

1  
00:00:06,710 --> 00:00:04,550  
on the strength of that

2  
00:00:08,390 --> 00:00:06,720  
i'll go into a q a now

3  
00:00:10,549 --> 00:00:08,400  
it's five past ten

4  
00:00:29,029 --> 00:00:10,559  
how long do you want me to do a q a for

5  
00:00:33,590 --> 00:00:31,589  
quick 10 minute questions

6  
00:00:35,750 --> 00:00:33,600  
since you started this journey right

7  
00:00:38,630 --> 00:00:35,760  
have you experienced any weird stuff

8  
00:00:42,950 --> 00:00:38,640  
have you had your phones tapped or no

9  
00:00:44,389 --> 00:00:42,960  
anything like that no um but then again

10  
00:00:45,750 --> 00:00:44,399  
uh a lot of people said to me keep your

11  
00:00:47,190 --> 00:00:45,760  
head down gary

12  
00:00:48,790 --> 00:00:47,200  
because some of the researchers have

13  
00:00:50,229 --> 00:00:48,800

died in mysterious circumstances but i

14

00:00:51,910 --> 00:00:50,239

said well if they want to kill me they

15

00:00:53,990 --> 00:00:51,920

will and it'll make it look like an

16

00:00:56,150 --> 00:00:54,000

accident but what i say to people is if

17

00:00:57,590 --> 00:00:56,160

ever i've supposedly committed suicide

18

00:00:59,430 --> 00:00:57,600

know for certain that i've never commit

19

00:01:00,709 --> 00:00:59,440

suicide yes i never will so if i

20

00:01:03,110 --> 00:01:00,719

suddenly turn up suicide you'll know

21

00:01:05,350 --> 00:01:03,120

that it was mysterious but the reality

22

00:01:07,030 --> 00:01:05,360

is if somebody wants to take you out

23

00:01:08,390 --> 00:01:07,040

it is like the films

24

00:01:10,230 --> 00:01:08,400

somebody can give you an injection it

25

00:01:11,670 --> 00:01:10,240

won't register in a few hours and

26

00:01:13,750 --> 00:01:11,680

basically look like you died of a heart

27

00:01:16,550 --> 00:01:13,760

attack or whatever yeah so if they want

28

00:01:19,590 --> 00:01:16,560

to take you out they'll take you out but

29

00:01:22,870 --> 00:01:19,600

i've met people who become very paranoid

30

00:01:25,030 --> 00:01:22,880

and frank to go out the door almost and

31

00:01:27,350 --> 00:01:25,040

in reality i'm not prepared to go down

32

00:01:29,510 --> 00:01:27,360

that line i accept that it's out there

33

00:01:31,670 --> 00:01:29,520

that it is a bit like jason bourne maybe

34

00:01:33,670 --> 00:01:31,680

a bit exaggerated but elements of it are

35

00:01:36,149 --> 00:01:33,680

very real if the intelligence services

36

00:01:38,310 --> 00:01:36,159

want to take you out they will similarly

37

00:01:40,630 --> 00:01:38,320

i think one day i might get burgled or

38

00:01:42,950 --> 00:01:40,640

something like that but

39

00:01:44,950 --> 00:01:42,960

i'm not going to worry about it no but

40

00:01:46,950 --> 00:01:44,960

the fact that i can and all these things

41

00:01:49,350 --> 00:01:46,960

and i'm so open

42

00:01:50,550 --> 00:01:49,360

uh hopefully means i'm kind of like

43

00:01:52,310 --> 00:01:50,560

flagging up to people like you that i'll

44

00:01:53,990 --> 00:01:52,320

never commit suicide that kind of thing

45

00:01:55,510 --> 00:01:54,000

so it makes me less of a risk in some

46

00:01:57,590 --> 00:01:55,520

ways but if they wanted to they could

47

00:01:59,990 --> 00:01:57,600

