GARY VOORHIS

1
00:00:00,000 --> 00:00:14,230
[Music]

2
00:00:17,349 --> 00:00:15,509
it was basically a cube

3
00:00:18,870 --> 00:00:17,359
with inside of sphere where the points

4
00:00:32,930 --> 00:00:18,880
of the cube

5
00:00:37,110 --> 00:00:34,500
[Music]

6
00:00:38,630 --> 00:00:37,120
[Applause]

7
00:00:40,549 --> 00:00:38,640
so this isn't anything that just is

8
00:00:44,930 --> 00:00:40,559
limited to the united states

9
00:00:47,910 --> 00:00:44,940
it's a worldwide phenomenon

10
00:00:50,229 --> 00:00:47,920
[Music]

11
00:00:53,029 --> 00:00:50,239
hello and welcome everyone to the first

12
00:00:54,709 --> 00:00:53,039
ever episode of that ufo podcast

13
00:00:57,270 --> 00:00:54,719

my name is andy and i'm the host of this

14

00:01:00,389 --> 00:00:57,280

show delving into the world of ufos

15

00:01:01,590 --> 00:01:00,399

uap aliens extraterrestrials ultra

16

00:01:04,549 --> 00:01:01,600

terrestrials and

17

00:01:05,350 --> 00:01:04,559

more since i was a kid i've been

18

00:01:07,030 --> 00:01:05,360

interested in

19

00:01:08,550 --> 00:01:07,040

many different mysteries and incredible

20

00:01:10,789 --> 00:01:08,560

possibilities in the world

21

00:01:13,030 --> 00:01:10,799

things like remote viewing time travel

22

00:01:15,030 --> 00:01:13,040

psychic abilities but among all of these

23

00:01:17,190 --> 00:01:15,040

ufos and all that entails is what's

24

00:01:19,030 --> 00:01:17,200

really had my attention the most

25

00:01:21,030 --> 00:01:19,040

my aim with this show is to share the

26
00:01:22,230 --> 00:01:21,040
latest ufo news and opinion from around

27
00:01:23,910 --> 00:01:22,240
the world and right now there's

28
00:01:25,749 --> 00:01:23,920
certainly plenty of that

29
00:01:27,190 --> 00:01:25,759
i'll also bring on a range of credible

30
00:01:28,149 --> 00:01:27,200
knowledgeable guests to discuss their

31
00:01:30,469 --> 00:01:28,159
own stories

32
00:01:31,990 --> 00:01:30,479
and experiences for you to listen to and

33
00:01:33,670 --> 00:01:32,000
form your own opinions

34
00:01:35,830 --> 00:01:33,680
i want to get straight into one huge

35
00:01:38,469 --> 00:01:35,840
piece of breaking news from this week

36
00:01:40,870 --> 00:01:38,479
well maybe for many of us it wasn't news

37
00:01:42,550 --> 00:01:40,880
but the weight that's added to a story

38
00:01:43,510 --> 00:01:42,560

that was already out there is definitely

39

00:01:45,270 --> 00:01:43,520

credible

40

00:01:46,870 --> 00:01:45,280

i'm going to first read the pentagon

41

00:01:48,550 --> 00:01:46,880

department of defense statement that was

42

00:01:50,310 --> 00:01:48,560

released

43

00:01:52,230 --> 00:01:50,320

the department of defense has authorized

44

00:01:53,030 --> 00:01:52,240

the release of three unclassified navy

45

00:01:55,670 --> 00:01:53,040

videos

46

00:01:57,670 --> 00:01:55,680

one taken in november 2004 and the other

47

00:01:58,950 --> 00:01:57,680

two in january 2015

48

00:02:00,550 --> 00:01:58,960

which have been circulating in the

49

00:02:02,149 --> 00:02:00,560

public domain after unauthorized

50

00:02:05,429 --> 00:02:02,159

releases in 2007

51
00:02:06,469 --> 00:02:05,439
and 2017. the us navy previously

52
00:02:07,990 --> 00:02:06,479
acknowledged that these videos

53
00:02:10,710 --> 00:02:08,000
circulating in the public domain

54
00:02:11,830 --> 00:02:10,720
where indeed navy videos after a

55
00:02:14,150 --> 00:02:11,840
thorough review

56
00:02:16,309 --> 00:02:14,160
the department has determined that the

57
00:02:16,869 --> 00:02:16,319
authorized release of these unclassified

58
00:02:18,550 --> 00:02:16,879
videos

59
00:02:20,390 --> 00:02:18,560
does not reveal any sensitive

60
00:02:22,470 --> 00:02:20,400
capabilities or systems

61
00:02:24,630 --> 00:02:22,480
and does not impinge on any subsequent

62
00:02:26,630 --> 00:02:24,640
investigations of military airspace

63
00:02:27,910 --> 00:02:26,640

incursions by unidentified aerial

64

00:02:29,670 --> 00:02:27,920

phenomena

65

00:02:31,110 --> 00:02:29,680

department of defense is releasing the

66

00:02:33,030 --> 00:02:31,120

videos in order to clear up any

67

00:02:34,790 --> 00:02:33,040

misconceptions by the public

68

00:02:36,390 --> 00:02:34,800

on whether or not the footage that has

69

00:02:37,990 --> 00:02:36,400

been circulating was real

70

00:02:40,710 --> 00:02:38,000

or whether or not there is more to the

71

00:02:42,550 --> 00:02:40,720

videos the aerial phenomena observed in

72

00:02:44,790 --> 00:02:42,560

the videos remains characterized as

73

00:02:46,470 --> 00:02:44,800

unidentified

74

00:02:48,790 --> 00:02:46,480

that's a statement released by an

75

00:02:50,710 --> 00:02:48,800

official government organization

76
00:02:52,710 --> 00:02:50,720
so these videos were initially released

77
00:02:54,390 --> 00:02:52,720
in december 2017

78
00:02:55,990 --> 00:02:54,400
after new york times published

79
00:02:57,350 --> 00:02:56,000
front-page news revealing the us

80
00:03:00,149 --> 00:02:57,360
government did indeed

81
00:03:01,430 --> 00:03:00,159
have an interest in ufos despite years

82
00:03:03,589 --> 00:03:01,440
of denial

83
00:03:05,910 --> 00:03:03,599
mockery and even had a pro they even had

84
00:03:07,589 --> 00:03:05,920
a program with a budget going well into

85
00:03:09,509 --> 00:03:07,599
the tens of millions of dollars

86
00:03:10,630 --> 00:03:09,519
and that's what we know about not the

87
00:03:13,509 --> 00:03:10,640
black money that would go on in the

88
00:03:16,309 --> 00:03:13,519

background as well

89

00:03:17,830 --> 00:03:16,319

since then pilots radar operators and

90

00:03:19,350 --> 00:03:17,840

many more have come forward to share

91

00:03:20,149 --> 00:03:19,360

their own first-hand accounts of what

92

00:03:24,309 --> 00:03:20,159

they saw

93

00:03:26,550 --> 00:03:24,319

out at sea in the air and on the land

94

00:03:28,149 --> 00:03:26,560

can you imagine 10 years ago being told

95

00:03:29,990 --> 00:03:28,159

the us government would admit to having

96

00:03:31,990 --> 00:03:30,000

a ufo study programme

97

00:03:33,270 --> 00:03:32,000

and release official footage of these

98

00:03:36,789 --> 00:03:33,280

incredible craft

99

00:03:38,229 --> 00:03:36,799

performing amazing physics defying feats

100

00:03:39,990 --> 00:03:38,239

you'd be fair in thinking that that

101
00:03:41,430 --> 00:03:40,000
would be a that would be disclosure

102
00:03:42,949 --> 00:03:41,440
something we all want

103
00:03:44,630 --> 00:03:42,959
finally the powers that be have admitted

104
00:03:45,910 --> 00:03:44,640
something we've gone on for a long long

105
00:03:48,309 --> 00:03:45,920
time

106
00:03:49,110 --> 00:03:48,319
yet here we are still picking at the

107
00:03:51,430 --> 00:03:49,120
details

108
00:03:53,509 --> 00:03:51,440
questioning the timing seeing it mocked

109
00:03:56,390 --> 00:03:53,519
in some areas of the media

110
00:03:57,429 --> 00:03:56,400
the reasoning behind it is an agenda who

111
00:03:59,190 --> 00:03:57,439
knows and that's something we're going

112
00:04:01,270 --> 00:03:59,200
to look into more and more

113
00:04:02,869 --> 00:04:01,280

the main thing for now is the argument

114

00:04:04,229 --> 00:04:02,879

and evidence is once again back in the

115

00:04:05,910 --> 00:04:04,239

mainstream press

116

00:04:07,429 --> 00:04:05,920

with news outlets around the world

117

00:04:08,869 --> 00:04:07,439

reporting on these stories

118

00:04:10,789 --> 00:04:08,879

from witnesses are some of the most

119

00:04:11,509 --> 00:04:10,799

highly trained and reliable people on

120

00:04:13,350 --> 00:04:11,519

the planet

121

00:04:15,030 --> 00:04:13,360

and they're reporting them in a serious

122

00:04:16,469 --> 00:04:15,040

manner as well something that's not

123

00:04:19,670 --> 00:04:16,479

always done particularly

124

00:04:21,189 --> 00:04:19,680

when it comes to ufos the timing of this

125

00:04:22,550 --> 00:04:21,199

first show could not be any better with

126

00:04:24,550 --> 00:04:22,560

the events of this week

127

00:04:25,830 --> 00:04:24,560

i've got a guest who is one of the first

128

00:04:27,110 --> 00:04:25,840

people to witness some of these

129

00:04:29,510 --> 00:04:27,120

incredible craft

130

00:04:31,990 --> 00:04:29,520

vehicles whatever these things are back

131

00:04:33,749 --> 00:04:32,000

in november 2004

132

00:04:35,990 --> 00:04:33,759

and after the break you'll hear gary

133

00:04:36,710 --> 00:04:36,000

vertice radar operator of the uss

134

00:04:38,710 --> 00:04:36,720

princeton

135

00:04:40,310 --> 00:04:38,720

tell a story and discuss his thoughts

136

00:04:41,350 --> 00:04:40,320

feelings and opinions of what happened

137

00:04:43,270 --> 00:04:41,360

on those days

138

00:04:44,550 --> 00:04:43,280

where the u.s navy encountered objects

139

00:04:46,550 --> 00:04:44,560
of unknown origin

140

00:04:48,230 --> 00:04:46,560
out at sea and were left feeling

141

00:04:50,230 --> 00:04:48,240
incredibly inept against their

142

00:04:52,310 --> 00:04:50,240
capabilities

143

00:04:53,510 --> 00:04:52,320
firstly i'm going to play a small plug

144

00:04:54,790 --> 00:04:53,520
for a friend of the show

145

00:04:56,629 --> 00:04:54,800
and then i want you to stick around

146

00:04:58,390 --> 00:04:56,639
because when we come back gary's going

147

00:05:09,029 --> 00:04:58,400
to tell you his amazing tale

148

00:05:12,629 --> 00:05:11,510

how are you doing

172

00:06:13,670 --> 00:06:12,319

i'm very well man thank you very much

173

00:06:15,350 --> 00:06:13,680

it's a very cold night here in the

174

00:06:16,390 --> 00:06:15,360

northeast of england but the stars are

175

00:06:17,830 --> 00:06:16,400

out so it's a

176

00:06:20,309 --> 00:06:17,840

clear sky it's good for about sky

177

00:06:24,230 --> 00:06:20,319

watching what about yourself

178

00:06:25,110 --> 00:06:24,240

it's uh hot hot and sunny where are you

179

00:06:28,710 --> 00:06:25,120

based again

180

00:06:30,469 --> 00:06:28,720

uh florida florida very nice and uh

181

00:06:31,749 --> 00:06:30,479

how's lockdown treating you over over

182

00:06:35,909 --> 00:06:31,759

your way

183

00:06:39,909 --> 00:06:35,919

uh it's been uh that's fine for me i'm

184

00:06:41,670 --> 00:06:39,919

more of a i like to stay in anyways so

185

00:06:43,350 --> 00:06:41,680

yeah see i like to stay in but now i

186

00:06:45,189 --> 00:06:43,360

don't have the choice that that's what

187

00:06:46,870 --> 00:06:45,199

kind of gets to me i like to know i can

188

00:06:48,070 --> 00:06:46,880

go out but i don't i don't actually end

189

00:06:50,230 --> 00:06:48,080

up doing it so

190

00:06:52,710 --> 00:06:50,240

gary first off you were a witness to one

191

00:06:54,870 --> 00:06:52,720

of the most significant ufo or uap

192

00:06:56,070 --> 00:06:54,880

events in recent times back in november

193

00:06:57,670 --> 00:06:56,080

2004

194

00:06:59,589 --> 00:06:57,680

um what i'd like you to do is take us

195

00:06:59,990 --> 00:06:59,599

back to that day and walk us through

196

00:07:03,589 --> 00:07:00,000

what

197

00:07:06,230 --> 00:07:03,599

did you expect to happen

198

00:07:08,070 --> 00:07:06,240

oh yeah i know like first day i found

199

00:07:10,469 --> 00:07:08,080

out i was i was on a midwatch

200

00:07:11,510 --> 00:07:10,479

which would late night shift watch and

201
00:07:12,710 --> 00:07:11,520
uh

202
00:07:14,830 --> 00:07:12,720
wait for somebody to actually need

203
00:07:17,350 --> 00:07:14,840
something from the computer technician

204
00:07:18,710 --> 00:07:17,360
um a lot of waiting around a lot of a

205
00:07:20,870 --> 00:07:18,720
lot of sitting around waiting

206
00:07:22,309 --> 00:07:20,880
sitting on watch just you know listening

207
00:07:24,870 --> 00:07:22,319
to things because uh

208
00:07:26,230 --> 00:07:24,880
the watch i stood was uh aws air

209
00:07:29,029 --> 00:07:26,240
warfares

210
00:07:30,070 --> 00:07:29,039
uh and it was just a a monitoring watch

211
00:07:32,070 --> 00:07:30,080
for the computer room

212
00:07:33,990 --> 00:07:32,080
uh you know we had a bunch of people on

213
00:07:35,350 --> 00:07:34,000

aws and just in different places

214

00:07:38,390 --> 00:07:35,360

different spaces

215

00:07:39,830 --> 00:07:38,400

uh throughout the ship and uh so my

216

00:07:41,589 --> 00:07:39,840

typical day would have been

217

00:07:43,350 --> 00:07:41,599

pretty pretty mundane would have been

218

00:07:44,950 --> 00:07:43,360

probably exciting if you'd never been on

219

00:07:47,029 --> 00:07:44,960

a ship

220

00:07:49,110 --> 00:07:47,039

but uh after that at that point i'd

221

00:07:51,990 --> 00:07:49,120

already been on two deployments

222

00:07:53,990 --> 00:07:52,000

uh so you know it's an old hand at

223

00:07:55,830 --> 00:07:54,000

everything going on

224

00:07:57,110 --> 00:07:55,840

so you were pretty experienced yeah you

225

00:07:58,790 --> 00:07:57,120

weren't expecting anything out that they

226

00:08:01,270 --> 00:07:58,800

alternate at that point i take it

227

00:08:03,350 --> 00:08:01,280

oh yeah our our ship had uh been heavily

228

00:08:04,070 --> 00:08:03,360

involved in iraqi freedom enduring

229

00:08:06,150 --> 00:08:04,080

freedom and

230

00:08:08,550 --> 00:08:06,160

all you know a lot of the uh the

231

00:08:11,350 --> 00:08:08,560

conflicts that had happened prior

232

00:08:14,070 --> 00:08:11,360

uh so we uh so i had quite a bit of

233

00:08:15,589 --> 00:08:14,080

experience operating all the systems

234

00:08:18,230 --> 00:08:15,599

cool and i suppose going back to that

235

00:08:19,270 --> 00:08:18,240

time 2004 there had been conflicts

236

00:08:21,110 --> 00:08:19,280

previous and

237

00:08:23,110 --> 00:08:21,120

and some still to come so it's a very

238

00:08:26,790 --> 00:08:23,120

active time for you i take it yeah

239

00:08:28,469 --> 00:08:26,800

oh yeah it's uh

240

00:08:29,830 --> 00:08:28,479

yeah at that point we're we're just

241

00:08:32,630 --> 00:08:29,840

doing workups so

242

00:08:34,149 --> 00:08:32,640

uh like our our spaces and things like

243

00:08:36,790 --> 00:08:34,159

that they're uh

244

00:08:37,829 --> 00:08:36,800

once everything's running you shouldn't

245

00:08:40,070 --> 00:08:37,839

be needed

246

00:08:41,110 --> 00:08:40,080

like you shouldn't there's no need other

247

00:08:42,790 --> 00:08:41,120

than just maybe

248

00:08:44,550 --> 00:08:42,800

flipping some data recording tapes or

249

00:08:47,190 --> 00:08:44,560

putting in some new tapes or

250

00:08:49,030 --> 00:08:47,200

you know kind of just the the monotonous

251
00:08:51,269 --> 00:08:49,040
mundane things that you just have to do

252
00:08:53,509 --> 00:08:51,279
to keep things up and running but

253
00:08:54,949 --> 00:08:53,519
once they're up and running there

254
00:08:56,230 --> 00:08:54,959
shouldn't be much that you have to do

255
00:08:57,269 --> 00:08:56,240
you should be pretty much dying of

256
00:08:59,430 --> 00:08:57,279
boredom

257
00:09:01,190 --> 00:08:59,440
and on that day that is definitely not

258
00:09:03,030 --> 00:09:01,200
what happened by the sounds of it

259
00:09:04,550 --> 00:09:03,040
so you're expecting this mundane day you

260
00:09:05,990 --> 00:09:04,560
wake up a bit cranky

261
00:09:08,870 --> 00:09:06,000
you're expecting just to go through the

262
00:09:09,910 --> 00:09:08,880
motions as drills from what i understand

263
00:09:12,150 --> 00:09:09,920

from a limited

264

00:09:14,070 --> 00:09:12,160

almost non-existent military knowledge

265

00:09:15,430 --> 00:09:14,080

um to be honest most of my military

266

00:09:16,710 --> 00:09:15,440

knowledge comes from listening to some

267

00:09:17,750 --> 00:09:16,720

of your interviews on various other

268

00:09:19,509 --> 00:09:17,760

podcasts

269

00:09:21,030 --> 00:09:19,519

and so i won't even find try and work

270

00:09:22,870 --> 00:09:21,040

out the lingo um

271

00:09:24,230 --> 00:09:22,880

so take us through what did happen on

272

00:09:27,190 --> 00:09:24,240

the day when did things start getting

273

00:09:30,070 --> 00:09:27,200

interesting back in that november 2004

274

00:09:30,550 --> 00:09:30,080

well um the day the thing started to

275

00:09:34,070 --> 00:09:30,560

happen

276

00:09:34,949 --> 00:09:34,080

really was more of a technical day it

277

00:09:38,550 --> 00:09:34,959

really wasn't

278

00:09:41,990 --> 00:09:38,560

uh you know got here's you know ufos

279

00:09:43,110 --> 00:09:42,000

you know uh it was uh i remember because

280

00:09:44,710 --> 00:09:43,120

i it was uh

281

00:09:47,030 --> 00:09:44,720

i'd come i'd woke it up but it was

282

00:09:49,670 --> 00:09:47,040

really cranky cranky and grumpy

283

00:09:50,550 --> 00:09:49,680

went up to the smoke break i was out of

284

00:09:53,190 --> 00:09:50,560

cigarettes and

285

00:09:54,790 --> 00:09:53,200

had no money for any more cigarettes so

286

00:09:56,150 --> 00:09:54,800

i kind of had to hang out there for a

287

00:09:57,030 --> 00:09:56,160

second until somebody came out there

288

00:09:59,910 --> 00:09:57,040

that could uh

289

00:10:01,509 --> 00:09:59,920

maybe provide me with a cigarette

290

00:10:03,670 --> 00:10:01,519

everybody that knows me is about to

291

00:10:06,710 --> 00:10:03,680

laugh their ass off when you hear that

292

00:10:08,550 --> 00:10:06,720

and uh but uh so

293

00:10:10,470 --> 00:10:08,560

and i was talking to one of the spy

294

00:10:11,990 --> 00:10:10,480

technicians uh the actual spy

295

00:10:14,230 --> 00:10:12,000

technicians because there's a

296

00:10:15,430 --> 00:10:14,240

a group of guys that that's that's their

297

00:10:17,030 --> 00:10:15,440

whole job is

298

00:10:18,470 --> 00:10:17,040

just to take care of that one ages

299

00:10:19,990 --> 00:10:18,480

system uh

300

00:10:21,910 --> 00:10:20,000

we all worked together i worked with the

301

00:10:26,310 --> 00:10:21,920

computer systems that run

302

00:10:28,949 --> 00:10:26,320

run those run all the data recording uh

303

00:10:30,069 --> 00:10:28,959

yeah my systems are basically the

304

00:10:32,630 --> 00:10:30,079

mainframes for

305

00:10:33,430 --> 00:10:32,640

all of those systems so my aspect was

306

00:10:35,590 --> 00:10:33,440

computer

307

00:10:37,350 --> 00:10:35,600

and uh so one of the spy guys so when i

308

00:10:39,829 --> 00:10:37,360

say spy guys it's one you know

309

00:10:40,550 --> 00:10:39,839

and uh it's we're all tight-knit groups

310

00:10:42,310 --> 00:10:40,560

so it's

311

00:10:43,910 --> 00:10:42,320

we all work on each other's gear we all

312

00:10:45,430 --> 00:10:43,920

work on you know they

313

00:10:47,190 --> 00:10:45,440

they come down when they when they need

314

00:10:49,350 --> 00:10:47,200

the the computers reset

315

00:10:51,509 --> 00:10:49,360

or if they need diagnostics run or you

316

00:10:52,790 --> 00:10:51,519

know things things of that nature

317

00:10:55,110 --> 00:10:52,800

generally when they're running all of

318

00:10:56,870 --> 00:10:55,120

their diagnostics uh

319

00:10:58,470 --> 00:10:56,880

i'm having to stand by or somebody's

320

00:11:01,269 --> 00:10:58,480

having to stand by and computers

321

00:11:03,110 --> 00:11:01,279

computer central to reset the uh the

322

00:11:03,750 --> 00:11:03,120

mainframe over and over again until they

323

00:11:06,630 --> 00:11:03,760

get

324

00:11:07,110 --> 00:11:06,640

all of their settings right okay and can

325

00:11:09,350 --> 00:11:07,120

i just

326

00:11:10,790 --> 00:11:09,360

just double check that this is this

327

00:11:12,710 --> 00:11:10,800

incident we're about to discuss is

328

00:11:14,069 --> 00:11:12,720

famously known as the the nimitz or the

329

00:11:15,829 --> 00:11:14,079

tic tac incident

330

00:11:17,990 --> 00:11:15,839

but you were actually based on the the

331

00:11:20,470 --> 00:11:18,000

