

1
00:00:05,450 --> 00:00:02,450
right here we are tonight with Scott

2
00:00:09,669 --> 00:00:05,460
Felton North Wales based UFO researcher

3
00:00:12,740 --> 00:00:09,679
an investigator well Scott okay wait

4
00:00:14,419 --> 00:00:12,750
nice to meet you yeah so what can you

5
00:00:18,950 --> 00:00:14,429
tell us how you got you to the subject

6
00:00:19,220 --> 00:00:18,960
of the UFO research golly by accident

7
00:00:23,090 --> 00:00:19,230
really

8
00:00:26,990 --> 00:00:23,100
it was taken aback at something of

9
00:00:32,060 --> 00:00:27,000
Malaysia before but in the 80s of

10
00:00:33,260 --> 00:00:32,070
Liverpool and I used to do a lot of duck

11
00:00:36,860 --> 00:00:33,270
shooting and stuff like that

12
00:00:41,510 --> 00:00:36,870
and I usually pull down on the river

13
00:00:43,700 --> 00:00:41,520

Mary and I never kept records of

14

00:00:46,430 --> 00:00:43,710

anything was a sort of unusual order the

15

00:00:48,229 --> 00:00:46,440

books but then on this particular

16

00:00:50,209 --> 00:00:48,239

occasion someone know was only about a

17

00:00:53,630 --> 00:00:50,219

fortnight before the season started

18

00:00:57,439 --> 00:00:53,640

don't worry here I'm a-gettin spunk 8485

19

00:01:00,410 --> 00:00:57,449

I went down just before door onto their

20

00:01:03,920 --> 00:01:00,420

banks of the major and they had to

21

00:01:08,120 --> 00:01:03,930

spinal with me I used to do there's a

22

00:01:10,120 --> 00:01:08,130

sewer pipe or one else and don't you

23

00:01:12,289 --> 00:01:10,130

know about dogs pudding with sewage

24

00:01:13,490 --> 00:01:12,299

something all flighting in you know I'm

25

00:01:17,420 --> 00:01:13,500

worried what all of us do it was

26
00:01:19,460 --> 00:01:17,430
counting numbers Eddie in the morning in

27
00:01:21,320 --> 00:01:19,470
readiness for the fair to September face

28
00:01:23,660 --> 00:01:21,330
day the dog shooting season so I was

29
00:01:27,380 --> 00:01:23,670
just down there and was just before dawn

30
00:01:28,880 --> 00:01:27,390
and I know there's a lot of light

31
00:01:32,179 --> 00:01:28,890
pollution there and background lights

32
00:01:34,280 --> 00:01:32,189
and that cost of labor but saying the

33
00:01:37,160 --> 00:01:34,290
time it was thought about something

34
00:01:40,940 --> 00:01:37,170
figure you get a channel hundred yards

35
00:01:43,429 --> 00:01:40,950
plate perhaps not the most and you see

36
00:01:47,359 --> 00:01:43,439
the waiting bids all the seagulls on the

37
00:01:50,060 --> 00:01:47,369
inside and I mean the dog just walking

38
00:01:54,950 --> 00:01:50,070

along fine cotton and water or something

39

00:01:57,410 --> 00:01:54,960

and the dog was actually quite an

40

00:01:58,310 --> 00:01:57,420

immediate dog and she's just in those

41

00:02:01,730 --> 00:01:58,320

through the fence

42

00:02:03,740 --> 00:02:01,740

listen sense on that wind all this and

43

00:02:07,550 --> 00:02:03,750

all sorts of water along whatever needed

44

00:02:10,969 --> 00:02:07,560

to be and the dog just stopped dead

45

00:02:13,070 --> 00:02:10,979

like : after taking no notice and

46

00:02:14,360 --> 00:02:13,080

sometimes when she was out if she smells

47

00:02:16,640 --> 00:02:14,370

something like a rabbit in the glass or

48

00:02:18,080 --> 00:02:16,650

a pheasant she caught one leg and the

49

00:02:20,180 --> 00:02:18,090

tail that goes straight you know or like

50

00:02:21,010 --> 00:02:20,190

she was point of it and she was doing

51
00:02:23,449 --> 00:02:21,020
man

52
00:02:27,740 --> 00:02:23,459
she just wouldn't come away so right

53
00:02:29,449 --> 00:02:27,750
over and then yes sir we got this fence

54
00:02:31,070 --> 00:02:29,459
and I looked over the fence and you got

55
00:02:33,650 --> 00:02:31,080
a bit of a sea wall underneath the prom

56
00:02:35,960 --> 00:02:33,660
probably about 10 or 12 feet down or

57
00:02:38,780 --> 00:02:35,970
something a little bit more pitch-black

58
00:02:40,370 --> 00:02:38,790
in the shadow of the wall and walk about

59
00:02:43,250 --> 00:02:40,380
nothing there and all of a sudden this

60
00:02:47,240 --> 00:02:43,260
being just like comes on right beneath

61
00:02:49,009 --> 00:02:47,250
me and it was a glowing orb probably

62
00:02:50,809 --> 00:02:49,019
about the size of a kicker ball but

63
00:02:53,449 --> 00:02:50,819

never seen anything like it before we

64

00:02:56,059 --> 00:02:53,459

like no idea what it was I've no

65

00:02:58,580 --> 00:02:56,069

interest in UFOs on it that hinted

66

00:03:02,390 --> 00:02:58,590

meaning it's just this curious ball and

67

00:03:03,860 --> 00:03:02,400

I could see it was hovering it was a few

68

00:03:06,220 --> 00:03:03,870

inches above the mud

69

00:03:09,500 --> 00:03:06,230

and I could see it was a dull light and

70

00:03:12,340 --> 00:03:09,510

it seemed to be the impression that cop

71

00:03:15,410 --> 00:03:12,350

was but the size I'll click up all parts

72

00:03:17,569 --> 00:03:15,420

but it seems to be that's the size look

73

00:03:19,250 --> 00:03:17,579

with the globe so I'm assuming that

74

00:03:21,830 --> 00:03:19,260

whatever was inside the walls on the

75

00:03:22,430 --> 00:03:21,840

inside it was smaller and he was given

76

00:03:24,470 --> 00:03:22,440

this glow

77

00:03:26,180 --> 00:03:24,480

what caught my attention was it little

78

00:03:28,309 --> 00:03:26,190

began with anything never see what's

79

00:03:32,150 --> 00:03:28,319

bothering him and he just came on like a

80

00:03:33,380 --> 00:03:32,160

light and to make any knowledge and

81

00:03:34,819 --> 00:03:33,390

nothing and I'm scared about anything

82

00:03:36,800 --> 00:03:34,829

and what the hell's that sort of thing

83

00:03:37,970 --> 00:03:36,810

and then all of a sudden it seemed like

84

00:03:40,580 --> 00:03:37,980

a few seconds but it could have been

85

00:03:43,039 --> 00:03:40,590

quite quick it moved off and it was cold

86

00:03:46,040 --> 00:03:43,049

across the water towards the water and

87

00:03:49,880 --> 00:03:46,050

if a few men should have bought the

88

00:03:52,670 --> 00:03:49,890

the motor and it would catch a straight

89

00:03:54,650 --> 00:03:52,680

line but it seemed to wobble

90

00:03:56,930 --> 00:03:54,660

that's the best way to describe it or

91

00:03:58,490 --> 00:03:56,940

the slides if I can operate this year so

92

00:03:59,870 --> 00:03:58,500

were you a little sail all the big

93

00:04:01,610 --> 00:03:59,880

minutes later than the other side yeah

94

00:04:03,560 --> 00:04:01,620

they're dead cars from the end of the

95

00:04:07,390 --> 00:04:03,570

promenade also cool a lot of people say

96

00:04:17,360 --> 00:04:07,400

orbs or things like glow like I just

97

00:04:21,470 --> 00:04:17,370

yeah yeah and it just cut it on like

98

00:04:23,990 --> 00:04:21,480

that and they don't always like and it

99

00:04:25,130 --> 00:04:24,000

traveled this distance I'm not going to

100

00:04:26,540 --> 00:04:25,140

sure the exact size of cocaine in

101
00:04:29,840 --> 00:04:26,550
between a home from 200 yards to the

102
00:04:31,940 --> 00:04:29,850
edge of water and it could have been an

103
00:04:34,970 --> 00:04:31,950
optical illusion or something I you know

104
00:04:36,290 --> 00:04:34,980
whatever same things however I mentioned

105
00:04:38,690 --> 00:04:36,300
before this leaf lock severe swelling

106
00:04:41,230 --> 00:04:38,700
along the edge of the side hmm so yeah

107
00:04:44,240 --> 00:04:41,240
don't you better check from whatever

108
00:04:47,960 --> 00:04:44,250
that's evil and this bottom right the

109
00:04:50,450 --> 00:04:47,970
treatment of the or cutoff so that's the

110
00:04:52,550 --> 00:04:50,460
only I'm not the knobs that mean I don't

111
00:04:55,040 --> 00:04:52,560
many optical illusion your skippers yeah

112
00:04:57,470 --> 00:04:55,050
and all the [h__h] with all the alarm on

113
00:04:59,900 --> 00:04:57,480

your arm belong calls because someone's

114

00:05:10,060 --> 00:04:59,910

interested in would all distressed to

115

00:05:12,830 --> 00:05:10,070

hold Luther fifty ships now so 1985 yeah

116

00:05:14,720 --> 00:05:12,840

because I've never kept the exactly yeah

117

00:05:16,370 --> 00:05:14,730

20 is just a brief I'll be on these

118

00:05:19,430 --> 00:05:16,380

frenzies what sort of effect without

119

00:05:21,740 --> 00:05:19,440

having it dude stop questioning things

120

00:05:23,690 --> 00:05:21,750

well none of it not initially know I say

121

00:05:25,970 --> 00:05:23,700

just liked it put the bezel and then it

122

00:05:28,040 --> 00:05:25,980

went out now I don't know whether it

123

00:05:28,989 --> 00:05:28,050

went out because all the bids panicked

124

00:05:31,179 --> 00:05:28,999

around it

125

00:05:32,559 --> 00:05:31,189

or mother is just witness the water and

126

00:05:35,619 --> 00:05:32,569

I thought I'm gonna publish it and then

127

00:05:38,649 --> 00:05:35,629

then some sometime later some year later

128

00:05:42,039 --> 00:05:38,659

I came just go back there was a there

129

00:05:43,779 --> 00:05:42,049

wasn't UFO group on the number and a

130

00:05:47,199 --> 00:05:43,789

source of I'm actually done Liverpool a

131

00:05:49,479 --> 00:05:47,209

cough someone had seen a

132

00:05:52,419 --> 00:05:49,489

triangular-shaped craft or claimed the

133

00:05:57,609 --> 00:05:52,429

US government inoperable of going in the

134

00:05:58,899 --> 00:05:57,619

water and I thought that time I didn't

135

00:06:02,129 --> 00:05:58,909

even think that that that wasn't seen

136

00:06:05,559 --> 00:06:02,139

was never seen before unless you my dog

137

00:06:07,569 --> 00:06:05,569

sets this object you know and you don't

138

00:06:10,299 --> 00:06:07,579

hear it so baby soaking up all my hair

139

00:06:12,389 --> 00:06:10,309

and whatever fair but whatever it was

140

00:06:15,249 --> 00:06:12,399

doing it was doing in the dark

141

00:06:17,499 --> 00:06:15,259

but why issue might dog to fight a woman

142

00:06:20,739 --> 00:06:17,509

she knew she could smell it on him or

143

00:06:22,029 --> 00:06:20,749

something and I walked over and it's

144

00:06:22,329 --> 00:06:22,039

like soup on doorknobs saying like oh

145

00:06:24,339 --> 00:06:22,339

[h__\h]

