

A scenic landscape featuring a body of water in the foreground, with tall reeds and grasses framing the view. The water reflects the sky and the surrounding greenery. In the background, a hillside is visible under a clear blue sky with a few wispy clouds. The overall atmosphere is peaceful and natural.

The Welsh Triangle

1
00:01:18,680 --> 00:00:11,290

[Music]

2
00:01:18,690 --> 00:01:27,220

you

3
00:01:36,290 --> 00:01:31,370

right so lights camera action okay well

4
00:01:41,510 --> 00:01:36,300

um I think thanks for joining us today

5
00:01:46,160 --> 00:01:41,520

for our conference yeah my measure

6
00:01:48,530 --> 00:01:46,170

I was the Wrights agent for very

7
00:01:51,170 --> 00:01:48,540

well-known author called hands holster

8
00:01:54,440 --> 00:01:51,180

who had written over his lifetime he's

9
00:01:57,800 --> 00:01:54,450

not with us anymore about 49 books and

10
00:02:00,310 --> 00:01:57,810

I've went into Grenada publishing which

11
00:02:03,590 --> 00:02:00,320

was a subdivision of Granada television

12
00:02:05,300 --> 00:02:03,600

and latest paper based there

13
00:02:08,540 --> 00:02:05,310

subsequently now para HarperCollins

14

00:02:10,639 --> 00:02:08,550

which is a different group and I want in

15

00:02:15,230 --> 00:02:10,649

because I was involved in a documentary

16

00:02:16,760 --> 00:02:15,240

film that hands and I were making all

17

00:02:20,660 --> 00:02:16,770

those never made the screen it never got

18

00:02:22,640 --> 00:02:20,670

fully financed and there was a tabloid

19

00:02:24,710 --> 00:02:22,650

newspaper headline I believe it we

20

00:02:28,850 --> 00:02:24,720

should have son we said the world

21

00:02:31,340 --> 00:02:28,860

triangle and I will walk in with this

22

00:02:34,880 --> 00:02:31,350

newspaper with a view to incorporating

23

00:02:37,690 --> 00:02:34,890

as part of the film all I knew at that

24

00:02:41,300 --> 00:02:37,700

time was what was in the newspaper and

25

00:02:43,490 --> 00:02:41,310

the editor who was working with hands

26
00:02:47,390 --> 00:02:43,500
and eye on the book which was the new

27
00:02:51,860 --> 00:02:47,400
films which is another kind of UFO

28
00:02:54,229 --> 00:02:51,870
survey of that time I said that's that's

29
00:02:57,110 --> 00:02:54,239
a title that is a book in itself but

30
00:02:59,509 --> 00:02:57,120
wells triangle and he wrote me a check

31
00:03:02,449 --> 00:02:59,519
then under there for 7,000 pounds and

32
00:03:04,280 --> 00:03:02,459
says go to wells and write me at work

33
00:03:07,250 --> 00:03:04,290
and can you put a manuscript on my desk

34
00:03:10,759 --> 00:03:07,260
in six months entitled to wells triangle

35
00:03:12,770 --> 00:03:10,769
he was looking to have a competition to

36
00:03:14,449 --> 00:03:12,780
have a competitor to the premier to

37
00:03:16,610 --> 00:03:14,459
trial which was selling really well at

38
00:03:21,160 --> 00:03:16,620

that time so that was that involvement

39

00:03:23,960 --> 00:03:21,170
hands also wanted me to go to West West

40

00:03:26,090 --> 00:03:23,970
because he wanted all of the events

41

00:03:28,220 --> 00:03:26,100
which were then documented and were

42

00:03:31,090 --> 00:03:28,230
appearing in the newspapers to be part

43

00:03:34,880 --> 00:03:31,100
of the documentary film including the

44

00:03:37,820 --> 00:03:34,890
schoolchildren and everybody else so off

45

00:03:39,140 --> 00:03:37,830
I went and I made first win initial

46

00:03:42,170 --> 00:03:39,150
salty into

47

00:03:45,470 --> 00:03:42,180
the area it's covered in the book I

48

00:03:48,289 --> 00:03:45,480
think you I've detailed my my my journey

