

1  
00:00:16,519 --> 00:00:14,270  
hi everybody

2  
00:00:19,220 --> 00:00:16,529  
I'm Steve drusen Hamelin Williams Mike

3  
00:00:22,460 --> 00:00:19,230  
maunder we're here in Cardiff today to

4  
00:00:24,589 --> 00:00:22,470  
do another UFO interview with a witness

5  
00:00:25,970 --> 00:00:24,599  
now we're not sure that's yet whether

6  
00:00:28,760 --> 00:00:25,980  
this is connected with night of the

7  
00:00:31,370 --> 00:00:28,770  
triangles or very very close to it but

8  
00:00:47,300 --> 00:00:31,380  
saw us to be seen we come today to

9  
00:00:51,080 --> 00:00:47,310  
Bedford Street two triangles from his

10  
00:00:56,920 --> 00:00:51,090  
back garden and he was a winter night to

11  
00:01:01,220 --> 00:00:58,910  
still not quite sure whether this is

12  
00:01:02,870 --> 00:01:01,230  
like to the track cause yet it sounds

13  
00:01:13,350 --> 00:01:02,880

like it's but idiot either is oh it's

14  
00:02:14,170 --> 00:01:17,520  
leave the house taught me much of a back

15  
00:02:21,610 --> 00:02:16,780  
my girlfriend it is cold

16  
00:02:25,080 --> 00:02:21,620  
site door I always used to come down at

17  
00:02:25,090 --> 00:02:31,870  
okay I'm gonna date - that's me

18  
00:02:38,780 --> 00:02:35,900  
83 84 he said the following day in the

19  
00:02:42,410 --> 00:02:38,790  
newspaper they was up strange it was

20  
00:02:54,860 --> 00:02:42,420  
suddenly like strings like Caesar I

21  
00:02:56,150 --> 00:02:54,870  
remember and I told you about this what

22  
00:02:58,640 --> 00:02:56,160  
we call them like to the triangle yeah

23  
00:03:00,950 --> 00:02:58,650  
there was a piece in the echo about what

24  
00:03:02,330 --> 00:03:00,960  
Carol saw over Cardiff that's right yeah

25  
00:03:06,260 --> 00:03:02,340  
and he said it definitely wasn't that

26

00:03:12,530 --> 00:03:06,270

article um no it was so he wasn't that

27

00:03:14,570 --> 00:03:12,540

like yeah great well we didn't know

28

00:03:16,010 --> 00:03:14,580

about this event yeah as soon as we can

29

00:03:17,720 --> 00:03:16,020

find that article in the paper you were

30

00:03:20,720 --> 00:03:17,730

very - we'll have to take their money

31

00:03:22,430 --> 00:03:20,730

yeah well when I saw the lights of the

32

00:03:28,700 --> 00:03:22,440

trails I thought that must be it that

33

00:03:31,660 --> 00:03:28,710

must be the yeah um Salem's just look

34

00:03:33,950 --> 00:03:31,670

the let the dog go do you scratch it a

35

00:03:36,070 --> 00:03:33,960

girlfriend knocked the door so I let him

36

00:03:39,050 --> 00:03:36,080

finish so I'm just gonna let the dog out

37

00:03:43,850 --> 00:03:39,060

and say open the door it's only a little

38

00:03:46,100 --> 00:03:43,860

backyard I opened the door for some

39

00:03:47,090 --> 00:03:46,110

reason they looked up to my right which

40

00:03:50,630 --> 00:03:47,100

is in that direction

41

00:04:08,580 --> 00:03:50,640

coming from City Road area so we walk

42

00:04:14,890 --> 00:04:10,900

coming from that direction all over that

43

00:04:19,090 --> 00:04:14,900

building there was six white lights just

44

00:04:20,259 --> 00:04:19,100

slowly doing flashing or nothing it was

45

00:04:23,590 --> 00:04:20,269

just six white lights

46

00:04:25,690 --> 00:04:23,600

I caught I call my girlfriend said come

47

00:04:29,320 --> 00:04:25,700

here quick what is I said just quick

48

00:04:41,590 --> 00:04:29,330

come along look at this six lights just

49

00:04:44,260 --> 00:04:41,600

slowly cruising across I don't know if

50

00:04:49,570 --> 00:04:44,270

you seen something totally unusual you

51  
00:04:51,400 --> 00:04:49,580  
just like stops you and three other

