

1  
00:00:19,750 --> 00:00:09,940  
against Mochrie with

2  
00:00:27,320 --> 00:00:23,330  
gives everybody a real thing

3  
00:00:32,269 --> 00:00:27,330  
good those were beautiful portals

4  
00:00:34,430 --> 00:00:32,279  
although the portals ready yeah so being

5  
00:00:42,680 --> 00:00:34,440  
interested in this subject for a long

6  
00:00:45,460 --> 00:00:42,690  
time since since a young boy since a

7  
00:00:47,690 --> 00:00:45,470  
young boy have been interested in this

8  
00:00:50,110 --> 00:00:47,700  
but lots of experiences

9  
00:01:10,969 --> 00:00:50,120  
lots of stuff happened and it was until

10  
00:01:14,840 --> 00:01:10,979  
later on in my life and it was a subject

11  
00:01:19,300 --> 00:01:14,850  
of mine and through looking at our

12  
00:01:22,010 --> 00:01:19,310  
environment buildings and reasons why

13  
00:01:25,459 --> 00:01:22,020

pillars of the ship ships that they are

14

00:01:27,800 --> 00:01:25,469

I don't believe it just it was a lot of

15

00:01:29,749 --> 00:01:27,810

them I believe is some sort of structure

16

00:01:32,330 --> 00:01:29,759

or something involved whether it be a

17

00:01:38,179 --> 00:01:32,340

vortex of energy which is spiraling the

18

00:01:45,319 --> 00:01:38,189

hill upwards you can always tell same

19

00:01:55,249 --> 00:01:45,329

with buildings and churches and like

20

00:02:05,039 --> 00:02:02,010

yeah like to see what especially

21

00:02:06,959 --> 00:02:05,049

buildings and stuff like that and it

22

00:02:10,400 --> 00:02:06,969

seems this give a chunk of history which

23

00:02:13,110 --> 00:02:10,410

we've kind of lost so you can understand

24

00:02:16,500 --> 00:02:13,120

the function of these buildings what

25

00:02:19,170 --> 00:02:16,510

they still doing why there are shapes

26  
00:02:22,289 --> 00:02:19,180  
but each is the geometric symbols on the

27  
00:02:25,770 --> 00:02:22,299  
front why there are they just pretty are

28  
00:02:30,720 --> 00:02:25,780  
they just you know some architect it's

29  
00:02:31,410 --> 00:02:30,730  
just a pretty stained glass I don't

30  
00:02:33,660 --> 00:02:31,420  
think so

31  
00:02:35,699 --> 00:02:33,670  
so I'm going to cover a little bit of

32  
00:02:38,850 --> 00:02:35,709  
that tonight what have you a lot and

33  
00:02:40,440 --> 00:02:38,860  
then I'm gonna move down into three

34  
00:02:48,930 --> 00:02:40,450  
different kind of portals basically

35  
00:02:51,210 --> 00:02:48,940  
which I think still operate so let's try

36  
00:02:53,509 --> 00:02:51,220  
to cover up those definitely as much as

37  
00:02:56,940 --> 00:02:53,519  
I can and the ones that surround us as

38  
00:03:01,370 --> 00:02:56,950

mostly funny noises killed a hill in

39

00:03:05,610 --> 00:03:01,380

Swansea so meeting is a major portal

40

00:03:08,849 --> 00:03:05,620

really sightings at this place over the

41

00:03:10,440 --> 00:03:08,859

years including one when I was that was

42

00:03:12,960 --> 00:03:10,450

20 years of age or the world is the

43

00:03:14,819 --> 00:03:12,970

living math world around us and at seven

44

00:03:19,770 --> 00:03:14,829

o'clock in the morning there was a

45

00:03:21,750 --> 00:03:19,780

silver ball of the towers there I think

46

00:03:24,740 --> 00:03:21,760

I could stand on it but when I'm looking

47

00:03:28,600 --> 00:03:24,750

at it then a plane's going towards it so

48

00:03:30,970 --> 00:03:28,610

I need to work I'm excited

49

00:03:33,430 --> 00:03:30,980

the UFOs I'm telling everybody there I

50

00:03:39,700 --> 00:03:33,440

see the silver ball which you can see

51  
00:03:42,370 --> 00:03:39,710  
from the top up that's lovely but later

52  
00:03:47,680 --> 00:03:42,380  
on that day some guys came in from

53  
00:03:50,350 --> 00:03:47,690  
people and Darcy and his wife was

54  
00:03:52,420 --> 00:03:50,360  
working in the cantina and they told her

55  
00:03:54,580 --> 00:03:52,430  
they source of silver ball flying or

56  
00:03:57,100 --> 00:03:54,590  
beeping a dusty at seven o'clock in

57  
00:03:58,810 --> 00:03:57,110  
morning around that time so they all

58  
00:04:01,810 --> 00:03:58,820  
team up and see me when I was on the

59  
00:04:04,750 --> 00:04:01,820  
evening visible and he couldn't see me

60  
00:04:09,430 --> 00:04:04,760  
let me just share their experience so I

61  
00:04:12,880 --> 00:04:09,440  
think this place happens all the time

62  
00:04:16,349 --> 00:04:12,890  
but I think only when these television

63  
00:04:18,280 --> 00:04:16,359

masts that song done was just under

64

00:04:22,780 --> 00:04:18,290

think they are messing with the

65

00:04:25,420 --> 00:04:22,790

frequency of that girl I had on my

66

00:04:28,930 --> 00:04:25,430

escapades around that level I have some

67

00:04:33,850 --> 00:04:28,940

really great images and there's a storm

68

00:04:37,000 --> 00:04:33,860

circle in the forest off the site it

69

00:04:41,590 --> 00:04:37,010

just is with my phone I've said enough

70

00:04:43,510 --> 00:04:41,600

to be repaired and this is because he

71

00:04:46,120 --> 00:04:43,520

came back with all the pictures of

72

00:04:50,560 --> 00:04:46,130

filming that would and the beautiful Sun

73

00:04:53,920 --> 00:04:50,570

has gone into it and so this is stone

74

00:04:54,640 --> 00:04:53,930

stone on the side and then opposite

75

00:04:57,880 --> 00:04:54,650

morrison's

76

00:05:00,730 --> 00:04:57,890

there's a tunnel which goes directly in

77

00:05:03,130 --> 00:05:00,740

the film veil and he loves clean there's

78

00:05:05,500 --> 00:05:03,140

a mine next to it which is always half

79

00:05:07,480 --> 00:05:05,510

fun even still see down on it is half

80

00:05:09,490 --> 00:05:07,490

full and it's Tyler's work that we went

81

00:05:15,640 --> 00:05:09,500

up as far as we could pictures all of

82

00:05:18,370 --> 00:05:15,650

them but I think this place I think is

83

00:05:21,250 --> 00:05:18,380

full of some sort of precious metal at

84

00:05:23,920 --> 00:05:21,260

one point which I think was mined a

85

00:05:28,750 --> 00:05:23,930

quarry dirt and this is all these places

86

00:05:31,570 --> 00:05:28,760

work I think the precious metals vibrate

87

00:05:34,600 --> 00:05:31,580

with a frequency which speeds the whole

88

00:05:37,270 --> 00:05:34,610

area which opens up a portal which

89

00:05:37,790 --> 00:05:37,280

obviously some people know I was still

90

00:05:41,570 --> 00:05:37,800

used

91

00:05:44,450 --> 00:05:41,580

comedians know how to still use but

92

00:05:46,580 --> 00:05:44,460

that's a very very interesting place

93

00:05:48,680 --> 00:05:46,590

it's right on our doorstep just well

94

00:05:51,469 --> 00:05:48,690

with a lot because some of the stones

95

00:05:53,029 --> 00:05:51,479

there don't know could be part of the

96

00:05:54,890 --> 00:05:53,039

villa that's the only way to explain it

97

00:05:56,240 --> 00:05:54,900

this is very interesting and looking

98

00:05:59,510 --> 00:05:56,250

back at the history of the hill

99

00:06:01,820 --> 00:05:59,520

there was a cave metric accurately used

100

00:06:03,469 --> 00:06:01,830

to run through it I can't find that now

101  
00:06:06,770 --> 00:06:03,479  
this is on the side of it there's a

102  
00:06:09,920 --> 00:06:06,780  
steel door which is sealing something

103  
00:06:11,360 --> 00:06:09,930  
off but apparently used to be able to

104  
00:06:14,149 --> 00:06:11,370  
walk straight through the center of that

105  
00:06:14,719 --> 00:06:14,159  
hill so obviously there's something wood

106  
00:06:18,140 --> 00:06:14,729  
under there

107  
00:06:20,659 --> 00:06:18,150  
and the other rumour is which you've

108  
00:06:23,719 --> 00:06:20,669  
been told is that there's a military

109  
00:06:25,700 --> 00:06:23,729  
facility in there but they used to which

110  
00:06:28,550 --> 00:06:25,710  
like most about you should store all

111  
00:06:30,920 --> 00:06:28,560  
artillery and a good month so quite

112  
00:06:33,830 --> 00:06:30,930  
possibly that stuff is still there but

113  
00:06:36,290 --> 00:06:33,840

these reasons why they thought that kind

114

00:06:39,409 --> 00:06:36,300

of thing in places like this and I don't

115

00:06:41,860 --> 00:06:39,419

think it's just the military ones and

116

00:06:47,659 --> 00:06:41,870

stuff like I think that's just a cover

117

00:06:52,219 --> 00:06:47,669

let's move on to the next one it's down

118

00:06:54,499 --> 00:06:52,229

towards down towards the left is where

119

00:06:58,129 --> 00:06:54,509

the storm circle is and I stumbled on it

120

00:07:01,450 --> 00:06:58,139

accidentally just got lost up there in

121

00:07:03,409 --> 00:07:01,460

the trees I see mr. pretty amazing

122

00:07:05,600 --> 00:07:03,419

I'm just wondering if it's to do with

123

00:07:06,230 --> 00:07:05,610

the Earth's books but check among

124

00:07:07,969 --> 00:07:06,240

Internet

125

00:07:10,640 --> 00:07:07,979

there's two stone circles on the real

126  
00:07:12,499 --> 00:07:10,650  
one exam finds or not one is still there

127  
00:07:13,070 --> 00:07:12,509  
