

SWANSEA
UFO
NETWORK

1
00:00:58,880 --> 00:00:53,060

[Music]

2
00:01:00,380 --> 00:00:58,890
tonight we have the pleasure to

3
00:01:04,460 --> 00:01:00,390
introduce our guest speaker of the

4
00:01:06,830 --> 00:01:04,470
evening mrs. mr. Benton Emlyn Jones Ben

5
00:01:09,080 --> 00:01:06,840
was born in Aberystwyth brought up in

6
00:01:11,570 --> 00:01:09,090
the Lampeter area before moving to

7
00:01:13,580 --> 00:01:11,580
Oxford where happens and about five

8
00:01:16,400 --> 00:01:13,590
years ago I think it was he said spent

9
00:01:18,580 --> 00:01:16,410
22 well-respected years employed as a

10
00:01:22,310 --> 00:01:18,590
hospital porter John Radcliffe Hospital

11
00:01:24,350 --> 00:01:22,320
which is in Oxford then became

12
00:01:28,180 --> 00:01:24,360
interested in UFOs and various other

13
00:01:31,430 --> 00:01:28,190

conspiracy theories in the late 1990s

14

00:01:33,170 --> 00:01:31,440

and he started his website blog which

15

00:01:37,280 --> 00:01:33,180

was hospital porters against the new

16

00:01:40,249 --> 00:01:37,290

world order in 2006 and it's thousands

17

00:01:41,749 --> 00:01:40,259

of visitors every day now we regularly

18

00:01:44,510 --> 00:01:41,759

attends and delivers talks and

19

00:01:46,910 --> 00:01:44,520

discussions all over Britain on a wide

20

00:01:49,460 --> 00:01:46,920

range of subjects and he's visited us

21

00:01:51,859 --> 00:01:49,470

before two previous occasions in our old

22

00:01:55,010 --> 00:01:51,869

venue where he spoke on the subjects of

23

00:01:59,420 --> 00:01:55,020

energy politics and UFOs and the history

24

00:02:02,899 --> 00:01:59,430

of Exopolitics now his talk this evening

25

00:02:06,020 --> 00:02:02,909

is intriguingly entitled anata no sure

26
00:02:07,760 --> 00:02:06,030
Roswell now he's brave the elements and

27
00:02:09,680 --> 00:02:07,770
travel the good distance today to be

28
00:02:12,160 --> 00:02:09,690
with us this evening so please give a

29
00:02:18,009 --> 00:02:12,170
warm sue phone welcome mr. Ben and enjoy

30
00:02:22,550 --> 00:02:20,479
thank you very much ladies and gentlemen

31
00:02:33,020 --> 00:02:22,560
it's great to be back no it wasn't

32
00:02:35,090 --> 00:02:33,030
actually too bad but it's made to be

33
00:02:37,430 --> 00:02:35,100
back and it's great to be in this new

34
00:02:46,100 --> 00:02:37,440
venue old fancy being in that marquee

35
00:02:47,750 --> 00:02:46,110
this evening but this is me well it's my

36
00:02:50,320 --> 00:02:47,760
web site hospital porters against the

37
00:02:54,440 --> 00:02:50,330
new world order now in its 11th year and

38
00:02:55,759 --> 00:02:54,450

it is for basically covers the UFO

39

00:02:58,120 --> 00:02:55,769

subject but also lots of other things

40

00:03:01,610 --> 00:02:58,130

government cover-ups ghosts

41

00:03:03,080 --> 00:03:01,620

cryptozoology paranormal chemtrails

42

00:03:05,420 --> 00:03:03,090

hidden history

43

00:03:08,000 --> 00:03:05,430

the ology things like that so it's an

44

00:03:10,640 --> 00:03:08,010

awful lot there and there's no new site

45

00:03:12,800 --> 00:03:10,650

which update every day our videos I've

46

00:03:15,440 --> 00:03:12,810

got better channel I do I do my own

47

00:03:28,009 --> 00:03:15,450

radio shows as well some point said busy

48

00:03:29,690 --> 00:03:28,019

now expect no click or something yeah

49

00:03:31,670 --> 00:03:29,700

okay it's all over you guys if I just

50

00:03:33,860 --> 00:03:31,680

took if I do my whole speech now it's

51
00:03:35,150 --> 00:03:33,870
about an hour and a quarter is that okay

52
00:03:37,400 --> 00:03:35,160
with everyone and then I do all take

53
00:03:43,280 --> 00:03:37,410
questions and past the break it is to be

54
00:03:45,830 --> 00:03:43,290
shorter this time that's all okay well

55
00:03:47,720 --> 00:03:45,840
today I'm going to talk about the

56
00:03:50,630 --> 00:03:47,730
Nottingham show Roswell now you've heard

57
00:03:53,930 --> 00:03:50,640
the term lost world for many many times

58
00:03:56,569 --> 00:03:53,940
I'm sure but never associated with

59
00:04:00,619 --> 00:03:56,579
Nottingham sure now was well of course

60
00:04:03,890 --> 00:04:00,629
it's a place it's a city or it's a city

61
00:04:08,420 --> 00:04:03,900
or town it's called a city a New Mexico

62
00:04:10,509 --> 00:04:08,430
USA now in July of 1947 and something

63
00:04:13,819 --> 00:04:10,519

very strange happened and artifacts of

64

00:04:15,140 --> 00:04:13,829

extraterrestrial origin came to grief on

65

00:04:17,060 --> 00:04:15,150

the Earth's surface and was secretly

66

00:04:18,379 --> 00:04:17,070

salvaged by the government the

67

00:04:19,759 --> 00:04:18,389

government then put out a cover story

68

00:04:22,850 --> 00:04:19,769

and said it had been just a weather

69

00:04:26,600 --> 00:04:22,860

balloon they've changed their to several

70

00:04:30,140 --> 00:04:26,610

times over the last 70 years since then

71

00:04:31,339 --> 00:04:30,150

well that's true I mean they come up

72

00:04:33,020 --> 00:04:31,349

with all kinds of cock-and-bull stories

73

00:04:35,210 --> 00:04:33,030

and you name it they thought of it but

74

00:04:36,409 --> 00:04:35,220

they still deny that it was an

75

00:04:37,850 --> 00:04:36,419

extraterrestrial artifact this is

76

00:04:41,390 --> 00:04:37,860

something that it's just as they

77

00:04:45,650 --> 00:04:41,400

continue to this day and I'm glad to say

78

00:04:47,560 --> 00:04:45,660

that I actually am organized an event

79

00:04:50,320 --> 00:04:47,570

called Roswell 70 which is the only

80

00:04:53,140 --> 00:04:50,330

event marking the 70th anniversary of

81

00:04:54,580 --> 00:04:53,150

outside was while itself I was quite

82

00:04:56,140 --> 00:04:54,590

surprised that no one else was doing it

83

00:04:57,339 --> 00:04:56,150

home I wanted to I thought something's

84

00:04:58,510 --> 00:04:57,349

gonna do one in Britain so I'll go to

85

00:05:01,029 --> 00:04:58,520

that one I couldn't get over the Rose

86

00:05:02,469 --> 00:05:01,039

Bowl then I realize no one more so I

87

00:05:06,100 --> 00:05:02,479

thought what to do with that it's

88

00:05:09,219 --> 00:05:06,110

usually the story so it's 70 years ago

89

00:05:10,719 --> 00:05:09,229

that's right but and the Roswell of

90

00:05:13,480 --> 00:05:10,729

course is a name it's a name of the city

91

00:05:16,770 --> 00:05:13,490

but it's only a matter of time before

92

00:05:20,619 --> 00:05:16,780

the Oxford English Dictionary puts

93

00:05:22,809 --> 00:05:20,629

Roswell into its pages as common noun to

94

00:05:25,959 --> 00:05:22,819

refer to this kind of event it's an

95

00:05:27,399 --> 00:05:25,969

entire sector of ufology since high

96

00:05:29,950 --> 00:05:27,409

discipline if you follow gee the crash

97

00:05:32,409 --> 00:05:29,960

retrieval as it's sometimes called and

98

00:05:34,450 --> 00:05:32,419

indeed we and ufology already do that

99

00:05:36,610 --> 00:05:34,460

you hear terms such as the brazilian

100

00:05:41,709 --> 00:05:36,620

roswell so well as well the russian

101
00:05:43,839 --> 00:05:41,719
roswell what what is essentially simply

102
00:05:45,760 --> 00:05:43,849
a word which has now been used for this

103
00:05:49,240 --> 00:05:45,770
kind for this particular type of UFO

104
00:05:51,369 --> 00:05:49,250
event this where a large amount of very

105
00:05:53,170 --> 00:05:51,379
decisive physical evidence turns up on

106
00:05:55,719 --> 00:05:53,180
the earth's surface and is then covered

107
00:05:58,990 --> 00:05:55,729
up the government put a big cordon

108
00:06:00,519 --> 00:05:59,000
around it they get rid of evidence then

109
00:06:04,600 --> 00:06:00,529
they put out a cover story and they say

110
00:06:06,909 --> 00:06:04,610
nothing happens here move along the

111
00:06:09,850 --> 00:06:06,919
Roswell incident try 1947 is not the

112
00:06:14,980 --> 00:06:09,860
only one in fact it's not even the first

113
00:06:16,209 --> 00:06:14,990

next one place this is what you'll see

114

00:06:18,010 --> 00:06:16,219

if you google Roswell you'll see an

115

00:06:20,950 --> 00:06:18,020

image like this which shows a flying

116

00:06:22,689 --> 00:06:20,960

saucer and military around it examining

117

00:06:25,360 --> 00:06:22,699

it keeping people away keeping people on

118

00:06:26,320 --> 00:06:25,370

lookers the kind of people like me who

119

00:06:29,010 --> 00:06:26,330

are interested in these sort of things

120

00:06:32,200 --> 00:06:29,020

away from it all

121

00:06:34,480 --> 00:06:32,210

this is just one of many many occasions

122

00:06:36,369 --> 00:06:34,490

where this kind of thing has happened in

123

00:06:39,309 --> 00:06:36,379

fact Roswell was not even the first one

124

00:06:41,379 --> 00:06:39,319

there's distinct evidence to suggest to

125

00:06:45,490 --> 00:06:41,389

suggest that a similar event happened in

126
00:06:50,080 --> 00:06:45,500
Cape Girardeau Missouri USA in 1945 in

127
00:06:51,369 --> 00:06:50,090
gate said England in 1940 and indeed if

128
00:06:53,439 --> 00:06:51,379
you want to find a beginnings to all

129
00:06:55,499 --> 00:06:53,449
this there's a one in the late 19th

130
00:06:57,939 --> 00:06:55,509
century ain't no in 1897 happened in

131
00:06:58,540 --> 00:06:57,949
Aurora Texas these things don't only

132
00:07:01,210 --> 00:06:58,550
happen in the

133
00:07:03,430 --> 00:07:01,220
States of America it just status a place

134
00:07:05,590 --> 00:07:03,440
where they tend to be reported their

135
00:07:07,210 --> 00:07:05,600
most that's drink a lot of water

136
00:07:14,400 --> 00:07:07,220
I've got drawing lips at the moment of

137
00:07:17,560 --> 00:07:14,410
some reason now the next slide please

138
00:07:20,860 --> 00:07:17,570

it's a boy but yeah

139

00:07:22,510 --> 00:07:20,870

Ryan would called magic eyes only she

140

00:07:24,640 --> 00:07:22,520

Earth's encounters with extraterrestrial

141

00:07:27,040 --> 00:07:24,650

technology this is a book which

142

00:07:29,650 --> 00:07:27,050

documents the Roswell the crash

143

00:07:33,460 --> 00:07:29,660

retrieval events approved the course of

144

00:07:35,740 --> 00:07:33,470

the 20th century and indeed in this book

145

00:07:38,590 --> 00:07:35,750

you'll find over a hundred entries now

146

00:07:39,910 --> 00:07:38,600

that's an average of one per year of

147

00:07:40,480 --> 00:07:39,920

course not all of them are going to be

148

00:07:43,420 --> 00:07:40,490

the real thing

149

00:07:45,670 --> 00:07:43,430

yeah even if the half of them are even

150

00:07:47,530 --> 00:07:45,680

if a quarter of them are real it means

151

00:07:49,840 --> 00:07:47,540

that the crash retrieval is a regular

152

00:07:52,000 --> 00:07:49,850

event that happens quite often

153

00:07:54,220 --> 00:07:52,010

I mean why it happens I'm not sure but

154

00:07:57,390 --> 00:07:54,230

do the alien spacecraft breakdown are

155

00:08:00,580 --> 00:07:57,400

they shot down by people on earth

156

00:08:03,130 --> 00:08:00,590

perhaps some one of the theories is that

157

00:08:05,500 --> 00:08:03,140

the aliens put these refugees around

158

00:08:08,350 --> 00:08:05,510

deliberate for us to find whatever

159

00:08:10,870 --> 00:08:08,360

reason whatever the cause there's no

160

00:08:12,700 --> 00:08:10,880

guarantee some of these events true and

161

00:08:17,100 --> 00:08:12,710

which means the next one could be near

162

00:08:19,900 --> 00:08:17,110

where you are now next one please

163

00:08:21,340 --> 00:08:19,910

here's a good example of what I think

164

00:08:23,740 --> 00:08:21,350

he's very very interesting evidence this

165

00:08:27,280 --> 00:08:23,750

is a still from a video it's actually

166

00:08:29,710 --> 00:08:27,290

from a film a cine film that was bought

167

00:08:32,230 --> 00:08:29,720

on the black market in Russia a few

168

00:08:33,910 --> 00:08:32,240

years ago and it was actually put into a

169

00:08:37,810 --> 00:08:33,920

TV documentary called the Russian

170

00:08:39,460 --> 00:08:37,820

Roswell and Roger Moore presented it the

171

00:08:41,590 --> 00:08:39,470

guy over there James Bond it's very very

172

00:08:43,570 --> 00:08:41,600

good now you see here a disc-shaped

173

00:08:45,880 --> 00:08:43,580

object embedded in the ground there's

174

00:08:47,470 --> 00:08:45,890

some Red Army soldiers around it and

175

00:08:49,890 --> 00:08:47,480

they used to see us but I mean all the

176

00:08:52,480 --> 00:08:49,900

top seat I'm seeing later on in there

177

00:08:53,740 --> 00:08:52,490

this is all being currently actual film

178

00:08:56,140 --> 00:08:53,750

stock and everything has been confirmed

179

00:08:57,550 --> 00:08:56,150

as real experts have looked at it and

180

00:08:58,960 --> 00:08:57,560

they said the uniforms and the weapons

181

00:09:00,250 --> 00:08:58,970

and equipment are all real is what do

182

00:09:02,860 --> 00:09:00,260

you expect in the Soviet Union in the

183

00:09:04,570 --> 00:09:02,870

1960s so in other words everything

184

00:09:04,930 --> 00:09:04,580

that's wrong with that alien autopsy

185

00:09:07,770 --> 00:09:04,940

thing

186

00:09:11,500 --> 00:09:07,780

came out in 1995 he's right with this I

187

00:09:13,810 --> 00:09:11,510

can't I wondering if that may explain

188

00:09:15,490 --> 00:09:13,820

the presence of the alien autopsy film

189

00:09:18,280 --> 00:09:15,500

but that so that's another subject a big

190

00:09:19,990 --> 00:09:18,290

one but as you can see yeah this is

191

00:09:21,400 --> 00:09:20,000

something the this is something happens

192

00:09:23,650 --> 00:09:21,410

outside the United States of America

193

00:09:26,230 --> 00:09:23,660

this happens in all countries all over

194

00:09:28,420 --> 00:09:26,240

the world yes what's strange about this

195

00:09:30,460 --> 00:09:28,430

is that the response from the government

196

00:09:33,190 --> 00:09:30,470

in the Soviet Union in the 1960s at the

197

00:09:37,270 --> 00:09:33,200

height of the Cold War was pretty much

198

00:09:40,900 --> 00:09:37,280

the same as what you found in the United

199

00:09:42,160 --> 00:09:40,910

States of America and its allies there

200

00:09:44,020 --> 00:09:42,170

were several events like this in Russia

201
00:09:46,420 --> 00:09:44,030
actually so the Soviet Union was at its

202
00:09:48,280 --> 00:09:46,430
height was the largest nation on earth

203
00:09:50,050 --> 00:09:48,290
covered 1/6 of the land the Earth's

204
00:09:53,050 --> 00:09:50,060
landmasses probably received more than

205
00:09:55,270 --> 00:09:53,060
its fair share of traffic trebles BC

206
00:09:57,310 --> 00:09:55,280
exactly the same thing happening you see

207
00:09:58,780 --> 00:09:57,320
the gunmen will turn up there put

208
00:09:59,620 --> 00:09:58,790
Corden's around the area they'll keep

209
00:10:00,760 --> 00:09:59,630
people away

210
00:10:03,550 --> 00:10:00,770
they'll tell them it was a weather

211
00:10:06,010 --> 00:10:03,560
balloon or a helicopter crash or a test

212
00:10:07,000 --> 00:10:06,020
dummy or anything anything that anything

213
00:10:09,490 --> 00:10:07,010

they didn't think of they'd have put

214

00:10:10,660 --> 00:10:09,500

people's interest away who brought

215

00:10:14,190 --> 00:10:10,670

people's interest away from this

216

00:10:17,080 --> 00:10:14,200

particular event now during the Cold War

217

00:10:19,450 --> 00:10:17,090

and nominally the United States of

218

00:10:20,950 --> 00:10:19,460

America and the Soviet Union were at

219

00:10:22,960 --> 00:10:20,960

loggerheads there were enemies in the

220

00:10:26,560 --> 00:10:22,970

Cold War they were on opposite sides of

221

00:10:29,470 --> 00:10:26,570

his conflict yes the same thing was done

222

00:10:31,810 --> 00:10:29,480

when this particular crash retrieval

223

00:10:35,230 --> 00:10:31,820

event happened and what's more you'll

224

00:10:38,110 --> 00:10:35,240

find the saving happening in all other

225

00:10:41,470 --> 00:10:38,120

countries where crash retrievals take

226

00:10:44,200 --> 00:10:41,480

place it is as if some global policy

227

00:10:46,210 --> 00:10:44,210

have been instituted for dealing with

228

00:10:50,290 --> 00:10:46,220

these things with all sovereign states

229

00:10:53,200 --> 00:10:50,300

of the world obey very very good

230

00:10:56,440 --> 00:10:53,210

question why why and how are the first

231

00:10:58,450 --> 00:10:56,450

questions that come to mind then anyone

232

00:11:00,850 --> 00:10:58,460

has that's a big subject and as Ronnie

233

00:11:02,040 --> 00:11:00,860

corporate would say on with a joke next

234

00:11:04,150 --> 00:11:02,050

one please

235

00:11:06,730 --> 00:11:04,160

now the event London talked about

236

00:11:09,370 --> 00:11:06,740

sealing was reported in this magazine

237

00:11:11,950 --> 00:11:09,380

how many of you read Nexis must be some

238

00:11:13,750 --> 00:11:11,960

of you yeah it's a it's a great magazine

239

00:11:15,130 --> 00:11:13,760

it's just exactly the kind of magazine

240

00:11:16,300 --> 00:11:15,140

for people with people like us with all

241

00:11:17,390 --> 00:11:16,310

kinds of interests it's based in

242

00:11:19,700 --> 00:11:17,400

Australia

243

00:11:21,790 --> 00:11:19,710

it's been run instance the 80s and I'm a

244

00:11:26,060 --> 00:11:21,800

regular subscriber I get it delivered

245

00:11:28,220 --> 00:11:26,070

this is volume 4 number 6 issue 6 and it

246

00:11:30,410 --> 00:11:28,230

was issued this came out in I think was

247

00:11:33,860 --> 00:11:30,420

the channel if every version jan for

248

00:11:36,110 --> 00:11:33,870

every issue of 1997 and it referred to

249

00:11:39,170 --> 00:11:36,120

an event that happened 10 years earlier

250

00:11:40,670 --> 00:11:39,180

in 1987 and there's not a culinary

251
00:11:43,310 --> 00:11:40,680
authored by an australian researcher

252
00:11:45,110 --> 00:11:43,320
called Harry Mason and he refers to an

253
00:11:46,850 --> 00:11:45,120
event she calls the Mansfield incident

254
00:11:48,770 --> 00:11:46,860
I'm going to call it the Notting Hill

255
00:11:52,190 --> 00:11:48,780
Roswell because I think it deserves it

256
00:11:54,410 --> 00:11:52,200
that's a better name for it but this was

257
00:11:55,640 --> 00:11:54,420
reported to him by some guy called John

258
00:11:58,700 --> 00:11:55,650
King who you might know he's only

259
00:12:00,380 --> 00:11:58,710
someone I know I said he used to run he

260
00:12:02,570 --> 00:12:00,390
used to run a magazine called him Sky

261
00:12:05,210 --> 00:12:02,580
Watch he wasn't there it was a first

262
00:12:09,650 --> 00:12:05,220
generation internet magazine a magazine

263
00:12:11,510 --> 00:12:09,660

easy and it was all about your thirst he

264

00:12:13,520 --> 00:12:11,520

got his story from some of what Ashley

265

00:12:16,010 --> 00:12:13,530

Wray who has been confirmed as a real

266

00:12:18,290 --> 00:12:16,020

person and what's more I know where

267

00:12:20,180 --> 00:12:18,300

actually ride got his information from

268

00:12:22,070 --> 00:12:20,190

and this is something I discovered

269

00:12:25,160 --> 00:12:22,080

exclusively when I started investigating

270

00:12:28,510 --> 00:12:25,170

this particular event but certainly

271

00:12:32,930 --> 00:12:28,520

talks about something which happened on

272

00:12:35,390 --> 00:12:32,940

on a cold autumnal night on the 12th of

273

00:12:36,560 --> 00:12:35,400

November 1987 it was a thirsty night he

274

00:12:38,180 --> 00:12:36,570

was the early hours of the morning this

275

00:12:40,430 --> 00:12:38,190

was about half past 1:00 in the morning

276

00:12:42,800 --> 00:12:40,440

are people people even better they were

277

00:12:43,970 --> 00:12:42,810

watching late night TV which there was a

278

00:12:45,920 --> 00:12:43,980

film on called the Battle of Britain

279

00:12:46,730 --> 00:12:45,930

which is all about and bombs being jobs

280

00:12:48,910 --> 00:12:46,740

and things like that which is very

281

00:12:54,100 --> 00:12:48,920

ironic considering what happened next

282

00:13:00,040 --> 00:12:56,450

just imagine that you see this is the

283

00:13:02,810 --> 00:13:00,050

this is a kind of scene big for you

284

00:13:04,820 --> 00:13:02,820

where this really strange event replaces

285

00:13:07,490 --> 00:13:04,830

an ordinary Street in the English

286

00:13:10,790 --> 00:13:07,500

Midlands and of course it's all three

287

00:13:12,770 --> 00:13:10,800

places where UFO events do happen it's

288

00:13:17,180 --> 00:13:12,780

not always it's not always strange

289

00:13:18,680 --> 00:13:17,190

military bases and with weird exotic

290

00:13:19,160 --> 00:13:18,690

desert locations it's right on our

291

00:13:20,660 --> 00:13:19,170

doorstep

292

00:13:24,050 --> 00:13:20,670

as you guys know here because you've

293

00:13:25,670 --> 00:13:24,060

been researching them so what happened

294

00:13:27,950 --> 00:13:25,680

was there was a large explosion at a

295

00:13:30,080 --> 00:13:27,960

large bang a huge explosion coming from

296

00:13:30,440 --> 00:13:30,090

the sky people thought it was thunder at

297

00:13:32,480 --> 00:13:30,450

first

298

00:13:34,340 --> 00:13:32,490

because that's simply what our memory

299

00:13:35,930 --> 00:13:34,350

the first thing I memory latches onto

300

00:13:38,210 --> 00:13:35,940

they thought it was either thunder it

301
00:13:40,370 --> 00:13:38,220
was a low-flying aircraft but it was

302
00:13:41,180 --> 00:13:40,380
much too loud and what's more there was

303
00:13:48,430 --> 00:13:41,190
a shockwave

304
00:13:51,310 --> 00:13:48,440
considerable damage to a large number of

305
00:13:53,570 --> 00:13:51,320
premises in a lot in a very very wide

306
00:13:56,780 --> 00:13:53,580
reaching air in areas several miles

307
00:13:59,300 --> 00:13:56,790
across was affected by this tiles fell

308
00:14:00,920 --> 00:13:59,310
off roofs windows smashed what setting

309
00:14:03,670 --> 00:14:00,930
one case of wall fell down when a house

310
00:14:06,020 --> 00:14:03,680
was actually really really badly damaged

311
00:14:07,580 --> 00:14:06,030
nobody was killed or injured as far as I

312
00:14:10,970 --> 00:14:07,590
know which is pretty miraculous because

313
00:14:13,220 --> 00:14:10,980

this is there was a very very powerful

314

00:14:14,480 --> 00:14:13,230

shockwave indeed it also did damage

315

00:14:17,270 --> 00:14:14,490

their local infrastructure of

316

00:14:19,340 --> 00:14:17,280

electricity was off for a week at least

317

00:14:21,500 --> 00:14:19,350

I know because from talking to several

318

00:14:23,450 --> 00:14:21,510

people in the area I used to have a

319

00:14:25,190 --> 00:14:23,460

partner who lived in this area so when

320

00:14:27,170 --> 00:14:25,200

when I used to go and see her I had a

321

00:14:29,300 --> 00:14:27,180

base of operations which is how I was in

322

00:14:32,300 --> 00:14:29,310

very very good position to actually

323

00:14:33,560 --> 00:14:32,310

research this particular subject no one

324

00:14:35,570 --> 00:14:33,570

was killed or injured as far as I know

325

00:14:41,900 --> 00:14:35,580

but large amounts of damage to property

326

00:14:43,610 --> 00:14:41,910

was done if at one of the witnesses one

327

00:14:45,250 --> 00:14:43,620

of the most one of most interesting

328

00:14:47,600 --> 00:14:45,260

witnesses is a man who runs a local

329

00:14:51,410 --> 00:14:47,610

insurance brokerage firm because he was

330

00:14:55,430 --> 00:14:51,420

inundated with claims another witness

331

00:14:57,020 --> 00:14:55,440

was a TV and video repairman and he was

332

00:14:59,210 --> 00:14:57,030

the reason he was inundated with

333

00:15:00,200 --> 00:14:59,220

requests for how it was because along

334

00:15:03,020 --> 00:15:00,210

with the explosion there was an

335

00:15:04,280 --> 00:15:03,030

electromagnetic pulse this is something

336

00:15:06,050 --> 00:15:04,290

which often happens junit which happens

337

00:15:08,000 --> 00:15:06,060

in a nuclear explosion very very

338

00:15:10,070 --> 00:15:08,010

