

North Wales Trip

Thank You Margaret Fry

1
00:00:11,640 --> 00:00:09,060
oh here we are in sunny avec le in again

2
00:00:14,220 --> 00:00:11,650
in North Wales to speak to veteran

3
00:00:14,730 --> 00:00:14,230
researcher Margaret fright hello

4
00:00:18,000 --> 00:00:14,740
Margaret

5
00:00:20,220 --> 00:00:18,010
hello very my sweet this is I'm very

6
00:00:23,460 --> 00:00:20,230
pleased to meet all of you I don't often

7
00:00:25,979 --> 00:00:23,470
get the chance to talk about you at

8
00:00:28,050 --> 00:00:25,989
first oh okay all right

9
00:00:31,229 --> 00:00:28,060
it's an honor to meet you because in my

10
00:00:34,370 --> 00:00:31,239
mind you know well the the main veteran

11
00:00:36,450 --> 00:00:34,380
UFO researchers in Britain today and

12
00:00:41,220 --> 00:00:36,460
your lifetimes work needs to be

13
00:00:43,560 --> 00:00:41,230

recognized I think with sue for me we

14

00:00:45,060 --> 00:00:43,570

tend to our work we're concentrating on

15

00:00:48,090 --> 00:00:45,070

Welsh cases because we build in a

16

00:00:51,419 --> 00:00:48,100

database of all the happenings in Wales

17

00:00:52,560 --> 00:00:51,429

over the years and you said you were

18

00:00:56,340 --> 00:00:52,570

telling me earlier that you moved to

19

00:00:58,259 --> 00:00:56,350

North Wales in 1983 mm-hmm and you said

20

00:01:01,169 --> 00:00:58,269

you you've researched a lot of cases in

21

00:01:03,649 --> 00:01:01,179

Wales didn't do any cases stand up in

22

00:01:07,530 --> 00:01:03,659

your mind that you can remember I

23

00:01:10,620 --> 00:01:07,540

remember one particularly because it

24

00:01:13,740 --> 00:01:10,630

seems so ridiculous it could could

25

00:01:20,730 --> 00:01:13,750

hardly be true but I forgot me to a

26

00:01:28,860 --> 00:01:20,740

summer outside might have been deadly

27

00:01:31,770 --> 00:01:28,870

and they they all started ringing me

28

00:01:33,690 --> 00:01:31,780

from this irrespective of each other you

29

00:01:36,480 --> 00:01:33,700

know they may not have known each other

30

00:01:41,220 --> 00:01:36,490

but they said they'd seen what looked

31

00:01:45,390 --> 00:01:41,230

like a telephone box and it had been

32

00:01:48,330 --> 00:01:45,400

jumping from one rooftop to another and

33

00:01:52,650 --> 00:01:48,340

in the states where they lived it and

34

00:01:56,700 --> 00:01:52,660

then be so of course I went down as

35

00:01:59,340 --> 00:01:56,710

first you know straight off I forget

36

00:02:02,850 --> 00:01:59,350

where I suppose my husband took me I

37

00:02:05,790 --> 00:02:02,860

can't remember no but it was such an

38

00:02:09,630 --> 00:02:05,800

extraordinary case and then eventually

39

00:02:11,170 --> 00:02:09,640

it Frost's the road and then went up

40

00:02:15,459 --> 00:02:11,180

over a building and then

41

00:02:18,789 --> 00:02:15,469

it's a beautiful well it's like a

42

00:02:22,000 --> 00:02:18,799

telephone kiosk says with a good doctor

43

00:02:24,849 --> 00:02:22,010

who's TARDIS is it I know I know it was

44

00:02:26,920 --> 00:02:24,859

really the more but so many people said

45

00:02:29,559 --> 00:02:26,930

it and they didn't know each other

46

00:02:35,140 --> 00:02:29,569

hmm they thought they were the only ones

47

00:02:38,110 --> 00:02:35,150

reporting it right and we yesterday we

48

00:02:39,490 --> 00:02:38,120

met - Scott Scott Felton oh yeah and you

49

00:02:42,069 --> 00:02:39,500

you don't all work with him on the bed

50

00:02:43,809 --> 00:02:42,079

wooden case didn't you I did what a man

51
00:02:47,289 --> 00:02:43,819
named quite make remember working with

52
00:02:49,539 --> 00:02:47,299
it the exact yeah yeah on the bed wooden

53
00:02:51,399 --> 00:02:49,549
casing yeah yeah any memories of

54
00:02:55,059 --> 00:02:51,409
research in that you could share with us

55
00:02:59,890 --> 00:02:55,069
oh it's very firmly placed in my mind

56
00:03:01,949 --> 00:02:59,900
how this yeah I was standing like I

57
00:03:04,959 --> 00:03:01,959
don't know it was him

58
00:03:08,800 --> 00:03:04,969
