1  
00:00:00,000 --> 00:00:05,590

[Music]

2  
00:00:08,790 --> 00:00:06,950

there's a whole fleet of them look on

3  
00:00:11,030 --> 00:00:08,800

the assay

4  
00:00:14,390 --> 00:00:11,040

oh my gosh they're all going against the

5  
00:00:19,029 --> 00:00:16,470

it was basically a cube with inside of

6  
00:00:33,480 --> 00:00:19,039

sphere where the points of the cube

7  
00:00:37,190 --> 00:00:34,580

[Music]

8  
00:00:38,790 --> 00:00:37,200

[Applause]

9  
00:00:40,709 --> 00:00:38,800

so this isn't anything that just is

10  
00:00:50,229 --> 00:00:40,719

limited to the united states

11  
00:00:54,069 --> 00:00:51,910

hi everyone and welcome to a very

12  
00:00:56,069 --> 00:00:54,079

special that ufo podcast

13  
00:00:57,750 --> 00:00:56,079

i'm not going to waste too much time and

14

00:00:57,990 --> 00:00:57,760

get straight into the interview for this

15

00:01:02,790 --> 00:00:58,000

one

16

00:01:04,710 --> 00:01:02,800

uh for a long time i've made no secret

17

00:01:05,750 --> 00:01:04,720

the top of my wish list for guests on

18

00:01:07,990 --> 00:01:05,760

this podcast

19

00:01:09,350 --> 00:01:08,000

would be one mr louise elizondo and i'm

20

00:01:11,109 --> 00:01:09,360

delighted to see i have lou

21

00:01:13,830 --> 00:01:11,119

on the podcast with me now welcome to

22

00:01:15,510 --> 00:01:13,840

the podcast

23

00:01:17,270 --> 00:01:15,520

thank you very much it's uh certainly my

24

00:01:19,109 --> 00:01:17,280

honor and privilege um

25

00:01:22,390 --> 00:01:19,119

i sincerely appreciate your time and of

26

00:01:24,950 --> 00:01:22,400

course your audience's time as well

27

00:01:26,550 --> 00:01:24,960

listen uh it's no secret people seek out

28

00:01:27,990 --> 00:01:26,560

your interviews and they troll through

29

00:01:29,830 --> 00:01:28,000

them with a fine tooth comb

30

00:01:31,830 --> 00:01:29,840

to get any little nuggets of information

31

00:01:32,310 --> 00:01:31,840

they can so hopefully we can get through

32

00:01:33,910 --> 00:01:32,320

as much

33

00:01:35,190 --> 00:01:33,920

on this interview as possible the

34

00:01:36,230 --> 00:01:35,200

response from the listeners has been

35

00:01:37,910 --> 00:01:36,240

incredible

36

00:01:39,910 --> 00:01:37,920

um i would just like to preface it by

37

00:01:41,749 --> 00:01:39,920

saying that i've watched your interviews

38

00:01:42,310 --> 00:01:41,759

recently with john greenwald on black

39

00:01:44,630 --> 00:01:42,320

vault

40

00:01:46,710 --> 00:01:44,640

and ryan sprague somewhere in the skies

41

00:01:48,230 --> 00:01:46,720

i have tried to stay away from anything

42

00:01:49,670 --> 00:01:48,240

they talked about because they've done a

43

00:01:51,590 --> 00:01:49,680

good job with their interviews

44

00:01:53,510 --> 00:01:51,600

and i would highly suggest and recommend

45

00:01:55,030 --> 00:01:53,520

people go and seek out those interviews

46

00:01:56,950 --> 00:01:55,040

for anything that i potentially don't

47

00:01:59,429 --> 00:01:56,960

cover and i'd like to get straight into

48

00:02:01,190 --> 00:01:59,439

the first question lou um regarding your

49

00:02:02,870 --> 00:02:01,200

security clearance this is something a

50

00:02:03,910 --> 00:02:02,880

lot of people bring up as a source of

51

00:02:05,749 --> 00:02:03,920

frustration

52

00:02:07,990 --> 00:02:05,759

when you can't answer the question in

53

00:02:09,510 --> 00:02:08,000

the way that they might not like you to

54

00:02:11,510 --> 00:02:09,520

can you start off just by talking a

55

00:02:11,830 --> 00:02:11,520

little bit about your clearance that you

56

00:02:14,869 --> 00:02:11,840

have

57

00:02:17,990 --> 00:02:14,879

that means

58

00:02:19,270 --> 00:02:18,000

yeah sure so security clearance is i

59

00:02:21,430 --> 00:02:19,280

think a lot of times over

60

00:02:23,270 --> 00:02:21,440

complicated uh if if people on the

61

00:02:23,990 --> 00:02:23,280

outside haven't spent any time in the

62

00:02:25,830 --> 00:02:24,000

government

63

00:02:27,830 --> 00:02:25,840

there's this giant mystery behind you

64

00:02:28,390 --> 00:02:27,840

know a security clearance what it means

65

00:02:32,150 --> 00:02:28,400

and

66

00:02:32,550 --> 00:02:32,160

you have here in the united states we

67

00:02:35,670 --> 00:02:32,560

have

68

00:02:38,390 --> 00:02:35,680

three classifications of of

69

00:02:39,270 --> 00:02:38,400

if you will information um besides

70

00:02:44,070 --> 00:02:39,280

unclassified

71

00:02:46,070 --> 00:02:44,080

information

72

00:02:47,990 --> 00:02:46,080

um the three classifications are

73

00:02:49,190 --> 00:02:48,000

confidential which is the first tier of

74

00:02:51,509 --> 00:02:49,200

information

75

00:02:52,229 --> 00:02:51,519

secret which is a second tier and

76

00:02:54,550 --> 00:02:52,239

ultimately

77

00:02:56,150 --> 00:02:54,560

top secret information now there's

78

00:02:58,710 --> 00:02:56,160

actually legal guidelines

79

00:03:00,790 --> 00:02:58,720

of what this this information means from

80

00:03:02,390 --> 00:03:00,800

a from a top secret perspective that

81

00:03:03,589 --> 00:03:02,400

means if information were to get

82

00:03:06,869 --> 00:03:03,599

compromised

83

00:03:09,350 --> 00:03:06,879

uh and put out uh into the public sphere

84

00:03:11,350 --> 00:03:09,360

if an enemy were to gain access to that

85

00:03:14,630 --> 00:03:11,360

information it would cause quote unquote

86

00:03:16,790 --> 00:03:14,640

grave or exceptional damage to the

87

00:03:20,070 --> 00:03:16,800

united states national security

88

00:03:20,790 --> 00:03:20,080

so that's in essence why we classify

89

00:03:22,949 --> 00:03:20,800

information

90

00:03:23,830 --> 00:03:22,959

particularly to protect sources and

91

00:03:25,910 --> 00:03:23,840

methods

92

00:03:27,270 --> 00:03:25,920

that's very important because a lot of

93

00:03:29,589 --> 00:03:27,280

times information in itself

94

00:03:31,270 --> 00:03:29,599

might be unclassified but how you

95

00:03:33,750 --> 00:03:31,280

collect that information

96

00:03:35,350 --> 00:03:33,760

um can be very very sensitive and so

97

00:03:36,309 --> 00:03:35,360

that's why we classify information the

98

00:03:38,070 --> 00:03:36,319

way we do

99

00:03:40,070 --> 00:03:38,080

in my case because i was in the

100

00:03:42,149 --> 00:03:40,080

intelligence community for so long

101  
00:03:43,270 --> 00:03:42,159  
in order to have the job that i have the

102  
00:03:45,190 --> 00:03:43,280  
government insisted

103  
00:03:46,630 --> 00:03:45,200  
all of us with that particular if you

104  
00:03:48,869 --> 00:03:46,640  
will expertise

105  
00:03:50,070 --> 00:03:48,879  
in counterintelligence intelligence

106  
00:03:52,710 --> 00:03:50,080  
human intelligence

107  
00:03:53,270 --> 00:03:52,720  
you have to have a top secret security

108  
00:03:55,030 --> 00:03:53,280  
clearance

109  
00:03:56,630 --> 00:03:55,040  
meaning that you have to go through an

110  
00:03:57,910 --> 00:03:56,640  
extensive background investigation

111  
00:04:01,110 --> 00:03:57,920  
psychological

112  
00:04:03,110 --> 00:04:01,120  
uh evaluations and polygraphs to get

113  
00:04:05,030 --> 00:04:03,120

access to certain information within

114

00:04:05,670 --> 00:04:05,040

within that caveat of top secret and

115

00:04:09,110 --> 00:04:05,680

then within

116

00:04:10,630 --> 00:04:09,120

the top secret layer think of a a layer

117

00:04:12,390 --> 00:04:10,640

cake maybe a wedding cake that's got

118

00:04:14,869 --> 00:04:12,400

many different layers of frosting

119

00:04:15,830 --> 00:04:14,879

uh throughout the cake at the top secret

120

00:04:17,509 --> 00:04:15,840

level

121

00:04:19,189 --> 00:04:17,519

people think well it's top secret

122

00:04:21,509 --> 00:04:19,199

information

123

00:04:22,310 --> 00:04:21,519

that's it well there's actually some sub

124

00:04:24,469 --> 00:04:22,320

layers

125

00:04:25,510 --> 00:04:24,479

or strata if you will even within the

126  
00:04:27,830 --> 00:04:25,520  
top secret

127  
00:04:29,430 --> 00:04:27,840  
and you have sci which is sensitive

128  
00:04:31,590 --> 00:04:29,440  
compartmented information

129  
00:04:33,350 --> 00:04:31,600  
you have sap information and you've got

130  
00:04:35,670 --> 00:04:33,360  
these little little cutouts

131  
00:04:37,110 --> 00:04:35,680  
that are within the top secret realm but

132  
00:04:40,390 --> 00:04:37,120  
they are extremely

133  
00:04:41,749 --> 00:04:40,400  
nuanced very very sensitive um again

134  
00:04:41,990 --> 00:04:41,759  
because of the line of work that i was

135  
00:04:43,670 --> 00:04:42,000  
in

136  
00:04:45,270 --> 00:04:43,680  
i was required to have that type of

137  
00:04:48,629 --> 00:04:45,280  
security clearance

138  
00:04:51,990 --> 00:04:48,639

when it comes to the uap topic when i

139

00:04:52,230 --> 00:04:52,000

am talking uh about information a lot of

140

00:04:55,430 --> 00:04:52,240

it

141

00:04:58,150 --> 00:04:55,440

is unclassified the problem is how that

142

00:05:00,070 --> 00:04:58,160

unclassified information was obtained it

143

00:05:01,430 --> 00:05:00,080

was obtained through some very sensitive

144

00:05:03,189 --> 00:05:01,440

sources and methods

145

00:05:05,670 --> 00:05:03,199

obviously we don't want as a nation to

146

00:05:07,749 --> 00:05:05,680

compromise those sources and methods

147

00:05:09,749 --> 00:05:07,759

otherwise you can't use them ever again

148

00:05:11,350 --> 00:05:09,759

because you get compromised

149

00:05:12,950 --> 00:05:11,360

especially in the world of human

150

00:05:15,110 --> 00:05:12,960

intelligence you're talking about

151

00:05:16,870 --> 00:05:15,120

people's lives when you're collecting

152

00:05:17,189 --> 00:05:16,880

information from another human being

153

00:05:21,029 --> 00:05:17,199

that

154

00:05:21,430 --> 00:05:21,039

information there's a level of trust

155

00:05:24,710 --> 00:05:21,440

there

156

00:05:26,790 --> 00:05:24,720

that has to be exercised and really to

157

00:05:28,310 --> 00:05:26,800

some degree that person's life is now in

158

00:05:29,110 --> 00:05:28,320

your hands because if the country that

159

00:05:30,230 --> 00:05:29,120

they're from

160

00:05:32,790 --> 00:05:30,240

finds out that they're sharing

161

00:05:34,390 --> 00:05:32,800

information with you it could be well

162

00:05:36,390 --> 00:05:34,400

that's that's considered spying

163

00:05:37,990 --> 00:05:36,400

technically uh by by a lot of other

164

00:05:41,270 --> 00:05:38,000

countries uh rules and

165

00:05:43,590 --> 00:05:41,280

and laws um so you know in that shadowy

166

00:05:45,670 --> 00:05:43,600

world of intelligence and espionage

167

00:05:47,430 --> 00:05:45,680

you have to have that level of of

168

00:05:49,990 --> 00:05:47,440

security clearance and there is a

169

00:05:51,110 --> 00:05:50,000

a requirement there's a a if you will an

170

00:05:53,749 --> 00:05:51,120

nda

171

00:05:55,510 --> 00:05:53,759

right non-disclosure agreement that you

172

00:05:57,189 --> 00:05:55,520

sign and it's not like a company's

173

00:05:58,390 --> 00:05:57,199

non-disclosure agreement it's far more

174

00:06:01,110 --> 00:05:58,400

comprehensive

175

00:06:01,749 --> 00:06:01,120

it basically subjugates me to jail time

176

00:06:04,550 --> 00:06:01,759

uh

177

00:06:06,469 --> 00:06:04,560

there are several acts like the s u.s

178

00:06:08,950 --> 00:06:06,479

espionage act for example

179

00:06:09,749 --> 00:06:08,960

that if i violate my tr the trust and

180

00:06:11,830 --> 00:06:09,759

confidence

181

00:06:13,990 --> 00:06:11,840

that the us government has bestowed into

182

00:06:15,110 --> 00:06:14,000

me and let's not forget that that trust

183

00:06:17,909 --> 00:06:15,120

and confidence

184

00:06:20,230 --> 00:06:17,919

is really a derivative of the people's

185

00:06:22,710 --> 00:06:20,240

trust and confidence right i represent

186

00:06:25,270 --> 00:06:22,720

the the people the united states uh they

187

00:06:26,710 --> 00:06:25,280

have trusted me with that level of

188

00:06:28,390 --> 00:06:26,720

security clearance knowing that i would

189

00:06:29,510 --> 00:06:28,400

not share certain information and if i

190

00:06:32,550 --> 00:06:29,520

violate that

191

00:06:33,430 --> 00:06:32,560

i can go to jail i can be prosecuted i

192

00:06:34,950 --> 00:06:33,440

can i

193

00:06:37,430 --> 00:06:34,960

can have a lot of things happening to me

194

00:06:39,270 --> 00:06:37,440

now i think it's also important to say

195

00:06:39,670 --> 00:06:39,280

that when i tell people i can't discuss

196

00:06:42,150 --> 00:06:39,680

that

197

00:06:43,430 --> 00:06:42,160

uh because of my security clearance i'm

198

00:06:44,550 --> 00:06:43,440

not saying that because i'm necessarily

199

00:06:46,150 --> 00:06:44,560

afraid to go to jail

200

00:06:48,150 --> 00:06:46,160

um i mean obviously i don't want to go

201  
00:06:51,430 --> 00:06:48,160  
to jail but but it's because it's it's

202  
00:06:53,909 --> 00:06:51,440  
for me it's a sacred it's a sacred

203  
00:06:55,670 --> 00:06:53,919  
oath that i took and that oath wasn't

204  
00:06:56,870 --> 00:06:55,680  
just to the us government it was to the

205  
00:06:59,270 --> 00:06:56,880  
american people

206  
00:07:02,150 --> 00:06:59,280  
it's a bit like a marriage when you when

207  
00:07:03,909 --> 00:07:02,160  
you make that oath till death do us part

208  
00:07:05,110 --> 00:07:03,919  
it's an oath till death do us part and

209  
00:07:06,390 --> 00:07:05,120  
it's not just to the partner you're

210  
00:07:07,830 --> 00:07:06,400  
making that commitment to

211  
00:07:10,150 --> 00:07:07,840  
it's actually an oath you're making to

212  
00:07:12,629 --> 00:07:10,160  
yourself so if i were to make an

213  
00:07:14,550 --> 00:07:12,639

exception to that and violate that that

214

00:07:15,990 --> 00:07:14,560

that oath that i have sworn many many

215

00:07:18,950 --> 00:07:16,000

years ago everything

216

00:07:19,350 --> 00:07:18,960

else i've ever done is is up for grabs

217

00:07:21,510 --> 00:07:19,360

too

218

00:07:23,270 --> 00:07:21,520

i mean if something that simple my oath

219

00:07:24,550 --> 00:07:23,280

to the american people can be violated

220

00:07:26,469 --> 00:07:24,560

that's simply by saying well i'm going

221

00:07:28,469 --> 00:07:26,479

to let you know something

222

00:07:29,589 --> 00:07:28,479

then everything that i've ever stood for

223

00:07:32,390 --> 00:07:29,599

before whether it's

224

00:07:33,350 --> 00:07:32,400

you know going to war or or conducting

225

00:07:35,589 --> 00:07:33,360

the operations i have

226

00:07:37,189 --> 00:07:35,599

on behalf of the american people that is

227

00:07:40,309 --> 00:07:37,199

also up in question too

228

00:07:41,189 --> 00:07:40,319

and i open up to i'm sorry that is also

229

00:07:44,550 --> 00:07:41,199

open up

230

00:07:47,350 --> 00:07:44,560

for questioning two and so um

231

00:07:49,029 --> 00:07:47,360

you know i i take my oath seriously uh

232

00:07:50,869 --> 00:07:49,039

ultimately it's an oath i've made to the

233

00:07:53,110 --> 00:07:50,879

american people it's the same oath that

234

00:07:54,230 --> 00:07:53,120

that i've made to my daughters and my

235

00:07:56,950 --> 00:07:54,240

family that that

236

00:07:57,990 --> 00:07:56,960

when i say i i take this responsibility

237

00:07:59,909 --> 00:07:58,000

seriously

238

00:08:01,589 --> 00:07:59,919

i mean i take a responsib i take that

239

00:08:03,110 --> 00:08:01,599

responsibility seriously

240

00:08:05,270 --> 00:08:03,120

you know i'm gonna digress you just for

241

00:08:06,150 --> 00:08:05,280

a moment because three years ago when i

242

00:08:08,629 --> 00:08:06,160

first came out

243

00:08:09,270 --> 00:08:08,639

there's a lot of stuff i could have said

244

00:08:10,710 --> 00:08:09,280

up front

245

00:08:12,710 --> 00:08:10,720