49

00:03:51,740 --> 00:03:48,299
down there and I've got to know a few

50

00:03:53,600 --> 00:03:51,750
people and then took a property for six

51
00:03:56,179 --> 00:03:53,610
months and I got very involved with all

52
00:03:58,819 --> 00:03:56,189
the witnesses spent a lot of time with

53
00:04:02,179 --> 00:03:58,829
them found other witnesses got involved

54
00:04:04,569 --> 00:04:02,189
with the the American oceanographic

55
00:04:07,009 --> 00:04:04,579
research station which of course was

56
00:04:11,330 --> 00:04:07,019
nothing civilian at all it is the

57
00:04:15,410 --> 00:04:11,340
military NATO submarine underwater

58
00:04:17,120 --> 00:04:15,420
surveillance facility and was tasked to

59
00:04:20,599 --> 00:04:17,130
find out what was going on you know in

60
00:04:23,450 --> 00:04:20,609
terms of their situation which they were

61
00:04:26,090 --> 00:04:23,460
very worried about and that's how the

62
00:04:27,500 --> 00:04:26,100
whole thing came about so do you want to

63
00:04:29,990 --> 00:04:27,510

ask any questions on that

64

00:04:32,719 --> 00:04:30,000

yeah you see you spent six months now

65

00:04:35,270 --> 00:04:32,729

was it six weeks what I think you know I

66

00:04:39,409 --> 00:04:35,280

can't really remember and it probably

67

00:04:41,600 --> 00:04:39,419

was longer I think it could have been it

68

00:04:43,850 --> 00:04:41,610

was Andrew I think it was under a year

69

00:04:46,219 --> 00:04:43,860

but over six months but I'm honestly

70

00:04:48,020 --> 00:04:46,229

can't remember it might even say in the

71

00:04:50,689 --> 00:04:48,030

book somewhere or even even if the

72

00:04:52,670 --> 00:04:50,699

latest book but it's all a bit oh it's a

73

00:04:55,240 --> 00:04:52,680

long time ago now I mean and you're

74

00:04:58,760 --> 00:04:55,250

going down there on the falls from

75

00:05:00,980 --> 00:04:58,770

February for this 40th anniversary and

76

00:05:04,430 --> 00:05:00,990

you know it's just amazing I think my

77

00:05:07,189 --> 00:05:04,440

god 14 years has gone by yeah this isn't

78

00:05:11,360 --> 00:05:07,199

it um this is one of the reasons why we

79

00:05:14,510 --> 00:05:11,370

we organized the event is to get people

80

00:05:14,990 --> 00:05:14,520

back together again and was you you were

81

00:05:17,960 --> 00:05:15,000

there

82

00:05:20,270 --> 00:05:17,970

year and I can say we said well the

83

00:05:22,570 --> 00:05:20,280

latter half of 77 meeting people you

84

00:05:26,990 --> 00:05:22,580

were the man on the spotter you and

85

00:05:29,629 --> 00:05:27,000

Randall Jones Pugh did you say you know

86

00:05:32,480 --> 00:05:29,639

I never met he's not with us anymore now

87

00:05:34,250 --> 00:05:32,490

I never met him he had been involved of

88

00:05:38,029 --> 00:05:34,260

course heroes with dr. Lee and listen

89

00:05:41,450 --> 00:05:38,039

we're and I didn't even read that

90

00:05:43,189 --> 00:05:41,460

funny enough I it was the hardback I

91

00:05:47,180 --> 00:05:43,199

believe I don't know how many editions

92

00:05:50,390 --> 00:05:47,190

that's made but when I went down there I

93

00:05:52,700 --> 00:05:50,400

was a little bit behind the main

94

00:05:55,580 --> 00:05:52,710

journalist is quarry Avant

95

00:05:57,560 --> 00:05:55,590

one down there from the tabloids and you

96

00:06:00,470 --> 00:05:57,570

know how long the story last isn't dead

97

00:06:02,270 --> 00:06:00,480

wives it's not it's not very long before

98

00:06:04,340 --> 00:06:02,280

they move on to something else

99

00:06:08,450 --> 00:06:04,350

so I never met any of the journalists

100

00:06:10,490 --> 00:06:08,460

