

# EAST ANGLIA SIGHTINGS

Investigated by Tony Buckingham

July 2018

1  
00:00:11,330 --> 00:00:08,810  
though understand that UFO landed on a

2  
00:00:12,709 --> 00:00:11,340  
farm in Goa this week when the aliens

3  
00:00:16,859 --> 00:00:12,719  
actually heard the farmer

4  
00:00:22,900 --> 00:00:21,189  
okay I won't do any more right tonight

5  
00:00:25,659 --> 00:00:22,910  
we have the pleasure welcome welcome

6  
00:00:27,159 --> 00:00:25,669  
until the Buckenham who has traveled all

7  
00:00:30,690 --> 00:00:27,169  
the way from Cambridgeshire to be with

8  
00:00:32,889 --> 00:00:30,700  
us this evening he and his lady Quaker

9  
00:00:37,569 --> 00:00:32,899  
Toni's currently the group chairman of

10  
00:00:39,940 --> 00:00:37,579  
East Anglia UFO group when he was 17 he

11  
00:00:41,350 --> 00:00:39,950  
had his own UFO sighting the details of

12  
00:00:44,139 --> 00:00:41,360  
which I'm sure you to share with you if

13  
00:00:45,760 --> 00:00:44,149

you ask him anyway this sighting

14

00:00:48,340 --> 00:00:45,770

apparently sparked his interest in the

15

00:00:50,290 --> 00:00:48,350

UFO phenomena now the results he

16

00:00:52,389 --> 00:00:50,300

subscribed to Flying Saucer review

17

00:00:54,700 --> 00:00:52,399

magazine and spent most of his spare

18

00:00:58,029 --> 00:00:54,710

time attending a few of the UFO clubs in

19

00:01:00,639 --> 00:00:58,039

the UK and at that time there were quite

20

00:01:02,590 --> 00:01:00,649

a few that was obviously long before the

21

00:01:04,509 --> 00:01:02,600

advent of the internet which has

22

00:01:10,120 --> 00:01:04,519

resulted in dwindling numbers and a lot

23

00:01:11,770 --> 00:01:10,130

of those clubs closing know eventually

24

00:01:14,289 --> 00:01:11,780

Tony together with other founding

25

00:01:16,030 --> 00:01:14,299

members set up the East Anglia UFO group

26

00:01:19,420 --> 00:01:16,040

which is one of the foremost groups of

27

00:01:21,040 --> 00:01:19,430

its kind in the country now this is also

28

00:01:23,110 --> 00:01:21,050

the case of our club they have an

29

00:01:25,810 --> 00:01:23,120

extensive record of UFO sightings in

30

00:01:28,330 --> 00:01:25,820

their area together with a depository of

31

00:01:31,120 --> 00:01:28,340

information about the subject for anyone

32

00:01:32,260 --> 00:01:31,130

who's interested that we've taken access

33

00:01:35,350 --> 00:01:32,270

out quite easily if they've got

34

00:01:37,480 --> 00:01:35,360

interested in subject no tonight's Tony

35

00:01:38,950 --> 00:01:37,490

is going to share with us some details

36

00:01:41,170 --> 00:01:38,960

of interest in sightings that have

37

00:01:44,140 --> 00:01:41,180

occurred and been reported in the East

38

00:01:53,670 --> 00:01:44,150

Anglian area so please give a warm

39

00:02:00,160 --> 00:01:55,870

thank you for that warm round with

40

00:02:01,719 --> 00:02:00,170

sympathy it's great to be here we had an

41

00:02:02,950 --> 00:02:01,729

easy ride up here was really really

42

00:02:04,240 --> 00:02:02,960

really good a lot better than we thought

43

00:02:06,070 --> 00:02:04,250

it would be I've only ever been here

44

00:02:08,859 --> 00:02:06,080

once before in my life

45

00:02:11,350 --> 00:02:08,869

and every person I've met so far has

46

00:02:13,300 --> 00:02:11,360

been really lovely I admire all every

47

00:02:15,220 --> 00:02:13,310

single one of you because anyone that

48

00:02:17,170 --> 00:02:15,230

can read those rides roadsigns we had

49

00:02:20,260 --> 00:02:17,180

coming up here there you've got my

50

00:02:21,550 --> 00:02:20,270

operation there we are unfortunately

51  
00:02:22,930 --> 00:02:21,560  
tonight we're going to have to keep

52  
00:02:25,300 --> 00:02:22,940  
taking the microphone off on four

53  
00:02:27,250 --> 00:02:25,310  
occasions because all of us in our

54  
00:02:30,009 --> 00:02:27,260  
infinite wisdom is forgot to bring a

55  
00:02:31,990 --> 00:02:30,019  
lead to ghost in the laptop to the sound

56  
00:02:33,640 --> 00:02:32,000  
dude are over there so we've got a

57  
00:02:36,910 --> 00:02:33,650  
couple of very short regressions or

58  
00:02:38,680 --> 00:02:36,920  
classic regressions to play and I find

59  
00:02:40,780 --> 00:02:38,690  
quite interesting and I hope you do too

60  
00:02:46,370 --> 00:02:40,790  
so hopefully we can get them to play

61  
00:02:49,250 --> 00:02:46,380  
through by putting a microphone in there

62  
00:02:51,680 --> 00:02:49,260  
ladies and gentlemen and that little

63  
00:02:54,830 --> 00:02:51,690

gray guy in the corner the east anglia

64

00:03:01,490 --> 00:02:54,840

UFO group brings to you the biggest

65

00:03:03,080 --> 00:03:01,500

story of mankind well apparently the the

66

00:03:04,610 --> 00:03:03,090

presentations going to be about half as

67

00:03:06,050 --> 00:03:04,620

long as it was gonna be because the

68

00:03:09,280 --> 00:03:06,060

introduction installed you were half of

69

00:03:11,570 --> 00:03:09,290

it was so when he was telling about my

70

00:03:12,110 --> 00:03:11,580

my sighting which happened a long time

71

00:03:15,620 --> 00:03:12,120

ago

72

00:03:27,250 --> 00:03:15,630

and things were a lot different then we

73

00:03:33,230 --> 00:03:28,760

right there we are

74

00:03:34,700 --> 00:03:33,240

um in 74 when I got into this things are

75

00:03:36,620 --> 00:03:34,710

a lot different you just couldn't flick

76  
00:03:38,990 --> 00:03:36,630  
on a computer as some of you are aware

77  
00:03:43,360 --> 00:03:39,000  
and find out pretty much always all that

78  
00:03:45,620 --> 00:03:43,370  
you want whether it's old school not and

79  
00:03:48,680 --> 00:03:45,630  
after had my sighting I was really

80  
00:03:51,610 --> 00:03:48,690  
struggling to find out information so I

81  
00:03:55,310 --> 00:03:51,620  
ended up going to the local library and

82  
00:03:57,740 --> 00:03:55,320  
I found half a dozen books that taught

83  
00:03:59,210 --> 00:03:57,750  
me quite a bit there really and you go

84  
00:04:00,890 --> 00:03:59,220  
to the local libraries around our way in

85  
00:04:03,710 --> 00:04:00,900  
Cambridge here now and you know you'll

86  
00:04:06,320 --> 00:04:03,720  
never find a UFO book there not now but

87  
00:04:08,780 --> 00:04:06,330  
in those days the village had six books

88  
00:04:11,270 --> 00:04:08,790

and Evi the nearest big town there's

89

00:04:13,340 --> 00:04:11,280

about 20-25 books there and they weren't

90

00:04:16,099 --> 00:04:13,350

printing them every other week like you

91

00:04:17,539 --> 00:04:16,109

seem to get UFO books coming out now in

92

00:04:19,610 --> 00:04:17,549

the back of one of those I found out

93

00:04:21,920 --> 00:04:19,620

about flying saucer review as you've

94

00:04:25,430 --> 00:04:21,930

just heard and I subscribed to that I

95

00:04:27,650 --> 00:04:25,440

did ever spell when I was I've got more

96

00:04:31,130 --> 00:04:27,660

interested in motorcycles for a while

97

00:04:34,340 --> 00:04:31,140

and I let the subscription falter and

98

00:04:36,380 --> 00:04:34,350

then I read a bit later after a couple

99

00:04:38,630 --> 00:04:36,390

of divorces I've lost many of them were

100

00:04:41,150 --> 00:04:38,640

still have around 100 flying saucer

101  
00:04:42,500 --> 00:04:41,160  
reviews but that was the only way you

102  
00:04:45,260 --> 00:04:42,510  
could really find out much information

103  
00:04:48,530 --> 00:04:45,270  
other than the local groups assigned to

104  
00:04:51,590 --> 00:04:48,540  
Emlyn earlier for me there was five UFO

105  
00:04:53,770 --> 00:04:51,600  
groups within a 40 mile radius

106  
00:04:55,150 --> 00:04:53,780  
so there was plenty of UFOs

107  
00:04:58,629 --> 00:04:55,160  
it's about and unfortunately as we all

108  
00:05:00,430 --> 00:04:58,639  
know they don't seem to exist anymore I

109  
00:05:02,560 --> 00:05:00,440  
just want to tell you a few things about

110  
00:05:06,150 --> 00:05:02,570  
the the slides that we're putting up

111  
00:05:09,850 --> 00:05:06,160  
here tonight there are a few which are

112  
00:05:11,650 --> 00:05:09,860  
original they're our slides and but most

113  
00:05:14,080 --> 00:05:11,660

of the pictures are there just for

114

00:05:15,670 --> 00:05:14,090

illustration purposes only and I can

115

00:05:17,950 --> 00:05:15,680

tell you now that some of them of many

116

00:05:20,110 --> 00:05:17,960

of them come off the internet but where

117

00:05:22,060 --> 00:05:20,120

we can we talk to the people and we try

118

00:05:26,100 --> 00:05:22,070

to reconfigure them slightly to give

119

00:05:28,810 --> 00:05:26,110

them as good indication of what the

120

00:05:30,159 --> 00:05:28,820

objects looked like and we've had it

121

00:05:33,490 --> 00:05:30,169

cleared with the people that we've

122

00:05:35,880 --> 00:05:33,500

spoken to to try and get it as authentic

123

00:05:42,250 --> 00:05:35,890

as possible but they are up there for

124

00:05:45,100 --> 00:05:42,260

illustration purposes only most of the

125

00:05:47,020 --> 00:05:45,110

the events that what I'm going to be

126

00:05:50,050 --> 00:05:47,030

talking about our our own cases

127

00:05:51,670 --> 00:05:50,060

apart from - one of them belongs to Alan

128

00:05:53,860 --> 00:05:51,680

Foster I know he's been along here a

129

00:05:55,570 --> 00:05:53,870

really nice guy but it happened right on

130

00:05:57,310 --> 00:05:55,580

our doorstep and in the middle of

131

00:05:59,560 --> 00:05:57,320

several other sightings that were almost

132

00:06:01,300 --> 00:05:59,570

the same so I hadn't nicked it I'm just

133

00:06:02,830 --> 00:06:01,310

putting a here to illustrate and we've

134

00:06:03,159 --> 00:06:02,840

put some extra maps and what-have-you

135

00:06:04,990 --> 00:06:03,169

one

136

00:06:07,300 --> 00:06:05,000

so you might have might recall that that

137

00:06:18,250 --> 00:06:07,310

particular story if you told you if you

138

00:06:20,080 --> 00:06:18,260

told you in depression and the other one

139

00:06:22,210 --> 00:06:20,090

is isn't one of ours

140

00:06:24,219 --> 00:06:22,220

but once again because it's in the

141

00:06:28,270 --> 00:06:24,229

middle of a very small area that you'll

142

00:06:29,560 --> 00:06:28,280

see on the map in a moment it's we

143

00:06:32,620 --> 00:06:29,570

thought it was important to put it on

144

00:06:34,840 --> 00:06:32,630

but I've checked with a couple of people

145

00:06:37,540 --> 00:06:34,850

that did research it so hopefully got

146

00:06:40,240 --> 00:06:37,550

the facts right and I hope you'll find

147

00:06:42,550 --> 00:06:40,250

them very interesting we're going to

148

00:06:45,250 --> 00:06:42,560

have a breather halfway through because

149

00:06:47,620 --> 00:06:45,260

I need it and I've been told you guys do

150

00:06:50,409 --> 00:06:47,630

as well and I'm gonna have a Q&A at the

151  
00:06:56,890 --> 00:06:50,419  
end and I'm here as long as you need me

152  
00:06:58,600 --> 00:06:56,900  
so that will that should be okay mainly

153  
00:06:59,959 --> 00:06:58,610  
with we talked a little bit about

154  
00:07:01,009 --> 00:06:59,969  
abductions tonight

155  
00:07:03,489 --> 00:07:01,019  
although I don't particularly like to

156  
00:07:06,979 --> 00:07:03,499  
use that term and we're also going to be

157  
00:07:09,259 --> 00:07:06,989  
seeing a lot of cases where orbs have

158  
00:07:10,850 --> 00:07:09,269  
been seen the cases we're talking about

159  
00:07:12,649 --> 00:07:10,860  
tonight are all pretty small ones so

160  
00:07:14,659 --> 00:07:12,659  
I've got lots of them I could have

161  
00:07:18,499 --> 00:07:14,669  
easily put in I've got another talk that

162  
00:07:20,389 --> 00:07:18,509  
I've put on about Rendlesham Bentwaters

163  
00:07:22,879 --> 00:07:20,399

Lake Ernie from water beach event which

164

00:07:24,259 --> 00:07:22,889

was quite big but a lot of people that

165

00:07:25,699 --> 00:07:24,269

are into this stuff will have already

166

00:07:26,869 --> 00:07:25,709

know all about this stuff and some of

167

00:07:29,119 --> 00:07:26,879

you guys probably know more about

168

00:07:35,419 --> 00:07:29,129

Rendlesham than I do so I'm putting all

169

00:07:36,619 --> 00:07:35,429

these small D small D small sightings

170

00:07:38,449 --> 00:07:36,629

and what-have-you but I think you'll

171

00:07:43,339 --> 00:07:38,459

still find them interesting so love

172

00:07:46,579 --> 00:07:43,349

furthermore to do crack on right just to

173

00:07:48,559 --> 00:07:46,589

just here we go so this is the area that

174

00:07:50,359 --> 00:07:48,569

we cover East anger and those who have

175

00:07:53,569 --> 00:07:50,369

been out that way and we haven't got

176

00:07:55,850 --> 00:07:53,579

quite as many Hills as you and and the

177

00:07:57,469 --> 00:07:55,860

hills that we call Hills I don't think

178

00:08:00,049 --> 00:07:57,479

you would even they were even registered

179

00:08:02,419 --> 00:08:00,059

with you guys but with the the group is

180

00:08:05,540 --> 00:08:02,429

based here at Newmarket

181

00:08:07,189 --> 00:08:05,550

and it's this sort of central area that

182

00:08:09,139 --> 00:08:07,199

we're talking about when we talk about

183

00:08:12,919 --> 00:08:09,149

most of the cases apart from one or two

184

00:08:15,639 --> 00:08:12,929

this evening so straight on the first

185

00:08:21,649 --> 00:08:15,649

one this lady is now a group member

186

00:08:23,719 --> 00:08:21,659

she's about 50 years old ish she was 17

187

00:08:25,519 --> 00:08:23,729

years old when she had her sighting and

188

00:08:27,559 --> 00:08:25,529

her father was what was then called a

189

00:08:39,139 --> 00:08:27,569

special police constable I don't know if

190

00:08:41,209 --> 00:08:39,149

they call them that now and she lived in

191

00:08:46,100 --> 00:08:41,219

Newmarket which is not far from

192

00:08:48,530 --> 00:08:46,110

Cambridge and after sighting a father

193

00:08:50,840 --> 00:08:48,540

who was a police constable I saw a

194

00:08:52,400 --> 00:08:50,850

special told her he said you never tell

195

00:08:54,470 --> 00:08:52,410

anybody your story

196

00:08:55,639 --> 00:08:54,480

he said because if you do they'll lock

197

00:08:57,860 --> 00:08:55,649

you up and throw away the key they'll

198

00:09:00,860 --> 00:08:57,870

think you're mad so she never told

199

00:09:02,610 --> 00:09:00,870

anybody apart from her best friend who

200

00:09:04,290 --> 00:09:02,620

is now also a member of

201  
00:09:06,540 --> 00:09:04,300  
group because she also had a sighting

202  
00:09:10,320 --> 00:09:06,550  
which I'll be showing you on here

203  
00:09:12,390 --> 00:09:10,330  
tonight and I was the third person she

204  
00:09:16,950 --> 00:09:12,400  
told other than a direct family of

205  
00:09:18,870 --> 00:09:16,960  
course and we got a lot of information

206  
00:09:22,080 --> 00:09:18,880  
which I'll share and share with you now

207  
00:09:24,180 --> 00:09:22,090  
but at the time she worked at Marshalls

208  
00:09:26,130 --> 00:09:24,190  
Airport I'm sure I was well aware of

209  
00:09:29,280 --> 00:09:26,140  
this place it's on the outskirts of

210  
00:09:30,120 --> 00:09:29,290  
Cambridge to the it would be the east of

211  
00:09:35,540 --> 00:09:30,130  
Cambridge

212  
00:09:37,980 --> 00:09:35,550  
she worked in these offices over here

213  
00:09:39,660 --> 00:09:37,990

this is the main road out of Cambridge

214

00:09:42,690 --> 00:09:39,670

it looked a lot different then because

215

00:09:45,060 --> 00:09:42,700

there wasn't as many cars about then and

216

00:09:46,860 --> 00:09:45,070

on when she had her sighting which were

217

00:09:48,630 --> 00:09:46,870

they'll cover right now I used to travel

218

00:09:51,330 --> 00:09:48,640

that road quite regular or not to assure

219

00:09:52,770 --> 00:09:51,340

you that road was jam-packed every

220

00:09:54,870 --> 00:09:52,780

single night and every single morning

221

00:09:57,630 --> 00:09:54,880

with traffic as it is now as a dual

222

00:10:00,390 --> 00:09:57,640

carriageway now but that's where she

223

00:10:03,690 --> 00:10:00,400

worked and she would altering her mum

224

00:10:06,690 --> 00:10:03,700

about 20 minutes to 30 minutes when she

225

00:10:09,210 --> 00:10:06,700

left school work when she would call

226

00:10:12,000 --> 00:10:09,220

them and say I'm gonna be home in 20 30

227

00:10:14,100 --> 00:10:12,010

minutes so they knew what what what what

228

00:10:15,360 --> 00:10:14,110

the situation was so I'm just struggling

229

00:10:15,630 --> 00:10:15,370

to find little buttons on here all the

230

00:10:19,050 --> 00:10:15,640

time

231

00:10:20,400 --> 00:10:19,060

here we go so long I don't know how well

232

00:10:21,990 --> 00:10:20,410

you can see that probably not very well

233

00:10:24,780 --> 00:10:22,000

at the back but just over here is

234

00:10:26,910 --> 00:10:24,790

Cambridge and she lived over here at

235

00:10:28,950 --> 00:10:26,920

Newmarket and she would travel this road

236

00:10:30,870 --> 00:10:28,960

home along this checkered line here and

237

00:10:33,750 --> 00:10:30,880

that's where she had her sighting and

238

00:10:35,700 --> 00:10:33,760

that's where finished there now there's

239

00:10:38,880 --> 00:10:35,710

a dual carriageway come round here and

240

00:10:41,700 --> 00:10:38,890

it goes all the way around here up to

241

00:10:43,620 --> 00:10:41,710

Mildenhall and Thetford and and so forth

242

00:10:47,000 --> 00:10:43,630

but in those days it was just a normal

243

00:10:49,980 --> 00:10:47,010

trunk road and it was rammed with cars

244

00:10:53,610 --> 00:10:49,990

so she's travelling home in a Volkswagen

245

00:10:56,370 --> 00:10:53,620

Beetle and a father at the time when she

246

00:10:58,260 --> 00:10:56,380

when she got this car fitted a radio in

247

00:11:01,710 --> 00:10:58,270

the he worked for as a mechanic

248

00:11:03,330 --> 00:11:01,720

full-time and they had these radios that

249

00:11:05,519 --> 00:11:03,340

all the breakdown vehicles

250

00:11:08,220 --> 00:11:05,529

and they had a spare one and he said I'm

251  
00:11:10,650 --> 00:11:08,230  
gonna put that in your car and I'll only

252  
00:11:13,080 --> 00:11:10,660  
be able to pick you up on this certain

253  
00:11:14,910 --> 00:11:13,090  
Hill which as I said you wouldn't class

254  
00:11:16,230 --> 00:11:14,920  
it as a hill but he said once you get

255  
00:11:19,500 --> 00:11:16,240  
there I can pick you up and if you have

256  
00:11:21,570 --> 00:11:19,510  
a problem give me a give me a shout on

257  
00:11:22,730 --> 00:11:21,580  
this radio and I'll come and sort you

258  
00:11:25,260 --> 00:11:22,740  
out

259  
00:11:27,150 --> 00:11:25,270  
so she was travelling along this road

260  
00:11:30,960 --> 00:11:27,160  
and when she got to here she noticed

261  
00:11:33,840 --> 00:11:30,970  
that there wasn't any cars and she's

262  
00:11:35,670 --> 00:11:33,850  
found it a little bit old and this is

263  
00:11:38,370 --> 00:11:35,680

the crossroads where she had her

264

00:11:40,769 --> 00:11:38,380

sighting in those days these trees

265

00:11:42,360 --> 00:11:40,779

weren't there there was a previous lot

266

00:11:45,030 --> 00:11:42,370

of trees that came down those back that

267

00:11:46,650 --> 00:11:45,040

stormed many years ago but the trees

268

00:11:49,740 --> 00:11:46,660

were a lot lower than me all that now

269

00:11:51,480 --> 00:11:49,750

I'm not I'm not so thick neither so this

270

00:11:53,910 --> 00:11:51,490

is the soif and Baalbek Darlington

271

00:11:56,670 --> 00:11:53,920

crossroads Cambridge's behind us and

272

00:11:58,620 --> 00:11:56,680

Newmark is way up there that roads very

273

00:12:00,930 --> 00:11:58,630

slowly goes uphill and is called the

274

00:12:02,820 --> 00:12:00,940

dying mild hill and that's where she

275

00:12:08,520 --> 00:12:02,830

would be able to pick her father up if

276

00:12:10,190 --> 00:12:08,530

she if she had a problem as she got to

277

00:12:12,390 --> 00:12:10,200

that crossroads and up to the left

278

00:12:14,480 --> 00:12:12,400

because something called her eye and

279

00:12:16,890 --> 00:12:14,490

there's really bright lights were on and

280

00:12:18,990 --> 00:12:16,900

she thought just for a second or two it

281

00:12:20,880 --> 00:12:19,000

was a tractor because it's just starting

282

00:12:22,290 --> 00:12:20,890

to the light was just starting to break

283

00:12:25,200 --> 00:12:22,300

and what-have-you but it's still

284

00:12:27,110 --> 00:12:25,210

daylight essentially and then she soon

285

00:12:31,380 --> 00:12:27,120

realized it wasn't a tractor it was

286

00:12:33,270 --> 00:12:31,390

something a bit different and and this

287

00:12:37,079 --> 00:12:33,280

is where it was it was situated where

288

00:12:40,500 --> 00:12:37,089

this this ring is just here and we went

289

00:12:41,910 --> 00:12:40,510

out there last year and she had to go

290

00:12:43,770 --> 00:12:41,920

out there and show me exactly where it

291

00:12:45,900 --> 00:12:43,780

was unfortunately there's racehorses in

292

00:12:48,000 --> 00:12:45,910

there now I don't know how much you guys

293

00:12:50,579 --> 00:12:48,010

know about racehorses but in Newmarket

294

00:12:52,740 --> 00:12:50,589

one racehorse is worth the life of about

295

00:12:54,240 --> 00:12:52,750

twenty humans and we just don't mess

296

00:12:56,940 --> 00:12:54,250

around with him you know frighten them

297

00:12:58,470 --> 00:12:56,950

and they will prosecute anybody who

298

00:13:00,120 --> 00:12:58,480

messes around with them and I was

299

00:13:02,010 --> 00:13:00,130

begging her not to go in the field but

300

00:13:02,670 --> 00:13:02,020

she had to go and show me quite

301  
00:13:03,990 --> 00:13:02,680  
ironically

302  
00:13:05,790 --> 00:13:04,000  
and it could have been a fairy ring or

303  
00:13:07,860 --> 00:13:05,800  
something who knows but it's strange it

304  
00:13:09,900 --> 00:13:07,870  
was in the exact same place and the same

305  
00:13:11,490 --> 00:13:09,910  
diameter but you can't see in the

306  
00:13:12,300 --> 00:13:11,500  
picture very well around here the grass

307  
00:13:14,010 --> 00:13:12,310  
was all

308  
00:13:18,000 --> 00:13:14,020  
bit higher than it was inside and

309  
00:13:20,030 --> 00:13:18,010  
outside which was a little bit odd when

310  
00:13:24,150 --> 00:13:20,040  
she spotted this white light

311  
00:13:27,269 --> 00:13:24,160  
she said it immediately rose up into the

312  
00:13:28,950 --> 00:13:27,279  
air very similar to this that's the best

313  
00:13:31,380 --> 00:13:28,960

image we could get looked anything like

314

00:13:33,120 --> 00:13:31,390

it but the next image is better still um

315

00:13:35,790 --> 00:13:33,130

it rose straight up in the air and moved

316

00:13:38,400 --> 00:13:35,800

into position almost instantly very low

317

00:13:40,860 --> 00:13:38,410

over her car she said it seemed like it

318

00:13:43,920 --> 00:13:40,870

was anything from six feet to thirty

319

00:13:45,900 --> 00:13:43,930

feet above the car it completely covered

320

00:13:51,060 --> 00:13:45,910

the car she could see either side and it

321

00:13:53,700 --> 00:13:51,070

drowned her in in white light that's

322

00:13:55,260 --> 00:13:53,710

more like what it looked like but she

323

00:13:56,970 --> 00:13:55,270

when I showed her the picture and we

324

00:13:58,890 --> 00:13:56,980

adapted it to look a bit like hers with

325

00:14:01,019 --> 00:13:58,900

the Volkswagen at cetera she said that

326

00:14:02,640 --> 00:14:01,029

the white it was more intense than

327

00:14:04,410 --> 00:14:02,650

though you couldn't you could almost not

328

00:14:07,680 --> 00:14:04,420

see through it she thought she was going

329

00:14:09,360 --> 00:14:07,690

to crash the car she's still traveling

330

00:14:12,450 --> 00:14:09,370

along the road she tried contacting her

331

00:14:14,070 --> 00:14:12,460

father but the two-way radio was just

332

00:14:16,380 --> 00:14:14,080

static way she could normally pick him

333

00:14:18,540 --> 00:14:16,390

up she kept trying it was just static

334

00:14:20,370 --> 00:14:18,550

all the way home she kept trying him on

335

00:14:22,470 --> 00:14:20,380

and off anyway she went faster and

336

00:14:26,490 --> 00:14:22,480

faster as fast as those things would go

337

00:14:28,230 --> 00:14:26,500

anyway and she said as she kept going

338

00:14:31,020 --> 00:14:28,240

faster this thing just sat there as if

339

00:14:34,160 --> 00:14:31,030

it was stuck to the the roof of a car

340

00:14:36,450 --> 00:14:34,170

almost she even tried slowing right down

341

00:14:38,910 --> 00:14:36,460

almost to a stop hoping it would just

342

00:14:42,770 --> 00:14:38,920

whiz off but once again it slowed down

343

00:14:45,570 --> 00:14:42,780

when she slowed down so she carried on

344

00:14:47,190 --> 00:14:45,580

building a speed up again and after the

345

00:14:48,630 --> 00:14:47,200

nine mile hill so there's a nine mile

346

00:14:51,450 --> 00:14:48,640

stretch she traveled with this thing

347

00:14:53,730 --> 00:14:51,460

over the top and she said I can still

348

00:14:55,949 --> 00:14:53,740

remember there's no cars no cars

349

00:14:58,380 --> 00:14:55,959

whatsoever and as I said earlier I used

350

00:15:01,949 --> 00:14:58,390

to travel that road and there was never

351  
00:15:03,750 --> 00:15:01,959  
an occasion when there wasn't and which

352  
00:15:06,960 --> 00:15:03,760  
gets to this very large roundabout knew

353  
00:15:08,430 --> 00:15:06,970  
perhaps kite can't see it there but in

354  
