

A man with short dark hair, wearing a black collared shirt over a black t-shirt, is looking down at a clipboard. The background is a plain, light-colored wall. The text 'S.U.F.O.N' is overlaid in the bottom left corner.

S.U.F.O.N

1
00:00:17,670 --> 00:00:15,190
so enough i'm going to look at the food

2
00:00:20,150 --> 00:00:17,680
cycling over the last

3
00:00:21,189 --> 00:00:20,160
five or so years um

4
00:00:22,150 --> 00:00:21,199
i've

5
00:00:24,310 --> 00:00:22,160
got the time for me to go through the

6
00:00:25,830 --> 00:00:24,320
whole lot um next month i'm gonna look

7
00:00:27,750 --> 00:00:25,840
at um

8
00:00:29,669 --> 00:00:27,760
a lot more cyclings

9
00:00:31,429 --> 00:00:29,679
over the last thirty four years in this

10
00:00:35,030 --> 00:00:31,439
area but um

11
00:00:38,069 --> 00:00:35,040
so i'll just uh go through a few um

12
00:00:39,350 --> 00:00:38,079
26th of december 2009.

13
00:00:41,190 --> 00:00:39,360

um

14

00:00:46,069 --> 00:00:41,200

are you all familiar with the village

15

00:00:55,029 --> 00:00:47,270

um

16

00:00:56,549 --> 00:00:55,039

michael david was uh

17

00:00:59,510 --> 00:00:56,559

he just made to visit his mother in my

18

00:01:01,349 --> 00:00:59,520

steak with his with his family and um

19

00:01:03,990 --> 00:01:01,359

he was returning home to ponton

20

00:01:05,910 --> 00:01:04,000

uh about 4 p.m he just gone through brim

21

00:01:08,789 --> 00:01:05,920

village and he was approached just

22

00:01:10,830 --> 00:01:08,799

before he drops down towards come over

23

00:01:13,590 --> 00:01:10,840

snowing it was snowing at the time

24

00:01:15,749 --> 00:01:13,600

um it's got his wife nicola in the car

25

00:01:17,109 --> 00:01:15,759

and and a five-year-old daughter they

26
00:01:18,550 --> 00:01:17,119
were heading west and it just passed

27
00:01:20,630 --> 00:01:18,560
through brim

28
00:01:23,030 --> 00:01:20,640
and it was just starting to go dark and

29
00:01:26,550 --> 00:01:23,040
in the snow you saw a bright

30
00:01:28,390 --> 00:01:26,560
blood-red orb flying south to north

31
00:01:30,390 --> 00:01:28,400
through the fallen snow so

32
00:01:32,870 --> 00:01:30,400
you've got brilliant

33
00:01:34,230 --> 00:01:32,880
prince here there's the road

34
00:01:35,350 --> 00:01:34,240
dropping down to come over and he just

35
00:01:37,190 --> 00:01:35,360
stopped there

36
00:01:40,789 --> 00:01:37,200
and he saw this

37
00:01:40,799 --> 00:01:45,190
but i say north to south

38
00:01:49,350 --> 00:01:48,310

yeah keep it professional

39

00:01:52,230 --> 00:01:49,360

something

40

00:01:57,830 --> 00:01:56,389

just go that way bright red all okay

41

00:01:59,830 --> 00:01:57,840

um

42

00:02:01,990 --> 00:01:59,840

he pulled the the car over by a

43

00:02:03,590 --> 00:02:02,000

farm road on the side and uh he got out

44

00:02:06,550 --> 00:02:03,600

the car for a better luck

45

00:02:09,029 --> 00:02:06,560

and he was so amazed he ran his mother

46

00:02:09,910 --> 00:02:09,039

how's he do and his mother answered the

47

00:02:10,710 --> 00:02:09,920

phone

48

00:02:12,229 --> 00:02:10,720

and

49

00:02:13,510 --> 00:02:12,239

she's four miles away in my stick

50

00:02:15,190 --> 00:02:13,520

remember okay

51
00:02:17,430 --> 00:02:15,200
and uh you said i i'm looking at this

52
00:02:19,270 --> 00:02:17,440
red orb and his mother his mother

53
00:02:20,790 --> 00:02:19,280
thought that he was talking about the

54
00:02:23,430 --> 00:02:20,800
red orb that she was looking at at that

55
00:02:25,110 --> 00:02:23,440
moment it was another one of my stick at

56
00:02:27,990 --> 00:02:25,120
the same time which is an interesting

57
00:02:36,070 --> 00:02:30,470
so the object then just went up into the

58
00:02:41,110 --> 00:02:39,110
so that was boxing day 2009

59
00:02:44,229 --> 00:02:41,120
um

60
00:02:45,830 --> 00:02:44,239
following spring 6th of march

61
00:02:47,910 --> 00:02:45,840
penn down sands

62
00:02:49,670 --> 00:02:47,920
commander

63
00:02:52,790 --> 00:02:49,680

uh incredible jack

64

00:02:53,990 --> 00:02:52,800

diaz was with his wife and he

65

00:02:55,670 --> 00:02:54,000

explained it in his own words i was

66

00:02:58,390 --> 00:02:55,680

standing on my balcony looking out at

67

00:03:00,630 --> 00:02:58,400

sea to the woods of bristol china over

68

00:03:03,190 --> 00:03:00,640

the pending main beachfront

69

00:03:05,750 --> 00:03:03,200

i observed a huge orange ball over the

70

00:03:07,509 --> 00:03:05,760

sea i then took my powerful binoculars

71

00:03:09,509 --> 00:03:07,519

and i can assure any reader that through

72

00:03:11,990 --> 00:03:09,519

the binoculars i followed the orange

73

00:03:13,350 --> 00:03:12,000

ball of what i can call

74

00:03:15,190 --> 00:03:13,360

fire

75

00:03:17,589 --> 00:03:15,200

firstly in a stop position above the

76

00:03:20,309 --> 00:03:17,599

horizon slowly start to move towards

77

00:03:23,110 --> 00:03:20,319

pending and then it started to move

78

00:03:27,830 --> 00:03:23,120

upwards in a westerly direction and just

79

00:03:36,789 --> 00:03:32,390

so red red ball orange ball

80

00:03:41,270 --> 00:03:38,390

yeah

81

00:03:43,110 --> 00:03:41,280

so that was 6th of march 11th of may

82

00:03:45,030 --> 00:03:43,120

connectly

83

00:03:47,910 --> 00:03:45,040

9pm

84

00:03:50,149 --> 00:03:47,920

a witness called s jones says i went out

85

00:03:51,990 --> 00:03:50,159

to the kitchen and saw an orange ball

86

00:03:55,350 --> 00:03:52,000

zigzagging through the sky

87

00:03:56,550 --> 00:03:55,360

i ran outside and saw it was very fast

88

00:03:58,070 --> 00:03:56,560

and the horizontal and vertical

89
00:04:00,390 --> 00:03:58,080
movements it was making were impossible

90
00:04:07,910 --> 00:04:00,400
for any conventional aircraft and then

91
00:04:13,110 --> 00:04:10,149
5th of july

92
00:04:17,110 --> 00:04:13,120
simula 2010

93
00:04:19,749 --> 00:04:17,120
a huge orange light flew over kipple

94
00:04:21,590 --> 00:04:19,759
uh at 1 20 in the morning

95
00:04:23,350 --> 00:04:21,600
witnessed by brothers alex and dick

96
00:04:25,189 --> 00:04:23,360
brown

97
00:04:26,870 --> 00:04:25,199
alex reported

98
00:04:29,510 --> 00:04:26,880
me and my brother both witnessed the ufo

99
00:04:31,590 --> 00:04:29,520
at approximately 120.