52  
00:04:53,290 --> 00:04:51,410  
lights sort of moved away from the other

53  
00:04:56,140 --> 00:04:53,300  
three you could see they were like

54  
00:04:59,700 --> 00:04:56,150  
triangular formations mm-hmm imagine

55  
00:05:03,220 --> 00:04:59,710  
like a white light on each corner point

56  
00:05:06,130 --> 00:05:03,230  
yeah I don't know how you have they must

57  
00:05:09,240 --> 00:05:06,140  
have been about you and I higher for my

58  
00:05:12,280 --> 00:05:09,250  
kind of judgment of perspective you know

59  
00:05:14,650 --> 00:05:12,290  
between five hundred and thousand feet

60  
00:05:18,310 --> 00:05:14,660  
up maybe what light aircraft height

61  
00:05:22,900 --> 00:05:18,320  
thought well not even that no less than

62  
00:05:29,190 --> 00:05:22,910  
that less okay built up this area the

63  
00:05:32,230 --> 00:05:29,200

clear sky I didn't see any shape any

64

00:05:34,600 --> 00:05:32,240

solid body in between just the like it's

65

00:05:36,700 --> 00:05:34,610

just it up there lights and I think it

66

00:05:38,110 --> 00:05:36,710

the one light at the front and when I

67

00:05:41,890 --> 00:05:38,120

need to corner of the back then is that

68

00:05:43,300 --> 00:05:41,900

what I'm looking at yeah yeah and like I

69

00:05:46,470 --> 00:05:43,310

say three of the lights moved away from

70

00:05:52,390 --> 00:05:46,480

the other three what sort of speed which

71

00:05:54,010 --> 00:05:52,400

if it was a plane or if it was a very

72

00:05:58,270 --> 00:05:54,020

slowly there was no sound there was

73

00:05:59,860 --> 00:05:58,280

nothing in white nothing nothing these

74

00:06:02,080 --> 00:05:59,870

lights of a whole of they shining

75

00:06:04,710 --> 00:06:02,090

downwards or they just it was just like

76

00:06:09,400 --> 00:06:04,720

doing particularly spotlights oh yeah

77

00:06:13,390 --> 00:06:09,410

round white white lights you know spaced

78

00:06:15,790 --> 00:06:13,400

apart obviously yeah anything

79

00:06:18,159 --> 00:06:15,800

now what about sound boys nothing

80

00:06:19,690 --> 00:06:18,169

nothing at all nothing nothing no sound

81

00:06:20,290 --> 00:06:19,700

so when they were together when he was

82

00:06:22,840 --> 00:06:20,300

six lights

83

00:06:24,430 --> 00:06:22,850

what's up formation didn't look like to

84

00:06:27,969 --> 00:06:24,440

meet you as soon as I expect initially

85

00:06:32,380 --> 00:06:27,979

so it was like he's just a cluster of

86

00:06:33,850 --> 00:06:32,390

lights it was only in Italy one like I

87

00:06:36,310 --> 00:06:33,860

say three moved away from the other

88

00:06:39,100 --> 00:06:36,320

three yeah I had the feeling there was

89

00:06:40,210 --> 00:06:39,110

like two objects right so would there

90

00:06:41,890 --> 00:06:40,220

have been one in front of the other

91

00:06:43,870 --> 00:06:41,900

originally or beside each other kind of

92

00:06:44,680 --> 00:06:43,880

side by side side by side yeah I'm

93

00:06:48,580 --> 00:06:44,690

living together

94

00:06:49,740 --> 00:06:48,590

yeah don't sound be really slow you come

95

00:06:55,330 --> 00:06:49,750

in east to west

96

00:06:58,180 --> 00:06:55,340

yeah okay

97

00:07:15,120 --> 00:06:58,190

we watched him go across until he went

98

00:07:20,650 --> 00:07:18,520

just kind of kept going this week

99

00:07:22,689 --> 00:07:20,660

straight cutting the line and where were

100

00:07:24,210 --> 00:07:22,699

you at this point to do good done well

101  
00:07:26,589 --> 00:07:24,220  
we're on the on the door kept it

102  
00:07:28,749 --> 00:07:26,599  
shouldn't go trust live run down to the

103  
00:07:32,589 --> 00:07:28,759  