and I never met Randall Pugh and I just

101
00:06:13,250 --> 00:06:10,500
went down and made my own investigations

102
00:06:15,620 --> 00:06:13,260
from square one right all right okay

103
00:06:17,660 --> 00:06:15,630
well looking back in the Ethel I think

104
00:06:20,150 --> 00:06:17,670
you must be quite thrilled that you were

105
00:06:23,410 --> 00:06:20,160
there at the time because well in Welsh

106
00:06:27,050 --> 00:06:23,420
UFO history it's one of the main things

107
00:06:32,240 --> 00:06:27,060
one of the main events it certainly got

108
00:06:33,790 --> 00:06:32,250
into local legend and do you think ask

109
00:06:37,070 --> 00:06:33,800
you one question do you think that the

110
00:06:39,710 --> 00:06:37,080
high level of UFO reports at the time of

111
00:06:41,240 --> 00:06:39,720
this part Pembrokeshire do you think it

112
00:06:43,730 --> 00:06:41,250
was due to the military presence in the

113
00:06:46,910 --> 00:06:43,740

area by that I mean do you think the

114

00:06:52,310 --> 00:06:46,920

reports are attributable to aliens being

115

00:06:55,130 --> 00:06:52,320

interested in what was going on with an

116

00:06:57,050 --> 00:06:55,140

open mind as I said when I started off

117

00:06:59,900 --> 00:06:57,060

that mission I literally knew what was

118

00:07:03,080 --> 00:06:59,910

in the newspaper I knew what the the

119

00:07:07,460 --> 00:07:03,090

remit was from hands in America he was

120

00:07:10,060 --> 00:07:07,470

in New York and I didn't have any food

121

00:07:13,730 --> 00:07:10,070

perceptions as to what I would find

122

00:07:16,790 --> 00:07:13,740

after a very short while although the

123

00:07:19,370 --> 00:07:16,800

American oceanographic research station

124

00:07:25,820 --> 00:07:19,380

quote-unquote was supposed to be at that

125

00:07:28,040 --> 00:07:25,830

time 1976-77 whenever top-secret I very

126

00:07:30,860 --> 00:07:28,050

quickly established that that was in

127

00:07:33,440 --> 00:07:30,870

fact not a civilian facility at all it

128

00:07:37,220 --> 00:07:33,450

was headed up by an American Navy

129

00:07:39,380 --> 00:07:37,230

captain and the staff all had to wear

130

00:07:42,770 --> 00:07:39,390

civilian clothes they were allowed to

131

00:07:44,540 --> 00:07:42,780

drive the American cars if they even got

132

00:07:48,290 --> 00:07:44,550

a parking ticket they got shipped back

133

00:07:50,390 --> 00:07:48,300

to the United States in disgrace and the

134

00:07:53,300 --> 00:07:50,400

irony of course was that the Russians

135

00:07:55,970 --> 00:07:53,310

knew all about it I came across a to

136

00:07:58,970 --> 00:07:55,980

reports of a Russian submarine actually

137

00:08:00,890 --> 00:07:58,980

surfacing innocent brides Bay which is

138

00:08:02,840 --> 00:08:00,900

you know pretty good evidences the

139

00:08:05,240 --> 00:08:02,850

Russians were having their own bit of

140

00:08:05,920 --> 00:08:05,250

surveillance at the time and it was

141

00:08:08,860 --> 00:08:05,930

patient

142

00:08:11,610 --> 00:08:08,870

obvious after a while I couldn't detail

143

00:08:16,090 --> 00:08:11,620

too much in the world triangle that the

144

00:08:18,820 --> 00:08:16,100

activity focused on the supplied spray

145

00:08:20,680 --> 00:08:18,830

the broadly-based see which was used by

146

00:08:27,219 --> 00:08:20,690

the theory - as you know the Fleet Air

147

00:08:32,709 --> 00:08:27,229

Arm ok um one researcher called needle

148

00:08:34,570 --> 00:08:32,719

spring he's he wrote a novel called the

149

00:08:36,810 --> 00:08:34,580

Watchers based on everything was

150

00:08:39,100 --> 00:08:36,820