100
00:04:34,070 --> 00:04:31,600
i was downstairs and then this hovering

101
00:04:35,270 --> 00:04:34,080
noise and slight vibrations came from

102
00:04:37,189 --> 00:04:35,280
the distance

103
00:04:38,790 --> 00:04:37,199
the house was vibrating

104
00:04:41,110 --> 00:04:38,800
and then all of a sudden a very loud

105
00:04:43,270 --> 00:04:41,120
noise came out came above and lasted

106
00:04:45,830 --> 00:04:43,280
there for at least 45 seconds which

107
00:04:47,670 --> 00:04:45,840
seemed very fast for a plane

108
00:04:50,390 --> 00:04:47,680
unfortunately i was downstairs and ran

109
00:04:51,590 --> 00:04:50,400
to the window but it was above us so i

110
00:04:53,990 --> 00:04:51,600
could not see

111
00:04:55,830 --> 00:04:54,000
from the angle but then my brother who

112
00:04:59,990 --> 00:04:55,840
had been in the shower at the time ran

113
00:05:01,749 --> 00:05:00,000

downstairs and shouted did you see that

114

00:05:03,830 --> 00:05:01,759

you must have seen another window he

115

00:05:06,629 --> 00:05:03,840

said that he had witnessed the orange

116

00:05:08,070 --> 00:05:06,639

lights pass over our house very slowly

117

00:05:10,550 --> 00:05:08,080

it then slowly hovered over the

118

00:05:12,629 --> 00:05:10,560

bishopston valley and disappeared it was

119

00:05:14,629 --> 00:05:12,639

definitely not a plane as there were no

120

00:05:16,150 --> 00:05:14,639

major airports nearby

121

00:05:17,990 --> 00:05:16,160

we've lived here for ten years now and

122

00:05:19,830 --> 00:05:18,000

i've never heard a plane at night

123

00:05:21,510 --> 00:05:19,840

whatever it was it looked way too big

124

00:05:23,990 --> 00:05:21,520

and sounded too big to be flying over

125

00:05:25,830 --> 00:05:24,000

our house at that speed for 45 seconds

126

00:05:27,990 --> 00:05:25,840

it would have definitely fallen out the

127

00:05:29,909 --> 00:05:28,000

sky it was

128

00:05:31,510 --> 00:05:29,919

way too slow to be possibly flying at

129

00:05:33,510 --> 00:05:31,520

that sort of height

130

00:05:35,110 --> 00:05:33,520

my brother is a pilot and knows his

131

00:05:37,830 --> 00:05:35,120

planes very well

132

00:05:39,830 --> 00:05:37,840

he said that the ufo was bright orange

133

00:05:41,430 --> 00:05:39,840

and the orange light was not flashing

134

00:05:42,950 --> 00:05:41,440

plains have to have flashing lights when

135

00:05:44,710 --> 00:05:42,960

flying at night

136

00:05:46,710 --> 00:05:44,720

also the light suddenly went out as it

137

00:05:48,310 --> 00:05:46,720

passed the valley i don't know how to

138

00:05:49,110 --> 00:05:48,320

describe the sound i heard but it was a

139

00:05:51,270 --> 00:05:49,120

huge

140

00:05:53,749 --> 00:05:51,280

hovering circling sort of sound and very

141

00:05:55,990 --> 00:05:53,759

very loud

142

00:05:57,830 --> 00:05:56,000

and then i recently got in touch with

143

00:05:59,990 --> 00:05:57,840

nick brown after much

144

00:06:01,670 --> 00:06:00,000

message in october he

145

00:06:03,110 --> 00:06:01,680

tends to be me sending the message over

146

00:06:05,110 --> 00:06:03,120

nothing coming back but

147

00:06:06,550 --> 00:06:05,120

he actually replied today and he was

148

00:06:08,870 --> 00:06:06,560

willing to uh

149

00:06:10,390 --> 00:06:08,880

for me to interview him

150

00:06:14,469 --> 00:06:10,400

so that was the

151

00:06:15,590 --> 00:06:14,479

fifth of july that was at uh 1 20 a.m

152

00:06:17,749 --> 00:06:15,600

same day

153

00:06:18,830 --> 00:06:17,759

in connecticut

154

00:06:21,909 --> 00:06:18,840

but in the

155

00:06:23,830 --> 00:06:21,919

daytime um a witness who i don't know

156

00:06:25,590 --> 00:06:23,840

the name of i found this on the website

157

00:06:27,830 --> 00:06:25,600

i was in the kitchen one evening when i

158

00:06:28,790 --> 00:06:27,840

noticed a light out of the corner of my

159

00:06:31,110 --> 00:06:28,800

eye

160

00:06:32,950 --> 00:06:31,120

i went outside for a better look

161

00:06:36,309 --> 00:06:32,960

to my amazement they're hovering above a

162

00:06:37,909 --> 00:06:36,319

house height 30 feet away was an orange

163

00:06:40,469 --> 00:06:37,919

yellow orb

164

00:06:41,909 --> 00:06:40,479

i immediately ran to get digital camera

165

00:06:43,909 --> 00:06:41,919

when i went back outside and started

166

00:06:45,670 --> 00:06:43,919

doing very strange flying up and down

167

00:06:47,350 --> 00:06:45,680

left right then came back to hover in

168