corner she would go down there

104  
00:07:37,960 --> 00:07:32,599  
what what sort of speed with a traveler

105  
00:07:38,260 --> 00:07:37,970  
that slowly I was like maybe 30 miles an

106  
00:07:40,420 --> 00:07:38,270  
hour

107  
00:07:42,700 --> 00:07:40,430  
yeah that's slow they didn't shoot a

108  
00:07:43,930 --> 00:07:42,710  
course it was of ambled along up because

109  
00:07:47,589 --> 00:07:43,940  
we had time to watch him from their

110  
00:08:06,529 --> 00:07:47,599  
garden from up the friends I came down

111  
00:08:26,820 --> 00:08:24,239  
10:08 anybody else see that tall build

112  
00:08:29,249 --> 00:08:26,830  
in there yeah a SIM card is Center the

113  
00:08:37,040 --> 00:08:29,259

office block yeah and he went over that

114

00:08:47,570 --> 00:08:44,480

oh I think this church and it just where

115

00:08:49,519 --> 00:08:47,580

nothing the difference so good to see

116

00:08:54,360 --> 00:08:49,529

really does feel the same course yeah

117

00:09:00,880 --> 00:08:55,810

to sink under there

118

00:09:05,680 --> 00:09:00,890

there's no I will do them around about

119

00:09:11,860 --> 00:09:05,690

17 or 18 if you surround because I was

120

00:09:17,380 --> 00:09:11,870

so 83 84 yeah it's just feel at the time

121

00:09:19,540 --> 00:09:17,390

etc so Deeks

122

00:09:21,250 --> 00:09:19,550

my mother showed me she came over the

123

00:09:23,800 --> 00:09:21,260

following takes because she was out my

124

00:09:25,990 --> 00:09:23,810

dad was out he was he never made out to

125

00:09:30,430 --> 00:09:26,000

anywhere and for one night he went to

126

00:09:35,100 --> 00:09:30,440

visiting somebody was gonna believe this

127

00:09:39,030 --> 00:09:37,110

my feet my another cat me I think it's

128

00:09:43,770 --> 00:09:39,040

my mother fat when if we come in when

129

00:09:47,160 --> 00:09:43,780

after the other remember the following

130

00:09:48,840 --> 00:09:47,170

dish the paper I'm sure they go she

131

00:09:51,840 --> 00:09:48,850

always bought the echo still buddies in

132

00:09:56,390 --> 00:09:51,850

though she shouldn't meet she said look

133

00:10:02,630 --> 00:09:56,400

at this Victor's half a page he's

134

00:10:08,189 --> 00:10:04,470

see

135

00:10:10,560 --> 00:10:08,199

into airports and the police and people

136

00:10:13,860 --> 00:10:10,570

wanted Nords going on let me say it was

137

00:10:16,550 --> 00:10:13,870

said going in he said if anybody seen

138

00:10:47,929 --> 00:10:19,950

send me back to me

139

00:10:47,939 --> 00:11:08,850

yeah

140

00:11:13,130 --> 00:11:10,600

the deal

141

00:11:13,580 --> 00:11:13,140

did he know about you while I sent him a

142

00:11:15,530 --> 00:11:13,590

letter

143

00:11:17,150 --> 00:11:15,540

oh yeah I said I'm allowing remember

144

00:11:22,560 --> 00:11:17,160

troll in the what I'd seen my little

145

00:11:30,510 --> 00:11:24,800

yeah

146

00:11:36,160 --> 00:11:32,620

we called it here but it was shut for

147

00:11:38,260 --> 00:11:36,170

lunch so we didn't get marketing well

148

00:11:40,390 --> 00:11:38,270

till to here so again suppose that

149

00:11:43,410 --> 00:11:40,400

they've got like they look upon a branch

150

00:11:53,260 --> 00:11:43,420

way with issues with the central lake we

151  
00:11:54,820 --> 00:11:53,270  
moved all the archetype yeah we'd have

152  
00:11:57,540 --> 00:11:54,830  
to do more research and just troll

153  
00:12:07,580 --> 00:11:57,550  
through the it was a winter evening

154  
00:12:18,759 --> 00:12:11,300  
the date segment as soon as we find the

155  
00:12:23,660 --> 00:12:21,379  
like uniquely Florida is a color small

156  
