

1

00:00:00,000 --> 00:00:14,720

The committee concluded that in the 19 years since the first UFO was sighted, there has

2

00:00:14,720 --> 00:00:21,720

been no evidence that unidentified flying objects are a threat to our national security.

3

00:00:21,720 --> 00:00:39,080

Oh, it's a butcher. I know. Lay down. Lay down. I know. I gotta submit to the kisses

4

00:00:39,080 --> 00:00:45,640

or it's just gonna happen. Come here. Lay down. Lay down. I'm kind of shocked that a buddy of mine

5

00:00:45,640 --> 00:00:52,560

is gonna talk with me, but you know it's an individual that has direct insight into what I

6

00:00:52,560 --> 00:01:03,160

call the chandelier UAP. It was classified UFO UAP by our intelligence agencies.

7

00:01:09,080 --> 00:01:21,640

Hello? Hey, man, how's it going? Good, man, how are you? I'm good. So you are aware that I have to

8

00:01:21,640 --> 00:01:27,240

receive something multiple times if it appears to be a military-based assessment that something is a

9

00:01:27,240 --> 00:01:38,200

UFO, right? Correct. So I've got a still image or something that I have learned to be called the

10

00:01:38,200 --> 00:01:44,440

chandelier UAP. Does that ring a bell to you? It does.

11

00:01:44,440 --> 00:01:59,680

This still image, it was filmed, I can tell by the coordinates, it was filmed over the Persian Gulf.

12

00:01:59,680 --> 00:02:04,160

It's called the chandelier because if you lay down at your dining room table and look up at your

13

00:02:04,160 --> 00:02:11,160

chandelier, it looks just like that. It's very thin and the object does not circulate on its own.

14

00:02:11,480 --> 00:02:19,480

It is going in very small circles. So what was the most impressive thing to you about this video,

15

00:02:19,480 --> 00:02:26,120

which the world has not seen yet? The fact that it just, it makes no sense. It is just the most bizarre

16

00:02:27,240 --> 00:02:34,920

structure with no purpose and with speed that has everyone across the intelligence community just

17

00:02:34,920 --> 00:02:40,760

asking questions and trying to figure out what this thing is. There is no wings. There is seemingly

18

00:02:40,840 --> 00:02:47,640

no place for anyone to sit on. It's just a bizarre shape that has a strange propulsion

19

00:02:47,640 --> 00:02:54,600

and is appeared immediately. So you have obviously had had great access to things that the public

20

00:02:54,600 --> 00:03:01,400

hasn't seen yet and it is your determination that this UFO thing, there's something major to it

21

00:03:01,400 --> 00:03:04,840

and the public should know? Absolutely. Absolutely, 100%.

22

00:03:05,080 --> 00:03:15,640

I can tell you that across the US intelligence community, there are people like me and David

23

00:03:15,640 --> 00:03:20,280

who have seen things and are asking questions and trying to figure out what we're seeing because

24

00:03:20,280 --> 00:03:25,880

there are no answers and when the higher ups see these, they just find an excuse and that's what's

25

00:03:25,880 --> 00:03:33,720

frustrating. Are you convinced that UAP are from some technologically advanced group that we

26

00:03:33,720 --> 00:03:40,760

don't directly know of? That's a loaded question. There are so many possibilities.

27

00:03:42,360 --> 00:03:50,360

It's not us now. It's not adversaries. Is it us from some other place or convention or

28

00:03:50,360 --> 00:03:54,440

there are so many possibilities. They're probably sound crazy but I think about it a lot

29

00:03:55,240 --> 00:03:59,560

and there are a lot of people in the intelligence community that don't make the large decisions

30

00:03:59,560 --> 00:04:03,960

but aren't interested in this, where they come from, whether it's in the sea,

31

00:04:05,160 --> 00:04:10,520

someplace else, it's just a mystery. And one other thing I'd like to say to you, Jeremy, is

32

00:04:11,720 --> 00:04:19,320

there are many, many videos that can't be released of surveillance of other countries that we are

33

00:04:19,320 --> 00:04:27,560

doing with UAP all the time, especially around aircraft and around ships. Like Russian ships

34

00:04:27,560 --> 00:04:33,880

and two bad boys flying by. Not that I've seen it with my own eyes but just saying. Yes, I've seen

35

00:04:33,880 --> 00:04:39,160

quite a bit of that and that will never be released, I'm sure. But as far as our collection in the

36

00:04:39,160 --> 00:04:44,280

skies, I have no problem with that. It's not. Wow, man. Imagine what we're capturing with our

37

00:04:44,280 --> 00:04:50,840

sensors now. Well, thanks, man. I appreciate for all this time just kind of giving me your

38

00:04:50,840 --> 00:04:55,160

insights. There's a lot of people that I talk with that kind of cross-reference.

39

00:04:56,040 --> 00:05:01,080

You know, if something is legitimate or real, just even knowing that what I received is an

40

00:05:01,080 --> 00:05:06,440

actual mystery to our intelligence agencies, that's a good heads up. So I appreciate that.

41

00:05:06,440 --> 00:05:11,240

It is a mystery. It is a mystery. It involves the IC. Yes, it is a mystery.

42

00:05:11,240 --> 00:05:16,680

I know, dude. There's some good stuff out there. Here's the deal. I'm just glad that there's people

43

00:05:16,680 --> 00:05:21,160

in the IC interested in this and hopefully if something is of that importance, people keep

44

00:05:21,160 --> 00:05:24,760

coming forward and giving that information to journalists or whatever because I think it's

45

00:05:25,800 --> 00:05:29,880

key. I don't know if the normal process is going to move this forward. I think that,

46

00:05:29,880 --> 00:05:35,400

unfortunately, we have to rely on whistleblowers and maybe even leaks to some degree, but whistleblowers

47

00:05:35,400 --> 00:05:39,560

in particular, I think, is going to move this ball forward. So anyway, man, thanks for your

48

00:05:39,560 --> 00:05:44,120

insights. As always, good to talk with you. And yeah, man, you just take care of them.

49

00:05:44,920 --> 00:05:47,800

Thank you and please keep doing your work. All right. Thanks, brother. Bye.

50

00:05:48,280 --> 00:05:56,280

We are on the cusp of a question that has kind of burdened human consciousness since the beginning.

51

00:05:57,960 --> 00:05:58,920

Are we alone?

52

00:06:03,640 --> 00:06:09,640

We are now on the cusp of answering that question. This cover up and it is a cover up.

53

00:06:09,640 --> 00:06:15,720

It has harmed people having to keep this secret. You have been lied to. The only way that we're

54

00:06:15,720 --> 00:06:20,760

going to be able to break through this is to protect those that are coming forward. People have

55

00:06:21,480 --> 00:06:25,880

gone and fought to get this information out and I don't know where we're going to land.

56

00:06:30,360 --> 00:06:33,640

It's now our job to pry these doors open.

57

00:06:35,960 --> 00:06:38,760

No fucking way.

58

00:06:39,800 --> 00:06:40,920

What are we looking at?

59

00:06:41,800 --> 00:06:49,240

The truth might not be roses and birthday cake. It might not be something very palatable. It might

60

00:06:49,240 --> 00:06:56,360

be nefarious. Look, that is a possibility. The reality is every inch, every millimeter of truth

61

00:06:56,360 --> 00:07:01,640

on this subject has been fought for at the personal peril of many people that speak to journalists

62

00:07:01,640 --> 00:07:03,080

like myself and George Knapp.

