

1
00:00:18,780 --> 00:00:14,850
well here we are Canterbury roads in

2
00:00:21,179 --> 00:00:18,790
bryn mill Swansea and we're meeting a

3
00:00:23,160 --> 00:00:21,189
witness who saw one of the triangles and

4
00:00:25,920 --> 00:00:23,170
what we turn the light of the triangles

5
00:00:29,010 --> 00:00:25,930
on 19 for January 1983 a long time ago

6
00:00:33,090 --> 00:00:29,020
now October 2019 noses a long time ago

7
00:00:37,200 --> 00:00:33,100
it was indeed yeah of course rubbish a

8
00:00:39,689 --> 00:00:37,210
he was young lad at the time over 83 a

9
00:00:43,350 --> 00:00:39,699
living 12:12 on you work with you mate

10
00:00:45,510 --> 00:00:43,360
Conrad ed was here so yes so basically

11
00:00:48,299 --> 00:00:45,520
what happened we were walking up the

12
00:00:50,340 --> 00:00:48,309
road because it was us a long time ago I

13
00:00:52,560 --> 00:00:50,350

can't remember whether we were either

14

00:00:54,030 --> 00:00:52,570

delivering the herald of whales or we

15

00:00:58,049 --> 00:00:54,040

were coming back from rugby training but

16

00:01:00,750 --> 00:00:58,059

it was early evening issue and we were

17

00:01:04,910 --> 00:01:00,760

walking up this way possibly coming down

18

00:01:07,950 --> 00:01:04,920

but we were alibi here when we noticed

19

00:01:10,910 --> 00:01:07,960

something that was triangular up in the

20

00:01:12,779 --> 00:01:10,920

sky and I think what was really quite

21

00:01:14,340 --> 00:01:12,789

freaky about it I think is the fact that

22

00:01:16,650 --> 00:01:14,350

was not making any noise

23

00:01:20,940 --> 00:01:16,660

and it was going quite slow so what we

24

00:01:22,590 --> 00:01:20,950

had was that he was coming across this

25

00:01:24,180 --> 00:01:22,600

Witherspoon's well one of the two ways

26

00:01:26,190 --> 00:01:24,190

it was either coming down and going

27

00:01:28,380 --> 00:01:26,200

across what we can remember I think it

28

00:01:30,809 --> 00:01:28,390

was coming up and it was kind of coming

29

00:01:32,430 --> 00:01:30,819

up if it was right there and I can

30

00:01:35,639 --> 00:01:32,440

remember it being triangular shape I'm

31

00:01:39,120 --> 00:01:35,649

back in 83 that was fun wasn't it that

32

00:01:40,889 --> 00:01:39,130

was my defense I remember think it was

33

00:01:44,969 --> 00:01:40,899

like an Imperial cruiser but for

34

00:01:50,219 --> 00:01:44,979

triangular I can remember there was

35

00:01:52,529 --> 00:01:50,229

lights on it and we looked at it but a

36

00:01:55,169 --> 00:01:52,539

minute may be good so so we're along

37

00:01:56,790 --> 00:01:55,179

it's a minute possibly a joke I happen

38

00:01:58,589 --> 00:01:56,800

it was quite well he because it was dark

39

00:02:00,570 --> 00:01:58,599

it was kind of a silhouette that was

40

00:02:02,430 --> 00:02:00,580

behind because you see the shape of it

41

00:02:03,779 --> 00:02:02,440

yeah it wasn't just three lights no I

42

00:02:05,309 --> 00:02:03,789

could actually see cuz it was quite it

43

00:02:07,820 --> 00:02:05,319

was dark but you could see you could

44

00:02:09,540 --> 00:02:07,830

make out that the shape was triangular I

45

00:02:13,650 --> 00:02:09,550

can't remember whether they were

46

00:02:19,890 --> 00:02:18,270

being any color [h__\h] record but I can

47

00:02:21,030 --> 00:02:19,900

remember seeing it coming up and then

48

00:02:24,960 --> 00:02:21,040

kind of looking as I was heading over

49

00:02:28,290 --> 00:02:24,970