00:15:10,980 --> 00:15:08,440  
the middle there's this it doesn't look

355  
00:15:16,019 --> 00:15:10,990  
very big there that's a huge statue of a

356  
00:15:17,250 --> 00:15:16,029  
racehorse and the Newmarket racehorses

357  
00:15:17,680 --> 00:15:17,260  
and there's two or three of them they're

358  
00:15:20,080 --> 00:15:17,690  
all

359  
00:15:22,240 --> 00:15:20,090  
the left-hand side here that's what used

360  
00:15:24,760 --> 00:15:22,250  
to be the main a11 but it's now bypassed

361  
00:15:26,260 --> 00:15:24,770  
as I indicated earlier anyway she said

362  
00:15:28,930 --> 00:15:26,270  
she went round this roundabout she was

363  
00:15:31,660 --> 00:15:28,940

going so fast that she thought she was

364

00:15:33,190 --> 00:15:31,670

going to topple the car over and she

365

00:15:35,320 --> 00:15:33,200

went round there she was hoping there's

366

00:15:37,210 --> 00:15:35,330

going to be police around as you'll

367

00:15:40,360 --> 00:15:37,220

notice just hear this there's a row of

368

00:15:41,860 --> 00:15:40,370

houses and she considered stopping and

369

00:15:43,810 --> 00:15:41,870

going round but she was afraid she

370

00:15:46,590 --> 00:15:43,820

wanted to get back to New Market which

371

00:15:50,350 --> 00:15:46,600

from there was about another two miles

372

00:15:52,420 --> 00:15:50,360

so she goes terms left us there and

373

00:15:53,980 --> 00:15:52,430

Newmarket is down a long straight bitter

374

00:15:56,920 --> 00:15:53,990

road down there and it's just the other

375

00:15:58,150 --> 00:15:56,930

end of the straight bitter Road she's

376

00:16:00,730 --> 00:15:58,160

going along the street but I wrote this

377

00:16:03,670 --> 00:16:00,740

thing stayed with her all the way so

378

00:16:05,550 --> 00:16:03,680

we're talking about a 20 probably a 15

379

00:16:10,450 --> 00:16:05,560

20 minute journey something like that

380

00:16:12,100 --> 00:16:10,460

these you come into Newmarket the gate

381

00:16:13,840 --> 00:16:12,110

for one of the race courses just over

382

00:16:16,300 --> 00:16:13,850

here on the left just here as a cemetery

383

00:16:18,400 --> 00:16:16,310

and this is the beginning of new market

384

00:16:19,960 --> 00:16:18,410

and you go down a hill there into the

385

00:16:22,720 --> 00:16:19,970

town proper it's only a small town

386

00:16:25,380 --> 00:16:22,730

really and the other side you go uphill

387

00:16:27,640 --> 00:16:25,390

again so Newmarket sits in a low and

388

00:16:29,350 --> 00:16:27,650

just the other side of Newmarket there's

389

00:16:31,390 --> 00:16:29,360

a bit more of a hills and I've been

390

00:16:32,680 --> 00:16:31,400

mentioning earlier but some and you can

391

00:16:33,850 --> 00:16:32,690

see if you turn around when you go up

392

00:16:37,450 --> 00:16:33,860

there you can see over the town of

393

00:16:39,430 --> 00:16:37,460

Newmarket anyway she lives just down the

394

00:16:42,100 --> 00:16:39,440

bottom of this hill turns right and with

395

00:16:44,410 --> 00:16:42,110

some traffic lights and that's where she

396

00:16:46,810 --> 00:16:44,420

lives but she notices is she coming down

397

00:16:49,150 --> 00:16:46,820

here that this thing seems she didn't

398

00:16:51,100 --> 00:16:49,160

see it but the light seemed to go off to

399

00:16:54,790 --> 00:16:51,110

the right across this graveyard a

400

00:16:59,290 --> 00:16:54,800

cemetery here but what she did notice

401  
00:17:00,420 --> 00:16:59,300  
that still no cars anywhere and none of

402  
00:17:02,560 --> 00:17:00,430  
these street lights were on

403  
00:17:03,970 --> 00:17:02,570  
they were different street lights then

404  
00:17:06,010 --> 00:17:03,980  
this is obviously a modern photograph

405  
00:17:08,559 --> 00:17:06,020  
but was even more bizarre there's no

406  
00:17:11,170 --> 00:17:08,569  
lights on in the town and she thought

407  
00:17:12,370 --> 00:17:11,180  
that there was an electric cut so she

408  
00:17:13,929 --> 00:17:12,380  
gets to the bottom of the hill where the

409  
00:17:18,520 --> 00:17:13,939  
traffic lights are looks to her right

410  
00:17:22,100 --> 00:17:18,530  
and she turns right she this is pretty

411  
00:17:28,620 --> 00:17:25,140  
the source is sitting there now and it's

412  
00:17:33,780 --> 00:17:28,630  
just swaying that sort of motion she's

413  
00:17:35,040 --> 00:17:33,790

it's almost like it's dancing for me she

414

00:17:36,750 --> 00:17:35,050

lives just around the corner get to the

415

00:17:39,030 --> 00:17:36,760

bottom of this road you hang a left then

416

00:17:42,810 --> 00:17:39,040

another left and that's where she lived

417

00:17:44,730 --> 00:17:42,820

at the time when she pulled up she said

418

00:17:46,890 --> 00:17:44,740

everything seemed to go strange and she

419

00:17:49,830 --> 00:17:46,900

said father come running out of the

420

00:17:52,140 --> 00:17:49,840

house and he shook her and said where of

421

00:17:54,720 --> 00:17:52,150

your beam you're two hours late getting

422

00:17:58,230 --> 00:17:54,730

home so a journey that shouldn't have 20

423

00:18:00,480 --> 00:17:58,240

minutes to half an hour max took her two

424

00:18:03,240 --> 00:18:00,490

and a half hours and that's when she

425

00:18:05,250 --> 00:18:03,250

told him the story and that's when he

426

00:18:07,710 --> 00:18:05,260

said you never tell anybody about this

427

00:18:13,140 --> 00:18:07,720

because they'll lock you up she's a

428

00:18:16,470 --> 00:18:13,150

lovely lady she's this this incident and

429

00:18:18,660 --> 00:18:16,480

one or two other things has ruined her

430

00:18:20,100 --> 00:18:18,670

mentally she's in quite a state in which

431

00:18:22,170 --> 00:18:20,110

we're trying to help her throw it the

432

00:18:24,930 --> 00:18:22,180

best we can but we don't even know the

433

00:18:27,330 --> 00:18:24,940

answers I have a lot of pet theories you

434

00:18:29,430 --> 00:18:27,340

as many of you that have been on and on

435

00:18:31,050 --> 00:18:29,440

this subject for some time will have

436

00:18:32,700 --> 00:18:31,060

your own theories will join dots

437

00:18:35,130 --> 00:18:32,710

together and we're probably all about

438

00:18:37,830 --> 00:18:35,140

different ideas of what's going on I

439

00:18:41,550 --> 00:18:37,840

have my theories and I do believe a lot

440

00:18:43,650 --> 00:18:41,560

of sightings such as this one they're

441

00:18:45,120 --> 00:18:43,660

picking you up and they're possibly

442

00:18:47,460 --> 00:18:45,130

dropping you off of the support appears

443

00:18:49,920 --> 00:18:47,470

to be the same time or another time and

444

00:18:51,930 --> 00:18:49,930

everything in the middle is a screen mem

445

00:18:54,480 --> 00:18:51,940

or a false memory if you like and

446

00:18:58,200 --> 00:18:54,490

personally I believe that when she saw

447

00:19:00,570 --> 00:18:58,210

the light from that moment on ish until

448

00:19:02,370 --> 00:19:00,580

she saw the saucer here I think was

449

00:19:04,410 --> 00:19:02,380

Wallace green memory and I think that's

450

00:19:05,820 --> 00:19:04,420

why I mean we're trying to persuade her

451  
00:19:08,760 --> 00:19:05,830  
to do some regression but she's too

452  
00:19:11,040 --> 00:19:08,770  
afraid to do it that's the end of that

453  
00:19:16,890 --> 00:19:11,050  
story so that's all in new Marvel

454  
00:19:19,290 --> 00:19:16,900  
Cambridge to Newmarket so this is where

455  
00:19:21,300 --> 00:19:19,300  
most of the sightings are which we're

456  
00:19:23,190 --> 00:19:21,310  
gathered rather than plus there with a

457  
00:19:27,269 --> 00:19:23,200  
couple down here one here

458  
00:19:29,340 --> 00:19:27,279  
over here now this one you'll know all

459  
00:19:31,139 --> 00:19:29,350  
about this because the introduction he

460  
00:19:35,430 --> 00:19:31,149  
taught you most of it this is my

461  
00:19:38,549 --> 00:19:35,440  
sighting I live in a small village on

462  
00:19:40,610 --> 00:19:38,559  
the outskirts of a live on the outskirts

463  
00:19:44,899 --> 00:19:40,620

of a small village called little port

464

00:19:47,279 --> 00:19:44,909

it's about 20 miles from Cambridge and

465

00:19:49,200 --> 00:19:47,289

at the time when I lived in this

466

00:19:50,759 --> 00:19:49,210

bungalow there was nothing behind the

467

00:19:54,149 --> 00:19:50,769

bungalow there's a housing estate now

468

00:19:55,769 --> 00:19:54,159

and indeed a bypass further across but

469

00:19:58,919 --> 00:19:55,779

at the time this is pretty much what you

470

00:20:01,919 --> 00:19:58,929

saw across outside it's just flat lands

471

00:20:06,240 --> 00:20:01,929

it used to be like peat beds and swamp

472

00:20:07,860 --> 00:20:06,250

once the marshland a couple hundred

473

00:20:10,769 --> 00:20:07,870

years ago in the drain deals it's dead

474

00:20:13,110 --> 00:20:10,779

flat beautiful skies much clearer you

475

00:20:15,120 --> 00:20:13,120

can see as a beautiful stars and than

476

00:20:16,980 --> 00:20:15,130

whatever it's really fantastic so that's

477

00:20:20,909 --> 00:20:16,990

where I lived it was beside a road the a

478

00:20:22,200 --> 00:20:20,919

double 101 and only in the distance it

479

00:20:23,970 --> 00:20:22,210

was a long way in the distances you'll

480

00:20:25,560 --> 00:20:23,980

see at the moment there was two houses

481

00:20:30,080 --> 00:20:25,570

there are more now but there was only

482

00:20:33,259 --> 00:20:30,090

two houses for around about 20 miles

483

00:20:36,240 --> 00:20:33,269

I'll give you a bit of an indication

484

00:20:37,919 --> 00:20:36,250

right so we're down here I lived at the

485

00:20:40,500 --> 00:20:37,929

bottom of the arrow there that bypass

486

00:20:42,330 --> 00:20:40,510

wasn't there then and from there to up

487

00:20:44,580 --> 00:20:42,340

here where the nearest houses are is

488

00:20:48,570 --> 00:20:44,590

about 20 miles so there's nothing if

489

00:20:51,720 --> 00:20:48,580

there was pitch dark of night times that

490

00:20:53,190 --> 00:20:51,730

isn't the UFO I was alone in my house

491

00:20:54,480 --> 00:20:53,200

that woman my parents have got it with

492

00:20:57,060 --> 00:20:54,490

my brother and my sister

493

00:20:58,919 --> 00:20:57,070

I don't had instructions that night it's

494

00:21:01,440 --> 00:20:58,929

a freezing cold night don't let the

495

00:21:03,240 --> 00:21:01,450

boiler go out we had this book

496

00:21:05,669 --> 00:21:03,250

anthracite whoever was called we used to

497

00:21:09,149 --> 00:21:05,679

put on the boiler and I was sitting down

498

00:21:11,279 --> 00:21:09,159

the feet up watching TV and forgot all

499

00:21:13,440 --> 00:21:11,289

about the fire and so about half an hour

500

00:21:16,289 --> 00:21:13,450

before they was due home suddenly I

501  
00:21:19,649 --> 00:21:16,299  
remembered I rushed out got some red

502  
00:21:22,320 --> 00:21:19,659  
embers in the fire so it was both hands

503  
00:21:24,509 --> 00:21:22,330  
to the pump I went outside to fill up

504  
00:21:27,210 --> 00:21:24,519  
I was shoot like this and I bent down

505  
00:21:29,879 --> 00:21:27,220  
start filling this up my ears went

506  
00:21:31,889 --> 00:21:29,889  
completely no I wouldn't say it was I

507  
00:21:32,940 --> 00:21:31,899  
was deaf but it was very muted very much

508  
00:21:35,460 --> 00:21:32,950  
like when you're landing and

509  
00:21:38,010 --> 00:21:35,470  
aircraft they went like that I just

510  
00:21:38,370 --> 00:21:38,020  
stood up to go like that to tree of my

511  
00:21:40,320 --> 00:21:38,380  
ears

512  
00:21:43,500 --> 00:21:40,330  
but all the hairs on my body felt

513  
00:21:46,110 --> 00:21:43,510

somehow electrified and the comedies

514

00:21:51,750 --> 00:21:46,120

described any better than that um but as

515

00:21:56,310 --> 00:21:51,760

I looked up that's when I saw that's not

516

00:21:58,470 --> 00:21:56,320

it actually I saw my out of the object

517

00:22:01,590 --> 00:21:58,480

that I saw my son bought me this book

518

00:22:06,750 --> 00:22:01,600

for a Christmas present

519

00:22:08,490 --> 00:22:06,760

six years ago I would imagine and I was

520

00:22:12,600 --> 00:22:08,500

flipping through it on Christmas Day

521

00:22:15,500 --> 00:22:12,610

rather than watch the Queen and and

522

00:22:18,000 --> 00:22:15,510

there was a page on there that had a UFO

523

00:22:20,460 --> 00:22:18,010

like the one I saw and I called him over

524

00:22:23,010 --> 00:22:20,470

I said there's my UFO he said I was a

525

00:22:25,800 --> 00:22:23,020

bit like that was it not that is it I'll

526  
00:22:28,590 --> 00:22:25,810  
show you a picture of it in a second the

527  
00:22:33,090 --> 00:22:28,600  
things I saw I described as a dirty

528  
00:22:34,740 --> 00:22:33,100  
golden color I said if I help my arm out

529  
00:22:36,990 --> 00:22:34,750  
like this it was about the size of my

530  
00:22:39,180 --> 00:22:37,000  
fist so it was quite quite close well

531  
00:22:42,990 --> 00:22:39,190  
depending on his job to scale really

532  
00:22:45,480 --> 00:22:43,000  
isn't it completely silent I said I

533  
00:22:47,550 --> 00:22:45,490  
can't swear that the thing was spinning

534  
00:22:50,010 --> 00:22:47,560  
round but it appeared to be spinning

535  
00:22:51,870 --> 00:22:50,020  
round but I distinctly remember what

536  
00:22:54,630 --> 00:22:51,880  
looked like in the probably wasn't

537  
00:22:57,990 --> 00:22:54,640  
windows at the top of its of rectangular

538  
00:23:01,080 --> 00:22:58,000

things going round and I also remember

539

00:23:03,630 --> 00:23:01,090

seeing to what I described as ping-pong

540

00:23:06,210 --> 00:23:03,640

balls on the part on the top of it and I

541

00:23:11,520 --> 00:23:06,220

thought there was a another one but I

542

00:23:14,070 --> 00:23:11,530

can't I couldn't swear on that so that's

543

00:23:16,260 --> 00:23:14,080

what picture is in the haunted skies and

544

00:23:18,930 --> 00:23:16,270

I've never seen that picture anywhere in

545

00:23:20,250 --> 00:23:18,940

all those years I started in 74 and this

546

00:23:21,900 --> 00:23:20,260

is like I say only a handful of years

547

00:23:26,790 --> 00:23:21,910

ago but I've never seen that image

548

00:23:28,500 --> 00:23:26,800

anywhere before and and it's pretty well

549

00:23:32,910 --> 00:23:28,510

I mean we've colored it a little bit

550

00:23:36,240 --> 00:23:32,920

here you're wobbling the projector just

551

00:23:38,340 --> 00:23:36,250

now but it's got its got the bubbles on

552

00:23:40,230 --> 00:23:38,350

top it's got and that's exactly how it

553

00:23:42,870 --> 00:23:40,240

was and like I said the size of

554

00:23:44,310 --> 00:23:42,880

Fister sailed it out like that I did I

555

00:23:45,870 --> 00:23:44,320

remember considering just for a split

556

00:23:47,640 --> 00:23:45,880

second shall I run in and try and get a

557

00:23:49,710 --> 00:23:47,650

camera and remember in those days didn't

558

00:23:51,480 --> 00:23:49,720

have mobile phones and got a clue where

559

00:23:53,970 --> 00:23:51,490

the camera was if there was a film in it

560

00:23:56,370 --> 00:23:53,980

or not I did look over to my right the

561

00:23:58,919 --> 00:23:56,380

moon was there of a silvery color

562

00:24:01,110 --> 00:23:58,929

there's nothing in the distance to

563

00:24:03,030 --> 00:24:01,120

reflect there's no water to reflect an

564

00:24:04,980 --> 00:24:03,040

image up or anything like that I've

565

00:24:07,100 --> 00:24:04,990

spent many years trying to find out what

566

00:24:10,440 --> 00:24:07,110

it was a contacted the Air Force

567

00:24:13,380 --> 00:24:10,450

contacted Martin's Airport and various

568

00:24:16,140 --> 00:24:13,390

other organizations and as the usual

569

00:24:19,220 --> 00:24:16,150

case they they enable said no nothing to

570

00:24:22,470 --> 00:24:19,230

do with them um I had about six weeks

571

00:24:23,970 --> 00:24:22,480

possibly a bit longer telling all my

572

00:24:26,040 --> 00:24:23,980

friends about it and then I spent the

573

00:24:28,230 --> 00:24:26,050

next 10 20 years regretting telling

574

00:24:29,970 --> 00:24:28,240

about it in those days it was a lot

575

00:24:33,780 --> 00:24:29,980

worse than now and I was considered a

576

00:24:37,350 --> 00:24:33,790

bit of a fruit loop in those days that's

577

00:24:38,820 --> 00:24:37,360

the only standard UFO type sighting I've

578

00:24:40,440 --> 00:24:38,830

ever had I've never had any more since

579

00:24:43,410 --> 00:24:40,450

but I have had several other strange

580

00:24:47,100 --> 00:24:43,420

things which may or may not be related

581

00:24:49,620 --> 00:24:47,110

I had a spell over about six years being

582

00:24:52,770 --> 00:24:49,630

harassed by black helicopters I don't

583

00:24:55,740 --> 00:24:52,780

know my helicopters very well forget

584

00:24:57,900 --> 00:24:55,750

anybody who wants to know about a UFO

585

00:24:59,730 --> 00:24:57,910

sighting with blue helicopters we have

586

00:25:02,430 --> 00:24:59,740

somebody in the group who knows all

587

00:25:03,990 --> 00:25:02,440

about helicopters and he advised us but

588

00:25:05,669 --> 00:25:04,000

it looked like an Apache but I've been

589

00:25:07,530 --> 00:25:05,679

told since it wouldn't be an Apache it

590

00:25:10,169 --> 00:25:07,540

was probably another one which I've

591

00:25:15,120 --> 00:25:10,179

forgotten but anyway I've had lots of

592

00:25:17,280 --> 00:25:15,130

problems with these it started about 15

593

00:25:19,590 --> 00:25:17,290

miles away from home one day not a

594

00:25:21,930 --> 00:25:19,600

deserted road but a very quiet road and

595

00:25:23,460 --> 00:25:21,940

I turned around this bit of a bend in

596

00:25:25,169 --> 00:25:23,470

the road and this thing came right down

597

00:25:27,540 --> 00:25:25,179

in front of me about 30 feet off the

598

00:25:30,690 --> 00:25:27,550

ground I went backwards as I was going

599

00:25:33,600 --> 00:25:30,700

toward it pulled down a small country

600

00:25:35,310 --> 00:25:33,610

lane and this thing followed me just

601  
00:25:37,950 --> 00:25:35,320  
over my right shoulder and I've had lots

602  
00:25:40,320 --> 00:25:37,960  
of other instances like that one indeed

603  
00:25:43,200 --> 00:25:40,330  
when I wasn't even at home and my son

604  
00:25:44,700 --> 00:25:43,210  
and a close friend was there and they

605  
00:25:46,260 --> 00:25:44,710  
saw this helicopter basically just going

606  
00:25:46,749 --> 00:25:46,270  
over my house turning around keep going

607  
00:25:49,359 --> 00:25:46,759  
backwards

608  
00:25:51,669 --> 00:25:49,369  
there's lots more to tell you about if

609  
00:25:53,499 --> 00:25:51,679  
you want to know but we're doing Q&A if

610  
00:25:57,099 --> 00:25:53,509  
you want to know but I've also had a

611  
00:25:59,589 --> 00:25:57,109  
spell of seeing these strange fog like

612  
00:26:01,569 --> 00:25:59,599  
apparitions and most of them are

613  
00:26:04,509 --> 00:26:01,579

relatively small about the size of a

614

00:26:05,889 --> 00:26:04,519

football are just a fleeting glimpse and

615

00:26:09,549 --> 00:26:05,899

it just seems to go but one in

616

00:26:11,649 --> 00:26:09,559

particular I was in a hotel room and it

617

00:26:17,199 --> 00:26:11,659

seemed to come out the bathroom wall it

618

00:26:19,180 --> 00:26:17,209

was like a squashed donut and it come out

619

00:26:20,949 --> 00:26:19,190

on the bathroom wall and I haven't had

620

00:26:24,129 --> 00:26:20,959

just had a bath by the way and it went

621

00:26:26,469 --> 00:26:24,139

across the room pretty quickly and I

622

00:26:28,059 --> 00:26:26,479

went through the other of the wall and

623

00:26:30,099 --> 00:26:28,069

I've got a picture here which is it's

624

00:26:31,269 --> 00:26:30,109

not the one but it's almost the same

625

00:26:34,049 --> 00:26:31,279

although it's laying a bit more

626  
00:26:36,759 --> 00:26:34,059  
horizontal this one but as near as

627  
00:26:38,709 --> 00:26:36,769  
that's that's what I saw it came through

628  
00:26:43,599 --> 00:26:38,719  
just came through the wall whether it's

629  
00:26:46,149 --> 00:26:43,609  
related or not I don't know and I was

630  
00:26:49,599 --> 00:26:46,159  
talking to Suzy Hanson a few weeks ago

631  
00:26:51,189 --> 00:26:49,609  
and was having a Skype chat because

632  
00:26:52,959 --> 00:26:51,199  
there's some of you most of you know I

633  
00:26:56,649 --> 00:26:52,969  
guess she's she lives in New Zealand so

634  
00:26:58,629 --> 00:26:56,659  
we was having a chat on skype and I was

635  
00:27:01,180 --> 00:26:58,639  
telling her about a couple of times when

636  
00:27:03,039 --> 00:27:01,190  
I've seen these hieroglyphs well closed

637  
00:27:04,629 --> 00:27:03,049  
my eyes on a couple of occasions you

638  
00:27:06,189 --> 00:27:04,639

know the old fashioned slot machines we

639

00:27:08,109 --> 00:27:06,199

put the hand and the wheels go around a

640

00:27:09,249 --> 00:27:08,119

bit like that but they were coming

641

00:27:11,649 --> 00:27:09,259

around so quick you couldn't actually

642

00:27:13,689 --> 00:27:11,659

register or anyone in particular but

643

00:27:16,239 --> 00:27:13,699

there was rows of them very similar to

644

00:27:18,189 --> 00:27:16,249

this just flashing around and she said

645

00:27:20,709 --> 00:27:18,199

at the time and I've had it said twice

646

00:27:22,809 --> 00:27:20,719

more you've got a download whether I

647

00:27:26,829 --> 00:27:22,819

have or not I don't know there's

648

00:27:30,459 --> 00:27:26,839

something I have seen which here we go

649

00:27:33,609 --> 00:27:30,469

this is off the internet and I've seen

650

00:27:37,029 --> 00:27:33,619

these type of people most of my life and

651  
00:27:40,689 --> 00:27:37,039  
lots of them too and I just assumed they

652  
00:27:42,189 --> 00:27:40,699  
was Alby knows how guys down here has

653  
00:27:43,130 --> 00:27:42,199  
worked in the National Health Service

654  
00:27:46,850 --> 00:27:43,140  
all her life

655  
00:27:48,650 --> 00:27:46,860  
and she's seen lots and lots of people

656  
00:27:50,539 --> 00:27:48,660  
and I said to her one day

657  
00:27:52,490 --> 00:27:50,549  
how many lb nose have you seen when

658  
00:27:54,770 --> 00:27:52,500  
you've been working in hospitals people

659  
00:27:56,090 --> 00:27:54,780  
look like this and she gave quite a bit

660  
00:28:00,590 --> 00:27:56,100  
of thought to it and she said I don't

661  
00:28:02,810 --> 00:28:00,600  
actually recall ever seen any and I see

662  
00:28:05,210 --> 00:28:02,820  
them all the time

663  
00:28:09,260 --> 00:28:05,220

I've seen them in bus stops office I was

664

00:28:11,450 --> 00:28:09,270

in a bar with my son in mind in Germany

665

00:28:14,150 --> 00:28:11,460

and there was three of them at the bar

666

00:28:17,570 --> 00:28:14,160

and one was staring at me all the time

667

00:28:19,520 --> 00:28:17,580

and I said to my son afterwards when we

668

00:28:21,650 --> 00:28:19,530

left did you see them people he said no

669

00:28:24,350 --> 00:28:21,660

he didn't even see them so it could be

670

00:28:26,210 --> 00:28:24,360

hallucinating and I will tell you one

671

00:28:28,130 --> 00:28:26,220

more story I was walking with Casper's

672

00:28:31,340 --> 00:28:28,140

flyering in Newmarket actually for the

673

00:28:36,020 --> 00:28:31,350

group and this woman came walking toward

674

00:28:38,720 --> 00:28:36,030

us with it daughters but then hi holding

675

00:28:41,870 --> 00:28:38,730

hand but as I got close to her the

676

00:28:45,080 --> 00:28:41,880

daughter ashen looking Jeff white hair

677

00:28:49,789 --> 00:28:45,090

really dark eyes and all the clothes

678

00:28:51,560 --> 00:28:49,799

even seemed you know player and I did

679

00:28:53,210 --> 00:28:51,570

notice she wasn't actually holding her

680

00:28:56,419 --> 00:28:53,220

mother's hand even though she was

681

00:28:58,100 --> 00:28:56,429

holding her hand up like this I walked

682

00:28:59,990 --> 00:28:58,110

past him as a walk past her turned

683

00:29:01,669 --> 00:29:00,000

around to have a double check of this

684

00:29:06,530 --> 00:29:01,679

girl and she was turning around looking

685

00:29:08,900 --> 00:29:06,540

at me at the same time and if I'd if I'd

686

00:29:10,880 --> 00:29:08,910

thought rationally and like that I would

687

00:29:13,159 --> 00:29:10,890

have chased after him I made some excuse

688

00:29:16,850 --> 00:29:13,169

to talk to the woman and her child but

689

00:29:18,169 --> 00:29:16,860

actually said to Karen did you see that

690

00:29:19,690 --> 00:29:18,179

little girl and she said no but she

691

00:29:22,580 --> 00:29:19,700

hadn't seen the woman either in fairness

692

00:29:24,440 --> 00:29:22,590

so I looked round and by now the woman

693

00:29:26,450 --> 00:29:24,450

had gone round the corner so that was a

694

00:29:28,060 --> 00:29:26,460

bit of a shame because you know somebody

695

00:29:30,350 --> 00:29:28,070

else could have possibly witnessed this

696

00:29:32,299 --> 00:29:30,360

tell him I've seen lots of these people

697

00:29:34,730 --> 00:29:32,309

I insane who they are or what they are

698

00:29:36,169 --> 00:29:34,740

but I did talk to a guy who didn't give

699

00:29:38,990 --> 00:29:36,179

me a bit of advice once who and I do

700

00:29:40,070 --> 00:29:39,000

respect him but here again during Q&A if

701  
00:29:45,289 --> 00:29:40,080  
you want to know a bit more I'll be

702  
00:29:47,299 --> 00:29:45,299  
quite happy to do so and that's a

703  
00:29:48,980 --> 00:29:47,309  
picture of a little boy on a very foggy