obviously just well there's a lot of you

128  
00:07:16,279 --> 00:07:13,080  
walk there

129  
00:07:26,200 --> 00:07:16,289  
I think yeah going these boys on the top

130  
00:07:35,830 --> 00:07:33,100  
again you can also tell as big as the

131  
00:07:37,870 --> 00:07:35,840  
hell it is this is always like a path

132  
00:07:41,110 --> 00:07:37,880  
that will go around in a spiral run

133  
00:07:42,820 --> 00:07:41,120  
through some of these hills and it shows

134  
00:07:45,719 --> 00:07:42,830  
that the energy in this place is

135  
00:07:55,930 --> 00:07:45,729  
traveling anti-clockwise

136  
00:07:57,909 --> 00:07:55,940  
but obviously speaking of menus there's

137  
00:08:07,300 --> 00:07:57,919  
a good love it you can see off to the

138  
00:08:09,670 --> 00:08:07,310

right herbs around so this one probably

139

00:08:14,770 --> 00:08:09,680

most of you know this is the top of

140

00:08:19,020 --> 00:08:14,780

grass Mountain a major portal still

141

00:08:22,589 --> 00:08:19,030

active and as far as I'm aware still

142

00:08:25,839 --> 00:08:22,599

inhabited by military people or from

143

00:08:28,629 --> 00:08:25,849

mobile phone masts and people which turn

144

00:08:31,029 --> 00:08:28,639

up I got a friend that lives facing the

145

00:08:35,589 --> 00:08:31,039

mountain so he feeds off information

146

00:08:39,490 --> 00:08:35,599

outside but again major data center it

147

00:08:41,920 --> 00:08:39,500

would be better lunch here which again I

148

00:08:44,829 --> 00:08:41,930

don't think about our alums again when

149

00:08:47,260 --> 00:08:44,839

you look into the history the caverns

150

00:08:50,920 --> 00:08:47,270

and they deal with the different

151  
00:08:52,210 --> 00:08:50,930  
equinoxes throughout the year so

152  
00:08:56,110 --> 00:08:52,220  
different kind of energies will go in

153  
00:08:58,990 --> 00:08:56,120  
there and obviously the least one effort

154  
00:09:01,750 --> 00:08:59,000  
healing people use the financial straits

155  
00:09:04,660 --> 00:09:01,760  
have important to different areas and

156  
00:09:06,850 --> 00:09:04,670  
people used to go in there to transport

157  
00:09:09,040 --> 00:09:06,860  
stuff people were going there today

158  
00:09:11,350 --> 00:09:09,050  
basically because they believe to be

159  
00:09:13,870 --> 00:09:11,360  
transported from these places just tell

160  
00:09:22,310 --> 00:09:13,880  
you the permits so there's a lot of

161  
00:09:28,370 --> 00:09:25,340  
that's the biggest one I think this

162  
00:09:29,569 --> 00:09:28,380  
forum a special showing that's for

163  
00:09:33,040 --> 00:09:29,579

better ones but this is the one with the

164

00:09:35,360 --> 00:09:33,050

troponin top which is more prominent

165

00:09:41,269 --> 00:09:35,370

with this place

166

00:09:44,269 --> 00:09:41,279

back in 2016 January 2016 we took part

167

00:09:48,230 --> 00:09:44,279

of the ritual of year it's open a place

168

00:09:52,220 --> 00:09:48,240

and instinctively one of the guys with

169

00:09:55,939 --> 00:09:52,230

us asked for permission from the

170

00:09:58,639 --> 00:09:55,949

ancestors to go up there and do what we

171

00:10:01,340 --> 00:09:58,649

wanted to do and which was very

172

00:10:03,019 --> 00:10:01,350

interesting because looking into portals

173

00:10:07,730 --> 00:10:03,029

and the rituals involved with portals

174

00:10:10,569 --> 00:10:07,740

now everybody seems to know if it was a

175

00:10:16,840 --> 00:10:10,579

ritual default which boom back then I

176

00:10:22,189 --> 00:10:20,540

ask permission we done it and I'm not

177

00:10:24,410 --> 00:10:22,199

saying this is the cause but the month

178

00:10:26,930 --> 00:10:24,420

later is where they've all been to

179

00:10:32,689 --> 00:10:26,940

everything happened which is on the same

180

00:10:35,389 --> 00:10:32,699

crumbs that mate as well we saw gone or

181

00:10:42,500 --> 00:10:35,399

firm across the state after we finish

182

00:10:44,559 --> 00:10:42,510

the ritual there's the side of it as

183

00:10:48,710 --> 00:10:44,569

well the right side of you from Penta

184

00:10:50,900 --> 00:10:48,720

area so you put the face there and

185

00:10:53,620 --> 00:10:50,910

you've got beginning but the row that

186

00:10:55,699 --> 00:10:53,630

would walk around so from an aerial view

187

00:10:58,579 --> 00:10:55,709

again you probably have to see the

188

00:11:02,329 --> 00:10:58,589

spiral and I think they'll be an ad

189

00:11:09,199 --> 00:11:02,339

default place for tests again or energy

190

00:11:11,569 --> 00:11:09,209

center okay this is lucky money from a

191

00:11:15,620 --> 00:11:11,579

different bill and it almost looks like

192

00:11:18,740 --> 00:11:15,630

a face on the stage but I think these

193

00:11:21,470 --> 00:11:18,750

places kind of hum and resonate I think

194

00:11:24,650 --> 00:11:21,480

just like the pyramids they give off a

195

00:11:26,650 --> 00:11:24,660

frequency and I think what diamonds the

196

00:11:30,439 --> 00:11:26,660

frequency

197

00:11:33,819 --> 00:11:30,449

that's over the top of it but that's

198

00:11:38,360 --> 00:11:36,230

yeah but this one you can see three over

199

00:11:42,410 --> 00:11:38,370

there once we see four actually look see

200

00:11:43,040 --> 00:11:42,420

the big one the one behind it to the

201  
00:11:45,920 --> 00:11:43,050  
right

202  
00:11:48,530 --> 00:11:45,930  
and the other two as well this is for on

203  
00:11:49,309 --> 00:11:48,540  
there and all will be given a different

204  
00:11:52,790 --> 00:11:49,319  
frequency

205  
00:11:55,220 --> 00:11:52,800  
what's in presence of God is inside the

206  
00:11:59,420 --> 00:11:55,230  
office the magnetic metal of hematite

207  
00:12:02,809 --> 00:11:59,430  
which got lined out again why you got my

208  
00:12:06,259 --> 00:12:02,819  
doubts I have had theories but this is

209  
00:12:08,239 --> 00:12:06,269  
how miss Davis worked and magnetic and

210  
00:12:17,569 --> 00:12:08,249  
let's see what has helped you know in

211  
00:12:19,040 --> 00:12:17,579  
that portal this is a burial mound or a

212  
00:12:21,170 --> 00:12:19,050  
chamber on Jacob

213  
00:12:22,999 --> 00:12:21,180

whichever as one and this is where I

214

00:12:25,150 --> 00:12:23,009

think all of a booklet you can handle

215

00:12:29,030 --> 00:12:25,160

although it didn't used to have the

216

00:12:32,360 --> 00:12:29,040

graph sobre there would be holes in the

217

00:12:35,600 --> 00:12:32,370

walls to catch the light coming in from

218

00:12:37,579 --> 00:12:35,610

the different equinoxes which again

219

00:12:40,579 --> 00:12:37,589

which transport people to different

220

00:12:43,759 --> 00:12:40,589

places with the right sine waves or the

221

00:12:48,889 --> 00:12:43,769

wise or ever used so this is what I feel

222

00:12:59,559 --> 00:12:48,899

the incentive most important another one

223

00:13:03,679 --> 00:12:59,569

okay so there's the sketch or feedeth

224

00:13:07,460 --> 00:13:03,689

amongst the biggest one is called -

225

00:13:10,669 --> 00:13:07,470

movie and I can't pronounce killers so

226

00:13:14,869 --> 00:13:10,679

as you can see I'm Nikki wine Dublin but

227

00:13:17,660 --> 00:13:14,879

it's for fountain this is a major place

228

00:13:19,189 --> 00:13:17,670

and as I say to this taste those

229

00:13:24,370 --> 00:13:19,199

sightings are based on really good

230

00:13:32,990 --> 00:13:29,330

this is painter and I believe it was the

231

00:13:39,430 --> 00:13:33,000

feels at the bath able to do it that

232

00:13:46,910 --> 00:13:43,550

gist only I went to map of the field

233

00:13:51,440 --> 00:13:46,920

which the cycling was embarking for

234

00:13:54,890 --> 00:13:51,450

every 2016 and I expected to find a

235

00:13:57,220 --> 00:13:54,900

stone servo but what we found was

236

00:14:00,680 --> 00:13:57,230

different

237

00:14:03,080 --> 00:14:00,690

there's avenues of air and receptors and

238

00:14:05,720 --> 00:14:03,090

they were all traveling clockwise and

239

00:14:09,770 --> 00:14:05,730

anti-clockwise so the main field by the

240

00:14:12,190 --> 00:14:09,780

the pyramid came through that field was

241

00:14:16,820 --> 00:14:12,200

full of energy centers on our ley line

242

00:14:20,450 --> 00:14:16,830

and then la line running right the way

243

00:14:23,750 --> 00:14:20,460

across done then but these down the

244

00:14:26,480 --> 00:14:23,760

bottom here expect the farmer to remove

245

00:14:30,230 --> 00:14:26,490

the stones from the field and dump them

246

00:14:31,880 --> 00:14:30,240

down by the stream so I think when you

247

00:14:36,860 --> 00:14:31,890

look around that field on the stones the

248

00:14:38,240 --> 00:14:36,870

scattered or the sights at the top but

249

00:14:43,600 --> 00:14:38,250

they were definitely deliberately

250

00:14:46,400 --> 00:14:43,610

removed but these this Avenue runs into

251

00:14:49,070 --> 00:14:46,410

another field as well and possibly a

252

00:14:53,420 --> 00:14:49,080

third field so this whole place this

253

