1
00:00:18,970 --> 00:00:16,920

[Music]

2
00:00:36,890 --> 00:00:18,980

you

3
00:01:11,649 --> 00:00:50,410

[Music]

4
00:01:16,609 --> 00:01:14,690
yeah it was all grown up now who was a

5
00:01:18,260 --> 00:01:16,619
pupil at the school when this incident

6
00:01:40,249 --> 00:01:18,270
occurred so he's gonna come across

7
00:01:43,400 --> 00:01:40,259
enough right somebody who followed this

8
00:01:46,279 --> 00:01:43,410
case of the last 40 years might realize

9
00:01:50,540 --> 00:01:46,289
identify me from having given numerous

10
00:01:52,190 --> 00:01:50,550
interviews over the years despite these

11
00:01:54,290 --> 00:01:52,200
interviews I've never actually done any

12
00:01:56,240 --> 00:01:54,300
public speaking on on the subject so I

13
00:01:57,830 --> 00:01:56,250

hope you really with you know if I start

14

00:02:00,200 --> 00:01:57,840

bothering you just but just start

15

00:02:05,450 --> 00:02:00,210

throwing things and like the sentient

16

00:02:08,600 --> 00:02:05,460

protection that I've grown up right 4th

17

00:02:10,969 --> 00:02:08,610

of February 1977 anybody was in the area

18

00:02:13,460 --> 00:02:10,979

yesterday will appreciate the weather

19

00:02:18,949 --> 00:02:13,470

that we had on that particular day it

20

00:02:23,810 --> 00:02:18,959

was abysmal never being one who's been a

21

00:02:26,930 --> 00:02:23,820

great lover of being common wet I wasn't

22

00:02:28,340 --> 00:02:26,940

particularly I wasn't out that day with

23

00:02:31,910 --> 00:02:28,350

the rest of the children while they were

24

00:02:34,640 --> 00:02:31,920

playing football I much preferred to

25

00:02:43,699 --> 00:02:34,650

stay in the classroom begin doing my own

26

00:02:45,050 --> 00:02:43,709

work throughout the day the children

27

00:02:48,289 --> 00:02:45,060

would be coming in from the playground

28

00:02:51,140 --> 00:02:48,299

during break times and reported that

29

00:02:54,490 --> 00:02:51,150

they'd seen something strange in thee in

30

00:02:56,840 --> 00:02:54,500

the playing field surrounding the school

31

00:02:59,509 --> 00:02:56,850

I've always been a natural-born skeptic

32

00:03:01,460 --> 00:02:59,519

I don't do belief systems or believe in

33

00:03:05,000 --> 00:03:01,470

things

34

00:03:06,530 --> 00:03:05,010

I don't know Syd was that and one thing

35

00:03:10,370 --> 00:03:06,540

that I was pretty sure of at the time

36

00:03:12,950 --> 00:03:10,380

was that flying saucers didn't exist at

37

00:03:15,320 --> 00:03:12,960

long fascination with science fiction

38

00:03:19,040 --> 00:03:15,330

however the sorts of science fiction

39

00:03:22,520 --> 00:03:19,050

that deals with humanity's place in the

40

00:03:24,770 --> 00:03:22,530

future etc nothing to do with spaceships

41

00:03:28,160 --> 00:03:24,780

coming from Mars and if they did nothing

42

00:03:30,470 --> 00:03:28,170

told like that so being the natural-born

43

00:03:33,800 --> 00:03:30,480

skeptic that I was at the end of the day

44

00:03:37,510 --> 00:03:33,810

I decided that I was going to debunk

45

00:03:40,220 --> 00:03:37,520

this once and for all talking nonsense

46

00:03:42,500 --> 00:03:40,230

so at the end of the day when the final

47

00:03:43,190 --> 00:03:42,510

bell went I walked to the top the

48

00:03:45,320 --> 00:03:43,200

playing field

49

00:03:48,890 --> 00:03:45,330

which you'll see when you go over there

50

00:03:53,770 --> 00:03:48,900

later and there was absolutely nothing

51
00:03:57,050 --> 00:03:53,780
in sight it was drizzling like mad wind

52
00:03:58,370 --> 00:03:57,060
horrible but despite this and despite

53
00:04:00,020 --> 00:03:58,380
the fact that it was a bit of a quagmire

54
00:04:02,630 --> 00:04:00,030
I thought I wasn't going to get this

55