00:06:49,510 --> 00:06:47,360

the same place

169

00:06:52,710 --> 00:06:49,520

i lifted the camera and the camera shut

170

00:06:52,720 --> 00:06:55,510

it's unfortunate

171

00:06:58,629 --> 00:06:56,950

which i found odd as they were new

172

00:07:00,150 --> 00:06:58,639

batteries

173

00:07:01,589 --> 00:07:00,160

then the police helicopter appeared

174

00:07:04,070 --> 00:07:01,599

right next to it

175

00:07:06,150 --> 00:07:04,080

with red and blue lights flashing

176

00:07:07,830 --> 00:07:06,160

and the ufo went nuts

177

00:07:09,430 --> 00:07:07,840

it flew in a way that no aircraft made

178

00:07:12,309 --> 00:07:09,440

by man could ever do

179

00:07:14,629 --> 00:07:12,319

up sharp rights and left and situated at

180

00:07:16,309 --> 00:07:14,639

such speed that it immediately knew

181

00:07:17,830 --> 00:07:16,319

that i immediately knew that it was not

182

00:07:19,589 --> 00:07:17,840

from this planet because any human would

183

00:07:20,870 --> 00:07:19,599

have been killed if they were in it it

184

00:07:22,390 --> 00:07:20,880

then went straight for the peace

185

00:07:24,390 --> 00:07:22,400

helicopter

186

00:07:26,150 --> 00:07:24,400

which took evasive action or the orb

187

00:07:28,830 --> 00:07:26,160

would have crashed into it

188

00:07:32,870 --> 00:07:28,840

it then shot off towards the goa to the

189

00:07:34,550 --> 00:07:32,880

south so that was incorrectly

190

00:07:38,710 --> 00:07:34,560

later that night

191

00:07:40,390 --> 00:07:38,720

uh since on sunday 10 p.m

192

00:07:41,589 --> 00:07:40,400

phil evans was camping with his partner

193

00:07:45,270 --> 00:07:41,599

and a friend

194

00:07:50,550 --> 00:07:45,280

on his farm's land on the heritage coast

195

00:07:54,230 --> 00:07:51,670

they saw

196

00:07:56,550 --> 00:07:54,240

a bright orange white orange stroke

197

00:07:58,390 --> 00:07:56,560

white ball traveling up the bristol

198

00:07:59,749 --> 00:07:58,400

channel eastwood's

199

00:08:01,270 --> 00:07:59,759

towards the glow morgan closer than an

200

00:08:03,029 --> 00:08:01,280

artist dude you see compared to it being

201
00:08:04,869 --> 00:08:03,039
about two to three times the height of

202
00:08:06,230 --> 00:08:04,879
the clips of mine head across the

203
00:08:07,909 --> 00:08:06,240
channel

204
00:08:10,150 --> 00:08:07,919
when it was roughly half when it was

205
00:08:11,749 --> 00:08:10,160
roughly between alfa cuban mine head it

206
00:08:15,110 --> 00:08:11,759
changed its to direct direction of

207
00:08:16,629 --> 00:08:15,120
travel instantly by 90 degrees turning

208
00:08:18,150 --> 00:08:16,639
south and shooting off towards expo

209
00:08:19,830 --> 00:08:18,160
national park

210
00:08:21,670 --> 00:08:19,840
travelling at least four times the

211
00:08:25,670 --> 00:08:21,680
cruising speed at which

212
00:08:29,909 --> 00:08:27,510
he said we have a military base

213
00:08:32,310 --> 00:08:29,919

trading this at singapore

214

00:08:34,709 --> 00:08:32,320

which means uh that he sees

215

00:08:36,630 --> 00:08:34,719

fast jets occasionally

216

00:08:38,230 --> 00:08:36,640

so he was used to seeing jets so this

217

00:08:40,389 --> 00:08:38,240

was no way was it a jet especially with

218

00:08:42,149 --> 00:08:40,399

a 90 degree instant turn

219

00:08:44,389 --> 00:08:42,159

and there was no sound or flashing

220

00:08:46,389 --> 00:08:44,399

navigation lights associated with the

221

00:08:48,310 --> 00:08:46,399

object

222

00:08:50,870 --> 00:08:48,320

and it displayed a consistent glow at

223

00:08:52,310 --> 00:08:50,880

both observable directions of travel

224

00:08:54,310 --> 00:08:52,320

i've been in touch with this guy as well

225

00:08:56,710 --> 00:08:54,320

and he's a photographer

226

00:08:58,790 --> 00:08:56,720

um so i've asked him to do to go to the

227

00:08:59,990 --> 00:08:58,800

location where he saw it in the daytime

228

00:09:01,269 --> 00:09:00,000

take a picture

229

00:09:02,550 --> 00:09:01,279

and then asked me if he could do a

230

00:09:05,269 --> 00:09:02,560

graphic

231

00:09:07,030 --> 00:09:05,279

superimposed onto it so you can have a

232

00:09:10,870 --> 00:09:07,040

good idea of what so

233

00:09:13,430 --> 00:09:10,880

those there's a three interesting um

234

00:09:15,750 --> 00:09:13,440

sightings in the city on the same day on

235

00:09:22,070 --> 00:09:15,760

the 5th of july 2010

236

00:09:26,150 --> 00:09:24,949

okay all right recognize that gower

237

