

Steve Drews

Swansea UFO Network

co.uk

1
00:00:00,720 --> 00:00:17,009

[Music]

2
00:00:26,919 --> 00:00:23,230

mr. chance movie to tell 60 years well

3
00:00:32,069 --> 00:00:26,929

even I Selena last week we went to meet

4
00:00:34,750 --> 00:00:32,079

up with the witness from the shabby

5
00:00:42,029 --> 00:00:34,760

provocative s to take up a lot of

6
00:00:49,510 --> 00:00:42,039

probation from this horrible day grich

7
00:00:52,650 --> 00:00:49,520

and I come in with the story hat we're

8
00:00:56,080 --> 00:00:52,660

in my ruling is was a tool tools of

9
00:01:00,220 --> 00:00:56,090

capital challenge so even let's go wait

10
00:01:05,460 --> 00:01:00,230

I'm five years old you need to be in

11
00:01:10,600 --> 00:01:05,470

school before you were top of the school

12
00:01:12,240 --> 00:01:10,610

they taught me like 47 in Atari see my

13
00:01:18,280 --> 00:01:12,250

residence we did and we can actually

14

00:01:24,429 --> 00:01:18,290

problem for families 70 years I'm sure

15

00:01:27,840 --> 00:01:24,439

it was basically a silver salsa use

16

00:01:30,910 --> 00:01:27,850

merger its regular girl planes propeller

17

00:01:34,260 --> 00:01:30,920

big folks females a central hub do you

18

00:01:36,969 --> 00:01:34,270

have a body around it as well until this

19

00:01:39,850 --> 00:01:36,979

exact a good 15 minutes not moving at

20

00:01:43,060 --> 00:01:39,860

all they are teachable flowing waters

21

00:01:47,740 --> 00:01:43,070

like the log whether he is like it's

22

00:02:47,520 --> 00:01:47,750

like an animal as a ticket with a lot of

23

00:02:54,610 --> 00:02:47,530

I just want to talk forum is extremely

24

00:02:58,060 --> 00:02:54,620

and how many God not after all I've had

25

00:03:02,380 --> 00:02:58,070

lately experiences there were so many of

26
00:03:06,070 --> 00:03:02,390
them come back that he were to learn so

27
00:03:10,170 --> 00:03:06,080
these events of enlightened a lot of

28
00:03:13,539 --> 00:03:10,180
them have started up religious roots

29
00:03:19,300 --> 00:03:13,549
virtual groups got into humanitarian

30
00:03:24,370 --> 00:03:19,310
work in finding alternative introduces

31
00:03:28,060 --> 00:03:24,380
mr. James McDivitt general and for

32
00:03:31,660 --> 00:03:28,070
Martin City's war soldier eklund run

33
00:03:36,250 --> 00:03:31,670
their tribe Baldwin James Lovell Jane

34
00:03:44,370 --> 00:03:36,260
Watson reported citing the u.s. Gordon

35
00:03:47,140 --> 00:03:44,380
cutter actual 1078 and I'm licking what

36
00:03:53,890 --> 00:03:47,150
new way

37
00:03:57,360 --> 00:03:53,900
about what you said excellent directing

38
00:04:02,589 --> 00:03:57,370

people work crew the Zeppelin visiting

39

00:04:07,509 --> 00:04:02,599

this had a far go out dancing the also

40

00:04:12,069 --> 00:04:07,519

stated action are very very cautious

41

00:04:15,520 --> 00:04:12,079

about revealing their UFO experiences

42

00:04:19,029 --> 00:04:15,530

and quite an algorithm reporting factors

43

00:04:22,240 --> 00:04:19,039

instead of Eric wherever and they're

44

00:04:30,820 --> 00:04:22,250

about to say something and they're being

45

00:04:34,570 --> 00:04:30,830

cut off with sentence and what they

46

00:04:42,659 --> 00:04:34,580