00:04:05,030 --> 00:04:02,640
debunked properly unless I actually got

56
00:04:09,440 --> 00:04:05,040
to the location where the children said

57
00:04:11,210 --> 00:04:09,450
they'd seen something so despite it

58
00:04:12,949 --> 00:04:11,220
being a little bit against the school

59
00:04:15,110 --> 00:04:12,959
rules I thought I'd make my way over the

60
00:04:18,080 --> 00:04:15,120
fence of the perimeter of the school and

61
00:04:24,140 --> 00:04:18,090
across a small stream well I've only

62
00:04:27,430 --> 00:04:24,150
managed to get my leg over when I was

63
00:04:30,500 --> 00:04:27,440

suddenly drawn to a large object which

64

00:04:35,860 --> 00:04:30,510

appeared from behind a group of trees

65

00:04:40,159 --> 00:04:35,870

which is still there about 45 feet long

66

00:04:42,170 --> 00:04:40,169

silver an expression I didn't use at the

67

00:04:44,719 --> 00:04:42,180

time because it wasn't in my vocabulary

68

00:04:48,550 --> 00:04:44,729

but the silvery the silver finish had a

69

00:04:53,690 --> 00:04:48,560

pearlescent sort of feel to it it was

70

00:04:55,870 --> 00:04:53,700

almost difficult to focus on but a sort

71

00:04:59,440 --> 00:04:55,880

of mother of her mother

72

00:05:04,000 --> 00:04:59,450

in a central dome that covered the top

73

00:05:06,400 --> 00:05:04,010

the middle third of me the vehicle and a

74

00:05:10,300 --> 00:05:06,410

red eye sculpted at the time as a

75

00:05:11,860 --> 00:05:10,310

flashing light now again another word

76
00:05:13,930 --> 00:05:11,870
that wasn't in my vocabulary at the same

77
00:05:16,750 --> 00:05:13,940
time and I'll correct that I would say

78
00:05:18,550 --> 00:05:16,760
it was pulsating more than more than

79
00:05:20,380 --> 00:05:18,560
flashy and rather than flash like you

80
00:05:26,740 --> 00:05:20,390
see on an emergency vehicle it was more

81
00:05:34,840 --> 00:05:26,750
sort of a very slow perhaps one one

82
00:05:36,490 --> 00:05:34,850
flash per second pulsation I honestly

83
00:05:38,260 --> 00:05:36,500
couldn't believe what I saw on the

84
00:05:43,170 --> 00:05:38,270
sighting only laxity from the matter of

85
00:05:46,810 --> 00:05:43,180
about ten seconds at the very most and

86
00:05:49,210 --> 00:05:46,820
the object virtually motionless but it

87
00:05:54,250 --> 00:05:49,220
appeared to be given a slight tug in

88
00:05:58,660 --> 00:05:54,260

motion away from the trees and then went

89

00:06:04,360 --> 00:05:58,670

behind the train trees again now for

90

00:06:06,100 --> 00:06:04,370

some reason my natural curiosity did let

91

00:06:08,860 --> 00:06:06,110

me point out that this time there's no

92

00:06:13,270 --> 00:06:08,870

fear at all in the sight in it was pure

93

00:06:15,520 --> 00:06:13,280

amazement at this ability to make but

94

00:06:17,890 --> 00:06:15,530

one thing I've never been able to

95

00:06:19,270 --> 00:06:17,900

explain since and it's brought to me

96

00:06:23,680 --> 00:06:19,280

it's more important than the actual

97

00:06:28,530 --> 00:06:23,690

sight in itself - I mean five to ten

98

00:06:31,540 --> 00:06:28,540

seconds of sight in it's memorable but

99

00:06:34,570 --> 00:06:31,550

there's also a psychological aspect as

100

00:06:37,510 --> 00:06:34,580

well because I found myself running away

101
00:06:39,370 --> 00:06:37,520
from where I've seen it as I said

102
00:06:43,030 --> 00:06:39,380
there's no fear at all and to this day I

103
00:06:47,920 --> 00:06:43,040
can't explain why I felt the urge to run

104
00:06:49,960 --> 00:06:47,930
away but I the speed at which I moved it

105
00:06:53,680 --> 00:06:49,970
was almost as if my life depended on it

106
00:06:54,650 --> 00:06:53,690
and I keep thinking about this time and

107
00:06:57,200 --> 00:06:54,660
time again on that