uss princeton is that correct

332

00:11:21,990 --> 00:11:20,480

that is correct uh we were uh our ship

333

00:11:24,949 --> 00:11:22,000

was called um

334

00:11:25,829 --> 00:11:24,959

uh providing air defense for the carrier

335

00:11:28,630 --> 00:11:25,839

and we were

336

00:11:30,470 --> 00:11:28,640

we were basically we ride alongside

337

00:11:33,509 --> 00:11:30,480

shotgun of the carrier

338

00:11:35,190 --> 00:11:33,519

and we provide air defense for them

339

00:11:37,030 --> 00:11:35,200

uh meaning that if anything comes into

340

00:11:39,750 --> 00:11:37,040

our airspace that's

341

00:11:40,230 --> 00:11:39,760

you know hostile or anything like that

342

00:11:43,990 --> 00:11:40,240

or a

343

00:11:45,590 --> 00:11:44,000

engage it before the carrier does

344

00:11:47,269 --> 00:11:45,600

carrier's priority is the launch and

345

00:11:49,990 --> 00:11:47,279

recovery aircraft

346

00:11:52,389 --> 00:11:50,000

not actual combat itself it has the

347

00:11:54,230 --> 00:11:52,399

capability limited capability of combat

348

00:11:57,350 --> 00:11:54,240

but our ship was

349

00:11:59,269 --> 00:11:57,360

literally designed for combat so it's

350

00:12:01,110 --> 00:11:59,279

you know we're we think of this as the

351
00:12:02,629 --> 00:12:01,120
the soldiership

352
00:12:04,230 --> 00:12:02,639
yeah and you're out there basically

353
00:12:06,629 --> 00:12:04,240
expecting a simulation

354
00:12:08,470 --> 00:12:06,639
of a combat situation is that right yeah

355
00:12:09,670 --> 00:12:08,480
yeah what was described to me is that we

356
00:12:12,389 --> 00:12:09,680
had a

357
00:12:14,230 --> 00:12:12,399
bunch of unknown objects that they uh

358
00:12:15,430 --> 00:12:14,240
they wanted to make sure wasn't just uh

359
00:12:17,110 --> 00:12:15,440
some type of clutter

360
00:12:18,870 --> 00:12:17,120
not that the systems actually ever

361
00:12:21,509 --> 00:12:18,880
really messed up that all that often

362
00:12:23,190 --> 00:12:21,519
but you know when you you got something

363
00:12:25,430 --> 00:12:23,200

like that you don't want to just

364

00:12:26,710 --> 00:12:25,440

run out and say you know hey we got ufos

365

00:12:28,230 --> 00:12:26,720

you want to make sure

366

00:12:31,030 --> 00:12:28,240

everything is working because if it

367

00:12:32,870 --> 00:12:31,040

comes back that uh you know

368

00:12:34,790 --> 00:12:32,880

something went down or something wasn't

369

00:12:35,829 --> 00:12:34,800

working right before you reported all

370

00:12:39,110 --> 00:12:35,839

that stuff

371

00:12:40,470 --> 00:12:39,120

it probably would have been hell to pay

372

00:12:41,990 --> 00:12:40,480

and it's funny though you see you don't

373

00:12:43,269 --> 00:12:42,000

want to run out and and say you know

374

00:12:45,110 --> 00:12:43,279

what it's ufos

375

00:12:47,829 --> 00:12:45,120

is that ever something you'd come across

376

00:12:49,350 --> 00:12:47,839

before and i do mean in the sense of

377

00:12:51,350 --> 00:12:49,360

this is an aircraft that we don't know

378

00:12:52,389 --> 00:12:51,360

what it is you think any of us really

379

00:12:54,790 --> 00:12:52,399

thought it was clutter

380

00:12:55,829 --> 00:12:54,800

um there was a little bit of clutter and

381

00:12:58,150 --> 00:12:55,839

clutter generally

382

00:12:59,829 --> 00:12:58,160

doesn't look it looks like like these

383

00:13:00,629 --> 00:12:59,839

like a track come and go come and go

384

00:13:04,310 --> 00:13:00,639

come and go

385

00:13:07,509 --> 00:13:04,320

it's not like a solid track and

386

00:13:08,150 --> 00:13:07,519

or it'll be just like uh you know barely

387

00:13:10,310 --> 00:13:08,160

a track

388

00:13:11,350 --> 00:13:10,320

you know you you just it won't it won't

389

00:13:12,949 --> 00:13:11,360

hardly come in

390

00:13:14,790 --> 00:13:12,959

with a resolution enough to do it and

391

00:13:17,350 --> 00:13:14,800

what those are is actually

392

00:13:18,069 --> 00:13:17,360

peaks on the waves that's how that's how

393

00:13:21,509 --> 00:13:18,079

sensitive

394

00:13:23,269 --> 00:13:21,519

the system is and so when we say we had

395

00:13:26,069 --> 00:13:23,279

to calibrate that

396

00:13:27,910 --> 00:13:26,079

system it's not whether it worked or not

397

00:13:28,870 --> 00:13:27,920

it's whether it was working too well or

398

00:13:31,269 --> 00:13:28,880

whether it was

399

00:13:32,710 --> 00:13:31,279

set too high because if it's if it's

400

00:13:34,790 --> 00:13:32,720

calibrated too high where

401
00:13:35,990 --> 00:13:34,800
you mean we can we can track the you

402
00:13:37,590 --> 00:13:36,000
know a periscope

403
00:13:39,829 --> 00:13:37,600
breaking the surface of the water i mean

404
00:13:43,269 --> 00:13:39,839
that wow that's that's how

405
00:13:43,990 --> 00:13:43,279
uh you know precisely the spyware bravo

406
00:13:46,710 --> 00:13:44,000
radar can

407
00:13:48,629 --> 00:13:46,720
actually be if it's not dialed in for

408
00:13:50,230 --> 00:13:48,639
its specific tasking

409
00:13:51,750 --> 00:13:50,240
and someone of your experience like

410
00:13:53,110 --> 00:13:51,760
you've said before as well like

411
00:13:54,629 --> 00:13:53,120
you know what you're looking at you

412
00:13:55,590 --> 00:13:54,639
you've seen if you've had a glitch

413
00:13:58,389 --> 00:13:55,600

before and

414

00:14:00,389 --> 00:13:58,399

you've got a rough idea surely yeah all

415

00:14:02,150 --> 00:14:00,399

the spy guys all the watch sanders

416

00:14:04,870 --> 00:14:02,160

all the guys that work on that radar on

417

00:14:07,910 --> 00:14:04,880

a regular basis they've all seen clutter

418

00:14:09,990 --> 00:14:07,920

plenty of times um

419

00:14:11,910 --> 00:14:10,000

you know especially in in high seas like

420

00:14:12,870 --> 00:14:11,920

if c's get real rough you start getting

421

00:14:14,949 --> 00:14:12,880

10 foot plus

422

00:14:16,629 --> 00:14:14,959

you're gonna get clutter because that

423

00:14:17,829 --> 00:14:16,639

you're literally you're recording the

424

00:14:21,590 --> 00:14:17,839

the wave press

425

00:14:24,230 --> 00:14:21,600

so it's uh you know that's that's what

426
00:14:25,030 --> 00:14:24,240
it's see the thing about spy is that all

427
00:14:27,590 --> 00:14:25,040
clutter is

428
00:14:28,310 --> 00:14:27,600
something it's not it's not it's not

429
00:14:31,110 --> 00:14:28,320
that there was

430
00:14:32,550 --> 00:14:31,120
there's any like just a phantom there's

431
00:14:34,550 --> 00:14:32,560
no phantom tracks

432
00:14:35,829 --> 00:14:34,560
it's just it's either something that we

433
00:14:37,509 --> 00:14:35,839
shouldn't be tracking and we have to

434
00:14:40,069 --> 00:14:37,519
filter it out or

435
00:14:41,509 --> 00:14:40,079
uh it's uh or it's an actual thing in

436
00:14:42,389 --> 00:14:41,519
this case it ended up being a lot of

437
00:14:43,750 --> 00:14:42,399
actual things

438
00:14:45,430 --> 00:14:43,760

sure so you're saying you're you're

439

00:14:46,870 --> 00:14:45,440

seeing this cluttered on the screen

440

00:14:48,069 --> 00:14:46,880

uh and your idea is do you know what i

441

00:14:49,110 --> 00:14:48,079

need to do something because there's

442

00:14:50,550 --> 00:14:49,120

healthy pf

443

00:14:51,750 --> 00:14:50,560

if i don't clean this up and it has some

444

00:14:52,949 --> 00:14:51,760

kind of computer glitch in the

445

00:14:55,670 --> 00:14:52,959

background but

446

00:14:58,790 --> 00:14:55,680

talk to us from there then what happened

447

00:15:00,310 --> 00:14:58,800

all right so then we uh proceeded to

448

00:15:01,990 --> 00:15:00,320

get permission from the captain to go

449

00:15:02,389 --> 00:15:02,000

ahead and take those systems down you

450

00:15:04,069 --> 00:15:02,399

know

451
00:15:05,430 --> 00:15:04,079
he got a general briefing of what's

452
00:15:08,069 --> 00:15:05,440
going on and

453
00:15:09,750 --> 00:15:08,079
and then uh not directly by me by the

454
00:15:10,949 --> 00:15:09,760
way i just want to make that clear this

455
00:15:12,629 --> 00:15:10,959
is this would have all been going

456
00:15:15,189 --> 00:15:12,639
through the chain of command

457
00:15:17,189 --> 00:15:15,199
um so once that's it once that was all

458
00:15:18,389 --> 00:15:17,199
all done i'd get i'd get the word to

459
00:15:21,350 --> 00:15:18,399
stand by

460
00:15:23,350 --> 00:15:21,360
so that i could reset the computers and

461
00:15:25,590 --> 00:15:23,360
uh those were uh

462
00:15:27,189 --> 00:15:25,600
some jargon for you the yuck 43

463
00:15:28,629 --> 00:15:27,199

computers which is what we were using

464

00:15:31,430 --> 00:15:28,639

we're using uh

465

00:15:32,069 --> 00:15:31,440

off the shelf systems uh it was a hybrid

466

00:15:35,189 --> 00:15:32,079

system

467

00:15:36,069 --> 00:15:35,199

called and it was the baseline 6.1 aegis

468

00:15:38,069 --> 00:15:36,079

system

469

00:15:40,150 --> 00:15:38,079

and what why that's significant is it

470

00:15:42,150 --> 00:15:40,160

because it was the very first system

471

00:15:43,910 --> 00:15:42,160

that started using the

472

00:15:46,150 --> 00:15:43,920

what's now i don't know what it's known

473

00:15:47,509 --> 00:15:46,160

now as but at the time was the q70

474

00:15:50,949 --> 00:15:47,519

system which was

475

00:15:53,670 --> 00:15:50,959

moving from like the uh

476

00:15:55,189 --> 00:15:53,680

60s and 70s technology of you know

477

00:15:58,389 --> 00:15:55,199

hardwired mainframes

478

00:16:02,069 --> 00:15:58,399

to off-the-shelf server style

479

00:16:03,350 --> 00:16:02,079

a fiber optics you know uh it was a

480

00:16:07,670 --> 00:16:03,360

really advanced system

481

00:16:10,470 --> 00:16:07,680

and ours was a hybridized bastard ship

482

00:16:12,870 --> 00:16:10,480

that had half half legacy systems and

483

00:16:14,629 --> 00:16:12,880

half q70 systems which is why

484

00:16:16,790 --> 00:16:14,639

i was the only computer tech on board

485

00:16:20,710 --> 00:16:16,800

because they uh had

486

00:16:23,110 --> 00:16:20,720

this uh discontinued my my nec my rate

487

00:16:25,110 --> 00:16:23,120

because of these these new systems so

488

00:16:27,509 --> 00:16:25,120

all the computer techs that we're in

489

00:16:29,430 --> 00:16:27,519

and that was the last 11 44 computer

490

00:16:30,550 --> 00:16:29,440

text there will ever be

491

00:16:32,310 --> 00:16:30,560

so you're going from almost the

492

00:16:33,350 --> 00:16:32,320

equivalent of dial up internet going to

493

00:16:34,790 --> 00:16:33,360

a 5g

494

00:16:36,710 --> 00:16:34,800

in terms of some of the technology that

495

00:16:37,829 --> 00:16:36,720

you're replacing and moving about on

496

00:16:40,230 --> 00:16:37,839

these ships yeah

497

00:16:41,030 --> 00:16:40,240

yeah that's that's that's probably a

498

00:16:44,069 --> 00:16:41,040

good jump

499

00:16:46,629 --> 00:16:44,079

and uh and then on top of that we were

500

00:16:47,269 --> 00:16:46,639

uh pioneering uh some experimental

501
00:16:49,670 --> 00:16:47,279
systems

502
00:16:50,470 --> 00:16:49,680
that allowed all the ships to share

503
00:16:53,030 --> 00:16:50,480
sensor data

504
00:16:54,550 --> 00:16:53,040
kind of like uh kind of like how you

505
00:16:57,030 --> 00:16:54,560
have uh these uh

506
00:16:58,069 --> 00:16:57,040
these wi-fi mesh systems now where where

507
00:17:01,110 --> 00:16:58,079
they just kind of

508
00:17:02,870 --> 00:17:01,120
they blanket the entire house yeah and

509
00:17:05,590 --> 00:17:02,880
then each each one

510
00:17:06,549 --> 00:17:05,600
has its own range and then together

511
00:17:09,189 --> 00:17:06,559
collectively

512
00:17:10,390 --> 00:17:09,199
it you it gives you your you know a big

513
00:17:13,669 --> 00:17:10,400

huge

514

00:17:16,309 --> 00:17:13,679

zone of wi-fi well now equivalent

515

00:17:18,309 --> 00:17:16,319

that zone as like the zone of radar and

516

00:17:19,110 --> 00:17:18,319

sensor data that we're all combining

517

00:17:21,510 --> 00:17:19,120

together to see

518

00:17:22,870 --> 00:17:21,520

one big picture of what's going on

519

00:17:24,710 --> 00:17:22,880

around us

520

00:17:26,470 --> 00:17:24,720

and is that you talking as well to the

521

00:17:27,510 --> 00:17:26,480

other ships like the nimitz and anyone

522

00:17:29,029 --> 00:17:27,520

else who is out there you're all

523

00:17:31,029 --> 00:17:29,039

combining that blanket

524

00:17:32,630 --> 00:17:31,039

to cover what's out in the ocean yep

525

00:17:35,909 --> 00:17:32,640

yeah any of the any of the

526

00:17:37,990 --> 00:17:35,919

ships or aircraft that had the cec

527

00:17:38,950 --> 00:17:38,000

technology on board were a part of that

528

00:17:41,029 --> 00:17:38,960

system

529

00:17:42,789 --> 00:17:41,039

um that includes the hawkeye the nimitz

530

00:17:43,830 --> 00:17:42,799

and all of the other ships in the battle

531

00:17:45,590 --> 00:17:43,840

group

532

00:17:47,350 --> 00:17:45,600

awesome so you've got permission you've

533

00:17:49,750 --> 00:17:47,360

taken down um

534

00:17:50,470 --> 00:17:49,760

the the systems i think you do some kind

535

00:17:53,029 --> 00:17:50,480

of

536

00:17:54,710 --> 00:17:53,039

cleaning if that's the right one to use

537

00:17:56,070 --> 00:17:54,720

rebooting them start them back up and

538

00:17:58,789 --> 00:17:56,080

then

539

00:18:00,150 --> 00:17:58,799

you expect either not c tracks but and

540

00:18:01,190 --> 00:18:00,160

your experience you know you're going to

541

00:18:03,190 --> 00:18:01,200

see these things again

542

00:18:04,950 --> 00:18:03,200

you're just covering your own back yeah

543

00:18:07,430 --> 00:18:04,960

yeah when we right back up

544

00:18:08,310 --> 00:18:07,440

we we still were getting these tracks uh

545

00:18:11,350 --> 00:18:08,320

they were definitely

546

00:18:14,789 --> 00:18:11,360

100 unknown tracks at this point

547

00:18:17,350 --> 00:18:14,799

um so at that point

548

00:18:18,549 --> 00:18:17,360

you know it got a little exciting but

549

00:18:21,270 --> 00:18:18,559

you know

550

00:18:22,870 --> 00:18:21,280

when you like i originally heard of ufos

551
00:18:24,789 --> 00:18:22,880
and you know how fast they go

552
00:18:25,990 --> 00:18:24,799
and like how you know it was just

553
00:18:28,230 --> 00:18:26,000
sitting there hovering

554
00:18:29,909 --> 00:18:28,240
and then went from you know hovering to

555
00:18:31,110 --> 00:18:29,919
i can't tell how fast it went because it

556
00:18:34,230 --> 00:18:31,120
just disappeared

557
00:18:34,630 --> 00:18:34,240
yeah and uh well you know these things

558
00:18:36,630 --> 00:18:34,640
were

559
00:18:38,230 --> 00:18:36,640
doing just kind of a consistent kind of

560
00:18:42,070 --> 00:18:38,240
kind of drifting south

561
00:18:44,310 --> 00:18:42,080
southwards uh towards saint clemente and

562
00:18:45,510 --> 00:18:44,320
you know doing a hundred knots which is

563
00:18:48,470 --> 00:18:45,520

not very

564

00:18:50,230 --> 00:18:48,480

fast for an aircraft uh you know we're

565

00:18:53,830 --> 00:18:50,240

talking you know balloon speed

566

00:18:55,909 --> 00:18:53,840

also you know ultra lights uh you know

567

00:18:58,390 --> 00:18:55,919

generally a commercial aircraft is going

568

00:19:02,310 --> 00:18:58,400

to do 200 miles an hour just to get

569

00:19:05,430 --> 00:19:02,320

airborne so for it to be

570

00:19:07,990 --> 00:19:05,440

doing 100 knots

571

00:19:08,630 --> 00:19:08,000

was uh you know a little odd and i

572

00:19:10,470 --> 00:19:08,640

remember us

573

00:19:11,669 --> 00:19:10,480

you know we were talking about that and

574

00:19:13,110 --> 00:19:11,679

it was like well you know

575

00:19:15,270 --> 00:19:13,120

i made the comment you know what are

576

00:19:16,950 --> 00:19:15,280

they also wood flyers or you know

577

00:19:18,470 --> 00:19:16,960

something you know what do we got you

578

00:19:19,190 --> 00:19:18,480

know what's going on and then of course

579

00:19:22,310 --> 00:19:19,200

you know

580

00:19:23,510 --> 00:19:22,320

because yeah i could see it in the the

581

00:19:25,669 --> 00:19:23,520

watch standards phase

582

00:19:27,110 --> 00:19:25,679

he had no idea you know what he was

583

00:19:29,110 --> 00:19:27,120

looking at and

584

00:19:30,230 --> 00:19:29,120

they weren't uh there's all kinds of

585

00:19:33,510 --> 00:19:30,240

transponders

586

00:19:35,750 --> 00:19:33,520

and uh equipment that help identify

587

00:19:37,270 --> 00:19:35,760

aircraft uh all commercial aircraft all

588

00:19:40,470 --> 00:19:37,280

military aircraft

589

00:19:41,590 --> 00:19:40,480

they all have uh you know indicators uh

590

00:19:44,630 --> 00:19:41,600

visual

591

00:19:46,950 --> 00:19:44,640

audio and uh radio

592

00:19:48,630 --> 00:19:46,960

you know our visual and audio indicators

593

00:19:52,470 --> 00:19:48,640

and who they are and what they are

594

00:19:56,150 --> 00:19:52,480

and there's also even a system

595

00:19:58,950 --> 00:19:56,160

used called identification friend or foe

596

00:19:59,909 --> 00:19:58,960

you'll hear people talk about it say iff

597

00:20:02,390 --> 00:19:59,919

and what it is

598

00:20:04,470 --> 00:20:02,400

it's it's just a signal that shoots out

599

00:20:05,990 --> 00:20:04,480

and says who you are that's all it does

600

00:20:08,630 --> 00:20:06,000

over and over again

601
00:20:09,110 --> 00:20:08,640
it just it just pulses who you are i'm

602
00:20:14,230 --> 00:20:09,120
you know

603
00:20:16,390 --> 00:20:14,240
one one one one one two two two six

604
00:20:18,470 --> 00:20:16,400
heading and then from there it'll it'll

605
00:20:20,549 --> 00:20:18,480
generate where their heading is and

606
00:20:21,750 --> 00:20:20,559
how fast they're going and you know then

607
00:20:23,590 --> 00:20:21,760
we can say okay that's the

608
00:20:24,870 --> 00:20:23,600
you know commercial you know and then if

609
00:20:26,149 --> 00:20:24,880
they're too close to us or they're

610
00:20:27,750 --> 00:20:26,159
running through the wrong air space

611
00:20:30,070 --> 00:20:27,760
they'll get a little warning hey

612
00:20:30,789 --> 00:20:30,080
go this way or go that way and then you

613
00:20:32,549 --> 00:20:30,799

know

614

00:20:34,549 --> 00:20:32,559

all stuff that i never would have had to

615

00:20:37,110 --> 00:20:34,559

deal with on a daily basis

616

00:20:39,029 --> 00:20:37,120

until these unknown tracks came up going

617

00:20:39,590 --> 00:20:39,039

up and looking at them radar screens was

618

00:20:42,149 --> 00:20:39,600

definitely

619

00:20:43,990 --> 00:20:42,159

not on my agenda do you know you make an

620

00:20:46,310 --> 00:20:44,000

amazing point and it's something that

621

00:20:47,029 --> 00:20:46,320

this incident particular until this came

622

00:20:49,110 --> 00:20:47,039

up and

623

00:20:50,470 --> 00:20:49,120

we saw things like the tic tac video the

624

00:20:52,950 --> 00:20:50,480

gimbal videos

625

00:20:53,909 --> 00:20:52,960

the go fast videos i had never

626
00:20:57,190 --> 00:20:53,919
considered

627
00:20:57,669 --> 00:20:57,200
things being slow and ufos being the

628
00:20:59,430 --> 00:20:57,679
same

629
00:21:01,110 --> 00:20:59,440
you always think ufo is fast it

630
00:21:02,549 --> 00:21:01,120
disappears and

631
00:21:04,149 --> 00:21:02,559
and it's when you talk about something

632
00:21:05,430 --> 00:21:04,159
going 100 knots i usually think well

633
00:21:06,230 --> 00:21:05,440
something going slow that's not

634
00:21:07,830 --> 00:21:06,240
interesting

635
00:21:09,350 --> 00:21:07,840
but the fact is and you find out from

636
00:21:11,350 --> 00:21:09,360
people like yourself and

637
00:21:12,870 --> 00:21:11,360
some of the people like kevin day and

638
00:21:13,430 --> 00:21:12,880

david fraver that have been interviewed

639

00:21:15,270 --> 00:21:13,440

since

640

00:21:17,190 --> 00:21:15,280

