5

00:00:28,080 --> 00:00:43,440

Out there, there are 20 million light years of space, and that's just what we know about

6

00:00:43,440 --> 00:00:48,360

so far. In fact, what we don't know makes all the knowledge mankind has accumulated

7

00:00:48,360 --> 00:00:52,920

over the centuries and up to very little. Perhaps there'll always be more mysteries

8

00:00:52,920 --> 00:00:58,000

than answers, but then we all love a mystery. We have two more stories for you tonight.

9

00:00:58,000 --> 00:01:03,560

Stories of ordinary people, but what they describe is anything but ordinary. The evidence

10

00:01:03,560 --> 00:01:08,480

is compelling, but is it convincing? The woman in one of our stories tried to convince a

11

00:01:08,480 --> 00:01:15,200

jury when she took her psychic powers to court. We'll bring you their verdict later.

12

00:01:15,200 --> 00:01:19,720

First though, we've launched satellites and space stations hundreds of thousands of miles

13

00:01:19,720 --> 00:01:25,420

into orbit. Space probes have got more than 500 million miles away. Now if we've got

14

00:01:25,420 --> 00:01:32,700

all that, some ask what might another civilization have? Figures show that a UFO, an unidentified

15

00:01:32,700 --> 00:01:38,700

flying object, is spotted by someone somewhere in this world every three minutes. Certain

16

00:01:38,700 --> 00:01:43,100

areas report many more sightings than others. There have been concentrations of sightings

17

00:01:43,100 --> 00:01:48,660

from the Australian bush to the Brazilian rainforest. But in the past few years, nowhere

18

00:01:48,660 --> 00:01:58,060

has had more UFO reports than a certain part of Scotland. In the skies around the town

19

00:01:58,060 --> 00:02:06,020

of Falkirk over the last couple of years, around 800 UFOs have been sighted. It's a

20

00:02:06,020 --> 00:02:10,940

phenomenon which has reached such proportions that anxious locals have called a public meeting.

21

00:02:10,940 --> 00:02:14,580

They want to know the truth. What's behind the sudden upsurge?

22

00:02:14,580 --> 00:02:21,260

There was a cloud in the sky, particularly low down, and a large revolver of lights.

23

00:02:21,260 --> 00:02:26,820

Tending to sort of flare up and then dull down again, as if a light was turning towards

24

00:02:26,820 --> 00:02:32,100

me and then turning away again. Suddenly it started to move away, not very quickly, and

25

00:02:32,100 --> 00:02:36,180

then suddenly collapsed in on itself and disappeared.

26

00:02:36,180 --> 00:02:41,740

The fact remains however that UFOs are real. Of that, there is no question, but it is what

27

00:02:41,740 --> 00:02:49,340

they are or represent that is the question. Hundreds of people have phoned me regarding

28

00:02:49,340 --> 00:02:53,580

strange sightings in the sky. I know these people personally. I mean, they're not going

29

00:02:53,580 --> 00:02:58,020

to make stories out like this. I mean, they've actually faced a lot of ridicule and they've

30

00:02:58,020 --> 00:03:01,980

showed a lot of great courage coming forward and stating that they've seen something which

31

00:03:01,980 --> 00:03:06,020

nobody can define and nobody can give an answer for.

32

00:03:06,020 --> 00:03:11,500

Most sightings have been close by Falkirk in Bonne breach. Once occupied by Romans, later

33

00:03:11,540 --> 00:03:16,620

known for its iron fanderies, Bonne breach now has a bizarre new claim to fame. It's

34

00:03:16,620 --> 00:03:23,020

been blitzed by UFOs.

35

00:03:23,020 --> 00:03:28,460

Ray and Cathy Prosek were driving along the motorway nearby. As they approached a viaduct

36

00:03:28,460 --> 00:03:34,340

spanning the road, they say they saw an object the size of a jumbo jet hovering above it.

37

00:03:34,340 --> 00:03:40,140

I could see it was triangular in shape. There was a light at each corner. We passed underneath

38

00:03:40,140 --> 00:03:47,700

the viaduct and looking back, there sitting on the other side was another craft and it

39

00:03:47,700 --> 00:03:51,060

looked like a mirror image the way they were pointing towards each other.

40

00:03:51,060 --> 00:03:57,260

It didn't look like anything I'd ever seen before. So of course, you automatically think,

41

00:03:57,260 --> 00:03:58,980

you know, UFO.