146

00:06:27,939 --> 00:06:24,349

you know being kinda like comes off and

147

00:06:29,709 --> 00:06:27,949

I believe now that this object whatever

148

00:06:32,619 --> 00:06:29,719

it was doing I was doing it in the

149

00:06:35,619 --> 00:06:32,629

dollar a little bit and I like to think

150

00:06:38,739 --> 00:06:35,629

that in this or as I was like it was

151

00:06:41,240 --> 00:06:38,749

power in itself up this off it moved off

152

00:06:43,230 --> 00:06:41,250

you know

153

00:06:44,730 --> 00:06:43,240

before that I don't know what it was

154

00:06:47,730 --> 00:06:44,740

doing could have just been sat on the

155

00:06:49,860 --> 00:06:47,740

ground that could have been to be

156

00:06:51,750 --> 00:06:49,870

offered why I don't know that's all I

157

00:06:53,370 --> 00:06:51,760

ever saw and that's the only thing I've

158

00:06:55,500 --> 00:06:53,380

ever seen the man side of life strange

159

00:06:58,350 --> 00:06:55,510

all right some of it we see the

160

00:06:59,850 --> 00:06:58,360

Liverpool this other main places in

161

00:07:03,390 --> 00:06:59,860

Britain the bomber for UFO sightings

162

00:07:09,390 --> 00:07:03,400

well think about the man G is Tiffany

163

00:07:12,300 --> 00:07:09,400

back but it's a where I was just kept on

164

00:07:13,800 --> 00:07:12,310

playing a mile and a half wise but that

165

00:07:15,510 --> 00:07:13,810

is why that's a quest to be cared for

166

00:07:17,910 --> 00:07:15,520

since gotten across sales me at ports

167

00:07:20,190 --> 00:07:17,920

like five miles it's got a very very

168

00:07:22,230 --> 00:07:20,200

narrow neck in Liverpool with a fetish

169

00:07:24,510 --> 00:07:22,240

cross between back remember the bill and

170

00:07:27,090 --> 00:07:24,520

then the tide will brush through there

171

00:07:30,750 --> 00:07:27,100

you know it divorces tear that all the

172

00:07:32,640 --> 00:07:30,760

time it's the waters quite deep anyway

173

00:07:35,010 --> 00:07:32,650

yeah and that it's got a strong town

174

00:07:37,530 --> 00:07:35,020

couldn't well if you wanted to hide

175

00:07:39,000 --> 00:07:37,540

something on the possible there you know

176

00:07:40,740 --> 00:07:39,010

I mean it's a good place immediately

177

00:07:42,750 --> 00:07:40,750

just be no no I want to know you were

178

00:07:44,460 --> 00:07:42,760

there and even I hope the river the

179

00:07:47,070 --> 00:07:44,470

waters been there bubbles it was heavily

180

00:07:49,950 --> 00:07:47,080

polluted anyway to lot cleaner no it's

181

00:07:52,110 --> 00:07:49,960

heavily polluted and even when the tire

182

00:07:56,220 --> 00:07:52,120

tops the channels real qui tam plaintiff

183

00:07:58,680 --> 00:07:56,230

a small craft could easily sit there on

184

00:08:03,300 --> 00:07:58,690

the bottom this is just an assumption

185

00:08:04,980 --> 00:08:03,310

I'd and nobody know was there high up

186

00:08:07,050 --> 00:08:04,990

the river you can really send someone

187

00:08:08,400 --> 00:08:07,060

down in a down the water gear and say

188

00:08:10,170 --> 00:08:08,410

okay well it would just be all the way I

189

00:08:10,530 --> 00:08:10,180

was aghast and doctor it's still there

190

00:08:12,600 --> 00:08:10,540

today

191

00:08:14,790 --> 00:08:12,610

it's a like an Associated British ports

192

00:08:16,460 --> 00:08:14,800

private dock in the old days the killer

193

00:08:20,540 --> 00:08:16,470

spokes used to come in here from I

194

00:08:22,130 --> 00:08:20,550

and the bolts could only get in there

195

00:08:25,160 --> 00:08:22,140

when the tide was it when the tire

196

00:08:27,680 --> 00:08:25,170

dropped the dock gates kept the water

197

00:08:29,000 --> 00:08:27,690

back at the boats inside you know but

198

00:08:31,580 --> 00:08:29,010

that's the only ship and they never went

199

00:08:33,860 --> 00:08:31,590

up there so nothing could really people

200

00:08:35,240 --> 00:08:33,870

went up deliver the height but there's a

201
00:08:36,760 --> 00:08:35,250
plenty of room to hide something

202
00:08:39,230 --> 00:08:36,770
depending on this time engine you know

203
00:08:40,550 --> 00:08:39,240
and of course at night time things can

204
00:08:45,650 --> 00:08:40,560
come and go and no one ever sees them

205
00:08:46,970 --> 00:08:45,660
but I came across and backwards of

206
00:08:48,590 --> 00:08:46,980
people saying they'd see things coming

207
00:08:50,630 --> 00:08:48,600
out broad daylight and let me know and

208
00:08:52,160 --> 00:08:50,640
then they appeared in the paper these

209
00:08:54,140 --> 00:08:52,170
stories know but it's not connect

210
00:08:55,850 --> 00:08:54,150
between that on the balls despoil a

211
00:08:58,070 --> 00:08:55,860
light morning when I sort of got

212
00:09:00,650 --> 00:08:58,080
interested in it I realize how common

213
00:09:02,150 --> 00:09:00,660

these balls we're and of course it was

214

00:09:03,830 --> 00:09:02,160

it was all something within the UFO

215

00:09:05,720 --> 00:09:03,840

field so awfully just straight away that

216

00:09:08,330 --> 00:09:05,730

I connect between this smaller lights

217

00:09:11,660 --> 00:09:08,340

and all the objects people claimed

218

00:09:15,020 --> 00:09:11,670

you've seen you know and then but it was

219

00:09:16,390 --> 00:09:15,030

years later I was in Wales that I bring

220

00:09:20,720 --> 00:09:16,400

the past 30 years

221

00:09:24,270 --> 00:09:20,730

but when I was living down the same

222

00:09:27,030 --> 00:09:24,280

Peninsula and that place baklanov well

223

00:09:28,620 --> 00:09:27,040

I was down there and this is really

224

00:09:30,930 --> 00:09:28,630

where it's sort of congested then I

225

00:09:32,340 --> 00:09:30,940

always saw this as a curiosity what had

226

00:09:34,290 --> 00:09:32,350

seen this well I mentioned that where

227

00:09:38,730 --> 00:09:34,300

can Liverpool everyone just looks at me

228

00:09:41,700 --> 00:09:38,740

do you mean to bring us on but recovery

229

00:09:43,230 --> 00:09:41,710

I'm a honest but I wasn't if it bothers

230

00:09:46,140 --> 00:09:43,240

but just stop me might have something

231

00:09:49,500 --> 00:09:46,150

really awesome curious and that years

232

00:09:51,030 --> 00:09:49,510

later I'm here in Wales and it's got a

233

00:09:53,340 --> 00:09:51,040

coffee shop to a bit of trouble like and

234

00:09:55,590 --> 00:09:53,350

again I gave a talk about this a few

235

00:10:00,210 --> 00:09:55,600

years ago in the probe conference in

236

00:10:05,970 --> 00:10:00,220

them and I was I was thought wasn't

237

00:10:07,620 --> 00:10:05,980

interested in UFOs but I used to put

238

00:10:09,420 --> 00:10:07,630

metal technical

239

00:10:14,850 --> 00:10:09,430

I'm sure organised about these Chatham

240

00:10:16,120 --> 00:10:14,860

valleys on farms and lots of people are

241

00:10:19,990 --> 00:10:16,130

comes up a donkey

242

00:10:22,150 --> 00:10:20,000

I'll pick a cup of sleep with each get

243

00:10:23,860 --> 00:10:22,160

the farmer old to quit and the best of

244

00:10:25,570 --> 00:10:23,870

used to form the next day thing you know

245

00:10:28,060 --> 00:10:25,580

they should do these rallies or should a

246

00:10:31,090 --> 00:10:28,070

lot of ugly check them in yourself and

247

00:10:33,850 --> 00:10:31,100

then aims to canvass farmers but I

248

00:10:38,530 --> 00:10:33,860

should keep me records we were contacted

249

00:10:40,060 --> 00:10:38,540

and their fathers are the best

250

00:10:43,180 --> 00:10:40,070

communicators in the world anyway I

251
00:10:46,360 --> 00:10:43,190
think it's a bit of a generalization but

252
00:10:51,610 --> 00:10:46,370
it's true and so some of them but all is

253
00:10:52,960 --> 00:10:51,620
swung on that the polite and a litter is

254
00:10:55,150 --> 00:10:52,970
as well you know and and the well

255
00:10:57,250 --> 00:10:55,160
manners salty right back to yet if only

256
00:10:59,200 --> 00:10:57,260
to say no don't worry about me loud

257
00:11:01,330 --> 00:10:59,210
you know and I always process not a

258
00:11:02,650 --> 00:11:01,340
decimal option and it always annoys me

259
00:11:05,500 --> 00:11:02,660
when I dig up and they never got me

260
00:11:06,940 --> 00:11:05,510
stuck back but nonetheless that's what

261
00:11:12,690 --> 00:11:06,950
you did at least accomplished water

262
00:11:16,510 --> 00:11:12,700
water and this part of Wales where the

263
00:11:18,700 --> 00:11:16,520

land the biermann's it wasn't a part of

264

00:11:19,990 --> 00:11:18,710

where as I knew at all it still played a

265

00:11:22,090 --> 00:11:20,000

part of way that's how people just don't

266

00:11:24,070 --> 00:11:22,100

know it's all around the coast and

267

00:11:26,260 --> 00:11:24,080

there's snow down here you know yeah

268

00:11:27,790 --> 00:11:26,270

there's been children North Wales with

269

00:11:30,850 --> 00:11:27,800

no money because the tourists don't

270

00:11:32,360 --> 00:11:30,860

comment nothing just got walkers and aye

271

00:11:34,470 --> 00:11:32,370

aye sir

272

00:11:37,500 --> 00:11:34,480

cubetto words were walking back and

273

00:11:39,380 --> 00:11:37,510

whatever one thing that did notice was

274

00:11:42,330 --> 00:11:39,390

that a countess bombs

275

00:11:44,940 --> 00:11:42,340

centuries-long was just it will always

276

00:11:47,340 --> 00:11:44,950

be the focal point for this UFO thing I

277

00:11:51,330 --> 00:11:47,350

don't know I think that single reply

278

00:11:52,650 --> 00:11:51,340

back which was art nothing I said I just

279

00:11:54,630 --> 00:11:52,660

want to calm a detective on your land

280

00:11:57,000 --> 00:11:54,640

then it suggests don't say that's coming

281

00:11:58,920 --> 00:11:57,010

in well not just you just to define was

282

00:12:02,250 --> 00:11:58,930

themselves it was dear sir I don't know

283

00:12:05,250 --> 00:12:02,260

what the names of it you know and it's

284

00:12:07,680 --> 00:12:05,260

about opee do ya nope just stares and

285

00:12:09,630 --> 00:12:07,690

get stuff back and I was just at the pub

286

00:12:11,010 --> 00:12:09,640

all night just hope the other was a

287

00:12:14,160 --> 00:12:11,020

cocktail scholar

288

00:12:17,850 --> 00:12:14,170

I just don't I can collapse uber say it

289

00:12:20,150 --> 00:12:17,860

or two and there was a loud there whose

290

00:12:23,910 --> 00:12:20,160

family came for the girl from Caracas

291

00:12:27,870 --> 00:12:23,920

and I have to mention us as strangers

292

00:12:29,550 --> 00:12:27,880

you know updates all these follow me I'm

293

00:12:33,150 --> 00:12:29,560

just like a big black hole not in came

294

00:12:34,500 --> 00:12:33,160

back you know and basically just watch

295

00:12:37,050 --> 00:12:34,510

me I don't I lost something to do with

296

00:12:39,030 --> 00:12:37,060

the EMF on what like what do you have

297

00:12:40,800 --> 00:12:39,040

fault and that's where it started

298

00:12:44,040 --> 00:12:40,810

getting insistently they said all this

299

00:12:45,630 --> 00:12:44,050

is you have all come after years ago you

300

00:12:48,420 --> 00:12:45,640

didn't even see what data wasn't what

301
00:12:50,970 --> 00:12:48,430
year that was in the years ago and there

302
00:12:53,100 --> 00:12:50,980
it was of people interested of it

303
00:12:55,620 --> 00:12:53,110
so I I used a lot of the farmers on them

304
00:13:00,780 --> 00:12:55,630
to quit which in that nineties was a lot

305
00:13:03,240 --> 00:13:00,790
of money on and so I did it again I'm

306
00:13:05,400 --> 00:13:03,250
the often told was just to see and

307
00:13:10,500 --> 00:13:05,410
nothing came back how surprising because

308
00:13:11,820 --> 00:13:10,510
I was in sight I've never you think you

309
00:13:16,230 --> 00:13:11,830
told a language when you offer them

310
00:13:21,540 --> 00:13:16,240
somewhere yeah but let's all the atoms

311
00:13:26,610 --> 00:13:21,550
with nothing came back and then and once

312
00:13:27,810 --> 00:13:26,620
I am I going to a phone call and this is

313
00:13:29,780 --> 00:13:27,820

something else not acknowledge me which

314

00:13:35,250 --> 00:13:29,790

I've constantly in over the years and

315

00:13:37,570 --> 00:13:35,260

this idea that all ufologists are

316

00:13:40,329 --> 00:13:37,580

interested in crop circles and

317

00:13:41,860 --> 00:13:40,339

you know in the village right here I was

318

00:13:47,410 --> 00:13:41,870

in at the time before I moved into

319

00:13:49,060 --> 00:13:47,420

corner muddier woman now the o'clock

320

00:13:53,230 --> 00:13:49,070

Chanel appeared in a field on here to my

321

00:13:54,610 --> 00:13:53,240

village not gone past this a few times

322

00:13:58,319 --> 00:13:54,620

people were talking about didn't mean

323

00:14:00,639 --> 00:13:58,329

answer me and I got a phone call a

324

00:14:02,079 --> 00:14:00,649

invite miss courses crops and of course

325

00:14:04,509 --> 00:14:02,089

the crops nickel would be something of

326

00:14:06,490 --> 00:14:04,519

interest there so something we don't

327

00:14:13,540 --> 00:14:06,500

want the phone ok what's another blue

328

00:14:15,699 --> 00:14:13,550

yeah just yeah did you get a note about

329

00:14:17,110 --> 00:14:15,709

like that the time as a shooting

330

00:14:19,420 --> 00:14:17,120

businessman you get people drinking up

331

00:14:21,519 --> 00:14:19,430

anyway yeah the phone right you know

332

00:14:25,300 --> 00:14:21,529

you're gonna be an inhale and all that

333

00:14:30,310 --> 00:14:25,310

sort of stuff all these features are

334

00:14:33,310 --> 00:14:30,320

half an hour and then another week no on

335

00:14:35,710 --> 00:14:33,320

the phone she was not like and then not

336

00:14:38,050 --> 00:14:35,720

happens and then then it got really

337

00:14:42,190 --> 00:14:38,060

awkward because no connection between

338

00:14:43,900 --> 00:14:42,200

that and these letters and then I was

339

00:14:46,900 --> 00:14:43,910

open that opened the game all the time

340

00:14:48,970 --> 00:14:46,910

and they're still nothing came back but

341

00:14:50,290 --> 00:14:48,980

someone was interested in the fact that

342

00:14:50,740 --> 00:14:50,300

I was sending letters to all these

343

00:14:56,110 --> 00:14:50,750

farmers

344

00:14:58,240 --> 00:14:56,120

it must have known better and then there

345

00:15:00,010 --> 00:14:58,250

was a big instance which ended up on the

346

00:15:05,170 --> 00:15:00,020

HDTV being used to be proceeded away was

347

00:15:10,350 --> 00:15:05,180

news nothing is that's mildly by then it

348

00:15:15,069 --> 00:15:10,360

wasn't long after someone went and

349

00:15:17,800 --> 00:15:15,079

killed a cow in the field right on the

350

00:15:19,740 --> 00:15:17,810

edge of the village like except I just

351

00:15:26,170 --> 00:15:19,750

had a metal detector Molly on this one

352

00:15:28,930 --> 00:15:26,180

yeah whoever did it I think and if it

353

00:15:30,550 --> 00:15:28,940

was just sort of cut assassinate my yeah

354

00:15:32,710 --> 00:15:30,560

Mellie's hacked and surprised I was

355

00:15:35,560 --> 00:15:32,720

gonna say yeah and all a lot of the fire

356

00:15:38,949 --> 00:15:35,570

was got really excessive on it and which

357

00:15:40,019 --> 00:15:38,959

came I pulled him forward and it was all

358

00:15:43,110 --> 00:15:40,029

this

359

00:15:45,090 --> 00:15:43,120

and I'd be cool machines for the while

360

00:15:48,960 --> 00:15:45,100

I've got them all back online

361

00:15:50,490 --> 00:15:48,970

look how his shots was a yeah I had

362

00:15:52,410 --> 00:15:50,500

lookin Alvin police station getting

363

00:15:55,079 --> 00:15:52,420

questioned about the life you know your

364

00:15:58,829 --> 00:15:55,089

name cause you know this is done if they

365

00:16:00,600 --> 00:15:58,839

