

1

00:00:00,000 --> 00:00:13,480

I am here to discuss the so-called flying saucers.

2

00:00:13,480 --> 00:00:20,640

The Air Force interest in this problem has been due to our feeling of an obligation to

3

00:00:20,640 --> 00:00:27,280

identify anything in the air that may have the possibility of threat or menace to the

4

00:00:27,280 --> 00:00:36,280

United States.

5

00:00:36,280 --> 00:00:37,280

There's another one.

6

00:00:37,280 --> 00:00:38,280

This could be it.

7

00:00:57,280 --> 00:01:26,280

I'm here to discuss the so-called flying saucers.

8

00:01:27,280 --> 00:01:33,640

They highly anticipated hearing on Capitol Hill about unidentified flying objects or

9

00:01:33,640 --> 00:01:34,640

UFOs.

10

00:01:34,640 --> 00:01:40,360

The unusual house oversight hearing on what's being called unidentified aerial phenomena.

11

00:01:40,360 --> 00:01:44,080

Both Republicans and Democrats investigating the supernatural.

12

00:01:44,080 --> 00:01:47,920

Congress, which for years has avoided this topic of unidentified phenomena, will give

13

00:01:47,920 --> 00:01:53,520

it a big and bipartisan platform.

14

00:01:53,520 --> 00:01:54,880

So this was different.

15

00:01:54,880 --> 00:01:57,880

This was different than anything that had ever come before.

16

00:01:57,880 --> 00:02:03,400

We had hearings on UFOs, but this was the first time in history you have people that

17

00:02:03,400 --> 00:02:08,920

are direct eyewitnesses or in one case an actual whistleblower coming forward in front

18

00:02:08,920 --> 00:02:12,160

of Congress.

19

00:02:12,160 --> 00:02:16,480

This was an official on the record testimony under oath.

20

00:02:16,480 --> 00:02:18,040

You have Lieutenant Ryan Graves.

21

00:02:18,040 --> 00:02:21,720

I'm a former F-A team pilot with a Decade of Service in the U.S. Navy, including two

22

00:02:21,720 --> 00:02:25,240

deployments in operation during freedom and operation inherent resolve.

23

00:02:25,240 --> 00:02:30,200

Lieutenant Ryan Graves is representing a whole bunch of pilots.

24

00:02:30,200 --> 00:02:35,560

Flight safety, this whole idea of near misses, things coming into our restricted airspace

25

00:02:35,560 --> 00:02:39,240

that are unknown to us.

26

00:02:39,240 --> 00:02:41,080

Then you have Commander David Fraber.

27

00:02:41,080 --> 00:02:43,360

I'm a retired commander in the United States Navy.

28

00:02:43,360 --> 00:02:47,400

In 2004 I was a commanding officer of Strike Fighter Squadron 41, the world-famous Black

29

00:02:47,400 --> 00:02:48,400

Aces.

30

00:02:48,400 --> 00:02:55,520

I think David Fraber not only saw a UFO, he engaged a UFO for the United States military.

31

00:02:55,520 --> 00:02:59,040

So you've got these three people, last one being David Grush.

32

00:02:59,040 --> 00:03:00,640

My name is David Charles Grush.

33

00:03:00,640 --> 00:03:03,320

I was an intelligence officer for 14 years.

34

00:03:03,320 --> 00:03:08,240

I was my agency's co-lead and unidentified anomalous phenomena and trans-medium object

35

00:03:08,240 --> 00:03:15,000

analysis as well as reporting to the UAP task force, I believe strongly in the importance

36

00:03:15,000 --> 00:03:17,640

of bringing this information before you.

37

00:03:17,640 --> 00:03:23,320

I am driven by a commitment to both truth and transparency, rooted in our inherent

38

00:03:23,320 --> 00:03:31,000

duty to uphold the United States Constitution and protect the American people.

39

00:03:31,000 --> 00:03:34,760

George Knapp and I fought hard with a lot of others behind the scenes to make sure that

40

00:03:34,760 --> 00:03:37,840

this hearing could happen.

41

00:03:37,840 --> 00:03:41,200

I'd like people to understand the gravity of this.

42

00:03:41,200 --> 00:03:45,760

It has been since the inception of the UFO problem.

43

00:03:45,760 --> 00:03:49,080

Nothing to see here, move on, all of that.

44

00:03:49,080 --> 00:03:52,760

All of that has changed.

45

00:03:52,760 --> 00:04:06,960

All right, let's do this.

46

00:04:06,960 --> 00:04:09,000

My name is Jeremy Corbell.

47

00:04:09,000 --> 00:04:13,720

I'm an investigative journalist and a filmmaker and this has been an obsession of mine is

48

00:04:13,720 --> 00:04:19,560

trying to get to the ground truth of what UFOs represent to humanity.

49

00:04:19,560 --> 00:04:22,680

The two musketeers are the front lines of UFO disclosure.

50

00:04:22,680 --> 00:04:25,880

It is scary if that's true, Joe.

51

00:04:25,880 --> 00:04:27,480

I think you guys are.

52

00:04:27,480 --> 00:04:29,200

Jeremy's an interesting guy.

53

00:04:29,200 --> 00:04:31,560

He's actually been doing this for a long time.

54

00:04:31,560 --> 00:04:36,840

If you go back and look at the content that's been being put out over the past 15 or so

55

00:04:36,840 --> 00:04:42,720

years, Jeremy has been pursuing this topic doggedly for a long time and has been someone

56

00:04:42,720 --> 00:04:47,720

who has really kept the fires burning even when there wasn't a ton of media attention

57

00:04:47,720 --> 00:04:48,720

out there.

58

00:04:48,720 --> 00:04:52,640

And it's been really cool to see him team up with George Knapp, who's really kind of

59

00:04:52,640 --> 00:04:57,480

an OG of the UFO investigation world and to see the work that they've been able to do

60

00:04:57,480 --> 00:05:02,840

together and to see them finally be able to take this across the finish line was a pretty

61

00:05:02,840 --> 00:05:05,840

cool moment.

62

00:05:05,840 --> 00:05:10,840

How's it going?

63

00:05:10,840 --> 00:05:12,840

All right.

64

00:05:12,840 --> 00:05:15,840

Who are you from?

65

00:05:15,840 --> 00:05:18,840

What do you expect us to come from out of here?

66

00:05:18,840 --> 00:05:21,840

Well, more transparency on this topic.

67

00:05:21,840 --> 00:05:23,840

Long overdue.

68

00:05:23,840 --> 00:05:33,840

Good morning.

69

00:05:33,840 --> 00:05:40,840

Good morning.

70

00:05:40,840 --> 00:05:41,840

Yes.

71

00:05:41,840 --> 00:05:43,840

Thanks, sir.

72

00:05:43,840 --> 00:05:45,840

Thanks.

73

00:05:45,840 --> 00:05:52,840

Three men who previously served in the military are set to speak publicly about what they

74

00:05:52,840 --> 00:05:55,840

saw in the sky and heard behind closed doors.

75

00:05:55,840 --> 00:05:57,840

There's two big questions in this world.

76

00:05:57,840 --> 00:05:59,840

What happens when we die and are we alone?

77

00:05:59,840 --> 00:06:01,840

And the Pentagon's talking about one of them right now.

78

00:06:01,840 --> 00:06:02,840

So it's interesting as hell.

79

00:06:02,840 --> 00:06:07,840

The great deal of interest here, the watch parties, the people who will be lining up early

80

00:06:07,840 --> 00:06:09,840

to try to go in person.

81

00:06:09,840 --> 00:06:14,840

I think these three brave witnesses here, they took an oath to uphold the Constitution

82

00:06:14,840 --> 00:06:16,840

and the United States and bad gamut.

83

00:06:16,840 --> 00:06:18,840

They're doing it.

84

00:06:18,840 --> 00:06:21,840

What I personally witnessed myself is very disturbing.

85

00:06:21,840 --> 00:06:26,840

The U.S. is in possession of quote, non-human spacecraft.

86

00:06:26,840 --> 00:06:34,840

UAPs, whatever they may be, may pose a serious threat to our military or civilian aircraft.

87

00:06:34,840 --> 00:06:36,840

The incident was never investigated.

88

00:06:36,840 --> 00:06:37,840

None of my crew ever questioned.

89

00:06:37,840 --> 00:06:39,840

Do you believe that our government is in possession of UAPs?

90

00:06:39,840 --> 00:06:43,840

Absolutely based on interviewing over 40 witnesses over four years.

91

00:06:43,840 --> 00:06:48,840

Is there any indication that these UAPs are interested in our nuclear technology and capabilities?

92

00:06:48,840 --> 00:06:49,840

Yes.

