

1  
00:00:11,810 --> 00:00:09,589  
uh right tonight we have the pleasure of

2  
00:00:14,089 --> 00:00:11,820  
Hosting our guest speaker Mr Phillip

3  
00:00:16,250 --> 00:00:14,099  
Hart now as you know I always give a bit

4  
00:00:17,990 --> 00:00:16,260  
of history about uh our speakers and

5  
00:00:20,750 --> 00:00:18,000  
referred Philips a bit of an enigma to

6  
00:00:22,310 --> 00:00:20,760  
me tonight so uh Teresa Coulda couldn't

7  
00:00:23,810 --> 00:00:22,320  
find anything much about him other than

8  
00:00:26,090 --> 00:00:23,820  
the fact he's written a very interesting

9  
00:00:28,670 --> 00:00:26,100  
book about his life story related to

10  
00:00:31,250 --> 00:00:28,680  
UFOs and it's entitled everything began

11  
00:00:33,770 --> 00:00:31,260  
in Essex now you may just have a copy or

12  
00:00:35,090 --> 00:00:33,780  
two with him I don't know to sell onto

13  
00:00:37,130 --> 00:00:35,100

later

14

00:00:39,590 --> 00:00:37,140

I also know you give a very interesting

15

00:00:42,530 --> 00:00:39,600

talk down in Caldwell at the UFO

16

00:00:44,510 --> 00:00:42,540

conference which wasn't long ago for

17

00:00:47,150 --> 00:00:44,520

those who are interested

18

00:00:48,709 --> 00:00:47,160

um and it was very well received uh now

19

00:00:51,950 --> 00:00:48,719

Phillips thought tonight is entitled

20

00:00:54,470 --> 00:00:51,960

Gray's Where it All Began Grays where it

21

00:00:56,869 --> 00:00:54,480

all began and it covers a lifetime of

22

00:00:59,209 --> 00:00:56,879

interaction with the UFO phenomena from

23

00:01:00,889 --> 00:00:59,219

his birth in the London docklands up to

24

00:01:02,930 --> 00:01:00,899

the present day

25

00:01:05,990 --> 00:01:02,940

you know he's witnessed various craft

26  
00:01:08,450 --> 00:01:06,000  
lights orbs and beings Through The Years

27  
00:01:10,130 --> 00:01:08,460  
all of which have fascinated in although

28  
00:01:13,070 --> 00:01:10,140  
it sounded his experiences that vary

29  
00:01:15,230 --> 00:01:13,080  
from interesting to terrifying

30  
00:01:17,030 --> 00:01:15,240  
now as he's now retired and because he's

31  
00:01:18,590 --> 00:01:17,040  
no longer a job we're talking about the

32  
00:01:19,910 --> 00:01:18,600  
subject was taboo and we all know what

33  
00:01:22,249 --> 00:01:19,920  
that's like

34  
00:01:24,109 --> 00:01:22,259  
he's decided it's time to tell his story

35  
00:01:26,390 --> 00:01:24,119  
and he hopes that in time it may help

36  
00:01:28,490 --> 00:01:26,400  
others to come forward as well and tell

37  
00:01:32,149 --> 00:01:28,500  
their encounters and to continue

38  
00:01:34,310 --> 00:01:32,159

Research into the fascinating phenomenon

39

00:01:36,530 --> 00:01:34,320

so I'm sure for himself will be able to

40

00:01:38,030 --> 00:01:36,540

fill you in on his background and that

41

00:01:40,609 --> 00:01:38,040

would be followed by what sounds like a

42

00:01:42,710 --> 00:01:40,619

really fascinating talk so please put

43

00:01:47,149 --> 00:01:42,720

your hands together we've got someone

44

00:01:47,159 --> 00:01:59,090

45

00:02:05,289 --> 00:02:01,609

yeah this presentation is all the

46

00:02:10,070 --> 00:02:05,299

barriers of things that I have seen from

47

00:02:13,309 --> 00:02:10,080

near birth up until the present day

48

00:02:15,229 --> 00:02:13,319

um there's a encounters

49

00:02:16,790 --> 00:02:15,239

as I had many

50

00:02:19,070 --> 00:02:16,800

I've been in this Campus of witnessed by

51  
00:02:23,590 --> 00:02:19,080  
others as well as myself

52  
00:02:30,790 --> 00:02:28,990  
[Music]

53  
00:02:32,869 --> 00:02:30,800  
okay

54  
00:02:35,030 --> 00:02:32,879  
many of the encounters were witnessed

55  
00:02:36,710 --> 00:02:35,040  
others as well as myself

56  
00:02:40,150 --> 00:02:36,720  
and if any of you have witnessed similar

57  
00:02:42,830 --> 00:02:40,160  
I'd like to hear from you in the future

58  
00:02:44,509 --> 00:02:42,840  
all the events here happened on the

59

United Kingdom

60  
00:02:49,369 --> 00:02:47,280  
and one happened in the USA

61  
00:02:52,309 --> 00:02:49,379  
they range from the odd to the downward

62  
00:03:01,790 --> 00:02:52,319  
scary has been said

71

00:03:39,949 --> 00:03:37,080

later life from my mother

72

00:03:44,210 --> 00:03:39,959

in a letter which I received many years

73

00:03:47,330 --> 00:03:44,220

later of which you will hear the story

74

00:03:50,530 --> 00:03:47,340

um the barrel of Salisbury Road suck me

75

00:03:53,630 --> 00:03:50,540

81  
00:04:19,250 --> 00:04:08,099  
scared the hell out of us uh the org of

82  
00:04:24,650 --> 00:04:22,610  
is there a list of the various ones and

83  
00:04:27,730 --> 00:04:24,660  
the dates that go with them

84  
00:04:33,189 --> 00:04:27,740  
the sightings spread across

85  
00:04:33,199 --> 00:04:41,090  
1950 to 2020 day range

86  
00:04:45,170 --> 00:04:42,350  
okay

87  
00:04:48,710 --> 00:04:45,180  
this is the area up near London on the

88  
00:04:50,689 --> 00:04:48,720

underneath side to redox

89

00:04:53,650 --> 00:04:50,699

um

90

00:04:57,230 --> 00:04:53,660

that is the current picture as it is now

91

00:04:58,490 --> 00:04:57,240

the yellow arrow points to where I lived

92

00:05:00,830 --> 00:04:58,500

at the time

93

00:05:02,810 --> 00:05:00,840

and the saucer was spotty running along

94

00:05:04,790 --> 00:05:02,820

the Thames over on the left-hand side

95

00:05:08,450 --> 00:05:04,800

there

96

00:05:13,090 --> 00:05:11,330

that's a picture of the area as it was

97

00:05:15,950 --> 00:05:13,100

in 1950.

98

00:05:17,870 --> 00:05:15,960

the red arrow points to

99

00:05:19,850 --> 00:05:17,880

where I was living and in front of that

100

00:05:22,249 --> 00:05:19,860

there was very little housing if any at

101  
00:05:25,510 --> 00:05:22,259  
the time most of the what's there now

102  
00:05:28,249 --> 00:05:25,520  
was built later in the 50s

103  
00:05:30,890 --> 00:05:28,259  
the weather was sunny like Southwest

104  
00:05:32,990 --> 00:05:30,900  
wind there's a sort of shaped object

105  
00:05:34,430 --> 00:05:33,000  
slowly but purposely flew along from

106  
00:05:36,650 --> 00:05:34,440  
east to west

107  
00:05:37,969 --> 00:05:36,660  
across the terms heading across London

108  
00:05:40,670 --> 00:05:37,979  
to the West

109  
00:05:43,370 --> 00:05:40,680  
he was hoping not to be seen But was in

110  
00:05:45,469 --> 00:05:43,380  
actual fact spotted it had been seen by

111  
00:05:47,270 --> 00:05:45,479  
my mother may who was looking South out

112  
00:05:53,090 --> 00:05:47,280  
of the bedroom window and some Chad's

113  
00:05:58,370 --> 00:05:55,249

home has shown me this picture was

114

00:06:00,150 --> 00:05:58,380

approximately 900 meters to the north of

115

00:06:01,730 --> 00:06:00,160

the river

116

00:06:03,890 --> 00:06:01,740

[Music]

117

00:06:05,990 --> 00:06:03,900

other houses of the South were still

118

00:06:07,909 --> 00:06:06,000

being built and many of it bought the

119

00:06:10,730 --> 00:06:07,919

scars of war with the repair work still

120

00:06:12,890 --> 00:06:10,740

going on in the area

121

00:06:15,230 --> 00:06:12,900

I knew nothing of this at the time as I

122

00:06:18,050 --> 00:06:15,240

was only 12 hours old

123

00:06:20,330 --> 00:06:18,060

and having been born in that room

124

00:06:23,870 --> 00:06:20,340

just after a full moon on the 28th of

125

00:06:26,029 --> 00:06:23,880

August at 10 pm this encounter was

126  
00:06:27,469 --> 00:06:26,039  
relayed to me much later by my mother

127  
00:06:29,330 --> 00:06:27,479  
may

128  
00:06:33,350 --> 00:06:29,340  
there she is

129  
00:06:35,570 --> 00:06:33,360  
15. this is the only picture I have at

130  
00:06:37,370 --> 00:06:35,580  
that time

131  
00:06:38,870 --> 00:06:37,380  
the following she put in a letter to me

132  
00:06:41,990 --> 00:06:38,880  
many years later

133  
00:06:44,629 --> 00:06:42,000  
did you say Cadet the craft was about 30

134  
00:06:47,150 --> 00:06:44,639  
foot across moving East the West over

135  
00:06:49,730 --> 00:06:47,160  
the old thurrock landing area at a

136  
00:06:50,689 --> 00:06:49,740  
height of some 100 feet and continued

137  
00:06:55,730 --> 00:06:50,699  
West

138  
00:06:58,249 --> 00:06:55,740

Direction and made no discernible noise

139

00:07:00,710 --> 00:06:58,259

she noted that it's right

140

00:07:02,510 --> 00:07:00,720

it was extremely quiet

141

00:07:05,029 --> 00:07:02,520

she said she was more afraid of it being

142

00:07:07,790 --> 00:07:05,039

a bomb of some kind rather than anything

143

00:07:09,529 --> 00:07:07,800

else it's at that time only five years

144

00:07:11,510 --> 00:07:09,539

after the war they were still really

145

00:07:12,950 --> 00:07:11,520

worried about things flying it shouldn't

146

00:07:15,230 --> 00:07:12,960

be

147

00:07:18,050 --> 00:07:15,240

um May had returned home to Gray's Essex

148

00:07:20,450 --> 00:07:18,060

after work in the women's land Army on

149

00:07:22,909 --> 00:07:20,460

the Holcomb estate in Norfolk

150

00:07:24,469 --> 00:07:22,919

so I would be born at the family home I

151

00:07:26,029 --> 00:07:24,479

was told that a gamekeeper on that

152

00:07:28,309 --> 00:07:26,039

estate is my father

153

00:07:30,350 --> 00:07:28,319

or do not have a name despite inquiries

154

00:07:33,890 --> 00:07:30,360

with the estate archives

155

00:07:36,230 --> 00:07:33,900

but that is a story for another time

156

00:07:37,610 --> 00:07:36,240

I finally found her in the 1980s living

157

00:07:39,110 --> 00:07:37,620

in Wales

158

00:07:41,210 --> 00:07:39,120

she never wanted to meet but

159

00:07:42,650 --> 00:07:41,220

corresponded by letter which included

160

00:07:46,189 --> 00:07:42,660

the story to me

161

00:07:47,629 --> 00:07:46,199

of this in the letter in 1991

162

00:07:49,730 --> 00:07:47,639

when she had learned that I had an

163

00:07:52,070 --> 00:07:49,740

interest in the subject

164

00:07:54,290 --> 00:07:52,080

other reports around that area have also

165

00:07:58,969 --> 00:07:54,300

been found of craft

166

00:08:04,010 --> 00:08:01,610

this side shows the rejected path of the

167

00:08:05,330 --> 00:08:04,020

flight if it carried on it would have

168

00:08:07,610 --> 00:08:05,340

crossed the whole counties and actually

169

00:08:11,390 --> 00:08:07,620

cross Bristol into the

170

00:08:14,330 --> 00:08:11,400

across the south of Wales here

171

00:08:17,029 --> 00:08:14,340

so unknown to me my first UFO sighting

172

00:08:17,930 --> 00:08:17,039

had happened although not aware at the

173

00:08:20,089 --> 00:08:17,940

time

174

00:08:22,850 --> 00:08:20,099

four days after this my mother came to

175

00:08:25,909 --> 00:08:22,860

feed me and I found I'd be removed and

176

00:08:25,919 --> 00:08:29,450

the life moves on

177

00:08:34,850 --> 00:08:31,909

okay next sighting was the barrel of

178

00:08:38,269 --> 00:08:34,860

Salisbury Road in sock New Hampshire

179

00:08:41,810 --> 00:08:38,279

at approximately 5 15 on Sunday the 20th

180

00:08:44,449 --> 00:08:41,820

of September 1964.