peninsulas yeah yeah this incident was

366

00:16:02,730 --> 00:16:00,610

on the news in the papers and everything

367

00:16:04,230 --> 00:16:02,740

you know and I caught us being a small

368

00:16:05,790 --> 00:16:04,240

community everyone city nervous cause

369

00:16:09,720 --> 00:16:05,800

being pulled over for not like and I'm

370

00:16:11,550 --> 00:16:09,730

like what's going on you know and then

371

00:16:16,199 --> 00:16:11,560

it was quite funny I gave the interview

372

00:16:18,240 --> 00:16:16,209

to me all about this as well the this

373

00:16:22,619 --> 00:16:18,250

copper and he just didn't see who's the

374

00:16:23,670 --> 00:16:22,629

size of like Lewis's bangles and he just

375

00:16:25,019 --> 00:16:23,680

didn't seem to know what he was on about

376

00:16:27,150 --> 00:16:25,029

it's almost like he'd been fed

377

00:16:29,400 --> 00:16:27,160

information that's these questions you

378

00:16:30,900 --> 00:16:29,410

know Judy notice in his tone of voice as

379

00:16:32,400 --> 00:16:30,910

well like the bodies at least part of

380

00:16:35,100 --> 00:16:32,410

oxygen what's company was we used this

381

00:16:37,980 --> 00:16:35,110

same peculiar wedge which you'd never

382

00:16:40,920 --> 00:16:37,990

hear Dan farmer circles have been did

383

00:16:42,569 --> 00:16:40,930

you finish that cars are steered that's

384

00:16:45,600 --> 00:16:42,579

an America that's an American expression

385

00:16:47,490 --> 00:16:45,610

I never had any shut the steer there's

386

00:16:49,710 --> 00:16:47,500

no speak ill like you know exactly what

387

00:16:52,610 --> 00:16:49,720

walking on what killed it and he said to

388

00:16:54,769 --> 00:16:52,620

me and it's people we don't know

389

00:17:00,680 --> 00:16:54,779

if said to speeding their kills shot in

390

00:17:03,230 --> 00:17:00,690

the head perfectly I'm not a good shot I

391

00:17:04,309 --> 00:17:03,240

certainly got a marksman either and this

392

00:17:07,610 --> 00:17:04,319

was doing in the dead of night

393

00:17:09,470 --> 00:17:07,620

I believe I was in the dark and someone

394

00:17:12,920 --> 00:17:09,480

managed to push on between this cows I

395

00:17:13,640 --> 00:17:12,930

sort of thing and they sort of butchered

396

00:17:16,579 --> 00:17:13,650

this cow

397

00:17:18,050 --> 00:17:16,589

and some of the fare of this come with a

398

00:17:20,840 --> 00:17:18,060

meat or something of dejectedly

399

00:17:23,420 --> 00:17:20,850

photographs and they were they were

400

00:17:25,630 --> 00:17:23,430

planted in a wood you should shoot it

401
00:17:27,439 --> 00:17:25,640
but the in challenge wasn't up to date

402
00:17:29,180 --> 00:17:27,449
because I've stopped shooting and

403
00:17:31,190 --> 00:17:29,190
haven't AZ much previous cost me

404
00:17:33,170 --> 00:17:31,200
position is what I was on petitions I

405
00:17:35,480 --> 00:17:33,180
think I must obey so what why would

406
00:17:37,520 --> 00:17:35,490
somebody want to implicate you in me

407
00:17:42,500 --> 00:17:37,530
well I believe this was just to

408
00:17:44,720 --> 00:17:42,510
assassinate my madly chaplain yeah yeah

409
00:17:47,090 --> 00:17:44,730
to do away with this is before you were

410
00:17:48,080 --> 00:17:47,100
known as yeah yeah yeah uh she's at

411
00:17:52,700 --> 00:17:48,090
nineties I know

412
00:17:56,169 --> 00:17:52,710
dare dump it on 1996 which infidelity

413
00:18:00,200 --> 00:17:56,179

there's a date I'll come to later but

414

00:18:03,560 --> 00:18:00,210

this this happens and of course a

415

00:18:05,300 --> 00:18:03,570

caterer nothing you know nothing no

416

00:18:07,760 --> 00:18:05,310

charge of applause and I think it was

417

00:18:09,740 --> 00:18:07,770

just all sorts of jobs but not gonna

418

00:18:11,750 --> 00:18:09,750

take this any further but that much was

419

00:18:13,820 --> 00:18:11,760

still 90 she says her name comes out I

420

00:18:15,800 --> 00:18:13,830

said you know your other shop occur I

421

00:18:18,890 --> 00:18:15,810

know who spatially I believe just to try

422

00:18:20,110 --> 00:18:18,900

to stop me do that but in when they came

423

00:18:25,930 --> 00:18:20,120

to my

424

00:18:27,430 --> 00:18:25,940

how they broke into a developer I had a

425

00:18:31,270 --> 00:18:27,440

soft someone else an ability really only

426

00:18:34,600 --> 00:18:31,280

small village the police standoff and

427

00:18:35,770 --> 00:18:34,610

they left Manik a ball when in that

428

00:18:36,250 --> 00:18:35,780

stays away and you something was wrong

429

00:18:38,080 --> 00:18:36,260

yeah

430

00:18:40,600 --> 00:18:38,090

the house looks sort of right but it

431

00:18:43,360 --> 00:18:40,610

wasn't lost this piece of paper on the

432

00:18:45,640 --> 00:18:43,370

city and it was like map he spoke from

433

00:18:49,600 --> 00:18:45,650

the police we paid a visit even hours

434

00:18:51,550 --> 00:18:49,610

you know it was they listed the name of

435

00:18:53,620 --> 00:18:51,560

the police officers it were there we've

436

00:18:55,060 --> 00:18:53,630

taken your guns and all this place

437

00:18:57,130 --> 00:18:55,070

popsicle urban police station

438

00:18:58,600 --> 00:18:57,140

of course what a dick cop he taught me

439

00:19:00,250 --> 00:18:58,610

and they arrested me that or suspicion

440

00:19:03,130 --> 00:19:00,260

and they're gone Crescent then we had

441

00:19:04,450 --> 00:19:03,140

all got dropped in hands other while

442

00:19:07,030 --> 00:19:04,460

they still got me comes back in evident

443

00:19:10,600 --> 00:19:07,040

but the damage was done or sorts at one

444

00:19:12,750 --> 00:19:10,610

of the kids in the village and he said I

445

00:19:15,310 --> 00:19:12,760

thought it was more than that

446

00:19:17,830 --> 00:19:15,320

there was a plainclothes people come in

447

00:19:19,450 --> 00:19:17,840

they're like but that were they were at

448

00:19:21,310 --> 00:19:19,460

Lister's and I don't know if this is

449

00:19:23,860 --> 00:19:21,320

children are somewhat sort of stopped

450

00:19:28,750 --> 00:19:23,870

but they went on this list of policemen

451

00:19:35,500 --> 00:19:32,800

what Sam did sort of bear that it was no

452

00:19:40,360 --> 00:19:35,510

they took things did just talk bits and

453

00:19:42,820 --> 00:19:40,370

pieces and because of what this lad had

454

00:19:45,610 --> 00:19:42,830

said in the port about flying saucers

455

00:19:50,560 --> 00:19:45,620

and thinking I thought I had a couple of

456

00:19:52,480 --> 00:19:50,570

pieces of paper and there's something

457

00:19:55,420 --> 00:19:52,490

called magazine from somewhere and it

458

00:19:57,250 --> 00:19:55,430

was gone and I can look sister for

459

00:19:59,200 --> 00:19:57,260

months now it was gone it was just there

460

00:20:00,640 --> 00:19:59,210

I mean that not mentioned this it so you

461

00:20:01,630 --> 00:20:00,650

went and got a couple magazines you were

462

00:20:03,790 --> 00:20:01,640

reading up on yeah

463

00:20:05,830 --> 00:20:03,800

just curious she said one that says you

464

00:20:08,740 --> 00:20:05,840

know and I still are not interested in

465

00:20:11,500 --> 00:20:08,750

the UFOs it just did that and once after

466

00:20:13,960 --> 00:20:11,510

the air that way I noticed this was

467

00:20:15,520 --> 00:20:13,970

called he'd taken that away but it

468

00:20:19,240 --> 00:20:15,530

wasn't in the infantry inventory what

469

00:20:23,850 --> 00:20:19,250

did take him there yeah they even went

470

00:20:26,770 --> 00:20:23,860

to the visa and so Omega well actually

471

00:20:28,120 --> 00:20:26,780

they took this piece of meat and the

472

00:20:30,010 --> 00:20:28,130

other testers or two step the other

473

00:20:30,900 --> 00:20:30,020

testers in case it was a piece of this

474

00:20:33,760 --> 00:20:30,910

count

475

00:20:35,860 --> 00:20:33,770

it was bollocks like you know by the

476

00:20:38,980 --> 00:20:35,870

expression I sounds like I'm making it

477

00:20:41,730 --> 00:20:38,990

up on yeah what the police they went to

478

00:20:44,650 --> 00:20:41,740

be with me yeah and there's a disorders

479

00:20:45,790 --> 00:20:44,660

he used this weird steer and he didn't

480

00:20:48,010 --> 00:20:45,800

seem to know that question he was asking

481

00:20:51,340 --> 00:20:48,020

a lot like everything off his she's got

482

00:20:52,780 --> 00:20:51,350

this Mike and I would like I don't know

483

00:20:54,460 --> 00:20:52,790

what the hell was going on you know just

484

00:20:56,740 --> 00:20:54,470

just suddenly all appear what do you

485

00:20:59,560 --> 00:20:56,750

think some somebody was using the police

486

00:21:02,070 --> 00:20:59,570

to get to you yes but I don't believe

487

00:21:05,020 --> 00:21:02,080

for one second the police will actually

488

00:21:06,430 --> 00:21:05,030

died actually involved in this I think

489

00:21:07,390 --> 00:21:06,440

there's someone I think someone went to

490

00:21:10,660 --> 00:21:07,400

the police

491

00:21:12,520 --> 00:21:10,670

after this event given my name with no

492

00:21:15,040 --> 00:21:12,530

connection to it whatsoever pulling me

493

00:21:17,640 --> 00:21:15,050

whatever no and it wasn't gonna come to

494

00:21:20,590 --> 00:21:17,650

any it was pure character assassination

495

00:21:22,750 --> 00:21:20,600

and of course they were relatively

496

00:21:26,830 --> 00:21:22,760

successful night you know it's the end

497

00:21:28,750 --> 00:21:26,840

of that and what when I realized what's

498

00:21:31,090 --> 00:21:28,760

going on sir eventually a between

499

00:21:34,180 --> 00:21:31,100

discuss what to do with his frantic flow

500

00:21:35,950 --> 00:21:34,190

area and of course by that I knew of the

501
00:21:38,860 --> 00:21:35,960
open about saying this flying sort of

502
00:21:40,150 --> 00:21:38,870
business move means I started reading

503
00:21:42,490 --> 00:21:40,160
for a bit more of course no internet

504
00:21:45,540 --> 00:21:42,500
then I want to go to live here ten miles

505
00:21:48,430 --> 00:21:45,550
away economically you know him and

506
00:21:51,100 --> 00:21:48,440
that's eventually when I've got to know

507
00:21:53,500 --> 00:21:51,110
about mogrify she seems to be the one

508
00:21:56,320 --> 00:21:53,510
and I contacted market if I am a fan of

509
00:21:58,330 --> 00:21:56,330
ready for accommodating you know as I

510
00:22:00,549 --> 00:21:58,340
mentioned before she's no she's been up

511
00:22:02,169 --> 00:22:00,559
he's a she in a way I could people not

512
00:22:06,130 --> 00:22:02,179
necessarily always to me that - kids

513
00:22:10,299 --> 00:22:06,140

like puts in a little more and more

514

00:22:15,280 --> 00:22:10,309

about it and then she showed me a notes

515

00:22:17,860 --> 00:22:15,290

and this Margaret you know some of these

516

00:22:18,880 --> 00:22:17,870

things I was done by cameras are as a

517

00:22:21,430 --> 00:22:18,890

person some of the extensions don't

518

00:22:22,660 --> 00:22:21,440

handle you know where you thinking

519

00:22:24,400 --> 00:22:22,670

that's wrong but no unless I said well

520

00:22:26,010 --> 00:22:24,410

you know this just couldn't be so I'll

521

00:22:29,140 --> 00:22:26,020

go back another game keeping of stuff

522

00:22:30,570 --> 00:22:29,150

I've always been a issued a fisherman or

523

00:22:33,130 --> 00:22:30,580

be like it's kind of be announcements

524

00:22:35,110 --> 00:22:33,140

hundreds of hours thousands even I was

525

00:22:37,570 --> 00:22:35,120

like nice nothing better to do waiting

526

00:22:39,640 --> 00:22:37,580

for the float to go whatever obstacle

527

00:22:41,919 --> 00:22:39,650

wind up looking at the skies and never

528

00:22:46,180 --> 00:22:41,929

see anything odd she plenty of Legos in

529

00:22:47,620 --> 00:22:46,190

the skies I've seen satellites are I'm

530

00:22:49,750 --> 00:22:47,630

never seeing in the night sky may be

531

00:22:54,250 --> 00:22:49,760

thinking I'm not to get old they were a

532

00:22:57,580 --> 00:22:54,260

few homes cause yeah you still keep

533

00:22:59,440 --> 00:22:57,590

detail yeah but all the information she

534

00:23:02,440 --> 00:22:59,450

was fish even was about to build an UFO

535

00:23:05,380 --> 00:23:02,450

a she at the time she was the premier

536

00:23:08,080 --> 00:23:05,390

sort of nice nature of object it's only

537

00:23:09,820 --> 00:23:08,090

dark reference T this isn't like these

538

00:23:11,020 --> 00:23:09,830

though isn't an idea as long as my

539

00:23:12,490 --> 00:23:11,030

daughter you know when he was act with

540

00:23:13,810 --> 00:23:12,500

the reference dish but he left there's

541

00:23:17,920 --> 00:23:13,820

lots of him

542

00:23:20,980 --> 00:23:17,930

same cases now she's collected cases

543

00:23:22,570 --> 00:23:20,990

what she specialized in the veil my

544

00:23:25,180 --> 00:23:22,580

sensor well I said I'll never get into

545

00:23:27,670 --> 00:23:25,190

this I said what was it up I'm walking

546

00:23:31,180 --> 00:23:27,680

this with fresh eyes Israel new to me

547

00:23:32,970 --> 00:23:31,190

you know and we spent ages and we went

548

00:23:35,800 --> 00:23:32,980

through all the Diaries and everything

549

00:23:39,280 --> 00:23:35,810

what we did was we got the background

550

00:23:41,920 --> 00:23:39,290

that the the babe case and we basically

551
00:23:45,070 --> 00:23:41,930
took out every single thing that was

552
00:23:46,920 --> 00:23:45,080
anonymous and put it to one side and all

553
00:23:49,300 --> 00:23:46,930
the left was the bare bones of the case

554
00:23:50,680 --> 00:23:49,310
and then we started looking to things

555
00:23:54,820 --> 00:23:50,690
like you know please FIFA lots and

556
00:23:57,820 --> 00:23:54,830
things like that and even the the police

557
00:24:02,050 --> 00:23:57,830
reports of that night all the records

558
00:24:04,390 --> 00:24:02,060
were destroyed and at the time it was

559
00:24:07,360 --> 00:24:04,400
saying we never get stability control

560
00:24:09,130 --> 00:24:07,370
the whole of North Wales input same

561
00:24:14,770 --> 00:24:09,140
eventually it became North West police

562
00:24:16,570 --> 00:24:14,780
and did whatever st. was or all the old

563
00:24:18,970 --> 00:24:16,580

records of begging not justice all the

564

00:24:20,920 --> 00:24:18,980

cases and things like that all of his

565

00:24:23,830 --> 00:24:20,930

records were destroyed but then we came

566

00:24:27,040 --> 00:24:23,840

quite remarkable that the only record he

567

00:24:30,070 --> 00:24:27,050

did of where the names of people who

568

00:24:34,150 --> 00:24:30,080

supported anything to pause at them a

569

00:24:36,220 --> 00:24:34,160

UFO crash at all you know and he's well

570

00:24:37,900 --> 00:24:36,230

why would you just keep these and not

571

00:24:40,620 --> 00:24:37,910

all day supporting anything other than

572

00:24:43,780 --> 00:24:40,630

the UFO crash yeah it was basically to

573

00:24:46,360 --> 00:24:43,790

play it down at what idea at the end a

574

00:24:47,860 --> 00:24:46,370

Robertson audio right nothing happens it

575

00:24:49,710 --> 00:24:47,870

can all be explained always like this

576

00:24:51,310 --> 00:24:49,720

although although he does the witnesses

577

00:24:53,080 --> 00:24:51,320

all that was lost

578

00:24:55,750 --> 00:24:53,090

yeah so well they did keep those

579

00:24:57,010 --> 00:24:55,760

skeptics site yeah mind the well I've

580

00:24:58,750 --> 00:24:57,020

never seen that was one of the things

581

00:25:03,100 --> 00:24:58,760

that was done there's people all in

582

00:25:05,350 --> 00:25:03,110

there the names wrong there was one guy

583

00:25:09,190 --> 00:25:05,360

real name is finished off the : [\h__\h]

