

1
00:00:34,840 --> 00:00:31,009
okay goin down to see Tom James he's got

2
00:00:38,389 --> 00:00:34,850
some serious [h__h] to tell us so

3
00:00:44,660 --> 00:00:38,399
apparently if I you psyched in so I

4
00:00:57,920 --> 00:00:44,670
believe so let's go ok so here we are at

5
00:01:08,080 --> 00:00:57,930
Toms house there's a knock I guess stuff

6
00:01:13,700 --> 00:01:10,510
alright Tom are you doing all right

7
00:01:19,770 --> 00:01:13,710
right okay let me get my stuff up here

8
00:01:27,880 --> 00:01:22,720
you did mention at some point that the

9
00:01:30,580 --> 00:01:27,890
first sighted users in 1967 at your home

10
00:01:33,010 --> 00:01:30,590
was it outside in the front or was it at

11
00:01:37,410 --> 00:01:33,020
the back from the front standing by the

12
00:01:41,740 --> 00:01:37,420
front gate a group of us and we saw

13
00:01:45,520 --> 00:01:41,750

eight or nine disk flat shipped white

14

00:01:48,190 --> 00:01:45,530

objects in a cluster tight cluster

15

00:01:52,930 --> 00:01:48,200

flying over towards the mumbles dizzy

16

00:01:54,969 --> 00:01:52,940

disk it's a little flat roamed right not

17

00:01:57,630 --> 00:01:54,979

when he will fly in with a flame from

18

00:02:05,290 --> 00:01:57,640

the sort of Morrison hospital i fronted

19

00:02:08,530 --> 00:02:05,300

the direction of the Northeast North

20

00:02:11,760 --> 00:02:08,540

most hospital be more north right from

21

00:02:14,830 --> 00:02:11,770

here so they were flying from northeast

22

00:02:19,480 --> 00:02:14,840

to southwest right there just to clarify

23

00:02:21,760 --> 00:02:19,490

for the camera some South South would be

24

00:02:24,340 --> 00:02:21,770

where Tom's left ear is in the frame

25

00:02:27,790 --> 00:02:24,350

don't know now yeah that's right

26

00:02:34,300 --> 00:02:27,800

basically some is that's going this way

27

00:02:39,940 --> 00:02:34,310

is not way north is up there north south

28

00:02:42,009 --> 00:02:39,950

east west right so on with these things

29

00:02:44,380 --> 00:02:42,019

that were they at any point stationary

30

00:02:50,380 --> 00:02:44,390

or did they travel information in the

31

00:02:52,150 --> 00:02:50,390

slow way or slowly flying over it well

32

00:02:53,290 --> 00:02:52,160

it could save the floor nation they

33

00:02:56,820 --> 00:02:53,300

weren't in any sort of particular

34

00:03:01,300 --> 00:02:56,830

formation who is just a cluster of these

35

00:03:04,570 --> 00:03:01,310

white disc-shaped objects yeah and

36

00:03:06,580 --> 00:03:04,580

obviously noise no sound at all no well

37

00:03:08,080 --> 00:03:06,590

there was anybody else that's all that

38

00:03:11,110 --> 00:03:08,090

is there is a group of us there were

39

00:03:14,500 --> 00:03:11,120

four of them for five thousand just by

40

00:03:17,050 --> 00:03:14,510

the front gate well nothing we just

41

00:03:20,970 --> 00:03:17,060

looked at them sort of fly over and just

42

00:03:24,030 --> 00:03:20,980

cut it on a chopping romo so

43

00:03:27,449 --> 00:03:24,040

we knew who had aircraft or anything

44

00:03:29,490 --> 00:03:27,459

because there was no song to them they

45

00:03:32,910 --> 00:03:29,500

really ported later in the weekend

46

00:03:37,860 --> 00:03:32,920

Evening Post actually really yeah there

47

00:03:40,490 --> 00:03:37,870

was a dealing post reported that the RAF

48

00:03:44,220 --> 00:03:40,500

would during nighttime high-altitude

49

00:03:46,199 --> 00:03:44,230

