

1  
00:00:32,050 --> 00:00:28,870  
okay so I've just come back from my

2  
00:00:34,540 --> 00:00:32,060  
little adventure with the infamous

3  
00:00:37,990 --> 00:00:34,550  
Stephen Emlyn because you know I'm a

4  
00:00:40,210 --> 00:00:38,000  
little crazy and as it turned out it was

5  
00:00:43,290 --> 00:00:40,220  
absolutely fantastic went really smooth

6  
00:00:45,040 --> 00:00:43,300  
and what you're about to see now is

7  
00:00:48,190 --> 00:00:45,050  
exactly what happened

8  
00:00:50,049 --> 00:00:48,200  
so enjoy all right we're on the way to

9  
00:00:54,900 --> 00:00:50,059  
go sign and today to interview a couple

10  
00:00:58,840 --> 00:00:54,910  
of witnesses amongst the triangle set

11  
00:01:01,510 --> 00:00:58,850  
scene with Swansea area and Mike Dean

12  
00:01:03,250 --> 00:01:01,520  
for January 1983 so we got a lovely day

13  
00:01:04,299 --> 00:01:03,260

for it first of November but do you

14

00:01:07,960 --> 00:01:04,309

think he would be the first of all

15

00:01:09,670 --> 00:01:07,970

graphs and we do last August I think he

16

00:01:28,880 --> 00:01:09,680

was more like November switching wrong

17

00:01:34,370 --> 00:01:31,580

hello I'm Steve drusen co-founder of

18

00:01:35,320 --> 00:01:34,380

Swansea UFL Network together with

19

00:01:38,870 --> 00:01:35,330

emmalin williams

20

00:01:41,150 --> 00:01:38,880

today in Sunday the 1st of November 2015

21

00:01:44,840 --> 00:01:41,160

and we come to Brighton Road Goose

22

00:01:47,810 --> 00:01:44,850

Island Swansea neither workman's club to

23

00:01:50,690 --> 00:01:47,820

speak to mr. Milan Bali AK together with

24

00:01:52,460 --> 00:01:50,700

his brother Byron now this is regarding

25

00:01:55,160 --> 00:01:52,470

UFO sighting they experienced some

26

00:01:59,620 --> 00:01:55,170

thirty two years ago on the evening of

27

00:02:02,450 --> 00:01:59,630

Wednesday the 19th of January 2019 83

28

00:02:05,120 --> 00:02:02,460

that's become locally known as the night

29

00:02:06,200 --> 00:02:05,130

of the triangles so welcome Byron would

30

00:02:08,449 --> 00:02:06,210

you like to tell us a little bit about

31

00:02:10,070 --> 00:02:08,459

what happened that night please well

32

00:02:13,010 --> 00:02:10,080

that's that night to a squatter pass

33

00:02:15,170 --> 00:02:13,020

sexy were standing here and one of our

34

00:02:18,440 --> 00:02:15,180

main us Sir Roger Williams just looked

35

00:02:19,760 --> 00:02:18,450

across the road yeah and he screamed I

36

00:02:21,410 --> 00:02:19,770

what what's that

37

00:02:24,140 --> 00:02:21,420

as he looked across you it there was the

38

00:02:27,740 --> 00:02:24,150

house there there was a row of white

39

00:02:29,000 --> 00:02:27,750

blue he lights very small and as I came

40

00:02:32,210 --> 00:02:29,010

over the top of the house the whole

41

00:02:34,670 --> 00:02:32,220

thing tilted in between these houses

42

00:02:37,640 --> 00:02:34,680

year we could see a triangle shape a

43

00:02:39,229 --> 00:02:37,650

huge triangle shape but very lights we

44

00:02:41,449 --> 00:02:39,239

can see then was the shape of the

45

00:02:42,740 --> 00:02:41,459

triangle one the front and one his side

46

00:02:45,440 --> 00:02:42,750

to the other side of the triangle was a

47

00:02:46,910 --> 00:02:45,450

red with a red light not a descent that

48

00:02:48,920 --> 00:02:46,920

was the front

49

00:02:51,530 --> 00:02:48,930

this thing was floating in this

50

00:02:55,990 --> 00:02:51,540

direction very slow you could walk

51  
00:02:59,260 --> 00:02:56,000  
faster it immediately run over

52  
00:03:01,780 --> 00:02:59,270  
in debt and where we were stars he was

53  
00:03:06,160 --> 00:03:01,790  
just moving so slow and went in that

54  
00:03:07,750 --> 00:03:06,170  
direction when one of the boys when they

55  
00:03:10,060 --> 00:03:07,760  
went out the side completely washed it

56  
00:03:11,920 --> 00:03:10,070  