108
00:06:59,480 --> 00:06:57,210
yes and the other thing I can think of

109
00:07:03,620 --> 00:06:59,490
is that some sort of suggestion was put

110
00:07:08,090 --> 00:07:03,630
there that I had to get away anyway I

111
00:07:13,160 --> 00:07:08,100
got in the taxi that we had to take some

112
00:07:17,420 --> 00:07:13,170
from school and got home my mother

113
00:07:20,000 --> 00:07:17,430

realized I was very agitated I think I

114

00:07:21,380 --> 00:07:20,010

think she described described it more as

115

00:07:23,360 --> 00:07:21,390

frightened but it wasn't it wasn't

116

00:07:26,420 --> 00:07:23,370

frightened it was literally actually

117

00:07:28,430 --> 00:07:26,430

tainted with what I'd say and the fact

118

00:07:29,510 --> 00:07:28,440

that I had my world turned up on it on

119

00:07:33,160 --> 00:07:29,520

it on end

120

00:07:35,390 --> 00:07:33,170

because to me these things didn't exist

121

00:07:38,660 --> 00:07:35,400

you know Michael Jones pin being

122

00:07:43,100 --> 00:07:38,670

mentioned in the talk Brandon Jones pew

123

00:07:48,260 --> 00:07:43,110

had recently retired as a local vet for

124

00:07:49,910 --> 00:07:48,270

the area and living on a farm we knew it

125

00:07:51,650 --> 00:07:49,920

very well or at least my mother did so

126

00:07:57,130 --> 00:07:51,660

she got in touch with him knowing of the

127

00:08:00,140 --> 00:07:57,140

interest that that he had in UFOs so

128

00:08:02,720 --> 00:08:00,150

Brandon appeared quite quickly and later

129

00:08:04,250 --> 00:08:02,730

on that night we came back down to the

130

00:08:07,810 --> 00:08:04,260

school probably about 6 or 7 o'clock in

131

00:08:09,920 --> 00:08:07,820

the evening but by that time it was

132

00:08:14,480 --> 00:08:09,930

totally impossible to get to where we'd

133

00:08:17,630 --> 00:08:14,490

seen it it was a quagmire and the lights

134

00:08:18,950 --> 00:08:17,640

had gone completely so we came down the

135

00:08:20,330 --> 00:08:18,960

following morning with a reporter from

136

00:08:23,450 --> 00:08:20,340

the Western Telegraph board Hugh

137

00:08:27,500 --> 00:08:23,460

Turnbull and managed to get to the spot

138

00:08:31,220 --> 00:08:27,510

where were the object had appeared there

139

00:08:33,860 --> 00:08:31,230

was no evidence that any other vehicle

140

00:08:37,310 --> 00:08:33,870

had been involved a life said the area

141

00:08:39,770 --> 00:08:37,320

was an absolute quagmire and subsequent

142

00:08:42,170 --> 00:08:39,780

investigations with Welsh water

143

00:08:45,320 --> 00:08:42,180

oh well no sewage treatment works just

144

00:08:48,300 --> 00:08:45,330

further up the up the hill and the local

145

00:08:51,210 --> 00:08:48,310

farmers revealed that no vehicles

146

00:08:58,890 --> 00:08:51,220

but being in the in that area on the day

147

00:09:01,500 --> 00:08:58,900

or from any time previous to that day so

148

00:09:04,560 --> 00:09:01,510

a little bit a little bit of further

149

00:09:06,750 --> 00:09:04,570

investigation revealed but near the site

150

00:09:10,079 --> 00:09:06,760

the only physical evidence which could

151
00:09:13,700 --> 00:09:10,089
be taken that it was something to what

152
00:09:18,180 --> 00:09:13,710
we had seen was there's a recently

153
00:09:20,310 --> 00:09:18,190
erected and repaired telegraph pole the

154
00:09:22,769 --> 00:09:20,320
cross-section which had been put up

155
00:09:33,000 --> 00:09:22,779
dated only a few days earlier had been

156
00:09:36,990 --> 00:09:33,010
not to an angle like that from there it

157
00:09:39,480 --> 00:09:37,000
just went crazy the school erupted into

158
00:09:43,290 --> 00:09:39,490
a media circus the the likes of which

159
00:09:45,210 --> 00:09:43,300
had no children probably never seen it's