the bay and having that kind of way or

50

00:02:30,570 --> 00:02:28,300

ourselves that yes what about speed of

51
00:02:32,040 --> 00:02:30,580
travel slow nothing that was the other

52
00:02:33,210 --> 00:02:32,050
thing that can have caught my mind I

53
00:02:36,570 --> 00:02:33,220
think was the fact that it was going

54
00:02:38,010 --> 00:02:36,580
slow and it was quite so we were looking

55
00:02:40,050 --> 00:02:38,020
at many strange it's not making any

56
00:02:43,080 --> 00:02:40,060
noise was the snowy like was it dark it

57
00:02:45,330 --> 00:02:43,090
was it was dark it was it was cloud you

58
00:02:47,490 --> 00:02:45,340
know but I remember it been so dark but

59
00:02:50,340 --> 00:02:47,500
it was dark enough that obviously it was

60
00:02:52,920 --> 00:02:50,350
concealing that quite heavily was this

61
00:02:53,610 --> 00:02:52,930
early evening new estimated well if I

62
00:02:56,730 --> 00:02:53,620
recall

63
00:02:58,470 --> 00:02:56,740

sick of such a long time ago we'd seen

64

00:03:00,180 --> 00:02:58,480

it at a slightly different time to what

65

00:03:02,370 --> 00:03:00,190

was reported in the paper the following

66

00:03:04,440 --> 00:03:02,380

date because I'm just kind of spot what

67

00:03:06,600 --> 00:03:04,450

I was gonna lead to because what had

68

00:03:10,890 --> 00:03:06,610

happened I went home at the time I used

69

00:03:12,330 --> 00:03:10,900

to live in the house down but I and I

70

00:03:14,070 --> 00:03:12,340

think I told my mom or my dad I said

71

00:03:15,600 --> 00:03:14,080

I've never seen a UFO or seeing

72

00:03:19,110 --> 00:03:15,610

something that didn't make it a bed so

73

00:03:21,030 --> 00:03:19,120

of any sense and kind of forgot about it

74

00:03:24,360 --> 00:03:21,040

and that was kind of that didn't know

75

00:03:26,520 --> 00:03:24,370

what it was and the following day my

76
00:03:28,199 --> 00:03:26,530
parents had the Evening Post and shrill

77
00:03:30,030 --> 00:03:28,209
away and I saw in the front that there

78
00:03:34,230 --> 00:03:30,040
was a triangle oh that's what I saw last

79
00:03:35,520 --> 00:03:34,240
night so I think it was more because I

80
00:03:38,190 --> 00:03:35,530
was intrigued in to find out what

81
00:03:40,199 --> 00:03:38,200
actually it was but I remember why I

82
00:03:42,150 --> 00:03:40,209
remember being unusual and I'm pretty

83
00:03:43,470 --> 00:03:42,160
sure it's beforehand because this is a

84
00:03:45,390 --> 00:03:43,480
bit nuts if I remember this

85
00:03:47,750 --> 00:03:45,400
there was somebody possibly called

86
00:03:49,890 --> 00:03:47,760
Trotman I think who made an interview

87
00:03:51,180 --> 00:03:49,900
and the only reason I remember that is

88
00:03:52,260 --> 00:03:51,190

because I had a friend in school called

89

00:03:53,729 --> 00:03:52,270

Paul drop one and I was wondering

90

00:03:56,840 --> 00:03:53,739

whether it was his dad so I don't know

91

00:03:59,760 --> 00:03:56,850

whether that was a bishop all right

92

00:04:02,610 --> 00:03:59,770

Steve has recently spoken oh really I

93

00:04:02,910 --> 00:04:02,620

just remember that asked me to track him

94

00:04:05,370 --> 00:04:02,920

down

95

00:04:06,660 --> 00:04:05,380

I only remembered that today because I

96

00:04:08,850 --> 00:04:06,670

could remember go back in skipping

97

00:04:10,500 --> 00:04:08,860

through Italy might make most winters it

98

00:04:12,990 --> 00:04:10,510

was the same like yeah yeah yeah

