

1  
00:00:31,589 --> 00:00:29,109  
hi i'm emelin swanson ufo network and

2  
00:00:34,549 --> 00:00:31,599  
we're here today to uh talk to phil

3  
00:00:37,590 --> 00:00:34,559  
jones whose father witnessed the

4  
00:00:39,350 --> 00:00:37,600  
ufo in on the night of the evening of

5  
00:00:42,069 --> 00:00:39,360  
the 19th of january

6  
00:00:44,389 --> 00:00:42,079  
1983 on the night when many ufos were

7  
00:00:46,630 --> 00:00:44,399  
seen across the south wales area

8  
00:00:48,470 --> 00:00:46,640  
and particularly around the swansea bay

9  
00:00:50,869 --> 00:00:48,480  
area

10  
00:00:55,110 --> 00:00:50,879  
a little bit of background phil's dad

11  
00:00:58,790 --> 00:00:56,709  
a driving instructor who's leaving the

12  
00:01:02,389 --> 00:00:58,800  
house to go to to work to pick up

13  
00:01:05,030 --> 00:01:02,399

somebody um just after 6 p.m on on on

14

00:01:07,670 --> 00:01:05,040

that night and um i'll introduce you now

15

00:01:09,030 --> 00:01:07,680

to phil who's uh you can take it through

16

00:01:10,870 --> 00:01:09,040

certainly

17

00:01:12,630 --> 00:01:10,880

yeah for sure well as i say my father

18

00:01:13,990 --> 00:01:12,640

liked the property he was going on to a

19

00:01:16,789 --> 00:01:14,000

driving lesson

20

00:01:19,590 --> 00:01:16,799

uh as he got down to his car here uh he

21

00:01:21,749 --> 00:01:19,600

noticed uh he's he was attention was

22

00:01:23,830 --> 00:01:21,759

drawn to the the roofs of the two houses

23

00:01:27,350 --> 00:01:23,840

next door next door but one

24

00:01:29,590 --> 00:01:27,360

uh from which he saw a large black craft

25

00:01:31,830 --> 00:01:29,600

um it was about this he described it as

26  
00:01:32,630 --> 00:01:31,840  
being about the size of a family saloon

27  
00:01:35,510 --> 00:01:32,640  
car

28  
00:01:37,590 --> 00:01:35,520  
triangular in shape uh it was blacker

29  
00:01:39,510 --> 00:01:37,600  
than the night sky

30  
00:01:41,510 --> 00:01:39,520  
and then on the on the three corners of

31  
00:01:43,830 --> 00:01:41,520  
this craft was a small

32  
00:01:46,389 --> 00:01:43,840  
uh pole and then at the bottom of that

33  
00:01:48,069 --> 00:01:46,399  
pole was a very bright small but very

34  
00:01:50,630 --> 00:01:48,079  
bright white light

35  
00:01:53,109 --> 00:01:50,640  
um the vehicle or the craft

36  
00:01:56,230 --> 00:01:53,119  
came between the two houses here

37  
00:01:57,590 --> 00:01:56,240  
it then descended below the height of

38  
00:02:01,270 --> 00:01:57,600

the house

39

00:02:02,389 --> 00:02:01,280

at a walking pace it crossed the road

40

00:02:05,910 --> 00:02:02,399

and then

41

00:02:08,469 --> 00:02:05,920

ascended back up on several phases it

42

00:02:10,790 --> 00:02:08,479

came up on two or three phases

43

00:02:12,630 --> 00:02:10,800

and just about managed to miss the roof

44

00:02:16,309 --> 00:02:12,640

of the house opposite

45

00:02:17,670 --> 00:02:16,319

um which roof was it uh number 15

46

00:02:22,070 --> 00:02:17,680

that's right that one there next to the

47

00:02:23,990 --> 00:02:22,080

scaffolding yeah yeah it uh it he said

48

00:02:26,869 --> 00:02:24,000

it was that close he was waiting for the

49

00:02:28,470 --> 00:02:26,879

impact uh to occur he he really did

50

00:02:31,510 --> 00:02:28,480

think it was gonna crash was there any

51  
00:02:38,710 --> 00:02:31,520  
sound it was that it made a sound it was

52  
00:02:42,869 --> 00:02:40,710  
it was going at what he described as a

53  
00:02:45,190 --> 00:02:42,879  
slow walking pace

54  
00:02:48,790 --> 00:02:45,200  
uh and um

55  
00:02:50,630 --> 00:02:48,800  
was so narrow or indeed so low it had no

56  
00:02:52,309 --> 00:02:50,640  
height to it as such

57  
00:02:54,869 --> 00:02:52,319  
he said if anybody if any although it

58  
00:02:57,589 --> 00:02:54,879  
was intelligently controlled um and

59  
00:03:00,470 --> 00:02:57,599  
certainly it was under control uh if

60  
00:03:01,830 --> 00:03:00,480  