704  
00:29:51,350 --> 00:29:48,990  
day

705  
00:29:53,870 --> 00:29:51,360  
now here we go there is some goodness

706  
00:29:57,740 --> 00:29:53,880  
sorry about that

707  
00:30:00,380 --> 00:29:57,750  
I had a spell for about three years of

708  
00:30:03,200 --> 00:30:00,390  
an awful amount of nightmares in the

709  
00:30:05,960 --> 00:30:03,210  
main and not all gray is an actual fact

710  
00:30:09,669 --> 00:30:05,970  
very few of rays very weird creatures

711  
00:30:12,409 --> 00:30:09,679  
and they would be some sort of

712  
00:30:14,539 --> 00:30:12,419  
apocalypse trying to run away from these

713  
00:30:15,830 --> 00:30:14,549

sort of nightmares many people have and

714

00:30:18,320 --> 00:30:15,840

I think I'm live and breathe this

715

00:30:20,480 --> 00:30:18,330

rubbish anyway so it's is this good

716

00:30:25,130 --> 00:30:20,490

chance that I'm gonna be dreaming about

717

00:30:26,720 --> 00:30:25,140

it on this particular occasion I was

718

00:30:29,539 --> 00:30:26,730

dreaming that I was laying on this slab

719

00:30:32,330 --> 00:30:29,549

and there was a stereotypical greys like

720

00:30:33,980 --> 00:30:32,340

a little guy here around here you just

721

00:30:35,299 --> 00:30:33,990

make out the head so fancy some medical

722

00:30:38,600 --> 00:30:35,309

equipment all the stuff you see in the

723

00:30:42,919 --> 00:30:38,610

movies it was a dream what was strange

724

00:30:45,110 --> 00:30:42,929

was I recall a few very long fingers

725

00:30:47,930 --> 00:30:45,120

picking my arm up once we got to about

726  
00:30:49,010 --> 00:30:47,940  
here and almost instantly a terrific

727  
00:30:54,980 --> 00:30:49,020  
pain just here

728  
00:30:57,320 --> 00:30:54,990  
I woke me up it worked me up and I said

729  
00:31:00,409 --> 00:30:57,330  
I just had another one of my nightmares

730  
00:31:02,149 --> 00:31:00,419  
and I said I've told about the dream I

731  
00:31:06,500 --> 00:31:02,159  
said this is what happened she said oh

732  
00:31:08,510 --> 00:31:06,510  
my god your wrist and this was taken

733  
00:31:10,820 --> 00:31:08,520  
some time after but there was blood

734  
00:31:17,260 --> 00:31:10,830  
actually running down my wrist from five

735  
00:31:21,919 --> 00:31:20,090  
circle around the round as you see just

736  
00:31:24,799 --> 00:31:21,929  
there it's scabbing over now but he was

737  
00:31:28,580 --> 00:31:24,809  
still just about making back out 1 2 3 4

738  
00:31:31,310 --> 00:31:28,590

5 but they were bleeding at the time and

739

00:31:34,669 --> 00:31:31,320

this picture was taken healed so quickly

740

00:31:35,760 --> 00:31:34,679

within 2 days there was no scabs because

741

00:31:38,070 --> 00:31:35,770

make out the mark

742

00:31:40,710 --> 00:31:38,080

and within a week there was nothing

743

00:31:43,050 --> 00:31:40,720

there but that was taken I would think

744

00:31:45,240 --> 00:31:43,060

10 15 minutes after I woke up from the

745

00:31:46,680 --> 00:31:45,250

dream I ain't saying what happened I

746

00:31:47,190 --> 00:31:46,690

mean I've had people say I was an insect

747

00:31:49,050 --> 00:31:47,200

bite

748

00:31:51,450 --> 00:31:49,060

some people said oh it's when you had

749

00:31:53,070 --> 00:31:51,460

your jab when you was a kid and all that

750

00:31:54,450 --> 00:31:53,080

sort of thing you know the little thing

751

00:31:57,510 --> 00:31:54,460

I think they used to put it in here or

752

00:32:00,120 --> 00:31:57,520

here somewhere didn't but um I did

753

00:32:02,310 --> 00:32:00,130

contact some people that were into their

754

00:32:05,100 --> 00:32:02,320

insects and they said they've never seen

755

00:32:08,340 --> 00:32:05,110

an insect bite that big what looks like

756

00:32:11,400 --> 00:32:08,350

that in this country and I pretty much

757

00:32:14,040 --> 00:32:11,410

left here that really I would say if it

758

00:32:15,930 --> 00:32:14,050

was an insect bite it's pretty clever in

759

00:32:18,540 --> 00:32:15,940

Snickers he knew just went to bite me

760

00:32:20,490 --> 00:32:18,550

when then my arm was lifted up and yeah

761

00:32:23,880 --> 00:32:20,500

I just find it a little bit odd I just

762

00:32:25,260 --> 00:32:23,890

thought I'd share that with you so we go

763

00:32:27,480 --> 00:32:25,270

onto another sighting now this is in

764

00:32:32,460 --> 00:32:27,490

cotton which is a small village just

765

00:32:33,750 --> 00:32:32,470

north of Cambridge here it's satellite

766

00:32:35,310 --> 00:32:33,760

is now dormant through village of

767

00:32:37,320 --> 00:32:35,320

Cambridge I mean it's just just a little

768

00:32:39,450 --> 00:32:37,330

farming village originally but now it's

769

00:32:42,120 --> 00:32:39,460

as well with the tops go to live and

770

00:32:44,790 --> 00:32:42,130

spend all their money and this

771

00:32:47,580 --> 00:32:44,800

particular sighting was late November

772

00:32:49,730 --> 00:32:47,590

evening of four o'clock it was just

773

00:32:52,920 --> 00:32:49,740

starting to lose the light at that time

774

00:32:55,410 --> 00:32:52,930

it was a blue sky and the clouds were

775

00:32:58,020 --> 00:32:55,420

just starting to form and the guy in

776

00:33:00,540 --> 00:32:58,030

once his surname kept out of it all his

777

00:33:02,070 --> 00:33:00,550

name's Paul 48 alone you're traveling

778

00:33:05,190 --> 00:33:02,080

home from work on a building site in

779

00:33:07,290 --> 00:33:05,200

Cambridge and he would have Cambridge's

780

00:33:10,200 --> 00:33:07,300

in the distance there and just to the

781

00:33:12,180 --> 00:33:10,210

left out self saw the picture there by

782

00:33:13,710 --> 00:33:12,190

about quarter mile as the edge of the

783

00:33:15,300 --> 00:33:13,720

village along the edge of the village

784

00:33:17,010 --> 00:33:15,310

there's a church which will see them as

785

00:33:21,510 --> 00:33:17,020

well so he's travelling from there and

786

00:33:23,310 --> 00:33:21,520

he's traveling down this way so just to

787

00:33:26,100 --> 00:33:23,320

give you an idea where he actually lived

788

00:33:27,539 --> 00:33:26,110

so he was working Cambridge here he

789

00:33:29,159 --> 00:33:27,549

travelled on whether they go

790

00:33:31,889 --> 00:33:29,169

we always travel down that road through

791

00:33:36,950 --> 00:33:31,899

mr. cotton and on this really long road

792

00:33:42,090 --> 00:33:40,859

20 miles away this is where he lived now

793

00:33:43,320 --> 00:33:42,100

this town we're going to hear a lot of

794

00:33:45,840 --> 00:33:43,330

later on because there's three more

795

00:33:48,330 --> 00:33:45,850

sightings in this town he lives in a

796

00:33:53,489 --> 00:33:48,340

small Fenland town called chat rest' and

797

00:33:54,869 --> 00:33:53,499

as I said it's about 20 miles from there

798

00:33:57,600 --> 00:33:54,879

we go

799

00:33:58,680 --> 00:33:57,610

as he approached the church in Cottenham

800

00:34:00,629 --> 00:33:58,690

and as I said it's on the edge of the

801  
00:34:02,669 --> 00:34:00,639  
village he just happened to look up

802  
00:34:06,659 --> 00:34:02,679  
glance to the left up in the in the sky

803  
00:34:08,669 --> 00:34:06,669  
and we made this picture by the way but

804  
00:34:10,559 --> 00:34:08,679  
we cleared up with him he said that's

805  
00:34:13,020 --> 00:34:10,569  
just well it looked like he looked up

806  
00:34:15,480 --> 00:34:13,030  
and he thought he saw eight parachutes

807  
00:34:18,000 --> 00:34:15,490  
in case you can't see there's those

808  
00:34:19,859 --> 00:34:18,010  
little dots there eight parachutes

809  
00:34:22,379 --> 00:34:19,869  
because he was away it didn't come from

810  
00:34:24,149 --> 00:34:22,389  
the area but he was aware the whole of

811  
00:34:26,339 --> 00:34:24,159  
East Anglia was riddled with airfields

812  
00:34:27,960 --> 00:34:26,349  
or old abandoned airfield because during

813  
00:34:30,089 --> 00:34:27,970

the Second World War it was like when

814

00:34:32,609 --> 00:34:30,099

the airfield and he was aware that there

815

00:34:34,889 --> 00:34:32,619

was in there field over that way but he

816

00:34:37,049 --> 00:34:34,899

didn't know they'd been decommissioned

817

00:34:39,260 --> 00:34:37,059

years earlier but none the more for that

818

00:34:43,349 --> 00:34:39,270

that's where he what he thought were

819

00:34:46,349 --> 00:34:43,359

parachutes but almost in an instance one

820

00:34:48,240 --> 00:34:46,359

of them he said they almost didn't fly

821

00:34:50,190 --> 00:34:48,250

down every but one minute was there and

822

00:34:52,710 --> 00:34:50,200

they almost had an instant it was it was

823

00:34:54,329 --> 00:34:52,720

down really close and he slowed down as

824

00:34:56,879 --> 00:34:54,339

he slowed down to have a look at it

825

00:34:58,710 --> 00:34:56,889

he said it's as if it saw me and it shot

826  
00:34:59,880 --> 00:34:58,720  
back up into the cloud bellowing smoke

827  
00:35:02,549 --> 00:34:59,890  
out the back of it

828  
00:35:05,069 --> 00:35:02,559  
he said initially said I thought it was

829  
00:35:06,750 --> 00:35:05,079  
on fire he said but the more I thought

830  
00:35:08,339 --> 00:35:06,760  
about it he said it looked just like the

831  
00:35:11,910 --> 00:35:08,349  
cloud he said it was almost as if it was

832  
00:35:13,440 --> 00:35:11,920  
camouflage so it glanced across and

833  
00:35:15,990 --> 00:35:13,450  
although we've got been showing in this

834  
00:35:17,700 --> 00:35:16,000  
picture here he glanced across he said

835  
00:35:21,690 --> 00:35:17,710  
and all the other what he thought was

836  
00:35:23,549 --> 00:35:21,700  
parachutes by then had disappeared other

837  
00:35:25,349 --> 00:35:23,559  
than his son he didn't tell anybody else

838  
00:35:29,069 --> 00:35:25,359

until several years later when he when

839

00:35:30,809 --> 00:35:29,079

he returned to this story to me and for

840

00:35:33,390 --> 00:35:30,819

those here that go and investigate these

841

00:35:35,849 --> 00:35:33,400

stories you get a bit of a bit of an

842

00:35:36,540 --> 00:35:35,859

idea of people of you know just spinning

843

00:35:39,100 --> 00:35:36,550

your line

844

00:35:41,320 --> 00:35:39,110

some people you talk to and this guy

845

00:35:45,100 --> 00:35:41,330

among Deborah the first one I mentioned

846

00:35:46,840 --> 00:35:45,110

this guy this terror and sometimes in

847

00:35:49,990 --> 00:35:46,850

their faces and this guy really showed

848

00:35:52,450 --> 00:35:50,000

you know to me it was it was genuine you

849

00:35:56,290 --> 00:35:52,460

know his voice was shaking and he was he

850

00:35:58,180 --> 00:35:56,300

got quite emotionally real so I'm going

851

00:36:01,150 --> 00:35:58,190

to another one and this one's a long

852

00:36:04,440 --> 00:36:01,160

Melford now this one is the first of the

853

00:36:07,240 --> 00:36:04,450

sightings that doesn't belong to me but

854

00:36:09,490 --> 00:36:07,250

some of the things that happened and

855

00:36:11,350 --> 00:36:09,500

I'll mention them happens later on to

856

00:36:14,140 --> 00:36:11,360

some people we have spoke about so long

857

00:36:15,850 --> 00:36:14,150

Mel was just down here and there's a

858

00:36:18,070 --> 00:36:15,860

main road although it's a terrible road

859

00:36:21,250 --> 00:36:18,080

travels here goes often to Cambridge

860

00:36:24,970 --> 00:36:21,260

Haverhill is somewhere about there and

861

00:36:28,090 --> 00:36:24,980

once again it's a fairly busy road this

862

00:36:30,310 --> 00:36:28,100

is the lady who had the she was a young

863

00:36:33,040 --> 00:36:30,320

teenager at the time she was visiting

864

00:36:36,340 --> 00:36:33,050

some friends in Cambridge with her and

865

00:36:39,250 --> 00:36:36,350

she had a boyfriend with her when she

866

00:36:40,750 --> 00:36:39,260

left long Melford she noticed this light

867

00:36:43,150 --> 00:36:40,760

that seemed to be zigzagging in the

868

00:36:46,920 --> 00:36:43,160

distance around and she was on this road

869

00:36:49,210 --> 00:36:46,930

the a e10 92s declare the Haverhill road

870

00:36:50,650 --> 00:36:49,220

and like I said it shipped over the

871

00:36:53,500 --> 00:36:50,660

start sleeping over the car two or three

872

00:36:55,780 --> 00:36:53,510

times and she said it did seem as though

873

00:36:59,820 --> 00:36:55,790

it was intelligently controlled but you

874

00:37:02,500 --> 00:36:59,830

know only because the way it was moving

875

00:37:04,060 --> 00:37:02,510

then it ended up matching the speed and

876

00:37:05,650 --> 00:37:04,070

running beside them for quite a while

877

00:37:10,060 --> 00:37:05,660

and she described as being a bright

878

00:37:12,880 --> 00:37:10,070

egg-shaped light she gets debated it was

879

00:37:14,230 --> 00:37:12,890

about 50 to 100 feet away and as I said

880

00:37:17,050 --> 00:37:14,240

she thought it was intelligently

881

00:37:18,370 --> 00:37:17,060

controlled but one time I had done a bit

882

00:37:20,560 --> 00:37:18,380

of this is certainly because he kept

883

00:37:21,730 --> 00:37:20,570

moving backwards and forwards it all of

884

00:37:25,660 --> 00:37:21,740

a sudden appeared to look like a

885

00:37:27,550 --> 00:37:25,670

horseshoe and it had lights all the way

886

00:37:29,470 --> 00:37:27,560

around the edge underneath it was about

887

00:37:31,990 --> 00:37:29,480

the size of a helicopter that's how she

888

00:37:34,570 --> 00:37:32,000

described it no sound whatsoever but a

889

00:37:40,600 --> 00:37:34,580

boyfriend was already panicking and it

890

00:37:41,590 --> 00:37:40,610

just got worse the engine failed and she

891

00:37:43,480 --> 00:37:41,600

said it's

892

00:37:46,360 --> 00:37:43,490

it's almost as though it had run out of

893

00:37:48,940 --> 00:37:46,370

petrol and it just chugged and all the

894

00:37:50,950 --> 00:37:48,950

lights went out and they sort of agreed

895

00:37:53,370 --> 00:37:50,960

to get out the car while he had a look

896

00:37:55,180 --> 00:37:53,380

to see if there's any wires come off and

897

00:37:58,330 --> 00:37:55,190

she would keep an eye on this thing

898

00:38:00,910 --> 00:37:58,340

because it was still there four hours

899

00:38:02,830 --> 00:38:00,920

later eventually if they found out it

900

00:38:04,660 --> 00:38:02,840

was four hours later they seemed to

901  
00:38:06,520 --> 00:38:04,670  
think well what's going on and they saw

902  
00:38:09,160 --> 00:38:06,530  
it was half waking up but they both felt

903  
00:38:13,180 --> 00:38:09,170  
dizzy she had a small gash on her neck

904  
00:38:18,190 --> 00:38:13,190  
and she felt a little bit ill a bit

905  
00:38:19,990 --> 00:38:18,200  
nauseous but she said later on she

906  
00:38:23,020 --> 00:38:20,000  
remembered an experience that she

907  
00:38:27,910 --> 00:38:23,030  
described has been too terrifying to to

908  
00:38:31,180 --> 00:38:27,920  
believe or recount really she recalls

909  
00:38:33,670 --> 00:38:31,190  
being on a perspex type pedestal she was

910  
00:38:35,040 --> 00:38:33,680  
paralyzed she couldn't scream and she

911  
00:38:37,470 --> 00:38:35,050  
recalls great figures conducting

912  
00:38:41,440 --> 00:38:37,480  
experiments on them why she calls

913  
00:38:46,360 --> 00:38:41,450

experiments there's a bit of what you

914

00:38:47,800 --> 00:38:46,370

try and remember she this mark on her

915

00:38:50,620 --> 00:38:47,810

back this isn't the mark from her this

916

00:38:52,270 --> 00:38:50,630

is off the internet but apparently it's

917

00:38:54,130 --> 00:38:52,280

supposed to be very similar to what she

918

00:38:56,110 --> 00:38:54,140

had and we've got another case with a

919

00:38:58,240 --> 00:38:56,120

genuine photograph of a lady's back with

920

00:38:59,050 --> 00:38:58,250

this mark on the back and when I showed

921

00:39:01,090 --> 00:38:59,060

him this picture

922

00:39:03,190 --> 00:39:01,100

I said mug up that's exactly what we had

923

00:39:04,870 --> 00:39:03,200

what she had a friend and it was further

924

00:39:10,510 --> 00:39:04,880

up near the neck but it's exactly the

925

00:39:14,110 --> 00:39:10,520

same in the sleep she was drawing

926  
00:39:16,480 --> 00:39:14,120  
pictures by dotting paper with a pen and

927  
00:39:18,910 --> 00:39:16,490  
she doesn't recall doing them so she's

928  
00:39:21,010 --> 00:39:18,920  
making alien eyes strange for mirrors

929  
00:39:26,350 --> 00:39:21,020  
and like I said she she said she had no

930  
00:39:28,930 --> 00:39:26,360  
recollection of doing these her symptoms

931  
00:39:30,250 --> 00:39:28,940  
worsened she still felt ill she had

932  
00:39:32,320 --> 00:39:30,260  
terrible headaches and she was getting

933  
00:39:35,620 --> 00:39:32,330  
them had them for a long time a couple

934  
00:39:37,570 --> 00:39:35,630  
split but soon after he couldn't face

935  
00:39:39,160 --> 00:39:37,580  
her apparently because it just reminded

936  
00:39:42,040 --> 00:39:39,170  
him of this night and it was something

937  
00:39:44,410 --> 00:39:42,050  
he wanted to forget many years later she

938  
00:39:46,840 --> 00:39:44,420

moved away she lives in Lincolnshire now

939

00:39:49,120 --> 00:39:46,850

I know where she is I could talk to her

940

00:39:52,360 --> 00:39:49,130

anytime but John Hanson has helped me

941

00:39:53,950 --> 00:39:52,370

with researching this and he did

942

00:39:55,750 --> 00:39:53,960

interviewer so he's given me a lot of

943

00:40:00,730 --> 00:39:55,760

information so hopefully it's pretty

944

00:40:03,970 --> 00:40:00,740

well near correct she did see an advert

945

00:40:06,400 --> 00:40:03,980

for a loaf of your third group and they

946

00:40:08,620 --> 00:40:06,410

was telling a story about some UFOs that

947

00:40:11,800 --> 00:40:08,630

they had been researching she contacted

948

00:40:14,320 --> 00:40:11,810

them and they arranged a hypnotic

949

00:40:15,730 --> 00:40:14,330

regression session for her so they

950

00:40:18,370 --> 00:40:15,740

ripped it all up they brought along a

951  
00:40:23,290 --> 00:40:18,380  
skeptical somebody to video it may be they

952  
00:40:24,700 --> 00:40:23,300  
took everybody along and when they when

953  
00:40:27,310 --> 00:40:24,710  
he was trying to take her down take her

954  
00:40:30,250 --> 00:40:27,320  
under how many here have had regression

955  
00:40:31,960 --> 00:40:30,260  
but everybody we've a list they seem to

956  
00:40:33,820 --> 00:40:31,970  
take anything from five minutes to the

957  
00:40:35,890 --> 00:40:33,830  
thirty minutes to bring people down to a

958  
00:40:39,100 --> 00:40:35,900  
level when they're really really relaxed

959  
00:40:41,590 --> 00:40:39,110  
well in that during the process this

960  
00:40:44,830 --> 00:40:41,600  
beam of light appeared in the in the

961  
00:40:47,020 --> 00:40:44,840  
room allegedly and there's no record of

962  
00:40:49,980 --> 00:40:47,030  
where the light came from so I do intend

963  
00:40:51,970 --> 00:40:49,990

to talk to this lady Ross and find out

964

00:40:53,980 --> 00:40:51,980

where that came from but at the same

965

00:40:55,960 --> 00:40:53,990

time the video records the cameras

966

00:40:57,880 --> 00:40:55,970

stopped working and they couldn't get

967

00:40:59,680 --> 00:40:57,890

them to work anymore but the skeptic

968

00:41:03,160 --> 00:40:59,690

observer was sitting on an armchair was

969

00:41:05,920 --> 00:41:03,170

pinned with some force the the text set

970

00:41:08,320 --> 00:41:05,930

on his arms which left marks indeed on

971

00:41:11,350 --> 00:41:08,330

his arms and all the clock stopped in

972

00:41:13,240 --> 00:41:11,360

the house at that time as well well it

973

00:41:14,800 --> 00:41:13,250

all is I have no answers but I've mainly

974

00:41:16,270 --> 00:41:14,810

wanted to show you this because it's

975

00:41:20,680 --> 00:41:16,280

mainly the V on the back of the neck

976

00:41:23,140 --> 00:41:20,690

Thorne was just a C but Sam

977

00:41:25,900 --> 00:41:23,150

later on she was looking through the

978

00:41:28,990 --> 00:41:25,910

local papers and she saw a story in

979

00:41:31,330 --> 00:41:29,000

there that was from some people that saw

980

00:41:33,610 --> 00:41:31,340

the same lights on the same night on the

981

00:41:36,640 --> 00:41:33,620

same road that she saw and this was

982

00:41:38,140 --> 00:41:36,650

their story so still no conclusion but

983

00:41:38,670 --> 00:41:38,150

at least she knew she wasn't the only

984

00:41:40,740 --> 00:41:38,680

one

985

00:41:52,740 --> 00:41:40,750

and she wasn't as mad as she thought she

986

00:41:54,540 --> 00:41:52,750

was excuse me one night they moved to

987

00:41:57,030 --> 00:41:54,550

Duxford now which is just south of

988

00:42:02,520 --> 00:41:57,040

Cambridge does their game which is up

989

00:42:04,260 --> 00:42:02,530

here and Duxford is famous now for the

990

00:42:06,570 --> 00:42:04,270

War Museum that they have there and

991

00:42:09,780 --> 00:42:06,580

indeed a lot of the archives are kept

992

00:42:10,980 --> 00:42:09,790

there across the road but if all Second

993

00:42:12,570 --> 00:42:10,990

World War there I think they've got a

994

00:42:14,370 --> 00:42:12,580

Concorde there they've got lots of stuff

995

00:42:17,940 --> 00:42:14,380

there it's really interesting place and

996

00:42:21,330 --> 00:42:17,950

the Ringway finishes literally right

997

00:42:23,160 --> 00:42:21,340

beside the m11 motorway indeed there has

998

00:42:26,280 --> 00:42:23,170

been a couple of airplane crashes and

999

00:42:28,080 --> 00:42:26,290

one of them landed on the motorway and

1000

00:42:32,220 --> 00:42:28,090

another woman just got over the motorway

1001

00:42:34,410 --> 00:42:32,230

so it's it's it's that close this

1002

00:42:37,160 --> 00:42:34,420

particular occasion and a mother with

1003

00:42:39,270 --> 00:42:37,170

her son I've spoken to them both and

1004

00:42:43,740 --> 00:42:39,280

spoken to them separately and they gave

1005

00:42:45,660 --> 00:42:43,750

me the exact same story they were

1006

00:42:49,410 --> 00:42:45,670

travelling from Cambridge down here to

1007

00:42:53,010 --> 00:42:49,420

Southend and they had two sightings

1008

00:42:56,910 --> 00:42:53,020

basically it was one Duxford and another

1009

00:43:00,930 --> 00:42:56,920

one down here on the way to Southend the

1010

00:43:02,790 --> 00:43:00,940

m25 going around here strangely during

1011

00:43:06,840 --> 00:43:02,800

the conversation and I never dwelled on

1012

00:43:09,180 --> 00:43:06,850

it but I said at the time was there many

1013

00:43:10,530 --> 00:43:09,190

cars on the road and he said do you know

1014

00:43:13,080 --> 00:43:10,540

I've not really thought about he said

1015

00:43:15,720 --> 00:43:13,090

but now I come to think about it after

1016

00:43:17,670 --> 00:43:15,730

we saw that whatever it was he said I

1017

00:43:19,200 --> 00:43:17,680

don't recall any cars he said but there

1018

00:43:23,040 --> 00:43:19,210

must have been I just don't recall so

1019

00:43:24,870 --> 00:43:23,050

make of that what you will this is

1020

00:43:26,880 --> 00:43:24,880

something we fabricated but it's it

1021

00:43:28,650 --> 00:43:26,890

gives you a bit of an idea so the ducts

1022

00:43:30,390 --> 00:43:28,660

flare field just here what's just behind

1023

00:43:32,910 --> 00:43:30,400

here actually and there's those

1024

00:43:36,720 --> 00:43:32,920

travelling down here they saw six lights

1025

00:43:38,520 --> 00:43:36,730

in the sky over here now if you know the

1026  
00:43:41,160 --> 00:43:38,530  
area relatively well you'll know that

1027  
00:43:42,150 --> 00:43:41,170  
over in this area is where all the

1028  
00:43:44,370 --> 00:43:42,160  
planes are landing

1029  
00:43:46,589 --> 00:43:44,380  
that stands to the airport but it's

1030  
00:43:48,690 --> 00:43:46,599  
about 20 miles away and I put this to

1031  
00:43:50,700 --> 00:43:48,700  
him he said there's no way were they

1032  
00:43:52,710 --> 00:43:50,710  
airplanes of Stansted he said these were

1033  
00:43:54,960 --> 00:43:52,720  
really close and they were dancing

1034  
00:43:56,370 --> 00:43:54,970  
around and he used some terminology

1035  
00:43:58,440 --> 00:43:56,380  
which you'll hear again a little bit

1036  
00:44:00,809 --> 00:43:58,450  
later on and that's another one of those

1037  
00:44:03,870 --> 00:44:00,819  
synchronicity I'll think of myself you

1038  
00:44:06,900 --> 00:44:03,880

know it's sometimes sometimes you know

1039

00:44:08,339 --> 00:44:06,910

coincidences possibly aren't just

1040

00:44:10,559 --> 00:44:08,349

coincidences but he said they were

1041

00:44:12,240 --> 00:44:10,569

dancing around he said almost like

1042

00:44:15,630 --> 00:44:12,250

they're weaving out in and out of one

1043

00:44:17,339 --> 00:44:15,640

another they said and at some point he

1044

00:44:20,579 --> 00:44:17,349

said somewhat them had what looked like

1045

00:44:22,079 --> 00:44:20,589

a white light or silvery light coming

1046

00:44:25,680 --> 00:44:22,089

from down from underneath them

1047

00:44:27,000 --> 00:44:25,690

he pretty much never did them but that

1048

00:44:30,410 --> 00:44:27,010

was quite interesting because we've had

1049

00:44:33,210 --> 00:44:30,420

other people talking about that as well

1050

00:44:34,680 --> 00:44:33,220

which you'll see a bit later on so they

1051

00:44:36,599 --> 00:44:34,690

travel the rest of the journey he can't

1052

00:44:38,400 --> 00:44:36,609

remember seeing any cars his mother

1053

00:44:40,349 --> 00:44:38,410

can't remember seeing any cars but they

1054

00:44:42,270 --> 00:44:40,359

