

Night of  
The  
Triangles

1  
00:00:10,870 --> 00:00:09,460  
small to your home network some of us

2  
00:00:13,320 --> 00:00:10,880  
some of you might have seen this year

3  
00:00:16,859 --> 00:00:13,330  
last year where we

4  
00:00:19,740 --> 00:00:16,869  
through some of the cases over the years

5  
00:00:23,999 --> 00:00:19,750  
and stuff well so as a group we just

6  
00:00:26,310 --> 00:00:24,009  
look up Welsh cases just keep it

7  
00:00:28,530 --> 00:00:26,320  
manageable to be important into the

8  
00:00:32,339 --> 00:00:28,540  
witnesses we're just gonna roll it

9  
00:00:34,680 --> 00:00:32,349  
basically tonight's talk you might have

10  
00:00:36,119 --> 00:00:34,690  
seen some of the slights here last year

11  
00:00:38,430 --> 00:00:36,129  
because they did touch on a couple of

12  
00:00:41,280 --> 00:00:38,440  
the sightings but tonight we're gonna

13  
00:00:43,650 --> 00:00:41,290

elaborate our on it and we've got videos

14

00:00:45,410 --> 00:00:43,660

of witness interviews to show you which

15

00:00:48,600 --> 00:00:45,420

will be sorted in as we go through but

16

00:00:49,979 --> 00:00:48,610

basically we're talking about the events

17

00:00:54,000 --> 00:00:49,989

of the evening of the leg teams of

18

00:00:56,219 --> 00:00:54,010

January 1983 long time ago but a lot of

19

00:00:58,560 --> 00:00:56,229

witnesses are still alive because some

20

00:01:00,570 --> 00:00:58,570

at the time were just children so they

21

00:01:03,359 --> 00:01:00,580

but they could still remember it like we

22

00:01:06,870 --> 00:01:03,369

should we you've been to be witnesses

23

00:01:08,820 --> 00:01:06,880

Tommy who were sometimes of sightings or

24

00:01:10,800 --> 00:01:08,830

experiences from many many years ago but

25

00:01:13,020 --> 00:01:10,810

it's etched in their memories it's such

26  
00:01:17,310 --> 00:01:13,030  
a profound effect on them six active in

27  
00:01:19,110 --> 00:01:17,320  
case yeah right Swati reform Network

28  
00:01:22,110 --> 00:01:19,120  
we're basically Swansea was the name

29  
00:01:24,150 --> 00:01:22,120  
applies and this is a picture of us on

30  
00:01:25,710 --> 00:01:24,160  
top of a hill known as killed a hill

31  
00:01:28,770 --> 00:01:25,720  
which is just above the city centre

32  
00:01:30,150 --> 00:01:28,780  
party and kill the hill think it's a

33  
00:01:32,340 --> 00:01:30,160  
couple of times in the stories of the

34  
00:01:35,610 --> 00:01:32,350  
boats turning tonight must have been

35  
00:01:37,500 --> 00:01:35,620  
looking up across Swansea Bay and just

36  
00:01:40,500 --> 00:01:37,510  
to get your bearings with a map da

37  
00:01:43,560 --> 00:01:40,510  
length drawn Swansea Bay is a nice

38  
00:01:45,740 --> 00:01:43,570

curved Bay five miles long ending it

39

00:01:50,000 --> 00:01:45,750

mumbles head with us to little islands

40

00:01:52,890 --> 00:01:50,010

and this is the curve assorted they feel

41

00:01:57,510 --> 00:01:52,900

so secure it's difficult in this one

42

00:02:04,950 --> 00:01:57,520

month kill many others basically there

43

00:02:07,890 --> 00:02:04,960

okay so that's about five miles you get

44

00:02:10,559 --> 00:02:07,900

a bit of the scale like squash the rest

45

00:02:13,140 --> 00:02:10,569

of the old plundered DeMorgan in just to

46

00:02:15,930 --> 00:02:13,150

get Cardiff in because even though a lot

47

00:02:19,110 --> 00:02:15,940

of the action from that might have

48

00:02:21,540 --> 00:02:19,120

happened in this area that we were

49

00:02:23,550 --> 00:02:21,550

feeling sightings from

50

00:02:25,500 --> 00:02:23,560

our stuff will so about the squeeze they

51  
00:02:28,140 --> 00:02:25,510  
then just do so we can get larger any

52  
00:02:30,360 --> 00:02:28,150  
other words Swati will be tiny I don't

53  
00:02:33,660 --> 00:02:30,370  
really get Evan end of it that's late

54  
00:02:36,300 --> 00:02:33,670  
please wait this is a better view of

55  
00:02:38,520 --> 00:02:36,310  
Swansea Bay so you can get things

56  
00:02:40,500 --> 00:02:38,530  
Britain's on these city by the sea rock

57  
00:02:41,970 --> 00:02:40,510  
business while in livin' way listen area

58  
00:02:44,310 --> 00:02:41,980  
good with Scotland

59  
00:02:46,650 --> 00:02:44,320  
I was thinking over the Labour I've been

60  
00:02:49,320 --> 00:02:46,660  
really forced my head all the cities or

61  
00:02:50,960 --> 00:02:49,330  
all the tongues in England because I

62  
00:02:54,680 --> 00:02:50,970  
think legal terms aren't any cities

63  
00:03:05,610 --> 00:02:54,690

Swansea is any city by the state

64

00:03:08,130 --> 00:03:05,620

that's like this kill they help very

65

00:03:11,760 --> 00:03:08,140

very prominent landmark like that

66

00:03:13,890 --> 00:03:11,770

specific center that's swatting the read

67

00:03:16,040 --> 00:03:13,900

map which is the Old South darkness

68

00:03:19,110 --> 00:03:16,050

export coal from there many years ago

69

00:03:22,260 --> 00:03:19,120

and Swansea is at the southern end of

70

00:03:25,440 --> 00:03:22,270

Swansea Valley with a river Tom it flows

71

00:03:27,420 --> 00:03:25,450

down into the into Swansea Bay make you

72

00:03:31,590 --> 00:03:27,430

see the on top of kill we know there's a

73

00:03:37,199 --> 00:03:31,600

radio mast my fingers a couple of times

74

00:03:39,270 --> 00:03:37,209

in the sightings of a nice one to show

75

00:03:42,300 --> 00:03:39,280

these to you just so you can get feel of

76

00:03:45,930 --> 00:03:42,310

the locality so you can get the

77

00:03:49,500 --> 00:03:45,940

geography and head this is the three of

78

00:03:51,720 --> 00:03:49,510

us the main bodies and super honest

79

00:03:58,320 --> 00:03:51,730

myself on the left when I was twice the

80

00:04:01,860 --> 00:03:58,330

size little Steve gruesome Mike on the

81

00:04:04,440 --> 00:04:01,870

right is like look this photograph was

82

00:04:08,160 --> 00:04:04,450

taken from her it was in a press

83

00:04:09,840 --> 00:04:08,170

particle that we often put out because I

84

00:04:11,880 --> 00:04:09,850

think it's important to get up to the

85

00:04:12,479 --> 00:04:11,890

general public to let them know they

86

00:04:15,110 --> 00:04:12,489

were here

87

00:04:18,900 --> 00:04:15,120

and it encourages people to come forward

88

00:04:20,879 --> 00:04:18,910

and one of the witnesses are going to

89

00:04:23,850 --> 00:04:20,889

look out short shortly later go

90

00:04:26,489 --> 00:04:23,860

Matthews saw an article in the local

91

00:04:29,689 --> 00:04:26,499

paper about the night of the travels and

92

00:04:32,640 --> 00:04:29,699

he nearly choked on his breakfast he

93

00:04:35,730 --> 00:04:32,650

said to his wife my god this much smoked

94

00:04:37,800 --> 00:04:35,740

in the house when he was 10 12 years old

95

00:04:41,429 --> 00:04:37,810

he said they've even got a name for it

96

00:04:43,260 --> 00:04:41,439

into the triangles we can't do the name

97

00:04:46,769 --> 00:04:43,270

like the trend was to give it a sort of

98

00:04:49,140 --> 00:04:46,779

identity because it was the mask writing

99

00:04:51,629 --> 00:04:49,150

and dozens and dozens of people saw us

100

00:04:55,100 --> 00:04:51,639

just in the swampy area if not hundreds

101

00:05:04,050 --> 00:05:01,529

okay that's funny listen better map of

102

00:05:16,579 --> 00:05:04,060

South Wales online just go you see the

103

00:05:25,499 --> 00:05:22,409

doesn't stay out okay Cardiff that this

104

00:05:31,709 --> 00:05:25,509

Swansea you see Swansea Bay nice to go

105

00:05:37,200 --> 00:05:31,719

with insula tell what's cool can't do it

106

00:05:49,620 --> 00:05:46,110

mentioned those places again this is an

107

00:06:01,280 --> 00:05:49,630

old map of Swansea and if you see this

108

00:06:13,650 --> 00:06:05,190

Swansea body goes up there and then he

109

00:06:15,600 --> 00:06:13,660

got remember these nearly choked in his

110

00:06:23,010 --> 00:06:15,610

breakfast he was actually in this

111

00:06:26,130 --> 00:06:23,020

locality yes next one so the liver kill

112

00:06:27,990 --> 00:06:26,140

they help right the first on the evening

113

00:06:31,260 --> 00:06:28,000

the evening really kicks off with the

114

00:06:33,480 --> 00:06:31,270

first light thing it was it was reported

115

00:06:35,100 --> 00:06:33,490

in the local paper has been 515 but

116

00:06:38,190 --> 00:06:35,110

we've actually had to do the witness and

117

00:06:39,750 --> 00:06:38,200

she says it was actually 545 so that's

118

00:06:41,430 --> 00:06:39,760

that's when it really kicked off with

119

00:06:45,690 --> 00:06:41,440