happening in Pembrokeshire at the time

151

00:08:41,800 --> 00:08:39,110

he's given me a couple of questions to

152

00:08:43,779 --> 00:08:41,810

ask you yeah he says in your book you

153

00:08:47,560 --> 00:08:43,789

made a number of claims but stack rocks

154

00:08:51,070 --> 00:08:47,570

and the facility you thought was based

155

00:08:57,220 --> 00:08:51,080

there did you ever make a boat trip out

156

00:09:00,310 --> 00:08:57,230

to the rocks no it's very treacherous

157

00:09:02,500 --> 00:09:00,320

tides and currents there I'm told by

158

00:09:05,440 --> 00:09:02,510

people who you know know those things in

159

00:09:07,960 --> 00:09:05,450

the area I did speak obviously to the

160

00:09:09,880 --> 00:09:07,970

witnesses who had seen things in the

161

00:09:10,980 --> 00:09:09,890

facility of cetera so we could go

162

00:09:14,620 --> 00:09:10,990

through that quickly

163

00:09:17,769 --> 00:09:14,630

the Coombs family's children had

164

00:09:21,519 --> 00:09:17,779

witnessed figures in in effect

165

00:09:25,090 --> 00:09:21,529

spacesuits the shore opposites that

166

00:09:28,690 --> 00:09:25,100

watched in the book there is a reference

167

00:09:32,460 --> 00:09:28,700

to the somehow the placing of a red box

168

00:09:35,470 --> 00:09:32,470

which was never found but the children

169

00:09:37,660 --> 00:09:35,480

very quickly after that they had been

170

00:09:40,620 --> 00:09:37,670

very close to all of this came out in a

171

00:09:43,510 --> 00:09:40,630

very very severe and troublesome rash

172

00:09:45,070 --> 00:09:43,520

which nobody determined and all of them

173

00:09:47,019 --> 00:09:45,080

did and it was quite spontaneous whether

174

00:09:49,390 --> 00:09:47,029

this was in any terms there's some kind

175

00:09:52,840 --> 00:09:49,400

of radiation exposure or not we didn't

176

00:09:56,680 --> 00:09:52,850

determine and there is people including

177

00:09:58,750 --> 00:09:56,690

the Coons and her neighbor who I can't

178

00:10:04,079 --> 00:09:58,760

quite remember what her name was it's in

179

00:10:08,800 --> 00:10:04,089

the book but who were the mistake Hewson

180

00:10:12,180 --> 00:10:08,810

might be I couldn't confirm that and the

181

00:10:17,680 --> 00:10:12,190

coolest family were managers of that

182

00:10:20,210 --> 00:10:17,690

cattle part of the part of the Farm

183

00:10:21,590 --> 00:10:20,220

Estate and the yes I think

184

00:10:24,740 --> 00:10:21,600

right on the earth but the overall

185

00:10:27,410 --> 00:10:24,750

estate manager was you know majoring

186

00:10:29,060 --> 00:10:27,420

poverty and then family and he wanted a

187

00:10:30,380 --> 00:10:29,070

husband if I recall what is it very

188

00:10:33,230 --> 00:10:30,390

quiet but the scene thought it was

189

00:10:37,010 --> 00:10:33,240

reflecting somehow adversely on on

190

00:10:39,440 --> 00:10:37,020

whatever and his wife reported a number

191

00:10:40,760 --> 00:10:39,450

of things to me personally and also to

192

00:10:43,610 --> 00:10:40,770

other people are thinking creating the

193

00:10:48,350 --> 00:10:43,620

pages occasionally and the Coombes have

194

00:10:50,180 --> 00:10:48,360

seen lights crowd going into stacked

195

00:10:51,920 --> 00:10:50,190

rocks now if obviously if you've stood

196

00:10:53,810 --> 00:10:51,930

opposite to that watch which I have it's

197

00:10:55,690 --> 00:10:53,820

very close to the shore actually you can

198

00:10:59,420 --> 00:10:55,700

see very clearly from the from the cliff

199

00:11:01,100 --> 00:10:59,430

there is no doorway there is no

200