that probably would have saved me a lot

246

00:08:13,990 --> 00:08:12,720

of grief a lot of sharp shooting by a

247

00:08:16,230 --> 00:08:14,000

lot of people

248

00:08:18,070 --> 00:08:16,240

but i'm not going to sell out

249

00:08:19,029 --> 00:08:18,080

individuals and sources that i've worked

250

00:08:21,110 --> 00:08:19,039

with in the government

251

00:08:23,350 --> 00:08:21,120

just to save my ass i'm not that kind of

252

00:08:25,270 --> 00:08:23,360

guy i never have been i never will be so

253

00:08:26,629 --> 00:08:25,280

you know i know as as more information

254

00:08:28,629 --> 00:08:26,639

comes to life people are kind of

255

00:08:30,230 --> 00:08:28,639

frustrated saying you know lou why

256

00:08:32,310 --> 00:08:30,240

why didn't you just say this three years

257

00:08:34,149 --> 00:08:32,320

ago or two years ago you know

258

00:08:37,029 --> 00:08:34,159

and all this guesswork that we had to do

259

00:08:38,709 --> 00:08:37,039

well because i'm not that kind of guy

260

00:08:41,029 --> 00:08:38,719

i'm not just going to go ahead and say

261

00:08:42,389 --> 00:08:41,039

something and compromise somebody else

262

00:08:44,389 --> 00:08:42,399

in the program

263

00:08:46,150 --> 00:08:44,399

just to save my credibility that's not

264

00:08:47,509 --> 00:08:46,160

what this endeavor is about it's not

265

00:08:49,670 --> 00:08:47,519

about satisfying

266

00:08:51,590 --> 00:08:49,680

satisfying the idle curiosity of people

267

00:08:52,949 --> 00:08:51,600

and it's not about vindicating myself it

268

00:08:54,150 --> 00:08:52,959

never has been this is a much more

269

00:08:56,630 --> 00:08:54,160

profound journey

270

00:08:57,509 --> 00:08:56,640

about about telling the american people

271

00:08:59,269 --> 00:08:57,519

the truth

272

00:09:01,509 --> 00:08:59,279

and if that truth the cost of telling

273

00:09:04,230 --> 00:09:01,519

the truth is at my own expense

274

00:09:05,670 --> 00:09:04,240

as i've said before then that's that's

275

00:09:09,190 --> 00:09:05,680

that's a

276

00:09:10,470 --> 00:09:09,200

do whatever i have to do to have that

277

00:09:12,310 --> 00:09:10,480

conversation

278

00:09:14,389 --> 00:09:12,320

so i'd like to follow on from that with

279

00:09:15,990 --> 00:09:14,399

that in mind when you appeared on fox

280

00:09:17,430 --> 00:09:16,000

news with tucker carlson

281

00:09:19,590 --> 00:09:17,440

he asked if you believe the us

282

00:09:20,630 --> 00:09:19,600

government has debris from crashed uap

283

00:09:22,710 --> 00:09:20,640

and its possession

284

00:09:23,910 --> 00:09:22,720

your response was and i'll quote

285

00:09:27,190 --> 00:09:23,920

hopefully correctly here

286

00:09:29,509 --> 00:09:27,200

simply put yes that's a big answer

287

00:09:31,910 --> 00:09:29,519

how can you give that as an answer with

288

00:09:34,150 --> 00:09:31,920

that clearance in mind

289

00:09:35,829 --> 00:09:34,160

well because i'm not saying the

290

00:09:37,190 --> 00:09:35,839

specifics i'm not saying where it is

291

00:09:40,870 --> 00:09:37,200

where it's from

292

00:09:42,949 --> 00:09:40,880

uh who collected it uh remember what

293

00:09:44,470 --> 00:09:42,959

he said he said do you believe that the

294

00:09:47,110 --> 00:09:44,480

u.s government

295

00:09:48,630 --> 00:09:47,120

has material in its possession well he's

296

00:09:52,550 --> 00:09:48,640

asking me my

297

00:09:54,230 --> 00:09:52,560

my personal opinion uh and and i can i

298

00:09:55,829 --> 00:09:54,240

can provide my personal opinion in that

299

00:09:57,509 --> 00:09:55,839

regard i'm allowed to based upon the

300

00:09:59,590 --> 00:09:57,519

information i saw

301  
00:10:00,710 --> 00:09:59,600  
i i can say that because he's not asking

302  
00:10:03,269 --> 00:10:00,720  
me to say

303  
00:10:03,990 --> 00:10:03,279  
something to the effect of um for

304  
00:10:05,829 --> 00:10:04,000  
example

305  
00:10:08,150 --> 00:10:05,839  
who collected the material where is it

306  
00:10:09,910 --> 00:10:08,160  
being stored under whose authorities and

307  
00:10:10,310 --> 00:10:09,920  
auspices what are its capabilities what

308  
00:10:12,630 --> 00:10:10,320  
is it

309  
00:10:14,310 --> 00:10:12,640  
specifically made out of that's not what

310  
00:10:15,670 --> 00:10:14,320  
the question was he just simply asked me

311  
00:10:17,430 --> 00:10:15,680  
do you believe

312  
00:10:18,870 --> 00:10:17,440  
there is recovered material anything

313  
00:10:21,590 --> 00:10:18,880

beyond that

314

00:10:22,550 --> 00:10:21,600

other than what i believe now becomes

315

00:10:24,069 --> 00:10:22,560

stated fact

316

00:10:26,630 --> 00:10:24,079

and now i have to be careful because

317

00:10:29,829 --> 00:10:26,640

that stated fact is based upon knowledge

318

00:10:31,910 --> 00:10:29,839

that i had as as as a employee of the us

319

00:10:33,509 --> 00:10:31,920

government and that's why i was very

320

00:10:35,430 --> 00:10:33,519

specific when i said

321

00:10:36,710 --> 00:10:35,440

you know i have to be careful what i say

322

00:10:38,389 --> 00:10:36,720

here i i

323

00:10:40,069 --> 00:10:38,399

i take a minute and i have to pause and

324

00:10:42,630 --> 00:10:40,079

have to think about it because

325

00:10:44,630 --> 00:10:42,640

you know it's a it's a very fine line

326

00:10:46,870 --> 00:10:44,640

there's there's a there's a ledge there

327

00:10:48,550 --> 00:10:46,880

and i'm tiptoeing pretty close to that

328

00:10:51,750 --> 00:10:48,560

ledge and i you know

329

00:10:54,630 --> 00:10:51,760

one word just one wrong word and

330

00:10:55,190 --> 00:10:54,640

i'm i'm gonna be over the edge and uh

331

00:10:57,829 --> 00:10:55,200

you know

332

00:10:58,389 --> 00:10:57,839

it things can get very complicated for

333

00:11:01,750 --> 00:10:58,399

me

334

00:11:03,030 --> 00:11:01,760

counterintelligence helps you tip to

335

00:11:04,389 --> 00:11:03,040

that edge pretty well

336

00:11:06,710 --> 00:11:04,399

um and it seems to have worked for you

337

00:11:08,870 --> 00:11:06,720

so far um it's been well documented

338

00:11:10,150 --> 00:11:08,880

since you're parting of ways with ttsa

339

00:11:11,670 --> 00:11:10,160

that it's been amicable and you've got a

340

00:11:12,790 --> 00:11:11,680

lot of friends there and you enjoyed

341

00:11:14,790 --> 00:11:12,800

your time there

342

00:11:17,030 --> 00:11:14,800

since then have you been able to hold on

343

00:11:19,430 --> 00:11:17,040

to any projects you were involved with

344

00:11:21,430 --> 00:11:19,440

at the time with ttsa that you can

345

00:11:23,910 --> 00:11:21,440

continue to work on

346

00:11:25,509 --> 00:11:23,920

what a good question very very

347

00:11:26,150 --> 00:11:25,519

insightful thank you for asking that

348

00:11:29,829 --> 00:11:26,160

question

349

00:11:32,630 --> 00:11:29,839

the answer is a wholehearted yes uh

350

00:11:33,110 --> 00:11:32,640

there are efforts within ttsa that i'm

351  
00:11:36,389 --> 00:11:33,120  
still

352  
00:11:37,670 --> 00:11:36,399  
very much engaged with that tsa now

353  
00:11:41,030 --> 00:11:37,680  
that it's refocusing

354  
00:11:42,230 --> 00:11:41,040  
uh to the entertainment piece um i have

355  
00:11:45,190 --> 00:11:42,240  
the ability to

356  
00:11:45,829 --> 00:11:45,200  
run with some of these other efforts uh

357  
00:11:49,030 --> 00:11:45,839  
in a way

358  
00:11:51,990 --> 00:11:49,040  
that doesn't interfere uh

359  
00:11:52,629 --> 00:11:52,000  
or or complicate what tsa is trying to

360  
00:11:54,150 --> 00:11:52,639  
achieve

361  
00:11:56,790 --> 00:11:54,160  
and at the same time allows me the

362  
00:11:59,990 --> 00:11:56,800  
flexibility to as i've said before

363  
00:12:03,430 --> 00:12:00,000

shift into second gear basically uh

364

00:12:05,509 --> 00:12:03,440

move this effort now into phase two

365

00:12:08,829 --> 00:12:05,519

any specifics around those that you can

366

00:12:13,990 --> 00:12:11,350

um not at this moment i think

367

00:12:15,430 --> 00:12:14,000

very very soon it'll be clear um the

368

00:12:16,470 --> 00:12:15,440

reason why i don't want to talk about it

369

00:12:19,269 --> 00:12:16,480

is because

370

00:12:20,230 --> 00:12:19,279

they're in a delicate state of um of

371

00:12:21,829 --> 00:12:20,240

development

372

00:12:24,230 --> 00:12:21,839

and what i don't want to do is say

373

00:12:26,069 --> 00:12:24,240

something right now prematurely

374

00:12:27,350 --> 00:12:26,079

and you know let's say there's an

375

00:12:28,790 --> 00:12:27,360

organization out there that's very

376

00:12:30,629 --> 00:12:28,800

interested in partnering with us to

377

00:12:31,430 --> 00:12:30,639

bring this capability to full maturity

378

00:12:33,269 --> 00:12:31,440

right

379

00:12:35,509 --> 00:12:33,279

i don't want to do anything to spook the

380

00:12:38,310 --> 00:12:35,519

herd um this is still

381

00:12:39,910 --> 00:12:38,320

i mean it's still a very it's still very

382

00:12:41,910 --> 00:12:39,920

controversial topic that we're dealing

383

00:12:43,670 --> 00:12:41,920

with we're talking about uaps

384

00:12:45,750 --> 00:12:43,680

and frankly we're just now getting to

385

00:12:46,629 --> 00:12:45,760

the point where i think it's becoming

386

00:12:49,990 --> 00:12:46,639

more accepted

387

00:12:51,829 --> 00:12:50,000

but but we haven't achieved that that

388

00:12:53,030 --> 00:12:51,839

state of normalcy yet that we're all

389

00:12:54,949 --> 00:12:53,040

looking for so

390

00:12:56,550 --> 00:12:54,959

i have to be careful stigma and taboo is

391

00:12:58,870 --> 00:12:56,560

still a very

392

00:13:00,550 --> 00:12:58,880

significant part of this conversation

393

00:13:01,990 --> 00:13:00,560

and i have to tread very lightly and

394

00:13:03,670 --> 00:13:02,000

delicately sometimes

395

00:13:05,430 --> 00:13:03,680

when you talk about stigma and taboo

396

00:13:05,990 --> 00:13:05,440

normally with most people talking about

397

00:13:07,430 --> 00:13:06,000

that with me

398

00:13:09,350 --> 00:13:07,440

in this subject i would say that you

399

00:13:10,870 --> 00:13:09,360

know that you can't tell me anything

400

00:13:12,470 --> 00:13:10,880

better but given who i'm talking with

401  
00:13:14,710 --> 00:13:12,480  
you probably can and given what your

402  
00:13:17,110 --> 00:13:14,720  
line of work's been in the past as well

403  
00:13:19,509 --> 00:13:17,120  
as part of those changes at ttsa steve

404  
00:13:21,030 --> 00:13:19,519  
justice and chris melon also left

405  
00:13:22,949 --> 00:13:21,040  
what is your relationship with those

406  
00:13:25,350 --> 00:13:22,959  
gentlemen today and do you still plan to

407  
00:13:28,790 --> 00:13:25,360  
collaborate on projects with them

408  
00:13:30,230 --> 00:13:28,800  
oh yeah daily uh we should be no

409  
00:13:33,590 --> 00:13:30,240  
surprise that

410  
00:13:35,030 --> 00:13:33,600  
we are in very uh close collaboration

411  
00:13:36,389 --> 00:13:35,040  
proximity from a perspective of

412  
00:13:38,389 --> 00:13:36,399  
collaboration uh

413  
00:13:39,910 --> 00:13:38,399

there's very little daylight in fact uh

414

00:13:44,150 --> 00:13:39,920

i speak to to

415

00:13:46,550 --> 00:13:44,160

chris um on uh on a on a daily basis

416

00:13:48,550 --> 00:13:46,560

uh we are working very hard together

417

00:13:50,230 --> 00:13:48,560

this has been a really

418

00:13:51,590 --> 00:13:50,240

and forgive me for saying this because

419

00:13:52,870 --> 00:13:51,600

people i think are going to look into

420

00:13:54,949 --> 00:13:52,880

this and they're going to

421

00:13:56,389 --> 00:13:54,959

misconstrue what i'm saying um they're

422

00:13:57,590 --> 00:13:56,399

going to say i see you i told you he was

423

00:14:01,269 --> 00:13:57,600

manipulating

424

00:14:02,949 --> 00:14:01,279

um chris and i chris is

425

00:14:05,110 --> 00:14:02,959

is absolutely the epitome of a

426  
00:14:06,710 --> 00:14:05,120  
strategist he's probably one of the most

427  
00:14:09,350 --> 00:14:06,720  
intelligent human beings i have

428  
00:14:10,310 --> 00:14:09,360  
ever met and i've met a lot of smart

429  
00:14:12,710 --> 00:14:10,320  
people

430  
00:14:13,990 --> 00:14:12,720  
um we have been running this for the

431  
00:14:15,750 --> 00:14:14,000  
last three years very much like you

432  
00:14:16,949 --> 00:14:15,760  
would a military or an intelligence

433  
00:14:19,269 --> 00:14:16,959  
campaign

434  
00:14:20,790 --> 00:14:19,279  
there's five pillars of emphasis that we

435  
00:14:23,189 --> 00:14:20,800  
have been focusing on

436  
00:14:24,710 --> 00:14:23,199  
and none of these pillars can ever

437  
00:14:25,509 --> 00:14:24,720  
become taller than the other think of

438  
00:14:28,310 --> 00:14:25,519

putting a roof

439

00:14:29,509 --> 00:14:28,320

on on a house right you can't have one

440

00:14:31,110 --> 00:14:29,519

side of the house

441

00:14:33,670 --> 00:14:31,120

taller than the other sides because the

442

00:14:34,389 --> 00:14:33,680

roof gets cockeyed so the five pillars

443

00:14:35,829 --> 00:14:34,399

are

444

00:14:37,990 --> 00:14:35,839

the first one has been legislative

445

00:14:40,230 --> 00:14:38,000

engagement and that's in making sure

446

00:14:41,829 --> 00:14:40,240

that our our senior elected officials in

447

00:14:45,829 --> 00:14:41,839

this country the committees

448

00:14:47,590 --> 00:14:45,839

are properly briefed into the phenomenon

449

00:14:49,829 --> 00:14:47,600

the next pillar has been senior

450

00:14:51,110 --> 00:14:49,839

executive uh engagement

451  
00:14:53,670 --> 00:14:51,120  
on the executive branch senior

452  
00:14:55,590 --> 00:14:53,680  
leadership so um that would be engaging

453  
00:14:56,870 --> 00:14:55,600  
those individuals in the executive

454  
00:14:58,870 --> 00:14:56,880  
branch

455  
00:15:00,629 --> 00:14:58,880  
that need to be briefed so for example

456  
00:15:02,150 --> 00:15:00,639  
um everybody knows that in the last

457  
00:15:03,430 --> 00:15:02,160  
administration the president had been

458  
00:15:05,350 --> 00:15:03,440  
briefed a few times

459  
00:15:06,790 --> 00:15:05,360  
the secretary of defense secretary of

460  
00:15:08,389 --> 00:15:06,800  
defense was briefed

461  
00:15:10,710 --> 00:15:08,399  
um you know the former director of the

462  
00:15:12,389 --> 00:15:10,720  
cia so it's now coming to light that

463  
00:15:14,310 --> 00:15:12,399

these people were briefed so that was

464

00:15:16,230 --> 00:15:14,320

the second pillar executive

465

00:15:17,350 --> 00:15:16,240

engagement executive level of engagement

466

00:15:18,949 --> 00:15:17,360

the third pillar

467

00:15:21,030 --> 00:15:18,959

has been international engagement

468

00:15:24,150 --> 00:15:21,040

engaging those friends and allies

469

00:15:24,550 --> 00:15:24,160

in other countries are counterparts that

470

00:15:26,310 --> 00:15:24,560

are

471

00:15:27,590 --> 00:15:26,320

interested in having this conversation

472

00:15:28,870 --> 00:15:27,600

they're seeing something too they never

473

00:15:30,710 --> 00:15:28,880

really wanted to say anything but now

474

00:15:32,230 --> 00:15:30,720

that the u.s has stepped forward

475

00:15:34,470 --> 00:15:32,240

they can reach forward and say hey you

476  
00:15:35,430 --> 00:15:34,480  
know we'd like to talk to you about this

477  
00:15:37,189 --> 00:15:35,440  
topic because

478  
00:15:38,470 --> 00:15:37,199  
we've we've got some questions like you

479  
00:15:39,749 --> 00:15:38,480  
saw with japan

480  
00:15:41,670 --> 00:15:39,759  
recently and they've come out and

481  
00:15:43,269 --> 00:15:41,680  
established a relationship with the

482  
00:15:43,910 --> 00:15:43,279  
united states for the explicit purposes

483  
00:15:46,069 --> 00:15:43,920  
of sharing

484  
00:15:46,949 --> 00:15:46,079  
uap information i mean that's a big deal

485  