finish up we don't really know what

47

00:04:53,310 --> 00:04:50,620

Edgar Mitchell sidewalk sale opera

48

00:04:55,390 --> 00:04:53,320

weekly show a lot more know about

49

00:05:03,010 --> 00:04:55,400

extraterrestrials and revealing to the

50

00:05:06,730 --> 00:05:03,020

public and yet all thinking several to

51
00:05:09,909 --> 00:05:06,740
the vacuum visiting with it and it

52
00:05:13,420 --> 00:05:09,919
encounters week virtual wrestle it's

53
00:05:20,730 --> 00:05:13,430
interesting that make sure why walked on

54
00:05:24,610 --> 00:05:20,740
room previously the set up a telepathic

55
00:05:31,390 --> 00:05:24,620
experiment with four people back here or

56
00:05:32,469 --> 00:05:31,400
the pre-eternal talk to see if there was

57
00:05:37,670 --> 00:05:32,479
any

58
00:05:40,490 --> 00:05:37,680
now unfortunately solving went wrong

59
00:05:43,279 --> 00:05:40,500
with the flight pattern so the timing

60
00:05:47,839 --> 00:05:43,289
didn't actually get in sync might be

61
00:05:54,610 --> 00:05:47,849
truthful however Richard came back and

62
00:06:05,480 --> 00:05:58,930
Coulson with psychic research and

63
00:06:08,890 --> 00:06:05,490

experimentation and he warns which we

64

00:06:13,820 --> 00:06:08,900

warned about there's a massive body of

65

00:06:19,450 --> 00:06:13,830

this information being cut out to

66

00:06:26,149 --> 00:06:19,460

confuse the whole UFO issue and this is

67

00:06:30,950 --> 00:06:26,159

absolutely children and warnings in

68

00:06:33,589 --> 00:06:30,960

space in thoughts about this mystical

69

00:06:36,200 --> 00:06:33,599

experience the actually simple

70

00:06:40,520 --> 00:06:36,210

preference of divinity became also

71

00:06:46,520 --> 00:06:40,530

almost palpable and it's not surprising

72

00:06:49,629 --> 00:06:46,530

that these people that hooghly the

73

00:06:53,959 --> 00:06:49,639

atmosphere is move out the mouth of

74

00:06:59,209 --> 00:06:53,969

pastoring a lot of people this suddenly

75

00:07:05,120 --> 00:06:59,219

frame of our thoughts our mind condition

76

00:07:08,120 --> 00:07:05,130

is web the morass of thoughts that is

77

00:07:11,089 --> 00:07:08,130

imposed and we're all subjects that

78

00:07:19,339 --> 00:07:11,099

they're suddenly free of this they're

79

00:07:24,140 --> 00:07:19,349

open to influences from from and it

80

00:07:32,720 --> 00:07:24,150

seems many many have had very

81

00:07:32,730 --> 00:07:40,430

we'll talk a little bit of our abduction

82

00:07:59,990 --> 00:07:50,520

carbon table right undoubtedly some

83

00:08:07,370 --> 00:08:00,000

abductions do go on it seems that

84

00:08:13,070 --> 00:08:07,380

abductees are often afterwards regressed

85

00:08:23,730 --> 00:08:13,080

by psychologist or psychiatrist through

86

00:08:27,600 --> 00:08:23,740

and this hypnotic state worried you it

87

00:08:29,700 --> 00:08:27,610

might be great to implant suggestion

88

00:08:33,120 --> 00:08:29,710

with into someone so they can give up

89

00:08:39,959 --> 00:08:33,130

smoking but equally you can have

90

00:08:45,330 --> 00:08:39,969

suggestions into the subject which give

91

00:08:55,970 --> 00:08:45,340

them all sorts of spin-offs from and the

92

