

1
00:00:12,530 --> 00:00:09,290
it's good afternoon everybody it's uh

2
00:00:15,770 --> 00:00:12,540
ten past two in the afternoon on the 4th

3
00:00:19,609 --> 00:00:15,780
of November 2021

4
00:00:22,849 --> 00:00:19,619
and we're here Mike and emlin and myself

5
00:00:25,009 --> 00:00:22,859
to interview Mrs June Thomas we're at

6
00:00:26,570 --> 00:00:25,019
the marina in Swansea as you can see the

7
00:00:30,529 --> 00:00:26,580
observatory's in the background there

8
00:00:32,389 --> 00:00:30,539
and June was a a good witness to the

9
00:00:37,670 --> 00:00:32,399
night of the triangles

10
00:00:39,350 --> 00:00:37,680
uh going back to January 1983 so um

11
00:00:40,430 --> 00:00:39,360
she'll tell us all about it now what she

12
00:00:43,369 --> 00:00:40,440
saw what happened

13
00:00:46,250 --> 00:00:43,379

so June over to you I swapped to work

14

00:00:48,889 --> 00:00:46,260

until after six this night I went to

15

00:00:53,750 --> 00:00:48,899

sleep after the week after 7 weeks keep

16

00:01:01,150 --> 00:00:56,569

and somebody started to walk down

17

00:01:05,690 --> 00:01:03,889

just for a second now because it wasn't

18

00:01:09,289 --> 00:01:05,700

like this the other then was it the

19

00:01:11,210 --> 00:01:09,299

marina it wasn't built this was uh back

20

00:01:14,210 --> 00:01:11,220

in 1983 and we were talking about the

21

00:01:15,350 --> 00:01:14,220

factory that was here which was in fact

22

00:01:16,429 --> 00:01:15,360

it was on this site when I was walking

23

00:01:36,190 --> 00:01:16,439

down what was the name of the factory

24

00:01:42,190 --> 00:01:40,069

you just put a glimpse of it but it went

25

00:01:44,330 --> 00:01:42,200

behind the building

26

00:01:49,969 --> 00:01:44,340

but the other good to do with the other

27

00:02:03,289 --> 00:01:51,530

if you could point to them though in the

28

00:02:06,910 --> 00:02:04,370

yeah

29

00:02:09,850 --> 00:02:06,920

so they were pretty high

30

00:02:13,550 --> 00:02:09,860

today

31

00:02:13,560 --> 00:02:16,970

40 degrees

32

00:02:21,830 --> 00:02:19,390

I would say Two Roses

33

00:02:23,449 --> 00:02:21,840

if we were looking now you imagine when

34

00:02:26,089 --> 00:02:23,459

you're looking at free Observatory there

35

00:02:28,369 --> 00:02:26,099

if you're replacing them above that how

36

00:02:30,290 --> 00:02:28,379

high above that would they be as high as

37

00:02:31,850 --> 00:02:30,300

that again or twice or three times yeah

38

00:02:38,530 --> 00:02:31,860

because how is that again so they're

39

00:02:44,990 --> 00:02:42,070

was it dark light oh it was dark it was

40

00:02:51,970 --> 00:02:45,000

there any street light in anything there

41

00:02:59,330 --> 00:02:54,470

that you were you were leaving work a

42

00:03:03,410 --> 00:03:01,130

yeah because you usually finish half by

43

00:03:06,970 --> 00:03:03,420

six in there yeah just think if you if

44

00:03:06,980 --> 00:03:11,030

what was in the pictures

45

00:03:11,040 --> 00:03:14,570

and

46

00:03:19,250 --> 00:03:16,210

um

47

00:03:23,630 --> 00:03:19,260

did your other half see him as well no

48

00:03:26,589 --> 00:03:25,190

did you make out any color of the

49

00:03:30,530 --> 00:03:26,599

objects

50

00:03:32,869 --> 00:03:30,540

are they shiny and bright because these

51
00:03:33,710 --> 00:03:32,879
finally flat because you're blocking up

52
00:03:35,930 --> 00:03:33,720
the steps

53
00:03:37,330 --> 00:03:35,940
only because he's because the

54
00:03:39,589 --> 00:03:37,340
lights

55
00:03:41,210 --> 00:03:39,599
what was your immediate thought when you

56
00:03:44,149 --> 00:03:41,220
when you were looking at them do you

57
00:03:46,130 --> 00:03:44,159
think oh this is strange or you know did

58
00:03:47,470 --> 00:03:46,140
you think they were some sort of

59
00:03:53,630 --> 00:03:47,480
Technology

60
00:03:53,640 --> 00:04:09,850
now

61
00:04:09,860 --> 00:04:14,149
with any flashing lights

62
00:04:14,159 --> 00:04:18,350
foreign

63
00:04:18,360 --> 00:04:42,070

[Music]