refueling exercises in the area but

50

00:03:49,740 --> 00:03:46,209

props they were but that certainly won't

51
00:03:51,030 --> 00:03:49,750
really do it is not ref isn't it funny

52
00:03:55,080 --> 00:03:51,040
though whenever something like this

53
00:03:57,839 --> 00:03:55,090
happens there's always a coverage in the

54
00:03:59,490 --> 00:03:57,849
newspaper it's the RAF needs the

55
00:04:02,250 --> 00:03:59,500
military it's somebody doing something

56
00:04:04,710 --> 00:04:02,260
there's always a cover story like in the

57
00:04:07,020 --> 00:04:04,720
Phoenix lights ah you know or it was

58
00:04:09,569 --> 00:04:07,030
swamp gas so it was this was that is

59
00:04:12,449 --> 00:04:09,579
always a bloody excuse of that excuse my

60
00:04:14,520 --> 00:04:12,459
language right that was in nineteen 667

61
00:04:18,060 --> 00:04:14,530
I do believe correct me if I'm wrong

62
00:04:22,650 --> 00:04:18,070
that the next site in you had was many

63
00:04:31,260 --> 00:04:22,660

usually there in 2010 correct yeah is

64

00:04:34,350 --> 00:04:31,270

this was orange flickering lights yeah

65

00:04:39,330 --> 00:04:34,360

looked very much like Chinese lanterns

66

00:04:43,620 --> 00:04:39,340

yeah but not our first first one I saw

67

00:04:49,230 --> 00:04:43,630

was coming from the East the West going

68

00:04:53,520 --> 00:04:49,240

east and at first I was thought it may

69

00:04:56,550 --> 00:04:53,530

be the place helicopter or something the

70

00:05:00,750 --> 00:04:56,560

port light to that yeah as is a sort of

71

00:05:02,969 --> 00:05:00,760

orangey red color ah but it was

72

00:05:05,730 --> 00:05:02,979

flickering so I ruled up the helicopter

73

00:05:08,159 --> 00:05:05,740

there was no other lights on this

74

00:05:12,480 --> 00:05:08,169

gradually got closer Casilla just one

75

00:05:15,120 --> 00:05:12,490

orange red reddish orange flickering

76

00:05:17,339 --> 00:05:15,130

light like a Chinese lantern I thought

77

00:05:20,670 --> 00:05:17,349

it might have been a Chinese lantern but

78

00:05:22,860 --> 00:05:20,680

slowly it started to turn a very slow

79

00:05:24,689 --> 00:05:22,870

rock and you saw this from the back of

80

00:05:26,909 --> 00:05:24,699

the house from the back of the house

81

00:05:28,220 --> 00:05:26,919

hands if you if you could actually name

82

00:05:31,610 --> 00:05:28,230

a location

83

00:05:35,980 --> 00:05:31,620

z like an area war idea was it flying

84

00:05:41,120 --> 00:05:35,990

from and to well it will be coming from

85

00:05:43,790 --> 00:05:41,130

finale way towards portal but right boat

86

00:05:45,740 --> 00:05:43,800

across the bay yeah but it didn't get

87

00:05:50,560 --> 00:05:45,750

that far i just turned in a very slow

88

00:05:52,850 --> 00:05:50,570

walk and then went back to a

89

00:05:54,710 --> 00:05:52,860
southwesterly direction and if I

90

00:05:59,420 --> 00:05:54,720
understand wasn't the others to follow

91

00:06:02,150 --> 00:05:59,430
yes southwesterly direction it turned

92

00:06:10,910 --> 00:06:02,160
onto and gradually it came to a point

93

00:06:14,000 --> 00:06:10,920
where it just dimmed under then they was

94

00:06:16,370 --> 00:06:14,010
going out to feed next door Scott soy I

95

00:06:20,300 --> 00:06:16,380
turned away and turn around to the

96

00:06:23,020 --> 00:06:20,310
bangle all I turned one flew right over

97

00:06:28,040 --> 00:06:23,030
the top of my head another one of orange

98

00:06:30,830 --> 00:06:28,050