63

00:07:11,080 --> 00:07:21,880

My name is George Knapp. I am an investigative reporter with KLAS TV. I've been chasing the UFO

64

00:07:21,880 --> 00:07:27,800

mystery since 1987, a long time. Despite some sniping from other media and the scoffing of

65

00:07:27,800 --> 00:07:32,840

government officials, people want to know about UFOs. They could be extraterrestrial,

66

00:07:32,840 --> 00:07:38,920

interdimensional, time travelers, all the above. They could be so many more exotic possibilities

67

00:07:39,000 --> 00:07:45,560

that we haven't even considered. Here's another one right here. You see him? Flying right over our

68

00:07:45,560 --> 00:07:51,240

heads. We have to be open to all the possibilities because the fact is nobody knows for sure. As

69

00:07:51,240 --> 00:07:56,760

I've said, I've been at this for 35, 36 years. I've met people who have been at the highest

70

00:07:56,760 --> 00:08:01,800

echelons of government and the highest echelons at Congress. They've tried to get the answers to

71

00:08:01,800 --> 00:08:07,480

this. No one that I know for sure knows the answers to this stuff. We have to be open to all those

72

00:08:07,480 --> 00:08:12,040

possibilities because there's an ontological shock coming. A lot of people who have not paid

73

00:08:12,040 --> 00:08:17,480

attention to this topic who think it's all nonsense. It's tabloid stories are in for a really big

74

00:08:17,480 --> 00:08:23,160

surprise because it's real. It's true. It's here and we need to figure it out. From a newsman's

75

00:08:23,160 --> 00:08:28,040

perspective, I can say this. It would be the biggest story in history. The biggest story, period.

76

00:08:28,920 --> 00:08:41,960

This information, it can be difficult because it completely shatters this idea, this dome of

77

00:08:41,960 --> 00:08:47,960

possibility that we believed we live in. I don't know where this goes, but I do know it's necessary.

78

00:08:47,960 --> 00:08:54,120

It's a lot to get your head around and I'm not sure how humanity in general would react to it.

79

00:08:54,120 --> 00:08:58,600

We begin this morning with more unidentified objects in the skies over the United States.

80

00:08:58,600 --> 00:09:02,920

Yeah, the Pentagon has confirmed that three objects have been shot down in American airspace

81

00:09:02,920 --> 00:09:10,280

since Friday. In February, our government shot down three UFOs, unknown objects in the sky.

82

00:09:10,280 --> 00:09:14,600

One of those was a Chinese balloon. We don't know what the other two are because they haven't told

83

00:09:14,600 --> 00:09:19,720

us what they were, but you know, the public paid attention for about three days and then they went

84

00:09:19,720 --> 00:09:27,960

back to, hey, when's that Barbie movie coming out? Disclosure is a double-edged sort. Real

85

00:09:27,960 --> 00:09:33,640

disclosure means truth. That's what we must always remember. And the truth is not always fun.

86

00:09:34,440 --> 00:09:40,520

The truth is not always psychologically reassuring. The reality is that the truth can be disturbing.

87

00:09:41,640 --> 00:09:44,680

Now, the question is, do you want to know it or not? There's a good analogy here.

88

00:09:45,480 --> 00:09:50,760

You're asleep. You're dreaming. And you dream you're on the beach. You're drinking margaritas. You're

89

00:09:50,760 --> 00:09:56,040

having a great time. It's awesome. In reality, your house is burning. What do you want to do?

90

00:09:56,040 --> 00:09:59,080

You want to keep with the dream and keep drinking the margaritas in your dream?

91

00:09:59,080 --> 00:10:01,560

Or do you need to wake up and deal with the fire?

92

00:10:04,200 --> 00:10:09,480

When I'm told I can't know something, oh, you don't want to know the truth, you can't handle the

93

00:10:09,480 --> 00:10:15,320

truth. Fuck that. Yes, I can. What does it look like if we figure this all out?

94

00:10:15,320 --> 00:10:19,560

We're pretty close to reaching the most realistic goal that I think is achievable,

95

00:10:19,560 --> 00:10:23,880

and that is for a government to acknowledge there's a non-human intelligence among us.

96

00:10:23,880 --> 00:10:26,920

I don't think that there is ever going to come a day when they're saying, yeah,

97

00:10:26,920 --> 00:10:30,280

aliens are real. They've been abducting us. There's nothing we can do about it.

98

00:10:30,280 --> 00:10:34,760

They control our nuclear weapons. Sorry, good night. That's not going to happen.

99

00:10:35,480 --> 00:10:41,800

I think we are pretty close to forcing the hand of those keepers of the sequence.

100

00:10:43,640 --> 00:10:50,840

A genuine disclosure of the UAP UFO subject would be probably just about the most earth-shattering

101

00:10:50,840 --> 00:10:57,640

thing imaginable. It would have implications for our entire society. It really will show

102

00:10:58,280 --> 00:11:02,440

potentially at the deepest levels a society that has lived a foundational

103

00:11:02,440 --> 00:11:06,920

lie for an entire human lifetime. I don't know what gets bigger than that.

104

00:11:06,920 --> 00:11:11,160

There are a number of different theories about what this phenomenon might be,

105

00:11:11,720 --> 00:11:17,880

but then also the prosaic explanation that it may simply be our own technology,

106

00:11:17,880 --> 00:11:21,240

technology that the U.S. government has that we just don't know about yet.

107

00:11:21,800 --> 00:11:36,280

The aerospace defense companies who are often the ones who are working on these black budget

108

00:11:36,280 --> 00:11:40,920

programs behind the scenes, these are people who understand how to play high-level chess.

109

00:11:40,920 --> 00:11:46,600

And so one of the possibilities is that this is some of our classified tech that's much more

110

00:11:46,600 --> 00:11:50,440

advanced than anyone would have ever expected and they want to get it out of the garage.

111

00:11:54,520 --> 00:12:01,160

For a long time, I wanted to believe that this was our technology, this was our black tech,

112

00:12:01,160 --> 00:12:04,280

and that we beat anti-gravity and go America.

113

00:12:06,680 --> 00:12:13,240

I know that our government, our intelligence agencies, have used UFOs and UFO mythology to cover

114

00:12:13,320 --> 00:12:17,560

top-secret programs and top-secret platforms and technologies. They've done that.

115

00:12:17,560 --> 00:12:25,000

They've taken advantage of UFO stories and lore to hide advanced platforms, planes,

116

00:12:25,000 --> 00:12:30,360

that can do amazing things. And so it could be they're going to fake some sort of fake alien

117

00:12:30,360 --> 00:12:35,000

invasion to freak us all out and get us to say, sure, spend whatever you have to do to keep us safe.

118

00:12:35,000 --> 00:12:39,960

This was actually done many years ago in the 1990s. The official historian of the CIA,

119

00:12:39,960 --> 00:12:46,120

whose name was Gerald Payne, he said, we were flying the U-2 aircraft and the SR-71 and a

120

00:12:46,120 --> 00:12:50,040

lot of people thought those were UFOs and we just let people believe that because, well,

121

00:12:50,040 --> 00:12:54,040

we didn't want them to know what our actual technological capabilities were. Well, the

122

00:12:54,040 --> 00:12:59,720

fact is the United States does develop a great amount of exotic, very advanced technology,

123

00:12:59,720 --> 00:13:08,600

black budget tech, we can say. I have personally felt the blunt force trauma of that secrecy,

124

00:13:08,600 --> 00:13:16,440

of our governments will and desire to hold this fundamental fact back from its population,

125

00:13:16,440 --> 00:13:23,800

from us. And that congressional hearing, it was a monumental moment in human history to get to

126

00:13:23,800 --> 00:13:33,960

ground truth on the UFO phenomenon. A multi-decade UAP crash retrieval and reverse engineering program,

127

00:13:34,600 --> 00:13:38,920

I made the decision to report this information and in effect becoming a whistleblower.

128

00:13:38,920 --> 00:13:42,840

Have you met with people about advanced technologies that the U.S. government has?

129

00:13:42,840 --> 00:13:46,200

Both space and aerospace compartmental programs, yeah.

130

00:13:46,200 --> 00:13:49,800

Do you have knowledge or do you have reason to believe that there are programs

131

00:13:49,800 --> 00:13:52,040

in the advanced tech space that are unsanctioned?

132

00:13:53,720 --> 00:13:58,920

Yes, I do. It was incredibly vindicating to hear about somebody at such a high level

133

00:13:58,920 --> 00:14:05,640

talking about these cover-ups of crash retrievals that our government or defense contractors have

134

00:14:05,640 --> 00:14:11,240

been hiding and studying recovered technology that's not from our civilization.

135

00:14:12,040 --> 00:14:17,800

UFOs are real. We have craft. We have obtained some of them. We are exploiting them. We try to

136

00:14:17,800 --> 00:14:23,560

figure out how it works. Can we reverse engineering? So naturally, we go to our contractors, some of

137

00:14:23,560 --> 00:14:30,120

these big aerospace companies like Lockheed Martin, Raytheon Boeing, and we say, hey, you know,

138

00:14:30,120 --> 00:14:36,040

look, here's a product we need in secrecy because of national security. We need you to exploit this

139

00:14:36,040 --> 00:14:41,960

and figure out for us. Over time, though, the compartmentalization has made it so there's no

140

00:14:41,960 --> 00:14:47,640

oversight of these exploitation programs that are occurring today.