they talk about these things should fall

641

00:21:18,390 --> 00:21:17,200

out of the air they shouldn't be able to

642

00:21:20,070 --> 00:21:18,400

go that slow

643

00:21:21,830 --> 00:21:20,080

so it's that whole extreme of going from

644

00:21:23,590 --> 00:21:21,840

super fast speeds that are

645

00:21:25,350 --> 00:21:23,600

incredible and we can't do in the human

646

00:21:27,110 --> 00:21:25,360

body can't they stand to

647

00:21:29,110 --> 00:21:27,120

this this thing shouldn't still stay in

648

00:21:31,029 --> 00:21:29,120

the air like you see is it

649

00:21:32,950 --> 00:21:31,039

is that also drone is it floating and

650

00:21:34,230 --> 00:21:32,960

it's still managing to stay

651
00:21:35,510 --> 00:21:34,240
to stay and do what it does and

652
00:21:37,190 --> 00:21:35,520
obviously they go on to do some more

653
00:21:39,510 --> 00:21:37,200
incredible things as well but

654
00:21:42,310 --> 00:21:39,520
yeah so at this point what's your

655
00:21:44,470 --> 00:21:42,320
initial thoughts what are you thinking

656
00:21:45,830 --> 00:21:44,480
well i'm thinking well it could be just

657
00:21:47,430 --> 00:21:45,840
about anything at this point

658
00:21:49,510 --> 00:21:47,440
i was half expecting them to say that

659
00:21:50,470 --> 00:21:49,520
there was a uh you know a group of hot

660
00:21:53,430 --> 00:21:50,480
air balloons

661
00:21:54,470 --> 00:21:53,440
and uh you know yeah this is the first

662
00:21:58,950 --> 00:21:54,480
you know this is our first

663
00:22:01,430 --> 00:21:58,960

indications of these things so um

664

00:22:03,029 --> 00:22:01,440

we really didn't do anything about them

665

00:22:05,909 --> 00:22:03,039

for quite a while

666

00:22:08,310 --> 00:22:05,919

um are you allowed to do anything about

667

00:22:11,270 --> 00:22:08,320

it though like in your position

668

00:22:12,230 --> 00:22:11,280

uh i think i think it would have to

669

00:22:14,390 --> 00:22:12,240

generally be

670

00:22:16,310 --> 00:22:14,400

the chain of command that really kind of

671

00:22:17,510 --> 00:22:16,320

determines whether or not we do

672

00:22:20,230 --> 00:22:17,520

something because

673

00:22:22,310 --> 00:22:20,240

it didn't really feel like uh anybody

674

00:22:24,310 --> 00:22:22,320

was real worried about them at all

675

00:22:26,549 --> 00:22:24,320

like uh i know remember when we were in

676
00:22:28,710 --> 00:22:26,559
the gulf uh anything

677
00:22:30,149 --> 00:22:28,720
that vectors towards us or comes towards

678
00:22:31,590 --> 00:22:30,159
the surface or air

679
00:22:33,830 --> 00:22:31,600
you know it's getting interrogated

680
00:22:34,470 --> 00:22:33,840
immediately you know it where we're you

681
00:22:37,590 --> 00:22:34,480
know we're up

682
00:22:39,110 --> 00:22:37,600
we got loaded weapons you know

683
00:22:41,029 --> 00:22:39,120
everything's locked and loaded just

684
00:22:42,149 --> 00:22:41,039
point wedding ready to go and cake just

685
00:22:44,149 --> 00:22:42,159
in case

686
00:22:46,310 --> 00:22:44,159
you know and obviously off the coast of

687
00:22:48,070 --> 00:22:46,320
you know our own country

688
00:22:51,029 --> 00:22:48,080

uh you know doing a training mission

689

00:22:53,669 --> 00:22:51,039

with zero weaponry other than small arms

690

00:22:54,630 --> 00:22:53,679

you know we're not expecting to do an

691

00:22:58,870 --> 00:22:54,640

interrogation

692

00:23:00,390 --> 00:22:58,880

but um just looking back on it at the

693

00:23:01,669 --> 00:23:00,400

time you don't really question what's

694

00:23:02,710 --> 00:23:01,679

going on you're just kind of sitting

695

00:23:04,070 --> 00:23:02,720

there waiting

696

00:23:05,350 --> 00:23:04,080

you know seeing you know just waiting

697

00:23:06,549 --> 00:23:05,360

for what the chain of command is going

698

00:23:07,909 --> 00:23:06,559

to do

699

00:23:09,510 --> 00:23:07,919

and i remember just kind of getting a

700

00:23:10,950 --> 00:23:09,520

little frustrated at a certain point

701
00:23:12,630 --> 00:23:10,960
like you know why aren't we doing

702
00:23:14,630 --> 00:23:12,640
anything about these things

703
00:23:16,070 --> 00:23:14,640
you know uh but they weren't doing

704
00:23:16,950 --> 00:23:16,080
anything hostile you know they weren't

705
00:23:19,350 --> 00:23:16,960
coming directly

706
00:23:21,270 --> 00:23:19,360
at the ships they were just kind of

707
00:23:22,789 --> 00:23:21,280
drifting along with us

708
00:23:24,390 --> 00:23:22,799
and just kind of staying at a certain

709
00:23:26,390 --> 00:23:24,400
distance and i mean there was no

710
00:23:28,149 --> 00:23:26,400
particular distance it just they weren't

711
00:23:29,750 --> 00:23:28,159
you know they weren't vectoring straight

712
00:23:30,470 --> 00:23:29,760
at us they weren't coming right at us

713
00:23:32,710 --> 00:23:30,480

you know like

714

00:23:34,230 --> 00:23:32,720

like a missile or hostile aircraft i

715

00:23:35,270 --> 00:23:34,240

mean they're generally gonna fly right

716

00:23:37,029 --> 00:23:35,280

at you

717

00:23:39,110 --> 00:23:37,039

okay so at this point you're expected to

718

00:23:41,430 --> 00:23:39,120

carry on with the simulation as

719

00:23:42,950 --> 00:23:41,440

as and just ignore these that's kind of

720

00:23:44,870 --> 00:23:42,960

what i feel like the chain of command

721

00:23:47,190 --> 00:23:44,880

decided to do is just kind of ignore

722

00:23:49,430 --> 00:23:47,200

this situation and not be the

723

00:23:51,750 --> 00:23:49,440

the uh the battle group that attract

724

00:23:53,510 --> 00:23:51,760

unknown aircraft

725

00:23:55,510 --> 00:23:53,520

is that is that still that stigma

726

00:23:56,789 --> 00:23:55,520

attached to it do you think as well that

727

00:23:58,870 --> 00:23:56,799

i was going to maybe touch on a little

728

00:23:59,750 --> 00:23:58,880

bit later but is that something that

729

00:24:01,750 --> 00:23:59,760

generally

730

00:24:02,789 --> 00:24:01,760

in that line of work that people go to

731

00:24:04,789 --> 00:24:02,799

because you do

732

00:24:05,909 --> 00:24:04,799

still get the laughs and jokes and it's

733

00:24:08,710 --> 00:24:05,919

derisory that

734

00:24:09,190 --> 00:24:08,720

it's ufos it's aliens and well you got i

735

00:24:12,549 --> 00:24:09,200

guess

736

00:24:15,110 --> 00:24:12,559

get two camps you got the people that

737

00:24:16,630 --> 00:24:15,120

are kind of making fun of the situation

738

00:24:17,990 --> 00:24:16,640

and then you got the people that just

739

00:24:19,350 --> 00:24:18,000

straight up don't believe what's going

740

00:24:21,750 --> 00:24:19,360

on they don't care what you say

741

00:24:22,789 --> 00:24:21,760

or what you do and yeah the stigma is

742

00:24:25,269 --> 00:24:22,799

still there

743

00:24:26,789 --> 00:24:25,279

uh for the surface guys like me guys

744

00:24:28,789 --> 00:24:26,799

that work inside the skin of the ship

745

00:24:30,310 --> 00:24:28,799

work on weapon systems stuff like that

746

00:24:32,470 --> 00:24:30,320

you know none of us give a crap whether

747

00:24:33,190 --> 00:24:32,480

you think you know whether we saw aliens

748

00:24:35,110 --> 00:24:33,200

or not but

749

00:24:37,269 --> 00:24:35,120

for you know nobody's gonna have to give

750

00:24:39,190 --> 00:24:37,279

me a psychological profile

751
00:24:41,750 --> 00:24:39,200
to run my billion dollar weapon system

752
00:24:43,269 --> 00:24:41,760
where you know a pilot

753
00:24:44,950 --> 00:24:43,279
you know he comes back down saying he's

754
00:24:45,990 --> 00:24:44,960
seeing weird stuff well the first thing

755
00:24:47,190 --> 00:24:46,000
they're going to do is give them a

756
00:24:49,190 --> 00:24:47,200
psyche valve

757
00:24:50,870 --> 00:24:49,200
you know so yeah yeah so i mean there's

758
00:24:52,630 --> 00:24:50,880
a big difference between the worlds of

759
00:24:54,310 --> 00:24:52,640
fravor and the worlds of uh you know

760
00:24:56,070 --> 00:24:54,320
gary voorhees the uh

761
00:24:57,510 --> 00:24:56,080
you know mundane computer tech sitting

762
00:25:00,789 --> 00:24:57,520
in an air-conditioned space with his

763
00:25:02,230 --> 00:25:00,799

feet up waiting for something to happen

764

00:25:04,070 --> 00:25:02,240

totally i totally see where you come

765

00:25:05,430 --> 00:25:04,080

from and but the more the stories come

766

00:25:07,750 --> 00:25:05,440

out they've absolutely both got

767

00:25:09,510 --> 00:25:07,760

their place and yeah it's not a dog

768

00:25:10,549 --> 00:25:09,520

fight with something dropping from 80

769

00:25:12,310 --> 00:25:10,559

000 feet and

770

00:25:14,149 --> 00:25:12,320

and twisting back and forward at you but

771

00:25:16,470 --> 00:25:14,159

i say it's it's quite incredible

772

00:25:17,830 --> 00:25:16,480

part of the story that you've you've

773

00:25:19,430 --> 00:25:17,840

witnessed obviously is there

774

00:25:21,830 --> 00:25:19,440

so is there anyone else in the room with

775

00:25:23,590 --> 00:25:21,840

you just before we move on on that that

776

00:25:25,350 --> 00:25:23,600

was also seen the same thing as you at

777

00:25:26,789 --> 00:25:25,360

this point you're told to carry on but

778

00:25:28,230 --> 00:25:26,799

if you've got someone sitting next to

779

00:25:29,590 --> 00:25:28,240

you that you're making eye contact and

780

00:25:31,110 --> 00:25:29,600

you know going

781

00:25:32,549 --> 00:25:31,120

well i would i would talk to the watch

782

00:25:34,070 --> 00:25:32,559

standards you get to remember my uh my

783

00:25:35,669 --> 00:25:34,080

computer room with my computer

784

00:25:37,430 --> 00:25:35,679

with all the mainframes and stuff is a

785

00:25:39,269 --> 00:25:37,440

separate space from

786

00:25:40,710 --> 00:25:39,279

uh combat central which is what you

787

00:25:42,549 --> 00:25:40,720

would see in the movies with the big

788

00:25:43,110 --> 00:25:42,559

screens and all the radars and stuff

789

00:25:45,110 --> 00:25:43,120

like that

790

00:25:46,789 --> 00:25:45,120

so i would actually have to go up one

791

00:25:49,830 --> 00:25:46,799

deck and then go

792

00:25:51,510 --> 00:25:49,840

it's literally right above my space but

793

00:25:53,110 --> 00:25:51,520

it's it's kind of like i think of an

794

00:25:54,149 --> 00:25:53,120

apartment building and it's literally

795

00:25:55,669 --> 00:25:54,159

the apartment right up

796

00:25:57,510 --> 00:25:55,679

right above if i hit my broom on the

797

00:25:59,909 --> 00:25:57,520

roof they're going to hear it sure

798

00:26:00,789 --> 00:25:59,919

okay you know you get the point so i

799

00:26:02,710 --> 00:26:00,799

have to go up to

800

00:26:03,830 --> 00:26:02,720

a set of stairs and then then combat is

801
00:26:07,750 --> 00:26:03,840
right there

802
00:26:09,510 --> 00:26:07,760
and um but uh you know i had full access

803
00:26:11,269 --> 00:26:09,520
to combat so you know

804
00:26:12,630 --> 00:26:11,279
you know and during non-combat

805
00:26:14,870 --> 00:26:12,640
situations

806
00:26:16,230 --> 00:26:14,880
it's no big deal as long as you're you

807
00:26:17,350 --> 00:26:16,240
know as long as there's not a million

808
00:26:19,750 --> 00:26:17,360
people in combat

809
00:26:21,669 --> 00:26:19,760
you know if it's just one guy and i'm up

810
00:26:23,350 --> 00:26:21,679
there bullshitting with a watch stand or

811
00:26:24,630 --> 00:26:23,360
something like that it's never a big

812
00:26:26,070 --> 00:26:24,640
deal as long as they're still doing

813
00:26:29,830 --> 00:26:26,080

their job

814

00:26:31,350 --> 00:26:29,840

um so you know i'd go up there

815

00:26:33,190 --> 00:26:31,360

talk to the guys you know say hey you

816

00:26:35,029 --> 00:26:33,200

still got that track you know

817

00:26:36,710 --> 00:26:35,039

or uh or i'd look at the look at the

818

00:26:37,669 --> 00:26:36,720

console itself and try to find out where

819

00:26:39,669 --> 00:26:37,679

the bearing is

820

00:26:40,950 --> 00:26:39,679

and you know throughout the week if i

821

00:26:43,029 --> 00:26:40,960

thought it might be close enough to see

822

00:26:44,789 --> 00:26:43,039

on the big guys i'd go try to see it

823

00:26:47,029 --> 00:26:44,799

sometimes i'd see things sometimes i

824

00:26:47,830 --> 00:26:47,039

wouldn't um not really at a distance to

825

00:26:50,549 --> 00:26:47,840

be

826

00:26:51,269 --> 00:26:50,559

you know you know writing home about but

827

00:26:54,630 --> 00:26:51,279

you know

828

00:26:55,590 --> 00:26:54,640

it was an object moving weird at a

829

00:26:58,710 --> 00:26:55,600

distance that

830

00:27:00,149 --> 00:26:58,720

you know and bearing that it was uh same

831

00:27:02,149 --> 00:27:00,159

as where the object was

832

00:27:04,710 --> 00:27:02,159

or should be from where i saw it on

833

00:27:06,149 --> 00:27:04,720

radar so

834

00:27:08,149 --> 00:27:06,159

i got a little excited about that

835

00:27:11,110 --> 00:27:08,159

because you know that's and then after

836

00:27:13,510 --> 00:27:11,120

the interrogation that was like uh

837

00:27:15,750 --> 00:27:13,520

that was like whoa you know i got to see

838

00:27:20,310 --> 00:27:15,760

when i saw the interrogation video

839

00:27:22,630 --> 00:27:20,320

i was just like i i remember that uh

840

00:27:23,350 --> 00:27:22,640

that realization and that you know it's

841

00:27:25,350 --> 00:27:23,360

like when you

842

00:27:27,029 --> 00:27:25,360

your your hands feel like they just went

843

00:27:28,710 --> 00:27:27,039

instantly cold and your brain goes a

844

00:27:30,310 --> 00:27:28,720

little numb and it's just like

845

00:27:31,990 --> 00:27:30,320

you go into the shock a little just a

846

00:27:33,669 --> 00:27:32,000

little bit for like you know

847

00:27:35,110 --> 00:27:33,679

oh my god is there something bad gonna

848

00:27:36,789 --> 00:27:35,120

happen from this you know are we all

849

00:27:38,470 --> 00:27:36,799

gonna get lined up and shot

850

00:27:40,389 --> 00:27:38,480

you know am i supposed to be watching

851

00:27:43,510 --> 00:27:40,399

this and then you know uh

852

00:27:45,269 --> 00:27:43,520

yeah so and then but

853

00:27:46,789 --> 00:27:45,279

then it kind of passed you know real

854

00:27:48,310 --> 00:27:46,799

quick and then just like all right well

855

00:27:49,269 --> 00:27:48,320

i need to go get a zip drive and get a

856

00:27:51,430 --> 00:27:49,279

copy of this and

857

00:27:53,269 --> 00:27:51,440

you know of course after we watched it

858

00:27:54,310 --> 00:27:53,279

twice and you know i got back to my

859

00:27:56,549 --> 00:27:54,320

space and went back

860

00:27:59,590 --> 00:27:56,559

back to where i was watching the video

861

00:28:01,830 --> 00:27:59,600

uh you know it was already gone so

862

00:28:03,590 --> 00:28:01,840

and i just want to touch on that then so

863

00:28:05,350 --> 00:28:03,600

firstly just to take you back a step

864

00:28:07,510 --> 00:28:05,360

when you talk about the big eyes so

865

00:28:09,269 --> 00:28:07,520

you've you've seen it on radar

866

00:28:10,789 --> 00:28:09,279

that's the kind of end of that for you

867

00:28:11,190 --> 00:28:10,799

because you're not taking any more

868

00:28:13,909 --> 00:28:11,200

action

869

00:28:15,830 --> 00:28:13,919

as far as it's concerned the big eyes

870

00:28:17,430 --> 00:28:15,840

for layman's terms that's just a big set

871

00:28:19,029 --> 00:28:17,440

of binoculars on top of the

872

00:28:20,789 --> 00:28:19,039

on top of the ship you can look at the

873

00:28:21,590 --> 00:28:20,799

distance on is that right that is

874

00:28:23,269 --> 00:28:21,600

correct

875

00:28:24,870 --> 00:28:23,279

okay what and you're saying you don't

876

00:28:26,149 --> 00:28:24,880

see much to write home about but enough

877

00:28:30,149 --> 00:28:26,159

to get excited like

878

00:28:30,789 --> 00:28:30,159

what do you see um so at night you'll

879

00:28:33,830 --> 00:28:30,799

definitely

880

00:28:36,630 --> 00:28:33,840

see a lit object um

881

00:28:37,830 --> 00:28:36,640

during the day it would be a bright

882

00:28:40,070 --> 00:28:37,840

object still but

883

00:28:41,510 --> 00:28:40,080

it wouldn't you know it's not as visible

884

00:28:43,669 --> 00:28:41,520

during the day and it would kind of look

885

00:28:46,070 --> 00:28:43,679

like a

886

00:28:47,110 --> 00:28:46,080

dark speck if you know if it was a nice

887

00:28:49,669 --> 00:28:47,120

nice day

888

00:28:50,149 --> 00:28:49,679

you could see him if it was close enough

889

00:28:52,549 --> 00:28:50,159

but

890

00:28:54,310 --> 00:28:52,559

out of probably the dozens and dozens of

891

00:28:57,590 --> 00:28:54,320

times that i tried to see him i may have

892

00:28:59,430 --> 00:28:57,600

only got to see him maybe three times

893

00:29:00,870 --> 00:28:59,440

and how was it moving was it just

894

00:29:03,590 --> 00:29:00,880

sitting there could you could you make

895

00:29:06,070 --> 00:29:03,600

out any movement at that distance so

896

00:29:08,070 --> 00:29:06,080

uh when i saw it at night a couple of

897

00:29:12,710 --> 00:29:08,080

times i was able to really kind of

898

00:29:14,149 --> 00:29:12,720

see it during the day unless unless it

899

00:29:15,909 --> 00:29:14,159

was sitting still

900

00:29:17,510 --> 00:29:15,919

and then it moved a little bit you

901
00:29:19,590 --> 00:29:17,520
really wouldn't notice it that much

902
00:29:20,870 --> 00:29:19,600
not from the distances we were at but i

903
00:29:23,669 --> 00:29:20,880
got to see it

904
00:29:24,549 --> 00:29:23,679
um not in any like i said any great real

905
00:29:26,149 --> 00:29:24,559
detail

906
00:29:28,070 --> 00:29:26,159
just know that there's a dark object

907
00:29:30,310 --> 00:29:28,080
there and i know what it is

908
00:29:33,830 --> 00:29:30,320
and you know but you know i was kind of

909
00:29:36,870 --> 00:29:35,510
i can literally remember at one point at

910
00:29:38,710 --> 00:29:36,880
night i was up there

911
00:29:40,070 --> 00:29:38,720
and nobody else was up there it was

912
00:29:42,389 --> 00:29:40,080
windy as hell

913
00:29:43,269 --> 00:29:42,399

uh it was just kind of a crappy night

914

00:29:46,470 --> 00:29:43,279

for weather

915

00:29:47,990 --> 00:29:46,480

it was clear but it was windy and when

916

00:29:49,269 --> 00:29:48,000

it's really windy you don't really want

917

00:29:51,110 --> 00:29:49,279

to be out on the skin of the ship while

918

00:29:53,750 --> 00:29:51,120

we're while we're trucking along

919

00:29:55,990 --> 00:29:53,760

yeah especially where the you know the

920

00:29:57,510 --> 00:29:56,000

big guys is it's it's real windy

921

00:29:59,350 --> 00:29:57,520

um i can remember looking through that

922

00:30:01,029 --> 00:29:59,360

thing and just like almost like

923

00:30:02,710 --> 00:30:01,039

wishing that it would come just just

924

00:30:04,070 --> 00:30:02,720

come closer so i could see exactly what

925

00:30:06,389 --> 00:30:04,080

you look like

926
00:30:07,669 --> 00:30:06,399
yeah and that's totally natural as well

927
00:30:09,909 --> 00:30:07,679
and just to

928
00:30:12,389 --> 00:30:09,919
prefix a question i'm going to ask did

929
00:30:14,990 --> 00:30:12,399
did you have a belief in

930
00:30:16,149 --> 00:30:15,000
just to say aliens ufos uaps

931
00:30:18,470 --> 00:30:16,159
extraterrestrials

932
00:30:19,669 --> 00:30:18,480
whatever this might be beforehand or is

933
00:30:20,950 --> 00:30:19,679
this something that changed your

934
00:30:23,190 --> 00:30:20,960
thinking

935
00:30:24,470 --> 00:30:23,200
um well i don't think it really ever

936
00:30:27,350 --> 00:30:24,480
changed my thinking

937
00:30:28,470 --> 00:30:27,360
i think it definitely uh changed my

938
00:30:31,750 --> 00:30:28,480

perspective

939

00:30:35,590 --> 00:30:31,760

on um what is

940

00:30:39,190 --> 00:30:35,600

possible um i've always been uh

941

00:30:40,870 --> 00:30:39,200