the first witness that we have we've

120

00:06:49,160 --> 00:06:45,700

managed to track down it was a lady

121

00:06:52,680 --> 00:06:49,170

called the young Gaskins and she was

122

00:06:56,430 --> 00:06:52,690

about 15 years old and she was living in

123

00:06:58,860 --> 00:06:56,440

skinned can you go back she was living

124

00:07:08,790 --> 00:06:58,870

in a place will skew in which is on the

125

00:07:10,320 --> 00:07:08,800

edge of least she was looking up she

126

00:07:12,030 --> 00:07:10,330

just come on from school and she was

127

00:07:14,010 --> 00:07:12,040

looking up to the kitchen window which

128

00:07:18,090 --> 00:07:14,020

was on first floor because that was

129

00:07:19,050 --> 00:07:18,100

built on the side of a hill kitchen was

130

00:07:22,440 --> 00:07:19,060

on the first floor

131

00:07:24,350 --> 00:07:22,450

looking south for basically what she

132

00:07:30,240 --> 00:07:24,360

said she she saw she saw some lights

133

00:07:31,350 --> 00:07:30,250

what would kill they help so to have it

134

00:07:33,720 --> 00:07:31,360

right down sight but she was looking

135

00:07:37,470 --> 00:07:33,730

stuff and she said these lights were

136

00:07:40,390 --> 00:07:37,480

sort of just sitting over the radio

137

00:07:45,800 --> 00:07:43,670

all of a sudden they sort of jumped to

138

00:07:48,080 --> 00:07:45,810

the right so the Neriah roughly over the

139

00:07:50,930 --> 00:07:48,090

city center you can see the city center

140

00:07:54,260 --> 00:07:50,940

just to the right of their suite to the

141

00:07:57,260 --> 00:07:54,270

left of their right stated for other

142

00:08:00,050 --> 00:07:57,270

than they jump back to kill Bay Hill and

143

00:08:03,170 --> 00:08:00,060

then all of a sudden you know the speed

144

00:08:06,650 --> 00:08:03,180

was phenomenal is like like that we

145

00:08:12,249 --> 00:08:06,660

suddenly jumped about five miles to the

146

00:08:20,809 --> 00:08:16,309

there and she was an absolutely huge

147

00:08:23,540 --> 00:08:20,819

object covered in lights and it was

148

00:08:26,089 --> 00:08:23,550

hovering over the all the oil refinery

149

00:08:32,469 --> 00:08:26,099

that was there this BP found out the oil

150

00:08:36,500 --> 00:08:32,479

refinery in that shot next one again

151  
00:08:38,329 --> 00:08:36,510  
right like where she was Raziel those

152  
00:08:41,300 --> 00:08:38,339  
houses at the left at the top of the

153  
00:08:43,159 --> 00:08:41,310  
picture to have that skin so she was

154  
00:08:46,130 --> 00:08:43,169  
roughly in that area looking south

155  
00:08:47,750 --> 00:08:46,140  
something of the Elantra Flannery and

156  
00:08:50,660 --> 00:08:47,760  
she's sitting subsea feared she covered

157  
00:08:52,400 --> 00:08:50,670  
it actually covered the area of the oil

158  
00:08:57,230 --> 00:08:52,410  
of thunder in the next shot he gives you

159  
00:08:58,610 --> 00:08:57,240  
an idea of size it's a huge site so she

160  
00:09:02,120 --> 00:08:58,620  
was what I stood I like to this picture

161  
00:09:08,400 --> 00:09:02,130  
look in that way she city was he was hit

162  
00:09:08,410 --> 00:09:15,410  
glasses all night descends gerald

163  
00:09:18,769 --> 00:09:17,300

there we actually interviewed she gave

164

00:09:21,530 --> 00:09:18,779

us a lot more information that wasn't

165

00:09:25,240 --> 00:09:21,540

what was in the in the in the local

166

00:09:28,850 --> 00:09:27,380

yes she was hanging out the window and

167

00:09:32,030 --> 00:09:28,860

she told the mother to cover the father

168

00:09:34,130 --> 00:09:32,040

of the figure two sisters okay as well

169

00:09:39,889 --> 00:09:34,140

from the government doesn't fight them

170

00:09:42,259 --> 00:09:39,899

looking at the window she said it was

171

00:09:45,889 --> 00:09:42,269

triangular with lights all over it

172

00:09:47,569 --> 00:09:45,899

fussing randomly in different colors she

173

00:09:49,490 --> 00:09:47,579

could see the body of the craft due to

174

00:09:52,069 --> 00:09:49,500

being like tight and its distance away

175

00:09:54,139 --> 00:09:52,079

from her so she couldn't see the body to

176

00:09:56,150 --> 00:09:54,149

make sense just saw the left side but

177

00:09:57,740 --> 00:09:56,160

the lights suggested to shape who was

178

00:10:01,250 --> 00:09:57,750

very vague and seemed to cover the whole

179

00:10:03,340 --> 00:10:01,260

of Bravo Marie the parents Martin and I

180

00:10:06,560 --> 00:10:03,350

Breton sister Carrie then came from luck

181

00:10:08,650 --> 00:10:06,570

his father worked at the factory and

182

00:10:10,699 --> 00:10:08,660

wondered if he should tell someone

183

00:10:14,889 --> 00:10:10,709

because under the row of houses that

184

00:10:17,600 --> 00:10:14,899

they were living for five houses 8 beta

185

00:10:19,220 --> 00:10:17,610

eights men actually worked at the

186

00:10:21,500 --> 00:10:19,230

refinery as soon as it was a big

187

00:10:23,540 --> 00:10:21,510

employer in the area so the animals

188

00:10:25,160 --> 00:10:23,550

hanging up the windows brightened the

189

00:10:27,860 --> 00:10:25,170

object stately in position over the

190

00:10:30,530 --> 00:10:27,870

refinery for about five minutes and then

191

00:10:33,170 --> 00:10:30,540

he moved up slowly a little to just

192

00:10:38,030 --> 00:10:33,180

moved up slightly and shot up vertically

193

00:10:39,439 --> 00:10:38,040

up a site in a black box straight up now

194

00:10:41,480 --> 00:10:39,449

throughout the entire site thing which

195

00:10:44,540 --> 00:10:41,490

lasted 12 12 to 15 minutes

196

00:10:50,079 --> 00:10:44,550

no son was not just apart from the drum

197

00:10:54,800 --> 00:10:50,089

a linear by a 48 dual carriageway so

198

00:11:02,650 --> 00:10:54,810

that was the first witness accounts the

199

00:11:22,920 --> 00:11:09,470

so that was last triangle scene going

200

00:11:35,170 --> 00:11:25,900

how do people feel like when we come to

201  
00:11:38,620 --> 00:11:35,180  
now Robison plans okay that's not as I

202  
00:11:44,290 --> 00:11:38,630  
mentioned slain in Matthews well Simon

203  
00:11:46,870 --> 00:11:44,300  
was living as I said he was about two or

204  
00:11:50,560 --> 00:11:46,880  
three miles further east than what this

205  
00:11:52,060 --> 00:11:50,570  
was and we trapped Simon Dermott the

206  
00:11:54,700 --> 00:11:52,070  
same actually contacted us actually

207  
00:11:58,810 --> 00:11:54,710  
source in the paper and we went up to

208  
00:12:01,930 --> 00:11:58,820  
the do it video with interviewer and the

209  
00:12:03,430 --> 00:12:01,940  
back in the background you'll see the

210  
00:12:05,320 --> 00:12:03,440  
house that he lived in at the time is up

211  
00:12:08,080 --> 00:12:05,330  
but we'll just the others like the hedge

212  
00:12:10,990 --> 00:12:08,090  
behind me and his viewpoint of it was

213  
00:12:17,290 --> 00:12:11,000

straight down the valley on the horizon

214

00:12:21,940 --> 00:12:17,300

that sort of looked in the middle that's

215

00:12:29,980 --> 00:12:21,950

kill the hill that's where the oil

216

00:12:29,990 --> 00:12:34,630

[Applause]

217

00:12:41,850 --> 00:12:37,329

Oh till either we believe the video and

218

00:12:44,319 --> 00:12:41,860

that's that Simon explained this is the

219

00:12:49,660 --> 00:12:44,329

Evening Post article from the following

220

00:12:51,460 --> 00:12:49,670

day that he can remember seeing this is

221

00:12:54,790 --> 00:12:51,470

the nice construction reconstruction

222

00:12:57,759 --> 00:12:54,800

that Samuel actually did himself of his

223

00:13:01,720 --> 00:12:57,769

view he actually saw two sets of three

224

00:13:03,190 --> 00:13:01,730

red lights over the oil refinery but

225

00:13:04,630 --> 00:13:03,200

differed to what the younger skin saw

226

00:13:05,680 --> 00:13:04,640

which he said it was a huge object

227

00:13:08,230 --> 00:13:05,690

covered in lights in all different

228

00:13:13,030 --> 00:13:08,240

colors he said he actually saw two

229

00:13:14,970 --> 00:13:13,040

triangle formations I believe they were

230

00:13:43,390 --> 00:13:14,980

blinking on and off and he did a nice

231

00:13:49,690 --> 00:13:45,430

I just thought you can also get us I can

232

00:13:49,700 --> 00:14:25,389

[Music]

233

00:14:25,399 --> 00:14:45,190

what we've come here

234

00:14:45,200 --> 00:15:00,040

[Music]

235

00:15:00,050 --> 00:15:05,490

it's kind of yeah showing a palisade

236

00:15:05,500 --> 00:15:14,040

listen for some time

237

00:15:34,280 --> 00:15:14,280

Oh

238

00:15:34,290 --> 00:15:51,370

[Music]