93

00:06:49,840 --> 00:06:50,840

It's getting close.

94

00:06:50,840 --> 00:06:51,840

It's flashed.

95

00:06:51,840 --> 00:06:52,840

Mark Ferry and Range.

96

00:06:52,840 --> 00:06:55,840

Were they human or non-human biologics?

97

00:06:55,840 --> 00:06:56,840

Non-human.

98

00:06:56,840 --> 00:06:58,840

There's a whole fleet of them coming to S.A.

99

00:06:58,840 --> 00:07:02,840

Do you have any personal knowledge of people who have been harmed or injured in efforts

100

00:07:02,840 --> 00:07:05,840

to cover up or conceal these extraterrestrial technology?

101

00:07:05,840 --> 00:07:06,840

Yes.

102

00:07:06,840 --> 00:07:07,840

Personally.

103

00:07:07,840 --> 00:07:12,840

Have you heard of anyone been murdered?

104

00:07:12,840 --> 00:07:14,840

I'm going to be careful asking that question.

105

00:07:14,840 --> 00:07:19,840

The gravity for what's going on with UFOs right now couldn't be more important.

106

00:07:19,840 --> 00:07:21,840

There's no going back from this, man.

107

00:07:21,840 --> 00:07:27,840

This is the moment that we define are we going to have this conversation or are we not?

108

00:07:27,840 --> 00:07:32,840

This is the first time you have people that are there that have the impetus to tell the

109

00:07:32,840 --> 00:07:33,840

American public the truth.

110

00:07:33,840 --> 00:07:35,840

So how did we get here?

111

00:07:35,840 --> 00:07:37,840

How did we get here today?

112

00:07:42,840 --> 00:07:57,840

Pentagon's secret UFO program revealed the military spending millions of dollars to look

113

00:07:57,840 --> 00:08:02,840

into UFO sightings and videos from American fighter pilots all being made public.

114

00:08:02,840 --> 00:08:07,340

The remarkable admission by the Pentagon came as a result of reporting by the New York Times,

115

00:08:07,340 --> 00:08:14,340

which published a story of the mysterious UFO program over the weekend.

116

00:08:14,340 --> 00:08:21,340

In 2017, two colleagues and I published this front page Sunday New York Times piece revealing

117

00:08:21,340 --> 00:08:26,840

for the first time that Pentagon was not out of the UFO business as it had long claimed,

118

00:08:26,840 --> 00:08:36,340

but was really very much involved in tracking UFOs.

119

00:08:36,340 --> 00:08:41,340

The article broke the news that there was a secret unit which we called ATIP funded with

120

00:08:41,340 --> 00:08:48,340

\$22 million in secret funding to track and investigate encounters between Navy jets and

121

00:08:48,340 --> 00:08:57,340

unknown objects that had been flying around carrier groups on the west coast and the east

122

00:08:57,340 --> 00:09:01,340

coast and in some cases were seen churning underwater.

123

00:09:01,340 --> 00:09:04,340

How surprised were you about this Pentagon program?

124

00:09:04,340 --> 00:09:08,340

It was a surprise program with a \$22 million budget.

125

00:09:08,340 --> 00:09:13,340

This is the revelation that the conspiracy theorists have been looking for all along with the

126

00:09:13,340 --> 00:09:15,340

government knows there are actually UFOs.

127

00:09:15,340 --> 00:09:21,340

Well, it's always impossible to know what the conspiracy theorists are thinking.

128

00:09:21,340 --> 00:09:26,340

The head of the program, a man named Luis Elizondo, who had long intelligence history

129

00:09:26,340 --> 00:09:31,340

and credentials, had just submitted his resignation to the secretary of defense because he was

130

00:09:31,340 --> 00:09:34,340

being floored by superiors in the Pentagon.

131

00:09:34,340 --> 00:09:38,340

It was about the craziest thing that's happened to the UFO community because what we had here

132

00:09:38,340 --> 00:09:43,340

is we had some Pulitzer Prize winning journalists dropping this article and so suddenly,

133

00:09:43,340 --> 00:09:48,340

UFOs were something that were being talked about seriously and the world kind of changed after that.

134

00:09:52,340 --> 00:09:56,340

Tell us what the purpose of the program was and why it was so secretive.

135

00:09:56,340 --> 00:10:01,340

The purpose of the program, Advanced Aerospace Threat Identification Program,

136

00:10:01,340 --> 00:10:04,340

was really designed to do just that.

137

00:10:04,340 --> 00:10:10,340

From a national security perspective, identify those things that we see.

138

00:10:10,340 --> 00:10:16,340

But there were those people, especially on the web, who tried to downplay and undercut the article,

139

00:10:16,340 --> 00:10:22,340

but the government never succeeded really in undermining the reporting we did.

140

00:10:22,340 --> 00:10:27,340

It didn't fully endorse it. It claimed at some points that Luis Elizondo was not who he said he was.

141

00:10:27,340 --> 00:10:32,340

We had checked him out thoroughly. We had his performance records. We had his whole intelligence history.

142

00:10:32,340 --> 00:10:35,340

So we knew who our sources were and we had vetted them thoroughly.

143

00:10:35,340 --> 00:10:41,340

Luis is a real patriot. He's done some pretty powerful stuff when it comes to moving this dialogue forward

144

00:10:41,340 --> 00:10:43,340

and sometimes at his own peril, at his own risk.

145

00:10:43,340 --> 00:10:47,340

Do you believe that life from somewhere else came here?

146

00:10:47,340 --> 00:10:50,340

There is very compelling evidence that we may not be alone.

147

00:10:50,340 --> 00:10:54,340

It was very, very eye-opening in terms of what was going on basically under our noses.

148

00:10:54,340 --> 00:10:59,340

We all thought UAP had been debunked years ago as rubbish, as tripe.

149

00:10:59,340 --> 00:11:06,340

We thought it was just like a, you know, 60s or 50s issue of flying sources and little green men from Venus.

150

00:11:06,340 --> 00:11:12,340

So it was kind of an exciting story on many levels and it drew a tremendous reaction.

151

00:11:12,340 --> 00:11:19,340

The Pentagon now confirms the existence of a secretive UFO program tasked with investigating reports of unidentified flying objects.

152

00:11:19,340 --> 00:11:24,340

We're learning this morning about a Pentagon program that spent millions of dollars to look into UFO sightings.

153

00:11:24,340 --> 00:11:28,340

The Pentagon ended funding but the New York Times reports the program remains in existence.

154

00:11:28,340 --> 00:11:34,340

And mainstream media quickly picked up on this story because we were treating it seriously at the New York Times.

155

00:11:34,340 --> 00:11:38,340

It gathered somewhat more gravitas and seriousness.

156

00:11:38,340 --> 00:11:44,340

The articles in the New York Times 2017 removed the stigma on the topic of UFOs, which is why we're here today.

157

00:11:44,340 --> 00:11:48,340

Those articles opened the door for the government and public that cannot be closed.

158

00:11:48,340 --> 00:11:55,340

That 2017 article really popped the bubble for a lot of people.

159

00:11:55,340 --> 00:12:01,340

There's a whole fleet of them. Look on the essay.

160

00:12:01,340 --> 00:12:10,340

The videos that we ran on the New York Times website, the three videos of encounters between these Navy jets and these objects, it was sensational.

161

00:12:10,340 --> 00:12:14,340

The videos were among the most watched ever in the history of the New York Times.

162

00:12:15,340 --> 00:12:24,340

The US Navy has finally acknowledged that videos appearing to show UFOs flying through the air are real.

163

00:12:24,340 --> 00:12:28,340

The several videos they're talking about were recorded years ago by fighter pilots.

164

00:12:28,340 --> 00:12:32,340

Then in 2017 they were made public by the New York Times.

165

00:12:32,340 --> 00:12:37,340

The Tic Tac, the Gimbal and the Go Fast UFO.

166

00:12:37,340 --> 00:12:45,340

Those three videos were kind of first exposure for people that we have these unidentified that are flying in restricted airspace.

167

00:13:08,340 --> 00:13:18,340

I'd like to say that the Tic Tac object we engaged in 2004 was far superior to anything that we had on time, have today or are looking to develop in the next 10 years.

168

00:13:23,340 --> 00:13:30,340

All of this was on a clear day off the coast of California. This is not wartime nerves. This is not like pilot error.

169

00:13:30,340 --> 00:13:33,340

This is not some sort of glitch in the radar system.

170

00:13:33,340 --> 00:13:38,340

You've got a craft of unknown origin that shouldn't be there. Now that is a big deal.

171

00:13:38,340 --> 00:13:49,340

These objects coming down from over 80,000 feet, rapidly descending to 20,000 feet, hanging out for hours and then going straight back up for those that don't realize above 80,000 feet is space.