there was any entity anything in there

61  
00:03:03,670 --> 00:03:01,840  
it would have had to have been laying

62  
00:03:04,869 --> 00:03:03,680  
prostrate

63  
00:03:07,110 --> 00:03:04,879

and it would have it's certainly

64

00:03:08,869 --> 00:03:07,120

probably not a human being

65

00:03:09,589 --> 00:03:08,879

um it was that thin

66

00:03:11,670 --> 00:03:09,599

so

67

00:03:13,509 --> 00:03:11,680

um you said it was about

68

00:03:15,509 --> 00:03:13,519

what size was that about the size of a

69

00:03:18,470 --> 00:03:15,519

family saloon at the front size of a

70

00:03:19,830 --> 00:03:18,480

family yeah regular family cars um

71

00:03:22,390 --> 00:03:19,840

when you say it was a triangle shape

72

00:03:25,190 --> 00:03:22,400

what was it like a equilateral triangle

73

00:03:27,270 --> 00:03:25,200

uh yes it was yeah yeah yeah yeah as i

74

00:03:28,710 --> 00:03:27,280

said um

75

00:03:30,630 --> 00:03:28,720

several people

76

00:03:32,470 --> 00:03:30,640

were reported as having seen these

77

00:03:35,350 --> 00:03:32,480

aircraft in the night sky on that

78

00:03:37,910 --> 00:03:35,360

particular night in question um but this

79

00:03:40,470 --> 00:03:37,920

is the closest this is

80

00:03:43,030 --> 00:03:40,480

one over there it is the lowest yeah

81

00:03:45,030 --> 00:03:43,040

that i've yeah yeah so you can imagine

82

00:03:47,430 --> 00:03:45,040

it coming over the roof there sure this

83

00:03:49,270 --> 00:03:47,440

is a quick condition again

84

00:03:52,149 --> 00:03:49,280

in this direction

85

00:03:53,670 --> 00:03:52,159

as i say it descended it actually came

86

00:03:55,670 --> 00:03:53,680

down below

87

00:03:57,589 --> 00:03:55,680

the the height of the roof

88

00:03:59,670 --> 00:03:57,599

um how long would it take five six

89

00:04:00,390 --> 00:03:59,680

seconds to cross the road at a walking

90

00:04:02,550 --> 00:04:00,400

pace

91

00:04:03,509 --> 00:04:02,560

yeah and then as i say it then ascended

92

00:04:06,309 --> 00:04:03,519

again

93

00:04:07,990 --> 00:04:06,319

just about cleared that roof literally

94

00:04:10,630 --> 00:04:08,000

by an inch or two

95

00:04:13,030 --> 00:04:10,640

and then my father having run up here

96

00:04:15,750 --> 00:04:13,040

between the gap in the two houses he

97

00:04:17,349 --> 00:04:15,760

noticed it descending again and making

98

00:04:20,069 --> 00:04:17,359

its way down there

99

00:04:22,230 --> 00:04:20,079

well when it actually left did it um

100

00:04:24,550 --> 00:04:22,240

did it leave it velocity or did it just

101  
00:04:26,950 --> 00:04:24,560  
disappear

102  
00:04:29,430 --> 00:04:26,960  
my father lost sight of it between these

103  
00:04:31,749 --> 00:04:29,440  
houses um it didn't speed up this the

104  
00:04:33,909 --> 00:04:31,759  
speed was constant it was a constant

105  
00:04:36,310 --> 00:04:33,919  
what you'd what he described as a slow

106  
00:04:39,590 --> 00:04:36,320  
to medium walking pace

107  
00:04:40,710 --> 00:04:39,600  
um and that's how it it it ascended over

108  
00:04:43,270 --> 00:04:40,720  
that roof

109  
00:04:45,830 --> 00:04:43,280  
he but he ran over here saw between the

110  
00:04:48,550 --> 00:04:45,840  
two houses the gap there he managed to

111  
00:04:51,030 --> 00:04:48,560  
watch it descend back down below the

112  
00:04:54,469 --> 00:04:51,040  
house level again and head off in that

113  
00:04:56,550 --> 00:04:54,479

direction towards the swansea bay

114

00:04:58,310 --> 00:04:56,560

um and as i say he said that as far as

115

00:05:00,870 --> 00:04:58,320

he was concerned the speed was

116

00:05:02,230 --> 00:05:00,880

continually uh it was the same speed i

117

00:05:04,710 --> 00:05:02,240

wonder if there's any sound coming from

118

00:05:06,390 --> 00:05:04,720

that thing well

119

00:05:08,950 --> 00:05:06,400

the only sound that he could hear was a

120

00:05:11,590 --> 00:05:08,960

very low deep uh and i'll do it for you

121