181

00:08:46,190 --> 00:08:44,459

it was a dry and sunny day

182

00:08:49,130 --> 00:08:46,200

I've been on a day trip with my new

183

00:08:50,630 --> 00:08:49,140

adopted parents and consisted of Ken and

184

00:08:53,150 --> 00:08:50,640

Margaret with my new

185

00:08:56,449 --> 00:08:53,160

parents and that was my other two

186

00:08:59,410 --> 00:08:56,459

brothers I was adopted with I'm a good

187

00:09:01,910 --> 00:08:59,420

looking one on the right of that picture

188

00:09:03,470 --> 00:09:01,920

we were now living in Barton on sea

189

00:09:05,810 --> 00:09:03,480

Hampshire Coast

190

00:09:07,790 --> 00:09:05,820

and we're visiting our grandparents

191

00:09:09,710 --> 00:09:07,800

there they are up in Bolton On The Hill

192

00:09:11,509 --> 00:09:09,720

Gloucester

193

00:09:14,210 --> 00:09:11,519

they lived in an old country cottage

194

00:09:16,970 --> 00:09:14,220

with a very well-stopped Garden

195

00:09:19,910 --> 00:09:16,980

and it is now actually a new holiday

196

00:09:21,889 --> 00:09:19,920

Resort holiday Cottage you can rent and

197

00:09:25,790 --> 00:09:21,899

not the run-down Cottage it once was

198

00:09:33,170 --> 00:09:29,810

on our way home we had arrived at reward

199

00:09:36,050 --> 00:09:33,180

for around the softly Road the a3347

200

00:09:38,269 --> 00:09:36,060

Greenwood Road

201  
00:09:41,630 --> 00:09:38,279  
that shows you the approximate site in

202  
00:09:47,030 --> 00:09:41,640  
land of the coast there at Bournemouth

203  
00:09:53,150 --> 00:09:50,329  
the sun was slowly setting

204  
00:09:55,130 --> 00:09:53,160  
in the west I'm passing an area north of

205  
00:09:56,990 --> 00:09:55,140  
softer we noticed people on the side of

206  
00:09:58,970 --> 00:09:57,000  
the road and on the bank

207  
00:10:01,190 --> 00:09:58,980  
we noticed that cars had pulled into the

208  
00:10:02,750 --> 00:10:01,200  
field at the side of the road and people

209  
00:10:05,090 --> 00:10:02,760  
were on the banks looking over the

210  
00:10:07,550 --> 00:10:05,100  
fields to our left

211  
00:10:09,710 --> 00:10:07,560  
at that time Hedges had not grown up

212  
00:10:11,990 --> 00:10:09,720  
with the trees that are now present so

213  
00:10:14,930 --> 00:10:12,000

the view was a lot more open

214

00:10:16,790 --> 00:10:14,940

don't fall over and we all got out by

215

00:10:20,990 --> 00:10:16,800

now quite a lot of cars have pulled over

216

00:10:24,949 --> 00:10:22,790

um these are the fields that the large

217

00:10:25,970 --> 00:10:24,959

metal looking objects shake a bit like a

218

00:10:27,889 --> 00:10:25,980

barrel

219

00:10:30,110 --> 00:10:27,899

was

220

00:10:32,570 --> 00:10:30,120

going along over the fields with arms

221

00:10:34,009 --> 00:10:32,580

folded down against itself

222

00:10:36,710 --> 00:10:34,019

it was flying over the fields

223

00:10:38,449 --> 00:10:36,720

approximately 50 meters away

224

00:10:41,870 --> 00:10:38,459

close to the ground and hopping without

225

00:10:44,509 --> 00:10:41,880

slowing over fences and hedgerows

226

00:10:47,329 --> 00:10:44,519

no noise was heard from it as it made

227

00:10:49,670 --> 00:10:47,339

its way out of sight at a slow speed

228

00:10:51,470 --> 00:10:49,680

there were some 30 people still watching

229

00:10:53,569 --> 00:10:51,480

over the hedges and we were somewhat

230

00:10:55,730 --> 00:10:53,579

bewildered at what we had seen

231

00:10:57,769 --> 00:10:55,740

our parents said it was time to go and

232

00:11:02,690 --> 00:10:57,779

it was none of our business

233

00:11:07,310 --> 00:11:04,730

this is a drawing I made at the time on

234

00:11:11,329 --> 00:11:07,320

arriving home my brothers and I were

235

00:11:13,370 --> 00:11:11,339

very concerned about what we had seen

236

00:11:15,410 --> 00:11:13,380

um

237

00:11:16,670 --> 00:11:15,420

so this was drawn and put in an exercise

238

00:11:18,590 --> 00:11:16,680

book

239

00:11:20,449 --> 00:11:18,600

the strolling was found on clearing out

240

00:11:22,250 --> 00:11:20,459

the house on my parents death and the

241

00:11:24,110 --> 00:11:22,260

notes above were put together

242

00:11:25,790 --> 00:11:24,120

for the help of my brothers Doug and

243

00:11:27,650 --> 00:11:25,800

Brian

244

00:11:30,350 --> 00:11:27,660

the arms of The Craft were shaped like

245

00:11:32,509 --> 00:11:30,360

the jaws of a bearing puller and hum

246

00:11:34,190 --> 00:11:32,519

down the side the whole thing was a dull

247

00:11:36,050 --> 00:11:34,200

black gray color

248

00:11:39,050 --> 00:11:36,060

with no markings except what looked like

249

00:11:42,050 --> 00:11:39,060

large rivets he rose around the base as

250

00:11:42,060 --> 00:11:48,050

are approximately two inches in diameter

251  
00:11:52,550 --> 00:11:50,030  
that's the flight path he took going

252  
00:11:54,650 --> 00:11:52,560  
across the fields as it headed north

253  
00:11:56,509 --> 00:11:54,660  
where the car is is the road where we

254  
00:11:58,370 --> 00:11:56,519  
were

255  
00:11:59,630 --> 00:11:58,380  
we wash it for several minutes as we

256  
00:12:01,190 --> 00:11:59,640  
cross to our left and holding

257  
00:12:06,190 --> 00:12:01,200  
approximately one meter above the ground

258  
00:12:10,790 --> 00:12:08,690  
this picture was taken at the same time

259  
00:12:12,590 --> 00:12:10,800  
of day when recently visiting the site

260  
00:12:15,050 --> 00:12:12,600  
and it shows the Setting Sun would have

261  
00:12:17,269 --> 00:12:15,060  
been behind me and shining directly on

262  
00:12:19,790 --> 00:12:17,279  
the object that we viewed

263  
00:12:22,009 --> 00:12:19,800

this giving a very clear view

264

00:12:24,710 --> 00:12:22,019

the object never slowed when changing

265

00:12:28,550 --> 00:12:24,720

height to pass over Hedges and fences

266

00:12:33,889 --> 00:12:30,650

but in the end father said it was none

267

00:12:35,690 --> 00:12:33,899

of our business and it's time to go home

268

00:12:37,850 --> 00:12:35,700

it was still very much in Our Minds when

269

00:12:40,790 --> 00:12:37,860

we arrived home so I made that sketch

270

00:12:42,470 --> 00:12:40,800

that appears previously

271

00:12:45,170 --> 00:12:42,480

the encounter was to start an interest

272

00:12:47,870 --> 00:12:45,180

for the unusual and the interesting that

273

00:12:49,970 --> 00:12:47,880

still continues to this day

274

00:12:51,710 --> 00:12:49,980

being told of sightings is not the same

275

00:12:52,610 --> 00:12:51,720

as seeing one for the first time in

276

00:13:01,389 --> 00:12:52,620

person

277

00:13:06,170 --> 00:13:04,670

hmm the light from cloggy point it's an

278

00:13:09,670 --> 00:13:06,180

ice cool

279

00:13:14,509 --> 00:13:09,680

8 P.M on Saturday the 17th of September

280

00:13:18,350 --> 00:13:16,430

that's an overall picture of the bay

281

00:13:19,910 --> 00:13:18,360

approximately from the top of the cliffs

282

00:13:21,050 --> 00:13:19,920

where I was fishing on the beach but

283

00:13:23,750 --> 00:13:21,060

over there

284

00:13:26,569 --> 00:13:23,760

with some eyes over to the right hand

285

00:13:29,750 --> 00:13:26,579

side left-hand side and could really be

286

00:13:31,370 --> 00:13:29,760

light and the cliffs to the left

287

00:13:33,829 --> 00:13:31,380

the weather was dry with the light

288

00:13:35,150 --> 00:13:33,839

Southwest wind and the Sea had been calm

289

00:13:37,310 --> 00:13:35,160

for some days

290

00:13:38,569 --> 00:13:37,320

as such as the North Coast ever is in

291

00:13:40,490 --> 00:13:38,579

Cornwall

292

00:13:42,410 --> 00:13:40,500

a lovely evening for Beach angling at

293

00:13:44,690 --> 00:13:42,420

this time and I was living and working

294

00:13:46,910 --> 00:13:44,700

in the area I went down to within Beach

295

00:13:49,670 --> 00:13:46,920

to do a couple of hours fishing

296

00:13:51,530 --> 00:13:49,680

the sea was quiet with a light swell and

297

00:13:53,329 --> 00:13:51,540

it was getting dark

298

00:13:55,129 --> 00:13:53,339

the right refraction could be seen on

299

00:13:57,350 --> 00:13:55,139

the water from Saint Ives across the bay

300

00:13:59,569 --> 00:13:57,360

and the good dreamy light there to my

301

00:14:03,410 --> 00:13:59,579

left

302

00:14:05,870 --> 00:14:03,420

right beat upon a front Cross of a

303

00:14:08,389 --> 00:14:05,880

clodgy point which was behind some eyes

304

00:14:13,490 --> 00:14:11,509

that's a close-up of some Ives with the

305

00:14:15,530 --> 00:14:13,500

point in the background there on the

306

00:14:19,009 --> 00:14:15,540

right hand side

307

00:14:22,610 --> 00:14:20,870

looking out across the bay horse and I

308

00:14:25,009 --> 00:14:22,620

have the bright light appeared over the

309

00:14:26,629 --> 00:14:25,019

northern edge of some Ives

310

00:14:29,329 --> 00:14:26,639

from the direction of plugging point

311

00:14:31,730 --> 00:14:29,339

which was to the west of Saint Ives

312

00:14:33,410 --> 00:14:31,740

the plant shows the path that the light

313

00:14:35,870 --> 00:14:33,420

took

314

00:14:38,389 --> 00:14:35,880

it's a very bright lights extremely

315

00:14:40,129 --> 00:14:38,399

moving very fast

316

00:14:42,650 --> 00:14:40,139

the Lord came from the northern edge of

317

00:14:45,170 --> 00:14:42,660

Saint Ives and raced across the bay I

318

00:14:48,829 --> 00:14:45,180

had a full view over the whole Bay

319

00:14:53,569 --> 00:14:51,189

that's an idea of what it looked like

320

00:14:56,269 --> 00:14:53,579

moving over the water only about 10

321

00:14:58,310 --> 00:14:56,279

meters or so altitude you passed in

322

00:15:00,050 --> 00:14:58,320

front of the goodreview lighthouse

323

00:15:02,269 --> 00:15:00,060

between myself and the lighthouse

324

00:15:03,769 --> 00:15:02,279

lighting up the entire Lighthouse it

325

00:15:06,290 --> 00:15:03,779

outshawn the actual light on the

326

00:15:09,650 --> 00:15:08,389

I was why I'm getting concerned at this

327

00:15:12,050 --> 00:15:09,660

life

328

00:15:13,910 --> 00:15:12,060

was moving so fast and Shining so bright

329

00:15:16,670 --> 00:15:13,920

and it lit up the Sea of neighboring

330

00:15:18,650 --> 00:15:16,680

Cliffs as he passed Into the Night

331

00:15:22,370 --> 00:15:18,660

I have a very strong modern Searchlight

332

00:15:27,470 --> 00:15:24,470