141

00:14:47,640 --> 00:14:52,440

You can't fool your Lockheed and ask them if they've got a flying saucer in Burbank,

142

00:14:52,440 --> 00:14:58,040

something like that. So they rely on advanced companies like these aerospace companies to

143

00:14:58,040 --> 00:15:02,680

figure out how they work. Can we duplicate that technology? That's what we're trying to do.

144

00:15:02,680 --> 00:15:07,080

It's what the Russians are trying to do, the Chinese, and probably a couple of other countries as well.

145

00:15:10,120 --> 00:15:16,120

There's money involved in this. There's money involved in UFO tech. I mean, you think about it.

146

00:15:16,120 --> 00:15:22,040

If there actually is real alien tech, what's the monetary value of that? It's got to be

147

00:15:22,040 --> 00:15:28,120

very high. And if you've got defense contractors, some of them have in on this and they're able

148

00:15:28,120 --> 00:15:32,280

to exploit this. Well, that's a moneymaker. It's like a goose that lays golden eggs.

149

00:15:40,920 --> 00:15:46,520

You have a Pentagon that has billions of dollars that they hide. We don't ask for any accounting of.

150

00:15:47,080 --> 00:15:51,560

They never pass an audit in the history of audits. I've often said the only way we're really going

151

00:15:51,560 --> 00:15:56,280

to get to the bottom of this is somebody's going to walk out of one of these labs with this information

152

00:15:56,280 --> 00:16:02,280

and puts it out on the Internet before they commit suicide by shooting themselves in the back of the head five times.

153

00:16:05,720 --> 00:16:11,720

My attitude is never underestimate the establishment's ability to keep this

154

00:16:11,720 --> 00:16:17,080

contained for as long as they want. It is my belief that if the individuals and the groups in charge

155

00:16:17,080 --> 00:16:21,480

of secrecy on this matter and there are such people, if they could hold this out for five more years,

156

00:16:21,480 --> 00:16:25,080

they'll do it. If they could hold it out for 50 more years, they'll do that too.

157

00:16:25,880 --> 00:16:28,360

This is a delay game for as long as possible.

158

00:16:33,080 --> 00:16:39,640

There is no way you can divorce national security implications from that idea of technology. So

159

00:16:39,640 --> 00:16:44,360

that's a big reason for that secrecy. And I think it's going to continue. And even though people

160

00:16:44,440 --> 00:16:49,800

like Jeremy and I are pounding away at it and trying to get to the bottom of it, it's always going to be that way.

161

00:16:53,640 --> 00:17:00,120

Do you believe that extraterrestrial intelligence has visited planet Earth?

162

00:17:00,120 --> 00:17:04,840

I think you can go a step further. It hasn't just visited. It's been here a long time. And people

163

00:17:04,840 --> 00:17:11,000

talk about the wow signal, looking for extraterrestrial intelligence. The wow signal is that people see

164

00:17:11,080 --> 00:17:15,080

it on an almost regular basis. That's the communication that's already here.

165

00:17:15,080 --> 00:17:20,360

If you had to assign a probability to that statement, that you believe extraterrestrial

166

00:17:20,360 --> 00:17:24,040

intelligence has visited this planet, what probability would you assign?

167

00:17:24,600 --> 00:17:27,800

100%.

168

00:17:27,880 --> 00:17:45,240

So, you know, why did I say that? To make an advance in an area, sometimes you have to stake out

169

00:17:45,240 --> 00:17:53,000

slightly more extreme position than you normally would. If I'd said 60% or 95% or even 99%,

170

00:17:53,640 --> 00:17:59,640

it wouldn't have gone anywhere. I think as long as the public doesn't give up

171

00:18:01,080 --> 00:18:07,320

and still continues to press, maybe one day somebody in the government will make a mistake

172

00:18:08,040 --> 00:18:14,360

and the information will get out. We'll see. When I apply for a grant, I will put down my

173

00:18:14,360 --> 00:18:20,360

preliminary data. It's just enough data that I feel is so conclusive that I'm willing to stake

174

00:18:20,920 --> 00:18:24,920

two or three years of my life on it. And I say, this is something that I really believe in.

175

00:18:24,920 --> 00:18:32,520

And I'm going to use this data as my flag in the sand. And I rarely put forward a hypothesis

176

00:18:32,520 --> 00:18:34,840

unless I know it's going to be right.

177

00:18:39,960 --> 00:18:45,320

Another group that comes here might think, that's a really great place. These humans are a real

178

00:18:45,320 --> 00:18:48,680

problem. They're detonating all these nukes. They've got all these weapons.

179

00:18:53,240 --> 00:18:58,840

They're laying waste, really, to the global ecosystem. Let's be real. And they might be thinking,

180

00:19:00,040 --> 00:19:04,040

we can manage that a lot better than they are. How do we do it? We're not really biologically

181

00:19:04,040 --> 00:19:07,800

suited for it. Can we create our own avatars and live there?

182

00:19:15,800 --> 00:19:28,280

I've come across a number of direct witnesses I've spoken to in great detail

183

00:19:29,240 --> 00:19:35,240

who have convinced me that there are, brace yourself, human looking beings, but they're not

184

00:19:35,240 --> 00:19:37,080

quite like us. They're here.

185

00:19:38,040 --> 00:19:48,360

It is something that's been hinted at, that they're right under our noses, that there is a sense

186

00:19:48,360 --> 00:19:53,560

that these non-human intelligence have somehow adapted and become part of our society.

187

00:19:56,200 --> 00:20:01,400

I don't think there are any simple answers when it comes to this. I think some are of this earth

188

00:20:02,040 --> 00:20:06,760

and have actually been residing on this earth for a long time. I believe that some may walk

189

00:20:06,840 --> 00:20:13,400

amongst us. There's no other things that might be. Think about the pandas. Think about a zoo in

190

00:20:13,400 --> 00:20:19,080

China. How do you interact with them without scaring them? You dress up in a panda suit.

191

00:20:19,960 --> 00:20:25,880

And the pandas, being pandas, they don't realize that it's a human. They think it's just another panda.

192

00:20:25,880 --> 00:20:31,400

I've heard this from multiple different sources. Robert Bigelow, Bigelow Aerospace, has talked about

193

00:20:31,480 --> 00:20:37,160

them walking among us. A couple of the primary remote viewers from the US Army and CIA remote

194

00:20:37,160 --> 00:20:41,720

viewing program say that they do look like humans and they walk among us when they want to.

195

00:20:46,600 --> 00:20:51,720

There's the common concept of the little gray alien with the big eyes. The fact is, we don't

196

00:20:51,720 --> 00:20:56,440

really know what they look like. I don't think it's threatening. I don't think they're manipulating us

197

00:20:56,440 --> 00:21:02,920

in some harmful way, but potentially monitoring our activities, potentially monitoring the earth

198

00:21:02,920 --> 00:21:15,800

and the ecology. I think that what we might be seeing is humanity waking up to the fact that

199

00:21:15,800 --> 00:21:21,000

there is a non-human intelligence on this planet. Most people seem to think, because it's the only

200

00:21:21,000 --> 00:21:26,360

thing we've ever seen on television or a movie about UFOs, that this is definitely aliens coming

201

00:21:26,360 --> 00:21:31,000

from another planet. But I don't think that a lot of the public understands actually how wide

202

00:21:31,000 --> 00:21:40,600

the scope of possibilities actually is. What we think of UAP or UFOs, we tend to think of the sky.

203

00:21:42,280 --> 00:21:48,680

But in fact, there are sightings in all parts of the world, including water-based sightings,

204

00:21:48,680 --> 00:21:51,880

USOs, that's unidentified submersible objects.

205

00:21:57,240 --> 00:22:04,280

We've had to modify the term UFO, because in fact they have what's known as trans-medium properties.