00:05:13,909 --> 00:05:11,600

it was a sort of a choo choo choo choo

122

00:05:15,830 --> 00:05:13,919

choo choo sound yeah so where were you

123

00:05:18,390 --> 00:05:15,840

at that time were you oh i've been in

124

00:05:20,950 --> 00:05:18,400

the house i was living there i was 18 at

125

00:05:23,029 --> 00:05:20,960

the time um i was actually inside the

126  
00:05:24,870 --> 00:05:23,039  
house together with my mum and brother

127  
00:05:27,029 --> 00:05:24,880  
as i say my father was coming out to go

128  
00:05:28,469 --> 00:05:27,039  
on a driving lesson as a driving

129  
00:05:30,710 --> 00:05:28,479  
instructor he was going to pick someone

130  
00:05:33,189 --> 00:05:30,720  
up and of course it's then he noticed

131  
00:05:35,510 --> 00:05:33,199  
this was was your dad sort of into this

132  
00:05:37,990 --> 00:05:35,520  
sort of stuff or was he a skeptic

133  
00:05:40,390 --> 00:05:38,000  
he was he had a great deal of interest

134  
00:05:42,070 --> 00:05:40,400  
in the paranormal in all all its aspects

135  
00:05:44,950 --> 00:05:42,080  
all its various aspects whether it be

136  
00:05:47,270 --> 00:05:44,960  
ghosts or teleportation time travel

137  
00:05:48,710 --> 00:05:47,280  
whatever it might be and of course ufos

138  
00:05:51,590 --> 00:05:48,720

are one of those but i wouldn't say he

139

00:05:52,950 --> 00:05:51,600

was overly interested until this event

140

00:05:54,310 --> 00:05:52,960

the only reason they say is because a

141

00:05:55,990 --> 00:05:54,320

lot of people think that they've seen a

142

00:05:57,990 --> 00:05:56,000

ufo when they've seen like a flare or

143

00:06:00,150 --> 00:05:58,000

something yeah and some people just it's

144

00:06:01,510 --> 00:06:00,160

what they want to see but this thing was

145

00:06:03,350 --> 00:06:01,520

really oh

146

00:06:06,950 --> 00:06:03,360

you know as i said

147

00:06:08,950 --> 00:06:06,960

until he died in 2012 we regularly

148

00:06:10,790 --> 00:06:08,960

discussed it uh and i suppose

149

00:06:12,870 --> 00:06:10,800

periodically we'd sit down and think

150

00:06:15,749 --> 00:06:12,880

well what on earth could it have been

151

00:06:17,510 --> 00:06:15,759

uh and to this day where we we have no

152

00:06:19,189 --> 00:06:17,520

answer when it happened did he come back

153

00:06:21,029 --> 00:06:19,199

in the house to tell him oh gosh yes he

154

00:06:22,309 --> 00:06:21,039

was very excited about it he came

155

00:06:24,710 --> 00:06:22,319

running you know

156

00:06:26,629 --> 00:06:24,720

he was in a bit of a flap oh god you see

157

00:06:27,909 --> 00:06:26,639

what i've seen nuts is mad what have i

158

00:06:29,670 --> 00:06:27,919

just seen

159

00:06:30,950 --> 00:06:29,680

and of course but then

160

00:06:33,270 --> 00:06:30,960

um

161

00:06:35,189 --> 00:06:33,280

he was a very private chap and hence i

162

00:06:35,990 --> 00:06:35,199

had to wait until he passed away before

163

00:06:37,510 --> 00:06:36,000

i could

164

00:06:39,270 --> 00:06:37,520

report it to anyone he wouldn't have

165

00:06:40,790 --> 00:06:39,280

wanted any of this

166

00:06:42,790 --> 00:06:40,800

were there any other witnesses that come

167

00:06:44,790 --> 00:06:42,800

forward that sort of said you know did

168

00:06:47,189 --> 00:06:44,800

you see what went on you know not that

169

00:06:48,629 --> 00:06:47,199

i'm aware of um nobody else in the

170

00:06:51,350 --> 00:06:48,639

street has come forward or mentioned

171

00:06:53,189 --> 00:06:51,360

anything and so as far as i'm aware my

172

00:06:57,110 --> 00:06:53,199

father was the only witness to this

173

00:06:59,270 --> 00:06:57,120

particular incident as i say um i i know

174

00:07:01,990 --> 00:06:59,280

of two or three people who saw them much

175

00:07:04,150 --> 00:07:02,000

higher at a far higher altitude on that

176

00:07:06,309 --> 00:07:04,160

night um i think there were police

177

00:07:07,029 --> 00:07:06,319

officers saw that witnessed it