for a while till one out the site and

57  
00:03:14,860 --> 00:03:11,930  
when my brother when his mate went in

58  
00:03:16,240 --> 00:03:14,870  
they formed a strong G sound but when I

59  
00:03:19,120 --> 00:03:16,250  
went in there there was two smaller

60  
00:03:20,950 --> 00:03:19,130  
triangles in this street here going up

61  
00:03:22,510 --> 00:03:20,960  
and down just past each other like this

62  
00:03:27,760 --> 00:03:22,520  
but much smaller that's why you were in

63  
00:03:29,500 --> 00:03:27,770

sight I was I was like at least to end

64

00:03:32,199 --> 00:03:29,510

in this one touch phone and I was

65

00:03:34,330 --> 00:03:32,209

telling Judith I stayed here and out of

66

00:03:36,340 --> 00:03:34,340

nowhere this street here there were two

67

00:03:38,020 --> 00:03:36,350

small triangles up and down each other I

68

00:03:41,320 --> 00:03:38,030

got silly completely when on the site

69

00:03:43,449 --> 00:03:41,330

no sense whatsoever but this one year

70

00:03:45,880 --> 00:03:43,459

this one knew this table year was huge

71

00:03:47,550 --> 00:03:45,890

these were small and it was really big

72

00:03:50,170 --> 00:03:47,560

with her you know right in front of us

73

00:03:53,500 --> 00:03:50,180

yeah so initially then the sytem was

74

00:03:56,020 --> 00:03:53,510

opposite the club yeah right here what's

75

00:03:57,430 --> 00:03:56,030

the height for thee what you say your

76

00:04:00,810 --> 00:03:57,440

bite another lettuce on top of that

77

00:04:04,110 --> 00:04:00,820

house there it's awkward to say I just

78

00:04:09,479 --> 00:04:04,120

remember the size of it say yep from

79

00:04:13,390 --> 00:04:09,489

here I reckon on one corner would be

80

00:04:16,300 --> 00:04:13,400

half of the heights of this again I'm

81

00:04:19,300 --> 00:04:16,310

going to the point there that one yeah I

82

00:04:22,180 --> 00:04:19,310

ain't going over to that so you first

83

00:04:23,800 --> 00:04:22,190

came down from the north and that's with

84

00:04:27,370 --> 00:04:23,810

us where I sorry I didn't see any earth

85

00:04:29,740 --> 00:04:27,380

so it was food for angle from house to

86

00:04:33,340 --> 00:04:29,750

house and in between so

87

00:04:35,890 --> 00:04:33,350

that is that sighs I'm about 40-50 cuts

88

00:04:38,470 --> 00:04:35,900

up there yeah it's like but you couldn't

89

00:04:39,720 --> 00:04:38,480

I couldn't change him in between a apart

90

00:04:42,300 --> 00:04:39,730

from the light

91

00:04:44,400 --> 00:04:42,310

and I would say look we're I couldn't

92

00:04:58,290 --> 00:04:44,410

see any you couldn't say I couldn't see

93

00:05:00,810 --> 00:04:58,300

anything in Bettina but my parliamentary

94

00:05:03,210 --> 00:05:00,820

and Raja went in right unless I went

95

00:05:04,740 --> 00:05:03,220

then I stayed you it was you know

96

00:05:06,720 --> 00:05:04,750

they've gone now boys I stayed you just

97

00:05:08,490 --> 00:05:06,730

have a look around disguise and then of

98

00:05:10,320 --> 00:05:08,500

them go and it's just sort of looking I

99

00:05:11,610 --> 00:05:10,330

was just there and it was too small the

100

00:05:13,190 --> 00:05:11,620

triangles going up this street here

101  
00:05:15,720 --> 00:05:13,200  
don't the what's there

102  
00:05:18,360 --> 00:05:15,730  
yeah yeah exactly in a straight line

103  
00:05:20,010 --> 00:05:18,370  
here and slowly back and forth just

104  
00:05:22,200 --> 00:05:20,020  
missed each other guys but the first one

105  
00:05:24,630 --> 00:05:22,210  
at company first the drunken TV you know

106  
00:05:26,340 --> 00:05:24,640  
these have gone into phone and I just

107  
00:05:29,400 --> 00:05:26,350  
stated note on the laws lab I would look

108  
00:05:30,420 --> 00:05:29,410  
to the skies and then it was there just

109  
00:05:31,470 --> 00:05:30,430  
look that way and they were that haven't

110  
00:05:34,290 --> 00:05:31,480  
said he couldn't see anything between

111  