00:14:59,260 --> 00:14:53,430

whole area is huge and at one point is

254

00:15:23,910 --> 00:15:03,340

I think those stones are part of the I

255

00:15:35,550 --> 00:15:28,660

again on our doorstep this one is in

256

00:15:36,940 --> 00:15:35,560

risk up in Newport that's the one yeah

257

00:15:40,420 --> 00:15:36,950

tomorrow

258

00:15:44,889 --> 00:15:40,430

I see this thing every day and this

259

00:15:48,370 --> 00:15:44,899

month is huge despair the month but the

260

00:15:49,930 --> 00:15:48,380

whole the whole face is a fantastic and

261

00:15:53,670 --> 00:15:49,940

again I'm not locked into this place

262

00:15:58,120 --> 00:15:53,680

very much or what's interesting it's

263

00:16:01,000 --> 00:15:58,130

what I love this place

264

00:16:03,460 --> 00:16:01,010

lines up with the pleiades and it's very

265

00:16:06,370 --> 00:16:03,470

rare for a place that history nothing so

266

00:16:09,420 --> 00:16:06,380

back in the day people with these thin

267

00:16:12,699 --> 00:16:09,430

tools and stuff for able to align things

268

00:16:19,720 --> 00:16:12,709

and so much accuracy and yet we needed

269

00:16:24,600 --> 00:16:19,730

flint tools so I don't buy that these

270

00:16:28,120 --> 00:16:24,610

are steps gonna want to be mom's

271

00:16:32,530 --> 00:16:28,130

supposed even be a fantastic day but

272

00:16:34,900 --> 00:16:32,540

again a very strong energy center and

273

00:16:38,800 --> 00:16:34,910

this is the view from Newport City

274

00:16:43,780 --> 00:16:38,810

Center looking at bullet you can see how

275

00:16:47,650 --> 00:16:43,790

big this this man was saw some major

276

00:16:52,180 --> 00:16:47,660

ritual sanitation and wherever else

277

00:16:58,329 --> 00:16:52,190

leaves it for place yeah and I believe

278

00:16:59,199 --> 00:16:58,339

that the Phoenicians and the tempest

279

00:17:02,319 --> 00:16:59,209

back in the day

280

00:17:03,940 --> 00:17:02,329

traveled through places like this I

281

00:17:07,169 --> 00:17:03,950

think it was a normal thing from the

282

00:17:09,230 --> 00:17:07,179

doom but again that history's being lost

283

00:17:14,069 --> 00:17:09,240

it's a lot any reviewed of the Santuario

284

00:17:16,169 --> 00:17:14,079

area which has been lost anything it's

285

00:17:18,569 --> 00:17:16,179

like a history is being buried at our

286

00:17:21,710 --> 00:17:18,579

tolerance it was a race of giant being

287

00:17:25,019 --> 00:17:21,720

something that given a new run and

288

00:17:27,659 --> 00:17:25,029

they've got a lot of megastructures but

289

00:17:30,750 --> 00:17:27,669

in their records which is it's not even

290

00:17:33,240 --> 00:17:30,760

a conspiracy if you google and Italians

291

00:17:36,330 --> 00:17:33,250

it's all that was the pedia pictures

292

00:17:39,960 --> 00:17:36,340

from everything and they report mud

293

00:17:41,789 --> 00:17:39,970

flows which covers most of the world so

294

00:17:44,789 --> 00:17:41,799

they saved most of the places they had

295

00:17:46,340 --> 00:17:44,799

was buried and obviously sometimes they

296

00:17:57,250 --> 00:17:46,350

got buried true

297

00:18:04,630 --> 00:18:00,510

so this is Magnificat not an EVP night

298

00:18:12,010 --> 00:18:04,640

and it's interesting because it's a

299

00:18:13,960 --> 00:18:12,020

little write-up on tomorrow long before

300

00:18:16,720 --> 00:18:13,970

my name took place on the hills it's a

301  
00:18:18,970 --> 00:18:16,730  
minute lane the buzz at the end of the

302  
00:18:21,610 --> 00:18:18,980  
range to bottom was utilized to fix

303  
00:18:24,130 --> 00:18:21,620  
times of the year it was very distinct

304  
00:18:28,000 --> 00:18:24,140  
and far-reaching collaborative

305  
00:18:31,350 --> 00:18:28,010  
associations the cycle of next year are

306  
00:18:34,960 --> 00:18:31,360  
over quite a distance maybe 30 miles

307  
00:18:39,310 --> 00:18:34,970  
what is seen is an association with the

308  
00:18:43,060 --> 00:18:39,320  
Pleiades 2500 BC and with great health

309  
00:18:44,680 --> 00:18:43,070  
northern major impact with a steep hill

310  
00:18:48,190 --> 00:18:44,690  
overlooking Eastern said when the

311  
00:18:49,750 --> 00:18:48,200  
reservoir wide ladies were observing

312  
00:18:51,400 --> 00:18:49,760  
numerous cultures in the northern

313  
00:18:55,240 --> 00:18:51,410

hemisphere what we see on the ground

314

00:18:59,919 --> 00:18:55,250

here is the subsequent in the southwest

315

00:19:02,350 --> 00:18:59,929

appears to be unique the other one was

316

00:19:04,419 --> 00:19:02,360

on which I highlighted once more between

317

00:19:06,730 --> 00:19:04,429

six hundred and seventy years I've been

318

00:19:08,169 --> 00:19:06,740

wrong as that these shores the Normans

319

00:19:10,690 --> 00:19:08,179

utilized the mound at the end of the

320

00:19:12,250 --> 00:19:10,700

hill range in the intervening period

321

00:19:14,500 --> 00:19:12,260

between Bronze Age and out of the

322

00:19:18,100 --> 00:19:14,510

Normans a small bank condition being

323

00:19:19,840 --> 00:19:18,110

added to the race there after one it

324

00:19:22,120 --> 00:19:19,850

seems that the Norman already took the

325

00:19:25,630 --> 00:19:22,130

Vantage of this and you still utilized

326

00:19:27,880 --> 00:19:25,640

it as the contained area of him

327

00:19:31,060 --> 00:19:27,890

Bailey that was part of the mountain on

328

00:19:34,870 --> 00:19:31,070

Bailey Castle thought the Mont be able

329

00:19:37,570 --> 00:19:34,880

to open or the pimple there was no he

330

00:19:39,760 --> 00:19:37,580

further safely spot on a hill the pimple

331

00:19:43,390 --> 00:19:39,770

and this mark was indeed you place this

332

00:19:47,950 --> 00:19:43,400

manner it visible assistant in a setting

333

00:19:50,440 --> 00:19:47,960

of the further months which is kind of

334

00:19:54,340 --> 00:19:50,450

interesting and particularly a layman to

335

00:19:57,160 --> 00:19:54,350

the ladies as you know with kind of the

336

00:19:59,920 --> 00:19:57,170

pyramids of their lands of Ryan

337

00:20:03,160 --> 00:19:59,930

and you get to wonder how these places

338

00:20:06,700 --> 00:20:03,170

alignment up there are they able to do

339

00:20:09,040 --> 00:20:06,710

that which gets you thinking which gets

340

00:20:12,550 --> 00:20:09,050

me thinking outside the box so I'm not

341

00:20:15,460 --> 00:20:12,560

but thinking what I be taught I'm

342

00:20:20,170 --> 00:20:15,470

thinking of alternative three are these

343

00:20:23,410 --> 00:20:20,180

alternative sections to try and see if

344

00:20:33,760 --> 00:20:23,420

anything face basically so I haven't got

345

00:20:38,160 --> 00:20:33,770

a crazy kind of theory but it's just so

346

00:20:41,440 --> 00:20:38,170

moving on from that we've got the

347

00:20:44,950 --> 00:20:41,450

microcosm for those end and the church

348

00:20:47,110 --> 00:20:44,960

is and savvy each church gives the

349

00:20:49,030 --> 00:20:47,120

address or the signing of a dress or the

350

00:20:53,110 --> 00:20:49,040

sunday dress on the front

351  
00:20:57,100 --> 00:20:53,120  
every single time it looks gonna be you

352  
00:21:00,340 --> 00:20:57,110  
know just above the dog you've got the

353  
00:21:03,130 --> 00:21:00,350  
geometric shape up in the concave of the

354  
00:21:13,120 --> 00:21:03,140  
roof a geometric shape and across the

355  
00:21:16,420 --> 00:21:13,130  
walls that's all and again you always

356  
00:21:20,500 --> 00:21:16,430  
see the sponsor no not that kind of

357  
00:21:23,260 --> 00:21:20,510  
shade and what I think happens is when

358  
00:21:26,680 --> 00:21:23,270  
these places were flowing and the bells

359  
00:21:30,010 --> 00:21:26,690  
are ringing and the bells would vibrate

360  
00:21:33,160 --> 00:21:30,020  
the whole building these buildings at

361  
00:21:36,910 --> 00:21:33,170  
Kooskia we built for a purpose and feel

362  
00:21:37,750 --> 00:21:36,920  
the towers the bells would ring open the

363  
00:21:42,010 --> 00:21:37,760

portal

364

00:21:45,190 --> 00:21:42,020

people are coming they pray and within

365

00:21:49,080 --> 00:21:45,200

the frame they would send their intent

366

00:21:53,730 --> 00:21:49,090

to all three realms whatever was going

367

00:21:56,290 --> 00:21:53,740

and then they would close it and leave

368

00:21:59,770 --> 00:21:56,300

and I believe then what they've done was

369

00:22:03,000 --> 00:21:59,780

they were feeding the gods involved

370

00:22:06,299 --> 00:22:03,010

without ritual because there's a ritual

371

00:22:09,399 --> 00:22:06,309

but it's different

372

00:22:14,229 --> 00:22:09,409

address every time so we deal with the

373

00:22:18,909 --> 00:22:14,239

physical plane the mental plane and the

374

00:22:19,599 --> 00:22:18,919

spiritual runs and I think when we kind

375

00:22:21,729 --> 00:22:19,609

of open it

376

00:22:24,340 --> 00:22:21,739

who ring the bells we start a ritual

377

00:22:26,560 --> 00:22:24,350

we've linked in with all three lived

378

00:22:28,629 --> 00:22:26,570