as he approached the Cliffs of badri

333

00:15:30,050 --> 00:15:27,480

vivaro down there at hail

334

00:15:34,310 --> 00:15:30,060

it's a 90 degrees vertical and then 90

335

00:15:38,629 --> 00:15:36,470

it was a very direct and precise change

336

00:15:44,150 --> 00:15:38,639

of Direction with no slowing on without

337

00:15:47,329 --> 00:15:46,069

I was a daylight is shot from the same

338

00:15:50,269 --> 00:15:47,339

place

339

00:15:52,189 --> 00:15:50,279

just to show it in daylight

340

00:15:54,470 --> 00:15:52,199

as you passed over the water it was

341

00:15:56,990 --> 00:15:54,480

silent and had no effect on the surface

342

00:15:59,150 --> 00:15:57,000

of the water the sea was calm with

343

00:16:01,189 --> 00:15:59,160

little noise from the waves

344

00:16:04,069 --> 00:16:01,199

the object passed over the bay within my

345

00:16:07,970 --> 00:16:04,079

sight for a distance of eight kilometers

346

00:16:11,150 --> 00:16:07,980

in a time of approximately six seconds

347

00:16:12,949 --> 00:16:11,160

that's 80 kilometers a minute or 4880

348

00:16:18,590 --> 00:16:12,959

kilometers an hour

349

00:16:22,310 --> 00:16:20,990

this map shows the possible course that

350

00:16:25,550 --> 00:16:22,320

it may have taken

351

00:16:27,410 --> 00:16:25,560

over continuing on its Journey

352

00:16:29,030 --> 00:16:27,420

I know that in the time that I lived

353

00:16:31,670 --> 00:16:29,040

there I never returned to that spot

354

00:16:33,889 --> 00:16:31,680

again although not threatened

355

00:16:36,050 --> 00:16:33,899

you had a sort of a sense of you

356

00:16:38,090 --> 00:16:36,060

shouldn't be there

357

00:16:41,569 --> 00:16:38,100

you can't have a profound effect on me

358

00:16:43,610 --> 00:16:41,579

that day and it's taken me 42 years to

359

00:16:45,470 --> 00:16:43,620

go back to that Beach

360

00:16:48,829 --> 00:16:45,480

which is where I returned to do these

361

00:16:54,230 --> 00:16:51,710

some of you may have noticed on YouTube

362

00:16:55,310 --> 00:16:54,240

there is a an actual a great piece of

363

00:16:57,170 --> 00:16:55,320

camera work

364

00:16:59,870 --> 00:16:57,180  
from a security camera of a light

365

00:17:02,090 --> 00:16:59,880  
passing across the bay there

366

00:17:03,710 --> 00:17:02,100  
and going vertically straight up without

367

00:17:04,850 --> 00:17:03,720  
stopping

368

00:17:07,429 --> 00:17:04,860  
um

369

00:17:08,929 --> 00:17:07,439  
I've actually if it actually disappeared

370

00:17:12,350 --> 00:17:08,939  
in my first book

371

00:17:15,770 --> 00:17:12,360  
in 2020

372

00:17:16,669 --> 00:17:15,780  
um then this film happened in 2021 so in

373

00:17:19,789 --> 00:17:16,679  
effect

374

00:17:27,949 --> 00:17:19,799  
mind supports his and his support's line

375

00:17:33,830 --> 00:17:29,210  
why

376

00:17:39,230 --> 00:17:33,840

and Truro

377

00:17:41,270 --> 00:17:39,240

7pm Saturday the 14th of October 1978.

378

00:17:43,250 --> 00:17:41,280

following ahead the hard days graft at

379

00:17:45,950 --> 00:17:43,260

zoo anniversaries I was on my way back

380

00:17:48,049 --> 00:17:45,960

from Truro to zela it was dark with only

381

00:17:50,450 --> 00:17:48,059

the Starlight and the light pollution in

382

00:17:59,210 --> 00:17:50,460

the sky behind me from Truro

383

00:18:03,890 --> 00:18:01,789

go back there that's it I've been to the

384

00:18:06,230 --> 00:18:03,900

champion by the street I was on my way

385

00:18:08,150 --> 00:18:06,240

home with the food to zela that's

386

00:18:12,230 --> 00:18:08,160

actually the modern day version of it

387

00:18:14,090 --> 00:18:12,240

that's there now and very nice it is too

388

00:18:16,430 --> 00:18:14,100

I reached short lanes and heading north

389

00:18:18,169 --> 00:18:16,440

towards see you

390

00:18:20,690 --> 00:18:18,179

I'm turning right into short lanes and

391

00:18:22,730 --> 00:18:20,700

off the b3284

392

00:18:25,370 --> 00:18:22,740

took the narrow road that headed up to

393

00:18:27,950 --> 00:18:25,380

see the shortcut

394

00:18:30,890 --> 00:18:27,960

there was no bypass then and there's

395

00:18:34,310 --> 00:18:30,900

about to be a bypass of the bypass

396

00:18:38,330 --> 00:18:36,710

that's the road it was approximately

397

00:18:40,970 --> 00:18:38,340

three quarters of a mile along this Lane

398

00:18:43,310 --> 00:18:40,980

when I felt sensation like a pressure

399

00:18:45,470 --> 00:18:43,320

wave pushing on me from above

400

00:18:47,630 --> 00:18:45,480

not intense but enough for you to sort

401  
00:18:49,610 --> 00:18:47,640  
of look out the window and think what's

402  
00:18:50,870 --> 00:18:49,620  
going on

403  
00:18:53,090 --> 00:18:50,880  
okay

404  
00:18:55,549 --> 00:18:53,100  
I stopped in the Gateway that's actually

405  
00:18:57,529 --> 00:18:55,559  
the Gateway because the gate seems to

406  
00:18:59,630 --> 00:18:57,539  
have disappeared since

407  
00:19:03,110 --> 00:18:59,640  
um slowly opened the driver's window and

408  
00:19:05,029 --> 00:19:03,120  
looked up worried about what I might see

409  
00:19:07,250 --> 00:19:05,039  
if you see a dark shape above the car

410  
00:19:09,950 --> 00:19:07,260  
hiding the stars with a sharp straight

411  
00:19:13,070 --> 00:19:09,960  
line noticeably sliding to the right of

412  
00:19:14,870 --> 00:19:13,080  
the car window as I looked out and up

413  
00:19:17,029 --> 00:19:14,880

there was a small amount of light from

414

00:19:19,430 --> 00:19:17,039

the street lights in Truro reflecting in

415

00:19:21,650 --> 00:19:19,440

the sky which just gave a little enough

416

00:19:24,049 --> 00:19:21,660

right to see by

417

00:19:25,010 --> 00:19:24,059

cite the supper getting cold I got out

418

00:19:27,590 --> 00:19:25,020

of the car

419

00:19:30,590 --> 00:19:27,600

the object covered the sky at about 45

420

00:19:32,390 --> 00:19:30,600

degree angle front back of the car

421

00:19:34,970 --> 00:19:32,400

they're moving slowly through the air

422

00:19:37,610 --> 00:19:34,980

with no great speed and with no sound

423

00:19:40,669 --> 00:19:37,620

was a craft of three distinct sides

424

00:19:41,570 --> 00:19:40,679

resembled a stretch triangle it made no

425

00:19:45,350 --> 00:19:41,580

noise

426  
00:19:48,890 --> 00:19:45,360  
had no lights or discernible Contours

427  
00:19:51,890 --> 00:19:48,900  
and was moving

428  
00:19:53,930 --> 00:19:51,900  
through the thing to the air

429  
00:19:55,789 --> 00:19:53,940  
it was Pitch Black over the entire body

430  
00:19:58,250 --> 00:19:55,799  
of The Craft

431  
00:19:59,690 --> 00:19:58,260  
I looked over very many things just

432  
00:20:01,789 --> 00:19:59,700  
hanging there in the sky above me

433  
00:20:02,690 --> 00:20:01,799  
although slightly moving towards the

434  
00:20:04,310 --> 00:20:02,700  
North

435  
00:20:06,529 --> 00:20:04,320  
I've heard that ships like this have

436  
00:20:07,850 --> 00:20:06,539  
been seen with navigation lights but

437  
00:20:12,590 --> 00:20:07,860  
there was definitely no sign of any

438  
00:20:19,669 --> 00:20:15,350

that's how it appears above me

439

00:20:24,730 --> 00:20:21,710

along this road I stopped the picture

440

00:20:27,230 --> 00:20:24,740

this that shows local power lines

441

00:20:28,669 --> 00:20:27,240

that's the little ones there just up

442

00:20:33,049 --> 00:20:28,679

literally up the road from where it was

443

00:20:37,190 --> 00:20:35,090

and then that main picture in the

444

00:20:39,409 --> 00:20:37,200

background they're all large polygons

445

00:20:42,169 --> 00:20:39,419

which can be seen in the background that

446

00:20:45,350 --> 00:20:42,179

meant the craft had to be 150 feet high

447

00:20:46,970 --> 00:20:45,360

to have cleared all these

448

00:20:50,150 --> 00:20:46,980

to make sure it didn't hit the power

449

00:20:52,909 --> 00:20:50,160

this made the object between 2 and 250

450

00:20:56,090 --> 00:20:52,919

foot long at the height

451  
00:20:58,250 --> 00:20:56,100  
and larger if it was higher still

452  
00:20:59,750 --> 00:20:58,260  
somewhat shaken by what I've witnessed I

453  
00:21:02,150 --> 00:20:59,760  
got back into the car

454  
00:21:04,610 --> 00:21:02,160  
it was time to go and head for home

455  
00:21:06,289 --> 00:21:04,620  
with one eye on the road and one out on

456  
00:21:08,770 --> 00:21:06,299  
the sky I've continued up to Lane

457  
00:21:11,150 --> 00:21:08,780  
Cecilia

458  
00:21:16,690 --> 00:21:11,160  
and that's the direction the craft was

459  
00:21:21,110 --> 00:21:19,549  
he continued on its course Northwest as

460  
00:21:23,330 --> 00:21:21,120  
I turned down the lane

461  
00:21:25,490 --> 00:21:23,340  
and drove back to Zelo where you see the

462  
00:21:27,650 --> 00:21:25,500  
left-hand turn there

463  
00:21:29,630 --> 00:21:27,660

was no sign of it it appeared it had

464

00:21:32,810 --> 00:21:29,640

gone straight on

465

00:21:34,970 --> 00:21:32,820

I arrived at the nursery

466

00:21:37,190 --> 00:21:34,980

he's asking around Farm the farm

467

00:21:38,750 --> 00:21:37,200

opposite us as well as customers at the

468

00:21:42,049 --> 00:21:38,760

nursery at the time

469

00:21:43,250 --> 00:21:42,059

nobody has seen anything else I checked

470

00:21:44,810 --> 00:21:43,260

the Press at the end of the week but

471

00:21:47,210 --> 00:21:44,820

there was no mention of any sightings

472

00:21:48,950 --> 00:21:47,220

that week in that area not that there

473

00:21:52,310 --> 00:21:48,960

was much chance of them ever mentioning

474

00:21:55,630 --> 00:21:53,870

that would have been the route if it

475

00:21:59,810 --> 00:21:55,640

continued through

476

00:22:02,450 --> 00:21:59,820

it shows very little land across the tip

477

00:22:05,750 --> 00:22:02,460

of Cornwall the very outside edge of

478

00:22:10,789 --> 00:22:05,760

Wales and a very isolated area

479

00:22:14,870 --> 00:22:13,250

the depict a good course to fly as if

480

00:22:16,370 --> 00:22:14,880

they wanted to avoid anybody over the

481

00:22:23,149 --> 00:22:16,380

past although it must have come up

482

00:22:28,310 --> 00:22:26,570

okay we move on now we're now living in

483

00:22:31,310 --> 00:22:28,320

Andover

484

00:22:36,289 --> 00:22:31,320

um where the green tadpole was seen on

485

00:22:38,510 --> 00:22:36,299

Sunday the 29th of May 1994 at 10 30.