00:09:28,070 --> 00:09:26,160

connectly

238

00:09:29,269 --> 00:09:28,080

um

239

00:09:31,269 --> 00:09:29,279

kittle

240

00:09:33,190 --> 00:09:31,279

and nash point

241

00:09:34,230 --> 00:09:33,200

that was at 1 20 a.m that's sometimes

242

00:09:37,670 --> 00:09:34,240

you're going to delete don't know what

243

00:09:43,269 --> 00:09:37,680

time and that was at 10 o'clock at night

244

00:09:47,509 --> 00:09:44,870

following day

245

00:09:49,190 --> 00:09:47,519

back in connecticut again same person

246

00:09:51,430 --> 00:09:49,200

i saw it the previous night

247

00:09:53,269 --> 00:09:51,440

the next day i bought new batteries just

248

00:09:55,990 --> 00:09:53,279

in case it came back

249

00:09:57,430 --> 00:09:56,000

and at half past 10 that night it did

250

00:09:59,990 --> 00:09:57,440

but this time he was 10 feet off the

251

00:10:01,910 --> 00:10:00,000

ground above my back garden

252

00:10:03,110 --> 00:10:01,920

i grabbed my camera but again it powered

253

00:10:05,030 --> 00:10:03,120

off

254

00:10:05,990 --> 00:10:05,040

the orb stayed still for about five

255

00:10:07,670 --> 00:10:06,000

minutes

256

00:10:11,110 --> 00:10:07,680

and shot straight up

257

00:10:13,910 --> 00:10:12,710

so obviously he returned to finish what

258

00:10:17,110 --> 00:10:13,920

he was doing before he was disturbed

259

00:10:22,870 --> 00:10:20,870

um following month second of july

260

00:10:25,670 --> 00:10:22,880

oh i missed that one

261

00:10:27,030 --> 00:10:25,680

uh 16th of august sorry

262

00:10:29,750 --> 00:10:27,040

probably one yeah

263

00:10:30,550 --> 00:10:29,760

uh 4am britain ferry

264

00:10:32,870 --> 00:10:30,560

um

265

00:10:34,389 --> 00:10:32,880

this isn't actually an orange

266

00:10:36,630 --> 00:10:34,399

orb but

267

00:10:38,310 --> 00:10:36,640

it was a it was a good uh quite a good

268

00:10:39,670 --> 00:10:38,320

um sighting at the time

269

00:10:41,670 --> 00:10:39,680

i won't read it all that was too long

270

00:10:43,910 --> 00:10:41,680

but um

271

00:10:45,670 --> 00:10:43,920

the lady was uh asleep in bed and her

272

00:10:47,829 --> 00:10:45,680

son called her about two o'clock in the

273

00:10:49,190 --> 00:10:47,839

morning come see this come see this and

274

00:10:49,990 --> 00:10:49,200

she went up in the back garden and there

275

00:10:53,030 --> 00:10:50,000

were

276

00:10:55,750 --> 00:10:53,040

two what she called uh saucers sort of

277

00:10:57,509 --> 00:10:55,760

like domes with a flat bottom hovering

278

00:10:58,550 --> 00:10:57,519

above the garden but a couple hundred

279

00:11:00,790 --> 00:10:58,560

feet up

280

00:11:03,110 --> 00:11:00,800

and they slowly went over the house in

281

00:11:06,150 --> 00:11:03,120

britain ferry and went off

282

00:11:08,870 --> 00:11:06,160

over the mountain towards um

283

00:11:11,030 --> 00:11:08,880

um tomorrow direction

284

00:11:12,949 --> 00:11:11,040

and they hovered over the

285

00:11:14,630 --> 00:11:12,959

mountain for a while

286

00:11:17,509 --> 00:11:14,640

um

287

00:11:21,269 --> 00:11:17,519

and then she went back to bed

288

00:11:23,829 --> 00:11:22,389

she couldn't get back to sleep and then

289

00:11:25,269 --> 00:11:23,839

the son called her again come see this

290

00:11:27,110 --> 00:11:25,279

and she went she got back up and there

291

00:11:29,829 --> 00:11:27,120

was an another one over the over the

292

00:11:32,069 --> 00:11:29,839

garden and the strange thing about it

293

00:11:36,630 --> 00:11:32,079

was she got the camera out to photograph

294

00:11:36,640 --> 00:11:40,550

unfortunate

295

00:11:47,990 --> 00:11:43,829

following march 26th of september

296

00:11:51,509 --> 00:11:49,430

a young girl and a boyfriend were in

297

00:11:54,829 --> 00:11:51,519

denver and

298

00:11:57,509 --> 00:11:54,839

they were upside down and cigarettes

299

00:11:58,949 --> 00:11:57,519

and they saw something in the sky at

300

00:12:00,870 --> 00:11:58,959

first it appeared to be it appeared to

301

00:12:02,949 --> 00:12:00,880

be a plane on fire falling out the sky

302

00:12:05,110 --> 00:12:02,959

but then it it got closer and right over

303

00:12:07,110 --> 00:12:05,120

the houses

304

00:12:08,710 --> 00:12:07,120

it wasn't that high but it was down low

305

00:12:11,590 --> 00:12:08,720

in the sky and was the size of around

306

00:12:13,190 --> 00:12:11,600

five jungle jets put together

307

00:12:14,710 --> 00:12:13,200

it didn't make a noise but was right