flickering Suckley the same and he'll

99

00:06:32,840 --> 00:06:30,840
fly when exactly the same course and I

100

00:06:34,940 --> 00:06:32,850
watched that until it disappeared in

101
00:06:36,650 --> 00:06:34,950
exactly the same place he made any

102
00:06:39,980 --> 00:06:36,660
particular she didn't see anything just

103
00:06:42,740 --> 00:06:39,990
orange flickering if you could s right

104
00:06:46,250 --> 00:06:42,750
how far up the working mom I couldn't

105
00:06:48,350 --> 00:06:46,260
tell you and no idea arrival yeah it

106
00:06:51,800 --> 00:06:48,360
wouldn't have been as high as a sort of

107
00:06:54,620 --> 00:06:51,810
jumbo jet I Tyrone 30,000 feet there

108
00:06:56,990 --> 00:06:54,630
have been lower than not but exactly how

109
00:06:59,330 --> 00:06:57,000
I am away in the Stanley he said is a

110
00:07:01,760 --> 00:06:59,340
bit of a skeptic poor Layton's a much of

111
00:07:08,600 --> 00:07:01,770
a skeptic here but anyway that's beside

112
00:07:10,220 --> 00:07:08,610
the iron um so later on as they compact

113
00:07:12,290 --> 00:07:10,230

compete in the cart and walking back

114

00:07:17,360 --> 00:07:12,300

around the bungalow there was another

115

00:07:20,630 --> 00:07:17,370

one facing me which wasn't there when I

116

00:07:25,490 --> 00:07:20,640

left so where did it come from I don't

117

00:07:32,180 --> 00:07:25,500

know it flying low over Penn Ion going

118

00:07:33,710 --> 00:07:32,190

in a westerly direction um like that

119

00:07:35,930 --> 00:07:33,720

disappeared quickly because it drunk

120

00:07:38,430 --> 00:07:35,940

behind the house it was so long so that

121

00:07:40,920 --> 00:07:38,440

would be the fly of the pair

122

00:07:43,170 --> 00:07:40,930

area on its way over to forest path you

123

00:07:48,420 --> 00:07:43,180

know that that's a direct going more

124

00:07:50,880 --> 00:07:48,430

towards more towards it will be going

125

00:07:53,460 --> 00:07:50,890

more towards Parliament would we yeah

126

00:07:58,320 --> 00:07:53,470

across that way Allen falls far as she's

127

00:08:00,300 --> 00:07:58,330

done yeah so that was not that then and

128

00:08:06,270 --> 00:08:00,310

later on in the evening when I went out

129

00:08:13,170 --> 00:08:06,280

again or so another one coming from the

130

00:08:19,380 --> 00:08:13,180

south east west southwest cut down this

131

00:08:21,150 --> 00:08:19,390

direction cross over my head it came

132

00:08:23,820 --> 00:08:21,160

from that direction and when it got

133

00:08:28,710 --> 00:08:23,830

above me it dimmed out and disappeared

134

00:08:30,960 --> 00:08:28,720

just like the first one dead then

135

00:08:36,209 --> 00:08:30,970

another one came from the opposite

136

00:08:39,990 --> 00:08:36,219

direction the northwest yeah on the same

137

00:08:42,839 --> 00:08:40,000

line again and disappeared and exactly

138

00:08:46,080 --> 00:08:42,849

the same spot so they weren't flying

139

00:08:48,390 --> 00:08:46,090

into cloud disappearance and you've

140

00:08:51,510 --> 00:08:48,400

already ruled out place and Chinese

141

00:08:52,950 --> 00:08:51,520

lanterns way so Chinese lanterns do come

142

00:08:57,870 --> 00:08:52,960

in different directions they all fly the

143

00:09:00,240 --> 00:08:57,880

same way I'm just clarifying yea so but

144

00:09:02,580 --> 00:09:00,250

I know where else I didn't see anything

145

00:09:05,730 --> 00:09:02,590

on the corner nothing didn't see

146

00:09:07,590 --> 00:09:05,740