you know morse i guess

942

00:30:42,630 --> 00:30:40,880

more skeptical of everything more of a

943

00:30:45,669 --> 00:30:42,640

skeptical believer it's like

944

00:30:48,789 --> 00:30:45,679

ufos were cool werewolves are cool but

945

00:30:50,149 --> 00:30:48,799

until i see one they really aren't real

946

00:30:52,149 --> 00:30:50,159

it's just a great it's just a great

947

00:30:54,149 --> 00:30:52,159

story you know if you know

948

00:30:55,830 --> 00:30:54,159

basically until you see one everybody

949

00:30:58,310 --> 00:30:55,840

else has mental illness

950

00:30:58,870 --> 00:30:58,320

yeah yeah and so at the time you're

951
00:31:01,190 --> 00:30:58,880
seeing this

952
00:31:01,909 --> 00:31:01,200
object what would your thoughts have

953
00:31:04,389 --> 00:31:01,919
been

954
00:31:05,430 --> 00:31:04,399
like what what do you think it is is it

955
00:31:07,669 --> 00:31:05,440
just something that

956
00:31:10,470 --> 00:31:07,679
while that's cool or is your mind kind

957
00:31:13,830 --> 00:31:10,480
of wondering or

958
00:31:17,509 --> 00:31:13,840
well uh i remember how does it work

959
00:31:23,990 --> 00:31:20,710
how can it possibly be

960
00:31:25,669 --> 00:31:24,000
what we what we're you know how is this

961
00:31:27,350 --> 00:31:25,679
thing doing the things that it's doing

962
00:31:30,310 --> 00:31:27,360
how is it going from

963
00:31:32,230 --> 00:31:30,320

you know like 28 000 feet to sea level

964

00:31:33,029 --> 00:31:32,240

in seconds you know how is it moving

965

00:31:34,710 --> 00:31:33,039

from

966

00:31:36,149 --> 00:31:34,720

one point in the sky to another point in

967

00:31:38,710 --> 00:31:36,159

the sky and

968

00:31:39,509 --> 00:31:38,720

you know in a way that when you're

969

00:31:41,110 --> 00:31:39,519

looking at it like

970

00:31:42,870 --> 00:31:41,120

there was one the one time when i really

971

00:31:44,070 --> 00:31:42,880

got to see it move on the horizon was at

972

00:31:45,990 --> 00:31:44,080

night

973

00:31:47,590 --> 00:31:46,000

and it moved from one point to another

974

00:31:49,430 --> 00:31:47,600

and i remember

975

00:31:52,149 --> 00:31:49,440

not realizing it moved at first because

976
00:31:54,070 --> 00:31:52,159
of how fast it moved

977
00:31:55,590 --> 00:31:54,080
and then i was like well maybe it was a

978
00:31:58,389 --> 00:31:55,600
different object and then now

979
00:32:00,149 --> 00:31:58,399
sure enough you know it wasn't you know

980
00:32:02,549 --> 00:32:00,159
so it was just the same object it just

981
00:32:04,310 --> 00:32:02,559
moved from one point to another

982
00:32:06,389 --> 00:32:04,320
and uh you know it looks like your brian

983
00:32:10,149 --> 00:32:06,399
took a second to to really kind of

984
00:32:12,710 --> 00:32:10,159
grasp that it moved it moved so fast

985
00:32:13,669 --> 00:32:12,720
and with the passing of time has your

986
00:32:15,029 --> 00:32:13,679
opinion

987
00:32:17,110 --> 00:32:15,039
from what you know then and what you

988
00:32:19,669 --> 00:32:17,120

know now things you've experienced

989

00:32:21,590 --> 00:32:19,679

and with 16 years you know extra

990

00:32:23,190 --> 00:32:21,600

experience you want to call that on top

991

00:32:24,870 --> 00:32:23,200

do you still think the same about it is

992

00:32:27,350 --> 00:32:24,880

there anything more you would

993

00:32:28,950 --> 00:32:27,360

you would add to that well i've played

994

00:32:30,389 --> 00:32:28,960

out a lot of different scenarios in my

995

00:32:34,630 --> 00:32:30,399

head there's just so much

996

00:32:36,470 --> 00:32:34,640

unknown uh about

997

00:32:38,149 --> 00:32:36,480

everything about it you know i mean

998

00:32:39,190 --> 00:32:38,159

really the only thing that i could take

999

00:32:41,350 --> 00:32:39,200

away is that

1000

00:32:42,389 --> 00:32:41,360

that there's technology that's either

1001
00:32:45,190 --> 00:32:42,399
being

1002
00:32:45,830 --> 00:32:45,200
carteled on our planet or not from our

1003
00:32:47,830 --> 00:32:45,840
planet

1004
00:32:50,070 --> 00:32:47,840
or i mean and it's just there's just not

1005
00:32:50,789 --> 00:32:50,080
enough information in any way to really

1006
00:32:53,590 --> 00:32:50,799
say

1007
00:32:54,389 --> 00:32:53,600
100 that this is alien 100 this is the

1008
00:32:57,909 --> 00:32:54,399
government

1009
00:33:00,870 --> 00:32:57,919
you know um i've been approached by

1010
00:33:02,950 --> 00:33:00,880
everybody under the sun you know so

1011
00:33:05,029 --> 00:33:02,960
people telling me that they're demons

1012
00:33:06,389 --> 00:33:05,039
tell them and then they have conclusive

1013
00:33:07,990 --> 00:33:06,399

proof but

1014

00:33:09,590 --> 00:33:08,000

anybody that comes at me that says they

1015

00:33:12,470 --> 00:33:09,600

know 100 what

1016

00:33:13,990 --> 00:33:12,480

what everything is i generally start

1017

00:33:17,909 --> 00:33:14,000

with skepticism

1018

00:33:20,710 --> 00:33:17,919

because i know i'm i'm

1019

00:33:22,470 --> 00:33:20,720

you know i'm not any anybody crazy

1020

00:33:24,230 --> 00:33:22,480

important but i worked on a lot of you

1021

00:33:26,389 --> 00:33:24,240

know weapon systems and i

1022

00:33:27,750 --> 00:33:26,399

i've got a lot of people around me that

1023

00:33:29,909 --> 00:33:27,760

do know a lot of things

1024

00:33:31,750 --> 00:33:29,919

and you know none of them know what it

1025

00:33:32,070 --> 00:33:31,760

is you know i know people that make me

1026

00:33:34,230 --> 00:33:32,080

feel

1027

00:33:35,669 --> 00:33:34,240

stupid and they have no idea what this

1028

00:33:37,990 --> 00:33:35,679

is so how does this

1029

00:33:39,669 --> 00:33:38,000

you know you know this person that

1030

00:33:42,470 --> 00:33:39,679

literally

1031

00:33:42,789 --> 00:33:42,480

hasn't been anywhere done anything you

1032

00:33:53,509 --> 00:33:42,799

know

1033

00:33:55,830 --> 00:33:53,519

sure i

1034

00:33:57,669 --> 00:33:55,840

generally kind of dismiss until they

1035

00:33:59,430 --> 00:33:57,679

give me real proof

1036

00:34:01,350 --> 00:33:59,440

no of course and listen i'll let my mind

1037

00:34:02,789 --> 00:34:01,360

wander as fantastic as oh yeah

1038

00:34:05,430 --> 00:34:02,799

and but there comes a point you have to

1039

00:34:06,070 --> 00:34:05,440

look and go yeah but but as that and the

1040

00:34:08,869 --> 00:34:06,080

amount of people

1041

00:34:10,230 --> 00:34:08,879

i follow on twitter and particularly

1042

00:34:12,149 --> 00:34:10,240

recently there's some sightings that's

1043

00:34:14,069 --> 00:34:12,159

been on there and you look and go

1044

00:34:15,750 --> 00:34:14,079

yeah and i'd love to say that's an alien

1045

00:34:17,270 --> 00:34:15,760

spacecraft or i'd love to say that it's

1046

00:34:20,069 --> 00:34:17,280

even some kind of incredible

1047

00:34:20,710 --> 00:34:20,079

u.s chinese russian piece of technology

1048

00:34:22,310 --> 00:34:20,720

but

1049

00:34:24,069 --> 00:34:22,320

it clearly looks like it's probably a

1050

00:34:24,550 --> 00:34:24,079

balloon or do you know what someone's

1051

00:34:26,869 --> 00:34:24,560

knocked

1052

00:34:28,790 --> 00:34:26,879

up on their pc in five minutes with cgi

1053

00:34:30,389 --> 00:34:28,800

and you still get those comments that

1054

00:34:31,990 --> 00:34:30,399

try and pass this off and that never

1055

00:34:33,909 --> 00:34:32,000

helps the situation so

1056

00:34:35,349 --> 00:34:33,919

i can totally appreciate that one thing

1057

00:34:36,869 --> 00:34:35,359

just before i move on slightly i want to

1058

00:34:38,629 --> 00:34:36,879

take you back to if you don't mind

1059

00:34:40,069 --> 00:34:38,639

it was a second point i wanted to make

1060

00:34:42,470 --> 00:34:40,079

so you mentioned about the

1061

00:34:44,230 --> 00:34:42,480

the radar data uh you potentially wanted

1062

00:34:45,430 --> 00:34:44,240

to take some of on a zip drive and you

1063

00:34:47,669 --> 00:34:45,440

know for your own personal kind of

1064

00:34:49,990 --> 00:34:47,679

reference in future

1065

00:34:51,829 --> 00:34:50,000

not to go back too much but david fravor

1066

00:34:53,190 --> 00:34:51,839

has mentioned that he believes the data

1067

00:34:54,550 --> 00:34:53,200

was more than likely deleted

1068

00:34:57,349 --> 00:34:54,560

unintentionally

1069

00:34:58,069 --> 00:34:57,359

um whereas am i right you've been quoted

1070

00:35:00,230 --> 00:34:58,079

that

1071

00:35:01,670 --> 00:35:00,240

a helicopter arrived on ship and then 20

1072

00:35:03,270 --> 00:35:01,680

minutes later the data was gone so it

1073

00:35:04,550 --> 00:35:03,280

was actually taken off the ship as far

1074

00:35:06,310 --> 00:35:04,560

as you know

1075

00:35:08,550 --> 00:35:06,320

now you got to remember that data i'm

1076

00:35:12,550 --> 00:35:08,560

talking about is radar tracks

1077

00:35:14,470 --> 00:35:12,560

radar data environmental data

1078

00:35:16,470 --> 00:35:14,480

the stuff that basically everything that

1079

00:35:17,990 --> 00:35:16,480

the aegis weapon system and the cec

1080

00:35:20,310 --> 00:35:18,000

systems record

1081

00:35:21,109 --> 00:35:20,320

uh which is still you know it's it's

1082

00:35:23,990 --> 00:35:21,119

basically

1083

00:35:24,950 --> 00:35:24,000

a three-dimensional picture of

1084

00:35:26,870 --> 00:35:24,960

everything that went

1085

00:35:28,550 --> 00:35:26,880

on if you have the right software to

1086

00:35:30,069 --> 00:35:28,560

look at yeah

1087

00:35:31,910 --> 00:35:30,079

all right yeah so i mean that's what was

1088

00:35:32,550 --> 00:35:31,920

taken for me what was taken from david

1089

00:35:34,710 --> 00:35:32,560

fravor

1090

00:35:36,790 --> 00:35:34,720

would have been his actual video the

1091

00:35:39,030 --> 00:35:36,800

flear video the actual

1092

00:35:40,150 --> 00:35:39,040

physical video so that it so you got two

1093

00:35:42,069 --> 00:35:40,160

two different

1094

00:35:43,510 --> 00:35:42,079

you got apples and oranges there you

1095

00:35:46,069 --> 00:35:43,520

know so it's

1096

00:35:47,750 --> 00:35:46,079

um that's that's fair thanks for

1097

00:35:48,230 --> 00:35:47,760

clearing that up and can i just ask then

1098

00:35:50,550 --> 00:35:48,240

so

1099

00:35:51,510 --> 00:35:50,560

that data being taken is that normal

1100

00:35:53,589 --> 00:35:51,520

practice

1101
00:35:54,630 --> 00:35:53,599
or would you have expected that to still

1102
00:35:56,710 --> 00:35:54,640
have been there so

1103
00:35:58,470 --> 00:35:56,720
what i'm trying to get as is i believe

1104
00:35:59,750 --> 00:35:58,480
at one point you said men in suits

1105
00:36:03,349 --> 00:35:59,760
i don't want to say the words men in

1106
00:36:06,230 --> 00:36:03,359
black because that's clearly i think

1107
00:36:06,950 --> 00:36:06,240
i refer to them as the men in khaki

1108
00:36:08,230 --> 00:36:06,960
right okay

1109
00:36:10,790 --> 00:36:08,240
because they were just they're dressed

1110
00:36:13,589 --> 00:36:10,800
averagely um uh there were guys

1111
00:36:15,829 --> 00:36:13,599
polos khakis you know blue jeans came

1112
00:36:18,950 --> 00:36:15,839
aboard windbreakers

1113
00:36:20,710 --> 00:36:18,960

uh they came aboard

1114

00:36:23,190 --> 00:36:20,720

30 minutes later i had to turn over all

1115

00:36:25,109 --> 00:36:23,200

my tapes and the helicopter left

1116

00:36:26,310 --> 00:36:25,119

my assumption is they took all the tapes

1117

00:36:28,790 --> 00:36:26,320

and data

1118

00:36:31,190 --> 00:36:28,800

um they were not on board the ship

1119

00:36:33,430 --> 00:36:31,200

afterwards so

1120

00:36:35,109 --> 00:36:33,440

uh are you surprised at that given what

1121

00:36:37,990 --> 00:36:35,119

you saw given what was recorded

1122

00:36:38,870 --> 00:36:38,000

no uh we had an incident where a

1123

00:36:41,750 --> 00:36:38,880

aircraft

1124

00:36:42,550 --> 00:36:41,760

went down during uh during one of the

1125

00:36:46,230 --> 00:36:42,560

deployments

1126
00:36:48,230 --> 00:36:46,240
and uh you know

1127
00:36:49,270 --> 00:36:48,240
once that was done we were told to mark

1128
00:36:52,069 --> 00:36:49,280
the date you know

1129
00:36:53,589 --> 00:36:52,079
mark which tapes would have recorded it

1130
00:36:55,589 --> 00:36:53,599
and set them aside

1131
00:36:56,870 --> 00:36:55,599
and they and then they had people come

1132
00:37:01,030 --> 00:36:56,880
aboard and take those

1133
00:37:02,630 --> 00:37:01,040
but it wasn't like this was uh you know

1134
00:37:04,550 --> 00:37:02,640
that was when we hit port again there

1135
00:37:06,710 --> 00:37:04,560
was somebody to take those tapes

1136
00:37:08,470 --> 00:37:06,720
there really wasn't a pressing matter

1137
00:37:10,550 --> 00:37:08,480
and there wasn't somebody coming flying

1138
00:37:12,150 --> 00:37:10,560

out to the ship to pick them up

1139

00:37:13,829 --> 00:37:12,160

um you know they were they were doing an

1140

00:37:17,030 --> 00:37:13,839

investigation but

1141

00:37:18,790 --> 00:37:17,040

you know we were in the arabian gulf so

1142

00:37:21,109 --> 00:37:18,800

it was you know we were in the middle of

1143

00:37:22,710 --> 00:37:21,119

you know destroying an entire country at

1144

00:37:25,270 --> 00:37:22,720

the time so they weren't

1145

00:37:27,030 --> 00:37:25,280

it wasn't a priority there's been a bit

1146

00:37:28,390 --> 00:37:27,040

of a gap now since that incident and

1147

00:37:29,750 --> 00:37:28,400

leading up to the

1148

00:37:31,349 --> 00:37:29,760

events that kind of got you coming out

1149

00:37:31,750 --> 00:37:31,359

and starting to do interviews and what

1150

00:37:33,670 --> 00:37:31,760

yeah

1151

00:37:36,150 --> 00:37:33,680

uh well basically that started back up

1152

00:37:38,710 --> 00:37:36,160

in uh 2017 when

1153

00:37:40,150 --> 00:37:38,720

the new york times did the article about

1154

00:37:43,990 --> 00:37:40,160

the the nimitz event

1155

00:37:46,390 --> 00:37:44,000

and uh david fraver came out and uh

1156

00:37:47,190 --> 00:37:46,400

about it and you know publicly admitted

1157

00:37:50,069 --> 00:37:47,200

that he you know

1158

00:37:51,510 --> 00:37:50,079

basically got into it i don't really

1159

00:37:54,390 --> 00:37:51,520

consider it a dog fight

1160

00:37:55,589 --> 00:37:54,400

but a dog fight with an alien spacecraft

1161

00:37:57,270 --> 00:37:55,599

uh i think you would have to actually

1162

00:37:58,710 --> 00:37:57,280

have a dog in that fight to have it in a

1163

00:38:00,230 --> 00:37:58,720

dog fight

1164

00:38:02,150 --> 00:38:00,240

so yeah i think i used to phrase

1165

00:38:03,750 --> 00:38:02,160

dogfight earlier and i think dogfight

1166

00:38:04,230 --> 00:38:03,760

you're thinking will smith independence

1167

00:38:06,790 --> 00:38:04,240

day

1168

00:38:08,150 --> 00:38:06,800

that's a dog fight yeah okay so maybe

1169

00:38:09,750 --> 00:38:08,160

more of an interaction

1170

00:38:11,190 --> 00:38:09,760

to him he's flying against an unknown

1171

00:38:14,470 --> 00:38:11,200

aircraft so for him

1172

00:38:17,670 --> 00:38:14,480

it is a 100 a dog fight he didn't

1173

00:38:20,230 --> 00:38:17,680

stand a chance but you know he was

1174

00:38:21,589 --> 00:38:20,240

definitely you know flying you know

1175

00:38:24,870 --> 00:38:21,599

flying trying to find

1176

00:38:26,950 --> 00:38:24,880

wing wing the no wing to this object

1177

00:38:28,390 --> 00:38:26,960

and uh you know it just did circles

1178

00:38:31,190 --> 00:38:28,400

around him so

1179

00:38:32,069 --> 00:38:31,200

and he was one of our best pilots uh he

1180

00:38:35,349 --> 00:38:32,079

you know he was

1181

00:38:37,910 --> 00:38:35,359

he was you know great highly

1182

00:38:38,870 --> 00:38:37,920

rated as you know as a pilot you know he

1183

00:38:41,750 --> 00:38:38,880

was he had a

1184

00:38:42,069 --> 00:38:41,760

a crazy long service history you know he

1185

00:38:44,550 --> 00:38:42,079

had

1186

00:38:45,990 --> 00:38:44,560

credentials i mean up and down his

1187

00:38:47,430 --> 00:38:46,000

sleeves all across his chest

1188

00:38:49,349 --> 00:38:47,440

as far as the eye can see you know i

1189

00:38:49,990 --> 00:38:49,359

mean we're not talking about like you

1190

00:38:51,750 --> 00:38:50,000

know

1191

00:38:53,670 --> 00:38:51,760

some green pilot to just through you

1192

00:38:54,950 --> 00:38:53,680

know throughout

1193

00:38:56,790 --> 00:38:54,960

tom cruise and the top gun you're

1194

00:38:58,790 --> 00:38:56,800

talking about here this is the

1195

00:39:00,150 --> 00:38:58,800

top of the class type guy yeah he's

1196

00:39:02,710 --> 00:39:00,160

definitely you know

1197

00:39:03,910 --> 00:39:02,720

a highly intelligent articulate person

1198

00:39:05,670 --> 00:39:03,920

that you know

1199

00:39:07,670 --> 00:39:05,680

got where he got because of his skill

1200

00:39:10,310 --> 00:39:07,680

set you know

1201
00:39:11,829 --> 00:39:10,320
so you know and you just meant you just

1202
00:39:13,589 --> 00:39:11,839
mentioned her gary so that that's all

1203
00:39:15,670 --> 00:39:13,599
kind of came about and you you've came

1204
00:39:17,430 --> 00:39:15,680
to the forefront with some others

1205
00:39:19,589 --> 00:39:17,440
since that new york times article in

1206
00:39:21,190 --> 00:39:19,599
december 2017 and

1207
00:39:22,950 --> 00:39:21,200
when i say i've always had an interest

1208
00:39:24,550 --> 00:39:22,960
in ufology and ufos

1209
00:39:26,630 --> 00:39:24,560
this really ignited what i was

1210
00:39:28,310 --> 00:39:26,640
interested in and again like it did for

1211
00:39:29,750 --> 00:39:28,320
so many people as well

1212
00:39:31,589 --> 00:39:29,760
what were your thoughts when you saw

1213
00:39:32,950 --> 00:39:31,599

those headlines and you saw what came

1214

00:39:34,310 --> 00:39:32,960

out in the content

1215

00:39:36,630 --> 00:39:34,320

well i'll be honest with you i didn't

1216

00:39:40,550 --> 00:39:36,640

see them i didn't see anything until

1217

00:39:43,030 --> 00:39:40,560

almost 2018 when i was contacted by a

1218

00:39:47,829 --> 00:39:43,040

shipmate that everybody knows now

1219

00:39:51,750 --> 00:39:47,839

um that would be mr kevin day

1220

00:39:54,310 --> 00:39:51,760

he uh he contacted me with a

1221

00:39:55,349 --> 00:39:54,320

filmmaker that i had no idea who he was

1222

00:40:01,829 --> 00:39:55,359

dave beatty

1223

00:40:03,349 --> 00:40:01,839

um he'd like to do an interview with you

1224

00:40:05,270 --> 00:40:03,359

if you're you know if you're willing to

1225

00:40:07,750 --> 00:40:05,280

talk and you know at first i

1226

00:40:09,349 --> 00:40:07,760

i was a bit hesitant to talk about it

1227

00:40:11,510 --> 00:40:09,359

you know because i mean

1228

00:40:13,190 --> 00:40:11,520

classified information you know it was a

1229

00:40:15,190 --> 00:40:13,200

classified situation

1230

00:40:16,710 --> 00:40:15,200

you know so i wanted to make sure that i

1231

00:40:18,309 --> 00:40:16,720

couldn't get in trouble for talking

1232

00:40:21,990 --> 00:40:18,319

about it first so

1233

00:40:23,910 --> 00:40:22,000

and so i contacted some of my uh

1234

00:40:25,750 --> 00:40:23,920

people i worked with you know because i

1235

00:40:27,750 --> 00:40:25,760

remember signing something

1236

00:40:29,190 --> 00:40:27,760

and what it ended up being was just a

1237

00:40:32,069 --> 00:40:29,200

chain of custody for my

1238

00:40:33,270 --> 00:40:32,079

for my data recording james so was your

1239

00:40:34,550 --> 00:40:33,280

did you think it was some kind of

1240

00:40:36,069 --> 00:40:34,560

non-disclosure agreement

1241

00:40:37,589 --> 00:40:36,079

that you shouldn't i thought about yeah

1242

00:40:37,990 --> 00:40:37,599

i just wanted to make sure what i signed

1243

00:40:39,670 --> 00:40:38,000

wasn't

1244

00:40:41,430 --> 00:40:39,680