178

00:07:13,749 --> 00:07:07,039

uh

179

00:07:16,230 --> 00:07:13,759

yeah there was nothing like what your

180

00:07:18,390 --> 00:07:16,240

dad said no no it seems that on that

181

00:07:20,150 --> 00:07:18,400

night on that evening there were many

182

00:07:23,430 --> 00:07:20,160

different

183

00:07:25,589 --> 00:07:23,440

area so

184

00:07:27,350 --> 00:07:25,599

it wasn't just that one area no

185

00:07:29,670 --> 00:07:27,360

this is what i've since

186

00:07:33,189 --> 00:07:29,680

having studied it since i found to be

187

00:07:35,189 --> 00:07:33,199

the classic triangular craft uh i know

188

00:07:37,110 --> 00:07:35,199

that belgium had a lot of what they call

189

00:07:39,189 --> 00:07:37,120

a flap back in the 80s with these

190

00:07:40,629 --> 00:07:39,199

triangular craft were chased and pursued

191

00:07:42,230 --> 00:07:40,639

i know that much but your father's

192

00:07:43,909 --> 00:07:42,240

cycling is unusual in fact he had a

193

00:07:45,510 --> 00:07:43,919

protuberance at each corner with a white

194

00:07:47,189 --> 00:07:45,520

light on the end of it that's right to

195

00:07:50,710 --> 00:07:47,199

go through that again each of the three

196

00:07:53,029 --> 00:07:50,720

corners a tube so long uh and the bottom

197

00:07:56,469 --> 00:07:53,039

of which was a small but very intensely

198

00:07:58,550 --> 00:07:56,479

bright white light very intensely bright

199

00:07:59,830 --> 00:07:58,560

and that's of course how he could take

200

00:08:02,150 --> 00:07:59,840

the shape

201  
00:08:04,629 --> 00:08:02,160  
and of course that between the three

202  
00:08:07,670 --> 00:08:04,639  
bright white lights the triangle itself

203  
00:08:09,830 --> 00:08:07,680  
was a lot darker whatever it was made of

204  
00:08:12,309 --> 00:08:09,840  
it was a lot darker than the sky did it

205  
00:08:14,869 --> 00:08:12,319  
move in any irregular patterns of europe

206  
00:08:17,430 --> 00:08:14,879  
no no as i said it came in an absolute

207  
00:08:19,749 --> 00:08:17,440  
straight line over the roof it the only

208  
00:08:22,309 --> 00:08:19,759  
thing it did the only deviation was it

209  
00:08:25,189 --> 00:08:22,319  
in in its altitude its altitude

210  
00:08:28,150 --> 00:08:25,199  
fluctuated from just above literally an

211  
00:08:30,150 --> 00:08:28,160  
inch or two above uh roof level uh down

212  
00:08:32,550 --> 00:08:30,160  
to below roof level

213  
00:08:34,310 --> 00:08:32,560

uh and of course then it re-ascended

214

00:08:36,630 --> 00:08:34,320

once it got to the other side of the

215

00:08:37,990 --> 00:08:36,640

road i forgot to see my little

216

00:08:40,709 --> 00:08:38,000

introduction there we're actually in

217

00:08:42,230 --> 00:08:40,719

long long oaks avenue avenue in

218

00:08:44,790 --> 00:08:42,240

between the uplands and scotty in

219

00:08:46,310 --> 00:08:44,800

swansea yeah and that way south that way

220

00:08:47,910 --> 00:08:46,320

is north so that's right it was had to

221

00:08:49,350 --> 00:08:47,920

get you back into the south

222

00:08:50,630 --> 00:08:49,360

it was heading into north to south

223

00:08:52,949 --> 00:08:50,640

direction

224

00:08:55,670 --> 00:08:52,959

the speed was constant its altitude

225

00:08:57,430 --> 00:08:55,680

fluctuated by what's uh 10 feet perhaps

226

00:08:58,389 --> 00:08:57,440

yeah something like that

227

00:09:00,230 --> 00:08:58,399

um

228

00:09:03,430 --> 00:09:00,240

and then as i say just just to finish

229

00:09:05,190 --> 00:09:03,440

off it it descended again at the other

230

00:09:06,949 --> 00:09:05,200

side of this house

231

00:09:08,630 --> 00:09:06,959

and my father running up here he could

232

00:09:11,110 --> 00:09:08,640

just about make up between the two

233

00:09:12,710 --> 00:09:11,120

properties there this ufo coming back

234

00:09:16,710 --> 00:09:12,720

down can you just say what year again it

235

00:09:19,430 --> 00:09:16,720

was please it was january 1983.