308

00:12:16,870 --> 00:12:14,720

over the house and the light was so

309

00:12:18,710 --> 00:12:16,880

bright it was like the sun

310

00:12:21,750 --> 00:12:18,720

this made it impossible to photograph it

311

00:12:23,190 --> 00:12:21,760

because it flooded the camera with light

312

00:12:25,110 --> 00:12:23,200

there were lights all around the edge of

313

00:12:27,269 --> 00:12:25,120

it shooting off colours it went over and

314

00:12:28,870 --> 00:12:27,279

then the second one appeared further up

315

00:12:31,030 --> 00:12:28,880

and hovered for a bit

316

00:12:32,870 --> 00:12:31,040

there were planes all around it

317

00:12:35,110 --> 00:12:32,880

and one appeared to go up close and then

318

00:12:37,110 --> 00:12:35,120

either disappeared or went into it

319

00:12:38,790 --> 00:12:37,120

there were several of us there to see it

320

00:12:39,670 --> 00:12:38,800

three adults and four boys from the

321

00:12:41,350 --> 00:12:39,680

street

322

00:12:42,230 --> 00:12:41,360

the boys said they had seen it the night

323

00:12:45,590 --> 00:12:42,240

before

324

00:12:47,350 --> 00:12:45,600

as well but no one had believed them

325

00:12:49,590 --> 00:12:47,360

everyone was stone cold sober i mean not

326

00:12:51,269 --> 00:12:49,600

the type of people to ever thought ufos

327

00:12:56,230 --> 00:12:51,279

existed

328

00:13:01,269 --> 00:12:58,069

the underbelly of it looked a bit like a

329

00:13:04,550 --> 00:13:01,279

lit up jellyfish and it drifted off over

330

00:13:08,150 --> 00:13:04,560

towards gala and out of sight

331

00:13:11,509 --> 00:13:08,160

so that was in denver's first day

332

00:13:15,509 --> 00:13:13,910

changing the subject slightly um 2011 i

333

00:13:17,750 --> 00:13:15,519

haven't seen the date yet but i don't

334

00:13:20,949 --> 00:13:17,760

feel worried about this

335

00:13:22,710 --> 00:13:20,959

a farmer in camarvinshire told police

336

00:13:25,110 --> 00:13:22,720

that a spaceship abducted one of his

337

00:13:32,310 --> 00:13:26,550

the spaceship apparently beamed up a

338

00:13:35,990 --> 00:13:34,470

nearly newly released data shows that

339

00:13:37,990 --> 00:13:36,000

the caller to david powers police

340

00:13:41,030 --> 00:13:38,000

claimed they had seen sheep being taken

341

00:13:42,550 --> 00:13:41,040

on board an a ufo from a field in canada

342

00:13:44,870 --> 00:13:42,560

near lampeter

343

00:13:49,910 --> 00:13:47,110

interestingly um

344

00:13:52,629 --> 00:13:49,920

mr d hall is at the moment investigating

345

00:13:54,710 --> 00:13:52,639

the disappearance of 1500 she

346

00:13:55,670 --> 00:13:54,720

from the field in lincolnshire

347

00:13:56,949 --> 00:13:55,680

yeah

348

00:13:58,550 --> 00:13:56,959

um

349

00:14:00,710 --> 00:13:58,560

so maybe they were practicing in wales

350

00:14:02,550 --> 00:14:00,720

taking one sheep

351
00:14:03,829 --> 00:14:02,560
and there's 50 just fitting under sheep

352
00:14:05,030 --> 00:14:03,839
in one field just disappeared in one

353
00:14:06,710 --> 00:14:05,040
night

354
00:14:08,710 --> 00:14:06,720
it's time to leave some mint sauce over

355
00:14:11,590 --> 00:14:08,720
here

356
00:14:13,030 --> 00:14:11,600
but it didn't make the news

357
00:14:22,870 --> 00:14:13,040
and if you do freedom information

358
00:14:25,750 --> 00:14:24,470
looking on youtube yes yesterday so

359
00:14:36,150 --> 00:14:25,760
which of you all talking about there's

360
00:14:38,310 --> 00:14:37,590
he's living in worthingtonville now so

361
00:14:39,990 --> 00:14:38,320
um

362
00:14:42,949 --> 00:14:40,000
with ben and jones and gary hasn't

363
00:14:44,710 --> 00:14:42,959

coming down to see us next year

364

00:14:46,230 --> 00:14:44,720

maybe not encourage uh we could ask

365

00:14:48,310 --> 00:14:46,240

richard

366

00:14:50,150 --> 00:14:48,320

he's gonna come here

367

00:14:52,389 --> 00:14:50,160

he's gonna be never tall actually all

368

00:14:56,389 --> 00:14:53,829

maybe

369

00:14:58,870 --> 00:14:56,399

uh jumping ahead and another year to

370

00:15:01,030 --> 00:14:58,880

2012 port hall

371

00:15:03,509 --> 00:15:01,040

24th of february

372

00:15:05,350 --> 00:15:03,519

karen was on the uh the sea front in

373

00:15:07,590 --> 00:15:05,360

pokeball

374

00:15:09,030 --> 00:15:07,600

2011 at night

375

00:15:10,870 --> 00:15:09,040

at first glance i thought this was a

376

00:15:13,189 --> 00:15:10,880

plane both me and my husband looked at

377