00:15:48,710 --> 00:15:46,959  
right

486  
00:15:50,629 --> 00:15:48,720  
and then the fourth pillar is media

487  
00:15:52,790 --> 00:15:50,639  
engagement making sure that mainstream

488  
00:15:56,389 --> 00:15:52,800

media has enough information

489

00:15:57,990 --> 00:15:56,399

um so they know they can have a a a an

490

00:15:59,430 --> 00:15:58,000

elevated conversation about the topic

491

00:16:00,790 --> 00:15:59,440

we're no longer talking about

492

00:16:02,310 --> 00:16:00,800

tin foil hats and elvis on the

493

00:16:04,150 --> 00:16:02,320

mothership we're talking about science

494

00:16:08,310 --> 00:16:04,160

we're talking about quantum physics

495

00:16:10,150 --> 00:16:08,320

we're talking about about a real

496

00:16:11,670 --> 00:16:10,160

issue that we have right now something

497

00:16:12,949 --> 00:16:11,680

that is in our skies we don't know what

498

00:16:14,069 --> 00:16:12,959

it is we don't know where it's from we

499

00:16:15,749 --> 00:16:14,079

don't really know how it works and

500

00:16:17,910 --> 00:16:15,759

there's not much we can do about it

501  
00:16:19,110 --> 00:16:17,920  
um that's that's that's that's a tough

502  
00:16:21,670 --> 00:16:19,120  
discussion to have

503  
00:16:22,629 --> 00:16:21,680  
and media is finally taking it seriously

504  
00:16:24,710 --> 00:16:22,639  
um despite this

505  
00:16:25,990 --> 00:16:24,720  
you know 70 some odd years of of

506  
00:16:28,230 --> 00:16:26,000  
ridicule and

507  
00:16:29,670 --> 00:16:28,240  
and bad hollywood movies about the topic

508  
00:16:33,189 --> 00:16:29,680  
and then the fifth pillar is

509  
00:16:36,949 --> 00:16:33,199  
is is engaging the masses engaging

510  
00:16:38,710 --> 00:16:36,959  
people and that is critically important

511  
00:16:40,470 --> 00:16:38,720  
and so let me dissect a little bit about

512  
00:16:42,230 --> 00:16:40,480  
the five pillars you don't ever want

513  
00:16:43,030 --> 00:16:42,240

your legislative branch to get ahead of

514

00:16:45,430 --> 00:16:43,040

the ball

515

00:16:46,710 --> 00:16:45,440

uh beyond your executive branch because

516

00:16:48,310 --> 00:16:46,720

it takes both of them you have people

517

00:16:49,110 --> 00:16:48,320

making laws and then people executing

518

00:16:50,389 --> 00:16:49,120

laws so

519

00:16:52,230 --> 00:16:50,399

so you never want to make sure that

520

00:16:53,189 --> 00:16:52,240

either the conservatives or liberals or

521

00:16:54,790 --> 00:16:53,199

anybody else

522

00:16:56,790 --> 00:16:54,800

has more information the other side this

523

00:16:58,629 --> 00:16:56,800

is a nonpartisan issue

524

00:16:59,990 --> 00:16:58,639

it's everybody gets the same amount of

525

00:17:00,550 --> 00:17:00,000

information if you have the security

526  
00:17:02,870 --> 00:17:00,560  
clearance

527  
00:17:04,789 --> 00:17:02,880  
and you're in a position of authority

528  
00:17:07,189 --> 00:17:04,799  
then at the same time

529  
00:17:08,470 --> 00:17:07,199  
when we talk about the media engagement

530  
00:17:10,150 --> 00:17:08,480  
and public engagement

531  
00:17:11,669 --> 00:17:10,160  
that's critically important because both

532  
00:17:12,549 --> 00:17:11,679  
the executive branch and legislative

533  
00:17:15,510 --> 00:17:12,559  
branch

534  
00:17:16,069 --> 00:17:15,520  
are responsive to the people period full

535  
00:17:19,110 --> 00:17:16,079  
stop

536  
00:17:21,909 --> 00:17:19,120  
meaning ultimately we serve

537  
00:17:23,350 --> 00:17:21,919  
the people not the other way around the

538  
00:17:24,309 --> 00:17:23,360

the people do not serve the government

539

00:17:26,150 --> 00:17:24,319

the government serves

540

00:17:27,909 --> 00:17:26,160

the people that is in our constitution

541

00:17:29,270 --> 00:17:27,919

and anybody who's forgotten that

542

00:17:31,510 --> 00:17:29,280

shouldn't be in government

543

00:17:33,590 --> 00:17:31,520

so it is important that the people have

544

00:17:36,549 --> 00:17:33,600

as much information as they can

545

00:17:38,390 --> 00:17:36,559

to then enable their leadership as we've

546

00:17:40,390 --> 00:17:38,400

been seeing right now this tremendous

547

00:17:42,950 --> 00:17:40,400

effort within ufo twitter to engage

548

00:17:45,590 --> 00:17:42,960

members of congress to engage the media

549

00:17:46,710 --> 00:17:45,600

it's working it's working it's it's

550

00:17:48,150 --> 00:17:46,720

people say well you're not sharing

551  
00:17:49,190 --> 00:17:48,160  
classified information no but i don't

552  
00:17:52,630 --> 00:17:49,200  
have to

553  
00:17:54,150 --> 00:17:52,640  
we're we are achieving more with this

554  
00:17:56,470 --> 00:17:54,160  
grassroots effort

555  
00:17:57,830 --> 00:17:56,480  
um than ever by me just going and

556  
00:17:58,630 --> 00:17:57,840  
briefing congress at the classified

557  
00:18:00,950 --> 00:17:58,640  
level

558  
00:18:02,390 --> 00:18:00,960  
all of this has to happen simultaneously

559  
00:18:05,669 --> 00:18:02,400  
it has to be deliberate

560  
00:18:06,310 --> 00:18:05,679  
it has to be strategic uh and it has to

561  
00:18:09,990 --> 00:18:06,320  
be

562  
00:18:12,310 --> 00:18:10,000  
purposeful and and i think um

563  
00:18:13,909 --> 00:18:12,320

you know it's if people were to realize

564

00:18:15,190 --> 00:18:13,919

just spend a day in our shoes they'd

565

00:18:17,270 --> 00:18:15,200

realize

566

00:18:18,549 --> 00:18:17,280

it's not that easy i mean it's it's

567

00:18:20,070 --> 00:18:18,559

tough and

568

00:18:21,669 --> 00:18:20,080

you know a lot of the playbook where

569

00:18:23,510 --> 00:18:21,679

we're writing as as

570

00:18:25,190 --> 00:18:23,520

as we're doing it's kind of like

571

00:18:25,750 --> 00:18:25,200

building an airplane while you're flying

572

00:18:31,350 --> 00:18:25,760

it

573

00:18:33,029 --> 00:18:31,360

really can't there's a

574

00:18:34,630 --> 00:18:33,039

there's a lot of smart people that are

575

00:18:36,150 --> 00:18:34,640

working this effort behind the scenes

576

00:18:43,830 --> 00:18:36,160

both inside the government

577

00:18:46,549 --> 00:18:43,840

and outside the government

578

00:18:48,230 --> 00:18:46,559

oh we'll give it a second sorry man you

579

00:18:49,669 --> 00:18:48,240

know that so that's okay that's dan's

580

00:18:50,150 --> 00:18:49,679

going to note that one down for us just

581

00:18:51,830 --> 00:18:50,160

roughly

582

00:18:54,630 --> 00:18:51,840

okay sorry i had someone trying to call

583

00:18:56,310 --> 00:18:54,640

me through so i apologize that's okay uh

584

00:18:58,630 --> 00:18:56,320

it's it's you know we make mistakes all

585

00:19:01,190 --> 00:18:58,640

the time um but this is why

586

00:19:02,230 --> 00:19:01,200

once again ufo twitter so important

587

00:19:04,310 --> 00:19:02,240

because

588

00:19:05,990 --> 00:19:04,320

you guys have a lot of great ideas a lot

589

00:19:08,070 --> 00:19:06,000

of things that we don't think about

590

00:19:09,270 --> 00:19:08,080

and on a daily basis as i'm reading

591

00:19:10,549 --> 00:19:09,280

through the twitter sphere i'm not

592

00:19:11,190 --> 00:19:10,559

reading comments while people think

593

00:19:12,870 --> 00:19:11,200

about me

594

00:19:14,789 --> 00:19:12,880

quite frankly i don't give a [h\_\_h] what

595

00:19:16,549 --> 00:19:14,799

people think about me what i care is how

596

00:19:18,310 --> 00:19:16,559

people are taking the topic

597

00:19:20,310 --> 00:19:18,320

and if they have any new ideas and

598

00:19:21,990 --> 00:19:20,320

insights and it's valuable

599

00:19:24,070 --> 00:19:22,000

it's paying off we're able to then take

600

00:19:24,870 --> 00:19:24,080

some of those ideas formulate them into

601  
00:19:26,710 --> 00:19:24,880

a strategy

602  
00:19:28,549 --> 00:19:26,720

and then execute those strategies in a

603  
00:19:28,950 --> 00:19:28,559

very meaningful meaningful purposeful

604  
00:19:30,549 --> 00:19:28,960

way

605  
00:19:31,990 --> 00:19:30,559

whether we're dealing with congress or

606  
00:19:33,830 --> 00:19:32,000

the u.s government or foreign

607  
00:19:35,590 --> 00:19:33,840

governments or the media

608  
00:19:37,590 --> 00:19:35,600

and that's great to hear and i would

609  
00:19:39,270 --> 00:19:37,600

encourage people in the uk particularly

610  
00:19:41,669 --> 00:19:39,280

which the the conversations

611  
00:19:43,270 --> 00:19:41,679

poor to non-existent to check out a uap

612  
00:19:44,789 --> 00:19:43,280

media uk which is something we are

613  
00:19:46,789 --> 00:19:44,799

trying to help with from a media

614

00:19:49,830 --> 00:19:46,799

perspective in the uk as well

615

00:19:51,669 --> 00:19:49,840

now shifting attack slightly low i want

616

00:19:53,350 --> 00:19:51,679

to ask you about your trip to pick up

617

00:19:55,190 --> 00:19:53,360

materials from the bledsoes

618

00:19:57,430 --> 00:19:55,200

now the bledsoes are a family with an

619

00:19:58,710 --> 00:19:57,440

immense interest particularly in the ufo

620

00:20:00,390 --> 00:19:58,720

uap community

621

00:20:02,070 --> 00:20:00,400

are you still in contact with krishna's

622

00:20:03,590 --> 00:20:02,080

family and what's the status of the

623

00:20:05,029 --> 00:20:03,600

project there

624

00:20:06,950 --> 00:20:05,039

you know chris is a wonderful gentleman

625

00:20:07,510 --> 00:20:06,960

i've had the the pleasure of meeting him

626  
00:20:11,029 --> 00:20:07,520  
twice

627  
00:20:12,230 --> 00:20:11,039  
uh in person um that meeting was really

628  
00:20:14,950 --> 00:20:12,240  
facilitated through

629  
00:20:17,190 --> 00:20:14,960  
one of my former colleagues at the time

630  
00:20:20,549 --> 00:20:17,200  
tom delonge and jim semivam

631  
00:20:23,190 --> 00:20:20,559  
um i you know i i cannot

632  
00:20:25,350 --> 00:20:23,200  
substantiate publicly uh the claims i

633  
00:20:27,029 --> 00:20:25,360  
have i believe uh in my heart of hearts

634  
00:20:28,390 --> 00:20:27,039  
that they truly believe

635  
00:20:30,630 --> 00:20:28,400  
what they're experiencing and at the

636  
00:20:32,390 --> 00:20:30,640  
same time it actually may be correct

637  
00:20:34,230 --> 00:20:32,400  
i don't know the problem is it's it's

638  
00:20:36,870 --> 00:20:34,240

very subjective uh

639

00:20:37,990 --> 00:20:36,880

which a lot of stuff is in this field is

640

00:20:40,630 --> 00:20:38,000

subjective so

641

00:20:42,390 --> 00:20:40,640

so i'm not saying that it's it's true or

642

00:20:42,950 --> 00:20:42,400

it's not true what i'm simply saying is

643

00:20:45,430 --> 00:20:42,960

that

644

00:20:46,950 --> 00:20:45,440

at the end of the day we have to use

645

00:20:49,270 --> 00:20:46,960

methodologies that can

646

00:20:50,390 --> 00:20:49,280

that that conform to the scientific

647

00:20:52,950 --> 00:20:50,400

principles

648

00:20:54,630 --> 00:20:52,960

of of science and that means you know

649

00:20:55,350 --> 00:20:54,640

peer review and this has to be

650

00:20:57,350 --> 00:20:55,360

repeatable

651  
00:20:58,789 --> 00:20:57,360  
and and things like that otherwise it's

652  
00:21:01,590 --> 00:20:58,799  
just anecdotal

653  
00:21:02,390 --> 00:21:01,600  
again i'm not i'm not diminishing the

654  
00:21:04,390 --> 00:21:02,400  
value

655  
00:21:05,830 --> 00:21:04,400  
or the reality of what they are

656  
00:21:07,990 --> 00:21:05,840  
experiencing

657  
00:21:10,149 --> 00:21:08,000  
i'm pretty certain there's a lot a lot

658  
00:21:12,789 --> 00:21:10,159  
of strange things happening there

659  
00:21:14,230 --> 00:21:12,799  
very similar to skinwalker ranch but the

660  
00:21:16,630 --> 00:21:14,240  
problem is i have to remain

661  
00:21:17,590 --> 00:21:16,640  
focused i have to remain focused on on

662  
00:21:20,870 --> 00:21:17,600  
the uap

663  
00:21:22,230 --> 00:21:20,880

issue that we're dealing with right now

664

00:21:24,149 --> 00:21:22,240

and people just say well it is related

665

00:21:25,909 --> 00:21:24,159

well okay fine but again i've got no

666

00:21:28,470 --> 00:21:25,919

data to prove that

667

00:21:29,909 --> 00:21:28,480

you know i don't know what's going on

668

00:21:31,909 --> 00:21:29,919

over there regarding the blood cells

669

00:21:35,990 --> 00:21:31,919

other than what's been reported

670

00:21:39,110 --> 00:21:36,000

and so for me um you know i'm not saying

671

00:21:41,350 --> 00:21:39,120

it's it's not valid or relevant

672

00:21:43,190 --> 00:21:41,360

i just don't have enough data yet to to

673

00:21:46,310 --> 00:21:43,200

make any type of conclusive

674

00:21:47,350 --> 00:21:46,320

uh decision if it fits into the calculus

675

00:21:49,110 --> 00:21:47,360

of the effort we're on

676  
00:21:51,110 --> 00:21:49,120  
because i can't go to kang a member of

677  
00:21:52,710 --> 00:21:51,120  
congress or a senior member of the

678  
00:21:54,070 --> 00:21:52,720  
executive department and say

679  
00:21:55,909 --> 00:21:54,080  
oh by the way these people are having

680  
00:21:58,149 --> 00:21:55,919  
these these paranormal experiences over

681  
00:22:00,470 --> 00:21:58,159  
there we should listen to them

682  
00:22:01,270 --> 00:22:00,480  
that that's not going to get me very far

683  
00:22:03,029 --> 00:22:01,280  
i have to

684  
00:22:04,470 --> 00:22:03,039  
you know what what's what's so i think

685  
00:22:06,390 --> 00:22:04,480  
compelling about the uap

686  
00:22:07,830 --> 00:22:06,400  
issue is that you have human beings

687  
00:22:08,950 --> 00:22:07,840  
which are trained observers right think

688  
00:22:10,950 --> 00:22:08,960

of a human being as no

689

00:22:12,710 --> 00:22:10,960

no different than any other intelligence

690

00:22:14,390 --> 00:22:12,720

collection system

691

00:22:16,630 --> 00:22:14,400

so you have human beings that are that

692

00:22:17,350 --> 00:22:16,640

are that are identifying something

693

00:22:19,190 --> 00:22:17,360

occurring

694

00:22:21,029 --> 00:22:19,200

which is backed up then and collected on

695

00:22:21,510 --> 00:22:21,039

electro optical data like gun camera

696

00:22:23,750 --> 00:22:21,520

footage

697

00:22:25,990 --> 00:22:23,760

which is also backed up by by

698

00:22:27,909 --> 00:22:26,000

electromagnetic information like radar

699

00:22:30,390 --> 00:22:27,919

right and all of a sudden you know you

700

00:22:33,190 --> 00:22:30,400

have three different separate collection

701  
00:22:33,590 --> 00:22:33,200  
capabilities all looking at the same

702  
00:22:35,830 --> 00:22:33,600  
thing

703  
00:22:37,590 --> 00:22:35,840  
at the same time in the same place under

704  
00:22:39,909 --> 00:22:37,600  
the same circumstances

705  
00:22:42,070 --> 00:22:39,919  
that's data that i can i can then

706  
00:22:45,190 --> 00:22:42,080  
present in a meaningful way

707  
00:22:45,830 --> 00:22:45,200  
to decision makers that that is is a

708  
00:22:48,870 --> 00:22:45,840  
much

709  
00:22:52,070 --> 00:22:48,880  
um easier approach

710  
00:22:53,990 --> 00:22:52,080  
at least for me and my colleagues to

711  
00:22:56,390 --> 00:22:54,000  
to achieve mission success and again i

712  
00:22:58,950 --> 00:22:56,400  
don't want to disparage in any way

713  
00:23:00,470 --> 00:22:58,960

uh the blood cells or anybody else who

714

00:23:01,350 --> 00:23:00,480

has their own personal experiences

715

00:23:02,630 --> 00:23:01,360

because that's why they're called

716

00:23:05,669 --> 00:23:02,640

personal experiences

717

00:23:07,830 --> 00:23:05,679

they're personal um but

718

00:23:09,830 --> 00:23:07,840

but right now i can't include that in my

719

00:23:10,950 --> 00:23:09,840

calculus it's a lovely family very

720

00:23:12,950 --> 00:23:10,960

wonderful family

721

00:23:15,029 --> 00:23:12,960

and i have no reason to believe that

722

00:23:18,549 --> 00:23:15,039

that mr bledsoe or his family

723

00:23:20,950 --> 00:23:18,559

are lying or deceiving in any way um

724

00:23:23,669 --> 00:23:20,960