172

00:13:52,340 --> 00:14:02,340

We talk about 80,000 feet. That's a real sensitive thing. Anything above 80,000 feet, we're talking about satellite hardware.

173

00:14:02,340 --> 00:14:07,340

That is some of the most protected assets the United States military has.

174

00:14:10,340 --> 00:14:18,340

If the aircraft was armed, you believe that your aircraft or any aircraft in possession of the United States could have shot the Tic Tac down.

175

00:14:22,340 --> 00:14:30,340

I'd say no. The technology that we faced was far superior than anything that we had and there's nothing we can do about it. Nothing.

176

00:14:33,340 --> 00:14:42,340

Allright..

177

00:14:46,340 --> 00:14:55,340

So we got the data that we traded in an aircraft!

178

00:14:55,340 --> 00:14:57,340

My God.

179

00:14:57,340 --> 00:14:59,340

They're all going against the wind.

180

00:14:59,340 --> 00:15:00,340

The wind's 100.

181

00:15:00,340 --> 00:15:01,340

Point out to the west.

182

00:15:01,340 --> 00:15:02,340

Oh, I think so.

183

00:15:02,340 --> 00:15:13,780

The gimbal video, it is incredible to see the mechanical rotation of this machine, and

184

00:15:13,780 --> 00:15:17,780

you can hear the pilots, and they're all as they're watching this.

185

00:15:17,780 --> 00:15:24,780

Yeah, that's fucking going on, bro.

186

00:15:24,780 --> 00:15:33,780

There's a whole fleet of them, look on the SA.

187

00:15:33,780 --> 00:15:34,780

My God.

188

00:15:34,780 --> 00:15:35,780

They're all going against the wind.

189

00:15:35,780 --> 00:15:36,780

The wind's 100.

190

00:15:36,780 --> 00:15:37,780

Point out to the west.

191

00:15:37,780 --> 00:15:38,780

Oh, I think so.

192

00:15:38,780 --> 00:15:39,780

The gimbal, isn't it?

193

00:15:39,780 --> 00:15:40,780

The recording on the AT FLIR system shows a single object that rotates.

194

00:15:40,780 --> 00:15:44,780

You hear the pilots refer to a fleet of objects that is not visible on the FLIR system.

195

00:15:44,780 --> 00:15:48,780

It just goes to show how serious this is and why this is such an important issue for our

196

00:15:48,780 --> 00:15:52,780

pilots and for our nation.

197

00:15:52,780 --> 00:15:55,780

Navy pilots are the most trained observers we have.

198

00:15:55,780 --> 00:15:58,780

Millions of dollars has spent training these people, so if they say they've seen something,

199

00:15:58,780 --> 00:16:03,780

that counts for something special, and that's why the Navy videos were so important, because

200

00:16:03,780 --> 00:16:08,780

they captured electronically things that, until then, were just anecdotal.

201

00:16:08,780 --> 00:16:09,780

Now, that's the best.

202

00:16:09,780 --> 00:16:11,780

It's not doing that on our stand.

203

00:16:11,780 --> 00:16:14,780

But, if there's a good thing, it's rotating.

204

00:16:14,780 --> 00:16:16,780

Here's the part that people don't know.

205

00:16:16,780 --> 00:16:20,780

There are four extra minutes to that gimbal footage.

206

00:16:20,780 --> 00:16:21,780

There's four extra minutes.

207

00:16:21,780 --> 00:16:23,780

The gimbal was not alone.

208

00:16:23,780 --> 00:16:26,780

There was a V-formation of UFOs in front of it.

209

00:16:26,780 --> 00:16:30,780

Now, why has that not been released to the American and the global public?

210

00:16:30,780 --> 00:16:31,780

Why?

211

00:16:31,780 --> 00:16:35,780

We need to have this type of footage in the science of a community's hands.

212

00:16:35,780 --> 00:16:38,780

But footage off like that, that was a choice.

213

00:17:05,780 --> 00:17:16,780

So, the Go Fast is like the trilogy, the Go Fast video.

214

00:17:16,780 --> 00:17:19,780

This is not a rare phenomenon.

215

00:17:19,780 --> 00:17:26,780

Pilots are passing, seeing, catching on radar, sometimes even locking on, on a daily basis

216

00:17:26,780 --> 00:17:30,780

with these unknowns that can outmaneuver our own craft.

217

00:17:35,780 --> 00:17:47,780

The objects are performing maneuvers that are unexplainable due to our current understanding

218

00:17:47,780 --> 00:17:50,780

of our technology and our capabilities as a country.

219

00:17:50,780 --> 00:17:52,780

And that applies for military as well.

220

00:17:52,780 --> 00:17:55,780

We've had 14 near misses with aircraft.

221

00:17:55,780 --> 00:18:02,780

You're talking 50, 60, maybe 100 million dollar aircraft with some of the best trained men and women in the air.

222

00:18:02,780 --> 00:18:05,780

That's serious, and that's in our airspace.

223

00:18:05,780 --> 00:18:09,780

What percentage of UAP sightings in your belief go unreported by our pilots?

224

00:18:09,780 --> 00:18:12,780

I would estimate we're somewhere near 5% reporting, perhaps.

225

00:18:12,780 --> 00:18:18,780

They basically admitted there was nothing they could do if the craft they encountered turned out to be hostile.

226

00:18:18,780 --> 00:18:20,780

There was no way they could defend themselves.

227

00:18:20,780 --> 00:18:23,780

Now, think of that as you look up into the sky.

228

00:18:25,780 --> 00:18:29,780

The Americans being the greatest superpower the Earth has ever known.

229

00:18:29,780 --> 00:18:34,780

You don't have dominance of your own skies, and the US Air Force does not want to admit that.

230

00:18:34,780 --> 00:18:36,780

So now the conversation is being had.

231

00:18:36,780 --> 00:18:39,780

People started pushing to get more information out.

232

00:18:39,780 --> 00:18:44,780

The stranglehold on the UFO issue has always been with the intelligence agency.

233

00:18:47,780 --> 00:18:50,780

I have sources in every single agency.

234

00:18:50,780 --> 00:18:54,780

I'm not trying to brag about that, what I'm trying to do is put the fear of fucking God into people.

235

00:18:54,780 --> 00:18:55,780

That is fact.

236

00:18:55,780 --> 00:18:56,780

People are fed up.

237

00:18:56,780 --> 00:18:59,780

People are fed up with keeping the secret.

238

00:19:05,780 --> 00:19:07,780

I actually want to ask about UFOs.

239

00:19:08,780 --> 00:19:15,780

Does the president believe in the existence of UFOs, and would he be interested in restoring funding for that program?

240

00:19:15,780 --> 00:19:19,780

Somehow that question hasn't come up in our back and forth over the last couple days,

241

00:19:19,780 --> 00:19:22,780

but I will check into that and be happy to circle back.

242

00:19:27,780 --> 00:19:33,780

One of the things you have as president is the access to all the information in the world.

243

00:19:33,780 --> 00:19:34,780

All the mysteries out there.

244

00:19:34,780 --> 00:19:40,780

And I was just struck in the last couple weeks, really more and more reports of Navy pilots seeing lots and lots of UFOs.

245

00:19:40,780 --> 00:19:42,780

Have you been briefed on that? What do you make of it?

246

00:19:42,780 --> 00:19:47,780

I did have one very brief meeting on it, but people are saying they're seeing UFOs.

247

00:19:47,780 --> 00:19:51,780

We have presidents making overt comments about the UFO phenomenon.

248

00:19:51,780 --> 00:19:53,780

How seriously they take it.

249

00:19:53,780 --> 00:19:56,780

There was a sea change. You've got everybody talking about it.

250

00:19:56,780 --> 00:20:02,780

When it comes to aliens, there's some things I just can't tell you, but what is true,

251

00:20:02,780 --> 00:20:15,780

and I'm actually being serious here, is that there are, there's footage and records of objects in the skies that we don't know exactly what they are.

252

00:20:15,780 --> 00:20:21,780

When I was president, we made every attempt to find out everything about Roswell.

253

00:20:22,780 --> 00:20:26,780

And we also sent people to Area 51 to make sure there were no aliens.

254

00:20:26,780 --> 00:20:36,780

Another coffee drop moment for me was when Jimmy Kimmel showed some footage that I had obtained and released of military-filmed UAP to George W. Bush.

255

00:20:36,780 --> 00:20:40,780

The first thing I would do if I was president is go right to the UFO files.

256

00:20:40,780 --> 00:20:45,780

I wonder if you've seen this video that has been verified by the Pentagon.