206

00:22:04,280 --> 00:22:10,280

They can seamlessly move from air into water and back again. They can clearly fly in space. The

207

00:22:10,280 --> 00:22:15,000

Tic-Tac UFO came down from space to send it 80,000 feet in a matter of seconds.

208

00:22:15,000 --> 00:22:22,920

You'll recall when that case came to public attention from the New York Times story,

209

00:22:22,920 --> 00:22:26,840

they had been seeing things going in and out of the water and flying out from

210

00:22:26,840 --> 00:22:29,960

space down to above the ocean for weeks at a time.

211

00:22:32,200 --> 00:22:37,560

I mean, there are countless cases of things that are seen flying into and out of the ocean.

212

00:22:37,560 --> 00:22:42,600

There are the navies of pretty much every major superpower in the world have these cases. Pretty

213

00:22:42,600 --> 00:22:45,720

dramatic incidents of things that they haven't countered under the water.

214

00:22:53,720 --> 00:22:59,800

Mr. Favre, do you believe that you witnessed an additional object under the water in relation

215

00:22:59,800 --> 00:23:03,720

to your encounter? There was something there to cause the white water, and when we turned around

216

00:23:03,720 --> 00:23:08,360

it was gone, so there was something there that obviously moved. I spoke to Bob McGuire, who's

217

00:23:08,360 --> 00:23:16,360

written about UAP and UFOs, and he reported that he'd been on a navy submarine and something flew by

218

00:23:16,360 --> 00:23:22,040

and what he said was the speed of sound, 700 miles an hour underwater, which seems to be a physical

219

00:23:22,040 --> 00:23:27,720

impossibility given the resistance of water. He said other people saw it too. I mean, it's extraordinary.

220

00:23:33,000 --> 00:23:36,840

We've only actually explored about 5% of the ocean floor.

221

00:23:38,600 --> 00:23:43,800

And the oceans make up over 70% of our planet. We're more of a water planet than we are anything

222

00:23:43,800 --> 00:23:49,400

else. So it's not completely out of the question that something could have evolved to the point of

223

00:23:49,400 --> 00:23:52,840

intelligence under the water without us knowing about it.

224

00:24:09,320 --> 00:24:16,360

The people at the highest level that I have ever had candid conversations, they always refer me to

225

00:24:16,360 --> 00:24:27,160

the movie The Abyss. That there is a presence under the water and UAP reside there, but it makes

226

00:24:27,160 --> 00:24:32,280

sense with how we see their craft being able to operate. A couple years back, I released a well

227

00:24:32,280 --> 00:24:39,320

known video, the USS Omaha, where you see in the thermal footage like an egg-shaped UFO that appears

228

00:24:39,320 --> 00:24:48,440

to descend into the water. What was flashed? This is corroborated by actual reports of people that

229

00:24:48,440 --> 00:24:56,440

were there, helicopter pilots that saw these UFOs going into the water. What I have now seen is that

230

00:24:56,520 --> 00:25:03,320

they are of prime importance to the United States Navy, which encounters them much more than we

231

00:25:03,320 --> 00:25:09,400

realize. I've gone through a number of these reports. Some of these things seem to have the

232

00:25:09,400 --> 00:25:17,800

ability to disable aircraft carriers, battle cruisers, the most powerful, potent things that

233

00:25:17,800 --> 00:25:21,880

if you're running the United States Navy, there's nothing more important than your aircraft carrier.

234

00:25:21,880 --> 00:25:28,680

And yet we have accounts that I consider credible by ex-Navy people saying, oh yes, for 30 minutes we

235

00:25:28,680 --> 00:25:34,200

were unable to engage weapons. That is your single most important piece of military equipment in your

236

00:25:34,200 --> 00:25:40,760

inventory and that thing gets disabled from an object that came rising out of the water, a glowing

237

00:25:40,760 --> 00:25:47,880

orange spherical whatever that's hovering over your ship. They observed a very large 100-yard

238

00:25:48,600 --> 00:25:56,360

sided red square approach the base from the ocean and hover at low altitude over one of the launch

239

00:25:56,360 --> 00:26:02,360

facilities. Put it this way, if you were an alien civilization and you had a base on earth, what

240

00:26:02,360 --> 00:26:07,800

would you like it to be that we pesky humans don't interfere with you? It's a great place to hide if

241

00:26:07,800 --> 00:26:15,240

you needed to. Let's say that you evolved in a solar system where there were occasionally events in

242

00:26:15,240 --> 00:26:22,280

the solar system that you know asteroids that hit your planet and caused mass destruction. Where's a

243

00:26:22,280 --> 00:26:28,360

good place to go that it didn't matter where an asteroid hit? Deep underground. I mean go 10 or 12

244

00:26:28,360 --> 00:26:37,560

miles underground and you know take a pretty big rock to change things. I think in the future that

245

00:26:37,560 --> 00:26:45,080

the research of UFO folks will be in the oceans because if you talk to folks in upper levels

246

00:26:45,080 --> 00:26:50,040

of government they're pretty much convinced that there are bases that there are enclaves of

247

00:26:50,040 --> 00:26:55,240

non-human intelligence under the ocean waves and that that is where we're going to find some answers.

248

00:27:01,080 --> 00:27:05,400

We interrupt our program of dance music to bring you a special bulletin, huge flaming object,

249

00:27:05,400 --> 00:27:10,040

believed to be a meteorite, fell on a farm. Ladies and gentlemen I have a grave announcement to make.

250

00:27:10,040 --> 00:27:14,520

Those strange beings who landed in the Jersey farmland tonight are the vanguard of an invading

251

00:27:14,520 --> 00:27:20,760

army from the planet Mars. Really since the 1930s with force and well's broadcasts there's been a lot

252

00:27:20,760 --> 00:27:27,240

of concern that people might freak out about what's happening that they might overreact to

253

00:27:27,240 --> 00:27:36,040

information about another presence here on earth. A lot of people who have followed my work are

254

00:27:36,040 --> 00:27:41,640

somewhat relieved because I advocate for the idea that they're us, that they're coming back from the

255

00:27:41,640 --> 00:27:47,240

future to visit and study their own evolutionary past. Some people have suggested that this is maybe

256

00:27:47,240 --> 00:27:53,960

even our descendants or like future humans in the future coming back either to study their ancestors

257

00:27:53,960 --> 00:27:59,080

to learn more about us or maybe even to help us with some problems that we're having. Across the

258

00:27:59,080 --> 00:28:05,320

board the recurring pattern is these upright walking human-like individuals that are involved in

259

00:28:05,320 --> 00:28:10,840

these abductions and we need to think about that critically. The fact that they look and act so much

260

00:28:10,840 --> 00:28:15,400

like us that they can breathe our air, they can communicate in our languages and most importantly

261

00:28:15,400 --> 00:28:21,240

they have evolutionary characteristics that are exactly what we'd expect to see in our future

262

00:28:21,240 --> 00:28:27,080

if the same dominant trends continue. So what is the likelihood that we would get those same physical

263

00:28:27,080 --> 00:28:33,080

traits, these same human traits, in a separate evolutionary trajectory on a different planet?

264

00:28:34,120 --> 00:28:39,560

I think the simplest explanation is that they're us in our evolutionary future coming back in time

265

00:28:39,560 --> 00:28:45,880

to visit and study their own past. Now you talk to a physicist, is time travel possible? You know,

266

00:28:47,640 --> 00:28:52,440

I'm past the point in my life where I'm willing to say something is absolutely impossible. I mean

267

00:28:52,440 --> 00:28:57,960

I have been shocked over and over again by certain things that I once thought were never possible in

268

00:28:57,960 --> 00:29:01,640

this world and have turned out to be entirely possible and sometimes absolutely real.

269

00:29:02,280 --> 00:29:11,400

You look at what's happening to the planet now, we're screwing it up pretty badly and you know,

270

00:29:11,400 --> 00:29:15,000

there are a lot of climate scientists who think we've already passed the point of no return.

271

00:29:25,960 --> 00:29:31,480

Throughout the history of the UFO phenomenon, people have reported having dialogue with these

272

00:29:31,720 --> 00:29:37,560

aliens wherever they're from and the message is always the same. It's like an alien editorial,

273

00:29:37,560 --> 00:29:42,120

take care of your planet, quit messing around with nuclear weapons. It suggests that they are

274

00:29:42,120 --> 00:29:46,440

interested in the planet more than they're interested in us because they live here.