160
00:09:46,829 --> 00:09:45,220
it's it the headmaster had certainly

161
00:09:48,690 --> 00:09:46,839
never seen anything like it because of

162
00:09:51,420 --> 00:09:48,700
he got to the point in the Empire he

163
00:09:53,640 --> 00:09:51,430

left the phone off the hook and decided

164

00:09:56,820 --> 00:09:53,650

to put an end to this once and for all

165

00:09:58,740 --> 00:09:56,830

but in that time we'd attracted media

166

00:10:01,710 --> 00:09:58,750

attention all around the world they were

167

00:10:03,329 --> 00:10:01,720

even rumors of going over to the space

168

00:10:13,800 --> 00:10:03,339

to film a documentary which of course

169

00:10:16,730 --> 00:10:13,810

never transpired and 40 years on over

170

00:10:19,020 --> 00:10:16,740

over the last 40 years I've always been

171

00:10:24,990 --> 00:10:19,030

referred to as the boy that saw the

172

00:10:28,320 --> 00:10:25,000

spaceship I have never at any time in

173

00:10:29,790 --> 00:10:28,330

the last 40 days not there not that ever

174

00:10:36,120 --> 00:10:29,800

claim the Russell relation

175

00:10:39,750 --> 00:10:36,130

I saw the UFO it was a flying object it

176

00:10:41,910 --> 00:10:39,760

was unidentified that symbols that if

177

00:10:42,940 --> 00:10:41,920

there is a terrestrial terrestrial

178

00:10:45,520 --> 00:10:42,950

explanation for this

179

00:10:48,580 --> 00:10:45,530

I'm quite willing to accept that but

180

00:10:51,400 --> 00:10:48,590

after 40 years of research and thousands

181

00:10:55,930 --> 00:10:51,410

of pounds spent on literature various

182

00:10:58,060 --> 00:10:55,940

other work I am still none the wiser to

183

00:11:01,060 --> 00:10:58,070

what we saw I can go into the into the

184

00:11:06,900 --> 00:11:01,070

little details of how the theories of

185

00:11:09,940 --> 00:11:06,910

how these craft powered how they fly but

186

00:11:16,870 --> 00:11:09,950

with regards to the origin of these

187

00:11:19,330 --> 00:11:16,880

craft nobody knows and so I don't want

188

00:11:23,020 --> 00:11:19,340

to sensational life things at all and I

189

00:11:24,610 --> 00:11:23,030

never have sensation wise you probably

190

00:11:27,120 --> 00:11:24,620

you've probably seen the reports that

191

00:11:29,350 --> 00:11:27,130

the children made at the time now

192

00:11:31,000 --> 00:11:29,360

there's been a few comments that the

193

00:11:32,800 --> 00:11:31,010

pictures weren't all identical in all

194

00:11:34,720 --> 00:11:32,810

but you have to accept as well the

195

00:11:38,200 --> 00:11:34,730

children are notoriously unreliable

196

00:11:39,880 --> 00:11:38,210

witnesses if you if the children words

197

00:11:42,640 --> 00:11:39,890

with if childhood and with a small child

198

00:11:45,160 --> 00:11:42,650

were to witness a crime a simple robbery

199

00:11:47,020 --> 00:11:45,170

by the time the police get to invest to

200

00:11:48,880 --> 00:11:47,030

interview them afterwards you love the

201
00:11:53,740 --> 00:11:48,890
robbers in strike jumpers wearing masks

202
00:11:58,270 --> 00:11:53,750
and carrying guns so they're them

203
00:12:01,090 --> 00:11:58,280
certainly possibly combined with or

204
00:12:06,810 --> 00:12:01,100
artistic talent they was also certainly

205
00:12:10,140 --> 00:12:06,820
an element of understandable juvenile

206
00:12:13,960 --> 00:12:10,150
elaboration of something in canvas I'll

207
00:12:16,210 --> 00:12:13,970
lenity look to to work out of yourselves

208
00:12:20,170 --> 00:12:16,220
with and that might have occurred but

209
00:12:21,730 --> 00:12:20,180
what you have to remember is don't look

210
00:12:25,300 --> 00:12:21,740
at the differences between the pictures

211
00:12:29,290 --> 00:12:25,310
look at the similarities given the fact