00:05:36,330 --> 00:05:34,300  
yeah the place well I could just see I

112  
00:05:37,950 --> 00:05:36,340  
could see a was a black a black ship

113  
00:05:40,050 --> 00:05:37,960

there was a black triangle I could see

114

00:05:41,880 --> 00:05:40,060

that but you couldn't see is definitely

115

00:05:43,800 --> 00:05:41,890

a cloud that oh yes yeah but you

116

00:05:46,200 --> 00:05:43,810

couldn't see I was sick or people

117

00:05:47,610 --> 00:05:46,210

anything it was no I mean Rodriguez use

118

00:05:50,550 --> 00:05:47,620

those lights and you could definitely

119

00:05:52,050 --> 00:05:50,560

see in the really black block shape of

120

00:05:53,970 --> 00:05:52,060

the triangle you can see what she really

121

00:05:57,450 --> 00:05:53,980

was and you couldn't see what depth it

122

00:05:58,650 --> 00:05:57,460

was nothing like a cannot return after

123

00:06:00,150 --> 00:05:58,660

him then a you said he went off to the

124

00:06:01,470 --> 00:06:00,160

west we did not like straight down over

125

00:06:03,600 --> 00:06:01,480

a car go straight to not laying down

126

00:06:05,460 --> 00:06:03,610

there how did it turn did it maneuver

127

00:06:08,150 --> 00:06:05,470

did it only for Manali for when it came

128

00:06:10,590 --> 00:06:08,160

over the South should I tell did you

129

00:06:12,690 --> 00:06:10,600

then then you could see

130

00:06:14,640 --> 00:06:12,700

triangles if you couldn't look till it

131

00:06:16,440 --> 00:06:14,650

came over there it tilted north all

132

00:06:18,180 --> 00:06:16,450

those that a light lights went off on

133

00:06:19,710 --> 00:06:18,190

its straightened out in between like

134

00:06:21,810 --> 00:06:19,720

violence and in between those houses

135

00:06:25,800 --> 00:06:21,820

there and then you could see it was just

136

00:06:27,240 --> 00:06:25,810

a light on each page yeah you know what

137

00:06:29,400 --> 00:06:27,250

sort of time was it and quarter past

138

00:06:31,920 --> 00:06:29,410

6:00 for the past six and was dark then

139

00:06:36,140 --> 00:06:31,930

it was it was dark but I'll be just

140

00:06:36,150 --> 00:06:42,350

they still go away to the pub drawer but

141

00:06:52,440 --> 00:06:45,600

we obviously we always you know possibly

142

00:06:55,140 --> 00:06:52,450

men you know I'll be honest I told em

143

00:06:58,710 --> 00:06:55,150

then this right this is true I went on

144

00:07:00,570 --> 00:06:58,720

that night and I know it sounds stupid

145

00:07:02,310 --> 00:07:00,580

anomaly people say what they done my

146

00:07:04,650 --> 00:07:02,320

life turned I burned all my you were

147

00:07:09,720 --> 00:07:04,660

four books in the garden I did you know

148

00:07:12,180 --> 00:07:09,730

Jay a high-neck I notice the following

149

00:07:14,100 --> 00:07:12,190

days and all the good deal with jets and

150

00:07:18,750 --> 00:07:14,110

fly runs they were looking for something

151

00:07:21,030 --> 00:07:18,760

before the morning but it did it it was

152

00:07:23,310 --> 00:07:21,040

a who's we had you know I mean I knew

153

00:07:26,730 --> 00:07:23,320

that there was nothing mid-year you know

154

00:07:34,140 --> 00:07:26,740

how that was well he says well you know

155

00:07:35,730 --> 00:07:34,150

I think so yeah yeah no just me

156

00:07:39,780 --> 00:07:35,740

you remember the year you probably

157

00:07:41,430 --> 00:07:39,790

better than during before that new roads

158

00:07:45,000 --> 00:07:41,440

or the orange ball and I was going yeah

159

00:07:47,760 --> 00:07:45,010

I was going down from yes Mizzou the end

160

00:07:48,950 --> 00:07:47,770

the golden so some commercial pub and

161

00:07:51,110 --> 00:07:48,960

the main roads

162

00:07:54,469 --> 00:07:51,120

and the world is a noun it ages the

163

00:07:57,110 --> 00:07:54,479

oldest rebel and I was walking home I

164

00:08:00,860 --> 00:07:57,120

lived on that I saw shortcut don't know

165

00:08:01,909 --> 00:08:00,870

