quest to unexplained the most

7  
00:00:32,540 --> 00:00:19,520  
unexplainable mysteries or we are the

8  
00:00:35,299 --> 00:00:32,550  
unexplained errs ok forward go forward

9  
00:00:37,130 --> 00:00:35,309  
keep going so I thought um campeones

10  
00:00:38,840 --> 00:00:37,140

12  
00:00:42,619 --> 00:00:40,559  
right moves just a little bit more

13  
00:00:43,790 --> 00:00:42,629

liberal more pack a little bit closer my

14

00:00:45,500 --> 00:00:43,800

head you okay why have you got

15

00:00:47,569 --> 00:00:45,510

pillowcase on your hair I'm just taking

16

00:00:49,610 --> 00:00:47,579

you to possibly one of the hottest hot

17

00:00:51,680 --> 00:00:49,620

beds of all hot bed UFO site in action

18

00:00:55,430 --> 00:00:51,690

in the world well guess where we are

19

00:00:57,650 --> 00:00:55,440

Mike no complains Perot close okay but

20

00:01:00,349 --> 00:00:57,660

rain in a little bit but the Roswell

21

00:01:01,549 --> 00:01:00,359

elliptical classic hot spot but not

22

00:01:04,250 --> 00:01:01,559

exactly where we are

23

00:01:07,100 --> 00:01:04,260

bring it a little bit more UK's right to

24

00:01:10,160 --> 00:01:07,110

listen for a very good answer pop it off

25

00:01:14,210 --> 00:01:13,490

look where we are Mike Swansea you

26

00:01:16,429 --> 00:01:14,220

surpassed yourself

27

00:01:17,899 --> 00:01:16,439

I can't astrology every week yeah my

28

00:01:19,880 --> 00:01:17,909

wife's ones yeah mother lawlessness

29

00:01:21,649 --> 00:01:19,890

wrong yeah so you must know that if you

30

00:01:23,270 --> 00:01:21,659

listen to that someone's have been

31

00:01:26,149 --> 00:01:23,280

caught up on a hot strike there this is

32

00:01:28,160 --> 00:01:26,159

a hotbed of UFO action it doesn't spell

33

00:01:29,179 --> 00:01:28,170

alien to me where he ever them look look

34

00:01:31,249 --> 00:01:29,189

what's in front of us snacks

35

00:01:33,530 --> 00:01:31,259

ten feet above us on a Bricklin yeah

36

00:01:35,810 --> 00:01:33,540

it's quite a famous Swansea landmark out

37

00:01:37,670 --> 00:01:35,820

of the anti-aircraft gun was protected

38

00:01:39,050 --> 00:01:37,680

so as you do in the the Swansea blitz in

39

00:01:40,850 --> 00:01:39,060

the second ball that's a 94 millimeter

40

00:01:41,990 --> 00:01:40,860

are cADCA yeah you're absolutely right

41

00:01:43,310 --> 00:01:42,000

you're spot-on but you know this is have

42

00:01:45,020 --> 00:01:43,320

a second lease of life you know reason

43

00:01:47,450 --> 00:01:45,030

why here now pointed up at the sky into

44

00:01:49,160 --> 00:01:47,460

the clouds there's a monument ah is it

45

00:01:50,990 --> 00:01:49,170

or is it a secret weapon that's now

46

00:01:52,700 --> 00:01:51,000

being redesigned and pointed up the sky

47

00:01:54,350 --> 00:01:52,710

to protect the people of Swansea now

48

00:01:56,280 --> 00:01:54,360

it's what's called decommission rate

49

00:01:57,900 --> 00:01:56,290

there wouldn't even live gun

50

00:02:01,320 --> 00:01:57,910

another downtown's wanderer that hasn't

51  
00:02:02,670 --> 00:02:01,330  
worked with 1944 now 5 yeah for 72 year

52  
00:02:03,990 --> 00:02:02,680  
old girl yeah I mean you obviously

53  
00:02:06,000 --> 00:02:04,000  
thinking of the traditional you know

54  
00:02:07,410 --> 00:02:06,010  
these giant shells that are used any of

55  
00:02:09,450 --> 00:02:07,420  
these decommissioned remember the other

56  
00:02:12,090 --> 00:02:09,460  
pure energy gunner on Energon blaster

57  
00:02:13,320 --> 00:02:12,100  
that is right above the sky exactly

58  
00:02:15,120 --> 00:02:13,330  
where they come down from you know this

59  
00:02:16,470 --> 00:02:15,130  
place has seen so many sightings of 60s

60  
00:02:18,540 --> 00:02:16,480  
there were cigar shaped objects over

61  
00:02:20,730 --> 00:02:18,550  
hospitals even right up to this year

62  
00:02:22,290 --> 00:02:20,740  
things have happened this is a hot bag

63  
00:02:23,910 --> 00:02:22,300

hotter than in between your legs on a

64

00:02:26,310 --> 00:02:23,920

summer's day after you've been for a run

65

00:02:27,780 --> 00:02:26,320

it's a high bullosa hot then meaning hot

66

00:02:29,790 --> 00:02:27,790

but I have an encounter every life Eve

67

00:02:31,800 --> 00:02:29,800

the pubs in the clubs for the cafes and

68

00:02:33,780 --> 00:02:31,810

the bars and a park and the museum's the

69

00:02:35,760 --> 00:02:33,790

Galleria Swansea I mean it's a lot of

70

00:02:37,740 --> 00:02:35,770

talk of discos swimming and eating food

71

00:02:39,300 --> 00:02:37,750

there what you're not doing is looking

72

00:02:41,310 --> 00:02:39,310

where I've been looking and where other

73

00:02:42,780 --> 00:02:41,320

people in the same locale have been

74

00:02:44,100 --> 00:02:42,790

looking for a very long time but where

75

00:02:45,840 --> 00:02:44,110

you're meeting these are like more than

76

00:02:48,030 --> 00:02:45,850

individuals how I use the word minded

77

00:02:49,080 --> 00:02:48,040

but a very broad sense that's where you

78

00:02:50,610 --> 00:02:49,090

go wrong I've been going to a place

79

00:02:52,199 --> 00:02:50,620

called the Internet which exists not

80

00:02:53,130 --> 00:02:52,209

only in Swansea but all around the world

81

00:02:54,600 --> 00:02:53,140

wants to surprise

82

00:02:56,490 --> 00:02:54,610

do you know ever tell you about the

83

00:02:57,690 --> 00:02:56,500

petals of stay in your little room we'll

84

00:02:59,640 --> 00:02:57,700

just play on internal bed there's

85

00:03:01,920 --> 00:02:59,650

nothing dangerous about communicating

86

00:03:03,630 --> 00:03:01,930

with like-minded fun chums and that's

87

00:03:05,430 --> 00:03:03,640

what I've done and I find a group of

88

00:03:07,530 --> 00:03:05,440

people who can give you so much detail

89

00:03:09,210 --> 00:03:07,540

about this hotbed your face will explode

90

00:03:09,900 --> 00:03:09,220

and your legs will fall off and run off

91

00:03:10,890 --> 00:03:09,910

in fear

92

00:03:12,750 --> 00:03:10,900

watch your body lies on the floor

93

00:03:14,340 --> 00:03:12,760

wriggling and doing this cool well now I

94

00:03:16,949 --> 00:03:14,350

finally believe him and that won't even

95

00:03:19,650 --> 00:03:16,959

be a mouth speaking we've headed out to

96

00:03:23,039 --> 00:03:19,660

meet John Stanford East aka sue font aka

97

00:03:25,350 --> 00:03:23,049

the Swans UFO network at a ULP aka an

98

00:03:27,240 --> 00:03:25,360