239

00:16:17,480 --> 00:16:15,139

nah see over at the time there was no H

240

00:16:20,630 --> 00:16:17,490

over lambda have suggested payment

241

00:16:23,960 --> 00:16:20,640

straight onto the grass I shall play it

242

00:16:27,259 --> 00:16:23,970

on my BMX right on the pole with a much

243

00:16:29,630 --> 00:16:27,269

better team might only be max Adams it's

244

00:16:32,030 --> 00:16:29,640

already gone darkens they start even

245

00:16:36,199 --> 00:16:32,040

though exude cousin Charlie it was dark

246

00:16:38,990 --> 00:16:36,209

I got my bike over towards the corner of

247

00:16:44,509 --> 00:16:39,000

the street to to deduct it also that

248

00:16:48,560 --> 00:16:44,519

reward the people Darcy or we find these

249

00:16:51,650 --> 00:16:48,570

on the top of their vehicles explain if

250

00:16:56,540 --> 00:16:51,660

you see two triangular craft hovering

251  
00:16:59,210 --> 00:16:56,550  
above the works the to drag across the

252  
00:17:01,310 --> 00:16:59,220  
piece instead of six regulates in order

253  
00:17:04,579 --> 00:17:01,320  
so there's three regulates on each

254  
00:17:07,760 --> 00:17:04,589  
strand a fact only two corners of the

255  
00:17:17,150 --> 00:17:07,770  
triangle this is what my fluxes and the

256  
00:17:21,169 --> 00:17:17,160  
craft of the works almost as though they

257  
00:17:23,900 --> 00:17:21,179  
were scanned in the area below them and

258  
00:17:27,049 --> 00:17:23,910  
they washed it out cycles I immediately

259  
00:17:28,760 --> 00:17:27,059  
knew something swings was happening at

260  
00:17:31,730 --> 00:17:28,770  
the new ways witnessing something these

261  
00:17:33,669 --> 00:17:31,740  
and didn't know what it was but I knew

262  
00:17:36,799 --> 00:17:33,679  
there was something strange going on

263  
00:17:38,140 --> 00:17:36,809

there watched it was all well and then I

264

00:17:41,950 --> 00:17:38,150

run into my house

265

00:17:43,030 --> 00:17:41,960

[h\_\_h] door into the kitchen and I shall

266

00:17:45,400 --> 00:17:43,040

dig my own mouth

267

00:17:47,710 --> 00:17:45,410

coming up next to me there's you before

268

00:17:49,390 --> 00:17:47,720

words about BP times you wouldn't come

269

00:17:51,640 --> 00:17:49,400

up she was clean then on the way to her

270

00:17:53,320 --> 00:17:51,650

house her but she knows what and she

271

00:17:55,390 --> 00:17:53,330

wouldn't come with me I begged over to

272

00:17:59,080 --> 00:17:55,400

help but she wouldn't come out anyway I

273

00:18:02,980 --> 00:17:59,090

came back out I can't be mad about what

274

00:18:05,799 --> 00:18:02,990

happened then but I skipped over the day

275

00:18:08,610 --> 00:18:05,809

and then the next day on the front page

276

00:18:12,700 --> 00:18:08,620

of The Evening Post was this slowly

277

00:18:15,790 --> 00:18:12,710

hundred spot mr. gates over City and I

278

00:18:17,169 --> 00:18:15,800

saw that Saudis my mother and she

279

00:18:20,470 --> 00:18:17,179

couldn't believe it she couldn't leave

280

00:18:22,390 --> 00:18:20,480

your story and she regretted so much

281

00:18:24,730 --> 00:18:22,400

you're coming up to see the lights who

282

00:18:27,610 --> 00:18:24,740

need to see aircraft in there so that's

283

00:18:28,600 --> 00:18:27,620

pretty much the story really you cannot

284

00:18:31,150 --> 00:18:28,610

be a last weekend you to the

285

00:18:36,520 --> 00:18:31,160

photographing you've made a mark on my

286

00:18:38,740 --> 00:18:36,530

video I check my video listen you see

287

00:18:41,230 --> 00:18:38,750

Jerry instructional yeah and here it is

288

00:18:55,000 --> 00:18:41,240

there's only three miles away but yeah

289

00:18:57,040 --> 00:18:55,010

it's another perspective this your job

290

00:19:00,520 --> 00:18:57,050

largely must've been because I can

291

00:19:01,960 --> 00:19:00,530

clearly see the first witnesses you the

292

00:19:03,000 --> 00:19:01,970

first witness to be trapped outside

293

00:19:05,710 --> 00:19:03,010

Swansea

294

00:19:17,049 --> 00:19:05,720

it's incredible [h\_\_h] mysterious

295

00:19:22,999 --> 00:19:19,580

unfortunately slomique i can't remember

296

00:19:25,430 --> 00:19:23,009

the exact time of his sighting it could

297

00:19:28,129 --> 00:19:25,440

have been after the huge object that was

298

00:19:30,769 --> 00:19:28,139

seemingly on gaskets because the

299

00:19:32,119 --> 00:19:30,779

description is so different so you could

300

00:19:35,110 --> 00:19:32,129

have been afterwards but we we don't

301  
00:19:38,169 --> 00:19:35,120  
know where but it's important to have

302  
00:19:57,029 --> 00:19:38,179  
right just read a couple of others notes

303  
00:20:01,630 --> 00:20:00,039  
so that was well with me Alan Williams

304  
00:20:06,940 --> 00:20:01,640  
within the period between quarters of

305  
00:20:10,509 --> 00:20:06,950  
faith according to section 6 o'clock in

306  
00:20:15,970 --> 00:20:10,519  
the period between 5:30 and 4:45 from

307  
00:20:19,210 --> 00:20:15,980  
periods of 10 minutes mumbles yeah this

308  
00:20:21,460 --> 00:20:19,220  
Swansea Bay again and as Mothershead

309  
00:20:27,700 --> 00:20:21,470  
at the end got to that line under the

310  
00:20:29,139 --> 00:20:27,710  
light touches Mama's head watched with

311  
00:20:31,450 --> 00:20:29,149  
with the naked eye on through binoculars

312  
00:20:35,590 --> 00:20:31,460  
two very bright lights about the length

313  
00:20:37,389 --> 00:20:35,600

of a Boeing 747 apart no shape was

314

00:20:44,409 --> 00:20:37,399

discernible but lights were over the

315

00:20:53,379 --> 00:20:44,419

lifeguard station at Momo's the lifeboat

316

00:20:57,129 --> 00:20:53,389

station right the lights were all the

317

00:21:00,519 --> 00:20:57,139

labels lifeguard station and that's two

318

00:21:03,370 --> 00:21:00,529

thousand feet maximum after to it one

319

00:21:05,909 --> 00:21:03,380

mile away from the observer its

320

00:21:08,289 --> 00:21:05,919

movements were described as being steady

321

00:21:10,149 --> 00:21:08,299

changing as an Emirati

322

00:21:12,700 --> 00:21:10,159

report so we don't know who the

323

00:21:16,470 --> 00:21:12,710

witnesses reforms of the redact he's

324

00:21:21,180 --> 00:21:16,480

chosen us to protect people's identity

325

00:21:25,840 --> 00:21:21,190

and between also between 5:45 and 6:45

326  
00:21:28,810 --> 00:21:25,850  
against their boat large window of time

327  
00:21:32,139 --> 00:21:28,820  
there overkill away hello good shot an

328  
00:21:34,299 --> 00:21:32,149  
observer located outdoors on petrol

329  
00:21:39,669 --> 00:21:34,309  
Gotham roads which is in the north of

330  
00:21:41,850 --> 00:21:39,679  
Swansea select an uptick Joe observed an

331  
00:21:46,149 --> 00:21:41,860  
object fight for five to ten minutes

332  
00:21:48,220 --> 00:21:46,159  
moving slowly around a TV bust he was

333  
00:21:51,190 --> 00:21:48,230  
described as being one object split into

334  
00:21:52,690 --> 00:21:51,200  
two parts three very bright flashing

335  
00:21:55,870 --> 00:21:52,700  
white lights at the front and three at

336  
00:21:59,460 --> 00:21:55,880  
the back massive in size all belong and

337  
00:22:02,150 --> 00:21:59,470  
shared no Sun on cross smell again

338  
00:22:04,400 --> 00:22:02,160

position like time is difficult to tell

339

00:22:07,490 --> 00:22:04,410

just judging but I like to stay assume

340

00:22:17,120 --> 00:22:07,500

this or not again that was an emerald e5

341

00:22:19,760 --> 00:22:17,130

so he doesn't know there's a chance to

342

00:22:22,160 --> 00:22:19,770

forget that you have to know there's a

343

00:22:24,710 --> 00:22:22,170

chance that some of these objects seen

344

00:22:26,660 --> 00:22:24,720

are the same object food like different

345

00:22:30,590 --> 00:22:26,670

people at the same time it's just

346

00:22:46,210 --> 00:22:30,600

important to remember that it gives the

347

00:22:46,220 --> 00:22:57,890

that's between 5:30 to 5:45

348

00:23:02,360 --> 00:23:00,260

so the one in mumbles was actually

349

00:23:06,290 --> 00:23:02,370

slightly before the young Gaskin saw

350

00:23:13,640 --> 00:23:06,300

that one shot under two though on the

351

00:23:16,160 --> 00:23:13,650

finery okay so that's later next one

352

00:23:18,400 --> 00:23:16,170

that 550 this is at the same time as

353

00:23:22,370 --> 00:23:18,410

Leon Gaskins was looking at it from

354

00:23:24,230 --> 00:23:22,380

kitchen window in skewing Morris turn

355

00:23:28,190 --> 00:23:24,240

over a period of six minutes an observer

356

00:23:37,299 --> 00:23:28,200

located upon he'll tell a cobbler which

357

00:23:42,260 --> 00:23:37,309

is coming else yeah to get your balance