00:11:03,020 --> 00:11:01,110

structure that you could say anything

201
00:11:06,920 --> 00:11:03,030
could have entered but this is not

202
00:11:10,730 --> 00:11:06,930
unusual that these technologies seem to

203
00:11:14,990 --> 00:11:10,740
be able to open up a space we've had as

204
00:11:17,780 --> 00:11:15,000
reported in detail in Mexico for one and

205
00:11:20,270 --> 00:11:17,790
also some reports in Puerto Rico where

206
00:11:22,070 --> 00:11:20,280
something opens and also parts of the

207
00:11:25,220 --> 00:11:22,080
United States where something opens up a

208
00:11:26,960 --> 00:11:25,230
craft or light goes in something closes

209
00:11:29,060 --> 00:11:26,970
up you cannot tell the difference it's

210
00:11:31,310 --> 00:11:29,070
not a mechanical situation it's some

211
00:11:33,890 --> 00:11:31,320
kind of change of the vibration of the

212
00:11:36,080 --> 00:11:33,900
matter so that they go through the rock

213
00:11:38,600 --> 00:11:36,090

into whatever's inside or down or

214

00:11:40,820 --> 00:11:38,610

whatever stops he's not very big

215

00:11:46,190 --> 00:11:40,830

I mean it's not really an island it is

216

00:11:50,260 --> 00:11:46,200

just an outcrop and yeah a report that

217

00:11:55,880 --> 00:11:50,270

came in after after this was published

218

00:12:00,610 --> 00:11:55,890

was from the the people at the hotel

219

00:12:05,300 --> 00:12:00,620

there is it the hazel fall hotel that

220

00:12:08,240 --> 00:12:05,310

she had had a report from a diver a

221

00:12:10,070 --> 00:12:08,250

scuba diver who have been out there not

222

00:12:11,390 --> 00:12:10,080

for anything to do with what we were

223

00:12:14,840 --> 00:12:11,400

interested in we're just being out there

224

00:12:16,670 --> 00:12:14,850

and I've had apparently a very scary

225

00:12:20,260 --> 00:12:16,680

experience he he said here the

226

00:12:23,420 --> 00:12:20,270

underwater humming noise he saw a large

227

00:12:27,080 --> 00:12:23,430

trapdoor kind of open in the side of

228

00:12:28,940 --> 00:12:27,090

underwater on the on the raw and and

229

00:12:30,710 --> 00:12:28,950

Sapphira described in detail but

230

00:12:31,879 --> 00:12:30,720

something came out and how'd it go with

231

00:12:38,989 --> 00:12:31,889

him apparently

232

00:12:40,970 --> 00:12:38,999

or his his wetsuit and he was scared

233

00:12:44,449 --> 00:12:40,980

Richard he was quite white and shaking

234

00:12:45,710 --> 00:12:44,459

when he came ashore and restored a blind

235

00:12:48,289 --> 00:12:45,720

that he would never go back there again

236

00:12:49,999 --> 00:12:48,299

that he he thought it was it was a very

237

00:12:51,919 --> 00:12:50,009

dangerous thing that had happened to him

238

00:12:54,019 --> 00:12:51,929

and he really didn't have any

239

00:12:56,900 --> 00:12:54,029

explanation for it so all of these

240

00:12:59,090 --> 00:12:56,910

events and others have been in focused

241

00:13:01,909 --> 00:12:59,100

on stack rock which is more or less I

242

00:13:06,530 --> 00:13:01,919

stand to be corrected down the line of

243

00:13:08,319 --> 00:13:06,540

the runway the main run away at that

244

00:13:10,579 --> 00:13:08,329

audio station

245

00:13:14,569 --> 00:13:10,589

yoges is just the other Sonia sink range

246

00:13:16,329 --> 00:13:14,579

major stuff well yeah um another

247

00:13:18,530 --> 00:13:16,339

question that Neil Offspring asks is

248

00:13:20,569 --> 00:13:18,540

know that the activities behind the

249

00:13:23,150 --> 00:13:20,579

oceanographic research station she

250

00:13:26,689 --> 00:13:23,160

mentioned on the clips have been

251