275

00:29:51,960 --> 00:29:57,240

They're extraterrestrial, we might expect them to kill us and slave us, take our resources,

276

00:29:57,240 --> 00:30:01,880

but the fact that we don't see that, there's some indication that they're not here to harm us,

277

00:30:01,880 --> 00:30:06,120

they're probably here to study us, but I don't think we need to be fearful of this presence,

278

00:30:06,120 --> 00:30:10,520

especially if they are our evolutionary descendants, they're us in the future.

279

00:30:11,640 --> 00:30:17,880

Everybody has heard extraterrestrial, they maybe have heard extratemporal, which means that we're

280

00:30:17,880 --> 00:30:24,360

experiencing beings or craft that are somehow penetrating our timeline but are from a different

281

00:30:24,360 --> 00:30:31,400

timeline. So now if we're talking about interdimensional, our observation, what we are physically seeing,

282

00:30:32,040 --> 00:30:35,720

we might not be seeing the full representation of what that is.

283

00:30:37,160 --> 00:30:41,800

We have hypothesized in a lot of our different scientific models that other dimensions could

284

00:30:41,800 --> 00:30:46,920

exist and if it was possible to cross between them, that could explain some of the weirdness that

285

00:30:46,920 --> 00:30:54,040

we're seeing with the UFO phenomenon. I try not to speak over my own head, as has been explained to

286

00:30:54,040 --> 00:31:00,520

me, there are other dimensions of reality, that there could be other intelligences living on

287

00:31:00,520 --> 00:31:06,680

earth that we do not see unless they come into our world. We can't get from here to there,

288

00:31:06,680 --> 00:31:12,120

but there is indication that they can enter our world in physical or non-physical forms.

289

00:31:14,360 --> 00:31:19,240

Again and again and again you get the statements coming from people who have studied it also,

290

00:31:19,960 --> 00:31:26,040

some of them you could say are insider types. David Grush himself made a reference to this in his

291

00:31:26,040 --> 00:31:30,200

speech to Congress, alluding to this as a possibility. Do you have mentioned that there's

292

00:31:30,200 --> 00:31:37,080

interdimensional potential? Could you expound on that? In terms of multi-dimensionality, the framework

293

00:31:37,720 --> 00:31:41,960

that I'm familiar with, for example, is something called the holographic principle,

294

00:31:42,840 --> 00:31:49,240

both it derives itself from general relativity and quantum mechanics and that is, if you want to

295

00:31:49,240 --> 00:31:56,200

imagine 3D objects such as yourself casting a shadow onto a 2D surface, that's the holographic

296

00:31:56,200 --> 00:31:59,960

principle. So you can be projected, quasi-projected from higher dimensional space.

297

00:32:00,920 --> 00:32:13,800

When you take the deep dive into this phenomena, you start asking questions about the nature of

298

00:32:13,800 --> 00:32:19,640

reality, where we are in the pecking order and the cosmic order of things. These are really big

299

00:32:19,640 --> 00:32:25,720

questions that really disturb people. When you really boil it down, it's profound stuff that

300

00:32:25,720 --> 00:32:31,960

affects us on the most fundamental levels of who we are as people. Part of it depends on what the

301

00:32:31,960 --> 00:32:38,920

actual truth is, what's actually happening. Is this a good, wonderful thing?

302

00:32:41,240 --> 00:32:48,360

Or is this scary and dark and dangerous? A lot hinges on that. Well, there are some possibilities

303

00:32:48,360 --> 00:32:54,280

that are pretty dark. How do humans react that we are, in fact, not the rulers of our planet,

304

00:32:54,280 --> 00:32:59,400

that we are way down on the food chain? If we are an agricultural product, if they harvest

305

00:32:59,400 --> 00:33:05,000

something from us, if they've modified our genetics, if they are our creators, how do people react to

306

00:33:05,000 --> 00:33:12,360

that? It is a strong possibility that we are some sort of commodity. You might be unknowing slaves

307

00:33:12,360 --> 00:33:20,440

in a way to serve somebody else's will. If it comes out, what it is, it could be a really dark moment for humanity.

308

00:33:24,360 --> 00:33:37,320

Look, there's a couple of reasons why this incredible subject is kept under wraps the way it has been for really 80 years. There's a human element here.

309

00:33:39,080 --> 00:33:45,320

I was given a story which I firmly believe by a man who is extremely close to the White House for many years and very high up in the

310

00:33:45,320 --> 00:33:49,880

intelligence community, who told me of when Jimmy Carter was briefed on this matter.

311

00:33:50,600 --> 00:33:57,960

Let us create together a new national spirit of unity and trust. This gentleman knows, I would say,

312

00:33:57,960 --> 00:34:03,160

very reliably that at the end of that briefing, President Carter was seen nearly sobbing with his

313

00:34:03,160 --> 00:34:08,120

elbows on his desk and his head in his hands. Something upset him very deeply, which frankly

314

00:34:08,120 --> 00:34:15,640

makes sense to me. Because if this is what it appears to be, you're dealing with the presence of at least one very advanced

315

00:34:16,200 --> 00:34:19,320

species of some sort, wherever they come from, that's here.

316

00:34:25,560 --> 00:34:30,360

I think we're dealing with something far more complicated and something way more advanced,

317

00:34:30,360 --> 00:34:35,080

frankly, than us and probably almost not understandable by us. I mean, just look at

318

00:34:35,080 --> 00:34:43,320

chat GPT and AI. Scientists today are already saying we don't understand it. We don't understand how it's coming

319

00:34:43,320 --> 00:34:46,680

to the conclusions that are doing and how it's doing it. And we made it.

320

00:34:46,680 --> 00:34:52,920

A warning from Elon Musk and other tech industry experts about the power of artificial intelligence,

321

00:34:52,920 --> 00:34:58,600

saying AI poses a dramatic risk to society. In the space of two years, it's gone from

322

00:34:59,640 --> 00:35:04,760

Siri to, oh my god, this is going to take my job. Imagine what is going to be another

323

00:35:04,760 --> 00:35:11,560

thousand years or a million years. So now imagine another culture that is probably at the very

least

324

00:35:11,560 --> 00:35:14,680

statistically more likely to be way more advanced than we are.

325

00:35:20,200 --> 00:35:25,320

I will tell you something though, something that might be, might be a little bit scary

326

00:35:25,320 --> 00:35:31,320

to contemplate. Think about a gorilla at a zoo, as my friend Luiz Lando once said.

327

00:35:32,600 --> 00:35:36,840

That gorilla's been playing in the zoo for, you know, decades now, hasn't hurt anyone,

328

00:35:36,840 --> 00:35:39,080

but it's big. If it got out, it could harm you.

329

00:35:41,560 --> 00:35:47,640

Now imagine that gorilla found the keys to its cage. It would spark panic. Think about that

330

00:35:47,640 --> 00:35:51,240

gorilla as humanity. As a species, look, we're quite scary.

331

00:35:59,480 --> 00:36:02,920

Because of us, a number of other species on this earth have gone extinct.

332

00:36:03,560 --> 00:36:08,280

We've created wars, we've killed millions of our own. We're a war-like species, basically.

333

00:36:08,280 --> 00:36:15,000

Conflict and civilization is what humanity has been defined by for thousands of years.

334

00:36:15,000 --> 00:36:19,560

So if you're another species out there in the galaxy, and all of a sudden this gorilla,

335

00:36:19,560 --> 00:36:25,160

which is humanity, finds the keys to its cage, that's, for example, say that the keys represent

336

00:36:25,160 --> 00:36:33,160

nuclear technology. Imagine if that happened, and maybe it's in the interest of some of these

337

00:36:33,160 --> 00:36:36,760

non-human intelligences that we're put back in our cage.

338

00:36:38,120 --> 00:36:42,680

I've been pretty far up the food chain in terms of people in the government who've studied this

339

00:36:42,680 --> 00:36:47,960

stuff, who've worked in classified programs. Some of them have gone to some pretty dark places

340

00:36:47,960 --> 00:36:51,880

as a possible motive for what this non-human intelligence might be up to.

341

00:36:54,360 --> 00:36:58,040

Think of it from their perspective. They might be looking at a sinking.