like a non-disclosure or anything like

1245

00:40:41,910 --> 00:40:41,440

that but then i got confirmation that

1246

00:40:43,589 --> 00:40:41,920

you know

1247

00:40:45,589 --> 00:40:43,599

i definitely didn't sign any type of

1248

00:40:47,349 --> 00:40:45,599

non-disclosure so after that

1249

00:40:49,030 --> 00:40:47,359

i i really didn't have a problem talking

1250

00:40:50,150 --> 00:40:49,040

about it because i mean most of the most

1251
00:40:51,589 --> 00:40:50,160
of the world's not going to believe you

1252
00:40:52,870 --> 00:40:51,599
anyways so

1253
00:40:55,030 --> 00:40:52,880
what did it have to hurt to get the

1254
00:40:55,829 --> 00:40:55,040
story out there support my shipmates you

1255
00:40:57,670 --> 00:40:55,839
know

1256
00:40:59,190 --> 00:40:57,680
no and it's been amazing that so many of

1257
00:41:00,790 --> 00:40:59,200
you have came forward and

1258
00:41:02,550 --> 00:41:00,800
and since then there are still people

1259
00:41:04,309 --> 00:41:02,560
coming out and

1260
00:41:06,069 --> 00:41:04,319
again we can only hope more and more

1261
00:41:07,349 --> 00:41:06,079
comes out and more incidents you know to

1262
00:41:08,710 --> 00:41:07,359
build on this because

1263
00:41:10,950 --> 00:41:08,720

so many kind of false dawns have

1264

00:41:11,910 --> 00:41:10,960

happened where not to use the d word but

1265

00:41:13,430 --> 00:41:11,920

like disclosure

1266

00:41:15,349 --> 00:41:13,440

for whatever that is and what that means

1267

00:41:15,910 --> 00:41:15,359

to different people see they'll just

1268

00:41:17,670 --> 00:41:15,920

never be

1269

00:41:20,309 --> 00:41:17,680

the type of disclosure that everybody in

1270

00:41:22,950 --> 00:41:20,319

this field wants it's going to be

1271

00:41:24,390 --> 00:41:22,960

trickled down it's going to be filtered

1272

00:41:26,630 --> 00:41:24,400

into our society

1273

00:41:28,150 --> 00:41:26,640

it'll be you know when it's here we

1274

00:41:28,950 --> 00:41:28,160

won't know it's here because it would

1275

00:41:32,069 --> 00:41:28,960

have already been

1276

00:41:34,230 --> 00:41:32,079

integrated into our society yeah the

1277

00:41:34,630 --> 00:41:34,240

famous ufo landing on the white house

1278

00:41:36,790 --> 00:41:34,640

lawn

1279

00:41:37,910 --> 00:41:36,800

i think is what people think that's what

1280

00:41:39,030 --> 00:41:37,920

we need and let's be honest i think

1281

00:41:41,109 --> 00:41:39,040

there's still a lot of people

1282

00:41:42,550 --> 00:41:41,119

especially in today's society that

1283

00:41:43,910 --> 00:41:42,560

wouldn't believe it

1284

00:41:46,950 --> 00:41:43,920

and still would think there was

1285

00:41:50,069 --> 00:41:49,270

can i just ask dave b e you mentioned

1286

00:41:51,349 --> 00:41:50,079

that was dave b

1287

00:41:52,870 --> 00:41:51,359

was doing a documentary was that the

1288

00:41:53,990 --> 00:41:52,880

unidentified series that you got

1289

00:41:56,150 --> 00:41:54,000

involved in

1290

00:41:58,150 --> 00:41:56,160

you know i actually didn't get involved

1291

00:42:01,430 --> 00:41:58,160

with uh to the stars academy

1292

00:42:05,109 --> 00:42:01,440

and the uh the history channel until

1293

00:42:08,710 --> 00:42:05,119

after um we did the ufo con

1294

00:42:10,150 --> 00:42:08,720

um actually it was a poor after that was

1295

00:42:12,390 --> 00:42:10,160

before all right i said no we filmed

1296

00:42:14,470 --> 00:42:12,400

that before

1297

00:42:15,670 --> 00:42:14,480

but it was after they had gotten a hold

1298

00:42:17,430 --> 00:42:15,680

of me and

1299

00:42:19,589 --> 00:42:17,440

then the history channel got a hold of

1300

00:42:21,430 --> 00:42:19,599

uh

1301

00:42:24,069 --> 00:42:21,440

everybody else and then they asked then

1302

00:42:27,990 --> 00:42:24,079

i got a phone call from

1303

00:42:30,230 --> 00:42:28,000

uh you know all of the

1304

00:42:31,109 --> 00:42:30,240

top dogs instead into the stars academy

1305

00:42:33,430 --> 00:42:31,119

you know

1306

00:42:34,630 --> 00:42:33,440

trying to get me to do an interview and

1307

00:42:35,270 --> 00:42:34,640

i'm like well where are we going to do

1308

00:42:38,790 --> 00:42:35,280

this interview

1309

00:42:40,470 --> 00:42:38,800

because i i can't leave you know and so

1310

00:42:40,870 --> 00:42:40,480

they end up being doing that interview

1311

00:42:44,710 --> 00:42:40,880

right

1312

00:42:45,990 --> 00:42:44,720

want to do later and i'll talk about but

1313

00:42:47,589 --> 00:42:46,000

are you talking about like your louie

1314

00:42:51,190 --> 00:42:47,599

elizondo tom delong

1315

00:42:52,550 --> 00:42:51,200

chris melon yeah okay i never i never

1316

00:42:54,710 --> 00:42:52,560

got to talk to tom delong

1317

00:42:56,470 --> 00:42:54,720

but uh i did get to talk to tom delong

1318

00:43:00,349 --> 00:42:56,480

one time yeah

1319

00:43:03,030 --> 00:43:00,359

but i i talked to him in

1320

00:43:05,589 --> 00:43:03,040

2003 on the end of our deployment

1321

00:43:07,670 --> 00:43:05,599

matter of fact it wasn't but maybe a

1322

00:43:10,829 --> 00:43:07,680

half a year before this event

1323

00:43:14,390 --> 00:43:10,839

him and his band did a a uso

1324

00:43:14,950 --> 00:43:14,400

uh concert on the nimitz on our way back

1325

00:43:17,270 --> 00:43:14,960

from

1326
00:43:18,390 --> 00:43:17,280
deployment that's cool so you got to see

1327
00:43:20,550 --> 00:43:18,400
blink 182

1328
00:43:22,790 --> 00:43:20,560
yeah yeah so i went to the carrier and

1329
00:43:26,069 --> 00:43:22,800
got to see uh tom delong in concert

1330
00:43:27,750 --> 00:43:26,079
and then you know here i am you know 17

1331
00:43:30,230 --> 00:43:27,760
years later and the guy you know his

1332
00:43:33,349 --> 00:43:30,240
guys organizations contacted me to

1333
00:43:35,270 --> 00:43:33,359
talk about ufos and he probably played a

1334
00:43:36,870 --> 00:43:35,280
song if you know them well enough aliens

1335
00:43:38,550 --> 00:43:36,880
exist which is all about you know the

1336
00:43:40,710 --> 00:43:38,560
cia and aliens and

1337
00:43:41,829 --> 00:43:40,720
his beliefs and whatnot so it's amazing

1338
00:43:44,309 --> 00:43:41,839

what's happened so

1339

00:43:46,390 --> 00:43:44,319

can you talk to me a little bit about uh

1340

00:43:47,829 --> 00:43:46,400

unidentified how that came about

1341

00:43:49,750 --> 00:43:47,839

get involved with it and your thoughts

1342

00:43:51,349 --> 00:43:49,760

on to the stars academy

1343

00:43:53,829 --> 00:43:51,359

well i i don't have much of a thought

1344

00:43:55,510 --> 00:43:53,839

about the stars i i don't really

1345

00:43:56,630 --> 00:43:55,520

honestly i really don't care either way

1346

00:44:00,309 --> 00:43:56,640

what they do

1347

00:44:01,270 --> 00:44:00,319

um if they uh you know i got a feeling

1348

00:44:02,790 --> 00:44:01,280

that

1349

00:44:04,630 --> 00:44:02,800

once they got the government back

1350

00:44:06,550 --> 00:44:04,640

involved with their research that it

1351
00:44:07,670 --> 00:44:06,560
goes back to being hush-hush it's just

1352
00:44:09,829 --> 00:44:07,680
more of a

1353
00:44:11,030 --> 00:44:09,839
yes we are working on it but no we can't

1354
00:44:12,470 --> 00:44:11,040
talk about it you know

1355
00:44:13,589 --> 00:44:12,480
and that's you know because there's no

1356
00:44:14,309 --> 00:44:13,599
there's nothing that the government's

1357
00:44:15,670 --> 00:44:14,319
going to do

1358
00:44:18,870 --> 00:44:15,680
or have its fingers and it's not

1359
00:44:21,670 --> 00:44:18,880
classified while they're researching it

1360
00:44:23,990 --> 00:44:21,680
you know so is that disappointing for

1361
00:44:27,750 --> 00:44:24,000
you that they've went that way

1362
00:44:29,030 --> 00:44:27,760
um like i said i if i was a part of that

1363
00:44:31,990 --> 00:44:29,040

organization

1364

00:44:32,630 --> 00:44:32,000

uh it might be but and you know and in

1365

00:44:34,150 --> 00:44:32,640

the future

1366

00:44:35,990 --> 00:44:34,160

if their organization ever actually

1367

00:44:38,950 --> 00:44:36,000

wants to get involved

1368

00:44:40,710 --> 00:44:38,960

with like uatx you know they've got the

1369

00:44:47,030 --> 00:44:40,720

resources

1370

00:44:48,710 --> 00:44:47,040

which is like why with our nonprofit our

1371

00:44:50,790 --> 00:44:48,720

board of directors

1372

00:44:51,910 --> 00:44:50,800

we decided that we would be donation

1373

00:44:53,990 --> 00:44:51,920

only

1374

00:44:55,589 --> 00:44:54,000

and we would not let people actually

1375

00:44:58,950 --> 00:44:55,599

invest into

1376

00:45:00,309 --> 00:44:58,960

uapx and i'm going to come onto you apx

1377

00:45:01,910 --> 00:45:00,319

actually in just a minute

1378

00:45:05,030 --> 00:45:01,920

i just want to get one more thought then

1379

00:45:06,630 --> 00:45:05,040

on on tsa then so

1380

00:45:08,150 --> 00:45:06,640

with them going down the route of being

1381

00:45:10,150 --> 00:45:08,160

involved with the government

1382

00:45:12,230 --> 00:45:10,160

so maybe you're not surprised what if

1383

00:45:15,430 --> 00:45:12,240

you were the government why do you want

1384

00:45:17,589 --> 00:45:15,440

to bring a group like tkasa in house

1385

00:45:19,270 --> 00:45:17,599

like that what would your thoughts be

1386

00:45:19,990 --> 00:45:19,280

well i mean look at the people that were

1387

00:45:22,230 --> 00:45:20,000

involved

1388

00:45:23,670 --> 00:45:22,240

i mean i remember looking up chris

1389

00:45:25,109 --> 00:45:23,680

mellon for the first time and like

1390

00:45:26,630 --> 00:45:25,119

why the [h__h] is this guy coming out to

1391

00:45:28,710 --> 00:45:26,640

talk to me he's a bit more important

1392

00:45:30,550 --> 00:45:28,720

than me

1393

00:45:31,670 --> 00:45:30,560

just just the guy's title was more

1394

00:45:33,349 --> 00:45:31,680

important than anything i've ever done

1395

00:45:35,270 --> 00:45:33,359

in my life so

1396

00:45:36,550 --> 00:45:35,280

you know here are these people that like

1397

00:45:38,950 --> 00:45:36,560

have this uh you know

1398

00:45:41,030 --> 00:45:38,960

these crazy credentials and they're all

1399

00:45:43,349 --> 00:45:41,040

talking to me like i'm uh you know doing

1400

00:45:45,589 --> 00:45:43,359

this you know great service to the world

1401
00:45:47,109 --> 00:45:45,599
you know it's like you know it's hard to

1402
00:45:49,430 --> 00:45:47,119
believe

1403
00:45:50,710 --> 00:45:49,440
so did you watch the series yourself the

1404
00:45:53,109 --> 00:45:50,720
six episodes

1405
00:45:53,829 --> 00:45:53,119
yes i i watched i watched the series

1406
00:45:56,710 --> 00:45:53,839
like uh

1407
00:45:57,910 --> 00:45:56,720
you know um you know because kevin day

1408
00:45:59,829 --> 00:45:57,920
sean cahill

1409
00:46:01,030 --> 00:45:59,839
uh those guys are our good buddies of

1410
00:46:03,109 --> 00:46:01,040
mine um

1411
00:46:04,950 --> 00:46:03,119
i remember me and sean used to use the

1412
00:46:06,069 --> 00:46:04,960
bs a lot on board when we were on

1413
00:46:09,349 --> 00:46:06,079

deployment

1414

00:46:11,990 --> 00:46:09,359

um you know so i mean it's

1415

00:46:12,870 --> 00:46:12,000

yeah i i know all of those guys really

1416

00:46:14,470 --> 00:46:12,880

well

1417

00:46:16,150 --> 00:46:14,480

so it was more of a personal interest

1418

00:46:17,910 --> 00:46:16,160

from that point of view rather than

1419

00:46:19,510 --> 00:46:17,920

i wonder where this is going and like

1420

00:46:21,109 --> 00:46:19,520

you say you maybe don't have that

1421

00:46:22,550 --> 00:46:21,119

you don't have that investment with them

1422

00:46:23,589 --> 00:46:22,560

it was more a case of it was something

1423

00:46:26,829 --> 00:46:23,599

you were involved in

1424

00:46:29,270 --> 00:46:26,839

from the instant standpoint yeah i'd be

1425

00:46:30,710 --> 00:46:29,280

happy if you just get in my house

1426

00:46:32,550 --> 00:46:30,720

and said well you just can't ever talk

1427

00:46:35,349 --> 00:46:32,560

about it i'm like okay i'm good

1428

00:46:37,349 --> 00:46:35,359

yeah fair enough fair enough man you've

1429

00:46:39,670 --> 00:46:37,359

mentioned uap expeditions

1430

00:46:41,270 --> 00:46:39,680

uh talk to me a little bit about that um

1431

00:46:42,870 --> 00:46:41,280

your involvement

1432

00:46:44,630 --> 00:46:42,880

understand a vice president is that

1433

00:46:46,470 --> 00:46:44,640

right

1434

00:46:47,670 --> 00:46:46,480

uh so a lot about your involvement your

1435

00:46:50,470 --> 00:46:47,680

goals and aims

1436

00:46:52,390 --> 00:46:50,480

um just to start with please all right

1437

00:46:53,109 --> 00:46:52,400

so kevin came to me a couple years ago

1438

00:46:56,309 --> 00:46:53,119

with this

1439

00:46:57,109 --> 00:46:56,319

idea of starting a non-profit to go and

1440

00:47:00,230 --> 00:46:57,119

try to

1441

00:47:02,870 --> 00:47:00,240

research these objects that we saw

1442

00:47:03,589 --> 00:47:02,880

well you know at first it really was

1443

00:47:05,190 --> 00:47:03,599

kind of

1444

00:47:06,950 --> 00:47:05,200

not really going anywhere so i'm like

1445

00:47:09,589 --> 00:47:06,960

yeah yeah no problem he goes

1446

00:47:10,710 --> 00:47:09,599

yeah i need you to be the president you

1447

00:47:12,550 --> 00:47:10,720

know and stuff like that and i'm like

1448

00:47:14,790 --> 00:47:12,560

well is it only a name because i really

1449

00:47:17,109 --> 00:47:14,800

just don't have time for this

1450

00:47:18,390 --> 00:47:17,119

you know i got a full-time job i've got

1451

00:47:21,510 --> 00:47:18,400

a family to deal with

1452

00:47:22,150 --> 00:47:21,520

you know do it and you know i've got to

1453

00:47:24,390 --> 00:47:22,160

have

1454

00:47:26,549 --> 00:47:24,400

time for my family time for work and you

1455

00:47:27,670 --> 00:47:26,559

know help me helping run a non-profit

1456

00:47:30,870 --> 00:47:27,680

takes a lot of time

1457

00:47:32,630 --> 00:47:30,880

and effort uh so i said well i'll be the

1458

00:47:33,270 --> 00:47:32,640

vice president just so that i can you

1459

00:47:37,190 --> 00:47:33,280

know

1460

00:47:40,549 --> 00:47:37,200

it yeah

1461

00:47:42,309 --> 00:47:40,559

he goes that works that works yeah so um

1462

00:47:44,230 --> 00:47:42,319

then we uh kind of had just that loose

1463

00:47:46,710 --> 00:47:44,240

structure for a long time

1464

00:47:48,630 --> 00:47:46,720

and then now that uh things are starting

1465

00:47:51,430 --> 00:47:48,640

to come together a little bit more

1466

00:47:52,150 --> 00:47:51,440

uh we've got a little bit of our

1467

00:47:54,950 --> 00:47:52,160

infrastructure

1468

00:47:56,710 --> 00:47:54,960

already set up for you know uh

1469

00:47:57,270 --> 00:47:56,720

everything we've got our uh our game

1470

00:48:01,829 --> 00:47:57,280

plan

1471

00:48:04,950 --> 00:48:01,839

you know we're going to go out back out

1472

00:48:07,030 --> 00:48:04,960

off the coast and near san camente uh

1473

00:48:08,390 --> 00:48:07,040

we've already got the aries uh that that

1474

00:48:09,750 --> 00:48:08,400

with the area that we're going to

1475

00:48:12,870 --> 00:48:09,760

investigate

1476

00:48:13,589 --> 00:48:12,880

uh already sectioned off we're gonna

1477

00:48:15,270 --> 00:48:13,599

have two

1478

00:48:17,910 --> 00:48:15,280

two ships we're gonna go out there we're

1479

00:48:18,710 --> 00:48:17,920

gonna check for every type of radiation

1480

00:48:23,990 --> 00:48:18,720

we're gonna do

1481

00:48:25,990 --> 00:48:24,000

magnetics we're gonna check for gravity

1482

00:48:27,589 --> 00:48:26,000

you know we're gonna do yeah if there's

1483

00:48:29,510 --> 00:48:27,599

a sensor that you can check for

1484

00:48:32,630 --> 00:48:29,520

something

1485

00:48:34,309 --> 00:48:32,640

we are going to be able to

1486

00:48:35,750 --> 00:48:34,319

uh we're going to do a great pattern

1487

00:48:37,430 --> 00:48:35,760

across that entire area

1488

00:48:38,870 --> 00:48:37,440

we're going to do environmentals we're

1489

00:48:41,430 --> 00:48:38,880

going to do um

1490

00:48:42,870 --> 00:48:41,440

salinity tests but i mean we were

1491

00:48:44,630 --> 00:48:42,880

literally going to leave no stone

1492

00:48:48,710 --> 00:48:44,640

unturned in that area to find out

1493

00:48:51,910 --> 00:48:48,720

why that area is such a hot spot

1494

00:48:54,230 --> 00:48:51,920

and because uh after we did some

1495

00:48:56,150 --> 00:48:54,240

investigation we found out for you know

1496

00:48:57,589 --> 00:48:56,160

over 100 years people that have lived

1497

00:49:00,069 --> 00:48:57,599

all throughout there the baja

1498

00:49:02,150 --> 00:49:00,079

peninsula and everything have been seen

1499

00:49:04,950 --> 00:49:02,160

you know everything from orbs to just

1500

00:49:06,470 --> 00:49:04,960

you know to the same objects we saw to

1501

00:49:08,230 --> 00:49:06,480

all kinds of weird phenomenon out in

1502

00:49:09,589 --> 00:49:08,240

those waters to stuff under the water

1503

00:49:11,910 --> 00:49:09,599

too

1504

00:49:13,670 --> 00:49:11,920

you know so it's uh you know fast-moving

1505

00:49:17,270 --> 00:49:13,680

objects zipping under the water

1506

00:49:19,190 --> 00:49:17,280

lit up you know i mean granted

1507

00:49:20,470 --> 00:49:19,200

i have no idea what those could be but

1508

00:49:23,589 --> 00:49:20,480

it's still

1509

00:49:27,109 --> 00:49:23,599

enough for us to

1510

00:49:28,710 --> 00:49:27,119

want to heavily research that area um

1511

00:49:31,430 --> 00:49:28,720

and that so that's our whole goal for

1512

00:49:33,430 --> 00:49:31,440

now is just to try to research that area

1513

00:49:36,230 --> 00:49:33,440

try to get some data some hard at

1514

00:49:37,270 --> 00:49:36,240

hard data on something that's going on

1515

00:49:38,950 --> 00:49:37,280

in that area

1516

00:49:40,870 --> 00:49:38,960

maybe if we're lucky we might even be

1517

00:49:43,670 --> 00:49:40,880

able to actually film

1518

00:49:45,829 --> 00:49:43,680

record and you know get some actual data

1519

00:49:47,430 --> 00:49:45,839

on tic tacs too

1520

00:49:49,349 --> 00:49:47,440

i've got a couple of questions i've had

1521

00:49:50,870 --> 00:49:49,359

a few people ask me to ask you

1522

00:49:52,390 --> 00:49:50,880

and then i've got a basically a quick

1523

00:49:53,990 --> 00:49:52,400

fire to end on where i'm going to reach

1524

00:49:55,910 --> 00:49:54,000

out a word or a name and just get your

1525

00:49:59,190 --> 00:49:55,920

thoughts on it if you've got any okay

1526

00:50:00,309 --> 00:49:59,200

sounds good um so i've got gareth has

1527

00:50:02,150 --> 00:50:00,319

basically got in touch

1528

00:50:04,069 --> 00:50:02,160

uh with two questions and he's saying

1529

00:50:05,829 --> 00:50:04,079

there's been so many sightings recently

1530

00:50:07,510 --> 00:50:05,839

um especially celebrities getting

1531

00:50:09,190 --> 00:50:07,520

involved in the ufo field

1532

00:50:10,950 --> 00:50:09,200

if you've seen logan paul the last few

1533

00:50:14,150 --> 00:50:10,960

days on twitter um

1534

00:50:16,309 --> 00:50:14,160

or uh michelle phelps our boxing analyst

1535

00:50:17,589 --> 00:50:16,319

has posted a lot of videos on as well do

1536

00:50:19,990 --> 00:50:17,599

you think it's only a matter of time

1537

00:50:24,790 --> 00:50:20,000

before we do get any kind of smoking gun

1538

00:50:27,510 --> 00:50:24,800

footage captured well um

1539

00:50:28,549 --> 00:50:27,520

unless we we have uh you know networks

1540

00:50:30,630 --> 00:50:28,559

of cameras

1541

00:50:32,390 --> 00:50:30,640

uh set up and there's actually a couple

1542

00:50:33,589 --> 00:50:32,400

of companies that if you if you go to

1543

00:50:36,710 --> 00:50:33,599

our website

1544

00:50:37,990 --> 00:50:36,720