257

00:20:45,780 --> 00:20:50,780

Would you be surprised if we were visited by creatures from another planet?

258

00:20:50,780 --> 00:20:51,780

Yeah.

259

00:20:51,780 --> 00:20:52,780

You would be surprised.

260

00:20:52,780 --> 00:20:53,780

Would you be?

261

00:20:53,780 --> 00:20:54,780

Well, yeah.

262

00:20:54,780 --> 00:20:58,780

They've been really hesitant to get specific about what exactly they've been briefed on.

263

00:20:58,780 --> 00:21:07,780

You know, they have been clear that something strange is going on, and it does sort of indicate that maybe there's some sort of a messaging shift going on behind the scenes.

264

00:21:07,780 --> 00:21:13,780

The truth is, we've found through our reporting that presidents are not routinely briefed.

265

00:21:14,780 --> 00:21:23,780

Viewers might think that, oh, as soon as somebody becomes president, they are led into all the deepest secrets of the government, including UFOs.

266

00:21:23,780 --> 00:21:24,780

Well, that's not true.

267

00:21:24,780 --> 00:21:35,780

What we found in our latest reporting was that this information is the most deeply held secrets in the entire government, and that includes from top officials, including the president of the United States.

268

00:21:35,780 --> 00:21:39,780

The U.S. government knows something unexplained is out there.

269

00:21:39,780 --> 00:21:47,780

The Pentagon hasn't until late June to tell Congress in an unclassified report what it knows about unidentified flying objects.

270

00:21:49,780 --> 00:21:58,780

One of the critical moments is when President Trump signed to make the Pentagon do a report about UFOs, and this was part of the Intelligence Authorization Act.

271

00:21:58,780 --> 00:22:04,780

And that was a big moment that you had 180 days to put together a UFO report.

272

00:22:04,780 --> 00:22:06,780

This is a bomb show.

273

00:22:06,780 --> 00:22:10,780

Do you expect to see real answers in this report?

274

00:22:10,780 --> 00:22:11,780

Look, honestly, I don't think so, Jake.

275

00:22:11,780 --> 00:22:14,780

Look, it takes 180 days to do a report.

276

00:22:14,780 --> 00:22:18,780

It takes longer to remodel a kitchen in your house sometimes.

277

00:22:25,780 --> 00:22:30,780

The long awaited Pentagon report on UFOs has finally been released.

278

00:22:30,780 --> 00:22:36,780

Plenty of unidentified flying objects remain just that unidentified and mysterious.

279

00:22:38,780 --> 00:22:47,780

That UAP report was one of our first indications that this was going to be a marathon and not a sprint, and that there was a lot more work that needed to be done here.

280

00:22:47,780 --> 00:22:55,780

I mean, it was exciting because it was released and it was released publicly, but it's only about nine pages long, including the cover page and the appendix.

281

00:22:55,780 --> 00:22:58,780

It wasn't nearly the blockbuster that people were hoping for.

282

00:22:58,780 --> 00:23:06,780

I was disappointed, like many other people, because the stories I had heard and that we had picked up on in our reporting went way beyond that report.

283

00:23:06,780 --> 00:23:14,780

A lot of it was just them sort of asking for more resources and more funding and talking about the problems that they were having in collecting this data.

284

00:23:14,780 --> 00:23:22,780

U.S. government officials examined 144 reports of UAPs like these and still don't know what 143 of them were.

285

00:23:22,780 --> 00:23:27,780

The report by the Office of National Intelligence found no evidence they came from outer space.

286

00:23:27,780 --> 00:23:33,780

What did strike me is that the report said for the first time that these objects are most likely real.

287

00:23:35,780 --> 00:23:38,780

That was a big breakthrough. The government had not said that before.

288

00:23:38,780 --> 00:23:44,780

That was what the government was probably long afraid of admitting, that they didn't know what these things were.

289

00:23:44,780 --> 00:23:56,780

Among the possibilities they considered, secret U.S. equipment, a foreign adversary's advanced technology, atmospheric conditions, debris in the air, or simply other.

290

00:23:58,780 --> 00:24:09,780

This idea that the phenomenon itself, the UFO, is the physical manifestation of this, the craft, that it's some sort of black project or secret U.S. technology, it's bullshit.

291

00:24:09,780 --> 00:24:11,780

It's always been bullshit.

292

00:24:11,780 --> 00:24:14,780

Oh my gosh! Okay, it's the only truth. What is that?

293

00:24:14,780 --> 00:24:26,780

We've talked to the best experts available, including the fighter pilots themselves, who've gone up and seen these things and said that there is nothing that they're aware of that come close to the

aerodynamic possibilities these things have.

294

00:24:28,780 --> 00:24:37,780

Could these objects be spy craft from another country? What do you think?

295

00:24:37,780 --> 00:24:39,780

The bottom line is that we don't know.

296

00:24:41,780 --> 00:24:45,780

If it was Russia, they wouldn't be bogged down in this worthless war in Ukraine.

297

00:24:47,780 --> 00:24:52,780

If it was China, they would control everything we have, more so than they already do.

298

00:24:52,780 --> 00:25:08,780

It's unimaginable because we've seen these things since the 1930s. So to think that the Chinese who had a famine back in the 1950s, for instance, would have also had anti-gravity craft that could display such capabilities, it's just unfathomable really.

299

00:25:12,780 --> 00:25:20,780

That is not what we're talking about. Natural phenomenon. That kills me. It's like a distraction.

300

00:25:20,780 --> 00:25:30,780

But sure, people can see some natural weather phenomenon and misidentify it as unidentified until it's known. Sure, that can happen. It's not what we're talking about.

301

00:25:34,780 --> 00:25:42,780

We're dealing with an actual physical object that shows up on radar and other weapons systems. I think we can safely rule those out as being atmospheric phenomena.

302

00:25:42,780 --> 00:25:49,780

We're going against the wind. The winds are hunting point out west.

303

00:25:49,780 --> 00:26:00,780

These are our most highly trained observers. We train them for millions of dollars. We send them up against potential adversaries to protecting our country. They're not going to be easily hoodwinked by flying trash.

304

00:26:01,780 --> 00:26:12,780

That's a mental gymnastics thing when you say other, right? I guess that's a good way to do it. You know, if you want to just be completely broad with it.

305

00:26:12,780 --> 00:26:23,780

I think that's done to put people at ease, not to spark potential panic because they don't know how the public's going to react. If you put it out there, there may be non-human intelligence. That's a major risk.

306

00:26:23,780 --> 00:26:28,780

It may upset a lot of people, unnerve a lot of people in institutions as well, such as churches.

307

00:26:28,780 --> 00:26:44,780

I am as in the dark as you about what UFOs truly represent to humanity. I just know that we can exclude certain things. And once we exclude those things, those exotic possibilities, those are the ones that truly excite me.

308

00:26:44,780 --> 00:26:52,780

We know people misidentify things. We're not talking about that. We're talking about the important stuff, the other.

309

00:26:52,780 --> 00:27:03,780

A report by this country's top intelligence officials acknowledges there have been 18 encounters in which so-called unexplained aerial phenomena demonstrate advanced technology.

310

00:27:03,780 --> 00:27:11,780

This ended up being disappointing for a lot of people because it was only nine pages long. And we all believe that the UFO problem, that it deserves more than that.

311

00:27:11,780 --> 00:27:18,780

But it was a huge step forward because it's acknowledges right there in writing. It was something that was demanded and it was followed through on.

312

00:27:18,780 --> 00:27:26,780

We've made leaps and we've made bounds since then, but this was a critical moment in how we got to where we are today.

313

00:27:26,780 --> 00:27:34,780

The report states that some of these uncharacterized UAP appear to have demonstrated unusual flight characteristics and require further analysis.

314

00:27:34,780 --> 00:27:42,780

From that Pentagon report all the way up to this important moment in Congress, we had momentum.

315

00:27:48,780 --> 00:28:05,780

We begin with that historic UFO hearing on Capitol Hill today as we just said, the bipartisan push for transparency certainly decades in the making.

316

00:28:05,780 --> 00:28:12,780

The nation watched gripping testimony of UAPs and demands for greater transparency on this issue.

317

00:28:12,780 --> 00:28:19,780

This was, I think, a chance for the public to hear what we as reporters had been hearing from experts like that for a long time.

318

00:28:19,780 --> 00:28:25,780

Have you met with people with direct knowledge or have direct knowledge yourself of non-human origin craft?

319

00:28:25,780 --> 00:28:30,780

Yes, I personally interviewed those individuals.

320

00:28:30,780 --> 00:28:48,780

It was his duty, David Grush, it was his job at that time to look for UFO, UAP, exploitation programs, legacy UFO programs, and damn, did he find it.