powerful X electromagnetic field is

339

00:15:12,530 --> 00:15:10,080

generated very short live very very

340

00:15:16,070 --> 00:15:12,540

intense which can do damage to

341

00:15:17,810 --> 00:15:16,080

electrical circuits and a large number

342

00:15:19,310 --> 00:15:17,820

of televisions were broken video

343

00:15:22,310 --> 00:15:19,320

cassette recorders were broken things

344

00:15:23,810 --> 00:15:22,320

and have DVDs in those days and this guy

345

00:15:25,070 --> 00:15:23,820

was basically rushed off his feet with

346

00:15:27,380 --> 00:15:25,080

people turning up at the shop and

347

00:15:28,700 --> 00:15:27,390

they're with their Duff pieces of

348

00:15:32,780 --> 00:15:28,710

equipment that's caused by

349

00:15:34,250 --> 00:15:32,790

electromagnetic pulses now one of the

350

00:15:36,830 --> 00:15:34,260

things that could be it could what if it

351

00:15:38,720 --> 00:15:36,840

was a nuclear explosion it's unlikely

352

00:15:40,010 --> 00:15:38,730

because there was no heat effects

353

00:15:41,990 --> 00:15:40,020

because the nuclear exposure doesn't

354

00:15:43,819 --> 00:15:42,000

like on our ban you do get the magnet

355

00:15:46,819 --> 00:15:43,829

electromagnetic pulse be also going to

356

00:15:49,309 --> 00:15:46,829

eat flash which starts fires and burns

357

00:15:50,720 --> 00:15:49,319

things like that and that wasn't

358

00:15:52,629 --> 00:15:50,730

reported there's no sign of any heat

359

00:15:55,280 --> 00:15:52,639

effect from this event

360

00:15:57,290 --> 00:15:55,290

it's just a noise shockwave

361

00:16:01,840 --> 00:15:57,300

electromagnetic pulse and next one

362

00:16:03,949 --> 00:16:01,850

please right now this is what people

363

00:16:06,920 --> 00:16:03,959

reported seeing as people rushed out

364

00:16:08,360 --> 00:16:06,930

into the street to see what was going on

365

00:16:10,999 --> 00:16:08,370

they looked up and they saw lights they

366

00:16:13,429 --> 00:16:11,009

saw zigzagging lights crossing the sky

367

00:16:15,920 --> 00:16:13,439

more than one we're not sure exactly how

368

00:16:18,290 --> 00:16:15,930

many we're course very large number of

369

00:16:22,309 --> 00:16:18,300

zigzagging lights go backwards and

370

00:16:23,900 --> 00:16:22,319

forwards all around the place somewhat

371

00:16:25,249 --> 00:16:23,910

brighter someone darker some of them are

372

00:16:27,139 --> 00:16:25,259

making strange noises some people

373

00:16:31,519 --> 00:16:27,149

reported hearing strange humming noises

374

00:16:34,100 --> 00:16:31,529

from them how the next one is going now

375

00:16:35,300 --> 00:16:34,110

this is the basic area what we're

376

00:16:36,829 --> 00:16:35,310

talking about this is the area the

377

00:16:38,749 --> 00:16:36,839

general area that was affected by the

378

00:16:40,850 --> 00:16:38,759

shock wave an electromagnetic pulse the

379

00:16:43,100 --> 00:16:40,860

sound was heard over much wider area

380

00:16:45,139 --> 00:16:43,110

because it was so loud but this is the

381

00:16:47,059 --> 00:16:45,149

era basically where the worst kinds of

382

00:16:49,129 --> 00:16:47,069

effect was this is a very very large

383

00:16:52,189 --> 00:16:49,139

area this is a several dozen square

384

00:16:53,720 --> 00:16:52,199

miles 11,000 people lived here in 1987

385

00:16:56,439 --> 00:16:53,730

this is part of what's called the

386

00:16:58,730 --> 00:16:56,449

knotting and conurbation although that

387

00:17:00,679 --> 00:16:58,740

that term wasn't used in those days

388

00:17:02,179 --> 00:17:00,689

they're not even conurbation refers to

389

00:17:05,210 --> 00:17:02,189

the city of Nottingham to the South here

390

00:17:08,809 --> 00:17:05,220

and the various large towns mostly to

391

00:17:11,960 --> 00:17:08,819

the north of the city which the north of

392

00:17:15,079 --> 00:17:11,970

city is a patchwork of woodland arable

393

00:17:16,850 --> 00:17:15,089

farmland pasture and large towns such as

394

00:17:18,350 --> 00:17:16,860

here we have Mansfield and Sutton the

395

00:17:22,549 --> 00:17:18,360

Nashville Kirby in Ashfield normal

396

00:17:23,720 --> 00:17:22,559

Turner lineThe Ravens head etc etc the

397

00:17:31,070 --> 00:17:23,730

area in the middle of this is called the

398

00:17:36,620 --> 00:17:31,080

Miss kills it's a beauty spot happens in

399

00:17:38,570 --> 00:17:36,630

this particular case now the the light

400

00:17:39,950 --> 00:17:38,580

first seen in this area here to the

401
00:17:41,600 --> 00:17:39,960
north and the Northeast these lights

402
00:17:44,450 --> 00:17:41,610
traveled in a distinct direction from

403
00:17:46,310 --> 00:17:44,460
northeast to southwest beginning here in

404
00:17:47,870 --> 00:17:46,320
this area here in Mansfield and to the

405
00:17:50,570 --> 00:17:47,880
eastern is a big green blob at Sherwood

406
00:17:51,950 --> 00:17:50,580
Forest of Robin Hood fame these lights

407
00:17:55,320 --> 00:17:51,960
appear over Sherwood Forest and

408
00:17:57,210 --> 00:17:55,330
Mansfield and traveled south westerly

409
00:18:01,200 --> 00:17:57,220
across this district the subtlest this

410
00:18:02,790 --> 00:18:01,210
and Asheville district here now one now

411
00:18:04,940 --> 00:18:02,800
this is important this is what's it

412
00:18:07,410 --> 00:18:04,950
where it gets interesting

413
00:18:09,720 --> 00:18:07,420

something came down an object a large

414

00:18:12,450 --> 00:18:09,730

object probably sixty feet or so across

415

00:18:15,630 --> 00:18:12,460

Harry makes and records actually touch

416

00:18:17,700 --> 00:18:15,640

down on the earth twice it landed got

417

00:18:21,570 --> 00:18:17,710

back up into the air and it landed again

418

00:18:23,910 --> 00:18:21,580

and stayed landed he Harry Mason refers

419

00:18:25,410 --> 00:18:23,920

to the first incident as a bounce he

420

00:18:27,900 --> 00:18:25,420

said it bounced it hit the ground and

421

00:18:29,490 --> 00:18:27,910

bounced up into the air again it landed

422

00:18:31,140 --> 00:18:29,500

in a place called thieves would which is

423

00:18:34,830 --> 00:18:31,150

just south of Mansfield that green spot

424

00:18:37,440 --> 00:18:34,840

just south of Mansfield and that's

425

00:18:39,350 --> 00:18:37,450

that's where we're gonna go next so next

426

00:18:42,200 --> 00:18:39,360

slide please

427

00:18:44,760 --> 00:18:42,210

now what happened was are in that area

428

00:18:46,590 --> 00:18:44,770

now this is very very this is another

429

00:18:49,440 --> 00:18:46,600

interesting factor which ties in with

430

00:18:50,640 --> 00:18:49,450

some other other UFO events which I'm

431

00:18:53,120 --> 00:18:50,650

going to talk about later including the

432

00:18:56,130 --> 00:18:53,130

very very well-known case here in Wales

433

00:18:59,190 --> 00:18:56,140

by 2:15 in the morning there were

434

00:19:01,230 --> 00:18:59,200

helicopters overhead large military

435

00:19:03,390 --> 00:19:01,240

helicopters including h-dog which is a

436

00:19:04,530 --> 00:19:03,400

transport aircraft with twin rotor

437

00:19:06,030 --> 00:19:04,540

blades it's very very easily

438

00:19:07,860 --> 00:19:06,040

recognizable it's got twin rotor blades

439

00:19:12,060 --> 00:19:07,870

one in tandem one at the front one on

440

00:19:14,070 --> 00:19:12,070

the back and these were flying over this

441

00:19:15,390 --> 00:19:14,080

area shining lights at the round the

442

00:19:17,850 --> 00:19:15,400

same way that police helicopters do

443

00:19:21,450 --> 00:19:17,860

nowadays although those weren't knew so

444

00:19:23,010 --> 00:19:21,460

much in 1987 and this went on for quite

445

00:19:24,150 --> 00:19:23,020

a long time they were shiny lights down

446

00:19:26,280 --> 00:19:24,160

on the ground as if looking for

447

00:19:29,430 --> 00:19:26,290

something they were looking for

448

00:19:31,680 --> 00:19:29,440

something this is so very intriguing

449

00:19:33,210 --> 00:19:31,690

because I was certain one of the

450

00:19:36,030 --> 00:19:33,220

researchers who actually looked into

451

00:19:38,900 --> 00:19:36,040

this he found out that these aircraft

452

00:19:41,970 --> 00:19:38,910

were deployed from re RAF Cranwell an

453

00:19:44,850 --> 00:19:41,980

RAF Coningsby and RAF Cranwell is now

454

00:19:47,250 --> 00:19:44,860

defunct he's shut down but these were

455

00:19:51,270 --> 00:19:47,260

not part of the normal fleet that were

456

00:19:52,950 --> 00:19:51,280

based as those airfields and also the

457

00:19:54,840 --> 00:19:52,960

fact that they they responded so quickly

458

00:19:57,390 --> 00:19:54,850

means that these forces were deployed

459

00:20:00,660 --> 00:19:57,400

forward into the area by the

460

00:20:04,200 --> 00:20:00,670

government's deliberately before the

461

00:20:05,799 --> 00:20:04,210

explosion and the crash which means that

462

00:20:07,269 --> 00:20:05,809

the government had

463

00:20:08,769 --> 00:20:07,279

kind of foreknowledge they didn't know

464

00:20:10,330 --> 00:20:08,779

exactly where this was going to happen

465

00:20:11,950 --> 00:20:10,340

otherwise they could just stationed the

466

00:20:13,839 --> 00:20:11,960

troops underneath it and wait for it

467

00:20:15,369 --> 00:20:13,849

happen but they knew within a rough area

468

00:20:16,959 --> 00:20:15,379

where this was going to happen

469

00:20:19,060 --> 00:20:16,969

rather you know within they were

470

00:20:21,489 --> 00:20:19,070

accurate enough to really get some

471

00:20:25,479 --> 00:20:21,499

forces on the ground in that area and

472

00:20:27,789 --> 00:20:25,489

also the aircraft searching in that area

473

00:20:28,779 --> 00:20:27,799

ready to respond when the event happened

474

00:20:31,019 --> 00:20:28,789

because they couldn't respond to this

475

00:20:33,159 --> 00:20:31,029

quickly otherwise history 45 minutes

476

00:20:36,149 --> 00:20:33,169

they could have responded as quickly if

477

00:20:38,109 --> 00:20:36,159

they hadn't had some kind foreknowledge

478

00:20:41,680 --> 00:20:38,119

so couldn't have the next one

479

00:20:44,349 --> 00:20:41,690

police said like so will be the first

480

00:20:47,139 --> 00:20:44,359

thing my researcher for my research of

481

00:20:48,489 --> 00:20:47,149

friends actually tried to do was they

482

00:20:50,469 --> 00:20:48,499

wanted to [h__\h] they wanted to find out

483

00:20:54,190 --> 00:20:50,479

what whether this was reported in the

484

00:20:55,869 --> 00:20:54,200

papers and they and some this guy I

485

00:21:00,070 --> 00:20:55,879

don't know introduce you to him it in a

486

00:21:02,499 --> 00:21:00,080

minute but he he decided to look into

487

00:21:04,180 --> 00:21:02,509

the newspaper archives and not all of

488

00:21:05,950 --> 00:21:04,190

them were online you actually go to the

489

00:21:07,359 --> 00:21:05,960

newspaper office and look for them on

490

00:21:10,060 --> 00:21:07,369

microfiche and he did he couldn't

491

00:21:12,009 --> 00:21:10,070

actually see any reference to this event

492

00:21:13,899 --> 00:21:12,019

anywhere in the papers however we know

493

00:21:15,940 --> 00:21:13,909

it wasn't it turns out that it was

494

00:21:19,499 --> 00:21:15,950

reported but for some reasons missing

495

00:21:26,229 --> 00:21:23,019

no because the Ministry of Defense UFO

496

00:21:28,779 --> 00:21:26,239

desk made a record of it thanks and

497

00:21:30,820 --> 00:21:28,789

thanks to Nick Pope god bless him what

498

00:21:33,159 --> 00:21:30,830

would we do without Nick Pope heinous

499

00:21:35,379 --> 00:21:33,169

this is now coming up this is an article

500

00:21:37,509 --> 00:21:35,389

on the online edition of the Nottingham

501
00:21:39,879 --> 00:21:37,519
Post which is the principal local

502
00:21:42,669 --> 00:21:39,889
newspaper and it goes do aliens exist

503
00:21:44,950 --> 00:21:42,679
and if so have they visited Mansfield

504
00:21:47,649 --> 00:21:44,960
this was from August 2010

505
00:21:49,690 --> 00:21:47,659
either way newly released government

506
00:21:51,849 --> 00:21:49,700
reports make an interesting read the

507
00:21:53,049 --> 00:21:51,859
National Archive is releasing thousands

508
00:21:55,200 --> 00:21:53,059
of pages of previously classified

509
00:21:58,089 --> 00:21:55,210
Ministry of Defense documents today

510
00:22:00,999 --> 00:21:58,099
relating to a may or may not be out

511
00:22:02,979 --> 00:22:01,009
there these newly released files showed

512
00:22:05,079 --> 00:22:02,989
no lot new lights on any of that they do

513
00:22:08,289 --> 00:22:05,089

however reveal a high degree of interest

514

00:22:10,570 --> 00:22:08,299

in a 1987 incident in the terms of

515

00:22:12,249 --> 00:22:10,580

Nottingham sure revelations the files

516

00:22:14,079 --> 00:22:12,259

highlight the persistent efforts and

517

00:22:15,909 --> 00:22:14,089

meticulous notes on another person for

518

00:22:17,190 --> 00:22:15,919

organisation in finding out what really

519

00:22:20,300 --> 00:22:17,200

happened Salim

520

00:22:22,700 --> 00:22:20,310

in the early hours of November 12 1987

521

00:22:25,140 --> 00:22:22,710

according to the letter sent to the mot

522

00:22:26,910 --> 00:22:25,150

person learned of the event in the

523

00:22:28,560 --> 00:22:26,920

magazine UFO reality the letter writer

524

00:22:30,840 --> 00:22:28,570

explained that he or she had my doubts

525

00:22:32,490 --> 00:22:30,850

after reading the article but ignoring

526

00:22:34,380 --> 00:22:32,500

the poor report would do no good

527

00:22:36,150 --> 00:22:34,390

they then wrote to the editor of UFO

528

00:22:38,640 --> 00:22:36,160

reality with a few background details on

529

00:22:40,950 --> 00:22:38,650

my past work in ufology that sir nick

530

00:22:43,110 --> 00:22:40,960

pope and expressing an interest in the

531

00:22:45,120 --> 00:22:43,120

mansfield crash now you might say that

532

00:22:48,270 --> 00:22:45,130

this person simply got the idea because

533

00:22:49,560 --> 00:22:48,280

they saw in UFO reality they didn't

534

00:22:52,860 --> 00:22:49,570

relate to any real event that happened

535

00:22:55,050 --> 00:22:52,870

but that's actually not the case because

536

00:22:56,940 --> 00:22:55,060

there are several people in the local

537

00:22:59,030 --> 00:22:56,950

area who remember it at the next line

538

00:23:01,590 --> 00:22:59,040

placer

539

00:23:03,870 --> 00:23:01,600

now this is thieves would this is what

540

00:23:06,360 --> 00:23:03,880

this is the area where the bounce

541

00:23:08,610 --> 00:23:06,370

happened the first touchdown of an

542

00:23:11,250 --> 00:23:08,620

object Harry makes the Meccans of a 60

543

00:23:14,400 --> 00:23:11,260

feet across it's hard to be certain but

544

00:23:17,310 --> 00:23:14,410

we know that it did leave some residual

545

00:23:21,300 --> 00:23:17,320

impressions on the landscape which he

546

00:23:22,530 --> 00:23:21,310

estimates from that and this is the area

547

00:23:24,330 --> 00:23:22,540

where it happened this is the air or how

548

00:23:25,560 --> 00:23:24,340

thieves well this is a closer image of

549

00:23:28,350 --> 00:23:25,570

thieves wood which is just south of

550

00:23:32,960 --> 00:23:28,360

Mansfield the road up the middle there

551
00:23:34,800 --> 00:23:32,970
is the is the a 60 this is the main

552
00:23:36,810 --> 00:23:34,810
thoroughfare between Nottingham and

553
00:23:39,900 --> 00:23:36,820
Mansfield the two largest towns in

554
00:23:41,370 --> 00:23:39,910
Nottingham shifts now and this is really

555
00:23:44,340 --> 00:23:41,380
interesting because I actually decided

556
00:23:46,680 --> 00:23:44,350
to look into this I decided I'd take a

557
00:23:49,530 --> 00:23:46,690
particulate look around and so I

558
00:23:51,000 --> 00:23:49,540
contacted someone a friend of mine

559
00:23:53,100 --> 00:23:51,010
Michael Daniel Bostock who actually

560
00:23:54,420 --> 00:23:53,110
lives in Kirby in Asheville which is one

561
00:23:56,880 --> 00:23:54,430
of these towns in the Nottingham

562
00:23:58,950 --> 00:23:56,890
conurbation and he told me he knew all

563
00:24:01,170 --> 00:23:58,960

about it he knew but not if she was what

564

00:24:02,850 --> 00:24:01,180

he remembers some of the effects he

565

00:24:06,900 --> 00:24:02,860

remembers because he was a teenager at

566

00:24:09,240 --> 00:24:06,910

the time but he remembers having to get

567

00:24:12,000 --> 00:24:09,250

water from Bowser's because the water

568

00:24:14,940 --> 00:24:12,010

pipes were broken by the shock wave he

569

00:24:17,340 --> 00:24:14,950

remembers doing now he said that they

570

00:24:18,990 --> 00:24:17,350

brought big tanks of water on wheels

571

00:24:21,510 --> 00:24:19,000

just like I did during the great drought

572

00:24:24,650 --> 00:24:21,520

of 1976 so the people could actually

573

00:24:26,880 --> 00:24:24,660

drink and they brought these in and

574

00:24:28,800 --> 00:24:26,890

that's how people have water from while

575

00:24:30,070 --> 00:24:28,810

the electricity was off as well it's

576

00:24:32,380 --> 00:24:30,080

quite cold and

577

00:24:34,230 --> 00:24:32,390

he said was you remember rapping on how

578

00:24:36,460 --> 00:24:34,240

to wrap up very warm because of the cold

579

00:24:39,310 --> 00:24:36,470

what was happening at the time and the

580

00:24:41,500 --> 00:24:39,320

heating was all off so I got in touch

581

00:24:44,289 --> 00:24:41,510

with Daniel and he and I took a little

582

00:24:46,930 --> 00:24:44,299

trip we drove up to the top left-hand

583

00:24:48,759 --> 00:24:46,940

corner this is where he thought this is

584

00:24:50,980 --> 00:24:48,769

where he said this is the place where

585

00:24:52,750 --> 00:24:50,990

they'll happen because it was a big fire

586

00:24:55,840 --> 00:24:52,760

there is this craft that came down call

587

00:24:57,310 --> 00:24:55,850

it's a big fire don't we did was we part

588

00:25:00,789 --> 00:24:57,320

of the top that we now there's a little

589

00:25:04,450 --> 00:25:00,799

road leads along to the west from the

590

00:25:05,860 --> 00:25:04,460

main road the a 16 and you see the patch

591

00:25:08,289 --> 00:25:05,870

of woodland there which is a bit

592

00:25:11,649 --> 00:25:08,299

threadbare in places we walked along

593

00:25:13,299 --> 00:25:11,659

there and we knocked on a few doors on

594

00:25:15,669 --> 00:25:13,309

the other just asking - so there's a few

595

00:25:17,320 --> 00:25:15,679

houses there just asking people to ask

596

00:25:18,370 --> 00:25:17,330

people whether they remembered anything

597

00:25:20,799 --> 00:25:18,380

but they've been in the area at the time

598

00:25:21,850 --> 00:25:20,809

only one person asked it and they said

599

00:25:23,409 --> 00:25:21,860

they didn't remember anything of the

600

00:25:25,899 --> 00:25:23,419

type even though they had been in that

601
00:25:28,240 --> 00:25:25,909
area at a time so it was no luck there

602
00:25:32,139 --> 00:25:28,250
but we want to be further along on the

603
00:25:35,440 --> 00:25:32,149
next slide please point and we came

604
00:25:37,930 --> 00:25:35,450
across a patch of deforested land there

605
00:25:40,269 --> 00:25:37,940
were some tree stumps logs lying around

606
00:25:44,409 --> 00:25:40,279
rotten logs and this particular stump

607
00:25:46,419 --> 00:25:44,419
here is about 12 feet high and it is its

608
00:25:49,330 --> 00:25:46,429
scourge its blackened it appears to

609
00:25:51,129 --> 00:25:49,340
happen to be affected by heat now

610
00:25:52,570 --> 00:25:51,139
there's many many caused things that

611
00:25:55,180 --> 00:25:52,580
could have caused that because lit

612
00:25:56,610 --> 00:25:55,190
forest fire and of course this kind of

613
00:25:58,960 --> 00:25:56,620

damage I'm not saying that this

614

00:26:04,930 --> 00:25:58,970

particularly was that was caused by this

615

00:26:06,250 --> 00:26:04,940

UFO event but it's um it was interesting

616

00:26:08,680 --> 00:26:06,260

to us at the time I made a little video

617

00:26:11,669 --> 00:26:08,690

at the time which is not one of my best

618

00:26:14,440 --> 00:26:11,679

- technically but I did upload it and

619

00:26:16,240 --> 00:26:14,450

put it together just to show this

620

00:26:17,830 --> 00:26:16,250

evidence we just walked up when we found

621

00:26:19,570 --> 00:26:17,840

this little patch here I counted the

622

00:26:22,269 --> 00:26:19,580

rings on some of the stumps and they

623

00:26:24,580 --> 00:26:22,279

were like 67 years 70 years 90 years

624

00:26:26,649 --> 00:26:24,590

they were quite old trees which means

625

00:26:28,330 --> 00:26:26,659

they would have been there when this

626

00:26:30,310 --> 00:26:28,340

event happened in 1987 what's more

627

00:26:32,200 --> 00:26:30,320

judging by the size of this dump I can't

628

00:26:33,600 --> 00:26:32,210

account any rings on this but judging by

629

00:26:36,580 --> 00:26:33,610

the size of it it must have been there

630

00:26:38,799 --> 00:26:36,590

when it must have been a living tree or

631

00:26:40,720 --> 00:26:38,809

must have been around when this

632

00:26:43,490 --> 00:26:40,730

particular event

633

00:26:47,420 --> 00:26:43,500

so what happened was after that I

634

00:26:51,860 --> 00:26:47,430

uploaded the video to YouTube and then

635

00:26:53,360 --> 00:26:51,870

was contacted by a local researchers I

636

00:26:54,500 --> 00:26:53,370

was contacted by a guy called Nigel he

637

00:26:57,320 --> 00:26:54,510

just called himself Nigel in the

638

00:26:59,390 --> 00:26:57,330

comments box has been email me you were

639

00:27:02,930 --> 00:26:59,400

looking in the wrong place I know where

640

00:27:05,000 --> 00:27:02,940

the UFO came down that's all right

641

00:27:08,630 --> 00:27:05,010

shrieks or email this guy and I got to I

642

00:27:09,890 --> 00:27:08,640

got talking to a man's own well um a lot

643

00:27:13,400 --> 00:27:09,900

what happened from them next slide

644

00:27:15,920 --> 00:27:13,410

please one this is the chapel talk about

645

00:27:18,440 --> 00:27:15,930

Nigel Crowley his name is he's a local

646

00:27:20,750 --> 00:27:18,450

man lives in Ravens head within that

647

00:27:21,980 --> 00:27:20,760

area we're just talking about and he was

648

00:27:23,930 --> 00:27:21,990

very very happy to me have a long

649

00:27:26,570 --> 00:27:23,940

conversation with him and what's more

650

00:27:29,240 --> 00:27:26,580

I've made a follow-up video featuring

651
00:27:31,910 --> 00:27:29,250
Nigel and Dan where we actually take a

652
00:27:33,560 --> 00:27:31,920
trip into these woods why I believe what

653
00:27:35,480 --> 00:27:33,570
Nigel believed from my belief having

654
00:27:37,730 --> 00:27:35,490
lots of the evidence is there a correct

655
00:27:40,790 --> 00:27:37,740
location for where the object came down

656
00:27:44,710 --> 00:27:40,800
and bounced and how nice was intriguing

657
00:27:49,460 --> 00:27:44,720
kind of person he's a bit like war would

658
00:27:52,640 --> 00:27:49,470
call a keep a folk history now we all

659
00:27:54,020 --> 00:27:52,650
know about history about how some things

660
00:27:56,390 --> 00:27:54,030
in history not true like the Roswell

661
00:27:58,690 --> 00:27:56,400
incident was a weather balloon and John

662
00:28:02,240 --> 00:27:58,700
F Kennedy was shot by a lone nut case

663
00:28:04,370 --> 00:28:02,250

setter etcetera but the keepers of

664

00:28:06,410 --> 00:28:04,380

unofficial history I think are far more

665

00:28:08,390 --> 00:28:06,420

important than this I'll give you them

666

00:28:10,100 --> 00:28:08,400

I'll just give you a little brief this

667

00:28:11,870 --> 00:28:10,110

little brief interlude here we're on

668

00:28:14,540 --> 00:28:11,880

let's explain what I mean another next

669

00:28:17,780 --> 00:28:14,550

one please Mike how many people you have

670

00:28:19,520 --> 00:28:17,790

seen the x-files each a question how

671

00:28:22,610 --> 00:28:19,530

many people you haven't seen the x-files

672

00:28:25,340 --> 00:28:22,620