00:13:29,989 --> 00:13:26,699

Declassified have you altered any of

252

00:13:33,129 --> 00:13:29,999

your original conclusions no I was

253

00:13:38,479 --> 00:13:33,139

invited they have a facility which was

254

00:13:43,519 --> 00:13:38,489

on the surface it was a large collection

255

00:13:48,979 --> 00:13:43,529

of warehouses we had a really modern

256

00:13:51,769 --> 00:13:48,989

build very high-security when we went on

257

00:13:55,340 --> 00:13:51,779

when I was invited there I was assaulted

258

00:13:57,379 --> 00:13:55,350

by the military police because the base

259

00:14:00,319 --> 00:13:57,389

was still and in fact there was a

260

00:14:02,389 --> 00:14:00,329

division of signals which is code for

261

00:14:06,169 --> 00:14:02,399

intelligence British Army Intelligence

262

00:14:08,539 --> 00:14:06,179

was there and the report of military

263

00:14:12,499 --> 00:14:08,549

police has sorted me over another guy

264

00:14:15,049 --> 00:14:12,509

round and we could go anywhere at that

265

00:14:19,009 --> 00:14:15,059

time the surface facility had been

266

00:14:20,989 --> 00:14:19,019

completely cleaned out and SAS and was

267

00:14:24,220 --> 00:14:20,999

decommissioned and was sanitized

268

00:14:26,210 --> 00:14:24,230

although as I mentioned in this book I

269

00:14:28,999 --> 00:14:26,220

don't know if I mentioned her that book

270

00:14:31,669 --> 00:14:29,009

I went as with CEOs office and I've been

271

00:14:33,679 --> 00:14:31,679

a habit of rooting around and I pulled

272

00:14:36,739 --> 00:14:33,689

out a great cabinet a great family

273

00:14:39,259 --> 00:14:36,749

cabinet and it was a twist down there

274

00:14:42,139 --> 00:14:39,269

and there is a list of other quite

275

00:14:44,630 --> 00:14:42,149

secret US facilities in the United

276

00:14:48,880 --> 00:14:44,640

Kingdom there

277

00:14:51,620 --> 00:14:48,890

poor security III collected this

278

00:14:53,360 --> 00:14:51,630

subsequently later melded to the mo were

279

00:14:56,390 --> 00:14:53,370

made well melded to the appropriate

280

00:14:58,010 --> 00:14:56,400

office of the mo D say would you like to

281

00:15:03,220 --> 00:14:58,020

return this is about because I don't

282

00:15:09,350 --> 00:15:06,860

my thanks um as you've spent all Muslim

283

00:15:10,550 --> 00:15:09,360

the latter half of 77 in the area did

284

00:15:13,940 --> 00:15:10,560

you actually see anything

285

00:15:16,990 --> 00:15:13,950

I explained yourself I thought lights in

286

00:15:22,040 --> 00:15:17,000

the sky at some considerable distance

287

00:15:23,990 --> 00:15:22,050

which maneuvered rather unnaturally

288

00:15:26,480 --> 00:15:24,000

erratically I said I think in the books

289

00:15:29,090 --> 00:15:26,490

here I'd probably deal with what I call

290

00:15:31,640 --> 00:15:29,100

the main events I don't really bother to

291

00:15:34,550 --> 00:15:31,650

document or pay much attention to my to

292

00:15:36,050 --> 00:15:34,560

the sky because by definition there

293

00:15:37,940 --> 00:15:36,060

could be so many different things

294

00:15:41,150 --> 00:15:37,950

it's very difficult to pin that down so

295

00:15:42,890 --> 00:15:41,160

I attended just not even mention them no

296

00:15:44,810 --> 00:15:42,900

I never had any personal sniping so I

297

00:15:47,690 --> 00:15:44,820

did have these wonderful relationships

298

00:15:49,540 --> 00:15:47,700

with all of the main witnesses that we

299

00:15:52,820 --> 00:15:49,550

know of I've went to the school I

300

00:15:55,640 --> 00:15:52,830

interviewed the Louisville teacher I

301
00:15:58,040 --> 00:15:55,650