certainly do it yeah but i'm not

48

00:02:02,310 --> 00:02:00,000

prepared to live in a paranoid world

49

00:02:06,389 --> 00:02:02,320

so any other questions

50

00:02:11,029 --> 00:02:08,790

the solicitor harry harris what emil

51  
00:02:15,430 --> 00:02:11,039  
schweitzer this radar guy i'm on the

52  
00:02:19,510 --> 00:02:17,510  
the cylinder video oh yeah the police

53  
00:02:23,670 --> 00:02:19,520  
officers yeah police officers yeah yeah

54  
00:02:26,550 --> 00:02:23,680  
rotated on its own axis yeah

55  
00:02:28,630 --> 00:02:26,560  
i saw exactly the same object in cardiff

56  
00:02:30,150 --> 00:02:28,640  
december 2005

57  
00:02:32,070 --> 00:02:30,160  
well are you going to take my card and

58  
00:02:33,750 --> 00:02:32,080  
email me about that and fill in a report

59  
00:02:34,630 --> 00:02:33,760  
form because i do civilian report forms

60  
00:02:36,630 --> 00:02:34,640  
as well

61  
00:02:37,589 --> 00:02:36,640  
so take a cab email me and start a

62  
00:02:38,949 --> 00:02:37,599  
dialogue

63  
00:02:40,790 --> 00:02:38,959

there are always people who come to

64

00:02:42,390 --> 00:02:40,800

lectures

65

00:02:45,110 --> 00:02:42,400

as definitely it sounds these kind of

66

00:02:46,470 --> 00:02:45,120

stories are all over the place

67

00:02:47,910 --> 00:02:46,480

i went to book

68

00:02:48,949 --> 00:02:47,920

a lecture

69

00:02:51,670 --> 00:02:48,959

theater

70

00:02:53,110 --> 00:02:51,680

at the civic hall in home firth

71

00:02:55,990 --> 00:02:53,120

for a conference it was the first time i

72

00:02:57,589 --> 00:02:56,000

went in and i saw the caretaker lady

73

00:02:59,030 --> 00:02:57,599

and i said uh you're going to think this

74

00:03:01,270 --> 00:02:59,040

is a bit strange but i want to book a

75

00:03:03,110 --> 00:03:01,280

lecture for ufos oh no i've seen one

76

00:03:04,949 --> 00:03:03,120

myself

77

00:03:06,070 --> 00:03:04,959

and straight where people regale into a

78

00:03:08,070 --> 00:03:06,080

story

79

00:03:11,270 --> 00:03:08,080

and then she said hey my husband saw one

80

00:03:12,149 --> 00:03:11,280

as well coming over the hills

81

00:03:13,270 --> 00:03:12,159

and

82

00:03:15,589 --> 00:03:13,280

straight away getting all these

83

00:03:16,869 --> 00:03:15,599

anecdotes now these anecdotes

84

00:03:18,869 --> 00:03:16,879

are um

85

00:03:20,790 --> 00:03:18,879

tremendously important because they're

86

00:03:22,470 --> 00:03:20,800

not just describing lights in the sky

87

00:03:25,750 --> 00:03:22,480

the caretaker actually said that when

88

00:03:27,589 --> 00:03:25,760

she was a girl 15 16 years old she was

89

00:03:29,430 --> 00:03:27,599

outside on the doorstep

90

00:03:31,190 --> 00:03:29,440

having a cheeky cigarette it's a great

91

00:03:33,190 --> 00:03:31,200

way to remember stuff right cheeky

92

00:03:37,350 --> 00:03:33,200

cigarette on the doorstep there's

93

00:03:40,390 --> 00:03:37,360

daylight and she says this ball of light

94

00:03:42,070 --> 00:03:40,400

came over the rooftops

95

00:03:46,229 --> 00:03:42,080

stopped

96

00:03:47,350 --> 00:03:46,239

and it was on the opposite side of the

97

00:03:50,070 --> 00:03:47,360

street

98

00:03:52,070 --> 00:03:50,080