99

00:04:14,580 --> 00:04:13,000

and yes I said just reading through the

100

00:04:15,660 --> 00:04:14,590

article and everything on hospice trains

101
00:04:18,199 --> 00:04:15,670
because tweeting it at a slightly

102
00:04:22,200 --> 00:04:20,250
reasonably that was probably good

103
00:04:24,029 --> 00:04:22,210
they were seen of a different time over

104
00:04:26,010 --> 00:04:24,039
a period of a couple hours yes that's

105
00:04:26,580 --> 00:04:26,020
right I think is I'm when we'd seen it I

106
00:04:28,580 --> 00:04:26,590
think I was quite

107
00:04:31,200 --> 00:04:28,590
different times that have been co-opted

108
00:04:32,820 --> 00:04:31,210
yes and I think you know he was a

109
00:04:34,770 --> 00:04:32,830
different because I if I remember I can

110
00:04:37,379 --> 00:04:34,780
seem to remember that we've seen it

111
00:04:42,020 --> 00:04:37,389
slightly earlier than what the time I

112
00:04:45,740 --> 00:04:42,030
think was thinking in the post but um

113
00:04:48,420 --> 00:04:45,750

between five and six or after six it was

114

00:04:50,670 --> 00:04:48,430

after after six ten minutes on the rug

115

00:04:51,689 --> 00:04:50,680

between whom ' i i'm pretty hip it was

116

00:04:53,909 --> 00:04:51,699

it was one of the three industry after

117

00:04:54,990 --> 00:04:53,919

school is it yeah but then we always

118

00:04:56,939 --> 00:04:55,000

take my time properly good on the

119

00:04:58,469 --> 00:04:56,949

partner stuff as well afterwards she was

120

00:05:00,390 --> 00:04:58,479

an early it wasn't like four or five no

121

00:05:02,490 --> 00:05:00,400

God no no no no it was it was certainly

122

00:05:04,140 --> 00:05:02,500

say for the top of my head and say I

123

00:05:05,370 --> 00:05:04,150

could be completely wrong and I want

124

00:05:08,700 --> 00:05:05,380

there to keep it quite fresh so I wasn't

125

00:05:09,990 --> 00:05:08,710

really getting to the facts in memory

126

00:05:12,030 --> 00:05:10,000

recalls and I could be completely wrong

127

00:05:13,350 --> 00:05:12,040

I'm pretty sure in the paper I think it

128

00:05:14,820 --> 00:05:13,360

was like they said they see that say

129

00:05:16,320 --> 00:05:14,830

sevenish or something we've tracked down

130

00:05:18,210 --> 00:05:16,330

quite a lot by the witnesses weren't in

131

00:05:20,190 --> 00:05:18,220

the paper one of which was a guy called

132

00:05:23,159 --> 00:05:20,200

coin Jones it was a driving instructor

133

00:05:24,570 --> 00:05:23,169

right leave it in leaving exams in long

134

00:05:39,480 --> 00:05:24,580

walks Avenue which is not that far away

135

00:05:47,190 --> 00:05:39,490

from what they saw it was heading in the

136

00:05:48,480 --> 00:05:47,200

direction that's in that's kind of if

137

00:05:50,100 --> 00:05:48,490

you were seeing the same kind as would

138

00:05:53,159 --> 00:05:50,110

be headed this trips mark Murray worth

139

00:05:56,900 --> 00:05:53,169

is everywhere saw his from downhill sure

140

00:06:02,969 --> 00:05:56,910

and he said that was that oneself right

141

00:06:04,589 --> 00:06:02,979

well I seem to recall I seem to recall

142

00:06:06,300 --> 00:06:04,599

that I think said it was either coming

143

00:06:08,190 --> 00:06:06,310

down and going across bicycle to think

144

00:06:10,110 --> 00:06:08,200

what was coming up and then kind of

145

00:06:12,360 --> 00:06:10,120

almost doing that and as lucky as it was

146

00:06:13,680 --> 00:06:12,370