what i i sorry the names just passing me

1545

00:50:39,510 --> 00:50:38,000

up now but they they've actually

1546

00:50:41,750 --> 00:50:39,520

partnered with us

1547

00:50:43,430 --> 00:50:41,760

and their whole goal is to set up these

1548

00:50:45,510 --> 00:50:43,440

like observatories these small

1549

00:50:48,870 --> 00:50:45,520

observatories these cameras

1550

00:50:51,270 --> 00:50:48,880

just just to catch things in the sky and

1551

00:50:53,910 --> 00:50:51,280

i think until we get a big enough

1552

00:50:54,870 --> 00:50:53,920

amount of people looking up that we're

1553

00:50:56,870 --> 00:50:54,880

not going to get

1554

00:50:58,150 --> 00:50:56,880

any of this really good information that

1555

00:51:00,230 --> 00:50:58,160

we really want to

1556

00:51:01,190 --> 00:51:00,240

i mean the fact that you know it's just

1557

00:51:05,430 --> 00:51:01,200

kind of written off

1558

00:51:08,790 --> 00:51:05,440

for so long hi

1559

00:51:12,150 --> 00:51:08,800

my daughter that's all right say hi

1560

00:51:14,630 --> 00:51:12,160

and uh yeah

1561

00:51:16,150 --> 00:51:14,640

it's only going to be through that kind

1562

00:51:17,589 --> 00:51:16,160

of research that we're going to be able

1563

00:51:20,710 --> 00:51:17,599

to

1564

00:51:22,870 --> 00:51:20,720

actually get that nice

1565

00:51:24,150 --> 00:51:22,880

footage that we want and even if you get

1566

00:51:26,549 --> 00:51:24,160

that nice clear crisp

1567

00:51:27,829 --> 00:51:26,559

footage are we going to believe it yeah

1568

00:51:28,950 --> 00:51:27,839

you know i mean because i mean we've

1569

00:51:30,710 --> 00:51:28,960

been used to

1570

00:51:32,069 --> 00:51:30,720

look at these fuzzy grading things and

1571

00:51:34,829 --> 00:51:32,079

trying to interpret

1572

00:51:35,750 --> 00:51:34,839

these pictures and these horrible flare

1573

00:51:39,109 --> 00:51:35,760

videos and

1574

00:51:41,829 --> 00:51:39,119

these super compressed garbage videos

1575

00:51:43,349 --> 00:51:41,839

you know so it's uh all of a sudden you

1576
00:51:45,349 --> 00:51:43,359
get something super clear and it's like

1577
00:51:46,790 --> 00:51:45,359
oh this is obviously fake

1578
00:51:49,349 --> 00:51:46,800
yeah there's no way somebody's getting

1579
00:51:52,710 --> 00:51:49,359
4k video of this you know and then

1580
00:51:53,829 --> 00:51:52,720
of course 4k video looks fake yeah

1581
00:51:55,910 --> 00:51:53,839
and you know that's something that

1582
00:51:56,549 --> 00:51:55,920
really really grinds with me is when you

1583
00:51:58,390 --> 00:51:56,559
see

1584
00:52:00,549 --> 00:51:58,400
what looks like a good piece of youtube

1585
00:52:03,109 --> 00:52:00,559
ufo footage and it'll say something like

1586
00:52:03,670 --> 00:52:03,119
the first of december 2019 santiago

1587
00:52:04,950 --> 00:52:03,680
chile

1588
00:52:06,390 --> 00:52:04,960

and someone's filmed it from their

1589

00:52:07,510 --> 00:52:06,400

balcony and you think oh that that is

1590

00:52:09,349 --> 00:52:07,520

really interesting

1591

00:52:10,710 --> 00:52:09,359

and they get a good zoom and you see

1592

00:52:12,069 --> 00:52:10,720

it's a minute and a half long

1593

00:52:13,990 --> 00:52:12,079

and at the end of the minute and a half

1594

00:52:15,910 --> 00:52:14,000

it cuts off and you think i want

1595

00:52:17,589 --> 00:52:15,920

i want to see it leave i want to see

1596

00:52:18,309 --> 00:52:17,599

this thing shoot off and what that looks

1597

00:52:19,750 --> 00:52:18,319

like and

1598

00:52:22,470 --> 00:52:19,760

it just always seems to cut off at the

1599

00:52:23,829 --> 00:52:22,480

wrong bit now i get why a tic tac and a

1600

00:52:25,510 --> 00:52:23,839

gimbal video

1601
00:52:27,109 --> 00:52:25,520
cuts off because that's where we've been

1602
00:52:28,630 --> 00:52:27,119
told it's to be cut off and

1603
00:52:30,230 --> 00:52:28,640
that's what we're allowed to see so we

1604
00:52:32,230 --> 00:52:30,240
don't get to see the good stuff i

1605
00:52:33,910 --> 00:52:32,240
suppose if you want to call it that but

1606
00:52:35,589 --> 00:52:33,920
the raw footage that's taken by the

1607
00:52:37,270 --> 00:52:35,599
public that always disappoints me that

1608
00:52:39,190 --> 00:52:37,280
you don't get to maybe see

1609
00:52:40,950 --> 00:52:39,200
i get these things arriving because it's

1610
00:52:42,150 --> 00:52:40,960
spun spontaneous

1611
00:52:44,549 --> 00:52:42,160
but you don't get to see maybe some of

1612
00:52:46,710 --> 00:52:44,559
that stuff then the other problem is

1613
00:52:48,470 --> 00:52:46,720

is just that you know who's going to be

1614

00:52:52,950 --> 00:52:48,480

set up

1615

00:52:56,309 --> 00:52:52,960

to you know produce a nice video

1616

00:52:59,910 --> 00:52:56,319

of a ufo in an instant when it happens

1617

00:53:01,990 --> 00:52:59,920

you know i think that if i hadn't been

1618

00:53:03,589 --> 00:53:02,000

you know behind a radar screen

1619

00:53:05,190 --> 00:53:03,599

and these things hadn't been floating

1620

00:53:07,030 --> 00:53:05,200

out there for so long

1621

00:53:08,549 --> 00:53:07,040

that i don't think i would have been

1622

00:53:10,150 --> 00:53:08,559

ready for it i think if they had

1623

00:53:12,710 --> 00:53:10,160

zipped by the ship i would have been

1624

00:53:15,910 --> 00:53:12,720

like whoa

1625

00:53:19,510 --> 00:53:15,920

yeah i take it you've heard of nick pope

1626

00:53:22,710 --> 00:53:19,520

who nick pope he nick pope

1627

00:53:24,309 --> 00:53:22,720

yeah um he does a lot of the he's from

1628

00:53:25,829 --> 00:53:24,319

britain he basically ran what you would

1629

00:53:27,510 --> 00:53:25,839

call the x-files for the ministry of

1630

00:53:30,790 --> 00:53:27,520

defense in the uk

1631

00:53:32,230 --> 00:53:30,800

um so that very famously um

1632

00:53:34,390 --> 00:53:32,240

that he was in a lot of papers he does a

1633

00:53:36,309 --> 00:53:34,400

lot of uh work with

1634

00:53:38,790 --> 00:53:36,319

movies and tv shows he's on things like

1635

00:53:40,470 --> 00:53:38,800

ancient aliens very intelligent guy

1636

00:53:42,390 --> 00:53:40,480

he doesn't give opinions and he will

1637

00:53:44,549 --> 00:53:42,400

never say something as an alien

1638

00:53:46,950 --> 00:53:44,559

spacecraft or an alien's very clever

1639

00:53:47,829 --> 00:53:46,960

and very governed uh government-minded

1640

00:53:50,069 --> 00:53:47,839

that way

1641

00:53:51,670 --> 00:53:50,079

we went to a talk he lives in los

1642

00:53:54,069 --> 00:53:51,680

angeles now but he came to beric

1643

00:53:56,069 --> 00:53:54,079

in the uk a couple of years ago as a

1644

00:53:57,670 --> 00:53:56,079

one-off he arranged a kind of lecture

1645

00:53:59,829 --> 00:53:57,680

talk and it was very informal but it was

1646

00:54:00,710 --> 00:53:59,839

really interesting and he mentions that

1647

00:54:05,190 --> 00:54:00,720

there is a

1648

00:54:07,750 --> 00:54:05,200

photograph in the uk ministry of defense

1649

00:54:09,109 --> 00:54:07,760

that was taken by someone who was just

1650

00:54:11,349 --> 00:54:09,119

photographing the landscape

1651
00:54:13,670 --> 00:54:11,359
middle of the day and a very kind of

1652
00:54:16,150 --> 00:54:13,680
hilly rural area in the uk

1653
00:54:17,829 --> 00:54:16,160
and basically as a whatever type of

1654
00:54:18,710 --> 00:54:17,839
fighter jet i won't even hit hazard i

1655
00:54:21,270 --> 00:54:18,720
guess at the number

1656
00:54:23,030 --> 00:54:21,280
f something no doubt and with this very

1657
00:54:24,790 --> 00:54:23,040
clear ufo in front of it

1658
00:54:26,549 --> 00:54:24,800
that's basically spacecraft flying

1659
00:54:29,349 --> 00:54:26,559
through the hills middle of the day

1660
00:54:31,030 --> 00:54:29,359
and he says this picture apparently you

1661
00:54:32,549 --> 00:54:31,040
couldn't get any clearer

1662
00:54:34,950 --> 00:54:32,559
and it was sent into the ministry of

1663
00:54:36,230 --> 00:54:34,960

defense anonymously by this photographer

1664

00:54:38,390 --> 00:54:36,240

who was somewhere that

1665

00:54:40,390 --> 00:54:38,400

just had to be an ass spot at a certain

1666

00:54:42,309 --> 00:54:40,400

time taking a picture

1667

00:54:44,069 --> 00:54:42,319

and he sent this in with a message of i

1668

00:54:46,150 --> 00:54:44,079

shouldn't have this thought you might be

1669

00:54:47,670 --> 00:54:46,160

better off keeping it in a safe place

1670

00:54:49,589 --> 00:54:47,680

um and he kind of mentioned that within

1671

00:54:50,069 --> 00:54:49,599

the talk and as you say it's that sort

1672

00:54:53,670 --> 00:54:50,079

of

1673

00:54:56,309 --> 00:54:53,680

surface you would look at it and go

1674

00:54:58,069 --> 00:54:56,319

yeah that's fake that's too good yeah

1675

00:54:59,430 --> 00:54:58,079

and it's unfortunate yeah i mean i'll be

1676

00:55:01,030 --> 00:54:59,440

i'd be guilty of the first thing you

1677

00:55:01,990 --> 00:55:01,040

know if something's too clear or too

1678

00:55:05,030 --> 00:55:02,000

perfect

1679

00:55:06,789 --> 00:55:05,040

you know i'm like uh i'm i'm like my

1680

00:55:09,829 --> 00:55:06,799

skeptics my skeptic

1681

00:55:11,829 --> 00:55:09,839

vibe just pops you know i'm just like ah

1682

00:55:13,270 --> 00:55:11,839

you know yeah i mean i've seen so much

1683

00:55:16,630 --> 00:55:13,280

stuff out there that's just

1684

00:55:20,309 --> 00:55:16,640

you know maybe not obviously fake but

1685

00:55:21,990 --> 00:55:20,319

definitely not not real and just uh

1686

00:55:23,589 --> 00:55:22,000

you know kind of it kind of irritates me

1687

00:55:24,710 --> 00:55:23,599

you know if if you want to do something

1688

00:55:27,109 --> 00:55:24,720

cool like that

1689

00:55:27,910 --> 00:55:27,119

that that that's fine but just label it

1690

00:55:30,150 --> 00:55:27,920

that you know

1691

00:55:31,349 --> 00:55:30,160

hey check out my fake ufo video you know

1692

00:55:33,109 --> 00:55:31,359

yeah this is what i think

1693

00:55:34,470 --> 00:55:33,119

it would look like you know or or if

1694

00:55:36,470 --> 00:55:34,480

you're gonna or if you're gonna do

1695

00:55:37,990 --> 00:55:36,480

just to see you know whether people

1696

00:55:39,910 --> 00:55:38,000

would believe it or not don't don't let

1697

00:55:41,430 --> 00:55:39,920

it go on too long you know say hey

1698

00:55:42,870 --> 00:55:41,440

you know hey check this video out and

1699

00:55:44,069 --> 00:55:42,880

then see you know for a couple days how

1700

00:55:45,270 --> 00:55:44,079

it goes and then get on there and say

1701

00:55:48,710 --> 00:55:45,280

okay yeah i made this

1702

00:55:49,270 --> 00:55:48,720

you know so yeah yeah you know stuff

1703

00:55:51,670 --> 00:55:49,280

like that

1704

00:55:53,190 --> 00:55:51,680

i don't really have a problem with but

1705

00:55:54,069 --> 00:55:53,200

the people that you know try to pass the

1706

00:55:57,270 --> 00:55:54,079

[h__h] off as

1707

00:55:59,270 --> 00:55:57,280

is real and then you know run

1708

00:56:00,789 --> 00:55:59,280

through conference after conference and

1709

00:56:02,309 --> 00:56:00,799

you know i mean

1710

00:56:03,910 --> 00:56:02,319

there's really no money to be made in

1711

00:56:06,630 --> 00:56:03,920

this field so i don't understand why

1712

00:56:08,630 --> 00:56:06,640

people even try to [h__h] this stuff

1713

00:56:09,990 --> 00:56:08,640

yeah and that's that waters down the

1714

00:56:11,190 --> 00:56:10,000

stuff that could be relevant or

1715

00:56:12,549 --> 00:56:11,200

interesting about a really good

1716

00:56:14,950 --> 00:56:12,559

discussion point so

1717

00:56:16,470 --> 00:56:14,960

garen had a second question um do you

1718

00:56:17,829 --> 00:56:16,480

think with us being kind of locked away

1719

00:56:19,990 --> 00:56:17,839

just now across the world

1720

00:56:22,789 --> 00:56:20,000

and nature can have taken its charge

1721

00:56:25,589 --> 00:56:22,799

that this may lead to any more activity

1722

00:56:26,549 --> 00:56:25,599

from can i ufos and whatnot i think

1723

00:56:28,390 --> 00:56:26,559

indirectly

1724

00:56:29,990 --> 00:56:28,400

uh i don't think the activity is getting

1725

00:56:33,510 --> 00:56:30,000

any more or less i think just

1726
00:56:37,430 --> 00:56:33,520
the amount of people on the planet

1727
00:56:38,870 --> 00:56:37,440
is well it's you know today is always

1728
00:56:40,710 --> 00:56:38,880
the most people that have ever been on

1729
00:56:42,309 --> 00:56:40,720
the planet

1730
00:56:43,990 --> 00:56:42,319
the only difference is now that might

1731
00:56:45,430 --> 00:56:44,000
not be true because we have you know so

1732
00:56:47,910 --> 00:56:45,440
many people dying right now

1733
00:56:48,470 --> 00:56:47,920
yeah and i don't i don't say that

1734
00:56:50,950 --> 00:56:48,480
lightly

1735
00:56:53,030 --> 00:56:50,960
but you know anytime you get you start

1736
00:56:55,990 --> 00:56:53,040
getting ridiculously dense populations

1737
00:56:57,670 --> 00:56:56,000
it's been throughout entire history that

1738
00:57:00,150 --> 00:56:57,680

bad things are going to happen you know

1739

00:57:02,630 --> 00:57:00,160

diseases and things like of that nature

1740

00:57:03,910 --> 00:57:02,640

um nature always tries to balance itself

1741

00:57:06,870 --> 00:57:03,920

out whether it's uh

1742

00:57:10,069 --> 00:57:06,880

through you know high strangeness and

1743

00:57:13,109 --> 00:57:10,079

just a a situation that uh you know

1744

00:57:17,270 --> 00:57:13,119

happens or if it's you know

1745

00:57:20,470 --> 00:57:17,280

man-made and just that's how it goes

1746

00:57:22,390 --> 00:57:20,480

yeah but but when it comes down to it uh

1747

00:57:23,510 --> 00:57:22,400

i think it's just more people are home

1748

00:57:26,710 --> 00:57:23,520

more people are

1749

00:57:29,430 --> 00:57:26,720

looking up more people have more time

1750

00:57:30,870 --> 00:57:29,440

when you have more time you think more

1751
00:57:31,510 --> 00:57:30,880
you know and when you're thinking about

1752
00:57:33,109 --> 00:57:31,520
it then

1753
00:57:34,309 --> 00:57:33,119
hey i might step outside tonight and go

1754
00:57:35,030 --> 00:57:34,319
ahead and look up for a little while and

1755
00:57:36,950 --> 00:57:35,040
then all of a sudden

1756
00:57:38,549 --> 00:57:36,960
hey lo and behold i saw something that

1757
00:57:41,589 --> 00:57:38,559
didn't look like a satellite

1758
00:57:43,270 --> 00:57:41,599
you know

1759
00:57:45,430 --> 00:57:43,280
i'm lucky enough to live in a very

1760
00:57:46,789 --> 00:57:45,440
cannot it's a nice area it's not a lot

1761
00:57:48,470 --> 00:57:46,799
of light pollution the skies when

1762
00:57:50,630 --> 00:57:48,480
they're clear are really really clear

1763
00:57:52,870 --> 00:57:50,640

and i've won the countless branches

1764

00:57:53,430 --> 00:57:52,880

fences walls walking the dog because i

1765

00:57:56,710 --> 00:57:53,440

will

1766

00:57:57,910 --> 00:57:56,720

look about constantly can i see more

1767

00:57:59,829 --> 00:57:57,920

things and you get used to

1768

00:58:01,430 --> 00:57:59,839

there's a space station flying over and

1769

00:58:01,910 --> 00:58:01,440

i've got my apps that track the times

1770

00:58:03,829 --> 00:58:01,920

and

1771

00:58:06,470 --> 00:58:03,839

now we've got elon musk's starlink

1772

00:58:08,309 --> 00:58:06,480

satellite train flying overhead

1773

00:58:09,510 --> 00:58:08,319

i think it's amazing when it goes across

1774

00:58:13,829 --> 00:58:09,520

the sky i mean

1775

00:58:18,230 --> 00:58:16,390

it blows your mind i i've luckily i i

1776
00:58:19,270 --> 00:58:18,240
unlucky i haven't actually been able to

1777
00:58:21,109 --> 00:58:19,280
see it

1778
00:58:23,430 --> 00:58:21,119
but i've seen that seen some videos of

1779
00:58:25,430 --> 00:58:23,440
it just ripping across the sky because

1780
00:58:28,309 --> 00:58:25,440
those satellites have to make such a low

1781
00:58:29,829 --> 00:58:28,319
orbit to provide the type of uh

1782
00:58:31,750 --> 00:58:29,839
the internet that he wants to provide

1783
00:58:35,030 --> 00:58:31,760
the world so

1784
00:58:37,030 --> 00:58:35,040
you can see them so clear and it's just

1785
00:58:38,150 --> 00:58:37,040
amazing when you see them just zip

1786
00:58:40,870 --> 00:58:38,160
across and it's all in

1787
00:58:42,470 --> 00:58:40,880
this crazy little line uh i did see them

1788
00:58:44,309 --> 00:58:42,480

recently and the first time i saw them i

1789

00:58:45,670 --> 00:58:44,319

knew about them being launched

1790

00:58:47,030 --> 00:58:45,680

didn't know they were passing over and

1791

00:58:49,190 --> 00:58:47,040

it was a couple of months ago and i

1792

00:58:51,270 --> 00:58:49,200

remember walking the dog coming back and

1793

00:58:53,270 --> 00:58:51,280

seeing this one light pop over the house

1794

00:58:55,109 --> 00:58:53,280

and then the second light pops over

1795

00:58:56,549 --> 00:58:55,119

and the third light pops over and i was

1796

00:58:57,750 --> 00:58:56,559

like i got my wife who is the most

1797

00:58:59,190 --> 00:58:57,760

skeptical skeptic

1798

00:59:00,870 --> 00:58:59,200

i said look at that look at that look at

1799

00:59:02,069 --> 00:59:00,880

that and even she was like that's that's

1800

00:59:02,789 --> 00:59:02,079

pretty amazing that's got to be

1801
00:59:04,470 --> 00:59:02,799
something and

1802
00:59:06,150 --> 00:59:04,480
before we knew it we had 16 likes

1803
00:59:07,829 --> 00:59:06,160
counted and then just

1804
00:59:10,150 --> 00:59:07,839
again even me who really wants to

1805
00:59:12,710 --> 00:59:10,160
believe i'm seeing what i want to see

1806
00:59:14,390 --> 00:59:12,720
i was wait a second that's not that

1807
00:59:16,150 --> 00:59:14,400
starlink satellite

1808
00:59:17,589 --> 00:59:16,160
sister and i checked and yep sure enough

1809
00:59:18,870 --> 00:59:17,599
it was scheduled to be flying over the

1810
00:59:20,390 --> 00:59:18,880
uk at that time so

1811
00:59:23,109 --> 00:59:20,400
think about this eventually he wants to

1812
00:59:24,549 --> 00:59:23,119
have 300 000 of those

1813
00:59:26,230 --> 00:59:24,559

yeah i've seen that i've seen a lot of

1814

00:59:28,950 --> 00:59:26,240

them uh

1815

00:59:29,910 --> 00:59:28,960

folk debating today online a lot of them

1816

00:59:31,910 --> 00:59:29,920

talk into their

1817

00:59:33,349 --> 00:59:31,920

astronomy that is going to ruin

1818

00:59:33,829 --> 00:59:33,359

basically stargazing that's going to

1819

00:59:36,230 --> 00:59:33,839

ruin

1820

00:59:37,990 --> 00:59:36,240

people who want to spot ufos because

1821

00:59:39,430 --> 00:59:38,000

this the sky is going to be filled with

1822

00:59:42,309 --> 00:59:39,440

basically small moving

1823

00:59:42,870 --> 00:59:42,319

dots of light everywhere but on the flip

1824

00:59:44,829 --> 00:59:42,880

side

1825

00:59:46,549 --> 00:59:44,839

he's talking about giving everybody free

1826

00:59:48,549 --> 00:59:46,559

internet that that's

1827

00:59:49,910 --> 00:59:48,559

yeah that's always a benefit so you have

1828

00:59:50,549 --> 00:59:49,920

to kind of weigh up the pros and cons

1829

00:59:51,910 --> 00:59:50,559

don't you

1830

00:59:53,190 --> 00:59:51,920

yeah maybe when we get the video cameras

1831

00:59:55,270 --> 00:59:53,200

get better and better we'll be able to

1832

00:59:57,270 --> 00:59:55,280

spot these things in the nighttime sky

1833

00:59:59,510 --> 00:59:57,280

um i had one more question sent in from

1834

01:00:00,069 --> 00:59:59,520

eddie and it was have you had any

1835

01:00:02,309 --> 01:00:00,079

moments

1836

01:00:03,990 --> 01:00:02,319

before or after the main instant with

1837

01:00:05,190 --> 01:00:04,000

the princeton and the nimitz

1838

01:00:07,030 --> 01:00:05,200

that you've thought to yourself you

1839

01:00:09,510 --> 01:00:07,040