that's an audience like this you should

673

00:28:27,170 --> 00:28:25,350

start within haven't seen yeah now

674

00:28:30,800 --> 00:28:27,180

there's a very interesting episode next

675

00:28:33,830 --> 00:28:30,810

slide please Mike there's a very

676

00:28:35,780 --> 00:28:33,840

interesting episode indeed it's in its

677

00:28:37,940 --> 00:28:35,790

the it's actually the first episode of

678

00:28:40,670 --> 00:28:37,950

the third season of the series it's

679

00:28:43,049 --> 00:28:40,680

called the blessing way and it features

680

00:28:45,180 --> 00:28:43,059

it's got a red Indian thing and what

681

00:28:47,580 --> 00:28:45,190

countess he's a guy called Albert

682

00:28:50,269 --> 00:28:47,590

hosteen and he's played by Floyd red

683

00:28:52,830 --> 00:28:50,279

crow Westerman who's a famous red Indian

684

00:28:55,860 --> 00:28:52,840

sage in the United States he's a poet

685

00:28:58,860 --> 00:28:55,870

he's a feature writer and he actually

686

00:29:00,419 --> 00:28:58,870

stars in this episode of the x-files and

687

00:29:04,440 --> 00:29:00,429

there's a scene as a very growing young

688

00:29:07,080 --> 00:29:04,450

disturbing scene where there's like a a

689

00:29:11,340 --> 00:29:07,090

railway truck which is buried you see

690

00:29:13,470 --> 00:29:11,350

it's buried here and they say and

691

00:29:15,210 --> 00:29:13,480

there's like skylights on the roof of

692

00:29:16,499 --> 00:29:15,220

this and in one of the scenes I think

693

00:29:18,509 --> 00:29:16,509

it's clear the beginning of the episode

694

00:29:20,810 --> 00:29:18,519

you see these skylights open and there's

695

00:29:24,119 --> 00:29:20,820

some men standing on the roof with

696

00:29:27,450 --> 00:29:24,129

hazmat suits on full NBC here gas masks

697

00:29:30,299 --> 00:29:27,460

and suits gloves and things and they

698

00:29:34,049 --> 00:29:30,309

throw these these canisters in and these

699

00:29:35,759 --> 00:29:34,059

canisters are incendiary bombs and they

700

00:29:37,379 --> 00:29:35,769

explode and they burn and the aliens run

701
00:29:39,330 --> 00:29:37,389
around burning screaming as they run

702
00:29:43,590 --> 00:29:39,340
around burning and this voice-over comes

703
00:29:46,350 --> 00:29:43,600
upon and he says there's an ancient

704
00:29:48,119 --> 00:29:46,360
Indian saying that something lasts only

705
00:29:51,210 --> 00:29:48,129
as long as the last person who remembers

706
00:29:54,659 --> 00:29:51,220
it my people have come to trust memory

707
00:29:57,029 --> 00:29:54,669
over history memory like fire is radiant

708
00:29:59,580 --> 00:29:57,039
and immutable while history serves only

709
00:30:02,310 --> 00:29:59,590
those who seek to control it those who

710
00:30:04,970 --> 00:30:02,320
would douse the flame of memory in order

711
00:30:07,470 --> 00:30:04,980
to put out the dangerous fire of truth

712
00:30:09,210 --> 00:30:07,480
they are dangerous them set that and

713
00:30:11,999 --> 00:30:09,220

beware these men for they are dangerous

714

00:30:13,470 --> 00:30:12,009

themselves and unwise their false

715

00:30:15,869 --> 00:30:13,480

history is written in the blood of those

716

00:30:18,960 --> 00:30:15,879

who might remember and of those who seek

717

00:30:22,230 --> 00:30:18,970

the truth I said that was a very young a

718

00:30:23,789 --> 00:30:22,240

very poignant and very revealing little

719

00:30:25,139 --> 00:30:23,799

scene in the x-files there's a lot of

720

00:30:27,570 --> 00:30:25,149

things like that in the x-files it's a

721

00:30:30,359 --> 00:30:27,580

really interesting series in that

722

00:30:33,269 --> 00:30:30,369

respect nominal Crowley I think is one

723

00:30:36,299 --> 00:30:33,279

of these people I think he really is

724

00:30:39,989 --> 00:30:36,309

some he really is is it possible there

725

00:30:41,779 --> 00:30:39,999

back to slides might disappoint another

726

00:30:47,930 --> 00:30:41,789

one

727

00:30:49,909 --> 00:30:47,940

and another now keep keep your eyes on

728

00:30:52,099 --> 00:30:49,919

that bottom that will clearing there in

729

00:30:53,599 --> 00:30:52,109

the bottom left okay can we go forward a

730

00:30:56,210 --> 00:30:53,609

few spies don't like just to where we

731

00:30:57,590 --> 00:30:56,220

were before and move on to the next one

732

00:31:00,769 --> 00:30:57,600

that's it that's great

733

00:31:03,349 --> 00:31:00,779

now you see here there's this little

734

00:31:05,090 --> 00:31:03,359

patch here the bear patch I'll come to

735

00:31:07,759 --> 00:31:05,100

that in a minute in detail but first of

736

00:31:09,529 --> 00:31:07,769

all Nigel told me exactly where the

737

00:31:12,320 --> 00:31:09,539

accordin was because there was a whole

738

00:31:13,879 --> 00:31:12,330

area sealed off there was a whole area

739

00:31:15,859 --> 00:31:13,889

of thieves were the whole western half

740

00:31:18,830 --> 00:31:15,869

of Sita thieves were sealed off from

741

00:31:20,749 --> 00:31:18,840

public access for about a week now Harry

742

00:31:22,729 --> 00:31:20,759

Mason mentions this in his article Nigel

743

00:31:25,789 --> 00:31:22,739

said not only it was about a week but

744

00:31:34,369 --> 00:31:25,799

said that he knows exactly where it laid

745

00:31:37,519 --> 00:31:34,379

because he was there at time so the a60

746

00:31:40,879 --> 00:31:37,529

the main road between not signal

747

00:31:42,109 --> 00:31:40,889

Mansfield was sealed off you shut this

748

00:31:43,580 --> 00:31:42,119

for a week now this caused a lot of

749

00:31:45,859 --> 00:31:43,590

traffic chaos because this is the main

750

00:31:47,239 --> 00:31:45,869

artery between the two largest towns in

751

00:31:49,519 --> 00:31:47,249

Nottingham a lot of the traffic where

752

00:31:51,320 --> 00:31:49,529

the drug traffic was all diverted to the

753

00:31:54,109 --> 00:31:51,330

east route little small villages Loeb

754

00:31:56,389 --> 00:31:54,119

liveth and Lydon B and there was massive

755

00:31:58,249 --> 00:31:56,399

traffic chaos now when I first brought

756

00:32:00,529 --> 00:31:58,259

this up at a speech I did it not to him

757

00:32:02,089 --> 00:32:00,539

itself a guy stuck it's stuck up his

758

00:32:04,789 --> 00:32:02,099

hand he said I remember it I was a lorry

759

00:32:06,169 --> 00:32:04,799

driver at the time and I remember the I

760

00:32:08,539 --> 00:32:06,179

remember the snarl ups and the tail

761

00:32:10,489 --> 00:32:08,549

backs as people trying to maneuver their

762

00:32:11,659 --> 00:32:10,499

way around this diversion through these

763

00:32:13,129 --> 00:32:11,669

little roads which were not meant for

764

00:32:15,619 --> 00:32:13,139

that that amount of traffic they lasted

765

00:32:17,869 --> 00:32:15,629

a week so this whole road sealed off

766

00:32:19,820 --> 00:32:17,879

this here is the a6000 everything to the

767

00:32:21,320 --> 00:32:19,830

west of that is sealed off there's the

768

00:32:23,089 --> 00:32:21,330

West nothing to college at the top and

769

00:32:25,460 --> 00:32:23,099

the road there was sealed off on the

770

00:32:26,749 --> 00:32:25,470

hypotenuse of the triangle you see this

771

00:32:28,609 --> 00:32:26,759

road going down here and then there's

772

00:32:31,190 --> 00:32:28,619

Kurt be in Ashfield on the southwest

773

00:32:32,659 --> 00:32:31,200

there honest but this base this is

774

00:32:35,210 --> 00:32:32,669

another road that goes along on there to

775

00:32:36,950 --> 00:32:35,220

the east and there's Ravens head which

776

00:32:38,479 --> 00:32:36,960

is that we asked his car park there

777

00:32:39,589 --> 00:32:38,489

where we actually met together when we

778

00:32:42,070 --> 00:32:39,599

went off on our expedition

779

00:32:44,810 --> 00:32:42,080

our second expedition in Thebes would

780

00:32:46,279 --> 00:32:44,820

and that was so basically there were

781

00:32:49,159 --> 00:32:46,289

roadblocks everywhere

782

00:32:50,320 --> 00:32:49,169

police and military the armed army

783

00:32:51,789 --> 00:32:50,330

lawyers coming in and out and

784

00:32:54,820 --> 00:32:51,799

thing else came in and out helicopters

785

00:32:58,480 --> 00:32:54,830

taking off and landing in the area but

786

00:33:01,180 --> 00:32:58,490

nothing nothing else now I'm Daniel

787

00:33:03,370 --> 00:33:01,190

retinas he remembers a news story about

788

00:33:06,220 --> 00:33:03,380

a helicopter crashing in this area I'm

789

00:33:07,090 --> 00:33:06,230

not sure if that's true but if it was

790

00:33:09,639 --> 00:33:07,100

then

791

00:33:13,450 --> 00:33:09,649

well helicopters do crash sometimes and

792

00:33:14,259 --> 00:33:13,460

there was a couple of venting 2014 there

793

00:33:16,029 --> 00:33:14,269

were the world when we did our

794

00:33:17,649 --> 00:33:16,039

expedition out three events where

795

00:33:19,180 --> 00:33:17,659

helicopters crashes normally pulling

796

00:33:21,490 --> 00:33:19,190

some ribbon around it in a Bobby on the

797

00:33:23,350 --> 00:33:21,500

beat to stand over it is usually enough

798

00:33:25,990 --> 00:33:23,360

and usually only for a few hours this

799

00:33:27,610 --> 00:33:26,000

was a week but it seems like half the

800

00:33:32,169 --> 00:33:27,620

Armed Forces were there was a massive

801
00:33:34,659 --> 00:33:32,179
event and it was basically at the end of

802
00:33:36,279 --> 00:33:34,669
it all they raised they raised the

803
00:33:37,240 --> 00:33:36,289
cordon they went away listen there was

804
00:33:40,210 --> 00:33:37,250
not nothing in the news nothing

805
00:33:41,529 --> 00:33:40,220
mentioned in the news and so at least if

806
00:33:42,850 --> 00:33:41,539
there was any news reports there were

807
00:33:45,700 --> 00:33:42,860
fake stories and they were like two

808
00:33:48,029 --> 00:33:45,710
removed from the archives so from the

809
00:33:50,799 --> 00:33:48,039
next slide please

810
00:33:55,120 --> 00:33:50,809
now this year this is we're gonna take a

811
00:33:56,620 --> 00:33:55,130
closer look at this little Glade now

812
00:33:58,509 --> 00:33:56,630
this is all Forestry Commission land

813
00:34:00,070 --> 00:33:58,519

these trees are used for paper crop

814

00:34:03,730 --> 00:34:00,080

things like that the coniferous trees

815

00:34:05,409 --> 00:34:03,740

most of them and they're quite old as I

816

00:34:08,740 --> 00:34:05,419

said oh I went up to the top here I

817

00:34:12,339 --> 00:34:08,750

found large trees and I counted rings 60

818

00:34:13,599 --> 00:34:12,349

70 or so years old now there's a what

819

00:34:15,430 --> 00:34:13,609

there's a couple of exceptions a couple

820

00:34:17,379 --> 00:34:15,440

of best spots here cluding this one here

821

00:34:20,169 --> 00:34:17,389

it's best spot then there's also a big

822

00:34:23,230 --> 00:34:20,179

long trail leading away from it as well

823

00:34:24,760 --> 00:34:23,240

it's best square area here now this is

824

00:34:27,430 --> 00:34:24,770

languish the Forestry Commission owns

825

00:34:30,879 --> 00:34:27,440

it's not using it's not using to grow

826

00:34:33,849 --> 00:34:30,889

trees on now according to Nigel this is

827

00:34:36,040 --> 00:34:33,859

where the UFO came down in 1987 it

828

00:34:39,730 --> 00:34:36,050

struck the ground got back up into the

829

00:34:42,250 --> 00:34:39,740

air but left behind a complete mess not

830

00:34:44,649 --> 00:34:42,260

only did its impact actually destroy a

831

00:34:46,780 --> 00:34:44,659

lot of trees and damaged the ground but

832

00:34:49,869 --> 00:34:46,790

it also started a fire I don't know

833

00:34:52,359 --> 00:34:49,879

whether this is because the UFO was very

834

00:34:54,790 --> 00:34:52,369

hot it was radiating a lot of heat some

835

00:34:58,440 --> 00:34:54,800

of them do or whether it was some effect

836

00:35:00,390 --> 00:34:58,450

of directed-energy say microwave

837

00:35:03,839 --> 00:35:00,400

or something like that but a use for its

838

00:35:05,460 --> 00:35:03,849

fire broke out in that area and some

839

00:35:06,870 --> 00:35:05,470

Nigel point of some of the trees I'll

840

00:35:08,520 --> 00:35:06,880

show you another some tree I didn't get

841

00:35:09,900 --> 00:35:08,530

couldn't get good enough photos be says

842

00:35:12,810 --> 00:35:09,910

there's fire damage on some of the trees

843

00:35:16,050 --> 00:35:12,820

around the time but fire brigades were

844

00:35:17,730 --> 00:35:16,060

called away called in from a long way

845

00:35:19,140 --> 00:35:17,740

off as far away as bignum which is in

846

00:35:21,359 --> 00:35:19,150

the Russ clip district to the east of

847

00:35:24,300 --> 00:35:21,369

Nottingham and there must've been a

848

00:35:26,220 --> 00:35:24,310

major incident called and they they

849

00:35:28,109 --> 00:35:26,230

basically doused the fire but then the

850

00:35:36,359 --> 00:35:28,119

army turned up and said there said the

851
00:35:38,339 --> 00:35:36,369
fire brigade packing next one please now

852
00:35:39,390 --> 00:35:38,349
this is a photo I took when we went into

853
00:35:41,750 --> 00:35:39,400
that little Glade

854
00:35:45,180 --> 00:35:41,760
it's a square clearing as you can see

855
00:35:46,710 --> 00:35:45,190
now when that when that's a Google Earth

856
00:35:49,140 --> 00:35:46,720
image was taken Nigel Wright was about

857
00:35:52,829 --> 00:35:49,150
2001 it's changed a bit since then the

858
00:35:55,530 --> 00:35:52,839
land has recovered there is now growth

859
00:35:58,650 --> 00:35:55,540
there small trees bushes as you can see

860
00:36:01,079 --> 00:35:58,660
here there's some small juvenile silver

861
00:36:03,050 --> 00:36:01,089
birch you see the main see the main

862
00:36:06,390 --> 00:36:03,060
canopy of trees behind a bit at the back

863
00:36:08,040 --> 00:36:06,400

that green canopy is the wrestling trees

864

00:36:10,170 --> 00:36:08,050

in the other part of the wood as you can

865

00:36:11,579 --> 00:36:10,180

see they're far more mature these trees

866

00:36:14,400 --> 00:36:11,589

are growing back possibly in a few

867

00:36:15,870 --> 00:36:14,410

decades the trees in the bare spot will

868

00:36:17,400 --> 00:36:15,880

have reached mature height and you

869

00:36:20,130 --> 00:36:17,410

wouldn't be able to tell anything that

870

00:36:23,370 --> 00:36:20,140

happened but basically it is taking a

871

00:36:25,470 --> 00:36:23,380

long time I'm Nigel said that this whole

872

00:36:29,160 --> 00:36:25,480

area is about 300 feet by 600 us and

873

00:36:32,190 --> 00:36:29,170

oblong he said that sir when the army

874

00:36:34,109 --> 00:36:32,200

moved in they dug up and six to nine

875

00:36:38,190 --> 00:36:34,119

inches of topsoil here at sea they took

876

00:36:41,430 --> 00:36:38,200

all the topsoil away from the area and

877

00:36:42,690 --> 00:36:41,440

they replaced it with clay and sand and

878

00:36:44,520 --> 00:36:42,700

he said for a long time this was nothing

879

00:36:46,230 --> 00:36:44,530

but massive sand pit here's nothing here

880

00:36:49,470 --> 00:36:46,240

the sand nothing was growing it just

881

00:36:51,780 --> 00:36:49,480

took a few blades of grass and it's but

882

00:36:54,620 --> 00:36:51,790

now this was some obviously a long time

883

00:36:57,030 --> 00:36:54,630

ago now it started to change but some

884

00:36:58,770 --> 00:36:57,040

obviously the question there is why why

885

00:37:00,839 --> 00:36:58,780

do they do that there are several

886

00:37:02,130 --> 00:37:00,849

reasons is possibly because the

887

00:37:04,460 --> 00:37:02,140

government would the government were

888

00:37:08,190 --> 00:37:04,470

concerned that some kind of contaminant

889

00:37:11,150 --> 00:37:08,200

had been released from the object when

890

00:37:14,160 --> 00:37:11,160

it came down could be some form of

891

00:37:16,440 --> 00:37:14,170

bacteria or virus you all see this

892

00:37:18,240 --> 00:37:16,450

horror films haven't you wear something

893

00:37:21,510 --> 00:37:18,250

alien lands on earth and he starts with

894

00:37:24,780 --> 00:37:21,520

leaching pathogens which cause horrible

895

00:37:25,980 --> 00:37:24,790

things and the humans I mean now it must

896

00:37:29,880 --> 00:37:25,990

have been a real concern for them a

897

00:37:32,970 --> 00:37:29,890

genuine possibility so that may be one

898

00:37:35,340 --> 00:37:32,980

reason why they that's maybe one reason

899

00:37:38,490 --> 00:37:35,350

why they they actually did that another

900

00:37:41,670 --> 00:37:38,500

simply could be to remove any residual

901
00:37:44,580 --> 00:37:41,680
physical evidence now in the Roswell

902
00:37:46,020 --> 00:37:44,590
incident of 1947 something similar

903
00:37:48,450 --> 00:37:46,030
happened the craft came down hit the

904
00:37:51,510 --> 00:37:48,460
ground we believe got back into the air

905
00:37:53,070 --> 00:37:51,520
and then crash at another location but

906
00:37:55,410 --> 00:37:53,080
it left behind a debris field this is

907
00:37:58,380 --> 00:37:55,420
what Mac Brazel and Jesse Marcel found

908
00:38:00,150 --> 00:37:58,390
on on the Brazel Raj now when that

909
00:38:02,070 --> 00:38:00,160
happens the government seal off the area

910
00:38:04,140 --> 00:38:02,080
they sent in forensic teams to clear

911
00:38:06,030 --> 00:38:04,150
away all the loose debris and it's

912
00:38:07,440 --> 00:38:06,040
possible this is what the government

913
00:38:09,810 --> 00:38:07,450

wanted to do they wanted to get rid the

914

00:38:11,670 --> 00:38:09,820

topsoil so that any lingering evidence

915

00:38:14,760 --> 00:38:11,680

that this craft had appeared would be

916

00:38:16,920 --> 00:38:14,770

removed and so that when people when the

917

00:38:18,180 --> 00:38:16,930

public was allowed back in there they

918

00:38:20,280 --> 00:38:18,190

wouldn't find anything if they weren't

919

00:38:22,110 --> 00:38:20,290

looking now the public more allowed in

920

00:38:24,030 --> 00:38:22,120

after a week and they found this area

921

00:38:26,150 --> 00:38:24,040

completely devoid of everything except a

922

00:38:30,870 --> 00:38:26,160

big pile of sand

923

00:38:32,790 --> 00:38:30,880

next slide please Mike now this is Sam

924

00:38:34,380 --> 00:38:32,800

this is actually our part of this is in

925

00:38:36,390 --> 00:38:34,390

the middle of it the area now I went

926
00:38:38,070 --> 00:38:36,400
down there I took I actually didn't take

927
00:38:41,490 --> 00:38:38,080
any proper soil samples but I did

928
00:38:43,410 --> 00:38:41,500
examine the soil and I compared it to

929
00:38:44,850 --> 00:38:43,420
the soil which was in other parts of

930
00:38:47,730 --> 00:38:44,860
this wood and there's a distinct

931
00:38:51,000 --> 00:38:47,740
difference the soil in that clearing is

932
00:38:53,190 --> 00:38:51,010
much more sandy it's not just it's not

933
00:38:55,140 --> 00:38:53,200
sad obviously you know over time the

934
00:38:56,460 --> 00:38:55,150
land recovers the soil recovers but it's

935
00:38:58,050 --> 00:38:56,470
much more sandy there are a few mole

936
00:39:01,080 --> 00:38:58,060
hills in that area you see quite clearly

937
00:39:02,700 --> 00:39:01,090
the difference in color between the mole

938
00:39:04,920 --> 00:39:02,710

hills in this area the mole hills in

939

00:39:07,290 --> 00:39:04,930

other parts of the wood when it's all

940

00:39:09,780 --> 00:39:07,300

brown alone it's more natural soil as

941

00:39:11,850 --> 00:39:09,790

this is definitely sadly this fence here

942

00:39:15,780 --> 00:39:11,860

is it's just a crude wooden fence that's

943

00:39:18,930 --> 00:39:15,790

been built around the the middle is like

944

00:39:20,790 --> 00:39:18,940

a furrow in the middle of this clearing

945

00:39:23,200 --> 00:39:20,800

it's like a clue slopes down like a

946

00:39:26,620 --> 00:39:23,210

furrow and it's very marshy down there

947

00:39:29,050 --> 00:39:26,630

there's lots of mud and Nigel says this

948

00:39:32,080 --> 00:39:29,060

is caused this furrow was created by the

949

00:39:34,000 --> 00:39:32,090

impact of the object this had farah

950

00:39:37,510 --> 00:39:34,010

created by the impact of the UFO 60 foot

951
00:39:38,920 --> 00:39:37,520
wide UFO crashed maybe move dragged

952
00:39:40,230 --> 00:39:38,930
itself along for a while and got back

953
00:39:44,680 --> 00:39:40,240
into the air

954
00:39:46,090 --> 00:39:44,690
next slide please - so what happened to

955
00:39:49,180 --> 00:39:46,100
it next he got back into the air but did

956
00:39:50,710 --> 00:39:49,190
it did it fly away no it actually flew

957
00:39:51,850 --> 00:39:50,720
from here feets would you see there's

958
00:39:54,700 --> 00:39:51,860
that there's where there's the clearing

959
00:39:56,220 --> 00:39:54,710
now it flew on for five more miles here

960
00:39:58,450 --> 00:39:56,230
through the into the mists kills

961
00:40:01,300 --> 00:39:58,460
possibly over the holy World Golf Course

962
00:40:03,850 --> 00:40:01,310
and then came to grief again the second

963
00:40:06,900 --> 00:40:03,860

time at Amazon a Hall this is this area

964

00:40:09,490 --> 00:40:06,910

in the bottom there in the far bottom

965

00:40:11,380 --> 00:40:09,500

you see if I'm gonna do then have a

966

00:40:12,900 --> 00:40:11,390

closer look at that might the next slide

967

00:40:16,810 --> 00:40:12,910

please

968

00:40:19,360 --> 00:40:16,820

the war on this is said to be where the

969

00:40:21,940 --> 00:40:19,370

craft landed and when it landed knew it

970

00:40:23,400 --> 00:40:21,950

stayed there sorry it crashed a little

971

00:40:25,810 --> 00:40:23,410

letting it just basically stayed there

972

00:40:27,130 --> 00:40:25,820

now they see this area here you can see

973

00:40:28,510 --> 00:40:27,140

what we have here this Tansley hall

974

00:40:31,450 --> 00:40:28,520

itself there's an illegals ground

975

00:40:33,760 --> 00:40:31,460

there's a slip road leading from this

976

00:40:36,970 --> 00:40:33,770

main road here so there well that's

977

00:40:38,800 --> 00:40:36,980

Junction 27 of the m1 the big motorway

978

00:40:39,220 --> 00:40:38,810

seat going across there is the m1

979

00:40:46,750 --> 00:40:39,230

motorway

980

00:40:48,580 --> 00:40:46,760

this entire episode so I Nigel Dan and I

981

00:40:51,010 --> 00:40:48,590

we decided to take a little drive south

982

00:40:53,050 --> 00:40:51,020

from Junction 27 to see if we can

983

00:40:54,610 --> 00:40:53,060

actually see that people look over to

984

00:40:56,680 --> 00:40:54,620

our left and see anything of anslee halt

985

00:40:57,850 --> 00:40:56,690

we couldn't there large trees in the

986

00:40:59,860 --> 00:40:57,860

area we don't know we don't know whether

987

00:41:01,750 --> 00:40:59,870

these trees were actually there at the

988

00:41:04,150 --> 00:41:01,760

time there are a lot more trees around

989

00:41:06,700 --> 00:41:04,160

now than there were in the 80s because

990

00:41:09,040 --> 00:41:06,710

of carbon offsetting laws and green belt

991

00:41:10,090 --> 00:41:09,050

laws and things like that it's possible

992

00:41:11,560 --> 00:41:10,100

these trees weren't there but they must

993

00:41:12,670 --> 00:41:11,570

have we don't know if those trees had

994

00:41:15,610 --> 00:41:12,680

been there whether it's actually

995

00:41:17,440 --> 00:41:15,620

possible see Anthony Hall if it was then

996

00:41:19,390 --> 00:41:17,450

presumably the keepers of the secretive

997

00:41:20,650 --> 00:41:19,400

had to take extra precautions putting

998

00:41:23,200 --> 00:41:20,660

that large screens or something like

999

00:41:24,610 --> 00:41:23,210

that we don't know it's not possible

1000

00:41:26,620 --> 00:41:24,620

possible to know we're there any drivers

1001
00:41:31,410 --> 00:41:26,630
gonna go past that area that time

1002
00:41:38,430 --> 00:41:35,880
now the area where the object is alleged

1003
00:41:40,440 --> 00:41:38,440
come to rest is called the Warren now

1004
00:41:42,930 --> 00:41:40,450
the Warren was Marcus is actually not

1005