any old way right walking down everyone

166

00:08:07,120 --> 00:08:01,919

dying for with me

167

00:08:09,590 --> 00:08:07,130

and I looked up it was this all ng red

168

00:08:11,870 --> 00:08:09,600

late so I just kept my eyes neck all

169

00:08:14,740 --> 00:08:11,880

away while I was walking just kept

170

00:08:17,810 --> 00:08:14,750

looking it didn't look right I think

171

00:08:20,480 --> 00:08:17,820

that it's amazing and I just looked and

172

00:08:22,820 --> 00:08:20,490

all of a sudden it this one God and I

173

00:08:25,370 --> 00:08:22,830

were so made and you sink them L what is

174

00:08:28,250 --> 00:08:25,380

saying the whole thing's is if you

175

00:08:31,250 --> 00:08:28,260

remember back as a third one I was

176

00:08:32,959 --> 00:08:31,260

saying because it goes right back to my

177

00:08:35,329 --> 00:08:32,969

gran when we lived up there on the hill

178

00:08:38,190 --> 00:08:35,339

but I can't remember much about that and

179

00:08:40,770 --> 00:08:38,200

you saying what did you do

180

00:08:42,570 --> 00:08:40,780

I use the telephone sometimes fair

181

00:08:43,530 --> 00:08:42,580

enough after three drinks but I used

182

00:08:45,240 --> 00:08:43,540

this piece a night

183

00:08:47,910 --> 00:08:45,250

come on let's instead he saying I take

184

00:08:49,410 --> 00:08:47,920

because I would've loved didn't know

185

00:08:53,790 --> 00:08:49,420

Serena would now I know I would

186

00:08:55,290 --> 00:08:53,800

I read a lot about um Macedon today

187

00:09:00,360 --> 00:08:55,300

we're like at the moment but there's

188

00:09:02,880 --> 00:09:00,370

another thing well yeah I'm very very

189

00:09:04,830 --> 00:09:02,890

envious because it was a true they say

190

00:09:06,930 --> 00:09:04,840

yeah I do if Rogers ever told you this

191

00:09:09,840 --> 00:09:06,940

but that's was of the one that was you

192

00:09:11,190 --> 00:09:09,850

say good that first year that steam year

193

00:09:14,370 --> 00:09:11,200

it was the same man for same week that

194

00:09:16,620 --> 00:09:14,380

senior Roger was coming to my house is

195

00:09:19,650 --> 00:09:16,630

staring of them from walking back across

196

00:09:22,680 --> 00:09:19,660

the common my sponsor says yeah and I

197

00:09:24,270 --> 00:09:22,690

don't you told us Byron and you have a

198

00:09:25,430 --> 00:09:24,280

call some people do come now got to see

199

00:09:27,480 --> 00:09:25,440

what he could see

200

00:09:29,070 --> 00:09:27,490

yeah it was on the common air without

201  
00:09:31,410 --> 00:09:29,080  
even knew Rowan about visible there and

202  
00:09:33,840 --> 00:09:31,420  
there was two clouds in the sky there

203  
00:09:35,850 --> 00:09:33,850  
with like a metal pipe or light he said

204  
00:09:37,710 --> 00:09:35,860  
coming across it though he call these

205  
00:09:39,510 --> 00:09:37,720  
people over because he knew what they'd

206  
00:09:40,680 --> 00:09:39,520  
say they'd say was two airplanes refill

207  
00:09:43,380 --> 00:09:40,690  
and in the middle of Gallatin I don't

208  
00:09:44,670 --> 00:09:43,390  
think so but that actually came in and

209  
00:09:46,470 --> 00:09:44,680  
told us and we call these people are

210  
00:09:47,640 --> 00:09:46,480  
these two couples will walk about from

211  
00:09:48,840 --> 00:09:47,650  
the Kings through our locker than they

212  
00:09:54,630 --> 00:09:48,850  
seeded like you know it's just they're

213  
00:09:57,300 --> 00:09:54,640

not moving at all you came back from

214

00:09:58,890 --> 00:09:57,310

looking at the other one yeah we do we

215

00:10:00,660 --> 00:09:58,900

kick you I came across the roll with our

216

00:10:02,790 --> 00:10:00,670

car is there and we were at end of it

217

00:10:04,850 --> 00:10:02,800

and you said it was the two trailers

218

00:10:07,010 --> 00:10:04,860

moving up

219

00:10:10,010 --> 00:10:07,020

new features to cielos and he likes oh

220

00:10:11,750 --> 00:10:10,020