but again that data just i can't

725

00:23:25,669 --> 00:23:23,679

incorporate it into the current calculus

726

00:23:27,510 --> 00:23:25,679

that i'm using if that makes sense

727

00:23:28,630 --> 00:23:27,520

absolutely and you mentioned skin walker

728

00:23:30,470 --> 00:23:28,640

ranch now i've

729

00:23:31,990 --> 00:23:30,480

spoken with brandon fugal and he'll be

730

00:23:35,350 --> 00:23:32,000

on the podcast soon hopefully

731

00:23:37,190 --> 00:23:35,360

um himself bob bigelow both former and

732

00:23:38,390 --> 00:23:37,200

president owner of skinwalker ranch

733

00:23:40,390 --> 00:23:38,400

have had their own scientific

734

00:23:42,230 --> 00:23:40,400

experiments going on and

735

00:23:43,830 --> 00:23:42,240

some data released you know a good tv

736

00:23:45,990 --> 00:23:43,840

show has come out as part of that as

737

00:23:47,750 --> 00:23:46,000

well which the second season is juicing

738

00:23:49,830 --> 00:23:47,760

but they are still ongoing scientific

739

00:23:51,430 --> 00:23:49,840

experience experiences and experiments

740

00:23:53,350 --> 00:23:51,440

sorry

741

00:23:55,110 --> 00:23:53,360

they have both said and others around

742

00:23:57,110 --> 00:23:55,120

skinwalker ranch that it comes with

743

00:23:59,190 --> 00:23:57,120

somewhat of a sticky portfolio

744

00:24:01,269 --> 00:23:59,200

and this topic and subject if you want

745

00:24:03,430 --> 00:24:01,279

to put the phenomena under an umbrella

746

00:24:05,990 --> 00:24:03,440

have you ever had any experiences like

747

00:24:09,350 --> 00:24:06,000

that yourself

748

00:24:11,590 --> 00:24:09,360

uh wow

749

00:24:12,950 --> 00:24:11,600

again great question uh and one

750

00:24:16,830 --> 00:24:12,960

unfortunately

751  
00:24:18,950 --> 00:24:16,840  
i'm gonna politely sidestep at this time

752  
00:24:22,149 --> 00:24:18,960  
um

753  
00:24:25,430 --> 00:24:22,159  
was many years ago

754  
00:24:29,110 --> 00:24:25,440  
and uh a lot of uh effort and

755  
00:24:32,630 --> 00:24:29,120  
talent was put into that um i am aware

756  
00:24:35,430 --> 00:24:32,640  
of of what they were doing

757  
00:24:37,750 --> 00:24:35,440  
but i think that's i think probably i

758  
00:24:40,870 --> 00:24:37,760  
think i'll sidestep this question

759  
00:24:42,870 --> 00:24:40,880  
because um i

760  
00:24:44,630 --> 00:24:42,880  
really am not the right guy to answer

761  
00:24:46,630 --> 00:24:44,640  
that question you just

762  
00:24:48,230 --> 00:24:46,640  
asked me have i had any personal

763  
00:24:50,310 --> 00:24:48,240

experiences

764

00:24:51,830 --> 00:24:50,320

if i did or i did not i'm not sure if

765

00:24:54,310 --> 00:24:51,840

that impacts

766

00:24:55,909 --> 00:24:54,320

um the ongoing effort right now that

767

00:24:57,029 --> 00:24:55,919

we're engaged with

768

00:25:00,070 --> 00:24:57,039

and i don't you know i don't want to

769

00:25:02,549 --> 00:25:00,080

prejudice the jury it's important as

770

00:25:04,549 --> 00:25:02,559

an investigator i try to remain as as

771

00:25:05,909 --> 00:25:04,559

fair and impartial and objective as

772

00:25:09,750 --> 00:25:05,919

possible

773

00:25:12,470 --> 00:25:09,760

and introducing uh my own personal

774

00:25:13,029 --> 00:25:12,480

feelings or beliefs or observations

775

00:25:17,029 --> 00:25:13,039

about

776

00:25:17,909 --> 00:25:17,039

that um you know i i i'm not sure is is

777

00:25:20,310 --> 00:25:17,919

overly helpful

778

00:25:22,549 --> 00:25:20,320

um i'd probably rely on individuals that

779

00:25:25,110 --> 00:25:22,559

were more involved with that effort

780

00:25:26,710 --> 00:25:25,120

to to answer that question that's what

781

00:25:27,269 --> 00:25:26,720

i'll say for part three or part four

782

00:25:29,029 --> 00:25:27,279

with

783

00:25:31,750 --> 00:25:29,039

zondo and years to come potentially and

784

00:25:33,510 --> 00:25:31,760

ask that again there you go

785

00:25:35,029 --> 00:25:33,520

can you talk on the work you are doing

786

00:25:36,870 --> 00:25:35,039

with uh are you going to be doing with

787

00:25:38,230 --> 00:25:36,880

the lakota tribe uh there seems to be a

788

00:25:39,430 --> 00:25:38,240

strong connection between native

789

00:25:42,870 --> 00:25:39,440

american tribes

790

00:25:44,710 --> 00:25:42,880

and the phenomena itself

791

00:25:46,149 --> 00:25:44,720

well damn once again you're asking great

792

00:25:50,149 --> 00:25:46,159

questions and i'll answer that one

793

00:25:53,029 --> 00:25:50,159

um yes i we are absolutely

794

00:25:53,750 --> 00:25:53,039

engaged in that effort let's not forget

795

00:25:55,510 --> 00:25:53,760

that the

796

00:25:58,310 --> 00:25:55,520

the first nations of saskatchewan and

797

00:26:01,029 --> 00:25:58,320

all frankly most indigenous peoples

798

00:26:02,230 --> 00:26:01,039

um have oral traditions that go back in

799

00:26:03,830 --> 00:26:02,240

some cases

800

00:26:07,350 --> 00:26:03,840

thousands and thousands of years

801  
00:26:10,230 --> 00:26:07,360  
pre-history from our perspective

802  
00:26:12,870 --> 00:26:10,240  
and to very much the same that an f-18

803  
00:26:16,789 --> 00:26:12,880  
pilot is a trained observer

804  
00:26:19,029 --> 00:26:16,799  
uh when flying a combat mission um

805  
00:26:20,149 --> 00:26:19,039  
indigenous people are trained observers

806  
00:26:23,990 --> 00:26:20,159  
when it comes to

807  
00:26:24,470 --> 00:26:24,000  
their land and um although it might come

808  
00:26:26,390 --> 00:26:24,480  
from a

809  
00:26:28,470 --> 00:26:26,400  
slightly different paradigm than we're

810  
00:26:30,870 --> 00:26:28,480  
used to in the western world

811  
00:26:32,470 --> 00:26:30,880  
uh indigenous people have a profound

812  
00:26:35,750 --> 00:26:32,480  
sense of history

813  
00:26:37,029 --> 00:26:35,760

and uh that that it is it is that

814

00:26:39,990 --> 00:26:37,039

history

815

00:26:42,789 --> 00:26:40,000

that we are very curious to see if we

816

00:26:46,230 --> 00:26:42,799

can see some of the same patterns

817

00:26:47,269 --> 00:26:46,240

that we see in um in the current effort

818

00:26:49,750 --> 00:26:47,279

regarding ayton

819

00:26:52,149 --> 00:26:49,760

but even more importantly than that i

820

00:26:54,870 --> 00:26:52,159

think i think all indigenous people have

821

00:26:55,430 --> 00:26:54,880

have lessons that we can learn from i

822

00:26:57,909 --> 00:26:55,440

think we

823

00:26:58,789 --> 00:26:57,919

in it we live in a very materialistic

824

00:27:01,110 --> 00:26:58,799

world

825

00:27:02,310 --> 00:27:01,120

uh that is heavily dependent upon

826  
00:27:05,590 --> 00:27:02,320  
technology

827  
00:27:07,909 --> 00:27:05,600  
and um you know indigenous people

828  
00:27:09,269 --> 00:27:07,919  
for for millennia have gotten along just

829  
00:27:11,990 --> 00:27:09,279  
fine without it

830  
00:27:13,510 --> 00:27:12,000  
and uh their their sense of government

831  
00:27:15,110 --> 00:27:13,520  
and their sense of organization their

832  
00:27:18,710 --> 00:27:15,120  
sense of fairness

833  
00:27:21,909 --> 00:27:18,720  
uh is is truly profound and i think

834  
00:27:25,669 --> 00:27:21,919  
if we can show the world

835  
00:27:28,149 --> 00:27:25,679  
just a little bit of that beauty uh

836  
00:27:30,149 --> 00:27:28,159  
we we might be better off we might be

837  
00:27:32,830 --> 00:27:30,159  
better off as a civilization we might be

838  
00:27:35,350 --> 00:27:32,840

better off as a race as a species

839

00:27:35,909 --> 00:27:35,360

um i'm not going to go into detail but

840

00:27:39,510 --> 00:27:35,919

when i

841

00:27:43,029 --> 00:27:39,520

of going up and meeting

842

00:27:46,070 --> 00:27:43,039

the the chief and the elders of

843

00:27:47,750 --> 00:27:46,080

of the bands um with the lakota dakota

844

00:27:51,269 --> 00:27:47,760

bands that they'd prefer to be

845

00:27:53,110 --> 00:27:51,279

called bands it was a

846

00:27:55,830 --> 00:27:53,120

it was a profound experience for me it

847

00:27:59,269 --> 00:27:55,840

was it was um

848

00:28:02,470 --> 00:27:59,279

it was an epiphany i learned

849

00:28:03,750 --> 00:28:02,480

so much in that brief time i had with

850

00:28:05,430 --> 00:28:03,760

them and again i

851

00:28:06,950 --> 00:28:05,440

i don't want to share the specific

852

00:28:08,950 --> 00:28:06,960

instances because

853

00:28:11,269 --> 00:28:08,960

i would like to eventually provide that

854

00:28:15,110 --> 00:28:11,279

in a much more professional manner

855

00:28:19,669 --> 00:28:15,120

uh for everybody to see but um it was

856

00:28:23,510 --> 00:28:19,679

it was not nothing less than

857

00:28:26,549 --> 00:28:23,520

soul shaking and i mean that sincerely

858

00:28:27,269 --> 00:28:26,559

uh i i realize there's a whole another

859

00:28:30,549 --> 00:28:27,279

aspect

860

00:28:33,909 --> 00:28:30,559

to humanity that we have seen

861

00:28:36,630 --> 00:28:33,919

to forget and indigenous people have

862

00:28:38,950 --> 00:28:36,640

despite the challenges they have faced

863

00:28:42,230 --> 00:28:38,960

over the years whether it's disease

864

00:28:43,510 --> 00:28:42,240

or or being moved against their will to

865

00:28:45,830 --> 00:28:43,520

reservations

866

00:28:46,950 --> 00:28:45,840

and the hardships and the discrimination

867

00:28:49,510 --> 00:28:46,960

that they have faced

868

00:28:51,750 --> 00:28:49,520

over and over again somehow they were

869

00:28:55,029 --> 00:28:51,760

able to maintain

870

00:29:00,149 --> 00:28:55,039

their dignity and and their humanity

871

00:29:03,269 --> 00:29:00,159

and um for me it was a

872

00:29:05,909 --> 00:29:03,279

it was an understanding of resilience

873

00:29:07,029 --> 00:29:05,919

and that the that there is an indelible

874

00:29:08,789 --> 00:29:07,039

part of the human being

875

00:29:10,070 --> 00:29:08,799

whether you call it the soul or the id

876

00:29:12,070 --> 00:29:10,080

or the chi or whatever

877

00:29:13,909 --> 00:29:12,080

whatever non-du jour you want to give it

878

00:29:16,789 --> 00:29:13,919

there's an element beyond the

879

00:29:18,470 --> 00:29:16,799

the biomass of a human body and beyond

880

00:29:19,990 --> 00:29:18,480

the electrical synapses of the human

881

00:29:22,470 --> 00:29:20,000

brain and the intellect

882

00:29:23,430 --> 00:29:22,480

that makes each and every one of us

883

00:29:26,950 --> 00:29:23,440

distinct

884

00:29:28,870 --> 00:29:26,960

and and i learned that um

885

00:29:30,070 --> 00:29:28,880

there's there's there's great beauty in

886

00:29:31,830 --> 00:29:30,080

that and

887

00:29:33,190 --> 00:29:31,840

um you know coming from up from a hard

888

00:29:35,110 --> 00:29:33,200

investigator who

889

00:29:37,350 --> 00:29:35,120

has been always just a fax ma'am kind of

890

00:29:38,789 --> 00:29:37,360

guy you know there's another aspect to

891

00:29:41,830 --> 00:29:38,799

being human here

892

00:29:43,350 --> 00:29:41,840

that um not just me but maybe

893

00:29:45,830 --> 00:29:43,360

maybe other people have forgotten as

894

00:29:48,149 --> 00:29:45,840

well and so i want to be able to

895

00:29:49,269 --> 00:29:48,159

to tell that that story in a very

896

00:29:50,950 --> 00:29:49,279

elevated way

897

00:29:52,470 --> 00:29:50,960

and share that with other people and see

898

00:29:55,430 --> 00:29:52,480

if they have the same

899

00:29:56,789 --> 00:29:55,440

you know same reaction that that i did i

900

00:29:57,669 --> 00:29:56,799

would look forward to that coming to

901  
00:29:58,950 --> 00:29:57,679

fruition and

902  
00:30:01,110 --> 00:29:58,960

i think people would be screaming at

903  
00:30:02,549 --> 00:30:01,120

their podcast devices just now

904  
00:30:04,070 --> 00:30:02,559

on a lot of different questions we could

905  
00:30:05,269 --> 00:30:04,080

go off in a tangent with their button

906  
00:30:06,310 --> 00:30:05,279

we'll see if they'll save those for

907  
00:30:08,149 --> 00:30:06,320

another day

908  
00:30:09,669 --> 00:30:08,159

i've made no secret for a long time on

909  
00:30:12,310 --> 00:30:09,679

this podcast lou uh i

910  
00:30:13,830 --> 00:30:12,320

i'm a huge fan of unidentified um the

911  
00:30:14,950 --> 00:30:13,840

tournament struck was perfect it was

912  
00:30:15,830 --> 00:30:14,960

something i was very much looking

913  
00:30:17,590 --> 00:30:15,840

forward to

914

00:30:20,310 --> 00:30:17,600

um given it seems now there'll be no

915

00:30:21,990 --> 00:30:20,320

season three um can you speak about what

916

00:30:23,669 --> 00:30:22,000

you would have liked that to look like

917

00:30:25,590 --> 00:30:23,679

and i would also like you to comment i

918

00:30:26,070 --> 00:30:25,600

interviewed antelipe producer of the

919

00:30:27,750 --> 00:30:26,080

show

920

00:30:29,510 --> 00:30:27,760

and he mentioned on my interview with

921

00:30:30,710 --> 00:30:29,520

him that there had been contact with

922

00:30:32,389 --> 00:30:30,720

people from nasa

923

00:30:34,549 --> 00:30:32,399

who just weren't quite ready to go on

924

00:30:35,190 --> 00:30:34,559

the record uh could you comment on that

925

00:30:37,830 --> 00:30:35,200

as well

926  
00:30:39,750 --> 00:30:37,840  
yeah so the two questions um what would

927  
00:30:41,750 --> 00:30:39,760  
i like to see in episode three nothing

928  
00:30:43,909 --> 00:30:41,760  
um but the answer is simply put nothing

929  
00:30:45,510 --> 00:30:43,919  
we we made a decision chris mellon and i

930  
00:30:46,470 --> 00:30:45,520  
early on that we only wanted to do two

931  
00:30:49,669 --> 00:30:46,480  
seasons

932  
00:30:51,669 --> 00:30:49,679  
um that was it was a short relationship

933  
00:30:54,470 --> 00:30:51,679  
with history channel they agreed

934  
00:30:55,669 --> 00:30:54,480  
this was never intended to be a long

935  
00:30:59,029 --> 00:30:55,679  
protracted show

936  
00:31:02,470 --> 00:30:59,039  
where we just artificially generate

937  
00:31:05,830 --> 00:31:02,480  
material for the sake of having a show

938  
00:31:08,149 --> 00:31:05,840

we it was a target of opportunity uh

939

00:31:10,070 --> 00:31:08,159

that was never meant to be enduring uh

940

00:31:12,630 --> 00:31:10,080

we are now working on some of these

941

00:31:13,350 --> 00:31:12,640

those enduring capabilities but as we

942

00:31:15,509 --> 00:31:13,360

shift from

943

00:31:17,430 --> 00:31:15,519

from you know phase one to phase two or

944

00:31:20,389 --> 00:31:17,440

first gear to second gear

945

00:31:22,470 --> 00:31:20,399

history had its role and it was very

946

00:31:23,990 --> 00:31:22,480

impactful and it did exactly what we

947

00:31:26,870 --> 00:31:24,000

intended it to do

948

00:31:27,350 --> 00:31:26,880

but make no mistake the history channel

949

00:31:28,950 --> 00:31:27,360

uh

950

00:31:30,630 --> 00:31:28,960

effort was not ever it was never

951  
00:31:33,990 --> 00:31:30,640  
intended to be a long-term

952  
00:31:35,350 --> 00:31:34,000  
uh effort for us it was always a

953  
00:31:37,029 --> 00:31:35,360  
short term it was to get the

954  
00:31:39,750 --> 00:31:37,039  
conversation going

955  
00:31:40,950 --> 00:31:39,760  
and then depending how that went move on

956  
00:31:43,430 --> 00:31:40,960  
to something else

957  
00:31:45,029 --> 00:31:43,440  
um so that's that's the first part the

958  
00:31:45,590 --> 00:31:45,039  
second part you asked me about anthony

959  
00:31:48,789 --> 00:31:45,600  
lepay

960  
00:31:50,630 --> 00:31:48,799  
and people from nasa look i get emails

961  
00:31:52,789 --> 00:31:50,640  
every day it's not just nasa it's nasa

962  
00:31:54,870 --> 00:31:52,799  
it's faa it's department of energy

963  
00:31:56,789 --> 00:31:54,880

very very senior people now are finally

964

00:31:59,509 --> 00:31:56,799

coming forward

965

00:32:01,830 --> 00:31:59,519

and wanting to have this conversation i

966

00:32:04,070 --> 00:32:01,840