358

00:23:44,590 --> 00:23:42,270

ten to six reported seeing two objects

359

00:23:48,169 --> 00:23:44,600

traveling at a steady rate west to east

360

00:23:50,180 --> 00:23:48,179

from the DVR see as it was then the DVLA

361

00:23:52,549 --> 00:23:50,190

now in morosely notes where you could

362

00:23:52,850 --> 00:23:52,559

send your driving licenses off well

363

00:23:56,299 --> 00:23:52,860

that's

364

00:23:57,890 --> 00:23:56,309

Morrison the top towards kill the hill

365

00:24:01,190 --> 00:23:57,900

so he was traveling through harvest and

366

00:24:04,370 --> 00:24:01,200

them to that and the observer was there

367

00:24:06,710 --> 00:24:04,380

that was a ten to six if you remember

368

00:24:08,440 --> 00:24:06,720

the ungass skins a quarter to six was

369

00:24:12,980 --> 00:24:08,450

watching an object over killed a hill

370

00:24:17,570 --> 00:24:12,990

and then fly that way this witness saw

371

00:24:21,100 --> 00:24:17,580

it or sway or a lot sorta objects

372

00:24:28,010 --> 00:24:21,110

traveling a steady rate from Lauriston

373

00:24:30,830 --> 00:24:28,020

done to go may help one object was a

374

00:24:32,090 --> 00:24:30,840

long elongated shape with two pulsating

375

00:24:34,120 --> 00:24:32,100

white lights at the front and two

376

00:24:36,680 --> 00:24:34,130

yellowish steady lights on the rear the

377

00:24:39,799 --> 00:24:36,690

second object was small and triangular

378

00:24:45,790 --> 00:24:39,809

with steady white lights no sound or

379

00:24:50,470 --> 00:24:47,750

correspondence actually to the next

380

00:24:52,810 --> 00:24:50,480

several witnesses who were two CID

381

00:24:57,789 --> 00:24:52,820

officers one was a detective start

382

00:24:59,169 --> 00:24:57,799

Detective Inspector this is one of the

383

00:25:01,139 --> 00:24:59,179

offices knowing how to as the inspector

384

00:25:04,509 --> 00:25:01,149

massage so this is Mike trochus

385

00:25:07,509 --> 00:25:04,519

alcoholic Steve drusen we visited Mike

386

00:25:11,139 --> 00:25:07,519

troch gentleman on the left that would

387

00:25:13,240 --> 00:25:11,149

say it obviously and he gave us a full

388

00:25:15,340 --> 00:25:13,250

story of what Bob what's what's

389

00:25:21,789 --> 00:25:15,350

happening back one shot that might

390

00:25:25,990 --> 00:25:21,799

forget oh just up there well that last

391

00:25:27,759 --> 00:25:26,000

observer was the - CID officers were

392

00:25:29,320 --> 00:25:27,769

actually calling on our hosts they've

393

00:25:31,419 --> 00:25:29,330

been the spectre burglar reason yeah we

394

00:25:33,430 --> 00:25:31,429

only were walking up it's very hilly

395

00:25:35,950 --> 00:25:33,440

area they were walking up the road up

396

00:25:37,779 --> 00:25:35,960

the steps to the house and one of them

397

00:25:41,460 --> 00:25:37,789

turned to see these lights come in

398

00:25:47,049 --> 00:25:41,470

across the valley from west to east

399

00:25:48,669 --> 00:25:47,059

and the next chart this shows it a joy

400

00:25:53,950 --> 00:25:48,679

he did a drawing of what he saw

401  
00:25:56,169 --> 00:25:53,960  
initially in doing the drawing last

402  
00:26:01,090 --> 00:25:56,179  
drawing he said one of the objects that

403  
00:26:03,129 --> 00:26:01,100  
he saw you don't get to shape like to

404  
00:26:16,750 --> 00:26:03,139  
sit on the edge with two triangular

405  
00:26:22,420 --> 00:26:19,020  
the light suicides e-signal blue

406  
00:26:25,900 --> 00:26:22,430  
flashing and two blue triangles at the

407  
00:26:33,810 --> 00:26:25,910  
back as it would look good he was coming

408  
00:26:38,920 --> 00:26:37,840  
who's going across across that way and

409  
00:26:40,480 --> 00:26:38,930  
then when they got the point about

410  
00:26:48,080 --> 00:26:40,490  
something - until they left and headed

411  
00:26:54,810 --> 00:26:50,460  
we said they came on the radio in the

412  
00:26:56,010 --> 00:26:54,820  
car but many many people were forming in

413  
00:27:00,540 --> 00:26:56,020

of the trainer's they that they were

414

00:27:03,990 --> 00:27:00,550

seeing it also when they go back to the

415

00:27:07,430 --> 00:27:04,000

police station two hours later they said

416

00:27:11,670 --> 00:27:07,440

that our re f acts Bridget and fondant

417

00:27:15,810 --> 00:27:11,680

and with set questions and they had the

418

00:27:20,730 --> 00:27:15,820

answer to an interview on the telephone

419

00:27:24,120 --> 00:27:20,740

separately go back to the Octagon he

420

00:27:27,900 --> 00:27:24,130

said it turned slowly which then showed

421

00:27:32,070 --> 00:27:27,910

the rectangle shape the to try the two

422

00:27:37,320 --> 00:27:32,080

blue try hours were flashing there was

423

00:27:39,590 --> 00:27:37,330

no sound they were also told that the

424

00:27:43,200 --> 00:27:39,600

football game alerts have been stopped

425

00:27:44,360 --> 00:27:43,210

while everybody looked up as he went

426

00:27:46,830 --> 00:27:44,370

over Swansea Bay

427

00:27:52,410 --> 00:27:46,840

we haven't actually found out what

428

00:27:54,540 --> 00:27:52,420

football team that was yet yeah the

429

00:27:56,480 --> 00:27:54,550

police officer guessing James we tracked

430

00:27:59,760 --> 00:27:56,490

him down immediate winter lieutenant and

431

00:28:01,680 --> 00:27:59,770

he was follows Mike's testimony but

432

00:28:04,980 --> 00:28:01,690

there was some slight variations which

433

00:28:09,900 --> 00:28:04,990

you often get between witnesses also due

434

00:28:15,270 --> 00:28:09,910

to the fact it was so long ago Mike said

435

00:28:17,460 --> 00:28:15,280

that the the wet or swansea turn left

436

00:28:22,320 --> 00:28:17,470

before the end of the site in which

437

00:28:23,790 --> 00:28:22,330

which is what Mike said and he also said

438

00:28:27,000 --> 00:28:23,800

the girl in the control room said that

439

00:28:29,640 --> 00:28:27,010

reports from case place which is near

440

00:28:34,500 --> 00:28:29,650

morester come in and she was mocking

441

00:28:35,790 --> 00:28:34,510

Italy making fun of it but then they

442

00:28:44,080 --> 00:28:35,800

made you and then to say that they had

443

00:28:44,090 --> 00:28:48,230

nice and light

444

00:28:48,240 --> 00:28:59,770

yeah that shows the area

445

00:28:59,780 --> 00:29:10,310

the mob long show

446

00:29:16,910 --> 00:29:12,500

I think they can't really exact what

447

00:29:19,160 --> 00:29:16,920

time votives the time good evening

448

00:29:31,370 --> 00:29:19,170

that's all I can say that's portal but

449

00:29:34,060 --> 00:29:31,380

let's deal with Mattel bus five past six

450

00:29:36,650 --> 00:29:34,070

to be moving all of it in time no

451  
00:29:40,100 --> 00:29:36,660  
witness reported a silver-colored

452  
00:29:42,010 --> 00:29:40,110  
source saucer-shaped object showing four

453  
00:29:44,570 --> 00:29:42,020  
or five lights flashing and rotation

454  
00:29:48,770 --> 00:29:44,580  
seeing an emotional scene motionless in

455  
00:29:50,780 --> 00:29:48,780  
the sky over the steelworks few minutes

456  
00:29:52,340 --> 00:29:50,790  
later it was joined by second new earth

457  
00:29:59,930 --> 00:29:52,350  
on the two of them would have towards

458  
00:30:01,460 --> 00:29:59,940  
Swansea that's here John

459  
00:30:17,110 --> 00:30:01,470  
it doesn't actually say the shape of the

460  
00:30:26,140 --> 00:30:22,000  
okay that's well no but there's a good

461  
00:30:27,700 --> 00:30:26,150  
Melissa's be given aquiline these this

462  
00:30:31,020 --> 00:30:27,710  
is actually our first interview on site

463  
00:30:33,730 --> 00:30:31,030

when we first started a few years ago

464

00:30:39,250 --> 00:30:33,740

I'm actually track this going down even

465

00:30:42,910 --> 00:30:39,260

always turn into jaws imagine there's a

466

00:30:45,820 --> 00:30:42,920

lot of Jones here he's not a witness

467

00:30:49,120 --> 00:30:45,830

his father was a witness his father was

468

00:30:52,120 --> 00:30:49,130

the driving instructor the gem of the

469

00:30:57,880 --> 00:30:52,130

name of pork loin Jones might say left a

470

00:30:59,230 --> 00:30:57,890

new place not feel jewels the Sun or he

471

00:31:00,610 --> 00:30:59,240

said that this father always maintained

472

00:31:03,300 --> 00:31:00,620

the story or for years and years and

473

00:31:06,220 --> 00:31:03,310

years but he never made it public and

474

00:31:08,230 --> 00:31:06,230

Phil what did the public but the honor

475

00:31:11,410 --> 00:31:08,240

his father's wishes and he waited until

476  
00:31:14,680 --> 00:31:11,420  
his father passed away in 2012 before

477  
00:31:16,810 --> 00:31:14,690  
putting it online and I think 2013 evils

478  