might be seeing something can uh

1840

01:00:11,750 --> 01:00:09,520

alien otherworldly something you

1841

01:00:15,270 --> 01:00:11,760

shouldn't be seeing

1842

01:00:18,150 --> 01:00:15,280

no this was the moment this was it

1843

01:00:19,990 --> 01:00:18,160

that's it that's my 15. you know it's

1844

01:00:23,589 --> 01:00:20,000

not a bad 15 to be fair

1845

01:00:24,870 --> 01:00:23,599

um just before you go gary i've got a

1846

01:00:26,710 --> 01:00:24,880

quick fire quit um

1847

01:00:28,950 --> 01:00:26,720

a couple of years as many questions as

1848

01:00:30,950 --> 01:00:28,960

you want man awesome

1849

01:00:32,549 --> 01:00:30,960

first off just a few words or a few

1850

01:00:33,990 --> 01:00:32,559

sentences what comes to mind and if

1851

01:00:35,109 --> 01:00:34,000

nothing does we can move on in the next

1852

01:00:36,710 --> 01:00:35,119

one okay

1853

01:00:38,549 --> 01:00:36,720

um so the first one you kind of touched

1854

01:00:40,829 --> 01:00:38,559

on earlier but just to come back

1855

01:00:42,390 --> 01:00:40,839

it's really important that the d word

1856

01:00:45,670 --> 01:00:42,400

disclosure

1857

01:00:47,349 --> 01:00:45,680

talk to me about that well what comes to

1858

01:00:49,589 --> 01:00:47,359

mind is is that uh

1859

01:00:50,710 --> 01:00:49,599

like i said i i don't ever think that it

1860

01:00:53,430 --> 01:00:50,720

it can come out

1861

01:00:54,549 --> 01:00:53,440

um disclosure gets too close to national

1862

01:00:57,270 --> 01:00:54,559

security

1863

01:00:58,309 --> 01:00:57,280

um even even to the people that would

1864

01:00:59,589 --> 01:00:58,319

love to tell you

1865

01:01:00,789 --> 01:00:59,599

uh you know that's the reason why i

1866

01:01:01,430 --> 01:01:00,799

think that when these presidents are

1867

01:01:03,109 --> 01:01:01,440

running for

1868

01:01:04,710 --> 01:01:03,119

for office and they say you know i'm

1869

01:01:06,230 --> 01:01:04,720

going to get to the bottom of this alien

1870

01:01:07,829 --> 01:01:06,240

situation and then

1871

01:01:10,150 --> 01:01:07,839

they find out and then they're just like

1872

01:01:11,990 --> 01:01:10,160

well [h__h] you know i can't say that

1873

01:01:14,150 --> 01:01:12,000

i can't even talk about that you know

1874

01:01:16,870 --> 01:01:14,160

you know when they truly find out

1875

01:01:17,510 --> 01:01:16,880

you know what's going on i got a feeling

1876

01:01:19,270 --> 01:01:17,520

that

1877

01:01:20,870 --> 01:01:19,280

you know they just can't talk about it

1878

01:01:23,349 --> 01:01:20,880

and you know whether it's you know

1879

01:01:24,710 --> 01:01:23,359

stability of our economy or stability of

1880

01:01:26,470 --> 01:01:24,720

our security

1881

01:01:27,910 --> 01:01:26,480

you know there's no country is going to

1882

01:01:31,430 --> 01:01:27,920

admit that they can't

1883

01:01:34,710 --> 01:01:31,440

provide 100 security to their country

1884

01:01:37,589 --> 01:01:34,720

and that starts and stops with

1885

01:01:39,270 --> 01:01:37,599

classifying any information that is to

1886

01:01:40,789 --> 01:01:39,280

the contrary to that

1887

01:01:42,789 --> 01:01:40,799

yeah and i suppose we're seeing a bit of

1888

01:01:43,349 --> 01:01:42,799

a taste in that um with a virus at the

1889

01:01:44,789 --> 01:01:43,359

minute

1890

01:01:46,710 --> 01:01:44,799

as it's kind of going throughout the

1891

01:01:47,829 --> 01:01:46,720

world that people have been stockpiling

1892

01:01:49,910 --> 01:01:47,839

toilet paper

1893

01:01:51,589 --> 01:01:49,920

um they can combat this so the way

1894

01:01:52,230 --> 01:01:51,599

they've reacted to this probably shows

1895

01:01:53,589 --> 01:01:52,240

you that

1896

01:01:55,430 --> 01:01:53,599

something like that coming out which

1897

01:01:57,190 --> 01:01:55,440

let's be honest

1898

01:01:58,549 --> 01:01:57,200

is probably the biggest single biggest

1899

01:02:01,430 --> 01:01:58,559

story of all time

1900

01:02:02,309 --> 01:02:01,440

they're not going to react well to it so

1901

01:02:03,430 --> 01:02:02,319

they won't react

1902

01:02:05,190 --> 01:02:03,440

to it apparently everybody thought they

1903

01:02:06,549 --> 01:02:05,200

were going to [h__h] themselves to death

1904

01:02:07,910 --> 01:02:06,559

yeah

1905

01:02:09,589 --> 01:02:07,920

that was that was the least of people's

1906

01:02:10,470 --> 01:02:09,599

problems but yeah the toilet paper went

1907

01:02:12,789 --> 01:02:10,480

pretty quickly

1908

01:02:15,349 --> 01:02:12,799

um next one i want to ask you lou

1909

01:02:19,750 --> 01:02:15,359

elizondo

1910

01:02:24,549 --> 01:02:22,710

i think he's legit i think that he's

1911

01:02:26,390 --> 01:02:24,559

been where he says he has and he's done

1912

01:02:30,549 --> 01:02:26,400

what he says he has done

1913

01:02:34,789 --> 01:02:32,549

he's you know he talks exactly like

1914

01:02:37,109 --> 01:02:34,799

somebody that

1915

01:02:39,109 --> 01:02:37,119

would be in that situation where he

1916

01:02:41,029 --> 01:02:39,119

wants to be on the mainstream with it

1917

01:02:42,870 --> 01:02:41,039

but there's just stuff he can't talk

1918

01:02:44,710 --> 01:02:42,880

about so he has to prove it instead

1919

01:02:46,549 --> 01:02:44,720

he has to come back you know it's like

1920

01:02:47,990 --> 01:02:46,559

uh you know if i want to talk about

1921

01:02:50,950 --> 01:02:48,000

something about my system or something

1922

01:02:52,470 --> 01:02:50,960

like that i actually will google

1923

01:02:53,349 --> 01:02:52,480

whatever i want to talk about to see

1924

01:02:56,549 --> 01:02:53,359

whether or not

1925

01:02:57,349 --> 01:02:56,559

it's already out there and then if it's

1926

01:02:59,910 --> 01:02:57,359

already out there

1927

01:03:01,430 --> 01:02:59,920

i'll talk about it and and i have to

1928

01:03:04,150 --> 01:03:01,440

just double check to make sure it's

1929

01:03:05,510 --> 01:03:04,160

not classified but luckily for me all my

1930

01:03:08,230 --> 01:03:05,520

stuff was from 16

1931

01:03:09,589 --> 01:03:08,240

plus years ago so most of that stuff is

1932

01:03:11,029 --> 01:03:09,599

has already been sold off to other

1933

01:03:14,789 --> 01:03:11,039

countries

1934

01:03:16,150 --> 01:03:14,799

okay so so i'm good with talking about

1935

01:03:17,670 --> 01:03:16,160

some of the systems but there's some

1936

01:03:19,589 --> 01:03:17,680

some system specifications like

1937

01:03:21,670 --> 01:03:19,599

frequencies and events

1938

01:03:23,349 --> 01:03:21,680

and times things like that but not

1939

01:03:25,510 --> 01:03:23,359

related to

1940

01:03:26,549 --> 01:03:25,520

this incident that i i still can't talk

1941

01:03:29,430 --> 01:03:26,559

about

1942

01:03:30,230 --> 01:03:29,440

but and that's what people don't

1943

01:03:33,109 --> 01:03:30,240

understand

1944

01:03:33,829 --> 01:03:33,119

and the way he talks it's it's it's kind

1945

01:03:35,829 --> 01:03:33,839

of i kind of

1946

01:03:37,430 --> 01:03:35,839

kind of feel the feeling when it comes

1947

01:03:39,349 --> 01:03:37,440

to that stuff because

1948

01:03:40,470 --> 01:03:39,359

you know if he really was working hand

1949

01:03:42,309 --> 01:03:40,480

in hand with that stuff

1950

01:03:43,990 --> 01:03:42,319

you know it's like uh you know i had a

1951

01:03:45,750 --> 01:03:44,000

buddy that was a spook which is

1952

01:03:46,549 --> 01:03:45,760

basically an intelligence guy you know

1953

01:03:48,230 --> 01:03:46,559

he

1954

01:03:49,349 --> 01:03:48,240

you know great guy and everything like

1955

01:03:50,710 --> 01:03:49,359

that and when you asked him what he did

1956

01:03:52,710 --> 01:03:50,720

he said yeah i'm a spook

1957

01:03:54,549 --> 01:03:52,720

i go well what did you do he goes well i

1958

01:03:57,750 --> 01:03:54,559

do spook stuff

1959

01:03:59,109 --> 01:03:57,760

yeah he goes you know what i do i go i

1960

01:03:59,829 --> 01:03:59,119

know what you do i go can you tell me

1961

01:04:02,309 --> 01:03:59,839

what no

1962

01:04:04,150 --> 01:04:02,319

you know it's just you know so it's you

1963

01:04:06,150 --> 01:04:04,160

know it's kind of that type of situation

1964

01:04:08,069 --> 01:04:06,160

so if he can actually come up with the

1965

01:04:10,950 --> 01:04:08,079

actual evidence in the civilian world

1966

01:04:11,990 --> 01:04:10,960

for what he already knows he'll then you

1967

01:04:14,069 --> 01:04:12,000

know

1968

01:04:15,109 --> 01:04:14,079

then he can move on and actually talk

1969

01:04:16,789 --> 01:04:15,119

about it but

1970

01:04:18,230 --> 01:04:16,799

until he does that you know i don't

1971

01:04:19,349 --> 01:04:18,240

think he can really talk about it and

1972

01:04:20,870 --> 01:04:19,359

plus if he

1973

01:04:22,630 --> 01:04:20,880

you know you know people that are

1974

01:04:24,789 --> 01:04:22,640

stressing him about you know wanting

1975

01:04:25,990 --> 01:04:24,799

solid records about you know him his

1976

01:04:28,309 --> 01:04:26,000

involvement with atip

1977

01:04:29,990 --> 01:04:28,319

and things like that and you know here's

1978

01:04:31,750 --> 01:04:30,000

here's a program that literally didn't

1979

01:04:35,109 --> 01:04:31,760

exist until

1980

01:04:37,990 --> 01:04:35,119

a couple years ago i mean it

1981

01:04:39,349 --> 01:04:38,000

existed but it didn't exist yeah yeah so

1982

01:04:41,430 --> 01:04:39,359

yeah they're not gonna they're gonna

1983

01:04:42,150 --> 01:04:41,440

have their roster or record of their who

1984

01:04:43,750 --> 01:04:42,160

work there

1985

01:04:46,150 --> 01:04:43,760

you know they're not gonna yeah i mean

1986

01:04:47,510 --> 01:04:46,160

it's just it's just illogical for me to

1987

01:04:49,109 --> 01:04:47,520

think that the government would admit

1988

01:04:50,549 --> 01:04:49,119

that you know who worked on what

1989

01:04:51,750 --> 01:04:50,559

projects and stuff like that and start

1990

01:04:53,910 --> 01:04:51,760

being able to

1991

01:04:54,950 --> 01:04:53,920

throw uh tracers for people to actually

1992

01:04:56,710 --> 01:04:54,960

trace down these

1993

01:04:58,230 --> 01:04:56,720

track down these people that worked in

1994

01:05:01,270 --> 01:04:58,240

these projects and

1995

01:05:03,109 --> 01:05:01,280

you know you know for lou

1996

01:05:06,390 --> 01:05:03,119

i mean no matter what he does whether

1997

01:05:09,829 --> 01:05:07,910

you know he's he's stuck between a rock

1998

01:05:10,069 --> 01:05:09,839

and a hard place the only difference is

1999

01:05:13,829 --> 01:05:10,079

he's

2000

01:05:15,430 --> 01:05:13,839

outrageous claims

2001
01:05:17,029 --> 01:05:15,440
and maybe not like other people in that

2002
01:05:19,750 --> 01:05:17,039
organization but

2003
01:05:21,430 --> 01:05:19,760
you know he he just got kind of stuck in

2004
01:05:23,829 --> 01:05:21,440
that crossfire there and

2005
01:05:25,109 --> 01:05:23,839
you know him and chris mellon uh they're

2006
01:05:26,710 --> 01:05:25,119
upstanding guys i mean

2007
01:05:28,390 --> 01:05:26,720
very intelligent guys i mean you can see

2008
01:05:28,870 --> 01:05:28,400
it right in their eyes when they talk to

2009
01:05:39,349 --> 01:05:28,880
you

2010
01:05:40,069 --> 01:05:39,359
come off as is very intelligent people

2011
01:05:44,230 --> 01:05:40,079
very you know

2012
01:05:45,750 --> 01:05:44,240
know more about what's going on in your

2013
01:05:47,670 --> 01:05:45,760

room than you do

2014

01:05:49,109 --> 01:05:47,680

yeah you know so it's like all right

2015

01:05:51,829 --> 01:05:49,119

well i'm just going to tell you

2016

01:05:53,430 --> 01:05:51,839

exactly what i know to be true to myself

2017

01:05:54,789 --> 01:05:53,440

and that's it

2018

01:05:56,710 --> 01:05:54,799

yeah because you probably already know

2019

01:05:58,870 --> 01:05:56,720

more than i do you know you probably

2020

01:06:00,870 --> 01:05:58,880

investigated this situation

2021

01:06:02,870 --> 01:06:00,880

i i can totally get where you come from

2022

01:06:04,950 --> 01:06:02,880

look at the guy like louis elizondo like

2023

01:06:06,950 --> 01:06:04,960

it can talk for hours and i watched one

2024

01:06:07,910 --> 01:06:06,960

of his youtube videos well not one of

2025

01:06:09,829 --> 01:06:07,920

his but some

2026
01:06:11,349 --> 01:06:09,839
from some conference he done last year

2027
01:06:13,029 --> 01:06:11,359
and it's him standing at a power point

2028
01:06:14,789 --> 01:06:13,039
for about two and a half hours

2029
01:06:16,630 --> 01:06:14,799
and at the end of it it tells you

2030
01:06:18,069 --> 01:06:16,640
nothing but he says quite a lot

2031
01:06:19,750 --> 01:06:18,079
and it keeps you interested and

2032
01:06:21,750 --> 01:06:19,760
intrigued the whole time and i think

2033
01:06:23,109 --> 01:06:21,760
if louis lozondo had a slogan on a

2034
01:06:25,109 --> 01:06:23,119
t-shirt it would be

2035
01:06:26,950 --> 01:06:25,119
look at the data because all he tells

2036
01:06:27,510 --> 01:06:26,960
you is look at the data look at the data

2037
01:06:29,029 --> 01:06:27,520
and

2038
01:06:31,029 --> 01:06:29,039

he's trying to tell you as much as he

2039

01:06:33,109 --> 01:06:31,039

can i see what you know without

2040

01:06:35,029 --> 01:06:33,119

coming out and saying yes these things

2041

01:06:36,069 --> 01:06:35,039

are alien yes they come from here yes

2042

01:06:38,390 --> 01:06:36,079

they do this

2043

01:06:40,309 --> 01:06:38,400

it's like is it not it's almost from an

2044

01:06:42,230 --> 01:06:40,319

area a place of frustration that

2045

01:06:43,430 --> 01:06:42,240

are these things not fascinating enough

2046

01:06:45,670 --> 01:06:43,440

just with this

2047

01:06:47,670 --> 01:06:45,680

sample of data that you can't find that

2048

01:06:49,510 --> 01:06:47,680

intriguing enough to take on

2049

01:06:50,789 --> 01:06:49,520

just like when i hear people say that uh

2050

01:06:52,630 --> 01:06:50,799

you know enough with the

2051
01:06:54,150 --> 01:06:52,640
the limits encounter and stuff like that

2052
01:06:55,670 --> 01:06:54,160
and i go well you know

2053
01:06:57,270 --> 01:06:55,680
that's fine if you're bored with that

2054
01:06:59,029 --> 01:06:57,280
but i mean it's still

2055
01:07:01,270 --> 01:06:59,039
the first time in human history that the

2056
01:07:03,270 --> 01:07:01,280
united states government in any capacity

2057
01:07:04,710 --> 01:07:03,280
has admitted that there are unknown

2058
01:07:05,670 --> 01:07:04,720
objects that they track on a regular

2059
01:07:07,670 --> 01:07:05,680
basis

2060
01:07:08,870 --> 01:07:07,680
absolutely you know i mean that in

2061
01:07:11,510 --> 01:07:08,880
itself i mean

2062
01:07:12,829 --> 01:07:11,520
if you knew nothing about the situation

2063
01:07:15,430 --> 01:07:12,839

that in itself

2064

01:07:16,150 --> 01:07:15,440

is one of the most amazing pieces of

2065

01:07:19,190 --> 01:07:16,160

information

2066

01:07:20,630 --> 01:07:19,200

that you know you know 20 years ago

2067

01:07:22,470 --> 01:07:20,640

people doing these research if they had

2068

01:07:23,910 --> 01:07:22,480

gotten that they would be like oh my god

2069

01:07:26,069 --> 01:07:23,920

you know that would have been disclosure

2070

01:07:27,910 --> 01:07:26,079

for them yeah

2071

01:07:29,829 --> 01:07:27,920

if someone told you before this happened

2072

01:07:31,750 --> 01:07:29,839

that that was going to happen

2073

01:07:33,510 --> 01:07:31,760

it wouldn't blow your mind that that nah

2074

01:07:34,789 --> 01:07:33,520

that's that's too much but

2075

01:07:36,710 --> 01:07:34,799

the only people that aren't happy are

2076

01:07:39,190 --> 01:07:36,720

the ones that actually want to uh

2077

01:07:40,390 --> 01:07:39,200

you know see and visit and travel with

2078

01:07:41,829 --> 01:07:40,400

aliens

2079

01:07:44,470 --> 01:07:41,839

if you get any thoughts on ultra

2080

01:07:45,910 --> 01:07:44,480

terrestrials and that concept or theory

2081

01:07:46,789 --> 01:07:45,920

it's something that tom delong's talked

2082

01:07:48,230 --> 01:07:46,799

about

2083

01:07:50,230 --> 01:07:48,240

now is it the theory that they're coming

2084

01:07:52,309 --> 01:07:50,240

from different dimensions

2085

01:07:53,910 --> 01:07:52,319

yeah potentially this planet but

2086

01:07:54,630 --> 01:07:53,920

different dimensions or that there's

2087

01:07:57,430 --> 01:07:54,640

another

2088

01:07:58,150 --> 01:07:57,440

potential older race that are on this

2089

01:07:59,990 --> 01:07:58,160

planet

2090

01:08:01,670 --> 01:08:00,000

you know i think it's been described as

2091

01:08:02,549 --> 01:08:01,680

a little bit like wakanda and black

2092

01:08:04,230 --> 01:08:02,559

panther

2093

01:08:05,750 --> 01:08:04,240

that yeah it could be like that whole

2094

01:08:08,390 --> 01:08:05,760

hidden civilization

2095

01:08:09,990 --> 01:08:08,400

that's here something like that i think

2096

01:08:11,829 --> 01:08:10,000

that if their technology was advanced

2097

01:08:14,710 --> 01:08:11,839

enough that they definitely could hide

2098

01:08:17,030 --> 01:08:14,720

in plain sight relatively easy from us

2099

01:08:18,789 --> 01:08:17,040

um because they would probably have

2100

01:08:21,349 --> 01:08:18,799

techniques to you know

2101
01:08:22,709 --> 01:08:21,359
alter memory and things like that so i

2102
01:08:23,990 --> 01:08:22,719
mean they could literally just run a

2103
01:08:26,550 --> 01:08:24,000
whole operation here on the planet

2104
01:08:27,110 --> 01:08:26,560
nobody would ever know um so i mean by

2105
01:08:29,910 --> 01:08:27,120
that ex

2106
01:08:31,590 --> 01:08:29,920
by that that i i think that you know

2107
01:08:33,669 --> 01:08:31,600
there's a possibility of that

2108
01:08:35,669 --> 01:08:33,679
um i've thrown around that idea i've

2109
01:08:37,829 --> 01:08:35,679
even thrown around the idea that uh

2110
01:08:39,349 --> 01:08:37,839
you know there's been ancient you know

2111
01:08:41,349 --> 01:08:39,359
there's been a whole other

2112
01:08:44,550 --> 01:08:41,359
massively advanced civilizations on this

2113
01:08:47,590 --> 01:08:44,560

very planet before we ever evolved

2114

01:08:50,630 --> 01:08:47,600

you know um yeah there's

2115

01:08:54,550 --> 01:08:50,640

and then of course uh the

2116

01:08:57,590 --> 01:08:54,560

i'm a crazy novice in physics

2117

01:09:00,630 --> 01:08:57,600

but it it honestly

2118

01:09:01,349 --> 01:09:00,640

i love physics and one of the things

2119

01:09:03,269 --> 01:09:01,359

that

2120

01:09:07,030 --> 01:09:03,279

has caught my interest is a lot of the

2121

01:09:08,950 --> 01:09:07,040

advances in quantum physics lately and

2122

01:09:10,070 --> 01:09:08,960

you know uh for for the people that

2123

01:09:12,470 --> 01:09:10,080

aren't familiar with

2124

01:09:13,590 --> 01:09:12,480

you know quantum physics and regular

2125

01:09:18,309 --> 01:09:13,600

physics

2126

01:09:19,829 --> 01:09:18,319

it's just that and they've been around

2127

01:09:20,709 --> 01:09:19,839

forever quantum physics has been around

2128

01:09:23,030 --> 01:09:20,719

forever

2129

01:09:24,789 --> 01:09:23,040

uh you know during einstein's time they

2130

01:09:27,189 --> 01:09:24,799

knew about it they just didn't use it

2131

01:09:29,749 --> 01:09:27,199

because it wasn't as handy

2132

01:09:31,269 --> 01:09:29,759

um basically if you're using you know

2133

01:09:32,870 --> 01:09:31,279

regular standard stuff i'm trying to

2134

01:09:35,349 --> 01:09:32,880

figure out how this ball

2135

01:09:37,510 --> 01:09:35,359

drops and goes across my yard i'm going

2136

01:09:40,070 --> 01:09:37,520

to use a standard model physics

2137

01:09:41,030 --> 01:09:40,080

because it all works but if i'm going to

2138

01:09:43,430 --> 01:09:41,040

try to figure out

2139

01:09:44,630 --> 01:09:43,440