literally just 50 feet away and then it

99

00:03:54,070 --> 00:03:52,080

suddenly went straight

100

00:03:55,270 --> 00:03:54,080

now why is she going to make up a story

101  
00:03:56,789 --> 00:03:55,280  
like that

102  
00:03:59,110 --> 00:03:56,799  
she didn't

103  
00:04:02,229 --> 00:03:59,120  
and i get so many of these stories so

104  
00:04:04,390 --> 00:04:02,239  
these anecdotes are real and but my

105  
00:04:07,030 --> 00:04:04,400  
favorite case is the pilot cases because

106  
00:04:08,630 --> 00:04:07,040  
they just prove it in one if a pilot in

107  
00:04:10,869 --> 00:04:08,640  
broad daylight doesn't know what he's

108  
00:04:13,990 --> 00:04:10,879  
chasing what he's looking at i mean are

109  
00:04:15,509 --> 00:04:14,000  
you aware that pilots have fired on ufos

110  
00:04:17,509 --> 00:04:15,519  
in broad daylight

111  
00:04:20,150 --> 00:04:17,519  
and nothing's happened

112  
00:04:23,909 --> 00:04:20,160  
there's a case uh i met the pilot called

113  
00:04:26,230 --> 00:04:23,919

colonel oscar santa maria peruvian pilot

114

00:04:28,710 --> 00:04:26,240

gone on the record on video

115

00:04:31,909 --> 00:04:28,720

all the documents prove it

116

00:04:35,110 --> 00:04:31,919

and basically in 1980 in daylight he is

117

00:04:38,469 --> 00:04:35,120

sent up to intercept a daylight

118

00:04:40,390 --> 00:04:38,479

radar confirmed ufo that's just hovering

119

00:04:41,430 --> 00:04:40,400

so he's sent up like many of these other

120

00:04:42,870 --> 00:04:41,440

cases

121

00:04:45,110 --> 00:04:42,880

and this is his approach and he's told

122

00:04:47,030 --> 00:04:45,120

to shoot what he thought was a balloon

123

00:04:49,510 --> 00:04:47,040

because it looked like a balloon chip a

124

00:04:51,189 --> 00:04:49,520

round sphere i thought it was a blue and

125

00:04:53,670 --> 00:04:51,199

he's told to shoot at it with his

126  
00:04:55,670 --> 00:04:53,680  
machine gun count so he does he shoots

127  
00:04:57,510 --> 00:04:55,680  
off about 64 rounds

128  
00:04:58,790 --> 00:04:57,520  
and he sees the bullets the tracer hit

129  
00:05:00,150 --> 00:04:58,800  
this object

130  
00:05:02,870 --> 00:05:00,160  
just absorbed

131  
00:05:05,189 --> 00:05:02,880  
he's thinking he's expected to blow up

132  
00:05:06,390 --> 00:05:05,199  
but he doesn't it then just goes

133  
00:05:09,749 --> 00:05:06,400  
straight up

134  
00:05:12,230 --> 00:05:09,759  
10 000 feet in about three cents

135  
00:05:13,029 --> 00:05:12,240  
jumps straight up not something we can

136  
00:05:15,590 --> 00:05:13,039  
do

137  
00:05:16,790 --> 00:05:15,600  
so he has to get his afterburner on

138  
00:05:19,430 --> 00:05:16,800

get up there

139

00:05:22,070 --> 00:05:19,440

to get on another run at it and just as

140

00:05:23,430 --> 00:05:22,080

he's approaching his run again it goes

141

00:05:24,870 --> 00:05:23,440

another ten thousand feet in three

142

00:05:27,270 --> 00:05:24,880

seconds

143

00:05:28,870 --> 00:05:27,280

and it eventually does this three times

144

00:05:31,430 --> 00:05:28,880

taking it beyond the flight ceiling of

145

00:05:33,590 --> 00:05:31,440

his aircraft

146

00:05:35,110 --> 00:05:33,600

70 80 000 feet

147

00:05:37,909 --> 00:05:35,120