gonna go ahead in towards the back is if

147

00:06:15,629 --> 00:06:13,690

it turned and can they went towards the

148

00:06:17,159 --> 00:06:15,639

base it was just the one just the one

149

00:06:19,080 --> 00:06:17,169

that I can they add that I saw that he

150

00:06:20,550 --> 00:06:19,090

sold no nothing and I said that was what

151
00:06:22,320 --> 00:06:20,560
was really weird because I mean you'd

152
00:06:23,760 --> 00:06:22,330
often see like aircraft and stuff in the

153
00:06:25,650 --> 00:06:23,770
nights and you see the little lights and

154
00:06:27,120 --> 00:06:25,660
stuff tailing across or you see how he

155
00:06:28,980 --> 00:06:27,130
caught there's a stuff all you cure

156
00:06:30,390 --> 00:06:28,990
helicopters rather were the lights but I

157
00:06:32,339 --> 00:06:30,400
can we were just fascinated by it

158
00:06:45,480 --> 00:06:32,349
because this is we were just making no

159
00:06:59,410 --> 00:06:57,340
liking it too but nowhere and consider

160
00:07:01,570 --> 00:06:59,420
the length twice possibly a chunk of it

161
00:07:03,190 --> 00:07:01,580
could be bigger but then obviously in a

162
00:07:07,420 --> 00:07:03,200
in a triangular kind of shape is it

163
00:07:08,800 --> 00:07:07,430

Nicola on phone yes - because man that's

164

00:07:10,630 --> 00:07:08,810

how you remember it all looking more

165

00:07:12,850 --> 00:07:10,640

like a regular triangle does it move in

166

00:07:14,920 --> 00:07:12,860

with a pocket front door slightly quite

167

00:07:16,300 --> 00:07:14,930

different from what I can recall it was

168

00:07:17,440 --> 00:07:16,310

coming up and it's in the village gonna

169

00:07:20,110 --> 00:07:17,450

go back we're thinking ahead over

170

00:07:21,640 --> 00:07:20,120

towards the bait up over there yeah boys

171

00:07:22,870 --> 00:07:21,650

it was down by pretty sure more thinking

172

00:07:25,570 --> 00:07:22,880

about it's probably a penis I've never

173

00:07:26,830 --> 00:07:25,580

stood quite funny to twelve-year-old

174

00:07:28,510 --> 00:07:26,840

boys in the suite was loose can you

175

00:07:29,830 --> 00:07:28,520

remember what you said - yeah I remember

176
00:07:31,660 --> 00:07:29,840
looking at Conrad and I think it was a

177
00:07:34,390 --> 00:07:31,670
just you know what the hell was that you

178
00:07:35,710 --> 00:07:34,400
know and we I think we were just

179
00:07:38,830 --> 00:07:35,720
discussing the fact it didn't make any

180
00:07:40,510 --> 00:07:38,840
noise I think then we went through the

181
00:07:43,930 --> 00:07:40,520
UFO is it something what's the arm

182
00:07:47,500 --> 00:07:43,940
you're sort of feeling freaked out quite

183
00:07:49,510 --> 00:07:47,510
a bit because in like he's been very

184
00:07:51,790 --> 00:07:49,520
possibly I remember being really shocked

185
00:07:58,060 --> 00:07:51,800
by it um it was really out on the street

186
00:07:59,890 --> 00:07:58,070
no well I think because we see the paper

187
00:08:01,690 --> 00:07:59,900
the follow it now what they what they

188
00:08:03,040 --> 00:08:01,700

was it on do you no no no he was a

189

00:08:04,270 --> 00:08:03,050

Wednesday Wednesday anybody's out the

190

00:08:05,680 --> 00:08:04,280

consumed it was a Friday or probably

191

00:08:08,440 --> 00:08:05,690

wasn't I spoken about it in school but

192

00:08:10,180 --> 00:08:08,450

if it was a Wednesday my perils would

193

00:08:12,070 --> 00:08:10,190

have had the paper on the first day was