00:09:00,890 --> 00:08:55,980

least one case where a hi-hat subsidies

93

00:09:04,560 --> 00:09:00,900

to you see a very alien professor of

94

00:09:12,150 --> 00:09:04,570

psychiatry it's professor presumably use

95

00:09:18,690 --> 00:09:12,160

it was and it was totally taken in what

96

00:09:24,370 --> 00:09:18,700

subject was in which explains why what

97

00:09:33,880 --> 00:09:27,780

but there are other friends as well and

98

00:09:36,490 --> 00:09:33,890

people have experiences when you're out

99

00:09:42,520 --> 00:09:36,500

there body when their travels customer

100

00:09:47,800 --> 00:09:42,530

switched the lost time many black people

101
00:09:56,520 --> 00:09:47,810
can go into negative transfers and have

102
00:10:01,000 --> 00:09:56,530
a parent experience and these can lead

103
00:10:04,990 --> 00:10:01,010
to feel like the dark side the focus of

104
00:10:14,410 --> 00:10:05,000
which should be avoided the other thing

105
00:10:18,400 --> 00:10:14,420
is people who accept if you like psychic

106
00:10:22,840 --> 00:10:18,410
interference people who have walking or

107
00:10:26,920 --> 00:10:22,850
take them where consciousness is not too

108
00:10:37,590 --> 00:10:26,930
long shiny effectively and sometimes

109
00:10:49,769 --> 00:10:43,160
I almost same people do this

110
00:10:54,059 --> 00:10:49,779
deliberately misguidedly deceive me

111
00:11:00,559 --> 00:10:54,069
please leasing so there is another

112
00:11:03,509 --> 00:11:00,569
scientist which is somewhat more

113
00:11:09,509 --> 00:11:03,519

insidious I just want to touch on this

114

00:11:13,139 --> 00:11:09,519

briefly now this smacks of consoling

115

00:11:19,009 --> 00:11:13,149

spirits and it's very dangerous area to

116

00:11:25,139 --> 00:11:19,019

walking sir sure you're properly for me

117

00:11:30,769 --> 00:11:25,149

and it seems of it there is a generation

118

00:11:35,400 --> 00:11:30,779

of floral sources which are not into

119

00:11:43,410 --> 00:11:35,410

they're not from the world but they are

120

00:11:51,329 --> 00:11:43,420

very come from this law and these are

121

00:11:54,480 --> 00:11:51,339

highly finding secret programs president

122

00:11:58,710 --> 00:11:54,490

high government officials will no doubt

123

00:12:10,009 --> 00:11:58,720

them even five star General's well no

124

00:12:20,090 --> 00:12:13,790

all this is done through muddy the

125

00:12:24,939 --> 00:12:20,100

waters now I believe the space people

126

00:12:29,660 --> 00:12:24,949

come here you the very very spiritual

127

00:12:32,900 --> 00:12:29,670

message they don't come here to read you

128

00:12:37,970 --> 00:12:32,910

a tapping wide Riddler they don't come

129

00:12:41,689 --> 00:12:37,980

here in 10 people and carve them up and

130

00:12:44,090 --> 00:12:41,699

look inside their bodies why would they

131

00:12:49,150 --> 00:12:44,100

want to structure once people they want

132

00:12:55,789 --> 00:12:49,160

us as very backward children to grow up

133

00:13:07,329 --> 00:12:55,799

if these intelligences didn't take this

134

00:13:12,259 --> 00:13:07,339

probably many was a good they want you

135

00:13:18,079 --> 00:13:12,269

but the does seem to be a very tiny

136

00:13:24,879 --> 00:13:18,089