584

00:25:13,510 --> 00:25:09,200

call and there was a guy and if I'm

585

00:25:14,610 --> 00:25:13,520

devil himself which isn't a good plan to

586

00:25:16,810 --> 00:25:14,620

change the input house

587

00:25:19,240 --> 00:25:16,820

it's what you say news it was just

588

00:25:23,230 --> 00:25:19,250

meticulous yet destroying of Records and

589

00:25:24,970 --> 00:25:23,240

anything useful that could just keep all

590

00:25:26,590 --> 00:25:24,980

the nonsense stuff and yeah of all

591

00:25:28,990 --> 00:25:26,600

there's nothing out of stuff to throw

592

00:25:30,669 --> 00:25:29,000

people off the scent yeah and of course

593

00:25:33,549 --> 00:25:30,679

that's suspicious and it's all right in

594

00:25:35,230 --> 00:25:33,559

all right so you discover that so you

595

00:25:36,940 --> 00:25:35,240

just say nearly got blown investigate

596

00:25:39,310 --> 00:25:36,950

yourself to a fresh investigation didn't

597

00:25:42,720 --> 00:25:39,320

yeah I took my bit update a few tired

598

00:25:46,260 --> 00:25:42,730

and she couldn't walk anywhere but and

599

00:25:50,020 --> 00:25:46,270

then what started it was looking at same

600

00:25:52,390 --> 00:25:50,030

things like Roberts for instance I mean

601
00:25:55,419 --> 00:25:52,400
it he's a smart gummy and used to boss

602
00:25:58,440 --> 00:25:55,429
this you know I particular she was with

603
00:26:01,419 --> 00:25:58,450
information and of course but I got a

604
00:26:02,850 --> 00:26:01,429
big issue back left their coffee side

605
00:26:05,970 --> 00:26:02,860
and all that

606
00:26:08,130 --> 00:26:05,980
a portal sources nautical appearance I

607
00:26:10,050 --> 00:26:08,140
didn't read about it I knew about the

608
00:26:12,810 --> 00:26:10,060
terrain and stuff like that I knew it

609
00:26:14,190 --> 00:26:12,820
was a coughs war and stuff like that and

610
00:26:15,900 --> 00:26:14,200
I thought well you know be saying that

611
00:26:19,740 --> 00:26:15,910
it was Pope just coming on another on

612
00:26:21,240 --> 00:26:19,750
the 23rd of January it was the wrong map

613
00:26:23,310 --> 00:26:21,250

anybody actually moved everything from

614

00:26:26,430 --> 00:26:23,320

one man to another society right and I

615

00:26:28,830 --> 00:26:26,440

said this near so she said she was the

616

00:26:31,110 --> 00:26:28,840

one who to school with it but that's a

617

00:26:34,470 --> 00:26:31,120

one-time service yeah I'm chilly

618

00:26:36,720 --> 00:26:34,480

she only found it because a police could

619

00:26:44,040 --> 00:26:36,730

optionally I directed directed officer

620

00:26:46,680 --> 00:26:44,050

modern policing minutes but same it just

621

00:26:49,950 --> 00:26:46,690

wouldn't be out of twenty theatre to

622

00:26:51,450 --> 00:26:49,960

anybody freezing cold winter someone

623

00:26:54,060 --> 00:26:51,460

would be an attempt on the side of a

624

00:26:56,130 --> 00:26:54,070

mountain where I knew it been often the

625

00:26:58,020 --> 00:26:56,140

realness yes yes yeah but once all he

626
00:26:59,850 --> 00:26:58,030
was opening the lights that she saw her

627
00:27:03,030 --> 00:26:59,860
she laughed but well they actually do

628
00:27:04,320 --> 00:27:03,040
we're hunters yeah but watch him and he

629
00:27:09,500 --> 00:27:04,330
Thomas didn't disclose

630
00:27:12,690 --> 00:27:09,510
annulled us I'll just play money he said

631
00:27:14,130 --> 00:27:12,700
they were on the mountain immediately

632
00:27:17,190 --> 00:27:14,140
Apophis under Islam

633
00:27:19,650 --> 00:27:17,200
they just called color Pramod the UFO

634
00:27:22,289 --> 00:27:19,660
was several miles away another month

635
00:27:24,480 --> 00:27:22,299
what kind of beer that's where that was

636
00:27:26,960 --> 00:27:24,490
when pass seven sauce right and it was

637
00:27:31,080 --> 00:27:26,970
there and there's no vehicle access on

638
00:27:33,299 --> 00:27:31,090

okay rather than cover there yeah

639

00:27:34,620 --> 00:27:33,309

translates log off wall or something if

640

00:27:37,470 --> 00:27:34,630

I'm they thought was miles away from the

641

00:27:39,120 --> 00:27:37,480

end several miles in the UFO whether it

642

00:27:41,330 --> 00:27:39,130

clashed over at Landers doesn't matter

643

00:27:45,240 --> 00:27:41,340

when tiful over several miles from

644

00:27:47,580 --> 00:27:45,250

because the police searched the hillside

645

00:27:50,970 --> 00:27:47,590

the morning after because of gnarlier

646

00:27:53,010 --> 00:27:50,980

CHT sister mountain the morning after

647

00:27:54,720 --> 00:27:53,020

raised above the village because the

648

00:27:56,880 --> 00:27:54,730

poachers love to call the poachers

649

00:27:59,490 --> 00:27:56,890

doctor they're legitimately because

650

00:28:00,810 --> 00:27:59,500

their lap beams were seen you'll stop

651
00:28:03,690 --> 00:28:00,820
there don't come out of the house when

652
00:28:04,890 --> 00:28:03,700
this aromatic it that's it of thoughts

653
00:28:09,330 --> 00:28:04,900
perhaps are playing to catch on the

654
00:28:14,390 --> 00:28:09,340
moment but everything focused on Sundays

655
00:28:16,380 --> 00:28:14,400
law but of course the UFO was there what

656
00:28:20,220 --> 00:28:16,390
some people thought they tried to move

657
00:28:21,750 --> 00:28:20,230
events there to there to do away with

658
00:28:24,990 --> 00:28:21,760
this light on them on the mountainside

659
00:28:27,180 --> 00:28:25,000
that part out of the sort of this and it

660
00:28:31,140 --> 00:28:27,190
was just plain wrong you know was this

661
00:28:33,600 --> 00:28:31,150
sir they really kept chemical and that's

662
00:28:35,280 --> 00:28:33,610
Kevin coffers of [\h__\h] that got

663
00:28:38,340 --> 00:28:35,290

completely little Margaret's mentioned

664

00:28:41,669 --> 00:28:38,350

that yeah Kevin yeah and okay

665

00:28:43,710 --> 00:28:41,679

I believe God said all this one are

666

00:28:45,720 --> 00:28:43,720

there are lot of things when people who

667

00:28:48,930 --> 00:28:45,730

got lost on the bear with a broken leg

668

00:28:50,760 --> 00:28:48,940

or something you know the local search

669

00:28:53,789 --> 00:28:50,770

and Malcolm Destiny achievement couldn't

670

00:28:58,700 --> 00:28:53,799

get them like to do on all mountains on

671

00:29:02,490 --> 00:28:58,710

this particular innocence did attended

672

00:29:05,280 --> 00:29:02,500

civilian the air clashes military

673

00:29:07,430 --> 00:29:05,290

actually things like that in the past on

674

00:29:09,750 --> 00:29:07,440

all the mountains in Wales and the

675

00:29:16,159 --> 00:29:09,760

military was no exception he still got

676

00:29:18,960 --> 00:29:16,169

you know and on this particular occasion

677

00:29:20,080 --> 00:29:18,970

it was opened as an official they lock

678

00:29:21,669 --> 00:29:20,090

that the

679

00:29:23,860 --> 00:29:21,679

believed I played the collapsible

680

00:29:26,049 --> 00:29:23,870

ungentle on the hillside because people

681

00:29:27,700 --> 00:29:26,059

were dead the former it an explosion

682

00:29:31,240 --> 00:29:27,710

sound when you come up that house does I

683

00:29:35,560 --> 00:29:31,250

like old man yeah the vigilant so they

684

00:29:37,769 --> 00:29:35,570

thought oh it's it could be a play clash

685

00:29:41,260 --> 00:29:37,779

and they started ringing the police and

686

00:29:42,730 --> 00:29:41,270

then the police switchboard was

687

00:29:44,620 --> 00:29:42,740

inundated anyway because they say eighth

688

00:29:46,539 --> 00:29:44,630

grade was quite big it's so much

689

00:29:52,360 --> 00:29:46,549

horrible at one finger in the police and

690

00:29:53,470 --> 00:29:52,370

overwhelms and then said to focal at the

691

00:29:55,560 --> 00:29:53,480

focal point was there

692

00:29:56,740 --> 00:29:55,570

now we'll pass Adams was an ass

693

00:29:58,539 --> 00:29:56,750

everywhere

694

00:30:01,389 --> 00:29:58,549

most of the baby found the ballot and

695

00:30:03,930 --> 00:30:01,399

have you ever delivered by here for many

696

00:30:07,060 --> 00:30:03,940

years and things like that and then she

697

00:30:08,560 --> 00:30:07,070

felt this tremor like everyone else will

698

00:30:10,630 --> 00:30:08,570

see time serving the police several

699

00:30:13,930 --> 00:30:10,640

times I couldn't get through for the

700

00:30:17,500 --> 00:30:13,940

spirit portal jams and eventually she

701

00:30:22,690 --> 00:30:17,510

got through but she got through just

702

00:30:24,190 --> 00:30:22,700

before when I last night and she got to

703

00:30:26,710 --> 00:30:24,200

feel to the switchboards in the column

704

00:30:29,830 --> 00:30:26,720

day which is no way with it's doubly a

705

00:30:33,220 --> 00:30:29,840

cause of that now they knew all along

706

00:30:35,289 --> 00:30:33,230

and I think somebody high-ranking police

707

00:30:36,760 --> 00:30:35,299

offers me what would call on the I liken

708

00:30:41,310 --> 00:30:36,770

police obviously didn't military but not

709

00:30:43,750 --> 00:30:41,320

kind of be ever and there was a

710

00:30:44,710 --> 00:30:43,760

policeman of being drafted in you know

711

00:30:47,289 --> 00:30:44,720

this for a fact

712

00:30:48,940 --> 00:30:47,299

please Philippine crafter did and they

713

00:30:50,680 --> 00:30:48,950

were that's constant time just thought

714

00:30:53,320 --> 00:30:50,690

that the people who were living there

715

00:30:54,549 --> 00:30:53,330

didn't know they were there because of

716

00:30:56,230 --> 00:30:54,559

the events of the earth quaking people

717

00:30:57,909 --> 00:30:56,240

corner hours and things like that that's

718

00:30:59,260 --> 00:30:57,919

where the exposure came from or people's

719

00:31:04,090 --> 00:30:59,270

oh my god were they all here you know

720

00:31:05,919 --> 00:31:04,100

what and they were already there and I

721

00:31:08,710 --> 00:31:05,929

believe to this day that the reason we

722

00:31:10,870 --> 00:31:08,720

were there is if the public got wind

723

00:31:12,360 --> 00:31:10,880

that sort of going up they were there to

724

00:31:16,660 --> 00:31:12,370

its appeal

725

00:31:18,250 --> 00:31:16,670

so this masterclass any constables a

726

00:31:22,390 --> 00:31:18,260

military operation going on on the

727

00:31:24,340 --> 00:31:22,400

neighborhood man and anyway it came to

728

00:31:26,590 --> 00:31:24,350

be that's they got exposed because of

729

00:31:28,030 --> 00:31:26,600

that cause people unfortunately them

730

00:31:31,780 --> 00:31:28,040

came out with this yet sermon and all

731

00:31:35,860 --> 00:31:31,790

this and what passed Evans got through

732

00:31:38,140 --> 00:31:35,870

is were in the headquarters and she says

733

00:31:39,940 --> 00:31:38,150

I'm pass Evans I'm the district this I

734

00:31:42,250 --> 00:31:39,950

think just been there know what that a

735

00:31:45,160 --> 00:31:42,260

plane counted on the mountains now the

736

00:31:47,590 --> 00:31:45,170

police at that point knew that there was

737

00:31:51,220 --> 00:31:47,600

a SH going on the dead officers but it

738

00:31:53,830 --> 00:31:51,230

caught you boy to 314 at this time yeah

739

00:31:55,150 --> 00:31:53,840

yeah it did commandeered the family

740

00:31:57,820 --> 00:31:55,160

London or where his parents were they

741

00:31:59,260 --> 00:31:57,830

the children when they went off the road

742

00:32:02,010 --> 00:31:59,270

he drove them around all the farmlands

743

00:32:05,700 --> 00:32:02,020

above where these lands fit this man was

744

00:32:08,800 --> 00:32:05,710

and what was withheld had there broma

745

00:32:10,150 --> 00:32:08,810

what was withheld from there though yes

746

00:32:13,210 --> 00:32:10,160

we call it the official version of

747

00:32:16,060 --> 00:32:13,220

events which of course another Robert

748

00:32:17,350 --> 00:32:16,070

Fischer October oh yeah which was

749

00:32:21,610 --> 00:32:17,360

promoted by your people I'm just

750

00:32:24,430 --> 00:32:21,620

mentioned and they they don't roulette

751
00:32:26,700 --> 00:32:24,440
them outside before nine o'clock because

752
00:32:33,250 --> 00:32:26,710
the lump in those days was a god I love

753
00:32:35,170 --> 00:32:33,260
with car battery on your back I used the

754
00:32:36,730 --> 00:32:35,180
machine when I was a kid cuz don't have

755
00:32:38,080 --> 00:32:36,740
Foley up no Stacy so I had to think

756
00:32:40,240 --> 00:32:38,090
they'll feel um come on and little

757
00:32:41,830 --> 00:32:40,250
switch to speech among enough and you

758
00:32:43,930 --> 00:32:41,840
got about less than that would be in

759
00:32:47,440 --> 00:32:43,940
time if you really good but only it

760
00:32:49,510 --> 00:32:47,450
obviously nothing about London and that

761
00:32:53,110 --> 00:32:49,520
was just down for not about the

762
00:32:54,970 --> 00:32:53,120
countryside a ghost management and

763
00:32:56,500 --> 00:32:54,980

things like that so when he said told

764

00:33:00,130 --> 00:32:56,510

you were camping on the girls more it

765

00:33:01,630 --> 00:33:00,140

was in full view of million rows I be 49

766

00:33:05,170 --> 00:33:01,640

one corner than a bear man from bother

767

00:33:08,530 --> 00:33:05,180

to losslessly way it was just Luther

768

00:33:10,390 --> 00:33:08,540

Asst you would not sit there and do do

769

00:33:13,660 --> 00:33:10,400

it Plus also just like this white with

770

00:33:14,240 --> 00:33:13,670

static past Evans ourself wafted for 10

771

00:33:17,390 --> 00:33:14,250

minutes

772

00:33:19,909 --> 00:33:17,400

in total they never moved welcome is a

773

00:33:22,700 --> 00:33:19,919

mobile activity event mr. Windsor yeah

774

00:33:24,470 --> 00:33:22,710

we didn't know that he just said it was

775

00:33:27,289 --> 00:33:24,480

offensive here Holmes was lab poachers

776

00:33:30,080 --> 00:33:27,299

lab wasn't even the right matter no but

777

00:33:32,000 --> 00:33:30,090

he did it's amazing how quickly you can

778

00:33:34,549 --> 00:33:32,010

find holes in this story but that still

779

00:33:36,440 --> 00:33:34,559

sticks with most people yeah I mean he

780

00:33:38,029 --> 00:33:36,450

moves all the stuff each other because

781

00:33:41,419 --> 00:33:38,039

you kind of be able to cover up this

782

00:33:43,159 --> 00:33:41,429

explai the way this light muddies the

783

00:33:44,840 --> 00:33:43,169

water density estimates confusion well

784

00:33:51,289 --> 00:33:44,850

what I over there but it deals like that

785

00:33:52,340 --> 00:33:51,299

you feel are to where they what I wanted

786

00:33:54,680 --> 00:33:52,350

to become too cool but you know a

787

00:33:56,840 --> 00:33:54,690

license for and the police actually

788

00:33:59,710 --> 00:33:56,850

moved their car yeah blotting out of

789

00:34:03,380 --> 00:33:59,720

when they were going up on the mountain

790

00:34:05,090 --> 00:34:03,390

the story was did took the tax disc the

791

00:34:08,089 --> 00:34:05,100

car was on no unlike the cars in those

792

00:34:10,070 --> 00:34:08,099

days they took the tax disc of course

793

00:34:13,460 --> 00:34:10,080

they take them home for their tax disc

794

00:34:15,559 --> 00:34:13,470

and then they what we do around

795

00:34:20,389 --> 00:34:15,569

they said initially who lives in police

796

00:34:21,559 --> 00:34:20,399

and they said we were coming there this

797

00:34:24,769 --> 00:34:21,569

original statements

798

00:34:26,769 --> 00:34:24,779

I will hear this testimony I've never

799

00:34:28,940 --> 00:34:26,779

seen any police statement saying this

800

00:34:34,190 --> 00:34:28,950

pursuing someone gobs of town

801
00:34:36,049 --> 00:34:34,200
it's a couple and in Oxford all of that

802
00:34:38,359 --> 00:34:36,059
information and in the early days was

803
00:34:40,190 --> 00:34:38,369
dfdippel connective sighs he said they

804
00:34:43,190 --> 00:34:40,200
were capped on that sense on counter

805
00:34:44,599 --> 00:34:43,200
betterment on the 23rd of January at the

806
00:34:48,440 --> 00:34:44,609
inside of that set was something related

807
00:34:51,039 --> 00:34:48,450
and that's what she saw when he

808
00:34:53,450 --> 00:34:51,049
discovered that the flier to the police

809
00:34:58,670 --> 00:34:53,460
implicate not normal that it allows the

810
00:35:02,289 --> 00:34:58,680
police the story changed and the dead

811
00:35:06,140 --> 00:35:02,299
said that the police conducted a search

812
00:35:08,990 --> 00:35:06,150
on kind of airmen and these lights that

813
00:35:10,470 --> 00:35:09,000

she saw cloaks and the UFO were police

814

00:35:13,950 --> 00:35:10,480

torches

815

00:35:16,500 --> 00:35:13,960

I spoke to where he moved the location

816

00:35:21,510 --> 00:35:16,510

to count the brother for Milan for miles

817

00:35:23,810 --> 00:35:21,520

like serious miss location yeah well he

818

00:35:25,470 --> 00:35:23,820

also played on the way it's you see it's

819

00:35:28,650 --> 00:35:25,480

people just take the bear in the

820

00:35:33,630 --> 00:35:28,660

mountains barely matters anyway

821

00:35:37,310 --> 00:35:33,640

the house has arranged for peaks and in

822

00:35:41,069 --> 00:35:37,320

each peak a satsang unique name yeah and

823

00:35:44,130 --> 00:35:41,079

what people say I do myself though I'm

824

00:35:46,500 --> 00:35:44,140

always up there as a huncle not born of

825

00:35:47,940 --> 00:35:46,510

the parents I don't specify place

826

00:35:50,880 --> 00:35:47,950

I'm not specified which people might

827

00:35:52,109 --> 00:35:50,890

want to be and what bear with single

828

00:35:56,780 --> 00:35:52,119

that but I still it means plural you

829

00:36:01,319 --> 00:35:59,460

was a big deal options to identify

830

00:36:04,589 --> 00:36:01,329

individual mountains so instead of

831

00:36:07,230 --> 00:36:04,599

saying the cat a problem you've avoided

832

00:36:09,750 --> 00:36:07,240

cut a prominent and just say their cost

833

00:36:11,190 --> 00:36:09,760

of your thoughts on can appear and all

834

00:36:14,430 --> 00:36:11,200

of a sudden that it becomes that moment

835

00:36:16,530 --> 00:36:14,440

I just play on the words hmm and they

836

00:36:19,109 --> 00:36:16,540

are more specific that's why I was like

837

00:36:22,530 --> 00:36:19,119

so heats up the air moans and the core

838

00:36:24,390 --> 00:36:22,540

said they have estimates hence to a

839

00:36:27,680 --> 00:36:24,400

police search and then she would says no

840

00:36:31,710 --> 00:36:27,690

no on that mountain there it's our land

841

00:36:36,720 --> 00:36:31,720

and we went out and the police never got

842

00:36:38,010 --> 00:36:36,730

up the vehicle because old obviously

843

00:36:40,020 --> 00:36:38,020

they didn't find anything a lot more

844

00:36:41,900 --> 00:36:40,030

things not but they're not never find a

845

00:36:45,059 --> 00:36:41,910

man yeah they were wrong place and

846

00:36:49,589 --> 00:36:45,069

meanwhile what was happening on colored

847

00:36:53,579 --> 00:36:49,599

Bedouin the army abut well and the only

848

00:36:54,690 --> 00:36:53,589

real message we got to that is we all

849

00:36:57,300 --> 00:36:54,700

thought for an explanation

850

00:36:59,180 --> 00:36:57,310

a I mean I don't believe now that was a

851
00:37:02,660 --> 00:36:59,190
class it was a land up because we've got

852
00:37:04,220 --> 00:37:02,670
yeah we should Atlanta it came down and

853
00:37:06,200 --> 00:37:04,230
stayed a while then it went to the

854
00:37:08,510 --> 00:37:06,210
temple a Tiffany just coincided with

855
00:37:11,720 --> 00:37:08,520
earth chemicals the battle I think it's

856
00:37:12,800 --> 00:37:11,730
a coincidence you a divisional stories

857
00:37:17,569 --> 00:37:12,810
wherever totally if not more

858
00:37:21,740 --> 00:37:17,579
disinformation the UFO plasma sunk

859
00:37:24,530 --> 00:37:21,750
Alabama someone decided let's say

860
00:37:26,589 --> 00:37:24,540
crashed because the new tubes are

861
00:37:29,480 --> 00:37:26,599
possibilities do the military pay rubles

862
00:37:30,770 --> 00:37:29,490
so let's say there was a crash that's

863
00:37:32,750 --> 00:37:30,780

Michael destroyed the Miller fee

864

00:37:36,200 --> 00:37:32,760

extracted all this material be cleanup

865

00:37:38,420 --> 00:37:36,210

operation all yeah and it's a wild goose

866

00:37:40,220 --> 00:37:38,430

chase everyone caught with lots of

867

00:37:42,440 --> 00:37:40,230

evidence about a clash in fact the thing

868

00:37:44,480 --> 00:37:42,450

just sat there on the different on a

869

00:37:46,370 --> 00:37:44,490

different moment and then they went of

870

00:37:48,920 --> 00:37:46,380

its own volition so I say all the

871

00:37:50,450 --> 00:37:48,930

militia because it's possible that it

872

00:37:52,210 --> 00:37:50,460

was spooked because I believe that all

873

00:37:54,290 --> 00:37:52,220

these lights was a military unit

874

00:37:56,630 --> 00:37:54,300

approaching it I don't believe they've

875

00:37:58,339 --> 00:37:56,640

got an attack or anything like that if

876

00:38:00,440 --> 00:37:58,349

you've entered a lot of casemis orbit it

877

00:38:02,540 --> 00:38:00,450

was the last thing you needed a big

878

00:38:06,950 --> 00:38:02,550

glowing object is like the military knew

879

00:38:09,470 --> 00:38:06,960

it was going to appear I pondered about

880

00:38:11,809 --> 00:38:09,480

this for a long time and I thought how

881

00:38:13,880 --> 00:38:11,819

could they possibly know that's some

882

00:38:16,160 --> 00:38:13,890

gonna crash on that moment it's bearing

883

00:38:19,010 --> 00:38:16,170

lands or even land well it's been

884

00:38:20,720 --> 00:38:19,020

suggested by many people know that not

885

00:38:22,490 --> 00:38:20,730

only is the military aware of what they

886

00:38:23,930 --> 00:38:22,500

are you know how to track them and where

887

00:38:25,400 --> 00:38:23,940

they're gonna come in this is yeah of

888

00:38:26,630 --> 00:38:25,410

course this exact long as you might be

889

00:38:29,150 --> 00:38:26,640

know that for some time it's yeah

890

00:38:30,920 --> 00:38:29,160

because we're talking 974 yes sadly

891

00:38:33,050 --> 00:38:30,930

credible now anyway hmm

892

00:38:35,240 --> 00:38:33,060

Boris all yours what I pondered about

893

00:38:36,650 --> 00:38:35,250

was how would he know if the cache that

894

00:38:37,010 --> 00:38:36,660

I landed how would he know was gonna be

895

00:38:38,870 --> 00:38:37,020

there

896

00:38:41,240 --> 00:38:38,880

you can't predict where someone's gonna

897

00:38:42,710 --> 00:38:41,250

crash there's a Chinese satellite calm

898

00:38:45,380 --> 00:38:42,720

down that was just I just want to throw

899

00:38:46,970 --> 00:38:45,390

a little bit weird just like clarify

900

00:38:49,940 --> 00:38:46,980

you're right you reckon for Berlin or

901
00:38:53,210 --> 00:38:49,950
kinda bearing the military story of

902
00:38:54,800 --> 00:38:53,220
crash and retrieving on deserve all this

903
00:38:58,370 --> 00:38:54,810
in public it's all this information so

904
00:38:59,750 --> 00:38:58,380
it was there by its own accord and then

905
00:39:01,040 --> 00:38:59,760
I just left because either it was

906
00:39:03,050 --> 00:39:01,050
spooked I was just time yeah yeah I

907
00:39:05,000 --> 00:39:03,060
believe that I could eat it sounds like

908
00:39:08,450 --> 00:39:05,010
crazy but I actually believe that the

909
00:39:08,900 --> 00:39:08,460
military their role was to gather this

910
00:39:12,020 --> 00:39:08,910
watching

911
00:39:14,360 --> 00:39:12,030
DCAM well this object what's a Schubert

912
00:39:16,870 --> 00:39:14,370
way I know it sounds bizarre you ain't

913
00:39:20,270 --> 00:39:16,880

never gonna tackle until I die

914

00:39:21,800 --> 00:39:20,280

because if he went on to be 49 one rolls

915

00:39:23,990 --> 00:39:21,810

which goes off from palette over the

916

00:39:27,260 --> 00:39:24,000

mountains and he went to here past Evans

917

00:39:30,050 --> 00:39:27,270

was and he got this the right object on

918

00:39:30,830 --> 00:39:30,060

the same amount in 1974 is not a lot of

919

00:39:32,090 --> 00:39:30,840

traffic about

920

00:39:35,570 --> 00:39:32,100

better than some of the year that

921

00:39:38,630 --> 00:39:35,580

several nights bought that would have

922

00:39:40,130 --> 00:39:38,640

been and I believe that that year for

923

00:39:43,940 --> 00:39:40,140

which is my what people were saying her

924

00:39:47,630 --> 00:39:43,950

is it was already in the area but up to

925

00:39:49,190 --> 00:39:47,640

two weeks before that have been coming

926
00:39:50,510 --> 00:39:49,200
down and that's how did you and I

927
00:39:53,510 --> 00:39:50,520
believe it was coming out in the same

928
00:39:55,430 --> 00:39:53,520
place for whatever reason it was coming

929
00:39:57,800 --> 00:39:55,440
down in the same place and they didn't

930
00:40:01,400 --> 00:39:57,810
want there because it was just solely

931
00:40:04,460 --> 00:40:01,410
exposed have you looked into the exposed

932
00:40:05,810 --> 00:40:04,470
in the audience here to see it I think

933
00:40:07,460 --> 00:40:05,820
that not all I'm gonna say

934
00:40:10,850 --> 00:40:07,470
well the people that using it all travel

935
00:40:12,680 --> 00:40:10,860
across would share and I also believe

936
00:40:15,680 --> 00:40:12,690
that the reason you chose to 23rd of

937
00:40:17,720 --> 00:40:15,690
January it was no coincidence did you

938
00:40:21,080 --> 00:40:17,730

know was that night there was a

939

00:40:23,660 --> 00:40:21,090

scheduled meteor shower that night and I

940

00:40:25,670 --> 00:40:23,670

believed it shows at night so public

941

00:40:32,180 --> 00:40:25,680

about it so if anyone did see anything

942

00:40:35,300 --> 00:40:32,190

or hear anything illegal its I'm just

943

00:40:37,790 --> 00:40:35,310

gonna say I'm and if you like we could

944

00:40:39,950 --> 00:40:37,800

go back to the explosion or the tremor

945

00:40:41,800 --> 00:40:39,960

did anybody he off you yourself ever

946

00:40:44,210 --> 00:40:41,810

figure out what that I may have been and

947

00:40:45,800 --> 00:40:44,220

I believe it I believe it was a

948

00:40:50,270 --> 00:40:45,810

collisional trap that come as an antenna

949

00:40:53,510 --> 00:40:50,280

and I did a documentary with Richard

950

00:40:57,440 --> 00:40:53,520

Hall a while back and he spoke just we

951
00:41:01,190 --> 00:40:57,450
delivered involved and then it's a very

952
00:41:02,200 --> 00:41:01,200
quick stuff and he included us from what

953
00:41:04,990 --> 00:41:02,210
he be told

954
00:41:07,500 --> 00:41:05,000
fact that this epicenter at the

955
00:41:10,630 --> 00:41:07,510
earthquake was actually able to count

956
00:41:13,270 --> 00:41:10,640
know whether some sort of air burst yeah

957
00:41:16,329 --> 00:41:13,280
well where that done an activity yeah

958
00:41:18,820 --> 00:41:16,339
well the power of thoughts fault of the

959
00:41:21,160 --> 00:41:18,830
bomb yeah well the guy you know for my

960
00:41:23,740 --> 00:41:21,170
guy the guy with a guy called dr.

961
00:41:25,660 --> 00:41:23,750
Brockton Wilson Richard the Blizzard

962
00:41:29,260 --> 00:41:25,670
Geological Survey he's the one who wrote

963
00:41:30,910 --> 00:41:29,270

a paper and he used the power faults and

964

00:41:32,800 --> 00:41:30,920

center as they do to these plates were

965

00:41:34,960 --> 00:41:32,810

together and all this and of course the

966

00:41:37,000 --> 00:41:34,970

end this eighth quake in a lot and

967

00:41:38,800 --> 00:41:37,010

that's what normally happens yeah felt

968

00:41:40,990 --> 00:41:38,810

such yes but of course if I took dr.