00:41:44,490 --> 00:41:42,940
been marked on any Maps the name that

1006
00:41:46,470 --> 00:41:44,500
Warren could be seen are Ordnance Survey

1007
00:41:49,950 --> 00:41:46,480
maps before 1987

1008
00:41:51,630 --> 00:41:49,960
refers to this patch of trees here and

1009
00:41:53,400 --> 00:41:51,640
there's also a pond there where there's

1010
00:41:56,430 --> 00:41:53,410
fish where you can it's actually private

1011
00:41:57,960 --> 00:41:56,440
the private fishing area now if you go

1012
00:41:59,400 --> 00:41:57,970
and look at look at the board and survey

1013
00:42:01,859 --> 00:41:59,410

map today you won't see the name the

1014

00:42:04,529 --> 00:42:01,869

Warren written well that's what it was

1015

00:42:06,930 --> 00:42:04,539

called is called the Warren and annecy

1016

00:42:08,880 --> 00:42:06,940

Hall is over there annecy Hall is an old

1017

00:42:10,769 --> 00:42:08,890

stately home it was built the first part

1018

00:42:13,289 --> 00:42:10,779

of built in the 13th century and it's

1019

00:42:16,049 --> 00:42:13,299

all demolished now but there's a newer

1020

00:42:18,839 --> 00:42:16,059

part and there's this like a semi

1021

00:42:21,230 --> 00:42:18,849

derelict second part there's also like

1022

00:42:23,130 --> 00:42:21,240

some modern or 19th century at least

1023

00:42:25,650 --> 00:42:23,140

servants and guest quarters which are

1024

00:42:28,019 --> 00:42:25,660

still occupied today by somebody we're

1025

00:42:30,509 --> 00:42:28,029

not sure over but there's somebody still

1026

00:42:33,660 --> 00:42:30,519

there still looking after the place and

1027

00:42:36,900 --> 00:42:33,670

the the hallway she belongs to his chain

1028

00:42:39,180 --> 00:42:36,910

worth family for our 350 years were some

1029

00:42:41,579 --> 00:42:39,190

local dignitaries in fact soon launched

1030

00:42:43,259 --> 00:42:41,589

a worth muster was the man they call the

1031

00:42:45,390 --> 00:42:43,269

Sheriff of Nottingham I don't know if he

1032

00:42:46,620 --> 00:42:45,400

was a bad guy or not but from the story

1033

00:42:47,640 --> 00:42:46,630

he's from the Sheriff of Nottingham but

1034

00:42:50,759 --> 00:42:47,650

they lost it in a poker game

1035

00:42:52,890 --> 00:42:50,769

or maybe they lost the house and they

1036

00:42:55,049 --> 00:42:52,900

just found the ruins but it's still

1037

00:42:57,529 --> 00:42:55,059

maintained I mean the the grounds mostly

1038

00:42:59,880 --> 00:42:57,539

farmland in the grounds included here

1039

00:43:02,160 --> 00:42:59,890

this area here now you'll notice here

1040

00:43:03,870 --> 00:43:02,170

the discoloured patch this is what made

1041

00:43:06,120 --> 00:43:03,880

me look think about it because this is

1042

00:43:07,589 --> 00:43:06,130

exactly said when Nigel told me the

1043

00:43:09,210 --> 00:43:07,599

craft had come to rest before I asked he

1044

00:43:11,999 --> 00:43:09,220

looked at this image you can see there's

1045

00:43:14,190 --> 00:43:12,009

like a dark patch on the field and

1046

00:43:16,740 --> 00:43:14,200

there's several others scattered around

1047

00:43:18,599 --> 00:43:16,750

now I went and I used Google Earth I

1048

00:43:20,519 --> 00:43:18,609

went and looked at some other pictures

1049

00:43:23,849 --> 00:43:20,529

some other aerial images of fields in

1050

00:43:26,940 --> 00:43:23,859

the area and I for 20 or 30 miles around

1051

00:43:30,029 --> 00:43:26,950

I couldn't find another effect like that

1052

00:43:33,630 --> 00:43:30,039

on the ground I can only see it here in

1053

00:43:35,789 --> 00:43:33,640

the Warren now the reason there's a dark

1054

00:43:37,440 --> 00:43:35,799

patch there where noise worse is that

1055

00:43:40,580 --> 00:43:37,450

UFO came down could have been caused by

1056

00:43:44,510 --> 00:43:40,590

um the influence of the UFO

1057

00:43:46,690 --> 00:43:44,520

have been caused by some to do with it

1058

00:43:49,760 --> 00:43:46,700

the property of the craft itself

1059

00:43:53,540 --> 00:43:49,770

affecting the land beware there was

1060

00:43:55,940 --> 00:43:53,550

there was residue of where the military

1061

00:43:58,070 --> 00:43:55,950

Basin dug up the land again just like

1062

00:43:59,570 --> 00:43:58,080

they did in thieves would and possibly

1063

00:44:00,830 --> 00:43:59,580

this is why it's discolored because if

1064

00:44:03,670 --> 00:44:00,840

different kind of soil they put back

1065

00:44:05,660 --> 00:44:03,680

something like that but we don't know

1066

00:44:07,610 --> 00:44:05,670

interesting if there's a there's a Cold

1067

00:44:10,280 --> 00:44:07,620

War nuclear bunker just right about

1068

00:44:12,080 --> 00:44:10,290

there on the far side of that slip road

1069

00:44:13,280 --> 00:44:12,090

and you can't see you can see the

1070

00:44:15,640 --> 00:44:13,290

entrance to it but it goes down about

1071

00:44:18,530 --> 00:44:15,650

six levels and it's all sealed off so

1072

00:44:20,750 --> 00:44:18,540

it's kind of like a you see the entrance

1073

00:44:22,130 --> 00:44:20,760

you look inside it's all wet and dingy

1074

00:44:24,590 --> 00:44:22,140

but thanks to be a Cold War nuclear

1075

00:44:27,230 --> 00:44:24,600

bunker not we're not sure whether it had

1076

00:44:29,510 --> 00:44:27,240

any part of playing in in this

1077

00:44:37,070 --> 00:44:29,520

particular operation to deal with this

1078

00:44:38,600 --> 00:44:37,080

UFO that's not certain and now the

1079

00:44:40,640 --> 00:44:38,610

security around Ansley Hall is very

1080

00:44:44,150 --> 00:44:40,650

tight indeed there are some people who

1081

00:44:47,390 --> 00:44:44,160

supposedly gain keepers who patrol that

1082

00:44:48,950 --> 00:44:47,400

whole area 24/7 and they would I pretend

1083

00:44:54,050 --> 00:44:48,960

anyone who tries to get in today and

1084

00:44:55,760 --> 00:44:54,060

they'll arrest the police the nearest

1085

00:44:58,130 --> 00:44:55,770

you can actually get to the war on on

1086

00:44:59,810 --> 00:44:58,140

public land today there's a little trap

1087

00:45:01,880 --> 00:44:59,820

that goes down this way goes along there

1088

00:45:03,410 --> 00:45:01,890

that's called the dogged bear Lane and

1089

00:45:05,710 --> 00:45:03,420

we took a little walk down there next

1090

00:45:08,270 --> 00:45:05,720

slide please

1091

00:45:10,820 --> 00:45:08,280

this is a view of the second phase of a

1092

00:45:13,450 --> 00:45:10,830

noisy Hall from dollanbear Lane you see

1093

00:45:16,070 --> 00:45:13,460

here it's a semi derelict building and

1094

00:45:19,640 --> 00:45:16,080

we were just opposite there this is the

1095

00:45:22,460 --> 00:45:19,650

location of where this I believe this

1096

00:45:26,240 --> 00:45:22,470

object came down onto the other surface

1097

00:45:28,040 --> 00:45:26,250

next slide please Mike now this year you

1098

00:45:30,050 --> 00:45:28,050

see that you can't you can't see any

1099

00:45:33,020 --> 00:45:30,060

timeframe without thing at the top left

1100

00:45:34,460 --> 00:45:33,030

is Nigel's hand he's pointing towards

1101
00:45:37,430 --> 00:45:34,470
the war and those packs of trees in the

1102
00:45:39,080 --> 00:45:37,440
back are actually the trees I've showed

1103
00:45:41,390 --> 00:45:39,090
you on the Google Earth images in front

1104
00:45:45,470 --> 00:45:41,400
of that is this field here this field is

1105
00:45:47,180 --> 00:45:45,480
where this craft came down I believe you

1106
00:45:49,580 --> 00:45:47,190
can't see the discoloration from ground

1107
00:45:51,500 --> 00:45:49,590
level it's only actually visible from

1108
00:45:53,570 --> 00:45:51,510
the air but that is where it is that you

1109
00:45:54,220 --> 00:45:53,580
see that is the actual place where it

1110
00:45:56,140 --> 00:45:54,230
came down

1111
00:45:57,790 --> 00:45:56,150
you can't get very close to it you can't

1112
00:45:59,020 --> 00:45:57,800
get closer from them from the road on

1113
00:46:00,970 --> 00:45:59,030

the other side but there's a big barbed

1114

00:46:03,190 --> 00:46:00,980

wire fence to Connors to get in there

1115

00:46:07,150 --> 00:46:03,200

this here is just a patch of gravel in

1116

00:46:09,300 --> 00:46:07,160

the foreground next one please Mike now

1117

00:46:11,500 --> 00:46:09,310

we were walking along DOM and Bear Lane

1118

00:46:13,690 --> 00:46:11,510

and what should happen it's good to what

1119

00:46:15,250 --> 00:46:13,700

I mean to our right as we as we walk up

1120

00:46:16,870 --> 00:46:15,260

there which is just to the left of the

1121

00:46:18,820 --> 00:46:16,880

old building the old Manticore building

1122

00:46:21,640 --> 00:46:18,830

that i showed you there's this big long

1123

00:46:22,750 --> 00:46:21,650

low structure she's 19th century and

1124

00:46:27,640 --> 00:46:22,760

it's the servant and quick guest

1125

00:46:29,410 --> 00:46:27,650

quarters for hands Nihal but um this car

1126

00:46:30,670 --> 00:46:29,420

pulled up are there people in there

1127

00:46:32,800 --> 00:46:30,680

Nigel says there are people in there

1128

00:46:34,599 --> 00:46:32,810

this car pulled up here you see it's

1129

00:46:36,670 --> 00:46:34,609

like a goner I couldn't actually see

1130

00:46:38,290 --> 00:46:36,680

what's written on the side of it and the

1131

00:46:41,440 --> 00:46:38,300

promise you see on this image but the

1132

00:46:43,960 --> 00:46:41,450

the window wound down and I could

1133

00:46:45,340 --> 00:46:43,970

distinctly tell the people in the car

1134

00:46:46,900 --> 00:46:45,350

were looking at us they were staring at

1135

00:46:49,990 --> 00:46:46,910

us they pulled up outside his own

1136

00:46:51,160 --> 00:46:50,000

building a couple hundred feet away and

1137

00:46:53,250 --> 00:46:51,170

they willed it and they were watching us

1138

00:46:56,710 --> 00:46:53,260

as we were walking down Ghana Bear Lane

1139

00:46:58,810 --> 00:46:56,720

now these are the gamekeepers supposedly

1140

00:47:01,270 --> 00:46:58,820

try and keep people away from the grass

1141

00:47:04,359 --> 00:47:01,280

or are they are they trying to prevent

1142

00:47:05,950 --> 00:47:04,369

the illegal fishing in that pond or are

1143

00:47:06,480 --> 00:47:05,960

they guarding the area for another

1144

00:47:08,620 --> 00:47:06,490

reason

1145

00:47:11,010 --> 00:47:08,630

are these the equipment of the camo

1146

00:47:13,570 --> 00:47:11,020

dudes you get area 51

1147

00:47:15,160 --> 00:47:13,580

maybe I mean what's interesting is Nigel

1148

00:47:17,200 --> 00:47:15,170

try to make some inquiries with the Land

1149

00:47:20,109 --> 00:47:17,210

Management Agency that looks after this

1150

00:47:22,180 --> 00:47:20,119

particular this particular area now am i

1151

00:47:23,680 --> 00:47:22,190

well I was in Birmingham I did this

1152

00:47:26,080 --> 00:47:23,690

speech someone will actually know

1153

00:47:27,160 --> 00:47:26,090

someone who works for them told me that

1154

00:47:29,050 --> 00:47:27,170

they're they're very concerned because

1155

00:47:30,370 --> 00:47:29,060

they they don't need the local

1156

00:47:31,630 --> 00:47:30,380

chancellor won't cover them from the

1157

00:47:32,920 --> 00:47:31,640

damages and things like that but when

1158

00:47:34,930 --> 00:47:32,930

you look at the state of the buildings

1159

00:47:36,580 --> 00:47:34,940

you wonder why they care at all cuz even

1160

00:47:37,840 --> 00:47:36,590

the new building that's that's being

1161

00:47:40,780 --> 00:47:37,850

occupied is it's actually in a pretty

1162

00:47:42,400 --> 00:47:40,790

bad state so wonder if there's another

1163

00:47:45,250 --> 00:47:42,410

reason but Nigel actually phoned up the

1164

00:47:46,660 --> 00:47:45,260

Land Management Agency and they

1165

00:47:49,300 --> 00:47:46,670

literally put the phone down on him they

1166

00:47:53,560 --> 00:47:49,310

were very evasive indeed they would not

1167

00:47:56,260 --> 00:47:53,570

discuss it with him he I mean he just

1168

00:47:57,820 --> 00:47:56,270

asked about the 1987 incident and they

1169

00:48:01,450 --> 00:47:57,830

basically just no comment about the

1170

00:48:03,310 --> 00:48:01,460

phone now what's going on there this is

1171

00:48:03,820 --> 00:48:03,320

a beauty spot in not officious the miss

1172

00:48:06,910 --> 00:48:03,830

kills

1173

00:48:07,700 --> 00:48:06,920

yes to private land okay it's farms

1174

00:48:14,809 --> 00:48:07,710

there

1175

00:48:16,490 --> 00:48:14,819

apart from basically these people this

1176

00:48:18,920 --> 00:48:16,500

agency no I don't think anyone could

1177

00:48:23,180 --> 00:48:18,930

possibly live in there in the buildings

1178

00:48:24,020 --> 00:48:23,190

they're in too bad a state so we want to

1179

00:48:25,430 --> 00:48:24,030

cook what's going on there because

1180

00:48:27,799 --> 00:48:25,440

basically that area is being maintained

1181

00:48:28,760 --> 00:48:27,809

with very high security unusually high

1182

00:48:33,500 --> 00:48:28,770

security you think

1183

00:48:38,720 --> 00:48:33,510

next slide please so this is the corner

1184

00:48:40,849 --> 00:48:38,730

it's Nigel says was around the the

1185

00:48:42,710 --> 00:48:40,859

Warren around the Ansley Hall location

1186

00:48:44,359 --> 00:48:42,720

now this is this was placed exact at the

1187

00:48:46,460 --> 00:48:44,369

same time exactly the same time as the

1188

00:48:47,900 --> 00:48:46,470

thieves would cordon because basically

1189

00:48:49,730 --> 00:48:47,910

these two events happen together that

1190

00:48:51,140 --> 00:48:49,740

the object came down it bounced is

1191

00:48:53,599 --> 00:48:51,150

literally just minutes later it came

1192

00:48:55,640 --> 00:48:53,609

down as he hauls the two sites were

1193

00:48:59,270 --> 00:48:55,650

maintained as the two sites were managed

1194

00:49:01,579 --> 00:48:59,280

concurrently or saw simultaneously by

1195

00:49:04,700 --> 00:49:01,589

the government this here you see this

1196

00:49:06,400 --> 00:49:04,710

the m1 motorway was working it wasn't it

1197

00:49:09,079 --> 00:49:06,410

was open but we assume here that

1198

00:49:11,599 --> 00:49:09,089

everything to the east and side of that

1199

00:49:13,849 --> 00:49:11,609

motorway from Junction 27 southwards was

1200

00:49:15,559 --> 00:49:13,859

sealed off then you see this we get here

1201
00:49:18,319 --> 00:49:15,569
to the bottom of the cordon this here is

1202
00:49:19,520 --> 00:49:18,329
hopping on this is a large town just to

1203
00:49:21,579 --> 00:49:19,530
the south of Nottingham

1204
00:49:24,410 --> 00:49:21,589
sorry just sort of north of Nottingham

1205
00:49:25,520 --> 00:49:24,420
city of Nabi was just here then you go

1206
00:49:27,349 --> 00:49:25,530
over here there's Lyndon be a small

1207
00:49:28,910 --> 00:49:27,359
village and only sharing here and that

1208
00:49:31,789 --> 00:49:28,920
there is the slip road the slip road day

1209
00:49:37,250 --> 00:49:31,799
was shut according to Nigel when that

1210
00:49:40,670 --> 00:49:37,260
would that nuclear bunker was sewage

1211
00:49:42,980 --> 00:49:40,680
isten became it was about a week but

1212
00:49:44,990 --> 00:49:42,990
this was the case then Gordon's lifted

1213
00:49:45,910 --> 00:49:45,000

and people just when people told you to

1214

00:49:47,960 --> 00:49:45,920

go back to normal

1215

00:49:51,970 --> 00:49:47,970

move along ladies and gentlemen nothing

1216

00:49:54,950 --> 00:49:51,980

to see here now next slide please mind

1217

00:49:59,200 --> 00:49:54,960

mr. photograph I took of a tree in

1218

00:50:01,940 --> 00:49:59,210

thieves wood which is very very young

1219

00:50:03,500 --> 00:50:01,950

it's obviously was there at a time you

1220

00:50:06,200 --> 00:50:03,510

table the size of it and by looking at

1221

00:50:07,250 --> 00:50:06,210

other stumps and counting the rings oh I

1222

00:50:08,809 --> 00:50:07,260

could tell that was a tree that was

1223

00:50:11,390 --> 00:50:08,819

there at the time now according to Nigel

1224

00:50:13,670 --> 00:50:11,400

this has suffered damage as a result of

1225

00:50:16,520 --> 00:50:13,680

this impact this trees are certainly as

1226
00:50:18,400 --> 00:50:16,530
there's a short distance away from where

1227
00:50:20,560 --> 00:50:18,410
this object came down

1228
00:50:21,760 --> 00:50:20,570
and it suffered damage as a result heat

1229
00:50:24,100 --> 00:50:21,770
or heat or radiation

1230
00:50:25,960 --> 00:50:24,110
we don't know I mean the only way to

1231
00:50:27,520 --> 00:50:25,970
confirm this Nigel said he pointed to

1232
00:50:30,370 --> 00:50:27,530
some marks on the bar and he said look

1233
00:50:33,550 --> 00:50:30,380
that's size like these pink marks on the

1234
00:50:35,680 --> 00:50:33,560
bar I think you take an expert or

1235
00:50:38,250 --> 00:50:35,690
dendrology just whether you're cool or a

1236
00:50:41,170 --> 00:50:38,260
woodland expert to actually say for sure

1237
00:50:43,510 --> 00:50:41,180
whether this is that these acts of

1238
00:50:46,260 --> 00:50:43,520

damage caused by kink or by exposure to

1239

00:50:49,000 --> 00:50:46,270

electromagnetic radiation but there is

1240

00:50:51,100 --> 00:50:49,010

there ISM this is actually being done at

1241

00:50:52,630 --> 00:50:51,110

the moment I am now in the planning

1242

00:50:55,020 --> 00:50:52,640

stages of doing further research into

1243

00:50:57,880 --> 00:50:55,030

this if anyone else wants to do it

1244

00:50:58,210 --> 00:50:57,890

the themes would area is open to the

1245

00:50:59,530 --> 00:50:58,220

public

1246

00:51:02,170 --> 00:50:59,540

anyone for going and they can look

1247

00:51:04,750 --> 00:51:02,180

around any time as Lee Hall as I said is

1248

00:51:06,970 --> 00:51:04,760

a completely a no-go zone the feeds

1249

00:51:07,960 --> 00:51:06,980

would go in there check it out for

1250

00:51:13,300 --> 00:51:07,970

yourself if you like get in there

1251
00:51:15,900 --> 00:51:13,310
performing next slide please mines now

1252
00:51:19,750 --> 00:51:15,910
there are a number of similarities

1253
00:51:20,980 --> 00:51:19,760
between the nottingham she was well and

1254
00:51:23,050 --> 00:51:20,990
what are the biggest and most

1255
00:51:25,330 --> 00:51:23,060
spectacular you are for events on this

1256
00:51:29,950 --> 00:51:25,340
side of the border the bedouin mountains

1257
00:51:34,090 --> 00:51:29,960
instance for january 1974 is anyone here

1258
00:51:35,740 --> 00:51:34,100
not heard of this nobody good this is if

1259
00:51:38,620 --> 00:51:35,750
your well she follow gist you can't not

1260
00:51:40,840 --> 00:51:38,630
heard of this event large again there's

1261
00:51:45,340 --> 00:51:40,850
some similarities a large exposure loud

1262
00:51:46,750 --> 00:51:45,350
noise and shockwave in the area in this

1263
00:51:48,250 --> 00:51:46,760

case it was it was a very very different

1264

00:51:50,680 --> 00:51:48,260

kind of location it was in the barren

1265

00:51:52,540 --> 00:51:50,690

mountains a remote area of north east

1266

00:51:56,050 --> 00:51:52,550

Wales around the towns of funky flow

1267

00:51:57,310 --> 00:51:56,060

found LFL and that so that is what used

1268

00:52:02,680 --> 00:51:57,320

to be called Chloe doesn't always called

1269

00:52:07,060 --> 00:52:02,690

now but Davis is that the loud explosion

1270

00:52:10,390 --> 00:52:07,070

loud bang shock wave and then strange

1271

00:52:11,980 --> 00:52:10,400

objects been seen it was one object a

1272

00:52:14,860 --> 00:52:11,990

large a very large spherical object was

1273

00:52:18,790 --> 00:52:14,870

seen on the ground by a witness and then

1274

00:52:21,400 --> 00:52:18,800

you also have the presence of the Armed

1275

00:52:24,490 --> 00:52:21,410

Forces and the emergency services again

1276

00:52:27,520 --> 00:52:24,500

you have them you have a response

1277

00:52:28,660 --> 00:52:27,530

they're so quick that the government

1278

00:52:32,620 --> 00:52:28,670

must have had some

1279

00:52:34,630 --> 00:52:32,630

they must have been informed in some way

1280

00:52:36,400 --> 00:52:34,640

that something was gonna happen

1281

00:52:38,890 --> 00:52:36,410

somewhere in that area

1282

00:52:40,839 --> 00:52:38,900

not exactly but they knew closer they

1283

00:52:43,270 --> 00:52:40,849

knew roughly where it wasn't at what

1284

00:52:45,339 --> 00:52:43,280

time so they could get people on the

1285

00:52:47,700 --> 00:52:45,349

scene within a short space of time again

1286

00:52:51,280 --> 00:52:47,710

the response time was less than an hour

1287

00:52:53,530 --> 00:52:51,290

before they actually had this sorted out

1288

00:52:55,480 --> 00:52:53,540

and then of course when we don't know of

1289

00:52:57,670 --> 00:52:55,490

any object being the tree there's

1290

00:53:00,430 --> 00:52:57,680

several rather dubious stories going

1291

00:53:01,930 --> 00:53:00,440

around about this that some object was

1292

00:53:03,670 --> 00:53:01,940

crashed in the tree we don't know

1293

00:53:05,319 --> 00:53:03,680

there's no nothing to be sure about that

1294

00:53:11,880 --> 00:53:05,329

we know that an object was on the ground

1295

00:53:16,359 --> 00:53:14,020

there was a lot of it there was a lot of

1296

00:53:18,670 --> 00:53:16,369

government attention on this particular

1297

00:53:21,520 --> 00:53:18,680

area a lot of further a lot of poking

1298

00:53:22,990 --> 00:53:21,530

around but I'm nosing around it's a cell

1299

00:53:24,609 --> 00:53:23,000

researchers a guy called Scott Felton

1300

00:53:27,010 --> 00:53:24,619

who's been looking into this in great

1301
00:53:28,569 --> 00:53:27,020
detail as a new there's a video by

1302
00:53:30,190 --> 00:53:28,579
Richard d Hall of rich planet all about

1303
00:53:32,289 --> 00:53:30,200
this you've made a entire documentary

1304
00:53:34,480 --> 00:53:32,299
about this very very good indeed there's

1305
00:53:36,099 --> 00:53:34,490
been some disinformation as well even

1306
00:53:41,950 --> 00:53:36,109
knowingly unlearned only several

1307
00:53:44,200 --> 00:53:41,960
researchers have actually dissemination

1308
00:53:46,690 --> 00:53:44,210
of false information about this and I

1309
00:53:50,650 --> 00:53:46,700
have taken to task on that did a review

1310
00:53:53,579 --> 00:53:50,660
of the UFO down by Andy Roberts I wasn't

1311
00:53:56,109 --> 00:53:53,589
impressed by it I must own

1312
00:53:58,960 --> 00:53:56,119
Andy Roberson dr. Dane Clark they they

1313
00:54:01,569 --> 00:53:58,970

actually in the 14 times they used their

1314

00:54:05,440 --> 00:54:01,579

column to call me a nutter in their

1315

00:54:07,599 --> 00:54:05,450

little column I think that was thinking

1316

00:54:11,520 --> 00:54:07,609

o'clock I was Roberts get his own back I

1317

00:54:14,589 --> 00:54:11,530

think and the next slide please body

1318

00:54:17,349 --> 00:54:14,599

so if decisive physical evidence was

1319

00:54:21,130 --> 00:54:17,359

taken from nottingham Sharat from

1320

00:54:23,170 --> 00:54:21,140

knotting show where was it where did it

1321

00:54:24,789 --> 00:54:23,180

end up well this is probably where they

1322

00:54:26,890 --> 00:54:24,799

would have taken it so this is actually

1323

00:54:30,370 --> 00:54:26,900

gonna he support him down which is like

1324

00:54:33,839 --> 00:54:30,380

a secret laboratory type area run by the

1325

00:54:36,010 --> 00:54:33,849

military in wheelchair essentially

1326

00:54:38,380 --> 00:54:36,020

there's lots of research being done into

1327

00:54:40,150 --> 00:54:38,390

here into the chemical weapons program

1328

00:54:41,500 --> 00:54:40,160

when Britain had won

1329

00:54:43,329 --> 00:54:41,510

it still does but doesn't seem or

1330

00:54:45,279 --> 00:54:43,339

secretly also the biological warfare

1331

00:54:46,990 --> 00:54:45,289

program various things to do with

1332

00:54:50,760 --> 00:54:47,000

nuclear weapons all this was done

1333

00:54:53,140 --> 00:54:50,770

important down its way and it several

1334

00:54:55,240 --> 00:54:53,150

there was there was several spy planes