00:15:15,030 --> 00:15:13,199

and as it started

378

00:15:16,870 --> 00:15:15,040

as it started with a pulsating light

379

00:15:18,870 --> 00:15:16,880

which was very high up in the air on a

380

00:15:20,710 --> 00:15:18,880

very clear night

381

00:15:22,470 --> 00:15:20,720

it appeared to be moving much faster

382

00:15:24,870 --> 00:15:22,480

than a plane towards us

383

00:15:27,350 --> 00:15:24,880

it was totally silent and i could not

384

00:15:29,670 --> 00:15:27,360

see any trail behind it

385

00:15:31,350 --> 00:15:29,680

it then slowed down dramatically and

386

00:15:33,749 --> 00:15:31,360

came down at an angle which was quite

387

00:15:38,870 --> 00:15:37,189

out there is an island what looks to be

388

00:15:40,870 --> 00:15:38,880

on the horizon

389

00:15:43,350 --> 00:15:40,880

i have no idea what it's called but as

390

00:15:44,230 --> 00:15:43,360

this thing came in at the left-hand side

391

00:15:47,910 --> 00:15:44,240

of it

392

00:15:50,870 --> 00:15:47,920

it got down to just above the water

393

00:15:53,189 --> 00:15:50,880

it looked disc shaped with like a wide

394

00:15:55,430 --> 00:15:53,199

barrel on the top

395

00:15:58,230 --> 00:15:55,440

the angle again changed and then it hit

396

00:15:59,430 --> 00:15:58,240

the water and disappeared

397

00:16:01,269 --> 00:15:59,440

um

398

00:16:03,350 --> 00:16:01,279

so far straight into the island off puff

399

00:16:04,870 --> 00:16:03,360

gold but then i thought there is an

400

00:16:05,910 --> 00:16:04,880

island at low tide it's called tesco

401
00:16:07,990 --> 00:16:05,920
rock

402
00:16:10,550 --> 00:16:08,000
it's just sort of uh east of port gold

403
00:16:12,629 --> 00:16:10,560
just off from ogmo by sea

404
00:16:15,430 --> 00:16:12,639
and uh i looked at the time that she saw

405
00:16:17,990 --> 00:16:15,440
it 20 past 11 on 24th of february 2012

406
00:16:19,990 --> 00:16:18,000
and i looked online for a time table

407
00:16:23,749 --> 00:16:20,000
and sure enough tuscarot would have been

408
00:16:25,110 --> 00:16:23,759
visible then because the side was low so

409
00:16:27,670 --> 00:16:25,120
that's particularly interesting one

410
00:16:29,749 --> 00:16:27,680
because it hit the wall and disappeared

411
00:16:31,350 --> 00:16:29,759
it's a uso and it's it's one of the rare

412
00:16:33,350 --> 00:16:31,360
occurrences

413
00:16:34,389 --> 00:16:33,360

near where we live as well

414

00:16:37,110 --> 00:16:34,399

of um

415

00:16:38,150 --> 00:16:37,120

a ufo going into the sea

416

00:16:40,150 --> 00:16:38,160

and

417

00:16:41,269 --> 00:16:40,160

in 1957 there were two policemen in

418

00:16:43,749 --> 00:16:41,279

pothole

419

00:16:45,509 --> 00:16:43,759

who witnessed a big orange ball coming

420

00:16:47,110 --> 00:16:45,519

out of the sea

421

00:16:49,189 --> 00:16:47,120

just to the west of porthole and going

422

00:16:50,629 --> 00:16:49,199

off into the distance towards the

423

00:16:51,430 --> 00:16:50,639

atlantic

424

00:16:53,110 --> 00:16:51,440

um

425

00:16:55,110 --> 00:16:53,120

i remember i touched on that phone that

426

00:16:59,590 --> 00:16:55,120

the coast guard said that they they'd

427

00:16:59,600 --> 00:17:05,350

he often comes up with a sea angles west

428

00:17:10,549 --> 00:17:08,230

um yeah orange balls

429

00:17:11,829 --> 00:17:10,559

um 5th of december 2012 so we're getting

430

00:17:15,029 --> 00:17:11,839

a bit nearer

431

00:17:19,270 --> 00:17:15,039

near bridge ends um

432

00:17:22,949 --> 00:17:20,150

right

433

00:17:24,870 --> 00:17:22,959

7th of june 2013 swansea

434

00:17:27,110 --> 00:17:24,880

john fulton

435

00:17:28,470 --> 00:17:27,120

at uh 10 to 6 in the evening saw silver

436

00:17:30,470 --> 00:17:28,480

ball

437

00:17:33,110 --> 00:17:30,480

traveling at very high speeds above

438

00:17:35,110 --> 00:17:33,120

swansea university campus

439

00:17:37,270 --> 00:17:35,120

there was no sound or vapor trail where

440

00:17:41,350 --> 00:17:37,280

the conditions were bright and clear to

441

00:17:41,360 --> 00:17:46,870

november 2013

442

00:17:49,990 --> 00:17:48,870

a few months after that one um halfway

443

00:17:51,590 --> 00:17:50,000

seven

444

00:17:52,470 --> 00:17:51,600

at night

445

00:17:54,230 --> 00:17:52,480

um

446

00:17:57,350 --> 00:17:54,240

nigel and susan morgan were traveling by

447

00:17:58,830 --> 00:17:57,360

car heading for the m4 hustling

448

00:18:01,430 --> 00:17:58,840

from

449

00:18:03,029 --> 00:18:01,440

