

203

00:17:40,720 --> 00:17:43,720

Hello, my name is Jenny Cockale.

204

00:17:43,720 --> 00:17:47,720

I've been trying to trace members of your family.

205

00:17:47,720 --> 00:17:52,720

And I said to my wife, there's something weird here.

206

00:17:52,720 --> 00:17:54,720

So I don't know who this person is.

207

00:17:54,720 --> 00:17:59,720

I said, how did she come to know so much about the family?

208

00:17:59,720 --> 00:18:03,720

You said that she remembers about the jetty.

209

00:18:06,720 --> 00:18:12,720

Well, I explained to her that I used to have a little job as a caddy.

210

00:18:12,720 --> 00:18:15,720

And we used to row over to the island.

211

00:18:15,720 --> 00:18:19,720

And in the evening we'd rowed back again.

212

00:18:19,720 --> 00:18:21,720

Thanks very much, Mr. New Agent.

213

00:18:21,720 --> 00:18:22,720

Well, Sonny.

214

00:18:22,720 --> 00:18:25,720

And she'd read me the tablet of steps.

215

00:18:25,720 --> 00:18:27,720

And she used to cuddle me.

216

00:18:27,720 --> 00:18:29,720

Oh, he's all you have.

217

00:18:29,720 --> 00:18:33,720

With Sonny's help the picture has finally become clear.

218

00:18:33,720 --> 00:18:39,720

The pieces of the jigsaw were going in and making things a lot easier to understand.

219

00:18:39,720 --> 00:18:46,720

And most of all he was able to explain to me what I had been afraid of.

220

00:18:46,720 --> 00:18:49,720

My mother was a loving person.

221

00:18:49,720 --> 00:18:52,720

She loved her husband and she loved her family.

222

00:18:52,720 --> 00:18:54,720

Can you just read it through there for me again?

223

00:18:54,720 --> 00:18:56,720

But my father was the opposite.

224

00:18:56,720 --> 00:18:59,720

My mother was only there for the convenience.

225

00:18:59,720 --> 00:19:01,720

He was cruel to my mother.

226

00:19:01,720 --> 00:19:03,720

He was cruel to his children.

227

00:19:03,720 --> 00:19:08,720

He'd come home from the oak and he'd be totally drunk.

228

00:19:08,720 --> 00:19:11,720

Then start busting around.

229

00:19:11,720 --> 00:19:15,720

And the money and money at the time I used to get between him and my mother.

230

00:19:15,720 --> 00:19:17,720

Well, the same with my mother.

231

00:19:18,720 --> 00:19:21,720

Mary Sutton died at the age of 32.

232

00:19:21,720 --> 00:19:24,720

Her children were taken away.

233

00:19:24,720 --> 00:19:28,720

All except Sonny, who had to keep house for his father.

234

00:19:28,720 --> 00:19:31,720

It was very painful.

235

00:19:31,720 --> 00:19:34,720

Because I've lost my mother.

236

00:19:34,720 --> 00:19:37,720

I know what then I was going to lose my brothers and sisters.

237

00:19:37,720 --> 00:19:40,720

And when they were taken away it was very, very hurtful.

238

00:19:40,720 --> 00:19:42,720

Very painful.

239

00:19:42,720 --> 00:19:48,720

I knew that I couldn't settle until the family were reunited.

240

00:19:48,720 --> 00:19:56,720

That part of me that was Mary needed to see the children happy.

241

00:19:56,720 --> 00:19:59,720

One by one Jenny tracked down not only Sonny,

242

00:19:59,720 --> 00:20:02,720

but all the surviving Sutton children.

243

00:20:02,720 --> 00:20:05,720

And a few weeks ago at the home of youngest sister Betty,

244

00:20:05,720 --> 00:20:07,720

they were reunited.

245

00:20:07,720 --> 00:20:11,720

All together again for the first time in 61 years.

246

00:20:11,720 --> 00:20:13,720

And now you're back with me.

247

00:20:13,720 --> 00:20:15,720

How are you?

248

00:20:15,720 --> 00:20:17,720

Great.

249

00:20:17,720 --> 00:20:19,720

Brothers Frank and Christie.