969

00:41:42,609 --> 00:41:41,000

Muslim there is my enigmatic by the hit

970

00:41:45,550 --> 00:41:42,619

but this Airbus could because we meet

971

00:41:47,560 --> 00:41:45,560

you it I don't believe it if they were

972

00:41:49,780 --> 00:41:47,570

coincidence if the meteorite comes in

973

00:41:52,510 --> 00:41:49,790

just as at tremens meanwhile the other

974

00:41:52,990 --> 00:41:52,520

day to meet you to call away I think

975

00:41:56,650 --> 00:41:53,000

yeah

976

00:42:00,579 --> 00:41:56,660

what blending things sort of the to that

977

00:42:03,700 --> 00:42:00,589

location if there was a truth in the

978

00:42:06,280 --> 00:42:03,710

idea that some something happened above

979

00:42:09,190 --> 00:42:06,290

ground which was a lot of what both

980

00:42:12,070 --> 00:42:09,200

account or their 60-mile radius sort of

981

00:42:14,200 --> 00:42:12,080

thing but not leave a crater I'm

982

00:42:15,940 --> 00:42:14,210

thinking along the lines of there

983

00:42:18,960 --> 00:42:15,950

it's only those things are supersonic

984

00:42:22,480 --> 00:42:18,970

stuff you get these booms all yeah but

985

00:42:25,630 --> 00:42:22,490

why not and for whatever reason on this

986

00:42:28,150 --> 00:42:25,640

occasion maybe it is limited but wasn't

987

00:42:33,820 --> 00:42:28,160

internet did you evoke something to rise

988

00:42:37,390 --> 00:42:33,830

like the pensive yeah now what it is is

989

00:42:40,450 --> 00:42:37,400

that just over well on the 26th of

990

00:42:42,370 --> 00:42:40,460

February 2016 in Montrose and in a field

991

00:42:45,310 --> 00:42:42,380

of painted graduate there was a plane

992

00:42:47,740 --> 00:42:45,320

many days before circling just circling

993

00:42:50,110 --> 00:42:47,750

around two army planes circling for no

994

00:42:51,160 --> 00:42:50,120

other reason just like they were just

995

00:42:53,290 --> 00:42:51,170

some keeping an eye out for something

996

00:42:54,820 --> 00:42:53,300

something other than that was plan yeah

997

00:42:57,280 --> 00:42:54,830

something that was expect that they

998

00:43:00,790 --> 00:42:57,290

expected it that much we do believe now

999

00:43:04,290 --> 00:43:00,800

but just get into the tremor part right

1000

00:43:06,850 --> 00:43:04,300

we've had like military involvement

1001
00:43:09,070 --> 00:43:06,860
foreknowledge and then it comes to a

1002
00:43:11,860 --> 00:43:09,080
point where somebody hears a loud

1003
00:43:14,320 --> 00:43:11,870
explosion or surrounding it

1004
00:43:16,030 --> 00:43:14,330
sorry I meant what I mean somebody told

1005
00:43:18,100 --> 00:43:16,040
us and that we investigated more we've

1006
00:43:19,210 --> 00:43:18,110
got a whole group of people now who come

1007
00:43:21,970 --> 00:43:19,220
forward and said that it was a loud

1008
00:43:23,560 --> 00:43:21,980
explosion building shook especially the

1009
00:43:26,740 --> 00:43:23,570
Royal Comorian hospital people who work

1010
00:43:28,750 --> 00:43:26,750
there would even a patient they also and

1011
00:43:30,190 --> 00:43:28,760
we I filled out the Freedom of

1012
00:43:32,320 --> 00:43:30,200
Information request for the British

1013
00:43:34,840 --> 00:43:32,330

Geological Survey and I got a response

1014

00:43:37,420 --> 00:43:34,850

back and fair enough for the time it was

1015

00:43:39,940 --> 00:43:37,430

about 4:20 a.m. in the morning and the

1016

00:43:41,590 --> 00:43:39,950

26 there it was right there it's only a

1017

00:43:43,510 --> 00:43:41,600

little that little blip just a little

1018

00:43:46,810 --> 00:43:43,520

blue a little blip there right but it

1019

00:43:49,690 --> 00:43:46,820

coincides with the time that people saw

1020

00:43:52,210 --> 00:43:49,700

or sorry heard this massive explosion

1021

00:43:53,710 --> 00:43:52,220

it's loud boom just two of them actually

1022

00:43:56,020 --> 00:43:53,720

some people said it was at first there

1023

00:43:57,430 --> 00:43:56,030

was the first one that was the mean big

1024

00:43:59,020 --> 00:43:57,440

shaker you know I was onto shook the

1025

00:44:00,700 --> 00:43:59,030

buildings and woke up and everything I

1026
00:44:03,280 --> 00:44:00,710
mean it was like a second one not soon

1027
00:44:06,599 --> 00:44:03,290
love but clearly just distinctive as

1028
00:44:09,960 --> 00:44:06,609
well I don't know what that's about but

1029
00:44:11,970 --> 00:44:09,970
I mean leave with akin airburst or let

1030
00:44:13,620 --> 00:44:11,980
me think an explosion because it was

1031
00:44:16,170 --> 00:44:13,630
quickly followed by smile of what's

1032
00:44:17,849 --> 00:44:16,180
being closed down roles being closed off

1033
00:44:20,370 --> 00:44:17,859
because before this you were focusing

1034
00:44:22,499 --> 00:44:20,380
yeah helicopters were circling the area

1035
00:44:25,019 --> 00:44:22,509
and they just snaps off fellows come

1036
00:44:27,870 --> 00:44:25,029
here on the area yeah but the bad thing

1037
00:44:32,309 --> 00:44:27,880
is it was a bang

1038
00:44:35,220 --> 00:44:32,319

the building's shook and it showed up on

1039

00:44:36,930 --> 00:44:35,230

the Geological Survey Jemison

1040

00:44:39,239 --> 00:44:36,940

but of course they're military were all

1041

00:44:41,609 --> 00:44:39,249

there and yet it was all closed off for

1042

00:44:43,859 --> 00:44:41,619

me and the geologist told you that it

1043

00:44:46,440 --> 00:44:43,869

was cause but yeah man made this course

1044

00:44:47,099 --> 00:44:46,450

this particular one I don't know how

1045

00:44:50,729 --> 00:44:47,109

would you know that

1046

00:44:52,680 --> 00:44:50,739

well the nothing you signatures what it

1047

00:44:55,200 --> 00:44:52,690

is is that so in order to determine the

1048

00:44:58,049 --> 00:44:55,210

actual location or magnitude of a

1049

00:44:59,430 --> 00:44:58,059

earthquake they need at least three

1050

00:45:00,870 --> 00:44:59,440

different readings and so they can

1051
00:45:03,150 --> 00:45:00,880
triangulate the position and the death

1052
00:45:04,739 --> 00:45:03,160
and everything but it seems that the

1053
00:45:08,489 --> 00:45:04,749
only one that picked up any sort of

1054
00:45:09,539 --> 00:45:08,499
signal was a reader in Monmouth and when

1055
00:45:10,979 --> 00:45:09,549
I actually wrote to the British

1056
00:45:13,859 --> 00:45:10,989
Geological Survey for the freedom of

1057
00:45:15,359 --> 00:45:13,869
information they basically said there's

1058
00:45:17,190 --> 00:45:15,369
the only one and I said could you

1059
00:45:19,950 --> 00:45:17,200
clarify maybe what this is

1060
00:45:21,269 --> 00:45:19,960
he says I'm same excuse we don't have

1061
00:45:23,190 --> 00:45:21,279
enough information on another reason of

1062
00:45:24,569 --> 00:45:23,200
the term an exact location so the only

1063
00:45:27,150 --> 00:45:24,579

thing they say is is that it has to be

1064

00:45:29,759 --> 00:45:27,160

from the local area the area that it

1065

00:45:32,880 --> 00:45:29,769

came from and you know it's either a

1066

00:45:35,670 --> 00:45:32,890

human or some sort of machine device or

1067

00:45:36,839 --> 00:45:35,680

machine activity no I dunno what else

1068

00:45:37,859 --> 00:45:36,849

you don't know you don't know if even if

1069

00:45:40,200 --> 00:45:37,869

they end up neighbors

1070

00:45:42,420 --> 00:45:40,210

well they well I don't know us was going

1071

00:45:44,329 --> 00:45:42,430

on that night in other areas but there

1072

00:45:47,549 --> 00:45:44,339

was a lot of military machinery and

1073

00:45:49,019 --> 00:45:47,559

equipment at that time I mean if you

1074

00:45:51,720 --> 00:45:49,029

combined with what the witnesses told us

1075

00:45:53,849 --> 00:45:51,730

and what we've discovered since it seems

1076

00:45:55,829 --> 00:45:53,859

that there was an explosion no I don't

1077

00:45:59,130 --> 00:45:55,839

what it was always smaller cell phone

1078

00:46:01,769 --> 00:45:59,140

yeah so I'm smoking yeah I noticed a lot

1079

00:46:04,559 --> 00:46:01,779

of other it just gave me you're better

1080

00:46:06,089 --> 00:46:04,569

when I was in the case and our painter

1081

00:46:08,279 --> 00:46:06,099

against in case and a few others as well

1082

00:46:09,010 --> 00:46:08,289

we just had Gary wrote Allison with a

1083

00:46:13,300 --> 00:46:09,020

flam

1084

00:46:15,800 --> 00:46:13,310

yeah again explosions

1085

00:46:16,970 --> 00:46:15,810

jetking middle of the night yeah that's

1086

00:46:20,000 --> 00:46:16,980

another finger early hours of the

1087

00:46:22,370 --> 00:46:20,010

morning always out there were hold up

1088

00:46:24,440 --> 00:46:22,380

this are it's always I'm even not pen

1089

00:46:27,800 --> 00:46:24,450

Turk is more the fields and plants are

1090

00:46:29,839 --> 00:46:27,810

more costly to populated areas if you've

1091

00:46:31,640 --> 00:46:29,849

called to the area south take a look

1092

00:46:33,440 --> 00:46:31,650

around unless you're actually in the

1093

00:46:35,420 --> 00:46:33,450

field or passing on the road you're not

1094

00:46:56,480 --> 00:46:35,430

gonna see it there's only a few houses

1095

00:46:58,160 --> 00:46:56,490

in the area okay two to three is

1096

00:46:59,599 --> 00:46:58,170

everywhere oh yeah but there are trees

1097

00:47:02,450 --> 00:46:59,609

felled in smile long because well the

1098

00:47:04,040 --> 00:47:02,460

initial witnesses who smile log is a

1099

00:47:07,130 --> 00:47:04,050

forested country certain smile are

1100

00:47:09,140 --> 00:47:07,140

gather two main witnesses who witnessed

1101
00:47:11,120 --> 00:47:09,150
the whole thing and their friends went

1102
00:47:13,309 --> 00:47:11,130
up to smile log on the very morning

1103
00:47:15,829 --> 00:47:13,319
after and the following day and they

1104
00:47:17,300 --> 00:47:15,839
follow the debris trail of broken trees

1105
00:47:19,040 --> 00:47:17,310
and canopies and branches and everything

1106
00:47:21,980 --> 00:47:19,050
they've led right to this one spot and

1107
00:47:24,020 --> 00:47:21,990
you can see those two the morning after

1108
00:47:25,520 --> 00:47:24,030
the event this yeah yeah they happen in

1109
00:47:27,079 --> 00:47:25,530
the in in the early hours of the night

1110
00:47:29,750 --> 00:47:27,089
so by Sunrise this you know there's

1111
00:47:32,000 --> 00:47:29,760
still adrenaline pumped and everything I

1112
00:47:34,130 --> 00:47:32,010
where police and military but military

1113
00:47:35,809 --> 00:47:34,140

were there they were definitely in the

1114

00:47:36,859 --> 00:47:35,819

area for a number of days on that

1115

00:47:39,230 --> 00:47:36,869

particular night that's what it all

1116

00:47:42,470 --> 00:47:39,240

really got excited and things were going

1117

00:47:43,910 --> 00:47:42,480

on but the official explanation about

1118

00:47:45,740 --> 00:47:43,920

the media for other whales online

1119

00:47:47,839 --> 00:47:45,750

articles it was just project exercise

1120

00:47:49,700 --> 00:47:47,849

chameleon but every time I go looking

1121

00:47:51,380 --> 00:47:49,710

for information on this no one seems to

1122

00:47:55,540 --> 00:47:51,390

know anything about this exercise on an

1123

00:47:58,579 --> 00:47:55,550

FOI today actually

1124

00:48:02,680 --> 00:47:58,589

I'm the police even if the police lie

1125

00:48:05,920 --> 00:48:02,690

which they do feel I think

1126

00:48:10,690 --> 00:48:05,930

frequently and the other side wants to

1127

00:48:12,880 --> 00:48:10,700

be seen you know Eli Andy well this big

1128

00:48:15,579 --> 00:48:12,890

if it's you know just probably nothing

1129

00:48:17,200 --> 00:48:15,589

bigger forgetting you can forget all the

1130

00:48:18,720 --> 00:48:17,210

wars and your corruption in the

1131

00:48:20,890 --> 00:48:18,730

government and power and all this

1132

00:48:23,370 --> 00:48:20,900

nothing bigger than the you have also

1133

00:48:26,349 --> 00:48:23,380

get us to meet

1134

00:48:27,910 --> 00:48:26,359

the destroyed entire city learner

1135

00:48:29,230 --> 00:48:27,920

dreamers and self he's destroying an

1136

00:48:32,470 --> 00:48:29,240

entire city with a new complaint

1137

00:48:36,240 --> 00:48:32,480

emotions justice issue yes just a short

1138

00:48:41,910 --> 00:48:36,250

say any age without any evidence and

1139

00:48:43,809 --> 00:48:41,920

with these with the that sort of agenda

1140

00:48:46,599 --> 00:48:43,819

you can follow all the freedom

1141

00:48:47,770 --> 00:48:46,609

informationally question what and it is

1142

00:48:50,079 --> 00:48:47,780

not something everything back there

1143

00:48:54,849 --> 00:48:50,089

another thing this is what you see and I

1144

00:48:57,220 --> 00:48:54,859

had this on my lens when I was I thought

1145

00:49:00,579 --> 00:48:57,230

I would have got good responsibly angle

1146

00:49:02,800 --> 00:49:00,589

D justify us yeah yeah he expect him to

1147

00:49:04,660 --> 00:49:02,810

be a bit devious traps I always found

1148

00:49:06,400 --> 00:49:04,670

quite good and sometimes he could

1149

00:49:09,400 --> 00:49:06,410

possibly have got any information about

1150

00:49:12,339 --> 00:49:09,410

this differently small since I think the

1151
00:49:14,650 --> 00:49:12,349
lion you know and then over the years

1152
00:49:16,510 --> 00:49:14,660
are going to believe that in fact it's

1153
00:49:19,030 --> 00:49:16,520
highly probable that the subject is so

1154
00:49:21,010 --> 00:49:19,040
sensitive is an ex and I wasn't it's a

1155
00:49:23,770 --> 00:49:21,020
national one department and II won't

1156
00:49:25,809 --> 00:49:23,780
know they're the pH device back to you

1157
00:49:28,390 --> 00:49:25,819
it says we haven't got any information

1158
00:49:29,530 --> 00:49:28,400
its charm the truth yeah a book told me

1159
00:49:32,710 --> 00:49:29,540
I've got any information it's

1160
00:49:35,650 --> 00:49:32,720
interesting it's not in the case of

1161
00:49:37,839 --> 00:49:35,660
someone saying no you can't tell this

1162
00:49:39,609 --> 00:49:37,849
name mentalize yeah they can't access

1163
00:49:41,829 --> 00:49:39,619

that information so they have no choice

1164

00:49:43,030 --> 00:49:41,839

but to write back to us a we don't all

1165

00:49:45,460 --> 00:49:43,040

the information well you know of course

1166

00:49:47,980 --> 00:49:45,470

you may get a general who was like

1167

00:49:49,569 --> 00:49:47,990

forced on the US military or something

1168

00:49:51,380 --> 00:49:49,579

he's probably got a higher clearance

1169

00:49:53,150 --> 00:49:51,390

than the lieutenant who works in

1170

00:49:54,740 --> 00:49:53,160

right but he's probably got more access

1171

00:49:56,570 --> 00:49:54,750

to the information because he's directly

1172

00:49:58,100 --> 00:49:56,580

involved but the general he gets to see

1173

00:49:59,660 --> 00:49:58,110

certain reports and certain things are

1174

00:50:01,430 --> 00:49:59,670

classes over the yeah I think it's a

1175

00:50:02,540 --> 00:50:01,440

compartment eyes nation and it's another

1176

00:50:05,270 --> 00:50:02,550

case that you can probably have a

1177

00:50:06,650 --> 00:50:05,280

private in the British Army audio the

1178

00:50:08,420 --> 00:50:06,660

Americans or any other nationality

1179

00:50:10,130 --> 00:50:08,430

without my say you've got wire clearance

1180

00:50:12,890 --> 00:50:10,140

to the president of the African country

1181

00:50:13,610 --> 00:50:12,900

I know because they have to be selected

1182

00:50:17,750 --> 00:50:13,620

for that program

1183

00:50:20,600 --> 00:50:17,760

yeah yubberly

1184

00:50:23,330 --> 00:50:20,610

Nick Pope is actually commander this is

1185

00:50:27,050 --> 00:50:23,340

good it's uh years after he was working

1186

00:50:29,540 --> 00:50:27,060

in the OD he was talking with Nick Pope

1187

00:50:36,440 --> 00:50:29,550

was Boston so he can he can access any

1188

00:50:41,000 --> 00:50:36,450

information he wants yeah yeah yeah can

1189

00:50:42,680 --> 00:50:41,010

you look at my case was that yeah kids

1190

00:50:45,740 --> 00:50:42,690

have been given some cases didn't look

1191

00:50:47,240 --> 00:50:45,750

yeah she went on the phone spoke to

1192

00:50:51,350 --> 00:50:47,250

somebody and he said his face with I

1193

00:50:53,630 --> 00:50:51,360

should because he was basically told any

1194

00:50:58,550 --> 00:50:53,640

information on that it's not Gabby then

1195

00:51:00,920 --> 00:50:58,560

I can't do anything about this from Cali

1196

00:51:03,470 --> 00:51:00,930

collect some of this material number and

1197

00:51:05,630 --> 00:51:03,480

capsulation apply yeah yeah he did

1198

00:51:09,350 --> 00:51:05,640

actually show us yeah I've never seen

1199

00:51:12,070 --> 00:51:09,360

their buddy today debacle yeah tomorrow

1200

00:51:15,980 --> 00:51:12,080

if you want to speak with me Molly the

1201

00:51:20,090 --> 00:51:15,990

Hussein of John House of zombies a while

1202

00:51:21,950 --> 00:51:20,100

ago and this place where this event

1203

00:51:23,870 --> 00:51:21,960

happened does this mouse do all that

1204

00:51:24,530 --> 00:51:23,880

talk over the place didn't never cleaned

1205

00:51:26,660 --> 00:51:24,540

it up

1206

00:51:30,050 --> 00:51:26,670

well they cleaned up a lot of it

1207

00:51:33,080 --> 00:51:30,060

apparently I mean this is my god daddy

1208

00:51:36,050 --> 00:51:33,090

was due to go there again there's seven

1209

00:51:39,080 --> 00:51:36,060

visits to do us metal detecting sweep of

1210

00:51:40,760 --> 00:51:39,090

the forest nearby so funny Harmon was

1211

00:51:42,470 --> 00:51:40,770

very friendly with him on the time I

1212

00:51:44,090 --> 00:51:42,480

funded but we said you you better be

1213

00:51:45,620 --> 00:51:44,100

quick because they kept they just they

1214

00:51:48,850 --> 00:51:45,630

take me all the light the chopping all

1215

00:51:50,780 --> 00:51:48,860

the trees down so Gary got there

1216

00:51:55,370 --> 00:51:50,790

turning up the trees were going with you

1217

00:51:57,260 --> 00:51:55,380

JCB's moving the earth yeah well they

1218

00:51:58,850 --> 00:51:57,270

found all the trees and you might take

1219

00:52:02,240 --> 00:51:58,860

it I'll tell you this

1220

00:52:05,750 --> 00:52:02,250

cover us someone who's about this

1221

00:52:07,820 --> 00:52:05,760

activist yeah it doesn't matter how much

1222

00:52:09,710 --> 00:52:07,830

air do you move yeah

1223

00:52:13,490 --> 00:52:09,720

and trying to cover something up like

1224

00:52:15,410 --> 00:52:13,500

that if you sit diligently enough you'll

1225

00:52:17,420 --> 00:52:15,420

find something that you don't care how

1226
00:52:19,910 --> 00:52:17,430
good they are they always leave some

1227
00:52:22,040 --> 00:52:19,920
behind let's stay with literally

1228
00:52:25,160 --> 00:52:22,050
extracted sand the bedrock every last

1229
00:52:26,630 --> 00:52:25,170
day in the soil within ten miles of what

1230
00:52:29,930 --> 00:52:26,640
that actually is the free Lumia come on

1231
00:52:30,380 --> 00:52:29,940
since a mile wide B Square ball is not

1232
00:52:31,940 --> 00:52:30,390
gonna happen

1233
00:52:34,580 --> 00:52:31,950
well I found curious about that what

1234
00:52:36,230 --> 00:52:34,590
you've just said I assume from the

1235
00:52:40,520 --> 00:52:36,240
description you've just given the farmer

1236
00:52:42,050 --> 00:52:40,530
can see on the woodland well sure but I

1237
00:52:46,130 --> 00:52:42,060
think it's Forestry Commission yeah but

1238
00:52:47,890 --> 00:52:46,140

I'm just wondering there yeah well it's

1239

00:52:51,560 --> 00:52:47,900

not called flawlessly commissioners

1240

00:52:53,270 --> 00:52:51,570

national resources wisely old foster

1241

00:52:56,770 --> 00:52:53,280

commissioned by bucking in a bottom is

1242

00:53:01,610 --> 00:52:59,450

yeah yeah they were they called it wing

1243

00:53:03,260 --> 00:53:01,620

damage I said what yeah no yeah wind

1244

00:53:04,910 --> 00:53:03,270

damage get your dropping down all

1245

00:53:07,400 --> 00:53:04,920

felling trees because of wind damage

1246

00:53:10,070 --> 00:53:07,410

yeah all right a whole forest I mean

1247

00:53:12,590 --> 00:53:10,080

yeah I mean just just well I mean I'm

1248

00:53:15,140 --> 00:53:12,600

not being funny right but there's two

1249

00:53:16,730 --> 00:53:15,150

myths there's two locations where our

1250

00:53:19,130 --> 00:53:16,740

story takes place number one pen soaked

1251
00:53:20,750 --> 00:53:19,140
fields is where the main should we say

1252
00:53:22,850 --> 00:53:20,760
the main event took place with this

1253
00:53:26,720 --> 00:53:22,860
pyramid formation of lights occurred

1254
00:53:28,760 --> 00:53:26,730
smaller orbs and interactions some of

1255
00:53:31,730 --> 00:53:28,770
them for the witnesses the two main

1256
00:53:33,830 --> 00:53:31,740
witnesses and there's this little green

1257
00:53:35,540 --> 00:53:33,840
one that's sort of like just circling

1258
00:53:38,740 --> 00:53:35,550
around above it that people I don't for

1259
00:53:43,130 --> 00:53:38,750
someone that's playtime was doing news

1260
00:53:46,760 --> 00:53:43,140
whatever way it was almost again and it

1261
00:53:47,570 --> 00:53:46,770
went over to another koi broad area

1262
00:53:58,130 --> 00:53:47,580
tinder code

1263
00:53:59,510 --> 00:53:58,140

Jenna code okay to the guide and there's

1264

00:54:00,440 --> 00:53:59,520

trees over there now which have just

1265

00:54:03,560 --> 00:54:00,450

recently been felled

1266

00:54:05,600 --> 00:54:03,570

okay but that's why don't you read sort

1267

00:54:07,520 --> 00:54:05,610

of went over and then Lee

1268

00:54:10,070 --> 00:54:07,530

it went in the direction of smile

1269

00:54:12,530 --> 00:54:10,080

awkward where as we discussed the manic

1270

00:54:15,310 --> 00:54:12,540

all the explosions and smells soft from

1271

00:54:18,340 --> 00:54:15,320

rosin everything being closed off well

1272

00:54:22,670 --> 00:54:18,350

just about a year ago that was all felt

1273

00:54:24,310 --> 00:54:22,680

huge area along the bike trail it's just

1274

00:54:27,770 --> 00:54:24,320

like you know it seems every time

1275

00:54:31,970 --> 00:54:27,780

whether it's I don't know about better

1276

00:54:35,590 --> 00:54:31,980

but finding that pan Turk as a Harvard

1277

00:54:37,820 --> 00:54:35,600

forest is another another image wheels

1278

00:54:39,860 --> 00:54:37,830

well it's like you're not it's like this

1279

00:54:42,830 --> 00:54:39,870

is a detail it's like been almond Jones

1280

00:54:44,540 --> 00:54:42,840

came down to so far last month not the

1281

00:54:48,140 --> 00:54:44,550

one they were failing trees again in

1282

00:54:51,440 --> 00:54:48,150

explosions I sort of soil yeah almost

1283

00:54:52,550 --> 00:54:51,450

replacement of soil it's like I don't

1284

00:54:54,200 --> 00:54:52,560

know what it is whether there's

1285

00:54:55,970 --> 00:54:54,210

something about these craft whether

1286

00:54:57,740 --> 00:54:55,980

they're I would have to say

1287

00:54:59,210 --> 00:54:57,750

extraterrestrial because if they were

1288

00:55:02,510 --> 00:54:59,220

our own craft why would you go to all

1289

00:55:05,330 --> 00:55:02,520

the trouble I mean I'm sure they seem to

1290

00:55:07,610 --> 00:55:05,340

be some unit in Emma D where the see

1291

00:55:10,790 --> 00:55:07,620

miracles of the British they've got a

1292

00:55:13,190 --> 00:55:10,800

big sort of cleanup operation somebody

1293

00:55:15,650 --> 00:55:13,200

comes down there straight away like that

1294

00:55:18,020 --> 00:55:15,660

and they've got a systematic got a

1295

00:55:20,750 --> 00:55:18,030

tropism hope to do it you know we're not

1296

00:55:22,730 --> 00:55:20,760

the same patterns I mean you know you

1297

00:55:24,080 --> 00:55:22,740

can find pans in just about anything if

1298

00:55:25,550 --> 00:55:24,090

it wanted they call it paranoia or

1299

00:55:27,680 --> 00:55:25,560

something that's what you find patterns

1300

00:55:29,990 --> 00:55:27,690

in anything but you study the cases

1301
00:55:32,720 --> 00:55:30,000
enough enough times when you find the

1302
00:55:34,250 --> 00:55:32,730
same pattern all the time military some

1303
00:55:37,120 --> 00:55:34,260
sort of explosions

1304
00:55:39,640 --> 00:55:37,130
maybe wreckage fell trees broken trees

1305
00:55:42,980 --> 00:55:39,650
witnesses seeing things many days before

1306
00:55:44,180 --> 00:55:42,990
you know that the cover-up is ridiculous

1307
00:55:46,370 --> 00:55:44,190
you know there's always some debunk

1308
00:55:48,290 --> 00:55:46,380
official statement that it was yes you

1309
00:55:51,830 --> 00:55:48,300
know news come along and quickly say was

1310
00:55:54,590 --> 00:55:51,840
just an exercise or some sort of a thief

1311
00:55:57,230 --> 00:55:54,600
explainable from Hoffman as they say the

1312
00:55:58,060 --> 00:55:57,240
50s especially a fighter aircraft used

1313