think it's uh

967

00:32:05,590 --> 00:32:04,080

and i think it's a good thing um anthony

968

00:32:07,110 --> 00:32:05,600

lepay is absolutely right but we also

969

00:32:08,549 --> 00:32:07,120

have people from other countries

970

00:32:10,149 --> 00:32:08,559

and senior officials in their

971

00:32:11,750 --> 00:32:10,159

intelligence community

972

00:32:14,230 --> 00:32:11,760

and their government apparatus coming

973

00:32:15,750 --> 00:32:14,240

forward and that's i think

974

00:32:18,549 --> 00:32:15,760

i think it's indicative of the sign of

975

00:32:20,630 --> 00:32:18,559

the times the conversation is shifting

976  
00:32:22,070 --> 00:32:20,640  
and again i want to go back to the ufo

977  
00:32:23,110 --> 00:32:22,080  
twitter world because that's in large

978  
00:32:26,830 --> 00:32:23,120  
part because of you

979  
00:32:29,750 --> 00:32:26,840  
of what you're doing i'm only one voice

980  
00:32:32,230 --> 00:32:29,760  
but you guys are many and

981  
00:32:33,909 --> 00:32:32,240  
i i think the beauty about this uh is

982  
00:32:37,830 --> 00:32:33,919  
that we are no longer

983  
00:32:39,750 --> 00:32:37,840  
uh a a if you will an enclave

984  
00:32:42,070 --> 00:32:39,760  
i think what you're seeing with ufo

985  
00:32:42,870 --> 00:32:42,080  
twitter it's is very quickly becoming an

986  
00:32:45,830 --> 00:32:42,880  
army

987  
00:32:49,190 --> 00:32:45,840  
uh and that's that's that's a lot

988  
00:32:50,630 --> 00:32:49,200

different it's not a it's becoming a

989

00:32:52,870 --> 00:32:50,640

i don't know if i want to say the word

990

00:32:55,669 --> 00:32:52,880

movement because it's used too much

991

00:32:56,950 --> 00:32:55,679

and movements can sometimes use to be to

992

00:32:58,549 --> 00:32:56,960

do bad things

993

00:33:00,710 --> 00:32:58,559

just like they can to be used to do good

994

00:33:03,909 --> 00:33:00,720

things but in my case

995

00:33:07,190 --> 00:33:03,919

i think i think the ufo

996

00:33:08,950 --> 00:33:07,200

twitter universe has has

997

00:33:10,789 --> 00:33:08,960

helped tremendously in this effort and

998

00:33:12,630 --> 00:33:10,799

it's getting people to come out

999

00:33:15,029 --> 00:33:12,640

and talk when you look on twitter i know

1000

00:33:17,350 --> 00:33:15,039

for an absolute fact there are several

1001  
00:33:18,870 --> 00:33:17,360  
pseudo handles on there that are very

1002  
00:33:20,230 --> 00:33:18,880  
senior government officials that i

1003  
00:33:22,549 --> 00:33:20,240  
personally know

1004  
00:33:24,230 --> 00:33:22,559  
and they create these fake accounts just

1005  
00:33:24,710 --> 00:33:24,240  
so they can get a pulse so they can so

1006  
00:33:27,990 --> 00:33:24,720  
they can

1007  
00:33:29,830 --> 00:33:28,000  
monitor what's going on and that's

1008  
00:33:31,909 --> 00:33:29,840  
that's remarkable you are helping

1009  
00:33:33,990 --> 00:33:31,919  
influence right now

1010  
00:33:35,750 --> 00:33:34,000  
the conversation here in the united

1011  
00:33:38,870 --> 00:33:35,760  
states that's amazing

1012  
00:33:40,950 --> 00:33:38,880  
so by the way let me for uh um also

1013  
00:33:43,029 --> 00:33:40,960

if i can apologize real quick you hear

1014

00:33:44,310 --> 00:33:43,039

me kind of inhaling a lot um i recently

1015

00:33:46,710 --> 00:33:44,320

got over covet so

1016

00:33:47,830 --> 00:33:46,720

i i still have a little bit of a short

1017

00:33:49,669 --> 00:33:47,840

breath the shortness of breath i

1018

00:33:51,750 --> 00:33:49,679

apologize if it comes across that i just

1019

00:33:53,190 --> 00:33:51,760

finished running a marathon actually

1020

00:33:56,230 --> 00:33:53,200

feels like i just did

1021

00:33:59,110 --> 00:33:56,240

uh so i i apologize i i promise you

1022

00:33:59,909 --> 00:33:59,120

uh i'm i'm not uh working out secretly

1023

00:34:01,509 --> 00:33:59,919

you know

1024

00:34:03,990 --> 00:34:01,519

the table here and trying to get my

1025

00:34:06,230 --> 00:34:04,000

exercise in i just unfortunately it's

1026

00:34:07,669 --> 00:34:06,240

it's part of the um you know the covet

1027

00:34:09,109 --> 00:34:07,679

no absolutely glad you're glad you've

1028

00:34:10,629 --> 00:34:09,119

recovered from that as well and

1029

00:34:13,109 --> 00:34:10,639

you've made no secret you have a petrol

1030

00:34:15,190 --> 00:34:13,119

head you talk about gear one to gear to

1031

00:34:16,550 --> 00:34:15,200

um would it be fair if unidentified was

1032

00:34:19,190 --> 00:34:16,560

part of the first gear

1033

00:34:21,109 --> 00:34:19,200

that the untitled uap project sean

1034

00:34:21,829 --> 00:34:21,119

cahill jeremy mcgovern and you've been

1035

00:34:22,950 --> 00:34:21,839

involved in

1036

00:34:25,990 --> 00:34:22,960

with some of the other guys and

1037

00:34:27,909 --> 00:34:26,000

producers would be part of second gear

1038

00:34:29,909 --> 00:34:27,919

yes absolutely and there's other other

1039

00:34:32,470 --> 00:34:29,919

efforts as well that's just one

1040

00:34:33,510 --> 00:34:32,480

uh we have multiple verticals that we're

1041

00:34:35,990 --> 00:34:33,520

looking at

1042

00:34:38,310 --> 00:34:36,000

to continue the conversation in a much

1043

00:34:40,869 --> 00:34:38,320

more impactful broad way now that the

1044

00:34:44,550 --> 00:34:40,879

topic has finally been taken seriously

1045

00:34:45,270 --> 00:34:44,560

uh i think uh throughout many parts of

1046

00:34:47,349 --> 00:34:45,280

the world

1047

00:34:48,310 --> 00:34:47,359

the time is to put this into into a

1048

00:34:49,829 --> 00:34:48,320

higher gear

1049

00:34:51,669 --> 00:34:49,839

and really as i've always said push the

1050

00:34:53,270 --> 00:34:51,679

pedal to the metal

1051

00:34:54,470 --> 00:34:53,280

i know you don't normally speak for

1052

00:34:55,510 --> 00:34:54,480

other people but i'm going to quote

1053

00:34:56,710 --> 00:34:55,520

someone here and just ask

1054

00:34:59,190 --> 00:34:56,720

for your thoughts at the end of

1055

00:35:00,230 --> 00:34:59,200

unidentified season two chris melin had

1056

00:35:03,510 --> 00:35:00,240

a rather lovely

1057

00:35:06,310 --> 00:35:03,520

monologue to finish off um he said

1058

00:35:06,710 --> 00:35:06,320

that the tech is not ours not russia's

1059

00:35:09,670 --> 00:35:06,720

and not

1060

00:35:12,230 --> 00:35:09,680

china's does this for you definitively

1061

00:35:17,829 --> 00:35:12,240

put to bed the notion that uep

1062

00:35:20,630 --> 00:35:17,839

um they're not made by human hands

1063

00:35:21,510 --> 00:35:20,640

look in order to have a conversation

1064

00:35:24,150 --> 00:35:21,520

with people

1065

00:35:25,510 --> 00:35:24,160

you don't need the elephant in one bite

1066

00:35:27,910 --> 00:35:25,520

you have to you have to

1067

00:35:30,150 --> 00:35:27,920

eat it in bite-size consumable pieces

1068

00:35:31,109 --> 00:35:30,160

that you can then digest otherwise

1069

00:35:33,829 --> 00:35:31,119

you're gonna choke

1070

00:35:34,230 --> 00:35:33,839

um i've said it for the record before we

1071

00:35:39,109 --> 00:35:34,240

are

1072

00:35:42,310 --> 00:35:39,119

we're pretty damn sure it's not

1073

00:35:45,190 --> 00:35:42,320

foreign um you know i i don't know how

1074

00:35:48,470 --> 00:35:45,200

more clear to say that this is

1075

00:35:50,470 --> 00:35:48,480

this is not our technology um if it was

1076

00:35:51,670 --> 00:35:50,480

i i don't think you'd be seeing this

1077

00:35:53,510 --> 00:35:51,680

kind of effort first of all we would

1078

00:35:54,950 --> 00:35:53,520

have figured it out a long time ago

1079

00:35:56,630 --> 00:35:54,960

that this is some sort of russian or

1080

00:35:57,910 --> 00:35:56,640

chinese technology right

1081

00:35:59,750 --> 00:35:57,920

and then we would have had a counter

1082

00:36:02,790 --> 00:35:59,760

technology very quickly

1083

00:36:05,510 --> 00:36:02,800

uh you know it

1084

00:36:07,829 --> 00:36:05,520

no it's it's not ours and i i know it's

1085

00:36:10,710 --> 00:36:07,839

uneasy for people to think about that

1086

00:36:11,670 --> 00:36:10,720

uh but it's okay because it's been here

1087

00:36:13,510 --> 00:36:11,680

for a while

1088

00:36:14,950 --> 00:36:13,520

and we're still here and religions

1089

00:36:17,270 --> 00:36:14,960

haven't collapsed and and

1090

00:36:18,870 --> 00:36:17,280

governments haven't imploded uh this is

1091

00:36:19,990 --> 00:36:18,880

just another wondrous mystery of the

1092

00:36:22,310 --> 00:36:20,000

universe

1093

00:36:24,069 --> 00:36:22,320

and with that comes some some hope and

1094

00:36:27,349 --> 00:36:24,079

opportunity but also you know

1095

00:36:30,550 --> 00:36:27,359

we have to exercise some some some

1096

00:36:32,870 --> 00:36:30,560

due diligence and and pragmatic

1097

00:36:33,990 --> 00:36:32,880

caution here you know i i'm not the kind

1098

00:36:37,510 --> 00:36:34,000

of guy that's just going to go

1099

00:36:39,430 --> 00:36:37,520

running into a into a dark room uh

1100

00:36:40,550 --> 00:36:39,440

with my hands in the air you know and

1101

00:36:43,270 --> 00:36:40,560

and

1102

00:36:44,870 --> 00:36:43,280

blindly because you bump into things i

1103

00:36:47,030 --> 00:36:44,880

think we need to approach this like we

1104

00:36:49,109 --> 00:36:47,040

do everything else very cautiously

1105

00:36:50,630 --> 00:36:49,119

um you know we know the moon is right

1106

00:36:52,470 --> 00:36:50,640

there but yet we don't just throw people

1107

00:36:53,829 --> 00:36:52,480

in rockets and send them to the moon

1108

00:36:55,510 --> 00:36:53,839

you know there's a lot that has to

1109

00:36:58,390 --> 00:36:55,520

happen to to

1110

00:37:00,230 --> 00:36:58,400

to to do that and i think to some degree

1111

00:37:03,270 --> 00:37:00,240

this may be kind of similar

1112

00:37:06,150 --> 00:37:03,280

in that uh you know there's

1113

00:37:06,790 --> 00:37:06,160

there's we have to be very careful

1114

00:37:10,310 --> 00:37:06,800

cautious

1115

00:37:12,550 --> 00:37:10,320

and deliberate in uh how we

1116

00:37:13,990 --> 00:37:12,560

we ask the questions and and the answers

1117

00:37:16,230 --> 00:37:14,000

that we get back

1118

00:37:18,150 --> 00:37:16,240

um we're it's very tempting for us to

1119

00:37:19,750 --> 00:37:18,160

all go down the rabbit hole very quickly

1120

00:37:21,910 --> 00:37:19,760

and think we have the answer

1121

00:37:22,950 --> 00:37:21,920

i see it all the time and my word of

1122

00:37:26,790 --> 00:37:22,960

caution to that is

1123

00:37:30,150 --> 00:37:26,800

please please please try your best

1124

00:37:30,870 --> 00:37:30,160

to to to be victim of your own analytic

1125

00:37:33,829 --> 00:37:30,880

bias

1126

00:37:34,950 --> 00:37:33,839

i look i i i suffer from it just like

1127

00:37:37,990 --> 00:37:34,960

everybody else

1128

00:37:40,310 --> 00:37:38,000

i'm no superhero i had the same same

1129

00:37:42,069 --> 00:37:40,320

challenges when i when i see something i

1130

00:37:43,670 --> 00:37:42,079

had this temptation to to jump to a

1131

00:37:45,030 --> 00:37:43,680

conclusion oh it must be that

1132

00:37:47,109 --> 00:37:45,040

and that's the way the human brain is

1133

00:37:48,790 --> 00:37:47,119

wired that's a human thing

1134

00:37:50,630 --> 00:37:48,800

the very first thing we do coming out of

1135

00:37:52,630 --> 00:37:50,640

our mother's womb is recognizes

1136

00:37:53,829 --> 00:37:52,640

we recognize her sound and her face and

1137

00:37:57,190 --> 00:37:53,839

her touch we

1138

00:37:59,910 --> 00:37:57,200

are programmed as a species to recognize

1139

00:38:00,310 --> 00:37:59,920

patterns and identify friend or foe that

1140

00:38:03,349 --> 00:38:00,320

is

1141

00:38:05,109 --> 00:38:03,359

what nature has evolved us to be

1142

00:38:06,390 --> 00:38:05,119

and so it's natural that when you come

1143

00:38:08,710 --> 00:38:06,400

up to

1144

00:38:09,510 --> 00:38:08,720

to an enigma like this and you get some

1145

00:38:11,109 --> 00:38:09,520

answers

1146

00:38:13,030 --> 00:38:11,119

that we want to jump to conclusions of

1147

00:38:16,230 --> 00:38:13,040

what something is or is not

1148

00:38:18,150 --> 00:38:16,240

but we really have to we have to be very

1149

00:38:20,710 --> 00:38:18,160

careful and not be tempted

1150

00:38:22,550 --> 00:38:20,720

to do that prematurely we really need to

1151

00:38:25,670 --> 00:38:22,560

let the scientific

1152

00:38:28,150 --> 00:38:25,680

process and methodologies work and

1153

00:38:29,109 --> 00:38:28,160

and i think once we can do that we we

1154

00:38:31,349 --> 00:38:29,119

may have some

1155

00:38:32,550 --> 00:38:31,359

you know surprises some some

1156

00:38:36,550 --> 00:38:32,560

surprisingly

1157

00:38:38,230 --> 00:38:36,560

uh simple answers

1158

00:38:39,670 --> 00:38:38,240

you've you've led me very nicely into

1159

00:38:40,870 --> 00:38:39,680

this next question because i'm actually

1160

00:38:43,829 --> 00:38:40,880

going to throw back at you

1161

00:38:45,109 --> 00:38:43,839

a question you once asked on a piece

1162

00:38:46,710 --> 00:38:45,119

you've done the youtube videos out there

1163

00:38:47,750 --> 00:38:46,720

i'm not too sure of the context behind

1164

00:38:48,870 --> 00:38:47,760

it but

1165

00:38:50,150 --> 00:38:48,880

it was certainly something that stuck

1166

00:38:50,870 --> 00:38:50,160

with me and a lot of other people as

1167

00:38:52,550 --> 00:38:50,880

well

1168

00:38:54,790 --> 00:38:52,560

and you asked once for people to

1169

00:38:57,270 --> 00:38:54,800

consider what if it wasn't mankind

1170

00:38:58,230 --> 00:38:57,280

but mankind's and what would that mean

1171

00:38:59,510 --> 00:38:58,240

for us

1172

00:39:01,270 --> 00:38:59,520

could you elaborate on that because

1173

00:39:02,150 --> 00:39:01,280

that's something people go back to more

1174

00:39:04,870 --> 00:39:02,160

and more

1175

00:39:06,150 --> 00:39:04,880

and as more or less hypothetical that's

1176

00:39:08,310 --> 00:39:06,160

what i'm going to put it as but

1177

00:39:09,750 --> 00:39:08,320

people would assume you come from a

1178

00:39:10,230 --> 00:39:09,760

better understanding a place of

1179

00:39:14,870 --> 00:39:10,240

knowledge

1180

00:39:18,069 --> 00:39:14,880

than most would um

1181

00:39:19,829 --> 00:39:18,079

yeah wow uh

1182

00:39:22,710 --> 00:39:19,839

well you're getting some really really

1183

00:39:24,550 --> 00:39:22,720

good and personal questions um

1184

00:39:26,829 --> 00:39:24,560

let me see if i can answer that in a

1185

00:39:29,430 --> 00:39:26,839

meaningful way without

1186

00:39:34,310 --> 00:39:29,440

um

1187

00:39:40,790 --> 00:39:37,510

we live in a three-dimensional world

1188

00:39:42,310 --> 00:39:40,800

where time is a function of the fourth

1189

00:39:44,790 --> 00:39:42,320

dimension if you will

1190

00:39:47,270 --> 00:39:44,800

and we experience time as being linear

1191

00:39:50,630 --> 00:39:47,280

it's a linear function or a process

1192

00:39:53,510 --> 00:39:50,640

uh but we now know in the quantum world

1193

00:39:54,710 --> 00:39:53,520

that time first of all we know that

1194

00:39:56,150 --> 00:39:54,720

space and time

1195

00:39:57,910 --> 00:39:56,160

because of the work of einstein and

1196

00:39:59,030 --> 00:39:57,920

others that space and time are are

1197

00:40:01,349 --> 00:39:59,040

joined together

1198

00:40:03,030 --> 00:40:01,359

and we know that space time is flexible

1199

00:40:04,710 --> 00:40:03,040

it's called relativity we see it around

1200

00:40:07,190 --> 00:40:04,720

massive objects all the time not just

1201

00:40:10,309 --> 00:40:07,200

earth but the sun black holes

1202

00:40:13,510 --> 00:40:10,319

so the linear universe that

1203

00:40:14,069 --> 00:40:13,520

we experience to some degree really

1204

00:40:16,390 --> 00:40:14,079

isn't

1205

00:40:19,750 --> 00:40:16,400