with all three realms there we even

379

00:22:34,269 --> 00:22:28,639

start dealing with the nature spirits

380

00:22:37,899 --> 00:22:34,279

and the guys involved to come help again

381

00:22:40,810 --> 00:22:37,909

the Arthur ritual has has been lost that

382

00:22:45,909 --> 00:22:40,820

the axe of knowledge has been lost from

383

00:22:48,789 --> 00:22:45,919

doing this so a lot of the time even

384

00:22:49,840 --> 00:22:48,799

going to church people don't really know

385

00:22:52,450 --> 00:22:49,850

what they're doing they don't really

386

00:22:56,070 --> 00:22:52,460

understand and they don't really know

387

00:23:00,460 --> 00:22:56,080

this the way these places are built

388

00:23:04,659 --> 00:23:00,470

these places are living entities and

389

00:23:07,330 --> 00:23:04,669

above them are thought forms every time

390

00:23:12,159 --> 00:23:07,340

you go in there and he pray you feed the

391

00:23:15,159 --> 00:23:12,169

thought form which encases the whole

392

00:23:18,669 --> 00:23:15,169

building within the spiritual realm and

393

00:23:20,879 --> 00:23:18,679

the mental thing and again when you

394

00:23:23,669 --> 00:23:20,889

manipulate those two realms you

395

00:23:26,830 --> 00:23:23,679

manipulate the physical realm as well

396

00:23:32,109 --> 00:23:26,840

which is why you can get stuff happening

397

00:23:34,649 --> 00:23:32,119

through prayer through magic ritual this

398

00:23:40,060 --> 00:23:34,659

is why this stuff works and this is why

399

00:23:49,160 --> 00:23:40,070

again why this stuff is lost forgiveness

400

00:23:55,040 --> 00:23:52,670

again me but the tower the whole place

401  
00:23:58,550 --> 00:23:55,050  
if it locks them up whistle some sort of

402  
00:24:00,800 --> 00:23:58,560  
you know flute and that's exactly the

403  
00:24:05,510 --> 00:24:00,810  
way that this patient operate it will

404  
00:24:07,670 --> 00:24:05,520  
open up and whatever him or whatever

405  
00:24:09,830 --> 00:24:07,680  
being played on the organ will a

406  
00:24:12,590 --> 00:24:09,840  
different vibration a different

407  
00:24:16,400 --> 00:24:12,600  
frequency dress I'm gonna open up and

408  
00:24:20,120 --> 00:24:16,410  
again repeating again those nature

409  
00:24:24,350 --> 00:24:20,130  
spirits will come in and will do your

410  
00:24:26,810 --> 00:24:24,360  
video and do it once but most of the

411  
00:24:30,950 --> 00:24:26,820  
time these days it's a one-way avenue

412  
00:24:33,610 --> 00:24:30,960  
where we do the ritual we give them the

413  
00:24:38,120 --> 00:24:33,620

power but we take nothing for ourselves

414

00:24:40,100 --> 00:24:38,130

at the end we should be sending the

415

00:24:41,930 --> 00:24:40,110

energy and the healing out to different

416

00:24:44,740 --> 00:24:41,940

parts of his globe and that's the way it

417

00:24:51,140 --> 00:24:44,750

used to work but all that has been lost

418

00:24:55,060 --> 00:24:51,150

so it only goes to one place now again

419

00:24:59,090 --> 00:24:55,070

the the more complex the design but more

420

00:25:01,190 --> 00:24:59,100

high the frequency is the same wave is

421

00:25:03,560 --> 00:25:01,200

very high spawning that is probably

422

00:25:07,040 --> 00:25:03,570

obvious thousands so they look they'll

423

00:25:09,470 --> 00:25:07,050

start from there 400 megahertz I love

424

00:25:12,230 --> 00:25:09,480

you simple designs like the one in the

425

00:25:14,150 --> 00:25:12,240

middle but as the same wave and the

426

00:25:19,520 --> 00:25:14,160

frequency of the vibration of this is

427

00:25:24,800 --> 00:25:19,530

higher you get stuff like that and that

428

00:25:30,740 --> 00:25:24,810

stuff homes our solidity together about

429

00:25:33,440 --> 00:25:30,750

run even more so I would say they were

430

00:25:36,470 --> 00:25:33,450

suggest but these are higher level

431

00:25:40,910 --> 00:25:36,480

places and they probably seem to higher

432

00:25:46,880 --> 00:25:40,920

level things have a ritual so I have no

433

00:25:50,960 --> 00:25:46,890

doubt that this still goes on and the

434

00:26:02,960 --> 00:25:55,100

and I gave the glass is fantastic with

435

00:26:06,649 --> 00:26:06,169

that's pretty complex that they make on

436

00:26:09,320 --> 00:26:06,659

us

437

00:26:16,810 --> 00:26:09,330

I would not put too many pictures of

438

00:26:21,049 --> 00:26:19,039

again this is another life space like

439

00:26:23,629 --> 00:26:21,059

the flower life it just keeps going on

440

00:26:29,899 --> 00:26:23,639

and on and again it's a high end sang

441

00:26:34,460 --> 00:26:29,909

move but we could solve a tower that

442

00:26:36,039 --> 00:26:34,470

represents the pineal gland so when

443

00:26:39,200 --> 00:26:36,049

these places the building do exactly

444

00:26:42,919 --> 00:26:39,210

what they were doing but as I said these

445

00:26:45,379 --> 00:26:42,929

places are living entities they're not

446

00:26:48,769 --> 00:26:45,389

just buildings you know you're walking

447

00:26:55,869 --> 00:26:48,779

you walk into the put the vagina at the

448

00:27:07,009 --> 00:27:02,479

that's the way they designed this what's

449

00:27:13,279 --> 00:27:07,019

fascinating in the plans up at the top

450

00:27:16,219 --> 00:27:13,289

and the cross in the middle the address

451  
00:27:17,930 --> 00:27:16,229  
or the dresses on a different sign moves

452  
00:27:26,089 --> 00:27:17,940  
somebody knows which side moves they

453  
00:27:27,440 --> 00:27:26,099  
played at the same time I'll share

454  
00:27:30,049 --> 00:27:27,450  
something with you that they had not

455  
00:27:33,649 --> 00:27:30,059  
shared before but everybody

456  
00:27:38,359 --> 00:27:33,659  
it's one reason why I'm very much

457  
00:27:39,979 --> 00:27:38,369  
interested in this subject one of the

458  
00:27:46,089 --> 00:27:39,989  
reasons why I know these problems that

459  
00:27:51,019 --> 00:27:46,099  
exists I was at a place some time back

460  
00:27:51,580 --> 00:27:51,029  
there is stuff going on before you knew

461  
00:27:55,249 --> 00:27:51,590  
it

462  
00:28:02,330 --> 00:27:55,259  
this is the this is the truth I was

463  
00:28:05,379 --> 00:28:02,340

staring at three reptilian-type beers

464

00:28:09,710 --> 00:28:05,389

that were obtained for the way from me

465

00:28:11,989 --> 00:28:09,720

one to another bow to him to me and one

466

00:28:15,940 --> 00:28:11,999

of them was staring straight strings on

467

00:28:19,300 --> 00:28:15,950

my eyes before they turned up there was

468

00:28:21,670 --> 00:28:19,310

olbes going across the floor with snails

469

00:28:25,720 --> 00:28:21,680

on and - scattering in no particular

470

00:28:30,100 --> 00:28:25,730

direction so this is another thing a

471

00:28:33,600 --> 00:28:30,110

sparked my interest with knowing how

472

00:28:36,910 --> 00:28:33,610

these realms exist and knowing how easy

473

00:28:40,060 --> 00:28:36,920

that they could come through anytime

474

00:28:42,430 --> 00:28:40,070

anyplace anywhere ever they see fit or

475

00:28:45,670 --> 00:28:42,440

anywhere with this device setting for

476

00:28:49,420 --> 00:28:45,680

him to come through and they take part

477

00:28:52,330 --> 00:28:49,430

and they interact with us and do stuff

478

00:28:55,210 --> 00:28:52,340

for us do stuff for them but that's the

479

00:28:57,580 --> 00:28:55,220

way it works so I just just for word

480

00:29:00,370 --> 00:28:57,590

share out with you as the truthful thing

481

00:29:04,750 --> 00:29:00,380

that happened to me the description of

482

00:29:07,420 --> 00:29:04,760

them was they had like a kind of frogs

483

00:29:09,760 --> 00:29:07,430

mouths right I hope this is not the

484

00:29:13,810 --> 00:29:09,770

screen even though it was the bottle

485

00:29:17,410 --> 00:29:13,820

they had frogs mouse they had the heads

486

00:29:21,340 --> 00:29:17,420

went up into almost a corn and the the

487

00:29:23,350 --> 00:29:21,350

rice was snake left and it was thick set

488

00:29:26,950 --> 00:29:23,360

and it looked like they didn't have any

489

00:29:29,530 --> 00:29:26,960

any nests they fixed set the skin was

490

00:29:31,360 --> 00:29:29,540

white and had brown patches on his skin

491

00:29:35,530 --> 00:29:31,370

and their tails

492

00:29:40,570 --> 00:29:35,540

I was very simple it was very simple it

493

00:29:42,880 --> 00:29:40,580

was from the do that so again I think

494

00:29:44,890 --> 00:29:42,890

they come in a note when they want

495

00:29:47,890 --> 00:29:44,900

whether we believe it or not they just

496

00:29:49,780 --> 00:29:47,900

do a neck to come in or not so and this

497

00:29:52,360 --> 00:29:49,790

wasn't the dreams they said this wasn't

498

00:29:54,250 --> 00:29:52,370

an actual thing this this assignment of

499

00:29:57,030 --> 00:29:54,260

a Bayside is but this one was my own

500

00:30:04,130 --> 00:29:57,040

with my own physical eyes I saw them

501  
00:32:18,230 --> 00:30:24,610

[Music]

502  
00:32:31,560 --> 00:32:18,510

[Applause]

503  
00:33:29,899 --> 00:32:50,610

[Music]