anything in the papal about it but there

147

00:09:09,810 --> 00:09:07,600

were several no afters are those two

148

00:09:14,100 --> 00:09:09,820

there were several more coming from the

149

00:09:16,410 --> 00:09:14,110

same directions the sophist the

150

00:09:25,079 --> 00:09:16,420

northwest adjuster reiterated this date

151
00:09:28,500 --> 00:09:25,089
was 2010 this would be September the

152
00:09:33,660 --> 00:09:28,510
first saturday in September of 2010

153
00:09:35,990 --> 00:09:33,670
right ok our boat 10 first row would

154
00:09:38,730 --> 00:09:36,000
have been about ten to nine and evening

155
00:09:40,410 --> 00:09:38,740
dark then saw it was wrong about that

156
00:09:43,620 --> 00:09:40,420
time actually I think they mentioned it

157
00:09:48,870 --> 00:09:43,630
to you before police ago I saw the cigar

158
00:09:51,240 --> 00:09:48,880
she got like a like a fluorescent light

159
00:09:52,340 --> 00:09:51,250
but it was in the sky and I was down

160
00:09:55,800 --> 00:09:52,350
there

161
00:09:58,879 --> 00:09:55,810
donnelly licks a Genoa and I'm just

162
00:10:01,740 --> 00:09:58,889
having a jolly Walker along the way and

163
00:10:04,590 --> 00:10:01,750

this thing started moving very slowly

164

00:10:06,900 --> 00:10:04,600

across the sky and I never seen anything

165

00:10:09,449 --> 00:10:06,910

like that before but it was very slow I

166

00:10:10,889 --> 00:10:09,459

names another guy in front of me and he

167

00:10:12,689 --> 00:10:10,899

was looking at it as well and he

168

00:10:14,540 --> 00:10:12,699

couldn't tell what it was so I don't

169

00:10:17,129 --> 00:10:14,550

know if there was anything unusual

170

00:10:20,579 --> 00:10:17,139

activity around that time for everybody

171

00:10:23,749 --> 00:10:20,589

I don't know oh yeah look there were

172

00:10:26,249 --> 00:10:23,759

things going on in 2010 because that a

173

00:10:29,879 --> 00:10:26,259

choppers are talking about the one over

174

00:10:33,240 --> 00:10:29,889

the reservoir 2010 and I'm like no I

175

00:10:37,590 --> 00:10:33,250

don't know about that mmm then we'll

176

00:10:40,170 --> 00:10:37,600

fill you in on that one already um so

177

00:10:44,009 --> 00:10:40,180

there was the world I found out later

178

00:10:46,619 --> 00:10:44,019

about this of course those quite a lot

179

00:10:54,240 --> 00:10:46,629

of activity around the 2010 by the sound

180

00:10:56,369 --> 00:10:54,250

of it anyway 2010 will was the orange

181

00:10:59,249 --> 00:10:56,379

flies of column because that's just

182

00:11:04,019 --> 00:10:59,259

exactly what they look like only you

183

00:11:07,230 --> 00:11:04,029

know if if somebody was perpetrating a

184

00:11:12,240 --> 00:11:07,240

hoax with flares and it was a very good

185

00:11:16,290 --> 00:11:12,250

very very good hoax indeed now that

186

00:11:18,269 --> 00:11:16,300

would have been lot that's the stove all

187

00:11:21,480 --> 00:11:18,279

the sightings in 2010 the next one then

188

00:11:24,030 --> 00:11:21,490

would have been 2012 so more on the 2012

189

00:11:26,519 --> 00:11:24,040

there's again for her from physical

190

00:11:30,360 --> 00:11:26,529

globe are I have to say for the camera

191

00:11:33,569 --> 00:11:30,370

that where where tom is situated is a

192

00:11:37,079 --> 00:11:33,579

perfect spot is now in Swansea for you

193

00:11:46,129 --> 00:11:37,089

know you can see basically yeah from the

194

00:11:51,240 --> 00:11:46,139