unidentified local pub and identify

99

00:03:29,640 --> 00:03:27,250

because the hood was back on in case I

100

00:03:33,870 --> 00:03:29,650

was John's words at government agents

101  
00:03:35,420 --> 00:03:33,880  
right Mike come with me from this store

102  
00:03:39,600 --> 00:03:35,430  
it might be on set

103  
00:03:42,270 --> 00:03:39,610  
evenin everybody John oh hello is Mike

104  
00:03:44,400 --> 00:03:42,280  
Mike welcome to sue font hello sue fog

105  
00:03:45,449 --> 00:03:44,410  
steve ambling i believe you two guys are

106  
00:03:47,310 --> 00:03:45,459  
in charge here

107  
00:03:49,680 --> 00:03:47,320  
well I would say insurance that yes we

108  
00:03:51,330 --> 00:03:49,690  
founded it okay to the sake of Mike and

109  
00:03:53,640 --> 00:03:51,340  
the listeners could you just ask exactly

110  
00:03:55,740 --> 00:03:53,650  
what Superfund is big interest in it in

111  
00:03:57,690 --> 00:03:55,750  
order to do something more practical

112  
00:03:59,370 --> 00:03:57,700  
instead of just following it on the

113  
00:04:00,660 --> 00:03:59,380

internet or reading books we found a

114

00:04:02,520 --> 00:04:00,670

venue for a first meeting because

115

00:04:05,310 --> 00:04:02,530

article in the local paper and Evening

116

00:04:06,629 --> 00:04:05,320

Post and 45 people turned up we can't

117

00:04:09,210 --> 00:04:06,639

believe it well on the first on the

118

00:04:11,430 --> 00:04:09,220

first the first wait yeah so we started

119

00:04:13,860 --> 00:04:11,440

compiling a database and weed up to 440

120

00:04:14,820 --> 00:04:13,870

cases now you also got two big ring

121

00:04:17,880 --> 00:04:14,830

binder folders here

122

00:04:20,099 --> 00:04:17,890

I taught PE for ten years so I've never

123

00:04:21,990 --> 00:04:20,109

seen files of words before I literally

124

00:04:23,640 --> 00:04:22,000

just I would have a whistle and a can-do

125

00:04:25,530 --> 00:04:23,650

attitude but I know that where other

126

00:04:26,910 --> 00:04:25,540

teachers were had these sort of things

127

00:04:28,980 --> 00:04:26,920

I made they very much look down on if

128

00:04:30,090 --> 00:04:28,990

I'm not using them is this a gathering

129

00:04:31,710 --> 00:04:30,100

of evidence you've got yet we saw

130

00:04:34,050 --> 00:04:31,720

through the local newspapers in the

131

00:04:36,660 --> 00:04:34,060

library you look at the energy reports I

132

00:04:37,800 --> 00:04:36,670

want you to play beverage case and

133

00:04:39,510 --> 00:04:37,810

purchase for the listeners they're both

134

00:04:41,370 --> 00:04:39,520

pretty fun a sort of three and yes they

135

00:04:43,740 --> 00:04:41,380

really scored on a thought the cases are

136

00:04:45,450 --> 00:04:43,750

so we we know that stuff is happening

137

00:04:46,800 --> 00:04:45,460

here in Swansea which is brilliant

138

00:04:49,320 --> 00:04:46,810

because quite often you hear that it's

139

00:04:50,940 --> 00:04:49,330

it's in you know America or South

140

00:04:52,620 --> 00:04:50,950

America or parts of the world that are

141

00:04:53,550 --> 00:04:52,630

just impossible to act that you'd need

142

00:04:55,410 --> 00:04:53,560

to go jetting around the world cause

143

00:04:56,670 --> 00:04:55,420

it's all happening in South Wales yeah

144

00:04:58,860 --> 00:04:56,680

so can you give us an example

145

00:05:01,200 --> 00:04:58,870

can you give us an example of one of the

146

00:05:03,000 --> 00:05:01,210

sort of more prominent cases that you

147

00:05:05,070 --> 00:05:03,010

guys have investigated or spoke over

148

00:05:06,450 --> 00:05:05,080

like one particular case we really

149

00:05:08,250 --> 00:05:06,460

interested in and we tracking down as

150

00:05:10,620 --> 00:05:08,260

many witnesses as we can as what we've

151

00:05:13,110 --> 00:05:10,630

termed the night of the triangles the

152

00:05:14,400 --> 00:05:13,120

19th of January 1983 there was dozens

153

00:05:16,770 --> 00:05:14,410

and dozens of sightings all on the

154

00:05:19,710 --> 00:05:16,780

Swansea area and indeed cost South Wales

155

00:05:22,409 --> 00:05:19,720

on that particular evening of triangle

156

00:05:25,530 --> 00:05:22,419

shaped craft different sizes some the

157

00:05:29,340 --> 00:05:25,540

size of jumbo jets or football fields on

158

00:05:30,540 --> 00:05:29,350

the size of a family saloon car UFO mg

159

00:05:32,490 --> 00:05:30,550

we get gold

160

00:05:34,409 --> 00:05:32,500

these guys had uncovered a mass UFO

161

00:05:37,560 --> 00:05:34,419

sighting I haven't been this excited

162

00:05:40,980 --> 00:05:37,570

about shaping weeks blattar yet Natalie

163

00:05:42,810 --> 00:05:40,990

one of the group was a witness yeah um

164

00:05:45,930 --> 00:05:42,820

yeah there's 1983

165

00:05:48,480 --> 00:05:45,940

that evening I came out of the house I

166

00:05:51,330 --> 00:05:48,490

was looking at lights very PESTEL II

167

00:05:54,360 --> 00:05:51,340

lovely kind of pulsating like it was

168

00:05:56,940 --> 00:05:54,370

hovering 40 feet above the pavement so

169

00:05:58,680 --> 00:05:56,950

10 feet above the housetops at me so I

170

00:06:02,460 --> 00:05:58,690

watched it for five minutes called

171

00:06:04,770 --> 00:06:02,470

family out my stepfather my sister they

172

00:06:06,390 --> 00:06:04,780

saw it and a lot of needs on the street

173

00:06:08,159 --> 00:06:06,400

were looking at it too you could hear a

174

00:06:10,530 --> 00:06:08,169

pin drop it was like this silence is

175

00:06:12,480 --> 00:06:10,540

stillness it was January she's been cold

176

00:06:14,520 --> 00:06:12,490

didn't feel cold a little bit so a year

177

00:06:16,440 --> 00:06:14,530

after ET came out so we freaked out by

178

00:06:18,390 --> 00:06:16,450

that no I'm actually Beaufort felt very

179

00:06:20,909 --> 00:06:18,400

comfortable I waited for it to go you

180

00:06:22,510 --> 00:06:20,919

just disappeared I didn't see it dispute

181

00:06:23,800 --> 00:06:22,520

you know it's a very strange

182

00:06:26,020 --> 00:06:23,810

we all try to make sense out of what

183

00:06:28,719 --> 00:06:26,030

we're seeing there is take mother Israel

184

00:06:30,369 --> 00:06:28,729

there is every time you know you are you

185

00:06:31,779 --> 00:06:30,379

talk about it if it comes up in

186

00:06:34,270 --> 00:06:31,789

conversation your ridicule and you're

187

00:06:36,070 --> 00:06:34,280

like you're one of those and I'm and I

188