00:31:19,510 --> 00:31:16,820  
look when I count up for the website UK

479  
00:31:22,840 --> 00:31:19,520  
you were thought called on you okay a

480  
00:31:26,590 --> 00:31:22,850  
lot of public go on about to put their

481  
00:31:30,690 --> 00:31:26,600  
own stories it well I found that I found

482  
00:31:37,630 --> 00:31:30,700  
the story and it's just in Phil Jones

483  
00:31:39,190 --> 00:31:37,640  
works with all authority so I owe ya I

484  
00:31:41,800 --> 00:31:39,200  
thought that the council I second

485  
00:31:44,370 --> 00:31:41,810  
speaker Phil Jones please I said they

486  
00:31:46,510 --> 00:31:44,380  
see if it's one of them attend alone I

487  
00:31:48,520 --> 00:31:46,520  
said I was sure I think he's a how was

488  
00:31:51,640 --> 00:31:48,530

it office I know that so they put me

489

00:31:54,700 --> 00:31:51,650

through to Jones first time is it

490

00:31:57,820 --> 00:31:54,710

and then we arranged to meet up and I

491

00:31:58,300 --> 00:31:57,830

was sailing all that Phil Satan is on

492

00:32:02,110 --> 00:31:58,310

words

493

00:32:04,600 --> 00:32:02,120

oh by the way this isn't long walks

494

00:32:09,740 --> 00:32:04,610

Avenue in a British the appellants which

495

00:32:27,270 --> 00:32:19,169

this is a 650 what's the streets that's

496

00:32:30,650 --> 00:32:27,280

the street without knowing blessing to

497

00:32:32,640 --> 00:32:30,660

the sky here we go party notice is used

498

00:32:34,320 --> 00:32:32,650

attention was drawn that is rather

499

00:32:37,140 --> 00:32:34,330

believes that the two houses next door

500

00:32:40,529 --> 00:32:37,150

next door but one on which he saw a

501  
00:32:45,870 --> 00:32:40,539  
large button craft because there it was

502  
00:32:48,539 --> 00:32:45,880  
above the sea he was going on to a

503  
00:32:53,100 --> 00:32:48,549  
driving lesson as he got down to his car

504  
00:32:55,380 --> 00:32:53,110  
here you noticed his attention was drawn

505  
00:32:58,230 --> 00:32:55,390  
to the roofs at the two houses next door

506  
00:33:02,039 --> 00:32:58,240  
next door but one from which he saw a

507  
00:33:03,750 --> 00:33:02,049  
large black and craft it was about thus

508  
00:33:06,870 --> 00:33:03,760  
he described it as being about the size

509  
00:33:07,169 --> 00:33:06,880  
of the family saloon car triangular in

510  
00:33:10,950 --> 00:33:07,179  
shape

511  
00:33:12,960 --> 00:33:10,960  
it was blacker than the night sky and

512  
00:33:16,500 --> 00:33:12,970  
then on the on the three corners of this

513  
00:33:18,299 --> 00:33:16,510

craft was a small hole and then at the

514

00:33:22,620 --> 00:33:18,309

bottom of that hole was a very bright

515

00:33:25,080 --> 00:33:22,630

small but very bright white light before

516

00:33:29,190 --> 00:33:25,090

the craft came between the two houses

517

00:33:32,940 --> 00:33:29,200

here it then descended below the heart

518

00:33:37,620 --> 00:33:32,950

of the house at a walking pace across

519

00:33:40,500 --> 00:33:37,630

the road and then ascended back up on

520

00:33:43,440 --> 00:33:40,510

several phases it came up on two or

521

00:33:46,610 --> 00:33:43,450

three phases and just about managed to

522

00:33:50,669 --> 00:33:46,620

miss the roof of the house opposite

523

00:33:55,440 --> 00:33:50,679

number 15 15 check that one there knows

524

00:33:57,120 --> 00:33:55,450

the scaffolding yeah yeah it he said it

525

00:34:41,309 --> 00:33:57,130

was that close he was waiting for the

526

00:34:52,389 --> 00:34:45,700

so you see who's about what size up

527

00:34:54,339 --> 00:34:52,399

about the size of my family some museums

528

00:34:57,129 --> 00:34:54,349

a triangle shape what was it like a big

529

00:35:01,650 --> 00:34:57,139

like a little triangle yes it was yeah

530

00:35:04,299 --> 00:35:01,660

yeah yeah as I say several people were

531

00:35:06,430 --> 00:35:04,309

reporters have you seen these aircraft

532

00:35:10,420 --> 00:35:06,440

in the night sky on that particular ad

533

00:35:12,700 --> 00:35:10,430

question but this is versus this is my

534

00:35:16,210 --> 00:35:12,710

sister this is what I heard that is the

535

00:35:27,099 --> 00:35:16,220

lowest yeah yeah yeah so you can imagine

536

00:35:29,950 --> 00:35:27,109

it come over the roof down below the

537

00:35:32,049 --> 00:35:29,960

height of the roof how long would it

538

00:35:34,960 --> 00:35:32,059

take five six seconds to cross the road

539

00:35:38,260 --> 00:35:34,970

and walking pace the Menace I say then

540

00:35:41,070 --> 00:35:38,270

ascended again just about clear that

541

00:35:43,380 --> 00:35:41,080

roof literally by an in children

542

00:35:46,290 --> 00:35:43,390

and then my father having run up here

543

00:35:49,050 --> 00:35:46,300

between the gap in the two houses who

544

00:35:51,450 --> 00:35:49,060

noticed it descend in a game and making

545

00:35:55,320 --> 00:35:51,460

its way down there well whether actually

546

00:35:56,100 --> 00:35:55,330

left did it leave it velocity or did it

547

00:35:59,490 --> 00:35:56,110

just disappear

548

00:36:02,190 --> 00:35:59,500

well my father lost sight of it booths

549

00:36:04,440 --> 00:36:02,200

between these houses and it didn't lead

550

00:36:06,690 --> 00:36:04,450

ephesus the speeders concert it was a

551  
00:36:10,470 --> 00:36:06,700  
concert what you what he described as a

552  
00:36:15,240 --> 00:36:10,480  
slow to medium walking pace and that's

553  
00:36:17,430 --> 00:36:15,250  
how it ascended over that roof he ran

554  
00:36:20,340 --> 00:36:17,440  
over here saw between the two houses the

555  
00:36:22,830 --> 00:36:20,350  
gap there he managed to botch it descend

556  
00:36:25,230 --> 00:36:22,840  
back down below with a house level again

557  
00:36:29,100 --> 00:36:25,240  
and head off in that direction towards

558  
00:36:30,510 --> 00:36:29,110  
the Swansea Bay and as I said he said

559  
00:36:33,420 --> 00:36:30,520  
that as far as he was concerned the

560  
00:36:35,340 --> 00:36:33,430  
speeders continually who was essentially

561  
00:36:39,360 --> 00:36:35,350  
the what if there's any selling to look

562  
00:36:42,120 --> 00:36:39,370  
about the only sounds that he could hear

563  
00:36:59,339 --> 00:36:42,130

was a very low deep and I'll do it for

564

00:36:59,349 --> 00:37:17,880

always oh yeah we

565

00:37:32,109 --> 00:37:31,480

going on to a driving lesson okay wrong

566

00:37:35,260 --> 00:37:32,119

choice

567

00:37:37,839 --> 00:37:35,270

I filled your school is that's amazing

568

00:37:41,589 --> 00:37:37,849

psychic you've so close to it you could

569

00:37:45,670 --> 00:37:41,599

actually hear a song from it can you go

570

00:37:52,359 --> 00:37:48,220

well again yeah it's a photograph that

571

00:37:55,480 --> 00:37:52,369

we took my lights just to give a feel of

572

00:37:57,160 --> 00:37:55,490

what waffle enjoys how things like you

573

00:38:01,990 --> 00:37:57,170

know obviously was it was a night I

574

00:38:03,400 --> 00:38:02,000

think she saw me from left to right when

575

00:38:05,770 --> 00:38:03,410

he said you've dipped down into the road

576

00:38:07,120 --> 00:38:05,780

and walking base and he thought we gonna

577

00:38:10,030 --> 00:38:07,130

hit the house across the road but they

578

00:38:14,680 --> 00:38:10,040

clung together literally again around

579

00:38:17,380 --> 00:38:14,690

his leg okay now the left straight down

580

00:38:19,150 --> 00:38:17,390

from well the next two streets down for

581

00:38:23,050 --> 00:38:19,160

the long walks Avenue we've got

582

00:38:27,490 --> 00:38:23,060

beechwood road when this ladies will

583

00:38:30,760 --> 00:38:27,500

Natalie modo she was a teenager still in

584

00:38:34,930 --> 00:38:30,770

school the being in this house at the

585

00:38:38,920 --> 00:38:34,940

time and she has an amazing story to

586

00:38:40,599 --> 00:38:38,930

tell began she couldn't she didn't know

587

00:38:43,060 --> 00:38:40,609

the exact time but bearing in mind it

588

00:38:46,540 --> 00:38:43,070

was just two streets down from the last

589

00:38:48,250 --> 00:38:46,550

sighting we obviously got a link the two

590

00:38:50,800 --> 00:38:48,260

together even though what she saw it

591

00:38:52,180 --> 00:38:50,810

wasn't size of my family so it was

592

00:38:53,650 --> 00:38:52,190

actually much bigger in fact it was

593

00:38:57,820 --> 00:38:53,660

sorbet she couldn't see the end the

594

00:39:00,160 --> 00:38:57,830

sight she just can remember what she

595

00:39:03,590 --> 00:39:00,170

described as a stadium of like so the

596

00:39:05,180 --> 00:39:03,600

football stadium shaper of colors

597

00:39:08,070 --> 00:39:05,190

[Music]