64

00:04:46,189 --> 00:04:44,450

we've got an amazing seat for you there

65

00:04:48,050 --> 00:04:46,199

so the following even in the Evening

66

00:04:51,230 --> 00:04:48,060

Post

67

00:04:56,090 --> 00:04:51,240

this is the article that was in the post

68

00:04:58,490 --> 00:04:56,100

100 spots mystery lights over the city

69

00:05:00,830 --> 00:04:58,500

meteor right say coast guards coast

70

00:05:04,310 --> 00:05:00,840

guards didn't know any of the details of

71

00:05:06,170 --> 00:05:04,320

anything they mostly said um

72

00:05:07,969 --> 00:05:06,180

they will probably meet you soon the

73

00:05:12,710 --> 00:05:07,979

following night

74

00:05:17,390 --> 00:05:15,050

and that's the drawing that you drew yes

75

00:05:22,270 --> 00:05:17,400

you sent that into the evening post game

76

00:05:22,280 --> 00:05:25,930

you know

77

00:05:30,409 --> 00:05:28,550

one Swansea woman has come up with her

78

00:05:33,350 --> 00:05:30,419

own artistic impression of what the UFOs

79

00:05:36,230 --> 00:05:33,360

which puzzled and astonished hundreds of

80

00:05:39,010 --> 00:05:36,240

people on Wednesday nights look like

81

00:05:41,390 --> 00:05:39,020

this is June Thomas of enterprised

82

00:05:43,430 --> 00:05:41,400

Swansea I've just finished working to

83

00:05:46,310 --> 00:05:43,440

clean up this goes planted South Park

84

00:05:48,409 --> 00:05:46,320

and she saw the mystery objects Mrs

85

00:05:51,110 --> 00:05:48,419

Thomas said today she discounted series

86

00:05:52,550 --> 00:05:51,120

put forward by Swansea coast guards but

87

00:05:54,350 --> 00:05:52,560

the lights she saw in the sky were

88

00:05:57,290 --> 00:05:54,360

meteorites burning after they had a few

89

00:06:00,230 --> 00:05:57,300

of its atmosphere quote what I saw was

90

00:06:02,689 --> 00:06:00,240

two objects very big objects moving

91

00:06:05,390 --> 00:06:02,699

across the sky slowly and without any

92

00:06:06,529 --> 00:06:05,400

noise she said call them flying saucers

93

00:06:09,050 --> 00:06:06,539

if you will

94

00:06:18,189 --> 00:06:09,060

but they were definitely not claimed for

95

00:06:23,570 --> 00:06:21,590

that's a conclusion that you still I

96

00:06:28,969 --> 00:06:23,580

didn't put the drawings of the big one

97

00:06:32,749 --> 00:06:31,010

well you're the only person on that like

98

00:06:33,950 --> 00:06:32,759

to of all the other Witnesses the many

99

00:06:35,809 --> 00:06:33,960

witnesses

100

00:06:37,370 --> 00:06:35,819

that did a drawing of the Swansea of

101
00:06:38,870 --> 00:06:37,380
what we saw

102
00:06:39,770 --> 00:06:38,880
um there was another there was another

103
00:06:42,950 --> 00:06:39,780
Witness

104
00:06:43,670 --> 00:06:42,960
different

105
00:06:46,370 --> 00:06:43,680
um

106
00:06:49,129 --> 00:06:46,380
Carol Griffiths she did a drawing of

107
00:06:51,469 --> 00:06:49,139
what she saw them and a lot of children

108
00:06:52,790 --> 00:06:51,479
in echo's friend Primary School

109
00:06:54,290 --> 00:06:52,800
obviously they were in school in the