321

00:28:48,780 --> 00:28:57,780

I was informed in the course of my official duties of a multi-decade UAP crash retrieval and reverse engineering program.

322

00:28:57,780 --> 00:29:03,780

It was an earthquake and I can guarantee you that it's going to be documented in history books.

323

00:29:03,780 --> 00:29:06,780

300 years from now, school kids are going to be learning about that hearing.

324

00:29:06,780 --> 00:29:17,780

So the first time you got to hear in Congress from a whistleblower and he is out there telling Congress that there are programs, illegal programs,

325

00:29:17,780 --> 00:29:28,780

that have been hidden from Congressional oversight that relate to retrieval and reverse engineering of craft of non-human origin and the pilots as well.

326

00:29:28,780 --> 00:29:30,780

That is earth shattering.

327

00:29:30,780 --> 00:29:33,780

Were they, I guess, human or non-human biologics?

328

00:29:33,780 --> 00:29:39,780

Non-human and that was the assessment of people with direct knowledge on the program I talked to that are currently still on the program.

329

00:29:39,780 --> 00:29:43,780

Speaking to a source recently, he was at that hearing.

330

00:29:43,780 --> 00:29:55,780

When David Grush admitted or alleged that there had been non-human biologics retrieved from some of those craft, you could hear a pin drop in that room.

331

00:29:55,780 --> 00:30:01,780

You've said that U.S. has intact spacecraft.

332

00:30:01,780 --> 00:30:05,780

You said that the government has alien bodies or alien species.

333

00:30:05,780 --> 00:30:10,780

Have you seen the spacecraft?

334

00:30:10,780 --> 00:30:18,780

I have to be careful to describe what I've seen firsthand and not in this environment, but I could answer that question behind closed doors.

335

00:30:18,780 --> 00:30:23,780

David Grush spoke under oath. If he's lying, he's going to jail.

336

00:30:23,780 --> 00:30:26,780

Okay, so that's a really, really big thing, the fact that he spoke under oath.

337

00:30:26,780 --> 00:30:30,780

It's one thing for the government to say, well, there's something out there we're going to look into.

338

00:30:30,780 --> 00:30:32,780

We'll get back to you people on that. That's not good enough.

339

00:30:32,780 --> 00:30:39,780

That still gives the U.S. government the ability to cover under this veneer of, well, we're just going to investigate.

340

00:30:39,780 --> 00:30:45,780

But if you get an acknowledgement that they've actually had possession of, I mean, let's get real here.

341

00:30:45,780 --> 00:30:53,780

Alien tech, alien bodies, there's no way you can then say, well, we're going to look into this honestly.

342

00:30:53,780 --> 00:30:58,780

That's an admission they've been lying for a long time.

343

00:30:58,780 --> 00:31:03,780

That's an admission of truly the greatest conspiracy ever.

344

00:31:09,780 --> 00:31:13,780

I'd like to thank everybody who was here sticking through the entire hearing.

345

00:31:13,780 --> 00:31:19,780

If there's no further business without objection, the subcommittee stands adjourned.

346

00:31:19,780 --> 00:31:28,780

We are in the midst of what you can genuinely call is a revolutionary period.

347

00:31:28,780 --> 00:31:33,780

I am convinced that we are actually within the midst of a global revolution on many levels.

348

00:31:33,780 --> 00:31:40,780

You look at the UFO or UAP subject and you see this, what I call insurgency happening from within.

349

00:31:40,780 --> 00:31:48,780

That over the last several years has resulted in much more information coming out on this and a much greater level of public conversation.

350

00:31:48,780 --> 00:32:05,780

And if it results in a genuine breakthrough, a real breakthrough, a meaningful one in which some kind of genuine honesty is forced by government authorities, high-level government authorities,

351

00:32:05,780 --> 00:32:08,780

then you can call that a revolution, a disclosure revolution.

352

00:32:08,780 --> 00:32:13,780

We want to know what's going on, first of all, because this is big, it's important, it matters.

353

00:32:13,780 --> 00:32:24,780

We want to know. But B, it can have the ability, hopefully, to wake us up into the recognition

that, hey, you've been lied to for 80 years.

354

00:32:24,780 --> 00:32:27,780

What else has been kept from you?

355

00:32:31,780 --> 00:32:38,780

You know, you're in a society where for so long has been the seat of lies.

356

00:32:38,780 --> 00:32:42,780

We really have to understand this is not a trivial thing.

357

00:32:42,780 --> 00:32:48,780

I don't think it's something where you can just take the broom and just sweep it up and put it in the dustpan and, okay, everything's good now.

358

00:32:48,780 --> 00:32:51,780

I don't think that is necessarily possible.

359

00:32:51,780 --> 00:32:59,780

We may be dealing with some seriously deep structural issues here of secrecy and whatever else is going on in the truth here.

360

00:32:59,780 --> 00:33:01,780

It could be very difficult.

361

00:33:02,780 --> 00:33:14,780

Congressman Tim Burchett is joining a growing chorus of lawmakers asking the Pentagon to release what it knows about unidentified anomalous phenomena, also known as UAPs.

362

00:33:20,780 --> 00:33:23,780

Well, first of all, I don't trust the U.S. government.

363

00:33:23,780 --> 00:33:27,780

In the United States, Congressman, I think both parties, frankly, are corrupted.

364

00:33:28,780 --> 00:33:41,780

Since 1947, there's incredible proof out there that we are not alone and to think that we're the best that God can do to me is very arrogant and naive.

365

00:33:45,780 --> 00:33:47,780

In 1947, there was an incident.

366

00:33:49,780 --> 00:33:51,780

They claimed that there was a crash.

367

00:33:51,780 --> 00:33:54,780

They put a press release out since Salsa recovered.

368

00:33:54,780 --> 00:34:02,780

It was actually July 7, 1947, when the outside world found out something unusual had happened near Roswell, New Mexico.

369

00:34:02,780 --> 00:34:08,780

The headlines from the Roswell Daily Record shocked its readers with news of a captured flying saucer.

370

00:34:08,780 --> 00:34:12,780

It was in all the papers nationwide, worldwide, if you will, at that time.

371

00:34:12,780 --> 00:34:16,780

And then the next day, they brought out Jesse Marcell.

372

00:34:17,780 --> 00:34:23,780

There's a famous picture of him holding like some cellophane and some sticks or something.

373

00:34:23,780 --> 00:34:25,780

Oh, he made a mistake. It was a hot air balloon.

374

00:34:25,780 --> 00:34:32,780

Now, how do you go from a saucer recovered to basically tissue paper?

375

00:34:36,780 --> 00:34:44,780

Frank Kaufman was a civilian working for the Army 50 years ago, and he says he saw a crashed spaceship and alien bodies.

376

00:34:44,780 --> 00:34:48,780

And we noticed one body that was half in and half out of the craft.

377

00:34:48,780 --> 00:34:52,780

The other body was slammed up against the Arroyo.

378

00:34:52,780 --> 00:34:54,780

You go back to the Kennedy assassination.

379

00:34:54,780 --> 00:35:00,780

Good gosh, JFK was assassinated over 60 years ago, and yet they won't release anything on it.

380

00:35:00,780 --> 00:35:04,780

It's just its power, its corruption, its control, its money.

381

00:35:04,780 --> 00:35:07,780

And those are all the things that really prop up Washington today.

382

00:35:08,780 --> 00:35:13,780

Has the US government become aware of actual evidence of extraterrestrial,

383

00:35:13,780 --> 00:35:16,780

otherwise unexplained forms of intelligence?

384

00:35:16,780 --> 00:35:19,780

I like to use the term non-human. I don't like to denote origin.

385

00:35:19,780 --> 00:35:22,780

I've talked to experts. I've seen testimony from astronauts.

386

00:35:24,780 --> 00:35:29,780

I've talked to fighter pilots, some of the best in the world, and they tell me that they've chased these craft.

387

00:35:30,780 --> 00:35:35,780

And yet the Pentagon says they don't exist, and now we're talking about throwing money at it.

388

00:35:35,780 --> 00:35:37,780

And all of a sudden they say they want to study it.

389

00:35:37,780 --> 00:35:39,780

You know, they lose billions of dollars every year.

390

00:35:39,780 --> 00:35:41,780

They've never passed an audit.

391

00:35:41,780 --> 00:35:44,780

And you know, as I like to say, the Pentagon is a bunch of war pimps anyway.

392

00:35:44,780 --> 00:35:46,780

How can you trust that bunch?

393

00:35:46,780 --> 00:35:50,780

So the American public deserves transparency. We deserve to know what's going on.