486

00:22:39,710 --> 00:22:38,520

this account was witnessed by my wife

487

00:22:41,630 --> 00:22:39,720

Kay

488

00:22:43,070 --> 00:22:41,640

with me catching the last bit of this

489

00:22:45,049 --> 00:22:43,080

sighting after being called out of the

490

00:22:47,270 --> 00:22:45,059

house to take a look

491

00:22:50,930 --> 00:22:47,280

the following his case statement based

492

00:22:53,090 --> 00:22:50,940

on her notes in the Diary of that time

493

00:22:55,610 --> 00:22:53,100

the sky was a mix of heavy cloud and

494

00:22:59,510 --> 00:22:55,620

clear blue I have just arrived home at

495

00:23:04,850 --> 00:23:02,029

driving into our Drive notice the flash

496

00:23:06,950 --> 00:23:04,860

in the clouds to my left that attracted

497

00:23:09,289 --> 00:23:06,960

my attention

498

00:23:11,690 --> 00:23:09,299

suddenly a large white crowd had split

499

00:23:15,590 --> 00:23:11,700

opened in the clouds by now

500

00:23:18,230 --> 00:23:15,600

I got out of the car the slip opens and

501  
00:23:20,149 --> 00:23:18,240  
a fluorescent green tadpole shaped

502  
00:23:24,409 --> 00:23:20,159  
object drops from the cloud

503  
00:23:26,450 --> 00:23:24,419  
and speed and heads front and over

504  
00:23:28,130 --> 00:23:26,460  
first thought was it was a meteorite

505  
00:23:31,430 --> 00:23:28,140  
coming to Earth especially with the

506  
00:23:32,390 --> 00:23:31,440  
color rather than crash it turned a

507  
00:23:35,029 --> 00:23:32,400  
gentle

508  
00:23:35,930 --> 00:23:35,039  
quiet turn as it approached towards the

509  
00:23:37,789 --> 00:23:35,940  
ground

510  
00:23:40,310 --> 00:23:37,799  
and probably turned straight up went

511  
00:23:42,770 --> 00:23:40,320  
straight back up into the clouds again

512  
00:23:43,730 --> 00:23:42,780  
the whole episode lasted about 10

513  
00:23:45,890 --> 00:23:43,740

seconds

514

00:23:49,070 --> 00:23:45,900

the object was about the size of a small

515

00:23:52,850 --> 00:23:51,350

the Church sermon that day has been on

516

00:23:54,950 --> 00:23:52,860

the importance of looking to the skies

517

00:23:57,490 --> 00:23:54,960

and not downwards which was rather

518

00:24:00,169 --> 00:23:57,500

appropriate for that day

519

00:24:02,690 --> 00:24:00,179

that's kind of sawing of what he looked

520

00:24:05,510 --> 00:24:02,700

like it had a metallic Center in the

521

00:24:07,510 --> 00:24:05,520

front piece of it like the head of the

522

00:24:11,470 --> 00:24:07,520

whatever

523

00:24:17,930 --> 00:24:15,049

that was the area going across Andover

524

00:24:19,789 --> 00:24:17,940

where it was heading which was literally

525

00:24:22,130 --> 00:24:19,799

to the center of the town

526

00:24:25,190 --> 00:24:22,140

uh the Andover Advertiser actually

527

00:24:27,230 --> 00:24:25,200

received some pictures of a picture on

528

00:24:28,310 --> 00:24:27,240

that from somebody else who took a

529

00:24:30,470 --> 00:24:28,320

photograph

530

00:24:38,350 --> 00:24:30,480

and did a sword article on it at the

531

00:24:42,950 --> 00:24:39,970

okay

532

00:24:46,490 --> 00:24:42,960

interesting one this

533

00:24:50,049 --> 00:24:46,500

um lots of Laughlin 1pm

534

00:24:52,850 --> 00:24:50,059

that should be 1am and the 18th of Feb

535

00:24:55,730 --> 00:24:52,860

2002. drawing out of Heathrow to

536

00:24:58,850 --> 00:24:55,740

National debate this uh we were

537

00:25:00,590 --> 00:24:58,860

attending the 2002 UFO convention at

538

00:25:03,289 --> 00:25:00,600

Laughlin in Nevada

539

00:25:04,789 --> 00:25:03,299

80 miles Southeast of Las Vegas and

540

00:25:06,169 --> 00:25:04,799

having a great time with everyone at the

541

00:25:08,690 --> 00:25:06,179

River Palms Hotel

542

00:25:11,090 --> 00:25:08,700

which has now changed its name but it

543

00:25:13,070 --> 00:25:11,100

was a very good hotel there

544

00:25:15,110 --> 00:25:13,080

we always made a long vacation went over

545

00:25:15,950 --> 00:25:15,120

there to make it worth the effort

546

00:25:18,830 --> 00:25:15,960

um

547

00:25:21,710 --> 00:25:18,840

that's the whereabouts in the US where

548

00:25:26,390 --> 00:25:23,930

now this is an actual picture of the

549

00:25:28,130 --> 00:25:26,400

bedroom that we had there

550

00:25:29,990 --> 00:25:28,140

the picture shows the actual room we use

551  
00:25:31,549 --> 00:25:30,000  
and it was on the side of the hotel

552  
00:25:34,070 --> 00:25:31,559  
facing the river

553  
00:25:37,010 --> 00:25:34,080  
turning into bed after a hectic day we

554  
00:25:39,830 --> 00:25:37,020  
were both awakened around 1am by white

555  
00:25:42,710 --> 00:25:39,840  
yellow lights emitting from around the

556  
00:25:46,090 --> 00:25:42,720  
bed headboard Furniture wall and corners

557  
00:25:50,630 --> 00:25:48,769  
this is just an idea as I'm no artist

558  
00:25:52,730 --> 00:25:50,640  
yeah

559  
00:25:55,250 --> 00:25:52,740  
there was a slight noise like whispering

560  
00:25:56,810 --> 00:25:55,260  
in the distance I heard these but Kay

561  
00:25:59,269 --> 00:25:56,820  
did not

562  
00:26:01,490 --> 00:25:59,279  
something making contact

563  
00:26:06,110 --> 00:26:01,500

the area was part of the Indian First

564

00:26:08,870 --> 00:26:06,120

Nations land or was it something else

565

00:26:13,490 --> 00:26:08,880

the light started as a bright dots of

566

00:26:17,690 --> 00:26:16,010

which then sprouted to a v-shape about

567

00:26:20,149 --> 00:26:17,700

four to six inches long

568

00:26:21,769 --> 00:26:20,159

before going out we watched these for

569

00:26:24,470 --> 00:26:21,779

several minutes mesmerized for the

570

00:26:26,750 --> 00:26:24,480

flickering on and off with the lights

571

00:26:28,490 --> 00:26:26,760

although very much awake

572

00:26:30,169 --> 00:26:28,500

while this is going on neither of us

573

00:26:32,810 --> 00:26:30,179

felt scared

574

00:26:34,549 --> 00:26:32,820

which seemed rather odd we fell asleep

575

00:26:36,049 --> 00:26:34,559

before the night show ended neither of

576  
00:26:37,669 --> 00:26:36,059  
us have any memory of seeing the lights

577  
00:26:40,430 --> 00:26:37,679  
finish

578  
00:26:43,010 --> 00:26:40,440  
we are surround but nobody else has seen

579  
00:26:45,710 --> 00:26:43,020  
the idea in any of their rooms

580  
00:26:47,810 --> 00:26:45,720  
we wondered if it was stress caused by

581  
00:26:50,090 --> 00:26:47,820  
the San Andreas fault which isn't that

582  
00:26:52,490 --> 00:26:50,100  
far to the West

583  
00:26:54,769 --> 00:26:52,500  
but the answer is negative and it did

584  
00:26:56,990 --> 00:26:54,779  
not reappear again

585  
00:26:59,210 --> 00:26:57,000  
was it a visitor with the lights and the

586  
00:27:01,430 --> 00:26:59,220  
Whispers we saw maybe we were not all

587  
00:27:03,230 --> 00:27:01,440  
that was in our room

588  
00:27:04,430 --> 00:27:03,240

I can still hear those Whispers In My

589

00:27:07,850 --> 00:27:04,440

Head today

590

00:27:10,250 --> 00:27:07,860

although they were not heard by K

591

00:27:11,810 --> 00:27:10,260

food or thoughts a warning or an

592

00:27:13,549 --> 00:27:11,820

Awakening

593

00:27:16,490 --> 00:27:13,559

time will tell

594

00:27:18,110 --> 00:27:16,500

this is case Roy now on the board done

595

00:27:20,930 --> 00:27:18,120

at the time written on the drawing it

596

00:27:23,330 --> 00:27:20,940

states the following white light starts

597

00:27:25,430 --> 00:27:23,340

to stop then Sprout to a v randomly

598

00:27:27,590 --> 00:27:25,440

flashing on and off

599

00:27:29,330 --> 00:27:27,600

these are about four inches before going

600

00:27:32,630 --> 00:27:29,340

out we watched them for several minutes

601  
00:27:37,430 --> 00:27:34,730  
um have any of you stay in hotels where

602  
00:27:39,529 --> 00:27:37,440  
you've witnessed anything like this and

603  
00:27:44,450 --> 00:27:39,539  
we have not had a repeat of this in any

604  
00:27:44,460 --> 00:27:46,980  
foreign

605  
00:27:46,990 --> 00:27:52,789  
[Music]