110
00:06:56,210 --> 00:06:54,300
evening but the following day the

111
00:06:57,950 --> 00:06:56,220
teachers the teachers got them to to do

112
00:07:00,650 --> 00:06:57,960
drawings but like broadhaven that's

113
00:07:02,990 --> 00:07:00,660

right and um and they even made a huge

114

00:07:05,350 --> 00:07:03,000

picture like a big collage all the whole

115

00:07:08,749 --> 00:07:05,360

classmate which went up on the walk and

116

00:07:22,570 --> 00:07:08,759

uh but you're the only after that

117

00:07:27,890 --> 00:07:24,550

that was

118

00:07:30,469 --> 00:07:27,900

the exactly the same time as you saw it

119

00:07:31,930 --> 00:07:30,479

but they as well like really well done

120

00:07:35,330 --> 00:07:31,940

yeah

121

00:07:37,670 --> 00:07:35,340

there's a picture again

122

00:07:39,350 --> 00:07:37,680

you've got three dots or three circles

123

00:07:42,129 --> 00:07:39,360

in the center as well

124

00:07:48,189 --> 00:07:44,689

looks like like that and it's like a

125

00:07:52,089 --> 00:07:50,930

and it's like

126

00:07:54,830 --> 00:07:52,099

right

127

00:08:02,749 --> 00:07:54,840

what Line's going across it yeah like

128

00:08:06,650 --> 00:08:04,790

it's a photocopy of the original

129

00:08:10,610 --> 00:08:06,660

articles and you've never seen anything

130

00:08:15,350 --> 00:08:12,650

did you do did you draw did you put

131

00:08:17,029 --> 00:08:15,360

those lines in the drawer no

132

00:08:22,430 --> 00:08:17,039

it's not like a

133

00:08:26,210 --> 00:08:24,469

on one of the corners

134

00:08:28,909 --> 00:08:26,220

there's like an extra leg next to that

135

00:08:28,919 --> 00:08:31,610

yeah

136

00:08:34,730 --> 00:08:33,769

just a long time ago just a long time

137

00:08:38,329 --> 00:08:34,740

ago

138

00:08:40,630 --> 00:08:38,339

yeah it's 40 years it's 39 years next

139

00:08:43,070 --> 00:08:40,640

February yeah yeah

140

00:08:46,010 --> 00:08:43,080

and you can never forget what I

141

00:08:46,020 --> 00:08:51,829

had the market

142

00:08:55,790 --> 00:08:54,050

so shift change was half sex was it or

143

00:08:58,009 --> 00:08:55,800

was that was just when you finished

144

00:09:00,110 --> 00:08:58,019

because you were you weren't in the

145

00:09:01,670 --> 00:09:00,120

factory itself told me you were cleaning

146

00:09:02,870 --> 00:09:01,680

in the offices

147

00:09:03,710 --> 00:09:02,880

you've only been there a couple of

148

00:09:06,889 --> 00:09:03,720

months

149

00:09:09,650 --> 00:09:06,899

I was there was somebody finished and my

150

00:09:33,470 --> 00:09:09,660

friend asked me to cover up for about it

151

00:09:39,110 --> 00:09:35,690

to make sense so there were lots of

152

00:09:41,150 --> 00:09:39,120

witnesses spread or range area I think

153

00:09:43,670 --> 00:09:41,160

so as you know

154

00:09:46,130 --> 00:09:43,680

it's a subject yourself in it most UFO

155

00:09:47,990 --> 00:09:46,140

sightings go unfolded there's lots of

156

00:09:50,690 --> 00:09:48,000

witnesses out there we don't know but