both said separately they must have been

1055

00:44:45,809 --> 00:44:42,280

she was just probably talking about

1056

00:44:48,990 --> 00:44:45,819

those red lights and they've left the

1057

00:44:51,180 --> 00:44:49,000

m25 now in there on that awful Road the

1058

00:44:53,789 --> 00:44:51,190

a12 780 well he's been down there we'll

1059

00:44:55,410 --> 00:44:53,799

know what I'm talking about and suddenly

1060

00:44:59,160 --> 00:44:55,420

there was a lot of light appearing above

1061

00:45:01,710 --> 00:44:59,170

the car and they looked up and here

1062

00:45:04,410 --> 00:45:01,720

again they both said there was I think

1063

00:45:06,480 --> 00:45:04,420

they said six discs flying over the car

1064

00:45:11,460 --> 00:45:06,490

very very low and they seemed to be

1065

00:45:12,930 --> 00:45:11,470

circled the car they pulled over and

1066

00:45:13,769 --> 00:45:12,940

this is pretty much what this saw they

1067

00:45:16,789 --> 00:45:13,779

said it

1068

00:45:19,589 --> 00:45:16,799

no noise it was silver gray in colour

1069

00:45:27,799 --> 00:45:19,599

and there was lots of multicolored

1070

00:45:32,490 --> 00:45:30,599

and they said as quick as they arrived

1071

00:45:35,849 --> 00:45:32,500

because it was almost as if they clicked

1072

00:45:37,440 --> 00:45:35,859

on they clicked off and it was gone they

1073

00:45:39,720 --> 00:45:37,450

looked around they pulled over a gateway

1074

00:45:41,069 --> 00:45:39,730

by now and they're looking around and

1075

00:45:43,980 --> 00:45:41,079

they just couldn't see them and they

1076  
00:45:46,859 --> 00:45:43,990  
carried on the journey I asked them do

1077  
00:45:48,180 --> 00:45:46,869  
you recall if there was any if the

1078  
00:45:50,160 --> 00:45:48,190  
journey took longer than it should have

1079  
00:45:50,840 --> 00:45:50,170  
been all these little things that we've

1080  
00:45:53,510 --> 00:45:50,850  
probably

1081  
00:45:55,610 --> 00:45:53,520  
and they didn't report anything anything

1082  
00:45:59,960 --> 00:45:55,620  
more so that's basically end of the

1083  
00:46:04,040 --> 00:45:59,970  
story that just rang dry after that so

1084  
00:46:06,830 --> 00:46:04,050  
go back to Newmarket this is the lady

1085  
00:46:09,920 --> 00:46:06,840  
she's the friend of the person who was

1086  
00:46:12,340 --> 00:46:09,930  
on here for start Debra and they got

1087  
00:46:15,590 --> 00:46:12,350  
together because they worked in the same

1088  
00:46:17,510 --> 00:46:15,600

sort of business and when they're

1089

00:46:21,020 --> 00:46:17,520

sharing the story well she was telling

1090

00:46:23,540 --> 00:46:21,030

she when was telling Debra her story and

1091

00:46:26,120 --> 00:46:23,550

Debra said well I've got a story that's

1092

00:46:28,430 --> 00:46:26,130

very similar she said but I've not told

1093

00:46:30,170 --> 00:46:28,440

anybody outside of my family from that

1094

00:46:32,150 --> 00:46:30,180

day to this and that's the story I told

1095

00:46:34,190 --> 00:46:32,160

you earlier but Quinn when has an

1096

00:46:36,290 --> 00:46:34,200

interesting story and this time she's

1097

00:46:41,450 --> 00:46:36,300

got a friend with her who confirmed the

1098

00:46:43,520 --> 00:46:41,460

whole story go through that so if you go

1099

00:46:45,440 --> 00:46:43,530

through the same truth town a new market

1100

00:46:46,640 --> 00:46:45,450

where we went earlier the other side you

1101

00:46:49,160 --> 00:46:46,650

actually go up a bit of a hill again I

1102

00:46:51,500 --> 00:46:49,170

told you about that this is a hill this

1103

00:46:53,360 --> 00:46:51,510

is a hill on our way you're right so it

1104

00:46:54,680 --> 00:46:53,370

doesn't look much of a hill but once you

1105

00:46:56,570 --> 00:46:54,690

get up to top there you turn around

1106

00:46:58,160 --> 00:46:56,580

that's where it's like important couples

1107

00:46:59,990 --> 00:46:58,170

go up there because you can see right

1108

00:47:01,730 --> 00:47:00,000

over the town of New Market and you can

1109

00:47:04,220 --> 00:47:01,740

see the other side where where that

1110

00:47:07,400 --> 00:47:04,230

other UFO was seen this particular night

1111

00:47:09,530 --> 00:47:07,410

when was 17 and she was driving around

1112

00:47:11,360 --> 00:47:09,540

the town they both just got a driving

1113

00:47:12,530 --> 00:47:11,370

license and she had a friend with her

1114

00:47:16,040 --> 00:47:12,540

and she went down this road which is

1115

00:47:18,110 --> 00:47:16,050

called Moulton Road and so she traveled

1116

00:47:19,640 --> 00:47:18,120

up along there between those trees

1117

00:47:21,020 --> 00:47:19,650

there's a cottage there and a little bit

1118

00:47:22,430 --> 00:47:21,030

further on there's a gateway they

1119

00:47:24,500 --> 00:47:22,440

decided to stop and have a cigarette

1120

00:47:27,050 --> 00:47:24,510

before going home because they didn't

1121

00:47:28,820 --> 00:47:27,060

really want to go home this is the

1122

00:47:31,430 --> 00:47:28,830

gateway they stopped in the hitch was

1123

00:47:33,140 --> 00:47:31,440

about half the height it is now now if

1124

00:47:34,640 --> 00:47:33,150

you turn in there there's a big car park

1125

00:47:37,580 --> 00:47:34,650

in there and there's a viewing platform

1126  
00:47:39,890 --> 00:47:37,590  
to view the race horses doing the

1127  
00:47:42,770 --> 00:47:39,900  
training but in those days it was just

1128  
00:47:44,660 --> 00:47:42,780  
this gateway and there's very few people

1129  
00:47:47,450 --> 00:47:44,670  
go up there that's why courting couples

1130  
00:47:49,670 --> 00:47:47,460  
music they reversed back in here the

1131  
00:47:51,500 --> 00:47:49,680  
small village OVA called mountain has

1132  
00:47:53,150 --> 00:47:51,510  
over there while they're having a

1133  
00:47:55,870 --> 00:47:53,160  
cigarette and talking with one on 7th a

1134  
00:47:59,060 --> 00:47:55,880  
cigarette the other one didn't smoke

1135  
00:48:02,180 --> 00:47:59,070  
this is what they saw now I have to come

1136  
00:48:03,280 --> 00:48:02,190  
up front and say once again they're now

1137  
00:48:05,500 --> 00:48:03,290  
looking

1138  
00:48:08,110 --> 00:48:05,510

over what would be Mildenhall airbase

1139

00:48:10,150 --> 00:48:08,120

which is an American air base logistics

1140

00:48:12,820 --> 00:48:10,160

base but there's other stuff going on

1141

00:48:15,510 --> 00:48:12,830

there it's literally about five miles

1142

00:48:18,820 --> 00:48:15,520

away it's looking directly toward that

1143

00:48:21,880 --> 00:48:18,830

hmm the strange thing is and here again

1144

00:48:23,860 --> 00:48:21,890

not made no conclusions to all this but

1145

00:48:26,500 --> 00:48:23,870

there seems to be a lot of orbit

1146

00:48:28,000 --> 00:48:26,510

activity around that airbase and just

1147

00:48:31,330 --> 00:48:28,010

down the road at Laeken beef which is

1148

00:48:33,760 --> 00:48:31,340

another American Air Base this is why

1149

00:48:36,700 --> 00:48:33,770

pinched talents taught story because

1150

00:48:38,980 --> 00:48:36,710

it's as a crow flies where this happened

1151

00:48:45,130 --> 00:48:38,990

is about two miles from where all the

1152

00:48:46,750 --> 00:48:45,140

story happens so anyway she said we was

1153

00:48:48,580 --> 00:48:46,760

watching this thing sort of seemed to be

1154

00:48:50,950 --> 00:48:48,590

bobbing around that was joined by one

1155

00:48:52,870 --> 00:48:50,960

another and then another and she said

1156

00:48:54,880 --> 00:48:52,880

they were dancing it looked like this

1157

00:48:56,830 --> 00:48:54,890

putting on a show now here again for

1158

00:48:59,050 --> 00:48:56,840

those who look a lot into aircraft know

1159

00:49:01,630 --> 00:48:59,060

how our aircraft at I live in the flight

1160

00:49:03,040 --> 00:49:01,640

path of mildenhall and when these big

1161

00:49:05,020 --> 00:49:03,050

planes are coming towards you got the

1162

00:49:06,460 --> 00:49:05,030

white light and the colored lights they

1163

00:49:08,140 --> 00:49:06,470

look almost like they're standing still

1164

00:49:10,060 --> 00:49:08,150

for ages they don't look like they're

1165

00:49:11,560 --> 00:49:10,070

moving and when they Bank over these

1166

00:49:15,040 --> 00:49:11,570

lights almost appear as though they're

1167

00:49:16,960 --> 00:49:15,050

tumbling but I'm pretty sure this wasn't

1168

00:49:18,610 --> 00:49:16,970

what she saw then I've actually shown

1169

00:49:20,440 --> 00:49:18,620

her that she said nothing like that

1170

00:49:22,480 --> 00:49:20,450

she oh these were dancing she said and

1171

00:49:27,310 --> 00:49:22,490

almost like the plank tag I think she

1172

00:49:29,340 --> 00:49:27,320

described it five or six of them she

1173

00:49:32,170 --> 00:49:29,350

said they were so orange red color um

1174

00:49:35,110 --> 00:49:32,180

and I guess she said it looked like they

1175

00:49:37,150 --> 00:49:35,120

were playing tag all of a sudden just

1176

00:49:38,740 --> 00:49:37,160

one of them left forward she said it

1177

00:49:40,780 --> 00:49:38,750

almost looked like we couldn't see it

1178

00:49:42,990 --> 00:49:40,790

move it was there and there it was in

1179

00:49:45,310 --> 00:49:43,000

front of us and landed in the field

1180

00:49:52,020 --> 00:49:45,320

opposite which she assumed it landed in

1181

00:49:56,160 --> 00:49:54,300

she humped a card or she was a bit

1182

00:49:58,440 --> 00:49:56,170

showing off a little bit in front of a

1183

00:50:00,390 --> 00:49:58,450

friend and I'm gonna have a look of a

1184

00:50:03,090 --> 00:50:00,400

friendly st. get back in get back in and

1185

00:50:05,190 --> 00:50:03,100

when the door opened and the light went

1186

00:50:09,180 --> 00:50:05,200

on almost at that time this is how she

1187

00:50:10,980 --> 00:50:09,190

recalls it there's this white light as

1188

00:50:14,280 --> 00:50:10,990

in the rough shape of a flying saucer

1189

00:50:17,310 --> 00:50:14,290

now she's had a look at this picture she

1190

00:50:18,780 --> 00:50:17,320

said it's the same but there was a lot

1191

00:50:24,000 --> 00:50:18,790

more like she said you couldn't it

1192

00:50:30,000 --> 00:50:24,010

wasn't so well defined as that no noise

1193

00:50:32,700 --> 00:50:30,010

no smell when she came around they felt

1194

00:50:35,190 --> 00:50:32,710

a bit a bit boo-boos what's going on

1195

00:50:36,570 --> 00:50:35,200

because it could flow over their car and

1196

00:50:38,490 --> 00:50:36,580

then almost an incident there was a

1197

00:50:39,960 --> 00:50:38,500

pitch blackness and she said what's just

1198

00:50:41,850 --> 00:50:39,970

come on she said did you see what I just

1199

00:50:43,740 --> 00:50:41,860

said they was talking about it anyway

1200

00:50:45,540 --> 00:50:43,750

they got a bit freaked out and bizarrely

1201  
00:50:46,710 --> 00:50:45,550  
they took a different route home they

1202  
00:50:48,900 --> 00:50:46,720  
turned right to go to that village

1203  
00:50:50,760 --> 00:50:48,910  
Moulton in a big new shape to go home

1204  
00:50:53,040 --> 00:50:50,770  
which puts about 10 minutes to your

1205  
00:50:54,420 --> 00:50:53,050  
journey they don't know why they went

1206  
00:50:59,040 --> 00:50:54,430  
that way because it's not the logical

1207  
00:51:00,300 --> 00:50:59,050  
way but as he got into Newmarket and in

1208  
00:51:02,670 --> 00:51:00,310  
the olden days when I was a youngster

1209  
00:51:04,440 --> 00:51:02,680  
all around the area I was like living in

1210  
00:51:06,690 --> 00:51:04,450  
America there was American cars

1211  
00:51:08,640 --> 00:51:06,700  
everywhere now when they come over

1212  
00:51:10,320 --> 00:51:08,650  
there's three air bases mildenhall lake

1213  
00:51:12,750 --> 00:51:10,330

beneath and felt well just down the road

1214

00:51:15,090 --> 00:51:12,760

now when these Americans come over most

1215

00:51:16,590 --> 00:51:15,100

of the time they just buy European cars

1216

00:51:18,510 --> 00:51:16,600

because it costs so much to ship them

1217

00:51:20,280 --> 00:51:18,520

over and so much hassle on what have you

1218

00:51:22,170 --> 00:51:20,290

they just buy European cars and dump

1219

00:51:25,500 --> 00:51:22,180

them into the the period they're over

1220

00:51:28,170 --> 00:51:25,510

here but they did notice this huge black

1221

00:51:30,450 --> 00:51:28,180

American car behind them and there's two

1222

00:51:33,030 --> 00:51:30,460

people in there and when they stopped at

1223

00:51:34,320 --> 00:51:33,040

when's this car stops further up the

1224

00:51:36,810 --> 00:51:34,330

road they ran in because they was

1225

00:51:39,570 --> 00:51:36,820

freaked out by it all and when they were

1226

00:51:40,920 --> 00:51:39,580

looked out later on it had gone but

1227

00:51:43,140 --> 00:51:40,930

bizarrely when they got back they

1228

00:51:44,810 --> 00:51:43,150

realized that two hours there was two

1229

00:51:47,140 --> 00:51:44,820

hours later than they should have been

1230

00:51:49,600 --> 00:51:47,150

and they had no no

1231

00:51:52,630 --> 00:51:49,610

count for that once again she never told

1232

00:51:55,510 --> 00:51:52,640

anybody about this for years and years

1233

00:51:57,580 --> 00:51:55,520

until she saw that we was carrying we

1234

00:51:59,740 --> 00:51:57,590

had our group in Newmarket in the local

1235

00:52:02,380 --> 00:51:59,750

newspaper she came along and that's when

1236

00:52:04,150 --> 00:52:02,390

she told me the story she told me the

1237

00:52:05,890 --> 00:52:04,160

story and for about a year

1238

00:52:08,920 --> 00:52:05,900

her friend who now lives in Scotland

1239

00:52:11,590 --> 00:52:08,930

wouldn't wouldn't talk to us about the

1240

00:52:13,210 --> 00:52:11,600

the incident at all she don't want to

1241

00:52:15,010 --> 00:52:13,220

talk about it and it freaked her out

1242

00:52:16,390 --> 00:52:15,020

when tried talking to her and she said I

1243

00:52:18,820 --> 00:52:16,400

just won't forget that she said it

1244

00:52:19,540 --> 00:52:18,830

scares me too much anyway to cut a long

1245

00:52:21,490 --> 00:52:19,550

story short

1246

00:52:23,230 --> 00:52:21,500

eventually we persuaded her to talk to

1247

00:52:25,210 --> 00:52:23,240

me and she told me the exact same story

1248

00:52:27,190 --> 00:52:25,220

apart from a couple of little nuances

1249

00:52:29,320 --> 00:52:27,200

which weren't quite the same but

1250

00:52:30,970 --> 00:52:29,330

basically she underlined everything that

1251

00:52:33,340 --> 00:52:30,980

Gwen had told me and she said that's

1252

00:52:37,480 --> 00:52:33,350

exactly how it was so once again you

1253

00:52:39,550 --> 00:52:37,490

make of it what you will we did we have

1254

00:52:43,270 --> 00:52:39,560

we've got a lady that lives about 50

1255

00:52:45,610 --> 00:52:43,280

miles away who does hypnotic regression

1256

00:52:48,130 --> 00:52:45,620

she's really good I wouldn't say she

1257

00:52:49,870 --> 00:52:48,140

never asks leading questions but she's

1258

00:52:52,060 --> 00:52:49,880

very sympathetic towards that she knows

1259

00:52:52,690 --> 00:52:52,070

how important it is not to ask leading

1260

00:52:55,060 --> 00:52:52,700

questions

1261

00:52:57,070 --> 00:52:55,070

and to steer people down a certain way

1262

00:52:59,650 --> 00:52:57,080

she's pretty good and we use her quite a

1263

00:53:02,560 --> 00:52:59,660

bit and we have got a regression now now

1264

00:53:05,410 --> 00:53:02,570

the regression lasted for about over two

1265

00:53:07,300 --> 00:53:05,420

periods for about four hours but we've

1266

00:53:10,240 --> 00:53:07,310

got you'll be pleased to know about a

1267

00:53:12,040 --> 00:53:10,250

minute well it's an interesting bit and

1268

00:53:14,560 --> 00:53:12,050

if you can try and remember the details

1269

00:53:16,180 --> 00:53:14,570

in there because bear in mind when has

1270

00:53:18,640 --> 00:53:16,190

never told anybody about this

1271

00:53:21,040 --> 00:53:18,650

we've got another lady further on who

1272

00:53:23,500 --> 00:53:21,050

with her two daughters has almost exact

1273

00:53:25,930 --> 00:53:23,510

same experience and it's the details

1274

00:53:27,070 --> 00:53:25,940

that she says is exactly the same as the

1275

00:53:30,400 --> 00:53:27,080

one you're gonna hear a bit later

1276  
00:53:32,740 --> 00:53:30,410  
now unfortunately now hold on a sec yep

1277  
00:53:33,970 --> 00:53:32,750  
we are next and unfortunately I'm going

1278  
00:53:35,380 --> 00:53:33,980  
to do this thing in with the microphone

1279  
00:53:38,160 --> 00:53:35,390  
again I know you might not be able to

1280  
00:53:41,470 --> 00:53:38,170  
hear it so my apologies if you don't

1281  
00:53:49,240 --> 00:53:41,480  
because when does mumble a bit

1282  
00:53:54,830 --> 00:53:51,950  
dragged through the race okay see you

1283  
00:53:56,720 --> 00:53:54,840  
noticed as you're being white light

1284  
00:54:00,830 --> 00:53:56,730  
there's a white light

1285  
00:54:04,190 --> 00:54:00,840  
can you describe just brighter it's like

1286  
00:54:06,500 --> 00:54:04,200  
and it's bright and white okay come

1287  
00:54:08,990 --> 00:54:06,510  
through the top of the roof and ask Pete

1288  
00:54:11,180 --> 00:54:09,000

where it's not just people what do they

1289

00:54:14,650 --> 00:54:11,190

look like can you look you can really

1290

00:54:20,060 --> 00:54:14,660

see them now they're peering around you

1291

00:54:27,520 --> 00:54:20,070

what do they look like skinny arms

1292

00:54:30,560 --> 00:54:27,530

skinny arms okay boulders head office

1293

00:54:32,390 --> 00:54:30,570

dark eyes just have a look around the

1294

00:54:34,370 --> 00:54:32,400

room see if you notice anything about

1295

00:54:37,070 --> 00:54:34,380

the room that you are in what does it

1296

00:54:39,740 --> 00:54:37,080

look like that's just white

1297

00:54:42,230 --> 00:54:39,750

that's right yeah all this is next to me

1298

00:54:45,230 --> 00:54:42,240

okay this is next to me okay

1299

00:54:48,110 --> 00:54:45,240

what's happening to Lucy right now just

1300

00:54:51,710 --> 00:54:48,120

looking at his undertaking I'm gonna

1301

00:54:54,380 --> 00:54:51,720

table what did they say they don't say

1302

00:54:56,450 --> 00:54:54,390

anything okay what do they impress on

1303

00:54:59,900 --> 00:54:56,460

you to eat what's their method of

1304

00:55:03,860 --> 00:54:59,910

communication to you or in the head

1305

00:55:07,130 --> 00:55:03,870

yeah telepathy okay so what do they

1306

00:55:11,030 --> 00:55:07,140

impress upon your fingers long fingers

1307

00:55:14,210 --> 00:55:11,040

okay so you can oppress this again upon

1308

00:55:19,280 --> 00:55:14,220

you now what do they say why do they

1309

00:55:25,730 --> 00:55:19,290

want your legs I have to say I was and

1310

00:55:26,870 --> 00:55:25,740

still am a little bit skeptical but

1311

00:55:28,280 --> 00:55:26,880

during the course of doing all I'll just

1312

00:55:31,700 --> 00:55:28,290

move off favor they're not upset

1313

00:55:38,660 --> 00:55:31,710

something um she was laying on the bed

1314

00:55:40,220 --> 00:55:38,670

naked by the way but I had a regression

1315

00:55:44,720 --> 00:55:40,230

because the man I wanted to know more

1316

00:55:46,460 --> 00:55:44,730

and I said some stuff and here again I

1317

00:55:47,740 --> 00:55:46,470

don't want telling in the Q&A if you if

1318

00:55:50,350 --> 00:55:47,750

you want to know

1319

00:55:51,940 --> 00:55:50,360

I said some stuff I couldn't possibly

1320

00:55:53,920 --> 00:55:51,950

know that was going to happen in the

1321

00:55:57,220 --> 00:55:53,930

future and it happened just weeks later

1322

00:55:58,300 --> 00:55:57,230

and you couldn't make this stuff up so

1323

00:56:00,670 --> 00:55:58,310

if you want to know I'll be pleased to

1324

00:56:03,430 --> 00:56:00,680

tell you later on so it took me from

1325

00:56:05,650 --> 00:56:03,440

somebody who was totally skeptical on on

1326  
00:56:08,290 --> 00:56:05,660  
regression to somebody who you know I'll

1327  
00:56:10,600 --> 00:56:08,300  
give it a fair crack and when you hear

1328  
00:56:14,530 --> 00:56:10,610  
what next person talks about a little

1329  
00:56:16,980 --> 00:56:14,540  
bit later excuse me it's it's almost

1330  
00:56:19,510 --> 00:56:16,990  
identical well so that was Gwen's

1331  
00:56:23,310 --> 00:56:19,520  
Quinn's experience Newmarket she went up

1332  
00:56:25,840 --> 00:56:23,320  
that hill and another little while ago

1333  
00:56:28,090 --> 00:56:25,850  
over here somewhere and Mike over here

1334  
00:56:29,970 --> 00:56:28,100  
came and did us a tour convey a couple

1335  
00:56:33,490 --> 00:56:29,980  
of months ago at our little Hut and

1336  
00:56:34,750 --> 00:56:33,500  
we're just basically there so if you

1337  
00:56:35,980 --> 00:56:34,760  
just walked across the field that's

1338  
00:56:37,720 --> 00:56:35,990

exactly where they were there's a big

1339

00:56:40,690 --> 00:56:37,730

field that's bit of a hill over there

1340

00:56:43,600 --> 00:56:40,700

that's where they were so on that night

1341

00:56:45,370 --> 00:56:43,610

they went here that being across here

1342

00:56:46,630 --> 00:56:45,380

and back to New Market that way when all

1343

00:56:59,220 --> 00:56:46,640

they needed to have done was going down

1344

00:57:02,170 --> 00:56:59,230

there thank you very much thank you

1345

00:57:04,510 --> 00:57:02,180

we've got about the same duration this

1346

00:57:06,250 --> 00:57:04,520

time as we just haven't kind gentlemen

1347

00:57:08,200 --> 00:57:06,260

over there is just we just had a chat

1348

00:57:10,090 --> 00:57:08,210

about helicopters my black helicopters

1349

00:57:13,690 --> 00:57:10,100

if you recall we discovered they were

1350

00:57:14,800 --> 00:57:13,700

choppers or Cobras that's what I saw and

1351

00:57:20,350 --> 00:57:14,810

I just couldn't remember them anymore

1352

00:57:24,970 --> 00:57:20,360

things like that right this could be

1353

00:57:29,880 --> 00:57:24,980

Allen's I'm hating this bit no it's not

1354

00:57:35,350 --> 00:57:32,880

photograph just outside Mildenhall again

1355

00:57:37,030 --> 00:57:35,360

just shoved it up there just to show you

1356

00:57:38,740 --> 00:57:37,040

there's a lot of words we had a lady

1357

00:57:39,730 --> 00:57:38,750

contact us just the other day and she

1358

00:57:42,280 --> 00:57:39,740

had an Ewald

1359

00:57:43,870 --> 00:57:42,290

she took a photograph of literally over

1360

00:57:46,960 --> 00:57:43,880

the base and she said it was just

1361

00:57:48,210 --> 00:57:46,970

bobbing up and down they people must

1362

00:57:51,420 --> 00:57:48,220

know this is happening

1363

00:57:53,370 --> 00:57:51,430

what they are I don't know right

1364

00:57:56,339 --> 00:57:53,380

here's some orbs that we've took off the

1365

00:57:57,630 --> 00:57:56,349

internet and I've shown to some of the

1366

00:57:59,970 --> 00:57:57,640

people that were talking about

1367

00:58:01,680 --> 00:57:59,980

orbs a lot in the next half and they

1368

00:58:03,599 --> 00:58:01,690

said it's almost identical to what

1369

00:58:05,370 --> 00:58:03,609

they've seen the reason I put it on here

1370

00:58:07,380 --> 00:58:05,380

is because if you look underneath some

1371

00:58:09,450 --> 00:58:07,390

of them there's the flashes that that

1372

00:58:12,870 --> 00:58:09,460

guy was talking about who saw these

1373

00:58:14,490 --> 00:58:12,880

earlier on down the m11 and I showed him

1374

00:58:16,410 --> 00:58:14,500

this footage and he said that's exactly

1375

00:58:18,839 --> 00:58:16,420

what it was like

1376  
00:58:20,760 --> 00:58:18,849  
apart from they were dancing around with

1377  
00:58:23,580 --> 00:58:20,770  
these little flashes underneath so here

1378  
00:58:24,870 --> 00:58:23,590  
we go there there is some sounds not

1379  
00:58:26,070 --> 00:58:24,880  
very loud knocking taking the microphone

1380  
00:58:32,580 --> 00:58:26,080  
now because it's just a bit of music

1381  
00:58:33,839 --> 00:58:32,590  
very only lasts about 30 seconds but if

1382  
00:58:35,790 --> 00:58:33,849  
you look underneath some of them you'll

1383  
00:58:38,760 --> 00:58:35,800  
see little flashes and I mean what they

1384  
00:58:40,349 --> 00:58:38,770  
are I don't know but we've had a few

1385  
00:58:44,490 --> 00:58:40,359  
people talk about these flashes

1386  
00:58:46,500 --> 00:58:44,500  
underneath now and and strangely when I

1387  
00:58:50,430 --> 00:58:46,510  
do the research either on the internet

1388  
00:58:52,080 --> 00:58:50,440

some of the books magazines nobody seems

1389

00:58:53,760 --> 00:58:52,090

to mention these flashes yet the local

1390

00:59:01,920 --> 00:58:53,770

people talk to me about it I've all

1391

00:59:03,300 --> 00:59:01,930

about these flashes well this I don't

1392

00:59:05,130 --> 00:59:03,310

know we just put I pulled off the

1393

00:59:06,930 --> 00:59:05,140

internet because these people were

1394

00:59:12,240 --> 00:59:06,940

talking about the flashes underneath and

1395

00:59:13,770 --> 00:59:12,250

I saw pretty much they're certainly not

1396

00:59:15,359 --> 00:59:13,780

all like as you'll see in a minute but

1397

00:59:18,180 --> 00:59:15,369

it started off as a triangle then they

1398

00:59:20,490 --> 00:59:18,190

went to a long bar and shot off but um

1399

00:59:25,560 --> 00:59:20,500

and a lot of the singular ones we're

1400

00:59:31,710 --> 00:59:25,570

showing right here tonight this is

1401  
00:59:33,859 --> 00:59:31,720  
probably a good likeness now give you

1402  