606  
00:27:58,250 --> 00:27:53,980  
area

607  
00:28:05,570 --> 00:28:00,110  
the beginning of this encounter started

608  
00:28:10,370 --> 00:28:07,310  
oh yeah that's where we were living at

609  
00:28:15,049 --> 00:28:12,350  
along the Octavian gray face with

610  
00:28:17,690 --> 00:28:15,059  
striped neck and a plain light gray

611  
00:28:19,789 --> 00:28:17,700  
backing appeared on our computer screen

612  
00:28:21,529 --> 00:28:19,799  
as a screensaver

613  
00:28:23,450 --> 00:28:21,539

we both thought that the other was

614

00:28:25,490 --> 00:28:23,460

responsible but neither of us had placed

615

00:28:30,049 --> 00:28:25,500

it then nor did we have anything similar

616

00:28:34,130 --> 00:28:31,970

thinking a joke from one of our friends

617

00:28:36,350 --> 00:28:34,140

or you inadvertently downloaded it we

618

00:28:38,390 --> 00:28:36,360

deleted it and gone with our lives

619

00:28:39,649 --> 00:28:38,400

giving it no more thoughts

620

00:28:41,390 --> 00:28:39,659

pity

621

00:28:42,590 --> 00:28:41,400

should have taken this as a warning of

622

00:28:44,570 --> 00:28:42,600

trouble

623

00:28:47,269 --> 00:28:44,580

problem is when you finally realize it

624

00:28:49,610 --> 00:28:47,279

is already too late

625

00:28:52,490 --> 00:28:49,620

Sunday the 12th of May five days later

626

00:28:54,769 --> 00:28:52,500

went to bed like any other night

627

00:28:57,409 --> 00:28:54,779

that they have been an average day good

628

00:28:59,810 --> 00:28:57,419

Sunday nice Sunday Rose

629

00:29:01,610 --> 00:28:59,820

got up in the early hours around 2 A.M

630

00:29:03,830 --> 00:29:01,620

go to the bathroom

631

00:29:05,990 --> 00:29:03,840

returning Down The Landing our bedroom

632

00:29:08,090 --> 00:29:06,000

on the left and the empty second the

633

00:29:09,590 --> 00:29:08,100

bedroom directly in front of me with the

634

00:29:15,110 --> 00:29:09,600

door open

635

00:29:20,570 --> 00:29:17,450

figure of a gray alien appeared through

636

00:29:22,549 --> 00:29:20,580

the wall into the second bevel

637

00:29:24,169 --> 00:29:22,559

wearing what looked like a brown hood on

638

00:29:26,210 --> 00:29:24,179

the back of its head

639

00:29:29,750 --> 00:29:26,220

I'm going to sort of across here and

640

00:29:31,669 --> 00:29:29,760

it's disappearing into the wall behind

641

00:29:33,649 --> 00:29:31,679

only visible from its lower chest

642

00:29:36,590 --> 00:29:33,659

upwards through the wall approximately

643

00:29:38,330 --> 00:29:36,600

seven feet high to the top of its head

644

00:29:40,130 --> 00:29:38,340

but the lower part of its body in the

645

00:29:41,630 --> 00:29:40,140

wall and hidden from View

646

00:29:44,210 --> 00:29:41,640

the other side of the wall was our

647

00:29:46,669 --> 00:29:44,220

bedroom and upon seeing this for no

648

00:29:48,590 --> 00:29:46,679

explicable reason I can think of about

649

00:29:50,630 --> 00:29:48,600

slightly acknowledging it and return to

650

00:29:54,529 --> 00:29:50,640

bed

651  
00:29:56,110 --> 00:29:54,539  
thought I went to sleep there's no

652  
00:29:58,669 --> 00:29:56,120  
nothing out the ordinary had happened

653  
00:30:01,310 --> 00:29:58,679  
still don't know why

654  
00:30:02,930 --> 00:30:01,320  
and just it seemed quite all right to

655  
00:30:05,389 --> 00:30:02,940  
have a gray area looking at me in the

656  
00:30:08,690 --> 00:30:05,399  
spare room after all spare rumors for

657  
00:30:11,510 --> 00:30:08,700  
guests normally they're invited

658  
00:30:14,710 --> 00:30:11,520  
I slept soundly and ready to wake at 7am

659  
00:30:17,810 --> 00:30:14,720  
to work on the Monday morning

660  
00:30:19,610 --> 00:30:17,820  
when I woke my head was not calm by any

661  
00:30:21,590 --> 00:30:19,620  
stretch of the imagination

662  
00:30:24,350 --> 00:30:21,600  
what was that I had seed in this of our

663  
00:30:26,389 --> 00:30:24,360

room after some discussions between us

664

00:30:28,850 --> 00:30:26,399

we decided that we needed a little help

665

00:30:32,090 --> 00:30:28,860

and the guidance on this

666

00:30:34,190 --> 00:30:32,100

we need to talk to someone who we knew

667

00:30:35,930 --> 00:30:34,200

so before work we sent an email to a

668

00:30:38,570 --> 00:30:35,940

friend of ours who we knew from previous

669

00:30:41,750 --> 00:30:38,580

yearbook conferences Daryl Sims the

670

00:30:43,250 --> 00:30:41,760

alien Hunter based in Texas USA

671

00:30:45,950 --> 00:30:43,260

told him what had happened it's

672

00:30:49,250 --> 00:30:45,960

described what we had seen

673

00:30:51,529 --> 00:30:49,260

and the reply was sounds interesting

674

00:30:53,510 --> 00:30:51,539

come and see me

675

00:30:56,090 --> 00:30:53,520

very early on the morning of the 28th of

676  
00:30:58,070 --> 00:30:56,100  
May we drove to talk about Devon up to

677  
00:31:01,909 --> 00:30:58,080  
Heathrow International and flew again to

678  
00:31:07,610 --> 00:31:05,330  
that's us coming into L.A

679  
00:31:08,930 --> 00:31:07,620  
my second Crossing that year a

680  
00:31:10,430 --> 00:31:08,940  
comfortable flight was had with British

681  
00:31:11,810 --> 00:31:10,440  
Airways and we arrived late in the

682  
00:31:14,149 --> 00:31:11,820  
afternoon

683  
00:31:16,070 --> 00:31:14,159  
we took a higher car and drove to Santa

684  
00:31:17,870 --> 00:31:16,080  
Monica from our hotel

685  
00:31:21,529 --> 00:31:17,880  
for the duration of our stay in the area

686  
00:31:24,470 --> 00:31:21,539  
a suburb of La some eight miles west

687  
00:31:26,570 --> 00:31:24,480  
from the airport

688  
00:31:28,310 --> 00:31:26,580

around the coast there

689

00:31:31,669 --> 00:31:28,320

this map shows the position of Santa

690

00:31:36,169 --> 00:31:34,130

who stayed at the hotel Carmel on Second

691

00:31:37,850 --> 00:31:36,179

Street in Santa Monica a pleasantly

692

00:31:46,430 --> 00:31:37,860

comfortable place near the famous pier

693

00:31:52,669 --> 00:31:49,130

that shows a position of Thousand Oaks

694

00:31:55,070 --> 00:31:52,679

Township out to the West on the 2nd of

695

00:31:57,049 --> 00:31:55,080

June we traveled out to Thousand Oaks

696

00:31:59,389 --> 00:31:57,059

suburb in LA

697

00:32:02,029 --> 00:31:59,399

it's on 28 miles west of the hotel to

698

00:32:04,310 --> 00:32:02,039

the north of Santa Monica Mountains

699

00:32:06,950 --> 00:32:04,320

we arrived at a local hobby Moore Park

700

00:32:08,990 --> 00:32:06,960

Northern side of Thousand Oaks

701  
00:32:11,090 --> 00:32:09,000  
for a small conference that Daryl was

702  
00:32:14,870 --> 00:32:11,100  
holding

703  
00:32:16,909 --> 00:32:14,880  
there he is at his desk doing his debts

704  
00:32:19,549 --> 00:32:16,919  
after the conference we went back to a

705  
00:32:21,409 --> 00:32:19,559  
very pleasant hotel hotel a very

706  
00:32:23,269 --> 00:32:21,419  
pleasant local property

707  
00:32:26,389 --> 00:32:23,279  
with tea with friends of Daryl's and

708  
00:32:28,909 --> 00:32:26,399  
other invited guests

709  
00:32:32,870 --> 00:32:28,919  
and essentially I said the garden there

710  
00:32:36,769 --> 00:32:35,029  
during the afternoon I got to talk to

711  
00:32:38,810 --> 00:32:36,779  
Daryl on my own

712  
00:32:40,850 --> 00:32:38,820  
following a chat with him and drawing a

713  
00:32:43,310 --> 00:32:40,860

sketch of what I had seen

714

00:32:45,230 --> 00:32:43,320

he said it was sounded like a watcher

715

00:32:46,730 --> 00:32:45,240

who was not in our house to harm us but

716

00:32:48,889 --> 00:32:46,740

just to observe

717

00:32:50,690 --> 00:32:48,899

and that was somewhat disturbing in

718

00:32:53,570 --> 00:32:50,700

itself

719

00:32:58,490 --> 00:32:56,210

what has gay saw and gave it to Daryl

720

00:33:00,529 --> 00:32:58,500

that's a particular sketch remains on

721

00:33:04,070 --> 00:33:00,539

file at the saber Enterprises there was

722

00:33:09,610 --> 00:33:05,990

I thought this encounter a follow-up

723

00:33:13,190 --> 00:33:11,750

it's all separate

724

00:33:15,169 --> 00:33:13,200

switching down with Daryl much

725

00:33:17,630 --> 00:33:15,179

discussion took place most of which I

726

00:33:19,730 --> 00:33:17,640

were not going to hear except to say

727

00:33:22,549 --> 00:33:19,740

that the conversation discussed whether

728

00:33:24,409 --> 00:33:22,559

hypnosis would be useful in determining

729

00:33:27,110 --> 00:33:24,419

whether I'd been abducted

730

00:33:29,149 --> 00:33:27,120

and I was not having flashbacks and the

731

00:33:31,549 --> 00:33:29,159

memories of any abduction

732

00:33:33,350 --> 00:33:31,559

it was decided to do things alone and

733

00:33:35,269 --> 00:33:33,360

undisturbed

734

00:33:37,130 --> 00:33:35,279

devil offered hypnosis for the future

735

00:33:39,230 --> 00:33:37,140

and the door has been left open should

736

00:33:41,090 --> 00:33:39,240

we need to return

737

00:33:44,029 --> 00:33:41,100

no further encounters with these

738

00:33:49,009 --> 00:33:44,039

entities that's happened since or either

739

00:33:52,549 --> 00:33:51,230

we have seen Daryl on several occasions

740

00:33:54,590 --> 00:33:52,559

since then

741

00:33:56,330 --> 00:33:54,600

but with no um

742

00:33:59,930 --> 00:33:56,340

further

743

00:34:05,330 --> 00:34:02,210

okay

744

00:34:07,850 --> 00:34:05,340

that's the scary one gone

745

00:34:10,030 --> 00:34:07,860

talk myself away at all

746

00:34:13,190 --> 00:34:10,040

this is just a strange one really

747

00:34:15,889 --> 00:34:13,200

this map shows where we are again down

748

00:34:18,589 --> 00:34:15,899

in South Devon well it was fine with

749

00:34:20,690 --> 00:34:18,599

broken Cloud a lightweight from the

750

00:34:22,849 --> 00:34:20,700

southwest

751  
00:34:25,250 --> 00:34:22,859  
that's an orientation of where we lived

752  
00:34:27,589 --> 00:34:25,260  
and the mark on there the little star

753  
00:34:30,770 --> 00:34:27,599  
shows our actual Garden

754  
00:34:35,210 --> 00:34:32,690  
I was sat in the garden situated on a

755  
00:34:37,430 --> 00:34:35,220  
hill to the west of Ritz and Devon and I

756  
00:34:41,690 --> 00:34:37,440  
have just finished putting up a new shed

757  
00:34:43,970 --> 00:34:41,700  
if it is on the left-hand side there

758  
00:34:45,950 --> 00:34:43,980  
I was just staring at the sky when I saw

759  
00:34:47,930 --> 00:34:45,960  
a circular object go between the clouds

760  
00:34:48,710 --> 00:34:47,940  
overhead and moving in a Southwest three

761  
00:34:52,010 --> 00:34:48,720  
Direction

762  
00:34:55,730 --> 00:34:53,450  
all right

763  
00:34:59,030 --> 00:34:55,740

that's an actual photograph I thought it

764

00:35:00,890 --> 00:34:59,040

was a balloon at first Sue realized that

765

00:35:02,030 --> 00:35:00,900

Not only was it traveling Against the

766

00:35:04,370 --> 00:35:02,040

Wind

767

00:35:06,890 --> 00:35:04,380

but also moving around the clouds as if

768

00:35:09,650 --> 00:35:06,900

avoiding them maybe it needed to see the

769

00:35:11,750 --> 00:35:09,660

ground from where it was

770

00:35:14,390 --> 00:35:11,760

it was semi-transparent as you could

771

00:35:16,790 --> 00:35:14,400

make out the Blurred images of the cloud

772

00:35:18,890 --> 00:35:16,800

edges as it passed over them

773

00:35:21,990 --> 00:35:18,900

the outer edge was a heavier white in

774

00:35:27,470 --> 00:35:23,930

[Music]

775

00:35:28,730 --> 00:35:27,480

uh so more of a pullback on the screen

776  
00:35:30,650 --> 00:35:28,740  
to see it

777  
00:35:32,690 --> 00:35:30,660  
in actual fact I don't know whether you

778  
00:35:33,650 --> 00:35:32,700  
can see it on here there is a very small

779  
00:35:36,530 --> 00:35:33,660  
one

780  
00:35:39,650 --> 00:35:36,540  
right on the bottom of the picture

781  
00:35:42,650 --> 00:35:39,660  
until I put this up on the water cooler

782  
00:35:44,510 --> 00:35:42,660  
I haven't realized what's there

783  
00:35:48,230 --> 00:35:44,520  
continuing its Southwestern Journey

784  
00:35:52,790 --> 00:35:49,730  
he eventually went out of sight

785  
00:35:54,470 --> 00:35:52,800  
afterwards hope Cove to the Southwest

786  
00:35:56,880 --> 00:35:54,480  
when the wind was blowing from the

787  
00:36:01,250 --> 00:35:58,849  
[Music]

788  
00:36:05,690 --> 00:36:01,260

that is a strange one because I'm not

789

00:36:10,010 --> 00:36:08,660

there's something different okay

790

00:36:12,430 --> 00:36:10,020

[Music]

791

00:36:17,150 --> 00:36:12,440

um Mel tour dartboard

792

00:36:19,370 --> 00:36:17,160

9 30 p.m on Tuesday 21st of July

793

00:36:21,530 --> 00:36:19,380

2020.