here they were just passing the dvla and

450

00:18:05,590 --> 00:18:03,039

they saw

451
00:18:07,510 --> 00:18:05,600
at 33 degrees elevation on the right

452
00:18:09,990 --> 00:18:07,520
a triangular black object displaying

453
00:18:11,510 --> 00:18:10,000
three white lights

454
00:18:13,110 --> 00:18:11,520
they could not tell if it was moving as

455
00:18:15,190 --> 00:18:13,120
they were in a moving car the object was

456
00:18:17,110 --> 00:18:15,200
lying horizontally and they were viewing

457
00:18:18,789 --> 00:18:17,120
it from the underside

458
00:18:21,669 --> 00:18:18,799
from their perspective

459
00:18:23,590 --> 00:18:21,679
and there were no flashing lights

460
00:18:24,789 --> 00:18:23,600
so that's um interesting triangular one

461
00:18:30,070 --> 00:18:24,799
just just down the road from where we

462
00:18:34,789 --> 00:18:33,270
third of march 2014

463
00:18:36,549 --> 00:18:34,799

tom james

464

00:18:37,350 --> 00:18:36,559

sitting over there

465

00:18:39,190 --> 00:18:37,360

um

466

00:18:40,950 --> 00:18:39,200

he was at home in tripworth and was put

467

00:18:43,110 --> 00:18:40,960

in the rubbish house just after seven

468

00:18:44,789 --> 00:18:43,120

o'clock he looked up at the stars and

469

00:18:46,390 --> 00:18:44,799

was drawn to a patch of sky towards the

470

00:18:48,310 --> 00:18:46,400

northeast

471

00:18:50,070 --> 00:18:48,320

he saw a white light like a shooting

472

00:18:52,070 --> 00:18:50,080

like a satellite shooting across the sky

473

00:18:55,190 --> 00:18:52,080

towards the northwest

474

00:18:56,630 --> 00:18:55,200

but much faster than a satellite

475

00:18:58,470 --> 00:18:56,640

he said it was not a meteorite because

476

00:18:59,669 --> 00:18:58,480

it left no trail he stood there

477

00:19:01,270 --> 00:18:59,679

wondering if his eyes were playing

478

00:19:02,950 --> 00:19:01,280

tricks when about a minute later he saw

479

00:19:04,870 --> 00:19:02,960

another this came from the same

480

00:19:07,190 --> 00:19:04,880

direction and then suddenly shot back at

481

00:19:10,230 --> 00:19:07,200

an acute angle of over 20 degrees

482

00:19:12,070 --> 00:19:10,240

making a v turn

483

00:19:13,590 --> 00:19:12,080

without stopping and shooting back at

484

00:19:15,510 --> 00:19:13,600

the sight

485

00:19:23,430 --> 00:19:15,520

he said it was fast and moved at the

486

00:19:28,230 --> 00:19:24,470

end of july

487

00:19:30,470 --> 00:19:28,240

possibly in 2014 in paint cloth

488

00:19:31,830 --> 00:19:30,480

um the lady was sitting outside her

489

00:19:33,669 --> 00:19:31,840

parents house

490

00:19:35,190 --> 00:19:33,679

um

491

00:19:36,870 --> 00:19:35,200

up on the hillside by paint clothes sort

492

00:19:39,669 --> 00:19:36,880

of behind the uh

493

00:19:40,870 --> 00:19:39,679

just before you get to the

494

00:19:43,110 --> 00:19:40,880

playing field

495

00:19:44,070 --> 00:19:43,120

so she's facing north

496

00:19:46,070 --> 00:19:44,080

and

497

00:19:47,430 --> 00:19:46,080

all of a sudden two silver balls come

498

00:19:49,830 --> 00:19:47,440

over the house

499

00:19:51,590 --> 00:19:49,840

one slightly above and below behind the

500

00:19:53,270 --> 00:19:51,600

other just going to

501
00:19:56,310 --> 00:19:53,280
shooting straight across the asteroids

502
00:20:03,590 --> 00:19:58,390
no sounds no flashing lights just these

503
00:20:05,590 --> 00:20:03,600
two perfectly severe uh silvery metallic

504
00:20:15,510 --> 00:20:05,600
well-defined edges

505
00:20:15,520 --> 00:20:21,909
right nearly at the end now

506
00:20:28,230 --> 00:20:25,110
that's that's all about balls though

507
00:20:30,310 --> 00:20:28,240
just got one left note which is um

508
00:20:31,990 --> 00:20:30,320
last autumn

509
00:20:35,909 --> 00:20:32,000
um

510
00:20:38,390 --> 00:20:35,919
quarterback eggs

511
00:20:39,750 --> 00:20:38,400
uh jason was driving his wife karen to

512
00:20:41,350 --> 00:20:39,760
work

513
00:20:42,710 --> 00:20:41,360

in uh cockett

514

00:20:45,510 --> 00:20:42,720

from their home and go signing and he

515

00:20:47,830 --> 00:20:45,520

was passing go signing uh bypass when he

516

00:20:49,590 --> 00:20:47,840

goes underneath the bridge at gangoh

517

00:20:50,789 --> 00:20:49,600

gunboat hospital

518

00:20:52,950 --> 00:20:50,799

and they just came up with the cutting

519

00:20:54,870 --> 00:20:52,960

and on the left-hand side

520

00:20:56,390 --> 00:20:54,880

um

521

00:20:58,710 --> 00:20:56,400