yeah just likes just likes any idea what

221

00:10:14,720 --> 00:10:11,760

sort of depth they will ignore you

222

00:10:17,330 --> 00:10:14,730

credit from long

223

00:10:19,250 --> 00:10:17,340

I know I've seen them one that you made

224

00:10:22,970 --> 00:10:19,260

spell on there right the one in Chile

225

00:10:24,800 --> 00:10:22,980

with or wherever you were and I swear I

226

00:10:26,330 --> 00:10:24,810

was in use role he was so flat but I'd

227

00:10:29,510 --> 00:10:26,340

say a nap though I mean like I couldn't

228

00:10:31,310 --> 00:10:29,520

tell you could exactly yeah yeah is it

229

00:10:33,590 --> 00:10:31,320

like a two-dimensional images it was it

230

00:10:35,990 --> 00:10:33,600

that type of thing yes here you cannot

231

00:10:42,640 --> 00:10:36,000

see it's a massive blocky but you

232

00:10:48,680 --> 00:10:46,520

they were just straight down a note of

233

00:10:51,320 --> 00:10:48,690

it the house there straight down over

234

00:10:52,580 --> 00:10:51,330

there or that way and even still as far

235

00:10:54,920 --> 00:10:52,590

back as they were still going like this

236

00:10:57,930 --> 00:10:54,930

but this up here down there without way

237

00:11:04,650 --> 00:11:03,480

above the houses nor they won't even I'd

238

00:11:06,060 --> 00:11:04,660

say they were just a promise to the

239

00:11:09,090 --> 00:11:06,070

highest peak where I'd say they've

240

00:11:10,260 --> 00:11:09,100

adjusted above their you know I mean

241

00:11:13,620 --> 00:11:10,270

whenever the site that over the end oh

242

00:11:15,270 --> 00:11:13,630

so it's okay yeah yeah but smaller not

243

00:11:17,760 --> 00:11:15,280

thought there was no so many any of them

244

00:11:20,250 --> 00:11:17,770

know some thought was right under that I

245

00:11:21,930 --> 00:11:20,260

reckon to that and he was just oh i

246

00:11:25,330 --> 00:11:21,940

supply and they serve I went over look

247

00:11:29,500 --> 00:11:25,340

you know could you size

248

00:11:31,660 --> 00:11:29,510

well I'd say this one you're the one

249

00:11:36,130 --> 00:11:31,670

I've seen here when I was ended it was

250

00:11:36,640 --> 00:11:36,140

the size of two aircrafts I'd say but

251

00:11:41,370 --> 00:11:36,650

jets

252

00:11:43,390 --> 00:11:41,380

buenas yeah it was large oh yeah yeah

253

00:11:46,260 --> 00:11:43,400

well this I see there are you seen

254

00:11:49,829 --> 00:11:46,270

estimate distance you know and these

255

00:11:55,930 --> 00:11:49,839

nobodies need as big as that you know

256

00:11:57,970 --> 00:11:55,940

I've seen you a new yeah oh yeah oh they

257

00:12:01,000 --> 00:11:57,980

worry about anyone I saw was this

258

00:12:03,640 --> 00:12:01,010

because that particular the guy in the

259

00:12:05,470 --> 00:12:03,650

respawn he said that they were really

260

00:12:08,470 --> 00:12:05,480

small about the size of a saloon cow

261

00:12:13,180 --> 00:12:08,480

that one that his dad so yeah yeah I see

262

00:12:15,430 --> 00:12:13,190

that yeah that was a bit shocked yes I

263

00:12:19,660 --> 00:12:15,440

said I'd say was twice at least twice as

264

00:12:21,130 --> 00:12:19,670

big as an area is under after he went

265

00:12:22,870 --> 00:12:21,140

this he went into this onesie sound and

266

00:12:28,480 --> 00:12:22,880

you've never individual the following

267

00:12:30,310 --> 00:12:28,490

morning yes that's right yeah yeah what

268

00:12:33,220 --> 00:12:30,320

were mellow my mates may send up a free

269

00:12:34,540 --> 00:12:33,230

robber two days ago and said he said

270

00:12:37,390 --> 00:12:34,550

Brian ha and he was looking read our

271

00:12:40,210 --> 00:12:37,400

chat and he said he knows about the view

272

00:12:43,060 --> 00:12:40,220

on Swansea sound and my son Robert said

273

00:12:45,160 --> 00:12:43,070

to me uh my my dad was my friends

274

00:12:47,500 --> 00:12:45,170

father's working in garage in Gaudin and

275