236

00:09:21,509 --> 00:09:19,440

it's a long time ago

237

00:09:24,550 --> 00:09:21,519

yeah and do you know what in 1983 i

238

00:09:26,470 --> 00:09:24,560

remember some friends coming to school

239

00:09:27,990 --> 00:09:26,480

and saying that they'd witnessed ufos

240

00:09:30,870 --> 00:09:28,000

well that's right yeah yeah it must have

241

00:09:32,470 --> 00:09:30,880

been the same time it was it was as i i

242

00:09:34,310 --> 00:09:32,480

know this as i said

243

00:09:36,230 --> 00:09:34,320

two or three of my friends actually saw

244

00:09:37,910 --> 00:09:36,240

them as well they were quite they were

245

00:09:39,670 --> 00:09:37,920

everywhere that particular night they

246

00:09:42,790 --> 00:09:39,680

were although i personally didn't see

247

00:09:45,269 --> 00:09:42,800

one uh no i was really jealous yeah so i

248

00:09:47,509 --> 00:09:45,279

i'm upset about that but i didn't i

249

00:09:49,350 --> 00:09:47,519

didn't see one but as i say my father's

250

00:09:50,710 --> 00:09:49,360

account was something that we've talked

251  
00:09:52,550 --> 00:09:50,720  
about ever since

252  
00:09:54,310 --> 00:09:52,560  
it really freaked him out he didn't have

253  
00:09:57,509 --> 00:09:54,320  
well to this day we don't know what that

254  
00:10:00,150 --> 00:09:57,519  
was we went through drones but then well

255  
00:10:03,350 --> 00:10:00,160  
drones a they don't go at a walking pace

256  
00:10:04,630 --> 00:10:03,360  
at least i don't think so um they're not

257  
00:10:07,110 --> 00:10:04,640  
they weren't

258  
00:10:09,110 --> 00:10:07,120  
known back in the early 80s

259  
00:10:11,430 --> 00:10:09,120  
um and the thing i kept asking is why

260  
00:10:13,670 --> 00:10:11,440  
would any military or governmental

261  
00:10:16,470 --> 00:10:13,680  
department want to test something

262  
00:10:19,110 --> 00:10:16,480  
uh like that over an urban street yeah

263  
00:10:20,150 --> 00:10:19,120

in in at six o'clock on a on a weekday

264

00:10:22,230 --> 00:10:20,160

evening

265

00:10:23,269 --> 00:10:22,240

so it just doesn't make sense

266

00:10:25,350 --> 00:10:23,279

um

267

00:10:27,190 --> 00:10:25,360

drones were if it were drone it was it

268

00:10:30,310 --> 00:10:27,200

would have been something that uh would

269

00:10:31,829 --> 00:10:30,320

have been highly top secret at that time

270

00:10:34,870 --> 00:10:31,839

um and why the hell would they be

271

00:10:37,350 --> 00:10:34,880

testing it over a a suburban street

272

00:10:40,069 --> 00:10:37,360

yeah um it just didn't make sense plus

273

00:10:42,230 --> 00:10:40,079

of course it's the exact time was it six

274

00:10:43,990 --> 00:10:42,240

or six it was round about six o'clock

275

00:10:46,630 --> 00:10:44,000

because um yeah give or take many other

276

00:10:50,069 --> 00:10:46,640

witnesses uh reported two big objects

277

00:10:51,190 --> 00:10:50,079

going west uh east to west right high up

278

00:10:53,750 --> 00:10:51,200

low down

279

00:10:55,670 --> 00:10:53,760

yeah um all about the same time between

280

00:10:57,990 --> 00:10:55,680

sort of six six thirty yeah that would

281

00:11:00,389 --> 00:10:58,000

be the talbot skewing yeah all over the

282

00:11:03,110 --> 00:11:00,399

place if i remember rightly my father

283

00:11:05,030 --> 00:11:03,120

his evening lessons were 6 30 they

284

00:11:06,310 --> 00:11:05,040

started he went a couple of lessons in

285

00:11:08,630 --> 00:11:06,320

the evening and i think the first one

286

00:11:10,790 --> 00:11:08,640

used to be starting at 6 30 so it would

287

00:11:12,790 --> 00:11:10,800

have been around about six six to 10

288

00:11:13,990 --> 00:11:12,800

past something on along those lines of

289

00:11:16,389 --> 00:11:14,000

course after that then you have to go to