504  
00:33:36,779 --> 00:33:32,009  
and you know you're gonna get the gist

505  
00:33:37,860 --> 00:33:36,789  
of those ships and Steve research and

506  
00:33:41,159 --> 00:33:37,870  
investment none

507  
00:33:44,669 --> 00:33:41,169  
he says the church where Templars used

508  
00:33:47,220 --> 00:33:44,679  
to inhabit and these ships were all over

509  
00:33:51,529 --> 00:33:47,230  
the church apart from there was a couple

510  
00:33:54,299 --> 00:33:51,539  
missing I would suggest that that's the

511  
00:33:59,370 --> 00:33:54,309  
that's the missing link to address

512  
00:34:01,590 --> 00:33:59,380  
that's hella poor double these places so

513  
00:34:03,289 --> 00:34:01,600

you know there's lots of pictures and

514

00:34:06,029 --> 00:34:03,299

probably lots of you would come across

515

00:34:08,820 --> 00:34:06,039

come across the money internet and you

516

00:34:11,190 --> 00:34:08,830

see Egyptians with the handbag loose

517

00:34:14,280 --> 00:34:11,200

again because with a handbag I mean the

518

00:34:15,839 --> 00:34:14,290

other handle at the end and you know I

519

00:34:20,490 --> 00:34:15,849

think these are the devices they used to

520

00:34:24,089 --> 00:34:20,500

use and the vibration we're standing in

521

00:34:27,599 --> 00:34:24,099

the ground the precious manner would

522

00:34:31,200 --> 00:34:27,609

vibrate with power the whole area every

523

00:34:34,320 --> 00:34:31,210

single standing stone and here and

524

00:34:36,149 --> 00:34:34,330

vortex that was needed to trigger off at

525

00:34:39,270 --> 00:34:36,159

those times and trigger off and they

526

00:34:41,490 --> 00:34:39,280

were just group and they'd be gone to

527

00:34:45,270 --> 00:34:41,500

the next place and it's interesting as

528

00:34:52,589 --> 00:34:45,280

well because there's evidence of Knights

529

00:34:54,589 --> 00:34:52,599

Templar Phoenicians and the Welsh be in

530

00:34:56,970 --> 00:34:54,599

America fifteen hundred years before

531

00:34:58,859 --> 00:34:56,980

Columbus got there and there's evidence

532

00:35:03,740 --> 00:34:58,869

to prove that is wealth is wealth

533

00:35:06,570 --> 00:35:03,750

writing on some of the stones in Arizona

534

00:35:10,500 --> 00:35:06,580

which is very interesting and we've got

535

00:35:12,750 --> 00:35:10,510

a unique country how do you make this so

536

00:35:14,820 --> 00:35:12,760

don't think anywhere are from Korea and

537

00:35:17,910 --> 00:35:14,830

stuff like that has no place with so

538

00:35:20,880 --> 00:35:17,920

many standing stones a megalithic areas

539

00:35:24,150 --> 00:35:20,890

so definitely there was this place where

540

00:35:26,339 --> 00:35:24,160

we're living is a hub for this kind of

541

00:35:29,070 --> 00:35:26,349

thing that happened and we just we just

542

00:35:32,160 --> 00:35:29,080

don't normally use it and not just

543

00:35:33,230 --> 00:35:32,170

forgotten leaves it maybe it's been

544

00:35:36,170 --> 00:35:33,240

erased

545

00:35:36,710 --> 00:35:36,180

from us and we're not sure nothing for

546

00:35:39,500 --> 00:35:36,720

anymore

547

00:35:41,839 --> 00:35:39,510

because I think from a young age it's a

548

00:35:44,500 --> 00:35:41,849

kind of an unfair advantage where they

549

00:35:48,589 --> 00:35:44,510

can get hold of us and they can teach us

550

00:35:51,589 --> 00:35:48,599

this reality this is three dimensional

551  
00:35:54,160 --> 00:35:51,599  
of existence and now he's have a whole

552  
00:35:57,410 --> 00:35:54,170  
perception for growing up and

553  
00:36:02,270 --> 00:35:57,420  
deciphering no reality so he see things

554  
00:36:06,050 --> 00:36:02,280  
quite quite closed in effect and it's

555  
00:36:11,120 --> 00:36:06,060  
like what if what if we were born and we

556  
00:36:14,890 --> 00:36:11,130  
were told from birth nothing but from

557  
00:36:18,020 --> 00:36:14,900  
being his school the moon in this body

558  
00:36:20,780 --> 00:36:18,030  
wasn't a solid object it was just a hole

559  
00:36:23,420 --> 00:36:20,790  
for catching Souls what if we could spot

560  
00:36:25,940 --> 00:36:23,430  
that we grow up and think that that

561  
00:36:31,640 --> 00:36:25,950  
would be what it is and we grow up

562  
00:36:36,800 --> 00:36:31,650  
thinking I'm perceiving that object as a

563  
00:36:41,660 --> 00:36:36,810

whole I'm not a solid object so I'm kind

564

00:36:42,980 --> 00:36:41,670

of on the fence with everything to do

565

00:36:46,790 --> 00:36:42,990

with that and to do with what we've been

566

00:36:48,800 --> 00:36:46,800

taught definitely to do with our senses

567

00:36:52,910 --> 00:36:48,810

because we not taught anything to do

568

00:36:55,250 --> 00:36:52,920

with empathy in school and stuff like

569

00:37:01,520 --> 00:36:55,260

that really gasps places and connected

570

00:37:04,760 --> 00:37:01,530

to each other we taught to be slaves

571

00:37:07,130 --> 00:37:04,770

we support to do things that will put us

572

00:37:09,010 --> 00:37:07,140

in a position where we can slot in to

573

00:37:12,829 --> 00:37:09,020

society we can do it they want us to do

574

00:37:15,620 --> 00:37:12,839

and do the jobs they want us to do so

575

00:37:17,839 --> 00:37:15,630

there's a whole new perception there

576

00:37:20,839 --> 00:37:17,849

were two fundamental spiritualism this

577

00:37:25,190 --> 00:37:20,849

is another possession and being as we

578

00:37:29,060 --> 00:37:25,200

are creators we have the power to bring

579

00:37:31,300 --> 00:37:29,070

that reality into existence and change

580

00:37:35,900 --> 00:37:31,310

things a change of belief systems and

581

00:37:38,930 --> 00:37:35,910

build new networks empowered in its

582

00:37:43,420 --> 00:37:38,940

domains so this is not you know this is

583

00:37:45,069 --> 00:37:43,430

not a new thing and when you speak to

584

00:37:46,660 --> 00:37:45,079

you see you know anybody will agree

585

00:37:48,940 --> 00:37:46,670

probably that you see a lot of people

586

00:37:51,549 --> 00:37:48,950

wakin up these days you can talk to them

587

00:37:52,539 --> 00:37:51,559

and they roll on some sort of level and

588

00:37:54,849 --> 00:37:52,549

they're all have some sort of

589

00:37:56,859 --> 00:37:54,859

information which they can share and

590

00:38:00,160 --> 00:37:56,869

again the Internet has been really

591

00:38:02,710 --> 00:38:00,170

important for getting that through and

592

00:38:06,250 --> 00:38:02,720

first remembering what we have we are as

593

00:38:10,000 --> 00:38:06,260

humans and as humans connecting with our

594

00:38:16,150 --> 00:38:10,010

souls and realizing it's it's just a

595

00:38:19,529 --> 00:38:16,160

spacesuit way we are the avatars of our

596

00:38:22,900 --> 00:38:19,539

source energy and existence so it's

597

00:38:25,240 --> 00:38:22,910

connecting with that is important and I

598

00:38:28,180 --> 00:38:25,250

don't think it's a case of run out and

599

00:38:30,549 --> 00:38:28,190

go look for that information or you know

600

00:38:32,650 --> 00:38:30,559

anyway I think it's just having

601  
00:38:36,250 --> 00:38:32,660  
naturally I think people are just coming

602  
00:38:39,730 --> 00:38:36,260  
across this stuff and I think frequency

603  
00:38:42,490 --> 00:38:39,740  
levels in our minds I'm naturally coming

604  
00:38:45,819 --> 00:38:42,500  
up whether you believe it or not at some

605  
00:38:51,670 --> 00:38:45,829  
point you were looking for something and

606  
00:38:54,960 --> 00:38:51,680  
you will and everybody goes at their own

607  
00:38:58,900 --> 00:38:54,970  
level there's no there's no faster slow

608  
00:39:00,370 --> 00:38:58,910  
level it's a marathon as they say so

609  
00:39:06,720 --> 00:39:00,380  
this is what I'm noticing and it's

610  
00:39:17,250 --> 00:39:06,730  
really interesting watching it happen so

611  
00:39:27,730 --> 00:39:17,260  
this is my bizarre theory from me I

612  
00:39:30,579 --> 00:39:27,740  
think my bizarre thinking this is a view

613  
00:39:38,109 --> 00:39:30,589

an aerial view of nighttime or sleep on

614

00:39:40,589 --> 00:39:38,119

earth plane or a drone or what would

615

00:39:45,700 --> 00:39:40,599

that look like to you

616

00:39:46,990 --> 00:39:45,710

yeah yeah that's right it looks like

617

00:39:49,630 --> 00:39:47,000

you're looking up in the sky and you've

618

00:39:52,049 --> 00:39:49,640

been done because if you're looking down

619

00:39:54,870 --> 00:39:52,059

at the Stars

620

00:40:00,180 --> 00:39:54,880

there was another angle on the image

621

00:40:02,220 --> 00:40:00,190

this is definitely from a plane so it

622

00:40:04,830 --> 00:40:02,230

really looks it really does not like me

623

00:40:07,040 --> 00:40:04,840

looking you can obviously perceive that

624

00:40:10,350 --> 00:40:07,050

isn't looking up to people you know

625

00:40:14,280 --> 00:40:10,360

looking at some sort of nebula some sort

626

00:40:17,730 --> 00:40:14,290

of exploding star or galaxy or post

627

00:40:20,610 --> 00:40:17,740

office that's plant good all around us

628

00:40:28,680 --> 00:40:20,620

or whatever fix with your perception of

629

00:40:33,020 --> 00:40:28,690

this time but okay this parties from the

630

00:40:36,060 --> 00:40:33,030

space station again it just looks like

631

00:40:38,510 --> 00:40:36,070

you look it up the sky you know looking

632

00:40:46,050 --> 00:40:38,520

down to the space station it's kind of

633

00:40:50,030 --> 00:40:46,060

you realize obviously is bringing you

634

00:40:53,130 --> 00:40:50,040

run and he gave me the bright stars

635

00:40:54,630 --> 00:40:53,140

the lastest does and when you're in a

636

00:40:55,980 --> 00:40:54,640

place with normal light pollution they

637

00:40:58,500 --> 00:40:55,990

know you know when you look up at the

638

00:41:00,480 --> 00:40:58,510

stars there's a blanket about it stars

639

00:41:02,310 --> 00:41:00,490

bearded stars and stars and you can just

640

00:41:04,020 --> 00:41:02,320

you shoot them up and I saw many you

641

00:41:06,090 --> 00:41:04,030

don't just see Orion when he comes to

642

00:41:12,650 --> 00:41:06,100

see the plow you see what's going on

643

00:41:21,180 --> 00:41:18,600

that's the sky there's not much

644

00:41:22,260 --> 00:41:21,190

difference there and I'm not trying to

645

00:41:24,480 --> 00:41:22,270

look this is just a theory

646

00:41:27,510 --> 00:41:24,490

I'm not I'm not trying to you know say

647

00:41:30,200 --> 00:41:27,520

this is it this is just my my crazy mind

648

00:41:37,310 --> 00:41:30,210

I'm sharing my crazy wing with you guys

649

00:41:43,320 --> 00:41:37,320

and see what you think okay that

650

00:41:47,510 --> 00:41:43,330

exploded in a ruler you know it's not so

651  