794

00:36:24,069 --> 00:36:21,540

this site map shows the position of Mel

795

00:36:29,270 --> 00:36:27,410

see from there there we are this picture

796

00:36:31,370 --> 00:36:29,280

shows the site in daylight and was taken

797

00:36:34,310 --> 00:36:31,380

on a later date for reference

798

00:36:36,050 --> 00:36:34,320

on the 21st of July

799

00:36:38,089 --> 00:36:36,060

it was a lovely clear evening and we've

800

00:36:41,390 --> 00:36:38,099

driven up to the meltor car park on the

801  
00:36:44,569 --> 00:36:41,400  
beach 3357 to photograph the near wise

802  
00:36:50,270 --> 00:36:47,510  
on arrival at the site

803  
00:36:52,730 --> 00:36:50,280  
of night will begin to set in by the

804  
00:36:54,890 --> 00:36:52,740  
time we arrived we parked up faced

805  
00:36:58,870 --> 00:36:54,900  
Northwest ready for a picture of the

806  
00:37:03,349 --> 00:37:01,430  
now this was a cloud Line crossing from

807  
00:37:05,450 --> 00:37:03,359  
the north which was thin and mentioned

808  
00:37:07,609 --> 00:37:05,460  
the last Light Shine through it the air

809  
00:37:13,730 --> 00:37:07,619  
was still pretty quiet

810  
00:37:18,109 --> 00:37:16,250  
at 10 pm K was the first to notice a

811  
00:37:20,569 --> 00:37:18,119  
round shape lift out of the lower cloud

812  
00:37:22,849 --> 00:37:20,579  
and Rise into the next Cloud layer which

813  
00:37:25,370 --> 00:37:22,859

was very noticeable with the Setting Sun

814

00:37:29,329 --> 00:37:25,380

and Dying Light reflecting from the

815

00:37:33,890 --> 00:37:31,670

which state and the cloud line I moved

816

00:37:36,589 --> 00:37:33,900

off to these and we're actually taking

817

00:37:37,730 --> 00:37:36,599

several pictures in the Dying Light of

818

00:37:40,849 --> 00:37:37,740

Day

819

00:37:43,730 --> 00:37:40,859

and so it was no longer visible

820

00:37:46,670 --> 00:37:43,740

that's a closer up view of it was the

821

00:37:50,089 --> 00:37:46,680

best my camera could do it was like a a

822

00:37:56,750 --> 00:37:50,099

free lumped thing at a top on it and two

823

00:38:02,450 --> 00:38:00,349

this was taken at 1001 and by then the

824

00:38:05,690 --> 00:38:02,460

light was losing the Fate beyond what my

825

00:38:07,849 --> 00:38:05,700

cameras can't really do and I'm afraid

826

00:38:09,710 --> 00:38:07,859

there was no sound in the sky all the

827

00:38:12,290 --> 00:38:09,720

time it was visible it was the light

828

00:38:19,870 --> 00:38:12,300

faded and made photography possible we

829

00:38:25,910 --> 00:38:22,810

right we'll have a little break then

830

00:38:27,170 --> 00:38:25,920

anybody wants that

831

00:38:28,480 --> 00:38:27,180

I believe we're going to have questions

832

00:38:36,349 --> 00:38:28,490

as well

833

00:38:39,109 --> 00:38:36,359

[Applause]

834

00:38:40,790 --> 00:38:39,119

okay it is now 2022 and I've had no

835

00:38:43,190 --> 00:38:40,800

further encounters

836

00:38:44,930 --> 00:38:43,200

since the last one that I'm aware of

837

00:38:47,150 --> 00:38:44,940

anyway

838

00:38:53,930 --> 00:38:47,160

that's probably a very large set of one

839

00:38:58,490 --> 00:38:56,390

footweight

840

00:38:59,810 --> 00:38:58,500

I've had a thought while putting all

841

00:39:03,950 --> 00:38:59,820

this together

842

00:39:10,609 --> 00:39:06,470

suppose we only see the hidden if we are

843

00:39:15,890 --> 00:39:12,829

if you do not live or visit areas that

844

00:39:18,589 --> 00:39:15,900

are close by on your particular line

845

00:39:21,170 --> 00:39:18,599

that's why people never see anything

846

00:39:23,450 --> 00:39:21,180

and I know there are some people who

847

00:39:25,370 --> 00:39:23,460

spend all the time looking up in the

848

00:39:28,670 --> 00:39:25,380

skies and I open members of my own

849

00:39:31,250 --> 00:39:28,680

family who have seen nothing

850

00:39:33,109 --> 00:39:31,260

as much as they would love to and others

851  
00:39:36,530 --> 00:39:33,119  
have seen things without even giving it

852  
00:39:38,810 --> 00:39:36,540  
a thought and they have just appeared

853  
00:39:40,609 --> 00:39:38,820  
we might share certain sites and lost

854  
00:39:42,170 --> 00:39:40,619  
sightings where we cross one another's

855  
00:39:44,210 --> 00:39:42,180  
line but everyone's line could be

856  
00:39:47,210 --> 00:39:44,220  
different

857  
00:39:48,829 --> 00:39:47,220  
this is why some people never seen

858  
00:39:52,250 --> 00:39:48,839  
anything

859  
00:39:53,870 --> 00:39:52,260  
all our Encounters in the UK line up

860  
00:39:55,430 --> 00:39:53,880  
very close to The Happening line it

861  
00:39:56,510 --> 00:39:55,440  
extends from where I was born in Gray's

862  
00:39:58,970 --> 00:39:56,520  
Essex

863  
00:40:01,370 --> 00:39:58,980

through softly Hampshire tall Bay Mel

864

00:40:02,810 --> 00:40:01,380

tour Dart War short Lanes in the

865

00:40:04,970 --> 00:40:02,820

gwilliam

866

00:40:06,530 --> 00:40:04,980

it's a Cornwall there

867

00:40:12,470 --> 00:40:06,540

and they're all within about three to

868

00:40:16,190 --> 00:40:14,390

if we take that line continually on

869

00:40:18,349 --> 00:40:16,200

across the Atlantic

870

00:40:21,710 --> 00:40:18,359

it actually passes through Laughlin in

871

00:40:23,150 --> 00:40:21,720

Nevada where we had the flashes above

872

00:40:26,150 --> 00:40:23,160

the bed

873

00:40:28,970 --> 00:40:26,160

in the hotel but actually when I drew it

874

00:40:31,250 --> 00:40:28,980

carefully it passes in 300 meters of

875

00:40:34,010 --> 00:40:31,260

that hotel

876

00:40:36,530 --> 00:40:34,020

and it also went through a Thousand Oaks

877

00:40:40,310 --> 00:40:36,540

as well where we met Daryl in the

878

00:40:44,390 --> 00:40:43,130

does beg the question

879

00:40:46,910 --> 00:40:44,400

of whether

880

00:40:49,730 --> 00:40:46,920

you need if anyone has had one sighting

881

00:40:52,010 --> 00:40:49,740

that's one bit of your line

882

00:40:54,829 --> 00:40:52,020

and if you get two sightings maybe that

883

00:40:58,550 --> 00:40:57,349

um I make no claims to this it is an

884

00:41:00,710 --> 00:40:58,560

idea

885

00:41:02,870 --> 00:41:00,720

um but mine certainly seemed to line up

886

00:41:06,410 --> 00:41:02,880

in a straight line

887

00:41:07,970 --> 00:41:06,420

we intend to continue this line

888

00:41:10,910 --> 00:41:07,980

that's showing it where it goes down

889

00:41:13,069 --> 00:41:10,920

through the Americans

890

00:41:15,349 --> 00:41:13,079

now we intend to continue this line East

891

00:41:16,730 --> 00:41:15,359

and West when traveling sensibly Returns

892

00:41:18,170 --> 00:41:16,740

on planes

893

00:41:19,970 --> 00:41:18,180

although I don't think we're going to be

894

00:41:22,320 --> 00:41:19,980

going too far to the right on that map

895

00:41:22,670 --> 00:41:22,330

for the time being

896

00:41:24,470 --> 00:41:22,680

[Music]

897

00:41:25,910 --> 00:41:24,480

um

898

00:41:28,010 --> 00:41:25,920

so

899

00:41:31,910 --> 00:41:28,020

where does your light lay

900

00:41:32,710 --> 00:41:31,920

if you've got sightings plot them have a

901  
00:41:35,810 --> 00:41:32,720  
look

902  
00:41:38,930 --> 00:41:35,820  
has anything you have seen answered any

903  
00:41:45,470 --> 00:41:38,940  
questions for you at your searches

904  
00:41:55,310 --> 00:41:48,170  
today I've told you my story and maybe

905  
00:42:00,170 --> 00:41:57,829  
so that's my talk actually done and and

906  
00:42:02,870 --> 00:42:00,180  
thank you all for listening

907  
00:42:05,089 --> 00:42:02,880  
I think we're going to open up now for

908  
00:42:07,010 --> 00:42:05,099  
questions from everyone

909  
00:42:09,069 --> 00:42:07,020  
and I'm happy to take anything that's

910  
00:42:11,750 --> 00:42:09,079  
going on

911  
00:42:14,089 --> 00:42:11,760  
my book is available here the same

912  
00:42:19,030 --> 00:42:14,099  
anybody would like a copy or they can

913  
00:42:26,329 --> 00:42:21,530

and that's where I put it together in my

914

00:42:33,370 --> 00:42:29,030

thank you all very much for listening

915

00:42:40,089 --> 00:42:36,310

thank you

916

00:42:43,750 --> 00:42:40,099

what you say about the street lights

917

00:42:45,829 --> 00:42:43,760

are you familiar with Michaela

918

00:42:48,410 --> 00:42:45,839

he's based in the Northwest in America

919

00:42:51,950 --> 00:42:48,420

he's going to talk and leads in the

920

00:42:53,690 --> 00:42:51,960

actual politics a few years ago and

921

00:42:56,270 --> 00:42:53,700

come to the same conclusion a lot of his

922

00:42:58,490 --> 00:42:56,280

sightings are on straight lines

923

00:43:01,609 --> 00:42:58,500

in the northwest of America oh right

924

00:43:03,890 --> 00:43:01,619

okay right I must look into that

925

00:43:06,430 --> 00:43:03,900

excellent

926  
00:43:11,450 --> 00:43:09,650  
so what was interesting I found that one

927  
00:43:13,730 --> 00:43:11,460  
of your sightings was the alien in the

928  
00:43:15,470 --> 00:43:13,740  
house yeah no

929  
00:43:16,670 --> 00:43:15,480  
three of us when we're gonna investigate

930  
00:43:19,089 --> 00:43:16,680  
an easy amount of people we've had

931  
00:43:22,069 --> 00:43:19,099  
who've been shut off if you like

932  
00:43:24,050 --> 00:43:22,079  
and a normal reaction we see something

933  
00:43:25,970 --> 00:43:24,060  
like that is oh my God not till I'm

934  
00:43:28,730 --> 00:43:25,980  
going back to bed yeah you scream shout

935  
00:43:31,450 --> 00:43:30,410  
you've been shut off or affected in some

936  
00:43:34,130 --> 00:43:31,460  
way right

937  
00:43:35,809 --> 00:43:34,140  
I think I must have been I mean your

938  
00:43:38,930 --> 00:43:35,819

normal reaction as you say would be the

939

00:43:40,190 --> 00:43:38,940

shout and straight but it was as though

940

00:43:42,410 --> 00:43:40,200

it was just calm and it was quite

941

00:43:44,270 --> 00:43:42,420

acceptable for the 80 to be there

942

00:43:45,950 --> 00:43:44,280

and I'll just do the light vowel went

943

00:43:47,450 --> 00:43:45,960

back into the bedroom I went to sleep

944

00:43:49,430 --> 00:43:47,460

and slipped soundly to the next morning

945

00:43:52,609 --> 00:43:49,440

and then the following day and then the

946

00:43:56,390 --> 00:43:52,619

following day went oh bloody hell and um

947

00:43:58,430 --> 00:43:56,400

woke up with a panic yeah yeah just to

948

00:43:59,990 --> 00:43:58,440

such an extent that you popped on the

949

00:44:02,510 --> 00:44:00,000

thing well yeah we said honey we went

950

00:44:05,110 --> 00:44:02,520

back to saw Daryl and back to America

951  
00:44:12,260 --> 00:44:05,120  
this year

952  
00:44:12,270 --> 00:44:18,670  
[Music]