290

00:11:19,430 --> 00:11:16,399

work and then he went to work

291

00:11:21,990 --> 00:11:19,440

very shaken up very shaken up by it

292

00:11:23,829 --> 00:11:22,000

yeah absolutely right well thank you for

293

00:11:26,470 --> 00:11:23,839

meeting us thank you thank you thank you

294

00:11:28,949 --> 00:11:26,480

sir thank you i hope some use to you

295

00:11:30,710 --> 00:11:28,959

okay cheers very much so thank you

296

00:11:33,030 --> 00:11:30,720

brilliant there we are

297

00:11:34,630 --> 00:11:33,040

it's uh amazing strange occurrences are

298

00:11:36,310 --> 00:11:34,640

turning up that we've come across and

299

00:11:38,870 --> 00:11:36,320

since we've been doing this oh you won't

300

00:11:41,030 --> 00:11:38,880

believe it yeah it's so many yeah um

301  
00:11:42,790 --> 00:11:41,040  
people coming forward the red russian

302  
00:11:44,069 --> 00:11:42,800  
forest incident

303  
00:11:47,269 --> 00:11:44,079  
that's the one i find the most

304  
00:11:49,670 --> 00:11:47,279  
fascinating colonel holt

305  
00:11:50,949 --> 00:11:49,680  
charles holt and uh that crew

306  
00:11:53,030 --> 00:11:50,959  
they must

307  
00:11:54,790 --> 00:11:53,040  
have been written about it yeah that's

308  
00:11:57,269 --> 00:11:54,800  
right yeah nick pope

309  
00:12:00,230 --> 00:11:57,279  
he wrote a book about it recently which

310  
00:12:04,069 --> 00:12:00,240  
i found very interesting

311  
00:12:06,629 --> 00:12:04,079  
and of course our interest in it was

312  
00:12:08,310 --> 00:12:06,639  
it it was greatly increased having seen

313  
00:12:10,069 --> 00:12:08,320

this whatever it was he saw that's when

314

00:12:11,990 --> 00:12:10,079

we really started taking a bit more of

315

00:12:13,910 --> 00:12:12,000

an interest in the subject

316

00:12:15,750 --> 00:12:13,920

it does you know that happens a lot you

317

00:12:17,110 --> 00:12:15,760

know people see something and it it

318

00:12:18,710 --> 00:12:17,120

awakens uh

319

00:12:20,150 --> 00:12:18,720

oh yeah there's a fascination with the

320

00:12:21,750 --> 00:12:20,160

subject

321

00:12:23,350 --> 00:12:21,760

well as i say he was a very private guy

322

00:12:25,190 --> 00:12:23,360

he didn't want anyone and he wouldn't

323

00:12:26,230 --> 00:12:25,200

have particularly appreciated this to be

324

00:12:28,389 --> 00:12:26,240

truthful

325

00:12:31,110 --> 00:12:28,399

and hence i did promise i wouldn't say

326

00:12:32,710 --> 00:12:31,120

any more about it until after he'd gone

327

00:12:34,550 --> 00:12:32,720

but as soon as he did then i thought

328

00:12:36,550 --> 00:12:34,560

right well it's fair enough now is the

329

00:12:38,870 --> 00:12:36,560

time i i honestly believe that this is

330

00:12:41,030 --> 00:12:38,880

an important enough sighting that it's

331

00:12:42,949 --> 00:12:41,040

at least to tell people yeah but what

332

00:12:43,990 --> 00:12:42,959

people take from this is entirely up to

333

00:12:46,949 --> 00:12:44,000

them but

334

00:12:49,990 --> 00:12:46,959

i know it's true i know it happened it

335

00:12:52,550 --> 00:12:50,000

did my father did see this whatever it

336

00:12:54,230 --> 00:12:52,560

was he did see it

337

00:12:56,150 --> 00:12:54,240

and it it it

338

00:12:58,310 --> 00:12:56,160

shocked him really

339

00:13:00,310 --> 00:12:58,320

it is amazing how many people have seen

340

00:13:02,069 --> 00:13:00,320

things and it's gone unreported over the

341

00:13:03,269 --> 00:13:02,079

years yeah and this has been the purpose

342

00:13:05,509 --> 00:13:03,279

of the club really because it's brought

343

00:13:06,710 --> 00:13:05,519

to like so many incidents

344

00:13:08,389 --> 00:13:06,720

i've come to the meetings they're not

345

00:13:09,910 --> 00:13:08,399

afraid when they realize everyone else