00:56:00,160 --> 00:55:58,070

to come down

1314

00:56:02,320 --> 00:56:00,170

every week you've got through the

1315

00:56:05,530 --> 00:56:02,330

newspapers isn't reports of an aria

1316

00:56:07,180 --> 00:56:05,540

clinking no because there's technology

1317

00:56:10,680 --> 00:56:07,190

in the 50s pleaded with my good mother

1318

00:56:13,630 --> 00:56:10,690

you see crash next written center and

1319

00:56:16,300 --> 00:56:13,640

these it was no big fuss about that

1320

00:56:19,030 --> 00:56:16,310

no it wasn't be cover up the materials

1321

00:56:22,030 --> 00:56:19,040

are plain and you could follow my wife I

1322

00:56:24,280 --> 00:56:22,040

was loudly Besant's and see I thought I

1323

00:56:27,160 --> 00:56:24,290

saw there's no payment and originally

1324

00:56:28,840 --> 00:56:27,170

when I faced but interested me it was a

1325

00:56:30,460 --> 00:56:28,850

clash because that was the only

1326
00:56:32,890 --> 00:56:30,470
information I was available only what I

1327
00:56:35,200 --> 00:56:32,900
started off at I stopped on Tuesday this

1328
00:56:39,930 --> 00:56:35,210
isn't this isn't right and then I

1329
00:56:43,870 --> 00:56:39,940
discovered that Tommy God had a query

1330
00:56:48,700 --> 00:56:43,880
there's alias as of 1996 1995 sort of

1331
00:56:56,040 --> 00:56:48,710
did he speak to Pat Evans did you leave

1332
00:57:00,970 --> 00:56:58,510
there's all sorts of stories you know

1333
00:57:04,480 --> 00:57:00,980
the two daughters were the only civilian

1334
00:57:05,950 --> 00:57:04,490
witnesses army they were competitive

1335
00:57:10,680 --> 00:57:05,960
with our landing they were competitive

1336
00:57:17,380 --> 00:57:14,559
said it was a district nurse when she

1337
00:57:19,709 --> 00:57:17,390
got through the police that Lisa Nicole

1338
00:57:22,959 --> 00:57:19,719

baton you that they are police officers

1339

00:57:25,120 --> 00:57:22,969

given a sinner to avoid a fourth object

1340

00:57:28,079 --> 00:57:25,130

like a deployment a lot of slopes are

1341

00:57:30,910 --> 00:57:28,089

kind of Roma moment that was the

1342

00:57:32,549 --> 00:57:30,920

location of suspected plane crash that's

1343

00:57:35,140 --> 00:57:32,559

what the locals were digging in the box

1344

00:57:37,390 --> 00:57:35,150

with it does play they will genuinely

1345

00:57:38,469 --> 00:57:37,400

then look everyone else everyone else is

1346

00:57:41,979 --> 00:57:38,479

not wearing any clothes of the

1347

00:57:44,709 --> 00:57:41,989

earthquake yeah what in the village they

1348

00:57:47,940 --> 00:57:44,719

don't bring in it because they think

1349

00:57:50,109 --> 00:57:47,950

that plane crashed because see this

1350

00:57:52,870 --> 00:57:50,119

police in column break do they tell pup

1351
00:57:54,239 --> 00:57:52,880
to go to kind of no Edwin well problem

1352
00:57:58,599 --> 00:57:54,249
at they didn't tell us

1353
00:58:01,749 --> 00:57:58,609
she said she was a district nurse two

1354
00:58:03,069 --> 00:58:01,759
daughters were there training medical

1355
00:58:05,440 --> 00:58:03,079
stuff as well hold on she's obviously

1356
00:58:08,440 --> 00:58:05,450
they're privately one and she offered

1357
00:58:09,400 --> 00:58:08,450
their services in case let me guess they

1358
00:58:12,459 --> 00:58:09,410
were not quiet

1359
00:58:15,489 --> 00:58:12,469
well they didn't even say that what they

1360
00:58:18,530 --> 00:58:15,499
said - it was you said yeah thank you

1361
00:58:20,900 --> 00:58:18,540
very much we'll accept

1362
00:58:24,020 --> 00:58:20,910
what you didn't tell it where to go all

1363
00:58:27,080 --> 00:58:24,030

right so just uh it just sort of got

1364

00:58:29,090 --> 00:58:27,090

like a boy I know it was a bluff yeah if

1365

00:58:30,920 --> 00:58:29,100

you wanted if you thought that played

1366

00:58:31,730 --> 00:58:30,930

the clutch there and there could be

1367

00:58:34,310 --> 00:58:31,740

casualties

1368

00:58:36,050 --> 00:58:34,320

yeah and the edge comes on a doctor or

1369

00:58:37,520 --> 00:58:36,060

someone that says I can help ya within

1370

00:58:39,230 --> 00:58:37,530

minutes you're gonna sell them there oh

1371

00:58:42,110 --> 00:58:39,240

yeah well looks like I've sealed up

1372

00:58:44,810 --> 00:58:42,120

their contact it's sergeants or whatever

1373

00:58:47,150 --> 00:58:44,820

I need a guide you there yeah cuz

1374

00:58:50,150 --> 00:58:47,160

clearly it was someone in charge there

1375

00:58:52,070 --> 00:58:50,160

had to be some amateur or from us and

1376

00:58:55,040 --> 00:58:52,080

that wasn't the case our investigations

1377

00:58:59,330 --> 00:58:55,050

you know with the bang in a smile of

1378

00:59:01,280 --> 00:58:59,340

what somebody did was it discovered that

1379

00:59:06,680 --> 00:59:01,290

the hospital was wrong and said that

1380

00:59:08,000 --> 00:59:06,690

their services were not required I think

1381

00:59:11,540 --> 00:59:08,010

I spoke one of the statements said I'm

1382

00:59:12,860 --> 00:59:11,550

not sure but seems to be the case that

1383

00:59:15,770 --> 00:59:12,870

one day it happened

1384

00:59:17,600 --> 00:59:15,780

the hospital was rung and that's what

1385

00:59:20,780 --> 00:59:17,610

they said the services were not required

1386

00:59:22,490 --> 00:59:20,790

even though they've just been a big bang

1387

00:59:23,720 --> 00:59:22,500

well apparently they won the royal de

1388

00:59:25,850 --> 00:59:23,730

Morgan lost woman I don't know exactly

1389

00:59:28,190 --> 00:59:25,860

if that is a hundred percent sure we're

1390

00:59:29,840 --> 00:59:28,200

still trying to work it out but at least

1391

00:59:32,210 --> 00:59:29,850

we've got witnesses who said they were

1392

00:59:34,460 --> 00:59:32,220

in the hospital they heard the explosion

1393

00:59:37,040 --> 00:59:34,470

then it seems like no one was in a rush

1394

00:59:38,390 --> 00:59:37,050

to get over there or no one wanted them

1395

00:59:39,680 --> 00:59:38,400

to go over there you know just in case

1396

00:59:41,870 --> 00:59:39,690

maybe someone's injured because there

1397

00:59:45,890 --> 00:59:41,880

was a helicopter that was forced to make

1398

00:59:48,320 --> 00:59:45,900

an emergency landing not long after it's

1399

00:59:51,050 --> 00:59:48,330

not a parallel with them have no scope

1400

00:59:52,280 --> 00:59:51,060

so what we're saying is it seems like

1401
00:59:54,260 --> 00:59:52,290
when the emergency services would be

1402
00:59:56,390 --> 00:59:54,270
needed yeah no one seemed a little

1403
00:59:58,430 --> 00:59:56,400
animated she shaves off on the nail

1404
01:00:00,110 --> 00:59:58,440
I don't know I'm supposed to be a nurse

1405
01:00:05,300 --> 01:00:00,120
because I like patterns she offered out

1406
01:00:07,160 --> 01:00:05,310
hmm as a medic so I mean I want this one

1407
01:00:09,170 --> 01:00:07,170
is it possible just take it he's

1408
01:00:12,830 --> 01:00:09,180
medically trained they would want to get

1409
01:00:15,920 --> 01:00:12,840
help but I didn't say no because if it

1410
01:00:19,480 --> 01:00:15,930
would look bad they the doctor says

1411
01:00:22,070 --> 01:00:19,490
you've got a suspected incidence here

1412
01:00:25,190 --> 01:00:22,080
they didn't say no but they didn't

1413
01:00:27,290 --> 01:00:25,200

actually I guess what I'm saying - oh

1414

01:00:29,000 --> 01:00:27,300

yeah we lucked out that don't see what

1415

01:00:30,530 --> 01:00:29,010

you can do I guess what I'm saying this

1416

01:00:33,770 --> 01:00:30,540

is that

1417

01:00:36,050 --> 01:00:33,780

you know Pat Evans being medically

1418

01:00:38,600 --> 01:00:36,060

trained gain stories of a plane crash

1419

01:00:40,340 --> 01:00:38,610

and obviously she would be in a position

1420

01:00:42,740 --> 01:00:40,350

to help these people and if that is the

1421

01:00:44,930 --> 01:00:42,750

case now you got royal de Morgan

1422

01:00:47,030 --> 01:00:44,940

Hospital now already we've had planes

1423

01:00:48,830 --> 01:00:47,040

and helicopters circling making a lot of

1424

01:00:50,510 --> 01:00:48,840

noise throughout the night and then all

1425

01:00:52,820 --> 01:00:50,520

of a sudden you know big bang just

1426

01:00:54,560 --> 01:00:52,830

outside the hospital I thought some of

1427

01:00:56,240 --> 01:00:54,570

the nurses and some of the doctors maybe

1428

01:00:58,520 --> 01:00:56,250

would have made inquiries into this but

1429

01:01:00,560 --> 01:00:58,530

it seems on wanted them over there

1430

01:01:02,120 --> 01:01:00,570

anyway you know mm and that's I'm just

1431

01:01:04,370 --> 01:01:02,130

trying to say that you've got a

1432

01:01:05,780 --> 01:01:04,380

helicopter making an emergency landing

1433

01:01:08,720 --> 01:01:05,790

I mean they seem that no one was hurt

1434

01:01:11,120 --> 01:01:08,730

but it just seemed but when we've made

1435

01:01:12,650 --> 01:01:11,130

inquiries into this and almost seem to

1436

01:01:16,520 --> 01:01:12,660

be interested in asking for their the

1437

01:01:19,760 --> 01:01:16,530

biggest pain in my backside over the

1438

01:01:24,830 --> 01:01:19,770

years of coming to this is how global

1439

01:01:27,980 --> 01:01:24,840

all the people are you know and how they

1440

01:01:29,600 --> 01:01:27,990

respond to Authority I mean I can't

1441

01:01:31,100 --> 01:01:29,610

painting it but the private security

1442

01:01:33,050 --> 01:01:31,110

firms laughing making people for fun

1443

01:01:35,570 --> 01:01:33,060

boats that's just sort of one of the

1444

01:01:38,210 --> 01:01:35,580

moments like these but yet what one of

1445

01:01:40,190 --> 01:01:38,220

is when people just called us for Monty

1446

01:01:43,790 --> 01:01:40,200

flash and ID which could be their Mickey

1447

01:01:48,500 --> 01:01:43,800

Mouse on it and you got sauce Bushido

1448

01:01:50,090 --> 01:01:48,510

position uniform or some pretend jacket

1449

01:01:53,660 --> 01:01:50,100

it's been around you know what you can

1450

01:01:55,940 --> 01:01:53,670

do we put on a big chunk it up it's the

1451

01:01:58,370 --> 01:01:55,950

British conditioning all the people are

1452

01:02:00,230 --> 01:01:58,380

thought down to accept is autopsy will

1453

01:02:02,840 --> 01:02:00,240

be a parking minute and then also need

1454

01:02:06,140 --> 01:02:02,850

to pretend you can act like he's London

1455

01:02:08,060 --> 01:02:06,150

London police people say when Sean yeah

1456

01:02:10,790 --> 01:02:08,070

yeah when one money's clowns it were

1457

01:02:13,340 --> 01:02:10,800

just civilians as an example they've got

1458

01:02:14,720 --> 01:02:13,350

no authority in most cases the kamati

1459

01:02:16,940 --> 01:02:14,730

any say yeah

1460

01:02:19,609 --> 01:02:16,950

if t even if employees about it excuse

1461

01:02:22,010 --> 01:02:19,619

me you've done this and I want to issue

1462

01:02:24,430 --> 01:02:22,020

you with a victor penalty notices yeah

1463

01:02:26,630 --> 01:02:24,440

that's one example I have one ghost oh

1464

01:02:28,970 --> 01:02:26,640

and sometimes you haven't done any wrong

1465

01:02:31,430 --> 01:02:28,980

but he's the admit I must have done it

1466

01:02:34,280 --> 01:02:31,440

I don't think of it but I probably did

1467

01:02:36,829 --> 01:02:34,290

cuz you're saying so and there's this

1468

01:02:39,349 --> 01:02:36,839

desire mr. P is it's a pain in the

1469

01:02:42,280 --> 01:02:39,359

backside to me this designed almost for

1470

01:02:45,290 --> 01:02:42,290

people not to get involved so when

1471

01:02:47,450 --> 01:02:45,300

something happens you know yeah like a

1472

01:02:49,010 --> 01:02:47,460

motorway a clash and the cars all day

1473

01:02:51,920 --> 01:02:49,020

and the ghouls are watching that clean

1474

01:02:52,579 --> 01:02:51,930

up the mess there and but that's as far

1475

01:02:54,829 --> 01:02:52,589

as it goes

1476

01:02:57,020 --> 01:02:54,839

they watch and then he drive past Nicole

1477

01:02:58,520 --> 01:02:57,030

and tennis later he forgot all about it

1478

01:03:05,240 --> 01:02:58,530

that's our horse extenders are suddenly

1479

01:03:09,500 --> 01:03:05,250

important you know yeah well then when

1480

01:03:11,270 --> 01:03:09,510

you see someone contries down yeah

1481

01:03:15,880 --> 01:03:11,280

if you try and course a tree down on a

1482

01:03:17,930 --> 01:03:15,890

road actually a street tree in Swansea

1483

01:03:18,290 --> 01:03:17,940

people are strict on it yeah what are

1484

01:03:19,730 --> 01:03:18,300

you doing

1485

01:03:22,849 --> 01:03:19,740

you know I'm opening the car lot why

1486

01:03:24,650 --> 01:03:22,859

you've got enough free now you know what

1487

01:03:26,660 --> 01:03:24,660

is it do you know we went consultants

1488

01:03:28,490 --> 01:03:26,670

and locals and all this do you make it

1489

01:03:30,740 --> 01:03:28,500

might get people involved like that well

1490

01:03:32,180 --> 01:03:30,750

when people start cotton follows the

1491

01:03:33,650 --> 01:03:32,190

trees down and they can hide behind the

1492

01:03:37,030 --> 01:03:33,660

states and see what would you spell the

1493

01:03:40,240 --> 01:03:38,860

they need to be felt the fact that the

1494

01:03:43,390 --> 01:03:40,250

venturi should be felt for 10 years ago

1495

01:03:45,160 --> 01:03:43,400

it's really just a lot of changes you

1496

01:03:48,460 --> 01:03:45,170

know fibers are able to be in a position

1497

01:03:50,500 --> 01:03:48,470

now where let's say more like sitting

1498

01:03:53,440 --> 01:03:50,510

and let's say the Beermen if

1499

01:03:55,060 --> 01:03:53,450

entitlements today and I go into somehow

1500

01:03:56,320 --> 01:03:55,070

when okay and it was just safer no you

1501
01:03:58,810 --> 01:03:56,330
miss it too much police stay you know

1502
01:04:01,990 --> 01:03:58,820
nothing like they might say to me you

1503
01:04:02,260 --> 01:04:02,000
can't go there you know I'll say ok fair

1504
01:04:05,110 --> 01:04:02,270
enough

1505
01:04:06,700 --> 01:04:05,120
watch the incident you know because the

1506
01:04:08,290 --> 01:04:06,710
police thought that authority did an

1507
01:04:11,380 --> 01:04:08,300
incident but you can't have an incident

1508
01:04:13,210 --> 01:04:11,390
without paper where what something they

1509
01:04:14,440 --> 01:04:13,220
seem to be enemy yeah well they've got

1510
01:04:16,930 --> 01:04:14,450
incidents on paperwork

1511
01:04:18,820 --> 01:04:16,940
so the bottom line is that you believe

1512
01:04:22,090 --> 01:04:18,830
it wasn't crushed it was a landing

1513
01:04:24,520 --> 01:04:22,100

it was another pen when another and a

1514

01:04:28,300 --> 01:04:24,530

problem I'm not to do with it and all

1515

01:04:29,830 --> 01:04:28,310

sorts of things mean yeah Jenny banned

1516

01:04:32,500 --> 01:04:29,840

all sort of wanted the waters flap

1517

01:04:34,390 --> 01:04:32,510

innocently but at the time I mean she's

1518

01:04:36,490 --> 01:04:34,400

been author - you know and she played on

1519

01:04:38,140 --> 01:04:36,500

all sorts of stuff and they leave her

1520

01:04:40,660 --> 01:04:38,150

cellphone people respected as you could

1521

01:04:41,740 --> 01:04:40,670

before and stuff like that but she are

1522

01:04:44,890 --> 01:04:41,750

for me

1523

01:04:47,430 --> 01:04:44,900

she had this interest in their stock

1524

01:04:49,840 --> 01:04:47,440

circles ancient sites and this idea that

1525

01:04:51,370 --> 01:04:49,850

you have or subtracted city paints and

1526

01:04:53,110 --> 01:04:51,380

sites and things like that you notice

1527

01:04:55,930 --> 01:04:53,120

though yet I don't put the England at

1528

01:04:58,120 --> 01:04:55,940

all there's a lot of rubbish but just up

1529

01:05:00,720 --> 01:04:58,130

off like this though it's a big stone

1530

01:05:04,090 --> 01:05:00,730

stable because they will see of her and

1531

01:05:05,740 --> 01:05:04,100

stop circle because there's a lot more

1532

01:05:10,720 --> 01:05:05,750

pictures on there with Google Images

1533

01:05:12,370 --> 01:05:10,730

about it and there she went there and I

1534

01:05:16,140 --> 01:05:12,380

don't believe what second superstar loss

1535

01:05:18,849 --> 01:05:16,150

trouble but she went there and she might

1536

01:05:20,920 --> 01:05:18,859

allegedly and she claimed that the

1537

01:05:22,410 --> 01:05:20,930

readings inside this function called the

1538

01:05:25,630 --> 01:05:22,420

difference of the reasons understand

1539

01:05:27,339 --> 01:05:25,640

well if that was if it was as basic as

1540

01:05:30,989 --> 01:05:27,349

that it was non scientific approach my

1541

01:05:32,859 --> 01:05:30,999

soul and it could have just been

1542

01:05:34,390 --> 01:05:32,869

radiation but ever had a lead on what

1543

01:05:36,150 --> 01:05:34,400

type of guy contribution when you can't

1544

01:05:38,799 --> 01:05:36,160

use it for all types of radiation anyway

1545

01:05:41,259 --> 01:05:38,809

but then I probably the pleasure all of

1546

01:05:43,900 --> 01:05:41,269

it not stars was I've just got past my

1547

01:05:47,140 --> 01:05:43,910

ignore like a day yeah I mean I smiled

1548

01:05:48,759 --> 01:05:47,150

away from build for the flesh jumped on

1549

01:05:50,470 --> 01:05:48,769

it and see it soldiers at the caps are

1550

01:05:51,849 --> 01:05:50,480

closer that was almost I was just

1551

01:05:54,670 --> 01:05:51,859

substation there's a personally the

1552

01:05:56,259 --> 01:05:54,680

waters yeah and yeah it copies of

1553

01:05:59,079 --> 01:05:56,269

literally the water to thin foam in it

1554

01:06:00,640 --> 01:05:59,089

yeah and of course here just making the

1555

01:06:02,890 --> 01:06:00,650

simple statement like she said I went

1556

01:06:05,049 --> 01:06:02,900

there with a guy he come to service no

1557

01:06:08,620 --> 01:06:05,059

sale because she hunts believe I the

1558

01:06:11,140 --> 01:06:08,630

connection to me my father's there you

1559

01:06:12,880 --> 01:06:11,150

have or visitation and she's just they

1560

01:06:14,559 --> 01:06:12,890

pulled that got jealous for you read all

1561

01:06:16,269 --> 01:06:14,569

of a sudden there's a whole new

1562

01:06:18,489 --> 01:06:16,279

disinformation second girl from that

1563

01:06:19,809 --> 01:06:18,499

nice ain't she could easily change he

1564

01:06:23,200 --> 01:06:19,819

could have collusion in a Bentley and

1565

01:06:25,120 --> 01:06:23,210

then a flash get in and as they call the

1566

01:06:28,479 --> 01:06:25,130

kids at Diana come say it was awful but

1567

01:06:33,099 --> 01:06:28,489

demand birds fly back must be her less

1568

01:06:36,940 --> 01:06:33,109

liked so um in matters chemical yeah as

1569

01:06:40,079 --> 01:06:36,950

well and that's a initiating and there

1570

01:06:45,160 --> 01:06:40,089

was a guy called mike subtle and

1571

01:06:46,479 --> 01:06:45,170

margaret fry had interviews my son in

1572

01:06:47,760 --> 01:06:46,489

the early days and she had all the

1573

01:06:49,590 --> 01:06:47,770

records about it

1574

01:06:53,190 --> 01:06:49,600

the conservative afterwards whenever I

1575

01:06:57,680 --> 01:06:53,200

come across this mic subtle and he

1576

01:07:02,100 --> 01:06:57,690

claimed he'd see this you have all that

1577

01:07:03,870 --> 01:07:02,110

gold off this you know and it just so

1578

01:07:06,180 --> 01:07:03,880

happened that the time we lived in there

1579

01:07:09,180 --> 01:07:06,190

this lot cottage was you've read called

1580

01:07:11,190 --> 01:07:09,190

their cars go up off the neighboring

1581

01:07:12,600 --> 01:07:11,200

village three miles along the roles they

1582

01:07:15,240 --> 01:07:12,610

hope they like they're about it's the

1583

01:07:18,420 --> 01:07:15,250

same village path Emma's lived it she's

1584

01:07:21,390 --> 01:07:18,430

in the village he's on an outlying sort

1585

01:07:24,740 --> 01:07:21,400

of famous of cottage on the hills above

1586

01:07:28,320 --> 01:07:24,750

about two miles outside the village and

1587

01:07:29,820 --> 01:07:28,330

he came out of his house cause of this

1588

01:07:32,850 --> 01:07:29,830

earthquake mr. Trevor

1589

01:07:35,880 --> 01:07:32,860

but he didn't see of course someone's

1590

01:07:38,220 --> 01:07:35,890

hot flash amount he's sure dis big

1591

01:07:41,100 --> 01:07:38,230

lights in the sky which he'd never seen

1592

01:07:42,109 --> 01:07:41,110

before and he watched it and it was just

1593

01:07:45,600 --> 01:07:42,119

hang in there

1594

01:07:47,370 --> 01:07:45,610

this was would have been that Trevor was

1595

01:07:50,340 --> 01:07:47,380

eight thirty eight it's not dispute over

1596

01:07:52,050 --> 01:07:50,350

that it is in even the results of

1597

01:07:54,690 --> 01:07:52,060

minutes or so later thought were in this

1598

01:07:55,750 --> 01:07:54,700

thing and he actually went because mr.

1599

01:07:58,400 --> 01:07:55,760

lux

1600

01:08:00,530 --> 01:07:58,410

who's divorced me and helpful you got

1601
01:08:02,990 --> 01:08:00,540
any animals and his kids were too small

1602
01:08:06,910 --> 01:08:03,000
to reminisce we had the kids and he went

1603
01:08:09,710 --> 01:08:06,920
to the next far far for crackpots

1604
01:08:12,290 --> 01:08:09,720
and there's a guy that mostly on

1605
01:08:16,940 --> 01:08:12,300
flipchart how he appears in Richard

1606
01:08:18,680 --> 01:08:16,950
halls video yeah oh yeah you told them

1607
01:08:22,039 --> 01:08:18,690
about they knew about this stick the all

1608
01:08:24,140 --> 01:08:22,049
about back to cast off they clean up

1609
01:08:28,700 --> 01:08:24,150
adopted kid that his parents all came

1610
01:08:30,380 --> 01:08:28,710
back and I don't think that if there's

1611
01:08:32,809 --> 01:08:30,390
actually sorting his brother did well it

1612
01:08:34,490 --> 01:08:32,819
was young I don't know the neighbor a

1613
01:08:39,709 --> 01:08:34,500

woman eternal the house nearby the or

1614

01:08:41,410 --> 01:08:39,719

complicated it is yours and this lights

1615

01:08:44,599 --> 01:08:41,420

there and by that it's like 9 o'clock

1616

01:08:47,630 --> 01:08:44,609

okay I just have to man you haven't

1617

01:08:48,950 --> 01:08:47,640

moved huge white light in the sky as

1618

01:08:52,579 --> 01:08:48,960

they could see if you die ever

1619

01:08:54,709 --> 01:08:52,589

and what was fortunate boxes yard

1620

01:08:57,229 --> 01:08:54,719

because house here they have a bond

1621

01:08:59,870 --> 01:08:57,239

there and I said in the interview we

1622

01:09:02,090 --> 01:08:59,880

stood on this ledge stepped upon the

1623

01:09:03,860 --> 01:09:02,100

size of the wall but he got a perfect

1624

01:09:06,440 --> 01:09:03,870

straight line view straight across the

1625

01:09:07,640 --> 01:09:06,450

valence and it was called us for me cuz

1626

01:09:10,370 --> 01:09:07,650

I've never been off the pin put away

1627

01:09:11,669 --> 01:09:10,380

this thing was and that we would remain

1628

01:09:16,769 --> 01:09:11,679

there

1629

01:09:18,959 --> 01:09:16,779

said that box up last night estas ever

1630

01:09:21,720 --> 01:09:18,969

so slowly' secret I kept like a seven

1631

01:09:25,289 --> 01:09:21,730

yeah so he said but nothing that's a

1632

01:09:27,479 --> 01:09:25,299

kink out he said it disappeared at the

1633

01:09:29,610 --> 01:09:27,489

light went out it was calm there

1634

01:09:31,789 --> 01:09:29,620

my study was that their district or past

1635

01:09:33,539 --> 01:09:31,799

- dr. Campos what's going to Pat Evans

1636

01:09:35,399 --> 01:09:33,549

safety or ten o'clock

1637

01:09:37,860 --> 01:09:35,409

well I'll stay for like at least a

1638

01:09:39,479 --> 01:09:37,870

granola oh yeah so the likelihood is

1639

01:09:41,789 --> 01:09:39,489

that they saw the object coming down and

1640

01:09:43,800 --> 01:09:41,799

then pop that legs actually she never

1641

01:09:49,499 --> 01:09:43,810

showed a move she's your life what

1642

01:09:51,090 --> 01:09:49,509

appeared to be something around like

1643

01:09:53,910 --> 01:09:51,100

some saw and all the other witnesses

1644

01:09:55,290 --> 01:09:53,920

sugar coming down but when he was

1645

01:09:58,380 --> 01:09:55,300

telling me about how a cure this

1646

01:10:02,310 --> 01:09:58,390

one-wayness white what was it why does

1647

01:10:04,260 --> 01:10:02,320

it disappear anywhere backups and

1648

01:10:08,610 --> 01:10:04,270

looking at the scenery from there he was

1649

01:10:10,680 --> 01:10:08,620

daylight got the maps out and there I

1650

01:10:12,570 --> 01:10:10,690

could draw a line on the back I could

1651

01:10:14,459 --> 01:10:12,580

draw the line on Google Earth its

1652

01:10:16,709 --> 01:10:14,469

Greater Columbus wall and it went

1653

01:10:18,870 --> 01:10:16,719

straight off across the payments so we

1654

01:10:21,750 --> 01:10:18,880

knew about this line of sight yeah and

1655

01:10:23,490 --> 01:10:21,760

all this Kevin Clarke was it's a [h__h]