00:41:51,799 --> 00:41:47,520  
much different and then being some tests

652  
00:41:54,319 --> 00:41:51,809  
simply Hermeticism other religions

653  
00:41:58,160 --> 00:41:54,329  
you know as above so below which will

654  
00:42:02,809 --> 00:41:58,170  
come on I think it means more than just

655  
00:42:04,700 --> 00:42:02,819  
the words just the words we thought this

656  
00:42:11,799 --> 00:42:04,710  
is not any of meeting my parents

657  
00:42:16,720 --> 00:42:14,299  
but again is respected to perceive that

658  
00:42:20,779 --> 00:42:16,730  
if all of you done the meditation now

659  
00:42:23,930 --> 00:42:20,789  
and in the guided meditation I was

660  
00:42:27,079 --> 00:42:23,940  
telling you you have to perceive the sky

661  
00:42:29,239 --> 00:42:27,089  
as a land

662  
00:42:46,970 --> 00:42:29,249  
a lot of you probably will come onto it

663  
00:42:54,859 --> 00:42:50,420

so as above so below anybody look things

664

00:42:58,460 --> 00:42:54,869

up and we see the teachings under partly

665

00:43:01,190 --> 00:42:58,470

there is a mirror the universe there

666

00:43:03,770 --> 00:43:01,200

were two hours which all the ancients do

667

00:43:05,720 --> 00:43:03,780

about I'm the same you know this

668

00:43:09,530 --> 00:43:05,730

informations out there if you want to go

669

00:43:17,990 --> 00:43:09,540

to the lot if you're interested but I

670

00:43:21,859 --> 00:43:18,000

think the words meet more and I think

671

00:43:29,000 --> 00:43:21,869

what the when the mind is right you see

672

00:43:31,210 --> 00:43:29,010

you start to see it forms so this was

673

00:43:37,609 --> 00:43:31,220

Hermes Trismegistus

674

00:43:40,089 --> 00:43:37,619

who was the reincarnation of thought as

675

00:43:46,120 --> 00:43:40,099

above so below as within so without

676  
00:43:48,349 --> 00:43:46,130  
as the universe saw the soul so really

677  
00:43:50,569 --> 00:43:48,359  
it's a possibility that we're just

678  
00:43:55,099 --> 00:43:50,579  
mirroring everything to do with this

679  
00:43:59,930 --> 00:43:55,109  
ground we have many universes I was

680  
00:44:01,910 --> 00:43:59,940  
seven heavenly bodies inside of us these

681  
00:44:06,559 --> 00:44:01,920  
heavenly bodies reflects the seven

682  
00:44:07,579 --> 00:44:06,569  
heavenly bodies outside of us and so on

683  
00:44:09,650 --> 00:44:07,589  
and it's never-ending

684  
00:44:10,790 --> 00:44:09,660  
the microcosm like because somebody just

685  
00:44:15,050 --> 00:44:10,800  
was on and on

686  
00:44:18,079 --> 00:44:15,060  
and it's quite fractal and where's the

687  
00:44:26,180 --> 00:44:18,089  
way out maybe the way of this mastery

688  
00:44:29,359 --> 00:44:26,190

and find it also utilizes so this led me

689

00:44:32,270 --> 00:44:29,369

on to the kind of third kind of portal

690

00:44:34,550 --> 00:44:32,280

which what we love the portals we we

691

00:44:38,359 --> 00:44:34,560

love that was we look at the hills and

692

00:44:40,790 --> 00:44:38,369

the churches which I pointed out we

693

00:44:44,300 --> 00:44:40,800

never look at the obvious and for me a

694

00:44:51,220 --> 00:44:44,310

lot of these places really are back

695

00:44:57,370 --> 00:44:54,050

meditation where there is you know

696

00:45:03,920 --> 00:44:57,380

breakfast of levitation even to this day

697

00:45:06,950 --> 00:45:03,930

you have planes helicopters to me it

698

00:45:11,180 --> 00:45:06,960

seems like external extension this

699

00:45:12,830 --> 00:45:11,190

reality's projection of ourselves quite

700

00:45:15,050 --> 00:45:12,840

possibly we could be walking around

701  
00:45:18,770 --> 00:45:15,060  
within our within our own minds within

702  
00:45:22,610 --> 00:45:18,780  
our own matter so this will explain kind

703  
00:45:25,670 --> 00:45:22,620  
of how we create things and how we

704  
00:45:28,640 --> 00:45:25,680  
resonate things and synchronicities and

705  
00:45:46,340 --> 00:45:28,650  
bring stuff closest ourselves from just

706  
00:45:48,280 --> 00:45:46,350  
thinking because anyway so astral

707  
00:45:51,890 --> 00:45:48,290  
projection

708  
00:45:58,000 --> 00:45:51,900  
subject I'm very interested in it's

709  
00:46:02,590 --> 00:45:58,010  
something i've subject a lot of mornings

710  
00:46:05,270 --> 00:46:02,600  
not fully conscious and walk in

711  
00:46:18,650 --> 00:46:05,280  
different places at once in realms

712  
00:46:20,630 --> 00:46:18,660  
because I can't say I've recognized I've

713  
00:46:22,430 --> 00:46:20,640

not seen anything like that yet and

714

00:46:26,170 --> 00:46:22,440

maybe that's because of my frequency

715

00:46:29,870 --> 00:46:26,180

where I am but when I project out that I

716

00:46:34,430 --> 00:46:29,880

go into similar places but from my

717

00:46:39,130 --> 00:46:34,440

experience these places are exactly the

718

00:46:42,140 --> 00:46:39,140

same as standing here the ones I thought

719

00:46:46,310 --> 00:46:42,150

it's different rounds it's fractal

720

00:46:47,990 --> 00:46:46,320

universities power cells everything to

721

00:46:51,609 --> 00:46:48,000

do with that and although we tend those

722

00:46:54,640 --> 00:46:51,619

I was talking a friend who's an expert

723

00:46:55,779 --> 00:46:54,650

teaches this thing in London and he's

724

00:47:00,219 --> 00:46:55,789

running the school a couple things

725

00:47:04,979 --> 00:47:00,229

couple ideas I recently have enough body

726

00:47:09,339 --> 00:47:04,989

experience but I couldn't get back and I

727

00:47:12,400 --> 00:47:09,349

was in a place that was on some sort of

728

00:47:16,120 --> 00:47:12,410

university complex and I'm looking

729

00:47:22,479 --> 00:47:16,130

around and at first I'm excited because

730

00:47:27,579 --> 00:47:22,489

I'm gone and fully conscious and I

731

00:47:35,279 --> 00:47:27,589

promise this Chinese I see where am I

732

00:47:39,519 --> 00:47:35,289

and she's stupid she said you're in the

733

00:47:44,170 --> 00:47:39,529

Cologne or Merrill research facility on

734

00:47:47,559 --> 00:47:44,180

this particular one all right okay at

735

00:47:49,930 --> 00:47:47,569

that point I'm it's so real

736

00:47:52,839 --> 00:47:49,940

and it's you know it's no different to

737

00:47:55,739 --> 00:47:52,849

being here you wonder how we're gonna

738

00:47:58,180 --> 00:47:55,749

get back on this side crossed my mind

739

00:48:00,160 --> 00:47:58,190

and when I crossed you mind you can get

740

00:48:03,910 --> 00:48:00,170

yourself into a little panic because

741

00:48:07,239 --> 00:48:03,920

you're trying to were the way I hope you

742

00:48:09,430 --> 00:48:07,249

have to get back where the phone so I

743

00:48:11,140 --> 00:48:09,440

sat down I went down the running field

744

00:48:14,319 --> 00:48:11,150

this place as a running track

745

00:48:16,690 --> 00:48:14,329

I went down the muddy field and I looked

746

00:48:19,769 --> 00:48:16,700

for a mobile phone in my pocket no way

747

00:48:23,829 --> 00:48:19,779

to my mind that it's not gonna be there

748

00:48:25,870 --> 00:48:23,839

another phone yeah and him money and I

749

00:48:33,609 --> 00:48:25,880

was thinking where they're gonna go from

750

00:48:37,900 --> 00:48:33,619

here I'm gonna present yourself so he's

751

00:48:40,749 --> 00:48:37,910

kind of it a good experience but could

752

00:48:44,049 --> 00:48:40,759

he stop in that one because I've never

753

00:48:51,190 --> 00:48:44,059

got consumed with being able to get back

754

00:48:53,769 --> 00:48:51,200

before spoke to people and then you just

755

00:48:58,600 --> 00:48:53,779

come back the what brought me back and

756

00:49:01,600 --> 00:48:58,610

this one was the sound of my voice which

757

00:49:04,960 --> 00:49:01,610

again coming back from this one I sense

758

00:49:07,840 --> 00:49:04,970

myself coming from under the bed and

759

00:49:11,320 --> 00:49:07,850

sometimes you you will crunch down from

760

00:49:11,620 --> 00:49:11,330

the top and not align krabi so

761

00:49:20,440 --> 00:49:11,630

myself

762

00:49:23,650 --> 00:49:20,450

coming up and as he said but after doing

763

00:49:25,740 --> 00:49:23,660

that one if I close my eyes I was going

764

00:49:28,540 --> 00:49:25,750

back to another place

765

00:49:30,310 --> 00:49:28,550

so it's like this is another tuned at

766

00:49:31,360 --> 00:49:30,320

that point so in the end I wouldn't

767

00:49:34,800 --> 00:49:31,370

close my eyes because I didn't want it

768

00:49:37,180 --> 00:49:34,810

go normal travel so what dumb stairs

769

00:49:42,250 --> 00:49:37,190

I'll just be a cup of coffee and then

770

00:49:45,310 --> 00:49:42,260

obviously past so - a friend of mine

771

00:49:49,450 --> 00:49:45,320

visit a lot of the mother these kind of

772

00:49:51,790 --> 00:49:49,460

experiences you have sometimes you can

773

00:49:54,270 --> 00:49:51,800

have experience where you're out and you

774

00:50:06,550 --> 00:49:54,280

really room and I think that's a proper

775

00:50:10,420 --> 00:50:06,560

astral projection if you want but it's

776

00:50:12,490 --> 00:50:10,430

interesting to see what you're

777

00:50:14,530 --> 00:50:12,500

inhabiting when you're open these are

778

00:50:16,660 --> 00:50:14,540

the realms you know your

779

00:50:19,480 --> 00:50:16,670

multi-dimensional suffering the power of

780

00:50:23,010 --> 00:50:19,490

those new self because I don't believe

781

00:50:26,170 --> 00:50:23,020

this there's such thing as dreaming this

782

00:50:28,960 --> 00:50:26,180

so what are these experiences I think

783

00:50:31,300 --> 00:50:28,970

when you go to bed at night and again

784

00:50:33,760 --> 00:50:31,310

this is not how it is this is just my

785

00:50:37,090 --> 00:50:33,770

experience sharing with you to share my

786

00:50:41,400 --> 00:50:37,100

crazy thoughts with you I think our

787

00:50:45,460 --> 00:50:41,410

consciousness slips around different

788

00:50:47,580 --> 00:50:45,470

different versions of ourselves and you

789

00:50:50,710 --> 00:50:47,590

know you're unconscious dreaming and

790

00:50:52,630 --> 00:50:50,720

it's always a kind of familiarity to it

791

00:50:55,030 --> 00:50:52,640

when you when you when you become

792

00:50:59,740 --> 00:50:55,040

conscious when you wake up and was there

793

00:51:02,140 --> 00:50:59,750

were these people they was forgetting me

794

00:51:02,910 --> 00:51:02,150

but not familiar and I was gone along

795

00:51:05,800 --> 00:51:02,920

with it

796

00:51:07,930 --> 00:51:05,810

she only unconscious version and he fits

797

00:51:08,650 --> 00:51:07,940

into another dream or what is

798

00:51:11,040 --> 00:51:08,660

familiarity

799

00:51:15,660 --> 00:51:11,050

sometimes it's anybody

800

00:51:19,170 --> 00:51:15,670