see I don't remember the names of the

59
00:03:11,050 --> 00:03:08,810
places but anyway I'm I was told that

60
00:03:14,649 --> 00:03:11,060
they villagers had seen it from that

61
00:03:16,770 --> 00:03:14,659
time too so I went to this place have

62
00:03:20,020 --> 00:03:16,780
you seen any sir and it's in yourself

63
00:03:22,629 --> 00:03:20,030

what UFOs on my own

64

00:03:26,319 --> 00:03:22,639

never all of it without the people oh

65

00:03:31,030 --> 00:03:26,329

yeah yeah that's I meant yeah what what

66

00:03:33,969 --> 00:03:31,040

seconds if you had well in Kent I saw

67

00:03:37,059 --> 00:03:33,979

them very very went to a period when we

68

00:03:40,240 --> 00:03:37,069

saw them very frequently hmm and

69

00:03:43,059 --> 00:03:40,250

everybody used to get together and go

70

00:03:48,249 --> 00:03:43,069

and look for the lid such and we did see

71

00:03:50,949 --> 00:03:48,259

them but unfortunately I'm suffering

72

00:03:54,069 --> 00:03:50,959

from memory loss so they don't know and

73

00:03:57,369 --> 00:03:54,079

I could give you the books that you read

74

00:03:58,659 --> 00:03:57,379

but I I don't remember the G - well look

75

00:04:00,759 --> 00:03:58,669

when you went in Wales

76

00:04:02,920 --> 00:04:00,769

didn't anything you seen anything

77

00:04:07,890 --> 00:04:02,930

anywhere in the skies whoever invades

78

00:04:11,770 --> 00:04:07,900

yeah I remember one of them said that it

79

00:04:14,020 --> 00:04:11,780

it appeared on a very narrow lane and it

80

00:04:17,289 --> 00:04:14,030

was hedge-hopping it resolved

81

00:04:20,110 --> 00:04:17,299

jumping like along the edge II from the

82

00:04:22,209 --> 00:04:20,120

just the top of the head just a little

83

00:04:23,930 --> 00:04:22,219

bit like that doctor can remember where

84

00:04:27,020 --> 00:04:23,940

that was

85

00:04:29,000 --> 00:04:27,030

the way young dude then be again then be

86

00:04:32,480 --> 00:04:29,010

that be seems to be real the hotspot do

87

00:04:33,710 --> 00:04:32,490

you seem to be yes a good time yeah well

88

00:04:36,530 --> 00:04:33,720

but you're not Miguel have you seen

89

00:04:39,530 --> 00:04:36,540

incident Abigail I have seen in our

90

00:04:41,570 --> 00:04:39,540

beginning I'll tell you about one that I

91

00:04:44,990 --> 00:04:41,580

remember quite well because it was on

92

00:04:47,780 --> 00:04:45,000

American Independence Day but I've been

93

00:04:53,030 --> 00:04:47,790

trying to think ever since whatever it

94

00:04:56,110 --> 00:04:53,040

is and not God but anyway I was walking

95

00:05:00,040 --> 00:04:56,120

it along I used to take a walk every day

96

00:05:03,650 --> 00:05:00,050

up as far as the castle gates yeah

97

00:05:06,500 --> 00:05:03,660

because I've got Offshore's righteous in

98

00:05:10,090 --> 00:05:06,510

the knees it's difficult for me to know

99

00:05:14,360 --> 00:05:10,100

so anyway and I'd sat down on this bench

100

00:05:16,400 --> 00:05:14,370

in front of the police station then the

101
00:05:23,500 --> 00:05:16,410
police station is quite close to border

102
00:05:26,900 --> 00:05:23,510
yeah and and then I saw this I know that

103
00:05:32,300 --> 00:05:26,910
first it was I think it was one of our

104
00:05:37,550 --> 00:05:32,310
helicopters and behind it was this cigar

105
00:05:41,320 --> 00:05:37,560
shaped object just quite close to it you

106
00:05:44,450 --> 00:05:41,330
know behind it and there was only one

107
00:05:47,570 --> 00:05:44,460
doctor eight thousand the sky a bowl of

108
00:05:52,700 --> 00:05:47,580
dog treat cloud and that was more

109
00:05:55,460 --> 00:05:52,710
towards Tesco's over here yeah so so I

110
00:05:59,060 --> 00:05:55,470
sat on the bench and I under

111
00:06:01,010 --> 00:05:59,070
I don't know and I must be imagining it

112
00:06:04,310 --> 00:06:01,020
you know the thing following the

113
00:06:11,360 --> 00:06:04,320

helicopter the headed of the helicopter

114

00:06:13,790 --> 00:06:11,370

no and this lady came along along the

115

00:06:16,190 --> 00:06:13,800