212
00:12:32,970 --> 00:12:29,300
that 14 children were all put into exam

213
00:12:35,560 --> 00:12:32,980

situations with no chance of

214

00:12:37,750 --> 00:12:35,570

collaborating on a story or an or on a

215

00:12:40,060 --> 00:12:37,760

description whatsoever we have the

216

00:12:41,230 --> 00:12:40,070

weekend since the sighting before the

217

00:12:44,790 --> 00:12:41,240

Monday when we did

218

00:12:47,800 --> 00:12:44,800

we made these pictures and descriptions

219

00:12:50,530 --> 00:12:47,810

but this was a time when there's no sky

220

00:12:52,870 --> 00:12:50,540

there was no Facebook mobile phones

221

00:12:54,790 --> 00:12:52,880

hadn't come along and if you wanted to

222

00:12:56,199 --> 00:12:54,800

help use the house phone then you have

223

00:12:58,329 --> 00:12:56,209

talent Danny good reason to be

224

00:13:01,500 --> 00:12:58,339

appearance and even then they would year

225

00:13:06,550 --> 00:13:01,510

rigging on what you say to your friends

226

00:13:09,340 --> 00:13:06,560

so after we did the doctor the pictures

227

00:13:12,699 --> 00:13:09,350

and the descriptions the headmaster at

228

00:13:18,190 --> 00:13:12,709

school Ralph Whelan a lovely very very

229

00:13:21,190 --> 00:13:18,200

strength no-nonsense man I suppose if

230

00:13:23,800 --> 00:13:21,200

you if you know picture a Victorian

231

00:13:26,220 --> 00:13:23,810

teacher or a victorian headmaster ruff

232

00:13:29,710 --> 00:13:26,230

Llewellyn would fit the bill perfectly

233

00:13:34,630 --> 00:13:29,720

quite stressful fantastic warm sense of

234

00:13:38,130 --> 00:13:34,640

humor as well now he had been sketched

235

00:13:41,320 --> 00:13:38,140

or all along but the moment that he saw

236

00:13:44,860 --> 00:13:41,330

the pictures and read the descriptions

237

00:13:49,750 --> 00:13:44,870

his attitude change he never accepted

238

00:13:54,430 --> 00:13:49,760

that what we saw was a UFO because he

239

00:13:56,680 --> 00:13:54,440

didn't want to but he did accept that

240

00:13:59,579 --> 00:13:56,690

the children had seen something out of

241

00:14:01,840 --> 00:13:59,589

the ordinary that they couldn't explain

242

00:14:04,180 --> 00:14:01,850

the other thing were supposed to accept

243

00:14:06,970 --> 00:14:04,190

is that a lot of suggestions have been

244

00:14:11,190 --> 00:14:06,980

made as I said about tankers whilst

245

00:14:13,780 --> 00:14:11,200

water tankers agricultural equipment

246

00:14:15,160 --> 00:14:13,790

most of the children who attended school

247

00:14:17,430 --> 00:14:15,170

and brought Nathan came from

248

00:14:20,310 --> 00:14:17,440

agricultural backgrounds myself included

249

00:14:24,069 --> 00:14:20,320

any piece of agricultural equipment

250

00:14:26,319 --> 00:14:24,079

silage equipment tankers we'd have

251
00:14:30,010 --> 00:14:26,329
recognised like a short there there was

252
00:14:31,540 --> 00:14:30,020
no there's no possibility that it could

253
00:14:34,360 --> 00:14:31,550
have been anything like that at all

254
00:14:35,980 --> 00:14:34,370
also the fact that sewage thank yous

255
00:14:40,210 --> 00:14:35,990
don't tend to oliveira fifty feet off

256
00:14:43,630 --> 00:14:40,220
the ground the other suggestion was that

257
00:14:45,940 --> 00:14:43,640
it might possibly have been a helicopter

258
00:14:48,850 --> 00:14:45,950
or I think I've heard a career jump jet

259
00:14:50,410 --> 00:14:48,860
engine in recent days as well well the

260
00:14:52,000 --> 00:14:50,420
science the noise that the helicopter

261
00:14:54,030 --> 00:14:52,010
and anna-marie junk jet obviously makes

262
00:14:57,670 --> 00:14:54,040
when taking off a lander

263
00:14:59,380 --> 00:14:57,680

we had bra D on the doorstep and the

264