342

00:36:58,040 --> 00:37:01,640

Yeah, there's a lot of life out here, but actually, earth is really a cool place.

343

00:37:01,720 --> 00:37:06,200

I mean, there's planets with life, but you look at earth. Earth is a beautiful gem.

344

00:37:07,480 --> 00:37:13,720

You think about all the life we have. We are bursting with life. We've got all kinds of genetic

345

00:37:13,720 --> 00:37:19,080

diversity everywhere on this planet, in the oceans, in lands, in the mountains, in the deserts.

346

00:37:19,960 --> 00:37:26,840

It's incredible explosion of life. I've got to think planets like earth are not just a dime a

347

00:37:26,840 --> 00:37:33,800

dozen. I think we have a special place that's worth observation and maybe worth, shall I say, worth coveting.

348

00:37:47,160 --> 00:37:52,360

One of the theories that gets bounced around is this galactic zoo idea. They may just be

349

00:37:52,360 --> 00:37:57,320

monitoring us, watching us, studying us, but there's still a hands-off approach that clearly

350

00:37:57,320 --> 00:38:05,240

dominates most of their activities. Imagine it like a fishbowl that we are kind of captive on this earth,

351

00:38:05,240 --> 00:38:11,240

and there's others that just enjoy watching us. Why wouldn't they? Human beings are

352

00:38:11,880 --> 00:38:18,280

fucking fascinating. So why wouldn't we be a reality show for the entertainment of some

353

00:38:18,280 --> 00:38:24,840

non-human entities? What we do to each other and in this world and what we build, it's remarkable.

354

00:38:24,840 --> 00:38:31,960

When I look at ancient UFO reports or other types of things that might be considered evidence for

355

00:38:31,960 --> 00:38:36,920

long-standing visitation, I will agree that there are certain things that make me think,

356

00:38:36,920 --> 00:38:42,280

yeah, hmm, we might be under observation. We might have been under observation for quite some time.

357

00:38:42,280 --> 00:38:49,400

What happens before the United States and Great Britain invades Iraq?

358

00:38:51,000 --> 00:38:56,440

We send scouting missions to see what the defenses are and to get intelligence on them

359

00:38:56,440 --> 00:39:01,560

before the main invasion is launched. I don't want to scare people, but look, I'll tell you that a

360

00:39:01,560 --> 00:39:08,360

lot of the military people have been investigating UAP. Some of them think this is a possible scenario.

361

00:39:09,160 --> 00:39:14,760

When I look at the long history of UFO data, I firmly believe what we are seeing today

362

00:39:15,480 --> 00:39:21,560

is qualitatively different than anything that's existed in the past. Why? Because we discovered

363

00:39:21,560 --> 00:39:31,640

science. So today we tell the world that America has achieved a tremendous scientific breakthrough.

364

00:39:32,360 --> 00:39:37,960

Scientists have made a major breakthrough using nuclear fusion. Everything is changing

365

00:39:38,040 --> 00:39:43,400

in the most dramatic ways coming forward. This could be major. In the snap of a cosmic finger,

366

00:39:43,400 --> 00:39:50,200

we've gone from a society of horses pulling wooden carts to where we are today on the verge of an AI

367

00:39:50,200 --> 00:39:56,520

revolution, nanotech, quantum computing, genetic modification, transhumanism, good grief. Where

368

00:39:56,520 --> 00:40:03,080

does it stop? Nuclear weapons and whatever kinds of crazy weapons we're developing. A fundamental

369

00:40:03,080 --> 00:40:08,200

threat to the security of all peoples and all nations. The spread and use of nuclear weapons.

370

00:40:14,600 --> 00:40:18,680

Kim Jong-un calls for a mass production of tactical nuclear weapons.

371

00:40:18,680 --> 00:40:22,760

Trump discussed the idea of using a nuclear weapon against North Korea.

372

00:40:23,560 --> 00:40:29,080

Just one nuclear weapon exploded in a city could kill hundreds of thousands of people

373

00:40:29,080 --> 00:40:31,800

and it would badly destabilize our very way of life.

374

00:40:33,880 --> 00:40:39,000

If there is another world war, this civilization may go under.

375

00:40:40,680 --> 00:40:46,520

Do you think for an instant, if any intelligence is able to monitor us, that they're not aware

376

00:40:46,520 --> 00:40:50,760

that we've just flipped the switch? Yeah, because that's what we've just done.

377

00:40:50,760 --> 00:40:56,600

Since the dawn of the nuclear age, UFOs have appeared over nuclear weapons places,

378

00:40:56,600 --> 00:41:01,880

nuclear power plants, anything nuclear, they're there. I went to Russia in the 90s and brought

379

00:41:01,880 --> 00:41:06,920

back these documents from their Ministry of Defense. They had an incident in the early 1980s,

380

00:41:06,920 --> 00:41:14,360

an ICBM base in Ukraine. These missiles are aimed at the United States. For a four-hour period,

381

00:41:14,360 --> 00:41:20,200

UFOs appear over this base and after a couple of hours, suddenly the launch control codes

382

00:41:20,200 --> 00:41:25,800

light up. Somebody entered the launch control codes, the missiles start firing up, they are

383

00:41:25,800 --> 00:41:32,200

ready to go. World War III is about to break out. The Russians cannot stop it. Suddenly the UFO

384

00:41:32,200 --> 00:41:38,440

goes away, poof, it's gone. The system goes back to normal and the Russians send in a team,

385

00:41:38,440 --> 00:41:43,000

they take all this stuff apart, they can't figure out what caused it, eventually they concluded

386

00:41:43,000 --> 00:41:49,800

the UFOs did it. To me, these are displays of power. This is to show us that they are in control, not us.

387

00:41:49,880 --> 00:42:00,280

If I were a non-human intelligence, extraterrestrial or whatever, and I was witnessing what humans

388

00:42:00,280 --> 00:42:07,640

have done to each other over the centuries, I'd be worried. We're developing space faring

389

00:42:07,640 --> 00:42:14,040

systems where we can go and extend our inhumanity to other planets. I'd keep an eye on us.

390

00:42:14,520 --> 00:42:22,680

We are not alone. All possibilities are on the table until we can rationally exclude them.

391

00:42:28,040 --> 00:42:34,040

Why is this happening now? There could be something looming. It may be that they just can't keep this

392

00:42:34,040 --> 00:42:40,040

secret any longer. It may be that whistleblowers are coming out. It may be that the visitors themselves

393

00:42:40,040 --> 00:42:44,680

have decided that it's time for everyone to know what's going on. So why now?

394

00:42:47,320 --> 00:42:52,840

I do find it interesting that all of this legislation coming out, the congressional hearings,

395

00:42:52,840 --> 00:43:00,280

all of this almost seems to be carrying them along, almost as if there's some greater intelligence

396

00:43:00,280 --> 00:43:06,440

leading this push toward disclosure and that the members of the United States Congress, the Senate,

397

00:43:06,440 --> 00:43:09,880

and the House are trying to get out ahead of something that they know is coming.

398

00:43:13,960 --> 00:43:21,080

The United States government has always sought to kneecap to disable the UFO subject in the public

399

00:43:21,080 --> 00:43:27,160

mind. And there's a reason because this subject is a problem for the national security state.

400

00:43:27,160 --> 00:43:36,280

It's a problem they can't control. So the implications of this hinge on what is actually

401

00:43:36,280 --> 00:43:45,720

true and our mission as a society, as a civilization, and as a species is to find out what is true.

402

00:43:46,440 --> 00:43:49,400

It is the central question of human existence. Are we alone?

403

00:43:54,840 --> 00:43:57,880

Where are we on the pecking order on the cosmic food chain?

404

00:43:59,000 --> 00:44:02,600

How could you not be interested in that just for just curiosity's sake?

405

00:44:03,560 --> 00:44:10,680

I think the future is bright. There's no putting this back in the bag. The thing that's unifying to us

406

00:44:10,680 --> 00:44:17,400

is transparency that we've been lied to. Nobody likes being lied to, but we have to protect

407

00:44:17,400 --> 00:44:21,240

and treat true whistleblowers. We need to protect them.

408

00:44:23,160 --> 00:44:29,080

To me, this is where the rubber meets the road. We're seeing a battle being played out with a

409

00:44:29,080 --> 00:44:33,720

kind of insurgency, you can say, that is trying to get some of this information out.