00:59:36,390 --> 00:59:33,869  
the grill here no pressure on this one

1403  
00:59:38,820 --> 00:59:36,400  
so it's another car chase theme was just

1404  
00:59:41,040 --> 00:59:38,830  
talking in the break actually and about

1405  
00:59:42,720 --> 00:59:41,050  
how the saucer or object while it was

1406  
00:59:44,880 --> 00:59:42,730  
seem to be glued to the top of the car

1407  
00:59:46,710 --> 00:59:44,890  
and it seems to happen a lot of read a

1408  
00:59:48,329 --> 00:59:46,720  
lot about it from these sort of

1409  
00:59:50,250 --> 00:59:48,339  
sightings all over the world as I'm sure

1410  
00:59:51,420 --> 00:59:50,260  
some of you have but certainly some of

1411  
00:59:54,390 --> 00:59:51,430  
them that I've investing

1412  
00:59:57,000 --> 00:59:54,400  
got the exact same story and this one of

1413  
00:59:59,569 --> 00:59:57,010

Alan's is no different but to give you a

1414

01:00:01,559 --> 00:59:59,579

bit of an idea where it's all happening

1415

01:00:03,299 --> 01:00:01,569

there's a couple in the car

1416

01:00:05,640 --> 01:00:03,309

an off-duty female police officer a

1417

01:00:08,069 --> 01:00:05,650

partner traveling home from Suffolk I

1418

01:00:10,890 --> 01:00:08,079

believe on the way to London South

1419

01:00:14,910 --> 01:00:10,900

London I think on the a11 and I think it

1420

01:00:18,480 --> 01:00:14,920

was about 11:00 p.m. the orientation

1421

01:00:20,099 --> 01:00:18,490

there's milk milk ball itself and you

1422

01:00:21,630 --> 01:00:20,109

can just make out for those close enough

1423

01:00:23,720 --> 01:00:21,640

there's the barracks where basically

1424

01:00:26,910 --> 01:00:23,730

just make out the runways they're

1425

01:00:29,010 --> 01:00:26,920

Lakenheath is that close and I've been

1426

01:00:31,470 --> 01:00:29,020

told from more than one source and some

1427

01:00:33,150 --> 01:00:31,480

of them are military people that there

1428

01:00:34,920 --> 01:00:33,160

is like a motorway system that goes

1429

01:00:38,040 --> 01:00:34,930

underneath the ground between the two

1430

01:00:40,170 --> 01:00:38,050

air bases that's true I don't know just

1431

01:00:42,569 --> 01:00:40,180

out here out of out of shock the picture

1432

01:00:44,760 --> 01:00:42,579

Azaria felt well another American base

1433

01:00:46,470 --> 01:00:44,770

and I think they're mainly into

1434

01:00:50,730 --> 01:00:46,480

listening in to radio traffic and stuff

1435

01:00:53,160 --> 01:00:50,740

they'll be probably lost domes but the

1436

01:00:56,670 --> 01:00:53,170

place has always been steeped in sort of

1437

01:00:59,460 --> 01:00:56,680

secret history and also flying saucers

1438

01:01:00,960 --> 01:00:59,470

just over here down here there's an

1439

01:01:02,970 --> 01:01:00,970

airbase there well it's not actually

1440

01:01:05,400 --> 01:01:02,980

near but it's an RAF base but it's it's

1441

01:01:07,140 --> 01:01:05,410

no aircraft there but just behind it

1442

01:01:08,670 --> 01:01:07,150

it's now an industrial estate but that's

1443

01:01:11,849 --> 01:01:08,680

where they used to make all the nuclear

1444

01:01:14,579 --> 01:01:11,859

warheads and it's a really interesting

1445

01:01:15,480 --> 01:01:14,589

place to go and visit and you'd never

1446

01:01:18,690 --> 01:01:15,490

know it was there

1447

01:01:20,460 --> 01:01:18,700

that was all about this area and down

1448

01:01:22,680 --> 01:01:20,470

his new market that we spoke about

1449

01:01:25,170 --> 01:01:22,690

earlier for this particular instant

1450

01:01:27,030 --> 01:01:25,180

happens between this big roundabout at

1451

01:01:29,970 --> 01:01:27,040

mildenhall as they're traveling down the

1452

01:01:33,450 --> 01:01:29,980

alley 11 going back home toward London

1453

01:01:36,780 --> 01:01:33,460

and it's more especially around this

1454

01:01:38,370 --> 01:01:36,790

area here I realize that most of you

1455

01:01:40,440 --> 01:01:38,380

don't know but it's funny I've had a

1456

01:01:42,930 --> 01:01:40,450

couple of people already say oh I know

1457

01:01:44,370 --> 01:01:42,940

these areas really well this is where I

1458

01:01:46,589 --> 01:01:44,380

happened I want to show you a day like

1459

01:01:47,150 --> 01:01:46,599

shot to give you an idea of where it all

1460

01:01:50,540 --> 01:01:47,160

we're

1461

01:01:52,760 --> 01:01:50,550

Liz but as I was traveling up this road

1462

01:01:55,040 --> 01:01:52,770

going back that direction head himself

1463

01:01:56,330 --> 01:01:55,050

they saw these left on the left they

1464

01:01:58,370 --> 01:01:56,340

thought were lights at the laser light

1465

01:02:00,590 --> 01:01:58,380

show and they soon realized that the

1466

01:02:06,050 --> 01:02:00,600

lights were actually coming from above

1467

01:02:10,400 --> 01:02:06,060

rather than going up here's the road in

1468

01:02:12,560 --> 01:02:10,410

the daylight lay by there and just

1469

01:02:14,780 --> 01:02:12,570

around the corner I don't know about

1470

01:02:16,940 --> 01:02:14,790

half a mile a mile something like that

1471

01:02:21,050 --> 01:02:16,950

there's there's a flyover bridge and

1472

01:02:22,370 --> 01:02:21,060

these lights were all just up here so

1473

01:02:25,450 --> 01:02:22,380

they pulled over and stopped the engine

1474

01:02:27,980 --> 01:02:25,460

in the lay-by to get a better bus and

1475

01:02:30,350 --> 01:02:27,990

quite quickly the object seemed to be

1476

01:02:33,350 --> 01:02:30,360

directly over the car almost as if it's

1477

01:02:36,110 --> 01:02:33,360

stuck again over top of the car the car

1478

01:02:37,790 --> 01:02:36,120

had a sunroof when they looked up it was

1479

01:02:40,220 --> 01:02:37,800

very close just as we've already heard

1480

01:02:42,620 --> 01:02:40,230

earlier and once again this is a picture

1481

01:02:45,770 --> 01:02:42,630

off the internet but just to demonstrate

1482

01:02:48,560 --> 01:02:45,780

what it could have looked like they said

1483

01:02:50,270 --> 01:02:48,570

it was around 30 feet across she said

1484

01:02:52,970 --> 01:02:50,280

she could see the lights and there's no

1485

01:02:55,160 --> 01:02:52,980

sound or smell after a short while they

1486

01:02:56,810 --> 01:02:55,170

both felt afraid and also and also

1487

01:03:00,380 --> 01:02:56,820

noises which I've heard a lot in these

1488

01:03:02,360 --> 01:03:00,390

sort of cases they started the car and

1489

01:03:04,910 --> 01:03:02,370

sped off onto the dual carriageway as

1490

01:03:08,030 --> 01:03:04,920

fast as possible all the time the saucer

1491

01:03:11,210 --> 01:03:08,040

stayed directly over the car as if stuck

1492

01:03:15,620 --> 01:03:11,220

to it here's the bridge just further

1493

01:03:17,900 --> 01:03:15,630

round on the a11 and they were fast

1494

01:03:19,880 --> 01:03:17,910

approaching 100 miles an hour the craft

1495

01:03:22,220 --> 01:03:19,890

was so low they thought it would crash

1496

01:03:24,620 --> 01:03:22,230

into this bridge just here but when they

1497

01:03:27,680 --> 01:03:24,630

got up to this bridge the thing seemed

1498

01:03:28,940 --> 01:03:27,690

to morph and sort of go round Justice I

1499

01:03:30,470 --> 01:03:28,950

don't know if it looked something like

1500

01:03:33,620 --> 01:03:30,480

that thing in Star Trek that's how I

1501

01:03:35,930 --> 01:03:33,630

imagined it how it how it looked I don't

1502

01:03:37,490 --> 01:03:35,940

know but Alan can probably tell you more

1503

01:03:39,380 --> 01:03:37,500

but it morphed around the bridge and

1504

01:03:43,730 --> 01:03:39,390

came out the other side and repositioned

1505

01:03:44,990 --> 01:03:43,740

itself over the car again not far along

1506

01:03:47,240 --> 01:03:45,000

the road a couple came upon some

1507

01:03:50,030 --> 01:03:47,250

roadworks bollards and lights etc at

1508

01:03:54,260 --> 01:03:50,040

this point the youth

1509

01:03:57,080 --> 01:03:54,270

sped away a couple arrived home very

1510

01:03:59,120 --> 01:03:57,090

late I have no record whether they lost

1511

01:04:01,850 --> 01:03:59,130

any time or not once again perhaps Allen

1512

01:04:03,890 --> 01:04:01,860

knows that bit but I don't they're tired

1513

01:04:04,730 --> 01:04:03,900

exhausted the next morning though the

1514

01:04:06,860 --> 01:04:04,740

car wouldn't start

1515

01:04:09,140 --> 01:04:06,870

battery's flat and he would be pushed

1516

01:04:11,840 --> 01:04:09,150

off same thing happened after work that

1517

01:04:13,610 --> 01:04:11,850

evening so they took the car into a

1518

01:04:15,890 --> 01:04:13,620

garage had to have the battery tested

1519

01:04:17,450 --> 01:04:15,900

when it was found to be dead in fact

1520

01:04:20,450 --> 01:04:17,460

there's no reason whatsoever

1521

01:04:22,220 --> 01:04:20,460

whoever thus given essentially fried I

1522

01:04:24,830 --> 01:04:22,230

guess and that's pretty much the end of

1523

01:04:28,720 --> 01:04:24,840

the story I mean as far as what I've got

1524

01:04:31,730 --> 01:04:28,730

Alan might have some other details but

1525

01:04:33,710 --> 01:04:31,740

right then onto little portal once again

1526

01:04:35,120 --> 01:04:33,720

this is where I used to well I still do

1527

01:04:38,590 --> 01:04:35,130

live a living the outskirts of Industry

1528

01:04:41,060 --> 01:04:38,600

and it seems to be a lot of UFO activity

1529

01:04:42,620 --> 01:04:41,070

as you can see by all the little markers

1530

01:04:44,810 --> 01:04:42,630

but there's a lot more we have a wave

1531

01:04:48,950 --> 01:04:44,820

I've just put some some of the more

1532

01:04:51,260 --> 01:04:48,960

recent ones on here this is 1999 and

1533

01:04:54,740 --> 01:04:51,270

this is the road the aw101 from

1534

01:04:56,300 --> 01:04:54,750

Mildenhall to little port now in the

1535

01:04:58,370 --> 01:04:56,310

fins because there are no hills

1536

01:05:02,570 --> 01:04:58,380

everything is dead flat the roads are

1537

01:05:05,810 --> 01:05:02,580

flat and really really straight and this

1538

01:05:07,220 --> 01:05:05,820

road is no different from here to little

1539

01:05:09,170 --> 01:05:07,230

port which you can't see there but you

1540

01:05:11,630 --> 01:05:09,180

will see the lights in a minute that's

1541

01:05:13,640 --> 01:05:11,640

about 4 miles from here over to there

1542

01:05:15,080 --> 01:05:13,650

and earlier the Cathedral City of the

1543

01:05:17,000 --> 01:05:15,090

LEAs just over here that's enough

1544

01:05:19,100 --> 01:05:17,010

another mom the normal Road you would

1545

01:05:21,260 --> 01:05:19,110

take you'd go down this road and then go

1546

01:05:23,600 --> 01:05:21,270

along a long straight road that way but

1547

01:05:25,250 --> 01:05:23,610

there is a small road go through here

1548

01:05:27,800 --> 01:05:25,260

it's a bit of a bumpy road so most

1549

01:05:29,690 --> 01:05:27,810

locals don't use it and this picture is

1550

01:05:33,790 --> 01:05:29,700

just the same just further round so

1551

01:05:38,810 --> 01:05:35,720

now you might better see this better

1552

01:05:40,580 --> 01:05:38,820

than I over here is really poor there's

1553

01:05:43,010 --> 01:05:40,590

eerie it's the same photograph you just

1554

01:05:45,920 --> 01:05:43,020

saw really but just darken the up but in

1555

01:05:46,580 --> 01:05:45,930

the distance this couple was a brother

1556

01:05:48,710 --> 01:05:46,590

and a sister

1557

01:05:51,530 --> 01:05:48,720

they were quite elderly they had gone to

1558

01:05:53,840 --> 01:05:51,540

see their sister who was poorly in a

1559

01:05:55,820 --> 01:05:53,850

home in Mildenhall and they were coming

1560

01:05:59,450 --> 01:05:55,830

back and they were coming past that

1561

01:06:00,410 --> 01:05:59,460

house she just saw a moment and the in

1562

01:06:03,830 --> 01:06:00,420

the distance

1563

01:06:08,900 --> 01:06:03,840

they saw a bright blue-white light just

1564

01:06:11,180 --> 01:06:08,910

there and he described it in an instant

1565

01:06:13,940 --> 01:06:11,190

he said there's no sensation of speed

1566

01:06:18,140 --> 01:06:13,950

other than it was gone past them as

1567

01:06:20,660 --> 01:06:18,150

quick as that and and that's pretty much

1568

01:06:22,850 --> 01:06:20,670

what it looked like I tried to my

1569

01:06:25,640 --> 01:06:22,860

limited skills on power and my

1570

01:06:27,860 --> 01:06:25,650

powerpoint on the art program to get

1571

01:06:30,170 --> 01:06:27,870

something likely described and he said

1572

01:06:33,650 --> 01:06:30,180

that's the best it looks what he what he

1573

01:06:36,590 --> 01:06:33,660

can recall it's a blink of an eye at

1574

01:06:38,960 --> 01:06:36,600

flash past them about 45 degrees and

1575

01:06:41,300 --> 01:06:38,970

this man is an aeroplane buff he goes

1576

01:06:43,130 --> 01:06:41,310

plane spotting I'm not saying he knows

1577

01:06:45,770 --> 01:06:43,140

everything about aeroplanes but he's

1578

01:06:47,330 --> 01:06:45,780

well into his aeroplanes and he sits

1579

01:06:48,920 --> 01:06:47,340

outside Lakenheath looking all the

1580

01:06:50,840 --> 01:06:48,930

fighter bombers mildenhall the various

1581

01:06:52,730 --> 01:06:50,850

other ones around the area he said I've

1582

01:06:53,210 --> 01:06:52,740

never seen a plane that travels that

1583

01:06:56,120 --> 01:06:53,220

fast

1584

01:06:58,400 --> 01:06:56,130

and he said it was about the size of a

1585

01:07:02,330 --> 01:06:58,410

fist outside of his car Oh as it has it

1586

01:07:03,860 --> 01:07:02,340

flew past flying is I used the term

1587

01:07:05,890 --> 01:07:03,870

flying but of course who knows what it's

1588

01:07:08,810 --> 01:07:05,900

doing is technically not flying possibly

1589

01:07:10,730 --> 01:07:08,820

it was sharp light it illuminated the

1590

01:07:12,800 --> 01:07:10,740

house as it went by and all the fields

1591

01:07:14,600 --> 01:07:12,810

it was like the light was illuminating

1592

01:07:16,880 --> 01:07:14,610

the fields and then an incident that was

1593

01:07:19,190 --> 01:07:16,890

behind him he did sound on the circus on

1594

01:07:21,860 --> 01:07:19,200

this occasion there was a sound like a

1595

01:07:24,650 --> 01:07:21,870

siren I said can you be more specific he

1596

01:07:26,480 --> 01:07:24,660

said be another siren that that used to

1597

01:07:29,300 --> 01:07:26,490

hear the Second World War where built up

1598

01:07:31,420 --> 01:07:29,310

and and it became loud it was just like

1599

01:07:34,130 --> 01:07:31,430

that but it petered off as it went past

1600

01:07:37,310 --> 01:07:34,140

which was a little bit unusual and

1601

01:07:38,930 --> 01:07:37,320

different so as it went past just in

1602

01:07:40,460 --> 01:07:38,940

here again and instantly looked in as

1603

01:07:42,020 --> 01:07:40,470

mere the rearview mirror I need to

1604

01:07:43,970 --> 01:07:42,030

travel behind him and when it was quite

1605

01:07:45,920 --> 01:07:43,980

small it just shot straight up into the

1606

01:07:49,880 --> 01:07:45,930

sky and disappeared and he saw nothing

1607

01:07:51,890 --> 01:07:49,890

of it no more of it after that there any

1608

01:07:55,130 --> 01:07:51,900

down slow bus I couldn't get his sister

1609

01:07:59,030 --> 01:07:55,140

to verify because she's since died but

1610

01:08:02,450 --> 01:07:59,040

once again you the man has got no reason

1611

01:08:03,980 --> 01:08:02,460

to line and since he seemed to tell his

1612

01:08:05,990 --> 01:08:03,990

story quite consistently all the way

1613

01:08:06,800 --> 01:08:06,000

through but that was his story at milk

1614

01:08:08,540 --> 01:08:06,810

all roads

1615

01:08:12,110 --> 01:08:08,550

down the road from where I lived about

1616

01:08:14,180 --> 01:08:12,120

four mile away this is an interesting

1617

01:08:17,270 --> 01:08:14,190

one it was with with some orbs it's a

1618

01:08:19,849 --> 01:08:17,280

two-part story really on two separate

1619

01:08:21,829 --> 01:08:19,859

occasions and the first one was 2001 and

1620

01:08:24,400 --> 01:08:21,839

happened just north of Peterborough

1621

01:08:27,020 --> 01:08:24,410

Peterborough's here at RAF Wittering

1622

01:08:30,410 --> 01:08:27,030

it's been the home of several different

1623

01:08:32,390 --> 01:08:30,420

aircraft in more recent times a Harrier

1624

01:08:35,090 --> 01:08:32,400

Jump Jet there's been helicopters based

1625

01:08:39,500 --> 01:08:35,100

there and all sorts and the second one

1626  
01:08:43,220 --> 01:08:39,510  
was down here and strangely enough that

1627  
01:08:44,750 --> 01:08:43,230  
one was only it happened about a few

1628  
01:08:47,599 --> 01:08:44,760  
hundred yards away from RAF Wittering

1629  
01:08:50,059 --> 01:08:47,609  
and this one happened about a mile or

1630  
01:08:52,460 --> 01:08:50,069  
two from RAF Alconbury which is an

1631  
01:08:55,099 --> 01:08:52,470  
American base which ring is a uk-based

1632  
01:08:56,990 --> 01:08:55,109  
that's American it's pretty much gone

1633  
01:09:00,230 --> 01:08:57,000  
now there are some Americans there still

1634  
01:09:01,910 --> 01:09:00,240  
but not many and it's it's mainly a big

1635  
01:09:07,579 --> 01:09:01,920  
industrial area now but it was a it was

1636  
01:09:09,140 --> 01:09:07,589  
a big deal today for this couple they

1637  
01:09:10,940 --> 01:09:09,150  
were backpacking bases they just had a

1638  
01:09:13,370 --> 01:09:10,950

week walking around and one heavy they

1639

01:09:14,230 --> 01:09:13,380

just walked had all day walking 30 miles

1640

01:09:16,700 --> 01:09:14,240

from Peterborough

1641

01:09:18,650 --> 01:09:16,710

and it's the surrounding countryside and

1642

01:09:22,610 --> 01:09:18,660

they were looking for a place to get was

1643

01:09:23,990 --> 01:09:22,620

getting dark and they they came upon so

1644

01:09:26,059 --> 01:09:24,000

I'm just looking from the red button

1645

01:09:27,110 --> 01:09:26,069

calling Western great wood which is next

1646

01:09:30,110 --> 01:09:27,120

to RAF Wittering

1647

01:09:32,510 --> 01:09:30,120

now there's RAF Wittering all there

1648

01:09:34,400 --> 01:09:32,520

that's the rather see the runway this is

1649

01:09:39,020 --> 01:09:34,410

the a1 the Great North Road traveling

1650

01:09:40,820 --> 01:09:39,030

north the south and the CA 47 which is a

1651

01:09:42,650 --> 01:09:40,830

major trunk road down past here and

1652

01:09:44,300 --> 01:09:42,660

literally the other side of the two

1653

01:09:46,070 --> 01:09:44,310

gates that go onto the airfield

1654

01:09:48,860 --> 01:09:46,080

there's Kali Western rate would just

1655

01:09:50,870 --> 01:09:48,870

there um it's quite interesting this

1656

01:09:52,610 --> 01:09:50,880

place it's been it's open and it's

1657

01:09:54,710 --> 01:09:52,620

decommissioned that's opening it but

1658

01:09:56,600 --> 01:09:54,720

they never leave it unattended on this

1659

01:09:59,180 --> 01:09:56,610

particular occasion when this happened

1660

01:10:00,530 --> 01:09:59,190

they have been decommissioned and passed

1661

01:10:02,390 --> 01:10:00,540

from a few guards and whatever there's

1662

01:10:05,480 --> 01:10:02,400

nothing else there no airplanes no

1663

01:10:08,480 --> 01:10:05,490

helicopters I know the the base very

1664

01:10:12,220 --> 01:10:08,490

well because for several months over

1665

01:10:14,770 --> 01:10:12,230

here is where the Harrier Jump Jets

1666

01:10:16,570 --> 01:10:14,780

here used to refuel and I have the job

1667

01:10:21,040 --> 01:10:16,580

of spraying these underground fuel tanks

1668

01:10:22,900 --> 01:10:21,050

out with a special stuff and and you'd

1669

01:10:24,460 --> 01:10:22,910

sell side having a lunch break and these

1670

01:10:26,440 --> 01:10:24,470

Harriers were landing literally where

1671

01:10:28,330 --> 01:10:26,450

the bar is right next to us fascinating

1672

01:10:30,729 --> 01:10:28,340

it really was none the more for that

1673

01:10:33,370 --> 01:10:30,739

golly west in great wood that's where

1674

01:10:35,050 --> 01:10:33,380

they decided to pitch and camp up for

1675

01:10:40,420 --> 01:10:35,060

the night literally the other side from

1676

01:10:41,830 --> 01:10:40,430

the from the air base they didn't

1677

01:10:43,420 --> 01:10:41,840

realize at the time but they were going

1678

01:10:45,520 --> 01:10:43,430

to be sleeping right next to the Cold

1679

01:10:47,860 --> 01:10:45,530

War munitions dump storage dump it's a

1680

01:10:50,680 --> 01:10:47,870

massive place it's all of the barbed

1681

01:10:52,420 --> 01:10:50,690

wire fence it was almost dark and they

1682

01:10:54,490 --> 01:10:52,430

could see some buildings in there and

1683

01:10:56,560 --> 01:10:54,500

they was just pitched up the tent and

1684

01:10:59,620 --> 01:10:56,570

they was just mattering basically

1685

01:11:02,110 --> 01:10:59,630

getting ready to go to bed it was around

1686

01:11:06,060 --> 01:11:02,120

about 11 o'clock he told me when between

1687

01:11:08,860 --> 01:11:06,070

the trees in the distance over here they

1688

01:11:11,020 --> 01:11:08,870

know they saw a bright orange light

1689

01:11:14,140 --> 01:11:11,030

which basically came to the fence almost

1690

01:11:15,850 --> 01:11:14,150

a game in an instant they estimated they

1691

01:11:18,520 --> 01:11:15,860

just hovered there for a few seconds

1692

01:11:20,650 --> 01:11:18,530

very much like this and once again this

1693

01:11:22,690 --> 01:11:20,660

is something I've made and I've sent it

1694

01:11:25,630 --> 01:11:22,700

to him I said was it anything like this

1695

01:11:27,790 --> 01:11:25,640

he said that's it he said that's exactly

1696

01:11:29,830 --> 01:11:27,800

how it was he said I had a texture a

1697

01:11:32,290 --> 01:11:29,840

little bit like an orange didn't seem to

1698

01:11:32,890 --> 01:11:32,300

be stable it seemed to be sort of moving

1699

01:11:34,780 --> 01:11:32,900

a little bit

1700

01:11:36,790 --> 01:11:34,790

and although this the edges were fairly

1701  
01:11:39,340 --> 01:11:36,800  
defined they weren't crisp it was almost

1702  
01:11:42,340 --> 01:11:39,350  
like there was a haze around it about 10

1703  
01:11:43,870 --> 01:11:42,350  
to 15 feet across they were shocked they

1704  
01:11:45,340 --> 01:11:43,880  
just froze where they stood for a few

1705  
01:11:47,620 --> 01:11:45,350  
seconds because they couldn't believe

1706  
01:11:50,080 --> 01:11:47,630  
what they were seeing then whether it

1707  
01:11:53,229 --> 01:11:50,090  
was showing off for what they both ran

1708  
01:11:54,790 --> 01:11:53,239  
toward it and they said they care no

1709  
01:11:57,100 --> 01:11:54,800  
sound from this thing all they heard was

1710  
01:11:58,540 --> 01:11:57,110  
the crunching of the leaves and and the

1711  
01:12:02,800 --> 01:11:58,550  
twigs and what-have-you beneath their

1712  
01:12:04,990 --> 01:12:02,810  
feet but as he approached the fence it

1713  
01:12:06,790 --> 01:12:05,000

just vanished into thin air they assumed

1714

01:12:09,130 --> 01:12:06,800

it went upwards because there was this

1715

01:12:12,190 --> 01:12:09,140

blur shape going upwards but he couldn't

1716

01:12:14,220 --> 01:12:12,200

confirm it went upwards but that's where

1717

01:12:17,700 --> 01:12:14,230

they thought it went just

1718

01:12:20,070 --> 01:12:17,710

appeared within the next four minutes

1719

01:12:22,560 --> 01:12:20,080

though the sky was alive with other

1720

01:12:24,240 --> 01:12:22,570

activity within seconds of this thing

1721

01:12:26,580 --> 01:12:24,250

shooting up in the sky there's a

1722

01:12:28,440 --> 01:12:26,590

helicopter flying overhead he said I

1723

01:12:30,270 --> 01:12:28,450

don't know my helicopters but it was a

1724

01:12:32,130 --> 01:12:30,280

military helicopter it wasn't one with a

1725

01:12:35,490 --> 01:12:32,140

little bauble on rivers you know it

1726

01:12:37,710 --> 01:12:35,500

looks like a military thing and it was

1727

01:12:40,290 --> 01:12:37,720

just going round and round and within

1728

01:12:42,390 --> 01:12:40,300

the four minutes possibly a little bit

1729

01:12:45,090 --> 01:12:42,400

later he can't be precise but there was

1730

01:12:49,590 --> 01:12:45,100

a jet aircraft circling the airbase as

1731

01:12:51,840 --> 01:12:49,600

well and once again these things were

1732

01:12:54,930 --> 01:12:51,850

there almost in an instant and it seems

1733

01:12:57,240 --> 01:12:54,940

almost like they knew they were going to

1734

01:12:59,729 --> 01:12:57,250

be there they were almost waiting they

1735

01:13:02,940 --> 01:12:59,739

didn't know the exact spot and I've

1736

01:13:07,200 --> 01:13:02,950

heard this so much over the years in

1737

01:13:08,580 --> 01:13:07,210

America Russia Europe and recently guys

1738

01:13:10,740 --> 01:13:08,590

have come from that your neck of the

1739

01:13:13,800 --> 01:13:10,750

woods come and talk to us about the

1740

01:13:15,300 --> 01:13:13,810

Pentek incident and it almost seems like

1741

01:13:18,210 --> 01:13:15,310

they were there waiting for that thing

1742

01:13:21,120 --> 01:13:18,220

to turn up whether there's some way that

1743

01:13:23,430 --> 01:13:21,130

they know these things are going to turn

1744

01:13:25,620 --> 01:13:23,440

up at certain times at certain places or

1745

01:13:27,780 --> 01:13:25,630

not I don't know but it does seem quite

1746

01:13:32,070 --> 01:13:27,790

suspicious and this was one of those

1747

01:13:33,600 --> 01:13:32,080

instances so they do something wasn't

1748

01:13:35,340 --> 01:13:33,610

right and the ball of light was just

1749

01:13:39,510 --> 01:13:35,350

unexplained but they just don't know

1750