194

00:08:13,600 --> 00:08:12,080

just well it was in the paper it was

195

00:08:15,220 --> 00:08:13,610

actually good like following that when

196

00:08:16,810 --> 00:08:15,230

they other draw in that's right yeah and

197

00:08:18,130 --> 00:08:16,820

I say it was I was that the Friday that

198

00:08:19,150 --> 00:08:18,140

was in the paper was it that was it he

199

00:08:23,650 --> 00:08:19,160

was in the following night that says

200

00:08:24,820 --> 00:08:23,660

right okay yeah at the 20th where yeah

201
00:08:26,470 --> 00:08:24,830
coach Scott said they would probably

202
00:08:29,620 --> 00:08:26,480
meet yours then the following night

203
00:08:33,130 --> 00:08:29,630
meteors never say all right witnesses

204
00:08:36,000 --> 00:08:33,140
members he remember I said under it was

205
00:08:38,020 --> 00:08:36,010
a it was a drawing with two triangles

206
00:08:40,690 --> 00:08:38,030
well I I could remember

207
00:08:42,700 --> 00:08:40,700
yeah because I can remember the image

208
00:08:44,560 --> 00:08:42,710
which is in my head I can remember

209
00:08:46,750 --> 00:08:44,570
seeing that image in the paper on the

210
00:08:48,790 --> 00:08:46,760
page where I think that UFOs was and

211
00:08:51,900 --> 00:08:48,800
whatever there and they had the triangle

212
00:08:55,720 --> 00:08:51,910
with the four or the three lights and I

213
00:08:57,910 --> 00:08:55,730

think that's why it's the others Jim

214

00:09:00,730 --> 00:08:57,920

Thomas's was the lady was leaving she

215

00:09:03,370 --> 00:09:00,740

was that she was working in number

216

00:09:05,050 --> 00:09:03,380

victims contacts politics all right okay

217

00:09:06,190 --> 00:09:05,060

down in the South dock

218

00:09:09,190 --> 00:09:06,200

she wasn't even work and she actually

219

00:09:10,540 --> 00:09:09,200

saw three she reported the ponds that

220

00:09:12,130 --> 00:09:10,550

she saw two but she's told us it was

221

00:09:13,930 --> 00:09:12,140

three is three she just saw one

222

00:09:15,610 --> 00:09:13,940

disappearing behind the building is a

223

00:09:18,130 --> 00:09:15,620

building her in the way and then she saw

224

00:09:19,360 --> 00:09:18,140

because well yeah it cuz for me as I

225

00:09:23,170 --> 00:09:19,370

said it was very difficult to get it

226

00:09:25,090 --> 00:09:23,180

gave me tip at the size big I mean if

227

00:09:29,920 --> 00:09:25,100

I'm trying to describe to you sighs ways

228

00:09:32,640 --> 00:09:29,930

and if I can look for a comparison if I

229

00:09:35,800 --> 00:09:32,650

was trying to sort of say from that wire

230

00:09:38,920 --> 00:09:35,810

say what halfway down down to possibly

231

00:09:40,570 --> 00:09:38,930

the next wire in the sky that will give

232

00:09:42,850 --> 00:09:40,580

you any kind of relations possibly size

233

00:09:46,990 --> 00:09:42,860

from there today today I would probably

234

00:09:48,670 --> 00:09:47,000

understand about no no maybe maybe not

235

00:09:50,320 --> 00:09:48,680

as far down as that but it was certainly

236

00:09:52,570 --> 00:09:50,330

from there say to there in terms of the

237

00:09:54,010 --> 00:09:52,580

the length of it going back matter but

238

00:09:55,900 --> 00:09:54,020

because it was coming up that's what I

239

00:09:57,220 --> 00:09:55,910

seem to recall clearly feeling it was

240

00:10:00,210 --> 00:09:57,230

really really big yes

241

00:10:02,620 --> 00:10:00,220

and the feeling is well it was quite low