42

00:03:59,100 --> 00:04:04,100

Moving home to neighbouring Lovett, Neil Malcolm says he was followed by a ball of light.

43

00:04:04,100 --> 00:04:10,500

I've got the fright in my life really. I knew it wasn't anybody's headlights or anything

44

00:04:10,500 --> 00:04:14,420

because it just lit up the full interior of the car.

45

00:04:14,420 --> 00:04:18,900

He rushed in to tell the rest of the family. As they went to look, Neil's wife Lorraine

46

00:04:18,900 --> 00:04:20,340

grabbed her video camera.

47

00:04:20,340 --> 00:04:27,340

When I zoomed in, I wasn't sure what I could see. When you know what a helicopter in my

48

00:04:27,500 --> 00:04:31,340

plane looked like, it definitely wasn't anything like that.

49

00:04:31,340 --> 00:04:37,940

And I had to stop because it disappeared behind the building.

50

00:04:37,940 --> 00:04:43,340

Studies of the video have been unable to explain what it shows. Even experts like Malcolm Robinson,

51

00:04:43,340 --> 00:04:48,980

who's analysed reports of UFOs for 25 years, are baffled by the wave of sightings.

52

00:04:48,980 --> 00:04:52,900

We check with the airports. We also check with the local police. And then you also check

53

00:04:52,940 --> 00:04:58,700

with meteorological stations to see any flights of weather balloons, etc.

54

00:04:58,700 --> 00:05:03,020

Some reports are misidentifications, obviously, of aircraft and the like. But this leaves

55

00:05:03,020 --> 00:05:08,900

us with a small residue, which is highly unusual and which demand investigation.

56

00:05:08,900 --> 00:05:13,420

But the most puzzling UFO case in the area must be the one which happened in these woods

57

00:05:13,420 --> 00:05:18,540

near Livingston. It's a case that the police came to treat officially as assault by person

58

00:05:18,540 --> 00:05:24,180

or person's unknown. It happened to a forestry worker, Bob Taylor, who was out on patrol

59

00:05:24,180 --> 00:05:28,980

checking for stray sheep in the forest. It was a routine task, one he'd done countless

60

00:05:28,980 --> 00:05:33,580

times over the years he'd worked there. As usual, there were no sheep, but as he rounded

61

00:05:33,580 --> 00:05:40,580

a corner, he discovered something else.

62

00:05:40,580 --> 00:05:43,580

What the?

63

00:05:43,620 --> 00:05:50,620

It's a huge thing with a big round dome, a very dark grey colour. It had a big flange

64

00:05:56,380 --> 00:06:03,380

going all the way around. I could see arms sticking out of this flange with what I took

65

00:06:03,980 --> 00:06:10,980

to be blades on the top. Two balls came out, two balls out. I think they'd be about three

66

00:06:11,140 --> 00:06:18,140

feet in diameter, with about six bites. They came right up beside me. I remember feeling

67

00:06:18,900 --> 00:06:24,220

a tug at that time.

68

00:06:24,220 --> 00:06:28,900

Bob Taylor can't remember exactly what followed. The next thing he does remember is lying on

69

00:06:28,900 --> 00:06:35,900

the ground, dazed and bleeding. Unable to walk and in no condition to drive, he set off

70

00:06:35,900 --> 00:06:42,900

for help on his hands and knees. By the time he arrived home, he was in a state of near

71

00:06:42,900 --> 00:06:44,900

total collapse.

72

00:06:44,900 --> 00:06:51,900

Bob, what happened to you? I need my drink. I'll get you a right one. He looked quite

73

00:06:58,900 --> 00:07:04,900

short and he was drained. He was right wide and his face was dirty. What's at the lorry?

74

00:07:04,900 --> 00:07:11,900

Did you have a clash? He was attacked. He said, I've been attacked. I said, what with

75

00:07:12,340 --> 00:07:18,820

and he said, a spaceship. I said, oh goodness me, there's no such a thing as a spaceship.

76

00:07:18,820 --> 00:07:23,900

I'm going to phone the doctor. You must have fell and hurt your head.

77

00:07:23,900 --> 00:07:29,060

Bob's wife called his boss, Malcolm Drummond. He went to the forest and he found Bob's abandoned

78

00:07:29,060 --> 00:07:34,500

truck and that wasn't all. In the clearing, he found impressions had been made in the

79

00:07:34,500 --> 00:07:41,500

ground. There is no doubt in my mind that these marks were made by a petrically solid, heavier

80

00:07:43,540 --> 00:07:50,540

than air object. They had been made by some machine which had come vertically downwards.