pavement that's a very white pigment

116

00:06:19,940 --> 00:06:16,200

cross pavement there in front of the

117

00:06:24,020 --> 00:06:19,950

houses and I said to excuse me I said

118

00:06:28,100 --> 00:06:24,030

but do you mind my asking you can can

119

00:06:32,360 --> 00:06:28,110

you see anything in the sky and she she

120

00:06:35,780 --> 00:06:32,370

said looked up and she said yes she said

121

00:06:39,540 --> 00:06:35,790

it's a UFO and that don't walk

122

00:06:41,130 --> 00:06:39,550

that's why I remember it this is a 4th

123

00:06:44,090 --> 00:06:41,140

of July we got remember the year yeah

124

00:06:47,400 --> 00:06:44,100

yeah you know I don't remember the earth

125

00:06:50,880 --> 00:06:47,410

anyway then it went on and it went into

126

00:06:54,060 --> 00:06:50,890

this want out and I didn't see it again

127

00:06:56,040 --> 00:06:54,070

I stuck there for quite a while to see

128

00:07:00,990 --> 00:06:56,050

if it would come out or anything but it

129

00:07:04,230 --> 00:07:01,000

didn't so that was the last time I saw

130

00:07:11,070 --> 00:07:04,240

one right was that a long time ago was

131

00:07:12,570 --> 00:07:11,080

it quite recent a few years not many I

132

00:07:16,320 --> 00:07:12,580

can't remember

133

00:07:17,250 --> 00:07:16,330

yeah I probably written agenda under my

134

00:07:19,770 --> 00:07:17,260

Diaries

135

00:07:21,660 --> 00:07:19,780

what mm-hmm what we can find that out

136

00:07:23,670 --> 00:07:21,670

later maybe good nice to document that

137

00:07:28,190 --> 00:07:23,680

one what did it look like it was a cigar

138

00:07:30,960 --> 00:07:28,200

shaker said yes just a cigar she

139

00:07:35,370 --> 00:07:30,970

and you like to sign it mm-hmm were

140

00:07:45,660 --> 00:07:35,380

there any lights on it no there's a time

141

00:07:47,400 --> 00:07:45,670

yeah that green color right so any any

142

00:07:48,990 --> 00:07:47,410

travels around Wales did the father

143

00:07:51,390 --> 00:07:49,000

father do you ever go down to South

144

00:07:55,020 --> 00:07:51,400

Wales to investigate okay oh yeah we

145

00:07:58,140 --> 00:07:55,030

went everywhere absolutely everywhere I

146

00:08:01,500 --> 00:07:58,150

had the most obliging husband God ever

147

00:08:03,810 --> 00:08:01,510

created because I don't know whether he

148

00:08:07,250 --> 00:08:03,820

was particularly interested but he took

149

00:08:11,220 --> 00:08:07,260

them for granted but God see I said I

150

00:08:16,950 --> 00:08:11,230

could see them that's it he accepted

151

00:08:20,310 --> 00:08:16,960

that I can't remember whether he saw it

152

00:08:24,180 --> 00:08:20,320

as well funny but I don't you know I

153

00:08:28,200 --> 00:08:24,190

don't remember anything I can see it but

154

00:08:34,550 --> 00:08:28,210

I was oh always with him so so y'all

155

00:08:37,650 --> 00:08:34,560

didn't 83 any cases from Wales part from

156

00:08:39,450 --> 00:08:37,660

the Bedouin thing which you would think

157

00:08:42,750 --> 00:08:39,460

was the most important one all the most

158

00:08:43,860 --> 00:08:42,760

amazing one and I hate to be that the

159

00:08:46,470 --> 00:08:43,870

barren one

160

00:08:49,440 --> 00:08:46,480

you know where everyone all the

161

00:08:52,560 --> 00:08:49,450

villagers saw us over there but it when

162

00:08:56,160 --> 00:08:52,570

it left even the ones that hadn't been

163

00:08:58,200 --> 00:08:56,170

out you know they were sawed told us

164

00:09:02,460 --> 00:08:58,210

about so somebody's actually saw it

165

00:09:04,079 --> 00:09:02,470

leaving yeah Scott is that it's of the

166

00:09:07,110 --> 00:09:04,089

opinion that it wasn't so much a crash

167

00:09:11,730 --> 00:09:07,120

as a as most popularly known as a

168

00:09:13,590 --> 00:09:11,740

landing it was I think uh I think well

169

00:09:17,250 --> 00:09:13,600

did you think the do you think the

170

00:09:20,400 --> 00:09:17,260

military knew it was coming there

171

00:09:23,370 --> 00:09:20,410

beforehand or how'd you think about that

172

00:09:27,200 --> 00:09:23,380