bay yeah yeah yeah um 2012 well this was

195

00:11:54,059 --> 00:11:51,250

siting down of incandescent would look

196

00:11:58,040 --> 00:11:54,069

like incandescent yellowy lights spaced

197

00:12:04,490 --> 00:11:58,050

out playing up the dual carriageway

198

00:12:08,449 --> 00:12:04,500

towards clear duck down by the stadium

199

00:12:10,740 --> 00:12:08,459

we only had a short three bullet because

200

00:12:13,710 --> 00:12:10,750

trees and houses and everything in the

201

00:12:16,889 --> 00:12:13,720

way but this is witnessed also by my

202

00:12:19,100 --> 00:12:16,899

neighbor who's out walking his dog and

203

00:12:24,090 --> 00:12:19,110

he heard the impression it was a blimp a

204

00:12:27,049 --> 00:12:24,100

large blimp but what would a blimp be

205

00:12:32,790 --> 00:12:27,059

doing flying up the courage way and

206

00:12:35,189 --> 00:12:32,800

right no sense at all so long what they

207

00:12:36,389 --> 00:12:35,199

were were they were they were touched to

208

00:12:38,850 --> 00:12:36,399

a bigger object or whether they were

209

00:12:41,240 --> 00:12:38,860

separate things i don't know all i could

210

00:12:46,879 --> 00:12:41,250

say with the lights were spaced out and

211

00:12:56,519 --> 00:12:46,889

dim looked like dim incandescent yellowy

212

00:13:03,119 --> 00:12:56,529

kind type of a scenario was it no they

213

00:13:05,280 --> 00:13:03,129

were just still just lights floating up

214

00:13:08,759 --> 00:13:05,290

at first when I saw my first I thought

215

00:13:11,610 --> 00:13:08,769

they must be Chinese London's again but

216

00:13:16,439 --> 00:13:11,620

no they weren't flickr him they weren't

217

00:13:21,919 --> 00:13:16,449

flying up it was flying spaced out kept

218

00:13:26,610 --> 00:13:24,929

this seems a steady speed energetic

219

00:13:29,669 --> 00:13:26,620

controlled by by the way they were

220

00:13:32,249 --> 00:13:29,679

fly-in not too yeah yeah intelligently

221

00:13:34,740 --> 00:13:32,259

controlled effing Utley not not Chinese

222

00:13:37,730 --> 00:13:34,750

lanterns or anything like that no so

223

00:13:41,490 --> 00:13:37,740

again not whatever that was I'm no idea

224

00:13:55,490 --> 00:13:41,500

that's 2012 and virtual darling lady

225

00:14:14,819 --> 00:14:08,670

first monday in how that Tiki thing my

226

00:14:17,790 --> 00:14:14,829

fellows fetid oh no they were too I saw

227

00:14:22,550 --> 00:14:17,800

to object the first one was just it

228

00:14:25,170 --> 00:14:22,560

looked like a satellite all the world a

229

00:14:30,690 --> 00:14:25,180

bright satellite flying at high speed

230

00:14:33,269 --> 00:14:30,700

going from the south ah this is the one

231

00:14:36,090 --> 00:14:33,279

that was going and unbelievably fall and

232

00:14:37,889 --> 00:14:36,100

cleansed of a dare shot across the skies

233

00:14:40,199 --> 00:14:37,899

miss going like a couple of hundred or

234

00:14:42,090 --> 00:14:40,209

even thousands of miles an hour not

235

00:14:45,509 --> 00:14:42,100

hundreds of miles an hour this was it

236

00:14:48,840 --> 00:14:45,519

just shot across the sky and while I was

237

00:14:52,860 --> 00:14:48,850

watching it and at first I thought my

238

00:14:56,009 --> 00:14:52,870

eyes playing tricks I thought did I see

239

00:14:57,780 --> 00:14:56,019

that today did I not bother and then

240

00:15:00,600 --> 00:14:57,790

another one come to view did the same

241

00:15:04,889 --> 00:15:00,610

thing shot across but double buck and a