00:06:39,100 --> 00:06:36,080

just wear houses now a lot of people

189

00:06:40,659 --> 00:06:39,110

have come to us because they've want to

190

00:06:42,430 --> 00:06:40,669

get things off their chest shooting it

191

00:06:44,379 --> 00:06:42,440

on slugging a meetin if you like then

192

00:06:46,570 --> 00:06:44,389

that's some of them in almost in tears

193

00:06:48,219 --> 00:06:46,580

talking about it sometimes they come

194

00:06:49,749 --> 00:06:48,229

back sometimes they haven't but they've

195

00:06:51,779 --> 00:06:49,759

gone away or that great sense of relief

196

00:06:53,950 --> 00:06:51,789

so it certainly fulfill that for us I

197

00:06:55,990 --> 00:06:53,960

was used to John's flights or internet

198

00:06:59,290 --> 00:06:56,000

fancy but these were sensible people

199

00:07:01,960 --> 00:06:59,300

good people policemen teachers animal

200

00:07:03,339 --> 00:07:01,970

husbandry experts within their company I

201  
00:07:05,279 --> 00:07:03,349  
thought come to old enough to reveal

202  
00:07:07,659 --> 00:07:05,289  
something I'd never revealed before you

203  
00:07:08,980 --> 00:07:07,669  
know why it was actually very very

204  
00:07:10,990 --> 00:07:08,990  
fascinating for me where amongst friends

205  
00:07:13,240 --> 00:07:11,000  
now it was described as being a bit like

206  
00:07:14,649 --> 00:07:13,250  
in our Daleks Anonymous meeting I'd been

207  
00:07:17,230 --> 00:07:14,659  
to one of them I'm going to come out and

208  
00:07:18,580 --> 00:07:17,240  
say now that no I saw a UFO this this he

209  
00:07:20,379 --> 00:07:18,590  
suddenly talked this is bigger than

210  
00:07:21,939 --> 00:07:20,389  
Colin and Mary Keith meet general agenda

211  
00:07:24,450 --> 00:07:21,949  
seem like a colonic irrigation for mean

212  
00:07:27,189 --> 00:07:24,460  
arm cleansing myself back in the 80s I

213  
00:07:29,379 --> 00:07:27,199

was at my grandmother's place in mirth

214

00:07:31,839 --> 00:07:29,389

avail and I saw the head of an arrow

215

00:07:33,010 --> 00:07:31,849

like seven lights in the sky above the

216

00:07:34,180 --> 00:07:33,020

opposite mountain

217

00:07:35,980 --> 00:07:34,190

I remember what look on the window thing

218

00:07:38,890 --> 00:07:35,990

in Worcester and then suddenly this

219

00:07:40,390 --> 00:07:38,900

thing just went and it just shot in a

220

00:07:41,920 --> 00:07:40,400

southerly direction so this is brilliant

221

00:07:43,659 --> 00:07:41,930

because Mike normally punches me in the

222

00:07:45,219 --> 00:07:43,669

face for talking about anything like

223

00:07:46,180 --> 00:07:45,229

this and he's just admit we made to

224

00:07:48,790 --> 00:07:46,190

witnessing some of the things I've

225

00:07:50,620 --> 00:07:48,800

always wanted to see oh I like over here

226

00:07:52,269 --> 00:07:50,630

I feel I feel naked I feel vulnerable

227

00:07:53,980 --> 00:07:52,279

it's great welcome to the Brotherhood

228

00:08:01,450 --> 00:07:53,990

Mike let's give Mike a big round of

229

00:08:04,149 --> 00:08:01,460

applause yeah I finally ground him down

230

00:08:06,010 --> 00:08:04,159

Mike was now one of us it was time for

231

00:08:08,980 --> 00:08:06,020

me to extract as much new information

232

00:08:14,830 --> 00:08:08,990

from his experience as possible it was

233

00:08:16,899 --> 00:08:14,840

time to begin probing Wow w Oh WTF wow

234

00:08:19,209 --> 00:08:16,909

what a great meeting what a great bunch

235

00:08:20,320 --> 00:08:19,219

of people very very nice no we heard the

236

00:08:23,800 --> 00:08:20,330

facts yep

237

00:08:25,360 --> 00:08:23,810

and what's pull up my mind is you openly

238

00:08:28,420 --> 00:08:25,370

speaking about being taken on board no

239

00:08:30,159 --> 00:08:28,430

[h\_\_h] no joke you have been drunk you've

240

00:08:31,540 --> 00:08:30,169

never mentioned this listen why this is

241

00:08:33,279 --> 00:08:31,550

why that I didn't mention it you before

242

00:08:35,019 --> 00:08:33,289

I knew it I knew this would have been

243

00:08:36,610 --> 00:08:35,029

badly for me right they leave scars on

244

00:08:38,500 --> 00:08:36,620

your body shut that ain't leave in part

245

00:08:40,029 --> 00:08:38,510

the reason I didn't say any of the past

246

00:08:41,290 --> 00:08:40,039

did they wash your boiled egg inside of

247

00:08:43,360 --> 00:08:41,300

you see if you prefer to that didn't

248

00:08:45,730 --> 00:08:43,370

happen right but I'm just saying I saw

249

00:08:47,560 --> 00:08:45,740

something as a young man I've kept it to

250

00:08:49,030 --> 00:08:47,570

myself for the very reason that I knew

251

00:08:51,460 --> 00:08:49,040

if I said anything you would spin it

252

00:08:53,829 --> 00:08:51,470

into some weird story you have an egg

253

00:08:54,970 --> 00:08:53,839

pushed inside me and being abducted by

254

00:08:56,530 --> 00:08:54,980

an alien that didn't happen

255

00:08:58,449 --> 00:08:56,540

well how long were you on non-supe I

256

00:09:01,360 --> 00:08:58,459

wasn't on a ship was i those names front

257

00:09:03,490 --> 00:09:01,370

room so the ship would like your man's

258

00:09:05,230 --> 00:09:03,500

front room it was exactly the same as it

259

00:09:07,480 --> 00:09:05,240

was my name's red rose in st. so they

260

00:09:10,269 --> 00:09:07,490

line did you that much with their their

261

00:09:12,069 --> 00:09:10,279

science they recreated enhancement room

262

00:09:13,660 --> 00:09:12,079

listen to what I'm saying you little

263

00:09:14,889 --> 00:09:13,670

bird yeah I was not a ship I wasn't

264

00:09:16,930 --> 00:09:14,899

gonna probe there were no eggs go

265

00:09:20,230 --> 00:09:16,940

anywhere near me okay so they tried to

266

00:09:23,440 --> 00:09:20,240

make a clone of you in your now slalom

267

00:09:25,210 --> 00:09:23,450

as a boy which is very interesting but

268

00:09:27,819 --> 00:09:25,220

we have to stick to the facts Mike that

269

00:09:30,970 --> 00:09:27,829

please do the facts are I saw something

270

00:09:32,380 --> 00:09:30,980

which I couldn't explain we were armed

271

00:09:34,389 --> 00:09:32,390

with Sioux Falls research and list of

272

00:09:35,740 --> 00:09:34,399

reports we needed to find a view point

273

00:09:37,660 --> 00:09:35,750

from which we could visualize the events

274

00:09:41,380 --> 00:09:37,670

of that night we're better than the

275

00:09:44,019 --> 00:09:41,390

world's 189,000 456 tours but Wales's

276

00:09:47,110 --> 00:09:44,029