410

00:44:33,720 --> 00:44:39,800

And it is up to those people who care about the truth to push that truth as hard as they can.

411

00:44:48,280 --> 00:44:53,720

Government scientists has alleged that the U.S. military is flying recovered UFOs at a secret

412

00:44:53,720 --> 00:44:55,080

base in the Nevada desert.

413

00:44:56,200 --> 00:45:01,240

Bob Lazar says there are at least nine of the flying saucers being tested and that they were not built on earth.

414

00:45:02,760 --> 00:45:07,800

Bob Lazar isn't the only person to claim inside knowledge of the flying discs at the test site.

415

00:45:07,800 --> 00:45:09,960

He's just the only person to say so publicly.

416

00:45:17,400 --> 00:45:19,480

Hey Bob, what's up man? Good to see you.

417

00:45:20,760 --> 00:45:22,120

Good to see you Jeremy.

418

00:45:22,920 --> 00:45:29,480

Bob Lazar is a renegade. He just threw a UFO grenade into public consciousness.

419

00:45:29,480 --> 00:45:32,360

Boom, Area 51 flying saucers.

420

00:45:32,360 --> 00:45:39,560

There's definite proof and we even have articles from another world, another system.

421

00:45:40,600 --> 00:45:42,200

You just can't not tell everyone.

422

00:45:42,200 --> 00:45:44,920

Reverse engineering, the sports model craft.

423

00:45:44,920 --> 00:45:48,680

It's obvious it came from somewhere else, other than earth.

424

00:45:48,680 --> 00:45:51,640

I mean, Bob Lazar was the original whistleblower.

425

00:45:51,720 --> 00:45:59,400

Talking about contact, physical contact and proof from another system, another planet,

426

00:45:59,400 --> 00:46:04,360

another intelligence. That's got to be the biggest event in history, period.

427

00:46:04,360 --> 00:46:04,920

And it's real.

428

00:46:05,560 --> 00:46:06,840

And it's real and it's there.

429

00:46:07,720 --> 00:46:11,160

Can you fucking believe kind of where we've gone?

430

00:46:12,280 --> 00:46:17,640

It's like everybody says, I never thought we'd be here, but here we are.

431

00:46:17,640 --> 00:46:19,800

Yeah, and you're always kind of like warning me.

432

00:46:19,800 --> 00:46:24,600

I mean, I think it's just because of your experience, you know what I mean, of what happened to you.

433

00:46:24,600 --> 00:46:29,800

But when George and I push these issues forward, why is it you're always kind of concerned for us?

434

00:46:29,800 --> 00:46:32,840

Well, the concern is warranted. Look what's happened in the past.

435

00:46:33,480 --> 00:46:41,320

So, I mean, really, who knows? Who knows how badly they really want to keep this secret?

436

00:46:41,320 --> 00:46:43,960

Who knows who's in charge of keeping it secret?

437

00:46:43,960 --> 00:46:49,640

Well, the government hasn't voluntarily come up with this information.

438

00:46:49,640 --> 00:46:51,720

It's only because they've had their arms twisted.

439

00:46:52,360 --> 00:46:56,520

It's never a safe thing to play around with information like that.

440

00:46:56,520 --> 00:46:59,880

I mean, with George and me, I mean, you know, look, first of all, it's your fault.

441

00:46:59,880 --> 00:47:01,640

I'm going to blame it.

442

00:47:01,640 --> 00:47:02,120

It's not my fault.

443

00:47:03,320 --> 00:47:06,440

George Knapp would never have been into the UFO thing.

444

00:47:06,440 --> 00:47:13,960

And also me, if you had not come forward, we wouldn't be here today if it wasn't for what you did.

445

00:47:13,960 --> 00:47:14,840

That's just a fact.

446

00:47:15,480 --> 00:47:18,840

Well, maybe. I mean, it might have come out in other ways.

447

00:47:19,640 --> 00:47:23,560

It might have just come out over time. Other people may have leaked it.

448

00:47:23,560 --> 00:47:28,120

So whenever you warn me about you, Jeremy, I don't know if you should put that out.

449

00:47:28,120 --> 00:47:30,360

I don't know if you and George should report on that.

450

00:47:30,360 --> 00:47:35,720

It's like the kettle calling the pot black man, because you're the one that originally threw the UFO grenade.

451

00:47:36,280 --> 00:47:42,040

Yeah, maybe so. Maybe so. But I don't want you guys to go through that stuff.

452

00:47:42,040 --> 00:47:44,520

Just be careful. Don't step on the wrong toes.

453

00:47:45,160 --> 00:47:47,320

You see what's happened in the world.

454

00:47:47,320 --> 00:47:50,920

You see, I mean, what do you think of like David Grash coming forward?

455

00:47:50,920 --> 00:47:58,040

That's dynamite. I mean, it really is. I can only hope that some more people come out.

456

00:47:58,040 --> 00:48:01,080

Would you talk in front of Congress if I set that up?

457

00:48:01,080 --> 00:48:05,080

Would you give your testimony under those same circumstances under oath?

458

00:48:05,080 --> 00:48:06,920

Would you throw down one last time?

459

00:48:06,920 --> 00:48:10,760

I fought the fight for 30 years and I'm kind of happy the way it is now.

460

00:48:10,760 --> 00:48:13,240

The last thing I want to do is stir the pot again.

461

00:48:13,240 --> 00:48:21,000

So I can say under oath everything I said before is true and that's all there is to it.

462

00:48:21,000 --> 00:48:26,360

You've said before it's a crime against the scientific community, a crime against human beings,

463

00:48:26,360 --> 00:48:30,600

to not have the basics out about this. What would you like to see happen?

464

00:48:30,600 --> 00:48:35,400

Or what's the best case scenario? Like could this secret be told openly?

465

00:48:35,400 --> 00:48:40,440

It's a difficult question because I understand the national security implications of it.

466

00:48:40,440 --> 00:48:49,080

There's valuable information potentially to be gained that really could change the direction of a country.

467

00:48:49,880 --> 00:48:58,360

And so how do you get that out into free discussion between scientists and yet keep it under cover?

468

00:48:59,160 --> 00:49:02,440

So the valuable information doesn't get to other countries.

469

00:49:02,440 --> 00:49:08,680

It's very difficult. Every other project it seems that the government has worked on has leaked.

470

00:49:09,240 --> 00:49:17,560

And this is potentially world conquering information, technology that can change the course of man time.

471

00:49:17,560 --> 00:49:22,760

But you could at least admit the one thing that we kind of agree on at this point,

472

00:49:22,760 --> 00:49:27,960

that there is another civilization visiting us. At least come to grips with that.

473

00:49:28,600 --> 00:49:33,640

It's like there's a lot of theories of like where these people are from or where this technology is from.

474

00:49:33,640 --> 00:49:39,080

But it sounds like from your experience, it is clear that whoever's operating these craft

475

00:49:39,080 --> 00:49:45,000

are the one that you got to see that they were from another or at least the craft was able to travel

476

00:49:45,000 --> 00:49:52,200

amongst solar systems. Well, more than that, it, I mean, because it utilize gravity, it actually

477

00:49:52,200 --> 00:50:00,760

distorts time. So it can travel more than just out of the solar system. And, you know, there's no

478

00:50:00,840 --> 00:50:07,160

guarantee that these were aliens from another planet. I've heard people throw out theories that

479

00:50:07,160 --> 00:50:12,280

it's just us from the future coming back to visit. I can't discount anything like that. That could

480

00:50:12,280 --> 00:50:18,520

easily be true. So whether this is from people from another dimension, us from the future,

481

00:50:18,520 --> 00:50:22,520

or creatures from a distant star system, that all remains to be seen.

482

00:50:23,160 --> 00:50:26,680

Yeah. Is there anything you're not telling me, Bob?

483

00:50:26,920 --> 00:50:28,600

Of course.

484

00:50:35,880 --> 00:50:41,560

On a personal note, I appreciate it, man. And I just got to say, man, you've really endured a lot.