and when you look at the quantum state

1206

00:40:21,030 --> 00:40:19,760

of things even an electron for example

1207

00:40:23,430 --> 00:40:21,040

you learn in high school that an

1208

00:40:24,230 --> 00:40:23,440

electron orbits an atom and we now know

1209

00:40:25,910 --> 00:40:24,240

that's really

1210

00:40:27,750 --> 00:40:25,920

a very simplistic way of looking at

1211

00:40:29,349 --> 00:40:27,760

things that the electron doesn't orbit

1212

00:40:30,950 --> 00:40:29,359

around the atom in fact it's called an

1213

00:40:34,309 --> 00:40:30,960

electron cloud because

1214

00:40:36,150 --> 00:40:34,319

the electron is is both all in all

1215

00:40:38,790 --> 00:40:36,160

places and none of the places all at the

1216

00:40:40,309 --> 00:40:38,800

same time it's it's kind of weird but

1217

00:40:42,390 --> 00:40:40,319

my point being is that if you were to

1218

00:40:44,790 --> 00:40:42,400

look at time and think of a

1219

00:40:46,390 --> 00:40:44,800

think of a cigarette burning when you

1220

00:40:47,910 --> 00:40:46,400

look at the notion of the future

1221

00:40:50,230 --> 00:40:47,920

most people would would define the

1222

00:40:51,030 --> 00:40:50,240

future as those events that have not yet

1223

00:40:53,109 --> 00:40:51,040

happened

1224

00:40:54,710 --> 00:40:53,119

and the past is defined by events that

1225

00:40:56,470 --> 00:40:54,720

have already happened

1226

00:40:58,069 --> 00:40:56,480

and when you look at that construct then

1227

00:41:00,950 --> 00:40:58,079

the definition of the present

1228

00:41:02,630 --> 00:41:00,960

must be a a moment in space time

1229

00:41:04,430 --> 00:41:02,640

probably measured in playing time very

1230

00:41:07,990 --> 00:41:04,440

infinitesimal

1231

00:41:10,390 --> 00:41:08,000

time

1232

00:41:11,910 --> 00:41:10,400

where the future is transitioning into

1233

00:41:14,550 --> 00:41:11,920

the past it's it's

1234

00:41:15,910 --> 00:41:14,560

it's it's not a point in time it's a

1235

00:41:17,829 --> 00:41:15,920

process it's an event

1236

00:41:19,510 --> 00:41:17,839

that's occurring so a way to look at

1237

00:41:20,309 --> 00:41:19,520

that in late perspective is think of a

1238

00:41:23,510 --> 00:41:20,319

cigarette

1239

00:41:25,030 --> 00:41:23,520

or a cigar that parts of this cigar that

1240

00:41:26,150 --> 00:41:25,040

have already burnt or the cigarette that

1241

00:41:29,030 --> 00:41:26,160

have already burnt the ash

1242

00:41:31,349 --> 00:41:29,040

is the past that part of the cigarette

1243

00:41:33,910 --> 00:41:31,359

or cigar that has not yet burned

1244

00:41:35,190 --> 00:41:33,920

is the future and the cherry that moment

1245

00:41:38,069 --> 00:41:35,200

of ignition

1246

00:41:40,309 --> 00:41:38,079

that spark of where the future is now be

1247

00:41:41,990 --> 00:41:40,319

getting consumed and becoming the past

1248

00:41:43,510 --> 00:41:42,000

that is the present and we as human

1249

00:41:45,190 --> 00:41:43,520

beings we live

1250

00:41:47,190 --> 00:41:45,200

at that moment all of our hopes our

1251  
00:41:50,230 --> 00:41:47,200  
fears our memories love hate good

1252  
00:41:53,510 --> 00:41:50,240  
bad all that is an expression

1253  
00:41:55,990 --> 00:41:53,520  
of of an experience that occurs uh

1254  
00:41:56,790 --> 00:41:56,000  
at an infinitesimally small moment of

1255  
00:41:58,309 --> 00:41:56,800  
space time

1256  
00:42:00,630 --> 00:41:58,319  
like i said probably measured in playing

1257  
00:42:03,510 --> 00:42:00,640  
time

1258  
00:42:04,950 --> 00:42:03,520  
that is how we we we we experience the

1259  
00:42:09,030 --> 00:42:04,960  
present but what if

1260  
00:42:09,349 --> 00:42:09,040  
there were things that had the ability

1261  
00:42:11,670 --> 00:42:09,359  
to

1262  
00:42:12,950 --> 00:42:11,680  
experience where where the present was a

1263  
00:42:16,470 --> 00:42:12,960

much bigger

1264

00:42:17,990 --> 00:42:16,480

transition where more elements of the

1265

00:42:21,109 --> 00:42:18,000

future in the past

1266

00:42:22,630 --> 00:42:21,119

are experienced as in the present and

1267

00:42:25,910 --> 00:42:22,640

can do that also physically right

1268

00:42:29,270 --> 00:42:25,920

so it's not just not just

1269

00:42:31,589 --> 00:42:29,280

a an idea but what if there were

1270

00:42:32,630 --> 00:42:31,599

species out there that that experienced

1271

00:42:34,870 --> 00:42:32,640

the universe

1272

00:42:35,829 --> 00:42:34,880

uh in it with it with an extra level of

1273

00:42:37,190 --> 00:42:35,839

dimension

1274

00:42:38,470 --> 00:42:37,200

and so you and i are having this

1275

00:42:39,270 --> 00:42:38,480

conversation right now with your

1276  
00:42:40,870 --> 00:42:39,280  
audience

1277  
00:42:42,710 --> 00:42:40,880  
and we're having this conversation right

1278  
00:42:44,150 --> 00:42:42,720  
here right now but if

1279  
00:42:45,910 --> 00:42:44,160  
i were to have the ability to have this

1280  
00:42:46,390 --> 00:42:45,920  
conversation right here but five minutes

1281  
00:42:48,950 --> 00:42:46,400  
ago

1282  
00:42:50,790 --> 00:42:48,960  
or five minutes from now we would never

1283  
00:42:51,829 --> 00:42:50,800  
meet we'd be like two ships passing in

1284  
00:42:54,390 --> 00:42:51,839  
the night

1285  
00:42:55,030 --> 00:42:54,400  
um is it possible that maybe some of

1286  
00:42:57,270 --> 00:42:55,040  
these things

1287  
00:42:58,390 --> 00:42:57,280  
these uap have the ability uh we

1288  
00:43:00,470 --> 00:42:58,400

experience in them

1289

00:43:01,829 --> 00:43:00,480

we we experience them when they are

1290

00:43:04,150 --> 00:43:01,839

right here right now

1291

00:43:05,430 --> 00:43:04,160

and every other every other time we we

1292

00:43:06,550 --> 00:43:05,440

don't because we're simply not

1293

00:43:09,270 --> 00:43:06,560

intersecting

1294

00:43:10,150 --> 00:43:09,280

uh with that with that uh extra

1295

00:43:13,829 --> 00:43:10,160

dimensional

1296

00:43:15,589 --> 00:43:13,839

space of of time um you know when you

1297

00:43:18,069 --> 00:43:15,599

look at that cigarette or cigar

1298

00:43:19,349 --> 00:43:18,079

burning you'll notice that it never

1299

00:43:21,030 --> 00:43:19,359

burns evenly

1300

00:43:22,790 --> 00:43:21,040

when you look at it up close and you can

1301  
00:43:23,190 --> 00:43:22,800  
kind of remove the glare and the flare

1302  
00:43:29,670 --> 00:43:23,200  
from the

1303  
00:43:31,190 --> 00:43:29,680  
there are portions of the future of the

1304  
00:43:34,069 --> 00:43:31,200  
portions of the cigar

1305  
00:43:35,829 --> 00:43:34,079  
that haven't burned yet uh behind

1306  
00:43:36,470 --> 00:43:35,839  
portions of the cigar that already has

1307  
00:43:40,069 --> 00:43:36,480  
burned

1308  
00:43:42,150 --> 00:43:40,079  
it's it's not an even burn almost

1309  
00:43:43,349 --> 00:43:42,160  
there's an overlap right and quantum

1310  
00:43:45,270 --> 00:43:43,359  
theory uh

1311  
00:43:46,550 --> 00:43:45,280  
is beginning to to show some of the

1312  
00:43:49,430 --> 00:43:46,560  
models for that

1313  
00:43:51,190 --> 00:43:49,440

so um i know i'm going in a very

1314

00:43:52,829 --> 00:43:51,200

long-winded roundabout way to answer

1315

00:43:54,630 --> 00:43:52,839

your question about what i meant about

1316

00:43:56,309 --> 00:43:54,640

mankind's

1317

00:43:58,069 --> 00:43:56,319

but i guess my answer to that is it's

1318

00:44:01,190 --> 00:43:58,079

limitless we

1319

00:44:01,670 --> 00:44:01,200

every time we put a limitation on mother

1320

00:44:05,190 --> 00:44:01,680

nature

1321

00:44:07,349 --> 00:44:05,200

she defies our our box

1322

00:44:09,109 --> 00:44:07,359

she defies the parameters for which we

1323

00:44:09,910 --> 00:44:09,119

set every time we say every living thing

1324

00:44:12,069 --> 00:44:09,920

needs

1325

00:44:14,150 --> 00:44:12,079

water or oxygen we realize that there

1326  
00:44:16,630 --> 00:44:14,160  
are our

1327  
00:44:17,349 --> 00:44:16,640  
microbial life out there that that are

1328  
00:44:18,870 --> 00:44:17,359  
anaerobic

1329  
00:44:21,510 --> 00:44:18,880  
they in fact they'll die if you put

1330  
00:44:22,069 --> 00:44:21,520  
oxygen they they like a non-oxidated

1331  
00:44:23,829 --> 00:44:22,079  
environment

1332  
00:44:25,670 --> 00:44:23,839  
right you have these extremophiles

1333  
00:44:29,190 --> 00:44:25,680  
living at the bottom of the ocean

1334  
00:44:30,550 --> 00:44:29,200  
and and and miles below the the arctic

1335  
00:44:33,910 --> 00:44:30,560  
ice

1336  
00:44:35,589 --> 00:44:33,920  
this defies any any definition of life

1337  
00:44:38,950 --> 00:44:35,599  
in fact a virus itself

1338  
00:44:41,670 --> 00:44:38,960

in one case you can make the

1339

00:44:43,190 --> 00:44:41,680

the i think you can make the claim that

1340

00:44:44,309 --> 00:44:43,200

it is a living organism because it

1341

00:44:46,470 --> 00:44:44,319

replicates

1342

00:44:48,069 --> 00:44:46,480

and it does a lot of things that a

1343

00:44:51,750 --> 00:44:48,079

living organism does

1344

00:44:53,589 --> 00:44:51,760

but it also can be defined as a

1345

00:44:56,069 --> 00:44:53,599

non-living thing because it doesn't have

1346

00:44:56,630 --> 00:44:56,079

dna and it doesn't have a lot of the

1347

00:44:59,670 --> 00:44:56,640

things

1348

00:45:00,710 --> 00:44:59,680

that we clearly associate associate with

1349

00:45:04,309 --> 00:45:00,720

a living organism

1350

00:45:07,270 --> 00:45:04,319

like respiratory functions right like uh

1351  
00:45:09,270 --> 00:45:07,280  
anabolic activity so i think we need to

1352  
00:45:13,030 --> 00:45:09,280  
be very cautious how we define

1353  
00:45:17,510 --> 00:45:13,040  
life a long time ago we used to defy

1354  
00:45:19,430 --> 00:45:17,520  
define life uh as mammals birds and fish

1355  
00:45:21,910 --> 00:45:19,440  
well you know that's probably a very

1356  
00:45:24,710 --> 00:45:21,920  
over simplistic view of what life is

1357  
00:45:26,710 --> 00:45:24,720  
we're spending billions of dollars

1358  
00:45:27,990 --> 00:45:26,720  
through nasa trying to find microbial

1359  
00:45:29,910 --> 00:45:28,000  
life right now

1360  
00:45:31,670 --> 00:45:29,920  
on some of our our planets in our own

1361  
00:45:33,750 --> 00:45:31,680  
solar system and moons

1362  
00:45:35,430 --> 00:45:33,760  
because it is it is it we think that

1363  
00:45:36,790 --> 00:45:35,440

there's a very good possibility that

1364

00:45:38,390 --> 00:45:36,800

exists

1365

00:45:40,470 --> 00:45:38,400

seti does the same thing with radio

1366

00:45:43,270 --> 00:45:40,480

transmissions trying to find

1367

00:45:44,870 --> 00:45:43,280

a signature of life out there and what

1368

00:45:47,270 --> 00:45:44,880

we're beginning to find out it that

1369

00:45:48,630 --> 00:45:47,280

it is more likely than not that there is

1370

00:45:52,069 --> 00:45:48,640

life out there

1371

00:45:55,510 --> 00:45:52,079

and that life might be fairly abundant

1372

00:45:57,829 --> 00:45:55,520

um so uh boy

1373

00:45:58,630 --> 00:45:57,839

um that's one hell of a question you

1374

00:46:00,550 --> 00:45:58,640

asked me

1375

00:46:02,069 --> 00:46:00,560

well that was one hell of an answer and

1376

00:46:03,750 --> 00:46:02,079

just given the answer of giving is

1377

00:46:05,030 --> 00:46:03,760

i want to actually finish off this

1378

00:46:06,150 --> 00:46:05,040

portion of the interview with the time

1379

00:46:08,470 --> 00:46:06,160

we have left to try and get some

1380

00:46:10,230 --> 00:46:08,480

listener questions in soon as well

1381

00:46:11,670 --> 00:46:10,240

talking a little bit about your past and

1382

00:46:13,349 --> 00:46:11,680

actually the future as well

1383

00:46:14,950 --> 00:46:13,359

as well knowing you resigned from your

1384

00:46:16,390 --> 00:46:14,960

position at a tip

1385

00:46:18,150 --> 00:46:16,400

that was to try and push forward this

1386

00:46:19,589 --> 00:46:18,160

conversation to the by the public

1387

00:46:21,589 --> 00:46:19,599

a lot of people including myself would

1388

00:46:21,990 --> 00:46:21,599

thank you for doing that i would like to

1389

00:46:23,910 --> 00:46:22,000

know

1390

00:46:25,190 --> 00:46:23,920

how it made you feel having to resign

1391

00:46:26,550 --> 00:46:25,200

from that position

1392

00:46:28,790 --> 00:46:26,560

that's not something i've heard anyone

1393

00:46:30,309 --> 00:46:28,800

ask you before

1394

00:46:34,390 --> 00:46:30,319

well it was the toughest toughest

1395

00:46:41,430 --> 00:46:38,630

it was my you know there's there's

1396

00:46:44,390 --> 00:46:41,440

two components that that make up luis

1397

00:46:47,670 --> 00:46:44,400

elizondo there is the private component

1398

00:46:50,790 --> 00:46:47,680

uh as a family family man and a father

1399

00:46:51,190 --> 00:46:50,800

and then there is my my other component

1400

00:46:53,670 --> 00:46:51,200

that i

1401  
00:46:54,790 --> 00:46:53,680  
feel for me as as as a patriot to my

1402  
00:47:04,230 --> 00:46:54,800  
country

1403  
00:47:08,309 --> 00:47:07,190  
i'm sorry i apologize that's okay that's

1404  
00:47:09,910 --> 00:47:08,319  
okay

1405  
00:47:12,230 --> 00:47:09,920  
that wasn't deliberate i promise no i

1406  
00:47:15,670 --> 00:47:12,240  
know what you know i i

1407  
00:47:18,150 --> 00:47:15,680  
i i believe in a life of service

1408  
00:47:19,670 --> 00:47:18,160  
um i believe in leaving this country and

1409  
00:47:21,109 --> 00:47:19,680  
this world in a little bit better shape

1410  
00:47:23,349 --> 00:47:21,119  
than you found it

1411  
00:47:24,230 --> 00:47:23,359  
and uh you know i don't expect everybody

1412  
00:47:26,069 --> 00:47:24,240  
to feel that way

1413  
00:47:27,589 --> 00:47:26,079

just to me i do because of the way i was

1414

00:47:29,430 --> 00:47:27,599

brought up and my my

1415

00:47:30,950 --> 00:47:29,440

the the struggles my family had to go

1416

00:47:32,069 --> 00:47:30,960

through even just to be in this country

1417

00:47:40,630 --> 00:47:32,079

so

1418

00:47:43,750 --> 00:47:40,640

sincere and and uh profound

1419

00:47:47,030 --> 00:47:43,760

commitment i have and so when i left the

1420

00:47:49,589 --> 00:47:47,040

government you know

1421

00:47:52,069 --> 00:47:49,599

in one hand i felt like i was abandoning

1422

00:47:54,069 --> 00:47:52,079

the very establishment

1423

00:47:55,109 --> 00:47:54,079

that that i was committed to to serve

1424

00:47:57,589 --> 00:47:55,119

the american people

1425

00:47:59,829 --> 00:47:57,599

you know by de facto i felt like i was

1426

00:48:02,630 --> 00:47:59,839

abandoning the american people because i

1427

00:48:03,990 --> 00:48:02,640

was doing jobs that were very important

1428

00:48:05,190 --> 00:48:04,000

for the government and for the american

1429

00:48:06,870 --> 00:48:05,200

people

1430

00:48:08,549 --> 00:48:06,880

but in order to serve the american

1431

00:48:10,390 --> 00:48:08,559

people i actually had to leave the

1432

00:48:13,510 --> 00:48:10,400

organization that i love to do it

1433

00:48:15,030 --> 00:48:13,520

in order to i realized that i'm going to

1434

00:48:16,870 --> 00:48:15,040

have to make a choice do i serve the

1435

00:48:20,069 --> 00:48:16,880

institution that i belong to

1436

00:48:22,390 --> 00:48:20,079

or do i serve the american people and i

1437

00:48:24,150 --> 00:48:22,400

realized that that in order to serve the

1438

00:48:26,470 --> 00:48:24,160

american people i would have to leave

1439

00:48:28,470 --> 00:48:26,480

the organization the institution

1440

00:48:29,589 --> 00:48:28,480

that i was serving to serve the american

1441

00:48:32,870 --> 00:48:29,599

people

1442

00:48:35,750 --> 00:48:32,880

um it was extremely tough for me

1443

00:48:37,910 --> 00:48:35,760

um it's you know uh you can't see this

1444

00:48:39,510 --> 00:48:37,920

but on my desk i have all these

1445