1335

00:54:57,730 --> 00:54:55,250

as well were the stationed there for a

1336

00:54:58,960 --> 00:54:57,740

while - and there's bottom down so

1337

00:55:02,140 --> 00:54:58,970

that's bottom down there bündchen

1338

00:55:04,270 --> 00:55:02,150

airfield which has which is connected to

1339

00:55:04,599 --> 00:55:04,280

port and down this is probably where it

1340

00:55:06,460 --> 00:55:04,609

went

1341

00:55:08,079 --> 00:55:06,470

I mean whether it's still there it's a

1342

00:55:11,799 --> 00:55:08,089

supposing there was like a saucer and

1343

00:55:14,980 --> 00:55:11,809

that hangar to quote Nick Pope we don't

1344

00:55:19,120 --> 00:55:14,990

know whether it was taken from not iam

1345

00:55:20,730 --> 00:55:19,130

sure and taken here and then whether it

1346

00:55:24,190 --> 00:55:20,740

was moved on somewhere else after that

1347

00:55:26,410 --> 00:55:24,200

because Britain like every other country

1348

00:55:30,609 --> 00:55:26,420

seems to obey this global policy of

1349

00:55:33,010 --> 00:55:30,619

crash retrievals and America the United

1350

00:55:34,990 --> 00:55:33,020

States of America seems to be the place

1351
00:55:36,670 --> 00:55:35,000
where a lot of this stuff ends up there

1352
00:55:37,839 --> 00:55:36,680
are several there are several reports if

1353
00:55:40,270 --> 00:55:37,849
they've had there are two reports of

1354
00:55:41,799 --> 00:55:40,280
other occasions of crashed rebels and

1355
00:55:45,579 --> 00:55:41,809
how many of you know the Virginia

1356
00:55:47,980 --> 00:55:45,589
incidents a Brazil 1996 and so which

1357
00:55:49,510 --> 00:55:47,990
where basically of those crash of craft

1358
00:55:53,740 --> 00:55:49,520
there were aliens wandering the streets

1359
00:55:55,900 --> 00:55:53,750
in the city the five the fire brigade

1360
00:55:57,250 --> 00:55:55,910
and emergency services took it away it

1361
00:55:58,809 --> 00:55:57,260
was handed over to the army then the

1362
00:56:01,720 --> 00:55:58,819
American sent a plane they sent a team

1363
00:56:03,849 --> 00:56:01,730

in and they took over so it seems the

1364

00:56:05,260 --> 00:56:03,859

Americans are very much in the lead in

1365

00:56:07,779 --> 00:56:05,270

here there was another incident in South

1366

00:56:14,260 --> 00:56:07,789

Africa in 1989 where again the same

1367

00:56:18,039 --> 00:56:14,270

thing happened next time please mind hmm

1368

00:56:20,380 --> 00:56:18,049

whose play grand theft auto I found this

1369

00:56:23,140 --> 00:56:20,390

is it's funny enough I was just I was

1370

00:56:26,500 --> 00:56:23,150

just um googling you know UFO crash in

1371

00:56:28,089 --> 00:56:26,510

the city and I've got this this is from

1372

00:56:29,620 --> 00:56:28,099

the fifth from the grand theft auto and

1373

00:56:32,079 --> 00:56:29,630

I'm not played this game but I might

1374

00:56:34,299 --> 00:56:32,089

actually play it now this grand theft

1375

00:56:35,289 --> 00:56:34,309

auto 5 because just for this just to

1376

00:56:38,740 --> 00:56:35,299

find out a bit more about this

1377

00:56:40,599 --> 00:56:38,750

particular shot this is you see here

1378

00:56:42,309 --> 00:56:40,609

there's big flying saucers alien

1379

00:56:45,819 --> 00:56:42,319

spacecraft has come down a busy

1380

00:56:49,890 --> 00:56:45,829

crossroads in a large city now this is

1381

00:56:51,910 --> 00:56:49,900

an important point because the skeptics

1382

00:56:53,039 --> 00:56:51,920

listen you know they you know they all

1383

00:56:55,529 --> 00:56:53,049

say don't they

1384

00:56:58,109 --> 00:56:55,539

but how come these UFOs don't crash in

1385

00:57:00,569 --> 00:56:58,119

built-up areas how come it's always the

1386

00:57:02,399 --> 00:57:00,579

devil's armpit Nevada or some other

1387

00:57:05,609 --> 00:57:02,409

crazy place in the desert or remote

1388

00:57:07,889 --> 00:57:05,619

mountain location or something ripped

1389

00:57:09,329 --> 00:57:07,899

island in the middle of the Pacific why

1390

00:57:11,609 --> 00:57:09,339

don't they ever crash in the middle of

1391

00:57:13,620 --> 00:57:11,619

cities it's because it's not true isn't

1392

00:57:14,849 --> 00:57:13,630

it because if they crassness in little

1393

00:57:17,219 --> 00:57:14,859

cities I believe you because there may

1394

00:57:21,120 --> 00:57:17,229

be evidence but they don't you see so

1395

00:57:22,319 --> 00:57:21,130

that means it can't be true well several

1396

00:57:25,679 --> 00:57:22,329

problems with that's a particular

1397

00:57:27,989 --> 00:57:25,689

statement firstly some cities let's just

1398

00:57:29,189 --> 00:57:27,999

see what we're looking at here okay you

1399

00:57:32,519 --> 00:57:29,199

take into account

1400

00:57:34,979 --> 00:57:32,529

Ryan was book magic eyes only it

1401

00:57:36,179 --> 00:57:34,989

documents a hundred crash retrievals in

1402

00:57:40,349 --> 00:57:36,189

the course of 20th century now

1403

00:57:43,109 --> 00:57:40,359

statistically oh that's one per year a

1404

00:57:44,489 --> 00:57:43,119

hundred okay statistically where they

1405

00:57:45,599 --> 00:57:44,499

most want you to come down look at the

1406

00:57:48,359 --> 00:57:45,609

Earth's surface okay

1407

00:57:52,589 --> 00:57:48,369

we live in a built-up area we Swansea is

1408

00:57:55,109 --> 00:57:52,599

a large urban area it's tightly large

1409

00:57:58,620 --> 00:57:55,119

populations large multi level buildings

1410

00:58:00,089 --> 00:57:58,630

a busy road networks many many hundreds

1411

00:58:02,309 --> 00:58:00,099

thousands of people in very very close

1412

00:58:04,019 --> 00:58:02,319

proximity to each other it's a large

1413

00:58:07,439 --> 00:58:04,029

it's a it's a tight one urban

1414

00:58:08,849 --> 00:58:07,449

environment but a lot much of the rest

1415

00:58:10,829 --> 00:58:08,859

of Britain is like that and there's many

1416

00:58:13,169 --> 00:58:10,839

many other places like Swansea even

1417

00:58:15,870 --> 00:58:13,179

bigger places but how much of the world

1418

00:58:17,579 --> 00:58:15,880

is like that we all seen it from our

1419

00:58:20,099 --> 00:58:17,589

perspective a lot of these skeptics who

1420

00:58:22,249 --> 00:58:20,109

say this loitering is a British I mean

1421

00:58:25,259 --> 00:58:22,259

then living in not a living on an island

1422

00:58:29,219 --> 00:58:25,269

of 255 thousand square miles where

1423

00:58:32,189 --> 00:58:29,229

there's 67 million people crammed in

1424

00:58:34,199 --> 00:58:32,199

together most of the world's not like

1425

00:58:36,839 --> 00:58:34,209

that look at look at them and look at a

1426

00:58:39,479 --> 00:58:36,849

population density chart of the earth

1427

00:58:42,120 --> 00:58:39,489

right first of all almost 3/4 of the

1428

00:58:46,019 --> 00:58:42,130

world is covered by sea so only only

1429

00:58:47,789 --> 00:58:46,029

just over a quarter of the actual

1430

00:58:50,909 --> 00:58:47,799

surface of the earth is land is dry land

1431

00:58:52,620 --> 00:58:50,919

where people can actually exist of that

1432

00:58:56,279 --> 00:58:52,630

dry land over half of it is almost

1433

00:58:59,459 --> 00:58:56,289

uninhabited its to copy TV to cold was

1434

00:59:03,449 --> 00:58:59,469

too hot it's too dry to mountainous to

1435

00:59:05,700 --> 00:59:03,459

mountainous etc etc so over half of that

1436

00:59:11,370 --> 00:59:05,710

remember quarter

1437

00:59:13,500 --> 00:59:11,380

is almost entirely uninhabited now all

1438

00:59:18,420 --> 00:59:13,510

that remains of the remaining eighth

1439

00:59:19,680 --> 00:59:18,430

that's left a lot of bits is you know

1440

00:59:21,240 --> 00:59:19,690

you should get like a few people

1441

00:59:22,620 --> 00:59:21,250

per-square-mile as farmland and things

1442

00:59:26,460 --> 00:59:22,630

like that are you seeing Nazi on things

1443

00:59:28,349 --> 00:59:26,470

like that in terms of actual type 1

1444

00:59:30,329 --> 00:59:28,359

urban environments like you see here

1445

00:59:32,099 --> 00:59:30,339

you're probably looking at one under a

1446

00:59:35,790 --> 00:59:32,109

percent of the entire Earth's land

1447

00:59:37,020 --> 00:59:35,800

surface altogether large cities there

1448

00:59:38,820 --> 00:59:37,030

there a lot of people crammed in

1449

00:59:39,990 --> 00:59:38,830

together but they not very common I

1450

00:59:43,980 --> 00:59:40,000

think when you take into account the

1451

00:59:47,640 --> 00:59:43,990

entire size of the earth now the area

1452

00:59:49,890 --> 00:59:47,650

around Nottingham as I said before it

1453

00:59:51,450 --> 00:59:49,900

was the Nottingham conurbation it's a

1454

00:59:55,170 --> 00:59:51,460

patchwork it's a patchwork of arable

1455

00:59:59,190 --> 00:59:55,180

fields forestry at that land woods large

1456

01:00:02,940 --> 00:59:59,200

towns and these these crafts did they

1457

01:00:05,839 --> 01:00:02,950

came down they thought it was covered up

1458

01:00:08,070 --> 01:00:05,849

I think it was successfully covered up

1459

01:00:09,480 --> 01:00:08,080

you could say well what if what if it

1460

01:00:11,339 --> 01:00:09,490

what is the craft haven't landed in

1461

01:00:14,250 --> 01:00:11,349

future what if it landed in Nottingham

1462

01:00:15,780 --> 01:00:14,260

city centre what then of course it is

1463

01:00:17,550 --> 01:00:15,790

only a matter of time statistically it

1464

01:00:20,280 --> 01:00:17,560

tell you something does come down like

1465

01:00:22,470 --> 01:00:20,290

this in another city they wouldn't be

1466

01:00:25,430 --> 01:00:22,480

the cover up then what day would they be

1467

01:00:28,140 --> 01:00:25,440

able to cover up something like this oh

1468

01:00:29,579 --> 01:00:28,150

people the obvious answer is no there'll

1469

01:00:32,730 --> 01:00:29,589

be too many witnesses but let's think

1470

01:00:35,460 --> 01:00:32,740

about okay the people behind the truth

1471

01:00:38,520 --> 01:00:35,470

embargo a Stephen Bassett calls it have

1472

01:00:40,740 --> 01:00:38,530

enormous levels of resources they have

1473

01:00:42,630 --> 01:00:40,750

all the money they need and they have

1474

01:00:44,760 --> 01:00:42,640

the media they control the media they

1475

01:00:45,990 --> 01:00:44,770

control the political figures as well

1476

01:00:50,130 --> 01:00:46,000

the politicians will say whatever

1477

01:00:52,260 --> 01:00:50,140

they're told to say now think again in

1478

01:00:55,109 --> 01:00:52,270

that situation would they be able to

1479

01:00:58,230 --> 01:00:55,119

cover it up or is this an emperor having

1480

01:01:00,150 --> 01:00:58,240

no clothes situation because imagine the

1481

01:01:03,540 --> 01:01:00,160

thousands of people Crowell around this

1482

01:01:05,700 --> 01:01:03,550

as soon as soon as it comes down get

1483

01:01:07,710 --> 01:01:05,710

thousands people my god a UFO is just

1484

01:01:12,800 --> 01:01:07,720

cut down in another city I'm gonna go

1485

01:01:15,210 --> 01:01:12,810

home and tell the family they go home

1486

01:01:18,390 --> 01:01:15,220

switch on the TV and what do they see a

1487

01:01:21,319 --> 01:01:18,400

new story about how are some

1488

01:01:24,269 --> 01:01:21,329

a group of kids played a prank by

1489

01:01:26,069 --> 01:01:24,279

inflating an oddly-shaped bouncy castle

1490

01:01:30,630 --> 01:01:26,079

at a crossroads it was a flying saucer

1491

01:01:35,700 --> 01:01:32,760

sorry about that it was just a big joke

1492

01:01:36,990 --> 01:01:35,710

on their part he confused a lot of

1493

01:01:38,849 --> 01:01:37,000

people for a while but don't right

1494

01:01:40,650 --> 01:01:38,859

ladies and gentlemen there is not really

1495

01:01:42,390 --> 01:01:40,660

a flying saucer crash in the middle of

1496

01:01:44,990 --> 01:01:42,400

the city don't worry it's all been

1497

01:01:47,609 --> 01:01:45,000

sorted out it was just a bouncy castle

1498

01:01:50,430 --> 01:01:47,619

how many people would believe that the

1499

01:01:52,589 --> 01:01:50,440

TV told them that yeah unfortunately a

1500

01:01:54,690 --> 01:01:52,599

lot of people would even in

1501
01:01:57,870 --> 01:01:54,700
contradiction to their own senses and on

1502
01:02:01,710 --> 01:01:57,880
an owned Commission they would set the

1503
01:02:03,240 --> 01:02:01,720
cover story the media media broadcast

1504
01:02:05,900 --> 01:02:03,250
television newspapers they're designed

1505
01:02:07,529 --> 01:02:05,910
with the help of top-level psychologists

1506
01:02:09,210 --> 01:02:07,539
organizations like its Haverstock

1507
01:02:11,430 --> 01:02:09,220
Institute the RAND Corporation a

1508
01:02:14,339 --> 01:02:11,440
Stanford research institution all these

1509
01:02:16,319 --> 01:02:14,349
organizations are groups of people who

1510
01:02:17,880 --> 01:02:16,329
by their own admission say they want to

1511
01:02:19,890 --> 01:02:17,890
control the world by controlling

1512
01:02:23,039 --> 01:02:19,900
people's mind and they consult for all

1513
01:02:25,500 --> 01:02:23,049

the major media companies and what's

1514

01:02:27,150 --> 01:02:25,510

more it has happened this this sort well

1515

01:02:28,260 --> 01:02:27,160

something similar to this almost as good

1516

01:02:29,970 --> 01:02:28,270

as this has happened it

1517

01:02:34,559 --> 01:02:29,980

I mentioned the Virginia incident in

1518

01:02:37,920 --> 01:02:34,569

1996 Virginia is a tower it's a large

1519

01:02:40,799 --> 01:02:37,930

town in Brazil 100,000 people and a

1520

01:02:42,930 --> 01:02:40,809

craft came now in that area and what's

1521

01:02:44,099 --> 01:02:42,940

more extra trash the little brown aliens

1522

01:02:45,660 --> 01:02:44,109

have seen wandering the street at least

1523

01:02:51,510 --> 01:02:45,670

two of them was seen wandering the

1524

01:02:54,870 --> 01:02:51,520

street yet it was covered up so

1525

01:02:57,240 --> 01:02:54,880

therefore I go do I don't think it's

1526

01:02:58,769 --> 01:02:57,250

inconceivable that something like the

1527

01:03:01,529 --> 01:02:58,779

scenario described in Nottingham sure

1528

01:03:03,150 --> 01:03:01,539

1987 could happen and not remain stood I

1529

01:03:04,620 --> 01:03:03,160

think it could easily be roommate secret

1530

01:03:10,589 --> 01:03:04,630

I don't think is reason reason watching

1531

01:03:12,829 --> 01:03:10,599

next one please Mike so what was it

1532

01:03:16,650 --> 01:03:12,839

though and what wasn't it

1533

01:03:20,130 --> 01:03:16,660

now Harry Mason the author of the

1534

01:03:21,990 --> 01:03:20,140

article which in Nexus he believes it

1535

01:03:24,359 --> 01:03:22,000

could have been some kind of secret

1536

01:03:28,140 --> 01:03:24,369

weapon that went wrong some kind of

1537

01:03:30,200 --> 01:03:28,150

weapons test was being done and if there

1538

01:03:32,609 --> 01:03:30,210

was some big there was some accident

1539

01:03:34,710 --> 01:03:32,619

you may be some directed-energy weapon

1540

01:03:38,700 --> 01:03:34,720

that started the fire pause the lights

1541

01:03:40,890 --> 01:03:38,710

in the sky caused the explosion it's

1542

01:03:43,260 --> 01:03:40,900

possible it's possible it can't be ruled

1543

01:03:45,450 --> 01:03:43,270

out but it's it has to be a very very

1544

01:03:48,530 --> 01:03:45,460

big blunder for this weapon to be tested

1545

01:03:51,480 --> 01:03:48,540

somewhere over them English Midlands I

1546

01:03:53,190 --> 01:03:51,490

mean this usually these things are

1547

01:03:56,190 --> 01:03:53,200

tested in more remote areas it's

1548

01:03:56,970 --> 01:03:56,200

possible it is possible now Harry Mason

1549

01:04:00,599 --> 01:03:56,980

said it

1550

01:04:02,460 --> 01:04:00,609

he also said that it might not be that

1551

01:04:04,550 --> 01:04:02,470

British weapon it might have been Soviet

1552

01:04:06,690 --> 01:04:04,560

it might have been the Soviet Union

1553

01:04:09,270 --> 01:04:06,700

initiating even some kind of attack or

1554

01:04:12,510 --> 01:04:09,280

some kind of test on their Cold War

1555

01:04:15,990 --> 01:04:12,520

enemy I think that's unlikely

1556

01:04:19,500 --> 01:04:16,000

next slide please - did you recognize

1557

01:04:22,500 --> 01:04:19,510

this chap it's mikhaïl gorbachev yes

1558

01:04:26,130 --> 01:04:22,510

he's the eighth and final president of

1559

01:04:27,839 --> 01:04:26,140

the Soviet Union now when he came to

1560

01:04:29,609 --> 01:04:27,849

power in a period where the Cold War was

1561

01:04:32,790 --> 01:04:29,619

there was a thawing in the Cold War

1562

01:04:34,650 --> 01:04:32,800

anyway but in 1985 when he took power he

1563

01:04:36,540 --> 01:04:34,660

instituted some policies called glasnost

1564

01:04:39,599 --> 01:04:36,550

and perestroika openness and

1565

01:04:41,640 --> 01:04:39,609

restructuring he wanted to transform the

1566

01:04:44,130 --> 01:04:41,650

Soviet Union which was completely new

1567

01:04:45,599 --> 01:04:44,140

kind of society in order to prevent it

1568

01:04:49,200 --> 01:04:45,609

from collapsing because he knew very

1569

01:04:50,520 --> 01:04:49,210

well he was very shrewd man he knew that

1570

01:04:54,089 --> 01:04:50,530

the Soviet system as it was was

1571

01:04:57,030 --> 01:04:54,099

unsustainable and so he set about

1572

01:04:58,440 --> 01:04:57,040

changing the economy and bringing in

1573

01:05:02,160 --> 01:04:58,450

more private enterprise and things like

1574

01:05:03,329 --> 01:05:02,170

that and also making it more making the

1575

01:05:06,750 --> 01:05:03,339

country less closed off to the outside

1576

01:05:09,270 --> 01:05:06,760

world he he built bridges with with

1577

01:05:11,970 --> 01:05:09,280

other leaders in in the capitalist West

1578

01:05:13,500 --> 01:05:11,980

the old Cold War enemy he was very good

1579

01:05:15,150 --> 01:05:13,510

friends of Margaret Thatcher the British

1580

01:05:16,700 --> 01:05:15,160

prime minister he went to a funeral into

1581

01:05:19,050 --> 01:05:16,710

2014

1582

01:05:23,130 --> 01:05:19,060

make friends with Ronald Reagan the US

1583

01:05:24,690 --> 01:05:23,140

president people are and now he really

1584

01:05:28,290 --> 01:05:24,700

he was really looking to end the Cold

1585

01:05:29,780 --> 01:05:28,300

War basically he and Reagan and hid

1586

01:05:32,430 --> 01:05:29,790

their armors wanted to end the Cold War

1587

01:05:35,310 --> 01:05:32,440

now he couldn't say the Soviet Union it

1588

01:05:37,620 --> 01:05:35,320

did collapse in 1991 it was complete

1589

01:05:41,479 --> 01:05:37,630

astounded and the new Russia came out of

1590

01:05:44,069 --> 01:05:41,489

it however the idea that

1591

01:05:49,130 --> 01:05:44,079

that he would initiate some kind of as

1592

01:05:51,059 --> 01:05:49,140

an attack against Britain in 1987 is

1593

01:05:52,109 --> 01:05:51,069

completely nonsense school would go

1594

01:05:55,130 --> 01:05:52,119

completely against his political

1595

01:06:00,689 --> 01:05:55,140

strategy if it happened in the 1950s

1596

01:06:02,130 --> 01:06:00,699

when I sixties I could believe it Joseph

1597

01:06:06,390 --> 01:06:02,140

Stalin yet he would have done something

1598

01:06:08,370 --> 01:06:06,400

like that not gorgeo is it's just

1599

01:06:10,469 --> 01:06:08,380

doesn't fit in with the geopolitical

1600

01:06:16,319 --> 01:06:10,479

landscape at that time so I don't think

1601
01:06:20,779 --> 01:06:16,329
it was a Soviet weapon at all what does

1602
01:06:23,009 --> 01:06:20,789
that leave so my next slide please so

1603
01:06:25,859 --> 01:06:23,019
we've got to think logically now I love

1604
01:06:29,009 --> 01:06:25,869
logic logic is great skeptics claim to

1605
01:06:30,870 --> 01:06:29,019
be logical within fast very very often

1606
01:06:35,579 --> 01:06:30,880
I've done it I presentation on this but

1607
01:06:37,680 --> 01:06:35,589
I believe skeptics are very often not

1608
01:06:40,049 --> 01:06:37,690
logical in fact they abandon logic in

1609
01:06:42,599 --> 01:06:40,059
order to maintain their worldview let's

1610
01:06:44,640 --> 01:06:42,609
look at it logically if it wasn't some

1611
01:06:46,920 --> 01:06:44,650
kind of weapon wasn't the way that

1612
01:06:48,709 --> 01:06:46,930
balloon wasn't thunder what was it

1613
01:06:52,519 --> 01:06:48,719

what's this leave we'd have to consider

1614

01:06:55,410 --> 01:06:52,529

other options next slide please Michael

1615

01:06:58,049 --> 01:06:55,420

why shouldn't it be something

1616

01:06:59,579 --> 01:06:58,059

extraterrestrial I think it's probably

1617

01:07:01,559 --> 01:06:59,589

the most likely at that's the most

1618

01:07:03,180 --> 01:07:01,569

likely scenario based on the evidence

1619

01:07:04,529 --> 01:07:03,190

has been presented to us I think the

1620

01:07:06,630 --> 01:07:04,539

most likely thing that happened was this

1621

01:07:10,709 --> 01:07:06,640

was really what an extraterrestrial

1622

01:07:15,890 --> 01:07:10,719

object intentionally built extra special

1623

01:07:18,180 --> 01:07:15,900

object to hit the earth in 1990 1987

1624

01:07:19,620 --> 01:07:18,190

there was some kind whatever caused it

1625

01:07:22,229 --> 01:07:19,630

we don't know but some pop [h__h] came

1626
01:07:23,579 --> 01:07:22,239
down lots of objects were flying over in

1627
01:07:25,739 --> 01:07:23,589
the sky one of at least one of them can

1628
01:07:26,130 --> 01:07:25,749
now hit the ground got back up into the

1629
01:07:27,749 --> 01:07:26,140
air

1630
01:07:31,289 --> 01:07:27,759
ten down Liana stayed there and it was

1631
01:07:34,259 --> 01:07:31,299
salvaged it was secured located and

1632
01:07:38,059 --> 01:07:34,269
hidden and again the gunmen are keeping

1633
01:07:40,229 --> 01:07:38,069
keeping a lid on it to this day I

1634
01:07:41,670 --> 01:07:40,239
hopefully have an update soon to tell

1635
01:07:46,199 --> 01:07:41,680
you because I am working on further

1636
01:07:51,700 --> 01:07:46,209
projects into this particular case so

1637
01:07:59,420 --> 01:07:54,890
if you love anything to do with UFOs and

1638
01:08:01,790 --> 01:07:59,430

crash retrievals and Exopolitics Roswell

1639

01:08:03,890 --> 01:08:01,800

etc Roswell writing a novel of

1640

01:08:06,349 --> 01:08:03,900

disclosure is a novel is a book I've

1641

01:08:08,150 --> 01:08:06,359

written it's a fictional story but it's

1642

01:08:10,280 --> 01:08:08,160

all about this kind of thing and you can

1643

01:08:13,609 --> 01:08:10,290

get a copy on there ten pounds it's up

1644

01:08:15,470 --> 01:08:13,619

on there next slide please money and the

1645

01:08:17,360 --> 01:08:15,480

sequel is good since I came here last

1646

01:08:19,189 --> 01:08:17,370

i've actually published a seat well it's

1647

01:08:21,140 --> 01:08:19,199

also on that this story ten pounds

1648

01:08:24,499 --> 01:08:21,150

although if you buy both together you

1649

01:08:26,090 --> 01:08:24,509

can for fifteen so that's this is the

1650

01:08:27,229 --> 01:08:26,100

sequel and then right third one so it's

1651

01:08:29,269 --> 01:08:27,239

gonna be a trilogy so it's gonna be a

1652

01:08:30,620 --> 01:08:29,279

Roswell or disclosure trilogy this is

1653

01:08:32,329 --> 01:08:30,630

was more reveal than world after

1654

01:08:34,670 --> 01:08:32,339

disclosure it talks about this

1655

01:08:36,470 --> 01:08:34,680

possibility so do come pick one up if

1656

01:08:38,959 --> 01:08:36,480

you if you're into this sort of subject

1657

01:08:41,870 --> 01:08:38,969

I've also got three copies of Evans land

1658

01:08:44,870 --> 01:08:41,880

which is a well steamed book which is my

1659

01:08:46,510 --> 01:08:44,880

first novel that's only five pounds even

1660

01:08:49,729 --> 01:08:46,520

though it's a big big thing like that

1661

01:08:51,110 --> 01:08:49,739

that's whoa thank you very much for

1662

01:08:52,700 --> 01:08:51,120

listening ladies and gentlemen we'll

1663

01:08:54,840 --> 01:08:52,710

take a break and then I'll take your

1664

01:08:54,850 --> 01:09:01,870

[Applause]