346

00:13:11,670 --> 00:13:09,920

is in the same position and seeing other

347

00:13:13,750 --> 00:13:11,680

things themselves yeah they will come up

348

00:13:16,470 --> 00:13:13,760

front and start telling you what they've

349

00:13:18,310 --> 00:13:16,480

seen yeah yeah as i say i wish i could

350

00:13:19,990 --> 00:13:18,320

say i saw it i wished i could but i

351  
00:13:21,590 --> 00:13:20,000  
didn't

352  
00:13:23,670 --> 00:13:21,600  
well i wasn't i'm really pleased that

353  
00:13:24,790 --> 00:13:23,680  
you you did put that post up on on the

354  
00:13:26,949 --> 00:13:24,800  
website

355  
00:13:28,150 --> 00:13:26,959  
we spotted and um

356  
00:13:29,750 --> 00:13:28,160  
because otherwise

357  
00:13:32,069 --> 00:13:29,760  
that sighting that your dad had would

358  
00:13:33,430 --> 00:13:32,079  
have been forgotten and yeah yeah well

359  
00:13:35,190 --> 00:13:33,440  
the things about it that i found the

360  
00:13:37,509 --> 00:13:35,200  
most interesting was either depth of the

361  
00:13:39,829 --> 00:13:37,519  
craft it was so

362  
00:13:41,829 --> 00:13:39,839  
shallow if you will that is he said

363  
00:13:44,069 --> 00:13:41,839

probably a human being couldn't even lay

364

00:13:45,829 --> 00:13:44,079

in it it was that shallow that was

365

00:13:47,110 --> 00:13:45,839

something i thought was quite important

366

00:13:49,750 --> 00:13:47,120

that we

367

00:13:51,509 --> 00:13:49,760

explain and also the chugging noise

368

00:13:53,350 --> 00:13:51,519

and you don't expect to hear sort of a

369

00:13:55,990 --> 00:13:53,360

low chugging noise with something to do

370

00:13:57,430 --> 00:13:56,000

um assume as you assume to be so super

371

00:13:59,509 --> 00:13:57,440

high tech did you ask her on the

372

00:14:02,550 --> 00:13:59,519

neighbors see if anybody else saw it

373

00:14:04,389 --> 00:14:02,560

no we didn't no no perhaps we ought to

374

00:14:06,870 --> 00:14:04,399

have but my father was i guess he was

375

00:14:09,350 --> 00:14:06,880

the only one out here at the time um

376

00:14:10,949 --> 00:14:09,360

this is such a transient thing

377

00:14:12,949 --> 00:14:10,959

that's a busy street people are in and

378

00:14:15,110 --> 00:14:12,959

out all the time six o'clock is a fairly

379

00:14:16,310 --> 00:14:15,120

early evening just a few seconds across

380

00:14:18,550 --> 00:14:16,320

the road and then yeah it was over the

381

00:14:20,629 --> 00:14:18,560

next week yeah yeah but that's it yeah

382

00:14:21,990 --> 00:14:20,639

as i say it was it was all over in about

383

00:14:27,189 --> 00:14:22,000

maybe

384

00:14:28,790 --> 00:14:27,199

it didn't last long

385

00:14:30,150 --> 00:14:28,800

given the business of schedule

386

00:14:31,430 --> 00:14:30,160

especially that time of the evening

387

00:14:33,750 --> 00:14:31,440

there's a good chance someone else and

388

00:14:35,189 --> 00:14:33,760

it was at night yeah well it was dark as

389

00:14:37,590 --> 00:14:35,199

i said it was because it was middle of

390

00:14:39,189 --> 00:14:37,600

january and so of course 6 p.m it's

391

00:14:42,389 --> 00:14:39,199

pitch dark

392

00:14:43,910 --> 00:14:42,399

this craft was darker than the night sky

393

00:14:45,990 --> 00:14:43,920

so even if it didn't have a light on

394

00:14:47,430 --> 00:14:46,000

each corner he could have seen

395

00:14:49,189 --> 00:14:47,440

what it was the street lights would have

396

00:14:53,269 --> 00:14:49,199

been cured by the fact that it was dark

397

00:14:54,389 --> 00:14:53,279

a lot darker than the sky around it

398

00:14:55,509 --> 00:14:54,399

it's okay

399

00:14:57,269 --> 00:14:55,519

there we go

400

00:14:59,110 --> 00:14:57,279

good

401

00:15:01,269 --> 00:14:59,120

i think you can always tell the more

