FEATURED REVIEW

★ 1/10

Produced by a semi tabloid, clickbait company featuring one of the biggest frauds

Im a huge believer in UFO/UAP culture but when a semi tabloid starts off their series with Jeremy Corbell, it shows their lack of journalism efforts. Jeremy Corbell has been caught lying left and right. His "documentary" has been picked apart with 100% evidence.

(Jeremy Corbell apparently discovered a picture of an area 51 alien tech hand scanner using a simple Google search. Bob Lazar later confirms the picture but to our surprise, it's the same hand scanner found in the famous movie...close encounters of the third kind, as an example).

That alone makes me question Jeremy corbell's motives. Regardless if he's lying I must admit he has brought awareness to the topic.

The whole series does have reputable stories and encounters. Just don't watch or listen to anything Jeremy Corbell or Bob Lazar says.