242

00:10:03,760 --> 00:10:02,630

but as I said he came up maybe it's

243

00:10:05,260 --> 00:10:03,770

because of the size it was he would

244

00:10:07,450 --> 00:10:05,270

think if it was really really high you

245

00:10:09,340 --> 00:10:07,460

would be exactly these miles across

246

00:10:11,110 --> 00:10:09,350

because it was dark and as I've been you

247

00:10:13,270 --> 00:10:11,120

know as I said in the past you'd often

248

00:10:14,890 --> 00:10:13,280

see aircraft where they would have

249

00:10:17,170 --> 00:10:14,900

delayed sound if they were further away

250

00:10:18,730 --> 00:10:17,180

or maybe whatever but there was just no

251
00:10:20,670 --> 00:10:18,740
sound and I think that was the part it

252
00:10:22,420 --> 00:10:20,680
was definitely

253
00:10:23,770 --> 00:10:22,430
mechanical I see because I'll say that

254
00:10:25,000 --> 00:10:23,780
the lights they say I can't remember

255
00:10:26,740 --> 00:10:25,010
whether they were flat I can't remember

256
00:10:28,030 --> 00:10:26,750
any features underneath it I can see I

257
00:10:30,250 --> 00:10:28,040
could just see the silhouette because it

258
00:10:33,250 --> 00:10:30,260
literally to see the silhouette as I

259
00:10:35,230 --> 00:10:33,260
said it came across and went that way

260
00:10:36,490 --> 00:10:35,240
I said it would just be just no sound

261
00:10:37,960 --> 00:10:36,500
there was no sound it's a couple of

262
00:10:40,330 --> 00:10:37,970
street lights you know presumably there

263
00:10:42,490 --> 00:10:40,340

was a lamppost and all the type yeah

264

00:10:43,840 --> 00:10:42,500

very possible yeah then probably what

265

00:10:46,650 --> 00:10:43,850

they were LEDs it would have been your

266

00:10:53,440 --> 00:10:46,660

build the orangey down on Gia

267

00:10:56,320 --> 00:10:53,450

yes so they'll give so yes I didn't

268

00:10:57,530 --> 00:10:56,330

oranjee what street lights and it didn't

269

00:10:59,360 --> 00:10:57,540

effect you've ever been

270

00:11:00,710 --> 00:10:59,370

I said because if you see it was a

271

00:11:02,960 --> 00:11:00,720

silhouette as I said it was quite

272

00:11:04,640 --> 00:11:02,970

because it was dark you could see the

273

00:11:06,680 --> 00:11:04,650

silhouette there but it wasn't as if it

274

00:11:08,900 --> 00:11:06,690

was there was a big contrast if that

275

00:11:12,980 --> 00:11:08,910

makes kind of sense the light certainly

276
00:11:14,210 --> 00:11:12,990
defined where the shape was but the

277
00:11:15,950 --> 00:11:14,220
other thing as I said which was quite

278
00:11:17,510 --> 00:11:15,960
striking it was the speed it wasn't

279
00:11:18,500 --> 00:11:17,520
going very fast it didn't seem to be

280
00:11:20,600 --> 00:11:18,510
going fast at all

281
00:11:25,160 --> 00:11:20,610
and I couldn't understand how something

282
00:11:27,200 --> 00:11:25,170
of that size could go that slow and make

283
00:11:30,350 --> 00:11:27,210
the locks if that makes kind of sense to

284
00:11:35,120 --> 00:11:30,360
people and I think as I said it's

285
00:11:36,800 --> 00:11:35,130
strange I think it's quite I can't

286
00:11:37,910 --> 00:11:36,810
remember talking about his school we

287
00:11:39,320 --> 00:11:37,920
must have office you mention your just

288
00:11:40,550 --> 00:11:39,330

ask you what school to do a little bit

289

00:11:43,190 --> 00:11:40,560

of golf all the time I didn't bring my

290

00:11:47,800 --> 00:11:43,200

school back so if I was 12 I guess I