598

00:39:10,140 --> 00:39:08,080

pants underneath an object which are

599

00:39:12,000 --> 00:39:10,150

dark she couldn't see the edges of it it

600

00:39:14,520 --> 00:39:12,010

was hot rate stationary or the both of

601  
00:39:17,730 --> 00:39:14,530  
the house and I'm not telling any more

602  
00:39:20,930 --> 00:39:17,740  
but let Natalie explain what in her own

603  
00:39:25,020 --> 00:39:23,460  
lovely this is her boudoir from the

604  
00:39:26,360 --> 00:39:25,030  
front door actually this is the house

605  
00:39:33,060 --> 00:39:26,370  
across the road

606  
00:39:34,620 --> 00:39:33,070  
this object filled the whole sky this is

607  
00:39:37,470 --> 00:39:34,630  
a joint she did a bit that's the host

608  
00:39:39,590 --> 00:39:37,480  
across this stadium of lux that she

609  
00:39:41,700 --> 00:39:39,600  
displayed is just above the rooftops

610  
00:39:47,070 --> 00:39:41,710  
there were other people in the street as

611  
00:39:56,010 --> 00:39:47,080  
well not be helping it come back to that

612  
00:40:02,740 --> 00:39:59,410  
good god this is not to convince anyone

613  
00:40:05,710 --> 00:40:02,750

this is you know my soy for me but at

614

00:40:08,200 --> 00:40:05,720

least convince anyone okay so in this

615

00:40:12,460 --> 00:40:08,210

house of 13 I was sitting in the back

616

00:40:19,920 --> 00:40:12,470

room which is next to kitchen one

617

00:40:42,220 --> 00:40:34,780

follow me here

618

00:40:44,200 --> 00:40:42,230

I mean streets of this city of the

619

00:40:47,859 --> 00:40:44,210

central parts of it is as I said before

620

00:41:04,060 --> 00:40:47,869

a sinking ship maker but the windows

621

00:41:04,690 --> 00:41:04,070

like this sighs but those are always in

622

00:41:07,450 --> 00:41:04,700

my head

623

00:41:08,920 --> 00:41:07,460

also time again thank you what's it

624

00:41:10,870 --> 00:41:08,930

doing that I didn't see the

625

00:41:11,380 --> 00:41:10,880

circumference of it because it was

626  
00:41:13,660 --> 00:41:11,390  
immense

627  
00:41:17,109 --> 00:41:13,670  
you know it's a black space well I was

628  
00:41:19,900 --> 00:41:17,119  
focusing Israelites country so looking

629  
00:41:20,810 --> 00:41:19,910  
at me wondering why is that good five

630  
00:41:22,370 --> 00:41:20,820  
minutes

631  
00:41:24,950 --> 00:41:22,380  
and your mother needs the water in the

632  
00:41:28,850 --> 00:41:24,960  
party not for me sense of urgency and

633  
00:41:30,500 --> 00:41:28,860  
logically explain it in my head so it

634  
00:41:32,390 --> 00:41:30,510  
couldn't make any sense of it and then I

635  
00:41:34,610 --> 00:41:32,400  
thought people here that's us so I

636  
00:41:40,040 --> 00:41:34,620  
vertical so I start swinging in my house

637  
00:41:41,960 --> 00:41:40,050  
- cool my sister and my stepmother so

638  
00:41:44,930 --> 00:41:41,970

they came right because I suppose with

639

00:41:48,020 --> 00:41:44,940

so much commotion by the maids in the

640

00:41:50,450 --> 00:41:48,030

streets can I sit - across there to

641

00:41:52,300 --> 00:41:50,460

appear one customer so basically in the

642

00:41:56,270 --> 00:41:52,310

end there's but my entire us looking at

643

00:41:58,190 --> 00:41:56,280

listening the other thing is that it

644

00:42:00,140 --> 00:41:58,200

wasn't cold anymore the signs in the

645

00:42:02,780 --> 00:42:00,150

street give you the fella Topeka that

646

00:42:06,800 --> 00:42:02,790

dropped you eat here we go you're a

647

00:42:07,190 --> 00:42:06,810

second oh I got just still miss you so

648

00:42:11,570 --> 00:42:07,200

much

649

00:42:13,280 --> 00:42:11,580

no sign that this thing but but what was

650

00:42:17,180 --> 00:42:13,290

that father my sister finally come out

651  
00:42:18,680 --> 00:42:17,190  
there based I'm waiting Utah and they're

652  
00:42:20,720 --> 00:42:18,690  
looking at it and I'm like can you

653  
00:42:24,140 --> 00:42:20,730  
believe in her to see you a house

654  
00:42:31,150 --> 00:42:24,150  
you know he's like wow yeah you know

655  
00:42:37,280 --> 00:42:34,400  
after this point my stepfather and my

656  
00:42:39,440 --> 00:42:37,290  
sister didn't get along I not just to

657  
00:42:42,410 --> 00:42:39,450  
set the scene because it's not normal

658  
00:42:44,120 --> 00:42:42,420  
what they didn't he walked in I said

659  
00:42:46,400 --> 00:42:44,130  
will you do it man he's like I've seen

660  
00:42:48,890 --> 00:42:46,410  
enough so he stretched out and picked

661  
00:42:52,560 --> 00:42:48,900  
mechanically but feeling it follows that

662  
00:42:55,410 --> 00:42:52,570  
mrs. suppose exactly the same actually

663  
00:42:57,630 --> 00:42:55,420

sending arson is just ultimate which is

664

00:43:02,640 --> 00:42:57,640

not more quickly she would never ever

665

00:43:05,609 --> 00:43:02,650

put studies so they might watch me go

666

00:43:08,609 --> 00:43:05,619

that's a Vanessa it's been five minutes

667

00:43:10,290 --> 00:43:08,619

LSAT or minor I hope that might make

668

00:43:15,140 --> 00:43:10,300

another five minutes tape on it

669

00:43:17,520 --> 00:43:15,150

I understand that and it's fortunate

670

00:43:18,349 --> 00:43:17,530

muttering you know just asking your

671

00:43:22,260 --> 00:43:18,359

questions

672

00:43:24,540 --> 00:43:22,270

mentally you know telepathically sending

673

00:43:28,370 --> 00:43:24,550

it and what's going on why you there

674

00:43:30,510 --> 00:43:28,380

what you do it you know take it away

675

00:43:32,820 --> 00:43:30,520

laughter to give you another perspective

676

00:43:34,620 --> 00:43:32,830

the board's best warranty it's better

677

00:43:36,540 --> 00:43:34,630

kiss you just joking around or just

678

00:43:37,680 --> 00:43:36,550

looking for something that's an object

679

00:43:40,890 --> 00:43:37,690

in some sense

680

00:43:44,070 --> 00:43:40,900

so after another five maybe ten minutes

681

00:43:45,870 --> 00:43:44,080

iris yeah I was just worried yeah I was

682

00:43:47,760 --> 00:43:45,880

just looking at it and then what was I

683

00:43:50,460 --> 00:43:47,770

think wasn't met as clear start looking

684

00:43:52,020 --> 00:43:50,470

at YouTube I didn't see you move you

685

00:43:54,660 --> 00:43:52,030

just won't marry me was just blank space

686

00:43:56,930 --> 00:43:54,670

I can see the stars it don't hold its

687

00:43:59,790 --> 00:43:56,940

wings yeah you know that means stillness

688

00:44:05,190 --> 00:43:59,800

that's nobody other straight for me to

689

00:44:06,480 --> 00:44:05,200

cost me for I saw was the central bit

690

00:44:09,480 --> 00:44:06,490

folks I couldn't see the circumference

691

00:44:10,800 --> 00:44:09,490

of it but I know that my sister we

692

00:44:14,160 --> 00:44:10,810

discuss it will move back in

693

00:44:19,380 --> 00:44:14,170

she um I you know I I can carry just let

694

00:44:21,660 --> 00:44:19,390

it set and manga but I didn't have that

695

00:44:25,680 --> 00:44:21,670

I didn't see them that's gross - what I

696

00:44:31,760 --> 00:44:25,690

see it move so I said must be a joke

697

00:44:36,570 --> 00:44:31,770

did you see outside Europe all right no

698

00:44:39,030 --> 00:44:36,580

yeah I just could make a sense of it my

699

00:44:40,560 --> 00:44:39,040

sister's you know said that she well no

700

00:44:42,660 --> 00:44:40,570

she didn't we didn't discuss it but some

701  
00:44:43,800 --> 00:44:42,670  
weird thing about all this is but we

702  
00:44:44,250 --> 00:44:43,810  
didn't discuss it at the neighbors over

703  
00:44:46,220 --> 00:44:44,260  
there

704  
00:44:47,370 --> 00:44:46,230  
nothing was discussed in this day no one

705  
00:44:50,280 --> 00:44:47,380  
talked

706  
00:44:51,810 --> 00:44:50,290  
the next morning or the next day that my

707  
00:44:54,630 --> 00:44:51,820  
stepfather got the news people being

708  
00:44:57,180 --> 00:44:54,640  
oppressed and I just hope you don't a

709  
00:44:59,280 --> 00:44:57,190  
page-one maybe your vote and it said

710  
00:45:02,940 --> 00:44:59,290  
satellites that are orbiting big letters

711  
00:45:08,360 --> 00:45:02,950  
okay for a little story had big letters

712  
00:45:22,350 --> 00:45:10,380  
that's right like we just big blobs

713  
00:45:24,480 --> 00:45:22,360

things act like nasty also said that

714

00:45:26,160 --> 00:45:24,490

them a couple of days later she was on

715

00:45:29,040 --> 00:45:26,170

the show actually one hand she could

716

00:45:32,880 --> 00:45:29,050

feel something in her hair and it was a

717

00:45:34,530 --> 00:45:32,890

bald patch when the skin was raised and

718

00:45:37,280 --> 00:45:34,540

she still has a cousin I'm still bored

719

00:45:39,840 --> 00:45:37,290

she showed a service what a fighter

720

00:45:43,310 --> 00:45:39,850

still it's still raised actually touched

721

00:45:45,210 --> 00:45:43,320

it it comes up above the scalp and

722

00:45:46,800 --> 00:45:45,220

obviously familiar description of what

723

00:45:48,390 --> 00:45:46,810

happened it's obvious isn't some sort of

724

00:45:50,850 --> 00:45:48,400

missing plane which she can't remember

725

00:45:52,440 --> 00:45:50,860

what happened but women it was all still

726

00:45:55,830 --> 00:45:52,450

and quiet and not cold even though it

727

00:45:57,450 --> 00:45:55,840

was a journey or evening I mean what

728

00:45:58,710 --> 00:45:57,460

sudden it wasn't there anymore and the

729

00:46:00,080 --> 00:45:58,720

people in the street that would have

730

00:46:03,270 --> 00:46:00,090

been watching it weren't there anymore

731

00:46:07,710 --> 00:46:03,280

honey was cold it was a bit of a breeze

732

00:46:10,590 --> 00:46:07,720

coming back at so this is it time

733

00:46:12,780 --> 00:46:10,600

adopted and she didn't know what

734

00:46:14,570 --> 00:46:12,790

happened and then another deforming to

735

00:46:18,630 --> 00:46:14,580

get part of what she said was the

736

00:46:21,420 --> 00:46:18,640

stepfather was so ok a bit blase about

737

00:46:24,180 --> 00:46:21,430

opening the Anna sister just followed

738

00:46:26,940 --> 00:46:24,190

him in like automatically lady not on

739

00:46:30,300 --> 00:46:26,950

time walking it is if you in cases where

740

00:46:32,430 --> 00:46:30,310

people are switched off where the

741

00:46:33,430 --> 00:46:32,440

abductee is aware of what's happening

742

00:46:34,660 --> 00:46:33,440

but

743

00:46:37,960 --> 00:46:34,670

the rest of the families have switched

744

00:46:40,810 --> 00:46:37,970

off so I think that could be what

745

00:46:42,760 --> 00:46:40,820

happened there so maybe we'll get in

746

00:46:45,190 --> 00:46:42,770

touch of them nicely when they must have

747

00:46:48,370 --> 00:46:45,200

been Monica regression see what comes

748

00:46:49,750 --> 00:46:48,380

out should be pretty cool but again it's

749

00:46:51,370 --> 00:46:49,760

important to remember that this is only

750

00:46:54,070 --> 00:46:51,380

two students done from where the

751

00:46:56,620 --> 00:46:54,080

driverless practice all this car-sized

752

00:46:59,100 --> 00:46:56,630

trying to going across the moat in the

753

00:47:02,140 --> 00:46:59,110

same direction where perhaps is roughly

754

00:47:04,090 --> 00:47:02,150

will just stick out the map even though

755

00:47:11,110 --> 00:47:04,100

we look for it was a triangle of us I'll

756

00:47:20,800 --> 00:47:11,120

just put the triangle okay

757

00:47:24,970 --> 00:47:20,810

there's too close together and it's yeah

758

00:47:27,160 --> 00:47:24,980

now this this place is 6:15 time is

759

00:47:30,250 --> 00:47:27,170

written in stone the witnesses remember

760

00:47:54,400 --> 00:47:30,260

at 6:15 this is happening exactly the

761

00:48:54,730 --> 00:47:54,410

same time so this is this is the

762

00:48:59,350 --> 00:48:54,740

building is the left in between these

763

00:49:01,810 --> 00:48:59,360

houses you will see a huge strange but

764

00:49:03,970 --> 00:49:01,820

very likely to see there was the ship

765

00:49:05,590 --> 00:49:03,980

was flying around the front and when you

766

00:49:08,230 --> 00:49:05,600

say the other side the triangle was a

767

00:49:11,680 --> 00:49:08,240

red with a red length not the same that

768

00:50:10,080 --> 00:49:11,690

was the front this thing was in this

769

00:50:21,590 --> 00:50:16,520

[Music]

770

00:50:30,050 --> 00:50:24,600

it's off with the serger I just remember

771

00:50:34,050 --> 00:50:30,060

the size say yeah I reckon one corner

772

00:50:38,130 --> 00:50:34,060

would be yeah half the lights of this

773

00:50:40,860 --> 00:50:38,140

again yeah I'm going to point to that

774

00:50:41,310 --> 00:50:40,870

one I think good or which is gonna say

775

00:50:51,930 --> 00:50:41,320

that

776  
00:50:53,010 --> 00:50:51,940  
huge for our hopes to have a new team to

777  
00:50:55,620 --> 00:50:53,020  
the

778  
00:50:56,490 --> 00:50:55,630  
with that so we start sighs I hope you

779  
00:50:59,070 --> 00:50:56,500  
saw something

780  
00:51:03,060 --> 00:50:59,080  
yeah pleasure but you couldn't find them

781  
00:51:05,490 --> 00:51:03,070  
changing in this we met our legs and I

782  
00:51:37,070 --> 00:51:08,380  
I couldn't see anything in Virginia that

783  
00:51:37,080 --> 00:52:13,160  
[Music]

784  
00:52:18,550 --> 00:52:15,630  
you see what

785  
00:52:33,670 --> 00:52:18,560  
that before

786  
00:52:33,680 --> 00:52:38,380  
[Music]