394

00:35:54,780 --> 00:35:59,780

I had a conversation with somebody called me over the weekend that was very high up in the Trump administration.

395

00:35:59,780 --> 00:36:05,780

They told me that I'd kicked a horn at its nest and that there were words where I needed to get some bodies around me.

396

00:36:05,780 --> 00:36:09,780

I take that very serious. You know, you're talking about upsetting the apple cart.

397

00:36:09,780 --> 00:36:12,780

And the Pentagon is billions and billions of dollars.

398

00:36:12,780 --> 00:36:18,780

Is there any hesitation on your part to keep pushing forward on this?

399

00:36:18,780 --> 00:36:19,780

Hell no.

400

00:36:22,780 --> 00:36:27,780

I'm not going to back down. It might cause me to lose an election, but it's not going to cause me to back down.

401

00:36:29,780 --> 00:36:41,780

So George and I are going to go have a throw down with Joe Rogan, a powerful Joe Rogan, talking about our favorite guilty pleasure, UFOs.

402

00:36:46,780 --> 00:36:50,780

Which I don't feel like is a guilty pleasure, and I don't feel like it's a rare conversation.

403

00:36:50,780 --> 00:36:53,780

This is like all we think about.

404

00:36:54,780 --> 00:37:01,780

For me, this will be, I think, like round five with Joe Rogan on the Joe Rogan podcast.

405

00:37:01,780 --> 00:37:06,780

I'm super grateful because he makes a point to allow this conversation to happen.

406

00:37:06,780 --> 00:37:11,780

Are you apprehensive at all that some of the stuff that they're releasing is bullshit?

407

00:37:11,780 --> 00:37:12,780

Of course.

408

00:37:12,780 --> 00:37:14,780

Wait, wait, wait. Who's releasing?

409

00:37:14,780 --> 00:37:21,780

The Pentagon's talking about it when, you know, intelligent officials, you ever wonder whether or not it's disinformation?

410

00:37:21,780 --> 00:37:24,780

I think it's a very healthy suspicion to have.

411

00:37:24,780 --> 00:37:31,780

My perspective is a little different in that people are always coming at me with fake information, like every day, all the time.

412

00:37:31,780 --> 00:37:41,780

Here's what I know. I know that there are people in government that want some level of disclosure on whatever this is without defining it.

413

00:37:41,780 --> 00:37:47,780

We have a history of disinformation and misinformation put out to the public and to Congress.

414

00:37:47,780 --> 00:37:54,780

By the intelligence community, by the Pentagon, they lie all the time. It comes, it's part of the turf, it's part of the job.

415

00:37:54,780 --> 00:37:55,780

What has Grush said?

416

00:37:55,780 --> 00:38:00,780

Grush said they definitely have physical crafts.

417

00:38:00,780 --> 00:38:02,780

Let me just set the scene for you with this hearing thing, right?

418

00:38:02,780 --> 00:38:09,780

I know when people think this is like orchestrated, man, we fought for every millimeter of doing that hearing.

419

00:38:09,780 --> 00:38:10,780

Like I personally did.

420

00:38:10,780 --> 00:38:17,780

So did George. And the idea was, what can we put out to the public and let everybody know this is important to us?

421

00:38:17,780 --> 00:38:23,780

I think there are inescapable national security implications for this technology. There is a race for it.

422

00:38:23,780 --> 00:38:28,780

We're trying to get it. The Russians are trying to get it. The Chinese are trying to get it. Whoever gets it, they win.

423

00:38:28,780 --> 00:38:44,780

It's hot as balls. I'll just put it that way. This is Texas during a heat wave. On the average day, this is the fucking average day.

424

00:38:44,780 --> 00:38:49,780

This is, I probably cursed too much. I'm sorry. This is an average day, man.

425

00:38:50,780 --> 00:38:58,780

You know, George and I, we work on this every damn day. And this is not a job that we get paid for.

426

00:38:58,780 --> 00:39:08,780

I actually have a real job. But luckily it's real estate. I buy and my wife and I fix up properties.

427

00:39:08,780 --> 00:39:13,780

So this UFO thing is because we want to know the truth.

428

00:39:13,780 --> 00:39:20,780

They say that when you look at things in retrospect, you know, hindsight is 20-20. Not really the case for me.

429

00:39:22,780 --> 00:39:31,780

I always thought I would be a martial athlete, a mixed martial arts, training jujitsu and wrestling and boxing. That's what I love.

430

00:39:31,780 --> 00:39:39,780

I never thought I would do anything else. Going from, you know, a martial athlete to where I am today with investigative reporting and journalism.

431

00:39:39,780 --> 00:39:45,780

We are now at a critical moment, a critical point where the right questions are being asked by the right people.

432

00:39:45,780 --> 00:39:49,780

And let me tell you, it's a pressure cooker. It's not something that was planned.

433

00:39:49,780 --> 00:39:57,780

So my life is this inspector-crusseau kind of journey where I'm constantly being misidentified, being qualified to be able to do something.

434

00:39:57,780 --> 00:40:02,780

Jeremy is a core bell. Jeremy Corbell is an investigative filmmaker. He's on the right of your screen.

435

00:40:02,780 --> 00:40:13,780

If even one of these sightings is real and it is in fact a craft of origin from somewhere other than Earth, just one out of the millions, then we have a real phenomena.

436

00:40:13,780 --> 00:40:20,780

Jeremy is not a guy who's going to soften his words. He's very straightforward about what he believes. He can be a little brash sometimes.

437

00:40:20,780 --> 00:40:24,780

I think people are a little afraid of me because, you know, a little bit of a maniac sometimes.

438

00:40:24,780 --> 00:40:28,780

But he's not somebody that you're going to scare off and he doesn't really care too much about what people think about him.

439

00:40:33,780 --> 00:40:45,780

This thing with George, where we're running around the world, kicking down doors, it has taken us

to some weird places, man.

440

00:40:45,780 --> 00:40:56,780

I put more into this time-wise and financially than I will ever get back. And I'm at peace with that because I fucking love it.

441

00:40:56,780 --> 00:41:01,780

George and I get to talk with people and we get to hear just about one of the biggest questions there is.

442

00:41:01,780 --> 00:41:04,780

You know, what is going on with this UFO thing?

443

00:41:06,780 --> 00:41:15,780

I didn't know what I was doing, but I wasn't even a filmmaker yet. But I realized every time I pointed that camera at somebody, they would spill the beans.

444

00:41:15,780 --> 00:41:24,780

And I thought, well, if that's... if this camera is a passport into secrets, just holding a shitty little camera, then I got to point this somewhere where it matters.

445

00:41:24,780 --> 00:41:33,780

And so I started filming this guy, John Lear, the Godfather of Conspiracy, one of the craziest old bastards I ever met, but one of the most likable.

446

00:41:33,780 --> 00:41:38,780

We saw one of the government extraterrestrial UFOs fly over there.

447

00:41:38,780 --> 00:41:46,780

These catamulations, they take the hormones and the enzymes from those cattle and they spread it on their skin and their skin absorbs the nutrients.

448

00:41:46,780 --> 00:41:50,780

If you look right at center of the moon, that is the Sinus Meta.

449

00:41:50,780 --> 00:41:57,780

And right in the middle of the Sinus Meta is a tower that stands six miles high.

450

00:41:58,780 --> 00:42:05,780

As some of the shit he told me ended up being true, unbelievable stuff about UFOs.

451

00:42:05,780 --> 00:42:09,780

So I had done that for quite some time, kind of under the radar.

452

00:42:09,780 --> 00:42:12,780

And I kept trying to get to George and I'd call his news station.

453

00:42:12,780 --> 00:42:15,780

I'd been, hey, can I talk with George now? This is Jeremy Corbell.

454

00:42:15,780 --> 00:42:17,780

I had no idea who I was.

455

00:42:17,780 --> 00:42:19,780

Trying to get to George, trying to get to George.

456

00:42:19,780 --> 00:42:24,780

A couple emails here and there, always face the mouth six months, make sure I'm not, you know, being...

457

00:42:24,780 --> 00:42:27,780

...attacky. But yeah, stalk the shit out of George.

458

00:42:27,780 --> 00:42:32,780

And then one day I get this call, I go, hello? And they go, hold for George now.

459

00:42:32,780 --> 00:42:38,780

And I'm like, what, what, what? Remember, I'm trying to get to this guy for two fucking years, right?

460

00:42:38,780 --> 00:42:44,780

And I was like, holy shit, right? This is my one chance to impress upon George that I'm serious,

461

00:42:44,780 --> 00:42:48,780

that I want to know the truth, that I'm not being judgmental, that I'm kind of a filmmaker,

462

00:42:48,780 --> 00:42:54,780

like I've got a camera, you know? And I've been filming with John Lear, which was kind of George Knapp's gateway drug into UFOs too.