but it'd be us experience so let me let

801  
00:51:22,710 --> 00:51:19,180  
me on to the idea that I don't think we

802  
00:51:26,190 --> 00:51:22,720  
dream I think we visit the parallel

803  
00:51:28,760 --> 00:51:26,200  
races ourselves and then I spoke to my

804  
00:51:34,050 --> 00:51:28,770  
friends which some of you know that

805  
00:51:39,960 --> 00:51:34,060  
Mises in London he said think quantum

806  
00:51:42,660 --> 00:51:39,970  
leap sometimes which I know some country

807  
00:51:45,840 --> 00:51:42,670  
when you look at your arms they can be

808  
00:51:47,850 --> 00:51:45,850  
older I've looked in the mirror I've

809  
00:51:49,980 --> 00:51:47,860  
even seen my floors are for that I'm

810  
00:51:53,190 --> 00:51:49,990  
being than supporting deserves or being

811  
00:51:57,840 --> 00:51:53,200  
caught that's a result when you're there

812  
00:52:03,990 --> 00:51:57,850  
you just fascinated by everything so

813  
00:52:05,630 --> 00:52:04,000

that is a form of teleportation which i

814

00:52:10,050 --> 00:52:05,640

think is more important than anything

815

00:52:12,930 --> 00:52:10,060

because that is a faculty which all of

816

00:52:15,890 --> 00:52:12,940

us possess and all of a sudden ability

817

00:52:18,300 --> 00:52:15,900

to do with practice and if you want to

818

00:52:19,650 --> 00:52:18,310

and if we want to wake up you know in

819

00:52:23,370 --> 00:52:19,660

our dreams

820

00:52:25,440 --> 00:52:23,380

we can do that we can travel I've

821

00:52:28,950 --> 00:52:25,450

watched many things over there and

822

00:52:32,790 --> 00:52:28,960

watched animals come up to me that watch

823

00:52:39,420 --> 00:52:32,800

people in cars just driving as normal

824

00:52:41,460 --> 00:52:39,430

not realising these lives go on in these

825

00:52:45,960 --> 00:52:41,470

different realms these frogs or places

826

00:52:48,390 --> 00:52:45,970

so when you look into that and then you

827

00:52:51,870 --> 00:52:48,400

look at what's out here and you look at

828

00:52:53,690 --> 00:52:51,880

the Santa and you look at the hills and

829

00:52:56,790 --> 00:52:53,700

you know the way the energy centers

830

00:53:11,210 --> 00:52:56,800

operates don't you and you're not gonna

831

00:53:16,290 --> 00:53:11,220

be the and maybe we'll take the pulse

832

00:53:17,710 --> 00:53:16,300

for this kind of things work so very

833

00:53:27,280 --> 00:53:17,720

interesting

834

00:53:28,690 --> 00:53:27,290

Egyptian belief in astral travel this is

835

00:53:33,910 --> 00:53:28,700

one of the pictures what I don't think

836

00:53:37,060 --> 00:53:33,920

absolutely on papyrus and they didn't

837

00:53:41,830 --> 00:53:37,070

even perceive themselves as traveling

838

00:53:44,890 --> 00:53:41,840

that way which is a long thing there

839

00:53:47,230 --> 00:53:44,900

because in the sarcophaguses these drawn

840

00:53:51,640 --> 00:53:47,240

a sight of what they wanted to take over

841

00:53:55,890 --> 00:53:51,650

into the App Store after that including

842

00:53:59,290 --> 00:53:55,900

you know some of the genitals off and

843

00:54:01,330 --> 00:53:59,300

you know for them what they thought they

844

00:54:03,280 --> 00:54:01,340

were taking over which the body were

845

00:54:08,740 --> 00:54:03,290

they probably will because it will

846

00:54:10,150 --> 00:54:08,750

protect that so ancient Egyptians were

847

00:54:12,490 --> 00:54:10,160

welcomed into this tank

848

00:54:14,770 --> 00:54:12,500

this form of soul travel or astral

849

00:54:17,530 --> 00:54:14,780

voyage they referred to the astral

850

00:54:20,200 --> 00:54:17,540

bodies and the disabilities of the

851  
00:54:24,180 --> 00:54:20,210  
astral bodies often just overall beyond

852  
00:54:28,000 --> 00:54:24,190  
the real body often it was depicted as

853  
00:54:30,130 --> 00:54:28,010  
translucent Airy inhalant they were so

854  
00:54:32,260 --> 00:54:30,140  
fascinated by it that they expend many

855  
00:54:34,900 --> 00:54:32,270  
methods of controlling it in order to

856  
00:54:38,380 --> 00:54:34,910  
visit one other plane in time and space

857  
00:54:41,680 --> 00:54:38,390  
what a physical body stayed behind we

858  
00:54:45,930 --> 00:54:41,690  
see the film John Carter and they see

859  
00:54:49,650 --> 00:54:45,940  
that amazing from not many be seen I

860  
00:54:53,170 --> 00:54:49,660  
suggest you go watch it because that

861  
00:54:56,170 --> 00:54:53,180  
somebody has got the info has made the

862  
00:55:00,130 --> 00:54:56,180  
film mr. Disney film and this is where

863  
00:55:01,900 --> 00:55:00,140

he finds one of the controllers so you

864

00:55:06,160 --> 00:55:01,910

want to call him the archons which a lot

865

00:55:08,500 --> 00:55:06,170

of people have talked about he's managed

866

00:55:10,810 --> 00:55:08,510

to kill one and this is making the you

867

00:55:13,780 --> 00:55:10,820

know cowboy setting and he's got this

868

00:55:17,170 --> 00:55:13,790

device and this device transporting from

869

00:55:21,250 --> 00:55:17,180

a cave again it looks like it's Arizona

870

00:55:22,980 --> 00:55:21,260

or something that right over to Mars but

871

00:55:25,560 --> 00:55:22,990

because his frequencies

872

00:55:27,390 --> 00:55:25,570

he's not super puzzle master so you

873

00:55:29,150 --> 00:55:27,400

could jump really high they go super

874

00:55:32,099 --> 00:55:29,160

strength and there's all different

875

00:55:35,579 --> 00:55:32,109

beings some really great from a surprise

876

00:55:39,020 --> 00:55:35,589

there wasn't a sequel but that explains

877

00:55:45,720 --> 00:55:41,940

so this is kind of some experiences of

878

00:55:47,099 --> 00:55:45,730

people having of the body experiences

879

00:55:50,130 --> 00:55:47,109

and their accounts of it

880

00:55:52,460 --> 00:55:50,140

you know McKenney when it happens and it

881

00:55:55,470 --> 00:55:52,470

will happen to you to me to everybody

882

00:55:58,190 --> 00:55:55,480

it's the process it's a secret plot to

883

00:56:02,220 --> 00:55:58,200

our programming waited to be awoken

884

00:56:05,010 --> 00:56:02,230

times those the light changes everything

885

00:56:08,430 --> 00:56:05,020

becomes really brightly colored you know

886

00:56:12,000 --> 00:56:08,440

next high definition it's like when you

887

00:56:16,050 --> 00:56:12,010

wake up in everything just takes form it

888

00:56:17,420 --> 00:56:16,060

comes alive and the air becomes viscous

889

00:56:20,099 --> 00:56:17,430

than water

890

00:56:21,420 --> 00:56:20,109

don't be a star you buzz with

891

00:56:24,240 --> 00:56:21,430

electricity of an establishment if

892

00:56:26,040 --> 00:56:24,250

there's fear excitement and then

893

00:56:29,820 --> 00:56:26,050

exhilaration overwhelm you

894

00:56:33,930 --> 00:56:29,830

as you soak up every millisecond of it

895

00:56:36,359 --> 00:56:33,940

it's real it's all bloody real you turn

896

00:56:37,829 --> 00:56:36,369

around to see your body sleeping and

897

00:56:41,400 --> 00:56:37,839

lying on the bed

898

00:56:46,250 --> 00:56:41,410

my first upper body was in the dentist's

899

00:56:50,790 --> 00:56:46,260

chair I was set up in place dr. stairs

900

00:56:53,700 --> 00:56:50,800

scare me for nurses how we down and hit

901  
00:56:55,770 --> 00:56:53,710  
the gas mask on my face I popped up the

902  
00:56:59,550 --> 00:56:55,780  
my body I watched in cigarettes he felt

903  
00:57:08,750 --> 00:56:59,560  
while sitting on the bed that was pure

904  
00:57:13,079 --> 00:57:11,430  
you don't need that where you go in the

905  
00:57:13,829 --> 00:57:13,089  
atmosphere dances and shimmers around

906  
00:57:19,670 --> 00:57:13,839  
you

907  
00:57:23,640 --> 00:57:19,680  
or the launch of something to the sky

908  
00:57:25,920 --> 00:57:23,650  
and a blur of speed clouds embracing the

909  
00:57:27,930 --> 00:57:25,930  
once held beliefs stings and fears of

910  
00:57:31,020 --> 00:57:27,940  
the world the longer sway you you will

911  
00:57:31,930 --> 00:57:31,030  
never see life the same way again you've

912  
00:57:35,370 --> 00:57:31,940  
experienced

913  
00:57:41,700 --> 00:57:35,380

you really the divine dear you've awoken

914

00:57:44,859 --> 00:57:41,710

and you've gotten more for superpowers

915

00:57:48,220 --> 00:57:44,869

but it's really interesting when you

916

00:57:50,620 --> 00:57:48,230

speak to others who have the same the

917

00:57:56,789 --> 00:57:50,630

same things happen because the

918

00:58:03,249 --> 00:58:00,160

this is when it's kind of heavy of the

919

00:58:07,299 --> 00:58:03,259

body experience teleportation or even in

920

00:58:08,499 --> 00:58:07,309

court wake me up it was pointless my

921

00:58:11,980 --> 00:58:08,509

body was over the account

922

00:58:18,099 --> 00:58:11,990

I gave many bodies to try it it doesn't

923

00:58:21,299 --> 00:58:18,109

work as well and it won't be good and if

924

00:58:24,700 --> 00:58:21,309

you mines not a right place again just

925

00:58:27,279 --> 00:58:24,710

destroyed the whole experience there was

926

00:58:28,900 --> 00:58:27,289

more like rock formation helplessly I

927

00:58:30,910 --> 00:58:28,910

stared at the bubbling attached to the

928

00:58:31,480 --> 00:58:30,920

ceiling they knew I was in the land of

929

00:58:34,420 --> 00:58:31,490

death

930

00:58:36,130 --> 00:58:34,430

I knew that now I was in a place where I

931

00:58:39,009 --> 00:58:36,140

wasn't meant to be it was the ultimate

932

00:58:39,690 --> 00:58:39,019

unknown I was beyond the veil on the

933

00:58:41,740 --> 00:58:39,700

other side

934

00:58:45,819 --> 00:58:41,750

Hollywood's a religious condition

935

00:58:48,309 --> 00:58:45,829

invaded my thoughts reminding me I was

936

00:58:50,049 --> 00:58:48,319

alone or even worse that I would be

937

00:58:53,859 --> 00:58:50,059

dealing with their most fixed as demons

938

00:58:56,140 --> 00:58:53,869

of Hell spawn again to do with our

939

00:59:00,670 --> 00:58:56,150

programming and movies what they teach

940

00:59:10,740 --> 00:59:00,680

us our perception goes over there with

941

00:59:14,920 --> 00:59:13,599

behavior given a seizure this is the

942

00:59:17,890 --> 00:59:14,930

last thing I wanted to see right now

943

00:59:20,140 --> 00:59:17,900

like a liquid shadow figure however that

944

00:59:25,630 --> 00:59:20,150

it's not about me it was fear made

945

00:59:28,150 --> 00:59:25,640

manifest which the strange being white

946

00:59:30,730 --> 00:59:28,160

beat mass with a line and affairs

947

00:59:33,670 --> 00:59:30,740

I did not look at it but I have no

948

00:59:36,609 --> 00:59:33,680

choice my eyes are locked open the worst

949

00:59:37,260 --> 00:59:36,619

case about to become real as my fairy

950