787  
00:52:43,810 --> 00:52:41,590  
I'm asleep that indicates that the

788  
00:52:45,940 --> 00:52:43,820

retrieval times is there and then you

789

00:52:52,660 --> 00:52:45,950

can see it was just a light on these

790

00:52:55,750 --> 00:52:52,670

points you know what sometimes I see

791

00:53:06,370 --> 00:52:55,760

news used up when he just really enjoy a

792

00:53:17,440 --> 00:53:06,380

gesture so he sauce three trailers when

793

00:53:22,790 --> 00:53:17,450

you came from the north and east to

794

00:53:28,700 --> 00:53:24,770

before the officer directions passing

795

00:53:31,700 --> 00:53:28,710

each other and then they headed off to

796

00:53:34,370 --> 00:53:31,710

the east also following the big one what

797

00:53:36,170 --> 00:53:34,380

did he do when he connects day oh yeah

798

00:53:39,110 --> 00:53:36,180

yeah he said following morning there was

799

00:53:41,480 --> 00:53:39,120

a lot of military activity area military

800

00:53:44,090 --> 00:53:41,490

planes my god helicopters jets

801  
00:53:46,460 --> 00:53:44,100  
he said he's really busy at the holiday

802  
00:53:48,620 --> 00:53:46,470  
but he listened this affected him so

803  
00:53:49,760 --> 00:53:48,630  
much he did have an interest in UFOs he

804  
00:53:52,970 --> 00:53:49,770  
had a bit of a collection of you with

805  
00:53:56,540 --> 00:53:52,980  
low books and he took him all done them

806  
00:53:58,400 --> 00:53:56,550  
the Goblin he he burned a lot he was so

807  
00:53:59,930 --> 00:53:58,410  
scared by economic said he closed his

808  
00:54:06,860 --> 00:53:59,940  
curtains he in the bedroom we didn't

809  
00:54:08,600 --> 00:54:06,870  
pull the curtains pages so that was

810  
00:54:12,160 --> 00:54:08,610  
happening exactly the same things off

811  
00:54:14,750 --> 00:54:12,170  
when John saw a small end of the road

812  
00:54:19,990 --> 00:54:14,760  
the next one think we get time for one

813  
00:54:23,390 --> 00:54:20,000

more phone break this is to the east of

814

00:54:30,430 --> 00:54:23,400

that last one this is a place called

815

00:54:30,440 --> 00:54:49,500

JVMs this should be there

816

00:54:55,650 --> 00:54:51,750

this one's booked mind to the east of

817

00:54:59,190 --> 00:54:55,660

the hospital farce Aloha the love calls

818

00:55:03,030 --> 00:54:59,200

out Alan crew comes in the streets

819

00:55:14,280 --> 00:55:03,040

usually a young lights we painted it is

820

00:55:27,960 --> 00:55:20,030

yes

821

00:55:33,540 --> 00:55:27,970

on like 20 protons and I suspect on the

822

00:55:35,609 --> 00:55:33,550

northwest of swati and he he was usually

823

00:55:37,560 --> 00:55:35,619

nine years old at the time and he he was

824

00:55:41,790 --> 00:55:37,570

always with his cousin's house in port

825

00:55:43,830 --> 00:55:41,800

meat he don't need me love the house of

826

00:55:46,950 --> 00:55:43,840

two minutes and something made him turn

827

00:55:50,160 --> 00:55:46,960

around to see to triangular-shaped craft

828

00:55:55,320 --> 00:55:50,170

in the sky he ran back home to tell his

829

00:55:58,470 --> 00:55:55,330

grandmother who we lived with and she

830

00:56:00,500 --> 00:55:58,480

saw it she saw him to the objects went

831

00:56:04,410 --> 00:56:00,510

over rating our Park and out of sight

832

00:56:07,380 --> 00:56:04,420

traveling west to east so they could be

833

00:56:11,490 --> 00:56:07,390

two of the triangles does the three men

834

00:56:22,430 --> 00:56:11,500

in gross - Olivia fortunate we don't

835

00:56:22,440 --> 00:56:27,800

we must do this

836

00:56:34,250 --> 00:56:29,840

he said everyone in the air who lived in

837

00:56:36,650 --> 00:56:34,260

the area were looking a lot of people in

838

00:56:40,100 --> 00:56:36,660

the street saw it they were traveling

839

00:56:41,900 --> 00:56:40,110

very low with white lights no spotlights

840

00:56:44,540 --> 00:56:41,910

but there was no flashing lights just

841

00:56:48,230 --> 00:56:44,550

white lights and he also told us that

842

00:56:50,810 --> 00:56:48,240

he's a God who was leaving work at the

843

00:56:52,610 --> 00:56:50,820

time another shock was he died after

844

00:57:01,280 --> 00:56:52,620

that he was walking along around to the

845

00:57:04,100 --> 00:57:01,290

west of Swansea he was a relative's like

846

00:57:05,900 --> 00:57:04,110

a her no not built up well so he was

847

00:57:07,730 --> 00:57:05,910

fast traffic I mean there's no paper

848

00:57:11,330 --> 00:57:07,740

with some walking along here to the road

849

00:57:12,620 --> 00:57:11,340

and he dived up the way of something can

850

00:57:16,400 --> 00:57:12,630

they find any thought the lorry was

851  
00:57:17,870 --> 00:57:16,410  
coming up behind it and he's gonna get

852  
00:57:19,640 --> 00:57:17,880  
rid of it he'd I got the way into the

853  
00:57:21,320 --> 00:57:19,650  
edge and but there's nothing in the

854  
00:57:25,430 --> 00:57:21,330  
world but then he saw a triangle shape

855  
00:57:32,060 --> 00:57:25,440  
in the sky so could have been directing

856  
00:57:33,890 --> 00:57:32,070  
Walkkill there yeah the young boy Alan

857  
00:57:37,340 --> 00:57:33,900  
and said to his grant there's eight

858  
00:57:39,220 --> 00:57:37,350  
years you can never say that okay look

859  
00:57:43,160 --> 00:57:39,230  
sound he was a safe a football pitch

860  
00:57:45,530 --> 00:57:43,170  
which responds to the three men in Milan

861  
00:57:51,099 --> 00:57:45,540  
said the one over the house was massive

862  
00:58:01,120 --> 00:57:58,569  
okay it's not much but now moving up to

863  
00:58:04,930 --> 00:58:01,130

Tom Hill it's been a bit busy smart this

864

00:58:07,449 --> 00:58:04,940

time builders in this area here so large

865

00:58:10,989 --> 00:58:07,459

Hill just took the north of the city

866

00:58:12,640 --> 00:58:10,999

center to the west of kill Bay Hill the

867

00:58:16,239 --> 00:58:12,650

difference between Tom Hillen kill Bay

868

00:58:18,039 --> 00:58:16,249

Hill is completely built over and begin

869

00:58:21,579 --> 00:58:18,049

tonight 20 times in the state built on

870

00:58:23,319 --> 00:58:21,589

the top and just like that I called mark

871

00:58:26,890 --> 00:58:23,329

ray worth he was a young boy at the time

872

00:58:30,519 --> 00:58:26,900

he was ups with his mother and sister

873

00:58:46,269 --> 00:58:30,529

label even one friend and market le tell

874

00:58:47,820 --> 00:58:46,279

you my friend on he was roughly around

875

00:58:50,010 --> 00:58:47,830

Sam

876

00:58:54,780 --> 00:58:50,020

[Applause]

877

00:58:58,080 --> 00:58:54,790

so here my mother said look at that the

878

00:59:01,350 --> 00:58:58,090

Slayer will be locked at the stake like

879

00:59:02,070 --> 00:59:01,360

that's two huge travels biggest things

880

00:59:04,230 --> 00:59:02,080

I've ever seen

881

00:59:06,210 --> 00:59:04,240

one in front with the other left moves

882

00:59:08,310 --> 00:59:06,220

it from there the right one just fart

883

00:59:11,880 --> 00:59:08,320

they have a seat very slowly normalized

884

00:59:13,650 --> 00:59:11,890

to them talk remember 3 weight rings and

885

00:59:18,240 --> 00:59:13,660

the default and the lights worn off also

886

00:59:21,870 --> 00:59:18,250

you see the two threads school I would

887

00:59:32,480 --> 00:59:21,880

say roughly I must be - you know nothing

888

00:59:35,550 --> 00:59:32,490

wrong I just remember the statement I

889

00:59:37,710 --> 00:59:35,560

said if they were the people down here I

890

00:59:41,480 --> 00:59:37,720

would say we've been to four pitches

891

00:59:50,880 --> 00:59:46,890

Nigeria they hardly moved

892

00:59:52,320 --> 00:59:50,890

that sound we left the Hollywood no snow

893

00:59:54,570 --> 00:59:52,330

at all

894

01:00:01,820 --> 00:59:54,580

that's my mother that said let's go in

895

01:00:04,920 --> 01:00:01,830

yet because we have taken a fiddle the

896

01:00:08,250 --> 01:00:04,930

shoot better coming off my mother broke

897

01:00:12,590 --> 01:00:08,260

me that it was just getting done it was

898

01:00:17,490 --> 01:00:14,849

yeah there was a white ring underneath

899

01:00:18,870 --> 01:00:17,500

and there was soem the Analects what

900

01:00:21,390 --> 01:00:18,880

Blake swore off all over it

901  
01:00:23,990 --> 01:00:21,400  
so it's things if they wanted to be

902  
01:00:34,360 --> 01:00:31,080  
it was deep imagine the sickness is the

903  
01:00:37,810 --> 01:00:34,370  
thinnest yeah

904  
01:00:39,850 --> 01:00:37,820  
and we know use that thickness but it

905  
01:00:43,900 --> 01:00:39,860  
was quite deep but looking light they

906  
01:00:45,610 --> 01:00:43,910  
Lord the Lord shall but they weren't

907  
01:00:47,260 --> 01:00:45,620  
specific they were doing just a bit so

908  
01:00:52,890 --> 01:00:47,270  
these were senior Henry himself

909  
01:00:55,420 --> 01:00:52,900  
yeah yeah good tune get a shot of the

910  
01:01:00,870 --> 01:00:55,430  
you can get a mark punching up to

911  
01:01:00,880 --> 01:01:17,940  
yeah

912  
01:01:22,710 --> 01:01:19,740  
mark said that they were heading itself

913  
01:01:25,620 --> 01:01:22,720

to big margins that people to see though

914

01:01:29,599 --> 01:01:25,630

they could have been the two seen by the

915

01:01:32,190 --> 01:01:29,609

last witness over the houses but he

916

01:01:34,140 --> 01:01:32,200

could discrepancy there because he said

917

01:01:36,720 --> 01:01:34,150

it was at seven o'clock but he just got

918

01:01:49,970 --> 01:01:36,730

dark in January get stuff a lot earlier

919

01:01:56,780 --> 01:01:53,720

himself okay safely one more tip

920

01:02:01,099 --> 01:01:56,790

language logarithm break in there okay

921

01:02:03,440 --> 01:02:01,109

that's great I don't know that this is

922

01:02:06,109 --> 01:02:03,450

doing all the talking but that's the

923

01:02:07,880 --> 01:02:06,119

sort of view over the bay from his

924

01:02:10,490 --> 01:02:07,890

location in town he'll okay

925

01:02:12,920 --> 01:02:10,500

Popeye up very high up back in fact he's

926

01:02:14,870 --> 01:02:12,930

what six only feet above sea level at

927

01:02:16,819 --> 01:02:14,880

the top of the hill so when he said it

928

01:02:18,530 --> 01:02:16,829

was five hundred feet up up he means

929

01:02:21,530 --> 01:02:18,540

five hundred feet up from where you are

930

01:02:23,329 --> 01:02:21,540

site altitude above sea level you talked

931

01:02:28,819 --> 01:02:23,339

about thousand feet to the two triangles

932

01:02:31,880 --> 01:02:28,829

okay next one right this is also in

933

01:02:38,760 --> 01:02:31,890

sauna health this is a fella called

934

01:02:38,770 --> 01:03:02,339

[Music]