81

00:07:52,660 --> 00:07:57,500

The area was fenced off and police began an intensive search. They found nothing. It was

82

00:07:57,500 --> 00:08:02,900

one of the most puzzling cases Detective Inspector Ian Walk has ever come across. I couldn't believe

83

00:08:02,900 --> 00:08:08,860

it at first. The ground was soft and there were no signs of the tracks having come from

84

00:08:08,860 --> 00:08:14,100

somewhere or having went anywhere. They just seemed to have arrived. Near the caterpillar

85

00:08:14,100 --> 00:08:20,100

type tracks were holes in the ground, three inches deep, 40 holes in all. At first I thought

86

00:08:20,100 --> 00:08:26,260

they were possible to be made by equipment that were used by the forestry commission

87

00:08:26,340 --> 00:08:32,340

but we went to the earth premises, waited that day, examined all the vehicles and nothing

88

00:08:32,340 --> 00:08:38,300

at all worked. So what else could have caused the marks? One theory begins with the laying

89

00:08:38,300 --> 00:08:43,620

of water pipes in the forest and goes on to explain what Bob Taylor saw, a theory developed

90

00:08:43,620 --> 00:08:48,380

by science writer Stuart Campbell. He thought he saw a spacecraft, because that was the

91

00:08:48,380 --> 00:08:53,780

only logical explanation to him, sitting in a clearing but it was a magnified image in

92

00:08:53,820 --> 00:09:00,900

my opinion of a planet millions of miles away. But what about Bob's injuries? The theory

93

00:09:00,900 --> 00:09:06,460

continues that the site of the mirage triggered an epileptic fit. It caused him to be paralyzed,

94

00:09:06,460 --> 00:09:12,700

he couldn't speak and of course he was unable to walk. These are symptoms of that. But Bob

95

00:09:12,700 --> 00:09:17,900

hadn't suffered from epilepsy before and those who know him have no reason to doubt him. Bob

96

00:09:17,940 --> 00:09:23,420

Taylor was straightforward, a forester who had worked here for many years, he had no

97

00:09:23,420 --> 00:09:30,420

illusions of any kind and he's not the sort of chap who would have invented a story like this.

98

00:09:31,820 --> 00:09:36,140

Then there were the rips in the trousers Bob Taylor was wearing. Rips he claims were made

99

00:09:36,140 --> 00:09:42,460

by probes from the UFO. The trousers were sent to the police laboratories to be put

100

00:09:42,500 --> 00:09:48,860

under the scrutiny of forensic expert Leicester Nip. There was two sets of damage predominantly,

101

00:09:48,860 --> 00:09:56,340

close enough to be considered symmetrical. It's obviously been caused by a lifting action.

102

00:09:56,340 --> 00:10:03,100

It's not the sort of action that's caused by a fall, the tear would normally be down the trousers.

103

00:10:03,100 --> 00:10:09,100

Certainly the story could fit the bill, that some object or objects had moved across a clearing

104

00:10:09,100 --> 00:10:16,020

towards him, attempted to lift him up and carry him off. Even to this day we're completely

105

00:10:16,020 --> 00:10:25,380

baffled of one who assaulted Mr Taylor and two what made these marks on the ground. This is only

106

00:10:25,380 --> 00:10:30,700

one of the many local UFO cases which remain unsolved. Some witnesses say they're left with

107

00:10:30,700 --> 00:10:35,140

profound after effects, desperate to find a way of coming to terms with seeing something that

108

00:10:35,180 --> 00:10:40,980

defies belief. One of the most recent cases has left two local men with an obsession to find

109

00:10:40,980 --> 00:10:44,980

out what it was they encountered on a lonely stretch of road through the Pentland Hills.

110

00:10:44,980 --> 00:10:54,700

We come back here quite often looking at our camera and I'm just interested to find out to see

111

00:10:54,700 --> 00:11:01,020

if we can maybe see this again. The craft was bigger than the road. Me and Colin reckon that

112

00:11:01,060 --> 00:11:07,620

the craft was about 30 foot wide. We're both very frightened. It has sort of affected my life

113

00:11:07,620 --> 00:11:14,100

seeing something like this. I've never seen nothing ever like it before. Since I've suffered from bad

114

00:11:14,100 --> 00:11:20,940

depression, which I never used to do, it's just always on my mind. I just want to know what happened

115

00:11:20,940 --> 00:11:27,980

that night. I didn't really believe in it, UFOs, but this experience has sort of changed my mind.