tallest building the swansea meridian

277

00:09:48,010 --> 00:09:47,120

tower so right now we are at the top of

278

00:09:50,019 --> 00:09:48,020

the tower that's a hell of a view

279

00:09:51,670 --> 00:09:50,029

Camilla Swansea for 20 years dollars

280

00:09:53,860 --> 00:09:51,680

I've never seen this view before we've

281

00:09:55,269 --> 00:09:53,870

got pretty much a 360-degree view we can

282

00:09:58,449 --> 00:09:55,279

walk around the entire top of this tower

283

00:10:00,730 --> 00:09:58,459

and see some miles so we're in makes the

284

00:10:02,949 --> 00:10:00,740

middle of Swansea Bay it's a huge way

285

00:10:04,300 --> 00:10:02,959

looking north back towards the city and

286

00:10:05,560 --> 00:10:04,310

the hill the city's built on and when

287

00:10:08,380 --> 00:10:05,570

you look out across there you realize

288

00:10:11,139 --> 00:10:08,390

how densely populated a large a large

289

00:10:12,880 --> 00:10:11,149

matter this area is although there's two

290

00:10:14,769 --> 00:10:12,890

sides of this one is that it tells us a

291

00:10:17,110 --> 00:10:14,779

lot of people saw the same thing on the

292

00:10:18,220 --> 00:10:17,120

same leg back in 83 yeah also tells me

293

00:10:19,630 --> 00:10:18,230

looking we've got probably hundreds

294

00:10:20,880 --> 00:10:19,640

thousands of people in the other four in

295

00:10:23,130 --> 00:10:20,890

more than 25 I'm going to see

296

00:10:25,680 --> 00:10:23,140

we can chart the areas that match up

297

00:10:27,000 --> 00:10:25,690

with the sightings we could find out

298

00:10:30,570 --> 00:10:27,010

we're probably the best place to go

299

00:10:32,430 --> 00:10:30,580

would be here and I guarantee we will

300

00:10:35,240 --> 00:10:32,440

within the next two hours be on board

301  
00:10:38,100 --> 00:10:35,250  
the ship and they'll be probing it

302  
00:10:39,690 --> 00:10:38,110  
around official look for a good cup of

303  
00:10:40,350 --> 00:10:39,700  
coffee first of all let's get a hot

304  
00:10:42,240 --> 00:10:40,360  
drink first

305  
00:10:44,850 --> 00:10:42,250  
yeah and then nose until we fully get

306  
00:10:46,260 --> 00:10:44,860  
probed prabhas's okay let's get a hot

307  
00:10:49,620 --> 00:10:46,270  
drink to clean ourselves out and then

308  
00:10:50,760 --> 00:10:49,630  
hopefully probing your incomes I wanted

309  
00:10:51,990 --> 00:10:50,770  
to take the owner to these unidentified

310  
00:10:53,910 --> 00:10:52,000  
floating objects

311  
00:10:55,470 --> 00:10:53,920  
I sent the reports off to the kharab

312  
00:10:57,870 --> 00:10:55,480  
School of Engineering hopeful they would

313  
00:10:59,400 --> 00:10:57,880

have a floppy or fly profit who could

314

00:11:03,240 --> 00:10:59,410

rationally explain these mysterious

315

00:11:05,520 --> 00:11:03,250

triangles right your missus call a place

316

00:11:07,080 --> 00:11:05,530

where science happens double aground wow

317

00:11:08,730 --> 00:11:07,090

this is like a type of school man our

318

00:11:10,950 --> 00:11:08,740

imagine market well in the materials

319

00:11:13,320 --> 00:11:10,960

laboratory and with ology with an

320

00:11:15,390 --> 00:11:13,330

emphasis on the aeronautics there's sort

321

00:11:17,070 --> 00:11:15,400

of a cavalcade of computer screens and

322

00:11:19,650 --> 00:11:17,080

things at the other end of the room and

323

00:11:21,660 --> 00:11:19,660

a full-size young airplane wing which is

324

00:11:22,950 --> 00:11:21,670

pretty impressive I don't know where

325

00:11:24,990 --> 00:11:22,960

they keep the rest of the plane but this

326

00:11:26,670 --> 00:11:25,000

is Nydia but sort of the ways is good

327

00:11:28,800 --> 00:11:26,680

but we call that in look that's known as

328

00:11:30,330 --> 00:11:28,810

that the right wing okay as opposed to

329

00:11:32,160 --> 00:11:30,340

the left wing yet she's the other one

330

00:11:32,970 --> 00:11:32,170

was in a sort of yeah they have to Donny

331

00:11:38,550 --> 00:11:32,980

that's right

332

00:11:42,360 --> 00:11:38,560

okay dr. Wayne marks MN PhD LCG I am I

333

00:11:43,410 --> 00:11:42,370

am ECE ara es a respected fluffin had

334

00:11:45,930 --> 00:11:43,420

accepted the challenge

335

00:11:48,420 --> 00:11:45,940

Oh Ryan I am Mike doing my smoke smoking

336

00:11:49,620 --> 00:11:48,430

sign birth dr. Ryan nice to meet you

337

00:11:51,540 --> 00:11:49,630

just like all you do rose I'm a

338

00:11:54,030 --> 00:11:51,550

aerospace research here at Cardiff

339

00:11:55,980 --> 00:11:54,040

University are many focused on taking

340

00:11:57,810 --> 00:11:55,990

damage in aerospace structures can I

341

00:12:00,180 --> 00:11:57,820

call you Ryan or the other o Reilly Ryan

342

00:12:03,150 --> 00:12:00,190

is dr de gankelaar [h\_\_h] dr sounds

343

00:12:05,190 --> 00:12:03,160

quite good so doctor the case study that

344

00:12:06,210 --> 00:12:05,200

we've been looking at the night of the

345

00:12:08,730 --> 00:12:06,220

triangle in particular

346

00:12:10,590 --> 00:12:08,740

1983 January was a doctor well I first

347

00:12:13,440 --> 00:12:10,600

heard this I was thinking a DeltaWing

348

00:12:15,000 --> 00:12:13,450

craft like a like a stealth bomber when

349

00:12:16,440 --> 00:12:15,010

you first emailed me and said about

350

00:12:18,000 --> 00:12:16,450

flying triangles I instantly thought

351

00:12:20,160 --> 00:12:18,010

this is opening shirt this is going to

352

00:12:22,950 --> 00:12:20,170

be really easy 1982 we just had the

353

00:12:24,330 --> 00:12:22,960

Falklands War where the Volcom bomber

354

00:12:26,850 --> 00:12:24,340

was used so they were still in service

355

00:12:28,440 --> 00:12:26,860

which is triangular shape aircraft until

356

00:12:31,500 --> 00:12:28,450

I read some of the eyewitness accounts

357

00:12:33,780 --> 00:12:31,510

which then let me scratching my head now

358

00:12:34,600 --> 00:12:33,790

as far as I'm concerned these are

359

00:12:36,430 --> 00:12:34,610

craftsmen

360

00:12:37,870 --> 00:12:36,440

mention these convinced about this I

361

00:12:40,150 --> 00:12:37,880

mean there's there's no there's no room

362

00:12:41,650 --> 00:12:40,160

for argument here is really explanation

363

00:12:44,470 --> 00:12:41,660

that has to be more plausible a

364

00:12:47,259 --> 00:12:44,480

scientist first me we do is look at the

365

00:12:48,579 --> 00:12:47,269

evidence and trying for conclusions so

366

00:12:50,410 --> 00:12:48,589