485

00:50:41,560 --> 00:50:45,320

Again, whether people believe you or not, we've become friends. And as a friend,

486

00:50:45,320 --> 00:50:49,960

just thank you for encouraging me along the way because, you know, I am fascinated with this,

487

00:50:49,960 --> 00:50:55,080

man. I don't know if we'll ever get to ground truth on this stuff. But I do know that people are

488

00:50:55,160 --> 00:51:00,200

coming forward who have direct first-hand knowledge of working on these. What else could we ask for,

489

00:51:00,200 --> 00:51:05,560

man? I mean, you would be completely validated. I think it's coming. I mean, it just seems to be

490

00:51:05,560 --> 00:51:10,200

going in that direction. And as far as you and George just doing your job, there's plenty of

491

00:51:10,200 --> 00:51:24,840

people in prison that are just doing their jobs. This story is never going away, Bob.

492

00:51:25,080 --> 00:51:29,240

You're always going to be the touchstone for people as you were one of the first people to

493

00:51:29,240 --> 00:51:33,960

come forward and just put it all on the line. Unwillingly, I understand. But you did that.

494

00:51:33,960 --> 00:51:39,160

So it's never going away. So even though it's small to you, it's big to other people when you

495

00:51:39,160 --> 00:51:43,080

just take a moment and talk to us about it like this. So thanks again, man. I appreciate it.

496

00:51:43,720 --> 00:51:49,720

Well, no problem. I mean, I do want this stuff to come out. But I don't know if the mood takes me,

497

00:51:49,720 --> 00:51:51,080

I may come out fighting again.

498

00:51:55,080 --> 00:52:11,960

I'm going to keep doing what I have been doing. I'm going to investigate.

499

00:52:13,640 --> 00:52:21,560

I'm going to record. I'm going to document. I get to provide the public with new videos, new photos.

500

00:52:22,280 --> 00:52:27,640

And I'm going to keep doing it, man. There's nothing that can stop me from continuing on this path

501

00:52:27,640 --> 00:52:36,760

unless I cease to exist. I'm fighting for what is just and right and true. Now we have pit bulls

502

00:52:36,760 --> 00:52:41,720

within DC that are going after this, that are going after the truth. Senate Majority Leader

503

00:52:41,720 --> 00:52:48,120

Chuck Schumer is working to introduce a bill that could let Americans finally see hard evidence of

504

00:52:48,200 --> 00:52:54,680

real UFOs. I'm pleased the NDA will include my amendment on increasing transparency on UAPs.

505

00:52:54,680 --> 00:53:00,680

Do you think Chuck Schumer would put forward an amendment about UAPs and disclosure

506

00:53:01,640 --> 00:53:06,120

if he didn't think that there was something behind it? I mean, how much more proof does anybody need

507

00:53:06,120 --> 00:53:11,720

than the fact that you've got senators, the head of the Senate, where you've got their

508

00:53:11,800 --> 00:53:18,600

presidential candidate, Biden, running for president, putting the reputation of the entire Senate at risk

509

00:53:18,600 --> 00:53:23,160

with the upcoming election? Do you think that they would do that if they didn't know that there was

510

00:53:23,160 --> 00:53:28,520

something behind it? I mean, just, I just read the tea leaves. I mean, I don't know how much more one needs.

511

00:53:35,480 --> 00:53:40,360

We just heard that two key provisions were killed from this defense bill that basically

512

00:53:40,360 --> 00:53:47,000

water down the requirement to make public any information about spacecraft, about alien remains.

513

00:53:47,000 --> 00:53:51,000

I take it you're disappointed. What we're witnessing right now is quite frankly,

514

00:53:51,000 --> 00:53:56,600

the greatest legislative failure in American history. You know, you had a very strong amendment

515

00:53:57,560 --> 00:54:03,880

for government transparency on this issue. I wish that this process was simple. There's a lot of

516

00:54:03,880 --> 00:54:09,480

pressure being put on the Schumer Rounds amendment. The thing is, is that it just doesn't happen.

517

00:54:10,200 --> 00:54:17,640

Like that in my world, it's inch by inch. Congress has failed to legislate appropriately. I mean,

518

00:54:18,680 --> 00:54:23,880

total failure. I know it can be frustrating to people, but from the public perspective,

519

00:54:24,760 --> 00:54:31,800

people think all now, all at once, this disclosure process, whatever, if you want to call it that,

520

00:54:31,800 --> 00:54:35,880

it's more of a confirmation process. It's step by step. So you see things like

521

00:54:36,680 --> 00:54:43,320

David Grashen and Joe Rogan, that was huge. Are we alone? Well, the answer is we're not alone. And I

522

00:54:43,320 --> 00:54:49,880

know that with 100% certainty, which has an Intel officer, you never say 100%. But I talked to the

523

00:54:49,880 --> 00:54:55,400

highest of the high people you've possibly talked to to catch my drift. Just that that

524

00:54:55,400 --> 00:55:02,280

conversation is being had on a mass and global scale, he has expanded the conversation. As long

525

00:55:02,360 --> 00:55:10,440

as we keep having this discussion, and people do keep coming forward, which I am more than certain,

526

00:55:10,440 --> 00:55:15,720

will continue happening. I mean, I have recorded sessions with people who are not known to the

527

00:55:15,720 --> 00:55:21,880

public. So I can be the Akashic record of their entire experiences in working in these agencies,

528

00:55:21,880 --> 00:55:28,040

because I'm the key person that they'll go to first and get advice of how they can safely

529

00:55:28,360 --> 00:55:34,920

convey information. All right, let's do this. Jeremy was a pain in the ass is what Jeremy was.

530

00:55:34,920 --> 00:55:39,080

He called me for, I guess, something like two years trying to get through to me. He's full of

531

00:55:39,080 --> 00:55:44,440

energy and enthusiasm. I suspect that if Jeremy hadn't come along, I might have been retired from

532

00:55:44,440 --> 00:55:49,800

this already. We are trying to push as far as we can legally right now. Without going to jail.

533

00:55:51,080 --> 00:55:55,240

He's made a lot of fun. We've had a lot of fun with weaponized. We've broken some pretty good

534

00:55:55,240 --> 00:56:00,840

stories. We've got to meet a whole bunch of people. The strength of him is that I don't think people

535

00:56:00,840 --> 00:56:07,400

realize how hard he works hours and hours every day on the phone and doing emails and encrypted

536

00:56:07,400 --> 00:56:13,160

messages, taking in information, trying to protect sources, making contacts with people.

537

00:56:13,160 --> 00:56:19,880

What a guy, right? Cheers. Talk to him almost every day. We email all the time. We've got to

538

00:56:19,880 --> 00:56:26,600

know each other's families. We're friends for real. It's not an act. And I trust him. And he

539

00:56:26,600 --> 00:56:33,400

trusts me. It's been a very productive friendship so far. And we've got our ways to go. Being able

540

00:56:33,400 --> 00:56:38,360

to do this kind of work with George, to have so much fun and do this like, man, let's ride this

541

00:56:38,360 --> 00:56:43,800

shit to the wheels fall off. Like, what a blast, man. There's a lot of work still to be done on

542

00:56:43,800 --> 00:56:48,040

this topic. I'm not going to do it forever, but I feel like it's in good hands with Jeremy to

543

00:56:48,040 --> 00:57:00,040

carry on the work that I started a long time ago. We're living in a time of revolution. You can't

544

00:57:00,040 --> 00:57:05,320

just passively sit there in life like you deserve everything to be handed to you. The person that

545

00:57:05,320 --> 00:57:11,160

deserves something is the person that fights for something, the person that is tenacious, the person

546

00:57:11,160 --> 00:57:17,400

that is curious. We are on the cusp of a question that has kind of burdened human consciousness

547

00:57:17,480 --> 00:57:20,920

since the beginning. Are we alone?

548

00:57:26,120 --> 00:57:27,720

Just in general, are we alone?

549

00:57:31,320 --> 00:57:37,320

We are now on the cusp of answering that question. This cover-up, and it is a cover-up,

550

00:57:37,320 --> 00:57:43,480

it has harmed people, having to keep this secret. You have been lied to. The only way that we're

551

00:57:43,480 --> 00:57:48,600

going to be able to break through this is to protect those that are coming forward. People have

552

00:57:49,320 --> 00:57:54,360

gone and fought to get this information out, and I don't know where we're going to land.

553

00:57:57,400 --> 00:58:01,400

It's going to be a fight. There's no stopping now.