291

00:11:51,590 --> 00:11:50,060

years old people used to go up to Squire

292

00:11:53,090 --> 00:11:51,600

yeah Abbey Bush of course re there

293

00:11:56,570 --> 00:11:53,100

napkin cases you can remember people

294

00:11:58,520 --> 00:11:56,580

talking and I honestly can't I think I

295

00:11:59,750 --> 00:11:58,530

can remember obviously be ready got into

296

00:12:02,990 --> 00:11:59,760

school of God there was a thing in the

297

00:12:04,070 --> 00:12:03,000

paper mother mother mother and maybe if

298

00:12:12,140 --> 00:12:04,080

no one else has seen it

299

00:12:12,440 --> 00:12:12,150

all right yes she's in other words oh is

300

00:12:17,030 --> 00:12:12,450

it

301
00:12:19,040 --> 00:12:17,040
were exactly sponge would wrote oh yeah

302
00:12:20,960 --> 00:12:19,050
uplands because that would have been

303
00:12:23,600 --> 00:12:20,970
quite big as well they she's described

304
00:12:24,980 --> 00:12:23,610
it so yeah but really it was kind of mad

305
00:12:27,050 --> 00:12:24,990
I think because and that's why I was

306
00:12:28,520 --> 00:12:27,060
quite excited when I'd seen the article

307
00:12:30,470 --> 00:12:28,530
was in long wheels and winos and the

308
00:12:32,180 --> 00:12:30,480
people in the Evening Post when it was

309
00:12:34,130 --> 00:12:32,190
mentioned what it was like if we did an

310
00:12:36,110 --> 00:12:34,140
interview a couple years back and that's

311
00:12:37,190 --> 00:12:36,120
on YouTube you know I've missed that no

312
00:12:40,630 --> 00:12:37,200
this year a couple were the ones that

313
00:12:46,580 --> 00:12:40,640

were they but it was five I don't get it

314

00:12:48,200 --> 00:12:46,590

but yes but I think it was just one of

315

00:12:49,340 --> 00:12:48,210

those things which I kind of forgot

316

00:12:51,800 --> 00:12:49,350

about it for years I think what would

317

00:12:52,970 --> 00:12:51,810

happen if you'd be sitting around one

318

00:12:54,380 --> 00:12:52,980

night having a beer and somebody would

319

00:12:56,210 --> 00:12:54,390

match the stories I kill you oh there

320

00:12:57,710 --> 00:12:56,220

was that time you know when you mention

321

00:12:59,930 --> 00:12:57,720

it but other than that you just probably

322

00:13:01,430 --> 00:12:59,940

wouldn't you know mention it in any kind

323

00:13:02,960 --> 00:13:01,440

of conversations yeah I was excited

324

00:13:05,210 --> 00:13:02,970

because obviously when it was mentioned

325

00:13:07,730 --> 00:13:05,220

it was even a paper online whichever one

326

00:13:10,360 --> 00:13:07,740

it was I'm like oh that was right no

327

00:13:12,790 --> 00:13:10,370

that's what I'd seen so

328

00:13:14,170 --> 00:13:12,800

but to this day I can remember from the

329

00:13:15,850 --> 00:13:14,180

paper because I've never gone back if I

330

00:13:17,949 --> 00:13:15,860

worked in the Evening Post for 22 years

331

00:13:20,439 --> 00:13:17,959

I got no excuse I never went back and

332

00:13:21,759 --> 00:13:20,449

reread that article I possibly if you

333

00:13:24,309 --> 00:13:21,769

guys had read published which I can't

334

00:13:26,230 --> 00:13:24,319

remember either it might have had more

335

00:13:27,400 --> 00:13:26,240

the information in there but I can

336

00:13:28,480 --> 00:13:27,410

remember think it was a Coast Guard said

337

00:13:31,569 --> 00:13:28,490

that there was nothing up in the sky

338

00:13:34,360 --> 00:13:31,579

that evening or there was nothing of