section so the Watson body is whole

137

00:13:30,489 --> 00:13:24,889

message now this isn't surprising I mean

138

00:13:35,629 --> 00:13:30,499

these are people probably have fantastic

139

00:13:39,249 --> 00:13:35,639

insolence over the fact they know what

140

00:13:45,129 --> 00:13:39,259

the lose control and mulling power

141

00:13:53,329 --> 00:13:48,530

subservient while I know they want to

142

00:13:55,549 --> 00:13:53,339

keep you know many people as they are in

143

00:13:58,730 --> 00:13:55,559

the street down starting to they're

144

00:14:02,179 --> 00:13:58,740

trying to supply you want to keep many

145

00:14:05,829 --> 00:14:02,189

people in the Western were like

146

00:14:10,699 --> 00:14:05,839

ourselves and chasing after

147

00:14:14,179 --> 00:14:10,709

materialistic not you know working as

148

00:14:17,929 --> 00:14:14,189

many hours as he possibly can you have

149

00:14:20,480 --> 00:14:17,939

to pay amble just higher rates make sure

150

00:14:23,239 --> 00:14:20,490

the kids go to school and everything

151

00:14:27,499 --> 00:14:23,249

really and all the Warriors and

152

00:14:30,889 --> 00:14:27,509

everything model maker we also have

153

00:14:35,389 --> 00:14:30,899

massive yolks their leadership and the

154

00:14:39,100 --> 00:14:35,399

space weekly their message is friendly

155

00:14:45,819 --> 00:14:39,110

conferences you know they talk about a

156

00:14:49,369 --> 00:14:45,829

talent where we likely change what they

157

00:14:54,369 --> 00:14:49,379

detect you won't live moments we want

158

00:14:58,519 --> 00:14:54,379

link hospitals this is the one with easy

159

00:15:10,220 --> 00:14:58,529

and it seems like there is some time for

160

00:15:14,470 --> 00:15:10,230

that try to change the message to make

161

00:15:18,859 --> 00:15:14,480

it seem as if the real extraterrestrial

162

00:15:28,419 --> 00:15:18,869

will slice them are hostile and hence

163

00:15:36,999 --> 00:15:28,429

you get this massive spin up on Phil's

164

00:15:46,120 --> 00:15:41,799

extra special friend legal right then

165

00:15:51,790 --> 00:15:46,130

their tactics was terrible

166

00:15:54,940 --> 00:15:51,800

this cool progeny to moving away from

167

00:16:09,460 --> 00:15:54,950

the real message to confuse the likes of

168

00:16:15,820 --> 00:16:09,470

them and this should go away and very

169

00:16:21,840 --> 00:16:15,830

well tonight RIA theory society has been

170

00:16:27,730 --> 00:16:21,850

working closely spaced intelligences

171

00:16:33,220 --> 00:16:27,740

since really clear society start as

172

00:16:37,720 --> 00:16:33,230

early as we mentioned earlier on the

173

00:16:40,210 --> 00:16:37,730

great messages but mankind has not keep

174

00:16:43,960 --> 00:16:40,220

turnin back to a spiritual world right

175

00:16:48,700 --> 00:16:43,970

to sort that is the only one to sort out

176

00:16:51,250 --> 00:16:48,710

all the problems now the other things

177

00:16:56,110 --> 00:16:51,260

that kept on pressing which we are the

178

00:17:02,770 --> 00:16:56,120

line is all this talking experimentation

179

00:17:16,990 --> 00:17:02,780

are now just to underline a few things

180

00:17:27,140 --> 00:17:24,410