00:12:25,850 --> 00:12:23,670  
in trying to trying to see if I could

157  
00:12:33,350 --> 00:12:25,860  
find it here but I keep on seeing the

158  
00:12:40,280 --> 00:12:33,360  
same answer you mentioned Soren I found

159  
00:12:42,559 --> 00:12:40,290  
them in the library were there any other

160  
00:12:44,150 --> 00:12:42,569  
aircraft in the sky you know I just know

161  
00:12:49,460 --> 00:12:44,160  
to say following day did you see any

162  
00:12:51,650 --> 00:12:49,470  
activity in this kind o if you were to

163  
00:12:54,050 --> 00:12:51,660

point something an arm's-length the

164

00:13:07,420 --> 00:12:54,060

government size of the object when it

165

00:13:13,340 --> 00:13:11,269

and they actually went right over yeah

166

00:13:36,730 --> 00:13:13,350

like you see your garden over the garden

167

00:13:46,470 --> 00:13:38,960

it was just election we didn't see the

168

00:14:10,180 --> 00:13:56,340

[Music]

169

00:14:10,190 --> 00:14:20,639

yeah yeah

170

00:14:35,889 --> 00:14:34,660

coffee table I've never seen anything

171

00:14:49,720 --> 00:14:35,899

like it before

172

00:14:53,470 --> 00:14:49,730

since the night scene before it's used

173

00:14:59,590 --> 00:14:53,480

the same you know there's certainly ties

174

00:15:02,499 --> 00:14:59,600

in with a lot of yeah yeah this was

175

00:15:10,019 --> 00:15:02,509

really interesting yeah as a friend and

176

00:15:11,949 --> 00:15:10,029

a friend speaking to something that

177

00:15:17,169 --> 00:15:11,959

subject came up that he said the other

178

00:15:21,200 --> 00:15:17,179

saw something strange once like they'd

179

00:15:21,210 --> 00:15:30,000

he said said he was gonna party up in

180

00:15:36,900 --> 00:15:33,780

he said he saw this black triangle he

181

00:15:39,810 --> 00:15:36,910

said of Jabbar 4pi over and I haven't

182

00:15:43,380 --> 00:15:39,820

mentioned anything then totally my still

183

00:15:45,900 --> 00:15:43,390

here but he said I was in he was in the

184

00:15:47,430 --> 00:15:45,910

summer he was like the lights he said it

185

00:15:56,850 --> 00:15:47,440

was just his black triangle in the sky

186

00:15:59,610 --> 00:15:56,860

yeah he came because I stole my story

187

00:16:00,990 --> 00:15:59,620

good I said it was around about 83

188

00:16:07,420 --> 00:16:01,000

before he said oh no they said before

189

00:16:13,329 --> 00:16:09,560

somebody said that you just chopped them

190

00:16:19,579 --> 00:16:13,339

people in there baby stories oh yeah

191

00:16:21,260 --> 00:16:19,589

everyone seems oh yeah this particular

192

00:16:23,480 --> 00:16:21,270

site you had around that time you know

193

00:16:25,760 --> 00:16:23,490

we initially thought it was just in our

194

00:16:27,410 --> 00:16:25,770

local area of Swansea but there since we

195

00:16:28,970 --> 00:16:27,420

made inquires and this happened in

196

00:16:34,520 --> 00:16:28,980

Canada it's happened before

197

00:16:40,320 --> 00:16:37,470

at the same time and across the channel

198

00:16:42,990 --> 00:16:40,330

for me as well you know Devon Coast as

199

00:16:45,750 --> 00:16:43,000

well and all around the same time as

200

00:16:47,610 --> 00:16:45,760

evident sense but it seems so your

201

00:16:50,100 --> 00:16:47,620

cycling was a different like to all the

202

00:16:52,460 --> 00:16:50,110

trying it is yeah because you're

203

00:16:55,290 --> 00:16:52,470

referencing the article in the newspaper

204

00:16:59,220 --> 00:16:55,300

yeah so as soon as we find that we're

205

00:17:02,130 --> 00:16:59,230

not yeah - be nice - it'd be nice to

206

00:17:11,370 --> 00:17:02,140

find out what it was it was around that