1656

01:10:25,890 --> 01:10:23,500

it's a bit of a hill in hailing distance

1657

01:10:28,050 --> 01:10:25,900

we couldn't see out in the dark was all

1658

01:10:29,850 --> 01:10:28,060

you could see it in pale eyes yeah we do

1659

01:10:31,860 --> 01:10:29,860

a heavy twigs in fact what it was doing

1660

01:10:34,380 --> 01:10:31,870

it was common now gone behind it behind

1661

01:10:37,260 --> 01:10:34,390

it was the land bi on to color burn went

1662

01:10:39,149 --> 01:10:37,270

yeah London behind was deeper yeah so

1663

01:10:41,040 --> 01:10:39,159

they went out as precise basically well

1664

01:10:42,630 --> 01:10:41,050

it's not gonna finally yet not on the

1665

01:10:45,339 --> 01:10:42,640

mountain but he couldn't explain editor

1666

01:10:48,010 --> 01:10:45,349

so I'm and a would be

1667

01:10:49,720 --> 01:10:48,020

my mouth numb like this on Google Earth

1668

01:10:53,050 --> 01:10:49,730

and I've got all the Heifetz and of

1669

01:10:55,209 --> 01:10:53,060

course Kevin cough before right in his

1670

01:10:58,419 --> 01:10:55,219

life and that's what it went beyond it's

1671

01:11:00,640 --> 01:10:58,429

just a [h__\h] but of course I used the

1672

01:11:05,169 --> 01:11:00,650

parameters of his yard was a definite on

1673

01:11:09,069 --> 01:11:05,179

the wall I had year put those two lines

1674

01:11:11,290 --> 01:11:09,079

straight across the payments it's all

1675

01:11:13,839 --> 01:11:11,300

colorful if you like so Google 3d a few

1676

01:11:18,100 --> 01:11:13,849

miles down and then I got Pat Evans

1677

01:11:22,120 --> 01:11:18,110

position no Pat Evans was when she came

1678

01:11:24,339 --> 01:11:22,130

up on the part of the period the b49

1679

01:11:26,080 --> 01:11:24,349

what she sort of mine I wrote to make

1680

01:11:28,959 --> 01:11:26,090

sure they've joined it and come walking

1681

01:11:30,580 --> 01:11:28,969

up the mountain now when one of the

1682

01:11:35,470 --> 01:11:30,590

things and officer taught and the

1683

01:11:37,240 --> 01:11:35,480

Roberts attempt to deep Booker was all

1684

01:11:39,490 --> 01:11:37,250

closely landed on us because he kept

1685

01:11:41,500 --> 01:11:39,500

saying stuff our legitimacy was and I

1686

01:11:43,419 --> 01:11:41,510

kept finding these mistakes and as only

1687

01:11:45,399 --> 01:11:43,429

you wouldn't make so many mistakes then

1688

01:11:47,680 --> 01:11:45,409

like lobster their lives the very

1689

01:11:50,500 --> 01:11:47,690

mistakes at all seem that serious

1690

01:11:53,470 --> 01:11:50,510

attempts to publish what people would

1691

01:11:56,560 --> 01:11:53,480

see and then

1692

01:11:58,600 --> 01:11:56,570

he said that in the dark she had no

1693

01:12:02,230 --> 01:11:58,610

points of reference to where this object

1694

01:12:03,760 --> 01:12:02,240

was somehow Disney stepped up so that he

1695

01:12:05,920 --> 01:12:03,770

could try and explain away that light

1696

01:12:07,930 --> 01:12:05,930

anything you want because she couldn't

1697

01:12:10,590 --> 01:12:07,940

say exactly where that was he could then

1698

01:12:13,600 --> 01:12:10,600

say well it's this it was this even this

1699

01:12:16,240 --> 01:12:13,610

and in fact when you caught the robbed

1700

01:12:19,630 --> 01:12:16,250

this is falsely in there now in a place

1701
01:12:22,240 --> 01:12:19,640
at the wrong cause what my god and then

1702
01:12:24,880 --> 01:12:22,250
comes flat but about two-thirds of a

1703
01:12:28,540 --> 01:12:24,890
mile and then starts to drop down again

1704
01:12:31,180 --> 01:12:28,550
on the other side and so when she could

1705
01:12:33,640 --> 01:12:31,190
look up there's a point where she's

1706
01:12:36,690 --> 01:12:33,650
looking to the left and she can't see

1707
01:12:39,640 --> 01:12:36,700
this UFO cause of the debate and

1708
01:12:40,990 --> 01:12:39,650
reasoning and that she comes up all of a

1709
01:12:44,920 --> 01:12:41,000
sudden there's a point where you might

1710
01:12:46,620 --> 01:12:44,930
call a weird a compass interview and

1711
01:12:49,540 --> 01:12:46,630
then she calls along the road a bit

1712
01:12:51,430 --> 01:12:49,550
George slaughters object stops a car

1713
01:12:55,810 --> 01:12:51,440

looking out for five minutes in the

1714

01:12:57,010 --> 01:12:55,820

distance then she drove to her that said

1715

01:12:59,050 --> 01:12:57,020

and pointed a little bit of fear though

1716

01:13:01,310 --> 01:12:59,060

it was actually is on the old country

1717

01:13:03,290 --> 01:13:01,320

boundary that made the honor show

1718

01:13:05,330 --> 01:13:03,300

she turned round we're back to roughly

1719

01:13:07,250 --> 01:13:05,340

the same spot so she's walking up the

1720

01:13:09,890 --> 01:13:07,260

other side of a car now imagine looking

1721

01:13:12,170 --> 01:13:09,900

at this object another five minutes and

1722

01:13:14,210 --> 01:13:12,180

then she has enough for hope because she

1723

01:13:15,740 --> 01:13:14,220

did whatever it was she didn't think was

1724

01:13:20,720 --> 01:13:15,750

a plane crash at all didn't know what

1725

01:13:22,010 --> 01:13:20,730

the hell that was but she she knew it

1726

01:13:23,630 --> 01:13:22,020

was a plane crash and she knew she could

1727

01:13:25,340 --> 01:13:23,640

do anything anyway if it was a plane

1728

01:13:26,870 --> 01:13:25,350

crash because it was too far as consul

1729

01:13:33,080 --> 01:13:26,880

didn't know he was nothing to do with

1730

01:13:34,520 --> 01:13:33,090

her on Channel 4 documentary but she

1731

01:13:37,400 --> 01:13:34,530

said we lost a little lights around as

1732

01:13:39,170 --> 01:13:37,410

if we might all just a hater yeah

1733

01:13:41,030 --> 01:13:39,180

there's been the greatest of triangles

1734

01:13:42,410 --> 01:13:41,040

so she so she assumed that if it was a

1735

01:13:44,510 --> 01:13:42,420

plane crash there were people there she

1736

01:13:45,770 --> 01:13:44,520

thought whatever it was a rescue team

1737

01:13:48,140 --> 01:13:45,780

this was something he had asked you same

1738

01:13:49,640 --> 01:13:48,150

there some sort of English what do you

1739

01:13:51,020 --> 01:13:49,650

think was unfair lies over the people

1740

01:13:55,220 --> 01:13:51,030

that soldiers maybe I think you might

1741

01:13:56,930 --> 01:13:55,230

never see and I think they were there to

1742

01:13:58,520 --> 01:13:56,940

spook it I believe that I think there's

1743

01:14:00,380 --> 01:13:58,530

military I always suspected there was

1744

01:14:04,670 --> 01:14:00,390

military there was never any sort of

1745

01:14:05,810 --> 01:14:04,680

proof and then there was again it was

1746

01:14:08,680 --> 01:14:05,820

addition for a bit of a disinformation

1747

01:14:12,140 --> 01:14:08,690

campaigning as past Evans because

1748

01:14:14,450 --> 01:14:12,150

Margaret fly can back this up

1749

01:14:16,400 --> 01:14:14,460

Marga fly interview pass up and Eleanor

1750

01:14:18,250 --> 01:14:16,410

perhaps and she took another couple of

1751

01:14:24,140 --> 01:14:18,260

people go

1752

01:14:25,350 --> 01:14:24,150

and Pat Evans showed them a piece of

1753

01:14:28,920 --> 01:14:25,360

paper

1754

01:14:31,320 --> 01:14:28,930

which is saying that she'd met her on

1755

01:14:35,070 --> 01:14:31,330

work after the main roles as she was

1756

01:14:38,280 --> 01:14:35,080

going back well that got out into the

1757

01:14:41,400 --> 01:14:38,290

public domain and it suddenly evolved

1758

01:14:44,070 --> 01:14:41,410

into she was threatened by the military

1759

01:14:46,890 --> 01:14:44,080

they haven't good points all this you

1760

01:14:49,620 --> 01:14:46,900

know he you know what they physically

1761

01:14:51,030 --> 01:14:49,630

stopped that the chain that is aware on

1762

01:14:52,830 --> 01:14:51,040

the check that I'm flawed it's also sort

1763

01:14:59,670 --> 01:14:52,840

of going all the sort of rubbish about

1764

01:15:02,760 --> 01:14:59,680

their yeah yeah all that is tea table

1765

01:15:06,600 --> 01:15:02,770

all the source of their blue and in fact

1766

01:15:08,640 --> 01:15:06,610

when about the fly interview that she

1767

01:15:10,620 --> 01:15:08,650

produced his piece of paper and she'd

1768

01:15:15,030 --> 01:15:10,630

stubble this notes that she'd met an

1769

01:15:17,880 --> 01:15:15,040

army wagon and it was all civil she did

1770

01:15:20,400 --> 01:15:17,890

speech simply flee and he just has to do

1771

01:15:22,650 --> 01:15:20,410

you seen any noises and this time the

1772

01:15:25,350 --> 01:15:22,660

other that she been on the way there was

1773

01:15:28,440 --> 01:15:25,360

no hints of animosity or

1774

01:15:30,510 --> 01:15:28,450

a place of behavior by the military not

1775

01:15:33,300 --> 01:15:30,520

a negative word aggressive all

1776

01:15:34,770 --> 01:15:33,310

hunky-dory she went they come up but she

1777

01:15:36,900 --> 01:15:34,780

just assumed that sorted to do but what

1778

01:15:37,950 --> 01:15:36,910

she looked up was witness testimony that

1779

01:15:41,580 --> 01:15:37,960

women everywhere

1780

01:15:43,230 --> 01:15:41,590

yeah that was that so yeah now I mean

1781

01:15:45,480 --> 01:15:43,240

obviously and often dairy dogs is sort

1782

01:15:48,300 --> 01:15:45,490

of deep uncle Tomo bombs on this and he

1783

01:15:50,610 --> 01:15:48,310

claimed that she'd showed him a piece of

1784

01:15:53,970 --> 01:15:50,620

paper and he's been in this vicinity

1785

01:15:54,910 --> 01:15:53,980

this to all the life he claimed that she

1786

01:15:59,709 --> 01:15:54,920

just

1787

01:16:01,030 --> 01:15:59,719

to him but she'd never seen anyone well

1788

01:16:02,950 --> 01:16:01,040

why would you write something bad about

1789

01:16:04,090 --> 01:16:02,960

something you'd never see because it

1790

01:16:06,250 --> 01:16:04,100

would never happen it would never trust

1791

01:16:09,340 --> 01:16:06,260

him and he actually turned the story

1792

01:16:13,750 --> 01:16:09,350

around but he didn't know I don't think

1793

01:16:16,479 --> 01:16:13,760

that's a about if I had say asinus and I

1794

01:16:18,130 --> 01:16:16,489

made a bunch of mention is a few things

1795

01:16:21,300 --> 01:16:18,140

my way and I had talked about on the set

1796

01:16:26,280 --> 01:16:21,310

end anyways just backed down on it now

1797

01:16:30,370 --> 01:16:26,290

but in more recent times

1798

01:16:33,189 --> 01:16:30,380

she changed the story and she seems

1799

01:16:37,180 --> 01:16:33,199

you've changed a story in 1997 and

1800

01:16:42,770 --> 01:16:40,490

Margaret flied was approached by a guy

1801
01:16:44,479 --> 01:16:42,780
called John Williams your science to

1802
01:16:46,100 --> 01:16:44,489
seller this story about how to clash

1803
01:16:47,570 --> 01:16:46,110
them to be and it was a military

1804
01:16:49,700 --> 01:16:47,580
operation in the Irish Sea

1805
01:16:53,870 --> 01:16:49,710
it's you might see it online as

1806
01:16:56,240 --> 01:16:53,880
operation fault or flush saying it's the

1807
01:16:58,820 --> 01:16:56,250
same folks will flash at the corners

1808
01:17:00,590 --> 01:16:58,830
operate an operation it was two things

1809
01:17:03,919 --> 01:17:00,600
for a few stick to use together it was a

1810
01:17:07,240 --> 01:17:03,929
false or flashy fence where the flash

1811
01:17:09,979 --> 01:17:07,250
was used to photograph and illuminate

1812
01:17:12,550 --> 01:17:09,989
vessels from I know higher altitude

1813
01:17:15,189 --> 01:17:12,560

aircraft for photography purposes

1814

01:17:19,700 --> 01:17:15,199

wartime stuff but it's still different

1815

01:17:21,229 --> 01:17:19,710

and the operation just someone some

1816

01:17:22,669 --> 01:17:21,239

journalist fused it's years ago they had

1817

01:17:26,689 --> 01:17:22,679

called operation force of flashing it

1818

01:17:28,370 --> 01:17:26,699

stuck and this job you had to sell this

1819

01:17:30,979 --> 01:17:28,380

story to market effects to account for

1820

01:17:35,479 --> 01:17:30,989

the UFO crash on the mountains but of

1821

01:17:39,200 --> 01:17:35,489

course later is the appeared seemingly

1822

01:17:40,280 --> 01:17:39,210

because suddenly dart published his

1823

01:17:42,260 --> 01:17:40,290

reference

1824

01:17:43,670 --> 01:17:42,270

that there might not be in the clash so

1825

01:17:44,900 --> 01:17:43,680

it was like a sudden rush to keep this

1826

01:17:46,340 --> 01:17:44,910

crash scenario :