gentlemen there

148

00:05:40,150 --> 00:05:37,919

why do you think ufos crash if they're

149

00:05:42,310 --> 00:05:40,160

so invulnerable no idea

150

00:05:43,510 --> 00:05:42,320

no idea it's a good question because it

151  
00:05:51,270 --> 00:05:43,520  
is

152  
00:05:53,590 --> 00:05:51,280  
certainly the early crushers

153  
00:05:56,550 --> 00:05:53,600  
they think that was an anomaly or side

154  
00:05:58,950 --> 00:05:56,560  
effect of our radar

155  
00:05:59,830 --> 00:05:58,960  
that somehow affected the gravitational

156  
00:06:01,350 --> 00:05:59,840  
force

157  
00:06:02,870 --> 00:06:01,360  
that's all that they're speculating in

158  
00:06:04,230 --> 00:06:02,880  
the public domain

159  
00:06:04,950 --> 00:06:04,240  
we don't know

160  
00:06:06,950 --> 00:06:04,960  
in

161  
00:06:09,350 --> 00:06:06,960  
some people whispers have said that

162  
00:06:10,950 --> 00:06:09,360  
there was the the radar somehow affected

163  
00:06:12,950 --> 00:06:10,960

the guidance system

164

00:06:14,230 --> 00:06:12,960

of the propulsion system on the ufo

165

00:06:16,790 --> 00:06:14,240

because we thought think that they're

166

00:06:18,309 --> 00:06:16,800

using engines in a conventional sense we

167

00:06:20,870 --> 00:06:18,319

think that they can do these high-speed

168

00:06:22,629 --> 00:06:20,880

maneuvers because their pull their

169

00:06:25,110 --> 00:06:22,639

propulsion system is based on

170

00:06:27,590 --> 00:06:25,120

anti-gravity yeah they create a force

171

00:06:28,629 --> 00:06:27,600

field around the edge of the craft so

172

00:06:30,150 --> 00:06:28,639

therefore

173

00:06:31,270 --> 00:06:30,160

inside

174

00:06:33,189 --> 00:06:31,280

we're just like flying around at a

175

00:06:35,029 --> 00:06:33,199

million miles an hour we can do a right

176  
00:06:36,710 --> 00:06:35,039  
angle turn but there's no inertia

177  
00:06:38,710 --> 00:06:36,720  
because it's creating its own

178  
00:06:40,150 --> 00:06:38,720  
gravitational force

179  
00:06:41,110 --> 00:06:40,160  
so wherever it goes you're not affected

180  
00:06:43,029 --> 00:06:41,120  
by it

181  
00:06:45,029 --> 00:06:43,039  
that's what they think and this is why

182  
00:06:46,830 --> 00:06:45,039  
they there is this talk about free

183  
00:06:50,150 --> 00:06:46,840  
energy and another reason why it's

184  
00:06:51,510 --> 00:06:50,160  
secret because

185  
00:06:53,749 --> 00:06:51,520  
does the government

186  
00:06:55,189 --> 00:06:53,759  
i mean people say to me well why don't i

187  
00:06:56,710 --> 00:06:55,199  
land on the white house law and well the

188  
00:06:58,870 --> 00:06:56,720

obvious answer is if they did they

189

00:07:01,350 --> 00:06:58,880

probably get shot

190

00:07:02,870 --> 00:07:01,360

what you've got to realize is that

191

00:07:03,909 --> 00:07:02,880

while science

192

00:07:05,670 --> 00:07:03,919

is quite

193

00:07:07,189 --> 00:07:05,680

i think arrogant

194

00:07:08,870 --> 00:07:07,199

many scientists will say we're the only

195

00:07:10,790 --> 00:07:08,880

sentient beings blah blah blah that was

196

00:07:12,790 --> 00:07:10,800

a big argument for many many years

197

00:07:13,909 --> 00:07:12,800

they're moving away from that now but