sadness has been talking about in the

181

00:17:31,310 --> 00:17:27,150

nineteen pieces of silk lounge around

182

00:17:34,550 --> 00:17:31,320

matter which is agreeable substance of

183

00:17:41,290 --> 00:17:34,560

power that they could throw into the

184

00:17:44,750 --> 00:17:41,300

action 0 Thomas reacted in the nether

185

00:18:04,720 --> 00:17:44,760

our most humble very well actually

186

00:18:30,870 --> 00:18:22,470

one of the friends three years for the

187

00:18:34,950 --> 00:18:30,880

angels the King had to travel around

188

00:18:40,049 --> 00:18:34,960

certain parts of the war between channel

189

00:18:48,610 --> 00:18:40,059

their energy to go through two cuts into

190

00:18:53,380 --> 00:18:48,620

certain mountains and these thousands

191

00:18:57,010 --> 00:18:53,390

became hungry which means ordinary Jones

192

00:18:59,440 --> 00:18:57,020

like you and I can go climb and the

193

00:19:06,130 --> 00:18:59,450

storm to snellville Rock actually paint

194

00:19:10,180 --> 00:19:06,140

that you can go climb say unselfish

195

00:19:13,570 --> 00:19:10,190

spreads for the world and you can send

196

00:19:21,130 --> 00:19:13,580

that a massive and rounds spiritual

197

00:19:26,220 --> 00:19:21,140

energy and holy mountains been around

198

00:19:35,940 --> 00:19:26,230

for thousands of years but apparently to

199

00:19:40,450 --> 00:19:35,950

actually very very advanced initiative

200

00:19:45,090 --> 00:19:40,460

but no you are not just lie right there

201
00:19:48,470 --> 00:19:45,100
hands in prayer saying something

202
00:19:56,210 --> 00:19:48,480
unselfish evening

203
00:20:09,799 --> 00:19:56,220
come to contact engine it's very very

204
00:20:26,590 --> 00:20:09,809
Catholic another thing there's a hassle

205
00:20:37,970 --> 00:20:26,600
cool house into orbit times in creating

206
00:20:42,110 --> 00:20:37,980
I generally same and anybody who's worth

207
00:20:44,330 --> 00:20:42,120
during any humanitarian weather makers

208
00:20:47,750 --> 00:20:44,340
of a certain like whether they fervently

209
00:20:54,159 --> 00:20:47,760
Sierra society whether can speak English

210
00:21:05,000 --> 00:20:54,169
is only in please we're giving creating

211
00:21:08,810 --> 00:21:05,010
humanitarian bowl this work now how how

212
00:21:11,510 --> 00:21:08,820
I have a technology to monitor every

213
00:21:14,539 --> 00:21:11,520

burst water planet that I suppose what

214

00:21:19,960 --> 00:21:14,549

we doing something else el Senor light

215

00:21:27,490 --> 00:21:19,970

gentle and they push a warranty through

216

00:21:33,110 --> 00:21:27,500

vectors the technology little thought is

217

00:21:58,280 --> 00:21:47,210

I Department very photographers in this

218

00:22:08,120 --> 00:21:58,290

country and I can say joining sources

219

00:22:13,220 --> 00:22:08,130

quality where everything you know them

220

00:22:22,040 --> 00:22:13,230

or mountains and you know how planes

221

00:22:26,750 --> 00:22:22,050

coming to neutral every 30 seconds hour

222

00:22:32,419 --> 00:22:26,760

after hour after everything these people

223

00:22:35,990 --> 00:22:32,429

feel of it absolutely cause and they

224

00:22:41,990 --> 00:22:36,000

just wanted watching what happened what