what have you noticed from any of these

367

00:12:52,750 --> 00:12:50,420

case studies there's a commonality

368

00:12:55,509 --> 00:12:52,760

between all of them and that is they saw

369

00:12:58,090 --> 00:12:55,519

some sort of flying craft however there

370

00:13:00,250 --> 00:12:58,100

are some differences we have accounts

371

00:13:02,230 --> 00:13:00,260

that range in size from size of a small

372

00:13:04,509 --> 00:13:02,240

family car right all the way up to twice

373

00:13:07,150 --> 00:13:04,519

the size of a 747 jumbo jet which is

374

00:13:09,699 --> 00:13:07,160

math as a big different there are some

375

00:13:11,889 --> 00:13:09,709

commonalities however between all of the

376

00:13:13,269 --> 00:13:11,899

accounts and that is that typically

377

00:13:15,940 --> 00:13:13,279

there were some lights on board this

378

00:13:17,170 --> 00:13:15,950

craft but the biggest commonality

379

00:13:19,360 --> 00:13:17,180

between all of the accounts is that

380

00:13:21,610 --> 00:13:19,370

there was no smell and there's no sound

381

00:13:23,440 --> 00:13:21,620

any aircraft I've seen that be made by

382

00:13:26,199 --> 00:13:23,450

humans make a lot of noise and they

383

00:13:27,490 --> 00:13:26,209

smell quite bad this smell coid but yeah

384

00:13:27,880 --> 00:13:27,500

I've been closed to aeroplanes and they

385

00:13:30,040 --> 00:13:27,890

stink

386

00:13:32,470 --> 00:13:30,050

if the aircraft's making no sound that

387

00:13:33,250 --> 00:13:32,480

really starts to wiggle it down to two

388

00:13:36,579 --> 00:13:33,260

possibilities

389

00:13:38,620 --> 00:13:36,589

a ver a a glider or some sort of

390

00:13:40,509 --> 00:13:38,630

lighter-than-air craft though there are

391

00:13:43,060 --> 00:13:40,519

large-scale gliders typically they're

392

00:13:45,069 --> 00:13:43,070

quite small and don't tend to fly at

393

00:13:47,290 --> 00:13:45,079

night to the such or a more likely

394

00:13:49,240 --> 00:13:47,300

situation was that it's a lighter than

395

00:13:52,150 --> 00:13:49,250

aircraft you really look at a hot air

396

00:13:54,960 --> 00:13:52,160

balloon type or an airship okay I have

397

00:13:57,730 --> 00:13:54,970

done some digging let's go back to 1983

398

00:14:00,670 --> 00:13:57,740

during the Falklands War hms sheffield

399

00:14:02,500 --> 00:14:00,680

was actually attacked and sunk so this

400

00:14:06,189 --> 00:14:02,510

gave a requirement to investigate

401  
00:14:07,780 --> 00:14:06,199  
airborne early-warning vehicles okay

402  
00:14:10,569 --> 00:14:07,790  
right yeah a British company called

403  
00:14:13,630 --> 00:14:10,579  
airship industries in the early 80s were

404  
00:14:19,060 --> 00:14:13,640  
developing a airship called the sky ship

405  
00:14:21,460 --> 00:14:19,070  
500 and in 1983 the sky ship 500 was

406  
00:14:23,620 --> 00:14:21,470  
actually put on trial by the British

407  
00:14:25,960 --> 00:14:23,630  
Navy Swansea being on the coast

408  
00:14:28,420 --> 00:14:25,970  
these were naval trials so it's quite

409  
00:14:31,630 --> 00:14:28,430  
possible that this such craft was out in

410  
00:14:34,600 --> 00:14:31,640  
the Atlantic testing early warning

411  
00:14:36,040 --> 00:14:34,610  
devices have you got any images of what

412  
00:14:37,180 --> 00:14:36,050  
yeah it's a little bit local so the

413  
00:14:38,710 --> 00:14:37,190

craft would actually looks something

414

00:14:40,600 --> 00:14:38,720

like that

415

00:14:42,939 --> 00:14:40,610

we're already standard sort of airship

416

00:14:44,830 --> 00:14:42,949

style well I'll just explain them if

417

00:14:46,660 --> 00:14:44,840

people know earlier ship looks like you

418

00:14:48,670 --> 00:14:46,670

Zeppelin airship right with with the

419

00:14:50,260 --> 00:14:48,680

fins in the back of a contra knee but

420

00:14:52,570 --> 00:14:50,270

then what's interesting to me is above

421

00:14:54,280 --> 00:14:52,580

that you've got the same ship at night

422

00:14:56,410 --> 00:14:54,290

with its I assume some sort of running

423

00:14:58,960 --> 00:14:56,420

lights on me yeah those three lights

424

00:15:00,850 --> 00:14:58,970

there John yeah you see those yeah no

425

00:15:03,550 --> 00:15:00,860

imagine drawing a line in your mind

426  
00:15:03,940 --> 00:15:03,560  
between those one two three what you

427  
00:15:08,260 --> 00:15:03,950  
have

428  
00:15:11,410 --> 00:15:08,270  
I mean it's I'm sort of a geometric

429  
00:15:13,630 --> 00:15:11,420  
image yeah three pointed to three

430  
00:15:16,720 --> 00:15:13,640  
pointed geometric shape also known as

431  
00:15:18,430 --> 00:15:16,730  
member school some of the nuns yes

432  
00:15:19,810 --> 00:15:18,440  
beating it into me it's triangle it's a

433  
00:15:22,900 --> 00:15:19,820  
trial nature a trial oh yeah he's a

434  
00:15:25,000 --> 00:15:22,910  
trying yeah right if I was in Swansea 30

435  
00:15:26,890 --> 00:15:25,010  
years ago and I saw three lights in the

436  
00:15:28,480 --> 00:15:26,900  
sky like that I couldn't explain them

437  
00:15:31,210 --> 00:15:28,490  
there's no there's no noise it's moving

438  
00:15:33,070 --> 00:15:31,220

slowly I'm someone you think described

439

00:15:37,300 --> 00:15:33,080

himself as a aviation geek and I've only

440

00:15:40,150 --> 00:15:37,310

ever seen one in 1983 in the dark it's

441

00:15:42,190 --> 00:15:40,160

difficult to conclude and again it's a

442

00:15:44,380 --> 00:15:42,200

big craft it's a craft of two sizes

443

00:15:45,700 --> 00:15:44,390

you've got the large envelope which does

444

00:15:47,650 --> 00:15:45,710

fall in line with people say it's a

445

00:15:49,690 --> 00:15:47,660

large craft but the small gondola

446

00:15:50,770 --> 00:15:49,700

underneath which is later which falls in

447

00:15:53,110 --> 00:15:50,780

line with people saying it's a small

448

00:15:54,400 --> 00:15:53,120

craft but I saw something in the world

449

00:15:56,230 --> 00:15:54,410

fairly it would have been around that

450

00:15:57,610 --> 00:15:56,240

time maybe a little later just I want to

451  
00:15:59,560 --> 00:15:57,620  
interject that's the thing you saw that

452  
00:16:01,600 --> 00:15:59,570  
you said took you on board as planted an

453  
00:16:02,920 --> 00:16:01,610  
egg inside of you would like to know

454  
00:16:04,540 --> 00:16:02,930  
it'll I don't want a new type of

455  
00:16:06,460 --> 00:16:04,550  
life-form no that's when you put two