242

00:15:08,760 --> 00:15:04,899

v-shape say block yeah at the same speed

243

00:15:11,340 --> 00:15:08,770

didn't slow down or change speed just

244

00:15:13,699 --> 00:15:11,350

change direction but when it has she

245

00:15:16,620 --> 00:15:13,709

changed the reaction when it went from

246

00:15:19,500 --> 00:15:16,630

you know there's literally do a u-turn

247

00:15:22,110 --> 00:15:19,510

did it speak did it slow down at the

248

00:15:24,900 --> 00:15:22,120

YouTube no it won't anyone know you

249

00:15:28,590 --> 00:15:24,910

dudes have eaten it was oh yeah right I

250

00:15:30,510 --> 00:15:28,600

just straight Parker yeah so I new loan

251

00:15:33,150 --> 00:15:30,520

on it any sort of aircraft or a friend

252

00:15:34,980 --> 00:15:33,160

far too fast and aircraft don't do that

253

00:15:36,810 --> 00:15:34,990

sort of thing anyway I'm not only God I

254

00:15:38,939 --> 00:15:36,820

mean if that was a regular machine of

255

00:15:41,430 --> 00:15:38,949

them whoever would have been in that

256

00:15:45,290 --> 00:15:41,440

craft they would have brought me harbin

257

00:15:48,900 --> 00:15:45,300

splattered able to be splat oh yeah so

258

00:15:51,090 --> 00:15:48,910

that was obviously something out of this

259

00:15:52,889 --> 00:15:51,100

world whatever it was that seems the

260

00:15:55,710 --> 00:15:52,899

most amenable why the so far you've

261

00:15:57,600 --> 00:15:55,720

spoken of you know as far as he was the

262

00:16:00,360 --> 00:15:57,610

other that's the only object that ever

263

00:16:03,900 --> 00:16:00,370

seen is playing really quickly but fast

264

00:16:05,400 --> 00:16:03,910

anyway the next next site that I had

265

00:16:13,019 --> 00:16:05,410

from here was in

266

00:16:26,819 --> 00:16:13,029

twenty fifteen fifty 1215 nothin coming

267

00:16:31,829 --> 00:16:26,829

up this year a yearly had to be the be

268

00:16:34,410 --> 00:16:31,839

on Easter Monday it was being a yeah

269

00:16:36,689 --> 00:16:34,420

easter monday would have been around

270

00:16:40,889 --> 00:16:36,699

twenty past one in the afternoon yeah

271

00:16:45,150 --> 00:16:40,899

easter monday was it was it was sunny it

272

00:16:48,569 --> 00:16:45,160

was a nice day but it was cloudy and i

273

00:16:51,720 --> 00:16:48,579

was grow towards the garage standing on

274

00:16:57,600 --> 00:16:51,730

the steps looking up in the sky I could

275

00:17:08,840 --> 00:16:57,610

see a white brilliant white orb just

276

00:17:19,319 --> 00:17:14,159

northeast direction north yeah across

277

00:17:21,360 --> 00:17:19,329

that way allows it us so that those are

278

00:17:23,730 --> 00:17:21,370

the cycles revert the north-northeast

279

00:17:27,899 --> 00:17:23,740

would have been the sort of Morris that

280

00:17:30,539 --> 00:17:27,909

birch draw him yes towards modest turn

281

00:17:32,070 --> 00:17:30,549

on over towards person that area column

282

00:17:36,440 --> 00:17:32,080

which grows the more that way sorry

283

00:17:39,720 --> 00:17:36,450

enjoy you use the orange over in 2010

284

00:17:41,820 --> 00:17:39,730

the orange lights though one not on old

285

00:17:44,340 --> 00:17:41,830

I couldn't make any shape out of that at

286

00:17:49,770 --> 00:17:44,350

all just just look like I have a

287

00:17:51,270 --> 00:17:49,780

flickering um Chinese lanterns as you

288

00:17:54,029 --> 00:17:51,280

look at a chinese Lunt and they just

289

00:17:56,279 --> 00:17:54,039