225

00:22:50,570 --> 00:22:42,000

is it then people with a real thing she

226
00:22:58,730 --> 00:22:50,580
for true and its message that he brought

227
00:23:03,549 --> 00:22:58,740
through the things of course I mean it's

228
00:23:07,310 --> 00:23:03,559
really very Singh really menacing but

229
00:23:12,470 --> 00:23:07,320
how we achieve that is very difficult

230
00:23:17,080 --> 00:23:12,480
and we need a real shift in

231
00:23:24,230 --> 00:23:17,090
consciousness and everyone wants and

232
00:23:30,280 --> 00:23:24,240
everyone wants please they want Tom's we

233
00:23:33,650 --> 00:23:30,290
want good health we can achieve it but

234
00:23:38,310 --> 00:23:33,660
with really a paradigm shift in

235
00:23:44,029 --> 00:23:38,320
ourselves to get

236
00:24:01,620 --> 00:23:44,039
but we do have an Indian solution and

237
00:24:06,029 --> 00:24:01,630
this really is the message it certainly

238
00:24:11,930 --> 00:24:06,039

looked at our products what we have now

239

00:24:17,419 --> 00:24:11,940

system that's what's all the incredibly

240

00:24:21,060 --> 00:24:17,429

simple method it's nothing new it's been

241

00:24:24,230 --> 00:24:21,070

the same message we should be redirected

242

00:24:27,749 --> 00:24:24,240

with thousands and thousands of you by

243

00:24:30,690 --> 00:24:27,759

response frequent coming of Jesus in

244

00:24:35,840 --> 00:24:30,700

order and cushion and Moses and without

245

00:24:39,830 --> 00:24:35,850

rain etc etc these are based on sutures

246

00:24:44,119 --> 00:24:39,840

unfortunately what the teacher canceled

247

00:24:53,060 --> 00:24:44,129

for a few years round your head and then

248

00:24:58,460 --> 00:24:53,070

with coaching in our religions anymore

249

00:25:14,509 --> 00:25:07,259

are one the plane lyrically it

250

00:25:17,970 --> 00:25:14,519

interviewed on dr. king by the BBC in

251

00:25:22,889 --> 00:25:17,980

1959 since I can one the quality of

252

00:25:27,389 --> 00:25:22,899

freedom and there's a printer scientist

253

00:25:30,180 --> 00:25:27,399

and a psychiatrist and the presenter

254

00:25:33,419 --> 00:25:30,190

kind of interview dr. dual King and then

255

00:25:36,470 --> 00:25:33,429

dr. King goes into trance and with

256

00:25:37,900 --> 00:25:36,480

brings through the intelligence cool

257

00:25:48,540 --> 00:25:37,910

seriously

258

00:25:50,410 --> 00:25:48,550

is she and it's about 50 extra two and

259

00:25:54,280 --> 00:25:50,420

we're not going to hear this but

260

00:26:03,940 --> 00:25:54,290

afterwards society of a psychiatrist do

261

00:26:12,840 --> 00:26:03,950

a Coughlin demolition and he went into

262

00:26:15,480 --> 00:26:12,850

trance in the columns so it was

263

00:26:19,920 --> 00:26:15,490

documentary was a crudo efficiently

264

00:26:29,830 --> 00:26:19,930

long-term 59 is in trouble last line

265

00:26:33,340 --> 00:26:29,840

Mars and Venus now mr. king is in the

266

00:26:38,170 --> 00:26:33,350

studio with us to discuss 12 terms with

267

00:26:40,540 --> 00:26:38,180

his work in trance is knowledge and

268

00:26:45,160 --> 00:26:40,550

belief about the method of dealing with

269

00:26:48,550 --> 00:26:45,170

space and the people in Hatcher's mr.