every air molecule that moved off of

2140

01:09:46,630 --> 01:09:44,640

that ball

2141

01:09:48,309 --> 01:09:46,640

and then interacted with every quark

2142

01:09:50,870 --> 01:09:48,319

that reacted every neon

2143

01:09:52,709 --> 01:09:50,880

and every particle every light particle

2144

01:09:54,390 --> 01:09:52,719

and it's stuff like that that

2145

01:09:56,550 --> 01:09:54,400

while that ball's moving through and

2146

01:09:57,910 --> 01:09:56,560

then trying to calculate you know

2147

01:10:01,430 --> 01:09:57,920

everything else like that i'm going to

2148

01:10:05,430 --> 01:10:04,229

so it gets more it's more of quantifying

2149

01:10:08,790 --> 01:10:05,440

the small

2150

01:10:09,470 --> 01:10:08,800

rather than the big awesome what about

2151

01:10:11,990 --> 01:10:09,480

the fam

2152

01:10:13,189 --> 01:10:12,000

extraterrestrial where does that sit

2153

01:10:15,510 --> 01:10:13,199

with you in this whole thing

2154

01:10:18,149 --> 01:10:15,520

so now the ultra-terrestrial uh seems

2155

01:10:21,350 --> 01:10:18,159

plausible for me because of my

2156

01:10:22,310 --> 01:10:21,360

thoughts on on how the universe started

2157

01:10:24,310 --> 01:10:22,320

and that

2158

01:10:26,070 --> 01:10:24,320

uh when when trying to look back on

2159

01:10:27,270 --> 01:10:26,080

trying to figure out doing uh thought

2160

01:10:29,830 --> 01:10:27,280

experiments on like

2161

01:10:30,709 --> 01:10:29,840

how the universe came into being with

2162

01:10:33,590 --> 01:10:30,719

the big bang

2163

01:10:35,430 --> 01:10:33,600

you know um and i had heard uh heard a

2164

01:10:36,709 --> 01:10:35,440

statement from a physicist saying that

2165

01:10:39,189 --> 01:10:36,719

you know it's it's it's

2166

01:10:41,030 --> 01:10:39,199

it's it could be possible that the big

2167

01:10:42,630 --> 01:10:41,040

bang was basically the back side of a

2168

01:10:44,149 --> 01:10:42,640

black hole

2169

01:10:45,830 --> 01:10:44,159

you know basically they're saying that

2170

01:10:49,189 --> 01:10:45,840

in another dimension

2171

01:10:50,870 --> 01:10:49,199

that enough material got

2172

01:10:52,229 --> 01:10:50,880

got pulled into a black hole in that

2173

01:10:53,830 --> 01:10:52,239

dimension

2174

01:10:55,910 --> 01:10:53,840

that it actually burst into our

2175

01:10:59,669 --> 01:10:55,920

dimension causing a big bang

2176
01:11:01,189 --> 01:10:59,679
of material and then at the very moment

2177
01:11:02,790 --> 01:11:01,199
that that material started to move

2178
01:11:04,470 --> 01:11:02,800
through this dimension

2179
01:11:05,910 --> 01:11:04,480
that it actually created the dimension

2180
01:11:10,310 --> 01:11:05,920
itself

2181
01:11:13,590 --> 01:11:12,070
direction that the that this material

2182
01:11:14,950 --> 01:11:13,600
could have moved in

2183
01:11:17,110 --> 01:11:14,960
that's a different dimension that would

2184
01:11:20,229 --> 01:11:17,120
have been created

2185
01:11:21,750 --> 01:11:20,239
and then not on top of that or not on

2186
01:11:23,189 --> 01:11:21,760
top of that you're going to actually

2187
01:11:24,709 --> 01:11:23,199
have

2188
01:11:27,030 --> 01:11:24,719

are not dimensions but you're going to

2189

01:11:29,430 --> 01:11:27,040

have uh parallel existences

2190

01:11:31,990 --> 01:11:29,440

to this one so not only different

2191

01:11:34,070 --> 01:11:32,000

dimensions but parallel existences too

2192

01:11:36,310 --> 01:11:34,080

you know basically the ups and the downs

2193

01:11:38,070 --> 01:11:36,320

you know you get your your first second

2194

01:11:39,189 --> 01:11:38,080

area your first second third all the way

2195

01:11:40,390 --> 01:11:39,199

up to seventh dimension i think they've

2196

01:11:43,830 --> 01:11:40,400

they've

2197

01:11:46,470 --> 01:11:43,840

mathematically proven exists or you know

2198

01:11:47,910 --> 01:11:46,480

and i'll take it on that one yet well i

2199

01:11:49,750 --> 01:11:47,920

i you know i've only read a couple of

2200

01:11:52,870 --> 01:11:49,760

things on that right now

2201

01:11:55,910 --> 01:11:52,880

and then of course uh you know

2202

01:11:57,189 --> 01:11:55,920

there's there's a theory that there's

2203

01:12:03,669 --> 01:11:57,199

multiple

2204

01:12:05,669 --> 01:12:03,679

and i think that those realities come

2205

01:12:06,390 --> 01:12:05,679

into play whenever there's a choice

2206

01:12:09,430 --> 01:12:06,400

whether you

2207

01:12:11,030 --> 01:12:09,440

didn't blink that moment now you have

2208

01:12:13,830 --> 01:12:11,040

two different realities

2209

01:12:14,310 --> 01:12:13,840

so forever so for every for every micro

2210

01:12:16,870 --> 01:12:14,320

thought

2211

01:12:18,149 --> 01:12:16,880

every every every micro inflection on

2212

01:12:19,430 --> 01:12:18,159

your face there was always something

2213

01:12:19,750 --> 01:12:19,440

different you could have done and there

2214

01:12:21,430 --> 01:12:19,760

was an

2215

01:12:24,149 --> 01:12:21,440

infinite amount of universes that were

2216

01:12:26,790 --> 01:12:24,159

created at that one moment

2217

01:12:28,470 --> 01:12:26,800

so it's uh yeah i've thought a little

2218

01:12:31,110 --> 01:12:28,480

too far into all this so

2219

01:12:31,510 --> 01:12:31,120

we won't go too far but from what i

2220

01:12:33,750 --> 01:12:31,520

think

2221

01:12:34,709 --> 01:12:33,760

uh could technically be possible with

2222

01:12:36,550 --> 01:12:34,719

physics

2223

01:12:38,709 --> 01:12:36,560

that there is a very very real

2224

01:12:39,669 --> 01:12:38,719

possibility that these could come from

2225

01:12:44,709 --> 01:12:39,679

another dimension

2226

01:12:46,149 --> 01:12:44,719

or even a parallel universe

2227

01:12:48,950 --> 01:12:46,159

so you would see less likely to be

2228

01:12:52,390 --> 01:12:48,960

another planet more likely dimensional

2229

01:12:53,910 --> 01:12:52,400

um due to due to the amount of

2230

01:12:56,310 --> 01:12:53,920

time that it would take to move around

2231

01:12:58,470 --> 01:12:56,320

because all right say somebody somebody

2232

01:13:00,680 --> 01:12:58,480

say somebody did visit our planet and

2233

01:13:02,630 --> 01:13:00,690

they were just uh

2234

01:13:05,030 --> 01:13:02,640

[Music]

2235

01:13:07,350 --> 01:13:05,040

there's there's a scientist kevin knew

2236

01:13:10,550 --> 01:13:07,360

that's in part of my uh the uapx

2237

01:13:12,070 --> 01:13:10,560

uh organization and he actually

2238

01:13:13,590 --> 01:13:12,080

summed it up really well in one of his

2239

01:13:17,510 --> 01:13:13,600

lectures uh

2240

01:13:19,590 --> 01:13:17,520

say i visit your planet and i leave

2241

01:13:21,990 --> 01:13:19,600

once i leave time is relative to your

2242

01:13:23,590 --> 01:13:22,000

planet it could be 10 000 years before i

2243

01:13:25,350 --> 01:13:23,600

even get back to your planet but for me

2244

01:13:28,709 --> 01:13:25,360

it could have only been

2245

01:13:30,550 --> 01:13:28,719

you know a dozen years you know i come

2246

01:13:31,669 --> 01:13:30,560

back and you know evolution has taken a

2247

01:13:34,870 --> 01:13:31,679

turn further

2248

01:13:36,630 --> 01:13:34,880

for the worst or you know if i come here

2249

01:13:39,189 --> 01:13:36,640

i could have just set up

2250

01:13:41,350 --> 01:13:39,199

set up camp with remote operations and

2251

01:13:43,189 --> 01:13:41,360

then moved on to the next planet

2252

01:13:44,630 --> 01:13:43,199

never to come back here but now you see

2253

01:13:47,510 --> 01:13:44,640

the remnants of me because

2254

01:13:48,070 --> 01:13:47,520

i left a bunch of you know remote

2255

01:13:51,350 --> 01:13:48,080

operated

2256

01:13:52,709 --> 01:13:51,360

vehicles to track and maintain uh what's

2257

01:13:54,709 --> 01:13:52,719

going on here

2258

01:13:55,830 --> 01:13:54,719

i left a bunch of tick tacks off the

2259

01:13:57,669 --> 01:13:55,840

california coast

2260

01:13:59,590 --> 01:13:57,679

buzzing about yeah and those have

2261

01:14:01,669 --> 01:13:59,600

carrier groups now those are the more

2262

01:14:02,870 --> 01:14:01,679

fantastic ideas that i've come up with

2263

01:14:03,990 --> 01:14:02,880

and of course those are the ones that

2264

01:14:06,870 --> 01:14:04,000

people want to hear

2265

01:14:08,550 --> 01:14:06,880

um the the real reality of the situation

2266

01:14:11,430 --> 01:14:08,560

is is

2267

01:14:14,149 --> 01:14:11,440

it very well could be just our own

2268

01:14:16,390 --> 01:14:14,159

technology that's been carteled

2269

01:14:17,750 --> 01:14:16,400

our own you know our own people because

2270

01:14:18,790 --> 01:14:17,760

when it comes down to what we've seen

2271

01:14:25,030 --> 01:14:18,800

happen with

2272

01:14:26,630 --> 01:14:25,040

every natural resource on this planet

2273

01:14:27,750 --> 01:14:26,640

it's you know for me for the people to

2274

01:14:29,189 --> 01:14:27,760

say that it doesn't happen with

2275

01:14:31,430 --> 01:14:29,199

technology

2276

01:14:33,030 --> 01:14:31,440

well i'm i'm sad to say that there's a

2277

01:14:34,390 --> 01:14:33,040

lot of tech i've seen that it still

2278

01:14:35,750 --> 01:14:34,400

hasn't even hit the market nothing

2279

01:14:37,110 --> 01:14:35,760

fantastic just

2280

01:14:39,430 --> 01:14:37,120

you know it's like i remember when all

2281

01:14:41,590 --> 01:14:39,440

leds finally hit the market i saw that

2282

01:14:42,630 --> 01:14:41,600

[h__\h] like 30 years prior listen so

2283

01:14:43,430 --> 01:14:42,640

that's that's a great one i've got

2284

01:14:44,950 --> 01:14:43,440

another couple of

2285

01:14:47,030 --> 01:14:44,960

awards to throw at you then i kind of

2286

01:14:50,149 --> 01:14:47,040

finish up um

2287

01:14:53,669 --> 01:14:50,159

any thoughts on bob lazar and his story

2288

01:14:57,990 --> 01:14:53,679

i think that there's truth there

2289

01:15:00,390 --> 01:14:58,000

that got corrupted by a media

2290

01:15:01,189 --> 01:15:00,400

okay and not corrupted in a way that

2291

01:15:04,070 --> 01:15:01,199

that like

2292

01:15:04,709 --> 01:15:04,080

they twisted it but i have a feeling

2293

01:15:07,110 --> 01:15:04,719

that

2294

01:15:09,189 --> 01:15:07,120

the guy had a fantastic story to begin

2295

01:15:13,110 --> 01:15:09,199

with that got

2296

01:15:14,229 --> 01:15:13,120

just blown up to a proportion that it

2297

01:15:15,910 --> 01:15:14,239

didn't need to be and

2298

01:15:17,510 --> 01:15:15,920

i think the guy kind of felt like he had

2299

01:15:18,149 --> 01:15:17,520

to keep up with it and something new all

2300

01:15:19,910 --> 01:15:18,159

the time

2301

01:15:21,669 --> 01:15:19,920

you know i i see i see a guy that

2302

01:15:25,910 --> 01:15:21,679

something fantastic happened to

2303

01:15:28,550 --> 01:15:25,920

that it just got turned and twisted and

2304

01:15:29,590 --> 01:15:28,560

changed into an animal that he couldn't

2305

01:15:31,030 --> 01:15:29,600

control anymore

2306

01:15:32,630 --> 01:15:31,040

and i think that's really why he kind of

2307

01:15:34,070 --> 01:15:32,640

went off the grid for so long

2308

01:15:35,510 --> 01:15:34,080

because he just couldn't control the

2309

01:15:36,149 --> 01:15:35,520

narrative anymore he couldn't control

2310

01:15:38,470 --> 01:15:36,159

the story

2311

01:15:40,550 --> 01:15:38,480

it was just had a mind of its own after

2312

01:15:43,189 --> 01:15:40,560

a certain point

2313

01:15:44,950 --> 01:15:43,199

totally fair um and i want to ask you to

2314

01:15:47,590 --> 01:15:44,960

kind of summarize a little bit

2315

01:15:52,630 --> 01:15:47,600

where do you see things as related to

2316

01:15:54,390 --> 01:15:52,640

this topic in the next five years i see

2317

01:15:56,790 --> 01:15:54,400

all of us still craving for more

2318

01:15:59,189 --> 01:15:56,800

knowledge

2319

01:16:02,070 --> 01:15:59,199

unfortunately but all of us waiting for

2320

01:16:04,790 --> 01:16:02,080

the next tic-tac incident

2321

01:16:06,390 --> 01:16:04,800

do you see anything else coming out like

2322

01:16:07,030 --> 01:16:06,400

not that as you say that the princeton

2323

01:16:09,350 --> 01:16:07,040

limits

2324

01:16:10,950 --> 01:16:09,360

not that it's amazing but do you think

2325

01:16:12,470 --> 01:16:10,960

we'll get more release to have happened

2326

01:16:13,590 --> 01:16:12,480

more recently because a lot came out

2327

01:16:15,990 --> 01:16:13,600

that potentially

2328

01:16:17,750 --> 01:16:16,000

we know there's been more incidents but

2329

01:16:19,510 --> 01:16:17,760

do you think it will come out

2330

01:16:21,910 --> 01:16:19,520

well i think that it definitely will

2331

01:16:24,070 --> 01:16:21,920

become more commonplace

2332

01:16:25,669 --> 01:16:24,080

i think that with the nimitz incident

2333

01:16:27,750 --> 01:16:25,679

that it's now going to be

2334

01:16:29,030 --> 01:16:27,760

a little bit more mainstream so there's

2335

01:16:31,189 --> 01:16:29,040

been some really good

2336

01:16:33,510 --> 01:16:31,199

push forward for this to be a mainstream

2337

01:16:36,229 --> 01:16:33,520

topic and what i'm really hoping

2338

01:16:37,669 --> 01:16:36,239

for the future is real science real

2339

01:16:39,830 --> 01:16:37,679

scientists you know people that would

2340

01:16:41,510 --> 01:16:39,840

have just scoffed at this years ago

2341

01:16:43,110 --> 01:16:41,520

hopping on that bandwagon kind of like

2342

01:16:44,310 --> 01:16:43,120

when einstein was trying to say the time

2343

01:16:47,430 --> 01:16:44,320

was relative and that

2344

01:16:48,870 --> 01:16:47,440

uh you know you're nuts guy you know and

2345

01:16:50,470 --> 01:16:48,880

then all of a sudden he was proven right

2346

01:16:51,910 --> 01:16:50,480

and everybody jumps on that bandwagon

2347

01:16:55,189 --> 01:16:51,920

and starts riding uh you know

2348

01:16:58,870 --> 01:16:55,199

doing the uh doing the trip to oregon

2349

01:17:01,830 --> 01:16:58,880

yeah you know so i'm really hoping that

2350

01:17:03,350 --> 01:17:01,840

it becomes even more mainstream um i'm

2351

01:17:05,270 --> 01:17:03,360

you know i'm hoping that

2352

01:17:06,790 --> 01:17:05,280

uh you know colleges that instead of

2353

01:17:07,270 --> 01:17:06,800

will have instead of having this under

2354

01:17:11,030 --> 01:17:07,280

their

2355

01:17:13,030 --> 01:17:11,040

colleges that have

2356

01:17:14,229 --> 01:17:13,040

degrees in paranormal psychology or

2357

01:17:21,270 --> 01:17:14,239

paranormal

2358

01:17:22,390 --> 01:17:21,280

um i hope that it becomes a a topic that

2359

01:17:25,830 --> 01:17:22,400

is well researched

2360

01:17:28,070 --> 01:17:25,840

and actually uh brings in some

2361

01:17:29,110 --> 01:17:28,080

you know more brilliant minds like uh

2362

01:17:32,310 --> 01:17:29,120

you know like deep

2363

01:17:35,590 --> 01:17:32,320

like deep facade and uh kevin knew and

2364

01:17:36,470 --> 01:17:35,600

uh you know uh people of that nature

2365

01:17:38,229 --> 01:17:36,480

where they're just

2366

01:17:40,390 --> 01:17:38,239

absolutely brilliant people that have

2367

01:17:41,189 --> 01:17:40,400

had this education that we can all wish

2368

01:17:42,630 --> 01:17:41,199

that we had

2369

01:17:45,270 --> 01:17:42,640

i don't know what your education is but

2370

01:17:46,229 --> 01:17:45,280

my news is not as good as i'd love it to

2371

01:17:48,390 --> 01:17:46,239

be and then

2372

01:17:50,149 --> 01:17:48,400

uh i've actually vowed to get my

2373

01:17:50,709 --> 01:17:50,159

doctorate before my daughter graduates

2374

01:17:53,910 --> 01:17:50,719

high school

2375

01:17:55,750 --> 01:17:53,920

so so

2376

01:17:58,229 --> 01:17:55,760

gary and that's all i've got time for

2377

01:17:59,750 --> 01:17:58,239

but thank you very much um what we'll do

2378

01:18:01,430 --> 01:17:59,760

is we'll make sure that the listeners

2379

01:18:02,390 --> 01:18:01,440

i've got all the links on there for you

2380

01:18:03,910 --> 01:18:02,400

apx

2381

01:18:05,510 --> 01:18:03,920

and for your twitter handle you're

2382

01:18:07,430 --> 01:18:05,520

always really vocal on twitter and you

2383

01:18:08,950 --> 01:18:07,440

chat to people which is great and

2384

01:18:11,430 --> 01:18:08,960

like you say you want to get a lot out

2385

01:18:12,709 --> 01:18:11,440

there it's the whole idea behind you apx

2386

01:18:13,750 --> 01:18:12,719

is getting a lot of minds together as

2387

01:18:15,030 --> 01:18:13,760

well and that's keeping that

2388

01:18:17,030 --> 01:18:15,040

conversation going

2389

01:18:18,229 --> 01:18:17,040

from a scientific standpoint a research

2390

01:18:20,310 --> 01:18:18,239

standpoint and that's something that's

2391

01:18:21,510 --> 01:18:20,320

only going to continue going forward so

2392

01:18:23,430 --> 01:18:21,520

thank you very much for your time i

2393

01:18:24,470 --> 01:18:23,440

really appreciate it well thanks for

2394

01:18:25,110 --> 01:18:24,480

having me and thanks for being

2395

01:18:26,470 --> 01:18:25,120

interested

2396

01:18:28,390 --> 01:18:26,480

uh you know the more people that are

2397

01:18:30,390 --> 01:18:28,400

interested the

2398

01:18:31,430 --> 01:18:30,400

the better um i'm always up for an

2399

01:18:33,030 --> 01:18:31,440

interview um

2400

01:18:35,430 --> 01:18:33,040

sometimes it's a little hard to get them

2401

01:18:37,590 --> 01:18:35,440

uh you know yeah you know stapled down

2402

01:18:39,189 --> 01:18:37,600

with time and date stuff like that but

2403

01:18:41,510 --> 01:18:39,199

anybody that's interested in any

2404

01:18:43,590 --> 01:18:41,520

interviews i have no problem talking to

2405

01:18:47,350 --> 01:18:43,600

anybody i talk to skeptics and

2406

01:18:48,229 --> 01:18:47,360

true believers um i try really hard not

2407

01:18:51,430 --> 01:18:48,239

to be

2408

01:18:52,709 --> 01:18:51,440

judgmental but i am human so forgive me

2409

01:18:53,990 --> 01:18:52,719

if i am

2410

01:18:55,750 --> 01:18:54,000

not all it makes it all the one

2411

01:18:59,030 --> 01:18:55,760

interesting trust me yeah

2412

01:18:59,830 --> 01:18:59,040

and uh but uh uh you know thank you for

2413

01:19:03,270 --> 01:18:59,840

your time

2414

01:19:05,830 --> 01:19:03,280

uh uh feel free to engage with me online

2415

01:19:06,310 --> 01:19:05,840

um any any follow-up questions you have

2416

01:19:07,990 --> 01:19:06,320

uh

2417

01:19:10,149 --> 01:19:08,000

if your listeners want me to come back

2418

01:19:11,750 --> 01:19:10,159

on and i've been kind of toying or

2419

01:19:13,990 --> 01:19:11,760

toying around now that i got the setup

2420

01:19:17,430 --> 01:19:14,000

set up i might i might do some

2421

01:19:20,630 --> 01:19:17,440

uh some some facebook live chatting

2422

01:19:21,910 --> 01:19:20,640

you know or uh you know and uh see if

2423

01:19:24,709 --> 01:19:21,920

i see if anybody's interested in

2424

01:19:26,709 --> 01:19:24,719

anything like that um

2425

01:19:28,790 --> 01:19:26,719

but uh i just try to i just try to make

2426

01:19:30,470 --> 01:19:28,800

people feel like they

2427

01:19:31,990 --> 01:19:30,480

as long as they as long as they engage

2428

01:19:33,350 --> 01:19:32,000

me in a way that

2429

01:19:34,950 --> 01:19:33,360

you know if they've got questions i'll

2430

01:19:36,390 --> 01:19:34,960

answer what i know and if i don't know

2431

01:19:37,830 --> 01:19:36,400

it well

2432

01:19:40,550 --> 01:19:37,840

how they can piss in the wind i don't

2433

01:19:44,950 --> 01:19:43,270

but but they can anybody can ask me any

2434

01:19:47,189 --> 01:19:44,960

question they want

2435

01:19:48,070 --> 01:19:47,199

so yeah and i've certainly found that as

2436

01:19:49,669 --> 01:19:48,080

well so

2437

01:19:51,270 --> 01:19:49,679

2438

01:19:52,310 --> 01:19:51,280