116

00:11:31,980 --> 00:11:36,420

The Scottish UFOs are affecting local people in another way. They're becoming a tourist

117

00:11:36,420 --> 00:11:41,380

attraction. A plaque has been put up where Bob Taylor claimed his close encounter in the forest,

118

00:11:41,380 --> 00:11:44,620

bringing visitors from near and possibly very far.

119

00:11:52,620 --> 00:11:58,020

Medicine has learned many ways to deal with human pain. Consciousness can be wiped out in an instant

120

00:11:58,020 --> 00:12:03,820

by powerful anesthetics. For centuries, Chinese acupuncturists have inserted tiny needles into

121

00:12:03,820 --> 00:12:10,020

their patient's skin. Nobody knows how a needle in the ear can prevent back pain, but many western

122

00:12:10,020 --> 00:12:16,260

doctors have come to accept that it can. And hypnosis can be used to paralyze the nerves which carry

123

00:12:16,260 --> 00:12:22,860

pain signals. Without painkillers, most modern surgery will be unthinkable. So imagine the

124

00:12:22,860 --> 00:12:27,980

reaction of an American doctor whose patient said she wanted him to operate without anything to

125

00:12:27,980 --> 00:12:28,980

stop the pain.

126

00:12:32,980 --> 00:12:33,980

I'm fine.

127

00:12:34,980 --> 00:12:40,980

In almost 35 years as a physician, I have never seen it like that before. She said she didn't need anesthesia.

128

00:12:40,980 --> 00:12:41,980

It just...

129

00:12:41,980 --> 00:12:42,980

I'm sure you want to go through with this.

130

00:12:42,980 --> 00:12:43,980

I'm thought of.

131

00:12:43,980 --> 00:12:44,980

I'm blocked out of the pain.

132

00:12:46,980 --> 00:12:55,980

At about age seven, I discovered that I was psychic. As I grew older, my abilities grew not only stronger,

133

00:12:55,980 --> 00:13:04,980

but as I grew, they grew. About 10 years ago, I discovered that I was able to be pain and medication free,

134

00:13:04,980 --> 00:13:11,980

never taking any kind of pain pill for anything. I didn't have any pain. I didn't have any swelling.

135

00:13:11,980 --> 00:13:19,980

I didn't have any bleeding. Plus, the ability that I had helped me to heal faster than the average person.

136

00:13:20,980 --> 00:13:28,980

Penny Pelito calls it her pipeline. Doctors in Florida where she lives were skeptical to say the least about her claims,

137

00:13:28,980 --> 00:13:34,980

but she was so convincing that they agreed to operate to remove a cyst from her arm, with anesthetic standing by.

138

00:13:37,980 --> 00:13:45,980

When I put the knife on her skin, I thought that she would rebel and possibly scream a bit, because it was going to be painful.

139

00:13:45,980 --> 00:13:47,980

And she didn't.

140

00:13:47,980 --> 00:13:53,980

The few minutes that it took was enough for him to have his shirt ringing wet, because he was a nervous wreck.

141

00:13:53,980 --> 00:13:59,980

Why? He said, Penny, it's logical. Nobody can have surgery without anesthetic.

142

00:14:04,980 --> 00:14:11,980

The anesthetic standing by was never used. To the doctor's amazement, Penny didn't feel a thing.

143

00:14:11,980 --> 00:14:17,980

And she went on to have six more operations, operations potentially even more painful.

144

00:14:18,980 --> 00:14:26,980

You have three significant sized cysts all located in a very, very sensitive part of the breast.

145

00:14:26,980 --> 00:14:32,980

I can't see any reason in the world why anyone in their right mind would want to do this surgery without anesthesia.

146

00:14:32,980 --> 00:14:35,980

I can do it. I can. I've done it before.

147

00:14:35,980 --> 00:14:39,980

I've seen many phenomenal things. Nothing compares to this.

148

00:14:39,980 --> 00:14:42,980

I imagine the pain will be described as excruciating.

149

00:14:43,980 --> 00:14:47,980

In another operation, Penny had to have a toe amputated.

150

00:14:47,980 --> 00:14:55,980

I didn't sleep for a week before we did this, because I didn't believe it could be done, and I was very nervous.

151

00:14:56,980 --> 00:15:00,980

But in spite of Dr. Willins' fears, Penny still refused anesthetic.