00:15:03,069 --> 00:14:59,390

school had a very good relationship with

265

00:15:05,710 --> 00:15:03,079

braudy itself in fact I think two sets

266

00:15:08,230 --> 00:15:05,720

of encyclopedias that we hand in in the

267

00:15:11,410 --> 00:15:08,240

school the Encyclopedia Britannica which

268

00:15:13,810 --> 00:15:11,420

was donated by the RAF brought in and we

269

00:15:16,720 --> 00:15:13,820

also had a full set of encyclopedia

270

00:15:18,670 --> 00:15:16,730

Americana which was donated from the US

271

00:15:21,819 --> 00:15:18,680

Naval facility so we had a close

272

00:15:24,550 --> 00:15:21,829

relationship with the base and all the

273

00:15:26,949 --> 00:15:24,560

children we were so familiar with

274

00:15:29,650 --> 00:15:26,959

practically every NATO aircraft in

275

00:15:31,840 --> 00:15:29,660

muscari we were so used to fortune

276

00:15:33,790 --> 00:15:31,850

bombers flying overhead lightnings

277

00:15:35,439 --> 00:15:33,800

effort every type of military hardware

278

00:15:38,740 --> 00:15:35,449

that you could imagine that we we

279

00:15:41,260 --> 00:15:38,750

couldn't name it immediately

280

00:15:43,240 --> 00:15:41,270

Peter pageant broke the Welsh triads or

281

00:15:45,460 --> 00:15:43,250

actually spent States in his book that

282

00:15:49,569 --> 00:15:45,470

he arrived with a little bit of

283

00:15:52,480 --> 00:15:49,579

skepticism in his mind on whether we

284

00:15:54,430 --> 00:15:52,490

identified it properly however when he

285

00:15:58,300 --> 00:15:54,440

arrived he had a very very nice sports

286

00:16:01,810 --> 00:15:58,310

car not so it's got another common one

287

00:16:04,390 --> 00:16:01,820

and the fact that we identified it

288

00:16:06,040 --> 00:16:04,400

immediately as a lotus here over any

289

00:16:14,760 --> 00:16:06,050

they didn't think these kids and what

290

00:16:18,010 --> 00:16:14,770

they what they say the local community

291

00:16:19,750 --> 00:16:18,020

have been very supportive I will say

292

00:16:22,570 --> 00:16:19,760

that there's a lot of skepticism in the

293

00:16:24,460 --> 00:16:22,580

area and they're and they're possibly

294

00:16:26,410 --> 00:16:24,470

stir they're possibly still is and it's

295

00:16:28,330 --> 00:16:26,420

not helped in recent times by the amount

296

00:16:35,190 --> 00:16:28,340

of nonsense that's on the internet about

297

00:16:38,410 --> 00:16:35,200

the UFO subject so and the moment people

298

00:16:41,800 --> 00:16:38,420

think of the word UFO instantly they

299

00:16:44,110 --> 00:16:41,810

think alien which isn't what is about it

300

00:16:48,460 --> 00:16:44,120

could have been an alien I don't know I

301

00:16:51,010 --> 00:16:48,470

honestly can't give you any further

302

00:16:54,670 --> 00:16:51,020

information this day on that subject no

303

00:16:56,980 --> 00:16:54,680

I never stop waffling no because I've

304

00:17:00,040 --> 00:16:56,990

actually reached pretty much pointing

305

00:17:18,610 --> 00:17:00,050

what I wanted to explain so if if and

306

00:17:23,800 --> 00:17:18,620

then or anybody else for that I'll leave

307

00:17:26,020 --> 00:17:23,810

it some Q&A session but but that's my

308

00:17:27,370 --> 00:17:26,030

account as far as far as I can tell you

309

00:17:29,320 --> 00:17:27,380

and like I said I'm not used to public

310

00:17:32,170 --> 00:17:29,330

speaking so like oh we don't mind much

311

00:17:35,920 --> 00:17:32,180

done crack II don't know so I've learned

312

00:17:38,320 --> 00:17:35,930

pass the mic back and hopefully if you

313

00:17:40,090 --> 00:17:38,330

have got any questions that I haven't

314

00:17:43,010 --> 00:17:40,100

covered then I'll be quite happy to

315

00:17:43,020 --> 00:17:50,450

[Applause]