198

00:07:15,589 --> 00:07:13,919

basically

199

00:07:17,350 --> 00:07:15,599

on the scheme of things i think we're

200

00:07:19,990 --> 00:07:17,360

like an ant on the ground in

201  
00:07:21,589 --> 00:07:20,000  
technological terms in development terms

202  
00:07:23,189 --> 00:07:21,599  
as to what they are who might be a

203  
00:07:24,550 --> 00:07:23,199  
millionaires ahead of us we would be

204  
00:07:25,589 --> 00:07:24,560  
like we won't talk to the ant on the

205  
00:07:27,990 --> 00:07:25,599  
ground

206  
00:07:29,749 --> 00:07:28,000  
because the gulf in intelligence we

207  
00:07:32,230 --> 00:07:29,759  
would say was too great

208  
00:07:33,830 --> 00:07:32,240  
or you know could you talk to her

209  
00:07:35,830 --> 00:07:33,840  
it sounds daft but if you've got

210  
00:07:37,589 --> 00:07:35,840  
something that's so advanced

211  
00:07:39,029 --> 00:07:37,599  
i think we're very

212  
00:07:41,029 --> 00:07:39,039  
primitive

213  
00:07:42,710 --> 00:07:41,039

and we're very warlike

214

00:07:43,749 --> 00:07:42,720

and we do most of the world is in

215

00:07:45,350 --> 00:07:43,759

turmoil

216

00:07:47,909 --> 00:07:45,360

we kill each other when we could feed

217

00:07:49,990 --> 00:07:47,919

everybody we you know gil the top two

218

00:07:51,749 --> 00:07:50,000

percent or is it one percent top two

219

00:07:53,350 --> 00:07:51,759

percent own

220

00:07:55,670 --> 00:07:53,360

most of the world

221

00:07:57,589 --> 00:07:55,680

over the 98 that go

222

00:07:59,350 --> 00:07:57,599

that's not right we could do something

223

00:08:01,670 --> 00:07:59,360

about that but we don't

224

00:08:03,589 --> 00:08:01,680

it's a whole mess so i think we're very

225

00:08:05,270 --> 00:08:03,599

probably very good reasons why they they

226

00:08:06,629 --> 00:08:05,280

mostly surveilled us

227

00:08:08,629 --> 00:08:06,639

i think we're very primitive we like

228

00:08:12,309 --> 00:08:08,639

pond life i think

229

00:08:13,350 --> 00:08:12,319

actually i disagree with that welcome

230

00:08:14,869 --> 00:08:13,360

well

231

00:08:18,469 --> 00:08:14,879

i was talking about it today with a

232

00:08:21,990 --> 00:08:18,479

friend i was reviewing a book i'd read

233

00:08:24,790 --> 00:08:22,000

childhoods and by arthur c clarke okay

234

00:08:26,150 --> 00:08:24,800

a skeptic by the way ufo skeptic

235

00:08:27,430 --> 00:08:26,160

yep

236

00:08:31,589 --> 00:08:27,440

no

237

00:08:34,389 --> 00:08:31,599

um the story goes much what you said at

238

00:08:38,829 --> 00:08:34,399

the end it's a twist that we are the

239

00:08:41,750 --> 00:08:38,839

intelligence we are the most developed

240

00:08:44,389 --> 00:08:41,760

aspect i think that was a product of his

241

00:08:46,550 --> 00:08:44,399

generation well actually i kind of agree

242

00:08:48,070 --> 00:08:46,560

that i think we are i think the aliens

243

00:08:50,070 --> 00:08:48,080

are not

244

00:08:52,870 --> 00:08:50,080

i guess we'll never know well i think we

245

00:08:55,190 --> 00:08:52,880

will soon well i hope so

246

00:08:58,310 --> 00:08:55,200

we'll put it this way it is coming

247

00:09:00,389 --> 00:08:58,320

and this is what i say about the 2033.