463

00:42:54,780 --> 00:42:59,780

Hello and welcome to On The Record. My guest again this week is UFO researcher John Lear.

464

00:42:59,780 --> 00:43:00,780

Mr. Lear, nice to have you here again.

465

00:43:00,780 --> 00:43:02,780

Always a pleasure to be here, George.

466

00:43:02,780 --> 00:43:09,780

And there he is. This is George. And I was just like, okay, here we go. This is what I got. I just go,

467

00:43:09,780 --> 00:43:14,780

my name is Jeremy Corbell. I've been following this UFO thing for quite some time. I'm not a crazy person, I'm a normal person,

468

00:43:14,780 --> 00:43:18,780

but I do have a camera and I've been documenting this guy named John Lear. I really want to know the truth about UFOs.

469

00:43:18,780 --> 00:43:21,780

I have no preconceived notions. I just want to know, does Bob Bazar tell the truth? He's not telling the truth.

470

00:43:21,780 --> 00:43:24,780

You've been the kingpin, the lynchpin, you reported this. You're a trusted person.

471

00:43:24,780 --> 00:43:29,780

I really just need to know, is there a way that you might be able to give me a briefing and basically tell me the landscape of this world

472

00:43:29,780 --> 00:43:32,780

so that I can understand it just a little bit better?

473

00:43:34,780 --> 00:43:38,780

The longest pause in telephone history.

474

00:43:39,780 --> 00:43:43,780

Then all of a sudden, I hear this kind of like,

475

00:43:46,780 --> 00:43:48,780

and I'm like, okay, so he's still on the phone.

476

00:43:48,780 --> 00:43:50,780

Okay, here I am.

477

00:43:50,780 --> 00:43:57,780

So, he throws down about an hour plus telling me what he knows, what he suspects,

478

00:43:57,780 --> 00:44:00,780

what he can prove, what he can't prove, and where this might be going.

479

00:44:00,780 --> 00:44:07,780

He did that for me with all sincerity, not really knowing me from anybody.

480

00:44:07,780 --> 00:44:11,780

So from that day forward, man, we became friends quickly.

481

00:44:11,780 --> 00:44:16,780

So we are partners in our work together. He's my mentor.

482

00:44:16,780 --> 00:44:19,780

When we sit here and talk and you give me tutorship in a way,

483

00:44:19,780 --> 00:44:24,780

and I don't even know if you know you're doing it, but how to operate, how to navigate this world, it's really powerful for me.

484

00:44:24,780 --> 00:44:26,780

But he's also family to me, you know?

485

00:44:26,780 --> 00:44:32,780

You can have all the degrees from Harvard that you want, or any other Ivy League school or Oxford or whatever, you know?

486

00:44:32,780 --> 00:44:40,780

But I tell you what is rare, someone who you can trust with your life in terms of sharing information with, someone who gets it.

487

00:44:40,780 --> 00:44:45,780

I was coming to do an interview for Weaponized, and then, you know, there was another meeting,

488

00:44:45,780 --> 00:44:48,780

and I can't talk about that on camera, but there was another meeting.

489

00:44:48,780 --> 00:44:54,780

I'm in a car with George, you're on speakerphone, and the camera crew is currently rolling.

490

00:44:54,780 --> 00:44:55,780

Is that okay?

491

00:44:55,780 --> 00:44:56,780

Absolutely fine.

492

00:44:56,780 --> 00:45:01,780

You have to be prepared as a journalist to potentially go to jail to protect your sources,

493

00:45:01,780 --> 00:45:04,780

and I have no doubt that Jeremy would do that.

494

00:45:04,780 --> 00:45:09,780

There are a lot of people that speak to Jeremy behind the scenes, and they trust Jeremy with their lives, you know?

495

00:45:09,780 --> 00:45:13,780

And this is a very, very serious thing because their lives could come under threat.

496

00:45:13,780 --> 00:45:16,780

I know I saw it in the crowd there, my buddy Jeremy Corbell.

497

00:45:16,780 --> 00:45:21,780

Mr. Corbell says the UFO is emerging as a major topic of global importance.

498

00:45:21,780 --> 00:45:25,780

I can state that as a fact, so this is huge. This is worldwide.

499

00:45:25,780 --> 00:45:30,780

There's some very good reporting being done, both in the mainstream media and outside the mainstream media.

500

00:45:30,780 --> 00:45:37,780

We live in an era now where, to be a good journalist, you don't have to be attached to the Washington Post or the New York Times or the Wall Street Journal.

501

00:45:37,780 --> 00:45:41,780

People like George Knapp and Jeremy Corbell have broken some really good stories.

502

00:45:41,780 --> 00:45:45,780

I'm a man, I am a patriot, but I'm also a pirate.

503

00:45:45,780 --> 00:45:53,780

So you have to understand something. People leak footage all the time to journalists, and sometimes it's military footage.

504

00:45:53,780 --> 00:45:59,780

And I think it's very powerful for the public to have something tangible to talk about, to analyze.

505

00:45:59,780 --> 00:46:04,780

Tonight, a newly released video raising questions about the existence of UFOs.

506

00:46:04,780 --> 00:46:08,780

The man who posted the footage is documentary filmmaker Jeremy Corbell.

507

00:46:08,780 --> 00:46:11,780

Jeremy Corbell joins me now, Jeremy. Good evening. The footage is incredible.

508

00:46:11,780 --> 00:46:20,780

And putting out those videos does push us forwards in regards to the topic, because in terms of someone who's well-versed in commons from our own background,

509

00:46:20,780 --> 00:46:25,780

I can tell you that having an image or a video really propels the topic.

510

00:46:25,780 --> 00:46:31,780

And I think in terms of the UAP field, he's probably the best communicator that we actually have.

511

00:46:31,780 --> 00:46:35,780

What's the latest and greatest in UFO information?

512

00:46:35,780 --> 00:46:40,780

The world, in my opinion, has really changed since we started talking about this.

513

00:46:40,780 --> 00:46:44,780

These are not just claims. We have corroborative visual evidence.

514

00:46:44,780 --> 00:46:51,780

There are times when they have turned off or on our nuclear weapons, and this is well-documented by our own military.

515

00:46:51,780 --> 00:46:57,780

It doesn't matter where these machines are from. We know they outpace, outmaneuver, and overperform any of our weaponry.

516

00:46:57,780 --> 00:47:01,780

This changes the fabric of our understanding of what it means to be human.

517

00:47:01,780 --> 00:47:04,780

They're coming to you and want to discuss these things with you.

518

00:47:04,780 --> 00:47:11,780

The world is creaking under the stress and the weight of the UFO reality.

519

00:47:11,780 --> 00:47:17,780

You know, look, ever since I started vetting David Grush, he's become a part of my life. We talk all the time.

520

00:47:17,780 --> 00:47:22,780

He came to George Knapp and me first, so from the very beginning, I've been vetting, vetting.

521

00:47:22,780 --> 00:47:26,780

He's become part of my life. It's an ongoing dialogue and conversation.

522

00:47:34,780 --> 00:47:44,780

Look, man, reprisals are real.

523

00:47:44,780 --> 00:47:51,780

The effect of trying to silence people, that is absolutely real as well.

524

00:47:51,780 --> 00:48:01,780

Without getting into the weeds of the conversations that I have on a weekly basis of people wanting to come forward,

525

00:48:01,780 --> 00:48:10,780

I've seen agencies that have inked already their complaints officially through the system to people like David Grush,

526

00:48:10,780 --> 00:48:15,780

who really just took it on the chin, came forward, said what he could say in that setting and said,

527

00:48:15,780 --> 00:48:19,780

I got a lot more. Get me people authorized to hear it.

528

00:48:19,780 --> 00:48:23,780

Yeah, man, you're going to take shots. And again, it's not just about having thick skin.

529

00:48:23,780 --> 00:48:28,780

You better truly, deeply be prepared to the core of who you are to take those hits.

530

00:48:32,780 --> 00:48:44,780

There are a variety of ways in which people get information to me.

531

00:48:44,780 --> 00:48:55,780

What I'm going to show you now is a footage was captured by our military in 2018.

532

00:48:55,780 --> 00:48:58,780

It's in Iraq over a sensitive facility.

533

00:48:58,780 --> 00:49:07,780

Why it caught my attention is because it was designated UAP on an identified aerophenomena by our intelligence agencies.

534

00:49:07,780 --> 00:49:13,780

And then it was treated with just spectacular secrecy.

535

00:49:13,780 --> 00:49:16,780

So it was important enough that this video was sent to me.