00:12:52,090 --> 00:12:47,510

used on the radio so you know through

276

00:12:55,480 --> 00:12:52,100

people of Newbury village people see it

277

00:12:58,630 --> 00:12:55,490

and stuff not that I'm not really know

278

00:13:03,750 --> 00:13:01,750

yeah yeah I'm not only that the one that

279

00:13:06,370 --> 00:13:03,760

really put him a post

280

00:13:07,889 --> 00:13:06,380

is if I'm Kelly she sends her in the

281

00:13:09,639 --> 00:13:07,899

garden and they seen there she was from

282

00:13:11,530 --> 00:13:09,649

where say yeah but she was leaving

283

00:13:11,980 --> 00:13:11,540

working [h\_\_h] goes in the red in South

284

00:13:14,350 --> 00:13:11,990

dock

285

00:13:15,699 --> 00:13:14,360

yeah and up just after sex when she saw

286

00:13:17,110 --> 00:13:15,709

these two triangles yeah

287

00:13:19,000 --> 00:13:17,120

and I was again that was happening same

288

00:13:20,889 --> 00:13:19,010

time these ones a lot of fun to the port

289

00:13:23,079 --> 00:13:20,899

he must have seen them the other areas

290

00:13:25,720 --> 00:13:23,089

are on two triangles there I mean that's

291

00:13:26,949 --> 00:13:25,730

exactly what we saw that ship where the

292

00:13:29,350 --> 00:13:26,959

lights were that that is what we've seen

293

00:13:31,300 --> 00:13:29,360

no you didn't notice any protuberance

294

00:13:33,280 --> 00:13:31,310

coming from underneath no and I was

295

00:13:35,190 --> 00:13:33,290

right down the lit no there was nothing

296

00:13:37,569 --> 00:13:35,200

at all what arrangements of the lights

297

00:13:40,050 --> 00:13:37,579

well like I were as it came over here

298

00:13:42,699 --> 00:13:40,060

there was a row of small bluey lights

299

00:13:44,769 --> 00:13:42,709

Lord of them but when it till didn't

300

00:13:46,720 --> 00:13:44,779

came here it says everything went off

301  
00:13:49,449 --> 00:13:46,730  
and it was just a light on each point on

302  
00:13:54,880 --> 00:13:49,459  
his peak you know and there was a red

303  
00:13:56,710 --> 00:13:54,890  
light towards the front of it I'm rather

304  
00:13:58,300 --> 00:13:56,720  
he said right in front of us it was I

305  
00:13:59,650 --> 00:13:58,310  
couldn't believe myself went across the

306  
00:14:01,540 --> 00:13:59,660  
road after the following day I thought

307  
00:14:03,550 --> 00:14:01,550  
what was he doing like you know you're

308  
00:14:05,470 --> 00:14:03,560  
new see that in films but I was

309  
00:14:07,829 --> 00:14:05,480  
intrigued straight over under underneath

310  
00:14:12,009 --> 00:14:07,839  
it and it was just it was just that slow

311  
00:14:14,139 --> 00:14:12,019  
no sound nothing at all I mean I've had

312  
00:14:16,420 --> 00:14:14,149  
weird experiences in my life one

313  
00:14:17,139 --> 00:14:16,430

particular experience then what it was

314

00:14:21,790 --> 00:14:17,149

happening

315

00:14:23,560 --> 00:14:21,800

there was a feeling of there's a part

316

00:14:25,710 --> 00:14:23,570

neither wasn't surprised but there's

317

00:14:29,130 --> 00:14:25,720

another part feel it's

318

00:14:31,050 --> 00:14:29,140

you know that yeah I know - did you get

319

00:14:33,990 --> 00:14:31,060

that kind of I did yes at the time like

320

00:14:36,180 --> 00:14:34,000

I've been reading this box yeah it's

321

00:14:39,030 --> 00:14:36,190

real yeah I mean I've seen lights in the

322

00:14:41,910 --> 00:14:39,040

sky for years a fall of things since

323

00:14:43,710 --> 00:14:41,920

1969 and all I've seen is yard light in

324

00:14:45,510 --> 00:14:43,720

the sky which has meant nothing at all -

325

00:14:47,280 --> 00:14:45,520

you know it's been nothing you know I'd

326

00:14:49,860 --> 00:14:47,290

save myself for that's only destiny that

327

00:14:51,840 --> 00:14:49,870

are noble planets and Venus not a snap

328

00:14:53,670 --> 00:14:51,850

they blame it on a nice rubbish I mean

329

00:14:56,040 --> 00:14:53,680

to see something like that floating