248

00:09:02,470 --> 00:09:00,399

it's coming yeah i i don't i do agree

249

00:09:04,630 --> 00:09:02,480

with that and and mainstream are going

250

00:09:06,389 --> 00:09:04,640

to have to catch up and readdress how

251  
00:09:07,829 --> 00:09:06,399  
they look at this reevaluate how they

252  
00:09:10,150 --> 00:09:07,839  
look at this subject because they're

253  
00:09:12,710 --> 00:09:10,160  
going to have to confront contact and we

254  
00:09:14,790 --> 00:09:12,720  
are going to be the first people in

255  
00:09:18,630 --> 00:09:14,800  
official history

256  
00:09:19,750 --> 00:09:18,640  
that deal with contact it's going to

257  
00:09:21,829 --> 00:09:19,760  
happen

258  
00:09:24,070 --> 00:09:21,839  
in many of our lifetimes for the first

259  
00:09:26,150 --> 00:09:24,080  
time ever official

260  
00:09:27,910 --> 00:09:26,160  
and they always say that

261  
00:09:29,509 --> 00:09:27,920  
it will be the biggest

262  
00:09:32,310 --> 00:09:29,519  
step for mankind

263  
00:09:34,630 --> 00:09:32,320

contact with another species

264

00:09:36,630 --> 00:09:34,640

well that goes on about the whom when

265

00:09:38,150 --> 00:09:36,640

species i was talking to somebody the

266

00:09:39,910 --> 00:09:38,160

other day and they were talking about

267

00:09:41,670 --> 00:09:39,920

aliens being here

268

00:09:44,470 --> 00:09:41,680

and they said that they hear but they're

269

00:09:46,949 --> 00:09:44,480

not allowed to interfere with us

270

00:09:49,430 --> 00:09:46,959

well i guess this goes because the

271

00:09:51,910 --> 00:09:49,440

the process the human body

272

00:09:53,829 --> 00:09:51,920

the the aliens are not changing i guess

273

00:09:55,509 --> 00:09:53,839

it's only the human bodies and we're

274

00:09:59,350 --> 00:09:55,519

going to go through this process

275

00:10:02,550 --> 00:09:59,360

ourselves the the on the abduction side

276

00:10:04,389 --> 00:10:02,560

there are many accounts that um

277

00:10:06,630 --> 00:10:04,399

there's a lot of aspects to it it's very

278

00:10:08,470 --> 00:10:06,640

complicated but there would certainly

279

00:10:09,350 --> 00:10:08,480

appear to be

280

00:10:11,350 --> 00:10:09,360

some

281

00:10:13,350 --> 00:10:11,360

alien species are interested in

282

00:10:16,870 --> 00:10:13,360

reproductive organs

283

00:10:19,190 --> 00:10:16,880

hybridization fetuses being removed from

284

00:10:21,509 --> 00:10:19,200

abductees and then later on being

285

00:10:24,550 --> 00:10:21,519

reunited with them every few years

286

00:10:25,269 --> 00:10:24,560

when they see these half human so that

287

00:10:26,630 --> 00:10:25,279

is

288

00:10:27,750 --> 00:10:26,640

common all around the world even in

289

00:10:30,150 --> 00:10:27,760

third world

290

00:10:33,030 --> 00:10:30,160

where there's no access to media so this

291

00:10:34,389 --> 00:10:33,040

is real we can't make it up

292

00:10:36,069 --> 00:10:34,399

you know how can somebody in the middle

293

00:10:40,710 --> 00:10:36,079

of the amazon

294

00:10:43,430 --> 00:10:40,720

with no access to tv radio newspapers

295

00:10:44,470 --> 00:10:43,440

effectively a third world person recount

296

00:10:46,550 --> 00:10:44,480

the same

297

00:10:48,630 --> 00:10:46,560

event of being taken on board something

298

00:10:51,590 --> 00:10:48,640

and being medically examined where did

299

00:10:53,670 --> 00:10:51,600

they get that infrastructure from

300

00:10:55,350 --> 00:10:53,680

customers

301  
00:10:56,069 --> 00:10:55,360  
right go on uh

302  
00:10:58,230 --> 00:10:56,079  
room

303  
00:10:59,430 --> 00:10:58,240  
sorry at rim wilson you know

304  
00:11:00,470 --> 00:10:59,440  
yeah um

305  
00:11:05,750 --> 00:11:00,480  
they did

306  