953  
00:44:24,349 --> 00:44:20,630  
thank you

954  
00:44:27,050 --> 00:44:24,359  
anybody else

955  
00:44:28,270 --> 00:44:27,060  
must be some somewhere yeah can I ask

956  
00:44:37,609 --> 00:44:28,280  
you

957  
00:44:40,730 --> 00:44:37,619  
have our photos we are

958  
00:44:42,170 --> 00:44:40,740  
we do cl's where we are we've had an owl

959  
00:44:45,950 --> 00:44:42,180  
in the garden

960  
00:44:47,390 --> 00:44:45,960  
and um I've seen a lot of deer

961  
00:44:54,650 --> 00:44:47,400  
we actually used to go out looking for

962  
00:44:59,930 --> 00:44:56,809  
nothing that comes to memory I know that

963  
00:45:07,630 --> 00:44:59,940

they can be used as a memory blocker

964

00:45:15,230 --> 00:45:10,730

you would be amazed at how many of them

965

00:45:17,510 --> 00:45:15,240

have got painted or an ornament that's

966

00:45:19,490 --> 00:45:17,520

got an hourly yeah we do actually there

967

00:45:23,329 --> 00:45:19,500

is a now that sits on the corner of our

968

00:45:28,329 --> 00:45:23,339

front room but with a chair that moved

969

00:45:32,809 --> 00:45:30,950

yeah yeah

970

00:45:34,910 --> 00:45:32,819

I think that's the reason Daryl didn't

971

00:45:38,750 --> 00:45:34,920

want to hit ties me because he said

972

00:45:40,430 --> 00:45:38,760

there there and they're working don't

973

00:45:43,309 --> 00:45:40,440

um to serve them really if you're happy

974

00:45:44,690 --> 00:45:43,319

to be as you are okay which is I tell

975

00:45:48,670 --> 00:45:44,700

you to agree with him on that and that's

976  
00:45:56,950 --> 00:45:52,490  
don't put the Bears well exactly yeah if

977  
00:46:02,450 --> 00:45:59,470  
yeah

978  
00:46:06,890 --> 00:46:02,460  
well I obviously UFOs I'm saying my

979  
00:46:11,230 --> 00:46:06,900  
house right but I'm in between Hill and

980  
00:46:15,170 --> 00:46:13,030  
drum up

981  
00:46:17,329 --> 00:46:15,180  
and there's been lots of sightings on

982  
00:46:18,470 --> 00:46:17,339  
there so is it I'm in the middle you

983  
00:46:20,450 --> 00:46:18,480  
could be in the middle again there's no

984  
00:46:22,309 --> 00:46:20,460  
nothing to say it the line finishes the

985  
00:46:24,290 --> 00:46:22,319  
way you've saw it

986  
00:46:26,569 --> 00:46:24,300  
um and it's like without our line we're

987  
00:46:28,910 --> 00:46:26,579  
we're happy to go on

988  
00:46:36,290 --> 00:46:28,920

the west of where we got to to see where

989

00:46:40,590 --> 00:46:38,270

a big one

990

00:46:44,980 --> 00:46:40,600

Cafe

991

00:46:52,250 --> 00:46:46,849

[Music]

992

00:46:55,550 --> 00:46:54,530

no you're probably somewhere on that

993

00:47:00,650 --> 00:46:55,560

line

994

00:47:00,660 --> 00:47:11,650

[Music]

995

00:47:15,829 --> 00:47:13,910

but it's somewhere that doesn't say

996

00:47:17,450 --> 00:47:15,839

their line runs with you it could go off

997

00:47:20,089 --> 00:47:17,460

at an angle that way or that way they

998

00:47:21,650 --> 00:47:20,099

just seen that one spot which is where

999

00:47:23,030 --> 00:47:21,660

you'll promise because the emotions

1000

00:47:24,109 --> 00:47:23,040

themselves

1001  
00:47:24,790 --> 00:47:24,119  
does

1002  
00:47:28,790 --> 00:47:24,800  
because

1003  
00:47:32,630 --> 00:47:31,069  
so the line you were talking about have

1004  
00:47:34,609 --> 00:47:32,640  
you checked to see if there is an actual

1005  
00:47:36,770 --> 00:47:34,619  
Lane no there isn't there isn't one

1006  
00:47:39,170 --> 00:47:36,780  
there if he touches it in one place but

1007  
00:47:42,829 --> 00:47:39,180  
then it goes off away from him so yeah I

1008  
00:47:46,690 --> 00:47:44,270  
which would have answered a few

1009  
00:47:50,450 --> 00:47:46,700  
questions but like

1010  
00:47:52,490 --> 00:47:50,460  
are you aware of Captain Bruce Kathy I

1011  
00:47:54,829 --> 00:47:52,500  
think it is the the New Zealand airline

1012  
00:47:57,710 --> 00:47:54,839  
pilot who plotted the grids around the

1013  
00:47:59,450 --> 00:47:57,720

world he's the really felt strongly that

1014

00:48:06,430 --> 00:47:59,460

you guys follow those degrees oh yeah

1015

00:48:11,329 --> 00:48:08,990

you could do yeah certainly I must admit

1016

00:48:14,569 --> 00:48:11,339

I haven't looked that closely into it of

1017

00:48:23,150 --> 00:48:14,579

mine but yeah he did some good work on

1018

00:48:27,410 --> 00:48:25,790

oh right the owls have uh used as

1019

00:48:30,710 --> 00:48:27,420

screensavers when you've been abducted

1020

00:48:33,109 --> 00:48:30,720

it blocks the memory from

1021

00:48:35,870 --> 00:48:33,119

um remembering what happens the candy

1022

00:48:37,849 --> 00:48:35,880

owls can be dear

1023

00:48:40,730 --> 00:48:37,859

um occasionally other things but very

1024

00:48:44,210 --> 00:48:40,740

often it can be those too

1025

00:48:46,010 --> 00:48:44,220

okay here we go

1026

00:48:48,290 --> 00:48:46,020

yeah

1027

00:48:50,270 --> 00:48:48,300

have you had any other types of

1028

00:48:52,130 --> 00:48:50,280

paranormal experience because I know

1029

00:48:54,410 --> 00:48:52,140

lots of people think that there's a link

1030

00:48:56,690 --> 00:48:54,420

to people who have a safety requires

1031

00:48:59,210 --> 00:48:56,700

also see you at those on this period

1032

00:49:03,349 --> 00:48:59,220

it's kind of the same thing

1033

00:49:05,530 --> 00:49:03,359

um I have seen two ghosts you know on

1034

00:49:08,230 --> 00:49:05,540

older states that I've worked on

1035

00:49:11,329 --> 00:49:08,240

people in old dress children mainly

1036

00:49:14,089 --> 00:49:11,339

Crossing Lawns and things of families

1037

00:49:16,609 --> 00:49:14,099

that have long gone from the site

1038

00:49:18,050 --> 00:49:16,619

there's one actually in an old 18th

1039

00:49:20,569 --> 00:49:18,060

century clothing walking across the

1040

00:49:22,550 --> 00:49:20,579

front lawn of large Mana I worked in

1041

00:49:25,010 --> 00:49:22,560

North Hampshire

1042

00:49:27,349 --> 00:49:25,020

everybody said oh that's so and so that

1043

00:49:29,809 --> 00:49:27,359

was the old family of these students

1044

00:49:34,430 --> 00:49:29,819

they just accepted

1045

00:49:41,329 --> 00:49:38,750

yeah I'm quite happy to accept ghosts

1046

00:49:46,069 --> 00:49:41,339

don't have a problem with me ghosts

1047

00:49:50,930 --> 00:49:48,589

thank you

1048

00:49:52,910 --> 00:49:50,940

the gray alien you saw looking around

1049

00:49:57,230 --> 00:49:52,920

the door yeah it's pretty tall wasn't it

1050

00:50:01,490 --> 00:50:00,410

yeah watches very often are which you

1051  
00:50:03,430 --> 00:50:01,500  
don't know if it was standing on the

1052  
00:50:05,930 --> 00:50:03,440  
floor though

1053  
00:50:08,510 --> 00:50:05,940  
no I mean the other side of where he was

1054  
00:50:10,190 --> 00:50:08,520  
was actually where Kate was asleep yeah

1055  
00:50:13,030 --> 00:50:10,200  
oh you could have his feet on the top of

1056  
00:50:16,550 --> 00:50:13,040  
the headboard he'd be ladies

1057  
00:50:18,530 --> 00:50:16,560  
but there was when I went back into the

1058  
00:50:20,390 --> 00:50:18,540  
room there was nothing on our side you

1059  
00:50:22,250 --> 00:50:20,400  
know something that might have triggered

1060  
00:50:25,270 --> 00:50:22,260  
something for us he might have brought a

1061  
00:50:29,210 --> 00:50:27,650  
I think Jackie was missing out the

1062  
00:50:30,710 --> 00:50:29,220  
so this is this thing I'm not familiar

1063  
00:50:34,990 --> 00:50:30,720

with the Watchers they called her

1064

00:50:39,950 --> 00:50:37,550

some of his material he's got the list

1065

00:50:41,930 --> 00:50:39,960

of the various aliens and what they do

1066

00:50:44,450 --> 00:50:41,940

what not do

1067

00:50:47,150 --> 00:50:44,460

um but yeah this thing with a hood is a

1068

00:50:48,770 --> 00:50:47,160

little Watcher who's just there to sort

1069

00:50:50,809 --> 00:50:48,780

of watch you and keep an eye on you the

1070

00:50:53,470 --> 00:50:50,819

answer question is then why so he

1071

00:50:55,790 --> 00:50:53,480

delivered yeah

1072

00:50:57,349 --> 00:50:55,800

I think this went down disappeared into

1073

00:51:02,089 --> 00:50:57,359

the wall so I don't know whether it went

1074

00:51:05,870 --> 00:51:03,470

it's been like a sometimes a bit like

1075

00:51:08,750 --> 00:51:05,880

Shadow personally no

1076  
00:51:14,210 --> 00:51:08,760  
Little Wayne and Shadow but yeah I know

1077  
00:51:18,790 --> 00:51:17,150  
yeah he did tall shadow people can't you

1078  
00:51:23,990 --> 00:51:18,800  
know

1079  
00:51:28,130 --> 00:51:25,790  
sorry no

1080  
00:51:29,930 --> 00:51:28,140  
do you know any cats yeah

1081  
00:51:32,690 --> 00:51:29,940  
did he react at all

1082  
00:51:35,390 --> 00:51:32,700  
he didn't at that one but he still does

1083  
00:51:39,109 --> 00:51:35,400  
in our front room and now he'll just

1084  
00:51:41,510 --> 00:51:39,119  
stop and stare into a corner up about up

1085  
00:51:43,670 --> 00:51:41,520  
into the top corner of the rooms and

1086  
00:51:45,420 --> 00:51:43,680  
also he stares into our bathroom for

1087  
00:51:46,010 --> 00:51:45,430  
some strange reason

1088  
00:51:46,849 --> 00:51:46,020

[Music]

1089

00:51:50,510 --> 00:51:46,859

um

1090

00:51:53,510 --> 00:51:50,520

there aren't chills in our property

1091

00:51:55,730 --> 00:51:53,520

um case we've had an armchair movement

1092

00:51:57,410 --> 00:51:55,740

the front room go back onto the drop

1093

00:51:59,870 --> 00:51:57,420

back onto the bookcase and then drop

1094

00:52:02,750 --> 00:51:59,880

back onto the floor

1095

00:52:04,370 --> 00:52:02,760

um to no apparent reason

1096

00:52:06,790 --> 00:52:04,380

um we just asked them to put it back

1097

00:52:09,349 --> 00:52:06,800

when they're finished

1098

00:52:11,270 --> 00:52:09,359

it's not a lot else you can do is that

1099

00:52:12,650 --> 00:52:11,280

really well they don't seem to be a

1100

00:52:14,990 --> 00:52:12,660

problem but the other cat definitely

1101  
00:52:16,849 --> 00:52:15,000  
reacts to things that we can't see

1102  
00:52:20,030 --> 00:52:16,859  
and we've also got what looks like a

1103  
00:52:22,670 --> 00:52:20,040  
shadow cap and we that comes in and out

1104  
00:52:24,890 --> 00:52:22,680  
of the front room as you see go past you

1105  
00:52:26,870 --> 00:52:24,900  
and you think it's yours yours isn't

1106  
00:52:28,670 --> 00:52:26,880  
there yours is outside up on top of the

1107  
00:52:29,620 --> 00:52:28,680  
city asleep

1108  
00:52:40,430 --> 00:52:29,630  
foreign

1109  
00:52:40,440 --> 00:52:44,349  
[Music]