subsequently met the children and later

302
00:16:00,710 --> 00:15:58,050
much many years later when they'd grown

303
00:16:03,920 --> 00:16:00,720
up I met them again some of them who

304
00:16:06,830 --> 00:16:03,930
still maintained an interest and of

305
00:16:09,740 --> 00:16:06,840
course the people at the havenport hotel

306
00:16:12,110 --> 00:16:09,750
and the Coombs family and all of those

307
00:16:13,760 --> 00:16:12,120
other witnesses I think in this book

308
00:16:15,820 --> 00:16:13,770
here the worst triangle which is

309
00:16:18,290 --> 00:16:15,830
available from Amazon the second hand

310
00:16:20,870 --> 00:16:18,300
make it about 20 pounds I don't get any

311
00:16:22,520 --> 00:16:20,880
of that because it's just by dealers but

312
00:16:24,830 --> 00:16:22,530
I mean this will be republished by hours

313
00:16:29,320 --> 00:16:24,840

later of the year in a new edition with

314

00:16:31,780 --> 00:16:29,330

maybe a few updates but there is a

315

00:16:35,750 --> 00:16:31,790

mention I think you know I interviewed

316

00:16:38,090 --> 00:16:35,760

or basically had contact with 3,000

317

00:16:39,650 --> 00:16:38,100

people and I don't make these figures

318

00:16:42,590 --> 00:16:39,660

are you know I'm fairly diligent about

319

00:16:44,600 --> 00:16:42,600

facts and figures and you know it was

320

00:16:46,700 --> 00:16:44,610

continuous all the time I mean from

321

00:16:49,000 --> 00:16:46,710

Braden what cool you know low-level

322

00:16:51,080 --> 00:16:49,010

sightings like my own lights in the sky

323

00:16:54,200 --> 00:16:51,090

people have seen things on the ground

324

00:16:56,240 --> 00:16:54,210

people seeing beings on the ground there

325

00:16:57,720 --> 00:16:56,250

were some military contacts which I

326

00:17:01,319 --> 00:16:57,730

can't really mentioning this

327

00:17:03,900 --> 00:17:01,329

was was carefully how can I say

328

00:17:05,579 --> 00:17:03,910

delicately written and in fact that

329

00:17:07,740 --> 00:17:05,589

British children I believe I'm told

330

00:17:11,039 --> 00:17:07,750

bought up about seventy thousand of

331

00:17:12,960 --> 00:17:11,049

these and Bergman because my hand yeah

332

00:17:18,000 --> 00:17:12,970

there I am attributed for my dubious

333

00:17:20,549 --> 00:17:18,010

pleasures or technically closing the the

334

00:17:22,409 --> 00:17:20,559

American facility there he came under so

335

00:17:24,120 --> 00:17:22,419

much publicity although I think most it

336

00:17:28,169 --> 00:17:24,130

was from the newspapers not ready for me

337

00:17:30,960 --> 00:17:28,179

and when I went back for this tour of

338

00:17:33,720 --> 00:17:30,970

the the sanitized empty facility which

339

00:17:35,610 --> 00:17:33,730

they were interested in in finding only

340

00:17:37,049 --> 00:17:35,620

a commercial industrial useful though

341

00:17:40,289 --> 00:17:37,059

they wanted to flog you know if they

342

00:17:42,840 --> 00:17:40,299

could or lease it I was aware but he

343

00:17:44,100 --> 00:17:42,850

left of the whole the watchtowers and

344

00:17:46,169 --> 00:17:44,110

they had these you know security

345

00:17:48,570 --> 00:17:46,179

watchtowers with critical fences and

346

00:17:51,659 --> 00:17:48,580

things and I could see from the other

347

00:17:53,460 --> 00:17:51,669

facilities in the interior of the base

348

00:17:56,580 --> 00:17:53,470

that I wasn't allowed in because I had

349

00:17:58,440 --> 00:17:56,590

no no need to go there that there was

350

00:18:01,919 --> 00:17:58,450

indication to me of underground

351

00:18:04,320 --> 00:18:01,929