01:13:41,430 --> 01:13:39,520

what to say about it and it's a bit more

1751

01:13:42,720 --> 01:13:41,440

about what it looked like there they

1752

01:13:44,640 --> 01:13:42,730

said there wasn't frightened when it was

1753

01:13:47,940 --> 01:13:44,650

there they said strangely it was almost

1754

01:13:50,070 --> 01:13:47,950

comforting and what's strange is I hear

1755

01:13:52,590 --> 01:13:50,080

that from lots of people who see these

1756

01:13:54,180 --> 01:13:52,600

things and I myself when I had the hairs

1757

01:13:57,300 --> 01:13:54,190

on back my neck all by the field and

1758

01:13:58,200 --> 01:13:57,310

tingling I wasn't afraid and once again

1759

01:13:59,700 --> 01:13:58,210

that's a good word

1760

01:14:04,290 --> 01:13:59,710

it was almost comforting it was almost

1761

01:14:06,060 --> 01:14:04,300

like an old friend anyway a little bit

1762

01:14:08,280 --> 01:14:06,070

about the bomb dump that they parked

1763

01:14:11,220 --> 01:14:08,290

themselves besides a massive area it was

1764

01:14:13,560 --> 01:14:11,230

built 1555 as a remote wet weapon store

1765

01:14:16,500 --> 01:14:13,570

and I've talked to an RF guy who was on

1766

01:14:18,450 --> 01:14:16,510

there and he C told me that that well

1767

01:14:20,010 --> 01:14:18,460

he's on Wittering not there and he said

1768

01:14:21,660 --> 01:14:20,020

they built them just off base and one of

1769

01:14:22,600 --> 01:14:21,670

so if something went up there's less

1770

01:14:25,090 --> 01:14:22,610

likelihood

1771

01:14:28,510 --> 01:14:25,100

in the air base it was just away from

1772

01:14:30,010 --> 01:14:28,520

major centers of population the F

1773

01:14:31,629 --> 01:14:30,020

they'll change you server several years

1774

01:14:33,970 --> 01:14:31,639

from a fighter station to Bomber Command

1775

01:14:36,250 --> 01:14:33,980

stationed that helicopters there at one

1776

01:14:38,470 --> 01:14:36,260

one point it was decommissioned then

1777

01:14:40,290 --> 01:14:38,480

reused and as I say the time when this

1778

01:14:42,520 --> 01:14:40,300

happened it had it was decommissioned

1779

01:14:46,600 --> 01:14:42,530

although there was definitely guards

1780

01:14:52,930 --> 01:14:46,610

there at the time there two kinds of

1781

01:14:54,669 --> 01:14:52,940

bunkers on there and these are they some

1782

01:14:58,629 --> 01:14:54,679

of them had soil all over top they look

1783

01:15:00,850 --> 01:14:58,639

look much more heavily sort of protected

1784

01:15:02,020 --> 01:15:00,860

in some way very similar to the ones I

1785

01:15:03,870 --> 01:15:02,030

told you where they made the nutria

1786

01:15:06,040 --> 01:15:03,880

bombs then they had these sort of huts

1787

01:15:10,720 --> 01:15:06,050

that didn't seem to have much protection

1788

01:15:12,669 --> 01:15:10,730

at all it's been this it's been the

1789

01:15:14,500 --> 01:15:12,679

venue for a couple of raves over the

1790

01:15:18,370 --> 01:15:14,510

years with a massive amount of people

1791

01:15:22,149 --> 01:15:18,380

there lots of bits and bobs have been

1792

01:15:23,290 --> 01:15:22,159

nicked off all the metal has gone for

1793

01:15:26,080 --> 01:15:23,300

scrap and what have your things that

1794

01:15:28,570 --> 01:15:26,090

they could take away and what's really

1795

01:15:30,459 --> 01:15:28,580

weird is though the grass is still I

1796

01:15:32,350 --> 01:15:30,469

wouldn't search kept like a lawn but

1797

01:15:34,419 --> 01:15:32,360

it's cut fairly regular so somebody's

1798

01:15:39,250 --> 01:15:34,429

still got an interest in there and who

1799

01:15:40,689 --> 01:15:39,260

that is I don't know so that's the end

1800

01:15:43,120 --> 01:15:40,699

of that little story but that's the two

1801  
01:15:45,640 --> 01:15:43,130  
partners or say and so that happened

1802  
01:15:47,649 --> 01:15:45,650  
near Peterborough RAF Wittering this

1803  
01:15:50,379 --> 01:15:47,659  
next one was a few years later it's the

1804  
01:15:53,430 --> 01:15:50,389  
same couple of actual fact and I think

1805  
01:15:56,649 --> 01:15:53,440  
they were married by now it happened in

1806  
01:15:58,840 --> 01:15:56,659  
2018 it was some so it's very very

1807  
01:16:02,020 --> 01:15:58,850  
recent 10:00 p.m. the same couple were

1808  
01:16:04,300 --> 01:16:02,030  
driving down this road here which is a

1809  
01:16:08,080 --> 01:16:04,310  
nothing road and the road that goes

1810  
01:16:11,350 --> 01:16:08,090  
across the back here is the B 666 60 and

1811  
01:16:13,300 --> 01:16:11,360  
over here somewhere is our a token berry

1812  
01:16:14,500 --> 01:16:13,310  
and they were travelling down here

1813  
01:16:15,970 --> 01:16:14,510

they're gonna turn right there's a

1814

01:16:16,810 --> 01:16:15,980

little village here they turn left and

1815

01:16:20,470 --> 01:16:16,820

go down the other

1816

01:16:22,390 --> 01:16:20,480

so those pylons if you can see them but

1817

01:16:24,520 --> 01:16:22,400

just about there somewhere as they was

1818

01:16:26,350 --> 01:16:24,530

coming down they see this what looked

1819

01:16:28,720 --> 01:16:26,360

like an orange ball in the distance I

1820

01:16:30,400 --> 01:16:28,730

mean they spoke about it and remembered

1821

01:16:33,430 --> 01:16:30,410

about what they'd seen in the woods and

1822

01:16:35,620 --> 01:16:33,440

was recalling the incident they said

1823

01:16:37,780 --> 01:16:35,630

this time the brightness was really

1824

01:16:41,860 --> 01:16:37,790

vivid but it seemed to be pulsating this

1825

01:16:43,990 --> 01:16:41,870

time and they're obviously glued on it

1826  
01:16:45,640 --> 01:16:44,000  
they traveled down this road and that's

1827  
01:16:47,620 --> 01:16:45,650  
pretty much what they saw here again

1828  
01:16:49,900 --> 01:16:47,630  
this is something I've made sent it to

1829  
01:16:51,790 --> 01:16:49,910  
him he said it's about the size and

1830  
01:16:53,620 --> 01:16:51,800  
that's the position it was in so at

1831  
01:16:55,570 --> 01:16:53,630  
least the positioning and everything now

1832  
01:17:03,790 --> 01:16:55,580  
I have to say at this point they did

1833  
01:17:05,980 --> 01:17:03,800  
take a photograph that wasn't sorry not

1834  
01:17:07,540 --> 01:17:05,990  
photograph it was a bit of footage but

1835  
01:17:08,890 --> 01:17:07,550  
because I was travelling in the car and

1836  
01:17:10,030 --> 01:17:08,900  
the camera you can imagine what it was

1837  
01:17:12,700 --> 01:17:10,040  
like you see them on the internet all

1838  
01:17:14,410 --> 01:17:12,710

the time and it was totally useless I

1839

01:17:15,970 --> 01:17:14,420

mean yes they film something but it

1840

01:17:17,830 --> 01:17:15,980

could have been anything so to

1841

01:17:26,920 --> 01:17:17,840

demonstrate what it looked like I've

1842

01:17:28,240 --> 01:17:26,930

made this but I have seen the footage so

1843

01:17:29,470 --> 01:17:28,250

they followed it toward this village

1844

01:17:31,720 --> 01:17:29,480

called saw tree that I became

1845

01:17:33,610 --> 01:17:31,730

unbelievably bright now it was pulsating

1846

01:17:36,010 --> 01:17:33,620

kept getting brighter they said they

1847

01:17:38,020 --> 01:17:36,020

pulled over into a nearby field entrance

1848

01:17:41,770 --> 01:17:38,030

which I'll show you in a minute and they

1849

01:17:43,900 --> 01:17:41,780

could see it moving parallel to them but

1850

01:17:46,420 --> 01:17:43,910

across around about four to five fields

1851

01:17:50,050 --> 01:17:46,430

away but their side of these pylons I

1852

01:17:52,270 --> 01:17:50,060

told told you about and then they said

1853

01:17:54,670 --> 01:17:52,280

just like in 2001 they just seemed to

1854

01:17:58,990 --> 01:17:54,680

blink out I said it didn't seem to go

1855

01:18:00,430 --> 01:17:59,000

anywhere I just just went down this is

1856

01:18:04,030 --> 01:18:00,440

the gateway where they saw so to give

1857

01:18:06,040 --> 01:18:04,040

you an idea of where we're at the road

1858

01:18:08,380 --> 01:18:06,050

they first saw it was right over that

1859

01:18:10,360 --> 01:18:08,390

side those trees in the distance they're

1860

01:18:12,550 --> 01:18:10,370

not these ones in the distance it was

1861

01:18:14,050 --> 01:18:12,560

this side of those trees when they came

1862

01:18:15,940 --> 01:18:14,060

down that side road that came up here

1863

01:18:17,950 --> 01:18:15,950

through the village there another lane

1864

01:18:20,230 --> 01:18:17,960

like the one you just saw and they saw

1865

01:18:24,570 --> 01:18:20,240

it going down here and somewhere between

1866

01:18:27,160 --> 01:18:24,580

these two pylons it just blinked out and

1867

01:18:29,459 --> 01:18:27,170

they said you could still see the tops

1868

01:18:32,430 --> 01:18:29,469

of the palms silhouetted against

1869

01:18:34,410 --> 01:18:32,440

the sky was clear night and he said I

1870

01:18:40,919 --> 01:18:34,420

can't be short of those two pylons but I

1871

01:18:41,729 --> 01:18:40,929

think that was so that's the end of that

1872

01:18:44,669 --> 01:18:41,739

story though

1873

01:18:48,209 --> 01:18:44,679

this is quite an interesting one couple

1874

01:18:51,149 --> 01:18:48,219

of young ladies who living together have

1875

01:18:53,580 --> 01:18:51,159

a two-part sighting and the first one is

1876

01:18:57,959 --> 01:18:53,590

here at down and Mark and the second one

1877

01:19:00,379 --> 01:18:57,969

here at help well then a market another

1878

01:19:03,359 --> 01:19:00,389

small market town and on this particular

1879

01:19:05,430 --> 01:19:03,369

occasion at one o'clock she looked at

1880

01:19:07,979 --> 01:19:05,440

the clock when she got up I said one

1881

01:19:09,570 --> 01:19:07,989

o'clock one of them gets up to get a

1882

01:19:11,370 --> 01:19:09,580

glass of water and she walks through to

1883

01:19:12,930 --> 01:19:11,380

the kitchen which which is literally

1884

01:19:16,109 --> 01:19:12,940

just a few feet away she knows she

1885

01:19:17,250 --> 01:19:16,119

walked in the dark and almost to me that

1886

01:19:19,620 --> 01:19:17,260

she walked in the room this is what

1887

01:19:23,490 --> 01:19:19,630

happened suddenly it lit up and there

1888

01:19:24,990 --> 01:19:23,500

was three bright white lights now she's

1889

01:19:27,149 --> 01:19:25,000

seen this picture they both have because

1890

01:19:29,040 --> 01:19:27,159

they saw both saw this and they said it

1891

01:19:31,080 --> 01:19:29,050

wasn't quite like that it was a lot lot

1892

01:19:32,609 --> 01:19:31,090

brighter but just I'm just put this on

1893

01:19:34,649 --> 01:19:32,619

here to illustration with a lot a lot

1894

01:19:37,620 --> 01:19:34,659

brighter and the whole room was just

1895

01:19:39,030 --> 01:19:37,630

brilliant white so wide it almost bled

1896

01:19:40,919 --> 01:19:39,040

everything out she said you know it's

1897

01:19:43,560 --> 01:19:40,929

almost like you couldn't see any detail

1898

01:19:47,689 --> 01:19:43,570

of anything she said they looked like

1899

01:19:50,939 --> 01:19:47,699

some kind of headlights on a car about

1900

01:19:53,100 --> 01:19:50,949

eight feet away but afterwards they said

1901

01:19:54,810 --> 01:19:53,110

what could have been a car because hey

1902

01:19:56,640 --> 01:19:54,820

there's just a parking space and then

1903

01:19:59,280 --> 01:19:56,650

there's fields not only that they live

1904

01:20:00,990 --> 01:19:59,290

on the first floor flat and then we got

1905

01:20:03,359 --> 01:20:01,000

talking about it and they'd been doing

1906

01:20:05,939 --> 01:20:03,369

their own research since and she said it

1907

01:20:07,859 --> 01:20:05,949

was very similar to that scene in Close

1908

01:20:09,390 --> 01:20:07,869

Encounters where Richard Dreyfuss is

1909

01:20:11,490 --> 01:20:09,400

sitting at the railway crossing and the

1910

01:20:14,640 --> 01:20:11,500

things behind him and goes up so it's

1911

01:20:16,530 --> 01:20:14,650

very similar to that but after what

1912

01:20:18,120 --> 01:20:16,540

seemed ages but was a second or two this

1913

01:20:23,040 --> 01:20:18,130

red light came on it seemed to be

1914

01:20:25,800 --> 01:20:23,050

scanning the whole place but all this

1915

01:20:28,709 --> 01:20:25,810

happened in just in in just seconds and

1916

01:20:30,209 --> 01:20:28,719

then she tried to get a picture on her

1917

01:20:31,919 --> 01:20:30,219

phone but if I would she couldn't get

1918

01:20:34,680 --> 01:20:31,929

the thing to work my hand was shaking

1919

01:20:35,730 --> 01:20:34,690

she couldn't get a picture later that

1920

01:20:37,740 --> 01:20:35,740

same evening when

1921

01:20:40,380 --> 01:20:37,750

is messing around with it she comes the

1922

01:20:45,330 --> 01:20:40,390

conclusion of battery was just fried if

1923

01:20:47,070 --> 01:20:45,340

you recall allen's friends encounter the

1924

01:20:50,300 --> 01:20:47,080

battery was fried well perhaps us a

1925

01:20:52,620 --> 01:20:50,310

similar thing going on here who knows

1926

01:20:55,110 --> 01:20:52,630

so without warning this thing backed off

1927

01:20:57,480 --> 01:20:55,120

to what they estimated 40 feet away I

1928

01:20:58,830 --> 01:20:57,490

just slowly moved away well these two

1929

01:21:00,420 --> 01:20:58,840

girls look quite young they're just

1930

01:21:03,480 --> 01:21:00,430

teenagers really but they were freaked

1931

01:21:05,070 --> 01:21:03,490

out by it all and they were crying and

1932

01:21:09,960 --> 01:21:05,080

they're panicking and what have you

1933

01:21:11,580 --> 01:21:09,970

tried to recognize the whole thing and

1934

01:21:13,110 --> 01:21:11,590

they asked he didn't get any conclusion

1935

01:21:17,540 --> 01:21:13,120

that still isn't a real conclusion to it

1936

01:21:19,830 --> 01:21:17,550

all but but by now they were wide awake

1937

01:21:21,960 --> 01:21:19,840

and they soon realized that when they

1938

01:21:24,150 --> 01:21:21,970

looked at the clock and one of them said

1939

01:21:25,950 --> 01:21:24,160

it's 2 o'clock than the other one see so

1940

01:21:28,050 --> 01:21:25,960

she said we looked at the clock when I

1941

01:21:30,360 --> 01:21:28,060

got up just 3 4 minutes ago and it was

1942

01:21:32,340 --> 01:21:30,370

one o'clock so they say they lost an

1943

01:21:33,720 --> 01:21:32,350

hour of time so they made a cup of tea

1944

01:21:35,370 --> 01:21:33,730

there's a little bit of toast and then

1945

01:21:38,760 --> 01:21:35,380

realize the toaster didn't work anymore

1946

01:21:40,500 --> 01:21:38,770

so it ended up in the skip whether

1947

01:21:42,180 --> 01:21:40,510

there's any connection a lot who knows

1948

01:21:47,880 --> 01:21:42,190

but I've shoved at images that there may

1949

01:21:49,290 --> 01:21:47,890

be a connection what interest once said

1950

01:21:50,850 --> 01:21:49,300

to the other one should oh my goodness

1951

01:21:52,170 --> 01:21:50,860

[h\_\_h] look at you a red rash on your neck

1952

01:21:55,560 --> 01:21:52,180

and look at his shoulders there's this

1953

01:21:57,900 --> 01:21:55,570

big V mark on his shoulder now it was

1954

01:22:00,060 --> 01:21:57,910

took by the other ones phone that was

1955

01:22:01,260 --> 01:22:00,070

still working he was in her bedroom and

1956

01:22:04,260 --> 01:22:01,270

they're not very good pictures but these

1957

01:22:07,110 --> 01:22:04,270

are this is the girl and you could GS

1958

01:22:08,880 --> 01:22:07,120

make out a little bit here but our black

1959

01:22:11,070 --> 01:22:08,890

and white didn't change the contrast you

1960

01:22:14,030 --> 01:22:11,080

would see a bit more there but I showed

1961

01:22:16,080 --> 01:22:14,040

her I showed them both of the picture of

1962

01:22:18,240 --> 01:22:16,090

Ross Reynolds the one I showed you

1963

01:22:19,920 --> 01:22:18,250

earlier I showed him that picture and

1964

01:22:21,240 --> 01:22:19,930

the girl said that's exactly what it

1965

01:22:24,650 --> 01:22:21,250

looked like but it was further up her

1966

01:22:26,970 --> 01:22:24,660

neck and you can just make it out there

1967

01:22:29,010 --> 01:22:26,980

so while she's taking this photo she's

1968

01:22:29,550 --> 01:22:29,020

bending over well this one's bending

1969

01:22:31,110 --> 01:22:29,560

over

1970

01:22:34,050 --> 01:22:31,120

she said my goodness sit at your feet

1971

01:22:35,580 --> 01:22:34,060

and when she looked down her feet were

1972

01:22:37,080 --> 01:22:35,590

there just got up out of bed her feet

1973

01:22:38,850 --> 01:22:37,090

were filthy dirty like she just walks

1974

01:22:40,890 --> 01:22:38,860

through a muddy field and there was

1975

01:22:43,680 --> 01:22:40,900

blood on both feet and they took a

1976

01:22:47,189 --> 01:22:43,690

picture of that as well

1977

01:22:48,660 --> 01:22:47,199

that's the picture thing so mother for a

1978

01:22:51,300 --> 01:22:48,670

feat though she's been walking outside

1979

01:22:53,900 --> 01:22:51,310

in the mud and there's blood and her

1980

01:22:58,110 --> 01:22:53,910

other foot got blood around here as well

1981

01:22:59,400 --> 01:22:58,120

I had to ask a question there there's no

1982

01:23:01,880 --> 01:22:59,410

chance that this could have been a

1983

01:23:08,700 --> 01:23:01,890

womanly thing going on here does it no

1984

01:23:10,470 --> 01:23:08,710

so it wasn't that this freaked them out

1985

01:23:12,240 --> 01:23:10,480

a lot and that's like night times they

1986

01:23:14,010 --> 01:23:12,250

couldn't sleep but they have more sorts

1987

01:23:16,170 --> 01:23:14,020

of problems so they asked the council to

1988

01:23:17,939 --> 01:23:16,180

move them then we've just moved into a

1989

01:23:19,860 --> 01:23:17,949

village about five or six eight miles

1990

01:23:22,860 --> 01:23:19,870

away something like that called out well

1991

01:23:24,090 --> 01:23:22,870

funnily enough it's the village where if

1992

01:23:26,220 --> 01:23:24,100

you looked at solving bungalow where I

1993

01:23:29,700 --> 01:23:26,230

lived it was about 20 miles away that's

1994

01:23:31,770 --> 01:23:29,710

where they live um however things didn't

1995

01:23:33,990 --> 01:23:31,780

stop they've seen UFOs on several

1996

01:23:36,360 --> 01:23:34,000

occasions I will show you a bit of

1997

01:23:39,689 --> 01:23:36,370

footage in a minute but they haven't

1998

01:23:41,100 --> 01:23:39,699

seen the solid lights that they saw on

1999

01:23:43,860 --> 01:23:41,110

that particular night anymore but

2000

01:23:45,450 --> 01:23:43,870

they've seen other lights in the sky and

2001  
01:23:46,740 --> 01:23:45,460  
sometimes they see this and it's usually

2002  
01:23:48,840 --> 01:23:46,750  
in the middle of the night after

2003  
01:23:51,209 --> 01:23:48,850  
midnight and then sometimes seen

2004  
01:23:54,570 --> 01:23:51,219  
shooting straight up in the sky in an

2005  
01:23:58,620 --> 01:23:54,580  
instant that's how they described it now

2006  
01:24:01,290 --> 01:23:58,630  
a little bit of footage here I'm gonna

2007  
01:24:03,590 --> 01:24:01,300  
play I'm tell you know I when I saw it I

2008  
01:24:05,910 --> 01:24:03,600  
thought this is just a hot air balloon

2009  
01:24:08,970 --> 01:24:05,920  
because believe it or not although it I

2010  
01:24:11,310 --> 01:24:08,980  
do believe something's going on I know

2011  
01:24:13,200 --> 01:24:11,320  
something's going on but I am quite

2012  
01:24:15,570 --> 01:24:13,210  
skeptical when I when I investigate

2013  
01:24:17,580 --> 01:24:15,580

these cases try to eliminate everything

2014

01:24:19,290 --> 01:24:17,590

I could possibly think of and they

2015

01:24:21,689 --> 01:24:19,300

filmed this and I thought that's a hot

2016

01:24:24,150 --> 01:24:21,699

air balloon they assure me that that's

2017

01:24:25,740 --> 01:24:24,160

the object they see on a regular basis

2018

01:24:27,720 --> 01:24:25,750

sometimes in the day but usually at

2019

01:24:29,700 --> 01:24:27,730

night and this is the same object that

2020

01:24:31,680 --> 01:24:29,710

shoots up in the sky and I was quite

2021

01:24:34,170 --> 01:24:31,690

skeptical until I had a chat with their

2022

01:24:36,720 --> 01:24:34,180

neighbors to see if they'd seen anything

2023

01:24:39,060 --> 01:24:36,730

and they said yeah we've had a barbecue

2024

01:24:41,250 --> 01:24:39,070

here one night and it was late was dark

2025

01:24:43,560 --> 01:24:41,260

and there was 12 of us stood and watched

2026

01:24:46,350 --> 01:24:43,570

this thing come along exactly like that

2027

01:24:49,140 --> 01:24:46,360

it was illuminated but sharp in the sky

2028

01:24:50,790 --> 01:24:49,150

so take out this what you feel but it

2029

01:24:53,820 --> 01:24:50,800

looked I know you won't see a very close

2030

01:24:56,070 --> 01:24:53,830

here but this looks very much to me like

2031

01:24:58,740 --> 01:24:56,080

a hot air balloon this has taken over

2032

01:25:00,479 --> 01:24:58,750

the kitchen window this is definitely a

2033

01:25:02,430 --> 01:25:00,489

bus

2034

01:25:04,500 --> 01:25:02,440

it doesn't appear to move at all and it

2035

01:25:06,300 --> 01:25:04,510

didn't show up in the sky maybe they

2036

01:25:07,890 --> 01:25:06,310

just seemed to stand there for ages it

2037

01:25:09,780 --> 01:25:07,900

didn't get any bigger it got those small

2038

01:25:12,840 --> 01:25:09,790

and there's about 10 minutes worth of

2039

01:25:14,640 --> 01:25:12,850

video and obviously it ain't putting on

2040

01:25:15,959 --> 01:25:14,650

this nothing else happens but they

2041

01:25:17,760 --> 01:25:15,969

assure me that's what goes up in the sky

2042

01:25:21,630 --> 01:25:17,770

and the neighbors have said that scenic

2043

01:25:23,430 --> 01:25:21,640

open sky all be night times and that's

2044

01:25:25,830 --> 01:25:23,440

pretty much the end of that that's seen

2045

01:25:28,370 --> 01:25:25,840

some strange apparitions and things like

2046

01:25:32,580 --> 01:25:28,380

that which I won't go into not now but

2047

01:25:36,390 --> 01:25:32,590

there's certainly a trouble to couple I

2048

01:25:39,479 --> 01:25:36,400

will just put it like that we're gonna

2049

01:25:41,030 --> 01:25:39,489

go down the m11 now to standards and

2050

01:25:45,810 --> 01:25:41,040

this is quite an interesting

2051

01:25:47,400 --> 01:25:45,820

sighting with another regression and in

2052

01:25:49,590 --> 01:25:47,410

case you're not aware of where Stansted

2053

01:25:52,380 --> 01:25:49,600

is I mean this Cambridge I live just

2054

01:25:54,180 --> 01:25:52,390

about there London's down here something

2055

01:25:55,500 --> 01:25:54,190

what we spoke about earlier them here so

2056

01:25:56,850 --> 01:25:55,510

this is the only level going down here

2057

01:26:02,010 --> 01:25:56,860

and standards and the airport is just

2058

01:26:03,390 --> 01:26:02,020

there a close up map for you this

2059

01:26:07,830 --> 01:26:03,400

particular incident that happened

2060

01:26:11,240 --> 01:26:07,840

November 2014 it was around about 7:30

2061

01:26:14,910 --> 01:26:11,250

and this woman who is now a group member

2062

01:26:16,800 --> 01:26:14,920

had her two children with her when child

2063

01:26:19,320 --> 01:26:16,810

I think was able ten years old

2064

01:26:22,950 --> 01:26:19,330

perhaps I on here I can't recall and the

2065

01:26:24,870 --> 01:26:22,960

other woman who was about 14 15 and and

2066

01:26:27,150 --> 01:26:24,880

they was with her she picked one of them

2067

01:26:29,939 --> 01:26:27,160

up from a mathematics or something

2068

01:26:32,340 --> 01:26:29,949

they'd come down this road here now this

2069

01:26:34,350 --> 01:26:32,350

is the m11 London's down here Cambridge

2070

01:26:37,020 --> 01:26:34,360

up there and there's a big service area

2071

01:26:39,600 --> 01:26:37,030

it's quite a massive service area over

2072

01:26:41,820 --> 01:26:39,610

here is the carpark areas to the airport

2073

01:26:44,010 --> 01:26:41,830

in the airports over here this is the

2074

01:26:46,590 --> 01:26:44,020

flight line where you often see jets

2075

01:26:48,510 --> 01:26:46,600

coming in to land across this road here

2076

01:26:49,830 --> 01:26:48,520

it's I don't know if it's the only way

2077

01:26:53,790 --> 01:26:49,840

they land but there's certainly a lot

2078

01:26:55,380 --> 01:26:53,800

travelled along there and this lady is

2079

01:26:56,370 --> 01:26:55,390

well away she only lives about five

2080

01:26:58,410 --> 01:26:56,380

miles from here

2081

01:27:01,350 --> 01:26:58,420

so she's well aware of what the airplane

2082

01:27:02,760 --> 01:27:01,360

look like that fly across the road on

2083

01:27:04,830 --> 01:27:02,770

this night she was traveling around the

2084

01:27:06,480 --> 01:27:04,840

roundabouts on this huge roundabout

2085

01:27:09,270 --> 01:27:06,490

round here and going down the slip road

2086

01:27:11,100 --> 01:27:09,280

to enter the m11 now about here there

2087

01:27:12,960 --> 01:27:11,110

was a boggy area it's growing it's

2088

01:27:14,610 --> 01:27:12,970

called growing up now and even when the

2089

01:27:17,930 --> 01:27:14,620

next photographs were taken it's more

2090

01:27:20,820 --> 01:27:17,940

grown up than it was at the time but

2091

01:27:22,290 --> 01:27:20,830

with her two children she traveled run

2092

01:27:24,090 --> 01:27:22,300

around while going down the slip road

2093

01:27:28,560 --> 01:27:24,100

and here's a picture of the slip road

2094

01:27:29,910 --> 01:27:28,570

going down and she looked to the left

2095

01:27:32,340 --> 01:27:29,920

because there's something caught her eye

2096

01:27:34,920 --> 01:27:32,350