00:59:39,800 --> 00:59:37,270

friends

951  
00:59:42,780 --> 00:59:39,810  
I float down to have a closer look at me

952  
00:59:56,840 --> 00:59:42,790  
great I found shot my eyes now it wants

953  
01:00:26,100 --> 01:00:24,150  
again this is a good size this soles

954  
01:00:28,050 --> 01:00:26,110  
with my smaller different people's

955  
01:00:32,450 --> 01:00:28,060  
experiences which I just read from there

956  
01:00:36,300 --> 01:00:32,460  
but there's a list of questions on here

957  
01:00:39,810 --> 01:00:36,310  
which is very good which I'll share with

958  
01:00:43,560 --> 01:00:39,820  
you all next time the partners astral

959  
01:00:49,740 --> 01:00:43,570  
projection is the mornings every one of

960  
01:00:51,840 --> 01:00:49,750  
mine comes in the morning after if you

961  
01:00:54,300 --> 01:00:51,850  
do it at night usually tired from daily

962  
01:00:56,070 --> 01:00:54,310  
activities so you can fall asleep when

963  
01:01:04,200 --> 01:00:56,080

you become an excuse to ask traveler you

964

01:01:06,240 --> 01:01:04,210

can do it every time you also know what

965

01:01:07,710 --> 01:01:06,250

you want to do where you want to go or

966

01:01:12,600 --> 01:01:07,720

whom you want to meet before you ask the

967

01:01:14,550 --> 01:01:12,610

project again I need my experiences of

968

01:01:18,540 --> 01:01:14,560

running them so I had runs on the end up

969

01:01:21,500 --> 01:01:18,550

over there so obviously maybe some of

970

01:01:25,580 --> 01:01:21,510

you I don't know not a position working

971

01:01:27,960 --> 01:01:25,590

will go where everyone's at the moment

972

01:01:29,730 --> 01:01:27,970

before I stop objecting to your

973

01:01:31,130 --> 01:01:29,740

perception measures and mattresses and

974

01:01:34,290 --> 01:01:31,140

sort of went to golden legs

975

01:01:35,940 --> 01:01:34,300

similarly to be in a bubble the one can

976

01:01:37,680 --> 01:01:35,950

go let me give you the final section and

977

01:01:40,370 --> 01:01:37,690

nobody can penetrate it

978

01:01:42,600 --> 01:01:40,380

I don't know why that can't be honest

979

01:01:45,030 --> 01:01:42,610

it's not something I do again I think

980

01:01:48,390 --> 01:01:45,040

it's to be wants to do I think

981

01:01:49,980 --> 01:01:48,400

a perception and again as you can see

982

01:01:53,760 --> 01:01:49,990

even having need to be protected

983

01:01:57,980 --> 01:01:53,770

then you're gonna do it and maybe

984

01:02:03,390 --> 01:01:57,990

possibly attract survivors like that

985

01:02:04,560 --> 01:02:03,400

remove all jewelry as preparation

986

01:02:06,630 --> 01:02:04,570

courses for us a little protection

987

01:02:09,480 --> 01:02:06,640

improving developing your inner energy

988

01:02:14,780 --> 01:02:09,490

system Shaq was learn about them an

989

01:02:19,140 --> 01:02:17,160

remove all jewelry wristwatches and

990

01:02:23,130 --> 01:02:19,150

similar before watch the projection

991

01:02:25,320 --> 01:02:23,140

where light flow then the fear events if

992

01:02:28,380 --> 01:02:25,330

you've got this stuff on you could end

993

01:02:34,440 --> 01:02:28,390

up with that stuff over there so I don't

994

01:02:36,090 --> 01:02:34,450

see what can be wrong with that she was

995

01:02:37,980 --> 01:02:36,100

attending there's more see people in the

996

01:02:45,410 --> 01:02:37,990

beginning some of techniques may not

997

01:02:51,630 --> 01:02:47,840

never allow you fear to overwhelm you

998

01:02:53,700 --> 01:02:51,640

which is whatever happens to you my

999

01:02:57,570 --> 01:02:53,710

comments territory thoughts emotions and

1000

01:02:59,160 --> 01:02:57,580

acts fear is off to the love if you are

1001  
01:03:00,780 --> 01:02:59,170  
under pressure of fear there's a bigger

1002  
01:03:04,020 --> 01:03:00,790  
possibility to this of the lower up

1003  
01:03:05,940 --> 01:03:04,030  
sport if you raise your vibrations about

1004  
01:03:08,520 --> 01:03:05,950  
vision love you will be higher astral

1005  
01:03:12,480 --> 01:03:08,530  
where amazing world sets and beings

1006  
01:03:14,580 --> 01:03:12,490  
exist make sure nothing to disturb you I

1007  
01:03:18,510 --> 01:03:14,590  
have two formats of travel even in week

1008  
01:03:24,090 --> 01:03:18,520  
of second always mates Damien disturb

1009  
01:03:25,680 --> 01:03:24,100  
you and cause a failed attempt you

1010  
01:03:27,960 --> 01:03:25,690  
cannot perform us for the fashion with

1011  
01:03:30,150 --> 01:03:27,970  
day that around you talk any room of

1012  
01:03:33,180 --> 01:03:30,160  
keep it from being total darkness a

1013  
01:03:35,540 --> 01:03:33,190

company that was true because a lot are

1014

01:03:38,010 --> 01:03:35,550

something to be a today that's it

1015

01:03:40,290 --> 01:03:38,020

we posted on the receivers master

1016

01:03:43,050 --> 01:03:40,300

traveling a person experience on a space

1017

01:03:44,610 --> 01:03:43,060

travel may help you to learn many useful

1018

01:03:47,400 --> 01:03:44,620

things about this phenomenon

1019

01:03:49,350 --> 01:03:47,410

which again when you read it or looking

1020

01:03:50,700 --> 01:03:49,360

into stuff like that you are creating

1021

01:03:52,590 --> 01:03:50,710

new part things of your mind

1022

01:03:54,630 --> 01:03:52,600

so you are bringing out the students

1023

01:03:55,710 --> 01:03:54,640

closer to you this is as simple as that

1024

01:03:58,350 --> 01:03:55,720

you were just downloading information

1025

01:04:04,410 --> 01:03:58,360

there to allow yourself to have that

1026

01:04:07,080 --> 01:04:04,420

experience so understand the gaps were

1027

01:04:09,960 --> 01:04:07,090

playing fulfills desires and fantasies

1028

01:04:11,910 --> 01:04:09,970

everything you wish may become reality

1029

01:04:12,920 --> 01:04:11,920

when you were there so be careful what

1030

01:04:17,730 --> 01:04:12,930

you wish

1031

01:04:19,650 --> 01:04:17,740

possibly when you achieve your first

1032

01:04:22,320 --> 01:04:19,660

actual projection or stay the room for

1033

01:04:26,880 --> 01:04:22,330

first 10 minutes alone to come and dry

1034

01:04:35,430 --> 01:04:26,890

your eyes full body flame after that

1035

01:04:39,000 --> 01:04:35,440

explore neighborhood long distance sound

1036

01:04:40,560 --> 01:04:39,010

like people you strong mental demands

1037

01:04:42,090 --> 01:04:40,570

when you want to achieve something in

1038

01:04:46,230 --> 01:04:42,100

the National Day for example go to the

1039

01:04:49,560 --> 01:04:46,240

moon to the moon now in a matter of

1040

01:04:51,960 --> 01:04:49,570

seconds you will be there again my

1041

01:05:00,750 --> 01:04:51,970

friend a post of the book trying to get

1042

01:05:02,700 --> 01:05:00,760

for the moon for some reason maybe these

1043

01:05:09,990 --> 01:05:02,710

are the cheapest also make sure we

1044

01:05:12,660 --> 01:05:10,000

usually also make sure you save a

1045

01:05:14,910 --> 01:05:12,670

process demands if you for instance say

1046

01:05:18,390 --> 01:05:14,920

I want to travel to the past in my

1047

01:05:23,390 --> 01:05:18,400

childhood it is not enough you have to

1048

01:05:28,770 --> 01:05:27,090

they can all guys I think all these

1049

01:05:33,050 --> 01:05:28,780

experiences at first all to yourself I

1050

01:05:37,830 --> 01:05:33,060

mean I think you develop your own and

1051

01:05:38,880 --> 01:05:37,840

system for getting out there well you

1052

01:05:40,170 --> 01:05:38,890

really ask for realm you cannot

1053

01:05:42,690 --> 01:05:40,180

communicate with people in the physical

1054

01:05:44,430 --> 01:05:42,700

world which I believe the vibration

1055

01:05:46,350 --> 01:05:44,440

level these two dimensions is different

1056

01:05:48,220 --> 01:05:46,360

however may happen in the very rare

1057

01:05:50,380 --> 01:05:48,230

occasions when a person

1058

01:05:59,530 --> 01:05:50,390

the physical world has some paranormal

1059

01:06:00,160 --> 01:05:59,540

activities I've been in the grounds for

1060

01:06:02,170 --> 01:06:00,170

the mirror

1061

01:06:06,520 --> 01:06:02,180

whichever you want to call it and I

1062

01:06:11,109 --> 01:06:06,530

watched a friend silicone in part of a

1063

01:06:13,109 --> 01:06:11,119

floor whatever though his house he said

1064

01:06:16,420 --> 01:06:13,119

it formed part of the floor I saw

1065

01:06:22,420 --> 01:06:16,430

different kind of silicone and I think

1066

01:06:25,480 --> 01:06:22,430

it was a mirror version of all this

1067

01:06:27,960 --> 01:06:25,490

realm and that reason wasn't actually

1068

01:06:32,349 --> 01:06:27,970

him but the two versions of ourselves

1069

01:06:36,900 --> 01:06:32,359

are interacting together one is leading

1070

01:06:42,520 --> 01:06:36,910

the other I think again that's open to

1071

01:06:46,170 --> 01:06:42,530

beliefs different theories explain

1072

01:06:55,290 --> 01:06:46,180

yourself there are these experiences

1073

01:06:55,300 --> 01:07:02,120

hmm yeah

1074

01:07:06,560 --> 01:07:04,350

are you conscious when you're over there

1075

01:07:09,270 --> 01:07:06,570

or can you control it

1076

01:07:18,210 --> 01:07:09,280

yeah we're just observing - sometimes

1077

01:07:20,940 --> 01:07:18,220

you just observe reason that's amazing

1078

01:07:27,240 --> 01:07:20,950

I'll get listened to throw a few

1079

01:07:36,150 --> 01:07:27,250

questions after all right the ultimate

1080

01:07:46,530 --> 01:07:36,160

form of teleportation free free you got

1081

01:07:48,000 --> 01:07:46,540

rid of the spacing one thing you run you

1082

01:07:50,040 --> 01:07:48,010

can travel edit anywhere different

1083

01:07:55,710 --> 01:07:50,050

clients worlds galaxies your power of

1084

01:07:57,450 --> 01:07:55,720

desire between worlds for you you can

1085

01:08:00,540 --> 01:07:57,460

change the past the future - nothing -

1086

01:08:02,370 --> 01:08:00,550

field if it is well 18 remember that

1087

01:08:03,990 --> 01:08:02,380

there is no real danger if you're faced

1088

01:08:05,280 --> 01:08:04,000

with some unpleasant event - entrapment

1089

01:08:09,870 --> 01:08:05,290

of the astral plane you can immediately

1090

01:08:17,250 --> 01:08:09,880

return to your physical body I've come

1091

01:08:19,590 --> 01:08:17,260

across not so nice is there a physical

1092

01:08:21,570 --> 01:08:19,600

body hated so I just didn't do with the

1093

01:08:26,520 --> 01:08:21,580

whole process which I think this kind of

1094

01:08:28,140 --> 01:08:26,530

you know experience though then after

1095

01:08:31,410 --> 01:08:28,150

some time and also cried you guys will

1096

01:08:33,210 --> 01:08:31,420

appear first bitumen is a real guide you

1097

01:08:35,280 --> 01:08:33,220

will just feel it be very grateful to