330

00:14:58,020 --> 00:14:56,050

above your head well it shook me you

331

00:14:59,970 --> 00:14:58,030

know I thought you know I played the

332

00:15:06,270 --> 00:14:59,980

four-eyed folders for years that this is

333

00:15:11,730 --> 00:15:06,280

real like you know I'd say about 300

334

00:15:13,200 --> 00:15:11,740

pounds worth it was it was it was in my

335

00:15:15,390 --> 00:15:13,210

head that my god you know we definitely

336

00:15:17,820 --> 00:15:15,400

not alone I know it's an old second but

337

00:15:19,830 --> 00:15:17,830

we are not and you know what's gonna

338

00:15:21,900 --> 00:15:19,840

happen in the future I don't know you

339

00:15:24,480 --> 00:15:21,910

know is it a feeling of anxiety possible

340

00:15:27,060 --> 00:15:24,490

things yes all that put together yeah

341

00:15:28,890 --> 00:15:27,070

yeah I mean like I said down the garden

342

00:15:31,770 --> 00:15:28,900

what the lot there put him in the box

343

00:15:34,380 --> 00:15:31,780

and burned everything you know and I

344

00:15:36,090 --> 00:15:34,390

chatted to be honest that night as old

345

00:15:37,410 --> 00:15:36,100

as I was I went to bed out Nathan closed

346

00:15:44,130 --> 00:15:37,420

the blinds on the currently they want to

347

00:15:55,290 --> 00:15:44,140

see those outside you know well 3232 is

348

00:15:57,840 --> 00:15:55,300

older it's Nathan 83 yeah I mean you

349

00:15:59,640 --> 00:15:57,850

know everybody say same people in the

350

00:16:01,470 --> 00:15:59,650

same but everyone is talking about the

351

00:16:04,530 --> 00:16:01,480

law use the plains that you know what's

352

00:16:07,110 --> 00:16:04,540

going on like yeah we're known for a

353

00:16:11,250 --> 00:16:07,120

couple of hours back and for very noisy

354

00:16:13,910 --> 00:16:11,260

very low yeah so I thought to myself oh

355

00:16:16,220 --> 00:16:13,920

they must be looking for

356

00:16:18,920 --> 00:16:16,230

but I know yeah I never expect the

357

00:16:21,860 --> 00:16:18,930

singer from I got an assumed you know I

358

00:16:25,009 --> 00:16:21,870

mean yourselves now to do a view of any

359

00:16:27,829 --> 00:16:25,019

triangle UFOs before legs I didn't know

360

00:16:28,699 --> 00:16:27,839

before 83 the only one I can think of is

361

00:16:30,740 --> 00:16:28,709

the Phoenix lights

362

00:16:33,980 --> 00:16:30,750

I seen the Felix likes rubble I was

363

00:16:36,860 --> 00:16:33,990

nothing like this I'm your number yeah

364

00:16:38,960 --> 00:16:36,870

but over there let me pre eighties

365

00:16:41,840 --> 00:16:38,970

attended to be source of shape Dulce

366

00:16:44,210 --> 00:16:41,850

gosh yes oh gosh eighties on seem to be

367

00:16:46,639 --> 00:16:44,220

pregnant myself like never good I've

368

00:16:47,840 --> 00:16:46,649

never read anything about UFO try on

369

00:16:48,439 --> 00:16:47,850

your FOIA review I've never heard that

370

00:16:50,540 --> 00:16:48,449

before

371

00:16:54,819 --> 00:16:50,550

never never read about it never see

372

00:16:57,319 --> 00:16:54,829

nothing until long night yeah you know

373

00:16:58,970 --> 00:16:57,329

so uh it's like it's like over the years

374

00:17:07,960 --> 00:16:58,980

they changing the change in form we got

375

00:17:10,400 --> 00:17:07,970

there we got new ones out good oh yeah

376

00:17:12,110 --> 00:17:10,410

your family's reaction when you actually

377

00:17:14,030 --> 00:17:12,120

told them that you've seen this what was

378

00:17:16,819 --> 00:17:14,040

the usual rings life is skepticism a

379

00:17:18,439 --> 00:17:16,829

yeah my father was a funniest one he'll

380

00:17:21,409 --> 00:17:18,449

make named at me my dad was yuccas laugh

381

00:17:23,120 --> 00:17:21,419

right Beavis our good night and you very

382

00:17:26,720 --> 00:17:23,130

abrupt talk and lovely blawker very

383

00:17:28,760 --> 00:17:26,730

abrupt I when we told Melissa told about

384

00:17:30,140 --> 00:17:28,770