270

00:26:51,310 --> 00:26:48,560

king how Olivia here is hard to get an

271

00:26:53,800 --> 00:26:51,320

existence half three years the audience

272

00:26:56,080 --> 00:26:53,810

on the chair that predicted the Troy in

273

00:26:58,930 --> 00:26:56,090

part of the affair in society what the

274

00:27:02,860 --> 00:26:58,940

dark vision x a taxi driver and see how

275

00:27:06,400 --> 00:27:02,870

every enough are 40 so you by the

276

00:27:10,230 --> 00:27:06,410

william center no yes that's right you

277

00:27:13,150 --> 00:27:10,240

see I had quite an amazing experience

278

00:27:18,240 --> 00:27:13,160

one Saturday morning while I was working

279

00:27:20,910 --> 00:27:18,250

up some dishes I had a voice quite

280

00:27:24,310 --> 00:27:20,920

definitely a voice out of this world

281

00:27:25,570 --> 00:27:24,320

seemed to me to pay yourself you are to

282

00:27:28,120 --> 00:27:25,580

become the voice of interplanetary

283

00:27:33,690 --> 00:27:28,130

partners soon after this I had a

284

00:27:37,180 --> 00:27:33,700

physical visitation from a member of the

285

00:27:40,240 --> 00:27:37,190

cosmic hierarchy can write who gave me

286

00:27:42,220 --> 00:27:40,250

certain instructions my baby's

287

00:27:46,090 --> 00:27:42,230

instructions to the letter from later on

288

00:27:49,330 --> 00:27:46,100

I found I could contact intelligences

289

00:27:51,940 --> 00:27:49,340

from other planets visitations

290

00:27:57,250 --> 00:27:51,950

what happened well it was quite physical

291

00:28:02,410 --> 00:27:57,260

i was sat in a room and a man walked

292

00:28:04,960 --> 00:28:02,420

through a locked door across the carpet

293

00:28:08,140 --> 00:28:04,970

on the floor and he was quite physical

294

00:28:10,150 --> 00:28:08,150

when he crossed the boss in crete and he

295

00:28:14,110 --> 00:28:10,160

sat down opposite to me from the other

296

00:28:16,540 --> 00:28:14,120

party ID a body of it just like Advani

297

00:28:20,710 --> 00:28:16,550

just he was as physical as you are now

298

00:28:23,560 --> 00:28:20,720

where the key is that camera now he is a

299

00:28:26,500 --> 00:28:23,570

man who is living in northern India at

300

00:28:29,560 --> 00:28:26,510

the moment but he came from another

301

00:28:31,330 --> 00:28:29,570

planet i believe it was Venus now he

302

00:28:35,020 --> 00:28:31,340

gives instructions which he follows with

303

00:28:37,900 --> 00:28:35,030

you a sudden I'm sorry I couldn't 19 but

304

00:28:41,380 --> 00:28:37,910

as a result of it you became a channel

305

00:28:44,410 --> 00:28:41,390

for transmission of messages from cosmic

306

00:28:47,110 --> 00:28:44,420

energy yes that's right you have a title

307

00:28:49,540 --> 00:28:47,120

which you can give to intersect yes the

308

00:28:52,030 --> 00:28:49,550

space people refer to me as mental

309

00:28:54,820 --> 00:28:52,040

channel number one and they send that

310

00:28:57,520 --> 00:28:54,830

message is directed some UN room they do

311

00:28:59,980 --> 00:28:57,530

yes I think I receive all messages from

312

00:29:03,910 --> 00:28:59,990

problem space people and any other

313

00:29:05,620 --> 00:29:03,920

person on earth at the moment yes it's

314

00:29:11,200 --> 00:29:05,630

quite fitting in this infusion of

315

00:29:14,200 --> 00:29:11,210

undecided units ah well I wanted to make

316

00:29:16,570 --> 00:29:14,210

known this great truth that I was

317

00:29:19,300 --> 00:29:16,580

receiving and what if all the world to

318

00:29:20,950 --> 00:29:19,310

know about it so I founded the area

319

00:29:24,070 --> 00:29:20,960

society so that this could be brought

320

00:29:26,410 --> 00:29:24,080

about now in addition to the messages

321

00:29:29,110 --> 00:29:26,420

which you receive a drop state do you

322

00:29:33,610 --> 00:29:29,120

receive visitors from outer space

323

00:29:37,960 --> 00:29:33,620

interesting I have met people from outer

324

00:29:40,810 --> 00:29:37,970

space you met it'll settle I met people

325

00:29:43,390 --> 00:29:40,820

from Saturn Mars and Venus tell me

326

00:29:46,990 --> 00:29:43,400

what's on him that looks like well the

327

00:29:52,210 --> 00:29:47,000

particular person I met was a man he was

328

00:29:57,220 --> 00:29:52,220

average height dark hair fairly broad

329

00:30:00,649 --> 00:29:57,230

ish he had no pupils to the eyes very

330

00:30:04,070 --> 00:30:00,659

large hands but very nice malty

331

00:30:12,600 --> 00:30:04,080

now this latte that you described in