152

00:15:01,980 --> 00:15:03,980

I asked her, did she feel pain? She always told me no.

153

00:15:03,980 --> 00:15:04,980

I feel nothing.

154

00:15:04,980 --> 00:15:10,980

We cut the skin, we cut deeper into the tissue, and we cut the bone and removed it.

155

00:15:12,980 --> 00:15:17,980

After I got the bone out, she says, I want to see what other people feel like.

156

00:15:17,980 --> 00:15:19,980

She says, I'm going to pipe out for a minute.

157

00:15:19,980 --> 00:15:21,980

And she says, oh my god, that's terrible.

158

00:15:22,980 --> 00:15:27,980

So could Penny Palito really have been using psychic power to block her pain?

159

00:15:28,980 --> 00:15:31,980

A leading psychiatrist who examined her thinks not.

160

00:15:32,980 --> 00:15:39,980

When I examined her, I discovered very quickly that this lady was very gifted, and she was using self-hypnosis.

161

00:15:40,980 --> 00:15:47,980

She would go into a trance or hypnotic state quickly and spontaneously, and as a result, turned off sensation to that part of her body.

162

00:15:48,980 --> 00:15:50,980

But those who've operated on her disagree.

163

00:15:51,980 --> 00:15:56,980

Most people in a hypnotic state are quieter. They lay back, and they don't ask too many questions.

164

00:15:56,980 --> 00:16:04,980

But she was lively, she was wide awake, she was trying to sit up. She was joking with the staff, she was joking with me, she was telling stories.

165

00:16:05,980 --> 00:16:09,980

If not hypnosis, could she have taken something?

166

00:16:10,980 --> 00:16:14,980

She showed absolutely no signs of clinical use of any kind of drug.

167

00:16:15,980 --> 00:16:18,980

Or could she have a medical condition which made her unable to feel pain?

168

00:16:19,980 --> 00:16:23,980

I don't know of any medical condition that blocks out pain.

169

00:16:23,980 --> 00:16:29,980

And it's my understanding that she has the ability to block it out, and if she didn't do that, she'd feel pain.

170

00:16:30,980 --> 00:16:37,980

Penny Palito claims to have other psychic powers too. To thank Dr. Willins for agreeing to operate, she decided to make him a gift.

171

00:16:38,980 --> 00:16:43,980

I told him that I would make him a winner at Las Vegas at the gaming tables.

172

00:16:44,980 --> 00:16:48,980

And I would share the knowledge that I had with him telepathically.

173

00:16:48,980 --> 00:16:49,980

An ace.

174

00:16:50,980 --> 00:16:54,980

It's like the bets were placed for me, and whatever I did was absolutely correct.

175

00:16:55,980 --> 00:17:00,980

If I needed an eight, the next card was an eight. It was like magic.

176

00:17:01,980 --> 00:17:03,980

Hey, blackjack, blackjack.

177

00:17:04,980 --> 00:17:07,980

Dr. Willins won several thousand dollars, but surely it was just luck.

178

00:17:08,980 --> 00:17:14,980

I finally figured out how to win money, so the following week I went over to the Bahamas and tried the same thing, but just I didn't win.

179

00:17:15,980 --> 00:17:16,980

There'll be one more here.

180

00:17:16,980 --> 00:17:20,980

If Penny had such powers, though, surely they had much greater potential.

181

00:17:21,980 --> 00:17:32,980

It would have benefited all mankind. If we could have found out how and the why, then burn victims and cancer patients could have been pain-free just like me.

182

00:17:33,980 --> 00:17:34,980

It would have been my gift to mankind.

183

00:17:35,980 --> 00:17:40,980

But that wasn't to be. One day she was shopping in a do-it-yourself store.

184

00:17:41,980 --> 00:17:42,980

Ah!

185

00:17:43,980 --> 00:17:47,980

Three boards came down and struck me on the head.

186

00:17:48,980 --> 00:17:49,980

Are you okay? Are you all right?

187

00:17:50,980 --> 00:17:55,980

Penny Palito says she felt pain for the first time in years. It was a shock, but she seemed to recover.

188

00:17:56,980 --> 00:18:02,980

She forgot about the accident and went ahead with another operation. But this time her powers were to fail her.

189

00:18:03,980 --> 00:18:08,980

Towards the end of the surgery, I began to experience feelings I shouldn't have.

190

00:18:08,980 --> 00:18:12,980

And that was the first indication to me something was wrong.