we've seen for the tongue be silly we

385

00:17:32,900 --> 00:17:30,150

said if they were if you've seen it if

386

00:17:34,549 --> 00:17:32,910

you see that they'd be a shorter set up

387

00:17:36,260 --> 00:17:34,559

by now all these us people report miss a

388

00:17:37,720 --> 00:17:36,270

nap he said you know we don't own supply

389

00:17:41,510 --> 00:17:37,730

now why why is the by a snake handling

390

00:17:41,840 --> 00:17:41,520

the berry very of black do but that was

391

00:17:50,950 --> 00:17:41,850

about it

392

00:17:55,820 --> 00:17:50,960

yeah yeah you know people I have told

393

00:17:57,740 --> 00:17:55,830

about that there's a is being afraid you

394

00:17:59,000 --> 00:17:57,750

know they've been gone you know it's not

395

00:18:01,039 --> 00:17:59,010

what I said yeah that's right I said you

396

00:18:03,260 --> 00:18:01,049

know I knew you my missus today says

397

00:18:04,909 --> 00:18:03,270

says me you know tell the story said you

398

00:18:06,799 --> 00:18:04,919

must be telling the truth LeSabre ham I

399

00:18:08,480 --> 00:18:06,809

said why do you say that and she said

400

00:18:10,250 --> 00:18:08,490

because every time you say that all

401  
00:18:12,350 --> 00:18:10,260  
those years ago you say exactly the same

402  
00:18:13,760 --> 00:18:12,360  
thing the times what we've seen the

403  
00:18:15,620 --> 00:18:13,770  
lights and all restaurant they said well

404  
00:18:15,980 --> 00:18:15,630  
you know you've got a good memory to be

405  
00:18:17,720 --> 00:18:15,990  
a liar

406  
00:18:20,240 --> 00:18:17,730  
and this is the truth you know that's

407  
00:18:21,280 --> 00:18:20,250  
what happens didn't expect that but they

408  
00:18:24,070 --> 00:18:21,290  
was

409  
00:18:25,060 --> 00:18:24,080  
hello it's been a part of you that have

410  
00:18:26,500 --> 00:18:25,070  
always hoped

411  
00:18:28,990 --> 00:18:26,510  
perhaps after you get over the initial

412  
00:18:31,120 --> 00:18:29,000  
shock and everything yeah like 10 used

413  
00:18:32,980 --> 00:18:31,130

on the like did you ever think we'll it

414

00:18:34,780 --> 00:18:32,990

I wouldn't mind another boom I'm ready

415

00:18:36,180 --> 00:18:34,790

for another one now I'll need to know to

416

00:18:39,190 --> 00:18:36,190

what only lately

417

00:18:40,660 --> 00:18:39,200

Alethea yeah I said the last Weller

418

00:18:43,030 --> 00:18:40,670

Sealy in the last couple of years

419

00:18:44,440 --> 00:18:43,040

perhaps yeah you know what I mean five

420

00:18:46,030 --> 00:18:44,450

times accident doing school runs

421

00:18:47,620 --> 00:18:46,040

sometimes I'm elderly in the morning and

422

00:18:49,150 --> 00:18:47,630

I went there and I'm always you know

423

00:18:51,040 --> 00:18:49,160

always having a look see what you like

424

00:18:52,510 --> 00:18:51,050

you know for six o'clock and one on

425

00:18:55,120 --> 00:18:52,520

November mornin his level you know the

426

00:18:57,310 --> 00:18:55,130

clear sky but there no one nothing and I

427

00:18:58,960 --> 00:18:57,320

have thought you know what you know I'd

428

00:19:03,640 --> 00:18:58,970

like to see you I mean maybe not quite

429

00:19:09,490 --> 00:19:03,650

not so close like okay okay thank you

430

00:19:12,280 --> 00:19:09,500

very much thank you okay I thought that

431

00:19:16,020 --> 00:19:12,290

went well Knoll and his brother by

432

00:19:20,140 --> 00:19:16,030

remover very affable and good speakers

433

00:19:22,060 --> 00:19:20,150

there really shows that these sightings

434

00:19:23,950 --> 00:19:22,070

can have effect people from what he was

435

00:19:25,820 --> 00:19:23,960

saying that he went home and burned all

436

00:19:28,909 --> 00:19:25,830

his books

437

00:19:31,249 --> 00:19:28,919

it's a young man in his thirties this

438

00:19:38,859 --> 00:19:31,259

was he'd never seen anything like that

439

00:19:45,710 --> 00:19:41,749

yeah he was a very very interesting