1665

01:09:06,079 --> 01:09:04,670

so please the Ben was able to come back

1666

01:09:06,470 --> 01:09:06,089

to us for the third visit can you

1667

01:09:08,570 --> 01:09:06,480

believe that

1668

01:09:10,579 --> 01:09:08,580

oh we from Oxford he came up on the

1669

01:09:14,329 --> 01:09:10,589

coach today took the best part of eight

1670

01:09:15,650 --> 01:09:14,339

hours so and especially with the day

1671

01:09:17,150 --> 01:09:15,660

today with the threat of the snow and

1672

01:09:24,170 --> 01:09:17,160

everything that so we give them another

1673

01:09:25,729 --> 01:09:24,180

clap for coming up yeah break don't

1674

01:09:27,800 --> 01:09:25,739

disappear come back in for Q&A

1675

01:09:29,689 --> 01:09:27,810

don't forget the box for contributions

1676

01:09:32,420 --> 01:09:29,699

could we gonna please travel expenses

1677

01:09:35,780 --> 01:09:32,430

and you've seen in the B&B tonight so we

1678

01:09:39,410 --> 01:09:35,790

claim for that anybody here not you not

1679

01:09:40,700 --> 01:09:39,420

here before first visit all of ya come

1680

01:09:41,809 --> 01:09:40,710

see me over there any minute and I'll

1681

01:09:45,040 --> 01:09:41,819

give you some paperwork

1682

01:09:51,730 --> 01:09:45,050

alright okay see you in a bit

1683

01:09:57,140 --> 01:09:55,850

well anyway connected are you talking

1684

01:10:00,530 --> 01:09:57,150

about us

1685

01:10:04,670 --> 01:10:00,540

I don't know what are you talking about

1686

01:10:06,520 --> 01:10:04,680

- Gary minute ago he said that there's a

1687

01:10:08,840 --> 01:10:06,530

God from New Zealand called Bruce Cathie

1688

01:10:11,480 --> 01:10:08,850

who's an airline pilot and he actually

1689

01:10:13,550 --> 01:10:11,490

said that he actually who's worked for

1690

01:10:15,500 --> 01:10:13,560

chart in these UFO sightings and their

1691

01:10:18,320 --> 01:10:15,510

links the ley lines and he found out

1692

01:10:20,180 --> 01:10:18,330

that there's a colonel I feel this

1693

01:10:23,120 --> 01:10:20,190

connection they seem to be aware of

1694

01:10:24,590 --> 01:10:23,130

these lines and they seem to appear and

1695

01:10:26,600 --> 01:10:24,600

people like in the West Country in there

1696

01:10:28,280 --> 01:10:26,610

is why stone Antony we've met these are

1697

01:10:31,040 --> 01:10:28,290

all the hot spots for UFOs and of course

1698

01:10:32,540 --> 01:10:31,050

for crop circles which the West Country

1699

01:10:36,680 --> 01:10:32,550

of England is the world heart and the

1700

01:10:38,120 --> 01:10:36,690

crop circles as well so it's possible I

1701
01:10:40,610 --> 01:10:38,130
don't know specifically for not seeing I

1702
01:10:43,970 --> 01:10:40,620
asked his tailor cousin Eaton and having

1703
01:10:46,810 --> 01:10:43,980
spoken here he's a guy and he's working

1704
01:10:55,090 --> 01:10:46,820
something Pembrokeshire right now

1705
01:10:59,600 --> 01:10:57,770
they say no Paul Sinclair's done a bit

1706
01:11:13,850 --> 01:10:59,610
of work on deal entities in truth booths

1707
01:11:16,040 --> 01:11:13,860
books yeah the lorry driver told me he

1708
01:11:18,260 --> 01:11:16,050
remembered it it appears as nothing in

1709
01:11:29,720 --> 01:11:18,270
the newspaper archives which means he

1710
01:11:34,240 --> 01:11:29,730
wasn't covered or material was removed I

1711
01:11:34,250 --> 01:11:43,290
so I'll come back to you

1712
01:11:57,030 --> 01:11:55,050
I sent links to my reports to several

1713
01:12:00,900 --> 01:11:57,040

fire brigade people on forums and things

1714

01:12:02,190 --> 01:12:00,910

like that the actual official if you get

1715

01:12:04,020 --> 01:12:02,200

something official that to be a

1716

01:12:06,060 --> 01:12:04,030

different matter work maybe the Freedom

1717

01:12:07,140 --> 01:12:06,070

of Information Act will actually say

1718

01:12:09,270 --> 01:12:07,150

whether or not there was a major

1719

01:12:11,370 --> 01:12:09,280

incident because for that level of

1720

01:12:13,320 --> 01:12:11,380

response say you know Fargo they come

1721

01:12:15,450 --> 01:12:13,330

from Bingham which if you look on the

1722

01:12:18,180 --> 01:12:15,460

map is to the east of Natyam that must

1723

01:12:20,460 --> 01:12:18,190

have been a major incident court yeah

1724

01:12:22,500 --> 01:12:20,470

but it's it's worth doing I'll see what

1725

01:12:24,210 --> 01:12:22,510

I can do there you know what that what

1726

01:12:29,310 --> 01:12:24,220

have police said about the road closures

1727

01:12:30,600 --> 01:12:29,320

below nothing as I mean as far as I know

1728

01:12:31,470 --> 01:12:30,610

I thought what they said at the time I

1729

01:12:35,100 --> 01:12:31,480

know

1730

01:12:36,750 --> 01:12:35,110

traffic was reroute it but so that I

1731

01:12:39,120 --> 01:12:36,760

said of massive traffic jams around but

1732

01:12:42,870 --> 01:12:39,130

if as far as I know there was no

1733

01:12:44,570 --> 01:12:42,880

official report about why that was so

1734

01:12:46,770 --> 01:12:44,580

ambulance to come back to you now again

1735

01:12:50,070 --> 01:12:46,780

it happened about two o'clock in the

1736

01:12:51,390 --> 01:12:50,080

morning yes how much one we believe the

1737

01:12:53,400 --> 01:12:51,400

explosion was you how many they weren't

1738

01:12:58,170 --> 01:12:53,410

that many eyewitnesses but if there was

1739

01:12:59,910 --> 01:12:58,180

a shockwave or some sort of tremor some

1740

01:13:00,990 --> 01:12:59,920

people must could have gone upside the

1741

01:13:02,160 --> 01:13:01,000

house to see what that was and they

1742

01:13:04,140 --> 01:13:02,170

might have seen something

1743

01:13:06,180 --> 01:13:04,150

well I did today there was people the

1744

01:13:07,500 --> 01:13:06,190

people who boasted people did rush

1745

01:13:09,420 --> 01:13:07,510

Harrington Street say what's going on

1746

01:13:13,230 --> 01:13:09,430

they looked up and they saw lights in

1747

01:13:15,210 --> 01:13:13,240

the sky so yeah absolutely they will

1748

01:13:16,380 --> 01:13:15,220

who's the explosion shockwave there are

1749

01:13:18,780 --> 01:13:16,390

actually more witnesses and you get

1750

01:13:20,910 --> 01:13:18,790

otherwise I've been actively trying to

1751

01:13:22,740 --> 01:13:20,920

find witnesses you know give your money

1752

01:13:29,310 --> 01:13:22,750

either come forward before we do putting

1753

01:13:31,050 --> 01:13:29,320

up the posters on the Facebook know

1754

01:13:33,450 --> 01:13:31,060

there's a lot of little community groups

1755

01:13:35,130 --> 01:13:33,460

have got like a local hub you know where

1756

01:13:37,410 --> 01:13:35,140

mmm people talk about different things

1757

01:13:41,610 --> 01:13:37,420

to do with over there Joe ever spoke of

1758

01:13:43,170 --> 01:13:41,620

paper locals I lasted Facebook groups

1759

01:13:45,120 --> 01:13:43,180

they are you just took a post up I think

1760

01:13:47,340 --> 01:13:45,130

and we found that yeah we researching

1761

01:13:48,900 --> 01:13:47,350

the pentateuch event and kind of food

1762

01:13:51,000 --> 01:13:48,910

people all right it creates a lot of

1763

01:13:55,489 --> 01:13:51,010

trolls and other people making fun but

1764

01:13:57,319 --> 01:13:55,499

you do get quite food remember

1765

01:13:59,479 --> 01:13:57,329

I'll ask what that because I mean my

1766

01:14:01,879 --> 01:13:59,489

fortune I'm not I've split up with Sue

1767

01:14:03,350 --> 01:14:01,889

my partner in the area so ever be able

1768

01:14:05,660 --> 01:14:03,360

to visit her I don't have a base of

1769

01:14:06,979 --> 01:14:05,670

operations there anymore but I'm

1770

01:14:08,890 --> 01:14:06,989

thinking of taking another trip up there

1771

01:14:10,790 --> 01:14:08,900

meeting up with Nigel and Dan and

1772

01:14:12,020 --> 01:14:10,800

because I know they've been doing a lot

1773

01:14:15,049 --> 01:14:12,030

of work in my absence they've been

1774

01:14:16,549 --> 01:14:15,059

they've been putting on posters on on

1775

01:14:19,069 --> 01:14:16,559

telegraph poles and things I asked you

1776

01:14:21,259 --> 01:14:19,079

for information they've not fun a few

1777

01:14:22,790 --> 01:14:21,269

more doors I mean we did the only person

1778

01:14:31,669 --> 01:14:22,800

we spoke to in the area at that time

1779

01:14:33,950 --> 01:14:31,679

didn't remember anything as a promise is

1780

01:14:37,640 --> 01:14:33,960

this is a this is a commonly recurring

1781

01:14:40,549 --> 01:14:37,650

curse of UFO research the tide the time

1782

01:14:42,200 --> 01:14:40,559

between when something happens Oh an

1783

01:14:46,270 --> 01:14:42,210

investigation begins in the case of

1784

01:14:48,290 --> 01:14:46,280

Roswell it's 31 years when you know when

1785

01:14:49,520 --> 01:14:48,300

Jesse met Stan and they did the

1786

01:14:54,430 --> 01:14:49,530

beginning of you and then led to the

1787

01:14:58,819 --> 01:14:56,919

there's a problem meaning case of I

1788

01:15:00,799 --> 01:14:58,829

think it was Jim Marrs

1789

01:15:02,660 --> 01:15:00,809

actually the late great Jim Marcy start

1790

01:15:05,479 --> 01:15:02,670

researching the Aurora incident in the

1791

01:15:07,580 --> 01:15:05,489

70s and by that time this is an event

1792

01:15:09,020 --> 01:15:07,590

that happened in 1897 but that time many

1793

01:15:14,270 --> 01:15:09,030

people look around whether people have

1794

01:15:15,770 --> 01:15:14,280

been children at the time was dead this

1795

01:15:17,839 --> 01:15:15,780

is showing good I think you're covered

1796

01:15:20,209 --> 01:15:17,849

up and then years later then you get one

1797

01:15:22,009 --> 01:15:20,219

person coming forward and wrapping yeah

1798

01:15:25,489 --> 01:15:22,019

there's so many crash retrievals which

1799

01:15:27,439 --> 01:15:25,499

have gotten unknown it can yeah the

1800

01:15:29,390 --> 01:15:27,449

problem then is which ones are real and

1801

01:15:31,399 --> 01:15:29,400

which ones are just fighting and this is

1802

01:15:32,689 --> 01:15:31,409

this is a big problem and the exception

1803

01:15:34,669 --> 01:15:32,699

is random to forests relative course

1804

01:15:36,549 --> 01:15:34,679

luckily thanks to the whistleblowers

1805

01:15:40,189 --> 01:15:36,559

Mary Warren and the other whistleblowers

1806

01:15:55,360 --> 01:15:40,199

by 1983 we all knew it happened and so

1807

01:16:02,090 --> 01:15:59,030

well that's all yeah but then there's a

1808

01:16:04,330 --> 01:16:02,100

lot of talk about this I mean Steve

1809

01:16:07,070 --> 01:16:04,340

Bassett the disclosure project and

1810

01:16:09,140 --> 01:16:07,080

Steven Greer and paradigm research group

1811

01:16:11,390 --> 01:16:09,150

these people are campaigning their lobby

1812

01:16:16,040 --> 01:16:11,400

groups campaigning for willingness

1813

01:16:17,660 --> 01:16:16,050

closure from the government and we've I

1814

01:16:20,630 --> 01:16:17,670

think there was a lot of talk about

1815

01:16:22,520 --> 01:16:20,640

Obama being the disclosure president and

1816

01:16:26,780 --> 01:16:22,530

that he something would happen in his

1817

01:16:28,280 --> 01:16:26,790

term this didn't come to pass now the

1818

01:16:29,480 --> 01:16:28,290

whole issue with willing disclosure is

1819

01:16:32,450 --> 01:16:29,490

something I've very divided over

1820

01:16:33,760 --> 01:16:32,460

internally because now there's a part of

1821

01:16:38,240 --> 01:16:33,770

me that thinks it's not possible

1822

01:16:40,490 --> 01:16:38,250

it's the implications of the fact that

1823

01:16:45,080 --> 01:16:40,500

they the implications of them the fact

1824

01:16:47,300 --> 01:16:45,090

they lied for so long and the other

1825

01:16:48,710 --> 01:16:47,310

things associated with free energy and

1826

01:16:53,330 --> 01:16:48,720

out of gravity and things like that the

1827

01:16:56,360 --> 01:16:53,340

technology to actually not only admit

1828

01:16:58,160 --> 01:16:56,370

that it's there and undo whatever policy

1829

01:17:00,050 --> 01:16:58,170

that existed in place which the whole

1830

01:17:01,850 --> 01:17:00,060

world has been united the whole world in

1831

01:17:03,440 --> 01:17:01,860

the elite circles has been united behind

1832

01:17:05,000 --> 01:17:03,450

they've been absolutely unequivocal

1833

01:17:07,280 --> 01:17:05,010

they've been very very consistent in

1834

01:17:11,540 --> 01:17:07,290

their policy towards this subject for a

1835

01:17:13,670 --> 01:17:11,550

century more or more than a century to

1836

01:17:16,460 --> 01:17:13,680

undo that and then also admit that they

1837

01:17:17,960 --> 01:17:16,470

lied about it when they could have

1838

01:17:20,360 --> 01:17:17,970

actually come clean in the beginning and

1839

01:17:23,180 --> 01:17:20,370

then think how different the world would

1840

01:17:26,000 --> 01:17:23,190

have been well my thought was well

1841

01:17:28,670 --> 01:17:26,010

arising was well revealed these books

1842

01:17:30,290 --> 01:17:28,680

which discussed this issue that's why I

1843

01:17:32,090 --> 01:17:30,300

wrote those books because I wanted to I

1844

01:17:38,000 --> 01:17:32,100

want to explore a fictional scenario in

1845

01:17:39,350 --> 01:17:38,010

which things were different and it would

1846

01:17:41,330 --> 01:17:39,360

be more different we can imagine a me

1847

01:17:43,430 --> 01:17:41,340

for instance free energy antigravity

1848

01:17:44,810 --> 01:17:43,440

things like that talking about an end to

1849

01:17:48,200 --> 01:17:44,820

poverty and then to environmental

1850

01:17:50,120 --> 01:17:48,210

destruction etc etc you know a lot of

1851

01:17:51,500 --> 01:17:50,130

explaining to them so maybe this is kind

1852

01:17:55,370 --> 01:17:51,510

of one moment I'll be with you in a sec

1853

01:17:57,370 --> 01:17:55,380

but yeah what maybe they just they just

1854

01:17:59,620 --> 01:17:57,380

did it digging their heels in the hole

1855

01:18:01,149 --> 01:17:59,630

because it's just it's a hole they can't

1856

01:18:02,350 --> 01:18:01,159

dig out of it's that the political

1857

01:18:04,390 --> 01:18:02,360

structures of this world don't have the

1858

01:18:07,060 --> 01:18:04,400

capacity to absorb a revelation of that

1859

01:18:10,209 --> 01:18:07,070

magnitude so just going to ask about the

1860

01:18:13,510 --> 01:18:10,219

fires and any potential sort of like

1861

01:18:23,470 --> 01:18:13,520

smoking with smoke because when happened

1862

01:18:26,110 --> 01:18:23,480

there were people not to my knowledge no

1863

01:18:27,550 --> 01:18:26,120

I mean the Pentek incident is like

1864

01:18:29,620 --> 01:18:27,560

really interesting because my cure it

1865

01:18:31,060 --> 01:18:29,630

see we've been talking about it in the

1866

01:18:31,870 --> 01:18:31,070

break and it's there's so many

1867

01:18:34,120 --> 01:18:31,880

similarities

1868

01:18:39,070 --> 01:18:34,130

I've been talking to Kaz and other

1869

01:18:40,450 --> 01:18:39,080

people looking into it you not only have

1870

01:18:55,649 --> 01:18:40,460

a strange event but you have like the

1871

01:19:05,379 --> 01:19:03,430

online all the police just a weather

1872

01:19:07,240 --> 01:19:05,389

balloon is backfilling there it's the

1873

01:19:08,890 --> 01:19:07,250

entire you can always get your

1874

01:19:10,780 --> 01:19:08,900

disinformation in afterwards if you need

1875

01:19:12,250 --> 01:19:10,790

to know if you don't have to you don't

1876
01:19:13,479 --> 01:19:12,260
have to put in beforehand if you know

1877
01:19:15,580 --> 01:19:13,489
what you're doing if you control the

1878
01:19:23,590 --> 01:19:15,590
media as I explained in my talk I think

1879
01:19:52,230 --> 01:19:23,600
they were controlling the burning inside

1880
01:19:57,520 --> 01:19:55,510
for sure yeah the core will then go out

1881
01:19:58,030 --> 01:19:57,530
there was Photoshop you can't win that's

1882
01:19:59,580 --> 01:19:58,040
the problem

1883