and she said what god what's that and

2097

01:27:36,150 --> 01:27:34,930

the two kids looked over the oldest one

2098

01:27:38,280 --> 01:27:36,160

freaked out a little bit but the

2099

01:27:41,960 --> 01:27:38,290

youngest one said oh don't worry just a

2100

01:27:46,440 --> 01:27:41,970

UFO as if you see these things every day

2101  
01:27:51,030 --> 01:27:46,450  
it was motionless it hovered here and it

2102  
01:27:52,230 --> 01:27:51,040  
was a dark matte gunmetal color and this

2103  
01:27:54,420 --> 01:27:52,240  
is pretty much what the shape looked

2104  
01:27:55,800 --> 01:27:54,430  
like we're gonna get an artist's could

2105  
01:27:57,570 --> 01:27:55,810  
get a better rendition of what it looked

2106  
01:27:58,530 --> 01:27:57,580  
like fairly soon but this is the best

2107  
01:28:01,140 --> 01:27:58,540  
we've got at the moment

2108  
01:28:03,480 --> 01:28:01,150  
all three drew pictures separately from

2109  
01:28:05,460 --> 01:28:03,490  
one another and they all drew the exact

2110  
01:28:06,870 --> 01:28:05,470  
same shape and I've talked to them all

2111  
01:28:10,440 --> 01:28:06,880  
and they all gave the same story

2112  
01:28:12,060 --> 01:28:10,450  
separately from one another the mother

2113  
01:28:14,220 --> 01:28:12,070

has been regressed but the children

2114

01:28:16,890 --> 01:28:14,230

haven't yet she's not told them the

2115

01:28:20,280 --> 01:28:16,900

story what she found out on her

2116

01:28:22,830 --> 01:28:20,290

regression and when they're ready Jesus

2117

01:28:24,780 --> 01:28:22,840

she said - when you're ready we'll have

2118

01:28:25,980 --> 01:28:24,790

some regression done here but only when

2119

01:28:28,310 --> 01:28:25,990

they're ready is at the moment they're

2120

01:28:30,840 --> 01:28:28,320

both still a bit freaked out a little

2121

01:28:32,700 --> 01:28:30,850

they all said it was around about the

2122

01:28:35,370 --> 01:28:32,710

size of two to three tennis courts

2123

01:28:38,190 --> 01:28:35,380

inside in size they don't report any

2124

01:28:40,380 --> 01:28:38,200

sound whatsoever and they when described

2125

01:28:42,810 --> 01:28:40,390

as dark shaped and the other one

2126

01:28:44,820 --> 01:28:42,820

described as a Chinese throwing dye if

2127

01:28:46,740 --> 01:28:44,830

that means anything to you so and

2128

01:28:48,900 --> 01:28:46,750

looking at it from the side they said

2129

01:28:50,400 --> 01:28:48,910

that had a boat like belly to the bottom

2130

01:28:53,640 --> 01:28:50,410

of it and there was a light in each

2131

01:28:56,160 --> 01:28:53,650

corner coming down and the light going

2132

01:28:57,840 --> 01:28:56,170

through the middle strangely enough I've

2133

01:29:00,200 --> 01:28:57,850

seen this shape elsewhere and I've got a

2134

01:29:02,490 --> 01:29:00,210

picture off the internet whether it's

2135

01:29:04,580 --> 01:29:02,500

with us sort of made up each one I don't

2136

01:29:06,290 --> 01:29:04,590

know but it's almost identical to this

2137

01:29:12,380 --> 01:29:06,300

other than the cutaways which were quite

2138

01:29:13,910 --> 01:29:12,390

interesting we didn't back down this is

2139

01:29:15,530 --> 01:29:13,920

the picture I found on the Internet

2140

01:29:17,840 --> 01:29:15,540

and I've shown them they said that's

2141

01:29:20,480 --> 01:29:17,850

just the shape they saw other than

2142

01:29:23,960 --> 01:29:20,490

theirs had a cutaway and that light

2143

01:29:26,900 --> 01:29:23,970

wasn't great so it was brie white light

2144

01:29:28,910 --> 01:29:26,910

at the corners and an electric blue

2145

01:29:31,280 --> 01:29:28,920

swirling like in the middle and the

2146

01:29:32,780 --> 01:29:31,290

swirling lights they described as

2147

01:29:34,670 --> 01:29:32,790

looking at the looking like those

2148

01:29:36,680 --> 01:29:34,680

lampshades which is what this is indeed

2149

01:29:38,660 --> 01:29:36,690

but instead of being static she said it

2150

01:29:41,450 --> 01:29:38,670

was almost as though it's like a net

2151

01:29:43,970 --> 01:29:41,460

spinning round and that's how they

2152

01:29:48,160 --> 01:29:43,980

described what the all the lights look

2153

01:29:50,210 --> 01:29:48,170

like so got the hypnotic regression and

2154

01:29:52,610 --> 01:29:50,220

it'll be interesting if you can remember

2155

01:29:54,230 --> 01:29:52,620

what the other regression was like bear

2156

01:29:56,720 --> 01:29:54,240

in mind neither of these two people had

2157

01:29:58,250 --> 01:29:56,730

any interest in UFOs whatsoever this

2158

01:29:59,660 --> 01:29:58,260

lady spends a lot of time on her kids

2159

01:30:01,190 --> 01:29:59,670

and she's got no time to look into this

2160

01:30:03,470 --> 01:30:01,200

stuff but she does now which he didn't

2161

01:30:05,780 --> 01:30:03,480

then and their stories are almost

2162

01:30:08,240 --> 01:30:05,790

identical the first one they were

2163

01:30:11,270 --> 01:30:08,250

looking they were she said they were

2164

01:30:13,280 --> 01:30:11,280

harvesting eggs this time it's the

2165

01:30:16,160 --> 01:30:13,290

conclusion is slightly different but

2166

01:30:34,940 --> 01:30:16,170

almost everything else is identical once

2167

01:30:39,020 --> 01:30:34,950

again I'm sorry but I'm just I'm going

2168

01:30:49,730 --> 01:30:39,030

upwards how are you going upwards like a

2169

01:30:53,630 --> 01:30:49,740

flu deflating I just didn't I oh yeah

2170

01:30:57,470 --> 01:30:53,640

okay see the car you can see the car

2171

01:31:01,430 --> 01:30:57,480

below me yeah okay and how did you move

2172

01:31:04,550 --> 01:31:01,440

through the car just really work oh just

2173

01:31:07,680 --> 01:31:04,560

went up how do you feel in this moment I

2174

01:31:14,979 --> 01:31:11,020

space standing now where are you

2175

01:31:16,870 --> 01:31:14,989

standing likes to slap thing lay down

2176

01:31:21,100 --> 01:31:16,880

okay

2177

01:31:23,859 --> 01:31:21,110

but do you understand them

2178

01:31:24,600 --> 01:31:23,869

yeah and how do they communicate with

2179

01:31:42,580 --> 01:31:24,610

you

2180

01:31:46,510 --> 01:31:42,590

they've got three what did that fingers

2181

01:31:49,089 --> 01:31:46,520

look like it's very long with apple

2182

01:31:53,470 --> 01:31:49,099

sauce on the end and what does the slab

2183

01:31:54,399 --> 01:31:53,480

looks like silvery gray shiny shiny do

2184

01:31:58,330 --> 01:31:54,409

you know what it's made of

2185

01:32:01,359 --> 01:31:58,340

it's like metal it looks like it should

2186

01:32:03,729 --> 01:32:01,369

be cold but I sort of feel okay do you

2187

01:32:07,330 --> 01:32:03,739

are you wearing your clothes still yeah

2188

01:32:11,229 --> 01:32:07,340

and you're the girls still in the same

2189

01:32:13,839 --> 01:32:11,239

room yeah change there is that another

2190

01:32:17,589 --> 01:32:13,849

one of your Dorota yeah she's broken

2191

01:32:20,260 --> 01:32:17,599

she's walking yeah she was she in the

2192

01:32:22,450 --> 01:32:20,270

car with you she wasn't in the car with

2193

01:32:25,030 --> 01:32:22,460

did you know why she's there then

2194

01:32:28,510 --> 01:32:25,040

somehow she got there it was just

2195

01:32:33,790 --> 01:32:28,520

standing with them sisters and and she

2196

01:32:36,850 --> 01:32:33,800

has a small piano a small being with her

2197

01:32:38,859 --> 01:32:36,860

like the ones that you do the same so

2198

01:32:40,660 --> 01:32:38,869

she's got a small being with her um how

2199

01:32:42,760 --> 01:32:40,670

does she appear to shoot here scared or

2200

01:32:45,689 --> 01:32:42,770

just she parent yeah

2201

01:32:49,569 --> 01:32:45,699

do you talk to each other at all she's

2202

01:32:50,560 --> 01:32:49,579

just she's just trying to tell me

2203

01:32:55,439 --> 01:32:50,570

something

2204

01:33:00,399 --> 01:32:55,449

I'm moving I won't go in you got mean no

2205

01:33:01,479 --> 01:33:00,409

thanks supposed to be some of the beings

2206

01:33:05,410 --> 01:33:01,489

are going to the hinge

2207

01:33:06,459 --> 01:33:05,420

you said Jaden with Jose were getting

2208

01:33:09,580 --> 01:33:06,469

off the beds

2209

01:33:12,819 --> 01:33:09,590

stop things she was taking us still the

2210

01:33:14,830 --> 01:33:12,829

way she's taking her sisters away hmm

2211

01:33:18,939 --> 01:33:14,840

to a different path yeah

2212

01:33:21,910 --> 01:33:18,949

okay obviously there's a lot more to

2213

01:33:25,209 --> 01:33:21,920

that but some in I realized we've just

2214

01:33:27,220 --> 01:33:25,219

got one night here tonight did you find

2215

01:33:29,200 --> 01:33:27,230

most of those elements that she was

2216

01:33:32,439 --> 01:33:29,210

talking about we're almost identical to

2217

01:33:37,149 --> 01:33:32,449

to what when was talking about earlier

2218

01:33:39,189 --> 01:33:37,159

I played part of this and related to

2219

01:33:40,990 --> 01:33:39,199

Suzy Hanson once again for those who

2220

01:33:42,910 --> 01:33:41,000

know of her book with all soul

2221

01:33:45,580 --> 01:33:42,920

connection and all their experiences in

2222

01:33:51,010 --> 01:33:45,590

what have you and she says I feel sure

2223

01:33:51,609 --> 01:33:51,020

that the image of this woman's oldest

2224

01:33:56,620 --> 01:33:51,619

daughter

2225

01:33:58,689 --> 01:33:56,630

there in the distance yeah is a screen

2226

01:34:01,300 --> 01:33:58,699

memory it's it's it's either one of them

2227

01:34:03,370 --> 01:34:01,310

that's made to look like her daughter or

2228

01:34:05,890 --> 01:34:03,380

it's just a memory that they're put in

2229

01:34:08,260 --> 01:34:05,900

her head to have her relaxed and she

2230

01:34:10,899 --> 01:34:08,270

said I've seen this an actual fact it's

2231

01:34:13,419 --> 01:34:10,909

quoted in her book that very often maybe

2232

01:34:15,609 --> 01:34:13,429

when you go up this small grace take you

2233

01:34:18,729 --> 01:34:15,619

off and you go for lessons and tutorials

2234

01:34:20,800 --> 01:34:18,739

and all sorts of stuff and she said I'm

2235

01:34:22,810 --> 01:34:20,810

sure you said what you've just said is

2236

01:34:24,339 --> 01:34:22,820

identical wife and she said I've got it

2237

01:34:26,680 --> 01:34:24,349

in the book she said you can read it and

2238

01:34:29,200 --> 01:34:26,690

I have done and it isn't the book so it

2239

01:34:29,350 --> 01:34:29,210

when that was that I mean the case or

2240

01:34:31,300 --> 01:34:29,360

not

2241

01:34:33,070 --> 01:34:31,310

I don't know she the only real

2242

01:34:36,100 --> 01:34:33,080

difference was she was told she keep her

2243

01:34:39,459 --> 01:34:36,110

clothes on and where's the other one she

2244

01:34:41,080 --> 01:34:39,469

was she hadn't and and the only thing

2245

01:34:43,030 --> 01:34:41,090

that's not accurate on very accurate on

2246

01:34:45,129 --> 01:34:43,040

here is the slab that she was laying on

2247

01:34:47,080 --> 01:34:45,139

although the top looks very similar she

2248

01:34:49,240 --> 01:34:47,090

said it was almost like it was solid all

2249

01:34:50,470 --> 01:34:49,250

the way down to the floor but I couldn't

2250

01:34:54,459 --> 01:34:50,480

find one of those pictures on the

2251

01:34:57,399 --> 01:34:54,469

internet on the freighter anyway that

2252

01:34:59,470 --> 01:34:57,409

was the end of the story although in Q&A

2253

01:35:00,970 --> 01:34:59,480

I've got an awful amount I can tell you

2254

01:35:02,680 --> 01:35:00,980

about the family there's a lot of weird

2255

01:35:04,839 --> 01:35:02,690

things been going on but I won't go on

2256

01:35:06,640 --> 01:35:04,849

about it now but a lot of weird stuff

2257

01:35:09,220 --> 01:35:06,650

which relates to what you've just seen

2258

01:35:12,310 --> 01:35:09,230

as well this next one's a real shorty

2259

01:35:13,120 --> 01:35:12,320

for you and he's a group member I became

2260

01:35:15,490 --> 01:35:13,130

a group member

2261

01:35:18,339 --> 01:35:15,500

after this sighting and it wasn't until

2262

01:35:19,870 --> 01:35:18,349

he was relaying the story when his wife

2263

01:35:21,910 --> 01:35:19,880

said well I've seen strange things and

2264

01:35:23,620 --> 01:35:21,920

she taught me about stories when she was

2265

01:35:26,080 --> 01:35:23,630

8 years old with a parent

2266

01:35:27,760 --> 01:35:26,090

I've seeing a UFO chasing the car which

2267

01:35:30,010 --> 01:35:27,770

I won't be going into tonight but just

2268

01:35:31,680 --> 01:35:30,020

to give you a bit of an idea and the

2269

01:35:34,270 --> 01:35:31,690

reason I put this in it's so close to

2270

01:35:36,250 --> 01:35:34,280

some very famous places I mean here is

2271

01:35:38,230 --> 01:35:36,260

Rendlesham forest you've got the old

2272

01:35:40,240 --> 01:35:38,240

brain stone which I put on another

2273

01:35:41,500 --> 01:35:40,250

presentation which happened just before

2274

01:35:44,920 --> 01:35:41,510

the first world war

2275

01:35:47,080 --> 01:35:44,930

you have lots of instances of green and

2276  
01:35:49,420 --> 01:35:47,090  
red lights under the water some up and

2277  
01:35:51,190 --> 01:35:49,430  
coming out of the water I did a talk in

2278  
01:35:52,540 --> 01:35:51,200  
a prison just down here a category a

2279  
01:35:56,200 --> 01:35:52,550  
prison which is just about there

2280  
01:35:58,540 --> 01:35:56,210  
somewhere and many of the guards and the

2281  
01:35:59,800 --> 01:35:58,550  
then accordion mates now can't think

2282  
01:36:03,040 --> 01:35:59,810  
what they called them but something more

2283  
01:36:04,350 --> 01:36:03,050  
user-friendly I've seen these things

2284  
01:36:18,120 --> 01:36:04,360  
coming out of the water

2285  
01:36:22,300 --> 01:36:20,980  
visit there's an American fighter pilot

2286  
01:36:25,090 --> 01:36:22,310  
our members tourists milk mountain

2287  
01:36:27,040 --> 01:36:25,100  
tourists came along here and he was sent

2288  
01:36:30,360 --> 01:36:27,050

to vector in along with another guide to

2289

01:36:32,830 --> 01:36:30,370

intercept this huge UFO he locked on and

2290

01:36:34,390 --> 01:36:32,840

nothing happened and it was one radar

2291

01:36:37,180 --> 01:36:34,400

and everything and they've been sent

2292

01:36:38,800 --> 01:36:37,190

from the US a US base but it would've

2293

01:36:41,110 --> 01:36:38,810

been authorized by the UK authorities

2294

01:36:43,450 --> 01:36:41,120

that will happen just off this coast as

2295

01:36:44,920 --> 01:36:43,460

well loads of stuffing going on here and

2296

01:36:48,240 --> 01:36:44,930

that's why I'm putting this in although

2297

01:36:51,310 --> 01:36:48,250

the story here in itself isn't that

2298

01:36:53,100 --> 01:36:51,320

dynamic he but this is his house

2299

01:36:55,690 --> 01:36:53,110

I want this is his address to be kept

2300

01:36:57,430 --> 01:36:55,700

quiet which is not a problem it was

2301

01:37:00,520 --> 01:36:57,440

about 8:30 at night he knows the date

2302

01:37:03,190 --> 01:37:00,530

because his wife and two children that

2303

01:37:05,620 --> 01:37:03,200

gone out trick-or-treating and he was at

2304

01:37:07,030 --> 01:37:05,630

home on his own and he decided to have a

2305

01:37:09,370 --> 01:37:07,040

cigarette he wasn't allowed to smoke in

2306

01:37:10,570 --> 01:37:09,380

the house so he went to the back door

2307

01:37:13,660 --> 01:37:10,580

which is just the other side of that

2308

01:37:15,430 --> 01:37:13,670

gate there if you can see it and he was

2309

01:37:19,120 --> 01:37:15,440

smoking he just happened to look up in

2310

01:37:20,920 --> 01:37:19,130

this starlit sky this is not the starlit

2311

01:37:22,720 --> 01:37:20,930

sky actually put that in myself to just

2312

01:37:26,530 --> 01:37:22,730

give you an idea what it looked like and

2313

01:37:28,060 --> 01:37:26,540

what came gliding he called it oh they

2314

01:37:30,040 --> 01:37:28,070

called flying for a start but then he

2315

01:37:30,859 --> 01:37:30,050

changed he said it wasn't really flying

2316

01:37:33,169 --> 01:37:30,869

like an airplane

2317

01:37:35,449 --> 01:37:33,179

it was very slowly and almost colliding

2318

01:37:38,089 --> 01:37:35,459

he originally called it a triangle shape

2319

01:37:40,219 --> 01:37:38,099

but when I nailed him on a bit more it

2320

01:37:42,109 --> 01:37:40,229

was more like a triangle boomerang type

2321

01:37:44,239 --> 01:37:42,119

shape and I found some shapes off the

2322

01:37:47,149 --> 01:37:44,249

internet sent them to him my cell or any

2323

01:37:51,830 --> 01:37:47,159

of these and this is pretty much what he

2324

01:37:53,600 --> 01:37:51,840

said he saw he said he assumed it was

2325

01:37:55,939 --> 01:37:53,610

about the size of a passenger jet but

2326  
01:37:58,520 --> 01:37:55,949  
moved with an almost gliding appearance

2327  
01:38:01,219 --> 01:37:58,530  
she said it was silent five red lights

2328  
01:38:04,339 --> 01:38:01,229  
just as you can see here it was dark in

2329  
01:38:07,009 --> 01:38:04,349  
color dark gray or possibly black and it

2330  
01:38:09,109 --> 01:38:07,019  
travelled the way the apex was facing so

2331  
01:38:10,580 --> 01:38:09,119  
when I first saw her this is pretty much

2332  
01:38:13,310 --> 01:38:10,590  
what it's all just here and it just

2333  
01:38:16,159 --> 01:38:13,320  
glided over and went toward he said if

2334  
01:38:18,049 --> 01:38:16,169  
it kept going on that direction because

2335  
01:38:20,600 --> 01:38:18,059  
I showed him a map we've got to come to

2336  
01:38:22,219 --> 01:38:20,610  
South various other bits and bobs and it

2337  
01:38:24,439 --> 01:38:22,229  
would have flown right over Rendlesham

2338  
01:38:26,330 --> 01:38:24,449

forest whether there's any connection

2339

01:38:29,299 --> 01:38:26,340

probably not but but it would have gone

2340

01:38:30,770 --> 01:38:29,309

over Rendlesham forest and out to sea he

2341

01:38:32,149 --> 01:38:30,780

said where he said I see lots of

2342

01:38:33,919 --> 01:38:32,159

aircraft here because I think they've

2343

01:38:35,299 --> 01:38:33,929

got helicopters just down the road and

2344

01:38:39,619 --> 01:38:35,309

there's other planes Grove I said but

2345

01:38:42,439 --> 01:38:39,629

I've never seen anything like that the

2346

01:38:45,169 --> 01:38:42,449

whole thing any lasted 25 to 35 seconds

2347

01:38:47,119 --> 01:38:45,179

until it went off in the distance but in

2348

01:38:48,859 --> 01:38:47,129

the morning his wife noticed on his back

2349

01:38:50,689 --> 01:38:48,869

he got some strange marks and they'd

2350

01:38:53,330 --> 01:38:50,699

also customers at the same strange marks

2351  
01:38:55,429 --> 01:38:53,340  
on his arm and this is a photograph she

2352  
01:38:56,869 --> 01:38:55,439  
she took at the time here again whether

2353  
01:38:59,029 --> 01:38:56,879  
there's any relevance to or not

2354  
01:39:04,310 --> 01:38:59,039  
I don't know and this is the photograph

2355  
01:39:06,379 --> 01:39:04,320  
she took moving onto a double another

2356  
01:39:08,779 --> 01:39:06,389  
double of then this time it's a

2357  
01:39:11,540 --> 01:39:08,789  
Willingham just here there's another orb

2358  
01:39:13,939 --> 01:39:11,550  
event and where the parachute sighting

2359  
01:39:15,889 --> 01:39:13,949  
was was just there early in the first

2360  
01:39:18,759 --> 01:39:15,899  
presentation and then between this

2361  
01:39:20,929 --> 01:39:18,769  
sighting and that there that's rare than

2362  
01:39:23,029 --> 01:39:20,939  
parachutes you silly sources right next

2363  
01:39:25,429 --> 01:39:23,039

to that airbase what was and the second

2364

01:39:27,020 --> 01:39:25,439

ones down at Duxford again the exact

2365

01:39:30,560 --> 01:39:27,030

same spot where we we spoke about

2366

01:39:33,169 --> 01:39:30,570

earlier and a lot of these are near air

2367

01:39:34,819 --> 01:39:33,179

bases but then again you travel five

2368

01:39:35,070 --> 01:39:34,829

miles in any direction in these dangoon

2369

01:39:37,880 --> 01:39:35,080

you

2370

01:39:39,750 --> 01:39:37,890

there by service it's hardly surprising

2371

01:39:43,500 --> 01:39:39,760

he went outside to have a cigarette

2372

01:39:48,300 --> 01:39:43,510

whoops it's the wrong guy just had to be

2373

01:39:50,550 --> 01:39:48,310

done didn't he yeah yeah so very is his

2374

01:39:52,920 --> 01:39:50,560

ass outside having a cigarette and he

2375

01:39:54,720 --> 01:39:52,930

looks around about 30 degrees up he puts

2376

01:39:57,240 --> 01:39:54,730

and he saw a group of very bright lights

2377

01:40:00,510 --> 01:39:57,250

in a triangle shape it was still dark

2378

01:40:02,100 --> 01:40:00,520

and he said that's where it starts to

2379

01:40:04,170 --> 01:40:02,110

get interesting he said it's almost like

2380

01:40:05,580 --> 01:40:04,180

they started dancing he said they was

2381

01:40:07,640 --> 01:40:05,590

going round one another

2382

01:40:10,140 --> 01:40:07,650

I've asked him to describe the things

2383

01:40:13,290 --> 01:40:10,150

this is basically he was actually

2384

01:40:16,560 --> 01:40:13,300

standing just the other side of this

2385

01:40:17,760 --> 01:40:16,570

bush I wanted to go and photograph in

2386

01:40:19,890 --> 01:40:17,770

there but when I went there there was a

2387

01:40:21,570 --> 01:40:19,900

big ugly dog there and he weren't liking

2388

01:40:23,700 --> 01:40:21,580

me very much so I took the photograph

2389

01:40:27,660 --> 01:40:23,710

from the road but this is pretty much

2390

01:40:28,770 --> 01:40:27,670

what he saw and he said it was huge in

2391

01:40:30,750 --> 01:40:28,780

front of him he said they looked just

2392

01:40:33,360 --> 01:40:30,760

like oranges he said but a little bit

2393

01:40:35,550 --> 01:40:33,370

brighter than orange and also a little

2394

01:40:38,100 --> 01:40:35,560

bit more red than an orange he said but

2395

01:40:39,870 --> 01:40:38,110

some he said and it had a texture of an

2396

01:40:41,610 --> 01:40:39,880

orange he says he said and although it

2397

01:40:42,810 --> 01:40:41,620

was quite clear and crisp he said the

2398

01:40:44,040 --> 01:40:42,820

outside looked a little bit fuzzy

2399

01:40:45,180 --> 01:40:44,050

another where we heard this before

2400

01:40:47,550 --> 01:40:45,190

several times

2401  
01:40:53,250 --> 01:40:47,560  
anyway it was a triangle shape and he

2402  
01:40:55,920 --> 01:40:53,260  
was just nervous he said a second off

2403  
01:40:59,190 --> 01:40:55,930  
him he said they were much bigger than

2404  
01:41:03,480 --> 01:40:59,200  
the stars in the sky at the time he said

2405  
01:41:06,000 --> 01:41:03,490  
they ended up they made a horizontal

2406  
01:41:08,250 --> 01:41:06,010  
line there was no sound and he said he

2407  
01:41:11,520 --> 01:41:08,260  
ran upstairs to get his wife she came

2408  
01:41:14,250 --> 01:41:11,530  
down in a hurry with her phone and she

2409  
01:41:16,200 --> 01:41:14,260  
did take a short video clip and once

2410  
01:41:18,990 --> 01:41:16,210  
again I have seen the video clip and

2411  
01:41:20,640 --> 01:41:19,000  
once again I mean people say to me what

2412  
01:41:22,500 --> 01:41:20,650  
do people take photographs and videos of

2413  
01:41:24,990 --> 01:41:22,510

this stuff what people do but

2414

01:41:26,970 --> 01:41:25,000

unfortunately they use phones they

2415

01:41:28,470 --> 01:41:26,980

zoomed in to infinity and will you'll

2416

01:41:29,940 --> 01:41:28,480

get this little blobs which could be

2417

01:41:31,230 --> 01:41:29,950

anything and you blow them up and

2418

01:41:33,240 --> 01:41:31,240

there's just about six pixels there

2419

01:41:35,040 --> 01:41:33,250

which basically tell you very little and

2420

01:41:37,620 --> 01:41:35,050

that was another case but I have seen

2421

01:41:38,879 --> 01:41:37,630

the video and the date marries up with

2422

01:41:44,340 --> 01:41:38,889

when he said he saw this

2423

01:41:46,890 --> 01:41:44,350

well so the second sighting they had was

2424

01:41:49,010 --> 01:41:46,900

down the duxford so his Duxford on them

2425

01:41:52,859 --> 01:41:49,020

right and there's some of the hangars

2426  
01:41:54,450 --> 01:41:52,869  
and it was dark they were going shopping

2427  
01:41:57,120 --> 01:41:54,460  
somewhere near Randall and among those

2428  
01:41:59,479 --> 01:41:57,130  
big shopping areas there he said this

2429  
01:42:02,250 --> 01:41:59,489  
big bright ball of white light this time

2430  
01:42:05,100 --> 01:42:02,260  
almost bright like magnesium like

2431  
01:42:07,919 --> 01:42:05,110  
something really powerful was burning

2432  
01:42:09,810 --> 01:42:07,929  
away it disappeared and then reappeared

2433  
01:42:12,030 --> 01:42:09,820  
the other side of the road and it did

2434  
01:42:13,979 --> 01:42:12,040  
this a couple of times and they just

2435  
01:42:16,620 --> 01:42:13,989  
went past I asked them if there's other

2436  
01:42:18,120 --> 01:42:16,630  
cars on the road and said I think so but

2437  
01:42:20,129 --> 01:42:18,130  
he couldn't really recall to be honest

2438  
01:42:21,510 --> 01:42:20,139

and there was nothing else seem to

2439

01:42:23,189 --> 01:42:21,520

happen I said was you'd like getting

2440

01:42:26,040 --> 01:42:23,199

there where he was going he couldn't

2441

01:42:28,229 --> 01:42:26,050

recall so it pretty much wrapped the

2442

01:42:29,939 --> 01:42:28,239

trial run cold at that time a lot of

2443

01:42:32,250 --> 01:42:29,949

these these sightings I've shown you I

2444

01:42:33,540 --> 01:42:32,260

have spoken to airfields and lots of

2445

01:42:37,250 --> 01:42:33,550

people doing the research if there's

2446