339

00:13:35,980 --> 00:13:34,370

obvious thing I mean years later I was

340

00:13:37,420 --> 00:13:35,990

wondering Coast Guard cells probably

341

00:13:38,530 --> 00:13:37,430

meteors for yeah but there clearly

342

00:13:41,519 --> 00:13:38,540

wasn't I mean it was definitely

343

00:13:43,840 --> 00:13:41,529

mechanical you know it was it was not

344

00:13:49,749 --> 00:13:43,850

organic if that makes sense really

345

00:13:51,639 --> 00:13:49,759

amazing like it's like math see before

346

00:13:54,069 --> 00:13:51,649

ii was in britain i think as you because

347

00:13:56,769 --> 00:13:54,079

i'd never known and they were forgotten

348

00:13:58,059 --> 00:13:56,779

yeah and i think you know i'm a big

349

00:13:59,920 --> 00:13:58,069

sci-fi finer stuff as well so you think

350

00:14:02,259 --> 00:13:59,930

I probably would have a bit more thing

351

00:14:03,160 --> 00:14:02,269

with it but you know I I just think it

352

00:14:04,749 --> 00:14:03,170

was just one of those things which you

353

00:14:06,549 --> 00:14:04,759

could have took it but oh my god that's

354

00:14:08,710 --> 00:14:06,559

my dad so what the following day in the

355

00:14:09,999 --> 00:14:08,720

paper may be mentioned it in school the

356

00:14:11,619 --> 00:14:10,009

day after and then just kind of forgot

357

00:14:12,999 --> 00:14:11,629

about it you know and of course we

358

00:14:20,769 --> 00:14:13,009

didn't have the International and we

359

00:14:23,619 --> 00:14:20,779

constantly go back I think a couple of

360

00:14:24,939 --> 00:14:23,629

times after that I could they would

361

00:14:26,860 --> 00:14:24,949

probably planes or goodness notes

362

00:14:28,059 --> 00:14:26,870

whenever you see a couple things that

363

00:14:31,809 --> 00:14:28,069

were kind of dying off in the sky you

364

00:14:39,949 --> 00:14:31,819

can assume quite sort of things in the

365

00:14:44,639 --> 00:14:43,049

because I mean my okay I think I've

366

00:14:46,289 --> 00:14:44,649

mentioned it once twice as a was a token

367

00:14:48,359 --> 00:14:46,299

you know you talk with your friends in

368

00:14:49,739 --> 00:14:48,369

or was it nearly stealth right there or

369

00:14:52,109 --> 00:14:49,749

something or whatever they were doing

370

00:14:53,729 --> 00:14:52,119

but but even then I think the speed that

371

00:14:55,499 --> 00:14:53,739

it was going you'd always imagine one of

372

00:14:57,209 --> 00:14:55,509

those planes probably couldn't did it

373

00:14:58,859 --> 00:14:57,219

took over a minute the Corolla well it

374

00:15:00,599 --> 00:14:58,869

was it was a while you know I mean I in

375

00:15:01,919 --> 00:15:00,609

my head it seemed like it was well if I

376

00:15:03,509 --> 00:15:01,929

remember it's been slow you know what I

377

00:15:04,979 --> 00:15:03,519

remember think up or down then one

378

00:15:07,829 --> 00:15:04,989

thinking back and thinking is coming up

379

00:15:10,679 --> 00:15:07,839

and it turned but it was all quite

380

00:15:11,939 --> 00:15:10,689

graceful it was not you know walk were

381

00:15:13,769 --> 00:15:11,949

did didn't see could be going that quick

382

00:15:15,479 --> 00:15:13,779

he didn't he'd be in a rush it was just

383

00:15:17,039 --> 00:15:15,489

going to slowly start earning an income

384

00:15:22,079 --> 00:15:17,049

he going and to say just heading over

385

00:15:23,699 --> 00:15:22,089

the bay that was kind of kind of it but