00:48:41,109 --> 00:48:39,520

around my office here my moment you know

1446

00:48:42,950 --> 00:48:41,119

i'll show you just for a quick second

1447

00:48:44,309 --> 00:48:42,960

give your audience a quick tour here i

1448

00:48:46,630 --> 00:48:44,319

don't do this very often but

1449

00:48:47,349 --> 00:48:46,640

uh let me see if i can do this for a

1450

00:48:50,790 --> 00:48:47,359

second

1451

00:48:54,230 --> 00:48:50,800

um you can see very quickly uh

1452

00:48:57,910 --> 00:48:54,240

a lot of my

1453

00:48:59,910 --> 00:48:57,920

my life is in these walls and uh

1454

00:49:02,230 --> 00:48:59,920

you know it's it's part of part of who i

1455

00:49:05,430 --> 00:49:02,240

am and uh to

1456

00:49:07,030 --> 00:49:05,440

to leave that is very was very

1457

00:49:11,190 --> 00:49:07,040

challenging was very tough

1458

00:49:15,030 --> 00:49:12,630

i mean i don't know what else to say

1459

00:49:16,470 --> 00:49:15,040

it's uh well with that action

1460

00:49:18,150 --> 00:49:16,480

that that you took and it was a big

1461

00:49:19,510 --> 00:49:18,160

decision that affected your life your

1462

00:49:21,430 --> 00:49:19,520

family your future

1463

00:49:22,630 --> 00:49:21,440

you started a sequence of events and a

1464

00:49:23,990 --> 00:49:22,640

ball rolling which

1465

00:49:25,910 --> 00:49:24,000

you'll be you're more than humble enough

1466

00:49:27,430 --> 00:49:25,920

to see other people were heavily

1467

00:49:30,390 --> 00:49:27,440

involved in with you as well

1468

00:49:32,710 --> 00:49:30,400

so we are now counting down 144 days as

1469

00:49:33,349 --> 00:49:32,720

of recording uh my co-host dan got that

1470

00:49:36,150 --> 00:49:33,359

for me

1471

00:49:37,589 --> 00:49:36,160

to seeing a declassified report from the

1472

00:49:39,430 --> 00:49:37,599

uap task force

1473

00:49:40,630 --> 00:49:39,440

you have spoken several times now that

1474

00:49:41,910 --> 00:49:40,640

we're in good hands with those

1475

00:49:44,150 --> 00:49:41,920

overseeing this

1476

00:49:46,230 --> 00:49:44,160

why should people be excited about the

1477

00:49:48,309 --> 00:49:46,240

report coming out but also beyond that

1478

00:49:51,030 --> 00:49:48,319

what can we expect to come from the task

1479

00:49:55,270 --> 00:49:54,549

okay great question um let me let me try

1480

00:49:58,390 --> 00:49:55,280

to get you

1481

00:50:00,470 --> 00:49:58,400

a a a comprehensive and meaningful

1482

00:50:04,950 --> 00:50:00,480

response

1483

00:50:08,150 --> 00:50:04,960

uh i think it is a

1484

00:50:09,910 --> 00:50:08,160

tremendous accomplishment that uh

1485

00:50:12,470 --> 00:50:09,920

congress has asked the director of

1486

00:50:15,750 --> 00:50:12,480

national intelligence for a 180

1487

00:50:18,069 --> 00:50:15,760

180 day report um

1488

00:50:19,510 --> 00:50:18,079

it it shows that there is commitment and

1489

00:50:21,109 --> 00:50:19,520

interest by congress

1490

00:50:22,710 --> 00:50:21,119

and that there's a willingness by the

1491

00:50:25,349 --> 00:50:22,720

executive branch of the government

1492

00:50:26,630 --> 00:50:25,359

so that's that that is a win scenario

1493

00:50:30,230 --> 00:50:26,640

right there

1494

00:50:31,349 --> 00:50:30,240

the question is a is 180 days long

1495

00:50:33,670 --> 00:50:31,359

enough

1496

00:50:35,190 --> 00:50:33,680

to provide a comprehensive report that

1497

00:50:37,030 --> 00:50:35,200

congress deserves

1498

00:50:38,390 --> 00:50:37,040

and two will all the relevant

1499

00:50:40,630 --> 00:50:38,400

information be in there

1500

00:50:41,829 --> 00:50:40,640

in order for congress to make informed

1501  
00:50:45,750 --> 00:50:41,839  
decisions

1502  
00:50:48,069 --> 00:50:45,760  
um if it was up to me

1503  
00:50:49,750 --> 00:50:48,079  
i would probably request a 180-day

1504  
00:50:51,190 --> 00:50:49,760  
extension now i know people right now

1505  
00:50:53,430 --> 00:50:51,200  
are going to be probably

1506  
00:50:55,430 --> 00:50:53,440  
lining up with pitchforks wanting to uh

1507  
00:50:57,270 --> 00:50:55,440  
to burn my house down

1508  
00:50:59,670 --> 00:50:57,280  
but as i've said before there's a

1509  
00:51:02,069 --> 00:50:59,680  
difference between doing something right

1510  
00:51:03,670 --> 00:51:02,079  
and doing it right now and i prefer we

1511  
00:51:06,470 --> 00:51:03,680  
got one shot to do this right

1512  
00:51:08,069 --> 00:51:06,480  
so uh we've come this far we we've

1513  
00:51:10,630 --> 00:51:08,079

waited this long

1514

00:51:12,390 --> 00:51:10,640

i you know i i wouldn't be opposed to a

1515

00:51:13,109 --> 00:51:12,400

to a little bit longer just to make sure

1516

00:51:14,950 --> 00:51:13,119

that

1517

00:51:16,470 --> 00:51:14,960

we get it right there's a lot happening

1518

00:51:18,069 --> 00:51:16,480

between covid

1519

00:51:19,990 --> 00:51:18,079

of course the pandemic and then of

1520

00:51:21,589 --> 00:51:20,000

course we have a new administration

1521

00:51:22,870 --> 00:51:21,599

coming in and they're trying to

1522

00:51:25,190 --> 00:51:22,880

get their feet on the ground the

1523

00:51:25,990 --> 00:51:25,200

transition process takes at least 180

1524

00:51:28,470 --> 00:51:26,000

days

1525

00:51:30,309 --> 00:51:28,480

uh and of course we still have you know

1526  
00:51:31,190 --> 00:51:30,319  
our regular jobs trying to protect this

1527  
00:51:35,510 --> 00:51:31,200  
country

1528  
00:51:38,870 --> 00:51:35,520  
so um you know i'm not sure

1529  
00:51:42,150 --> 00:51:38,880  
i'm not sure as you say now 144 days

1530  
00:51:43,430 --> 00:51:42,160  
is is is long enough i'm not sure that

1531  
00:51:47,030 --> 00:51:43,440  
we have

1532  
00:51:47,430 --> 00:51:47,040  
a a an adequate structure within a task

1533  
00:51:49,910 --> 00:51:47,440  
force

1534  
00:51:51,910 --> 00:51:49,920  
to answer the mail on that i think what

1535  
00:51:55,510 --> 00:51:51,920  
we need is a permanent capability

1536  
00:51:58,150 --> 00:51:55,520  
not just a task force uh that is that is

1537  
00:51:59,190 --> 00:51:58,160  
properly resourced with with the right

1538  
00:52:01,270 --> 00:51:59,200

talent

1539

00:52:02,630 --> 00:52:01,280

uh and and the right authorities to do

1540

00:52:03,910 --> 00:52:02,640

what it needs to look the people the

1541

00:52:04,790 --> 00:52:03,920

task force are amazing human beings

1542

00:52:07,829 --> 00:52:04,800

they're friends of mine

1543

00:52:08,309 --> 00:52:07,839

dear friends i'll go to combat tomorrow

1544

00:52:13,829 --> 00:52:08,319

with them

1545

00:52:15,349 --> 00:52:13,839

given an impossible task

1546

00:52:17,190 --> 00:52:15,359

they've been in to some degree the same

1547

00:52:20,230 --> 00:52:17,200

task that i was given

1548

00:52:24,069 --> 00:52:20,240

uh when i was in at it's it's

1549

00:52:25,829 --> 00:52:24,079

it's it's not enough

1550

00:52:28,309 --> 00:52:25,839

you can't expect just a handful of

1551  
00:52:30,390 --> 00:52:28,319  
people to provide this information that

1552  
00:52:32,390 --> 00:52:30,400  
has historically been been sitting with

1553  
00:52:33,430 --> 00:52:32,400  
within 17 different intelligence

1554  
00:52:36,309 --> 00:52:33,440  
agencies

1555  
00:52:37,349 --> 00:52:36,319  
uh in various little pockets and

1556  
00:52:40,470 --> 00:52:37,359  
enclaves

1557  
00:52:41,910 --> 00:52:40,480  
for decades i mean it takes longer to

1558  
00:52:44,630 --> 00:52:41,920  
build a house

1559  
00:52:46,150 --> 00:52:44,640  
than it does to in this case than 180

1560  
00:52:48,790 --> 00:52:46,160  
days and we're expecting

1561  
00:52:50,309 --> 00:52:48,800  
a a comprehensive government whole

1562  
00:52:51,510 --> 00:52:50,319  
government approach to this to this

1563  
00:52:54,230 --> 00:52:51,520

topic

1564

00:52:55,750 --> 00:52:54,240

um you know if to me if you were to ask

1565

00:52:56,950 --> 00:52:55,760

me i think i think the task force is

1566

00:52:58,309 --> 00:52:56,960

being set up for failure

1567

00:53:00,549 --> 00:52:58,319

and not by congress and i don't think

1568

00:53:01,510 --> 00:53:00,559

it's deliberate i think i think we need

1569

00:53:04,150 --> 00:53:01,520

to take a step back

1570

00:53:06,150 --> 00:53:04,160

and i think we really need to to assess

1571

00:53:07,829 --> 00:53:06,160

what is it we're trying to achieve

1572

00:53:09,670 --> 00:53:07,839

and then let's set up these people for

1573

00:53:10,790 --> 00:53:09,680

success you know if we really want the

1574

00:53:15,270 --> 00:53:10,800

right answers well

1575

00:53:17,109 --> 00:53:15,280

then we got to be prepared to to

1576  
00:53:18,390 --> 00:53:17,119  
to give them the necessary resources to

1577  
00:53:20,470 --> 00:53:18,400  
do this

1578  
00:53:21,990 --> 00:53:20,480  
otherwise you know all you're doing is

1579  
00:53:22,950 --> 00:53:22,000  
setting up a bunch of patriots for

1580  
00:53:25,190 --> 00:53:22,960  
failure and

1581  
00:53:27,109 --> 00:53:25,200  
and and putting frustration into the

1582  
00:53:29,109 --> 00:53:27,119  
system

1583  
00:53:30,710 --> 00:53:29,119  
lou just to get a couple of lister

1584  
00:53:31,510 --> 00:53:30,720  
questions and i've got one more question

1585  
00:53:33,270 --> 00:53:31,520  
for you

1586  
00:53:37,910 --> 00:53:33,280  
if you're part and all of this ended

1587  
00:53:42,069 --> 00:53:40,710  
you know i wish well i wish my part

1588  
00:53:45,990 --> 00:53:42,079

would end tomorrow

1589

00:53:49,589 --> 00:53:46,000

um i'm pretty tired i'm pretty tired

1590

00:53:51,589 --> 00:53:49,599

i've you know i don't know how much more

1591

00:53:53,349 --> 00:53:51,599

i can i can really give i've given

1592

00:53:54,710 --> 00:53:53,359

you know my life savings to this and

1593

00:53:58,309 --> 00:53:54,720

i've given

1594

00:54:02,069 --> 00:53:58,319

my relationships to this um

1595

00:54:05,030 --> 00:54:02,079

you know uh would i be satisfied

1596

00:54:08,150 --> 00:54:05,040

um i haven't had the opportunity or the

1597

00:54:10,069 --> 00:54:08,160

luxury to sit back and really

1598

00:54:11,589 --> 00:54:10,079

relish in the accomplishments we've

1599

00:54:13,910 --> 00:54:11,599

we've collectively achieved

1600

00:54:14,790 --> 00:54:13,920

so uh i've been too focused on the

1601  
00:54:16,870 --> 00:54:14,800  
mission

1602  
00:54:19,270 --> 00:54:16,880  
um i will say something that's been very

1603  
00:54:20,870 --> 00:54:19,280  
heartfelt um

1604  
00:54:23,030 --> 00:54:20,880  
i shared this with some very close

1605  
00:54:23,510 --> 00:54:23,040  
friends of mine i was looking on twitter

1606  
00:54:26,549 --> 00:54:23,520  
and some

1607  
00:54:28,710 --> 00:54:26,559  
some people in an incredible uh

1608  
00:54:30,069 --> 00:54:28,720  
gesture of kindness offered to set up a

1609  
00:54:31,829 --> 00:54:30,079  
um

1610  
00:54:32,950 --> 00:54:31,839  
a gofundme page or something like that

1611  
00:54:34,309 --> 00:54:32,960  
where they were going to you know

1612  
00:54:35,990 --> 00:54:34,319  
contribute because

1613  
00:54:38,150 --> 00:54:36,000

i guess the cat's gotten out of the bag

1614

00:54:40,870 --> 00:54:38,160

that i've i've

1615

00:54:42,230 --> 00:54:40,880

put my life savings into this because

1616

00:54:44,470 --> 00:54:42,240

you know it's it's a

1617

00:54:45,829 --> 00:54:44,480

it's an endeavor that doesn't make money

1618

00:54:47,589 --> 00:54:45,839

you know if you're looking to make money

1619

00:54:48,870 --> 00:54:47,599

this is not the topic to pursue at least

1620

00:54:52,549 --> 00:54:48,880

not right now

1621

00:54:54,390 --> 00:54:52,559

um my i i am truly

1622

00:54:55,990 --> 00:54:54,400

profoundly humbled by that gesture but

1623

00:54:59,030 --> 00:54:56,000

let me also say this

1624

00:55:00,710 --> 00:54:59,040

if you want to honor what what i what

1625

00:55:03,430 --> 00:55:00,720

what i'm doing you want to honor any

1626  
00:55:06,150 --> 00:55:03,440  
sacrifice that i've made in this

1627  
00:55:07,349 --> 00:55:06,160  
don't spend money on me take that money

1628  
00:55:09,829 --> 00:55:07,359  
that you have

1629  
00:55:11,430 --> 00:55:09,839  
take your your your wife your husband

1630  
00:55:12,390 --> 00:55:11,440  
your boyfriend your girlfriends your

1631  
00:55:14,710 --> 00:55:12,400  
kids

1632  
00:55:15,829 --> 00:55:14,720  
take them to a dinner spend time with

1633  
00:55:19,349 --> 00:55:15,839  
them

1634  
00:55:20,230 --> 00:55:19,359  
and and just connect and and and be a

1635  
00:55:22,150 --> 00:55:20,240  
family

1636  
00:55:23,829 --> 00:55:22,160  
um you want to honor me that would be

1637  
00:55:25,750 --> 00:55:23,839  
the the best

1638  
00:55:27,349 --> 00:55:25,760

best way to honor me don't don't don't

1639

00:55:30,069 --> 00:55:27,359

set anything up for me

1640

00:55:31,430 --> 00:55:30,079

you know i i i can i can go work at a

1641

00:55:34,069 --> 00:55:31,440

supermarket if i need to

1642

00:55:34,950 --> 00:55:34,079

i gotta return wrenches right i can i

1643

00:55:38,309 --> 00:55:34,960

can

1644

00:55:39,510 --> 00:55:38,319

fix cars um this journey is not about me

1645

00:55:43,190 --> 00:55:39,520

it's about the collect of

1646

00:55:45,430 --> 00:55:43,200

all of us uh i i would be i would be

1647

00:55:46,630 --> 00:55:45,440

much happier if you were to to save your

1648

00:55:49,990 --> 00:55:46,640

hard-earned money

1649

00:55:52,309 --> 00:55:50,000

and and you know uh

1650

00:55:53,670 --> 00:55:52,319

go to a nice dinner with your family and

1651  
00:55:55,270 --> 00:55:53,680  
and talk about things that are important

1652  
00:55:57,990 --> 00:55:55,280  
maybe talk about uaps

1653  
00:55:59,349 --> 00:55:58,000  
right that'd be a great way yeah my kids

1654  
00:56:00,950 --> 00:55:59,359  
like lying on the trampoline looking at

1655  
00:56:01,349 --> 00:56:00,960  
the stars and they're they're foreign

1656  
00:56:03,270 --> 00:56:01,359  
two

1657  
00:56:04,470 --> 00:56:03,280  
and they've got their little toilet roll

1658  
00:56:06,390 --> 00:56:04,480  
holders they've got they've made for

1659  
00:56:07,270 --> 00:56:06,400  
binoculars to pretend to look for aliens

1660  
00:56:08,390 --> 00:56:07,280  
so

1661  
00:56:10,950 --> 00:56:08,400  
they're on the way to carry on that

1662  
00:56:12,390 --> 00:56:10,960  
conversation look so many people you're

1663  
00:56:13,670 --> 00:56:12,400

a very popular character and i know

1664

00:56:15,510 --> 00:56:13,680

that's something you tend to shy away

1665

00:56:16,549 --> 00:56:15,520

from the attention that you get as well

1666

00:56:17,990 --> 00:56:16,559

you don't crave it

1667

00:56:19,589 --> 00:56:18,000

which i think draws a lot of people to

1668

00:56:21,190 --> 00:56:19,599

you as well unfortunately

1669

00:56:22,549 --> 00:56:21,200

so many people wrote in with questions

1670

00:56:23,510 --> 00:56:22,559

i've just like to put a couple of those

1671

00:56:26,470 --> 00:56:23,520

to you and then a

1672

00:56:27,990 --> 00:56:26,480

60-second quick fire and craig labadie

1673

00:56:29,670 --> 00:56:28,000

mentioned during your recent interview

1674

00:56:30,390 --> 00:56:29,680

with john greenwald you mentioned there

1675

00:56:32,390 --> 00:56:30,400

were certain

1676  
00:56:34,470 --> 00:56:32,400  
certain videos that had blown your mind

1677  
00:56:36,309 --> 00:56:34,480  
you talked about doing mental gymnastics

1678  
00:56:37,829 --> 00:56:36,319  
to work out how a particular object

1679  
00:56:40,150 --> 00:56:37,839  
have could have done the maneuvers it

1680  
00:56:42,069 --> 00:56:40,160  
done so his question for you

1681  
00:56:44,789 --> 00:56:42,079  
are those types of videos and that type

1682  
00:56:47,030 --> 00:56:44,799  
of data held by multiple governments

1683  
00:56:48,950 --> 00:56:47,040  
is that rare or is that data more common

1684  
00:56:50,309 --> 00:56:48,960  