935

01:03:08,230 --> 01:03:05,530

hey remember he was he just come from

936

01:03:10,930 --> 01:03:08,240

work and he said that he was hunting the

937

01:03:14,800 --> 01:03:10,940

street and he saw two triangles on the

938

01:03:16,960 --> 01:03:14,810

baby and his locations about quarter of

939

01:03:21,820 --> 01:03:16,970

a mile from the last club further east

940

01:03:23,230 --> 01:03:21,830

and he said when he got work with farm

941

01:03:24,310 --> 01:03:23,240

in Davis little people lots of people

942

01:03:26,980 --> 01:03:24,320

were talking about it because other

943

01:03:35,010 --> 01:03:26,990

people living in the nee therian

944

01:03:35,020 --> 01:03:40,060

okay

945

01:03:46,360 --> 01:03:43,780

like judy thomas this this wasn't even

946

01:03:48,400 --> 01:03:46,370

the post a couple days later this is in

947

01:03:50,800 --> 01:03:48,410

the bottom UFO spotting mrs. Jim Thomas

948

01:03:53,530 --> 01:03:50,810

is drawing or the to try out my objects

949

01:03:59,830 --> 01:03:53,540

the angles of the triangle where mrs.

950

01:04:01,900 --> 01:03:59,840

Thomas saw flashing lights my Jim I've

951  
01:04:03,970 --> 01:04:01,910  
been trained for her ages to Travis Lee

952  
01:04:05,980 --> 01:04:03,980  
you don't look anything to Thomas today

953  
01:04:09,070 --> 01:04:05,990  
it's like Phil Jones is a very common

954  
01:04:12,150 --> 01:04:09,080  
name Wells but she suddenly she turned

955  
01:04:14,500 --> 01:04:12,160  
up whatever we did was later and

956  
01:04:16,360 --> 01:04:14,510  
basically is because I put something in

957  
01:04:18,190 --> 01:04:16,370  
the local paper have a place in the

958  
01:04:19,780 --> 01:04:18,200  
meeting and I may be produced to a

959  
01:04:23,530 --> 01:04:19,790  
drawing that she didn't she recognized

960  
01:04:27,420 --> 01:04:23,540  
it in the paper at the time she was

961  
01:04:30,790 --> 01:04:27,430  
working in a factory called viscosity

962  
01:04:33,280 --> 01:04:30,800  
used to make sponges and the factory was

963  
01:04:35,590 --> 01:04:33,290

in the marina area through remember that

964

01:04:38,110 --> 01:04:35,600

photograph from earlier showing the

965

01:04:40,300 --> 01:04:38,120

marina and the sub stock she was CC

966

01:04:42,550 --> 01:04:40,310

front basically she's just leaving work

967

01:04:44,950 --> 01:04:42,560

she's leaving work a little bit early

968

01:04:49,000 --> 01:04:44,960

for the husband or boyfriend was coming

969

01:04:50,260 --> 01:04:49,010

to pick it up with the pictures and she

970

01:04:53,830 --> 01:04:50,270

came up the gate to the factory she

971

01:04:55,750 --> 01:04:53,840

turned and she saw three not not the two

972

01:05:00,070 --> 01:04:55,760

trade was reported in the paper but

973

01:05:03,270 --> 01:05:00,080

three huge triangles to the south over

974

01:05:06,580 --> 01:05:03,280

the bay over the waters of the bay and

975

01:05:08,470 --> 01:05:06,590

Cheney caught the bits of the other one

976  
01:05:10,150 --> 01:05:08,480  
of them are they disappeared going them

977  
01:05:11,590 --> 01:05:10,160  
through the factory but then she she

978  
01:05:13,330 --> 01:05:11,600  
just don't see the other two but she

979  
01:05:14,740 --> 01:05:13,340  
knew there were three there and they

980  
01:05:18,670 --> 01:05:14,750  
were they were going to the south

981  
01:05:22,870 --> 01:05:18,680  
I'm turning left to spur Talbert saw I'm

982  
01:05:25,630 --> 01:05:22,880  
conjecturing that these could be the two

983  
01:05:34,110 --> 01:05:25,640  
of the months seen going over the over

984  
01:05:44,650 --> 01:05:36,910  
so they've had it done and it was plus

985  
01:05:46,540 --> 01:05:44,660  
Albert okay so that's right we've gone

986  
01:05:51,250 --> 01:05:46,550  
up to Swansea now we heading down dr.

987  
01:05:54,880 --> 01:05:51,260  
Costa twisted pork or import all it was

988  
01:05:59,970 --> 01:05:54,890

a German learning with John Norman who

989

01:06:04,000 --> 01:05:59,980

was in the Porthcawl Rugby Club feels

990

01:06:06,040 --> 01:06:04,010

waiting for the game to start useful

991

01:06:11,140 --> 01:06:06,050

back then and he was supporting his

992

01:06:14,710 --> 01:06:11,150

local site babbler played for four was

993

01:06:19,660 --> 01:06:14,720

fine denotes so many as I get her messed

994

01:06:21,430 --> 01:06:19,670

up no he this gentleman doesn't wallow

995

01:06:25,080 --> 01:06:21,440

didn't want to be interviewed

996

01:06:27,490 --> 01:06:25,090

we just took loss on telephone

997

01:06:34,020 --> 01:06:27,500

he said he basically was at use that

998

01:06:36,670 --> 01:06:34,030

spoke on rap he feels and he saw this

999

01:06:42,490 --> 01:06:36,680

object come over the field to think the

1000

01:07:03,910 --> 01:06:42,500

next shot number 25 it's a shot they got

1001  
01:07:13,210 --> 01:07:06,430  
he said he was 600 feet up over both

1002  
01:07:18,130 --> 01:07:13,220  
tall and traveling west to east so he's

1003  
01:07:18,140 --> 01:07:23,760  
tell me mr. Easter's will not wait

1004  
01:07:23,770 --> 01:07:29,510  
okay next please

1005  
01:07:34,460 --> 01:07:31,760  
like we go and throw them up further all

1006  
01:07:40,670 --> 01:07:34,470  
the way again this is Cardiff and this

1007  
01:07:51,490 --> 01:07:40,680  
next story comes from your handout a

1008  
01:07:55,070 --> 01:07:53,180  
Carol Griffiths

1009  
01:08:01,640 --> 01:07:55,080  
she was travelling in a car through the

1010  
01:08:04,340 --> 01:08:01,650  
area Llandaff which is just one of its

1011  
01:08:08,300 --> 01:08:04,350  
have achieved in a car mother husband's

1012  
01:08:12,080 --> 01:08:08,310  
pants colleague from where he was a

1013  
01:08:15,650 --> 01:08:12,090

doctor with an Indian name of doctor

1014

01:08:19,370 --> 01:08:15,660

Moreau been drunk Deb practices and

1015

01:08:21,200 --> 01:08:19,380

carefully and they're traveling well

1016

01:08:24,230 --> 01:08:21,210

I've just passed and planned up were all

1017

01:08:26,660 --> 01:08:24,240

in club and I shot this way and she said

1018

01:08:32,120 --> 01:08:26,670

her husband stopped the car because he

1019

01:08:36,650 --> 01:08:32,130

saw this object Oh what's the press

1020

01:08:38,269 --> 01:08:36,660

cousin oh my god she said my husband

1021

01:08:40,190 --> 01:08:38,279

stopped the car we was so amazed it

1022

01:08:42,920 --> 01:08:40,200

looked like calm court taking off but he

1023

01:08:44,720 --> 01:08:42,930

was stationary in the sky they normally

1024

01:08:48,499 --> 01:08:44,730

poopoo things like that there had to be

1025

01:08:50,749 --> 01:08:48,509

a UFO mrs. Griffith dis husband John

1026

01:08:52,160 --> 01:08:50,759

works with her the air call limited the

1027

01:08:54,559 --> 01:08:52,170

Catholic communications company

1028

01:08:56,930 --> 01:08:54,569

Cathedral Awards said he saw similar

1029

01:09:00,559 --> 01:08:56,940

object above penguin earlier in the

1030

01:09:02,870 --> 01:09:00,569

evening passenger in the car the doctor

1031

01:09:04,579 --> 01:09:02,880

mentioned earlier said the object seems

1032

01:09:07,130 --> 01:09:04,589

fixed in the sky I don't know what he

1033

01:09:10,660 --> 01:09:07,140

was I was looking at I've never seen

1034

01:09:17,329 --> 01:09:14,480

the first thing but before that that was

1035

01:09:19,610 --> 01:09:17,339

but police at the time said between 6:00

1036

01:09:21,590 --> 01:09:19,620

p.m. and 7:00 p.m. the South Wales

1037

01:09:24,499 --> 01:09:21,600

police have received a number of calls

1038

01:09:26,780 --> 01:09:24,509

reporting your thoughts the first

1039

01:09:29,120 --> 01:09:26,790

sighting reported for flashing lights in

1040

01:09:30,410 --> 01:09:29,130

the sky within minutes to detected

1041

01:09:33,499 --> 01:09:30,420

reported watching a side

1042

01:09:37,099 --> 01:09:33,509

object triangular in shape drift west of

1043

01:09:38,390 --> 01:09:37,109

the swansea we talked about earlier we

1044

01:09:40,999 --> 01:09:38,400

said he was playing at a thousand feet

1045

01:09:45,320 --> 01:09:41,009

three lights too much capacity he was

1046

01:09:48,169 --> 01:09:45,330

fond of a smaller samar object the RAF

1047

01:09:49,970 --> 01:09:48,179

received two similar reports a police

1048

01:09:52,519 --> 01:09:49,980

spokesman said the reports would be

1049

01:09:55,220 --> 01:09:52,529

treated seriously the president we have

1050

01:09:58,610 --> 01:09:55,230

not got a clue but inquiries will delay

1051

01:10:03,169 --> 01:09:58,620

ET concert the next shorter than the

1052

01:10:04,610 --> 01:10:03,179

penalty but though now this is the only