1827

01:17:50,720 --> 01:17:46,350

because it was a deal with

1828

01:17:51,890 --> 01:17:50,730

disinformation that to start with and he

1829

01:17:54,200 --> 01:17:51,900

pushed and pushed and pushed it under

1830

01:17:57,860 --> 01:17:54,210

the course of Kalighat awards and then

1831

01:17:59,900 --> 01:17:57,870

or 1999 and he's an author than ever

1832

01:18:03,800 --> 01:17:59,910

since because no one else was stupid

1833

01:18:07,670 --> 01:18:03,810

enough to take the story on the targeted

1834

01:18:09,920 --> 01:18:07,680

Margaret fry them because she looked a

1835

01:18:11,600 --> 01:18:09,930

leaden day at them other times you were

1836

01:18:14,240 --> 01:18:11,610

doing it for the right nostril they told

1837

01:18:16,640 --> 01:18:14,250

it they wanted to convince her of this

1838

01:18:20,120 --> 01:18:16,650

operation any other stage of a chaotic -

1839

01:18:24,830 --> 01:18:20,130

could this relate 1997 though - up to

1840

01:18:26,810 --> 01:18:24,840

2000 even a 2001 this John Williams read

1841

01:18:30,290 --> 01:18:26,820

contacted Margaret fly after she told

1842

01:18:32,900 --> 01:18:30,300

him to get lost - say wolf careless has

1843

01:18:37,570 --> 01:18:32,910

got this evidence that there was an

1844

01:18:41,120 --> 01:18:37,580

event in the sea and it was a fate a

1845

01:18:43,630 --> 01:18:41,130

letter big content letter from the

1846

01:18:45,800 --> 01:18:43,640

mother Technical College's yollie

1847

01:18:49,090 --> 01:18:45,810

assistant be able to connect John

1848

01:18:53,600 --> 01:18:49,100

Williams tentatively with someone in

1849

01:18:57,530 --> 01:18:53,610

town for Scotty's just they basically

1850

01:19:00,410 --> 01:18:57,540

told Ross Ross contact Holly as now and

1851

01:19:03,640 --> 01:19:00,420

got some information for you and they'd

1852

01:19:06,380 --> 01:19:03,650

be good in this big letter back at all

1853

01:19:09,050 --> 01:19:06,390

this idea of a military operation in the

1854

01:19:11,060 --> 01:19:09,060

Irish Sea you do have access of staged

1855

01:19:12,920 --> 01:19:11,070

you do have tasks the minute I mean if

1856

01:19:15,530 --> 01:19:12,930

there's nothing to any of these stories

1857

01:19:18,260 --> 01:19:15,540

why do they go to such lengths to lie

1858

01:19:20,060 --> 01:19:18,270

about it and then if someone bit of

1859

01:19:21,590 --> 01:19:20,070

brains and a bit of patience can see

1860

01:19:30,280 --> 01:19:21,600

through it was more attention to it I

1861

01:19:33,440 --> 01:19:30,290

know doesn't make any sense they know

1862

01:19:36,140 --> 01:19:33,450

it's the disinformation is what to do

1863

01:19:40,510 --> 01:19:36,150

with the water lapping up the realities

1864

01:19:42,950 --> 01:19:40,520

there but they caused so much chaos by

1865

01:19:44,600 --> 01:19:42,960

young people get bored resistance we had

1866

01:19:47,840 --> 01:19:44,610

long since the well one knows where

1867

01:19:51,050 --> 01:19:47,850

what's true or not you know and then it

1868

01:19:53,000 --> 01:19:51,060

rather than lie about the pajama thing

1869

01:19:53,690 --> 01:19:53,010

like you said at the beginning of the

1870

01:19:55,940 --> 01:19:53,700

conversation

1871

01:19:58,610 --> 01:19:55,950

what you didn't modify you discounted

1872

01:20:02,150 --> 01:19:58,620

all that which had no source yeah on you

1873

01:20:07,760 --> 01:20:02,160

just once only everybody that's right

1874

01:20:10,580 --> 01:20:07,770

and there was a policeman would say this

1875

01:20:13,970 --> 01:20:10,590

detectives but the reality is if you get

1876

01:20:16,929 --> 01:20:13,980

say three facts it is it a fusible

1877

01:20:18,580 --> 01:20:16,939

concrete facts yeah

1878

01:20:21,129 --> 01:20:18,590

they could become protected in any way

1879

01:20:22,929 --> 01:20:21,139

whatsoever the hound they preferably

1880

01:20:25,479 --> 01:20:22,939

more the boy got the better but if you

1881

01:20:28,929 --> 01:20:25,489

don't like three facts you've got a

1882

01:20:31,149 --> 01:20:28,939

skeleton for anyway and if someone gives

1883

01:20:37,029 --> 01:20:31,159

you information if they don't fit the

1884

01:20:39,189 --> 01:20:37,039

fact it can't be true you know remember

1885

01:20:41,649 --> 01:20:39,199

there is a sort of like alternative side

1886

01:20:44,229 --> 01:20:41,659

to this also like an opposite effect if

1887

01:20:46,049 --> 01:20:44,239

you're mucking in the waters and trying

1888

01:20:48,640 --> 01:20:46,059

to confuse people but if you like

1889

01:20:50,830 --> 01:20:48,650

ourselves and we keep climbing on keep

1890

01:20:53,500 --> 01:20:50,840

finding the facts until normal camera

1891

01:20:56,020 --> 01:20:53,510

food it the more they try to you know

1892

01:20:58,270 --> 01:20:56,030

make it look like it's false eventually

1893

01:21:00,339 --> 01:20:58,280

you know you can use that against then I

1894

01:21:02,350 --> 01:21:00,349

say well have a look here I'll see again

1895

01:21:03,489 --> 01:21:02,360

then again and again it stands up so now

1896

01:21:05,500 --> 01:21:03,499

I want you well what have you other

1897

01:21:07,839 --> 01:21:05,510

things to do tonight oh yeah I mentioned

1898

01:21:10,390 --> 01:21:07,849

a motion motion earlier I'd appreciate

1899

01:21:12,669 --> 01:21:10,400

the illogical survey I just dr. budget

1900

01:21:15,339 --> 01:21:12,679

motion evokes a piece on the it called

1901

01:21:18,279 --> 01:21:15,349

the enigmatic polity earthquake the

1902

01:21:20,319 --> 01:21:18,289

course he explained events away but it

1903

01:21:22,870 --> 01:21:20,329

was just about a false it was a seismic

1904

01:21:25,810 --> 01:21:22,880

event it was just fine because that's

1905

01:21:28,089 --> 01:21:25,820

what it is what I ran into this guy yeah

1906

01:21:30,210 --> 01:21:28,099

well hopefully information requesting a

1907

01:21:35,550 --> 01:21:30,220

nasty piece of where

1908

01:21:38,310 --> 01:21:35,560

a turn out that he was in charge of all

1909

01:21:40,230 --> 01:21:38,320

that they said he collected in relation

1910

01:21:43,950 --> 01:21:40,240

to the earthquakes around on the day of

1911

01:21:45,510 --> 01:21:43,960

intervention and Lee Roberts you tell

1912

01:21:47,540 --> 01:21:45,520

you I discovered later was a very good

1913

01:21:50,580 --> 01:21:47,550

friend that this I didn't know that it

1914

01:21:55,070 --> 01:21:50,590

my coin silliness undid offices bolster

1915

01:21:58,950 --> 01:21:55,080

the he'd seen maps and documents that

1916

01:22:02,130 --> 01:21:58,960

has lain hidden in there pretty logical

1917

01:22:05,190 --> 01:22:02,140

survey archives for 20 years that no one

1918

01:22:06,660 --> 01:22:05,200

had ever seen but he was the best and so

1919

01:22:09,810 --> 01:22:06,670

therefore he constructs all this

1920

01:22:11,310 --> 01:22:09,820

disinformation out of this but he makes

1921

01:22:14,870 --> 01:22:11,320

the mistake of saying that his ceiling

1922

01:22:20,610 --> 01:22:14,880

so I like it Michael Sullivan

1923

01:22:22,470 --> 01:22:20,620

so I actually co-opted the source and I

1924

01:22:26,550 --> 01:22:22,480

contacted their dishes off to the survey

1925

01:22:28,130 --> 01:22:26,560

I said how about these maps these

1926

01:22:32,100 --> 01:22:28,140

documents you know

1927

01:22:37,720 --> 01:22:35,279

is this well we have got a population

1928

01:22:40,509 --> 01:22:37,730

and it was somewhat a woman got involved

1929

01:22:42,640 --> 01:22:40,519

and she was quite nasty as well and they

1930

01:22:46,750 --> 01:22:42,650

appeal they've got a DVD quest and all

1931

01:22:49,120 --> 01:22:46,760

this no no support that leaves me with

1932

01:22:50,910 --> 01:22:49,130

deal one option that you haven't caught

1933

01:22:53,470 --> 01:22:50,920

it and Robertson Act they made it up

1934

01:22:55,540 --> 01:22:53,480

what it does exist and you're not to

1935

01:22:58,359 --> 01:22:55,550

talk to me and they wait this went on

1936

01:22:59,919 --> 01:22:58,369

for two years and in the end I just I

1937

01:23:01,870 --> 01:22:59,929

don't know I reported them

1938

01:23:04,359 --> 01:23:01,880

I made an official complaint against

1939

01:23:06,609 --> 01:23:04,369

them and this dialect of thought got

1940

01:23:08,259 --> 01:23:06,619

back and stood for me one of the I adore

1941

01:23:10,299 --> 01:23:08,269

people you should know movie only beta

1942

01:23:12,430 --> 01:23:10,309

formal complaint below cut into this and

1943

01:23:15,669 --> 01:23:12,440

then all of a sudden there

1944

01:23:19,089 --> 01:23:15,679

I got maps and documents they all

1945

01:23:21,250 --> 01:23:19,099

appeared which and then hovered on

1946

01:23:24,069 --> 01:23:21,260

wasn't and they said oh it you were very

1947

01:23:26,589 --> 01:23:24,079

unclear in your initial therefore why

1948

01:23:29,490 --> 01:23:26,599

they do that all art but I don't want at

1949

01:23:32,680 --> 01:23:29,500

the sauce it couldn't be any more clear

1950

01:23:34,629 --> 01:23:32,690

but that was the excuse to Exodus raised

1951

01:23:36,220 --> 01:23:34,639

to incorporate him I don't know whether he

1952

01:23:38,410 --> 01:23:36,230

got bothered by his bosses or whatever

1953

01:23:39,310 --> 01:23:38,420

because I don't think his bosses knew

1954

01:23:40,810 --> 01:23:39,320

what he was doing

1955

01:23:44,140 --> 01:23:40,820

but the I that what was actually

1956

01:23:45,850 --> 01:23:44,150

happening was the Roberts was given the

1957

01:23:48,669 --> 01:23:45,860

information I was to put the domain

1958

01:23:50,700 --> 01:23:48,679

which wasn't strictly true they thought

1959

01:23:53,070 --> 01:23:50,710

he'd seen these documents

1960

01:23:55,320 --> 01:23:53,080

and this is what they said but he was

1961

01:23:57,510 --> 01:23:55,330

relying on that is most not to get the

1962

01:23:59,150 --> 01:23:57,520

information out so anyone else could see

1963

01:24:02,520 --> 01:23:59,160

not what he was saying wasn't true

1964

01:24:04,860 --> 01:24:02,530

the documents were real what lovers

1965

01:24:06,750 --> 01:24:04,870

would say importance he didn't want

1966

01:24:08,610 --> 01:24:06,760

anyone lost see these documents too

1967

01:24:11,870 --> 01:24:08,620

shocked and in fact he made it all up

1968

01:24:14,460 --> 01:24:11,880

so we'd used of their documents let them

1969

01:24:17,040 --> 01:24:14,470

do we can't say that we can't say that

1970

01:24:19,800 --> 01:24:17,050

will say this oh by the way or anyone

1971

01:24:21,360 --> 01:24:19,810

has to see them don't give me no I got

1972

01:24:25,230 --> 01:24:21,370

them in the end but even they beat up a

1973

01:24:30,000 --> 01:24:25,240

myth there's a lot of this show well I

1974

01:24:33,890 --> 01:24:30,010

work on the maps because I find a

1975

01:24:36,300 --> 01:24:33,900

conspiracy between the police and the

1976

01:24:41,310 --> 01:24:36,310

surprise isn't a vicious Geological

1977

01:24:43,170 --> 01:24:41,320

Survey and because on the maps where

1978

01:24:46,110 --> 01:24:43,180

pass Evers was on the beef was even what

1979

01:24:50,820 --> 01:24:46,120

that was given the figure that ID

1980

01:24:55,710 --> 01:24:50,830

see ya and all these different places

1981

01:24:57,690 --> 01:24:55,720

around oh that's cold ones and their

1982

01:25:00,000 --> 01:24:57,700

house even their houses are there didn't

1983

01:25:02,850 --> 01:25:00,010

they find FL another number over there

1984

01:25:05,040 --> 01:25:02,860

what receipt wonderful but I have some

1985

01:25:07,320 --> 01:25:05,050

maps and they only have so many C's on

1986

01:25:10,470 --> 01:25:07,330

them so my assumption was if there's a

1987

01:25:12,900 --> 01:25:10,480

hundred there might be a C 200 or it

1988

01:25:16,800 --> 01:25:12,910

might be a C 20 because it was just a

1989

01:25:18,360 --> 01:25:16,810

little battle matter anymore Maps

1990

01:25:20,190 --> 01:25:18,370

because I don't think he being honest

1991

01:25:24,630 --> 01:25:20,200

I'm the anybody category didn't IV had

1992

01:25:27,000 --> 01:25:24,640

any more maps but I take off the police

1993

01:25:29,490 --> 01:25:27,010

documents when a few docking was to

1994

01:25:31,410 --> 01:25:29,500

please clean the out and then they in

1995

01:25:33,960 --> 01:25:31,420

there if they had a preference see one

1996

01:25:35,340 --> 01:25:33,970

of these and that proves the

1997

01:25:37,560 --> 01:25:35,350

collaborators because the British

1998

01:25:41,190 --> 01:25:37,570

Geological Survey told me did with

1999

01:25:43,380 --> 01:25:41,200

reference members where they they didn't

2000

01:25:45,870 --> 01:25:43,390

spew people or what they saw in relation

2001

01:25:48,660 --> 01:25:45,880

to this theater my benefactor

2002

01:25:50,730 --> 01:25:48,670

police are the same others and submit

2003

01:25:54,810 --> 01:25:50,740

that's conspiracy there was they were

2004

01:25:55,710 --> 01:25:54,820

using these these cold numbers if you

2005

01:25:58,080 --> 01:25:55,720

like

2006

01:25:59,820 --> 01:25:58,090

sharing information well why would the

2007

01:26:01,820 --> 01:25:59,830

police be interested in the seer back to

2008

01:26:04,470 --> 01:26:01,830

find out they're due to the earthquake

2009

01:26:07,500 --> 01:26:04,480

it doesn't make sense given all their

2010

01:26:09,990 --> 01:26:07,510

money for rightfulness dollars doing all

2011

01:26:11,850 --> 01:26:10,000

they know well done you for perseverant

2012

01:26:15,480 --> 01:26:11,860

mm-hmm that's just a whole life

2013

01:26:18,510 --> 01:26:15,490

sensitivity a couple hours yeah I think

2014

01:26:21,810 --> 01:26:18,520

I think we will draw to enclose Leo I'll

2015

01:26:24,210 --> 01:26:21,820

just ask about the metal detector I

2016

01:26:25,620 --> 01:26:24,220

guess there was nothing found in any of

2017

01:26:28,380 --> 01:26:25,630

your efforts because I know what Richard

2018

01:26:30,210 --> 01:26:28,390

II Hall you did all find a spot

2019

01:26:35,790 --> 01:26:30,220

somewhere that was of interest so we

2020

01:26:37,470 --> 01:26:35,800

actually a.m. yeah we went there Richard

2021

01:26:39,270 --> 01:26:37,480

had already been there he actually knows

2022

01:26:42,950 --> 01:26:39,280

about himself I took him up there

2023

01:26:47,900 --> 01:26:42,960

showing what acting was and then he

2024

01:26:51,240 --> 01:26:47,910

about to be spoke to a woman house and

2025

01:26:54,090 --> 01:26:51,250

thereby there and then he did clear some

2026

01:26:57,990 --> 01:26:54,100

information which I wasn't privy to and

2027

01:27:01,560 --> 01:26:58,000

this woman said then that would there

2028

01:27:02,850 --> 01:27:01,570

and there was quite a lot the board and

2029

01:27:04,800 --> 01:27:02,860

he said do you mind if I go and have a

2030

01:27:06,510 --> 01:27:04,810

look and said what's not like water but

2031

01:27:09,870 --> 01:27:06,520

just go in there and he mention is this

2032

01:27:11,850 --> 01:27:09,880

conifer forest cause my plantation look

2033

01:27:15,360 --> 01:27:11,860

at this house and he went along this

2034

01:27:18,600 --> 01:27:15,370

track and then he found this what looked

2035

01:27:19,890 --> 01:27:18,610

like a turning circle and fonta vehicles

2036

01:27:23,910 --> 01:27:19,900

who did you captive and although the

2037

01:27:26,700 --> 01:27:23,920

plantations example he was you know this

2038

01:27:29,190 --> 01:27:26,710

about this cause it wasn't a normal

2039

01:27:31,740 --> 01:27:29,200

sized one if you put a wagon in there

2040

01:27:35,580 --> 01:27:31,750

were logs on it went sailing in a second

2041

01:27:36,960 --> 01:27:35,590

in this table laid order device and he

2042

01:27:38,430 --> 01:27:36,970

told me about it we went back and we

2043

01:27:40,950 --> 01:27:38,440

fullness and I took a metal detector

2044

01:27:42,910 --> 01:27:40,960

just to mess up I was in then maybe only

2045

01:27:45,790 --> 01:27:42,920

done a coke can on it

2046

01:27:47,470 --> 01:27:45,800

I think I found a patty as well so good

2047

01:27:50,040 --> 01:27:47,480

luck though yeah what was interesting

2048

01:27:54,040 --> 01:27:50,050

about it was all the spoil was gone

2049

01:27:55,360 --> 01:27:54,050

soil yeah Wendy make it on the slope and

2050

01:27:57,100 --> 01:27:55,370

it caused your side scientists higher

2051

01:27:59,260 --> 01:27:57,110

than the other yeah so one side on the

2052

01:28:01,450 --> 01:27:59,270

other not only do when you do this if

2053

01:28:04,090 --> 01:28:01,460

you just push the spoil around one side

2054

01:28:06,400 --> 01:28:04,100

yeah costly to put this bracket before

2055

01:28:07,840 --> 01:28:06,410

he planted the trees so they just pushed

2056

01:28:10,660 --> 01:28:07,850

the swirl down and then he applied to

2057

01:28:12,430 --> 01:28:10,670

the wall around it what Ivan into the

2058

01:28:14,650 --> 01:28:12,440

trees and there's the face think enosis

2059

01:28:18,160 --> 01:28:14,660

it was not spoil there was no rocks

2060

01:28:21,250 --> 01:28:18,170

nothing so at least in that contact it

2061

01:28:23,470 --> 01:28:21,260

was suspicious because they'd taken all

2062

01:28:26,880 --> 01:28:23,480

the soil health to create this Tiernan

2063

01:28:28,960 --> 01:28:26,890

area and there was nowhere to be seen

2064

01:28:31,030 --> 01:28:28,970

my father Street doesn't pay that

2065

01:28:33,040 --> 01:28:31,040

without starting it I think that was

2066

01:28:34,930 --> 01:28:33,050

that was the after London London site

2067

01:28:38,860 --> 01:28:34,940

now it was on the mountain of both

2068

01:28:40,570 --> 01:28:38,870

however I do believe I went in and all

2069

01:28:42,760 --> 01:28:40,580

the open about trees and Father's Day

2070

01:28:46,120 --> 01:28:42,770

and stuff but we countryside connections

2071

01:28:47,800 --> 01:28:46,130

and this particular water humid and all

2072

01:28:50,680 --> 01:28:47,810

the other plantations around it mm-hmm

2073

01:28:53,260 --> 01:28:50,690

but also when I look at the state of the

2074

01:28:55,750 --> 01:28:53,270

trees they haven't been flashed or

2075

01:28:57,790 --> 01:28:55,760

anything like that and they put thought

2076

01:28:59,110 --> 01:28:57,800

by at the time to sized a way they would

2077

01:29:00,910 --> 01:28:59,120

have been asked I decide but I'm just

2078

01:29:02,200 --> 01:29:00,920

taking off them because you have to take

2079

01:29:04,180 --> 01:29:02,210

the side plank [h__\h] off the one that

2080

01:29:05,620 --> 01:29:04,190

that was you know quite small and he did

2081

01:29:07,630 --> 01:29:05,630

it several times over the lifetime of

2082

01:29:09,160 --> 01:29:07,640

the tree because they don't take the

2083

01:29:11,140 --> 01:29:09,170

sound cleansing off the yet knots in the

2084

01:29:13,900 --> 01:29:11,150

wood and it's not good for building

2085

01:29:16,300 --> 01:29:13,910

great so that's why deep nasty tear

2086

01:29:18,430 --> 01:29:16,310

trees I mean nobody just leave all the

2087

01:29:20,680 --> 01:29:18,440

time she's on the floor Tomas but he's

2088

01:29:25,090 --> 01:29:20,690

on the mainland and it wasn't quite

2089

01:29:26,080 --> 01:29:25,100

right and I just I get all like this is

2090

01:29:28,540 --> 01:29:26,090

in the area mother

2091

01:29:28,930 --> 01:29:28,550

yeah funny hall or and this war is

2092

01:29:31,420 --> 01:29:28,940

didn't

2093

01:29:33,670 --> 01:29:31,430

fools if you had to top of the water

2094

01:29:37,030 --> 01:29:33,680

you'd only have it in about six or seven

2095

01:29:39,550 --> 01:29:37,040

hundred yards away this object was okay

2096

01:29:40,959 --> 01:29:39,560

and it seems to be that maybe because we

2097

01:29:45,010 --> 01:29:40,969

don't know we don't know maybe something

2098

01:29:47,220 --> 01:29:45,020

went on and just these few hundred yards

2099

01:29:49,120 --> 01:29:47,230

love it no we don't know we're not

2100

01:29:51,160 --> 01:29:49,130

understanding we've got flat feet over

2101

01:29:52,870 --> 01:29:51,170

all this yeah I think that's what they

2102

01:29:55,270 --> 01:29:52,880

do because if there's trees then it's

2103

01:29:58,360 --> 01:29:55,280

all it's very difficult to dig around

2104

01:30:00,880 --> 01:29:58,370

and you've clean up a few things in my

2105

01:30:03,340 --> 01:30:00,890

mind anyway well this we thought there's

2106

01:30:06,550 --> 01:30:03,350

a lot of similarities I'm surprised just

2107

01:30:09,010 --> 01:30:06,560

how many that are under we should it's

2108

01:30:11,080 --> 01:30:09,020

often cook did the Bourbon mounting UFO

2109

01:30:13,600 --> 01:30:11,090

crash but she'll be volatile

2110

01:30:16,270 --> 01:30:13,610

you should be renamed if anyone I like

2111

01:30:19,270 --> 01:30:16,280

if anyone's pushing a clash so no yoke

2112

01:30:20,950 --> 01:30:19,280

now still yeah

2113

01:30:22,780 --> 01:30:20,960

I've also been mixed about anyway there

2114

01:30:25,200 --> 01:30:22,790

was a crash or Alon name but it seems

2115

01:30:27,550 --> 01:30:25,210

more like a London had they bought that

2116

01:30:29,170 --> 01:30:27,560

modify our two witnesses you know for

2117

01:30:31,920 --> 01:30:29,180

this course flank or not there's about

2118

01:30:34,840 --> 01:30:31,930

three miles four miles beyond where it

2119

01:30:37,150 --> 01:30:34,850

was passive incentive correctly

2120

01:30:38,439 --> 01:30:37,160

mentioned his partner said she was a bit

2121

01:30:42,729 --> 01:30:38,449

disappointed one of the things she

2122

01:30:45,340 --> 01:30:42,739

always read cadets is she had where she

2123

01:30:47,030 --> 01:30:45,350

here does I don't know but she had quite

2124

01:30:51,770 --> 01:30:47,040

soon after the events

2125

01:30:54,950 --> 01:30:51,780

day two that's its walk off about ten

2126
01:30:58,010 --> 01:30:54,960
minutes after she was there summer said

2127
01:31:00,680 --> 01:30:58,020
they called my wife 20 past 10:00 but

2128
01:31:02,630 --> 01:31:00,690
Marga Frey smoked two people in this

2129
01:31:08,630 --> 01:31:02,640
village called Franco not to separate

2130
01:31:10,580 --> 01:31:08,640
women who claims they saw in the

2131
01:31:13,190 --> 01:31:10,590
television of this object past level for

2132
01:31:15,530 --> 01:31:13,200
the village just at the roughly the same

2133
01:31:18,620 --> 01:31:15,540
time as past Evans head that he left

2134
01:31:21,020 --> 01:31:18,630
alone so what we assume a few assume

2135
01:31:22,670 --> 01:31:21,030
it's the same object house that was

2136
01:31:25,130 --> 01:31:22,680
really disappointed that you didn't see

2137
01:31:26,570 --> 01:31:25,140
this thing take off because the mass of

2138
01:31:28,100 --> 01:31:26,580

what she says and she must have the fact

2139

01:31:28,930 --> 01:31:28,110

he's changed her stories and things like

2140

01:31:31,190 --> 01:31:28,940

this

2141

01:31:34,850 --> 01:31:31,200

someone claimed she had a bomb to change

2142

01:31:37,760 --> 01:31:34,860

her story in 97 life and it does most of

2143

01:31:40,580 --> 01:31:37,770

the fact but she still believes or even

2144

01:31:41,960 --> 01:31:40,590

knows it was a vehicle of

2145

01:31:45,230 --> 01:31:41,970

extraterrestrial origin

2146

01:31:47,000 --> 01:31:45,240

she she she continued story but she

2147

01:31:48,230 --> 01:31:47,010

doesn't she's never changed a store than

2148

01:31:51,950 --> 01:31:48,240

what she actually thinks it might have

2149

01:31:53,120 --> 01:31:51,960

been and it's a it's a UFO I mean we're

2150

01:31:53,810 --> 01:31:53,130

not seeing it today actually never saw

2151
01:31:58,160 --> 01:31:53,820

it flight

2152
01:32:01,610 --> 01:31:58,170

so for later wasn't a UFO they can

2153
01:32:04,940 --> 01:32:01,620

scream an image of water so all the

2154
01:32:07,340 --> 01:32:04,950

times all fit it Pierre country yeah

2155
01:32:09,620 --> 01:32:07,350

that's something you had all together

2156
01:32:12,020 --> 01:32:09,630

it's my new business any dispute about

2157
01:32:16,010 --> 01:32:12,030

that whatsoever timeline spending and

2158
01:32:18,740 --> 01:32:16,020

stories yeah so is it case closed or do

2159
01:32:23,750 --> 01:32:18,750

you think isn't about always wanting to

2160
01:32:25,610 --> 01:32:23,760

do the last couple years or so I've been

2161
01:32:30,760 --> 01:32:25,620

buried down for his career

2162
01:32:33,980 --> 01:32:30,770

find a chase the the bunkers you know

2163
01:32:37,360 --> 01:32:33,990

and their interests I'm trying to find a

2164

01:32:41,150 --> 01:32:37,370

way of I think I'm making progress

2165

01:32:43,880 --> 01:32:41,160

you've got a person here supplying a

2166

01:32:45,680 --> 01:32:43,890

piece of an owl it's a people saying

2167

01:32:47,510 --> 01:32:45,690

this is from the bill in cash and

2168

01:32:49,730 --> 01:32:47,520

they've got someone here doing the same

2169

01:32:51,950 --> 01:32:49,740

thing years apart

2170

01:32:54,230 --> 01:32:51,960

mmm doing the same thing and the

2171

01:32:57,560 --> 01:32:54,240

interesting thing is it's appears that

2172

01:33:00,500 --> 01:32:57,570

all the metals are medium and as I like

2173

01:33:03,170 --> 01:33:00,510

to say to people if you are a random

2174

01:33:07,640 --> 01:33:03,180

person II was just once it's it there's

2175

01:33:09,320 --> 01:33:07,650

a cool nobody just for malice to put a

2176

01:33:12,350 --> 01:33:09,330

piece of metal as the UFO community and

2177

01:33:14,030 --> 01:33:12,360

say this come from a UFO crash yeah and

2178

01:33:14,920 --> 01:33:14,040

then another Pez news it doesn't on that

2179

01:33:18,500 --> 01:33:14,930

one

2180

01:33:20,150 --> 01:33:18,510

thanks I'll do that and they do it and

2181

01:33:22,040 --> 01:33:20,160

give it a piece of mail system one can

2182

01:33:26,140 --> 01:33:22,050

say disgruntlement UFO crash the same

2183

01:33:29,060 --> 01:33:26,150

one and then they both have to say metal

2184

01:33:32,240 --> 01:33:29,070

what would be the chances of that it's

2185

01:33:35,150 --> 01:33:32,250

just it's incalculable and it seems that

2186

01:33:36,830 --> 01:33:35,160

what happened rough callous like city

2187

01:33:40,610 --> 01:33:36,840

peanut in newspapers usually a night

2188

01:33:42,860 --> 01:33:40,620

attack last one like a song with his

2189

01:33:44,780 --> 01:33:42,870

little blob now I know he was given that

2190

01:33:47,420 --> 01:33:44,790

blob and he's changed his story several

2191

01:33:50,780 --> 01:33:47,430

times over the years but this blood was

2192

01:33:54,170 --> 01:33:50,790

pumping it was from the UFO that crashed

2193

01:33:57,440 --> 01:33:54,180

on there and any different metal because

2194

01:33:59,630 --> 01:33:57,450

someone saw it in the dark getting

2195

01:34:01,670 --> 01:33:59,640

chased by it yet up the valley from a

2196

01:34:04,220 --> 01:34:01,680

couple killing from banger how I roughly

2197

01:34:06,920 --> 01:34:04,230

following the a 5-volt someone saw it

2198

01:34:09,740 --> 01:34:06,930

not only got shot by a missile from the

2199

01:34:12,800 --> 01:34:09,750

plate but another patient with a bench

2200

01:34:14,870 --> 01:34:12,810

the UFO got that plate down a class by

2201

01:34:16,700 --> 01:34:14,880

the hillside near kappa kitty again no

2202

01:34:19,460 --> 01:34:16,710

one saw any of that someone saw the

2203

01:34:21,650 --> 01:34:19,470

missile at the UFO but no one saw the

2204

01:34:24,800 --> 01:34:21,660

UFO there's no sort of playing clash

2205

01:34:27,460 --> 01:34:24,810

even though it was shot down and this

2206

01:34:29,840 --> 01:34:27,470

plane with this UFO was driven metal

2207

01:34:32,040 --> 01:34:29,850

yeah I was somewhat proceeded out from

2208

01:34:33,390 --> 01:34:32,050

whatever height it wasn't that

2209

01:34:35,310 --> 01:34:33,400

there's some pretty good but then

2210

01:34:39,510 --> 01:34:35,320

someone retrieve the Peter this liquid

2211

01:34:41,280 --> 01:34:39,520

metal and then amazingly amazingly give

2212

01:34:42,780 --> 01:34:41,290

us additional Williams and this John

2213

01:34:45,240 --> 01:34:42,790

Williams no pastor Calvin say it's a

2214

01:34:45,990 --> 01:34:45,250

piece of the UFO muddy the waters but I

2215

01:34:47,490 --> 01:34:46,000

bet you

2216

01:34:48,810 --> 01:34:47,500

Keller's keep saying these total people

2217

01:34:51,000 --> 01:34:48,820

are well that is tested but I'm not

2218

01:34:53,430 --> 01:34:51,010

telling anyone the results he's a liar

2219

01:34:55,170 --> 01:34:53,440

it's never been tested he's never given

2220

01:35:00,200 --> 01:34:55,180

anyone the opportunities are tested

2221

01:35:04,910 --> 01:35:00,210

enough that my last pound on earth

2222

01:35:14,160 --> 01:35:11,580

yeah yes I bought metal motor flies melt

2223

01:35:15,600 --> 01:35:14,170

tested twice by two different

2224

01:35:18,030 --> 01:35:15,610

independent lab rich it all they

2225

01:35:19,770 --> 01:35:18,040

organized walk for me feel horrible and

2226

01:35:21,270 --> 01:35:19,780

as the other one for me easy animal

2227

01:35:23,030 --> 01:35:21,280

mutilation stuff hmm

2228

01:35:28,770 --> 01:35:23,040

they've all come under the same result

2229

01:35:30,930 --> 01:35:28,780

that a callous a television and if it is

2230

01:35:32,280 --> 01:35:30,940

the Chancellor to people around them to