456  
00:16:08,620 --> 00:16:06,470  
together made nine that Lincoln told me

457  
00:16:10,420 --> 00:16:08,630  
no I told you I've seen three lights and

458  
00:16:12,100 --> 00:16:10,430  
they were moving from right to left

459  
00:16:14,080 --> 00:16:12,110  
could be initially it could be your

460  
00:16:16,060 --> 00:16:14,090  
scientific approach and your answer to

461  
00:16:17,410 --> 00:16:16,070  
what you believe happened without the

462  
00:16:19,570 --> 00:16:17,420  
fog was robbed that happen we've got

463  
00:16:21,670 --> 00:16:19,580

we've got an actual airship that was

464

00:16:23,410 --> 00:16:21,680

produced you know about happened he's

465

00:16:25,960 --> 00:16:23,420

got actual photographs at my time making

466

00:16:28,630 --> 00:16:25,970

the exact shape of Lights that I saw

467

00:16:30,820 --> 00:16:28,640

others died yeah okay these things this

468

00:16:32,890 --> 00:16:30,830

is called our research on this cause of

469

00:16:34,720 --> 00:16:32,900

telling evidence so you call this hard

470

00:16:36,310 --> 00:16:34,730

research and compelling evidence yeah

471

00:16:37,750 --> 00:16:36,320

what if I was to call it stuff and

472

00:16:40,090 --> 00:16:37,760

nonsense what if they could disguise

473

00:16:42,010 --> 00:16:40,100

themselves to look like this but in

474

00:16:42,810 --> 00:16:42,020

reality bet something else have you

475

00:16:47,100 --> 00:16:42,820

thought about that

476  
00:16:49,570 --> 00:16:47,110  
and saying that possibility why would

477  
00:16:51,400 --> 00:16:49,580  
aliens want to take the form of an

478  
00:16:55,030 --> 00:16:51,410  
airship surely you choose something a

479  
00:16:58,160 --> 00:16:55,040  
bit more of a like a Spitfire yeah for a

480  
00:17:02,180 --> 00:16:58,170  
step or a subject yeah a plane John Sam

481  
00:17:04,309 --> 00:17:02,190  
a lair okay a motorbike that flies John

482  
00:17:05,840 --> 00:17:04,319  
was on the ropes reading from dr. Rhines

483  
00:17:08,720 --> 00:17:05,850  
thrusting knowledge and logical approach

484  
00:17:10,760 --> 00:17:08,730  
but the fluffin wasn't finished the

485  
00:17:13,520 --> 00:17:10,770  
prototype craft which is golf Bravo

486  
00:17:15,740 --> 00:17:13,530  
India hotel November I believe the same

487  
00:17:18,679 --> 00:17:15,750  
craft then went on to open up the Summer

488  
00:17:20,179 --> 00:17:18,689

Olympics in 1984 s angeles los angeles

489

00:17:22,760 --> 00:17:20,189

was a big clown a film

490

00:17:25,490 --> 00:17:22,770

yeah me and even better than that this

491

00:17:27,530 --> 00:17:25,500

story can take an even better turn then

492

00:17:29,960 --> 00:17:27,540

went on to feature in the James Bond

493

00:17:31,880 --> 00:17:29,970

film view to a kill yeah cos or an

494

00:17:34,460 --> 00:17:31,890

industry or in in delays over the fights

495

00:17:36,380 --> 00:17:34,470

Christopher Walken in a giant an airship

496

00:17:38,930 --> 00:17:36,390

it's amazing that is one of yet one of

497

00:17:40,909 --> 00:17:38,940

the guest films of all time yes exactly

498

00:17:42,200 --> 00:17:40,919

when we alive is that fascinating and

499

00:17:43,730 --> 00:17:42,210

that brilliant you need nothing else to

500

00:17:45,500 --> 00:17:43,740

you I know need aliens or little green

501  
00:17:47,299 --> 00:17:45,510  
men or abductions I'm very excited got

502  
00:17:49,549 --> 00:17:47,309  
James Bond you've got the Le Olympics

503  
00:17:50,930 --> 00:17:49,559  
even get any room for this to actually

504  
00:17:52,760 --> 00:17:50,940  
be a craft from another dimension

505  
00:17:55,370 --> 00:17:52,770  
I can't say with a hundred percent

506  
00:17:57,770 --> 00:17:55,380  
confidence that this was an airship I

507  
00:17:59,659 --> 00:17:57,780  
don't have the piece of writing from the

508  
00:18:03,169 --> 00:17:59,669  
military it says we were flying airship

509  
00:18:05,960 --> 00:18:03,179  
so respond to that night but I'm 95%

510  
00:18:08,090 --> 00:18:05,970  
confident that this is a craft of human

511  
00:18:09,710 --> 00:18:08,100  
creation shall we say dr. Roy those

512  
00:18:11,570 --> 00:18:09,720  
earthly fantastic well you still wish

513  
00:18:13,400 --> 00:18:11,580

some of the facts may be a bit iffy but

514

00:18:15,200 --> 00:18:13,410

I'll go with some of what you said and

515

00:18:17,360 --> 00:18:15,210

we'll see how far we can get with that

516

00:18:19,580 --> 00:18:17,370

with my evidence later on well I'm sure

517

00:18:22,880 --> 00:18:19,590

the truth is out there see someone's

518

00:18:25,280 --> 00:18:22,890

willing to learn as well Mike Mike had

519

00:18:27,049 --> 00:18:25,290

his answers and I had mine my facts

520

00:18:29,240 --> 00:18:27,059

could never be proven in a lab so I

521

00:18:31,549 --> 00:18:29,250

linked back up to Suppan to continue our

522

00:18:36,450 --> 00:18:31,559

research by looking up to the stars for

523

00:18:41,200 --> 00:18:39,340

if this mangy common fluff between there

524

00:18:43,029 --> 00:18:41,210

in the ghoul really pretty impressive

525

00:18:45,759 --> 00:18:43,039

failure stunning absolutely I don't

526

00:18:47,379 --> 00:18:45,769

often feel grateful I know you and then

527

00:18:49,599 --> 00:18:47,389

often feel are you any sort of gratitude

528

00:18:51,879 --> 00:18:49,609

whatsoever like this is one of those

529

00:18:56,049 --> 00:18:51,889

rare moments John what I'm grateful to

530

00:18:57,820 --> 00:18:56,059

you because the view of the night sky is

531

00:18:59,830 --> 00:18:57,830

absolutely something else I mean this is

532

00:19:01,629 --> 00:18:59,840

probably the clearest night the orga see

533

00:19:03,039 --> 00:19:01,639

thousands and thousands of thousands of

534

00:19:05,499 --> 00:19:03,049

stars I can see the Milky Way quite

535

00:19:07,509 --> 00:19:05,509

clearly on some consolation I can see

536

00:19:11,440 --> 00:19:07,519

player D like two years of major I can

537

00:19:13,659 --> 00:19:11,450

see wicks the other sleek export they're

538

00:19:15,820 --> 00:19:13,669

not there are constellations and like

539

00:19:17,619 --> 00:19:15,830

bus no there's not there's not there's

540

00:19:19,180 --> 00:19:17,629

not platypus one assertion made you

541

00:19:21,190 --> 00:19:19,190

notice also the great bear held a big

542

00:19:23,049 --> 00:19:21,200

difference the argument Ryan the cat

543

00:19:26,019 --> 00:19:23,059

yeah no I figured of all Ryan you can't