00:11:06,389 --> 00:11:05,760  
okay so so let's check

307  
00:11:08,069 --> 00:11:06,399  
it

308  
00:11:10,870 --> 00:11:08,079  
out yeah right

309  
00:11:12,710 --> 00:11:10,880  
renders and forest can be defined in one

310  
00:11:21,990 --> 00:11:12,720  
particular

311  
00:11:26,710 --> 00:11:25,110  
so right new zealand uh no

312  
00:11:28,389 --> 00:11:26,720  
reynolds

313  
00:11:29,590 --> 00:11:28,399

in essence when you look at the evidence

314

00:11:31,430 --> 00:11:29,600

renders from forest the fact that it's

315

00:11:33,990 --> 00:11:31,440

over three days don't matter

316

00:11:35,190 --> 00:11:34,000

i cut to the chase of evidence straight

317

00:11:37,910 --> 00:11:35,200

away

318

00:11:39,430 --> 00:11:37,920

it all hinges on whether it's ufos or

319

00:11:42,710 --> 00:11:39,440

not

320

00:11:46,389 --> 00:11:42,720

on one aspect

321

00:11:48,069 --> 00:11:46,399

does colonel holt on the third night

322

00:11:49,910 --> 00:11:48,079

with his four other

323

00:11:51,190 --> 00:11:49,920

officers a lieutenant and three

324

00:11:53,030 --> 00:11:51,200

sergeants

325

00:11:55,590 --> 00:11:53,040

are they in a field

326

00:11:57,430 --> 00:11:55,600

when an object comes towards them

327

00:12:00,150 --> 00:11:57,440

stops above their heads at a thousand

328

00:12:02,069 --> 00:12:00,160

feet and casts down a laser beam

329

00:12:04,310 --> 00:12:02,079

at their feet

330

00:12:06,790 --> 00:12:04,320

there's only two alternatives

331

00:12:09,590 --> 00:12:06,800

either holt and his team

332

00:12:13,509 --> 00:12:11,750

or it happened

333

00:12:15,990 --> 00:12:13,519

and if it happened

334

00:12:18,310 --> 00:12:16,000

it ain't a lighthouse

335

00:12:20,790 --> 00:12:18,320

because what light out and stop above

336

00:12:22,870 --> 00:12:20,800

your head and put a beam down

337

00:12:24,870 --> 00:12:22,880

so you just take one little piece of it

338

00:12:26,629 --> 00:12:24,880

and the lighthouse theory has evaporated

339

00:12:28,629 --> 00:12:26,639

but let me just tell you a side effect

340

00:12:29,590 --> 00:12:28,639

on this i've done many documentaries

341

00:12:31,750 --> 00:12:29,600

over the years

342

00:12:34,389 --> 00:12:31,760

some with terrestrial tvs like channel 4

343

00:12:36,710 --> 00:12:34,399

channel 5 right the last two i've got

344

00:12:38,949 --> 00:12:36,720

involved in channel 4 and channel 5 i

345

00:12:40,870 --> 00:12:38,959

said to them you've not got a very good

346

00:12:42,150 --> 00:12:40,880

record of doing decent documentaries on

347

00:12:43,509 --> 00:12:42,160

ufos

348

00:12:45,030 --> 00:12:43,519

and they go oh yeah yeah no we're

349

00:12:47,030 --> 00:12:45,040

serious about this one we're going to

350

00:12:48,790 --> 00:12:47,040

subscribe oh great okay i said i'll tell

351

00:12:53,509 --> 00:12:48,800

you i'll give you a challenge

352

00:12:55,910 --> 00:12:53,519

i said i will give you a world exclusive

353

00:12:57,910 --> 00:12:55,920

but i'm saying to you you will not use

354

00:13:00,230 --> 00:12:57,920

it in the final edit

355

00:13:02,310 --> 00:13:00,240

well we will we will we will

356

00:13:04,870 --> 00:13:02,320

i said here's the challenge then i'm

357

00:13:07,430 --> 00:13:04,880

going to show you the field

358

00:13:10,310 --> 00:13:07,440

where i went with colonel holt i've

359

00:13:11,990 --> 00:13:10,320

identified the field nobody else has

360

00:13:12,870 --> 00:13:12,000

this is the field where the being came

361

00:13:14,629 --> 00:13:12,880

down

362

00:13:16,870 --> 00:13:14,639

at his feet i'll take you to that

363

00:13:19,030 --> 00:13:16,880

location it's never been shown in any

364

00:13:20,550 --> 00:13:19,040

documentary are you interested oh yeah