191

00:18:13,980 --> 00:18:21,980

By this time, I realized that the ability was lost and it never came back.

192

00:18:22,980 --> 00:18:26,980

It was then that Penny took a step which would make legal history.

193

00:18:27,980 --> 00:18:34,980

She took the DIY store to court, claiming damages not just for physical injury, but also for loss of psychic pain-blocking powers.

194

00:18:34,980 --> 00:18:43,980

A few days before the trial, the store offered her \$17,000 to drop the case. But money wasn't all Penny wanted.

195

00:18:44,980 --> 00:18:51,980

I wanted to legally prove that something, no matter what anybody wants to call it, did exist.

196

00:18:53,980 --> 00:18:54,980

Court is now in session.

197

00:18:55,980 --> 00:19:02,980

Our reconstruction is based on reports of the court case, which began with the DIY store's lawyer making an astonishing request.

198

00:19:03,980 --> 00:19:13,980

I do not believe that Ms. Polito has paranormal powers, but if indeed she does, we would ask that she refrain from using them to mentally invade the minds of the jury.

199

00:19:14,980 --> 00:19:15,980

No, Mr. Slok, that's going to fall.

200

00:19:16,980 --> 00:19:23,980

The judge refused, but ruled that the jury should reach a verdict on both the physical and psychic injuries claimed by Penny Polito's lawyer.

201

00:19:24,980 --> 00:19:27,980

On both physical and psychic injuries. Mr. Dabinski.

202

00:19:27,980 --> 00:19:46,980

While I understand that what I am asking you to accept, to some of you may even sound crazy, we will present evidence that Mrs. Polito does indeed have abilities that go beyond the comprehension of most of us.

203

00:19:47,980 --> 00:19:51,980

The doctors who have performed all seven operations backed Penny Polito's claims.

204

00:19:52,980 --> 00:19:57,980

This woman has some very strange and unreal abilities.

205

00:19:58,980 --> 00:20:03,980

He brought in the sword that was used to cut the bone out of my foot.

206

00:20:04,980 --> 00:20:09,980

This is a markup of the human foot. This is the left foot, which I operated on.

207

00:20:10,980 --> 00:20:14,980

Then using this, cut entirely through the bone.

208

00:20:14,980 --> 00:20:24,980

And he saw through the bones to demonstrate what I must have been feeling and experiencing during the surgery.

209

00:20:25,980 --> 00:20:33,980

Things started to go wrong, however, when the DIY store's lawyer told the court about her operation a fortnight after the accident.

210

00:20:34,980 --> 00:20:39,980

As far as we're concerned, if she had that ability, she still has it. She's simply choosing not to use it.

211

00:20:39,980 --> 00:20:45,980

In his closing statement, he called her claims bizarre, absurd and ridiculous.

212

00:20:46,980 --> 00:20:56,980

And there is no such thing as paranormal activity as she describes it and defines it. Thank you.

213

00:20:57,980 --> 00:21:00,980

The jury may now retire to consider the evidence and reach a verdict.

214

00:21:00,980 --> 00:21:14,980

We have, Your Honor, we the jury found that the plaintiff, Mrs. Polito did indeed suffer physical injury as a result of an accident at Home Depot.

215

00:21:15,980 --> 00:21:21,980

However, we do not feel that she has suffered any loss of her psychic powers.

216

00:21:30,980 --> 00:21:46,980

I read that the jurors believed that the power existed. I realized that the case wasn't totally lost, that the jurors believed me.

217

00:21:47,980 --> 00:21:52,980

I myself was truly convinced that she had some amazing abilities.

218

00:21:52,980 --> 00:22:02,980

She wasn't awarded damages for the loss of her psychic abilities because she really didn't prove that she had lost the abilities due to the accident.

219

00:22:03,980 --> 00:22:14,980

That part for me was a victory because at least then I knew that jurors were convinced a power was real, it happened, it existed.

220

00:22:15,980 --> 00:22:21,980

Pain blocking powers were tested as long ago as 1935 by a group from London University.

221

00:22:22,980 --> 00:22:28,980

They carried out an experiment in which an Indian man walked across hot coals at a temperature of 800 degrees Celsius.

222

00:22:29,980 --> 00:22:31,980

He should have suffered agonizing burns, but he didn't.

223

00:22:32,980 --> 00:22:37,980

If we could find out how such things can happen, medical science could be on the verge of a major breakthrough.

224

00:22:38,980 --> 00:22:40,980

Until next week, goodbye.