01:20:02,200 --> 01:19:59,590
you can't win with photographic evidence

1884
01:20:04,240 --> 01:20:02,210
if you either people a lot of skeptical

1885
01:20:05,830 --> 01:20:04,250
said because a lot of UFO footage I

1886
01:20:07,450 --> 01:20:05,840
thought she's very poor quality someone

1887
01:20:09,280 --> 01:20:07,460
with a very shaky hand cuz they're

1888
01:20:10,600 --> 01:20:09,290

excited pointing their mobile iPhone at

1889

01:20:12,820 --> 01:20:10,610

the sky and you see this look you just

1890

01:20:14,680 --> 01:20:12,830

see the light going around can you see

1891

01:20:16,420 --> 01:20:14,690

it oh goodness me it's like it's just

1892

01:20:18,310 --> 01:20:16,430

above my head can you see that everybody

1893

01:20:20,440 --> 01:20:18,320

look about in everyone get your bonus

1894

01:20:21,610 --> 01:20:20,450

straight away of the shock I think

1895

01:20:22,810 --> 01:20:21,620

instead it's getting saying that could

1896

01:20:24,490 --> 01:20:22,820

be anything you know well then of course

1897

01:20:27,610 --> 01:20:24,500

something really really good happens now

1898

01:20:31,060 --> 01:20:27,620

say photoshopped that could be faked and

1899

01:20:32,500 --> 01:20:31,070

a fortunate in this day and age when

1900

01:20:34,600 --> 01:20:32,510

someone says that could be fates they

1901

01:20:36,850 --> 01:20:34,610

could be right because anything could be

1902

01:20:38,410 --> 01:20:36,860

faked these days that's what it's a sad

1903

01:20:39,610 --> 01:20:38,420

fact that photographic evidence doesn't

1904

01:20:43,120 --> 01:20:39,620

carry the same way it used to

1905

01:20:44,950 --> 01:20:43,130

it's a shame but so it's showing that he

1906

01:20:47,320 --> 01:20:44,960

did in this scenario there probably

1907

01:20:49,030 --> 01:20:47,330

would be a lot of people who save us

1908

01:20:51,430 --> 01:20:49,040

fake the people taking this shot Swiss

1909

01:20:54,670 --> 01:20:51,440

police say no wasn't honestly but when

1910

01:20:58,780 --> 01:20:54,680

they realize how incredible is against

1911

01:21:08,350 --> 01:20:58,790

them they may want just they just give

1912

01:21:13,759 --> 01:21:11,569

vanilla yeah yeah that was some mark oli

1913

01:21:16,160 --> 01:21:13,769

looked into her he was a thank you -

1914

01:21:17,540 --> 01:21:16,170

yeah Dorian it's funny because I

1915

01:21:19,129 --> 01:21:17,550

actually come from that area I may not

1916

01:21:22,520 --> 01:21:19,139

sound like it but I'm actually a taffy

1917

01:21:26,089 --> 01:21:22,530

just like you um I am believe it or not

1918

01:21:27,709 --> 01:21:26,099

I'm done yeah that's a mark only did a

1919

01:21:30,560 --> 01:21:27,719

documentary for get on YouTube I've got

1920

01:21:32,180 --> 01:21:30,570

the DVD of it there's some kind of

1921

01:21:34,040 --> 01:21:32,190

saintly baby won't be something wrong

1922

01:21:37,640 --> 01:21:34,050

sure make some some point experiment

1923

01:21:39,890 --> 01:21:37,650

cause there's piece of it yeah which she

1924

01:21:41,450 --> 01:21:39,900

owns which it's clearly a part of some

1925

01:21:43,399 --> 01:21:41,460

kind of aircraft it's like stealth

1926

01:21:45,200 --> 01:21:43,409

material it's like made absorbent

1927

01:21:56,720 --> 01:21:45,210

material it's music maybe a mattress

1928

01:21:57,410 --> 01:21:56,730

some people recovered some of this

1929

01:21:59,240 --> 01:21:57,420

material

1930

01:22:00,620 --> 01:21:59,250

have you made he turned it into a

1931

01:22:03,379 --> 01:22:00,630

hundred key rings and he sent the bill

1932

01:22:06,049 --> 01:22:03,389

different people haha to preserve them

1933

01:22:07,850 --> 01:22:06,059

so they wouldn't get recovered or taken

1934

01:22:08,930 --> 01:22:07,860

from him that's actually not a bad idea

1935

01:22:10,609 --> 01:22:08,940

they opened a government he lives in

1936

01:22:12,140 --> 01:22:10,619

North Wales in the imago phrase a we're

1937

01:22:14,270 --> 01:22:12,150

open to go up to see him soon they said

1938

01:22:17,479 --> 01:22:14,280

we can have one of them oh good yeah all

1939

01:22:18,709 --> 01:22:17,489

right that's not a bad idea I see Becky

1940

01:22:36,919 --> 01:22:18,719

coming down and getting getting

1941

01:22:39,500 --> 01:22:36,929

distributed yeah oh right oh um the

1942

01:22:42,410 --> 01:22:39,510

woman yeah mrs. Rustenburg mrs. first

1943

01:22:44,509 --> 01:22:42,420

name was that not to mention I know

1944

01:22:46,669 --> 01:22:44,519

she's this lady who was a who lived in a

1945

01:22:49,279 --> 01:22:46,679

country houses she was interviewed in a

1946

01:22:52,030 --> 01:22:49,289

program in there was very good interview

1947

01:22:53,200 --> 01:22:52,040

with her Oliver on old TV show and

1948

01:22:55,189 --> 01:22:53,210

[Music]

1949

01:22:57,470 --> 01:22:55,199

you've listened to what she's saying

1950

01:23:00,680 --> 01:22:57,480

about the craft land he came now right

1951

01:23:02,180 --> 01:23:00,690

on the roof of her house and these are

1952

01:23:03,379 --> 01:23:02,190

Nordic aliens were inside it and she

1953

01:23:09,229 --> 01:23:03,389

looked and she saw his like Nordic

1954

01:23:11,110 --> 01:23:09,239

aliens yeah and then I mean she where

1955

01:23:14,500 --> 01:23:11,120

she talks about it it's just like

1956

01:23:18,010 --> 01:23:14,510

I know several people of to hurry a few

1957

01:23:20,260 --> 01:23:18,020

people who are good at analyzing laugh

1958

01:23:21,280 --> 01:23:20,270

it's lies you're detecting lies and

1959

01:23:22,480 --> 01:23:21,290

things like that and detecting when

1960

01:23:23,260 --> 01:23:22,490

people I think things up they she knows

1961

01:23:26,530 --> 01:23:23,270

she's telling the truth

1962

01:23:28,750 --> 01:23:26,540

I changed she's kept her story all her

1963

01:23:30,370 --> 01:23:28,760

life she kept the same story there's

1964

01:23:32,200 --> 01:23:30,380

other more recent interview for her can

1965

01:23:34,570 --> 01:23:32,210

she died a couple years ago but she

1966

01:23:42,610 --> 01:23:34,580

never changed her story never not once

1967

01:23:43,720 --> 01:23:42,620

that's an amazing case Carrie did they

1968

01:23:47,290 --> 01:23:43,730

suggest that it looked like it was

1969

01:23:48,880 --> 01:23:47,300

struggling yeah somebody called in a

1970

01:23:49,990 --> 01:23:48,890

Harry Mason's people report and they

1971

01:23:50,880 --> 01:23:50,000

said it looked like an aircraft in

1972

01:23:52,990 --> 01:23:50,890

trouble

1973

01:23:55,210 --> 01:23:53,000

they thought he was making noises that I

1974

01:23:57,130 --> 01:23:55,220

mean I don't know whether imitating the

1975

01:23:58,900 --> 01:23:57,140

sound or like a whining sound you see in

1976

01:24:04,630 --> 01:23:58,910

Hollywood movies when he can get an

1977

01:24:06,040 --> 01:24:04,640

aircraft about to crash but yes they did

1978

01:24:08,620 --> 01:24:06,050

mention they said they thought someone

1979

01:24:10,420 --> 01:24:08,630

was in trouble which is interesting I

1980

01:24:13,030 --> 01:24:10,430

think I mean whether that was just

1981

01:24:19,960 --> 01:24:13,040

something that occurred to them or care

1982

01:24:22,920 --> 01:24:19,970

to Harry Mason well there was a theory

1983

01:24:25,270 --> 01:24:22,930

that they the radar was affecting their

1984

01:24:27,520 --> 01:24:25,280

navigation systems or something oh well

1985

01:24:30,730 --> 01:24:27,530

there's a lot of it yeah I mean radar

1986

01:24:31,600 --> 01:24:30,740

means these things people have to sell

1987

01:24:33,490 --> 01:24:31,610

they shoot them now

1988

01:24:36,010 --> 01:24:33,500

well there are a course of combat

1989

01:24:37,840 --> 01:24:36,020

between UFOs and humans but almost

1990

01:24:41,440 --> 01:24:37,850

invariably the humans come out worse off

1991

01:24:44,440 --> 01:24:41,450

and many many situations of where for

1992

01:24:46,720 --> 01:24:44,450

instance some a UFO will disable an

1993

01:24:49,300 --> 01:24:46,730

aircraft's computer system before it can

1994

01:24:52,420 --> 01:24:49,310

launches missiles this happened to

1995

01:25:05,530 --> 01:24:52,430

Parviz Jafari in iran in 1976 it

1996

01:25:07,840 --> 01:25:05,540

happened to in 9:57 to know that he's a

1997

01:25:09,850 --> 01:25:07,850

good example of a guy who crashes paying

1998

01:25:13,630 --> 01:25:09,860

off he was chasing you or phobia but

1999

01:25:15,910 --> 01:25:13,640

basically and it's that they are there

2000

01:25:17,000 --> 01:25:15,920

were some reports people say well a lot

2001

01:25:19,640 --> 01:25:17,010

of these crashes happen

2002

01:25:21,410 --> 01:25:19,650

this radar New Mexico was the only place

2003

01:25:23,870 --> 01:25:21,420

with his high-powered Raider also

2004

01:25:26,629 --> 01:25:23,880

thunderstorms thunderstorms are often

2005

01:25:28,970 --> 01:25:26,639

associated crash retrievals now the

2006

01:25:30,859 --> 01:25:28,980

weather for the weather reports for that

2007

01:25:33,649 --> 01:25:30,869

night in 1987

2008

01:25:34,250 --> 01:25:33,659

clear skies no wind it was not a

2009

01:25:36,890 --> 01:25:34,260

thunderstorm

2010

01:25:39,470 --> 01:25:36,900

associated with Roswell it was last

2011

01:25:43,899 --> 01:25:39,480

under storms around the time that the

2012

01:25:52,509 --> 01:25:49,729

12th of November but also inviting

2013

01:25:54,740 --> 01:25:52,519

there's thunderstorms it maybe that's

2014

01:25:56,810 --> 01:25:54,750

electrical activity or energy in the

2015

01:26:01,209 --> 01:25:56,820

atmosphere so adversely affects these

2016

01:26:04,220 --> 01:26:01,219

craft the big hurricane was in 87 but

2017

01:26:06,799 --> 01:26:04,230

well it's funny only was it October

2018

01:26:09,049 --> 01:26:06,809

wanted like a fish loss Facebook yeah

2019

01:26:10,430 --> 01:26:09,059

that's right actually he's funny

2020

01:26:15,229 --> 01:26:10,440

wouldn't it was just it was literally

2021

01:26:18,700 --> 01:26:15,239

just dumb it was literally just a month

2022

01:26:22,520 --> 01:26:18,710

after that with the great storm yeah

2023

01:26:24,770 --> 01:26:22,530

great sausage very strange thing

2024

01:26:26,060 --> 01:26:24,780

happened yeah is he said Oh some people

2025

01:26:36,439 --> 01:26:26,070

say that hurricane coming don't worry is

2026

01:26:38,959 --> 01:26:36,449

not Dan said Daniel Bostock he said oh I

2027

01:26:40,250 --> 01:26:38,969

I heard a story about how I remember

2028

01:26:43,100 --> 01:26:40,260

them saying helicopter crash in the

2029

01:26:45,290 --> 01:26:43,110

woods now that's not been confirmed

2030

01:26:45,770 --> 01:26:45,300

there's no way to confirm it off all

2031

01:26:54,180 --> 01:26:45,780

these years

2032

01:26:59,100 --> 01:26:56,959

that crashed in the Shopville incident a

2033

01:27:00,900 --> 01:26:59,110

military helicopter was forced to make a

2034

01:27:02,610 --> 01:27:00,910

landing they're going to assisted to see

2035

01:27:04,920 --> 01:27:02,620

more evidence that they're dealing with

2036

01:27:06,600 --> 01:27:04,930

something yeah if that story to be

2037

01:27:08,790 --> 01:27:06,610

confirmed it was very interesting indeed

2038

01:27:12,060 --> 01:27:08,800

at one though this helicopter all the

2039

01:27:14,220 --> 01:27:12,070

Pinto favorably the helicopter in 9700

2040

01:27:16,200 --> 01:27:14,230

whether that could be confirmed as a new

2041

01:27:17,760 --> 01:27:16,210

story that's released because as far as

2042

01:27:19,560 --> 01:27:17,770

we know there's no need no official news

2043

01:27:21,240 --> 01:27:19,570

stories or at least to explain this

2044

01:27:25,709 --> 01:27:21,250

diversion of traffic the closure of the

2045

01:27:29,010 --> 01:27:25,719

a60 do you need I'm not imagine people

2046

01:27:30,300 --> 01:27:29,020

ask lots of questions if that was going

2047

01:27:32,370 --> 01:27:30,310

on I mean this guy oh I bet it was a

2048

01:27:33,630 --> 01:27:32,380

lorry driver told me he was baffling to

2049

01:27:34,260 --> 01:27:33,640

him he don't really remember why I

2050

01:27:35,670 --> 01:27:34,270

happened

2051

01:27:38,430 --> 01:27:35,680

he's remembers being stuck in a traffic

2052

01:27:40,590 --> 01:27:38,440

jam for hours they presumably the

2053

01:27:43,560 --> 01:27:40,600

Forestry Commission must have had some

2054

01:27:45,420 --> 01:27:43,570

sort of communication from the MFD hmm

2055

01:27:47,130 --> 01:27:45,430

today they must be some kind of

2056

01:27:48,810 --> 01:27:47,140

explanation but something must be said

2057

01:27:55,770 --> 01:27:48,820

to them to explain why it's obviously

2058

01:27:58,860 --> 01:27:55,780

they wouldn't tell them or they need

2059

01:28:00,420 --> 01:27:58,870

some kind of story and there's nothing

2060

01:28:03,720 --> 01:28:00,430

because there's nothing that Nigel would

2061

01:28:05,280 --> 01:28:03,730

find in the archives in the papers it's

2062

01:28:07,830 --> 01:28:05,290

just this one from the Nick Pope and the

2063

01:28:09,390 --> 01:28:07,840

mo D so we know that seems to be based

2064

01:28:10,800 --> 01:28:09,400

on our faith listen to see what the

2065

01:28:12,560 --> 01:28:10,810

Forestry Commission we were told about

2066

01:28:16,310 --> 01:28:12,570

you the MRD

2067

01:28:19,560 --> 01:28:16,320

maybe probably get in the foyer maybe

2068

01:28:25,470 --> 01:28:19,570

it's because they went in there and

2069

01:28:26,760 --> 01:28:25,480

removed all the sound yeah it was you

2070

01:28:28,920 --> 01:28:26,770

need to bring a lot of sand in to cover

2071

01:28:30,360 --> 01:28:28,930

the areas 300 feet by six iron it took

2072

01:28:32,820 --> 01:28:30,370

six to nine inches of top starts you

2073

01:28:35,670 --> 01:28:32,830

need many tons of sand or clay whatever

2074

01:28:37,979 --> 01:28:35,680

they used where did they take the tops

2075

01:28:51,979 --> 01:28:37,989

of exactly they were had to take that

2076

01:28:58,890 --> 01:28:56,430

yeah although some kind of there's some

2077

01:29:02,610 --> 01:28:58,900

kind of dip you remember um Richard

2078

01:29:09,000 --> 01:29:02,620

Richard II Hall discovered it a great

2079

01:29:11,189 --> 01:29:09,010

big like depression yeah if that could

2080

01:29:21,180 --> 01:29:11,199

have been it yeah that's what it says

2081

01:29:23,580 --> 01:29:21,190

something could have been that landing

2082

01:29:25,140 --> 01:29:23,590

or the craft we know was the craft ping

2083

01:29:27,660 --> 01:29:25,150

down in the area is being triangulated

2084

01:29:31,729 --> 01:29:27,670

from two witnesses for where the fact

2085

01:29:35,360 --> 01:29:31,739

actually landed Pat Evans the nurse

2086

01:29:37,470 --> 01:29:35,370

house nearby saw it

2087

01:29:40,080 --> 01:29:37,480

I've been to the road I've been up the

2088

01:29:41,400 --> 01:29:40,090

road the pass through the bear winds to

2089

01:29:44,490 --> 01:29:41,410

which had Evans took them you can

2090

01:29:48,020 --> 01:29:44,500

actually stopped me to see across to had

2091

01:29:50,280 --> 01:29:48,030

a Kenny better win where this craft was

2092

01:29:52,020 --> 01:29:50,290

several people when I'm looking on had a

2093

01:29:54,120 --> 01:29:52,030

drama and she's and this is the next

2094

01:29:58,590 --> 01:29:54,130

mountain along and there was some

2095

01:30:01,260 --> 01:29:58,600

confusion over these two mountains which

2096

01:30:04,080 --> 01:30:01,270

I think has been extensively used help

2097

01:30:07,860 --> 01:30:04,090

to muddy the waters my butt right it was

2098

01:30:09,959 --> 01:30:07,870

a political Kevin cork further so yes

2099

01:30:13,950 --> 01:30:09,969

yeah that's Richard mentioned the

2100

01:30:17,189 --> 01:30:13,960

interviews marker in his proper work

2101
01:30:18,990 --> 01:30:17,199
with her yes yes she said she found some

2102
01:30:20,790 --> 01:30:19,000
witnesses to say they landed at Kevin :