365

00:13:22,470 --> 00:13:20,560

we're interested

366

00:13:24,550 --> 00:13:22,480

should we go film it

367

00:13:25,829 --> 00:13:24,560

is it in the final edit

368

00:13:28,629 --> 00:13:25,839

no

369

00:13:31,829 --> 00:13:28,639

who wins the bet me why

370

00:13:33,430 --> 00:13:31,839

clever editing because in the final bit

371

00:13:34,470 --> 00:13:33,440

the presenter goes

372

00:13:37,269 --> 00:13:34,480

so

373

00:13:38,710 --> 00:13:37,279

multiple knights multiple witnesses was

374

00:13:42,150 --> 00:13:38,720

it a ufo

375

00:13:47,590 --> 00:13:45,190

they could not have used that open-ended

376

00:13:48,870 --> 00:13:47,600

lighthouse bit if they'd have included

377

00:13:53,430 --> 00:13:48,880

that sequence

378

00:13:58,550 --> 00:13:55,829

well that's the whole point

379

00:14:01,269 --> 00:13:58,560

is the thing is hulk used to take people

380

00:14:03,430 --> 00:14:01,279

out to the lighthouse for a visit

381

00:14:05,509 --> 00:14:03,440

so he knew where it was and in reality

382

00:14:07,030 --> 00:14:05,519

in the weapons storage area

383

00:14:09,750 --> 00:14:07,040

which i worked on two of them at

384

00:14:11,269 --> 00:14:09,760

huntington and suffolk same county and

385

00:14:12,710 --> 00:14:11,279

in la brooke in what was then west

386

00:14:14,389 --> 00:14:12,720

germany

387

00:14:16,710 --> 00:14:14,399

you have

388

00:14:18,470 --> 00:14:16,720

the weapon storage area of the bunkers

389

00:14:21,750 --> 00:14:18,480

and in the middle of it or at one end of

390

00:14:25,990 --> 00:14:21,760

it there is at least one tower

391

00:14:29,509 --> 00:14:26,000

that's manned 24 7 365 years right

392

00:14:31,509 --> 00:14:29,519

the site is about 38 to 48 30 to 40

393

00:14:34,069 --> 00:14:31,519

people on shift at any one time that

394

00:14:36,790 --> 00:14:34,079

proves the numbers alone reynolds

395

00:14:39,509 --> 00:14:36,800

because the conventional bomb dump 102

396

00:14:43,509 --> 00:14:39,519

yeah guards

397

00:14:44,470 --> 00:14:43,519

nuclear weapons garden 365 24 7

398

00:14:46,870 --> 00:14:44,480

38

399

00:14:48,069 --> 00:14:46,880

30 to 40 per shift

400

00:14:51,110 --> 00:14:48,079

all right

401  
00:14:53,750 --> 00:14:51,120  
so the numbers were mixed up but the

402  
00:14:55,829 --> 00:14:53,760  
tower they have one tower that's higher

403  
00:14:58,389 --> 00:14:55,839  
that's about 80 feet high

404  
00:15:00,550 --> 00:14:58,399  
and it's purposely higher so that has a

405  
00:15:02,710 --> 00:15:00,560  
full 360

406  
00:15:04,629 --> 00:15:02,720  
for the guy in the tower and in the top

407  
00:15:07,910 --> 00:15:04,639  
of the tower they have a miniature

408  
00:15:12,470 --> 00:15:07,920  
layout of the entire site like a model

409  
00:15:15,030 --> 00:15:12,480  
and it has all the alarm settings

410  
00:15:17,030 --> 00:15:15,040  
that can be triggered by rabbits

411  
00:15:18,710 --> 00:15:17,040  
because it's the microwave

412  
00:15:20,470 --> 00:15:18,720  
right because they have an outer sterile

413  
00:15:22,710 --> 00:15:20,480

fence in the inner front

414

00:15:24,389 --> 00:15:22,720

and it's microwaved so if anybody tries

415

00:15:27,269 --> 00:15:24,399

to break through the fence it triggers

416

00:15:29,430 --> 00:15:27,279

an alarm the alarm is triggered on this

417

00:15:31,590 --> 00:15:29,440

big board so the guy in the top of the

418

00:15:33,910 --> 00:15:31,600

tower is 80 feet the trees are not

419

00:15:37,590 --> 00:15:33,920

allowed to go more than 40 feet

420

00:15:39,670 --> 00:15:37,600

so he gets the perspective of 360. so

421

00:15:41,430 --> 00:15:39,680

the guy in the tower

422

00:15:43,670 --> 00:15:41,440

knows where the alfred left lighthouse