01:42:39,090 --> 01:42:37,260

anything gone on and they also know I

2447

01:42:40,740 --> 01:42:39,100

told you earlier was going to be

2448

01:42:43,890 --> 01:42:40,750

visiting chat rest' this little sleepy

2449

01:42:47,580 --> 01:42:43,900

town which seems to be a bed of activity

2450

01:42:49,109 --> 01:42:47,590

it really does and chat recipe before

2451

01:42:50,550 --> 01:42:49,119

the - all the parachutes working they

2452

01:42:52,080 --> 01:42:50,560

went through Cottenham there he went all

2453

01:42:55,260 --> 01:42:52,090

this way up to here two chapters that's

2454

01:42:57,629 --> 01:42:55,270

where he lived about 20 miles this first

2455

01:43:03,240 --> 01:42:57,639

one is an elderly lady that lives on her

2456

01:43:06,660 --> 01:43:03,250

own she's close to 80 years old she's as

2457

01:43:08,850 --> 01:43:06,670

bright as a button even now she's

2458

01:43:10,950 --> 01:43:08,860

learning another language she she speaks

2459

01:43:13,439 --> 01:43:10,960

fluently three other languages

2460

01:43:15,510 --> 01:43:13,449

she's really sharp and she's got a

2461

01:43:17,129 --> 01:43:15,520

little faculties and she said I'll tell

2462

01:43:18,270 --> 01:43:17,139

you all my stories there's another one

2463

01:43:21,300 --> 01:43:18,280

which I won't share with you tonight

2464

01:43:23,430 --> 01:43:21,310

which happens somewhere else and there's

2465

01:43:25,740 --> 01:43:23,440

two here so I'll tell you my stories

2466

01:43:27,750 --> 01:43:25,750

providing you never mentioned my name or

2467

01:43:29,790 --> 01:43:27,760

my address she said because I don't want

2468

01:43:31,410 --> 01:43:29,800

them carting me off because they think

2469

01:43:34,380 --> 01:43:31,420

I'm gaga

2470

01:43:35,250 --> 01:43:34,390

so it's a very posh lady but I believe

2471

01:43:37,800 --> 01:43:35,260

every word she's saying

2472

01:43:39,810 --> 01:43:37,810

anyway she learn that she sleeps in the

2473

01:43:41,100 --> 01:43:39,820

bedroom was just here somewhere forget

2474

01:43:42,960 --> 01:43:41,110

that for the moment but that's where the

2475

01:43:45,060 --> 01:43:42,970

second sighting is and what we're now

2476

01:43:46,260 --> 01:43:45,070

going to be looking at is in this area

2477

01:43:47,670 --> 01:43:46,270

here you probably can't see them very

2478

01:43:49,800 --> 01:43:47,680

well but there's a couple of big trees

2479

01:43:52,080 --> 01:43:49,810

and some smaller trees in her but back

2480

01:43:53,730 --> 01:43:52,090

garden from there to there it's if

2481

01:43:56,870 --> 01:43:53,740

there's no distal distances from here to

2482

01:44:01,260 --> 01:43:59,340

she was shapes most of the time with a

2483

01:44:03,300 --> 01:44:01,270

window wide open which he did on this

2484

01:44:04,740 --> 01:44:03,310

particular night and she sleeps with the

2485

01:44:06,870 --> 01:44:04,750

blinds which you can see they're wide

2486

01:44:09,000 --> 01:44:06,880

open as well because she likes to see

2487

01:44:10,110 --> 01:44:09,010

the sky and while having the stars and

2488

01:44:12,480 --> 01:44:10,120

there's the view of the trees I

2489

01:44:14,460 --> 01:44:12,490

mentioned this particular night she woke

2490

01:44:16,320 --> 01:44:14,470

up quite suddenly and she said it was

2491

01:44:18,150 --> 01:44:16,330

almost purposeful it was almost like I

2492

01:44:19,320 --> 01:44:18,160

meant to wake up and look out the window

2493

01:44:21,180 --> 01:44:19,330

she said I've done it interested me

2494

01:44:23,580 --> 01:44:21,190

without looking and it was almost like

2495

01:44:26,700 --> 01:44:23,590

somebody instructed me to well they did

2496

01:44:28,650 --> 01:44:26,710

or not who knows but this is what she

2497

01:44:29,990 --> 01:44:28,660

saw she looked out the window beside her

2498

01:44:32,400 --> 01:44:30,000

bed this is still looking out a window

2499

01:44:33,780 --> 01:44:32,410

that's not a very good rendition of it's

2500

01:44:35,730 --> 01:44:33,790

just me to show you where it wasn't the

2501

01:44:37,230 --> 01:44:35,740

scale of it and she said there's this

2502

01:44:38,850 --> 01:44:37,240

thing that looked like an upturned boat

2503

01:44:42,450 --> 01:44:38,860

this is actually a picture that she did

2504

01:44:45,030 --> 01:44:42,460

she drew this um and she said all this

2505

01:44:46,920 --> 01:44:45,040

area was in the fluffy clouds and there

2506

01:44:49,050 --> 01:44:46,930

was no clouds about that night except

2507

01:44:51,090 --> 01:44:49,060

for this cloud and it was covering the

2508

01:44:52,860 --> 01:44:51,100

tree she couldn't see those trees it was

2509

01:44:54,990 --> 01:44:52,870

all round here this cloud she said and

2510

01:44:56,550 --> 01:44:55,000

it was going into the cloud she said

2511

01:44:58,890 --> 01:44:56,560

what and I thought this is this thing's

2512

01:45:00,630 --> 01:44:58,900

gonna crash into those trees she simply

2513

01:45:03,840 --> 01:45:00,640

kept going in and it didn't crash into

2514

01:45:05,490 --> 01:45:03,850

the trees um nothing else other than a

2515

01:45:08,330 --> 01:45:05,500

ship when it went in the cloud just

2516

01:45:11,430 --> 01:45:08,340

dispersed and there was nothing else

2517

01:45:14,430 --> 01:45:11,440

what she did say is that it was a

2518

01:45:16,350 --> 01:45:14,440

silvery a dull silvery looking the side

2519

01:45:18,240 --> 01:45:16,360

had blocked the planking on a boat and

2520

01:45:19,980 --> 01:45:18,250

the back although it looked like

2521

01:45:22,110 --> 01:45:19,990

planking I had a three-dimensional look

2522

01:45:24,750 --> 01:45:22,120

to the almost rocker a padded area but

2523

01:45:27,210 --> 01:45:24,760

it looked solid a little sort of doorway

2524

01:45:28,560 --> 01:45:27,220

type thing here she said but it wasn't a

2525

01:45:30,960 --> 01:45:28,570

door but it looked a bit like a doorway

2526

01:45:32,970 --> 01:45:30,970

and these skins what she presumed of

2527

01:45:34,440 --> 01:45:32,980

skins underneath and that's the best

2528

01:45:36,360 --> 01:45:34,450

description sheet you give me but it

2529

01:45:37,890 --> 01:45:36,370

looks pretty good but it it just went

2530

01:45:39,690 --> 01:45:37,900

into this cloud disappeared then the

2531

01:45:40,299 --> 01:45:39,700

cloud disappeared right outside her

2532

01:45:41,890 --> 01:45:40,309

bedroom

2533

01:45:45,760 --> 01:45:41,900

I know we're gonna say she could be

2534

01:45:47,470 --> 01:45:45,770

dreamed well she could be but um but

2535

01:45:51,120 --> 01:45:47,480

that's what she likened it to something

2536

01:45:54,189 --> 01:45:51,130

like that she said there was no sound

2537

01:45:59,100 --> 01:45:54,199

and she said just disappeared but she

2538

01:46:01,779 --> 01:45:59,110

did have another sighting in the lounge

2539

01:46:02,470 --> 01:46:01,789

here we go this is a picture taken from

2540

01:46:04,479 --> 01:46:02,480

her lounge

2541

01:46:05,319 --> 01:46:04,489

obviously a lounge isn't illuminated

2542

01:46:06,879 --> 01:46:05,329

yeah I'm going to show you what's

2543

01:46:10,750 --> 01:46:06,889

outside there so she lives on this

2544

01:46:16,149 --> 01:46:10,760

little cul-de-sac and just about there

2545

01:46:18,220 --> 01:46:16,159

there was this orange here a dog and she

2546

01:46:20,649 --> 01:46:18,230

looked up she was reading she looked up

2547

01:46:21,520 --> 01:46:20,659

and attracted to the window she saw the

2548

01:46:23,500 --> 01:46:21,530

orange orb

2549

01:46:24,819 --> 01:46:23,510

she had a muffled texture and she

2550

01:46:26,260 --> 01:46:24,829

described it looking a little like a

2551

01:46:27,399 --> 01:46:26,270

scotch egg well doesn't matter the

2552

01:46:29,229 --> 01:46:27,409

little bit like an orange that we've

2553

01:46:31,600 --> 01:46:29,239

been hearing about earlier yeah it was

2554

01:46:34,089 --> 01:46:31,610

about the size of a saucer about five

2555

01:46:36,129 --> 01:46:34,099

inches in diameter now when I was there

2556

01:46:37,660 --> 01:46:36,139

I looked behind where she was sitting to

2557

01:46:40,479 --> 01:46:37,670

see if there was any reflections in the

2558

01:46:42,310 --> 01:46:40,489

glass if there's a standby light so on

2559

01:46:43,779 --> 01:46:42,320

raising all the sorts of stuff there's

2560

01:46:45,970 --> 01:46:43,789

nothing there just a bookcase with

2561

01:46:49,209 --> 01:46:45,980

nothing there's no reflective surfaces

2562

01:46:52,120 --> 01:46:49,219

at all she said it just sat there for a

2563

01:46:53,680 --> 01:46:52,130

few seconds tis almost as I was looking

2564

01:46:56,859 --> 01:46:53,690

at her but that's obviously just what

2565

01:46:58,270 --> 01:46:56,869

she said and just blinked out I said

2566

01:46:59,649 --> 01:46:58,280

they sure didn't go in one way or

2567

01:47:02,680 --> 01:46:59,659

another she said like it just

2568

01:47:04,930 --> 01:47:02,690

disappeared just like that so that was

2569

01:47:08,799 --> 01:47:04,940

her her two sightings there was a third

2570

01:47:11,319 --> 01:47:08,809

in another place but but we're still in

2571

01:47:14,649 --> 01:47:11,329

chatter as' and on this occasion there

2572

01:47:20,799 --> 01:47:14,659

was a few witnesses two children a

2573

01:47:23,140 --> 01:47:20,809

mother and a guy who live next door it

2574

01:47:25,479 --> 01:47:23,150

was slightly gray and overcast on the

2575

01:47:27,310 --> 01:47:25,489

day when this happened but but when they

2576

01:47:28,629 --> 01:47:27,320

saw their what they called the UFO it

2577

01:47:32,549 --> 01:47:28,639

had brightened up by them there's gonna

2578

01:47:35,229 --> 01:47:32,559

have a barbecue in shared back garden

2579

01:47:37,319 --> 01:47:35,239

and within a little while this of this

2580

01:47:40,810 --> 01:47:37,329

big hot air balloon goes over the house

2581

01:47:43,029 --> 01:47:40,820

quite low and and about the time is

2582

01:47:46,299 --> 01:47:43,039

going over within them whew

2583

01:47:48,819 --> 01:47:46,309

15 20 minutes the Sun come out and it

2584

01:47:50,169 --> 01:47:48,829

soon brightened up they said there was

2585

01:47:52,419 --> 01:47:50,179

very little wind because

2586

01:47:55,330 --> 01:47:52,429

the hot air balloon took an age to go

2587

01:47:58,299 --> 01:47:55,340

over over top of the houses but had been

2588

01:48:00,339 --> 01:47:58,309

gone a little while and there was

2589

01:48:02,979 --> 01:48:00,349

getting barbecue all lit and one of the

2590

01:48:05,140 --> 01:48:02,989

children said the balloons back and they

2591

01:48:06,759 --> 01:48:05,150

saw something like this and I said can

2592

01:48:08,560 --> 01:48:06,769

you see it to the guy and he said oh yes

2593

01:48:12,100 --> 01:48:08,570

and they're looking at it and they

2594

01:48:14,679 --> 01:48:12,110

described it as like a spot in the sky

2595

01:48:16,120 --> 01:48:14,689

it shows it's overcast here but they

2596

01:48:18,040 --> 01:48:16,130

assured me that it was quite clear on

2597

01:48:19,810 --> 01:48:18,050

today this is just something I've put

2598

01:48:21,699 --> 01:48:19,820

together these are the actual visits

2599

01:48:23,469 --> 01:48:21,709

taken from the back garden but that's

2600

01:48:25,359 --> 01:48:23,479

something I put down there but once

2601  
01:48:28,270 --> 01:48:25,369  
again I've showed the two children the

2602  
01:48:30,520 --> 01:48:28,280  
mother and the the man this picture I

2603  
01:48:32,350 --> 01:48:30,530  
said is that what the the thing looked

2604  
01:48:34,569 --> 01:48:32,360  
like and they all agree that's exactly

2605  
01:48:36,069 --> 01:48:34,579  
what they saw she tried to film on a

2606  
01:48:40,569 --> 01:48:36,079  
farm but she couldn't seem to get it

2607  
01:48:41,979 --> 01:48:40,579  
focus in when she did show me she showed

2608  
01:48:45,339 --> 01:48:41,989  
me the picture of this all fuzzy and

2609  
01:48:48,449 --> 01:48:45,349  
out-of-focus again and so waste of time

2610  
01:48:50,679 --> 01:48:48,459  
putting on here really and to show you

2611  
01:48:51,969 --> 01:48:50,689  
well one of them said it was the

2612  
01:48:53,739 --> 01:48:51,979  
blackest thing as the woman says the

2613  
01:48:55,299 --> 01:48:53,749

blackest thing she's ever seen in the

2614

01:48:58,149 --> 01:48:55,309

sky was almost like there was a hole in

2615

01:49:01,209 --> 01:48:58,159

the sky although it was relatively clear

2616

01:49:02,799 --> 01:49:01,219

was a round a round circular object said

2617

01:49:04,779 --> 01:49:02,809

I had a fuzzy look around the outside of

2618

01:49:11,770 --> 01:49:04,789

her which I've tried to simulate on

2619

01:49:13,390 --> 01:49:11,780

there they said well it left I said how

2620

01:49:15,850 --> 01:49:13,400

did it leave her she said wind-up words

2621

01:49:17,620 --> 01:49:15,860

I said quickly slowly said just slowly

2622

01:49:19,509 --> 01:49:17,630

said it just seemed to go up and up and

2623

01:49:21,160 --> 01:49:19,519

up but she said and in a minute or so

2624

01:49:23,140 --> 01:49:21,170

whatever it was she said it just

2625

01:49:24,549 --> 01:49:23,150

disappeared the guy said it was hard to

2626

01:49:27,160 --> 01:49:24,559

judge his size but he thinks it was

2627

01:49:30,969 --> 01:49:27,170

bigger than they look somehow how we can

2628

01:49:32,560 --> 01:49:30,979

know that I don't know I unsettled all

2629

01:49:34,270 --> 01:49:32,570

of them quite a bit the kids were crying

2630

01:49:37,029 --> 01:49:34,280

the mother was crying even he was having

2631

01:49:39,549 --> 01:49:37,039

a few tears he said because none of them

2632

01:49:41,290 --> 01:49:39,559

really believed in flying saucers so

2633

01:49:43,000 --> 01:49:41,300

they did contact a local balloon right

2634

01:49:44,919 --> 01:49:43,010

company and see if that they were

2635

01:49:47,290 --> 01:49:44,929

balloon that went over top to see if

2636

01:49:51,580 --> 01:49:47,300

there was anybody there who saw this

2637

01:49:53,929 --> 01:49:51,590

thing and they never got back basically

2638

01:49:57,409 --> 01:49:53,939

and when I tried to follow it up

2639

01:50:00,759 --> 01:49:57,419

company had disappeared there are the

2640

01:50:01,879 --> 01:50:00,769

liquidation were just ceased trading

2641

01:50:05,379 --> 01:50:01,889

okay

2642

01:50:07,640 --> 01:50:05,389

nearly there back to little port now and

2643

01:50:08,449 --> 01:50:07,650

I'll show you where it is because you

2644

01:50:09,739 --> 01:50:08,459

know that already

2645

01:50:11,149 --> 01:50:09,749

right the car you saw the white light

2646

01:50:12,620 --> 01:50:11,159

come from another port over here that

2647

01:50:14,509 --> 01:50:12,630

went by in an instant that's where he

2648

01:50:15,979 --> 01:50:14,519

was there's a little lane go down beside

2649

01:50:18,439 --> 01:50:15,989

there there's the long straight road

2650

01:50:20,330 --> 01:50:18,449

this and I lived over here when I saw

2651

01:50:22,009 --> 01:50:20,340

mine looking that way this guy's the

2652

01:50:23,719 --> 01:50:22,019

other side of the village now this man

2653

01:50:25,759 --> 01:50:23,729

I've known almost all my life he's quite

2654

01:50:27,709 --> 01:50:25,769

a bit older than me so he's pretty

2655

01:50:31,250 --> 01:50:27,719

ancient is it possible it really is but

2656

01:50:33,040 --> 01:50:31,260

one thing he's as genuine as the day is

2657

01:50:35,929 --> 01:50:33,050

long I've never known him to lie

2658

01:50:40,669 --> 01:50:35,939

exaggerate he's what we call an old fen

2659

01:50:43,879 --> 01:50:40,679

boy he's he's he's it was a simple life

2660

01:50:47,350 --> 01:50:43,889

but he knows what he sees and is that

2661

01:50:51,199 --> 01:50:47,360

sort of guy he lives down a country lane

2662

01:50:52,669 --> 01:50:51,209

this is where this small bungalow and

2663

01:50:55,159 --> 01:50:52,679

that's where he was sleeping with his

2664

01:50:57,679 --> 01:50:55,169

wife on this particular evening they

2665

01:50:59,659 --> 01:50:57,689

cook they haven't met up the windows and

2666

01:51:02,799 --> 01:50:59,669

they although they have curtains they're

2667

01:51:05,149 --> 01:51:02,809

not blind but they are very very thick

2668

01:51:07,279 --> 01:51:05,159

on this particular night there's asleep

2669

01:51:09,890 --> 01:51:07,289

and all of a sudden this bright white

2670

01:51:13,429 --> 01:51:09,900

light remembering what the two girls saw

2671

01:51:15,500 --> 01:51:13,439

earlier lit up the whole room and I said

2672

01:51:17,089 --> 01:51:15,510

it won't his wife as well and he said

2673

01:51:19,640 --> 01:51:17,099

I've never seen a light like we should

2674

01:51:22,850 --> 01:51:19,650

we have cars turning round occasionally

2675

01:51:24,709 --> 01:51:22,860

in the Gateway opposite which I'll show

2676  
01:51:26,330 --> 01:51:24,719  
you in the moment he said but I've never

2677  
01:51:28,310 --> 01:51:26,340  
seen them look like that he said almost

2678  
01:51:28,879 --> 01:51:28,320  
some of the bits and pieces on their

2679  
01:51:30,649 --> 01:51:28,889  
cupboards

2680  
01:51:32,089 --> 01:51:30,659  
he said you almost couldn't make out

2681  
01:51:35,330 --> 01:51:32,099  
what they were these he said it's almost

2682  
01:51:38,239 --> 01:51:35,340  
like the whole rooms white and scared

2683  
01:51:40,339 --> 01:51:38,249  
them quite a bit he got up to go to the

2684  
01:51:46,159 --> 01:51:40,349  
window and when he got up the light went

2685  
01:51:47,629 --> 01:51:46,169  
out just bring straight out so this is

2686  
01:51:50,779 --> 01:51:47,639  
where it all happened looking at this

2687  
01:51:53,120 --> 01:51:50,789  
bedroom window it's a bit foggy in

2688  
01:51:55,129 --> 01:51:53,130

places because shootin the Scots picture

2689

01:51:56,719 --> 01:51:55,139

through glass there's houses going up

2690

01:51:58,840 --> 01:51:56,729

here now but the Gateway is just here

2691

01:52:00,750 --> 01:51:58,850

somewhere so when they back in then come

2692

01:52:03,120 --> 01:52:00,760

grounded charms light in their window

2693

01:52:05,860 --> 01:52:03,130

there's only one more house past

2694

01:52:07,840 --> 01:52:05,870

bungalow so the road doesn't go anywhere

2695

01:52:09,910 --> 01:52:07,850

so it's usually people that mistakenly

2696

01:52:12,340 --> 01:52:09,920

took the long term gone down there and

2697

01:52:13,780 --> 01:52:12,350

it doesn't happen very often so we were

2698

01:52:15,550 --> 01:52:13,790

darkened this picture up in a minute and

2699

01:52:18,340 --> 01:52:15,560

tell you what he saw I'll just describe

2700

01:52:21,160 --> 01:52:18,350

what he saw he said there was five what

2701  
01:52:23,230 --> 01:52:21,170  
looked like starfish coming down out of

2702  
01:52:24,610 --> 01:52:23,240  
the sky he said and they didn't quite

2703  
01:52:26,410 --> 01:52:24,620  
touch my front garden

2704  
01:52:28,540 --> 01:52:26,420  
there's his fence he's got a small

2705  
01:52:30,460 --> 01:52:28,550  
garden at the front here it didn't hit

2706  
01:52:33,040 --> 01:52:30,470  
the ground but they came down in his

2707  
01:52:35,620 --> 01:52:33,050  
garden he said they looked a bit like a

2708  
01:52:37,630 --> 01:52:35,630  
starfish like the stars you see flying

2709  
01:52:39,040 --> 01:52:37,640  
off her sparkler he said that's exactly

2710  
01:52:41,590 --> 01:52:39,050  
what they looked like and they were

2711  
01:52:45,430 --> 01:52:41,600  
golden in color and I said was they

2712  
01:52:48,100 --> 01:52:45,440  
traveling very fast slow he said like a

2713  
01:52:49,870 --> 01:52:48,110

man jogging something like that it

2714

01:52:51,580 --> 01:52:49,880

wasn't really fast but it was you know

2715

01:52:54,190 --> 01:52:51,590

you couldn't hardly keep up with it I

2716

01:52:55,930 --> 01:52:54,200

was thinking a shooting star something

2717

01:52:57,760 --> 01:52:55,940

like that although I've never seen or

2718

01:53:00,790 --> 01:52:57,770

know of anyone who's seen one or more

2719

01:53:02,710 --> 01:53:00,800

than one and this close to the ground or

2720

01:53:04,840 --> 01:53:02,720

anything and still said perhaps they do

2721

01:53:06,340 --> 01:53:04,850

I don't know this guy's that in the

2722

01:53:08,170 --> 01:53:06,350

middle of the fans all his life he's a

2723

01:53:10,390 --> 01:53:08,180

farmer boy he knows all the natural

2724

01:53:11,620 --> 01:53:10,400

stuff that goes around and I said have

2725

01:53:12,280 --> 01:53:11,630

you ever seen the shooting star that

2726

01:53:13,840 --> 01:53:12,290

looks like this

2727

01:53:15,430 --> 01:53:13,850

he said never he said they weren't

2728

01:53:17,410 --> 01:53:15,440

shooting stars but what they were I

2729

01:53:18,880 --> 01:53:17,420

don't know but we did do an impression

2730

01:53:20,620 --> 01:53:18,890

of what they looked like and he said

2731

01:53:22,900 --> 01:53:20,630

that's pretty damn close to what they

2732

01:53:26,110 --> 01:53:22,910

look like and this is what he saw out of

2733

01:53:27,040 --> 01:53:26,120

his bedroom window he said the four of

2734

01:53:28,720 --> 01:53:27,050

them five of them

2735

01:53:30,310 --> 01:53:28,730

four of milk some of the air came down

2736

01:53:34,000 --> 01:53:30,320

and just before I hit the ground they

2737

01:53:35,730 --> 01:53:34,010

just phased out he said and you can

2738

01:53:38,350 --> 01:53:35,740

follow them down there's going that slow

2739

01:53:41,290 --> 01:53:38,360

he said when they blinked out he said

2740

01:53:45,130 --> 01:53:41,300

there was another one traveled along

2741

01:53:47,770 --> 01:53:45,140

there on a parallel on a horizontal path

2742

01:53:50,830 --> 01:53:47,780

and that just blinked out as well when

2743

01:53:53,860 --> 01:53:50,840

they got about 30 40 feet away and it

2744

01:53:55,720 --> 01:53:53,870

looked something like that it didn't

2745

01:53:58,360 --> 01:53:55,730

have a trail that's me putting on just

2746

01:53:59,650 --> 01:53:58,370

to show you the sort of trajectory but

2747

01:54:02,670 --> 01:53:59,660

that's pretty much what they look like

2748

01:54:04,720 --> 01:54:02,680

starfish Misbah ordered another sparkler

2749

01:54:06,580 --> 01:54:04,730

well it was I don't know I'm still

2750

01:54:08,320 --> 01:54:06,590

saying no meteors

2751  
01:54:11,320 --> 01:54:08,330  
I've never known media to look like that

2752  
01:54:15,550 --> 01:54:11,330  
there we go ah this next one is another

2753  
01:54:18,490 --> 01:54:15,560  
group member he travels around as a

2754  
01:54:21,940 --> 01:54:18,500  
salesman and he was travelling between

2755  
01:54:23,920 --> 01:54:21,950  
two villages not far from Haverhill

2756  
01:54:26,170 --> 01:54:23,930  
that's somewhere there where we saw that

2757  
01:54:29,140 --> 01:54:26,180  
Ross Reynolds thingy it's just down the

2758  
01:54:32,650 --> 01:54:29,150  
road base Linton and another small

2759  
01:54:33,910 --> 01:54:32,660  
village Hill - um and there's a road go

2760  
01:54:35,410 --> 01:54:33,920  
around the back of the village and the

2761  
01:54:37,870 --> 01:54:35,420  
road called backroads that's where he

2762  
01:54:39,730 --> 01:54:37,880  
was traveling this is the road so he's

2763  
01:54:41,800 --> 01:54:39,740

traveling in that direction he was over

2764

01:54:43,570 --> 01:54:41,810

here this is on the edge of Linton and

2765

01:54:45,850 --> 01:54:43,580

he just plants us up and he sees what

2766

01:54:49,960 --> 01:54:45,860

looks a bit like a silver cigar there

2767

01:54:53,170 --> 01:54:49,970

windows no no wings no visible form of

2768

01:54:55,390 --> 01:54:53,180

propulsion it was a blue sky with a few

2769

01:54:57,010 --> 01:54:55,400

clouds in he's told me that there

2770

01:54:58,390 --> 01:54:57,020

probably wasn't quite as many clouds as

2771

01:55:00,010 --> 01:54:58,400

there are in this picture but there were

2772

01:55:03,910 --> 01:55:00,020

clouds about they look similar to that

2773

01:55:05,170 --> 01:55:03,920

and he looked at this object for about

2774

01:55:07,360 --> 01:55:05,180

20-30 seconds

2775

01:55:09,190 --> 01:55:07,370

and he said it was just going into this

2776

01:55:13,240 --> 01:55:09,200

cloud it was just travelling into this

2777

01:55:15,070 --> 01:55:13,250

cloud and it reminded me of the lady

2778

01:55:17,080 --> 01:55:15,080

from chapters we just saw where the

2779

01:55:18,880 --> 01:55:17,090

thing went into the cloud and he said

2780

01:55:23,140 --> 01:55:18,890

just like the lady lid and then came out

2781

01:55:25,090 --> 01:55:23,150

the other side and here again it's just

2782

01:55:26,980 --> 01:55:25,100

something wood made up but that's pretty

2783

01:55:29,710 --> 01:55:26,990

much what he saw he said it was a

2784

01:55:31,150 --> 01:55:29,720

silvery object as I say no tail wings or

2785

01:55:33,160 --> 01:55:31,160

anything like that went into the cloud

2786

01:55:35,650 --> 01:55:33,170

three times the length of a passenger

2787

01:55:37,720 --> 01:55:35,660

aircraft he estimated because he knows

2788

01:55:39,640 --> 01:55:37,730

whether he would assume is and used to

2789

01:55:41,800 --> 01:55:39,650

work on aircraft at Marshall's airfield

2790

01:55:44,050 --> 01:55:41,810

so he's got a bit of an idea of scale of

2791

01:55:45,640 --> 01:55:44,060

aircraft and what-have-you but and he

2792

01:55:46,210 --> 01:55:45,650

knows how high clouds are and that sort

2793

01:55:51,370 --> 01:55:46,220

of thing

2794

01:56:00,609 --> 01:55:51,380

no noise completely silent he said thank