536

00:49:16,780 --> 00:49:21,780

It does not look like a traditional UFO, like a sphere or a saucer,

537

00:49:21,780 --> 00:49:26,780

but this shape has been seen since the beginning of UAP or UFOs.

538

00:49:26,780 --> 00:49:28,780

Call it the jellyfish UAP.

539

00:49:34,780 --> 00:49:38,780

It's in thermal. It was filmed on a weapons platform.

540

00:49:41,780 --> 00:49:44,780

You see that there's a dog there. See the animals are black.

541

00:49:44,780 --> 00:49:48,780

I'm assuming this is black hot. You see the object just went to white.

542

00:49:48,780 --> 00:49:51,780

And you'll see it going from white to black, white to black.

543

00:49:51,780 --> 00:49:54,780

And that's basically showing the heat differential.

544

00:49:54,780 --> 00:49:57,780

So it's going like hot and cold, hot and cold.

545

00:50:01,780 --> 00:50:04,780

The problem was the optics platform was jammed.

546

00:50:04,780 --> 00:50:11,780

These individuals who target with these platforms, they can shoot out an alkydotire at 27 miles away.

547

00:50:11,780 --> 00:50:15,780

But not being able to lock it was one of the first signs that something's weird.

548

00:50:19,780 --> 00:50:24,780

I was able to find direct eyewitnesses and corroborate that this event did happen.

549

00:50:24,780 --> 00:50:30,780

When individuals would target in on it with the optics, the way it was described,

550

00:50:30,780 --> 00:50:34,780

each of these hanging things, they were stiff, like they weren't moving.

551

00:50:34,780 --> 00:50:40,780

They had geometric form like scales where it was said to be scales like an armor.

552

00:50:40,780 --> 00:50:46,780

There were also people with night vision who were out and they were tasked to go look for it.

553

00:50:46,780 --> 00:50:51,780

They couldn't see it on the night vision, only in the thermal spectrum could it be seen.

554

00:50:53,780 --> 00:50:57,780

But anything that looks like that appears to have a payload, that's a big deal.

555

00:50:57,780 --> 00:51:00,780

It could be dangerous. So these are high priority.

556

00:51:00,780 --> 00:51:08,780

But what happened is there were a couple other nations involved and the feeds were shut, just shut immediately.

557

00:51:10,780 --> 00:51:12,780

So that put me on high alert too.

558

00:51:12,780 --> 00:51:16,780

Why is it completely being shut down? But that's not all it did.

559

00:51:22,780 --> 00:51:29,780

It goes out over a body of water. I'm told it stops on a dime, descends into the water, stiff into the water.

560

00:51:32,780 --> 00:51:34,780

And for 17 minutes, nothing.

561

00:51:35,780 --> 00:51:41,780

And boom, this thing comes up out of the water and shoots off at 45 degrees, just like that.

562

00:51:41,780 --> 00:51:48,780

It looks very much like what I've heard that has made incursions into nuclear facilities,

563

00:51:48,780 --> 00:51:54,780

because I know for sure fact of the matter, there is footage from inside a nuclear facility.

564

00:51:54,780 --> 00:51:57,780

And I'll just say a pantext. That's the one, man.

565

00:51:58,780 --> 00:52:06,780

Something that appears identical to this moves between these nuclear silos and shot off again at a 45 degree angle.

566

00:52:06,780 --> 00:52:12,780

What it is, I don't know. But now when it goes over a body of water, I do have some footage of that.

567

00:52:17,780 --> 00:52:22,780

This is when that same object, a jellyfish UFO, goes out over this.

568

00:52:23,780 --> 00:52:28,780

You kind of get an idea by the distance now how far these optic systems can reach.

569

00:52:28,780 --> 00:52:37,780

When it gets to that point where it's over the water, every source that I have talked with who is aware of this footage, that footage exists.

570

00:52:37,780 --> 00:52:45,780

You've got a UFO or UAP descends into the water, stiff, comes back up and then shoots off 45 degrees.

571

00:52:45,780 --> 00:52:49,780

Now, this was taken by an intelligence agency and buried.

572

00:52:49,780 --> 00:52:54,780

So I don't know, man. These are the cases that sparked me. I don't know what this is.

573

00:52:54,780 --> 00:53:00,780

I just know when I get military-filmed UAP footage designated, where people risk getting that to me,

574

00:53:00,780 --> 00:53:04,780

I take it as serious as it sounds and I try to get to the bottom of it.

575

00:53:04,780 --> 00:53:08,780

It's hard, you know, but I do have a number of direct eyewitnesses now.

576

00:53:08,780 --> 00:53:22,780

What am I sitting on? Yeah, you and every other intelligence agency on planet Earth wants to know the answer to that question.

577

00:53:24,780 --> 00:53:31,780

Look, man, I will tell you this, our government in the United States has always taken this seriously, dead seriously.

578

00:53:31,780 --> 00:53:46,780

I know for a matter of fact that the UFO topic is considered more important at a higher level of security than weapons of mass destruction.

579

00:53:46,780 --> 00:53:48,780

Launch Hilo ASAP.

580

00:53:48,780 --> 00:53:56,780

This has never been something that is adjacent to what's important to our intelligence agencies, to our own government and defense systems.

581

00:53:56,780 --> 00:54:00,780

This has always been right there front burner, whether they've admitted it or not.

582

00:54:00,780 --> 00:54:03,780

7-8-1 just fed up to 46 knots.

583

00:54:03,780 --> 00:54:05,780

Hey, hey, try to catch the picture.

584

00:54:05,780 --> 00:54:10,780

The more and more that people try to clamp down on this information, it's having the adverse effect.

585

00:54:10,780 --> 00:54:13,780

More and more witnesses are coming forward, more and more whistleblowers.

586

00:54:13,780 --> 00:54:19,780

More and more people are calling me in confidence, telling me what I need to know to take the next step.

587

00:54:19,780 --> 00:54:25,780

Yeah, there's any of that, man. This guy is not reporting T-guests. That is an unidentified flying object, bro.

588

00:54:25,780 --> 00:54:28,780

I can finally say I saw one now. That is cool.

589

00:54:28,780 --> 00:54:34,780

Knowing the truth about what UFOs represent to humanity would change humanity completely.

590

00:54:34,780 --> 00:54:37,780

People speculate that our energy would change.

591

00:54:37,780 --> 00:54:43,780

It could be the survival of planet Earth if these technologies can do what we are recording them doing.

592

00:54:43,780 --> 00:54:44,780

I don't think they should.

593

00:54:44,780 --> 00:54:46,780

Oh, whoa, whoa, whoa, whoa. What is that?

594

00:54:46,780 --> 00:54:52,780

But I think what UFOs represent to humanity is more important than UFOs themselves.

595

00:54:52,780 --> 00:54:54,780

Oh, my gosh!

596

00:54:54,780 --> 00:54:56,780

Okay, it's down the tree. What is that?

597

00:54:56,780 --> 00:55:04,780

Are we alone in the universe? No. Is it distant life somewhere else? No. They're coming here.

598

00:55:04,780 --> 00:55:11,780

And if that's the truth, how would it not transform everything about our world? How could it not?

599

00:55:15,780 --> 00:55:19,780

If I was to tell you about David Grosh two years ago, you would have think I'm mad.

600

00:55:19,780 --> 00:55:23,780

What I personally witnessed myself and my wife was very disturbing.

601

00:55:23,780 --> 00:55:26,780

Is there any moment where you've kind of regretted speaking up?

602

00:55:26,780 --> 00:55:29,780

I don't regret it. I didn't want to live in a matrix.

603

00:55:29,780 --> 00:55:34,780

You hear others claiming that it's an embarrassment to science.

604

00:55:34,780 --> 00:55:37,780

Mobs of scientists attack me personally.

605

00:55:37,780 --> 00:55:40,780

The United States is not particularly friendly to whistleblowers.

606

00:55:40,780 --> 00:55:45,780

There have actually been some very, very odd and mysterious injuries and deaths.

607

00:55:45,780 --> 00:55:48,780

It makes you wonder, is there something going on here?

608

00:55:49,780 --> 00:55:52,780

The UFO community is absolutely its worst enemy.

609

00:55:54,780 --> 00:55:57,780

For me, it was almost like I was being pranked, in a sense.

610

00:55:57,780 --> 00:56:03,780

Make no mistake here. Many, many, many people have stated that they've had such experiences.

611

00:56:03,780 --> 00:56:06,780

Past the foot of my bed, there were two beings.

612

00:56:06,780 --> 00:56:10,780

Very quickly, the being off the foot of my bed started moving towards me.

613

00:56:10,780 --> 00:56:15,780

The other being raised its arm that had this wand in its hand. Towards me.

614