544

00:19:28,570 --> 00:19:26,029

see that's below horizon kid packs just

545

00:19:31,119 --> 00:19:28,580

all across there sit effect effects

546

00:19:32,649 --> 00:19:31,129

nebula and what's amazing about that is

547

00:19:35,529 --> 00:19:32,659

they named the correction fluid after

548

00:19:37,509 --> 00:19:35,539

that not amazing we moon because it was

549

00:19:39,820 --> 00:19:37,519

so brilliantly white they looked at it

550

00:19:41,889 --> 00:19:39,830

and they thought that's so white give

551

00:19:44,950 --> 00:19:41,899

you three like it vector nebula look

552

00:19:46,299 --> 00:19:44,960

movement so plunger now how did you know

553

00:19:47,859 --> 00:19:46,309

it's a plane let's go through the

554

00:19:50,200 --> 00:19:47,869

checklist what's a UFO how do you

555

00:19:50,470 --> 00:19:50,210

describe a UFO I'll identify fly mugs

556

00:19:52,840 --> 00:19:50,480

right

557

00:19:54,580 --> 00:19:52,850

what's that that's an identified flying

558

00:19:57,519 --> 00:19:54,590

object how do you also identified as an

559

00:19:59,019 --> 00:19:57,529

IFO how do you identify I got to play me

560

00:20:00,999 --> 00:19:59,029

I've seen planes before lots of times

561

00:20:02,169 --> 00:20:01,009

and that is definitely a plane but isn't

562

00:20:05,619 --> 00:20:02,179

it amazing the way it hangs in the sky

563

00:20:07,359 --> 00:20:05,629

like that yeah with us so probably move

564

00:20:10,359 --> 00:20:07,369

as you listen very carefully

565

00:20:13,180 --> 00:20:10,369

mmm you near the engine and let's prove

566

00:20:15,070 --> 00:20:13,190

to you there's not a plane as it yeah on

567

00:20:16,869 --> 00:20:15,080

a cold wintry common we met up with soo

568

00:20:19,509 --> 00:20:16,879

fun to hunt them light skies for

569

00:20:20,830 --> 00:20:19,519

evidence that we are not alone watch

570

00:20:24,340 --> 00:20:20,840

your watch your footing and what you

571

00:20:26,830 --> 00:20:24,350

acquitted hello everyone hello how long

572

00:20:28,539 --> 00:20:26,840

should a location point is a bit dark I

573

00:20:30,039 --> 00:20:28,549

can sort of make you out look like a

574

00:20:31,210 --> 00:20:30,049

sinister cult but hopefully you know

575

00:20:33,430 --> 00:20:31,220

what's gonna happen tonight

576

00:20:35,229 --> 00:20:33,440

so you guys you just studied the the

577

00:20:37,389 --> 00:20:35,239

watch has just begun tonight is that

578

00:20:38,799 --> 00:20:37,399

right yeah and um you know what sort of

579

00:20:40,479 --> 00:20:38,809

things are we going to expect to see on

580

00:20:42,489 --> 00:20:40,489

an average sort of night out like this

581

00:20:45,129 --> 00:20:42,499

well the office is going to be meteors

582

00:20:47,030 --> 00:20:45,139

in it and an aircraft beyond satellite

583

00:20:49,190 --> 00:20:47,040

the odd site light

584

00:20:51,080 --> 00:20:49,200

yeah but you never know we may get lucky

585

00:20:53,420 --> 00:20:51,090

yeah what sort of stuff will be looking

586

00:20:55,640 --> 00:20:53,430

for anything that's that's not so what

587

00:20:57,590 --> 00:20:55,650

we're basically looking for I suppose is

588

00:20:59,150 --> 00:20:57,600

a bright light in the sky which is

589

00:21:00,110 --> 00:20:59,160

moving that's the first thing we're

590

00:21:01,670 --> 00:21:00,120

looking for okay

591

00:21:03,440 --> 00:21:01,680

and then we've got to rule out what it

592

00:21:05,000 --> 00:21:03,450

is I mean obviously go look to see the

593

00:21:06,290 --> 00:21:05,010

obvious solutions what it is and

594

00:21:07,760 --> 00:21:06,300

normally that that's what it is

595

00:21:09,140 --> 00:21:07,770

but I mean if something's moving in a

596

00:21:10,580 --> 00:21:09,150

straight line across the sky and

597

00:21:13,340 --> 00:21:10,590

suddenly moves off at a different angle

598

00:21:14,450 --> 00:21:13,350

that's really unusual isn't it so so

599

00:21:15,800 --> 00:21:14,460

you're trying to basically discount

600

00:21:17,450 --> 00:21:15,810

things that couldn't be first that's

601  
00:21:18,650 --> 00:21:17,460  
right he has anything that you've seen

602  
00:21:20,540 --> 00:21:18,660  
in the last of the year and a half that

603  
00:21:22,790 --> 00:21:20,550  
this stood of you yeah we were done a

604  
00:21:24,830 --> 00:21:22,800  
crafty couple months back which is North

605  
00:21:26,210 --> 00:21:24,840  
Keller on the coast and about a mile

606  
00:21:28,820 --> 00:21:26,220  
away above the hell we saw an orange

607  
00:21:30,740 --> 00:21:28,830  
light which is stationary is only for

608  
00:21:32,150 --> 00:21:30,750  
about 30 seconds exactly definitely

609  
00:21:34,540 --> 00:21:32,160  
wasn't helicopter wasn't a Chinese

610  
00:21:36,890 --> 00:21:34,550  
lantern is too big for a Chinese lantern

611  
00:21:39,170 --> 00:21:36,900  
at the temperature dropped by

612  
00:21:44,450 --> 00:21:39,180  
anticipation rose and the light show

613  
00:21:47,690 --> 00:21:44,460

began oh there you go Wow shooting star

614

00:21:49,880 --> 00:21:47,700

that would have been some face justice

615

00:21:51,500 --> 00:21:49,890

burning up in entering on definitely yes

616

00:21:53,030 --> 00:21:51,510

hail on it it just went straight across

617

00:21:54,740 --> 00:21:53,040

it's lovely those particle of something

618

00:21:55,790 --> 00:21:54,750

that's as good of military you know

619

00:21:57,340 --> 00:21:55,800

obviously you guys have got a real

620

00:22:00,020 --> 00:21:57,350

passion for this what would your ideal

621

00:22:02,570 --> 00:22:00,030

situation be I mean if something was to

622

00:22:05,660 --> 00:22:02,580

come out of the sky and come close and

623

00:22:07,820 --> 00:22:05,670

it was some sort of craft with a door on

624

00:22:09,470 --> 00:22:07,830

the front but line development would you

625

00:22:13,730 --> 00:22:09,480

have we don't tell you without a doubt

626  
00:22:15,440 --> 00:22:13,740  
engine yeah yeah yeah I'm pretty sick of

627  
00:22:17,900 --> 00:22:15,450  
this little donut or 20 foot you know

628  
00:22:19,580 --> 00:22:17,910  
and I'd like to see an experience I'll

629  
00:22:20,900 --> 00:22:19,590  
just try something new so cold I'd

630  
00:22:23,390 --> 00:22:20,910  
probably go in there as well what I mean

631  
00:22:25,850 --> 00:22:23,400  
yeah hurt a lot by ago I be straight

632  
00:22:27,980 --> 00:22:25,860  
admit the time had come to discuss dr.