flickering orange lights because i am

290

00:17:58,320 --> 00:17:56,289

the time what what people call a

291

00:18:00,510 --> 00:17:58,330

psychology guy right and i like to get

292

00:18:03,840 --> 00:18:00,520

into people's heads and find out what

293

00:18:06,210 --> 00:18:03,850

they were feeling at the time in any of

294

00:18:07,710 --> 00:18:06,220

these sightings that you felt did you

295

00:18:15,340 --> 00:18:07,720

feel any fear did you feel that

296

00:18:20,850 --> 00:18:17,650

puzzle and I support more than late cuz

297

00:18:23,590 --> 00:18:20,860

I didn't know what I was looking at yeah

298

00:18:25,900 --> 00:18:23,600

you didn't feel victimized in any way

299

00:18:27,630 --> 00:18:25,910

you feel you know you went to bed at

300

00:18:33,250 --> 00:18:27,640

night that you slept like a baby you

301
00:18:35,770 --> 00:18:33,260
yeah yeah the screen rightful has been

302
00:18:37,299 --> 00:18:35,780
brilliant on thanks to document in what

303
00:18:40,270 --> 00:18:37,309
you've seen is anything else you'd like

304
00:18:41,980 --> 00:18:40,280
to add before we wrap it up no there we

305
00:18:46,510 --> 00:18:41,990
are Melissa's has been a great interview

306
00:18:49,210 --> 00:18:46,520
with Tom James and like you shake your

307
00:18:53,610 --> 00:18:49,220
hand me okay thank you very much alright

308
00:18:56,440 --> 00:18:53,620
we lock the back okay okay what sort of

309
00:19:01,110 --> 00:18:56,450
compensation you can get all right this

310
00:19:05,440 --> 00:19:01,120
is Tom of this campus let me off is that

311
00:19:08,440 --> 00:19:05,450
way so vision that self is down that way

312
00:19:15,390 --> 00:19:08,450
towards one and where we pointing I was

313
00:19:27,430 --> 00:19:15,400

towards the mumbles so right these are

314

00:19:38,840 --> 00:19:36,410

I used to know yeah something last so

315

00:19:40,850 --> 00:19:38,850

there's one then there was one lata went

316

00:19:48,380 --> 00:19:40,860

from this direction which which is

317

00:19:53,300 --> 00:19:48,390

southwest you can find a direction what

318

00:19:56,270 --> 00:19:53,310

reason would be full of joy west to east

319

00:20:00,830 --> 00:19:56,280

from southwest to Southeast discipline

320

00:20:05,780 --> 00:20:00,840

of Swansea west you're not really

321

00:20:17,480 --> 00:20:05,790

initially it came across the sky turn it

322

00:20:21,740 --> 00:20:20,150

but this is mainly the yard then from

323

00:20:26,210 --> 00:20:21,750

which you saw most of the sightings is

324

00:20:28,040 --> 00:20:26,220

it all right this bit jessalyn just for

325

00:20:34,240 --> 00:20:28,050

the record this is the yard where tom is

326

00:20:36,760 --> 00:20:34,250

an we face in a basically portal but

327

00:20:40,280 --> 00:20:36,770

yeah I mean if you look between houses

328

00:20:42,560 --> 00:20:40,290

you'll be able to see you know it's

329

00:20:45,080 --> 00:20:42,570

wrong swansea city and portal but

330

00:20:46,820 --> 00:20:45,090

basically so it's from this yard then it

331

00:20:49,940 --> 00:20:46,830

used just to make it simple for people

332

00:20:51,410 --> 00:20:49,950

watching you know at home it's from this

333

00:20:56,120 --> 00:20:51,420

yard that you basically saw everything

334

00:20:58,100 --> 00:20:56,130

yeah there we go and the 67 one was

335

00:21:03,140 --> 00:20:58,110

basically at the front of the house so

336

00:21:05,440 --> 00:21:03,150

I'm going to move mmmm yes right ok no