facilities you know to be quite frank I

352

00:18:06,030 --> 00:18:04,330

mean I don't think that's to secret

353

00:18:07,680 --> 00:18:06,040

there's obviously some underground

354

00:18:09,990 --> 00:18:07,690

facilities and some people have room

355

00:18:11,970 --> 00:18:10,000

which to me that in fact the the surface

356

00:18:14,730 --> 00:18:11,980

facility which was one reward to first

357

00:18:17,130 --> 00:18:14,740

strike from an aggressor had in fact

358

00:18:18,930 --> 00:18:17,140

simply gone underground and so that the

359

00:18:20,669 --> 00:18:18,940

facility there was on the edge of the

360

00:18:22,880 --> 00:18:20,679

base that they were trying to release

361

00:18:26,100 --> 00:18:22,890

off and find some commercially useful

362

00:18:29,039 --> 00:18:26,110

was was really decommissioned because it

363

00:18:30,810 --> 00:18:29,049

was technically vulnerable to not only

364

00:18:34,230 --> 00:18:30,820

electronic interference which I was

365

00:18:37,110 --> 00:18:34,240

investigating but also from from from a

366

00:18:38,909 --> 00:18:37,120

holistic attack and what were these

367

00:18:40,950 --> 00:18:38,919

physics in had gone underground

368

00:18:43,289 --> 00:18:40,960

I don't know that for a fact but I I

369

00:18:45,419 --> 00:18:43,299

think you could you could probably

370

00:18:47,970 --> 00:18:45,429

suspect that's very likely the case

371

00:18:50,880 --> 00:18:47,980

because all the cables came in from the

372

00:18:53,010 --> 00:18:50,890

microphones in the Atlantic Oh Martha

373

00:18:54,870 --> 00:18:53,020

Martha Martha out in the Atlantic and

374

00:18:57,810 --> 00:18:54,880

they all came in underground up the

375

00:19:00,690 --> 00:18:57,820

cliff and won't even obviously secure

376

00:19:03,390 --> 00:19:00,700

and into the base and so to move that to

377

00:19:05,780 --> 00:19:03,400

a more secure facility further into the

378

00:19:09,120 --> 00:19:05,790

base would not have been difficult

379

00:19:11,310 --> 00:19:09,130

certainly the the warehouses on the

380

00:19:11,710 --> 00:19:11,320

surface would have been a very easy air

381

00:19:13,240 --> 00:19:11,720

store

382

00:19:17,740 --> 00:19:13,250

for mass strike if he wanted he

383

00:19:19,539 --> 00:19:17,750

wanted to take them out yeah I'm getting

384

00:19:22,480 --> 00:19:19,549

down to the broad hidden primary school

385

00:19:25,330 --> 00:19:22,490

siting yeah and because the event that

386

00:19:27,399 --> 00:19:25,340

we've got on Saturdays he's been held in

387

00:19:32,320 --> 00:19:27,409

the village hall next to the yes quite

388

00:19:33,789 --> 00:19:32,330

fit today hmm no amazingly on the same

389

00:19:36,010 --> 00:19:33,799

day there was another school in Milford

390

00:19:38,380 --> 00:19:36,020

Haven wasn't it about twenty children

391

00:19:40,960 --> 00:19:38,390

saw something as Hubbardston

392

00:19:43,240 --> 00:19:40,970

primary student I don't know I think it

393

00:19:45,100 --> 00:19:43,250

was recorded I'll record it vaguely but

394

00:19:47,710 --> 00:19:45,110

I don't recall the exact details I

395

00:19:50,320 --> 00:19:47,720

didn't actually go to that school I did

396

00:19:52,299 --> 00:19:50,330

mention the Milton Hagen sightings and

397

00:19:54,190 --> 00:19:52,309

there were quite a few over the period

398

00:19:55,870 --> 00:19:54,200

of time which are very interesting and

399

00:19:58,560 --> 00:19:55,880

there was some activity in relation to

400

00:20:04,149 --> 00:19:58,570

that but I didn't go to that school

401

00:20:16,910 --> 00:20:04,159

I think thanks for joining us today for