2103
01:30:22,500 --> 01:30:20,800
yeah I reckon on her but she work I

2104
01:30:23,820 --> 01:30:22,510
think she might mention her book she's

2105
01:30:25,500 --> 01:30:23,830
written a very very good book nobody

2106
01:30:27,560 --> 01:30:25,510
gonna move place named Welsh place

2107
01:30:30,750 --> 01:30:27,570
plantation she was on an interview with

2108
01:30:36,810 --> 01:30:30,760
Gary morning and I couldn't work out

2109
01:30:37,999 --> 01:30:36,820
what she said but she English lady she

2110
01:30:39,809 --> 01:30:38,009
may mispronounced the word

2111
01:30:44,549 --> 01:30:39,819
but there was a place booked Kevin

2112
01:30:47,969 --> 01:30:44,559
coffee near there but her book is she is

2113
01:30:49,409 --> 01:30:47,979

good market book she mentioned that in

2114

01:30:50,939 --> 01:30:49,419

there she just she talks about our

2115

01:30:53,489 --> 01:30:50,949

landing of a craft that she witnessed

2116

01:30:55,409 --> 01:30:53,499

herself in East London oh yeah yeah in

2117

01:30:56,609 --> 01:30:55,419

in Bexar he was now part well it used to

2118

01:30:58,439 --> 01:30:56,619

be part of Kent it's now part of East

2119

01:30:59,789 --> 01:30:58,449

London and I've been to that have been

2120

01:31:01,199 --> 01:30:59,799

to that location I knocked on a few

2121

01:31:04,679 --> 01:31:01,209

doors but no one's sort of knew anything

2122

01:31:08,099 --> 01:31:04,689

about it this was in 1955 a long time

2123

01:31:09,809 --> 01:31:08,109

ago hot summer's day 955 well it came

2124

01:31:11,819 --> 01:31:09,819

down in the middle of a crossroads in a

2125

01:31:16,729 --> 01:31:11,829

residential area Street and a second one

2126
01:31:18,899 --> 01:31:16,739
landed near a school nearby very odd

2127
01:31:20,579 --> 01:31:18,909
there must have been really must have

2128
01:31:47,879 --> 01:31:20,589
because look this will warm Sunday

2129
01:31:50,879 --> 01:31:47,889
afternoon there are people who are

2130
01:31:55,129 --> 01:31:50,889
strange objects in their body I'm one of

2131
01:31:57,509 --> 01:31:55,139
them I've got one in my left arm and I

2132
01:31:59,399 --> 01:31:57,519
don't know how but no memories of an

2133
01:32:02,099 --> 01:31:59,409
experience would lead me to to believe

2134
01:32:03,929 --> 01:32:02,109
something that scared I got scammed from

2135
01:32:07,079 --> 01:32:03,939
somebody and I was quite surprised my

2136
01:32:08,339 --> 01:32:07,089
find out something's in there sorry I'm

2137
01:32:14,929 --> 01:32:08,349
just gonna ask how you know it was in

2138
01:32:18,540 --> 01:32:14,939

there health effects of like implants or

2139

01:32:21,189 --> 01:32:18,550

some kind of abduction scenario with

2140

01:32:22,630 --> 01:32:21,199

yeah these ones you found a sailor

2141

01:32:29,530 --> 01:32:22,640

inside them and it's there been any sort

2142

01:32:31,660 --> 01:32:29,540

of no but a mark on my arm I know people

2143

01:32:33,100 --> 01:32:31,670

who have many many more implants inside

2144

01:32:35,350 --> 01:32:33,110

them I know people have got them in

2145

01:32:39,010 --> 01:32:35,360

their pets inside their heads inside

2146

01:32:40,090 --> 01:32:39,020

their hands and they have it does affect

2147

01:32:44,020 --> 01:32:40,100

their health it does affect their mental

2148

01:32:45,130 --> 01:32:44,030

or physical health but these these are

2149

01:32:47,290 --> 01:32:45,140

often associated with abduction

2150

01:32:49,120 --> 01:32:47,300

experiences these these objects when

2151
01:32:51,070 --> 01:32:49,130
they're removed because they could be

2152
01:32:53,050 --> 01:32:51,080
removed surgically there's several

2153
01:32:56,650 --> 01:32:53,060
strange things are associated with that

2154
01:32:58,419 --> 01:32:56,660
firstly the objects don't look like any

2155
01:33:00,610 --> 01:32:58,429
type of electronic device that we know

2156
01:33:02,110 --> 01:33:00,620
they seem to be made of metal a couple

2157
01:33:03,820 --> 01:33:02,120
of some kind of ceramics usually with

2158
01:33:05,979 --> 01:33:03,830
the ceramic outer layer of some kind is

2159
01:33:09,370 --> 01:33:05,989
not often able to identify it can't be

2160
01:33:12,100 --> 01:33:09,380
identified and also what happens is

2161
01:33:15,100 --> 01:33:12,110
after the surgery very often the object

2162
01:33:16,270 --> 01:33:15,110
is replaced by whoever or whatever put

2163
01:33:17,590 --> 01:33:16,280

it in there the first time I have a

2164

01:33:19,240 --> 01:33:17,600

friend in Oxford who had it

2165

01:33:21,220 --> 01:33:19,250

she had an implant remove from her nose

2166

01:33:23,350 --> 01:33:21,230

check to go to Greece to have this done

2167

01:33:25,689 --> 01:33:23,360

had it done privately because the end

2168

01:33:26,979 --> 01:33:25,699

she couldn't go to her GP and saying

2169

01:33:28,540 --> 01:33:26,989

look there's something you might know

2170

01:33:31,120 --> 01:33:28,550

space aliens put it there could you

2171

01:33:33,610 --> 01:33:31,130

refer me to x-ray they refer to the

2172

01:33:35,860 --> 01:33:33,620

psychiatric clinic so she had to go

2173

01:33:37,030 --> 01:33:35,870

private to UM Prime Minister spent 2,000

2174

01:33:39,580 --> 01:33:37,040

pounds go to Greece and getting this

2175

01:33:41,620 --> 01:33:39,590

thing removed she got she had she had

2176
01:33:43,959 --> 01:33:41,630
x-ray gone she was she knew it was gone

2177
01:33:44,560 --> 01:33:43,969
they did check then it was all of it had

2178
01:33:46,510 --> 01:33:44,570
been removed

2179
01:33:48,070 --> 01:33:46,520
they gave it her you know he gave me to

2180
01:33:50,620 --> 01:33:48,080
look at she wanted to keep it but they

2181
01:33:52,800 --> 01:33:50,630
let her see it what they take it from

2182
01:33:55,209 --> 01:33:52,810
her body she went home two weeks later

2183
01:33:58,000 --> 01:33:55,219
she had an another abduction experience

2184
01:34:00,660 --> 01:33:58,010
she went and got another x-ray there was

2185
01:34:03,430 --> 01:34:00,670
another one in there in the same place

2186
01:34:04,870 --> 01:34:03,440
so whatever wanted the implant they

2187
01:34:08,200 --> 01:34:04,880
wanted if they wanted the implant kept

2188
01:34:17,270 --> 01:34:08,210

there if humans metal and surgeons metal

2189

01:34:19,010 --> 01:34:17,280

just another one in there yeah someone

2190

01:34:23,570 --> 01:34:19,020

do yeah maybe move around inside your

2191

01:34:34,060 --> 01:34:23,580

bodies very strange anyone has got

2192

01:34:37,970 --> 01:34:34,070

questions no what happened to what I

2193

01:34:41,240 --> 01:34:37,980

would like to UM I'm purist but at the

2194

01:34:44,030 --> 01:34:41,250

same time it might it's it's something

2195

01:34:45,410 --> 01:34:44,040

you can't enter into lightly because I I

2196

01:34:49,940 --> 01:34:45,420

suppose having some fun with him not

2197

01:34:52,940 --> 01:34:49,950

hypnotic regression and that prop the

2198

01:34:55,190 --> 01:34:52,950

prospect of doing that is quite alarming

2199

01:34:57,110 --> 01:34:55,200

it may do more harm than good

2200

01:34:58,960 --> 01:34:57,120

I wouldn't it would be something I want

2201

01:35:02,900 --> 01:34:58,970

to do just to satisfy my curiosity

2202

01:35:05,570 --> 01:35:02,910

because it's it's not harming me at this

2203

01:35:08,570 --> 01:35:05,580

whatever is in my arm assuming it's

2204

01:35:11,050 --> 01:35:08,580

still there it's not it's not affecting

2205

01:35:14,180 --> 01:35:11,060

my life as far as I know

2206

01:35:16,220 --> 01:35:14,190

so I'm maintaining the situation as it

2207

01:35:18,170 --> 01:35:16,230

is I'm leaving it for the time being but

2208

01:35:19,670 --> 01:35:18,180

there may be a time in the future one on

2209

01:35:21,200 --> 01:35:19,680

one knows I want to know how it got

2210

01:35:23,780 --> 01:35:21,210

there what happened to me because I

2211

01:35:24,950 --> 01:35:23,790

don't have any memory of any experience

2212

01:35:25,310 --> 01:35:24,960

that would lead me to believe this has

2213

01:35:27,440 --> 01:35:25,320

happened

2214

01:35:29,540 --> 01:35:27,450

and I don't have any idea how that could

2215

01:35:32,090 --> 01:35:29,550

have happened it's a very very strange

2216

01:35:34,130 --> 01:35:32,100

thing but it's I've got a mark on my eye

2217

01:35:36,860 --> 01:35:34,140

I just mentioned I had this mark on my

2218

01:35:38,750 --> 01:35:36,870

arm looks like a face no need to see it

2219

01:35:40,970 --> 01:35:38,760

from there circular mark with two spots

2220

01:35:43,070 --> 01:35:40,980

in it and someone said I'll go get our

2221

01:35:44,510 --> 01:35:43,080

scan just to be sure it's all right so

2222

01:35:46,880 --> 01:35:44,520

once you are someone I know who does

2223

01:35:49,100 --> 01:35:46,890

these scans they have an electromagnetic

2224

01:35:51,020 --> 01:35:49,110

field detector the regular frequency

2225

01:35:52,970 --> 01:35:51,030

detector and a metal detector they dated

2226

01:35:54,230 --> 01:35:52,980

all three and they found there was a

2227

01:35:57,140 --> 01:35:54,240

range of frequency pulse coming from

2228

01:35:58,190 --> 01:35:57,150

there also an electromagnetic field it

2229

01:36:04,120 --> 01:35:58,200

was there's nothing on the metal

2230

01:36:17,960 --> 01:36:15,110

that's my first note it can be very

2231

01:36:20,450 --> 01:36:17,970

effective it can be very effective I

2232

01:36:21,830 --> 01:36:20,460

know that the sooner on fact I've been

2233

01:36:23,030 --> 01:36:21,840

stuck I've been following the Facebook

2234

01:36:25,760 --> 01:36:23,040

group I know a member of this particular

2235

01:36:29,780 --> 01:36:25,770

organization has been involved with that

2236

01:36:32,420 --> 01:36:29,790

kind of thing if it's done properly I

2237

01:36:34,790 --> 01:36:32,430

mean is this some some people I would

2238

01:36:37,160 --> 01:36:34,800

have to go someone who's trustworthy

2239

01:36:41,900 --> 01:36:37,170

and has a good reputation names that

2240

01:36:44,690 --> 01:36:41,910

come to mind are Mary Rodwell Michael

2241

01:36:46,610 --> 01:36:44,700

Cole Michael Coggins I think these are

2242

01:36:48,260 --> 01:36:46,620

people you can trust to do a good job

2243

01:36:54,620 --> 01:36:48,270

Michael Collins retired now

2244

01:36:57,770 --> 01:36:54,630

Coggins I know people who've had yeah

2245

01:36:59,090 --> 01:36:57,780

you've found quite unpleasant too happy

2246

01:37:03,830 --> 01:36:59,100

reminder these things only Whitley

2247

01:37:05,810 --> 01:37:03,840

Strieber for example he found out what

2248

01:37:09,470 --> 01:37:05,820

happened to him is hypnotic regression

2249

01:37:11,660 --> 01:37:09,480

but he opened a Pandora's box in his

2250

01:37:18,680 --> 01:37:11,670

life he knew the truth but the truth

2251

01:37:20,390 --> 01:37:18,690

wasn't very pleasant there Peggy

2252

01:37:22,040 --> 01:37:20,400

Barnhill I often called the first

2253

01:37:24,200 --> 01:37:22,050

abductees they're not the first they're

2254

01:37:27,910 --> 01:37:24,210

the first to go public the first little

2255

01:37:32,090 --> 01:37:27,920

widely publicized and they yeah they I

2256

01:37:33,710 --> 01:37:32,100

actually went to Holford they offer for

2257

01:37:35,540 --> 01:37:33,720

truth magazine comers Kathleen Mardon

2258

01:37:38,890 --> 01:37:35,550

was there who's the niece of Betty hill

2259

01:37:41,990 --> 01:37:38,900

and was very close both to Betty and

2260

01:37:44,810 --> 01:37:42,000

Barney she's very close than both and

2261

01:37:46,550 --> 01:37:44,820

she punished she went along is this when

2262

01:37:47,690 --> 01:37:46,560

when this broke out in her family she

2263

01:37:49,550 --> 01:37:47,700

was very much involved

2264

01:37:51,500 --> 01:37:49,560

she's wearing a book called captured

2265

01:37:53,960 --> 01:37:51,510

co-author with Stanton Friedman all

2266

01:37:57,320 --> 01:37:53,970

about that but there Betty Barney had

2267

01:37:58,460 --> 01:37:57,330

this they had their experience they knew

2268

01:38:00,170 --> 01:37:58,470

somebody enhance and then if something

2269

01:38:01,490 --> 01:38:00,180

got wrong they didn't need hypnotic

2270

01:38:05,240 --> 01:38:01,500

regression to cover to recover some of

2271

01:38:08,660 --> 01:38:05,250

the memories but it's it was traumatic

2272

01:38:10,010 --> 01:38:08,670

for them it was changed their life

2273

01:38:12,920 --> 01:38:10,020

forever but they never changed their

2274

01:38:15,260 --> 01:38:12,930

story Barney died in 1969 Betty never

2275

01:38:16,170 --> 01:38:15,270

time she died in the late 90s she did an

2276

01:38:18,210 --> 01:38:16,180

interview just before she

2277

01:38:21,150 --> 01:38:18,220

she said exactly the same thing she

2278

01:38:22,710 --> 01:38:21,160

never changed her story never once she

2279

01:38:34,820 --> 01:38:22,720

was when she was no lady she was still

2280

01:38:37,290 --> 01:38:34,830

saying the same thing Roswell I mean

2281

01:38:39,090 --> 01:38:37,300

does anyone ever plug planned in Britain

2282

01:38:40,380 --> 01:38:39,100

to do like a disclosure project like

2283

01:38:41,820 --> 01:38:40,390

they didn't matter College is it cause

2284

01:38:45,930 --> 01:38:41,830

because it was Susan more than enough

2285

01:38:47,070 --> 01:38:45,940

good yeah well it seems we sent her on

2286

01:38:50,070 --> 01:38:47,080

you know your stakes like everything to

2287

01:38:51,420 --> 01:38:50,080

do with UFOs but Stephen Bassett has

2288

01:38:54,090 --> 01:38:51,430

actually been over in Britain for a few

2289

01:38:55,410 --> 01:38:54,100

months and he's he's coming back and

2290

01:38:57,060 --> 01:38:55,420

he's trying to work with British

2291

01:38:59,820 --> 01:38:57,070

government now he's been very vital he's

2292

01:39:02,610 --> 01:38:59,830

been very very active in Russia on send

2293

01:39:05,790 --> 01:39:02,620

David Clarke and I just imagine their

2294

01:39:08,340 --> 01:39:05,800

faces cut yet are we worth it I just

2295

01:39:09,450 --> 01:39:08,350

want to see their faces but yeah he's

2296

01:39:10,800 --> 01:39:09,460

been in Russia's that I've been getting

2297

01:39:12,090 --> 01:39:10,810

a few were on a major TV challenge

2298

01:39:13,590 --> 01:39:12,100

Russia he's trying to get in all the

2299

01:39:27,930 --> 01:39:13,600

audience with President Putin he

2300

01:39:30,330 --> 01:39:27,940

believes that Russia Russia Russia

2301

01:39:32,760 --> 01:39:30,340

Russia's actually become in terms of its

2302

01:39:36,210 --> 01:39:32,770

relationship to the globalists he's been

2303

01:39:38,580 --> 01:39:36,220

very very recalcitrant and very very

2304

01:39:40,470 --> 01:39:38,590

disobedient didn't accept the IMF loans

2305

01:39:42,960 --> 01:39:40,480

and things like that Putin is actually

2306

01:39:44,730 --> 01:39:42,970

and he's not doing waste told by slots

2307

01:39:46,530 --> 01:39:44,740

at doors and masters so kind of story is

2308

01:39:51,810 --> 01:39:46,540

that Korea like this they know that some

2309

01:39:53,520 --> 01:39:51,820

are suggesting yeah it's hard to say

2310

01:39:55,680 --> 01:39:53,530

it's hard to say from them or sure but

2311

01:39:56,970 --> 01:39:55,690

the Putin IRS you think either he's if

2312

01:39:58,440 --> 01:39:56,980

there's if there's one head of state

2313

01:39:59,820 --> 01:39:58,450

where she will come clean about all this

2314

01:40:02,160 --> 01:39:59,830

because he must have this knowledge it's

2315

01:40:04,170 --> 01:40:02,170

him I Steve Steve gray Steve working

2316

01:40:07,080 --> 01:40:04,180

hard in Russia now he's and he's working

2317

01:40:08,850 --> 01:40:07,090

Britain as well so hopefully you kept

2318

01:40:10,320 --> 01:40:08,860

him speaking here I mean he would he's

2319

01:40:15,180 --> 01:40:10,330

he's in this country quite a lot he'd be

2320

01:40:17,130 --> 01:40:15,190

a great guest to speak here he's gonna

2321

01:40:20,060 --> 01:40:17,140

be on my show I've seen not this week

2322

01:40:25,169 --> 01:40:20,070

next week he's good guy like Steve I

2323

01:40:28,419 --> 01:40:25,179

think Steven Bassett I I prefer to

2324

01:40:33,629 --> 01:40:28,429

Greer I think Stephen Basset hold a much

2325

01:40:39,669 --> 01:40:36,789

yeah so he's been of a rock star

2326

01:40:41,770 --> 01:40:39,679

welcoming I went I went to an event

2327

01:40:43,059 --> 01:40:41,780

event with Stephen Curry in London and

2328

01:40:45,789 --> 01:40:43,069

it was very expensive very expensive

2329

01:40:47,649 --> 01:40:45,799

event even for central London and you

2330

01:40:50,919 --> 01:40:47,659

get the chance to talk to you know quite

2331

01:41:10,229 --> 01:40:50,929

groupies you know I couldn't get near

2332

01:41:15,099 --> 01:41:10,239

him oh not like he does heart Alerus yes

2333

01:41:18,039 --> 01:41:15,109

that was absolutely hilarious because to

2334

01:41:20,589 --> 01:41:18,049

to the biggest egos in ufology The Clash

2335

01:41:22,449 --> 01:41:20,599

of the Titans is wonderful and I think

2336

01:41:25,119 --> 01:41:22,459

the thing is Carrie was right actually I

2337

01:41:27,039 --> 01:41:25,129

think Carrie wasn't always was right in

2338

01:41:29,529 --> 01:41:27,049

what she said to him he he used in like

2339

01:41:31,569 --> 01:41:29,539

his easy right and he just doesn't like

2340

01:41:33,099 --> 01:41:31,579

being contradicted career but it was a

2341

01:41:37,179 --> 01:41:33,109

very very good debate he was really very

2342

01:41:39,069 --> 01:41:37,189

entertaining and but great does

2343

01:41:40,539 --> 01:41:39,079

understudy news talks about the you are

2344

01:41:41,799 --> 01:41:40,549

the alien sees as the aliens of

2345

01:41:44,799 --> 01:41:41,809

benevolence and they're wonderful

2346

01:41:46,959 --> 01:41:44,809

they're all lovely

2347

01:41:48,939 --> 01:41:46,969

well it's only we humans were nasty but

2348

01:41:50,289 --> 01:41:48,949

in fact any aliens well there's more

2349

01:41:51,939 --> 01:41:50,299

than one of them this was there's a

2350

01:41:54,219 --> 01:41:51,949

taxonomy of species that have been

2351

01:41:56,529 --> 01:41:54,229

identified of all kinds and they seem to

2352

01:41:58,659 --> 01:41:56,539

exhibit quite a wide variety of behavior

2353

01:42:00,729 --> 01:41:58,669

and they seem to have a little very very

2354

01:42:03,309 --> 01:42:00,739

different diverging agendas and they're

2355

01:42:04,750 --> 01:42:03,319

not all nice most of them actually seem

2356

01:42:08,539 --> 01:42:04,760

to be quite indifferent and she was

2357

01:42:13,079 --> 01:42:12,359

yeah well Kari wrote a blog that was

2358

01:42:14,939 --> 01:42:13,089

actually pretty good

2359

01:42:18,029 --> 01:42:14,949

yeah vary quite a good criticism with

2360

01:42:20,129 --> 01:42:18,039

Greer I agree I didn't like it we didn't

2361

01:42:21,599 --> 01:42:20,139

like being criticized and so you called

2362

01:42:22,589 --> 01:42:21,609

it a poisonous little Street or

2363

01:42:24,989 --> 01:42:22,599

something like that and I had this big

2364

01:42:27,659 --> 01:42:24,999

debate really great but they do I mean

2365

01:42:29,219 --> 01:42:27,669

Maria is wrong I mean they're not I mean

2366

01:42:30,389 --> 01:42:29,229

the majority of the extraterrestrials

2367

01:42:33,359 --> 01:42:30,399

who might gather this evening

2368

01:42:34,889 --> 01:42:33,369

I'd say we're under sort of thumb we

2369

01:42:37,649 --> 01:42:34,899

seem to understand neutral observance

2370

01:42:39,329 --> 01:42:37,659

outside by by these creatures whatever

2371

01:42:41,099 --> 01:42:39,339

they are and there are some that are

2372

01:42:43,619 --> 01:42:41,109

very friendly very loving and this a

2373

01:42:59,879 --> 01:42:43,629

minority luckily seemed to be unpleasant

2374

01:43:01,669 --> 01:42:59,889

but he's an excellent writer an

2375

01:43:04,829 --> 01:43:01,679

excellent historian on this subject

2376

01:43:07,199 --> 01:43:04,839

Richard Dolan I bet it I've spoken at

2377

01:43:09,299 --> 01:43:07,209

Leeds Exopolitics MC the conference

2378

01:43:10,829 --> 01:43:09,309

where he was speaking and he's written

2379

01:43:14,009 --> 01:43:10,839

some really good books which have great

2380

01:43:15,719 --> 01:43:14,019

historical narratives of the UFO

2381

01:43:17,639 --> 01:43:15,729

phenomena it was it was something he was

2382

01:43:19,699 --> 01:43:17,649

he was Spacely of quite convention

2383

01:43:24,229 --> 01:43:19,709

historian for a while trying to Oxford

2384

01:43:26,669 --> 01:43:24,239

and he did a like a module on UFOs

2385

01:43:28,649 --> 01:43:26,679

almost as an aside as part of one of his

2386

01:43:31,709 --> 01:43:28,659

studies and it changed his life

2387

01:43:35,159 --> 01:43:31,719

and he made a career out of it he's been

2388

01:43:36,359 --> 01:43:35,169

doing it ever since and he's he's very

2389

01:43:38,609 --> 01:43:36,369

interesting to listen to very

2390

01:43:55,020 --> 01:43:38,619

interesting to read his books and I do

2391

01:44:04,320 --> 01:44:00,600

yes yes you certainly put possible to do

2392

01:44:05,880 --> 01:44:04,330

that and and of course the lord of

2393

01:44:08,220 --> 01:44:05,890

psychological warfare is about doing

2394

01:44:09,390 --> 01:44:08,230

that very thing and it could be you

2395

01:44:10,740 --> 01:44:09,400

don't need to like get someone on the

2396

01:44:12,450 --> 01:44:10,750

couch and fill them with drugs you could

2397

01:44:14,760 --> 01:44:12,460

just control the media as i explaining

2398

01:44:16,940 --> 01:44:14,770

in my talk if you have control of media

2399

01:44:20,580 --> 01:44:16,950

and you know what to say in the media to

2400

01:44:22,080 --> 01:44:20,590

to hit the right notes you can make

2401

01:44:30,690 --> 01:44:22,090

people believe things they wouldn't

2402

01:44:35,190 --> 01:44:30,700

otherwise believe it's only hip nothing

2403

01:44:37,470 --> 01:44:35,200

hypnotic regression done openly and type

2404

01:44:41,970 --> 01:44:37,480

done by mary rod well she's actually she

2405

01:44:44,820 --> 01:44:41,980

is very very careful not to lead on

2406

01:44:46,530 --> 01:44:44,830

witnesses she doesn't she doesn't make

2407

01:44:47,850 --> 01:44:46,540

suggestions and say what you think she

2408

01:44:48,600 --> 01:44:47,860

actually waits for them to provide the

2409

01:44:50,670 --> 01:44:48,610

information

2410

01:44:52,320 --> 01:44:50,680

I mean her book is really good she's

2411

01:44:54,420 --> 01:44:52,330

ripped two books now there's one poor

2412

01:44:57,120 --> 01:44:54,430

contact someone called a new human and

2413

01:44:59,340 --> 01:44:57,130

if she goes into the various cases she's

2414

01:45:03,240 --> 01:44:59,350

been studying and I've interviewed her a

2415

01:45:04,620 --> 01:45:03,250

couple of times and she's very very she

2416

01:45:05,670 --> 01:45:04,630

sounds to be very professional she has a

2417

01:45:07,770 --> 01:45:05,680

nursing background

2418

01:45:12,240 --> 01:45:07,780

she's very scientific in our attitude

2419

01:45:13,740 --> 01:45:12,250

and I think if I ever had to have

2420

01:45:26,530 --> 01:45:13,750

something come on she couldn't be with

2421

01:45:26,540 --> 01:47:03,229

yeah yeah

2422

01:47:13,290 --> 01:47:06,690

the audience I went to the famous case

2423

01:47:17,160 --> 01:47:13,300

in 57 yeah that's the one that's the

2424

01:47:20,820 --> 01:47:17,170

night must run think yes I saw he was on

2425

01:47:24,060 --> 01:47:20,830

he was in Essex I think that he actually

2426

01:47:35,610 --> 01:47:24,070

took off and he was told to order to fly

2427

01:47:37,500 --> 01:47:35,620

before a big raid over to on it it was

2428

01:47:39,570 --> 01:47:37,510

it was a near Renison forest and he and

2429

01:47:44,430 --> 01:47:39,580

again he's playing East which financial

2430

01:47:44,910 --> 01:47:44,440

system to fail yeah and I think his name

2431

01:47:56,490 --> 01:47:44,920

in a minute

2432

01:48:01,400 --> 01:47:56,500

I really well yeah but he he was one of

2433

01:48:03,630 --> 01:48:01,410

the witnesses in 2001 press conference

2434

01:48:06,150 --> 01:48:03,640

and he he basically stood on stage and

2435

01:48:07,110 --> 01:48:06,160

he enormous and tears because he kept

2436

01:48:10,530 --> 01:48:07,120

the secret for so long

2437

01:48:13,350 --> 01:48:10,540

building Taurus it would come to me

2438

01:48:15,450 --> 01:48:13,360

eventually over Taurus yeah and there's

2439

01:48:17,460 --> 01:48:15,460

another instance in Iran in another 76

2440

01:48:20,880 --> 01:48:17,470

was stopped almost exactly same thing

2441

01:48:22,800 --> 01:48:20,890

happened but surround inversion so this

2442

01:48:24,720 --> 01:48:22,810

aircraft is set up to intercept across

2443

01:48:28,530 --> 01:48:24,730

Sydney over this close the city to

2444

01:48:30,630 --> 01:48:28,540

wrapped around and he he saw I actually

2445

01:48:33,750 --> 01:48:30,640

got visual on this one lots of colored

2446

01:48:37,260 --> 01:48:33,760

lights disc-shaped objects he was told

2447

01:48:38,910 --> 01:48:37,270

to shoot it over fire fire control

2448

01:49:26,219 --> 01:48:38,920

system died and he couldn't he couldn't

2449

01:49:39,069 --> 01:49:36,189

- what do you reckon is anything - it

2450

01:49:43,120 --> 01:49:39,079

sounds nice doesn't it however you know

2451

01:49:43,509 --> 01:49:43,130

the evidence is she's real it's there

2452

01:49:45,520 --> 01:49:43,519

aren't you

2453

01:49:47,109 --> 01:49:45,530

there are children seem to have a very

2454

01:49:49,989 --> 01:49:47,119

very positive interaction than aliens

2455

01:49:51,790 --> 01:49:49,999

who say they want basically to to

2456

01:49:55,899 --> 01:49:51,800

enlighten us on a spiritual intellectual

2457

01:49:57,219 --> 01:49:55,909

level illness and it's I mean I heard if

2458

01:50:01,390 --> 01:49:57,229

I just heard that in some kind of

2459

01:50:04,000 --> 01:50:01,400

communion in some forest with guys with

2460

01:50:05,830 --> 01:50:04,010

tie-dye shirt socks laughs but Mary's

2461

01:50:07,989 --> 01:50:05,840

not like that Mary's a scientific person

2462

01:50:10,959 --> 01:50:07,999

this table that I mean one of the ones I

2463

01:50:13,569 --> 01:50:10,969

like for hypnosis is the Laura scan I

2464

01:50:15,640 --> 01:50:13,579

mean mmm I like that yeah cuz I like and

2465

01:50:17,560 --> 01:50:15,650

she's shown a lot of things over the

2466

01:50:18,910 --> 01:50:17,570

years you rather convoluted universe I

2467

01:50:22,569 --> 01:50:18,920

haven't read that one only the three

2468

01:50:25,469 --> 01:50:22,579

ways one right - especially is very good

2469

01:50:28,299 --> 01:50:25,479

it's just you know it seems very water

2470

01:50:30,509 --> 01:50:28,309

ideation kind of filling in the gaps

2471

01:50:32,919 --> 01:50:30,519

with very similar yeah when they both

2472

01:50:34,209 --> 01:50:32,929

Dolores has now passed away but her

2473

01:50:36,459 --> 01:50:34,219

books because she would actually take

2474

01:50:38,169 --> 01:50:36,469

food actually she wouldn't jump into

2475

01:50:40,120 --> 01:50:38,179

trances and a trance medium to you that

2476

01:50:43,089 --> 01:50:40,130

she hypnotic regress people and they

2477

01:50:45,750 --> 01:50:43,099

were report past lives as aliens and

2478

01:50:46,989 --> 01:50:45,760

it's one of the most astonishing things

2479

01:50:50,469 --> 01:50:46,999

yes

2480

01:50:57,870 --> 01:50:50,479

but last question anybody one more one

2481

01:51:20,860 --> 01:51:18,280

the Ariel school it's in bad way it's an

2482

01:51:22,360 --> 01:51:20,870

extraordinary case dr. John Mack soundly

2483

01:51:24,730 --> 01:51:22,370

departed dr. John Mack did a brilliant

2484

01:51:26,500 --> 01:51:24,740

research project on that now these kids

2485

01:51:28,510 --> 01:51:26,510

are now adults are in their 20s and 30s

2486

01:51:30,850 --> 01:51:28,520

they've been trapped down by someone

2487

01:51:32,650 --> 01:51:30,860

called Randall Nickerson and it's making

2488

01:51:34,930 --> 01:51:32,660

a new documentary with interviews with

2489

01:51:36,060 --> 01:51:34,940

these people you know what they stand by

2490

01:51:37,960 --> 01:51:36,070

their story

2491

01:51:39,640 --> 01:51:37,970

yeah they these are things that happen

2492

01:51:44,470 --> 01:51:39,650

in a little kid they were like age five

2493

01:51:49,450 --> 01:51:44,480

to twelve the Ariel school sightings in

2494

01:51:52,030 --> 01:51:49,460

Zimbabwe in 1994 these little kids and

2495

01:51:54,790 --> 01:51:52,040

their adults and they stand by their

2496

01:51:57,550 --> 01:51:54,800

story and so if it's some kind of prank

2497

01:51:59,050 --> 01:51:57,560

they made up why don't they stand by I

2498

01:52:01,180 --> 01:51:59,060

make up pranks when I was a little kid I

2499

01:52:02,770 --> 01:52:01,190

don't pretend they're real now though

2500

01:52:04,530 --> 01:52:02,780

instead no no the kids say it was real

2501
01:52:07,030 --> 01:52:04,540
they're adults now and they stay true

2502
01:52:09,720 --> 01:52:07,040
it's incredible story really is

2503
01:52:14,060 --> 01:52:10,889
[Music]

2504
01:52:16,589 --> 01:52:14,070
oh yes certainly that that's right the

2505
01:52:18,989 --> 01:52:16,599
Welsh triangle was brought aboard a

2506
01:52:20,399 --> 01:52:18,999
broad haven yes a Pembrokeshire there's

2507
01:52:21,299 --> 01:52:20,409
a lot of symmetries through that case

2508
01:52:23,159 --> 01:52:21,309
there's another one in Australia

2509
01:52:26,399 --> 01:52:23,169
actually in 1966 which also have a lot

2510
01:52:28,049 --> 01:52:26,409
of very strange okay similarities the

2511
01:52:30,869 --> 01:52:28,059
school you know the cross coming down

2512
01:52:32,250 --> 01:52:30,879
very great it's like they do these

2513
01:52:34,859 --> 01:52:32,260

things do repeat themselves like I've

2514

01:52:36,719 --> 01:52:34,869

said tonight it's almost like different

2515

01:52:52,790 --> 01:52:36,729

cases coming out the same features very