I don't know don't hear much about that

173

00:09:30,300 --> 00:09:27,210

one do you were it actually left because

174

00:09:32,460 --> 00:09:30,310

Scott was saying to us that the rumor

175

00:09:36,600 --> 00:09:32,470

was it crushed and the military took it

176

00:09:40,710 --> 00:09:36,610

away but it seems a very likely scenario

177

00:09:43,500 --> 00:09:40,720

it took off it left and as you say

178

00:09:48,269 --> 00:09:43,510

people saw it oh yeah she's got some

179

00:09:51,079 --> 00:09:48,279

very good witness etcetera photo UFOs he

180

00:09:53,880 --> 00:09:51,089

remembers details just like that I

181

00:09:58,800 --> 00:09:53,890

wouldn't mind being having his startled

182

00:10:03,750 --> 00:09:58,810

mind he comes here and he talks about

183

00:10:07,380 --> 00:10:03,760

nothing else but UFOs I can imagine that

184

00:10:09,570 --> 00:10:07,390

yeah you believe that it's not so much

185

00:10:12,090 --> 00:10:09,580

outer space but there in the solar

186

00:10:14,490 --> 00:10:12,100

system I think so I think they only come

187

00:10:15,690 --> 00:10:14,500

from our so I've always said that what

188

00:10:18,630 --> 00:10:15,700

do you think that isn't because I think

189

00:10:22,740 --> 00:10:18,640

the distances are just too fake judging

190

00:10:25,560 --> 00:10:22,750

by our human bodies I think that just

191

00:10:29,190 --> 00:10:25,570

too great for anything to be on dr. Koh

192

00:10:32,579 --> 00:10:29,200

I mean those are enormous distances

193

00:10:34,190 --> 00:10:32,589

billions of lives on things in our own

194

00:10:37,350 --> 00:10:34,200

solar system

195

00:10:41,730 --> 00:10:37,360

Pluto and all the ones it's right that

196

00:10:46,380 --> 00:10:41,740

we just about see no I don't think they

197

00:10:48,960 --> 00:10:46,390

come from and beyond that they may not

198

00:10:53,170 --> 00:10:48,970

even be human beings they might be quite

199

00:10:56,320 --> 00:10:53,180

different you can't tell can you

200

00:10:58,930 --> 00:10:56,330

know what kinds of crafted you talk

201
00:11:00,820 --> 00:10:58,940
about distances have you ever heard

202
00:11:03,490 --> 00:11:00,830
anyone like have you ever seen any

203
00:11:06,450 --> 00:11:03,500
research that maybe they can travel

204
00:11:09,430 --> 00:11:06,460
faster than light or they can somehow

205
00:11:11,350 --> 00:11:09,440
open up wormholes or travel through

206
00:11:14,260 --> 00:11:11,360
dimensions I don't think of all that

207
00:11:17,140 --> 00:11:14,270
because I think to myself how what do I

208
00:11:21,010 --> 00:11:17,150
know about it and just think of the

209
00:11:23,890 --> 00:11:21,020
things that you feasible with you so I

210
00:11:26,140 --> 00:11:23,900
never think I meant intend to do that I

211
00:11:29,440 --> 00:11:26,150
think they they like to know all that

212
00:11:32,050 --> 00:11:29,450
I'm not saying they shouldn't but I but

213
00:11:34,990 --> 00:11:32,060

I don't do it because it I wouldn't be

214

00:11:36,850 --> 00:11:35,000

any good at church anyway that's the

215

00:11:47,800 --> 00:11:36,860

military ever spoken to you about

216

00:11:51,490 --> 00:11:47,810

anything they know no I'm more active in

217

00:11:55,050 --> 00:11:51,500

this in Kent than I ever been up here

218

00:12:01,300 --> 00:11:57,790

they're Bexhill home city was not mm-hmm

219

00:12:05,040 --> 00:12:01,310

is it back Salem say I'm lived in beg

220

00:12:06,940 --> 00:12:05,050

Bexleyheath Bexleyheath open note note

221

00:12:09,820 --> 00:12:06,950

gent yeah

222

00:12:12,550 --> 00:12:09,830

oh there was a quite famous psyched in

223

00:12:18,330 --> 00:12:12,560

that wasn't that yeah oh crap came down

224

00:12:20,950 --> 00:12:18,340

the street yet uh oh I remember going in

225

00:12:25,600 --> 00:12:20,960

investigating that case really very

226

00:12:28,510 --> 00:12:25,610

thoroughly not just by myself I did it

227

00:12:29,800 --> 00:12:28,520

with somebody else as well but I can't

228

00:12:32,650 --> 00:12:29,810

remember her name