than one might think

1685  
00:56:53,990 --> 00:56:50,319  
i think you'll be surprised that that

1686  
00:56:57,109 --> 00:56:55,190  
the problem is there were never really

1687  
00:56:57,510 --> 00:56:57,119  
any mechanisms to do anything with that

1688  
00:57:00,630 --> 00:56:57,520

data

1689

00:57:03,910 --> 00:57:00,640

so they are they are in in

1690

00:57:06,470 --> 00:57:03,920

um bits and pieces if you will uh

1691

00:57:08,309 --> 00:57:06,480

throughout uh different governments but

1692

00:57:11,349 --> 00:57:08,319

uh yeah there's some very

1693

00:57:12,789 --> 00:57:11,359

there's some very compelling data um you

1694

00:57:14,390 --> 00:57:12,799

know in some cases

1695

00:57:17,109 --> 00:57:14,400

you get these things 50 feet away from

1696

00:57:18,309 --> 00:57:17,119

the cockpit i mean that's

1697

00:57:21,589 --> 00:57:18,319

at that point there ain't no question

1698

00:57:23,109 --> 00:57:21,599

what you're looking at um so

1699

00:57:25,430 --> 00:57:23,119

i have to ask you this one from doug

1700

00:57:27,270 --> 00:57:25,440

campbell regarding something i read or

1701

00:57:29,349 --> 00:57:27,280

heard possibly on a podcast

1702

00:57:31,510 --> 00:57:29,359

um it stated at one point that you had

1703

00:57:33,910 --> 00:57:31,520

considered being a psychic spy

1704

00:57:37,430 --> 00:57:33,920

is that at all true and have you ever

1705

00:57:43,990 --> 00:57:40,950

damn uh you know how

1706

00:57:47,670 --> 00:57:44,000

how put off and i are are good friends

1707

00:57:49,270 --> 00:57:47,680

um hal and his colleagues were involved

1708

00:57:52,470 --> 00:57:49,280

in some remarkable stuff

1709

00:57:54,390 --> 00:57:52,480

uh um project stargate

1710

00:57:55,510 --> 00:57:54,400

before that grill flame and whatnot it's

1711

00:57:57,510 --> 00:57:55,520

no surprise that the

1712

00:57:59,910 --> 00:57:57,520

department of the army and at some point

1713

00:58:03,030 --> 00:57:59,920

the defense intelligence agency

1714

00:58:07,109 --> 00:58:03,040

were were involved in that effort um

1715

00:58:10,230 --> 00:58:07,119

i uh i i'm not going to elaborate

1716

00:58:11,430 --> 00:58:10,240

um great question uh maybe maybe for

1717

00:58:12,630 --> 00:58:11,440

some other time

1718

00:58:14,309 --> 00:58:12,640

i like that one too and the last

1719

00:58:15,750 --> 00:58:14,319

listener question sorry to everyone who

1720

00:58:17,349 --> 00:58:15,760

i didn't get to hopefully the body of

1721

00:58:18,789 --> 00:58:17,359

the interview answered some as well

1722

00:58:20,390 --> 00:58:18,799

but like lou said hopefully comes back

1723

00:58:22,789 --> 00:58:20,400

one day to answer some more

1724

00:58:24,390 --> 00:58:22,799

uh leif asked was there any particular

1725

00:58:26,789 --> 00:58:24,400

reason that the three videos that were

1726

00:58:28,309 --> 00:58:26,799

released to gimbal go fast and flare

1727

00:58:30,309 --> 00:58:28,319

were the ones that were chosen to be

1728

00:58:33,910 --> 00:58:30,319

released

1729

00:58:35,109 --> 00:58:33,920

yes good answer i won't probe you

1730

00:58:36,710 --> 00:58:35,119

further on that i feel that would be a

1731

00:58:38,789 --> 00:58:36,720

bit fruitless uh listen

1732

00:58:40,390 --> 00:58:38,799

quick fire round before we let you go a

1733

00:58:42,069 --> 00:58:40,400

couple of topics and subjects we've not

1734

00:58:42,789 --> 00:58:42,079

managed to talk about yet or talk too

1735

00:58:44,630 --> 00:58:42,799

much on

1736

00:58:45,990 --> 00:58:44,640

you can say a word a couple of words in

1737

00:58:50,309 --> 00:58:46,000

a sentence it's up to you

1738

00:58:54,069 --> 00:58:50,319

the first one is skin walker wrench

1739

00:58:59,750 --> 00:58:54,079

um a very

1740

00:59:03,750 --> 00:59:02,470

i have the utmost respect for the men

1741

00:59:05,510 --> 00:59:03,760

and women that were involved in that

1742

00:59:09,109 --> 00:59:05,520

project

1743

00:59:10,150 --> 00:59:09,119

next one is bob lazar i've never met the

1744

00:59:13,349 --> 00:59:10,160

gentleman

1745

00:59:16,470 --> 00:59:13,359

i have no comment either way i

1746

00:59:19,510 --> 00:59:16,480

i have absolutely

1747

00:59:22,069 --> 00:59:19,520

zero interaction with mr lazar as

1748

00:59:24,150 --> 00:59:22,079

a human being uh both personally and

1749

00:59:25,990 --> 00:59:24,160

professionally so therefore i i

1750

00:59:27,910 --> 00:59:26,000

i reserve my comment because i simply

1751

00:59:30,069 --> 00:59:27,920

don't i don't have an opinion i'm not

1752

00:59:31,829 --> 00:59:30,079

i don't have an opinion either way and

1753

00:59:33,510 --> 00:59:31,839

i'm just keeping it to myself i truly

1754

00:59:39,030 --> 00:59:33,520

don't have an opinion it's never been

1755

00:59:43,430 --> 00:59:40,549

if it works it works if it doesn't it

1756

00:59:45,589 --> 00:59:43,440

doesn't i have a hard problem

1757

00:59:46,549 --> 00:59:45,599

personal problem with with anybody

1758

00:59:49,670 --> 00:59:46,559

charging for

1759

00:59:53,030 --> 00:59:49,680

for for services uh

1760

00:59:55,190 --> 00:59:53,040

you know it's it's uh for me um

1761

00:59:56,150 --> 00:59:55,200

this is not a money-making endeavor i

1762

00:59:59,030 --> 00:59:56,160

think i think

1763

01:00:00,630 --> 00:59:59,040

we pervert the truth when we do make it

1764

01:00:04,230 --> 01:00:00,640

a money-making endeavor

1765

01:00:06,710 --> 01:00:04,240

i think um all sorts of things

1766

01:00:07,750 --> 01:00:06,720

get introduced into the mix when this

1767

01:00:11,670 --> 01:00:07,760

becomes about

1768

01:00:13,589 --> 01:00:11,680

profit and that's with anybody

1769

01:00:14,710 --> 01:00:13,599

you know i i'm not saying you have to

1770

01:00:17,750 --> 01:00:14,720

starve and and

1771

01:00:18,230 --> 01:00:17,760

you know but but profiting off of other

1772

01:00:21,109 --> 01:00:18,240

people

1773

01:00:22,150 --> 01:00:21,119

in search for the truth i find

1774

01:00:24,950 --> 01:00:22,160

despicable

1775

01:00:26,390 --> 01:00:24,960

um you know that's one of the reasons

1776

01:00:27,109 --> 01:00:26,400

why i don't really do entertainment i

1777

01:00:28,870 --> 01:00:27,119

prefer doing

1778

01:00:30,789 --> 01:00:28,880

infotainment and i don't mind

1779

01:00:32,150 --> 01:00:30,799

information being entertaining

1780

01:00:34,549 --> 01:00:32,160

but entertainment for the sake of

1781

01:00:35,589 --> 01:00:34,559

entertainment i'm that's not me i'm not

1782

01:00:39,430 --> 01:00:35,599

an entertainer

1783

01:00:41,670 --> 01:00:39,440

i i want to help inform um

1784

01:00:42,950 --> 01:00:41,680

i think uh you know there are a lot of

1785

01:00:44,309 --> 01:00:42,960

as i said before hucksters and

1786

01:00:47,030 --> 01:00:44,319

fraudsters out there

1787

01:00:48,470 --> 01:00:47,040

and it's coming to light and you know

1788

01:00:50,069 --> 01:00:48,480

people are there's some savvy

1789

01:00:51,510 --> 01:00:50,079

investigators now or that are hot on the

1790

01:00:52,870 --> 01:00:51,520

trail of some of these individuals who

1791

01:00:55,270 --> 01:00:52,880

spent the last

1792

01:00:56,069 --> 01:00:55,280

several years if not decades defrauding

1793

01:00:59,589 --> 01:00:56,079

people

1794

01:01:01,510 --> 01:00:59,599

and uh you know all i gotta say is uh

1795

01:01:02,950 --> 01:01:01,520

you know sucks to be you you shouldn't

1796

01:01:06,069 --> 01:01:02,960

have done that shame on you

1797

01:01:08,870 --> 01:01:06,079

um you know the truth

1798

01:01:09,750 --> 01:01:08,880

i i said this years ago you know there's

1799

01:01:13,510 --> 01:01:09,760

something

1800

01:01:19,190 --> 01:01:16,789

the truth she sometimes whispers

1801

01:01:20,950 --> 01:01:19,200

so you have to listen carefully but if

1802

01:01:23,030 --> 01:01:20,960

but but she

1803

01:01:24,549 --> 01:01:23,040

she always speaks and ultimately the

1804

01:01:27,750 --> 01:01:24,559

truth always comes out

1805

01:01:29,910 --> 01:01:27,760

so uh my advice would be for anybody if

1806

01:01:32,069 --> 01:01:29,920

if you're into ce5

1807

01:01:33,270 --> 01:01:32,079

if that's a real thing then great and i

1808

01:01:34,309 --> 01:01:33,280

would ask that you'd be able to

1809

01:01:35,990 --> 01:01:34,319

demonstrate it

1810

01:01:37,349 --> 01:01:36,000

in front of a camera in front of a large

1811

01:01:39,270 --> 01:01:37,359

audience um

1812

01:01:41,030 --> 01:01:39,280

and repeat it right scientific method

1813

01:01:43,430 --> 01:01:41,040

make it make it repeatable and something

1814

01:01:46,470 --> 01:01:43,440

that can be peer reviewed otherwise

1815

01:01:51,349 --> 01:01:46,480

it's just your opinion i would ask does

1816

01:01:56,309 --> 01:01:52,830

well well uh

1817

01:02:04,710 --> 01:02:01,029

how about you tell me abigail mankind

1818

01:02:06,950 --> 01:02:04,720

that's with plural with the s uh i think

1819

01:02:07,829 --> 01:02:06,960

i i think i think i would too i think

1820

01:02:09,190 --> 01:02:07,839

that's

1821

01:02:10,630 --> 01:02:09,200

and louie to finish up the show

1822

01:02:12,710 --> 01:02:10,640

appreciating your time what does

1823

01:02:17,270 --> 01:02:12,720

disclosure mean to you

1824

01:02:20,150 --> 01:02:17,280

ah well

1825

01:02:21,430 --> 01:02:20,160

i think we'll know it when we see it uh

1826

01:02:22,870 --> 01:02:21,440

i think we're in the process of

1827

01:02:23,990 --> 01:02:22,880

disclosure right now i think in five

1828

01:02:25,029 --> 01:02:24,000

years when we look back we're going to

1829

01:02:25,750 --> 01:02:25,039

realize we're in the middle of

1830

01:02:29,829 --> 01:02:25,760

disclosure

1831

01:02:33,349 --> 01:02:29,839

it's not an event

1832

01:02:36,710 --> 01:02:33,359

um i think uh

1833

01:02:40,069 --> 01:02:36,720

disclosure means a a willingness to

1834

01:02:44,789 --> 01:02:40,079

recognize the truth

1835

01:02:51,430 --> 01:02:48,150

facts in a way that is transparent

1836

01:02:52,150 --> 01:02:51,440

and open for all people to participate

1837

01:02:58,549 --> 01:02:52,160

in

1838

01:03:01,510 --> 01:02:58,559

just one government not just one country

1839

01:03:02,789 --> 01:03:01,520

everybody and i think that is what

1840

01:03:04,710 --> 01:03:02,799

disclosure is about

1841

01:03:07,109 --> 01:03:04,720

it's the recognition that the earth is

1842

01:03:10,069 --> 01:03:07,119

not at the center of the solar system

1843

01:03:11,109 --> 01:03:10,079

and you know sometimes it's it's hard to

1844

01:03:13,670 --> 01:03:11,119

tell that truth

1845

01:03:15,029 --> 01:03:13,680

in the beginning but ultimately it

1846

01:03:17,990 --> 01:03:15,039

becomes self-evident

1847

01:03:19,029 --> 01:03:18,000

and i think we are in that process now i

1848

01:03:20,789 --> 01:03:19,039

think we are

1849

01:03:22,309 --> 01:03:20,799

in the throes of realizing that the

1850

01:03:25,430 --> 01:03:22,319

earth is not in the center

1851

01:03:27,029 --> 01:03:25,440

of our solar system um

1852

01:03:28,470 --> 01:03:27,039

and again with that i think there's

1853

01:03:29,430 --> 01:03:28,480

there's a lot of hope i think there's a

1854

01:03:32,390 --> 01:03:29,440

lot of

1855

01:03:33,270 --> 01:03:32,400

opportunity there but let's not jump to

1856

01:03:36,230 --> 01:03:33,280

conclusions

1857

01:03:37,109 --> 01:03:36,240

you know let's let's maintain the course

1858

01:03:40,309 --> 01:03:37,119

of being

1859

01:03:43,510 --> 01:03:40,319

diligent and deliberate methodical uh

1860

01:03:44,710 --> 01:03:43,520

and and you know open-minded to to the

1861

01:03:47,829 --> 01:03:44,720

best of our ability

1862

01:03:49,990 --> 01:03:47,839

while trying to maintain um

1863

01:03:51,670 --> 01:03:50,000

our our dedication to the scientific

1864

01:03:53,910 --> 01:03:51,680

process

1865

01:03:55,589 --> 01:03:53,920

lou it's been an honor genuinely and a

1866

01:03:56,789 --> 01:03:55,599

pleasure speaking to you

1867

01:03:58,230 --> 01:03:56,799

and i look forward to the day i can

1868

01:03:59,510 --> 01:03:58,240

welcome you back on again for that

1869

01:04:01,670 --> 01:03:59,520

second part

1870

01:04:03,270 --> 01:04:01,680

anytime i will tell you this is a true

1871

01:04:05,190 --> 01:04:03,280

true pleasure for me i want to answer

1872

01:04:05,750 --> 01:04:05,200

one question for you that you haven't

1873

01:04:07,109 --> 01:04:05,760

asked

1874

01:04:10,230 --> 01:04:07,119

but i know some of your viewers are

1875

01:04:13,029 --> 01:04:10,240

asking why am i doing these podcasts

1876

01:04:14,549 --> 01:04:13,039

why am i is there an attempt by me is

1877

01:04:16,150 --> 01:04:14,559

there a media blitz that i'm involved

1878

01:04:19,829 --> 01:04:16,160

with in order to

1879

01:04:23,190 --> 01:04:19,839

achieve something well the answer is yes

1880

01:04:25,910 --> 01:04:23,200

and that yes is that um

1881

01:04:27,430 --> 01:04:25,920

part of phase two from my opinion is

1882

01:04:28,789 --> 01:04:27,440

getting the word out to anybody and

1883

01:04:29,750 --> 01:04:28,799

everybody as you know i don't make a

1884

01:04:31,670 --> 01:04:29,760

penny doing these

1885

01:04:33,589 --> 01:04:31,680

i don't charge anybody i don't get an

1886

01:04:35,750 --> 01:04:33,599

appearance fee for doing this

1887

01:04:38,150 --> 01:04:35,760

it takes a lot of time on my day but i

1888

01:04:40,069 --> 01:04:38,160

do it because it's important

1889

01:04:41,670 --> 01:04:40,079

i do it because it is making a

1890

01:04:43,670 --> 01:04:41,680

difference we're finally having the

1891

01:04:44,870 --> 01:04:43,680

conversation and even if you disagree

1892

01:04:46,789 --> 01:04:44,880

with my perspective

1893

01:04:48,789 --> 01:04:46,799

it's okay because the conversation is

1894

01:04:49,829 --> 01:04:48,799

still happening even if you don't agree

1895

01:04:51,510 --> 01:04:49,839

with with

1896

01:04:53,349 --> 01:04:51,520

how i'm doing things and the way we're

1897

01:04:54,549 --> 01:04:53,359

doing things that's still good

1898

01:04:56,549 --> 01:04:54,559

that's okay because you don't have to

1899

01:04:59,670 --> 01:04:56,559

agree with me you don't have to

1900

01:05:01,349 --> 01:04:59,680

be in my camp or my team

1901

01:05:03,670 --> 01:05:01,359

i don't need that i just need you having

1902

01:05:06,630 --> 01:05:03,680

the conversation and it's happening

1903

01:05:08,630 --> 01:05:06,640

so uh you know my hats off really to you

1904

01:05:09,589 --> 01:05:08,640

and to your listeners thank you for what

1905

01:05:12,549 --> 01:05:09,599

you do

1906

01:05:12,870 --> 01:05:12,559

uh thank you for what your listeners uh

1907

01:05:14,470 --> 01:05:12,880

do

1908

01:05:16,150 --> 01:05:14,480

taking time out of their day when they

1909

01:05:19,430 --> 01:05:16,160

probably should be doing something

1910

01:05:20,870 --> 01:05:19,440

uh you know productive um for their

1911

01:05:22,309 --> 01:05:20,880

family or for their work and instead

1912

01:05:24,470 --> 01:05:22,319

they're taking the time

1913

01:05:25,990 --> 01:05:24,480

to listen to this podcast uh maybe these

1914

01:05:27,190 --> 01:05:26,000

people are just getting off work right

1915

01:05:28,870 --> 01:05:27,200

and they're tired and

1916

01:05:30,710 --> 01:05:28,880

and want to make dinner for themselves

1917

01:05:32,390 --> 01:05:30,720

but instead they're they're listening

1918

01:05:34,789 --> 01:05:32,400

into this podcast you know thank you

1919

01:05:35,990 --> 01:05:34,799

thank you for doing that this is this is

1920

01:05:38,630 --> 01:05:36,000

a mutual conversation

1921

01:05:40,470 --> 01:05:38,640

i get just as much out of this dialogue

1922

01:05:41,829 --> 01:05:40,480

as you and your listeners do i assure

is

1941

01:06:51,200 --> 01:07:13,910

1942

01:07:30,390 --> 01:07:15,190

there was something on my head and