1110  
00:52:50,030 --> 00:52:48,109  
quite often things go missing and search

1111  
00:52:52,490 --> 00:52:50,040  
drawers where you think they are turn

1112  
00:52:54,349 --> 00:52:52,500  
them out nothing

1113  
00:52:56,030 --> 00:52:54,359

Yeah well yeah we've lost the electric

1114

00:52:58,309 --> 00:52:56,040

iron at the moment I don't know where

1115

00:53:01,010 --> 00:52:58,319

that's called but um yeah little things

1116

00:53:03,530 --> 00:53:01,020

if you knew you put in that draw of God

1117

00:53:05,510 --> 00:53:03,540

but let me turn up

1118

00:53:07,130 --> 00:53:05,520

um maybe a week later

1119

00:53:09,470 --> 00:53:07,140

that makes you think you've got the

1120

00:53:11,210 --> 00:53:09,480

borrowers in the house but

1121

00:53:20,280 --> 00:53:11,220

um yeah

1122

00:53:20,290 --> 00:53:24,950

[Music]

1123

00:53:28,490 --> 00:53:27,049

um I found an article about your mom and

1124

00:53:29,990 --> 00:53:28,500

say that there's an actual Hot Spot

1125

00:53:32,589 --> 00:53:30,000

between the

1126

00:53:35,150 --> 00:53:32,599

[Music]

1127

00:53:37,130 --> 00:53:35,160

so we were just discussing every time

1128

00:53:40,910 --> 00:53:37,140

you've seen one

1129

00:53:44,329 --> 00:53:40,920

what was glitter one was for James which

1130

00:53:47,809 --> 00:53:44,339

would be on the same one yeah and we had

1131

00:53:48,910 --> 00:53:47,819

to where a couple and they said a craft

1132

00:53:52,730 --> 00:53:48,920

today

1133

00:53:54,740 --> 00:53:52,740

directly by whether M4 Commodore does

1134

00:54:01,870 --> 00:53:54,750

everyone remember

1135

00:54:12,549 --> 00:54:05,290

the shot across the sky

1136

00:54:20,530 --> 00:54:15,890

so she said disco lights but when the

1137

00:54:20,540 --> 00:54:36,790

and she was going to remember

1138

00:54:45,930 --> 00:54:38,690

as well

1139

00:54:45,940 --> 00:54:50,329

[Music]

1140

00:54:54,829 --> 00:54:52,730

actually to follow along from that

1141

00:54:57,309 --> 00:54:54,839

that's really interesting because I'm

1142

00:55:01,970 --> 00:54:57,319

from Hercules

1143

00:55:06,530 --> 00:55:01,980

and the amount of UFOs I've seen which

1144

00:55:07,790 --> 00:55:06,540

could not have been uh airplanes and um

1145

00:55:11,569 --> 00:55:07,800

other people have seen that I've seen

1146

00:55:12,170 --> 00:55:11,579

Stars they've got stars come together

1147

00:55:16,670 --> 00:55:12,180

um

1148

00:55:16,680 --> 00:55:25,190

[Music]

1149

00:55:31,430 --> 00:55:27,770

can we ask where are we and what time is

1150

00:55:33,470 --> 00:55:31,440

this and uh it's well documented and

1151

00:55:36,770 --> 00:55:33,480

I've never seen you and I've seen your

1152

00:55:39,710 --> 00:55:36,780

votes in Brecken but living of Philly

1153

00:55:41,750 --> 00:55:39,720

I've seen absolutely no do that but not

1154

00:55:43,970 --> 00:55:41,760

much ever since so I'm going to have a

1155

00:55:46,130 --> 00:55:43,980

look at my lines actually yeah no you're

1156

00:55:48,049 --> 00:55:46,140

worth doing well it's funny actually

1157

00:55:50,270 --> 00:55:48,059

there's Banks they actually got out and

1158

00:55:50,950 --> 00:55:50,280

asked where they were

1159

00:55:54,290 --> 00:55:50,960

um

1160

00:55:56,089 --> 00:55:54,300

residing to working on a theory they say

1161

00:55:58,910 --> 00:55:56,099

that some of these dropping from another

1162

00:56:01,309 --> 00:55:58,920

reality around us and they just come in

1163

00:56:02,510 --> 00:56:01,319

to see us and then disappear again which

1164

00:56:04,609 --> 00:56:02,520

is why they can suddenly appear and

1165

00:56:06,589 --> 00:56:04,619

suddenly disappear

1166

00:56:08,270 --> 00:56:06,599

um but I'm thinking maybe they're not

1167

00:56:10,849 --> 00:56:08,280

dropping into our reality we're dropping

1168

00:56:14,270 --> 00:56:10,859

into this because we have a planet that

1169

00:56:18,049 --> 00:56:14,280

is surrounded by millions of Internet

1170

00:56:20,690 --> 00:56:18,059

users electrical signals in the air

1171

00:56:22,849 --> 00:56:20,700

permanently around the planet then is

1172

00:56:24,650 --> 00:56:22,859

that upsetting it a bit are we beginning

1173

00:56:26,870 --> 00:56:24,660

to nudge into some of these especially

1174

00:56:34,849 --> 00:56:26,880

the numbers are now being seen

1175

00:56:40,450 --> 00:56:36,710

there's all the electrical stuff we are

1176

00:56:40,460 --> 00:56:46,430

interesting though it was back in 1909

1177

00:56:51,170 --> 00:56:49,250

yeah I was doing the Airship week all

1178

00:56:52,910 --> 00:56:51,180

right yeah yeah there's one one that

1179

00:56:57,849 --> 00:56:52,920

landed on the air on the top of the

1180

00:57:02,450 --> 00:56:59,990

took off again

1181

00:57:04,609 --> 00:57:02,460

chair ships then you couldn't maneuver

1182

00:57:06,309 --> 00:57:04,619

them that well

1183

00:57:10,970 --> 00:57:06,319

yeah

1184

00:57:12,230 --> 00:57:10,980

McDonald's wasn't there then so left

1185

00:57:15,010 --> 00:57:12,240

again

1186

00:57:18,829 --> 00:57:15,020

yeah now interesting actually

1187

00:57:21,950 --> 00:57:18,839

sightings or ships around that time as

1188

00:57:23,630 --> 00:57:21,960

well but they make a hell of a voice and

1189

00:57:26,349 --> 00:57:23,640

they don't go that far oh the engines on

1190

00:57:28,250 --> 00:57:26,359

those yeah yeah

1191

00:57:30,170 --> 00:57:28,260

stuff like that

1192

00:57:31,790 --> 00:57:30,180

but uh

1193

00:57:33,530 --> 00:57:31,800

yeah there's quite a few seconds around

1194

00:57:36,650 --> 00:57:33,540

there but a lot of them were flying at

1195

00:57:39,349 --> 00:57:36,660

night and it's they couldn't fly right

1196

00:57:40,750 --> 00:57:39,359

now I feel so dark we couldn't navigate

1197

00:57:45,190 --> 00:57:40,760

them

1198

00:57:52,069 --> 00:57:48,680

yeah no idea

1199

00:57:56,510 --> 00:57:54,049

will you remind me what your your

1200

00:57:59,089 --> 00:57:56,520

triangle safety was you certainly can

1201  
00:58:04,510 --> 00:58:01,190  
I'll run the ball down in a separate

1202  
00:58:09,030 --> 00:58:04,520  
this because I knew someone else

1203  
00:58:14,829 --> 00:58:11,650  
[Music]

1204  
00:58:20,030 --> 00:58:14,839  
78 14th of October

1205  
00:58:23,030 --> 00:58:20,040  
78 the light over Saint Ives Bay was 77.

1206  
00:58:38,089 --> 00:58:23,040  
That's before the Belgian waves it was

1207  
00:58:44,870 --> 00:58:39,490  
okay

1208  
00:58:50,809 --> 00:58:47,930  
[Music]

1209  
00:58:56,930 --> 00:58:50,819  
yeah sure yeah

1210  
00:59:00,410 --> 00:58:59,450  
yeah we did we did always live on that

1211  
00:59:02,569 --> 00:59:00,420  
line

1212  
00:59:04,130 --> 00:59:02,579  
so because I was working or moving off

1213  
00:59:10,849 --> 00:59:04,140

that line

1214

00:59:17,329 --> 00:59:13,970

oh we got some of them here where I

1215

00:59:19,730 --> 00:59:17,339

um I'm in 78 to 94.

1216

00:59:22,670 --> 00:59:19,740

as we were living at the we moved up to

1217

00:59:24,470 --> 00:59:22,680

Andover for a while Landover the one we

1218

00:59:27,470 --> 00:59:24,480

saw there the green tadpole was actually

1219

00:59:28,970 --> 00:59:27,480

okay saw that one I only saw the end of

1220

00:59:32,210 --> 00:59:28,980

it when I was called out the house to

1221

00:59:36,770 --> 00:59:32,220

look and that wasn't on my line that was

1222

00:59:38,750 --> 00:59:36,780

actually about 15-20 miles north of that

1223

00:59:47,049 --> 00:59:38,760

so that was at the start of a k-line

1224

00:59:52,490 --> 00:59:50,690

yeah it um it he said that the cloud

1225

00:59:54,589 --> 00:59:52,500

just opened will almost looked like a

1226

00:59:57,950 --> 00:59:54,599

white

1227

00:59:59,990 --> 00:59:57,960

it was a crack a crack yeah

1228

01:00:02,510 --> 01:00:00,000

yeah you just shot down

1229

01:00:04,130 --> 01:00:02,520

we thought meteorite burning up you know

1230

01:00:06,349 --> 01:00:04,140

it was a similar color the old green

1231

01:00:07,609 --> 01:00:06,359

yeah but then he went up again yeah it

1232

01:00:11,210 --> 01:00:07,619

just curved and went straight up over

1233

01:00:11,220 --> 01:00:17,430

I don't want to do that foreign

1234

01:00:49,190 --> 01:00:44,380

[Music]

1235

01:00:53,210 --> 01:00:49,200

I can see by When anybody wants the

1236

01:00:54,330 --> 01:00:53,220

information on the days it is yeah

1237

01:00:55,730 --> 01:00:54,340

so

1238

01:00:58,069 --> 01:00:55,740

[Music]

1239

01:00:59,630 --> 01:00:58,079

Big Brothers we were brothers adopted to

1240

01:01:02,569 --> 01:00:59,640

that they were adopted they came from

1241

01:01:05,089 --> 01:01:02,579

other sites yeah my middle Brothers now

1242

01:01:07,789 --> 01:01:05,099

in New Zealand and Dunedin with his

1243

01:01:10,190 --> 01:01:07,799

family uh my younger brother died five

1244

01:01:20,410 --> 01:01:10,200

years ago

1245

01:01:28,309 --> 01:01:25,430

yeah he he found his mother and he was

1246

01:01:30,170 --> 01:01:28,319

he met them the whole family for just

1247

01:01:31,970 --> 01:01:30,180

one-off big meeting and then they said

1248

01:01:35,450 --> 01:01:31,980

they didn't want to know my play which

1249

01:01:37,789 --> 01:01:35,460

is a bit of a shame but uh yeah and my

1250

01:01:39,589 --> 01:01:37,799

younger brother never wanted to know

1251  
01:01:40,730 --> 01:01:39,599  
um he was quite happy with him as they

1252  
01:01:42,829 --> 01:01:40,740  
were

1253  
01:01:46,309 --> 01:01:42,839  
but they said other than that what we

1254  
01:01:47,870 --> 01:01:46,319  
saw at near Ringwood for the barrel

1255  
01:01:49,190 --> 01:01:47,880  
um I'm not aware that they've seen

1256  
01:01:52,970 --> 01:01:49,200  
anything else

1257  
01:01:55,810 --> 01:01:52,980  
since then oh he's never said anything

1258  
01:01:57,770 --> 01:01:55,820  
oh you can't remember

1259  
01:02:00,710 --> 01:01:57,780  
[Music]

1260  
01:02:02,630 --> 01:02:00,720  
no more questions any more questions I'm

1261  
01:02:05,329 --> 01:02:02,640  
just going to say you probably know

1262  
01:02:06,430 --> 01:02:05,339  
yourself but the idea it is a bit of a

1263