250

00:20:19,720 --> 00:20:21,720

Phyllis and Sonny.

251

00:20:21,720 --> 00:20:27,720

Unknown to Phyllis, she and Betty had lived within 15 minutes of each other for 40 years.

252

00:20:27,720 --> 00:20:33,720

And it's Phyllis who appears in the only photo of their mother Mary.

253

00:20:33,720 --> 00:20:37,720

They're all about to meet the woman who believes she is Mary.

254

00:20:37,720 --> 00:20:40,720

Back from the dead.

255

00:20:41,720 --> 00:20:43,720

Hi Jenny. How are you?

256

00:20:43,720 --> 00:20:46,720

So Jenny Coquelle has reunited a lost family.

257

00:20:46,720 --> 00:20:50,720

But are they convinced she's the reincarnation of their mother?

258

00:20:50,720 --> 00:20:53,720

Priest only lives across from us, Father McCarty.

259

00:20:53,720 --> 00:20:56,720

And I said, Father send me to the, I want a truth.

260

00:20:56,720 --> 00:20:59,720

No, I said, do you believe in reincarnation?

261

00:20:59,720 --> 00:21:03,720

He said, that is the harlequin answer Christie said is,

262

00:21:03,720 --> 00:21:05,720

that your mother is calling from heaven.

263

00:21:05,720 --> 00:21:08,720

I'm just coming through you.

264

00:21:08,720 --> 00:21:12,720

Jenny's dreams are mommy's thoughts.

265

00:21:12,720 --> 00:21:16,720

Basically, my opinion is that mom wants us all together again.

266

00:21:16,720 --> 00:21:26,720

And Jenny was the lucky one that she chose and put her soul into Jenny.

267

00:21:26,720 --> 00:21:28,720

That's why I look at her.

268

00:21:28,720 --> 00:21:30,720

I want to avoid the steps over there.

269

00:21:30,720 --> 00:21:32,720

And to complete the reunion, a homecoming.

270

00:21:32,720 --> 00:21:35,720

Back to the remains of the humble cottage in Malahide,

271

00:21:35,720 --> 00:21:39,720

that the family left after the death of their beloved mother.

272

00:21:39,720 --> 00:21:41,720

She is back again.

273

00:21:41,720 --> 00:21:45,720

I believe that my mother is not passed on.

274

00:21:45,720 --> 00:21:48,720

She hasn't passed over, as we say.

275

00:21:48,720 --> 00:21:51,720

The wounds of the years of separation.

276

00:21:51,720 --> 00:21:57,720

The wounds of not known where my brothers and sisters were.

277

00:21:57,720 --> 00:22:01,720

Those wounds Jenny has healed now.

278

00:22:01,720 --> 00:22:04,720

Because now I know where they are.

279

00:22:04,720 --> 00:22:07,720

I know their real life and well.

280

00:22:07,720 --> 00:22:09,720

And those are our stories.

281

00:22:09,720 --> 00:22:11,720

I don't think you'd argue about their strangeness,

282

00:22:11,720 --> 00:22:14,720

but whether we believe them is for each of us to decide.

283

00:22:14,720 --> 00:22:17,720

Harry Price spent most of his 67 years on this earth

284

00:22:17,720 --> 00:22:20,720

trying to find the answers to such mysteries.

285

00:22:20,720 --> 00:22:22,720

But he didn't gain much public recognition

286

00:22:22,720 --> 00:22:25,720

and he died in 1948, a disappointed man.

287

00:22:25,720 --> 00:22:27,720

If he'd lived until today,

288

00:22:27,720 --> 00:22:30,720

he'd have seen more and more people following in his footsteps,

289

00:22:30,720 --> 00:22:33,720

visiting psychics, experimenting with hypnosis,

290

00:22:33,720 --> 00:22:35,720

trying to communicate with the spirits,

291

00:22:35,720 --> 00:22:38,720

or simply just reading their horoscopes.

292

00:22:38,720 --> 00:22:41,720

Yet whatever we do, the truth remains as elusive

293

00:22:41,720 --> 00:22:43,720

and as tantalising as ever.

294

00:22:43,720 --> 00:22:45,720

For now, good night.