they both saw

522

00:21:00,950 --> 00:20:58,720

just above the tree

523

00:21:02,390 --> 00:21:00,960

trees on the left about 20 feet above

524

00:21:03,669 --> 00:21:02,400

the trees

525

00:21:05,669 --> 00:21:03,679

three

526

00:21:07,990 --> 00:21:05,679

large white lights around once each

527

00:21:10,310 --> 00:21:08,000

light was about four to six feet across

528

00:21:12,070 --> 00:21:10,320

and this whole thing was about 100 foot

529

00:21:13,350 --> 00:21:12,080

across i first thought it was jumbled

530

00:21:15,270 --> 00:21:13,360

yet but

531

00:21:17,430 --> 00:21:15,280

20 30 feet that couldn't

532

00:21:19,750 --> 00:21:17,440

um they couldn't see any anything behind

533

00:21:22,390 --> 00:21:19,760

the lights but the other feeling that

534

00:21:25,830 --> 00:21:22,400

they were all together on one on one

535

00:21:26,630 --> 00:21:25,840

object rather than three separate lights

536

00:21:27,990 --> 00:21:26,640

um

537

00:21:29,510 --> 00:21:28,000

we couldn't tell if it was moving if it

538

00:21:31,029 --> 00:21:29,520

was it was moving slowly because they

539

00:21:33,110 --> 00:21:31,039

were in a moving vehicle unfortunately

540

00:21:34,230 --> 00:21:33,120

they couldn't pull in and stop and have

541

00:21:35,029 --> 00:21:34,240

a look

542

00:21:38,950 --> 00:21:35,039

um

543

00:21:43,669 --> 00:21:38,960

so

544

00:21:45,029 --> 00:21:43,679

back about 15 minutes later

545

00:21:46,630 --> 00:21:45,039

there's nothing there

546

00:21:49,270 --> 00:21:46,640

nothing at all

547

00:21:50,789 --> 00:21:49,280

um they pass that way every day about

548

00:21:52,390 --> 00:21:50,799

the same time they've never ever seen

549

00:21:55,669 --> 00:21:52,400

anything like that before

550

00:21:59,830 --> 00:21:55,679

there was other traffic on the road so

551
00:22:04,070 --> 00:22:01,350
okay i think that's all the time we got

552
00:22:06,630 --> 00:22:04,080
for that um next month i'm going to

553
00:22:07,430 --> 00:22:06,640
go through a lot a lot of earlier ones

554
00:22:11,909 --> 00:22:07,440
the

555
00:22:12,950 --> 00:22:11,919
because we are steve and i and uh so we

556
00:22:14,390 --> 00:22:12,960
are

557
00:22:15,430 --> 00:22:14,400
contacting a lot of witnesses at the

558
00:22:17,510 --> 00:22:15,440
moment they're coming out of the

559
00:22:19,270 --> 00:22:17,520
woodwork everywhere we did three last

560
00:22:21,750 --> 00:22:19,280
friday is anybody shocked but about the

561
00:22:23,510 --> 00:22:21,760
sightings that they've been reported

562
00:22:25,590 --> 00:22:23,520
because that's just a few that he's

563
00:22:26,950 --> 00:22:25,600

mentioned there now and and they're just

564

00:22:29,590 --> 00:22:26,960

the ones that he reported so imagine

565

00:22:31,350 --> 00:22:29,600

normally that oh a few weeks ago um over

566

00:22:32,230 --> 00:22:31,360

margaret

567

00:22:34,390 --> 00:22:32,240

um

568

00:22:35,990 --> 00:22:34,400

it was at night and it was it looked

569

00:22:38,310 --> 00:22:36,000

really wide

570

00:22:39,990 --> 00:22:38,320

it was low it was only about 200 feet up

571

00:22:41,270 --> 00:22:40,000

there was no sound and he was just

572

00:22:43,830 --> 00:22:41,280

moving along it was a few lights

573

00:22:45,830 --> 00:22:43,840

associated with it

574

00:22:47,430 --> 00:22:45,840

i thought i could be what could that be

575

00:22:49,430 --> 00:22:47,440

so when i got home i did my research and

576

00:22:50,990 --> 00:22:49,440

i thought anything from siddhartha i

577

00:22:52,830 --> 00:22:51,000

didn't see that then they got uh

578

00:22:55,350 --> 00:22:52,840

self-powered

579

00:22:56,549 --> 00:22:55,360

gliders take off themselves the fly only

580

00:22:57,909 --> 00:22:56,559

switch the engine off and they just

581

00:23:00,149 --> 00:22:57,919

glide

582

00:23:01,830 --> 00:23:00,159

and and this did have navigation lights

583

00:23:03,110 --> 00:23:01,840

uh which i thought

584

00:23:04,789 --> 00:23:03,120

must be a plane but what plane doesn't

585

00:23:07,590 --> 00:23:04,799

make a noise

586

00:23:09,830 --> 00:23:07,600

so it was a and probably a

587

00:23:11,750 --> 00:23:09,840

a self-powered glider just gliding along

588

00:23:13,350 --> 00:23:11,760

and he was heading towards st athens

589

00:23:16,470 --> 00:23:13,360

direction from margaret it was going the

590

00:23:19,350 --> 00:23:17,909

don't assume everything you've seen this

591

00:23:20,870 --> 00:23:19,360

guy is a