633  
00:22:28,520 --> 00:22:27,990  
Rhines flopping findings without Suppan

634  
00:22:30,770 --> 00:22:28,530  
friends

635  
00:22:34,520 --> 00:22:30,780  
well after group now the one of the few

636  
00:22:36,230 --> 00:22:34,530  
that we heard was an aircraft engineer

637  
00:22:39,260 --> 00:22:36,240  
who said that maybe this could have been

638  
00:22:41,120 --> 00:22:39,270

if you were slow-moving if there's no

639

00:22:42,590 --> 00:22:41,130

sound and maybe this was an issue from

640

00:22:44,720 --> 00:22:42,600

what this chap was saying that on a dark

641

00:22:47,060 --> 00:22:44,730

night it's going to be obscured totally

642

00:22:48,230 --> 00:22:47,070

apart from the primitive like soft but

643

00:22:50,120 --> 00:22:48,240

you're going to make the triangle that

644

00:22:50,720 --> 00:22:50,130

triangle shape is raccoon with a lot of

645

00:22:51,980 --> 00:22:50,730

different people

646

00:22:54,100 --> 00:22:51,990

even with an airship you get noise

647

00:22:57,279 --> 00:22:54,110

because of the petrol engine with

648

00:22:59,200 --> 00:22:57,289

fellas go yeah I mean sad no noise at

649

00:23:00,610 --> 00:22:59,210

all you know if there were 200 witnesses

650

00:23:02,500 --> 00:23:00,620

surely some of them would have turned

651  
00:23:04,330 --> 00:23:02,510  
around said oh we can discount it we

652  
00:23:06,460 --> 00:23:04,340  
know what we saw it was a blimp some

653  
00:23:08,230 --> 00:23:06,470  
people could see it as being a triangle

654  
00:23:10,539 --> 00:23:08,240  
others see it from different angles

655  
00:23:12,310 --> 00:23:10,549  
one witness I spoke to he saw a big

656  
00:23:14,230 --> 00:23:12,320  
black triangle over roughly where the

657  
00:23:16,210 --> 00:23:14,240  
Liberty Stadium is enough and he was

658  
00:23:18,639 --> 00:23:16,220  
looked at she looking down on it because

659  
00:23:20,769 --> 00:23:18,649  
he was on the hill above it and so he he

660  
00:23:22,180 --> 00:23:20,779  
was looking down on the triangle yes he

661  
00:23:24,519 --> 00:23:22,190  
was at a higher elevation than the

662  
00:23:26,259 --> 00:23:24,529  
object the object was quite low if

663  
00:23:28,000 --> 00:23:26,269

someone's like at a same level or maybe

664

00:23:29,320 --> 00:23:28,010

they're looking down slowly other if

665

00:23:31,000 --> 00:23:29,330

this did they also see in that same

666

00:23:33,100 --> 00:23:31,010

triangular shape and that becomes a lot

667

00:23:35,379 --> 00:23:33,110

more I'm thinking of what can walk in

668

00:23:37,180 --> 00:23:35,389

that possibly be in our journey the

669

00:23:39,759 --> 00:23:37,190

night of the triangles was hard to fully

670

00:23:41,620 --> 00:23:39,769

explain like maths or how a baby's made

671

00:23:44,169 --> 00:23:41,630

and before we knew it our own

672

00:23:46,299 --> 00:23:44,179

unexplainable event was about to unfold

673

00:23:48,279 --> 00:23:46,309

what do you reckon that orange light is

674

00:23:51,669 --> 00:23:48,289

out there you look at why are we looking

675

00:23:53,320 --> 00:23:51,679

at this okay so relatively low down and

676

00:23:55,360 --> 00:23:53,330

what is that in front of us there's

677

00:23:55,750 --> 00:23:55,370

something like an orange light floating

678

00:23:58,299 --> 00:23:55,760

in the sky

679

00:24:00,070 --> 00:23:58,309

oh yes drinks over towards portal but so

680

00:24:01,539 --> 00:24:00,080

that's that's definitely an anomaly gap

681

00:24:02,620 --> 00:24:01,549

just above the horizon where we're

682

00:24:05,200 --> 00:24:02,630

looking to the east there's like an

683

00:24:07,210 --> 00:24:05,210

orange glow in looks like it's pulsing

684

00:24:09,970 --> 00:24:07,220

light yeah you're like a balloon for

685

00:24:11,710 --> 00:24:09,980

Nautilus someone look at this this what

686

00:24:13,750 --> 00:24:11,720

sort of an ocular what can you see Mike

687

00:24:15,340 --> 00:24:13,760

well it's not a star because this it's

688

00:24:16,899 --> 00:24:15,350

round it's an orange light there's no

689

00:24:19,149 --> 00:24:16,909

other is no green light or red light

690

00:24:22,600 --> 00:24:19,159

snow white lights it's just hanging

691

00:24:23,950 --> 00:24:22,610

there hang in the orange it looks like

692

00:24:26,759 --> 00:24:23,960

to me but we all street lights are

693

00:24:29,740 --> 00:24:26,769

orange you like it's a 1970 street light

694

00:24:32,580 --> 00:24:29,750

that's interested what we wanted to do

695

00:24:35,169 --> 00:24:32,590

is move but they spoke too soon

696

00:24:36,610 --> 00:24:35,179

obviously influenced by the power of our

697

00:24:40,330 --> 00:24:36,620

minds the orb

698

00:24:42,009 --> 00:24:40,340

began to rise since the suta risen

699

00:24:43,810 --> 00:24:42,019

demand I think it's raised there almost

700

00:24:45,129 --> 00:24:43,820

vertically and very slowly but it's

701

00:24:46,899 --> 00:24:45,139

definitely God moved up in the sky

702

00:24:48,279 --> 00:24:46,909

quicker than a planner would rise if

703

00:24:49,480 --> 00:24:48,289

they did a planet like Jupiter I should

704

00:24:51,700 --> 00:24:49,490

be getting brighter as it goes higher

705

00:24:53,440 --> 00:24:51,710

but it's not it sort of dimmed a bit now

706

00:24:54,789 --> 00:24:53,450

John with a highlighters now so that's

707

00:24:56,470 --> 00:24:54,799

amazing because what we're seeing here

708

00:24:59,350 --> 00:24:56,480

is looking at it associated with a start

709

00:25:00,850 --> 00:24:59,360

yes moving left it's moving more like

710

00:25:04,029 --> 00:25:00,860

that's moving it quite a lot of speed

711

00:25:06,760 --> 00:25:04,039

the all flew towards us pulsing and

712

00:25:07,480 --> 00:25:06,770

glowing ever brighter as it bore down

713

00:25:09,940 --> 00:25:07,490

upon us

714

00:25:11,920 --> 00:25:09,950

the terrible truth revealed itself I

715

00:25:13,480 --> 00:25:11,930

could see a burden to helicopter

716

00:25:15,100 --> 00:25:13,490

possessor that there's a red light to

717

00:25:17,860 --> 00:25:15,110

the back we've had a little mini

718

00:25:20,110 --> 00:25:17,870

experience there I've seen something at

719

00:25:22,660 --> 00:25:20,120

first hopefully I'll be scared maybe a

720

00:25:24,790 --> 00:25:22,670

little bit of we did come out but that's

721

00:25:26,290 --> 00:25:24,800

quite nice is that through your

722

00:25:27,880 --> 00:25:26,300

experience guys you prove what you know

723

00:25:29,650 --> 00:25:27,890

you might explain it away

724

00:25:31,870 --> 00:25:29,660

yeah I'm it's quite logical what are you

725

00:25:33,790 --> 00:25:31,880

getting in Iran only there's a red light

726

00:25:35,170 --> 00:25:33,800

at the back yeah nothing comes over you

727

00:25:37,780 --> 00:25:35,180

can sort of see the flashing lights on

728

00:25:39,370 --> 00:25:37,790

it so have science triumphs once again

729

00:25:40,690 --> 00:25:39,380

or all the colour convinced John that

730

00:25:44,890 --> 00:25:40,700

the light of reality could outshine

731

00:25:46,390 --> 00:25:44,900

fantasy now I'm looking up I can see the

732

00:25:49,330 --> 00:25:46,400

Milky Way I could see millions of stars

733

00:25:51,070 --> 00:25:49,340

okay it blows my mind that like those

734

00:25:53,590 --> 00:25:51,080

photon trail of stars has travel for

735

00:25:56,260 --> 00:25:53,600

sort of millions of years across overall

736

00:25:59,020 --> 00:25:56,270

we imaginable tractors space this is the

737

00:26:01,480 --> 00:25:59,030

beauty of nature of science there's

738

00:26:04,390 --> 00:26:01,490

nothing there that can't be explained by

739

00:26:06,760 --> 00:26:04,400

science and by fact but doesn't make any

740

00:26:07,930 --> 00:26:06,770

less amazing doesn't make any less a

741

00:26:11,590 --> 00:26:07,940

stone and doesn't make it any less

742

00:26:15,130 --> 00:26:11,600

magical I think it's overwhelming -

743

00:26:17,380 --> 00:26:15,140

thank you yes out there now yes there is

744

00:26:19,360 --> 00:26:17,390

a rate of dogs with human faces looking

745

00:26:20,680 --> 00:26:19,370

down upon us white I'm not selling on

746

00:26:22,600 --> 00:26:20,690

life out there not saying there's not

747

00:26:23,710 --> 00:26:22,610

millions of life forms out there I'm

748

00:26:26,500 --> 00:26:23,720

just saying I don't think they were in

749

00:26:28,090 --> 00:26:26,510

triangular-shaped craft in Swansea 1983

750

00:26:30,070 --> 00:26:28,100

right I'm just saying that the universe

751  
00:26:32,430 --> 00:26:30,080  
is a wonderful thing John the signs of

752  
00:26:34,720 --> 00:26:32,440  
it there's probably like a load of a

753  
00:26:36,970 --> 00:26:34,730  
planet full of things that look like the

754  
00:26:39,100 --> 00:26:36,980  
General Zod in Superman why do our

755  
00:26:41,050 --> 00:26:39,110  
brothers embrace heads are just the

756  
00:26:41,440 --> 00:26:41,060  
faces of zebras and not even his Everest

757  
00:26:44,380 --> 00:26:41,450  
head

758  
00:26:45,850 --> 00:26:44,390  
General Zod with the Zebras face you

759  
00:26:47,500 --> 00:26:45,860  
literally does everything I say go into

760  
00:26:49,030 --> 00:26:47,510  
warning familiar there are some planets

761  
00:26:50,680 --> 00:26:49,040  
where people are just made of gas right

762  
00:26:52,330 --> 00:26:50,690  
well you still know with your torch and

763  
00:26:54,970 --> 00:26:52,340

go back in the car okay you can roll up

764

00:26:57,820 --> 00:26:54,980

to the to the dogface n dogface meant

765

00:27:00,940 --> 00:26:57,830

people with with worms instead of arms

766

00:27:02,950 --> 00:27:00,950

mica boat Gill people we don't even swim

767

00:27:04,990 --> 00:27:02,960

but float for the air yeah hailed like

768

00:27:07,270 --> 00:27:05,000

fish a peace-loving planet people made

769

00:27:09,610 --> 00:27:07,280

out of flowers but with human legs go

770

00:27:11,950 --> 00:27:09,620

away entire race of people with onions

771

00:27:16,870 --> 00:27:11,960

instead of eyes Mike I hope they abduct

772

00:27:20,340 --> 00:27:16,880

you yeah me too Mike me too