402

00:15:04,069 --> 00:15:01,279

genuine cases is when they worried about

403

00:15:06,230 --> 00:15:04,079

the self-image and they worried about um

404

00:15:07,509 --> 00:15:06,240

what people might think because if they

405

00:15:09,350 --> 00:15:07,519

were attention-seeking they would have

406

00:15:11,430 --> 00:15:09,360

just bloated it out

407

00:15:13,430 --> 00:15:11,440

but again as i said i swore i with my

408

00:15:14,790 --> 00:15:13,440

father and my word that i wouldn't

409

00:15:16,790 --> 00:15:14,800

go uh

410

00:15:19,670 --> 00:15:16,800

putting it out in pub in the public

411

00:15:22,550 --> 00:15:19,680

domain until he passed away um

412

00:15:24,829 --> 00:15:22,560

which of course he did in 2012 and so

413

00:15:27,110 --> 00:15:24,839

soon after he died i thought right next

414

00:15:29,590 --> 00:15:27,120

time the power but at least anyone with

415

00:15:31,350 --> 00:15:29,600

an interest in this subject knew what it

416

00:15:33,189 --> 00:15:31,360

seemed yeah

417

00:15:37,189 --> 00:15:33,199

it is i would have thought it's quite

418

00:15:39,030 --> 00:15:37,199

important in as much as that as i say

419

00:15:41,590 --> 00:15:39,040

the noise it made the height of the

420

00:15:43,910 --> 00:15:41,600

craft general description

421

00:15:45,189 --> 00:15:43,920

is quite accurate and as much as you

422

00:15:48,150 --> 00:15:45,199

could have been about

423

00:15:49,350 --> 00:15:48,160

25-30 feet from it

424

00:15:52,550 --> 00:15:49,360

yeah

425

00:15:54,790 --> 00:15:52,560

oh we're very grateful to you it's not

426

00:15:56,710 --> 00:15:54,800

going to make scary

427

00:15:58,470 --> 00:15:56,720

for our purposes anyway we've got a

428

00:15:59,910 --> 00:15:58,480

record of it now and it's nice to

429

00:16:01,030 --> 00:15:59,920

compare these things as well because

430

00:16:02,310 --> 00:16:01,040

there's so many other people seeing the

431

00:16:04,389 --> 00:16:02,320

same sort of thing on the same night

432

00:16:06,230 --> 00:16:04,399

it's just interesting so yeah has been

433

00:16:07,990 --> 00:16:06,240

plot in the direction of every single

434

00:16:09,269 --> 00:16:08,000

one that's been reported on that night

435

00:16:10,790 --> 00:16:09,279

so it's interesting to see which

436

00:16:12,150 --> 00:16:10,800

directions they've been traveling some

437

00:16:14,389 --> 00:16:12,160

of them might be the same crowd yeah

438

00:16:17,910 --> 00:16:14,399

they've seen something probably

439

00:16:19,829 --> 00:16:17,920

i think it's more than a coincidence

440

00:16:21,749 --> 00:16:19,839

as i say my memory may be playing tricks

441

00:16:24,150 --> 00:16:21,759

with me but i can remember my friends

442

00:16:25,749 --> 00:16:24,160

and i sitting down talking about them um

443

00:16:28,069 --> 00:16:25,759

but of course they were much higher in

444

00:16:30,150 --> 00:16:28,079

the sky like the ones my friends had

445

00:16:32,470 --> 00:16:30,160

seen and then an altitude of perhaps

446

00:16:34,470 --> 00:16:32,480

hundreds of feet if not more yeah

447

00:16:38,470 --> 00:16:34,480

they just saw small craft but of course

448

00:16:42,710 --> 00:16:38,480

this one was 25 30 feet away

449

00:16:44,710 --> 00:16:42,720

so it was a heck of a difference

450

00:16:46,949 --> 00:16:44,720

well we blame a lot on confabulation a

451

00:16:48,230 --> 00:16:46,959

way but very often our memory is a lot a

452

00:16:50,150 --> 00:16:48,240

lot more accurate than we give them

453

00:16:51,430 --> 00:16:50,160

credit for possibly yeah yeah that's

454

00:16:54,790 --> 00:16:51,440

very true too

455

00:16:57,670 --> 00:16:56,230

there we are

456

00:16:59,110 --> 00:16:57,680

that's it okay

457

00:17:01,110 --> 00:16:59,120

okay steve
